

HAL PUTHOFF & ULTRATERRESTRIALS

1
00:00:00,270 --> 00:00:07,909
[Applause]

2
00:00:13,350 --> 00:00:11,350
and we'll move on to some other stranger

3
00:00:15,669 --> 00:00:13,360
topics

4
00:00:18,710 --> 00:00:15,679
uh i got something quick for everyone

5
00:00:20,870 --> 00:00:18,720
uh so there has been a new pdf that has

6
00:00:22,070 --> 00:00:20,880
been put out by how

7
00:00:23,109 --> 00:00:22,080
put off

8
00:00:26,470 --> 00:00:23,119
uh

9
00:00:31,429 --> 00:00:26,480
this is like a 37 page pdf about the

10
00:00:34,069 --> 00:00:31,439
possible origins of ufo ufos and uh

11
00:00:35,590 --> 00:00:34,079
extraterrestrials um it's pretty

12
00:00:37,430 --> 00:00:35,600
interesting so how put off or anybody

13
00:00:40,229 --> 00:00:37,440

doesn't know he's an american uh

14

00:00:43,590 --> 00:00:40,239

parapsychologist he's also an engineer

15

00:00:46,310 --> 00:00:43,600

he was one of the founders of tom

16

00:00:48,869 --> 00:00:46,320

delong's company to the stars academy

17

00:00:49,990 --> 00:00:48,879

he's also probably most notably

18

00:00:53,029 --> 00:00:50,000

um

19

00:00:56,310 --> 00:00:53,039

recognized as one of the founders or key

20

00:00:59,670 --> 00:00:56,320

members in project stargate with a

21

00:01:03,029 --> 00:00:59,680

russian targ so that's the uh the cia

22

00:01:05,429 --> 00:01:03,039

partially funded a remote viewing

23

00:01:06,950 --> 00:01:05,439

uh operation or remote viewing uh

24

00:01:09,670 --> 00:01:06,960

project that took place in the uh i

25

00:01:11,910 --> 00:01:09,680

think the 70s and 80s

26

00:01:13,830 --> 00:01:11,920

and so he's been on the forefront of

27

00:01:15,510 --> 00:01:13,840

ufos interesting interested in the stuff

28

00:01:18,469 --> 00:01:15,520

for a very long time

29

00:01:21,590 --> 00:01:18,479

and he put out this uh this pdf

30

00:01:25,030 --> 00:01:21,600

called uh the ultra terrestrial model

31

00:01:27,910 --> 00:01:25,040

and in this pdf he tries to break down

32

00:01:30,390 --> 00:01:27,920

what these things visiting our planet

33

00:01:32,710 --> 00:01:30,400

could be he breaks it down into a couple

34

00:01:35,670 --> 00:01:32,720

different categories uh he thinks that

35

00:01:37,990 --> 00:01:35,680

uh these ufos could be a community of

36

00:01:39,670 --> 00:01:38,000

et's or gods

37

00:01:41,749 --> 00:01:39,680

that you know if they appeared thousands

38

00:01:44,389 --> 00:01:41,759

of years ago they'd be viewed as gods

39

00:01:45,270 --> 00:01:44,399

um he also speculates that uh these uh

40

00:01:51,429 --> 00:01:45,280

these

41

00:01:54,469 --> 00:01:51,439

uh remnants of an isolated culture

42

00:01:57,190 --> 00:01:54,479

that uh is a descendant of atlantis or

43

00:01:59,670 --> 00:01:57,200

lumeria basically humans or whoever was

44

00:02:02,310 --> 00:01:59,680

populating this place before us uh had

45

00:02:04,950 --> 00:02:02,320

technology and continued to remain here

46

00:02:09,510 --> 00:02:04,960

we us humans just kind of evolved in our

47

00:02:12,229 --> 00:02:09,520

own way and then he also speculates that

48

00:02:14,309 --> 00:02:12,239

an ancient occult group

49

00:02:16,710 --> 00:02:14,319

accidentally stumbled upon these

50

00:02:19,830 --> 00:02:16,720

creatures through their occult practices

51
00:02:22,150 --> 00:02:19,840
and discovered new sources of energy

52
00:02:24,710 --> 00:02:22,160
and discovered new dimensions through

53
00:02:25,670 --> 00:02:24,720
their occult practices and he references

54
00:02:26,470 --> 00:02:25,680
um

55
00:02:37,670 --> 00:02:26,480
uh

56
00:02:40,790 --> 00:02:37,680
black arts

57
00:02:42,790 --> 00:02:40,800
uh so he he has those hypothesis is out

58
00:02:46,150 --> 00:02:42,800
there so hypotheses

59
00:02:48,949 --> 00:02:46,160
um and he kind of digs into saying okay

60
00:02:51,750 --> 00:02:48,959
the they're here on earth these aliens

61
00:02:53,910 --> 00:02:51,760
are here they're making it kind of a

62
00:02:57,589 --> 00:02:53,920
little well known well

63
00:02:59,110 --> 00:02:57,599

is it a a roswell crash situation where

64

00:03:01,589 --> 00:02:59,120

some crashed down

65

00:03:03,509 --> 00:03:01,599

and they their technology

66

00:03:06,070 --> 00:03:03,519

was grabbed up by us and then that

67

00:03:08,390 --> 00:03:06,080

seeded uh what we are experiencing today

68

00:03:10,309 --> 00:03:08,400

uh our technological revolution was

69

00:03:14,070 --> 00:03:10,319

partially seeded by that

70

00:03:16,149 --> 00:03:14,080

or was it some sort of isolated group

71

00:03:17,270 --> 00:03:16,159

like from atlantis and what would that

72

00:03:19,110 --> 00:03:17,280

look like

73

00:03:21,030 --> 00:03:19,120

well maybe the telltale signs of an

74

00:03:22,229 --> 00:03:21,040

isolated group of humans with advanced

75

00:03:24,390 --> 00:03:22,239

technology

76

00:03:27,750 --> 00:03:24,400

might look like something

77

00:03:30,710 --> 00:03:27,760

uh like the airship flap that happened

78

00:03:33,270 --> 00:03:30,720

in the late 1800s early 1900s where

79

00:03:35,830 --> 00:03:33,280

there were tons and tons of people

80

00:03:38,229 --> 00:03:35,840

throughout the united states uh swearing

81

00:03:40,149 --> 00:03:38,239

that they saw airships in the sky and

82

00:03:41,350 --> 00:03:40,159

some of those even landed down and

83

00:03:44,070 --> 00:03:41,360

interact with people how there's an

84

00:03:47,830 --> 00:03:44,080

airship that was supposedly uh crashed

85

00:03:50,550 --> 00:03:47,840

and is occupant uh died and was buried

86

00:03:52,309 --> 00:03:50,560

in a grave in texas that's a very uh

87

00:03:55,190 --> 00:03:52,319

well-known story

88

00:03:57,270 --> 00:03:55,200

then the other hypothesis is possibly uh

89

00:03:58,630 --> 00:03:57,280

maybe it's a stranded

90

00:04:01,190 --> 00:03:58,640

population

91

00:04:03,509 --> 00:04:01,200

of ets and they were stranded here a

92

00:04:05,830 --> 00:04:03,519

long time ago um they just decided to

93

00:04:07,830 --> 00:04:05,840

make earth their home and they're kind

94

00:04:10,229 --> 00:04:07,840

of living in parallel to us and then

95

00:04:13,110 --> 00:04:10,239

last one that he kind of uh speculates

96

00:04:15,670 --> 00:04:13,120

on is interdimensional or the time

97

00:04:18,949 --> 00:04:15,680

traveler hypothesis and

98

00:04:21,909 --> 00:04:18,959

he goes into saying that well maybe that

99

00:04:24,469 --> 00:04:21,919

uh the telltale signs of this is that uh

100

00:04:27,670 --> 00:04:24,479

humans sometimes experience portal

101
00:04:29,430 --> 00:04:27,680
access to these alternate realities that

102
00:04:32,230 --> 00:04:29,440
uh

103
00:04:34,150 --> 00:04:32,240
things may appear to be out of sync or

104
00:04:35,830 --> 00:04:34,160
you experience a time slip where

105
00:04:36,950 --> 00:04:35,840
accidentally you walk through one of

106
00:04:38,390 --> 00:04:36,960
these portals and you see a bunch of

107
00:04:39,430 --> 00:04:38,400
people dressed in

108
00:04:41,110 --> 00:04:39,440
uh

109
00:04:43,350 --> 00:04:41,120
period clothing

110
00:04:44,950 --> 00:04:43,360
that uh are from the eighteen hundreds

111
00:04:47,590 --> 00:04:44,960
nineteen hundreds and you slip back into

112
00:04:51,110 --> 00:04:47,600
our time which uh he has like all this

113
00:04:53,830 --> 00:04:51,120

stuff cited throughout this entire pdf

114

00:04:55,189 --> 00:04:53,840

and what he basically comes down to

115

00:04:58,230 --> 00:04:55,199

suggesting

116

00:04:59,510 --> 00:04:58,240

is the ultra-terrestrial hypothesis

117

00:05:01,670 --> 00:04:59,520

that

118

00:05:04,150 --> 00:05:01,680

we are dealing with

119

00:05:05,909 --> 00:05:04,160

these ufos are are

120

00:05:07,670 --> 00:05:05,919

are basically

121

00:05:10,390 --> 00:05:07,680

a race

122

00:05:12,390 --> 00:05:10,400

of entities that are living on earth

123

00:05:14,790 --> 00:05:12,400

with us in parallel

124

00:05:16,230 --> 00:05:14,800

and that all the interactions that we've

125

00:05:19,590 --> 00:05:16,240

experienced

126

00:05:21,990 --> 00:05:19,600

is to obfuscate their true origin and

127

00:05:26,150 --> 00:05:22,000

their agenda because all the recent

128

00:05:29,590 --> 00:05:26,160

claims that uh alien abductees have had

129

00:05:32,790 --> 00:05:29,600

has basically been a warning against

130

00:05:33,990 --> 00:05:32,800

atomic weapons um and why would aliens

131

00:05:36,150 --> 00:05:34,000

really care

132

00:05:38,150 --> 00:05:36,160

if we're blowing each other up with

133

00:05:39,110 --> 00:05:38,160

atomic weapons unless they're living

134

00:05:40,469 --> 00:05:39,120

here

135

00:05:42,710 --> 00:05:40,479

um

136

00:05:44,710 --> 00:05:42,720

and he said well if if they are living

137

00:05:46,870 --> 00:05:44,720

here well then they probably engage in

138

00:05:49,350 --> 00:05:46,880

subterfuge and disinformation a

139

00:05:51,029 --> 00:05:49,360

misdirection to make people think that

140

00:05:53,270 --> 00:05:51,039

they're actually coming from

141

00:05:54,790 --> 00:05:53,280

place outside the solar system

142

00:05:56,790 --> 00:05:54,800

and that

143

00:05:59,590 --> 00:05:56,800

throughout the throughout the

144

00:06:01,189 --> 00:05:59,600

decades if not centuries of these

145

00:06:03,110 --> 00:06:01,199

interactions between humans and

146

00:06:05,270 --> 00:06:03,120

ultra-terrestrials they've taken a wide

147

00:06:08,230 --> 00:06:05,280

range of appearance ranging from people

148

00:06:10,710 --> 00:06:08,240

who just look like humans to grays to

149

00:06:13,430 --> 00:06:10,720

dwarfs to fairies they take all they

150

00:06:16,230 --> 00:06:13,440

take on all shapes and sizes

151

00:06:18,150 --> 00:06:16,240

and the last one he points to as a

152

00:06:19,909 --> 00:06:18,160

possible telltale sign that these are

153

00:06:22,550 --> 00:06:19,919

ultra terrestrials living right next to

154

00:06:24,710 --> 00:06:22,560

us is that a lot of time eat up

155

00:06:27,270 --> 00:06:24,720

abductees talk about

156

00:06:28,950 --> 00:06:27,280

being taken to cave-like or undersea

157

00:06:30,790 --> 00:06:28,960

destinations

158

00:06:32,710 --> 00:06:30,800

during these abductions meaning they're

159

00:06:34,870 --> 00:06:32,720

not that far away

160

00:06:38,070 --> 00:06:34,880

that uh these encounters

161

00:06:40,309 --> 00:06:38,080

uh they're not often take taken to far

162

00:06:42,710 --> 00:06:40,319

away worlds like it's happening right

163

00:06:45,510 --> 00:06:42,720

here baby it's happening

164

00:06:47,110 --> 00:06:45,520

and so i'll post a link to this pdf uh

165

00:06:49,749 --> 00:06:47,120

it's pretty fascinating

166

00:06:51,430 --> 00:06:49,759

i i i'd like to see what congress thinks

167

00:06:53,189 --> 00:06:51,440

about this and they're in their new ufo

168

00:06:54,870 --> 00:06:53,199

hearings but i doubt they will get much

169

00:06:57,589 --> 00:06:54,880

play they'll get they'll get right on

170

00:07:00,830 --> 00:06:57,599

that give us an email at our big dumb
