that's audible podcast.com slash power

11
00:01:01,400 --> 00:00:58,530

cast and now on with the show let's go

12
00:01:04,010 --> 00:01:01,410

back in time back to the 1960s which is

13
00:01:07,280 --> 00:01:04,020

probably before most of my guests today

14

00:01:08,810 --> 00:01:07,290

were born I think or maybe they were

15

00:01:10,870 --> 00:01:08,820

here and they didn't tell us they were

16

00:01:14,180 --> 00:01:10,880

located and this was an all-night

17

00:01:15,830 --> 00:01:14,190

talketh on now teenagers in those days

18

00:01:16,880 --> 00:01:15,840

would do what teenagers do today you

19

00:01:19,760 --> 00:01:16,890

know they get blasted

20

00:01:22,340 --> 00:01:19,770

except Alan greenfield and I talked

21

00:01:24,859 --> 00:01:22,350

about flying saucers and we decided

22

00:01:26,389 --> 00:01:24,869

maybe you can do anything or believe

23

00:01:27,859 --> 00:01:26,399

anything at 3 or 4 o'clock in the

24

00:01:30,260 --> 00:01:27,869

morning after you've been talking for

25

00:01:33,080 --> 00:01:30,270

about 16 hours straight and we decided

26

00:01:35,420 --> 00:01:33,090

that we believed that UFOs couldn't

27

00:01:37,789 --> 00:01:35,430

possibly come from outer space why

28

00:01:39,320 --> 00:01:37,799

because they're never seen so much in

29

00:01:41,480 --> 00:01:39,330

space and I'm the earth they're seeing

30

00:01:44,719 --> 00:01:41,490

the sky they land they're seen over

31

00:01:47,749 --> 00:01:44,729

oceans so Greenfield had this book in

32

00:01:49,429 --> 00:01:47,759

hand the incomplete and Chandra and this

33

00:01:51,830 --> 00:01:49,439

was a book by L Sprague de Kamp and

34

00:01:54,770 --> 00:01:51,840

Fletcher Pratt a fantasy book where

35

00:01:57,200 --> 00:01:54,780

somebody goes into an alternate universe

36

00:01:59,690 --> 00:01:57,210

where different laws of physics apply I

37

00:02:01,429 --> 00:01:59,700

would say well a few FOS we're from an

38

00:02:03,219 --> 00:02:01,439

alternate universe but they actually

39

00:02:06,350 --> 00:02:03,229

going to look at that as a possibility

40

00:02:08,780 --> 00:02:06,360

what if they were from the earth right

41

00:02:10,639 --> 00:02:08,790

here mother earth they weren't from

42

00:02:13,520 --> 00:02:10,649

outer space then you think about people

43

00:02:16,250 --> 00:02:13,530

like Richard shaver who said that the

44

00:02:19,190 --> 00:02:16,260

DeRose at eros creatures living below

45

00:02:23,120 --> 00:02:19,200

the surface of the earth in caverns were

46

00:02:26,509 --> 00:02:23,130

responsible for UFOs and they use tell

47

00:02:28,130 --> 00:02:26,519

Ras to generate hallucinations to give

48

00:02:29,750 --> 00:02:28,140

us false images of what's going on you

49

00:02:31,520 --> 00:02:29,760

think what time for loosen agents can

50

00:02:34,310 --> 00:02:31,530

they do well if you go to Star Trek and

51
00:02:36,890 --> 00:02:34,320
you watch Star Trek generations and next

52
00:02:38,750 --> 00:02:36,900
generation all the series after the

53
00:02:40,940 --> 00:02:38,760
original they had a holodeck where you

54
00:02:43,860 --> 00:02:40,950
go in there it's a virtual reality world

55
00:02:45,479 --> 00:02:43,870
you can see you can touch you can feel

56
00:02:47,220 --> 00:02:45,489
and the other thing is the things you

57
00:02:48,539 --> 00:02:47,230
see would be perfectly real they click

58
00:02:50,339 --> 00:02:48,549
and kill you because there was a

59
00:02:52,500 --> 00:02:50,349
built-in block in the computer but then

60
00:02:55,289 --> 00:02:52,510
sometimes in some episodes that built-in

61
00:02:56,640 --> 00:02:55,299
block was gone and that takes us to the

62
00:02:58,920 --> 00:02:56,650
book that's going to be the discussion

63
00:03:01,470 --> 00:02:58,930

point here today it's called the crypto

64

00:03:03,210 --> 00:03:01,480

terrestrials by Mac til knees and for

65

00:03:06,960 --> 00:03:03,220

those of you who don't remember max

66

00:03:08,970 --> 00:03:06,970

appearances on the para cast and the

67

00:03:12,539 --> 00:03:08,980

celebration of his life because he died

68

00:03:14,729 --> 00:03:12,549

at the tender age of 34 last year I

69

00:03:18,000 --> 00:03:14,739

think we should have Paul tell us more

70

00:03:21,300 --> 00:03:18,010

about who Mac Tonys was and how he

71

00:03:23,699 --> 00:03:21,310

became interested in what he called the

72

00:03:26,970 --> 00:03:23,709

crypto to rescue us Paul well Mac was a

73

00:03:30,390 --> 00:03:26,980

writer and thinker frankly from Kansas

74

00:03:32,520 --> 00:03:30,400

City Missouri and he had written on a

75

00:03:35,190 --> 00:03:32,530

number of subjects paranormal and

76

00:03:36,839 --> 00:03:35,200

science fiction fiction subjects for for

77

00:03:39,720 --> 00:03:36,849

a number of years

78

00:03:41,699 --> 00:03:39,730

UFOs being one of them certainly he was

79

00:03:44,940 --> 00:03:41,709

had a long-standing interest in the UFO

80

00:03:47,819 --> 00:03:44,950

phenomenon and as he read a lot about

81

00:03:49,979 --> 00:03:47,829

UFOs as he immersed himself in the UFO

82

00:03:52,319 --> 00:03:49,989

subculture and the sort of evidence the

83

00:03:54,210 --> 00:03:52,329

studies the writings he became more and

84

00:03:57,150 --> 00:03:54,220

more disenchanted with the

85

00:03:59,129 --> 00:03:57,160

extra-terrestrial hypothesis not that he

86

00:04:01,470 --> 00:03:59,139

ruled it out and we can talk about that

87

00:04:03,360 --> 00:04:01,480

within the crypto terrestrials he makes

88

00:04:05,610 --> 00:04:03,370

it very clear that he still thinks it's

89

00:04:07,319 --> 00:04:05,620

a perfectly valid hypothesis but he

90

00:04:09,930 --> 00:04:07,329

started looking around and saying look

91

00:04:11,819 --> 00:04:09,940

are there other possibilities as to what

92

00:04:14,339 --> 00:04:11,829

the UFO phenomenon and assuming a

93

00:04:18,750 --> 00:04:14,349

nonhuman explanation what it might

94

00:04:21,060 --> 00:04:18,760

represent and he sort of hit upon this

95

00:04:24,510 --> 00:04:21,070

idea the crypto treasures back in about

96

00:04:26,430 --> 00:04:24,520

2006 combination I think the first post

97

00:04:28,740 --> 00:04:26,440

on his blog posts human blues that he

98

00:04:31,350 --> 00:04:28,750

ever made about that used the term

99

00:04:34,560 --> 00:04:31,360

crypto terrestrials was was in April of

100

00:04:36,990 --> 00:04:34,570

2006 which was just a month before he

101
00:04:40,140 --> 00:04:37,000
and I traveled out to I first met him in

102
00:04:41,700 --> 00:04:40,150
person interviewed him in Kansas City

103
00:04:43,500 --> 00:04:41,710
and he and I traveled out to Los Angeles

104
00:04:45,750 --> 00:04:43,510
we were doing some filming for best

105
00:04:47,730 --> 00:04:45,760
evidence the film I did on UFOs we

106
00:04:49,350 --> 00:04:47,740
actually stayed with Greg Bishop we did

107
00:04:52,610 --> 00:04:49,360
an episode of Greg's show radio

108
00:04:54,530 --> 00:04:52,620
mysterioso a legendary episode I think

109
00:04:56,930 --> 00:04:54,540
that 12th people listen to but many more

110
00:04:58,700 --> 00:04:56,940
have downloaded since in the the actual

111
00:05:00,439 --> 00:04:58,710
recording studio or the radio station

112
00:05:02,120 --> 00:05:00,449
rather where Greg does a show in LA and

113
00:05:03,800 --> 00:05:02,130

that was sort of the first time I think

114

00:05:05,990 --> 00:05:03,810

that Matt could ever publicly talked

115

00:05:08,510 --> 00:05:06,000

about the crypto terrestrial hypothesis

116

00:05:09,830 --> 00:05:08,520

that he was working on and he had

117

00:05:11,420 --> 00:05:09,840

written about it for maybe a month

118

00:05:12,740 --> 00:05:11,430

beforehand but it didn't it had been

119

00:05:16,610 --> 00:05:12,750

something that had been brewing in his

120

00:05:18,439 --> 00:05:16,620

mind trying to combine John keels ultra

121

00:05:21,170 --> 00:05:18,449

terrestrials with some of valets

122

00:05:22,760 --> 00:05:21,180

thinking with frankly you know some of

123

00:05:25,189 --> 00:05:22,770

some of the stuff you were talking about

124

00:05:26,990 --> 00:05:25,199

shavers won't call it Hollow Earth but

125

00:05:29,120 --> 00:05:27,000

you know themes sort of the idea that

126
00:05:30,560 --> 00:05:29,130
there was an indigenous humanoid if he

127
00:05:33,140 --> 00:05:30,570
will living amongst us that might be

128
00:05:35,240 --> 00:05:33,150
responsible for this and so that's kind

129
00:05:37,820 --> 00:05:35,250
of he started off originally with crypto

130
00:05:39,560 --> 00:05:37,830
hominid which was the term that he first

131
00:05:41,689 --> 00:05:39,570
came up with and then he decided that

132
00:05:44,510 --> 00:05:41,699
sounded a bit too much like Bigfoot so

133
00:05:47,689 --> 00:05:44,520
he went for crypto he went for crypto

134
00:05:49,640 --> 00:05:47,699
crypto terrestrial any rights I'm

135
00:05:51,170 --> 00:05:49,650
actually looking at this blog now the

136
00:05:55,010 --> 00:05:51,180
post day you can look at it folks

137
00:05:57,500 --> 00:05:55,020
posthuman blues blog spot.com and if you

138
00:05:59,690 --> 00:05:57,510

go to April 16th you'll see that he

139

00:06:01,730 --> 00:05:59,700

writes I've been using the term ultra

140

00:06:04,370 --> 00:06:01,740

terrestrial to denote secretive

141

00:06:07,100 --> 00:06:04,380

humanoids living in our midst he notes

142

00:06:08,719 --> 00:06:07,110

that it's a term that qu'il coined and

143

00:06:11,420 --> 00:06:08,729

he says while I'm intrigued by the

144

00:06:12,980 --> 00:06:11,430

implications of parallel worlds where

145

00:06:14,320 --> 00:06:12,990

the Keele super spectrum was something

146

00:06:17,240 --> 00:06:14,330

more in keeping with contemporary

147

00:06:19,490 --> 00:06:17,250

cosmological thought my meaning maddox

148

00:06:21,260 --> 00:06:19,500

ultra terrestrials for local while they

149

00:06:24,230 --> 00:06:21,270

might possess paranormal abilities they

150

00:06:26,330 --> 00:06:24,240

live right here on our earth so as he

151

00:06:28,159 --> 00:06:26,340

writes so I'm respectfully disposing of

152

00:06:30,290 --> 00:06:28,169

the ultra label and replacing it with

153

00:06:32,240 --> 00:06:30,300

crypto terrestrial which carries less

154

00:06:33,950 --> 00:06:32,250

Cillian baggage and that's pretty much

155

00:06:36,950 --> 00:06:33,960

where he started and over the last four

156

00:06:38,659 --> 00:06:36,960

years he's been trying to he was before

157

00:06:41,300 --> 00:06:38,669

his death really tried to finish this

158

00:06:42,620 --> 00:06:41,310

book and and now it's out I don't know

159

00:06:44,779 --> 00:06:42,630

is that the is that a good explanation

160

00:06:45,950 --> 00:06:44,789

that's basically that's it well I'll

161

00:06:48,050 --> 00:06:45,960

tell you what we have two other guests

162

00:06:50,540 --> 00:06:48,060

who can maybe amplifier we have Greg

163

00:06:52,969 --> 00:06:50,550

Bishop the Nicholas Redfern Greg it's up

164

00:06:56,210 --> 00:06:52,979

to you where he came up with this I

165

00:06:58,580 --> 00:06:56,220

first heard about it obviously when he

166

00:06:59,610 --> 00:06:58,590

and Paul were out here doing the show

167

00:07:01,320 --> 00:06:59,620

which

168

00:07:02,879 --> 00:07:01,330

yeah and Paul's right it's been

169

00:07:05,100 --> 00:07:02,889

downloaded quite a few times and I think

170

00:07:05,969 --> 00:07:05,110

when the books out now more people will

171

00:07:08,580 --> 00:07:05,979

search it out

172

00:07:11,999 --> 00:07:08,590

and find it to find out what he was

173

00:07:14,010 --> 00:07:12,009

thinking about where his process had

174

00:07:15,809 --> 00:07:14,020

evolved from that point up to when he

175

00:07:19,679 --> 00:07:15,819

finished or virtually finished the book

176
00:07:21,719 --> 00:07:19,689
in October of last year he and I talked

177
00:07:25,589 --> 00:07:21,729
about it I'm sure you know Nick and Paul

178
00:07:27,420 --> 00:07:25,599
too a lot of people that knew him talked

179
00:07:29,909 --> 00:07:27,430
about these long phone conversations

180
00:07:31,290 --> 00:07:29,919
that they had with him and he and I did

181
00:07:34,230 --> 00:07:31,300
the same thing you know we talked for

182
00:07:35,610 --> 00:07:34,240
two or three or four hours and you know

183
00:07:37,559 --> 00:07:35,620
administer talking about a whole bunch

184
00:07:39,329 --> 00:07:37,569
of other things we did talk about some

185
00:07:41,879 --> 00:07:39,339
of the stuff he was putting in the book

186
00:07:44,159 --> 00:07:41,889
and those ideas and mold them over and

187
00:07:45,659 --> 00:07:44,169
we both got each other thinking about

188
00:07:47,309 --> 00:07:45,669

different things and you know all of a

189

00:07:49,709 --> 00:07:47,319

sudden after I talked to might see a

190

00:07:50,790 --> 00:07:49,719

post them on post him and blues about

191

00:07:54,540 --> 00:07:50,800

what we talked about the night before

192

00:07:56,369 --> 00:07:54,550

and a lot of those elements I saw ended

193

00:07:58,379 --> 00:07:56,379

up in the book because it was stuff that

194

00:08:00,689 --> 00:07:58,389

was rolling around in his mind anyway

195

00:08:02,279 --> 00:08:00,699

and I think in the process of talking to

196

00:08:02,730 --> 00:08:02,289

people who know what you're talking

197

00:08:04,740 --> 00:08:02,740

about

198

00:08:08,249 --> 00:08:04,750

a lot of these ideas can crystallize and

199

00:08:09,600 --> 00:08:08,259

become more amenable to something you

200

00:08:11,850 --> 00:08:09,610

want to put in a book and present to the

201
00:08:14,579 --> 00:08:11,860
public which is what he did how about

202
00:08:16,290 --> 00:08:14,589
Nick Redfern for more well yeah my

203
00:08:18,659 --> 00:08:16,300
approach that kind of pretty much

204
00:08:20,909 --> 00:08:18,669
identical to to Paul and Greg's I mean I

205
00:08:23,610 --> 00:08:20,919
do have a few you know interesting

206
00:08:26,760 --> 00:08:23,620
recollections and when max first told me

207
00:08:29,550 --> 00:08:26,770
about his hypothesis you know the idea

208
00:08:31,350 --> 00:08:29,560
of the crypto terrestrials and one of

209
00:08:33,600 --> 00:08:31,360
the things that kind of struck me when

210
00:08:36,569 --> 00:08:33,610
he told me was that he was fascinated by

211
00:08:39,719 --> 00:08:36,579
the idea that Roswell could be explained

212
00:08:41,699 --> 00:08:39,729
in a crypto terrestrial context and I

213
00:08:43,350 --> 00:08:41,709

remember one of my greg said about

214

00:08:45,269 --> 00:08:43,360

having these late-night conversations I

215

00:08:47,550 --> 00:08:45,279

distinctly remember one of the things

216

00:08:50,130 --> 00:08:47,560

Mac told me this probably would have

217

00:08:51,420 --> 00:08:50,140

been probably 2008 something like that

218

00:08:53,790 --> 00:08:51,430

I've truthfully forgetting there was

219

00:08:56,009 --> 00:08:53,800

thrown away at that time where he felt

220

00:08:58,139 --> 00:08:56,019

that you know if you regardless what you

221

00:09:00,780 --> 00:08:58,149

think happened at Roswell or Giddens Mac

222

00:09:04,110 --> 00:09:00,790

kind of view the recovery of this weird

223

00:09:06,350 --> 00:09:04,120

memory metal but in the same context the

224

00:09:08,610 --> 00:09:06,360

craft or object didn't seem that

225

00:09:09,700 --> 00:09:08,620

detailed if you like you know just a

226
00:09:11,980 --> 00:09:09,710
large

227
00:09:13,480 --> 00:09:11,990
of weird materials that according to

228
00:09:16,270 --> 00:09:13,490
some witnesses exhibited extraordinary

229
00:09:18,490 --> 00:09:16,280
properties but there was no power plants

230
00:09:21,550 --> 00:09:18,500
you know there was no siege chairs

231
00:09:22,720 --> 00:09:21,560
engine etc etc and I remember speaking

232
00:09:25,150 --> 00:09:22,730
with Mack and he said well you know

233
00:09:26,740 --> 00:09:25,160
maybe this could have been really a

234
00:09:29,320 --> 00:09:26,750
secret spy balloon like the Air Force

235
00:09:31,780 --> 00:09:29,330
claimed but not one of ours and he kind

236
00:09:33,520 --> 00:09:31,790
of hypothesized that you know what if it

237
00:09:35,440 --> 00:09:33,530
really was a balloon but a truly

238
00:09:37,510 --> 00:09:35,450

advanced one but built by someone else

239

00:09:39,010 --> 00:09:37,520

and the Air Force ironically may have

240

00:09:40,720 --> 00:09:39,020

thought it was one of theirs until they

241

00:09:43,300 --> 00:09:40,730

stumbled across you know the crew

242

00:09:45,580 --> 00:09:43,310

members I guess and when Mack told me

243

00:09:47,710 --> 00:09:45,590

that I explained to him that well a

244

00:09:49,660 --> 00:09:47,720

couple years earlier late magazine had

245

00:09:52,570 --> 00:09:49,670

actually published an article written by

246

00:09:54,820 --> 00:09:52,580

Walter Bosley under the pseudonym of a a

247

00:09:56,770 --> 00:09:54,830

guest which actually talked about how

248

00:10:00,310 --> 00:09:56,780

Bosley who was in Air Force intelligence

249

00:10:02,530 --> 00:10:00,320

and the FBI his dad had told him that he

250

00:10:04,000 --> 00:10:02,540

would be briefed on Roswell until had

251
00:10:06,550 --> 00:10:04,010
been told it was some sort of

252
00:10:09,340 --> 00:10:06,560
terrestrial craft but not our

253
00:10:11,380 --> 00:10:09,350
terrestrial craft if you like so here we

254
00:10:12,820 --> 00:10:11,390
had a lot of these conversations and was

255
00:10:14,920 --> 00:10:12,830
actually talk to somebody about this the

256
00:10:17,800 --> 00:10:14,930
other day I do wonder if Mack had lived

257
00:10:19,420 --> 00:10:17,810
if his book may have been more extensive

258
00:10:21,520 --> 00:10:19,430
because actually sent him a copy of

259
00:10:23,260 --> 00:10:21,530
Walter's article which was very

260
00:10:25,210 --> 00:10:23,270
interesting and I do sometimes wonder if

261
00:10:26,830 --> 00:10:25,220
he might have failed the book out with

262
00:10:29,050 --> 00:10:26,840
some of them to some of the supportive

263
00:10:30,280 --> 00:10:29,060

testimony not just his own hypothesis

264

00:10:32,440 --> 00:10:30,290

well that's one thing too we should

265

00:10:35,290 --> 00:10:32,450

mention the book is something like 120

266

00:10:37,510 --> 00:10:35,300

pages plus an about message at the end

267

00:10:39,010 --> 00:10:37,520

about the author so I kind of feel in

268

00:10:41,710 --> 00:10:39,020

reading it that this is the summary

269

00:10:43,630 --> 00:10:41,720

where he summarizes all the evidence but

270

00:10:46,450 --> 00:10:43,640

maybe and he'd been around he would have

271

00:10:48,730 --> 00:10:46,460

gone back and actually fleshed out more

272

00:10:51,970 --> 00:10:48,740

case histories and more supporting data

273

00:10:54,130 --> 00:10:51,980

well the editor wanted him to do that

274

00:10:56,290 --> 00:10:54,140

Patrick is told me that he said I wish

275

00:10:59,380 --> 00:10:56,300

he'd been around because I when I got it

276

00:11:00,760 --> 00:10:59,390

I was surprised how short it was and I

277

00:11:02,800 --> 00:11:00,770

wanted him to flush out some of these

278

00:11:04,690 --> 00:11:02,810

things but unfortunately he couldn't do

279

00:11:06,460 --> 00:11:04,700

that Patrick actually took I think two

280

00:11:09,190 --> 00:11:06,470

or three months getting into a format

281

00:11:11,800 --> 00:11:09,200

that was that he thought was presentable

282

00:11:14,080 --> 00:11:11,810

so this was you know he had pretty much

283

00:11:15,759 --> 00:11:14,090

finished writing it but it hadn't hadn't

284

00:11:17,829 --> 00:11:15,769

gone through the you know back and forth

285

00:11:20,139 --> 00:11:17,839

the editor process yeah part of the

286

00:11:23,829 --> 00:11:20,149

problem with Mac is a very bright

287

00:11:25,720 --> 00:11:23,839

thinker and a very smart guy and it's

288

00:11:27,549 --> 00:11:25,730

not that he was lazy he wasn't lazy at

289

00:11:29,710 --> 00:11:27,559

all his problem was focus

290

00:11:32,379 --> 00:11:29,720

he had trouble sort of I remember when

291

00:11:34,090 --> 00:11:32,389

he sort of first got the deal and was

292

00:11:37,960 --> 00:11:34,100

talking to his agent we were out in LA

293

00:11:40,269 --> 00:11:37,970

it was 2006 and so four years in to

294

00:11:42,030 --> 00:11:40,279

finish a book that was only finished

295

00:11:44,619 --> 00:11:42,040

because he passed away unfortunately

296

00:11:47,429 --> 00:11:44,629

that's really his contribution to that

297

00:11:49,809 --> 00:11:47,439

book is only 100 pages Nick and Greg

298

00:11:52,840 --> 00:11:49,819

they're forward and afterwards sort of

299

00:11:55,720 --> 00:11:52,850

fill out the other 20 pages and so he

300

00:11:57,309 --> 00:11:55,730

had trouble sort of focusing in and he

301
00:11:59,289 --> 00:11:57,319
was an ideas guy and they were all

302
00:12:00,939 --> 00:11:59,299
running around his head and I guess the

303
00:12:03,400 --> 00:12:00,949
best way to explain the crypto

304
00:12:06,269 --> 00:12:03,410
terrestrial hypothesis is as a thought

305
00:12:09,759 --> 00:12:06,279
experiment that morphed its way into a

306
00:12:12,009 --> 00:12:09,769
hypothesis or a book but I think there's

307
00:12:13,629 --> 00:12:12,019
no question that if he had if he was

308
00:12:15,669 --> 00:12:13,639
still alive today two things would have

309
00:12:17,470 --> 00:12:15,679
happened one he'd still be writing the

310
00:12:19,539 --> 00:12:17,480
book and he probably would for another

311
00:12:22,119 --> 00:12:19,549
year or two or three and two yes he

312
00:12:24,850 --> 00:12:22,129
would have moved on and discussed more

313
00:12:27,910 --> 00:12:24,860

cases and when I was in Kansas City in

314

00:12:29,829 --> 00:12:27,920

2006 I was talking to him about UFOs in

315

00:12:31,210 --> 00:12:29,839

particular for the film but I took the

316

00:12:33,160 --> 00:12:31,220

opportunity to just ask him a few

317

00:12:35,559 --> 00:12:33,170

questions about did he think that

318

00:12:37,869 --> 00:12:35,569

certain specific UFO cases might have a

319

00:12:40,030 --> 00:12:37,879

crypto terrestrial bent and one of them

320

00:12:42,609 --> 00:12:40,040

was Rendlesham and there's a video up on

321

00:12:45,220 --> 00:12:42,619

Google video if you go to the para cast

322

00:12:46,749 --> 00:12:45,230

forms I think it's there I put these up

323

00:12:48,309 --> 00:12:46,759

in my review that I did this book in my

324

00:12:50,819 --> 00:12:48,319

own blog and I'm pretty sure they're at

325

00:12:53,919 --> 00:12:50,829

the para cast forums - and he describes

326

00:12:57,100 --> 00:12:53,929

briefly how he thinks that a case like

327

00:12:59,259 --> 00:12:57,110

Rendlesham is a perfect example of sort

328

00:13:03,280 --> 00:12:59,269

of the crypto arrest reel hypothesis at

329

00:13:05,590 --> 00:13:03,290

work where an indigenous species that

330

00:13:07,600 --> 00:13:05,600

shares the planet like us and he would

331

00:13:10,090 --> 00:13:07,610

often point to nuclear bases in cases

332

00:13:11,470 --> 00:13:10,100

around nuclear bases so he would look at

333

00:13:13,659 --> 00:13:11,480

the Rendlesham case in all of these

334

00:13:15,309 --> 00:13:13,669

nuclear cases and he would say does it

335

00:13:17,409 --> 00:13:15,319

make any sense that aliens from another

336

00:13:19,059 --> 00:13:17,419

planet far far away light-years away

337

00:13:21,280 --> 00:13:19,069

would be terribly concerned about

338

00:13:23,739 --> 00:13:21,290

whether or not we want you know blew our

339

00:13:25,449 --> 00:13:23,749

planet up frankly and unless you believe

340

00:13:27,309 --> 00:13:25,459

some of the more out there theories that

341

00:13:28,990 --> 00:13:27,319

somehow the earth is the the central

342

00:13:30,850 --> 00:13:29,000

crux of the galactic

343

00:13:34,000 --> 00:13:30,860

based on continuum and if we blow up

344

00:13:35,650 --> 00:13:34,010

Tokyo it's going to destroy the universe

345

00:13:37,480 --> 00:13:35,660

unless you believe that there's there's

346

00:13:39,430 --> 00:13:37,490

really no reason why aliens would be

347

00:13:41,170 --> 00:13:39,440

terribly concerned I think about nuclear

348

00:13:43,450 --> 00:13:41,180

bases and that's one of the things that

349

00:13:45,550 --> 00:13:43,460

he found troubling I think the nuclear

350

00:13:47,920 --> 00:13:45,560

thing is one of the things that really

351

00:13:50,320 --> 00:13:47,930

sort of got him thinking well does the

352

00:13:52,720 --> 00:13:50,330

extra-terrestrial hypothesis make sense

353

00:13:54,850 --> 00:13:52,730

and he had he makes it clear in his book

354

00:13:56,440 --> 00:13:54,860

he had originally been if I remember

355

00:13:58,240 --> 00:13:56,450

from when I first met him the idea of

356

00:14:00,160 --> 00:13:58,250

artificial intelligence that we were

357

00:14:03,370 --> 00:14:00,170

dealing with aliens from another world

358

00:14:04,690 --> 00:14:03,380

but they were cybernetic AI and he said

359

00:14:06,670 --> 00:14:04,700

that doesn't even make sense

360

00:14:09,460 --> 00:14:06,680

what would make sense and what did make

361

00:14:12,040 --> 00:14:09,470

sense too was if you were sharing the

362

00:14:13,540 --> 00:14:12,050

planet with us you would have a vested

363

00:14:15,970 --> 00:14:13,550

interest in making sure that these

364

00:14:18,670 --> 00:14:15,980

people who have nuclear weapons

365

00:14:20,350 --> 00:14:18,680

don't blow themselves up but also take

366

00:14:22,330 --> 00:14:20,360

you out with them and I think it was

367

00:14:24,940 --> 00:14:22,340

that which is why he talked about the

368

00:14:26,620 --> 00:14:24,950

Rendlesham case in particular I think it

369

00:14:28,270 --> 00:14:26,630

was that that sort of was a turning

370

00:14:30,940 --> 00:14:28,280

point form in thinking oh wait maybe

371

00:14:33,160 --> 00:14:30,950

aliens from out there don't make sense

372

00:14:35,620 --> 00:14:33,170

maybe what makes more sense our aliens

373

00:14:37,390 --> 00:14:35,630

from here who have a vested interest in

374

00:14:41,420 --> 00:14:37,400

making sure that this planet is not

416

00:16:53,760 --> 00:16:50,970

next we're talking with co-host Paul

417

00:16:55,620 --> 00:16:53,770

Kimble Nicholas Redfern Greg Bishop the

418

00:16:57,630 --> 00:16:55,630

topic on the table is the crypto

419

00:16:59,430 --> 00:16:57,640

terrestrials from the lake mac tony's

420

00:17:02,070 --> 00:16:59,440

we've all read the book a fascinating

421

00:17:03,600 --> 00:17:02,080

book fascinating thoughts one of the

422

00:17:06,030 --> 00:17:03,610

things he was mentioning in the book as

423

00:17:09,330 --> 00:17:06,040

I recall is the suggestion that some of

424

00:17:11,250 --> 00:17:09,340

the images we see of UFOs even possibly

425

00:17:12,900 --> 00:17:11,260

some of these abductions there really

426
00:17:13,830 --> 00:17:12,910
and go back to what I was saying at the

427
00:17:17,670 --> 00:17:13,840
beginning of the show

428
00:17:19,650 --> 00:17:17,680
they're staged they might be holographic

429
00:17:21,810 --> 00:17:19,660
images projections things like that guys

430
00:17:23,610 --> 00:17:21,820
what do you think its next turn honey

431
00:17:25,620 --> 00:17:23,620
you're on the line for this one's to

432
00:17:27,780 --> 00:17:25,630
take it okay yeah I would agree with

433
00:17:30,180 --> 00:17:27,790
that I mean regardless of what the

434
00:17:33,390 --> 00:17:30,190
origin is or the origins are of the

435
00:17:36,270 --> 00:17:33,400
overall UFO mystery you know there are

436
00:17:38,430 --> 00:17:36,280
in my mind at least a number of or a

437
00:17:40,950 --> 00:17:38,440
large number of cases that do seem to be

438
00:17:42,840 --> 00:17:40,960

staged you know this whole scenario of

439

00:17:44,970 --> 00:17:42,850

people driving down the road happening

440

00:17:47,040 --> 00:17:44,980

to see the aliens take enclosed soil

441

00:17:49,020 --> 00:17:47,050

samples you know lots of reports like

442

00:17:50,520 --> 00:17:49,030

that from the fifties it's like you know

443

00:17:52,320 --> 00:17:50,530

Jesus couldn't they find couldn't they

444

00:17:54,630 --> 00:17:52,330

do it in secret where no one's gonna see

445

00:17:56,280 --> 00:17:54,640

him but you know it was like they they

446

00:17:58,290 --> 00:17:56,290

specifically went out of the way to be

447

00:18:00,660 --> 00:17:58,300

seen because I think it kind of

448

00:18:02,370 --> 00:18:00,670

reinforced the idea of alien scientists

449

00:18:04,320 --> 00:18:02,380

coming to earth now that doesn't

450

00:18:06,720 --> 00:18:04,330

necessarily mean the crypto terrestrial

451
00:18:08,159 --> 00:18:06,730
theory is wrong all right but to me what

452
00:18:10,019 --> 00:18:08,169
it does suggest

453
00:18:13,889 --> 00:18:10,029
some sort of intelligence was trying to

454
00:18:17,489 --> 00:18:13,899
reinforce this idea of alien scientists

455
00:18:19,619 --> 00:18:17,499
taking soil samples you know and the

456
00:18:22,289 --> 00:18:19,629
Rendlesham case for example is another

457
00:18:24,450 --> 00:18:22,299
perfect example where some of the guys

458
00:18:26,639 --> 00:18:24,460
who were at the base actually spoke

459
00:18:28,979 --> 00:18:26,649
about how some of these senior sources

460
00:18:31,529 --> 00:18:28,989
when these incidents happen weren't

461
00:18:34,049 --> 00:18:31,539
focusing their attention on the UFOs

462
00:18:36,269 --> 00:18:34,059
they're actually looking at the lower

463
00:18:38,639 --> 00:18:36,279

ranking guys to see what their reaction

464

00:18:40,080 --> 00:18:38,649

to the incidents were almost as if they

465

00:18:41,759 --> 00:18:40,090

really knew what it was and they were

466

00:18:43,830 --> 00:18:41,769

trying to gauge what everybody else

467

00:18:46,669 --> 00:18:43,840

thought of it so you know and I think

468

00:18:47,899 --> 00:18:46,679

you know you could have a whole show on

469

00:18:51,389 --> 00:18:47,909

stage-managed

470

00:18:53,489 --> 00:18:51,399

UFO incidents to where it does look like

471

00:18:56,549 --> 00:18:53,499

somebody's equivalent of a Hollywood

472

00:18:58,680 --> 00:18:56,559

movie being projected for a specific

473

00:19:01,470 --> 00:18:58,690

reason oh you know greg has a lot of

474

00:19:03,599 --> 00:19:01,480

theories on this as well but I mean when

475

00:19:06,299 --> 00:19:03,609

that happens time and again you have to

476

00:19:08,999 --> 00:19:06,309

wonder if you know it really is

477

00:19:10,919 --> 00:19:09,009

somebody's attempt to not just

478

00:19:13,739 --> 00:19:10,929

acclimatize us to the idea that aliens

479

00:19:15,899 --> 00:19:13,749

here but to actually hide another point

480

00:19:19,409 --> 00:19:15,909

of origin you know I understand the max

481

00:19:20,879 --> 00:19:19,419

hypothesis was just a hypothesis but on

482

00:19:22,950 --> 00:19:20,889

the other hand if you look at it in that

483

00:19:25,139 --> 00:19:22,960

context he actually doesn't make a lot

484

00:19:27,299 --> 00:19:25,149

of sense yeah he had a quote in his book

485

00:19:29,700 --> 00:19:27,309

that I think sums it up nicely and he

486

00:19:32,009 --> 00:19:29,710

wrote for too long we've called them

487

00:19:34,320 --> 00:19:32,019

quote aliens assuming that we represent

488

00:19:35,879 --> 00:19:34,330

our planets best and brightest maybe

489

00:19:38,669 --> 00:19:35,889

that's exactly what they want us to

490

00:19:40,470 --> 00:19:38,679

think so the idea that the you know

491

00:19:42,180 --> 00:19:40,480

we're the majority species there's six

492

00:19:45,090 --> 00:19:42,190

billion or whatever of us and there are

493

00:19:47,789 --> 00:19:45,100

M the past civilization very few of them

494

00:19:50,430 --> 00:19:47,799

left as he put it nomadic maybe their

495

00:19:52,229 --> 00:19:50,440

technology is more advanced than ours in

496

00:19:54,840 --> 00:19:52,239

certain ways but you know sometimes

497

00:19:57,989 --> 00:19:54,850

numbers count and so they would use

498

00:20:00,419 --> 00:19:57,999

these this idea of whether it's sort of

499

00:20:02,639 --> 00:20:00,429

holographs or whether it's using staged

500

00:20:04,080 --> 00:20:02,649

incidences nick was talking about to

501
00:20:07,820 --> 00:20:04,090
convince us that they're from other

502
00:20:09,899 --> 00:20:07,830
worlds to distract to deceive us and to

503
00:20:11,609 --> 00:20:09,909
make us think that they were from

504
00:20:15,239 --> 00:20:11,619
someplace else so that we wouldn't be

505
00:20:17,139 --> 00:20:15,249
looking for them here and I in one of my

506
00:20:19,779 --> 00:20:17,149
rare host moments here I'm

507
00:20:21,339 --> 00:20:19,789
ask Gregg and then Nick one of the

508
00:20:24,099 --> 00:20:21,349
things I put a thread up on the para

509
00:20:25,629 --> 00:20:24,109
cast discussion forms about questions

510
00:20:27,310 --> 00:20:25,639
that you might want us to talk about in

511
00:20:30,700 --> 00:20:27,320
this episode and one of the things that

512
00:20:32,889 --> 00:20:30,710
came up was the idea of underwater UFOs

513
00:20:35,829 --> 00:20:32,899

or us ois they're called I guess and

514

00:20:38,709 --> 00:20:35,839

the fact that our planet is over 70%

515

00:20:41,019 --> 00:20:38,719

water we seem to know more about our

516

00:20:42,759 --> 00:20:41,029

immediate outer space area around our

517

00:20:44,649 --> 00:20:42,769

planet our own solar system than we do

518

00:20:46,450 --> 00:20:44,659

about much of what's under the Earth's

519

00:20:49,570 --> 00:20:46,460

oceans what do you think of the idea

520

00:20:52,029 --> 00:20:49,580

great maybe and then Nick that these

521

00:20:53,709 --> 00:20:52,039

crypto terrestrials if you were people

522

00:20:55,209 --> 00:20:53,719

often think they live in caves or

523

00:20:56,529 --> 00:20:55,219

whatever but what about the fact that

524

00:20:58,570 --> 00:20:56,539

there are the possibility there might be

525

00:21:01,779 --> 00:20:58,580

an underwater civilization in the depths

526

00:21:03,639 --> 00:21:01,789

of the ocean that we are not able to

527

00:21:05,109 --> 00:21:03,649

detect or at least very few of us maybe

528

00:21:08,560 --> 00:21:05,119

the government can detect but the rest

529

00:21:10,570 --> 00:21:08,570

of us can tree idea there's a guy that

530

00:21:12,759 --> 00:21:10,580

freaked me out in the mid 90s who said

531

00:21:14,589 --> 00:21:12,769

he was from Naval Intelligence and this

532

00:21:16,299 --> 00:21:14,599

idea has been running around in UFO

533

00:21:17,829 --> 00:21:16,309

circles for a while that the Navy knows

534

00:21:19,959 --> 00:21:17,839

a little more about UFOs than the Air

535

00:21:21,820 --> 00:21:19,969

Force does and the reason nobody ever

536

00:21:24,639 --> 00:21:21,830

talks to them is because the Air Force

537

00:21:27,489 --> 00:21:24,649

is in charge of the air not in the

538

00:21:30,070 --> 00:21:27,499

oceans when the oceans cover 70% or more

539

00:21:32,769 --> 00:21:30,080

of the planet it would be a really easy

540

00:21:34,419 --> 00:21:32,779

place for someone to quote/unquote hide

541

00:21:36,579 --> 00:21:34,429

themselves especially from a

542

00:21:39,399 --> 00:21:36,589

civilization that's not really

543

00:21:42,099 --> 00:21:39,409

conversant with staying underwater for

544

00:21:45,519 --> 00:21:42,109

long periods of time or even had even

545

00:21:48,399 --> 00:21:45,529

mapped a lot of the underwater you know

546

00:21:50,919 --> 00:21:48,409

in detail underwater topography this guy

547

00:21:52,810 --> 00:21:50,929

from the Navy told us of the they had

548

00:21:54,759 --> 00:21:52,820

satellites which could see into all the

549

00:21:56,799 --> 00:21:54,769

oceans all the way to the bottom I don't

550

00:21:59,079 --> 00:21:56,809

know if that's true I haven't been able

551
00:22:00,579 --> 00:21:59,089
to check up on it but it would lend

552
00:22:03,430 --> 00:22:00,589
credence to the fact that there's some

553
00:22:05,109 --> 00:22:03,440
kind of naval connection Richard Tsao

554
00:22:08,560 --> 00:22:05,119
terrain is underground bases and tunnels

555
00:22:10,749 --> 00:22:08,570
book does actually talk about underwater

556
00:22:12,190 --> 00:22:10,759
facilities and how those had been

557
00:22:14,200 --> 00:22:12,200
planned and maybe some of them had even

558
00:22:17,379 --> 00:22:14,210
been built which would be even more hard

559
00:22:20,200 --> 00:22:17,389
to find and inaccessible buildings then

560
00:22:22,720 --> 00:22:20,210
the underground bases

561
00:22:24,489 --> 00:22:22,730
on land so yeah it's it's and there's a

562
00:22:28,289 --> 00:22:24,499
very very large body of literature

563
00:22:31,570 --> 00:22:28,299

dealing with UFOs coming out of it into

564

00:22:33,489 --> 00:22:31,580

the oceans and lakes etc well of course

565

00:22:36,100 --> 00:22:33,499

looking at things like this we have to

566

00:22:39,820 --> 00:22:36,110

say okay the logical question people

567

00:22:41,950 --> 00:22:39,830

might ask Greg Nick Paul is if they're

568

00:22:44,379 --> 00:22:41,960

here I mean we explore the earth all the

569

00:22:46,779 --> 00:22:44,389

time how do they keep hidden from us who

570

00:22:50,139 --> 00:22:46,789

wants to grab that one Nick yeah well my

571

00:22:53,440 --> 00:22:50,149

argument would be a mystery from an ET

572

00:22:55,869 --> 00:22:53,450

context unless they have a really

573

00:22:58,539 --> 00:22:55,879

advanced way of getting from point A to

574

00:22:59,769 --> 00:22:58,549

point B and fantastic times that don't

575

00:23:01,629 --> 00:22:59,779

involve too straightforward linear

576

00:23:04,119 --> 00:23:01,639

travel you know for this star systems

577

00:23:07,269 --> 00:23:04,129

are here then they would have to have

578

00:23:09,580 --> 00:23:07,279

some sort of outpost base in simplistic

579

00:23:11,799 --> 00:23:09,590

terms somewhere pretty close to the

580

00:23:14,590 --> 00:23:11,809

earth if not on its now if you know if

581

00:23:16,690 --> 00:23:14,600

you take that logical approach if there

582

00:23:18,999 --> 00:23:16,700

is an alien base on the earth here we

583

00:23:21,159 --> 00:23:19,009

haven't found that so why should it be

584

00:23:23,320 --> 00:23:21,169

so difficult for crypto terrestrials to

585

00:23:24,609 --> 00:23:23,330

hide themselves as well you know I think

586

00:23:26,470 --> 00:23:24,619

we have to look at it from the eighty

587

00:23:28,210 --> 00:23:26,480

context as well that that if they're

588

00:23:29,859 --> 00:23:28,220

here they have to have some sort of

589

00:23:32,080 --> 00:23:29,869

stage cost so I think that's an

590

00:23:34,930 --> 00:23:32,090

important point to make and I think also

591

00:23:37,299 --> 00:23:34,940

you know that there's this idea that if

592

00:23:39,159 --> 00:23:37,309

there's this advanced race of crypto to

593

00:23:40,840 --> 00:23:39,169

wrest riyals living amongst us you know

594

00:23:42,730 --> 00:23:40,850

it's like Paul said some of their

595

00:23:45,369 --> 00:23:42,740

technology may be more advanced but they

596

00:23:47,350 --> 00:23:45,379

could be quite impoverished what if they

597

00:23:50,019 --> 00:23:47,360

are the true irony is that yes they're

598

00:23:52,960 --> 00:23:50,029

far more advanced of us but they are

599

00:23:55,840 --> 00:23:52,970

living in you know kind of a poverty

600

00:23:57,340 --> 00:23:55,850

type scenario nomadic shuffling around a

601
00:23:59,619 --> 00:23:57,350
planet on planets under cover of

602
00:24:01,869 --> 00:23:59,629
darkness you know and just finding the

603
00:24:03,639 --> 00:24:01,879
best way to survive and hide out and and

604
00:24:06,070 --> 00:24:03,649
kind of trying to convince us they have

605
00:24:08,139 --> 00:24:06,080
an absolute armada of craft when you

606
00:24:10,859 --> 00:24:08,149
know they may be down to like their last

607
00:24:13,060 --> 00:24:10,869
equivalents of 16 or 17

608
00:24:15,340 --> 00:24:13,070
forty-five-year-old Volkswagens or

609
00:24:16,899 --> 00:24:15,350
whatever you know it could be something

610
00:24:18,460 --> 00:24:16,909
like that the reason we're not finding

611
00:24:22,480 --> 00:24:18,470
them is because they actually don't have

612
00:24:24,369 --> 00:24:22,490
a huge population and a huge resource of

613
00:24:26,440 --> 00:24:24,379

materials you know which would make it

614

00:24:28,060 --> 00:24:26,450

very easy for them to hide actually the

615

00:24:29,649 --> 00:24:28,070

interesting thing that Paco was pointed

616

00:24:31,030 --> 00:24:29,659

out to Matt the crypto terrestrial

617

00:24:33,730 --> 00:24:31,040

hypothesis

618

00:24:35,670 --> 00:24:33,740

it's testable you know you you can go

619

00:24:37,690 --> 00:24:35,680

out and you can look for signs of this

620

00:24:40,090 --> 00:24:37,700

or at least he thought you could

621

00:24:42,340 --> 00:24:40,100

probably more easily than you can look

622

00:24:45,400 --> 00:24:42,350

for signs of aliens from other worlds

623

00:24:47,950 --> 00:24:45,410

coming here so he viewed it as a

624

00:24:49,930 --> 00:24:47,960

testable hypothesis if you put some time

625

00:24:51,400 --> 00:24:49,940

and resources into it you could actually

626

00:24:53,800 --> 00:24:51,410

go out and see if you could draw links

627

00:24:55,690 --> 00:24:53,810

from certain things that might show yeah

628

00:24:58,240 --> 00:24:55,700

maybe there is something here we just

629

00:25:00,250 --> 00:24:58,250

haven't been looking for it certainly

630

00:25:03,010 --> 00:25:00,260

UFO researchers haven't been looking for

631

00:25:06,040 --> 00:25:03,020

it because as I remember soon as Mac

632

00:25:08,380 --> 00:25:06,050

brought this this idea out everybody in

633

00:25:09,940 --> 00:25:08,390

the eth camp which is why the first

634

00:25:12,610 --> 00:25:09,950

chapter in Mac's book is basically

635

00:25:15,910 --> 00:25:12,620

loading up a shotgun aiming it at the

636

00:25:17,830 --> 00:25:15,920

ETH camp with a new falta G and letting

637

00:25:19,690 --> 00:25:17,840

him have it with both barrels because

638

00:25:21,160 --> 00:25:19,700

they went after him partly because I

639

00:25:23,320 --> 00:25:21,170

think they're they're threatened by any

640

00:25:25,450 --> 00:25:23,330

alternative idea of a lay got it years

641

00:25:27,280 --> 00:25:25,460

ago and I think Mac gah didn't was going

642

00:25:28,720 --> 00:25:27,290

to continue to get it they're threatened

643

00:25:31,300 --> 00:25:28,730

by anything that challenges the

644

00:25:33,640 --> 00:25:31,310

extra-terrestrial hypothesis I think for

645

00:25:34,900 --> 00:25:33,650

two reasons one it would show that maybe

646

00:25:36,490 --> 00:25:34,910

they've been barking up the wrong tree

647

00:25:37,840 --> 00:25:36,500

while they've been looking out there

648

00:25:39,940 --> 00:25:37,850

maybe they should have been looking down

649

00:25:41,350 --> 00:25:39,950

here and maybe if they had been looking

650

00:25:43,210 --> 00:25:41,360

down here they might have they might

651
00:25:45,370 --> 00:25:43,220
have found something by now because his

652
00:25:47,740 --> 00:25:45,380
nick has pointed out in interviews that

653
00:25:49,210 --> 00:25:47,750
I've done with them it's been 60 years

654
00:25:52,000 --> 00:25:49,220
and we're no closer to an

655
00:25:53,830 --> 00:25:52,010
extraterrestrial proof than we were 60

656
00:25:56,410 --> 00:25:53,840
years ago so I think that's one thing

657
00:25:59,320 --> 00:25:56,420
and you know the other thing is I think

658
00:26:00,760 --> 00:25:59,330
they want to believe in Mac and I talked

659
00:26:02,770 --> 00:26:00,770
about this a lot this is this idea of

660
00:26:04,510 --> 00:26:02,780
belief they want to believe going

661
00:26:05,800 --> 00:26:04,520
straight back to the contactees that

662
00:26:08,260 --> 00:26:05,810
they're it's almost like they've

663
00:26:10,540 --> 00:26:08,270

transposed a belief in God because they

664

00:26:12,040 --> 00:26:10,550

don't generally seem to have that but

665

00:26:13,810 --> 00:26:12,050

they want a superior being that comes

666

00:26:15,070 --> 00:26:13,820

from somewhere other than here they can

667

00:26:16,870 --> 00:26:15,080

provide us with some sort of moral

668

00:26:18,520 --> 00:26:16,880

guidance or eventually will save us you

669

00:26:20,950 --> 00:26:18,530

get that a lot in the extraterrestrial

670

00:26:22,090 --> 00:26:20,960

can't whether they say it overtly or

671

00:26:24,340 --> 00:26:22,100

whether you have to read between the

672

00:26:25,800 --> 00:26:24,350

lines whereas the crypto terrestrial

673

00:26:28,300 --> 00:26:25,810

hypothesis has none of that

674

00:26:30,130 --> 00:26:28,310

frankly you know they wouldn't care at

675

00:26:31,600 --> 00:26:30,140

all about us they care more about

676

00:26:33,610 --> 00:26:31,610

themselves and protecting their own

677

00:26:36,580 --> 00:26:33,620

place whatever is left of their society

678

00:26:38,710 --> 00:26:36,590

so you know looking for Klaatu to come

679

00:26:41,529 --> 00:26:38,720

here and say we're part of the galactic

680

00:26:43,960 --> 00:26:41,539

federation get your act together or

681

00:26:46,060 --> 00:26:43,970

will destroy you yes whereas the crypto

682

00:26:49,239 --> 00:26:46,070

terrestrials there would be no question

683

00:26:50,919 --> 00:26:49,249

that they would be a competitive species

684

00:26:52,779 --> 00:26:50,929

with us and we might seem to have the

685

00:26:54,369 --> 00:26:52,789

upper hand now but you know Mac would

686

00:26:56,499 --> 00:26:54,379

would talk about ideas well maybe

687

00:26:59,169 --> 00:26:56,509

they're just biding their time who knows

688

00:27:00,729 --> 00:26:59,179

but the one thing that I would throw out

689

00:27:01,869 --> 00:27:00,739

there this kind of reminds me of

690

00:27:04,239 --> 00:27:01,879

something else that he would often say

691

00:27:06,789 --> 00:27:04,249

and I'll throw this over to Greg Greg

692

00:27:08,409 --> 00:27:06,799

you and I catch this Greg you're on the

693

00:27:10,239 --> 00:27:08,419

other side of the country so you have to

694

00:27:13,960 --> 00:27:10,249

kind of catch it's a long trip I'll send

695

00:27:16,180 --> 00:27:13,970

it slow pitch this is a Jamie Moyer

696

00:27:18,070 --> 00:27:16,190

question if there's any baseball fans

697

00:27:20,649 --> 00:27:18,080

out there they get the reference yeah

698

00:27:22,060 --> 00:27:20,659

you know human history we can really we

699

00:27:23,739 --> 00:27:22,070

can barely figure out what happened in

700

00:27:26,109 --> 00:27:23,749

the last hundred years but recorded

701
00:27:27,909 --> 00:27:26,119
human history lasts maybe 2,000 3,000

702
00:27:31,269 --> 00:27:27,919
years where we have something

703
00:27:32,560 --> 00:27:31,279
approaching a semi reliable record at

704
00:27:34,359 --> 00:27:32,570
least a few things in our history

705
00:27:37,180 --> 00:27:34,369
whereas the planet is billions of years

706
00:27:38,889 --> 00:27:37,190
old so I would ask you Greg does it

707
00:27:41,019 --> 00:27:38,899
strike you odd that one of the primary

708
00:27:42,339 --> 00:27:41,029
criticisms that's often leveled against

709
00:27:45,099 --> 00:27:42,349
guys like Matt could come up with this

710
00:27:46,889 --> 00:27:45,109
indigenous humanoid theory is well if

711
00:27:49,180 --> 00:27:46,899
there were other creatures on the planet

712
00:27:51,430 --> 00:27:49,190
surely we would have found evidence of

713
00:27:53,710 --> 00:27:51,440

it by now and it should be obvious

714

00:27:55,419 --> 00:27:53,720

whereas if these creatures their

715

00:27:57,820 --> 00:27:55,429

civilization vanished five or ten

716

00:27:59,109 --> 00:27:57,830

thousand years ago there's a show on A&E

717

00:28:01,029 --> 00:27:59,119

all you have to do is watch it you know

718

00:28:03,009 --> 00:28:01,039

after humans or something and they

719

00:28:06,009 --> 00:28:03,019

basically say well if we all disappeared

720

00:28:07,659 --> 00:28:06,019

tomorrow most of what our society our

721

00:28:09,700 --> 00:28:07,669

civilization represented would be gone

722

00:28:10,869 --> 00:28:09,710

in a hundred years and then a thousand

723

00:28:12,549 --> 00:28:10,879

you'd probably not know that we were

724

00:28:13,930 --> 00:28:12,559

ever here so what do you think of that

725

00:28:15,849 --> 00:28:13,940

Greg what do you think of that general

726

00:28:18,249 --> 00:28:15,859

idea that whatever vestiges as their

727

00:28:21,039 --> 00:28:18,259

civilization might exist are lost in the

728

00:28:22,839 --> 00:28:21,049

sands of time you know it makes a lot of

729

00:28:25,450 --> 00:28:22,849

sense that it would be lost especially

730

00:28:27,460 --> 00:28:25,460

considering how long the earth has been

731

00:28:29,259 --> 00:28:27,470

around and how long living things have

732

00:28:32,129 --> 00:28:29,269

been on it living things with brains

733

00:28:35,789 --> 00:28:32,139

have been here a far longer than you can

734

00:28:38,169 --> 00:28:35,799

then there whatever their technological

735

00:28:40,450 --> 00:28:38,179

creations however long that would take

736

00:28:43,149 --> 00:28:40,460

for them to break down and the other

737

00:28:45,119 --> 00:28:43,159

thing is you've got this anthropocentric

738

00:28:48,849 --> 00:28:45,129

set thinking that there would be

739

00:28:51,310 --> 00:28:48,859

buildings and cars and you know etc etc

740

00:28:54,130 --> 00:28:51,320

whereas why can you not pause

741

00:28:55,990 --> 00:28:54,140

some kind of group that lived in harmony

742

00:28:57,580 --> 00:28:56,000

completely with the environment which

743

00:28:59,770 --> 00:28:57,590

made it almost indistinguishable from

744

00:29:02,110 --> 00:28:59,780

the normal environment you know what I

745

00:29:04,150 --> 00:29:02,120

mean anything that they they built or

746

00:29:06,940 --> 00:29:04,160

that they the use might have been very

747

00:29:09,640 --> 00:29:06,950

small or would break down very quickly

748

00:29:11,740 --> 00:29:09,650

so therefore the movie avatar was really

749

00:29:13,150 --> 00:29:11,750

about the crypto terrestrials yeah well

750

00:29:14,710 --> 00:29:13,160

some people said that and then of course

751

00:29:16,420 --> 00:29:14,720

there's you know evidence of things

752

00:29:17,020 --> 00:29:16,430

under under the oceans and then the

753

00:29:21,130 --> 00:29:17,030

crust

754

00:29:22,750 --> 00:29:21,140

moving around so some of the stuff

755

00:29:25,600 --> 00:29:22,760

that's above the ocean is now under it

756

00:29:27,610 --> 00:29:25,610

it's you know and vice versa so I think

757

00:29:29,260 --> 00:29:27,620

it would be very hard to find any kind

758

00:29:32,100 --> 00:29:29,270

of evidence of such things unless you

759

00:29:35,050 --> 00:29:32,110

think about something like those large

760

00:29:36,340 --> 00:29:35,060

spheres in in South America which which

761

00:29:38,500 --> 00:29:36,350

don't seem to have any purpose for

762

00:29:39,850 --> 00:29:38,510

anything at all but they find them

763

00:29:41,350 --> 00:29:39,860

everywhere from the size of a large

764

00:29:42,370 --> 00:29:41,360

building to them you know so when you

765

00:29:50,550 --> 00:29:42,380

can hold in your hand

766

00:29:55,320 --> 00:29:52,999

[Music]

767

00:29:57,599 --> 00:29:55,330

picture this you're on the phone with a

768

00:30:00,779 --> 00:29:57,609

client or colleague trying to explain

769

00:30:02,999 --> 00:30:00,789

something visual a PowerPoint a keynote

770

00:30:05,669 --> 00:30:03,009

presentation a website but it's

771

00:30:06,659 --> 00:30:05,679

frustrating because they can't see what

772

00:30:09,389 --> 00:30:06,669

you're talking about

773

00:30:11,999 --> 00:30:09,399

the solution good news they can if you

774

00:30:15,060 --> 00:30:12,009

invite them to an online meeting using

775

00:30:17,219 --> 00:30:15,070

GoToMeeting then they can see your

00:30:48,820 --> 00:30:46,010

this is the bare cast you never know

785

00:30:52,000 --> 00:30:48,830

what's gonna happen next

786

00:30:54,490 --> 00:30:52,010

[Music]

787

00:30:56,680 --> 00:30:54,500

we have co-host Paul Kimball with us

788

00:30:58,870 --> 00:30:56,690

with Nicholas Redfern Greg Bishop we're

789

00:31:01,480 --> 00:30:58,880

talking about the crypto terrestrials by

790

00:31:03,070 --> 00:31:01,490

the late Mac Tony's kind of a totally

791

00:31:05,560 --> 00:31:03,080

new Wayman we've got totally new but

792

00:31:07,810 --> 00:31:05,570

certainly a unique and flood provoking

793

00:31:11,409 --> 00:31:07,820

way of looking at the UFO mystery

794

00:31:13,299 --> 00:31:11,419

now this logically guys and you can jump

795

00:31:16,150 --> 00:31:13,309

in wherever you want to go takes us back

796

00:31:19,720 --> 00:31:16,160

to ancient astronauts so of course in

797

00:31:22,060 --> 00:31:19,730

early days we came in touch with higher

798

00:31:24,580 --> 00:31:22,070

intelligences we call them the gods

799

00:31:27,430 --> 00:31:24,590

so was that evidence of their presence

800

00:31:29,620 --> 00:31:27,440

then communicating with us who wants to

801
00:31:31,810 --> 00:31:29,630
take that just say something say

802
00:31:34,659 --> 00:31:31,820
something on that mainly you know the

803
00:31:36,100 --> 00:31:34,669
idea that if you look back into your

804
00:31:38,110 --> 00:31:36,110
pretty much all cultures ancient

805
00:31:41,020 --> 00:31:38,120
cultures around the world you know you

806
00:31:43,810 --> 00:31:41,030
find stories of higher entities superior

807
00:31:45,789 --> 00:31:43,820
beings quote coming down from above you

808
00:31:48,760 --> 00:31:45,799
know trying to teach the natives how to

809
00:31:50,919 --> 00:31:48,770
live and relating some sort of spiritual

810
00:31:53,230 --> 00:31:50,929
wisdom you know whether you take that in

811
00:31:54,940 --> 00:31:53,240
a religious context of Christian context

812
00:31:57,400 --> 00:31:54,950
you know another religion whether

813
00:31:59,500 --> 00:31:57,410

Buddhism whatever you know that the

814

00:32:02,230 --> 00:31:59,510

central theme is that there are higher

815

00:32:04,480 --> 00:32:02,240

beings who you're trying to pull us on

816

00:32:07,000 --> 00:32:04,490

the right track now you know some people

817

00:32:09,340 --> 00:32:07,010

will and certainly do millions of people

818

00:32:11,680 --> 00:32:09,350

place out in a definitively religious

819

00:32:14,710 --> 00:32:11,690

context you know it's God Jesus butter

820

00:32:16,870 --> 00:32:14,720

whoever however you know if you again if

821

00:32:19,270 --> 00:32:16,880

you look at it from max perspective if

822

00:32:21,549 --> 00:32:19,280

there was some sort of superior race

823

00:32:22,900 --> 00:32:21,559

that like Greg says an important point

824

00:32:25,600 --> 00:32:22,910

that you know we look at it from the

825

00:32:27,820 --> 00:32:25,610

perspective having cars skyscrapers TV

826

00:32:30,130 --> 00:32:27,830

maybe they didn't rely on that sort of

827

00:32:31,990 --> 00:32:30,140

technology or that sort of society and

828

00:32:34,620 --> 00:32:32,000

that's why there are many remnants of it

829

00:32:37,780 --> 00:32:34,630

left but if they were on a downslide and

830

00:32:39,970 --> 00:32:37,790

wanting to survive well maybe when we

831

00:32:41,650 --> 00:32:39,980

were on the upswing but in the very

832

00:32:44,830 --> 00:32:41,660

early stages that would be the best time

833

00:32:47,080 --> 00:32:44,840

for them to come down and try and mold

834

00:32:48,940 --> 00:32:47,090

us you know the unruly little kids

835

00:32:51,159 --> 00:32:48,950

started to grow up mold us into

836

00:32:53,650 --> 00:32:51,169

something that could be kind of

837

00:32:55,960 --> 00:32:53,660

controlled or kept on a leash which

838

00:32:57,760 --> 00:32:55,970

obviously hasn't happened but my

839

00:33:00,820 --> 00:32:57,770

argument be would that would be the time

840

00:33:03,190 --> 00:33:00,830

to do it not when we are some sort of

841

00:33:06,100 --> 00:33:03,200

superior force to gradually take them on

842

00:33:07,450 --> 00:33:06,110

but equally when we're not savage cave

843

00:33:10,480 --> 00:33:07,460

people but we're we're somewhere in

844

00:33:12,490 --> 00:33:10,490

between where we can be controlled but

845

00:33:14,380 --> 00:33:12,500

equally we can understand the message as

846

00:33:17,020 --> 00:33:14,390

well so arguably it would be common

847

00:33:19,180 --> 00:33:17,030

sense for them to come to 340 thousand

848

00:33:21,549 --> 00:33:19,190

years ago when we were you know starting

849

00:33:23,350 --> 00:33:21,559

to become civilized beings and would

850

00:33:26,020 --> 00:33:23,360

understand the message but we wouldn't

851
00:33:28,090 --> 00:33:26,030
be able to raise a hostile force against

852
00:33:30,910 --> 00:33:28,100
them if we wanted to there's this idea -

853
00:33:32,530 --> 00:33:30,920
that it's a civilization Mac would often

854
00:33:34,570 --> 00:33:32,540
talk about it being a civilization in

855
00:33:37,270 --> 00:33:34,580
decline maybe they were hit by some

856
00:33:39,909 --> 00:33:37,280
natural disaster or a disease or

857
00:33:42,610 --> 00:33:39,919
whatever but there's also the

858
00:33:45,490 --> 00:33:42,620
possibility that he raises in his book

859
00:33:48,250 --> 00:33:45,500
that it's a civilization that simply

860
00:33:49,570 --> 00:33:48,260
evolved that eventually they worked

861
00:33:52,030 --> 00:33:49,580
their way up into a form of higher

862
00:33:53,500 --> 00:33:52,040
consciousness I just Greg I just wanted

863
00:33:55,450 --> 00:33:53,510

Nick I just want to read something to

864

00:33:57,130 --> 00:33:55,460

you and to the pair of cast listeners it

865

00:33:59,140 --> 00:33:57,140

might not have read the book from the

866

00:34:00,940 --> 00:33:59,150

crypto terrestrials and it's oh it's a

867

00:34:03,280 --> 00:34:00,950

little long but then get you to comment

868

00:34:05,140 --> 00:34:03,290

on it Mac writes given reports of

869

00:34:07,120 --> 00:34:05,150

humanoid beings materializing and

870

00:34:08,680 --> 00:34:07,130

disappearing it's tempting to speculate

871

00:34:11,109 --> 00:34:08,690

that our visitors have mastered a

872

00:34:13,210 --> 00:34:11,119

technology of consciousness able to

873

00:34:15,310 --> 00:34:13,220

manipulate their own wave functions and

874

00:34:17,349 --> 00:34:15,320

skip back and forth between multiple

875

00:34:19,240 --> 00:34:17,359

universes at the speed of thought this

876

00:34:21,580 --> 00:34:19,250

is one explanation for the lack of

877

00:34:23,889 --> 00:34:21,590

physical evidence they might lurk in

878

00:34:26,859 --> 00:34:23,899

hyperspace as well as familiar 3d

879

00:34:28,450 --> 00:34:26,869

space-time moreover this form of travel

880

00:34:30,490 --> 00:34:28,460

might be accomplished without the need

881

00:34:32,950 --> 00:34:30,500

for energy intensive machinery if

882

00:34:35,230 --> 00:34:32,960

shamanic experiences are any indication

883

00:34:36,810 --> 00:34:35,240

the ability to transcend space and time

884

00:34:38,950 --> 00:34:36,820

might be a more fitting subject for

885

00:34:41,200 --> 00:34:38,960

parapsychologists than theoretical

886

00:34:43,330 --> 00:34:41,210

physicists given that consciousness is

887

00:34:45,310 --> 00:34:43,340

likely a quantum function deeply

888

00:34:47,830 --> 00:34:45,320

entangled with the rest of the cosmos is

889

00:34:51,220 --> 00:34:47,840

it unreasonable to seek out traces of

890

00:34:53,590 --> 00:34:51,230

the alien among us maybe the signal SETI

891

00:34:56,470 --> 00:34:53,600

astronomers await will emanate from the

892

00:34:58,480 --> 00:34:56,480

depths of self cunningly disguised as

893

00:35:00,490 --> 00:34:58,490

human great what do you think of that

894

00:35:02,430 --> 00:35:00,500

well I agree with it completely the

895

00:35:05,410 --> 00:35:02,440

thing the thing about the book is that

896

00:35:07,630 --> 00:35:05,420

Mac what he did was it's a hundred and

897

00:35:09,640 --> 00:35:07,640

twenty page thought experiment a lot of

898

00:35:11,230 --> 00:35:09,650

people reading the book or even asking

899

00:35:13,090 --> 00:35:11,240

about they say well did he believe this

900

00:35:14,590 --> 00:35:13,100

even is even Patrick asked me this on

901
00:35:16,720 --> 00:35:14,600
the last pair of casts were we talking

902
00:35:18,310 --> 00:35:16,730
about that did he believe what he wrote

903
00:35:22,150 --> 00:35:18,320
he believed it while he was

904
00:35:25,630 --> 00:35:22,160
writing it and he Dell very far into

905
00:35:28,540 --> 00:35:25,640
this thought experiment and probably is

906
00:35:30,640 --> 00:35:28,550
this is what the best UFO and paranormal

907
00:35:32,800 --> 00:35:30,650
writing does raise far more questions

908
00:35:34,930 --> 00:35:32,810
and then provide answers

909
00:35:39,250 --> 00:35:34,940
that's basically what I like about the

910
00:35:41,200 --> 00:35:39,260
book Nick pull just pull just read you

911
00:35:44,380 --> 00:35:41,210
know I think some important one because

912
00:35:46,150 --> 00:35:44,390
if we listen to those words I think one

913
00:35:48,690 --> 00:35:46,160

of the things that a lot of people with

914

00:35:51,490 --> 00:35:48,700

in ufology forget is they take a very

915

00:35:53,110 --> 00:35:51,500

simplistic approach if aliens are out

916

00:35:55,420 --> 00:35:53,120

there they're very much like us you know

917

00:35:57,730 --> 00:35:55,430

there's starship captains and they

918

00:35:59,440 --> 00:35:57,740

nuts-and-bolts craft and but they're

919

00:36:01,990 --> 00:35:59,450

just a more advanced version of us and

920

00:36:04,150 --> 00:36:02,000

this to me is the most simplistic stupid

921

00:36:05,920 --> 00:36:04,160

lazy approach to take you know these

922

00:36:08,140 --> 00:36:05,930

things are alien then they're

923

00:36:10,420 --> 00:36:08,150

definitively alien you know that there's

924

00:36:12,190 --> 00:36:10,430

going to be so different to us and you

925

00:36:13,930 --> 00:36:12,200

could apply that to the crypto

926

00:36:16,930 --> 00:36:13,940

terrestrial Theory you know the whole

927

00:36:19,990 --> 00:36:16,940

idea of alternative means of

928

00:36:23,260 --> 00:36:20,000

communication contact Holograms etc I

929

00:36:24,940 --> 00:36:23,270

think is something to bear in mind you

930

00:36:27,370 --> 00:36:24,950

know when we're looking at what's going

931

00:36:30,280 --> 00:36:27,380

on and trying to determine what these

932

00:36:32,530 --> 00:36:30,290

entities are where they're from and what

933

00:36:33,900 --> 00:36:32,540

they wants you know there's it's like

934

00:36:37,300 --> 00:36:33,910

that point yeah there's so many

935

00:36:39,250 --> 00:36:37,310

illogical things within the abduction

936

00:36:41,620 --> 00:36:39,260

scenario you know nobody noby everything

937

00:36:43,060 --> 00:36:41,630

interrupts an abduction and gets caught

938

00:36:45,340 --> 00:36:43,070

you know the aliens get caught in the

939

00:36:47,320 --> 00:36:45,350

middle of it well maybe it is some sort

940

00:36:52,030 --> 00:36:47,330

of brain borne hologram you know maybe

941

00:36:54,640 --> 00:36:52,040

it's designed to perpetuate the idea of

942

00:36:57,460 --> 00:36:54,650

aliens kidnapping people to take their

943

00:36:59,710 --> 00:36:57,470

DNA eggs and sperm you know perhaps a

944

00:37:01,600 --> 00:36:59,720

lot of it is simply camouflage and

945

00:37:03,010 --> 00:37:01,610

subterfuge you know we just don't know

946

00:37:05,350 --> 00:37:03,020

but I think the important thing is that

947

00:37:07,600 --> 00:37:05,360

Mac was willing to look at these issues

948

00:37:10,270 --> 00:37:07,610

because he wasn't belief driven so many

949

00:37:12,100 --> 00:37:10,280

people in ufology support the ETH are so

950

00:37:13,990 --> 00:37:12,110

caught up in the belief system that they

951
00:37:15,550 --> 00:37:14,000
just they cannot get their head around

952
00:37:18,430 --> 00:37:15,560
the idea that they might be wrong and

953
00:37:20,380 --> 00:37:18,440
just just cannot even consider or think

954
00:37:22,450 --> 00:37:20,390
about it's picking up on that point Nick

955
00:37:23,650 --> 00:37:22,460
and continuing with you I want to read

956
00:37:25,930 --> 00:37:23,660
something else from the book because

957
00:37:27,760 --> 00:37:25,940
that sort of brings us back to the

958
00:37:31,690 --> 00:37:27,770
tenuous relationship that the

959
00:37:34,030 --> 00:37:31,700
four of us you Greg me and Mac often

960
00:37:36,160 --> 00:37:34,040
have with the it's a weird term but the

961
00:37:38,350 --> 00:37:36,170
mainstream you Falah djegal community of

962
00:37:40,090 --> 00:37:38,360
ETH supporters so I want to read you

963
00:37:41,800 --> 00:37:40,100

something from his book here the you

964

00:37:43,720 --> 00:37:41,810

falah JaVale community he writes suffers

965

00:37:45,580 --> 00:37:43,730

from creative anemia it has a

966

00:37:47,710 --> 00:37:45,590

disheartening tendency to refute

967

00:37:48,340 --> 00:37:47,720

dissenting voices even those within its

968

00:37:50,650 --> 00:37:48,350

own ranks

969

00:37:52,780 --> 00:37:50,660

with tired streets that unnecessarily

970

00:37:54,700 --> 00:37:52,790

polarized the debate such as it is

971

00:37:56,350 --> 00:37:54,710

between cautious advocates of the

972

00:37:59,050 --> 00:37:56,360

extra-terrestrial hypothesis and

973

00:38:00,670 --> 00:37:59,060

know-nothing science popularizers who

974

00:38:03,100 --> 00:38:00,680

seemed genuinely and capable of

975

00:38:05,290 --> 00:38:03,110

considering the UFO inquiry outside the

976
00:38:07,720 --> 00:38:05,300
cognitive barriers posed by decades of

977
00:38:10,000 --> 00:38:07,730
cheesy sci-fi cinema and the legacy of

978
00:38:12,010 --> 00:38:10,010
myriad true believers having dotingly

979
00:38:14,109 --> 00:38:12,020
constructed a theoretical house of straw

980
00:38:15,880 --> 00:38:14,119
many you falah djegal proponents

981
00:38:18,130 --> 00:38:15,890
secretly prefer the tenuous camaraderie

982
00:38:20,290 --> 00:38:18,140
of their peers to the much more exciting

983
00:38:22,450 --> 00:38:20,300
prospect of being taken seriously by

984
00:38:24,370 --> 00:38:22,460
science but the area of genuine

985
00:38:26,950 --> 00:38:24,380
hypotheses seems to be nearing an end

986
00:38:28,380 --> 00:38:26,960
the quote old guard inexplicably

987
00:38:31,300 --> 00:38:28,390
enamored of the extra-terrestrial

988
00:38:34,060 --> 00:38:31,310

hypothesis is now engaged in little more

989

00:38:36,220 --> 00:38:34,070

than ideological turf wars the boons of

990

00:38:38,650 --> 00:38:36,230

speculation have been quietly set aside

991

00:38:40,900 --> 00:38:38,660

in favor of models that make just enough

992

00:38:42,910 --> 00:38:40,910

sense to allow their defenders to issue

993

00:38:46,210 --> 00:38:42,920

brutal proclamations with semi straight

994

00:38:48,400 --> 00:38:46,220

faces meanwhile the Enigma persists as

995

00:38:50,890 --> 00:38:48,410

always seemingly just beyond our

996

00:38:53,320 --> 00:38:50,900

comprehension and we have the nerve to

997

00:38:57,370 --> 00:38:53,330

wonder why that's pretty Stern stuff

998

00:38:59,170 --> 00:38:57,380

from young mr. Toney's one but you've

999

00:39:00,880 --> 00:38:59,180

been on the receiving end of it perhaps

1000

00:39:02,680 --> 00:39:00,890

even more than Greg and I and then maybe

1001
00:39:04,750 --> 00:39:02,690
even Mac what do you think of that what

1002
00:39:06,310 --> 00:39:04,760
do you think of the UFO community what

1003
00:39:08,470 --> 00:39:06,320
do you think the reaction is gonna be

1004
00:39:11,980 --> 00:39:08,480
when they read the crypto terrestrials

1005
00:39:14,530 --> 00:39:11,990
the eth proponents and what do you think

1006
00:39:17,800 --> 00:39:14,540
of Mac's sort of there's no other word

1007
00:39:19,450 --> 00:39:17,810
for it attack on mainstream ethology you

1008
00:39:21,940 --> 00:39:19,460
know with terms like creative anemia

1009
00:39:23,980 --> 00:39:21,950
which this which is pretty strong stuff

1010
00:39:26,890 --> 00:39:23,990
that most people within the eth camp

1011
00:39:30,250 --> 00:39:26,900
probably won't understand but what do

1012
00:39:32,080 --> 00:39:30,260
you think well number one written those

1013
00:39:33,700 --> 00:39:32,090

words you know Mac in a great way with

1014

00:39:35,200 --> 00:39:33,710

words you know I would have said exactly

1015

00:39:36,940 --> 00:39:35,210

the same thing he would have probably

1016

00:39:38,050 --> 00:39:36,950

put it more eloquently with me than me I

1017

00:39:39,579 --> 00:39:38,060

would have used probably a few more

1018

00:39:44,049 --> 00:39:39,589

four-letter words or

1019

00:39:46,900 --> 00:39:44,059

but joking aside I am absolutely 100%

1020

00:39:50,559 --> 00:39:46,910

spot on and the reason why he was so on

1021

00:39:53,319 --> 00:39:50,569

target is because the the search for the

1022

00:39:59,709 --> 00:39:53,329

truth about extraterrestrials excuse me

1023

00:40:03,279 --> 00:39:59,719

that was a bit of Irish fever has become

1024

00:40:06,039 --> 00:40:03,289

so focused upon the ATH that what has

1025

00:40:08,200 --> 00:40:06,049

happened is that it's because we

1026

00:40:11,229 --> 00:40:08,210

actually has become like a religion to

1027

00:40:13,569 --> 00:40:11,239

where people have faith that the a th is

1028

00:40:15,339 --> 00:40:13,579

correct they accept as a genuine UFO

1029

00:40:17,559 --> 00:40:15,349

phenomenon but they don't need to look

1030

00:40:19,630 --> 00:40:17,569

for what the origin is because they have

1031

00:40:23,380 --> 00:40:19,640

faith that it's extraterrestrial when

1032

00:40:26,140 --> 00:40:23,390

faith takes the place of an enquiring

1033

00:40:28,900 --> 00:40:26,150

mind then then everything's lost you

1034

00:40:31,299 --> 00:40:28,910

know that doesn't mean the 88 is is

1035

00:40:33,999 --> 00:40:31,309

false it may well be the case that some

1036

00:40:36,120 --> 00:40:34,009

UFO encounters and sightings are due to

1037

00:40:38,529 --> 00:40:36,130

the presence of real literal

1038

00:40:41,319 --> 00:40:38,539

flesh-and-blood extraterrestrials but

1039

00:40:43,870 --> 00:40:41,329

when you base your belief system or

1040

00:40:45,549 --> 00:40:43,880

conclusions on a theory for which there

1041

00:40:48,219 --> 00:40:45,559

is no actual hard evidence but you

1042

00:40:51,370 --> 00:40:48,229

overwhelmingly support it no matter what

1043

00:40:53,410 --> 00:40:51,380

then the subject is in big trouble it's

1044

00:40:55,749 --> 00:40:53,420

the same way within cryptozoology

1045

00:40:57,640 --> 00:40:55,759

somebody supports the idea come hell or

1046

00:41:00,009 --> 00:40:57,650

high water that the Loch Ness monsters

1047

00:41:02,620 --> 00:41:00,019

are a surviving colony of Plescia source

1048

00:41:04,390 --> 00:41:02,630

they may be but people don't want to

1049

00:41:05,859 --> 00:41:04,400

hear the far more down-to-earth and to

1050

00:41:07,749 --> 00:41:05,869

me more plausible idea that they could

1051

00:41:10,029 --> 00:41:07,759

be giant eels because it's not as

1052

00:41:13,900 --> 00:41:10,039

exciting and I think this is a problem

1053

00:41:16,509 --> 00:41:13,910

that ufology has ufology has lost its

1054

00:41:19,420 --> 00:41:16,519

ability to have an inquiring mind it has

1055

00:41:22,089 --> 00:41:19,430

a closed mind when it should have an

1056

00:41:23,950 --> 00:41:22,099

open mind and when belief systems and

1057

00:41:25,630 --> 00:41:23,960

emotion come into the subject where we

1058

00:41:27,700 --> 00:41:25,640

really don't know what's going on it's

1059

00:41:29,769 --> 00:41:27,710

done for and unfortunates what's

1060

00:41:33,069 --> 00:41:29,779

happened with ufology there it's like

1061

00:41:35,979 --> 00:41:33,079

it's been hijacked by a theory that is

1062

00:41:38,380 --> 00:41:35,989

being presented as a fact you know this

1063

00:41:40,180 --> 00:41:38,390

takes us back to the early days one of

1064

00:41:42,359 --> 00:41:40,190

the first books I read about UFOs was

1065

00:41:44,410 --> 00:41:42,369

flying saucers from outer space

1066

00:41:45,920 --> 00:41:44,420

prejudging it right there from major

1067

00:41:47,270 --> 00:41:45,930

Donald Kehoe

1068

00:41:48,920 --> 00:41:47,280

if you look online you can get the book

1069

00:41:52,280 --> 00:41:48,930

downloaded it's no longer in the

1070

00:41:56,180 --> 00:41:52,290

copyright that is the entire ETH theory

1071

00:41:57,920 --> 00:41:56,190

in one book written in the 1950s and I

1072

00:41:59,750 --> 00:41:57,930

think the thing that concerned me when I

1073

00:42:01,609 --> 00:41:59,760

started talking with Allen Greenfield

1074

00:42:04,130 --> 00:42:01,619

about these things and certainly you

1075

00:42:06,740 --> 00:42:04,140

guys consider it in max considering is

1076

00:42:09,440 --> 00:42:06,750

the fact that the thought about what

1077

00:42:12,020 --> 00:42:09,450

UFOs might be it all stopped in the

1078

00:42:19,460 --> 00:42:12,030

1950s we haven't gone anywhere and

1079

00:42:22,099 --> 00:42:19,470

that's really unfortunate fate magazine

1080

00:43:10,210 --> 00:43:08,270

you are listening to the paragraph our

1095

00:43:12,340 --> 00:43:10,220

co-host is Paul Campbell we have Greg

1096

00:43:13,930 --> 00:43:12,350

Bishop Nicholas Redfern we're talking

1097

00:43:16,440 --> 00:43:13,940

about a book called the crypto

1098

00:43:19,390 --> 00:43:16,450

terrestrials and it's published by

1099

00:43:21,910 --> 00:43:19,400

anomalous books it's available on Amazon

1100

00:43:25,210 --> 00:43:21,920

and if you click on the link at the para

1101
00:43:26,830 --> 00:43:25,220
cast com website you can place your

1102
00:43:28,960 --> 00:43:26,840
order for a copy I think they're

1103
00:43:30,550 --> 00:43:28,970
discounting it for 10 bucks now if you

1104
00:43:32,830 --> 00:43:30,560
think about 2 cups of coffee at

1105
00:43:35,050 --> 00:43:32,840
Starbucks or a copy of the crypto to

1106
00:43:36,460 --> 00:43:35,060
rest fuels you know where I stand Paul

1107
00:43:37,900 --> 00:43:36,470
you want to pick up yeah I was just

1108
00:43:40,960 --> 00:43:37,910
gonna say the interesting thing about

1109
00:43:42,970 --> 00:43:40,970
the extra-terrestrial hypothesis is that

1110
00:43:45,190 --> 00:43:42,980
in the 1950s it would have seemed like

1111
00:43:47,950 --> 00:43:45,200
cutting-edge science to people like

1112
00:43:50,320 --> 00:43:47,960
Keough whereas I think what's happened

1113
00:43:52,090 --> 00:43:50,330

is and as Nick said Mack doesn't rule

1114

00:43:53,920 --> 00:43:52,100

out the X or didn't rule out story the

1115

00:43:56,980 --> 00:43:53,930

extra-terrestrial hypothesis I certainly

1116

00:43:59,950 --> 00:43:56,990

don't I we all just put the emphasis on

1117

00:44:01,090 --> 00:43:59,960

a hypothesis not on extraterrestrial as

1118

00:44:03,340 --> 00:44:01,100

opposed to what I call the

1119

00:44:05,530 --> 00:44:03,350

extra-terrestrial factors who view it as

1120

00:44:06,580 --> 00:44:05,540

a fact but Greg maybe I'll throw this

1121

00:44:08,170 --> 00:44:06,590

one to you what do you think of the idea

1122

00:44:10,660 --> 00:44:08,180

that maybe science has actually outrun

1123

00:44:12,460 --> 00:44:10,670

the extra-terrestrial hypothesis that

1124

00:44:14,920 --> 00:44:12,470

some of the things that people like

1125

00:44:16,900 --> 00:44:14,930

missio Kaku are talking about the idea

1126
00:44:19,240 --> 00:44:16,910
that Vallet first came up with and Keele

1127
00:44:20,560 --> 00:44:19,250
and those people of a super spectrum of

1128
00:44:23,020 --> 00:44:20,570
ultra terrestrials for parallel

1129
00:44:25,270 --> 00:44:23,030
dimensions and universes and the ETH

1130
00:44:26,290 --> 00:44:25,280
people back in the 1960s and 70s we're

1131
00:44:28,030 --> 00:44:26,300
saying well that's crazy

1132
00:44:30,010 --> 00:44:28,040
I mean we're talking we need nuts and

1133
00:44:32,440 --> 00:44:30,020
bolts spaceship that spaceships that's

1134
00:44:33,760 --> 00:44:32,450
what we science can understand that do

1135
00:44:35,680 --> 00:44:33,770
you think that maybe science is now

1136
00:44:38,500 --> 00:44:35,690
saying well actually that's kind of

1137
00:44:40,780 --> 00:44:38,510
quaint but you know there's there's far

1138
00:44:42,820 --> 00:44:40,790

more esoteric things out there that seem

1139

00:44:43,840 --> 00:44:42,830

to make more sense to us now so maybe

1140

00:44:46,210 --> 00:44:43,850

you know the the extra-terrestrial

1141

00:44:48,520 --> 00:44:46,220

hypothesis is the quaint little relic of

1142

00:44:50,920 --> 00:44:48,530

our own perceptions in the 1950s it

1143

00:44:52,900 --> 00:44:50,930

doesn't match the scientific advances

1144

00:44:56,340 --> 00:44:52,910

that we've made today Greg take that one

1145

00:44:58,990 --> 00:44:56,350

well I have complained in the past that

1146

00:45:01,000 --> 00:44:59,000

ufology much of it is stuck in 19th

1147

00:45:03,760 --> 00:45:01,010

century science in high school science

1148

00:45:06,160 --> 00:45:03,770

and nobody's really read up on some of

1149

00:45:09,790 --> 00:45:06,170

the newer theories about the physical

1150

00:45:12,090 --> 00:45:09,800

universe possibilities of what we term

1151
00:45:13,370 --> 00:45:12,100
for convenience say other dimensions

1152
00:45:15,259 --> 00:45:13,380
theoretically

1153
00:45:17,329 --> 00:45:15,269
if you look at super string theory and

1154
00:45:20,239 --> 00:45:17,339
other things related to it there is the

1155
00:45:23,539 --> 00:45:20,249
possibility that but it's hard to

1156
00:45:25,880 --> 00:45:23,549
explain every every possibility exists

1157
00:45:29,390 --> 00:45:25,890
always and always has and if you're able

1158
00:45:31,489 --> 00:45:29,400
to navigate navigate that ocean not to

1159
00:45:33,140 --> 00:45:31,499
push any anything into the last thing we

1160
00:45:35,479 --> 00:45:33,150
were talking about but if you're able to

1161
00:45:37,190 --> 00:45:35,489
navigate that ocean as a species those

1162
00:45:39,019 --> 00:45:37,200
different dimensions if you want to call

1163
00:45:40,130 --> 00:45:39,029

them that it comes the point where

1164

00:45:42,759 --> 00:45:40,140

anything that's possible and you can

1165

00:45:47,120 --> 00:45:42,769

people beings who haven't been able to

1166

00:45:49,910 --> 00:45:47,130

navigate that ocean look at you as as

1167

00:45:53,150 --> 00:45:49,920

almost as gods and Mac does discuss this

1168

00:45:56,660 --> 00:45:53,160

a lot in the book the fact that we may

1169

00:45:59,690 --> 00:45:56,670

be tuned to one sort of spectrum I guess

1170

00:46:03,200 --> 00:45:59,700

our spectrum that we live and work and

1171

00:46:05,450 --> 00:46:03,210

breed and die in but the UFO the UFO

1172

00:46:08,890 --> 00:46:05,460

knots from one of a better term might

1173

00:46:11,719 --> 00:46:08,900

have been able some time long ago to

1174

00:46:13,579 --> 00:46:11,729

appear and disappear in different times

1175

00:46:16,400 --> 00:46:13,589

in different situations and different

1176

00:46:19,130 --> 00:46:16,410

possibilities to and will which would go

1177

00:46:21,469 --> 00:46:19,140

towards explaining some of the witness

1178

00:46:23,479 --> 00:46:21,479

testimony and if you stick to the ETH

1179

00:46:25,489 --> 00:46:23,489

that's the other thing about max look it

1180

00:46:27,049 --> 00:46:25,499

doesn't you know he offers a lot of

1181

00:46:30,229 --> 00:46:27,059

alternatives to people a lot of

1182

00:46:31,999 --> 00:46:30,239

alternatives to the it's you know it's

1183

00:46:34,099 --> 00:46:32,009

aliens from other planets so it's not

1184

00:46:35,779 --> 00:46:34,109

aliens from other planets so it's it's

1185

00:46:38,690 --> 00:46:35,789

crap there's there's a belief system

1186

00:46:40,069 --> 00:46:38,700

ongoing on both sides of that and like

1187

00:46:41,690 --> 00:46:40,079

Nick said when you get caught in a

1188

00:46:44,690 --> 00:46:41,700

belief system even if you think it's

1189

00:46:46,640 --> 00:46:44,700

backed up by science you're lost people

1190

00:46:48,859 --> 00:46:46,650

that truly want to know what's going on

1191

00:46:50,779 --> 00:46:48,869

and truly think that the mystery is at

1192

00:46:53,029 --> 00:46:50,789

least partially understandable if not

1193

00:46:54,979 --> 00:46:53,039

solvable have to start looking in other

1194

00:46:57,440 --> 00:46:54,989

places whether it means they're gonna

1195

00:47:00,140 --> 00:46:57,450

you know be invited to speak at UFO

1196

00:47:02,539 --> 00:47:00,150

conferences or put on TV and all that is

1197

00:47:04,459 --> 00:47:02,549

beside the point and unfortunately for a

1198

00:47:06,890 --> 00:47:04,469

lot of people in the UFO I guess the

1199

00:47:08,870 --> 00:47:06,900

luminaries I guess of the UFO arena

1200

00:47:10,479 --> 00:47:08,880

whether they know it or not I think if

1201

00:47:13,219 --> 00:47:10,489

that becomes part of their motivation

1202

00:47:15,049 --> 00:47:13,229

Mac even mentions it in the book but

1203

00:47:16,670 --> 00:47:15,059

what do you say well well as luminaries

1204

00:47:19,400 --> 00:47:16,680

Maya noisily claimed otherwise ethology

1205

00:47:19,700 --> 00:47:19,410

collectively wants to be marginal they

1206

00:47:21,349 --> 00:47:19,710

wanted

1207

00:47:23,210 --> 00:47:21,359

marginal because there at the top there

1208

00:47:24,950 --> 00:47:23,220

are the big fish in the small pond and

1209

00:47:26,120 --> 00:47:24,960

if that pond disappears they don't they

1210

00:47:26,599 --> 00:47:26,130

don't even have a pond to live in

1211

00:47:28,700 --> 00:47:26,609

anymore

1212

00:47:30,740 --> 00:47:28,710

they can't have like I can't get paid to

1213

00:47:32,510 --> 00:47:30,750

write books it gets difficult let me try

1214

00:47:34,339 --> 00:47:32,520

totally left-field question is that's

1215

00:47:37,339 --> 00:47:34,349

why I'm here because I'm a lefty by the

1216

00:47:40,400 --> 00:47:37,349

way so here's a left-field question Carl

1217

00:47:42,680 --> 00:47:40,410

Jung writes the book by UFOs being part

1218

00:47:45,770 --> 00:47:42,690

of our collective unconscious so maybe

1219

00:47:48,079 --> 00:47:45,780

there are an external UFOs but Mother

1220

00:47:50,630 --> 00:47:48,089

Earth is communicating to us somehow

1221

00:47:52,460 --> 00:47:50,640

through our collective unconscious what

1222

00:47:54,410 --> 00:47:52,470

do you think guys well I actually think

1223

00:47:56,570 --> 00:47:54,420

as people some people may not still am i

1224

00:47:58,730 --> 00:47:56,580

writing you know i get into some weird

1225

00:48:00,530 --> 00:47:58,740

areas and i mean this is one of the

1226

00:48:02,030 --> 00:48:00,540

things i found nothing to do with

1227

00:48:03,980 --> 00:48:02,040

cryptids rest rules but you know

1228

00:48:05,990 --> 00:48:03,990

originally coming from england every

1229

00:48:07,970 --> 00:48:06,000

time i used to go down to wheelchair the

1230

00:48:10,010 --> 00:48:07,980

one can see more than any other in

1231

00:48:11,420 --> 00:48:10,020

england where you know the crop circles

1232

00:48:12,890 --> 00:48:11,430

would appear every year you know there

1233

00:48:14,960 --> 00:48:12,900

are all sorts of theories about crop

1234

00:48:17,329 --> 00:48:14,970

circles as well with UFOs but one of the

1235

00:48:19,190 --> 00:48:17,339

more prevalent ones is the idea that

1236

00:48:21,320 --> 00:48:19,200

there's some sort of the earth you know

1237

00:48:23,540 --> 00:48:21,330

but the whole Gaia theory of the earth

1238

00:48:26,060 --> 00:48:23,550

and the notion that crop circles are

1239

00:48:27,980 --> 00:48:26,070

some sort of almost like a stigmata on

1240

00:48:30,620 --> 00:48:27,990

the surface of the planet you know it's

1241

00:48:33,950 --> 00:48:30,630

a wild theory but you know when you're

1242

00:48:35,630 --> 00:48:33,960

faced with that or aliens beaming you

1243

00:48:38,380 --> 00:48:35,640

know some sort of sound waves down to

1244

00:48:40,760 --> 00:48:38,390

the ground or guys with planks or

1245

00:48:42,829 --> 00:48:40,770

witches and wizards you know doing a

1246

00:48:45,079 --> 00:48:42,839

cult rituals in the circles which

1247

00:48:47,660 --> 00:48:45,089

actually does go on anything any theory

1248

00:48:49,940 --> 00:48:47,670

is fair game so you know I think all

1249

00:48:51,800 --> 00:48:49,950

theories have their place and I think we

1250

00:48:54,109 --> 00:48:51,810

should address all theories but it's

1251

00:48:56,900 --> 00:48:54,119

like Greg said me for civil I said

1252

00:48:59,630 --> 00:48:56,910

earlier when addressing a theory becomes

1253

00:49:01,250 --> 00:48:59,640

reinforcing a belief system you might as

1254

00:49:04,010 --> 00:49:01,260

well just give up and go home and watch

1255

00:49:06,140 --> 00:49:04,020

reality TV or something because when you

1256

00:49:08,390 --> 00:49:06,150

when you're in that belief system mode

1257

00:49:10,010 --> 00:49:08,400

nothing else matters and nothing can be

1258

00:49:11,510 --> 00:49:10,020

done you know this be done to get you

1259

00:49:14,000 --> 00:49:11,520

out of it and that's one of the things

1260

00:49:16,609 --> 00:49:14,010

that I find most interesting until you

1261

00:49:19,160 --> 00:49:16,619

go back to the religious metaphor when

1262

00:49:20,930 --> 00:49:19,170

and I'll just take Christianity as an

1263

00:49:22,760 --> 00:49:20,940

example although this generally works

1264

00:49:25,400 --> 00:49:22,770

for every religion the difference

1265

00:49:28,400 --> 00:49:25,410

between sort of faith which i think is

1266

00:49:31,040 --> 00:49:28,410

rooted in a genuine desire to try and

1267

00:49:32,960 --> 00:49:31,050

find out about the other whatever the

1268

00:49:34,790 --> 00:49:32,970

other is so you you have that

1269

00:49:37,550 --> 00:49:34,800

the early years of Christianity all

1270

00:49:39,080 --> 00:49:37,560

sorts of sex all sorts of conversations

1271

00:49:40,550 --> 00:49:39,090

going back and forth I mean early

1272

00:49:42,500 --> 00:49:40,560

Christianity was basically one

1273

00:49:43,910 --> 00:49:42,510

long-running thought experiment by

1274

00:49:46,160 --> 00:49:43,920

people who were trying to evade being

1275

00:49:49,220 --> 00:49:46,170

crucified by the Romans and then

1276

00:49:51,260 --> 00:49:49,230

eventually as with every revolution in

1277

00:49:53,780 --> 00:49:51,270

Christianity was a revolution it gets

1278

00:49:57,050 --> 00:49:53,790

codified it gets calcified some would

1279

00:49:59,390 --> 00:49:57,060

say into a formal dogma that designed

1280

00:50:00,920 --> 00:49:59,400

primarily for social control here's the

1281

00:50:02,720 --> 00:50:00,930

crazy thing that I always find amusing

1282

00:50:04,609 --> 00:50:02,730

is that there's a lot of people who

1283

00:50:06,710 --> 00:50:04,619

write on the internet about the UFO

1284

00:50:09,320 --> 00:50:06,720

phenomenon and the one thing that seems

1285

00:50:10,790 --> 00:50:09,330

to tick them off the most is the idea

1286

00:50:13,700 --> 00:50:10,800

that there would be some central body

1287

00:50:15,140 --> 00:50:13,710

that would police here the Salado we

1288

00:50:17,660 --> 00:50:15,150

can't have a central body that would

1289

00:50:19,010 --> 00:50:17,670

police the ufology well I have news for

1290

00:50:21,560 --> 00:50:19,020

you folks you already have it the

1291

00:50:23,870 --> 00:50:21,570

advocates of the extra trespasses

1292

00:50:26,240 --> 00:50:23,880

they're the de-facto Cardinals of the

1293

00:50:28,520 --> 00:50:26,250

ETH Church as far as I'm concerned and

1294

00:50:30,050 --> 00:50:28,530

so when we talk about religion I wrote

1295

00:50:31,910 --> 00:50:30,060

in my view of the book that Mac was a

1296

00:50:33,410 --> 00:50:31,920

revolutionary and I compared him to

1297

00:50:35,150 --> 00:50:33,420

somebody that your listeners probably

1298

00:50:38,060 --> 00:50:35,160

won't know about but a guy named Henry

1299

00:50:40,370 --> 00:50:38,070

Allen who was a an evangelical in Nova

1300

00:50:42,470 --> 00:50:40,380

Scotia the Maritimes in the late 18th

1301

00:50:43,790 --> 00:50:42,480

century and what Allan did and it's

1302

00:50:45,430 --> 00:50:43,800

worth considering for saying what Allan

1303

00:50:48,200 --> 00:50:45,440

did he was faced with a very rigid

1304

00:50:50,690 --> 00:50:48,210

formalized Congregational Church that

1305

00:50:53,060 --> 00:50:50,700

was very Calvinist in its outlook and he

1306

00:50:54,980 --> 00:50:53,070

said look I stressed the personal

1307

00:50:57,170 --> 00:50:54,990

experience with God and he went around

1308

00:50:58,670 --> 00:50:57,180

the colonies and this leads into my next

1309

00:51:00,020 --> 00:50:58,680

point so it'll make sense went around

1310

00:51:02,180 --> 00:51:00,030

the colonies and they called him a new

1311

00:51:03,680 --> 00:51:02,190

light because all he said none of these

1312

00:51:05,300 --> 00:51:03,690

things that you've created these these

1313

00:51:06,470 --> 00:51:05,310

things about baptism and stuff none of

1314

00:51:08,450 --> 00:51:06,480

that matters all that matters is a

1315

00:51:11,329 --> 00:51:08,460

personal experience with God it was a

1316

00:51:13,520 --> 00:51:11,339

revolutionary kind of thing and then he

1317

00:51:17,000 --> 00:51:13,530

died he died very young as Mac did

1318

00:51:18,829 --> 00:51:17,010

within 20 years his new light sort of

1319

00:51:20,750 --> 00:51:18,839

philosophy had been turned into the

1320

00:51:23,120 --> 00:51:20,760

Baptist Church you know the the

1321

00:51:25,130 --> 00:51:23,130

mainstream religions had co-opted it and

1322

00:51:26,660 --> 00:51:25,140

taken out all of the radical stuff and

1323

00:51:28,970 --> 00:51:26,670

just focused in on the things that they

1324

00:51:31,520 --> 00:51:28,980

could use and my question to you Greg

1325

00:51:34,940 --> 00:51:31,530

and Nick after that long-winded somewhat

1326

00:51:37,250 --> 00:51:34,950

relevant thing is do you think that the

1327

00:51:38,810 --> 00:51:37,260

same thing could happen to max idea

1328

00:51:40,400 --> 00:51:38,820

because I've already seen on the

1329

00:51:42,050 --> 00:51:40,410

internet people talking about the crypto

1330

00:51:43,490 --> 00:51:42,060

terrestrial hypothesis and saying well

1331

00:51:44,059 --> 00:51:43,500

of course this is he's on it this is

1332

00:51:46,189 --> 00:51:44,069

absurd

1333

00:51:47,509 --> 00:51:46,199

Liat this is the right answer and I

1334

00:51:49,249 --> 00:51:47,519

think Mac if he was here would be

1335

00:51:50,599 --> 00:51:49,259

horrified that anybody would say that he

1336

00:51:52,640 --> 00:51:50,609

had come up with the right answer

1337

00:51:54,890 --> 00:51:52,650

Gregg of course he would be horrified he

1338

00:51:57,170 --> 00:51:54,900

was he said many times in the book that

1339

00:51:59,660 --> 00:51:57,180

I'm playing with ideas here this is a

1340

00:52:02,059 --> 00:51:59,670

thought experiment however I did tell

1341

00:52:03,529 --> 00:52:02,069

him over the years as we spoke and over

1342

00:52:05,779 --> 00:52:03,539

the months leading up to the release of

1343

00:52:09,199 --> 00:52:05,789

the book and he would just not accept it

1344

00:52:10,849 --> 00:52:09,209

he was too modest I said you know what I

1345

00:52:13,670 --> 00:52:10,859

think is gonna happen with this book is

1346

00:52:15,559 --> 00:52:13,680

that a few people will notice it there

1347

00:52:18,019 --> 00:52:15,569

will be some talk about it it will cause

1348

00:52:21,049 --> 00:52:18,029

a stir for a few months and then in the

1349

00:52:23,900 --> 00:52:21,059

months and the years and I suppose the

1350

00:52:26,269 --> 00:52:23,910

decades after it people coming into the

1351
00:52:28,009 --> 00:52:26,279
field will read it and say you know why

1352
00:52:29,329 --> 00:52:28,019
hasn't anybody said this before this is

1353
00:52:31,969 --> 00:52:29,339
incredible why don't more people know

1354
00:52:34,189 --> 00:52:31,979
about this and that you know that may

1355
00:52:36,829 --> 00:52:34,199
start some sort of turnover and what

1356
00:52:39,109 --> 00:52:36,839
people do when they get into the UFO

1357
00:52:41,749 --> 00:52:39,119
field and what they concentrate on what

1358
00:52:43,759 --> 00:52:41,759
kind of questions they ask what max

1359
00:52:45,319 --> 00:52:43,769
doing with the book is is asking

1360
00:52:48,109 --> 00:52:45,329
questions that haven't been asked before

1361
00:52:50,689 --> 00:52:48,119
and offering some cautious tenuous

1362
00:52:55,009 --> 00:52:50,699
explanations hoping that other people

1363
00:52:57,109 --> 00:52:55,019

will one read and to expand on his ideas

1364

00:52:58,670 --> 00:52:57,119

I think he was kind of he was kind of

1365

00:53:00,859 --> 00:52:58,680

saying hey everybody this stuff is

1366

00:53:03,019 --> 00:53:00,869

around it's been around for a while

1367

00:53:04,430 --> 00:53:03,029

these ideas that he has why don't you

1368

00:53:06,890 --> 00:53:04,440

take a look at it and run with it

1369

00:53:09,199 --> 00:53:06,900

and I think that's what the contribution

1370

00:53:12,049 --> 00:53:09,209

of the book is what should I sometimes

1371

00:53:15,259 --> 00:53:12,059

see in the UFO field and is that we did

1372

00:53:17,839 --> 00:53:15,269

discuss all alternative theories back in

1373

00:53:19,969 --> 00:53:17,849

the 60s and 70s yeah and then they died

1374

00:53:21,739 --> 00:53:19,979

off and then suddenly we're no longer

1375

00:53:23,870 --> 00:53:21,749

talking about the alternative theories

1376

00:53:26,180 --> 00:53:23,880

if you wake up one day and it's back to

1377

00:53:28,519 --> 00:53:26,190

ETH and you think about the cycles here

1378

00:53:30,410 --> 00:53:28,529

and the unfortunate thing here is we

1379

00:53:32,299 --> 00:53:30,420

have this great work here we have

1380

00:53:34,039 --> 00:53:32,309

someone who unfortunately is no longer

1381

00:53:37,039 --> 00:53:34,049

around to expand it and we hope that

1382

00:53:39,109 --> 00:53:37,049

people like you will be able to expand

1383

00:53:41,269 --> 00:53:39,119

these ideas and come up with more

1384

00:53:43,579 --> 00:53:41,279

theories more suggestions of what to

1385

00:53:45,259 --> 00:53:43,589

investigate and how but maybe 20 years

1386

00:53:46,969 --> 00:53:45,269

from now they'll just be reading Donald

1387

00:53:48,140 --> 00:53:46,979

Kehoe all over again and that will be

1388

00:53:49,090 --> 00:53:48,150

the way in the truth

1389

00:53:51,400 --> 00:53:49,100

god I hope

1390

00:53:54,400 --> 00:53:51,410

I mean that's I'm hoping that that's not

1391

00:53:55,900 --> 00:53:54,410

the case if you look at the these what

1392

00:53:57,910 --> 00:53:55,910

was the book Thomas to instructor

1393

00:53:59,620 --> 00:53:57,920

structure of scientific revolutions I

1394

00:54:01,960 --> 00:53:59,630

think at the at the end of his

1395

00:54:04,480 --> 00:54:01,970

conclusion was basically the people that

1396

00:54:06,430 --> 00:54:04,490

are pushing the old theories that don't

1397

00:54:08,830 --> 00:54:06,440

want to let go of them have to actually

1398

00:54:11,340 --> 00:54:08,840

essentially die off before new ideas can

1399

00:54:13,750 --> 00:54:11,350

come I'm hoping in my most optimistic

1400

00:54:15,160 --> 00:54:13,760

times that that's what will happen with

1401

00:54:16,420 --> 00:54:15,170

max book and other books that are

1402

00:54:19,990 --> 00:54:16,430

similar to it that people generally

1403

00:54:21,790 --> 00:54:20,000

ignore like Greg little's books or or Jim

1404

00:54:24,670 --> 00:54:21,800

Brandon is one book on the subject and

1405

00:54:27,580 --> 00:54:24,680

the rebirth of pan which would share a

1406

00:54:29,320 --> 00:54:27,590

lot of themes ideas theories with Max

1407

00:54:31,840 --> 00:54:29,330

you know what's ironic about that is

1408

00:54:34,390 --> 00:54:31,850

that Stan Friedman in almost all of his

1409

00:54:37,390 --> 00:54:34,400

lectures uses that longing to bolster

1410

00:54:39,130 --> 00:54:37,400

the extra-terrestrial hypothesis the

1411

00:54:40,930 --> 00:54:39,140

it's actually in my film Stanton T

1412

00:54:42,310 --> 00:54:40,940

Friedman is real I have him saying it to

1413

00:54:44,410 --> 00:54:42,320

somebody at a conference saying you know

1414

00:54:46,390 --> 00:54:44,420

it was Max Planck in order for

1415

00:54:48,250 --> 00:54:46,400

scientific progress to take place the

1416

00:54:51,100 --> 00:54:48,260

people that held the old ideas kind of

1417

00:54:53,560 --> 00:54:51,110

have to die off and in a weird sense of

1418

00:54:55,450 --> 00:54:53,570

irony and believe me I hope Stan lives

1419

00:54:58,510 --> 00:54:55,460

another 50 years in the robot body or

1420

00:55:01,420 --> 00:54:58,520

something but download him that's how it

1421

00:55:03,520 --> 00:55:01,430

works exactly do a virtual reality sort

1422

00:55:06,550 --> 00:55:03,530

of in the Catskills where his jokes will

1423

00:55:10,570 --> 00:55:06,560

make sense but you know that idea that

1424

00:55:12,130 --> 00:55:10,580

they have become the orthodoxy and in a

1425

00:55:13,030 --> 00:55:12,140

field to two things that strike me is

1426

00:55:15,400 --> 00:55:13,040

always funny one

1427

00:55:17,140 --> 00:55:15,410

it's the how can you have an orthodoxy

1428

00:55:19,210 --> 00:55:17,150

where you don't know the answer I mean

1429

00:55:21,220 --> 00:55:19,220

the UFO phenomenon is a mystery it's

1430

00:55:24,100 --> 00:55:21,230

weird it's fun you know what frankly

1431

00:55:25,960 --> 00:55:24,110

it's a little wacky sometimes too and I

1432

00:55:29,500 --> 00:55:25,970

think it's a very reductionist approach

1433

00:55:32,140 --> 00:55:29,510

that is very human of us - I think the

1434

00:55:34,270 --> 00:55:32,150

extra-terrestrial hypothesis ironically

1435

00:55:36,040 --> 00:55:34,280

is the most human hypothesis of all of

1436

00:55:38,050 --> 00:55:36,050

them because it's not really about what

1437

00:55:40,900 --> 00:55:38,060

the answer is it's about what we want

1438

00:55:43,300 --> 00:55:40,910

the answer is to be and and what we can

1439

00:55:44,830 --> 00:55:43,310

wrap our minds around and that's it

1440

00:55:46,060 --> 00:55:44,840

that's what most people can wrap their

1441

00:55:48,340 --> 00:55:46,070

minds around whereas you get a guy like

1442

00:55:50,440 --> 00:55:48,350

Mac who's flying out there he's going

1443

00:55:51,490 --> 00:55:50,450

out in the edges and I am Nick I'm gonna

1444

00:55:53,050 --> 00:55:51,500

throw this one to you I'm just gonna

1445

00:55:55,270 --> 00:55:53,060

read the last thing that he wrote in the

1446

00:55:57,550 --> 00:55:55,280

book before he has one thing about our

1447

00:55:58,780 --> 00:55:57,560

own future but he writes this if we're

1448

00:56:00,190 --> 00:55:58,790

dealing with the truly alien

1449

00:56:01,780 --> 00:56:00,200

intelligence there's

1450

00:56:04,510 --> 00:56:01,790

promised that its thinking will be

1451
00:56:06,550 --> 00:56:04,520
linear indeed its inherent weirdness

1452
00:56:08,829 --> 00:56:06,560
might serve as an appeal to an aspect of

1453
00:56:10,630 --> 00:56:08,839
the psyche we've allowed to atrophy it

1454
00:56:12,819 --> 00:56:10,640
might be trying to rouse us from our

1455
00:56:15,250 --> 00:56:12,829
stupor in which case it's tempting to

1456
00:56:18,130 --> 00:56:15,260
wonder if the supposed extraterrestrials

1457
00:56:21,370 --> 00:56:18,140
are literally us in some arcane sense

1458
00:56:23,319 --> 00:56:21,380
nick comment yeah i mean i think you

1459
00:56:25,599 --> 00:56:23,329
know that this this obviously looks into

1460
00:56:28,240 --> 00:56:25,609
a number of controversial areas but the

1461
00:56:30,670 --> 00:56:28,250
main thrust is that you know I think we

1462
00:56:32,380 --> 00:56:30,680
might not necessarily see these entities

1463
00:56:35,230 --> 00:56:32,390

for what they are and understand them

1464

00:56:37,240 --> 00:56:35,240

because we put our own blinkered notions

1465

00:56:40,420 --> 00:56:37,250

on them as you've sort of just alluded

1466

00:56:41,530 --> 00:56:40,430

to you know the idea that if aliens are

1467

00:56:43,210 --> 00:56:41,540

coming here you know they have a

1468

00:56:45,490 --> 00:56:43,220

hierarchy they're the cats in there are

1469

00:56:47,920 --> 00:56:45,500

left N and they have the radar guy the

1470

00:56:49,180 --> 00:56:47,930

guy who fires and missiles of the planet

1471

00:56:51,819 --> 00:56:49,190

that sort of thing you know what I mean

1472

00:56:54,010 --> 00:56:51,829

it's kind of like that's so simplistic

1473

00:56:55,900 --> 00:56:54,020

and almost sort of in line with the

1474

00:56:57,700 --> 00:56:55,910

contactee thinking of the fifties you

1475

00:56:59,890 --> 00:56:57,710

know somebody meets space commanders

1476

00:57:01,690 --> 00:56:59,900

acts and planet whatever and I

1477

00:57:03,970 --> 00:57:01,700

understand that for some people you know

1478

00:57:06,609 --> 00:57:03,980

the simplistic approach works and they

1479

00:57:09,460 --> 00:57:06,619

portray the phenomenon innocent in a way

1480

00:57:12,069 --> 00:57:09,470

that they can understand and relate to

1481

00:57:14,200 --> 00:57:12,079

but if this phenomenon is so truly weird

1482

00:57:15,970 --> 00:57:14,210

we don't even understand it but we don't

1483

00:57:19,089 --> 00:57:15,980

possibly even recognize it when we see

1484

00:57:21,190 --> 00:57:19,099

it for what it is then we're in big

1485

00:57:24,309 --> 00:57:21,200

trouble and you know the the whole idea

1486

00:57:26,349 --> 00:57:24,319

that the phenomenon isn't what it seems

1487

00:57:29,349 --> 00:57:26,359

what I don't understand is why so

1488

00:57:31,599 --> 00:57:29,359

threatening why is it people who support

1489

00:57:33,309 --> 00:57:31,609

the a th are so threatened by the idea

1490

00:57:36,339 --> 00:57:33,319

that there could be another theory

1491

00:57:38,530 --> 00:57:36,349

equally fantastic equally amazing if it

1492

00:57:39,880 --> 00:57:38,540

was proven but he just didn't mean that

1493

00:57:42,250 --> 00:57:39,890

aliens from another world weren't

1494

00:57:44,559 --> 00:57:42,260

visiting I truly don't understand why

1495

00:57:46,750 --> 00:57:44,569

that is a threat other than the fact

1496

00:57:49,150 --> 00:57:46,760

that he destroys their belief system but

1497

00:57:51,099 --> 00:57:49,160

why why should that be a threat even so

1498

00:57:53,200 --> 00:57:51,109

you know why can we not accept that

1499

00:57:54,849 --> 00:57:53,210

something's going on but hey you know it

1500

00:57:57,579 --> 00:57:54,859

doesn't involve long-haired aliens of

1501
00:57:59,859 --> 00:57:57,589
venus or little black eyed guys and say

1502
00:58:01,329 --> 00:57:59,869
to Reticuli you know the idea that there

1503
00:58:03,069 --> 00:58:01,339
could be an impoverished society

1504
00:58:05,770 --> 00:58:03,079
published society hiding promised for

1505
00:58:07,450 --> 00:58:05,780
5,000 years if that was proven you know

1506
00:58:09,010 --> 00:58:07,460
hiding out in the jungles of South

1507
00:58:11,680 --> 00:58:09,020
America or somewhere you know with their

1508
00:58:12,930 --> 00:58:11,690
last 30 crafts as they died from some

1509
00:58:16,380 --> 00:58:12,940
sort of weird prison

1510
00:58:17,280 --> 00:58:16,390
area type illnesses you know that would

1511
00:58:19,170 --> 00:58:17,290
be amazing

1512
00:58:20,400 --> 00:58:19,180
and we would have solved the UFO mystery

1513
00:58:22,530 --> 00:58:20,410

and we should be congratulating

1514

00:58:25,559 --> 00:58:22,540

ourselves but you can have thousands of

1515

00:58:27,270 --> 00:58:25,569

people sulking purely because it doesn't

1516

00:58:31,380 --> 00:58:27,280

appalled the a th and you know it's

1517

00:58:33,329 --> 00:58:31,390

sometimes like is it worth it I think

1518

00:58:35,640 --> 00:58:33,339

you know it's such a marginal Mack

1519

00:58:37,650 --> 00:58:35,650

writes about how you follow G as as much

1520

00:58:39,420 --> 00:58:37,660

collectively Martin if they see th

1521

00:58:42,329 --> 00:58:39,430

aspects of it have collectively

1522

00:58:43,829 --> 00:58:42,339

marginalized themselves and he sort of

1523

00:58:46,710 --> 00:58:43,839

posits that they've done it on purpose

1524

00:58:48,990 --> 00:58:46,720

and to me it's kind of like Irene Mack

1525

00:58:51,390 --> 00:58:49,000

was a huge fan of REM and he and I would

1526

00:58:53,520 --> 00:58:51,400

talk about this I remember REM when they

1527

00:58:56,220 --> 00:58:53,530

were sort of this cool little college

1528

00:58:57,540 --> 00:58:56,230

van that nobody knew about unless you

1529

00:58:59,430 --> 00:58:57,550

happened to be in college and then they

1530

00:59:01,050 --> 00:58:59,440

hit the mainstream they broke I think it

1531

00:59:02,130 --> 00:59:01,060

was the one I love and then it's the end

1532

00:59:04,319 --> 00:59:02,140

of the world as we know it

1533

00:59:05,490 --> 00:59:04,329

and suddenly everybody was listening to

1534

00:59:08,400 --> 00:59:05,500

them the same thing happened with you

1535

00:59:10,140 --> 00:59:08,410

two and the weird thing is a lot of

1536

00:59:12,839 --> 00:59:10,150

their cool college fans said oh well

1537

00:59:14,640 --> 00:59:12,849

they they sold out and be you know they

1538

00:59:17,220 --> 00:59:14,650

were jealous that all of a sudden all

1539

00:59:19,200 --> 00:59:17,230

these people kind of wanted to listen to

1540

00:59:21,359 --> 00:59:19,210

I am in you too because REM and YouTube

1541

00:59:23,220 --> 00:59:21,369

were their bands and I sometimes

1542

00:59:25,800 --> 00:59:23,230

wondering I think Mack hints at this in

1543

00:59:27,839 --> 00:59:25,810

his book the ufology especially the

1544

00:59:28,920 --> 00:59:27,849

extra-terrestrial hypothesis people are

1545

00:59:30,569 --> 00:59:28,930

a lot like that too

1546

00:59:33,120 --> 00:59:30,579

you know they think they're in on the

1547

00:59:34,950 --> 00:59:33,130

secret the pearl is the religious people

1548

00:59:36,930 --> 00:59:34,960

would call it and I think they're

1549

00:59:41,040 --> 00:59:36,940

actually there's that an element of fear

1550

00:59:42,809 --> 00:59:41,050

that if everybody starts to be

1551
00:59:44,370 --> 00:59:42,819
interested in this to think about it to

1552
00:59:45,690 --> 00:59:44,380
talk about it they're not going to be

1553
00:59:47,520 --> 00:59:45,700
terribly relevant anymore

1554
00:59:49,500 --> 00:59:47,530
they'll have to give up their stuff

1555
00:59:51,450 --> 00:59:49,510
they'll have to get their feel I'll have

1556
00:59:52,800 --> 00:59:51,460
to go back to having a real life we'll

1557
00:59:54,809 --> 00:59:52,810
have more of a real life on the other

1558
00:59:57,450 --> 00:59:54,819
side of the power cast with guest host

1559
01:00:00,210 --> 00:59:57,460
Paul Kimball Nicholas Redfern Greg

1560
01:00:03,690 --> 01:00:00,220
Bishop we're talking about the crypto to

1561
01:00:09,870 --> 01:00:07,319
so Frank what do you think about UFOs I

1562
01:00:12,420 --> 01:00:09,880
saw one once I think they're out there

1563
01:00:13,620 --> 01:00:12,430

know what they are I don't know well I

1564

01:00:15,329 --> 01:00:13,630

believe that something is out there I

1565

01:00:17,460 --> 01:00:15,339

think that those things that you see in

1566

01:00:19,380 --> 01:00:17,470

the sky are only one small manifestation

1567

01:00:22,289 --> 01:00:19,390

of a whole wide range of phenomena that

1568

01:00:31,260 --> 01:00:22,299

people haven't properly named or have

1569

01:00:33,180 --> 01:00:31,270

attributed the wrong source to we want

1570

01:00:35,520 --> 01:00:33,190

welcome back to the parent house

1579

01:01:09,940 --> 01:01:07,599

the topic of discussion is a book by the

1580

01:01:13,900 --> 01:01:09,950

late Mac Tony's the crypto terrestrials

1581

01:01:15,549 --> 01:01:13,910

and by its title implicit that the UFO

1582

01:01:18,219 --> 01:01:15,559

knots whatever they are they come from

1583

01:01:21,370 --> 01:01:18,229

here not from out there but here may

1584

01:01:23,289 --> 01:01:21,380

entail loads of possibilities co-host is

1585

01:01:25,839 --> 01:01:23,299

Paul Kimball we have Nicolas Redfern

1586

01:01:28,299 --> 01:01:25,849

Greg Bishop they all knew Mac Tony's

1587

01:01:30,519 --> 01:01:28,309

very well understanding where he came

1588

01:01:32,349 --> 01:01:30,529

from now I'll give you the idea that

1589

01:01:34,299 --> 01:01:32,359

keeps occurring to me when I read

1590

01:01:36,849 --> 01:01:34,309

through this book and Mac gets into it

1591

01:01:39,430 --> 01:01:36,859

slightly Richard shaver Richard shaver

1592

01:01:41,829 --> 01:01:39,440

working as a welder starts writing these

1593

01:01:44,130 --> 01:01:41,839

stories which he sends to Ray Palmer

1594

01:01:47,529 --> 01:01:44,140

editor of amazing stories magazine

1595

01:01:50,829 --> 01:01:47,539

saying that he somehow is in touch with

1596

01:01:52,749 --> 01:01:50,839

those beings down there the DeRose the

1597

01:01:54,969 --> 01:01:52,759

tiros and there were a couple of things

1598

01:01:56,859 --> 01:01:54,979

about what Palmer and shaver said and I

1599

01:01:58,420 --> 01:01:56,869

knew them both by the way ok I'm not

1600

01:01:59,890 --> 01:01:58,430

boasting I just happen to know them you

1601
01:02:01,390 --> 01:01:59,900
know I've been around forever and I

1602
01:02:01,989 --> 01:02:01,400
wrote the very first song maybe that's

1603
01:02:03,940 --> 01:02:01,999
part of it

1604
01:02:05,829 --> 01:02:03,950
but they were saying before there were

1605
01:02:07,779 --> 01:02:05,839
flying saucers or we use the term flying

1606
01:02:09,430 --> 01:02:07,789
saucers Ray Palmer was writing about

1607
01:02:12,009 --> 01:02:09,440
them in the shaper stories that he

1608
01:02:15,370 --> 01:02:12,019
edited and rewrote and then Palmer said

1609
01:02:18,579 --> 01:02:15,380
flying saucers are here to make us think

1610
01:02:20,499 --> 01:02:18,589
so guys what are flying saucers here to

1611
01:02:22,900 --> 01:02:20,509
make us think about who wants to pick up

1612
01:02:25,599 --> 01:02:22,910
on that I'll do it first yeah I played

1613
01:02:28,630 --> 01:02:25,609

with this idea for a long time I think

1614

01:02:31,569 --> 01:02:28,640

that the UFO phenomenon is it seems

1615

01:02:33,700 --> 01:02:31,579

always tantalizingly just ahead of what

1616

01:02:36,880 --> 01:02:33,710

we can think of or what we can believe

1617

01:02:39,029 --> 01:02:36,890

so we put everything that we think on it

1618

01:02:42,940 --> 01:02:39,039

and not as none of it fits perfectly so

1619

01:02:45,969 --> 01:02:42,950

other people have said that's what it's

1620

01:02:49,660 --> 01:02:45,979

doing basically is showing us something

1621

01:02:52,120 --> 01:02:49,670

that doesn't make any sense as you know

1622

01:02:54,489 --> 01:02:52,130

as we apply our our ideas of science and

1623

01:02:56,259 --> 01:02:54,499

reality and kind of trying to pull us

1624

01:02:58,509 --> 01:02:56,269

into the future you know maybe it's us

1625

01:03:01,690 --> 01:02:58,519

in some way trying to get ourselves to

1626

01:03:03,279 --> 01:03:01,700

evolve and that idea is I'm sure gene

1627

01:03:06,099 --> 01:03:03,289

knows that idea has been around for

1628

01:03:09,489 --> 01:03:06,109

quite a quite a while yeah I even heard

1629

01:03:11,200 --> 01:03:09,499

but Hawk and say that UFO phenomenon is

1630

01:03:13,479 --> 01:03:11,210

pulling us kicking and screaming into

1631

01:03:15,250 --> 01:03:13,489

the next year of of science although I

1632

01:03:18,040 --> 01:03:15,260

don't know if he applies that

1633

01:03:21,040 --> 01:03:18,050

so yeah it's it's it's there it's

1634

01:03:23,140 --> 01:03:21,050

undeniable and you know and to deny it

1635

01:03:26,130 --> 01:03:23,150

but as some people do then say that it's

1636

01:03:28,630 --> 01:03:26,140

all hallucinations or whatever is is

1637

01:03:31,480 --> 01:03:28,640

intellectually dishonest

1638

01:03:34,480 --> 01:03:31,490

you know the cripton terrestrials is

1639

01:03:36,160 --> 01:03:34,490

trying to be absolutely honest in the

1640

01:03:38,650 --> 01:03:36,170

way that mac looked at the problem and

1641

01:03:40,630 --> 01:03:38,660

the suggestions he's making and he gets

1642

01:03:42,160 --> 01:03:40,640

into stuff that doesn't most people

1643

01:03:44,500 --> 01:03:42,170

wouldn't look at and say that's

1644

01:03:47,170 --> 01:03:44,510

obviously related to the UFO phenomenon

1645

01:03:48,819 --> 01:03:47,180

for instance he writes this will be a

1646

01:03:50,890 --> 01:03:48,829

shorter quote don't worry your rights

1647

01:03:53,560 --> 01:03:50,900

given the vast number of reported out of

1648

01:03:55,089 --> 01:03:53,570

body and near-death experiences not two

1649

01:03:57,220 --> 01:03:55,099

things that you often hear talked about

1650

01:03:59,589 --> 01:03:57,230

it your average UFO conference even

1651

01:04:01,120 --> 01:03:59,599

right that part I did he writes I find

1652

01:04:03,130 --> 01:04:01,130

it difficult to reject the pop the

1653

01:04:04,900 --> 01:04:03,140

prospect of non-local consciousness

1654

01:04:06,790 --> 01:04:04,910

perhaps the sufficiently advanced

1655

01:04:09,550 --> 01:04:06,800

technology can manipulate the quote

1656

01:04:11,290 --> 01:04:09,560

quote soul as easily as we spliced genes

1657

01:04:13,870 --> 01:04:11,300

or mixed chemicals and test tubes

1658

01:04:15,790 --> 01:04:13,880

if so encounters with extraterrestrials

1659

01:04:17,819 --> 01:04:15,800

may help provide a working knowledge of

1660

01:04:19,839 --> 01:04:17,829

how to modify and transfer consciousness

1661

01:04:21,819 --> 01:04:19,849

abilities that seem remote to the

1662

01:04:23,829 --> 01:04:21,829

current terrestrial state of the art but

1663

01:04:26,079 --> 01:04:23,839

may prove invaluable in a future where

1664

01:04:28,000 --> 01:04:26,089

telepresence and virtual reality are

1665

01:04:29,770 --> 01:04:28,010

integral to communication and then he

1666

01:04:32,170 --> 01:04:29,780

writes already the capabilities of brain

1667

01:04:34,470 --> 01:04:32,180

machine interfaces are tantalisingly

1668

01:04:37,180 --> 01:04:34,480

like the popular perception of telepathy

1669

01:04:39,640 --> 01:04:37,190

often thought of and strictly paranormal

1670

01:04:41,950 --> 01:04:39,650

or even magical terms now Greg you've

1671

01:04:44,950 --> 01:04:41,960

read a lot of Dean Raiden's work and

1672

01:04:47,470 --> 01:04:44,960

you've interviewed Raiden as I recall is

1673

01:04:49,240 --> 01:04:47,480

there some sort of linkage perhaps

1674

01:04:50,559 --> 01:04:49,250

between something like what max writing

1675

01:04:52,960 --> 01:04:50,569

about there and getting into things like

1676

01:04:55,599 --> 01:04:52,970

telepathy and the work of guys like

1677

01:04:57,250 --> 01:04:55,609

Raiden in parapsychology who have delved

1678

01:04:59,740 --> 01:04:57,260

into that is there some sort of

1679

01:05:02,530 --> 01:04:59,750

possibility that Mac might have been on

1680

01:05:05,109 --> 01:05:02,540

to dare I say it a unified field theory

1681

01:05:06,940 --> 01:05:05,119

of the paranormal just wondering well I

1682

01:05:09,040 --> 01:05:06,950

think he's on to it because he lets his

1683

01:05:11,440 --> 01:05:09,050

mind go into areas that other people are

1684

01:05:13,599 --> 01:05:11,450

already did other people are kind of

1685

01:05:15,809 --> 01:05:13,609

scared to go yeah and there's there a

1686

01:05:17,920 --> 01:05:15,819

definite linkages because throughout

1687

01:05:19,870 --> 01:05:17,930

Raiden's research I interviewed him in

1688

01:05:22,270 --> 01:05:19,880

the mid 90s he's done a lot more since

1689

01:05:23,420 --> 01:05:22,280

then if people don't know Dean Radin is

1690

01:05:27,620 --> 01:05:23,430

a

1691

01:05:30,319 --> 01:05:27,630

scientific experiments on

1692

01:05:32,599 --> 01:05:30,329

mind-over-matter for probably 20 years

1693

01:05:34,010 --> 01:05:32,609

what came out of that interview I had

1694

01:05:37,789 --> 01:05:34,020

with him and what's relevant to this

1695

01:05:39,079 --> 01:05:37,799

discussion is he took basically what

1696

01:05:41,299 --> 01:05:39,089

should have taken a two-hour interview

1697

01:05:42,620 --> 01:05:41,309

he I interviewed him for five hours and

1698

01:05:44,210 --> 01:05:42,630

what I realized at the end of the

1699

01:05:47,859 --> 01:05:44,220

interview is he was trying to get me to

1700

01:05:50,240 --> 01:05:47,869

to get my mind around the concept that

1701

01:05:50,900 --> 01:05:50,250

basically to put in a few words time is

1702

01:05:53,660 --> 01:05:50,910

an illusion

1703

01:05:55,880 --> 01:05:53,670

and causality does not necessarily flow

1704

01:05:57,740 --> 01:05:55,890

in the way we think it is from you know

1705

01:05:59,750 --> 01:05:57,750

from cause to effect that sometimes the

1706

01:06:01,849 --> 01:05:59,760

effect comes first and he had found out

1707

01:06:03,920 --> 01:06:01,859

in some of his experiments and if you

1708

01:06:06,079 --> 01:06:03,930

get it sounds to me like somebody you

1709

01:06:09,109 --> 01:06:06,089

know a child just barely able to use a

1710

01:06:11,690 --> 01:06:09,119

tool figuring out what might have the

1711

01:06:14,029 --> 01:06:11,700

implications of what we see in the UFO

1712

01:06:16,400 --> 01:06:14,039

phenomena witness witness testimony

1713

01:06:19,010 --> 01:06:16,410

about things disappearing reappearing

1714

01:06:22,099 --> 01:06:19,020

and precognition of something that might

1715

01:06:24,920 --> 01:06:22,109

happen that's a hugely ignoring part of

1716

01:06:26,870 --> 01:06:24,930

the UFO phenomenon is is the effect on

1717

01:06:28,250 --> 01:06:26,880

the witness you know nobody ever asks

1718

01:06:30,289 --> 01:06:28,260

how does that make how did that make you

1719

01:06:32,240 --> 01:06:30,299

feel or follows up with them what

1720

01:06:33,980 --> 01:06:32,250

happened to you later things like that

1721

01:06:37,160 --> 01:06:33,990

that show that we're intimately

1722

01:06:39,109 --> 01:06:37,170

connected individually with this

1723

01:06:41,660 --> 01:06:39,119

phenomenon and the reactions to it are

1724

01:06:43,700 --> 01:06:41,670

almost as individual as people are and

1725

01:06:47,420 --> 01:06:43,710

Mac does discuss this in the book as

1726

01:06:49,910 --> 01:06:47,430

well and he does give voice to the idea

1727

01:06:52,670 --> 01:06:49,920

that we're probably as responsible for

1728

01:06:54,829 --> 01:06:52,680

what we think about the UFO phenomenon

1729

01:06:55,400 --> 01:06:54,839

as the phenomenon is itself if you know

1730

01:06:58,099 --> 01:06:55,410

what I'm saying

1731

01:07:00,470 --> 01:06:58,109

we are very complicit in the creation of

1732

01:07:02,029 --> 01:07:00,480

that idea or that reality Nick where you

1733

01:07:04,309 --> 01:07:02,039

think of all that well yeah I mean go

1734

01:07:06,950 --> 01:07:04,319

back and check out back to you know the

1735

01:07:10,250 --> 01:07:06,960

original kind of thrust is to you know

1736

01:07:11,900 --> 01:07:10,260

where Greg said the phenomenon seems to

1737

01:07:14,660 --> 01:07:11,910

be one step ahead of us all the time

1738

01:07:15,920 --> 01:07:14,670

and trying to teach us something I would

1739

01:07:18,260 --> 01:07:15,930

actually agree with that but I think

1740

01:07:21,589 --> 01:07:18,270

it's more of an either/or it's either

1741

01:07:24,109 --> 01:07:21,599

that or it's a phenomenon that is trying

1742

01:07:26,269 --> 01:07:24,119

to deceive us into believing you know

1743

01:07:29,480 --> 01:07:26,279

it's extraterrestrial or whatever I

1744

01:07:30,110 --> 01:07:29,490

think there is good evidence people you

1745

01:07:33,170 --> 01:07:30,120

know who

1746

01:07:36,650 --> 01:07:33,180

profound UFO encounters are radically

1747

01:07:38,870 --> 01:07:36,660

transformed in in a way that eerily and

1748

01:07:40,340 --> 01:07:38,880

chillingly parallels deep religious

1749

01:07:42,440 --> 01:07:40,350

experiences you know where somebody is

1750

01:07:44,690 --> 01:07:42,450

quite literally sent on a path that

1751

01:07:47,030 --> 01:07:44,700

alters their lives but of course the big

1752

01:07:49,850 --> 01:07:47,040

question is what's the motivation behind

1753

01:07:52,430 --> 01:07:49,860

me UFOs may be able maybe trying to

1754

01:07:54,800 --> 01:07:52,440

alter our way of thinking or you know

1755

01:07:57,140 --> 01:07:54,810

teachers etc but what's the motivation

1756

01:07:59,630 --> 01:07:57,150

is it for our benefits or is it for

1757

01:08:01,550 --> 01:07:59,640

their benefit and I think these are all

1758

01:08:03,410 --> 01:08:01,560

you know important issues I think I

1759

01:08:05,090 --> 01:08:03,420

think regulates an extremely valid point

1760

01:08:07,490 --> 01:08:05,100

that I hundred percent agree with that

1761

01:08:09,890 --> 01:08:07,500

the phenomenon deliberately stays one

1762

01:08:12,890 --> 01:08:09,900

step ahead of us to ensure that we

1763

01:08:14,900 --> 01:08:12,900

continue to look into it but you know

1764

01:08:18,500 --> 01:08:14,910

are we being kind of like you know be

1765

01:08:20,690 --> 01:08:18,510

the fish chasing the bait on the end of

1766

01:08:23,360 --> 01:08:20,700

the fishing rod you know or is it

1767

01:08:26,210 --> 01:08:23,370

somebody really kind of help us I don't

1768

01:08:29,090 --> 01:08:26,220

know I don't think we should race to

1769

01:08:30,980 --> 01:08:29,100

conclusions one way or the other and I

1770

01:08:32,450 --> 01:08:30,990

think that's that's what Matt did I mean

1771

01:08:34,130 --> 01:08:32,460

one thing I did want to mention this is

1772

01:08:35,450 --> 01:08:34,140

slightly going off track but you know

1773

01:08:37,550 --> 01:08:35,460

the one of the things a lot of people

1774

01:08:39,860 --> 01:08:37,560

forget or haven't noticed it's a

1775

01:08:42,440 --> 01:08:39,870

subtitle for max book which is a

1776

01:08:44,510 --> 01:08:42,450

meditation on indigenous humanoids in

1777

01:08:45,890 --> 01:08:44,520

the aliens amongst us you know the first

1778

01:08:48,829 --> 01:08:45,900

the most important thing of the first

1779

01:08:50,780 --> 01:08:48,839

two words a meditation you know it's a

1780

01:08:52,340 --> 01:08:50,790

theory you know all these people are

1781

01:08:54,349 --> 01:08:52,350

shouting and scream and that well this

1782

01:08:56,270 --> 01:08:54,359

just couldn't be they've missed the

1783

01:08:58,640 --> 01:08:56,280

point of what Mack was doing you know

1784

01:09:00,200 --> 01:08:58,650

he's asking questions instead of you

1785

01:09:03,170 --> 01:09:00,210

know with their lofty approach of

1786

01:09:05,240 --> 01:09:03,180

already having the answers ya know and

1787

01:09:07,730 --> 01:09:05,250

that's in my review of this book that's

1788

01:09:09,140 --> 01:09:07,740

why I called him a revolutionary and I

1789

01:09:11,240 --> 01:09:09,150

really you know what I really think

1790

01:09:12,680 --> 01:09:11,250

then people one or two people didn't

1791

01:09:14,390 --> 01:09:12,690

criticize me but they just pointed out

1792

01:09:15,559 --> 01:09:14,400

look he was one of your best friends of

1793

01:09:17,840 --> 01:09:15,569

course you'd write something nice like

1794

01:09:19,490 --> 01:09:17,850

that about him and as I pointed out to

1795

01:09:22,190 --> 01:09:19,500

them well Nick's one of my best friends

1796

01:09:24,200 --> 01:09:22,200

too but as Nick would recall my review

1797

01:09:26,360 --> 01:09:24,210

of Body Snatchers in the desert was you

1798

01:09:27,800 --> 01:09:26,370

know less than kind in some respects so

1799

01:09:28,820 --> 01:09:27,810

I don't think any of them I know I was

1800

01:09:30,440 --> 01:09:28,830

just gonna say I don't think any of us

1801

01:09:32,329 --> 01:09:30,450

have any problem if we had read the

1802

01:09:35,329 --> 01:09:32,339

crypto terrestrials and said wow this is

1803

01:09:37,579 --> 01:09:35,339

not sir backs up over the lunch we would

1804

01:09:39,860 --> 01:09:37,589

have said so when I look at it and I say

1805

01:09:42,160 --> 01:09:39,870

look this guy was having not that his

1806

01:09:44,169 --> 01:09:42,170

idea about the crypto terrestrials was

1807

01:09:46,660 --> 01:09:44,179

lúcia nari although I think that is it

1808

01:09:48,760 --> 01:09:46,670

within the context of the UFO field but

1809

01:09:52,240 --> 01:09:48,770

I also I just think his way of thinking

1810

01:09:54,550 --> 01:09:52,250

was revolutionary because he thinks or

1811

01:09:56,229 --> 01:09:54,560

he thought and so many people that look

1812

01:09:59,229 --> 01:09:56,239

into the UFO enigma

1813

01:10:02,890 --> 01:09:59,239

strangely enough don't seem to want to

1814

01:10:06,580 --> 01:10:02,900

think they just want to be fed an answer

1815

01:10:08,320 --> 01:10:06,590

and that is worrisome to me as somebody

1816

01:10:10,510 --> 01:10:08,330

who takes the UFO phenomenon seriously

1817

01:10:12,520 --> 01:10:10,520

sees it as a mystery that's worth

1818

01:10:14,890 --> 01:10:12,530

looking into that so many people who are

1819

01:10:16,510 --> 01:10:14,900

seem to be concerned about it don't view

1820

01:10:18,790 --> 01:10:16,520

it as a mystery they they just view it

1821

01:10:22,000 --> 01:10:18,800

as something received from heaven as it

1822

01:10:23,709 --> 01:10:22,010

were or the gospel and Mac that's why I

1823

01:10:25,540 --> 01:10:23,719

call him a revolutionary because he was

1824

01:10:27,040 --> 01:10:25,550

definitely as you guys do I mean

1825

01:10:28,600 --> 01:10:27,050

honestly Nick whether you agree with

1826

01:10:30,820 --> 01:10:28,610

Body Snatchers in the desert or not

1827

01:10:32,950 --> 01:10:30,830

we're Oswell is the orthodoxy of the

1828

01:10:34,780 --> 01:10:32,960

extra-terrestrial hypothesis so you know

1829

01:10:36,850 --> 01:10:34,790

things like that you should poke holes

1830

01:10:40,390 --> 01:10:36,860

in them test them because none of them

1831

01:10:42,459 --> 01:10:40,400

are proved yeah I mean I I just read you

1832

01:10:46,120 --> 01:10:42,469

know to talk about Body Snatchers but I

1833

01:10:47,950 --> 01:10:46,130

don't know if you need to go ahead later

1834

01:10:51,700 --> 01:10:47,960

oh I of course you'll pay the penalty

1835

01:10:54,580 --> 01:10:51,710

but you know how it goes I mean I don't

1836

01:10:56,410 --> 01:10:54,590

think cases strong cases need to be

1837

01:10:58,840 --> 01:10:56,420

knocked down for the sake of it what I

1838

01:11:01,660 --> 01:10:58,850

do think when a case has been built up

1839

01:11:03,310 --> 01:11:01,670

on faith you know and you know if

1840

01:11:04,600 --> 01:11:03,320

anybody goes out to the crash site today

1841

01:11:06,040 --> 01:11:04,610

they're not going out to doing

1842

01:11:09,640 --> 01:11:06,050

investigations and that's the trip to

1843

01:11:11,229 --> 01:11:09,650

Mecca yes and that's the problem you

1844

01:11:13,150 --> 01:11:11,239

know I don't knock significant cases

1845

01:11:15,280 --> 01:11:13,160

because they're easy to knock down or

1846

01:11:17,620 --> 01:11:15,290

hearts are not down if there's another

1847

01:11:18,189 --> 01:11:17,630

argument or another idea we should look

1848

01:11:20,140 --> 01:11:18,199

into it

1849

01:11:21,939 --> 01:11:20,150

you know I can almost see the day when

1850

01:11:23,530 --> 01:11:21,949

UFO conferences are just held on a

1851
01:11:24,850 --> 01:11:23,540
Sunday morning you know and then the

1852
01:11:26,620 --> 01:11:24,860
organizer goes around with a plate

1853
01:11:28,780 --> 01:11:26,630
collecting money at the end you do

1854
01:11:30,610 --> 01:11:28,790
getting to reserve your space in the

1855
01:11:35,050 --> 01:11:30,620
convention well that shows a much I know

1856
01:11:37,450 --> 01:11:35,060
about you you know I can joking aside I

1857
01:11:39,040 --> 01:11:37,460
can almost see that happening be Paul

1858
01:11:40,540 --> 01:11:39,050
made one of the most important points of

1859
01:11:43,090 --> 01:11:40,550
an eye there that you know for many

1860
01:11:45,490 --> 01:11:43,100
people the subject there's no mystery

1861
01:11:47,110 --> 01:11:45,500
it's a given as to what's going on in

1862
01:11:49,030 --> 01:11:47,120
the same way it's a given that when you

1863
01:11:50,229 --> 01:11:49,040

die if you've been good you're gonna go

1864

01:11:51,729 --> 01:11:50,239

to heaven if you've been bad you're

1865

01:11:53,979 --> 01:11:51,739

gonna go to hell and be prodded by this

1866

01:11:55,029 --> 01:11:53,989

guy with you know pitchfork and horns

1867

01:11:57,429 --> 01:11:55,039

for the

1868

01:11:58,869 --> 01:11:57,439

all eternity it's a theory you know in

1869

01:12:02,379 --> 01:11:58,879

the same way that other religions hold

1870

01:12:04,779 --> 01:12:02,389

to reincarnation but ufology for some

1871

01:12:06,909 --> 01:12:04,789

weird reason just cannot get its head

1872

01:12:09,429 --> 01:12:06,919

mainstream ufologist cannot get its head

1873

01:12:12,039 --> 01:12:09,439

out of the 88 which might be right but

1874

01:12:13,899 --> 01:12:12,049

you can't advocate it loudly

1875

01:12:16,449 --> 01:12:13,909

without evidence you can only offer it

1876

01:12:18,520 --> 01:12:16,459

as a suggestion and nobody is offering -

1877

01:12:20,919 --> 01:12:18,530

it's a conclusion yeah it's weird you

1878

01:12:23,289 --> 01:12:20,929

know Mac would I kind of view Mac is the

1879

01:12:25,239 --> 01:12:23,299

guy who would walk into a Christian

1880

01:12:26,859 --> 01:12:25,249

prayer meeting for instance and he'd say

1881

01:12:27,909 --> 01:12:26,869

well you know what we might be on to

1882

01:12:29,949 --> 01:12:27,919

something here guys but I was just

1883

01:12:31,539 --> 01:12:29,959

talking to this Buddhist and he had some

1884

01:12:35,289 --> 01:12:31,549

really interesting things to say - we

1885

01:12:39,039 --> 01:12:35,299

should have a chat with him yeah I know

1886

01:12:40,629 --> 01:12:39,049

and beaten and battered and you know

1887

01:12:42,939 --> 01:12:40,639

well their own out but there is an

1888

01:12:44,859 --> 01:12:42,949

element a very vibrant element within

1889

01:12:46,419 --> 01:12:44,869

Christian thought that accepts stuff

1890

01:12:48,549 --> 01:12:46,429

like that they're wide ranging and they

1891

01:12:50,049 --> 01:12:48,559

embrace other face and every you know

1892

01:12:52,029 --> 01:12:50,059

and then all face there's an element

1893

01:12:53,589 --> 01:12:52,039

within all faiths that looks at other

1894

01:12:55,659 --> 01:12:53,599

face and says can we learn from these

1895

01:12:57,699 --> 01:12:55,669

other faiths and then there are elements

1896

01:12:59,529 --> 01:12:57,709

whether it's Islam or Christianity and

1897

01:13:02,409 --> 01:12:59,539

all faiths that say no ours is the only

1898

01:13:04,329 --> 01:13:02,419

way to heaven and you know to stretch

1899

01:13:06,520 --> 01:13:04,339

the religious metaphor - it's a lot

1900

01:13:08,889 --> 01:13:06,530

ultimate conclusion I guess you follow

1901

01:13:11,319 --> 01:13:08,899

Jesus like that and I think we all agree

1902

01:13:15,369 --> 01:13:11,329

were saved from the same in book here

1903

01:13:17,439 --> 01:13:15,379

the ETH is that it's the only way to get

1904

01:13:19,359 --> 01:13:17,449

in and Mac the nice thing about the

1905

01:13:21,189 --> 01:13:19,369

crypto terrestrial hypothesis is he's

1906

01:13:23,439 --> 01:13:21,199

basically saying well you know what that

1907

01:13:25,149 --> 01:13:23,449

possibly but there's these Buddhists

1908

01:13:26,439 --> 01:13:25,159

over here ie the crypto terrestrials

1909

01:13:28,899 --> 01:13:26,449

they've got some interesting things so

1910

01:13:30,609 --> 01:13:28,909

let's look at all of it I I don't know

1911

01:13:32,529 --> 01:13:30,619

why you two guys but I can't imagine any

1912

01:13:34,389 --> 01:13:32,539

other way of looking at it than the way

1913

01:13:36,039 --> 01:13:34,399

he was looking at it and so if the

1914

01:13:39,459 --> 01:13:36,049

crypto terrestrials which i recommend

1915

01:13:42,309 --> 01:13:39,469

everybody reads and buys if it is a if

1916

01:13:45,219 --> 01:13:42,319

machs final contribution was to take a

1917

01:13:47,259 --> 01:13:45,229

cattle prod and stick it where the Sun

1918

01:13:50,049 --> 01:13:47,269

doesn't shine in ufology and then hit

1919

01:13:51,759 --> 01:13:50,059

the Electrify switch then I think I

1920

01:13:52,929 --> 01:13:51,769

think he would be happy with that and I

1921

01:13:53,979 --> 01:13:52,939

think that's the most important

1922

01:13:55,809 --> 01:13:53,989

contribution he could have made

1923

01:13:58,270 --> 01:13:55,819

regardless of whether there's crypto

1924

01:14:00,330 --> 01:13:58,280

terrestrials or not he woke us all up he

1925

01:14:08,080 --> 01:14:00,340

gets us talking again

1926

01:14:13,640 --> 01:14:10,850

anywhere else hear that George snoring

1943

01:15:00,410 --> 01:14:57,900

this is camel prod radio co-host Paul

1944

01:15:02,780 --> 01:15:00,420

Kimbo featuring Nicholas Redfern Greg

1945

01:15:05,060 --> 01:15:02,790

Bishop the topic of discussion is Mac

1946

01:15:07,250 --> 01:15:05,070

Tony's false experiment the crypto

1947

01:15:09,680 --> 01:15:07,260

terrestrials and if you go to the para

1948

01:15:11,810 --> 01:15:09,690

cast comm and click on the title of the

1949

01:15:13,580 --> 01:15:11,820

book it takes you right to Amazon books

1950

01:15:17,930 --> 01:15:13,590

we I think that had now for 10 dollars a

1951

01:15:21,740 --> 01:15:17,940

copy discounted so please give up to two

1952

01:15:24,050 --> 01:15:21,750

coffees at Starbucks get yourself a copy

1953

01:15:26,750 --> 01:15:24,060

sit down read the book that'll take you

1954

01:15:29,750 --> 01:15:26,760

two or three hours and start a thinking

1955

01:15:31,490 --> 01:15:29,760

about what's going on we are down to 45

1956

01:15:33,410 --> 01:15:31,500

minutes and maybe have about six hours

1957

01:15:37,160 --> 01:15:33,420

to go before we continue

1958

01:15:38,870 --> 01:15:37,170

what about UFO abductions now there's so

1959

01:15:41,419 --> 01:15:38,880

many going on is it's something that

1960

01:15:44,390 --> 01:15:41,429

they're staging are people picking up on

1961

01:15:52,880 --> 01:15:44,400

some kind of frequency and just getting

1962

01:15:54,680 --> 01:15:52,890

these messages one questions come up we

1963

01:15:57,200 --> 01:15:54,690

all Nick and I always defer to Greg well

1964

01:15:58,750 --> 01:15:57,210

we sort of think yeah so that I can say

1965

01:16:02,180 --> 01:15:58,760

something then you can riff on it

1966

01:16:04,280 --> 01:16:02,190

exactly well in math spooky actually

1967

01:16:06,830 --> 01:16:04,290

it's the same thing that I generally

1968

01:16:07,990 --> 01:16:06,840

think about abductions that number one

1969

01:16:10,330 --> 01:16:08,000

and that's Abby

1970

01:16:13,090 --> 01:16:10,340

and it overshadows all the other things

1971

01:16:15,460 --> 01:16:13,100

that he says and I would say we don't

1972

01:16:17,230 --> 01:16:15,470

actually know what's going on we don't

1973

01:16:19,360 --> 01:16:17,240

know that it's aliens from other planets

1974

01:16:21,220 --> 01:16:19,370

or whatever we don't even know if

1975

01:16:23,710 --> 01:16:21,230

they're physically real in the way that

1976

01:16:25,240 --> 01:16:23,720

we think physically real is because we

1977

01:16:27,430 --> 01:16:25,250

have no real evidence we don't have

1978

01:16:29,920 --> 01:16:27,440

videotape of it happening we don't have

1979

01:16:31,870 --> 01:16:29,930

pictures of it at least any any than

1980

01:16:34,870 --> 01:16:31,880

anyone would accept and a wide you know

1981

01:16:37,000 --> 01:16:34,880

in wide release I suppose but there is

1982

01:16:38,880 --> 01:16:37,010

definitely something going on and there

1983

01:16:42,070 --> 01:16:38,890

are definitely people that are having

1984

01:16:44,110 --> 01:16:42,080

strange experiences and a lot of them

1985

01:16:45,580 --> 01:16:44,120

match up with each other so what does

1986

01:16:47,950 --> 01:16:45,590

that tell us it tells us that we don't

1987

01:16:49,840 --> 01:16:47,960

know everything we know maybe we don't

1988

01:16:52,690 --> 01:16:49,850

know everything maybe we don't know

1989

01:16:54,490 --> 01:16:52,700

everything we know either we don't know

1990

01:16:56,520 --> 01:16:54,500

everything about the way the human mind

1991

01:16:58,900 --> 01:16:56,530

works and the way it interfaces with

1992

01:17:01,120 --> 01:16:58,910

whatever would that were the reality

1993

01:17:03,730 --> 01:17:01,130

that it lives in and the ones were not

1994

01:17:07,090 --> 01:17:03,740

aware of the the quote I keep coming

1995

01:17:09,160 --> 01:17:07,100

back to was told to me by Mario Ponzo

1996

01:17:11,080 --> 01:17:09,170

galini it was a clinical psychologist

1997

01:17:15,370 --> 01:17:11,090

who had a heavy interest in the UFO

1998

01:17:17,680 --> 01:17:15,380

subject he died in 1998 I believe but I

1999

01:17:19,600 --> 01:17:17,690

knew him for about four years and the

2000

01:17:22,060 --> 01:17:19,610

quote that I always come back to from

2001
01:17:24,190 --> 01:17:22,070
him it was about abduction researchers

2002
01:17:25,900 --> 01:17:24,200
and he knew of where he's folks and said

2003
01:17:28,270 --> 01:17:25,910
he's a professional background he said

2004
01:17:30,700 --> 01:17:28,280
that they have little understanding or

2005
01:17:33,610 --> 01:17:30,710
respect for the subconscious and I think

2006
01:17:36,520 --> 01:17:33,620
that's kind of the linchpin on what's

2007
01:17:38,800 --> 01:17:36,530
going on with abduction research is that

2008
01:17:41,050 --> 01:17:38,810
they're accepting what people tell them

2009
01:17:43,330 --> 01:17:41,060
as a reality that any of us could

2010
01:17:45,310 --> 01:17:43,340
experience given the right circumstances

2011
01:17:47,470 --> 01:17:45,320
and I don't agree with that and neither

2012
01:17:49,450 --> 01:17:47,480
did Mack and he went into extensively in

2013
01:17:51,790 --> 01:17:49,460

the book one of the things about the and

2014

01:17:54,370 --> 01:17:51,800

I have a sort of very critical view of

2015

01:17:56,290 --> 01:17:54,380

the quote quote alien abduction and

2016

01:17:59,140 --> 01:17:56,300

quote researchers like Budd Hopkins and

2017

01:18:01,360 --> 01:17:59,150

David Jacobs and their methodology but I

2018

01:18:03,370 --> 01:18:01,370

don't dismiss and I think most alien

2019

01:18:05,350 --> 01:18:03,380

abduction or say let's say abduction

2020

01:18:07,720 --> 01:18:05,360

cases can be explained without resort to

2021

01:18:09,970 --> 01:18:07,730

the paranormal but they're like the UFO

2022

01:18:12,220 --> 01:18:09,980

phenomenon there is a residue of cases I

2023

01:18:14,950 --> 01:18:12,230

think they're the more weird ones the

2024

01:18:16,630 --> 01:18:14,960

more anomalous ones that don't fit sort

2025

01:18:18,869 --> 01:18:16,640

of the rigid pattern that somebody like

2026

01:18:20,790 --> 01:18:18,879

David Jacobs would find in every case

2027

01:18:22,949 --> 01:18:20,800

the the interesting alien abduction

2028

01:18:26,099 --> 01:18:22,959

cases are the ones that seem to be to me

2029

01:18:29,279 --> 01:18:26,109

much more personal and different and I

2030

01:18:30,719 --> 01:18:29,289

would say that it's possible and Mac

2031

01:18:32,939 --> 01:18:30,729

might have been on I know Mac and I

2032

01:18:35,849 --> 01:18:32,949

talked about this on several occasions

2033

01:18:37,049 --> 01:18:35,859

that you have UFO abduction researchers

2034

01:18:38,969 --> 01:18:37,059

who are looking at the abduction

2035

01:18:40,349 --> 01:18:38,979

phenomenon or enigma skimming random

2036

01:18:42,899 --> 01:18:40,359

would call it from a purely physical

2037

01:18:44,520 --> 01:18:42,909

point of view the aliens condemned they

2038

01:18:46,139 --> 01:18:44,530

walk through your walls somehow they

2039

01:18:47,580 --> 01:18:46,149

take you out of your bed up to the

2040

01:18:49,259 --> 01:18:47,590

spaceship they prod you they put you

2041

01:18:51,689 --> 01:18:49,269

back in your bed you that's it it

2042

01:18:53,279 --> 01:18:51,699

literally happens whereas what if what's

2043

01:18:55,439 --> 01:18:53,289

happening is all happening within your

2044

01:18:56,639 --> 01:18:55,449

mind it doesn't mean you're creating it

2045

01:18:58,589 --> 01:18:56,649

it doesn't I'm not saying you're crazy

2046

01:19:00,270 --> 01:18:58,599

but what if it's happening it happening

2047

01:19:02,609 --> 01:19:00,280

at a different level of consciousness

2048

01:19:04,589 --> 01:19:02,619

almost like an out-of-body experience or

2049

01:19:06,719 --> 01:19:04,599

something like that and it could be

2050

01:19:09,199 --> 01:19:06,729

crypto terrestrials or aliens or some

2051
01:19:11,879 --> 01:19:09,209
other intelligence that's non-human

2052
01:19:13,439 --> 01:19:11,889
contacting us dealing with us in the

2053
01:19:15,629 --> 01:19:13,449
only way maybe that we can rationalize

2054
01:19:17,819 --> 01:19:15,639
within our own subconscious but it's not

2055
01:19:19,409 --> 01:19:17,829
actually physically happening it's

2056
01:19:21,540 --> 01:19:19,419
happening in our mind while we're asleep

2057
01:19:23,219 --> 01:19:21,550
and there's so much about our brain that

2058
01:19:26,310 --> 01:19:23,229
we don't understand how it works that

2059
01:19:28,889 --> 01:19:26,320
idea to me seems attractive and it also

2060
01:19:31,040 --> 01:19:28,899
helps explain I think some of the

2061
01:19:33,810 --> 01:19:31,050
similarities between the alien abduction

2062
01:19:35,429 --> 01:19:33,820
mythos stories and the fact that these

2063
01:19:38,040 --> 01:19:35,439

kinds of encounters have been going on

2064

01:19:39,689 --> 01:19:38,050

for all of recorded human history it's

2065

01:19:42,270 --> 01:19:39,699

just a different you know it used to be

2066

01:19:44,429 --> 01:19:42,280

succubi or old hags and now it's aliens

2067

01:19:46,889 --> 01:19:44,439

so maybe they're contacting us through

2068

01:19:49,080 --> 01:19:46,899

our subconscious in ways that we can

2069

01:19:51,179 --> 01:19:49,090

understand in our own particular time

2070

01:19:53,729 --> 01:19:51,189

period Nick what do you think of that

2071

01:19:55,649 --> 01:19:53,739

idea I actually agree with what a lot of

2072

01:19:57,750 --> 01:19:55,659

what you just said Paul pretty much for

2073

01:19:59,729 --> 01:19:57,760

the most part you know I mean I've

2074

01:20:02,189 --> 01:19:59,739

looked extensively into the abduction

2075

01:20:04,469 --> 01:20:02,199

phenomenon and you know there's several

2076

01:20:06,389 --> 01:20:04,479

important things to be aware of you know

2077

01:20:09,540 --> 01:20:06,399

you touched on one at the very end the

2078

01:20:13,109 --> 01:20:09,550

fact that you know abductions in the

2079

01:20:16,020 --> 01:20:13,119

literal present day scenario okay

2080

01:20:17,939 --> 01:20:16,030

they've only been reported for 50 60

2081

01:20:19,919 --> 01:20:17,949

years or whatever or people have been

2082

01:20:21,330 --> 01:20:19,929

hypnotized have said you know back in

2083

01:20:24,359 --> 01:20:21,340

the thirties or forties when they were

2084

01:20:26,580 --> 01:20:24,369

little kids they were abducted but you

2085

01:20:29,639 --> 01:20:26,590

know abductions are such don't go back

2086

01:20:32,460 --> 01:20:29,649

much before that but encounters and

2087

01:20:35,670 --> 01:20:32,470

abductions undertaken by

2088

01:20:37,440 --> 01:20:35,680

mysterious creatures bizarre entities go

2089

01:20:39,630 --> 01:20:37,450

back to the dawn at a time you know you

2090

01:20:42,960 --> 01:20:39,640

can go back to ancient Babylon where

2091

01:20:44,940 --> 01:20:42,970

they had legends and tales of demonic

2092

01:20:47,160 --> 01:20:44,950

entities that have had an obsessive

2093

01:20:49,530 --> 01:20:47,170

interest in human reproduction and

2094

01:20:52,020 --> 01:20:49,540

babies you know what's the difference

2095

01:20:54,960 --> 01:20:52,030

between that and today's greys in the

2096

01:20:56,580 --> 01:20:54,970

1500 and 1600 in Britain you know I can

2097

01:20:59,520 --> 01:20:56,590

tell you coming from Britain there's a

2098

01:21:02,160 --> 01:20:59,530

huge body of literature about faerie

2099

01:21:04,530 --> 01:21:02,170

encounters where a guy would you know go

2100

01:21:07,350 --> 01:21:04,540

up into the woods and he'd lose track of

2101
01:21:08,880 --> 01:21:07,360
time he'd be taken to the fairy Kingdom

2102
01:21:11,310 --> 01:21:08,890
where he has to mate with a fairy queen

2103
01:21:14,010 --> 01:21:11,320
he comes back to reality

2104
01:21:16,380 --> 01:21:14,020
he thinks three days has gone by and 45

2105
01:21:19,440 --> 01:21:16,390
minutes has gone by people who deny

2106
01:21:21,780 --> 01:21:19,450
there's not a parallel here are actually

2107
01:21:24,480 --> 01:21:21,790
denying part of the phenomenon there is

2108
01:21:26,820 --> 01:21:24,490
a parallel it's just that the UFO motif

2109
01:21:29,250 --> 01:21:26,830
it's the present-day motif and there's

2110
01:21:31,050 --> 01:21:29,260
also theological aspects that Mac talks

2111
01:21:33,360 --> 01:21:31,060
about in his book you know the idea of

2112
01:21:35,370 --> 01:21:33,370
this extraterrestrials from a star

2113
01:21:37,740 --> 01:21:35,380

system X number of light-years away

2114

01:21:40,350 --> 01:21:37,750

would be so compatible with us that our

2115

01:21:42,510 --> 01:21:40,360

genetic makeup would allow them to save

2116

01:21:44,760 --> 01:21:42,520

their race by just scooping a few eggs

2117

01:21:47,430 --> 01:21:44,770

and sperm here and there you know that's

2118

01:21:49,530 --> 01:21:47,440

that's just so simplistic and I think

2119

01:21:52,710 --> 01:21:49,540

for me one of the most laughable things

2120

01:21:55,950 --> 01:21:52,720

is the whole star mer Betty and Barney

2121

01:21:57,990 --> 01:21:55,960

Hill angle you know it's kind of like I

2122

01:22:00,240 --> 01:21:58,000

mean can you imagine Armstrong Aldrin

2123

01:22:03,600 --> 01:22:00,250

and Collins going to the moon with a

2124

01:22:06,540 --> 01:22:03,610

fold-out map you know and it's kind of

2125

01:22:08,160 --> 01:22:06,550

like the idea of the aliens that the

2126
01:22:09,630 --> 01:22:08,170
hills met I actually do believe the

2127
01:22:11,670 --> 01:22:09,640
hills at a genuinely anomalous

2128
01:22:14,100 --> 01:22:11,680
experience I really do believe that but

2129
01:22:16,140 --> 01:22:14,110
if they were shown a star map and they

2130
01:22:18,600 --> 01:22:16,150
may well have been to me that would be

2131
01:22:20,220 --> 01:22:18,610
more in thinking and in line instead of

2132
01:22:22,020 --> 01:22:20,230
being abducted by aliens that would be

2133
01:22:23,760 --> 01:22:22,030
lying with trying to convince them

2134
01:22:26,040 --> 01:22:23,770
that's what was going on well here's our

2135
01:22:27,120 --> 01:22:26,050
alien map so we're obviously alien you

2136
01:22:29,640 --> 01:22:27,130
know that we're more in line with a

2137
01:22:32,040 --> 01:22:29,650
crypto terrestrial theory of subterfuge

2138
01:22:34,110 --> 01:22:32,050

in camouflage but for me the idea of

2139

01:22:36,480 --> 01:22:34,120

having something so simplistic as a map

2140

01:22:38,130 --> 01:22:36,490

you're in space you know we're moving

2141

01:22:40,260 --> 01:22:38,140

through space right now in X number of

2142

01:22:42,510 --> 01:22:40,270

thousands of miles an hour and again for

2143

01:22:45,150 --> 01:22:42,520

one planet to another you don't travel

2144

01:22:45,579 --> 01:22:45,160

from point A to point B you know you you

2145

01:22:47,619 --> 01:22:45,589

think

2146

01:22:50,139 --> 01:22:47,629

we're point B is going to be when you

2147

01:22:53,889 --> 01:22:50,149

get there to me in the abduction

2148

01:22:55,899 --> 01:22:53,899

scenario that map was not created to

2149

01:22:58,989 --> 01:22:55,909

allow the so-called aliens to traverse

2150

01:23:01,329 --> 01:22:58,999

the universe that map was created as a

2151
01:23:03,429 --> 01:23:01,339
stage prop for the hills well there's

2152
01:23:05,020 --> 01:23:03,439
another question here too that I think

2153
01:23:07,359 --> 01:23:05,030
is implicit on what's been said so far

2154
01:23:09,520 --> 01:23:07,369
are these abductions individual

2155
01:23:12,129 --> 01:23:09,530
experiences or are people just tapping

2156
01:23:14,139 --> 01:23:12,139
into something that goes on anyway like

2157
01:23:16,359 --> 01:23:14,149
turning on your TV set and sing channel

2158
01:23:19,059 --> 01:23:16,369
304 well it's interesting there's some

2159
01:23:20,290 --> 01:23:19,069
let's throw that to Greg but I just want

2160
01:23:22,329 --> 01:23:20,300
to read something from the pair of cast

2161
01:23:25,059 --> 01:23:22,339
forms there's a user at the pair cast

2162
01:23:26,859 --> 01:23:25,069
forums known as trained observer and in

2163
01:23:29,829 --> 01:23:26,869

one of the crypto terrestrial threads he

2164

01:23:31,869 --> 01:23:29,839

writes CTS make as much sense as ETS or

2165

01:23:34,209 --> 01:23:31,879

transdimensional beings we could be as

2166

01:23:36,879 --> 01:23:34,219

blind deaf and dumb to a CCT

2167

01:23:38,919 --> 01:23:36,889

civilization society as a goldfish or

2168

01:23:40,419 --> 01:23:38,929

and add to a human society something

2169

01:23:42,069 --> 01:23:40,429

appears to come and go as it pleases

2170

01:23:44,529 --> 01:23:42,079

leaving us only with a partial and

2171

01:23:46,569 --> 01:23:44,539

probably unintentional awareness of the

2172

01:23:48,909 --> 01:23:46,579

presence in the form of the UFO and

2173

01:23:50,469 --> 01:23:48,919

paranormal phenomenon what do you think

2174

01:23:53,250 --> 01:23:50,479

of that Greg what do you think of the

2175

01:23:55,829 --> 01:23:53,260

idea that maybe it's unintentional that

2176

01:23:59,109 --> 01:23:55,839

they're not trying to interact with us

2177

01:24:00,969 --> 01:23:59,119

so much as and you pick up on genes

2178

01:24:03,279 --> 01:24:00,979

point to but also this point that the

2179

01:24:05,020 --> 01:24:03,289

trained observer race that it could be

2180

01:24:07,270 --> 01:24:05,030

unintentional that whatever is on this

2181

01:24:09,399 --> 01:24:07,280

planet is so far evolved above us as

2182

01:24:11,319 --> 01:24:09,409

Nishioka would say we could be listening

2183

01:24:13,479 --> 01:24:11,329

in on a conversation but not have any

2184

01:24:16,000 --> 01:24:13,489

clue as to what it might be it could be

2185

01:24:19,449 --> 01:24:16,010

true but it doesn't explain you know the

2186

01:24:22,779 --> 01:24:19,459

seeming intent behind wanting to contact

2187

01:24:25,989 --> 01:24:22,789

us and I did Mac and I and I'm sure Nick

2188

01:24:27,399 --> 01:24:25,999

and Paul and maybe Jean were fairly

2189

01:24:30,549 --> 01:24:27,409

convinced that there's something that's

2190

01:24:32,169 --> 01:24:30,559

not human that has has some sort of

2191

01:24:35,169 --> 01:24:32,179

consciousness that interacts with us

2192

01:24:37,359 --> 01:24:35,179

occasionally so I I wouldn't say that

2193

01:24:40,359 --> 01:24:37,369

we're just looking in on something and

2194

01:24:42,009 --> 01:24:40,369

putting our own our own spin on it I

2195

01:24:45,369 --> 01:24:42,019

think that's a great part of it but I

2196

01:24:46,779 --> 01:24:45,379

think there's a need seems to be and I'm

2197

01:24:49,149 --> 01:24:46,789

not gonna you know I don't believe

2198

01:24:51,809 --> 01:24:49,159

anything I just have heavier beliefs and

2199

01:24:54,770 --> 01:24:51,819

not so heavy believes but it seems to be

2200

01:24:56,240 --> 01:24:54,780

there's something there that's that once

2201

01:24:57,950 --> 01:24:56,250

sort of contact with us and it's

2202

01:25:01,729 --> 01:24:57,960

connected I'm kind of an intimate level

2203

01:25:03,589 --> 01:25:01,739

through our subconscious and and has

2204

01:25:05,209 --> 01:25:03,599

been going as Paul said and a lot of

2205

01:25:06,890 --> 01:25:05,219

people said has been going on for

2206

01:25:09,319 --> 01:25:06,900

thousands of thousands of years songs

2207

01:25:12,319 --> 01:25:09,329

has been recorded history well what was

2208

01:25:14,870 --> 01:25:12,329

your question Jean was o was the is is

2209

01:25:17,750 --> 01:25:14,880

are we just tuning into something with

2210

01:25:19,760 --> 01:25:17,760

abductions or or is it individual right

2211

01:25:21,890 --> 01:25:19,770

I don't think it's an and/or question I

2212

01:25:23,510 --> 01:25:21,900

think if you look at the literature and

2213

01:25:25,459 --> 01:25:23,520

talk to people which I have I think

2214

01:25:26,810 --> 01:25:25,469

there's elements of both there there is

2215

01:25:29,330 --> 01:25:26,820

something going on there he is a

2216

01:25:31,669 --> 01:25:29,340

separate consciousness in reality is

2217

01:25:34,180 --> 01:25:31,679

I'll put in quotes separate separate

2218

01:25:36,979 --> 01:25:34,190

conscious and reality from us and

2219

01:25:40,010 --> 01:25:36,989

occasionally we will interact with it

2220

01:25:42,740 --> 01:25:40,020

and the reactions to it like I said are

2221

01:25:44,479 --> 01:25:42,750

as individual as people are but yes I

2222

01:25:46,339 --> 01:25:44,489

believe that there is something there

2223

01:25:48,500 --> 01:25:46,349

now past that I don't have an

2224

01:25:50,750 --> 01:25:48,510

explanation for it but I you know we all

2225

01:25:54,850 --> 01:25:50,760

we've all heard I've seen and read about

2226

01:26:00,300 --> 01:25:57,320

01:26:52,740 --> 01:26:50,980

see you online next we're doing a

2246

01:26:54,870 --> 01:26:52,750

thought experiment of the parapets this

2247

01:26:56,340 --> 01:26:54,880

week in honor of the late mac tony's and

2248

01:26:59,070 --> 01:26:56,350

his final work that the crypto

2249

01:27:00,960 --> 01:26:59,080

terrestrials our co-host is paul Kimball

2250

01:27:02,940 --> 01:27:00,970

we have Nicolas Redfern and Greg Bishop

2251
01:27:06,120 --> 01:27:02,950
and of course another question that hits

2252
01:27:08,340 --> 01:27:06,130
me if these are physical real beings of

2253
01:27:11,100 --> 01:27:08,350
whatever level achievement and they see

2254
01:27:12,810 --> 01:27:11,110
we're doing really bad things why not

2255
01:27:15,690 --> 01:27:12,820
get in touch with our governments on a

2256
01:27:17,430 --> 01:27:15,700
more direct level and say hey guys we

2257
01:27:19,500 --> 01:27:17,440
got to work together we're in this

2258
01:27:21,090 --> 01:27:19,510
together or maybe they don't think

2259
01:27:22,830 --> 01:27:21,100
they'd listen well if you look at the

2260
01:27:24,990 --> 01:27:22,840
way the leadership is gone on this

2261
01:27:26,550 --> 01:27:25,000
planet for the entire recorded history I

2262
01:27:28,200 --> 01:27:26,560
think it would be a bad choice to get in

2263
01:27:30,780 --> 01:27:28,210

touch with the leaders or their

2264

01:27:32,520 --> 01:27:30,790

followers frankly yeah you know it

2265

01:27:35,070 --> 01:27:32,530

brings up that whitley strieber idea

2266

01:27:37,350 --> 01:27:35,080

that he thinks that whatever it is is

2267

01:27:39,270 --> 01:27:37,360

trying to affect people on an individual

2268

01:27:41,070 --> 01:27:39,280

basis from the bottom up with which

2269

01:27:42,810 --> 01:27:41,080

which makes sense I mean this has a

2270

01:27:45,000 --> 01:27:42,820

thought experiment that makes a lot more

2271

01:27:46,920 --> 01:27:45,010

sense and then taking me to your leader

2272

01:27:49,170 --> 01:27:46,930

so to speak so it's not trickle-down

2273

01:27:53,610 --> 01:27:49,180

theory we all use trickle-down economics

2274

01:27:56,460 --> 01:27:53,620

in the UFO field no trickle up you're

2275

01:27:58,410 --> 01:27:56,470

the anti Ronald Reagan yes it's I don't

2276

01:28:00,990 --> 01:27:58,420

know it's it's it's just weird like

2277

01:28:02,160 --> 01:28:01,000

unless they are exactly the same as us

2278

01:28:04,820 --> 01:28:02,170

why would they want to talk to our

2279

01:28:08,130 --> 01:28:04,830

leaders that would be like frankly us

2280

01:28:10,079 --> 01:28:08,140

going to I'm not gonna use the ant an

2281

01:28:11,819 --> 01:28:10,089

example again but I don't know

2282

01:28:13,829 --> 01:28:11,829

say you got 20 dogs running down the

2283

01:28:15,869 --> 01:28:13,839

street and you look at them you go hmm

2284

01:28:18,719 --> 01:28:15,879

well let's talk to the leader dog well I

2285

01:28:20,609 --> 01:28:18,729

don't know one dog is the same as the

2286

01:28:22,079 --> 01:28:20,619

next so if they're if we are dealing

2287

01:28:24,119 --> 01:28:22,089

with an intelligence that's more

2288

01:28:25,919 --> 01:28:24,129

advanced than us I don't think they

2289

01:28:27,989 --> 01:28:25,929

would particularly care that Barack

2290

01:28:30,779 --> 01:28:27,999

Obama happens to be the President of the

2291

01:28:34,169 --> 01:28:30,789

United States to them to hit to whatever

2292

01:28:36,439 --> 01:28:34,179

he's just one of six and a half billion

2293

01:28:38,729 --> 01:28:36,449

of us especially if you view it as as

2294

01:28:41,299 --> 01:28:38,739

they've been here for hundreds or

2295

01:28:43,709 --> 01:28:41,309

thousands of years I mean we come we go

2296

01:28:45,540 --> 01:28:43,719

if this is something that's been with us

2297

01:28:47,849 --> 01:28:45,550

throughout our recorded history and

2298

01:28:50,129 --> 01:28:47,859

perhaps even longer you know we're a

2299

01:28:52,559 --> 01:28:50,139

drop in the bucket and even using the

2300

01:28:54,239 --> 01:28:52,569

extra-terrestrial hypothesis if it takes

2301
01:28:57,119 --> 01:28:54,249
them you know from the nearest star

2302
01:28:58,409 --> 01:28:57,129
system even traveling at near the speed

2303
01:28:59,339 --> 01:28:58,419
of light it would take them four or five

2304
01:29:02,819 --> 01:28:59,349
years to get here

2305
01:29:04,939 --> 01:29:02,829
I think surround them either yeah I know

2306
01:29:07,439 --> 01:29:04,949
Paul science bad but let's say it takes

2307
01:29:10,949 --> 01:29:07,449
many years to get here even if they just

2308
01:29:12,179 --> 01:29:10,959
used warp seven engage well or maybe

2309
01:29:13,529 --> 01:29:12,189
they're using wormholes or whatever I

2310
01:29:15,329 --> 01:29:13,539
don't know but let's assume it might

2311
01:29:17,129 --> 01:29:15,339
take a little while to get here are they

2312
01:29:19,619 --> 01:29:17,139
really going to care too much about

2313
01:29:21,659 --> 01:29:19,629

talking to any one particular human

2314

01:29:23,609 --> 01:29:21,669

being now we'd all be the same you know

2315

01:29:25,169 --> 01:29:23,619

they're far in advance of us so in the

2316

01:29:26,790 --> 01:29:25,179

same way that it's it's kind of a

2317

01:29:28,109 --> 01:29:26,800

historical thing I'm sorry now I'm

2318

01:29:30,059 --> 01:29:28,119

thought experimenting but I remember

2319

01:29:31,770 --> 01:29:30,069

when I was doing my graduate work in

2320

01:29:33,989 --> 01:29:31,780

history there's a school of thought

2321

01:29:35,969 --> 01:29:33,999

because in the old days people studying

2322

01:29:37,859 --> 01:29:35,979

history would look at leaders there you

2323

01:29:39,629 --> 01:29:37,869

go they would say we need to learn about

2324

01:29:41,520 --> 01:29:39,639

the kings and the queens and the lords

2325

01:29:42,929 --> 01:29:41,530

and the presidents and stuff and then

2326

01:29:44,520 --> 01:29:42,939

there was this movement in sort of the

2327

01:29:46,679 --> 01:29:44,530

middle to late 20th century that said

2328

01:29:49,319 --> 01:29:46,689

well you know what are those people and

2329

01:29:50,609 --> 01:29:49,329

it really any more important than all of

2330

01:29:52,469 --> 01:29:50,619

the people that were underneath and we

2331

01:29:55,619 --> 01:29:52,479

also need to look at the shopkeepers and

2332

01:29:57,089 --> 01:29:55,629

the farmers and the ditch diggers and I

2333

01:29:58,439 --> 01:29:57,099

think in the history field they went too

2334

01:30:00,179 --> 01:29:58,449

far and they said well we're not gonna

2335

01:30:02,250 --> 01:30:00,189

look at the kings anymore but there's a

2336

01:30:04,679 --> 01:30:02,260

heavy middle ground where you know you

2337

01:30:06,599 --> 01:30:04,689

have to take into account everybody and

2338

01:30:08,099 --> 01:30:06,609

so this idea you know they're taking it

2339

01:30:10,919 --> 01:30:08,109

to your leader thing I think it's

2340

01:30:12,540 --> 01:30:10,929

manifestly absurd and so the idea that

2341

01:30:14,250 --> 01:30:12,550

the American government is courting all

2342

01:30:15,809 --> 01:30:14,260

these secrets because aliens landed at

2343

01:30:18,830 --> 01:30:15,819

Holloman Air Force Base or whatever and

2344

01:30:20,690 --> 01:30:18,840

said hello I think is equally absurd

2345

01:30:22,970 --> 01:30:20,700

that's just my take on it for what it's

2346

01:30:25,130 --> 01:30:22,980

worth yeah I could really bad I think

2347

01:30:26,750 --> 01:30:25,140

you know the when we kind of consider

2348

01:30:28,640 --> 01:30:26,760

the notion that aliens would come in and

2349

01:30:30,950 --> 01:30:28,650

speak to our leaders so to speak we

2350

01:30:33,980 --> 01:30:30,960

consider that purely because we use our

2351

01:30:36,950 --> 01:30:33,990

mindset to try and understand how they

2352

01:30:39,140 --> 01:30:36,960

would act instead of realizing that

2353

01:30:41,390 --> 01:30:39,150

they're truly alien you know Paul's

2354

01:30:42,590 --> 01:30:41,400

quite right we're all just six million

2355

01:30:44,480 --> 01:30:42,600

six billion people

2356

01:30:47,210 --> 01:30:44,490

nobody from over there fairly advanced

2357

01:30:49,190 --> 01:30:47,220

is gonna care we only think of it

2358

01:30:50,930 --> 01:30:49,200

because that's the way our minds work

2359

01:30:52,310 --> 01:30:50,940

well this is the president that's the

2360

01:30:53,930 --> 01:30:52,320

Prime Minister that's the king that's

2361

01:30:56,960 --> 01:30:53,940

the queen they're obviously going to

2362

01:30:59,590 --> 01:30:56,970

come down and meet them well why because

2363

01:31:02,890 --> 01:30:59,600

that's how we think and the problem is

2364

01:31:06,220 --> 01:31:02,900

ufology is caught up in that mindset of

2365

01:31:09,200 --> 01:31:06,230

having rigid ideas and belief systems

2366

01:31:11,000 --> 01:31:09,210

throughout ufology you know the aliens

2367

01:31:14,920 --> 01:31:11,010

crashed in 47 they're abducting people

2368

01:31:16,310 --> 01:31:14,930

because their race is on the biological

2369

01:31:18,650 --> 01:31:16,320

downside

2370

01:31:20,360 --> 01:31:18,660

you know there's dead aliens and crashed

2371

01:31:22,220 --> 01:31:20,370

UFOs at area 51

2372

01:31:25,220 --> 01:31:22,230

flying triangles are back engineered

2373

01:31:28,490 --> 01:31:25,230

UFOs etc etc goes on and they're not

2374

01:31:30,440 --> 01:31:28,500

theories anymore and ufology you know

2375

01:31:32,750 --> 01:31:30,450

uses this same approach of using the

2376

01:31:35,600 --> 01:31:32,760

logical way our brains work to try and

2377

01:31:37,940 --> 01:31:35,610

fit all this into a scenario and that's

2378

01:31:40,490 --> 01:31:37,950

all it is you know in the take me to

2379

01:31:42,230 --> 01:31:40,500

your leader idea it's a scenario but

2380

01:31:43,790 --> 01:31:42,240

it's the tower scenario because it's the

2381

01:31:45,740 --> 01:31:43,800

best we can come up with I wouldn't even

2382

01:31:46,820 --> 01:31:45,750

say it's the logical way I agree with

2383

01:31:48,530 --> 01:31:46,830

you but I wouldn't even say it's the

2384

01:31:50,660 --> 01:31:48,540

logical way our brains work I would say

2385

01:31:52,820 --> 01:31:50,670

perhaps it's the illogical way the

2386

01:31:55,610 --> 01:31:52,830

terribly limited way our brains look at

2387

01:31:58,850 --> 01:31:55,620

the universe we stuck it all into a

2388

01:32:00,770 --> 01:31:58,860

teeny tiny little box and you know maybe

2389

01:32:02,270 --> 01:32:00,780

what the aliens whatever they are are

2390

01:32:04,940 --> 01:32:02,280

saying hey you guys gonna crawl out of

2391

01:32:07,640 --> 01:32:04,950

the box and start thinking about things

2392

01:32:08,960 --> 01:32:07,650

in a different way and so when Greg says

2393

01:32:10,880 --> 01:32:08,970

you know maybe they're trying to lead us

2394

01:32:13,040 --> 01:32:10,890

to something maybe that's what they're

2395

01:32:14,810 --> 01:32:13,050

trying to lead us to which starts to

2396

01:32:16,340 --> 01:32:14,820

sound Greg let me throw this to you

2397

01:32:18,500 --> 01:32:16,350

because some people will criticize this

2398

01:32:20,930 --> 01:32:18,510

line of thought as being almost quasi

2399

01:32:22,880 --> 01:32:20,940

religious they you you guys have drifted

2400

01:32:25,130 --> 01:32:22,890

off the scientific reservation and

2401

01:32:26,930 --> 01:32:25,140

you're basically talking about religion

2402

01:32:29,270 --> 01:32:26,940

now you're no different than born-again

2403

01:32:31,100 --> 01:32:29,280

Christians or something this idea that

2404

01:32:32,750 --> 01:32:31,110

there's an intelligence that's

2405

01:32:34,130 --> 01:32:32,760

to lead us somewhere and they might not

2406

01:32:35,930 --> 01:32:34,140

be from Zeta Reticuli they might

2407

01:32:37,880 --> 01:32:35,940

actually be from here do you think maybe

2408

01:32:40,340 --> 01:32:37,890

we're drifting too far into faith-based

2409

01:32:43,310 --> 01:32:40,350

ufology Greg is that a concern that the

2410

01:32:47,000 --> 01:32:43,320

eth people often level it folks like us

2411

01:32:48,650 --> 01:32:47,010

well first off over the past few minutes

2412

01:32:50,750 --> 01:32:48,660

I've been thinking to be interesting on

2413

01:32:52,700 --> 01:32:50,760

the podcast to have an ETA sure and

2414

01:32:54,890 --> 01:32:52,710

somebody who's not an e th ER have a

2415

01:33:00,050 --> 01:32:54,900

debate and you would be the co-host on

2416

01:33:02,330 --> 01:33:00,060

that episode okay okay yeah well if

2417

01:33:06,860 --> 01:33:02,340

you've been in the UFO field for a while

2418

01:33:08,810 --> 01:33:06,870

and probably Jean knows this a lot of

2419

01:33:11,870 --> 01:33:08,820

the stuff people talk about starts to

2420

01:33:13,610 --> 01:33:11,880

sound sort of religious because you

2421

01:33:15,590 --> 01:33:13,620

start running into that you start

2422

01:33:17,210 --> 01:33:15,600

running into government stuff you start

2423

01:33:19,460 --> 01:33:17,220

running into psychology you start

2424

01:33:20,810 --> 01:33:19,470

running into spirituality and I don't

2425

01:33:22,730 --> 01:33:20,820

think there's any reason to shy away

2426

01:33:25,190 --> 01:33:22,740

from that because we're dealing with

2427

01:33:27,140 --> 01:33:25,200

people's with people you know with their

2428

01:33:30,020 --> 01:33:27,150

psychology with their belief systems

2429

01:33:33,080 --> 01:33:30,030

with whatever their wants and needs and

2430

01:33:35,210 --> 01:33:33,090

and cultural background is and if that

2431

01:33:37,400 --> 01:33:35,220

includes you know their spiritual

2432

01:33:38,570 --> 01:33:37,410

beliefs so be it the other thing I was

2433

01:33:40,940 --> 01:33:38,580

thinking when you're when you were

2434

01:33:44,000 --> 01:33:40,950

talking about we were talking about all

2435

01:33:46,580 --> 01:33:44,010

the whatever these entities are wherever

2436

01:33:48,260 --> 01:33:46,590

they come from and they didn't see any

2437

01:33:50,330 --> 01:33:48,270

you know they don't care who you know

2438

01:33:52,640 --> 01:33:50,340

what people's position is you know

2439

01:33:54,380 --> 01:33:52,650

that's a spiritual idea to that you know

2440

01:33:56,690 --> 01:33:54,390

there's no difference between my karl

2441

01:33:58,310 --> 01:33:56,700

rove and and a farmer from the BB a-- or

2442

01:34:00,140 --> 01:33:58,320

something they're both you know they're

2443

01:34:06,980 --> 01:34:00,150

in trouble now they think then i'll tell

2444

01:34:09,530 --> 01:34:06,990

you but a political viewpoint here let

2445

01:34:09,950 --> 01:34:09,540

me just zip it here sorry nothing that's

2446

01:34:11,660 --> 01:34:09,960

all right

2447

01:34:13,760 --> 01:34:11,670

they are in trouble if they think that i

2448

01:34:15,890 --> 01:34:13,770

suppose but the thing is what we've

2449

01:34:18,950 --> 01:34:15,900

learned about the UFO subject about

2450

01:34:21,800 --> 01:34:18,960

witnesses is that anybody can witness a

2451

01:34:24,980 --> 01:34:21,810

UFO it's not limited to an economic or

2452

01:34:28,460 --> 01:34:24,990

social or even by country or nationality

2453

01:34:30,980 --> 01:34:28,470

or anything and so i think that if there

2454

01:34:34,100 --> 01:34:30,990

is an intelligence which i think there

2455

01:34:36,770 --> 01:34:34,110

is behind that behind the paranormal

2456

01:34:39,320 --> 01:34:36,780

behind the UFO subject it's so

2457

01:34:41,960 --> 01:34:39,330

democratic it's it's almost out of our

2458

01:34:43,850 --> 01:34:41,970

of belief of how democratic it is and

2459

01:34:45,920 --> 01:34:43,860

I'm not saying that to be you know

2460

01:34:47,780 --> 01:34:45,930

political or that I'm a Democrat or

2461

01:34:49,670 --> 01:34:47,790

anything like that but just to use the

2462

01:34:51,890 --> 01:34:49,680

word that's if they want to contact

2463

01:34:55,640 --> 01:34:51,900

somebody everybody is fair game

2464

01:34:58,100 --> 01:34:55,650

yeah small D Democratic Big D yes yeah

2465

01:35:01,720 --> 01:34:58,110

okay so Charles Fort says we're property

2466

01:35:04,280 --> 01:35:01,730

so say the crypto surest fuels seated us

2467

01:35:06,980 --> 01:35:04,290

nurtured us whatever whatever and

2468

01:35:08,900 --> 01:35:06,990

they're leading us on a path which is

2469

01:35:10,670 --> 01:35:08,910

why flying saucers are here to make us

2470

01:35:12,980 --> 01:35:10,680

think you see where I'm going with this

2471

01:35:14,930 --> 01:35:12,990

yeah I think so I think they're I think

2472

01:35:18,470 --> 01:35:14,940

we're also helping ourselves by buying

2473

01:35:20,270 --> 01:35:18,480

into that hits something worth taking a

2474

01:35:23,840 --> 01:35:20,280

look at does that make sense

2475

01:35:26,060 --> 01:35:23,850

works for me Nick I think you know just

2476

01:35:27,650 --> 01:35:26,070

to go back to to Paul's point about you

2477

01:35:29,360 --> 01:35:27,660

know when about drifting towards a

2478

01:35:31,850 --> 01:35:29,370

religion and you know are we any

2479

01:35:33,380 --> 01:35:31,860

different to a preacher I actually think

2480

01:35:35,780 --> 01:35:33,390

we are I think we're the exact opposite

2481

01:35:38,750 --> 01:35:35,790

because a preacher whatever his or her

2482

01:35:41,510 --> 01:35:38,760

religion is their role basically is to

2483

01:35:44,510 --> 01:35:41,520

uphold that belief system whereas we're

2484

01:35:46,100 --> 01:35:44,520

I think are questioning belief systems

2485

01:35:49,070 --> 01:35:46,110

we're not denying the existence of

2486

01:35:51,620 --> 01:35:49,080

something but we're not hammering home

2487

01:35:53,300 --> 01:35:51,630

you know the idea that it's this or it's

2488

01:35:56,390 --> 01:35:53,310

vast and I think that's the important

2489

01:35:58,610 --> 01:35:56,400

point that a lot of people new fala G

2490

01:36:01,250 --> 01:35:58,620

you understand better than anybody else

2491

01:36:03,620 --> 01:36:01,260

is I'm certainly not but I I do hope

2492

01:36:05,570 --> 01:36:03,630

that I have an open mind rather than a

2493

01:36:07,700 --> 01:36:05,580

mind has always have already reached a

2494

01:36:09,770 --> 01:36:07,710

conclusion and that he's determined to

2495

01:36:11,870 --> 01:36:09,780

uphold it comes high water or whatever

2496

01:36:13,880 --> 01:36:11,880

you know I think I think this is the

2497

01:36:15,290 --> 01:36:13,890

important thing that you followed there

2498

01:36:17,330 --> 01:36:15,300

is an island for saying that certain

2499

01:36:21,230 --> 01:36:17,340

aspects of ufology do spill over into

2500

01:36:23,750 --> 01:36:21,240

religion in terms of the approach but it

2501

01:36:27,350 --> 01:36:23,760

is very much based around upholding

2502

01:36:28,940 --> 01:36:27,360

belief systems etc and I think I think

2503

01:36:31,190 --> 01:36:28,950

there are people in ufology do that

2504

01:36:32,780 --> 01:36:31,200

consciously or otherwise but I would

2505

01:36:35,570 --> 01:36:32,790

hope that more people would come around

2506

01:36:37,940 --> 01:36:35,580

to the idea eventually that we can look

2507

01:36:40,490 --> 01:36:37,950

at the idea as I do believe that there's

2508

01:36:43,330 --> 01:36:40,500

a genuine phenomenon without having to

2509

01:36:47,550 --> 01:36:43,340

you know hammer home the point that it's

2510

01:36:49,110 --> 01:36:47,560

its explanation a B or C etc yeah

2511

01:36:50,750 --> 01:36:49,120

problems oh isn't that a problem though

2512

01:36:53,640 --> 01:36:50,760

that we want the Reader's Digest

2513

01:36:56,700 --> 01:36:53,650

explanation we want the few pithy

2514

01:36:58,140 --> 01:36:56,710

paragraphs that simply summarize the

2515

01:37:00,270 --> 01:36:58,150

entire thing and when you say you know

2516

01:37:02,430 --> 01:37:00,280

what we're only at the beginning of the

2517

01:37:04,470 --> 01:37:02,440

research not the end we don't know

2518

01:37:06,660 --> 01:37:04,480

what's going on yet we only have a faint

2519

01:37:08,520 --> 01:37:06,670

glimmer of hope to figure it out yeah I

2520

01:37:11,370 --> 01:37:08,530

mean that's a valid point there are

2521

01:37:14,160 --> 01:37:11,380

people one answers and for India follow

2522

01:37:15,930 --> 01:37:14,170

gee people wants reissue and soul so

2523

01:37:17,970 --> 01:37:15,940

that you know all the aliens need to

2524

01:37:19,860 --> 01:37:17,980

help us a lot of people want that you

2525

01:37:22,310 --> 01:37:19,870

know as somebody mentioned there is the

2526

01:37:25,530 --> 01:37:22,320

idea of you followed your most kind of

2527

01:37:28,410 --> 01:37:25,540

unconsciously replacing old-time

2528

01:37:30,090 --> 01:37:28,420

religion you know I understand that for

2529

01:37:33,360 --> 01:37:30,100

some people in their lives they need

2530

01:37:35,070 --> 01:37:33,370

meaning you know I kind you know I don't

2531

01:37:37,410 --> 01:37:35,080

know if there's a life after death I

2532

01:37:40,050 --> 01:37:37,420

don't dwell on it I don't think about it

2533

01:37:41,790 --> 01:37:40,060

that much but there are people who do my

2534

01:37:44,300 --> 01:37:41,800

view is I've got 70 or 80 years

2535

01:37:46,650 --> 01:37:44,310

hopefully what happens afterwards

2536

01:37:49,110 --> 01:37:46,660

happens or it doesn't I'm not going to

2537

01:37:52,110 --> 01:37:49,120

dwell on it but when you begin to dwell

2538

01:37:55,140 --> 01:37:52,120

on a subject and you want it to kind of

2539

01:37:57,440 --> 01:37:55,150

have a meaning in your life to me you as

2540

01:38:00,000 --> 01:37:57,450

I said earlier you've kind of lost all

2541

01:38:01,770 --> 01:38:00,010

direction and people might think that

2542

01:38:04,590 --> 01:38:01,780

sounds sort of cold-hearted but it is

2543

01:38:06,540 --> 01:38:04,600

and it's just you know we dwell on

2544

01:38:09,150 --> 01:38:06,550

things because as human beings we

2545

01:38:11,970 --> 01:38:09,160

understand mortality and death

2546

01:38:14,250 --> 01:38:11,980

you know you pet dog all he once used to

2547

01:38:16,140 --> 01:38:14,260

be stroke fed patted take him for a walk

2548

01:38:17,520 --> 01:38:16,150

he loves his life he doesn't have that

2549

01:38:20,040 --> 01:38:17,530

concept that one day it's all going to

2550

01:38:22,650 --> 01:38:20,050

be over so he doesn't worry about higher

2551
01:38:24,660 --> 01:38:22,660
entities coming down to save him we do

2552
01:38:27,390 --> 01:38:24,670
because we know one day we'll be over

2553
01:38:30,350 --> 01:38:27,400
and I think ufology is like a comfort

2554
01:38:32,880 --> 01:38:30,360
zone for people who are not necessarily

2555
01:38:35,130 --> 01:38:32,890
insured with mainstream religion but

2556
01:38:38,160 --> 01:38:35,140
equally because we're human beings they

2557
01:38:40,560 --> 01:38:38,170
want something and for them hichy

2558
01:38:43,080 --> 01:38:40,570
apology I wouldn't use and you're quite

2559
01:38:44,760 --> 01:38:43,090
right Nick the term religion which I I

2560
01:38:46,850 --> 01:38:44,770
don't abort the term adjust aboard the

2561
01:38:49,050 --> 01:38:46,860
practice the formalized sort of

2562
01:38:52,710 --> 01:38:49,060
codification of spiritual beliefs I

2563
01:38:55,110 --> 01:38:52,720

would use the term spiritualistic more

2564

01:38:58,140 --> 01:38:55,120

mystical there's a within all faiths

2565

01:39:00,390 --> 01:38:58,150

there's a mystical trend that often gets

2566

01:39:02,730 --> 01:39:00,400

squashed by the mainstream churches

2567

01:39:06,680 --> 01:39:02,740

and you know it's funny your blog you

2568

01:39:10,590 --> 01:39:06,690

and Greg and 85 other people now this is

2569

01:39:13,080 --> 01:39:10,600

known as as UFO your gang is increased

2570

01:39:15,030 --> 01:39:13,090

it's known as UFO mystic and I think

2571

01:39:16,500 --> 01:39:15,040

that I don't know why Craig or whomever

2572

01:39:18,150 --> 01:39:16,510

came up with that term but I think that

2573

01:39:20,280 --> 01:39:18,160

touches in using the religious

2574

01:39:21,990 --> 01:39:20,290

faith-based thing it touches into the

2575

01:39:25,650 --> 01:39:22,000

fact that way you guys do when you write

2576

01:39:28,830 --> 01:39:25,660

if you view ufology as in some sense of

2577

01:39:31,020 --> 01:39:28,840

religion but also in some sense say call

2578

01:39:33,000 --> 01:39:31,030

it a spiritual or request or whatever

2579

01:39:35,370 --> 01:39:33,010

you guys are more in the spiritual quest

2580

01:39:37,140 --> 01:39:35,380

end of it where you're asking questions

2581

01:39:38,760 --> 01:39:37,150

you're out there you're mystics it

2582

01:39:40,320 --> 01:39:38,770

happens to be in the UFO field as

2583

01:39:43,380 --> 01:39:40,330

opposed to religion but whatever or

2584

01:39:46,230 --> 01:39:43,390

faith and that exists in almost every

2585

01:39:47,900 --> 01:39:46,240

inquiry of humans looking into something

2586

01:39:50,370 --> 01:39:47,910

that we don't understand certainly was

2587

01:39:52,260 --> 01:39:50,380

spirituality or faith there are mystics

2588

01:39:55,440 --> 01:39:52,270

William James all Abunda Henry Allen was

2589

01:39:57,150 --> 01:39:55,450

one Jesus himself one would say was was

2590

01:39:58,980 --> 01:39:57,160

very mystical and then there's the

2591

01:40:02,670 --> 01:39:58,990

people who come along and insist on

2592

01:40:05,070 --> 01:40:02,680

taking that mysticism that wonder that

2593

01:40:07,740 --> 01:40:05,080

questioning and taking everything

2594

01:40:09,630 --> 01:40:07,750

special out of it they you know like

2595

01:40:11,460 --> 01:40:09,640

sticking a pin in it draining the

2596

01:40:14,010 --> 01:40:11,470

lifeblood out of it and then leaving it

2597

01:40:15,570 --> 01:40:14,020

cold dark gray HUS and oh okay that's

2598

01:40:15,810 --> 01:40:15,580

what we've got because we can control

2599

01:40:20,910 --> 01:40:15,820

that

2600

01:40:23,760 --> 01:40:20,920

now you're right I know everybody's

2601
01:40:25,860 --> 01:40:23,770
right we're all perfect and we have to

2602
01:40:27,480 --> 01:40:25,870
say nothing more because that's it I

2603
01:40:30,390 --> 01:40:27,490
think the problem is in any of these

2604
01:40:32,880 --> 01:40:30,400
things any of these pursuits if you want

2605
01:40:34,620 --> 01:40:32,890
to get down to brass tacks I suppose and

2606
01:40:36,960 --> 01:40:34,630
have written about this and so isn't it

2607
01:40:39,480 --> 01:40:36,970
these fundamentalist thinking the belief

2608
01:40:41,190 --> 01:40:39,490
based thinking which stops you looking

2609
01:40:44,550 --> 01:40:41,200
at other things what could be more

2610
01:40:46,980 --> 01:40:44,560
boring than to be stuck in one type of

2611
01:40:48,450 --> 01:40:46,990
thought process in one belief system and

2612
01:40:50,340 --> 01:40:48,460
then sit there in defended against all

2613
01:40:51,090 --> 01:40:50,350

people who you know once in a while have

2614

01:40:54,410 --> 01:40:51,100

a good point

2615

01:40:58,260 --> 01:40:54,420

I think that's boring and it's also it's

2616

01:41:01,950 --> 01:40:58,270

cowardly to me to so I will die

2617

01:41:05,070 --> 01:41:01,960

distinguished skeptics in the UFO field

2618

01:41:06,810 --> 01:41:05,080

in any other field by two terms skeptic

2619

01:41:08,760 --> 01:41:06,820

which is somebody that doesn't believe

2620

01:41:10,290 --> 01:41:08,770

anything without proper

2621

01:41:11,790 --> 01:41:10,300

to back it up and a fundamentalist

2622

01:41:13,290 --> 01:41:11,800

skeptic who won't believe anything no

2623

01:41:15,450 --> 01:41:13,300

matter how much evidence you show them

2624

01:41:17,130 --> 01:41:15,460

yeah I think one of the most important

2625

01:41:20,520 --> 01:41:17,140

things to and I swear this is the last

2626

01:41:22,890 --> 01:41:20,530

thing I'll read from Mack's book but I

2627

01:41:25,580 --> 01:41:22,900

want people to why I'm doing this is I

2628

01:41:27,510 --> 01:41:25,590

want them to hear what he wrote and

2629

01:41:30,180 --> 01:41:27,520

understand that there are very few

2630

01:41:33,030 --> 01:41:30,190

people writing in the UFO field or the

2631

01:41:36,210 --> 01:41:33,040

paranormal field in general then also at

2632

01:41:37,830 --> 01:41:36,220

a facility with language that Mac had so

2633

01:41:39,780 --> 01:41:37,840

many UFO books no matter how much

2634

01:41:43,200 --> 01:41:39,790

information they might impart are so

2635

01:41:44,880 --> 01:41:43,210

deadly really dull in terms of their

2636

01:41:47,550 --> 01:41:44,890

language you two guys are you know

2637

01:41:50,940 --> 01:41:47,560

wonderful exceptions

2638

01:41:52,260 --> 01:41:50,950

yes why so but even beyond what Greg

2639

01:41:53,910 --> 01:41:52,270

would write or what Nick would write I

2640

01:41:56,730 --> 01:41:53,920

mean Mac just had a facility with

2641

01:41:57,780 --> 01:41:56,740

language that was special and I think it

2642

01:42:00,180 --> 01:41:57,790

bled through him into his science

2643

01:42:01,920 --> 01:42:00,190

fiction writing to the unique and that's

2644

01:42:03,930 --> 01:42:01,930

what we'll miss and here's here's this

2645

01:42:06,180 --> 01:42:03,940

final comment in the book he leaves the

2646

01:42:08,340 --> 01:42:06,190

crypto terrestrials behind and he goes

2647

01:42:10,530 --> 01:42:08,350

back to talking about us and I think a

2648

01:42:13,260 --> 01:42:10,540

lot of what Mack's thinking on all of

2649

01:42:15,180 --> 01:42:13,270

this was that we see in the UFO

2650

01:42:18,840 --> 01:42:15,190

phenomenon a mirror of ourselves

2651
01:42:20,550 --> 01:42:18,850
perhaps it says this much about us as it

2652
01:42:22,110 --> 01:42:20,560
says about whatever they are so here's

2653
01:42:23,940 --> 01:42:22,120
what he wrote he said although I harbor

2654
01:42:25,980 --> 01:42:23,950
serious reservations about humanity's

2655
01:42:28,680 --> 01:42:25,990
ability to make the evolutionary cut I'm

2656
01:42:30,510 --> 01:42:28,690
not without hope I sense great things in

2657
01:42:32,580 --> 01:42:30,520
the making I enjoy experiencing this

2658
01:42:35,220 --> 01:42:32,590
dire ever-accelerating point in our

2659
01:42:37,620 --> 01:42:35,230
species history our potential is genuine

2660
01:42:39,690 --> 01:42:37,630
cosmic citizens challenges the

2661
01:42:42,360 --> 01:42:39,700
imagination and stretches conceptual

2662
01:42:44,730 --> 01:42:42,370
boundaries to dizzy extremes I'm willing

2663
01:42:45,660 --> 01:42:44,740

to embrace transcendence or endurance

2664

01:42:47,760 --> 01:42:45,670

extinction

2665

01:42:50,190 --> 01:42:47,770

I must perpetually concede either

2666

01:42:52,410 --> 01:42:50,200

possibility no matter how dramatically

2667

01:42:54,930 --> 01:42:52,420

different regardless of how exciting or

2668

01:42:57,750 --> 01:42:54,940

dismal I walk a fine existential edge

2669

01:43:00,210 --> 01:42:57,760

fearing and cherishing enlivened by a

2670

01:43:02,670 --> 01:43:00,220

vertiginous sense of astonishment and

2671

01:43:03,960 --> 01:43:02,680

horror and I would say that there's no

2672

01:43:05,850 --> 01:43:03,970

better way of looking at the UFO

2673

01:43:07,020 --> 01:43:05,860

phenomenon than those he wasn't

2674

01:43:08,730 --> 01:43:07,030

specifically writing about you follow

2675

01:43:12,720 --> 01:43:08,740

gee but the UFO phenomena those two

2676

01:43:14,550 --> 01:43:12,730

paragraphs existential you know the idea

2677

01:43:16,710 --> 01:43:14,560

of you're looking at it in both horror

2678

01:43:19,860 --> 01:43:16,720

but also fascination a mystery all of

2679

01:43:20,640 --> 01:43:19,870

that stuff I think he said because he

2680

01:43:22,590 --> 01:43:20,650

really was

2681

01:43:24,630 --> 01:43:22,600

somebody who was capable of exciting

2682

01:43:25,980 --> 01:43:24,640

people's imagination again I would I

2683

01:43:28,110 --> 01:43:25,990

would call him tell me if you think I'm

2684

01:43:29,490 --> 01:43:28,120

wrong guys the Carl Sagan if you follow

2685

01:43:31,970 --> 01:43:29,500

gee in the sense that he could

2686

01:43:34,260 --> 01:43:31,980

popularize it and also at the same time

2687

01:43:42,800 --> 01:43:34,270

so make it accessible but also at the

2688

01:43:48,280 --> 01:43:45,129

[Music]

2700

01:45:02,850 --> 01:45:00,780

we're talking about the crypto to rest

2701

01:45:05,250 --> 01:45:02,860

just by Mac Tony's our co-host Paul

2702

01:45:08,010 --> 01:45:05,260

Campbell Nicholas Redfern Greg Bishop

2703

01:45:12,990 --> 01:45:08,020

are here to help guys your thoughts

2704

01:45:16,080 --> 01:45:13,000

about what Paul just read and said the

2705

01:45:18,090 --> 01:45:16,090

one phrase besides the what Paul just

2706

01:45:20,610 --> 01:45:18,100

read the one phrase it sticks with me

2707

01:45:22,650 --> 01:45:20,620

and which is kind of distilled

2708

01:45:25,530 --> 01:45:22,660

everything that I've been looking at

2709

01:45:28,200 --> 01:45:25,540

since I started really seriously looking

2710

01:45:29,610 --> 01:45:28,210

at the that the paranormal was a phrase

2711

01:45:31,620 --> 01:45:29,620

he came up with somewhere in the middle

2712

01:45:35,340 --> 01:45:31,630

of the book called recreational paranoia

2713

01:45:38,970 --> 01:45:35,350

which is a wonderful phrase which means

2714

01:45:41,340 --> 01:45:38,980

to me it means don't be afraid you can

2715

01:45:44,630 --> 01:45:41,350

be afraid but don't be afraid to think

2716

01:45:47,580 --> 01:45:44,640

differently or look at something new or

2717

01:45:49,110 --> 01:45:47,590

feel threatened by something whether on

2718

01:45:51,450 --> 01:45:49,120

a personal level or an intellectual

2719

01:45:54,090 --> 01:45:51,460

level when you're looking for answers

2720

01:45:56,820 --> 01:45:54,100

and that's you know in in a nutshell

2721

01:45:58,500 --> 01:45:56,830

that's the I think that's a proper

2722

01:46:01,170 --> 01:45:58,510

attitude a brave attitude a courageous

2723

01:46:02,190 --> 01:46:01,180

attitude you know have fun with it yeah

2724

01:46:04,110 --> 01:46:02,200

you're gonna it's like being on a

2725

01:46:05,700 --> 01:46:04,120

carnival ride things are going to come

2726

01:46:07,260 --> 01:46:05,710

at you you're gonna go or you know go

2727

01:46:10,050 --> 01:46:07,270

over Hills you're gonna fall off things

2728

01:46:12,209 --> 01:46:10,060

but if you trust yourself and you trust

2729

01:46:14,760 --> 01:46:12,219

your own thinking process and not other

2730

01:46:16,860 --> 01:46:14,770

people's I think you'll find maybe not

2731

01:46:19,500 --> 01:46:16,870

the answer to the UFO question but some

2732

01:46:21,540 --> 01:46:19,510

answers about yourself and I think I

2733

01:46:24,360 --> 01:46:21,550

talked about that with Mack quite a lot

2734

01:46:26,520 --> 01:46:24,370

and he agreed with me on it

2735

01:46:30,030 --> 01:46:26,530

the search for answers it's more like a

2736

01:46:31,500 --> 01:46:30,040

journey and more like a putting yourself

2737

01:46:33,030 --> 01:46:31,510

through a different school not the

2738

01:46:34,709 --> 01:46:33,040

school that you go to classes and pay

2739

01:46:36,240 --> 01:46:34,719

for and all that well I guess you do pay

2740

01:46:39,330 --> 01:46:36,250

for books and conferences and all that

2741

01:46:40,830 --> 01:46:39,340

but it's a personal journey and there's

2742

01:46:42,900 --> 01:46:40,840

there's a lot of rewards there if you

2743

01:46:45,060 --> 01:46:42,910

don't allow yourself to be stuck

2744

01:46:50,400 --> 01:46:45,070

anywhere the journey is its own reward

2745

01:46:53,580 --> 01:46:50,410

Nick exactly yeah what Greg said oh this

2746

01:46:55,800 --> 01:46:53,590

is so easy for us thanks Joe no I

2747

01:46:58,080 --> 01:46:55,810

actually you know Greg make some good

2748

01:46:59,910 --> 01:46:58,090

points and I think I think part of the

2749

01:47:02,130 --> 01:46:59,920

search of the truth about the UFO

2750

01:47:04,650 --> 01:47:02,140

mystery is the fact that we are almost

2751

01:47:07,260 --> 01:47:04,660

put on a quest to find the truth and

2752

01:47:08,940 --> 01:47:07,270

that also kind of touches upon block you

2753

01:47:11,609 --> 01:47:08,950

know Paul talks about religion you know

2754

01:47:13,410 --> 01:47:11,619

the idea of finding something

2755

01:47:15,629 --> 01:47:13,420

and coming to a conclusion or a belief

2756

01:47:18,810 --> 01:47:15,639

system I think that you know there's

2757

01:47:21,330 --> 01:47:18,820

Greg Greg made some good valid points

2758

01:47:24,660 --> 01:47:21,340

based on you know max writings and I

2759

01:47:27,450 --> 01:47:24,670

think if nothing else the fact the sad

2760

01:47:29,580 --> 01:47:27,460

fact that this has to be max final work

2761

01:47:32,760 --> 01:47:29,590

I think you know he's left us with a

2762

01:47:35,609 --> 01:47:32,770

body of work where we can you know talk

2763

01:47:36,930 --> 01:47:35,619

on a two hour radio show and barely

2764

01:47:39,899 --> 01:47:36,940

scratch the surface

2765

01:47:41,250 --> 01:47:39,909

you know most books or whatever you can

2766

01:47:43,620 --> 01:47:41,260

wrap them up in a narrow self

2767

01:47:45,600 --> 01:47:43,630

conversation Mack offered so many

2768

01:47:48,060 --> 01:47:45,610

different theories of the things we've

2769

01:47:51,240 --> 01:47:48,070

discussed tonight that you just don't

2770

01:47:54,209 --> 01:47:51,250

get within mainstream ufology because

2771

01:47:57,859 --> 01:47:54,219

mainstream ufology is so compact

2772

01:48:00,930 --> 01:47:57,869

so compacted into you know one or two

2773

01:48:04,229 --> 01:48:00,940

theories and ideas and and frameworks

2774

01:48:07,109 --> 01:48:04,239

and you know the LA poll said with max

2775

01:48:10,200 --> 01:48:07,119

writing you know he was so descriptive

2776

01:48:13,410 --> 01:48:10,210

and so you know brilliant in his writing

2777

01:48:16,339 --> 01:48:13,420

style he was just able to present me

2778

01:48:18,540 --> 01:48:16,349

hundred pages you know something that

2779

01:48:19,740 --> 01:48:18,550

some people would take a lifetime to

2780

01:48:22,080 --> 01:48:19,750

write and you know particularly those

2781

01:48:25,020 --> 01:48:22,090

last paragraphs as well you know there

2782

01:48:26,879 --> 01:48:25,030

it was sort of bordering on or you could

2783

01:48:29,280 --> 01:48:26,889

really say about the phenomenon that's

2784

01:48:30,390 --> 01:48:29,290

you know hadn't been said before do you

2785

01:48:33,000 --> 01:48:30,400

think that maybe in putting this

2786

01:48:35,040 --> 01:48:33,010

together this book he knew innately that

2787

01:48:38,640 --> 01:48:35,050

he didn't have much time left I always

2788

01:48:41,040 --> 01:48:38,650

think that people do know when their

2789

01:48:42,450 --> 01:48:41,050

time is coming I think just going back

2790

01:48:42,839 --> 01:48:42,460

to something and maybe has nothing to do

2791

01:48:47,669 --> 01:48:42,849

with it

2792

01:48:50,189 --> 01:48:47,679

day before my birthday back in 1988 my

2793

01:48:51,780 --> 01:48:50,199

father calls me and he would talk

2794

01:48:53,570 --> 01:48:51,790

frequently but maybe only for a few

2795

01:48:56,250 --> 01:48:53,580

minutes and then he spent more time

2796

01:48:58,740 --> 01:48:56,260

trying to express his thoughts the next

2797

01:49:01,229 --> 01:48:58,750

day he died so he kind of wondered when

2798

01:49:03,000 --> 01:49:01,239

Mac was putting this together maybe the

2799

01:49:05,790 --> 01:49:03,010

message and a li says you know Mac

2800

01:49:09,330 --> 01:49:05,800

you're gonna be leaving soon you've got

2801
01:49:12,050 --> 01:49:09,340
to get this down pat now I you know that

2802
01:49:15,590 --> 01:49:12,060
that's sort of a romantic notion

2803
01:49:18,050 --> 01:49:15,600
I think not only because I know that Mac

2804
01:49:20,750 --> 01:49:18,060
and I and I'm sure maybe Greg and Nick

2805
01:49:22,520 --> 01:49:20,760
too but I had talked to Mac we were

2806
01:49:24,500 --> 01:49:22,530
working on a science fiction screenplay

2807
01:49:26,810 --> 01:49:24,510
based on the play that we had co-written

2808
01:49:28,910 --> 01:49:26,820
which hopefully will be going in

2809
01:49:30,470 --> 01:49:28,920
production this year so max final work

2810
01:49:32,660 --> 01:49:30,480
might not be the Krypton terrestrials

2811
01:49:34,430 --> 01:49:32,670
I'm kind of hoping that it's this film

2812
01:49:36,020 --> 01:49:34,440
that we'll do and then he has a lot of

2813
01:49:38,090 --> 01:49:36,030

you know short stories and stuff that I

2814

01:49:40,280 --> 01:49:38,100

think will be a rich vein for

2815

01:49:42,470 --> 01:49:40,290

screenwriters and other people too to

2816

01:49:44,180 --> 01:49:42,480

take up the years to come but he was

2817

01:49:46,640 --> 01:49:44,190

talking at least to me about

2818

01:49:48,950 --> 01:49:46,650

collaborating on other projects and the

2819

01:49:51,290 --> 01:49:48,960

crypto terrestrials was a was a stop an

2820

01:49:53,660 --> 01:49:51,300

important stop on his own road his own

2821

01:49:56,780 --> 01:49:53,670

journey and Greg hit it exactly right

2822

01:49:59,180 --> 01:49:56,790

Mac was all about and this is why I you

2823

01:50:01,160 --> 01:49:59,190

know he and I got along so well and we

2824

01:50:02,750 --> 01:50:01,170

all get along so well you know it's not

2825

01:50:05,000 --> 01:50:02,760

about the destination it's about the

2826

01:50:08,390 --> 01:50:05,010

journey and it sounds trite and cliché

2827

01:50:10,760 --> 01:50:08,400

but it's true and he I don't think he

2828

01:50:13,580 --> 01:50:10,770

thought he was anywhere near the end of

2829

01:50:15,320 --> 01:50:13,590

his journey and so that's me that's the

2830

01:50:17,180 --> 01:50:15,330

tragedy and I think he can see that in

2831

01:50:18,950 --> 01:50:17,190

the book Jean as he pointed out he had

2832

01:50:20,450 --> 01:50:18,960

more that I think if he had lives

2833

01:50:22,610 --> 01:50:20,460

the book would have taken longer but

2834

01:50:24,680 --> 01:50:22,620

there were many other things that he

2835

01:50:26,540 --> 01:50:24,690

would have put in it as well so yeah I

2836

01:50:28,790 --> 01:50:26,550

don't think so I don't think he saw the

2837

01:50:31,160 --> 01:50:28,800

end coming at all in ten minutes or less

2838

01:50:32,060 --> 01:50:31,170

maybe defy where we're going or where we

2839

01:50:34,190 --> 01:50:32,070

could go from here

2840

01:50:36,440 --> 01:50:34,200

and by the way neighbors we are going to

2841

01:50:38,510 --> 01:50:36,450

do more shows about Mac Tony's the

2842

01:50:41,390 --> 01:50:38,520

crypto to rest shows that doesn't end

2843

01:50:45,080 --> 01:50:41,400

here either okay seeing where we are now

2844

01:50:47,420 --> 01:50:45,090

we're living in a sea of ETH how do we

2845

01:50:49,670 --> 01:50:47,430

help people think about other

2846

01:50:54,860 --> 01:50:49,680

possibilities we always call on Greg

2847

01:50:57,560 --> 01:50:54,870

first so go ahead think yeah I think the

2848

01:51:00,260 --> 01:50:57,570

way to do it is doing exactly what what

2849

01:51:02,960 --> 01:51:00,270

we're doing right now is just popularize

2850

01:51:06,200 --> 01:51:02,970

the idea in the best way we know how by

2851
01:51:08,990 --> 01:51:06,210
or using our vehicle or our you know

2852
01:51:11,780 --> 01:51:09,000
whatever our tool is follow this film

2853
01:51:14,480 --> 01:51:11,790
Nick and I write and you do the you do

2854
01:51:16,520 --> 01:51:14,490
the podcast I do one too but that's the

2855
01:51:18,470 --> 01:51:16,530
best way to do it I mean I mean it's not

2856
01:51:19,490 --> 01:51:18,480
my style to show things down people's

2857
01:51:21,350 --> 01:51:19,500
throats I present

2858
01:51:23,450 --> 01:51:21,360
what I think and then wait for people to

2859
01:51:25,040 --> 01:51:23,460
react I don't want to carry a flag

2860
01:51:26,630 --> 01:51:25,050
unfortunately the people that do carry a

2861
01:51:28,340 --> 01:51:26,640
flag get a lot more people listening to

2862
01:51:30,500 --> 01:51:28,350
them if that's not the way I do it

2863
01:51:32,900 --> 01:51:30,510

that's not the way anybody here does it

2864

01:51:35,090 --> 01:51:32,910

so I think just popularizing his ideas

2865

01:51:37,880 --> 01:51:35,100

bringing them up I've actually brought

2866

01:51:39,710 --> 01:51:37,890

up I played a clip of Mac at talks I've

2867

01:51:41,630 --> 01:51:39,720

given and you know two or three people

2868

01:51:43,130 --> 01:51:41,640

the audience go home hey and they come

2869

01:51:44,900 --> 01:51:43,140

up to me afterwards and talk about it

2870

01:51:47,390 --> 01:51:44,910

and you know and I think that's how it

2871

01:51:50,510 --> 01:51:47,400

works you get a few people talking about

2872

01:51:52,760 --> 01:51:50,520

it and you would hope at some point that

2873

01:51:54,320 --> 01:51:52,770

turns into more of a flood in the Natur

2874

01:51:56,600 --> 01:51:54,330

'but i don't know if it'll happen with

2875

01:51:58,940 --> 01:51:56,610

max max book i would hope that it does

2876

01:52:00,890 --> 01:51:58,950

but i am said before that if there's

2877

01:52:02,630 --> 01:52:00,900

gonna be a change in the UFO phenomena

2878

01:52:04,490 --> 01:52:02,640

the way we look at it it's not going to

2879

01:52:06,860 --> 01:52:04,500

come from the UFO people it's going to

2880

01:52:10,010 --> 01:52:06,870

come from a field of study outside of

2881

01:52:11,780 --> 01:52:10,020

ufology whatever that is and i think at

2882

01:52:14,150 --> 01:52:11,790

that point a lot of the things that mac

2883

01:52:15,800 --> 01:52:14,160

wrote about will have a lot more

2884

01:52:19,930 --> 01:52:15,810

relevance and maybe that's why i said

2885

01:52:22,940 --> 01:52:19,940

that the book will be heralded you know

2886

01:52:25,910 --> 01:52:22,950

may a whole not long but after it's time

2887

01:52:28,550 --> 01:52:25,920

okay yeah I think we with what Greg said

2888

01:52:31,220 --> 01:52:28,560

what I would add to that is that you

2889

01:52:33,680 --> 01:52:31,230

know one of the problems with not

2890

01:52:35,900 --> 01:52:33,690

necessarily having people believe what

2891

01:52:37,940 --> 01:52:35,910

Mad Max dear I don't think Mac would

2892

01:52:39,860 --> 01:52:37,950

want that I think max once wanted the

2893

01:52:42,260 --> 01:52:39,870

UFO community to be open-minded to

2894

01:52:45,770 --> 01:52:42,270

different scenarios but the big problem

2895

01:52:47,720 --> 01:52:45,780

we face in getting the UFO community to

2896

01:52:52,250 --> 01:52:47,730

be open-minded to something other than

2897

01:52:54,410 --> 01:52:52,260

the ATH is the problem that you know you

2898

01:52:56,960 --> 01:52:54,420

follow G is very much like a closed

2899

01:52:59,030 --> 01:52:56,970

group of people yeah there's a lot of

2900

01:53:01,250 --> 01:52:59,040

people read UFO magazine and attend

2901

01:53:03,290 --> 01:53:01,260

conferences but in terms of the people

2902

01:53:05,930 --> 01:53:03,300

who do the research the writing and who

2903

01:53:08,960 --> 01:53:05,940

you might call prime movers they are

2904

01:53:12,410 --> 01:53:08,970

rigidly stuck not just in the a th but

2905

01:53:13,820 --> 01:53:12,420

it's kind of like this safe mode where I

2906

01:53:15,700 --> 01:53:13,830

mean I'll give you a good example when I

2907

01:53:18,230 --> 01:53:15,710

wrote body-snatchers a couple of people

2908

01:53:20,480 --> 01:53:18,240

well-known people the ufology said words

2909

01:53:21,830 --> 01:53:20,490

to the effect of wow you know you wrote

2910

01:53:23,750 --> 01:53:21,840

that book are you worried about getting

2911

01:53:26,480 --> 01:53:23,760

thrown off the lecture circuit in other

2912

01:53:28,670 --> 01:53:26,490

words they were worried had they done

2913

01:53:30,500 --> 01:53:28,680

something similar they wouldn't be

2914

01:53:32,450 --> 01:53:30,510

invited to the next conference at this

2915

01:53:34,580 --> 01:53:32,460

city or that city

2916

01:53:36,410 --> 01:53:34,590

that's what you're facing you have the

2917

01:53:39,290 --> 01:53:36,420

youth illogical community that doesn't

2918

01:53:41,870 --> 01:53:39,300

want to rock the boat because they have

2919

01:53:43,459 --> 01:53:41,880

like their own turf within that field

2920

01:53:45,950 --> 01:53:43,469

he's the abduction guy he's the implants

2921

01:53:48,350 --> 01:53:45,960

guy she's whatever you know and that's

2922

01:53:50,209 --> 01:53:48,360

the problem and they're trying to think

2923

01:53:51,979 --> 01:53:50,219

outside of the box because they they're

2924

01:53:53,720 --> 01:53:51,989

fearful of what their peers and

2925

01:53:55,220 --> 01:53:53,730

colleagues are gonna say the Freud never

2926

01:53:57,500 --> 01:53:55,230

getting thrown off the lecture circuit

2927

01:53:59,390 --> 01:53:57,510

or not getting you know late-night phone

2928

01:54:01,490 --> 01:53:59,400

calls from this research or that one or

2929

01:54:03,380 --> 01:54:01,500

being in on somebody's little secret you

2930

01:54:05,630 --> 01:54:03,390

know their big grand plans for you

2931

01:54:07,760 --> 01:54:05,640

follow G or whatever and that's what

2932

01:54:10,430 --> 01:54:07,770

that's what we're up against we're up

2933

01:54:13,250 --> 01:54:10,440

against not just trying to expose a

2934

01:54:16,580 --> 01:54:13,260

phenomenon we're up against a subjects

2935

01:54:19,400 --> 01:54:16,590

and people within the subject who have a

2936

01:54:21,200 --> 01:54:19,410

comfort zone which you know it's

2937

01:54:23,709 --> 01:54:21,210

relative to other people as well but

2938

01:54:26,000 --> 01:54:23,719

they don't really want to get out of and

2939

01:54:28,220 --> 01:54:26,010

that's the problem how we get them out

2940

01:54:29,930 --> 01:54:28,230

of it to look at other ideas without

2941

01:54:31,310 --> 01:54:29,940

them worrying about the first thing that

2942

01:54:33,440 --> 01:54:31,320

they're not going to get but they've got

2943

01:54:35,360 --> 01:54:33,450

to speak at John Smith's conference next

2944

01:54:38,810 --> 01:54:35,370

year or whatever John Smith's putting on

2945

01:54:42,140 --> 01:54:38,820

a conference right where do you need an

2946

01:54:43,970 --> 01:54:42,150

extra speaker I could use it well yeah

2947

01:54:46,220 --> 01:54:43,980

whether it's John Smith you know bill

2948

01:54:48,770 --> 01:54:46,230

whatever who knows you know just the

2949

01:54:51,560 --> 01:54:48,780

idea don't worry about your position in

2950

01:54:54,170 --> 01:54:51,570

ufology just just go where your mind

2951

01:54:57,410 --> 01:54:54,180

goes man bill didn't invite me either

2952

01:54:59,720 --> 01:54:57,420

that's terrible well when I did my

2953

01:55:01,760 --> 01:54:59,730

review of the book which you can read on

2954

01:55:04,610 --> 01:55:01,770

the podcast for insight I said look Mac

2955

01:55:06,680 --> 01:55:04,620

wasn't writing for ufology I know

2956

01:55:08,540 --> 01:55:06,690

believe me folks can believe me or not

2957

01:55:10,100 --> 01:55:08,550

but anyone a new Mac knew that he had

2958

01:55:12,080 --> 01:55:10,110

very little used for a quote quote

2959

01:55:14,990 --> 01:55:12,090

apology and it comes through in his book

2960

01:55:16,550 --> 01:55:15,000

Mac was aiming at a bigger target and

2961

01:55:18,979 --> 01:55:16,560

this is why I think he had no idea he

2962

01:55:21,260 --> 01:55:18,989

was gonna die or anything I think this

2963

01:55:23,600 --> 01:55:21,270

was just the beginning for him of what

2964

01:55:25,970 --> 01:55:23,610

was going to be a very long exploration

2965

01:55:27,770 --> 01:55:25,980

of what the UFO phenomenon man and not

2966

01:55:29,810 --> 01:55:27,780

an exploration that would not a

2967

01:55:32,870 --> 01:55:29,820

conversation that he was interested

2968

01:55:34,910 --> 01:55:32,880

really in having with ufology which I

2969

01:55:37,070 --> 01:55:34,920

think he believed was terminally ill I

2970

01:55:39,650 --> 01:55:37,080

think it was a conversation he wanted to

2971

01:55:43,430 --> 01:55:39,660

have with people outside ufology that he

2972

01:55:45,110 --> 01:55:43,440

wanted to to engage to talk to people to

2973

01:55:47,180 --> 01:55:45,120

learn from people that

2974

01:55:50,870 --> 01:55:47,190

weren't stuck in this you know la brea

2975

01:55:51,440 --> 01:55:50,880

tar pit of intellectual rigidity I like

2976

01:55:53,810 --> 01:55:51,450

that phrase

2977

01:55:56,150 --> 01:55:53,820

can I just copyright that we can use

2978

01:55:57,860 --> 01:55:56,160

that and you know when I when I wrote

2979

01:56:00,410 --> 01:55:57,870

the review this is horrible I'm about to

2980

01:56:02,180 --> 01:56:00,420

quote for myself now but to me this is

2981

01:56:04,370 --> 01:56:02,190

what the crypto terrestrials is and

2982

01:56:06,950 --> 01:56:04,380

uncle Stan will not like this but

2983

01:56:08,630 --> 01:56:06,960

whatever I wrote people like Stan have

2984

01:56:10,550 --> 01:56:08,640

done more to undermine the cause of the

2985

01:56:12,470 --> 01:56:10,560

extra-terrestrial hypothesis within the

2986

01:56:14,690 --> 01:56:12,480

broader public than a hundred sets show

2987

01:56:16,790 --> 01:56:14,700

sex not necessarily because they're

2988

01:56:19,220 --> 01:56:16,800

wrong but because they are so convinced

2989

01:56:20,810 --> 01:56:19,230

that everyone else is wrong Mac rejected

2990

01:56:22,910 --> 01:56:20,820

as Gregg Nick and I do their

2991

01:56:24,800 --> 01:56:22,920

intellectual rigidity as well as their

2992

01:56:26,660 --> 01:56:24,810

lack of any true sense of wonder or

2993

01:56:28,550 --> 01:56:26,670

appreciation for the mystery of it all

2994

01:56:30,830 --> 01:56:28,560

and now I use one final biblical thing

2995

01:56:33,110 --> 01:56:30,840

and Mickey is rock and roll but I wrote

2996

01:56:34,520 --> 01:56:33,120

a freedman it all have spent last few

2997

01:56:35,930 --> 01:56:34,530

decades hunkered down in the u falah

2998

01:56:38,510 --> 01:56:35,940

djegal equivalent of an intellectual

2999

01:56:39,860 --> 01:56:38,520

jericho the Mac is the guy standing at

3000

01:56:42,230 --> 01:56:39,870

the walls with the trumpet and the

3001
01:56:44,240 --> 01:56:42,240
crypto terrestrials is the blast that

3002
01:56:47,180 --> 01:56:44,250
should bring the whole decrepit edifice

3003
01:56:48,770 --> 01:56:47,190
of certainty crumbling down and I think

3004
01:56:50,810 --> 01:56:48,780
that's what this book is I think it's a

3005
01:56:52,970 --> 01:56:50,820
clarion and compared it to the Ramones

3006
01:56:55,100 --> 01:56:52,980
and the Sex Pistols and somewhere Mac's

3007
01:56:57,380 --> 01:56:55,110
spinning in his proverbial wherever he

3008
01:56:58,940 --> 01:56:57,390
is because although you did mention

3009
01:57:01,970 --> 01:56:58,950
Morrissey in the Smiths in your forward

3010
01:57:03,680 --> 01:57:01,980
Nick which was nice but so many people

3011
01:57:06,290 --> 01:57:03,690
have been so certain for so long about

3012
01:57:09,170 --> 01:57:06,300
what the UFO phenomenon represents that

3013
01:57:10,970 --> 01:57:09,180

too to paraphrase the Joker from Tim

3014

01:57:12,590 --> 01:57:10,980

Burton's Batman what this thing needs is

3015

01:57:15,440 --> 01:57:12,600

an enema and what the crypto

3016

01:57:17,990 --> 01:57:15,450

terrestrials is is the enema it is that

3017

01:57:20,390 --> 01:57:18,000

trumpet blast that says you know we

3018

01:57:21,590 --> 01:57:20,400

can't be certain about anything which

3019

01:57:23,540 --> 01:57:21,600

doesn't mean we're chickens with our

3020

01:57:25,250 --> 01:57:23,550

heads cut off running around just

3021

01:57:28,280 --> 01:57:25,260

willy-nilly saying this then the other

3022

01:57:30,530 --> 01:57:28,290

thing let's focus in let's ask questions

3023

01:57:33,050 --> 01:57:30,540

again maybe those questions will

3024

01:57:35,120 --> 01:57:33,060

eventually lead us to answers but we

3025

01:57:37,220 --> 01:57:35,130

have to admit that after 60 years we

3026

01:57:39,380 --> 01:57:37,230

don't have those answers yet and we're

3027

01:57:41,750 --> 01:57:39,390

really no closer than we were in 1948

3028

01:57:43,190 --> 01:57:41,760

and I think that's the point of what he

3029

01:57:45,590 --> 01:57:43,200

was doing with the crypto terrestrials

3030

01:57:47,240 --> 01:57:45,600

encouraging people to think again and to

3031

01:57:49,220 --> 01:57:47,250

look for answers again and I think this

3032

01:57:50,780 --> 01:57:49,230

encourages us to do more episodes about

3033

01:57:53,060 --> 01:57:50,790

the crypto terrestrials and what it

3034

01:57:54,740 --> 01:57:53,070

means to the study of UFOs and other

3035

01:57:56,990 --> 01:57:54,750

mysteries Greg mission where do we find

3036

01:57:59,790 --> 01:57:57,000

more of the things that you do well

3037

01:58:04,200 --> 01:57:59,800

mainly in one place UFO mystic where I

3038

01:58:07,710 --> 01:58:04,210

write semi a semi regularly also you can

3039

01:58:12,210 --> 01:58:07,720

listen to my podcast radio Mysterio so

3040

01:58:15,750 --> 01:58:12,220

calm it's mis ter Oso spelled I guess

3041

01:58:18,510 --> 01:58:15,760

this Hispanic way and then of course

3042

01:58:21,060 --> 01:58:18,520

3051

01:58:46,410 --> 01:58:43,150

blogs on various subjects that I'm

3052

01:58:48,690 --> 01:58:46,420

interested in and click on the website

3053

01:58:51,540 --> 01:58:48,700

and you can find all the info there and

3054

01:58:55,500 --> 01:58:51,550

Paul where we find your stuff the Brass

3055

01:58:56,670 --> 01:58:55,510

Rail in downtown Toronto which anybody's

3056

01:58:59,070 --> 01:58:56,680

ever been to Toronto they know exactly

3057

01:59:00,360 --> 01:58:59,080

what I'm talking about but every town

3058

01:59:03,780 --> 01:59:00,370

has a club like that

3059

01:59:06,390 --> 01:59:03,790

no red star film stop blog spot.com for

3060

01:59:07,410 --> 01:59:06,400

some of my paranormal stuff go to my I

3061

01:59:10,350 --> 01:59:07,420

have a YouTube

3062

01:59:12,330 --> 01:59:10,360

sort of page red star films if you sort

3063

01:59:15,630 --> 01:59:12,340

of type into a youtube search engine Mac

3064

01:59:18,060 --> 01:59:15,640

Tonys and UFO some of the videos that I

3065

01:59:19,710 --> 01:59:18,070

did if Mac will come up the most

3066

01:59:22,470 --> 01:59:19,720

important of which I would I would

3067

01:59:25,290 --> 01:59:22,480

suggest is I gave him the final word in

3068

01:59:27,270 --> 01:59:25,300

my best evidence documentary and I think

3069

01:59:28,680 --> 01:59:27,280

everybody should listen to that it's

3070

01:59:30,990 --> 01:59:28,690

really only him talking for about a

3071

01:59:32,640 --> 01:59:31,000

minute but it sums up pretty much

3072

01:59:34,770 --> 01:59:32,650

everything that Mac believed and thought

3073

01:59:37,110 --> 01:59:34,780

about the UFO phenomenon which is why I

3074

01:59:39,000 --> 01:59:37,120

put him at the end of the film so so

3075

01:59:41,070 --> 01:59:39,010

look for that Paul Campbell Nicholas
