uh I know Charlie brought some

20

00:01:43,190 --> 00:01:41,520

crutched-esque news we'll try to fill

21

00:01:45,950 --> 00:01:43,200

that void

22

00:01:49,130 --> 00:01:45,960

23

00:01:51,590 --> 00:01:49,140

okay uh he might be doing he might be

36

00:02:21,830 --> 00:02:20,580

doing Chris's show before that

37

00:02:23,030 --> 00:02:21,840

okay

38

00:02:26,089 --> 00:02:23,040

yeah

39

00:02:27,589 --> 00:02:26,099

well as you know it's Wednesday and we

40

00:02:29,750 --> 00:02:27,599

do have Alex Jones and clips of the week

41

00:02:34,430 --> 00:02:29,760

but before that uh Joe did send in

42

00:02:37,070 --> 00:02:34,440

another message and uh Joe uh our uh our

43

00:02:38,750 --> 00:02:37,080

our co-host who's basically out of

44

00:02:41,630 --> 00:02:38,760

commission for a while he did have this

45

00:02:44,089 --> 00:02:41,640

to say uh here we go hi this is Joe from

46

00:02:45,650 --> 00:02:44,099

the our big dumb mouth podcast sorry but

47

00:02:47,210 --> 00:02:45,660

neither I or crutch Ed will be on the

48

00:02:48,830 --> 00:02:47,220

show today I kidnapped him and I'm

49

00:02:50,869 --> 00:02:48,840

forcing him to be my personal piss boy

50

00:02:52,790 --> 00:02:50,879

he's getting me some Pizza Hut while I

51  
00:02:54,170 --> 00:02:52,800  
play Call of Duty by the way did you

52  
00:02:56,809 --> 00:02:54,180  
know you can order Pizza Hut for about

53  
00:02:58,850 --> 00:02:56,819  
14 that's right your favorite cheese

54  
00:03:01,309 --> 00:02:58,860  
pizza with your choice of crust covered

55  
00:03:03,350 --> 00:03:01,319  
in classic marinara sauce and topped

56  
00:03:07,790 --> 00:03:03,360  
with gooey mozzarella cheese it's

57  
00:03:11,570 --> 00:03:07,800  
anything but plain remember oh we we're

58  
00:03:15,350 --> 00:03:13,790  
well it's an incredible statement by uh

59  
00:03:17,509 --> 00:03:15,360  
by Joe there

60  
00:03:18,830 --> 00:03:17,519  
it's almost unbelievable that he would

61  
00:03:20,890 --> 00:03:18,840  
say such things

62  
00:03:24,530 --> 00:03:20,900  
was he stroking out

63  
00:03:26,330 --> 00:03:24,540

he he kind of does like a little bit uh

64

00:03:28,190 --> 00:03:26,340

I know it's his new sign off yeah he's

65

00:03:30,410 --> 00:03:28,200

got this new crazy sign off I just uh

66

00:03:32,149 --> 00:03:30,420

don't understand but I like it that's

67

00:03:35,930 --> 00:03:32,159

what he said

68

00:03:38,390 --> 00:03:35,940

I correctly did not send in a message uh

69

00:03:40,910 --> 00:03:38,400

I tried to get a message from Gretchen

70

00:03:42,530 --> 00:03:40,920

but uh I just couldn't uh I just

71

00:03:44,570 --> 00:03:42,540

couldn't do it this is like the closest

72

00:03:46,970 --> 00:03:44,580

I could come when I was trying to

73

00:03:50,630 --> 00:03:46,980

mess with voices and everything I got I

74

00:03:53,210 --> 00:03:50,640

got this this is try try you guys try to

75

00:03:55,430 --> 00:03:53,220

guess whose voice this is hey brother

76

00:03:57,470 --> 00:03:55,440

this is Joe brother from the our big

77

00:03:58,850 --> 00:03:57,480

dumb mouth podcast I've been talking to

78

00:04:00,770 --> 00:03:58,860

certain wrestlers on the phone lately

79

00:04:02,809 --> 00:04:00,780

and certain female wrestlers that were

80

00:04:04,910 --> 00:04:02,819

huge Stars 10 years ago and the first

81

00:04:07,610 --> 00:04:04,920

thing I ask them is do you still want to

82

00:04:09,949 --> 00:04:07,620

work no way brother what does that sound

83

00:04:12,530 --> 00:04:09,959

like Hulk Hogan or a cheap imitation

84

00:04:13,970 --> 00:04:12,540

Hulk Hogan sounds like a cheap

85

00:04:15,530 --> 00:04:13,980

invitation but definitely sound like

86

00:04:17,810 --> 00:04:15,540

cocoon yeah

87

00:04:20,090 --> 00:04:17,820

yeah it's not bad but I'm gonna get off

88

00:04:21,349 --> 00:04:20,100

by cranking your knob just a little

89

00:04:23,090 --> 00:04:21,359

beyond the breaking point it doesn't

90

00:04:25,850 --> 00:04:23,100

have that aggression no it doesn't have

91

00:04:26,870 --> 00:04:25,860

that Hulk aggression no the inflections

92

00:04:28,550 --> 00:04:26,880

you're missing and all the little

93

00:04:31,010 --> 00:04:28,560

subtleties that makes it such a great

94

00:04:33,830 --> 00:04:31,020

voice yeah yeah okay let's talk on uh

95

00:04:36,230 --> 00:04:33,840

120

00:05:41,749 --> 00:05:40,320

can't help tell the truth and I really

121

00:05:43,909 --> 00:05:41,759

shouldn't be me saying all this okay

122

00:05:46,270 --> 00:05:43,919

look look we get like 10 million views a

123

00:05:48,710 --> 00:05:46,280

124

00:05:51,290 --> 00:05:48,720

125

00:05:55,070 --> 00:05:51,300

banned and I never I'm not that good at

126  
00:05:58,070 --> 00:05:55,870

okay

127  
00:05:59,990 --> 00:05:58,080

[Music]

128  
00:06:02,150 --> 00:06:00,000

it's a little bit there not much yeah

129  
00:06:04,010 --> 00:06:02,160

apparently Alex is really all about uh

130  
00:06:05,150 --> 00:06:04,020

tweeting right now so okay even though

131  
00:06:08,270 --> 00:06:05,160

he's banned

132  
00:06:11,270 --> 00:06:08,280

uh here is Friday June 9th he's in

133  
00:06:13,430 --> 00:06:11,280

running a secret space program you know

134  
00:06:15,230 --> 00:06:13,440

it's basically space force and that the

135  
00:06:17,330 --> 00:06:15,240

base is already set up and then he was

136  
00:06:18,950 --> 00:06:17,340

getting funding for part two of It On

137  
00:06:20,570 --> 00:06:18,960

the Dark Side of the Moon Jews Run the

138  
00:06:24,469 --> 00:06:20,580

World kill them they're the devil maybe

139

00:06:26,870 --> 00:06:24,479

I'm trans why don't I explore that yes

140

00:06:30,050 --> 00:06:26,880

remember the old Alex Jones song I'm on

141

00:06:32,930 --> 00:06:30,060

the stab your daughter at the moment the

142

00:06:34,790 --> 00:06:32,940

KKK and MS-13 are not trying to cut your

143

00:06:36,110 --> 00:06:34,800

son's penis off or your daughter's rest

144

00:06:37,969 --> 00:06:36,120

off we're all looking for Little Green

145

00:06:42,850 --> 00:06:37,979

Men and tin cans falling out of the sky

146

00:06:47,990 --> 00:06:45,170

all right

147

00:06:51,529 --> 00:06:48,000

uh moving right along we got uh this

148

00:06:53,270 --> 00:06:51,539

Monday uh Monday the 12th here we go it

149

00:06:55,430 --> 00:06:53,280

turned out Theodore Kaczynski who was in

150

00:06:57,529 --> 00:06:55,440

the CIA mind control program MK Ultra

151

00:06:59,390 --> 00:06:57,539

this is in the LA Times was in some of

152

00:07:03,230 --> 00:06:59,400

the first transgender studies I always

153

00:07:05,749 --> 00:07:03,240

mispronounce it the kakaka or kakova

154

00:07:07,790 --> 00:07:05,759

somebody cut my my genitals off I had a

155

00:07:10,070 --> 00:07:07,800

giant open wound I'd kill myself too oh

156

00:07:12,110 --> 00:07:10,080

my goody goody gum drops Satan will

157

00:07:14,090 --> 00:07:12,120

sneak around and try to stick his plug

158

00:07:16,309 --> 00:07:14,100

in your rear end as fast as he can she's

159

00:07:17,570 --> 00:07:16,319

driving me crazy not only is the Skype

160

00:07:20,390 --> 00:07:17,580

keeps cutting out that's why I'm talking

161

00:07:22,189 --> 00:07:20,400

over him um but it's done it again but

162

00:07:24,050 --> 00:07:22,199

it's okay that's shoving your whole arm

163

00:07:25,730 --> 00:07:24,060

up somebody's rear end causes serious

164

00:07:27,350 --> 00:07:25,740

medical problems this guy's not working

165

00:07:29,990 --> 00:07:27,360

at a certain point we're gonna have to

166

00:07:36,650 --> 00:07:30,000

uh assess this we just lost this Skype

167

00:07:41,510 --> 00:07:38,570

shoving your arm up someone's rear end

168

00:07:43,430 --> 00:07:41,520

would cause major medical problems

169

00:07:46,490 --> 00:07:43,440

it uh

170

00:07:47,510 --> 00:07:46,500

on both ends I I can imagine you know if

171

00:07:50,150 --> 00:07:47,520

you're going to do it you better trim

172

00:07:52,430 --> 00:07:50,160

your fingernails really good or yeah and

173

00:07:54,409 --> 00:07:52,440

do a little damage up there yeah back

174

00:07:57,290 --> 00:07:54,419

that ass up

175

00:08:00,230 --> 00:07:57,300

uh here is uh Tuesday

176

00:08:02,809 --> 00:08:00,240

June 13th here we go are we seeing any

177

00:08:04,790 --> 00:08:02,819

of pedo Joe's Pinot supporters how do I

178

00:08:07,070 --> 00:08:04,800

go from Johnny B good to my French

179

00:08:08,930 --> 00:08:07,080

Bulldog bleeding to death I am kind of a

180

00:08:11,029 --> 00:08:08,940

coward when it comes to looking at child

181

00:08:12,469 --> 00:08:11,039

porn I'll just hang it up right now in

182

00:08:13,189 --> 00:08:12,479

fact I can't take any more calls at this

183

00:08:15,490 --> 00:08:13,199

point

184

00:08:17,870 --> 00:08:15,500

go to rebroadcast we'll see what happens

185

00:08:19,610 --> 00:08:17,880

uh just that means I want to rebroadcast

186

00:08:21,290 --> 00:08:19,620

so find something to play thanks I'm not

187

00:08:23,029 --> 00:08:21,300

gonna use a 22 I'm gonna use a I'm gonna

188

00:08:24,950 --> 00:08:23,039

use a machete on this raccoon it's not

189

00:08:28,790 --> 00:08:24,960

like an old-fashioned uh thing that was

190

00:08:30,469 --> 00:08:28,800

over uh copper it's a digital the pope

191

00:08:31,670 --> 00:08:30,479

uh reportedly eats large platters of

192

00:08:33,110 --> 00:08:31,680

feces every week you think you're a

193

00:08:36,250 --> 00:08:33,120

Chuck E cheese or something if you want

194

00:08:39,469 --> 00:08:36,260

Daddy to come punish you right

195

00:08:41,930 --> 00:08:39,479

all right you know he did say uh I

196

00:08:45,829 --> 00:08:41,940

believe yesterday that he is not going

197

00:08:49,190 --> 00:08:45,839

to get angry on air anymore that he he

198

00:08:52,670 --> 00:08:49,200

recognizes is good for like memes and

199

00:08:55,190 --> 00:08:52,680

clips and viral moments but he was uh

200

00:08:57,530 --> 00:08:55,200

praying to God that he would not get

201  
00:08:59,449 --> 00:08:57,540  
angry on air anymore so I don't know

202  
00:09:01,610 --> 00:08:59,459  
maybe this segment's dead if he's not

203  
00:09:03,650 --> 00:09:01,620  
going to get angry on air maybe we don't

204  
00:09:06,110 --> 00:09:03,660  
have to track this anymore but he'll be

205  
00:09:07,850 --> 00:09:06,120  
angry by Friday we know well here's

206  
00:09:09,889 --> 00:09:07,860  
Wednesday let's see what happens cool up

207  
00:09:12,470 --> 00:09:09,899  
America what's the what's one you put on

208  
00:09:15,590 --> 00:09:12,480  
pie I call killing candy ass it's so

209  
00:09:17,750 --> 00:09:15,600  
easy it comes so easy I mean killing

210  
00:09:19,370 --> 00:09:17,760  
such an easy thing to do I'm a lesbian

211  
00:09:21,350 --> 00:09:19,380  
I'm not going to blow up on air anymore

212  
00:09:22,790 --> 00:09:21,360  
that's why I left yesterday the autistic

213  
00:09:25,509 --> 00:09:22,800

little boy is eight years old goes up

214

00:09:30,050 --> 00:09:29,030

oh God I just don't know what to say

215

00:09:33,290 --> 00:09:30,060

anymore

216

00:09:36,230 --> 00:09:33,300

he's uh he's back in a big way

217

00:09:37,490 --> 00:09:36,240

good old AJ he is a character that's for

218

00:09:39,290 --> 00:09:37,500

darn sure

219

00:09:41,630 --> 00:09:39,300

you know sometimes I can understand like

220

00:09:43,670 --> 00:09:41,640

through those clips kind of like what

221

00:09:45,290 --> 00:09:43,680

he's getting at like in the show but

222

00:09:46,850 --> 00:09:45,300

that last clip I don't know what the

223

00:09:49,190 --> 00:09:46,860

what the direction of the show really

224

00:09:50,930 --> 00:09:49,200

was but uh

225

00:09:53,389 --> 00:09:50,940

um I would definitely love to hear Alex

226

00:09:55,910 --> 00:09:53,399

Jones's opinion on the most recent uh

227

00:09:59,269 --> 00:09:55,920

UFO Revelations I don't know if he's

228

00:10:01,070 --> 00:09:59,279

addressed it we've talked about uh the

229

00:10:04,670 --> 00:10:01,080

debrief with the most recent

230

00:10:07,850 --> 00:10:04,680

whistleblower and uh that's gotten quite

231

00:10:09,350 --> 00:10:07,860

a bit of attention it's supposed to uh

232

00:10:11,150 --> 00:10:09,360

like that whistleblower is supposed to

233

00:10:13,790 --> 00:10:11,160

go in front of the Senate Congress the

234

00:10:16,009 --> 00:10:13,800

UAP committee and uh

235

00:10:18,590 --> 00:10:16,019

basically state in front of everyone

236

00:10:20,570 --> 00:10:18,600

what he believes is happening based upon

237

00:10:22,730 --> 00:10:20,580

what people have told him secondhand

238

00:10:27,170 --> 00:10:22,740

knowledge that's it

239

00:10:30,230 --> 00:10:27,180

um now recently Dr Stephen Greer

240

00:10:33,290 --> 00:10:30,240

he he did his own little disclosure

241

00:10:34,550 --> 00:10:33,300

meeting I believe it was on the the 12th

242

00:10:38,889 --> 00:10:34,560

or 13th

243

00:10:41,990 --> 00:10:38,899

and he had about uh six different former

244

00:10:44,870 --> 00:10:42,000

military guys up there giving their

245

00:10:47,750 --> 00:10:44,880

accounts of what they

246

00:10:49,370 --> 00:10:47,760

encountered and I think they have uh

247

00:10:53,210 --> 00:10:49,380

they gave all the documents they could

248

00:10:56,269 --> 00:10:53,220

to the UAP committee they talked to Dr

249

00:10:59,690 --> 00:10:56,279

Steven Greer uh but it turns out the the

250

00:11:02,750 --> 00:10:59,700

UAP committee doesn't really care about

251  
00:11:04,009 --> 00:11:02,760  
stories that much uh they want uh they

252  
00:11:05,750 --> 00:11:04,019  
want data they want pictures they want

253  
00:11:08,210 --> 00:11:05,760  
video I mean they'll take the stories

254  
00:11:09,769 --> 00:11:08,220  
they'll just probably shove them in a

255  
00:11:11,750 --> 00:11:09,779  
drawer somewhere they're not going to

256  
00:11:14,810 --> 00:11:11,760  
really uh care that much

257  
00:11:18,889 --> 00:11:14,820  
um but here I got some some clips from

258  
00:11:22,610 --> 00:11:18,899  
the the Dr Steven Greer

259  
00:11:25,730 --> 00:11:22,620  
disclosure and this first segment here I

260  
00:11:27,290 --> 00:11:25,740  
think this could be the most interesting

261  
00:11:29,690 --> 00:11:27,300  
um it's right around four minutes long

262  
00:11:33,110 --> 00:11:29,700  
this guy this guy I will say he knew I

263  
00:11:35,509 --> 00:11:33,120

had to come in not drag it out not

264

00:11:37,730 --> 00:11:35,519

pontificate until their entire life

265

00:11:40,190 --> 00:11:37,740

story he came and said I was down in

266

00:11:42,769 --> 00:11:40,200

Antarctica I saw some weird stuff going

267

00:11:44,389 --> 00:11:42,779

on down there and I'm gonna tell you

268

00:11:47,150 --> 00:11:44,399

about it so let me uh

269

00:11:49,670 --> 00:11:47,160

you put this over here I'm going to run

270

00:11:51,650 --> 00:11:49,680

my show leveler so I can boost level

271

00:11:52,730 --> 00:11:51,660

compress and EQ at the same time here we

272

00:12:00,050 --> 00:11:52,740

go

273

00:12:01,610 --> 00:12:00,060

the screen if you want to if you do guys

274

00:12:03,530 --> 00:12:01,620

want to watch you have to watch on

275

00:12:05,509 --> 00:12:03,540

Twitch it'll be a little delayed but

276

00:12:08,569 --> 00:12:05,519

it's just some guy talking

277

00:12:14,269 --> 00:12:11,389

I'd like to introduce Eric Hecker he's a

278

00:12:17,750 --> 00:12:14,279

Raytheon contractor based for about a

279

00:12:21,590 --> 00:12:17,760

year at the South Pole uh he and it was

280

00:12:23,290 --> 00:12:21,600

involved in a neutrino light array he

281

00:12:26,090 --> 00:12:23,300

has an enormous amount of information

282

00:12:35,110 --> 00:12:26,100

but in the interest of time we'll be

283

00:12:39,710 --> 00:12:37,970

hello everybody ladies gentlemen members

284

00:12:40,970 --> 00:12:39,720

of the press I'm very happy that you're

285

00:12:42,290 --> 00:12:40,980

giving me this attention and this

286

00:12:44,269 --> 00:12:42,300

information attention because it needs

287

00:12:46,610 --> 00:12:44,279

to get out to the world I will start

288

00:12:48,410 --> 00:12:46,620

since we have to be brief I have already

289

00:12:50,509 --> 00:12:48,420

given all pertinent information and

290

00:12:52,970 --> 00:12:50,519

supporting documentation to the Senate

291

00:12:54,530 --> 00:12:52,980

intelligence committee and allow them

292

00:12:56,629 --> 00:12:54,540

informed me that all of my information

293

00:12:58,190 --> 00:12:56,639

will be recorded for public record and

294

00:13:00,110 --> 00:12:58,200

shared with Congress it is that

295

00:13:03,050 --> 00:13:00,120

important

296

00:13:05,210 --> 00:13:03,060

in 2010 I was selected to go down to the

297

00:13:06,949 --> 00:13:05,220

South Pole station in Antarctica for an

298

00:13:08,389 --> 00:13:06,959

entire year by Raytheon polar Services

299

00:13:10,430 --> 00:13:08,399

as an employee of a third party

300

00:13:12,889 --> 00:13:10,440

contractor for the National Science

301  
00:13:14,269 --> 00:13:12,899  
Foundation I function in a dual role

302  
00:13:16,670 --> 00:13:14,279  
capacity as a Tradesman and a

303  
00:13:18,889 --> 00:13:16,680  
firefighter my responsibilities required

304  
00:13:21,230 --> 00:13:18,899  
me to be more informed than most of my

305  
00:13:23,150 --> 00:13:21,240  
crew and offered me complete access to

306  
00:13:24,710 --> 00:13:23,160  
the facilities

307  
00:13:26,210 --> 00:13:24,720  
what I learned from this unique

308  
00:13:28,490 --> 00:13:26,220  
experience needs to be shared with the

309  
00:13:31,310 --> 00:13:28,500  
entire world the technology at the South

310  
00:13:34,190 --> 00:13:31,320  
Pole station certainly can do what it is

311  
00:13:36,829 --> 00:13:34,200  
presented as its primary purposes and

312  
00:13:38,990 --> 00:13:36,839  
unfortunately much more

313  
00:13:41,030 --> 00:13:39,000

the Ice Cube neutrino detector is

314

00:13:42,829 --> 00:13:41,040

presented as a passive listening device

315

00:13:44,870 --> 00:13:42,839

for the purposes of the science as

316

00:13:47,269 --> 00:13:44,880

presented but I'm going to skip right

317

00:13:49,629 --> 00:13:47,279

through the chase folks I have provided

318

00:13:52,310 --> 00:13:49,639

documentation that proves that the

319

00:13:53,750 --> 00:13:52,320

5160 what they call Doms that are

320

00:13:57,949 --> 00:13:53,760

embedded in the ice can actually

321

00:14:00,590 --> 00:13:57,959

transmit at 2047 volts each

322

00:14:02,810 --> 00:14:00,600

that gives us a long list of things to

323

00:14:04,670 --> 00:14:02,820

consider it is effectively a

324

00:14:07,370 --> 00:14:04,680

multi-faceted directed energy weapons

325

00:14:10,370 --> 00:14:07,380

platform that I will list rapidly a few

326

00:14:12,769 --> 00:14:10,380

things that it can do

327

00:14:15,170 --> 00:14:12,779

vehicle detection we're learning that

328

00:14:18,290 --> 00:14:15,180

these off-world craft on-world craft

329

00:14:20,750 --> 00:14:18,300

hours or other nations are also emitting

330

00:14:23,090 --> 00:14:20,760

neutrinos so this makes the South Pole

331

00:14:25,730 --> 00:14:23,100

station effectively an air traffic

332

00:14:28,430 --> 00:14:25,740

control station for this new level of

333

00:14:31,250 --> 00:14:28,440

equipment that nobody's discussing

334

00:14:33,590 --> 00:14:31,260

in addition to the ability to detect

335

00:14:35,690 --> 00:14:33,600

neutrinos and the Exotic vehicles

336

00:14:37,370 --> 00:14:35,700

I provide a documentation that shows

337

00:14:39,590 --> 00:14:37,380

that this is also a system for faster

338

00:14:43,129 --> 00:14:39,600

than light Communications in the past

339

00:14:45,470 --> 00:14:43,139

Gary McKinnon has hacked NASA found the

340

00:14:46,790 --> 00:14:45,480

off-world fleet the list of captains and

341

00:14:48,170 --> 00:14:46,800

it's apparent that if we have faster

342

00:14:49,490 --> 00:14:48,180

than light vehicles moving throughout

343

00:14:51,710 --> 00:14:49,500

the system we're going to need faster

344

00:14:54,170 --> 00:14:51,720

than light Communications this is that

345

00:14:54,180 --> 00:14:58,189

unfortunately I have other bad news

346

00:15:03,230 --> 00:15:00,949

the season that I was there 2010 to 2011

347

00:15:04,610 --> 00:15:03,240

we converted from construction to

348

00:15:07,970 --> 00:15:04,620

operations and maintenance in both the

349

00:15:09,650 --> 00:15:07,980

elevated station and the detector array

350

00:15:10,850 --> 00:15:09,660

unfortunately when they first fired it

351

00:15:12,769 --> 00:15:10,860

up

352

00:15:15,050 --> 00:15:12,779

that was when we had the earthquakes in

353

00:15:16,910 --> 00:15:15,060

Christchurch New Zealand there's two

354

00:15:19,069 --> 00:15:16,920

incidental shots before they were able

355

00:15:21,110 --> 00:15:19,079

to Target it correctly this is an

356

00:15:22,790 --> 00:15:21,120

earthquake generating device as well

357

00:15:24,350 --> 00:15:22,800

this is the weapons of war that we have

358

00:15:26,329 --> 00:15:24,360

to deal with now and what raytheon's

359

00:15:28,430 --> 00:15:26,339

hiding

360

00:15:30,949 --> 00:15:28,440

there's an elf system at the South Pole

361

00:15:32,629 --> 00:15:30,959

station when I was arrived I was told it

362

00:15:35,210 --> 00:15:32,639

was off dismantled and completely

363

00:15:36,769 --> 00:15:35,220

defunct in my work I will rapidly just

364

00:15:39,110 --> 00:15:36,779

tell you I had to figure out the

365

00:15:40,730 --> 00:15:39,120

circuitry for certain other repairs and

366

00:15:42,769 --> 00:15:40,740

I found that this system is in fact

367

00:15:44,689 --> 00:15:42,779

completely energized up and running and

368

00:15:48,230 --> 00:15:44,699

being utilized with the other systems

369

00:15:51,410 --> 00:15:48,240

for nefarious purposes as well

370

00:15:52,610 --> 00:15:51,420

the atmospheric research Observatory is

371

00:15:55,189 --> 00:15:52,620

uh

372

00:15:58,430 --> 00:15:55,199

in what we call the Clean Air sector I

373

00:16:00,769 --> 00:15:58,440

witnessed myself a very powerful green

374

00:16:04,310 --> 00:16:00,779

laser shooting out of the top of this

375

00:16:06,590 --> 00:16:04,320

facility into the cosmos

376

00:16:09,350 --> 00:16:06,600

this I believe is a secondary form of

377

00:16:12,470 --> 00:16:09,360

long-range Communications and or a

378

00:16:14,030 --> 00:16:12,480

defense system I am not saying that we

379

00:16:16,069 --> 00:16:14,040

need to be scared of anything that's out

380

00:16:19,009 --> 00:16:16,079

there but please understand the military

381

00:16:21,650 --> 00:16:19,019

industrial complex is happy to invest

382

00:16:26,449 --> 00:16:21,660

all of your money in alleviating their

383

00:16:30,470 --> 00:16:28,730

a question of power comes into play for

384

00:16:33,050 --> 00:16:30,480

all of these facilities that are present

385

00:16:34,490 --> 00:16:33,060

I assure you I knew what was going on I

386

00:16:38,090 --> 00:16:34,500

knew the load demands of the facility

387

00:16:39,829 --> 00:16:38,100

and all of these new items exceed the

388

00:16:41,030 --> 00:16:39,839

demand for the systems that I was

389

00:16:43,189 --> 00:16:41,040

presented

390

00:16:45,230 --> 00:16:43,199

of doing due diligence and research I

391

00:16:46,790 --> 00:16:45,240

believe there is either a secondary

392

00:16:50,930 --> 00:16:46,800

power supply there that is either

393

00:16:53,509 --> 00:16:50,940

nuclear that uh was there prior to the

394

00:16:56,030 --> 00:16:53,519

start of the Antarctic treaty which

395

00:16:58,610 --> 00:16:56,040

prohibits such things and or that there

396

00:17:00,889 --> 00:16:58,620

is some sort of exotic uh power supply

397

00:17:02,990 --> 00:17:00,899

system there that just is not in the

398

00:17:09,829 --> 00:17:03,000

verbiage of the treaty so it negates the

399

00:17:13,429 --> 00:17:11,449

I'll cut it right there I mean that's

400

00:17:14,390 --> 00:17:13,439

that's a that's a good place to uh cut

401  
00:17:17,750 --> 00:17:14,400  
it so

402  
00:17:20,329 --> 00:17:17,760  
uh Antarctic Revelations now uh

403  
00:17:22,130 --> 00:17:20,339  
uh some quite interesting statements

404  
00:17:25,510 --> 00:17:22,140  
there by this person say earthquake

405  
00:17:29,030 --> 00:17:25,520  
machine uh faster than light

406  
00:17:32,870 --> 00:17:29,040  
communication devices using uh neutrinos

407  
00:17:37,190 --> 00:17:32,880  
also neutrino detection system uh that

408  
00:17:39,110 --> 00:17:37,200  
they use to track incoming uh UFOs or

409  
00:17:43,390 --> 00:17:39,120  
ETS now there was I believe an article

410  
00:17:46,970 --> 00:17:43,400  
out of like 2019 2020 where uh there was

411  
00:17:50,390 --> 00:17:46,980  
a mainstream scientific acknowledgment

412  
00:17:54,710 --> 00:17:50,400  
of uh research going down at the South

413  
00:17:56,630 --> 00:17:54,720

Pole concerning neutrinos uh so I I it's

414

00:17:59,810 --> 00:17:56,640

it's tough to to gauge like some of

415

00:18:01,909 --> 00:17:59,820

these claims are so uh out there to your

416

00:18:04,430 --> 00:18:01,919

normal mainstream person but for me it's

417

00:18:06,710 --> 00:18:04,440

like well okay if we're going down the

418

00:18:09,230 --> 00:18:06,720

rabbit hole of UFOs in Antarctica and

419

00:18:10,970 --> 00:18:09,240

what could be going on there this is

420

00:18:11,570 --> 00:18:10,980

pretty interesting

421

00:18:14,210 --> 00:18:11,580

um

422

00:18:15,650 --> 00:18:14,220

uh Dr Kerr vetted this guy uh Charlie

423

00:18:17,450 --> 00:18:15,660

what do you think of uh some of this

424

00:18:19,070 --> 00:18:17,460

these statements well I think it's

425

00:18:22,210 --> 00:18:19,080

interesting that if you're Raytheon

426

00:18:24,710 --> 00:18:22,220

you're basically living a dual life

427

00:18:26,870 --> 00:18:24,720

you've got one part of your operation

428

00:18:29,870 --> 00:18:26,880

that's existing sort of in the future

429

00:18:31,490 --> 00:18:29,880

right with with technology that nobody

430

00:18:33,230 --> 00:18:31,500

is supposed to know about that they're

431

00:18:35,150 --> 00:18:33,240

working with and then you've got the

432

00:18:36,710 --> 00:18:35,160

other part of your company that's kind

433

00:18:39,049 --> 00:18:36,720

of working in the past or I guess

434

00:18:41,450 --> 00:18:39,059

technically the present but it's the the

435

00:18:43,250 --> 00:18:41,460

technology is old and outdated you know

436

00:18:44,750 --> 00:18:43,260

it it's old and outdated because you've

437

00:18:47,510 --> 00:18:44,760

got better stuff but you're not allowed

438

00:18:50,150 --> 00:18:47,520

to talk about it so I wonder how they do

439

00:18:52,669 --> 00:18:50,160

that where they've got

440

00:18:54,110 --> 00:18:52,679

faster than light technology for

441

00:18:56,210 --> 00:18:54,120

communication what could that be used

442

00:18:59,150 --> 00:18:56,220

for it could be used for a ton of things

443

00:19:00,770 --> 00:18:59,160

here on Earth you could almost rule the

444

00:19:02,990 --> 00:19:00,780

world with that technology I would

445

00:19:04,730 --> 00:19:03,000

imagine right but but if you're not

446

00:19:07,610 --> 00:19:04,740

allowed to acknowledge that you have it

447

00:19:09,710 --> 00:19:07,620

how could you explain that you're using

448

00:19:11,870 --> 00:19:09,720

it you would it would be like having it

449

00:19:15,950 --> 00:19:11,880

but not being able to ever play with it

450

00:19:19,130 --> 00:19:15,960

and that creates a really weird Paradigm

451  
00:19:21,710 --> 00:19:19,140  
for for I would imagine Lockheed Martin

452  
00:19:24,110 --> 00:19:21,720  
Northrop Grumman all these all these

453  
00:19:25,669 --> 00:19:24,120  
other military industrial complex

454  
00:19:27,710 --> 00:19:25,679  
companies that are out there building

455  
00:19:31,250 --> 00:19:27,720  
triangles and things like that that

456  
00:19:34,250 --> 00:19:31,260  
exist but technically legally and

457  
00:19:36,890 --> 00:19:34,260  
officially don't exist so you kind of

458  
00:19:38,690 --> 00:19:36,900  
have to pretend like you're doing the

459  
00:19:40,270 --> 00:19:38,700  
best you can with old technology while

460  
00:19:42,770 --> 00:19:40,280  
at the same time

461  
00:19:44,330 --> 00:19:42,780  
intentionally hiding the good stuff that

462  
00:19:46,010 --> 00:19:44,340  
you have because in in the event that

463  
00:19:48,529 --> 00:19:46,020

somebody finds out about it then then

464

00:19:50,750 --> 00:19:48,539

they'll know that there's a secret space

465

00:19:53,810 --> 00:19:50,760

program when they see a two football

466

00:19:55,190 --> 00:19:53,820

field sized triangle go over their you

467

00:19:58,669 --> 00:19:55,200

know fly over their house at low

468

00:20:02,450 --> 00:19:58,679

altitudes so the uh the Raytheon came up

469

00:20:06,169 --> 00:20:02,460

over and over again in this uh in this

470

00:20:09,169 --> 00:20:06,179

uh three hour disclosure put on by uh Dr

471

00:20:11,690 --> 00:20:09,179

Greer uh that that was the The prominent

472

00:20:14,150 --> 00:20:11,700

defense contractor that that came up was

473

00:20:16,789 --> 00:20:14,160

was Raytheon

474

00:20:19,610 --> 00:20:16,799

um and uh so much so they were they were

475

00:20:23,570 --> 00:20:19,620

also like uh in one other story they

476  
00:20:26,690 --> 00:20:23,580  
created this man-made version of UFO

477  
00:20:29,450 --> 00:20:26,700  
um and it was uh hovering over a base

478  
00:20:32,930 --> 00:20:29,460  
there was elements that this that this

479  
00:20:34,850 --> 00:20:32,940  
was a physical vehicle according to the

480  
00:20:38,930 --> 00:20:34,860  
the witness that was pretty much just

481  
00:20:41,090 --> 00:20:38,940  
like a a a guard at a base

482  
00:20:43,070 --> 00:20:41,100  
um he ignized that it was a physical

483  
00:20:46,430 --> 00:20:43,080  
vehicle but there was another vehicle

484  
00:20:49,730 --> 00:20:46,440  
above it in tandem that and he kind of

485  
00:20:51,169 --> 00:20:49,740  
got the assumption that one or both uh

486  
00:20:53,090 --> 00:20:51,179  
could have been a holographic but

487  
00:20:55,490 --> 00:20:53,100  
projection he said he would have threw a

488  
00:20:56,150 --> 00:20:55,500

baseball at it if he could have

489

00:20:58,070 --> 00:20:56,160

um

490

00:21:00,770 --> 00:20:58,080

but he was under the impression that it

491

00:21:02,270 --> 00:21:00,780

it was real but it didn't seem real so

492

00:21:05,210 --> 00:21:02,280

there was some elements there and

493

00:21:08,990 --> 00:21:05,220

Raytheon kept coming up over and over

494

00:21:10,310 --> 00:21:09,000

again throughout this uh conference here

495

00:21:13,370 --> 00:21:10,320

um Nature Boy you wanna you wanna speak

496

00:21:16,730 --> 00:21:13,380

on that before I move to the next clip

497

00:21:18,289 --> 00:21:16,740

well I've always said that

498

00:21:20,330 --> 00:21:18,299

you know kind of went a little bit while

499

00:21:21,529 --> 00:21:20,340

I was in the military but not to this

500

00:21:25,130 --> 00:21:21,539

degree that

501  
00:21:26,690 --> 00:21:25,140  
if they were to ever release The Cutting

502  
00:21:27,950 --> 00:21:26,700  
Edge Of The Cutting Edge of the darkest

503  
00:21:30,529 --> 00:21:27,960  
technology

504  
00:21:32,570 --> 00:21:30,539  
and just lay it out for the public lay

505  
00:21:35,690 --> 00:21:32,580  
it out for the world

506  
00:21:38,630 --> 00:21:35,700  
there would be a large number of people

507  
00:21:41,149 --> 00:21:38,640  
who no matter what you told them what

508  
00:21:43,070 --> 00:21:41,159  
you showed them would not believe what

509  
00:21:46,130 --> 00:21:43,080  
they're seeing is real

510  
00:21:49,190 --> 00:21:46,140  
and having been somebody who has seen

511  
00:21:50,510 --> 00:21:49,200  
funky things in the sky that can't be

512  
00:21:52,970 --> 00:21:50,520  
explained

513  
00:21:56,330 --> 00:21:52,980

I'm a True Believer that there is

514

00:21:59,210 --> 00:21:56,340

technology that exists that we possess

515

00:22:03,169 --> 00:21:59,220

and potentially exist outside of the

516

00:22:08,570 --> 00:22:03,179

universe that is anti-gravidic that can

517

00:22:11,289 --> 00:22:08,580

exceed the speed of light that can warp

518

00:22:15,590 --> 00:22:11,299

the fabric of time space therefore

519

00:22:17,570 --> 00:22:15,600

basically making distances irrelevance

520

00:22:19,789 --> 00:22:17,580

so that's kind of my take on that whole

521

00:22:20,870 --> 00:22:19,799

thing and also Charlie I think you

522

00:22:23,810 --> 00:22:20,880

mentioned something we're referring to

523

00:22:26,630 --> 00:22:23,820

the trb3 the giant train that our

524

00:22:28,610 --> 00:22:26,640

military has well excuse me allegedly

525

00:22:30,850 --> 00:22:28,620

has right right

526

00:22:34,130 --> 00:22:30,860

yeah yeah

527

00:22:36,529 --> 00:22:34,140

I've also got a quote here uh from Ben

528

00:22:39,590 --> 00:22:36,539

Rich who is the former CEO of Lockheed

529

00:22:42,890 --> 00:22:39,600

Skunk Works in 1993 he said to an alumni

530

00:22:45,289 --> 00:22:42,900

group at UCLA quote we already have the

531

00:22:47,330 --> 00:22:45,299

means to travel Among the Stars but

532

00:22:49,130 --> 00:22:47,340

these Technologies are locked up in

533

00:22:51,230 --> 00:22:49,140

Black projects and it would take an act

534

00:22:54,169 --> 00:22:51,240

of God to ever get them out to benefit

535

00:22:57,110 --> 00:22:54,179

Humanity anything you can imagine we

536

00:22:59,090 --> 00:22:57,120

already know how to do exactly

537

00:23:03,649 --> 00:22:59,100

we could take E.T home I think he's

538

00:23:05,810 --> 00:23:03,659

mentioned one time yep he he's he said

539

00:23:07,730 --> 00:23:05,820

we now have the technology to take E.T

540

00:23:11,750 --> 00:23:07,740

home

541

00:23:14,750 --> 00:23:11,760

there is uh there is a person in this

542

00:23:17,750 --> 00:23:14,760

conference that uh that Dr Greer put on

543

00:23:20,090 --> 00:23:17,760

is a former Marine and he was the marine

544

00:23:23,270 --> 00:23:20,100

featured in the I believe the Daily Mail

545

00:23:26,149 --> 00:23:23,280

article that we read uh last show and

546

00:23:28,610 --> 00:23:26,159

that was at this Marine was part of a

547

00:23:30,909 --> 00:23:28,620

squad that was dropped off in Indonesia

548

00:23:34,549 --> 00:23:30,919

as part of a humanitarian relief

549

00:23:36,049 --> 00:23:34,559

and they decided to wander a little bit

550

00:23:38,390 --> 00:23:36,059

further away from the spot they dropped

551  
00:23:40,970 --> 00:23:38,400  
off at they encountered uh what they saw

552  
00:23:43,250 --> 00:23:40,980  
it was a giant uh UFO hovering above the

553  
00:23:45,470 --> 00:23:43,260  
ground and they saw it was being loaded

554  
00:23:49,190 --> 00:23:45,480  
with something as they approached

555  
00:23:52,070 --> 00:23:49,200  
uh they were stopped by uh men all

556  
00:23:53,750 --> 00:23:52,080  
dressed in black they were disarmed they

557  
00:23:54,950 --> 00:23:53,760  
were told to shut up and leave the area

558  
00:23:57,529 --> 00:23:54,960  
if they don't they're going to be

559  
00:24:01,310 --> 00:23:57,539  
executed essentially

560  
00:24:03,049 --> 00:24:01,320  
um and uh that was that was it now when

561  
00:24:04,850 --> 00:24:03,059  
he when this guy talked during the

562  
00:24:06,169 --> 00:24:04,860  
conference he added another little

563  
00:24:09,470 --> 00:24:06,179

detail that I don't believe was in the

564

00:24:11,870 --> 00:24:09,480

the story uh when they were loading like

565

00:24:13,850 --> 00:24:11,880

they were loading up this giant UFO that

566

00:24:16,190 --> 00:24:13,860

eventually took off uh very silently

567

00:24:18,590 --> 00:24:16,200

creating no wake no wind

568

00:24:20,450 --> 00:24:18,600

he believes that they were loading that

569

00:24:21,950 --> 00:24:20,460

that UFO up

570

00:24:25,430 --> 00:24:21,960

with

571

00:24:27,649 --> 00:24:25,440

um canisters that contained humans

572

00:24:30,590 --> 00:24:27,659

uh that was his impression it wasn't

573

00:24:33,350 --> 00:24:30,600

like a like a standard like 50 cal box

574

00:24:36,409 --> 00:24:33,360

of rounds it wasn't like ammo or weapons

575

00:24:38,450 --> 00:24:36,419

he said they were uh kind of uh uh

576

00:24:40,370 --> 00:24:38,460

rounded it almost almost kind of like

577

00:24:41,810 --> 00:24:40,380

what you would see like in the aliens

578

00:24:44,090 --> 00:24:41,820

movie when they put you in a stasis

579

00:24:45,830 --> 00:24:44,100

chamber to like prevent you from waking

580

00:24:47,510 --> 00:24:45,840

up on a long distance like Journey

581

00:24:50,090 --> 00:24:47,520

that's what the that's the impression

582

00:24:53,870 --> 00:24:50,100

that he got of what they were loading up

583

00:24:55,909 --> 00:24:53,880

as cargo into the UFO and so uh

584

00:24:57,890 --> 00:24:55,919

obviously he and his Squad didn't get

585

00:24:59,930 --> 00:24:57,900

killed he went back to uh the ship and

586

00:25:03,049 --> 00:24:59,940

they were debriefed by an admiral who

587

00:25:04,430 --> 00:25:03,059

they had never seen before and he seemed

588

00:25:05,930 --> 00:25:04,440

kind of sketched out he went into a lot

589

00:25:07,850 --> 00:25:05,940

of detail

590

00:25:09,590 --> 00:25:07,860

um there were some other people that uh

591

00:25:13,430 --> 00:25:09,600

that talked that the very compelling

592

00:25:17,750 --> 00:25:13,440

very interesting stories Dr Greer

593

00:25:21,350 --> 00:25:17,760

is is is saying that all there are ET

594

00:25:25,730 --> 00:25:21,360

vehicles and then there are man-made ET

595

00:25:28,789 --> 00:25:25,740

vehicles but he says all ETS are

596

00:25:31,610 --> 00:25:28,799

basically good in nature they're beloved

597

00:25:33,649 --> 00:25:31,620

they they have our best interest at

598

00:25:36,350 --> 00:25:33,659

heart they're they're not evil in any

599

00:25:39,110 --> 00:25:36,360

way he said that multiple times during

600

00:25:41,510 --> 00:25:39,120

this and I'd like to know how he knows

601  
00:25:42,350 --> 00:25:41,520  
that exactly

602  
00:25:48,470 --> 00:25:42,360  
um

603  
00:25:49,990 --> 00:25:48,480  
other people's stories that these These

604  
00:25:53,630 --> 00:25:50,000  
are good ETS

605  
00:25:56,269 --> 00:25:53,640  
uh I don't know I hear there's a lot of

606  
00:25:57,950 --> 00:25:56,279  
probing going on and and and there's

607  
00:26:00,370 --> 00:25:57,960  
nothing good about getting probed by an

608  
00:26:04,390 --> 00:26:00,380  
alien I'll be honest with you well I

609  
00:26:06,070 --> 00:26:04,400  
believe Dr Greer is blaming that on

610  
00:26:10,370 --> 00:26:06,080  
biologically

611  
00:26:13,130 --> 00:26:10,380  
manufactured entities created by our our

612  
00:26:15,250 --> 00:26:13,140  
military or a breakaway part of our

613  
00:26:19,430 --> 00:26:15,260

military to do my labs military

614

00:26:22,310 --> 00:26:19,440

abductions and uh he's not blaming that

615

00:26:24,710 --> 00:26:22,320

on the aliens he's blaming that on our

616

00:26:27,409 --> 00:26:24,720

version of the aliens we have created

617

00:26:29,750 --> 00:26:27,419

for ourselves for our own purposes

618

00:26:32,230 --> 00:26:29,760

well didn't Eisenhower supposedly sign

619

00:26:36,529 --> 00:26:32,240

it either him or Truman sign a treaty

620

00:26:38,990 --> 00:26:36,539

with the UFO aliens were weakened in

621

00:26:41,029 --> 00:26:39,000

exchange for technology they can

622

00:26:43,130 --> 00:26:41,039

occasionally go pluck a couple humans up

623

00:26:45,490 --> 00:26:43,140

do their tests problems send it back

624

00:26:48,470 --> 00:26:45,500

down and um

625

00:26:50,390 --> 00:26:48,480

just keep giving us the technology so we

626  
00:26:51,649 --> 00:26:50,400  
can go to the stars and have Zero Point

627  
00:26:53,690 --> 00:26:51,659  
Energy but we don't tell the people

628  
00:26:56,810 --> 00:26:53,700  
about that and that's the uh remember

629  
00:26:59,090 --> 00:26:56,820  
was Eisenhower and supposedly that was

630  
00:27:00,590 --> 00:26:59,100  
signed at uh Wright-Patterson Air Force

631  
00:27:02,450 --> 00:27:00,600  
Base

632  
00:27:05,750 --> 00:27:02,460  
um and that there should be footage of

633  
00:27:08,990 --> 00:27:05,760  
it and uh

634  
00:27:11,950 --> 00:27:09,000  
well there probably is somewhere and

635  
00:27:14,930 --> 00:27:11,960  
it's it's literally all rumor I think

636  
00:27:17,870 --> 00:27:14,940  
that uh the test pilot oh God what's his

637  
00:27:20,269 --> 00:27:17,880  
name Gordon he was a famous test pilot

638  
00:27:23,149 --> 00:27:20,279

oh he saw that to my tongue his name is

639

00:27:25,909 --> 00:27:23,159

Gordon but I know who you're talking

640

00:27:28,010 --> 00:27:25,919

about yeah um former astronaut uh I

641

00:27:30,710 --> 00:27:28,020

don't think it was an astronaut but he

642

00:27:33,289 --> 00:27:30,720

he was the guy that broke the speed

643

00:27:35,630 --> 00:27:33,299

barrier multiple times and was a test

644

00:27:36,950 --> 00:27:35,640

pilot a real go-getter but he claimed

645

00:27:39,950 --> 00:27:36,960

that he was at one of the

646

00:27:41,750 --> 00:27:39,960

Wright-Patterson uh air force uh

647

00:27:43,870 --> 00:27:41,760

meetings where one of these things

648

00:27:46,610 --> 00:27:43,880

landed down and that there is footage

649

00:27:49,130 --> 00:27:46,620

and he's just like I don't know where

650

00:27:51,950 --> 00:27:49,140

it's at you know I don't know

651  
00:27:54,769 --> 00:27:51,960  
and then there's Valium Thor story of

652  
00:27:59,690 --> 00:27:54,779  
valiant Thor the Venetian who apparently

653  
00:28:02,090 --> 00:27:59,700  
was giving information to the beds and

654  
00:28:03,950 --> 00:28:02,100  
they put him in a Cell at night to keep

655  
00:28:06,110 --> 00:28:03,960  
him sort of locked up and they would

656  
00:28:07,730 --> 00:28:06,120  
check on him and he'd be gone

657  
00:28:09,470 --> 00:28:07,740  
totally missing and then the next

658  
00:28:11,390 --> 00:28:09,480  
morning he'd be back in there and they

659  
00:28:13,490 --> 00:28:11,400  
didn't know what was going on if you

660  
00:28:18,649 --> 00:28:13,500  
believe that Valiant Thor the stranger

661  
00:28:21,529 --> 00:28:18,659  
at the Pentagon uh which is a a rumor a

662  
00:28:26,529 --> 00:28:21,539  
conspiracy that uh a person from Venus

663  
00:28:32,810 --> 00:28:29,870

uh was coming down to work with the

664

00:28:35,029 --> 00:28:32,820

United States and basically to advise to

665

00:28:37,669 --> 00:28:35,039

consult uh the Pentagon in the military

666

00:28:40,250 --> 00:28:37,679

on what should in shouldn't be done I

667

00:28:42,529 --> 00:28:40,260

believe the point of contention was

668

00:28:45,289 --> 00:28:42,539

uh the use of

669

00:28:48,649 --> 00:28:45,299

Atomic weapons nuclear weapons and that

670

00:28:53,210 --> 00:28:48,659

uh Valiant Thor ultimately gave them the

671

00:28:56,090 --> 00:28:53,220

the chance you could have uh a clean uh

672

00:28:59,149 --> 00:28:56,100

Limitless power future of peace all you

673

00:29:02,149 --> 00:28:59,159

got to do is give up these devices and

674

00:29:03,470 --> 00:29:02,159

it can be all yours uh or go down the

675

00:29:05,690 --> 00:29:03,480

path you're currently going down and

676  
00:29:07,310 --> 00:29:05,700  
they basically told Valiant Thor to go

677  
00:29:09,610 --> 00:29:07,320  
pound sand we're not giving up our

678  
00:29:11,690 --> 00:29:09,620  
weapons

679  
00:29:15,230 --> 00:29:11,700  
I mean

680  
00:29:17,570 --> 00:29:15,240  
it's an incredible story to consider but

681  
00:29:19,490 --> 00:29:17,580  
it's it's there uh I'll play one more

682  
00:29:22,370 --> 00:29:19,500  
clip from Dr Greer this is kind of his

683  
00:29:25,070 --> 00:29:22,380  
UAP rundown that he gave a a bullet list

684  
00:29:27,470 --> 00:29:25,080  
and I love lists here so we'll play this

685  
00:29:28,549 --> 00:29:27,480  
from Dr Greer and then we'll move on a

686  
00:29:29,889 --> 00:29:28,559  
little bit

687  
00:29:32,090 --> 00:29:29,899  
next

688  
00:29:33,769 --> 00:29:32,100

so here's what we need to go through

689

00:29:35,810 --> 00:29:33,779

very quickly

690

00:29:37,850 --> 00:29:35,820

it's a lot to unpack this is not

691

00:29:40,490 --> 00:29:37,860

intended to be you know we just did a

692

00:29:45,850 --> 00:29:43,010

conference right next door

693

00:29:49,610 --> 00:29:45,860

the media are welcome to get that entire

694

00:29:51,110 --> 00:29:49,620

event with all the details for you if

695

00:29:53,870 --> 00:29:51,120

you wish to have it or people get it to

696

00:29:56,570 --> 00:29:53,880

you but basically there are two types of

697

00:29:59,090 --> 00:29:56,580

these so you call uaps and I've said

698

00:30:02,049 --> 00:29:59,100

this some are extraterrestrial vehicles

699

00:30:04,789 --> 00:30:02,059

etvs and some are ATS or arvs Advanced

700

00:30:06,110 --> 00:30:04,799

reproduction vehicles or alien

701  
00:30:08,750 --> 00:30:06,120  
reproduction Vehicles people use

702  
00:30:10,789 --> 00:30:08,760  
different terms the Extraterrestrial

703  
00:30:12,769 --> 00:30:10,799  
groups are absolutely not hostile

704  
00:30:15,590 --> 00:30:12,779  
however

705  
00:30:17,870 --> 00:30:15,600  
screaming caps they are increasingly

706  
00:30:20,930 --> 00:30:17,880  
concerned about human hostility and our

707  
00:30:24,889 --> 00:30:20,940  
weapon systems which include nuclear and

708  
00:30:27,289 --> 00:30:24,899  
scalar the so-called with Dr zahari

709  
00:30:30,529 --> 00:30:27,299  
shared this this weekend about what

710  
00:30:32,090 --> 00:30:30,539  
scalar electromagnetic fields are but

711  
00:30:33,710 --> 00:30:32,100  
just to give you a sense of it you all

712  
00:30:35,870 --> 00:30:33,720  
know what an electromagnetic pulse is

713  
00:30:38,750 --> 00:30:35,880

that's at the speed of light

714

00:30:40,789 --> 00:30:38,760

the scalar systems are instead of a wave

715

00:30:44,149 --> 00:30:40,799

is a point that goes out longitudinally

716

00:30:46,789 --> 00:30:44,159

some call them longitudinal waves these

717

00:30:48,409 --> 00:30:46,799

have been studied Tesla talked about

718

00:30:50,930 --> 00:30:48,419

scalar systems

719

00:30:53,810 --> 00:30:50,940

they have been weaponized and those are

720

00:30:55,730 --> 00:30:53,820

the primary systems used to Target and

721

00:30:57,649 --> 00:30:55,740

hit these electromagnetic field

722

00:31:00,470 --> 00:30:57,659

propulsion craft that calls them to fall

723

00:31:02,930 --> 00:31:00,480

like a rock out of the sky you do not

724

00:31:05,570 --> 00:31:02,940

travel from another star system and

725

00:31:07,250 --> 00:31:05,580

cannot navigate a thunderstorm in New

726  
00:31:09,169 --> 00:31:07,260  
Mexico

727  
00:31:11,330 --> 00:31:09,179  
that ain't going to happen

728  
00:31:12,370 --> 00:31:11,340  
so even at that point these had been

729  
00:31:15,529 --> 00:31:12,380  
early

730  
00:31:17,450 --> 00:31:15,539  
systems we have a FBI Memo from a field

731  
00:31:19,789 --> 00:31:17,460  
agent that we released that's now one of

732  
00:31:22,909 --> 00:31:19,799  
the most watched as a viewed documents

733  
00:31:24,889 --> 00:31:22,919  
on the FBI website of the fact that a

734  
00:31:28,909 --> 00:31:24,899  
field agent at the Roswell after Roswell

735  
00:31:30,769 --> 00:31:28,919  
said to J Edgar Hoover that a disc was

736  
00:31:33,769 --> 00:31:30,779  
downed

737  
00:31:37,130 --> 00:31:33,779  
because we had switched on a new radar

738  
00:31:40,070 --> 00:31:37,140

system so let me explain the euphemisms

739

00:31:42,830 --> 00:31:40,080

that are used in in this field radar can

740

00:31:43,610 --> 00:31:42,840

track an aircraft by bouncing a wave off

741

00:31:46,370 --> 00:31:43,620

of

742

00:31:48,950 --> 00:31:46,380

the fuselage but it also can have

743

00:31:51,169 --> 00:31:48,960

piggybacked an active system to not to

744

00:31:54,049 --> 00:31:51,179

hit it so you can have an active weapon

745

00:31:55,669 --> 00:31:54,059

system embedded in a radar system so

746

00:31:57,950 --> 00:31:55,679

that's what began to be experimented

747

00:32:00,710 --> 00:31:57,960

with and this is why from the mid 40s

748

00:32:02,269 --> 00:32:00,720

forward there were a number of these

749

00:32:04,730 --> 00:32:02,279

downed objects that we've been able to

750

00:32:06,350 --> 00:32:04,740

document if we've documented 122 of them

751  
00:32:07,930 --> 00:32:06,360  
I suspect there have been multiple

752  
00:32:11,210 --> 00:32:07,940  
numbers of that

753  
00:32:14,230 --> 00:32:11,220  
so the organ is this what's very

754  
00:32:18,169 --> 00:32:14,240  
important about this these Technologies

755  
00:32:21,049 --> 00:32:18,179  
are unsanctioned that they are illegal

756  
00:32:23,630 --> 00:32:21,059  
operations and this can be proven in any

757  
00:32:26,990 --> 00:32:23,640  
court of law and we're about to launch a

758  
00:32:28,909 --> 00:32:27,000  
massive civilian Rico action racketeer

759  
00:32:30,950 --> 00:32:28,919  
influence corrupt organization action

760  
00:32:32,630 --> 00:32:30,960  
against the corporations and the

761  
00:32:35,630 --> 00:32:32,640  
individuals involved

762  
00:32:38,269 --> 00:32:35,640  
these Technologies would immediately

763  
00:32:41,090 --> 00:32:38,279

solve The World's energy environmental

764

00:32:43,490 --> 00:32:41,100

and poverty problems why

765

00:32:45,409 --> 00:32:43,500

these are what people call Senior

766

00:32:46,970 --> 00:32:45,419

executive with a big Fortune 100 company

767

00:32:48,409 --> 00:32:46,980

contacted us

768

00:32:50,870 --> 00:32:48,419

they're called some people say free

769

00:32:53,269 --> 00:32:50,880

energy but there's zero point in Quantum

770

00:32:54,590 --> 00:32:53,279

vacuum Energy Systems pulling energy out

771

00:32:57,130 --> 00:32:54,600

of let's call it the fabric of

772

00:33:00,289 --> 00:32:57,140

space-time these begin to be developed

773

00:33:02,690 --> 00:33:00,299

Tesla knew about this so I think Elon

774

00:33:05,090 --> 00:33:02,700

Musk doesn't have a Tesla as a musk a

775

00:33:08,450 --> 00:33:05,100

real Tesla we didn't plug in I had one

776

00:33:10,549 --> 00:33:08,460

little battery in it but the point is is

777

00:33:12,889 --> 00:33:10,559

that these Technologies would have a

778

00:33:15,529 --> 00:33:12,899

huge revolutionary effect

779

00:33:18,549 --> 00:33:15,539

macro economically there would be some

780

00:33:22,730 --> 00:33:18,559

losers oil industry public utilities

781

00:33:25,669 --> 00:33:22,740

nuclear power now wind solar surface

782

00:33:27,950 --> 00:33:25,679

roads eventually would be obsolete we

783

00:33:30,350 --> 00:33:27,960

can cut it right there so

784

00:33:32,690 --> 00:33:30,360

just underscoring how disruptive this

785

00:33:35,690 --> 00:33:32,700

will be getting getting ready to launch

786

00:33:37,789 --> 00:33:35,700

a massive lawsuit I'm assuming uh

787

00:33:38,990 --> 00:33:37,799

Raytheon is mentioned in there at the

788

00:33:40,610 --> 00:33:39,000

end of this talk they brought in a

789

00:33:42,710 --> 00:33:40,620

lawyer to kind of go over some of the

790

00:33:44,470 --> 00:33:42,720

the legal aspects of it

791

00:33:46,549 --> 00:33:44,480

I I mean

792

00:33:50,149 --> 00:33:46,559

considering all this stuff is like

793

00:33:52,430 --> 00:33:50,159

Beyond classified if this if this stuff

794

00:33:54,710 --> 00:33:52,440

exists and I believe elements of it most

795

00:33:56,570 --> 00:33:54,720

certainly do exist

796

00:34:00,789 --> 00:33:56,580

is beyond classified

797

00:34:03,470 --> 00:34:00,799

and it's probably in a group that uh has

798

00:34:05,630 --> 00:34:03,480

absolutely no oversight they answer

799

00:34:07,730 --> 00:34:05,640

pretty much to no one they're basically

800

00:34:09,710 --> 00:34:07,740

a breakaway civilization

801  
00:34:11,990 --> 00:34:09,720  
and if they have this technology they

802  
00:34:14,750 --> 00:34:12,000  
can communicate faster than light they

803  
00:34:17,149 --> 00:34:14,760  
have UFOs they're basically above the

804  
00:34:19,669 --> 00:34:17,159  
law to a certain degree

805  
00:34:22,329 --> 00:34:19,679  
um why do you think the legal system is

806  
00:34:24,770 --> 00:34:22,339  
going to work at all with these people

807  
00:34:26,329 --> 00:34:24,780  
uh they're a criminal group at this

808  
00:34:28,730 --> 00:34:26,339  
point we already think that our

809  
00:34:29,810 --> 00:34:28,740  
government is corrupt and criminal and I

810  
00:34:32,510 --> 00:34:29,820  
understand you got to go through certain

811  
00:34:35,149 --> 00:34:32,520  
legal processes in order to make enough

812  
00:34:37,430 --> 00:34:35,159  
noise to get some attention but

813  
00:34:40,010 --> 00:34:37,440

ultimately when do you think the legal

814

00:34:41,510 --> 00:34:40,020

system has ever worked to help to hold

815

00:34:44,570 --> 00:34:41,520

people

816

00:34:47,990 --> 00:34:44,580

uh accountable for these massive crimes

817

00:34:52,430 --> 00:34:48,000

like this is there an instance maybe I'm

818

00:34:56,510 --> 00:34:53,869

well

819

00:34:57,950 --> 00:34:56,520

it kind of goes to uh something that

820

00:35:01,130 --> 00:34:57,960

somebody said a long time ago about

821

00:35:03,470 --> 00:35:01,140

Britain is you can't arrest the queen

822

00:35:06,230 --> 00:35:03,480

because the queen owns the law

823

00:35:07,970 --> 00:35:06,240

so even if you try to me it's a lesson

824

00:35:10,370 --> 00:35:07,980

of futility because these are groups and

825

00:35:11,930 --> 00:35:10,380

organizations kind of like what Fletcher

826

00:35:14,930 --> 00:35:11,940

priorities said about the secret team

827

00:35:16,550 --> 00:35:14,940

that are Above the Law they're extra law

828

00:35:17,690 --> 00:35:16,560

I guess you could say lack of a better

829

00:35:20,569 --> 00:35:17,700

terms so

830

00:35:24,770 --> 00:35:20,579

how can one honestly in logic's logical

831

00:35:27,710 --> 00:35:24,780

sense think that you're going to sue the

832

00:35:30,349 --> 00:35:27,720

National Security State when they're

833

00:35:31,190 --> 00:35:30,359

Above the Law and then even if you try

834

00:35:38,690 --> 00:35:31,200

to

835

00:35:43,130 --> 00:35:41,210

and Dr Greer also said there's a lot

836

00:35:45,950 --> 00:35:43,140

more whistleblowers that are willing to

837

00:35:48,890 --> 00:35:45,960

come forward but they require some sort

838

00:35:51,710 --> 00:35:48,900

of special whistleblower protection that

839

00:35:54,230 --> 00:35:51,720

not only protects uh like them from like

840

00:35:57,109 --> 00:35:54,240

prosecution but they need their assets

841

00:35:59,270 --> 00:35:57,119

protected all their money all their

842

00:36:01,250 --> 00:35:59,280

housing whatever kind of assets they may

843

00:36:03,710 --> 00:36:01,260

have that needs to be protected and then

844

00:36:07,490 --> 00:36:03,720

they also need like some sort of actual

845

00:36:09,589 --> 00:36:07,500

physical protection like arm guards uh

846

00:36:12,050 --> 00:36:09,599

almost like a A Witness Protection

847

00:36:14,750 --> 00:36:12,060

Program uh that's what they're asking

848

00:36:16,790 --> 00:36:14,760

for before uh some of these people are

849

00:36:19,670 --> 00:36:16,800

able to are willing to come forward

850

00:36:22,370 --> 00:36:19,680

which I you know if that's true I can

851

00:36:25,310 --> 00:36:22,380

buy it if if half the stuff that

852

00:36:27,230 --> 00:36:25,320

we're hearing is is true then and then

853

00:36:30,650 --> 00:36:27,240

they'll probably do pretty much anything

854

00:36:34,609 --> 00:36:30,660

that it takes to keep a good majority of

855

00:36:36,770 --> 00:36:34,619

it secret and that the UAP committee

856

00:36:39,829 --> 00:36:36,780

that we're having and everyone's talking

857

00:36:42,230 --> 00:36:39,839

about that's just the front door or to a

858

00:36:45,109 --> 00:36:42,240

very large building and that door is

859

00:36:47,390 --> 00:36:45,119

just of interest to one very small

860

00:36:49,670 --> 00:36:47,400

closet and that's all they can see is

861

00:36:52,430 --> 00:36:49,680

this that closet and the much larger

862

00:36:54,170 --> 00:36:52,440

building is off limits and this whole

863

00:36:59,230 --> 00:36:54,180

thing is basically a dog and pony show

864

00:37:03,829 --> 00:36:59,240

to uh drum up maybe some more support

865

00:37:05,569 --> 00:37:03,839

for defense spending the military but

866

00:37:08,030 --> 00:37:05,579

they don't want to reveal too much that

867

00:37:11,329 --> 00:37:08,040

disrupts the status quo because as you

868

00:37:14,690 --> 00:37:11,339

said there it would disrupt economies

869

00:37:17,150 --> 00:37:14,700

back in 1986 during the Iran Contra

870

00:37:19,970 --> 00:37:17,160

hearings Daniel inoue who is the senator

871

00:37:23,390 --> 00:37:19,980

from Hawaii had a really interesting

872

00:37:25,849 --> 00:37:23,400

comment that I think applies now when

873

00:37:27,650 --> 00:37:25,859

you say it in 1986 people probably don't

874

00:37:30,050 --> 00:37:27,660

really think much of it but he said

875

00:37:33,050 --> 00:37:30,060

there exists a shadowy government with

876

00:37:35,930 --> 00:37:33,060

its own Air Force its own Navy its own

877

00:37:37,970 --> 00:37:35,940

fundraising mechanism and the ability to

878

00:37:40,790 --> 00:37:37,980

pursue its own ideas of national

879

00:37:44,930 --> 00:37:40,800

interest free from all checks and

880

00:37:46,730 --> 00:37:44,940

balances and free from the law itself so

881

00:37:48,950 --> 00:37:46,740

he talks about this other government

882

00:37:50,630 --> 00:37:48,960

Bill Clinton was on the record saying

883

00:37:52,430 --> 00:37:50,640

there's a there's another government

884

00:37:54,890 --> 00:37:52,440

that I don't control

885

00:37:58,069 --> 00:37:54,900

so Catherine Austin Fitz and Mark

886

00:38:01,130 --> 00:37:58,079

Skidmore discovered 21 trillion dollars

887

00:38:05,150 --> 00:38:01,140

missing in the just from the Department

888

00:38:08,329 --> 00:38:05,160

of Defense and HUD that's two of 17

889

00:38:11,230 --> 00:38:08,339

federal agencies before they had a

890

00:38:14,329 --> 00:38:11,240

chance to investigate the the other 15

891

00:38:17,390 --> 00:38:14,339

the federal government instituted fasbi

892

00:38:20,690 --> 00:38:17,400

56 which was a law that allowed them to

893

00:38:23,150 --> 00:38:20,700

obscure the accounting records of all

894

00:38:26,109 --> 00:38:23,160

federal agencies and keep a second set

895

00:38:28,190 --> 00:38:26,119

of books in which the numbers could be

896

00:38:30,109 --> 00:38:28,200

blacked out and they could give that to

897

00:38:32,810 --> 00:38:30,119

the general public so basically they

898

00:38:36,109 --> 00:38:32,820

legalized just making up your accounting

899

00:38:39,310 --> 00:38:36,119

so there's missing money and it exist

900

00:38:44,150 --> 00:38:39,320

folks if two of the 17

901  
00:38:46,069 --> 00:38:44,160  
agencies account for 21 trillion dollars

902  
00:38:47,630 --> 00:38:46,079  
it's reasonable to think that this

903  
00:38:50,810 --> 00:38:47,640  
number exceeds a hundred trillion

904  
00:38:52,910 --> 00:38:50,820  
dollars and so what do you spend 100

905  
00:38:55,790 --> 00:38:52,920  
trillion dollars on without anybody

906  
00:38:58,970 --> 00:38:55,800  
noticing it well you have to do it in in

907  
00:39:02,390 --> 00:38:58,980  
the secret programs like Skunk Works and

908  
00:39:05,569 --> 00:39:02,400  
and and the like and these these super

909  
00:39:07,490 --> 00:39:05,579  
secret dark projects in which the money

910  
00:39:09,290 --> 00:39:07,500  
just really never sees the light of day

911  
00:39:12,410 --> 00:39:09,300  
it just kind of recirculates through

912  
00:39:14,510 --> 00:39:12,420  
these defense contractors and and

913  
00:39:16,370 --> 00:39:14,520

who are the government at this point

914

00:39:17,870 --> 00:39:16,380

anyway you know I mean they've sort of

915

00:39:20,390 --> 00:39:17,880

merged into it you want to talk about

916

00:39:23,150 --> 00:39:20,400

fascism everywhere I mean look at what

917

00:39:24,829 --> 00:39:23,160

the military-industrial complex and the

918

00:39:26,630 --> 00:39:24,839

American government have become they're

919

00:39:30,349 --> 00:39:26,640

Inseparable so

920

00:39:31,849 --> 00:39:30,359

this is an explanation if somebody wants

921

00:39:34,130 --> 00:39:31,859

to know where the money went this is

922

00:39:36,410 --> 00:39:34,140

what you'd spend it on it's these deep

923

00:39:38,990 --> 00:39:36,420

underground military bases are not cheap

924

00:39:41,690 --> 00:39:39,000

and there's quite a few of them and and

925

00:39:45,170 --> 00:39:41,700

during this uh this talk that Greer put

926  
00:39:47,810 --> 00:39:45,180  
on uh a person came on uh with military

927  
00:39:49,970 --> 00:39:47,820  
experience his family was had military

928  
00:39:52,250 --> 00:39:49,980  
experience their uh his dad was like a

929  
00:39:57,290 --> 00:39:52,260  
military contractor and he told a story

930  
00:39:57,950 --> 00:39:57,300  
of being taken down to uh uh down into a

931  
00:40:00,290 --> 00:39:57,960  
deep

932  
00:40:02,750 --> 00:40:00,300  
underground military base for the

933  
00:40:05,450 --> 00:40:02,760  
purposes of contract of bidding on a

934  
00:40:07,550 --> 00:40:05,460  
contract to create a brand new firing

935  
00:40:09,290 --> 00:40:07,560  
range down there and he didn't know how

936  
00:40:09,950 --> 00:40:09,300  
far he went down he was young at the

937  
00:40:12,890 --> 00:40:09,960  
time

938  
00:40:16,970 --> 00:40:12,900

but he did see like this hovering weird

939

00:40:19,010 --> 00:40:16,980

like like monolith kind of thing and uh

940

00:40:21,170 --> 00:40:19,020

he tried to get close to it try to tie

941

00:40:22,550 --> 00:40:21,180

his shoe to kind of understand like how

942

00:40:23,870 --> 00:40:22,560

it was floating above the ground he

943

00:40:26,450 --> 00:40:23,880

couldn't do it

944

00:40:28,730 --> 00:40:26,460

and I they told him to keep moving along

945

00:40:31,250 --> 00:40:28,740

but he it was like as he approached it

946

00:40:33,349 --> 00:40:31,260

he just felt this reverberation go

947

00:40:35,810 --> 00:40:33,359

through his entire body like it was just

948

00:40:37,010 --> 00:40:35,820

humming but there's nothing audible uh

949

00:40:38,750 --> 00:40:37,020

all he could hear was other people

950

00:40:40,310 --> 00:40:38,760

walking around and then they took him to

951  
00:40:42,410 --> 00:40:40,320  
the site to where they want the the

952  
00:40:45,530 --> 00:40:42,420  
brand new firing range to be underground

953  
00:40:47,150 --> 00:40:45,540  
and so his father could bid on it and

954  
00:40:48,829 --> 00:40:47,160  
they went back up they asked him to sign

955  
00:40:50,870 --> 00:40:48,839  
a non-disclosure agreements about

956  
00:40:52,250 --> 00:40:50,880  
everything they saw down there

957  
00:40:53,930 --> 00:40:52,260  
um they all refused to sign a

958  
00:40:56,210 --> 00:40:53,940  
non-disclosure agreements and they said

959  
00:40:57,589 --> 00:40:56,220  
24 hours later uh all their bank

960  
00:41:00,650 --> 00:40:57,599  
accounts were wiped out the business

961  
00:41:02,690 --> 00:41:00,660  
that they had was shut down and within a

962  
00:41:03,530 --> 00:41:02,700  
month his father was homeless on the

963  
00:41:05,450 --> 00:41:03,540

streets

964

00:41:08,270 --> 00:41:05,460

uh All Because he believes they they

965

00:41:09,829 --> 00:41:08,280

refused to sign that NDA

966

00:41:12,050 --> 00:41:09,839

and it ruined his life it ruined his

967

00:41:14,750 --> 00:41:12,060

father's life and he believed that he

968

00:41:17,750 --> 00:41:14,760

was a he was a target from then on out

969

00:41:19,370 --> 00:41:17,760

um and uh it was only recently that he

970

00:41:21,770 --> 00:41:19,380

was able to kind of pull his life back

971

00:41:24,050 --> 00:41:21,780

together and uh acknowledge what what

972

00:41:26,390 --> 00:41:24,060

really happened in his life so those

973

00:41:28,670 --> 00:41:26,400

stories make sense to me the Lou

974

00:41:31,310 --> 00:41:28,680

Elizondo nonsense

975

00:41:32,810 --> 00:41:31,320

never did the blue the Corey goods and

976  
00:41:35,870 --> 00:41:32,820  
the blue chickens and all these stories

977  
00:41:37,790 --> 00:41:35,880  
were were nonsense but a guy talking

978  
00:41:39,950 --> 00:41:37,800  
about how the government retaliated

979  
00:41:42,530 --> 00:41:39,960  
against him because he refused to sign a

980  
00:41:44,750 --> 00:41:42,540  
non-disclosure ruined his life that of

981  
00:41:47,210 --> 00:41:44,760  
course is completely feasible and

982  
00:41:49,370 --> 00:41:47,220  
reasonable I mean it's crazy but it's we

983  
00:41:52,430 --> 00:41:49,380  
know that that stuff happens that makes

984  
00:41:54,109 --> 00:41:52,440  
me believe the story more so than just

985  
00:41:56,329 --> 00:41:54,119  
about anything else the fact that the

986  
00:41:58,250 --> 00:41:56,339  
guy's life got turned upside down by the

987  
00:42:00,430 --> 00:41:58,260  
government yeah honest to God I really

988  
00:42:03,650 --> 00:42:00,440

do believe this David Wilcox right there

989

00:42:06,950 --> 00:42:03,660

the manager the mouth of the south of

990

00:42:08,750 --> 00:42:06,960

really uh for Dave or Corey good

991

00:42:12,050 --> 00:42:08,760

who's still fighting for the blue

992

00:42:16,190 --> 00:42:12,060

chickens in space I did that stuff

993

00:42:18,890 --> 00:42:16,200

smoking white blunt Billy owls with in

994

00:42:20,930 --> 00:42:18,900

the hood as I said before I I chilled

995

00:42:24,710 --> 00:42:20,940

with black guys from Harlem I smoked

996

00:42:26,569 --> 00:42:24,720

cannabis with them 420 blunts white owl

997

00:42:28,250 --> 00:42:26,579

Philly blunt that's what he does he

998

00:42:31,430 --> 00:42:28,260

loves to do that

999

00:42:33,890 --> 00:42:31,440

in the game Mr Wilcox

1000

00:42:35,990 --> 00:42:33,900

such a truthful person I tell you what

1001  
00:42:37,609 --> 00:42:36,000  
well Nature Boy now you got to take off

1002  
00:42:40,970 --> 00:42:37,619  
your pretty soon don't you buddy

1003  
00:42:43,430 --> 00:42:40,980  
uh yeah I got it probably about another

1004  
00:42:45,829 --> 00:42:43,440  
two minutes and 15 seconds on the clock

1005  
00:42:47,270 --> 00:42:45,839  
okay okay now you blow over there and

1006  
00:42:48,829 --> 00:42:47,280  
produce a show for Chuck

1007  
00:42:50,630 --> 00:42:48,839  
all right well I think we'll we'll let

1008  
00:42:52,730 --> 00:42:50,640  
you go right now so before we head into

1009  
00:42:54,829 --> 00:42:52,740  
anything else so you're not like leaving

1010  
00:42:57,170 --> 00:42:54,839  
during something uh do you want to

1011  
00:42:59,390 --> 00:42:57,180  
promote to anything before you go

1012  
00:43:01,849 --> 00:42:59,400  
yeah everybody come over to uh the

1013  
00:43:03,829 --> 00:43:01,859

achelli effect and go to achelli.com for

1014

00:43:06,770 --> 00:43:03,839

his podcast we've got Chris Graves he's

1015

00:43:10,130 --> 00:43:06,780

got a whole host of great great guests

1016

00:43:12,050 --> 00:43:10,140

and great content uh Wednesdays is wild

1017

00:43:13,609 --> 00:43:12,060

card Wednesdays so we just wrote a

1018

00:43:17,630 --> 00:43:13,619

rotating guest forum tonight we're

1019

00:43:19,910 --> 00:43:17,640

having Shannon Rowan from she authored a

1020

00:43:23,030 --> 00:43:19,920

book those William Ramsey recommended

1021

00:43:25,609 --> 00:43:23,040

her it was shots fired something about

1022

00:43:28,190 --> 00:43:25,619

weaponizing covid and the vaccine so

1023

00:43:29,750 --> 00:43:28,200

it's an interesting topic uh the rockfin

1024

00:43:31,730 --> 00:43:29,760

we have a rockfin channel that we're

1025

00:43:34,490 --> 00:43:31,740

getting up and going took us a while but

1026

00:43:36,290 --> 00:43:34,500

you know Chuck's new to video so I had

1027

00:43:38,690 --> 00:43:36,300

to kind of grab him Kicking and

1028

00:43:40,670 --> 00:43:38,700

Screaming but he's there and I just want

1029

00:43:42,589 --> 00:43:40,680

to thank both of you I mean macro

1030

00:43:44,150 --> 00:43:42,599

aggressions odbm those are two of my

1031

00:43:46,550 --> 00:43:44,160

favorite podcasts so the fact that I'm

1032

00:43:50,150 --> 00:43:46,560

sitting here talking to you gentlemen is

1033

00:43:51,290 --> 00:43:50,160

kind of a nice thing for me it's blast

1034

00:43:53,030 --> 00:43:51,300

having you need your boy thank you very

1035

00:43:55,609 --> 00:43:53,040

much for your voice over work and coming

1036

00:43:56,990 --> 00:43:55,619

in we really appreciate it man thanks

1037

00:43:58,910 --> 00:43:57,000

for having me gentlemen you have a good

1038

00:44:01,130 --> 00:43:58,920

night all right see you later and um

1039

00:44:03,530 --> 00:44:01,140

don't get probed if you do bring a

1040

00:44:05,210 --> 00:44:03,540

little KY just in case all right good

1041

00:44:09,829 --> 00:44:05,220

good advice

1042

00:44:14,329 --> 00:44:12,470

there's a Nature Boy yeah he he does the

1043

00:44:16,430 --> 00:44:14,339

voiceover for us and hopefully he does a

1044

00:44:17,569 --> 00:44:16,440

voiceover for a lot of other podcasts

1045

00:44:20,270 --> 00:44:17,579

out there

1046

00:44:22,190 --> 00:44:20,280

but now I have his voice fantastic oh

1047

00:44:24,109 --> 00:44:22,200

hey I am

1048

00:44:25,910 --> 00:44:24,119

easy to do

1049

00:44:29,109 --> 00:44:25,920

all right I'm gonna have him do my

1050

00:44:31,490 --> 00:44:29,119

audiobook you really should Point yeah

1051

00:44:34,010 --> 00:44:31,500

it would uh it would definitely sell

1052

00:44:35,990 --> 00:44:34,020

it's tough to get that kind of uh vocal

1053

00:44:37,970 --> 00:44:36,000

Talent it really is like you're you're

1054

00:44:40,010 --> 00:44:37,980

kind of born born with that voice but

1055

00:44:42,050 --> 00:44:40,020

then you get an amazing voice like that

1056

00:44:43,309 --> 00:44:42,060

but if you don't know how to talk or put

1057

00:44:45,470 --> 00:44:43,319

a sentence together or read something

1058

00:44:47,870 --> 00:44:45,480

it's really it's really kind of useless

1059

00:44:49,790 --> 00:44:47,880

you know you remember that guy that was

1060

00:44:51,890 --> 00:44:49,800

like on the side of the road the

1061

00:44:53,750 --> 00:44:51,900

homeless guy who had the like golden

1062

00:44:55,430 --> 00:44:53,760

voice oh yeah they're like you should be

1063

00:44:56,870 --> 00:44:55,440

doing voice over and it was like they

1064

00:44:58,309 --> 00:44:56,880

took him to Hollywood and they gave him

1065

00:44:59,870 --> 00:44:58,319

a haircut and cleaned him up and he

1066

00:45:01,430 --> 00:44:59,880

started doing voice over and then he

1067

00:45:02,990 --> 00:45:01,440

went back to smoking crack like a couple

1068

00:45:05,030 --> 00:45:03,000

months later it's crack is that good

1069

00:45:07,190 --> 00:45:05,040

people it really is it's the best

1070

00:45:08,390 --> 00:45:07,200

apparently yeah that was right down the

1071

00:45:10,370 --> 00:45:08,400

street from me

1072

00:45:11,690 --> 00:45:10,380

um yeah it was literally right down on

1073

00:45:13,849 --> 00:45:11,700

the street for me so when I was

1074

00:45:16,609 --> 00:45:13,859

broadcasting from my my bunker apartment

1075

00:45:17,690 --> 00:45:16,619

it was down 17th and I would go down

1076

00:45:19,790 --> 00:45:17,700

there like we would go down there

1077

00:45:22,430 --> 00:45:19,800

there's a Wendy's over there and we

1078

00:45:24,829 --> 00:45:22,440

would see him and he he and he had a

1079

00:45:28,069 --> 00:45:24,839

sign that said we'll do voiceovers for

1080

00:45:29,870 --> 00:45:28,079

for money and like my at the time I was

1081

00:45:31,550 --> 00:45:29,880

playing in a band my bass player and I

1082

00:45:34,250 --> 00:45:31,560

would always say we got to get that guy

1083

00:45:37,130 --> 00:45:34,260

to do something for us but uh and then

1084

00:45:39,710 --> 00:45:37,140

uh his viral clip went around on the

1085

00:45:41,030 --> 00:45:39,720

internet of him doing a voice over and

1086

00:45:43,069 --> 00:45:41,040

that's when he started getting all these

1087

00:45:44,829 --> 00:45:43,079

deals and he was like oh this is

1088

00:45:47,510 --> 00:45:44,839

fantastic he was getting a lot of money

1089

00:45:49,849 --> 00:45:47,520

and then he started blowing it all like

1090

00:45:51,530 --> 00:45:49,859

he had an estranged family and thought

1091

00:45:53,510 --> 00:45:51,540

that he could buy them all Louis Vuitton

1092

00:45:55,370 --> 00:45:53,520

bags to get back in their good graces

1093

00:45:57,710 --> 00:45:55,380

and they're like we just want you to get

1094

00:46:00,050 --> 00:45:57,720

sober and be healthy you know the bags

1095

00:46:03,109 --> 00:46:00,060

are nice but get healthy get your life

1096

00:46:05,870 --> 00:46:03,119

together and I I think he was the voice

1097

00:46:08,990 --> 00:46:05,880

of Kraft macaroni and cheese for quite a

1098

00:46:11,150 --> 00:46:09,000

while and hopefully he's doing better

1099

00:46:13,609 --> 00:46:11,160

Lisa

1100

00:46:16,550 --> 00:46:13,619

all right let's be the voice of Infowars

1101  
00:46:18,470 --> 00:46:16,560  
if he plays his cards right yeah maybe I

1102  
00:46:19,910 --> 00:46:18,480  
wonder where that guy is ready to quit

1103  
00:46:22,190 --> 00:46:19,920  
I'll have to look up and see where that

1104  
00:46:24,530 --> 00:46:22,200  
guy is last I heard he was doing uh

1105  
00:46:27,290 --> 00:46:24,540  
voice over for some station up in

1106  
00:46:30,170 --> 00:46:27,300  
Cleveland and uh I hope he's doing okay

1107  
00:46:32,569 --> 00:46:30,180  
he had just an amazing voice yeah he did

1108  
00:46:33,660 --> 00:46:32,579  
we'll go on and do some more headlines

1109  
00:46:38,290 --> 00:46:33,670  
here

1110  
00:46:41,030 --> 00:46:38,300  
[Music]

1111  
00:46:44,390 --> 00:46:41,040  
come on

1112  
00:46:47,750 --> 00:46:44,400  
all right I think on on Saturday I'll be

1113  
00:46:48,530 --> 00:46:47,760

talking about uh Skinwalker Ranch

1114

00:46:50,690 --> 00:46:48,540

um

1115

00:46:53,510 --> 00:46:50,700

figure that out

1116

00:46:56,690 --> 00:46:53,520

I know uh Herman uh clued me into this

1117

00:46:58,370 --> 00:46:56,700

uh this guy's talk about uh Quantum

1118

00:46:59,690 --> 00:46:58,380

paranormal I bought the book I got to

1119

00:47:01,930 --> 00:46:59,700

start reading it I listened to his talk

1120

00:47:06,170 --> 00:47:01,940

and he has a pretty interesting theory

1121

00:47:09,349 --> 00:47:06,180

on the orbs that are seen uh the balls

1122

00:47:11,690 --> 00:47:09,359

of light that were confirmed uh by the

1123

00:47:14,089 --> 00:47:11,700

UAP committee that there that these

1124

00:47:16,010 --> 00:47:14,099

metal spheres are seen all over the

1125

00:47:17,690 --> 00:47:16,020

globe the UAP committee doesn't really

1126

00:47:18,950 --> 00:47:17,700

know what they are this guy seems to

1127

00:47:20,809 --> 00:47:18,960

have a pretty good idea and by the way

1128

00:47:23,450 --> 00:47:20,819

it's Skinwalker Ranch they have a pretty

1129

00:47:24,770 --> 00:47:23,460

good uh photograph of one now as of a

1130

00:47:27,650 --> 00:47:24,780

few episodes ago so I'll bring it up and

1131

00:47:29,089 --> 00:47:27,660

talk about it then uh cool did the guy

1132

00:47:31,970 --> 00:47:29,099

take a picture with his broken cell

1133

00:47:35,089 --> 00:47:31,980

phone it's not broken cell phone it was

1134

00:47:37,670 --> 00:47:35,099

a trail cam and I gotta say

1135

00:47:40,490 --> 00:47:37,680

not the most high resolution trail cam

1136

00:47:43,309 --> 00:47:40,500

it it's like you can get anything in 4k

1137

00:47:45,410 --> 00:47:43,319

nowadays you know and you don't have to

1138

00:47:47,990 --> 00:47:45,420

spend a bunch of money for a 4K trail

1139

00:47:50,510 --> 00:47:48,000

cam apparently they're still using 720p

1140

00:47:53,030 --> 00:47:50,520

like I am over here but for whatever

1141

00:47:55,670 --> 00:47:53,040

reason they didn't have 4K it's a

1142

00:47:58,309 --> 00:47:55,680

Polaroid of Bigfoot

1143

00:48:00,109 --> 00:47:58,319

it's going by you can tell it's a sphere

1144

00:48:02,930 --> 00:48:00,119

though you can tell with the you can

1145

00:48:05,450 --> 00:48:02,940

tell it's a metal object it looks like a

1146

00:48:07,190 --> 00:48:05,460

metal object right there but uh I'll

1147

00:48:07,849 --> 00:48:07,200

bring that up

1148

00:48:10,490 --> 00:48:07,859

um

1149

00:48:13,730 --> 00:48:10,500

on Saturday we'll move on here and talk

1150

00:48:16,430 --> 00:48:13,740

about some other stories here that uh

1151

00:48:18,589 --> 00:48:16,440

I think people might care about and if

1152

00:48:21,710 --> 00:48:18,599

they don't ah we'll have fun talking

1153

00:48:24,470 --> 00:48:21,720

about it and this next one I will bring

1154

00:48:27,950 --> 00:48:24,480

up on screen here

1155

00:48:30,290 --> 00:48:27,960

uh Mysteries Revisited three notoriously

1156

00:48:35,210 --> 00:48:30,300

cursed horror movies

1157

00:48:38,270 --> 00:48:35,220

world's most notoriously creepy movies

1158

00:48:40,250 --> 00:48:38,280

continue to disturb and Intrigue long

1159

00:48:42,109 --> 00:48:40,260

after the credits roll some of the most

1160

00:48:45,530 --> 00:48:42,119

disturbing things about a movie happened

1161

00:48:48,530 --> 00:48:45,540

off-screen rather than on camera

1162

00:48:52,790 --> 00:48:48,540

uh like for instance Poltergeist one two

1163

00:48:54,890 --> 00:48:52,800

and three uh directed by Toby Hopper or

1164

00:48:57,109 --> 00:48:54,900

Hooper and produced by Steven Spielberg

1165

00:48:59,809 --> 00:48:57,119

oh yeah I forgot he produced uh

1166

00:49:01,970 --> 00:48:59,819

Poltergeist the original Poulter guys

1167

00:49:04,309 --> 00:49:01,980

told the terrifying terrifying tale of a

1168

00:49:07,010 --> 00:49:04,319

family who became besieged by malicious

1169

00:49:09,470 --> 00:49:07,020

haunting that culminated with their

1170

00:49:11,870 --> 00:49:09,480

youngest daughter being pulled through a

1171

00:49:14,030 --> 00:49:11,880

portal to the other side

1172

00:49:15,950 --> 00:49:14,040

uh tragedy would notoriously follow the

1173

00:49:19,130 --> 00:49:15,960

cast and crew however with Dominique

1174

00:49:22,069 --> 00:49:19,140

Dunn who played uh Dana being murdered

1175

00:49:24,230 --> 00:49:22,079

by her abusive ex-boyfriend Julian Beck

1176

00:49:26,809 --> 00:49:24,240

who played Kane dying of stomach cancer

1177

00:49:28,609 --> 00:49:26,819

William Sampson who played Taylor dying

1178

00:49:31,150 --> 00:49:28,619

of surgery complications and perhaps

1179

00:49:34,730 --> 00:49:31,160

tragically of all the film series young

1180

00:49:38,990 --> 00:49:34,740

protagonist Heather O'Rourke dying of

1181

00:49:41,470 --> 00:49:39,000

septic shock so the entire cast uh

1182

00:49:43,010 --> 00:49:41,480

pretty much taken down

1183

00:49:46,490 --> 00:49:43,020

uh

1184

00:49:51,890 --> 00:49:49,190

there were real questions about that

1185

00:49:53,870 --> 00:49:51,900

even Spielberg's involvement with this

1186

00:49:56,150 --> 00:49:53,880

thing you know there's there's some dark

1187

00:49:59,450 --> 00:49:56,160

stuff surrounding the Heather O'Rourke

1188

00:50:02,930 --> 00:49:59,460

component I can't speak to them

1189

00:50:05,569 --> 00:50:02,940

but there was a lot of uh nonsense going

1190

00:50:08,089 --> 00:50:05,579

on about that and and sort of some some

1191

00:50:10,670 --> 00:50:08,099

real question marks I think Jamie Deluxe

1192

00:50:12,650 --> 00:50:10,680

has done some good work on on this and

1193

00:50:15,230 --> 00:50:12,660

uh and talked about that I don't know

1194

00:50:16,730 --> 00:50:15,240

the details enough to really get too far

1195

00:50:18,650 --> 00:50:16,740

into it but I think if people are

1196

00:50:21,290 --> 00:50:18,660

interested to know like Steven

1197

00:50:23,690 --> 00:50:21,300

Spielberg's role with the Poltergeist

1198

00:50:26,329 --> 00:50:23,700

with the death of Heather O'Rourke is is

1199

00:50:29,030 --> 00:50:26,339

is a topic of discussion and we can

1200

00:50:30,950 --> 00:50:29,040

maybe leave it at that but

1201

00:50:31,849 --> 00:50:30,960

um there it's it's something to take a

1202

00:50:35,510 --> 00:50:31,859

look at

1203

00:50:38,089 --> 00:50:35,520

uh yeah I I have heard that too uh

1204

00:50:40,130 --> 00:50:38,099

Steven Spielberg obviously one of the

1205

00:50:42,410 --> 00:50:40,140

kings of Hollywood and you know you

1206

00:50:44,450 --> 00:50:42,420

don't make it in Hollywood unless you do

1207

00:50:46,609 --> 00:50:44,460

certain things that's the that's the

1208

00:50:49,250 --> 00:50:46,619

rumor the Hollywood gangsters they gotta

1209

00:50:52,970 --> 00:50:49,260

they gotta basically punk in or punk you

1210

00:50:55,930 --> 00:50:52,980

out and you know with all the stories of

1211

00:50:59,390 --> 00:50:55,940

young actors and actresses of what

1212

00:51:01,849 --> 00:50:59,400

may happen to them I mean Corey Feldman

1213

00:51:06,370 --> 00:51:01,859

has been pretty open about uh his

1214

00:51:11,690 --> 00:51:09,349

was talking about he had a hotline right

1215

00:51:13,910 --> 00:51:11,700

you could just call him up that too and

1216

00:51:18,109 --> 00:51:13,920

also Corey uh Corey Haim was on record

1217

00:51:21,829 --> 00:51:18,119

that he uh he was raped by Charlie Sheen

1218

00:51:24,170 --> 00:51:21,839

yeah yeah I know it's crazy it's crazy

1219

00:51:26,650 --> 00:51:24,180

come on it was brilliant in London let's

1220

00:51:30,650 --> 00:51:26,660

just do a follow-up no no no no no no

1221

00:51:31,970 --> 00:51:30,660

you can't speak of Korean that way

1222

00:51:34,130 --> 00:51:31,980

um but yeah uh and by the way

1223

00:51:35,930 --> 00:51:34,140

Poltergeist

1224

00:51:39,470 --> 00:51:35,940

um the phenomenon Journal not the movie

1225

00:51:42,290 --> 00:51:39,480

The phenomenon as explained in the the

1226

00:51:45,890 --> 00:51:42,300

book uh Quantum uh

1227

00:51:47,770 --> 00:51:45,900

uh paranormal uh the existence of

1228

00:51:51,230 --> 00:51:47,780

poltergeists

1229

00:51:53,809 --> 00:51:51,240

uh according to this guy who wrote the

1230

00:51:55,370 --> 00:51:53,819

book is I'll give his uh and I contacted

1231

00:51:56,750 --> 00:51:55,380

him I try to say hey come on the show

1232

00:51:57,829 --> 00:51:56,760

come on union nothing and watch we'd

1233

00:51:59,329 --> 00:51:57,839

love to talk about his name is Patrick

1234

00:52:01,730 --> 00:51:59,339

Jackson

1235

00:52:04,910 --> 00:52:01,740

according to his theory uh the

1236

00:52:09,349 --> 00:52:04,920

Poltergeist phenomenon is the result of

1237

00:52:10,790 --> 00:52:09,359

you getting in the way of two orbs that

1238

00:52:14,329 --> 00:52:10,800

are communicating

1239

00:52:17,630 --> 00:52:14,339

and due to uh electromagnetism in in

1240

00:52:19,190 --> 00:52:17,640

microwaves of these uh you're in the way

1241

00:52:22,490 --> 00:52:19,200

of their communication you're like

1242

00:52:25,549 --> 00:52:22,500

disrupting it in some way so uh the the

1243

00:52:28,309 --> 00:52:25,559

Poltergeist that you experience is their

1244

00:52:30,410 --> 00:52:28,319

reaction to get you out of the way and

1245

00:52:33,530 --> 00:52:30,420

to get you to leave the area so they can

1246

00:52:36,170 --> 00:52:33,540

have a cure a clear line of

1247

00:52:38,329 --> 00:52:36,180

communication that's what he believes

1248

00:52:40,849 --> 00:52:38,339

interesting Theory when it comes to

1249

00:52:43,609 --> 00:52:40,859

Poltergeist and hauntings is that you

1250

00:52:46,010 --> 00:52:43,619

are simply standing too close to a

1251  
00:52:46,970 --> 00:52:46,020  
communication line they kind of scare

1252  
00:52:49,370 --> 00:52:46,980  
you away

1253  
00:52:51,470 --> 00:52:49,380  
another thing that's my fault wonderful

1254  
00:52:53,809 --> 00:52:51,480  
another thing I gotta do

1255  
00:52:55,490 --> 00:52:53,819  
yeah now I have to move out of the way

1256  
00:52:58,549 --> 00:52:55,500  
hey they're the ones that are

1257  
00:53:00,470 --> 00:52:58,559  
interdimensional yeah they go have this

1258  
00:53:02,030 --> 00:53:00,480  
conversation elsewhere I can't move my

1259  
00:53:04,309 --> 00:53:02,040  
house what do you want me to do can't

1260  
00:53:05,930 --> 00:53:04,319  
these orbs just move somewhere else like

1261  
00:53:08,329 --> 00:53:05,940  
uh they're floating around like why

1262  
00:53:09,730 --> 00:53:08,339  
don't you move I'm tired of moving

1263  
00:53:13,430 --> 00:53:09,740

I know

1264

00:53:16,329 --> 00:53:13,440

here's a here is another uh cursed

1265

00:53:19,309 --> 00:53:16,339

picture uh The Exorcist from

1266

00:53:21,650 --> 00:53:19,319

1973. uh when it was released the

1267

00:53:24,890 --> 00:53:21,660

original Exorcist was so terrifying that

1268

00:53:27,109 --> 00:53:24,900

some unsuspecting uh Cinema goers ended

1269

00:53:28,970 --> 00:53:27,119

up passing out in the theater things

1270

00:53:31,250 --> 00:53:28,980

didn't go much better behind the scene

1271

00:53:34,130 --> 00:53:31,260

behind the cameras either uh when

1272

00:53:37,490 --> 00:53:34,140

shooting began in 1972 a fire tore

1273

00:53:40,250 --> 00:53:37,500

through the set of Regan uh McNeil's

1274

00:53:42,589 --> 00:53:40,260

home causing extensive damage it was a

1275

00:53:45,730 --> 00:53:42,599

particular twist the room was used for

1276

00:53:49,130 --> 00:53:45,740

the actual exorcism scene

1277

00:53:51,470 --> 00:53:49,140

escaped unscathed so the actual exorcism

1278

00:53:55,670 --> 00:53:51,480

room was all good it's just everything

1279

00:53:58,750 --> 00:53:55,680

else burned how bizarre is that weird uh

1280

00:54:01,930 --> 00:53:58,760

after uh Jack mcgown

1281

00:54:04,430 --> 00:54:01,940

uh and baliski

1282

00:54:07,309 --> 00:54:04,440

malar throw both died shortly after

1283

00:54:10,849 --> 00:54:07,319

filming had wrapped both Linda Blair and

1284

00:54:12,470 --> 00:54:10,859

Max von sidro suffered a loss close to

1285

00:54:14,990 --> 00:54:12,480

their family members during shooting

1286

00:54:16,670 --> 00:54:15,000

Jason Miller's son nearly died in

1287

00:54:19,910 --> 00:54:16,680

motorcycle accident and several actors

1288

00:54:21,349 --> 00:54:19,920

were injured on set there were even a

1289

00:54:23,270 --> 00:54:21,359

story of lightning striking the church

1290

00:54:24,770 --> 00:54:23,280

opposite of the cinema where the film

1291

00:54:27,109 --> 00:54:24,780

was showing

1292

00:54:31,910 --> 00:54:27,119

I don't know maybe there's something to

1293

00:54:35,630 --> 00:54:31,920

trying to uh invoke uh the the The Dark

1294

00:54:37,370 --> 00:54:35,640

One during uh artistic creation which

1295

00:54:39,410 --> 00:54:37,380

then just winds up cursing you like

1296

00:54:42,049 --> 00:54:39,420

you're you're trying to Channel all this

1297

00:54:44,270 --> 00:54:42,059

dark energy to make this piece of art

1298

00:54:46,370 --> 00:54:44,280

this film and through that that

1299

00:54:50,510 --> 00:54:46,380

channeling process you do leave yourself

1300

00:54:52,849 --> 00:54:50,520

open to uh weird stuff happening in your

1301

00:54:58,370 --> 00:54:55,670

uh let's see here remember the the rumor

1302

00:55:00,829 --> 00:54:58,380

of uh from the guy John Todd I think

1303

00:55:03,530 --> 00:55:00,839

from the 70s he talked about how all of

1304

00:55:07,430 --> 00:55:03,540

the record Executives the the pr the

1305

00:55:10,849 --> 00:55:07,440

heads of the record companies had

1306

00:55:13,130 --> 00:55:10,859

uh little Alters in like a closet in

1307

00:55:14,930 --> 00:55:13,140

this in the CEO's office that you'd open

1308

00:55:17,270 --> 00:55:14,940

up and it would be this Altar and they

1309

00:55:19,250 --> 00:55:17,280

would put the master recording there and

1310

00:55:22,250 --> 00:55:19,260

they would Infuse it with black magic

1311

00:55:23,990 --> 00:55:22,260

and they would they would before they

1312

00:55:26,150 --> 00:55:24,000

released it to the general public they

1313

00:55:28,370 --> 00:55:26,160

would infuse it with all this psychic

1314

00:55:30,890 --> 00:55:28,380

energy so that then when it went out

1315

00:55:33,950 --> 00:55:30,900

into the to the world through the radio

1316

00:55:37,430 --> 00:55:33,960

and and through the sale of their albums

1317

00:55:40,010 --> 00:55:37,440

and cassettes that it would then infect

1318

00:55:41,930 --> 00:55:40,020

everybody with whatever the the energy

1319

00:55:44,089 --> 00:55:41,940

is that they wanted

1320

00:55:46,309 --> 00:55:44,099

I remember hearing that thinking well

1321

00:55:47,450 --> 00:55:46,319

that sounds about as crazy as you can

1322

00:55:49,549 --> 00:55:47,460

get

1323

00:55:51,470 --> 00:55:49,559

but now after looking at what Hollywood

1324

00:55:52,609 --> 00:55:51,480

has become

1325

00:55:53,569 --> 00:55:52,619

um I know we're sort of talking about

1326

00:55:55,849 --> 00:55:53,579

the

1327

00:55:57,950 --> 00:55:55,859

movie industry but but it's a music

1328

00:56:01,309 --> 00:55:57,960

industry as well I mean like

1329

00:56:03,710 --> 00:56:01,319

look at how crazy and satanic it's

1330

00:56:06,049 --> 00:56:03,720

gotten it's gotten crazy overt Satanism

1331

00:56:08,089 --> 00:56:06,059

I wouldn't put it past them if if it

1332

00:56:10,309 --> 00:56:08,099

said listen this album's really good

1333

00:56:11,930 --> 00:56:10,319

it's probably going to sell but it

1334

00:56:14,049 --> 00:56:11,940

couldn't hurt to sprinkle little black

1335

00:56:17,210 --> 00:56:14,059

magic on this thing right

1336

00:56:19,370 --> 00:56:17,220

it can't harm anything right Jimmy Page

1337

00:56:22,190 --> 00:56:19,380

you know was known to be in that owner

1338

00:56:23,950 --> 00:56:22,200

of an occult bookstore you know there's

1339

00:56:27,170 --> 00:56:23,960

there's

1340

00:56:31,750 --> 00:56:27,180

Aleister Crowley uh he bought Alistair

1341

00:56:35,930 --> 00:56:31,760

Crowley's uh summer house on Loch Ness

1342

00:56:39,170 --> 00:56:35,940

and it's rumored it's done you can't

1343

00:56:41,990 --> 00:56:39,180

prove this one but uh some people are

1344

00:56:44,109 --> 00:56:42,000

saying that the Jimmy Page's uh love of

1345

00:56:46,790 --> 00:56:44,119

the dark arts uh

1346

00:56:49,430 --> 00:56:46,800

uh possibly not necessarily the reason

1347

00:56:52,549 --> 00:56:49,440

but uh Robert

1348

00:56:55,970 --> 00:56:52,559

plant's son died the lead singer's son

1349

00:56:57,950 --> 00:56:55,980

died and it tragically died and some

1350

00:56:59,870 --> 00:56:57,960

people blame Jimmy Page's uh toying with

1351

00:57:02,990 --> 00:56:59,880

black magic in the dark arts for that

1352

00:57:06,890 --> 00:57:03,000

but okay I mean I'll blame anybody sure

1353

00:57:11,510 --> 00:57:08,870

all right the last uh Curse movie we

1354

00:57:14,089 --> 00:57:11,520

have here is the omen which I gotta say

1355

00:57:16,010 --> 00:57:14,099

I don't think I've ever seen The Omen I

1356

00:57:18,650 --> 00:57:16,020

don't I haven't either yeah I know it's

1357

00:57:20,870 --> 00:57:18,660

a it's a it's a good one I I I haven't

1358

00:57:23,390 --> 00:57:20,880

seen it I probably should but maybe I'll

1359

00:57:25,730 --> 00:57:23,400

I'll hold I'll I'll determine that after

1360

00:57:27,829 --> 00:57:25,740

I read how cursed it is

1361

00:57:31,010 --> 00:57:27,839

so another supernatural horror classic

1362

00:57:33,470 --> 00:57:31,020

The Omen follow the story of Damien a

1363

00:57:35,630 --> 00:57:33,480

seemingly innocuous young boy who just

1364

00:57:38,089 --> 00:57:35,640

happened to be the son of Satan himself

1365

00:57:43,010 --> 00:57:38,099

I mean never name a kid Damien that's

1366

00:57:46,910 --> 00:57:44,690

I went to school with a kid named Damien

1367

00:57:48,349 --> 00:57:46,920

he was a bit of an [h\_\_\h] but not a man

1368

00:57:49,430 --> 00:57:48,359

might have been the son of Satan yeah

1369

00:57:51,530 --> 00:57:49,440

maybe

1370

00:57:53,930 --> 00:57:51,540

a mere two months before filming started

1371

00:57:54,950 --> 00:57:53,940

the son of actor Gregory Peck shot

1372

00:57:58,370 --> 00:57:54,960

himself

1373

00:58:00,470 --> 00:57:58,380

uh maybe he read the script I don't know

1374

00:58:02,510 --> 00:58:00,480

um then uh when Peck was flying to

1375

00:58:06,049 --> 00:58:02,520

London in September his plane was struck

1376

00:58:08,990 --> 00:58:06,059

by lightning oh my God

1377

00:58:11,930 --> 00:58:09,000

um quote the devil was at work and he

1378

00:58:14,089 --> 00:58:11,940

didn't want that film made he said an

1379

00:58:16,670 --> 00:58:14,099

animal Handler who worked uh on the

1380

00:58:19,069 --> 00:58:16,680

crazy baboon scene was mauled by a tiger

1381

00:58:21,230 --> 00:58:19,079

shortly after uh filming wrapped on

1382

00:58:24,230 --> 00:58:21,240

Friday the 13th special effects artist

1383

00:58:25,190 --> 00:58:24,240

John Richardson was involved in a car

1384

00:58:29,510 --> 00:58:25,200

accident

1385

00:58:31,490 --> 00:58:29,520

so holy moly this I mean you'd expect to

1386

00:58:32,750 --> 00:58:31,500

be working with a crazy baboon you gotta

1387

00:58:34,309 --> 00:58:32,760

watch out for that bad boom but watch

1388

00:58:37,069 --> 00:58:34,319

out right behind you that Tiger's gonna

1389

00:58:38,809 --> 00:58:37,079

come take you down yeah you you get

1390

00:58:40,430 --> 00:58:38,819

distracted with the baboon and then

1391

00:58:42,829 --> 00:58:40,440

that's when the tiger makes its move but

1392

00:58:46,370 --> 00:58:42,839

what about the crow what about the

1393

00:58:48,109 --> 00:58:46,380

Batman series these are some some [h\_\_\h]

1394

00:58:49,789 --> 00:58:48,119

movies that had kind of a dark history

1395

00:58:52,609 --> 00:58:49,799

obviously we know about Brandon leaving

1396

00:58:54,650 --> 00:58:52,619

the crow but but also the Batman series

1397

00:58:57,049 --> 00:58:54,660

you started to have people breaking down

1398

00:58:58,970 --> 00:58:57,059

that were playing the Joker role that

1399

00:59:01,250 --> 00:58:58,980

were having experiencing saying listen

1400

00:59:03,829 --> 00:59:01,260

this character is like really not to be

1401

00:59:05,630 --> 00:59:03,839

messed with it kind of takes over your

1402

00:59:07,970 --> 00:59:05,640

body and kind of puts you in a really

1403

00:59:10,309 --> 00:59:07,980

dark place and we saw some things happen

1404

00:59:12,650 --> 00:59:10,319

with that yeah that's a good point yeah

1405

00:59:14,809 --> 00:59:12,660

the crow with Brandon Lee obviously the

1406

00:59:17,390 --> 00:59:14,819

traged story of uh Bruce Lee than his

1407

00:59:21,289 --> 00:59:17,400

son and then but I don't know what else

1408

00:59:24,049 --> 00:59:21,299

happened on set it just he may have been

1409

00:59:26,809 --> 00:59:24,059

cursed yeah yeah

1410

00:59:28,549 --> 00:59:26,819

uh so the uh okay so yeah the animal

1411

00:59:31,849 --> 00:59:28,559

handlers had some bad experiences there

1412

00:59:33,470 --> 00:59:31,859

well uh well he's oh John Richardson uh

1413

00:59:35,030 --> 00:59:33,480

was involved in a car accident while he

1414

00:59:37,670 --> 00:59:35,040

escaped with his life his passenger

1415

00:59:39,829 --> 00:59:37,680

assistant Liz Moore was decapitated in a

1416

00:59:42,109 --> 00:59:39,839

manner very similar to a scene in the

1417

00:59:44,930 --> 00:59:42,119

movie that Richardson himself had worked

1418

00:59:47,329 --> 00:59:44,940

on to cap it all a plane that was

1419

00:59:49,309 --> 00:59:47,339

chartered by the film before being uh

1420

00:59:51,589 --> 00:59:49,319

before being switched at the last minute

1421

00:59:54,890 --> 00:59:51,599

went down a short time after taking off

1422

00:59:55,730 --> 00:59:54,900

resulting in the deaths of everyone on

1423

00:59:58,190 --> 00:59:55,740

board

1424

00:59:59,630 --> 00:59:58,200

relax

1425

01:00:01,069 --> 00:59:59,640

it's kind of like that's what kind of

1426

01:00:03,710 --> 01:00:01,079

like a final destination move right

1427

01:00:06,289 --> 01:00:03,720

there yeah no kidding

1428

01:00:08,870 --> 01:00:06,299

this could just be some really good Post

1429

01:00:11,750 --> 01:00:08,880

Release guerrilla marketing campaign

1430

01:00:13,190 --> 01:00:11,760

yeah maybe uh this game it comes out

1431

01:00:15,289 --> 01:00:13,200

right now you probably would want to

1432

01:00:17,750 --> 01:00:15,299

release this in September right before

1433

01:00:19,910 --> 01:00:17,760

Halloween and not necessarily June but

1434

01:00:22,190 --> 01:00:19,920

you know yeah we'll take it

1435

01:00:23,930 --> 01:00:22,200

yeah some cursed movies right there all

1436

01:00:24,250 --> 01:00:23,940

right we'll move on to some uh some more

1437

01:00:29,820 --> 01:00:24,260

headlines

1438

01:00:31,430 --> 01:00:29,830

[Music]

1439

01:00:33,289 --> 01:00:31,440

[Applause]

1440

01:00:35,150 --> 01:00:33,299

since I do have this in the headline I

1441

01:00:37,490 --> 01:00:35,160

will bring this up and then we'll we'll

1442

01:00:42,349 --> 01:00:37,500

see what Charlie brought for us

1443

01:00:45,049 --> 01:00:42,359

but uh this uh headline here

1444

01:00:46,309 --> 01:00:45,059

uh it's being covered up by an ad let's

1445

01:00:49,730 --> 01:00:46,319

see here

1446

01:00:55,549 --> 01:00:53,450

the Grand Canyon National Park ranked

1447

01:00:59,109 --> 01:00:55,559

the deadliest with the highest number of

1448

01:01:03,349 --> 01:00:59,119

deaths missing persons reported since

1449

01:01:05,510 --> 01:01:03,359

2018. oh really yeah we cover a lot of

1450

01:01:07,609 --> 01:01:05,520

missing Park related stuff on here uh

1451

01:01:10,309 --> 01:01:07,619

thanks to uh Missing 4-1-1 David

1452

01:01:12,230 --> 01:01:10,319

politis's work he has tracked a lot of

1453

01:01:14,210 --> 01:01:12,240

missing people a lot of deaths that uh

1454

01:01:16,069 --> 01:01:14,220

that have occurred in mysterious ways in

1455

01:01:20,329 --> 01:01:16,079

National Parks primarily

1456

01:01:23,569 --> 01:01:20,339

and it turns out uh Grand Canyon ranks

1457

01:01:26,870 --> 01:01:23,579

stops since 2018.

1458

01:01:29,089 --> 01:01:26,880

we're number one big great great come

1459

01:01:30,230 --> 01:01:29,099

visit us and maybe you'll stay here

1460

01:01:31,490 --> 01:01:30,240

forever

1461

01:01:34,789 --> 01:01:31,500

yeah

1462

01:01:36,410 --> 01:01:34,799

uh grandkid I'm sorry no there's a

1463

01:01:38,210 --> 01:01:36,420

there's a good batch of these people

1464

01:01:40,190 --> 01:01:38,220

that are just dumb tourists that are

1465

01:01:42,170 --> 01:01:40,200

taking selfies and fall off right I mean

1466

01:01:44,870 --> 01:01:42,180

there's that's gotta account for some of

1467

01:01:46,970 --> 01:01:44,880

it but boy the work that David politis

1468

01:01:49,549 --> 01:01:46,980

has done on all these national parks and

1469

01:01:51,530 --> 01:01:49,559

anytime you start talking about that

1470

01:01:54,170 --> 01:01:51,540

massive amounts of deaths at National

1471

01:01:55,910 --> 01:01:54,180

Parks I think about his work and it

1472

01:01:58,430 --> 01:01:55,920

makes me very suspicious as to what's

1473

01:01:59,390 --> 01:01:58,440

really going on it's a these areas have

1474

01:02:03,109 --> 01:01:59,400

a lot of

1475

01:02:05,630 --> 01:02:03,119

sort of tight Federal oversight and uh

1476

01:02:08,089 --> 01:02:05,640

weird things seem to happen they do and

1477

01:02:10,250 --> 01:02:08,099

I yeah I wouldn't take it uh like for

1478

01:02:12,650 --> 01:02:10,260

some of this stuff like someone might

1479

01:02:15,230 --> 01:02:12,660

just follow their GPS right off the

1480

01:02:17,569 --> 01:02:15,240

cliff of you know the Grand Canyon and

1481

01:02:19,069 --> 01:02:17,579

next thing they're they're falling down

1482

01:02:21,109 --> 01:02:19,079

the side of it and they're never seen

1483

01:02:23,870 --> 01:02:21,119

again

1484

01:02:25,730 --> 01:02:23,880

that's possibility with some of these uh

1485

01:02:27,770 --> 01:02:25,740

that are not uh missing four or one one

1486

01:02:29,690 --> 01:02:27,780

related but uh the Grand Canyon National

1487

01:02:31,010 --> 01:02:29,700

Park is the deadliest in the country

1488

01:02:34,190 --> 01:02:31,020

with the highest number of missing

1489

01:02:37,370 --> 01:02:34,200

persons reports uh and uh deaths among

1490

01:02:40,309 --> 01:02:37,380

hundreds of U.S national Park sites

1491

01:02:43,549 --> 01:02:40,319

Nationwide record show so Grand Canyon

1492

01:02:45,950 --> 01:02:43,559

topped the charts top of the charts and

1493

01:02:48,789 --> 01:02:45,960

it's numbers of missing person reports

1494

01:02:51,109 --> 01:02:48,799

deaths and even suicides from 2018

1495

01:02:53,210 --> 01:02:51,119

through the first two months of this

1496

01:02:54,829 --> 01:02:53,220

year according to records obtained by

1497

01:02:56,630 --> 01:02:54,839

the post via the Freedom of Information

1498

01:02:58,430 --> 01:02:56,640

Act yeah they don't really you got to

1499

01:03:00,650 --> 01:02:58,440

really ask for this stuff they don't

1500

01:03:03,230 --> 01:03:00,660

really have like a website where it's

1501  
01:03:05,270 --> 01:03:03,240  
like a counter like zero days have gone

1502  
01:03:06,829 --> 01:03:05,280  
by since we've lost a person here at

1503  
01:03:08,329 --> 01:03:06,839  
National Park you know you're not greedy

1504  
01:03:10,370 --> 01:03:08,339  
with that they want to keep this in a

1505  
01:03:12,289 --> 01:03:10,380  
Down Low they're not broadcasting they

1506  
01:03:14,990 --> 01:03:12,299  
want you to come in visit the national

1507  
01:03:16,670 --> 01:03:15,000  
parks have a good time pay some money be

1508  
01:03:19,190 --> 01:03:16,680  
a tourist and if you happen to go

1509  
01:03:21,650 --> 01:03:19,200  
missing well so be it we ain't telling

1510  
01:03:23,390 --> 01:03:21,660  
anybody unless they come asking didn't

1511  
01:03:25,010 --> 01:03:23,400  
David polidis say they tried to charge

1512  
01:03:27,530 --> 01:03:25,020  
him fifty thousand dollars to get the

1513  
01:03:30,589 --> 01:03:27,540

list yeah I believe that was uh Yosemite

1514

01:03:33,470 --> 01:03:30,599

they wanted a a crazy amount of money

1515

01:03:35,270 --> 01:03:33,480

for all the admin work it would do it

1516

01:03:38,329 --> 01:03:35,280

would take uh them to create like a

1517

01:03:42,109 --> 01:03:38,339

spreadsheet and uh he just hasn't got

1518

01:03:48,589 --> 01:03:46,490

um the sprawling 900 or a 1900 square

1519

01:03:51,349 --> 01:03:48,599

mile Arizona National Park is far

1520

01:03:53,089 --> 01:03:51,359

smaller than its counterparts and sees

1521

01:03:56,329 --> 01:03:53,099

million more visitors a million few

1522

01:03:57,609 --> 01:03:56,339

Millions few visitors than many others

1523

01:04:01,250 --> 01:03:57,619

of the

1524

01:04:03,410 --> 01:04:01,260

424 National Park sites at least 56

1525

01:04:05,150 --> 01:04:03,420

people have been reported missing from

1526

01:04:07,609 --> 01:04:05,160

the Grand Canyon National Park since the

1527

01:04:10,010 --> 01:04:07,619

beginning of 2018 and the list at least

1528

01:04:11,569 --> 01:04:10,020

six people have been found dead that's a

1529

01:04:13,849 --> 01:04:11,579

lot of missing bodies

1530

01:04:16,670 --> 01:04:13,859

yeah

1531

01:04:18,950 --> 01:04:16,680

that's a crazy missing body do you think

1532

01:04:20,809 --> 01:04:18,960

they're they're actually missing though

1533

01:04:22,730 --> 01:04:20,819

how many of these people you think are

1534

01:04:24,770 --> 01:04:22,740

faking their deaths

1535

01:04:26,630 --> 01:04:24,780

I don't know I mean

1536

01:04:29,870 --> 01:04:26,640

like they just they're like the hell

1537

01:04:32,450 --> 01:04:29,880

with Modern Life I'm just going out

1538

01:04:34,370 --> 01:04:32,460

there and I'm I'm living it I'm just

1539

01:04:36,589 --> 01:04:34,380

gonna live my life as long as I can out

1540

01:04:38,930 --> 01:04:36,599

here or you think they're like dipping

1541

01:04:40,910 --> 01:04:38,940

out way to go missing presumed dead and

1542

01:04:43,609 --> 01:04:40,920

then they they go back into society

1543

01:04:45,289 --> 01:04:43,619

under another name yeah I think they're

1544

01:04:47,329 --> 01:04:45,299

on the Run yeah there are people that

1545

01:04:49,730 --> 01:04:47,339

are pretending that they got lost at a

1546

01:04:51,589 --> 01:04:49,740

national park and

1547

01:04:53,390 --> 01:04:51,599

and and there's also the

1548

01:04:55,190 --> 01:04:53,400

interdimensional component you know that

1549

01:04:57,829 --> 01:04:55,200

David politis talks about people just

1550

01:05:01,309 --> 01:04:57,839

like disappearing and then they search

1551  
01:05:03,109 --> 01:05:01,319  
the area 15 times and this person's not

1552  
01:05:05,690 --> 01:05:03,119  
there and then the 16th time they're

1553  
01:05:07,549 --> 01:05:05,700  
just magically sitting there dead yeah I

1554  
01:05:09,530 --> 01:05:07,559  
think they're just shoes on slightly out

1555  
01:05:11,990 --> 01:05:09,540  
of out of sync with our time they're

1556  
01:05:15,049 --> 01:05:12,000  
like slightly out of sync but they might

1557  
01:05:17,329 --> 01:05:15,059  
be uh in a side portal or just maybe a

1558  
01:05:19,130 --> 01:05:17,339  
few seconds ahead a few seconds behind a

1559  
01:05:20,870 --> 01:05:19,140  
few minutes but they're slightly out of

1560  
01:05:23,089 --> 01:05:20,880  
sync some people appear to be they're

1561  
01:05:24,770 --> 01:05:23,099  
out of sync by decades if not hundreds

1562  
01:05:27,770 --> 01:05:24,780  
of years but it could be some people

1563  
01:05:30,890 --> 01:05:27,780

slipping out of society they hate their

1564

01:05:32,870 --> 01:05:30,900

life and then uh slipping back in under

1565

01:05:36,470 --> 01:05:32,880

some assumed name we which we don't know

1566

01:05:39,770 --> 01:05:36,480

Tom Shima bucharow yes the inter they

1567

01:05:41,809 --> 01:05:39,780

re-enter life as Tom shimabukuro

1568

01:05:44,630 --> 01:05:41,819

as one does

1569

01:05:50,150 --> 01:05:47,990

uh only uh looks like uh 48 people's

1570

01:05:51,430 --> 01:05:50,160

bodies haven't been found

1571

01:05:54,770 --> 01:05:51,440

since

1572

01:05:58,549 --> 01:05:54,780

2018. but the department of interior

1573

01:06:01,130 --> 01:05:58,559

records were uh not only redacted but

1574

01:06:03,890 --> 01:06:01,140

also inconsistent in the level of detail

1575

01:06:06,230 --> 01:06:03,900

included and incomplete as part of

1576

01:06:08,569 --> 01:06:06,240

privacy regulations that prevented the

1577

01:06:11,150 --> 01:06:08,579

agency from releasing more than 60 Pages

1578

01:06:12,109 --> 01:06:11,160

provided to the post wow what is so

1579

01:06:13,910 --> 01:06:12,119

critical

1580

01:06:15,530 --> 01:06:13,920

that they couldn't release all the

1581

01:06:18,109 --> 01:06:15,540

information and I think David polida

1582

01:06:21,370 --> 01:06:18,119

says has faced similar obstacles in

1583

01:06:27,890 --> 01:06:24,170

loaded up into shrink wrapped and loaded

1584

01:06:29,870 --> 01:06:27,900

up into that UFO UFO and taken yeah we

1585

01:06:32,029 --> 01:06:29,880

need your body for something like uh

1586

01:06:35,210 --> 01:06:32,039

listen resources you got a lot of stuff

1587

01:06:36,289 --> 01:06:35,220

on here what we need is your DNA that's

1588

01:06:40,130 --> 01:06:36,299

what we need

1589

01:06:44,029 --> 01:06:40,140

yes so we can make a synthetic copy of

1590

01:06:47,210 --> 01:06:44,039

you in some Laboratories I have to do it

1591

01:06:50,630 --> 01:06:47,220

uh the records despite outlining roughly

1592

01:06:53,529 --> 01:06:50,640

1 100 missing uh missing person reports

1593

01:06:56,690 --> 01:06:53,539

dating back the 2018 are likely only the

1594

01:06:58,430 --> 01:06:56,700

likely only a glimpse at the recent

1595

01:07:00,950 --> 01:06:58,440

history within the massive national

1596

01:07:03,710 --> 01:07:00,960

parks Network so there you go they're

1597

01:07:05,930 --> 01:07:03,720

not getting it all data provided uh

1598

01:07:08,990 --> 01:07:05,940

shows at least five people died within

1599

01:07:11,270 --> 01:07:09,000

Lake Mead's National grounds which spans

1600

01:07:13,309 --> 01:07:11,280

Arizona and Nevada

1601

01:07:15,529 --> 01:07:13,319

at least four people died in both

1602

01:07:17,870 --> 01:07:15,539

Yosemite and Death Valley National Parks

1603

01:07:20,870 --> 01:07:17,880

of the same period tide a same period of

1604

01:07:23,809 --> 01:07:20,880

Time Records show at least four more

1605

01:07:26,569 --> 01:07:23,819

were found uh to have died within the

1606

01:07:29,029 --> 01:07:26,579

Golden Gate National Park site meanwhile

1607

01:07:31,430 --> 01:07:29,039

records provided showed uh showed

1608

01:07:34,069 --> 01:07:31,440

Olympic uh National Park in Washington

1609

01:07:36,710 --> 01:07:34,079

saw the second highest number of missing

1610

01:07:38,750 --> 01:07:36,720

persons reports in 2018 onward followed

1611

01:07:40,490 --> 01:07:38,760

by Colorado's Rocky Mountain National

1612

01:07:42,829 --> 01:07:40,500

Park so I mean that's your neck of the

1613

01:07:44,870 --> 01:07:42,839

woods there Charlie so be careful

1614

01:07:49,549 --> 01:07:44,880

well lake Mead's the fun one because

1615

01:07:53,270 --> 01:07:49,559

with as the water level decreases the

1616

01:07:54,650 --> 01:07:53,280

barrels start becoming obvious and

1617

01:07:56,990 --> 01:07:54,660

people open them up and there's

1618

01:07:59,270 --> 01:07:57,000

skeletons in there and a lot of a lot of

1619

01:08:00,950 --> 01:07:59,280

Mafia problems got solved and dumped

1620

01:08:03,049 --> 01:08:00,960

into the uh

1621

01:08:04,670 --> 01:08:03,059

into Lake Mead right outside of Las

1622

01:08:06,650 --> 01:08:04,680

Vegas yeah

1623

01:08:09,109 --> 01:08:06,660

this is a good artist this article was

1624

01:08:11,150 --> 01:08:09,119

sent to me uh by my uh my brother clown

1625

01:08:13,190 --> 01:08:11,160

baby he always follows this kind of

1626

01:08:16,130 --> 01:08:13,200

stuff he's like he's all about missing

1627

01:08:17,630 --> 01:08:16,140

4-1-1 and uh he's a big hiker yeah he

1628

01:08:19,490 --> 01:08:17,640

likes to go on hiking so he tries to be

1629

01:08:22,309 --> 01:08:19,500

aware of his surroundings and I don't

1630

01:08:23,390 --> 01:08:22,319

know when you read missing 401 books I

1631

01:08:26,809 --> 01:08:23,400

don't know if it makes you more of a

1632

01:08:28,610 --> 01:08:26,819

hiker or just like more aware of your

1633

01:08:32,090 --> 01:08:28,620

surroundings when you when you head out

1634

01:08:34,789 --> 01:08:32,100

into the woods I hope the later part

1635

01:08:37,370 --> 01:08:34,799

uh the camera on your on yourself at all

1636

01:08:39,590 --> 01:08:37,380

times yeah you're out there hiking so

1637

01:08:43,249 --> 01:08:39,600

you get abducted you get it on film

1638

01:08:44,809 --> 01:08:43,259

uh just to wind this down here uh

1639

01:08:47,510 --> 01:08:44,819

they're talking about going out and

1640

01:08:49,130 --> 01:08:47,520

trying to find people and to quote you

1641

01:08:51,890 --> 01:08:49,140

you have to realize just how difficult

1642

01:08:53,630 --> 01:08:51,900

it can be to find a single human in such

1643

01:08:55,610 --> 01:08:53,640

a large area when you're looking for a

1644

01:08:57,829 --> 01:08:55,620

person you truly are looking for a

1645

01:09:00,229 --> 01:08:57,839

needle in a haystack yet it's extremely

1646

01:09:03,530 --> 01:09:00,239

difficult to find a subject so yeah I

1647

01:09:07,309 --> 01:09:03,540

mean I I understand that but when it

1648

01:09:09,470 --> 01:09:07,319

comes to missing four one one it is

1649

01:09:13,130 --> 01:09:09,480

literally in some instances these people

1650

01:09:16,189 --> 01:09:13,140

were within 100 feet 200 feet yeah of

1651  
01:09:18,349 --> 01:09:16,199  
the campsite and uh then they're found

1652  
01:09:19,249 --> 01:09:18,359  
miles miles away especially if they're a

1653  
01:09:22,490 --> 01:09:19,259  
toddler

1654  
01:09:25,669 --> 01:09:22,500  
I mean come on yeah up up on a hill two

1655  
01:09:27,470 --> 01:09:25,679  
miles away yeah come on what's Happening

1656  
01:09:29,030 --> 01:09:27,480  
it just doesn't make a lot of sense so I

1657  
01:09:31,849 --> 01:09:29,040  
wanted to bring that up here so I guess

1658  
01:09:33,410 --> 01:09:31,859  
uh congratulations Arizona you're number

1659  
01:09:35,450 --> 01:09:33,420  
one

1660  
01:09:37,849 --> 01:09:35,460  
have you been there Mike no Grand Canyon

1661  
01:09:41,450 --> 01:09:37,859  
no I was there I was I lived in Arizona

1662  
01:09:44,570 --> 01:09:41,460  
for two years and I never went

1663  
01:09:47,930 --> 01:09:44,580

it's just it's just uh

1664

01:09:51,349 --> 01:09:47,940

one of my uh deficiencies as a person is

1665

01:09:53,510 --> 01:09:51,359

leaving the house and doing things but

1666

01:09:55,250 --> 01:09:53,520

we're going to go back next year

1667

01:09:58,430 --> 01:09:55,260

um we're gonna head out to the uh the

1668

01:10:02,330 --> 01:09:58,440

West Coast uh area and uh one of the

1669

01:10:05,810 --> 01:10:02,340

goals is to hit up Arizona's he uh

1670

01:10:07,610 --> 01:10:05,820

uh the Grand Canyon Sedona again and go

1671

01:10:09,950 --> 01:10:07,620

out there to the uh the Redwoods as well

1672

01:10:13,430 --> 01:10:09,960

so gonna do a whole big tour out there

1673

01:10:15,310 --> 01:10:13,440

of the West Coast yes

1674

01:10:18,590 --> 01:10:15,320

so we'll move on here

1675

01:10:19,970 --> 01:10:18,600

and uh what stories did you bring

1676  
01:10:21,860 --> 01:10:19,980  
Charlie what do you want to what do you

1677  
01:10:23,330 --> 01:10:21,870  
want to hit

1678  
01:10:26,270 --> 01:10:23,340  
[Applause]

1679  
01:10:28,430 --> 01:10:26,280  
well I I sent you the one about Amazon

1680  
01:10:31,370 --> 01:10:28,440  
shutting down a customer's smart home

1681  
01:10:33,169 --> 01:10:31,380  
for a week over a racial slur that was

1682  
01:10:35,689 --> 01:10:33,179  
that's a that's a good one we should

1683  
01:10:37,970 --> 01:10:35,699  
probably uh touch on that

1684  
01:10:39,669 --> 01:10:37,980  
because that just uh speaks to the world

1685  
01:10:42,890 --> 01:10:39,679  
we are living in

1686  
01:10:46,430 --> 01:10:42,900  
and ESG scores

1687  
01:10:49,430 --> 01:10:47,870  
so here you go here's a headline here

1688  
01:10:51,410 --> 01:10:49,440

people this is the uh this is the new

1689

01:10:53,630 --> 01:10:51,420

world welcome to it

1690

01:10:55,910 --> 01:10:53,640

uh Amazon shuts down customers smart

1691

01:10:59,450 --> 01:10:55,920

home for a week after delivery driver

1692

01:11:01,610 --> 01:10:59,460

claims he heard racist slur through ring

1693

01:11:04,850 --> 01:11:01,620

doorbell even though no one was home

1694

01:11:07,669 --> 01:11:04,860

that's good news well just in case

1695

01:11:09,649 --> 01:11:07,679

just in case

1696

01:11:12,530 --> 01:11:09,659

Amazon reportedly shut down a customer

1697

01:11:15,110 --> 01:11:12,540

smart smart home after the delivery

1698

01:11:17,390 --> 01:11:15,120

delivery driver claimed he heard a

1699

01:11:20,149 --> 01:11:17,400

racial slur coming through the doorbell

1700

01:11:22,790 --> 01:11:20,159

even though no one was home Brandon

1701

01:11:25,550 --> 01:11:22,800

Jackson of Baltimore Maryland came home

1702

01:11:28,970 --> 01:11:25,560

on May 25th to find that he had been

1703

01:11:31,070 --> 01:11:28,980

locked out of his Amazon Echo which many

1704

01:11:32,930 --> 01:11:31,080

devices including his lights are

1705

01:11:35,630 --> 01:11:32,940

connected to

1706

01:11:39,669 --> 01:11:35,640

well don't do that

1707

01:11:42,590 --> 01:11:39,679

and you are one pathetic loser

1708

01:11:44,630 --> 01:11:42,600

uh he would later learn that Amazon lock

1709

01:11:46,310 --> 01:11:44,640

him out of his account after a delivery

1710

01:11:48,770 --> 01:11:46,320

driver dropped off his package the day

1711

01:11:51,050 --> 01:11:48,780

before Jackson an engineer at Microsoft

1712

01:11:52,850 --> 01:11:51,060

said everything seemed fine after the

1713

01:11:54,530 --> 01:11:52,860

package arrived at his home and

1714

01:11:56,870 --> 01:11:54,540

initially thought that he was locked out

1715

01:11:58,970 --> 01:11:56,880

because someone had tried to access my

1716

01:12:00,350 --> 01:11:58,980

account repeatedly trickling triggering

1717

01:12:02,090 --> 01:12:00,360

a lockout

1718

01:12:04,010 --> 01:12:02,100

uh but none of that was true our

1719

01:12:06,590 --> 01:12:04,020

representative directed him to an email

1720

01:12:08,930 --> 01:12:06,600

he had received from an executive that

1721

01:12:10,610 --> 01:12:08,940

provided a cell phone number uh a number

1722

01:12:13,250 --> 01:12:10,620

for him to call when he called the

1723

01:12:16,310 --> 01:12:13,260

number he was told in a somewhat

1724

01:12:19,130 --> 01:12:16,320

accusatory tone that the driver had

1725

01:12:21,050 --> 01:12:19,140

reported reported receiving racist

1726

01:12:22,370 --> 01:12:21,060

remarks from his doorbell

1727

01:12:25,070 --> 01:12:22,380

well then

1728

01:12:26,630 --> 01:12:25,080

remove the doorbell don't blame me blame

1729

01:12:28,370 --> 01:12:26,640

the doorbell right

1730

01:12:31,729 --> 01:12:28,380

this is my fault that I have a racist

1731

01:12:33,530 --> 01:12:31,739

doorbell yeah you programmed the thing I

1732

01:12:34,610 --> 01:12:33,540

mean for crying I got a bad one yeah

1733

01:12:36,229 --> 01:12:34,620

what do you want me what do you want

1734

01:12:42,050 --> 01:12:36,239

from me

1735

01:12:46,550 --> 01:12:44,450

um but none of it was true or

1736

01:12:49,790 --> 01:12:46,560

representative direct uh okay I read

1737

01:12:52,010 --> 01:12:49,800

that part uh quote this incident left me

1738

01:12:54,950 --> 01:12:52,020

with a house full of unresponsive

1739

01:12:57,229 --> 01:12:54,960

devices a silent Alexa and a lot of

1740

01:13:00,590 --> 01:12:57,239

questions he wrote on medium

1741

01:13:08,390 --> 01:13:03,770

um it looks like uh Brandon Jackson is

1742

01:13:11,450 --> 01:13:08,400

also a black guy yes so it's just crazy

1743

01:13:13,669 --> 01:13:11,460

this is crazy that some person a

1744

01:13:16,370 --> 01:13:13,679

delivery driver can just

1745

01:13:19,669 --> 01:13:16,380

hear something or make something up and

1746

01:13:21,649 --> 01:13:19,679

totally upend your life because you have

1747

01:13:23,930 --> 01:13:21,659

everything and this guy he works for

1748

01:13:25,970 --> 01:13:23,940

Microsoft as an engineer he should be

1749

01:13:29,330 --> 01:13:25,980

smart enough to know how this could be

1750

01:13:32,270 --> 01:13:29,340

used against you I guess he's not

1751

01:13:36,590 --> 01:13:32,280

he's getting a a lesson

1752

01:13:39,590 --> 01:13:36,600

in in reality here yeah we've now become

1753

01:13:42,290 --> 01:13:39,600

so sensitive everybody's so uptight

1754

01:13:44,209 --> 01:13:42,300

about being called some name or being

1755

01:13:46,550 --> 01:13:44,219

perceived somewhere

1756

01:13:48,169 --> 01:13:46,560

that they've just gotta rat each other

1757

01:13:51,290 --> 01:13:48,179

out there's too many cars in the

1758

01:13:53,630 --> 01:13:51,300

driveway uh there might be a covid party

1759

01:13:56,270 --> 01:13:53,640

going on over there or or this guy's

1760

01:13:58,310 --> 01:13:56,280

doorbell is racist and called me the

1761

01:14:01,610 --> 01:13:58,320

n-word or something well here's the

1762

01:14:03,470 --> 01:14:01,620

thing so Jackson who is Black said uh

1763

01:14:04,850 --> 01:14:03,480

most of his neighborhood and its

1764

01:14:06,890 --> 01:14:04,860

delivery drivers are also

1765

01:14:09,350 --> 01:14:06,900

African-American and would make it

1766

01:14:11,330 --> 01:14:09,360

highly unlikely that we would make such

1767

01:14:14,390 --> 01:14:11,340

remarks I don't know

1768

01:14:18,050 --> 01:14:14,400

a lot of maybe there are they used

1769

01:14:22,430 --> 01:14:18,060

racial terms as Terms of Endearment or

1770

01:14:26,209 --> 01:14:22,440

as adverbs or adjectives or nouns or

1771

01:14:28,370 --> 01:14:26,219

pronouns uh uh some of some of these uh

1772

01:14:30,169 --> 01:14:28,380

some of these words can just fly if you

1773

01:14:31,550 --> 01:14:30,179

listen to rap music so it's possible he

1774

01:14:34,970 --> 01:14:31,560

did hear something

1775

01:14:36,169 --> 01:14:34,980

but it's also possible that uh he just

1776

01:14:39,110 --> 01:14:36,179

made it up

1777

01:14:41,149 --> 01:14:39,120

a soft a instead of a hard R possibly

1778

01:14:43,189 --> 01:14:41,159

yeah exactly

1779

01:14:45,830 --> 01:14:43,199

okay I mean

1780

01:14:49,070 --> 01:14:45,840

I mean if he this if this guy the

1781

01:14:50,870 --> 01:14:49,080

engineer who was locked out is black and

1782

01:14:52,430 --> 01:14:50,880

he was just saying around or maybe he

1783

01:14:54,709 --> 01:14:52,440

was listening to some biggie maybe he's

1784

01:14:56,390 --> 01:14:54,719

listening to some Tupac who knows

1785

01:14:58,310 --> 01:14:56,400

we don't know what's going on there how

1786

01:15:02,090 --> 01:14:58,320

sophisticated are these systems Mike

1787

01:15:04,070 --> 01:15:02,100

these these Alexa's uh of or ring

1788

01:15:06,530 --> 01:15:04,080

doorbells I mean when they're they're

1789

01:15:08,750 --> 01:15:06,540

gathering this information and I would

1790

01:15:12,410 --> 01:15:08,760

assume that's more valuable to a company

1791

01:15:15,890 --> 01:15:12,420

like Amazon or Google than than the

1792

01:15:18,290 --> 01:15:15,900

device sales itself but this data what

1793

01:15:22,330 --> 01:15:18,300

do you what how does it work do they

1794

01:15:25,490 --> 01:15:22,340

just scan it uh for words and then

1795

01:15:27,590 --> 01:15:25,500

assign keywords to your device and

1796

01:15:29,570 --> 01:15:27,600

target market it that way I think they

1797

01:15:32,090 --> 01:15:29,580

just assign keywords in general like

1798

01:15:34,550 --> 01:15:32,100

it's all being that you have a profile I

1799

01:15:37,850 --> 01:15:34,560

think it's like obviously the Alexa is

1800

01:15:40,630 --> 01:15:37,860

always on it's always listening and uh

1801  
01:15:44,090 --> 01:15:40,640  
there they basically have trigger words

1802  
01:15:47,090 --> 01:15:44,100  
and so when they when it's it thinks it

1803  
01:15:50,810 --> 01:15:47,100  
hears a trigger word it will then notify

1804  
01:15:53,689 --> 01:15:50,820  
a system uh whether it is an ad to later

1805  
01:15:55,090 --> 01:15:53,699  
be uh to later be viewed by you or your

1806  
01:15:58,130 --> 01:15:55,100  
house or sent to your device

1807  
01:15:59,870 --> 01:15:58,140  
or notify the authorities to totally

1808  
01:16:03,290 --> 01:15:59,880  
shut off your house and you get arrested

1809  
01:16:07,370 --> 01:16:03,300  
and shot so I think this guy's ESG score

1810  
01:16:09,110 --> 01:16:07,380  
has gone down doesn't matter doesn't

1811  
01:16:11,810 --> 01:16:09,120  
matter if it was a misunderstanding or

1812  
01:16:14,570 --> 01:16:11,820  
not he's got a personal profile he

1813  
01:16:16,910 --> 01:16:14,580

probably has a personal ESG score much

1814

01:16:18,250 --> 01:16:16,920

like what all the corporations have

1815

01:16:21,350 --> 01:16:18,260

and

1816

01:16:25,189 --> 01:16:21,360

that probably this Amazon system is tied

1817

01:16:27,470 --> 01:16:25,199

into it in some way and uh it it peaked

1818

01:16:31,070 --> 01:16:27,480

the threshold he uh he must have tipped

1819

01:16:36,410 --> 01:16:33,050

no

1820

01:16:39,470 --> 01:16:36,420

uh he wanted to talk to the manager of

1821

01:16:41,330 --> 01:16:39,480

Amazon for sure uh Jackson Who uh I read

1822

01:16:43,189 --> 01:16:41,340

that part uh finally when I asked what

1823

01:16:44,990 --> 01:16:43,199

time the alleged incident occurred I

1824

01:16:46,790 --> 01:16:45,000

realized it was practically impossible

1825

01:16:48,229 --> 01:16:46,800

for anyone in my house to have made

1826

01:16:50,810 --> 01:16:48,239

those comments he said practically

1827

01:16:54,110 --> 01:16:50,820

impossible but not impossible as nobody

1828

01:16:56,270 --> 01:16:54,120

was home around at that time around 6 pm

1829

01:16:58,070 --> 01:16:56,280

he wrote

1830

01:17:00,530 --> 01:16:58,080

um what that means is either your

1831

01:17:02,750 --> 01:17:00,540

doorbell is racist or someone broke into

1832

01:17:04,070 --> 01:17:02,760

your house and started screaming racist

1833

01:17:06,590 --> 01:17:04,080

stuff

1834

01:17:09,770 --> 01:17:06,600

I mean those those are your two options

1835

01:17:11,930 --> 01:17:09,780

options right there so so pick one I'm

1836

01:17:13,970 --> 01:17:11,940

gonna say racist stuff yeah Alice Jones

1837

01:17:17,750 --> 01:17:13,980

broke into your house and just started

1838

01:17:21,110 --> 01:17:17,760

speaking racist stuff into your doorbell

1839

01:17:22,729 --> 01:17:21,120

that would be so rad uh after reviewing

1840

01:17:25,010 --> 01:17:22,739

the doorbell footage he learned the

1841

01:17:28,850 --> 01:17:25,020

device had given an automatic reply

1842

01:17:31,250 --> 01:17:28,860

saying excuse me can I help you oh

1843

01:17:33,110 --> 01:17:31,260

that's very very derogative

1844

01:17:34,430 --> 01:17:33,120

that's very derogatory why would he say

1845

01:17:37,010 --> 01:17:34,440

such a thing

1846

01:17:38,870 --> 01:17:37,020

he also uh said the video showed the

1847

01:17:41,330 --> 01:17:38,880

driver had been wearing headphones

1848

01:17:43,370 --> 01:17:41,340

during the interaction it must have

1849

01:17:45,470 --> 01:17:43,380

interpreted the message must have

1850

01:17:47,990 --> 01:17:45,480

misinterpreted the message

1851  
01:17:50,810 --> 01:17:48,000  
the next day he was completely knocked

1852  
01:17:54,050 --> 01:17:50,820  
out of his account and it was for it was

1853  
01:17:56,810 --> 01:17:54,060  
rendered unusable during their internal

1854  
01:17:59,810 --> 01:17:56,820  
investigation so guilty until proven

1855  
01:18:01,370 --> 01:17:59,820  
innocent is the philosophy here

1856  
01:18:04,070 --> 01:18:01,380  
and this is what they want for everyone

1857  
01:18:06,229 --> 01:18:04,080  
they don't want you just like your homes

1858  
01:18:08,810 --> 01:18:06,239  
locked into this this is what the

1859  
01:18:10,850 --> 01:18:08,820  
digital passport is all about

1860  
01:18:12,770 --> 01:18:10,860  
which they're rolling out here soon for

1861  
01:18:13,970 --> 01:18:12,780  
everyone regardless of

1862  
01:18:16,130 --> 01:18:13,980  
is

1863  
01:18:18,470 --> 01:18:16,140

the the vaccine usefulness they want

1864

01:18:20,510 --> 01:18:18,480

everyone on the digital passport your

1865

01:18:22,010 --> 01:18:20,520

personal ESG score goes into it you'll

1866

01:18:23,510 --> 01:18:22,020

be locked out of your house you'll be

1867

01:18:25,310 --> 01:18:23,520

locked out of traveling you'll be locked

1868

01:18:28,370 --> 01:18:25,320

out of the grocery stores you'll be

1869

01:18:31,310 --> 01:18:28,380

locked out of everything you love drugs

1870

01:18:33,050 --> 01:18:31,320

or sex both

1871

01:18:34,970 --> 01:18:33,060

all of it

1872

01:18:37,189 --> 01:18:34,980

wasn't until six days later that he

1873

01:18:39,350 --> 01:18:37,199

regained access to his account with no

1874

01:18:42,050 --> 01:18:39,360

follow-up email to inform me of the

1875

01:18:44,689 --> 01:18:42,060

resolution which has led me to question

1876

01:18:47,510 --> 01:18:44,699

my relationship with Amazon you mean you

1877

01:18:50,270 --> 01:18:47,520

didn't immediately rip out all this [h\_\_h]

1878

01:18:53,270 --> 01:18:50,280

and throw it in the trash and sue them

1879

01:18:57,770 --> 01:18:56,270

that's for damn sure

1880

01:19:01,070 --> 01:18:57,780

there's got to be something in terms of

1881

01:19:03,370 --> 01:19:01,080

services that like you can't lock me out

1882

01:19:06,110 --> 01:19:03,380

of my house what if my baby was in there

1883

01:19:08,570 --> 01:19:06,120

screaming or like my baby's in the bath

1884

01:19:10,850 --> 01:19:08,580

I I ran out to get the mail but my I

1885

01:19:13,490 --> 01:19:10,860

left my baby in the bath

1886

01:19:15,950 --> 01:19:13,500

it's like the Tesla that locks the doors

1887

01:19:19,250 --> 01:19:15,960

lock automatically yes when it catches

1888

01:19:22,550 --> 01:19:19,260

on fire which is the the worst possible

1889

01:19:24,410 --> 01:19:22,560

scenario great when the ring doorbell

1890

01:19:28,010 --> 01:19:24,420

thinks you're racist

1891

01:19:30,770 --> 01:19:28,020

it should just disengage itself and stop

1892

01:19:32,990 --> 01:19:30,780

working not lock you in and not let you

1893

01:19:34,790 --> 01:19:33,000

out my baby's in the bath that's why I

1894

01:19:37,490 --> 01:19:34,800

was told Amazon like you look you lock

1895

01:19:39,050 --> 01:19:37,500

me out my babies in the bath and I'm not

1896

01:19:41,990 --> 01:19:39,060

gonna kick down my door

1897

01:19:46,189 --> 01:19:42,000

I'm not that strong my baby's not that

1898

01:19:49,729 --> 01:19:46,199

important but I want my baby it's in the

1899

01:19:52,550 --> 01:19:49,739

bath and then you can sue Amazon

1900

01:19:55,250 --> 01:19:52,560

you just gotta find a baby

1901

01:19:58,189 --> 01:19:55,260

uh after uh nearly a decade of loyalty

1902

01:20:00,590 --> 01:19:58,199

I've been given a a harsh reminder that

1903

01:20:03,169 --> 01:20:00,600

a misunderstanding can lead to such

1904

01:20:05,090 --> 01:20:03,179

drastic measures he wrote you see you

1905

01:20:07,790 --> 01:20:05,100

didn't learn a lesson that uh this might

1906

01:20:11,209 --> 01:20:07,800

be a technological overreach

1907

01:20:13,610 --> 01:20:11,219

uh not not just a misunderstanding

1908

01:20:15,470 --> 01:20:13,620

would just be

1909

01:20:19,310 --> 01:20:15,480

you misheard something and you carry on

1910

01:20:22,669 --> 01:20:19,320

with your day this was a past a

1911

01:20:24,709 --> 01:20:22,679

misunderstanding that it led to you

1912

01:20:26,149 --> 01:20:24,719

spending six days being locked out of

1913

01:20:27,470 --> 01:20:26,159

your house

1914

01:20:29,870 --> 01:20:27,480

yes

1915

01:20:31,729 --> 01:20:29,880

this is a huge problem

1916

01:20:34,070 --> 01:20:31,739

I it goes on to say it seems more

1917

01:20:36,410 --> 01:20:34,080

reasonable to handle such issues in a

1918

01:20:39,050 --> 01:20:36,420

more compartmentalized way rather than a

1919

01:20:42,110 --> 01:20:39,060

blanket shutdown of all services no this

1920

01:20:44,390 --> 01:20:42,120

is the New World Order you're in it this

1921

01:20:46,310 --> 01:20:44,400

is the New Order you just attached

1922

01:20:48,350 --> 01:20:46,320

yourself to it right away because you're

1923

01:20:50,689 --> 01:20:48,360

a Microsoft engineer and you're like I

1924

01:20:54,530 --> 01:20:50,699

like technology I'm going to put it in

1925

01:20:56,689 --> 01:20:54,540

every aspect of my life huh

1926

01:20:58,550 --> 01:20:56,699

uh due to this experience I'm seriously

1927

01:21:01,130 --> 01:20:58,560

considering discount uh discontinuing my

1928

01:21:03,770 --> 01:21:01,140

use of Amazon Echo devices and will

1929

01:21:06,229 --> 01:21:03,780

caution others about this incident

1930

01:21:09,050 --> 01:21:06,239

just the Amazon okay just get rid of it

1931

01:21:11,330 --> 01:21:09,060

why like why do you need a ring doorbell

1932

01:21:12,649 --> 01:21:11,340

why just look through the goddamn

1933

01:21:14,870 --> 01:21:12,659

peephole

1934

01:21:15,950 --> 01:21:14,880

I want to see if somebody's stealing my

1935

01:21:18,470 --> 01:21:15,960

packages

1936

01:21:19,610 --> 01:21:18,480

I I don't know what to say about that

1937

01:21:21,169 --> 01:21:19,620

but

1938

01:21:27,470 --> 01:21:21,179

go pick them up

1939

01:21:29,270 --> 01:21:27,480

he this guy learned his lesson he needs

1940

01:21:32,209 --> 01:21:29,280

to get the fact that he's still like I'm

1941

01:21:34,430 --> 01:21:32,219

gonna consider maybe removing these

1942

01:21:36,470 --> 01:21:34,440

things from my house it's like you you

1943

01:21:38,689 --> 01:21:36,480

get rid of them immediately

1944

01:21:40,250 --> 01:21:38,699

well the University of Maryland graduate

1945

01:21:43,130 --> 01:21:40,260

said he's not considering using

1946

01:21:46,250 --> 01:21:43,140

Raspberry Pi devices rather than those

1947

01:21:46,260 --> 01:21:50,450

whatever

1948

01:21:55,070 --> 01:21:52,330

all right we've got a couple other

1949

01:21:56,930 --> 01:21:55,080

options for you to pick through we've

1950

01:21:58,189 --> 01:21:56,940

got

1951

01:22:01,430 --> 01:21:58,199

um

1952

01:22:06,169 --> 01:22:01,440

Arizona mom who fell victim to AI

1953

01:22:08,570 --> 01:22:06,179

kidnapping scam testifies in Senate

1954

01:22:11,209 --> 01:22:08,580

okay we have all right because I I have

1955

01:22:13,130 --> 01:22:11,219

ai news too but uh it's a of a different

1956

01:22:14,810 --> 01:22:13,140

variety but is it better it might be

1957

01:22:18,350 --> 01:22:14,820

better than this I just like the idea

1958

01:22:20,930 --> 01:22:18,360

that there there might be AI kidnappings

1959

01:22:22,850 --> 01:22:20,940

um I'll read my AI first because okay

1960

01:22:24,410 --> 01:22:22,860

this is kind of in line with what

1961

01:22:25,790 --> 01:22:24,420

cretched would want

1962

01:22:28,189 --> 01:22:25,800

okay

1963

01:22:29,930 --> 01:22:28,199

what would Christian do

1964

01:22:32,990 --> 01:22:29,940

so here's a headline here you would read

1965

01:22:35,090 --> 01:22:33,000

yours uh Hardy's and Carl's Jr's

1966

01:22:36,890 --> 01:22:35,100

introduce artificial intelligent

1967

01:22:38,930 --> 01:22:36,900

drive-throughs

1968

01:22:41,209 --> 01:22:38,940

that's some good news on that front and

1969

01:22:44,570 --> 01:22:41,219

there there is a story attached to this

1970

01:22:47,450 --> 01:22:44,580

so I will play the story but yeah uh no

1971

01:22:51,169 --> 01:22:47,460

more uh drive-through person you're

1972

01:22:54,169 --> 01:22:51,179

gonna get a drive through AI which you

1973

01:22:56,149 --> 01:22:54,179

know I'm not immediately against you

1974

01:22:59,930 --> 01:22:56,159

know I'm not immediately against this

1975

01:23:01,790 --> 01:22:59,940

there could be some some benefit here my

1976

01:23:02,870 --> 01:23:01,800

buddy's doing this what do you mean with

1977

01:23:05,689 --> 01:23:02,880

a company

1978

01:23:07,970 --> 01:23:05,699

uh that he runs here in Denver that's

1979

01:23:10,850 --> 01:23:07,980

doing oh he's programming this stuff for

1980

01:23:12,470 --> 01:23:10,860

yeah for drive-throughs yeah okay well

1981

01:23:16,430 --> 01:23:12,480

let's uh let's listen

1982

01:23:18,890 --> 01:23:16,440

Carl's Jr's Hardee's AI drive-throughs

1983

01:23:20,930 --> 01:23:18,900

as part of a company-wide initiative the

1984

01:23:22,490 --> 01:23:20,940

Hardee's on Golf Road in Eau Claire has

1985

01:23:25,490 --> 01:23:22,500

introduced a new member to its

1986

01:23:27,649 --> 01:23:25,500

drive-through staff weau's JD Danielson

1987

01:23:29,750 --> 01:23:27,659

made the drive through to interact

1988

01:23:30,649 --> 01:23:29,760

one-on-one with this new member of the

1989

01:23:33,830 --> 01:23:30,659

team

1990

01:23:36,169 --> 01:23:33,840

welcome to Hardee's my name is Tori what

1991

01:23:38,149 --> 01:23:36,179

can I make fresh for you Tori is an

1992

01:23:40,550 --> 01:23:38,159

artificial intelligence device brought

1993

01:23:42,530 --> 01:23:40,560

to Hardy's and Carl's Jr in order to

1994

01:23:44,689 --> 01:23:42,540

boost accuracy speed

1995

01:23:47,870 --> 01:23:44,699

Revenue in the drive-through ordering

1996

01:23:49,430 --> 01:23:47,880

process during the pandemic the majority

1997

01:23:51,950 --> 01:23:49,440

of our business shifted to what we call

1998

01:23:53,570 --> 01:23:51,960

off-premise which is a majority of drive

1999

01:23:55,550 --> 01:23:53,580

through but what we had to do oh right

2000

01:23:57,649 --> 01:23:55,560

was we had to evaluate our drive-through

2001  
01:23:59,810 --> 01:23:57,659  
business to see how we could become more

2002  
01:24:02,030 --> 01:23:59,820  
efficient by using Tori as the order

2003  
01:24:05,149 --> 01:24:02,040  
taker VP of Northland Management

2004  
01:24:07,250 --> 01:24:05,159  
Services Sam Monger says human employees

2005  
01:24:09,169 --> 01:24:07,260  
can focus on greater needs for the

2006  
01:24:10,310 --> 01:24:09,179  
restaurant we really were looking for

2007  
01:24:12,770 --> 01:24:10,320  
ways to make that drive through more

2008  
01:24:14,450 --> 01:24:12,780  
efficient and the best way that we can

2009  
01:24:16,610 --> 01:24:14,460  
do that is by freeing up our management

2010  
01:24:18,830 --> 01:24:16,620  
to do other things things like training

2011  
01:24:21,590 --> 01:24:18,840  
things like you know making sure

2012  
01:24:24,050 --> 01:24:21,600  
accuracy of orders food quality things

2013  
01:24:26,689 --> 01:24:24,060

like that and so by having Tori take all

2014

01:24:28,010 --> 01:24:26,699

the orders it essentially freed up the

2015

01:24:29,930 --> 01:24:28,020

management team to be able to go and

2016

01:24:32,209 --> 01:24:29,940

assess other parts of the restaurant one

2017

01:24:34,850 --> 01:24:32,219

of Tori's most efficient qualities is

2018

01:24:37,130 --> 01:24:34,860

her ability to upsell something noted by

2019

01:24:39,530 --> 01:24:37,140

one of the services providers Presto

2020

01:24:40,970 --> 01:24:39,540

automation we actually ran our

2021

01:24:43,189 --> 01:24:40,980

distribution center out of apple pies

2022

01:24:46,310 --> 01:24:43,199

the first week because Tori never is an

2023

01:24:47,530 --> 01:24:46,320

upsell opportunity she's she's spot on

2024

01:24:50,870 --> 01:24:47,540

every time

2025

01:24:52,970 --> 01:24:50,880

she's extremely accurate and if you know

2026

01:24:55,130 --> 01:24:52,980

AI is kind of it kind of depends on

2027

01:24:57,729 --> 01:24:55,140

the on the vendor but our particular one

2028

01:25:00,890 --> 01:24:57,739

Tori is extremely personable and so

2029

01:25:03,590 --> 01:25:00,900

they just be crazy AI is taking jobs

2030

01:25:06,410 --> 01:25:03,600

away from humans Monger assures that

2031

01:25:08,570 --> 01:25:06,420

won't be the case we're still not fully

2032

01:25:09,530 --> 01:25:08,580

staffed and so we're not overly

2033

01:25:11,330 --> 01:25:09,540

concerned that that's going to be an

2034

01:25:13,850 --> 01:25:11,340

issue at this particular time looking

2035

01:25:15,950 --> 01:25:13,860

ahead Monger is confident in the future

2036

01:25:17,330 --> 01:25:15,960

of AI drive-throughs we would love to

2037

01:25:18,770 --> 01:25:17,340

grow it you know we're like I said

2038

01:25:21,350 --> 01:25:18,780

before we're somewhat in the early

2039

01:25:23,270 --> 01:25:21,360

stages of this test but if the

2040

01:25:25,130 --> 01:25:23,280

preliminary results are indicative of

2041

01:25:26,990 --> 01:25:25,140

some of the longer term results our plan

2042

01:25:28,910 --> 01:25:27,000

is to start to try to roll us out in

2043

01:25:32,270 --> 01:25:28,920

more locations you know Claire JD

2044

01:25:34,370 --> 01:25:32,280

Danielson WEAU 13 News

2045

01:25:36,410 --> 01:25:34,380

computers bro future rollouts occur

2046

01:25:38,270 --> 01:25:36,420

Monger says the AI will be placed in

2047

01:25:44,630 --> 01:25:38,280

high traffic locations

2048

01:25:48,709 --> 01:25:44,640

taking uh jobs away from people like

2049

01:25:50,930 --> 01:25:48,719

what if I was like my entire career was

2050

01:25:53,209 --> 01:25:50,940

a drive-through guy I'm the best I'm the

2051

01:25:54,830 --> 01:25:53,219

best in the state this is what I do I

2052

01:25:56,870 --> 01:25:54,840

get poached from other companies to come

2053

01:25:59,810 --> 01:25:56,880

work at their drive through I'm I'm like

2054

01:26:01,250 --> 01:25:59,820

the best there is and then now ai is

2055

01:26:03,229 --> 01:26:01,260

going to take my career path away from

2056

01:26:05,390 --> 01:26:03,239

me from being the best I work 20 years

2057

01:26:07,850 --> 01:26:05,400

to be the best drafter guy in the town

2058

01:26:12,050 --> 01:26:07,860

the Tri-County area no ai's going to

2059

01:26:16,810 --> 01:26:14,810

they're coming for everybody's jobs all

2060

01:26:19,010 --> 01:26:16,820

these

2061

01:26:20,810 --> 01:26:19,020

low-skilled jobs will be automated

2062

01:26:22,189 --> 01:26:20,820

they've already been Outsourcing a lot

2063

01:26:25,070 --> 01:26:22,199

of the drive-throughs when you go

2064

01:26:28,010 --> 01:26:25,080

through them they're rerouting you

2065

01:26:30,290 --> 01:26:28,020

through like the Philippines in real

2066

01:26:31,850 --> 01:26:30,300

time you're talking to somebody that's

2067

01:26:33,050 --> 01:26:31,860

not even anywhere not even on the

2068

01:26:36,110 --> 01:26:33,060

premises

2069

01:26:38,149 --> 01:26:36,120

um maybe even not even in the country so

2070

01:26:39,770 --> 01:26:38,159

this is just the evolution of things I

2071

01:26:43,010 --> 01:26:39,780

mean we push really hard to make sure

2072

01:26:44,990 --> 01:26:43,020

that we get these a living wage right

2073

01:26:47,390 --> 01:26:45,000

and as you start to ask for more money

2074

01:26:51,050 --> 01:26:47,400

is this minimum wage you get to a point

2075

01:26:55,070 --> 01:26:51,060

where they make calculations and they go

2076

01:26:57,530 --> 01:26:55,080

robot is cheaper doesn't need all the

2077

01:27:00,350 --> 01:26:57,540

scheduling issues doesn't need we don't

2078

01:27:02,390 --> 01:27:00,360

need to pay them Dental we don't need to

2079

01:27:04,370 --> 01:27:02,400

there's no [h\_\_\h] about your

2080

01:27:06,830 --> 01:27:04,380

girlfriend dumped you we've just got the

2081

01:27:09,050 --> 01:27:06,840

robot and the robot works all the time

2082

01:27:12,169 --> 01:27:09,060

I want my robot with good teeth though

2083

01:27:13,550 --> 01:27:12,179

my robot I want Prime Time teeth it's

2084

01:27:16,010 --> 01:27:13,560

got to have the top-notch teeth though

2085

01:27:19,390 --> 01:27:16,020

vanilla bought computers yeah I want

2086

01:27:23,629 --> 01:27:22,790

let's take a look at your uh AI article

2087

01:27:28,370 --> 01:27:23,639

um

2088

01:27:38,090 --> 01:27:28,380

now uh What's the title of that one

2089

01:27:43,010 --> 01:27:40,970

Arizona Mom okay let's bring this up on

2090

01:27:46,790 --> 01:27:43,020

screen right here

2091

01:27:49,310 --> 01:27:46,800

uh mom these bad men had me help me help

2092

01:27:51,950 --> 01:27:49,320

me Arizona mom of two targeted in deep

2093

01:27:54,709 --> 01:27:51,960

fake kidnapping scam gives a gripping

2094

01:27:57,290 --> 01:27:54,719

testimony revealing how AI impersonated

2095

01:28:00,350 --> 01:27:57,300

her 15 year old daughter's voice as a

2096

01:28:03,649 --> 01:28:00,360

man threatened to have his way with her

2097

01:28:06,050 --> 01:28:03,659

man I got mixed emotions about this one

2098

01:28:08,750 --> 01:28:06,060

now I've been I mean people accuse me of

2099

01:28:13,189 --> 01:28:08,760

using AI voice all the time to

2100

01:28:16,610 --> 01:28:13,199

impersonate Joe or or Hulk Hogan uh it's

2101

01:28:19,669 --> 01:28:16,620

really tough to uh to know so like this

2102

01:28:21,530 --> 01:28:19,679

is the latest what I did hi this is Alex

2103

01:28:23,750 --> 01:28:21,540

Jones speaking on behalf of the from the

2104

01:28:25,370 --> 01:28:23,760

our big dumb mouth podcast yeah I've

2105

01:28:27,410 --> 01:28:25,380

been talking to certain in people on the

2106

01:28:29,110 --> 01:28:27,420

phone thing lately yeah yeah yeah does

2107

01:28:33,770 --> 01:28:29,120

that sound like Alex Jones to you

2108

01:28:40,010 --> 01:28:37,090

it doesn't sound like a good

2109

01:28:41,870 --> 01:28:40,020

uh Al Alex Jones and I have some of the

2110

01:28:43,310 --> 01:28:41,880

best Alex Jones clips that they're you

2111

01:28:45,890 --> 01:28:43,320

could ever want

2112

01:28:47,990 --> 01:28:45,900

and I I I tried like hell to make it

2113

01:28:50,629 --> 01:28:48,000

sound like him I couldn't do it but what

2114

01:28:53,689 --> 01:28:50,639

if we could get to a point where you

2115

01:28:56,750 --> 01:28:53,699

could have your own the AI was so

2116

01:28:59,870 --> 01:28:56,760

Advanced and so customizable that you

2117

01:29:02,149 --> 01:28:59,880

could in fact set it so that whenever

2118

01:29:03,850 --> 01:29:02,159

you're so that like let's as an example

2119

01:29:03,950 --> 01:29:03,860

your

2120

01:29:05,050 --> 01:29:03,960

[Music]

2121

01:29:06,780 --> 01:29:05,060

um

2122

01:29:16,669 --> 01:29:06,790

your

2123

01:29:18,350 --> 01:29:16,679

have it set to be Alex Jones giving you

2124

01:29:20,689 --> 01:29:18,360

directions I would love it if I could

2125

01:29:23,090 --> 01:29:20,699

put my own voice that I want that I

2126

01:29:26,450 --> 01:29:23,100

respond to when I'm driving then that'd

2127

01:29:29,149 --> 01:29:26,460

be fantastic like I mean just an extra

2128

01:29:31,310 --> 01:29:29,159

you know you you pay an extra you know a

2129

01:29:32,629 --> 01:29:31,320

dollar a month and you know dollar a

2130

01:29:33,770 --> 01:29:32,639

month don't give me any ideas Charlie

2131

01:29:36,169 --> 01:29:33,780

like we don't we don't need another

2132

01:29:37,370 --> 01:29:36,179

subscription just like I'll buy the

2133

01:29:39,890 --> 01:29:37,380

service that's it I don't need to

2134

01:29:41,930 --> 01:29:39,900

subscribe to something because yeah I

2135

01:29:44,870 --> 01:29:41,940

guess the AI voice model for Alex Jones

2136

01:29:47,570 --> 01:29:44,880

that I have uh it's not that good it is

2137

01:29:49,729 --> 01:29:47,580

very adderally it's two pack okay and

2138

01:29:52,129 --> 01:29:49,739

finish with a medium fountain drink it's

2139

01:29:53,470 --> 01:29:52,139

all happening remember I'll be that

2140

01:29:55,669 --> 01:29:53,480

worked

2141

01:29:57,470 --> 01:29:55,679

yo yo yo

2142

01:30:01,910 --> 01:29:57,480

yeah

2143

01:30:06,890 --> 01:30:04,610

but uh in Arizona mother has delivered

2144

01:30:08,930 --> 01:30:06,900

an emotional testimony recounting a

2145

01:30:10,910 --> 01:30:08,940

horrifying ordeal in which scammers use

2146

01:30:12,830 --> 01:30:10,920

artificial intelligence to emulate her

2147

01:30:16,490 --> 01:30:12,840

daughter's voice and Stage a fake

2148

01:30:20,149 --> 01:30:16,500

kidnapping to demand Ransom

2149

01:30:22,610 --> 01:30:20,159

uh Jennifer this the novel

2150

01:30:24,229 --> 01:30:22,620

uh spoke before the Senate Judiciary

2151

01:30:26,390 --> 01:30:24,239

community in a hearing on Tuesday

2152

01:30:28,669 --> 01:30:26,400

describing her Terror upon receiving a

2153

01:30:32,209 --> 01:30:28,679

phone call in April from scammers

2154

01:30:35,390 --> 01:30:32,219

demanding one million dollars for the

2155

01:30:39,169 --> 01:30:35,400

safe return of her 15 year old daughter

2156

01:30:41,890 --> 01:30:39,179

Bree that's a lot to pay for a 15 year

2157

01:30:44,510 --> 01:30:41,900

old yeah give me money give me [h\_\_h]

2158

01:30:46,990 --> 01:30:44,520

uh while the ruse fell apart in mere

2159

01:30:49,490 --> 01:30:47,000

minutes after just uh this NATO

2160

01:30:52,310 --> 01:30:49,500

contacted Bree in confirmness she was

2161

01:30:54,590 --> 01:30:52,320

safe on a ski trip the uh the pure fear

2162

01:30:55,970 --> 01:30:54,600

the Miller the mother felt when she

2163

01:30:58,790 --> 01:30:55,980

heard the sounds what like the girls

2164

01:31:00,530 --> 01:30:58,800

plea for help was utterly real and yeah

2165

01:31:02,390 --> 01:31:00,540

I can only imagine what a parent must

2166

01:31:04,490 --> 01:31:02,400

feel when they're like they hear their

2167

01:31:07,070 --> 01:31:04,500

kid what they think is their kid

2168

01:31:09,350 --> 01:31:07,080

screaming or I guess just talking for

2169

01:31:14,750 --> 01:31:09,360

help because it's tough to replicate

2170

01:31:18,649 --> 01:31:14,760

screams uh like in AI I've noticed so

2171

01:31:24,410 --> 01:31:20,750

like but if you had them whisper

2172

01:31:27,470 --> 01:31:24,420

something like you know mom I've been

2173

01:31:31,430 --> 01:31:27,480

kidnapped they got me okay and you

2174

01:31:33,649 --> 01:31:31,440

weren't hysterical but really subdued

2175

01:31:35,450 --> 01:31:33,659

you could probably fool some people I

2176  
01:31:37,060 --> 01:31:35,460  
mean we're getting to that point where

2177  
01:31:38,270 --> 01:31:37,070  
the AI

2178  
01:31:41,390 --> 01:31:38,280  
[Music]

2179  
01:31:44,990 --> 01:31:41,400  
pretty good it's not great but it's

2180  
01:31:50,149 --> 01:31:45,000  
I'm trying to do this right now

2181  
01:31:52,370 --> 01:31:50,159  
uh um this is a help I have

2182  
01:31:53,750 --> 01:31:52,380  
been

2183  
01:31:56,870 --> 01:31:53,760  
kid

2184  
01:31:56,880 --> 01:31:59,030  
it

2185  
01:32:03,350 --> 01:32:01,370  
I'm trying to try to do this like I'm

2186  
01:32:07,930 --> 01:32:03,360  
trying to spill it out and yell it and

2187  
01:32:10,850 --> 01:32:07,940  
then uh ARG ARG yeah

2188  
01:32:13,850 --> 01:32:10,860

okay yeah I'll see

2189

01:32:15,890 --> 01:32:13,860

uh and then we'll see uh our our Buddy

2190

01:32:17,870 --> 01:32:15,900

Joe he's been kidnapped it's like oh my

2191

01:32:18,709 --> 01:32:17,880

god let's let's see I'm doing it right

2192

01:32:20,930 --> 01:32:18,719

now

2193

01:32:22,209 --> 01:32:20,940

let's see what it is uh help I have been

2194

01:32:27,390 --> 01:32:22,219

kidnapped

2195

01:32:35,169 --> 01:32:32,890

[Laughter]

2196

01:32:37,669 --> 01:32:35,179

he's

2197

01:32:38,629 --> 01:32:37,679

definitely been kidnapped okay they got

2198

01:32:42,530 --> 01:32:38,639

him

2199

01:32:44,629 --> 01:32:42,540

we gotta we're gonna have to do a

2200

01:32:46,490 --> 01:32:44,639

fundraiser that sounds like Joe when

2201

01:32:50,090 --> 01:32:46,500

he's terrified he certainly does he

2202

01:32:51,490 --> 01:32:50,100

screams like that I mean uh help I have

2203

01:32:55,189 --> 01:32:51,500

been kidnapped

2204

01:32:59,930 --> 01:32:55,199

yo remember oh yeah let's go it's

2205

01:33:02,810 --> 01:32:59,940

definitely Joe yeah uh R.I.P Joe sorry I

2206

01:33:05,209 --> 01:33:02,820

mean leaves with a broken foot and

2207

01:33:06,770 --> 01:33:05,219

ends kidnapped by

2208

01:33:09,950 --> 01:33:06,780

who were these people where were they

2209

01:33:12,550 --> 01:33:09,960

from uh so here I wonder if they so the

2210

01:33:16,610 --> 01:33:12,560

ruse fell apart in mere minutes

2211

01:33:18,290 --> 01:33:16,620

uh uh though Bree did does not have any

2212

01:33:20,330 --> 01:33:18,300

public social media accounts her voice

2213

01:33:22,910 --> 01:33:20,340

can be heard on a handful of interviews

2214

01:33:24,830 --> 01:33:22,920

for school in sports uh her mom said

2215

01:33:27,410 --> 01:33:24,840

warning parents to be aware of how

2216

01:33:30,530 --> 01:33:27,420

easily is how easily scammers can

2217

01:33:33,229 --> 01:33:30,540

replicate a loved one's voice uh she

2218

01:33:35,390 --> 01:33:33,239

testified that it was a typical Friday

2219

01:33:37,189 --> 01:33:35,400

afternoon when she received a call from

2220

01:33:38,629 --> 01:33:37,199

an unknown number which she decided to

2221

01:33:39,590 --> 01:33:38,639

pick up thinking it might be a call from

2222

01:33:41,450 --> 01:33:39,600

a doctor

2223

01:33:44,149 --> 01:33:41,460

and doctors always calling from unknown

2224

01:33:46,129 --> 01:33:44,159

mysterious numbers yeah they're sneaky

2225

01:33:48,649 --> 01:33:46,139

yeah they're very sneaky

2226

01:33:50,750 --> 01:33:48,659

I answered the phone hello

2227

01:33:53,570 --> 01:33:50,760

uh and on the other end was my daughter

2228

01:33:55,129 --> 01:33:53,580

Bree sobbing and crying how do you do

2229

01:33:58,189 --> 01:33:55,139

sobbing crying

2230

01:34:02,149 --> 01:33:58,199

how do you do uh how do you do that like

2231

01:34:03,850 --> 01:34:02,159

I I like uh it'd be like sniff

2232

01:34:06,950 --> 01:34:03,860

sniff

2233

01:34:09,350 --> 01:34:06,960

uh cry like something like that right

2234

01:34:13,910 --> 01:34:09,360

sniff sniff cry

2235

01:34:16,490 --> 01:34:13,920

uh crying sad face maybe something like

2236

01:34:19,790 --> 01:34:16,500

that I'll put a sad face in here and see

2237

01:34:26,270 --> 01:34:21,950

let me see if Joe can do this and be sad

2238

01:34:36,610 --> 01:34:30,890

our our sniff sniff crying sad face I

2239

01:34:43,129 --> 01:34:39,490

okay well

2240

01:34:48,070 --> 01:34:43,139

he sounds like he's drugged yeah they

2241

01:34:52,070 --> 01:34:50,270

goes back here the mother for at first

2242

01:34:53,930 --> 01:34:52,080

thought that her daughter had hurt

2243

01:34:55,550 --> 01:34:53,940

herself at us on a ski trip and

2244

01:34:57,229 --> 01:34:55,560

maintained her co-asking the girl what

2245

01:34:59,990 --> 01:34:57,239

had happened Brianna continued with Mom

2246

01:35:01,669 --> 01:35:00,000

I messed up with more crying and sobbing

2247

01:35:03,350 --> 01:35:01,679

not thinking twice about I asked her

2248

01:35:05,689 --> 01:35:03,360

again okay what happened come on

2249

01:35:08,149 --> 01:35:05,699

continue suddenly a man's voice barked

2250

01:35:10,189 --> 01:35:08,159

at her lay down and put your head back

2251

01:35:11,870 --> 01:35:10,199

at the moment I started to panic my

2252

01:35:13,790 --> 01:35:11,880

concern escalated and I demanded know

2253

01:35:16,250 --> 01:35:13,800

what was going on but nothing could have

2254

01:35:19,850 --> 01:35:16,260

prepared me for her response mom these

2255

01:35:25,330 --> 01:35:19,860

been bad men have me please help help me

2256

01:35:28,610 --> 01:35:27,410

then the threatening voice came back and

2257

01:35:31,550 --> 01:35:28,620

it's like listen here I have your

2258

01:35:33,410 --> 01:35:31,560

daughter tell me uh you uh you tell

2259

01:35:35,930 --> 01:35:33,420

anyone you call the cops I'm going to

2260

01:35:37,729 --> 01:35:35,940

pump her stomach's so full of drugs I'm

2261

01:35:39,770 --> 01:35:37,739

going to have my way with her drop her

2262

01:35:42,410 --> 01:35:39,780

in Mexico and you'll never see her again

2263

01:35:44,629 --> 01:35:42,420

very elaborate plan right there

2264

01:35:46,070 --> 01:35:44,639

uh so they did they find these guys I

2265

01:35:49,310 --> 01:35:46,080

want to know that it was yeah unknown

2266

01:35:51,350 --> 01:35:49,320

number but big deal

2267

01:35:53,450 --> 01:35:51,360

the kidnappers demanded Ransom of one

2268

01:35:57,470 --> 01:35:53,460

million dollars

2269

01:35:59,450 --> 01:35:57,480

um but uh but when a panic uh Jennifer

2270

01:36:01,610 --> 01:35:59,460

told them that was impossible they

2271

01:36:03,590 --> 01:36:01,620

quickly lowered their demand to fifty

2272

01:36:06,350 --> 01:36:03,600

thousand dollars boy they really don't

2273

01:36:08,930 --> 01:36:06,360

know how to negotiate very good do they

2274

01:36:11,270 --> 01:36:08,940

they drop from a million straight down

2275

01:36:13,430 --> 01:36:11,280

to fifty thousand dollars you didn't try

2276

01:36:15,169 --> 01:36:13,440

to like go what about a half what about

2277

01:36:16,970 --> 01:36:15,179

a quarter million

2278

01:36:19,669 --> 01:36:16,980

let's talk here we're reasonable people

2279

01:36:22,010 --> 01:36:19,679

here huh

2280

01:36:24,530 --> 01:36:22,020

you testified at this moment the mom who

2281

01:36:26,870 --> 01:36:24,540

called 9-1-1 uh came inside and shared

2282

01:36:29,510 --> 01:36:26,880

with me that uh 911 was familiar with

2283

01:36:31,129 --> 01:36:29,520

the AI scam where they can replicate

2284

01:36:34,729 --> 01:36:31,139

your loved one's voice

2285

01:36:38,930 --> 01:36:37,250

some sort of new law right

2286

01:36:41,510 --> 01:36:38,940

if they're justifying before Congress

2287

01:36:43,790 --> 01:36:41,520

this has got to be uh this has got to be

2288

01:36:47,510 --> 01:36:43,800

some sort of new law where they want you

2289

01:36:51,410 --> 01:36:47,520

to voice print your voice as part of

2290

01:36:54,110 --> 01:36:51,420

your ID your online digital ID

2291

01:36:55,910 --> 01:36:54,120

so no one it's gonna be like like almost

2292

01:36:57,770 --> 01:36:55,920

like two-factor authentication like yeah

2293

01:36:59,810 --> 01:36:57,780

I got my password but in order to

2294

01:37:01,669 --> 01:36:59,820

confirm it's me logging in they send me

2295

01:37:04,010 --> 01:37:01,679

a number to my phone to confirm it's

2296

01:37:06,290 --> 01:37:04,020

really me and then the third step then I

2297

01:37:08,390 --> 01:37:06,300

gotta speak into my phone to confirm my

2298

01:37:10,850 --> 01:37:08,400

voice that's already part of some sort

2299

01:37:13,070 --> 01:37:10,860

of digital database so it's three-factor

2300

01:37:16,970 --> 01:37:13,080

Authentication

2301  
01:37:18,830 --> 01:37:16,980  
which is problem reaction solution yeah

2302  
01:37:20,570 --> 01:37:18,840  
yeah

2303  
01:37:23,270 --> 01:37:20,580  
um I want your voice

2304  
01:37:27,410 --> 01:37:25,430  
um meanwhile the outrage mom uh still

2305  
01:37:28,910 --> 01:37:27,420  
had the hoax kidnapers on the phone I

2306  
01:37:31,669 --> 01:37:28,920  
lashed at the men for such a horrible

2307  
01:37:33,290 --> 01:37:31,679  
attempt scam to go so far and pick my

2308  
01:37:35,209 --> 01:37:33,300  
dad who's kidnapping was beyond the

2309  
01:37:36,770 --> 01:37:35,219  
lowest low they continued to threaten to

2310  
01:37:39,649 --> 01:37:36,780  
kill Bree I made a promise I was going

2311  
01:37:41,149 --> 01:37:39,659  
to stop them uh that not only were they

2312  
01:37:42,770 --> 01:37:41,159  
never gonna hurt my daughter but they

2313  
01:37:45,290 --> 01:37:42,780

were never going to continue to harm

2314

01:37:48,290 --> 01:37:45,300

others with their scheme uh

2315

01:37:50,209 --> 01:37:48,300

inferioratingly uh Jennifer said that

2316

01:37:53,030 --> 01:37:50,219

when she tried to file a police report

2317

01:37:55,669 --> 01:37:53,040

the matter was brushed off as a prank

2318

01:37:59,149 --> 01:37:55,679

call

2319

01:38:02,330 --> 01:37:59,159

um see that's uh not a way to do it yeah

2320

01:38:05,209 --> 01:38:02,340

all right probably prank call her

2321

01:38:06,950 --> 01:38:05,219

uh she called on Congress to take action

2322

01:38:09,350 --> 01:38:06,960

to help prevent criminal abuse of

2323

01:38:11,270 --> 01:38:09,360

emerging AI Technologies as our world

2324

01:38:13,550 --> 01:38:11,280

moves at Lightning Fast uh Lightning

2325

01:38:16,129 --> 01:38:13,560

Fast Pace the human element of

2326

01:38:19,669 --> 01:38:16,139

familiarity that lays foundations to our

2327

01:38:22,070 --> 01:38:19,679

social fabric of what is known and what

2328

01:38:24,350 --> 01:38:22,080

is truth is being revolutionized with

2329

01:38:27,770 --> 01:38:24,360

artificial intelligence some for good

2330

01:38:30,649 --> 01:38:27,780

some for evil she said

2331

01:38:32,870 --> 01:38:30,659

so what is the ultimate here so I'm

2332

01:38:35,750 --> 01:38:32,880

trying to scroll down here

2333

01:38:37,250 --> 01:38:35,760

uh in a global survey seven of seven

2334

01:38:38,870 --> 01:38:37,260

thousand people from nine countries

2335

01:38:41,330 --> 01:38:38,880

including United States one in four

2336

01:38:44,450 --> 01:38:41,340

people said they have experienced an AI

2337

01:38:46,129 --> 01:38:44,460

voice clone scam or knew someone who had

2338

01:38:49,490 --> 01:38:46,139

I don't know have you ever experienced

2339

01:38:51,649 --> 01:38:49,500

an AI voice cloning scam

2340

01:38:53,390 --> 01:38:51,659

no no nearby

2341

01:38:55,070 --> 01:38:53,400

I mean I don't think I know anybody that

2342

01:38:57,590 --> 01:38:55,080

has

2343

01:38:59,390 --> 01:38:57,600

uh 70 of the respondents said that they

2344

01:39:01,550 --> 01:38:59,400

were not confident they could tell the

2345

01:39:03,649 --> 01:39:01,560

difference between a cloned voice and

2346

01:39:05,330 --> 01:39:03,659

the real thing

2347

01:39:07,070 --> 01:39:05,340

huh

2348

01:39:09,250 --> 01:39:07,080

it was like Ferris Bueller's stuff

2349

01:39:11,990 --> 01:39:09,260

remember when he had the the

2350

01:39:13,610 --> 01:39:12,000

pre-recorded answers that he could just

2351  
01:39:16,669 --> 01:39:13,620  
kind of push the button on the keyboard

2352  
01:39:19,550 --> 01:39:16,679  
and it would play yeah feels like maybe

2353  
01:39:21,530 --> 01:39:19,560  
this was like a pre-recorded a

2354  
01:39:23,629 --> 01:39:21,540  
soundboard like yeah we have a

2355  
01:39:27,169 --> 01:39:23,639  
soundboard of your daughter's voice push

2356  
01:39:30,350 --> 01:39:27,179  
this button here oh no I've been

2357  
01:39:32,510 --> 01:39:30,360  
kidnapped and you know

2358  
01:39:35,510 --> 01:39:32,520  
uh

2359  
01:39:38,390 --> 01:39:35,520  
okay in the in the comments beneath the

2360  
01:39:40,970 --> 01:39:38,400  
ftc's warnings were multiple testimonies

2361  
01:39:43,189 --> 01:39:40,980  
of elderly people who were duped that

2362  
01:39:46,310 --> 01:39:43,199  
way so yes this is the old people you

2363  
01:39:48,350 --> 01:39:46,320

can get old people to uh to believe this

2364

01:39:50,750 --> 01:39:48,360

stuff no problem

2365

01:39:52,669 --> 01:39:50,760

yeah they're slow yeah moving yeah yeah

2366

01:39:54,169 --> 01:39:52,679

I'm gonna try to get through this yeah

2367

01:39:55,669 --> 01:39:54,179

I'm gonna try to get through this video

2368

01:39:57,709 --> 01:39:55,679

without crying but I need to address

2369

01:39:59,510 --> 01:39:57,719

this and take accountability yeah to all

2370

01:40:01,610 --> 01:39:59,520

my POG Champs and piss babies I'm sorry

2371

01:40:04,370 --> 01:40:01,620

pilled to all the himbo Simpsons and

2372

01:40:06,290 --> 01:40:04,380

Normie incels F in the chat I horny

2373

01:40:08,149 --> 01:40:06,300

posted on Maine and that was cringe core

2374

01:40:10,430 --> 01:40:08,159

to say the least it was I'm working hard

2375

01:40:12,950 --> 01:40:10,440

to stop being the [h\_\_\h] lib Sigma come

2376

01:40:14,930 --> 01:40:12,960

Lord I'm working hard every day to be

2377

01:40:16,910 --> 01:40:14,940

the turbocharged mommy Dom gamer girl

2378

01:40:19,250 --> 01:40:16,920

that I know that I can be

2379

01:40:21,169 --> 01:40:19,260

yeah

2380

01:40:22,850 --> 01:40:21,179

he's out of his mind I call it my

2381

01:40:25,510 --> 01:40:22,860

grandparents for that message like oh my

2382

01:40:27,770 --> 01:40:25,520

God it's all cooking

2383

01:40:29,209 --> 01:40:27,780

we gotta give money

2384

01:40:33,470 --> 01:40:29,219

that's

2385

01:40:35,290 --> 01:40:33,480

it's going uh I'll take a look through

2386

01:40:39,850 --> 01:40:35,300

here for uh just a

2387

01:40:41,870 --> 01:40:39,860

one or two more stories here

2388

01:40:46,189 --> 01:40:41,880

[Applause]

2389

01:40:49,669 --> 01:40:46,199

one or two more stories this was sent in

2390

01:40:52,189 --> 01:40:51,169

and we have to do this and I think we

2391

01:40:55,070 --> 01:40:52,199

were on The Cutting Edge of this

2392

01:40:56,810 --> 01:40:55,080

information bringing these uh

2393

01:40:59,090 --> 01:40:56,820

bring these kind of headlines to the

2394

01:41:03,229 --> 01:40:59,100

people out there but here it is colossal

2395

01:41:07,070 --> 01:41:03,239

asteroid the size of 99 narwhals to pass

2396

01:41:09,169 --> 01:41:07,080

Earth Thursday says NASA I love that

2397

01:41:11,270 --> 01:41:09,179

headline

2398

01:41:14,390 --> 01:41:11,280

do you know what a narwhal is that's one

2399

01:41:16,430 --> 01:41:14,400

of those things with those uh C unicorn

2400

01:41:19,189 --> 01:41:16,440

yeah it's got those that horns on it

2401

01:41:21,470 --> 01:41:19,199

right yes it does yeah that's that's

2402

01:41:22,850 --> 01:41:21,480

what I I know that much and I only know

2403

01:41:26,410 --> 01:41:22,860

that from cartoons

2404

01:41:29,330 --> 01:41:26,420

they are having some fun with the size

2405

01:41:31,250 --> 01:41:29,340

ratio equations well I don't even know

2406

01:41:34,010 --> 01:41:31,260

how big a narwhal is so this is like not

2407

01:41:35,930 --> 01:41:34,020

making like me feel anxious or

2408

01:41:38,930 --> 01:41:35,940

optimistic I don't know like how big is

2409

01:41:40,669 --> 01:41:38,940

your average narwhal it depends on the

2410

01:41:43,250 --> 01:41:40,679

age yeah I guess you're right

2411

01:41:46,189 --> 01:41:43,260

uh colossal asteroid the size of nearly

2412

01:41:50,030 --> 01:41:46,199

99 narwhals is set to pass by Earth on

2413

01:41:51,189 --> 01:41:50,040

Thursday uh June 15th so tomorrow uh get

2414

01:41:54,370 --> 01:41:51,199

ready people

2415

01:41:57,250 --> 01:41:54,380

uh the uh

2416

01:42:01,310 --> 01:41:57,260

uh so this uh this animal

2417

01:42:03,649 --> 01:42:01,320

uh has been good no this is

2418

01:42:05,209 --> 01:42:03,659

where does it come on I just needed the

2419

01:42:08,209 --> 01:42:05,219

actual

2420

01:42:10,490 --> 01:42:08,219

information here so

2421

01:42:14,629 --> 01:42:10,500

how big is this asteroid coming to Earth

2422

01:42:15,790 --> 01:42:14,639

so asteroid 2020 DB5 is truly colossal

2423

01:42:17,470 --> 01:42:15,800

in size

2424

01:42:20,270 --> 01:42:17,480

uh

2425

01:42:23,510 --> 01:42:20,280

850 meters that's absolutely enormous

2426  
01:42:26,090 --> 01:42:23,520  
even for a near-earth asteroid of course

2427  
01:42:27,830 --> 01:42:26,100  
bigger ones do exist such as Cirrus and

2428  
01:42:30,050 --> 01:42:27,840  
16 psyche

2429  
01:42:32,570 --> 01:42:30,060  
um but they're much farther away

2430  
01:42:34,609 --> 01:42:32,580  
so how can we put the into a figure that

2431  
01:42:37,669 --> 01:42:34,619  
is something more easily to understand

2432  
01:42:39,950 --> 01:42:37,679  
well we can use the metric system or

2433  
01:42:43,010 --> 01:42:39,960  
something like that or we can use

2434  
01:42:45,350 --> 01:42:43,020  
narwhals yes narwhals so narwhals are

2435  
01:42:48,649 --> 01:42:45,360  
the unicorns of the sea beings large

2436  
01:42:51,530 --> 01:42:48,659  
like beluga whales like uh okay so but

2437  
01:42:54,649 --> 01:42:51,540  
they have a possess a large mass of Tusk

2438  
01:42:57,290 --> 01:42:54,659

out the front of their heads so

2439

01:43:00,290 --> 01:42:57,300

they're truly destructive like little

2440

01:43:03,470 --> 01:43:00,300

creatures look at that guy they uh they

2441

01:43:06,709 --> 01:43:03,480

can grow to as much as 5.5 meters in

2442

01:43:09,350 --> 01:43:06,719

length so the Tusk however can grow as

2443

01:43:12,530 --> 01:43:09,360

much as three meters that gives the

2444

01:43:15,590 --> 01:43:12,540

Narwhals a maximum total length of 8.6

2445

01:43:16,970 --> 01:43:15,600

meters that's almost two ostriches in

2446

01:43:20,390 --> 01:43:16,980

length

2447

01:43:22,669 --> 01:43:20,400

almost I think it's way way bigger on

2448

01:43:25,490 --> 01:43:22,679

two ostriches

2449

01:43:29,090 --> 01:43:25,500

well it depends on how you lay them out

2450

01:43:31,129 --> 01:43:29,100

like in Austin like one ostrich is like

2451

01:43:33,470 --> 01:43:31,139

it's got to be huge

2452

01:43:37,370 --> 01:43:33,480

they're pretty big

2453

01:43:38,629 --> 01:43:37,380

okay they're super aggressive

2454

01:43:40,510 --> 01:43:38,639

um all right we're gonna move on to

2455

01:43:43,129 --> 01:43:40,520

another headline here

2456

01:43:45,800 --> 01:43:43,139

[Music]

2457

01:43:46,250 --> 01:43:45,810

foreign

2458

01:43:56,510 --> 01:43:46,260

[Music]

2459

01:43:59,030 --> 01:43:56,520

this is kind of like a shocking one I'll

2460

01:44:04,189 --> 01:43:59,040

end on this one because this is kind of

2461

01:44:08,330 --> 01:44:06,590

fairly shocked as deceased woman wakes

2462

01:44:10,729 --> 01:44:08,340

up during

2463

01:44:12,790 --> 01:44:10,739

her own wake

2464

01:44:16,010 --> 01:44:12,800

okay that's some good news on that front

2465

01:44:19,490 --> 01:44:16,020

I don't like that this is this is super

2466

01:44:22,250 --> 01:44:19,500

creepy uh the 96 year old had previously

2467

01:44:24,290 --> 01:44:22,260

been declared dead after suffering from

2468

01:44:26,149 --> 01:44:24,300

a suspected stroke a few hours

2469

01:44:28,550 --> 01:44:26,159

beforehand well that's a quick [h\_\_\h]

2470

01:44:31,070 --> 01:44:28,560

burial yeah it is you're dead in the

2471

01:44:34,370 --> 01:44:31,080

ground yeah throw her in the ground what

2472

01:44:38,930 --> 01:44:36,290

uh being buried alive is one of the

2473

01:44:41,209 --> 01:44:38,940

worst scenarios imaginable and of Fate

2474

01:44:42,649 --> 01:44:41,219

that almost befell a woman who was

2475

01:44:46,129 --> 01:44:42,659

brought to the emergency room at a

2476

01:44:47,629 --> 01:44:46,139

hospital in Ecuador recently a retired

2477

01:44:49,609 --> 01:44:47,639

nurse had been suffering from a

2478

01:44:51,950 --> 01:44:49,619

suspected stroke

2479

01:44:54,169 --> 01:44:51,960

um leaving doctors battling to save her

2480

01:44:56,930 --> 01:44:54,179

life ultimately though they believed

2481

01:45:00,530 --> 01:44:56,940

they were unsuccessful and she was

2482

01:45:01,790 --> 01:45:00,540

subsequently declared dead wow that was

2483

01:45:05,570 --> 01:45:01,800

quick

2484

01:45:08,090 --> 01:45:05,580

that's all right you're dead already

2485

01:45:10,490 --> 01:45:08,100

uh when family members gathered for her

2486

01:45:12,590 --> 01:45:10,500

wake later that day however they were

2487

01:45:14,930 --> 01:45:12,600

shocked to hear noises coming from

2488

01:45:16,010 --> 01:45:14,940

inside the coffin and sounds of heavy

2489

01:45:18,050 --> 01:45:16,020

breathing

2490

01:45:19,729 --> 01:45:18,060

it's a zombie you gotta take the thing

2491

01:45:21,830 --> 01:45:19,739

out

2492

01:45:24,890 --> 01:45:21,840

it's a zombie or a vampire light it on

2493

01:45:29,570 --> 01:45:24,900

fire is a zombie or a vampire you you

2494

01:45:31,310 --> 01:45:29,580

check an actual Goblin vampire uh

2495

01:45:33,169 --> 01:45:31,320

when they investigated they were

2496

01:45:35,810 --> 01:45:33,179

surprised to find her very much alive

2497

01:45:38,810 --> 01:45:35,820

probably pretty irritated too they're

2498

01:45:42,290 --> 01:45:38,820

about 20 of us there said the woman's

2499

01:45:44,629 --> 01:45:42,300

son after about five hours of the Wake

2500

01:45:47,030 --> 01:45:44,639

the coffin started to make sounds my mom

2501

01:45:48,109 --> 01:45:47,040

was wrapped in sheets and hitting the

2502

01:45:51,290 --> 01:45:48,119

coffin

2503

01:45:53,629 --> 01:45:51,300

when we were uh when we approached we

2504

01:45:56,090 --> 01:45:53,639

could see that she was breathing heavily

2505

01:45:57,770 --> 01:45:56,100

yeah she's probably pretty panicked

2506

01:45:59,629 --> 01:45:57,780

officials are now investigating the

2507

01:46:00,590 --> 01:45:59,639

issue of death certificates at the

2508

01:46:02,870 --> 01:46:00,600

hospital

2509

01:46:04,250 --> 01:46:02,880

yeah how many other times did they do

2510

01:46:05,990 --> 01:46:04,260

this to people

2511

01:46:07,609 --> 01:46:06,000

just to get them through the process

2512

01:46:09,890 --> 01:46:07,619

like your dad get him out of here you're

2513

01:46:12,890 --> 01:46:09,900

dead get him out of here how many people

2514

01:46:15,470 --> 01:46:12,900

did they bury alive

2515

01:46:17,450 --> 01:46:15,480

that's a scary thought

2516

01:46:20,510 --> 01:46:17,460

Friday and I

2517

01:46:22,430 --> 01:46:20,520

you know you you want to go home

2518

01:46:24,709 --> 01:46:22,440

you just declare him dead let's tag him

2519

01:46:27,350 --> 01:46:24,719

and bag him it's been a long day just

2520

01:46:28,910 --> 01:46:27,360

declare them dead bury him get him out

2521

01:46:30,890 --> 01:46:28,920

of our hair we gotta clear out the ER

2522

01:46:33,709 --> 01:46:30,900

waiting room

2523

01:46:34,669 --> 01:46:33,719

do you ever see the movie Blow uh a long

2524

01:46:36,050 --> 01:46:34,679

time ago

2525

01:46:38,270 --> 01:46:36,060

there's a scene in there where where

2526

01:46:40,189 --> 01:46:38,280

they're they're trying to count all this

2527

01:46:41,930 --> 01:46:40,199

money that they've got in a box and

2528

01:46:43,790 --> 01:46:41,940

they're just they just decide that is

2529

01:46:45,470 --> 01:46:43,800

they just they're weighing it you know

2530

01:46:47,390 --> 01:46:45,480

it's two and a half million and they

2531

01:46:49,850 --> 01:46:47,400

just say [h\_\_h] it I'm just I'm just

2532

01:46:52,669 --> 01:46:49,860

calling it that's what it is

2533

01:46:55,070 --> 01:46:52,679

yeah why not [h\_\_h] them

2534

01:46:56,870 --> 01:46:55,080

that's exactly what happened here they

2535

01:46:58,370 --> 01:46:56,880

just got they they were just being lazy

2536

01:46:59,750 --> 01:46:58,380

that's all I mean that's it they're

2537

01:47:01,609 --> 01:46:59,760

being lazy they didn't want to deal with

2538

01:47:04,250 --> 01:47:01,619

it and like oops okay

2539

01:47:05,510 --> 01:47:04,260

one got away

2540

01:47:07,970 --> 01:47:05,520

nope

2541

01:47:11,030 --> 01:47:07,980

um what do we talk about

2553

01:47:40,910 --> 01:47:38,820

I'm trying to think uh well we talked

2554

01:47:43,129 --> 01:47:40,920

about that that I put on the AI art

2555

01:47:46,669 --> 01:47:43,139

maybe the Unabomber

2556

01:47:49,430 --> 01:47:46,679

uh uniflower playing guitar we didn't

2557

01:47:51,649 --> 01:47:49,440

talk about the music a little bit uh Dr

2558

01:47:53,149 --> 01:47:51,659

Stephen Greer

2559

01:48:00,350 --> 01:47:53,159

a narwhal

2560

01:48:04,370 --> 01:48:00,360

through space again abducted yes

2561

01:48:08,390 --> 01:48:04,380

from the Grand Canyon saving yes narwhal

2562

01:48:11,629 --> 01:48:08,400

at the Grand Canyon saving people being

2563

01:48:13,669 --> 01:48:11,639

abducted by Stephen Greer I like it I'll

2564

01:48:16,250 --> 01:48:13,679

see what the AI can come up with but

2565

01:48:18,770 --> 01:48:16,260

yeah narwhal has to be friend Center

2566

01:48:20,270 --> 01:48:18,780

there saving people

2567

01:48:23,209 --> 01:48:20,280

like every time I see a narwhal it's

2568

01:48:25,669 --> 01:48:23,219

always like some cute cartoon and it's

2569

01:48:28,430 --> 01:48:25,679

like okay I'd like to hang out one of

2570

01:48:31,310 --> 01:48:28,440

one of those things looks cute not this

2571

01:48:32,810 --> 01:48:31,320

type this one's just blood pouring from

2572

01:48:35,410 --> 01:48:32,820

its horn

2573

01:48:38,330 --> 01:48:35,420

and thank you to everyone in the Discord

2574

01:48:40,070 --> 01:48:38,340

uh that was posting up stuff during the

2575

01:48:42,290 --> 01:48:40,080

show since Gretchen's not here you guys

2576

01:48:45,770 --> 01:48:42,300

were featured front and center in

2577

01:48:47,810 --> 01:48:45,780

crutches spot of uh posting comments and

2578

01:48:49,970 --> 01:48:47,820

gifts and all that stuff so thank you

2579

01:48:52,370 --> 01:48:49,980

very much we've

2580

01:48:55,250 --> 01:48:52,380

no idea who is joining me but I'll be

2581

01:48:59,030 --> 01:48:55,260

2582

01:49:02,330 --> 01:48:59,040

can and uh we'll see what happens

2584

01:49:05,990 --> 01:49:04,679

and then the uh pretty soon here pretty

2585

01:49:09,229 --> 01:49:06,000

soon

2586

01:49:12,770 --> 01:49:09,239

we're gonna be going to streaming to

2587

01:49:15,229 --> 01:49:12,780

Twitch I'm sorry not twitch but kick and

2588

01:49:18,109 --> 01:49:15,239

Rumble instead of twitch uh twitch has

2589

01:49:19,669 --> 01:49:18,119

updated their terms and services where

2590

01:49:22,070 --> 01:49:19,679

they're very Draconian they don't want

2591

01:49:24,530 --> 01:49:22,080

people to do multi-streaming anymore so

2592

01:49:26,629 --> 01:49:24,540

twitch is pretty much gonna be dead here

2593

01:49:28,910 --> 01:49:26,639

once I get the new computer so we're

2594

01:49:31,669 --> 01:49:28,920

gonna be streaming to rumble and kick

2595

01:49:33,590 --> 01:49:31,679

those are the two places

2596

01:49:35,930 --> 01:49:33,600

which is going away people twitch is

2597

01:49:37,790 --> 01:49:35,940

going away

2598

01:49:39,950 --> 01:49:37,800

we'll make more announcement stuff we'll

2599

01:49:41,689 --> 01:49:39,960

bite all the twitch people yeah yeah I

2600

01:49:43,790 --> 01:49:41,699

always have the show not this show

2601

01:49:46,250 --> 01:49:43,800
