

OCEAN HOLES

1
00:00:00,270 --> 00:00:08,390
[Applause]

2
00:00:14,150 --> 00:00:11,990
well first things first uh i got the

3
00:00:17,430 --> 00:00:14,160
there's some absolutely

4
00:00:19,750 --> 00:00:17,440
horrendous news here uh oh

5
00:00:21,830 --> 00:00:19,760
horrific news no uh terrific news that's

6
00:00:24,470 --> 00:00:21,840
what i meant to say yeah that's that's

7
00:00:25,910 --> 00:00:24,480
it horrific news

8
00:00:29,109 --> 00:00:25,920
uh

9
00:00:31,750 --> 00:00:29,119
loch ness monster plausible after false

10
00:00:33,270 --> 00:00:31,760
fossil discovery how about that people

11
00:00:34,870 --> 00:00:33,280
that's good news

12
00:00:37,350 --> 00:00:34,880
oh yes

13
00:00:38,310 --> 00:00:37,360

the loch ness monster after all these

14

00:00:40,950 --> 00:00:38,320

years

15

00:00:43,350 --> 00:00:40,960

it may be a plausible creature that's

16

00:00:46,310 --> 00:00:43,360

out there

17

00:00:48,069 --> 00:00:46,320

so the discovery that some plesiosaurus

18

00:00:51,830 --> 00:00:48,079

could have lived in freshwater has

19

00:00:53,670 --> 00:00:51,840

reignited the debate on old nessie in

20

00:00:54,950 --> 00:00:53,680

the loch ness over there in scotland i

21

00:00:56,389 --> 00:00:54,960

think that's where it's where it's at i

22

00:00:58,869 --> 00:00:56,399

think it's in scotland

23

00:01:00,630 --> 00:00:58,879

oh yeah yeah big time

24

00:01:02,150 --> 00:01:00,640

eating haggis or whatever the [h__\h] they

25

00:01:05,270 --> 00:01:02,160

eat over there i think they do eat

26
00:01:09,750 --> 00:01:07,510
uh the quintessential loch ness monster

27
00:01:12,469 --> 00:01:09,760
sighting is typically that of a large

28
00:01:15,510 --> 00:01:12,479
long neck creature that appears uh that

29
00:01:17,510 --> 00:01:15,520
appears as a head and neck or in a

30
00:01:19,830 --> 00:01:17,520
series of bumps protruding from the

31
00:01:21,590 --> 00:01:19,840
water over the years this has led some

32
00:01:23,830 --> 00:01:21,600
to speculate that the creature could be

33
00:01:26,950 --> 00:01:23,840
a plesiosaurs a type of prehistoric

34
00:01:29,510 --> 00:01:26,960
aquatic reptile as depicted by the

35
00:01:32,069 --> 00:01:29,520
off photograph model that can be found

36
00:01:35,510 --> 00:01:32,079
outside the loch ness exhibit

37
00:01:39,429 --> 00:01:35,520
exhibition center at the drummond rocks

38
00:01:42,469 --> 00:01:39,439

on the western shore of the lock now uh

39

00:01:44,310 --> 00:01:42,479

i believe uh was it uh alistair crawley

40

00:01:49,590 --> 00:01:44,320

he had

41

00:01:52,870 --> 00:01:49,600

and it is rumored that he opened up a

42

00:01:56,870 --> 00:01:52,880

portal using magic uh sex magic maybe

43

00:01:59,350 --> 00:01:56,880

and that then later uh jimmy page of led

44

00:02:02,149 --> 00:01:59,360

zeppelin he bought that house to do his

45

00:02:04,469 --> 00:02:02,159

own kind of magic in there

46

00:02:07,190 --> 00:02:04,479

and now i i think the last time we heard

47

00:02:08,309 --> 00:02:07,200

it was up for sale a few years ago and

48

00:02:10,550 --> 00:02:08,319

it's probably in the hands of a new

49

00:02:12,070 --> 00:02:10,560

owner so

50

00:02:13,589 --> 00:02:12,080

we'll see well

51
00:02:15,910 --> 00:02:13,599
i'll continue on here while many have

52
00:02:17,270 --> 00:02:15,920
played down uh this possibility of loch

53
00:02:20,390 --> 00:02:17,280
ness monster

54
00:02:22,790 --> 00:02:20,400
uh not least because plesiosaurus died

55
00:02:24,790 --> 00:02:22,800
out millions of years ago and lived in

56
00:02:26,949 --> 00:02:24,800
the ocean a new fossil discovery has

57
00:02:28,710 --> 00:02:26,959
recently added some renewed credence to

58
00:02:32,150 --> 00:02:28,720
the theory by suggesting

59
00:02:34,710 --> 00:02:32,160
that some plesiosaurs plesiosaurs

60
00:02:37,030 --> 00:02:34,720
actually lived in freshwater researchers

61
00:02:39,030 --> 00:02:37,040
at the university of bath recently

62
00:02:41,509 --> 00:02:39,040
discovered the fossil remains of several

63
00:02:44,470 --> 00:02:41,519

small police's sources that lived in a

64

00:02:48,070 --> 00:02:44,480

river system a hundred million years ago

65

00:02:50,229 --> 00:02:48,080

in what is now the sahara desert

66

00:02:51,509 --> 00:02:50,239

the find indicates that these creatures

67

00:02:53,830 --> 00:02:51,519

lived in fresh water alongside

68

00:02:55,589 --> 00:02:53,840

crocodiles fish turtles and dozens of

69

00:02:58,309 --> 00:02:55,599

other species

70

00:02:59,509 --> 00:02:58,319

uh quote we don't really know why the

71

00:03:04,869 --> 00:02:59,519

plesiosaurs

72

00:03:07,270 --> 00:03:04,879

uh it's a bit controversial

73

00:03:09,830 --> 00:03:07,280

but who's to say that because we

74

00:03:12,710 --> 00:03:09,840

paleontologists have always called them

75

00:03:15,990 --> 00:03:12,720

a marine reptile that they lived in the

76

00:03:18,790 --> 00:03:16,000

sea too lots of marine uh lineages

77

00:03:19,990 --> 00:03:18,800

invaded fresh water so there you go

78

00:03:21,670 --> 00:03:20,000

uh

79

00:03:23,830 --> 00:03:21,680

the theory

80

00:03:25,589 --> 00:03:23,840

that the loch ness monster

81

00:03:28,229 --> 00:03:25,599

could be plausible

82

00:03:29,910 --> 00:03:28,239

just got a little bit more

83

00:03:31,830 --> 00:03:29,920

oomph to it

84

00:03:33,509 --> 00:03:31,840

uh through this fossil find well i saw

85

00:03:34,630 --> 00:03:33,519

the loch ness monster in my toilet this

86

00:03:37,430 --> 00:03:34,640

morning

87

00:03:39,509 --> 00:03:37,440

okay i mean that's just as believable

88

00:03:42,070 --> 00:03:39,519

yeah well

89

00:03:43,990 --> 00:03:42,080

i mean it would be an incredibly small

90

00:03:45,030 --> 00:03:44,000

uh loch ness monster in a toilet you

91

00:03:47,750 --> 00:03:45,040

think about how small that thing would

92

00:03:50,470 --> 00:03:47,760

have to be and then to to function

93

00:03:52,229 --> 00:03:50,480

uh i don't know i don't think that's a

94

00:03:54,390 --> 00:03:52,239

plausible thing but and if it was an

95

00:03:56,229 --> 00:03:54,400

ocean thing the idea that they're gonna

96

00:03:58,149 --> 00:03:56,239

go ah but yeah there was maybe some

97

00:04:01,509 --> 00:03:58,159

freshwater ones like i don't think that

98

00:04:03,350 --> 00:04:01,519

those kind of species do that do they

99

00:04:05,910 --> 00:04:03,360

you can't throw a salt water creature

100

00:04:06,710 --> 00:04:05,920

into a fresh water or or maybe you can i

101
00:04:09,030 --> 00:04:06,720
don't know

102
00:04:11,509 --> 00:04:09,040
i think there are certain types of fish

103
00:04:13,030 --> 00:04:11,519
and mammals that can swim both in salt

104
00:04:14,949 --> 00:04:13,040
and fresh but i think it's a very

105
00:04:16,069 --> 00:04:14,959
limited number

106
00:04:20,629 --> 00:04:16,079
uh

107
00:04:24,150 --> 00:04:20,639
we would need to talk to a marine

108
00:04:28,070 --> 00:04:24,160
biologist and we just do not have one we

109
00:04:29,670 --> 00:04:28,080
don't know any marine biologist so

110
00:04:32,469 --> 00:04:29,680
it would be great if we did

111
00:04:38,230 --> 00:04:33,990
stop it

112
00:04:41,909 --> 00:04:39,830
i do have some more ocean news for you

113
00:04:43,030 --> 00:04:41,919

joe if you like the ocean news i love

114

00:04:45,510 --> 00:04:43,040

the ocean

115

00:04:46,629 --> 00:04:45,520

i want to be a marine biologist mcgott

116

00:04:48,790 --> 00:04:46,639

matthew mcconaughey he wants to be a

117

00:04:49,749 --> 00:04:48,800

marine biologist that's okay he can do

118

00:04:51,670 --> 00:04:49,759

it

119

00:04:53,909 --> 00:04:51,680

he's got mcconaughey money do you think

120

00:04:56,070 --> 00:04:53,919

he ever played a marine biologist in any

121

00:04:59,350 --> 00:04:56,080

of the movies he's ever acted in i don't

122

00:05:01,909 --> 00:04:59,360

think he has i don't know name one

123

00:05:03,990 --> 00:05:01,919

risky business he wasn't even in risky

124

00:05:06,310 --> 00:05:04,000

business

125

00:05:08,390 --> 00:05:06,320

that was time i was at richmond high it

126
00:05:11,350 --> 00:05:08,400
wasn't even in that movie either it was

127
00:05:14,469 --> 00:05:11,360
something like that one he uh

128
00:05:15,510 --> 00:05:14,479
no oh he was in um

129
00:05:17,189 --> 00:05:15,520
oh god

130
00:05:19,270 --> 00:05:17,199
all right all right yeah he was in that

131
00:05:20,629 --> 00:05:19,280
all right all right all right movie i

132
00:05:24,230 --> 00:05:20,639
think that was the name of it wasn't

133
00:05:25,189 --> 00:05:24,240
that dazed in confused that's the one

134
00:05:26,710 --> 00:05:25,199
yes

135
00:05:28,150 --> 00:05:26,720
i still haven't seen that you haven't

136
00:05:30,150 --> 00:05:28,160
seen that movie wasn't that a link

137
00:05:31,909 --> 00:05:30,160
letter movie too i have no idea it's i

138
00:05:35,110 --> 00:05:31,919

mean it's uh at this point could

139

00:05:36,950 --> 00:05:35,120

probably consider a classic it's okay i

140

00:05:39,350 --> 00:05:36,960

watched it a few years ago

141

00:05:41,029 --> 00:05:39,360

i'm okay with it

142

00:05:43,590 --> 00:05:41,039

you think how how quickly do you think

143

00:05:45,909 --> 00:05:43,600

it could get me in bed like to sleep

144

00:05:47,990 --> 00:05:45,919

oh it'll be just bed in like 10 minutes

145

00:05:51,590 --> 00:05:48,000

okay cool i mean yeah put that one on

146

00:05:55,350 --> 00:05:54,070

well let's uh get on over to this story

147

00:05:57,430 --> 00:05:55,360

over here

148

00:06:02,150 --> 00:05:57,440

and we'll talk about some more ocean

149

00:06:07,270 --> 00:06:04,790

people like the ocean you know

150

00:06:09,590 --> 00:06:07,280

we're talking more about the ocean

151

00:06:11,670 --> 00:06:09,600

not just because of the news

152

00:06:13,590 --> 00:06:11,680

uh because we like it and that's where i

153

00:06:15,189 --> 00:06:13,600

think a good majority of these aliens

154

00:06:17,909 --> 00:06:15,199

the ufos that's where they go to hide

155

00:06:20,390 --> 00:06:17,919

that's where they go to hang out sure

156

00:06:23,189 --> 00:06:20,400

uh that's the going theory but uh this

157

00:06:25,029 --> 00:06:23,199

uh this headline over here we got it

158

00:06:26,309 --> 00:06:25,039

let's bring this up on screen there it

159

00:06:29,749 --> 00:06:26,319

is

160

00:06:33,469 --> 00:06:29,759

uh they look almost human made

161

00:06:35,990 --> 00:06:33,479

the noah finds weird lines of holes in

162

00:06:38,070 --> 00:06:36,000

mid-atlantic floor

163

00:06:40,070 --> 00:06:38,080

that's some good news on that front so

164

00:06:42,790 --> 00:06:40,080

what we're looking at here on screen

165

00:06:45,029 --> 00:06:42,800

uh are a series of dashes but they're

166

00:06:46,870 --> 00:06:45,039

holes they're just kind of like longer

167

00:06:49,430 --> 00:06:46,880

rectangular holes and they're almost

168

00:06:50,550 --> 00:06:49,440

like perfectly cut out on the ocean

169

00:06:53,270 --> 00:06:50,560

floor

170

00:06:56,230 --> 00:06:53,280

and it's a very intriguing

171

00:06:57,990 --> 00:06:56,240

uh scientist exploring the submerged

172

00:06:59,430 --> 00:06:58,000

mountain range of the mid-atlantic

173

00:07:00,790 --> 00:06:59,440

stumbled onto something they can't

174

00:07:03,189 --> 00:07:00,800

explain

175

00:07:05,830 --> 00:07:03,199

uh an organized series of holes punched

176

00:07:08,150 --> 00:07:05,840

into the floor of the atlantic the

177

00:07:10,710 --> 00:07:08,160

discovery was made on saturday this past

178

00:07:12,550 --> 00:07:10,720

saturday the 23rd and photos show the

179

00:07:14,830 --> 00:07:12,560

dots connected into nearly straight

180

00:07:17,990 --> 00:07:14,840

lines or trails or

181

00:07:20,790 --> 00:07:18,000

designs uh noah ocean

182

00:07:22,070 --> 00:07:20,800

exploration isn't sure how to explain it

183

00:07:24,629 --> 00:07:22,080

yet

184

00:07:27,029 --> 00:07:24,639

uh quote we observed several these sub

185

00:07:28,469 --> 00:07:27,039

linear sets of holes in the sediment

186

00:07:31,029 --> 00:07:28,479

these holes have been previously

187

00:07:33,749 --> 00:07:31,039

reported from the region but their

188

00:07:36,070 --> 00:07:33,759

origins remain a mystery so okay i'm

189

00:07:39,909 --> 00:07:36,080

looking at these holes

190

00:07:41,990 --> 00:07:39,919

and they look like they're freshly made

191

00:07:44,070 --> 00:07:42,000

like you'd imagine with all the sediment

192

00:07:45,670 --> 00:07:44,080

all the fish women around there all the

193

00:07:47,350 --> 00:07:45,680

the kind of stuff that gets kicked up on

194

00:07:49,510 --> 00:07:47,360

a daily basis

195

00:07:51,670 --> 00:07:49,520

that these holes if they were old if

196

00:07:53,510 --> 00:07:51,680

they were ancient created

197

00:07:55,029 --> 00:07:53,520

decades ago hundreds of years ago they

198

00:07:58,230 --> 00:07:55,039

would have been covered up by now but

199

00:08:01,029 --> 00:07:58,240

these look pretty fresh they do that's

200

00:08:03,189 --> 00:08:01,039

some fresh holes oh i hit the glory hole

201
00:08:05,270 --> 00:08:03,199
right here i mean you don't want these

202
00:08:08,070 --> 00:08:05,280
to be old holes you need the fresh ones

203
00:08:10,309 --> 00:08:08,080
you need the fresh ones you need tight

204
00:08:12,469 --> 00:08:10,319
you need to make sure that

205
00:08:15,749 --> 00:08:12,479
that they're ready for action you don't

206
00:08:19,670 --> 00:08:17,670
um

207
00:08:22,309 --> 00:08:19,680
they go on to say while they look almost

208
00:08:24,550 --> 00:08:22,319
human-made the little piles of sediment

209
00:08:26,070 --> 00:08:24,560
around the holes make them seem like

210
00:08:27,589 --> 00:08:26,080
they were

211
00:08:29,589 --> 00:08:27,599
excavated by

212
00:08:33,029 --> 00:08:29,599
something

213
00:08:35,269 --> 00:08:33,039

the july 23rd dive reached the depths of

214

00:08:36,949 --> 00:08:35,279

1.7 miles

215

00:08:39,750 --> 00:08:36,959

while visiting the summit of an

216

00:08:42,389 --> 00:08:39,760

underwater volcano a remotely operated

217

00:08:43,509 --> 00:08:42,399

camera was used to safely

218

00:08:46,790 --> 00:08:43,519

record

219

00:08:48,870 --> 00:08:46,800

these discoveries that's incredible

220

00:08:51,190 --> 00:08:48,880

so they have no theories they have to

221

00:08:52,870 --> 00:08:51,200

have theories at this point it's it's

222

00:08:55,350 --> 00:08:52,880

like perforated packaging it's just

223

00:08:57,910 --> 00:08:55,360

where you tear the shred and you know

224

00:09:00,389 --> 00:08:57,920

fabric of the earth and time

225

00:09:04,310 --> 00:09:00,399

if you go down to 1.7 miles like you're

226

00:09:09,590 --> 00:09:06,150

i don't know i think so i learned that

227

00:09:11,110 --> 00:09:09,600

from the abyss and the 20 000 leagues

228

00:09:13,110 --> 00:09:11,120

under the sea

229

00:09:15,430 --> 00:09:13,120

below the sea i think if you just go if

230

00:09:16,710 --> 00:09:15,440

you go down i think like a thousand feet

231

00:09:18,150 --> 00:09:16,720

it's an immense amount of pressure i

232

00:09:18,949 --> 00:09:18,160

don't think you die from a thousand feet

233

00:09:21,110 --> 00:09:18,959

but

234

00:09:23,509 --> 00:09:21,120

at one mile i think your your toast

235

00:09:25,269 --> 00:09:23,519

unless you have protection

236

00:09:28,389 --> 00:09:25,279

uh it's pretty far down there people

237

00:09:30,230 --> 00:09:28,399

record deepness right yes

238

00:09:32,470 --> 00:09:30,240

uh scientists invited the public to

239

00:09:34,070 --> 00:09:32,480

offer theories but commenters have

240

00:09:35,670 --> 00:09:34,080

raised more questions including some who

241

00:09:38,870 --> 00:09:35,680

wonder if the holes were made by

242

00:09:43,190 --> 00:09:38,880

something taking core samples

243

00:09:45,590 --> 00:09:43,200

ah i got it 702 maximum depth reached by

244

00:09:47,590 --> 00:09:45,600

anyone oh that's in a single breath what

245

00:09:49,190 --> 00:09:47,600

was that was the maximum like if you if

246

00:09:51,509 --> 00:09:49,200

i held my breath how far could i

247

00:09:53,750 --> 00:09:51,519

potentially go this is this

248

00:09:55,670 --> 00:09:53,760

fella

249

00:10:00,350 --> 00:09:55,680

702 feet

250

00:10:02,470 --> 00:10:00,360

[Applause]

251
00:10:03,590 --> 00:10:02,480
213.9 meters

252
00:10:05,509 --> 00:10:03,600
for our

253
00:10:08,550 --> 00:10:05,519
people in countries that actually

254
00:10:11,350 --> 00:10:08,560
understand that why the metric system is

255
00:10:13,030 --> 00:10:11,360
superior yes i understand this and i'll

256
00:10:15,030 --> 00:10:13,040
get it either but okay

257
00:10:17,509 --> 00:10:15,040
we'll go with it

258
00:10:19,190 --> 00:10:17,519
i guess we'll go with that thing

259
00:10:20,630 --> 00:10:19,200
um

260
00:10:22,310 --> 00:10:20,640
all right so they uh

261
00:10:24,389 --> 00:10:22,320
they one commenter said it looked like

262
00:10:25,350 --> 00:10:24,399
it was

263
00:10:27,910 --> 00:10:25,360

these

264

00:10:30,829 --> 00:10:27,920

holes are made by something taking core

265

00:10:34,310 --> 00:10:30,839

samples and i like that idea

266

00:10:36,310 --> 00:10:34,320

um quote uh goes on to say is that an

267

00:10:37,750 --> 00:10:36,320

object or an animal inside the holes

268

00:10:40,310 --> 00:10:37,760

does the

269

00:10:42,470 --> 00:10:40,320

does that line run in the same direction

270

00:10:45,269 --> 00:10:42,480

as the current ask someone else another

271

00:10:47,110 --> 00:10:45,279

question water from underground springs

272

00:10:49,990 --> 00:10:47,120

i don't know how that would happen what

273

00:10:52,630 --> 00:10:50,000

about methane gas one person said what

274

00:10:55,430 --> 00:10:52,640

the [h__\h] is that we don't know uh the

275

00:10:58,230 --> 00:10:55,440

discovery is made as part of the voyage

276

00:11:00,069 --> 00:10:58,240

to the ridge 2022 expedition which is

277

00:11:02,870 --> 00:11:00,079

exploring and mapping the poorly

278

00:11:05,670 --> 00:11:02,880

understood deep water areas off the

279

00:11:07,030 --> 00:11:05,680

charlie gibbs fracture zone i love that

280

00:11:08,710 --> 00:11:07,040

place

281

00:11:10,790 --> 00:11:08,720

uh

282

00:11:13,430 --> 00:11:10,800

the mid-atlantic ridge stretches for 10

283

00:11:15,509 --> 00:11:13,440

000 miles from north to south and is

284

00:11:17,430 --> 00:11:15,519

considered the longest mountain range in

285

00:11:20,470 --> 00:11:17,440

the world and one of the most prominent

286

00:11:23,030 --> 00:11:20,480

geological features on earth

287

00:11:24,389 --> 00:11:23,040

so i if we find it so fascinating you'd

288

00:11:26,790 --> 00:11:24,399

imagine

289

00:11:28,949 --> 00:11:26,800

that whatever's visiting this earth or

290

00:11:30,150 --> 00:11:28,959

whoever lives down there in the ocean

291

00:11:31,990 --> 00:11:30,160

they're hanging out down there they're

292

00:11:33,750 --> 00:11:32,000

doing things

293

00:11:35,670 --> 00:11:33,760

we're gonna call the aquarium or

294

00:11:38,310 --> 00:11:35,680

something dude

295

00:11:40,710 --> 00:11:38,320

okay so i've i've got it now okay you

296

00:11:42,389 --> 00:11:40,720

can go miles underwater

297

00:11:43,750 --> 00:11:42,399

with gear but gear that's what i'm

298

00:11:46,470 --> 00:11:43,760

talking about but it's got to be some

299

00:11:49,110 --> 00:11:46,480

pretty good gear like not stuff i can

300

00:11:51,990 --> 00:11:49,120

just buy at home depot or gander

301
00:11:53,110 --> 00:11:52,000
mountain like you got to get some

302
00:11:54,870 --> 00:11:53,120
good gear

303
00:11:57,030 --> 00:11:54,880
like top shelf

304
00:11:58,550 --> 00:11:57,040
james cameron stuff yeah you probably

305
00:12:00,949 --> 00:11:58,560
would need that

306
00:12:03,190 --> 00:12:00,959
unless you are one of those like water

307
00:12:04,629 --> 00:12:03,200
alien things hey i put an article in

308
00:12:06,710 --> 00:12:04,639
there this is from

309
00:12:07,750 --> 00:12:06,720
down to scuba.com

310
00:12:10,150 --> 00:12:07,760
oh

311
00:12:12,550 --> 00:12:10,160
i is but i i don't know i like down the

312
00:12:14,440 --> 00:12:12,560
fuck.com but

313
00:12:16,069 --> 00:12:14,450

down this is a whole different thing

314

00:12:17,750 --> 00:12:16,079

[Laughter]

315

00:12:19,990 --> 00:12:17,760

humans so here's the part that's

316

00:12:22,389 --> 00:12:20,000

important how deep can you dive before

317

00:12:23,829 --> 00:12:22,399

being crushed it says um

318

00:12:27,190 --> 00:12:23,839

or it asks

319

00:12:29,750 --> 00:12:27,200

human bone crushes at about

320

00:12:34,069 --> 00:12:29,760

uh eleven thousand one hundred and fifty

321

00:12:37,110 --> 00:12:34,079

nine kilograms per square inch okay

322

00:12:38,550 --> 00:12:37,120

yeah i did well that's that's a pressure

323

00:12:41,470 --> 00:12:38,560

measurement okay

324

00:12:44,310 --> 00:12:41,480

uh that means we'd have to dive to about

325

00:12:47,190 --> 00:12:44,320

35.5 kilometers depth

326

00:12:49,110 --> 00:12:47,200

before bones begin to crush

327

00:12:51,990 --> 00:12:49,120

okay okay

328

00:12:54,550 --> 00:12:52,000

that's this is three times the as deep

329

00:12:56,069 --> 00:12:54,560

as the deepest point in our ocean these

330

00:12:57,509 --> 00:12:56,079

are some i don't know these are some

331

00:12:59,990 --> 00:12:57,519

like

332

00:13:01,590 --> 00:13:00,000

scuba divers talk a big game here yeah

333

00:13:04,470 --> 00:13:01,600

they certainly do

334

00:13:07,030 --> 00:13:04,480

uh but going down that deep i mean

335

00:13:08,550 --> 00:13:07,040

you don't you you die way before that

336

00:13:10,710 --> 00:13:08,560

even if you feel like you would yeah

337

00:13:11,990 --> 00:13:10,720

like we were talking about

338

00:13:13,590 --> 00:13:12,000

uh

339

00:13:15,430 --> 00:13:13,600

not just worrying about your bones crush

340

00:13:17,350 --> 00:13:15,440

but your lungs collapsing and stuff like

341

00:13:19,269 --> 00:13:17,360

that even if you had protective gear but

342

00:13:21,990 --> 00:13:19,279

apparently this stuff doesn't affect the

343

00:13:23,670 --> 00:13:22,000

aliens or or the the future humans that

344

00:13:25,269 --> 00:13:23,680

are living down there

345

00:13:28,310 --> 00:13:25,279

so uh

346

00:13:32,629 --> 00:13:28,320

down to scuba.com they got all the news

347

00:13:34,310 --> 00:13:32,639

yep but they got a youtube channel yeah

348

00:13:36,150 --> 00:13:34,320

you know i have seen youtube channels

349

00:13:37,350 --> 00:13:36,160

and all they do is they talk about scuba

350

00:13:39,509 --> 00:13:37,360

i mean that's all they do they talk

351
00:13:40,230 --> 00:13:39,519
about diving and scuba

352
00:13:42,550 --> 00:13:40,240
dude

353
00:13:44,150 --> 00:13:42,560
did you ever know anybody who did scuba

354
00:13:46,470 --> 00:13:44,160
diving no

355
00:13:48,949 --> 00:13:46,480
well if you do

356
00:13:50,790 --> 00:13:48,959
it's like uh vegans

357
00:13:53,030 --> 00:13:50,800
okay that's all i talk about that's they

358
00:13:54,790 --> 00:13:53,040
can i mean they might as well wear their

359
00:13:57,189 --> 00:13:54,800
scuba gear to work

360
00:13:58,550 --> 00:13:57,199
yeah it gets to be a little much

361
00:14:00,150 --> 00:13:58,560
yep

362
00:14:01,430 --> 00:14:00,160
like it's like

363
00:14:03,750 --> 00:14:01,440

like hanging out with the jehovah's

364

00:14:06,150 --> 00:14:03,760

witness like jesus christ dude

365

00:14:07,590 --> 00:14:06,160

like lay off lay off of it for yeah

366

00:14:10,629 --> 00:14:07,600

that's who i want to talk to you about

367

00:14:12,710 --> 00:14:10,639

jesus christ yeah

368

00:14:14,710 --> 00:14:12,720

oh interesting okay

369

00:14:15,829 --> 00:14:14,720

well i mean take a look at that we got

370

00:14:20,069 --> 00:14:15,839

the

371

00:14:22,389 --> 00:14:20,079

loch ness as a possibility like this

372

00:14:23,590 --> 00:14:22,399

monster i mean it's all happening people

373

00:14:30,629 --> 00:14:23,600

we're going to move on we've got some

374

00:14:36,150 --> 00:14:33,670

oh yes you should play that drop when we

375

00:14:38,629 --> 00:14:36,160

go to like sad depressing news

376

00:14:39,990 --> 00:14:38,639

okay let me give me a heads up like give

377

00:14:42,069 --> 00:14:40,000

me like a little

378

00:14:45,110 --> 00:14:42,079

wink of the eye or finger in the air and

379

00:14:46,550 --> 00:14:45,120

i'll see what i can do yeah and uh we'll

380

00:14:48,790 --> 00:14:46,560

we'll see if we can do it it is that is

381

00:14:50,949 --> 00:14:48,800

a cheery

382

00:14:53,189 --> 00:14:50,959

john jaunt right into the the new

383

00:14:55,670 --> 00:14:53,199

segment i would say it's a jaunt

384

00:15:01,110 --> 00:14:58,310

uh just some some quick uh paranormal

385

00:15:03,030 --> 00:15:01,120

headlines here because i gotta cover it

386

00:15:05,590 --> 00:15:03,040

this comes from the drive.com these

387

00:15:06,389 --> 00:15:05,600

these guys always do an amazing job and

388

00:15:14,629 --> 00:15:06,399

uh

389

00:15:18,470 --> 00:15:14,639

wants uap investigators to focus on the

390

00:15:20,470 --> 00:15:18,480

ones that are not man made

391

00:15:22,230 --> 00:15:20,480

oh really

392

00:15:24,150 --> 00:15:22,240

okay well and that's what we we would

393

00:15:25,350 --> 00:15:24,160

all hope that they would be focusing on

394

00:15:27,269 --> 00:15:25,360

is the

395

00:15:29,509 --> 00:15:27,279

non-man-made

396

00:15:30,710 --> 00:15:29,519

uaps

397

00:15:32,389 --> 00:15:30,720

i thought there was a whole point of

398

00:15:34,069 --> 00:15:32,399

this thing

399

00:15:35,670 --> 00:15:34,079

but apparently the senate has to tell

400

00:15:38,949 --> 00:15:35,680

these people

401
00:15:40,470 --> 00:15:38,959
no just look at the non-man-made ones

402
00:15:43,030 --> 00:15:40,480
a newly released senate report

403
00:15:45,990 --> 00:15:43,040
criticizes the pentagon's response to

404
00:15:48,629 --> 00:15:46,000
uh what it says are exponentially

405
00:15:52,389 --> 00:15:48,639
growing threats posed from or by

406
00:15:54,790 --> 00:15:52,399
unidentified phenomena

407
00:15:57,509 --> 00:15:54,800
so they're very upset and by the way joe

408
00:16:00,470 --> 00:15:57,519
this past week

409
00:16:02,150 --> 00:16:00,480
skinwalker ranch skinwalker was trending

410
00:16:04,069 --> 00:16:02,160
on twitter

411
00:16:05,110 --> 00:16:04,079
uh and i realized like that the season

412
00:16:06,949 --> 00:16:05,120
just

413
00:16:09,030 --> 00:16:06,959

ended and there's been a lot of talk

414

00:16:11,590 --> 00:16:09,040

about skinwalker ranch

415

00:16:14,230 --> 00:16:11,600

and a lot of people are are on board

416

00:16:17,430 --> 00:16:14,240

with it but it seems like at this point

417

00:16:18,629 --> 00:16:17,440

if it's trending on twitter

418

00:16:20,069 --> 00:16:18,639

they

419

00:16:22,949 --> 00:16:20,079

the powers that be

420

00:16:25,910 --> 00:16:22,959

and whoever is is injecting stuff into

421

00:16:28,550 --> 00:16:25,920

the twitter algorithm they want people

422

00:16:30,470 --> 00:16:28,560

to look at skinwalker ranch now like

423

00:16:33,910 --> 00:16:30,480

they want to become

424

00:16:34,710 --> 00:16:33,920

part of the public consciousness

425

00:16:37,430 --> 00:16:34,720

like

426

00:16:38,949 --> 00:16:37,440

now at this point i have to think that

427

00:16:40,790 --> 00:16:38,959

yeah they're investigating some

428

00:16:42,629 --> 00:16:40,800

interesting anomalies at skinwalker

429

00:16:46,629 --> 00:16:42,639

ranch but it could be just one big

430

00:16:50,870 --> 00:16:49,189

i've i've taken that position i i'm

431

00:16:52,949 --> 00:16:50,880

willing to entertain that

432

00:16:54,470 --> 00:16:52,959

uh what is currently going on there is a

433

00:16:57,110 --> 00:16:54,480

psyop

434

00:16:58,470 --> 00:16:57,120

i mean yeah plausible prime in the pump

435

00:17:01,189 --> 00:16:58,480

for

436

00:17:02,829 --> 00:17:01,199

the uh you know kova done mark so let's

437

00:17:06,630 --> 00:17:02,839

do the alien thing now

438

00:17:09,669 --> 00:17:06,640

possibly aliens yeah the the i love this

439

00:17:12,309 --> 00:17:09,679

idea it's like no no no we want the ones

440

00:17:14,750 --> 00:17:12,319

that aren't man-made yeah stop looking

441

00:17:17,590 --> 00:17:14,760

at the chinese ones and look at the the

442

00:17:20,069 --> 00:17:17,600

non-man-made ones no i want them like

443

00:17:22,789 --> 00:17:20,079

they're turning over video and footage

444

00:17:25,029 --> 00:17:22,799

and camera shots you know photographs of

445

00:17:27,510 --> 00:17:25,039

of you know how this happened a couple

446

00:17:29,590 --> 00:17:27,520

times but people attached dildos to

447

00:17:32,710 --> 00:17:29,600

drones

448

00:17:34,230 --> 00:17:32,720

we want to look at those ones

449

00:17:35,669 --> 00:17:34,240

they keep getting those and they're like

450

00:17:37,990 --> 00:17:35,679

we don't want to see these i know

451
00:17:41,510 --> 00:17:38,000
exactly what that is we've seen we've

452
00:17:43,750 --> 00:17:41,520
seen the putin dong uh drone video give

453
00:17:45,270 --> 00:17:43,760
us more give us more of the other alien

454
00:17:47,190 --> 00:17:45,280
ones

455
00:17:48,710 --> 00:17:47,200
you remember that one when uh there's

456
00:17:50,549 --> 00:17:48,720
like putin was given a speech and

457
00:17:52,230 --> 00:17:50,559
someone flew a drone and there was a

458
00:17:54,150 --> 00:17:52,240
dildo attached to it that's what i'm

459
00:17:55,590 --> 00:17:54,160
saying there yeah it's a couple of votes

460
00:17:57,750 --> 00:17:55,600
i think it's happened a couple of times

461
00:17:59,190 --> 00:17:57,760
yeah that's a great one

462
00:18:01,270 --> 00:17:59,200
i kind of want to get a drone and a

463
00:18:03,110 --> 00:18:01,280

dildo just to do this

464

00:18:04,390 --> 00:18:03,120

yeah i mean i'm sure there's stability

465

00:18:06,390 --> 00:18:04,400

issues and you have to balance it

466

00:18:07,750 --> 00:18:06,400

correctly but uh i think you can get it

467

00:18:09,430 --> 00:18:07,760

done i think we have the technology to

468

00:18:11,110 --> 00:18:09,440

do that for sure

469

00:18:12,549 --> 00:18:11,120

we'll read a little bit of this here so

470

00:18:14,549 --> 00:18:12,559

members of the u.s senate are

471

00:18:16,549 --> 00:18:14,559

criticizing the pentagon's slow progress

472

00:18:18,950 --> 00:18:16,559

in setting up a new organization and

473

00:18:21,029 --> 00:18:18,960

reporting mechanisms among other things

474

00:18:23,350 --> 00:18:21,039

to address what they claim are

475

00:18:26,549 --> 00:18:23,360

exponentially growing threats presented

476

00:18:28,789 --> 00:18:26,559

by unidentified aerospace and

477

00:18:31,029 --> 00:18:28,799

undersea phenomena

478

00:18:33,830 --> 00:18:31,039

the same legislatures will also want the

479

00:18:35,350 --> 00:18:33,840

us military led office now charged with

480

00:18:38,870 --> 00:18:35,360

investigating and studying these

481

00:18:40,950 --> 00:18:38,880

phenomena to focus on truly unexplained

482

00:18:44,150 --> 00:18:40,960

incidents rather than the ones they have

483

00:18:45,750 --> 00:18:44,160

been determined uh to be man-made

484

00:18:47,510 --> 00:18:45,760

systems

485

00:18:50,870 --> 00:18:47,520

uh these comments were included in a

486

00:18:54,310 --> 00:18:50,880

report that senator mark warner of

487

00:18:56,150 --> 00:18:54,320

virginia he's a virginia democrat who is

488

00:18:57,430 --> 00:18:56,160

the current chairman of the senate

489

00:18:59,750 --> 00:18:57,440

intelligence committee submitted on

490

00:19:00,789 --> 00:18:59,760

behalf of the committee on july 20th

491

00:19:02,789 --> 00:19:00,799

okay

492

00:19:04,230 --> 00:19:02,799

so they there's like a big report here

493

00:19:06,630 --> 00:19:04,240

they're saying hey quit

494

00:19:08,549 --> 00:19:06,640

jerking us around the pentagon and get

495

00:19:11,190 --> 00:19:08,559

to work and give us some interesting

496

00:19:13,029 --> 00:19:11,200

alien stuff

497

00:19:16,710 --> 00:19:13,039

and this is a quite lengthy article i'll

498

00:19:21,669 --> 00:19:18,789

so uh goes on say we're all open to

499

00:19:24,070 --> 00:19:21,679

we're open to all hypothesis

500

00:19:26,070 --> 00:19:24,080

ronald mortrey under secretary of

501

00:19:28,710 --> 00:19:26,080

defense for intelligence and security

502

00:19:30,549 --> 00:19:28,720

said uh had and he assured members of

503

00:19:32,630 --> 00:19:30,559

the house intelligence committee

504

00:19:35,590 --> 00:19:32,640

uh during hearing about

505

00:19:37,990 --> 00:19:35,600

unidentified era phenomena or uaps back

506

00:19:40,390 --> 00:19:38,000

in may we're open to any conclusion that

507

00:19:42,549 --> 00:19:40,400

we may encounter

508

00:19:44,390 --> 00:19:42,559

okay so it sounds like they're not open

509

00:19:47,190 --> 00:19:44,400

to anything if they have to continually

510

00:19:48,710 --> 00:19:47,200

say that but uh we'll we'll find out but

511

00:19:50,789 --> 00:19:48,720

just to wrap things up here like the

512

00:19:53,350 --> 00:19:50,799

last two paragraphs

513

00:19:57,110 --> 00:19:53,360

the senate's draft draft the

514

00:19:59,110 --> 00:19:57,120

iaa would also require the gao i think

515

00:20:01,830 --> 00:19:59,120

it's the general accounting office to

516

00:20:03,750 --> 00:20:01,840

conduct a similar a similar thoroughly

517

00:20:05,990 --> 00:20:03,760

historical review of unidentified

518

00:20:07,990 --> 00:20:06,000

phenomenal records classified in

519

00:20:09,830 --> 00:20:08,000

unclassified from within the

520

00:20:11,350 --> 00:20:09,840

intelligence community but makes no

521

00:20:13,590 --> 00:20:11,360

specific mention

522

00:20:15,990 --> 00:20:13,600

of any potential recovery

523

00:20:18,390 --> 00:20:16,000

of non-man-made technology

524

00:20:20,470 --> 00:20:18,400

and does not allude to the possibility

525

00:20:21,430 --> 00:20:20,480

of intelligence community efforts to

526

00:20:23,990 --> 00:20:21,440

hide

527

00:20:27,909 --> 00:20:24,000

any relevant activities

528

00:20:33,029 --> 00:20:29,510

uh no matter what it is important to

529

00:20:35,750 --> 00:20:33,039

remember that there are still many steps

530

00:20:39,350 --> 00:20:35,760

uh the intelligence authorization act of

531

00:20:41,110 --> 00:20:39,360

2023 fiscal year still has to go through

532

00:20:42,870 --> 00:20:41,120

uh both in the senate and the house of

533

00:20:45,830 --> 00:20:42,880

represent representatives before it can

534

00:20:47,430 --> 00:20:45,840

be sent to president joe biden who will

535

00:20:48,789 --> 00:20:47,440

then decide whether or not to send it

536

00:20:49,590 --> 00:20:48,799

into law

537

00:20:51,990 --> 00:20:49,600

though

538

00:20:54,070 --> 00:20:52,000

will he decide this

539

00:20:56,070 --> 00:20:54,080

someone's doing something someone's

540

00:20:58,950 --> 00:20:56,080

going to decide something someone's

541

00:21:01,110 --> 00:20:58,960

holding his pen for him that's all i

542

00:21:03,830 --> 00:21:01,120

know come on man

543

00:21:07,590 --> 00:21:03,840

he's got coveted he can't do anything

544

00:21:09,510 --> 00:21:07,600

not a joke and cancer

545

00:21:11,190 --> 00:21:09,520

so who knows what's going to happen here

546

00:21:13,510 --> 00:21:11,200

it sounds like the

547

00:21:15,669 --> 00:21:13,520

the senate's passively upset but they

548

00:21:17,430 --> 00:21:15,679

gave it out and they also are talking

549

00:21:18,710 --> 00:21:17,440

about the intelligence communities you

550

00:21:21,510 --> 00:21:18,720

gotta know

551
00:21:23,510 --> 00:21:21,520
you have to assume at this point the cia

552
00:21:25,350 --> 00:21:23,520
has got to know a hell of a lot at this

553
00:21:27,190 --> 00:21:25,360
point the fbi knows more than what

554
00:21:29,590 --> 00:21:27,200
they're letting on the pentagon knows

555
00:21:31,029 --> 00:21:29,600
way more than an election so does nasa

556
00:21:32,789 --> 00:21:31,039
we've had so many different

557
00:21:34,870 --> 00:21:32,799
whistleblowers come forward

558
00:21:36,470 --> 00:21:34,880
and say they got the stuff they have

559
00:21:38,310 --> 00:21:36,480
documents they've done this research

560
00:21:40,950 --> 00:21:38,320
there are probably

561
00:21:44,149 --> 00:21:40,960
reams and reams of video in film at this

562
00:21:45,990 --> 00:21:44,159
point that they have chosen not to share

563
00:21:48,310 --> 00:21:46,000

with the american people the senate and

564

00:21:50,710 --> 00:21:48,320

the in the house of representatives

565

00:21:51,430 --> 00:21:50,720

because they only want to focus on 2003

566

00:21:52,950 --> 00:21:51,440

and

567

00:21:54,070 --> 00:21:52,960

up to current they don't want to go back

568

00:21:55,510 --> 00:21:54,080

to the past

569

00:21:56,590 --> 00:21:55,520

so something stinks here something

570

00:21:59,270 --> 00:21:56,600

stinks real fast

571
