

1
00:00:05,410 --> 00:00:01,700
[Applause]

2
00:00:08,930 --> 00:00:05,420
[Music]

3
00:00:15,740 --> 00:00:08,940
electric motorcycles suck

4
00:00:15,750 --> 00:00:24,170
[Music]

5
00:00:29,269 --> 00:00:27,349
now we're going to do some extremely fun

6
00:00:32,630 --> 00:00:29,279
oh yeah [h__h] chocolate chocolate

7
00:00:32,640 --> 00:00:38,230
always dead

8
00:00:38,240 --> 00:00:54,830
[Music]

9
00:00:59,389 --> 00:00:57,110
food men having sex and defecating on

10
00:01:02,510 --> 00:00:59,399
the ground and peeing on each other

11
00:01:03,950 --> 00:01:02,520
oh boy I don't want to see hours of that

12
00:01:05,090 --> 00:01:03,960
hell the way to start to show up there

13
00:01:06,890 --> 00:01:05,100

my bad

14

00:01:10,190 --> 00:01:06,900

hey everyone welcome back to another

15

00:01:13,250 --> 00:01:10,200

fun-filled podcast Adventure yay my

16

00:01:14,530 --> 00:01:13,260

name's midnight Mike and crutches is

17

00:01:15,890 --> 00:01:14,540

over there

18

00:01:18,890 --> 00:01:15,900

[Applause]

19

00:01:22,190 --> 00:01:18,900

in uh in honor of Joe I have also gone

20

00:01:25,070 --> 00:01:22,200

out and broken many people's feet

21

00:01:26,220 --> 00:01:25,080

yeah yeah Joe is uh still not here [\h__\h]

22

00:01:27,469 --> 00:01:26,230

off

23

00:01:31,190 --> 00:01:27,479

[Music]

24

00:01:33,289 --> 00:01:31,200

he posted a a photo of his foot

25

00:01:36,590 --> 00:01:33,299

in the carrot shop I couldn't tell if it

26

00:01:39,230 --> 00:01:36,600

was a a good or bad photo it seemed

27

00:01:40,670 --> 00:01:39,240

pretty bad it's brutal I don't and he

28

00:01:42,109 --> 00:01:40,680

didn't really say that we couldn't share

29

00:01:43,670 --> 00:01:42,119

it he also didn't say to share it I'm

30

00:01:45,109 --> 00:01:43,680

not gonna post that thing ever I mean

31

00:01:47,450 --> 00:01:45,119

one man's foot that's his private

32

00:01:50,090 --> 00:01:47,460

business what he does with that foot

33

00:01:52,429 --> 00:01:50,100

who he shows that foot too

34

00:01:54,590 --> 00:01:52,439

it was uh yeah it's all an elaborate

35

00:01:56,389 --> 00:01:54,600

rude because uh you know Joe Joe sent in

36

00:01:58,670 --> 00:01:56,399

another message this is what uh Joe's up

37

00:02:00,649 --> 00:01:58,680

to right here hi this is Joe from the

38

00:02:02,090 --> 00:02:00,659

our big dumb mouth podcast sorry I'm not

39

00:02:03,770 --> 00:02:02,100

on the show today but I'm at Dodger

40

00:02:06,230 --> 00:02:03,780

Stadium hanging out with a bunch of nuns

41

00:02:09,050 --> 00:02:06,240

it's a great day for a baseball game and

42

00:02:11,089 --> 00:02:09,060

some hot dogs by the way the Blue Jays

43

00:02:13,490 --> 00:02:11,099

offer a signature foot long Garrison

44

00:02:15,949 --> 00:02:13,500

Creek hot dog topped with peppers and

45

00:02:17,690 --> 00:02:15,959

onions along with other unique sausage

46

00:02:18,710 --> 00:02:17,700

varieties such as a Mediterranean

47

00:02:23,510 --> 00:02:18,720

sausage

48

00:02:24,290 --> 00:02:23,520

peace out drugs or sex wow what a

49

00:02:27,890 --> 00:02:24,300

statement

50

00:02:30,410 --> 00:02:27,900

why is he always pitching random Foods I

51
00:02:33,350 --> 00:02:30,420
don't know uh it seems like uh Joe is a

52
00:02:35,330 --> 00:02:33,360
foodie now he's all about the foods and

53
00:02:38,050 --> 00:02:35,340
promoting the things that he he loves

54
00:02:41,089 --> 00:02:38,060
and so if he was a true foodie his his

55
00:02:42,770 --> 00:02:41,099
anecdote about that food would be far

56
00:02:45,050 --> 00:02:42,780
longer than the actual details about the

57
00:02:46,009 --> 00:02:45,060
food itself yeah so he says he's

58
00:02:50,089 --> 00:02:46,019
probably

59
00:02:51,770 --> 00:02:50,099
uh more of a pitch man than a foodie so

60
00:02:54,470 --> 00:02:51,780
yeah maybe he's Shilling maybe he's got

61
00:02:56,509 --> 00:02:54,480
like a part-time gay we don't know about

62
00:02:58,850 --> 00:02:56,519
trying to get on the um

63
00:03:00,290 --> 00:02:58,860

uh the Oscar Meyer Wienermobile yeah

64

00:03:03,830 --> 00:03:00,300

maybe

65

00:03:06,170 --> 00:03:03,840

yeah Joe is uh still injured but he

66

00:03:07,970 --> 00:03:06,180

might be popping in uh at any point in

67

00:03:10,369 --> 00:03:07,980

time we don't know we don't know where

68

00:03:12,229 --> 00:03:10,379

uh Joe is uh he is

69

00:03:14,570 --> 00:03:12,239

he's very elusive he's very secretive

70

00:03:16,910 --> 00:03:14,580

very very crafty he's very crafty you

71

00:03:20,930 --> 00:03:16,920

never know where he might pop up

72

00:03:24,050 --> 00:03:20,940

oh boy it is Wednesday people you know

73

00:03:26,509 --> 00:03:24,060

this I don't have to tell you I guess I

74

00:03:29,630 --> 00:03:26,519

mean most people listen on Thursday

75

00:03:36,170 --> 00:03:29,640

Friday Saturday so sorry but you know

76

00:03:43,190 --> 00:03:37,970

yeah it is Alex Jones clips of the week

77

00:03:45,410 --> 00:03:43,200

but by the way Alex Jones has been on

78

00:03:47,509 --> 00:03:45,420

vacation

79

00:03:49,970 --> 00:03:47,519

for some reason

80

00:03:52,789 --> 00:03:49,980

he he felt it necessary to take an

81

00:03:55,610 --> 00:03:52,799

extended Hawaiian vacation to get away

82

00:03:57,110 --> 00:03:55,620

from all the new world order stuff and

83

00:03:59,390 --> 00:03:57,120

really focus on what's important which

84

00:04:02,210 --> 00:03:59,400

is relaxation being with the the the

85

00:04:03,110 --> 00:04:02,220

family and just enjoying life as much as

86

00:04:05,770 --> 00:04:03,120

you can

87

00:04:08,869 --> 00:04:05,780

but we uh we like him being on the air

88

00:04:10,970 --> 00:04:08,879

and getting all riled up but we don't

89

00:04:13,729 --> 00:04:10,980

have too many Clips like that we have a

90

00:04:16,370 --> 00:04:13,739

few not too many but we have a a couple

91

00:04:18,710 --> 00:04:16,380

here that gets managed to uh to get for

92

00:04:23,270 --> 00:04:18,720

us I'm all riled up

93

00:04:26,090 --> 00:04:23,280

so here it is um Owen Shroyer uh was uh

94

00:04:27,890 --> 00:04:26,100

subbing in for him and so I I'll we'll

95

00:04:31,010 --> 00:04:27,900

see what we got here yeah I mean it's

96

00:04:32,810 --> 00:04:31,020

anybody's uh game at this point of what

97

00:04:34,430 --> 00:04:32,820

could happen so I don't know what that

98

00:04:37,730 --> 00:04:34,440

means but here it is

99

00:04:40,430 --> 00:04:37,740

uh uh this is from Monday this is when

100

00:04:42,590 --> 00:04:40,440

we started to uh call into his own show

101
00:04:44,390 --> 00:04:42,600
really are dumbasses here's the Jews

102
00:04:46,490 --> 00:04:44,400
they're gonna take your speech away holy

103
00:04:47,870 --> 00:04:46,500
bleep this video is insane I don't want

104
00:04:50,150 --> 00:04:47,880
to be forced to take shots why are you

105
00:04:51,650 --> 00:04:50,160
Annie Smith I don't want open borders in

106
00:04:53,030 --> 00:04:51,660
crime why are you any submitting I don't

107
00:04:54,050 --> 00:04:53,040
want signal coming across why are Andy

108
00:04:55,189 --> 00:04:54,060
submitting I don't want Global

109
00:04:56,810 --> 00:04:55,199
government I don't want to lose my free

110
00:04:58,129 --> 00:04:56,820
speech I don't want to be surveilled why

111
00:04:59,990 --> 00:04:58,139
are you any submitting by saying I want

112
00:05:01,550 --> 00:05:00,000
a cup of coffee by Annie Smith my wife

113
00:05:03,950 --> 00:05:01,560

my ass while I'm taking a dump Why Annie

114

00:05:05,450 --> 00:05:03,960

Smith I love Hitler the Jews are bad I

115

00:05:06,530 --> 00:05:05,460

love Hitler you go deliver this pound of

116

00:05:07,610 --> 00:05:06,540

marijuana

117

00:05:09,590 --> 00:05:07,620

oh

118

00:05:13,090 --> 00:05:09,600

I think that's just like him talking to

119

00:05:15,170 --> 00:05:13,100

the concierge at the hotel he's at yeah

120

00:05:16,490 --> 00:05:15,180

was that on the show or just him talking

121

00:05:18,230 --> 00:05:16,500

I don't know it sounds like someone just

122

00:05:19,610 --> 00:05:18,240

held a phone up and said oh Alex Jones

123

00:05:20,870 --> 00:05:19,620

is at the front desk this is what he's

124

00:05:23,930 --> 00:05:20,880

doing

125

00:05:27,290 --> 00:05:23,940

uh then we have him on Tuesday here we

126

00:05:32,350 --> 00:05:27,300

go it's run by Jews and they're the ones

127

00:05:36,230 --> 00:05:34,490

stop it hey we shouldn't have human

128

00:05:37,249 --> 00:05:36,240

smuggling that's Annie Smith hey we

129

00:05:38,510 --> 00:05:37,259

shouldn't have physical Commerce that's

130

00:05:40,070 --> 00:05:38,520

Amy Smith hey I think there's some

131

00:05:41,930 --> 00:05:40,080

election fraud Andy Smith hey I'm

132

00:05:44,029 --> 00:05:41,940

against this war anti-semitic saying I

133

00:05:45,350 --> 00:05:44,039

want to know we should be home blow out

134

00:05:47,330 --> 00:05:45,360

the power grid to stop the New World

135

00:05:49,189 --> 00:05:47,340

Order we speak for black men cut your

136

00:05:55,330 --> 00:05:49,199

balls off yeah let's blow off the power

137

00:06:00,590 --> 00:05:58,070

and my and his wife's probably in the

138

00:06:02,150 --> 00:06:00,600

next room waiting for him to get done so

139

00:06:04,790 --> 00:06:02,160

they can go to the pool and he's doing

140

00:06:06,230 --> 00:06:04,800

boop boop boop noises I assume he's

141

00:06:08,570 --> 00:06:06,240

they're standing in line somewhere for

142

00:06:09,770 --> 00:06:08,580

like a restaurant yeah he's like I've

143

00:06:12,290 --> 00:06:09,780

got I got five minutes let me call him

144

00:06:14,810 --> 00:06:12,300

let me calling the uh the show and uh do

145

00:06:16,610 --> 00:06:14,820

my do my routine I've been working on a

146

00:06:21,890 --> 00:06:16,620

bit

147

00:06:23,390 --> 00:06:21,900

here here he was today he he couldn't

148

00:06:25,249 --> 00:06:23,400

stay out the show

149

00:06:28,070 --> 00:06:25,259

he probably got kicked out of like

150

00:06:29,870 --> 00:06:28,080

probably 17 public pools and so he's

151
00:06:31,790 --> 00:06:29,880
forced to go back to his motel room and

152
00:06:34,670 --> 00:06:31,800
do the show I'm gonna kill you kill

153
00:06:37,070 --> 00:06:34,680
Easter Ed's daughter good Lord Chelsea

154
00:06:38,749 --> 00:06:37,080
uh Hubble I mean Clinton I knows hers

155
00:06:40,550 --> 00:06:38,759
are spectacular I need to drama Cruise

156
00:06:42,770 --> 00:06:40,560
like hey man you got boogers hanging out

157
00:06:44,510 --> 00:06:42,780
your nose I'm like no this is Jim as you

158
00:06:46,550 --> 00:06:44,520
get older you lose hair on the top of

159
00:06:48,230 --> 00:06:46,560
your head and you grow in your ears and

160
00:06:49,909 --> 00:06:48,240
your nose I could like braid my nose

161
00:06:52,010 --> 00:06:49,919
hairs the damn things grow like a

162
00:06:53,870 --> 00:06:52,020
potential week or something I tripped

163
00:06:56,029 --> 00:06:53,880

him four days ago I need to find white

164

00:07:01,029 --> 00:06:56,039

supremacists anybody that can find their

165

00:07:06,590 --> 00:07:03,230

how long did he go on a dietary about

166

00:07:09,350 --> 00:07:06,600

nose hair I don't know uh he gets cut

167

00:07:11,689 --> 00:07:09,360

down and I'm sure he probably went on at

168

00:07:13,309 --> 00:07:11,699

least twice as long uh explain to

169

00:07:15,230 --> 00:07:13,319

everyone about his nose hair it's

170

00:07:18,890 --> 00:07:15,240

probably the camera shot he's got is

171

00:07:21,230 --> 00:07:18,900

like all those like at home like on

172

00:07:23,150 --> 00:07:21,240

laptop stuff that has like an up angle

173

00:07:26,029 --> 00:07:23,160

because of where the laptop camera is

174

00:07:27,770 --> 00:07:26,039

and so you're shooting up someone's nose

175

00:07:29,330 --> 00:07:27,780

and that's what you're looking at it's

176

00:07:30,529 --> 00:07:29,340

horrible or was was he again just

177

00:07:32,089 --> 00:07:30,539

standing in line talking the person next

178

00:07:34,010 --> 00:07:32,099

to him could being stay in the line for

179

00:07:36,050 --> 00:07:34,020

Chi-Chi's very popular restaurant on the

180

00:07:37,370 --> 00:07:36,060

Hawaiian island that's for sure Chichi

181

00:07:39,529 --> 00:07:37,380

still exist

182

00:07:41,510 --> 00:07:39,539

I bet there's at least one Chichi

183

00:07:44,629 --> 00:07:41,520

there's probably a lone hold out out

184

00:07:48,230 --> 00:07:44,639

there that refuses to go down

185

00:07:51,589 --> 00:07:48,240

refuses to collapse yeah uh let's see

186

00:07:53,629 --> 00:07:51,599

apparently still in Belgium

187

00:07:57,409 --> 00:07:53,639

there you go

188

00:08:01,010 --> 00:07:57,419

there's one last cheat cheese in Belgium

189

00:08:03,529 --> 00:08:01,020

I said Bee Gees BG's one BG's uh so they

190

00:08:06,010 --> 00:08:03,539

did bankrupt in the U.S and Canada in

191

00:08:08,990 --> 00:08:06,020

2004.

192

00:08:11,450 --> 00:08:09,000

uh in 2002 somebody purchased the

193

00:08:14,950 --> 00:08:11,460

franchise rights for Belgium

194

00:08:17,390 --> 00:08:14,960

as well as North Africa and China

195

00:08:20,150 --> 00:08:17,400

are they

196

00:08:22,730 --> 00:08:20,160

there's one in Brussels so yeah I guess

197

00:08:27,650 --> 00:08:22,740

if you happen to be visiting NATO

198

00:08:32,750 --> 00:08:29,450

let's see the Bee Gees while you're at

199

00:08:37,130 --> 00:08:34,490

say that three times fast

200

00:08:38,230 --> 00:08:37,140

oh boy let's let's get to some headlines

201
00:08:43,570 --> 00:08:38,240
here here we go

202
00:08:47,449 --> 00:08:43,580
[Music]

203
00:08:50,509 --> 00:08:47,459
in the UFO Community everyone was all

204
00:08:54,050 --> 00:08:50,519
riled up today I'm all riled up they're

205
00:08:57,470 --> 00:08:54,060
all riled up today because NASA did its

206
00:09:00,410 --> 00:08:57,480
big UAP conference where this is where

207
00:09:02,509 --> 00:09:00,420
uh NASA came out they had a panel of

208
00:09:05,590 --> 00:09:02,519
scientists up there looking their best

209
00:09:08,810 --> 00:09:05,600
and they were reviewing some UAP footage

210
00:09:11,690 --> 00:09:08,820
they were going over uh some of their

211
00:09:13,850 --> 00:09:11,700
explanations some of their findings and

212
00:09:18,470 --> 00:09:13,860
I gotta say it was a bit of a snooze

213
00:09:23,210 --> 00:09:18,480

Fest no you don't say hard to believe

214

00:09:25,310 --> 00:09:23,220

and uh uh I I did uh pick out like one

215

00:09:27,889 --> 00:09:25,320

one little bit here this is a piece of

216

00:09:30,790 --> 00:09:27,899

audio it's really I mean I mean uh I

217

00:09:33,889 --> 00:09:30,800

probably could play I could probably

218

00:09:36,530 --> 00:09:33,899

uh play I don't even have the link to

219

00:09:38,990 --> 00:09:36,540

the video it was like so lackluster

220

00:09:41,090 --> 00:09:39,000

uh that I didn't even pick up the video

221

00:09:42,230 --> 00:09:41,100

but this is uh Dr Kirkpatrick talking

222

00:09:46,490 --> 00:09:42,240

about

223

00:09:49,370 --> 00:09:46,500

uh the metal orbs that have been spotted

224

00:09:51,829 --> 00:09:49,380

and they just need more data on these

225

00:09:54,350 --> 00:09:51,839

things this is an example of one that I

226
00:09:57,350 --> 00:09:54,360
showed at the hearing recently uh this

227
00:10:01,670 --> 00:09:57,360
is a spherical orb metallic in the

228
00:10:03,410 --> 00:10:01,680
Middle East 2022 by an MQ-9

229
00:10:05,150 --> 00:10:03,420
and we'll come back to the sensor

230
00:10:06,470 --> 00:10:05,160
question that David raised here in a

231
00:10:09,170 --> 00:10:06,480
moment

232
00:10:11,930 --> 00:10:09,180
this is a typical example of the thing

233
00:10:15,170 --> 00:10:11,940
that we see most of we see these all

234
00:10:17,990 --> 00:10:15,180
over the world and we see these in and

235
00:10:19,430 --> 00:10:18,000
making very interesting

236
00:10:21,530 --> 00:10:19,440
apparent maneuvers

237
00:10:23,509 --> 00:10:21,540
[Music]

238
00:10:26,150 --> 00:10:23,519

this one in particular however I would

239

00:10:28,730 --> 00:10:26,160

point out demonstrated no enigmatic

240

00:10:31,070 --> 00:10:28,740

technical capabilities and was no threat

241

00:10:33,290 --> 00:10:31,080

to Airborne safety

242

00:10:35,690 --> 00:10:33,300

while we are still looking at it I don't

243

00:10:37,730 --> 00:10:35,700

have any more data other than that

244

00:10:40,850 --> 00:10:37,740

and so being able to come to some

245

00:10:43,370 --> 00:10:40,860

conclusion is going to take time until

246

00:10:45,949 --> 00:10:43,380

we can get better resolved data on

247

00:10:48,230 --> 00:10:45,959

similar objects that we can then do a

248

00:10:51,829 --> 00:10:48,240

larger analysis on

249

00:10:54,769 --> 00:10:51,839

next slide please next slide

250

00:10:56,150 --> 00:10:54,779

and that's basically uh they

251
00:10:58,009 --> 00:10:56,160
they go on he's talking about he's

252
00:10:59,150 --> 00:10:58,019
talking about the the water droplets on

253
00:11:02,150 --> 00:10:59,160
this lens

254
00:11:03,350 --> 00:11:02,160
uh they did rule out water droplets they

255
00:11:05,870 --> 00:11:03,360
did uh

256
00:11:07,730 --> 00:11:05,880
they ruled out water droplets and pools

257
00:11:10,069 --> 00:11:07,740
of water they rolled out all this up so

258
00:11:11,810 --> 00:11:10,079
these are actual objects in the sky and

259
00:11:14,269 --> 00:11:11,820
like you said they are being seen

260
00:11:15,130 --> 00:11:14,279
worldwide now they don't know what they

261
00:11:19,009 --> 00:11:15,140
are

262
00:11:23,449 --> 00:11:19,019
uh they could be balloons they could be

263
00:11:24,350 --> 00:11:23,459

uh uaps genuine UFOs they simply do not

264

00:11:27,410 --> 00:11:24,360

know

265

00:11:29,030 --> 00:11:27,420

and by the way they are only they NASA

266

00:11:32,509 --> 00:11:29,040

in this group

267

00:11:36,350 --> 00:11:32,519

are only examining unclassified material

268

00:11:38,949 --> 00:11:36,360

things that anyone else has access to uh

269

00:11:41,030 --> 00:11:38,959

they are not reviewing any classified

270

00:11:44,690 --> 00:11:41,040

material at all

271

00:11:46,610 --> 00:11:44,700

and uh it was a a bit of a bit of a

272

00:11:48,470 --> 00:11:46,620

letdown I mean I don't know really what

273

00:11:51,170 --> 00:11:48,480

uh what people were expecting I don't

274

00:11:53,870 --> 00:11:51,180

know what I was expecting uh you hoped

275

00:11:56,990 --> 00:11:53,880

for something that's interesting new uh

276

00:11:59,090 --> 00:11:57,000

maybe a little a little a drip of of

277

00:12:01,250 --> 00:11:59,100

information that you haven't heard

278

00:12:04,190 --> 00:12:01,260

before uh but we didn't get that we got

279

00:12:06,710 --> 00:12:04,200

a lot of people on stage that were

280

00:12:10,190 --> 00:12:06,720

basically just sitting there and they

281

00:12:13,009 --> 00:12:10,200

did debunk some uh older video like the

282

00:12:15,470 --> 00:12:13,019

uh the go fast video where they said uh

283

00:12:17,030 --> 00:12:15,480

the object with they originally thought

284

00:12:20,030 --> 00:12:17,040

was going hundreds if not thousand miles

285

00:12:23,690 --> 00:12:20,040

an hour well it was going more like 40

286

00:12:27,650 --> 00:12:23,700

miles an hour due to uh a miscalculation

287

00:12:30,470 --> 00:12:27,660

where the the footage was moving it's

288

00:12:33,769 --> 00:12:30,480

like a parallax kind of effect where it

289

00:12:36,110 --> 00:12:33,779

was a a bad estimation uh initially on

290

00:12:38,150 --> 00:12:36,120

the footage so they debunked that

291

00:12:40,810 --> 00:12:38,160

and honestly the whole thing seemed like

292

00:12:43,610 --> 00:12:40,820

a bit of a debunking like they were

293

00:12:47,690 --> 00:12:43,620

initially people were really excited

294

00:12:50,990 --> 00:12:47,700

that these uh these uh the dod is open

295

00:12:53,750 --> 00:12:51,000

to uaps now NASA and the Air Force but

296

00:12:58,550 --> 00:12:53,760

everything we've seen thus far seems to

297

00:13:00,889 --> 00:12:58,560

be a gradual rollback of disclosure and

298

00:13:04,550 --> 00:13:00,899

not much uh interesting or new

299

00:13:07,370 --> 00:13:06,410

what if there was some way they could

300

00:13:09,650 --> 00:13:07,380

tie

301
00:13:16,610 --> 00:13:09,660
the

302
00:13:19,009 --> 00:13:16,620
somehow a larger military industrial

303
00:13:20,449 --> 00:13:19,019
complex budget I think and that's what

304
00:13:21,829 --> 00:13:20,459
they were saying uh they didn't say it

305
00:13:24,590 --> 00:13:21,839
in so many words but they said they

306
00:13:27,470 --> 00:13:24,600
needed better evidence and access to

307
00:13:30,230 --> 00:13:27,480
more data and that translates to they

308
00:13:31,550 --> 00:13:30,240
need more money I need the money they

309
00:13:34,030 --> 00:13:31,560
need the money I think that's all it

310
00:13:36,530 --> 00:13:34,040
really translates oh God need money

311
00:13:37,670 --> 00:13:36,540
is that where Alex was he wasn't on the

312
00:13:39,590 --> 00:13:37,680
show because he was in Congress telling

313
00:13:41,569 --> 00:13:39,600

them he needed money uh maybe I mean

314

00:13:43,790 --> 00:13:41,579

that's a good explanation as any

315

00:13:48,170 --> 00:13:43,800

but here's a here's a couple takeaways

316

00:13:50,690 --> 00:13:48,180

from the UAP NASA UAP hearing

317

00:13:53,569 --> 00:13:50,700

um and this is a good Rundown

318

00:13:55,670 --> 00:13:53,579

uh NASA uip report being released this

319

00:13:57,530 --> 00:13:55,680

summer uh

320

00:14:00,610 --> 00:13:57,540

let's see here they said scientists and

321

00:14:03,170 --> 00:14:00,620

panelists have been getting harassed

322

00:14:06,110 --> 00:14:03,180

uh by uh people in the UFO Community

323

00:14:08,150 --> 00:14:06,120

sure because we've heard that for years

324

00:14:09,769 --> 00:14:08,160

UFO Community they get they get all

325

00:14:11,090 --> 00:14:09,779

riled up so come after you that's what

326

00:14:13,610 --> 00:14:11,100

it said that's what people were seeing

327

00:14:15,889 --> 00:14:13,620

on Twitter but they alluded to

328

00:14:18,829 --> 00:14:15,899

government harassment and Dr Kirkpatrick

329

00:14:22,370 --> 00:14:18,839

hinted at this too so Dr Kirkpatrick is

330

00:14:24,350 --> 00:14:22,380

the head of the aaro

331

00:14:26,269 --> 00:14:24,360

um and he was a bit of a divisive

332

00:14:28,490 --> 00:14:26,279

character right now he does have ties to

333

00:14:29,870 --> 00:14:28,500

uh various intelligence agencies there

334

00:14:31,670 --> 00:14:29,880

are people that are trying to present

335

00:14:33,710 --> 00:14:31,680

information and data to him that he's

336

00:14:37,009 --> 00:14:33,720

refusing to look at or just has decided

337

00:14:39,290 --> 00:14:37,019

not to look at so there's a lot of mixed

338

00:14:41,810 --> 00:14:39,300

things going on with uh that guy who was

339

00:14:45,530 --> 00:14:41,820

presenting today uh some of the uh the

340

00:14:47,449 --> 00:14:45,540

findings but also leads up the aaro uh

341

00:14:50,329 --> 00:14:47,459

it goes on to say NASA are studying

342

00:14:51,889 --> 00:14:50,339

unclassified data

343

00:14:54,110 --> 00:14:51,899

um so the origins of a lot of UAP

344

00:14:56,090 --> 00:14:54,120

sightings are still unclear one of their

345

00:14:57,829 --> 00:14:56,100

goals is to reduce the stigma around the

346

00:14:59,230 --> 00:14:57,839

topic in academic and scientific

347

00:15:02,389 --> 00:14:59,240

communities

348

00:15:05,810 --> 00:15:02,399

anomalous UAP cases make up a total of

349

00:15:08,810 --> 00:15:05,820

two to five percent of the overall 800

350

00:15:11,389 --> 00:15:08,820

cases they have looked at and so that

351
00:15:13,610 --> 00:15:11,399
means they they have not enough data to

352
00:15:15,350 --> 00:15:13,620
make a conclusion on that or they're

353
00:15:18,470 --> 00:15:15,360
really interesting like interesting

354
00:15:21,050 --> 00:15:18,480
aerial maneuvers they need more data but

355
00:15:22,850 --> 00:15:21,060
quite frankly some of that stuff that is

356
00:15:24,530 --> 00:15:22,860
in existence is probably classified and

357
00:15:26,930 --> 00:15:24,540
they don't have access to it

358
00:15:30,710 --> 00:15:26,940
they do say that the uh they get

359
00:15:31,730 --> 00:15:30,720
hundreds of UAP reports a month and so

360
00:15:33,710 --> 00:15:31,740
of that

361
00:15:35,329 --> 00:15:33,720
of those hundreds two to five percent

362
00:15:37,790 --> 00:15:35,339
that's quite significant if they can't

363
00:15:39,470 --> 00:15:37,800

account for what exactly they are

364

00:15:41,030 --> 00:15:39,480

and uh

365

00:15:43,069 --> 00:15:41,040

maybe this is I'm not reading down the

366

00:15:44,810 --> 00:15:43,079

bullet list here right now but me I read

367

00:15:48,410 --> 00:15:44,820

that uh that whistleblower statement

368

00:15:50,329 --> 00:15:48,420

from 4chan a few episodes ago where uh

369

00:15:51,769 --> 00:15:50,339

The Whistleblower from 4chan was

370

00:15:54,889 --> 00:15:51,779

basically saying that the majority of

371

00:15:57,290 --> 00:15:54,899

the UFOs that are genuine and cited here

372

00:15:59,509 --> 00:15:57,300

circling North uh those those are drones

373

00:16:02,389 --> 00:15:59,519

those they're they're not operated by an

374

00:16:04,970 --> 00:16:02,399

entity or or a living creature in the

375

00:16:07,910 --> 00:16:04,980

craft or just drones and

376

00:16:09,470 --> 00:16:07,920

uh I like that explanation maybe it's uh

377

00:16:10,910 --> 00:16:09,480

what they're seeing up there are they

378

00:16:12,829 --> 00:16:10,920

are they but are they human drones or

379

00:16:14,629 --> 00:16:12,839

are they alien drones alien drones is

380

00:16:16,850 --> 00:16:14,639

what the uh The Whistleblower was saying

381

00:16:21,050 --> 00:16:16,860

so they're more like probes probes yeah

382

00:16:24,290 --> 00:16:21,060

okay uh NASA is planning uh to build a

383

00:16:26,870 --> 00:16:24,300

UAP reporting app so say how about that

384

00:16:28,250 --> 00:16:26,880

that'll do it

385

00:16:31,870 --> 00:16:28,260

because you know the government's really

386

00:16:33,949 --> 00:16:31,880

good at making apps that's right

387

00:16:35,870 --> 00:16:33,959

uh they didn't they don't find

388

00:16:37,970 --> 00:16:35,880

eyewitness sightings in mobile phone

389

00:16:39,769 --> 00:16:37,980

footage to be credible Enough by itself

390

00:16:41,689 --> 00:16:39,779

they require more scientific data to

391

00:16:44,030 --> 00:16:41,699

Warrant further investigation okay

392

00:16:46,249 --> 00:16:44,040

uh read that part again they don't they

393

00:16:48,170 --> 00:16:46,259

don't consider eyewitness data to be

394

00:16:50,210 --> 00:16:48,180

they don't get enough they don't find

395

00:16:52,490 --> 00:16:50,220

eyewitness sightings in mobile phone

396

00:16:54,949 --> 00:16:52,500

footage to be credible Enough by itself

397

00:16:57,069 --> 00:16:54,959

but require more scientific data to

398

00:17:00,170 --> 00:16:57,079

Warrant further investigations into

399

00:17:01,850 --> 00:17:00,180

sightings but they're gonna put out an

400

00:17:03,170 --> 00:17:01,860

app that runs on your phone but they

401

00:17:05,449 --> 00:17:03,180

don't want you to take pictures with

402

00:17:08,030 --> 00:17:05,459

your phone exactly that doesn't make any

403

00:17:10,189 --> 00:17:08,040

sense this is what they're doing uh the

404

00:17:14,030 --> 00:17:10,199

UK government is now actively involved

405

00:17:15,949 --> 00:17:14,040

in UFO UAP study metallic orbs the one

406

00:17:18,949 --> 00:17:15,959

that I played the clip from metallic

407

00:17:22,189 --> 00:17:18,959

orbs are the UFOs commonly seen all over

408

00:17:26,090 --> 00:17:22,199

the world by the aaro they make very

409

00:17:27,650 --> 00:17:26,100

interesting apparent maneuvers

410

00:17:29,810 --> 00:17:27,660

whatever that means

411

00:17:31,549 --> 00:17:29,820

yeah what's interesting like they write

412

00:17:34,010 --> 00:17:31,559

their name in this guy

413

00:17:35,390 --> 00:17:34,020

um I guess the the angles of which they

414

00:17:37,970 --> 00:17:35,400

they

415

00:17:39,590 --> 00:17:37,980

Traverse the skies and the speed

416

00:17:41,210 --> 00:17:39,600

acceleration I don't know they weren't

417

00:17:43,310 --> 00:17:41,220

uh very clear at least not that I but

418

00:17:45,289 --> 00:17:43,320

it's interesting yeah that's the most

419

00:17:47,510 --> 00:17:45,299

interesting part that these metallic

420

00:17:48,950 --> 00:17:47,520

orbs are seen all over the world and

421

00:17:50,390 --> 00:17:48,960

they don't know exactly what they are

422

00:17:52,789 --> 00:17:50,400

just yet

423

00:17:57,409 --> 00:17:52,799

so I'm there that's something and that's

424

00:17:59,750 --> 00:17:57,419

pretty much it uh it was uh

425

00:18:02,570 --> 00:17:59,760

I don't know if it's a wasted time but

426

00:18:05,330 --> 00:18:02,580

it was a waste of your time

427

00:18:08,090 --> 00:18:05,340

if you think it's bordering on waste of

428

00:18:10,970 --> 00:18:08,100

time then good Lord I'm really digging

429

00:18:13,430 --> 00:18:10,980

I'm really digging here you know

430

00:18:14,870 --> 00:18:13,440

but I do have some more uh UFO headlines

431

00:18:17,030 --> 00:18:14,880

that I would love to share with everyone

432

00:18:20,630 --> 00:18:17,040

out there here we go

433

00:18:24,830 --> 00:18:22,970

wait we didn't resolve did the UAP

434

00:18:28,490 --> 00:18:24,840

office get more money

435

00:18:30,470 --> 00:18:28,500

uh I don't think that they did no

436

00:18:32,390 --> 00:18:30,480

um I think they cut their budget like

437

00:18:34,669 --> 00:18:32,400

after that after that lackluster

438

00:18:37,250 --> 00:18:34,679

performance you lose money if after this

439

00:18:38,930 --> 00:18:37,260

bull crap I'm taking 10 bucks away from

440

00:18:42,049 --> 00:18:38,940

you give me cough it up

441

00:18:43,370 --> 00:18:42,059

again we're gonna tow your car

442

00:18:44,750 --> 00:18:43,380

no they need to get their parking

443

00:18:46,070 --> 00:18:44,760

validated else they're gonna get towed

444

00:18:48,350 --> 00:18:46,080

that's why they went to the conference

445

00:18:51,110 --> 00:18:48,360

no more uh no more catered lunches you

446

00:18:53,630 --> 00:18:51,120

guys brown bag it from now on

447

00:18:55,549 --> 00:18:53,640

I I appreciate them putting in effort I

448

00:18:56,990 --> 00:18:55,559

guess I don't know I mean like it almost

449

00:18:58,850 --> 00:18:57,000

sounds like it was a half-hearted effort

450

00:19:01,669 --> 00:18:58,860

though like they they had a a

451
00:19:02,990 --> 00:19:01,679
requirement to go report to Congress so

452
00:19:04,789 --> 00:19:03,000
they're like I don't know talk about

453
00:19:06,470 --> 00:19:04,799
these things well this wasn't really in

454
00:19:08,150 --> 00:19:06,480
front of Congress this is like their own

455
00:19:10,909 --> 00:19:08,160
press conference they put this on it was

456
00:19:13,669 --> 00:19:10,919
streamed to nasa.gov NASA just doing it

457
00:19:16,090 --> 00:19:13,679
okay Matt this is just NASA doing it

458
00:19:18,950 --> 00:19:16,100
um need another Seven astronauts yeah

459
00:19:21,289 --> 00:19:18,960
it is about budget it's partially about

460
00:19:23,029 --> 00:19:21,299
that yes

461
00:19:26,150 --> 00:19:23,039
and you know who's the head of NASA

462
00:19:27,950 --> 00:19:26,160
don't you well uh Bill Nelson yeah that

463
00:19:29,810 --> 00:19:27,960

dude looks like an alien by the way uh

464

00:19:33,710 --> 00:19:29,820

find a picture of him um you know who

465

00:19:35,690 --> 00:19:33,720

Bill Nelson reports to yeah me Hulk

466

00:19:38,330 --> 00:19:35,700

Hogan that's exactly right damn it I

467

00:19:40,010 --> 00:19:38,340

fall for it every time

468

00:19:41,450 --> 00:19:40,020

I was gonna say camera so she'll get

469

00:19:44,090 --> 00:19:41,460

that [h__h] done

470

00:19:47,630 --> 00:19:44,100

uh here is uh here's a headline for

471

00:19:50,390 --> 00:19:47,640

everyone out there uh UFO press event to

472

00:19:53,450 --> 00:19:50,400

present definitive evidence of black

473

00:19:55,549 --> 00:19:53,460

projects that's good news like black

474

00:19:58,850 --> 00:19:55,559

lives matter these are just black

475

00:20:01,070 --> 00:19:58,860

projects like uh racist I would say that

476

00:20:02,870 --> 00:20:01,080

these are off books for the most part

477

00:20:05,150 --> 00:20:02,880

you know

478

00:20:07,250 --> 00:20:05,160

uh so here we go the event will offer

479

00:20:09,350 --> 00:20:07,260

definitive evidence of illegal

480

00:20:11,330 --> 00:20:09,360

unacknowledged black budget projects

481

00:20:13,490 --> 00:20:11,340

related to UFOs the event which is

482

00:20:16,070 --> 00:20:13,500

scheduled to take place June 12th will

483

00:20:19,789 --> 00:20:16,080

be will be presented by celebrity UFO

484

00:20:21,049 --> 00:20:19,799

researcher Dr Steven M Greer who will

485

00:20:22,909 --> 00:20:21,059

also be joined by several government

486

00:20:26,390 --> 00:20:22,919

whistleblowers including a marine who

487

00:20:27,710 --> 00:20:26,400

allegedly witnessed a man-made UAP in

488

00:20:30,230 --> 00:20:27,720

Indonesia

489

00:20:33,110 --> 00:20:30,240

oh really wait

490

00:20:34,370 --> 00:20:33,120

what the hell is a man-made UAP I don't

491

00:20:37,130 --> 00:20:34,380

know

492

00:20:39,890 --> 00:20:37,140

I I man-made UFO would make more sense

493

00:20:41,450 --> 00:20:39,900

man-made UAP

494

00:20:44,150 --> 00:20:41,460

because that would mean it would be

495

00:20:48,470 --> 00:20:44,160

unidentified an aerial phenomenon

496

00:20:49,730 --> 00:20:48,480

phenomenon but I don't know that's kind

497

00:20:52,850 --> 00:20:49,740

of weird that doesn't yeah that doesn't

498

00:20:54,409 --> 00:20:52,860

a man-made UFO or a man

499

00:20:55,970 --> 00:20:54,419

unless he's talking about that like

500

00:20:57,409 --> 00:20:55,980

here's just a Oddball craft that

501
00:20:59,270 --> 00:20:57,419
somebody built like all the crazy stuff

502
00:21:01,130 --> 00:20:59,280
that the Air Force had in the 1950s

503
00:21:05,150 --> 00:21:01,140
possibly

504
00:21:06,650 --> 00:21:05,160
or was a jetpack man uh undetermined

505
00:21:08,690 --> 00:21:06,660
are we still trying to track down

506
00:21:10,250 --> 00:21:08,700
Jetpack Man

507
00:21:12,650 --> 00:21:10,260
he's out there seriously we are we're

508
00:21:15,110 --> 00:21:12,660
trying to track down Jetpack Man no one

509
00:21:17,150 --> 00:21:15,120
knows crimes no one knows where Jetpack

510
00:21:19,909 --> 00:21:17,160
Man is I fly a jet pack spraying human

511
00:21:21,470 --> 00:21:19,919
feces on people

512
00:21:23,330 --> 00:21:21,480
about Hawaii doing that spreading the

513
00:21:24,409 --> 00:21:23,340

good cheer Alex is on vacation and we

514

00:21:27,890 --> 00:21:24,419

spot checked how do you think he got to

515

00:21:30,350 --> 00:21:27,900

Hawaii with his jetpack jetpack he flew

516

00:21:32,990 --> 00:21:30,360

over 35 miles an hour he flew over there

517

00:21:35,210 --> 00:21:33,000

just out there with his wife dangling

518

00:21:37,789 --> 00:21:35,220

from his ankle

519

00:21:40,490 --> 00:21:37,799

to take a while let's fly a jet pack

520

00:21:44,570 --> 00:21:40,500

bring human feces on people we have to

521

00:21:47,690 --> 00:21:46,250

it's a helicopter but it's the best you

522

00:21:50,570 --> 00:21:47,700

can do

523

00:21:53,270 --> 00:21:50,580

well as part of the presentation the UFO

524

00:21:56,810 --> 00:21:53,280

UFO Archive of the disclosure project

525

00:21:58,610 --> 00:21:56,820

which contains five terabytes of data on

526

00:22:02,210 --> 00:21:58,620

black projects and UFO sightings will

527

00:22:05,270 --> 00:22:02,220

also be unveiled uh Dr Greer will even

528

00:22:08,210 --> 00:22:05,280

reveal details about a planned a

529

00:22:11,510 --> 00:22:08,220

racketeering influence corrupt or uh

530

00:22:13,909 --> 00:22:11,520

organization so a RICO a RICO lawsuit

531

00:22:16,669 --> 00:22:13,919

set to be initiated in response to

532

00:22:18,830 --> 00:22:16,679

Illegal military and corporate projects

533

00:22:20,330 --> 00:22:18,840

nah it never happens

534

00:22:22,610 --> 00:22:20,340

uh wouldn't you have to get permit

535

00:22:24,649 --> 00:22:22,620

technically if they are like government

536

00:22:25,909 --> 00:22:24,659

contractors aren't they Under the

537

00:22:28,970 --> 00:22:25,919

Umbrella of the federal government you

538

00:22:30,529 --> 00:22:28,980

need permission to Sue at that point

539

00:22:32,750 --> 00:22:30,539

I don't know need permission to sue them

540

00:22:34,549 --> 00:22:32,760

or for them to sue you uh you need

541

00:22:37,010 --> 00:22:34,559

permission to sue the federal government

542

00:22:39,230 --> 00:22:37,020

maybe maybe not defense contractors I

543

00:22:40,970 --> 00:22:39,240

mean you might be able to sue them

544

00:22:42,289 --> 00:22:40,980

uh depends on the contracts written I

545

00:22:44,630 --> 00:22:42,299

mean you can you can sue your Hiring

546

00:22:46,370 --> 00:22:44,640

Agency for any sort of breach contract

547

00:22:47,570 --> 00:22:46,380

that happens all the time in fact in

548

00:22:49,310 --> 00:22:47,580

general just throw this number out there

549

00:22:51,890 --> 00:22:49,320

in General large-scale commercial

550

00:22:55,070 --> 00:22:51,900

construction involving government

551
00:22:57,049 --> 00:22:55,080
um upwards of 30 percent of contracts uh

552
00:22:58,190 --> 00:22:57,059
and in lawsuits that's right that's just

553
00:23:01,610 --> 00:22:58,200
like that's just I'm like building a

554
00:23:03,529 --> 00:23:01,620
building for the city so hmm

555
00:23:05,930 --> 00:23:03,539
well there's certainly no doubt that the

556
00:23:08,450 --> 00:23:05,940
event will be Harold uh Herald a

557
00:23:09,649 --> 00:23:08,460
considerable release of UFO UAP related

558
00:23:11,210 --> 00:23:09,659
information it remains to be seen

559
00:23:13,669 --> 00:23:11,220
whether or not any of it will

560
00:23:16,789 --> 00:23:13,679
fundamentally change anything

561
00:23:18,710 --> 00:23:16,799
uh Dr Greer himself has spent decades

562
00:23:20,810 --> 00:23:18,720
researching UFOs and collecting data so

563
00:23:22,250 --> 00:23:20,820

it'll be certainly uh it will be

564

00:23:23,990 --> 00:23:22,260

interesting to see what he has

565

00:23:26,710 --> 00:23:24,000

discovered the event will take place at

566

00:23:30,649 --> 00:23:26,720

the national Press Club in Washington DC

567

00:23:31,970 --> 00:23:30,659

on June 12th so right around the corner

568

00:23:34,850 --> 00:23:31,980

here

569

00:23:37,909 --> 00:23:34,860

I'll be interested you know uh Dr gerd's

570

00:23:42,110 --> 00:23:37,919

a very divisive character in the UFO

571

00:23:46,370 --> 00:23:42,120

Community he uh did a lot of uh document

572

00:23:48,710 --> 00:23:46,380

research in the 90s early 2000s has uh

573

00:23:51,590 --> 00:23:48,720

claimed to have debriefed many a formal

574

00:23:53,029 --> 00:23:51,600

former uh government official and then

575

00:23:58,250 --> 00:23:53,039

he uh

576

00:24:00,890 --> 00:23:58,260

documentary unacknowledged which really

577

00:24:03,669 --> 00:24:00,900

I think was well put together uh he

578

00:24:06,590 --> 00:24:03,679

started to go into the

579

00:24:08,810 --> 00:24:06,600

ce5 protocols where

580

00:24:11,690 --> 00:24:08,820

he would take a group of people out into

581

00:24:14,149 --> 00:24:11,700

the desert or off the coast of uh

582

00:24:16,370 --> 00:24:14,159

someplace and they would get into these

583

00:24:21,110 --> 00:24:16,380

meditative circles they would start to

584

00:24:24,289 --> 00:24:21,120

meditate in order to conjure UFOs

585

00:24:27,289 --> 00:24:24,299

entities is what Dr Greer is claiming

586

00:24:30,590 --> 00:24:27,299

and so using his protocols you could

587

00:24:32,450 --> 00:24:30,600

summon what he claims to be aliens uh

588

00:24:34,730 --> 00:24:32,460

interdimensional entities now there's

589

00:24:37,789 --> 00:24:34,740

not much good uh photography I went over

590

00:24:40,370 --> 00:24:37,799

this you can look up on the podcast uh I

591

00:24:41,450 --> 00:24:40,380

covered uh that documentary uh I think

592

00:24:44,390 --> 00:24:41,460

it's called Close Encounters of the

593

00:24:46,669 --> 00:24:44,400

fifth kind and uh there's even some uh

594

00:24:47,990 --> 00:24:46,679

videos that we've had up where I found

595

00:24:49,970 --> 00:24:48,000

the best pictures I could from a

596

00:24:54,350 --> 00:24:49,980

documentary and I presented a it looked

597

00:24:56,810 --> 00:24:54,360

like colored blurs motion blurs on film

598

00:24:58,990 --> 00:24:56,820

and there's not much

599

00:25:03,470 --> 00:24:59,000

uh typical

600

00:25:05,330 --> 00:25:03,480

alien-ness to it alieness

601
00:25:08,390 --> 00:25:05,340
I'm open to the idea of what he's doing

602
00:25:10,490 --> 00:25:08,400
but what if they're in interdimensional

603
00:25:11,390 --> 00:25:10,500
entities I like by the way I like that

604
00:25:13,490 --> 00:25:11,400
theory better than I do the

605
00:25:16,730 --> 00:25:13,500
interplanatory stuff interdimensional

606
00:25:19,070 --> 00:25:16,740
entities and they exist in a dimension

607
00:25:22,970 --> 00:25:19,080
primarily in energy form so wouldn't

608
00:25:25,130 --> 00:25:22,980
they then appear as Blobs of energy sort

609
00:25:27,350 --> 00:25:25,140
of thing yeah it's possible like uh I

610
00:25:29,810 --> 00:25:27,360
like the interdimensional theory as well

611
00:25:32,570 --> 00:25:29,820
I didn't I said I liked it first okay

612
00:25:35,990 --> 00:25:32,580
okay I'll be second I'll be second it's

613
00:25:38,570 --> 00:25:36,000

fine uh I don't have a Skinwalker Ranch

614

00:25:39,710 --> 00:25:38,580

Clips this week because uh um I was

615

00:25:40,789 --> 00:25:39,720

waiting for them to put out a new

616

00:25:43,549 --> 00:25:40,799

episode

617

00:25:46,010 --> 00:25:43,559

uh but so hopefully maybe Saturday or

618

00:25:49,070 --> 00:25:46,020

next Wednesday I'll have clips and I'm

619

00:25:52,549 --> 00:25:49,080

working on my skin walker Ranch Theory

620

00:25:55,549 --> 00:25:52,559

and it is basically a UFO Theory as well

621

00:25:59,570 --> 00:25:55,559

where it could be that they are

622

00:26:02,870 --> 00:25:59,580

interacting with a parallel civilization

623

00:26:03,769 --> 00:26:02,880

um like a parallel reality in to a

624

00:26:07,250 --> 00:26:03,779

certain degree because there's certain

625

00:26:09,769 --> 00:26:07,260

things in the hunt for Skinwalker book

626
00:26:12,710 --> 00:26:09,779
that could easily lead people down that

627
00:26:14,510 --> 00:26:12,720
path they're looking at it from an angle

628
00:26:16,250 --> 00:26:14,520
well this has got to be UFOs this is

629
00:26:18,769 --> 00:26:16,260
some kind of Technology from off world

630
00:26:21,230 --> 00:26:18,779
well what if it's in a world that's just

631
00:26:25,149 --> 00:26:21,240
right next to ours like that the TV show

632
00:26:28,130 --> 00:26:25,159
Fringe uh Fringe was a TV show on ABC

633
00:26:31,010 --> 00:26:28,140
where it it dealt with parallel

634
00:26:32,390 --> 00:26:31,020
realities and how they interact with

635
00:26:34,070 --> 00:26:32,400
each other I thought it was ABC it could

636
00:26:35,090 --> 00:26:34,080
have been Fox yeah I've never saw any of

637
00:26:38,269 --> 00:26:35,100
it so I'm just just throwing that out

638
00:26:39,590 --> 00:26:38,279

there but uh yeah as uh I'll I'll delve

639

00:26:41,810 --> 00:26:39,600

into that a little bit uh maybe next

640

00:26:44,210 --> 00:26:41,820

week so do you think that that thing

641

00:26:46,430 --> 00:26:44,220

that they were capturing somewhat on

642

00:26:48,830 --> 00:26:46,440

footage of that weird phenomenon

643

00:26:50,210 --> 00:26:48,840

phenomenal a weird anomaly like 30 feet

644

00:26:52,010 --> 00:26:50,220

off the ground

645

00:26:53,269 --> 00:26:52,020

with with that based on your theory

646

00:26:54,890 --> 00:26:53,279

which I do like

647

00:26:57,049 --> 00:26:54,900

um that maybe that's kind of a weak

648

00:26:59,210 --> 00:26:57,059

point or a thin point between the uh

649

00:27:01,549 --> 00:26:59,220

between the dimensions yeah I think that

650

00:27:03,830 --> 00:27:01,559

could be the the fabric is a little

651
00:27:05,990 --> 00:27:03,840
thinner there like they fell down and

652
00:27:07,610 --> 00:27:06,000
tore their knee in their genes and then

653
00:27:09,710 --> 00:27:07,620
you can poke your fingers through there

654
00:27:11,029 --> 00:27:09,720
sometimes and that's why they need this

655
00:27:13,370 --> 00:27:11,039
next time they do that they need to send

656
00:27:16,370 --> 00:27:13,380
an intern into it

657
00:27:19,310 --> 00:27:16,380
put the head of the intern in that hole

658
00:27:20,450 --> 00:27:19,320
let us know what you see yes poke your

659
00:27:21,710 --> 00:27:20,460
head in there just like it's like

660
00:27:22,909 --> 00:27:21,720
Stargate so the first time they open up

661
00:27:24,350 --> 00:27:22,919
Stargate what's the guy do they send a

662
00:27:26,269 --> 00:27:24,360
robot through and the guy just reaches

663
00:27:28,909 --> 00:27:26,279

in like I wouldn't freaking do that that

664

00:27:29,870 --> 00:27:28,919

robot got totally messed up didn't it no

665

00:27:32,570 --> 00:27:29,880

I thought they found it on the other

666

00:27:34,190 --> 00:27:32,580

side didn't they oh December think of a

667

00:27:35,750 --> 00:27:34,200

different robot

668

00:27:37,669 --> 00:27:35,760

yeah

669

00:27:38,870 --> 00:27:37,679

poor robot I just assume robots get

670

00:27:40,669 --> 00:27:38,880

messed up all the time when you send

671

00:27:42,230 --> 00:27:40,679

them in first in every movie it never

672

00:27:44,330 --> 00:27:42,240

really works out they don't have any

673

00:27:48,230 --> 00:27:44,340

value [h__\h] them

674

00:27:50,940 --> 00:27:48,240

I got uh another little uh headline for

675

00:27:59,810 --> 00:27:50,950

everyone out there let's move on

676

00:28:03,230 --> 00:27:59,820

[Music]

677

00:28:05,570 --> 00:28:03,240

all right uh here we go aliens have been

678

00:28:08,149 --> 00:28:05,580

what have they been doing oh they have

679

00:28:09,830 --> 00:28:08,159

been mutilating sheep in Wales UFO

680

00:28:12,169 --> 00:28:09,840

Hunter's claim

681

00:28:13,970 --> 00:28:12,179

that's a huge piece of news now we're

682

00:28:16,789 --> 00:28:13,980

moving over to the UK here

683

00:28:18,470 --> 00:28:16,799

do you need a permit to hunt UFOs

684

00:28:21,409 --> 00:28:18,480

no

685

00:28:23,390 --> 00:28:21,419

they I you in certain States they offer

686

00:28:27,230 --> 00:28:23,400

permission to hunt Bigfoot but not to

687

00:28:29,930 --> 00:28:27,240

hunt UFOs I think UFO hunting is akin to

688

00:28:30,710 --> 00:28:29,940

storm chasing where oh they're not

689

00:28:33,950 --> 00:28:30,720

actually going out there and just

690

00:28:35,450 --> 00:28:33,960

blasting away no not to my knowledge

691

00:28:39,169 --> 00:28:35,460

well that was far more interesting my

692

00:28:41,930 --> 00:28:39,179

thought on it it's much more fun

693

00:28:45,950 --> 00:28:41,940

well uh a spat of mystery a mysterious

694

00:28:47,810 --> 00:28:45,960

sheep deaths in uh Welsh Cambria or I'm

695

00:28:50,289 --> 00:28:47,820

sorry Cambrian mountains have been

696

00:28:52,250 --> 00:28:50,299

attributed to extraterrestrial visitors

697

00:28:54,470 --> 00:28:52,260

unexplained animal deaths often

698

00:28:57,769 --> 00:28:54,480

exhibiting unusual wounds such as clean

699

00:28:59,090 --> 00:28:57,779

cuts uh clean cut and [h__h] incisions uh

700

00:29:03,890 --> 00:28:59,100

in

701
00:29:07,010 --> 00:29:03,900
precisions uh are a phenomenon that has

702
00:29:08,870 --> 00:29:07,020
cropped up time and again over the years

703
00:29:11,510 --> 00:29:08,880
many of these killings which have been

704
00:29:14,210 --> 00:29:11,520
plaguing farmers in some of the most

705
00:29:16,789 --> 00:29:14,220
remote parts of Wales for some time have

706
00:29:18,649 --> 00:29:16,799
been blamed on exotic Predators or

707
00:29:20,210 --> 00:29:18,659
predatory cats

708
00:29:23,810 --> 00:29:20,220
such as Panthers which have been

709
00:29:25,909 --> 00:29:23,820
confirmed in the UK uh Roman the British

710
00:29:27,710 --> 00:29:25,919
country size but now one UFO Enthusiast

711
00:29:30,710 --> 00:29:27,720
has put forward a very different theory

712
00:29:33,289 --> 00:29:30,720
that might better explain the phenomenon

713
00:29:35,750 --> 00:29:33,299

uh Helena worth who describes herself as

714

00:29:36,769 --> 00:29:35,760

an amateur scientist

715

00:29:39,710 --> 00:29:36,779

huh

716

00:29:44,210 --> 00:29:39,720

maintains that the

717

00:29:47,090 --> 00:29:44,220

intervention is to blame for The

718

00:29:49,610 --> 00:29:47,100

Unexplained injuries typical of these

719

00:29:52,070 --> 00:29:49,620

sheep deaths

720

00:29:53,810 --> 00:29:52,080

well didn't we encounter like store like

721

00:29:56,389 --> 00:29:53,820

a couple stories like maybe last year

722

00:29:58,310 --> 00:29:56,399

where there was an amateur astrologist

723

00:30:01,190 --> 00:29:58,320

or amateur

724

00:30:03,649 --> 00:30:01,200

uh I forget what the term it was but

725

00:30:05,870 --> 00:30:03,659

ancient alien theorists no no not that

726

00:30:09,110 --> 00:30:05,880

it was like some kind of like uh

727

00:30:11,090 --> 00:30:09,120

just just somebody who was incredibly

728

00:30:12,409 --> 00:30:11,100

enthusiastic about looking at the stars

729

00:30:13,909 --> 00:30:12,419

and they were

730

00:30:15,289 --> 00:30:13,919

doing stories in this I'm sure someone

731

00:30:18,350 --> 00:30:15,299

in the chat will remember yeah it was it

732

00:30:19,909 --> 00:30:18,360

was an odd phrasing of like uh amateur

733

00:30:23,029 --> 00:30:19,919

astronomer or something or other but

734

00:30:25,190 --> 00:30:23,039

it's like a boffin something like that

735

00:30:26,750 --> 00:30:25,200

but she goes in to stay here uh quote

736

00:30:28,610 --> 00:30:26,760

with cattle and sheep mutilations is

737

00:30:30,889 --> 00:30:28,620

always very precise cut marks or

738

00:30:33,529 --> 00:30:30,899

something an animal couldn't do she said

739

00:30:35,510 --> 00:30:33,539

and there aren't uh and often aren't any

740

00:30:37,490 --> 00:30:35,520

Footprints up to the animal so there

741

00:30:40,130 --> 00:30:37,500

leaves no evidence uh no evidence humans

742

00:30:42,830 --> 00:30:40,140

are responsible for uh so maybe it could

743

00:30:44,389 --> 00:30:42,840

have been something from above there

744

00:30:45,950 --> 00:30:44,399

certainly is no denying that something

745

00:30:47,389 --> 00:30:45,960

strange is going on farmers in the

746

00:30:49,669 --> 00:30:47,399

region have been reporting unexplained

747

00:30:51,769 --> 00:30:49,679

sheep deaths for decades and there are

748

00:30:53,330 --> 00:30:51,779

numerous well-documented cases many of

749

00:30:55,310 --> 00:30:53,340

these deaths seem to exhibit evidence of

750

00:30:57,710 --> 00:30:55,320

surgical Precision not all are

751

00:30:59,210 --> 00:30:57,720

consistent with feral cat theories uh

752

00:31:01,490 --> 00:30:59,220

leaving many farmers scratching their

753

00:31:04,490 --> 00:31:01,500

heads well how in a worse explanation

754

00:31:07,130 --> 00:31:04,500

sounds out there it at least attempts to

755

00:31:09,350 --> 00:31:07,140

explain the more unusual nature of these

756

00:31:12,649 --> 00:31:09,360

cases there you go that's reported by

757

00:31:13,789 --> 00:31:12,659

the uh the mirror UK the blaming sheep

758

00:31:15,590 --> 00:31:13,799

that's out there we hear Academy

759

00:31:17,810 --> 00:31:15,600

relation here in the states

760

00:31:19,909 --> 00:31:17,820

it's all the rage people love it don't

761

00:31:21,529 --> 00:31:19,919

often hear about the sheep mutilations

762

00:31:23,510 --> 00:31:21,539

and you leave the Sheep alone here it's

763

00:31:24,169 --> 00:31:23,520

only over in the UK

764

00:31:27,049 --> 00:31:24,179

um

765

00:31:28,850 --> 00:31:27,059

Ivy bird 1984 in the chat says that the

766

00:31:30,470 --> 00:31:28,860

term of these was freelance but oh

767

00:31:31,970 --> 00:31:30,480

freelance yes he's right but we're not

768

00:31:33,289 --> 00:31:31,980

we're not coming up with the full title

769

00:31:35,269 --> 00:31:33,299

I can't remember it was an oddball thing

770

00:31:36,889 --> 00:31:35,279

but it did involve freelance so

771

00:31:38,930 --> 00:31:36,899

you're right it wasn't really it was

772

00:31:40,070 --> 00:31:38,940

like freelance something you know expert

773

00:31:41,149 --> 00:31:40,080

or something like that it's like well

774

00:31:42,529 --> 00:31:41,159

what the hell does that mean you just

775

00:31:45,049 --> 00:31:42,539

declare yourself that and just say

776

00:31:46,190 --> 00:31:45,059

you're a freelance astrophysicist or

777

00:31:48,230 --> 00:31:46,200

something like that yeah it was

778

00:31:51,169 --> 00:31:48,240

something like you you'd imagine you'd

779

00:31:52,310 --> 00:31:51,179

wanted a degree in uh but if you're

780

00:31:55,370 --> 00:31:52,320

freelancing I guess you don't have to

781

00:32:00,049 --> 00:31:57,889

you work of your own I'm a freelance

782

00:32:02,630 --> 00:32:00,059

architect

783

00:32:05,690 --> 00:32:02,640

check out this building I dare you to

784

00:32:10,669 --> 00:32:07,549

here's the headline on this and this one

785

00:32:13,310 --> 00:32:10,679

uh xcia officer encountered encountered

786

00:32:16,610 --> 00:32:13,320

with reptilian alien says reptilian race

787

00:32:18,590 --> 00:32:16,620

walk among us so this guy John Ramirez

788

00:32:20,269 --> 00:32:18,600

he does the podcast rounds quite

789

00:32:23,870 --> 00:32:20,279

frequently

790

00:32:27,110 --> 00:32:23,880

and he talks about uaps UFOs and he

791

00:32:31,130 --> 00:32:27,120

talks about the date 2026 2027 as being

792

00:32:32,990 --> 00:32:31,140

a year of a very significant change and

793

00:32:34,310 --> 00:32:33,000

it doesn't go into specifics I don't

794

00:32:37,130 --> 00:32:34,320

think he has specifics but he says that

795

00:32:39,710 --> 00:32:37,140

the CIA is very uh very aware of that

796

00:32:41,169 --> 00:32:39,720

year as something big is going to happen

797

00:32:45,409 --> 00:32:41,179

so that's

798

00:32:46,669 --> 00:32:45,419

we hear 2027 about China a lot too it is

799

00:32:48,470 --> 00:32:46,679

a popular number let's see if I can

800

00:32:51,710 --> 00:32:48,480

bring up the John Ramirez clip right

801
00:32:57,049 --> 00:32:54,169
uh I do have a few clips from him

802
00:32:59,810 --> 00:32:57,059
that I see here

803
00:33:03,289 --> 00:32:59,820
here's a room mirrors clip oh and I

804
00:33:06,110 --> 00:33:03,299
would say I've heard 2027 in a kind of

805
00:33:09,230 --> 00:33:06,120
an official capacity I can't reveal so I

806
00:33:11,750 --> 00:33:09,240
think um I I would say that people in

807
00:33:12,950 --> 00:33:11,760
the government are aware of something

808
00:33:16,789 --> 00:33:12,960
happening

809
00:33:19,009 --> 00:33:16,799
and that there's limited time huh

810
00:33:21,529 --> 00:33:19,019
a few more years to prepare the people

811
00:33:25,370 --> 00:33:21,539
and that's what's ramping up uh this

812
00:33:28,430 --> 00:33:25,380
acceleration uh from the previous seven

813
00:33:30,889 --> 00:33:28,440

decades of not even acknowledging it to

814

00:33:33,049 --> 00:33:30,899

now we we are acknowledging it at a

815

00:33:36,289 --> 00:33:33,059

faster and faster Pace I'm trying to

816

00:33:38,990 --> 00:33:37,610

I'm trying to find out too what's going

817

00:33:42,649 --> 00:33:39,000

on

818

00:33:44,029 --> 00:33:42,659

you should call that guy uh so according

819

00:33:48,049 --> 00:33:44,039

to this this is this article comes from

820

00:33:54,049 --> 00:33:51,289

so in 2021 John Ramirez who spent 25

821

00:33:56,810 --> 00:33:54,059

years in the CIA came out as a vocal

822

00:33:59,330 --> 00:33:56,820

speaker on uaps and shared truthful

823

00:34:00,649 --> 00:33:59,340

insights into on the subject that he

824

00:34:04,370 --> 00:34:00,659

learned throughout his career he

825

00:34:07,430 --> 00:34:04,380

attained a gs-15 grade which indicates

826

00:34:10,190 --> 00:34:07,440

that he worked for the agency in uh in a

827

00:34:12,109 --> 00:34:10,200

relatively senior capacity he believes

828

00:34:14,629 --> 00:34:12,119

that the exploration of Consciousness

829

00:34:16,970 --> 00:34:14,639

and his connection to the unidentified

830

00:34:19,430 --> 00:34:16,980

Arrow phenomenon issue can significantly

831

00:34:22,190 --> 00:34:19,440

significantly shape our understanding of

832

00:34:23,750 --> 00:34:22,200

the phenomenon and their implications on

833

00:34:27,950 --> 00:34:23,760

Humanity

834

00:34:32,030 --> 00:34:27,960

in a recent interview with into the wide

835

00:34:34,190 --> 00:34:32,040

into the wild and with Hollywood I don't

836

00:34:36,230 --> 00:34:34,200

know this must be some podcast uh

837

00:34:38,450 --> 00:34:36,240

Ramirez discussed various UFO incidents

838

00:34:41,270 --> 00:34:38,460

and weighs in on the subject uh subject

839

00:34:43,970 --> 00:34:41,280

of non-human intelligence has been

840

00:34:46,190 --> 00:34:43,980

around us for a long time here refers to

841

00:34:48,230 --> 00:34:46,200

the narratives about the Roswell

842

00:34:49,849 --> 00:34:48,240

incident and mentions that there were

843

00:34:51,050 --> 00:34:49,859

accounts of telepathic communication

844

00:34:53,450 --> 00:34:51,060

with the survivors of the crash

845

00:34:56,690 --> 00:34:53,460

suggesting a conscious aspect of the

846

00:34:59,450 --> 00:34:56,700

phenomenon from the beginning

847

00:35:01,910 --> 00:34:59,460

well it's difficult to know

848

00:35:04,070 --> 00:35:01,920

if this guy is being truthful in what he

849

00:35:06,109 --> 00:35:04,080

believes is he's just regurgitating

850

00:35:08,150 --> 00:35:06,119

stories that he has heard out in the

851
00:35:09,890 --> 00:35:08,160
wild for a very long time and he's just

852
00:35:12,890 --> 00:35:09,900
regurgitating those stories that he's

853
00:35:14,870 --> 00:35:12,900
heard but he's using his former

854
00:35:17,270 --> 00:35:14,880
credentials to give it more authenticity

855
00:35:19,730 --> 00:35:17,280
or is he just being poisoning the well

856
00:35:22,370 --> 00:35:19,740
like he's bored he's retired so he'll go

857
00:35:25,010 --> 00:35:22,380
on the UFO circuit uh saying a bunch of

858
00:35:26,329 --> 00:35:25,020
uh BS because you know what it's fun

859
00:35:28,310 --> 00:35:26,339
he's got time to kill he'll probably

860
00:35:29,690 --> 00:35:28,320
write a book and you know he'll make a

861
00:35:31,790 --> 00:35:29,700
little bit of money

862
00:35:33,349 --> 00:35:31,800
I got time on my hands why not he's

863
00:35:35,510 --> 00:35:33,359

retired he's got a pension at this point

864

00:35:38,390 --> 00:35:35,520

like and I like the guy like like when

865

00:35:41,510 --> 00:35:38,400

like when he talks but being former CIA

866

00:35:44,390 --> 00:35:41,520

you know it's it's tough to take it

867

00:35:46,609 --> 00:35:44,400

serious considering all the whale

868

00:35:49,510 --> 00:35:46,619

poisoning that has been done over the

869

00:35:54,170 --> 00:35:52,310

uh he goes on to say a Ramirez uh

870

00:35:56,990 --> 00:35:54,180

explained that the CIA had separate

871

00:35:59,930 --> 00:35:57,000

divisions focusing on the Aerospace and

872

00:36:01,490 --> 00:35:59,940

aerodynamic components of UFOs and the

873

00:36:04,790 --> 00:36:01,500

life science which encompasses

874

00:36:07,190 --> 00:36:04,800

physiology in Psychology related to the

875

00:36:08,630 --> 00:36:07,200

phenomenon this indicates that the cia's

876

00:36:11,150 --> 00:36:08,640

interest in exploring Consciousness

877

00:36:13,130 --> 00:36:11,160

which later manifested in the remote

878

00:36:15,589 --> 00:36:13,140

viewing program a form of projecting

879

00:36:18,349 --> 00:36:15,599

one's mind to a different location

880

00:36:21,109 --> 00:36:18,359

he also mentions the terms like psycho

881

00:36:23,390 --> 00:36:21,119

energetics telepathy telekinesis

882

00:36:25,069 --> 00:36:23,400

alluding to the ca's involvement in high

883

00:36:28,370 --> 00:36:25,079

strangest programs related to

884

00:36:31,310 --> 00:36:28,380

Consciousness Consciousness exploration

885

00:36:33,589 --> 00:36:31,320

Ramirez believes the uh the ca continues

886

00:36:36,349 --> 00:36:33,599

to explore these capabilities to expand

887

00:36:38,630 --> 00:36:36,359

human consciousness and enhance human

888

00:36:41,349 --> 00:36:38,640

potential

889

00:36:43,490 --> 00:36:41,359

so what about these lizards

890

00:36:45,290 --> 00:36:43,500

how did he get to remote viewing from

891

00:36:46,970 --> 00:36:45,300

lizards

892

00:36:50,450 --> 00:36:46,980

see here

893

00:36:52,730 --> 00:36:50,460

so Ramirez discussed discusses the topic

894

00:36:54,890 --> 00:36:52,740

of reptilians and their alleged

895

00:36:57,530 --> 00:36:54,900

involvement in society and government

896

00:37:00,170 --> 00:36:57,540

structures Ramirez clarifies that when

897

00:37:02,750 --> 00:37:00,180

referring to reptilians he does not mean

898

00:37:07,370 --> 00:37:02,760

actual lizards but rather individuals

899

00:37:09,589 --> 00:37:07,380

with reptilian ancestry ancestry who may

900

00:37:11,750 --> 00:37:09,599

appear human He suggests that there may

901
00:37:14,810 --> 00:37:11,760
have been various non-human races that

902
00:37:15,950 --> 00:37:14,820
aided in Humanity's Evolution outside of

903
00:37:17,569 --> 00:37:15,960
natural

904
00:37:19,730 --> 00:37:17,579
evolution

905
00:37:21,710 --> 00:37:19,740
so he's talking to what go ahead he's

906
00:37:25,010 --> 00:37:21,720
talking about like I think the the Royal

907
00:37:27,650 --> 00:37:25,020
bloodline of how like rulers always tend

908
00:37:29,569 --> 00:37:27,660
to be related to one another in some

909
00:37:31,310 --> 00:37:29,579
capacity I'm just wondering what he

910
00:37:33,829 --> 00:37:31,320
means by the phrase individuals with

911
00:37:37,849 --> 00:37:33,839
reptilian ancestry I think he's talking

912
00:37:42,710 --> 00:37:40,190
I think so and Bush didn't it come out

913
00:37:46,430 --> 00:37:42,720

like uh someone did a genealogy chart

914

00:37:48,829 --> 00:37:46,440

and found out that Obama and Dick Cheney

915

00:37:50,870 --> 00:37:48,839

were like uh seven cousins or something

916

00:37:52,490 --> 00:37:50,880

like that Obama and the Bush family are

917

00:37:53,690 --> 00:37:52,500

like yeah seventh or eighth cousins

918

00:37:56,329 --> 00:37:53,700

something like that

919

00:38:08,210 --> 00:38:07,020

miniser I'm gonna start watching it

925

00:38:10,250 --> 00:38:08,220

926

00:38:11,150 --> 00:38:10,260

the the original series or V the final

927

00:38:14,390 --> 00:38:11,160

battle

928

00:38:16,550 --> 00:38:14,400

the uh the original uh miniseries

929

00:38:19,790 --> 00:38:16,560

better blow them before it was we better

930

00:38:22,190 --> 00:38:19,800

download them before they blow us

931

00:38:24,470 --> 00:38:22,200

is that's the the infamous line let's

932

00:38:26,030 --> 00:38:24,480

see if I can find it do I even by Mark

933

00:38:29,390 --> 00:38:26,040

Singer

934

00:38:31,730 --> 00:38:29,400

let's see here we better blow their we

935

00:38:34,910 --> 00:38:31,740

better blow them

936

00:38:36,170 --> 00:38:34,920

before they blow us where is I gotta I I

937

00:38:38,030 --> 00:38:36,180

mean it's like one of the first Clips

938

00:38:40,970 --> 00:38:38,040

ever too many Clips with the name

939

00:38:43,310 --> 00:38:40,980

blowing yeah I do have a lot of blow

940

00:38:46,010 --> 00:38:43,320

Clips there's no doubt about that

941

00:38:47,870 --> 00:38:46,020

see if I can I'm not gonna this podcast

942

00:38:50,210 --> 00:38:47,880

does not continue by the way uh you were

943

00:38:52,550 --> 00:38:50,220

you were right um so Obama and Bush are

944

00:38:54,109 --> 00:38:52,560

11th cousins oh you have to go back to

945

00:38:56,750 --> 00:38:54,119

the 17th century

946

00:39:01,370 --> 00:38:56,760

um Obama and Dick Cheney are eighth

947

00:39:02,930 --> 00:39:01,380

cousins no maybe four no no eight

948

00:39:06,410 --> 00:39:02,940

well we better blow whatever's down

949

00:39:10,390 --> 00:39:06,420

there before it blows us okay thanks

950

00:39:13,310 --> 00:39:10,400

Mark Singer all right let's do it

951
00:39:16,250 --> 00:39:13,320
the uh the extended Cuts Coast during

952
00:39:19,190 --> 00:39:16,260
Hulk Hogan it goes into uh rated X

953
00:39:21,410 --> 00:39:19,200
territory there cut out for TV

954
00:39:23,690 --> 00:39:21,420
uh I guess I'm gonna say here Ramirez

955
00:39:25,490 --> 00:39:23,700
mentions a slide he presented in an

956
00:39:29,390 --> 00:39:25,500
interview with Jay Anderson of Project

957
00:39:31,910 --> 00:39:29,400
Unity where he said humans may have had

958
00:39:33,589 --> 00:39:31,920
advancements in influences from other

959
00:39:38,870 --> 00:39:33,599
beings including reptilian beings

960
00:39:40,790 --> 00:39:38,880
Ramirez shed uh his view on the nro

961
00:39:44,329 --> 00:39:40,800
uh the national reconnaissance office

962
00:39:46,790 --> 00:39:44,339
logo and The Reptilian imagery symbols

963
00:39:49,730 --> 00:39:46,800

that surround that

964

00:39:51,050 --> 00:39:49,740

hmm let's take a look he goes he goes on

965

00:39:52,670 --> 00:39:51,060

to say it's interesting though when I

966

00:39:54,829 --> 00:39:52,680

look at some of the official logos

967

00:39:57,410 --> 00:39:54,839

launched by the nro

968

00:39:59,750 --> 00:39:57,420

which is the actual secret space program

969

00:40:01,849 --> 00:39:59,760

of the U.S intelligence agency a U.S

970

00:40:04,010 --> 00:40:01,859

intelligence Community they launched

971

00:40:07,490 --> 00:40:04,020

secret spacecraft into orbit and I can

972

00:40:10,010 --> 00:40:07,500

say that much uh but they use these

973

00:40:12,589 --> 00:40:10,020

lizards as part of their logo and I find

974

00:40:15,109 --> 00:40:12,599

that to be I find that very strange

975

00:40:18,349 --> 00:40:15,119

and they are lizards that are crawling

976
00:40:19,430 --> 00:40:18,359
all over Earth can you find the nro logo

977
00:40:20,329 --> 00:40:19,440
yeah I'm trying to find what he's

978
00:40:23,650 --> 00:40:20,339
talking about there's a couple of them

979
00:40:27,050 --> 00:40:25,490
oh

980
00:40:28,730 --> 00:40:27,060
here we go see if we get a better

981
00:40:31,849 --> 00:40:28,740
there's a tiny version that's trying to

982
00:40:38,710 --> 00:40:35,210
I'm see this works maybe Johnny Ramirez

983
00:40:44,329 --> 00:40:42,230
okay there's a yes the NR logo looks

984
00:40:45,470 --> 00:40:44,339
like a what kind of what kind of is that

985
00:40:47,030 --> 00:40:45,480
the

986
00:40:49,609 --> 00:40:47,040
that's one of those uh Jurassic Park

987
00:40:52,849 --> 00:40:49,619
dinosaurs yeah the flapjack neck ones

988
00:40:54,589 --> 00:40:52,859

that killed uh Newman yes

989

00:40:56,810 --> 00:40:54,599

hmm

990

00:40:58,550 --> 00:40:56,820

yep

991

00:41:02,089 --> 00:40:58,560

it is kind of weird

992

00:41:04,609 --> 00:41:02,099

and we went over the uh the space uh the

993

00:41:07,550 --> 00:41:04,619

space force logos didn't we we went over

994

00:41:09,770 --> 00:41:07,560

all those logos those are some weird ass

995

00:41:13,370 --> 00:41:09,780

logos that they had

996

00:41:16,490 --> 00:41:13,380

space force so the nro the nro does

997

00:41:17,810 --> 00:41:16,500

different logos for I'll give you this

998

00:41:19,550 --> 00:41:17,820

link you can bring it up

999

00:41:23,270 --> 00:41:19,560

um for all their different launch

1000

00:41:24,829 --> 00:41:23,280

programs some some of them are alien in

1001
00:41:25,670 --> 00:41:24,839
nature but it's not like here's one of

1002
00:41:26,630 --> 00:41:25,680
like

1003
00:42:30,950 --> 00:41:26,640
a

1004
00:42:33,829 --> 00:42:30,960
might be too big

1005
00:42:35,930 --> 00:42:33,839
that's probably yeah that's too big

1006
00:42:39,050 --> 00:42:35,940
all right it says some weird funny logos

1007
00:42:40,550 --> 00:42:39,060
okay no I'm not discounting that there

1008
00:42:42,050 --> 00:42:40,560
is some some hidden imagery like you

1009
00:42:45,950 --> 00:42:42,060
said we went through the space force

1010
00:42:48,230 --> 00:42:45,960
stuff with a lot of of weird uh imagery

1011
00:42:50,030 --> 00:42:48,240
of of mythical creatures and gods and

1012
00:42:51,170 --> 00:42:50,040
Titans and all sorts of stuff but at the

1013
00:42:53,150 --> 00:42:51,180

same time this could also be someone

1014

00:42:54,290 --> 00:42:53,160

getting bored because at some point in

1015

00:42:57,130 --> 00:42:54,300

the past someone said we need to come up

1016

00:43:01,730 --> 00:42:57,140

with a new logo for every mission

1017

00:43:03,950 --> 00:43:01,740

we use lizards we use uh Burrs I don't

1018

00:43:05,390 --> 00:43:03,960

know draw a gorilla with a mohawk I was

1019

00:43:07,430 --> 00:43:05,400

like okay

1020

00:43:11,569 --> 00:43:07,440

uh by the way in the chat uh Charlie

1021

00:43:13,849 --> 00:43:11,579

Robinson says that uh nrol 39 is the um

1022

00:43:15,770 --> 00:43:13,859

octopus of global control logo that he

1023

00:43:19,690 --> 00:43:15,780

put used for his book that's for day I'm

1024

00:43:24,410 --> 00:43:21,829

okay I'm not sure if it's on that page

1025

00:43:27,650 --> 00:43:24,420

I'll bring it up here I'm in the lizard

1026

00:43:30,770 --> 00:43:27,660

people but okay

1027

00:43:34,490 --> 00:43:32,030

yeah

1028

00:43:38,930 --> 00:43:34,500

they haven't sued you yet Charlie

1029

00:43:42,890 --> 00:43:41,150

okay

1030

00:43:44,569 --> 00:43:42,900

what's uh what do you say Greg you want

1031

00:43:47,630 --> 00:43:44,579

to move on and do some uh headlines that

1032

00:43:52,390 --> 00:43:47,640

you got over there sure let's do it

1033

00:43:55,670 --> 00:43:52,400

[Music]

1034

00:43:58,430 --> 00:43:55,680

Chinese spy balloon

1035

00:44:00,050 --> 00:43:58,440

balloon they didn't mention Chinese spy

1036

00:44:02,210 --> 00:44:00,060

balloons too much in the uh the NASA

1037

00:44:05,630 --> 00:44:02,220

medium yeah what the hell NASA not not

1038

00:44:08,690 --> 00:44:05,640

paying attention to Chinese spy balloons

1039

00:44:10,730 --> 00:44:08,700

at least scared

1040

00:44:12,109 --> 00:44:10,740

oh let's go with this one because

1041

00:44:14,569 --> 00:44:12,119

there's a new story and I know you like

1042

00:44:14,579 --> 00:44:17,890

unless I gotta read the better

1043

00:44:24,050 --> 00:44:20,210

this one's about trying to correct some

1044

00:44:29,990 --> 00:44:24,060

typos on road signs oh really okay

1045

00:44:35,150 --> 00:44:31,849

oh sorry people I'm gonna get over to

1046

00:44:37,010 --> 00:44:35,160

the carrot shop here El care Chapo to

1047

00:44:40,370 --> 00:44:37,020

play the video

1048

00:44:43,250 --> 00:44:40,380

all right take a look at this photo I

1049

00:44:45,050 --> 00:44:43,260

got a replay I got a level compress

1050

00:44:48,650 --> 00:44:45,060

limit

1051
00:44:50,750 --> 00:44:48,660
and EQ in order to get the sound and

1052
00:44:54,050 --> 00:44:50,760
normalize okay normalize it can't forget

1053
00:44:56,030 --> 00:44:54,060
normalize here we go normalizing here we

1054
00:44:57,910 --> 00:44:56,040
go

1055
00:45:02,089 --> 00:44:57,920
oh my God

1056
00:45:05,089 --> 00:45:02,099
it's so dramatic all right take a look

1057
00:45:06,950 --> 00:45:05,099
at this photo since us from a viewer

1058
00:45:08,870 --> 00:45:06,960
showing a street sign slip up in

1059
00:45:10,730 --> 00:45:08,880
Virginia Beach the Department of Public

1060
00:45:13,370 --> 00:45:10,740
Works made a spelling error when

1061
00:45:15,770 --> 00:45:13,380
replacing the street sign for old Dam

1062
00:45:19,010 --> 00:45:15,780
Neck Road the word dam is in reference

1063
00:45:21,349 --> 00:45:19,020

to a river dam spelled d-a-m but you see

1064

00:45:24,829 --> 00:45:21,359

there they added it in the sign was

1065

00:45:27,530 --> 00:45:24,839

replaced quickly and cost just over 550

1066

00:45:29,870 --> 00:45:27,540

dollars total a spokesperson for Public

1067

00:45:31,430 --> 00:45:29,880

Works says it was an unfortunate typo

1068

00:45:33,109 --> 00:45:31,440

and that staff members have been

1069

00:45:35,329 --> 00:45:33,119

counseled to prevent this kind of

1070

00:45:36,370 --> 00:45:35,339

situation from happening again in the

1071

00:45:38,569 --> 00:45:36,380

future

1072

00:45:41,210 --> 00:45:38,579

what'd you do

1073

00:45:43,490 --> 00:45:41,220

why can't you spell I agree we got to

1074

00:45:46,430 --> 00:45:43,500

send these people to jail because

1075

00:45:49,130 --> 00:45:46,440

they're not going to learn

1076

00:45:52,849 --> 00:45:49,140

this is a huge mistake the whole damn

1077

00:45:54,829 --> 00:45:52,859

neck old damn Neck Road

1078

00:45:56,930 --> 00:45:54,839

that's what was going on a few residents

1079

00:46:00,530 --> 00:45:56,940

got to see the street sign with the

1080

00:46:02,270 --> 00:46:00,540

unfortunate typo uh briefly briefly why

1081

00:46:04,550 --> 00:46:02,280

wasn't the sign stolen by somebody

1082

00:46:06,170 --> 00:46:04,560

exactly I mean that is prime targets for

1083

00:46:08,930 --> 00:46:06,180

teenagers or

1084

00:46:10,849 --> 00:46:08,940

or middle-aged men who don't have a job

1085

00:46:13,010 --> 00:46:10,859

or anybody who has a Leatherman and a

1086

00:46:16,190 --> 00:46:13,020

ladder pretty much

1087

00:46:19,010 --> 00:46:16,200

uh Virginia Beach Works told the 13 news

1088

00:46:21,430 --> 00:46:19,020

now that the cost yeah to take that into

1089

00:46:23,930 --> 00:46:21,440

Stein and install a replacement was

1090

00:46:27,170 --> 00:46:23,940

556 dollars

1091

00:46:29,210 --> 00:46:27,180

that includes materials and labor so

1092

00:46:30,829 --> 00:46:29,220

keep that in mind people all right you

1093

00:46:33,349 --> 00:46:30,839

know it would have been cheaper uh a

1094

00:46:35,329 --> 00:46:33,359

piece of green tape over the end yeah I

1095

00:46:37,490 --> 00:46:35,339

tell you what I'll give you fourteen

1096

00:46:39,589 --> 00:46:37,500

thousand dollars going in high with a

1097

00:46:41,390 --> 00:46:39,599

contract in the city huh look over

1098

00:46:43,250 --> 00:46:41,400

bidding

1099

00:46:45,349 --> 00:46:43,260

why why you didn't get the job huh yeah

1100

00:46:48,829 --> 00:46:45,359

all right Hulk what's your bid that's

1101

00:46:49,910 --> 00:46:48,839

way higher than 556.

1102

00:46:52,430 --> 00:46:49,920

hmm

1103

00:46:54,109 --> 00:46:52,440

well I hope someone's held accountable

1104

00:46:55,910 --> 00:46:54,119

and preferably goes to jail for this

1105

00:46:57,470 --> 00:46:55,920

because the mistakes like this should

1106

00:47:02,890 --> 00:46:57,480

not be made

1107

00:47:06,410 --> 00:47:05,270

I acknowledge that mistakes were made

1108

00:47:09,470 --> 00:47:06,420

here

1109

00:47:12,650 --> 00:47:09,480

all right so this story is pseudo

1110

00:47:14,329 --> 00:47:12,660

follow-up we had a good um uh

1111

00:47:19,010 --> 00:47:14,339

uh

1112

00:47:22,309 --> 00:47:19,020

license plates from Colorado oh yes

1113

00:47:25,730 --> 00:47:22,319

including some that were spelled in

1114

00:47:27,410 --> 00:47:25,740

let's just say uh suspicious ways in

1115

00:47:30,530 --> 00:47:27,420

order to sell them at higher values

1116

00:47:33,349 --> 00:47:30,540

don't want to know who has ob11

1117

00:47:35,150 --> 00:47:33,359

um so here is a similar story but not so

1118

00:47:36,950 --> 00:47:35,160

much from the standpoint of they're

1119

00:47:37,910 --> 00:47:36,960

auctioning off these license plates as

1120

00:47:41,030 --> 00:47:37,920

much as

1121

00:47:43,849 --> 00:47:41,040

the state of Maryland about 10 years ago

1122

00:47:46,790 --> 00:47:43,859

in order to celebrate the bicentennial

1123

00:47:49,250 --> 00:47:46,800

of the uh U.S flag

1124

00:47:52,250 --> 00:47:49,260

did not secure the website domain that

1125

00:47:54,609 --> 00:47:52,260

they printed on hundreds of thousands of

1126

00:47:56,870 --> 00:47:54,619

these license plates oh

1127

00:47:59,990 --> 00:47:56,880

so they're kind of regretting that now

1128

00:48:07,670 --> 00:48:00,000

oh boy oh no

1129

00:48:10,849 --> 00:48:09,109

Maryland license plates will be

1130

00:48:12,530 --> 00:48:10,859

available starting next week including

1131

00:48:14,030 --> 00:48:12,540

the Maryland proud license plate and

1132

00:48:15,650 --> 00:48:14,040

here to tell us more is MVA

1133

00:48:17,450 --> 00:48:15,660

administrator Chrissy nicer good morning

1134

00:48:19,130 --> 00:48:17,460

good morning how are you I'm great so

1135

00:48:20,990 --> 00:48:19,140

this is super exciting and you say you

1136

00:48:22,250 --> 00:48:21,000

can get these basically free with the

1137

00:48:24,410 --> 00:48:22,260

new car if you're getting a new car

1138

00:48:26,809 --> 00:48:24,420

that's right as of September 26th we

1139

00:48:28,450 --> 00:48:26,819

have our new Maryland proud plate and

1140

00:48:30,550 --> 00:48:28,460

obviously all of us who live in Maryland

1141

00:48:32,690 --> 00:48:30,560

we're so

1142

00:48:34,550 --> 00:48:32,700

proudly related allows you to proudly

1143

00:48:35,990 --> 00:48:34,560

decide I think they snuck in a news

1144

00:48:38,450 --> 00:48:36,000

story this sounds like a propaganda

1145

00:48:39,589 --> 00:48:38,460

piece for the license plates oh by the

1146

00:48:41,390 --> 00:48:39,599

way I do want to point out that lady was

1147

00:48:43,690 --> 00:48:41,400

way too happy for a morning host

1148

00:48:47,270 --> 00:48:43,700

especially about license plates too

1149

00:48:49,609 --> 00:48:47,280

who knows that have license plates

1150

00:48:52,250 --> 00:48:49,619

so yeah here's the actual story is the

1151
00:48:53,750 --> 00:48:52,260
URL the URL printed hundreds of

1152
00:48:55,730 --> 00:48:53,760
thousands of older Maryland license

1153
00:48:58,670 --> 00:48:55,740
plates currently goes to website

1154
00:49:00,609 --> 00:48:58,680
promoting uh Philippines online casino

1155
00:49:02,750 --> 00:49:00,619
oh okay

1156
00:49:04,490 --> 00:49:02,760
they're lucky that's it someone else

1157
00:49:07,190 --> 00:49:04,500
should buy that and turn it into like

1158
00:49:10,250 --> 00:49:07,200
online goatsy or something the design

1159
00:49:12,349 --> 00:49:10,260
and content of the World War of 1812

1160
00:49:15,470 --> 00:49:12,359
license plates uh originated from the

1161
00:49:18,230 --> 00:49:15,480
War of 1812 Bicentennial commission

1162
00:49:20,990 --> 00:49:18,240
which was created in 2007 Star Spangled

1163
00:49:23,150 --> 00:49:21,000

Banner 2000 Inc was a non-profit entity

1164

00:49:24,710 --> 00:49:23,160

affiliated with the commission and led

1165

00:49:27,410 --> 00:49:24,720

the effort to raise money for the

1166

00:49:29,210 --> 00:49:27,420

bicentennial project and events the War

1167

00:49:33,109 --> 00:49:29,220

of 1812 plates featured an illustration

1168

00:49:36,410 --> 00:49:33,119

of Fort McHenry with a broad stripes

1169

00:49:40,150 --> 00:49:36,420

bright stars and bombs bursting in the

1170

00:49:42,950 --> 00:49:40,160

air sounds like my kind of license plate

1171

00:49:44,809 --> 00:49:42,960

uh how could this go so wrong

1172

00:49:47,210 --> 00:49:44,819

the Maryland Motor Vehicle

1173

00:49:50,329 --> 00:49:47,220

Administration told 11 news that their

1174

00:49:52,970 --> 00:49:50,339

current there currently are 798

1175

00:49:54,530 --> 00:49:52,980

000 active war of uh 1812 license plates

1176

00:49:57,950 --> 00:49:54,540

on the vehicles across the state with

1177

00:49:59,690 --> 00:49:57,960

bad URLs the MVA said it does not own

1178

00:50:02,150 --> 00:49:59,700

the website printed on the plates and

1179

00:50:04,970 --> 00:50:02,160

the NBA does not endorse the views or

1180

00:50:06,609 --> 00:50:04,980

content on the current website using

1181

00:50:10,190 --> 00:50:06,619

that URL

1182

00:50:11,030 --> 00:50:10,200

whoops oh [h__\h] they really screwed up

1183

00:50:13,790 --> 00:50:11,040

here

1184

00:50:16,910 --> 00:50:13,800

how would you what was this conversation

1185

00:50:18,470 --> 00:50:16,920

like to approve putting this URL on

1186

00:50:23,050 --> 00:50:18,480

hundreds of thousands of license plates

1187

00:50:25,309 --> 00:50:23,060

without owning it it's Star Spangled

1188

00:50:27,530 --> 00:50:25,319

200.org and you can yeah you can check

1189

00:50:29,870 --> 00:50:27,540

that now Star Spangled 200.org goes

1190

00:50:31,609 --> 00:50:29,880

straight to some uh online casinos so

1191

00:50:34,250 --> 00:50:31,619

good job Maryland

1192

00:50:36,589 --> 00:50:34,260

okay

1193

00:50:38,870 --> 00:50:36,599

who can we Sue

1194

00:50:41,569 --> 00:50:38,880

everybody I guess you could sue somebody

1195

00:50:43,849 --> 00:50:41,579

saying that I want this website and then

1196

00:50:45,589 --> 00:50:43,859

I got addicted to gambling

1197

00:50:47,270 --> 00:50:45,599

the best part of the story by the way

1198

00:50:51,170 --> 00:50:47,280

and I think you'll enjoy this from your

1199

00:50:54,950 --> 00:50:51,180

your I.T perspective is the last line

1200

00:50:56,870 --> 00:50:54,960

yes the MVA said it is working with the

1201
00:50:59,990 --> 00:50:56,880
agency's I.T Department to identify

1202
00:51:01,569 --> 00:51:00,000
options to resolve the current issue

1203
00:51:05,270 --> 00:51:01,579
laughs

1204
00:51:07,490 --> 00:51:05,280
hey uh can you guys go go to 800 000

1205
00:51:10,790 --> 00:51:07,500
people's houses and change their browser

1206
00:51:18,589 --> 00:51:14,690
I'm trying to think of what you could do

1207
00:51:20,690 --> 00:51:18,599
uh they would have to have an immense ah

1208
00:51:22,790 --> 00:51:20,700
power that it would have to contact

1209
00:51:25,250 --> 00:51:22,800
every internet service provider in

1210
00:51:30,950 --> 00:51:28,609
um and tell them to change their

1211
00:51:34,430 --> 00:51:30,960
specific DNS

1212
00:51:36,470 --> 00:51:34,440
how their domain's name resolves when

1213
00:51:39,230 --> 00:51:36,480

dialing out to this Philippines company

1214

00:51:42,710 --> 00:51:39,240

now if it's I mean we don't know if they

1215

00:51:46,569 --> 00:51:42,720

could that Philippines Casino could have

1216

00:51:48,950 --> 00:51:46,579

hosting within the United States

1217

00:51:50,809 --> 00:51:48,960

it'd be incredibly difficult to resolve

1218

00:51:52,370 --> 00:51:50,819

I think the IT department is going to go

1219

00:51:54,829 --> 00:51:52,380

tell them to pound sand

1220

00:51:56,569 --> 00:51:54,839

so no they're gonna tell them they need

1221

00:51:58,970 --> 00:51:56,579

here's the way you respond

1222

00:52:02,569 --> 00:51:58,980

we'll get right on this I need to hire

1223

00:52:04,730 --> 00:52:02,579

more staff I need more staff and in

1224

00:52:07,849 --> 00:52:04,740

increase in budget yeah and all our

1225

00:52:09,049 --> 00:52:07,859

computers you need replaced don't go on

1226

00:52:10,670 --> 00:52:09,059

the internet this is how you solve this

1227

00:52:14,030 --> 00:52:10,680

problem

1228

00:52:14,750 --> 00:52:14,040

I unplugged the internet is that good

1229

00:52:18,950 --> 00:52:14,760

um

1230

00:52:21,290 --> 00:52:18,960

think is it is it Customs who seizes

1231

00:52:23,510 --> 00:52:21,300

domains but that's only if the domain

1232

00:52:26,990 --> 00:52:23,520

registrar is in the US

1233

00:52:28,490 --> 00:52:27,000

so one option would be they could try to

1234

00:52:30,230 --> 00:52:28,500

reach whoever hosts this the other

1235

00:52:31,670 --> 00:52:30,240

company whatever and try to buy out the

1236

00:52:33,349 --> 00:52:31,680

domain which is my guess as to what

1237

00:52:35,030 --> 00:52:33,359

they're trying to do so they will they

1238

00:52:36,710 --> 00:52:35,040

will fix their mistake by spending

1239

00:52:39,290 --> 00:52:36,720

millions of dollars to buy out a domain

1240

00:52:40,970 --> 00:52:39,300

so whoever owns Star Spangled 200.orgies

1241

00:52:42,829 --> 00:52:40,980

to hold out for more money

1242

00:52:45,230 --> 00:52:42,839

or they're going to get a couple of

1243

00:52:47,270 --> 00:52:45,240

interns and give them

1244

00:52:49,790 --> 00:52:47,280

Sharpies and say you have to go find all

1245

00:52:51,230 --> 00:52:49,800

these people and cover over the address

1246

00:52:53,569 --> 00:52:51,240

on their license plate that's where you

1247

00:52:55,730 --> 00:52:53,579

make the Monday

1248

00:52:57,710 --> 00:52:55,740

who is Twitter task

1249

00:53:01,130 --> 00:52:57,720

tracking down a million people just

1250

00:53:04,010 --> 00:53:01,140

about and uh oh that's an intern work

1251

00:53:07,430 --> 00:53:05,690

oh you're getting paid 14 an hour so

1252

00:53:10,370 --> 00:53:07,440

here's what you need to do

1253

00:53:13,250 --> 00:53:10,380

here's a list and a Sharpie here's a

1254

00:53:15,710 --> 00:53:13,260

phone book good luck don't come back

1255

00:53:17,290 --> 00:53:15,720

until you have them all it's your summer

1256

00:53:20,329 --> 00:53:17,300

job right there

1257

00:53:22,190 --> 00:53:20,339

or you oh here's how you do it you

1258

00:53:24,349 --> 00:53:22,200

spread the rumor that behind one of

1259

00:53:27,470 --> 00:53:24,359

these special license plates is a Willy

1260

00:53:29,510 --> 00:53:27,480

Wonka golden ticket oh there you go they

1261

00:53:31,670 --> 00:53:29,520

have to all be removed and turned into

1262

00:53:33,470 --> 00:53:31,680

the Department of Motor Vehicles yeah

1263

00:53:35,630 --> 00:53:33,480

they could certain date they could do a

1264

00:53:36,950 --> 00:53:35,640

buyback program if they're that hellbent

1265

00:53:38,990 --> 00:53:36,960

on this like say hey people with these

1266

00:53:41,870 --> 00:53:39,000

plates will buy them back from you

1267

00:53:43,309 --> 00:53:41,880

at a premium yeah the agency is going to

1268

00:53:44,690 --> 00:53:43,319

lose some money but you're gonna get

1269

00:53:50,710 --> 00:53:44,700

these off the road and you're gonna stop

1270

00:53:56,630 --> 00:53:54,410

well someone's got it is someone gonna

1271

00:53:58,309 --> 00:53:56,640

go to jail over this or not

1272

00:54:01,069 --> 00:53:58,319

this is a major problem now we're

1273

00:54:02,990 --> 00:54:01,079

talking about it is a huge problem

1274

00:54:05,390 --> 00:54:03,000

I think the guy who who did this he got

1275

00:54:06,470 --> 00:54:05,400

fired and now he works in uh oh yeah are

1276

00:54:08,630 --> 00:54:06,480

we talking about his government he got

1277

00:54:10,130 --> 00:54:08,640

promoted well now he works for a

1278

00:54:12,109 --> 00:54:10,140

different government and he misprinted

1279

00:54:14,930 --> 00:54:12,119

old damn Neck Road he probably works for

1280

00:54:18,470 --> 00:54:14,940

a consulting company that is Consulting

1281

00:54:21,170 --> 00:54:18,480

on ways to resolve this issue

1282

00:54:23,089 --> 00:54:21,180

that's oh so he created the problem

1283

00:54:25,849 --> 00:54:23,099

he quit formed his own company and I was

1284

00:54:28,010 --> 00:54:25,859

Consulting back on how to fix it

1285

00:54:29,569 --> 00:54:28,020

that's what you do

1286

00:54:30,950 --> 00:54:29,579

so you don't think my Willy Wonka ticket

1287

00:54:32,270 --> 00:54:30,960

idea would work

1288

00:54:33,589 --> 00:54:32,280

it's too out of the box for the

1289

00:54:35,450 --> 00:54:33,599

government

1290

00:54:36,890 --> 00:54:35,460

but if you spread that around that one

1291

00:54:39,170 --> 00:54:36,900

of these license plates has a Golden

1292

00:54:40,910 --> 00:54:39,180

Ticket behind it they all get turned in

1293

00:54:42,290 --> 00:54:40,920

by tomorrow and you get like a million

1294

00:54:44,089 --> 00:54:42,300

people driving around without license

1295

00:54:47,270 --> 00:54:44,099

plates it's gonna be total Anarchy on

1296

00:54:51,069 --> 00:54:47,280

the road I don't know who that guy is it

1297

00:54:56,510 --> 00:54:53,690

all right says these plates were issued

1298

00:54:57,770 --> 00:54:56,520

in 2010 until the current flag issued or

1299

00:55:00,290 --> 00:54:57,780

current plates will feature in the

1300

00:55:02,450 --> 00:55:00,300

Maryland flag introduced in 2016

1301

00:55:04,190 --> 00:55:02,460

so 2010 there

1302

00:55:05,630 --> 00:55:04,200

are well overdue to replace these anyway

1303

00:55:06,890 --> 00:55:05,640

so what the hell

1304

00:55:08,450 --> 00:55:06,900

yeah

1305

00:55:09,890 --> 00:55:08,460

like that that one they come in for

1306

00:55:12,349 --> 00:55:09,900

their like their their new registration

1307

00:55:15,049 --> 00:55:12,359

they got to give up the plates we want

1308

00:55:17,089 --> 00:55:15,059

those plates back right now I need those

1309

00:55:18,650 --> 00:55:17,099

plates gonna have to have those plates

1310

00:55:20,809 --> 00:55:18,660

real soon

1311

00:55:21,829 --> 00:55:20,819

that's no registration I wonder if

1312

00:55:23,150 --> 00:55:21,839

Maryland's one of those states that

1313

00:55:24,470 --> 00:55:23,160

allows you to just keep using the same

1314

00:55:25,870 --> 00:55:24,480

plate they send you a new sticker every

1315

00:55:27,890 --> 00:55:25,880

year sort of thing

1316

00:55:29,210 --> 00:55:27,900

I've lived in some states where you have

1317

00:55:30,829 --> 00:55:29,220

to periodically you do have to turn in

1318

00:55:32,750 --> 00:55:30,839

your plates yeah yeah

1319

00:55:34,190 --> 00:55:32,760

um but other ones they just let you keep

1320

00:55:35,510 --> 00:55:34,200

keep using them

1321

00:55:37,790 --> 00:55:35,520

for for years and years and years as

1322

00:55:39,770 --> 00:55:37,800

long as you have a sticker hmm

1323

00:55:42,589 --> 00:55:39,780

would you consider this to be a misprint

1324

00:55:46,309 --> 00:55:42,599

like the previous road sign or was this

1325

00:55:48,290 --> 00:55:46,319

just total airhead boneheads at the

1326

00:55:50,390 --> 00:55:48,300

Maryland I think this was some jackass

1327

00:55:52,010 --> 00:55:50,400

not securing the domain and working with

1328

00:55:54,470 --> 00:55:52,020

whatever third party currently had it

1329

00:55:56,450 --> 00:55:54,480

under some sort of handshake deal but it

1330

00:55:57,950 --> 00:55:56,460

should have been even if somebody else

1331

00:55:59,390 --> 00:55:57,960

had it at the time which is my guess

1332

00:56:02,569 --> 00:55:59,400

there was probably some group who had

1333

00:56:06,530 --> 00:56:02,579

Star Spangled 200. by the way that

1334

00:56:07,970 --> 00:56:06,540

domain sucks go find a better one so

1335

00:56:09,950 --> 00:56:07,980

um you're telling me somebody had Star

1336

00:56:11,510 --> 00:56:09,960

Spangled Banner 200 or something what

1337

00:56:13,970 --> 00:56:11,520

the hell anyway I want to know what they

1338

00:56:15,890 --> 00:56:13,980

are planning to have at the website

1339

00:56:18,650 --> 00:56:15,900

you know like they probably hired

1340

00:56:20,510 --> 00:56:18,660

somebody to make a website and then they

1341

00:56:21,890 --> 00:56:20,520

try to launch it and they go like Hey

1342

00:56:23,750 --> 00:56:21,900

where's that domain name we're like

1343

00:56:26,329 --> 00:56:23,760

we're like and like oh bill was supposed

1344

00:56:28,849 --> 00:56:26,339

to get it and so they built the website

1345

00:56:32,109 --> 00:56:28,859

what is the website what is what was

1346

00:56:35,870 --> 00:56:34,490

I wonder if it's on archive.org like if

1347

00:56:37,670 --> 00:56:35,880

you go to archive.org is there an older

1348

00:56:40,069 --> 00:56:37,680

version of this website maybe they have

1349

00:56:44,809 --> 00:56:40,079

Star Spangled 201

1350

00:56:49,069 --> 00:56:46,790

starts yeah of all of all the options I

1351
00:56:51,829 --> 00:56:49,079
mean this was.org why not DOT net.com

1352
00:56:54,710 --> 00:56:51,839
dot [h__\h] you know whatever who has

1353
00:56:56,930 --> 00:56:54,720
star spangled69.com

1354
00:56:59,990 --> 00:56:56,940
that's the one you gotta get

1355
00:57:03,890 --> 00:57:00,000
here Philippines porn company somebody

1356
00:57:09,650 --> 00:57:07,849
um star spangled redirecting

1357
00:57:10,910 --> 00:57:09,660
come on way back machine hurry up I want

1358
00:57:12,530 --> 00:57:10,920
to see if this was an actual website

1359
00:57:15,890 --> 00:57:12,540
yeah here you go

1360
00:57:17,870 --> 00:57:15,900
wow so here's what it looked like

1361
00:57:19,490 --> 00:57:17,880
um some jackass did not renew this

1362
00:57:21,589 --> 00:57:19,500
domain or something uh I will put this

1363
00:57:23,750 --> 00:57:21,599

into carrot shop they bought it for a

1364

00:57:25,250 --> 00:57:23,760

year and then he left the company I want

1365

00:57:26,630 --> 00:57:25,260

to bet that's what happened is somebody

1366

00:57:29,210 --> 00:57:26,640

probably registered her for a year or

1367

00:57:30,829 --> 00:57:29,220

five years or something and just that

1368

00:57:33,290 --> 00:57:30,839

guy got fired because you know Screw the

1369

00:57:39,770 --> 00:57:36,589

yep it's just a a website

1370

00:57:42,130 --> 00:57:39,780

yeah it just flips through what the

1371

00:57:45,650 --> 00:57:42,140

old dudes who did some stuff in Maryland

1372

00:57:47,270 --> 00:57:45,660

oh dudes yeah

1373

00:57:50,450 --> 00:57:47,280

well I think but at the top it says

1374

00:57:53,630 --> 00:57:50,460

official website of the Maryland War of

1375

00:57:55,370 --> 00:57:53,640

1812 Bicentennial commission well how

1376

00:57:57,530 --> 00:57:55,380

official was it if you didn't own the

1377

00:58:03,530 --> 00:57:57,540

domain yeah now what are you going to

1378

00:58:09,170 --> 00:58:05,329

any of y'all heard about these license

1379

00:58:10,849 --> 00:58:09,180

plates computers broke Maya I can't even

1380

00:58:13,130 --> 00:58:10,859

get I try to learn about eight were

1381

00:58:15,530 --> 00:58:13,140

eighteen twelve and go Casino man

1382

00:58:17,990 --> 00:58:15,540

computers will probably up through War

1383

00:58:20,510 --> 00:58:18,000

1806.

1384

00:58:21,890 --> 00:58:20,520

it's like it's a hell of a sight it

1385

00:58:23,510 --> 00:58:21,900

looks like contact the office I'm going

1386

00:58:25,430 --> 00:58:23,520

to email them I don't know they probably

1387

00:58:26,870 --> 00:58:25,440

want to secure this domain hey by the

1388

00:58:29,030 --> 00:58:26,880

way your computer's broke you know that

1389

00:58:31,130 --> 00:58:29,040

computers broke

1390

00:58:33,829 --> 00:58:31,140

hey I'm from the future your license

1391

00:58:35,750 --> 00:58:33,839

plates point to the wrong website

1392

00:58:38,630 --> 00:58:35,760

it looks like this website was created

1393

00:58:41,510 --> 00:58:38,640

in 1995 and they supposed to do this

1394

00:58:43,190 --> 00:58:41,520

like like 2007. it's not that bad

1395

00:58:45,770 --> 00:58:43,200

they've got like Blended transparent

1396

00:58:49,309 --> 00:58:45,780

gifts and stuff it sucks I didn't say it

1397

00:58:51,230 --> 00:58:49,319

was good it's just 1995. okay where's

1398

00:58:53,270 --> 00:58:51,240

the rotating skull I like to see that

1399

00:58:54,829 --> 00:58:53,280

yeah where's the under construction GIF

1400

00:58:57,470 --> 00:58:54,839

yeah

1401

00:59:00,170 --> 00:58:57,480

really good dancing baby that'd be a

1402

00:59:01,609 --> 00:59:00,180

good one the dancing baby GIF that's

1403

00:59:02,990 --> 00:59:01,619

fine with Blue Swede playing in the

1404

00:59:04,670 --> 00:59:03,000

background

1405

00:59:06,950 --> 00:59:04,680

all right I think we should we we've

1406

00:59:09,770 --> 00:59:06,960

done everything we could with this story

1407

00:59:11,329 --> 00:59:09,780

we've investigated whoa hold on a second

1408

00:59:14,390 --> 00:59:11,339

here down the bottom it says visit the

1409

00:59:17,210 --> 00:59:14,400

new website of Star Spangled 200 Inc the

1410

00:59:19,250 --> 00:59:17,220

501c3 non-profit entity affiliated with

1411

00:59:21,349 --> 00:59:19,260

the Maryland War of 1812 Bicentennial

1412

00:59:23,809 --> 00:59:21,359

commission and the organization leading

1413

00:59:27,670 --> 00:59:23,819

effort to raise 25 million dollars for

1414

00:59:31,370 --> 00:59:29,450

they probably didn't raise that money

1415

00:59:33,890 --> 00:59:31,380

did they or they didn't spend it on the

1416

00:59:36,710 --> 00:59:33,900

you know ten dollars they owed a GoDaddy

1417

00:59:38,690 --> 00:59:36,720

or whatever hmm

1418

00:59:40,670 --> 00:59:38,700

where'd that money come like they're

1419

00:59:43,670 --> 00:59:40,680

taking donations

1420

00:59:45,410 --> 00:59:43,680

huh I wonder what's going on where

1421

00:59:48,250 --> 00:59:45,420

where'd that money go we're unraveling

1422

00:59:51,170 --> 00:59:48,260

Maryland fraud

1423

00:59:53,329 --> 00:59:51,180

okay alrighty

1424

01:00:01,549 --> 00:59:53,339

we're moving on

1425

01:00:06,470 --> 01:00:05,030

uh let's see we got a um

1426

01:00:09,410 --> 01:00:06,480

where is it here don't already covered

1427

01:00:13,670 --> 01:00:11,930

I'm gonna bring up this story it's not

1428

01:00:15,710 --> 01:00:13,680

necessarily goofball stuff as much as it

1429

01:00:18,770 --> 01:00:15,720

simply allows you to play a lot of clips

1430

01:00:21,950 --> 01:00:18,780

from one of your favorite films Beyond

1431

01:00:24,650 --> 01:00:21,960

Thunderdome oh wow I like Beyond

1432

01:00:27,589 --> 01:00:24,660

Thunderdome news and if you recall when

1433

01:00:30,470 --> 01:00:27,599

they found when they got to barter town

1434

01:00:31,990 --> 01:00:30,480

Bartertown was powered by

1435

01:00:35,630 --> 01:00:32,000

pig pig

1436

01:00:38,390 --> 01:00:35,640

feces yep so here you go all right well

1437

01:00:41,569 --> 01:00:38,400

uh here's the headline here using pig

1438

01:00:44,569 --> 01:00:41,579

fat as green jet fuel will will hurt

1439

01:00:46,849 --> 01:00:44,579

Planet experts warn uh that's good news

1440

01:00:48,890 --> 01:00:46,859

wait it'll hurt the planet experts oh

1441

01:00:51,589 --> 01:00:48,900

there's a comma there okay

1442

01:00:53,809 --> 01:00:51,599

using pig fat as green jet fuel will

1443

01:00:56,089 --> 01:00:53,819

will hurt Planet huh

1444

01:00:57,650 --> 01:00:56,099

okay they're trying they're trying new

1445

01:00:59,630 --> 01:00:57,660

things

1446

01:01:03,530 --> 01:00:59,640

and they're saying it hurts the planet

1447

01:01:05,270 --> 01:01:03,540

does it really though I mean

1448

01:01:07,130 --> 01:01:05,280

what if our goal is to hurt the planet

1449

01:01:09,770 --> 01:01:07,140

then the goal is achieved

1450

01:01:12,470 --> 01:01:09,780

but who knows uh fat in dead pigs

1451
01:01:15,170 --> 01:01:12,480
cattles and chickens uh are being used

1452
01:01:17,329 --> 01:01:15,180
to make Greener jet fuel but new study

1453
01:01:19,789 --> 01:01:17,339
warns it will end up being worse for the

1454
01:01:22,250 --> 01:01:19,799
planet animal uh animal fats are

1455
01:01:24,289 --> 01:01:22,260
considered waste so aviation fuel made

1456
01:01:28,069 --> 01:01:24,299
from the material has a much lower

1457
01:01:30,109 --> 01:01:28,079
carbon footprint kill him

1458
01:01:32,990 --> 01:01:30,119
demand for fuel made from animal

1459
01:01:35,450 --> 01:01:33,000
byproducts is expected to Triple by 20

1460
01:01:37,789 --> 01:01:35,460
30 with Airlines leading the charge but

1461
01:01:40,549 --> 01:01:37,799
experts uh fear scarcity will force

1462
01:01:43,789 --> 01:01:40,559
other Industries to use palm oil

1463
01:01:45,109 --> 01:01:43,799

a huge generator of carbon emissions so

1464

01:01:47,210 --> 01:01:45,119

wait

1465

01:01:49,910 --> 01:01:47,220

they're saying it's not necessarily the

1466

01:01:51,829 --> 01:01:49,920

chicken poop in the in the pig poop

1467

01:01:53,450 --> 01:01:51,839

they're saying there's the the demand

1468

01:01:55,670 --> 01:01:53,460

will raise so high that other people

1469

01:01:58,309 --> 01:01:55,680

will be like fiending for the stuff and

1470

01:02:01,130 --> 01:01:58,319

they'll turn to palm oil well they won't

1471

01:02:02,750 --> 01:02:01,140

turn back to regular old jet fuel

1472

01:02:04,730 --> 01:02:02,760

well I think they mean in general for

1473

01:02:08,329 --> 01:02:04,740

any sort of industrial use if if what

1474

01:02:13,309 --> 01:02:08,339

pig fat is currently used for goes to

1475

01:02:15,349 --> 01:02:13,319

processing for uh for jet fuel then

1476

01:02:17,930 --> 01:02:15,359

people will make up the difference using

1477

01:02:21,230 --> 01:02:17,940

other things by

1478

01:02:24,530 --> 01:02:21,240

um uh slashing and burning existing uh

1479

01:02:26,750 --> 01:02:24,540

forests in order to uh Harvest palm oil

1480

01:02:28,730 --> 01:02:26,760

I see

1481

01:02:31,430 --> 01:02:28,740

sort of it's a roundabout way of of

1482

01:02:33,230 --> 01:02:31,440

somehow scamming so yeah airlines are

1483

01:02:35,450 --> 01:02:33,240

under pressure to rein in their huge

1484

01:02:37,849 --> 01:02:35,460

carbon emissions which mainly come from

1485

01:02:40,430 --> 01:02:37,859

burning fossil fuel based kerosene and

1486

01:02:42,230 --> 01:02:40,440

engines aircraft engines

1487

01:02:43,730 --> 01:02:42,240

are Airlines really Under Pressure to

1488

01:02:45,289 --> 01:02:43,740

rein in their huge carbon emissions I

1489

01:02:47,870 --> 01:02:45,299

don't know it seems like every time they

1490

01:02:50,450 --> 01:02:47,880

have one of these uh

1491

01:02:52,789 --> 01:02:50,460

global warming Summits everyone's flying

1492

01:02:55,370 --> 01:02:52,799

their Jets so how big of a deal really

1493

01:02:58,069 --> 01:02:55,380

is it if they're flying there then I

1494

01:03:01,430 --> 01:02:58,079

think John Kerry just came out at a

1495

01:03:04,309 --> 01:03:01,440

global Summit recently saying you uh the

1496

01:03:06,890 --> 01:03:04,319

farmers need to stop growing food in an

1497

01:03:08,390 --> 01:03:06,900

effort to reduce carbon emissions

1498

01:03:09,890 --> 01:03:08,400

and that sounds all well and good until

1499

01:03:12,589 --> 01:03:09,900

you until you got to eat what am I

1500

01:03:14,750 --> 01:03:12,599

supposed to eat chicken poop pig poop

1501

01:03:16,490 --> 01:03:14,760

you picked that I I did that's gonna

1502

01:03:18,670 --> 01:03:16,500

raise demand and so I'll be reduced to

1503

01:03:22,910 --> 01:03:18,680

drinking palm oil

1504

01:03:24,650 --> 01:03:22,920

oh God that'll go right through you too

1505

01:03:27,890 --> 01:03:24,660

oh like I'm just sitting around drinking

1506

01:03:29,210 --> 01:03:27,900

palm oil I have to do it drinking Pomo

1507

01:03:30,829 --> 01:03:29,220

and getting confused this website goes

1508

01:03:33,650 --> 01:03:30,839

to the wrong place yeah

1509

01:03:35,930 --> 01:03:33,660

uh but a study by brussels-based

1510

01:03:39,109 --> 01:03:35,940

transport environment a clean transport

1511

01:03:40,789 --> 01:03:39,119

campaign group pointed out there are

1512

01:03:42,589 --> 01:03:40,799

simply not enough animals slaughtered

1513

01:03:45,170 --> 01:03:42,599

each year to meet Airlines growing

1514

01:03:46,670 --> 01:03:45,180

demand for animal fats grow more and

1515

01:03:50,170 --> 01:03:46,680

animals yeah

1516

01:03:55,250 --> 01:03:53,390

uh quote there's not an ever a

1517

01:03:57,829 --> 01:03:55,260

never-ending supply of animals or animal

1518

01:04:00,289 --> 01:03:57,839

fats said Matt Finch from transport and

1519

01:04:03,890 --> 01:04:00,299

environment so if you put a massive

1520

01:04:06,170 --> 01:04:03,900

extra demand Source from anywhere uh

1521

01:04:07,910 --> 01:04:06,180

from aviation in this case the

1522

01:04:10,309 --> 01:04:07,920

industries where fat is currently being

1523

01:04:12,770 --> 01:04:10,319

used will have to look for Alternatives

1524

01:04:15,530 --> 01:04:12,780

and that alternative is palm oil so

1525

01:04:17,450 --> 01:04:15,540

Aviation indirectly will be responsible

1526

01:04:19,730 --> 01:04:17,460

for increasing the amount of palm oil

1527

01:04:22,190 --> 01:04:19,740

being pulled through the European

1528

01:04:24,289 --> 01:04:22,200

systems so they are blaming this all

1529

01:04:25,849 --> 01:04:24,299

I'm buying palm oil

1530

01:04:27,710 --> 01:04:25,859

yeah it's weird that that's the first

1531

01:04:30,170 --> 01:04:27,720

place they go of all the of all the

1532

01:04:32,569 --> 01:04:30,180

various Alternatives why palm oil is

1533

01:04:35,030 --> 01:04:32,579

like number one it's great

1534

01:04:37,010 --> 01:04:35,040

it's delicious it's great this is what I

1535

01:04:39,170 --> 01:04:37,020

want this is what I need the increased

1536

01:04:42,650 --> 01:04:39,180

use of palm oil is linked to the rising

1537

01:04:44,710 --> 01:04:42,660

uh emissions from older forests which

1538

01:04:47,089 --> 01:04:44,720

store vast amounts of carbon

1539

01:04:48,530 --> 01:04:47,099

uh as they're cleared for new

1540

01:04:49,789 --> 01:04:48,540

plantations

1541

01:04:52,910 --> 01:04:49,799

what

1542

01:04:55,670 --> 01:04:52,920

the increase use of palm oil is linked

1543

01:04:57,890 --> 01:04:55,680

to Rising emissions as older forests

1544

01:05:00,710 --> 01:04:57,900

which store vast amounts of carbon are

1545

01:05:02,270 --> 01:05:00,720

cleared for new plantations the ways of

1546

01:05:03,890 --> 01:05:02,280

somebody starting with a conclusion and

1547

01:05:06,230 --> 01:05:03,900

working backwards trying to make it work

1548

01:05:07,789 --> 01:05:06,240

so where are all these new plantations

1549

01:05:09,829 --> 01:05:07,799

yeah they're implying that people are

1550

01:05:14,450 --> 01:05:09,839

cutting down entire forests to start new

1551

01:05:17,510 --> 01:05:14,460

plantations just for palm oil harvesting

1552

01:05:20,870 --> 01:05:17,520

are these new plantations Brazil maybe I

1553

01:05:22,730 --> 01:05:20,880

don't know don't ask those questions

1554

01:05:24,950 --> 01:05:22,740

uh well it goes on to say the fact that

1555

01:05:26,870 --> 01:05:24,960

animal fats are used as fuel will come

1556

01:05:29,150 --> 01:05:26,880

as a surprise to many for centuries

1557

01:05:33,230 --> 01:05:29,160

Tallow and lard have been used to make

1558

01:05:35,450 --> 01:05:33,240

candles soaps and cosmetics oh okay

1559

01:05:38,030 --> 01:05:35,460

however over the last 20 years or so

1560

01:05:41,089 --> 01:05:38,040

biodiesel made from these animal wastes

1561

01:05:44,089 --> 01:05:41,099

or from used cooking oils are has

1562

01:05:47,270 --> 01:05:44,099

steadily grown in use in the UK and uh

1563

01:05:50,030 --> 01:05:47,280

further afield across Europe fuel made

1564

01:05:52,670 --> 01:05:50,040

from dead animals has grown uh 40-fold

1565

01:05:55,069 --> 01:05:52,680

since 2006 according to the new research

1566

01:05:57,430 --> 01:05:55,079

funny that's kind of the Year where that

1567

01:06:02,150 --> 01:05:57,440

website in Maryland uh fails or he knows

1568

01:06:06,470 --> 01:06:04,250

much of the material is used in cars and

1569

01:06:09,470 --> 01:06:06,480

trucks as a as biodiesel which is

1570

01:06:11,390 --> 01:06:09,480

classed as a sustainable fuel and much

1571

01:06:14,630 --> 01:06:11,400

of it has been has a lower carbon

1572

01:06:16,730 --> 01:06:14,640

footprint under the rules so scroll down

1573

01:06:19,730 --> 01:06:16,740

to where the headline that says how many

1574

01:06:21,549 --> 01:06:19,740

dead pigs need to fuel an airplane

1575

01:06:24,650 --> 01:06:21,559

very curious about that

1576
01:06:27,589 --> 01:06:24,660
according to transport and environment

1577
01:06:32,450 --> 01:06:27,599
a flight from Paris to New York could

1578
01:06:36,770 --> 01:06:32,460
need fat from 8 800 dead pigs if all the

1579
01:06:39,049 --> 01:06:36,780
fuel came from an animal source

1580
01:06:41,809 --> 01:06:39,059
as opposed to all the pig fat that

1581
01:06:44,390 --> 01:06:41,819
doesn't come from animal sources yeah

1582
01:06:46,370 --> 01:06:44,400
with the UK likely to restrict the use

1583
01:06:49,250 --> 01:06:46,380
of animal uh products and use cooking

1584
01:06:51,890 --> 01:06:49,260
oils flights that refuel across Britain

1585
01:06:54,049 --> 01:06:51,900
will likely have to will likely

1586
01:06:57,230 --> 01:06:54,059
uh to have only a small amount of animal

1587
01:06:58,910 --> 01:06:57,240
Drive material in their engines okay I'm

1588
01:07:02,029 --> 01:06:58,920

not sure is

1589

01:07:04,430 --> 01:07:02,039

is there that much pig fat being used in

1590

01:07:08,029 --> 01:07:04,440

kerosene production for Avgas I I guess

1591

01:07:08,039 --> 01:07:11,510

hmm

1592

01:07:16,370 --> 01:07:14,029

among the industries who might have a

1593

01:07:17,870 --> 01:07:16,380

source different uh might have to Source

1594

01:07:20,390 --> 01:07:17,880

different ingredients if Aviation

1595

01:07:22,910 --> 01:07:20,400

consumer consumes a greater share of

1596

01:07:25,010 --> 01:07:22,920

animal fats are pet food manufacturers

1597

01:07:26,630 --> 01:07:25,020

so your your pets are going to be

1598

01:07:28,190 --> 01:07:26,640

drinking palm oil

1599

01:07:29,750 --> 01:07:28,200

are they saying you could fatten up your

1600

01:07:32,089 --> 01:07:29,760

pets and then use them to fly yeah fly

1601

01:07:34,430 --> 01:07:32,099

across the uh the Atlantic on your on

1602

01:07:37,490 --> 01:07:34,440

your your pet one ticket and here's my

1603

01:07:39,589 --> 01:07:37,500

fat dog hmm

1604

01:07:42,349 --> 01:07:39,599

here's the last line here so if we want

1605

01:07:45,289 --> 01:07:42,359

to increase Aviation sustainability at

1606

01:07:47,089 --> 01:07:45,299

the expense of truck sustainability then

1607

01:07:48,770 --> 01:07:47,099

crack on but that's the decision for

1608

01:07:50,089 --> 01:07:48,780

governments to make

1609

01:07:52,430 --> 01:07:50,099

okay

1610

01:07:54,829 --> 01:07:52,440

they're basically telling you're they're

1611

01:07:56,510 --> 01:07:54,839

telling you to go pound sand and is that

1612

01:07:57,770 --> 01:07:56,520

they don't want you to fly they don't

1613

01:07:59,089 --> 01:07:57,780

want you to look for alternative fuels

1614

01:08:01,430 --> 01:07:59,099

they don't want to look they just want

1615

01:08:03,410 --> 01:08:01,440

you to not go anywhere that's that's

1616

01:08:05,510 --> 01:08:03,420

kind of what I'm I'm getting out of this

1617

01:08:07,250 --> 01:08:05,520

is while this sounds as an oddball it

1618

01:08:08,809 --> 01:08:07,260

starts as an oddball story as you dig

1619

01:08:09,589 --> 01:08:08,819

into it I don't think that there's that

1620

01:08:14,089 --> 01:08:09,599

much

1621

01:08:15,230 --> 01:08:14,099

uh uh you know jet fuel Avgas whatever

1622

01:08:17,689 --> 01:08:15,240

you want to call it being made from

1623

01:08:20,030 --> 01:08:17,699

biodiesels I don't think most of those

1624

01:08:21,169 --> 01:08:20,040

biodiesels are coming from pig fat I

1625

01:08:24,050 --> 01:08:21,179

think they're just trying to scare you

1626

01:08:25,550 --> 01:08:24,060

into or you know if we keep moving on

1627

01:08:27,050 --> 01:08:25,560

this we're going to burn down all the

1628

01:08:29,450 --> 01:08:27,060

forests and then that's going to be your

1629

01:08:31,610 --> 01:08:29,460

fault and stay home they want you to go

1630

01:08:33,769 --> 01:08:31,620

to jail is what they want yeah

1631

01:08:35,470 --> 01:08:33,779

they want you to go to jail so yeah stay

1632

01:08:38,269 --> 01:08:35,480

in your 15-minute City

1633

01:08:40,490 --> 01:08:38,279

which is also a conspiracy theory you

1634

01:08:42,229 --> 01:08:40,500

got an animated gif of a pig up there it

1635

01:08:44,570 --> 01:08:42,239

looks like a pet pig

1636

01:08:46,729 --> 01:08:44,580

uh it doesn't look like to be a bio

1637

01:08:48,950 --> 01:08:46,739

diesel Pig just yet although that is a

1638

01:08:52,010 --> 01:08:48,960

fat porker on screen looks like a good

1639

01:08:53,329 --> 01:08:52,020

power at least two Jets get that plane

1640

01:08:56,090 --> 01:08:53,339

at the end of the runway yeah sorry

1641

01:08:58,189 --> 01:08:56,100

folks we're out it's uh far as we got

1642

01:08:59,990 --> 01:08:58,199

hmm

1643

01:09:02,030 --> 01:09:00,000

all right let's go to another story here

1644

01:09:07,189 --> 01:09:02,040

we're learning a lot today

1645

01:09:12,650 --> 01:09:10,430

it's harder you orbs do you want a quick

1646

01:09:14,329 --> 01:09:12,660

follow-up story on that uh spaghetti

1647

01:09:16,490 --> 01:09:14,339

Madness from a few weeks ago love one

1648

01:09:18,349 --> 01:09:16,500

I've been thinking about this I've been

1649

01:09:20,329 --> 01:09:18,359

waking them the other night thinking

1650

01:09:22,070 --> 01:09:20,339

about all that spaghetti it is quite a

1651

01:09:25,010 --> 01:09:22,080

significant story that kind of uh

1652

01:09:27,829 --> 01:09:25,020

disappeared what happened to uh the

1653

01:09:31,669 --> 01:09:27,839

person who dumped hundreds of pounds of

1654

01:09:33,950 --> 01:09:31,679

pasta in New Jersey it was uh I woke up

1655

01:09:37,370 --> 01:09:33,960

in cold sweats thinking about this this

1656

01:09:41,030 --> 01:09:39,410

who's accountable who can I sue who's

1657

01:09:42,590 --> 01:09:41,040

going to go to jail

1658

01:09:45,010 --> 01:09:42,600

there's a short news story in this one

1659

01:09:46,610 --> 01:09:45,020

oh go get it

1660

01:09:48,289 --> 01:09:46,620

okay

1661

01:09:50,809 --> 01:09:48,299

let me take a look let me take a listen

1662

01:09:53,090 --> 01:09:50,819

over here

1663

01:09:55,669 --> 01:09:53,100

uh short and better news story here we

1664

01:09:57,590 --> 01:09:55,679

go change case of pasta dumping in New

1665

01:09:59,330 --> 01:09:57,600

Jersey authorities have decided they

1666

01:10:01,910 --> 01:09:59,340

will not file charges against the man

1667

01:10:05,150 --> 01:10:01,920

who dumped 500 pounds of uncooked

1668

01:10:07,610 --> 01:10:05,160

noodles in the woods in Old Bridge giant

1669

01:10:09,650 --> 01:10:07,620

piles of pasta stretch for more than 25

1670

01:10:11,570 --> 01:10:09,660

feet in the wooded area earlier this

1671

01:10:14,090 --> 01:10:11,580

month Community Advocates say the

1672

01:10:16,910 --> 01:10:14,100

unidentified man who did this has a

1673

01:10:19,370 --> 01:10:16,920

history of mental illness yeah he needs

1674

01:10:21,350 --> 01:10:19,380

to go to jail

1675

01:10:24,310 --> 01:10:21,360

guy just hates pasta so they're taking

1676

01:10:29,270 --> 01:10:27,229

maybe they're afraid We Begin right now

1677

01:10:31,189 --> 01:10:29,280

with those breaking news after Danny

1678

01:10:33,610 --> 01:10:31,199

Masterson has been found guilty of two

1679

01:10:36,649 --> 01:10:33,620

countries

1680

01:10:39,410 --> 01:10:36,659

raping three women uh he's one of the

1681

01:10:40,490 --> 01:10:39,420

actors from That 70s Show

1682

01:10:42,830 --> 01:10:40,500

oh

1683

01:10:45,169 --> 01:10:42,840

he's been found guilty though he's a bad

1684

01:10:47,450 --> 01:10:45,179

dude of dumping pasta oh was he the

1685

01:10:50,450 --> 01:10:47,460

pasta Bandit no he's damn Ashton was

1686

01:10:52,070 --> 01:10:50,460

found guilty of two counts of rape which

1687

01:10:54,890 --> 01:10:52,080

I think is far more significant than

1688

01:10:59,090 --> 01:10:54,900

duffing pasta

1689

01:10:59,930 --> 01:10:59,100

well uh this guy the the pasta dumper

1690

01:11:04,310 --> 01:10:59,940

um

1691

01:11:06,770 --> 01:11:04,320

the trail of pasta that wound up in New

1692

01:11:08,030 --> 01:11:06,780

Jersey uh has finally been solved

1693

01:11:10,189 --> 01:11:08,040

officials

1694

01:11:11,689 --> 01:11:10,199

announced that no charges will be filed

1695

01:11:13,610 --> 01:11:11,699

against the man responsible for dumping

1696

01:11:15,290 --> 01:11:13,620

over 500 pounds of pasta in the woods

1697

01:11:18,410 --> 01:11:15,300

earlier this month

1698

01:11:20,570 --> 01:11:18,420

Community Advocates say the uh the

1699

01:11:22,669 --> 01:11:20,580

identified man has a history of mental

1700

01:11:26,290 --> 01:11:22,679

illness well how do they know he's

1701

01:11:31,430 --> 01:11:28,850

residents of Old Bridge were startled

1702

01:11:34,189 --> 01:11:31,440

when the heaping servings of macaroni

1703

01:11:36,890 --> 01:11:34,199

spaghetti in ziti were strewn along the

1704

01:11:39,290 --> 01:11:36,900

stream of Veteran Park what is these

1705

01:11:41,270 --> 01:11:39,300

honoring Memorial Day we don't know

1706

01:11:42,830 --> 01:11:41,280

previous pregame for the 200th

1707

01:11:44,810 --> 01:11:42,840

anniversary of The Star-Spangled Banner

1708

01:11:46,970 --> 01:11:44,820

yes please believe the giant pile of

1709

01:11:49,250 --> 01:11:46,980

uncooked pasta which uh stretched for

1710

01:11:51,290 --> 01:11:49,260

more than 25 feet in the Water Area uh

1711

01:11:53,209 --> 01:11:51,300

were removed from the packaging and then

1712

01:11:54,950 --> 01:11:53,219

dumped along the creek no [h__\h] they were

1713

01:11:57,290 --> 01:11:54,960

removed from the packaging we didn't see

1714

01:11:59,270 --> 01:11:57,300

any packaging we didn't know if this was

1715

01:12:00,709 --> 01:11:59,280

Chef by Rd this is ramen we don't know

1716

01:12:03,890 --> 01:12:00,719

who made this [h__h]

1717

01:12:06,050 --> 01:12:03,900

this is all store brand garbage yeah

1718

01:12:08,030 --> 01:12:06,060

officers say they were initially unaware

1719

01:12:09,649 --> 01:12:08,040

of the incident because there were no

1720

01:12:11,870 --> 01:12:09,659

calls or reports from any residents

1721

01:12:15,050 --> 01:12:11,880

except via Facebook posts you don't

1722

01:12:17,810 --> 01:12:15,060

check your tweets [h__h]

1723

01:12:21,770 --> 01:12:17,820

we didn't know anything about that I

1724

01:12:26,930 --> 01:12:24,649

no more 911 calls I just tag people I

1725

01:12:28,130 --> 01:12:26,940

tagged the police department I guarantee

1726

01:12:29,689 --> 01:12:28,140

that's happened somewhere we're saying

1727

01:12:32,510 --> 01:12:29,699

like it hasn't called 9-1-1 they like

1728

01:12:34,610 --> 01:12:32,520

send somebody a DM I dm'd the Police

1729

01:12:36,590 --> 01:12:34,620

Department is supposed to be here

1730

01:12:38,209 --> 01:12:36,600

uh once they're once the Report was

1731

01:12:40,130 --> 01:12:38,219

generated two Public Work employees

1732

01:12:42,550 --> 01:12:40,140

arrived to clean up the the area

1733

01:12:47,229 --> 01:12:42,560

authorities go clean that up

1734

01:12:51,110 --> 01:12:49,189

unrelated Story the next day the public

1735

01:12:52,850 --> 01:12:51,120

works department had a pasta feed for

1736

01:12:54,709 --> 01:12:52,860

the local community

1737

01:12:57,770 --> 01:12:54,719

authorities say they were unable to

1738

01:12:59,570 --> 01:12:57,780

dispose of all the pasta in under they

1739

01:13:02,510 --> 01:12:59,580

were able no they were able to dispose

1740

01:13:04,669 --> 01:13:02,520

okay they got that done in an hour

1741

01:13:05,990 --> 01:13:04,679

or did someone go on what's the way

1742

01:13:08,030 --> 01:13:06,000

that's phrased it could almost be like

1743

01:13:09,770 --> 01:13:08,040

somebody ate it yeah

1744

01:13:11,450 --> 01:13:09,780

they weren't they they're not very clear

1745

01:13:15,110 --> 01:13:11,460

in how this was

1746

01:13:17,510 --> 01:13:15,120

this was done eat it eat it eat it

1747

01:13:19,490 --> 01:13:17,520

or did the Public Works folks just go

1748

01:13:23,570 --> 01:13:19,500

push it further down the creek yeah it's

1749

01:13:27,470 --> 01:13:25,430

that's a different township so that's

1750

01:13:29,649 --> 01:13:27,480

their problem we created a dam a pasta

1751

01:13:32,570 --> 01:13:29,659

dam for the Beavers

1752

01:13:34,850 --> 01:13:32,580

d-a-m-n oh wait crap

1753

01:13:36,890 --> 01:13:34,860

made new signs I can't believe that they

1754

01:13:40,250 --> 01:13:36,900

didn't arrest this guy

1755

01:13:42,350 --> 01:13:40,260

like not even like a fine for like the

1756

01:13:43,790 --> 01:13:42,360

the work required to come out and fix

1757

01:13:45,830 --> 01:13:43,800

this pasta stuff

1758

01:13:48,530 --> 01:13:45,840

maybe they're they were maybe he

1759

01:13:50,390 --> 01:13:48,540

threatened them by or maybe they felt

1760

01:13:52,490 --> 01:13:50,400

threatened because he was uh threatening

1761

01:13:54,290 --> 01:13:52,500

to break into their house and steal all

1762

01:13:56,510 --> 01:13:54,300

their Pasta Too why didn't this guy like

1763

01:13:59,270 --> 01:13:56,520

try to get away with it slowly over time

1764

01:14:01,310 --> 01:13:59,280

you know how like uh like in like

1765

01:14:05,169 --> 01:14:01,320

jailbreak movies or like they'll dig out

1766

01:14:11,149 --> 01:14:08,570

at a time yeah live in dirt and yard but

1767

01:14:13,729 --> 01:14:11,159

this guy he takes little by a little and

1768

01:14:14,810 --> 01:14:13,739

leaves it at the grocery store it's like

1769

01:14:17,090 --> 01:14:14,820

oh someone must have spilled something

1770

01:14:19,370 --> 01:14:17,100

like every week

1771

01:14:21,709 --> 01:14:19,380

he's spilling just a little bit of his

1772

01:14:24,410 --> 01:14:21,719

500 pounds of pasta until next thing you

1773

01:14:26,209 --> 01:14:24,420

know it's all taken care of

1774

01:14:28,250 --> 01:14:26,219

but why the grocery store why not do it

1775

01:14:30,649 --> 01:14:28,260

someplace that would would just uh

1776

01:14:32,450 --> 01:14:30,659

confuse people like go to City Hall and

1777

01:14:35,030 --> 01:14:32,460

leave one noodle every week well you

1778

01:14:36,709 --> 01:14:35,040

want to be you want to be one noodle

1779

01:14:39,590 --> 01:14:36,719

every week you know how long that would

1780

01:14:41,450 --> 01:14:39,600

take he'd be like I thought the one with

1781

01:14:42,950 --> 01:14:41,460

500 pounds of pasta to get rid of I'm

1782

01:14:45,950 --> 01:14:42,960

just suggesting that your method works

1783

01:14:47,570 --> 01:14:45,960

if you're really dedicated look you got

1784

01:14:49,010 --> 01:14:47,580

to have your pockets full of pasta every

1785

01:14:50,930 --> 01:14:49,020

time you show up to the grocery store

1786

01:14:52,910 --> 01:14:50,940

and then when you get to the deposit so

1787

01:14:54,890 --> 01:14:52,920

you're dumping it like handfuls of pasta

1788

01:14:56,630 --> 01:14:54,900

on the floor in the grocery store yes

1789

01:14:59,090 --> 01:14:56,640

that's gonna but that's that's gonna

1790

01:15:00,530 --> 01:14:59,100

draw attention to you because someone's

1791

01:15:02,090 --> 01:15:00,540

gonna have to be like why do I have to

1792

01:15:04,250 --> 01:15:02,100

keep cleaning up only after this weird

1793

01:15:06,110 --> 01:15:04,260

guy's here you create a distraction so

1794

01:15:08,510 --> 01:15:06,120

you have your buddy come with you and he

1795

01:15:09,890 --> 01:15:08,520

starts pushing over like like bins of

1796

01:15:11,630 --> 01:15:09,900

water and like starts freaking out in

1797

01:15:13,910 --> 01:15:11,640

the ground you run to the pasta aisle

1798

01:15:16,850 --> 01:15:13,920

empty out your pockets and you do the

1799

01:15:18,169 --> 01:15:16,860

whole thing again next week

1800

01:15:19,729 --> 01:15:18,179

he goes over to the produce section and

1801
01:15:22,870 --> 01:15:19,739
takes the orange from the bottom of the

1802
01:15:26,149 --> 01:15:22,880
pile Oh God sorry orange is everywhere

1803
01:15:27,770 --> 01:15:26,159
you start freaking out pushing over the

1804
01:15:29,209 --> 01:15:27,780
sample trays and everything like that

1805
01:15:31,010 --> 01:15:29,219
and it's like everyone will be

1806
01:15:33,110 --> 01:15:31,020
distracted by your friend while you can

1807
01:15:34,850 --> 01:15:33,120
dispose in the pasta on the ground and

1808
01:15:37,130 --> 01:15:34,860
then you say hey I think someone spilled

1809
01:15:38,810 --> 01:15:37,140
some pasta back there in aisle 11 the

1810
01:15:43,610 --> 01:15:38,820
pasta aisle

1811
01:15:44,570 --> 01:15:43,620
now I'm gonna be confused next time at

1812
01:15:47,450 --> 01:15:44,580
the grocery store to see if there's like

1813
01:15:48,890 --> 01:15:47,460

spilled pasta in the pasta aisle yeah

1814

01:15:50,810 --> 01:15:48,900

that's the one way to do it then you

1815

01:15:52,310 --> 01:15:50,820

wouldn't have to have this whole Hub up

1816

01:15:53,990 --> 01:15:52,320

and then there's like people in your

1817

01:15:55,850 --> 01:15:54,000

community who think that you have a

1818

01:15:58,430 --> 01:15:55,860

history of mental illness when you do

1819

01:16:01,490 --> 01:15:59,810

then that's what they're claiming you

1820

01:16:05,030 --> 01:16:01,500

don't need that kind of hassle you don't

1821

01:16:08,090 --> 01:16:06,709

oh people like talking about you behind

1822

01:16:09,590 --> 01:16:08,100

your back don't don't talk to that guy

1823

01:16:12,070 --> 01:16:09,600

he's got some history of mental illness

1824

01:16:15,290 --> 01:16:12,080

yeah he's always walking around

1825

01:16:17,270 --> 01:16:15,300

with pasta in his pockets his pockets

1826

01:16:19,310 --> 01:16:17,280

full of pasta dangling

1827

01:16:21,410 --> 01:16:19,320

the bums are asking for change and he

1828

01:16:24,830 --> 01:16:21,420

throws some pasta in there he's a bunch

1829

01:16:26,930 --> 01:16:24,840

of dry macaroni bastards this is the way

1830

01:16:29,870 --> 01:16:26,940

to dispose of it by the way that's your

1831

01:16:31,850 --> 01:16:29,880

uh your uh show art suggestion it's a

1832

01:16:34,910 --> 01:16:31,860

guy with pasta Pockets full of pasta

1833

01:16:36,290 --> 01:16:34,920

[h__\h] it's full of pasta walking through

1834

01:16:38,090 --> 01:16:36,300

New Jersey

1835

01:16:39,350 --> 01:16:38,100

oh I did find this picture which is

1836

01:16:40,970 --> 01:16:39,360

close

1837

01:16:42,410 --> 01:16:40,980

um I think it's dry goods not pasta but

1838

01:16:45,410 --> 01:16:42,420

here's someone who's also trying to

1839

01:16:47,810 --> 01:16:45,420

dispose of Come on load faster there it

1840

01:16:50,330 --> 01:16:47,820

goes trying to dispose of

1841

01:16:51,890 --> 01:16:50,340

pasta in the grocery store that works

1842

01:16:54,350 --> 01:16:51,900

one bucket at a time I think this guy

1843

01:16:56,390 --> 01:16:54,360

bit off way too much here that's that's

1844

01:16:59,450 --> 01:16:56,400

I mean you're gonna have to have several

1845

01:17:01,430 --> 01:16:59,460

cargo pants to to have that so you

1846

01:17:03,290 --> 01:17:01,440

you'll wear a pair of cargo pants and

1847

01:17:04,910 --> 01:17:03,300

then you're carrying a pair of cargo

1848

01:17:06,950 --> 01:17:04,920

pants filled with pasta in order to dump

1849

01:17:08,870 --> 01:17:06,960

that load a second pair now the question

1850

01:17:10,970 --> 01:17:08,880

is do you have to put on the second pair

1851
01:17:12,890 --> 01:17:10,980
before you dump that load um you might

1852
01:17:14,090 --> 01:17:12,900
have to wear both pairs of cargo pants

1853
01:17:16,550 --> 01:17:14,100
do you kind of look like you're an

1854
01:17:21,050 --> 01:17:16,560
overweight gentleman who's very crunchy

1855
01:17:22,970 --> 01:17:21,060
as he walks just a massive backpack yeah

1856
01:17:24,890 --> 01:17:22,980
yeah you could you could you could use a

1857
01:17:26,689 --> 01:17:24,900
backpack I guess but that's

1858
01:17:30,169 --> 01:17:26,699
that's conspicuous you're not gonna

1859
01:17:31,610 --> 01:17:30,179
people are gonna start noticing like at

1860
01:17:35,229 --> 01:17:31,620
least you got if you got like parachute

1861
01:17:38,090 --> 01:17:35,239
pants or MC Hammer pants something big

1862
01:17:39,290 --> 01:17:38,100
camera pants and a hockey bag on your

1863
01:17:42,649 --> 01:17:39,300

back you're just gonna look like a

1864

01:17:44,570 --> 01:17:42,659

regular American out for a shop and uh

1865

01:17:45,649 --> 01:17:44,580

I'm here just to shop that's all I'm

1866

01:17:48,050 --> 01:17:45,659

doing

1867

01:17:50,750 --> 01:17:48,060

and yeah it's Gotta Be You gotta be

1868

01:17:52,130 --> 01:17:50,760

pretty slick about this

1869

01:17:54,530 --> 01:17:52,140

okay

1870

01:17:57,050 --> 01:17:54,540

well that one I can sleep easy tonight

1871

01:17:59,030 --> 01:17:57,060

now knowing that there's a mentally

1872

01:18:01,189 --> 01:17:59,040

unstable man out there who they refuse

1873

01:18:03,590 --> 01:18:01,199

to ascend to jail who may or may not be

1874

01:18:05,810 --> 01:18:03,600

planning to dispose of more pasta yeah

1875

01:18:07,310 --> 01:18:05,820

there's a lunatic out there who loves

1876

01:18:09,050 --> 01:18:07,320

pasta and they refuse to do anything

1877

01:18:11,450 --> 01:18:09,060

about it in New Jersey

1878

01:18:12,530 --> 01:18:11,460

I'm just impressed that the uh two

1879

01:18:14,149 --> 01:18:12,540

people they sent out from the Department

1880

01:18:15,470 --> 01:18:14,159

of Public Works was able to dispose of

1881

01:18:17,930 --> 01:18:15,480

that in under an hour

1882

01:18:19,850 --> 01:18:17,940

those guys deserve a promotion really

1883

01:18:21,050 --> 01:18:19,860

they solve the problem honestly they

1884

01:18:23,450 --> 01:18:21,060

could have cordoned off the entire

1885

01:18:25,490 --> 01:18:23,460

section as biohazard get the police out

1886

01:18:26,930 --> 01:18:25,500

there put some tape up there collect

1887

01:18:28,910 --> 01:18:26,940

some evidence and then think about it

1888

01:18:30,590 --> 01:18:28,920

for the next two weeks and but no they

1889

01:18:31,970 --> 01:18:30,600

got done in under an hour that's amazing

1890

01:18:32,750 --> 01:18:31,980

that's like the fastest government work

1891

01:18:33,950 --> 01:18:32,760

ever

1892

01:18:35,030 --> 01:18:33,960

yeah they should have first thing they

1893

01:18:37,130 --> 01:18:35,040

said was they need to hire more people

1894

01:18:40,430 --> 01:18:37,140

yeah we're gonna have to contract this

1895

01:18:42,530 --> 01:18:40,440

out this job's too big for us I'm not

1896

01:18:45,890 --> 01:18:42,540

pasta certified you better get somebody

1897

01:18:47,750 --> 01:18:45,900

else out here I don't know about that

1898

01:18:49,729 --> 01:18:47,760

everyone is take a two-week OSHA course

1899

01:18:52,149 --> 01:18:49,739

on pasta disposal I guess we could fill

1900

01:18:54,350 --> 01:18:52,159

in some potholes

1901

01:18:58,010 --> 01:18:54,360

no that's all right Rod Stewart's got a

1902

01:18:59,930 --> 01:18:58,020

pasta potholes it was a problem solved

1903

01:19:01,870 --> 01:18:59,940

Rod Stewart and Schwarzenegger stand the

1904

01:19:05,870 --> 01:19:01,880

body filling potholes

1905

01:19:07,910 --> 01:19:05,880

shoveling pasta into Road holes it's

1906

01:19:10,850 --> 01:19:07,920

bullshits all of it he said why are the

1907

01:19:13,790 --> 01:19:10,860

road's so mushy now yeah we're trying

1908

01:19:17,270 --> 01:19:13,800

until it rains this works great next day

1909

01:19:18,950 --> 01:19:17,280

[h__\h] you didn't think of it yeah

1910

01:19:21,350 --> 01:19:18,960

well they're actors they're not in

1911

01:19:23,870 --> 01:19:21,360

singers They're not like you know chefs

1912

01:19:27,169 --> 01:19:23,880

they're not Structural Engineers

1913

01:19:29,030 --> 01:19:27,179

they're not freelance Architects like me

1914

01:19:30,709 --> 01:19:29,040

they're freelance freelance

1915

01:19:33,350 --> 01:19:30,719

Transportation they're freelance

1916

01:19:35,270 --> 01:19:33,360

construction and Road repair crew but

1917

01:19:37,790 --> 01:19:35,280

you know they don't know this stuff you

1918

01:19:44,050 --> 01:19:37,800

learn this by Tron error

1919

01:19:47,930 --> 01:19:46,310

look at this [h__\h]

1920

01:19:50,630 --> 01:19:47,940

all right so here's a guy in Vancouver

1921

01:19:52,610 --> 01:19:50,640

uh uh who's stealing a bunch of stuff

1922

01:19:54,830 --> 01:19:52,620

but he's very specific to what he's

1923

01:19:56,750 --> 01:19:54,840

stealing very particular raising some

1924

01:20:02,149 --> 01:19:56,760

questions

1925

01:20:03,290 --> 01:20:02,159

let's see here uh toothpaste Thief

1926

01:20:05,450 --> 01:20:03,300

caught with

1927

01:20:08,630 --> 01:20:05,460

two thousand one hundred dollars worth

1928

01:20:10,850 --> 01:20:08,640

of tubes in North Vancouver uh that's

1929

01:20:12,470 --> 01:20:10,860

good news hmm

1930

01:20:14,330 --> 01:20:12,480

how do we know he wasn't like coveted

1931

01:20:16,370 --> 01:20:14,340

stockpiling like they were like you know

1932

01:20:18,290 --> 01:20:16,380

people like hoarded there's gonna be a

1933

01:20:20,990 --> 01:20:18,300

run on toothpaste I got it all yeah like

1934

01:20:23,390 --> 01:20:21,000

like there's a run hand sanitizer masks

1935

01:20:25,370 --> 01:20:23,400

and everything toilet paper you know

1936

01:20:27,890 --> 01:20:25,380

remember the the toilet paper struggles

1937

01:20:28,970 --> 01:20:27,900

we had early in the pandemic this guy's

1938

01:20:31,430 --> 01:20:28,980

is getting ahead of the curve in fact

1939

01:20:32,810 --> 01:20:31,440

this guy might be a key bellwether

1940

01:20:35,330 --> 01:20:32,820

that the fact that there might be

1941

01:20:38,090 --> 01:20:35,340

another pandemic coming

1942

01:20:40,130 --> 01:20:38,100

what does he know when exactly who is he

1943

01:20:43,850 --> 01:20:40,140

connected to who are his family members

1944

01:20:46,250 --> 01:20:43,860

we'll find out as we read this article

1945

01:20:49,370 --> 01:20:46,260

um this is uh oh this is from the 29th

1946

01:20:51,950 --> 01:20:49,380

so it was a minty fresh crime that

1947

01:20:54,050 --> 01:20:51,960

resulted in the attempt to NAB two

1948

01:20:55,729 --> 01:20:54,060

thousand dollars or two thousand one

1949

01:20:57,890 --> 01:20:55,739

hundred dollars worth of toothpaste from

1950

01:21:00,110 --> 01:20:57,900

a local grocery store so he cleaned them

1951

01:21:02,330 --> 01:21:00,120

out I mean you got how much does an

1952

01:21:03,169 --> 01:21:02,340

average grocery store have on hand you

1953

01:21:05,750 --> 01:21:03,179

think he cleared out the whole

1954

01:21:07,790 --> 01:21:05,760

toothpaste aisle I would imagine so I

1955

01:21:09,770 --> 01:21:07,800

okay your average grocery store probably

1956

01:21:12,050 --> 01:21:09,780

has I'm guessing just think about it

1957

01:21:13,689 --> 01:21:12,060

close your eyes people and then picture

1958

01:21:16,310 --> 01:21:13,699

you at the grocery store buying

1959

01:21:18,169 --> 01:21:16,320

toothpaste and you're looking down there

1960

01:21:21,890 --> 01:21:18,179

what how much is one tube of toothpaste

1961

01:21:21,900 --> 01:21:25,729

maybe I'm overestimating a little bit

1962

01:21:30,830 --> 01:21:28,610

I'd say uh average I don't know three or

1963

01:21:32,810 --> 01:21:30,840

four bucks right I would say so it's

1964

01:21:40,030 --> 01:21:32,820

just toothpaste these days so like 60

1965

01:21:45,590 --> 01:21:41,870

in this one

1966

01:21:47,270 --> 01:21:45,600

that's jet GPT how much does 2100 worth

1967

01:21:51,229 --> 01:21:47,280

of toothpaste weigh yeah how much does

1968

01:21:55,189 --> 01:21:52,850

um so he's uh cleared out the local

1969

01:21:58,310 --> 01:21:55,199

grocery store in a tweet uh the North

1970

01:22:00,890 --> 01:21:58,320

Vancouver uh Royal Mounted Police

1971

01:22:04,430 --> 01:22:00,900

Royal Canadian Mounted Police uh uh say

1972

01:22:06,350 --> 01:22:04,440

officers near the superstore on Seymour

1973

01:22:09,169 --> 01:22:06,360

Boulevard on Friday

1974

01:22:11,209 --> 01:22:09,179

uh when they spotted a man running out

1975

01:22:14,149 --> 01:22:11,219

of an emergency exit following by staff

1976

01:22:16,970 --> 01:22:14,159

so this guy says Hot Pursuit that's

1977

01:22:19,370 --> 01:22:16,980

right it's got all our toothpaste he

1978

01:22:23,090 --> 01:22:19,380

took every last drop we had

1979

01:22:25,669 --> 01:22:23,100

uh he's not even using it talk is a

1980

01:22:27,290 --> 01:22:25,679

tweet by the uh North Vancouver Royal

1981

01:22:29,149 --> 01:22:27,300

Canadian Mounted Police they tweeted

1982

01:22:31,130 --> 01:22:29,159

this out to let people know talk about

1983

01:22:32,810 --> 01:22:31,140

being at the right place at the right

1984

01:22:35,930 --> 01:22:32,820

time on Friday officers were near the

1985

01:22:37,669 --> 01:22:35,940

superstore for an unrelated matter when

1986

01:22:39,050 --> 01:22:37,679

they observed a man running out of an

1987

01:22:41,090 --> 01:22:39,060

emergency exit followed by staff

1988

01:22:43,669 --> 01:22:41,100

officers jumped into action and arrested

1989

01:22:44,990 --> 01:22:43,679

him and returned returned the two

1990

01:22:47,709 --> 01:22:45,000

thousand one hundred dollars worth of

1991

01:22:51,470 --> 01:22:50,090

yeah they shouldn't return that I don't

1992

01:22:54,350 --> 01:22:51,480

did they just put it back on the shelves

1993

01:22:56,630 --> 01:22:54,360

yes that's that's damaged goods it goes

1994

01:22:59,510 --> 01:22:56,640

to the the lesser-knowns like grocery

1995

01:23:01,189 --> 01:22:59,520

stores like Save A Lot or you know all

1996

01:23:03,830 --> 01:23:01,199

the off-brand stuff that they sell try

1997

01:23:06,350 --> 01:23:03,840

and save try and save

1998

01:23:08,930 --> 01:23:06,360

please say mounties arrested the man on

1999

01:23:10,430 --> 01:23:08,940

the scene and returned the toothpaste

2000

01:23:13,310 --> 01:23:10,440

we think he was trying to make a clean

2001

01:23:15,470 --> 01:23:13,320

getaway but was unsuccessful

2002

01:23:16,669 --> 01:23:15,480

a clean getaway

2003

01:23:18,530 --> 01:23:16,679

I was gonna say they didn't lean into

2004

01:23:19,850 --> 01:23:18,540

the dental plans on this one how could

2005

01:23:21,890 --> 01:23:19,860

you have done this when they talk about

2006

01:23:23,930 --> 01:23:21,900

taking a bite out of crime yeah yeah

2007

01:23:25,729 --> 01:23:23,940

bite out of crime

2008

01:23:27,530 --> 01:23:25,739

by the way the one of the shows here if

2009

01:23:29,930 --> 01:23:27,540

you scroll down they've got a photo of

2010

01:23:32,530 --> 01:23:29,940

of he's got a wagon first of all where'd

2011

01:23:35,570 --> 01:23:32,540

the wagon come from

2012

01:23:38,149 --> 01:23:35,580

vehicle but it's got two bags

2013

01:23:40,850 --> 01:23:38,159

if you notice all the toothpaste is

2014

01:23:43,310 --> 01:23:40,860

Sensodyne brand hmm that's a very

2015

01:23:46,970 --> 01:23:43,320

particular brand

2016

01:23:49,610 --> 01:23:46,980

this guy's suffering from uh um

2017

01:23:52,189 --> 01:23:49,620

gum disease yeah so some sort of uh

2018

01:23:54,350 --> 01:23:52,199

gingivitis or some sort of other malady

2019

01:23:56,450 --> 01:23:54,360

he should see a dentist

2020

01:23:58,070 --> 01:23:56,460

he what this guy could have been a

2021

01:24:00,770 --> 01:23:58,080

dentist and he's selling Black Market

2022

01:24:04,130 --> 01:24:00,780

toothpaste to people to his uh and look

2023

01:24:05,689 --> 01:24:04,140

at the wagon it is a kid's wagon it's

2024

01:24:07,610 --> 01:24:05,699

not like your your old school Radio

2025

01:24:09,410 --> 01:24:07,620

Flyer or something that's cool he

2026

01:24:11,990 --> 01:24:09,420

probably stole the wagon too have they

2027

01:24:14,450 --> 01:24:12,000

tracked that back like to who was

2028

01:24:16,729 --> 01:24:14,460

missing a wagon in the in the area

2029

01:24:17,930 --> 01:24:16,739

maybe that same store and I I find it

2030

01:24:20,149 --> 01:24:17,940

hard to believe

2031

01:24:22,910 --> 01:24:20,159

that the grocery store had this amount

2032

01:24:25,930 --> 01:24:22,920

of Sensodyne out on the shelves yeah

2033

01:24:28,070 --> 01:24:25,940

that is suspicious how much is Sensodyne

2034

01:24:29,570 --> 01:24:28,080

I'm saying like since the dimes like

2035

01:24:34,130 --> 01:24:29,580

eight bucks or two

2036

01:24:37,070 --> 01:24:35,090

um

2037

01:24:38,930 --> 01:24:37,080

seven dollars yeah

2038

01:24:45,410 --> 01:24:38,940

see

2039

01:24:48,649 --> 01:24:45,420

so 2100 whoops 2100 by seven it's 300 uh

2040

01:24:51,370 --> 01:24:48,659

tubes of toothpaste I'll give you ten

2041

01:24:53,810 --> 01:24:51,380

thousand dollars I hope that's too much

2042

01:24:55,910 --> 01:24:53,820

don't pay that much

2043

01:24:57,649 --> 01:24:55,920

we so you figure on the black market

2044

01:25:00,530 --> 01:24:57,659

he's probably selling the tubes for

2045

01:25:01,910 --> 01:25:00,540

about maybe four bucks five bucks

2046

01:25:04,010 --> 01:25:01,920

you know

2047

01:25:05,450 --> 01:25:04,020

I mean you gotta go you gotta you gotta

2048

01:25:07,070 --> 01:25:05,460

hit the right spots you gotta go to the

2049

01:25:08,689 --> 01:25:07,080

old folks homes and start moving this

2050

01:25:10,729 --> 01:25:08,699

kind of product you gotta you gotta go

2051

01:25:12,709 --> 01:25:10,739

to clinics you gotta like hey what do

2052

01:25:15,229 --> 01:25:12,719

you need you start hanging out at the

2053

01:25:17,030 --> 01:25:15,239

dentist office like hey I hear you have

2054

01:25:21,310 --> 01:25:17,040

mouth problems that's where you go right

2055

01:25:25,250 --> 01:25:23,810

Black Market toothpaste I see your teeth

2056

01:25:27,470 --> 01:25:25,260

it looks like you used a little help how

2057

01:25:29,810 --> 01:25:27,480

about a little sense of dying you know

2058

01:25:32,870 --> 01:25:29,820

it's the best stuff this is this stuff

2059

01:25:34,310 --> 01:25:32,880

is cut straight it's not been Stepped On

2060

01:25:36,010 --> 01:25:34,320

by anybody

2061

01:25:38,630 --> 01:25:36,020

this is the good stuff from Columbia

2062

01:25:40,430 --> 01:25:38,640

he's at home filling his bathtub and

2063

01:25:42,830 --> 01:25:40,440

then like cutting the toothpaste with

2064

01:25:45,770 --> 01:25:42,840

like shaving cream and stuff yeah I'll

2065

01:25:47,990 --> 01:25:45,780

make my money back yet

2066

01:25:50,689 --> 01:25:48,000

no life and stuff

2067

01:25:53,410 --> 01:25:50,699

I get five tubes out of one tube this

2068

01:25:59,209 --> 01:25:56,050

this is less

2069

01:26:01,610 --> 01:25:59,219

than one percent toothpaste what the

2070

01:26:03,709 --> 01:26:01,620

hell is this it's barely toothpaste it's

2071

01:26:06,050 --> 01:26:03,719

mostly bathroom call because it's been

2072

01:26:08,870 --> 01:26:06,060

stepped 12 times has just got into the

2073

01:26:10,669 --> 01:26:08,880

the consumer this is just mostly heroin

2074

01:26:15,470 --> 01:26:10,679

at this point

2075

01:26:16,129 --> 01:26:15,480

oh maybe maybe no one wants that

2076

01:26:17,330 --> 01:26:16,139

um

2077

01:26:19,250 --> 01:26:17,340

well

2078

01:26:20,870 --> 01:26:19,260

this guy definitely needs to go to jail

2079

01:26:23,510 --> 01:26:20,880

no doubt about that you think this is

2080

01:26:25,370 --> 01:26:23,520

the same guy maybe he was dumping pasta

2081

01:26:29,629 --> 01:26:25,380

he has a history of mental illness that

2082

01:26:34,310 --> 01:26:32,030

yeah if there was if if this happened if

2083

01:26:35,870 --> 01:26:34,320

it was Vancouver grocery store reports

2084

01:26:38,450 --> 01:26:35,880

two thousand dollars worth of toothpaste

2085

01:26:39,970 --> 01:26:38,460

stolen and then the next week two

2086

01:26:42,189 --> 01:26:39,980

thousand dollars worth of toothpaste

2087

01:26:45,890 --> 01:26:42,199

like a creek

2088

01:26:48,229 --> 01:26:45,900

it's got some sort of of malady he's got

2089

01:26:50,570 --> 01:26:48,239

he's got a condition

2090

01:26:53,090 --> 01:26:50,580

need to go to jail absolutely he should

2091

01:26:56,209 --> 01:26:53,100

but he will have fresh breath and white

2092

01:26:57,610 --> 01:26:56,219

teeth and healthy gums and pasta

2093

01:27:00,350 --> 01:26:57,620

probably

2094

01:27:01,850 --> 01:27:00,360

all the pasta he can eat just Pockets

2095

01:27:05,040 --> 01:27:01,860

full of pasta

2096

01:27:13,610 --> 01:27:05,050

all right correction One More Story here

2097

01:27:16,910 --> 01:27:14,990

um

2098

01:27:19,370 --> 01:27:16,920

I do have another Taylor Swift related

2099

01:27:21,169 --> 01:27:19,380

story but we've done a bunch of those

2100

01:27:22,850 --> 01:27:21,179

like her on the show like when we cover

2101
01:27:24,169 --> 01:27:22,860
the story we don't get it they're all

2102
01:27:26,870 --> 01:27:24,179
about huge amounts of money being spent

2103
01:27:29,510 --> 01:27:28,070
um let's go with this one just because

2104
01:27:31,490 --> 01:27:29,520
it's always amusing and I know we have

2105
01:27:36,110 --> 01:27:31,500
Hawaiian listeners who we do put up with

2106
01:27:38,750 --> 01:27:36,120
non-stop tourists doing touristy crap

2107
01:27:41,149 --> 01:27:38,760
you know who else is in Hawaii right now

2108
01:27:44,689 --> 01:27:41,159
oh maybe this was AJ that's right this

2109
01:27:47,629 --> 01:27:44,699
is about a Hawaiian Tourist so

2110
01:27:51,110 --> 01:27:47,639
oh boy another tourist following GPS

2111
01:27:53,990 --> 01:27:51,120
directions mistakenly drives car into

2112
01:27:56,390 --> 01:27:54,000
Hawaii Harbor exactly

2113
01:27:59,930 --> 01:27:56,400

oh boy and they they have a news report

2114

01:28:02,629 --> 01:27:59,940

on this as well they do okay well these

2115

01:28:04,370 --> 01:28:02,639

with video of the of the incident oh wow

2116

01:28:06,890 --> 01:28:04,380

oh boy

2117

01:28:09,250 --> 01:28:06,900

lazy thanks Guy a driver swam to safety

2118

01:28:12,110 --> 01:28:09,260

after an SUV went into the water at

2119

01:28:14,870 --> 01:28:12,120

Harbor on Hawaii Island

2120

01:28:15,770 --> 01:28:14,880

hurry let's go under hurry up and get

2121

01:28:18,169 --> 01:28:15,780

out

2122

01:28:20,450 --> 01:28:18,179

Good Samaritans on a boat or on hand to

2123

01:28:23,270 --> 01:28:20,460

assist the driver who they say is an

2124

01:28:25,370 --> 01:28:23,280

out-of-state visitor the driver told her

2125

01:28:27,530 --> 01:28:25,380

Rescuers that she was following GPS

2126

01:28:30,050 --> 01:28:27,540

directions but she took a turn down a

2127

01:28:32,930 --> 01:28:30,060

boat ramp she apparently thought that

2128

01:28:35,270 --> 01:28:32,940

the water was a big puddle

2129

01:28:38,629 --> 01:28:35,280

she did take some time she she ended up

2130

01:28:41,570 --> 01:28:38,639

grabbing her backpacks that she could

2131

01:28:43,010 --> 01:28:41,580

grab before she got out and I'm kind of

2132

01:28:44,330 --> 01:28:43,020

frustrated with it because I know that

2133

01:28:46,070 --> 01:28:44,340

as soon as it starts to actually go

2134

01:28:47,689 --> 01:28:46,080

underwater she's in trouble because she

2135

01:28:49,430 --> 01:28:47,699

finally started to move her way out so

2136

01:28:51,110 --> 01:28:49,440

we were able to just toss her a floating

2137

01:28:53,689 --> 01:28:51,120

device and she was able to climb on

2138

01:28:55,250 --> 01:28:53,699

board our boat no injuries were reported

2139

01:28:57,410 --> 01:28:55,260

and we're told that the vehicle has been

2140

01:28:59,330 --> 01:28:57,420

pulled out of the water now there's come

2141

01:29:02,810 --> 01:28:59,340

just a few weeks after a similar scene

2142

01:29:04,250 --> 01:29:02,820

from Hawaii Island another visitor said

2143

01:29:07,010 --> 01:29:04,260

they were following their vehicle's

2144

01:29:13,370 --> 01:29:07,020

navigation system when they drove right

2145

01:29:17,810 --> 01:29:15,169

why are there so many cars in that one

2146

01:29:21,530 --> 01:29:19,729

um why don't they contact the GPS

2147

01:29:23,030 --> 01:29:21,540

companies at this point obviously

2148

01:29:25,490 --> 01:29:23,040

there's there's something going on here

2149

01:29:27,410 --> 01:29:25,500

like that that data that mapping data is

2150

01:29:28,669 --> 01:29:27,420

not leading people in the right

2151
01:29:31,010 --> 01:29:28,679
direction

2152
01:29:33,830 --> 01:29:31,020
Mike there was a throwaway line in there

2153
01:29:35,270 --> 01:29:33,840
so my question is uh how do you confuse

2154
01:29:38,930 --> 01:29:35,280
a puddle

2155
01:29:40,910 --> 01:29:38,940
and the ocean well I mean is a very big

2156
01:29:43,729 --> 01:29:40,920
puddle like the biggest puddle in the

2157
01:29:45,470 --> 01:29:43,739
world I guess no I wouldn't even say

2158
01:29:46,370 --> 01:29:45,480
technically no I'm not even gonna go

2159
01:29:48,830 --> 01:29:46,380
with that

2160
01:29:50,750 --> 01:29:48,840
is that so if it's a put let's just okay

2161
01:29:52,790 --> 01:29:50,760
let's go benefit out it's a puddle with

2162
01:29:54,169 --> 01:29:52,800
deep water they were planning to drive

2163
01:29:56,450 --> 01:29:54,179

through that how many times have we seen

2164

01:29:58,729 --> 01:29:56,460

stories about uh people get their cars

2165

01:30:00,709 --> 01:29:58,739

uh stuck in in water that's only a foot

2166

01:30:02,810 --> 01:30:00,719

deep these are old people driving like

2167

01:30:04,430 --> 01:30:02,820

SUVs they think they're Invincible but I

2168

01:30:07,610 --> 01:30:04,440

think it is going to ram right through

2169

01:30:08,870 --> 01:30:07,620

anything and it's all good

2170

01:30:10,129 --> 01:30:08,880

or maybe they're just their rental

2171

01:30:12,290 --> 01:30:10,139

vehicles are like screw it it's a rental

2172

01:30:13,729 --> 01:30:12,300

I got insurance on this thing it doesn't

2173

01:30:15,050 --> 01:30:13,739

matter paid for that insurance I'm gonna

2174

01:30:16,910 --> 01:30:15,060

earn it yeah

2175

01:30:18,709 --> 01:30:16,920

it's fully covered

2176

01:30:21,050 --> 01:30:18,719

uh they did say the vehicle was

2177

01:30:23,930 --> 01:30:21,060

subsequently pulled out of the water so

2178

01:30:26,030 --> 01:30:23,940

is that considered a salvage like it's a

2179

01:30:27,290 --> 01:30:26,040

shipwreck it's not salvaged so it's a

2180

01:30:28,970 --> 01:30:27,300

shipwreck

2181

01:30:30,410 --> 01:30:28,980

or if somebody else pulls it out yes

2182

01:30:32,330 --> 01:30:30,420

it's salvaged and that guy now owns it

2183

01:30:35,209 --> 01:30:32,340

yeah it's mine now

2184

01:30:37,250 --> 01:30:35,219

you you abandoned your craft I salvaged

2185

01:30:38,990 --> 01:30:37,260

it [h__\h] it up [h__\h] Enterprise in the

2186

01:30:41,629 --> 01:30:39,000

rental cars is mine now

2187

01:30:44,689 --> 01:30:41,639

all in Lloyds of London filing a claim

2188

01:30:48,110 --> 01:30:44,699

uh yeah they yeah they said the weeks

2189

01:30:50,030 --> 01:30:48,120

this most recent incident came uh after

2190

01:30:51,590 --> 01:30:50,040

a few weeks ago another pair of tour a

2191

01:30:54,590 --> 01:30:51,600

pair of tourists were following the

2192

01:30:56,750 --> 01:30:54,600

vehicle's navigation system so yeah that

2193

01:30:59,629 --> 01:30:56,760

one was May 2nd and this one was May

2194

01:31:01,550 --> 01:30:59,639

30th uh yesterday so apparently this is

2195

01:31:03,050 --> 01:31:01,560

a thing

2196

01:31:05,750 --> 01:31:03,060

and we want to do tonight I don't know

2197

01:31:08,870 --> 01:31:05,760

let's drive over that puddle

2198

01:31:11,750 --> 01:31:08,880

it it looks like what gives away that

2199

01:31:13,970 --> 01:31:11,760

it's not a puddle are all the boats all

2200

01:31:16,370 --> 01:31:13,980

the boats in it all the boats in the

2201

01:31:20,149 --> 01:31:16,380

water kind of give away the aircraft

2202

01:31:25,370 --> 01:31:23,270

the deepest puddle I've ever seen

2203

01:31:28,610 --> 01:31:25,380

place I bet we can get this rental SUV

2204

01:31:31,790 --> 01:31:28,620

through it record deepness right

2205

01:31:33,890 --> 01:31:31,800

record deepness let's go measure it the

2206

01:31:35,570 --> 01:31:33,900

cheapest part of the world

2207

01:31:38,209 --> 01:31:35,580

deepest puddle yeah that'll be the next

2208

01:31:39,649 --> 01:31:38,219

story is a couple discovers deepest

2209

01:31:42,050 --> 01:31:39,659

puddle

2210

01:31:43,250 --> 01:31:42,060

luckily they're okay and these old

2211

01:31:44,510 --> 01:31:43,260

people just

2212

01:31:46,550 --> 01:31:44,520

fall in the direction I think they

2213

01:31:48,649 --> 01:31:46,560

should Salvage the the car and then

2214

01:31:50,209 --> 01:31:48,659

throw them back in yeah they need to go

2215

01:31:52,490 --> 01:31:50,219

to jail for this they're not going to

2216

01:31:55,430 --> 01:31:52,500

learn yeah

2217

01:31:56,750 --> 01:31:55,440

you go to Ocean jail yeah

2218

01:32:00,169 --> 01:31:56,760

they really should

2219

01:32:02,570 --> 01:32:00,179

something's going on there oh my God Jay

2220

01:32:04,910 --> 01:32:02,580

this is uh so this is

2221

01:32:05,689 --> 01:32:04,920

um Kailua Kona on the big island so I

2222

01:32:07,370 --> 01:32:05,699

guess there wouldn't be aircraft

2223

01:32:10,490 --> 01:32:07,380

carriers there yeah but there are those

2224

01:32:12,350 --> 01:32:10,500

the aquarium is something dude

2225

01:32:13,610 --> 01:32:12,360

there are all sorts of Yachts you have

2226

01:32:15,410 --> 01:32:13,620

you're you're absolutely right that

2227

01:32:17,689 --> 01:32:15,420

maybe that's your first indication that

2228

01:32:20,810 --> 01:32:17,699

this puddle has a bunch of boats in it

2229

01:32:23,090 --> 01:32:20,820

and some some uh some docks leading into

2230

01:32:26,209 --> 01:32:25,430

and they're out of State Drivers you

2231

01:32:28,550 --> 01:32:26,219

know

2232

01:32:32,149 --> 01:32:28,560

to your point do you think they had bad

2233

01:32:34,189 --> 01:32:32,159

mapping information or are they just

2234

01:32:36,530 --> 01:32:34,199

not really knowing where they're going

2235

01:32:38,810 --> 01:32:36,540

and well there's two maps that I know

2236

01:32:41,570 --> 01:32:38,820

that people primarily use Google Maps

2237

01:32:42,830 --> 01:32:41,580

and Apple Maps

2238

01:32:44,930 --> 01:32:42,840

um apparently one of them is trying to

2239

01:32:46,910 --> 01:32:44,940

kill people yeah so which one was used

2240

01:32:48,050 --> 01:32:46,920

here wasn't mentioned in a news story at

2241

01:32:50,390 --> 01:32:48,060

all

2242

01:32:52,070 --> 01:32:50,400

you know you're right

2243

01:32:53,410 --> 01:32:52,080

that is suspicious so it says it

2244

01:32:56,990 --> 01:32:53,420

happened at

2245

01:32:58,490 --> 01:32:57,000

the honokahau small boat harbor so let's

2246

01:33:01,370 --> 01:32:58,500

see if I can find that oh you know what

2247

01:33:03,350 --> 01:33:01,380

it could be the onboard nav system of

2248

01:33:06,290 --> 01:33:03,360

the rented vehicle and those are always

2249

01:33:07,930 --> 01:33:06,300

trash they suck so bad

2250

01:33:10,729 --> 01:33:07,940

they're never updated

2251

01:33:12,830 --> 01:33:10,739

and uh yeah so

2252

01:33:16,010 --> 01:33:12,840

the people could could sue the car

2253

01:33:18,110 --> 01:33:16,020

company the rental place okay so one of

2254

01:33:21,649 --> 01:33:18,120

these stories says it was a 2020 vehicle

2255

01:33:23,330 --> 01:33:21,659

so figure 2020 sold in 2019 it has

2256

01:33:26,930 --> 01:33:23,340

mapping data probably from a few years

2257

01:33:28,910 --> 01:33:26,940

prior to that so it's sometime between

2258

01:33:30,830 --> 01:33:28,920

when they loaded the mapping data onto

2259

01:33:34,310 --> 01:33:30,840

the vehicle and when the people were

2260

01:33:36,649 --> 01:33:34,320

driving it they built the ocean Sue

2261

01:33:41,090 --> 01:33:36,659

everybody through the ocean shouldn't be

2262

01:33:44,689 --> 01:33:42,950

um small boat harbor

2263

01:33:45,709 --> 01:33:44,699

well [h__h] if I look on Google Maps

2264

01:33:47,149 --> 01:33:45,719

there's like I'll catch over here never

2265

01:33:49,490 --> 01:33:47,159

mind Google Maps has it in the wrong

2266

01:33:52,930 --> 01:33:49,500

spot but this is not a road here hmm

2267

01:33:55,129 --> 01:33:52,940

well we don't need any roads

2268

01:33:59,030 --> 01:33:55,139

we're going straight into the goddamn

2269

01:34:05,209 --> 01:34:01,189

uh

2270

01:34:06,350 --> 01:34:05,219

into [h__h] and just broad daylight too

2271

01:34:10,250 --> 01:34:06,360

I'm just looking at the map here and

2272

01:34:12,649 --> 01:34:10,260

it's it's clearly you are in a uh um a

2273

01:34:14,990 --> 01:34:12,659

boating area there's two boat ramps here

2274

01:34:16,550 --> 01:34:15,000

there's just Vehicles Boat Trailers

2275

01:34:17,810 --> 01:34:16,560

boats everywhere you have to know this

2276

01:34:21,450 --> 01:34:17,820

is not the not the weight of the

2277

01:34:23,149 --> 01:34:21,460

restaurant yeah it's a shortcut

2278

01:34:25,430 --> 01:34:23,159

[Music]

2279

01:34:30,050 --> 01:34:27,649

I'm glad everyone's safe everyone go to

2280

01:34:32,030 --> 01:34:30,060

Hawaii don't trust your rental cars

2281

01:34:35,209 --> 01:34:32,040

built-in navigation it will try to kill

2282

01:34:39,590 --> 01:34:37,729

oh boy oh well hey thank you everyone

2283

01:34:41,450 --> 01:34:39,600

for hanging out

2284

01:34:43,850 --> 01:34:41,460

I think we'll be back on Saturday I

2285

01:34:45,430 --> 01:34:43,860

think I think we will I'll be here on

2286

01:34:47,510 --> 01:34:45,440

Saturday where are you going

2287

01:34:49,550 --> 01:34:47,520

are you going to Hawaii to go salvage

2288

01:34:50,990 --> 01:34:49,560

some SUVs my wife's birthday so we're

2289

01:34:53,689 --> 01:34:51,000

going out to eat but that's not until

2290

01:34:56,930 --> 01:34:53,699

later but uh

2291

01:35:01,669 --> 01:34:58,910

she gets me you have to go to some place

2292

01:35:04,189 --> 01:35:01,679

and stand in line all day yeah no

2293

01:35:06,229 --> 01:35:04,199

they'll be okay I'm just I'm disoriented

2294

01:35:09,050 --> 01:35:06,239

right now it's been a long day that damn

2295

01:35:12,350 --> 01:35:09,060

that Havana syndrome Havana syndrome and

2296

01:35:15,290 --> 01:35:12,360

a damn puppy keeping me up and

2297

01:35:18,590 --> 01:35:15,300

one of your clients not uh

2298

01:35:21,890 --> 01:35:18,600

um renewing their domain name yeah

2299

01:35:23,149 --> 01:35:21,900

but we'll be back on I think Saturday I

2300

01:35:25,490 --> 01:35:23,159

think

2301
01:35:28,550 --> 01:35:25,500
and we'll have more news more fun more

2302
01:35:30,290 --> 01:35:28,560
Shenanigans and you know

2303
01:35:31,910 --> 01:35:30,300
we'll be here well and we'll have some

2304
01:35:35,270 --> 01:35:31,920
announcements of crested won't be here

2305
01:35:37,729 --> 01:35:35,280
for certain days in June

2306
01:35:40,070 --> 01:35:37,739
I have a wedding I need to go to at the

2307
01:35:42,649 --> 01:35:40,080
end of June for my my clown baby brother

2308
01:35:44,930 --> 01:35:42,659
uh so clowny's getting married he's

2309
01:35:46,669 --> 01:35:44,940
getting married at the end of June so

2310
01:35:49,370 --> 01:35:46,679
I'll be there

2311
01:35:50,990 --> 01:35:49,380
and so there will be a few shows uh but

2312
01:35:52,669 --> 01:35:51,000
we'll get it done we'll make stuff

2313
01:35:55,610 --> 01:35:52,679

happen for everyone out there we can

2314

01:35:58,669 --> 01:35:55,620

pre-record a whole bunch of them yeah

2315

01:36:00,050 --> 01:35:58,679

it'd be like you we're not even gone

2316

01:36:01,669 --> 01:36:00,060

you wouldn't even know would you keep

2317

01:36:03,950 --> 01:36:01,679

talking about generic stuff

2318

01:36:05,330 --> 01:36:03,960

well I if we don't pre-refources I'm

2319

01:36:06,950 --> 01:36:05,340

just gonna release old episodes like

2320

01:36:10,550 --> 01:36:06,960

what Charlie does he does like Bree

2321

01:36:12,310 --> 01:36:10,560

broadcasts and uh like a replay I was

2322

01:36:13,870 --> 01:36:12,320

like okay I'll play some stuff from

2323

01:36:16,930 --> 01:36:13,880

2015.

2324

01:36:22,490 --> 01:36:20,149

2019 like really it's the same stuff

2325

01:36:24,649 --> 01:36:22,500

over and over again

2326

01:36:26,510 --> 01:36:24,659

this size like really big events like

2327

01:36:28,600 --> 01:36:26,520

Epstein dying or the pandemic but for

2328

01:36:33,169 --> 01:36:28,610

the most part same crap

2329

01:36:40,189 --> 01:36:36,950

there's ways to uh join a Discord by

2330

01:36:42,770 --> 01:36:40,199

submitting uh submitting to the whims of

2331

01:36:43,990 --> 01:36:42,780

patreon or a PayPal donation there's

2332

01:36:46,129 --> 01:36:44,000

links to

2333

01:36:48,850 --> 01:36:46,139

merchandise and all that kind of stuff

2334

01:36:50,990 --> 01:36:48,860

so thank you everyone

2335

01:36:53,790 --> 01:36:51,000

we'll be doing some more drawbridge

2336

01:36:58,070 --> 01:36:53,800

donations here soon to thank people

by the way I don't take the orders from

2340

01:37:19,970 --> 01:37:17,680

nowhere

2341

01:37:34,130 --> 01:37:19,980

[Applause]
