

**DANGEROUS
IDEAS**

1
00:00:05,710 --> 00:00:01,030
[Applause]

2
00:00:05,720 --> 00:00:10,009
that's [h__\h]

3
00:00:14,509 --> 00:00:11,810
okay

4
00:00:16,870 --> 00:00:14,519
well I've been watching Graham Hancock's

5
00:00:19,490 --> 00:00:16,880
new series on Netflix called ancient

6
00:00:22,130 --> 00:00:19,500
apocalypse have you uh seen this at all

7
00:00:23,870 --> 00:00:22,140
cretured I do not have Netflix Oh

8
00:00:25,970 --> 00:00:23,880
support Netflix remember and they

9
00:00:27,470 --> 00:00:25,980
started supporting pederasty openly yes

10
00:00:30,710 --> 00:00:27,480
yes

11
00:00:32,749 --> 00:00:30,720
I remember you and Joe dipped out uh and

12
00:00:34,190 --> 00:00:32,759
this commendable you didn't like what

13
00:00:35,750 --> 00:00:34,200

they're producing and like the

14

00:00:38,510 --> 00:00:35,760

contentious I'm not going to give you

15

00:00:40,910 --> 00:00:38,520

the money I'm too lazy

16

00:00:43,010 --> 00:00:40,920

um I give money to anybody so

17

00:00:44,990 --> 00:00:43,020

uh okay how could we get money directly

18

00:00:46,490 --> 00:00:45,000

to Graham Hancock about that I would

19

00:00:48,229 --> 00:00:46,500

like to

20

00:00:50,090 --> 00:00:48,239

um I would probably just buy a book from

21

00:00:51,650 --> 00:00:50,100

him I think that's maybe the best way to

22

00:00:54,410 --> 00:00:51,660

support Graham

23

00:00:57,770 --> 00:00:54,420

but he's got a new series out on Netflix

24

00:00:59,110 --> 00:00:57,780

and it's very controversial very

25

00:01:01,670 --> 00:00:59,120

controversial

26

00:01:03,770 --> 00:01:01,680

everything that he's doing

27

00:01:05,929 --> 00:01:03,780

uh people probably are familiar with the

28

00:01:08,510 --> 00:01:05,939

Graham Hancock uh he's been on Joe

29

00:01:10,190 --> 00:01:08,520

Rogan's podcast a number of times and uh

30

00:01:12,410 --> 00:01:10,200

in conjunction with the Randall Carlson

31

00:01:14,810 --> 00:01:12,420

Grant Hancock uh he's not an

32

00:01:17,510 --> 00:01:14,820

archaeologist he he he describes himself

33

00:01:20,350 --> 00:01:17,520

as a journalist who goes around the

34

00:01:24,350 --> 00:01:20,360

world looking at ancient sites and

35

00:01:28,730 --> 00:01:24,360

reevaluates what uh archaeologists

36

00:01:30,289 --> 00:01:28,740

describe as the timeline uh pretty much

37

00:01:35,510 --> 00:01:30,299

most archaeologists mainstream

38

00:01:38,690 --> 00:01:35,520

archaeologists say uh current modern man

39

00:01:42,649 --> 00:01:38,700

um a lot of these ancient Arc pieces of

40

00:01:45,289 --> 00:01:42,659

architecture and and giant monuments as

41

00:01:47,390 --> 00:01:45,299

far back they they only go like 2000 BC

42

00:01:49,730 --> 00:01:47,400

right around there nothing there's

43

00:01:52,249 --> 00:01:49,740

nothing before that and if you suggest

44

00:01:56,929 --> 00:01:52,259

there's that anything happened before

45

00:01:58,789 --> 00:01:56,939

2000 BC your crackpot you're a loon and

46

00:02:01,249 --> 00:01:58,799

you might be a white supremacist

47

00:02:02,929 --> 00:02:01,259

probably white supremacist and that's

48

00:02:05,749 --> 00:02:02,939

what they they have said if you type in

49

00:02:08,630 --> 00:02:05,759

Graham Hancock white supremacist into

50

00:02:12,530 --> 00:02:08,640

Google and look at the news there are

51
00:02:14,570 --> 00:02:12,540
some headlines insinuating that this new

52
00:02:16,729 --> 00:02:14,580
series and Graham Hancock's

53
00:02:18,770 --> 00:02:16,739
investigation in general uh does support

54
00:02:20,510 --> 00:02:18,780
white supremacy and there's one headline

55
00:02:22,670 --> 00:02:20,520
right here Graham Hancock's ancient

56
00:02:25,430 --> 00:02:22,680
Apocalypse series on Netflix promotes

57
00:02:27,350 --> 00:02:25,440
racist conspiracy theories claim

58
00:02:30,110 --> 00:02:27,360
archaeologists wait wait it's another

59
00:02:32,630 --> 00:02:30,120
saying simply watching this on Netflix

60
00:02:35,449 --> 00:02:32,640
promotes white supremacy that's right

61
00:02:37,010 --> 00:02:35,459
exactly

62
00:02:39,710 --> 00:02:37,020
well that also comes from the what the

63
00:02:41,809 --> 00:02:39,720

let's say the Lancaster Mercury News uh

64

00:02:43,009 --> 00:02:41,819

yeah in that uh that's someone trying to

65

00:02:46,309 --> 00:02:43,019

try to make a name for themselves I

66

00:02:49,369 --> 00:02:46,319

think I suspect so and that article was

67

00:02:51,410 --> 00:02:49,379

uh taken down yeah uh that person was

68

00:02:54,110 --> 00:02:51,420

taken up back with there is no

69

00:02:56,809 --> 00:02:54,120

indication not that I've seen that

70

00:02:58,610 --> 00:02:56,819

Graham Hancock is supporting white

71

00:03:01,550 --> 00:02:58,620

supremacy or anything like that it's

72

00:03:05,809 --> 00:03:01,560

often that that angle that divisive

73

00:03:10,070 --> 00:03:05,819

angle is often used by zealots who want

74

00:03:13,130 --> 00:03:10,080

to adhere to a timeline to a belief

75

00:03:14,750 --> 00:03:13,140

system to a history that they know and

76
00:03:17,570 --> 00:03:14,760
love and they don't want to reevaluate

77
00:03:20,030 --> 00:03:17,580
and so they'll they'll they'll throw

78
00:03:22,309 --> 00:03:20,040
names at anybody who challenges their

79
00:03:23,570 --> 00:03:22,319
their belief system but I'll read this

80
00:03:25,250 --> 00:03:23,580
uh

81
00:03:26,449 --> 00:03:25,260
this article here this is by the

82
00:03:29,089 --> 00:03:26,459
guardian

83
00:03:32,570 --> 00:03:29,099
and this is titled ancient apocalypse

84
00:03:34,369 --> 00:03:32,580
is the most dangerous Show on Netflix

85
00:03:37,910 --> 00:03:34,379
that's right

86
00:03:39,410 --> 00:03:37,920
uh-oh it's the most dangerous Show on

87
00:03:42,050 --> 00:03:39,420
Netflix okay

88
00:03:43,490 --> 00:03:42,060

so it has it has surpassed the hey kids

89

00:03:45,530 --> 00:03:43,500

let's build a bomb out of common

90

00:03:46,789 --> 00:03:45,540

household implements

91

00:03:53,330 --> 00:03:46,799

show

92

00:03:56,990 --> 00:03:53,340

this they did say Netflix here and so

93

00:03:59,930 --> 00:03:57,000

it's more dangerous than cuties or any

94

00:04:02,390 --> 00:03:59,940

kind of weird love reality TV show they

95

00:04:04,369 --> 00:04:02,400

have uh this is the most dangerous that

96

00:04:06,350 --> 00:04:04,379

that that Netflix series uh let's look

97

00:04:10,309 --> 00:04:06,360

through Dad's closet for the gun Series

98

00:04:11,929 --> 00:04:10,319

yeah oh really I think that

99

00:04:14,149 --> 00:04:11,939

gotta really search hard for that one

100

00:04:16,550 --> 00:04:14,159

but this one it says uh this article

101
00:04:18,650 --> 00:04:16,560
says a show with a truly Preposterous

102
00:04:21,590 --> 00:04:18,660
theory is one of the streaming Giants

103
00:04:24,710 --> 00:04:21,600
biggest hits and seems to exist solely

104
00:04:26,150 --> 00:04:24,720
for conspiracy theories so and exists

105
00:04:28,790 --> 00:04:26,160
seems to

106
00:04:32,390 --> 00:04:28,800
uh exist solely for conspiracy theorists

107
00:04:34,070 --> 00:04:32,400
why has this been allowed

108
00:04:35,570 --> 00:04:34,080
that's what it says why has this been

109
00:04:38,210 --> 00:04:35,580
allowed

110
00:04:40,129 --> 00:04:38,220
yeah I like this this approach to like

111
00:04:42,110 --> 00:04:40,139
appealing to some sort of higher

112
00:04:45,530 --> 00:04:42,120
authority someone should do something

113
00:04:47,450 --> 00:04:45,540

about this why is this allowed look at

114

00:04:51,409 --> 00:04:47,460

this headline

115

00:04:53,270 --> 00:04:51,419

uh at the time uh at the time of writing

116

00:04:55,790 --> 00:04:53,280

ancient apocalypse has been constantly

117

00:04:58,010 --> 00:04:55,800

sitting in Netflix's top 10 list for

118

00:05:00,230 --> 00:04:58,020

several days uh this presents something

119

00:05:02,390 --> 00:05:00,240

of a mystery because the show closely

120

00:05:05,390 --> 00:05:02,400

resembles these sort of half-baked

121

00:05:07,310 --> 00:05:05,400

filler documentary that one of the

122

00:05:09,650 --> 00:05:07,320

Lesser Discovery Channels would snap up

123

00:05:11,629 --> 00:05:09,660

that would slap up at 3am between shows

124

00:05:13,129 --> 00:05:11,639

about plane crashes and fascist

125

00:05:15,590 --> 00:05:13,139

architecture

126
00:05:18,530 --> 00:05:15,600
ancient apocalypse obviously has been

127
00:05:20,510 --> 00:05:18,540
obviously has an audience but who on

128
00:05:22,490 --> 00:05:20,520
Earth is it

129
00:05:24,950 --> 00:05:22,500
fortunately you don't have to watch for

130
00:05:28,129 --> 00:05:24,960
long to find out in quick succession

131
00:05:30,590 --> 00:05:28,139
during the pre-so pre-show Sizzle reel

132
00:05:33,230 --> 00:05:30,600
we are treated to clips of the show's

133
00:05:36,409 --> 00:05:33,240
host Graham Hancock being interviewed by

134
00:05:38,150 --> 00:05:36,419
Jordan Peterson and Joe Rogan

135
00:05:41,570 --> 00:05:38,160
finally we have an answer ancient

136
00:05:44,570 --> 00:05:41,580
apocalypse must be a TV program made

137
00:05:47,830 --> 00:05:44,580
exclusively for people who like to shout

138
00:05:53,150 --> 00:05:49,850

leftists what

139

00:05:55,070 --> 00:05:53,160

oh really I don't I don't know Joe Rogan

140

00:05:57,170 --> 00:05:55,080

to get on Twitter and start shouting at

141

00:05:59,689 --> 00:05:57,180

people nor did I really know Jordan

142

00:06:01,370 --> 00:05:59,699

Peterson to do that as of late I think

143

00:06:03,890 --> 00:06:01,380

he just got back on Twitter I think he

144

00:06:07,010 --> 00:06:03,900

was banned Jordan Peterson ever shouted

145

00:06:09,830 --> 00:06:07,020

anybody no I don't I I don't see uh

146

00:06:12,830 --> 00:06:09,840

Jordan Peterson like shout or yell at

147

00:06:15,529 --> 00:06:12,840

people he can talk sternly but he's a

148

00:06:17,390 --> 00:06:15,539

very Meek kind of guy he doesn't have

149

00:06:18,890 --> 00:06:17,400

like a lot of he's low energy like Jeb

150

00:06:21,290 --> 00:06:18,900

Bush yeah he's very very kind of

151
00:06:23,029 --> 00:06:21,300
measured in his approach to things yeah

152
00:06:24,350 --> 00:06:23,039
the people who are shouting and yelling

153
00:06:26,270 --> 00:06:24,360
are the sort of people who are writing

154
00:06:29,330 --> 00:06:26,280
this article get someone do something

155
00:06:31,370 --> 00:06:29,340
about this I need a safe space

156
00:06:33,350 --> 00:06:31,380
well it goes on to say so ancient

157
00:06:35,450 --> 00:06:33,360
apocalypse must be a TV program made

158
00:06:38,330 --> 00:06:35,460
exclusively for people who like to shout

159
00:06:40,790 --> 00:06:38,340
at you on Twitter of course it is these

160
00:06:43,189 --> 00:06:40,800
people are Graham Hancock's bread and

161
00:06:44,150 --> 00:06:43,199
butter the free thinkers and that's in

162
00:06:47,870 --> 00:06:44,160
quote

163
00:06:52,629 --> 00:06:47,880

who uh through some bizarre Quirk of

164

00:06:58,670 --> 00:06:55,870

perennially perennially perennially

165

00:07:00,830 --> 00:06:58,680

outraged than anyone else on Earth

166

00:07:03,529 --> 00:07:00,840

they're drawn to ancient apocalypse

167

00:07:07,309 --> 00:07:03,539

thanks in part to Graham Hancock's loud

168

00:07:09,770 --> 00:07:07,319

and persistent claims that his life's

169

00:07:11,749 --> 00:07:09,780

work is being suppressed by big

170

00:07:13,070 --> 00:07:11,759

archeology

171

00:07:15,890 --> 00:07:13,080

well it sounds like it's about to be

172

00:07:18,309 --> 00:07:15,900

suppressed by by leftist media by big

173

00:07:20,749 --> 00:07:18,319

media yeah yeah

174

00:07:23,270 --> 00:07:20,759

uh so the the thrust of ancient

175

00:07:25,430 --> 00:07:23,280

apocalypse is as follows Hancock

176

00:07:27,409 --> 00:07:25,440

believes that in advance Ice Age

177

00:07:29,930 --> 00:07:27,419

civilization responsible for teaching

178

00:07:32,930 --> 00:07:29,940

Humanity Concepts such as math

179

00:07:34,969 --> 00:07:32,940

architecture and agriculture uh was

180

00:07:38,089 --> 00:07:34,979

wiped out in a giant flood brought about

181

00:07:40,969 --> 00:07:38,099

by multiple Comet strikes about 12 000

182

00:07:43,070 --> 00:07:40,979

years ago there are signs everywhere uh

183

00:07:44,570 --> 00:07:43,080

he says to prove this he spends the

184

00:07:47,210 --> 00:07:44,580

entire television series looking

185

00:07:50,809 --> 00:07:47,220

everywhere which he does do he goes to

186

00:07:52,670 --> 00:07:50,819

uh places in the southeast Asia he goes

187

00:07:54,290 --> 00:07:52,680

to Central South America looking at

188

00:07:56,870 --> 00:07:54,300

pyramids

189

00:07:59,870 --> 00:07:56,880

um he even went to Ohio to visit The

190

00:08:02,930 --> 00:07:59,880

Serpent Mound uh now I've been through

191

00:08:05,809 --> 00:08:02,940

The Serpent Mound it's uh it's

192

00:08:08,150 --> 00:08:05,819

impressive the the structure uh when

193

00:08:12,050 --> 00:08:08,160

Graham Hancock visited Ohio Southern

194

00:08:15,350 --> 00:08:12,060

Ohio he was denied access to film there

195

00:08:18,710 --> 00:08:15,360

because uh the curators and I guess the

196

00:08:21,290 --> 00:08:18,720

the the management company uh who who

197

00:08:23,510 --> 00:08:21,300

deals with that land at The Serpent

198

00:08:26,890 --> 00:08:23,520

Mound said they do not want to partake

199

00:08:30,290 --> 00:08:26,900

in the re-writing of History

200

00:08:32,930 --> 00:08:30,300

so they have their belief system

201
00:08:35,269 --> 00:08:32,940
and they don't want to

202
00:08:37,370 --> 00:08:35,279
uh indulge in anything that May

203
00:08:40,130 --> 00:08:37,380
challenge the belief system that the

204
00:08:42,649 --> 00:08:40,140
super mountains were built 1 000 Years

205
00:08:45,590 --> 00:08:42,659
Ago by Native Americans Graham Hancock

206
00:08:47,810 --> 00:08:45,600
has uh suggested that The Serpent Mound

207
00:08:50,269 --> 00:08:47,820
was actually built about ten thousand

208
00:08:53,030 --> 00:08:50,279
years ago when it was more closely

209
00:08:55,550 --> 00:08:53,040
aligned with the sun

210
00:08:57,650 --> 00:08:55,560
um and he's got you know he's he's

211
00:08:59,389 --> 00:08:57,660
theories to back that up

212
00:09:01,009 --> 00:08:59,399
the people at the certain amount the

213
00:09:03,410 --> 00:09:01,019

managers at the certain amount think

214

00:09:04,750 --> 00:09:03,420

that this is white supremacy to

215

00:09:09,769 --> 00:09:04,760

insinuate

216

00:09:12,230 --> 00:09:09,779

that the North American Indians did not

217

00:09:16,190 --> 00:09:12,240

build it in that it was it's in this

218

00:09:18,730 --> 00:09:16,200

white supremacy to speculate that the

219

00:09:22,670 --> 00:09:18,740

mound is much older and may have been

220

00:09:24,650 --> 00:09:22,680

built by a civilization 10 000 years ago

221

00:09:27,710 --> 00:09:24,660

although those still would have been

222

00:09:31,190 --> 00:09:27,720

Native American people at that time I

223

00:09:33,590 --> 00:09:31,200

mean not probably what we commonly know

224

00:09:35,509 --> 00:09:33,600

to be Native Americans but a different

225

00:09:37,130 --> 00:09:35,519

form keep in mind well two things keep

226

00:09:39,889 --> 00:09:37,140

in mind first of all the uh the name

227

00:09:42,170 --> 00:09:39,899

America from Amerigo Vespucci's Italians

228

00:09:43,670 --> 00:09:42,180

are clearly racist white people

229

00:09:45,829 --> 00:09:43,680

um so they wouldn't be Native Americans

230

00:09:48,829 --> 00:09:45,839

because that's racist yes also isn't

231

00:09:51,590 --> 00:09:48,839

Serpent Mound well known to be built on

232

00:09:54,350 --> 00:09:51,600

not built but it sits on top of a a

233

00:09:55,610 --> 00:09:54,360

massive crater yes from from a meteor

234

00:09:57,410 --> 00:09:55,620

strike from

235

00:09:59,449 --> 00:09:57,420

tens or hundreds of thousands of years

236

00:10:02,570 --> 00:09:59,459

ago so is it impossible to think that

237

00:10:05,690 --> 00:10:02,580

somebody may have built some sort of

238

00:10:07,790 --> 00:10:05,700

you know whatever can you know they

239

00:10:09,769 --> 00:10:07,800

would have had some sort of recognition

240

00:10:11,210 --> 00:10:09,779

that this site was special you know ten

241

00:10:13,250 --> 00:10:11,220

thousand fifteen thousand twenty

242

00:10:14,389 --> 00:10:13,260

thousand years ago I mean it's just I

243

00:10:17,389 --> 00:10:14,399

don't get where they're coming from to

244

00:10:19,790 --> 00:10:17,399

say because we've seen multiple times

245

00:10:22,250 --> 00:10:19,800

subsequent civilizations build on top of

246

00:10:23,509 --> 00:10:22,260

existing structures they say hey this

247

00:10:25,670 --> 00:10:23,519

was special to them it's special to us

248

00:10:27,470 --> 00:10:25,680

we're going to build our stuff on top so

249

00:10:28,910 --> 00:10:27,480

serpent Serpent Mound as we know it

250

00:10:30,410 --> 00:10:28,920

today could be less than a thousand

251
00:10:31,790 --> 00:10:30,420
years old but that doesn't mean there

252
00:10:34,070 --> 00:10:31,800
couldn't have been older structures or

253
00:10:35,210 --> 00:10:34,080
older things there going back tens of

254
00:10:38,269 --> 00:10:35,220
thousands of years but apparently that's

255
00:10:41,449 --> 00:10:38,279
racist I guess hey I'm with you and even

256
00:10:45,110 --> 00:10:41,459
according to the the history the the

257
00:10:47,030 --> 00:10:45,120
history that that is acceptable there uh

258
00:10:50,870 --> 00:10:47,040
they accept the fact that the Serpent

259
00:10:54,050 --> 00:10:50,880
Mound is built right up against a giant

260
00:10:58,310 --> 00:10:54,060
crater and they speculate was caused by

261
00:11:00,829 --> 00:10:58,320
some sort of meteor strike and that it

262
00:11:03,889 --> 00:11:00,839
could be the entire land there could be

263
00:11:06,949 --> 00:11:03,899

uh riddled with little pieces of iridium

264

00:11:09,769 --> 00:11:06,959

a very viable uh mineral that is

265

00:11:12,230 --> 00:11:09,779

commonly found in and it would commonly

266

00:11:14,870 --> 00:11:12,240

found after a large impact but

267

00:11:17,509 --> 00:11:14,880

regardless we'll move on to this so

268

00:11:19,670 --> 00:11:17,519

the rest is article because it it just

269

00:11:24,050 --> 00:11:19,680

is very sad this is the kind of thing

270

00:11:26,509 --> 00:11:24,060

that we see uh quite often in the uh uh

271

00:11:29,030 --> 00:11:26,519

the alternate history Community whether

272

00:11:32,569 --> 00:11:29,040

you're looking at the existence of

273

00:11:34,730 --> 00:11:32,579

giants in North America or even

274

00:11:37,310 --> 00:11:34,740

different stone structures here in North

275

00:11:39,829 --> 00:11:37,320

America big archeology as they like to

276

00:11:42,949 --> 00:11:39,839

say they just ignore it and Graham

277

00:11:46,069 --> 00:11:42,959

Hancock does even reference Giants in

278

00:11:49,250 --> 00:11:46,079

his series although he disregards the

279

00:11:52,310 --> 00:11:49,260

the the theory of giants uh uh we can

280

00:11:55,030 --> 00:11:52,320

call them Nephilim or whatever but the

281

00:11:57,889 --> 00:11:55,040

race of giants that some people believe

282

00:12:00,470 --> 00:11:57,899

inhabited parts of North America Graham

283

00:12:03,170 --> 00:12:00,480

Hancock does not believe in Giants he

284

00:12:05,090 --> 00:12:03,180

doesn't dare go there in this series

285

00:12:07,370 --> 00:12:05,100

but he does reference just very tall

286

00:12:09,829 --> 00:12:07,380

people he does reference those stories

287

00:12:12,470 --> 00:12:09,839

though he does reference them so if

288

00:12:15,590 --> 00:12:12,480

Hancock travels to Malta to Mexico to

289

00:12:18,110 --> 00:12:15,600

Indonesia into the U.S purely so he can

290

00:12:20,870 --> 00:12:18,120

look at remnants of old structures and

291

00:12:23,509 --> 00:12:20,880

insist that they prove his theory no he

292

00:12:25,430 --> 00:12:23,519

does not say that he doesn't say just

293

00:12:29,630 --> 00:12:25,440

because these structures exist it proves

294

00:12:32,630 --> 00:12:29,640

his theories he says that there is also

295

00:12:36,050 --> 00:12:32,640

um a fossil record there is a layer of

296

00:12:38,329 --> 00:12:36,060

dirt there is obvious presence of some

297

00:12:41,449 --> 00:12:38,339

sort of worldwide Calamity right around

298

00:12:43,610 --> 00:12:41,459

12 000 years ago and because of that

299

00:12:46,490 --> 00:12:43,620

layer of dust that exists there he says

300

00:12:49,250 --> 00:12:46,500

well there was some sort of Apocalypse

301
00:12:51,290 --> 00:12:49,260
that happened at that point in time and

302
00:12:53,030 --> 00:12:51,300
that's why we see so many similarities

303
00:12:56,449 --> 00:12:53,040
throughout these cultures they all have

304
00:12:59,449 --> 00:12:56,459
the same story which is the the giant

305
00:13:01,910 --> 00:12:59,459
flood Theory the worldwide flood the one

306
00:13:04,970 --> 00:13:01,920
that Noah talks about uh that is

307
00:13:07,310 --> 00:13:04,980
persistent through a majority of

308
00:13:09,170 --> 00:13:07,320
cultures across the world

309
00:13:10,730 --> 00:13:09,180
well epic Gilgamesh and others they all

310
00:13:13,129 --> 00:13:10,740
they all have the big flood yeah

311
00:13:14,930 --> 00:13:13,139
it's common

312
00:13:17,449 --> 00:13:14,940
um and goes on and say which isn't to

313
00:13:19,370 --> 00:13:17,459

say that all he that's all he does of

314

00:13:23,629 --> 00:13:19,380

course because a great deal of every

315

00:13:26,210 --> 00:13:23,639

episode is spent Railing at the buttoned

316

00:13:27,829 --> 00:13:26,220

up architectural institutions that fail

317

00:13:30,110 --> 00:13:27,839

to listen to him because according to

318

00:13:32,690 --> 00:13:30,120

them the whole Theory doesn't stand up

319

00:13:35,150 --> 00:13:32,700

to any scrutiny whatsoever well first of

320

00:13:38,329 --> 00:13:35,160

all I haven't seen any scrutiny I've

321

00:13:41,569 --> 00:13:38,339

Just Seen names being thrown at Graham

322

00:13:43,190 --> 00:13:41,579

Hancock I have seen some archaeologists

323

00:13:45,590 --> 00:13:43,200

say what's the point of investigating

324

00:13:48,470 --> 00:13:45,600

this it's it's so old and there's

325

00:13:50,870 --> 00:13:48,480

there's no uh there's no consensus

326

00:13:52,449 --> 00:13:50,880

either way so it's just a mystery I

327

00:13:55,610 --> 00:13:52,459

would really love to see

328

00:13:57,889 --> 00:13:55,620

archaeologists take apart Graham Hancock

329

00:14:00,530 --> 00:13:57,899

series like do a Mystery Science Theater

330

00:14:01,790 --> 00:14:00,540

3000 and I would sit and watch it I

331

00:14:03,710 --> 00:14:01,800

would watch that that would be

332

00:14:06,350 --> 00:14:03,720

fascinating to me

333

00:14:09,110 --> 00:14:06,360

uh the result sadly

334

00:14:12,410 --> 00:14:09,120

given is about an intelligent life form

335

00:14:14,930 --> 00:14:12,420

being exploded off the planet in a hail

336

00:14:18,650 --> 00:14:14,940

a comet fire is preposterously boring

337

00:14:20,810 --> 00:14:18,660

Hancock goes to a place and says they

338

00:14:24,110 --> 00:14:20,820

want you to think it's this but actually

339

00:14:25,850 --> 00:14:24,120

it's that over and over again I once got

340

00:14:28,370 --> 00:14:25,860

trapped at a party with a flat earther

341

00:14:31,269 --> 00:14:28,380

it was a very similar experience to to

342

00:14:38,030 --> 00:14:34,190

an ad hominem attack they're basically

343

00:14:40,850 --> 00:14:38,040

saying uh the flat earthers and Graham

344

00:14:43,370 --> 00:14:40,860

Hancock Cut From the Same Cloth to a

345

00:14:46,550 --> 00:14:43,380

certain degree I can see that that both

346

00:14:50,509 --> 00:14:46,560

question the commonly held belief system

347

00:14:53,750 --> 00:14:50,519

and the reality of this world but I

348

00:14:57,050 --> 00:14:53,760

think Graham Hancock is grounded in in

349

00:15:00,350 --> 00:14:57,060

more of a niche area of knowledge where

350

00:15:02,750 --> 00:15:00,360

uh Flat Earth is is all-encompassing

351

00:15:05,030 --> 00:15:02,760

uh that is the danger of a show like

352

00:15:07,430 --> 00:15:05,040

this it Whispers to conspiracy theorists

353

00:15:10,069 --> 00:15:07,440

it Whispers to the conspiracy theorist

354

00:15:12,350 --> 00:15:10,079

in all of us and Hancock is such a

355

00:15:15,590 --> 00:15:12,360

compelling host that he's bound to

356

00:15:17,810 --> 00:15:15,600

create a few more in his wake believing

357

00:15:19,970 --> 00:15:17,820

that Ultra intelligent creatures help to

358

00:15:21,230 --> 00:15:19,980

build the pyramids is one thing but

359

00:15:23,629 --> 00:15:21,240

where does it end

360

00:15:26,150 --> 00:15:23,639

believing that the election was that

361

00:15:28,069 --> 00:15:26,160

election fraud is real believing 9 11

362

00:15:30,110 --> 00:15:28,079

was an inside job

363

00:15:32,090 --> 00:15:30,120

how did they go from this guy's looking

364

00:15:35,150 --> 00:15:32,100
at Serpent Mound to the election wasn't

365

00:15:36,350 --> 00:15:35,160
real that was that's a huge jump he says

366

00:15:37,730 --> 00:15:36,360
where does this stop if you're gonna

367

00:15:41,269 --> 00:15:37,740
believe

368

00:15:45,050 --> 00:15:41,279
that these pieces of ancient

369

00:15:47,269 --> 00:15:45,060
architecture weren't built 2000 BC but

370

00:15:49,509 --> 00:15:47,279
10 000 BC where if you're going to

371

00:15:52,670 --> 00:15:49,519
believe that where does it stop

372

00:15:56,689 --> 00:15:52,680
believing in election fraud believing

373

00:15:59,449 --> 00:15:56,699
911 was an inside job worse if if you

374

00:16:01,970 --> 00:15:59,459
were feeling particularly mean-spirited

375

00:16:04,490 --> 00:16:01,980
you could suggest that Netflix knows

376

00:16:07,009 --> 00:16:04,500

this and has gone out of its way to

377

00:16:09,889 --> 00:16:07,019

court the conspiracy theorists

378

00:16:11,870 --> 00:16:09,899

but hey not all conspiracy theorists are

379

00:16:13,550 --> 00:16:11,880

bad if you don't like Hancock's story

380

00:16:15,050 --> 00:16:13,560

about super intelligent Advanced

381

00:16:17,210 --> 00:16:15,060

civilizations being wiped off the face

382

00:16:19,310 --> 00:16:17,220

of the planet here's another that might

383

00:16:21,590 --> 00:16:19,320

explain how Netflix gave the green light

384

00:16:24,829 --> 00:16:21,600

to ancient apocalypse the platform

385

00:16:26,870 --> 00:16:24,839

senior manager of unscripted of

386

00:16:30,170 --> 00:16:26,880

unscripted unscripted Originals

387

00:16:34,430 --> 00:16:30,180

happens to be Hancock's son

388

00:16:38,990 --> 00:16:37,910

this is coming from a uh um newspaper

389

00:16:40,069 --> 00:16:39,000

columnist who probably got his job

390

00:16:41,829 --> 00:16:40,079

because of somebody who knows of the

391

00:16:47,150 --> 00:16:41,839

newspaper

392

00:16:49,490 --> 00:16:47,160

so uh not even a fair assessment of this

393

00:16:52,129 --> 00:16:49,500

he he didn't even take the time to go

394

00:16:55,430 --> 00:16:52,139

through say well in episode one he talks

395

00:16:57,650 --> 00:16:55,440

about this or like do a real dissection

396

00:16:59,629 --> 00:16:57,660

if their fear is that this conspiracy

397

00:17:02,210 --> 00:16:59,639

theory is going to catch on

398

00:17:04,250 --> 00:17:02,220

and people are gonna believe in a

399

00:17:07,130 --> 00:17:04,260

different history well then it's up to

400

00:17:10,610 --> 00:17:07,140

Big archeology to take apart Graham

401
00:17:14,990 --> 00:17:10,620
Hancock's I think pretty well reasoned

402
00:17:17,750 --> 00:17:15,000
uh uh thought process one by one and say

403
00:17:20,929 --> 00:17:17,760
why it's wrong it's false why is the

404
00:17:24,110 --> 00:17:20,939
fossil record correct why is it that

405
00:17:27,110 --> 00:17:24,120
every modern-day egyptologist beats

406
00:17:29,090 --> 00:17:27,120
everything only as far back as 2000 BC

407
00:17:30,890 --> 00:17:29,100
that's it

408
00:17:33,470 --> 00:17:30,900
how do you explain the flood how do you

409
00:17:36,950 --> 00:17:33,480
explain the The Book of Enoch that was

410
00:17:38,450 --> 00:17:36,960
left out of modern day bible uh actually

411
00:17:40,190 --> 00:17:38,460
the Apocrypha is quite a bit larger than

412
00:17:43,310 --> 00:17:40,200
that there's a lot of books of the Bible

413
00:17:46,490 --> 00:17:43,320

but I'm curious why is this guy who his

414

00:17:48,289 --> 00:17:46,500

article reads usually reading it his

415

00:17:51,289 --> 00:17:48,299

article reads as somebody who's not seen

416

00:17:54,049 --> 00:17:51,299

more than part of an episode yeah and

417

00:17:55,250 --> 00:17:54,059

wrote this from from a a position you

418

00:17:57,409 --> 00:17:55,260

know he had he had a position in mind

419

00:18:00,770 --> 00:17:57,419

and he's almost attacking it like it's

420

00:18:04,070 --> 00:18:00,780

his job which kind of makes you wonder

421

00:18:06,409 --> 00:18:04,080

they are really defensive it is it's not

422

00:18:08,930 --> 00:18:06,419

unlike what you see when people post

423

00:18:11,510 --> 00:18:08,940

something about uh a controversial

424

00:18:14,150 --> 00:18:11,520

documentary on covet or something like

425

00:18:16,250 --> 00:18:14,160

that uh they they attacked the author

426

00:18:20,029 --> 00:18:16,260

they taught they use straw main

427

00:18:22,490 --> 00:18:20,039

arguments as opposed to just dissecting

428

00:18:24,610 --> 00:18:22,500

it little by little will they say well

429

00:18:28,909 --> 00:18:24,620

they got this wrong they got this right

430

00:18:32,029 --> 00:18:28,919

there's no reason critique anymore of

431

00:18:34,930 --> 00:18:32,039

theories that challenge mainstream

432

00:18:40,789 --> 00:18:34,940

narratives there's no reason

433

00:18:44,810 --> 00:18:42,590

but uh there's a go they're going after

434

00:18:46,010 --> 00:18:44,820

all the personal the they're going after

435

00:18:48,350 --> 00:18:46,020

the personal stuff and going after the

436

00:18:50,270 --> 00:18:48,360

audience yes not after anything that was

437

00:18:52,490 --> 00:18:50,280

presented in the actual documentary no

438

00:18:54,890 --> 00:18:52,500

we're serious I guess

439

00:18:58,070 --> 00:18:54,900

um the telegraph wrote something uh why

440

00:19:01,390 --> 00:18:58,080

Graham Hancock's thinks everything

441

00:19:04,250 --> 00:19:01,400

we know about human prehistory is wrong

442

00:19:05,930 --> 00:19:04,260

uh his contrarian theories about lost

443

00:19:07,909 --> 00:19:05,940

civilizations and hidden numerical

444

00:19:10,490 --> 00:19:07,919

patterns featured in the new Netflix

445

00:19:12,409 --> 00:19:10,500

series but how much is true and so this

446

00:19:16,070 --> 00:19:12,419

this this goes through it too there are

447

00:19:18,710 --> 00:19:16,080

some more reasoned articles that uh

448

00:19:20,630 --> 00:19:18,720

um I would say would make the reader a

449

00:19:22,730 --> 00:19:20,640

little bit more Curious to check it out

450

00:19:25,250 --> 00:19:22,740

I would say that the series is very well

451
00:19:27,590 --> 00:19:25,260
done I'm about halfway through a little

452
00:19:28,789 --> 00:19:27,600
over halfway probably and it's very well

453
00:19:32,029 --> 00:19:28,799
done

454
00:19:33,590 --> 00:19:32,039
um he talks to archaeologists at some of

455
00:19:36,049 --> 00:19:33,600
these sites like specifically like in

456
00:19:37,970 --> 00:19:36,059
Southeast Asia

457
00:19:40,070 --> 00:19:37,980
um where they're digging down deeper and

458
00:19:43,070 --> 00:19:40,080
deeper they're finding uh evidence of

459
00:19:45,650 --> 00:19:43,080
like a cultural layer which is way below

460
00:19:47,690 --> 00:19:45,660
uh the surface way below where they

461
00:19:50,390 --> 00:19:47,700
expect to find remnants of a

462
00:19:52,789 --> 00:19:50,400
civilization and they keep finding stuff

463
00:19:55,850 --> 00:19:52,799

um and so why is it so hard to believe

464

00:19:59,770 --> 00:19:55,860

that the great flood did happen

465

00:20:02,990 --> 00:19:59,780

12 000 years ago and that it wiped out

466

00:20:06,590 --> 00:20:03,000

as an ancient civilization that is way

467

00:20:09,590 --> 00:20:06,600

more advanced than what is commonly

468

00:20:11,450 --> 00:20:09,600

believed to be true that Atlantis may

469

00:20:14,990 --> 00:20:11,460

have existed

470

00:20:17,150 --> 00:20:15,000

and that once Atlantis was destroyed

471

00:20:21,010 --> 00:20:17,160

the remnants of that Civilization spread

472

00:20:23,330 --> 00:20:21,020

out across the globe and that knowledge

473

00:20:25,370 --> 00:20:23,340

relatively lived on at least some of it

474

00:20:27,409 --> 00:20:25,380

to build these these these giant

475

00:20:28,430 --> 00:20:27,419

structures

476

00:20:29,810 --> 00:20:28,440

I

477

00:20:31,850 --> 00:20:29,820

don't know why this is so threatening to

478

00:20:33,350 --> 00:20:31,860

The Establishment yeah I mean are they

479

00:20:35,150 --> 00:20:33,360

threatened by the idea of these the

480

00:20:36,830 --> 00:20:35,160

floods taking place because that's been

481

00:20:38,450 --> 00:20:36,840

documented multiple times I mean I'll go

482

00:20:40,669 --> 00:20:38,460

look at look we want some initial look

483

00:20:42,289 --> 00:20:40,679

at the geology of Lake Missoula

484

00:20:44,630 --> 00:20:42,299

um which was probably about 10 12 000

485

00:20:46,090 --> 00:20:44,640

years ago and that the amount of damage

486

00:20:48,650 --> 00:20:46,100

that did to everything

487

00:20:51,110 --> 00:20:48,660

uh west of Idaho

488

00:20:52,610 --> 00:20:51,120

um so these sorts of massive floods have

489

00:20:54,409 --> 00:20:52,620

happened Time and Time and Time Again

490

00:20:56,210 --> 00:20:54,419

throughout history so it's not

491

00:20:58,730 --> 00:20:56,220

impossible to say that if there was a

492

00:21:01,970 --> 00:20:58,740

even semi-advanced civilization then

493

00:21:03,409 --> 00:21:01,980

that amount of water came piling down

494

00:21:05,270 --> 00:21:03,419

would not only wipe them out but would

495

00:21:09,049 --> 00:21:05,280

wipe out almost every bit of evidence of

496

00:21:10,310 --> 00:21:09,059

them ever existing so yeah I it just

497

00:21:12,770 --> 00:21:10,320

doesn't make a lot of sense to me

498

00:21:16,789 --> 00:21:12,780

there's there's so much

499

00:21:19,310 --> 00:21:16,799

um backlash to to this that there's

500

00:21:21,830 --> 00:21:19,320

something else going on it almost feels

501
00:21:25,010 --> 00:21:21,840
like uh uh when people start

502
00:21:27,289 --> 00:21:25,020
investigating the the red-haired giants

503
00:21:30,529 --> 00:21:27,299
of North America especially in the late

504
00:21:31,970 --> 00:21:30,539
1800s early 1900s and they decided oh no

505
00:21:33,830 --> 00:21:31,980
no no this was when he gathered up all

506
00:21:36,409 --> 00:21:33,840
that stuff and buried it yeah

507
00:21:40,190 --> 00:21:36,419
it kind of if it feels it feels like

508
00:21:41,210 --> 00:21:40,200
that and it's very sad because then it's

509
00:21:43,430 --> 00:21:41,220
very difficult to have these

510
00:21:45,049 --> 00:21:43,440
conversations uh because people read

511
00:21:48,049 --> 00:21:45,059
this like oh it's just a bunch of

512
00:21:50,029 --> 00:21:48,059
hogwashers it's obviously just more A

513
00:21:52,669 --> 00:21:50,039

History Channel ancient astronaut

514

00:21:56,690 --> 00:21:52,679

nonsense

515

00:22:02,870 --> 00:22:00,409

uh peripherally associated with the

516

00:22:05,270 --> 00:22:02,880

ancient astronaut theory on a History

517

00:22:07,250 --> 00:22:05,280

Channel you are your your scum of the

518

00:22:09,590 --> 00:22:07,260

earth this that happened with uh Travis

519

00:22:11,090 --> 00:22:09,600

Taylor the guy who's uh the scientist at

520

00:22:12,770 --> 00:22:11,100

the Skinwalker Ranch just because he

521

00:22:15,049 --> 00:22:12,780

appeared on the show

522

00:22:17,510 --> 00:22:15,059

uh people are questioning his his

523

00:22:19,909 --> 00:22:17,520

judgment what he really believes and

524

00:22:22,430 --> 00:22:19,919

therefore all the work that he may do at

525

00:22:26,950 --> 00:22:22,440

Skinwalker Ranch is Tainted it's this

526

00:22:30,890 --> 00:22:26,960

[h__h] logic lazy logic that now rules

527

00:22:33,230 --> 00:22:30,900

uh the way logic is dictated on Twitter

528

00:22:35,870 --> 00:22:33,240

and the Internet it's it's it's insane

529

00:22:38,330 --> 00:22:35,880

but well that's that's how science works

530

00:22:41,090 --> 00:22:38,340

is you you uh um take what is

531

00:22:42,890 --> 00:22:41,100

established and you determine a solution

532

00:22:46,610 --> 00:22:42,900

at that point and everything else is is

533

00:22:49,370 --> 00:22:46,620

Nazism I guess so as for Graham

534

00:22:53,149 --> 00:22:49,380

Hancock's theory was there a

535

00:22:56,330 --> 00:22:53,159

civilization 20 or 12 000 years ago that

536

00:22:59,330 --> 00:22:56,340

was super Advanced and may have had help

537

00:23:04,029 --> 00:22:59,340

from Aliens ancient astronaut theorists
