

# DOPPELGANGERS

1  
00:00:09,830 --> 00:00:03,230  
oh

2  
00:00:13,610 --> 00:00:09,840  
the headline is doppelgangers may share

3  
00:00:16,310 --> 00:00:13,620  
DNA as well as looks

4  
00:00:19,130 --> 00:00:16,320  
uh two unrelated individuals who look

5  
00:00:21,050 --> 00:00:19,140  
almost exactly the same may have more in

6  
00:00:23,689 --> 00:00:21,060  
common with one another than previously

7  
00:00:25,130 --> 00:00:23,699  
thought a doppelganger is essentially a

8  
00:00:27,410 --> 00:00:25,140  
person who happens to look almost

9  
00:00:29,990 --> 00:00:27,420  
identical to another person despite

10  
00:00:33,170 --> 00:00:30,000  
neither of them being directly related

11  
00:00:35,630 --> 00:00:33,180  
such a coincidence can be quite striking

12  
00:00:37,729 --> 00:00:35,640  
but now a new study has revealed that

13  
00:00:40,490 --> 00:00:37,739

people who look alike who look like one

14

00:00:43,250 --> 00:00:40,500

another may also happen to share genetic

15

00:00:46,190 --> 00:00:43,260

and lifestyle traits as well Joe have

16

00:00:49,190 --> 00:00:46,200

you ever run into anybody who says hey I

17

00:00:51,650 --> 00:00:49,200

I I just saw you over there or I ran

18

00:00:54,770 --> 00:00:51,660

into somebody who looks exactly like you

19

00:00:56,450 --> 00:00:54,780

you know I have had this happen with uh

20

00:00:58,849 --> 00:00:56,460

somebody we went to school with actually

21

00:01:01,910 --> 00:00:58,859

and they're like oh you look just like

22

00:01:04,009 --> 00:01:01,920

this person I work with and then I I

23

00:01:05,990 --> 00:01:04,019

think I saw a picture he showed me a

24

00:01:08,050 --> 00:01:06,000

picture of him and I was kind of

25

00:01:11,170 --> 00:01:08,060

offended he's like

26

00:01:14,149 --> 00:01:11,180

I mean look at that face

27

00:01:16,130 --> 00:01:14,159

I I don't know man maybe I am that like

28

00:01:17,450 --> 00:01:16,140

he I don't know it depends on the day I

29

00:01:19,190 --> 00:01:17,460

suppose and how much I've been drinking

30

00:01:22,789 --> 00:01:19,200

I've been so drunk sometimes face ID

31

00:01:25,490 --> 00:01:22,799

don't recognize me so uh but there has

32

00:01:28,370 --> 00:01:25,500

been I I remember I was at a uh Hotel

33

00:01:29,990 --> 00:01:28,380

one of the airbnbs I was staying at uh

34

00:01:32,330 --> 00:01:30,000

it was a hotel actually but they had

35

00:01:34,550 --> 00:01:32,340

converted it because covid uh to Airbnb

36

00:01:36,710 --> 00:01:34,560

and uh I was getting back on my feet

37

00:01:39,109 --> 00:01:36,720

from the whole Mexico [h\_\_h] and there was

38

00:01:41,690 --> 00:01:39,119

this lady and she looked just like a

39

00:01:43,910 --> 00:01:41,700

friend of mine who lived in Austin just

40

00:01:47,030 --> 00:01:43,920

like from style which is very elaborate

41

00:01:48,230 --> 00:01:47,040

like it's super unique and it's making

42

00:01:49,670 --> 00:01:48,240

me think of what you're saying is that

43

00:01:51,170 --> 00:01:49,680

if you're in like certain kind of look

44

00:01:53,149 --> 00:01:51,180

category maybe you end up in this

45

00:01:55,310 --> 00:01:53,159

position where you make those same

46

00:01:56,630 --> 00:01:55,320

similar decisions but I swear to God I

47

00:01:58,310 --> 00:01:56,640

went up to her and I was like Christian

48

00:02:00,770 --> 00:01:58,320

how's it going how what are you doing

49

00:02:02,749 --> 00:02:00,780

here and it was totally not her she had

50

00:02:05,630 --> 00:02:02,759

the same voice too same voice and

51  
00:02:07,490 --> 00:02:05,640  
everything it was nuts I I've uh I've

52  
00:02:10,070 --> 00:02:07,500  
done that I've seen people that I

53  
00:02:11,869 --> 00:02:10,080  
thought I could swear it was a person

54  
00:02:15,050 --> 00:02:11,879  
that I knew and it turned out not to be

55  
00:02:17,690 --> 00:02:15,060  
them uh I've had people tell me hey I I

56  
00:02:19,850 --> 00:02:17,700  
saw your doppelganger somewhere so I

57  
00:02:22,670 --> 00:02:19,860  
mean it does happen it is kind of a rare

58  
00:02:25,850 --> 00:02:22,680  
occurrence but it does happen well

59  
00:02:29,390 --> 00:02:25,860  
um scientists uh assessed this and they

60  
00:02:30,710 --> 00:02:29,400  
access they assessed the likeness of two

61  
00:02:34,009 --> 00:02:30,720  
different people the team used computer

62  
00:02:36,290 --> 00:02:34,019  
software to analyze the images and found

63  
00:02:39,050 --> 00:02:36,300

that roughly half of the of those

64

00:02:41,690 --> 00:02:39,060

photographed uh were so similar that

65

00:02:43,670 --> 00:02:41,700

they were deemed twin-like the

66

00:02:45,410 --> 00:02:43,680

scientists then conducted a DNA analysis

67

00:02:47,509 --> 00:02:45,420

of the pairs and discovered that they

68

00:02:49,550 --> 00:02:47,519

shared many genetic similarities in

69

00:02:51,170 --> 00:02:49,560

addition to sharing many other lifestyle

70

00:02:53,690 --> 00:02:51,180

characteristics I wonder if that means

71

00:02:56,930 --> 00:02:53,700

lifestyle characteristics right they

72

00:02:58,309 --> 00:02:56,940

they drink at the same bars or the same

73

00:02:59,330 --> 00:02:58,319

kinds of drinks they order the same

74

00:03:00,649 --> 00:02:59,340

kinds of foods this is what I'm talking

75

00:03:02,210 --> 00:03:00,659

about I don't know how this girl had the

76

00:03:04,250 --> 00:03:02,220

exact same style it was like like she

77

00:03:07,309 --> 00:03:04,260

literally rated my other friends or my

78

00:03:10,009 --> 00:03:07,319

friend's closet yeah I mean uh maybe Jim

79

00:03:10,910 --> 00:03:10,019

habits eating habits all those kind of

80

00:03:14,509 --> 00:03:10,920

things

81

00:03:15,890 --> 00:03:14,519

uh sexual preference possibly uh the

82

00:03:18,229 --> 00:03:15,900

reason for this the scientists believe

83

00:03:20,570 --> 00:03:18,239

is that given the number of people alive

84

00:03:23,690 --> 00:03:20,580

today it is not unreasonable to expect

85

00:03:26,149 --> 00:03:23,700

some genetic overlap of individuals even

86

00:03:28,850 --> 00:03:26,159

if it's by Pure Luck

87

00:03:31,970 --> 00:03:28,860

and it goes on to say because the uh the

88

00:03:34,789 --> 00:03:31,980

human population is now 7.9 billion

89

00:03:37,570 --> 00:03:34,799

these look-alike uh repetitions are

90

00:03:40,309 --> 00:03:37,580

increasingly likely to occur they say

91

00:03:42,890 --> 00:03:40,319

and so there's a lot of doppelgangers

92

00:03:44,750 --> 00:03:42,900

out there just by chance

93

00:03:47,809 --> 00:03:44,760

but when I saw this article it's like oh

94

00:03:51,110 --> 00:03:47,819

this got me thinking back to

95

00:03:55,130 --> 00:03:51,120

a story we read about the recently

96

00:03:57,830 --> 00:03:55,140

Missing 411 in Mount Shasta where there

97

00:04:00,410 --> 00:03:57,840

was a kid who was out hiking he was out

98

00:04:03,890 --> 00:04:00,420

camping with his with his family he was

99

00:04:07,009 --> 00:04:03,900

kind of lost and then he ran into what

100

00:04:09,050 --> 00:04:07,019

appeared to be his grandma in the woods

101  
00:04:11,929 --> 00:04:09,060  
and so his grandma said hey come with me

102  
00:04:14,089 --> 00:04:11,939  
I'm going to take you to this cave and

103  
00:04:16,490 --> 00:04:14,099  
so this kid went with what he thought

104  
00:04:20,030 --> 00:04:16,500  
was his grandma to a cave and in the

105  
00:04:23,689 --> 00:04:20,040  
cave the grandma asked uh him to drop

106  
00:04:26,810 --> 00:04:23,699  
his pants and take a crap or a dump on a

107  
00:04:28,249 --> 00:04:26,820  
piece of plastic uh the kid decided he

108  
00:04:30,230 --> 00:04:28,259  
just couldn't do that probably some

109  
00:04:32,510 --> 00:04:30,240  
performance anxiety as we would all get

110  
00:04:33,950 --> 00:04:32,520  
and he was he's kind of taken it back

111  
00:04:36,409 --> 00:04:33,960  
because I don't think his grandmother

112  
00:04:37,850 --> 00:04:36,419  
ever asked him to do that before so he's

113  
00:04:39,590 --> 00:04:37,860

like I don't know this is kind of weird

114

00:04:41,990 --> 00:04:39,600

and but he has he looked at his

115

00:04:44,930 --> 00:04:42,000

grandmother he he realized that there's

116

00:04:47,150 --> 00:04:44,940

something off about this and the whole

117

00:04:49,070 --> 00:04:47,160

situation in this cave seemed quite

118

00:04:51,469 --> 00:04:49,080

bizarre and the next thing he remembers

119

00:04:55,189 --> 00:04:51,479

is is waking up and of course his family

120

00:04:57,350 --> 00:04:55,199

didn't initially believe him

121

00:04:59,510 --> 00:04:57,360

um but uh his grandmother did recount

122

00:05:01,909 --> 00:04:59,520

later that uh when she was sleeping in

123

00:05:03,590 --> 00:05:01,919

the woods she did feel uh like some

124

00:05:06,170 --> 00:05:03,600

Pricks on her neck and there was a mark

125

00:05:08,270 --> 00:05:06,180

there and one night she woke up outside

126

00:05:09,830 --> 00:05:08,280

of her tent and her sleeping bag as if

127

00:05:11,930 --> 00:05:09,840

you know if we're talking about crazy

128

00:05:13,610 --> 00:05:11,940

stuff she was abducted her DNA was taken

129

00:05:16,430 --> 00:05:13,620

and they made a clone of her and that

130

00:05:18,830 --> 00:05:16,440

clone was the one insisting that that

131

00:05:21,409 --> 00:05:18,840

young child to get crap or a dump on a

132

00:05:22,670 --> 00:05:21,419

piece of paper and so I got thinking

133

00:05:26,150 --> 00:05:22,680

about that it's like okay there could be

134

00:05:28,670 --> 00:05:26,160

some other beyond the randomness of of

135

00:05:31,310 --> 00:05:28,680

uh doppelgangers out there just by sheer

136

00:05:34,370 --> 00:05:31,320

chance of DNA uh there might be some

137

00:05:37,909 --> 00:05:34,380

other stories and so I I dug into it and

138

00:05:41,270 --> 00:05:37,919

yeah it's a big thing in the UFO uh

139

00:05:44,749 --> 00:05:41,280

phenomenon a lot of counts of people

140

00:05:45,770 --> 00:05:44,759

uh running into their clone or their

141

00:05:48,890 --> 00:05:45,780

replica

142

00:05:51,650 --> 00:05:48,900

and uh how having to negotiate that or

143

00:05:54,770 --> 00:05:51,660

people running into a loved one who is

144

00:05:58,430 --> 00:05:54,780

no longer acting the way that they

145

00:06:02,210 --> 00:05:58,440

should be and one of these is a person

146

00:06:05,689 --> 00:06:02,220

named Gloria uh Gloria was having

147

00:06:07,610 --> 00:06:05,699

various UFO Abduction experiences uh

148

00:06:09,710 --> 00:06:07,620

throughout a good chunk of her life she

149

00:06:12,909 --> 00:06:09,720

was taken aboard a craft and given an

150

00:06:16,309 --> 00:06:12,919

alien implant now her husband

151

00:06:18,529 --> 00:06:16,319

was very supportive of her and her

152

00:06:21,230 --> 00:06:18,539

claims very supportive throughout all

153

00:06:23,090 --> 00:06:21,240

these mystifying experiences Gloria's

154

00:06:25,850 --> 00:06:23,100

husband Fred was her most loyal

155

00:06:28,550 --> 00:06:25,860

supporter so Fred was a very big

156

00:06:31,070 --> 00:06:28,560

supporter of Gloria believing all of her

157

00:06:34,610 --> 00:06:31,080

accounts and encounters and just being

158

00:06:38,210 --> 00:06:34,620

there for her uh but things kind of got

159

00:06:40,850 --> 00:06:38,220

flipped on their head so uh there was a

160

00:06:43,490 --> 00:06:40,860

time where Gloria was interacting with

161

00:06:46,790 --> 00:06:43,500

her husband Fred and he no longer seemed

162

00:06:49,430 --> 00:06:46,800

to be the same person that that she was

163

00:06:51,830 --> 00:06:49,440

used to he he seemed to change his

164

00:06:53,870 --> 00:06:51,840

attitude changed and he was a general in

165

00:06:57,350 --> 00:06:53,880

general a miserable person almost

166

00:06:58,550 --> 00:06:57,360

overnight her husband Fred turned into a

167

00:07:00,589 --> 00:06:58,560

different man

168

00:07:03,529 --> 00:07:00,599

what is wrong with him I've been trying

169

00:07:06,230 --> 00:07:03,539

to communicate with you for days

170

00:07:08,150 --> 00:07:06,240

there is something wrong with you his

171

00:07:10,730 --> 00:07:08,160

personality everything just completely

172

00:07:13,670 --> 00:07:10,740

changed for the worst

173

00:07:19,909 --> 00:07:13,680

verbally sometimes he'd tried to shake

174

00:07:25,309 --> 00:07:22,909

so what did you say verbally he tried to

175

00:07:27,830 --> 00:07:25,319

shake me what is that okay that's what I

176

00:07:30,050 --> 00:07:27,840

thought I heard

177

00:07:33,650 --> 00:07:30,060

she had no idea November one I gotta

178

00:07:38,570 --> 00:07:33,660

know now tried to shake me or try to hit

179

00:07:40,320 --> 00:07:38,580

his whole personality changed

180

00:07:42,110 --> 00:07:40,330

she had no idea at the time

181

00:07:46,129 --> 00:07:42,120

[Music]

182

00:07:50,629 --> 00:07:46,139

her husband was also an abductee

183

00:07:56,390 --> 00:07:53,390

there's people who've reported seeing

184

00:07:59,270 --> 00:07:56,400

their cloned bodies and then being

185

00:08:00,290 --> 00:07:59,280

offered the opportunity to work for the

186

00:08:02,809 --> 00:08:00,300

alien

187

00:08:04,969 --> 00:08:02,819

could there be some sort of cloning

188

00:08:06,110 --> 00:08:04,979

involved here yes absolutely thanks

189

00:08:08,450 --> 00:08:06,120

thank you

190

00:08:10,369 --> 00:08:08,460

um and so uh

191

00:08:12,890 --> 00:08:10,379

something happened to his clone so there

192

00:08:17,390 --> 00:08:12,900

this is the follow-up to that so uh Fred

193

00:08:21,350 --> 00:08:17,400

the Clone Fred is belligerent pretty

194

00:08:23,330 --> 00:08:21,360

nasty and overall just not a good person

195

00:08:25,490 --> 00:08:23,340

to be around in fact I would say an

196

00:08:28,490 --> 00:08:25,500

inferior clone because if you're trying

197

00:08:30,409 --> 00:08:28,500

to replace somebody

198

00:08:32,389 --> 00:08:30,419

um for whatever reason you'd figure you

199

00:08:35,149 --> 00:08:32,399

you would want like a one for one copy

200

00:08:37,610 --> 00:08:35,159

not just like the appearance but they

201  
00:08:40,430 --> 00:08:37,620  
gotta act they gotta acclimate to all

202  
00:08:43,370 --> 00:08:40,440  
the situations and Fred is failing on

203  
00:08:46,610 --> 00:08:43,380  
all clone Fred is failing on all fronts

204  
00:08:48,920 --> 00:08:46,620  
and so here's how this wound up

205  
00:08:55,610 --> 00:08:48,930  
particular night he lost his way home

206  
00:09:00,610 --> 00:08:59,509  
9 30 comes around he comes in and he had

207  
00:09:04,910 --> 00:09:00,620  
this

208  
00:09:07,890 --> 00:09:04,920  
uh very frightening look on his face

209  
00:09:08,020 --> 00:09:07,900  
I got lost I couldn't find my way home

210  
00:09:11,210 --> 00:09:08,030  
[Applause]

211  
00:09:15,990 --> 00:09:13,490  
Gloria was becoming afraid of the Fred

212  
00:09:26,509 --> 00:09:16,000  
she no longer knew

213  
00:09:26,519 --> 00:09:33,910

a few hours later Fred was dying

214

00:09:41,750 --> 00:09:37,610

and Fred died right there [h\_\_h] him so

215

00:09:43,150 --> 00:09:41,760

corn Fred died he died uh pretty quickly

216

00:09:46,550 --> 00:09:43,160

after

217

00:09:49,310 --> 00:09:46,560

assuming original OG Fred's life he he

218

00:09:52,310 --> 00:09:49,320

couldn't get along he died but uh Gloria

219

00:09:55,850 --> 00:09:52,320

did go on to say that he she did wind up

220

00:09:59,090 --> 00:09:55,860

seeing her OG husband on an alien craft

221

00:10:01,490 --> 00:09:59,100

at a much later date and she stated that

222

00:10:03,889 --> 00:10:01,500

hey Fred told me that I'm working with

223

00:10:06,290 --> 00:10:03,899

the aliens uh sorry about that whole

224

00:10:08,690 --> 00:10:06,300

mess I put you through but I decided to

225

00:10:11,030 --> 00:10:08,700

stay here and work my aliens because my

226

00:10:13,009 --> 00:10:11,040

life is better here than there with you

227

00:10:15,889 --> 00:10:13,019

essentially I'm assuming that's what he

228

00:10:18,530 --> 00:10:15,899

said because he gave up his life with

229

00:10:19,850 --> 00:10:18,540

his wife and his family he said no this

230

00:10:21,829 --> 00:10:19,860

is boring and stupid and there's nothing

231

00:10:23,810 --> 00:10:21,839

good on TV I'm gonna go work with the

232

00:10:26,630 --> 00:10:23,820

aliens

233

00:10:29,269 --> 00:10:26,640

so I I look to see if there were any

234

00:10:31,970 --> 00:10:29,279

other cloning stories out there or

235

00:10:34,630 --> 00:10:31,980

replica stories to get maybe a deeper

236

00:10:37,670 --> 00:10:34,640

understanding of what might be going on

237

00:10:39,889 --> 00:10:37,680

if we're just going along uh with this

238

00:10:43,130 --> 00:10:39,899

route that there are clones and replicas

239

00:10:45,590 --> 00:10:43,140

out there some of them are produced by

240

00:10:47,269 --> 00:10:45,600

you can call alien or Ultra terrestrial

241

00:10:49,190 --> 00:10:47,279

I I don't know what it is yet because

242

00:10:52,250 --> 00:10:49,200

some of them

243

00:10:55,670 --> 00:10:52,260

um I think they're they're lying to the

244

00:10:57,530 --> 00:10:55,680

abductees for their own purposes like uh

245

00:11:00,650 --> 00:10:57,540

the story I talked about the Missing 411

246

00:11:02,509 --> 00:11:00,660

one with the kid grandma in a cave uh

247

00:11:04,250 --> 00:11:02,519

that seems pretty malicious and it

248

00:11:07,130 --> 00:11:04,260

doesn't seem like a very friendly

249

00:11:10,009 --> 00:11:07,140

interaction uh there was no request for

250

00:11:11,389 --> 00:11:10,019

help or anything like that it seemed

251  
00:11:13,550 --> 00:11:11,399  
like we're gonna take your crap in your

252  
00:11:14,930 --> 00:11:13,560  
DNA and then we'll be done with you so

253  
00:11:18,290 --> 00:11:14,940  
there seems to be a couple different

254  
00:11:20,990 --> 00:11:18,300  
groups that are behind this cloning

255  
00:11:23,030 --> 00:11:21,000  
operation and I got this story here from

256  
00:11:26,410 --> 00:11:23,040  
Brazil this is from

257  
00:11:29,090 --> 00:11:26,420  
February 28th

258  
00:11:31,250 --> 00:11:29,100  
1974 in Brazil

259  
00:11:33,350 --> 00:11:31,260  
and this is probably the best account

260  
00:11:36,590 --> 00:11:33,360  
that I could find where it's almost like

261  
00:11:37,970 --> 00:11:36,600  
a behind the scenes of what at least one

262  
00:11:42,050 --> 00:11:37,980  
of these groups

263  
00:11:42,949 --> 00:11:42,060

is doing with these replicas these

264

00:11:45,650 --> 00:11:42,959

doubles

265

00:11:47,329 --> 00:11:45,660

uh so uh Durant

266

00:11:49,490 --> 00:11:47,339

this guy's name is Durant he was hanging

267

00:11:52,730 --> 00:11:49,500

out in this kitchen when all of a sudden

268

00:11:55,970 --> 00:11:52,740

he found himself somewhere else with no

269

00:11:58,490 --> 00:11:55,980

doors or windows so he was in a room and

270

00:12:00,829 --> 00:11:58,500

it was kind of like just a a box in the

271

00:12:02,150 --> 00:12:00,839

room all he heard when he was in this

272

00:12:04,129 --> 00:12:02,160

room that you just basically got

273

00:12:06,250 --> 00:12:04,139

teleported there he just heard his voice

274

00:12:09,889 --> 00:12:06,260

that said Keep Calm we're your friends

275

00:12:12,230 --> 00:12:09,899

and he did say like they did say the

276

00:12:15,430 --> 00:12:12,240

word Keep Calm like very loudly like

277

00:12:18,350 --> 00:12:15,440

Keep Calm like why relax

278

00:12:20,569 --> 00:12:18,360

and uh so he's like okay he chilled out

279

00:12:22,970 --> 00:12:20,579

for a little bit he just kind of sat in

280

00:12:24,949 --> 00:12:22,980

this room by himself and then one of the

281

00:12:27,050 --> 00:12:24,959

the blank rolls

282

00:12:29,389 --> 00:12:27,060

um a door formed and then all of a

283

00:12:32,990 --> 00:12:29,399

sudden the door came apart and this

284

00:12:36,710 --> 00:12:33,000

egg-shaped machine about the side size

285

00:12:38,629 --> 00:12:36,720

of a human kind of lurches towards him

286

00:12:40,370 --> 00:12:38,639

and so Durant is sitting there watching

287

00:12:44,090 --> 00:12:40,380

his egg shape machine come towards him

288

00:12:47,389 --> 00:12:44,100

and then all of a sudden uh out steps a

289

00:12:48,310 --> 00:12:47,399

double of himself from this egg shaped

290

00:12:51,230 --> 00:12:48,320

machine

291

00:12:53,290 --> 00:12:51,240

and so he sees he sees basically himself

292

00:12:55,730 --> 00:12:53,300

step out of this egg

293

00:12:59,030 --> 00:12:55,740

and he's like okay what's going on here

294

00:13:01,850 --> 00:12:59,040

the his double Smiles at him

295

00:13:04,970 --> 00:13:01,860

Pat's him on his back and says keep calm

296

00:13:08,690 --> 00:13:04,980

wish me a good journey for I do not

297

00:13:10,550 --> 00:13:08,700

intend any harm on anybody and the voice

298

00:13:13,190 --> 00:13:10,560

just so happens to sound exactly like

299

00:13:15,290 --> 00:13:13,200

Durant's so Durant's like okay geez what

300

00:13:18,350 --> 00:13:15,300

the hell's going on here uh then he

301  
00:13:20,569 --> 00:13:18,360  
watches his double go through like this

302  
00:13:23,030 --> 00:13:20,579  
TV kind of screen that's the best way

303  
00:13:24,949 --> 00:13:23,040  
you can describe it in 1974. see what

304  
00:13:28,430 --> 00:13:24,959  
goes through like this TV kind of screen

305  
00:13:30,050 --> 00:13:28,440  
and winds up in his own kitchen the very

306  
00:13:32,690 --> 00:13:30,060  
kitchen that he was teleported out of

307  
00:13:34,970 --> 00:13:32,700  
and he's like he sees him like kind of

308  
00:13:37,069 --> 00:13:34,980  
walking around he's kind of got like a

309  
00:13:40,550 --> 00:13:37,079  
almost like a bird's eye view of his

310  
00:13:43,550 --> 00:13:40,560  
double as he interacts with people and

311  
00:13:45,889 --> 00:13:43,560  
he watches his double interact with his

312  
00:13:48,530 --> 00:13:45,899  
own family his sister and other members

313  
00:13:49,430 --> 00:13:48,540

of his family and he notices that his

314

00:13:52,730 --> 00:13:49,440

double

315

00:13:55,790 --> 00:13:52,740

uh interacts in a very Gruff and rude

316

00:13:57,769 --> 00:13:55,800

way with all of his family members uh

317

00:14:01,129 --> 00:13:57,779

being very dismissed dismissive being

318

00:14:04,449 --> 00:14:01,139

being very Curt it's almost is as if his

319

00:14:07,490 --> 00:14:04,459

double has no idea of how social

320

00:14:09,650 --> 00:14:07,500

interactions work at all

321

00:14:12,949 --> 00:14:09,660

so he's watching this go on and on and

322

00:14:16,449 --> 00:14:12,959

on and then the voiced in the room uh

323

00:14:19,910 --> 00:14:16,459

asked Durant hey why don't you assist

324

00:14:22,310 --> 00:14:19,920

your replica self over there maybe give

325

00:14:24,230 --> 00:14:22,320

him some pointers help him out uh help

326

00:14:27,230 --> 00:14:24,240

him become a better human when he's

327

00:14:30,530 --> 00:14:27,240

there it'll go a long ways to helping us

328

00:14:33,769 --> 00:14:30,540

out here so Durant sits behind the

329

00:14:37,250 --> 00:14:33,779

controls of that TV screen and tries to

330

00:14:39,530 --> 00:14:37,260

give him some some advice on how to be

331

00:14:42,110 --> 00:14:39,540

more human but it doesn't seem to work

332

00:14:45,710 --> 00:14:42,120

very well uh his double has no concept

333

00:14:48,170 --> 00:14:45,720

of of Commerce money interacting with

334

00:14:50,930 --> 00:14:48,180

people he is totally indifferent to

335

00:14:54,290 --> 00:14:50,940

human life he seems much more interested

336

00:14:57,110 --> 00:14:54,300

in plants and trees as he is constantly

337

00:14:59,210 --> 00:14:57,120

going over and and trying to amend

338

00:15:01,610 --> 00:14:59,220

broken flowers or plants that have been

339

00:15:03,410 --> 00:15:01,620

trampled upon and so he's just kind of

340

00:15:06,590 --> 00:15:03,420

like I don't know what to do here uh so

341

00:15:09,230 --> 00:15:06,600

Durant is basically stuck in this room

342

00:15:12,769 --> 00:15:09,240

for about 20 23 hours during that time

343

00:15:15,170 --> 00:15:12,779

he experiences no no hunger pains

344

00:15:17,329 --> 00:15:15,180

um he experiences like no normal urges

345

00:15:20,329 --> 00:15:17,339

he doesn't have to go pee or poop

346

00:15:24,290 --> 00:15:20,339

anything like that he he feels kind of

347

00:15:26,990 --> 00:15:24,300

normal he does feel boredom at times

348

00:15:29,030 --> 00:15:27,000

and because his double is really not

349

00:15:31,970 --> 00:15:29,040

paying attention to much of his life

350

00:15:34,310 --> 00:15:31,980

advice down there and so as he like is

351  
00:15:36,410 --> 00:15:34,320  
experiencing boredom he he thinks I wish

352  
00:15:38,569 --> 00:15:36,420  
I had a book to read and then boom he he

353  
00:15:42,350 --> 00:15:38,579  
has a book to read he's like oh I wish I

354  
00:15:44,269 --> 00:15:42,360  
had a comic book uh to read and then

355  
00:15:47,269 --> 00:15:44,279  
boom a comic book the brand new

356  
00:15:50,269 --> 00:15:47,279  
Spider-Man comic Edition comes out uh

357  
00:15:52,129 --> 00:15:50,279  
and he says it's an it's a comic that

358  
00:15:54,410 --> 00:15:52,139  
has yet to be released down on Earth so

359  
00:15:55,970 --> 00:15:54,420  
he's getting Advanced copies of

360  
00:15:58,009 --> 00:15:55,980  
Spider-Man comics because he's got all

361  
00:15:59,449 --> 00:15:58,019  
the [h\_\_\h] Spider-Man ones yes he's got

362  
00:16:01,910 --> 00:15:59,459  
all the latest and greatest Spider-Man

363  
00:16:02,990 --> 00:16:01,920

that have yet to be released and So

364

00:16:05,870 --> 00:16:03,000

eventually

365

00:16:09,829 --> 00:16:05,880

right around the 24 30 hour mark he gets

366

00:16:12,170 --> 00:16:09,839

teleported back to his his house and

367

00:16:16,009 --> 00:16:12,180

he's like okay what the heck's going on

368

00:16:19,610 --> 00:16:16,019

here but he's left with this memory

369

00:16:23,449 --> 00:16:19,620

that he had an interaction with his

370

00:16:25,970 --> 00:16:23,459

captors and the abductors gave him a

371

00:16:28,249 --> 00:16:25,980

chance to ask some questions and this is

372

00:16:30,710 --> 00:16:28,259

what Durant said Durant's asked what do

373

00:16:33,230 --> 00:16:30,720

you want with me they reply we need to

374

00:16:36,290 --> 00:16:33,240

conduct some tests we do not mean any

375

00:16:38,509 --> 00:16:36,300

harm to you or anybody else uh the less

376

00:16:41,990 --> 00:16:38,519

that you say about this the better

377

00:16:44,210 --> 00:16:42,000

however we feel to make it known to all

378

00:16:48,650 --> 00:16:44,220

that we are friendly and only wish to

379

00:16:50,810 --> 00:16:48,660

help question what are you and what is

380

00:16:53,810 --> 00:16:50,820

your world like answer

381

00:16:55,730 --> 00:16:53,820

we can't tell you who we are or where

382

00:16:56,810 --> 00:16:55,740

our world is is very different from

383

00:16:59,509 --> 00:16:56,820

yours

384

00:17:01,970 --> 00:16:59,519

are you asking me to help

385

00:17:05,510 --> 00:17:01,980

and how can I do so when you're invading

386

00:17:08,510 --> 00:17:05,520

our world no we're not Invaders we work

387

00:17:11,929 --> 00:17:08,520

for the good of the human race itself

388

00:17:13,970 --> 00:17:11,939

uh what made you choose me

389

00:17:16,970 --> 00:17:13,980

you are different from the others you

390

00:17:20,329 --> 00:17:16,980

have feelings similar similar to our own

391

00:17:21,409 --> 00:17:20,339

uh how are you nourish me how shall I

392

00:17:23,590 --> 00:17:21,419

get food

393

00:17:27,529 --> 00:17:23,600

uh you're not gonna feel any hunger here

394

00:17:29,950 --> 00:17:27,539

uh not on this ship at least

395

00:17:32,630 --> 00:17:29,960

do you know about God the existence of

396

00:17:34,610 --> 00:17:32,640

clearly so of course he is everywhere

397

00:17:37,190 --> 00:17:34,620

everyone knows him

398

00:17:39,650 --> 00:17:37,200

why has my watch stopped working on this

399

00:17:41,450 --> 00:17:39,660

ship it will not work meaning that

400

00:17:42,950 --> 00:17:41,460

probably in some sort of time portal or

401  
00:17:47,150 --> 00:17:42,960  
time bubble

402  
00:17:48,770 --> 00:17:47,160  
uh question what or who is the other who

403  
00:17:51,590 --> 00:17:48,780  
replaced me

404  
00:17:54,710 --> 00:17:51,600  
answer he is an image that can be

405  
00:17:58,970 --> 00:17:54,720  
touched inside him there is one of

406  
00:18:02,750 --> 00:17:58,980  
ourselves and a recording of your mind

407  
00:18:05,470 --> 00:18:02,760  
and then he was basically given uh the

408  
00:18:08,270 --> 00:18:05,480  
the old farewell go back down to earth

409  
00:18:09,169 --> 00:18:08,280  
and we'll talk to you again at a later

410  
00:18:11,810 --> 00:18:09,179  
date

411  
00:18:15,890 --> 00:18:11,820  
so according according to this this

412  
00:18:18,529 --> 00:18:15,900  
account of from Durant from Brazil these

413  
00:18:20,510 --> 00:18:18,539

aliens are producing replicas as some

414

00:18:23,990 --> 00:18:20,520

sort of scouting mission

415

00:18:26,630 --> 00:18:24,000

uh to become better humans to help us in

416

00:18:29,810 --> 00:18:26,640

the long run whatever that means and

417

00:18:31,190 --> 00:18:29,820

that their replicas are just maybe a

418

00:18:34,789 --> 00:18:31,200

holographic image some sort of

419

00:18:36,230 --> 00:18:34,799

projection while they feel real uh

420

00:18:39,289 --> 00:18:36,240

they're not actually real and actually

421

00:18:41,930 --> 00:18:39,299

Durant even went on to say that uh he

422

00:18:44,029 --> 00:18:41,940

was uh his double was freaking out his

423

00:18:46,010 --> 00:18:44,039

co-workers when he went to his job

424

00:18:47,750 --> 00:18:46,020

because he would just appear places like

425

00:18:49,490 --> 00:18:47,760

he was going through walls excuse me

426

00:18:51,950 --> 00:18:49,500

like dematerializing walking through

427

00:18:54,650 --> 00:18:51,960

walls walking up behind his co-workers

428

00:18:57,590 --> 00:18:54,660

and freaking them out by scaring them

429

00:18:59,630 --> 00:18:57,600

uh what else would you do I mean that's

430

00:19:01,310 --> 00:18:59,640

the best kind of prank you know if

431

00:19:04,130 --> 00:19:01,320

there's uh only one door in the room and

432

00:19:06,770 --> 00:19:04,140

you come behind somebody boom Gaia I

433

00:19:08,450 --> 00:19:06,780

mean it's fun take that and there are

434

00:19:11,270 --> 00:19:08,460

there are accounts of other

435

00:19:13,010 --> 00:19:11,280

doppelgangers and clones uh one of which

436

00:19:14,990 --> 00:19:13,020

is from Spain

437

00:19:16,789 --> 00:19:15,000

um where this guy recounts that he had

438

00:19:19,430 --> 00:19:16,799

missing time he got hypnotically

439

00:19:23,870 --> 00:19:19,440

regressed and he recalls being taken to

440

00:19:27,830 --> 00:19:23,880

a cave near uh ancient megalith in Spain

441

00:19:30,529 --> 00:19:27,840

and in that cave he was approached by

442

00:19:32,049 --> 00:19:30,539

about three entities with horrible

443

00:19:37,430 --> 00:19:32,059

looking faces

444

00:19:39,470 --> 00:19:37,440

slimy and they demanded his DNA to be

445

00:19:41,510 --> 00:19:39,480

replica they won his DNA so they can

446

00:19:44,390 --> 00:19:41,520

create a replication of him they wanted

447

00:19:47,029 --> 00:19:44,400

to create a clone of him

448

00:19:48,770 --> 00:19:47,039

um he was basically uh subdued knocked

449

00:19:50,330 --> 00:19:48,780

out they forcefully took his blood they

450

00:19:52,430 --> 00:19:50,340

took his claw they took his blood to

451  
00:19:54,110 --> 00:19:52,440  
make a clone they did make his clone and

452  
00:19:57,049 --> 00:19:54,120  
they made that clone within a 24-hour

453  
00:19:59,570 --> 00:19:57,059  
period they put this clone and the

454  
00:20:01,549 --> 00:19:59,580  
original human back in the guy's car and

455  
00:20:04,190 --> 00:20:01,559  
the cologne said hey uh could you drop

456  
00:20:06,110 --> 00:20:04,200  
me off from Barcelona and so he did it

457  
00:20:09,830 --> 00:20:06,120  
he dropped his he dropped this double

458  
00:20:11,810 --> 00:20:09,840  
off in Barcelona and he went home his

459  
00:20:14,270 --> 00:20:11,820  
family gave him hell because he didn't

460  
00:20:16,010 --> 00:20:14,280  
come home for like 36 hours and then

461  
00:20:18,409 --> 00:20:16,020  
over the course of the next few weeks

462  
00:20:20,930 --> 00:20:18,419  
his neighbors kept saying hey um saw you

463  
00:20:22,310 --> 00:20:20,940

in Barcelona I got Randy but you kind of

464

00:20:24,230 --> 00:20:22,320

ignored me and all that kind of like

465

00:20:26,570 --> 00:20:24,240

weird interaction stuff

466

00:20:30,470 --> 00:20:26,580

but there are just a lot of these weird

467

00:20:33,409 --> 00:20:30,480

accounts of clones replicas and

468

00:20:35,810 --> 00:20:33,419

doppelgangers out there uh normally

469

00:20:37,970 --> 00:20:35,820

happening through sheer coincidence and

470

00:20:40,430 --> 00:20:37,980

sheer volume of people on this Earth and

471

00:20:43,610 --> 00:20:40,440

then ones that are taking place in the

472

00:20:46,310 --> 00:20:43,620

UFO realm just strange things I guess

473

00:20:48,230 --> 00:20:46,320

some some good uh they claim to be good

474

00:20:48,950 --> 00:20:48,240

some bad

475

00:20:50,750 --> 00:20:48,960

um

476

00:20:52,490 --> 00:20:50,760

but I I don't know if you can believe

477

00:20:54,950 --> 00:20:52,500

like if this is happening

478

00:20:58,370 --> 00:20:54,960

and I do think it could be

479

00:20:59,990 --> 00:20:58,380

um do you really yes I mean uh I mean

480

00:21:00,710 --> 00:21:00,000

sure why not

481

00:21:02,810 --> 00:21:00,720

um

482

00:21:04,250 --> 00:21:02,820

why would you believe your captors if

483

00:21:06,590 --> 00:21:04,260

you're if you're being if you're being

484

00:21:09,950 --> 00:21:06,600

abducted and they're telling you where

485

00:21:12,950 --> 00:21:09,960

ever everything we're doing for you

486

00:21:16,549 --> 00:21:12,960

in doing to you is for your own good and

487

00:21:17,930 --> 00:21:16,559

for the good of mankind but we had to we

488

00:21:20,090 --> 00:21:17,940

couldn't ask your permission we just had

489

00:21:21,950 --> 00:21:20,100

to abduct you in the middle of night and

490

00:21:23,450 --> 00:21:21,960

Jab you with needles would you really

491

00:21:25,190 --> 00:21:23,460

believe them what kind of trust does

492

00:21:27,649 --> 00:21:25,200

that build between people

493

00:21:30,710 --> 00:21:27,659

that's fouchy I don't know

494

00:21:33,529 --> 00:21:30,720

I agree I'm with you there

495

00:21:35,330 --> 00:21:33,539

there's no there's really no consent in

496

00:21:37,990 --> 00:21:35,340

any of the the cloning stories that I

497

00:21:41,870 --> 00:21:38,000

read it seemed to be uh very forcible

498

00:21:46,570 --> 00:21:41,880

and uh very out of the blue so

499

00:21:52,010 --> 00:21:48,529

I'm not going to go into it but there

500

00:21:54,950 --> 00:21:52,020

was a a study that uh it was in

501  
00:21:57,770 --> 00:21:54,960  
Psychology today about what it's like

502  
00:21:58,909 --> 00:21:57,780  
for twins who get split up at Birth and

503  
00:22:01,610 --> 00:21:58,919  
it was like some kind of government

504  
00:22:04,490 --> 00:22:01,620  
program where I think in the 60s they

505  
00:22:05,810 --> 00:22:04,500  
took a pair of twins that were you might

506  
00:22:08,450 --> 00:22:05,820  
as well do it this sounds more

507  
00:22:09,950 --> 00:22:08,460  
interesting and believable well hey

508  
00:22:12,350 --> 00:22:09,960  
everything's believable in this world

509  
00:22:14,750 --> 00:22:12,360  
Joe just where we're living in you say

510  
00:22:18,890 --> 00:22:14,760  
so it is

511  
00:22:21,649 --> 00:22:18,900  
but um this comes from the BBC if you

512  
00:22:23,330 --> 00:22:21,659  
believe the BBC Joe

513  
00:22:25,490 --> 00:22:23,340

okay I'll bring this one up on the

514

00:22:27,049 --> 00:22:25,500

screen

515

00:22:27,950 --> 00:22:27,059

I'm telling you the doppelgangers are

516

00:22:30,169 --> 00:22:27,960

here

517

00:22:34,010 --> 00:22:30,179

uh the identical twins who discovered

518

00:22:36,289 --> 00:22:34,020

discovered their secret sibling

519

00:22:38,090 --> 00:22:36,299

uh this is a very long story but I'll

520

00:22:40,610 --> 00:22:38,100

read I'll try to read a little bit up

521

00:22:43,250 --> 00:22:40,620

from it a New York adoption agency

522

00:22:45,830 --> 00:22:43,260

deliberately split up infant twins in

523

00:22:47,810 --> 00:22:45,840

the 1960s as part of a controversial

524

00:22:50,450 --> 00:22:47,820

study

525

00:22:53,149 --> 00:22:50,460

um Melissa haugenboom tracks down some

526

00:22:54,590 --> 00:22:53,159

of those involved to find out what's

527

00:22:56,690 --> 00:22:54,600

that name

528

00:22:58,190 --> 00:22:56,700

Hogan boom

529

00:22:59,630 --> 00:22:58,200

God damn

530

00:23:01,789 --> 00:22:59,640

how do you get through life with a name

531

00:23:03,289 --> 00:23:01,799

like that I don't know I mean could you

532

00:23:06,890 --> 00:23:03,299

could I be adopted by a different parent

533

00:23:10,490 --> 00:23:06,900

with a better name maybe I hope so

534

00:23:13,549 --> 00:23:10,500

I don't want to be a hog and boom

535

00:23:14,510 --> 00:23:13,559

you know most names are derivative you

536

00:23:18,409 --> 00:23:14,520

know like

537

00:23:21,110 --> 00:23:18,419

Wagner is like based on Wagoner Smith

538

00:23:23,350 --> 00:23:21,120

you know being like a blacksmith the

539

00:23:25,850 --> 00:23:23,360

[h\_\_\h] is a Hagen boom

540

00:23:27,289 --> 00:23:25,860

I'd rather have that name that one

541

00:23:30,649 --> 00:23:27,299

that's a better name that's pretty good

542

00:23:32,149 --> 00:23:30,659

but uh Melissa haagenbloom uh tracks

543

00:23:34,130 --> 00:23:32,159

down some of those involved to find out

544

00:23:37,610 --> 00:23:34,140

why they are still searching for answers

545

00:23:38,450 --> 00:23:37,620

about this intrusive experiment yes of

546

00:23:42,230 --> 00:23:38,460

course

547

00:23:44,870 --> 00:23:42,240

uh Kathy Shecker was 16 years old when

548

00:23:46,789 --> 00:23:44,880

she made the unexpected discovery that

549

00:23:49,909 --> 00:23:46,799

changed her life completely she had an

550

00:23:52,909 --> 00:23:49,919

identical twin sister it was uh the 4th

551  
00:23:55,490 --> 00:23:52,919  
of September 1977 she recalls with the

552  
00:23:58,070 --> 00:23:55,500  
utmost Clarity her voice wobblingly only

553  
00:24:01,610 --> 00:23:58,080  
slightly when a friend told her that she

554  
00:24:03,350 --> 00:24:01,620  
resembles a girl she knew called Lori

555  
00:24:05,570 --> 00:24:03,360  
pristel

556  
00:24:09,070 --> 00:24:05,580  
horrible names and you have like

557  
00:24:12,190 --> 00:24:09,080  
something like Smith or uh

558  
00:24:16,250 --> 00:24:12,200  
that would work too

559  
00:24:19,070 --> 00:24:16,260  
uh's birthday was on the same date as

560  
00:24:21,649 --> 00:24:19,080  
the hog and Bloom and the two girls look

561  
00:24:23,630 --> 00:24:21,659  
exactly the same checkler had known she

562  
00:24:25,909 --> 00:24:23,640  
was adopted since a very young age

563  
00:24:28,370 --> 00:24:25,919

enjoying a happy and loved upbringing

564

00:24:31,370 --> 00:24:28,380

but she then learned that the pristlers

565

00:24:34,070 --> 00:24:31,380

also had been adopted from the same

566

00:24:36,769 --> 00:24:34,080

agency as hers the girls immediately

567

00:24:39,110 --> 00:24:36,779

spoke on the phone and realized their

568

00:24:41,570 --> 00:24:39,120

friends suspicion must have been true

569

00:24:43,610 --> 00:24:41,580

that they were in fact wins check the

570

00:24:46,430 --> 00:24:43,620

recalls breaking down in tears when she

571

00:24:48,470 --> 00:24:46,440

met her twin sister for the first time I

572

00:24:51,169 --> 00:24:48,480

saw Lori crossing the street a big smile

573

00:24:53,570 --> 00:24:51,179

on her face then we hugged it was quite

574

00:24:55,730 --> 00:24:53,580

an experience I felt less alone being an

575

00:24:58,730 --> 00:24:55,740

adopted child I always felt different I

576  
00:25:01,730 --> 00:24:58,740  
felt like wow I have a comrade there and

577  
00:25:03,190 --> 00:25:01,740  
that's got to be crazy so a government

578  
00:25:05,930 --> 00:25:03,200  
experiment

579  
00:25:08,810 --> 00:25:05,940  
decided just to see what happens when

580  
00:25:12,169 --> 00:25:08,820  
you split up twins now if the original

581  
00:25:16,909 --> 00:25:12,179  
story is true people of similar DNA

582  
00:25:19,070 --> 00:25:16,919  
regardless of of how of relation they

583  
00:25:21,049 --> 00:25:19,080  
share not only similar character like

584  
00:25:23,090 --> 00:25:21,059  
physical characteristics but also

585  
00:25:24,890 --> 00:25:23,100  
lifestyle characteristics like they like

586  
00:25:26,570 --> 00:25:24,900  
to go to the same gym they all like to

587  
00:25:27,649 --> 00:25:26,580  
watch Van Damme movies all that kind of

588  
00:25:29,029 --> 00:25:27,659

stuff

589

00:25:34,990 --> 00:25:29,039

I wonder if these girls like to watch

590

00:25:40,430 --> 00:25:38,390

really you know what I mean yeah so what

591

00:25:42,049 --> 00:25:40,440

emerged a few years later is that both

592

00:25:45,230 --> 00:25:42,059

these girls were part of a controversial

593

00:25:48,350 --> 00:25:45,240

study in the 1960s a then well-respected

594

00:25:50,390 --> 00:25:48,360

adoption agency uh lewis-wise services

595

00:25:53,690 --> 00:25:50,400

in New York deliberately spit up split

596

00:25:55,370 --> 00:25:53,700

up at least 10 sets of infant twins or

597

00:25:56,450 --> 00:25:55,380

triplets and place them in separate

598

00:26:00,230 --> 00:25:56,460

families

599

00:26:03,130 --> 00:26:00,240

uh Sheckler and pretzel were among the

600

00:26:06,710 --> 00:26:03,140

six sets of newborn identical multiple

601  
00:26:10,250 --> 00:26:06,720  
multiples separated between 1960 and

602  
00:26:13,570 --> 00:26:10,260  
1969 including one set of triplets

603  
00:26:16,310 --> 00:26:13,580  
the agency had partnered with a group of

604  
00:26:19,250 --> 00:26:16,320  
psychiatrists and psychologists in an

605  
00:26:21,890 --> 00:26:19,260  
attempt to tease out what makes us who

606  
00:26:25,789 --> 00:26:21,900  
we are they wanted to know much more

607  
00:26:28,250 --> 00:26:25,799  
about our identities and Define uh they

608  
00:26:31,190 --> 00:26:28,260  
want to find out much more about our our

609  
00:26:35,149 --> 00:26:31,200  
identities and if they are defined by

610  
00:26:37,549 --> 00:26:35,159  
our nature or nurture but and at what

611  
00:26:40,310 --> 00:26:37,559  
cost for BBC documentary about this

612  
00:26:42,049 --> 00:26:40,320  
study I spoke to both Twins and

613  
00:26:42,830 --> 00:26:42,059

fraternal twin participants blah blah

614

00:26:44,269 --> 00:26:42,840

blah

615

00:26:47,810 --> 00:26:44,279

so I thought the more interesting thing

616

00:26:50,330 --> 00:26:47,820

was this was an approved study and that

617

00:26:52,909 --> 00:26:50,340

they didn't see any kind of weird

618

00:26:54,890 --> 00:26:52,919

consequence of this at all

619

00:26:58,070 --> 00:26:54,900

and I'm trying to see if they learned

620

00:26:59,990 --> 00:26:58,080

anything uh from this research it seems

621

00:27:01,730 --> 00:27:00,000

like something they would do in China

622

00:27:03,529 --> 00:27:01,740

like

623

00:27:05,330 --> 00:27:03,539

me and I guess we do that kind of stuff

624

00:27:07,430 --> 00:27:05,340

here all the time

625

00:27:09,970 --> 00:27:07,440

but yeah they do do that stuff I think

626  
00:27:14,149 --> 00:27:09,980  
about the Tuskegee

627  
00:27:16,130 --> 00:27:14,159  
experiment and the MK Ultra with like

628  
00:27:19,669 --> 00:27:16,140  
the hookers you remember all this stuff

629  
00:27:22,370 --> 00:27:19,679  
oh yeah I I know about all the malicious

630  
00:27:25,250 --> 00:27:22,380  
[h\_\_h] that the government has done like

631  
00:27:27,230 --> 00:27:25,260  
MK Ultra all the radiation experiments

632  
00:27:29,090 --> 00:27:27,240  
the yeah uh Tuskegee I know all about

633  
00:27:31,669 --> 00:27:29,100  
this they talked about nuke in the moon

634  
00:27:33,649 --> 00:27:31,679  
just to you know for sure

635  
00:27:34,789 --> 00:27:33,659  
yeah I just I don't want to believe it

636  
00:27:37,010 --> 00:27:34,799  
and then I started reading this like oh

637  
00:27:39,230 --> 00:27:37,020  
yeah we not that long ago still doing

638  
00:27:41,029 --> 00:27:39,240

[h\_\_h] up [h\_\_h] we continue to do [h\_\_h]

639

00:27:43,549 --> 00:27:41,039

up [h\_\_h] there were articles about like

640

00:27:45,590 --> 00:27:43,559

maybe we should put uh lithium in the

641

00:27:47,810 --> 00:27:45,600

water remember it was famously on Vox

642

00:27:50,409 --> 00:27:47,820

and then there was I can't remember I

643

00:27:53,330 --> 00:27:50,419

just want people to relax

644

00:27:54,649 --> 00:27:53,340

uh the uh there was I can't remember I

645

00:27:57,230 --> 00:27:54,659

think it was a European country was

646

00:27:59,510 --> 00:27:57,240

talking about adding like covid vaccine

647

00:28:01,430 --> 00:27:59,520

material to the water supply some [h\_\_h]

648

00:28:02,990 --> 00:28:01,440

like this I mean it's just nuts these

649

00:28:06,110 --> 00:28:03,000

people are nuts

650

00:28:08,690 --> 00:28:06,120

so the researchers went on to say that

651  
00:28:10,789 --> 00:28:08,700  
um one of the researchers he remembers

652  
00:28:13,610 --> 00:28:10,799  
being surprised at just how similar the

653  
00:28:15,110 --> 00:28:13,620  
estranged Twins were not just in

654  
00:28:18,049 --> 00:28:15,120  
physical appearance but their whole

655  
00:28:21,289 --> 00:28:18,059  
personality it was quite clear to me the

656  
00:28:23,810 --> 00:28:21,299  
genetic influences were very strong uh

657  
00:28:26,630 --> 00:28:23,820  
one young twin pair for instance both

658  
00:28:29,389 --> 00:28:26,640  
love ketchup to the Delight of one

659  
00:28:31,789 --> 00:28:29,399  
adopted mother and the frustration of

660  
00:28:34,250 --> 00:28:31,799  
another I guess we have an anti-ketchup

661  
00:28:36,230 --> 00:28:34,260  
family out there adopting kids

662  
00:28:38,149 --> 00:28:36,240  
so okay the the twins replaced with

663  
00:28:40,130 --> 00:28:38,159

carefully selected families based upon

664

00:28:43,549 --> 00:28:40,140

several key factors such as the parents

665

00:28:47,389 --> 00:28:43,559

ages uh social economic status education

666

00:28:49,250 --> 00:28:47,399

religion and their other children they

667

00:28:52,610 --> 00:28:49,260

all had older siblings who had been

668

00:28:55,909 --> 00:28:52,620

adopted from Luis wise adoption agency

669

00:28:58,970 --> 00:28:55,919

and that was kind of the hook that they

670

00:29:01,370 --> 00:28:58,980

had in terms of getting parents to agree

671

00:29:04,190 --> 00:29:01,380

the study soon ran into issues funding

672

00:29:07,190 --> 00:29:04,200

ran out and there were ethical concerns

673

00:29:09,710 --> 00:29:07,200

in the 1970s regard regarding informed

674

00:29:13,370 --> 00:29:09,720

consent parents were respectively asked

675

00:29:15,649 --> 00:29:13,380

to sign consent forms but some refused

676  
00:29:17,750 --> 00:29:15,659  
um so they so obviously that didn't work

677  
00:29:18,409 --> 00:29:17,760  
out for them

678  
00:29:21,230 --> 00:29:18,419  
um

679  
00:29:23,630 --> 00:29:21,240  
the study did not include fraternal

680  
00:29:28,669 --> 00:29:23,640  
twins twins who just one looks good one

681  
00:29:32,269 --> 00:29:30,350  
um let's see how do they wind us up this

682  
00:29:34,789 --> 00:29:32,279  
is quite a lengthy article for the PVC

683  
00:29:37,370 --> 00:29:34,799  
yeah I mean that was basically the gist

684  
00:29:39,230 --> 00:29:37,380  
of it uh the recipe where you just

685  
00:29:43,370 --> 00:29:39,240  
wanted to learn how to [h\_\_h] make a

686  
00:29:45,529 --> 00:29:43,380  
pork chop and it's like a goddamn novel

687  
00:29:47,570 --> 00:29:45,539  
oh um just real quick so the the

688  
00:29:49,430 --> 00:29:47,580

triplets involved in the study struggled

689

00:29:52,750 --> 00:29:49,440

with mental health problems for years

690

00:29:55,549 --> 00:29:52,760

after their Discovery though they had

691

00:29:57,169 --> 00:29:55,559

psychiatric problems as teenagers and

692

00:29:59,090 --> 00:29:57,179

one of them committed suicide is

693

00:30:02,330 --> 00:29:59,100

believed that their biological mother

694

00:30:04,250 --> 00:30:02,340

had a history of mental illness

695

00:30:07,549 --> 00:30:04,260

okay wow that would have been good to

696

00:30:08,810 --> 00:30:07,559

know up front absolutely

697

00:30:11,210 --> 00:30:08,820

man

698

00:30:13,730 --> 00:30:11,220

so crazy stuff with doppelgangers clones

699

00:30:17,210 --> 00:30:13,740

Twins and and weird experiments just to

700

00:30:18,889 --> 00:30:17,220

figure out what makes us tick

701  
00:30:21,169 --> 00:30:18,899  
and to

702  
00:30:23,470 --> 00:30:21,179  
parallel back to the beginning before I

703  
00:30:27,230 --> 00:30:23,480  
started all this with kovid and vaccines

704  
00:30:30,769 --> 00:30:27,240  
uh what Dr Lee Merritt was suggesting in

705  
00:30:32,870 --> 00:30:30,779  
her talk with Alex Jones is that they

706  
00:30:34,430 --> 00:30:32,880  
want to control you

707  
00:30:35,570 --> 00:30:34,440  
and find out what makes you tick through

708  
00:30:38,149 --> 00:30:35,580  
the vaccine

709  
00:30:41,690 --> 00:30:38,159  
basically creating biological robots

710  
00:30:43,549 --> 00:30:41,700  
no well you know okay that's a

711  
00:30:45,590 --> 00:30:43,559  
possibility but I still think it's a bio

712  
00:30:49,010 --> 00:30:45,600  
weapon literally like you changed your

713  
00:30:50,630 --> 00:30:49,020

DNA and then you become the cold

714

00:30:52,789 --> 00:30:50,640

right you're gonna you're gonna be

715

00:30:54,889 --> 00:30:52,799

watching a picture of it

716

00:30:57,350 --> 00:30:54,899

like it like are you saying like you

717

00:31:00,169 --> 00:30:57,360

like it changes your DNA and you're just

718

00:31:02,269 --> 00:31:00,179

basically like a factory for creating no

719

00:31:04,789 --> 00:31:02,279

you become called whatever they do okay

720

00:31:06,710 --> 00:31:04,799

okay there will be some sort of I don't

721

00:31:08,529 --> 00:31:06,720

know how you would make this happen but

722

00:31:11,029 --> 00:31:08,539

like another thing

723

00:31:13,669 --> 00:31:11,039

it comes down from the Chemtrails but it

724

00:31:16,730 --> 00:31:13,679

at you like if you have the certain DNA

725

00:31:18,950 --> 00:31:16,740

it'll you know they just introduce like

726

00:31:21,350 --> 00:31:18,960

a different Catalyst and that does it

727

00:31:23,570 --> 00:31:21,360

yeah it's a catalyst that knows this

728

00:31:25,610 --> 00:31:23,580

particular DNA modification which we

729

00:31:27,470 --> 00:31:25,620

know now it does

730

00:31:29,509 --> 00:31:27,480

it does I mean I think that that's been

731

00:31:32,810 --> 00:31:29,519

admitted to and and been proved that it

732

00:31:34,009 --> 00:31:32,820

does impact your DNA in in significant

733

00:31:35,289 --> 00:31:34,019

ways

734

00:31:38,710 --> 00:31:35,299

so um

735

00:31:44,450 --> 00:31:38,720

all right that's what I got on clones

736

00:31:44,460 --> 00:31:47,409
