

MISSING 411

The UFO Connection

1
00:00:05,769 --> 00:00:01,030
[Applause]

2
00:00:12,230 --> 00:00:09,470
all right uh Mr David politis has a new

3
00:00:15,169 --> 00:00:12,240
documentary out called Missing 411 the

4
00:00:18,349 --> 00:00:15,179
UFO connection I have watched this movie

5
00:00:20,630 --> 00:00:18,359
twice I took notes

6
00:00:23,810 --> 00:00:20,640
and for anybody who doesn't know just

7
00:00:26,450 --> 00:00:23,820
for the uninitiated Missing 411

8
00:00:29,210 --> 00:00:26,460
is a book series and in which uh former

9
00:00:32,269 --> 00:00:29,220
uh police officer detective David

10
00:00:33,889 --> 00:00:32,279
politis has determined uh some

11
00:00:36,530 --> 00:00:33,899
interesting profile points when it comes

12
00:00:39,650 --> 00:00:36,540
to missing people who specifically

13
00:00:41,869 --> 00:00:39,660

mostly uh go missing in the woods

14

00:00:45,229 --> 00:00:41,879

National Force and those profile points

15

00:00:47,510 --> 00:00:45,239

are when you go missing uh dogs

16

00:00:51,170 --> 00:00:47,520

typically can't pick up a scent of the

17

00:00:52,790 --> 00:00:51,180

person who has gone missing or you are

18

00:00:54,709 --> 00:00:52,800

discovered your body is discovered if

19

00:00:56,990 --> 00:00:54,719

you are discovered your body uh is

20

00:01:00,290 --> 00:00:57,000

discovered uh in or near a body of water

21

00:01:02,270 --> 00:01:00,300

typically you go uh you go missing at

22

00:01:06,109 --> 00:01:02,280

dusk or Dawn

23

00:01:07,490 --> 00:01:06,119

uh your items are often returned even if

24

00:01:10,070 --> 00:01:07,500

your body's not bound your items are

25

00:01:11,690 --> 00:01:10,080

returned if you are a hunter your gun is

26

00:01:14,210 --> 00:01:11,700

found not that far away from your

27

00:01:17,210 --> 00:01:14,220

campsite or your clothes are neatly

28

00:01:19,969 --> 00:01:17,220

folded and placed on a log or near a

29

00:01:20,929 --> 00:01:19,979

rock just really weird things that

30

00:01:24,429 --> 00:01:20,939

happen

31

00:01:28,969 --> 00:01:24,439

in these Missing 411 uh disappearances

32

00:01:32,690 --> 00:01:28,979

now David politis has been very uh

33

00:01:35,690 --> 00:01:32,700

guarded with this speculation about what

34

00:01:37,130 --> 00:01:35,700

may be happening to these people or who

35

00:01:39,770 --> 00:01:37,140

may be responsible

36

00:01:41,270 --> 00:01:39,780

in this newest documentary and correct

37

00:01:42,710 --> 00:01:41,280

I'm gonna give you the the floor here

38

00:01:44,510 --> 00:01:42,720

because I don't have anything to show I

39

00:01:46,670 --> 00:01:44,520

can't show the video I do have a few

40

00:01:49,249 --> 00:01:46,680

Clips can't show any of the video clips

41

00:01:50,569 --> 00:01:49,259

uh but I can play some audio

42

00:01:53,270 --> 00:01:50,579

so you have this one you're just one

43

00:01:55,310 --> 00:01:53,280

imagery of nuggets uh we probably

44

00:01:57,830 --> 00:01:55,320

shouldn't reference nuggets during this

45

00:01:58,850 --> 00:01:57,840

segment but uh maybe at the end just for

46

00:02:01,130 --> 00:01:58,860

fun

47

00:02:03,590 --> 00:02:01,140

uh but in uh this most recent

48

00:02:06,770 --> 00:02:03,600

documentary uh he is he is making the

49

00:02:09,949 --> 00:02:06,780

connection between UFO sightings

50

00:02:12,170 --> 00:02:09,959

um UFO abductions and missing people

51
00:02:14,150 --> 00:02:12,180
and this is the first time that he's

52
00:02:16,130 --> 00:02:14,160
really gone on record saying that there

53
00:02:18,589 --> 00:02:16,140
could be a connection now what he

54
00:02:21,470 --> 00:02:18,599
realized is that a lot of UFO sightings

55
00:02:23,990 --> 00:02:21,480
were where they take place uh they also

56
00:02:27,350 --> 00:02:24,000
happen around clusters of missing people

57
00:02:30,050 --> 00:02:27,360
The Missing 411 profile and as he was

58
00:02:34,550 --> 00:02:30,060
digging in a little deeper

59
00:02:37,790 --> 00:02:34,560
he discovered some pretty strange uh uh

60
00:02:39,350 --> 00:02:37,800
eyewitness accounts uh pretty strange

61
00:02:41,589 --> 00:02:39,360
eyewitness accounts from from people

62
00:02:44,630 --> 00:02:41,599
that were like part of search and rescue

63
00:02:47,630 --> 00:02:44,640

uh also a strange eyewitness accounts

64

00:02:51,650 --> 00:02:47,640

for people who just saw a UFO or some

65

00:02:53,570 --> 00:02:51,660

kind of weird anomaly in an area where

66

00:02:55,430 --> 00:02:53,580

people have gone missing and so this

67

00:02:57,830 --> 00:02:55,440

this whole entire movie is busted up

68

00:03:00,350 --> 00:02:57,840

into chapters

69

00:03:02,390 --> 00:03:00,360

um it's it's close to like right around

70

00:03:05,570 --> 00:03:02,400

eight chapters they're going through the

71

00:03:07,850 --> 00:03:05,580

first one which uh takes place in uh I

72

00:03:10,190 --> 00:03:07,860

think British Columbia where a hunter

73

00:03:12,309 --> 00:03:10,200

went missing by little counties should

74

00:03:16,490 --> 00:03:12,319

have been found very experienced Hunter

75

00:03:19,070 --> 00:03:16,500

uh but during this missing uh person's

76
00:03:22,309 --> 00:03:19,080
event that brought search and rescue but

77
00:03:24,649 --> 00:03:22,319
lo and behold they also brought out uh

78
00:03:26,270 --> 00:03:24,659
the SWAT team with guns which the

79
00:03:28,610 --> 00:03:26,280
assertion rescue found to be quite

80
00:03:31,490 --> 00:03:28,620
interesting and unusual typically don't

81
00:03:34,250 --> 00:03:31,500
send out uh people dressed in full camo

82
00:03:37,509 --> 00:03:34,260
body armor with automatic weapon happens

83
00:03:40,670 --> 00:03:37,519
out for a search and rescue mission

84
00:03:43,509 --> 00:03:40,680
then in the later on in a movie David

85
00:03:48,410 --> 00:03:43,519
Plato starts talking about

86
00:03:50,390 --> 00:03:48,420
UFOs that are abducting elk

87
00:03:54,110 --> 00:03:50,400
from the northwest

88
00:03:59,030 --> 00:03:54,120

and he's had a there's a number of mufon

89

00:04:01,910 --> 00:03:59,040

cases and reports of UFOs near large

90

00:04:05,210 --> 00:04:01,920

herds of elk and also in this clip I

91

00:04:08,570 --> 00:04:05,220

will play eyewitness testimony from

92

00:04:10,210 --> 00:04:08,580

several people swearing that they saw a

93

00:04:15,410 --> 00:04:10,220

UFO come down

94

00:04:17,449 --> 00:04:15,420

and pick up an elk and then take off and

95

00:04:20,590 --> 00:04:17,459

I will play this segment right here this

96

00:04:24,590 --> 00:04:20,600

took place I believe in

97

00:04:28,330 --> 00:04:24,600

1999 when this event took place so here

98

00:04:32,090 --> 00:04:28,340

is the Washington State abduction

99

00:04:33,890 --> 00:04:32,100

abduction by Mount St Helens because

100

00:04:36,290 --> 00:04:33,900

these these gentlemen were pretty shook

101
00:04:39,170 --> 00:04:36,300
up I would say they were in their uh

102
00:04:42,010 --> 00:04:39,180
late 20s early 30s

103
00:04:45,770 --> 00:04:42,020
we were married to have families yeah

104
00:04:49,310 --> 00:04:45,780
we're irresponsible folks the three

105
00:04:51,350 --> 00:04:49,320
Witnesses saw this object slowly uh

106
00:04:54,710 --> 00:04:51,360
descending and then went toward the

107
00:04:57,710 --> 00:04:54,720
Elkhart which caused y'all to run but he

108
00:05:00,290 --> 00:04:57,720
was able to see the object picking up

109
00:05:03,430 --> 00:05:00,300
the elk it was not a big object at all

110
00:05:05,870 --> 00:05:03,440
the the witnesses emphasized how

111
00:05:08,450 --> 00:05:05,880
surprised they were at how small it was

112
00:05:10,790 --> 00:05:08,460
and still be able to lift an elk out of

113
00:05:13,610 --> 00:05:10,800

the forest what they did was they looked

114

00:05:15,950 --> 00:05:13,620

at the elk they looked at the craft and

115

00:05:17,870 --> 00:05:15,960

they said well okay if the elk is this

116

00:05:21,310 --> 00:05:17,880

big the craft is going to be somewhere

117

00:05:23,930 --> 00:05:21,320

between six and eight feet long

118

00:05:27,110 --> 00:05:23,940

about five feet wide with a little

119

00:05:30,890 --> 00:05:27,120

indentation in the back about 18 inches

120

00:05:33,950 --> 00:05:30,900

thick it had a red and a white stripe

121

00:05:37,249 --> 00:05:33,960

that weren't lights but the white stripe

122

00:05:40,370 --> 00:05:37,259

was like a bright enamel paint the red

123

00:05:43,370 --> 00:05:40,380

stripe was a duller color so when the

124

00:05:46,670 --> 00:05:43,380

men in the group saw this craft take the

125

00:05:48,050 --> 00:05:46,680

elk out of sight yeah what was the

126
00:05:50,629 --> 00:05:48,060
distance from where they were to the

127
00:05:53,150 --> 00:05:50,639
where they finally saw it the I would

128
00:05:54,469 --> 00:05:53,160
say the trees were ran into was quarter

129
00:05:57,110 --> 00:05:54,479
mile

130
00:05:59,090 --> 00:05:57,120
but basically I think it became a small

131
00:06:00,950 --> 00:05:59,100
dot before it disappeared into the into

132
00:06:02,230 --> 00:06:00,960
the cloud cover

133
00:06:06,050 --> 00:06:02,240
the object

134
00:06:09,350 --> 00:06:06,060
was silent and as soon as it got over

135
00:06:11,689 --> 00:06:09,360
the elk the elk was basically paralyzed

136
00:06:14,210 --> 00:06:11,699
it looked like it was a statue it was

137
00:06:17,390 --> 00:06:14,220
just stiff the distance of the elk from

138
00:06:19,730 --> 00:06:17,400

the craft always stayed consistent yes

139

00:06:20,870 --> 00:06:19,740

thick was the cable between the craft

140

00:06:22,670 --> 00:06:20,880

and the help

141

00:06:25,010 --> 00:06:22,680

there was no cable

142

00:06:26,330 --> 00:06:25,020

there was nothing

143

00:06:29,330 --> 00:06:26,340

discernible

144

00:06:32,809 --> 00:06:29,340

that was holding the elk to the craft

145

00:06:35,749 --> 00:06:32,819

so we have like three or four guys that

146

00:06:38,570 --> 00:06:35,759

witnessed this elk being lifted up into

147

00:06:40,189 --> 00:06:38,580

the Sky by this relatively small UFO and

148

00:06:42,170 --> 00:06:40,199

I think pressure the picture you put up

149

00:06:45,050 --> 00:06:42,180

there was a pretty good uh

150

00:06:47,090 --> 00:06:45,060

representation of what they saw

151
00:06:48,469 --> 00:06:47,100
uh now I've got a second one up now

152
00:06:49,610 --> 00:06:48,479
they're describing the UFOs being

153
00:06:51,890 --> 00:06:49,620
smaller than

154
00:06:53,930 --> 00:06:51,900
yeah it's not that big it's like seven

155
00:06:56,990 --> 00:06:53,940
feet by five feet

156
00:06:58,730 --> 00:06:57,000
um and uh like a a red Dash and then a

157
00:07:01,670 --> 00:06:58,740
white Dash on it very thin like they

158
00:07:04,070 --> 00:07:01,680
said about 18 inches thick but somehow

159
00:07:07,249 --> 00:07:04,080
able to uh use some sort of technology

160
00:07:10,249 --> 00:07:07,259
or something to pick up the elk and move

161
00:07:12,650 --> 00:07:10,259
it now uh I didn't know this but

162
00:07:14,870 --> 00:07:12,660
apparently there's a very big problem in

163
00:07:16,189 --> 00:07:14,880

the elk and deer population in the

164

00:07:18,950 --> 00:07:16,199

United States specifically the Northwest

165

00:07:21,370 --> 00:07:18,960

and moving uh to the east which is like

166

00:07:24,050 --> 00:07:21,380

uh I think it's called wasting disease

167

00:07:25,730 --> 00:07:24,060

which is it's something I don't want to

168

00:07:29,870 --> 00:07:25,740

say it's like mad cow but it's something

169

00:07:33,950 --> 00:07:29,880

along those lines so the the population

170

00:07:35,029 --> 00:07:33,960

of alcondir are are disease the disease

171

00:07:37,490 --> 00:07:35,039

they're not it's not a healthy

172

00:07:39,890 --> 00:07:37,500

population right now and it's very

173

00:07:40,610 --> 00:07:39,900

concerning uh I was totally unaware of

174

00:07:44,210 --> 00:07:40,620

that

175

00:07:46,010 --> 00:07:44,220

and um possibly there might be some

176

00:07:50,990 --> 00:07:46,020

connection there with these abductions

177

00:07:54,650 --> 00:07:51,000

and an unhealthy uh population of deer

178

00:07:56,990 --> 00:07:54,660

and Elk but it does seem to happen uh

179

00:07:59,150 --> 00:07:57,000

throughout these cases of missing

180

00:08:03,110 --> 00:07:59,160

Hunters that he goes through typically

181

00:08:05,930 --> 00:08:03,120

they are elk hunters and they're fairly

182

00:08:08,510 --> 00:08:05,940

experienced at elk hunting they these

183

00:08:10,730 --> 00:08:08,520

Hunters know their surroundings uh

184

00:08:13,189 --> 00:08:10,740

they've spent years if not decades in

185

00:08:15,409 --> 00:08:13,199

the woods and you would imagine they

186

00:08:17,390 --> 00:08:15,419

wouldn't be caught off guard by

187

00:08:19,490 --> 00:08:17,400

something like a bear they'd be familiar

188

00:08:21,290 --> 00:08:19,500

with the terrain uh they'd be familiar

189

00:08:22,909 --> 00:08:21,300

with the local predators and something

190

00:08:26,150 --> 00:08:22,919

like that wouldn't catch them off guard

191

00:08:28,309 --> 00:08:26,160

and considering half of the people uh

192

00:08:31,209 --> 00:08:28,319

are their bodies are just not found

193

00:08:34,850 --> 00:08:31,219

there's no like torn clothing

194

00:08:39,290 --> 00:08:34,860

uh remnants of skeletal remains anything

195

00:08:45,769 --> 00:08:41,570

um so like it goes on in the year 2000

196

00:08:48,110 --> 00:08:45,779

in in this in this area Idaho

197

00:08:51,410 --> 00:08:48,120

um there was three gentlemen that were

198

00:08:53,509 --> 00:08:51,420

out camping in the year 2000 that they

199

00:08:56,030 --> 00:08:53,519

looked up and they saw a giant black

200

00:08:59,570 --> 00:08:56,040

triangle uh David played playlist

201
00:09:01,310 --> 00:08:59,580
included this in this movie even though

202
00:09:04,850 --> 00:09:01,320
there's no missing person attached to

203
00:09:07,910 --> 00:09:04,860
this event uh simply because it was in

204
00:09:09,949 --> 00:09:07,920
the vicinity of where other people have

205
00:09:12,230 --> 00:09:09,959
disappeared in The Missing 411 profile

206
00:09:14,150 --> 00:09:12,240
they they were they saw this black

207
00:09:17,269 --> 00:09:14,160
triangle plain as day they said it was

208
00:09:20,690 --> 00:09:17,279
80 feet above their camper

209
00:09:23,389 --> 00:09:20,700
and each side of this triangle was a

210
00:09:26,630 --> 00:09:23,399
hundred feet and in the center was a Red

211
00:09:28,550 --> 00:09:26,640
Dot which Each corner having like a

212
00:09:30,650 --> 00:09:28,560
white light and it was shining down on

213
00:09:33,650 --> 00:09:30,660

them uh all three of them swear by it

214

00:09:35,329 --> 00:09:33,660

and it kind of just freaked them out

215

00:09:37,009 --> 00:09:35,339

obviously it hovered there for a while

216

00:09:40,150 --> 00:09:37,019

they had a chance to look at it through

217

00:09:43,250 --> 00:09:40,160

binoculars and it just drifted off

218

00:09:44,810 --> 00:09:43,260

silently never to be seen again and it

219

00:09:46,730 --> 00:09:44,820

scared the hell out of them that they

220

00:09:48,590 --> 00:09:46,740

never went back to that campsite now

221

00:09:50,810 --> 00:09:48,600

that sighting reminds me of the black

222

00:09:54,650 --> 00:09:50,820

triangle what a lot of people saw over

223

00:09:55,630 --> 00:09:54,660

Phoenix Arizona in 1996 the Phoenix

224

00:09:59,030 --> 00:09:55,640

Lights

225

00:10:02,590 --> 00:09:59,040

uh some sort of relation there you can't

226

00:10:05,210 --> 00:10:02,600

tell if it's aliens or some super secret

227

00:10:08,389 --> 00:10:05,220

government technology there

228

00:10:11,570 --> 00:10:08,399

but the story goes on uh the movie goes

229

00:10:13,730 --> 00:10:11,580

on and it comes to a guy named Carl

230

00:10:15,530 --> 00:10:13,740

Higdon

231

00:10:17,870 --> 00:10:15,540

now

232

00:10:20,269 --> 00:10:17,880

one of one of the other confounding

233

00:10:22,329 --> 00:10:20,279

things about the Missing 411 cases is

234

00:10:25,850 --> 00:10:22,339

that sometimes when the bodies are found

235

00:10:29,090 --> 00:10:25,860

it's as if they're dropped from a fairly

236

00:10:30,769 --> 00:10:29,100

great height because the body typically

237

00:10:34,910 --> 00:10:30,779

will have

238

00:10:36,470 --> 00:10:34,920

um like fall damage like a large uh bash

239

00:10:39,769 --> 00:10:36,480

on the head like they've they were

240

00:10:42,590 --> 00:10:39,779

dropped on some rocks or they're dropped

241

00:10:44,690 --> 00:10:42,600

off uh just a 10 to 20 feet above the

242

00:10:48,170 --> 00:10:44,700

ground and they slam down and that

243

00:10:49,730 --> 00:10:48,180

caused their death uh so fairly

244

00:10:52,250 --> 00:10:49,740

unexplainable considering some of these

245

00:10:53,870 --> 00:10:52,260

people go missing in areas where there's

246

00:10:56,030 --> 00:10:53,880

really nothing like that or they

247

00:10:58,790 --> 00:10:56,040

wouldn't probably try to attempt a climb

248

00:11:00,650 --> 00:10:58,800

like that so something very uh Curious

249

00:11:04,850 --> 00:11:00,660

but in this case

250

00:11:07,850 --> 00:11:04,860

uh Carl Higgin he was out elk hunting I

251

00:11:11,509 --> 00:11:07,860

believe in the uh the 70s

252

00:11:13,970 --> 00:11:11,519

and he had a very interesting run-in now

253

00:11:16,310 --> 00:11:13,980

this guy is old at this point David this

254

00:11:17,690 --> 00:11:16,320

is like the two longest Clip Clips I

255

00:11:19,490 --> 00:11:17,700

have

256

00:11:20,870 --> 00:11:19,500

um this guy's old at this point let me

257

00:11:23,449 --> 00:11:20,880

know if you can't hear it I'll try to

258

00:11:25,910 --> 00:11:23,459

crank up the volume but this is his

259

00:11:28,370 --> 00:11:25,920

experience going out elk hunting

260

00:11:30,350 --> 00:11:28,380

uh and let's see if I can find out where

261

00:11:32,750 --> 00:11:30,360

exactly that was but I'll find it while

262

00:11:35,870 --> 00:11:32,760

I played the clip here we go so that

263

00:11:37,970 --> 00:11:35,880

area where this happened had you ever

264

00:11:40,610 --> 00:11:37,980

been there before

265

00:11:42,650 --> 00:11:40,620

no describe the best you can where this

266

00:11:46,190 --> 00:11:42,660

happened at which which Forest were you

267

00:11:47,389 --> 00:11:46,200

in Medicine Bow National Forest

268

00:11:50,690 --> 00:11:47,399

the

269

00:11:53,650 --> 00:11:50,700

area that this happened in was back to

270

00:11:54,949 --> 00:11:53,660

the north right at the edge of the force

271

00:11:57,410 --> 00:11:54,959

[Music]

272

00:12:01,190 --> 00:11:57,420

so I got inside the

273

00:12:03,949 --> 00:12:01,200

last of forest I walked down

274

00:12:07,069 --> 00:12:03,959

oh maybe three-quarter a mile

275

00:12:09,050 --> 00:12:07,079

I've seen five elk

276

00:12:11,389 --> 00:12:09,060

but they didn't move

277

00:12:12,710 --> 00:12:11,399

there was another strange thing that

278

00:12:14,569 --> 00:12:12,720

what say that again

279

00:12:17,389 --> 00:12:14,579

they didn't move

280

00:12:19,790 --> 00:12:17,399

they just left her

281

00:12:22,670 --> 00:12:19,800

Carl entered the woods

282

00:12:24,410 --> 00:12:22,680

lined up on a series of elk

283

00:12:25,490 --> 00:12:24,420

and he even said that the elk weren't

284

00:12:28,730 --> 00:12:25,500

moving

285

00:12:32,449 --> 00:12:28,740

leveled his rifle at the animals pulled

286

00:12:34,550 --> 00:12:32,459

the trigger he says his gun went off

287

00:12:35,449 --> 00:12:34,560

the bullet came out the end of the

288

00:12:38,630 --> 00:12:35,459

barrel

289

00:12:39,590 --> 00:12:38,640

and hit some type of invisible force

290

00:12:42,230 --> 00:12:39,600

field

291

00:12:44,930 --> 00:12:42,240

and drop to the ground

292

00:12:48,410 --> 00:12:44,940

that bullet was recovered by Carl and

293

00:12:50,870 --> 00:12:48,420

later analyzed and it did hit something

294

00:12:54,110 --> 00:12:50,880

what we don't know

295

00:12:58,190 --> 00:12:54,120

but the unusual nature of the travel of

296

00:13:00,350 --> 00:12:58,200

that ammunition is so odd

297

00:13:02,150 --> 00:13:00,360

that I've never heard of it in any type

298

00:13:04,250 --> 00:13:02,160

of research before

299

00:13:06,829 --> 00:13:04,260

you're you're standing there you shot

300

00:13:08,509 --> 00:13:06,839

the rifle you're turning and you see the

301
00:13:10,670 --> 00:13:08,519
craft

302
00:13:13,129 --> 00:13:10,680
give me as much detail as you can on

303
00:13:15,170 --> 00:13:13,139
that craft curl

304
00:13:18,769 --> 00:13:15,180
well it was like

305
00:13:24,949 --> 00:13:23,150
only it had borders around it

306
00:13:26,030 --> 00:13:24,959
and I couldn't figure out what it was to

307
00:13:27,769 --> 00:13:26,040
start with

308
00:13:28,790 --> 00:13:27,779
so when you're looking at the at the

309
00:13:31,129 --> 00:13:28,800
cube

310
00:13:33,050 --> 00:13:31,139
can you see through it and see force

311
00:13:35,629 --> 00:13:33,060
behind it yeah

312
00:13:37,490 --> 00:13:35,639
yeah was there anything in the queue

313
00:13:40,730 --> 00:13:37,500

not that I could see

314

00:13:43,550 --> 00:13:40,740

so it was just like a glass

315

00:13:44,509 --> 00:13:43,560

Square on four sides seven foot by five

316

00:13:46,970 --> 00:13:44,519

foot

317

00:13:48,530 --> 00:13:46,980

with nothing inside it and you can kind

318

00:13:50,389 --> 00:13:48,540

of see through it

319

00:13:52,550 --> 00:13:50,399

right what'd you think when you first

320

00:13:54,110 --> 00:13:52,560

saw it

321

00:13:57,650 --> 00:13:54,120

I didn't know

322

00:14:00,230 --> 00:13:57,660

I just kind of stared at it because it

323

00:14:02,990 --> 00:14:00,240

was unusual

324

00:14:05,389 --> 00:14:03,000

and this guy showed up

325

00:14:07,430 --> 00:14:05,399

and asked me

326

00:14:09,410 --> 00:14:07,440

if I was hungry

327

00:14:10,910 --> 00:14:09,420

totally meow

328

00:14:14,329 --> 00:14:10,920

so these

329

00:14:19,569 --> 00:14:14,339

package of four pills tripped it over to

330

00:14:22,610 --> 00:14:19,579

me just like it was thrown at me

331

00:14:24,110 --> 00:14:22,620

I took one

332

00:14:26,030 --> 00:14:24,120

next thing I

333

00:14:30,110 --> 00:14:26,040

was in this

334

00:14:32,210 --> 00:14:30,120

cubicle but it looked a lot bigger

335

00:14:35,150 --> 00:14:32,220

five elk behind me

336

00:14:38,870 --> 00:14:35,160

I said you got my elk

337

00:14:43,310 --> 00:14:38,880

and this they're coming strung

338

00:14:43,320 --> 00:14:47,930

and they were down to get food

339

00:14:51,590 --> 00:14:50,689

I said you guys always come down said

340

00:14:55,490 --> 00:14:51,600

yeah

341

00:14:58,250 --> 00:14:55,500

we come down every so often we get help

342

00:15:01,490 --> 00:14:58,260

deer from here

343

00:15:03,650 --> 00:15:01,500

and go to the ocean and get fish

344

00:15:07,970 --> 00:15:03,660

and take it back

345

00:15:09,949 --> 00:15:07,980

so pretty uh pretty incredible story and

346

00:15:11,509 --> 00:15:09,959

Elk Hunter goes out by himself now

347

00:15:13,970 --> 00:15:11,519

typically somebody like his wife would

348

00:15:16,310 --> 00:15:13,980

would accompany accompany him sometimes

349

00:15:17,389 --> 00:15:16,320

to go out uh elk on this occasion it did

350

00:15:20,210 --> 00:15:17,399

not happen

351
00:15:22,730 --> 00:15:20,220
he took a shot at some elk that he

352
00:15:25,730 --> 00:15:22,740
claimed were Motionless

353
00:15:29,090 --> 00:15:25,740
uh the bullet bounces off an invisible

354
00:15:32,090 --> 00:15:29,100
barrier it turns out to be a cube a

355
00:15:35,569 --> 00:15:32,100
glass type Cube that he can see through

356
00:15:37,670 --> 00:15:35,579
a guy that I know just from from the and

357
00:15:40,069 --> 00:15:37,680
you have the image up there that is the

358
00:15:41,810 --> 00:15:40,079
the rendition of what this what he saw

359
00:15:44,030 --> 00:15:41,820
this humanoid like about six feet tall

360
00:15:47,990 --> 00:15:44,040
wearing a black suit

361
00:15:51,350 --> 00:15:48,000
almost a diver suit and he had a weird

362
00:15:54,050 --> 00:15:51,360
arm it's a weird right arm and almost no

363
00:15:56,569 --> 00:15:54,060

hand on his left arm and he he gave some

364

00:15:58,550 --> 00:15:56,579

pills to Old Carl and Carl like hey sure

365

00:16:00,470 --> 00:15:58,560

I'll do some pills I'll drop some some

366

00:16:01,730 --> 00:16:00,480

goofballs right now let's draw some ass

367

00:16:03,710 --> 00:16:01,740

and have some fun

368

00:16:05,329 --> 00:16:03,720

and that's exactly what what happened he

369

00:16:07,730 --> 00:16:05,339

went into the UFO

370

00:16:09,470 --> 00:16:07,740

or whatever this thing was this uh this

371

00:16:11,269 --> 00:16:09,480

you can call it a Time Cube or some kind

372

00:16:13,129 --> 00:16:11,279

of dimensional Cube but it was much

373

00:16:15,470 --> 00:16:13,139

bigger on the inside when I heard that

374

00:16:18,670 --> 00:16:15,480

that glass cube thing it reminded me of

375

00:16:22,370 --> 00:16:18,680

the segment I did about uh the meadow

376

00:16:25,129 --> 00:16:22,380

and that Skinwalker Ranch kind of placed

377

00:16:28,910 --> 00:16:25,139

down in the south in Alabama

378

00:16:31,670 --> 00:16:28,920

where that uh that group of people would

379

00:16:33,650 --> 00:16:31,680

see these Cube like objects in the

380

00:16:36,769 --> 00:16:33,660

meadow when they looked through a flear

381

00:16:38,090 --> 00:16:36,779

or night vision but when they were

382

00:16:40,910 --> 00:16:38,100

looking at it with their naked eye they

383

00:16:42,350 --> 00:16:40,920

saw nothing they saw nothing there and

384

00:16:45,350 --> 00:16:42,360

it also kind of reminds me of some other

385

00:16:46,790 --> 00:16:45,360

Missing 411 stuff where people wander

386

00:16:50,090 --> 00:16:46,800

into something

387

00:16:53,090 --> 00:16:50,100

and they can't get out like even a story

388

00:16:54,350 --> 00:16:53,100

back from the late 1800s where this guy

389

00:16:56,930 --> 00:16:54,360

was out hunting

390

00:16:59,749 --> 00:16:56,940

his family couldn't find him but when

391

00:17:03,050 --> 00:16:59,759

they went out to look for him they could

392

00:17:06,350 --> 00:17:03,060

still hear his voice as if he was still

393

00:17:08,449 --> 00:17:06,360

in the vicinity but he was disguised by

394

00:17:13,189 --> 00:17:08,459

something he couldn't find his way out

395

00:17:16,370 --> 00:17:13,199

but he was alive somewhere just unseen

396

00:17:19,130 --> 00:17:16,380

it reminds me of that totally now uh

397

00:17:21,230 --> 00:17:19,140

Carl's story does not stop there I'm

398

00:17:25,329 --> 00:17:21,240

gonna play this uh this next clip here

399

00:17:27,949 --> 00:17:25,339

and this will finish off the clips

400

00:17:30,350 --> 00:17:27,959

for a good chunk of Missing 411 here we

401
00:17:32,030 --> 00:17:30,360
go this is how a story uh partially

402
00:17:35,090 --> 00:17:32,040
winds up I'll I'll pend it with some

403
00:17:37,789 --> 00:17:35,100
additional things that I found out

404
00:17:37,799 --> 00:17:43,310
he seemed to like

405
00:17:48,830 --> 00:17:45,830
who didn't talk to me

406
00:17:55,310 --> 00:17:48,840
his lips never moved I mean it was

407
00:18:00,230 --> 00:17:58,370
they seemed like a new line what color

408
00:18:02,330 --> 00:18:00,240
was his suit

409
00:18:05,210 --> 00:18:02,340
black black

410
00:18:06,770 --> 00:18:05,220
the entire suit was black

411
00:18:10,190 --> 00:18:06,780
completely black

412
00:18:12,830 --> 00:18:10,200
because our sun burns them

413
00:18:16,250 --> 00:18:12,840

so they have to wear black and they wear

414

00:18:19,370 --> 00:18:16,260

like like a scuba diver's suit

415

00:18:21,409 --> 00:18:19,380

covers them completely did Carl ever say

416

00:18:24,169 --> 00:18:21,419

if he only had one hand and didn't draw

417

00:18:26,990 --> 00:18:24,179

the second yes he did not have another

418

00:18:29,090 --> 00:18:27,000

hand here but he had like a cone over

419

00:18:31,190 --> 00:18:29,100

here Colonel if you have an opinion if

420

00:18:35,150 --> 00:18:31,200

this was a male or female

421

00:18:38,029 --> 00:18:35,160

oh he figures it was a male a male and

422

00:18:39,890 --> 00:18:38,039

then this is a picture of the

423

00:18:43,010 --> 00:18:39,900

um the craft

424

00:18:48,770 --> 00:18:43,020

and this was the controls this is where

425

00:18:51,950 --> 00:18:48,780

Ozil set and this is where Carl sit and

426

00:18:54,169 --> 00:18:51,960

there was still five elk in here also

427

00:18:58,130 --> 00:18:54,179

there we lifted off

428

00:19:00,529 --> 00:18:58,140

and then I could see looked like a ball

429

00:19:03,590 --> 00:19:00,539

down below

430

00:19:05,330 --> 00:19:03,600

I figured it was the Earth I didn't know

431

00:19:06,470 --> 00:19:05,340

and he was taken to some place that

432

00:19:09,049 --> 00:19:06,480

could best be described as another

433

00:19:11,029 --> 00:19:09,059

planet it took him behind the screen and

434

00:19:13,310 --> 00:19:11,039

eventually said

435

00:19:15,230 --> 00:19:13,320

we don't need you you don't fit what we

436

00:19:16,850 --> 00:19:15,240

need the implication of Carl being is

437

00:19:19,789 --> 00:19:16,860

that he had a vasectomy and they needed

438

00:19:21,470 --> 00:19:19,799

somebody that was 100 fertile

439

00:19:23,750 --> 00:19:21,480

I said why

440

00:19:26,510 --> 00:19:23,760

I gotta go home

441

00:19:27,289 --> 00:19:26,520

he said don't worry somebody come get

442

00:19:30,770 --> 00:19:27,299

you

443

00:19:31,909 --> 00:19:30,780

and drop me off and off had to try this

444

00:19:33,890 --> 00:19:31,919

heroin

445

00:19:36,230 --> 00:19:33,900

roll down it

446

00:19:38,810 --> 00:19:36,240

this is a critical point

447

00:19:42,190 --> 00:19:38,820

when Carl explained that he was dropped

448

00:19:45,350 --> 00:19:42,200

I have investigated hundreds of cases

449

00:19:47,090 --> 00:19:45,360

with unusual circumstances that show

450

00:19:48,470 --> 00:19:47,100

that someone was dropped into that

451
00:19:50,090 --> 00:19:48,480
location

452
00:19:52,669 --> 00:19:50,100
this isn't something that's normally

453
00:19:54,169 --> 00:19:52,679
talked about in investigations a lot of

454
00:19:56,810 --> 00:19:54,179
times it's just pushed off as

455
00:19:59,330 --> 00:19:56,820
happenstance in an accident that the

456
00:20:02,450 --> 00:19:59,340
person fell into the place there's much

457
00:20:05,570 --> 00:20:02,460
more to this and Carl has explained it

458
00:20:10,310 --> 00:20:05,580
what the they didn't go into there that

459
00:20:13,250 --> 00:20:10,320
Carl was yeah literally dropped off when

460
00:20:15,230 --> 00:20:13,260
the creature stated uh like there was

461
00:20:17,390 --> 00:20:15,240
more to this journey than just what was

462
00:20:18,830 --> 00:20:17,400
portrayed here in the documentary so the

463
00:20:21,470 --> 00:20:18,840

creature once they realized they

464

00:20:24,529 --> 00:20:21,480

couldn't Harvest his life seed his semen

465

00:20:26,630 --> 00:20:24,539

they said uh hit the bricks buddy and

466

00:20:28,909 --> 00:20:26,640

next thing you know uh this creature

467

00:20:30,770 --> 00:20:28,919

said uh we'll see you later and that's

468

00:20:32,750 --> 00:20:30,780

when Carl realized that he was floating

469

00:20:35,330 --> 00:20:32,760

above the ground next thing he knew the

470

00:20:39,049 --> 00:20:35,340

craft was gone and Carl was standing on

471

00:20:41,810 --> 00:20:39,059

the edge of a rocky cliff you know not

472

00:20:44,270 --> 00:20:41,820

the most safe location when you just

473

00:20:45,830 --> 00:20:44,280

come back from visiting a planet a

474

00:20:47,450 --> 00:20:45,840

hundred thousand light years away you're

475

00:20:50,750 --> 00:20:47,460

probably a little disoriented probably a

476
00:20:56,990 --> 00:20:50,760
little jet lagged and so uh he got lucky

477
00:20:58,730 --> 00:20:57,000
he only dropped 10 feet and uh he landed

478
00:21:02,870 --> 00:20:58,740
on the ground he had considerable

479
00:21:05,510 --> 00:21:02,880
injuries but nothing life-threatening so

480
00:21:07,789 --> 00:21:05,520
that definitely calls back to all the

481
00:21:10,610 --> 00:21:07,799
other Missing 411 unexplained head

482
00:21:12,950 --> 00:21:10,620
injuries possibly broken bones is that

483
00:21:16,990 --> 00:21:12,960
they're coming down they're taking our

484
00:21:19,789 --> 00:21:17,000
elk our deer they're taking our semen

485
00:21:22,430 --> 00:21:19,799
and they're usually up and you're

486
00:21:26,150 --> 00:21:22,440
they're spitting you out now the the

487
00:21:29,270 --> 00:21:26,160
rest of the uh the kind of stories that

488
00:21:32,570 --> 00:21:29,280

wasn't in here is like when he was out

489

00:21:35,649 --> 00:21:32,580

there hunting uh the elk he realized the

490

00:21:38,450 --> 00:21:35,659

entire Forest around him was silent

491

00:21:40,909 --> 00:21:38,460

there was no uh

492

00:21:44,750 --> 00:21:40,919

uh there was no animal noise no insect

493

00:21:47,870 --> 00:21:44,760

noise which is another uh tale of a

494

00:21:49,430 --> 00:21:47,880

Missing 411 abduction scenario where

495

00:21:52,850 --> 00:21:49,440

it's everything just kind of Falls

496

00:21:54,950 --> 00:21:52,860

silent around you

497

00:21:57,470 --> 00:21:54,960

um then after he got abducted after he

498

00:22:00,529 --> 00:21:57,480

went into the cube uh they took him up

499

00:22:02,270 --> 00:22:00,539

into the air well it turns out that they

500

00:22:04,130 --> 00:22:02,280

took him to a planet

501
00:22:05,169 --> 00:22:04,140
claiming this is this comes from the

502
00:22:08,990 --> 00:22:05,179
alien

503
00:22:11,990 --> 00:22:09,000
160 light miles away from Earth that's

504
00:22:13,789 --> 00:22:12,000
how they they phrased it light miles now

505
00:22:17,149 --> 00:22:13,799
actually after they took them and they

506
00:22:18,770 --> 00:22:17,159
examined uh his his uh I would I I don't

507
00:22:23,750 --> 00:22:18,780
want to be crude here they examined his

508
00:22:26,450 --> 00:22:23,760
his penis and his balls very thoroughly

509
00:22:30,289 --> 00:22:26,460
and they they wanted to see if he was

510
00:22:32,270 --> 00:22:30,299
able to reproduce boner uh he was not uh

511
00:22:34,190 --> 00:22:32,280
so they said uh we got to take you back

512
00:22:35,870 --> 00:22:34,200
to your planet well don't worry we're

513
00:22:38,390 --> 00:22:35,880

gonna put you on the edge of a cliff you

514

00:22:41,810 --> 00:22:38,400

might die so just look out for that uh

515

00:22:44,630 --> 00:22:41,820

now when Carl was discovered by uh the

516

00:22:47,029 --> 00:22:44,640

police and his wife he was very

517

00:22:48,230 --> 00:22:47,039

disoriented very uh very scared he was

518

00:22:50,390 --> 00:22:48,240

looking up at the sky saying they took

519

00:22:53,090 --> 00:22:50,400

my elk uh they took him to the hospital

520

00:22:56,810 --> 00:22:53,100

and they gave him a four X-ray and they

521

00:22:59,390 --> 00:22:56,820

realized that he was completely uh cured

522

00:23:02,510 --> 00:22:59,400

of all his tuberculosis scars on his

523

00:23:04,970 --> 00:23:02,520

lungs now he had X-rays before and they

524

00:23:07,310 --> 00:23:04,980

can compare the before and after he had

525

00:23:10,549 --> 00:23:07,320

a horrible bout of tuberculosis which

526

00:23:12,409 --> 00:23:10,559

scarred his lungs they have uh X-rays of

527

00:23:14,570 --> 00:23:12,419

that coming back from that space

528

00:23:17,510 --> 00:23:14,580

adventure no scars

529

00:23:19,730 --> 00:23:17,520

they also gave him three separate

530

00:23:22,430 --> 00:23:19,740

polygraph tests and he passed all of

531

00:23:24,710 --> 00:23:22,440

them meaning that he believes

532

00:23:26,630 --> 00:23:24,720

what he experienced he wasn't lying he

533

00:23:30,770 --> 00:23:26,640

wasn't making anything up he absolutely

534

00:23:31,610 --> 00:23:30,780

believes uh this experience happened to

535

00:23:32,690 --> 00:23:31,620

him

536

00:23:35,870 --> 00:23:32,700

now

537

00:23:37,970 --> 00:23:35,880

uh they did during the course courses

538

00:23:39,770 --> 00:23:37,980

movie they did like interview some like

539

00:23:43,310 --> 00:23:39,780

x uh

540

00:23:45,470 --> 00:23:43,320

uh FBI if they had any sort of insight

541

00:23:47,270 --> 00:23:45,480

into this stuff and there's one FBI guy

542

00:23:49,190 --> 00:23:47,280

that would go on record saying the

543

00:23:51,230 --> 00:23:49,200

government knows a lot more than what

544

00:23:54,350 --> 00:23:51,240

they're letting on but it's very uh

545

00:23:57,529 --> 00:23:54,360

segmented uh the FBI agent who dared to

546

00:24:00,770 --> 00:23:57,539

talk to was a firm believer in these

547

00:24:02,649 --> 00:24:00,780

paranormal events and UFOs he uh

548

00:24:06,169 --> 00:24:02,659

attributes these events to

549

00:24:09,110 --> 00:24:06,179

inter-dimensional entities and not not

550

00:24:11,270 --> 00:24:09,120

coming from a couple solar systems over

551

00:24:14,810 --> 00:24:11,280

but I think it's kind of up for grabs at

552

00:24:15,950 --> 00:24:14,820

this point so the documentary uh goes on

553

00:24:18,350 --> 00:24:15,960

to

554

00:24:21,289 --> 00:24:18,360

talk about the uh The Missing 411

555

00:24:24,590 --> 00:24:21,299

cluster maps and how they all happen

556

00:24:26,270 --> 00:24:24,600

uh in or around water now correction if

557

00:24:29,750 --> 00:24:26,280

you could if you could find The Missing

558

00:24:33,289 --> 00:24:29,760

411 map and put that up on screen

559

00:24:37,190 --> 00:24:33,299

because he addresses the lack of missing

560

00:24:38,990 --> 00:24:37,200

people running down the center of the

561

00:24:41,450 --> 00:24:39,000

United States

562

00:24:43,490 --> 00:24:41,460

now in the in the center of the United

563

00:24:47,750 --> 00:24:43,500

States if you guys can see there is just

564

00:24:48,529 --> 00:24:47,760

no cluster zone of Missing 411 profile

565

00:24:50,870 --> 00:24:48,539

people

566

00:24:52,610 --> 00:24:50,880

now David player says that he received

567

00:24:55,430 --> 00:24:52,620

an email from someone within the

568

00:24:59,210 --> 00:24:55,440

government saying that that region there

569

00:25:02,990 --> 00:24:59,220

just so happens to fit a deep

570

00:25:04,850 --> 00:25:03,000

underground aquifer uh there is a below

571

00:25:07,190 --> 00:25:04,860

the ground there far below the surface

572

00:25:09,529 --> 00:25:07,200

there is a lot of water

573

00:25:13,970 --> 00:25:09,539

and it appears that they're not doing

574

00:25:15,890 --> 00:25:13,980

any abductions over that aquifer in the

575

00:25:17,330 --> 00:25:15,900

in the middle of the United States for

576
00:25:19,549 --> 00:25:17,340
whatever reason

577
00:25:21,970 --> 00:25:19,559
but they're not doing it

578
00:25:25,669 --> 00:25:21,980
um give me a secure

579
00:25:27,590 --> 00:25:25,679
okay you can if you can find the uh

580
00:25:29,029 --> 00:25:27,600
so that's the aquifer yeah right there

581
00:25:31,010 --> 00:25:29,039
in the center of the country

582
00:25:34,850 --> 00:25:31,020
so they're not doing any abductions

583
00:25:37,370 --> 00:25:34,860
there now I read a story uh about uh

584
00:25:40,130 --> 00:25:37,380
Jack Cousteau from I think the 60s or

585
00:25:42,970 --> 00:25:40,140
70s and he was doing uh he's doing a

586
00:25:46,370 --> 00:25:42,980
deep dive I believe uh near Salt Lake

587
00:25:48,230 --> 00:25:46,380
and he said what he saw down there oh it

588
00:25:49,669 --> 00:25:48,240

was uh Lake Tahoe Lake Tahoe yeah sorry

589

00:25:52,149 --> 00:25:49,679

Lake Tahoe

590

00:25:54,890 --> 00:25:52,159

um what he saw down there was absolutely

591

00:25:58,850 --> 00:25:54,900

mind-boggling and he was as far as I can

592

00:26:00,289 --> 00:25:58,860

go now it's it's rumored that this

593

00:26:03,230 --> 00:26:00,299

aquifer in the center of the United

594

00:26:05,870 --> 00:26:03,240

States is linked to a lot of other

595

00:26:08,990 --> 00:26:05,880

bodies of water and rivers in the United

596

00:26:10,970 --> 00:26:09,000

States by underground channels and it's

597

00:26:13,190 --> 00:26:10,980

also been rumored that uh the deep

598

00:26:16,909 --> 00:26:13,200

underground military bases that our

599

00:26:19,370 --> 00:26:16,919

government operates uh could have like

600

00:26:22,130 --> 00:26:19,380

submersibles going through these

601
00:26:24,230 --> 00:26:22,140
different areas and if uh aliens live

602
00:26:26,510 --> 00:26:24,240
maybe they're down there and using these

603
00:26:29,690 --> 00:26:26,520
different channels to to get out

604
00:26:31,970 --> 00:26:29,700
but overall a very interesting

605
00:26:33,350 --> 00:26:31,980
documentary a different approach for

606
00:26:35,570 --> 00:26:33,360
daily politics I don't know where he

607
00:26:38,870 --> 00:26:35,580
goes from here because to me this is

608
00:26:40,970 --> 00:26:38,880
kind of like the almost the Apex

609
00:26:43,610 --> 00:26:40,980
um he's he has all these different books

610
00:26:46,250 --> 00:26:43,620
he's category he's cataloged all these

611
00:26:47,390 --> 00:26:46,260
different missing people he's been very

612
00:26:51,230 --> 00:26:47,400
silent

613
00:26:53,330 --> 00:26:51,240

on a possible cause for these abductions

614

00:26:55,070 --> 00:26:53,340

and now he's kind of uh played his hand

615

00:26:58,970 --> 00:26:55,080

a little bit that they're they want your

616

00:27:00,529 --> 00:26:58,980

semen they want your elk and if you

617

00:27:03,110 --> 00:27:00,539

don't got that well they'll drop you off

618

00:27:04,789 --> 00:27:03,120

on your head there you go I don't know

619

00:27:06,950 --> 00:27:04,799

why they're happening up there they come

620

00:27:10,190 --> 00:27:06,960

down to Joe Rogan's house

621

00:27:12,470 --> 00:27:10,200

they could uh there's a well he has a

622

00:27:14,870 --> 00:27:12,480

another book called off the grid which

623

00:27:18,049 --> 00:27:14,880

does profile missing people

624

00:27:20,210 --> 00:27:18,059

from uh within urban areas or Suburban

625

00:27:23,630 --> 00:27:20,220

areas that people that go missing in the

626

00:27:25,850 --> 00:27:23,640

city in very similar ways I'm just

627

00:27:26,810 --> 00:27:25,860

saying Rogan is with the elk and the

628

00:27:28,549 --> 00:27:26,820

semen

629

00:27:30,590 --> 00:27:28,559

absolutely seems like he might have a

630

00:27:32,990 --> 00:27:30,600

lot of it he might he might be the one

631

00:27:37,010 --> 00:27:33,000

to get he might be the the the big

632

00:27:40,130 --> 00:27:37,020

trophy for these uh aliens to grab

633

00:27:42,710 --> 00:27:40,140

um but yeah he is an avid Avid elk

634

00:27:44,090 --> 00:27:42,720

Hunter he's full of testosterone and I

635

00:27:46,070 --> 00:27:44,100

hear he's just full of like a lot of

636

00:27:47,510 --> 00:27:46,080

semen I don't know for sure he's just a

637

00:27:49,549 --> 00:27:47,520

rumor on the street I did not want to

638

00:27:51,470 --> 00:27:49,559

even think about that balls

639

00:27:53,810 --> 00:27:51,480

he's got a lot of it enough to go around

640

00:27:55,070 --> 00:27:53,820

for everyone

641

00:27:58,610 --> 00:27:55,080

so

642

00:28:01,549 --> 00:27:58,620

but uh that is uh Missing 411 the UFO

643

00:28:02,149 --> 00:28:01,559

Connection in a nutshell

644

00:28:03,950 --> 00:28:02,159

um

645

00:28:05,330 --> 00:28:03,960

I watched it with my wife she fell

646

00:28:07,250 --> 00:28:05,340

asleep about two-thirds of the way

647

00:28:08,630 --> 00:28:07,260

through just like we should have watched

648

00:28:10,970 --> 00:28:08,640

it earlier fascinating information

649

00:28:13,669 --> 00:28:10,980

though you wake her up Suddenly did you

650

00:28:14,870 --> 00:28:13,679

put on a wake up get scared be scared

651
00:28:16,310 --> 00:28:14,880
that you're gonna get abducted when you

652
00:28:18,289 --> 00:28:16,320
go out there

653
00:28:19,250 --> 00:28:18,299
but yeah it's not too far off of what

654
00:28:28,669 --> 00:28:19,260
the

655
00:28:31,310 --> 00:28:28,679
phenomenon always involves a body of

656
00:28:32,330 --> 00:28:31,320
water yeah typically that come up in the

657
00:28:40,730 --> 00:28:32,340
the

658
00:28:43,850 --> 00:28:40,740
bodies of water in this abduction or

659
00:28:46,250 --> 00:28:43,860
General locations yes uh they they told

660
00:28:48,110 --> 00:28:46,260
they told one story

661
00:28:49,610 --> 00:28:48,120
um so like the first case that I

662
00:28:51,350 --> 00:28:49,620
mentioned up in British Columbia right

663
00:28:54,710 --> 00:28:51,360

right near like he disappeared like

664

00:28:58,490 --> 00:28:54,720

right on a lake and all these clusters

665

00:29:00,590 --> 00:28:58,500

that happen are near a fairly

666

00:29:03,169 --> 00:29:00,600

significant body of water

667

00:29:05,450 --> 00:29:03,179

so he does touch in that uh quite a bit

668

00:29:08,210 --> 00:29:05,460

and then he kind of wraps up the the

669

00:29:09,409 --> 00:29:08,220

link to the aquifer to this last little

670

00:29:11,210 --> 00:29:09,419

story where

671

00:29:14,269 --> 00:29:11,220

there was this guy I forget exactly but

672

00:29:17,390 --> 00:29:14,279

I think it was Wyoming possibly

673

00:29:19,490 --> 00:29:17,400

um that he you said that he was uh

674

00:29:22,789 --> 00:29:19,500

talking to aliens and the aliens told

675

00:29:25,250 --> 00:29:22,799

him to dig a well and he had geologists

676
00:29:27,049 --> 00:29:25,260
come out well diggers say you're digging

677
00:29:30,230 --> 00:29:27,059
in the wrong area buddy you ain't gonna

678
00:29:32,750 --> 00:29:30,240
hit anything and he said nope I got this

679
00:29:34,730 --> 00:29:32,760
the aliens told me to dig a well right

680
00:29:37,610 --> 00:29:34,740
here and he kept going and kept going

681
00:29:41,090 --> 00:29:37,620
and he busted through and uh actually

682
00:29:41,990 --> 00:29:41,100
tapped in to the aquifer that uh I just

683
00:29:45,049 --> 00:29:42,000
mentioned

684
00:29:47,570 --> 00:29:45,059
so this these weird kind of like stories

685
00:29:49,990 --> 00:29:47,580
like that whether it's alien or

686
00:29:53,870 --> 00:29:50,000
something totally different

687
00:29:56,149 --> 00:29:53,880
is it's all murky and there's something

688
00:29:57,590 --> 00:29:56,159

going on here the government definitely

689

00:30:00,889 --> 00:29:57,600

knows more than what they're letting on

690

00:30:01,850 --> 00:30:00,899

but as they said in this documentary

691

00:30:03,950 --> 00:30:01,860

that

692

00:30:06,470 --> 00:30:03,960

the government's not going to comment on

693

00:30:08,750 --> 00:30:06,480

something that it doesn't understand and

694

00:30:10,789 --> 00:30:08,760

it cannot control so it's just gonna

695

00:30:12,470 --> 00:30:10,799

shut up about it not going to

696

00:30:14,990 --> 00:30:12,480

acknowledge these weird things because

697

00:30:17,870 --> 00:30:15,000

they can't control it

698

00:30:20,149 --> 00:30:17,880

have you considered discussing your well

699

00:30:21,169 --> 00:30:20,159

scenario with the uh with the aliens my

700

00:30:23,810 --> 00:30:21,179

well

701
00:30:25,490 --> 00:30:23,820
yeah like the one I I could use some

702
00:30:27,830 --> 00:30:25,500
help out there with my will

703
00:30:30,590 --> 00:30:27,840
get this guy Oslo out there I get he's

704
00:30:32,450 --> 00:30:30,600
got a drill on his arm why not it's our

705
00:30:34,430 --> 00:30:32,460
drone buddy discuss what the arm was so

706
00:30:36,110 --> 00:30:34,440
they had like a cone on it but that's

707
00:30:37,669 --> 00:30:36,120
what he's got a cone on his arm like

708
00:30:39,049 --> 00:30:37,679
that'd be my first question for those

709
00:30:41,870 --> 00:30:39,059
things like what's what what's up with

710
00:30:45,529 --> 00:30:41,880
your arm pal yes that's where he keeps

711
00:30:46,970 --> 00:30:45,539
his ice cream maybe like two scoops

712
00:30:48,529 --> 00:30:46,980
well I was thinking you know maybe you

713
00:30:49,850 --> 00:30:48,539

could ask the aliens like where where on

714

00:30:51,830 --> 00:30:49,860

your property should you dig a new well

715

00:30:52,970 --> 00:30:51,840

to get one that produces better yeah

716

00:30:54,950 --> 00:30:52,980

maybe

717

00:30:56,450 --> 00:30:54,960

like you're thinking you can do dowsing

718

00:30:58,370 --> 00:30:56,460

rods for that kind of stuff which we did

719

00:31:00,289 --> 00:30:58,380

do and there's a lot of water where we

720

00:31:04,010 --> 00:31:00,299

dug our well it just

721

00:31:07,730 --> 00:31:04,020

it was my first well to dig and I did a

722

00:31:10,190 --> 00:31:07,740

lot of things wrong a lot of things yeah

723

00:31:11,710 --> 00:31:10,200

you gotta you gotta Dig Down

724

00:31:14,690 --> 00:31:11,720

yeah

725

00:31:17,269 --> 00:31:14,700

don't dig parallel to the the plane give
