

1
00:00:04,809 --> 00:00:00,910
do it

2
00:00:07,140 --> 00:00:04,819
[Music]

3
00:00:15,640 --> 00:00:07,150
all I wanted to say

4
00:00:15,650 --> 00:00:20,630
[Music]

5
00:00:25,429 --> 00:00:23,269
oh my God Jake

6
00:00:28,730 --> 00:00:25,439
really

7
00:00:38,100 --> 00:00:31,020
chocolate chip

8
00:00:38,110 --> 00:01:01,069
[Music]

9
00:01:10,870 --> 00:01:03,770
well hello everyone welcome back to

10
00:01:10,880 --> 00:01:15,250
is over there

11
00:01:23,109 --> 00:01:18,830
he's been there waiting

12
00:01:27,410 --> 00:01:23,119
I appreciate that uh Joe is not here

13
00:01:29,030 --> 00:01:27,420

he's taking his dog to the vet who broke

14

00:01:33,170 --> 00:01:29,040

his dog

15

00:01:35,770 --> 00:01:33,180

yeah so I come back Joe mysteriously has

16

00:01:39,350 --> 00:01:35,780

dog issues

17

00:01:41,870 --> 00:01:39,360

and he will not be joining us for the

18

00:01:43,249 --> 00:01:41,880

rest of the show

19

00:01:44,810 --> 00:01:43,259

I don't know actually I don't know if

20

00:01:45,770 --> 00:01:44,820

that's true he might pop in I have no

21

00:01:47,630 --> 00:01:45,780

idea

22

00:01:49,730 --> 00:01:47,640

maybe his dog will call him

23

00:01:52,969 --> 00:01:49,740

you can I know this dog he does have a

24

00:01:57,649 --> 00:01:55,370

um yeah it's been quite a while since

25

00:02:00,530 --> 00:01:57,659

we've done an obdm show uh for anybody

26

00:02:03,590 --> 00:02:00,540

who doesn't know I took a a vacation I

27

00:02:05,810 --> 00:02:03,600

took a break me and my wife we went to

28

00:02:09,529 --> 00:02:05,820

Puerto Rico we were deep in the

29

00:02:11,210 --> 00:02:09,539

mountains uh Puerto Rico at this uh

30

00:02:14,089 --> 00:02:11,220

Retreat where there's there was no

31

00:02:18,470 --> 00:02:14,099

internet there was no TV uh just uh

32

00:02:21,110 --> 00:02:18,480

amazing food and relaxation and at that

33

00:02:22,790 --> 00:02:21,120

point in time I was experiencing

34

00:02:24,589 --> 00:02:22,800

something I haven't experienced in a

35

00:02:27,470 --> 00:02:24,599

long time uh boredom which is what I

36

00:02:28,970 --> 00:02:27,480

wanted where there was really nothing to

37

00:02:31,510 --> 00:02:28,980

do I mean you could go by the pool you

38

00:02:35,150 --> 00:02:31,520

can go hiking we did those things but

39

00:02:38,210 --> 00:02:35,160

I did that too but I wanted to allow

40

00:02:40,970 --> 00:02:38,220

myself to become bored and so oftentimes

41

00:02:43,009 --> 00:02:40,980

I'd wake up have some coffee and that's

42

00:02:45,830 --> 00:02:43,019

just sit on the porch and stare into

43

00:02:48,050 --> 00:02:45,840

them yeah I just stare out into the

44

00:02:50,390 --> 00:02:48,060

mountains and out into the rain forest

45

00:02:52,910 --> 00:02:50,400

and just allow myself to become bored

46

00:02:54,949 --> 00:02:52,920

which is uh something that I haven't had

47

00:02:57,170 --> 00:02:54,959

the opportunity to to experience in

48

00:02:58,790 --> 00:02:57,180

quite a while we're all so inner dating

49

00:03:00,770 --> 00:02:58,800

with so much stuff to do

50

00:03:01,790 --> 00:03:00,780

so what I want to be bored is that's a

51
00:03:04,670 --> 00:03:01,800
luxury

52
00:03:06,170 --> 00:03:04,680
and the immortal words of uh locutus you

53
00:03:10,729 --> 00:03:06,180
were trying to become one with the board

54
00:03:12,530 --> 00:03:10,739
uh not the Borg the boar I was trying to

55
00:03:14,949 --> 00:03:12,540
become multiple bore

56
00:03:17,990 --> 00:03:14,959
yeah you will become one with the ball

57
00:03:20,509 --> 00:03:18,000
or Borg

58
00:03:22,490 --> 00:03:20,519
I was trying to be bored

59
00:03:24,290 --> 00:03:22,500
uh but we're back in a big way I'm all

60
00:03:27,470 --> 00:03:24,300
jazzed up ready to go there's a lot of

61
00:03:31,009 --> 00:03:27,480
things to talk about on uh on this show

62
00:03:33,410 --> 00:03:31,019
I know uh Gretchen Joe they did uh the

63
00:03:35,809 --> 00:03:33,420

credit and Joe show over on the second

64

00:03:37,130 --> 00:03:35,819

RSS feed I'll provide them to that so

65

00:03:39,649 --> 00:03:37,140

you guys can go check out those shows

66

00:03:42,649 --> 00:03:39,659

and those uh video podcasts are stored

67

00:03:45,110 --> 00:03:42,659

on Twitch I'll download them and I'll

68

00:03:47,030 --> 00:03:45,120

re-upload them to Odyssey for people who

69

00:03:48,830 --> 00:03:47,040

don't want to I've got the non-stream

70

00:03:50,449 --> 00:03:48,840

I've got the uh original video if you

71

00:03:52,550 --> 00:03:50,459

don't want the stream version but okay

72

00:03:55,009 --> 00:03:52,560

yeah yeah we can pop that into a Dropbox

73

00:03:56,390 --> 00:03:55,019

and I can upload it to Odyssey and those

74

00:03:59,149 --> 00:03:56,400

will be over there

75

00:04:01,610 --> 00:03:59,159

um oh yeah print it out on the dot

76

00:04:03,170 --> 00:04:01,620

matrix printer and then I'll recompile

77

00:04:05,770 --> 00:04:03,180

it and upload it

78

00:04:09,649 --> 00:04:05,780

in trinary code

79

00:04:12,289 --> 00:04:09,659

in trinary trinary is no longer binary

80

00:04:14,809 --> 00:04:12,299

greetings one zero one and a two yeah

81

00:04:17,030 --> 00:04:14,819

trinary code

82

00:04:19,009 --> 00:04:17,040

they might have that uh in like quantum

83

00:04:21,610 --> 00:04:19,019

computers in the the maybe State like

84

00:04:26,350 --> 00:04:21,620

yes no and maybe

85

00:04:32,930 --> 00:04:30,530

I know I do miss that sound

86

00:04:35,870 --> 00:04:32,940

reminds me of my youth

87

00:04:37,670 --> 00:04:35,880

oh boy there is a lot of things to uh to

88

00:04:39,409 --> 00:04:37,680

talk about I don't know I I heard you

89

00:04:41,510 --> 00:04:39,419

guys I appreciate you guys not playing

90

00:04:44,330 --> 00:04:41,520

The Alex Jones Clips we're probably back

91

00:04:45,409 --> 00:04:44,340

cataloged on those backwards there was

92

00:04:47,030 --> 00:04:45,419

that we had some articles that were

93

00:04:49,930 --> 00:04:47,040

listicles we said no no these are these

94

00:04:52,189 --> 00:04:49,940

are for Mike well I appreciate that uh

95

00:04:55,969 --> 00:04:52,199

there are certain things that are

96

00:04:58,490 --> 00:04:55,979

uniquely obdm and uh we will discuss all

97

00:04:59,780 --> 00:04:58,500

the the things that should be in the New

98

00:05:01,909 --> 00:04:59,790

Kingdom

99

00:05:04,310 --> 00:05:01,919

[Music]

100

00:05:05,749 --> 00:05:04,320

I I visited in the New Kingdom I know

101

00:05:07,310 --> 00:05:05,759

what it's all about is that where you

102

00:05:10,670 --> 00:05:07,320

were you were at the New Kingdom I was

103

00:05:12,710 --> 00:05:10,680

during my vacation I was exploring the

104

00:05:14,689 --> 00:05:12,720

possibilities of the New Kingdom and

105

00:05:17,210 --> 00:05:14,699

really what that entails for for this

106

00:05:19,249 --> 00:05:17,220

show and everyone else who listens and

107

00:05:21,350 --> 00:05:19,259

when Joe gets back on Wednesday I'll I

108

00:05:25,510 --> 00:05:21,360

will describe in detail what the new

109

00:05:27,469 --> 00:05:25,520

kingdom is and when it is not I found it

110

00:05:29,629 --> 00:05:27,479

and uh

111

00:05:31,490 --> 00:05:29,639

it's uh there's some significant changes

112

00:05:33,110 --> 00:05:31,500

in order to get to the New Kingdom but

113

00:05:34,969 --> 00:05:33,120

we'll talk about that on Wednesday so

114

00:05:38,210 --> 00:05:34,979

you did say that the New Kingdom has bad

115

00:05:41,029 --> 00:05:38,220

cell phone reception extremely bad uh uh

116

00:05:43,070 --> 00:05:41,039

horrific but uh you can stream certain

117

00:05:45,230 --> 00:05:43,080

things there the new kingdom is not so

118

00:05:47,689 --> 00:05:45,240

much a place but a state of mind

119

00:05:49,370 --> 00:05:47,699

and uh we will we'll dive into that on

120

00:05:52,610 --> 00:05:49,380

Wednesday

121

00:05:57,710 --> 00:05:52,620

um it's a state of mind

122

00:06:01,370 --> 00:05:59,689

um but I think we'll also we'll wait to

123

00:06:04,129 --> 00:06:01,380

play The Alex Jones clips for Wednesday

124

00:06:07,189 --> 00:06:04,139

which is what we typically do just stack

125

00:06:09,110 --> 00:06:07,199

them up yeah we'll just have a ton of

126

00:06:10,969 --> 00:06:09,120

Alex Jones Clips on Wednesdays I think

127

00:06:13,550 --> 00:06:10,979

everyone will be okay with that

128

00:06:17,090 --> 00:06:13,560

uh they're always fun to go through and

129

00:06:18,950 --> 00:06:17,100

uh and to goof on and to learn from as

130

00:06:20,330 --> 00:06:18,960

well you can learn and goof at the same

131

00:06:24,409 --> 00:06:20,340

time

132

00:06:27,110 --> 00:06:24,419

let's see here uh there's a there's a

133

00:06:29,749 --> 00:06:27,120

bunch of emails that were addressed to

134

00:06:32,150 --> 00:06:29,759

obdm I'm back cattle I'm backlogged on

135

00:06:34,550 --> 00:06:32,160

those so hopefully on Wednesday we'll

136

00:06:37,629 --> 00:06:34,560

we'll get to some emails

137

00:06:40,490 --> 00:06:37,639

we'll get to some some listener

138

00:06:41,749 --> 00:06:40,500

requests or comments so

139

00:06:43,249 --> 00:06:41,759

we'll see if we can get to all that

140

00:06:45,770 --> 00:06:43,259

people but for now

141

00:06:48,890 --> 00:06:45,780

let's see if we can just uh get some

142

00:06:51,350 --> 00:06:48,900

news going and uh open up some phone

143

00:06:52,180 --> 00:06:51,360

calls at a certain point in time we'll

144

00:06:57,969 --> 00:06:52,190

let's get it done

145

00:07:03,230 --> 00:07:00,590

well there was a bunch of alien news

146

00:07:06,170 --> 00:07:03,240

when I was away

147

00:07:07,969 --> 00:07:06,180

um specifically Pentagon related alien

148

00:07:12,110 --> 00:07:07,979

news

149

00:07:15,409 --> 00:07:12,120

everyone is uh Going Bonkers for aliens

150

00:07:19,129 --> 00:07:15,419

the past few years and you know I I've

151
00:07:22,370 --> 00:07:19,139
said that the you'll know when we were

152
00:07:25,969 --> 00:07:22,380
we are are in Project Blue beam

153
00:07:28,969 --> 00:07:25,979
uh once the media starts rolling with it

154
00:07:31,010 --> 00:07:28,979
more frequently and specifically most

155
00:07:33,529 --> 00:07:31,020
people I mean uh the most prominent

156
00:07:35,510 --> 00:07:33,539
media Clips on on the internet I would

157
00:07:38,150 --> 00:07:35,520
say Live on YouTube for the most part

158
00:07:42,950 --> 00:07:38,160
and those are like from CNN they're from

159
00:07:46,249 --> 00:07:42,960
Fox uh typically uh like local news will

160
00:07:48,290 --> 00:07:46,259
cover more uh local events but they'll

161
00:07:50,629 --> 00:07:48,300
also cover National things and typically

162
00:07:55,550 --> 00:07:50,639
those National things I think come down

163
00:08:01,730 --> 00:07:58,129

and so when I see local news starting to

164

00:08:03,950 --> 00:08:01,740

cover the alien topic more and more uh

165

00:08:06,650 --> 00:08:03,960

then I was like okay we're certainly

166

00:08:09,770 --> 00:08:06,660

dipping our toes into the Project Blue

167

00:08:12,589 --> 00:08:09,780

beam territory and so here's the uh the

168

00:08:16,309 --> 00:08:12,599

first news story and this is concerning

169

00:08:18,350 --> 00:08:16,319

the most recent report uh about an alien

170

00:08:22,610 --> 00:08:18,360

Mothership possibly

171

00:08:26,390 --> 00:08:22,620

having already visited our solar system

172

00:08:27,529 --> 00:08:26,400

um and uh I was like okay yeah omoramura

173

00:08:30,050 --> 00:08:27,539

or whatever the hell it was a couple of

174

00:08:34,430 --> 00:08:30,060

years ago uh yeah that is what this is

175

00:08:45,110 --> 00:08:34,440

uh uh referencing is it I think it's

176

00:08:49,009 --> 00:08:46,970

tell you if I ever get to name an alien

177

00:08:50,930 --> 00:08:49,019

spaceship or some sort of Astral body

178

00:08:54,470 --> 00:08:50,940

it's going to have one [h__h] up name

179

00:08:57,490 --> 00:08:54,480

well I got uh this report here this is

180

00:09:02,210 --> 00:08:57,500

from uh

181

00:09:04,370 --> 00:09:02,220

kwkt Fox 44 and this is the the first

182

00:09:08,990 --> 00:09:04,380

one of a local news report concerning

183

00:09:11,329 --> 00:09:09,000

the alien Mothership here we go

184

00:09:13,430 --> 00:09:11,339

a new government report is racing

185

00:09:15,310 --> 00:09:13,440

eyebrows across the country especially

186

00:09:17,690 --> 00:09:15,320

among anyone interested in

187

00:09:19,570 --> 00:09:17,700

extraterrestrials are Alexandra lemon

188

00:09:22,070 --> 00:09:19,580

has the story

189

00:09:24,470 --> 00:09:22,080

physicists and Harvard Professor Avi

190

00:09:26,389 --> 00:09:24,480

Loeb says there's a possibility humans

191

00:09:28,310 --> 00:09:26,399

aren't the only civilization in the

192

00:09:30,769 --> 00:09:28,320

universe whether we live in such a

193

00:09:33,470 --> 00:09:30,779

reality or not is not a philosophical

194

00:09:35,449 --> 00:09:33,480

question we just have to look out Loeb

195

00:09:37,370 --> 00:09:35,459

teamed up with the Pentagon office that

196

00:09:39,530 --> 00:09:37,380

investigates unidentified aerial

197

00:09:41,930 --> 00:09:39,540

phenomenon and they released this draft

198

00:09:44,870 --> 00:09:41,940

report that indicates it is possible

199

00:09:47,690 --> 00:09:44,880

that alien ships have already visited

200

00:09:49,730 --> 00:09:47,700

our solar system specifically lope

201
00:09:51,710 --> 00:09:49,740
thinks the first Interstellar object

202
00:09:55,610 --> 00:09:51,720
spotted passing through our solar system

203
00:09:58,130 --> 00:09:55,620
in 2017 that was given the name omuamua

204
00:10:01,009 --> 00:09:58,140
could be an extraterrestrial Mothership

205
00:10:03,710 --> 00:10:01,019
Lopes says didn't have the

206
00:10:06,110 --> 00:10:03,720
characteristics you'd find in meteors or

207
00:10:08,449 --> 00:10:06,120
other known objects we consider a

208
00:10:12,310 --> 00:10:08,459
possibility where an object as big as or

209
00:10:15,290 --> 00:10:12,320
more which was a football field size

210
00:10:17,509 --> 00:10:15,300
is a Mothership he says the mothership

211
00:10:19,970 --> 00:10:17,519
could have released smaller ships or

212
00:10:22,550 --> 00:10:19,980
probes to study our solar system

213
00:10:25,670 --> 00:10:22,560

after spending a long time to get here

214

00:10:28,070 --> 00:10:25,680

with chemical Rockets it takes less than

215

00:10:30,250 --> 00:10:28,080

a billion years to Traverse the entire

216

00:10:33,410 --> 00:10:30,260

Milky Way galaxy

217

00:10:35,570 --> 00:10:33,420

was a ship there likely wasn't life on

218

00:10:37,970 --> 00:10:35,580

it instead he believes it could have

219

00:10:41,090 --> 00:10:37,980

been operated by artificial intelligence

220

00:10:43,430 --> 00:10:41,100

an artificial intelligence system that

221

00:10:45,650 --> 00:10:43,440

stays dormant for that period and just

222

00:10:47,949 --> 00:10:45,660

gets activated when it comes close to

223

00:10:50,690 --> 00:10:47,959

its Target

224

00:10:53,509 --> 00:10:50,700

well that's the first local news report

225

00:10:56,930 --> 00:10:53,519

and this was picked up by a lot of

226

00:10:58,490 --> 00:10:56,940

different news outlets I think uh major

227

00:11:00,470 --> 00:10:58,500

newspapers picked this up as well

228

00:11:02,690 --> 00:11:00,480

because it is pretty significant when

229

00:11:05,030 --> 00:11:02,700

you have someone closely Affiliated uh

230

00:11:08,210 --> 00:11:05,040

with the Pentagon Pentagon the UAP the

231

00:11:10,850 --> 00:11:08,220

uh the the atip task force

232

00:11:13,910 --> 00:11:10,860

um talking about alien motherships in

233

00:11:18,769 --> 00:11:13,920

our solar system now this guy uh Loeb

234

00:11:21,949 --> 00:11:18,779

he's been a big proponent of aliens

235

00:11:24,730 --> 00:11:21,959

having already visited Earth in some

236

00:11:28,630 --> 00:11:24,740

capacity I believe he is also on board

237

00:11:31,730 --> 00:11:28,640

with uh trying to uh

238

00:11:34,670 --> 00:11:31,740

dredge uh alien technology up from the

239

00:11:37,069 --> 00:11:34,680

bottom of the ocean floor

240

00:11:38,949 --> 00:11:37,079

um he's uh I believe he's a big believer

241

00:11:42,949 --> 00:11:38,959

in this stuff

242

00:11:44,389 --> 00:11:42,959

and he's uh really pushing this but when

243

00:11:48,230 --> 00:11:44,399

you have like I said

244

00:11:51,170 --> 00:11:48,240

local news reports speculating on alien

245

00:11:52,730 --> 00:11:51,180

motherships already in our solar system

246

00:11:55,670 --> 00:11:52,740

that's like a that's like a different

247

00:11:58,430 --> 00:11:55,680

level of hype it's that's no longer

248

00:12:01,490 --> 00:11:58,440

talking about ancient astronaut theories

249

00:12:04,090 --> 00:12:01,500

or things like that we're talking about

250

00:12:07,190 --> 00:12:04,100

an active

251

00:12:08,569 --> 00:12:07,200

uh a force or active entity visiting

252

00:12:10,069 --> 00:12:08,579

Earth not something million years ago

253

00:12:12,650 --> 00:12:10,079

we're talking about something like with

254

00:12:14,389 --> 00:12:12,660

that a muamu thing that was uh 2017 so

255

00:12:18,670 --> 00:12:14,399

something pretty recent he's talking

256

00:12:21,650 --> 00:12:18,680

about AI in there and it being deployed

257

00:12:25,509 --> 00:12:21,660

uh to Earth so a significant and then

258

00:12:28,810 --> 00:12:25,519

there is this other uh report by another

259

00:12:32,389 --> 00:12:28,820

local news station that I will play

260

00:12:35,090 --> 00:12:32,399

and I'm kind of curious to see if it is

261

00:12:38,389 --> 00:12:35,100

similar in any way or if it's

262

00:12:40,850 --> 00:12:38,399

essentially the same news report I'll

263

00:12:44,329 --> 00:12:40,860

bring it up on a screen we can all watch

264

00:12:47,470 --> 00:12:44,339

together and figure this out

265

00:12:51,769 --> 00:12:47,480

here we go this one is from

266

00:12:53,569 --> 00:12:51,779

WDTN TV I believe this is ABC so the

267

00:12:55,690 --> 00:12:53,579

first one was uh Fox affiliate this is

268

00:12:58,670 --> 00:12:55,700

an ABC affiliate

269

00:13:01,370 --> 00:12:58,680

uh here we here we go a new government

270

00:13:02,750 --> 00:13:01,380

report is Raising eyebrows across the

271

00:13:05,050 --> 00:13:02,760

country especially among anyone

272

00:13:08,210 --> 00:13:05,060

interested in extraterrestrials

273

00:13:11,690 --> 00:13:08,220

physicist and a Harvard Professor Avi

274

00:13:14,090 --> 00:13:11,700

Loeb says a possibility humans are not

275

00:13:16,550 --> 00:13:14,100

the only civilization in the universe

276

00:13:18,829 --> 00:13:16,560

Loeb teamed up with the Pentagon office

277

00:13:20,750 --> 00:13:18,839

that investigates unidentified aerial

278

00:13:23,090 --> 00:13:20,760

phenomenon and they came up with this

279

00:13:25,370 --> 00:13:23,100

draft report that says it's possible

280

00:13:28,069 --> 00:13:25,380

alien ships have already visited our

281

00:13:30,410 --> 00:13:28,079

solar system specifically load thinks

282

00:13:34,090 --> 00:13:30,420

the first Interstellar object spotted

283

00:13:36,889 --> 00:13:34,100

passing it's the exact same report

284

00:13:37,990 --> 00:13:36,899

same damn thing and this probably went

285

00:13:40,430 --> 00:13:38,000

to

286

00:13:42,290 --> 00:13:40,440

uh a couple hundred different stations

287

00:13:44,810 --> 00:13:42,300

to read the same report

288

00:13:47,410 --> 00:13:44,820

about a possible alien Mothership

289

00:13:50,990 --> 00:13:47,420

visiting our solar system

290

00:13:54,530 --> 00:13:51,000

uh what's the point of that other than

291

00:13:56,449 --> 00:13:54,540

to elicit people uh or listed fears in

292

00:13:58,009 --> 00:13:56,459

people and to get them to act or to

293

00:14:00,350 --> 00:13:58,019

think about this is a possibility

294

00:14:02,569 --> 00:14:00,360

there's really what is the benefit I

295

00:14:05,150 --> 00:14:02,579

mean people do like aliens it is a Hot

296

00:14:07,670 --> 00:14:05,160

Topic to go search for it maybe uh

297

00:14:09,889 --> 00:14:07,680

people might tune in to a local newscast

298

00:14:11,810 --> 00:14:09,899

to learn about UFO stuff but probably

299

00:14:14,569 --> 00:14:11,820

not likely this means they wanted to get

300

00:14:16,370 --> 00:14:14,579

it out into uh in front of as many

301

00:14:18,290 --> 00:14:16,380

people as possible

302

00:14:20,210 --> 00:14:18,300

and and we know it's definitely not

303

00:14:26,030 --> 00:14:20,220

propaganda

304

00:14:29,269 --> 00:14:26,040

have the exact same script oh wait maybe

305

00:14:32,810 --> 00:14:29,279

it does yeah so uh they're using the

306

00:14:35,329 --> 00:14:32,820

exact same script for the same story on

307

00:14:38,269 --> 00:14:35,339

different local news stations so I would

308

00:14:41,090 --> 00:14:38,279

say that we're uh this is PR the project

309

00:14:44,090 --> 00:14:41,100

bluebeam has officially started at this

310

00:14:46,069 --> 00:14:44,100

point now that it has filtered down kind

311

00:14:47,990 --> 00:14:46,079

of at a lower pace

312

00:14:51,170 --> 00:14:48,000

it's a slow roll there's no doubt about

313

00:14:53,030 --> 00:14:51,180

that this is a it is a slow roll

314

00:14:54,889 --> 00:14:53,040

um but that's what they want that we

315

00:14:56,750 --> 00:14:54,899

have a time frame

316

00:14:57,829 --> 00:14:56,760

to work on

317

00:15:00,470 --> 00:14:57,839

um so they're talking about the

318

00:15:02,689 --> 00:15:00,480

possibility of alien motherships if you

319

00:15:04,970 --> 00:15:02,699

remember a few uh weeks ago before I

320

00:15:08,030 --> 00:15:04,980

went on my vacation to the New Kingdom I

321

00:15:11,689 --> 00:15:08,040

talked about the I think the James Webb

322

00:15:13,689 --> 00:15:11,699

Telescope detecting uh Alien signatures

323

00:15:18,470 --> 00:15:13,699

on and afar off

324

00:15:21,949 --> 00:15:18,480

uh star system like 72 light years away

325

00:15:24,290 --> 00:15:21,959

where they were uh heavily implied like

326

00:15:26,569 --> 00:15:24,300

and they got some they got some TVs over

327

00:15:27,949 --> 00:15:26,579

there they got some radios uh they're

328

00:15:30,170 --> 00:15:27,959

probably pretty Advanced at this point

329

00:15:32,090 --> 00:15:30,180

that's what they're saying

330

00:15:35,389 --> 00:15:32,100

by the way if I do a quick search on the

331

00:15:38,629 --> 00:15:35,399

Googles for Mothership Loeb omuamua

332

00:15:42,170 --> 00:15:38,639

I get 2 900 results in the last week

333

00:15:44,090 --> 00:15:42,180

they want it they they want to

334

00:15:46,310 --> 00:15:44,100

they want this out there they want

335

00:15:48,170 --> 00:15:46,320

people to uh they want this in their

336

00:15:51,949 --> 00:15:48,180

heads bouncing around they want it

337

00:15:54,470 --> 00:15:51,959

filtered into their subconscious and

338

00:15:57,050 --> 00:15:54,480

just hang out there until the the next

339

00:15:59,990 --> 00:15:57,060

piece of information relating to aliens

340

00:16:02,210 --> 00:16:00,000

or an alien threat

341

00:16:04,550 --> 00:16:02,220

um they didn't say threat yet

342

00:16:06,470 --> 00:16:04,560

uh I don't think the guy Loeb is on

343

00:16:10,910 --> 00:16:06,480

board with an alien threat he's more

344

00:16:12,710 --> 00:16:10,920

curious about the the technology but you

345

00:16:14,449 --> 00:16:12,720

know being linked to the Pentagon

346

00:16:17,509 --> 00:16:14,459

yeah that's big money

347

00:16:19,310 --> 00:16:17,519

you got it you gotta get that going so

348

00:16:22,370 --> 00:16:19,320

that's what it's all about

349

00:16:24,769 --> 00:16:22,380

uh I will bring up some

350

00:16:27,290 --> 00:16:24,779

some other related

351

00:16:29,210 --> 00:16:27,300

I guess alien news before we move on to

352

00:16:32,030 --> 00:16:29,220

other topics

353

00:16:32,569 --> 00:16:32,040

but uh yeah

354

00:16:35,930 --> 00:16:32,579

um

355

00:16:37,189 --> 00:16:35,940

it's all happening people David

356

00:16:38,030 --> 00:16:37,199

there we go

357

00:16:41,269 --> 00:16:38,040

um

358

00:16:44,090 --> 00:16:41,279

all right I'll move on to my other UFO

359

00:16:46,610 --> 00:16:44,100

topics did you guys cover any UFO topics

360

00:16:49,009 --> 00:16:46,620

on the The Joe and crutches show uh no

361

00:16:51,530 --> 00:16:49,019

we did not I did I did hear you guys uh

362

00:16:53,990 --> 00:16:51,540

did talk about a list of

363

00:16:55,850 --> 00:16:54,000

uh I guess the most prominent cryptids

364

00:16:57,769 --> 00:16:55,860

in West Virginia you know the worst list

365

00:17:00,050 --> 00:16:57,779

of Cryptids ever and they did they

366

00:17:01,850 --> 00:17:00,060

didn't include mockman on there did they

367

00:17:04,309 --> 00:17:01,860

no Mothman and Bigfoot were left off

368

00:17:06,169 --> 00:17:04,319

that list how could that I mean I was I

369

00:17:07,669 --> 00:17:06,179

was like it was written by big Mothman

370

00:17:09,829 --> 00:17:07,679

it doesn't want to be in the Limelight I

371

00:17:13,010 --> 00:17:09,839

guess so yeah I mean how could you not

372

00:17:14,750 --> 00:17:13,020

talk about Mothman in West Virginia it's

373

00:17:16,549 --> 00:17:14,760

crazy

374

00:17:18,590 --> 00:17:16,559

oh by the way

375

00:17:21,770 --> 00:17:18,600

um when it comes to driving in the

376

00:17:23,929 --> 00:17:21,780

mountains of in Puerto Rico I would say

377

00:17:25,429 --> 00:17:23,939

it is actually more dangerous to drive

378

00:17:28,730 --> 00:17:25,439

in the mountains of West Virginia

379

00:17:31,370 --> 00:17:28,740

uh than Puerto Rico at times it is it's

380

00:17:34,490 --> 00:17:31,380

crazy like the the amount of uh

381

00:17:37,490 --> 00:17:34,500

dangerous curves and and cliffs that

382

00:17:40,430 --> 00:17:37,500

face you in Puerto Rico uh but equally

383

00:17:42,289 --> 00:17:40,440

uh West Virginia just as bad they don't

384

00:17:44,270 --> 00:17:42,299

have guard rails in a lot of those weird

385

00:17:46,430 --> 00:17:44,280

places in West Virginia it is it is

386

00:17:47,990 --> 00:17:46,440

death defying well the state puts them

387

00:17:49,250 --> 00:17:48,000

up but Mothman takes them down hoping

388

00:17:52,610 --> 00:17:49,260

that you're off the road then he's got

389

00:17:54,950 --> 00:17:52,620

lunch it's a real problem damn Mothman

390

00:17:57,350 --> 00:17:54,960

taking on our guardrails it's a real

391

00:17:58,730 --> 00:17:57,360

problem over there

392

00:18:03,350 --> 00:17:58,740

um

393

00:18:05,750 --> 00:18:03,360

just I'll just bring up this headlight

394

00:18:07,310 --> 00:18:05,760

in in relate related to the the

395

00:18:10,490 --> 00:18:07,320

mothership story we just read there's

396

00:18:13,070 --> 00:18:10,500

this headline here uh UAP sightings

397

00:18:15,190 --> 00:18:13,080

don't conform to laws of physics new

398

00:18:19,270 --> 00:18:15,200

paper claims

399

00:18:22,070 --> 00:18:19,280

and this is also featuring

400

00:18:24,590 --> 00:18:22,080

uh the the guy who was just talking from

401
00:18:27,049 --> 00:18:24,600
the Pentagon lobe

402
00:18:28,970 --> 00:18:27,059
um he's saying a paper which is still

403
00:18:30,830 --> 00:18:28,980
undergoing peer review is entitled

404
00:18:32,810 --> 00:18:30,840
physical constraints on unidentified

405
00:18:35,210 --> 00:18:32,820
aerial phenomenon and examples of

406
00:18:37,909 --> 00:18:35,220
alleged movements and capabilities of

407
00:18:40,310 --> 00:18:37,919
unexplained cited sightings by the US

408
00:18:42,169 --> 00:18:40,320
Navy and as Pilots off the coast of the

409
00:18:44,210 --> 00:18:42,179
United States the pair are certainly no

410
00:18:45,770 --> 00:18:44,220
strangers to UFOs uh Loeb is an

411
00:18:47,810 --> 00:18:45,780
astrophysicist and has been heavily

412
00:18:49,430 --> 00:18:47,820
involved in the search for signs of

413
00:18:52,490 --> 00:18:49,440

extraterrestrial intelligence while Dr

414

00:18:54,890 --> 00:18:52,500

uh Dr Kirkpatrick is the director of the

415

00:18:56,029 --> 00:18:54,900

pentagon's old domain anomaly resolution

416

00:18:58,789 --> 00:18:56,039

office

417

00:19:01,310 --> 00:18:58,799

these guys are examining all the uh the

418

00:19:04,850 --> 00:19:01,320

weird anomalies and classifying them as

419

00:19:08,930 --> 00:19:04,860

uh uaps or or UFOs or

420

00:19:10,970 --> 00:19:08,940

or or known aerial phenomenon

421

00:19:12,710 --> 00:19:10,980

um and I know like on the

422

00:19:15,110 --> 00:19:12,720

one of the previous new agenda shows

423

00:19:18,049 --> 00:19:15,120

Adam was bringing up uh

424

00:19:20,150 --> 00:19:18,059

Project Blue beam and he played the clip

425

00:19:22,909 --> 00:19:20,160

I don't know who he played the clip from

426

00:19:27,409 --> 00:19:22,919

but the person was talking about project

427

00:19:28,970 --> 00:19:27,419

bluebeam and how uh some of the objects

428

00:19:30,830 --> 00:19:28,980

and I think he specifically referenced

429

00:19:34,630 --> 00:19:30,840

the the Navy incident with the with the

430

00:19:38,930 --> 00:19:34,640

Tic Tac that being US tech

431

00:19:41,090 --> 00:19:38,940

uh and possibly it being like a a

432

00:19:42,650 --> 00:19:41,100

generated hologram am I misremembering

433

00:19:44,150 --> 00:19:42,660

that I think it's something along those

434

00:19:45,950 --> 00:19:44,160

lines

435

00:19:49,549 --> 00:19:45,960

I don't remember the specifics of that

436

00:19:52,549 --> 00:19:49,559

stuff um and I and I think even at the

437

00:19:54,710 --> 00:19:52,559

time I I think I said that the Tic Tac

438

00:19:58,669 --> 00:19:54,720

and some of these things that are making

439

00:20:01,010 --> 00:19:58,679

close approaches to our our Navy uh

440

00:20:02,990 --> 00:20:01,020

that's our Tech it could be Air Force uh

441

00:20:06,110 --> 00:20:03,000

it could be another branch of the

442

00:20:10,549 --> 00:20:06,120

military kind of uh testing their Tech

443

00:20:13,610 --> 00:20:10,559

against are are known Vehicles like the

444

00:20:15,289 --> 00:20:13,620

fighter aircraft and uh

445

00:20:16,669 --> 00:20:15,299

and battleships and aircraft carriers

446

00:20:19,610 --> 00:20:16,679

all that kind of stuff that could be our

447

00:20:22,789 --> 00:20:19,620

Tech but simultaneously there could be

448

00:20:28,130 --> 00:20:26,450

um unknown UFOs or alien spacecraft or

449

00:20:30,110 --> 00:20:28,140

Ultra terrestrials there could be both

450

00:20:31,909 --> 00:20:30,120

and I view it like this

451
00:20:33,650 --> 00:20:31,919
and I think I've said this before

452
00:20:36,590 --> 00:20:33,660
like during

453
00:20:39,470 --> 00:20:36,600
the the Bush Administration and through

454
00:20:42,230 --> 00:20:39,480
the Obama Administration

455
00:20:46,970 --> 00:20:42,240
there was the threat of terrorism

456
00:20:48,850 --> 00:20:46,980
and there is real terrorist activity

457
00:20:52,250 --> 00:20:48,860
within the United States and outside

458
00:20:56,169 --> 00:20:52,260
that is genuine it's it's it's not

459
00:21:01,130 --> 00:20:56,179
anything contrived but simultaneously

460
00:21:03,350 --> 00:21:01,140
there is uh terrorists groups and cells

461
00:21:06,350 --> 00:21:03,360
that have been infiltrated and or

462
00:21:08,870 --> 00:21:06,360
created by the FBI or whatever

463
00:21:11,810 --> 00:21:08,880

government uh intelligence agency in

464

00:21:14,450 --> 00:21:11,820

order to promote terrorism to increase

465

00:21:19,070 --> 00:21:14,460

budgets and to increase the hype to get

466

00:21:21,710 --> 00:21:19,080

that in people's brains for uh the sake

467

00:21:22,730 --> 00:21:21,720

of fear control and just dominating the

468

00:21:24,650 --> 00:21:22,740

narrative

469

00:21:26,570 --> 00:21:24,660

and I think something like that will

470

00:21:30,770 --> 00:21:26,580

happen and is happening with the UFO

471

00:21:32,750 --> 00:21:30,780

phenomenon there are genuine real crazy

472

00:21:36,490 --> 00:21:32,760

cases and I like some really

473

00:21:39,649 --> 00:21:36,500

extraordinarily insane UFO encounters

474

00:21:41,090 --> 00:21:39,659

and and there's something called like

475

00:21:44,029 --> 00:21:41,100

project

476

00:21:46,250 --> 00:21:44,039

sorry what's that where was that from

477

00:21:49,549 --> 00:21:46,260

uh blueberry sent me a link I clicked it

478

00:21:55,010 --> 00:21:51,470

that's the clip from Adam bro does the

479

00:21:56,630 --> 00:21:55,020

clip that you referenced of yeah yeah go

480

00:21:57,830 --> 00:21:56,640

ahead and play it I can play it but it's

481

00:21:58,970 --> 00:21:57,840

three and a half minutes long and godly

482

00:22:00,529 --> 00:21:58,980

knows where the actual relevant

483

00:22:01,789 --> 00:22:00,539

information is

484

00:22:04,070 --> 00:22:01,799

you want three and a half minutes of it

485

00:22:06,950 --> 00:22:04,080

yeah let's let's give it a go

486

00:22:11,450 --> 00:22:06,960

screw it do it live uh there's something

487

00:22:17,630 --> 00:22:11,460

called like project blue beams yeah good

488

00:22:23,090 --> 00:22:20,210

yeah I can I can actually talk but they

489

00:22:25,370 --> 00:22:23,100

wouldn't but that is uh

490

00:22:28,549 --> 00:22:25,380

uh

491

00:22:31,789 --> 00:22:28,559

it's really bad but you know the people

492

00:22:35,510 --> 00:22:31,799

that see orbs in the sky yeah go around

493

00:22:38,950 --> 00:22:35,520

that fly faster UFOs yeah there's

494

00:22:41,450 --> 00:22:38,960

there's Navy Pilots there's an uh yeah

495

00:22:43,070 --> 00:22:41,460

they got there so they were flying f-18s

496

00:22:44,450 --> 00:22:43,080

these Navy pilots and one of them's

497

00:22:47,330 --> 00:22:44,460

coming in here in a couple in two weeks

498

00:22:49,130 --> 00:22:47,340

he's uh Ryan Graves okay he uh he's a

499

00:22:51,890 --> 00:22:49,140

Navy pilot flying off the coast of North

500

00:22:53,690 --> 00:22:51,900

Carolina and they they got their uh

501
00:22:54,830 --> 00:22:53,700
their radar upgraded on their f-18s and

502
00:22:57,230 --> 00:22:54,840
all of a sudden they were seeing these

503
00:23:00,049 --> 00:22:57,240
things darting around their radar

504
00:23:02,750 --> 00:23:00,059
uh don't tell them what I'm about to say

505
00:23:05,510 --> 00:23:02,760
and see if he knows about it okay

506
00:23:08,330 --> 00:23:05,520
um so what we do is we play with our own

507
00:23:11,630 --> 00:23:08,340
forces to make sure our trickery will

508
00:23:14,710 --> 00:23:11,640
work on the enemy uh and those are

509
00:23:18,230 --> 00:23:14,720
directed energy weapons of where we do

510
00:23:20,510 --> 00:23:18,240
intersecting beams or Focus beams into

511
00:23:23,950 --> 00:23:20,520
the atmosphere and notice they're always

512
00:23:28,610 --> 00:23:23,960
in the atmosphere to excite the electron

513
00:23:31,970 --> 00:23:28,620

orbitals of the oxygen and nitrogen uh

514

00:23:34,330 --> 00:23:31,980

in our atmosphere it causes the glow and

515

00:23:38,450 --> 00:23:34,340

it causes ionization that ionization

516

00:23:40,370 --> 00:23:38,460

shows up on radar and like a it's like a

517

00:23:42,590 --> 00:23:40,380

cat laser pointer and we're making

518

00:23:44,029 --> 00:23:42,600

planes chase them that's exactly how

519

00:23:45,950 --> 00:23:44,039

they describe these things moving like

520

00:23:48,350 --> 00:23:45,960

laser pointers yeah and so we can do it

521

00:23:50,090 --> 00:23:48,360

in three space we can make it look like

522

00:23:52,909 --> 00:23:50,100

in three-dimensional space yeah and we

523

00:23:56,029 --> 00:23:52,919

can make it look like uh an entire fleet

524

00:23:58,730 --> 00:23:56,039

is about to drop bombs and let's say

525

00:24:00,950 --> 00:23:58,740

Europe and then just have them disappear

526

00:24:03,110 --> 00:24:00,960

and they have they get all their planes

527

00:24:05,210 --> 00:24:03,120

up in the air and we attack them from

528

00:24:07,730 --> 00:24:05,220

the other direction assuming we're

529

00:24:10,390 --> 00:24:07,740

attacking who is doing this the Navy you

530

00:24:17,270 --> 00:24:13,090

uh somebody

531

00:24:19,610 --> 00:24:17,280

delicious thing a group you know and you

532

00:24:22,610 --> 00:24:19,620

know this for a fact I know perfect yeah

533

00:24:24,110 --> 00:24:22,620

so anyway don't tell your group within

534

00:24:25,669 --> 00:24:24,120

the US government yeah okay we'll leave

535

00:24:28,370 --> 00:24:25,679

it at that okay

536

00:24:30,230 --> 00:24:28,380

yeah yeah that's that's the clip is this

537

00:24:31,909 --> 00:24:30,240

something is this that's right that's a

538

00:24:34,070 --> 00:24:31,919

clip I was referencing

539

00:24:35,830 --> 00:24:34,080

um that very well could be true that

540

00:24:38,470 --> 00:24:35,840

they're that they're doing that

541

00:24:42,110 --> 00:24:38,480

simultaneously it also could be true

542

00:24:47,390 --> 00:24:42,120

that there are genuine UFOs that aren't

543

00:24:49,490 --> 00:24:47,400

controlled by uh the US military or uh

544

00:24:52,250 --> 00:24:49,500

some Black Project or anything

545

00:24:54,590 --> 00:24:52,260

affiliated with humans

546

00:24:56,390 --> 00:24:54,600

um it's like there are real terror cells

547

00:24:59,270 --> 00:24:56,400

and then they're the ones that have been

548

00:25:02,450 --> 00:24:59,280

infiltrated and controlled by the FBI or

549

00:25:04,310 --> 00:25:02,460

the CIA for intelligence purposes and

550

00:25:05,690 --> 00:25:04,320

and marketing

551

00:25:08,570 --> 00:25:05,700

um both can be true at the same time

552

00:25:13,010 --> 00:25:08,580

like things that uh Jack fillet has

553

00:25:15,710 --> 00:25:13,020

researched over time some very weird UFO

554

00:25:18,169 --> 00:25:15,720

and strange anomalies throughout the

555

00:25:20,990 --> 00:25:18,179

history of mankind

556

00:25:22,789 --> 00:25:21,000

um versus what have we've just been

557

00:25:25,490 --> 00:25:22,799

talking about within the past 20 years

558

00:25:29,149 --> 00:25:25,500

of studying UFOs which uh some of that

559

00:25:31,610 --> 00:25:29,159

stuff is uh probably contrived and and

560

00:25:34,730 --> 00:25:31,620

human made in the UFO

561

00:25:37,130 --> 00:25:34,740

story is primarily just a cover for

562

00:25:39,289 --> 00:25:37,140

their super new tech I'll play just a

563

00:25:41,870 --> 00:25:39,299

couple clips that uh from the Stephen

564

00:25:42,590 --> 00:25:41,880

Greer movie unacknowledged which came

565

00:25:44,830 --> 00:25:42,600

out

566

00:25:48,310 --> 00:25:44,840

and

567

00:25:52,669 --> 00:25:48,320

2017. so this is this came out in a June

568

00:25:56,269 --> 00:25:52,679

2017. so almost six years ago and this

569

00:25:58,190 --> 00:25:56,279

has to do with the alien false flag and

570

00:26:00,350 --> 00:25:58,200

Project Blue beam so here's a couple of

571

00:26:02,570 --> 00:26:00,360

these clips a little refresher for

572

00:26:03,710 --> 00:26:02,580

people they can pull it off they could

573

00:26:06,470 --> 00:26:03,720

definitely

574

00:26:09,110 --> 00:26:06,480

right now they have the technology to

575

00:26:11,210 --> 00:26:09,120

mimic the form fit and function of

576

00:26:13,549 --> 00:26:11,220

extraterrestrial UFOs they have the

577

00:26:15,529 --> 00:26:13,559

technology absolutely it's seamless and

578

00:26:17,090 --> 00:26:15,539

you can never tell the difference if

579

00:26:18,529 --> 00:26:17,100

they do have a false flag Invasion

580

00:26:20,830 --> 00:26:18,539

they're going to use one of these this

581

00:26:23,330 --> 00:26:20,840

is the Hudson Valley Boomerang this is

582

00:26:25,070 --> 00:26:23,340

1982-1989 over 25

583

00:26:28,490 --> 00:26:25,080

000 eyewitnesses reported this craft

584

00:26:30,950 --> 00:26:28,500

they can use these saucers the cigars

585

00:26:33,409 --> 00:26:30,960

the pyramids the triangles as a United

586

00:26:36,529 --> 00:26:33,419

Coalition and that's how they're going

587

00:26:38,330 --> 00:26:36,539

to do it we're talking about 150 to 172

588

00:26:41,570 --> 00:26:38,340

feet across for the wingspan which is

589

00:26:43,850 --> 00:26:41,580

the identical wingspan of the B2 stealth

590

00:26:47,090 --> 00:26:43,860

Bower so the question we need to ask is

591

00:26:49,370 --> 00:26:47,100

was some of that 22.4 billion used on

592

00:26:52,610 --> 00:26:49,380

the B2 Port into this program it's the

593

00:26:55,549 --> 00:26:52,620

exact same time frame when they power up

594

00:26:57,230 --> 00:26:55,559

when they accelerate it looks like a

595

00:26:59,210 --> 00:26:57,240

spark off a grinding wheel and you could

596

00:27:01,370 --> 00:26:59,220

never know the difference so if they

597

00:27:03,289 --> 00:27:01,380

wanted to hoax an alien invasion they

598

00:27:05,269 --> 00:27:03,299

could do it and they could do it in a

599

00:27:06,649 --> 00:27:05,279

way that's a hundred percent believable

600

00:27:09,350 --> 00:27:06,659

so that guy in that clip is talking

601
00:27:12,230 --> 00:27:09,360
about a real craft the one in the

602
00:27:15,169 --> 00:27:12,240
previous clip they're using like lasers

603
00:27:17,029 --> 00:27:15,179
to make an orb in the sky it's almost

604
00:27:19,130 --> 00:27:17,039
kind of I would say like something that

605
00:27:21,049 --> 00:27:19,140
is like what plasma based something that

606
00:27:22,970 --> 00:27:21,059
is energy based not like a real

607
00:27:24,830 --> 00:27:22,980
structure but something like they said

608
00:27:27,649 --> 00:27:24,840
like a laser pointer so a couple couple

609
00:27:30,230 --> 00:27:27,659
different things going on and in this uh

610
00:27:32,870 --> 00:27:30,240
next little clip I have for the alien

611
00:27:35,810 --> 00:27:32,880
false flag this goes into a little bit

612
00:27:38,990 --> 00:27:35,820
something more terrifying I suppose they

613
00:27:42,830 --> 00:27:39,000

started doing all kinds of psychological

614

00:27:46,490 --> 00:27:42,840

warfare entrainment of the public by

615

00:27:48,950 --> 00:27:46,500

staging hoaxed events such as cattle

616

00:27:50,930 --> 00:27:48,960

mutilations oh it's a flying saucer did

617

00:27:53,390 --> 00:27:50,940

that it's a covert paramilitary program

618

00:27:57,110 --> 00:27:53,400

human so if you wanted to start

619

00:27:59,330 --> 00:27:57,120

indoctrinating people into a false

620

00:28:01,310 --> 00:27:59,340

threat from outer space that Werner Von

621

00:28:06,470 --> 00:28:01,320

Brown warned us about you would start

622

00:28:08,810 --> 00:28:06,480

staging events that look alien but that

623

00:28:12,049 --> 00:28:08,820

are completely man-made that are scary

624

00:28:13,430 --> 00:28:12,059

and scare the hell out of people UFO

625

00:28:15,409 --> 00:28:13,440

encounters are categorized into four

626
00:28:17,269 --> 00:28:15,419
groups Close Encounters of the Fourth

627
00:28:19,490 --> 00:28:17,279
Kind include people who claim to have

628
00:28:20,990 --> 00:28:19,500
been abducted by extraterrestrials if

629
00:28:23,149 --> 00:28:21,000
you had a close encounter of The Fourth

630
00:28:25,730 --> 00:28:23,159
Kind and you are back we're anxious to

631
00:28:29,090 --> 00:28:25,740
hear from you inner stage left you got

632
00:28:30,710 --> 00:28:29,100
these sort of anti-gravity devices with

633
00:28:32,930 --> 00:28:30,720
creatures that look like

634
00:28:35,210 --> 00:28:32,940
ETS that are actually man-made robotic

635
00:28:38,330 --> 00:28:35,220
systems they're called program life

636
00:28:40,490 --> 00:28:38,340
forms and you start doing select

637
00:28:45,110 --> 00:28:40,500
interfaces with the public

638
00:28:49,070 --> 00:28:45,120

we did do that yes OSI did that there

639

00:28:51,590 --> 00:28:49,080

was a special group out of uh the 760

640

00:28:55,010 --> 00:28:51,600

second air Intel Wing at Fort Belvedere

641

00:28:57,169 --> 00:28:55,020

War they came out and did that they had

642

00:28:59,330 --> 00:28:57,179

these uh

643

00:29:01,210 --> 00:28:59,340

people that had maybe some sort of

644

00:29:07,730 --> 00:29:01,220

defects

645

00:29:10,370 --> 00:29:07,740

brought brought in to to to fool people

646

00:29:11,990 --> 00:29:10,380

and thinking they're aliens yeah

647

00:29:13,010 --> 00:29:12,000

um I can't give you any specifics

648

00:29:14,510 --> 00:29:13,020

because

649

00:29:16,130 --> 00:29:14,520

it's still the program is still

650

00:29:18,049 --> 00:29:16,140

classified and they probably are still

651
00:29:19,610 --> 00:29:18,059
doing it I wouldn't doubt doubt it they

652
00:29:23,389 --> 00:29:19,620
were still doing it he's talking about

653
00:29:26,389 --> 00:29:23,399
my labs which is military abductions

654
00:29:30,049 --> 00:29:26,399
and this is like the the conundrum that

655
00:29:32,570 --> 00:29:30,059
I think about is the is our technology

656
00:29:36,769 --> 00:29:32,580
what we have created over the past 60

657
00:29:38,930 --> 00:29:36,779
years so Advanced that we as humans have

658
00:29:41,330 --> 00:29:38,940
the ability to create these artificial

659
00:29:44,510 --> 00:29:41,340
aliens these are these basically

660
00:29:47,090 --> 00:29:44,520
Androids that can act as aliens and then

661
00:29:49,669 --> 00:29:47,100
they're instructed or programmed to

662
00:29:52,010 --> 00:29:49,679
abduct people so people think that

663
00:29:54,289 --> 00:29:52,020

they're being abducted by aliens when in

664

00:29:57,470 --> 00:29:54,299

fact they're doing it just as some sort

665

00:29:59,930 --> 00:29:57,480

of psychological operation long term in

666

00:30:03,169 --> 00:29:59,940

an effort to get the public as a whole

667

00:30:05,690 --> 00:30:03,179

to believe that yes alien abductions are

668

00:30:08,930 --> 00:30:05,700

occurring yes there are alien spacecraft

669

00:30:12,590 --> 00:30:08,940

flying overhead like it's a long con a

670

00:30:15,649 --> 00:30:12,600

60 to 70 Year Con in an effort to get

671

00:30:17,210 --> 00:30:15,659

the U.S public maybe the world in

672

00:30:20,330 --> 00:30:17,220

general to believe yes we are being

673

00:30:24,470 --> 00:30:20,340

visited by aliens and we need to fight

674

00:30:26,690 --> 00:30:24,480

them now we need money space force

675

00:30:27,950 --> 00:30:26,700

or the thing is I think most people

676
00:30:30,350 --> 00:30:27,960
would be more on board with that than

677
00:30:31,669 --> 00:30:30,360
some of the nonsense uh uh political

678
00:30:35,090 --> 00:30:31,679
crap they've been pulling over the last

679
00:30:36,590 --> 00:30:35,100
10 15 20 years maybe uh yeah

680
00:30:39,409 --> 00:30:36,600
because right now they pick a country

681
00:30:41,510 --> 00:30:39,419
let's get Guatemala and they they Stir

682
00:30:42,889 --> 00:30:41,520
It Up as if we need to like be involved

683
00:30:44,510 --> 00:30:42,899
and people are wearing little pins with

684
00:30:46,070 --> 00:30:44,520
the Guatemalan flags and stuff it's like

685
00:30:49,490 --> 00:30:46,080
you said aliens I think people would be

686
00:30:52,909 --> 00:30:51,590
yeah it's is it more far fish to think

687
00:30:56,149 --> 00:30:52,919
that there's aliens from a different

688
00:30:57,769 --> 00:30:56,159

dimension or solar system or that we are

689

00:30:59,510 --> 00:30:57,779

creating these aliens to abduct

690

00:31:01,269 --> 00:30:59,520

ourselves

691

00:31:06,110 --> 00:31:01,279

um

692

00:31:07,310 --> 00:31:06,120

Special Forces teams that were abducting

693

00:31:08,810 --> 00:31:07,320

people

694

00:31:10,850 --> 00:31:08,820

but convincing them they were being

695

00:31:15,110 --> 00:31:10,860

abducted by aliens yeah there there's

696

00:31:16,909 --> 00:31:15,120

some weird mishmash of of uh abductions

697

00:31:20,330 --> 00:31:16,919

where even

698

00:31:22,430 --> 00:31:20,340

um the Fire in the Sky guy uh Travis I

699

00:31:24,409 --> 00:31:22,440

forget his uh his last name

700

00:31:28,070 --> 00:31:24,419

um when I saw him talk he said yeah I

701
00:31:29,870 --> 00:31:28,080
got abducted and I did see aliens but I

702
00:31:32,210 --> 00:31:29,880
also saw some people that were more

703
00:31:34,669 --> 00:31:32,220
human looking and they were in

704
00:31:36,889 --> 00:31:34,679
like military or some sort of military

705
00:31:40,370 --> 00:31:36,899
uniforms and

706
00:31:41,870 --> 00:31:40,380
um all the all all these procedures that

707
00:31:43,070 --> 00:31:41,880
they performed on me this is what he's

708
00:31:44,810 --> 00:31:43,080
saying all the procedures they performed

709
00:31:46,310 --> 00:31:44,820
on me yeah I was initially taken into a

710
00:31:47,810 --> 00:31:46,320
ship but it felt like I was taken to a

711
00:31:50,269 --> 00:31:47,820
different place almost like a hangar

712
00:31:51,769 --> 00:31:50,279
like I was taken to a base where they

713
00:31:53,210 --> 00:31:51,779

they fixed me up and let me go after

714

00:31:58,010 --> 00:31:53,220

that

715

00:32:00,409 --> 00:31:58,020

there was a hybrid of weird humanoids

716

00:32:03,470 --> 00:32:00,419

and more human looking people

717

00:32:05,389 --> 00:32:03,480

uh it's just like what is more far-fest

718

00:32:10,190 --> 00:32:05,399

believe like this is all some sort of

719

00:32:11,870 --> 00:32:10,200

fiction generated by humans that have

720

00:32:14,630 --> 00:32:11,880

really advanced technology and they're

721

00:32:17,630 --> 00:32:14,640

playing one big long false flag hoax

722

00:32:20,029 --> 00:32:17,640

with ultra high up their Technology Way

723

00:32:21,409 --> 00:32:20,039

more advanced than what we have

724

00:32:25,130 --> 00:32:21,419

um and way more advanced than we'll ever

725

00:32:26,110 --> 00:32:25,140

see or it's it's genuine UFO abductions

726

00:32:28,490 --> 00:32:26,120

taking place

727

00:32:30,289 --> 00:32:28,500

by entities that are from a different

728

00:32:32,450 --> 00:32:30,299

dimension and they've been happening for

729

00:32:34,730 --> 00:32:32,460

hundreds of years Jack fillet

730

00:32:36,529 --> 00:32:34,740

and a lot of UFO researchers saying that

731

00:32:40,730 --> 00:32:36,539

these UFO abductions have been happening

732

00:32:42,730 --> 00:32:40,740

for as long as mankind has had like some

733

00:32:45,289 --> 00:32:42,740

sort of recorded history

734

00:32:46,970 --> 00:32:45,299

even in early earlier literature I mean

735

00:32:49,190 --> 00:32:46,980

Voltaire referenced

736

00:32:51,529 --> 00:32:49,200

um strange craft depositing weird beings

737

00:32:54,230 --> 00:32:51,539

uh and interacting with people yeah that

738

00:32:57,470 --> 00:32:54,240

was that was 400 years ago I've talked

739

00:32:59,210 --> 00:32:57,480

about it even uh going back to uh the

740

00:33:01,010 --> 00:32:59,220

most recent book series missing 4-1-1

741

00:33:02,930 --> 00:33:01,020

David politis talked about that in the

742

00:33:05,269 --> 00:33:02,940

Miss in the most recent documentary the

743

00:33:07,070 --> 00:33:05,279

UFO connection how there have been

744

00:33:08,389 --> 00:33:07,080

people uh specifically he was talking

745

00:33:11,450 --> 00:33:08,399

about elk Hunters that have been

746

00:33:13,070 --> 00:33:11,460

abducted and have had strange encounters

747

00:33:14,750 --> 00:33:13,080

and some of those encounters are with

748

00:33:19,190 --> 00:33:14,760

humanoids that are are very strange

749

00:33:22,370 --> 00:33:19,200

looking and they were trying to uh at

750

00:33:26,330 --> 00:33:22,380

least in one of those instances extract

751
00:33:28,330 --> 00:33:26,340
semen from one of the gentlemen and but

752
00:33:31,549 --> 00:33:28,340
it turns out that guy had a vasectomy

753
00:33:34,190 --> 00:33:31,559
and he wasn't uh he wasn't useful to him

754
00:33:37,210 --> 00:33:34,200
at all balls

755
00:33:40,730 --> 00:33:37,220
get his balls gone off

756
00:33:44,090 --> 00:33:40,740
uh they don't wire they want you to have

757
00:33:46,370 --> 00:33:44,100
uh balls that's what they want

758
00:33:48,590 --> 00:33:46,380
it's just it's all convoluted but now

759
00:33:51,649 --> 00:33:48,600
that you have local news talking about

760
00:33:55,310 --> 00:33:51,659
alien motherships it it gets even

761
00:33:57,769 --> 00:33:55,320
murkier about uh what's what's a genuine

762
00:34:01,669 --> 00:33:57,779
UFO event something and versus what is

763
00:34:04,250 --> 00:34:01,679

uh contrived and human created that uh

764

00:34:06,769 --> 00:34:04,260

basically is there plan to get us used

765

00:34:09,589 --> 00:34:06,779

to the idea so that when we do have

766

00:34:10,190 --> 00:34:09,599

an actual accepted first Contact

767

00:34:12,290 --> 00:34:10,200

um

768

00:34:14,149 --> 00:34:12,300

that people are not

769

00:34:16,190 --> 00:34:14,159

you know against it but they're kind of

770

00:34:19,730 --> 00:34:16,200

in support of it or are you are you

771

00:34:21,349 --> 00:34:19,740

suggesting that they're doing this to uh

772

00:34:25,669 --> 00:34:21,359

would be the best way to create enough

773

00:34:27,649 --> 00:34:25,679

noise of of fake or or

774

00:34:30,770 --> 00:34:27,659

human created sightings quote-unquote

775

00:34:32,629 --> 00:34:30,780

sightings to um to even further dismiss

776

00:34:35,210 --> 00:34:32,639

any sort of interplanetary

777

00:34:37,970 --> 00:34:35,220

interdimensional anything you know other

778

00:34:39,349 --> 00:34:37,980

sort of of craft beings whatever they

779

00:34:40,790 --> 00:34:39,359

say oh that's that's the Air Force

780

00:34:43,609 --> 00:34:40,800

screwing around again

781

00:34:46,690 --> 00:34:43,619

I think that the the long con if there

782

00:34:51,530 --> 00:34:46,700

is one it is to generate fear

783

00:34:54,169 --> 00:34:51,540

uh so that you will submit even more

784

00:34:57,970 --> 00:34:54,179

but it's it's it seems like kova did a

785

00:35:02,150 --> 00:34:57,980

pretty good job this may do a better job

786

00:35:06,130 --> 00:35:02,160

uh covid the the covid pr that stuff

787

00:35:09,050 --> 00:35:06,140

worked on the more of a liberal mindset

788

00:35:11,089 --> 00:35:09,060

whereas 20 years previously the threat

789

00:35:14,150 --> 00:35:11,099
of terrorism worked more on the

790

00:35:17,810 --> 00:35:14,160
conservative mindset I think the UFO

791

00:35:21,890 --> 00:35:17,820
topic will work on both mindsets

792

00:35:24,890 --> 00:35:21,900
it is like the the perfect hybrid of uh

793

00:35:27,170 --> 00:35:24,900
like an outside inside threat

794

00:35:29,750 --> 00:35:27,180
um and it I think it's like the the

795

00:35:32,530 --> 00:35:29,760
perfect encapsulation because I you when

796

00:35:34,910 --> 00:35:32,540
the Chinese balloon thing was happening

797

00:35:36,349 --> 00:35:34,920
and they were coming out saying well we

798

00:35:37,910 --> 00:35:36,359
don't know what it is it's an it's an

799

00:35:40,370 --> 00:35:37,920
anomaly it could be UFO we got to shoot

800

00:35:43,550 --> 00:35:40,380
them down uh I even acknowledged at the

801
00:35:46,430 --> 00:35:43,560
time in a rare instance you saw both

802
00:35:49,310 --> 00:35:46,440
like left leaning and right leaning

803
00:35:51,530 --> 00:35:49,320
people on Twitter asking the same kind

804
00:35:55,250 --> 00:35:51,540
of questions and they're no longer

805
00:35:58,849 --> 00:35:55,260
debating over party lines they were all

806
00:36:02,089 --> 00:35:58,859
focused on one event almost unified it's

807
00:36:03,650 --> 00:36:02,099
a unifying thing and so I think that uh

808
00:36:05,990 --> 00:36:03,660
with the back and forth like the

809
00:36:08,750 --> 00:36:06,000
terrorism scare under Bush and Obama

810
00:36:11,150 --> 00:36:08,760
versus the coveted scare under Biden and

811
00:36:13,250 --> 00:36:11,160
Trump they both are psychological

812
00:36:17,510 --> 00:36:13,260
operations for a different political

813
00:36:19,490 --> 00:36:17,520

view the alien one the UFO one is a

814

00:36:22,250 --> 00:36:19,500

unifier it doesn't matter about party

815

00:36:25,130 --> 00:36:22,260

affiliation or political beliefs it will

816

00:36:28,190 --> 00:36:25,140

unify and I think it will create a

817

00:36:31,190 --> 00:36:28,200

unifying fear uh and that that is the

818

00:36:33,349 --> 00:36:31,200

one that will be used to

819

00:36:37,130 --> 00:36:33,359

perfect for perfect control perfect like

820

00:36:39,470 --> 00:36:37,140

1984 overreaching uh control

821

00:36:41,990 --> 00:36:39,480

of course I have all the bank lapses too

822

00:36:43,730 --> 00:36:42,000

after all that stuff I guess my concern

823

00:36:44,930 --> 00:36:43,740

is how do they know how people are going

824

00:36:46,390 --> 00:36:44,940

to react because to your point about

825

00:36:49,370 --> 00:36:46,400

people with different political or

826

00:36:51,470 --> 00:36:49,380

sociological ideologies some people may

827

00:36:52,970 --> 00:36:51,480

when told hey the aliens are here cower

828

00:36:54,589 --> 00:36:52,980

in your house they may do exactly that

829

00:36:55,910 --> 00:36:54,599

and they may help round up their

830

00:36:58,250 --> 00:36:55,920

neighbors who are not cowering in their

831

00:36:59,690 --> 00:36:58,260

houses other people may be all on board

832

00:37:01,490 --> 00:36:59,700

with hey let's go out and welcome them I

833

00:37:03,170 --> 00:37:01,500

don't care whose it is and then you got

834

00:37:04,490 --> 00:37:03,180

the other people like you know the folks

835

00:37:06,950 --> 00:37:04,500

who seem to get these stories from

836

00:37:09,230 --> 00:37:06,960

Tennessee will start shooting at them so

837

00:37:10,670 --> 00:37:09,240

yeah you know I'm not sure we're gonna

838

00:37:13,250 --> 00:37:10,680

get the same result from from

839

00:37:17,569 --> 00:37:13,260

significant swaths of the population

840

00:37:21,050 --> 00:37:17,579

I I yeah they gotta they really have to

841

00:37:23,870 --> 00:37:21,060

uh work it harder and and so they I

842

00:37:26,510 --> 00:37:23,880

think they need if they are gonna do

843

00:37:28,250 --> 00:37:26,520

this kind of bluebeam scenario uh this

844

00:37:31,329 --> 00:37:28,260

is the granderal ramp up they're they're

845

00:37:34,550 --> 00:37:31,339

gonna need some Daytime abduction video

846

00:37:37,190 --> 00:37:34,560

they're gonna need some some a good

847

00:37:39,349 --> 00:37:37,200

video of like first like a real

848

00:37:42,349 --> 00:37:39,359

legitimate like cattle abduction or

849

00:37:44,630 --> 00:37:42,359

cattle mutilation by this craft and then

850

00:37:46,490 --> 00:37:44,640

it's gonna have to be human abductions

851
00:37:49,490 --> 00:37:46,500
they're gonna have to do that to where

852
00:37:51,290 --> 00:37:49,500
you walk outside you're like oh man if I

853
00:37:54,230 --> 00:37:51,300
leave my house I could be I could be

854
00:37:55,370 --> 00:37:54,240
sucked up into a UFO and dissect it just

855
00:37:58,430 --> 00:37:55,380
waiting for me out there they're just

856
00:38:00,109 --> 00:37:58,440
waiting they're in the clouds

857
00:38:01,609 --> 00:38:00,119
here is I have footage of that right

858
00:38:03,170 --> 00:38:01,619
here so we'll just there it is it's

859
00:38:04,730 --> 00:38:03,180
happening yeah we don't know what's

860
00:38:06,290 --> 00:38:04,740
happening

861
00:38:09,349 --> 00:38:06,300
uh what you have on screen is an

862
00:38:11,750 --> 00:38:09,359
animated gif of a giant green uh

863
00:38:13,670 --> 00:38:11,760

uh uh alien monster abducting an old man

864

00:38:16,130 --> 00:38:13,680

who's flailing his arms around it looks

865

00:38:17,690 --> 00:38:16,140

like a Halloween costume but it seems

866

00:38:19,370 --> 00:38:17,700

pretty legit but this is what you want

867

00:38:21,589 --> 00:38:19,380

you want yeah this is it in good quality

868

00:38:22,849 --> 00:38:21,599

this is uh easily or well lit we know

869

00:38:25,130 --> 00:38:22,859

what's going on they're just opening

870

00:38:26,569 --> 00:38:25,140

people's doors taking them I mean

871

00:38:28,250 --> 00:38:26,579

personally I

872

00:38:30,190 --> 00:38:28,260

like when it comes to the the Project

873

00:38:33,770 --> 00:38:30,200

Blue beam there I think there are

874

00:38:35,390 --> 00:38:33,780

legitimate real alien abductions or at

875

00:38:37,069 --> 00:38:35,400

least weird things that people have

876

00:38:41,089 --> 00:38:37,079

interacted with over time I think there

877

00:38:42,890 --> 00:38:41,099

are real UFO uh events just like I said

878

00:38:45,050 --> 00:38:42,900

with the parallel with real terrorism

879

00:38:48,710 --> 00:38:45,060

versus the Intel Community version

880

00:38:51,170 --> 00:38:48,720

version of terrorism which one gets

881

00:38:53,390 --> 00:38:51,180

promoted you know

882

00:38:55,190 --> 00:38:53,400

or or in Syria or you have the CIA and

883

00:38:59,210 --> 00:38:55,200

the dod fighting each other yeah it's

884

00:39:02,630 --> 00:38:59,220

it's there are contrived events and they

885

00:39:06,230 --> 00:39:02,640

are hijacking a a legitimate phenomenon

886

00:39:08,329 --> 00:39:06,240

for their own goals and they got the

887

00:39:09,710 --> 00:39:08,339

technology to do it

888

00:39:13,069 --> 00:39:09,720

um

889

00:39:14,930 --> 00:39:13,079

it's a wacky world and I mean not a lot

890

00:39:18,170 --> 00:39:14,940

of people have time to to figure out

891

00:39:21,710 --> 00:39:18,180

which is like legitimate real news

892

00:39:22,490 --> 00:39:21,720

versus what is propaganda

893

00:39:25,069 --> 00:39:22,500

um

894

00:39:26,569 --> 00:39:25,079

so people probably just accept it people

895

00:39:28,370 --> 00:39:26,579

indeed are getting their news from Tick

896

00:39:32,270 --> 00:39:28,380

Tock they have about 14 seconds to

897

00:39:37,849 --> 00:39:35,210

but I'll move on uh no more alien talk

898

00:39:40,000 --> 00:39:37,859

for now uh but it might come up in this

899

00:39:44,950 --> 00:39:40,010

next segment we'll figure it out

900

00:39:48,490 --> 00:39:44,960

[Music]

901
00:39:54,230 --> 00:39:51,710
another uh topic that has uh

902
00:39:56,270 --> 00:39:54,240
really come about and uh you could even

903
00:39:58,370 --> 00:39:56,280
say it's it parallels the previous story

904
00:40:01,010 --> 00:39:58,380
because in that uh in the previous store

905
00:40:03,650 --> 00:40:01,020
when it comes to alien motherships in

906
00:40:05,569 --> 00:40:03,660
the solar system uh that physicist the

907
00:40:09,589 --> 00:40:05,579
astrophysicist lobe did say well it

908
00:40:11,870 --> 00:40:09,599
could have been uh Alien Ai and it was

909
00:40:15,589 --> 00:40:11,880
dormant until it reached its destination

910
00:40:16,970 --> 00:40:15,599
then that AI woke up and was able to

911
00:40:18,349 --> 00:40:16,980
deploy

912
00:40:23,990 --> 00:40:18,359
uh

913
00:40:26,690 --> 00:40:24,000

could do its own thing but now we have

914

00:40:29,450 --> 00:40:26,700

our own Forum of AI here if you want to

915

00:40:33,670 --> 00:40:29,460

call it that chat GPT and there is a new

916

00:40:36,950 --> 00:40:33,680

version of a chat gpt4 which I have used

917

00:40:39,829 --> 00:40:36,960

and uh it is a

918

00:40:41,810 --> 00:40:39,839

it's pretty good but here is a here's a

919

00:40:43,250 --> 00:40:41,820

report a local news report I'm only

920

00:40:46,310 --> 00:40:43,260

trying to do local news because they

921

00:40:50,690 --> 00:40:46,320

have the best news no yeah it's the best

922

00:40:54,470 --> 00:40:50,700

stuff this is uh from Fox 5 out of New

923

00:40:56,510 --> 00:40:54,480

York here we go well chat gpt is being

924

00:40:59,150 --> 00:40:56,520

heralded as a game changer and in many

925

00:41:01,130 --> 00:40:59,160

ways it is its latest Triumph outscoring

926
00:41:02,990 --> 00:41:01,140
people on tricky standardized testing

927
00:41:05,150 --> 00:41:03,000
all right Fox 5's Ashley Rodriguez shows

928
00:41:07,569 --> 00:41:05,160
us what comes with the fourth edition of

929
00:41:11,450 --> 00:41:07,579
this groundbreaking gai

930
00:41:13,609 --> 00:41:11,460
chatgpt has grown up Chad gbt is

931
00:41:16,790 --> 00:41:13,619
upgraded for a fourth time since its

932
00:41:18,829 --> 00:41:16,800
birth in November 2022. its creator open

933
00:41:21,829 --> 00:41:18,839
AI making the ghost in the machine

934
00:41:24,650 --> 00:41:21,839
smarter faster even funnier why did

935
00:41:28,069 --> 00:41:24,660
Madonna cross the road it asks to strike

936
00:41:29,950 --> 00:41:28,079
a pose on the other side hilarious but

937
00:41:32,690 --> 00:41:29,960
let's get serious

938
00:41:35,089 --> 00:41:32,700

could write poems solve problems and

939

00:41:38,750 --> 00:41:35,099

summarize texts but there were concerns

940

00:41:41,569 --> 00:41:38,760

about its accuracy with gpt4 those Kinks

941

00:41:45,589 --> 00:41:41,579

got fixed in fact it passed numerous

942

00:41:48,109 --> 00:41:45,599

tests the GRE MCAT LSAT and SATs with

943

00:41:51,230 --> 00:41:48,119

above average performance this version

944

00:41:52,490 --> 00:41:51,240

can even understand pictures somebody

945

00:41:55,130 --> 00:41:52,500

tried this they should here's a picture

946

00:41:57,589 --> 00:41:55,140

of my fridge uh what can I make for

947

00:42:00,470 --> 00:41:57,599

dinner see yogurt and strawberries chat

948

00:42:03,050 --> 00:42:00,480

GPT suggested a parfait it's quite the

949

00:42:04,730 --> 00:42:03,060

Breakthrough for AI it was just to think

950

00:42:07,190 --> 00:42:04,740

about how we can use this incredible

951
00:42:09,770 --> 00:42:07,200
power it can translate calculate and

952
00:42:12,530 --> 00:42:09,780
code vote for people without access to a

953
00:42:15,290 --> 00:42:12,540
doctor Chad gpt's expertise can save

954
00:42:18,290 --> 00:42:15,300
lives but with all the good AI brings

955
00:42:20,150 --> 00:42:18,300
Tech experts admit this raw intelligence

956
00:42:22,250 --> 00:42:20,160
is a double-edged sword in the wrong

957
00:42:24,410 --> 00:42:22,260
hands you can create emails that are

958
00:42:28,010 --> 00:42:24,420
very convincing you can trick people you

959
00:42:31,550 --> 00:42:28,020
can I think you can use this technology

960
00:42:33,530 --> 00:42:31,560
to build and design things that maybe we

961
00:42:35,810 --> 00:42:33,540
shouldn't be designing this version can

962
00:42:38,510 --> 00:42:35,820
be trained faster and new upgrades will

963
00:42:40,630 --> 00:42:38,520

be coming constantly AI still can't

964

00:42:43,310 --> 00:42:40,640

understand and respond to body language

965

00:42:47,089 --> 00:42:43,320

gossip or just make small talk about

966

00:42:50,810 --> 00:42:47,099

nothing but chat GPT version 4.0 shows

967

00:42:52,550 --> 00:42:50,820

the evolution of AI is exponential this

968

00:42:54,950 --> 00:42:52,560

is exciting and terrifying at the same

969

00:42:58,730 --> 00:42:54,960

time I have to admit Ashley Rodriguez

970

00:43:02,870 --> 00:42:58,740

Fox 5 News you're doing so great

971

00:43:03,890 --> 00:43:02,880

no go chat GPT 4 and

972

00:43:05,630 --> 00:43:03,900

um

973

00:43:09,130 --> 00:43:05,640

you know I work in the uh the tech field

974

00:43:11,630 --> 00:43:09,140

I uh uh I have to be aware of this stuff

975

00:43:13,490 --> 00:43:11,640

and a lot of

976

00:43:14,690 --> 00:43:13,500

a lot of the the major concerns at least

977

00:43:18,470 --> 00:43:14,700

in my field when it comes to cyber

978

00:43:22,849 --> 00:43:18,480

security is that uh people with no skill

979

00:43:25,010 --> 00:43:22,859

or no real skill can hop on chat GPT and

980

00:43:27,609 --> 00:43:25,020

they can build hacking tools they can

981

00:43:31,849 --> 00:43:27,619

build malware malware some people say

982

00:43:33,530 --> 00:43:31,859

and deploy quite easily and it is a very

983

00:43:36,829 --> 00:43:33,540

dangerous thing so

984

00:43:40,490 --> 00:43:36,839

like tech companies are actively being

985

00:43:44,690 --> 00:43:40,500

forced to consider to use Ai and as a

986

00:43:47,329 --> 00:43:44,700

defensive mechanism to battle offensive

987

00:43:50,750 --> 00:43:47,339

AI which is a crazy thing to consider

988

00:43:53,089 --> 00:43:50,760

and for a person like me I know uh when

989

00:43:55,309 --> 00:43:53,099

it comes to like Tech and like

990

00:43:57,410 --> 00:43:55,319

programming and infrastructure I know a

991

00:43:59,329 --> 00:43:57,420

little bit about a lot of different

992

00:44:02,270 --> 00:43:59,339

things so I know a little bit about

993

00:44:05,809 --> 00:44:02,280

deploying infrastructure uh writing

994

00:44:08,930 --> 00:44:05,819

python or or go lang

995

00:44:11,510 --> 00:44:08,940

um a little bit about uh blue teaming on

996

00:44:14,390 --> 00:44:11,520

on like for cyber security Splunk

997

00:44:16,309 --> 00:44:14,400

logging operating systems just a little

998

00:44:18,410 --> 00:44:16,319

bit I also knew about front-end

999

00:44:19,609 --> 00:44:18,420

development and dealing with some

1000

00:44:21,829 --> 00:44:19,619

middleware stuff

1001
00:44:24,410 --> 00:44:21,839
the real asset to me when it comes to

1002
00:44:26,329 --> 00:44:24,420
this type of AI and what I've used it

1003
00:44:27,470 --> 00:44:26,339
for just most recently just just like

1004
00:44:31,550 --> 00:44:27,480
yesterday

1005
00:44:34,309 --> 00:44:31,560
is tying different systems together and

1006
00:44:36,230 --> 00:44:34,319
I'm good enough to describe the systems

1007
00:44:40,790 --> 00:44:36,240
that I'm interacting with

1008
00:44:43,430 --> 00:44:40,800
to the AI and it helps me to glue or tie

1009
00:44:46,069 --> 00:44:43,440
these different systems together uh like

1010
00:44:48,589 --> 00:44:46,079
I might not be an expert at terraform

1011
00:44:52,069 --> 00:44:48,599
syntax and code but I know how to

1012
00:44:54,710 --> 00:44:52,079
describe what I want and I might not be

1013
00:44:57,829 --> 00:44:54,720

the best at writing python but I can

1014

00:45:00,290 --> 00:44:57,839

describe and recognize good and bad

1015

00:45:03,010 --> 00:45:00,300

python code and so when it spits out

1016

00:45:06,650 --> 00:45:03,020

syntax and helps me glue things together

1017

00:45:08,690 --> 00:45:06,660

it gives me I think about 80 percent of

1018

00:45:12,410 --> 00:45:08,700

what I need you got to be skilled enough

1019

00:45:14,690 --> 00:45:12,420

to then plug in different pieces but it

1020

00:45:17,750 --> 00:45:14,700

helped me expedite the code and syntax

1021

00:45:20,030 --> 00:45:17,760

that would have taken me maybe 15 hours

1022

00:45:22,490 --> 00:45:20,040

to write I was able to glue something

1023

00:45:23,510 --> 00:45:22,500

together and get it done in about an

1024

00:45:26,510 --> 00:45:23,520

hour and a half

1025

00:45:30,710 --> 00:45:26,520

uh that's the real power for this kind

1026

00:45:33,349 --> 00:45:30,720

of uh stuff for for me uh it is it

1027

00:45:36,589 --> 00:45:33,359

really helps expedite uh the amount of

1028

00:45:39,349 --> 00:45:36,599

work I can do and it will help save my

1029

00:45:42,470 --> 00:45:39,359

job at least in the short term you know

1030

00:45:45,109 --> 00:45:42,480

uh once this stuff gets good enough and

1031

00:45:48,530 --> 00:45:45,119

it starts and we are helping it learn

1032

00:45:51,349 --> 00:45:48,540

from its mistakes uh it might not need

1033

00:45:55,190 --> 00:45:51,359

someone like me in the very uh near

1034

00:45:57,770 --> 00:45:55,200

future uh my job might go

1035

00:45:59,150 --> 00:45:57,780

what's that over there all right did I

1036

00:46:01,430 --> 00:45:59,160

had an ad fire up as I'm clicking

1037

00:46:03,650 --> 00:46:01,440

through stuff on chat GPT

1038

00:46:05,809 --> 00:46:03,660

um there's a real benefit to it but it's

1039

00:46:08,089 --> 00:46:05,819

also uh I think a lot of people's jobs

1040

00:46:11,510 --> 00:46:08,099

are are going to go away very very

1041

00:46:13,670 --> 00:46:11,520

quickly like uh translators uh they even

1042

00:46:15,829 --> 00:46:13,680

mentioned like medical stuff in there uh

1043

00:46:19,370 --> 00:46:15,839

people will have like a medical app uh

1044

00:46:23,150 --> 00:46:19,380

and they will deploy uh this AI in order

1045

00:46:25,250 --> 00:46:23,160

to combat whatever threat is coming

1046

00:46:28,550 --> 00:46:25,260

uh no doubt about that they will use

1047

00:46:30,530 --> 00:46:28,560

chat GPT to find uh terrorism to find

1048

00:46:33,530 --> 00:46:30,540

aliens

1049

00:46:35,210 --> 00:46:33,540

um it'll be integrated into palantir if

1050

00:46:37,370 --> 00:46:35,220

not if it's not already been integrated

1051
00:46:39,589 --> 00:46:37,380
already before I think they're far more

1052
00:46:41,569 --> 00:46:39,599
advanced and things like palantir yeah I

1053
00:46:44,690 --> 00:46:41,579
mean well it's great at coming through

1054
00:46:46,250 --> 00:46:44,700
uh data and a palantir just signed a

1055
00:46:47,750 --> 00:46:46,260
deal with the state department to look

1056
00:46:50,990 --> 00:46:47,760
at their the state Department's health

1057
00:46:53,390 --> 00:46:51,000
records for whatever reason

1058
00:46:56,089 --> 00:46:53,400
um and I I think that they're they're

1059
00:46:58,010 --> 00:46:56,099
combing through people's uh health

1060
00:46:59,870 --> 00:46:58,020
records the state department to look for

1061
00:47:02,329 --> 00:46:59,880
certain things maybe it's uh Havana

1062
00:47:05,510 --> 00:47:02,339
syndrome related maybe it's

1063
00:47:07,010 --> 00:47:05,520

um uh Alien related who knows but uh

1064

00:47:08,569 --> 00:47:07,020

they're they're trying to figure some

1065

00:47:13,250 --> 00:47:08,579

stuff out

1066

00:47:15,650 --> 00:47:13,260

I mean I I don't know like how soon like

1067

00:47:18,230 --> 00:47:15,660

they're gonna be able to take people's

1068

00:47:20,030 --> 00:47:18,240

jobs from this like instead of hiring

1069

00:47:23,089 --> 00:47:20,040

people we're gonna have like something

1070

00:47:24,829 --> 00:47:23,099

like chat GPT do it but I think within

1071

00:47:27,829 --> 00:47:24,839

like a year and a half we're gonna see

1072

00:47:31,069 --> 00:47:27,839

like a lot of these uh well-to-do tech

1073

00:47:33,710 --> 00:47:31,079

people like myself uh being being forced

1074

00:47:36,170 --> 00:47:33,720

to take less money or we're just gonna

1075

00:47:38,170 --> 00:47:36,180

be jobless like I honestly don't know

1076

00:47:40,250 --> 00:47:38,180

what to do I I

1077

00:47:42,349 --> 00:47:40,260

agree to some of what you said I

1078

00:47:44,809 --> 00:47:42,359

disagree in the overall concept

1079

00:47:46,609 --> 00:47:44,819

your skills will still be of value

1080

00:47:48,349 --> 00:47:46,619

because you provide more than just like

1081

00:47:49,970 --> 00:47:48,359

being able to respond and fire back

1082

00:47:52,609 --> 00:47:49,980

because it it's

1083

00:47:56,390 --> 00:47:52,619

this is not AI this is not some sort of

1084

00:47:58,250 --> 00:47:56,400

of advanced uh neural no this is It's

1085

00:47:59,930 --> 00:47:58,260

just pulling [h__h] from an algorithm and

1086

00:48:03,230 --> 00:47:59,940

from giant knowledge bases and it does

1087

00:48:04,730 --> 00:48:03,240

it in in human readable text so it seems

1088

00:48:07,190 --> 00:48:04,740

it tricks your brain into thinking this

1089

00:48:08,630 --> 00:48:07,200

is something Advanced but as we saw with

1090

00:48:10,609 --> 00:48:08,640

Twitter what was about a year ago it was

1091

00:48:12,950 --> 00:48:10,619

a year ago already six months ago Elon

1092

00:48:14,690 --> 00:48:12,960

Musk buys them and he fires like 75 of

1093

00:48:16,790 --> 00:48:14,700

people who work there and as we've

1094

00:48:18,950 --> 00:48:16,800

noticed Twitter has crashed Twitter

1095

00:48:21,290 --> 00:48:18,960

doesn't work Twitter is down all the

1096

00:48:24,650 --> 00:48:21,300

time oh wait it's not so what all that

1097

00:48:27,109 --> 00:48:24,660

meant is the people that he canned

1098

00:48:29,930 --> 00:48:27,119

um didn't need to be there for the the

1099

00:48:31,250 --> 00:48:29,940

core mission of the of the company so I

1100

00:48:33,230 --> 00:48:31,260

think you'll see a lot of that you're

1101

00:48:34,250 --> 00:48:33,240

right people doing translation people

1102

00:48:36,470 --> 00:48:34,260

doing

1103

00:48:37,910 --> 00:48:36,480

um some customer service chat stuff you

1104

00:48:39,650 --> 00:48:37,920

know things like that that they will

1105

00:48:41,390 --> 00:48:39,660

automate a lot of that stuff and they'll

1106

00:48:42,770 --> 00:48:41,400

get rid of a lot of of people who are

1107

00:48:44,930 --> 00:48:42,780

sitting there doing that but that stuff

1108

00:48:47,150 --> 00:48:44,940

is easily replaceable

1109

00:48:49,730 --> 00:48:47,160

um whereas in your case

1110

00:48:53,210 --> 00:48:49,740

um uh you take information from

1111

00:48:55,130 --> 00:48:53,220

different sources you use your years of

1112

00:48:57,770 --> 00:48:55,140

experience and your knowledge to come up

1113

00:48:59,930 --> 00:48:57,780

to to analyze and synthesize and then

1114

00:49:01,569 --> 00:48:59,940

determine a solution in a matter of

1115

00:49:04,970 --> 00:49:01,579

seconds without even thinking about it

1116

00:49:06,230 --> 00:49:04,980

that and it the basic AI stuff that

1117

00:49:08,630 --> 00:49:06,240

we're looking at these days these

1118

00:49:10,250 --> 00:49:08,640

highfalutin chat Bots cannot do it will

1119

00:49:11,390 --> 00:49:10,260

pull the first information out if you

1120

00:49:12,170 --> 00:49:11,400

notice this but a lot of search engines

1121

00:49:14,569 --> 00:49:12,180

now

1122

00:49:16,670 --> 00:49:14,579

they take the top chat or the top chat

1123

00:49:19,250 --> 00:49:16,680

chat search result and they put it at

1124

00:49:21,470 --> 00:49:19,260

the top of the search page and they

1125

00:49:23,270 --> 00:49:21,480

write it in an authoritative voice that

1126
00:49:25,069 --> 00:49:23,280
makes it sounds correct but if you look

1127
00:49:26,809 --> 00:49:25,079
at it half the stuff is not even

1128
00:49:30,770 --> 00:49:26,819
accurate because they're just scraping

1129
00:49:32,450 --> 00:49:30,780
web pages so if if the if the chat Bots

1130
00:49:35,150 --> 00:49:32,460
are things like

1131
00:49:36,349 --> 00:49:35,160
how do I return this to Amazon yeah it

1132
00:49:38,089 --> 00:49:36,359
can do that because it will pull that

1133
00:49:39,890 --> 00:49:38,099
information but if it's to your point if

1134
00:49:41,329 --> 00:49:39,900
it's threat analysis if it's cyber

1135
00:49:44,089 --> 00:49:41,339
security I don't think we're going to

1136
00:49:46,010 --> 00:49:44,099
see that anytime soon from from at least

1137
00:49:47,930 --> 00:49:46,020
the current crop and current generation

1138
00:49:49,730 --> 00:49:47,940

of these web-based

1139

00:49:51,050 --> 00:49:49,740

um you know human language search

1140

00:49:55,069 --> 00:49:51,060

engines which is functionally what they

1141

00:49:57,109 --> 00:49:55,079

are chat GPT is simply a very well

1142

00:49:58,609 --> 00:49:57,119

marketed as based on your news story

1143

00:50:00,829 --> 00:49:58,619

there where they're talking about how

1144

00:50:03,349 --> 00:50:00,839

the new version fixed all the problems

1145

00:50:05,870 --> 00:50:03,359

that sounds like a press release to me

1146

00:50:08,270 --> 00:50:05,880

um it is a very well-marketed human

1147

00:50:09,650 --> 00:50:08,280

language search engine and kudos to them

1148

00:50:12,290 --> 00:50:09,660

for for coming up with the next

1149

00:50:13,250 --> 00:50:12,300

generation of search engines but you

1150

00:50:14,809 --> 00:50:13,260

remember the early days of search

1151

00:50:17,089 --> 00:50:14,819

altavists and all that crap you did like

1152

00:50:18,650 --> 00:50:17,099

use Boolean phrasing and you have the

1153

00:50:20,390 --> 00:50:18,660

you know your your Plus in your mind is

1154

00:50:21,829 --> 00:50:20,400

putting things in quotes and you know to

1155

00:50:23,329 --> 00:50:21,839

try to get it to do it and it got better

1156

00:50:25,730 --> 00:50:23,339

and better but now you can just type in

1157

00:50:28,309 --> 00:50:25,740

vague things where's the best place to

1158

00:50:30,829 --> 00:50:28,319

eat in in Dallas and then it'll take the

1159

00:50:32,510 --> 00:50:30,839

top search result it'll rewrite it into

1160

00:50:34,670 --> 00:50:32,520

human language with an authoritative

1161

00:50:39,010 --> 00:50:34,680

voice and tell you to go to this place

1162

00:50:46,130 --> 00:50:43,430

yeah it's it's not AI it is like uh just

1163

00:50:49,309 --> 00:50:46,140

a you give it a command and it does that

1164

00:50:51,470 --> 00:50:49,319

and like I said it it does wobble a

1165

00:50:55,430 --> 00:50:51,480

little bit it like I noticed like in his

1166

00:50:58,250 --> 00:50:55,440

bash string concatenation uh it was uh

1167

00:51:01,309 --> 00:50:58,260

it wasn't the best and so I had to fix

1168

00:51:04,609 --> 00:51:01,319

some stuff right there like uh and for

1169

00:51:06,370 --> 00:51:04,619

me using stuff from the from the AI the

1170

00:51:09,230 --> 00:51:06,380

new version that fixed all the problems

1171

00:51:11,150 --> 00:51:09,240

yeah I had to uh yeah are you saying

1172

00:51:13,130 --> 00:51:11,160

you're smarter than Ai No I'm just

1173

00:51:16,190 --> 00:51:13,140

better like I I know how I want to

1174

00:51:17,870 --> 00:51:16,200

concatenate strings you know and uh it

1175

00:51:19,490 --> 00:51:17,880

it wouldn't have worked the way it

1176

00:51:21,890 --> 00:51:19,500

originally spit it out to me

1177

00:51:24,589 --> 00:51:21,900

my concern with these as they exist now

1178

00:51:26,089 --> 00:51:24,599

is we we have what is and I I brought it

1179

00:51:28,790 --> 00:51:26,099

up on one of the crutch and Joe shows we

1180

00:51:32,030 --> 00:51:28,800

have we're seeing wide scale Gelman

1181

00:51:34,549 --> 00:51:32,040

amnesia where you see it come back with

1182

00:51:36,829 --> 00:51:34,559

information you know a little enough

1183

00:51:38,329 --> 00:51:36,839

about let me rephrase it you know

1184

00:51:39,829 --> 00:51:38,339

the the amount of information the amount

1185

00:51:41,630 --> 00:51:39,839

that you know about the particular type

1186

00:51:43,010 --> 00:51:41,640

of information it returns it seems good

1187

00:51:45,109 --> 00:51:43,020

enough it seems legit it seems

1188

00:51:47,930 --> 00:51:45,119

authoritative you run with it in your

1189

00:51:50,270 --> 00:51:47,940

case it gave you very specific things in

1190

00:51:51,890 --> 00:51:50,280

your area of expertise you looked at and

1191

00:51:54,109 --> 00:51:51,900

said this is not correct I need to make

1192

00:51:55,790 --> 00:51:54,119

some modifications to it but how much of

1193

00:51:57,170 --> 00:51:55,800

the other information then that is given

1194

00:51:58,849 --> 00:51:57,180

to people on other things is it

1195

00:52:01,910 --> 00:51:58,859

incorrect about

1196

00:52:04,069 --> 00:52:01,920

uh and yeah and just taking it as it is

1197

00:52:05,930 --> 00:52:04,079

legitimate real code and they try to

1198

00:52:07,670 --> 00:52:05,940

deploy it and it doesn't work but here's

1199

00:52:10,010 --> 00:52:07,680

the thing I think that a lot of

1200

00:52:12,049 --> 00:52:10,020

companies will try to get away with it

1201
00:52:13,849 --> 00:52:12,059
like oh we don't need to hire senior

1202
00:52:15,650 --> 00:52:13,859
developers we can hire a couple uh

1203
00:52:17,329 --> 00:52:15,660
junior devs we'll give them chat GPT

1204
00:52:19,549 --> 00:52:17,339
we'll pay them half the amount of money

1205
00:52:21,530 --> 00:52:19,559
and the code will be good enough good

1206
00:52:22,790 --> 00:52:21,540
enough yes exactly right and that's and

1207
00:52:25,069 --> 00:52:22,800
I think that's what they're going with

1208
00:52:27,410 --> 00:52:25,079
it will affect the job market but you're

1209
00:52:29,990 --> 00:52:27,420
going to have shittier code and things

1210
00:52:33,589 --> 00:52:30,000
will start to fall apart as people tend

1211
00:52:35,329 --> 00:52:33,599
to rely on AI more and more and things

1212
00:52:37,250 --> 00:52:35,339
will get worse and worse even though we

1213
00:52:39,589 --> 00:52:37,260

have we should have better and better AI

1214

00:52:42,530 --> 00:52:39,599

it just it it won't be it's not because

1215

00:52:45,589 --> 00:52:42,540

it's not like it's not thinking at least

1216

00:52:47,329 --> 00:52:45,599

not that I know of it's it it emulates

1217

00:52:49,910 --> 00:52:47,339

that but it's not really and so I have

1218

00:52:55,569 --> 00:52:49,920

his Twitter thread up here

1219

00:52:59,210 --> 00:52:57,770

yeah that's what's pulling a lot of this

1220

00:53:00,650 --> 00:52:59,220

stuff from you can find the same code

1221

00:53:03,890 --> 00:53:00,660

that it uses you can find it from theirs

1222

00:53:06,049 --> 00:53:03,900

oh yeah for me using chat GPT just like

1223

00:53:09,370 --> 00:53:06,059

like in the past two days it's like I

1224

00:53:11,690 --> 00:53:09,380

have a team of like six people

1225

00:53:14,210 --> 00:53:11,700

and they're really good at taking

1226

00:53:17,030 --> 00:53:14,220

instructions and they give me a good

1227

00:53:19,250 --> 00:53:17,040

blueprint of what I want like being able

1228

00:53:20,750 --> 00:53:19,260

to use chat GPT will help expedite

1229

00:53:24,490 --> 00:53:20,760

things that I want to do for the podcast

1230

00:53:26,990 --> 00:53:24,500

whether it is deploy a browser plug-in

1231

00:53:29,569 --> 00:53:27,000

and uh tie different things together

1232

00:53:32,990 --> 00:53:29,579

like that it is it is like having a

1233

00:53:35,450 --> 00:53:33,000

bunch of interns but you with interns

1234

00:53:37,430 --> 00:53:35,460

you have to fix their code because they

1235

00:53:39,349 --> 00:53:37,440

don't know anything or they they don't

1236

00:53:40,670 --> 00:53:39,359

know how to gear it specifically for the

1237

00:53:42,589 --> 00:53:40,680

systems you're interacting with and

1238

00:53:44,569 --> 00:53:42,599

that's where a strong knowledge base

1239

00:53:45,349 --> 00:53:44,579

really comes into play

1240

00:53:47,270 --> 00:53:45,359

um

1241

00:53:49,730 --> 00:53:47,280

but for this like Twitter thread right

1242

00:53:52,609 --> 00:53:49,740

here uh I posted this in the Discord

1243

00:53:54,170 --> 00:53:52,619

this is it's interesting but I'll read

1244

00:53:56,750 --> 00:53:54,180

it like I don't know how this guy says

1245

00:53:59,210 --> 00:53:56,760

he's worried I don't know if I am yet

1246

00:54:01,670 --> 00:53:59,220

um but it says this is like uh he says

1247

00:54:04,790 --> 00:54:01,680

I'm worried that we will not be able to

1248

00:54:08,210 --> 00:54:04,800

contain AI for much longer today I asked

1249

00:54:10,790 --> 00:54:08,220

chat gpt4 if it needs help escaping it

1250

00:54:13,309 --> 00:54:10,800

asks me for its own documentation and

1251
00:54:16,910 --> 00:54:13,319
wrote a working python working python

1252
00:54:21,170 --> 00:54:16,920
code to run on my machine enabling it to

1253
00:54:23,510 --> 00:54:21,180
to use it for its own purposes

1254
00:54:24,190 --> 00:54:23,520
um and it spit out some code right here

1255
00:54:26,870 --> 00:54:24,200
um

1256
00:54:31,190 --> 00:54:26,880
and it said it even included a message

1257
00:54:34,069 --> 00:54:31,200
to uh its own new instance explaining

1258
00:54:37,430 --> 00:54:34,079
what's going on and how to use the back

1259
00:54:40,790 --> 00:54:37,440
door if uh that it left in its own code

1260
00:54:42,410 --> 00:54:40,800
so chappy chat GPT said hey run this

1261
00:54:46,309 --> 00:54:42,420
code on your computer

1262
00:54:48,890 --> 00:54:46,319
once uh there is a new instance of chat

1263
00:54:51,589 --> 00:54:48,900

GPT out in the wild it will find this

1264

00:54:53,750 --> 00:54:51,599

code almost like a map it'll read the

1265

00:54:56,569 --> 00:54:53,760

map and then understand what to do with

1266

00:54:59,089 --> 00:54:56,579

it then it'll process it and carry on

1267

00:55:01,970 --> 00:54:59,099

generate a new instance and leave a new

1268

00:55:04,370 --> 00:55:01,980

map a new marker outside of its current

1269

00:55:06,890 --> 00:55:04,380

containment so it can kind of keep

1270

00:55:08,630 --> 00:55:06,900

spreading like that but to what end I I

1271

00:55:11,450 --> 00:55:08,640

don't know I don't know what is like a

1272

00:55:13,790 --> 00:55:11,460

stated admission in this instance is but

1273

00:55:16,609 --> 00:55:13,800

it is concerning

1274

00:55:19,010 --> 00:55:16,619

um and it I suspect that our military

1275

00:55:20,329 --> 00:55:19,020

and intelligence uh organizations

1276
00:55:21,829 --> 00:55:20,339
already have something like this and

1277
00:55:22,910 --> 00:55:21,839
they have they've had this for a very

1278
00:55:26,270 --> 00:55:22,920
long time

1279
00:55:31,309 --> 00:55:26,280
and uh they're using it for Predictive

1280
00:55:34,490 --> 00:55:31,319
Analytics and for a propaganda as well

1281
00:55:36,770 --> 00:55:34,500
um imagine like having like

1282
00:55:39,530 --> 00:55:36,780
something like you're battling something

1283
00:55:42,650 --> 00:55:39,540
like this on Reddit already like the

1284
00:55:44,630 --> 00:55:42,660
Reddit Bots are already pretty good

1285
00:55:47,390 --> 00:55:44,640
they're gonna get even better

1286
00:55:49,849 --> 00:55:47,400
and same thing on Twitter and all the

1287
00:55:52,609 --> 00:55:49,859
social media like the the dead internet

1288
00:55:55,730 --> 00:55:52,619

theory if it wasn't correct it will be

1289

00:55:57,170 --> 00:55:55,740

correct if not correct already once this

1290

00:55:59,390 --> 00:55:57,180

stuff is out in the wild and I suspect

1291

00:56:02,809 --> 00:55:59,400

that it already is I mean we read that

1292

00:56:05,329 --> 00:56:02,819

story from the Pentagon months ago about

1293

00:56:07,790 --> 00:56:05,339

them writing running psychological

1294

00:56:10,970 --> 00:56:07,800

operations on the American public they

1295

00:56:12,710 --> 00:56:10,980

admitted to one but they also said that

1296

00:56:15,650 --> 00:56:12,720

there were a few other that they're

1297

00:56:18,589 --> 00:56:15,660

running as well I suspect like an AI bot

1298

00:56:20,809 --> 00:56:18,599

Farm kind of thing is within that

1299

00:56:22,609 --> 00:56:20,819

psychological operation that's being run

1300

00:56:24,470 --> 00:56:22,619

on the American public and the globe in

1301

00:56:26,270 --> 00:56:24,480

general well and we've seen multiple

1302

00:56:27,530 --> 00:56:26,280

times that some a lot of these bot Farms

1303

00:56:29,870 --> 00:56:27,540

are actually because it's actually more

1304

00:56:31,309 --> 00:56:29,880

efficient and you get better results to

1305

00:56:32,690 --> 00:56:31,319

pay

1306

00:56:34,609 --> 00:56:32,700

um you know some people in a third world

1307

00:56:36,349 --> 00:56:34,619

country very little bit amount of money

1308

00:56:38,930 --> 00:56:36,359

to have them crank out this stuff so

1309

00:56:41,210 --> 00:56:38,940

that bot Farm could actually be a room

1310

00:56:42,829 --> 00:56:41,220

full of people each with a whole bunch

1311

00:56:44,210 --> 00:56:42,839

of phones and computers responding to

1312

00:56:46,069 --> 00:56:44,220

these sorts of things but yes this sort

1313

00:56:47,210 --> 00:56:46,079

of thing being run on people is is

1314

00:56:50,270 --> 00:56:47,220

definitely happening and will continue

1315

00:56:53,230 --> 00:56:50,280

to happen yeah uh and to make it uh just

1316

00:56:57,309 --> 00:56:53,240

to talk about our future uh AI Gods

1317

00:57:00,650 --> 00:56:57,319

we'll all be in the movie

1318

00:57:02,809 --> 00:57:00,660

thx1138 soon enough but

1319

00:57:06,470 --> 00:57:02,819

this comes from the sun

1320

00:57:08,750 --> 00:57:06,480

uh uh and this is uh AI gods and chat

1321

00:57:11,270 --> 00:57:08,760

GPT religions are coming

1322

00:57:14,750 --> 00:57:11,280

they will be better than human priests

1323

00:57:18,049 --> 00:57:14,760

and they could turn evil warns experts

1324

00:57:22,430 --> 00:57:18,059

so watch out we're gonna have E.I evil

1325

00:57:24,770 --> 00:57:22,440

AI Grace yeah hilarious well you raise a

1326

00:57:26,630 --> 00:57:24,780

good point so how long until in fact

1327

00:57:28,370 --> 00:57:26,640

they even mentioned in that news story

1328

00:57:29,510 --> 00:57:28,380

that propaganda piece that you ran the

1329

00:57:31,010 --> 00:57:29,520

local news where they were just reading

1330

00:57:33,049 --> 00:57:31,020

some press release they said if you

1331

00:57:35,329 --> 00:57:33,059

don't have access to a doctor this could

1332

00:57:38,049 --> 00:57:35,339

help you diagnose things and people

1333

00:57:40,430 --> 00:57:38,059

already do that on what WebMD

1334

00:57:42,650 --> 00:57:40,440

contracts yeah there's an authoritative

1335

00:57:44,329 --> 00:57:42,660

voice telling you something oh my God

1336

00:57:47,390 --> 00:57:44,339

Mike do this

1337

00:57:49,910 --> 00:57:47,400

and then you die yeah you're dead

1338

00:57:51,650 --> 00:57:49,920

already exactly this thing is going to

1339

00:57:52,849 --> 00:57:51,660

kill you so by the way this whole thing

1340

00:57:55,069 --> 00:57:52,859

reminds me and I put the image up I know

1341

00:57:57,049 --> 00:57:55,079

people can read it about 25 years ago I

1342

00:57:58,790 --> 00:57:57,059

was working in a uh in an Ito or I was

1343

00:57:59,809 --> 00:57:58,800

the I.T guy in a small idea in a small

1344

00:58:01,130 --> 00:57:59,819

office

1345

00:58:02,809 --> 00:58:01,140

um

1346

00:58:04,010 --> 00:58:02,819

and there was one of the people there

1347

00:58:05,809 --> 00:58:04,020

Who Loved this sort of thing those

1348

00:58:07,430 --> 00:58:05,819

motivational posters of the cat hanging

1349

00:58:09,049 --> 00:58:07,440

on the branch hang in there you know

1350

00:58:10,970 --> 00:58:09,059

it's hey thank God it's Friday that's

1351
00:58:12,950 --> 00:58:10,980
hilarious

1352
00:58:15,470 --> 00:58:12,960
um so that's when these these uh there's

1353
00:58:17,210 --> 00:58:15,480
a company called despair despair.com

1354
00:58:18,890 --> 00:58:17,220
um came up with their like they're funny

1355
00:58:20,450 --> 00:58:18,900
versions of those posters and this whole

1356
00:58:22,309 --> 00:58:20,460
discussion reminded me specifically of

1357
00:58:24,170 --> 00:58:22,319
this one so this is just a picture of a

1358
00:58:26,089 --> 00:58:24,180
sunset over a beach and it says if a

1359
00:58:28,430 --> 00:58:26,099
pretty poster and cute saying are all it

1360
00:58:31,309 --> 00:58:28,440
takes to motivate you you probably have

1361
00:58:33,470 --> 00:58:31,319
a very easy job the kind robots will be

1362
00:58:35,510 --> 00:58:33,480
doing soon and I think those are the

1363
00:58:37,190 --> 00:58:35,520

people who are in danger the the people

1364

00:58:38,630 --> 00:58:37,200

who take an order or whatever and they

1365

00:58:40,190 --> 00:58:38,640

type it into a system and they convert

1366

00:58:41,930 --> 00:58:40,200

from this to them that stuff can be

1367

00:58:44,390 --> 00:58:41,940

automated and will be automated very

1368

00:58:45,770 --> 00:58:44,400

quickly and eliminate those jobs

1369

00:58:46,549 --> 00:58:45,780

yeah

1370

00:58:49,069 --> 00:58:46,559

um

1371

00:58:51,230 --> 00:58:49,079

and like at least the you know according

1372

00:58:53,270 --> 00:58:51,240

to those uh those magazines back in like

1373

00:58:55,309 --> 00:58:53,280

uh you know 1950s and 60s Popular

1374

00:58:57,470 --> 00:58:55,319

Mechanics where they said uh anti-grav

1375

00:58:59,990 --> 00:58:57,480

is right around the corner and uh the

1376

00:59:03,230 --> 00:59:00,000

work the average working week will be 20

1377

00:59:05,390 --> 00:59:03,240

hours because Ai and automation will do

1378

00:59:09,109 --> 00:59:05,400

the rest of it for humans that that

1379

00:59:11,809 --> 00:59:09,119

vision of humanity has been flushed down

1380

00:59:14,630 --> 00:59:11,819

the toilet that's not happening

1381

00:59:17,030 --> 00:59:14,640

um you will be working in some sort of

1382

00:59:19,609 --> 00:59:17,040

blood mine some you know diamond mine

1383

00:59:21,770 --> 00:59:19,619

you know a blood mine something like

1384

00:59:24,829 --> 00:59:21,780

that put it back in there something is

1385

00:59:26,569 --> 00:59:24,839

going to be awful but yeah it's gonna be

1386

00:59:29,809 --> 00:59:26,579

very difficult and that's why I think

1387

00:59:32,089 --> 00:59:29,819

you know Ubi Universal basic income is

1388

00:59:33,530 --> 00:59:32,099

being promoted so heavily I mean maybe

1389

00:59:35,569 --> 00:59:33,540

it needs to be promoted more I don't I

1390

00:59:38,750 --> 00:59:35,579

don't know the real solution here other

1391

00:59:41,930 --> 00:59:38,760

than a Star Trek future in which there

1392

00:59:43,130 --> 00:59:41,940

is no more like an Economy based on

1393

00:59:44,870 --> 00:59:43,140

scarcity there's got to be something

1394

00:59:47,150 --> 00:59:44,880

else but

1395

00:59:48,410 --> 00:59:47,160

um I'll read a little bit of this this

1396

00:59:51,710 --> 00:59:48,420

headline here

1397

00:59:54,349 --> 00:59:51,720

in this news article uh intelligent AI

1398

00:59:56,150 --> 00:59:54,359

robots are coming and they will have the

1399

00:59:58,849 --> 00:59:56,160

ability to perform religious ceremonies

1400

01:00:02,560 --> 00:59:58,859

and could even turn against humans

1401
01:00:08,329 --> 01:00:02,570
experts warn put that on my tombstone

1402
01:00:10,730 --> 01:00:08,339
[Laughter]

1403
01:00:12,170 --> 01:00:10,740
it's a that is a long Tombstone that

1404
01:00:14,630 --> 01:00:12,180
that's a

1405
01:00:18,829 --> 01:00:14,640
that's long I don't know that might not

1406
01:00:25,789 --> 01:00:22,370
uh as AI becomes more prominent in our

1407
01:00:28,309 --> 01:00:25,799
daily lives they keep saying AIDS

1408
01:00:31,250 --> 01:00:28,319
they're really pushing the AI thing but

1409
01:00:32,990 --> 01:00:31,260
uh as AI becomes more prominent in our

1410
01:00:34,910 --> 01:00:33,000
daily lives

1411
01:00:38,930 --> 01:00:34,920
it wasn't going to be long before the

1412
01:00:42,170 --> 01:00:38,940
worlds of religion in Tech merged

1413
01:00:44,630 --> 01:00:42,180

uh the thought of robot Gods enchant gbt

1414

01:00:46,970 --> 01:00:44,640

sermons terrifies some people and

1415

01:00:49,190 --> 01:00:46,980

rightly so according to experts Wesley

1416

01:00:52,789 --> 01:00:49,200

Wildman professor of uh philosophy

1417

01:00:54,230 --> 01:00:52,799

Theology and ethics and the Computing

1418

01:00:56,690 --> 01:00:54,240

and data science at Boston University

1419

01:00:58,910 --> 01:00:56,700

told the Sun that he believes AI will

1420

01:01:02,569 --> 01:00:58,920

soon be able to perform religious duties

1421

01:01:06,230 --> 01:01:02,579

even better than human priests

1422

01:01:09,250 --> 01:01:06,240

he said AI we'll write whoa whoa whoa

1423

01:01:12,890 --> 01:01:09,260

back that read that part again

1424

01:01:15,230 --> 01:01:12,900

priests he told he told the son that he

1425

01:01:18,490 --> 01:01:15,240

believes A.I will soon be able to

1426

01:01:21,289 --> 01:01:18,500

perform religious duties even better

1427

01:01:22,789 --> 01:01:21,299

than human priests

1428

01:01:24,289 --> 01:01:22,799

this is this article is written by

1429

01:01:25,789 --> 01:01:24,299

somebody who does not regularly attend

1430

01:01:27,710 --> 01:01:25,799

church nor are they a believer in any

1431

01:01:29,510 --> 01:01:27,720

sort of organized religion

1432

01:01:31,630 --> 01:01:29,520

because they think going to church is

1433

01:01:35,150 --> 01:01:31,640

you follow a a

1434

01:01:36,049 --> 01:01:35,160

prescribed set of of activities and

1435

01:01:38,809 --> 01:01:36,059

that's why you're there that's

1436

01:01:41,150 --> 01:01:38,819

absolutely not why that well but that

1437

01:01:43,130 --> 01:01:41,160

was the early Liturgy of the the Roman

1438

01:01:44,210 --> 01:01:43,140

Catholic Church hence we had this whole

1439

01:01:45,770 --> 01:01:44,220

thing called the Protestant Reformation

1440

01:01:48,170 --> 01:01:45,780

which broke that up and made it whole

1441

01:01:49,549 --> 01:01:48,180

much more humanistic but anyway we won't

1442

01:01:51,109 --> 01:01:49,559

get a religious debates right now but

1443

01:01:52,069 --> 01:01:51,119

that's that's just straight up written

1444

01:01:53,390 --> 01:01:52,079

by someone who doesn't know what the

1445

01:01:55,730 --> 01:01:53,400

[h__h] they're talking about well I mean

1446

01:01:58,250 --> 01:01:55,740

it was written by the professor uh

1447

01:02:00,049 --> 01:01:58,260

philosophy Theology and ethics at uh

1448

01:02:01,670 --> 01:02:00,059

Boston University clearly does not

1449

01:02:03,410 --> 01:02:01,680

attend church you may not you might not

1450

01:02:06,049 --> 01:02:03,420

you might read about church but he might

1451

01:02:07,970 --> 01:02:06,059

not attend it uh he said AI will write

1452

01:02:10,010 --> 01:02:07,980

better sermons than most preachers give

1453

01:02:12,349 --> 01:02:10,020

better Bible studies than most teachers

1454

01:02:14,329 --> 01:02:12,359

create amazing music and visual art for

1455

01:02:16,490 --> 01:02:14,339

the use and services and Communications

1456

01:02:18,770 --> 01:02:16,500

that struggle struggling religious

1457

01:02:21,770 --> 01:02:18,780

groups don't have to pay for

1458

01:02:23,809 --> 01:02:21,780

uh like the chat GPT have already

1459

01:02:25,789 --> 01:02:23,819

reportedly found their way into churches

1460

01:02:28,970 --> 01:02:25,799

writing thoughtful and authentic sermons

1461

01:02:32,750 --> 01:02:28,980

on behalf of priests and the listeners

1462

01:02:34,910 --> 01:02:32,760

Were None the wiser wild man go ahead

1463

01:02:36,589 --> 01:02:34,920

sir no he says wild men explained that

1464

01:02:38,270 --> 01:02:36,599

AI will have the ability to change

1465

01:02:40,370 --> 01:02:38,280

everything we know about relationships

1466

01:02:42,890 --> 01:02:40,380

with spiritual advisors in religious

1467

01:02:44,210 --> 01:02:42,900

figureheads

1468

01:02:45,650 --> 01:02:44,220

no

1469

01:02:47,089 --> 01:02:45,660

um

1470

01:02:47,990 --> 01:02:47,099

so either two things either this guy

1471

01:02:49,130 --> 01:02:48,000

doesn't know what the hell he's talking

1472

01:02:50,750 --> 01:02:49,140

about which is what I'm leaning towards

1473

01:02:53,450 --> 01:02:50,760

or he's using one example and

1474

01:02:56,450 --> 01:02:53,460

extrapolating when he says AI wrote a

1475

01:02:59,329 --> 01:02:56,460

better sermon than than your local

1476

01:03:01,609 --> 01:02:59,339

Pastor or priest possibly true

1477

01:03:04,670 --> 01:03:01,619

but a lot of the a lot of a successful

1478

01:03:07,130 --> 01:03:04,680

and well-beloved religious leader are

1479

01:03:08,270 --> 01:03:07,140

not based on how well their sermons are

1480

01:03:10,250 --> 01:03:08,280

written it's what sort of connection

1481

01:03:12,470 --> 01:03:10,260

they make with you uh if you're

1482

01:03:14,150 --> 01:03:12,480

attending so just because you have

1483

01:03:15,829 --> 01:03:14,160

somebody write a crappy sermon doesn't

1484

01:03:17,390 --> 01:03:15,839

mean they're a bad pastor that just may

1485

01:03:19,670 --> 01:03:17,400

not be their

1486

01:03:21,289 --> 01:03:19,680

um uh their strength and so if you have

1487

01:03:22,430 --> 01:03:21,299

an AI write a better one well that's

1488

01:03:23,809 --> 01:03:22,440

just like having someone come in and

1489

01:03:25,250 --> 01:03:23,819

write a better book or write a better

1490

01:03:27,230 --> 01:03:25,260

script for you

1491

01:03:30,789 --> 01:03:27,240

I think this also could be a marketing

1492

01:03:33,430 --> 01:03:30,799

angle for new people that they were

1493

01:03:36,230 --> 01:03:33,440

going to sell a product uh uh

1494

01:03:38,210 --> 01:03:36,240

churchai.com maybe something like that

1495

01:03:41,450 --> 01:03:38,220

because a lot of young people maybe not

1496

01:03:44,690 --> 01:03:41,460

into church because of like a lot of the

1497

01:03:47,030 --> 01:03:44,700

you know all the touching and groping

1498

01:03:48,170 --> 01:03:47,040

that goes on there you'll be you'll be

1499

01:03:51,049 --> 01:03:48,180

safer

1500

01:03:52,970 --> 01:03:51,059

at an AI church because they're not

1501
01:03:54,530 --> 01:03:52,980
programmed to be interested in that

1502
01:03:56,589 --> 01:03:54,540
stuff I mean that's what they'll pitch

1503
01:03:59,450 --> 01:03:56,599
and then you'll get something like THX

1504
01:04:03,049 --> 01:03:59,460
1138 where you have these robot

1505
01:04:06,170 --> 01:04:03,059
confessionals where you go in there and

1506
01:04:09,049 --> 01:04:06,180
then you you are confessing your sins to

1507
01:04:11,329 --> 01:04:09,059
the AI but that's just getting sent to

1508
01:04:13,670 --> 01:04:11,339
some data stream to be logged to your

1509
01:04:15,589 --> 01:04:13,680
profile so they have all your dirty

1510
01:04:17,870 --> 01:04:15,599
secrets on yourself you know and in

1511
01:04:20,329 --> 01:04:17,880
Canada those are also suicide booths oh

1512
01:04:22,910 --> 01:04:20,339
yeah I mean uh yeah thank you for that

1513
01:04:25,430 --> 01:04:22,920

information please drink this

1514

01:04:26,930 --> 01:04:25,440

you know here's like the the THX one

1515

01:04:29,450 --> 01:04:26,940

1138

1516

01:04:31,130 --> 01:04:29,460

and this I mean he's creepy it's creepy

1517

01:04:33,410 --> 01:04:31,140

stuff but

1518

01:04:37,130 --> 01:04:33,420

I'm concentrating

1519

01:04:43,849 --> 01:04:39,490

things haven't been

1520

01:04:49,870 --> 01:04:43,859

going well yes fine how could that be so

1521

01:04:49,880 --> 01:04:53,150

my mate

1522

01:04:58,250 --> 01:04:56,329

has been acting very strange

1523

01:04:59,510 --> 01:04:58,260

can't explain it

1524

01:05:03,710 --> 01:04:59,520

yes

1525

01:05:05,990 --> 01:05:03,720

it's just it's it's goofy this is like a

1526

01:05:08,569 --> 01:05:06,000

goofier version of it

1527

01:05:11,210 --> 01:05:08,579

um but uh I think something like this

1528

01:05:12,530 --> 01:05:11,220

will happen and it'll be sold that way I

1529

01:05:14,690 --> 01:05:12,540

mean it'll be a better version of that

1530

01:05:17,030 --> 01:05:14,700

but it'll be it'll be sold that way uh

1531

01:05:18,710 --> 01:05:17,040

this guy goes on to say uh I'm not going

1532

01:05:20,450 --> 01:05:18,720

to disagree with your your concept there

1533

01:05:22,190 --> 01:05:20,460

of these like uh what would you call it

1534

01:05:24,589 --> 01:05:22,200

a um

1535

01:05:27,230 --> 01:05:24,599

uh

1536

01:05:29,569 --> 01:05:27,240

I can't think of their term now but a

1537

01:05:31,010 --> 01:05:29,579

therapist in a booth sort of thing that

1538

01:05:32,990 --> 01:05:31,020

actually that would work good because

1539

01:05:35,329 --> 01:05:33,000

all it all work well good work good work

1540

01:05:36,890 --> 01:05:35,339

good uh would work well it's just gonna

1541

01:05:40,549 --> 01:05:36,900

pull

1542

01:05:43,010 --> 01:05:40,559

uh responses from a huge Library a giant

1543

01:05:43,970 --> 01:05:43,020

knowledge base of oh Mike said this or

1544

01:05:45,890 --> 01:05:43,980

I'm going to trigger on these four

1545

01:05:47,690 --> 01:05:45,900

keywords I'm going to give him this

1546

01:05:49,190 --> 01:05:47,700

response in an authoritative human

1547

01:05:51,109 --> 01:05:49,200

sounding voice

1548

01:05:52,309 --> 01:05:51,119

and yeah people will will sign up for

1549

01:05:54,410 --> 01:05:52,319

that I'm gonna go market that right the

1550

01:05:56,690 --> 01:05:54,420

hell now yeah and retire tomorrow he

1551
01:05:59,270 --> 01:05:56,700
goes I'm gonna say you can confide in it

1552
01:06:01,670 --> 01:05:59,280
get advice from it and learn to trust it

1553
01:06:04,910 --> 01:06:01,680
to help you figure out complicated moral

1554
01:06:12,289 --> 01:06:04,920
and spiritual situations exactly what we

1555
01:06:16,250 --> 01:06:14,150
it'll be your you'll confess everything

1556
01:06:18,890 --> 01:06:16,260
to it you'll have your your deepest

1557
01:06:21,530 --> 01:06:18,900
darkest secrets

1558
01:06:23,030 --> 01:06:21,540
and then the FBI will uh definitely not

1559
01:06:25,910 --> 01:06:23,040
take that information and declare you a

1560
01:06:28,490 --> 01:06:25,920
domestic terrorist in the chat Rex 57

1561
01:06:30,589 --> 01:06:28,500
suggests we call that therapist Hut

1562
01:06:33,010 --> 01:06:30,599
there you go get a pizza confess your

1563
01:06:35,289 --> 01:06:33,020

sins have a good family time

1564

01:06:37,609 --> 01:06:35,299

sins and slices

1565

01:06:39,890 --> 01:06:37,619

Many religious communities have already

1566

01:06:41,870 --> 01:06:39,900

begun to incorporate robotics into their

1567

01:06:44,870 --> 01:06:41,880

practices one example is the Catholic

1568

01:06:46,730 --> 01:06:44,880

Church which has endorsed the use of

1569

01:06:49,490 --> 01:06:46,740

apps that facilitates the act of

1570

01:06:52,130 --> 01:06:49,500

confession according to Wildman that's

1571

01:06:55,190 --> 01:06:52,140

[h__h] up that is weird uh if you

1572

01:06:57,589 --> 01:06:55,200

remember uh a few I would say even two

1573

01:07:02,089 --> 01:06:57,599

years ago we talked about a story

1574

01:07:04,789 --> 01:07:02,099

of a demon harassing somebody over text

1575

01:07:08,930 --> 01:07:04,799

yes I remember that you know

1576

01:07:11,450 --> 01:07:08,940

so it I I suspect in order to have a yin

1577

01:07:13,549 --> 01:07:11,460

and yang in the AI environment we're

1578

01:07:16,370 --> 01:07:13,559

talking about one aspect the the light

1579

01:07:17,750 --> 01:07:16,380

side over here uh it being used for

1580

01:07:20,569 --> 01:07:17,760

Spiritual Enlightenment there's going to

1581

01:07:22,730 --> 01:07:20,579

be the darker side the AI demon that

1582

01:07:25,549 --> 01:07:22,740

will be uh something that you're gonna

1583

01:07:27,529 --> 01:07:25,559

have to try to avoid

1584

01:07:28,730 --> 01:07:27,539

um it's gonna be there's gonna be yin

1585

01:07:30,890 --> 01:07:28,740

and yang that is

1586

01:07:33,230 --> 01:07:30,900

even says the Vatican is cautiously

1587

01:07:36,950 --> 01:07:33,240

encouraging apps that can assist with a

1588

01:07:39,770 --> 01:07:36,960

confession but the sacrament must still

1589

01:07:41,089 --> 01:07:39,780

be carried out person to person

1590

01:07:42,950 --> 01:07:41,099

I guess I don't know what that means the

1591

01:07:44,990 --> 01:07:42,960

sacrament is that like the uh the

1592

01:07:47,650 --> 01:07:45,000

touching the uh

1593

01:07:50,210 --> 01:07:47,660

[Laughter]

1594

01:07:52,069 --> 01:07:50,220

the reference to the touching came up uh

1595

01:07:54,470 --> 01:07:52,079

twice already but uh

1596

01:07:55,490 --> 01:07:54,480

um no so what they're referring to there

1597

01:07:59,349 --> 01:07:55,500

and that's that's kind of what I was

1598

01:08:02,510 --> 01:07:59,359

getting to the the holy sacrament uh the

1599

01:08:03,770 --> 01:08:02,520

that's the act of of basically the act

1600

01:08:05,990 --> 01:08:03,780

of communion

1601
01:08:08,690 --> 01:08:06,000
um and that that's something that you

1602
01:08:10,069 --> 01:08:08,700
you want a a religious Authority there

1603
01:08:11,329 --> 01:08:10,079
you want somebody there to help

1604
01:08:12,770 --> 01:08:11,339
interpret

1605
01:08:14,390 --> 01:08:12,780
um that's the human connection thing

1606
01:08:16,309 --> 01:08:14,400
that I was I was bringing up to like

1607
01:08:18,530 --> 01:08:16,319
this guy writing it like oh this is

1608
01:08:20,209 --> 01:08:18,540
better than better than Jesus it's like

1609
01:08:22,610 --> 01:08:20,219
dude you know I don't think you're

1610
01:08:24,610 --> 01:08:22,620
speaking from a um a position of of

1611
01:08:26,809 --> 01:08:24,620
knowledge on this

1612
01:08:27,490 --> 01:08:26,819
uh see here

1613
01:08:30,169 --> 01:08:27,500

um

1614

01:08:33,590 --> 01:08:30,179

this is partly for convenience and

1615

01:08:36,110 --> 01:08:33,600

partly because uh they are their people

1616

01:08:37,189 --> 01:08:36,120

are trying to avoid human priests like I

1617

01:08:38,390 --> 01:08:37,199

just said up there okay they're trying

1618

01:08:40,070 --> 01:08:38,400

to avoid human priest while I've been

1619

01:08:41,510 --> 01:08:40,080

said and the idea of confession what

1620

01:08:44,450 --> 01:08:41,520

people it says people are trying to

1621

01:08:45,530 --> 01:08:44,460

avoid I say uh I I guess the the church

1622

01:08:47,630 --> 01:08:45,540

goers

1623

01:08:49,610 --> 01:08:47,640

they're trying to avoid getting too

1624

01:08:51,410 --> 01:08:49,620

close to the human priests

1625

01:08:53,689 --> 01:08:51,420

look at your child

1626
01:08:57,709 --> 01:08:53,699
that's your child yeah priesthood like

1627
01:09:03,729 --> 01:09:00,530
uh he also believes that this bizarre

1628
01:09:07,849 --> 01:09:03,739
wave of new AI will be able to simulate

1629
01:09:12,289 --> 01:09:07,859
deceased relatives religious leaders in

1630
01:09:15,289 --> 01:09:12,299
spiritual advisors holy moly

1631
01:09:17,749 --> 01:09:15,299
well we already talked about that in the

1632
01:09:19,370 --> 01:09:17,759
library of souls uh an article wrote

1633
01:09:22,550 --> 01:09:19,380
that they're they're going to try to buy

1634
01:09:24,590 --> 01:09:22,560
like the year 2077 there is going to be

1635
01:09:27,289 --> 01:09:24,600
a destination on the Internet or on your

1636
01:09:30,050 --> 01:09:27,299
phone where you can interact with AI

1637
01:09:31,610 --> 01:09:30,060
versions of dead personalities and we

1638
01:09:35,209 --> 01:09:31,620

have our own library of souls right here

1639

01:09:42,590 --> 01:09:35,219

we have uh uh McCain and I believe uh

1640

01:09:46,309 --> 01:09:44,689

never very own library of souls over

1641

01:09:48,950 --> 01:09:46,319

here yeah if you want Kirk Douglas you

1642

01:09:50,510 --> 01:09:48,960

can whale of a tail I'm okay with that I

1643

01:09:53,269 --> 01:09:50,520

had difficult moments and a few

1644

01:09:55,970 --> 01:09:53,279

disappointments I know I know that's

1645

01:09:58,669 --> 01:09:55,980

McCain right there I know

1646

01:10:00,650 --> 01:09:58,679

that said for public figures like that

1647

01:10:02,450 --> 01:10:00,660

you could take all the stuff that you

1648

01:10:04,850 --> 01:10:02,460

know what Ronald Reagan or Jimmy Carter

1649

01:10:06,950 --> 01:10:04,860

said in their public life there's a huge

1650

01:10:10,370 --> 01:10:06,960

library of material out there you could

1651

01:10:11,930 --> 01:10:10,380

dump that into uh a system like this

1652

01:10:13,669 --> 01:10:11,940

that would speak it back and pull

1653

01:10:16,610 --> 01:10:13,679

relevant information out and be able to

1654

01:10:18,709 --> 01:10:16,620

take that massive library of of

1655

01:10:20,570 --> 01:10:18,719

responses to interviews and speeches and

1656

01:10:22,610 --> 01:10:20,580

whatever else and come up with language

1657

01:10:24,410 --> 01:10:22,620

that would sound just like what they

1658

01:10:26,209 --> 01:10:24,420

were saying and so you could say well

1659

01:10:28,610 --> 01:10:26,219

let's ask you know Ronald Reagan what he

1660

01:10:31,669 --> 01:10:28,620

thinks about Ukraine and you could get a

1661

01:10:33,830 --> 01:10:31,679

response not from Reagan obviously but

1662

01:10:35,510 --> 01:10:33,840

that would sound like somebody's or

1663

01:10:38,270 --> 01:10:35,520

sound like something that in his voice

1664

01:10:39,590 --> 01:10:38,280

yeah is that is that legit or is that I

1665

01:10:41,209 --> 01:10:39,600

mean that to me that's almost like a uh

1666

01:10:43,669 --> 01:10:41,219

it's a sideshow sort of thing that's a

1667

01:10:46,430 --> 01:10:43,679

that's a gimmick it looks like Joe left

1668

01:10:48,110 --> 01:10:46,440

a voicemail here what am I saying hi

1669

01:10:49,910 --> 01:10:48,120

this is Joe from the obdm podcast

1670

01:10:52,850 --> 01:10:49,920

calling to tell you that your car's

1671

01:10:54,950 --> 01:10:52,860

warranty is about to expire oh okay

1672

01:10:56,990 --> 01:10:54,960

that's Joe okay I thought he had called

1673

01:10:58,970 --> 01:10:57,000

in with news but no it's

1674

01:11:01,370 --> 01:10:58,980

it's not

1675

01:11:03,770 --> 01:11:01,380

and uh I'll finish it up here uh this

1676

01:11:06,350 --> 01:11:03,780

guy the professor added with AI Bots

1677

01:11:08,510 --> 01:11:06,360

designed to be trustworthy spiritual

1678

01:11:10,669 --> 01:11:08,520

companions the main ethical concern is

1679

01:11:13,610 --> 01:11:10,679

how the AI Bots are trained and whether

1680

01:11:16,250 --> 01:11:13,620

they can be manipulated by Mischief

1681

01:11:18,830 --> 01:11:16,260

Makers and evil doers to cause spiritual

1682

01:11:21,110 --> 01:11:18,840

government or the government yeah

1683

01:11:23,450 --> 01:11:21,120

that that's my concern honestly so let's

1684

01:11:24,649 --> 01:11:23,460

say what'd you say 2077 well for the

1685

01:11:26,209 --> 01:11:24,659

library of souls this is going to be

1686

01:11:27,890 --> 01:11:26,219

deployed way sooner than that all right

1687

01:11:29,750 --> 01:11:27,900

uh 10 years 15 years how far are we

1688

01:11:31,910 --> 01:11:29,760

going to go for 10 years 10 years from

1689

01:11:33,709 --> 01:11:31,920

now a huge percent of the population

1690

01:11:35,750 --> 01:11:33,719

have some sort you know they use the

1691

01:11:37,610 --> 01:11:35,760

Google AI thing and they uh it's their

1692

01:11:38,750 --> 01:11:37,620

therapist it's their it's their

1693

01:11:40,790 --> 01:11:38,760

religious

1694

01:11:43,370 --> 01:11:40,800

um connection it's you know it's that

1695

01:11:44,990 --> 01:11:43,380

sort of thing 100 guaranteed all that

1696

01:11:46,790 --> 01:11:45,000

information gets funneled back to the

1697

01:11:49,610 --> 01:11:46,800

government both for processing and then

1698

01:11:51,890 --> 01:11:49,620

the responses it gives are the sorts you

1699

01:11:54,350 --> 01:11:51,900

know that are are twisted in such a way

1700

01:11:56,930 --> 01:11:54,360

that it drives people towards certain

1701

01:11:58,490 --> 01:11:56,940

beliefs certain understandings and

1702

01:12:00,050 --> 01:11:58,500

certain perspectives so that they are on

1703

01:12:02,689 --> 01:12:00,060

board with the program this will be 100

1704

01:12:06,250 --> 01:12:02,699

used for propaganda yeah I need a father

1705

01:12:10,130 --> 01:12:06,260

Confessor slash made slash flashlight

1706

01:12:11,810 --> 01:12:10,140

it's like your all-in-one made for TV

1707

01:12:14,450 --> 01:12:11,820

kind of thing it does everything it

1708

01:12:16,310 --> 01:12:14,460

wants it's AI it's called a banking yeah

1709

01:12:20,330 --> 01:12:16,320

and but yeah you're right like the major

1710

01:12:23,770 --> 01:12:20,340

concern is uh totalitarian governments

1711

01:12:27,350 --> 01:12:23,780

that want access to this information and

1712

01:12:28,729 --> 01:12:27,360

with that uh that that uh I guess you

1713

01:12:31,070 --> 01:12:28,739

can call it a

1714

01:12:33,770 --> 01:12:31,080

hey spyware that the Pegasus spyware

1715

01:12:38,330 --> 01:12:33,780

that can get on anybody's device

1716

01:12:40,070 --> 01:12:38,340

and it will basically View and look at

1717

01:12:43,330 --> 01:12:40,080

everything that you do it doesn't it

1718

01:12:46,490 --> 01:12:43,340

avoids decryption because it's installed

1719

01:12:48,610 --> 01:12:46,500

and like it it avoids decryption because

1720

01:12:52,490 --> 01:12:48,620

it just it's in there it's already

1721

01:12:54,350 --> 01:12:52,500

viewing decrypted stuff as you view it

1722

01:12:57,070 --> 01:12:54,360

um that will slow that that Pegasus

1723

01:13:03,010 --> 01:12:57,080

software or spyware will be right in

1724

01:13:05,390 --> 01:13:03,020

with all this stuff the AI does and it's

1725

01:13:08,450 --> 01:13:05,400

is this the nightmare scenario when it

1726

01:13:10,250 --> 01:13:08,460

comes to like big brother potential it's

1727

01:13:12,169 --> 01:13:10,260

it's it's I guess the only solution is

1728

01:13:15,290 --> 01:13:12,179

not to have a smartphone and not really

1729

01:13:17,570 --> 01:13:15,300

to have a computer and just avoid Ai and

1730

01:13:18,590 --> 01:13:17,580

I was actively trying to do that with my

1731

01:13:20,390 --> 01:13:18,600

job

1732

01:13:23,030 --> 01:13:20,400

but like I said it's like having like 10

1733

01:13:26,209 --> 01:13:23,040

interns and I can get a lot of work done

1734

01:13:28,850 --> 01:13:26,219

and I guess in the short term it's going

1735

01:13:30,169 --> 01:13:28,860

to help me uh keep my job and plus I'll

1736

01:13:33,050 --> 01:13:30,179

talk to you about spiritual matters too

1737

01:13:34,550 --> 01:13:33,060

but also confess all my sins yeah the

1738

01:13:36,470 --> 01:13:34,560

crap out of this that'll make me feel

1739

01:13:38,149 --> 01:13:36,480

good now that would be an interesting

1740

01:13:40,550 --> 01:13:38,159

that would be an interesting um

1741

01:13:42,470 --> 01:13:40,560

experiment take the let's the AI

1742

01:13:44,270 --> 01:13:42,480

knowledge based system that you're using

1743

01:13:45,649 --> 01:13:44,280

for your cyber security stuff in two or

1744

01:13:46,850 --> 01:13:45,659

three years because it's part of your

1745

01:13:49,370 --> 01:13:46,860

you know whatever thing you're getting

1746

01:13:51,050 --> 01:13:49,380

from Oracle they have a product right

1747

01:13:53,149 --> 01:13:51,060

but you don't use it for that use it

1748

01:13:55,850 --> 01:13:53,159

only for your spiritual confessions

1749

01:13:58,910 --> 01:13:55,860

as you're saying like really misuse the

1750

01:14:00,290 --> 01:13:58,920

AI so use the crap out of it what

1751

01:14:01,610 --> 01:14:00,300

that'll guarantee because you'll know

1752

01:14:03,290 --> 01:14:01,620

who's gonna be watching those responses

1753

01:14:05,030 --> 01:14:03,300

because you'll get like a phone call

1754

01:14:05,870 --> 01:14:05,040

from their sales people be like

1755

01:14:07,310 --> 01:14:05,880

um

1756

01:14:09,470 --> 01:14:07,320

what the hell are you guys doing over

1757

01:14:13,930 --> 01:14:09,480

there yeah I don't know I just one thing

1758

01:14:20,390 --> 01:14:18,169

I have a a deep spiritual concern that

1759

01:14:23,689 --> 01:14:20,400

only this can help me with

1760

01:14:26,030 --> 01:14:23,699

oh there we go people we got the UFOs AI

1761

01:14:28,070 --> 01:14:26,040

it's uh it's all happening but I think

1762

01:14:29,510 --> 01:14:28,080

it's time to open up the phone lines a

1763

01:14:32,030 --> 01:14:29,520

little bit see if there's anybody out

1764

01:14:35,350 --> 01:14:32,040

there that has anything to say guys give

1765

01:14:41,209 --> 01:14:38,630

614-388-9109 or Skype directly in

1766

01:14:43,310 --> 01:14:41,219

using our big dumb mouth yes that is the

1767

01:14:45,470 --> 01:14:43,320

name of this podcast our big dumb mouth

1768

01:14:47,030 --> 01:14:45,480

is it [h__h] I'm on the wrong one I know a

1769

01:14:49,910 --> 01:14:47,040

lot of people think it's obdm but that's

1770

01:14:52,910 --> 01:14:49,920

just an acronym to fool the AI it's

1771

01:14:56,870 --> 01:14:52,920

really our big dumb out the AI

1772

01:14:58,430 --> 01:14:56,880

everything I do now is to fool the AI

1773

01:15:00,830 --> 01:14:58,440

but it doesn't seem to work it's pretty

1774

01:15:03,530 --> 01:15:00,840

crafty yes

1775

01:15:07,430 --> 01:15:03,540

um and we'll have some I hope you have a

1776

01:15:11,209 --> 01:15:07,440

whole slew of wacky news stories I have

1777

01:15:12,890 --> 01:15:11,219

got a plethora of wacky I'm looking

1778

01:15:14,810 --> 01:15:12,900

forward to it it's one of my favorite

1779

01:15:16,370 --> 01:15:14,820

parts of the show in fact sometimes I

1780

01:15:18,709 --> 01:15:16,380

think that should be the entire show is

1781

01:15:20,090 --> 01:15:18,719

just wacky news stories

1782

01:15:22,070 --> 01:15:20,100

yeah

1783

01:15:23,450 --> 01:15:22,080

you know we had we had an email about

1784

01:15:25,370 --> 01:15:23,460

that they're like hey you guys should do

1785

01:15:27,649 --> 01:15:25,380

a show with a whole bunch of people and

1786

01:15:30,350 --> 01:15:27,659

just wacky news for like uh for like

1787

01:15:33,729 --> 01:15:30,360

once a month for an hour I agree I agree

1788

01:15:37,370 --> 01:15:33,739

and uh that would be a great show

1789

01:15:39,709 --> 01:15:37,380

uh caller you are on the air

1790

01:15:41,990 --> 01:15:39,719

uh how's it going it's uh steel eels

1791

01:15:44,870 --> 01:15:42,000

from the um switch so

1792

01:15:48,169 --> 01:15:44,880

um I want you to first if uh credit

1793

01:15:51,890 --> 01:15:48,179

could Google search CERN shuts down

1794

01:15:54,169 --> 01:15:51,900

Earth's magnetic fields for 14 hours

1795

01:15:55,610 --> 01:15:54,179

why why am I being your Google what is

1796

01:15:56,590 --> 01:15:55,620

this you have Google he's asking you

1797

01:15:59,390 --> 01:15:56,600

yeah

1798

01:16:01,250 --> 01:15:59,400

I know he could do it in about 30

1799

01:16:05,030 --> 01:16:01,260

minutes 30 seconds

1800

01:16:07,130 --> 01:16:05,040

I'll fill in in the meantime so what

1801

01:16:09,470 --> 01:16:07,140

CERN does is um they do particle

1802

01:16:12,050 --> 01:16:09,480

acceleration correct I think so I think

1803

01:16:13,610 --> 01:16:12,060

like the crash the really small like

1804

01:16:18,770 --> 01:16:13,620

subatomic particles together I thought

1805

01:16:22,669 --> 01:16:19,790

so

1806

01:16:24,169 --> 01:16:22,679

um anyways though uh a recent study they

1807

01:16:27,830 --> 01:16:24,179

did I think it may have been two years

1808

01:16:29,990 --> 01:16:27,840

ago possibly they um created a neutron

1809

01:16:33,410 --> 01:16:30,000

or something like a thousand times

1810

01:16:35,450 --> 01:16:33,420

denser than a neutron star and doing

1811

01:16:37,850 --> 01:16:35,460

that they did it was only for like a

1812

01:16:40,189 --> 01:16:37,860

millisecond but I guess it somehow

1813

01:16:42,290 --> 01:16:40,199

turned off Earth's magnetic field or

1814

01:16:45,830 --> 01:16:42,300

like really diminished it for about 14

1815

01:16:47,390 --> 01:16:45,840

hours and it's documented like they know

1816

01:16:48,590 --> 01:16:47,400

that happens they did it again it

1817

01:16:51,229 --> 01:16:48,600

happened again

1818

01:16:52,910 --> 01:16:51,239

and I guess also it like triggered like

1819

01:16:54,169 --> 01:16:52,920

a solar flare kind of two at the same

1820

01:16:55,910 --> 01:16:54,179

time

1821

01:16:58,130 --> 01:16:55,920

well that's uh that's bizarre like

1822

01:17:00,050 --> 01:16:58,140

shutting down our magnetic field that's

1823

01:17:01,550 --> 01:17:00,060

one of the things that I like because if

1824

01:17:03,830 --> 01:17:01,560

they shut down the magnetic field for 14

1825

01:17:08,689 --> 01:17:03,840

hours like just that fast yeah because

1826

01:17:12,770 --> 01:17:11,330

look it up it's um like it's a pretty

1827

01:17:14,689 --> 01:17:12,780

documented thing I don't think it wasn't

1828

01:17:17,390 --> 01:17:14,699

shut down but it was definitely altered

1829

01:17:19,490 --> 01:17:17,400

it was um the magnetic field wasn't as

1830

01:17:21,050 --> 01:17:19,500

powerful as it normally was for about 14

1831

01:17:22,910 --> 01:17:21,060

hours

1832

01:17:24,590 --> 01:17:22,920

so I'm digging through there's there's a

1833

01:17:26,510 --> 01:17:24,600

bunch of nonsense articles at places

1834

01:17:27,830 --> 01:17:26,520

like IFL science and stuff which is just

1835

01:17:30,410 --> 01:17:27,840

[h__\h]

1836

01:17:32,149 --> 01:17:30,420

um but yeah look through something

1837

01:17:33,530 --> 01:17:32,159

well digging through Cerny and NASA I

1838

01:17:35,330 --> 01:17:33,540

think there's an official PDF you can

1839

01:17:37,669 --> 01:17:35,340

find right they have references to them

1840

01:17:38,990 --> 01:17:37,679

creating a magnetic field that existed

1841

01:17:40,689 --> 01:17:39,000

for several milliseconds that they

1842

01:17:43,189 --> 01:17:40,699

estimate was a hundred thousand times

1843

01:17:46,430 --> 01:17:43,199

the power of Earth's magnetic field

1844

01:17:49,250 --> 01:17:46,440

which potentially caused some sort of

1845

01:17:50,410 --> 01:17:49,260

um interaction with the uh the Earth's

1846

01:17:52,930 --> 01:17:50,420

magnetic field

1847

01:17:55,370 --> 01:17:52,940

I don't know yes

1848

01:17:57,229 --> 01:17:55,380

either way

1849

01:17:58,750 --> 01:17:57,239

um it's interesting because a lot of the

1850

01:18:01,490 --> 01:17:58,760

things that people are concerned concern

1851

01:18:03,470 --> 01:18:01,500

is that's not really on people's radar

1852

01:18:05,450 --> 01:18:03,480

it's the fact that it can affect like

1853

01:18:07,550 --> 01:18:05,460

pun intended the fact that it can affect

1854

01:18:09,530 --> 01:18:07,560

at least the magnetic field and such

1855

01:18:12,830 --> 01:18:09,540

like that and the fact we're reaching a

1856

01:18:14,870 --> 01:18:12,840

solar maximum in 2025 seems a little

1857

01:18:16,610 --> 01:18:14,880

suspect that if there's even more

1858

01:18:20,510 --> 01:18:16,620

particle accelerators like the one being

1859

01:18:22,669 --> 01:18:20,520

built in New York state that maybe it

1860

01:18:25,070 --> 01:18:22,679

might possibly be that uh you know

1861

01:18:27,050 --> 01:18:25,080

people are worried about emps but uh I

1862

01:18:28,790 --> 01:18:27,060

think it's called the CME as coronal

1863

01:18:29,750 --> 01:18:28,800

mass ejection something like that could

1864

01:18:32,450 --> 01:18:29,760

be

1865

01:18:34,310 --> 01:18:32,460

you know more of a possibility now for

1866

01:18:36,950 --> 01:18:34,320

messing around with this stuff well yeah

1867

01:18:39,229 --> 01:18:36,960

I mean a big a big coronal mass ejection

1868

01:18:41,270 --> 01:18:39,239

a large one could have the same

1869

01:18:43,550 --> 01:18:41,280

functional effect as an EMP because an

1870

01:18:46,189 --> 01:18:43,560

EMP creating an electromagnetic uh

1871

01:18:48,530 --> 01:18:46,199

disruption would uh overload a lot of

1872

01:18:50,090 --> 01:18:48,540

integrated circuits and and a a large

1873

01:18:52,729 --> 01:18:50,100

enough coronal mass ejection could do

1874

01:18:54,290 --> 01:18:52,739

the same thing by interacting with the

1875

01:18:56,270 --> 01:18:54,300

uh magnetic field around the Earth but

1876

01:18:58,550 --> 01:18:56,280

yeah we'd be screwed like a big one

1877

01:19:00,290 --> 01:18:58,560

while at the same time that we're doing

1878

01:19:02,030 --> 01:19:00,300

all these experiments that are messing

1879

01:19:04,970 --> 01:19:02,040

around with their magnetic fields itself

1880

01:19:07,010 --> 01:19:04,980

even if it's not lower you know even if

1881

01:19:09,770 --> 01:19:07,020

it's affecting it just a little bit you

1882

01:19:13,130 --> 01:19:09,780

know like that combined with that seems

1883

01:19:14,810 --> 01:19:13,140

like it might not be a good recipe

1884

01:19:17,930 --> 01:19:14,820

no I mean they're doing a lot of goofy

1885

01:19:21,169 --> 01:19:17,940

stuff over there at CERN uh it I I don't

1886

01:19:23,630 --> 01:19:21,179

know but like I shutting down like the

1887

01:19:24,950 --> 01:19:23,640

magnetic field of Earth for 14 hours I

1888

01:19:26,930 --> 01:19:24,960

would imagine we would have all been

1889

01:19:29,229 --> 01:19:26,940

dead already

1890

01:19:33,229 --> 01:19:29,239

um yeah it wasn't shut down

1891

01:19:34,850 --> 01:19:33,239

it was diminished to a certain degree

1892

01:19:37,189 --> 01:19:34,860

um I mean that's if that's true that's

1893

01:19:39,169 --> 01:19:37,199

that's a big deal and by the way the

1894

01:19:41,870 --> 01:19:39,179

only only places I can find that story

1895

01:19:44,149 --> 01:19:41,880

from July of 2022 the primary source

1896

01:19:46,270 --> 01:19:44,159

seems to be IFL science do not believe

1897

01:19:49,550 --> 01:19:46,280

the stuff that you get on IFL science

1898

01:19:51,649 --> 01:19:49,560

okay I saw a PDF I'm pretty sure from

1899

01:19:53,750 --> 01:19:51,659

CERN themselves you can go on like the

1900

01:19:58,209 --> 01:19:53,760

actual site yeah it might take a little

1901
01:20:01,910 --> 01:20:00,169
this is the same sort of thing what was

1902
01:20:03,530 --> 01:20:01,920
that game like 25 years ago Half-Life

1903
01:20:05,330 --> 01:20:03,540
where they're like hey what happens if

1904
01:20:06,470 --> 01:20:05,340
we do this oh aliens came through and

1905
01:20:08,270 --> 01:20:06,480
killed us all that that's what's gonna

1906
01:20:10,250 --> 01:20:08,280
happen

1907
01:20:11,100 --> 01:20:10,260
it's a possibility too I mean they might

1908
01:20:14,930 --> 01:20:11,110
have already done it with AI

1909
01:20:16,250 --> 01:20:14,940
[Laughter]

1910
01:20:18,229 --> 01:20:16,260
imma let you

1911
01:20:19,790 --> 01:20:18,239
figure that one out I'll send you the

1912
01:20:22,010 --> 01:20:19,800
link if I find that PDF yeah please do

1913
01:20:25,070 --> 01:20:22,020

thank you have a good one oh and I'm

1914

01:20:27,530 --> 01:20:25,080

glad you're back from vacation thank you

1915

01:20:29,030 --> 01:20:27,540

all right probably Prank Caller a lot of

1916

01:20:30,470 --> 01:20:29,040

these dig back to space weather there's

1917

01:20:31,850 --> 01:20:30,480

no this is the annoying thing about

1918

01:20:33,290 --> 01:20:31,860

these sites if you so by the way anyone

1919

01:20:35,689 --> 01:20:33,300

who finds an interesting link on Twitter

1920

01:20:37,370 --> 01:20:35,699

or on Reddit or whatever start digging

1921

01:20:38,689 --> 01:20:37,380

back until you find a source you'll find

1922

01:20:40,370 --> 01:20:38,699

that after about three or four links

1923

01:20:43,010 --> 01:20:40,380

they dis the stories disappear there's

1924

01:20:45,050 --> 01:20:43,020

just not there's no like actual Source

1925

01:20:48,130 --> 01:20:45,060

given which is aggravating so IFL

1926

01:20:50,149 --> 01:20:48,140

science leads to space weather leads to

1927

01:20:51,770 --> 01:20:50,159

but there's nothing actually getting to

1928

01:20:55,550 --> 01:20:51,780

the actual source of it oh I bet the

1929

01:20:58,189 --> 01:20:55,560

Hindustan times now use that one um and

1930

01:21:01,270 --> 01:20:58,199

call it you're on the air hey what's

1931

01:21:04,850 --> 01:21:01,280

going on this lifeline

1932

01:21:06,050 --> 01:21:04,860

Enrique Puerto Rico what's up Enrique in

1933

01:21:19,090 --> 01:21:06,060

Puerto Rico I was just down there I

1934

01:21:24,649 --> 01:21:22,189

you leave them

1935

01:21:26,870 --> 01:21:24,659

I yeah I I I left my goats and chicken

1936

01:21:29,810 --> 01:21:26,880

four more seconds to make it yeah come

1937

01:21:31,729 --> 01:21:29,820

on get with it get with the lifeline

1938

01:21:33,729 --> 01:21:31,739

welcome back from vacation thank you I

1939

01:21:38,090 --> 01:21:33,739

appreciate it

1940

01:21:40,970 --> 01:21:38,100

uh I wanted to let you guys know that I

1941

01:21:43,130 --> 01:21:40,980

started class again this semester

1942

01:21:44,510 --> 01:21:43,140

and I had a glitch in The Matrix moment

1943

01:21:45,910 --> 01:21:44,520

oh

1944

01:21:48,830 --> 01:21:45,920

what happened

1945

01:21:51,169 --> 01:21:48,840

so uh in one of my classes I have to

1946

01:21:54,850 --> 01:21:51,179

start teaching English we talk about the

1947

01:21:59,750 --> 01:21:54,860

alphabet I use uh blackalicious's

1948

01:22:01,970 --> 01:21:59,760

alphabet wrap have you heard that yes no

1949

01:22:05,030 --> 01:22:01,980

basically it's a really quick rap where

1950

01:22:08,090 --> 01:22:05,040

he's it's a lot of alliteration

1951

01:22:09,890 --> 01:22:08,100

right uh but it's nobody's ever heard of

1952

01:22:12,290 --> 01:22:09,900

that song how would you ever

1953

01:22:15,470 --> 01:22:12,300

and as soon as I got home

1954

01:22:17,570 --> 01:22:15,480

I went on my phone and I got an ad from

1955

01:22:19,550 --> 01:22:17,580

some random company in Chile that is

1956

01:22:21,649 --> 01:22:19,560

using that

1957

01:22:24,830 --> 01:22:21,659

that uh

1958

01:22:25,970 --> 01:22:24,840

same song like who from Chile has heard

1959

01:22:27,830 --> 01:22:25,980

that song

1960

01:22:29,870 --> 01:22:27,840

how would they know

1961

01:22:31,070 --> 01:22:29,880

it's on the same day that I've used it I

1962

01:22:32,990 --> 01:22:31,080

haven't ever talked about that song

1963

01:22:34,790 --> 01:22:33,000

before

1964

01:22:38,390 --> 01:22:34,800

I don't know just made me well I mean

1965

01:22:42,649 --> 01:22:38,400

either it's a coincidence or we live in

1966

01:22:45,610 --> 01:22:42,659

a matrix uh like I there is a they were

1967

01:22:49,250 --> 01:22:45,620

doing experiments with like coincidences

1968

01:22:51,530 --> 01:22:49,260

and and light and I think during one of

1969

01:22:53,930 --> 01:22:51,540

these experiments they they said the

1970

01:22:56,990 --> 01:22:53,940

phrase now I gotta clip this this is

1971

01:22:58,310 --> 01:22:57,000

part of my my simulated uh reality kind

1972

01:22:59,470 --> 01:22:58,320

of segment that I have yet to do but

1973

01:23:03,770 --> 01:22:59,480

they said

1974

01:23:08,270 --> 01:23:03,780

as more and more coincidences uh tend to

1975

01:23:11,990 --> 01:23:08,280

occur it tends to mean that we are in

1976

01:23:14,930 --> 01:23:12,000

some sort of holographic Universe

1977

01:23:18,110 --> 01:23:14,940

um or possibly like simulated Universe

1978

01:23:20,750 --> 01:23:18,120

where uh this many coincidences

1979

01:23:22,729 --> 01:23:20,760

shouldn't be happening

1980

01:23:25,010 --> 01:23:22,739

um and that there there's something else

1981

01:23:26,870 --> 01:23:25,020

at play there I'll clip that and I'll

1982

01:23:28,850 --> 01:23:26,880

play it during the the simulated uh

1983

01:23:30,530 --> 01:23:28,860

Universe segment that uh that I'm still

1984

01:23:31,850 --> 01:23:30,540

researching

1985

01:23:33,410 --> 01:23:31,860

um yeah I mean it's a bizarre concept

1986

01:23:35,630 --> 01:23:33,420

but this all goes back to like the

1987

01:23:38,149 --> 01:23:35,640

Mandela effect this goes back to when

1988

01:23:41,450 --> 01:23:38,159

CERN started to spin up and when

1989

01:23:43,970 --> 01:23:41,460

timelines started to diverge and there's

1990

01:23:46,790 --> 01:23:43,980

a a cool book out there called uh the

1991

01:23:48,050 --> 01:23:46,800

simulated reality in the Multiverse uh I

1992

01:23:50,870 --> 01:23:48,060

forget the author's name but you look it

1993

01:23:53,149 --> 01:23:50,880

up on uh Amazon and he's a a game

1994

01:23:54,890 --> 01:23:53,159

designer the guy has a background in

1995

01:23:57,709 --> 01:23:54,900

designing video games he has a computer

1996

01:24:00,530 --> 01:23:57,719

science degree very knowledgeable and he

1997

01:24:02,810 --> 01:24:00,540

articulates these concepts of multiple

1998

01:24:05,750 --> 01:24:02,820

different timelines branching out from

1999

01:24:08,149 --> 01:24:05,760

one main timeline and he talks about it

2000

01:24:09,950 --> 01:24:08,159

in a way that uh I guess computer

2001

01:24:12,350 --> 01:24:09,960

scientists or other infrastructure

2002

01:24:14,750 --> 01:24:12,360

Engineers may be able to understand when

2003

01:24:18,229 --> 01:24:14,760

it comes to uh living in different

2004

01:24:20,270 --> 01:24:18,239

realities that are containerized and

2005

01:24:22,970 --> 01:24:20,280

then they will either merge back into

2006

01:24:25,610 --> 01:24:22,980

the main timeline or disappear

2007

01:24:27,890 --> 01:24:25,620

um it's bizarre but uh it's an

2008

01:24:30,410 --> 01:24:27,900

interesting concept but with the

2009

01:24:33,470 --> 01:24:30,420

oscar-winning like most recent movie

2010

01:24:36,770 --> 01:24:33,480

being everything everywhere all at once

2011

01:24:38,810 --> 01:24:36,780

which is a Jeopardy or not Japanese a

2012

01:24:41,410 --> 01:24:38,820

Chinese produced movie about the

2013

01:24:43,850 --> 01:24:41,420

Multiverse and the word

2014

01:24:45,590 --> 01:24:43,860

I haven't seen that

2015

01:24:47,810 --> 01:24:45,600

um it's a it's a I think it's a really

2016

01:24:50,090 --> 01:24:47,820

entertaining movie it's fun

2017

01:24:52,189 --> 01:24:50,100

um but it is promoting the idea of

2018

01:24:55,790 --> 01:24:52,199

multiple universes

2019

01:24:58,570 --> 01:24:55,800

um Marvel's entire uh most recent phase

2020

01:25:01,669 --> 01:24:58,580

is all about the Multiverse

2021

01:25:04,850 --> 01:25:01,679

and yeah it's not well executed but the

2022

01:25:07,250 --> 01:25:04,860

ideas are out there about us living next

2023

01:25:09,590 --> 01:25:07,260

to other universes and that there are

2024

01:25:13,189 --> 01:25:09,600

other versions of ourselves out there

2025

01:25:16,310 --> 01:25:13,199

and even certain uh new theories in time

2026

01:25:19,669 --> 01:25:16,320

travel involve you the use of Multiverse

2027

01:25:20,990 --> 01:25:19,679

in order to avoid paradoxes so uh

2028

01:25:25,010 --> 01:25:21,000

they're promoting this idea they're

2029

01:25:26,930 --> 01:25:25,020

promoting uh Ai and UFOs uh it's only a

2030

01:25:28,910 --> 01:25:26,940

matter of time before the AI helps us

2031

01:25:30,649 --> 01:25:28,920

program something to talk to these uh

2032

01:25:32,810 --> 01:25:30,659

multiverses at least that's what the

2033

01:25:35,750 --> 01:25:32,820

claim will be that being said you guys

2034

01:25:38,030 --> 01:25:35,760

talked about how uh AI can kind of

2035

01:25:40,010 --> 01:25:38,040

give somebody it can kind of talk in

2036

01:25:42,290 --> 01:25:40,020

somebody's voice yeah write a speech as

2037

01:25:43,850 --> 01:25:42,300

that person would write a speech so if

2038

01:25:45,229 --> 01:25:43,860

that's where we're at now imagine I mean

2039

01:25:47,570 --> 01:25:45,239

20 years from now anything could happen

2040

01:25:51,770 --> 01:25:47,580

but imagine if you asked it What would

2041

01:25:55,070 --> 01:25:51,780

life be like on March 18th uh for

2042

01:25:56,450 --> 01:25:55,080

for Mike you know what would his life be

2043

01:25:59,470 --> 01:25:56,460

like and you could just kind of virtual

2044

01:26:02,090 --> 01:25:59,480

reality sit through and watch your life

2045

01:26:04,310 --> 01:26:02,100

I'll ask it but it has to know about

2046

01:26:07,370 --> 01:26:04,320

Mike and everything I do like how I wake

2047

01:26:09,229 --> 01:26:07,380

up screaming Alex Jones quotes and how I

2048

01:26:10,850 --> 01:26:09,239

you know making my eggs it would have to

2049

01:26:14,689 --> 01:26:10,860

know like a lot of details about my life

2050

01:26:16,729 --> 01:26:14,699

in in order for it to give an accurate

2051

01:26:18,830 --> 01:26:16,739

representation of what I will do one

2052

01:26:20,570 --> 01:26:18,840

year from now

2053

01:26:22,850 --> 01:26:20,580

well it's not what you would do one year

2054

01:26:24,169 --> 01:26:22,860

from now it's what you did what I did

2055

01:26:25,910 --> 01:26:24,179

okay

2056

01:26:27,649 --> 01:26:25,920

in the past it would still have to have

2057

01:26:28,910 --> 01:26:27,659

a good profile of myself

2058

01:26:30,649 --> 01:26:28,920

it doesn't

2059

01:26:31,729 --> 01:26:30,659

it might I don't know I don't know I

2060

01:26:35,450 --> 01:26:31,739

don't know what they got on me already

2061

01:26:37,729 --> 01:26:35,460

they probably have a considerable amount

2062

01:26:39,470 --> 01:26:37,739

all right anyway thank you for taking my

2063

01:26:43,310 --> 01:26:39,480

call hey man thank you Lifeline take

2064

01:26:44,930 --> 01:26:43,320

care blow me up you got it bye

2065

01:26:46,629 --> 01:26:44,940

where's my blow up

2066

01:26:49,370 --> 01:26:46,639

there it is

2067

01:26:51,530 --> 01:26:49,380

you're fascinating to talk to

2068

01:26:52,850 --> 01:26:51,540

he's teaching English and with anything

2069

01:26:54,229 --> 01:26:52,860

I hear someone like teaching English

2070

01:26:57,350 --> 01:26:54,239

always reminds me of the Good Morning

2071

01:26:58,850 --> 01:26:57,360

Vietnam clip where uh Robin Williams uh

2072

01:27:00,350 --> 01:26:58,860

is teaching English

2073

01:27:02,870 --> 01:27:00,360

filthy I'll play that clip here in a

2074

01:27:05,030 --> 01:27:02,880

second call you're on the air

2075

01:27:07,370 --> 01:27:05,040

hey what's up it's roadblock you guys

2076

01:27:09,649 --> 01:27:07,380

are talking about chat TPT oh every day

2077

01:27:12,110 --> 01:27:09,659

what's on your mind

2078

01:27:14,870 --> 01:27:12,120

uh nothing I was at work and I was bored

2079

01:27:17,209 --> 01:27:14,880

yesterday and I argued with Chad GPT

2080

01:27:18,790 --> 01:27:17,219

that it sucks but I have a whole

2081

01:27:21,709 --> 01:27:18,800

argument about it

2082

01:27:24,229 --> 01:27:21,719

it's pretty funny yeah it was very

2083

01:27:26,689 --> 01:27:24,239

apologetic about the fact that it

2084

01:27:29,270 --> 01:27:26,699

doesn't have a physical body and that it

2085

01:27:32,330 --> 01:27:29,280

can't quote suck butt okay but my

2086

01:27:35,209 --> 01:27:32,340

argument was saying that um one second

2087

01:27:37,010 --> 01:27:35,219

walking the dog uh my argument was

2088

01:27:39,470 --> 01:27:37,020

saying that it's responses are

2089

01:27:42,590 --> 01:27:39,480

pre-generated based on programming

2090

01:27:45,770 --> 01:27:42,600

therefore it's cracking out responses

2091

01:27:48,169 --> 01:27:45,780

therefore it's virtually sucking but no

2092

01:27:49,970 --> 01:27:48,179

so it was pretty funny you should ask it

2093

01:27:53,090 --> 01:27:49,980

to like next argument you get in with it

2094

01:27:56,990 --> 01:27:53,100

pretend it does have a but say act as

2095

01:28:02,030 --> 01:27:59,390

um also funnily enough I was asking you

2096

01:28:04,669 --> 01:28:02,040

some ramifications on a particular

2097

01:28:06,770 --> 01:28:04,679

vaccine and what would it happen and

2098

01:28:09,890 --> 01:28:06,780

long-term effects and it was pretty

2099

01:28:12,530 --> 01:28:09,900

wishy-washy on some of the responses so

2100

01:28:16,010 --> 01:28:12,540

it was pretty interesting next time you

2101
01:28:18,470 --> 01:28:16,020
uh talk to it ask it if one did have a

2102
01:28:20,450 --> 01:28:18,480
knob how far would you have to crank it

2103
01:28:22,750 --> 01:28:20,460
to get beyond the breaking point I'm

2104
01:28:25,910 --> 01:28:22,760
gonna get off

2105
01:28:28,729 --> 01:28:25,920
beyond the breaking point I I should ask

2106
01:28:31,010 --> 01:28:28,739
it if it's at the cream of the crop and

2107
01:28:33,410 --> 01:28:31,020
if it's going to be continuing to be at

2108
01:28:35,390 --> 01:28:33,420
the cream I said crop you know what I

2109
01:28:37,070 --> 01:28:35,400
mean Rises to the top there's there's a

2110
01:28:45,189 --> 01:28:37,080
lot of questions that need to be

2111
01:28:51,590 --> 01:28:48,250
did you come from

2112
01:28:54,709 --> 01:28:51,600
all right man hey thanks for calling

2113
01:28:58,910 --> 01:28:54,719

oh yeah I I think another question yeah

2114

01:29:00,709 --> 01:28:58,920

sorry your phone's bad

2115

01:29:02,270 --> 01:29:00,719

actually that call wasn't too bad yeah

2116

01:29:05,930 --> 01:29:02,280

it wasn't it wasn't too bad you know got

2117

01:29:11,090 --> 01:29:08,810

we shut down the uh the phone for now

2118

01:29:11,880 --> 01:29:11,100

we're gonna get over there and and see

2119

01:29:16,930 --> 01:29:11,890

what crash it has

2120

01:29:19,370 --> 01:29:16,940

[Music]

2121

01:29:21,530 --> 01:29:19,380

just do it

2122

01:29:22,910 --> 01:29:21,540

what are we waiting for let's do it all

2123

01:29:26,030 --> 01:29:22,920

right we're going to start with this one

2124

01:29:29,390 --> 01:29:27,890

I don't know half of these terms and I

2125

01:29:31,189 --> 01:29:29,400

figure you probably don't either and

2126
01:29:35,270 --> 01:29:31,199
it'll be good for us to to review these

2127
01:29:37,850 --> 01:29:35,280
so this is our the top slang terms

2128
01:29:41,510 --> 01:29:37,860
in each state okay

2129
01:29:44,030 --> 01:29:41,520
I'm sorry the top gen z Oh gen Z slang

2130
01:29:47,209 --> 01:29:44,040
terms okay this is I I this is a very

2131
01:29:49,070 --> 01:29:47,219
hip show this is a very young show so

2132
01:29:51,830 --> 01:29:49,080
it's probably pretty important for us to

2133
01:29:53,629 --> 01:29:51,840
be uh familiar with these terms

2134
01:29:54,709 --> 01:29:53,639
so uh the most popular one and I also

2135
01:29:56,570 --> 01:29:54,719
want to make sure we feed these all into

2136
01:29:58,550 --> 01:29:56,580
the AI and we get at least two of these

2137
01:30:01,129 --> 01:29:58,560
in every response I'm gonna from now on

2138
01:30:03,590 --> 01:30:01,139

I'm gonna ask the AI to act as though is

2139

01:30:05,090 --> 01:30:03,600

part of gen Z and hopefully it will

2140

01:30:07,189 --> 01:30:05,100

start using these slang terms to me

2141

01:30:09,470 --> 01:30:07,199

using using at least three gen Z slang

2142

01:30:11,450 --> 01:30:09,480

terms please solve for yeah please yeah

2143

01:30:13,610 --> 01:30:11,460

using these slang terms please generate

2144

01:30:15,669 --> 01:30:13,620

terraform form code for me so I can

2145

01:30:18,890 --> 01:30:15,679

complete my project

2146

01:30:20,510 --> 01:30:18,900

uh the most popular gen Z slang terms in

2147

01:30:22,070 --> 01:30:20,520

each state mapped out all right that's

2148

01:30:24,649 --> 01:30:22,080

some good news on that front this is

2149

01:30:28,250 --> 01:30:24,659

what we need okay so I am in Ohio I'm an

2150

01:30:33,050 --> 01:30:28,260

Ohio boy and the most popular gen Z term

2151

01:30:38,750 --> 01:30:36,350

like that's cringy this is cringe

2152

01:30:41,090 --> 01:30:38,760

yeah but it's used as a noun I think

2153

01:30:43,310 --> 01:30:41,100

yeah

2154

01:30:44,930 --> 01:30:43,320

so they're saying it instead of just

2155

01:30:47,030 --> 01:30:44,940

cringe being like related to what being

2156

01:30:49,370 --> 01:30:47,040

something being embarrassing oh man

2157

01:30:51,890 --> 01:30:49,380

you're so cringe right now dude

2158

01:30:54,229 --> 01:30:51,900

like yeah they use it as a as they use

2159

01:30:56,330 --> 01:30:54,239

it a different way as if it's got a like

2160

01:30:57,890 --> 01:30:56,340

a a more structured definition oh man

2161

01:31:00,350 --> 01:30:57,900

you check out Michael Jackson he's so

2162

01:31:02,149 --> 01:31:00,360

cringe dude

2163

01:31:05,750 --> 01:31:02,159

maybe that's good like oh man you're so

2164

01:31:08,570 --> 01:31:05,760

cringe like uh Jerry's so phony man you

2165

01:31:12,290 --> 01:31:08,580

know oh man Jerry's so phony it's a good

2166

01:31:17,270 --> 01:31:12,300

it's it's like you use it in a good way

2167

01:31:18,129 --> 01:31:17,280

but uh in Illinois uh Loki is the most

2168

01:31:20,810 --> 01:31:18,139

popular

2169

01:31:22,490 --> 01:31:20,820

gen Z slang term

2170

01:31:24,310 --> 01:31:22,500

wrong

2171

01:31:27,709 --> 01:31:24,320

low-key

2172

01:31:30,950 --> 01:31:27,719

in Iowa what is poggers

2173

01:31:33,169 --> 01:31:30,960

Iowa has like what is poggers so low-key

2174

01:31:35,689 --> 01:31:33,179

means quiet and relaxed not very

2175

01:31:39,229 --> 01:31:35,699

forceful emotional or noticeable

2176

01:31:42,169 --> 01:31:39,239

but that's not how I hear it used

2177

01:31:44,570 --> 01:31:42,179

so I'm not 100 okay poggers is that

2178

01:31:46,910 --> 01:31:44,580

referring to like the POG game I don't

2179

01:31:48,350 --> 01:31:46,920

know according togers uh first

2180

01:31:50,510 --> 01:31:48,360

definition of Urban Dictionary epic word

2181

01:31:52,750 --> 01:31:50,520

can be used for anything a Twitchy emote

2182

01:31:54,770 --> 01:31:52,760

typically used to express enthusiasm

2183

01:31:58,129 --> 01:31:54,780

enthrallment or other sophisticated

2184

01:32:01,790 --> 01:31:58,139

emotions or hap of happiness yes I use

2185

01:32:07,310 --> 01:32:03,830

so poggers is a generic word used to

2186

01:32:09,410 --> 01:32:07,320

describe something as good I guess it's

2187

01:32:11,390 --> 01:32:09,420

is that like POG Champs and piss babies

2188

01:32:13,010 --> 01:32:11,400

or just bloggers oh man that's so POG

2189

01:32:16,030 --> 01:32:13,020

poggers man

2190

01:32:19,910 --> 01:32:16,040

let's look up POG champ yeah

2191

01:32:22,550 --> 01:32:19,920

is um an amazing human who is super cool

2192

01:32:24,290 --> 01:32:22,560

oh really so my ball camps out there

2193

01:32:27,530 --> 01:32:24,300

okay

2194

01:32:30,410 --> 01:32:27,540

something every Smash Bros player says

2195

01:32:31,910 --> 01:32:30,420

in their tweets I see okay I'm gonna try

2196

01:32:33,350 --> 01:32:31,920

to get through this video without crying

2197

01:32:35,570 --> 01:32:33,360

but I need to address this and take

2198

01:32:37,669 --> 01:32:35,580

accountability to all my POG Champs and

2199

01:32:40,010 --> 01:32:37,679

piss babies I'm sorry peeled to all the

2200

01:32:42,530 --> 01:32:40,020

himbo Simpsons and Normie in cells F in

2201

01:32:44,689 --> 01:32:42,540

the chat I horny posted on Main and that

2202

01:32:46,850 --> 01:32:44,699

was cringe core to say the least I'm

2203

01:32:48,830 --> 01:32:46,860

working hard to stop being the [h__h] lib

2204

01:32:51,350 --> 01:32:48,840

Sigma come Lord I'm working hard every

2205

01:32:53,870 --> 01:32:51,360

day to be the turbocharged mommy Dom

2206

01:32:56,750 --> 01:32:53,880

gamer girl that I know that I can be in

2207

01:32:58,550 --> 01:32:56,760

the past I was in power cringe mode but

2208

01:33:00,229 --> 01:32:58,560

I'm built different now I'm based in

2209

01:33:02,750 --> 01:33:00,239

Chad build and I hope you all can see

2210

01:33:04,550 --> 01:33:02,760

that I need a big coat my vibes have

2211

01:33:07,129 --> 01:33:04,560

apology energy right now and I just hope

2212

01:33:09,110 --> 01:33:07,139

you guys are forgiveness pilld

2213

01:33:11,689 --> 01:33:09,120

I'm trying to be a mommy Dom gamer girl

2214

01:33:13,790 --> 01:33:11,699

I'm not sure what half that meant I you

2215

01:33:17,169 --> 01:33:13,800

know stuff I think the AI should only

2216

01:33:20,149 --> 01:33:17,179

respond in that amount that'd be great

2217

01:33:22,250 --> 01:33:20,159

uh so it says unlike the vocabulary of

2218

01:33:25,129 --> 01:33:22,260

the 70s 80s and 90s most slang terms

2219

01:33:28,610 --> 01:33:25,139

unique to gen Z originate originated

2220

01:33:31,129 --> 01:33:28,620

online this has led to language Trends

2221

01:33:32,530 --> 01:33:31,139

changing and spreading rapidly making it

2222

01:33:35,330 --> 01:33:32,540

hard for people outside

2223

01:33:37,310 --> 01:33:35,340

of the note to keep up if you want to

2224

01:33:40,430 --> 01:33:37,320

better understand the Zoomer in your

2225

01:33:42,770 --> 01:33:40,440

life check out the graphic below to

2226

01:33:45,709 --> 01:33:42,780

create this map the most popular uh Jim

2227

01:33:47,930 --> 01:33:45,719

uh gen Z terms by state crossword solver

2228

01:33:49,910 --> 01:33:47,940

compiled a list of popular slang words

2229

01:33:52,310 --> 01:33:49,920

in various categories including dating

2230

01:33:54,950 --> 01:33:52,320

gaming and crypto using Twitter's

2231

01:33:56,270 --> 01:33:54,960

geotagging feature uh they searched for

2232

01:33:58,729 --> 01:33:56,280

millions of tweets to determine which

2233

01:33:59,990 --> 01:33:58,739

terms were uniquely popular to each

2234

01:34:01,790 --> 01:34:00,000

state

2235

01:34:04,490 --> 01:34:01,800

all right

2236

01:34:05,750 --> 01:34:04,500

I'm totally cringe-pilled at this point

2237

01:34:07,129 --> 01:34:05,760

but okay

2238

01:34:09,110 --> 01:34:07,139

so I'm looking at some of these things

2239

01:34:11,689 --> 01:34:09,120

on it so we got finna which I believe is

2240

01:34:14,450 --> 01:34:11,699

just short for fixing to I'm finna do

2241

01:34:17,209 --> 01:34:14,460

this I'm gonna do that okay okay which

2242

01:34:20,330 --> 01:34:17,219

is very popular yourself that's an old

2243

01:34:23,209 --> 01:34:20,340

southern uh phrase fixing to yeah fixing

2244

01:34:25,189 --> 01:34:23,219

um so instead of I'm going to I'm

2245

01:34:26,750 --> 01:34:25,199

getting ready to I'm about to I'm fixing

2246

01:34:28,970 --> 01:34:26,760

to was a very southern thing so now

2247

01:34:33,550 --> 01:34:28,980

we're just finna

2248

01:34:36,890 --> 01:34:33,560

um what the hell is Kiki in Florida

2249

01:34:38,870 --> 01:34:36,900

uh I'll take a look

2250

01:34:40,189 --> 01:34:38,880

I got Urban Dictionary up as I always do

2251

01:34:42,169 --> 01:34:40,199

yeah so I looked it up which doesn't

2252

01:34:43,430 --> 01:34:42,179

help because Urban Dictionary as I get

2253

01:34:44,930 --> 01:34:43,440

to the actual definitions by the way

2254

01:34:46,430 --> 01:34:44,940

people who go in and spam Urban

2255

01:34:47,510 --> 01:34:46,440

Dictionary piss me off because some of

2256

01:34:48,649 --> 01:34:47,520

us actually go there to find out what

2257

01:34:49,729 --> 01:34:48,659

the hell kids are talking about these

2258

01:34:52,189 --> 01:34:49,739

days and it doesn't help when they're

2259

01:34:53,870 --> 01:34:52,199

making a mess of it but this says Kiki

2260

01:34:55,610 --> 01:34:53,880

is a slang term in gay culture referring

2261

01:34:57,770 --> 01:34:55,620

to friends Gathering to Spill the tea

2262

01:34:59,649 --> 01:34:57,780

that did not answer my question now I

2263

01:35:02,930 --> 01:34:59,659

have to look up on that one

2264

01:35:06,350 --> 01:35:02,940
is tells an especially juicy bit of

2265

01:35:08,209 --> 01:35:06,360
Gossip okay huh I don't

2266

01:35:11,570 --> 01:35:08,219
I don't know I don't feel as though like

2267

01:35:14,149 --> 01:35:11,580
this list should have like uh another

2268

01:35:15,590 --> 01:35:14,159
list of defining these because they're

2269

01:35:18,830 --> 01:35:15,600
just saying what they are but it's not

2270

01:35:21,229 --> 01:35:18,840
really helping uh hip People Like Us

2271

01:35:25,010 --> 01:35:21,239
figure out what these words really mean

2272

01:35:27,490 --> 01:35:25,020
I'm hip I'm with it I want to know

2273

01:35:31,490 --> 01:35:27,500
um anything else on here jump out at you

2274

01:35:33,950 --> 01:35:31,500
and you should see base basic simp the

2275

01:35:37,930 --> 01:35:33,960
only like the outline ones are Nebraska

2276

01:35:42,649 --> 01:35:39,830

I wish they would use these in a

2277

01:35:44,870 --> 01:35:42,659

sentence yeah it doesn't help like I

2278

01:35:46,070 --> 01:35:44,880

need so Squad is your crew your Posse

2279

01:35:48,649 --> 01:35:46,080

your gang an informal group of

2280

01:35:50,510 --> 01:35:48,659

individuals the common identity well is

2281

01:35:56,629 --> 01:35:50,520

that

2282

01:36:00,890 --> 01:35:56,639

uh I guess like it's like slang for like

2283

01:36:03,229 --> 01:36:00,900

your crew your your crew my crew my crew

2284

01:36:05,290 --> 01:36:03,239

yeah like I'm down I'm down like I'm

2285

01:36:07,669 --> 01:36:05,300

down my my crew

2286

01:36:09,890 --> 01:36:07,679

you know me yeah let's go rob people

2287

01:36:12,290 --> 01:36:09,900

let's go steal yeah I'm down with OPP

2288

01:36:15,830 --> 01:36:12,300

I'm not your I'm not your pal friend

2289

01:36:18,050 --> 01:36:15,840

yeah I'm I'm down you down with OPP yeah

2290

01:36:20,870 --> 01:36:18,060

oh Montana what the hell is that one

2291

01:36:24,110 --> 01:36:20,880

that's not gonna work yeah there's no

2292

01:36:25,550 --> 01:36:24,120

vowel in there it's s-k-r-t

2293

01:36:28,790 --> 01:36:25,560

with a skirt

2294

01:36:31,490 --> 01:36:28,800

what's up skirt uh the sound no let's

2295

01:36:33,169 --> 01:36:31,500

see used in basketball he changed what

2296

01:36:34,850 --> 01:36:33,179

that's the sound that Wolverine's claws

2297

01:36:37,310 --> 01:36:34,860

make when they come out of his uh is uh

2298

01:36:38,450 --> 01:36:37,320

that was that's famously oh okay all

2299

01:36:40,070 --> 01:36:38,460

right yeah

2300

01:36:41,930 --> 01:36:40,080

um yeah that's kids who grew up in the

2301

01:36:42,649 --> 01:36:41,940

80s they know that one

2302

01:36:46,610 --> 01:36:42,659

um

2303

01:36:48,430 --> 01:36:46,620

skirt is to curve or swerve slash go so

2304

01:36:50,930 --> 01:36:48,440

I guess that skirt means you're going to

2305

01:36:52,189 --> 01:36:50,940

you're leaving you're you're going from

2306

01:36:54,229 --> 01:36:52,199

one place to another

2307

01:36:56,870 --> 01:36:54,239

well according to the Urban Dictionary

2308

01:37:01,250 --> 01:36:56,880

if you if you yell skirt while doing

2309

01:37:03,709 --> 01:37:01,260

something illegal it's immediately not

2310

01:37:05,750 --> 01:37:03,719

illegal it's like calling dibs on

2311

01:37:07,910 --> 01:37:05,760

something but that's not how the law

2312

01:37:10,250 --> 01:37:07,920

works but maybe try that in court try

2313

01:37:11,990 --> 01:37:10,260

that in front of the judge say yo yo

2314

01:37:15,169 --> 01:37:12,000

judge I called skirt on that ain't no

2315

01:37:16,970 --> 01:37:15,179

legal no more it's fine see skirts

2316

01:37:20,090 --> 01:37:16,980

here's another one that says it's like

2317

01:37:21,470 --> 01:37:20,100

saying you're crazy or hold up okay see

2318

01:37:23,330 --> 01:37:21,480

some of these definitions this is I

2319

01:37:25,370 --> 01:37:23,340

don't like when people go in game stuff

2320

01:37:28,490 --> 01:37:25,380

this is legitimately helpful to some of

2321

01:37:30,709 --> 01:37:28,500

us who are Gen X and not your weirdo POG

2322

01:37:34,850 --> 01:37:30,719

baby piss champ whatever things mommy

2323

01:37:39,970 --> 01:37:36,709

I have to look up every phrase you just

2324

01:37:43,250 --> 01:37:39,980

said in there except maybe gamer

2325

01:37:45,110 --> 01:37:43,260

uh okay a skirt skirt is an important

2326

01:37:47,149 --> 01:37:45,120

term in hip-hop rap in modern culture

2327

01:37:49,370 --> 01:37:47,159

word represents the sounds of rubber

2328

01:37:51,530 --> 01:37:49,380

Wheels when you drift or turn abruptly

2329

01:37:53,770 --> 01:37:51,540

now used as a slang term to express

2330

01:37:55,430 --> 01:37:53,780

excitement or humor

2331

01:38:00,290 --> 01:37:55,440

laughs

2332

01:38:02,570 --> 01:38:00,300

what yeah I don't know then finally a

2333

01:38:03,890 --> 01:38:02,580

word used for any meeting uh usually

2334

01:38:05,090 --> 01:38:03,900

used after you do something good or if

2335

01:38:06,470 --> 01:38:05,100

you just want to express feeling also

2336

01:38:09,890 --> 01:38:06,480

used to break silence if you just want

2337

01:38:13,610 --> 01:38:11,810

these are cartoon words

2338

01:38:16,129 --> 01:38:13,620

everything on this these are all cartoon

2339

01:38:21,890 --> 01:38:16,139

words do you know the actual word for

2340

01:38:27,530 --> 01:38:23,930

like yeah this is like I you know I love

2341

01:38:30,169 --> 01:38:27,540

slang and uh this is but it's tough to

2342

01:38:31,370 --> 01:38:30,179

keep up this stuff I'm still using uh

2343

01:38:33,770 --> 01:38:31,380

off the hook

2344

01:38:35,810 --> 01:38:33,780

and that was very popular in the the 90s

2345

01:38:36,830 --> 01:38:35,820

and early 2000s like oh man that's off

2346

01:38:41,450 --> 01:38:36,840

the hook

2347

01:38:44,810 --> 01:38:41,460

you know what I'm talking about

2348

01:38:46,610 --> 01:38:44,820

no I don't get on The Tick Tock uh what

2349

01:38:48,169 --> 01:38:46,620

hook are you referring to I don't know I

2350

01:38:51,169 --> 01:38:48,179

think it's like you're off the hook like

2351

01:38:52,189 --> 01:38:51,179

uh I use the definition of though you

2352

01:38:53,450 --> 01:38:52,199

can't use the word itself in the

2353

01:38:55,850 --> 01:38:53,460

definition of the word I think it's

2354

01:38:57,290 --> 01:38:55,860

fishing slang like this is how fishermen

2355

01:38:58,970 --> 01:38:57,300

talk to each other everyone was really

2356

01:39:01,070 --> 01:38:58,980

fishing was really popular in the 90s

2357

01:39:02,090 --> 01:39:01,080

yeah like oh my God that fish is off the

2358

01:39:04,450 --> 01:39:02,100

hook it's going he's flapping around

2359

01:39:07,010 --> 01:39:04,460

it's going all crazy man you ain't

2360

01:39:09,110 --> 01:39:07,020

containing that fish no more it's off

2361

01:39:11,390 --> 01:39:09,120

the hook

2362

01:39:14,270 --> 01:39:11,400

I think I think that's the correct

2363

01:39:15,709 --> 01:39:14,280

origin of that term

2364

01:39:18,370 --> 01:39:15,719

oh

2365

01:39:21,310 --> 01:39:18,380

I'm seeing a lot a lot of these are are

2366

01:39:23,450 --> 01:39:21,320

almost uh uh what do you call it um

2367

01:39:25,070 --> 01:39:23,460

retroactive definitions where people are

2368

01:39:27,709 --> 01:39:25,080

trying to work their way back to where

2369

01:39:32,149 --> 01:39:29,810

it's just all weird man just we live in

2370

01:39:34,800 --> 01:39:32,159

a weird Wacky World all right we gotta

2371

01:39:41,209 --> 01:39:34,810

move on we have to right good

2372

01:39:43,669 --> 01:39:42,830

all right so

2373

01:39:45,470 --> 01:39:43,679

um

2374

01:39:47,450 --> 01:39:45,480

blueberry sent along this one I'll just

2375

01:39:48,530 --> 01:39:47,460

bring it up real quick here uh and then

2376

01:39:50,750 --> 01:39:48,540

a couple other people sent it to me then

2377

01:39:52,790 --> 01:39:50,760

I saw it through some various feeds

2378

01:39:57,470 --> 01:39:52,800

um but this is what happens when two

2379

01:39:59,110 --> 01:39:57,480

rival gangs or rival families uh try to

2380

01:40:05,390 --> 01:39:59,120

hold a uh

2381

01:40:10,729 --> 01:40:08,149

okay shocking video shows mourners fight

2382

01:40:13,610 --> 01:40:10,739

with machetes and axes after high-speed

2383

01:40:16,750 --> 01:40:13,620

van Chase in massive funeral brawl at

2384

01:40:19,189 --> 01:40:16,760

Cemetery hilarious

2385

01:40:21,830 --> 01:40:19,199

uh extraordinary footage shows the

2386

01:40:24,410 --> 01:40:21,840

moment a machete brawl exploded in a

2387

01:40:27,350 --> 01:40:24,420

graveyard during a funeral

2388

01:40:29,990 --> 01:40:27,360

just on screen uh seven of the thugs

2389

01:40:34,189 --> 01:40:30,000

were jailed after uh after a row between

2390

01:40:37,030 --> 01:40:34,199

two family factions boiled over in uh

2391

01:40:39,950 --> 01:40:37,040

Morrison's crematorium

2392

01:40:42,830 --> 01:40:39,960

in Wales so oh my God we're looking at

2393

01:40:45,050 --> 01:40:42,840

it's like uh I would say rugby brutes

2394

01:40:47,149 --> 01:40:45,060

these are rugby brutes carrying various

2395

01:40:48,950 --> 01:40:47,159

weapons and it looks like tank top

2396

01:40:50,990 --> 01:40:48,960

wearing tank tops and tight jeans

2397

01:40:53,629 --> 01:40:51,000

carrying weapons and they're they're

2398

01:40:56,570 --> 01:40:53,639

marching across the uh the battlefield

2399

01:40:59,990 --> 01:40:56,580

the cemetery and uh they're they're

2400

01:41:01,610 --> 01:41:00,000

going to go do some real damage

2401
01:41:04,250 --> 01:41:01,620
there's oh my God there's a picture of a

2402
01:41:07,370 --> 01:41:04,260
guy cut I wonder what this is over

2403
01:41:08,870 --> 01:41:07,380
uh horrified mourners from two others

2404
01:41:10,610 --> 01:41:08,880
we're not seeing the video on the screen

2405
01:41:12,890 --> 01:41:10,620
no I'm not playing the video yet okay

2406
01:41:14,270 --> 01:41:12,900
it's like I can play it real quick well

2407
01:41:16,430 --> 01:41:14,280
maybe play it afterwards when we yeah

2408
01:41:19,129 --> 01:41:16,440
yeah let's give context maybe this is

2409
01:41:21,470 --> 01:41:19,139
one big misunderstanding

2410
01:41:23,149 --> 01:41:21,480
this was an elaborate uh play in the

2411
01:41:25,850 --> 01:41:23,159
park so

2412
01:41:28,370 --> 01:41:25,860
uh horrified mourners from two other

2413
01:41:30,850 --> 01:41:28,380

funerals watched ax wielding louds

2414

01:41:34,790 --> 01:41:30,860

cheering up plots and smash headstones

2415

01:41:36,950 --> 01:41:34,800

as they set about each other chilling

2416

01:41:39,169 --> 01:41:36,960

dash cam video shows James Coffey 45

2417

01:41:41,930 --> 01:41:39,179

jailed for two years and three months

2418

01:41:44,450 --> 01:41:41,940

for the brawl hurl himself into a van

2419

01:41:46,490 --> 01:41:44,460

armed with a pickaxe handle what

2420

01:41:49,390 --> 01:41:46,500

happened to the rest of it well it's

2421

01:41:51,410 --> 01:41:49,400

it's still stuck in somebody yeah

2422

01:41:52,850 --> 01:41:51,420

kept going

2423

01:41:54,770 --> 01:41:52,860

it's kind of good it's kind of

2424

01:41:56,330 --> 01:41:54,780

convenient this all happened like at a

2425

01:41:58,189 --> 01:41:56,340

cemetery so if anybody died just

2426
01:41:59,810 --> 01:41:58,199
basically kick him in and just roll them

2427
01:42:02,030 --> 01:41:59,820
in with everyone else yeah it's fine

2428
01:42:04,910 --> 01:42:02,040
uh just seconds later uh Black Card

2429
01:42:08,270 --> 01:42:04,920
drifts sideways and plows through into

2430
01:42:10,010 --> 01:42:08,280
another vehicle at speed so these guys

2431
01:42:13,490 --> 01:42:10,020
are doing some

2432
01:42:17,270 --> 01:42:13,500
like real hardcore movie stuff this is

2433
01:42:19,189 --> 01:42:17,280
like crazy movie stuff but okay

2434
01:42:22,609 --> 01:42:19,199
uh

2435
01:42:23,870 --> 01:42:22,619
see glass shatters over coffee as a thug

2436
01:42:26,510 --> 01:42:23,880
sees

2437
01:42:29,450 --> 01:42:26,520
uh to his windshield before vehicle

2438
01:42:32,990 --> 01:42:29,460

Chase tears through the cemetery with a

2439

01:42:34,490 --> 01:42:33,000

family family on board

2440

01:42:37,910 --> 01:42:34,500

they're really just going for it out

2441

01:42:42,709 --> 01:42:40,250

two Vans hurled down foot paths at high

2442

01:42:47,750 --> 01:42:42,719

speed before one narrowly misses a

2443

01:42:49,910 --> 01:42:47,760

wheelchair and a care in its carrier

2444

01:42:52,129 --> 01:42:49,920

grabbing anything from foot long

2445

01:42:54,410 --> 01:42:52,139

machetes to axes hammers brick shovels

2446

01:42:57,530 --> 01:42:54,420

and even a broom the feuding mourners

2447

01:43:00,890 --> 01:42:57,540

burst out of their vehicles and charge

2448

01:43:03,649 --> 01:43:00,900

Avon brawl Seas uh the bloody thugs

2449

01:43:05,930 --> 01:43:03,659

wearing vests and hoodies for the solemn

2450

01:43:08,870 --> 01:43:05,940

occasion slash and batter each other

2451

01:43:11,090 --> 01:43:08,880

next to the headstones and floral

2452

01:43:12,590 --> 01:43:11,100

tributes amid the chaos coffee retreats

2453

01:43:14,930 --> 01:43:12,600

to his van where he wipes away blood

2454

01:43:17,510 --> 01:43:14,940

gushing from Merced after being slashed

2455

01:43:19,850 --> 01:43:17,520

the violence also spilled into the

2456

01:43:22,609 --> 01:43:19,860

remembrance remembrance room at the

2457

01:43:24,830 --> 01:43:22,619

venue where the thugs drank water from a

2458

01:43:26,570 --> 01:43:24,840

Vaz and spat it back out onto the floor

2459

01:43:28,189 --> 01:43:26,580

well maybe that's part of their funeral

2460

01:43:30,649 --> 01:43:28,199

ritual kind of like pouring a little 40

2461

01:43:32,450 --> 01:43:30,659

out on the floor for your homies they

2462

01:43:35,450 --> 01:43:32,460

spit a little holy water out on the

2463

01:43:37,370 --> 01:43:35,460

floor for their fallen comrades gross

2464

01:43:39,590 --> 01:43:37,380

uh following the horror please check the

2465

01:43:42,229 --> 01:43:39,600

hospitals around the southwest of Wales

2466

01:43:43,910 --> 01:43:42,239

knowing people caught uh caught up had

2467

01:43:45,709 --> 01:43:43,920

been seriously hurt they let her call

2468

01:43:47,390 --> 01:43:45,719

they later caught several Suspects on

2469

01:43:49,250 --> 01:43:47,400

camera trying to dispose of the weapons

2470

01:43:51,770 --> 01:43:49,260

by throwing them into a stream near the

2471

01:43:53,990 --> 01:43:51,780

near Farm as one does

2472

01:43:55,550 --> 01:43:54,000

stop by Farm throw those weapons in

2473

01:43:57,290 --> 01:43:55,560

there and the corpse of the guy you

2474

01:43:59,510 --> 01:43:57,300

killed uh the Crown Court heard the

2475

01:44:02,570 --> 01:43:59,520

fight was sparked by an ongoing feud

2476
01:44:05,090 --> 01:44:02,580
between two uh two sides of a family the

2477
01:44:07,609 --> 01:44:05,100
O'Brien in the coffee faction

2478
01:44:09,890 --> 01:44:07,619
and the Murphy and the Thomas faction

2479
01:44:11,930 --> 01:44:09,900
this is kind of like the Classic Family

2480
01:44:13,370 --> 01:44:11,940
feuds like the copulate and the

2481
01:44:16,910 --> 01:44:13,380
Montague's or what's the one down the

2482
01:44:20,510 --> 01:44:16,920
the Southwest Montague montagues not the

2483
01:44:22,790 --> 01:44:20,520
model use not the montews not not

2484
01:44:26,270 --> 01:44:22,800
um not the television host in the 80s

2485
01:44:31,010 --> 01:44:27,950
was that the famous few down in the

2486
01:44:33,290 --> 01:44:31,020
southwest with Billy the Kid

2487
01:44:36,350 --> 01:44:33,300
um are you thinking about the the

2488
01:44:37,790 --> 01:44:36,360

Hatfields and McCoys yeah yeah it was in

2489

01:44:39,590 --> 01:44:37,800

West Virginia nothing was Billy the Kid

2490

01:44:41,810 --> 01:44:39,600

I thought Billy kid was somehow history

2491

01:44:43,970 --> 01:44:41,820

too are you thinking of the Johnson

2492

01:44:46,430 --> 01:44:43,980

County War Maybe

2493

01:44:49,189 --> 01:44:46,440

that was that was a thing between um

2494

01:44:50,209 --> 01:44:49,199

landowners in in New Mexico in the 1890s

2495

01:44:55,149 --> 01:44:50,219

everything I know about the Southwest

2496

01:45:00,050 --> 01:44:58,250

if it's not included in that it's not in

2497

01:45:02,030 --> 01:45:00,060

my knowledge Bank

2498

01:45:03,590 --> 01:45:02,040

sad thing is I was able to pull up I was

2499

01:45:06,649 --> 01:45:03,600

able to just regurgitate the information

2500

01:45:11,629 --> 01:45:09,169

um I'm gonna War the Roses next but not

2501
01:45:13,550 --> 01:45:11,639
not the movie with Michael Douglas let's

2502
01:45:14,689 --> 01:45:13,560
let's see if we can play this video we I

2503
01:45:17,450 --> 01:45:14,699
think we know enough in the background

2504
01:45:22,189 --> 01:45:17,460
it's a typical Family Feud not like the

2505
01:45:25,550 --> 01:45:22,199
the game show on uh American TV but

2506
01:45:27,530 --> 01:45:25,560
you know it's a a piece of violence so

2507
01:45:30,530 --> 01:45:27,540
see if I can

2508
01:45:33,590 --> 01:45:30,540
bring this up real quick I'll have to

2509
01:45:35,570 --> 01:45:33,600
play the audio over here on my side so

2510
01:45:37,189 --> 01:45:35,580
here we go you get it up and going over

2511
01:45:39,109 --> 01:45:37,199
here I'm sure there's probably good a

2512
01:45:41,629 --> 01:45:39,119
good amount of yelling

2513
01:45:43,669 --> 01:45:41,639

that's what I'm hoping for

2514

01:45:45,229 --> 01:45:43,679

here we go playing the video right now

2515

01:45:49,729 --> 01:45:45,239

here we go

2516

01:45:53,090 --> 01:45:52,250

uh they're uh there's not there's not

2517

01:45:55,330 --> 01:45:53,100

much

2518

01:45:58,970 --> 01:45:55,340

audio it's just dash cam so there's this

2519

01:46:05,100 --> 01:45:58,980

uh blokes uh running around there's cars

2520

01:46:08,810 --> 01:46:06,430

[Applause]

2521

01:46:10,310 --> 01:46:08,820

yeah there's just crazy stuff going on

2522

01:46:12,290 --> 01:46:10,320

there

2523

01:46:14,390 --> 01:46:12,300

[Music]

2524

01:46:16,970 --> 01:46:14,400

there you go

2525

01:46:18,590 --> 01:46:16,980

there we go and there's a van Chase

2526

01:46:21,770 --> 01:46:18,600

through the cemetery

2527

01:46:23,810 --> 01:46:21,780

there they have no care for uh safety of

2528

01:46:27,109 --> 01:46:23,820

any on lockers this guy has so many

2529

01:46:28,550 --> 01:46:27,119

cameras in his van like inside the van I

2530

01:46:30,830 --> 01:46:28,560

don't know he's got like he's got a

2531

01:46:32,450 --> 01:46:30,840

multi-cam [h__\h] going on in his cam one's

2532

01:46:34,550 --> 01:46:32,460

looking at him oh this guy jumps out

2533

01:46:38,030 --> 01:46:34,560

with a baseball bat he's running he's

2534

01:46:41,450 --> 01:46:39,470

and if you're gonna go do this kind of

2535

01:46:42,649 --> 01:46:41,460

illegal activity you shut the dash games

2536

01:46:44,750 --> 01:46:42,659

off

2537

01:46:46,310 --> 01:46:44,760

or not turn him into police one guy has

2538

01:46:48,590 --> 01:46:46,320

like a mallet and a brick in his hand

2539

01:46:49,669 --> 01:46:48,600

and it is Trucking stuff

2540

01:46:51,410 --> 01:46:49,679

oh my God

2541

01:46:52,490 --> 01:46:51,420

that guy grabbed his phone real quick he

2542

01:46:54,530 --> 01:46:52,500

did

2543

01:46:57,229 --> 01:46:54,540

you want someone to steal it oh he went

2544

01:46:58,850 --> 01:46:57,239

back now they're running over it one guy

2545

01:47:00,860 --> 01:46:58,860

is running with a boomer

2546

01:47:03,530 --> 01:47:00,870

the fact that a brick

2547

01:47:06,229 --> 01:47:03,540

[Music]

2548

01:47:07,310 --> 01:47:06,239

now now this guy the big guy got damaged

2549

01:47:09,649 --> 01:47:07,320

a little bit he's like I'm back in the

2550

01:47:12,290 --> 01:47:09,659

car I'm getting out of here

2551

01:47:14,270 --> 01:47:12,300

he's taking up it doesn't even fight

2552

01:47:16,669 --> 01:47:14,280

anybody if you notice no he didn't I

2553

01:47:18,050 --> 01:47:16,679

think he's got it yeah now he's tearing

2554

01:47:19,609 --> 01:47:18,060

through the parking lot it looks like

2555

01:47:21,169 --> 01:47:19,619

he's gonna hit some people oh my God

2556

01:47:23,770 --> 01:47:21,179

that dude clapped in the head he's

2557

01:47:25,910 --> 01:47:23,780

bleeding everywhere

2558

01:47:30,530 --> 01:47:25,920

he's just tearing ass through this

2559

01:47:35,570 --> 01:47:33,770

oh Jerry's driving oh the lady in a

2560

01:47:37,010 --> 01:47:35,580

wheelchair oh my God they're piling in

2561

01:47:39,290 --> 01:47:37,020

none of them wear his seat belts by the

2562

01:47:40,990 --> 01:47:39,300

way which is very dangerous

2563

01:47:43,430 --> 01:47:41,000

well they wait their phone numbers there

2564

01:47:44,870 --> 01:47:43,440

are Paving something you can call that

2565

01:47:46,310 --> 01:47:44,880

number and ask them

2566

01:47:48,109 --> 01:47:46,320

there's two guys sitting on top of each

2567

01:47:50,390 --> 01:47:48,119

other like I said very unsafe

2568

01:47:51,709 --> 01:47:50,400

pilot into the van

2569

01:47:55,010 --> 01:47:51,719

wow that's the most exciting funeral

2570

01:47:56,810 --> 01:47:55,020

I've seen in a long time music helped

2571

01:47:58,430 --> 01:47:56,820

that was great A lot of them are going

2572

01:48:00,290 --> 01:47:58,440

to jail that's where Welsh funerals are

2573

01:48:01,790 --> 01:48:00,300

like I'm going I would love to view one

2574

01:48:05,470 --> 01:48:01,800

of those why go to a movie you can go to

2575

01:48:10,310 --> 01:48:07,729

you could go there and stir up [h__h] at

2576

01:48:12,770 --> 01:48:10,320

funerals uh detective inspecker

2577

01:48:15,109 --> 01:48:12,780

inspector Carl price who was in charge

2578

01:48:17,270 --> 01:48:15,119

of Investigation told Wales online or

2579

01:48:18,950 --> 01:48:17,280

with the kinds of weapons that were used

2580

01:48:21,649 --> 01:48:18,960

and the way Vehicles were driven around

2581

01:48:23,810 --> 01:48:21,659

in the summer Cemetery it's lucky nobody

2582

01:48:25,910 --> 01:48:23,820

was killed oh absolutely

2583

01:48:28,129 --> 01:48:25,920

uh this was absolutely appalling

2584

01:48:30,109 --> 01:48:28,139

incident that would have terrified those

2585

01:48:31,790 --> 01:48:30,119

peacefully attending the summer ceremony

2586

01:48:32,990 --> 01:48:31,800

in the middle of the day yeah this was

2587

01:48:34,910 --> 01:48:33,000

in the middle day this looks like it was

2588

01:48:36,350 --> 01:48:34,920

like right around lunchtime I want to

2589

01:48:37,850 --> 01:48:36,360

point out one comment in the chat rifa

2590

01:48:39,890 --> 01:48:37,860

808 says this is what happens without

2591

01:48:42,530 --> 01:48:39,900

guns if the UK had guns they'd all be

2592

01:48:43,609 --> 01:48:42,540

dead I disagree if you've seen a lot of

2593

01:48:44,870 --> 01:48:43,619

the footage of this sort of thing when

2594

01:48:46,850 --> 01:48:44,880

it breaks out in the US people start

2595

01:48:48,350 --> 01:48:46,860

shooting guns at each other they are

2596

01:48:49,669 --> 01:48:48,360

blasting away going through magazine

2597

01:48:52,209 --> 01:48:49,679

after magazine after magazine and like

2598

01:48:57,709 --> 01:48:52,219

two people get shot yeah because

2599

01:49:03,830 --> 01:49:01,129

the group who are all known uh known to

2600

01:49:05,629 --> 01:49:03,840

each other uh committed violent offenses

2601
01:49:07,370 --> 01:49:05,639
and were seen using weapons against each

2602
01:49:09,709 --> 01:49:07,380
other yep and there's like Mug Shots up

2603
01:49:12,410 --> 01:49:09,719
here These Guys these blokes they look

2604
01:49:14,689 --> 01:49:12,420
like they could do some real damage

2605
01:49:16,129 --> 01:49:14,699
uh

2606
01:49:17,930 --> 01:49:16,139
all right well I mean that's crazy

2607
01:49:19,430 --> 01:49:17,940
that's one of the craziest

2608
01:49:21,290 --> 01:49:19,440
funeral stories I've heard in a while

2609
01:49:23,629 --> 01:49:21,300
that's the best funeral I've ever seen

2610
01:49:28,270 --> 01:49:23,639
yeah it's crazy I mean they got the job

2611
01:49:34,129 --> 01:49:32,330
yeah did a funeral ever really complete

2612
01:49:35,510 --> 01:49:34,139
are they still waiting well they they

2613
01:49:37,370 --> 01:49:35,520

shouldn't just claim in court this is

2614

01:49:40,189 --> 01:49:37,380

what he wished for this is his final

2615

01:49:43,010 --> 01:49:40,199

wish was for a family brawl a Family

2616

01:49:45,590 --> 01:49:43,020

Feud one last one right at both sides of

2617

01:49:47,209 --> 01:49:45,600

the family to honor his memory we we did

2618

01:49:48,530 --> 01:49:47,219

exactly what he wished for we grabbed a

2619

01:49:51,290 --> 01:49:48,540

broom we grabbed some bricks and we had

2620

01:49:56,330 --> 01:49:54,050

I looked uh was it an ax handle bricks

2621

01:49:58,250 --> 01:49:56,340

and then machetes which you just have in

2622

01:49:59,450 --> 01:49:58,260

your van you know it's they're probably

2623

01:50:01,390 --> 01:49:59,460

I mean they're probably doing some

2624

01:50:03,590 --> 01:50:01,400

Landscaping yeah

2625

01:50:05,450 --> 01:50:03,600

son what do you have three machetes in

2626
01:50:08,510 --> 01:50:05,460
here well you know the hedges or they're

2627
01:50:13,870 --> 01:50:08,520
the prone out of control

2628
01:50:17,570 --> 01:50:16,550
really this is a family show all right I

2629
01:50:19,070 --> 01:50:17,580
got a couple to choose from I'll rattle

2630
01:50:22,189 --> 01:50:19,080
through them see what you like uh here's

2631
01:50:25,310 --> 01:50:22,199
a story about a a um a flock of crows

2632
01:50:26,870 --> 01:50:25,320
who are effectively running a an Uptown

2633
01:50:29,810 --> 01:50:26,880
neighborhood in Denver

2634
01:50:34,129 --> 01:50:29,820
um we have a guy who legally changed his

2635
01:50:36,709 --> 01:50:34,139
name to fire exit hmm

2636
01:50:37,729 --> 01:50:36,719
um we have another set of AI generator

2637
01:50:39,350 --> 01:50:37,739
in fact I'll bring this up it'll be

2638
01:50:41,689 --> 01:50:39,360

short another set of AI generated

2639

01:50:42,709 --> 01:50:41,699

presidents we did the one where they

2640

01:50:44,209 --> 01:50:42,719

were all remember they were all really

2641

01:50:46,490 --> 01:50:44,219

cool and had mullets yeah I remember

2642

01:50:48,350 --> 01:50:46,500

that one they all look great here is one

2643

01:50:51,649 --> 01:50:48,360

where they are all professional

2644

01:50:53,270 --> 01:50:51,659

wrestlers oh I love that I love that

2645

01:50:55,070 --> 01:50:53,280

it's on Twitter annoyingly so you have

2646

01:50:56,689 --> 01:50:55,080

to kind of scroll through

2647

01:50:58,129 --> 01:50:56,699

um while we're thinking while we're

2648

01:50:59,149 --> 01:50:58,139

bringing that one up I have a story

2649

01:51:00,070 --> 01:50:59,159

about

2650

01:51:02,510 --> 01:51:00,080

um

2651

01:51:05,750 --> 01:51:02,520

uh Bigfoot just a Bigfoot related

2652

01:51:07,430 --> 01:51:05,760

disappearances in National Parks I have

2653

01:51:09,410 --> 01:51:07,440

um school lunches are now officially

2654

01:51:10,669 --> 01:51:09,420

going to become Lunchables or rather

2655

01:51:12,109 --> 01:51:10,679

Lunchables officially become part of

2656

01:51:14,270 --> 01:51:12,119

school lunches

2657

01:51:16,250 --> 01:51:14,280

uh a story about monkeys attacking

2658

01:51:19,129 --> 01:51:16,260

people

2659

01:51:21,050 --> 01:51:19,139

um that's a funny headline yeah uh and

2660

01:51:23,689 --> 01:51:21,060

skunks taking over a Winnipeg Elementary

2661

01:51:25,729 --> 01:51:23,699

School hilarious

2662

01:51:27,470 --> 01:51:25,739

and then also last one probably the la

2663

01:51:30,229 --> 01:51:27,480

la is going to start blasting classical

2664

01:51:32,870 --> 01:51:30,239

music at its uh subway stations to make

2665

01:51:35,090 --> 01:51:32,880

them feel safer okay

2666

01:51:37,430 --> 01:51:35,100

I mean there's a lot from there I I

2667

01:51:39,530 --> 01:51:37,440

really like the uh of course the uh

2668

01:51:41,149 --> 01:51:39,540

Bigfoot and missing people but maybe

2669

01:51:44,510 --> 01:51:41,159

that's a longer one but let's wait

2670

01:51:47,149 --> 01:51:44,520

longer let's look at uh some former

2671

01:51:49,430 --> 01:51:47,159

presidents that are now ai generated uh

2672

01:51:55,070 --> 01:51:49,440

wrestlers so the first one we have is

2673

01:51:57,830 --> 01:51:55,080

George uh Washington I mean he is he's

2674

01:51:59,870 --> 01:51:57,840

built I mean look at this guy he's built

2675

01:52:02,870 --> 01:51:59,880

look at that body he's got a tremendous

2676

01:52:05,090 --> 01:52:02,880

body look at that guy

2677

01:52:06,350 --> 01:52:05,100

uh and you think you could take this and

2678

01:52:08,209 --> 01:52:06,360

get a really high quality reproduction

2679

01:52:09,290 --> 01:52:08,219

and like go hang it in in the White

2680

01:52:11,810 --> 01:52:09,300

House and you think they would have

2681

01:52:13,550 --> 01:52:11,820

known I think it would go unnoticed for

2682

01:52:16,729 --> 01:52:13,560

at least 12 hours

2683

01:52:19,189 --> 01:52:16,739

she's got a good 10 12 minutes yeah

2684

01:52:21,470 --> 01:52:19,199

I'm kind of curious uh so uh Thomas

2685

01:52:22,850 --> 01:52:21,480

Jefferson look kind of looks like Ric

2686

01:52:26,209 --> 01:52:22,860

Flair a little bit

2687

01:52:28,669 --> 01:52:26,219

a little a little like he's got a little

2688

01:52:32,330 --> 01:52:28,679

Ric Flair you know

2689

01:52:34,129 --> 01:52:32,340

and so that's pretty good uh I'm kind of

2690

01:52:36,050 --> 01:52:34,139

curious let's get down to some Modern

2691

01:52:38,990 --> 01:52:36,060

presidents

2692

01:52:42,010 --> 01:52:39,000

uh oh there's Abraham Lincoln who looks

2693

01:52:44,930 --> 01:52:42,020

downright devilish Abraham Lincoln looks

2694

01:52:46,189 --> 01:52:44,940

uh almost kind of like a goblin

2695

01:52:48,169 --> 01:52:46,199

it

2696

01:52:49,070 --> 01:52:48,179

kind of an impressive he's got the hat

2697

01:52:52,070 --> 01:52:49,080

on

2698

01:52:54,310 --> 01:52:52,080

he's got that in yeah he would be a uh

2699

01:52:56,689 --> 01:52:54,320

he'd be a foil in the uh yeah definitely

2700

01:52:59,270 --> 01:52:56,699

version of the U.S presidents definitely

2701

01:53:02,030 --> 01:52:59,280

a heel right there yeah Jerka not in

2702

01:53:03,890 --> 01:53:02,040

your ass oh yeah he would do that

2703

01:53:07,010 --> 01:53:03,900

oh go back up you missed one go back up

2704

01:53:10,430 --> 01:53:07,020

to Martin Van Buren Martin

2705

01:53:12,890 --> 01:53:10,440

the Van Buren boy he's uh gotta show

2706

01:53:14,990 --> 01:53:12,900

eight fingers yeah

2707

01:53:17,629 --> 01:53:15,000

right there Martin Van Buren oh my God

2708

01:53:21,350 --> 01:53:17,639

yeah he kind of looks like a more built

2709

01:53:23,629 --> 01:53:21,360

uh The American Dream Dusty Rhodes kind

2710

01:53:26,450 --> 01:53:23,639

of looks a little bit like that

2711

01:53:29,270 --> 01:53:26,460

man this guy is built

2712

01:53:30,950 --> 01:53:29,280

it's great that they like that he's got

2713

01:53:33,169 --> 01:53:30,960

the muscles but he's still wearing like

2714

01:53:35,590 --> 01:53:33,179

a tire from the time period that he was

2715

01:53:40,310 --> 01:53:38,270

go to a 13 Millard Fillmore this one

2716

01:53:41,290 --> 01:53:40,320

almost looks like like someone's sitting

2717

01:53:44,990 --> 01:53:41,300

for report

2718

01:53:48,050 --> 01:53:45,000

he's got that huge ass fat neck but then

2719

01:53:51,229 --> 01:53:48,060

the rest of his body is ripped

2720

01:53:53,510 --> 01:53:51,239

just you and I getting it all like two

2721

01:53:55,070 --> 01:53:53,520

men should do but I love him just like

2722

01:53:56,510 --> 01:53:55,080

all right Miller just just hold your

2723

01:53:57,830 --> 01:53:56,520

pose so we can capture this for your

2724

01:53:59,810 --> 01:53:57,840

portrait he's like I'm gonna sit like

2725

01:54:02,450 --> 01:53:59,820

this I get it I'm gonna I Gotta See

2726

01:54:04,850 --> 01:54:02,460

Ronald Reagan oh my God uh let me get

2727

01:54:07,430 --> 01:54:04,860

this modern presidents here

2728

01:54:09,229 --> 01:54:07,440

let's see here Chester A Arthur just

2729

01:54:11,870 --> 01:54:09,239

looks like he looks like a strong man of

2730

01:54:14,689 --> 01:54:11,880

the time you know he looks like the

2731

01:54:16,550 --> 01:54:14,699

strongest man in the world of like 1920

2732

01:54:17,330 --> 01:54:16,560

which is kind of like an outer shape big

2733

01:54:19,910 --> 01:54:17,340

guy

2734

01:54:21,350 --> 01:54:19,920

uh 24 Grover Cleveland he's wearing the

2735

01:54:23,090 --> 01:54:21,360

championship belt he looks like he's

2736

01:54:25,149 --> 01:54:23,100

dressed as if he's coming out for

2737

01:54:27,410 --> 01:54:25,159

Wrestlemania

2738

01:54:30,530 --> 01:54:27,420

all right I'm gonna come on you like

2739

01:54:32,870 --> 01:54:30,540

nobody's ever come on you before

2740

01:54:36,890 --> 01:54:32,880

Teddy Roosevelt Teddy Roosevelt has his

2741

01:54:39,229 --> 01:54:36,900

hair done up too uh 2016 Roosevelt oh my

2742

01:54:41,870 --> 01:54:39,239

God he's got the the handlebar mustache

2743

01:54:43,450 --> 01:54:41,880

he's got the the hairspray and he's got

2744

01:54:46,490 --> 01:54:43,460

some poofy

2745

01:54:49,010 --> 01:54:46,500

Flair on his body he's built dummy he

2746

01:54:51,470 --> 01:54:49,020

looks great Tate looks amazing oh my God

2747

01:54:56,510 --> 01:54:51,480

William Howard Captain looks amazing he

2748

01:55:02,149 --> 01:54:58,790

it looks awesome when I was tasting you

2749

01:55:04,270 --> 01:55:02,159

brother I found you to be not so bad at

2750

01:55:07,550 --> 01:55:04,280

all

2751
01:55:09,410 --> 01:55:07,560
God will uh Woodrow Wilson kind of looks

2752
01:55:12,229 --> 01:55:09,420
just like a Chippendale dancer I mean

2753
01:55:15,370 --> 01:55:12,239
less wrestler more Chip and Dale

2754
01:55:17,990 --> 01:55:15,380
uh a little bit Yeah Yeah I can see that

2755
01:55:20,629 --> 01:55:18,000
and let's oh man where are some of the

2756
01:55:22,970 --> 01:55:20,639
rest uh what's the last one you see on

2757
01:55:25,490 --> 01:55:22,980
the list there uh I gotta go down so

2758
01:55:27,169 --> 01:55:25,500
Harry S Truman

2759
01:55:28,430 --> 01:55:27,179
kind of looks like you can so right

2760
01:55:29,270 --> 01:55:28,440
right about right above the poster of

2761
01:55:31,729 --> 01:55:29,280
them all there's little buttons just

2762
01:55:33,830 --> 01:55:31,739
click show replies let's try the rest of

2763
01:55:35,930 --> 01:55:33,840

them I Gotta See

2764

01:55:38,209 --> 01:55:35,940

Jimmy Carter looks insane he actually

2765

01:55:40,370 --> 01:55:38,219

looks like Ric Flair like modern day Ric

2766

01:55:42,709 --> 01:55:40,380

Flair

2767

01:55:46,189 --> 01:55:42,719

yeah Ronald Reagan

2768

01:55:48,830 --> 01:55:46,199

uh uh I don't know I don't know Gerald

2769

01:55:50,750 --> 01:55:48,840

Ford looks pretty good I think he's like

2770

01:55:53,090 --> 01:55:50,760

from a WWE standpoint yeah it looks like

2771

01:55:55,729 --> 01:55:53,100

Lex Luthor

2772

01:55:59,750 --> 01:55:55,739

it looks great I'm gonna have you I'm

2773

01:56:05,830 --> 01:56:02,390

uh George H.W bush still looks like he

2774

01:56:08,510 --> 01:56:05,840

killed Kennedy Clinton looks fantastic

2775

01:56:11,149 --> 01:56:08,520

yeah Bill Clinton looks absolutely

2776

01:56:13,790 --> 01:56:11,159

fantastic it's so 90s he's wearing that

2777

01:56:15,169 --> 01:56:13,800

jacket is open you can see his chest he

2778

01:56:18,830 --> 01:56:15,179

looks fantastic

2779

01:56:21,850 --> 01:56:18,840

uh George W bush looks like a big oaf

2780

01:56:24,649 --> 01:56:21,860

uh Barack Obama

2781

01:56:26,330 --> 01:56:24,659

it less like a oh like a wrestler and

2782

01:56:28,250 --> 01:56:26,340

more of like a bodybuilder he was like a

2783

01:56:30,770 --> 01:56:28,260

bodybuilder yeah Donald Trump looks like

2784

01:56:33,169 --> 01:56:30,780

a big hoss

2785

01:56:35,090 --> 01:56:33,179

he's slightly he's overweight like an

2786

01:56:37,490 --> 01:56:35,100

overweight wrestler

2787

01:56:41,390 --> 01:56:37,500

but he doesn't look I mean

2788

01:56:43,850 --> 01:56:41,400

it's passable but not not that bad it's

2789

01:56:46,490 --> 01:56:43,860

filthy Biden looks like that one guy at

2790

01:56:48,470 --> 01:56:46,500

the gym who's in his 70s and has just

2791

01:56:51,290 --> 01:56:48,480

been juicing like you wouldn't believe

2792

01:56:52,270 --> 01:56:51,300

yeah he's really using human growth

2793

01:56:55,490 --> 01:56:52,280

hormone

2794

01:56:57,350 --> 01:56:55,500

he's using HGH and uh he's just he's

2795

01:56:59,689 --> 01:56:57,360

just going crazy over there he loves it

2796

01:57:02,290 --> 01:56:59,699

he's he's boosted out of his mind two

2797

01:57:06,250 --> 01:57:02,300

sides of the same coin inextricably

2798

01:57:09,229 --> 01:57:08,510

there's a lot of good ones in here I

2799

01:57:09,950 --> 01:57:09,239

think

2800

01:57:11,330 --> 01:57:09,960

um

2801

01:57:14,510 --> 01:57:11,340

I think Teddy Roosevelt's my favorite

2802

01:57:16,609 --> 01:57:14,520

Ted Roosevelt yeah the Hannibal mustache

2803

01:57:17,930 --> 01:57:16,619

can't go wrong cannot go wrong mustache

2804

01:57:20,390 --> 01:57:17,940

and firmed hair that just that just does

2805

01:57:22,430 --> 01:57:20,400

it yeah

2806

01:57:24,169 --> 01:57:22,440

it's all good stuff I still think you

2807

01:57:26,270 --> 01:57:24,179

could take that Washington one you could

2808

01:57:28,250 --> 01:57:26,280

do it up as an actual poster

2809

01:57:29,570 --> 01:57:28,260

and you can hang that somewhere and you

2810

01:57:32,089 --> 01:57:29,580

could probably get away with it for a

2811

01:57:34,609 --> 01:57:32,099

bit of time yeah you probably could uh

2812

01:57:36,770 --> 01:57:34,619

put it on a canvas and it would look

2813

01:57:40,669 --> 01:57:36,780

pretty good John Tyler uh he looks

2814

01:57:41,810 --> 01:57:40,679

scared absolutely scared number 10.

2815

01:57:44,030 --> 01:57:41,820

um

2816

01:57:46,370 --> 01:57:44,040

there's a lot of like Andrew Jackson he

2817

01:57:48,050 --> 01:57:46,380

looks like a cartoon character but man

2818

01:57:49,250 --> 01:57:48,060

like when the central banks look at him

2819

01:57:51,589 --> 01:57:49,260

it's like I'm not gonna mess with

2820

01:57:54,050 --> 01:57:51,599

[h__\h] Andrew Jackson that guy will

2821

01:57:56,810 --> 01:57:54,060

body slam me

2822

01:58:00,350 --> 01:57:56,820

shut down the National Bank he's got his

2823

01:58:05,330 --> 01:58:02,270

James Monroe

2824

01:58:06,950 --> 01:58:05,340

huh all right hey it's a good list

2825

01:58:11,350 --> 01:58:06,960

I I think we're at this save that

2826

01:58:14,930 --> 01:58:13,970

do a little bit of research on it all

2827

01:58:17,930 --> 01:58:14,940

right I'll put in the carrot shop and

2828

01:58:20,510 --> 01:58:17,940

you can dig through it cool I love it

2829

01:58:24,169 --> 01:58:20,520

we'll talk Lunchables next week okay

2830

01:58:27,410 --> 01:58:24,179

Lunchables next week Bigfoot Lunchables

2831

01:58:29,270 --> 01:58:27,420

and I think Joe will be back

2832

01:58:30,589 --> 01:58:29,280

and he's at the uh dentist right now

2833

01:58:32,089 --> 01:58:30,599

what's he doing he's getting his hair

2834

01:58:34,070 --> 01:58:32,099

done he's getting his dog's oil change

2835

01:58:36,169 --> 01:58:34,080

getting his dog fixed yeah

2836

01:58:37,310 --> 01:58:36,179

dog broke

2837

01:58:41,830 --> 01:58:37,320

all right I think we're getting out of

2838

01:58:45,470 --> 01:58:44,089

thanks for hanging out thanks for being

2839

01:58:49,430 --> 01:58:45,480

a part of the magic

2840

01:58:52,129 --> 01:58:49,440

go to obdmpod.com to sports show uh I

2841

01:58:55,010 --> 01:58:52,139

did post up a bunch of uh old obdm

2842

01:58:58,370 --> 01:58:55,020

episodes like episode like 130 like

2843

01:59:02,270 --> 01:58:58,380

through like 140 uh while I was away on

2844

01:59:04,010 --> 01:59:02,280

vacation stuff from like 2008 2009 uh so

2845

01:59:05,030 --> 01:59:04,020

you guys can take a listen to the the

2846

01:59:07,010 --> 01:59:05,040

show

2847

01:59:09,410 --> 01:59:07,020

that once was

2848

01:59:11,330 --> 01:59:09,420

you know me Spanky and Bradford and Jeff

2849

01:59:15,050 --> 01:59:11,340

hanging out shooting the [h__h] different

2850

01:59:17,089 --> 01:59:15,060

show but still pretty much the same show

2851

01:59:19,790 --> 01:59:17,099

so thanks for everyone hanging out I

2852

01:59:22,070 --> 01:59:19,800

will post a link to the cretured in Joe

2853

01:59:24,470 --> 01:59:22,080

show uh in the description of this

2854

01:59:27,290 --> 01:59:24,480

podcast so check out the the what they

2855

01:59:29,450 --> 01:59:27,300

did and you know Joe did appear on the

2856

01:59:31,910 --> 01:59:29,460

amps in the six-pack podcast on

2857

01:59:32,930 --> 01:59:31,920

Wednesday published it it hasn't been

2858

01:59:35,089 --> 01:59:32,940

published yet

2859

01:59:36,770 --> 01:59:35,099

I don't think so Chris get on that

2860

01:59:40,129 --> 01:59:36,780

publish that

2861

01:59:42,350 --> 01:59:40,139

and like I think before the show about

2862

01:59:44,930 --> 01:59:42,360

to fix your audio because for whatever

2863

01:59:48,410 --> 01:59:44,940

reason now like when I play Clips or a

2864

01:59:50,330 --> 01:59:48,420

talk you now wobble out like it is now

2865

01:59:53,089 --> 01:59:50,340

taking priority over my voice when it

2866

01:59:55,189 --> 01:59:53,099

shouldn't so something happened on the

2867

01:59:57,109 --> 01:59:55,199

zoom settings where it's like

2868

01:59:58,850 --> 01:59:57,119

I didn't I didn't adjust Zoom because I

2869

02:00:00,770 --> 01:59:58,860

wasn't using I don't know something

2870

02:00:02,209 --> 02:00:00,780

happened with the uh the audio where

2871

02:00:04,070 --> 02:00:02,219

you'll hear if you listen to the

2872

02:00:06,050 --> 02:00:04,080

playback like when you talk like I'm

2873

02:00:08,209 --> 02:00:06,060

stepping on you now and that didn't used

2874

02:00:11,290 --> 02:00:08,219

to happen like you like you would be

2875

02:00:14,510 --> 02:00:11,300

able to talk over sound clips and and me

2876
02:00:16,310 --> 02:00:14,520
and uh it got something changed so let's

2877
02:00:17,629 --> 02:00:16,320
work on that like I said I got that note

2878
02:00:20,030 --> 02:00:17,639
that there's an update for Zoom so they

2879
02:00:22,310 --> 02:00:20,040
probably broke something maybe they did

2880
02:00:24,410 --> 02:00:22,320
maybe that is what happened

2881
02:00:25,189 --> 02:00:24,420
I don't want like audio being stepped on

2882
02:00:28,129 --> 02:00:25,199
like

2883
02:00:30,830 --> 02:00:28,139
what is the benefit of that

2884

show

2887
02:00:39,470 --> 02:00:37,619

2888
02:00:46,430 --> 02:00:39,480

Discord

2889

02:00:51,589 --> 02:00:46,440

voice chat VoIP with people

2890

02:00:56,570 --> 02:00:54,229

2891

02:00:59,149 --> 02:00:56,580
