

# CRAZY THEORIES ABOUT THE MOON

1  
00:00:00,299 --> 00:00:03,970  
oh

2  
00:00:09,350 --> 00:00:06,070  
wow

3  
00:00:11,209 --> 00:00:09,360  
I got moon news okay I got the I got

4  
00:00:13,249 --> 00:00:11,219  
topics about the moon I got Moon stories

5  
00:00:15,049 --> 00:00:13,259  
and I want to talk about the moon good I

6  
00:00:18,230 --> 00:00:15,059  
have a space for a story later you got a

7  
00:00:20,150 --> 00:00:18,240  
space for a story I do oh fantastic

8  
00:00:21,769 --> 00:00:20,160  
people are always excited about space

9  
00:00:23,090 --> 00:00:21,779  
force and all the the good things that

10  
00:00:24,830 --> 00:00:23,100  
they're I don't think anyone's excited

11  
00:00:28,189 --> 00:00:24,840  
about space force you're right it was

12  
00:00:31,130 --> 00:00:28,199  
the Donald Trump invention and it's been

13  
00:00:32,870 --> 00:00:31,140

pretty much a forgotten branch of uh the

14

00:00:34,549 --> 00:00:32,880

military at this point

15

00:00:37,910 --> 00:00:34,559

you think they're still up there waiting

16

00:00:39,709 --> 00:00:37,920

whoa maybe my mother would say you love

17

00:00:42,110 --> 00:00:39,719

trucks I do he should have called it

18

00:00:44,389 --> 00:00:42,120

truck Force instead of uh space force

19

00:00:46,250 --> 00:00:44,399

truck Force they would have got more uh

20

00:00:51,590 --> 00:00:46,260

attention because people love trucks

21

00:00:55,369 --> 00:00:51,600

it's like an 80s cartoon truck Force

22

00:00:56,750 --> 00:00:55,379

well there's a big moon news and uh big

23

00:00:59,630 --> 00:00:56,760

China news I'll bring this up on screen

24

00:01:02,330 --> 00:00:59,640

so we all can enjoy this Chinese space

25

00:01:04,609 --> 00:01:02,340

news Chinese space moon news Chinese

26

00:01:06,950 --> 00:01:04,619

space sticks

27

00:01:09,770 --> 00:01:06,960

we like this so uh China discovers

28

00:01:13,429 --> 00:01:09,780

stunning Crystal on the moon

29

00:01:14,810 --> 00:01:13,439

uh nuclear fusion fuel for Limitless

30

00:01:16,850 --> 00:01:14,820

energy

31

00:01:18,710 --> 00:01:16,860

the fine makes China the Third Country

32

00:01:21,350 --> 00:01:18,720

to discover a new mineral on the moon

33

00:01:25,310 --> 00:01:21,360

and the country says it's analyzed the

34

00:01:27,230 --> 00:01:25,320

soil for rare helium-3 and that's the

35

00:01:28,910 --> 00:01:27,240

best number of helium I've heard is

36

00:01:30,770 --> 00:01:28,920

helium-3 that's the one you want all the

37

00:01:34,789 --> 00:01:30,780

other ones can kind of just pound sand

38

00:01:36,289 --> 00:01:34,799

not helium 2 or helium 4. I think uh I

39

00:01:38,090 --> 00:01:36,299

don't think there's a there is a helium

40

00:01:40,910 --> 00:01:38,100

four I think you're gonna have one two

41

00:01:44,450 --> 00:01:40,920

or three that's it two

42

00:01:46,370 --> 00:01:44,460

maybe four there is no helium four I

43

00:01:49,310 --> 00:01:46,380

think uh just one through three that's

44

00:01:52,249 --> 00:01:49,320

what we're looking at here but China has

45

00:01:54,109 --> 00:01:52,259

discovered a crystal from the Moon uh

46

00:01:57,289 --> 00:01:54,119

made of made

47

00:01:59,090 --> 00:01:57,299

of a previously unknown mineral while

48

00:02:01,069 --> 00:01:59,100

also confirming that the lunar surface

49

00:02:04,069 --> 00:02:01,079

contains key ingredients for nuclear

50

00:02:06,709 --> 00:02:04,079

fusion a potential form of effectively

51  
00:02:09,529 --> 00:02:06,719  
Limitless power that harnesses the same

52  
00:02:11,510 --> 00:02:09,539  
forces that fuels the Sun and other

53  
00:02:13,729 --> 00:02:11,520  
stars wow okay

54  
00:02:16,270 --> 00:02:13,739  
the crystal is part of a batch of lunar

55  
00:02:18,530 --> 00:02:16,280  
samples collected by the the Chinese

56  
00:02:21,830 --> 00:02:18,540  
chang-5 Mission which landed on the moon

57  
00:02:23,750 --> 00:02:21,840  
in 2020. loaded up with about four

58  
00:02:26,449 --> 00:02:23,760  
pounds of rocks and delivered them to

59  
00:02:28,550 --> 00:02:26,459  
Earth days later after carefully sifting

60  
00:02:31,270 --> 00:02:28,560  
through the samples which are the first

61  
00:02:36,369 --> 00:02:31,280  
moon rocks returned to Earth since

62  
00:02:38,869 --> 00:02:36,379  
1960 or 1976 according to this history

63  
00:02:41,750 --> 00:02:38,879

scientists at the Beijing Research

64

00:02:44,390 --> 00:02:41,760

Institute of uranium geology spotted a

65

00:02:46,190 --> 00:02:44,400

single Crystal particle with uh with a

66

00:02:50,150 --> 00:02:46,200

diameter smaller than that

67

00:02:55,089 --> 00:02:50,160

of a width of human hair the crystal is

68

00:02:57,350 --> 00:02:55,099

made of a novel mineral called

69

00:03:00,650 --> 00:02:57,360

I think they just gave it that that

70

00:03:04,670 --> 00:03:00,660

title based after the uh the Chang Rover

71

00:03:06,229 --> 00:03:04,680

or the chain racist yeah it is a little

72

00:03:08,990 --> 00:03:06,239

all right but they you know they found

73

00:03:11,930 --> 00:03:09,000

Finders Keepers and they get to name it

74

00:03:15,229 --> 00:03:11,940

named after the Chinese moon goddess

75

00:03:17,630 --> 00:03:15,239

Chang also inspired China's series of

76

00:03:20,630 --> 00:03:17,640

lunar missions it was confirmed uh it

77

00:03:23,990 --> 00:03:20,640

was confirmed as a new mineral on Friday

78

00:03:26,330 --> 00:03:24,000

by the commission of new minerals

79

00:03:29,089 --> 00:03:26,340

uh so that's a very uh official

80

00:03:31,550 --> 00:03:29,099

commission so there we go uh change

81

00:03:34,850 --> 00:03:31,560

tonight is the sixth new mineral to be

82

00:03:36,890 --> 00:03:34,860

identified in Moon samples and the first

83

00:03:38,930 --> 00:03:36,900

to be discovered by China before China

84

00:03:42,350 --> 00:03:38,940

only the US and Russia could claim to

85

00:03:44,570 --> 00:03:42,360

have discovered a new moon mineral it is

86

00:03:48,350 --> 00:03:44,580

uh it is a chance it is a transparent

87

00:03:52,369 --> 00:03:48,360

Crystal that forms in a region uh on the

88

00:03:56,210 --> 00:03:52,379

the northern lunar near near face

89

00:03:58,130 --> 00:03:56,220

that was volcanically active about 1.2

90

00:03:59,449 --> 00:03:58,140

billion years ago so this is good news I

91

00:04:01,610 --> 00:03:59,459

guess for the Chinese they're saying

92

00:04:04,430 --> 00:04:01,620

this could I I did a little bit of

93

00:04:07,750 --> 00:04:04,440

reading I I haven't seen any English

94

00:04:11,690 --> 00:04:07,760

translate translation of why they think

95

00:04:12,949 --> 00:04:11,700

this Crystal could lead to Limitless

96

00:04:14,630 --> 00:04:12,959

energy

97

00:04:17,509 --> 00:04:14,640

I don't know about that yet I I I

98

00:04:19,250 --> 00:04:17,519

actually did quite a bit of research I

99

00:04:21,650 --> 00:04:19,260

tried to find out what was going on I

100

00:04:22,850 --> 00:04:21,660

saw some Chinese reports

101  
00:04:26,330 --> 00:04:22,860  
um they're saying this related to

102  
00:04:28,490 --> 00:04:26,340  
nuclear fusion uh and the Chinese are

103  
00:04:30,770 --> 00:04:28,500  
starting up a a new nuclear program for

104  
00:04:34,610 --> 00:04:30,780  
power I don't know how this new moon

105  
00:04:37,129 --> 00:04:34,620  
crystal is related if it is at all but

106  
00:04:39,830 --> 00:04:37,139  
if it does lead to Limitless energy

107  
00:04:42,350 --> 00:04:39,840  
you'd imagine that there would be a

108  
00:04:45,110 --> 00:04:42,360  
giant space risk going on right now if

109  
00:04:47,870 --> 00:04:45,120  
not already taking place to get access

110  
00:04:51,530 --> 00:04:47,880  
to this mineral so no one else can get

111  
00:04:53,330 --> 00:04:51,540  
it and this probably will call back to

112  
00:04:57,170 --> 00:04:53,340  
the discussion we had about

113  
00:05:00,170 --> 00:04:57,180

uh who controls the moon who has the uh

114

00:05:01,790 --> 00:05:00,180

the rights to mine the moon we talked

115

00:05:03,110 --> 00:05:01,800

about that story a few weeks ago on the

116

00:05:05,510 --> 00:05:03,120

show

117

00:05:08,030 --> 00:05:05,520

um when it comes to uh space law and

118

00:05:11,629 --> 00:05:08,040

interplanetary law like who actually has

119

00:05:14,270 --> 00:05:11,639

the right to moon or mine the moon and

120

00:05:15,469 --> 00:05:14,280

for what purposes and it by all accounts

121

00:05:17,870 --> 00:05:15,479

it seems like it's a bit of a

122

00:05:20,150 --> 00:05:17,880

free-for-all

123

00:05:22,730 --> 00:05:20,160

um and there's another little uh piece

124

00:05:25,310 --> 00:05:22,740

of moon news here

125

00:05:26,810 --> 00:05:25,320

and this kind of flew under the radar I

126

00:05:28,129 --> 00:05:26,820

didn't hear about this one so this is

127

00:05:31,790 --> 00:05:28,139

the

128

00:05:34,490 --> 00:05:31,800

Nelson

129

00:05:37,550 --> 00:05:34,500

and he had some major concerns about

130

00:05:40,189 --> 00:05:37,560

China and its most recent missions to

131

00:05:41,330 --> 00:05:40,199

the Moon here is a report from India on

132

00:05:43,550 --> 00:05:41,340

this because I didn't hear it here in

133

00:05:47,330 --> 00:05:43,560

the United States however the biggest

134

00:05:50,930 --> 00:05:47,340

challenge to U.S space Supremacy is not

135

00:05:53,870 --> 00:05:50,940

from Russia it is now from China

136

00:05:57,230 --> 00:05:53,880

now Washington is accusing China of

137

00:05:59,689 --> 00:05:57,240

trying to take over the moon

138

00:06:03,230 --> 00:05:59,699

in an interview to a German newspaper

139

00:06:05,990 --> 00:06:03,240

the NASA Chief Bill Nelson Has slammed

140

00:06:07,550 --> 00:06:06,000

the Chinese space program he says and

141

00:06:10,610 --> 00:06:07,560

I'm quoting him here

142

00:06:13,370 --> 00:06:10,620

we must be very concerned that China is

143

00:06:16,189 --> 00:06:13,380

landing on the moon and seeing it's ours

144

00:06:18,890 --> 00:06:16,199

now and you stay out

145

00:06:22,189 --> 00:06:18,900

not just that he also accused China of

146

00:06:25,309 --> 00:06:22,199

stealing technology from other nations

147

00:06:28,010 --> 00:06:25,319

the NASA Chief even said Beijing was

148

00:06:31,129 --> 00:06:28,020

learning how to destroy satellites

149

00:06:33,529 --> 00:06:31,139

launched by other countries

150

00:06:37,070 --> 00:06:33,539

Beijing has since slammed his comments

151  
00:06:41,150 --> 00:06:37,080  
accusing him of smearing China there you

152  
00:06:43,969 --> 00:06:41,160  
go uh Nelson the director of NASA said

153  
00:06:46,790 --> 00:06:43,979  
hey we're concerned about China taking

154  
00:06:48,830 --> 00:06:46,800  
over the moon space force I could see

155  
00:06:52,070 --> 00:06:48,840  
them doing that they're there currently

156  
00:06:54,469 --> 00:06:52,080  
it's not uh well by all mainstream

157  
00:06:56,210 --> 00:06:54,479  
accounts is not being currently occupied

158  
00:06:58,070 --> 00:06:56,220  
we don't know there's rumors that

159  
00:07:00,110 --> 00:06:58,080  
there's bases on the The Other Side of

160  
00:07:03,409 --> 00:07:00,120  
the Moon the one that doesn't face Earth

161  
00:07:06,290 --> 00:07:03,419  
and this also rumors that there is a

162  
00:07:08,450 --> 00:07:06,300  
secret space program that does make a

163  
00:07:11,270 --> 00:07:08,460

fairly frequent trips to the Moon back

164

00:07:13,129 --> 00:07:11,280

and forth and that all the all this

165

00:07:16,309 --> 00:07:13,139

public hubbub is just that it's just

166

00:07:17,749 --> 00:07:16,319

publicity and marketing that is going on

167

00:07:22,969 --> 00:07:17,759

so

168

00:07:26,210 --> 00:07:22,979

Moon battle uh space war going on on the

169

00:07:27,890 --> 00:07:26,220

moon in the very near future

170

00:07:29,450 --> 00:07:27,900

just if we can somehow get Russia

171

00:07:31,309 --> 00:07:29,460

involved then we'll just you know send

172

00:07:32,870 --> 00:07:31,319

all sorts of money up there just let

173

00:07:35,270 --> 00:07:32,880

them fight it out up there

174

00:07:38,270 --> 00:07:35,280

but I mean honestly it seems like a good

175

00:07:40,670 --> 00:07:38,280

neutral ground for battle it's got uh

176  
00:07:42,050 --> 00:07:40,680  
new elements you know so you'd have to

177  
00:07:44,390 --> 00:07:42,060  
train up a little bit you have to level

178  
00:07:46,909 --> 00:07:44,400  
up your soldiers to deal with 160

179  
00:07:49,189 --> 00:07:46,919  
Earth's gravity every gun you fire would

180  
00:07:51,890 --> 00:07:49,199  
probably like send you flying back

181  
00:07:54,050 --> 00:07:51,900  
because of the uh the propulsion of it

182  
00:07:56,689 --> 00:07:54,060  
the concussion blast so it'd be it'd be

183  
00:07:58,070 --> 00:07:56,699  
an interesting battle up there

184  
00:08:00,950 --> 00:07:58,080  
um what's that space force I'm gonna hit

185  
00:08:03,409 --> 00:08:00,960  
the dead space force news before we oh

186  
00:08:05,570 --> 00:08:03,419  
I'll save it for later but I thought it

187  
00:08:07,070 --> 00:08:05,580  
was applicable to the uh maybe the the

188  
00:08:08,150 --> 00:08:07,080

moon stuff I got going it has nothing to

189

00:08:09,710 --> 00:08:08,160

do with that it's straight straight

190

00:08:11,570 --> 00:08:09,720

space force news okay but there's there

191

00:08:14,029 --> 00:08:11,580

is a video do you want it

192

00:08:15,469 --> 00:08:14,039

now save it for later okay if you if you

193

00:08:17,450 --> 00:08:15,479

think it's uh

194

00:08:19,309 --> 00:08:17,460

back of the uh back of the show

195

00:08:20,689 --> 00:08:19,319

materials and we'll leave it there I

196

00:08:22,129 --> 00:08:20,699

just like back in the bus material you

197

00:08:24,650 --> 00:08:22,139

get back to the bus

198

00:08:29,029 --> 00:08:24,660

all right and so I'll move over here I

199

00:08:33,230 --> 00:08:29,039

just got a quick little fun list of

200

00:08:37,209 --> 00:08:33,240

10 weird anomalies and bizarre

201  
00:08:40,610 --> 00:08:37,219  
conspiracies about the moon oh yes

202  
00:08:42,110 --> 00:08:40,620  
we won't read down all 10 of these I

203  
00:08:44,449 --> 00:08:42,120  
figured since we're talking about the

204  
00:08:47,630 --> 00:08:44,459  
moon a little bit here it might be kind

205  
00:08:50,750 --> 00:08:47,640  
of good to go over some of the theories

206  
00:08:52,790 --> 00:08:50,760  
about the moon and uh there's a there's

207  
00:08:54,530 --> 00:08:52,800  
a lot and you know I know a lot of these

208  
00:08:56,030 --> 00:08:54,540  
theories I'm sure we've all talked about

209  
00:08:58,009 --> 00:08:56,040  
them and everyone that's listened to

210  
00:09:00,350 --> 00:08:58,019  
this show has heard some pretty wild

211  
00:09:03,050 --> 00:09:00,360  
things about the moon the one I'm

212  
00:09:04,430 --> 00:09:03,060  
thinking about I'm one and I won't even

213  
00:09:06,769 --> 00:09:04,440

say it right now

214

00:09:09,769 --> 00:09:06,779

I'm wondering if it's on this list

215

00:09:11,570 --> 00:09:09,779

and I won't uh it's a pretty uh

216

00:09:14,210 --> 00:09:11,580

interesting Theory but I'll write down

217

00:09:16,190 --> 00:09:14,220

just a little bit of this list here

218

00:09:17,990 --> 00:09:16,200

for anybody who doesn't know about these

219

00:09:19,790 --> 00:09:18,000

theories

220

00:09:20,990 --> 00:09:19,800

here it is here's a few of them so

221

00:09:24,650 --> 00:09:21,000

number 10

222

00:09:28,370 --> 00:09:24,660

um it's the dimensions in positioning

223

00:09:30,170 --> 00:09:28,380

are two perfect for some so I I believe

224

00:09:33,410 --> 00:09:30,180

what they're saying here is that it's

225

00:09:34,910 --> 00:09:33,420

Dimension the way the Moon is positioned

226

00:09:39,050 --> 00:09:34,920

in our sky

227

00:09:42,290 --> 00:09:39,060

and it's distance from Earth it fits

228

00:09:45,110 --> 00:09:42,300

perfectly over the sun causing

229

00:09:48,530 --> 00:09:45,120

a total solar eclipse and that just

230

00:09:52,190 --> 00:09:48,540

seems improbable it seems that to some

231

00:09:54,829 --> 00:09:52,200

that uh the the coincidences are just

232

00:09:57,949 --> 00:09:54,839

too many and that some people think that

233

00:10:01,009 --> 00:09:57,959

it was placed there in that orbit for

234

00:10:03,110 --> 00:10:01,019

just those events

235

00:10:05,990 --> 00:10:03,120

I don't know it would seem like it would

236

00:10:09,230 --> 00:10:06,000

take an immense amount of energy and

237

00:10:10,610 --> 00:10:09,240

technological know-how to move an object

238

00:10:13,850 --> 00:10:10,620

that big

239

00:10:17,269 --> 00:10:13,860

uh if we do in fact live in this 3D

240

00:10:19,009 --> 00:10:17,279

universe and space is not entirely fake

241

00:10:22,250 --> 00:10:19,019

and gay

242

00:10:22,970 --> 00:10:22,260

um it's not been proven either way

243

00:10:25,070 --> 00:10:22,980

um

244

00:10:26,150 --> 00:10:25,080

space might be one or the other we don't

245

00:10:29,509 --> 00:10:26,160

know

246

00:10:30,769 --> 00:10:29,519

but it is it is a fascinating

247

00:10:34,310 --> 00:10:30,779

thought

248

00:10:38,090 --> 00:10:34,320

uh number nine the Moon is hollow yes

249

00:10:40,550 --> 00:10:38,100

Carl State Carl Sagan stated in a 1966

250

00:10:43,190 --> 00:10:40,560

book intelligent life in the universe

251

00:10:46,370 --> 00:10:43,200

that a natural satellite

252

00:10:48,949 --> 00:10:46,380

which accepted thinking says that is the

253

00:10:51,050 --> 00:10:48,959

moon can't be Hollow most would agree

254

00:10:53,449 --> 00:10:51,060

with them so it shocked science has

255

00:10:55,250 --> 00:10:53,459

greatly when a size when seismic

256

00:10:57,949 --> 00:10:55,260

equipment on the moon registered

257

00:11:01,790 --> 00:10:57,959

substantial reverberations on November

258

00:11:06,050 --> 00:11:01,800

20th 1969 after the intentional jettison

259

00:11:09,350 --> 00:11:06,060

of the Apollo 12 lunar module sent it

260

00:11:12,290 --> 00:11:09,360

back a Ascent asset stage back down to

261

00:11:14,030 --> 00:11:12,300

the surface of the Moon crashing not

262

00:11:17,810 --> 00:11:14,040

only did the moon reverberate like a

263

00:11:20,690 --> 00:11:17,820

bell it did so for over an hour if the

264

00:11:22,850 --> 00:11:20,700

data is to build is to be believed it

265

00:11:25,430 --> 00:11:22,860

suggests that the Moon is Hollow during

266

00:11:28,310 --> 00:11:25,440

the following missions a greater payload

267

00:11:31,550 --> 00:11:28,320

was jettisoned and the reverberation was

268

00:11:33,410 --> 00:11:31,560

measured yet again uh this time the

269

00:11:35,750 --> 00:11:33,420

effect was even greater with the ring

270

00:11:37,490 --> 00:11:35,760

continuing for well over three hours so

271

00:11:39,410 --> 00:11:37,500

I've heard people

272

00:11:41,569 --> 00:11:39,420

say well

273

00:11:44,630 --> 00:11:41,579

um it might not be Hollow but there

274

00:11:46,850 --> 00:11:44,640

might be just large cavernous areas

275

00:11:49,970 --> 00:11:46,860

under the mood surface which may account

276

00:11:52,370 --> 00:11:49,980

for this Bell or that it may have rang

277

00:11:55,069 --> 00:11:52,380

like a bell because

278

00:11:58,069 --> 00:11:55,079

um it is so densely packed like it is

279

00:12:01,190 --> 00:11:58,079

not Hollow but it is made up of a

280

00:12:03,290 --> 00:12:01,200

different material which does ring so I

281

00:12:05,870 --> 00:12:03,300

think there's a a lot of contention

282

00:12:08,630 --> 00:12:05,880

there so

283

00:12:12,110 --> 00:12:08,640

number eight the moon's craters are

284

00:12:14,269 --> 00:12:12,120

strange okay so the Moon is littered

285

00:12:17,150 --> 00:12:14,279

with craters from multiple impacts over

286

00:12:19,730 --> 00:12:17,160

many many years of his existence to some

287

00:12:23,030 --> 00:12:19,740

it is strange how uniform these craters

288

00:12:24,829 --> 00:12:23,040

look even in terms of their depth except

289

00:12:27,710 --> 00:12:24,839

the knowledge tells us that they should

290

00:12:30,470 --> 00:12:27,720

very greatly in depth and width yet they

291

00:12:32,690 --> 00:12:30,480

don't just another anomaly of space most

292

00:12:34,670 --> 00:12:32,700

likely but the sum it's a little more

293

00:12:37,069 --> 00:12:34,680

those who contend that the Moon is

294

00:12:40,250 --> 00:12:37,079

artificial or hollow point to these

295

00:12:43,310 --> 00:12:40,260

craters as being further proof of their

296

00:12:47,210 --> 00:12:43,320

Theory one such beliefs suggests that

297

00:12:50,389 --> 00:12:47,220

the inner casing uh of source exists

298

00:12:53,150 --> 00:12:50,399

under the rocky lunar surface so maybe

299

00:12:56,990 --> 00:12:53,160

the the rocky surface is like the armor

300

00:12:58,370 --> 00:12:57,000

in that the true face of the moon is

301

00:13:00,110 --> 00:12:58,380

below that armor

302

00:13:01,490 --> 00:13:00,120

okay

303

00:13:05,449 --> 00:13:01,500

I don't know about that I don't know if

304

00:13:07,430 --> 00:13:05,459

I buy the the craters of two uniform

305

00:13:09,470 --> 00:13:07,440

along with kind of the Dyson Sphere

306

00:13:12,170 --> 00:13:09,480

Theory yeah

307

00:13:14,750 --> 00:13:12,180

and that kind of uh no spoilers here so

308

00:13:17,090 --> 00:13:14,760

there's a there's a new movie a newer

309

00:13:20,509 --> 00:13:17,100

movie called moonfall which I think is

310

00:13:25,449 --> 00:13:20,519

out on HBO which kind of has the moon as

311

00:13:33,290 --> 00:13:29,930

yes a giant Dyson vacuum in the shape of

312

00:13:36,590 --> 00:13:33,300

his sphere yes

313

00:13:39,110 --> 00:13:36,600

uh number seven uh the moon's mini

314

00:13:41,389 --> 00:13:39,120

artificial structures now I've heard

315

00:13:45,050 --> 00:13:41,399

about this one there are tons of books

316

00:13:49,370 --> 00:13:46,790

um but there are there's some pretty

317

00:13:51,050 --> 00:13:49,380

interesting images so NASA says that

318

00:13:53,509 --> 00:13:51,060

artificial structures on the moon are

319

00:13:55,550 --> 00:13:53,519

optical illusions in most cases and the

320

00:13:58,190 --> 00:13:55,560

result of blurry images

321

00:14:00,710 --> 00:13:58,200

however Eagle Eye UFO enthusiasts say

322

00:14:03,110 --> 00:14:00,720

that these images are undeniable proof

323

00:14:04,850 --> 00:14:03,120

of alien and artificial structures on

324

00:14:06,769 --> 00:14:04,860

the moon a quick internet search on

325

00:14:08,990 --> 00:14:06,779

these on the on this subject will bring

326

00:14:10,970 --> 00:14:09,000

back a plethora of images and some of

327

00:14:13,550 --> 00:14:10,980

them are quite convincing

328

00:14:16,009 --> 00:14:13,560

but there's little if any solid proof to

329

00:14:17,269 --> 00:14:16,019

back up some of these alleged fines well

330

00:14:19,370 --> 00:14:17,279

the one they have right here they say

331

00:14:22,430 --> 00:14:19,380

this is The Shard on the moon which is a

332

00:14:25,069 --> 00:14:22,440

like a pillar and uh I don't know

333

00:14:25,790 --> 00:14:25,079

there's some pretty interesting

334

00:14:28,610 --> 00:14:25,800

um

335

00:14:31,850 --> 00:14:28,620

structures artificial or

336

00:14:33,949 --> 00:14:31,860

not the on the moon uh you see some

337

00:14:35,449 --> 00:14:33,959

things that are just coming straight out

338

00:14:37,850 --> 00:14:35,459

of the surface and you would have to you

339

00:14:40,430 --> 00:14:37,860

would have to imagine uh

340

00:14:41,750 --> 00:14:40,440

a few miles above the surface some of

341

00:14:43,610 --> 00:14:41,760

the some of these structures I think

342

00:14:46,970 --> 00:14:43,620

some of the calculations that they're at

343

00:14:50,210 --> 00:14:46,980

least a half a mile in in in length to

344

00:14:52,670 --> 00:14:50,220

to be seen by our telescopes down here

345

00:14:53,990 --> 00:14:52,680

but right there in the text that NASA

346

00:14:55,910 --> 00:14:54,000

says no no that's a that's an optical

347

00:14:57,530 --> 00:14:55,920

illusion optical illusion don't worry

348

00:15:01,370 --> 00:14:57,540

about it even though there is a clear

349

00:15:02,569 --> 00:15:01,380

Shadow there's a clear shadow

350

00:15:03,949 --> 00:15:02,579

um

351

00:15:05,689 --> 00:15:03,959

even though they say it's an optical

352

00:15:07,550 --> 00:15:05,699

illusion the pictures are still worth

353

00:15:10,129 --> 00:15:07,560

looking at once that's anomaly goes by

354

00:15:12,550 --> 00:15:10,139

the name The Shard which can be found in

355

00:15:15,470 --> 00:15:12,560

NASA's image

356

00:15:17,269 --> 00:15:15,480

lo384m I love the image

357

00:15:19,189 --> 00:15:17,279

it appears to show an artificial

358

00:15:21,590 --> 00:15:19,199

structure towering above the surface the

359

00:15:23,569 --> 00:15:21,600

fact that it uh that it also appears to

360

00:15:25,490 --> 00:15:23,579

project a shadow leaves many UFO

361

00:15:27,829 --> 00:15:25,500

researchers to reject the optical

362

00:15:30,590 --> 00:15:27,839

illusion suggestion which I completely

363

00:15:32,810 --> 00:15:30,600

agree interestingly

364

00:15:34,250 --> 00:15:32,820

a short distance away relatively

365

00:15:36,410 --> 00:15:34,260

speaking is it's another alleged

366

00:15:39,710 --> 00:15:36,420

structure of the tower has been

367

00:15:42,889 --> 00:15:39,720

estimated to be around 11 kilometers or

368

00:15:45,410 --> 00:15:42,899

seven miles tall if proven to be true

369

00:15:47,750 --> 00:15:45,420

uh if these proven to be true buildings

370

00:15:50,990 --> 00:15:47,760

on the moon this is taller than anything

371

00:15:53,810 --> 00:15:51,000

on Earth it might offer insight into how

372

00:15:56,509 --> 00:15:53,820

such weak gravity might be used for our

373

00:15:59,210 --> 00:15:56,519

own Space Explorers of course

374

00:16:00,769 --> 00:15:59,220

uh number six it was brought here and

375

00:16:03,769 --> 00:16:00,779

placed in orbit this kind of goes back

376

00:16:08,629 --> 00:16:03,779

to the original one how it fits too

377

00:16:11,870 --> 00:16:08,639

perfectly over the Sun but uh this goes

378

00:16:15,790 --> 00:16:11,880

into that it was a constructed object

379

00:16:18,769 --> 00:16:15,800

and flown into position so it's a giant

380

00:16:20,689 --> 00:16:18,779

uh space station a death star if you

381

00:16:23,389 --> 00:16:20,699

will a lot of people think it's a death

382

00:16:25,250 --> 00:16:23,399

star well couldn't it also be uh just

383

00:16:26,689 --> 00:16:25,260

space junk and like some aliens were

384

00:16:28,550 --> 00:16:26,699

like I don't want this you you take it

385

00:16:30,470 --> 00:16:28,560

here just leave it orbit over there I

386

00:16:32,210 --> 00:16:30,480

think this is just a valid Theory as any

387

00:16:33,889 --> 00:16:32,220

like we tried to build something it

388

00:16:36,590 --> 00:16:33,899

didn't work out

389

00:16:38,569 --> 00:16:36,600

here you have it it's a hand-me-down

390

00:16:40,730 --> 00:16:38,579

moon you throw this away

391

00:16:43,430 --> 00:16:40,740

what

392

00:16:46,550 --> 00:16:43,440

they maybe it literally is just their

393

00:16:48,230 --> 00:16:46,560

junkyard like uh they built something to

394

00:16:49,550 --> 00:16:48,240

store all their stuff because they're

395

00:16:52,129 --> 00:16:49,560

they don't they don't want a litter

396

00:16:53,930 --> 00:16:52,139

they're all the shell around so it was

397

00:16:55,370 --> 00:16:53,940

Hollow they filled it with trash yeah

398

00:16:57,230 --> 00:16:55,380

put the shell around and just left it

399

00:16:58,970 --> 00:16:57,240

here yeah

400

00:17:01,129 --> 00:16:58,980

at least it's out of the way

401  
00:17:02,810 --> 00:17:01,139  
you know where it's at and it looks

402  
00:17:03,769 --> 00:17:02,820  
pretty when it's over the Sun so there

403  
00:17:06,590 --> 00:17:03,779  
you go

404  
00:17:09,949 --> 00:17:06,600  
and number five uh the Moon is the

405  
00:17:11,390 --> 00:17:09,959  
result of alien intelligence wait like

406  
00:17:13,730 --> 00:17:11,400  
three of these so far are the same

407  
00:17:14,990 --> 00:17:13,740  
they're kind of yeah there's kind of the

408  
00:17:18,049 --> 00:17:15,000  
same

409  
00:17:21,049 --> 00:17:18,059  
uh if an unknown ancient or indigenous

410  
00:17:23,630 --> 00:17:21,059  
civilization was not behind the

411  
00:17:26,569 --> 00:17:23,640  
purposeful placement of the Moon then

412  
00:17:29,870 --> 00:17:26,579  
the only logical choice would be to

413  
00:17:31,669 --> 00:17:29,880

suggest that some ET race is responsible

414

00:17:34,070 --> 00:17:31,679

so I guess in the previous ones they're

415

00:17:36,650 --> 00:17:34,080

saying uh some other Advanced

416

00:17:38,810 --> 00:17:36,660

civilization here on Earth did it in

417

00:17:42,110 --> 00:17:38,820

number five they're saying someone from

418

00:17:44,630 --> 00:17:42,120

another star system did it okay

419

00:17:46,669 --> 00:17:44,640

now they're just splitting hairs yeah

420

00:17:49,190 --> 00:17:46,679

they're really uh this could be like a

421

00:17:51,710 --> 00:17:49,200

top five list instead of a top ten

422

00:17:52,730 --> 00:17:51,720

but you know it's the top 10 list so you

423

00:17:54,350 --> 00:17:52,740

gotta

424

00:17:57,169 --> 00:17:54,360

go with the numbers

425

00:17:59,150 --> 00:17:57,179

uh number four the moon's rotation is

426

00:18:01,370 --> 00:17:59,160

also unique

427

00:18:04,070 --> 00:18:01,380

is it I don't know

428

00:18:06,590 --> 00:18:04,080

well it's it only faces one way it

429

00:18:08,990 --> 00:18:06,600

technically slowly rotate rotates but

430

00:18:11,270 --> 00:18:09,000

okay uh we've all heard of the Dark Side

431

00:18:14,090 --> 00:18:11,280

of the Moon the part of our Celestial

432

00:18:15,770 --> 00:18:14,100

neighbor that we never see many people

433

00:18:18,470 --> 00:18:15,780

think that this is because the moon

434

00:18:21,049 --> 00:18:18,480

doesn't spin however it is more accurate

435

00:18:24,470 --> 00:18:21,059

to call this part of the Moon The Far

436

00:18:26,289 --> 00:18:24,480

Side okay there's no Dark Side yes as it

437

00:18:29,810 --> 00:18:26,299

takes the moon

438

00:18:31,850 --> 00:18:29,820

27.3 days to orbit Earth once at the

439

00:18:35,390 --> 00:18:31,860

same time and also takes the moon 27

440

00:18:37,490 --> 00:18:35,400

days to complete a rotation on its own

441

00:18:38,210 --> 00:18:37,500

axis so

442

00:18:44,990 --> 00:18:38,220

um

443

00:18:46,549 --> 00:18:45,000

from Andromeda

444

00:18:48,470 --> 00:18:46,559

you ever heard about this book

445

00:18:50,630 --> 00:18:48,480

letters from Andromeda is not a lifetime

446

00:18:52,610 --> 00:18:50,640

original movie I would watch it on a

447

00:18:54,470 --> 00:18:52,620

lifetime if they they hired people to

448

00:18:56,570 --> 00:18:54,480

play act this thing

449

00:19:00,409 --> 00:18:56,580

I think that would be the most watched

450

00:19:03,950 --> 00:19:00,419

lifetime miniseries but we'll find out

451  
00:19:06,590 --> 00:19:03,960  
well in uh this controversial and widely

452  
00:19:08,270 --> 00:19:06,600  
ridiculed book Letters from Andromeda

453  
00:19:10,610 --> 00:19:08,280  
author and researcher Alex Collier

454  
00:19:13,070 --> 00:19:10,620  
claims to have uncovered the real

455  
00:19:15,289 --> 00:19:13,080  
history of the Moon perhaps the way he

456  
00:19:17,570 --> 00:19:15,299  
sourced is it his information made

457  
00:19:20,390 --> 00:19:17,580  
people a little suspicious he had

458  
00:19:24,770 --> 00:19:20,400  
received telepathic Communications from

459  
00:19:27,409 --> 00:19:24,780  
an alien who resides in the zentia

460  
00:19:28,850 --> 00:19:27,419  
constellation and these are the Tamer

461  
00:19:31,190 --> 00:19:28,860  
parts of the claim

462  
00:19:34,310 --> 00:19:31,200  
according to Collier the moon was

463  
00:19:36,470 --> 00:19:34,320

actually a huge spaceship that arrived

464

00:19:39,250 --> 00:19:36,480

here millions of years ago carrying

465

00:19:42,770 --> 00:19:39,260

reptilian human

466

00:19:44,210 --> 00:19:42,780

hybrids and the first humans to set foot

467

00:19:46,730 --> 00:19:44,220

on Earth

468

00:19:49,010 --> 00:19:46,740

Collier said that the moon was Hollow

469

00:19:52,370 --> 00:19:49,020

and there were several secret entrances

470

00:19:56,270 --> 00:19:52,380

around its surface he also confirmed

471

00:20:00,049 --> 00:19:56,280

that the that a metal shell exists below

472

00:20:01,310 --> 00:20:00,059

the surface so a metal shell below is

473

00:20:04,490 --> 00:20:01,320

Dusty

474

00:20:09,289 --> 00:20:04,500

crater faced exterior okay well I mean

475

00:20:11,330 --> 00:20:09,299

this kind of uh so far it kind of um

476  
00:20:13,130 --> 00:20:11,340  
it would make sense to a certain degree

477  
00:20:16,610 --> 00:20:13,140  
that it is some sort of alien base there

478  
00:20:18,470 --> 00:20:16,620  
are a lot of UFO footage footage from uh

479  
00:20:20,270 --> 00:20:18,480  
amateur

480  
00:20:22,310 --> 00:20:20,280  
astronomers look at the Moon through the

481  
00:20:25,250 --> 00:20:22,320  
telescope and they do capture some

482  
00:20:27,470 --> 00:20:25,260  
pretty strange objects that uh seem to

483  
00:20:29,810 --> 00:20:27,480  
be leaving the orbit of the moon or

484  
00:20:31,310 --> 00:20:29,820  
traversing its surface and there's some

485  
00:20:34,370 --> 00:20:31,320  
pretty compelling evidence that there is

486  
00:20:36,289 --> 00:20:34,380  
weird stuff going on up there as for uh

487  
00:20:38,570 --> 00:20:36,299  
spaceship from another galaxy or star

488  
00:20:40,190 --> 00:20:38,580

system I don't know but he goes on to

489

00:20:42,830 --> 00:20:40,200

say

490

00:20:45,350 --> 00:20:42,840

even more outlandish according to this

491

00:20:48,230 --> 00:20:45,360

article he claims that there were

492

00:20:50,090 --> 00:20:48,240

remains of an ancient alien base on the

493

00:20:53,150 --> 00:20:50,100

inside of the Moon left over from a huge

494

00:20:55,789 --> 00:20:53,160

war that was fought 113

495

00:20:57,669 --> 00:20:55,799

000 years ago uh these bases were now

496

00:21:00,529 --> 00:20:57,679

occupied by a secret world government

497

00:21:04,070 --> 00:21:00,539

that is working alongside an

498

00:21:05,150 --> 00:21:04,080

extraterrestrial race well I'm with them

499

00:21:08,029 --> 00:21:05,160

okay

500

00:21:11,210 --> 00:21:08,039

I think so far this is the uh the theory

501  
00:21:14,870 --> 00:21:11,220  
that I like the best yes

502  
00:21:18,529 --> 00:21:17,029  
you're laughing over there

503  
00:21:22,370 --> 00:21:18,539  
I mean there's not a whole lot funny

504  
00:21:24,650 --> 00:21:22,380  
about what you're doing over here sorry

505  
00:21:25,970 --> 00:21:24,660  
you're really having a good time over

506  
00:21:28,250 --> 00:21:25,980  
there aren't you

507  
00:21:31,070 --> 00:21:28,260  
you're losing your mind are you I'm

508  
00:21:32,990 --> 00:21:31,080  
gonna lose my mind today I got two more

509  
00:21:33,830 --> 00:21:33,000  
over here

510  
00:21:39,350 --> 00:21:33,840  
um

511  
00:21:41,450 --> 00:21:39,360  
before the moon oh yeah okay

512  
00:21:43,970 --> 00:21:41,460  
many ancient writing speak of a time

513  
00:21:45,649 --> 00:21:43,980

before the moon in turn many scholars

514

00:21:49,370 --> 00:21:45,659

have quoted these works over the

515

00:21:52,370 --> 00:21:49,380

centuries for example Aristotle wrote uh

516

00:21:53,990 --> 00:21:52,380

in Arcadia stating that the land was

517

00:21:56,810 --> 00:21:54,000

occupied before there was a moon in the

518

00:21:57,470 --> 00:21:56,820

sky above the Earth similarly

519

00:22:00,850 --> 00:21:57,480

um

520

00:22:05,750 --> 00:22:02,409

apollonius

521

00:22:07,970 --> 00:22:05,760

not Apollo yeah Apollo creative roads

522

00:22:10,190 --> 00:22:07,980

spoke at a time when I don't see it but

523

00:22:11,330 --> 00:22:10,200

I'm guessing it's apollonius apollonius

524

00:22:13,730 --> 00:22:11,340

yes

525

00:22:16,970 --> 00:22:13,740

um when not all the orbs were yet in the

526

00:22:19,070 --> 00:22:16,980

heavens tribes in Colombia also had such

527

00:22:21,409 --> 00:22:19,080

Notions in their traditional oral

528

00:22:23,510 --> 00:22:21,419

Legends they state in the earliest times

529

00:22:25,669 --> 00:22:23,520

when the moon was not yet in the heavens

530

00:22:27,230 --> 00:22:25,679

so okay some interesting stuff and then

531

00:22:29,510 --> 00:22:27,240

number one

532

00:22:32,149 --> 00:22:29,520

operational bases

533

00:22:35,810 --> 00:22:32,159

so this is this is also a repeat of the

534

00:22:37,909 --> 00:22:35,820

earlier one about letters from Andromeda

535

00:22:39,950 --> 00:22:37,919

um Alex Collier is certainly not the

536

00:22:42,230 --> 00:22:39,960

only person to claim that bases exists

537

00:22:44,750 --> 00:22:42,240

on the moon there have been a wave of

538

00:22:46,549 --> 00:22:44,760

such declarations often connected to two

539

00:22:48,590 --> 00:22:46,559

Anonymous whistleblowers

540

00:22:50,330 --> 00:22:48,600

are often connected to Anonymous

541

00:22:53,149 --> 00:22:50,340

whistleblowers and leaked secret

542

00:22:55,010 --> 00:22:53,159

documents over the last two decades the

543

00:22:57,649 --> 00:22:55,020

Risen Claim about the presence of an

544

00:23:00,950 --> 00:22:57,659

operational moon base was made by Dr

545

00:23:03,110 --> 00:23:00,960

Michael Salah who works with a Chinese

546

00:23:06,470 --> 00:23:03,120

space agency in their attempts to

547

00:23:08,570 --> 00:23:06,480

achieve a man mission to the Moon is if

548

00:23:12,289 --> 00:23:08,580

successful this will be the first such

549

00:23:15,470 --> 00:23:12,299

Landing since NASA's Apollo 17

550

00:23:18,649 --> 00:23:15,480

landing on the moon Stella says he also

551  
00:23:21,190 --> 00:23:18,659  
uh solo also says that the base was the

552  
00:23:23,690 --> 00:23:21,200  
result of a military industrial

553  
00:23:26,390 --> 00:23:23,700  
extraterrestrial complex even more

554  
00:23:29,210 --> 00:23:26,400  
outlandish where his comments that NASA

555  
00:23:32,090 --> 00:23:29,220  
was actively bombing such bases as well

556  
00:23:34,970 --> 00:23:32,100  
as ancient artifacts and Facilities to

557  
00:23:37,130 --> 00:23:34,980  
cover up their existence furthermore he

558  
00:23:39,770 --> 00:23:37,140  
stated that secret mining missions were

559  
00:23:42,110 --> 00:23:39,780  
being carried out by a secret world

560  
00:23:44,690 --> 00:23:42,120  
government that made such a covert pact

561  
00:23:49,250 --> 00:23:44,700  
with an unknown extraterrestrial race

562  
00:23:51,049 --> 00:23:49,260  
okay so there you go uh the top 10 weird

563  
00:23:53,029 --> 00:23:51,059

theories about the moon I think there

564

00:23:54,649 --> 00:23:53,039

could be a mix of them uh I don't know

565

00:23:57,950 --> 00:23:54,659

if you'd imagine if we're bombing the

566

00:23:59,570 --> 00:23:57,960

moon there would be uh evidence of that

567

00:24:01,250 --> 00:23:59,580

like people are constantly look at the

568

00:24:04,430 --> 00:24:01,260

moon so you would probably see like

569

00:24:05,510 --> 00:24:04,440

little tiny explosions on the moon I

570

00:24:07,730 --> 00:24:05,520

would imagine

571

00:24:09,830 --> 00:24:07,740

uh not if you're not looking

572

00:24:11,330 --> 00:24:09,840

for looking you're right look over there

573

00:24:13,310 --> 00:24:11,340

and then they blow up the Moon

574

00:24:16,070 --> 00:24:13,320

yeah I I think that we do probably have

575

00:24:17,630 --> 00:24:16,080

some sort of secret base on the moon uh

576

00:24:20,630 --> 00:24:17,640

they've they've they were talking about

577

00:24:23,690 --> 00:24:20,640

build one in the 70s hell in the book uh

578

00:24:25,610 --> 00:24:23,700

the day after Roswell uh Colonel Philip

579

00:24:27,169 --> 00:24:25,620

Corso said yeah there was

580

00:24:29,090 --> 00:24:27,179

plans to build a base in the moon

581

00:24:30,890 --> 00:24:29,100

whether or not they went through with it

582

00:24:32,570 --> 00:24:30,900

or not I I don't know so I think they

583

00:24:35,149 --> 00:24:32,580

probably do have some sort of

584

00:24:37,130 --> 00:24:35,159

probably military presence on the Moon I

585

00:24:39,890 --> 00:24:37,140

mean why and again if anyone wants to

586

00:24:42,350 --> 00:24:39,900

explore that in in fiction uh the the

587

00:24:44,270 --> 00:24:42,360

series uh For All Mankind uh alternate

588

00:24:46,549 --> 00:24:44,280

it's an alternate history of the Space

589

00:24:48,409 --> 00:24:46,559

Race they do colonize and they're not

590

00:24:50,810 --> 00:24:48,419

colonized they have permanent uh

591

00:24:53,630 --> 00:24:50,820

stations bases on the moon

592

00:24:56,270 --> 00:24:53,640

it's Carl Weathers in that uh it starts

593

00:24:58,430 --> 00:24:56,280

stall it stars only Carl Weathers uh

594

00:25:00,710 --> 00:24:58,440

very much like Eddie Murphy does for his

595

00:25:02,450 --> 00:25:00,720

movies I like that I've watched all the

596

00:25:04,909 --> 00:25:02,460

parts he writes and directs every

597

00:25:06,350 --> 00:25:04,919

episode he also acts out all the space

598

00:25:09,230 --> 00:25:06,360

scenes and you can literally see him

599

00:25:10,850 --> 00:25:09,240

stand there holding models yeah very low

600

00:25:12,049 --> 00:25:10,860

budget

601  
00:25:14,450 --> 00:25:12,059  
well

602  
00:25:16,310 --> 00:25:14,460  
yeah I'm gonna wrap it up here but so

603  
00:25:18,289 --> 00:25:16,320  
China found those new crystals on the

604  
00:25:20,090 --> 00:25:18,299  
moon that means China's got to go back

605  
00:25:21,770 --> 00:25:20,100  
there get all those special Moon

606  
00:25:24,470 --> 00:25:21,780  
crystals so they can have Limitless

607  
00:25:28,549 --> 00:25:24,480  
power if we do currently have a military

608  
00:25:30,769 --> 00:25:28,559  
base on the moon I would imagine that uh

609  
00:25:33,830 --> 00:25:30,779  
we would probably want to run off China

610  
00:25:35,630 --> 00:25:33,840  
and for so they wouldn't dare come back

611  
00:25:38,450 --> 00:25:35,640  
but wouldn't you imagine the perfect

612  
00:25:40,430 --> 00:25:38,460  
opportunity to take out China is just to

613  
00:25:42,049 --> 00:25:40,440

take out their probe before it even

614

00:25:46,850 --> 00:25:42,059

landed down

615

00:25:47,930 --> 00:25:46,860

they got information and China's just

616

00:25:49,190 --> 00:25:47,940

going to keep sending things back

617

00:25:50,630 --> 00:25:49,200

they're going to keep sending people up

618

00:25:51,890 --> 00:25:50,640

there until they get what they want I

619

00:25:53,630 --> 00:25:51,900

think

620

00:25:55,970 --> 00:25:53,640

they missed an opportunity if they

621

00:25:58,310 --> 00:25:55,980

wanted Supremacy over the moon they lost

622

00:26:00,529 --> 00:25:58,320

it here

623

00:26:01,970 --> 00:26:00,539

my thought

624

00:26:04,549 --> 00:26:01,980

well it's probably because all the stuff

625

00:26:06,110 --> 00:26:04,559

that Nasa uses up on the moon is made in

626

00:26:09,110 --> 00:26:06,120

China so they just like turned it off or

627

00:26:11,750 --> 00:26:09,120

something it's all Huawei

628

00:26:13,070 --> 00:26:11,760

Huawei sponsored Communications hold on

629

00:26:14,930 --> 00:26:13,080

it's updating the firmware I wonder why

630

00:26:16,370 --> 00:26:14,940

it's pretty cool Moon gun you got up

631

00:26:18,590 --> 00:26:16,380

there

632

00:26:19,970 --> 00:26:18,600

dance from from All For All Mankind they

633

00:26:21,470 --> 00:26:19,980

I gotta buy that there's some serious

634

00:26:24,049 --> 00:26:21,480

shooting or shooting going on up on the

635

00:26:25,549 --> 00:26:24,059

moon how many uh seasons are there oh

636

00:26:27,470 --> 00:26:25,559

shoot I think I think they finished the

637

00:26:29,149 --> 00:26:27,480

third oh cool

638

00:26:30,470 --> 00:26:29,159

um the third season's about Mars they do

639

00:26:33,470 --> 00:26:30,480

the same thing on Mars

640

00:26:35,390 --> 00:26:33,480

wow okay I like uh rise and fall had a

641

00:26:38,630 --> 00:26:35,400

comment the Moon is a big space weed

642

00:26:42,289 --> 00:26:40,549

he might not be far I mean what if it is

643

00:26:44,590 --> 00:26:42,299

like a weigh station for them to sell

644

00:26:48,289 --> 00:26:44,600

human blood I mean

645

00:26:51,169 --> 00:26:48,299

Chrome yeah yeah like the theory that's

646

00:26:52,370 --> 00:26:51,179

not on here is the one proposed by John

647

00:26:59,450 --> 00:26:52,380

Lear

648

00:27:01,850 --> 00:26:59,460

and he's just he's the he's he's got the

649

00:27:04,430 --> 00:27:01,860

name leer Lear Jet and he's claimed to

650

00:27:06,169 --> 00:27:04,440

have a pretty good Insider info he'd

651  
00:27:08,289 --> 00:27:06,179  
call into art bell all the time and

652  
00:27:11,810 --> 00:27:08,299  
George Nori and he claimed that the moon

653  
00:27:16,490 --> 00:27:11,820  
was an artificial structure and its

654  
00:27:18,710 --> 00:27:16,500  
purpose is to be a sole recycling plant

655  
00:27:22,430 --> 00:27:18,720  
so when you die your soul goes to the

656  
00:27:24,409 --> 00:27:22,440  
moon and it is then held there until it

657  
00:27:26,990 --> 00:27:24,419  
is recycled sent back down here or some

658  
00:27:29,029 --> 00:27:27,000  
other place but it is a giant Soul

659  
00:27:31,490 --> 00:27:29,039  
collection device according to John Lear

660  
00:27:33,169 --> 00:27:31,500  
and I'm paraphrasing here yes

661  
00:27:34,789 --> 00:27:33,179  
that that theory is not on the list

662  
00:27:36,289 --> 00:27:34,799  
that's number 11. in fact that theory

663  
00:27:38,269 --> 00:27:36,299

could have took up like two or three

664

00:27:39,350 --> 00:27:38,279

more spots some of the repurposed ones

665

00:27:40,970 --> 00:27:39,360

they had on the list I was gonna say

666

00:27:42,590 --> 00:27:40,980

that was pretty weak top ten it was like

667

00:27:45,350 --> 00:27:42,600

here's six and a bunch of things are the

668

00:27:48,490 --> 00:27:45,360

same give us an email at our big thumb

669

00:27:51,710 --> 00:27:48,500
