

THE MEADOW PROJECT

A blue-tinted photograph of a forest. In the foreground, two people are standing, their forms silhouetted against the background. The background is filled with numerous thin tree trunks, creating a dense forest scene. The overall atmosphere is serene and somewhat mysterious due to the monochromatic color scheme.

1
00:00:00,270 --> 00:00:08,019
[Applause]

2
00:00:08,029 --> 00:00:15,509
[Music]

3
00:00:20,470 --> 00:00:17,349
i have been

4
00:00:24,390 --> 00:00:20,480
listening to and researching

5
00:00:26,950 --> 00:00:24,400
a lot about this topic called the meadow

6
00:00:30,630 --> 00:00:26,960
project the meadow project

7
00:00:33,350 --> 00:00:30,640
is a title of a book an audio book that

8
00:00:35,830 --> 00:00:33,360
talks about this place

9
00:00:38,069 --> 00:00:35,840
somewhere in the south that is supposed

10
00:00:40,470 --> 00:00:38,079
to be the skinwalker ranch

11
00:00:42,310 --> 00:00:40,480
of the south now initially i heard about

12
00:00:44,709 --> 00:00:42,320
it through our

13
00:00:46,790 --> 00:00:44,719

discord which way uh by the way people

14

00:00:48,709 --> 00:00:46,800

can join by hopping on the patreon or

15

00:00:50,470 --> 00:00:48,719

donating through paypal

16

00:00:52,389 --> 00:00:50,480

um and someone posted it up there a few

17

00:00:55,350 --> 00:00:52,399

months ago hey mike have you checked out

18

00:00:57,029 --> 00:00:55,360

this thing the meadow project

19

00:00:59,270 --> 00:00:57,039

and i didn't have time to look at it but

20

00:01:01,750 --> 00:00:59,280

then it started to come back into my my

21

00:01:04,070 --> 00:01:01,760

purview and i started to to research it

22

00:01:06,469 --> 00:01:04,080

a little bit i downloaded the audiobook

23

00:01:08,950 --> 00:01:06,479

started combing through everything

24

00:01:10,070 --> 00:01:08,960

now in this

25

00:01:11,590 --> 00:01:10,080

book

26

00:01:12,390 --> 00:01:11,600

the author

27

00:01:16,310 --> 00:01:12,400

is

28

00:01:20,070 --> 00:01:16,320

very guarded with the exact location of

29

00:01:21,830 --> 00:01:20,080

where this place is now he says it's a

30

00:01:25,270 --> 00:01:21,840

a hot spot of paranormal activity

31

00:01:27,990 --> 00:01:25,280

ranging from ufos bigfoot sightings just

32

00:01:31,590 --> 00:01:28,000

a whole host of things the same kind of

33

00:01:33,590 --> 00:01:31,600

uh uh anomalies that you hear about on

34

00:01:36,950 --> 00:01:33,600

skinwalker ranch

35

00:01:40,390 --> 00:01:36,960

but during the book he did reference

36

00:01:41,910 --> 00:01:40,400

a lot of historical ufo events and i was

37

00:01:44,069 --> 00:01:41,920

able to cross-reference some of the

38

00:01:47,270 --> 00:01:44,079

stuff that i have on kindle some of my

39

00:01:49,910 --> 00:01:47,280

personal books and i pretty much have it

40

00:01:51,910 --> 00:01:49,920

this place narrowed down even though he

41

00:01:53,510 --> 00:01:51,920

he claims that um

42

00:01:56,310 --> 00:01:53,520

if you want to visit the ranch or not

43

00:01:58,950 --> 00:01:56,320

this ranch but this plot i will say of

44

00:02:02,950 --> 00:01:58,960

this plot of five to ten acres

45

00:02:05,590 --> 00:02:02,960

which i believe is on state property you

46

00:02:06,950 --> 00:02:05,600

have to sign an nda and you know you can

47

00:02:09,910 --> 00:02:06,960

go out there you can do your own

48

00:02:12,949 --> 00:02:09,920

investigations uh you can't disclose the

49

00:02:15,430 --> 00:02:12,959

location of this to anybody because he

50

00:02:17,830 --> 00:02:15,440

doesn't want a bunch of local yokels

51

00:02:19,830 --> 00:02:17,840

coming out there

52

00:02:22,150 --> 00:02:19,840

bunch of yahoos mucking up the works and

53

00:02:23,990 --> 00:02:22,160

i completely understand his thought

54

00:02:25,670 --> 00:02:24,000

process behind that because

55

00:02:28,470 --> 00:02:25,680

if the location

56

00:02:30,949 --> 00:02:28,480

was to to get out there you'd get uh

57

00:02:33,670 --> 00:02:30,959

crazy people out there with their with

58

00:02:35,990 --> 00:02:33,680

their ghost machines and out there in

59

00:02:37,190 --> 00:02:36,000

their wizard robes trying to channel

60

00:02:38,790 --> 00:02:37,200

these spirits

61

00:02:40,550 --> 00:02:38,800

skinwalker ranch

62

00:02:43,430 --> 00:02:40,560

is guarded they have armed guards it's

63

00:02:45,750 --> 00:02:43,440

fenced off fairly hard to get in there

64

00:02:48,710 --> 00:02:45,760

this place i believe it is on state

65

00:02:51,430 --> 00:02:48,720

property he didn't say as much but i i

66

00:02:53,750 --> 00:02:51,440

managed to pinpoint this location but

67

00:02:55,430 --> 00:02:53,760

not pinpoint i managed to narrow it down

68

00:02:56,949 --> 00:02:55,440

to pretty much

69

00:03:00,229 --> 00:02:56,959

the

70

00:03:01,589 --> 00:03:00,239

north eastern corner of alabama

71

00:03:04,309 --> 00:03:01,599

and i have

72

00:03:05,910 --> 00:03:04,319

a better idea of exactly where this

73

00:03:08,070 --> 00:03:05,920

location is but i'm not going to say

74

00:03:11,190 --> 00:03:08,080

it's just a guess my

75

00:03:13,990 --> 00:03:11,200

my general guess i'm like 75

76

00:03:15,990 --> 00:03:14,000

sure it is northeastern corner of

77

00:03:18,470 --> 00:03:16,000

alabama

78

00:03:20,149 --> 00:03:18,480

where i pinpointed to i'm about 50 50

79

00:03:22,309 --> 00:03:20,159

out at this point

80

00:03:23,430 --> 00:03:22,319

but it's a fascinating tale

81

00:03:25,910 --> 00:03:23,440

uh uh

82

00:03:28,390 --> 00:03:25,920

that this team this team of researchers

83

00:03:29,589 --> 00:03:28,400

just kind of stumbled across

84

00:03:33,270 --> 00:03:29,599

this

85

00:03:35,270 --> 00:03:33,280

hot spot of paranormal activity um and

86

00:03:36,390 --> 00:03:35,280

they decided to bring in

87

00:03:38,630 --> 00:03:36,400

some

88

00:03:41,750 --> 00:03:38,640

additional help to fully investigate

89

00:03:43,990 --> 00:03:41,760

this now uh the author has

90

00:03:46,630 --> 00:03:44,000

a background in i believe uh army

91

00:03:49,270 --> 00:03:46,640

intelligence he's worked for the defense

92

00:03:51,270 --> 00:03:49,280

department one of his buddies also has a

93

00:03:53,110 --> 00:03:51,280

military background and then the other

94

00:03:55,670 --> 00:03:53,120

people that they recruited

95

00:03:58,149 --> 00:03:55,680

to come on this property with them to

96

00:04:00,390 --> 00:03:58,159

document their experiences come from a

97

00:04:01,509 --> 00:04:00,400

wide range of backgrounds a person was

98

00:04:03,830 --> 00:04:01,519

uh

99

00:04:05,670 --> 00:04:03,840

really into investigating bigfoot

100

00:04:07,030 --> 00:04:05,680

uh didn't investigate ufos he just

101
00:04:08,869 --> 00:04:07,040
investigated bigfoot then they had a

102
00:04:10,149 --> 00:04:08,879
person that was really into

103
00:04:11,990 --> 00:04:10,159
investigating

104
00:04:13,830 --> 00:04:12,000
ghosts and the the paranormal and

105
00:04:16,150 --> 00:04:13,840
poulter guys another person really into

106
00:04:19,749 --> 00:04:16,160
ufos so it was almost like uh

107
00:04:21,270 --> 00:04:19,759
a an eight to nine person group with a

108
00:04:23,110 --> 00:04:21,280
mixed background

109
00:04:25,590 --> 00:04:23,120
and at the core

110
00:04:27,510 --> 00:04:25,600
uh were people that were

111
00:04:29,110 --> 00:04:27,520
fairly skilled

112
00:04:31,030 --> 00:04:29,120
um or at least

113
00:04:32,310 --> 00:04:31,040

trained military tactics intelligence

114

00:04:34,150 --> 00:04:32,320

and using

115

00:04:36,950 --> 00:04:34,160

uh some of this equipment like ford

116

00:04:39,030 --> 00:04:36,960

looking infrared uh night vision and

117

00:04:41,510 --> 00:04:39,040

they had some pretty good equipment

118

00:04:44,070 --> 00:04:41,520

along the way

119

00:04:47,270 --> 00:04:44,080

and so the the throughout the book it

120

00:04:48,550 --> 00:04:47,280

you know goes in to the the history of

121

00:04:51,030 --> 00:04:48,560

this region

122

00:04:53,510 --> 00:04:51,040

some of the weird uh paranormal uh

123

00:04:55,270 --> 00:04:53,520

experiences that people in this part of

124

00:04:57,270 --> 00:04:55,280

the country have experienced and he

125

00:04:59,670 --> 00:04:57,280

tells tales from people from georgia

126
00:05:00,950 --> 00:04:59,680
from he doesn't mention alabama but i

127
00:05:02,310 --> 00:05:00,960
suspect that's where it came from that's

128
00:05:03,590 --> 00:05:02,320
where i was able to pinpoint some of

129
00:05:06,150 --> 00:05:03,600
these stories

130
00:05:08,469 --> 00:05:06,160
and it goes on to say that

131
00:05:11,670 --> 00:05:08,479
a lot of people in this area

132
00:05:13,510 --> 00:05:11,680
did even have sightings of strange tall

133
00:05:16,469 --> 00:05:13,520
bigfoot type creatures while they were

134
00:05:20,629 --> 00:05:16,479
out picking berries which is something

135
00:05:22,790 --> 00:05:20,639
that uh does happen in the missing 411

136
00:05:25,189 --> 00:05:22,800
profile point where a lot of times when

137
00:05:27,029 --> 00:05:25,199
people go missing uh they're out there

138
00:05:29,029 --> 00:05:27,039

picking huckleberries maybe even

139

00:05:31,110 --> 00:05:29,039

blueberries it is one of those things

140

00:05:33,189 --> 00:05:31,120

that does happen

141

00:05:35,749 --> 00:05:33,199

now while they're out there they're over

142

00:05:37,510 --> 00:05:35,759

they're out on this property

143

00:05:39,990 --> 00:05:37,520

multiple days

144

00:05:43,189 --> 00:05:40,000

at a time they have a campsite and then

145

00:05:46,070 --> 00:05:43,199

they will actually hike in to the hot

146

00:05:47,670 --> 00:05:46,080

spot of paranormal paranormal activity

147

00:05:48,870 --> 00:05:47,680

and they have some pretty advanced

148

00:05:51,029 --> 00:05:48,880

equipment

149

00:05:54,150 --> 00:05:51,039

they all have forward-looking infrared

150

00:05:56,230 --> 00:05:54,160

they have radiation detectors they have

151
00:05:58,230 --> 00:05:56,240
a cb radio short

152
00:05:59,670 --> 00:05:58,240
shortwave radio for communication over

153
00:06:01,110 --> 00:05:59,680
longer distance

154
00:06:03,430 --> 00:06:01,120
um

155
00:06:05,909 --> 00:06:03,440
spirit boxes for supposedly

156
00:06:06,710 --> 00:06:05,919
communicating with the unseen or the

157
00:06:08,629 --> 00:06:06,720
dead

158
00:06:10,469 --> 00:06:08,639
uh just a whole all your ghostbusting

159
00:06:12,309 --> 00:06:10,479
gadgets that you could want

160
00:06:13,270 --> 00:06:12,319
they got them

161
00:06:16,469 --> 00:06:13,280
and

162
00:06:18,870 --> 00:06:16,479
on one night they were

163
00:06:20,629 --> 00:06:18,880

traveling through the the wooded areas

164

00:06:22,150 --> 00:06:20,639

here and they said they they like to

165

00:06:24,629 --> 00:06:22,160

travel to this area

166

00:06:27,909 --> 00:06:24,639

uh for the most part they they like to

167

00:06:29,670 --> 00:06:27,919

go to this area when it is winter

168

00:06:32,870 --> 00:06:29,680

because they said there's less leaves

169

00:06:36,070 --> 00:06:32,880

there's less uh obstruction of view

170

00:06:37,430 --> 00:06:36,080

and um so that's why they like to go out

171

00:06:39,270 --> 00:06:37,440

there which led me to believe it's

172

00:06:41,110 --> 00:06:39,280

probably northern

173

00:06:43,670 --> 00:06:41,120

uh alabama

174

00:06:45,590 --> 00:06:43,680

because i i don't know how much of the

175

00:06:48,550 --> 00:06:45,600

seasons really change like how many how

176

00:06:50,629 --> 00:06:48,560

much like leaf loss there is down in

177

00:06:51,670 --> 00:06:50,639

southern alabama or like the southern

178

00:06:53,029 --> 00:06:51,680

part

179

00:06:55,110 --> 00:06:53,039

of the states

180

00:06:56,629 --> 00:06:55,120

uh i would say not much

181

00:06:59,350 --> 00:06:56,639

uh but maybe up in the north there's a

182

00:07:02,309 --> 00:06:59,360

little bit more of the season changing

183

00:07:03,830 --> 00:07:02,319

and so on on one such evening uh their

184

00:07:06,710 --> 00:07:03,840

buddy bob

185

00:07:09,189 --> 00:07:06,720

uh was was walking along

186

00:07:10,230 --> 00:07:09,199

and he was walking from a designated

187

00:07:12,150 --> 00:07:10,240

point

188

00:07:14,150 --> 00:07:12,160

and they were in constant communication

189

00:07:17,589 --> 00:07:14,160

with him over cb he had his equipment

190

00:07:19,510 --> 00:07:17,599

with him he had a gps tracker on and he

191

00:07:22,070 --> 00:07:19,520

was just going to a location to see if

192

00:07:24,790 --> 00:07:22,080

he experienced anything and then he

193

00:07:27,589 --> 00:07:24,800

didn't really he made it to the marker

194

00:07:30,550 --> 00:07:27,599

but he said he got to the marker faster

195

00:07:31,830 --> 00:07:30,560

than he anticipated like he just kind of

196

00:07:34,870 --> 00:07:31,840

zoned out

197

00:07:36,309 --> 00:07:34,880

and he somehow he arrived at this marker

198

00:07:38,550 --> 00:07:36,319

that uh

199

00:07:40,150 --> 00:07:38,560

they agreed that he would he would be at

200

00:07:42,469 --> 00:07:40,160

and uh he didn't really know how it

201
00:07:44,629 --> 00:07:42,479
happened he made it's been daydreaming

202
00:07:46,469 --> 00:07:44,639
but i pulled this little clip from uh

203
00:07:47,830 --> 00:07:46,479
the the audiobook and i got several

204
00:07:50,710 --> 00:07:47,840
clips here

205
00:07:52,150 --> 00:07:50,720
where they actually have

206
00:07:53,990 --> 00:07:52,160
and i didn't see it this is in the book

207
00:07:58,309 --> 00:07:54,000
i haven't seen any of this evidence but

208
00:08:00,550 --> 00:07:58,319
they claim to have they claim to have

209
00:08:01,909 --> 00:08:00,560
clear footage of bob

210
00:08:03,990 --> 00:08:01,919
[Music]

211
00:08:06,869 --> 00:08:04,000
turning into an orb

212
00:08:10,390 --> 00:08:06,879
in traversing the landscape

213
00:08:13,670 --> 00:08:10,400

and then coming back into the shape of

214

00:08:16,950 --> 00:08:13,680

a human form through the forward looking

215

00:08:18,790 --> 00:08:16,960

infrared that measures uh temperature

216

00:08:20,790 --> 00:08:18,800

and so here is uh this little clip right

217

00:08:24,469 --> 00:08:20,800

here it's about a minute and a half

218

00:08:26,550 --> 00:08:24,479

of uh bob turning into an orb here we go

219

00:08:29,589 --> 00:08:26,560

daryl started watching for bob on his

220

00:08:31,990 --> 00:08:29,599

flur unit and detected him right away

221

00:08:34,070 --> 00:08:32,000

bob's man-shaped heat signature was

222

00:08:35,829 --> 00:08:34,080

obvious in the machine's eyepiece as he

223

00:08:37,909 --> 00:08:35,839

approached daryl's position at the far

224

00:08:39,829 --> 00:08:37,919

end of the clearing

225

00:08:41,190 --> 00:08:39,839

then something extremely strange

226
00:08:43,190 --> 00:08:41,200
happened

227
00:08:45,590 --> 00:08:43,200
as daryl was observing bob through the

228
00:08:48,389 --> 00:08:45,600
flur scope he saw the human shape of

229
00:08:50,389 --> 00:08:48,399
bob's body turn into a sphere of heat or

230
00:08:51,670 --> 00:08:50,399
energy detected and registered on the

231
00:08:53,670 --> 00:08:51,680
scope

232
00:08:55,829 --> 00:08:53,680
to his astonishment this sphere of

233
00:08:57,829 --> 00:08:55,839
energy that he assumed was still bob

234
00:09:00,949 --> 00:08:57,839
appeared to move towards him traveling

235
00:09:02,790 --> 00:09:00,959
about 300 feet in eight seconds

236
00:09:04,870 --> 00:09:02,800
this means bob would have had to run

237
00:09:07,750 --> 00:09:04,880
that distance over rough ground in the

238
00:09:09,350 --> 00:09:07,760

dark at a speed greater than 25 miles an

239

00:09:12,230 --> 00:09:09,360

hour

240

00:09:14,389 --> 00:09:12,240

this understandably rattled daryl

241

00:09:16,710 --> 00:09:14,399

when bob finally reached his location

242

00:09:19,910 --> 00:09:16,720

daryl asked him how he felt

243

00:09:21,509 --> 00:09:19,920

bob replied he was fine why did he ask

244

00:09:22,870 --> 00:09:21,519

daryl explained what he had just

245

00:09:25,190 --> 00:09:22,880

witnessed

246

00:09:27,430 --> 00:09:25,200

bob stated that from his vantage nothing

247

00:09:29,509 --> 00:09:27,440

seemed odd or strange

248

00:09:32,389 --> 00:09:29,519

time flowed as it should and nothing

249

00:09:34,550 --> 00:09:32,399

appeared to him out of the ordinary

250

00:09:36,949 --> 00:09:34,560

not long after this bob and daryl heard

251
00:09:39,110 --> 00:09:36,959
a low chattering or deep mumbling from

252
00:09:41,750 --> 00:09:39,120
the ridge top to the south

253
00:09:44,389 --> 00:09:41,760
this extraordinary vocalization was also

254
00:09:46,070 --> 00:09:44,399
heard by tim kristen and me

255
00:09:48,790 --> 00:09:46,080
and they would hear a lot of that that

256
00:09:51,110 --> 00:09:48,800
they would hear a lot of weird sounds

257
00:09:53,509 --> 00:09:51,120
coming from the woods and they had a

258
00:09:55,110 --> 00:09:53,519
full-on naturalist with them that could

259
00:09:58,310 --> 00:09:55,120
identify plants

260
00:10:01,030 --> 00:09:58,320
identify uh various animal sounds that

261
00:10:03,750 --> 00:10:01,040
were supposedly native to that location

262
00:10:05,910 --> 00:10:03,760
so if they heard like a bird uh this guy

263
00:10:07,910 --> 00:10:05,920

was like ah that's a blue jay ah hawk

264

00:10:10,630 --> 00:10:07,920

you know he was he was good and a lot of

265

00:10:13,030 --> 00:10:10,640

the sounds that uh they found to be uh

266

00:10:15,990 --> 00:10:13,040

weird then the naturalist would say well

267

00:10:19,269 --> 00:10:16,000

that's not something that i recognize or

268

00:10:21,190 --> 00:10:19,279

that type of animals not native to

269

00:10:22,710 --> 00:10:21,200

this part of the country and they would

270

00:10:25,190 --> 00:10:22,720

hear that a lot

271

00:10:28,230 --> 00:10:25,200

um they went back to camp like after

272

00:10:32,069 --> 00:10:28,240

that and they they said okay this is all

273

00:10:35,509 --> 00:10:32,079

kind of weird and during the night they

274

00:10:38,310 --> 00:10:35,519

were woken up by like a a stark white

275

00:10:40,389 --> 00:10:38,320

humanoid figure looking at them

276

00:10:42,630 --> 00:10:40,399

uh from around a tree

277

00:10:44,310 --> 00:10:42,640

um and they just found it to be kind of

278

00:10:45,350 --> 00:10:44,320

curious they didn't have time to pick up

279

00:10:47,670 --> 00:10:45,360

their camera and take a picture by the

280

00:10:49,910 --> 00:10:47,680

time they they picked up their camera

281

00:10:51,670 --> 00:10:49,920

and try to take a picture it was it was

282

00:10:53,430 --> 00:10:51,680

gone but there have been numerous

283

00:10:56,949 --> 00:10:53,440

sightings of

284

00:10:58,230 --> 00:10:56,959

other white humanoid kind of creatures

285

00:11:03,350 --> 00:10:58,240

from this area

286

00:11:05,829 --> 00:11:03,360

now bob did have his gps tracking on so

287

00:11:07,990 --> 00:11:05,839

the following day after the encounter

288

00:11:10,150 --> 00:11:08,000

with the the white creature they said

289

00:11:12,550 --> 00:11:10,160

hey let's go ahead and check out your

290

00:11:15,190 --> 00:11:12,560

gps to see what happened

291

00:11:18,310 --> 00:11:15,200

when it looked like he turned into an

292

00:11:20,389 --> 00:11:18,320

orb and here's what they found the gps

293

00:11:23,430 --> 00:11:20,399

track showed bob having crossed the

294

00:11:25,670 --> 00:11:23,440

large creek several times then making

295

00:11:28,310 --> 00:11:25,680

several trips in various straight lines

296

00:11:30,310 --> 00:11:28,320

many miles all around the cold springs

297

00:11:32,230 --> 00:11:30,320

campsite and then returning to the

298

00:11:33,990 --> 00:11:32,240

meadow

299

00:11:35,910 --> 00:11:34,000

you must realize that this is

300

00:11:38,069 --> 00:11:35,920

mountainous terrain and it is not

301

00:11:40,829 --> 00:11:38,079

possible to travel in a straight line on

302

00:11:42,389 --> 00:11:40,839

foot or by vehicle it just cannot be

303

00:11:44,310 --> 00:11:42,399

done

304

00:11:46,389 --> 00:11:44,320

the only way bob could have made this

305

00:11:48,550 --> 00:11:46,399

track was if he had been in some type of

306

00:11:50,310 --> 00:11:48,560

flying craft traversing the landscape

307

00:11:52,790 --> 00:11:50,320

overhead

308

00:11:54,949 --> 00:11:52,800

bob had this gps on his person the

309

00:11:57,030 --> 00:11:54,959

entire night

310

00:11:59,430 --> 00:11:57,040

is this what happened during his missing

311

00:12:00,949 --> 00:11:59,440

time or the transformation into an

312

00:12:03,190 --> 00:12:00,959

energy sphere

313

00:12:06,150 --> 00:12:03,200

we spent saturday mostly talking and

314

00:12:09,030 --> 00:12:06,160

exploring the nearby area

315

00:12:10,550 --> 00:12:09,040

now if people recall um

316

00:12:12,710 --> 00:12:10,560

i played a couple segments from

317

00:12:15,430 --> 00:12:12,720

skinwalker ranch season three where

318

00:12:17,430 --> 00:12:15,440

they're also experiencing some weird gps

319

00:12:19,430 --> 00:12:17,440

anomalies and on on that show they're

320

00:12:21,990 --> 00:12:19,440

dropping the gps

321

00:12:24,470 --> 00:12:22,000

out of a plane and it appears to bounce

322

00:12:26,629 --> 00:12:24,480

off of something or go into

323

00:12:27,990 --> 00:12:26,639

the the rocks itself and then

324

00:12:30,150 --> 00:12:28,000

reappear

325

00:12:31,269 --> 00:12:30,160

out on the other side almost as if it

326

00:12:33,750 --> 00:12:31,279

went through

327

00:12:36,230 --> 00:12:33,760

some sort of portal or

328

00:12:38,710 --> 00:12:36,240

pathway that is not completely obvious

329

00:12:40,790 --> 00:12:38,720

to us humans and they captured that at

330

00:12:42,230 --> 00:12:40,800

that a few different times what they

331

00:12:43,990 --> 00:12:42,240

experienced here

332

00:12:45,030 --> 00:12:44,000

uh bob the orb

333

00:12:46,710 --> 00:12:45,040

uh

334

00:12:49,670 --> 00:12:46,720

they actually claimed to have footage of

335

00:12:51,269 --> 00:12:49,680

him transforming into an orb and then

336

00:12:54,629 --> 00:12:51,279

floating along

337

00:12:56,550 --> 00:12:54,639

or in some sort of conveyance to go over

338

00:12:59,590 --> 00:12:56,560

the terrain in a much quicker fashion

339

00:13:02,150 --> 00:12:59,600

right around 25 miles an hour

340

00:13:04,150 --> 00:13:02,160

now during this i mean that's pretty

341

00:13:06,470 --> 00:13:04,160

bizarre in and of itself but during this

342

00:13:08,790 --> 00:13:06,480

as they make their

343

00:13:11,590 --> 00:13:08,800

their advancement into the meadow night

344

00:13:14,230 --> 00:13:11,600

after night uh trip after trip

345

00:13:17,430 --> 00:13:14,240

they they pick up these

346

00:13:19,030 --> 00:13:17,440

flear signatures of these

347

00:13:21,750 --> 00:13:19,040

cubes

348

00:13:23,350 --> 00:13:21,760

and they appear to be like nine foot by

349

00:13:25,829 --> 00:13:23,360

nine foot

350

00:13:27,509 --> 00:13:25,839

um and they they don't really know what

351
00:13:30,710 --> 00:13:27,519
they are although

352
00:13:33,430 --> 00:13:30,720
when one team approached an area where

353
00:13:34,710 --> 00:13:33,440
the cube was the team disappeared for a

354
00:13:36,629 --> 00:13:34,720
little bit

355
00:13:38,629 --> 00:13:36,639
and the team that i think the two or

356
00:13:40,470 --> 00:13:38,639
three person team that went near this

357
00:13:42,150 --> 00:13:40,480
cube they said they almost had like

358
00:13:44,949 --> 00:13:42,160
tunnel vision where

359
00:13:46,069 --> 00:13:44,959
um all the sound around them was

360
00:13:48,310 --> 00:13:46,079
deadened

361
00:13:50,710 --> 00:13:48,320
they couldn't hear anything uh the other

362
00:13:52,310 --> 00:13:50,720
team that was observing them said they

363
00:13:54,470 --> 00:13:52,320

lost track of them they lost sight of

364

00:13:56,550 --> 00:13:54,480

them they couldn't hear them anymore

365

00:13:58,629 --> 00:13:56,560

they couldn't see them anymore

366

00:14:02,069 --> 00:13:58,639

and any sort of communication they tried

367

00:14:04,150 --> 00:14:02,079

to make with them was was lost uh any

368

00:14:06,550 --> 00:14:04,160

sort of audio cues they tried to whistle

369

00:14:07,990 --> 00:14:06,560

that kind of stuff that was not heard it

370

00:14:09,509 --> 00:14:08,000

was almost like they were in a cone of

371

00:14:11,110 --> 00:14:09,519

silence

372

00:14:13,670 --> 00:14:11,120

and they were

373

00:14:16,629 --> 00:14:13,680

transported into some sort of

374

00:14:20,069 --> 00:14:16,639

dimensional pocket uh some sort of

375

00:14:22,870 --> 00:14:20,079

holding place but they said uh it looked

376

00:14:25,750 --> 00:14:22,880

relatively normal in there it was easy

377

00:14:27,590 --> 00:14:25,760

to get into that meadow

378

00:14:29,670 --> 00:14:27,600

where that dimensional pocket was but

379

00:14:31,990 --> 00:14:29,680

coming back out they said it was much

380

00:14:35,430 --> 00:14:32,000

more difficult like there was much more

381

00:14:37,829 --> 00:14:35,440

heavy plant growth on the way out than

382

00:14:38,629 --> 00:14:37,839

in the way in on the way in

383

00:14:39,910 --> 00:14:38,639

so

384

00:14:41,670 --> 00:14:39,920

they go back

385

00:14:43,269 --> 00:14:41,680

uh they keep going back to this meadow

386

00:14:46,629 --> 00:14:43,279

over and over again

387

00:14:48,069 --> 00:14:46,639

and they managed to capture some of

388

00:14:50,710 --> 00:14:48,079

these cubes

389

00:14:52,629 --> 00:14:50,720

through their forward looking infrared

390

00:14:54,870 --> 00:14:52,639

and they're all spectrum cameras and

391

00:14:56,790 --> 00:14:54,880

here's a little clip from that david

392

00:14:58,790 --> 00:14:56,800

decided to photograph the west end of

393

00:14:59,829 --> 00:14:58,800

the meadow in direct alignment with the

394

00:15:02,310 --> 00:14:59,839

tracks

395

00:15:03,990 --> 00:15:02,320

david was using his full spectrum camera

396

00:15:07,350 --> 00:15:04,000

which detects and photographs

397

00:15:09,269 --> 00:15:07,360

ultraviolet infrared and visible light

398

00:15:11,990 --> 00:15:09,279

in the viewfinder of the camera david

399

00:15:13,509 --> 00:15:12,000

saw what appeared to be a cube nine feet

400

00:15:16,470 --> 00:15:13,519

on each side

401
00:15:18,310 --> 00:15:16,480
the box was not visible to the naked eye

402
00:15:20,150 --> 00:15:18,320
each time they brought the camera to eye

403
00:15:22,310 --> 00:15:20,160
level the cube appeared

404
00:15:24,150 --> 00:15:22,320
they moved a few yards to each side to

405
00:15:25,590 --> 00:15:24,160
see if it would affect the visibility of

406
00:15:27,590 --> 00:15:25,600
the phenomena

407
00:15:28,870 --> 00:15:27,600
it was still there regardless of their

408
00:15:31,110 --> 00:15:28,880
position

409
00:15:33,509 --> 00:15:31,120
david decided to photograph the box for

410
00:15:35,829 --> 00:15:33,519
further study only to realize that he

411
00:15:38,710 --> 00:15:35,839
had forgotten to insert the sd card into

412
00:15:41,030 --> 00:15:38,720
the camera before departing camp dumbass

413
00:15:43,189 --> 00:15:41,040

they decided to move closer when they

414

00:15:44,550 --> 00:15:43,199

were within a hundred yards of the cube

415

00:15:46,710 --> 00:15:44,560

it disappeared

416

00:15:49,030 --> 00:15:46,720

during this experience david and terry

417

00:15:51,030 --> 00:15:49,040

also reported hearing faint voices

418

00:15:53,430 --> 00:15:51,040

coming from deep in the forest

419

00:15:56,069 --> 00:15:53,440

boxes or cubes are not unheard of in

420

00:15:58,550 --> 00:15:56,079

areas of high strangeness as mentioned

421

00:16:00,870 --> 00:15:58,560

before the legendary skinwalker ranch in

422

00:16:03,430 --> 00:16:00,880

utah has numerous reports of flying

423

00:16:06,230 --> 00:16:03,440

boxes with blinking lights

424

00:16:08,470 --> 00:16:06,240

famous ufo researcher dr jacques veli

425

00:16:10,629 --> 00:16:08,480

went to brazil in the 1980s to

426

00:16:13,590 --> 00:16:10,639

investigate reports of strange flying

427

00:16:15,189 --> 00:16:13,600

boxes that made odd humming sounds while

428

00:16:18,550 --> 00:16:15,199

moving through the air

429

00:16:21,350 --> 00:16:18,560

in his book confrontations a scientist's

430

00:16:24,069 --> 00:16:21,360

search for alien contact he recounts the

431

00:16:26,949 --> 00:16:24,079

events in panorama brazil where these

432

00:16:30,069 --> 00:16:26,959

box-shaped ufos known as chupas by the

433

00:16:31,990 --> 00:16:30,079

locals would emit a beam or ray that had

434

00:16:33,590 --> 00:16:32,000

been known to kill or injure people on

435

00:16:35,829 --> 00:16:33,600

the ground

436

00:16:37,990 --> 00:16:35,839

i've also read reports of a different

437

00:16:38,790 --> 00:16:38,000

kind of box but what they referenced

438

00:16:41,829 --> 00:16:38,800

there

439

00:16:43,990 --> 00:16:41,839

is almost a refrigerator-sized

440

00:16:46,230 --> 00:16:44,000

box that they they saw in the woods but

441

00:16:47,990 --> 00:16:46,240

theirs was like nine by nine the ones on

442

00:16:50,629 --> 00:16:48,000

skinwalker ranch are pretty much the

443

00:16:52,790 --> 00:16:50,639

size of a refrigerator

444

00:16:54,870 --> 00:16:52,800

and there are numerous numerous reports

445

00:16:56,550 --> 00:16:54,880

of seeing its silhouetted even against

446

00:16:58,230 --> 00:16:56,560

the moon flying

447

00:16:59,430 --> 00:16:58,240

over the ranch which is pretty

448

00:17:02,470 --> 00:16:59,440

ridiculous

449

00:17:05,189 --> 00:17:02,480

uh if what they're conveying is true and

450

00:17:06,549 --> 00:17:05,199

then what is seen on skinwalker ranch is

451
00:17:09,110 --> 00:17:06,559
true then there's some sort of

452
00:17:11,110 --> 00:17:09,120
correlation here uh they're experiencing

453
00:17:13,350 --> 00:17:11,120
much the same things now

454
00:17:15,350 --> 00:17:13,360
i've read stories where people have

455
00:17:17,990 --> 00:17:15,360
encountered humanoids

456
00:17:19,750 --> 00:17:18,000
uh almost elf like creatures that are

457
00:17:23,750 --> 00:17:19,760
carrying a box

458
00:17:26,390 --> 00:17:23,760
and one says one such instance from uh

459
00:17:29,510 --> 00:17:26,400
a northern european country uh two

460
00:17:31,270 --> 00:17:29,520
hikers were were out they encountered uh

461
00:17:32,630 --> 00:17:31,280
what they described was an elf-like

462
00:17:34,230 --> 00:17:32,640
entity

463
00:17:35,270 --> 00:17:34,240

they approached him to see if he needed

464

00:17:37,350 --> 00:17:35,280

any help

465

00:17:38,870 --> 00:17:37,360

this elf like entity whipped around had

466

00:17:40,470 --> 00:17:38,880

a box

467

00:17:41,990 --> 00:17:40,480

on on the front of him almost like he

468

00:17:44,390 --> 00:17:42,000

was holding it

469

00:17:47,270 --> 00:17:44,400

and it emitted a ray

470

00:17:49,990 --> 00:17:47,280

at the two hikers and it

471

00:17:51,990 --> 00:17:50,000

irradiated them causing radiation burns

472

00:17:53,909 --> 00:17:52,000

and radiation poisoning on both the

473

00:17:55,750 --> 00:17:53,919

hikers uh they were horribly sick for

474

00:17:59,270 --> 00:17:55,760

two days and had to get uh medical

475

00:18:03,669 --> 00:17:59,280

attention uh so they wouldn't die um

476
00:18:05,029 --> 00:18:03,679
so the the box the ufo box the alien box

477
00:18:11,190 --> 00:18:05,039
is

478
00:18:13,430 --> 00:18:11,200
niche ufo lore um but they're they're

479
00:18:16,950 --> 00:18:13,440
investigated in relation

480
00:18:19,669 --> 00:18:16,960
to some sort of portal and in the

481
00:18:21,270 --> 00:18:19,679
phenomenon that that cone of silence

482
00:18:24,630 --> 00:18:21,280
um

483
00:18:27,990 --> 00:18:24,640
really resembles a lot of what people in

484
00:18:30,710 --> 00:18:28,000
missing 411 profiles experience where

485
00:18:32,789 --> 00:18:30,720
everything kind of goes quiet around you

486
00:18:34,630 --> 00:18:32,799
and you can't hear the ambient sound of

487
00:18:37,029 --> 00:18:34,640
the forest anymore you can't hear the

488
00:18:38,630 --> 00:18:37,039

birds chirping or anything else you

489

00:18:41,430 --> 00:18:38,640

don't hear the wind it's just a cone of

490

00:18:44,390 --> 00:18:41,440

silence it's almost like you are

491

00:18:46,789 --> 00:18:44,400

taken to another place and hopefully you

492

00:18:48,150 --> 00:18:46,799

can retract retrace your steps and get

493

00:18:49,830 --> 00:18:48,160

back out

494

00:18:52,789 --> 00:18:49,840

because a lot of times if you're if

495

00:18:55,590 --> 00:18:52,799

you're alone uh that cannot happen or it

496

00:18:56,870 --> 00:18:55,600

doesn't happen unless you're lucky

497

00:18:58,950 --> 00:18:56,880

now they continue on with their

498

00:19:01,029 --> 00:18:58,960

investigation they

499

00:19:04,950 --> 00:19:01,039

they use um

500

00:19:07,990 --> 00:19:04,960

some of the uh dr steven grier's

501

00:19:11,190 --> 00:19:08,000

uh protocols the uh

502

00:19:13,270 --> 00:19:11,200

uh the uh i think it's the ce5 protocols

503

00:19:15,750 --> 00:19:13,280

where you

504

00:19:17,830 --> 00:19:15,760

get around in a group you do

505

00:19:19,190 --> 00:19:17,840

basically a group meditation to try to

506

00:19:22,470 --> 00:19:19,200

bring in

507

00:19:24,789 --> 00:19:22,480

entities to to say hey we're here

508

00:19:26,310 --> 00:19:24,799

we want to party won't you come say hi

509

00:19:29,029 --> 00:19:26,320

to us they tried some of that and they

510

00:19:30,470 --> 00:19:29,039

attracted some some orbs

511

00:19:32,870 --> 00:19:30,480

some of the more interesting

512

00:19:35,750 --> 00:19:32,880

interactions from the book is when they

513

00:19:37,830 --> 00:19:35,760

decided to use a spirit box

514

00:19:39,270 --> 00:19:37,840

and they went out to the meadow to try

515

00:19:42,310 --> 00:19:39,280

to communicate

516

00:19:44,310 --> 00:19:42,320

with whatever is out there and they

517

00:19:47,110 --> 00:19:44,320

the way they did this is that they had

518

00:19:49,029 --> 00:19:47,120

one person asking the question

519

00:19:51,430 --> 00:19:49,039

and then the person

520

00:19:53,909 --> 00:19:51,440

who was listening to the spirit box was

521

00:19:55,590 --> 00:19:53,919

blindfolded and they put ear muff uh

522

00:19:57,430 --> 00:19:55,600

like i guess maybe ear suppression

523

00:19:59,669 --> 00:19:57,440

headphones over them

524

00:20:01,430 --> 00:19:59,679

um and and then ear buds in so they can

525

00:20:03,350 --> 00:20:01,440

hear the spirit box so i guess the

526

00:20:05,909 --> 00:20:03,360

philosophy of the spirit box is it flips

527

00:20:07,750 --> 00:20:05,919

through a lot of radio stations and in

528

00:20:10,710 --> 00:20:07,760

the static

529

00:20:14,070 --> 00:20:10,720

you can hear voices and those voices are

530

00:20:17,430 --> 00:20:14,080

from beyond this realm it could be

531

00:20:19,909 --> 00:20:17,440

dead ones it could be aliens

532

00:20:22,470 --> 00:20:19,919

different consciousnesses whatever it is

533

00:20:24,390 --> 00:20:22,480

but they were using that spirit box in

534

00:20:27,669 --> 00:20:24,400

that way and they they blindfolded the

535

00:20:31,669 --> 00:20:27,679

guy and put the earmuffs over him as to

536

00:20:34,950 --> 00:20:31,679

not give him visual cues or kind of uh

537

00:20:37,430 --> 00:20:34,960

taint his response in any way and during

538

00:20:40,149 --> 00:20:37,440

those conversations it seems like

539

00:20:43,190 --> 00:20:40,159

they were talking to someone

540

00:20:45,750 --> 00:20:43,200

who was responsible or

541

00:20:47,110 --> 00:20:45,760

using these cubes as a portal

542

00:20:50,549 --> 00:20:47,120

in some way

543

00:20:52,950 --> 00:20:50,559

and recognize that there is an energy

544

00:20:55,590 --> 00:20:52,960

spike they didn't measure radiation

545

00:20:56,630 --> 00:20:55,600

spikes when these portals

546

00:20:59,029 --> 00:20:56,640

occur

547

00:21:01,350 --> 00:20:59,039

now they didn't say what they were used

548

00:21:03,350 --> 00:21:01,360

for exactly other than a means of

549

00:21:04,230 --> 00:21:03,360

conveyance they didn't say who

550

00:21:06,710 --> 00:21:04,240

uh

551

00:21:09,669 --> 00:21:06,720

the the person or the entity on the

552

00:21:13,110 --> 00:21:09,679

other side of the spirit box was very

553

00:21:15,029 --> 00:21:13,120

uh tight-lipped about how they operate

554

00:21:18,070 --> 00:21:15,039

but they did this communication several

555

00:21:21,590 --> 00:21:18,080

times and

556

00:21:23,190 --> 00:21:21,600

to some to some degree of success i mean

557

00:21:24,630 --> 00:21:23,200

as much success as you can have with

558

00:21:25,830 --> 00:21:24,640

flipping through radio stations hoping

559

00:21:27,750 --> 00:21:25,840

to hear from

560

00:21:29,830 --> 00:21:27,760

hear a voice and kind of piece it

561

00:21:31,909 --> 00:21:29,840

together but it was a fascinating to

562

00:21:33,110 --> 00:21:31,919

listen to and then there i have one last

563

00:21:36,149 --> 00:21:33,120

clip

564

00:21:38,950 --> 00:21:36,159

um this is in reference to

565

00:21:42,070 --> 00:21:38,960

missing 411 and they uh they referenced

566

00:21:44,149 --> 00:21:42,080

this uh in the books here it is

567

00:21:46,710 --> 00:21:44,159

laying all the facts in front of me i

568

00:21:48,470 --> 00:21:46,720

was at a loss for an explanation

569

00:21:51,029 --> 00:21:48,480

all of this made me think of several

570

00:21:53,350 --> 00:21:51,039

books in my library i have several of

571

00:21:55,909 --> 00:21:53,360

the excellent missing 4-1-1 books from

572

00:21:58,070 --> 00:21:55,919

the series by david politis

573

00:22:00,070 --> 00:21:58,080

in the various books mr politis

574

00:22:02,230 --> 00:22:00,080

describes the cases of people that have

575

00:22:04,310 --> 00:22:02,240

gone missing in america's wilderness and

576
00:22:06,149 --> 00:22:04,320
the strange circumstances surrounding

577
00:22:08,390 --> 00:22:06,159
those disappearances

578
00:22:10,789 --> 00:22:08,400
he had identified several clusters of

579
00:22:12,710 --> 00:22:10,799
missing persons cases throughout the u.s

580
00:22:14,070 --> 00:22:12,720
and had plotted them on a map of north

581
00:22:16,470 --> 00:22:14,080
america

582
00:22:17,990 --> 00:22:16,480
the meadow is located in one such

583
00:22:20,470 --> 00:22:18,000
cluster

584
00:22:22,789 --> 00:22:20,480
if we had not had our protocols in place

585
00:22:25,669 --> 00:22:22,799
requiring teams to consist of at least

586
00:22:28,230 --> 00:22:25,679
two members and also requiring a radio

587
00:22:30,549 --> 00:22:28,240
map and compass and an open radio net

588
00:22:32,310 --> 00:22:30,559

when personnel are a field could this

589

00:22:34,549 --> 00:22:32,320

have turned out differently

590

00:22:36,630 --> 00:22:34,559

i wondered if a chapter in a future book

591

00:22:38,230 --> 00:22:36,640

of mr politis could have included my

592

00:22:39,669 --> 00:22:38,240

name if we had not taken these

593

00:22:42,789 --> 00:22:39,679

precautions

594

00:22:45,270 --> 00:22:42,799

thankfully we will never know

595

00:22:48,070 --> 00:22:45,280

so i mean there's some correlation there

596

00:22:51,110 --> 00:22:48,080

uh missing 411 and this spot and i did

597

00:22:53,190 --> 00:22:51,120

look at the the missing 411 map and

598

00:22:55,430 --> 00:22:53,200

there does appear to be a cluster in

599

00:22:57,750 --> 00:22:55,440

that region

600

00:22:59,590 --> 00:22:57,760

all this reminds me of some

601
00:23:01,750 --> 00:22:59,600
some weird stuff the first thing like i

602
00:23:04,630 --> 00:23:01,760
was like okay you got skin walker ranch

603
00:23:07,750 --> 00:23:04,640
you got portals you got orbs you got uh

604
00:23:09,669 --> 00:23:07,760
weird strange creatures and they're they

605
00:23:11,270 --> 00:23:09,679
seem to be interacting with this portal

606
00:23:13,830 --> 00:23:11,280
it reminds me

607
00:23:15,750 --> 00:23:13,840
of a game that i used to play grown up

608
00:23:17,669 --> 00:23:15,760
called riffs

609
00:23:19,029 --> 00:23:17,679
uh it is a role-playing game by

610
00:23:21,909 --> 00:23:19,039
palladium books

611
00:23:23,669 --> 00:23:21,919
and the rift is a dimensional rift in

612
00:23:27,430 --> 00:23:23,679
which

613
00:23:30,310 --> 00:23:27,440

demons entities magic users dimensional

614

00:23:32,789 --> 00:23:30,320

beings come out and they they take over

615

00:23:34,870 --> 00:23:32,799

earth and some are good some are bad

616

00:23:37,909 --> 00:23:34,880

but they use these dimensional portals

617

00:23:39,190 --> 00:23:37,919

and they're located at on ley line

618

00:23:40,549 --> 00:23:39,200

nexuses

619

00:23:42,789 --> 00:23:40,559

and uh

620

00:23:44,390 --> 00:23:42,799

the ley line thing is something that has

621

00:23:46,310 --> 00:23:44,400

been talked about a lot in spiritual

622

00:23:48,630 --> 00:23:46,320

circles and uh

623

00:23:51,750 --> 00:23:48,640

um it's supposed to be like a grid of

624

00:23:53,510 --> 00:23:51,760

energy that lays over this earth and

625

00:23:54,950 --> 00:23:53,520

they intersect with one another and at

626

00:23:58,470 --> 00:23:54,960

those intersections they're called

627

00:24:01,430 --> 00:23:58,480

nexuses or nexi nexis

628

00:24:03,510 --> 00:24:01,440

and uh and at those those joining

629

00:24:06,710 --> 00:24:03,520

sectors the nexus that's a point of

630

00:24:07,990 --> 00:24:06,720

power like one for instance is like a

631

00:24:10,230 --> 00:24:08,000

stonehenge

632

00:24:11,830 --> 00:24:10,240

um another one could be this place

633

00:24:13,909 --> 00:24:11,840

although i think this one is on the led

634

00:24:16,789 --> 00:24:13,919

line and not necessarily a nexus point

635

00:24:19,750 --> 00:24:16,799

another one that could be on ley line

636

00:24:23,669 --> 00:24:19,760

skinwalker ranch and

637

00:24:25,830 --> 00:24:23,679

if this uh ley line uh thing is true

638

00:24:27,669 --> 00:24:25,840

well then there should be a good

639

00:24:29,590 --> 00:24:27,679

explanation they should know about this

640

00:24:32,310 --> 00:24:29,600

day the government should know about

641

00:24:33,909 --> 00:24:32,320

this in order to to harness it in some

642

00:24:36,470 --> 00:24:33,919

way and i suspect that

643

00:24:38,950 --> 00:24:36,480

if it is true then and then they are

644

00:24:43,110 --> 00:24:38,960

um there was a book written called the

645

00:24:45,669 --> 00:24:43,120

energy grid harmonic 695 by bruce cathy

646

00:24:48,549 --> 00:24:45,679

who talked about this it's a very dense

647

00:24:50,710 --> 00:24:48,559

book written by a former pilot

648

00:24:53,029 --> 00:24:50,720

and it's chock full of formulas and

649

00:24:54,549 --> 00:24:53,039

calculations and he talks about

650

00:24:56,230 --> 00:24:54,559

an energy grid

651
00:24:57,750 --> 00:24:56,240
over this planet i'm digging through

652
00:24:59,669 --> 00:24:57,760
that book right now

653
00:25:02,149 --> 00:24:59,679
to see if anything can be gleaned from

654
00:25:04,310 --> 00:25:02,159
it but it's very dense and he talks

655
00:25:07,110 --> 00:25:04,320
about ufos and how they use this grid

656
00:25:08,950 --> 00:25:07,120
for for travel uh i think he gets into

657
00:25:10,950 --> 00:25:08,960
portals a little bit so

658
00:25:14,149 --> 00:25:10,960
i'll be getting into that but there is

659
00:25:16,310 --> 00:25:14,159
the brief synopsis of the meadow its

660
00:25:18,390 --> 00:25:16,320
general location and

661
00:25:21,990 --> 00:25:18,400
i will i will dig in

662
00:25:23,190 --> 00:25:22,000
to some of the more crazy stories from

663
00:25:25,909 --> 00:25:23,200

this region

664

00:25:27,430 --> 00:25:25,919

and with that uh maybe get some more

665

00:25:29,029 --> 00:25:27,440

understandings uh have a better

666

00:25:30,789 --> 00:25:29,039

understanding what's what's going on in

667

00:25:32,870 --> 00:25:30,799

alabama

668

00:25:35,110 --> 00:25:32,880

uh because it does seem like a pretty

669

00:25:37,110 --> 00:25:35,120

crazy place beyond all the paranormal

670

00:25:37,720 --> 00:25:37,120

stuff alabama's pretty crazy

671

00:25:39,990 --> 00:25:37,730

oh yeah

672

00:25:41,909 --> 00:25:40,000

[Applause]

673

00:25:43,350 --> 00:25:41,919

did they catch those elves with the orbs

674

00:25:46,470 --> 00:25:43,360

or they catch one

675

00:25:48,070 --> 00:25:46,480

no they didn't catch them they uh

676
00:25:50,230 --> 00:25:48,080
they uh are you talking about the one at

677
00:25:51,269 --> 00:25:50,240
the meadow or the the hikers in uh

678
00:25:52,310 --> 00:25:51,279
europe

679
00:25:53,510 --> 00:25:52,320
oh in the meadow where they watch the

680
00:25:55,110 --> 00:25:53,520
guy like turn into an orb then they

681
00:25:57,269 --> 00:25:55,120
chase them down and beat them well that

682
00:26:00,230 --> 00:25:57,279
was their friend so they i mean they

683
00:26:02,390 --> 00:26:00,240
they saw their friend bob turn into an

684
00:26:04,710 --> 00:26:02,400
orb he was out hiking he was going to a

685
00:26:06,870 --> 00:26:04,720
spot to investigate and on his way back

686
00:26:10,070 --> 00:26:06,880
to camp they picked up his flear

687
00:26:13,669 --> 00:26:10,080
signature and but they picked up an orb

688
00:26:14,630 --> 00:26:13,679

and so then they saw that orb transform

689

00:26:16,549 --> 00:26:14,640

into

690

00:26:18,789 --> 00:26:16,559

the shape of a man it's all done through

691

00:26:21,430 --> 00:26:18,799

flear so it was a shape of an orb and

692

00:26:22,710 --> 00:26:21,440

then the body heat signature of a man so

693

00:26:25,269 --> 00:26:22,720

yeah they talked to him that's they got

694

00:26:28,230 --> 00:26:25,279

his gps and everything

695

00:26:29,350 --> 00:26:28,240

so it's uh it's fascinating uh

696

00:26:30,950 --> 00:26:29,360

fascinating stuff i don't know where

697

00:26:33,590 --> 00:26:30,960

they go from here

698

00:26:35,669 --> 00:26:33,600

um they would have to open it up to

699

00:26:36,950 --> 00:26:35,679

more researchers i suppose but then at

700

00:26:38,310 --> 00:26:36,960

that point you're you're kind of

701

00:26:40,070 --> 00:26:38,320

changing it i think we need to get in

702

00:26:41,669 --> 00:26:40,080

that dimensional pocket and store some

703

00:26:45,110 --> 00:26:41,679

trash in there or something

704

00:26:47,750 --> 00:26:45,120

i think well i think that uh you might

705

00:26:49,029 --> 00:26:47,760

be joking around but that might be uh

706

00:26:50,470 --> 00:26:49,039

that's what i'd do if i found the

707

00:26:51,909 --> 00:26:50,480

solution dimension i just started

708

00:26:53,830 --> 00:26:51,919

dumping things in there

709

00:26:56,710 --> 00:26:53,840

it might be a solution to a lot of

710

00:26:59,029 --> 00:26:56,720

problems in in this world and i've been

711

00:27:00,789 --> 00:26:59,039

for whatever reason i've been watching a

712

00:27:04,470 --> 00:27:00,799

lot of shows about

713

00:27:06,630 --> 00:27:04,480

alternate parallel universes one is

714

00:27:08,230 --> 00:27:06,640

fringe i'm going back and watching the

715

00:27:10,149 --> 00:27:08,240

fringe series

716

00:27:13,350 --> 00:27:10,159

and then there's the new series a newer

717

00:27:15,990 --> 00:27:13,360

series on hbo called his dark material

718

00:27:18,549 --> 00:27:16,000

which is about a parallel

719

00:27:21,269 --> 00:27:18,559

universe that people can go to based

720

00:27:22,870 --> 00:27:21,279

on that terrible golden compass thing

721

00:27:25,830 --> 00:27:22,880

um

722

00:27:27,350 --> 00:27:25,840

it's got a golden compass involved but i

723

00:27:30,310 --> 00:27:27,360

don't know if it's based on the golden

724

00:27:31,990 --> 00:27:30,320

compass uh the same series yeah or maybe

725

00:27:33,990 --> 00:27:32,000

they have animals

726

00:27:36,710 --> 00:27:34,000

is it pullman they have they have uh

727

00:27:39,510 --> 00:27:36,720

bill pullman yeah no i think the the the

728

00:27:42,310 --> 00:27:39,520

author maybe named paulman but

729

00:27:43,990 --> 00:27:42,320

each one of the people in the the the

730

00:27:45,990 --> 00:27:44,000

alternate universe not ours the ultimate

731

00:27:48,630 --> 00:27:46,000

one the these have like an animal demon

732

00:27:50,630 --> 00:27:48,640

an animal spirit guide and that they'd

733

00:27:51,990 --> 00:27:50,640

go go through live with their animal

734

00:27:52,950 --> 00:27:52,000

friends

735

00:27:54,310 --> 00:27:52,960

um

736

00:27:57,029 --> 00:27:54,320

yeah that was a terrible movie it was

737

00:27:58,950 --> 00:27:57,039

bad it's a series so i mean i mean it's

738

00:28:00,230 --> 00:27:58,960

a series on hbo so the golden compass

739

00:28:02,549 --> 00:28:00,240

movie might be bad i don't know i never

740

00:28:04,389 --> 00:28:02,559

saw but the series thus far uh pretty

741

00:28:05,510 --> 00:28:04,399

good i'm into that kind of stuff i kind

742

00:28:08,310 --> 00:28:05,520

of like the

743

00:28:09,909 --> 00:28:08,320

the alternate universe stuff and uh i

744

00:28:12,310 --> 00:28:09,919

like wizardry

745

00:28:14,789 --> 00:28:12,320

and uh weird politics so it's kind of

746

00:28:17,029 --> 00:28:14,799

got some little politics involved you've

747

00:28:19,029 --> 00:28:17,039

got some wizardry and it's got some

748

00:28:21,029 --> 00:28:19,039

animals too i like it it's a winner for

749

00:28:23,830 --> 00:28:21,039

me give us an email at

750

00:28:25,230 --> 00:28:23,840

ourbitcommon gmail.com

751

00:28:28,070 --> 00:28:25,240
