now here's gene Steinberg

[Music]

4  
00:00:38,209 --> 00:00:36,059

before I introduce my co-hosts and our

5  
00:00:40,130 --> 00:00:38,219

special guests for this episode we have

6  
00:00:43,310 --> 00:00:40,140

a really good announcement to make you

7  
00:00:46,400 --> 00:00:43,320

know one of the dreams of someone who

8  
00:00:47,990 --> 00:00:46,410

produces and hosts a radio show is wider

9  
00:00:49,580 --> 00:00:48,000

distribution and we've been doing it

10  
00:00:50,930 --> 00:00:49,590

online for a number of years I have the

11  
00:00:54,319 --> 00:00:50,940

tech night out live which has been

12  
00:00:56,150 --> 00:00:54,329

online since 2003 we were a podcast

13  
00:00:58,459 --> 00:00:56,160

before there was such a thing as a

14

00:01:00,770 --> 00:00:58,469

podcast really about a year earlier than

15

00:01:02,569 --> 00:01:00,780

the podcast phenomenon started the

16

00:01:06,740 --> 00:01:02,579

podcast has been around since February

17

00:01:09,230 --> 00:01:06,750

of 2006 now we're going to be syndicated

18

00:01:11,600 --> 00:01:09,240

what that means is the show will still

19

00:01:13,880 --> 00:01:11,610

be available online still be available

20

00:01:15,560 --> 00:01:13,890

for live streaming still for on-demand

21

00:01:18,109 --> 00:01:15,570

streaming when you click on the little

22

00:01:19,580 --> 00:01:18,119

player window on our sites you'll be

23

00:01:22,340 --> 00:01:19,590

able to hear the show you'll be able to

24

00:01:24,260 --> 00:01:22,350

download it to your ipod or even your

25

00:01:26,630 --> 00:01:24,270

Zune player for those three or four of

26

00:01:28,789 --> 00:01:26,640

you who use them players but we will

27

00:01:31,370 --> 00:01:28,799

also be available on terrestrial radio

28

00:01:33,920 --> 00:01:31,380

and if they pick us up satellite radio

29

00:01:36,499 --> 00:01:33,930

as well the networking deal is gonna

30

00:01:38,390 --> 00:01:36,509

start and about them off okay we'll have

31

00:01:40,609 --> 00:01:38,400

more information than I wanted to give

32

00:01:43,550 --> 00:01:40,619

you a heads up and heads up we have

33

00:01:45,170 --> 00:01:43,560

three terrific people here our co-host

34

00:01:48,200 --> 00:01:45,180

I'll mention their names in alphabetical

35

00:01:49,999 --> 00:01:48,210

order because we don't want the egos to

36

00:01:52,190 --> 00:01:50,009

clash we don't normally don't have two

37

00:01:55,039 --> 00:01:52,200

co-hosts in the same episode we have

38

00:01:57,530 --> 00:01:55,049

Paul Kimball yay and we had Chris

39

00:02:00,920 --> 00:01:57,540

O'Brien mm-hmm and that's Chris

40

00:02:02,780 --> 00:02:00,930

O'Brien's beard by the way talking I'm

41

00:02:05,630 --> 00:02:02,790

sorry about that the devil made me do it

42

00:02:07,850 --> 00:02:05,640

that's what good editing software's for

43

00:02:09,979 --> 00:02:07,860

we can take out uncomfortable pauses

44

00:02:11,840 --> 00:02:09,989

right we take out the uncomfortable

45

00:02:14,800 --> 00:02:11,850

pauses but leave out you

46

00:02:16,880 --> 00:02:14,810

excessive pauses bad words but

47

00:02:20,060 --> 00:02:16,890

embarrassing statements they stay right

48

00:02:22,970 --> 00:02:20,070

in folks especially mine that's that

49

00:02:25,120 --> 00:02:22,980

Borden absolutely our special guest

50

00:02:27,890 --> 00:02:25,130

Kevin Randle has been on the show before

51  
00:02:33,830 --> 00:02:27,900  
but now he has a new book out called

52  
00:02:35,360 --> 00:02:33,840  
crash UFOs fall from the sky now the

53  
00:02:37,850 --> 00:02:35,370  
obvious question the elephant in the

54  
00:02:40,670 --> 00:02:37,860  
room Kevin is how much of this is about

55  
00:02:42,830 --> 00:02:40,680  
Roswell very much at all

56  
00:02:46,400 --> 00:02:42,840  
Roswell of course is an important part

57  
00:02:49,340 --> 00:02:46,410  
of a discussion of UFO crashes but it's

58  
00:02:53,210 --> 00:02:49,350  
covered so well in so many other arenas

59  
00:02:55,100 --> 00:02:53,220  
that what I've done here is just kind of

60  
00:02:56,630 --> 00:02:55,110  
updated the information I had about

61  
00:02:58,490 --> 00:02:56,640  
Roswell give some of the basics of

62  
00:03:00,460 --> 00:02:58,500  
course and updated some of the

63  
00:03:04,490 --> 00:03:00,470

information I had to bring it in the

64

00:03:06,110 --> 00:03:04,500

2010 but Roswell is not the big story in

65

00:03:08,870 --> 00:03:06,120

the book I think expert actually takes

66

00:03:10,640 --> 00:03:08,880

up more pages so so Roswell is covered

67

00:03:13,430 --> 00:03:10,650

but it's not the majority of the bar

68

00:03:15,440 --> 00:03:13,440

okay so the publicity sheet that came

69

00:03:17,420 --> 00:03:15,450

from the agency that works with your

70

00:03:20,090 --> 00:03:17,430

publishers said late-breaking

71

00:03:22,310 --> 00:03:20,100

information on the controversial Roswell

72

00:03:24,650 --> 00:03:22,320

UFO crash what's the late-breaking

73

00:03:26,480 --> 00:03:24,660

information Kevin I think we're just

74

00:03:29,000 --> 00:03:26,490

looking at some of them the new

75

00:03:32,270 --> 00:03:29,010

witnesses that have come out in the last

76  
00:03:34,340 --> 00:03:32,280  
few months looked at some of the what

77  
00:03:36,200 --> 00:03:34,350  
people have been talking about the real

78  
00:03:39,440 --> 00:03:36,210  
problem that the Roswell case at this

79  
00:03:41,990 --> 00:03:39,450  
point is it's so old now that the

80  
00:03:44,750 --> 00:03:42,000  
firsthand witnesses have pretty much

81  
00:03:46,490 --> 00:03:44,760  
died off so we have very few new

82  
00:03:50,240 --> 00:03:46,500  
witnesses one of the things that we did

83  
00:03:51,860 --> 00:03:50,250  
do is talk in his book and suggested

84  
00:03:54,020 --> 00:03:51,870  
that Frank Iero testimony could be

85  
00:03:56,030 --> 00:03:54,030  
rejected because he'd talked to three

86  
00:03:57,560 --> 00:03:56,040  
firefighters with the Roswell fire

87  
00:03:59,210 --> 00:03:57,570  
department and they said no it didn't

88  
00:04:01,580 --> 00:03:59,220

they didn't go out on the run it didn't

89

00:04:04,070 --> 00:04:01,590

happen I had an opportunity we interview

90

00:04:08,900 --> 00:04:04,080

one of those guys who was like 900 years

91

00:04:10,430 --> 00:04:08,910

old crotchety old man and he was giving

92

00:04:12,320 --> 00:04:10,440

me basically the same information he'd

93

00:04:15,110 --> 00:04:12,330

given car lock until I asked him a

94

00:04:17,780 --> 00:04:15,120

specific question I said did you know

95

00:04:20,990 --> 00:04:17,790

Dan Dwyer who was Frankie rose father

96

00:04:23,030 --> 00:04:21,000

and he said yes and then he said he

97

00:04:24,370 --> 00:04:23,040

drove out to the crash site in his

98

00:04:26,410 --> 00:04:24,380

private car

99

00:04:29,740 --> 00:04:26,420

so the reason you don't get any

100

00:04:31,240 --> 00:04:29,750

information about why the fire or

101  
00:04:32,890 --> 00:04:31,250  
information from the fire department

102  
00:04:34,900 --> 00:04:32,900  
about what they did when they went out

103  
00:04:37,570 --> 00:04:34,910  
there or making the run outside the city

104  
00:04:39,070 --> 00:04:37,580  
is Thank You rose father had gone out on

105  
00:04:42,430 --> 00:04:39,080  
his own so here's a firefighter that

106  
00:04:44,800 --> 00:04:42,440  
that Carl had interviewed and said that

107  
00:04:47,200 --> 00:04:44,810  
he kind of rejects the the Frank lero

108  
00:04:49,750 --> 00:04:47,210  
testimony and I just wonder if Carl

109  
00:04:51,760 --> 00:04:49,760  
didn't ask the one question that I did

110  
00:04:54,010 --> 00:04:51,770  
that opened the whole door for me which

111  
00:04:55,630 --> 00:04:54,020  
was giddy node and wire and he talked

112  
00:04:57,340 --> 00:04:55,640  
about a colonel who come out to the fire

113  
00:04:58,810 --> 00:04:57,350

department and I don't know why that's

114

00:05:01,180 --> 00:04:58,820

always a colonel why couldn't be a major

115

00:05:02,620 --> 00:05:01,190

or a captain but colonel came out and

116

00:05:04,360 --> 00:05:02,630

said you don't need to do anything we've

117

00:05:06,130 --> 00:05:04,370

got this covered don't bother going out

118

00:05:09,070 --> 00:05:06,140

there and then Dan Dwyer goes out in his

119

00:05:12,550 --> 00:05:09,080

in his personal car so that would be

120

00:05:15,760 --> 00:05:12,560

among the late-breaking new things today

121

00:05:17,860 --> 00:05:15,770

I got that information like six months a

122

00:05:19,180 --> 00:05:17,870

year ago something about a year ago Paul

123

00:05:20,920 --> 00:05:19,190

you want to follow up with that because

124

00:05:24,160 --> 00:05:20,930

you've been skeptical of Roswell

125

00:05:25,630 --> 00:05:24,170

no I don't talk about all I said Kevin

126

00:05:37,990 --> 00:05:25,640

an email to that effect you didn't get

127

00:05:40,420 --> 00:05:38,000

that Kevin blame your PR people guys

128

00:05:42,430 --> 00:05:40,430

because the PR people made that the

129

00:05:44,260 --> 00:05:42,440

first bullet point and I said okay this

130

00:05:45,940 --> 00:05:44,270

has got to be important yes there's a

131

00:05:47,560 --> 00:05:45,950

small portion of material in the book

132

00:05:49,120 --> 00:05:47,570

but let's emphasize that you know what

133

00:05:51,160 --> 00:05:49,130

let's move away from Roswell and then

134

00:05:53,350 --> 00:05:51,170

I'll ask you the other question one

135

00:05:56,140 --> 00:05:53,360

thing to kind of kind of ease Paul's

136

00:05:58,060 --> 00:05:56,150

mind what this new information does is

137

00:06:00,250 --> 00:05:58,070

not necessarily move wazzle into the

138

00:06:01,660 --> 00:06:00,260

extra-terrestrial it merely suggested

139

00:06:03,790 --> 00:06:01,670

Frank lero was telling the truth that

140

00:06:05,530 --> 00:06:03,800

she knew it the Frankie rose not lying

141

00:06:08,110 --> 00:06:05,540

but that doesn't mean what fell it was

142

00:06:10,420 --> 00:06:08,120

it was extraterrestrial look let me ask

143

00:06:12,190 --> 00:06:10,430

you this questions Kevin would know I'm

144

00:06:13,990 --> 00:06:12,200

sure because we're friends and we both

145

00:06:15,700 --> 00:06:14,000

have the same general weird sense of

146

00:06:18,760 --> 00:06:15,710

humor I'm sure he knows that was more or

147

00:06:20,470 --> 00:06:18,770

less just joking and this is on more let

148

00:06:21,910 --> 00:06:20,480

me ask you about Roswell Kevin but not

149

00:06:25,450 --> 00:06:21,920

Roswell let me ask you about another

150

00:06:26,860 --> 00:06:25,460

alleged crash that you talked about in

151  
00:06:30,310 --> 00:06:26,870  
your book from the version of your book

152  
00:06:32,860 --> 00:06:30,320  
that I have page 94 to 100 san agustin

153  
00:06:34,900 --> 00:06:32,870  
the supposed crash on the plains of san

154  
00:06:37,180 --> 00:06:34,910  
agustin I've been there I don't know why

155  
00:06:38,080 --> 00:06:37,190  
anybody would want to crash in san

156  
00:06:40,420 --> 00:06:38,090  
agustin on the

157  
00:06:43,360 --> 00:06:40,430  
Planes so sort of desolate area but

158  
00:06:44,740 --> 00:06:43,370  
assuming somebody did as Stan Friedman

159  
00:06:47,260 --> 00:06:44,750  
and a few others who still believe in

160  
00:06:49,570 --> 00:06:47,270  
the mj-12 documents to talk a bit about

161  
00:06:51,760 --> 00:06:49,580  
the crash at the plains the alleged

162  
00:06:53,320 --> 00:06:51,770  
crash at the plains of san agustin what

163  
00:06:55,570 --> 00:06:53,330

you think of it because you talk about

164

00:06:57,850 --> 00:06:55,580

it at some length in your book

165

00:07:00,850 --> 00:06:57,860

the search for reliable witnesses the

166

00:07:02,200 --> 00:07:00,860

story and also whether you're not sure

167

00:07:04,300 --> 00:07:02,210

whether you're familiar with it or not

168

00:07:07,900 --> 00:07:04,310

but Anthony Braga Lea has written

169

00:07:10,180 --> 00:07:07,910

recently at the UFO iconoclast I think

170

00:07:13,510 --> 00:07:10,190

it's the most recent post on their blog

171

00:07:15,820 --> 00:07:13,520

UFO conduct blog spot.com he's tried to

172

00:07:17,530 --> 00:07:15,830

resurrect the san agustin crash and say

173

00:07:19,960 --> 00:07:17,540

that there's plenty of credible

174

00:07:21,960 --> 00:07:19,970

witnesses and it did happen so perhaps

175

00:07:26,560 --> 00:07:21,970

you can talk about the lesser-known

176

00:07:28,690 --> 00:07:26,570

Roswell incident as it were say there

177

00:07:30,909 --> 00:07:28,700

are no witnesses to the san agustin

178

00:07:32,710 --> 00:07:30,919

crash there are secondhand testimonies

179

00:07:35,170 --> 00:07:32,720

and all of them are traceable back to

180

00:07:37,659 --> 00:07:35,180

Barney Barnett there is nothing that

181

00:07:40,620 --> 00:07:37,669

connects the Barnett the alleged Barnett

182

00:07:43,000 --> 00:07:40,630

sighting to the Roswell case of 1947

183

00:07:45,100 --> 00:07:43,010

with absolutely nothing

184

00:07:47,320 --> 00:07:45,110

what we do know and what it was

185

00:07:50,650 --> 00:07:47,330

important here Gerald Anderson who is

186

00:07:53,770 --> 00:07:50,660

who appeared after the unsolved

187

00:07:55,570 --> 00:07:53,780

mysteries broadcast of the Roswell case

188

00:07:56,950 --> 00:07:55,580

said that he had been on the stat planes

189

00:07:59,050 --> 00:07:56,960

of san agustin and he knew who the

190

00:08:01,839 --> 00:07:59,060

archaeologist was it was this doctor

191

00:08:03,490 --> 00:08:01,849

Buskirk well we found Buskirk who was

192

00:08:05,830 --> 00:08:03,500

inconveniently alive and it turned out

193

00:08:08,500 --> 00:08:05,840

to be anderson high school anthropology

194

00:08:11,350 --> 00:08:08,510

teacher and Buskirk says no in the

195

00:08:15,760 --> 00:08:11,360

summer of 1947 I was working on my PhD

196

00:08:17,770 --> 00:08:15,770

thesis on at the at the Apache Indian

197

00:08:20,050 --> 00:08:17,780

Reservation Mescalero Indian Reservation

198

00:08:22,300 --> 00:08:20,060

in Arizona he didn't have time for what

199

00:08:25,240 --> 00:08:22,310

he called the archeological sideshows

200

00:08:28,330 --> 00:08:25,250

we've also found out that Herbert dick

201  
00:08:31,060 --> 00:08:28,340  
who was a another anthropologist

202  
00:08:34,060 --> 00:08:31,070  
archaeologist was doing a survey of bat

203  
00:08:35,890 --> 00:08:34,070  
cave which is on the eastern side of the

204  
00:08:38,019 --> 00:08:35,900  
plains of San Agustin but in view of the

205  
00:08:41,529 --> 00:08:38,029  
area that Andersen said the same crash

206  
00:08:43,480 --> 00:08:41,539  
that it got there on July 1st and he

207  
00:08:45,280 --> 00:08:43,490  
would have been ething that happened

208  
00:08:47,410 --> 00:08:45,290  
Mike Anderson said he would have been in

209  
00:08:49,360 --> 00:08:47,420  
a position to see it and he didn't we

210  
00:08:51,760 --> 00:08:49,370  
can now prove he was there on July 1st

211  
00:08:54,010 --> 00:08:51,770  
because we found the documentation for

212  
00:08:56,290 --> 00:08:54,020  
Barney Barnett's tale as told by Vern

213  
00:08:57,790 --> 00:08:56,300

Maltese it was a very nice man and I

214

00:09:00,579 --> 00:08:57,800

talked to him repeatedly

215

00:09:04,150 --> 00:09:00,589

Harold Baca who lived near Bonnie

216

00:09:06,490 --> 00:09:04,160

Barnett in Socorro in the 1960s a fellow

217

00:09:08,530 --> 00:09:06,500

named William Leeds who apparently girl

218

00:09:10,540 --> 00:09:08,540

retired I believe he's now a retired

219

00:09:12,699 --> 00:09:10,550

military officer who talked to Barnett

220

00:09:15,760 --> 00:09:12,709

and allegedly Barnett told him the story

221

00:09:18,160 --> 00:09:15,770

of the UFO crash at that time but the

222

00:09:21,010 --> 00:09:18,170

problem is it's all secondhand and the

223

00:09:24,160 --> 00:09:21,020

other problem is Ruth Barnett Barney's

224

00:09:25,720 --> 00:09:24,170

wife apparently kept a diary for one

225

00:09:29,530 --> 00:09:25,730

year somebody given her a daily reminder

226

00:09:33,550 --> 00:09:29,540

book and she kept a diary religiously

227

00:09:36,639 --> 00:09:33,560

for a year of 1947 and in July of 1947

228

00:09:39,280 --> 00:09:36,649

there's absolutely nothing in that diary

229

00:09:42,040 --> 00:09:39,290

to fix that suggested body by that was

230

00:09:44,980 --> 00:09:42,050

involved in any sort of spaceship

231

00:09:47,199 --> 00:09:44,990

retrieval so where we are is and the one

232

00:09:49,720 --> 00:09:47,209

thing they can't do is connect the

233

00:09:52,329 --> 00:09:49,730

Barnett tale to 1947

234

00:09:55,329 --> 00:09:52,339

Harold Baca who allegedly did this

235

00:09:56,650 --> 00:09:55,339

originally I talked to and when I talked

236

00:09:58,690 --> 00:09:56,660

to him I could have got him to confess

237

00:10:02,889 --> 00:09:58,700

to any crime I wanted to because the guy

238

00:10:05,199 --> 00:10:02,899

was really old and had no real idea of

239

00:10:07,480 --> 00:10:05,209

when these events took place

240

00:10:11,199 --> 00:10:07,490

so we have the Barnett tail sort of

241

00:10:14,220 --> 00:10:11,209

unanchored floating around New Mexico at

242

00:10:16,300 --> 00:10:14,230

some point the documentation available

243

00:10:18,310 --> 00:10:16,310

suggests that nothing happened on the

244

00:10:20,889 --> 00:10:18,320

plains of san agustin the anderson

245

00:10:22,750 --> 00:10:20,899

testimony we've caught anderson and i

246

00:10:26,639 --> 00:10:22,760

say this repeatedly in the hopes he'll

247

00:10:30,630 --> 00:10:26,649

sue me lied about it there was that

248

00:10:33,040 --> 00:10:30,640

anderson was not there he took the

249

00:10:35,769 --> 00:10:33,050

high-school anthropology class which he

250

00:10:38,199 --> 00:10:35,779

denies from from Buskirk which is how we

251

00:10:41,740 --> 00:10:38,209

knew an anthropologist named Buskirk the

252

00:10:44,470 --> 00:10:41,750

description anderson had been a police

253

00:10:48,040 --> 00:10:44,480

officer and he put together identikit

254

00:10:51,519 --> 00:10:48,050

catch a bus Kirk which is really telling

255

00:10:53,769 --> 00:10:51,529

because in 1957 when Anderson would have

256

00:10:56,290 --> 00:10:53,779

known Buskirk he was much heavier had a

257

00:10:59,310 --> 00:10:56,300

much fuller faced in the Buskirk of 1947

258

00:11:02,500 --> 00:10:59,320

so if anderson is describing Buskirk in

259

00:11:05,070 --> 00:11:02,510

1947 he got the he got the description

260

00:11:06,690 --> 00:11:05,080

wrong it's clearly Buskirk in 1957

261

00:11:09,330 --> 00:11:06,700

and a number of people who knew busker

262

00:11:11,940 --> 00:11:09,340

recognized the sketch immediately so

263

00:11:15,450 --> 00:11:11,950

where we are in san agustin is there's

264

00:11:18,900 --> 00:11:15,460

no credible evidence anywhere that

265

00:11:22,770 --> 00:11:18,910

something happened in July of 1947 there

266

00:11:25,290 --> 00:11:22,780

is not a single first-hand witness to an

267

00:11:29,630 --> 00:11:25,300

event on the plains talking today with

268

00:11:32,190 --> 00:11:29,640

the exception of Gerald Anderson who has

269

00:11:35,340 --> 00:11:32,200

spun so many tails we don't know where

270

00:11:39,150 --> 00:11:35,350

the truth lies with him yeah and you can

271

00:11:41,130 --> 00:11:39,160

say Roswell or the corona incident

272

00:11:43,080 --> 00:11:41,140

perhaps as it might be better called

273

00:11:45,450 --> 00:11:43,090

for whichever spawn the desert you want

274

00:11:47,400 --> 00:11:45,460

to pick but almost everybody in fact I

275

00:11:49,890 --> 00:11:47,410

don't know anybody who disputes that

276

00:11:53,010 --> 00:11:49,900

something happened in quote quote or

277

00:11:54,300 --> 00:11:53,020

around Roswell whether it's the crashed

278

00:11:56,640 --> 00:11:54,310

alien spacecraft

279

00:11:58,560 --> 00:11:56,650

whether it's Nick Redferns idea of an

280

00:12:00,840 --> 00:11:58,570

experimental craft coming down or

281

00:12:02,610 --> 00:12:00,850

whether it was project mogul or weather

282

00:12:04,410 --> 00:12:02,620

balloon for that matter everybody

283

00:12:07,290 --> 00:12:04,420

including the US Air Force admits that

284

00:12:09,240 --> 00:12:07,300

something was found something happened

285

00:12:10,980 --> 00:12:09,250

and then it's just a question of well

286

00:12:13,350 --> 00:12:10,990

okay what was that something but then

287

00:12:16,410 --> 00:12:13,360

you run into cases like the San Agustin

288

00:12:19,650 --> 00:12:16,420

claims where there's no evidence

289

00:12:22,320 --> 00:12:19,660

credible evidence that anything happened

290

00:12:24,450 --> 00:12:22,330

you just have a story and I think when

291

00:12:26,450 --> 00:12:24,460

you're looking through these tales of

292

00:12:28,590 --> 00:12:26,460

UFO crashes whatever you think of them

293

00:12:30,750 --> 00:12:28,600

it's important to separate the wheat

294

00:12:32,700 --> 00:12:30,760

from the chaff and get rid of the chaff

295

00:12:34,290 --> 00:12:32,710

ie the cases for which there's no real

296

00:12:36,300 --> 00:12:34,300

credible evidence or it's just one

297

00:12:38,970 --> 00:12:36,310

witness and it's unsupported and then

298

00:12:40,920 --> 00:12:38,980

focus in as much as I sort of dislike

299

00:12:42,720 --> 00:12:40,930

the Roswell case for a lot of reasons

300

00:12:45,510 --> 00:12:42,730

but at least focus in on those cases

301

00:12:47,550 --> 00:12:45,520

where you you have something that

302

00:12:49,620 --> 00:12:47,560

everybody can agree on happened and then

303

00:12:51,090 --> 00:12:49,630

let's okay let's try and figure out what

304

00:12:52,830 --> 00:12:51,100

happened there's one other thing I want

305

00:12:55,590 --> 00:12:52,840

to ask you about Kevin and and I guess

306

00:12:58,530 --> 00:12:55,600

Jean or Chris might step in and that is

307

00:13:00,510 --> 00:12:58,540

going back to the majestic 12 stuff for

308

00:13:02,550 --> 00:13:00,520

a minute because how can you ever get

309

00:13:06,360 --> 00:13:02,560

enough it's been a while since we did

310

00:13:08,550 --> 00:13:06,370

majestic 12 so why not what has always

311

00:13:11,790 --> 00:13:08,560

struck me as as amusing is the mj-12

312

00:13:14,040 --> 00:13:11,800

documents which Stan believes are valid

313

00:13:15,810 --> 00:13:14,050

and he also believes the Roswell

314

00:13:18,570 --> 00:13:15,820

incident is valid and he also

315

00:13:20,580 --> 00:13:18,580

the crash at San Agustin is valid you

316

00:13:23,400 --> 00:13:20,590

have to write the mj-12 documents make

317

00:13:25,560 --> 00:13:23,410

no mention in this briefing document to

318

00:13:27,480 --> 00:13:25,570

Eisenhower of a crash on the plains of

319

00:13:29,910 --> 00:13:27,490

San Agustin you would think they would

320

00:13:33,360 --> 00:13:29,920

mention both of them not just one but

321

00:13:36,750 --> 00:13:33,370

the mj-12 documents do mention a crash

322

00:13:38,820 --> 00:13:36,760

in Del Rio and you talk about that in

323

00:13:41,100 --> 00:13:38,830

your book so leaving aside the

324

00:13:43,500 --> 00:13:41,110

contradictions of documents that don't

325

00:13:46,350 --> 00:13:43,510

mention San Agustin let's talk a bit

326

00:13:48,060 --> 00:13:46,360

about the Del Rio crash or you know what

327

00:13:49,800 --> 00:13:48,070

folks have you listening anytime I say

328

00:13:52,350 --> 00:13:49,810

crash because I'm too lazy to do it I

329

00:13:54,210 --> 00:13:52,360

will put assumed alleged is in front of

330

00:13:56,280 --> 00:13:54,220

the word crash when I use it so let

331

00:13:58,170 --> 00:13:56,290

Kevon talk about the del video incident

332

00:14:00,910 --> 00:13:58,180

or crash a bit but before he does that

333

00:14:08,930 --> 00:14:00,920

I've got to remind our listeners

368

00:15:41,240 --> 00:15:39,210

real bargain here we have Christopher

369

00:15:41,570 --> 00:15:41,250

O'Brien and Paul Campbell our special

370

00:15:44,060 --> 00:15:41,580

guest

371

00:15:47,690 --> 00:15:44,070

Kevin Randle offer of a new book crash

372

00:15:52,730 --> 00:15:47,700

UFOs fall from the sky we go back to the

373

00:15:54,590 --> 00:15:52,740

alleged crash in Del Rio in 1957 before

374

00:15:57,380 --> 00:15:54,600

before we get to that tonight can I just

375

00:16:00,350 --> 00:15:57,390

say one thing sure I was arguing with

376

00:16:02,480 --> 00:16:00,360

Stan about the validity of mj-12 at one

377

00:16:04,640 --> 00:16:02,490

point and he said send me a document

378

00:16:06,740 --> 00:16:04,650

that proves there was no crash on the

379

00:16:11,990 --> 00:16:06,750

plane to San Agustin so I sent a copy of

380

00:16:14,630 --> 00:16:12,000

the mj-12 paper that's why I like you

381

00:16:16,430 --> 00:16:14,640

Kevin it's your sense of humor I'm

382

00:16:17,840 --> 00:16:16,440

pretty sure having interviewed stand and

383

00:16:22,220 --> 00:16:17,850

known him for thirty years that he never

384

00:16:23,750 --> 00:16:22,230

really got the joke but yeah explain to

385

00:16:25,160 --> 00:16:23,760

me why it wasn't mentioned there but

386

00:16:27,320 --> 00:16:25,170

that's a whole other argument okay let's

387

00:16:29,600 --> 00:16:27,330

go to Del Rio and this is an important

388

00:16:32,630 --> 00:16:29,610

case because a good friend Lynn

389

00:16:34,750 --> 00:16:32,640

Springfield who I'll be doing a tribute

390

00:16:37,340 --> 00:16:34,760

to at the MUFON conference in July

391

00:16:39,470 --> 00:16:37,350

started us back on the road to crash

392

00:16:41,840 --> 00:16:39,480

retrievals in fact I think he originated

393

00:16:43,870 --> 00:16:41,850

the term crash fork repo in his paper in

394

00:16:47,300 --> 00:16:43,880

1978 the very first case he talked about

395

00:16:50,450 --> 00:16:47,310

was the real credit case a retired

396

00:16:53,090 --> 00:16:50,460

officer Colonel oh six which is the way

397

00:16:56,120 --> 00:16:53,100

we designate between Colonels lieutenant

398

00:16:58,940 --> 00:16:56,130

Colonel's in the modern army is Colonels

399

00:17:01,040 --> 00:16:58,950

ro sixes and Lieutenant Colonel 0-5 did

400

00:17:02,840 --> 00:17:01,050

an affidavit attesting to the fact that

401  
00:17:05,689 --> 00:17:02,850  
he had been involved in this retrieval

402  
00:17:06,860 --> 00:17:05,699  
operation which is why I accepted it at

403  
00:17:08,990 --> 00:17:06,870  
the beginning cuz I could not believe

404  
00:17:11,030 --> 00:17:09,000  
that a high-ranking Air Force officer

405  
00:17:14,300 --> 00:17:11,040  
would make something like this but Todd

406  
00:17:16,820 --> 00:17:14,310  
Jekyll who was a UFO researcher of

407  
00:17:20,270 --> 00:17:16,830  
mediocre talent and that might be

408  
00:17:22,520 --> 00:17:20,280  
generous had found this officer named

409  
00:17:24,350 --> 00:17:22,530  
Robert Willingham and interviewed him we

410  
00:17:26,300 --> 00:17:24,360  
got an affidavit attesting to what what

411  
00:17:30,140 --> 00:17:26,310  
had happened about how he had been

412  
00:17:31,790 --> 00:17:30,150  
flying chase on a b-47 you know in a

413  
00:17:34,340 --> 00:17:31,800

fighter planes and this thing it flashed

414

00:17:36,050 --> 00:17:34,350

across the sky I mean they flew down and

415

00:17:37,930 --> 00:17:36,060

saw that a detraction

416

00:17:40,250 --> 00:17:37,940

came back a little bit later in a

417

00:17:41,390 --> 00:17:40,260

private plane and landed and talked to

418

00:17:43,370 --> 00:17:41,400

the Mexican authorities that were

419

00:17:44,990 --> 00:17:43,380

recovering her so it's an interesting

420

00:17:46,280 --> 00:17:45,000

it's an interesting story and here's a

421

00:17:49,400 --> 00:17:46,290

high-ranking officer signing an

422

00:17:53,740 --> 00:17:49,410

affidavit Zeca placed the date of the

423

00:17:56,060 --> 00:17:53,750

South December 6 1950s that took place

424

00:17:57,560 --> 00:17:56,070

documented events of some kind of a work

425

00:18:00,500 --> 00:17:57,570

that took place in the United States and

426

00:18:02,540 --> 00:18:00,510

under 7 6 1950 so he's trying to tie all

427

00:18:05,900 --> 00:18:02,550

of this together so I'm putting together

428

00:18:09,140 --> 00:18:05,910

the ball crash and I'm thinking well gee

429

00:18:11,510 --> 00:18:09,150

I haven't really looked at this del real

430

00:18:12,980 --> 00:18:11,520

case for quite a while maybe I should

431

00:18:15,410 --> 00:18:12,990

see what's available about it on the

432

00:18:16,940 --> 00:18:15,420

internet which is a wonderful research

433

00:18:18,830 --> 00:18:16,950

tool if you understand that not

434

00:18:21,230 --> 00:18:18,840

everything on the internet is true and

435

00:18:23,000 --> 00:18:21,240

so I just typed in Del Rio UFO crash and

436

00:18:25,400 --> 00:18:23,010

learned that there had been a book

437

00:18:27,890 --> 00:18:25,410

written about this Willingham had been

438

00:18:32,150 --> 00:18:27,900

the main focus of this book and the date

439

00:18:34,940 --> 00:18:32,160

was no longer 1950 but was in fact 1954

440

00:18:37,430 --> 00:18:34,950

that's kind of odd the aircraft that

441

00:18:40,790 --> 00:18:37,440

Willingham was flying changed from from

442

00:18:42,680 --> 00:18:40,800

I think was f94 Zinn in the first

443

00:18:44,480 --> 00:18:42,690

version to another aircraft and the air

444

00:18:46,760 --> 00:18:44,490

base that he'd flown out of diets would

445

00:18:48,980 --> 00:18:46,770

have changed because Dyess hadn't

446

00:18:50,590 --> 00:18:48,990

existed them at the time so there were

447

00:18:53,150 --> 00:18:50,600

all these changes and this got to me

448

00:18:57,020 --> 00:18:53,160

wondering about the credibility of this

449

00:18:58,580 --> 00:18:57,030

case no akari's and Reuben urk are the

450

00:19:00,170 --> 00:18:58,590

authors of that book and I've been in

451  
00:19:02,720 --> 00:19:00,180  
communication with both of them I've met

452  
00:19:05,690 --> 00:19:02,730  
met Ruben at the convention last year

453  
00:19:06,890 --> 00:19:05,700  
very nice guys but they believed

454  
00:19:08,570 --> 00:19:06,900  
Willingham was telling them the truth

455  
00:19:11,390 --> 00:19:08,580  
and I said whether you have any

456  
00:19:13,100 --> 00:19:11,400  
documentation that he was an Air Force

457  
00:19:15,200 --> 00:19:13,110  
officer and they sent me a photograph of

458  
00:19:17,540 --> 00:19:15,210  
him in an Air Force uniform and some

459  
00:19:18,950 --> 00:19:17,550  
document and I looked at that and I

460  
00:19:20,540 --> 00:19:18,960  
wrote back and I said you know he's in a

461  
00:19:22,790 --> 00:19:20,550  
Civil Air Patrol uniform not not

462  
00:19:24,950 --> 00:19:22,800  
airforce Civil Air Patrol is a civilian

463  
00:19:26,780 --> 00:19:24,960

auxiliary of the Air Force volunteer

464

00:19:30,170 --> 00:19:26,790

organization even search-and-rescues

465

00:19:33,170 --> 00:19:30,180

wonderful organization but not being in

466

00:19:36,140 --> 00:19:33,180

the Air Force and so I wrote to st.

467

00:19:37,850 --> 00:19:36,150

Louis to get a copy of Willingham's

468

00:19:40,280 --> 00:19:37,860

record to verify that he'd been a

469

00:19:43,820 --> 00:19:40,290

high-ranking officer and discovered that

470

00:19:46,190 --> 00:19:43,830

he joined the army in December of 1945

471

00:19:48,770 --> 00:19:46,200

which technically makes him a veteran of

472

00:19:49,880 --> 00:19:48,780

World War two and even discharged in

473

00:19:51,980 --> 00:19:49,890

1947

474

00:19:53,570 --> 00:19:51,990

that's the only record they had nothing

475

00:19:56,120 --> 00:19:53,580

about him being an officer nothing

476

00:20:00,470 --> 00:19:56,130

nothing like that at all so I requested

477

00:20:02,570 --> 00:20:00,480

more information and Noah Tory sent me a

478

00:20:05,540 --> 00:20:02,580

lot of lot of documentation but it was

479

00:20:07,460 --> 00:20:05,550

all Civil Air Patrol nothing to suggest

480

00:20:08,720 --> 00:20:07,470

you've been an Air Force Office so now

481

00:20:10,760 --> 00:20:08,730

we've got a problem we've got this

482

00:20:12,200 --> 00:20:10,770

wonderful story of Dell real so I called

483

00:20:13,850 --> 00:20:12,210

Willingham and talked to him and he's

484

00:20:17,690 --> 00:20:13,860

well he didn't remember the exact date

485

00:20:19,580 --> 00:20:17,700

it might have been 1954 1955 in 1957 he

486

00:20:21,770 --> 00:20:19,590

just knew it was in 1950 because he'd

487

00:20:24,650 --> 00:20:21,780

been in Korea at the time no evidence of

488

00:20:26,900 --> 00:20:24,660

that either but I'd heard that that the

489

00:20:29,420 --> 00:20:26,910

story came about from a newspaper

490

00:20:32,270 --> 00:20:29,430

article that that Todd Jekyll had found

491

00:20:35,780 --> 00:20:32,280

it had been published in 1968 in a small

492

00:20:37,250 --> 00:20:35,790

newspaper in Pennsylvania a copy of the

493

00:20:40,610 --> 00:20:37,260

clipping had been sent to nycap

494

00:20:42,980 --> 00:20:40,620

headquarters in Washington DC and that

495

00:20:45,620 --> 00:20:42,990

was how Decca found out about it and he

496

00:20:47,330 --> 00:20:45,630

got to Willingham that way so I started

497

00:20:50,960 --> 00:20:47,340

looking for that article which I never

498

00:20:53,180 --> 00:20:50,970

did fine but I did find in Skye look

499

00:20:56,330 --> 00:20:53,190

which was the precursor to the mutant

500

00:20:58,910 --> 00:20:56,340

journal an article from from I think

501  
00:21:01,450 --> 00:20:58,920  
it's a February March or March April

502  
00:21:05,120 --> 00:21:01,460  
issue I forget which one but it's that

503  
00:21:08,990 --> 00:21:05,130  
1968 and here's the story called by the

504  
00:21:12,140 --> 00:21:09,000  
Willingham in 1968 so the event didn't

505  
00:21:13,850 --> 00:21:12,150  
take place in 1950 or 54 55 or 56

506  
00:21:16,460 --> 00:21:13,860  
according to Willingham in the original

507  
00:21:19,310 --> 00:21:16,470  
article it took place in 1948 there were

508  
00:21:21,320 --> 00:21:19,320  
three objects involved not one and he

509  
00:21:24,380 --> 00:21:21,330  
was flying in f94 an aircraft that

510  
00:21:26,510 --> 00:21:24,390  
didn't even exist in 1948 of Corti

511  
00:21:29,990 --> 00:21:26,520  
reported all the documentation so this

512  
00:21:32,470 --> 00:21:30,000  
really done to me they have sent me

513  
00:21:35,000 --> 00:21:32,480

pictures of Willingham in uniform

514

00:21:38,000 --> 00:21:35,010

clearly it's not Air Forces Civil Air

515

00:21:40,730 --> 00:21:38,010

Patrol you can tell this because the

516

00:21:42,350 --> 00:21:40,740

guys were in C ap ribbons on the uniform

517

00:21:44,390 --> 00:21:42,360

with his military rigor that he earned

518

00:21:45,680 --> 00:21:44,400

while he was in the army which was

519

00:21:47,900 --> 00:21:45,690

authorized on the Civil Air Patrol

520

00:21:51,140 --> 00:21:47,910

uniform but not on an Air Force uniform

521

00:21:53,540 --> 00:21:51,150

but the most important point is he had

522

00:21:55,760 --> 00:21:53,550

taken off the distinctive signal up the

523

00:21:57,290 --> 00:21:55,770

lapel where it would say EAP if it was

524

00:22:00,860 --> 00:21:57,300

Civil Air Patrol or us whether it was

525

00:22:02,630 --> 00:22:00,870

Air Force that's missing so clearly the

526

00:22:03,710 --> 00:22:02,640

pictures were taken and he took off

527

00:22:05,389 --> 00:22:03,720

those insignia so

528

00:22:07,399 --> 00:22:05,399

wouldn't realize that he was in a Civil

529

00:22:09,200 --> 00:22:07,409

Air Patrol uniform no evidence now

530

00:22:12,080 --> 00:22:09,210

that's a weird that's kind of weird why

531

00:22:15,470 --> 00:22:12,090

would he do that so so here's a picture

532

00:22:18,080 --> 00:22:15,480

of him taken in the 1960s to the late

533

00:22:20,960 --> 00:22:18,090

late 60s early 70s to show him in

534

00:22:23,659 --> 00:22:20,970

uniform and it looks good but it's

535

00:22:27,860 --> 00:22:23,669

clearly a Civil Air Patrol uniform so

536

00:22:29,720 --> 00:22:27,870

he's he's engaged in this deceit who he

537

00:22:31,100 --> 00:22:29,730

is and what he was he was clearly a

538

00:22:33,669 --> 00:22:31,110

Civil Air Patrol officer

539

00:22:37,009 --> 00:22:33,679

now I'm sense that communication with

540

00:22:40,159 --> 00:22:37,019

st. Louis and the guy has tried to

541

00:22:42,379 --> 00:22:40,169

convince him he was doin III think it's

542

00:22:44,240 --> 00:22:42,389

because he believed somehow that years

543

00:22:46,460 --> 00:22:44,250

in the Civil Air Patrol translated two

544

00:22:48,019 --> 00:22:46,470

years in the Air Force and therefore he

545

00:22:50,480 --> 00:22:48,029

was due attention but that's not true

546

00:22:52,940 --> 00:22:50,490

what I don't know I think I think some

547

00:22:55,460 --> 00:22:52,950

people can earn retirement points for

548

00:22:57,560 --> 00:22:55,470

participating in air for in civil air

549

00:22:59,659 --> 00:22:57,570

patrol activities on the senior level

550

00:23:02,960 --> 00:22:59,669

but that does not count toward a good

551  
00:23:05,320 --> 00:23:02,970  
year or retirement retirement other than

552  
00:23:08,180 --> 00:23:05,330  
you get one point for this one

553  
00:23:10,399 --> 00:23:08,190  
participation which works about the 50

554  
00:23:12,350 --> 00:23:10,409  
cent retirement point when you add them

555  
00:23:14,389 --> 00:23:12,360  
all up here's what I find interesting

556  
00:23:16,999 --> 00:23:14,399  
about the del rio thing versus san

557  
00:23:19,749 --> 00:23:17,009  
agustin versus mj-12 and this is sort of

558  
00:23:23,960 --> 00:23:19,759  
why I asked about it the Del Rio case

559  
00:23:26,060 --> 00:23:23,970  
existed in the public knowledge prior to

560  
00:23:28,549 --> 00:23:26,070  
the creation wherever they were created

561  
00:23:30,440 --> 00:23:28,559  
of the mj-12 documents correct yes in

562  
00:23:33,049 --> 00:23:30,450  
fact I know a little bit further than

563  
00:23:36,320 --> 00:23:33,059

that Cole wanted to write a book about

564

00:23:38,930 --> 00:23:36,330

Del Rio about the same time that bill

565

00:23:42,680 --> 00:23:38,940

Moore was writing the Roswell incident

566

00:23:46,549 --> 00:23:42,690

there is a mention of the Del Rio crash

567

00:23:48,200 --> 00:23:46,559

in the Roswell incident it just

568

00:23:50,720 --> 00:23:48,210

mentioned it briefly and the Todd's echo

569

00:23:54,230 --> 00:23:50,730

has been looking into it okay when the

570

00:23:57,799 --> 00:23:54,240

mj-12 document appears we've got a

571

00:23:59,480 --> 00:23:57,809

paragraph about the del real case which

572

00:24:01,909 --> 00:23:59,490

clearly is a hoax

573

00:24:03,710 --> 00:24:01,919

so the question then become if they'll

574

00:24:05,509 --> 00:24:03,720

real into hoax what's it doing in the

575

00:24:06,950 --> 00:24:05,519

Eisenhower briefing document and doesn't

576

00:24:08,119 --> 00:24:06,960

just suggest the briefing document

577

00:24:09,830 --> 00:24:08,129

there's also a hoax

578

00:24:11,480 --> 00:24:09,840

one more proof that it's a home yeah

579

00:24:14,060 --> 00:24:11,490

I've always thought of all the things in

580

00:24:16,340 --> 00:24:14,070

there even worse than the dome and

581

00:24:19,250 --> 00:24:16,350

inclusion which stand what a you

582

00:24:21,410 --> 00:24:19,260

know quite a ways to if not proving at

583

00:24:22,850 --> 00:24:21,420

least showing that Menzel did have a you

584

00:24:24,920 --> 00:24:22,860

know quite a secret life and a high

585

00:24:27,410 --> 00:24:24,930

security clearance so maybe you could

586

00:24:28,910 --> 00:24:27,420

jump that hurdle but the one that I that

587

00:24:31,250 --> 00:24:28,920

I don't think anybody with any

588

00:24:34,430 --> 00:24:31,260

objectivity could get a crew get over is

589

00:24:36,500 --> 00:24:34,440

the non inclusion of San Agustin and the

590

00:24:39,770 --> 00:24:36,510

inclusion of Del Rio which is you say is

591

00:24:41,570 --> 00:24:39,780

clearly not accurate not true we can go

592

00:24:43,100 --> 00:24:41,580

one step further now because there's an

593

00:24:44,840 --> 00:24:43,110

awful lot of people and in the book I

594

00:24:45,950 --> 00:24:44,850

talk about as Texans yeah I hate to talk

595

00:24:47,390 --> 00:24:45,960

about all the hoax

596

00:24:50,840 --> 00:24:47,400

talk about some of the interesting stuff

597

00:24:52,730 --> 00:24:50,850

but but I talk about the Aztec case in

598

00:24:54,320 --> 00:24:52,740

the book as well and it was my

599

00:24:56,810 --> 00:24:54,330

conclusions and that it's a hoax now I

600

00:24:58,370 --> 00:24:56,820

understand Scott Ramsay has done a lot

601  
00:24:59,930 --> 00:24:58,380  
of research and Aztec and he's now

602  
00:25:02,150 --> 00:24:59,940  
convinced that he's got the evidence to

603  
00:25:04,550 --> 00:25:02,160  
prove that our tech was real if that's

604  
00:25:05,720 --> 00:25:04,560  
the case an Aztec is nineteen forty

605  
00:25:11,500 --> 00:25:05,730  
eight thing it who should be an

606  
00:25:15,920 --> 00:25:14,270  
hey news for Kevin Scott Ramsay was

607  
00:25:17,510 --> 00:25:15,930  
convinced that the Aztec case was real

608  
00:25:20,090 --> 00:25:17,520  
before he actually started researching

609  
00:25:21,920 --> 00:25:20,100  
the Aztec case that's that's my take on

610  
00:25:25,580 --> 00:25:21,930  
it and that's that's all I'm gonna say

611  
00:25:28,550 --> 00:25:25,590  
about this I was on a program several

612  
00:25:30,530 --> 00:25:28,560  
months ago and mentioned the I said case

613  
00:25:32,810 --> 00:25:30,540

I thought it was a hoax and they were

614

00:25:34,850 --> 00:25:32,820

wanting me to come on in debate Scott

615

00:25:36,080 --> 00:25:34,860

Ramsay and I pointed out well it's not

616

00:25:38,000 --> 00:25:36,090

fair because I don't know what Ramsay

617

00:25:41,510 --> 00:25:38,010

has in the way of evidence I know what

618

00:25:43,010 --> 00:25:41,520

where we are in today's world on a stock

619

00:25:45,140 --> 00:25:43,020

but I don't know what he may be

620

00:25:47,240 --> 00:25:45,150

presenting to suggest that Aztec is real

621

00:25:48,740 --> 00:25:47,250

and until I can see that evidence it

622

00:25:51,320 --> 00:25:48,750

doesn't seem like it would be a fair

623

00:25:53,330 --> 00:25:51,330

thing to debate him about it I'd be I'd

624

00:25:55,430 --> 00:25:53,340

be at a disadvantage because I would not

625

00:25:57,590 --> 00:25:55,440

have access to the information he

626

00:25:59,120 --> 00:25:57,600

currently has now I know I know Sam now

627

00:26:00,830 --> 00:25:59,130

it's real

628

00:26:02,900 --> 00:26:00,840

yeah but Stan's convinced that

629

00:26:04,940 --> 00:26:02,910

everything's real and I say that with

630

00:26:07,010 --> 00:26:04,950

the greatest affection I can muster but

631

00:26:08,450 --> 00:26:07,020

you know when you've crossed the rubicon

632

00:26:11,030 --> 00:26:08,460

of being convinced that the mj-12

633

00:26:13,460 --> 00:26:11,040

documents are real against all evidence

634

00:26:15,110 --> 00:26:13,470

that they're not and then you started

635

00:26:18,230 --> 00:26:15,120

latching on to things like the flatwoods

636

00:26:20,720 --> 00:26:18,240

monster case and the Aztek case and all

637

00:26:22,940 --> 00:26:20,730

of a sudden it seems like virtually

638

00:26:25,660 --> 00:26:22,950

anything that falls from the skies is an

639

00:26:29,110 --> 00:26:25,670

extraterrestrial spacecraft that crashes

640

00:26:31,210 --> 00:26:29,120

and you have to ask well why is this

641

00:26:33,850 --> 00:26:31,220

researcher still viewed as credible then

642

00:26:35,950 --> 00:26:33,860

you're getting dangerously close to XO

643

00:26:37,720 --> 00:26:35,960

politics territory at that point where

644

00:26:40,420 --> 00:26:37,730

you seem to be accepting almost any

645

00:26:42,910 --> 00:26:40,430

story that comes in even though in the

646

00:26:43,630 --> 00:26:42,920

case of Aztec I call it ufologist

647

00:26:45,550 --> 00:26:43,640

Dracula

648

00:26:49,600 --> 00:26:45,560

I mean JP Khan's stuck a stake in that

649

00:26:51,550 --> 00:26:49,610

thing over fifty years ago and it sue

650

00:26:53,950 --> 00:26:51,560

every now and then Bill Steinman in the

651  
00:26:55,660 --> 00:26:53,960  
80s Scott Ramsay in the 90s and then

652  
00:26:57,400 --> 00:26:55,670  
this decade somebody comes along and

653  
00:27:00,460 --> 00:26:57,410  
pulls the stake out and the vampire

654  
00:27:02,260 --> 00:27:00,470  
comes up and rampages through follow g4

655  
00:27:04,120 --> 00:27:02,270  
a bit and then somebody stakes it again

656  
00:27:07,170 --> 00:27:04,130  
with the same stake that was in it

657  
00:27:11,290 --> 00:27:07,180  
before and so my question would be how

658  
00:27:12,910 --> 00:27:11,300  
long does ufology let this go on before

659  
00:27:15,610 --> 00:27:12,920  
people just sort of throw their hands up

660  
00:27:17,980 --> 00:27:15,620  
and say you know what this is crazy

661  
00:27:20,020 --> 00:27:17,990  
so Kevin how long do we let this go on

662  
00:27:23,140 --> 00:27:20,030  
before we call it what it is crazy

663  
00:27:25,870 --> 00:27:23,150

the problem I think is that a ufology we

664

00:27:29,680 --> 00:27:25,880

kind of recycle the people every five to

665

00:27:32,590 --> 00:27:29,690

seven years and so with a few of those

666

00:27:35,470 --> 00:27:32,600

geezers running around and Stan would be

667

00:27:38,770 --> 00:27:35,480

the leading geezer I guess I'm not far

668

00:27:40,990 --> 00:27:38,780

behind in my geezer gun and in fact I my

669

00:27:44,170 --> 00:27:41,000

wife took a picture of the speaker's

670

00:27:45,760 --> 00:27:44,180

panel at the MUFON conference last year

671

00:27:47,920 --> 00:27:45,770

that was basically a whole bunch of

672

00:27:49,690 --> 00:27:47,930

geezers I don't think there was anybody

673

00:27:51,940 --> 00:27:49,700

with dark hair on the panel with the

674

00:27:54,490 --> 00:27:51,950

exception of Jim Carrey who was the

675

00:27:58,780 --> 00:27:54,500

international directors time but other

676

00:28:01,270 --> 00:27:58,790

than us people rediscover ufology and so

677

00:28:03,550 --> 00:28:01,280

they look this stuff up and they find

678

00:28:05,710 --> 00:28:03,560

the out staircase which sounds good when

679

00:28:08,290 --> 00:28:05,720

it when you begin looking at it because

680

00:28:10,840 --> 00:28:08,300

here is all this suggested evidence and

681

00:28:14,740 --> 00:28:10,850

scientific investigation of it and

682

00:28:16,690 --> 00:28:14,750

military recovery of it so that it looks

683

00:28:18,850 --> 00:28:16,700

good but as they continue their interest

684

00:28:21,280 --> 00:28:18,860

they begin to find find the problem so

685

00:28:24,010 --> 00:28:21,290

I'm pretty sure we're going to stick the

686

00:28:26,110 --> 00:28:24,020

steak in the Aztec case once again but

687

00:28:29,380 --> 00:28:26,120

that's really the problem with ufology

688

00:28:31,900 --> 00:28:29,390

is we do not seem to discriminate at all

689

00:28:33,790 --> 00:28:31,910

a case will be answered and then

690

00:28:36,340 --> 00:28:33,800

somebody will say well no not really

691

00:28:38,080 --> 00:28:36,350

Thomas Mantell chased a balloon there is

692

00:28:38,810 --> 00:28:38,090

no question in my mind that's what

693

00:28:42,350 --> 00:28:38,820

happened

694

00:28:44,990 --> 00:28:42,360

Mantell was the National Guard pilot who

695

00:28:47,810 --> 00:28:45,000

was killed chasing a UFO in Kentucky in

696

00:28:50,810 --> 00:28:47,820

1948 I am convinced he was killed

697

00:28:53,780 --> 00:28:50,820

chasing a balloon based on the Air Force

698

00:28:55,940 --> 00:28:53,790

file and the study that I did of it 15

699

00:28:59,720 --> 00:28:55,950

years ago in learning everything I could

700

00:29:02,300 --> 00:28:59,730

about hypoxia and anoxia and man tells

701  
00:29:04,310 --> 00:29:02,310  
background as a world war two transport

702  
00:29:07,370 --> 00:29:04,320  
pilot which means he was that I used to

703  
00:29:09,740 --> 00:29:07,380  
the problems with oxygen deprivation at

704  
00:29:12,410 --> 00:29:09,750  
altitudes and all of this stuff and yet

705  
00:29:13,640 --> 00:29:12,420  
we're back well no we're not sure that

706  
00:29:14,510 --> 00:29:13,650  
he chased a balloon and may have been

707  
00:29:15,950 --> 00:29:14,520  
something else

708  
00:29:18,020 --> 00:29:15,960  
and and so we go through it over and

709  
00:29:19,490 --> 00:29:18,030  
over again and that's where we and

710  
00:29:22,670 --> 00:29:19,500  
ufology begin to lose our credibility

711  
00:29:25,760 --> 00:29:22,680  
because we never give anything up it

712  
00:29:27,050 --> 00:29:25,770  
always comes back to hata so I I don't

713  
00:29:29,060 --> 00:29:27,060

know how big of a stake you have to

714

00:29:31,250 --> 00:29:29,070

drive through some of these cases to end

715

00:29:38,810 --> 00:29:31,260

it but we just never seem to get that

716

00:29:41,030 --> 00:29:38,820

done picture this you're on the phone

717

00:29:43,880 --> 00:29:41,040

with a client or colleague trying to

718

00:29:46,790 --> 00:29:43,890

explain something visual a PowerPoint a

719

00:29:49,430 --> 00:29:46,800

keynote presentation a website but it's

720

00:29:50,420 --> 00:29:49,440

frustrating because they can't see what

721

00:29:53,150 --> 00:29:50,430

you're talking about

722

00:29:55,760 --> 00:29:53,160

the solution good news they can if you

723

00:29:58,850 --> 00:29:55,770

invite them to an online meeting using

724

00:30:01,010 --> 00:29:58,860

GoToMeeting then they can see your

725

00:30:03,350 --> 00:30:01,020

computer desktop on their computer

726  
00:30:04,130 --> 00:30:03,360  
screen so you can show them what you're

727  
00:30:05,930 --> 00:30:04,140  
talking about

728  
00:30:07,640 --> 00:30:05,940  
by use GoToMeeting all the time to

729  
00:30:10,220 --> 00:30:07,650

735  
00:30:28,850 --> 00:30:26,490  
Ecker and you are tuned in to the para

736  
00:30:37,310 --> 00:30:28,860  
cast let me tell you what you're gonna

737  
00:30:39,050 --> 00:30:37,320  
hear stuff here we have Kevin D Randle

738  
00:30:41,630 --> 00:30:39,060

he's author of a new book called crash

739

00:30:43,670 --> 00:30:41,640

when UFOs fall from the sky history of

740

00:30:46,760 --> 00:30:43,680

famous incidents conspiracies and

741

00:30:48,770 --> 00:30:46,770

cover-ups co-hosts are Chris O'Brien and

742

00:30:50,480 --> 00:30:48,780

Paul Kimball and the point being

743

00:30:51,930 --> 00:30:50,490

mentioned here that even if you go back

744

00:30:54,869 --> 00:30:51,940

to the 1950s in the

745

00:30:58,080 --> 00:30:54,879

original books by major Donald Kehoe he

746

00:31:00,480 --> 00:30:58,090

was touting the Mantell case and I don't

747

00:31:03,539 --> 00:31:00,490

think he'll ever backtrack did Kyo ever

748

00:31:06,509 --> 00:31:03,549

backtrack on that to be fair to Kehoe on

749

00:31:09,840 --> 00:31:06,519

man tell he did not have access to the

750

00:31:11,580 --> 00:31:09,850

air force files which we all do today he

751  
00:31:14,070 --> 00:31:11,590  
made he made him a couple of assumptions

752  
00:31:15,720 --> 00:31:14,080  
that were wrong during the times when

753  
00:31:17,850 --> 00:31:15,730  
the object was seen in various Kentucky

754  
00:31:19,440 --> 00:31:17,860  
towns measuring the distance between

755  
00:31:21,090 --> 00:31:19,450  
them and saying okay it had to be

756  
00:31:23,039 --> 00:31:21,100  
traveling it I think he said something

757  
00:31:25,499 --> 00:31:23,049  
like 210 miles an hour well a balloon

758  
00:31:27,690 --> 00:31:25,509  
wouldn't travel that fast but what he

759  
00:31:29,970 --> 00:31:27,700  
did not really look at is the direction

760  
00:31:32,789 --> 00:31:29,980  
of the sighting and how high the thing

761  
00:31:35,249 --> 00:31:32,799  
could have been so the reference could

762  
00:31:36,690 --> 00:31:35,259  
have had simultaneous sightings in these

763  
00:31:38,519 --> 00:31:36,700

two towns because of the altitude the

764

00:31:40,139 --> 00:31:38,529

thing goes out there's a drawing in the

765

00:31:42,029 --> 00:31:40,149

project Bluebook filed by one of the

766

00:31:45,269 --> 00:31:42,039

witnesses and it looks for all the world

767

00:31:47,039 --> 00:31:45,279

like a skyhook balloon in the drawing

768

00:31:48,570 --> 00:31:47,049

and I mean that that's really kind of a

769

00:31:51,240 --> 00:31:48,580

giveaway and the thing hangs in the sky

770

00:31:52,830 --> 00:31:51,250

forever and a week they until I had no

771

00:31:54,720 --> 00:31:52,840

chance getting to it but to be fair to

772

00:31:57,749 --> 00:31:54,730

Kehoe he didn't have access to all this

773

00:31:59,549 --> 00:31:57,759

information that we have today I'm not

774

00:32:01,499 --> 00:31:59,559

sure what what Kehoe would have done

775

00:32:04,139 --> 00:32:01,509

with it I also know that the Air Force

776  
00:32:06,330 --> 00:32:04,149  
one after chemo in the Levelland case

777  
00:32:07,889 --> 00:32:06,340  
from 1957 where the object was seen

778  
00:32:10,399 --> 00:32:07,899  
close to the ground it interacted with

779  
00:32:12,860 --> 00:32:10,409  
the environment it stalled car engines

780  
00:32:16,619 --> 00:32:12,870  
Kehoe had said there were nine witnesses

781  
00:32:18,090 --> 00:32:16,629  
nine separate locations the air force in

782  
00:32:20,700 --> 00:32:18,100  
essence called Kehoe Alliance is now

783  
00:32:22,590 --> 00:32:20,710  
there's only free and I went back to

784  
00:32:24,480 --> 00:32:22,600  
look at all of this stuff and using the

785  
00:32:26,519 --> 00:32:24,490  
air force files and other information I

786  
00:32:28,950 --> 00:32:26,529  
was able to locate witnesses at 13

787  
00:32:31,499 --> 00:32:28,960  
separate location so yeah Kehoe was

788  
00:32:33,570 --> 00:32:31,509

wrong but he underestimated the air

789

00:32:35,460 --> 00:32:33,580

force was wrong and they flat lied about

790

00:32:38,159 --> 00:32:35,470

it because they knew about these other

791

00:32:40,350 --> 00:32:38,169

witnesses but what they but a witness

792

00:32:43,409 --> 00:32:40,360

does not exist in the air force mindset

793

00:32:45,600 --> 00:32:43,419

at the time unless an air force person

794

00:32:47,039 --> 00:32:45,610

had talked to them so even though they

795

00:32:48,389 --> 00:32:47,049

might have known a witness's name the

796

00:32:52,110 --> 00:32:48,399

fact they didn't talk to him made them a

797

00:32:54,240 --> 00:32:52,120

non witness so Kehoe I think operating

798

00:32:56,820 --> 00:32:54,250

in the 1950s and what was going on with

799

00:32:58,560 --> 00:32:56,830

the straightforward knowledge going back

800

00:33:01,019 --> 00:32:58,570

to Roswell for just a second Kevin we

801  
00:33:02,820 --> 00:33:01,029  
have a and maybe this could be a

802  
00:33:04,390 --> 00:33:02,830  
concluding thing or maybe Chris wants to

803  
00:33:06,130 --> 00:33:04,400  
come back at it from a different angle

804  
00:33:10,420 --> 00:33:06,140  
but for me there's a guy on the para

805  
00:33:13,390 --> 00:33:10,430  
caste forms tagnames ILO and he writes

806  
00:33:14,770 --> 00:33:13,400  
in a thread saying about this show you

807  
00:33:17,500 --> 00:33:14,780  
know hey guys if you have any questions

808  
00:33:18,760 --> 00:33:17,510  
for Kevin what are they he writes I

809  
00:33:21,490 --> 00:33:18,770  
would like to hear mr. Randall's

810  
00:33:25,060 --> 00:33:21,500  
response to the following is Roswell

811  
00:33:28,450 --> 00:33:25,070  
still a pertinent case within ufology if

812  
00:33:31,840 --> 00:33:28,460  
so why and we just talked about staking

813  
00:33:34,900 --> 00:33:31,850

all of these other cases so is Roswell

814

00:33:36,850 --> 00:33:34,910

still pertinent Kevin why and hasn't it

815

00:33:40,060 --> 00:33:36,860

been staked to and if it hasn't done

816

00:33:42,070 --> 00:33:40,070

absolutely god the Mogul Act answer and

817

00:33:44,830 --> 00:33:42,080

I think anybody who looks at the Morgul

818

00:33:48,190 --> 00:33:44,840

answer honestly will say it doesn't work

819

00:33:49,960 --> 00:33:48,200

and why does it work well a child's more

820

00:33:51,760 --> 00:33:49,970

on the boys the Mogul boys went to

821

00:33:53,260 --> 00:33:51,770

Roswell and asked for their help chasing

822

00:33:54,549 --> 00:33:53,270

the balloons so the guys at Roswell knew

823

00:33:58,150 --> 00:33:54,559

the balloons were out there floating

824

00:33:59,770 --> 00:33:58,160

around the Mogul boys were required fish

825

00:34:01,120 --> 00:33:59,780

you know Toombs notice to Airmen when

826

00:34:03,340 --> 00:34:01,130

they launched the balloons over the a

827

00:34:06,940 --> 00:34:03,350

lemon flying around with no these big

828

00:34:10,060 --> 00:34:06,950

huge aerial obstacles we're out there

829

00:34:11,740 --> 00:34:10,070

floating around the name mogul Andre do

830

00:34:15,460 --> 00:34:11,750

what Charles Moore said was known by the

831

00:34:17,500 --> 00:34:15,470

mobile team in 1919 40s and in fact if

832

00:34:21,040 --> 00:34:17,510

you look at dr. Perry's diary clearly

833

00:34:24,159 --> 00:34:21,050

being the chief of Lobo he uses the term

834

00:34:25,960 --> 00:34:24,169

mogul in his diary a couple of times so

835

00:34:28,450 --> 00:34:25,970

they're they're the mobile explanation

836

00:34:30,820 --> 00:34:28,460

simply does not work that doesn't mean

837

00:34:32,409 --> 00:34:30,830

it was extraterrestrial for me what

838

00:34:34,419 --> 00:34:32,419

takes us to the extra-terrestrial is my

839

00:34:39,430 --> 00:34:34,429

conversation with Edwin easily who was

840

00:34:42,250 --> 00:34:39,440

the provost marshal at rosalind 1947 and

841

00:34:44,080 --> 00:34:42,260

and I asked him if we were following the

842

00:34:45,180 --> 00:34:44,090

right path and he said what do you mean

843

00:34:47,500 --> 00:34:45,190

and I said we think it's

844

00:34:49,659 --> 00:34:47,510

extraterrestrial and he said well let me

845

00:34:51,879 --> 00:34:49,669

put it this way it's not the wrong path

846

00:34:53,710 --> 00:34:51,889

not to mention that every member of

847

00:34:56,020 --> 00:34:53,720

Colonel Blanchard staff Blanchard being

848

00:34:58,120 --> 00:34:56,030

the commander of the 509 stronger that

849

00:35:00,070 --> 00:34:58,130

wazzle at the time I remember the staff

850

00:35:03,880 --> 00:35:00,080

that we talked to was a single exception

851

00:35:06,180 --> 00:35:03,890

said that it was an alien spacecraft it

852

00:35:08,350 --> 00:35:06,190

was extraterrestrial like Jesse Marcel

853

00:35:12,310 --> 00:35:08,360

Jobe riling

854

00:35:14,410 --> 00:35:12,320

Edwin easily Patrick Saunders just to

855

00:35:17,020 --> 00:35:14,420

name a few of the officers or many of

856

00:35:18,530 --> 00:35:17,030

them retiring at very high rank talked

857

00:35:20,390 --> 00:35:18,540

about it being a

858

00:35:22,880 --> 00:35:20,400

Roswell is the big gorilla in the room

859

00:35:24,650 --> 00:35:22,890

the other thing that really interests me

860

00:35:27,080 --> 00:35:24,660

about the Roswell case is you have on

861

00:35:29,120 --> 00:35:27,090

July 8th the Air Force or the guys at

862

00:35:32,300 --> 00:35:29,130

Roswell saying we've got a flying saucer

863

00:35:34,250 --> 00:35:32,310

the next day you get headlines around

864

00:35:35,780 --> 00:35:34,260

the country say the Army and Navy move

865

00:35:37,790 --> 00:35:35,790

today to suppress stories of flying

866

00:35:40,280 --> 00:35:37,800

saucers whizzing through the atmosphere

867

00:35:42,380 --> 00:35:40,290

why on July 9th that they care when they

868

00:35:44,090 --> 00:35:42,390

hadn't cared from the point of Kenneth

869

00:35:45,980 --> 00:35:44,100

Arnold citing some two weeks earlier

870

00:35:47,600 --> 00:35:45,990

you've got all kinds of stories and

871

00:35:50,300 --> 00:35:47,610

speculations about what the flying

872

00:35:53,000 --> 00:35:50,310

saucers are until July 9th when they

873

00:35:54,890 --> 00:35:53,010

when they move to start suppressing them

874

00:35:58,550 --> 00:35:54,900

that suggests something very unusual

875

00:36:01,700 --> 00:35:58,560

happened at Roswell canvass move us to

876

00:36:03,350 --> 00:36:01,710

the extra-terrestrial not really because

877

00:36:05,450 --> 00:36:03,360

all we have is the testimony of the

878

00:36:07,010 --> 00:36:05,460

people suggesting it we don't have the

879

00:36:08,990 --> 00:36:07,020

documentation that would prove it we

880

00:36:12,680 --> 00:36:09,000

don't have the physical evidence would

881

00:36:15,080 --> 00:36:12,690

prove it we have the testimony of the

882

00:36:16,730 --> 00:36:15,090

reliable people who didn't lie to us

883

00:36:19,310 --> 00:36:16,740

repeatedly like gerald anderson and

884

00:36:21,140 --> 00:36:19,320

frank kaufman and many others but we

885

00:36:23,120 --> 00:36:21,150

have some very reliable information that

886

00:36:25,370 --> 00:36:23,130

takes us in that direction so it's the

887

00:36:26,870 --> 00:36:25,380

big gorilla in the room somebody asked

888

00:36:28,400 --> 00:36:26,880

the other day on one of the forms why

889

00:36:31,310 --> 00:36:28,410

can't why don't you guys talk about

890

00:36:32,720 --> 00:36:31,320

something happening today and I said

891

00:36:34,730 --> 00:36:32,730

well that's a very good question let's

892

00:36:37,100 --> 00:36:34,740

see what's going on today and the

893

00:36:40,700 --> 00:36:37,110

sightings today just don't seem to be

894

00:36:42,740 --> 00:36:40,710

quite as exciting as they were back then

895

00:36:44,270 --> 00:36:42,750

and then cops walk and I actually talked

896

00:36:46,340 --> 00:36:44,280

about this a couple of times it's like

897

00:36:48,770 --> 00:36:46,350

the guys came down from outer space they

898

00:36:50,780 --> 00:36:48,780

they gathered their information that

899

00:36:53,210 --> 00:36:50,790

gathered the data they went home and

900

00:36:55,970 --> 00:36:53,220

they've only shown up periodically since

901  
00:36:58,850 --> 00:36:55,980  
in very small numbers not unlike well we

902  
00:37:01,340 --> 00:36:58,860  
went to the moon walked about on it from

903  
00:37:02,900 --> 00:37:01,350  
1969 to what 72 and we really haven't

904  
00:37:06,290 --> 00:37:02,910  
been back since then and except for some

905  
00:37:08,240 --> 00:37:06,300  
probes and things like that so you know

906  
00:37:11,570 --> 00:37:08,250  
I I don't know what the answer that is

907  
00:37:13,010 --> 00:37:11,580  
but Roswell is the 800-pound gorilla in

908  
00:37:15,760 --> 00:37:13,020  
the room and if you're going to talk

909  
00:37:19,070 --> 00:37:15,770  
about UFOs you have to at least address

910  
00:37:21,350 --> 00:37:19,080  
Roswell quickly which we have not done

911  
00:37:23,870 --> 00:37:21,360  
here by the way well that also raises

912  
00:37:27,950 --> 00:37:23,880  
the other question before Kris chimes in

913  
00:37:30,170 --> 00:37:27,960

and that is if you find a way to dismiss

914

00:37:31,700 --> 00:37:30,180

Roswell for whatever reason Roswell

915

00:37:33,920 --> 00:37:31,710

wasn't quite what we thought it was it

916

00:37:36,100 --> 00:37:33,930

was a secret weapon it was balloons

917

00:37:39,440 --> 00:37:36,110

whatever it was it wants an EEG or

918

00:37:41,660 --> 00:37:39,450

crypto terrestrials that doesn't end the

919

00:37:44,750 --> 00:37:41,670

UFO enigma and that's also unfortunate

920

00:37:47,960 --> 00:37:44,760

too we can't use Roswell as the linchpin

921

00:37:50,330 --> 00:37:47,970

for UFO research I guess it's kind of

922

00:37:53,090 --> 00:37:50,340

likely when they talk about terrorist

923

00:37:54,920 --> 00:37:53,100

activities they say you know we can stop

924

00:37:57,890 --> 00:37:54,930

a hundred they only have to be

925

00:38:01,700 --> 00:37:57,900

successful one and it's kind of that way

926

00:38:04,100 --> 00:38:01,710

with with with the UFO phenomenon we can

927

00:38:06,950 --> 00:38:04,110

look at a lot of different cases but it

928

00:38:09,620 --> 00:38:06,960

only takes one to prove that there has

929

00:38:12,200 --> 00:38:09,630

been visitation and even Carl Sagan I

930

00:38:14,330 --> 00:38:12,210

think said that we would we could expect

931

00:38:17,360 --> 00:38:14,340

at a visitation once every 10,000 years

932

00:38:19,670 --> 00:38:17,370

and my question has always been well

933

00:38:22,400 --> 00:38:19,680

when you start counting the 10,000 years

934

00:38:24,110 --> 00:38:22,410

and if you're an alien civilization that

935

00:38:27,440 --> 00:38:24,120

has the capability of travelling into

936

00:38:29,600 --> 00:38:27,450

their stellar distances and you find the

937

00:38:33,070 --> 00:38:29,610

beginnings of a civilization wherever we

938

00:38:35,600 --> 00:38:33,080

happen to be in our societal evolution

939

00:38:40,160 --> 00:38:35,610

whether it's the Egyptians building the

940

00:38:42,130 --> 00:38:40,170

pyramids the Romans the Syrians the

941

00:38:44,750 --> 00:38:42,140

Babylonians the Industrial Revolution

942

00:38:47,000 --> 00:38:44,760

the Middle Ages wherever you find the

943

00:38:49,070 --> 00:38:47,010

civilization don't let me let me not

944

00:38:51,770 --> 00:38:49,080

forget the Aztecs and the Mayans and the

945

00:38:54,890 --> 00:38:51,780

Incas but if you found a civilization on

946

00:38:58,010 --> 00:38:54,900

earth that was obviously involved

947

00:38:59,930 --> 00:38:58,020

intelligent beings wouldn't that induce

948

00:39:01,400 --> 00:38:59,940

you to come back more frequently to see

949

00:39:02,060 --> 00:39:01,410

how they're progressing there see what

950

00:39:04,610 --> 00:39:02,070

they're doing

951  
00:39:06,560 --> 00:39:04,620  
so what once our civilization is

952  
00:39:08,030 --> 00:39:06,570  
discovered by the aliens I would think

953  
00:39:11,180 --> 00:39:08,040  
they would come back more frequently

954  
00:39:14,450 --> 00:39:11,190  
than the once in every 10,000 years so

955  
00:39:16,760 --> 00:39:14,460  
no if even if Roswell turns out to be

956  
00:39:18,890 --> 00:39:16,770  
something mundane and I don't think

957  
00:39:21,410 --> 00:39:18,900  
there's been an explanation offered yet

958  
00:39:24,110 --> 00:39:21,420  
that would cover all the evidences that

959  
00:39:27,110 --> 00:39:24,120  
we have for Roswell they all are lacking

960  
00:39:28,850 --> 00:39:27,120  
some and as I say we don't really have

961  
00:39:31,250 --> 00:39:28,860  
the physical evidence to prove it being

962  
00:39:34,670 --> 00:39:31,260  
actually terrestrial but even even if we

963  
00:39:36,560 --> 00:39:34,680

found that answer it would not explain

964

00:39:38,450 --> 00:39:36,570

the McMinnville pictures it would not

965

00:39:40,730 --> 00:39:38,460

explain the Levelland sightings it would

966

00:39:42,740 --> 00:39:40,740

not explain the Great Falls Montana

967

00:39:43,610 --> 00:39:42,750

movie it wouldn't explain a lot of

968

00:39:46,910 --> 00:39:43,620

different things it

969

00:39:49,100 --> 00:39:46,920

explain Shanghai the shake harbour

970

00:39:51,110 --> 00:39:49,110

incident from 1967

971

00:39:54,980 --> 00:39:51,120

it just wouldn't explain those sorts of

972

00:39:56,900 --> 00:39:54,990

things Chris yeah I've been slowly

973

00:39:58,580 --> 00:39:56,910

perusing through Joseph Farrell's new

974

00:40:01,970 --> 00:39:58,590

book called Roswell and the Reich and

975

00:40:05,270 --> 00:40:01,980

since we're on this subject that I have

976

00:40:08,720 --> 00:40:05,280

problems with I tend to break out in in

977

00:40:10,670 --> 00:40:08,730

like this weird kind of rash I need to

978

00:40:12,770 --> 00:40:10,680

get calamine lotion sometimes to like

979

00:40:16,940 --> 00:40:12,780

put it on myself when we're talking

980

00:40:18,950 --> 00:40:16,950

about Roswell as some people who know or

981

00:40:21,050 --> 00:40:18,960

where am I thinking out there or where I

982

00:40:24,560 --> 00:40:21,060

I have always had problems with the

983

00:40:26,660 --> 00:40:24,570

Roswell case I do appreciate creative

984

00:40:29,150 --> 00:40:26,670

thinking though and Joseph Ferrell is a

985

00:40:32,180 --> 00:40:29,160

new book Roswell in the Reich who raises

986

00:40:35,870 --> 00:40:32,190

some pretty interesting hypotheses that

987

00:40:37,700 --> 00:40:35,880

we may have been dealing in terms of

988

00:40:40,340 --> 00:40:37,710

that case with something highly

989

00:40:42,650 --> 00:40:40,350

terrestrial and possibly of German

990

00:40:45,680 --> 00:40:42,660

origin Kevin have you looked into this

991

00:40:47,780 --> 00:40:45,690

particular angle and do you feel that it

992

00:40:50,720 --> 00:40:47,790

holds water I haven't looked at it in

993

00:40:53,720 --> 00:40:50,730

any great depth simply because I haven't

994

00:40:55,430 --> 00:40:53,730

been convinced I thought these I thought

995

00:40:57,290 --> 00:40:55,440

the Nazis were pretty well destroyed at

996

00:40:58,970 --> 00:40:57,300

the end of the Second World War I would

997

00:41:02,120 --> 00:40:58,980

argue I would argue that if they had a

998

00:41:04,820 --> 00:41:02,130

weapon that could do what the UFOs

999

00:41:06,830 --> 00:41:04,830

allegedly could do they would have

1000

00:41:08,480 --> 00:41:06,840

deployed it but then again I can say

1001  
00:41:12,500 --> 00:41:08,490  
well you know they had the jet fighters

1002  
00:41:14,900 --> 00:41:12,510  
and Hitler used them completely wrong so

1003  
00:41:16,220 --> 00:41:14,910  
he didn't he didn't really utilize the

1004  
00:41:19,160 --> 00:41:16,230  
weapon that he had that could have

1005  
00:41:22,070 --> 00:41:19,170  
really torn up the 8th Air Force and the

1006  
00:41:24,380 --> 00:41:22,080  
strategic bombing of Nazi Germany when

1007  
00:41:26,780 --> 00:41:24,390  
he had the opportunity so that argument

1008  
00:41:29,420 --> 00:41:26,790  
made may not work I just noticed the

1009  
00:41:31,310 --> 00:41:29,430  
book out and I haven't really looked at

1010  
00:41:32,600 --> 00:41:31,320  
it so it's really not fair for me to

1011  
00:41:35,600 --> 00:41:32,610  
comment on it as well

1012  
00:41:37,610 --> 00:41:35,610  
yeah I do I do urge you to you know at

1013  
00:41:39,080 --> 00:41:37,620

least at some point take a look at it

1014

00:41:41,540 --> 00:41:39,090

there's some pretty raises some pretty

1015

00:41:43,510 --> 00:41:41,550

interesting points and and also he is a

1016

00:41:46,280 --> 00:41:43,520

very good researcher and I do recommend

1017

00:41:50,450 --> 00:41:46,290

for you Roswell fans out there

1018

00:41:52,190 --> 00:41:50,460

in also Nick Redferns book I think next

1019

00:41:55,609 --> 00:41:52,200

the theory had cut the number of holes

1020

00:41:58,160 --> 00:41:55,619

in it but I appreciate creative thinking

1021

00:42:00,319 --> 00:41:58,170

in this field and I don't think we have

1022

00:42:02,150 --> 00:42:00,329

enough of it and someone like Allen's

1023

00:42:05,599 --> 00:42:02,160

Springfield for instance I think anytime

1024

00:42:08,750 --> 00:42:05,609

you talk about UFO crashes you need to

1025

00:42:11,089 --> 00:42:08,760

look at the work that Leonard did for

1026

00:42:13,190 --> 00:42:11,099

many years in the situation read i think

1027

00:42:16,010 --> 00:42:13,200

as i must read for anybody who's

1028

00:42:19,940 --> 00:42:16,020

interested in this subject what do you

1029

00:42:21,440 --> 00:42:19,950

think of lands work in general in denver

1030

00:42:23,569 --> 00:42:21,450

at the end of july i'll be doing a

1031

00:42:25,670 --> 00:42:23,579

critical in Springfield looking at some

1032

00:42:27,589 --> 00:42:25,680

of what he had done talking about his

1033

00:42:30,230 --> 00:42:27,599

UFO sighting over at Uwe Jima at the end

1034

00:42:32,470 --> 00:42:30,240

of the Second World War and what I

1035

00:42:36,260 --> 00:42:32,480

always appreciate about lens work was

1036

00:42:38,540 --> 00:42:36,270

that he gathered the information he did

1037

00:42:39,620 --> 00:42:38,550

some analysis of it what he thought was

1038

00:42:41,930 --> 00:42:39,630

good and bad about it

1039

00:42:43,940 --> 00:42:41,940

but he but he published a number of

1040

00:42:45,530 --> 00:42:43,950

status reports on Clark crash retrievals

1041

00:42:47,660 --> 00:42:45,540

and through the information out there

1042

00:42:49,250 --> 00:42:47,670

and says you know I don't have time to

1043

00:42:51,890 --> 00:42:49,260

look at all of this here's what I've

1044

00:42:54,970 --> 00:42:51,900

been told maybe it'll be of benefit to

1045

00:42:57,680 --> 00:42:54,980

somebody else maybe someone else can can

1046

00:42:59,120 --> 00:42:57,690

follow up on this and get to the end and

1047

00:43:02,109 --> 00:42:59,130

that was what's important about the del

1048

00:43:07,400 --> 00:43:02,119

rio crashes that was the the lead off

1049

00:43:09,200 --> 00:43:07,410

case in his 1978 paper in his I think

1050

00:43:11,630 --> 00:43:09,210

its first status report he talked about

1051  
00:43:12,800 --> 00:43:11,640  
some additional information and and

1052  
00:43:14,030 --> 00:43:12,810  
suggests that he just found it really

1053  
00:43:16,309 --> 00:43:14,040  
hard to believe because the date had

1054  
00:43:18,710 --> 00:43:16,319  
changed so many times and some of these

1055  
00:43:21,530 --> 00:43:18,720  
things and now we were able to take it

1056  
00:43:23,630 --> 00:43:21,540  
to the to its conclusion that it's all

1057  
00:43:24,410 --> 00:43:23,640  
based on a single witness who was not

1058  
00:43:26,599 --> 00:43:24,420  
reliable

1059  
00:43:28,730 --> 00:43:26,609  
so wrens work lens work is very

1060  
00:43:31,130 --> 00:43:28,740  
important especially when you're talking

1061  
00:43:34,190 --> 00:43:31,140  
about crash retrievals because had Lam

1062  
00:43:36,410 --> 00:43:34,200  
not presented the 1978 paper and then

1063  
00:43:38,120 --> 00:43:36,420

followed up with his status reports I

1064

00:43:40,550 --> 00:43:38,130

don't think many of us would be talking

1065

00:43:42,260 --> 00:43:40,560

about crash retrievals it really it

1066

00:43:44,150 --> 00:43:42,270

would have died and I remember when I

1067

00:43:45,950 --> 00:43:44,160

saw the the Roswell incident book the

1068

00:43:48,859 --> 00:43:45,960

first time I said well here's the Aztecs

1069

00:43:51,260 --> 00:43:48,869

case we packaged and didn't want a thing

1070

00:43:54,620 --> 00:43:51,270

to do with it because that's what struck

1071

00:43:56,510 --> 00:43:54,630

me but glam directed us to the crash

1072

00:43:59,470 --> 00:43:56,520

retrieval stories and said you know

1073

00:44:01,570 --> 00:43:59,480

these are interesting to me they

1074

00:44:02,859 --> 00:44:01,580

may not be true this one single witness

1075

00:44:05,380 --> 00:44:02,869

this one I can't tell you who the guy is

1076

00:44:08,080 --> 00:44:05,390

but he seems to be credible so land

1077

00:44:10,630 --> 00:44:08,090

provided us with an awful lot of the

1078

00:44:12,730 --> 00:44:10,640

foundations for research into other

1079

00:44:15,760 --> 00:44:12,740

areas crash retrieval service lens work

1080

00:44:23,830 --> 00:44:15,770

in that respect was extremely important

what are you waiting for your fate

1094

00:45:18,880 --> 00:45:16,340

awaits what's extremely important by the

1095

00:45:20,890 --> 00:45:18,890

way is that we have Kevin D Randall

1096

00:45:23,230 --> 00:45:20,900

author of a new book called fresh that

1097

00:45:25,150 --> 00:45:23,240

explores these crash retrieval incidents

1098

00:45:27,160 --> 00:45:25,160

and we're looking not just the stuff

1099

00:45:30,850 --> 00:45:27,170

that may pass muster but the stuff that

1100

00:45:33,310 --> 00:45:30,860

maybe we can discard and move on our

1101  
00:45:36,100 --> 00:45:33,320  
co-host Paul Kimball Chris O'Brien Chris

1102  
00:45:41,500 --> 00:45:36,110  
she wanted to follow up yeah I'm very

1103  
00:45:44,620 --> 00:45:41,510  
curious as to your favorite and and in

1104  
00:45:47,350 --> 00:45:44,630  
the cases you feel hold the most water

1105  
00:45:50,710 --> 00:45:47,360  
in terms of your long years in the field

1106  
00:45:52,510 --> 00:45:50,720  
and you know obviously the extensive

1107  
00:45:54,220 --> 00:45:52,520  
research that you've done in the subject

1108  
00:45:57,040 --> 00:45:54,230  
what are your favorite cases and which

1109  
00:46:00,400 --> 00:45:57,050  
ones do you feel the ones that are most

1110  
00:46:02,500 --> 00:46:00,410  
likely to be real well one of my

1111  
00:46:04,450 --> 00:46:02,510  
favorite case is one of most most real I

1112  
00:46:06,130 --> 00:46:04,460  
really like to del real case because we

1113  
00:46:08,170 --> 00:46:06,140

were able to take that thing to attempt

1114

00:46:09,910 --> 00:46:08,180

and here's an explanation and here's

1115

00:46:11,710 --> 00:46:09,920

where we go so I kind of really kind of

1116

00:46:13,690 --> 00:46:11,720

liked that case even though it does

1117

00:46:16,240 --> 00:46:13,700

nothing to suggest there have been real

1118

00:46:19,300 --> 00:46:16,250

UFO crashes I think shank Harbor is

1119

00:46:21,220 --> 00:46:19,310

extremely important because here is here

1120

00:46:23,350 --> 00:46:21,230

is a case where the object is seen in

1121

00:46:26,170 --> 00:46:23,360

the sky there's a photograph of it in

1122

00:46:28,540 --> 00:46:26,180

the sky and there's documentation that

1123

00:46:30,280 --> 00:46:28,550

suggests of what what the Canadian

1124

00:46:33,480 --> 00:46:30,290

government the American government neden

1125

00:46:36,530 --> 00:46:33,490

Soviets dead during during that event in

1126

00:46:40,400 --> 00:46:36,540

1967 what is also very interesting is

1127

00:46:43,310 --> 00:46:40,410

the Air Force had decided to investigate

1128

00:46:46,250 --> 00:46:43,320

UFO a university to investigate UFOs

1129

00:46:47,780 --> 00:46:46,260

servic attend Project Blue Book and the

1130

00:46:51,080 --> 00:46:47,790

documentation proves that was their

1131

00:46:52,730 --> 00:46:51,090

mission the N Blue Book ended now and in

1132

00:46:54,950 --> 00:46:52,740

Chiang Harbor takes place during this

1133

00:46:56,780 --> 00:46:54,960

University of Colorado study so here's

1134

00:46:59,540 --> 00:46:56,790

the perfect opportunity for these guys

1135

00:47:01,430 --> 00:46:59,550

to investigate a case that has all the

1136

00:47:03,260 --> 00:47:01,440

elements you could expect all the chains

1137

00:47:05,570 --> 00:47:03,270

of evidence you could want to suggest

1138

00:47:08,090 --> 00:47:05,580

something is going on and they make a

1139

00:47:09,890 --> 00:47:08,100

phone call to Canada and discover that a

1140

00:47:11,540 --> 00:47:09,900

couple of the initial witnesses were

1141

00:47:13,220 --> 00:47:11,550

teenagers they through hell yeah there's

1142

00:47:15,860 --> 00:47:13,230

nothing to it yeah we're not we're not

1143

00:47:18,740 --> 00:47:15,870

interested well Chris Stiles and Dawn

1144

00:47:21,230 --> 00:47:18,750

ledger picked up the reins in the in the

1145

00:47:23,510 --> 00:47:21,240

1990s and were able to find some very

1146

00:47:25,130 --> 00:47:23,520

interesting documentation clearly

1147

00:47:29,030 --> 00:47:25,140

something fell into the wall out of shag

1148

00:47:30,650 --> 00:47:29,040

harbour clearly it was there for a week

1149

00:47:32,240 --> 00:47:30,660

clearly it interacted with the

1150

00:47:33,860 --> 00:47:32,250

environment clearly the American

1151

00:47:36,980 --> 00:47:33,870

government got involved clearly the

1152

00:47:39,830 --> 00:47:36,990

Soviets got involved and then the object

1153

00:47:42,950 --> 00:47:39,840

or an object and another one disappeared

1154

00:47:45,500 --> 00:47:42,960

making taking off somehow so here's a

1155

00:47:47,510 --> 00:47:45,510

case that's very very good and maybe

1156

00:47:49,550 --> 00:47:47,520

better than laws we'll simply because of

1157

00:47:50,720 --> 00:47:49,560

the documentation available collect now

1158

00:47:53,390 --> 00:47:50,730

some of the things that you've talked

1159

00:47:55,160 --> 00:47:53,400

about there Kevin are absolutely

1160

00:47:57,260 --> 00:47:55,170

accurate in the sense that you have

1161

00:47:59,330 --> 00:47:57,270

identifiable witnesses that you can

1162

00:48:01,010 --> 00:47:59,340

attach names and faces to I've met some

1163

00:48:02,780 --> 00:48:01,020

of them down in shag harbour in that

1164

00:48:05,120 --> 00:48:02,790

area there's other elements to that

1165

00:48:07,400 --> 00:48:05,130

story where the witnesses remain

1166

00:48:09,710 --> 00:48:07,410

anonymous particularly the part about

1167

00:48:12,380 --> 00:48:09,720

the being joined by another underwater

1168

00:48:14,600 --> 00:48:12,390

craft and then both of them traveling to

1169

00:48:17,060 --> 00:48:14,610

the Gulf of Maine and flying away but

1170

00:48:19,280 --> 00:48:17,070

not to say that it didn't happen but we

1171

00:48:21,320 --> 00:48:19,290

profiled that case in my film best

1172

00:48:23,540 --> 00:48:21,330

evidence and there's kind of a dividing

1173

00:48:25,130 --> 00:48:23,550

line between the stuff like a lot of

1174

00:48:26,630 --> 00:48:25,140

these cases where you can say yes that

1175

00:48:28,520 --> 00:48:26,640

absolutely happened we have

1176

00:48:31,010 --> 00:48:28,530

documentation we have verifiable

1177

00:48:33,260 --> 00:48:31,020

witnesses fine and then there's the

1178

00:48:35,030 --> 00:48:33,270

stuff that may have happened you have

1179

00:48:36,590 --> 00:48:35,040

anonymous witnesses you have people that

1180

00:48:38,720 --> 00:48:36,600

don't want to go on the record but tell

1181

00:48:43,280 --> 00:48:38,730

you a story say they were there as

1182

00:48:45,740 --> 00:48:43,290

divers or whatever and the trick is how

1183

00:48:47,720 --> 00:48:45,750

far do you want to take the conclusions

1184

00:48:49,610 --> 00:48:47,730

you can draw from that

1185

00:48:51,680 --> 00:48:49,620

do you take it just to the point of

1186

00:48:54,770 --> 00:48:51,690

here's what we have that we can verify

1187

00:48:57,260 --> 00:48:54,780

stop or do you say well okay let's bring

1188

00:48:59,360 --> 00:48:57,270

in this anonymous stuff and perhaps

1189

00:49:02,210 --> 00:48:59,370

unverifiable stuff but still interesting

1190

00:49:05,000 --> 00:49:02,220

and draw a tentative conclusion from

1191

00:49:07,880 --> 00:49:05,010

that which is about as far as I'd ever

1192

00:49:09,620 --> 00:49:07,890

be willing to go but but I think you're

1193

00:49:11,060 --> 00:49:09,630

right the shagg case is very interesting

1194

00:49:13,340 --> 00:49:11,070

what is always struck me as most

1195

00:49:17,990 --> 00:49:13,350

interesting about it besides the name

1196

00:49:19,460 --> 00:49:18,000

shag harbour which I find amusing I once

1197

00:49:22,400 --> 00:49:19,470

was speaking at a conference at the

1198

00:49:23,720 --> 00:49:22,410

integratron Inn in Landers California

1199

00:49:26,660 --> 00:49:23,730

and I said if only you can get the folks

1200

00:49:30,500 --> 00:49:26,670

from dildo Newfoundland to visit shag

1201

00:49:32,900 --> 00:49:30,510

harbour you would have a really really

1202

00:49:43,480 --> 00:49:32,910

cool party when you have people come in

1203

00:49:48,910 --> 00:49:46,340

pull in but then I pull out wait this is

1204

00:49:51,320 --> 00:49:48,920

the tangent show ladies and gentlemen

1205

00:49:53,420 --> 00:49:51,330

remember we're going on traditional

1206

00:49:55,160 --> 00:49:53,430

radio soon so we have to be careful

1207

00:49:57,080 --> 00:49:55,170

about this but you don't want to be like

1208

00:49:58,400 --> 00:49:57,090

Howard Stern go wait a minute Howard

1209

00:50:04,160 --> 00:49:58,410

Stern gets five hundred million dollars

1210

00:50:07,910 --> 00:50:04,170

a year maybe we do in-n-out burger

1211

00:50:09,710 --> 00:50:07,920

perfect burger yeah those are all real

1212

00:50:10,910 --> 00:50:09,720

names it's the it's like you should do

1213

00:50:12,920 --> 00:50:10,920

it show the fun you can have with real

1214

00:50:15,470 --> 00:50:12,930

place names but the thing about Sag

1215

00:50:18,680 --> 00:50:15,480

Harbor as opposed to dildo Newfoundland

1216

00:50:20,210 --> 00:50:18,690

is the witnesses when they saw the

1217

00:50:22,370 --> 00:50:20,220

object from the sky come down thought it

1218

00:50:24,560 --> 00:50:22,380

was a plane crash and they reported it

1219

00:50:27,260 --> 00:50:24,570

as such in most cases it was the

1220

00:50:29,960 --> 00:50:27,270

military that classified it as an

1221

00:50:31,610 --> 00:50:29,970

unidentified flying object which doesn't

1222

00:50:33,740 --> 00:50:31,620

mean an extraterrestrial spacecraft it

1223

00:50:36,110 --> 00:50:33,750

just means a UFO something that was

1224

00:50:37,880 --> 00:50:36,120

unexplained and his Don Leger has

1225

00:50:39,770 --> 00:50:37,890

pointed out a number of times to me said

1226  
00:50:41,570 --> 00:50:39,780  
as far as he knows that's the only time

1227  
00:50:42,920 --> 00:50:41,580  
that that's ever happened usually it's

1228  
00:50:45,020 --> 00:50:42,930  
the other way around the witnesses call

1229  
00:50:47,360 --> 00:50:45,030  
it the UFO and the Air Force wanders and

1230  
00:50:48,680 --> 00:50:47,370  
then says well here's what it was and in

1231  
00:50:50,690 --> 00:50:48,690  
this case you had something completely

1232  
00:50:52,730 --> 00:50:50,700  
opposite the witness is offering an

1233  
00:50:55,880 --> 00:50:52,740  
explanation in the air force saying no

1234  
00:50:56,290 --> 00:50:55,890  
it's unidentified there is another there

1235  
00:50:57,910 --> 00:50:56,300  
is an

1236  
00:51:00,880 --> 00:50:57,920  
precedent for that of course you have

1237  
00:51:02,170 --> 00:51:00,890  
the 1994 nor ad phone call to the Rio

1238  
00:51:03,210 --> 00:51:02,180

Grande County Sheriff in south-central

1239

00:51:06,790 --> 00:51:03,220

Colorado

1240

00:51:10,360 --> 00:51:06,800

reporting what they claimed was some

1241

00:51:12,790 --> 00:51:10,370

unusual fire and you have witnesses that

1242

00:51:15,040 --> 00:51:12,800

claimed that an object went down in the

1243

00:51:16,750 --> 00:51:15,050

area that NORAD had given in terms of

1244

00:51:18,700 --> 00:51:16,760

coordinates to the County Sheriff so

1245

00:51:20,380 --> 00:51:18,710

that you have one that's similar in that

1246

00:51:22,570 --> 00:51:20,390

regard they're reporting something a

1247

00:51:25,270 --> 00:51:22,580

heat source that's unusual

1248

00:51:27,670 --> 00:51:25,280

which then witnesses come forward

1249

00:51:29,200 --> 00:51:27,680

unbeknownst to to them that nor I have

1250

00:51:32,380 --> 00:51:29,210

made the call they come forward and

1251  
00:51:35,620 --> 00:51:32,390  
report what appears to be a UFO so

1252  
00:51:37,210 --> 00:51:35,630  
actually a flotilla of them but but

1253  
00:51:40,390 --> 00:51:37,220  
that's a very good point I think the

1254  
00:51:43,870 --> 00:51:40,400  
fact that you do have such a turnaround

1255  
00:51:45,310 --> 00:51:43,880  
from your basic your basic scenario in

1256  
00:51:47,170 --> 00:51:45,320  
terms of the military actually being the

1257  
00:51:49,060 --> 00:51:47,180  
ones that are labeling this event I

1258  
00:51:50,740 --> 00:51:49,070  
think that is very important and you

1259  
00:51:52,480 --> 00:51:50,750  
make a good point there Paul it's also

1260  
00:51:55,360 --> 00:51:52,490  
very interesting where the shag harbour

1261  
00:51:57,610 --> 00:51:55,370  
case occurred and I know this because I

1262  
00:51:58,960 --> 00:51:57,620  
filmed a future film there two years ago

1263  
00:52:01,630 --> 00:51:58,970

which is really cool

1264

00:52:04,690 --> 00:52:01,640

shag harbour is about I think 20 or 25

1265

00:52:06,220 --> 00:52:04,700

miles down the coast from what used to

1266

00:52:07,750 --> 00:52:06,230

be they call it now government point

1267

00:52:09,250 --> 00:52:07,760

there's a future film studio there now

1268

00:52:11,290 --> 00:52:09,260

they took the old military base and

1269

00:52:12,970 --> 00:52:11,300

turned it into a film studio wonderful

1270

00:52:15,520 --> 00:52:12,980

expenditure of our provincial tax

1271

00:52:18,610 --> 00:52:15,530

dollars here but it used to be a

1272

00:52:20,110 --> 00:52:18,620

top-secret American they I believe they

1273

00:52:21,460 --> 00:52:20,120

leased the base from the Canadian

1274

00:52:22,870 --> 00:52:21,470

government or there were Canadian

1275

00:52:25,060 --> 00:52:22,880

personnel there in American personnel

1276

00:52:27,220 --> 00:52:25,070

but the gist of it is they were it was a

1277

00:52:28,990 --> 00:52:27,230

top-secret listening post for Soviet

1278

00:52:32,500 --> 00:52:29,000

submarines in the North Atlantic and

1279

00:52:34,600 --> 00:52:32,510

that the shag Harbor UFO when it went

1280

00:52:37,510 --> 00:52:34,610

into the water then allegedly traveled

1281

00:52:39,670 --> 00:52:37,520

up and sat off government point along

1282

00:52:42,250 --> 00:52:39,680

with a small flotilla of Canadian and

1283

00:52:43,900 --> 00:52:42,260

American naval vessels until it was

1284

00:52:46,200 --> 00:52:43,910

joined by this other underwater craft

1285

00:52:49,150 --> 00:52:46,210

and then traveled away and flew away but

1286

00:52:51,940 --> 00:52:49,160

that strikes me as interesting that it

1287

00:52:53,920 --> 00:52:51,950

would sort of land or say descend into

1288

00:52:57,400 --> 00:52:53,930

the water and then sit off the coast

1289

00:52:59,230 --> 00:52:57,410

from a very very secret military

1290

00:53:00,880 --> 00:52:59,240

installation it doesn't mean is

1291

00:53:03,520 --> 00:53:00,890

extraterrestrial but again it adds an

1292

00:53:05,260 --> 00:53:03,530

extra a little extra veneer of interest

1293

00:53:07,130 --> 00:53:05,270

to the story but I think a lot of these

1294

00:53:09,290 --> 00:53:07,140

crash cases don't really have

1295

00:53:10,850 --> 00:53:09,300

why as I said before anybody would want

1296

00:53:13,130 --> 00:53:10,860

to crash I guess you don't get to choose

1297

00:53:15,110 --> 00:53:13,140

where you crash but the plains of San

1298

00:53:17,000 --> 00:53:15,120

Agustin Aztec there's nothing really

1299

00:53:18,800 --> 00:53:17,010

going on there but here you have a case

1300

00:53:21,560 --> 00:53:18,810

where there is something going on there

1301  
00:53:24,610 --> 00:53:21,570  
is a military base of some importance

1302  
00:53:26,870 --> 00:53:24,620  
and this this object sort of crashes or

1303  
00:53:28,880 --> 00:53:26,880  
enters the water there I find that

1304  
00:53:30,770 --> 00:53:28,890  
interesting not conclusive just

1305  
00:53:32,120 --> 00:53:30,780  
interesting we can do the same thing we

1306  
00:53:35,090 --> 00:53:32,130  
can do the same thing with the Las Vegas

1307  
00:53:37,670 --> 00:53:35,100  
crash in 1962 we have the object seen

1308  
00:53:39,980 --> 00:53:37,680  
sort of exploding in the sky over Las

1309  
00:53:42,350 --> 00:53:39,990  
Vegas dozens are witnessing Las Vegas

1310  
00:53:44,900 --> 00:53:42,360  
see this thing it's tracked on radar

1311  
00:53:48,680 --> 00:53:44,910  
they actually scramble fighters to

1312  
00:53:50,570 --> 00:53:48,690  
intercept this thing and the once the

1313  
00:53:53,630 --> 00:53:50,580

things seem to explode in the sky they

1314

00:53:55,820 --> 00:53:53,640

send out the Clark County Las Vegas beam

1315

00:53:58,010 --> 00:53:55,830

in Clark County Nevada rescue team and

1316

00:54:01,130 --> 00:53:58,020

they get up to the fences for the Nellis

1317

00:54:04,460 --> 00:54:01,140

gunnery ranges and have to stop because

1318

00:54:07,060 --> 00:54:04,470

now they're about to trespass on US Air

1319

00:54:10,790 --> 00:54:07,070

Force property so here's the area 51

1320

00:54:13,880 --> 00:54:10,800

well area 51 is to the north part of the

1321

00:54:15,860 --> 00:54:13,890

north west of where this happened is OK

1322

00:54:18,350 --> 00:54:15,870

out toward Mesquite on the Utah border

1323

00:54:20,990 --> 00:54:18,360

so it's on the other side of the state

1324

00:54:22,700 --> 00:54:21,000

but but the Nellis Nellis takes up an

1325

00:54:25,340 --> 00:54:22,710

awful lot of the Southern Nevada for

1326

00:54:29,000 --> 00:54:25,350

their gunnery ranges and the red flag

1327

00:54:31,790 --> 00:54:29,010

exercise the point simply is here's

1328

00:54:34,730 --> 00:54:31,800

here's a case where we have a report of

1329

00:54:37,130 --> 00:54:34,740

a UFO crash and it may have fallen on an

1330

00:54:38,720 --> 00:54:37,140

Air Force installation well and the

1331

00:54:40,460 --> 00:54:38,730

other interesting thing the use of the

1332

00:54:42,920 --> 00:54:40,470

term crashed here interesting thing

1333

00:54:43,970 --> 00:54:42,930

about shag harbour is if you accept some

1334

00:54:47,240 --> 00:54:43,980

of these things like the one you just

1335

00:54:49,010 --> 00:54:47,250

talked about a Roswell or Aztec if they

1336

00:54:52,070 --> 00:54:49,020

happen those would have been crashes and

1337

00:54:55,460 --> 00:54:52,080

one of the criticisms often raised by

1338

00:54:57,440 --> 00:54:55,470

people myself included is a if they can

1339

00:54:59,510 --> 00:54:57,450

get from there to here they seem pretty

1340

00:55:01,370 --> 00:54:59,520

clumsy to be crashing their spaceships

1341

00:55:02,870 --> 00:55:01,380

all over the place and B if they do

1342

00:55:05,510 --> 00:55:02,880

crash their spaceships all over the

1343

00:55:07,730 --> 00:55:05,520

place they seem even more clumsy by not

1344

00:55:09,950 --> 00:55:07,740

retrieving the materials using their

1345

00:55:12,830 --> 00:55:09,960

advanced alien technology before we can

1346

00:55:15,380 --> 00:55:12,840

get our paws on them but shag Harbor you

1347

00:55:17,570 --> 00:55:15,390

could view Sag Harbor not as a crash but

1348

00:55:20,360 --> 00:55:17,580

as a controlled entry into the water and

1349

00:55:22,730 --> 00:55:20,370

then a surveillance operation of a

1350

00:55:24,350 --> 00:55:22,740

particular military installation well

1351  
00:55:26,600 --> 00:55:24,360  
you have there a couple of things one it

1352  
00:55:29,450 --> 00:55:26,610  
might not be in fact I would say it

1353  
00:55:30,500 --> 00:55:29,460  
isn't a crash if you view it as a UFO if

1354  
00:55:33,530 --> 00:55:30,510  
you want to take the extra-terrestrial

1355  
00:55:36,440 --> 00:55:33,540  
thing not a crash but a controlled entry

1356  
00:55:38,900 --> 00:55:36,450  
and to basically doing underwater what

1357  
00:55:41,060 --> 00:55:38,910  
et supporters would say the aliens are

1358  
00:55:43,460 --> 00:55:41,070  
doing above us in the skies which is

1359  
00:55:45,890 --> 00:55:43,470  
surveilling our planet for various

1360  
00:55:48,170 --> 00:55:45,900  
reasons so I would set the shag Harbor

1361  
00:55:52,010 --> 00:55:48,180  
instantly on the side from the term

1362  
00:55:55,400 --> 00:55:52,020  
crash and view it more as potentially a

1363  
00:55:58,070 --> 00:55:55,410

crash but also possibly not a crash at

1364

00:55:59,930 --> 00:55:58,080

all but some just a UFO entering the

1365

00:56:02,450 --> 00:55:59,940

water that happened to be viewed doing

1366

00:56:04,640 --> 00:56:02,460

so by witnesses one of the things you

1367

00:56:06,620 --> 00:56:04,650

say is one of the reasons I did the book

1368

00:56:08,450 --> 00:56:06,630

was because I was looking at the list of

1369

00:56:10,780 --> 00:56:08,460

UFO crashes that you can see on the

1370

00:56:14,510 --> 00:56:10,790

internet some of the lists are

1371

00:56:16,130 --> 00:56:14,520

approaching 300 or the top 300 and if

1372

00:56:17,660 --> 00:56:16,140

you break it out you know they're just

1373

00:56:19,580 --> 00:56:17,670

falling out of the sky with such

1374

00:56:21,620 --> 00:56:19,590

regularity and that was something that

1375

00:56:24,290 --> 00:56:21,630

struck me as well that they just they

1376  
00:56:26,600 --> 00:56:24,300  
can conquer interstellar space but once

1377  
00:56:28,550 --> 00:56:26,610  
they hit an atmosphere they crash this

1378  
00:56:30,830 --> 00:56:28,560  
makes no sense to me well they can't

1379  
00:56:32,780 --> 00:56:30,840  
handle radar Kevin the radar takes

1380  
00:56:35,240 --> 00:56:32,790  
brings them down that's the popular

1381  
00:56:36,770 --> 00:56:35,250  
theory well they're built by the lowest

1382  
00:56:39,170 --> 00:56:36,780  
bidder you know it's just like the

1383  
00:56:41,780 --> 00:56:39,180  
politics here on earth you know look

1384  
00:56:44,510 --> 00:56:41,790  
look at the BP incident we can figure

1385  
00:56:46,640 --> 00:56:44,520  
out how to drill for oil 5,000 feet

1386  
00:56:48,310 --> 00:56:46,650  
below the surface of the ocean but if

1387  
00:56:50,420 --> 00:56:48,320  
something goes wrong we can't fix it

1388  
00:56:52,720 --> 00:56:50,430

that has nothing to do with interstellar

1389

00:56:55,400 --> 00:56:52,730

flight which is a very very complex

1390

00:56:57,170 --> 00:56:55,410

technologically advanced proposition

1391

00:56:59,420 --> 00:56:57,180

getting across interstellar space

1392

00:57:02,240 --> 00:56:59,430

requires a high level of technical

1393

00:57:04,940 --> 00:57:02,250

ability to do so yes but Kevin let me

1394

00:57:07,460 --> 00:57:04,950

interrupt you here we can assume even

1395

00:57:09,950 --> 00:57:07,470

for the sake of argument let's say there

1396

00:57:11,480 --> 00:57:09,960

are interstellar craft coming here but

1397

00:57:13,790 --> 00:57:11,490

the craft that we see in our atmosphere

1398

00:57:15,680 --> 00:57:13,800

may not be that it might be satellite

1399

00:57:17,360 --> 00:57:15,690

ships there's a mother ship on the moon

1400

00:57:20,420 --> 00:57:17,370

the back side of the Moon or something

1401  
00:57:22,380 --> 00:57:20,430  
and they use lower grade lower level

1402  
00:57:25,320 --> 00:57:22,390  
craft to explore here

1403  
00:57:27,150 --> 00:57:25,330  
using their full-size spaceships what my

1404  
00:57:29,070 --> 00:57:27,160  
point is simply this there's way too

1405  
00:57:31,860 --> 00:57:29,080  
many stories of crashes yeah

1406  
00:57:34,530 --> 00:57:31,870  
Paul is right on that respect there's

1407  
00:57:37,110 --> 00:57:34,540  
way too many stories let's look at where

1408  
00:57:40,200 --> 00:57:37,120  
we are today and the numbers in the book

1409  
00:57:42,450 --> 00:57:40,210  
we start with a event in France in 840

1410  
00:57:43,680 --> 00:57:42,460  
AD I'm not sure what what that is but I

1411  
00:57:46,170 --> 00:57:43,690  
really don't think it's an alien

1412  
00:57:48,270 --> 00:57:46,180  
spacecraft involved there but but it's

1413  
00:57:49,800 --> 00:57:48,280

been presented as such in a lot of

1414

00:57:51,960 --> 00:57:49,810

different books so let's take a look at

1415

00:57:53,910 --> 00:57:51,970

that there was another one not long

1416

00:57:56,190 --> 00:57:53,920

after that was clearly ball lightning

1417

00:57:59,820 --> 00:57:56,200

there's a number of crashes that are

1418

00:58:02,700 --> 00:57:59,830

clearly bolide on my blog one of the

1419

00:58:04,830 --> 00:58:02,710

video bars they rotate through different

1420

00:58:07,350 --> 00:58:04,840

things if you put a video bar on a blog

1421

00:58:09,630 --> 00:58:07,360

and it rotates through different

1422

00:58:12,990 --> 00:58:09,640

different things that's you use keywords

1423

00:58:15,300 --> 00:58:13,000

for like UFOs and flying saucers and I

1424

00:58:17,640 --> 00:58:15,310

put one up for meteorites and there's a

1425

00:58:19,980 --> 00:58:17,650

compilation of meteor falls somebody's

1426  
00:58:23,040 --> 00:58:19,990  
put together 3 minutes and 19 seconds of

1427  
00:58:25,410 --> 00:58:23,050  
bolide from around the world and what

1428  
00:58:27,510 --> 00:58:25,420  
struck me looking at this is that this

1429  
00:58:29,640 --> 00:58:27,520  
when you look at these things begin to

1430  
00:58:32,220 --> 00:58:29,650  
break up it looks all for all the world

1431  
00:58:34,920 --> 00:58:32,230  
like a lighted cockpit and the windows

1432  
00:58:37,260 --> 00:58:34,930  
of a craft as it's coming down clearly

1433  
00:58:39,450 --> 00:58:37,270  
is in meteorites clearly as a bolide but

1434  
00:58:41,940 --> 00:58:39,460  
if somebody catches a view of that in

1435  
00:58:43,770 --> 00:58:41,950  
the night sky and just sees it for a

1436  
00:58:45,390 --> 00:58:43,780  
split second they're gonna think

1437  
00:58:48,240 --> 00:58:45,400  
something's still out of the sky and I

1438  
00:58:51,300 --> 00:58:48,250

think some of the UFO crashes that we

1439

00:58:53,760 --> 00:58:51,310

talked about today are bowline so one of

1440

00:58:55,890 --> 00:58:53,770

the things I did there was a show one

1441

00:58:57,510 --> 00:58:55,900

called meteorite man on the Science

1442

00:58:59,640 --> 00:58:57,520

Channel and that was how I got off on

1443

00:59:02,190 --> 00:58:59,650

this they showed some of those so I

1444

00:59:05,160 --> 00:59:02,200

started looking for and when we get out

1445

00:59:06,870 --> 00:59:05,170

when we get a UFO crash we did it sounds

1446

00:59:08,670 --> 00:59:06,880

like that we've got to start looking to

1447

00:59:11,760 --> 00:59:08,680

see if there's if there's a meteor fall

1448

00:59:14,100 --> 00:59:11,770

that relates to that event at that time

1449

00:59:18,210 --> 00:59:14,110

the other thing is the needles

1450

00:59:20,460 --> 00:59:18,220

California crash in 2008 that's George

1451  
00:59:23,280 --> 00:59:20,470  
Knapp investigated clearly something

1452  
00:59:26,040 --> 00:59:23,290  
fell clearly the military got there

1453  
00:59:28,320 --> 00:59:26,050  
within 20 minutes with a half a dozen

1454  
00:59:31,710 --> 00:59:28,330  
helicopters retrieved it and took it

1455  
00:59:34,320 --> 00:59:31,720  
away now Knapp doesn't believe nor do I

1456  
00:59:35,940 --> 00:59:34,330  
believe that it was extraterrestrial it

1457  
00:59:37,609 --> 00:59:35,950  
was obviously some kind of annex

1458  
00:59:40,470 --> 00:59:37,619  
their mental crap that got away from

1459  
00:59:42,990 --> 00:59:40,480  
area 51 or one of the experimental

1460  
00:59:45,030 --> 00:59:43,000  
ranges because the military got there so

1461  
00:59:47,490 --> 00:59:45,040  
fast I'll tell you what we're about to

1462  
00:59:49,890 --> 00:59:47,500  
split for our early break and then we

1463  
00:59:52,589 --> 00:59:49,900

can pick up on this and a lot of other

1464

00:59:54,780 --> 00:59:52,599

case histories both real and maybe

1465

00:59:56,640 --> 00:59:54,790

fanciful we have Kevin Randall the new

1466

00:59:58,620 --> 00:59:56,650

welcome back to the parrot house with

1479

01:00:45,460 --> 01:00:43,450

Kevin Randell author of crash when UFOs

1480

01:00:48,430 --> 01:00:45,470

fall from the sky a history of famous

1481

01:00:51,400 --> 01:00:48,440

incidents conspiracies and cover-ups we

1482

01:00:53,560 --> 01:00:51,410

have a pair of co-hosts Paul Kimball and

1483

01:00:55,450 --> 01:00:53,570

Christopher O'Brien because we're

1484

01:00:58,390 --> 01:00:55,460

dealing with a giant in the UFO field

1485

01:01:00,310 --> 01:00:58,400

dr. Randall I wanted to just have you

1486

01:01:02,320 --> 01:01:00,320

briefly summarize further with the

1487

01:01:04,320 --> 01:01:02,330

needle case needles California before we

1488

01:01:07,960 --> 01:01:04,330

go into other instances go ahead please

1489

01:01:09,580 --> 01:01:07,970

the needles California case is clearly

1490

01:01:13,030 --> 01:01:09,590

something fell from the sky

1491

01:01:15,790 --> 01:01:13,040

clearly it was retrieved they showed up

1492

01:01:17,980 --> 01:01:15,800

with helicopters of Sikorsky skycrane I

1493

01:01:19,390 --> 01:01:17,990

believe and they retrieve the thing fell

1494

01:01:22,030 --> 01:01:19,400

it fell in the middle of the night and

1495

01:01:24,400 --> 01:01:22,040

it's gone witnesses on the ground seized

1496

01:01:27,040 --> 01:01:24,410

the thing for all here it falls see the

1497

01:01:29,470 --> 01:01:27,050

result of the fall so we're dealing now

1498

01:01:31,450 --> 01:01:29,480

I think with a governmental project of

1499

01:01:33,250 --> 01:01:31,460

some kind if not extraterrestrial it's

1500

01:01:36,160 --> 01:01:33,260

trust and faith and yet we see the

1501

01:01:37,720 --> 01:01:36,170

needles California case show up on some

1502

01:01:39,490 --> 01:01:37,730

of the UFO crash lists well this is

1503

01:01:42,490 --> 01:01:39,500

something that should be removed there

1504

01:01:46,060 --> 01:01:42,500

are other cases like that where it's

1505

01:01:48,099 --> 01:01:46,070

clearly meteoric in Oregon or there's

1506

01:01:49,720 --> 01:01:48,109

other natural phenomena that explains it

1507

01:01:52,840 --> 01:01:49,730

but there are some cases that are very

1508

01:01:54,460 --> 01:01:52,850

interesting that are basically single

1509

01:01:57,640 --> 01:01:54,470

witness and I think here of the kid

1510

01:01:59,920 --> 01:01:57,650

Gerardo case from 1941 the woman who has

1511

01:02:02,260 --> 01:01:59,930

come forward with at a Charlotte man and

1512

01:02:04,630 --> 01:02:02,270

it was her grandfather I believe who

1513

01:02:06,670 --> 01:02:04,640

talked about giving last life to these

1514

01:02:08,560 --> 01:02:06,680

alien creatures it was called out the

1515

01:02:11,470 --> 01:02:08,570

middle of the night to have seen of a

1516

01:02:13,720 --> 01:02:11,480

sometimes an accident and there were

1517

01:02:15,550 --> 01:02:13,730

little people involved little humanoid

1518

01:02:17,800 --> 01:02:15,560

creatures of all that he gave the last

1519

01:02:19,930 --> 01:02:17,810

rites ooh and man was never sure whether

1520

01:02:22,000 --> 01:02:19,940

one had survived for a short period of

1521

01:02:24,130 --> 01:02:22,010

time or if all of them were dead but

1522

01:02:26,830 --> 01:02:24,140

this was kind of a family tradition the

1523

01:02:29,920 --> 01:02:26,840

problem is none of the people we talked

1524

01:02:31,690 --> 01:02:29,930

to today Charlotte man is at best a

1525

01:02:34,060 --> 01:02:31,700

secondhand witness and maybe even

1526

01:02:35,920 --> 01:02:34,070

further removed from the case her sister

1527

01:02:38,020 --> 01:02:35,930

confirms that the family did talk about

1528

01:02:40,359 --> 01:02:38,030

this thing in the past there are other

1529

01:02:43,210 --> 01:02:40,369

people in the Cape Girardeau area who

1530

01:02:45,040 --> 01:02:43,220

remember people talking about this one

1531

01:02:47,200 --> 01:02:45,050

of them is the brother of the sheriff at

1532

01:02:48,940 --> 01:02:47,210

the time remember something about this

1533

01:02:51,670 --> 01:02:48,950

but what always has bothered me about

1534

01:02:52,800 --> 01:02:51,680

the cape girardeau case is if this was

1535

01:02:54,900 --> 01:02:52,810

truly extra for

1536

01:02:57,780 --> 01:02:54,910

trill it means that the military was

1537

01:02:59,580 --> 01:02:57,790

involved in the retrieval in 1941 so the

1538

01:03:01,560 --> 01:02:59,590

reaction in Roswell would have been

1539

01:03:04,350 --> 01:03:01,570

different in 1947 they would have been

1540

01:03:06,330 --> 01:03:04,360

aware that these things happen it may be

1541

01:03:07,740 --> 01:03:06,340

a very few people knew about it but they

1542

01:03:11,370 --> 01:03:07,750

would have done a better job of

1543

01:03:13,950 --> 01:03:11,380

containing the Roswell case in 1947 had

1544

01:03:15,840 --> 01:03:13,960

cape girardeau been extraterrestrial in

1545

01:03:17,850 --> 01:03:15,850

origin and yet you know it's an

1546

01:03:20,790 --> 01:03:17,860

intriguing intriguing case with some

1547

01:03:22,830 --> 01:03:20,800

very interesting directions to follow up

1548

01:03:26,070 --> 01:03:22,840

one thing then I guess we should

1549

01:03:28,140 --> 01:03:26,080

continue to mention here of the other

1550

01:03:31,680 --> 01:03:28,150

cases you cover in your book any other

1551

01:03:34,160 --> 01:03:31,690

so-called major crashes are really due

1552

01:03:39,480 --> 01:03:34,170

to some kind of more conventional

1553

01:03:42,030 --> 01:03:39,490

mundane cause and I hesitate to bring it

1554

01:03:43,680 --> 01:03:42,040

up only because I know the researcher

1555

01:03:46,110 --> 01:03:43,690

and I really haven't had a chance to

1556

01:03:48,090 --> 01:03:46,120

talk to him about this yet but Jim

1557

01:03:50,430 --> 01:03:48,100

Clarkson has been investigating a case I

1558

01:03:52,710 --> 01:03:50,440

think from 1978 in Washington and the

1559

01:03:55,980 --> 01:03:52,720

more I look at that case the more it

1560

01:03:58,530 --> 01:03:55,990

seems to be meteoric in origin the

1561

01:04:01,920 --> 01:03:58,540

intriguing part of the case however is

1562

01:04:04,140 --> 01:04:01,930

according to witnesses there was a large

1563

01:04:06,570 --> 01:04:04,150

military presence and he talks about

1564

01:04:09,600 --> 01:04:06,580

them possibly being a National Guard

1565

01:04:12,330 --> 01:04:09,610

unit from Georgia which brings out all

1566

01:04:15,870 --> 01:04:12,340

kinds of ancillary problems including

1567

01:04:19,470 --> 01:04:15,880

Posse common products which is in I

1568

01:04:21,540 --> 01:04:19,480

guess the United States the military

1569

01:04:24,240 --> 01:04:21,550

cannot be used for law enforcement

1570

01:04:26,070 --> 01:04:24,250

purposes except for two things by

1571

01:04:27,930 --> 01:04:26,080

presidential direction or drug

1572

01:04:30,600 --> 01:04:27,940

enforcement which means if we have

1573

01:04:33,450 --> 01:04:30,610

Georgia National Guard in Washington

1574

01:04:35,280 --> 01:04:33,460

state blocking roads as people said

1575

01:04:37,980 --> 01:04:35,290

we've got a clear violation of poppy

1576

01:04:40,080 --> 01:04:37,990

common solder and it's pretty clear that

1577

01:04:42,510 --> 01:04:40,090

that they were guarding guarding the

1578

01:04:45,930 --> 01:04:42,520

roads the question that needs to be

1579

01:04:48,570 --> 01:04:45,940

asked is was the Georgia National Guard

1580

01:04:53,120 --> 01:04:48,580

there on some kind of a training mission

1581

01:04:55,650 --> 01:04:53,130

and people ran into them by accident or

1582

01:04:57,750 --> 01:04:55,660

coincidentally right after this thing

1583

01:04:59,910 --> 01:04:57,760

was seen to fall I know that the Iowa

1584

01:05:01,920 --> 01:04:59,920

National Guard one of the things they do

1585

01:05:04,950 --> 01:05:01,930

is look for other states to go to train

1586

01:05:06,520 --> 01:05:04,960

because it gives you an opportunity to

1587

01:05:09,640 --> 01:05:06,530

deal with an environment

1588

01:05:11,290 --> 01:05:09,650

that is new to you and presents problems

1589

01:05:14,370 --> 01:05:11,300

that you may not face in your home

1590

01:05:17,770 --> 01:05:14,380

environment so it teaches you to to be

1591

01:05:19,120 --> 01:05:17,780

to respond to the unexpected so the fact

1592

01:05:21,730 --> 01:05:19,130

that you've got Georgia National Guard

1593

01:05:23,920 --> 01:05:21,740

in Washington training isn't that

1594

01:05:25,480 --> 01:05:23,930

unusual if they are in fact guarding the

1595

01:05:27,640 --> 01:05:25,490

roads and turning people back from a

1596

01:05:30,190 --> 01:05:27,650

crash site well that's a violation of

1597

01:05:33,100 --> 01:05:30,200

numerous laws so it's an interesting

1598

01:05:34,930 --> 01:05:33,110

case but I'm beginning to think that the

1599

01:05:38,230 --> 01:05:34,940

explanation for that case may be

1600

01:05:39,850 --> 01:05:38,240

meteoric and and I really and the only

1601  
01:05:41,770 --> 01:05:39,860  
reason I hesitate to say anything now is

1602  
01:05:43,780 --> 01:05:41,780  
because I wanted to discuss it with Jim

1603  
01:05:45,400 --> 01:05:43,790  
Clarkson because he's done an awful lot

1604  
01:05:47,350 --> 01:05:45,410  
of work on this case over the last 20

1605  
01:05:49,810 --> 01:05:47,360  
years we have a question from another

1606  
01:05:51,670 --> 01:05:49,820  
member of the pair cast forums Kevin a

1607  
01:05:53,020 --> 01:05:51,680  
fellow named well I'm sure he's not

1608  
01:05:55,990 --> 01:05:53,030  
named this unless his parents are

1609  
01:06:01,800 --> 01:05:56,000  
terribly strange Blowfish which would be

1610  
01:06:07,360 --> 01:06:04,780  
understandable he's from Australia and

1611  
01:06:08,800 --> 01:06:07,370  
he says g'day jean-paul and Kevin and

1612  
01:06:11,410 --> 01:06:08,810  
that's all I'm gonna do for an

1613  
01:06:13,600 --> 01:06:11,420

Australian accent but he says mr. Kevin

1614

01:06:14,980 --> 01:06:13,610

RAL what's the biggest UFO hoax and I

1615

01:06:17,260 --> 01:06:14,990

don't think he's talking about just

1616

01:06:19,420 --> 01:06:17,270

crashes so let's broaden it out a bit

1617

01:06:21,520 --> 01:06:19,430

here what's the biggest UFO hoax you

1618

01:06:23,080 --> 01:06:21,530

have come across and let me suggest one

1619

01:06:25,210 --> 01:06:23,090

to you Kevin that you've written about

1620

01:06:28,630 --> 01:06:25,220

recently and see if this is your number

1621

01:06:31,270 --> 01:06:28,640

one hoax the alien autopsy film maybe

1622

01:06:34,090 --> 01:06:31,280

alien abductions qualified to but is the

1623

01:06:36,700 --> 01:06:34,100

alien autopsy film the biggest UFO hoax

1624

01:06:39,190 --> 01:06:36,710

of all time and if not what do you think

1625

01:06:41,860 --> 01:06:39,200

is when the question was posed my

1626

01:06:43,510 --> 01:06:41,870

thoughts were mostly in the United

1627

01:06:45,490 --> 01:06:43,520

States and I was thinking of a great

1628

01:06:48,400 --> 01:06:45,500

scoutmaster case from Florida where the

1629

01:06:50,080 --> 01:06:48,410

guy was burned by a ladder UFO Maury

1630

01:06:51,820 --> 01:06:50,090

island popped into my mind which is

1631

01:06:52,960 --> 01:06:51,830

created between treat that in the park

1632

01:06:55,660 --> 01:06:52,970

and talk about some of the things

1633

01:06:59,260 --> 01:06:55,670

they're dealing autopsy given its

1634

01:07:01,390 --> 01:06:59,270

worldwide distribution that has to be

1635

01:07:03,340 --> 01:07:01,400

number one that has to be number one and

1636

01:07:04,750 --> 01:07:03,350

what is interesting and I'm and I've

1637

01:07:07,120 --> 01:07:04,760

been running a poll on my blog about

1638

01:07:09,370 --> 01:07:07,130

this you you what do you think of the

1639

01:07:11,230 --> 01:07:09,380

alien autopsy I am actually stunned

1640

01:07:13,810 --> 01:07:11,240

people still believe that thing is Reno

1641

01:07:15,460 --> 01:07:13,820

you've got you've got the guy who

1642

01:07:18,220 --> 01:07:15,470

started a train Santilli

1643

01:07:20,380 --> 01:07:18,230

telling us that the tense footage was a

1644

01:07:22,809 --> 01:07:20,390

hoax and people say well the

1645

01:07:25,029 --> 01:07:22,819

it's okay we've got some of mantle who's

1646

01:07:26,349 --> 01:07:25,039

investigated this thing since the very

1647

01:07:28,299 --> 01:07:26,359

beginning saying was a hoax

1648

01:07:29,769 --> 01:07:28,309

and numerous participants in it

1649

01:07:32,140 --> 01:07:29,779

including the production company that

1650

01:07:34,809 --> 01:07:32,150

did it some of the actors who you see in

1651

01:07:36,640 --> 01:07:34,819

the film saying it's the hope the

1652

01:07:38,890 --> 01:07:36,650

explaining how they did it and yet there

1653

01:07:41,440 --> 01:07:38,900

are people who still believe this thing

1654

01:07:43,660 --> 01:07:41,450

is real so yeah you're right the only

1655

01:07:46,120 --> 01:07:43,670

non top you have got to be the biggest

1656

01:07:47,859 --> 01:07:46,130

hoax in history if you just want the

1657

01:07:50,799 --> 01:07:47,869

strangest things isn't it because I was

1658

01:07:52,450 --> 01:07:50,809

at a UFO conference I think about four

1659

01:07:53,859 --> 01:07:52,460

or five years ago and there was a guy

1660

01:07:56,049 --> 01:07:53,869

there he was doing some of the

1661

01:07:58,059 --> 01:07:56,059

audio-visual stuff and he he pulled me

1662

01:08:02,680 --> 01:07:58,069

aside he said look have you heard about

1663

01:08:05,620 --> 01:08:02,690

alternative three and I said well yeah I

1664

01:08:07,599 --> 01:08:05,630

said well well no no I haven't he said

1665

01:08:09,460 --> 01:08:07,609

any 15 minutes I had to listen to this

1666

01:08:11,140 --> 01:08:09,470

guy tell me about how this was this was

1667

01:08:14,289 --> 01:08:11,150

it this was the big truth this was the

1668

01:08:15,940 --> 01:08:14,299

one and so I went home and I did a

1669

01:08:17,740 --> 01:08:15,950

little googling and I checked on

1670

01:08:20,200 --> 01:08:17,750

alternative three and you know I realize

1671

01:08:22,990 --> 01:08:20,210

that's a hoax it was done for television

1672

01:08:24,099 --> 01:08:23,000

the people who did it admitted it you

1673

01:08:26,860 --> 01:08:24,109

know it's kind of a War of the Worlds

1674

01:08:28,300 --> 01:08:26,870

thing and yet here and he wasn't the

1675

01:08:30,939 --> 01:08:28,310

only one there were still people that

1676

01:08:33,280 --> 01:08:30,949

and his answer so I emailed him back his

1677

01:08:34,870 --> 01:08:33,290

answer when I said look this is what it

1678

01:08:37,720 --> 01:08:34,880

was he says well that's what they were

1679

01:08:40,329 --> 01:08:37,730

told to do once they let the truth out

1680

01:08:42,970 --> 01:08:40,339

the men in black the powers that be the

1681

01:08:45,099 --> 01:08:42,980

whomever came and made them concoct this

1682

01:08:47,649 --> 01:08:45,109

cover story because they they put the

1683

01:08:49,059 --> 01:08:47,659

truth out and the same thing I hear the

1684

01:08:51,879 --> 01:08:49,069

same thing now with the alien autopsy

1685

01:08:54,910 --> 01:08:51,889

thing you know the guys who hope stit

1686

01:08:57,550 --> 01:08:54,920

admit it they'll tell you how they did

1687

01:08:59,800 --> 01:08:57,560

it and yet you still have people like ed

1688

01:09:03,099 --> 01:08:59,810

gehrman and others on UFO updates for

1689

01:09:05,919 --> 01:09:03,109

instance who insists well okay but if

1690

01:09:08,079 --> 01:09:05,929

it's it's yeah maybe but it's so real

1691

01:09:09,760 --> 01:09:08,089

even though it's a hoax and unless it's

1692

01:09:13,209 --> 01:09:09,770

one of the unfortunate things Paul that

1693

01:09:15,579 --> 01:09:13,219

goes on even Jim Mosley and gray Barker

1694

01:09:17,530 --> 01:09:15,589

had this drunken session years ago where

1695

01:09:18,640 --> 01:09:17,540

they write the strafe letter which is a

1696

01:09:19,749 --> 01:09:18,650

letter they send the George Adamski

1697

01:09:22,419 --> 01:09:19,759

saying that the State Department

1698

01:09:25,539 --> 01:09:22,429

recognizes his contact claims is genuine

1699

01:09:28,510 --> 01:09:25,549

and you know we may be expecting that a

1700

01:09:30,099 --> 01:09:28,520

damn ski would adopt that as part of his

1701

01:09:31,450 --> 01:09:30,109

story even though it was obviously a

1702

01:09:32,379 --> 01:09:31,460

hoax but there's still people to this

1703

01:09:34,959 --> 01:09:32,389

day and age

1704

01:09:37,930 --> 01:09:34,969

this drunken session where they wrote

1705

01:09:39,640 --> 01:09:37,940

these hoax letters it was all real that

1706

01:09:42,459 --> 01:09:39,650

there was somebody in the State

1707

01:09:43,780 --> 01:09:42,469

Department named re strength well and

1708

01:09:45,640 --> 01:09:43,790

you know there's so many of these

1709

01:09:48,399 --> 01:09:45,650

stories there's one it's even on the

1710

01:09:51,249 --> 01:09:48,409

para caste forums now about Greg Bishop

1711

01:09:52,660 --> 01:09:51,259

and it talks about Carl block called the

1712

01:09:54,490 --> 01:09:52,670

will to believe and he was speaking

1713

01:09:56,200 --> 01:09:54,500

specifically about Roswell but I you

1714

01:09:59,830 --> 01:09:56,210

know I think Carl was right on that this

1715

01:10:02,020 --> 01:09:59,840

infects all of ufology not the serious

1716

01:10:04,060 --> 01:10:02,030

researchers or at least not most of them

1717

01:10:05,620 --> 01:10:04,070

but the subculture of ufology there was

1718

01:10:07,660 --> 01:10:05,630

somebody I think it was Adam go rightly

1719

01:10:10,540 --> 01:10:07,670

posted this thing that Greg Bishop was a

1720

01:10:13,990 --> 01:10:10,550

CIA disinformation agent and his code

1721

01:10:16,390 --> 01:10:14,000

name was HB 44 he posted it on Greg's

1722

01:10:18,760 --> 01:10:16,400

birthday when Greg turned 44 years old

1723

01:10:20,439 --> 01:10:18,770

now as soon as this goes up a couple of

1724

01:10:22,689 --> 01:10:20,449

us had some fun with it for a few hours

1725

01:10:24,430 --> 01:10:22,699

and then you know okay there you go

1726

01:10:28,810 --> 01:10:24,440

fine jokes over happy birthday

1727

01:10:30,070 --> 01:10:28,820

forty-four great no it lives on every

1728

01:10:31,870 --> 01:10:30,080

now and then it pops up in the

1729

01:10:33,700 --> 01:10:31,880

discussion forum somewhere going did you

1730

01:10:36,879 --> 01:10:33,710

know Greg Bishop is a disinformation

1731

01:10:40,270 --> 01:10:36,889

agent and they link to that post it

1732

01:10:43,030 --> 01:10:40,280

boggles the mind nothing ever dies on

1733

01:10:44,830 --> 01:10:43,040

the Internet you studied psychology give

1734

01:10:47,320 --> 01:10:44,840

me a bit of psychological insight into

1735

01:10:50,140 --> 01:10:47,330

why that that kind of phenomenon alien

1736

01:10:53,200 --> 01:10:50,150

autopsy alternative 3 Greg Bishop is a

1737

01:10:55,870 --> 01:10:53,210

CIA agent any of that stuff why second

1738

01:11:00,729 --> 01:10:55,880

one your uncle has labeled me as a

1739

01:11:04,030 --> 01:11:00,739

government agent he did a UFO crash at

1740

01:11:05,590 --> 01:11:04,040

Roswell and we had suggested there was

1741

01:11:08,020 --> 01:11:05,600

no crash over on the plains of san

1742

01:11:09,129 --> 01:11:08,030

agustin and he roused something he was

1743

01:11:10,990 --> 01:11:09,139

think that Randle and Schmitt were

1744

01:11:12,790 --> 01:11:11,000

government agents attempting to direct

1745

01:11:15,340 --> 01:11:12,800

attention away from the san agustin

1746

01:11:18,160 --> 01:11:15,350

where one was found alive so this goes

1747

01:11:20,020 --> 01:11:18,170

on somebody actually said that I was I

1748

01:11:23,020 --> 01:11:20,030

had been working with Hector quintanilla

1749

01:11:25,450 --> 01:11:23,030

in Project Blue Book the guy since I was

1750

01:11:27,340 --> 01:11:25,460

in high school at the time I wasn't

1751

01:11:29,290 --> 01:11:27,350

working with the Air Force on that well

1752

01:11:41,169 --> 01:11:29,300

you know what you were a really smart

1753

01:11:43,959 --> 01:11:41,179

person but Karl Karl was right there is

1754

01:11:45,729 --> 01:11:43,969

a will to believe the flip side of that

1755

01:11:46,330 --> 01:11:45,739

of course is the will do visibly there

1756

01:11:48,669 --> 01:11:46,340

are new you

1757

01:11:51,609 --> 01:11:48,679

therefore there are no extraterrestrial

1758

01:11:55,000 --> 01:11:51,619

visitation there is any sighting that

1759

01:11:57,879 --> 01:11:55,010

suggests there is must be a hole so the

1760

01:12:00,399 --> 01:11:57,889

sword cuts both ways but it's people who

1761

01:12:04,479 --> 01:12:00,409

are so wrapped up in their belief

1762

01:12:06,189 --> 01:12:04,489

structures that they cannot see the

1763

01:12:08,200 --> 01:12:06,199

evidence on the other side they will

1764

01:12:10,149 --> 01:12:08,210

accept the evidence that proves their

1765

01:12:13,209 --> 01:12:10,159

point they will reject everything else

1766

01:12:16,300 --> 01:12:13,219

as if it doesn't exist and that's what

1767

01:12:19,479 --> 01:12:16,310

we get into so that when I say that

1768

01:12:22,089 --> 01:12:19,489

Frank Kaufmann lied about his

1769

01:12:24,129 --> 01:12:22,099

involvement in the roswell case as we

1770

01:12:26,589 --> 01:12:24,139

were able to prove once we got the

1771

01:12:28,510 --> 01:12:26,599

documentation there are people who still

1772

01:12:30,220 --> 01:12:28,520

like to me and say how do you know

1773

01:12:33,220 --> 01:12:30,230

Kaufmann wasn't a government

1774

01:12:37,689 --> 01:12:33,230

disinformation agent and the answer is

1775

01:12:39,609 --> 01:12:37,699

because he's a liar we we know the

1776

01:12:43,030 --> 01:12:39,619

documents he produced he forged

1777

01:12:45,070 --> 01:12:43,040

documents we know the lies that he told

1778

01:12:46,810 --> 01:12:45,080

we've got it he said he was a master

1779

01:12:49,060 --> 01:12:46,820

sergeant who had been trained in

1780

01:12:50,530 --> 01:12:49,070

intelligence and he showed his documents

1781

01:12:52,209 --> 01:12:50,540

to prove it and when we got a hold of

1782

01:12:53,830 --> 01:12:52,219

the original documents we found out he'd

1783

01:12:55,709 --> 01:12:53,840

been a staff sergeant and he even

1784

01:12:58,720 --> 01:12:55,719

trained in administration there was no

1785

01:13:00,790 --> 01:12:58,730

training in intelligent work anywhere in

1786

01:13:03,189 --> 01:13:00,800

his records and yet people still write

1787

01:13:05,339 --> 01:13:03,199

to me say well how do you know that that

1788

01:13:08,109 --> 01:13:05,349

Frank Hoffman wasn't a government

1789

01:13:11,979 --> 01:13:08,119

disinformation agent and doing his job

1790

01:13:13,810 --> 01:13:11,989

and so that goes on and that's part of

1791

01:13:15,490 --> 01:13:13,820

the best part of the problem with UFOs

1792

01:13:17,500 --> 01:13:15,500

the other problem is we we keep

1793

01:13:19,780 --> 01:13:17,510

recycling everything every five to seven

1794

01:13:21,700 --> 01:13:19,790

years and so the new people coming in

1795

01:13:25,270 --> 01:13:21,710

just fine

1796

01:13:26,890 --> 01:13:25,280

they'll find the Philadelphia Experiment

1797

01:13:29,470 --> 01:13:26,900

and they'll be convinced that's true

1798

01:13:32,439 --> 01:13:29,480

even though Thomas Lee yong-dae has been

1799

01:13:35,560 --> 01:13:32,449

identified that Carlos znd who claimed

1800

01:13:38,290 --> 01:13:35,570

the ship was teleported admittedly he

1801

01:13:41,169 --> 01:13:38,300

made the thing up and his family said

1802

01:13:44,830 --> 01:13:41,179

the annotations in the book struck me as

1803

01:13:45,939 --> 01:13:44,840

odd Carlos en de and I always assume

1804

01:13:47,470 --> 01:13:45,949

everybody knows what I'm talking about

1805

01:13:50,649 --> 01:13:47,480

here but Collison und was this guy who

1806

01:13:52,720 --> 01:13:50,659

had got a hold of a copy of the case for

1807

01:13:55,629 --> 01:13:52,730

the UFO by Moore escape Jeff's Jessup

1808

01:13:57,129 --> 01:13:55,639

and the underlying passages and he wrote

1809

01:13:58,629 --> 01:13:57,139

it and of course it looked like it was

1810

01:14:00,430 --> 01:13:58,639

three people and he'd sent it to the

1811

01:14:02,170 --> 01:14:00,440

office Naval Research

1812

01:14:04,330 --> 01:14:02,180

- decided it was a load of crap and

1813

01:14:06,910 --> 01:14:04,340

threw it away but but a Hindi did that

1814

01:14:09,490 --> 01:14:06,920

to everything in what cracks me up was

1815

01:14:11,050 --> 01:14:09,500

his family said yeah he would annotate

1816

01:14:13,930 --> 01:14:11,060

birthday cards and send them back to

1817

01:14:16,120 --> 01:14:13,940

people and I did a story about PN day

1818

01:14:18,430 --> 01:14:16,130

letters in official UFO magazine and the

1819

01:14:21,209 --> 01:14:18,440

yen day got ahold other Karl's and he's

1820

01:14:24,310 --> 01:14:21,219

name was Carlos call Alan but he got a

1821

01:14:26,680 --> 01:14:24,320

hold of it and he annotated it and said

1822

01:14:28,120 --> 01:14:26,690

set it set it back which so I got a copy

1823

01:14:30,939 --> 01:14:28,130

of that which I think it's pretty funny

1824

01:14:33,189 --> 01:14:30,949

but people will so talk about this this

1825

01:14:34,630 --> 01:14:33,199

idiotic Philadelphia experiment as if

1826

01:14:35,890 --> 01:14:34,640

it's real there's not a shred of

1827

01:14:38,320 --> 01:14:35,900

evidence that ever took place

1828

01:14:40,060 --> 01:14:38,330

bill more in his book on the

1829

01:14:42,310 --> 01:14:40,070

Philadelphia Experiment publishes this

1830

01:14:45,100 --> 01:14:42,320

article that was supposedly published in

1831

01:14:48,330 --> 01:14:45,110

a newspaper but it's you know it's just

1832

01:14:51,729 --> 01:14:48,340

the one column of it there is not a

1833

01:14:55,240 --> 01:14:51,739

single name in that newspaper article

1834

01:14:56,530 --> 01:14:55,250

and I and I challenge anybody to find a

1835

01:14:59,410 --> 01:14:56,540

newspaper article where there's not a

1836

01:15:00,850 --> 01:14:59,420

single name it talks about the event

1837

01:15:03,939 --> 01:15:00,860

taking place that it's having on the

1838

01:15:06,220 --> 01:15:03,949

city docks the waitress said the city

1839

01:15:08,439 --> 01:15:06,230

police responded who are these people

1840

01:15:09,850 --> 01:15:08,449

what city police what docks went

1841

01:15:13,870 --> 01:15:09,860

waitress what bar

1842

01:15:16,000 --> 01:15:13,880

not a single identifiable landmark named

1843

01:15:17,680 --> 01:15:16,010

person in that article and yet people

1844

01:15:19,270 --> 01:15:17,690

still believe this ship was teleported

1845

01:15:24,130 --> 01:15:19,280

that would be another hoax for the guy

1846

01:15:26,650 --> 01:15:24,140

in Australia yes yeah I've often said

1847

01:15:29,080 --> 01:15:26,660

that you know you haven't made it as a

1848

01:15:31,030 --> 01:15:29,090

UFO researcher or personality or

1849

01:15:33,520 --> 01:15:31,040

whatever until you've been accused of

1850

01:15:35,080 --> 01:15:33,530

being a government agent so it's it's

1851

01:15:37,479 --> 01:15:35,090

kind of like you're no longer a virgin

1852

01:15:38,800 --> 01:15:37,489

you're now a government agent and I

1853

01:15:41,290 --> 01:15:38,810

remember seeing my name for the first

1854

01:15:43,060 --> 01:15:41,300

time linked to being a government agent

1855

01:15:45,400 --> 01:15:43,070

and it was somebody who had written that

1856

01:15:47,350 --> 01:15:45,410

I as a joke on my blog posted because

1857

01:15:50,650 --> 01:15:47,360

Carlock and I used to joke about this

1858

01:15:52,900 --> 01:15:50,660

he was MJ zero and I was MJ 13 those

1859

01:15:55,450 --> 01:15:52,910

were little code names we used in emails

1860

01:15:57,550 --> 01:15:55,460

to each other and so I posted just after

1861

01:15:59,800 --> 01:15:57,560

Carl passed away I think you know I'm

1862

01:16:02,410 --> 01:15:59,810

sad to see MJ zero go

1863

01:16:04,870 --> 01:16:02,420

I guess this MJ 13 I'm the last guy

1864

01:16:07,150 --> 01:16:04,880

standing and somebody actually thought

1865

01:16:08,380 --> 01:16:07,160

it was serious which I'm sure Karl would

1866

01:16:10,380 --> 01:16:08,390

have thought was funny if he was still

1867

01:16:19,920 --> 01:16:10,390

around or maybe he does now were

1868

01:16:22,620 --> 01:16:19,930

Karam I see is there a secret evil

1869

01:16:24,960 --> 01:16:22,630

agenda two strange creatures from the

1870

01:16:27,360 --> 01:16:24,970

darkest corners of the mind roam the

1871

01:16:30,360 --> 01:16:27,370

earth is there evidence for mind control

01:17:31,060 --> 01:17:30,349

Marco host Chris roll Brian Paul

1892

01:17:39,640 --> 01:17:36,349

Campbell Chris jump in with a question

1893

01:17:41,410 --> 01:17:39,650

you know I've always had a problem with

1894

01:17:43,899 --> 01:17:41,420

the whole subject of crash retrievals

1895

01:17:46,330 --> 01:17:43,909

and there is one exception and that is

1896

01:17:50,290 --> 01:17:46,340

an event that allegedly occurred on

1897

01:17:52,330 --> 01:17:50,300

April 16 1969 in the in the San Luis

1898

01:17:55,990 --> 01:17:52,340

Valley where I investigated for many

1899

01:17:58,240 --> 01:17:56,000

years and the two witnesses are very

1900

01:18:00,580 --> 01:17:58,250

credible there were two archaeologists

1901

01:18:02,410 --> 01:18:00,590

who were doing a dig you know the famous

1902

01:18:04,870 --> 01:18:02,420

cattle guard site which has some of the

1903

01:18:08,560 --> 01:18:04,880

earliest remains of humans in North

1904

01:18:12,070 --> 01:18:08,570

America and they claim that t f4

1905

01:18:15,250 --> 01:18:12,080

phantoms chased a small scout ship type

1906

01:18:17,530 --> 01:18:15,260

object over the Sangre de Cristo's to

1907

01:18:20,560 --> 01:18:17,540

the east and that they were chasing it

1908

01:18:23,530 --> 01:18:20,570

around this 49 square mile Great Sand

1909

01:18:26,859 --> 01:18:23,540

Dunes dune field and at one point the

1910

01:18:29,800 --> 01:18:26,869

object was trying to out turn the Jets

1911

01:18:31,419 --> 01:18:29,810

and it supposedly clipped the top of a

1912

01:18:35,589 --> 01:18:31,429

dune cart wheeled into the dune field

1913

01:18:39,070 --> 01:18:35,599

and crashed and according to Glenna Beck

1914

01:18:42,220 --> 01:18:39,080

I'm not making that name up relationship

1915

01:18:44,800 --> 01:18:42,230

to that other Glen whatever no I believe

1916

01:18:45,790 --> 01:18:44,810

she was a archaeologist from Stanford

1917

01:18:47,620 --> 01:18:45,800

and her husband was also an

1918

01:18:49,629 --> 01:18:47,630

archaeologist they were there also with

1919

01:18:52,410 --> 01:18:49,639

their teenage son they claimed the

1920

01:18:55,330 --> 01:18:52,420

following day that seven flatbed

1921

01:18:58,120 --> 01:18:55,340

trailers or semis with flatbed trailers

1922

01:19:00,040 --> 01:18:58,130

came out laid down a some sort of like

1923

01:19:02,620 --> 01:19:00,050

metal portable roadway over the dune

1924

01:19:04,930 --> 01:19:02,630

field and hauled this thing away it took

1925

01:19:07,240 --> 01:19:04,940

quite a bit of effort for them to get

1926

01:19:09,790 --> 01:19:07,250

out to the to the place where this

1927

01:19:11,260 --> 01:19:09,800

allegedly had crashed and then they they

1928

01:19:12,850 --> 01:19:11,270

took it away you know put a tarp on it

1929

01:19:15,550 --> 01:19:12,860

and took it away are you familiar with

1930

01:19:17,680 --> 01:19:15,560

this particular case so Kevin no and I

1931

01:19:21,430 --> 01:19:17,690

know it's not without well known in

1932

01:19:26,700 --> 01:19:24,580

one of the things show a host of a

1933

01:19:29,610 --> 01:19:26,710

no-show who told me about a crash in

1934

01:19:31,240 --> 01:19:29,620

Minnesota that took place last year

1935

01:19:33,970 --> 01:19:31,250

coincidentally on the same day that

1936

01:19:36,310 --> 01:19:33,980

something supposedly fell into the river

1937

01:19:38,080 --> 01:19:36,320

in Ottawa the Christmas Kowski had

1938

01:19:41,350 --> 01:19:38,090

helped me outward so that that's not in

1939

01:19:46,530 --> 01:19:41,360

the book in my book and and neither is

1940

01:19:50,860 --> 01:19:48,970

rational people involved in validate

1941

01:19:52,630 --> 01:19:50,870

right then they went on the record

1942

01:19:55,390 --> 01:19:52,640

they've actually they've actually done a

1943

01:19:58,360 --> 01:19:55,400

video of full length of at least Glenda

1944

01:20:00,640 --> 01:19:58,370

has the the wife of the couple has

1945

01:20:03,190 --> 01:20:00,650

actually appeared in front of a camera

1946

01:20:05,260 --> 01:20:03,200

and done a full length interview about

1947

01:20:06,760 --> 01:20:05,270

this it's just one of those cases that

1948

01:20:09,550 --> 01:20:06,770

slip by and that not many people know

1949

01:20:12,550 --> 01:20:09,560

about it another researcher who was

1950

01:20:14,020 --> 01:20:12,560

quite proprietary and in nature there's

1951

01:20:15,370 --> 01:20:14,030

one that uncovered this that's why I've

1952

01:20:17,110 --> 01:20:15,380

never I've always stayed away from her

1953

01:20:18,460 --> 01:20:17,120

because I don't want him to sue me he's

1954

01:20:21,570 --> 01:20:18,470

one of those guys they'll sue at the

1955

01:20:25,990 --> 01:20:21,580

drop of the Hat so I have not really

1956

01:20:28,600 --> 01:20:26,000

published my digging on this but it does

1957

01:20:30,010 --> 01:20:28,610

have it does hold water in my estimation

1958

01:20:32,110 --> 01:20:30,020

of course we do have the La Veta

1959

01:20:35,500 --> 01:20:32,120

military operations low flight training

1960

01:20:38,410 --> 01:20:35,510

area over the song grace where these

1961

01:20:40,450 --> 01:20:38,420

where the object and the Jets came from

1962

01:20:42,520 --> 01:20:40,460

so you know my guess is maybe it was

1963

01:20:44,500 --> 01:20:42,530

some sort of advanced but you know

1964

01:20:46,840 --> 01:20:44,510

pilots drone or something but the

1965

01:20:48,880 --> 01:20:46,850

description is of a of a scout ship a

1966

01:20:51,220 --> 01:20:48,890

small 10 to 12-foot scout ship and at

1967

01:20:52,570 --> 01:20:51,230

one point the archaeologists claimed

1968

01:20:54,100 --> 01:20:52,580

that the thing was less than 50 feet

1969

01:20:55,870 --> 01:20:54,110

over their head so they've got a pretty

1970

01:20:59,050 --> 01:20:55,880

good look at it middle of the day but

1971

01:21:03,280 --> 01:20:59,060

that's one April 16 1969 for anybody

1972

01:21:04,480 --> 01:21:03,290

wants to do some diggin on that I don't

1973

01:21:05,800 --> 01:21:04,490

think it's a good year unless somebody's

1974

01:21:09,010 --> 01:21:05,810

threatened to sue me at some point

1975

01:21:11,370 --> 01:21:09,020

during it well you've been accused

1976

01:21:14,260 --> 01:21:11,380

you've been accused of being a being a

1977

01:21:16,360 --> 01:21:14,270

agent and and you've probably been

1978

01:21:17,710 --> 01:21:16,370

threatened to be sued I have not had

1979

01:21:22,030 --> 01:21:17,720

either of those things happen I guess I

1980

01:21:23,500 --> 01:21:22,040

haven't made it yet I tried to deserve

1981

01:21:25,240 --> 01:21:23,510

Anderson to sue me a number of times

1982

01:21:27,790 --> 01:21:25,250

because that would open up a lot of lot

1983

01:21:30,040 --> 01:21:27,800

of documentation through discovery that

1984

01:21:32,140 --> 01:21:30,050

would and some of the Gerald Anderson

1985

01:21:32,419 --> 01:21:32,150

controversy yeah you mentioned that the

1986

01:21:35,479 --> 01:21:32,429

top

1987

01:21:38,180 --> 01:21:35,489

the show got the the phone bill ready

1988

01:21:39,919 --> 01:21:38,190

for so I mean that's pretty well he I

1989

01:21:41,240 --> 01:21:39,929

believe the absolute defense I say

1990

01:21:42,620 --> 01:21:41,250

Gerald Anderson is a liar and here's a

1991

01:21:45,020 --> 01:21:42,630

document before that what pretty well

1992

01:21:46,850 --> 01:21:45,030

say well yeah thirty ends and he is on

1993

01:21:48,470 --> 01:21:46,860

the field well ashamed by the way he

1994

01:21:50,360 --> 01:21:48,480

claimed to be a Navy SEAL and they they

1995

01:21:51,860 --> 01:21:50,370

know he never was the only seal and I

1996

01:21:53,810 --> 01:21:51,870

care about his goslings

1997

01:21:55,280 --> 01:21:53,820

and if nobody if you guys don't know

1998

01:21:57,740 --> 01:21:55,290

what Gosling's is you're just drinking

1999

01:22:01,399 --> 01:21:57,750

the wrong kind of rum is is all I have

2000

01:22:03,560 --> 01:22:01,409

to say speaking of now I now get a bunch

2001  
01:22:08,450 --> 01:22:03,570  
of angry US Navy SEALs coming after me

2002  
01:22:10,760 --> 01:22:08,460  
and saying wait a minute you've yeah we

2003  
01:22:12,430 --> 01:22:10,770  
get Canadian Joint Task Force something

2004  
01:22:15,110 --> 01:22:12,440  
I'll just sick them on him or whatever

2005  
01:22:17,660 --> 01:22:15,120  
great that just made it worse speaking

2006  
01:22:20,270 --> 01:22:17,670  
of disinformation agents Kevin real ones

2007  
01:22:22,370 --> 01:22:20,280  
as opposed to fake ones like us bill

2008  
01:22:24,380 --> 01:22:22,380  
Moore and I'm not saying bill is a

2009  
01:22:26,390 --> 01:22:24,390  
disinformation agent or not but seems

2010  
01:22:28,310 --> 01:22:26,400  
how we talked to Ben about mj-12 earlier

2011  
01:22:29,959 --> 01:22:28,320  
and seems how we've talked a bit about

2012  
01:22:32,540 --> 01:22:29,969  
the Roswell incident and a bit about

2013  
01:22:35,990 --> 01:22:32,550

disinformation all of which touch upon

2014

01:22:37,760 --> 01:22:36,000

one William Moore perhaps you could tell

2015

01:22:39,260 --> 01:22:37,770

us a bit about Bill Moore and your

2016

01:22:40,520 --> 01:22:39,270

interactions with them I know this is

2017

01:22:43,399 --> 01:22:40,530

one of the things Greg Bishop and I

2018

01:22:47,000 --> 01:22:43,409

disagree on is Bill Morris role in

2019

01:22:50,750 --> 01:22:47,010

ufology and his relationship with eff

2020

01:22:52,700 --> 01:22:50,760

OSI and government Intel and also

2021

01:22:55,100 --> 01:22:52,710

potentially his relationship with mj-12

2022

01:22:56,899 --> 01:22:55,110

in the creation thereof so perhaps you

2023

01:22:58,160 --> 01:22:56,909

could talk a bit about Bill Moore maybe

2024

01:22:59,209 --> 01:22:58,170

this will be your opportunity to get

2025

01:23:02,510 --> 01:22:59,219

sued I don't know

2026

01:23:04,729 --> 01:23:02,520

and how he related to Roswell and mj-12

2027

01:23:07,070 --> 01:23:04,739

and everything that was going on in the

2028

01:23:13,120 --> 01:23:07,080

late 70s and then through the 1980s take

2029

01:23:15,800 --> 01:23:13,130

us back in time if you will yes yes you

2030

01:23:18,560 --> 01:23:15,810

things that I wanted to talk and mention

2031

01:23:21,439 --> 01:23:18,570

and she brought it up was more had been

2032

01:23:22,939 --> 01:23:21,449

or had gotten involved with a parolee

2033

01:23:25,280 --> 01:23:22,949

arrow phenomenal research organization

2034

01:23:28,760 --> 01:23:25,290

there were engines in Arizona and I

2035

01:23:30,860 --> 01:23:28,770

guess he was working I'd say highly

2036

01:23:32,660 --> 01:23:30,870

placed in a Perot which I'm not sure

2037

01:23:34,700 --> 01:23:32,670

what that would mean but was in

2038

01:23:37,939 --> 01:23:34,710

communication with him and he had said

2039

01:23:40,550 --> 01:23:37,949

in some documents that he was supplying

2040

01:23:42,590 --> 01:23:40,560

the Air Force with information on

2041

01:23:44,990 --> 01:23:42,600

ufologists through his connections with

2042

01:23:46,040 --> 01:23:45,000

after all but the Air Force seemed to be

2043

01:23:48,830 --> 01:23:46,050

getting more information

2044

01:23:49,669 --> 01:23:48,840

he was supplying and he thought I was

2045

01:23:51,740 --> 01:23:49,679

the other one

2046

01:23:53,120 --> 01:23:51,750

supplying the information so there's

2047

01:23:55,069 --> 01:23:53,130

Bill Moore suggesting on a government

2048

01:23:57,799 --> 01:23:55,079

agent of some kind which of course is

2049

01:24:00,260 --> 01:23:57,809

blatantly not true I was not they did

2050

01:24:04,370 --> 01:24:00,270

not and have not would not but that's a

2051  
01:24:07,040 --> 01:24:04,380  
whole nother argument more started after

2052  
01:24:08,629 --> 01:24:07,050  
the Roswell incident book came out more

2053  
01:24:11,600 --> 01:24:08,639  
continued as research I know he was

2054  
01:24:14,540 --> 01:24:11,610  
planning to write a book with Bob Pratt

2055  
01:24:16,520 --> 01:24:14,550  
and Richard Doty Richard Doty had been

2056  
01:24:18,950 --> 01:24:16,530  
an OSI agent who had lost his

2057  
01:24:21,560 --> 01:24:18,960  
certification for some reason in Europe

2058  
01:24:24,290 --> 01:24:21,570  
and ended up as the senior NCO at a mess

2059  
01:24:26,600 --> 01:24:24,300  
hall at Kirkland Air Force Base but they

2060  
01:24:30,290 --> 01:24:26,610  
were gonna do a book and in the book

2061  
01:24:32,120 --> 01:24:30,300  
there was something mj-12 first surfaces

2062  
01:24:34,459 --> 01:24:32,130  
in this work of fiction they were going

2063  
01:24:36,350 --> 01:24:34,469

to do Platt was the main writer on it

2064

01:24:39,770 --> 01:24:36,360

and they were feeding information to him

2065

01:24:41,810 --> 01:24:39,780

and Dodi was there to - I guess advise

2066

01:24:45,649 --> 01:24:41,820

on how military functions in these

2067

01:24:47,270 --> 01:24:45,659

things Fillmore had said and Stan

2068

01:24:48,890 --> 01:24:47,280

Friedman actually confirmed this to me

2069

01:24:51,290 --> 01:24:48,900

and ain't now denies that he did video

2070

01:24:53,180 --> 01:24:51,300

but Brad sparks had also said the same

2071

01:24:54,830 --> 01:24:53,190

thing this and that bill Morin said that

2072

01:24:56,540 --> 01:24:54,840

he had come up against the wall on his

2073

01:24:57,890 --> 01:24:56,550

wrong on that position I was thinking

2074

01:25:00,770 --> 01:24:57,900

about creating some kind of a document

2075

01:25:05,890 --> 01:25:00,780

that he could present that would allow

2076

01:25:08,629 --> 01:25:05,900

people to talk about so lo and behold

2077

01:25:10,700 --> 01:25:08,639

several years later out comes this mj-12

2078

01:25:13,129 --> 01:25:10,710

document which was sent at jamee shandur

2079

01:25:15,649 --> 01:25:13,139

a UFO research and nobody had ever heard

2080

01:25:18,200 --> 01:25:15,659

of until the MDL paper showed up at his

2081

01:25:20,060 --> 01:25:18,210

house on undeveloped film they developed

2082

01:25:22,010 --> 01:25:20,070

a film and there's the mj-12 document

2083

01:25:24,379 --> 01:25:22,020

the interesting thing about the mj-12

2084

01:25:28,010 --> 01:25:24,389

document is it reflects the state of

2085

01:25:31,129 --> 01:25:28,020

ufology in the early 1980s but is not

2086

01:25:33,890 --> 01:25:31,139

reflect the truth as it would have been

2087

01:25:36,439 --> 01:25:33,900

in 1952 or the truth as it is today so

2088

01:25:39,229 --> 01:25:36,449

the document is flawed by it

2089

01:25:41,390 --> 01:25:39,239

I guess anachronism for nine from from

2090

01:25:43,220 --> 01:25:41,400

nineteen eighty two more of course

2091

01:25:45,500 --> 01:25:43,230

denies he had anything to do with it but

2092

01:25:47,270 --> 01:25:45,510

more in his investigation of it now says

2093

01:25:49,520 --> 01:25:47,280

that he's pretty well convinced that the

2094

01:25:53,180 --> 01:25:49,530

document is a hoax which i think is

2095

01:25:54,410 --> 01:25:53,190

funny so we've got the the document

2096

01:25:57,560 --> 01:25:54,420

coming out reflecting the state of

2097

01:25:59,510 --> 01:25:57,570

ufology in 1982 and that's the kind of

2098

01:26:01,910 --> 01:25:59,520

the link we draw back to the Willingham

2099

01:26:05,450 --> 01:26:01,920

because this is a time that szekely

2100

01:26:08,720 --> 01:26:05,460

pushing the Del Rio crash shekel has

2101  
01:26:10,250 --> 01:26:08,730  
selected the date of 6 December 1950

2102  
01:26:12,920 --> 01:26:10,260  
that's the date that shows up in the

2103  
01:26:14,930 --> 01:26:12,930  
mj-12 document and button suggests the

2104  
01:26:17,360 --> 01:26:14,940  
object was pretty much incinerated which

2105  
01:26:19,940 --> 01:26:17,370  
would negate cycle being able to do

2106  
01:26:22,070 --> 01:26:19,950  
anything with it but if Del Rio is a

2107  
01:26:25,640 --> 01:26:22,080  
hoax that try to negate the whole

2108  
01:26:28,070 --> 01:26:25,650  
document so more I think in 1989 came

2109  
01:26:30,650 --> 01:26:28,080  
out and said that he had been working

2110  
01:26:32,960 --> 01:26:30,660  
with the air force feeding this

2111  
01:26:34,970 --> 01:26:32,970  
information into the UFO community that

2112  
01:26:37,660 --> 01:26:34,980  
included I think some of the stuff on

2113  
01:26:41,630 --> 01:26:37,670

cattle mutilations he was talking about

2114

01:26:43,550 --> 01:26:41,640

the stuff that he said to John Lear son

2115

01:26:46,510 --> 01:26:43,560

of Bill Lee or the guy with the jet guy

2116

01:26:50,030 --> 01:26:46,520

and some of the dark aspects of

2117

01:26:52,520 --> 01:26:50,040

mythology that he had said that stuff to

2118

01:26:56,440 --> 01:26:52,530

to Lear and Cooper and a couple of other

2119

01:27:00,610 --> 01:26:56,450

people he had been involved with

2120

01:27:03,260 --> 01:27:00,620

harassing Paul bennewitz who was a

2121

01:27:05,930 --> 01:27:03,270

scientist researcher and vendor living

2122

01:27:08,420 --> 01:27:05,940

in Kirtland or in Albuquerque who

2123

01:27:11,120 --> 01:27:08,430

apparently had been advertently tapped

2124

01:27:13,120 --> 01:27:11,130

into some of the low-frequency radio

2125

01:27:15,980 --> 01:27:13,130

communications that were being done and

2126  
01:27:17,840 --> 01:27:15,990  
so Moore says what what he had done was

2127  
01:27:19,300 --> 01:27:17,850  
feed some of this stuff to bennewitz and

2128  
01:27:21,560 --> 01:27:19,310  
they would sneak into his house

2129  
01:27:22,970 --> 01:27:21,570  
rearrange the furniture and do all these

2130  
01:27:26,420 --> 01:27:22,980  
sorts of things to drive better with

2131  
01:27:30,080 --> 01:27:26,430  
maps so some more confessed to a roll

2132  
01:27:32,690 --> 01:27:30,090  
with Air Force OSI and being an agent of

2133  
01:27:35,210 --> 01:27:32,700  
disinformation which pretty well cut his

2134  
01:27:37,430 --> 01:27:35,220  
throat in ufology I just don't think

2135  
01:27:39,170 --> 01:27:37,440  
that's true I think I don't think we had

2136  
01:27:39,950 --> 01:27:39,180  
that kind of a role that he was working

2137  
01:27:42,200 --> 01:27:39,960  
for the government

2138  
01:27:45,050 --> 01:27:42,210

I've often believed that the government

2139

01:27:47,990 --> 01:27:45,060

if there was a if there was a branch of

2140

01:27:50,270 --> 01:27:48,000

OSI to deal with ufology they would just

2141

01:27:52,190 --> 01:27:50,280

sit back and let us let us run because

2142

01:27:53,660 --> 01:27:52,200

we do it to ourselves all the time

2143

01:27:56,930 --> 01:27:53,670

excusing each other being government

2144

01:27:59,800 --> 01:27:56,940

agent Bill Moore creating documents

2145

01:28:02,300 --> 01:27:59,810

supposedly to to further his

2146

01:28:04,370 --> 01:28:02,310

investigation feeding information to one

2147

01:28:06,470 --> 01:28:04,380

another feeding bad information all over

2148

01:28:08,090 --> 01:28:06,480

the place if I was if I was in charge of

2149

01:28:10,040 --> 01:28:08,100

that operation I just be pointing these

2150

01:28:10,550 --> 01:28:10,050

things yeah I was my plan see how well

2151

01:28:12,779 --> 01:28:10,560

it worked

2152

01:28:15,439 --> 01:28:12,789

mj-12 diverted ufology

2153

01:28:19,199 --> 01:28:15,449

twenty-five years now for 30 years now

2154

01:28:23,699 --> 01:28:19,209

so with the bill more stuff I think I

2155

01:28:27,719 --> 01:28:23,709

just I'm not real impressed with what he

2156

01:28:29,159 --> 01:28:27,729

said he was one of the mainstays in the

2157

01:28:30,779 --> 01:28:29,169

Philadelphia Experiment the book was

2158

01:28:33,329 --> 01:28:30,789

that Charles Berliner is one in there

2159

01:28:35,309 --> 01:28:33,339

that had had me laughing I have written

2160

01:28:36,869 --> 01:28:35,319

the article I wrote about the allende

2161

01:28:40,619 --> 01:28:36,879

letters I get under the pen name we are

2162

01:28:43,319 --> 01:28:40,629

strong and in the end they are in the

2163

01:28:45,089 --> 01:28:43,329

Philadelphia spirit there's a there's a

2164

01:28:46,619 --> 01:28:45,099

paragraph in there that says this guy

2165

01:28:48,449 --> 01:28:46,629

named B are strong who claims to be a

2166

01:28:52,169 --> 01:28:48,459

close personal friend of Kevin Randall

2167

01:28:54,449 --> 01:28:52,179

oh it's me guys so they got that they

2168

01:28:56,369 --> 01:28:54,459

got that point wrong but there's a lot

2169

01:28:59,250 --> 01:28:56,379

of problems with the conclusions that

2170

01:29:00,959 --> 01:28:59,260

Moore has drawn and some of the leaps of

2171

01:29:03,000 --> 01:29:00,969

logic that he makes that I don't think

2172

01:29:04,799 --> 01:29:03,010

are followed by the evidence he has and

2173

01:29:07,020 --> 01:29:04,809

then he claimed to be a government agent

2174

01:29:08,759 --> 01:29:07,030

the government disinformation agent I

2175

01:29:11,390 --> 01:29:08,769

just don't believe that true either the

2176

01:29:14,929 --> 01:29:11,400

thing was just making it all up

we're not making up this Kevin D Randle

2200

01:30:18,240 --> 01:30:15,730

joins us a new book called crash when

2201  
01:30:21,420 --> 01:30:18,250  
UFOs fall from the sky history of famous

2202  
01:30:23,850 --> 01:30:21,430  
incidents conspiracies and cover-ups we

2203  
01:30:26,190 --> 01:30:23,860  
have two co-hosts Paul Kimball and

2204  
01:30:28,170 --> 01:30:26,200  
Christopher O'Brien and right now we're

2205  
01:30:29,670 --> 01:30:28,180  
doing a little bit of disassembling of

2206  
01:30:30,210 --> 01:30:29,680  
some of the things in the field that are

2207  
01:30:32,130 --> 01:30:30,220  
bogus

2208  
01:30:35,310 --> 01:30:32,140  
as far as William Moore is concerned

2209  
01:30:36,990 --> 01:30:35,320  
since he made this admission real or

2210  
01:30:39,990 --> 01:30:37,000  
imagined those being a government

2211  
01:30:43,080 --> 01:30:40,000  
disinformation agent is he been out of

2212  
01:30:46,280 --> 01:30:43,090  
it pretty much yes showed up our good

2213  
01:30:52,500 --> 01:30:49,350

I wish he was my good friend but that's

2214

01:30:53,820 --> 01:30:52,510

a different story well just so he'd blow

2215

01:30:56,070 --> 01:30:53,830

me money that would be nice

2216

01:30:58,140 --> 01:30:56,080

but he had he put together a magazine

2217

01:31:00,060 --> 01:30:58,150

that lasted for five or six issues and

2218

01:31:03,330 --> 01:31:00,070

more with the editor so and this was

2219

01:31:06,930 --> 01:31:03,340

after sometime after the big admission

2220

01:31:09,150 --> 01:31:06,940

in 1989 more dances in and out of the

2221

01:31:11,910 --> 01:31:09,160

field periodically but after 1989 he

2222

01:31:14,760 --> 01:31:11,920

pretty well was out of the UFO field and

2223

01:31:16,710 --> 01:31:14,770

and and from what he says and he's

2224

01:31:18,660 --> 01:31:16,720

mentioned this in sausage smear a couple

2225

01:31:20,190 --> 01:31:18,670

of times that he's pretty happy being

2226

01:31:23,190 --> 01:31:20,200

out of the UFO field I can certainly

2227

01:31:25,620 --> 01:31:23,200

understand that with the way the field

2228

01:31:28,020 --> 01:31:25,630

operates since that admission at the new

2229

01:31:30,000 --> 01:31:28,030

pond conference in Las Vegas in 1989

2230

01:31:32,550 --> 01:31:30,010

there hasn't been a lot heard from Bill

2231

01:31:35,310 --> 01:31:32,560

Moore it's very odd because I suspect

2232

01:31:38,220 --> 01:31:35,320

that if Moore had wanted to come back

2233

01:31:40,860 --> 01:31:38,230

into ufology you know full-scale or

2234

01:31:42,450 --> 01:31:40,870

staying ufology folks full-scale he

2235

01:31:43,950 --> 01:31:42,460

would have taken a hit and a pretty big

2236

01:31:46,170 --> 01:31:43,960

one but eventually tempers would have

2237

01:31:48,330 --> 01:31:46,180

calmed down and if he had come out three

2238

01:31:50,970 --> 01:31:48,340

or four years later with something that

2239

01:31:52,770 --> 01:31:50,980

people wanted to hear you would have

2240

01:31:54,750 --> 01:31:52,780

heard people apologizing for the fact

2241

01:31:57,060 --> 01:31:54,760

that Bill Moore even if he wasn't a

2242

01:31:59,340 --> 01:31:57,070

disinformation agent certainly didn't do

2243

01:32:01,950 --> 01:31:59,350

you know he did some very not nice

2244

01:32:04,140 --> 01:32:01,960

things to Paul bennewitz participated in

2245

01:32:07,320 --> 01:32:04,150

I think at least participate in the

2246

01:32:09,270 --> 01:32:07,330

mj-12 hoax and we've seen that Kevin and

2247

01:32:12,600 --> 01:32:09,280

I know this is gonna be a painful moment

2248

01:32:15,540 --> 01:32:12,610

for you but painful yeah well you know

2249

01:32:17,940 --> 01:32:15,550

where I'm going then Don Schmitt I sat

2250

01:32:20,490 --> 01:32:17,950

on a panel at the X conference to my

2251  
01:32:22,270 --> 01:32:20,500  
lasting shame next to Nick Pope on one

2252  
01:32:24,040 --> 01:32:22,280  
side which was a good thing the two

2253  
01:32:26,710 --> 01:32:24,050  
people down there was Don Schmidt I

2254  
01:32:28,660 --> 01:32:26,720  
thought this was 2007 and I thought and

2255  
01:32:30,700 --> 01:32:28,670  
he was there it's the Roswell expert

2256  
01:32:31,150 --> 01:32:30,710  
whatever you think of Roswell I'm just

2257  
01:32:33,100 --> 01:32:31,160  
thinking

2258  
01:32:35,500 --> 01:32:33,110  
shouldn't that be Kevin Randall or Sam

2259  
01:32:36,970 --> 01:32:35,510  
Friedman or you know a legitimate

2260  
01:32:38,350 --> 01:32:36,980  
Roswell researcher whether you think

2261  
01:32:40,330 --> 01:32:38,360  
they're right or wrong but no there's

2262  
01:32:43,000 --> 01:32:40,340  
Don Schmidt working with Tom Kerry

2263  
01:32:45,670 --> 01:32:43,010

releasing new books about Roswell going

2264

01:32:48,790 --> 01:32:45,680

on the radio and viewed as credible by a

2265

01:32:51,040 --> 01:32:48,800

lot of people in ufology explain that to

2266

01:32:54,880 --> 01:32:51,050

me Kevin explained how a guy like Don

2267

01:32:57,730 --> 01:32:54,890

Schmidt still gets a hearing period

2268

01:32:59,500 --> 01:32:57,740

because it's because and it goes back to

2269

01:33:02,860 --> 01:32:59,510

what Paul Kimball had said which is the

2270

01:33:04,990 --> 01:33:02,870

will believe as long as you say what

2271

01:33:07,030 --> 01:33:05,000

people want to hear whether you believe

2272

01:33:11,550 --> 01:33:07,040

it or not I guess you're gonna be a

2273

01:33:14,290 --> 01:33:11,560

popular figure in ufology yes you take a

2274

01:33:16,930 --> 01:33:14,300

scientific point of view which I try to

2275

01:33:19,360 --> 01:33:16,940

do I'm not always successful but what I

2276

01:33:23,280 --> 01:33:19,370

try to do you're gonna find yourself on

2277

01:33:26,620 --> 01:33:23,290

the out I mean everybody knows I think

2278

01:33:29,140 --> 01:33:26,630

alien abduction is explainable in

2279

01:33:32,320 --> 01:33:29,150

terrestrial terms there is not this

2280

01:33:35,410 --> 01:33:32,330

great alien conspiracy to deduct abduct

2281

01:33:38,890 --> 01:33:35,420

human people an experiment on and yet

2282

01:33:40,540 --> 01:33:38,900

I'm the bad guy because I say that and

2283

01:33:43,690 --> 01:33:40,550

people don't want to hear that if I

2284

01:33:47,590 --> 01:33:43,700

embrace alien abduction if I invest in

2285

01:33:51,580 --> 01:33:47,600

embrace crop circle if I embraced as pop

2286

01:33:53,740 --> 01:33:51,590

if I embrace this nonsensical shoot-down

2287

01:33:55,810 --> 01:33:53,750

book where the the Air Force and the

2288

01:33:58,420 --> 01:33:55,820

aliens are having great gun battles over

2289

01:34:01,780 --> 01:33:58,430

the Atlantic I would be a much more

2290

01:34:03,160 --> 01:34:01,790

popular individual in ufology but I sat

2291

01:34:05,230 --> 01:34:03,170

there and thought I don't really care to

2292

01:34:07,810 --> 01:34:05,240

be a popular individual and ufology I

2293

01:34:10,390 --> 01:34:07,820

would like to know what the truth is so

2294

01:34:12,370 --> 01:34:10,400

that's the problem and I and you're

2295

01:34:15,340 --> 01:34:12,380

actually right had Bill Moore wanted to

2296

01:34:18,730 --> 01:34:15,350

come back into the field after after he

2297

01:34:20,920 --> 01:34:18,740

literally committed suicide in 1989 he

2298

01:34:22,570 --> 01:34:20,930

could have easily done it and and and

2299

01:34:24,060 --> 01:34:22,580

you see it all the time people are

2300

01:34:26,920 --> 01:34:24,070

caught in the most outrageous lies

2301

01:34:28,330 --> 01:34:26,930

exposed and the next thing you know

2302

01:34:31,060 --> 01:34:28,340

they're right back on the lecture

2303

01:34:33,250 --> 01:34:31,070

circuit we forgive we forgives bad

2304

01:34:34,570 --> 01:34:33,260

people maybe too much you know so what

2305

01:34:37,060 --> 01:34:34,580

happens here this happens a lot

2306

01:34:40,360 --> 01:34:37,070

the show business industry someone is

2307

01:34:42,070 --> 01:34:40,370

convicted of a crime and we want to show

2308

01:34:45,190 --> 01:34:42,080

forgiveness we want to show that

2309

01:34:48,280 --> 01:34:45,200

somebody can redeem themselves so maybe

2310

01:34:50,140 --> 01:34:48,290

Robert Downey jr. spends time in jail

2311

01:34:53,080 --> 01:34:50,150

because of his serious drug problems

2312

01:34:55,210 --> 01:34:53,090

whatever he gets out he gets treatment

2313

01:34:57,370 --> 01:34:55,220

and now he's the biggest actor on the

2314

01:34:59,530 --> 01:34:57,380

planet all over again with respect gene

2315

01:35:02,290 --> 01:34:59,540

that's a false comparison Robert Downey

2316

01:35:04,180 --> 01:35:02,300

jr. or somebody like that that's a

2317

01:35:07,300 --> 01:35:04,190

personal problem but it doesn't impact

2318

01:35:08,920 --> 01:35:07,310

on his ability to be an actor and a very

2319

01:35:11,260 --> 01:35:08,930

good one but when you deal with people

2320

01:35:14,590 --> 01:35:11,270

like Don Schmidt or bill Moore their

2321

01:35:17,650 --> 01:35:14,600

problems are directly related to their

2322

01:35:20,920 --> 01:35:17,660

credibility as UFO researchers they

2323

01:35:23,200 --> 01:35:20,930

continue to get a free pass so it's not

2324

01:35:26,680 --> 01:35:23,210

like a football player who uses drugs

2325

01:35:28,000 --> 01:35:26,690

cocaine recreationally that doesn't have

2326

01:35:28,960 --> 01:35:28,010

anything to do with him being a football

2327

01:35:31,270 --> 01:35:28,970

player but if he's using

2328

01:35:33,250 --> 01:35:31,280

performance-enhancing drugs it does

2329

01:35:34,740 --> 01:35:33,260

there is a difference and Bill Moore and

2330

01:35:38,230 --> 01:35:34,750

Don Schmidt of the equivalent of

2331

01:35:42,430 --> 01:35:38,240

baseball players who juiced in the 1990s

2332

01:35:44,830 --> 01:35:42,440

they cheated they lied and yet Schmidt

2333

01:35:47,290 --> 01:35:44,840

still is given a free pass by most

2334

01:35:50,080 --> 01:35:47,300

people and more would be I suspect if he

2335

01:35:52,150 --> 01:35:50,090

if he came back and and I think that's

2336

01:35:54,880 --> 01:35:52,160

shameful and kudos that's why I like

2337

01:35:57,310 --> 01:35:54,890

Kevin and people like him dick Hall was

2338

01:35:59,890 --> 01:35:57,320

one of those guys never concerned about

2339

01:36:01,840 --> 01:35:59,900

being popular more concerned about

2340

01:36:04,180 --> 01:36:01,850

getting at the truth of the matter even

2341

01:36:05,470 --> 01:36:04,190

if and willing to be wrong to well the

2342

01:36:07,150 --> 01:36:05,480

person who comes back could also say

2343

01:36:09,400 --> 01:36:07,160

they were the victim you know maybe

2344

01:36:12,280 --> 01:36:09,410

William Moore says I'm back because I

2345

01:36:14,230 --> 01:36:12,290

was victimized by these evil government

2346

01:36:16,930 --> 01:36:14,240

agents who said I was doing something

2347

01:36:19,180 --> 01:36:16,940

positive for my country but now I've

2348

01:36:24,640 --> 01:36:19,190

seen the way in the truth let's move on

2349

01:36:26,350 --> 01:36:24,650

but he never did that yeah one of those

2350

01:36:28,660 --> 01:36:26,360

accuse me of being a government agent

2351  
01:36:29,950 --> 01:36:28,670  
told another chemical that he believed

2352  
01:36:33,340 --> 01:36:29,960  
that I might be a government agent

2353  
01:36:38,200 --> 01:36:33,350  
planted on him imagine the irony yes

2354  
01:36:40,480 --> 01:36:38,210  
that's what I thought I'm not sure if I

2355  
01:36:44,260 --> 01:36:40,490  
can Randle this it's foolish MIT very

2356  
01:36:46,420 --> 01:36:44,270  
nice I've been working on a stand-up

2357  
01:36:53,140 --> 01:36:46,430  
routine that was one of my jokes oh okay

2358  
01:36:55,660 --> 01:36:53,150  
sit down on that 2007 panel at the X

2359  
01:36:57,010 --> 01:36:55,670  
conference Schmidt you know I don't want

2360  
01:36:58,420 --> 01:36:57,020  
to talk about it too much but I find

2361  
01:37:00,640 --> 01:36:58,430  
this amusing and Kevin you might find

2362  
01:37:02,410 --> 01:37:00,650  
this amusing he went on and on about how

2363  
01:37:04,480 --> 01:37:02,420

we need disclosure because here was Nick

2364

01:37:06,640 --> 01:37:04,490

Nick Pope it earlier been talking about

2365

01:37:08,890 --> 01:37:06,650

the United Kingdom's releases of UFO

2366

01:37:10,840 --> 01:37:08,900

documents and Schmidt said we need

2367

01:37:12,850 --> 01:37:10,850

disclosure just like the United Kingdom

2368

01:37:14,710 --> 01:37:12,860

is done and I turned around I looked to

2369

01:37:16,360 --> 01:37:14,720

him and I said well the United States

2370

01:37:18,160 --> 01:37:16,370

has had that it was it happened when

2371

01:37:20,380 --> 01:37:18,170

they released the project Bluebook files

2372

01:37:22,030 --> 01:37:20,390

decades ago and it you know his face

2373

01:37:24,010 --> 01:37:22,040

literally turned white because you know

2374

01:37:25,540 --> 01:37:24,020

the project Bluebook filed releases more

2375

01:37:27,340 --> 01:37:25,550

or less akin to what the united kingdom

2376

01:37:29,710 --> 01:37:27,350

government government has done recently

2377

01:37:31,540 --> 01:37:29,720

with the Amod files you know there's not

2378

01:37:33,760 --> 01:37:31,550

super top secret information in the mod

2379

01:37:35,470 --> 01:37:33,770

files either so you know that's my dodge

2380

01:37:37,210 --> 01:37:35,480

mid encounter and I'm sure we've all had

2381

01:37:39,520 --> 01:37:37,220

one they stay spin this stuff that

2382

01:37:42,130 --> 01:37:39,530

people want to hear and I think it's the

2383

01:37:44,110 --> 01:37:42,140

nothing of the personality cult or

2384

01:37:46,120 --> 01:37:44,120

narcissism they don't care about the

2385

01:37:48,130 --> 01:37:46,130

truth they just want 200 people sitting

2386

01:37:51,310 --> 01:37:48,140

in an audience to applaud when they're

2387

01:37:57,190 --> 01:37:51,320

finished 200 paying customers yeah

2388

01:38:00,400 --> 01:37:57,200

pathetic who is convicted of child

2389

01:38:03,850 --> 01:38:00,410

molestation well yes they possibly say

2390

01:38:06,400 --> 01:38:03,860

that we'd want to hear even even if he

2391

01:38:09,310 --> 01:38:06,410

was on the inside and I knew everything

2392

01:38:11,590 --> 01:38:09,320

why would we believe this guy and you

2393

01:38:14,380 --> 01:38:11,600

know he still shows up unless he's all

2394

01:38:15,820 --> 01:38:14,390

the time and just so folks know and I

2395

01:38:17,770 --> 01:38:15,830

have no problem saying his name because

2396

01:38:20,920 --> 01:38:17,780

it's public record wendell stevens right

2397

01:38:22,570 --> 01:38:20,930

and so he's popular because he goes and

2398

01:38:24,610 --> 01:38:22,580

he spouts the billy meier story at

2399

01:38:26,560 --> 01:38:24,620

certain conferences and I been at those

2400

01:38:28,030 --> 01:38:26,570

conferences because I find these

2401

01:38:30,010 --> 01:38:28,040

conferences fun and amusing and

2402

01:38:31,900 --> 01:38:30,020

sometimes you get good speakers I

2403

01:38:34,270 --> 01:38:31,910

remember one I was there Don Leger was

2404

01:38:36,850 --> 01:38:34,280

speaking about shag harbour so there you

2405

01:38:38,770 --> 01:38:36,860

have a very credible man and he is Don

2406

01:38:40,630 --> 01:38:38,780

Ledger's good friend of mine and then

2407

01:38:42,820 --> 01:38:40,640

you have Wendell Stevens speaking about

2408

01:38:44,260 --> 01:38:42,830

the mill the Billy Meyer case and so you

2409

01:38:46,060 --> 01:38:44,270

go up to people and you ask them well

2410

01:38:49,600 --> 01:38:46,070

you know you realize Wendell Stevens was

2411

01:38:54,760 --> 01:38:49,610

convicted you know and they go that was

2412

01:38:57,040 --> 01:38:54,770

the government framing him to quiet him

2413

01:39:00,500 --> 01:38:57,050

about the billy meier truth so you know

2414

01:39:02,030 --> 01:39:00,510

what can you do there are never guilty

2415

01:39:05,270 --> 01:39:02,040

I'm gonna stay here for the first time

2416

01:39:07,910 --> 01:39:05,280

then so we can spread the rumor I sleeve

2417

01:39:09,290 --> 01:39:07,920

them I ended up in Iraq was I was

2418

01:39:09,859 --> 01:39:09,300

getting too close to the answers on

2419

01:39:11,810 --> 01:39:09,869

Roswell

2420

01:39:13,700 --> 01:39:11,820

and the only the government could stop

2421

01:39:16,189 --> 01:39:13,710

me was to call me back into the service

2422

01:39:22,189 --> 01:39:16,199

and send me to Iraq hoping you wouldn't

2423

01:39:24,320 --> 01:39:22,199

return you heard his first on the power

2424

01:39:27,590 --> 01:39:24,330

cast ladies and gentlemen write this

2425

01:39:35,629 --> 01:39:27,600

down but don't believe a word of it

[Music]

2438

01:40:52,870 --> 01:40:50,890

we do believe that we have one more

2439

01:40:56,140 --> 01:40:52,880

segment to spend with Kevin Randall

2440

01:40:57,850 --> 01:40:56,150

author crash when UFOs fall from the sky

2441

01:41:01,480 --> 01:40:57,860

a history of famous incidents

2442

01:41:05,170 --> 01:41:01,490

conspiracies and cover-ups twin co-hosts

2443

01:41:08,170 --> 01:41:05,180

far away but certainly top-notch people

2444

01:41:09,760 --> 01:41:08,180

we need the best for Kevin Paul Kimball

2445

01:41:12,190 --> 01:41:09,770

and Christopher O'Brien

2446

01:41:14,410 --> 01:41:12,200

now one of the things of course we

2447

01:41:17,440 --> 01:41:14,420

always have to tackle and we talked

2448

01:41:20,910 --> 01:41:17,450

about crashes and retrievals is where is

2449

01:41:25,300 --> 01:41:20,920

this stuff going is there a warehouse 13

2450

01:41:27,730 --> 01:41:25,310

area 51 if we've recovered anything it's

2451

01:41:30,670 --> 01:41:27,740

still there can we believe it can we

2452

01:41:35,650 --> 01:41:30,680

find it warehouse 13 huh you've been

2453

01:41:37,720 --> 01:41:35,660

watching the Sci Fi Channel in talking

2454

01:41:39,010 --> 01:41:37,730

to the witnesses at Roswell we can

2455

01:41:40,420 --> 01:41:39,020

pretty well trace the stuff to

2456

01:41:42,850 --> 01:41:40,430

wright-patterson Air Force Base

2457

01:41:44,440 --> 01:41:42,860

general ekström who was a lieutenant

2458

01:41:46,660 --> 01:41:44,450

colonel at the base at the time later

2459

01:41:47,470 --> 01:41:46,670

became a brigadier general or was the

2460

01:41:49,330 --> 01:41:47,480

base commander at Wright

2461

01:41:51,040 --> 01:41:49,340

wright-patterson Air Force Base said

2462

01:41:53,380 --> 01:41:51,050

that the bodies one of them had been

2463

01:41:57,280 --> 01:41:53,390

sent to Lowry Air Force Base in Denver

2464

01:41:59,140 --> 01:41:57,290

because at the time 1947 Lowry had the

2465

01:42:02,200 --> 01:41:59,150

military mortuary service so they were

2466

01:42:04,900 --> 01:42:02,210

they sent a body there to find out the

2467

01:42:08,380 --> 01:42:04,910

best ways to preserve it I have heard

2468

01:42:10,420 --> 01:42:08,390

that one of the bodies had been sent

2469

01:42:11,890 --> 01:42:10,430

through one of the big bases in Florida

2470

01:42:13,960 --> 01:42:11,900

I forget the name at the moment but it

2471

01:42:15,790 --> 01:42:13,970

had a big aerospace medical facility

2472

01:42:18,460 --> 01:42:15,800

therefore we're similar types of

2473

01:42:22,180 --> 01:42:18,470

research where we can trace the material

2474

01:42:24,340 --> 01:42:22,190

out of Roswell we traced it to Wright

2475

01:42:27,670 --> 01:42:24,350

Field light Patterson Air Force Base and

2476

01:42:29,170 --> 01:42:27,680

this is based on the testimonies of some

2477

01:42:30,670 --> 01:42:29,180

of the people who are involved in some

2478

01:42:32,170 --> 01:42:30,680

of some of the stuff went to Fort Worth

2479

01:42:34,690 --> 01:42:32,180

first Fort Worth being the headquarters

2480

01:42:36,190 --> 01:42:34,700

for the file name fob group early 8th

2481

01:42:37,360 --> 01:42:36,200

Air Force Headquarters apparent minutes

2482

01:42:40,180 --> 01:42:37,370

ago 5:09

2483

01:42:40,900 --> 01:42:40,190

we have also heard and this is this is

2484

01:42:44,020 --> 01:42:40,910

speculative

2485

01:42:46,930 --> 01:42:44,030

it's rumor but it's really kind of neat

2486

01:42:49,840 --> 01:42:46,940

you know that the Navy had a base in the

2487

01:42:52,270 --> 01:42:49,850

Pacific the only entire island and they

2488

01:42:54,129 --> 01:42:52,280

put the stuff all the stuff there

2489

01:42:55,660 --> 01:42:54,139

you had to be in the Navy to get there

2490

01:42:57,549 --> 01:42:55,670

you couldn't be a civilian and just show

2491

01:42:59,680 --> 01:42:57,559

up at the front gate type thing yeah you

2492

01:43:01,330 --> 01:42:59,690

had to be in the Navy to get there I I I

2493

01:43:03,040 --> 01:43:01,340

couldn't say what the island is I

2494

01:43:06,040 --> 01:43:03,050

couldn't tell you where it was and just

2495

01:43:07,330 --> 01:43:06,050

something that we've heard so once the

2496

01:43:10,569 --> 01:43:07,340

material is retrieved

2497

01:43:13,839 --> 01:43:10,579

we the information I have gets it to to

2498

01:43:16,479 --> 01:43:13,849

Ohio would it be at area 51 I've always

2499

01:43:19,060 --> 01:43:16,489

thought area 51 was the location where

2500

01:43:22,419 --> 01:43:19,070

we're working on the next generation of

2501

01:43:25,029 --> 01:43:22,429

military aircraft or UAVs or whatever

2502

01:43:27,669 --> 01:43:25,039

there it's not really involved in any

2503

01:43:30,899 --> 01:43:27,679

kind of alien research but is involved

2504

01:43:33,640 --> 01:43:30,909

in top-secret research to advance our

2505

01:43:35,649 --> 01:43:33,650

technologies so that that's the best I

2506

01:43:38,169 --> 01:43:35,659

can tell you is these are this is what

2507

01:43:40,479 --> 01:43:38,179

I've heard we've got people who who were

2508

01:43:42,069 --> 01:43:40,489

right fielded said yad came here we saw

2509

01:43:44,140 --> 01:43:42,079

some of it we were involved in some of

2510

01:43:46,810 --> 01:43:44,150

it we got people in Roswell city it was

2511

01:43:49,000 --> 01:43:46,820

sent there but but that's about as far I

2512

01:43:52,120 --> 01:43:49,010

can go with it okay but that of course

2513

01:43:54,790 --> 01:43:52,130

is years and years ago so today in 2010

2514

01:43:57,729 --> 01:43:54,800

where would it be would there even be

2515

01:44:00,879 --> 01:43:57,739

evidence today of advanced technology as

2516

01:44:06,459 --> 01:44:00,889

a result of that I am excluding Colonel

2517

01:44:08,859 --> 01:44:06,469

Corsos book here yes I my speculum has

2518

01:44:10,509 --> 01:44:08,869

only been that at the Air Force and the

2519

01:44:12,489 --> 01:44:10,519

Air Force isn't this clever what a

2520

01:44:14,589 --> 01:44:12,499

lesson at wright-patterson because

2521

01:44:16,390 --> 01:44:14,599

everybody would assume that that's right

2522

01:44:17,589 --> 01:44:16,400

wright-patterson has been outed they

2523

01:44:19,239 --> 01:44:17,599

would have moved it out of there and the

2524

01:44:22,029 --> 01:44:19,249

clever move was would be to leave it

2525

01:44:24,160 --> 01:44:22,039

there Ill just don't know where they

2526

01:44:26,739 --> 01:44:24,170

would have taken it what basis there's

2527

01:44:29,770 --> 01:44:26,749

the Dugway proving grounds in in Utah

2528

01:44:31,989 --> 01:44:29,780

which is a highly classified research

2529

01:44:33,819 --> 01:44:31,999

center and that's that's the place where

2530

01:44:35,379 --> 01:44:33,829

they inadvertently release some kind of

2531

01:44:37,419 --> 01:44:35,389

a toxic substance into the atmosphere

2532

01:44:39,759 --> 01:44:37,429

and killed up a bunch of a bunch of

2533

01:44:42,219 --> 01:44:39,769

sheep and a couple of a couple of the

2534

01:44:44,589 --> 01:44:42,229

ranchers back in the sixties or

2535

01:44:48,750 --> 01:44:44,599

seventies I think so Dudley Dudley is a

2536

01:44:52,899 --> 01:44:48,760

possibility a highly classified area

2537

01:44:54,969 --> 01:44:52,909

area 51 sure why not I just I just

2538

01:44:57,640 --> 01:44:54,979

really don't know so I'm kind of at a

2539

01:45:00,009 --> 01:44:57,650

loss of if where the stuff would be in

2540

01:45:02,379 --> 01:45:00,019

today's environment what I do know is

2541

01:45:05,590 --> 01:45:02,389

that if you if you retrieved the bodies

2542

01:45:08,200 --> 01:45:05,600

of an alien creature do not

2543

01:45:10,240 --> 01:45:08,210

destroy it because we may not never you

2544

01:45:13,030 --> 01:45:10,250

may never get another one so you want to

2545

01:45:15,250 --> 01:45:13,040

keep you unique sigh illogical samples

2546

01:45:17,500 --> 01:45:15,260

available for research and I would

2547

01:45:21,060 --> 01:45:17,510

assume that if our technology improves

2548

01:45:24,280 --> 01:45:21,070

we imply apply that technology to either

2549

01:45:26,590 --> 01:45:24,290

investigating the makeup of the alien

2550

01:45:28,420 --> 01:45:26,600

creatures or the technology that they

2551

01:45:30,460 --> 01:45:28,430

brought with them so that we could

2552

01:45:32,500 --> 01:45:30,470

understand what they were going on and I

2553

01:45:33,940 --> 01:45:32,510

think in the day's world we would have a

2554

01:45:36,250 --> 01:45:33,950

better chance of understanding that

2555

01:45:38,710 --> 01:45:36,260

technology then we would have the 1947

2556

01:45:40,390 --> 01:45:38,720

if you look at some of the things if we

2557

01:45:42,220 --> 01:45:40,400

took back to 1947

2558

01:45:43,960 --> 01:45:42,230

they'd have no way of understanding if I

2559

01:45:45,370 --> 01:45:43,970

took them a DVD back there they'd have

2560

01:45:48,100 --> 01:45:45,380

no way of understanding that there's all

2561

01:45:50,290 --> 01:45:48,110

kinds of information on that DVD then

2562

01:45:52,360 --> 01:45:50,300

all they'd see is kind of a silvery disc

2563

01:45:53,860 --> 01:45:52,370

or they wouldn't understand what what it

2564

01:45:55,840 --> 01:45:53,870

is what did it contained or how to

2565

01:45:58,570 --> 01:45:55,850

retrieve the information okay but how do

2566

01:46:00,190 --> 01:45:58,580

you keep it secret for six decades can

2567

01:46:03,660 --> 01:46:00,200

we really do that we assume the

2568

01:46:06,700 --> 01:46:03,670

government well yeah we are getting

2569

01:46:09,280 --> 01:46:06,710

eyewitness stories I saw this I saw that

2570

01:46:12,160 --> 01:46:09,290

I heard this but we don't have anything

2571

01:46:15,370 --> 01:46:12,170

to really put our fingers on it's still

2572

01:46:17,200 --> 01:46:15,380

second third parties really we've got

2573

01:46:19,660 --> 01:46:17,210

first hand people who are involved in

2574

01:46:22,420 --> 01:46:19,670

this talking about it and people who are

2575

01:46:24,280 --> 01:46:22,430

credible people who well I'm saying that

2576

01:46:27,160 --> 01:46:24,290

first hand I mean someone sitting there

2577

01:46:29,470 --> 01:46:27,170

in the laboratory dissecting the aliens

2578

01:46:31,780 --> 01:46:29,480

sitting there in an engineering room

2579

01:46:34,180 --> 01:46:31,790

trying to poke into the integrated

2580

01:46:36,490 --> 01:46:34,190

circuit so instead while in Springfield

2581

01:46:38,380 --> 01:46:36,500

in a number of years crash which people

2582

01:46:41,920 --> 01:46:38,390

books talked about people that who told

2583

01:46:46,630 --> 01:46:41,930

him that very thing that they were

2584

01:46:49,900 --> 01:46:46,640

involved with the autopsy the the study

2585

01:46:51,430 --> 01:46:49,910

of the alien creatures so then talk

2586

01:46:54,220 --> 01:46:51,440

about some of those people that

2587

01:46:55,930 --> 01:46:54,230

information is in lems files we don't

2588

01:46:57,850 --> 01:46:55,940

have access to lens files right now but

2589

01:47:01,150 --> 01:46:57,860

that information is there so some of

2590

01:47:02,530 --> 01:47:01,160

what you suggest is around so a few

2591

01:47:05,010 --> 01:47:02,540

cracks here and there there is

2592

01:47:07,630 --> 01:47:05,020

information getting out but certainly

2593

01:47:09,690 --> 01:47:07,640

for the government to keep a secret for

2594

01:47:12,220 --> 01:47:09,700

this long we're going through multiple

2595

01:47:14,680 --> 01:47:12,230

administration's we're going through

2596

01:47:16,600 --> 01:47:14,690

lots of changes of command so is there

2597

01:47:19,000 --> 01:47:16,610

one singular agency that might have

2598

01:47:20,830 --> 01:47:19,010

managed all this for so many years

2599

01:47:24,750 --> 01:47:20,840

let's let's look at let's look at

2600

01:47:29,530 --> 01:47:24,760

operation solo this was this was a

2601

01:47:31,690 --> 01:47:29,540

multi-decade FBI investigation of the

2602

01:47:34,479 --> 01:47:31,700

FBI had a man in the Kremlin is what it

2603

01:47:36,729 --> 01:47:34,489

boils down to a guy named Morris Childs

2604

01:47:39,970 --> 01:47:36,739

have been a communist in the 1930s

2605

01:47:43,330 --> 01:47:39,980

became dissatisfied with him but but the

2606

01:47:45,280 --> 01:47:43,340

FBI kept him in the Communist Party and

2607

01:47:47,860 --> 01:47:45,290

he became a very high official and he

2608

01:47:51,250 --> 01:47:47,870

would be sent he would be invited to

2609

01:47:53,410 --> 01:47:51,260

Moscow he would be treated to all kinds

2610

01:47:55,840 --> 01:47:53,420

of information in Moscow which he of

2611

01:47:59,350 --> 01:47:55,850

course would then return to the FBI

2612

01:48:02,320 --> 01:47:59,360

the point simply is Childs began as

2613

01:48:05,170 --> 01:48:02,330

operations in the 1950s or the 1940s so

2614

01:48:07,450 --> 01:48:05,180

and any and they ended in the 1980s I

2615

01:48:11,080 --> 01:48:07,460

think when he finally retired the only

2616

01:48:13,720 --> 01:48:11,090

president that new child existed was

2617

01:48:16,300 --> 01:48:13,730

Gerald Ford and the only reason he will

2618

01:48:18,460 --> 01:48:16,310

is because Ford was going to meet with

2619

01:48:22,210 --> 01:48:18,470

the Soviet leadership and he was very

2620

01:48:25,479 --> 01:48:22,220

nervous about this meeting and so he was

2621

01:48:27,550 --> 01:48:25,489

told about Morris child's and what the

2622

01:48:29,320 --> 01:48:27,560

FBI had learned from him the guys

2623

01:48:31,570 --> 01:48:29,330

working in the FBI office in New York

2624

01:48:33,700 --> 01:48:31,580

City except for the two or three people

2625

01:48:35,590 --> 01:48:33,710

who directly worked with child none of

2626

01:48:37,090 --> 01:48:35,600

them knew what was going on all of this

2627

01:48:39,520 --> 01:48:37,100

came out in a book called Operation

2628

01:48:42,010 --> 01:48:39,530

sulla which is a fascinating read about

2629

01:48:45,250 --> 01:48:42,020

how they kept this secret from everybody

2630

01:48:47,050 --> 01:48:45,260

when Kennedy back down the Soviet child

2631

01:48:48,790 --> 01:48:47,060

had told people that the Soviets would

2632

01:48:51,610 --> 01:48:48,800

not risk war because they were afraid of

2633

01:48:54,460 --> 01:48:51,620

the atomic capabilities of the United

2634

01:48:57,430 --> 01:48:54,470

States so that when Kennedy back down

2635

01:49:00,130 --> 01:48:57,440

the Soviet it why it wasn't the big

2636

01:49:01,660 --> 01:49:00,140

bluff or the big gamble that a lot of

2637

01:49:03,520 --> 01:49:01,670

people thought it was Kennedy was

2638

01:49:05,170 --> 01:49:03,530

operating with intelligence that had

2639

01:49:09,250 --> 01:49:05,180

been gathered by Morris child's from the

2640

01:49:11,590 --> 01:49:09,260

Soviets during his visit to Moscow and

2641

01:49:14,260 --> 01:49:11,600

so the fact that the point simply is

2642

01:49:16,750 --> 01:49:14,270

eight there can be horrendous secrets

2643

01:49:19,930 --> 01:49:16,760

that people keep they can be known to

2644

01:49:21,520 --> 01:49:19,940

people across the spectrum and it's and

2645

01:49:24,610 --> 01:49:21,530

the information just simply is not

2646

01:49:27,630 --> 01:49:24,620

leaked in the public arena until an

2647

01:49:31,660 --> 01:49:27,640

operation Soler ended I think child died

2648

01:49:32,860 --> 01:49:31,670

15 or 20 years ago but that operation

2649

01:49:34,390 --> 01:49:32,870

continued on and one of the

2650

01:49:36,610 --> 01:49:34,400

Christene things is when Kennedy was

2651

01:49:38,680 --> 01:49:36,620

assassinated child's happened to be in

2652

01:49:40,630 --> 01:49:38,690

Moscow at the time and he was in one of

2653

01:49:42,550 --> 01:49:40,640

the meeting with the leadership of the

2654

01:49:45,070 --> 01:49:42,560

Soviet Union when somebody came in and

2655

01:49:46,780 --> 01:49:45,080

told him Kennedy was assassinated and

2656

01:49:48,070 --> 01:49:46,790

the Soviets didn't know the child's

2657

01:49:49,600 --> 01:49:48,080

could speak Russian it was one of the

2658

01:49:51,610 --> 01:49:49,610

things he kept from them and they were

2659

01:49:53,200 --> 01:49:51,620

discussing in Russian well hope the

2660

01:49:55,090 --> 01:49:53,210

Americans don't think we had anything to

2661

01:49:56,800 --> 01:49:55,100

do with that which would suggest there

2662

01:49:59,380 --> 01:49:56,810

was no Soviet involvement in the

2663

01:50:00,310 --> 01:49:59,390

assassination of Kennedy so anyway if

2664

01:50:02,230 --> 01:50:00,320

you get a chance to read the book

2665

01:50:04,450 --> 01:50:02,240

operation solo and it'll kind of give

2666

01:50:06,460 --> 01:50:04,460

you a feeling for how some secret can be

2667

01:50:09,130 --> 01:50:06,470

checked okay we can keep the secrets now

2668

01:50:10,920 --> 01:50:09,140

so does that mean that all these people

2669

01:50:13,000 --> 01:50:10,930

crying for disclosure disclosure

2670

01:50:15,940 --> 01:50:13,010

starting with major Donald Kehoe

2671

01:50:18,130 --> 01:50:15,950

continuing to the present day there is

2672

01:50:20,530 --> 01:50:18,140

something to disclose and some way we

2673

01:50:21,580 --> 01:50:20,540

can possibly get this information or is

2674

01:50:22,960 --> 01:50:21,590

that impossible

2675

01:50:25,240 --> 01:50:22,970

I don't think there's any way that we

2676

01:50:29,260 --> 01:50:25,250

can force disclosure I think the closest

2677

01:50:30,910 --> 01:50:29,270

we came was in the mid-1990s as we were

2678

01:50:32,290 --> 01:50:30,920

talking about Roswell and got a lot of

2679

01:50:34,180 --> 01:50:32,300

people talking about Roswell

2680

01:50:36,580 --> 01:50:34,190

because there was no reason for the Air

2681

01:50:39,370 --> 01:50:36,590

Force to investigate the Roswell case

2682

01:50:40,360 --> 01:50:39,380

again in in nineteen in the 1990s what

2683

01:50:41,890 --> 01:50:40,370

they should have said there's nothing to

2684

01:50:42,760 --> 01:50:41,900

it it's good you know we're gonna do

2685

01:50:44,530 --> 01:50:42,770

nothing to it

2686

01:50:48,010 --> 01:50:44,540

it was a mistake for them to investigate

2687

01:50:49,930 --> 01:50:48,020

at all and so I think the disclosure

2688

01:50:51,550 --> 01:50:49,940

project is going about this completely

2689

01:50:53,260 --> 01:50:51,560

wrong especially because they don't vet

2690

01:50:55,090 --> 01:50:53,270

their whipple so we end up with people

2691

01:50:59,020 --> 01:50:55,100

telling telling wild tales that are

2692

01:51:01,300 --> 01:50:59,030

clearly clearly not true cliffs don't

2693

01:51:04,120 --> 01:51:01,310

talking about 57 varieties of aliens

2694

01:51:07,150 --> 01:51:04,130

what is the channeling what's-his-face

2695

01:51:09,040 --> 01:51:07,160

Heinz ketchup actually gets them right

2696

01:51:12,730 --> 01:51:09,050

of course it's the Heinz ketchup theory

2697

01:51:15,330 --> 01:51:12,740

remember remember McCarthy who was

2698

01:51:17,920 --> 01:51:15,340

signed about 57 communists in the in the

2699

01:51:19,990 --> 01:51:17,930

State Department and the and it came

2700

01:51:21,970 --> 01:51:20,000

from Fitz Heinz 57 varieties and then we

2701  
01:51:24,430 --> 01:51:21,980  
got we got we got Chris don't side about

2702  
01:51:25,960 --> 01:51:24,440  
57 varieties of aliens they don't let

2703  
01:51:27,490 --> 01:51:25,970  
these guys and all they do is make the

2704  
01:51:29,350 --> 01:51:27,500  
job that much harder but it's not going

2705  
01:51:30,910 --> 01:51:29,360  
to come to that it's going to come the

2706  
01:51:33,190 --> 01:51:30,920  
closure is gonna happen in a different

2707  
01:51:35,470 --> 01:51:33,200  
arena in a different way we'll then now

2708  
01:51:37,780 --> 01:51:35,480  
I'm speculating here so how will it have

2709  
01:51:40,390 --> 01:51:37,790  
you open the question you opened the

2710  
01:51:44,350 --> 01:51:40,400  
door let's walk short Kevin well the

2711  
01:51:46,590 --> 01:51:44,360  
best example is that the aliens land and

2712  
01:51:49,660 --> 01:51:46,600  
so here we are now deny it

2713  
01:51:52,330 --> 01:51:49,670

they'd only to do it if something

2714

01:51:54,790 --> 01:51:52,340

happens where it is in the best interest

2715

01:51:56,890 --> 01:51:54,800

of the government to say yes the aliens

2716

01:52:00,550 --> 01:51:56,900

are here but but it's not going to be

2717

01:52:03,270 --> 01:52:00,560

forced from the outside by us presenting

2718

01:52:06,450 --> 01:52:03,280

people at the National Press Club

2719

01:52:09,180 --> 01:52:06,460

talking about things that are not true

2720

01:52:12,220 --> 01:52:09,190

things that are easily proven to be

2721

01:52:12,790 --> 01:52:12,230

inaccurate to be polite about the whole

2722

01:52:14,500 --> 01:52:12,800

thing

2723

01:52:18,370 --> 01:52:14,510

well I guess I'll never be invited with

2724

01:52:20,560 --> 01:52:18,380

you think of all that let's your money

2725

01:52:22,210 --> 01:52:20,570

you're not receiving the Kevin well

2726

01:52:27,820 --> 01:52:22,220

that's okay I'll just stay here in my

2727

01:52:29,130 --> 01:52:27,830

house that might be more fun well even

2728

01:52:32,620 --> 01:52:29,140

if the government did disclose

2729

01:52:35,320 --> 01:52:32,630

everything that they supposedly knew how

2730

01:52:37,360 --> 01:52:35,330

could you believe them after 60 years of

2731

01:52:38,890 --> 01:52:37,370

being lied to it to me it's just it just

2732

01:52:40,990 --> 01:52:38,900

doesn't make any sense

2733

01:52:46,720 --> 01:52:41,000

that anyone thinks that we're gonna get

2734

01:52:48,850 --> 01:52:46,730

anywhere with a a disclosure process can

2735

01:52:59,910 --> 01:52:48,860

we prove a point any other things that

2736

01:53:03,970 --> 01:53:01,900

there's another way of looking at

2737

01:53:05,650 --> 01:53:03,980

disclosure fellas and it's sort of the

2738

01:53:08,020 --> 01:53:05,660

point I made to dawn Schmidt on that

2739

01:53:10,360 --> 01:53:08,030

panel in 2007 when he was talking about

2740

01:53:12,370 --> 01:53:10,370

this kind of disclosure and I was

2741

01:53:14,290 --> 01:53:12,380

talking about look I'm convinced the

2742

01:53:16,000 --> 01:53:14,300

government doesn't have a clue and I

2743

01:53:18,820 --> 01:53:16,010

know Kevin this is where you and I might

2744

01:53:21,040 --> 01:53:18,830

differ so the disclosure that you would

2745

01:53:22,810 --> 01:53:21,050

look for is what has happened with the

2746

01:53:24,670 --> 01:53:22,820

Ministry of Defense there's been a

2747

01:53:26,770 --> 01:53:24,680

disclosure of Canadian investigative

2748

01:53:29,110 --> 01:53:26,780

documents over the years Project Blue

2749

01:53:31,120 --> 01:53:29,120

Book files the stuff that they

2750

01:53:34,390 --> 01:53:31,130

investigated the case files that are

2751

01:53:36,940 --> 01:53:34,400

there and then let private citizens go

2752

01:53:38,710 --> 01:53:36,950

and go through those and see if they can

2753

01:53:41,290 --> 01:53:38,720

find things that maybe the Air Force or

2754

01:53:43,690 --> 01:53:41,300

the Navy or whomever investigated it did

2755

01:53:45,610 --> 01:53:43,700

not but I honestly don't think I do not

2756

01:53:47,970 --> 01:53:45,620

rule in fact that I actually believe the

2757

01:53:50,820 --> 01:53:47,980

et explanation is far and away

2758

01:53:53,280 --> 01:53:50,830

the best paranormal investigation

2759

01:53:54,930 --> 01:53:53,290

available ie the non-terrestrial once

2760

01:53:56,550 --> 01:53:54,940

but I also don't think that the

2761

01:53:58,680 --> 01:53:56,560

government knows very much more about

2762

01:54:01,200 --> 01:53:58,690

the nature of the UFO phenomenon than we

2763

01:54:03,090 --> 01:54:01,210

do well all you'd be saying there Paul

2764

01:54:06,630 --> 01:54:03,100

that you don't believe they have the

2765

01:54:08,130 --> 01:54:06,640

crash disks on hand no and I think well

2766

01:54:09,780 --> 01:54:08,140

you know Kevin and I are friends but he

2767

01:54:12,750 --> 01:54:09,790

knows that we politely and respectfully

2768

01:54:14,550 --> 01:54:12,760

disagree on that I keep an open mind if

2769

01:54:17,070 --> 01:54:14,560

somebody could prove to me to my

2770

01:54:19,620 --> 01:54:17,080

satisfaction which I think maybe my

2771

01:54:21,330 --> 01:54:19,630

standards is a bit higher I would have

2772

01:54:23,189 --> 01:54:21,340

to see the crashed alien spacecraft

2773

01:54:25,020 --> 01:54:23,199

frankly I think Sagan was right

2774

01:54:27,390 --> 01:54:25,030

extraordinary claims like that require

2775

01:54:28,290 --> 01:54:27,400

extraordinary proof and in this case if

2776

01:54:30,240 --> 01:54:28,300

you're talking about a crashed

2777

01:54:32,160 --> 01:54:30,250

spacecraft from another world

2778

01:54:34,919 --> 01:54:32,170

I think the extraordinary truth can't be

2779

01:54:37,590 --> 01:54:34,929

witness testimony you know you have to

2780

01:54:38,970 --> 01:54:37,600

have physical evidence and you have to

2781

01:54:41,220 --> 01:54:38,980

be able to examine that physical

2782

01:54:42,900 --> 01:54:41,230

evidence or an alien body one or the

2783

01:54:44,340 --> 01:54:42,910

other and I said well that's physical

2784

01:54:48,840 --> 01:54:44,350

evidence and I think that's what it

2785

01:54:50,640 --> 01:54:48,850

would take to finally prove that we are

2786

01:54:52,770 --> 01:54:50,650

being visited by extraterrestrials and

2787

01:54:54,450 --> 01:54:52,780

they've crashed here but you can still

2788

01:54:58,110 --> 01:54:54,460

say that we've been visited by

2789

01:54:59,790 --> 01:54:58,120

extraterrestrials and not go the crash

2790

01:55:01,590 --> 01:54:59,800

route you can say look the UFOs are up

2791

01:55:04,620 --> 01:55:01,600

there they may well be extraterrestrials

2792

01:55:06,150 --> 01:55:04,630

but we just have no evidence conclusive

2793

01:55:09,240 --> 01:55:06,160

evidence that any of them has crashed

2794

01:55:12,450 --> 01:55:09,250

and so that's sort of my position Pro

2795

01:55:14,850 --> 01:55:12,460

ETH to a point as far as the theory goes

2796

01:55:16,439 --> 01:55:14,860

but when it comes to the crash stuff and

2797

01:55:18,120 --> 01:55:16,449

I think maybe part of the problem is

2798

01:55:21,120 --> 01:55:18,130

there's just so many bad hoaxes and

2799

01:55:23,729 --> 01:55:21,130

stories with crashes Aztek all of that

2800

01:55:25,860 --> 01:55:23,739

stuff that at some point you know it's

2801

01:55:27,360 --> 01:55:25,870

like a tainted witness pool and I know

2802

01:55:30,209 --> 01:55:27,370

people say don't throw the baby out with

2803

01:55:32,400 --> 01:55:30,219

the bathwater but I would just say look

2804

01:55:33,900 --> 01:55:32,410

when you've got so much crap it's hard

2805

01:55:35,370 --> 01:55:33,910

sifting through it and I'm not sure

2806

01:55:38,700 --> 01:55:35,380

there's a real point sifting through it

2807

01:55:41,220 --> 01:55:38,710

I think the better cases our cases like

2808

01:55:42,840 --> 01:55:41,230

RB 47 or the Kelly Johnson sighting

2809

01:55:45,390 --> 01:55:42,850

those are the cases that indicate

2810

01:55:47,669 --> 01:55:45,400

there's a real reality to the UFO

2811

01:55:50,100 --> 01:55:47,679

phenomenon we're studying scientifically

2812

01:55:51,900 --> 01:55:50,110

and so I know Kevin you know that I

2813

01:55:54,660 --> 01:55:51,910

disagree with you I think the crash

2814

01:55:57,030 --> 01:55:54,670

stuff has weighted down ufology for 30

2815

01:55:58,439 --> 01:55:57,040

years now and distracted it from looking

2816

01:56:00,159 --> 01:55:58,449

at some of those what I would consider

2817

01:56:04,540 --> 01:56:00,169

to be better cases

2818

01:56:07,929 --> 01:56:04,550

agree disagree guys like if I was going

2819

01:56:09,520 --> 01:56:07,939

to promote my book shamelessly please in

2820

01:56:11,859 --> 01:56:09,530

fact this is the time I was going to ask

2821

01:56:14,709 --> 01:56:11,869

you Kevin we have a few minutes left

2822

01:56:16,509 --> 01:56:14,719

shamelessly promotes a book I would say

2823

01:56:18,819 --> 01:56:16,519

that that in the book there are there

2824

01:56:21,219 --> 01:56:18,829

are two crash cases that came out of the

2825

01:56:25,359 --> 01:56:21,229

project Bluebook files that are not

2826

01:56:26,949 --> 01:56:25,369

talked about in the in the UFO field so

2827

01:56:28,389 --> 01:56:26,959

here's there's a couple of things where

2828

01:56:31,000 --> 01:56:28,399

you can take a look at Air Force

2829

01:56:32,589 --> 01:56:31,010

investigation of UFO crashes yeah we're

2830

01:56:34,779 --> 01:56:32,599

in the project rubric files which is

2831

01:56:37,359 --> 01:56:34,789

kind of interesting and the other thing

2832

01:56:39,250 --> 01:56:37,369

I wanted to say in that similar vein was

2833

01:56:41,409 --> 01:56:39,260

there's a case which does not relate to

2834

01:56:43,929 --> 01:56:41,419

UFO crashes but there's a woman who

2835

01:56:47,199 --> 01:56:43,939

claimed to have been pasted by a UFO

2836

01:56:49,270 --> 01:56:47,209

back and I think 1954 and it sounds to

2837

01:56:51,189 --> 01:56:49,280

me like the precursor to the abduction

2838

01:56:53,799 --> 01:56:51,199

phenomenon in other words this is the

2839

01:56:55,689 --> 01:56:53,809

Barney body and Betty Jo case except a

2840

01:56:58,989 --> 01:56:55,699

woman didn't undergo hypnotic regression

2841

01:57:00,489 --> 01:56:58,999

to draw out the alien abduction part of

2842

01:57:01,929 --> 01:57:00,499

it so there's there's some very

2843

01:57:04,719 --> 01:57:01,939

interesting stuff in the project

2844

01:57:08,139 --> 01:57:04,729

Bluebook file but you have to read the

2845

01:57:10,569 --> 01:57:08,149

damn cases you can't just look at the

2846

01:57:11,830 --> 01:57:10,579

interesting the the parts that you find

2847

01:57:13,330 --> 01:57:11,840

interesting and let everything else

2848

01:57:15,759 --> 01:57:13,340

going you've got to go through the the

2849

01:57:18,219 --> 01:57:15,769

Case Files completely to see what what

2850

01:57:20,620 --> 01:57:18,229

maybe you have to go beyond the

2851  
01:57:22,179 --> 01:57:20,630  
summaries absolutely and most of the a

2852  
01:57:24,189 --> 01:57:22,189  
lot of those cases I'm not sure how much

2853  
01:57:26,229 --> 01:57:24,199  
of them are available but most of them I

2854  
01:57:27,939 --> 01:57:26,239  
think are now available online you can

2855  
01:57:30,759 --> 01:57:27,949  
actually read take a look at the files

2856  
01:57:32,139 --> 01:57:30,769  
and I can go into my into my library and

2857  
01:57:34,870 --> 01:57:32,149  
read them on microfilm because I have

2858  
01:57:36,850 --> 01:57:34,880  
run on microfilm yeah it's one of those

2859  
01:57:39,909 --> 01:57:36,860  
things again the book is called crash

2860  
01:57:41,799 --> 01:57:39,919  
when UFOs fall from the sky a history of

2861  
01:57:42,339 --> 01:57:41,809  
famous incidents conspiracies and

2862  
01:57:44,889 --> 01:57:42,349  
cover-ups

2863  
01:57:46,929 --> 01:57:44,899

Kevin D Randle where do we find more of

2864

01:57:50,529 --> 01:57:46,939

the stuff that you write about you could

2865

01:57:53,409 --> 01:57:50,539

look at wwq and Randle blog spot.com

2866

01:57:56,020 --> 01:57:53,419

which is my blog and if you didn't know

2867

01:57:57,659 --> 01:57:56,030

how to spell Randle which is REM VLA you

2868

01:58:00,310 --> 01:57:57,669

could type in a different perspective

2869

01:58:02,109 --> 01:58:00,320

UFO and that should bring it up on your

2870

01:58:03,879 --> 01:58:02,119

on your search engine right away and

2871

01:58:05,560 --> 01:58:03,889

just click on that and see where we are

2872

01:58:07,959 --> 01:58:05,570

we've got a I'm running a poll right now

2873

01:58:09,669 --> 01:58:07,969

on coincidentally on who believes in the

2874

01:58:11,620 --> 01:58:09,679

alien autopsy film and I can't believe

2875

01:58:13,449 --> 01:58:11,630

two people so far vastly said they

2876

01:58:14,890 --> 01:58:13,459

thought the whole thing is real

2877

01:58:16,839 --> 01:58:14,900

yeah were the ones who made it all up

2878

01:58:19,750 --> 01:58:16,849

Krista Brian where'd we find more of
