

UFO OVER ALASKA

1
00:00:00,299 --> 00:00:03,249
oh

2
00:00:08,990 --> 00:00:06,190
well

3
00:00:12,110 --> 00:00:09,000
you guys believe that there is another

4
00:00:15,289 --> 00:00:12,120
shoot down mysterious object coming into

5
00:00:17,450 --> 00:00:15,299
American airspace not but seven days ago

6
00:00:20,330 --> 00:00:17,460
we were talking about the Chinese spy

7
00:00:24,050 --> 00:00:20,340
balloon if that's even what it was and

8
00:00:26,929 --> 00:00:24,060
just yesterday it was confirmed that

9
00:00:29,349 --> 00:00:26,939
there was another incursion by some kind

10
00:00:32,150 --> 00:00:29,359
of object over Alaska

11
00:00:34,010 --> 00:00:32,160
where uh it was uh critical enough

12
00:00:36,049 --> 00:00:34,020
important enough to for it to be shot

13
00:00:40,310 --> 00:00:36,059

down you hear about that one Joe

14

00:00:43,010 --> 00:00:40,320

yes it's crazy I have a CBS news report

15

00:00:45,470 --> 00:00:43,020

that I want to play people uh

16

00:00:49,910 --> 00:00:45,480

uh and this will give an overall kind of

17

00:00:52,910 --> 00:00:49,920

synopsis of what has uh has transpired

18

00:00:55,910 --> 00:00:52,920

over the past uh 36 hours

19

00:00:57,229 --> 00:00:55,920

and I mean it's just fascinating that

20

00:01:00,670 --> 00:00:57,239

this is happening

21

00:01:04,729 --> 00:01:00,680

I will bring the uh the CBS

22

00:01:07,429 --> 00:01:04,739

uh article up on screen here give me one

23

00:01:10,010 --> 00:01:07,439

second please and then I have uh a

24

00:01:13,070 --> 00:01:10,020

spokesperson from

25

00:01:16,149 --> 00:01:13,080

the Pentagon giving his uh his two cents

26

00:01:19,070 --> 00:01:16,159

about what is what is going on

27

00:01:20,510 --> 00:01:19,080

uh let's see here I'll just put this up

28

00:01:22,190 --> 00:01:20,520

on screen I don't know if I grabbed the

29

00:01:24,170 --> 00:01:22,200

CBS one but here's CBS talking about it

30

00:01:26,330 --> 00:01:24,180

but first the new questions tonight

31

00:01:29,090 --> 00:01:26,340

after the White House revealed just this

32

00:01:31,490 --> 00:01:29,100

afternoon that an F-22 fighter jet shot

33

00:01:34,609 --> 00:01:31,500

down another object flying over Alaska

34

00:01:36,410 --> 00:01:34,619

the debris landed on a frozen body of

35

00:01:38,270 --> 00:01:36,420

water so the Pentagon is working to

36

00:01:39,890 --> 00:01:38,280

recovery it's called ice because she's

37

00:01:41,929 --> 00:01:39,900

trying to determine what the object was

38

00:01:44,810 --> 00:01:41,939

doing and if China or any other country

39

00:01:46,069 --> 00:01:44,820

had anything to do with it CBS is going

40

00:01:47,630 --> 00:01:46,079

to start us off tonight from the White

41

00:01:49,130 --> 00:01:47,640

House with those breaking new details

42

00:01:50,630 --> 00:01:49,140

good evening mija

43

00:01:52,310 --> 00:01:50,640

good evening to you Nora tonight

44

00:01:57,370 --> 00:01:52,320

Pentagon officials say they don't know

45

00:02:02,270 --> 00:01:59,929

but they are certain it would have been

46

00:02:05,649 --> 00:02:02,280

too risky to wait for all those answers

47

00:02:08,630 --> 00:02:05,659

before taking it out unlike last

48

00:02:10,850 --> 00:02:08,640

on the orders of President Biden the

49

00:02:13,490 --> 00:02:10,860

F-22 fighter jet shot down the

50

00:02:16,610 --> 00:02:13,500

unidentified object at 145 this

51
00:02:19,010 --> 00:02:16,620
afternoon success the White House said

52
00:02:22,070 --> 00:02:19,020
the U.S first detected the unmanned

53
00:02:23,869 --> 00:02:22,080
object Last Night 40

54
00:02:26,750 --> 00:02:23,879
000 feet above the northern coast of

55
00:02:29,089 --> 00:02:26,760
Alaska and floating Northeast well

56
00:02:32,270 --> 00:02:29,099
within the range of commercial planes

57
00:02:34,309 --> 00:02:32,280
and posed a reasonable threat to the

58
00:02:37,010 --> 00:02:34,319
safety of Civilian flight and it came in

59
00:02:39,250 --> 00:02:37,020
inside our territorial Waters and those

60
00:02:41,750 --> 00:02:39,260
Waters right now are frozen but inside

61
00:02:44,270 --> 00:02:41,760
territorial uh airspace and over

62
00:02:46,430 --> 00:02:44,280
territory Waters Pentagon officials said

63
00:02:48,830 --> 00:02:46,440

the latest object was shot down so

64

00:02:51,110 --> 00:02:48,840

quickly because it was over frozen water

65

00:02:53,690 --> 00:02:51,120

making it easy three times they said

66

00:02:56,869 --> 00:02:53,700

frozen water thighs would create less of

67

00:02:59,449 --> 00:02:56,879

a debris field it was much much smaller

68

00:03:01,610 --> 00:02:59,459

than the Spy balloon that we took down

69

00:03:05,690 --> 00:03:01,620

last Saturday roughly the size of a

70

00:03:07,970 --> 00:03:05,700

small car what is supposed to a payload

71

00:03:10,369 --> 00:03:07,980

that was like two or three pluses size

72

00:03:12,649 --> 00:03:10,379

right several military aircraft are now

73

00:03:15,470 --> 00:03:12,659

involved in the recovery effort off the

74

00:03:17,809 --> 00:03:15,480

coast of Alaska the object breached U.S

75

00:03:20,570 --> 00:03:17,819

airspace less than a week after the

76
00:03:23,089 --> 00:03:20,580
military shot down a Chinese spy balloon

77
00:03:25,850 --> 00:03:23,099
which also entered over Alaska before

78
00:03:28,970 --> 00:03:25,860
making its way over several States in

79
00:03:31,610 --> 00:03:28,980
seven days prompting bipartisan backlash

80
00:03:34,490 --> 00:03:31,620
over how long it took it's good news

81
00:03:36,350 --> 00:03:34,500
that they're on alert now it still begs

82
00:03:39,470 --> 00:03:36,360
the question why they weren't on alert

83
00:03:41,930 --> 00:03:39,480
last week when the Spy balloon flew into

84
00:03:44,509 --> 00:03:41,940
our airspace they were having breakfast

85
00:03:46,490 --> 00:03:44,519
today the U.S announced it added Chinese

86
00:03:48,589 --> 00:03:46,500
firms that are connected to Beijing

87
00:03:50,690 --> 00:03:48,599
surveillance balloon program to an

88
00:03:53,630 --> 00:03:50,700

export Blacklist so they can't access

89
00:03:55,309 --> 00:03:53,640
U.S technology or Goods the White House

90
00:03:59,149 --> 00:03:55,319
says they have not reached out to China

91
00:04:00,350 --> 00:03:59,159
about this new object shut down Nora all

92
00:04:02,930 --> 00:04:00,360
right we did Jane with all those new

93
00:04:04,729 --> 00:04:02,940
details thank you so far no nation has

94
00:04:05,809 --> 00:04:04,739
taken responsibility

95
00:04:09,170 --> 00:04:05,819
foreign

96
00:04:10,670 --> 00:04:09,180
I know who did it me Hulk Hogan Ah

97
00:04:13,970 --> 00:04:10,680
that's the only person who would step

98
00:04:16,969 --> 00:04:13,980
forward and say anything me Hulk Hogan

99
00:04:20,030 --> 00:04:16,979
uh so the uh so there's something

100
00:04:22,969 --> 00:04:20,040
specific so the the entire uh Pentagon

101

00:04:25,370 --> 00:04:22,979

uh briefing was a bit of a bore it was

102

00:04:27,950 --> 00:04:25,380

basically uh 20 reporters 12 of which

103

00:04:30,770 --> 00:04:27,960

who just kept saying or asking the same

104

00:04:33,050 --> 00:04:30,780

thing over and over again it was just

105

00:04:34,010 --> 00:04:33,060

basically what kind of uh what kind of

106

00:04:39,890 --> 00:04:34,020

uh

107

00:04:43,310 --> 00:04:39,900

edited it together it was 20 minutes

108

00:04:46,969 --> 00:04:43,320

long this is like the two minutes of I

109

00:04:49,070 --> 00:04:46,979

think like the the overall uh synopsis

110

00:04:52,189 --> 00:04:49,080

of what happened and then two questions

111

00:04:54,830 --> 00:04:52,199

at the end from reporter so here's two

112

00:04:56,930 --> 00:04:54,840

minutes from the Pentagon uh briefing on

113

00:04:59,330 --> 00:04:56,940

February 9 North American Aerospace

114

00:05:01,490 --> 00:04:59,340

Defense command detected an object on

115

00:05:04,310 --> 00:05:01,500

ground radar and further investigated

116

00:05:06,950 --> 00:05:04,320

and identified the object using fighter

117

00:05:09,290 --> 00:05:06,960

aircraft oh the object was flying at an

118

00:05:10,850 --> 00:05:09,300

altitude of 40 000 feet and posed a

119

00:05:13,310 --> 00:05:10,860

reasonable threat to the safety of

120

00:05:15,170 --> 00:05:13,320

Civilian flight [h__h] U.S Northern

121

00:05:16,670 --> 00:05:15,180

command is beginning recovery operations

122

00:05:19,189 --> 00:05:16,680

now

123

00:05:20,930 --> 00:05:19,199

U.S northern command's Alaska command

124

00:05:22,790 --> 00:05:20,940

coordinated the operation with

125

00:05:23,810 --> 00:05:22,800

assistance from the Alaska Air National

126
00:05:26,689 --> 00:05:23,820
Guard

127
00:05:28,790 --> 00:05:26,699
Federal Aviation Administration and the

128
00:05:30,710 --> 00:05:28,800
Federal Bureau of Investigation

129
00:05:32,450 --> 00:05:30,720
we have no further details about the

130
00:05:34,550 --> 00:05:32,460
object at this time including any

131
00:05:37,010 --> 00:05:34,560
description of its capabilities purpose

132
00:05:39,830 --> 00:05:37,020
or origin the object was about the size

133
00:05:42,650 --> 00:05:39,840
of a small car so not similar in size or

134
00:05:44,270 --> 00:05:42,660
shape to the High Altitude surveillance

135
00:05:47,890 --> 00:05:44,280
balloon that was taken down off the

136
00:05:51,350 --> 00:05:47,900
coast of South Carolina on February

137
00:05:53,510 --> 00:05:51,360
just a couple of clarifiers was it a

138
00:05:57,529 --> 00:05:53,520

single F-22 or a pair

139

00:06:00,469 --> 00:05:57,539

um today for the shot and then when the

140

00:06:03,110 --> 00:06:00,479

when NORAD sent the initial aircraft up

141

00:06:05,510 --> 00:06:03,120

to sea was there any sort of hailing or

142

00:06:07,610 --> 00:06:05,520

any type of warning given typically when

143

00:06:10,670 --> 00:06:07,620

an aircraft makes an incursion into

144

00:06:11,749 --> 00:06:10,680

protected airspace there's a whole a lot

145

00:06:12,950 --> 00:06:11,759

of procedures that have to be followed

146

00:06:15,050 --> 00:06:12,960

before it would escalate to something

147

00:06:18,590 --> 00:06:15,060

like this okay well this was an object

148

00:06:20,390 --> 00:06:18,600

right so it wasn't an aircraft per se oh

149

00:06:23,029 --> 00:06:20,400

so you hear that that's the most

150

00:06:27,110 --> 00:06:23,039

interesting part he says this is an

151

00:06:29,749 --> 00:06:27,120

object not an aircraft per se

152

00:06:32,210 --> 00:06:29,759

and so in a definition of an aircraft

153

00:06:34,430 --> 00:06:32,220

this is according to Google and most of

154

00:06:36,890 --> 00:06:34,440

most browsers and aircraft is a machine

155

00:06:39,890 --> 00:06:36,900

or device such as an airplane helicopter

156

00:06:43,969 --> 00:06:39,900

glider or dirigible capable of

157

00:06:46,670 --> 00:06:43,979

atmospheric flight and I'm assuming that

158

00:06:48,469 --> 00:06:46,680

the spokesperson is being very precise

159

00:06:50,809 --> 00:06:48,479

he even had to correct her when it said

160

00:06:53,529 --> 00:06:50,819

when she said aircraft he's like no this

161

00:06:56,090 --> 00:06:53,539

is an object

162

00:06:57,950 --> 00:06:56,100

if there was any hailing did we do any

163

00:07:00,050 --> 00:06:57,960

hailing yeah it could be hail stuff like

164

00:07:02,390 --> 00:07:00,060

in Star Trek typically in Star Trek you

165

00:07:04,010 --> 00:07:02,400

hail the Klingons before you open fire

166

00:07:07,550 --> 00:07:04,020

when they saw the balloon did they say

167

00:07:10,730 --> 00:07:07,560

put it on screen something like that no

168

00:07:13,189 --> 00:07:10,740

nothing like that uh happened as far as

169

00:07:15,469 --> 00:07:13,199

so they made no attempt to communicate

170

00:07:17,210 --> 00:07:15,479

with this thing as if she's like saying

171

00:07:18,890 --> 00:07:17,220

like this is like Independence Day where

172

00:07:22,010 --> 00:07:18,900

they send up helicopters with a row of

173

00:07:24,050 --> 00:07:22,020

Lights to try to do Morris code uh there

174

00:07:26,270 --> 00:07:24,060

was no hailing that what did I what did

175

00:07:29,450 --> 00:07:26,280

I say I said Morris code more escort

176

00:07:32,150 --> 00:07:29,460

okay well like more ask named after

177

00:07:34,670 --> 00:07:32,160

Samuel Morse not Samuel Morris

178

00:07:36,830 --> 00:07:34,680

uh or more stay in the time yeah they

179

00:07:38,450 --> 00:07:36,840

didn't try to hail it

180

00:07:42,110 --> 00:07:38,460

yeah that's how you would typically do

181

00:07:45,650 --> 00:07:42,120

it uh so they made no attempt to hail

182

00:07:48,529 --> 00:07:45,660

the object the Fonzie up there to hail

183

00:07:51,469 --> 00:07:48,539

it and it's not an aircraft whatever

184

00:07:54,890 --> 00:07:51,479

that person needs per se

185

00:07:57,650 --> 00:07:54,900

uh doesn't uh so in not all aircraft

186

00:07:59,870 --> 00:07:57,660

have to have occupants because you

187

00:08:01,969 --> 00:07:59,880

consider a drone to be a form of

188

00:08:04,610 --> 00:08:01,979

aircraft correct I would think anything

189

00:08:07,129 --> 00:08:04,620

under its own power that can be

190

00:08:10,870 --> 00:08:07,139

um uh they can navigate and be steered

191

00:08:14,210 --> 00:08:10,880

or steer itself but I would say also

192

00:08:17,330 --> 00:08:14,220

that balloon from last week was also an

193

00:08:20,270 --> 00:08:17,340

aircraft yeah balloons are aircraft so

194

00:08:22,909 --> 00:08:20,280

what kind of things are in the air that

195

00:08:24,710 --> 00:08:22,919

are not aircraft uh Chinese space

196

00:08:27,110 --> 00:08:24,720

dragons remember that guy went to space

197

00:08:28,550 --> 00:08:27,120

force and tried to get him to why is

198

00:08:30,830 --> 00:08:28,560

that true okay that's technically not an

199

00:08:33,610 --> 00:08:30,840

aircraft so an object uh would you

200

00:08:36,529 --> 00:08:33,620

consider like something that is alive

201
00:08:37,370 --> 00:08:36,539
also in the air to be an object Jetpack

202
00:08:38,990 --> 00:08:37,380
Man

203
00:08:41,329 --> 00:08:39,000
that would be an aircraft too wouldn't

204
00:08:43,430 --> 00:08:41,339
it I don't know

205
00:08:46,070 --> 00:08:43,440
so yeah that uh that type of terminology

206
00:08:48,170 --> 00:08:46,080
is very fascinating uh they made a

207
00:08:51,050 --> 00:08:48,180
distinction right there

208
00:08:52,430 --> 00:08:51,060
um and so there's not much more about

209
00:08:55,130 --> 00:08:52,440
this this could have been all for

210
00:08:58,009 --> 00:08:55,140
nothing but there were reports they that

211
00:09:00,230 --> 00:08:58,019
uh they had some very large helicopters

212
00:09:02,389 --> 00:09:00,240
going out there with Chinooks

213
00:09:04,730 --> 00:09:02,399

um were deployed to go uh recover

214

00:09:07,790 --> 00:09:04,740

whatever this was

215

00:09:10,130 --> 00:09:07,800

um they're working with uh all manner of

216

00:09:12,470 --> 00:09:10,140

uh military resources to get this thing

217

00:09:13,850 --> 00:09:12,480

off the frozen water not the ice the

218

00:09:16,250 --> 00:09:13,860

Frozen one frozen water that's right

219

00:09:17,329 --> 00:09:16,260

there like four times they said the

220

00:09:19,430 --> 00:09:17,339

frozen water

221

00:09:20,509 --> 00:09:19,440

yeah um by the way I do want to raise

222

00:09:21,710 --> 00:09:20,519

this question because I was thinking

223

00:09:22,910 --> 00:09:21,720

about this after last show and forgot to

224

00:09:24,829 --> 00:09:22,920

bring it up

225

00:09:26,690 --> 00:09:24,839

we've seen this multiple times in film

226

00:09:28,509 --> 00:09:26,700

and it's been around for I don't know

227

00:09:32,990 --> 00:09:28,519

since World War II or shortly thereafter

228

00:09:35,329 --> 00:09:33,000

this ability for planes to um uh to grab

229

00:09:36,710 --> 00:09:35,339

balloons out of the sky they it's almost

230

00:09:37,970 --> 00:09:36,720

I'm gonna call it Skyhook but it's not

231

00:09:39,710 --> 00:09:37,980

that it's a slightly different one we

232

00:09:42,530 --> 00:09:39,720

saw it in the Batman movie where he gets

233

00:09:44,210 --> 00:09:42,540

yanked off the uh building James Bond

234

00:09:47,750 --> 00:09:44,220

used it in uh I think was in Thunderball

235

00:09:49,670 --> 00:09:47,760

so planes can fly by grab a balloon as

236

00:09:50,930 --> 00:09:49,680

it grabs some of the uh the cables below

237

00:09:52,009 --> 00:09:50,940

it and just flies off with it so why

238

00:09:54,470 --> 00:09:52,019

aren't they doing that why are we

239

00:09:56,030 --> 00:09:54,480

shooting [h__h] at it and when they and we

240

00:09:58,009 --> 00:09:56,040

were on the show before they actually

241

00:10:00,590 --> 00:09:58,019

shot down the last one and I think they

242

00:10:03,710 --> 00:10:00,600

used a a rocket to shoot a missile a

243

00:10:05,630 --> 00:10:03,720

missile and why not just use some guns

244

00:10:07,430 --> 00:10:05,640

pop the balloon and let the thing pretty

245

00:10:09,530 --> 00:10:07,440

much fall in one piece into the ocean

246

00:10:12,110 --> 00:10:09,540

but it seems like they used a missile To

247

00:10:14,090 --> 00:10:12,120

Destroy All Electronics on board so

248

00:10:15,230 --> 00:10:14,100

there's very little left over and that

249

00:10:16,670 --> 00:10:15,240

whole recovery thing by the way the one

250

00:10:18,170 --> 00:10:16,680

of South Carolina is sketchy because it

251
00:10:19,790 --> 00:10:18,180
landed in shallow water off of Myrtle

252
00:10:21,530 --> 00:10:19,800
Beach it's only 40 or 50 feet deep well

253
00:10:23,030 --> 00:10:21,540
I wasn't like somebody there already

254
00:10:25,310 --> 00:10:23,040
waiting for it instead it was like this

255
00:10:27,889 --> 00:10:25,320
well we got to spend days looking for it

256
00:10:29,990 --> 00:10:27,899
now record deepness right yeah that

257
00:10:31,190 --> 00:10:30,000
record deepness

258
00:10:32,570 --> 00:10:31,200
um they asked where to shoot it down

259
00:10:34,190 --> 00:10:32,580
Trump said that he would support

260
00:10:35,570 --> 00:10:34,200
shooting it down in the Great Lakes oh

261
00:10:39,050 --> 00:10:35,580
yeah he would

262
00:10:41,150 --> 00:10:39,060
uh so this is uh fascinating the so on

263
00:10:43,190 --> 00:10:41,160

Twitter obviously it was UFO shoot down

264

00:10:45,230 --> 00:10:43,200

and technically that's what it is it's a

265

00:10:47,569 --> 00:10:45,240

UFO they're not by definition that's

266

00:10:50,050 --> 00:10:47,579

correct they they're that's technically

267

00:10:53,509 --> 00:10:50,060

what it is they're saying it's an object

268

00:10:55,130 --> 00:10:53,519

so unknown object

269

00:10:58,449 --> 00:10:55,140

I don't know if we're gonna hear any

270

00:11:01,430 --> 00:10:58,459

more about this it could be that uh

271

00:11:05,389 --> 00:11:01,440

Biden wanted to show that he's a strong

272

00:11:07,970 --> 00:11:05,399

powerful leader yep and he wanted to act

273

00:11:10,130 --> 00:11:07,980

just to show that he was in full control

274

00:11:13,790 --> 00:11:10,140

of the airspace and that he would not

275

00:11:15,949 --> 00:11:13,800

hesitate any longer to use action AI

276

00:11:18,170 --> 00:11:15,959

Gore said we have to act yeah this is

277

00:11:21,170 --> 00:11:18,180

the uh this is the joke of it all and I

278

00:11:23,269 --> 00:11:21,180

didn't see the actual story but I I

279

00:11:26,750 --> 00:11:23,279

think that what you just said is exactly

280

00:11:29,210 --> 00:11:26,760

right yes apparently some yeah well it's

281

00:11:30,769 --> 00:11:29,220

it's to like no I'm not no I'm not and

282

00:11:32,810 --> 00:11:30,779

this is what they're doing the same old

283

00:11:34,670 --> 00:11:32,820

[h__h] like and Trump did it too like

284

00:11:36,590 --> 00:11:34,680

recently I think I saw there was a story

285

00:11:38,449 --> 00:11:36,600

going around about one of Trump's aides

286

00:11:40,430 --> 00:11:38,459

hiding a laptop and it had some

287

00:11:43,250 --> 00:11:40,440

information on it or something and now

288

00:11:44,930 --> 00:11:43,260

you've got all of left Twitter going we

289

00:11:46,430 --> 00:11:44,940

should see what's on Trump's laptop we

290

00:11:47,990 --> 00:11:46,440

should see what's on Trump's up they get

291

00:11:51,410 --> 00:11:48,000

like all of a sudden we care about

292

00:11:53,990 --> 00:11:51,420

President you know it's not even his son

293

00:11:56,210 --> 00:11:54,000

it's like an aide a former Aid of trump

294

00:11:58,009 --> 00:11:56,220

like now I'm like so it's like it's the

295

00:11:59,630 --> 00:11:58,019

same [h__h] with the documents and

296

00:12:02,750 --> 00:11:59,640

everything else like it's just like yeah

297

00:12:04,490 --> 00:12:02,760

but you did it too it's uh here's Biden

298

00:12:06,230 --> 00:12:04,500

lets the damn thing fly over the whole

299

00:12:09,889 --> 00:12:06,240

country and now he shoots it down over

300

00:12:13,190 --> 00:12:09,899

here like what were the excuses

301
00:12:16,550 --> 00:12:13,200
the first time he

302
00:12:19,550 --> 00:12:16,560
he or they didn't want it to fall on top

303
00:12:21,710 --> 00:12:19,560
of people caused damage to structures

304
00:12:23,750 --> 00:12:21,720
and injured people on the ground

305
00:12:25,069 --> 00:12:23,760
that was the excuse is that an admission

306
00:12:26,870 --> 00:12:25,079
that they weren't protecting the

307
00:12:28,910 --> 00:12:26,880
airspace I wanted to bring this up

308
00:12:32,030 --> 00:12:28,920
because if you remember Larry Walters

309
00:12:36,170 --> 00:12:32,040
lawn chair Larry like he went up with a

310
00:12:38,269 --> 00:12:36,180
six-pack of beer and some you know high

311
00:12:43,190 --> 00:12:38,279
intensity balloons on a [h__h] lawn

312
00:12:44,930 --> 00:12:43,200
chair and he got like commanded down

313
00:12:47,389 --> 00:12:44,940

do you remember this story no I don't

314

00:12:50,389 --> 00:12:47,399

remember launch here Larry Larry Walters

315

00:12:53,509 --> 00:12:50,399

no oh my God yeah this is the guy who

316

00:12:55,970 --> 00:12:53,519

put like balloons on a lawn chair he

317

00:12:58,009 --> 00:12:55,980

strapped it to like a post he got in

318

00:13:01,069 --> 00:12:58,019

there with a six pack of beer and a

319

00:13:02,870 --> 00:13:01,079

pellet gun or something and uh he

320

00:13:04,670 --> 00:13:02,880

started flying around just floating

321

00:13:08,329 --> 00:13:04,680

around up in the sky

322

00:13:10,550 --> 00:13:08,339

and the military came in you know forced

323

00:13:15,350 --> 00:13:10,560

him down this is a guy in a lawn chair

324

00:13:20,509 --> 00:13:17,569

we had the priest out of South America

325

00:13:24,530 --> 00:13:22,430

oh yeah the priest house uh South

326

00:13:27,290 --> 00:13:24,540

America well he died he wasn't forced

327

00:13:30,829 --> 00:13:27,300

down he just died up in the atmosphere

328

00:13:33,710 --> 00:13:30,839

or did he yeah I think they found his

329

00:13:36,350 --> 00:13:33,720

body but so so like they don't [h__h]

330

00:13:38,150 --> 00:13:36,360

around with this [h__h] so here's Walters

331

00:13:40,670 --> 00:13:38,160

here you go

332

00:13:43,190 --> 00:13:40,680

I like this I don't know this is just

333

00:13:45,889 --> 00:13:43,200

the first thing I found but like they

334

00:13:47,569 --> 00:13:45,899

don't screw around so like what they're

335

00:13:50,210 --> 00:13:47,579

saying is yeah we were screwing around

336

00:13:53,210 --> 00:13:50,220

we were [h__h] off with our puppy sex

337

00:13:55,250 --> 00:13:53,220

military people stealing luggage and

338

00:13:57,949 --> 00:13:55,260

whatever else they're doing which is not

339

00:13:59,210 --> 00:13:57,959

the business of the United States you

340

00:14:02,269 --> 00:13:59,220

know what I mean like they're not paying

341

00:14:03,889 --> 00:14:02,279

attention like at least on 9 11 we knew

342

00:14:05,509 --> 00:14:03,899

they were trying to let all that [h__\h]

343

00:14:07,310 --> 00:14:05,519

happen here it's like they're not trying

344

00:14:09,470 --> 00:14:07,320

and they have no idea what's going on

345

00:14:11,389 --> 00:14:09,480

this time they were like oh man dude if

346

00:14:14,509 --> 00:14:11,399

this happens again like I think people

347

00:14:17,930 --> 00:14:14,519

are gonna be real mad uh they're gonna

348

00:14:20,150 --> 00:14:17,940

say Who the hell's in charge and and

349

00:14:22,970 --> 00:14:20,160

honestly I was thinking about the the

350

00:14:25,910 --> 00:14:22,980

previous uh you know the previous three

351
00:14:27,889 --> 00:14:25,920
incidents that the the Pentagon and the

352
00:14:30,650 --> 00:14:27,899
bite Administration uh claimed happened

353
00:14:33,290 --> 00:14:30,660
underneath Trump that Trump and the

354
00:14:35,210 --> 00:14:33,300
Secretary of State and the the dni

355
00:14:36,710 --> 00:14:35,220
wasn't informed about that could like

356
00:14:38,810 --> 00:14:36,720
and I also was reading that could have

357
00:14:43,129 --> 00:14:38,820
been part of the eight tip program the

358
00:14:45,769 --> 00:14:43,139
not anomalous aerial phenomenon where it

359
00:14:48,470 --> 00:14:45,779
was unknown objects and it was

360
00:14:50,150 --> 00:14:48,480
classified and those people were not on

361
00:14:52,009 --> 00:14:50,160
a need to know basis that they're

362
00:14:53,269 --> 00:14:52,019
claiming that there were spy balloons

363
00:14:54,949 --> 00:14:53,279

but they in fact could have been

364

00:14:56,269 --> 00:14:54,959

something else something that was

365

00:15:00,230 --> 00:14:56,279

classified that they didn't know about

366

00:15:01,970 --> 00:15:00,240

that now they are just attributing to

367

00:15:02,990 --> 00:15:01,980

spy balloons from China but really

368

00:15:04,910 --> 00:15:03,000

there's something else they're just

369

00:15:07,910 --> 00:15:04,920

trying to make Trump look bad and this

370

00:15:09,829 --> 00:15:07,920

most recent action is just a show of

371

00:15:13,370 --> 00:15:09,839

force to show that they are in control

372

00:15:14,889 --> 00:15:13,380

when in fact they're not trumpets by

373

00:15:17,150 --> 00:15:14,899

balloons

374

00:15:18,949 --> 00:15:17,160

put the laptop

375

00:15:20,750 --> 00:15:18,959

uh you want to play the uh the Larry

376

00:15:22,430 --> 00:15:20,760

Walters flies thing let's see what that

377

00:15:24,650 --> 00:15:22,440

is I'm surprised you don't know about

378

00:15:25,970 --> 00:15:24,660

this this is a huge story back I'm a big

379

00:15:27,350 --> 00:15:25,980

fan of balloons I'm surprised I don't

380

00:15:29,990 --> 00:15:27,360

know about too

381

00:15:31,850 --> 00:15:30,000

oh yeah but white is in January it

382

00:15:32,750 --> 00:15:31,860

should be good for 100 flights all

383

00:15:34,910 --> 00:15:32,760

together

384

00:15:36,769 --> 00:15:34,920

on the Challenger which is about 2 000

385

00:15:38,449 --> 00:15:36,779

pounds lighter than the Columbia the

386

00:15:42,170 --> 00:15:38,459

tiles have been reinforced to better

387

00:15:44,389 --> 00:15:42,180

with sand fall weather it's regular

388

00:15:46,069 --> 00:15:44,399

the country got through its 206th

389

00:15:47,930 --> 00:15:46,079

birthday celebration in Fairly good

390

00:15:49,730 --> 00:15:47,940

shape the fireworks crowds were down

391

00:15:51,350 --> 00:15:49,740

somewhat in Washington and in New York

392

00:15:53,389 --> 00:15:51,360

but St Louis claimed the nation's

393

00:15:55,430 --> 00:15:53,399

biggest Gathering 2 million along the

394

00:15:57,290 --> 00:15:55,440

banks of the Mississippi there were of

395

00:15:59,990 --> 00:15:57,300

course foot races and turtle races and

396

00:16:01,490 --> 00:16:00,000

balloon races only one balloon trip like

397

00:16:04,490 --> 00:16:01,500

the one Larry Walters of North Hollywood

398

00:16:06,410 --> 00:16:04,500

took yay balloons David Burrington

399

00:16:08,810 --> 00:16:06,420

Larry Walters had always dreamed of

400

00:16:10,490 --> 00:16:08,820

flying a balloon to a far away place so

401
00:16:12,590 --> 00:16:10,500
with help from a friend who taped these

402
00:16:14,410 --> 00:16:12,600
scenes he rigged 42 weather balloons to

403
00:16:16,430 --> 00:16:14,420
a lawn chair and filled them with helium

404
00:16:18,350 --> 00:16:16,440
Walters hoped to fly across the

405
00:16:20,750 --> 00:16:18,360
mountains to the Mojave Desert staying

406
00:16:24,129 --> 00:16:20,760
in touch with a CB radio suddenly a

407
00:16:27,170 --> 00:16:24,139
table broken up he went with one emotion

408
00:16:29,509 --> 00:16:27,180
fulfillment I was on my way

409
00:16:31,310 --> 00:16:29,519
the first casualty his glasses they

410
00:16:32,640 --> 00:16:31,320
slipped over according to this radio

411
00:16:50,670 --> 00:16:32,650
transmission with his girlfriend

412
00:16:50,680 --> 00:16:54,110
[Applause]

413
00:16:59,329 --> 00:16:57,530

see Marineland right now so they uh yeah

414

00:17:02,030 --> 00:16:59,339

there's pictures of this guy he's got a

415

00:17:03,410 --> 00:17:02,040

you know but two bunches of balloons

416

00:17:06,289 --> 00:17:03,420

he's traveling around he lost his

417

00:17:08,270 --> 00:17:06,299

glasses uh what became this guy they

418

00:17:10,610 --> 00:17:08,280

forced this guy down you said Joe yeah

419

00:17:12,409 --> 00:17:10,620

they had some uh he got up pretty high

420

00:17:13,850 --> 00:17:12,419

and I think I can't remember if it was

421

00:17:15,890 --> 00:17:13,860

the Navy or the Air Force was like

422

00:17:17,449 --> 00:17:15,900

forcing him down he ended up committing

423

00:17:19,010 --> 00:17:17,459

suicide I think the guy was pretty

424

00:17:20,809 --> 00:17:19,020

depressed but he went up there with a

425

00:17:22,789 --> 00:17:20,819

six pack of beer if I'm not mistaken in

426

00:17:25,510 --> 00:17:22,799

a pellet gun to get down that's what you

427

00:17:28,370 --> 00:17:25,520

do all right he had a plan

428

00:17:30,590 --> 00:17:28,380

honestly it's not a bad way to kind of

429

00:17:32,510 --> 00:17:30,600

live your life like yeah I'll go

430

00:17:34,669 --> 00:17:32,520

up into the clouds drink some beer have

431

00:17:36,169 --> 00:17:34,679

a good time but the point being if

432

00:17:38,150 --> 00:17:36,179

they're not gonna let this guy float

433

00:17:41,090 --> 00:17:38,160

around you know

434

00:17:43,610 --> 00:17:41,100

I don't know like that was what what was

435

00:17:47,930 --> 00:17:43,620

that like the 80s uh yeah it looks like

436

00:17:49,909 --> 00:17:47,940

it 82. Jesus back when news was news and

437

00:17:52,190 --> 00:17:49,919

he could he could just chew his big red

438

00:17:55,549 --> 00:17:52,200

gum yes

439

00:17:58,070 --> 00:17:55,559

well to uh move on with some other uh

440

00:18:00,590 --> 00:17:58,080

aerial phenomenon I I gotta remind

441

00:18:03,110 --> 00:18:00,600

people of the story we covered uh not

442

00:18:05,590 --> 00:18:03,120

but 30 days ago which was Russia

443

00:18:09,650 --> 00:18:05,600

apparently shot down at UFO

444

00:18:11,510 --> 00:18:09,660

uh this was back on January 12th the new

445

00:18:14,870 --> 00:18:11,520

news organizations all over the world

446

00:18:16,909 --> 00:18:14,880

are repeating a strange report out of

447

00:18:18,890 --> 00:18:16,919

Russia this week and that they were able

448

00:18:22,490 --> 00:18:18,900

to shoot down a UFO the incident

449

00:18:25,669 --> 00:18:22,500

occurred in the rostov region which is

450

00:18:27,470 --> 00:18:25,679

the area of great strategic significance

451
00:18:28,850 --> 00:18:27,480
in the ongoing struggle between Russia

452
00:18:32,210 --> 00:18:28,860
and Ukraine according to government

453
00:18:36,190 --> 00:18:32,220
officials the object was detected about

454
00:18:39,590 --> 00:18:36,200
one and a half miles of altitude and was

455
00:18:41,870 --> 00:18:39,600
liquidated that's in quotes again

456
00:18:43,730 --> 00:18:41,880
they're using the word object here and

457
00:18:45,710 --> 00:18:43,740
not aircraft

458
00:18:48,950 --> 00:18:45,720
uh but that could be just because of the

459
00:18:50,330 --> 00:18:48,960
reporting in the translation uh but it

460
00:18:52,130 --> 00:18:50,340
goes on to say what exactly was the

461
00:18:55,070 --> 00:18:52,140
thing was it really UFO or some kind of

462
00:18:57,289 --> 00:18:55,080
drone and there's really no more follow

463
00:18:59,450 --> 00:18:57,299

up on this other than the government

464

00:19:03,710 --> 00:18:59,460

Russian government said they described

465

00:19:07,130 --> 00:19:03,720

it as a small ball or sphere that they

466

00:19:10,310 --> 00:19:07,140

shot down now my mind is like if this

467

00:19:13,310 --> 00:19:10,320

was both Russia and the US shooting down

468

00:19:16,850 --> 00:19:13,320

some sort of aircraft that is not native

469

00:19:19,610 --> 00:19:16,860

to human technology or not from Earth

470

00:19:21,470 --> 00:19:19,620

all the reports I've ever read pretty

471

00:19:23,750 --> 00:19:21,480

much

472

00:19:27,110 --> 00:19:23,760

um it is very difficult for humans to

473

00:19:30,130 --> 00:19:27,120

shoot down UFOs they're able to zip

474

00:19:32,570 --> 00:19:30,140

along move out of the way uh incredible

475

00:19:34,190 --> 00:19:32,580

maneuvering at least even from what we

476

00:19:36,110 --> 00:19:34,200

saw from the the Tic Tac if you want to

477

00:19:38,210 --> 00:19:36,120

believe the the Tic Tac UFO footage and

478

00:19:40,130 --> 00:19:38,220

all that kind of stuff the only kind the

479

00:19:44,510 --> 00:19:40,140

only time that there was like a UFO

480

00:19:46,909 --> 00:19:44,520

takedown down of any significance in in

481

00:19:49,970 --> 00:19:46,919

mainstream knowledge is Roswell

482

00:19:53,570 --> 00:19:49,980

and that was Bible accounts done to some

483

00:19:55,850 --> 00:19:53,580

sort of radar uh malfunction or a

484

00:19:58,070 --> 00:19:55,860

lightning bolt a lightning strike now

485

00:20:00,950 --> 00:19:58,080

I'm just waiting for this most recent

486

00:20:02,810 --> 00:20:00,960

Alaskan wreckage to be brought forth in

487

00:20:06,049 --> 00:20:02,820

front of the cameras and the the classic

488

00:20:08,630 --> 00:20:06,059

Jesse Marcel sitting in front of some

489

00:20:10,490 --> 00:20:08,640

tin foil and some rods to show they shot

490

00:20:12,169 --> 00:20:10,500

down something but we haven't even seen

491

00:20:15,289 --> 00:20:12,179

a photo op like that and there's there's

492

00:20:18,830 --> 00:20:15,299

been no PR like that for this Alaskan

493

00:20:26,330 --> 00:20:20,450

uh

494

00:20:28,970 --> 00:20:26,340

of the Union that he just brought out

495

00:20:30,110 --> 00:20:28,980

talking about how awesome he is they

496

00:20:31,850 --> 00:20:30,120

should have

497

00:20:35,270 --> 00:20:31,860

um say look what I did look what I shot

498

00:20:37,789 --> 00:20:35,280

down personally he they're not they're

499

00:20:41,570 --> 00:20:37,799

not with it and I I think when it comes

500

00:20:43,430 --> 00:20:41,580

to uh PR and marketing these people are

501
00:20:45,350 --> 00:20:43,440
not with it not like they were back in

502
00:20:47,210 --> 00:20:45,360
the day and I think that kind of goes to

503
00:20:48,770 --> 00:20:47,220
what Joe was talking about earlier is

504
00:20:50,390 --> 00:20:48,780
like these guys are

505
00:20:53,750 --> 00:20:50,400
they're not really

506
00:20:54,890 --> 00:20:53,760
they're not they're now they're trying

507
00:20:57,289 --> 00:20:54,900
to make up

508
00:20:59,390 --> 00:20:57,299
and show that they're in control and

509
00:21:02,390 --> 00:20:59,400
that they can do stuff but in all

510
00:21:04,789 --> 00:21:02,400
actuality not they don't got it they

511
00:21:08,330 --> 00:21:04,799
don't got what it takes even to do PR or

512
00:21:11,210 --> 00:21:08,340
or uh control the airspace it's it's the

513
00:21:13,850 --> 00:21:11,220

plot of Jurassic Park when uh Ian

514

00:21:15,230 --> 00:21:13,860

Malcolm is saying you didn't earn the

515

00:21:18,110 --> 00:21:15,240

knowledge for yourself you took what

516

00:21:19,669 --> 00:21:18,120

other people you had done you know and

517

00:21:21,590 --> 00:21:19,679

basically they cheapen the whole thing

518

00:21:23,750 --> 00:21:21,600

and they get a bunch of people killed

519

00:21:26,090 --> 00:21:23,760

they didn't they don't have any respect

520

00:21:28,430 --> 00:21:26,100

for what the origin story is for the

521

00:21:31,370 --> 00:21:28,440

United States for Naval intelligence for

522

00:21:33,110 --> 00:21:31,380

you know Aerospace security any of this

523

00:21:35,390 --> 00:21:33,120

stuff they don't care they're like

524

00:21:37,909 --> 00:21:35,400

they're more focused on getting [h__h]

525

00:21:40,370 --> 00:21:37,919

you know I mean they just got like a gay

526
00:21:42,169 --> 00:21:40,380
communication lead for the White House

527
00:21:44,510 --> 00:21:42,179
and this was the big deal over the week

528
00:21:45,470 --> 00:21:44,520
you know what I mean like their focus is

529
00:21:48,649 --> 00:21:45,480
on

530
00:21:51,909 --> 00:21:48,659
you know puppy play

531
00:21:54,529 --> 00:21:51,919
the highest levels in the military

532
00:21:56,870 --> 00:21:54,539
patented it and packaged it and slapped

533
00:21:58,850 --> 00:21:56,880
it on a plastic lunchbox and now you're

534
00:22:00,770 --> 00:21:58,860
selling it you want to sell it well okay

535
00:22:02,930 --> 00:22:00,780
you know you read what others had done

536
00:22:04,130 --> 00:22:02,940
and you and you took the next step you

537
00:22:05,870 --> 00:22:04,140
didn't earn the knowledge for yourselves

538
00:22:09,230 --> 00:22:05,880

so you don't take any responsibility

539

00:22:11,710 --> 00:22:09,240

that's it for it that is one big pile of

540

00:22:21,470 --> 00:22:16,570

and one more piece of aerial news

541

00:22:24,230 --> 00:22:21,480

uh so last week we had uh the so-called

542

00:22:26,990 --> 00:22:24,240

Chinese spy balloon uh this week we have

543

00:22:31,430 --> 00:22:27,000

the Alaskan shoot down 30 days ago the

544

00:22:35,029 --> 00:22:31,440

Russian UFO shutdown and then uh this

545

00:22:37,850 --> 00:22:35,039

new report is uh interesting experts

546

00:22:41,630 --> 00:22:37,860

believe Chinese satellite fired Green

547

00:22:46,250 --> 00:22:43,970

um last month mysterious green laser

548

00:22:48,289 --> 00:22:46,260

beams were spotted from Hawaii's tallest

549

00:22:50,990 --> 00:22:48,299

peak experts initially said the burst of

550

00:22:53,570 --> 00:22:51,000

lasers were emitted by a NASA spacecraft

551
00:22:56,029 --> 00:22:53,580
though this was proven incorrect this

552
00:22:57,710 --> 00:22:56,039
week with evidence pointing to a Chinese

553
00:22:59,950 --> 00:22:57,720
satellite

554
00:23:02,810 --> 00:22:59,960
space experts at the national

555
00:23:07,909 --> 00:23:02,820
astronomical Observatory of Japan

556
00:23:09,950 --> 00:23:07,919
initially tweeted on January 30th

557
00:23:13,070 --> 00:23:09,960
um that the camera that they're using

558
00:23:15,710 --> 00:23:13,080
captured green laser lights in a cloudy

559
00:23:18,850 --> 00:23:15,720
sky over Hawaii the lights were thought

560
00:23:22,070 --> 00:23:18,860
to be a form of remote censoring

561
00:23:25,270 --> 00:23:22,080
altimeter satellite

562
00:23:28,370 --> 00:23:25,280
um but on February 6 one week later the

563
00:23:31,070 --> 00:23:28,380

naoj issued a correction on YouTube that

564

00:23:35,810 --> 00:23:31,080

specified the laser beams work from a US

565

00:23:38,810 --> 00:23:35,820

spacecraft but most likely uh was from a

566

00:23:41,149 --> 00:23:38,820

Chinese satellite and there's a I'll

567

00:23:43,310 --> 00:23:41,159

bring open the uh the video we can we

568

00:23:47,990 --> 00:23:43,320

can check out the the video of this it's

569

00:23:49,789 --> 00:23:48,000

uh quite dazzling there's no real

570

00:23:51,470 --> 00:23:49,799

um

571

00:23:53,510 --> 00:23:51,480

audio of this all you're all you're

572

00:23:56,630 --> 00:23:53,520

seeing is like these

573

00:24:00,470 --> 00:23:56,640

these rods of green laser being shooting

574

00:24:03,649 --> 00:24:00,480

from left to right vertical from the sky

575

00:24:05,210 --> 00:24:03,659

down to the ground and it's just like a

576

00:24:07,190 --> 00:24:05,220

flash probably like a second and a half

577

00:24:10,070 --> 00:24:07,200

that this that this happened

578

00:24:11,149 --> 00:24:10,080

um and that's even slowed down uh very

579

00:24:13,730 --> 00:24:11,159

fascinating

580

00:24:16,730 --> 00:24:13,740

that all these weird things are

581

00:24:19,310 --> 00:24:16,740

happening in the sky uh possibly we're

582

00:24:23,450 --> 00:24:19,320

seeing new technology we're using new

583

00:24:25,850 --> 00:24:23,460

technology and the the war is on it

584

00:24:28,549 --> 00:24:25,860

looks like there is some sort of war and

585

00:24:30,230 --> 00:24:28,559

it is on but we gotta wind down that

586

00:24:35,210 --> 00:24:30,240

Ukraine thing first before we can get

587

00:24:42,970 --> 00:24:38,390

there you go there's some

588

00:24:58,190 --> 00:24:46,490

and let's see here I think I got one

589

00:25:04,610 --> 00:25:02,210

and this is also a piece of uh

590

00:25:08,330 --> 00:25:04,620

interesting news I have to cover this

591

00:25:11,149 --> 00:25:08,340

people know I do you have to

592

00:25:15,110 --> 00:25:11,159

and this is

593

00:25:18,529 --> 00:25:15,120

Bigfoot news all right yes Bigfoot oh

594

00:25:22,789 --> 00:25:18,539

yes another alleged Bigfoot captured on

595

00:25:25,789 --> 00:25:22,799

trail cam in Washington State

596

00:25:28,010 --> 00:25:25,799

some sort of unidentified Harry hominid

597

00:25:31,490 --> 00:25:28,020

was photographed in remote areas of

598

00:25:34,070 --> 00:25:31,500

Pierce County back in August of 2020 the

599

00:25:36,049 --> 00:25:34,080

controversial image which was submitted

600

00:25:38,390 --> 00:25:36,059

to the Rocky Mountain Sasquatch

601
00:25:40,430 --> 00:25:38,400
organization by individual named Jay

602
00:25:43,130 --> 00:25:40,440
Louie has been attracting a lot of

603
00:25:45,110 --> 00:25:43,140
attention on social media recently uh

604
00:25:47,210 --> 00:25:45,120
quote when we lived in Pierce the house

605
00:25:50,269 --> 00:25:47,220
we lived in had a good sized area of

606
00:25:52,970 --> 00:25:50,279
land at the back of the property me and

607
00:25:55,970 --> 00:25:52,980
my husband Tom used to set trail cams up

608
00:25:59,029 --> 00:25:55,980
for our three uh set of trail cams for

609
00:26:02,029 --> 00:25:59,039
our three young kids we used to get some

610
00:26:04,430 --> 00:26:02,039
lovely wildlife and Bird shows up there

611
00:26:06,529 --> 00:26:04,440
back in August of 2020 we checked the

612
00:26:09,110 --> 00:26:06,539
cameras one day and found a photo of a

613
00:26:10,970 --> 00:26:09,120

strange humanoid-shaped figure that had

614

00:26:12,710 --> 00:26:10,980

been captured by one of the trail cams

615

00:26:15,590 --> 00:26:12,720

not really sure what to make of the

616

00:26:17,990 --> 00:26:15,600

photo we never showed it to the kids it

617

00:26:20,510 --> 00:26:18,000

was very odd and peculiar looking it

618

00:26:22,610 --> 00:26:20,520

does look like a long-haired humanoid

619

00:26:24,409 --> 00:26:22,620

shaped figure covered in hairs that's

620

00:26:27,169 --> 00:26:24,419

been it redundant don't you think you

621

00:26:29,810 --> 00:26:27,179

shouldn't say that it does appear to be

622

00:26:31,909 --> 00:26:29,820

a long-haired humanoid-shaped figure

623

00:26:33,769 --> 00:26:31,919

covered in hair what they're saying is

624

00:26:35,169 --> 00:26:33,779

there was some hair there there's a lot

625

00:26:38,450 --> 00:26:35,179

of hair

626
00:26:41,510 --> 00:26:38,460
they wanted to emphasize that yeah okay

627
00:26:43,789 --> 00:26:41,520
we got hairy legs that's it

628
00:26:47,210 --> 00:26:43,799
um quote I wonder if it could be some

629
00:26:49,970 --> 00:26:47,220
sort of Yeti or Bigfoot type Bean sadly

630
00:26:52,190 --> 00:26:49,980
the images itself only show a portion of

631
00:26:53,810 --> 00:26:52,200
the creature creature's upper torso and

632
00:26:55,669 --> 00:26:53,820
arms meaning that it's very difficult to

633
00:26:57,950 --> 00:26:55,679
make any sort of positive identification

634
00:27:00,350 --> 00:26:57,960
well you could well I'll give you some

635
00:27:03,110 --> 00:27:00,360
sort of animal it is also possible that

636
00:27:04,130 --> 00:27:03,120
it's just a a little bit more than a

637
00:27:06,649 --> 00:27:04,140
person

638
00:27:09,169 --> 00:27:06,659

wearing a costume and that the images

639

00:27:12,289 --> 00:27:09,179

were sent to the organization as a joke

640

00:27:15,950 --> 00:27:12,299

so that that is uh that is correct and

641

00:27:18,830 --> 00:27:15,960

so up on screen right here is the actual

642

00:27:21,130 --> 00:27:18,840

footage or I wouldn't say footage but

643

00:27:24,350 --> 00:27:21,140

the actual image

644

00:27:26,930 --> 00:27:24,360

and this is what they got it's it is

645

00:27:29,210 --> 00:27:26,940

just a super cropped image

646

00:27:32,149 --> 00:27:29,220

of

647

00:27:34,490 --> 00:27:32,159

a humanoid it looks like the back and

648

00:27:36,049 --> 00:27:34,500

the shoulders right down to the small of

649

00:27:37,630 --> 00:27:36,059

the back you can't even see his butt

650

00:27:40,909 --> 00:27:37,640

because I looked

651
00:27:42,830 --> 00:27:40,919
and you can see just half the back of

652
00:27:45,289 --> 00:27:42,840
the head it's got long hair kind of like

653
00:27:46,010 --> 00:27:45,299
you was you know a long-haired Stoner

654
00:27:49,010 --> 00:27:46,020
guy

655
00:27:51,529 --> 00:27:49,020
and looks like grayish brown hair oh my

656
00:27:52,690 --> 00:27:51,539
God and it could be a costume it could

657
00:27:55,130 --> 00:27:52,700
be a dude

658
00:27:56,570 --> 00:27:55,140
uh it could be anything it doesn't

659
00:27:58,970 --> 00:27:56,580
matter what it is other than it's

660
00:28:00,230 --> 00:27:58,980
[h__h] again like nobody has a cell

661
00:28:02,870 --> 00:28:00,240
phone nearby

662
00:28:04,750 --> 00:28:02,880
this is done by a trail Grandpa shave

663
00:28:08,269 --> 00:28:04,760

your back Grandpa

664

00:28:10,310 --> 00:28:08,279

does a ponytail

665

00:28:13,430 --> 00:28:10,320

um it could be a lot of different things

666

00:28:16,669 --> 00:28:13,440

but yeah I guess it can do it can be a

667

00:28:19,490 --> 00:28:16,679

lot of different things a gorgon a

668

00:28:22,730 --> 00:28:19,500

zombie a vampire a werewolf a chupacabra

669

00:28:24,890 --> 00:28:22,740

hey Bigfoot could be all those things uh

670

00:28:27,230 --> 00:28:24,900

I like it this is like actually some of

671

00:28:30,350 --> 00:28:27,240

the the most clear

672

00:28:33,590 --> 00:28:30,360

imagery of a uh suspected Bigfoot that

673

00:28:34,909 --> 00:28:33,600

we have but it's still not the full body

674

00:28:37,370 --> 00:28:34,919

um it's tough to tell how big this thing

675

00:28:38,690 --> 00:28:37,380

is uh we would have to talk with the

676
00:28:40,909 --> 00:28:38,700
family to see where this thing was

677
00:28:42,529 --> 00:28:40,919
pointed get the angle and then you can

678
00:28:45,350 --> 00:28:42,539
make some calculations on the size of

679
00:28:49,490 --> 00:28:45,360
this bad boy uh but yeah there it is

680
00:28:54,169 --> 00:28:49,500
this is from uh 2020 and that is that is

681
00:28:56,330 --> 00:28:54,179
all we have uh bigfoots and UFOs for

682
00:28:57,409 --> 00:28:56,340
this show I have a question about this

683
00:29:00,169 --> 00:28:57,419
photo

684
00:29:01,730 --> 00:29:00,179
um it's reasonably decent for the types

685
00:29:03,890 --> 00:29:01,740
of photos that we get

686
00:29:06,049 --> 00:29:03,900
so they and they place the trail cam so

687
00:29:08,210 --> 00:29:06,059
they know roughly where it is why didn't

688
00:29:09,169 --> 00:29:08,220

they go back out and put more trail cams

689

00:29:12,409 --> 00:29:09,179

around and see what they got in

690

00:29:15,110 --> 00:29:12,419

subsequent Nights ah I agree I will have

691

00:29:16,549 --> 00:29:15,120

to take a look at the the interview if

692

00:29:19,490 --> 00:29:16,559

the family did any sort of interview

693

00:29:21,470 --> 00:29:19,500

with the the Rocky Mountain uh Bigfoot

694

00:29:22,370 --> 00:29:21,480

organization well they made a comment

695

00:29:24,590 --> 00:29:22,380

about how they didn't show it to the

696

00:29:26,810 --> 00:29:24,600

kids so it's yeah they did why not why

697

00:29:28,370 --> 00:29:26,820

why not yeah get the kids interested let

698

00:29:30,529 --> 00:29:28,380

them go out and put up more trail cams

699

00:29:31,490 --> 00:29:30,539

too maybe the kids saw something in the

700

00:29:32,529 --> 00:29:31,500

woods that they didn't tell their

701

00:29:35,330 --> 00:29:32,539

parents about

702

00:29:36,350 --> 00:29:35,340

uh kids you know sometimes that they see

703

00:29:37,370 --> 00:29:36,360

something weird they're not going to

704

00:29:38,690 --> 00:29:37,380

tell their parents because they don't

705

00:29:40,549 --> 00:29:38,700

want to look crazy but I don't know

706

00:29:41,990 --> 00:29:40,559

maybe kids will say anything I don't

707

00:29:45,669 --> 00:29:42,000

know about that yeah have you ever been

708

00:29:48,649 --> 00:29:45,679

around a kid it's been a while

709

00:29:50,570 --> 00:29:48,659

get around like a seven-year-old boy and

710

00:29:53,090 --> 00:29:50,580

I just know they're fighting monsters

711

00:29:54,710 --> 00:29:53,100

kids don't like to lie okay oh yeah

712

00:29:57,470 --> 00:29:54,720

that's true

713

00:29:59,450 --> 00:29:57,480

thank you I was like yeah I take that

714

00:30:01,070 --> 00:29:59,460

back if a kid sees a Bigfoot they're

715

00:30:05,409 --> 00:30:01,080

gonna tell the entire world what am I

716
