

04/25/10

O'BRIEN, BOSLEY,  
CLELLAND, GREENFIELD  
and MOTT

1  
00:00:13,200 --> 00:00:31,630

[Music]

2  
00:00:35,620 --> 00:00:33,760

this episode of the power cast is

3  
00:00:37,150 --> 00:00:35,630

brought to you by audible.com the

4  
00:00:40,000 --> 00:00:37,160

internet's leading provider of

5  
00:00:42,340 --> 00:00:40,010

audiobooks with more than 75,000

6  
00:00:43,600 --> 00:00:42,350

downloadable titles across all types of

7  
00:00:47,110 --> 00:00:43,610

literature including fiction nonfiction

8  
00:00:49,979 --> 00:00:47,120

in periodicals for free audio book of

9  
00:00:52,990 --> 00:00:49,989

your choice go to audible podcast.com

10  
00:00:56,920 --> 00:00:53,000

slash para cast that's audible

11  
00:00:58,000 --> 00:00:56,930

podcast.com slash para cast and now on

12  
00:01:00,880 --> 00:00:58,010

with the show

13  
00:01:03,310 --> 00:01:00,890

I can't think that any recent discussion

14

00:01:06,190 --> 00:01:03,320

we've had the power cast Forbes has

15

00:01:08,950 --> 00:01:06,200

consumed more pages than UFO abductions

16

00:01:11,770 --> 00:01:08,960

except in the early years the Billy

17

00:01:15,820 --> 00:01:11,780

Meyer I said that word the B word I feel

18

00:01:18,550 --> 00:01:15,830

quite a few pages of conversation but a

19

00:01:21,130 --> 00:01:18,560

lot of it you know goes back to the

20

00:01:24,190 --> 00:01:21,140

episode that you and I did with Budd

21

00:01:26,620 --> 00:01:24,200

Hopkins and Kevin Randall and dr. David

22

00:01:29,620 --> 00:01:26,630

Jacobs but there been responses from

23

00:01:32,980 --> 00:01:29,630

that person who claims she was wronged

24

00:01:35,440 --> 00:01:32,990

by David Jacobs in the forums she uses

25

00:01:39,100 --> 00:01:35,450

the name Emma woods but for some reason

26

00:01:41,170 --> 00:01:39,110

dr. Jacobs calls her Alice which means

27

00:01:43,300 --> 00:01:41,180

maybe he's saying she's from Wonderland

28

00:01:46,149 --> 00:01:43,310

or something I'm not sure well she's

29

00:01:48,639 --> 00:01:46,159

definitely from Oz yes true she's

30

00:01:51,370 --> 00:01:48,649

definitely from way down under but the

31

00:01:55,240 --> 00:01:51,380

problem I have here is we have a

32

00:01:57,850 --> 00:01:55,250

therapist in New Zealand who upon having

33

00:02:01,300 --> 00:01:57,860

a patient who claims to be abducted by

34

00:02:05,440 --> 00:02:01,310

UFOs seeks out somebody in America and

35

00:02:08,620 --> 00:02:05,450

gives permission for him to do hypnotic

36

00:02:10,840 --> 00:02:08,630

regression by telephone across the Great

37

00:02:12,340 --> 00:02:10,850

Divide around the world to someone he's

38

00:02:12,819 --> 00:02:12,350

never met know what's wrong with that

39

00:02:15,550 --> 00:02:12,829

picture

40

00:02:17,740 --> 00:02:15,560

yeah right now it's not so much whether

41

00:02:19,539 --> 00:02:17,750

or not David Jacobs should be doing that

42

00:02:21,970 --> 00:02:19,549

he says it's normal practice and I have

43

00:02:25,030 --> 00:02:21,980

concerns about the practice it's the

44

00:02:27,699 --> 00:02:25,040

mindset of an alleged therapist who will

45

00:02:29,050 --> 00:02:27,709

tell his patients that's okay you know

46

00:02:30,729 --> 00:02:29,060

that worries me

47

00:02:32,680 --> 00:02:30,739

the second part of it is that David

48

00:02:34,330 --> 00:02:32,690

Jacobs would even take upon this patient

49

00:02:35,440 --> 00:02:34,340

you have somebody calling from New

50

00:02:38,229 --> 00:02:35,450

Zealand you're never gonna meet that

51  
00:02:41,890 --> 00:02:38,239  
person can you accept them as someone

52  
00:02:43,760 --> 00:02:41,900  
you want to evaluate for possible UFO

53  
00:02:46,490 --> 00:02:43,770  
abductions and then the third

54  
00:02:49,340 --> 00:02:46,500  
I have is with Emma or Alice or whatever

55  
00:02:51,110 --> 00:02:49,350  
her name is agreeing to this and not

56  
00:02:54,080 --> 00:02:51,120  
just saying this is ridiculous let me

57  
00:02:56,210 --> 00:02:54,090  
get some help and get on with my life so

58  
00:02:57,680 --> 00:02:56,220  
I think everybody's wrong yeah there are

59  
00:03:00,800 --> 00:02:57,690  
no winners in this scenario and it's

60  
00:03:02,870 --> 00:03:00,810  
it's really unfortunate that I think

61  
00:03:04,700 --> 00:03:02,880  
that this thing obviously you know it's

62  
00:03:07,550 --> 00:03:04,710  
unfortunate spun out of control but I

63  
00:03:09,980 --> 00:03:07,560

think it's also unfortunate that it the

64

00:03:11,480 --> 00:03:09,990

whole scenario got just got legs and

65

00:03:13,130 --> 00:03:11,490

started in the first place tonight

66

00:03:15,320 --> 00:03:13,140

I think Jacobs hasn't really no one to

67

00:03:16,970 --> 00:03:15,330

blame but himself on that I mean but

68

00:03:20,180 --> 00:03:16,980

you'll mentioned on the show that he

69

00:03:22,340 --> 00:03:20,190

read the science of you know a potential

70

00:03:25,460 --> 00:03:22,350

problem with this particular individual

71

00:03:29,480 --> 00:03:25,470

when she sent a huge box of information

72

00:03:32,180 --> 00:03:29,490

a lot of you know bewildering monitoring

73

00:03:34,700 --> 00:03:32,190

laborious monitoring of her vitals and

74

00:03:37,160 --> 00:03:34,710

stuff I think but and he did mention

75

00:03:38,900 --> 00:03:37,170

this that he read some warning signs in

76  
00:03:42,170 --> 00:03:38,910  
that and you would think that someone as

77  
00:03:43,910 --> 00:03:42,180  
smart as dr. Jacobs would have also you

78  
00:03:47,150 --> 00:03:43,920  
know the thought long and hard about

79  
00:03:50,540 --> 00:03:47,160  
getting involved of this person and you

80  
00:03:52,790 --> 00:03:50,550  
know it's pretty unfortunate that it's

81  
00:03:54,500 --> 00:03:52,800  
that it's kind of unwound the way it has

82  
00:03:57,470 --> 00:03:54,510  
and and you're right Jean this has

83  
00:04:01,190 --> 00:03:57,480  
really created quite a quite a number of

84  
00:04:03,500 --> 00:04:01,200  
posts on the on the para cast forum and

85  
00:04:06,170 --> 00:04:03,510  
you know I think it does sort of

86  
00:04:08,600 --> 00:04:06,180  
illustrate the very controversial nature

87  
00:04:11,330 --> 00:04:08,610  
even within ufology of the abduction

88  
00:04:13,270 --> 00:04:11,340

phenomenon I and I I was gratified to

89

00:04:16,039 --> 00:04:13,280

see that some of the posters agreed with

90

00:04:18,229 --> 00:04:16,049

some of the observations that Kevin and

91

00:04:22,160 --> 00:04:18,239

I made and that you made about the need

92

00:04:25,190 --> 00:04:22,170

for Standardization a real you know

93

00:04:26,720 --> 00:04:25,200

obvious need to attempt in some way

94

00:04:28,820 --> 00:04:26,730

shape or form to come up with a with

95

00:04:32,060 --> 00:04:28,830

some sort of protocols or a program to

96

00:04:34,450 --> 00:04:32,070

obtain physical evidence and in the

97

00:04:38,300 --> 00:04:34,460

whole idea of videotape and and

98

00:04:40,340 --> 00:04:38,310

utilizing technology to to bolster the

99

00:04:43,940 --> 00:04:40,350

claims of these people who in my opinion

100

00:04:47,060 --> 00:04:43,950

are having some some sort of weird very

101  
00:04:50,510 --> 00:04:47,070  
bizarre out of the norm experiences but

102  
00:04:52,190 --> 00:04:50,520  
you know again I left the episode

103  
00:04:55,190 --> 00:04:52,200  
scratching my head you know more

104  
00:04:57,920 --> 00:04:55,200  
confused really then then I was when I

105  
00:05:00,940 --> 00:04:57,930  
started I I do feel people are having

106  
00:05:03,230 --> 00:05:00,950  
real experiences but I think my gut is

107  
00:05:06,230 --> 00:05:03,240  
sort of telling me that we're dealing

108  
00:05:08,630 --> 00:05:06,240  
with something that is that a psycho and

109  
00:05:11,600 --> 00:05:08,640  
the psychological in nature I think and

110  
00:05:13,850 --> 00:05:11,610  
that people may be tapping into some

111  
00:05:16,430 --> 00:05:13,860  
something that is truly other but I'm

112  
00:05:18,770 --> 00:05:16,440  
still confused about the about the

113  
00:05:21,529 --> 00:05:18,780

actual physical nature of these claims

114

00:05:24,500 --> 00:05:21,539

and of these alleged events you know

115

00:05:27,710 --> 00:05:24,510

what I think Chris I think that if you

116

00:05:29,120 --> 00:05:27,720

had video cameras stationed in the

117

00:05:30,969 --> 00:05:29,130

bedrooms and in the homes of these

118

00:05:32,960 --> 00:05:30,979

people when they have these experiences

119

00:05:34,940 --> 00:05:32,970

you're not going to see anything

120

00:05:37,250 --> 00:05:34,950

captured and there could be two reasons

121

00:05:39,440 --> 00:05:37,260

for that one is the technology will

122

00:05:42,080 --> 00:05:39,450

block it the other is that they're

123

00:05:43,550 --> 00:05:42,090

experiencing something real internally

124

00:05:45,950 --> 00:05:43,560

and the problem I have with the whole

125

00:05:48,620 --> 00:05:45,960

thing though is not just that something

126

00:05:51,409 --> 00:05:48,630

might be happening that's real but the

127

00:05:54,440 --> 00:05:51,419

way we investigate there is no certainty

128

00:05:56,590 --> 00:05:54,450

in the medical disciplines that hypnotic

129

00:05:59,360 --> 00:05:56,600

regression provides an accurate

130

00:06:01,790 --> 00:05:59,370

recollection of the facts you know I

131

00:06:05,270 --> 00:06:01,800

think that's highly controversial the

132

00:06:07,670 --> 00:06:05,280

second thing is because of the sensitive

133

00:06:09,770 --> 00:06:07,680

nature and I'm going to assume here that

134

00:06:12,500 --> 00:06:09,780

Budd Hopkins and David Jacobs are

135

00:06:15,260 --> 00:06:12,510

totally sincere they worked very hard to

136

00:06:17,450 --> 00:06:15,270

hone their skills at doing hypnosis it

137

00:06:19,430 --> 00:06:17,460

should still be left to the province of

138

00:06:22,400 --> 00:06:19,440

therapists yeah I agree I think that

139

00:06:26,510 --> 00:06:22,410

that that particular aspect of this

140

00:06:29,060 --> 00:06:26,520

whole investigative approach does call I

141

00:06:31,040 --> 00:06:29,070

think a lot of good work into question

142

00:06:33,320 --> 00:06:31,050

and it does it's kind of a baby in the

143

00:06:37,159 --> 00:06:33,330

bath water type scenario I think if not

144

00:06:39,110 --> 00:06:37,169

a congressional Uwe Boll tool but I

145

00:06:40,460 --> 00:06:39,120

don't think that it should be the end

146

00:06:44,090 --> 00:06:40,470

all and be all I don't think he should

147

00:06:46,159 --> 00:06:44,100

base an entire you know legitimacy of a

148

00:06:49,730 --> 00:06:46,169

case based solely on on the information

149

00:06:55,159 --> 00:06:49,740

retrieved in that manner I think it's it

150

00:06:58,070 --> 00:06:55,169

until a better approach is somehow you

151  
00:07:00,740 --> 00:06:58,080  
know just you know they figure out some

152  
00:07:03,230 --> 00:07:00,750  
better way to gain access to this

153  
00:07:06,709 --> 00:07:03,240  
information i I think it's it's always

154  
00:07:07,430 --> 00:07:06,719  
going to be a questionable subject and

155  
00:07:10,100 --> 00:07:07,440  
most people

156  
00:07:12,620 --> 00:07:10,110  
and even in the minds of some muster is

157  
00:07:15,080 --> 00:07:12,630  
UFO researchers also I think that

158  
00:07:17,630 --> 00:07:15,090  
constantly dwelling on this one case

159  
00:07:20,510 --> 00:07:17,640  
becomes a sideshow a distraction because

160  
00:07:22,760 --> 00:07:20,520  
no matter whether dr. Jacobs did

161  
00:07:24,650 --> 00:07:22,770  
anything wrong let's assume that he did

162  
00:07:27,440 --> 00:07:24,660  
something wrong if she's right or that

163  
00:07:29,660 --> 00:07:27,450

she is completely wacky and he did most

164

00:07:33,020 --> 00:07:29,670

things right whatever it's a distraction

165

00:07:35,330 --> 00:07:33,030

because we're focusing on one case one

166

00:07:37,610 --> 00:07:35,340

problem we need to focus on the entire

167

00:07:39,650 --> 00:07:37,620

picture the entire evidence to see where

168

00:07:42,590 --> 00:07:39,660

it goes where it takes us and what

169

00:07:45,680 --> 00:07:42,600

validity it has and also what methods

170

00:07:47,540 --> 00:07:45,690

best serve this kind of study and it

171

00:07:50,480 --> 00:07:47,550

can't happen if we just focus on this

172

00:07:53,030 --> 00:07:50,490

emotional issue you know yeah that's

173

00:07:55,400 --> 00:07:53,040

true and it does you know I've always

174

00:07:57,740 --> 00:07:55,410

kind of wondered I don't know that much

175

00:08:01,100 --> 00:07:57,750

about the the the background of her

176

00:08:05,300 --> 00:08:01,110

particular case but but you know there

177

00:08:07,610 --> 00:08:05,310

is I think a hint of setup and and I I

178

00:08:10,790 --> 00:08:07,620

do feel that the the person at the other

179

00:08:13,340 --> 00:08:10,800

end of this particular controversy there

180

00:08:15,350 --> 00:08:13,350

in New Zealand is it appears to me that

181

00:08:18,260 --> 00:08:15,360

she could she could use some serious

182

00:08:20,360 --> 00:08:18,270

professional psychological health I kind

183

00:08:22,550 --> 00:08:20,370

of feel for for David in that he's

184

00:08:24,830 --> 00:08:22,560

having to deal with someone that that

185

00:08:28,970 --> 00:08:24,840

it's just so just hell-bent for leather

186

00:08:30,620 --> 00:08:28,980

to really go after him and you know it's

187

00:08:32,900 --> 00:08:30,630

really unfortunate like you said that we

188

00:08:37,880 --> 00:08:32,910

were spending so much time discussing

189

00:08:39,469 --> 00:08:37,890

the merits of this particular case in

190

00:08:43,969 --> 00:08:39,479

terms of the approach that the Jacob

191

00:08:47,210 --> 00:08:43,979

selected to use and and we are sort of

192

00:08:49,760 --> 00:08:47,220

losing sight of the obvious reality of

193

00:08:51,890 --> 00:08:49,770

these these very puzzling events in

194

00:08:54,560 --> 00:08:51,900

people's lives and then the one thing

195

00:08:56,270 --> 00:08:54,570

that I think shouldn't be forgotten and

196

00:08:59,630 --> 00:08:56,280

you did just mention this is is that

197

00:09:01,700 --> 00:08:59,640

Davidon in but it really I in some sense

198

00:09:03,770 --> 00:09:01,710

of the word have really helped a lot of

199

00:09:06,020 --> 00:09:03,780

people come to grips with very puzzling

200

00:09:08,630 --> 00:09:06,030

events in their lives and and that

201  
00:09:10,700 --> 00:09:08,640  
particular sense of service that they

202  
00:09:12,320 --> 00:09:10,710  
have applied to this it was highly

203  
00:09:14,720 --> 00:09:12,330  
commendable and and we shouldn't lose

204  
00:09:18,230 --> 00:09:14,730  
sight of the fact that they they really

205  
00:09:20,570 --> 00:09:18,240  
are attempting I think if with good

206  
00:09:22,730 --> 00:09:20,580  
hearts to to truly help people

207  
00:09:25,519 --> 00:09:22,740  
and and to truly provide them with some

208  
00:09:27,079 --> 00:09:25,529  
sort of recourse to come to grips with

209  
00:09:28,639 --> 00:09:27,089  
these experiences and that's something

210  
00:09:30,699 --> 00:09:28,649  
that should never be forgotten by

211  
00:09:33,590 --> 00:09:30,709  
anybody on either side of this

212  
00:09:36,560 --> 00:09:33,600  
particular Emma Woods controversy and

213  
00:09:39,050 --> 00:09:36,570

and just looking at abduction researches

214

00:09:41,630 --> 00:09:39,060

and I think in general I think that they

215

00:09:44,900 --> 00:09:41,640

are attempting to help people but there

216

00:09:47,750 --> 00:09:44,910

is no substitute for you know for a

217

00:09:49,400 --> 00:09:47,760

professional psychological involvement

218

00:09:50,810 --> 00:09:49,410

in in some of these cases and that

219

00:09:54,170 --> 00:09:50,820

that's something I think that should be

220

00:09:56,990 --> 00:09:54,180

brought into into some of these people's

221

00:10:00,319 --> 00:09:57,000

lives in cases more so than it is

222

00:10:02,449 --> 00:10:00,329

this week we're exploring UFOs from here

223

00:10:05,480 --> 00:10:02,459

and it still might be the cause of these

224

00:10:07,610 --> 00:10:05,490

abductions but to give people background

225

00:10:09,560 --> 00:10:07,620

in a recent show we focused on a book

226

00:10:12,050 --> 00:10:09,570

called equipped o terrestrials by the

227

00:10:15,470 --> 00:10:12,060

late Mac Tony's where he talked about a

228

00:10:18,050 --> 00:10:15,480

race of beings that perhaps exists or

229

00:10:20,600 --> 00:10:18,060

coexist with us they stay hidden from us

230

00:10:23,449 --> 00:10:20,610

in the oceans and the caves whatever and

231

00:10:25,400 --> 00:10:23,459

this brings to light lots of other

232

00:10:27,350 --> 00:10:25,410

fascinating possibilities one of those I

233

00:10:30,500 --> 00:10:27,360

mentioned was of course the case of

234

00:10:33,440 --> 00:10:30,510

Richard shaver who said he visited the D

235

00:10:35,840 --> 00:10:33,450

rose and T rose in the caverns and we're

236

00:10:37,100 --> 00:10:35,850

going to make this sort of a sequel for

237

00:10:40,250 --> 00:10:37,110

that discussion talking about

238

00:10:42,350 --> 00:10:40,260

earth-based UFOs the Hollow Earth and

239

00:10:45,170 --> 00:10:42,360

everything more our guest will be Mike

240

00:10:47,930 --> 00:10:45,180

Cleland Alain Greenfield and William

241

00:10:50,560 --> 00:10:47,940

Michael Mott coming up next on the

242

00:10:53,110 --> 00:10:50,570

bearer gust

243

00:10:55,060 --> 00:10:53,120

we're not in Kansas anymore hi this is

244

00:10:56,800 --> 00:10:55,070

tomorrow from Namecheap we're a domain

245

00:10:58,690 --> 00:10:56,810

name and web hosting company and we

246

00:11:00,700 --> 00:10:58,700

really care about our customers with

247

00:11:02,980 --> 00:11:00,710

domain name purchases name sheet offers

248

00:11:04,600 --> 00:11:02,990

free SSL and free who is guard for a

249

00:11:06,400 --> 00:11:04,610

year to protect your identity from

250

00:11:08,590 --> 00:11:06,410

spammers we won't bother you with

251  
00:11:10,570 --> 00:11:08,600  
unwanted messaging in your inbox or upon

252  
00:11:12,250 --> 00:11:10,580  
checkout but most importantly we care

253  
00:11:14,050 --> 00:11:12,260  
about you our customers your

254  
00:11:16,120 --> 00:11:14,060  
satisfaction and happiness is our

255  
00:11:17,950 --> 00:11:16,130  
primary focus because your support means

256  
00:11:19,780 --> 00:11:17,960  
so much to us if you'd like to learn

257  
00:11:22,300 --> 00:11:19,790  
more please visit us at Radio

258  
00:11:24,670 --> 00:11:22,310  
namecheap.com for web hosting and domain

259  
00:11:30,070 --> 00:11:24,680  
name specials you can also follow us on

260  
00:11:32,500 --> 00:11:30,080  
twitter at twitter.com/zeromd bars on

261  
00:11:37,570 --> 00:11:32,510  
facebook at facebook.com slash Namecheap

262  
00:11:39,610 --> 00:11:37,580  
see you online we want to hear from you

263  
00:11:42,520 --> 00:11:39,620

if you have a comment a question about

264

00:11:43,720 --> 00:11:42,530

the podcast send it to news at the

265

00:11:46,990 --> 00:11:43,730

podcast com

266

00:11:48,910 --> 00:11:47,000

that's news at the pear cast calm and

267

00:11:50,620 --> 00:11:48,920

don't forget to visit our forums where

268

00:11:53,170 --> 00:11:50,630

you can talk to fellow listeners just go

269

00:11:55,660 --> 00:11:53,180

to the pear cast comm and click on the

270

00:12:04,169 --> 00:11:55,670

forum links that's the forum links at

271

00:12:09,280 --> 00:12:06,909

as you know the power chest is brought

272

00:12:11,499 --> 00:12:09,290

to you by audible.com the internet's

273

00:12:14,289 --> 00:12:11,509

leading provider of audiobooks with more

274

00:12:16,419 --> 00:12:14,299

than 75,000 downloadable titles across

275

00:12:18,519 --> 00:12:16,429

all types of literature and featuring

276  
00:12:20,529 --> 00:12:18,529  
audio versions of many new york times

277  
00:12:23,139 --> 00:12:20,539  
bestsellers for listeners of the power

278  
00:12:25,329 --> 00:12:23,149  
castes audible.com is offering a free

279  
00:12:27,489 --> 00:12:25,339  
audiobook to give you a chance to try

280  
00:12:29,710 --> 00:12:27,499  
out their service one book to consider

281  
00:12:32,739 --> 00:12:29,720  
for example is above top secret the

282  
00:12:34,210 --> 00:12:32,749  
worldwide UFO cover-up by Timothy good

283  
00:12:36,699 --> 00:12:34,220  
Timothy good as you know has been a

284  
00:12:38,739 --> 00:12:36,709  
guest on the power cast for this book or

285  
00:12:51,400 --> 00:12:38,749  
another free audio book of your choice

286  
00:12:53,710 --> 00:12:51,410  
go to [audiblepodcast.com/tekzilla](http://audiblepodcast.com/tekzilla) sing

287  
00:12:59,019 --> 00:12:53,720  
to the parrot talk with gene Steinberg

288  
00:13:02,049 --> 00:12:59,029

and David B it means the subject is UFOs

289

00:13:03,759 --> 00:13:02,059  
from Earth in the tradition of that

290

00:13:05,499 --> 00:13:03,769  
recent book from the late Mac Tony's the

291

00:13:06,579 --> 00:13:05,509  
crypto terrestrials my co-host

292

00:13:09,549 --> 00:13:06,589  
Christopher O Brien

293

00:13:11,799 --> 00:13:09,559  
we welcome my good old friend now in

294

00:13:12,489 --> 00:13:11,809  
Greenfield he's good and old or

295

00:13:18,999 --> 00:13:12,499  
something like that

296

00:13:23,139 --> 00:13:19,009  
my Cleland William Michael my old do you

297

00:13:25,479 --> 00:13:23,149  
feel Allen okay well in the 36 year old

298

00:13:28,689 --> 00:13:25,489  
Allan Greenfield is with us now on in

299

00:13:31,929 --> 00:13:28,699  
the previous discussion I do I mentioned

300

00:13:34,509 --> 00:13:31,939  
our famous all-night conversation from

301  
00:13:38,039 --> 00:13:34,519  
the 1960s the legendary conversation

302  
00:13:41,319 --> 00:13:38,049  
where we decided that UFOs maybe are not

303  
00:13:44,349 --> 00:13:41,329  
extraterrestrial and maybe we'll just

304  
00:13:46,720 --> 00:13:44,359  
focus on that with you at one point when

305  
00:13:49,659 --> 00:13:46,730  
you were starting out as a UFO research

306  
00:13:51,909 --> 00:13:49,669  
for the Jew feel that maybe it wasn't et

307  
00:13:54,639 --> 00:13:51,919  
that maybe something else caused this to

308  
00:13:56,949 --> 00:13:54,649  
happen well right around the time we had

309  
00:13:59,499 --> 00:13:56,959  
that particular discussion and it was

310  
00:14:01,250 --> 00:13:59,509  
more like two and a half days with no

311  
00:14:04,280 --> 00:14:01,260  
sleep so you know

312  
00:14:07,670 --> 00:14:04,290  
we should put it that in context I was

313  
00:14:09,740 --> 00:14:07,680

just beginning to doubt the ETH as it's

314

00:14:12,980 --> 00:14:09,750

called I really don't think that it's

315

00:14:16,250 --> 00:14:12,990

it's genuinely a hypothesis it's um it's

316

00:14:19,160 --> 00:14:16,260

an idea and it's you know it's useful as

317

00:14:24,200 --> 00:14:19,170

an idea but really I don't see any

318

00:14:27,800 --> 00:14:24,210

connection UFOs are seeing around or on

319

00:14:30,020 --> 00:14:27,810

the earth and not the only the only

320

00:14:31,700 --> 00:14:30,030

spacecraft I know of anywhere else are

321

00:14:34,790 --> 00:14:31,710

on the Moon and Mars and we put them

322

00:14:37,550 --> 00:14:34,800

there other than that the connection

323

00:14:40,070 --> 00:14:37,560

itself is very strange but up until that

324

00:14:43,400 --> 00:14:40,080

point I was right in transition I was

325

00:14:47,060 --> 00:14:43,410

moving from what I would call being pro

326

00:14:49,400 --> 00:14:47,070

DTH to being doubtful about that and

327

00:14:51,200 --> 00:14:49,410

looking for something that I was then

328

00:14:54,230 --> 00:14:51,210

calling the alternate reality theory

329

00:14:57,170 --> 00:14:54,240

well Jim Mosley who is you know sort of

330

00:14:59,480 --> 00:14:57,180

the the the originator of an earth

331

00:15:02,270 --> 00:14:59,490

theory that it was the secret weapon

332

00:15:03,920 --> 00:15:02,280

sort of thing introducing that to you

333

00:15:05,810 --> 00:15:03,930

follow G and he came up with the notion

334

00:15:08,150 --> 00:15:05,820

of right around the same time of the

335

00:15:10,520 --> 00:15:08,160

three and a half G theory that's also

336

00:15:13,520 --> 00:15:10,530

the time that lowlife John keel started

337

00:15:17,330 --> 00:15:13,530

to interject himself into our or circle

338

00:15:19,790 --> 00:15:17,340

and that he always had sort of any

339

00:15:21,350 --> 00:15:19,800

different idea things I was thinking in

340

00:15:25,040 --> 00:15:21,360

a different direction and I suppose

341

00:15:27,350 --> 00:15:25,050

after 36 hours or so we were discussing

342

00:15:30,680 --> 00:15:27,360

the Jewishness of Columbus and a lot of

343

00:15:32,570 --> 00:15:30,690

other very strange things I don't want

344

00:15:35,090 --> 00:15:32,580

to get not as close in some direction

345

00:15:37,520 --> 00:15:35,100

other than extraterrestrial and as you

346

00:15:41,450 --> 00:15:37,530

wish Columbus well the point being that

347

00:15:43,400 --> 00:15:41,460

all idea well actually there's a bit of

348

00:15:46,370 --> 00:15:43,410

evidence for that but it seemed a lot

349

00:15:48,320 --> 00:15:46,380

bigger after 36 hours and no sleep but

350

00:15:50,240 --> 00:15:48,330

after we woke up I think there's still

351

00:15:53,900 --> 00:15:50,250

some compelling ideas there Alan right

352

00:15:57,080 --> 00:15:53,910

oh I mean I have gone on to have a much

353

00:15:59,290 --> 00:15:57,090

more complex idea that I have never seen

354

00:16:03,680 --> 00:15:59,300

a subscribed to an extraterrestrial

355

00:16:07,850 --> 00:16:03,690

notion of the origin of you thoughts I

356

00:16:09,920 --> 00:16:07,860

think the secret is much more complex I

357

00:16:11,519 --> 00:16:09,930

know when we talk about earth-based UFOs

358

00:16:13,829 --> 00:16:11,529

we tend to think of

359

00:16:16,800 --> 00:16:13,839

people like Richard shaver now I knew

360

00:16:20,400 --> 00:16:16,810

shaver Allen knew shaver you know I met

361

00:16:22,050 --> 00:16:20,410

shaver at his famous cottage in Arkansas

362

00:16:24,329 --> 00:16:22,060

I don't know who it was

363

00:16:26,280 --> 00:16:24,339

where Bill Clinton or Mike Huckabee were

364

00:16:28,319 --> 00:16:26,290

born but you know in this cottage way

365

00:16:30,090 --> 00:16:28,329

out in the woods William Michael Mont

366

00:16:33,329 --> 00:16:30,100

you've written about Richard Schaffer

367

00:16:35,489 --> 00:16:33,339

what attracted you to that some people

368

00:16:38,730 --> 00:16:35,499

felt shaver was just a science fiction

369

00:16:40,650 --> 00:16:38,740

writer he was a little bit nuts what did

370

00:16:43,470 --> 00:16:40,660

you think Michael well you know my

371

00:16:45,960 --> 00:16:43,480

introduction to shaver came through the

372

00:16:47,879 --> 00:16:45,970

works of people like keel and Steiger

373

00:16:49,319 --> 00:16:47,889

and you know when I was going to sell it

374

00:16:53,160 --> 00:16:49,329

and now of course I was a whole fishing

375

00:16:55,530 --> 00:16:53,170

fan and I heard it's worth it when I

376

00:16:57,660 --> 00:16:55,540

solve it that he had these alternative

377

00:17:00,780 --> 00:16:57,670

theories and particularly the way in

378

00:17:04,429 --> 00:17:00,790

which he was vilified ridicule and so

379

00:17:09,090 --> 00:17:04,439

forth my interest I really didn't start

380

00:17:10,620 --> 00:17:09,100

looking shaver his ideas yeah until I

381

00:17:13,380 --> 00:17:10,630

started looking into some of these other

382

00:17:14,880 --> 00:17:13,390

matters of death and like how I'm like I

383

00:17:17,699 --> 00:17:14,890

kind of reached the conclusion that not

384

00:17:19,590 --> 00:17:17,709

just UFOs but most it's not all other

385

00:17:23,399 --> 00:17:19,600

mysteries that people are so fascinated

386

00:17:26,069 --> 00:17:23,409

by really the evidence is it seems to

387

00:17:27,809 --> 00:17:26,079

indicate that those mysteries have their

388

00:17:30,000 --> 00:17:27,819

origins right here on earth I mean

389

00:17:33,419 --> 00:17:30,010

there's nothing that people see your

390

00:17:35,940 --> 00:17:33,429

experience that is in any way truly

391

00:17:37,740 --> 00:17:35,950

alien in terms of the biology

392

00:17:40,020 --> 00:17:37,750

they usually have you know mammalian

393

00:17:42,029 --> 00:17:40,030

reptilian or even human characteristics

394

00:17:44,010 --> 00:17:42,039

they seem to have a what I call an

395

00:17:45,539 --> 00:17:44,020

earthly vertebrate template and the

396

00:17:47,010 --> 00:17:45,549

evidence just overwhelming in terms of

397

00:17:48,539 --> 00:17:47,020

you know it's like I felt somebody

398

00:17:51,149 --> 00:17:48,549

recently on a radio show

399

00:17:53,190 --> 00:17:51,159

these beings were for somewhere else if

400

00:17:54,720 --> 00:17:53,200

they had the technology to printer's for

401  
00:17:57,180 --> 00:17:54,730  
interstellar flight if they had the

402  
00:17:58,380 --> 00:17:57,190  
technology that you reach or surpass the

403  
00:18:00,899 --> 00:17:58,390  
speed of light if they had the

404  
00:18:04,139 --> 00:18:00,909  
technology to create wormholes or to

405  
00:18:06,630 --> 00:18:04,149  
travel between dimensions genetic

406  
00:18:09,029 --> 00:18:06,640  
dilemma or it's an any problem that they

407  
00:18:10,889 --> 00:18:09,039  
desperately need to fix first of all why

408  
00:18:12,389 --> 00:18:10,899  
would they choose us because they're

409  
00:18:14,130 --> 00:18:12,399  
coming to be such genetically dissimilar

410  
00:18:16,169 --> 00:18:14,140  
that it's just absurd that they would

411  
00:18:19,770 --> 00:18:16,179  
even do so unless they came from the

412  
00:18:22,440 --> 00:18:19,780  
same genetic biosphere the other part is

413  
00:18:23,640 --> 00:18:22,450

that this idea is that genetically

414

00:18:25,700 --> 00:18:23,650  
speaking

415

00:18:27,540 --> 00:18:25,710  
that advanced they would have the

416

00:18:29,280 --> 00:18:27,550  
nanotechnology or the advanced

417

00:18:31,890 --> 00:18:29,290  
technology or the science that would

418

00:18:33,690 --> 00:18:31,900  
enable them to simply recombine your own

419

00:18:37,080 --> 00:18:33,700  
DNA they can repair their own genetic

420

00:18:40,440 --> 00:18:37,090  
damage they wouldn't need to take part

421

00:18:43,050 --> 00:18:40,450  
in same types of predatory sexual

422

00:18:44,850 --> 00:18:43,060  
exploits that the fairies took part in

423

00:18:47,010 --> 00:18:44,860  
that the demons and the succubi and

424

00:18:48,360 --> 00:18:47,020  
incubi you know they wouldn't have to

425

00:18:50,520 --> 00:18:48,370  
resort in these same tactics that

426  
00:18:52,230 --> 00:18:50,530  
actually they've been resorting to under

427  
00:18:54,150 --> 00:18:52,240  
different names for thousands of years

428  
00:18:55,680 --> 00:18:54,160  
there's an indication there's a huge

429  
00:18:58,020 --> 00:18:55,690  
deception and that's something nothing

430  
00:19:00,030 --> 00:18:58,030  
to shaver kind of touched on now there's

431  
00:19:02,100 --> 00:19:00,040  
a deception in place where there's a

432  
00:19:04,170 --> 00:19:02,110  
desperation on the part of these beings

433  
00:19:05,940 --> 00:19:04,180  
to say hey we're not people from up

434  
00:19:07,920 --> 00:19:05,950  
there look up there we're from way over

435  
00:19:10,080 --> 00:19:07,930  
there listen as this star that star and

436  
00:19:11,640 --> 00:19:10,090  
it's almost like a almost like a yacht

437  
00:19:13,650 --> 00:19:11,650  
they're trying to be people over the

438  
00:19:16,740 --> 00:19:13,660

head with this idea it's a it's obvious

439

00:19:18,750 --> 00:19:16,750

that you know if they're predatory or a

440

00:19:20,580 --> 00:19:18,760

parasitic relationship with us and they

441

00:19:21,720 --> 00:19:20,590

I always have I'm their best interest

442

00:19:23,790 --> 00:19:21,730

for us to know that they're from here

443

00:19:26,400 --> 00:19:23,800

it's in their best interest to keep us

444

00:19:28,170 --> 00:19:26,410

looking up or into other dimensions or

445

00:19:30,180 --> 00:19:28,180

all these other ideas that they that

446

00:19:32,520 --> 00:19:30,190

they throw at us we have our encounters

447

00:19:33,960 --> 00:19:32,530

but when the actual hard reality it

448

00:19:35,160 --> 00:19:33,970

seems to be indicated by the evidence

449

00:19:37,380 --> 00:19:35,170

about the encounters that people have

450

00:19:39,300 --> 00:19:37,390

always always had these beings for

451  
00:19:41,760 --> 00:19:39,310  
thousands of years is it different right

452  
00:19:43,530 --> 00:19:41,770  
here and they have an agenda and they

453  
00:19:45,540 --> 00:19:43,540  
one of the main things they get

454  
00:19:48,180 --> 00:19:45,550  
developed over time is an incredible

455  
00:19:50,460 --> 00:19:48,190  
ability to fool us they know how to work

456  
00:19:53,460 --> 00:19:50,470  
and how we think and they're very good

457  
00:19:55,080 --> 00:19:53,470  
at diverting our attention elsewhere now

458  
00:19:58,410 --> 00:19:55,090  
we have an additional guest who is

459  
00:20:00,810 --> 00:19:58,420  
popped in amazingly now with a strange

460  
00:20:02,970 --> 00:20:00,820  
telling grade like the D rose and Tarot

461  
00:20:06,030 --> 00:20:02,980  
is used we just Sur popped in and that's

462  
00:20:09,180 --> 00:20:06,040  
Walter Bosley Walter welcome to the show

463  
00:20:11,850 --> 00:20:09,190

maybe frame your particular viewpoint

464

00:20:14,220 --> 00:20:11,860

about UFOs and mysteries like that

465

00:20:17,280 --> 00:20:14,230

caused by something to rest real base

466

00:20:19,530 --> 00:20:17,290

what do you think I'm yes absolutely

467

00:20:22,280 --> 00:20:19,540

I'm on board now I believe you know in

468

00:20:25,200 --> 00:20:22,290

the macrocosm yes I do think there are

469

00:20:29,430 --> 00:20:25,210

extraterrestrial civilizations of course

470

00:20:33,180 --> 00:20:29,440

but I think there is definitely a hidden

471

00:20:35,730 --> 00:20:33,190

civilization on this planet there is

472

00:20:37,019 --> 00:20:35,740

activity generated from this planet and

473

00:20:40,319 --> 00:20:37,029

on this planet

474

00:20:42,329 --> 00:20:40,329

really explains a lot of the UFO

475

00:20:44,369 --> 00:20:42,339

activity and and I believe there's a lot

476  
00:20:46,919 --> 00:20:44,379  
more I think you can point to a lot more

477  
00:20:49,289 --> 00:20:46,929  
evidence for this than you can ET

478  
00:20:51,059 --> 00:20:49,299  
visitation how do you say a lot more

479  
00:20:52,999 --> 00:20:51,069  
evidence Walter well when you look

480  
00:20:56,069 --> 00:20:53,009  
through ancient history and particularly

481  
00:20:58,469 --> 00:20:56,079  
minoo there's the couple of writers that

482  
00:20:59,879 --> 00:20:58,479  
really you know back up what I'm saying

483  
00:21:02,459 --> 00:20:59,889  
that that actually is where I learned

484  
00:21:04,549 --> 00:21:02,469  
about a lot of this were of course going

485  
00:21:07,499 --> 00:21:04,559  
back to Jacques fellows work and and

486  
00:21:08,939 --> 00:21:07,509  
mike-mike mots stuff you know he's been

487  
00:21:12,029 --> 00:21:08,949  
talking about this for years and he's

488  
00:21:13,889 --> 00:21:12,039

really compiled all the ancient history

489

00:21:15,779 --> 00:21:13,899

you know throughout ancient history

490

00:21:17,609 --> 00:21:15,789

we've had these stories of you know in

491

00:21:20,399 --> 00:21:17,619

some cases they call them the gods and

492

00:21:22,109 --> 00:21:20,409

in other cases the the fairy folk and

493

00:21:25,529 --> 00:21:22,119

there's just always been this presence

494

00:21:28,259 --> 00:21:25,539

throughout history of these hidden races

495

00:21:31,619 --> 00:21:28,269

and it's just kind of funny how in our

496

00:21:34,409 --> 00:21:31,629

era you know the last 50 years 60 years

497

00:21:36,869 --> 00:21:34,419

the era of Roswell we've mostly wanted

498

00:21:38,789 --> 00:21:36,879

to push that aside and insist you know

499

00:21:41,009 --> 00:21:38,799

that it's all coming from other planets

500

00:21:43,559 --> 00:21:41,019

when actually we have thousands of years

501  
00:21:45,059 --> 00:21:43,569  
of history stating where it comes from

502  
00:21:46,499 --> 00:21:45,069  
that you know it came from this planet

503  
00:21:49,229 --> 00:21:46,509  
and that it comes from underground and

504  
00:21:51,299 --> 00:21:49,239  
yet we've only had about you know a half

505  
00:21:54,089 --> 00:21:51,309  
a century or a hundred years of of

506  
00:21:56,159 --> 00:21:54,099  
serious it all comes from ETI I think

507  
00:21:57,269 --> 00:21:56,169  
the history outweighs the ancient

508  
00:22:00,869 --> 00:21:57,279  
history in the past history outweighs

509  
00:22:02,399 --> 00:22:00,879  
the recent BT hypothesis as only answer

510  
00:22:04,499 --> 00:22:02,409  
you know 100 fold

511  
00:22:06,269 --> 00:22:04,509  
so basically hundreds of years ago and

512  
00:22:09,059 --> 00:22:06,279  
anyone who could pick up on this if we

513  
00:22:11,459 --> 00:22:09,069

had strange visitors or strange airships

514

00:22:17,369 --> 00:22:11,469

we'd always think they were from here we

515

00:22:19,079 --> 00:22:17,379

never think et well I can say a couple

516

00:22:21,359 --> 00:22:19,089

of things about it if you want me to

517

00:22:24,479 --> 00:22:21,369

please Alan that would be Alan you know

518

00:22:27,299 --> 00:22:24,489

so that people know first of all I think

519

00:22:29,429 --> 00:22:27,309

that it's worth while before we get past

520

00:22:32,759 --> 00:22:29,439

Richard shaver to point out that

521

00:22:36,539 --> 00:22:32,769

ultimately he Hort and as far as chamber

522

00:22:40,589 --> 00:22:36,549

was concerned was extraterrestrial gyro

523

00:22:43,309 --> 00:22:40,599

and hero according to Syrian lore a

524

00:22:46,120 --> 00:22:43,319

shaver projected that they were

525

00:22:48,560 --> 00:22:46,130

degenerate descendants

526

00:22:52,850 --> 00:22:48,570

extraterrestrials from deep space who

527

00:22:57,560 --> 00:22:52,860

left the earth long ago because our Sun

528

00:23:01,250 --> 00:22:57,570

became an a source of aging in life and

529

00:23:03,440 --> 00:23:01,260

norton's who never come near any Sun

530

00:23:05,720 --> 00:23:03,450

other races the Titans and Athens

531

00:23:09,530 --> 00:23:05,730

specifically left the earth leaving the

532

00:23:13,340 --> 00:23:09,540

surface to us hominids and the interior

533

00:23:15,500 --> 00:23:13,350

of the earth to these degenerate beings

534

00:23:18,560 --> 00:23:15,510

who have access to really advanced

535

00:23:20,030 --> 00:23:18,570

technology I say this without any belief

536

00:23:23,570 --> 00:23:20,040

one way or the other about it I just

537

00:23:25,580 --> 00:23:23,580

find the extra-terrestrial notion and

538

00:23:27,890 --> 00:23:25,590

we'll call it notion not theory or

539

00:23:30,230 --> 00:23:27,900

hypothesis because there's absolutely

540

00:23:33,020 --> 00:23:30,240

it's not preponderance of evidence

541

00:23:33,650 --> 00:23:33,030

there's absolutely no evidence of

542

00:23:37,580 --> 00:23:33,660

anything

543

00:23:40,850 --> 00:23:37,590

throughout history coming here from out

544

00:23:43,220 --> 00:23:40,860

there per se from Sirius or anywhere

545

00:23:46,340 --> 00:23:43,230

else even if one has some speculations

546

00:23:48,680 --> 00:23:46,350

in that direction they're seen here or

547

00:23:50,450 --> 00:23:48,690

near here while hovering above here

548

00:23:53,540 --> 00:23:50,460

they're not seen anywhere else

549

00:23:56,270 --> 00:23:53,550

I wonder why just going back to the

550

00:23:58,460 --> 00:23:56,280

beginnings of geology why the first

551  
00:24:00,020 --> 00:23:58,470  
thing that would occur to people would

552  
00:24:00,830 --> 00:24:00,030  
be that they came here from other

553  
00:24:03,080 --> 00:24:00,840  
planets

554  
00:24:06,230 --> 00:24:03,090  
of course the earlier eras they came

555  
00:24:08,690 --> 00:24:06,240  
here from heaven or hell or the

556  
00:24:11,300 --> 00:24:08,700  
automatic response depends on the

557  
00:24:14,840 --> 00:24:11,310  
culture of the times now the phenomena

558  
00:24:17,260 --> 00:24:14,850  
may play to that but I'm pretty sure

559  
00:24:21,170 --> 00:24:17,270  
that whether it does or does not

560  
00:24:24,470 --> 00:24:21,180  
nevertheless the situation is that we

561  
00:24:27,230 --> 00:24:24,480  
take this phenomena in our own cultural

562  
00:24:31,250 --> 00:24:27,240  
terms and of course at the beginning of

563  
00:24:33,620 --> 00:24:31,260

the post-world War 2 era when rocket

564

00:24:36,560 --> 00:24:33,630

rocketry was becoming known and the

565

00:24:39,650 --> 00:24:36,570

notion of spaceflight was beginning to

566

00:24:43,100 --> 00:24:39,660

be heard that was what occurred to

567

00:24:45,950 --> 00:24:43,110

people rather than angels or demons or

568

00:24:48,590 --> 00:24:45,960

the little people or whatever even

569

00:24:51,170 --> 00:24:48,600

though the phenomena has such stripped

570

00:24:53,660 --> 00:24:51,180

of any interpretation is pretty much the

571

00:24:55,550 --> 00:24:53,670

same throughout recorded history and

572

00:24:56,640 --> 00:24:55,560

probably judging from certain gate

573

00:25:00,330 --> 00:24:56,650

paintings

574

00:25:02,280 --> 00:25:00,340

history doesn't doesn't wash it's a it's

575

00:25:03,780 --> 00:25:02,290

a projection do you mind if I if I

576

00:25:06,000 --> 00:25:03,790

interject something here sir oh my god

577

00:25:08,160 --> 00:25:06,010

yeah Alan is testing some interesting

578

00:25:10,980 --> 00:25:08,170

points in when he comes to shave her

579

00:25:12,480 --> 00:25:10,990

shavers of course she comes under a lot

580

00:25:14,520 --> 00:25:12,490

of fire because he spent time in a

581

00:25:16,770 --> 00:25:14,530

mental institution but of course you

582

00:25:18,150 --> 00:25:16,780

know what event what personal event may

583

00:25:20,520 --> 00:25:18,160

have actually finished him to that point

584

00:25:21,870 --> 00:25:20,530

you know people don't go there they just

585

00:25:24,270 --> 00:25:21,880

want to ridicule the man because he was

586

00:25:25,980 --> 00:25:24,280

in an institution for a few months he

587

00:25:27,270 --> 00:25:25,990

broke old fishing he was fascinated that

588

00:25:28,950 --> 00:25:27,280

pole fishing but he came from a family

589

00:25:30,780 --> 00:25:28,960

of riders his brother wrote the boy's

590

00:25:33,540 --> 00:25:30,790

life you know he always wanted to be the

591

00:25:35,160 --> 00:25:33,550

rider but thinking about shaper in it

592

00:25:37,140 --> 00:25:35,170

comes across in his riding more like

593

00:25:39,720 --> 00:25:37,150

Allan the same he talked about the

594

00:25:42,060 --> 00:25:39,730

aplans and the Titans leaving the earth

595

00:25:44,400 --> 00:25:42,070

because of the dangerous the dangers of

596

00:25:46,380 --> 00:25:44,410

the Sun they're degenerate descendants

597

00:25:48,540 --> 00:25:46,390

who may or may not be partially human or

598

00:25:50,490 --> 00:25:48,550

or certain for him and at one point you

599

00:25:52,320 --> 00:25:50,500

know went beneath the earth once it

600

00:25:53,700 --> 00:25:52,330

couldn't make it onto the ships you know

601  
00:25:56,250 --> 00:25:53,710  
they they they wanted no space for

602  
00:25:57,900 --> 00:25:56,260  
everybody and so they over time they did

603  
00:25:59,040 --> 00:25:57,910  
you know related because I am assuming

604  
00:26:00,990 --> 00:25:59,050  
because of radiation in the earth

605  
00:26:02,730 --> 00:26:01,000  
because it's very radioactive I mean

606  
00:26:04,350 --> 00:26:02,740  
you're constantly in the in the earth

607  
00:26:05,940 --> 00:26:04,360  
means they worry about radon in your

608  
00:26:08,370 --> 00:26:05,950  
home can you imagine the very case you

609  
00:26:10,710 --> 00:26:08,380  
know so you know he had this idea that

610  
00:26:12,120 --> 00:26:10,720  
they had left but he was kind of

611  
00:26:14,340 --> 00:26:12,130  
confused on the point of whether they

612  
00:26:16,440 --> 00:26:14,350  
were originally from far away or if they

613  
00:26:17,640 --> 00:26:16,450

simply became a spacefaring race he was

614

00:26:19,260 --> 00:26:17,650

billed back to forth in fiction in

615

00:26:21,060 --> 00:26:19,270

particular after whether they were from

616

00:26:22,710 --> 00:26:21,070

somewhere else or a thing from here and

617

00:26:25,920 --> 00:26:22,720

they developed the technology and the

618

00:26:27,450 --> 00:26:25,930

and the vehicles and everything else in

619

00:26:29,370 --> 00:26:27,460

order to read the planet and the

620

00:26:30,990 --> 00:26:29,380

interesting thing about this is that you

621

00:26:32,280 --> 00:26:31,000

know you'll find parallels to this in a

622

00:26:34,470 --> 00:26:32,290

lot of ancient traditions you know

623

00:26:37,080 --> 00:26:34,480

whether it's the Indian the Nagas and

624

00:26:39,840 --> 00:26:37,090

there's a mana flying craft or whether

625

00:26:42,180 --> 00:26:39,850

it there's such a writing or whether

626  
00:26:44,940 --> 00:26:42,190  
it's the Nephilim from the Hebrew

627  
00:26:47,760 --> 00:26:44,950  
tradition and the Sumerian tradition you

628  
00:26:48,720 --> 00:26:47,770  
know they basically were fallen angel

629  
00:26:50,430 --> 00:26:48,730  
certificate even before

630  
00:26:53,700 --> 00:26:50,440  
criminal informant and intermarried with

631  
00:26:56,070 --> 00:26:53,710  
human women and had children who were

632  
00:26:58,440 --> 00:26:56,080  
hybrid offspring and you know what's the

633  
00:27:00,510 --> 00:26:58,450  
wrath of God fell they they also were

634  
00:27:03,540 --> 00:27:00,520  
either in prison or fled under the earth

635  
00:27:05,220 --> 00:27:03,550  
and this is an archetype that exist on

636  
00:27:08,250 --> 00:27:05,230  
every culture and I don't know how she

637  
00:27:09,490 --> 00:27:08,260  
ever picked up on that because there's

638  
00:27:12,310 --> 00:27:09,500

so many things in his

639

00:27:14,380 --> 00:27:12,320

or in the 70 says it's nonfiction there

640

00:27:15,580 --> 00:27:14,390

are title but there are title to the

641

00:27:17,200 --> 00:27:15,590

degree that it was taken in the

642

00:27:19,419 --> 00:27:17,210

tremendous amount of study on this part

643

00:27:22,510 --> 00:27:19,429

to uncover some of the things that he

644

00:27:24,760 --> 00:27:22,520

put in there and you know when you look

645

00:27:26,980 --> 00:27:24,770

at UFOs like I wanna say you know the

646

00:27:28,930 --> 00:27:26,990

action is here the actions here on earth

647

00:27:31,210 --> 00:27:28,940

is where all the genetic stuff yes this

648

00:27:34,299 --> 00:27:31,220

is world of value yes do you have these

649

00:27:35,710 --> 00:27:34,309

this suppose a concern with nuclear

650

00:27:37,630 --> 00:27:35,720

testing well if they live here they're

651  
00:27:39,010 --> 00:27:37,640  
gonna be a little worried about that you

652  
00:27:40,990 --> 00:27:39,020  
know you have people claiming they see

653  
00:27:43,120 --> 00:27:41,000  
these beings testing the soil and taking

654  
00:27:45,490 --> 00:27:43,130  
plant samples of stuff well you know

655  
00:27:47,500 --> 00:27:45,500  
again maybe they want to gauge what

656  
00:27:49,930 --> 00:27:47,510  
we're doing to the surface environment

657  
00:27:53,590 --> 00:27:49,940  
that they see as before essentially

658  
00:27:56,289 --> 00:27:53,600  
where garden but on top of that UFOs are

659  
00:27:57,460 --> 00:27:56,299  
seen in the vicinity of the earth of

660  
00:27:59,380 --> 00:27:57,470  
course you know the things are this

661  
00:28:00,789 --> 00:27:59,390  
thing crawling around the moon and there

662  
00:28:02,890 --> 00:28:00,799  
may be you know possible indications

663  
00:28:04,270 --> 00:28:02,900

like like the Russian nah sound like

664

00:28:05,860 --> 00:28:04,280

that disappear close to Mars when

665

00:28:07,210 --> 00:28:05,870

getting power of a large crafter there's

666

00:28:08,080 --> 00:28:07,220

a video of that and I've got of

667

00:28:10,720 --> 00:28:08,090

something where I don't know where I

668

00:28:13,180 --> 00:28:10,730

have it but anyway the thing about that

669

00:28:15,610 --> 00:28:13,190

is if you have an ancient civilization

670

00:28:18,970 --> 00:28:15,620

that originated here here we are we are

671

00:28:20,620 --> 00:28:18,980

50 years into the idea the serious idea

672

00:28:23,680 --> 00:28:20,630

of spaceflight and by the way I believe

673

00:28:25,360 --> 00:28:23,690

that a lot of this UFO the ETH is

674

00:28:27,220 --> 00:28:25,370

influenced by some early science fiction

675

00:28:29,590 --> 00:28:27,230

I believe go back to Jules Verne you

676  
00:28:31,870 --> 00:28:29,600  
know from the earth to the moon or even

677  
00:28:34,299 --> 00:28:31,880  
to the Percival Lowell as canals on Mars

678  
00:28:36,399 --> 00:28:34,309  
or Edgar Rice Burroughs Martian stuff I

679  
00:28:37,649 --> 00:28:36,409  
believe that has a huge influence or a

680  
00:28:40,029 --> 00:28:37,659  
lot of people who know where ETH

681  
00:28:42,039 --> 00:28:40,039  
proponents whether they want to admit it

682  
00:28:43,899 --> 00:28:42,049  
or not but you know if we're already

683  
00:28:45,279 --> 00:28:43,909  
trying to fling ourselves into the void

684  
00:28:47,770 --> 00:28:45,289  
we're already trying to reach out to

685  
00:28:49,299 --> 00:28:47,780  
other planets we're sending probes we

686  
00:28:51,760 --> 00:28:49,309  
were talking about you know terraforming

687  
00:28:53,890 --> 00:28:51,770  
Mars and all this other stuff who's to

688  
00:28:56,080 --> 00:28:53,900

say that a previous civilization that

689

00:28:58,240 --> 00:28:56,090

menaced and by whatever or diminishing

690

00:29:00,669 --> 00:28:58,250

or its genetic bottleneck or whatever

691

00:29:02,110 --> 00:29:00,679

the problem is who's to say that in

692

00:29:04,659 --> 00:29:02,120

their heyday you know when they were in

693

00:29:07,360 --> 00:29:04,669

their prime they just like shavers topic

694

00:29:10,299 --> 00:29:07,370

tightens and that lands that they didn't

695

00:29:12,220 --> 00:29:10,309

originated here branch out to the

696

00:29:15,580 --> 00:29:12,230

surrounding environment whether it's our

697

00:29:18,820 --> 00:29:15,590

Moon or Mars or anything using some of

698

00:29:20,919 --> 00:29:18,830

the strange moves like a isn't it active

699

00:29:21,690 --> 00:29:20,929

which has some priests anomalous

700

00:29:24,130 --> 00:29:21,700

structures

701  
00:29:26,020 --> 00:29:24,140  
associating with it you know there are

702  
00:29:27,430 --> 00:29:26,030  
some things that indicate that these

703  
00:29:29,590 --> 00:29:27,440  
structures are very very ancient

704  
00:29:32,020 --> 00:29:29,600  
something cataclysmic happened in the

705  
00:29:34,840 --> 00:29:32,030  
solar system and that may be part of

706  
00:29:37,840 --> 00:29:34,850  
this whole thing of the Sun changing

707  
00:29:44,980 --> 00:29:37,850  
it's becoming more deadly to to living

708  
00:29:49,660 --> 00:29:47,340  
[Music]

709  
00:29:51,940 --> 00:29:49,670  
picture this you're on the phone with a

710  
00:29:54,910 --> 00:29:51,950  
client or colleague trying to explain

711  
00:29:57,340 --> 00:29:54,920  
something visual a PowerPoint keynote

712  
00:30:00,010 --> 00:29:57,350  
presentation a website but it's

713  
00:30:02,020 --> 00:30:00,020

frustrating because they can't see what

714

00:30:04,720 --> 00:30:02,030

you're talking about the solution good

715

00:30:08,320 --> 00:30:04,730

news they can if you invite them to an

716

00:30:10,690 --> 00:30:08,330

online meeting using GoToMeeting then

717

00:30:13,180 --> 00:30:10,700

they can see your computer desktop on

718

00:30:14,830 --> 00:30:13,190

their computer screen so you can show

719

00:30:16,480 --> 00:30:14,840

them what you're talking about

720

00:30:18,190 --> 00:30:16,490

by use GoToMeeting all the time to

721

00:30:20,800 --> 00:30:18,200

collaborate with colleagues and with

722

00:30:24,220 --> 00:30:20,810

clients you can try goto meeting free

723

00:30:27,340 --> 00:30:24,230

for 30 days but you must visit goto

724

00:30:31,000 --> 00:30:27,350

meeting slashed podcasts let's go to

725

00:30:42,690 --> 00:30:31,010

meeting.com slash podcasts for free

726

00:30:48,400 --> 00:30:45,820

we have Walter Bosley William Michael

727

00:30:50,590 --> 00:30:48,410

Mott T Allen Greenfield McClellan

728

00:30:53,320 --> 00:30:50,600

Christopher O'Brien is co-host this week

729

00:30:55,270 --> 00:30:53,330

Christopher in your exploration of the

730

00:30:56,800 --> 00:30:55,280

mysteries of Creek stirs what kind of

731

00:30:59,860 --> 00:30:56,810

evidence did you see that might indicate

732

00:31:03,280 --> 00:30:59,870

the earth-based phenomenon here well I

733

00:31:05,260 --> 00:31:03,290

first I want to welcome our guests this

734

00:31:08,470 --> 00:31:05,270

a fascinating topic I've always had an

735

00:31:11,320 --> 00:31:08,480

interest for many years in alternative

736

00:31:14,650 --> 00:31:11,330

theories to the ETH and I and Alan I

737

00:31:16,180 --> 00:31:14,660

love your pointing out that the ETH is

738

00:31:18,610 --> 00:31:16,190

way not an accurate term I think I've

739

00:31:21,670 --> 00:31:18,620

come up with a new on the the ETA the

740

00:31:25,510 --> 00:31:21,680

extra-terrestrial assumption I think

741

00:31:28,300 --> 00:31:25,520

would by be okay as accurate as many of

742

00:31:31,690 --> 00:31:28,310

the listeners know I do not conform to

743

00:31:33,010 --> 00:31:31,700

your standard FIFA logical assumption of

744

00:31:36,160 --> 00:31:33,020

thinking that we're being visited from

745

00:31:37,660 --> 00:31:36,170

from out there I do think that we owe it

746

00:31:40,080 --> 00:31:37,670

to ourselves to exhaust all closed

747

00:31:41,890 --> 00:31:40,090

system explanations before we get

748

00:31:43,150 --> 00:31:41,900

human-centric enough to think that we're

749

00:31:46,060 --> 00:31:43,160

important enough for anything out there

750

00:31:47,740 --> 00:31:46,070

to come here and visit us I have always

751

00:31:51,940 --> 00:31:47,750

as I said had an interest in this

752

00:31:54,700 --> 00:31:51,950

particular angle and I want to commend

753

00:31:57,830 --> 00:31:54,710

Michael Mott on his observation that

754

00:32:00,080 --> 00:31:57,840

that all cultures going

755

00:32:03,279 --> 00:32:00,090

into probably prehistory have a

756

00:32:06,140 --> 00:32:03,289

tradition or some form of folklore or

757

00:32:08,870 --> 00:32:06,150

stories that relate to underground

758

00:32:12,140 --> 00:32:08,880

dwellers and he did point out the Nagas

759

00:32:15,649 --> 00:32:12,150

for instance and Tibet pollute King on

760

00:32:18,710 --> 00:32:15,659

the Hopi tradition the Cherokee chasing

761

00:32:20,330 --> 00:32:18,720

out a moonface people who were the

762

00:32:23,169 --> 00:32:20,340

according to them the mound builders and

763

00:32:26,480 --> 00:32:23,179

then went back underground into caverns

764

00:32:27,890 --> 00:32:26,490

the examples are just everywhere that

765

00:32:29,779 --> 00:32:27,900

you look and if you do some research

766

00:32:31,760 --> 00:32:29,789

you'll find this obviously

767

00:32:34,279 --> 00:32:31,770

scientifically there's some problems

768

00:32:36,320 --> 00:32:34,289

with a subterranean theory and that's

769

00:32:40,070 --> 00:32:36,330

one area that I would like to get into

770

00:32:42,560 --> 00:32:40,080

is is looking at some of the problems

771

00:32:44,779 --> 00:32:42,570

the physical problems that would be

772

00:32:48,019 --> 00:32:44,789

inherent in actually having some sort of

773

00:32:50,389 --> 00:32:48,029

subterranean civilization the whole idea

774

00:32:52,880 --> 00:32:50,399

that shaver came up with with the the

775

00:32:56,659 --> 00:32:52,890

fact that radiation was detrimental to

776

00:32:59,000 --> 00:32:56,669

the detrimental robot sanity rose.i l

777

00:33:01,279 --> 00:32:59,010

find that very interesting and and l

778

00:33:04,130 --> 00:33:01,289

think Michaels point about you know

779

00:33:07,070 --> 00:33:04,140

possibly returning species coming back

780

00:33:09,470 --> 00:33:07,080

to the nest so to speak how do we know

781

00:33:11,600 --> 00:33:09,480

that dinosaurs didn't evolve l mean

782

00:33:14,180 --> 00:33:11,610

dinosaurs were around for geez how many

783

00:33:16,580 --> 00:33:14,190

300 million years almost or 200 million

784

00:33:17,810 --> 00:33:16,590

years and possibly a million years

785

00:33:20,450 --> 00:33:17,820

before the Cretaceous they could have

786

00:33:22,490 --> 00:33:20,460

become sentient and spacefaring and left

787

00:33:25,549 --> 00:33:22,500

the planet knowing that there was going

788

00:33:27,260 --> 00:33:25,559

to be a you know catastrophic you know

789

00:33:29,090 --> 00:33:27,270

event like the end of the Cretaceous so

790

00:33:30,799 --> 00:33:29,100

I mean these are all elements that

791

00:33:32,899 --> 00:33:30,809

you're Sidhu rank-and-file true believer

792

00:33:34,850 --> 00:33:32,909

being programmed by pop culture to

793

00:33:36,590 --> 00:33:34,860

believe that all these crafts and and

794

00:33:38,510 --> 00:33:36,600

these strange events that are being

795

00:33:42,159 --> 00:33:38,520

reported are are coming from off-planet

796

00:33:44,149 --> 00:33:42,169

and and I I really am quite pleased that

797

00:33:47,480 --> 00:33:44,159

finally I think we're seeing a

798

00:33:49,370 --> 00:33:47,490

resurgence of rational creative thinking

799

00:33:52,760 --> 00:33:49,380

when it comes to all in this particular

800

00:33:55,100 --> 00:33:52,770

subject and and the alternative theories

801  
00:33:58,820 --> 00:33:55,110  
and views that are out there Mike Levin

802  
00:34:00,860 --> 00:33:58,830  
you were attracted as the artist for the

803  
00:34:02,810 --> 00:34:00,870  
book the crypto terrestrials by the late

804  
00:34:04,730 --> 00:34:02,820  
Mac Tony's how are you attracted to his

805  
00:34:06,409 --> 00:34:04,740  
ideas what inspired you to come up with

806  
00:34:08,379 --> 00:34:06,419  
those illustration I first I was

807  
00:34:11,200 --> 00:34:08,389  
attracted to Mac Tony's I heard him

808  
00:34:13,089 --> 00:34:11,210  
on the Tim banal audio podcast and that

809  
00:34:14,349 --> 00:34:13,099  
would have been in oh seven it was a

810  
00:34:16,839 --> 00:34:14,359  
very interesting reaction

811  
00:34:18,729 --> 00:34:16,849  
he talked mostly about the Mars book

812  
00:34:21,039 --> 00:34:18,739  
they worked on as well as his crypto

813  
00:34:23,649 --> 00:34:21,049

Terrestrial book which was very much in

814

00:34:25,059 --> 00:34:23,659

its infancy at that point and I just

815

00:34:26,950 --> 00:34:25,069

remember feeling the sense of I got to

816

00:34:28,180 --> 00:34:26,960

talk to this guy and I literally

817

00:34:30,190 --> 00:34:28,190

searched him out and called him up on

818

00:34:32,019 --> 00:34:30,200

the phone out of the blue and we struck

819

00:34:34,029 --> 00:34:32,029

up quite a nice friendship I have never

820

00:34:36,039 --> 00:34:34,039

met the guy and I that that's one of the

821

00:34:37,779 --> 00:34:36,049

what's the sad things it would be a sad

822

00:34:38,979 --> 00:34:37,789

part of my life forever knowing that I

823

00:34:41,019 --> 00:34:38,989

never had just meet him but I do

824

00:34:43,539 --> 00:34:41,029

consider him I did consider him quite a

825

00:34:45,279 --> 00:34:43,549

good friend as far as just talking with

826

00:34:47,619 --> 00:34:45,289

him we had a lot of late-night phone

827

00:34:48,879 --> 00:34:47,629

conversations and and we talked a lot

828

00:34:51,960 --> 00:34:48,889

about the book I offered to do the

829

00:34:55,180 --> 00:34:51,970

illustrations and he quickly agreed and

830

00:34:56,919 --> 00:34:55,190

the book as it was in its Genesis I sent

831

00:34:57,999 --> 00:34:56,929

we were sending the illustrations back

832

00:34:59,559 --> 00:34:58,009

and forth a little bit and he was

833

00:35:00,759 --> 00:34:59,569

delightful to work with anything I would

834

00:35:03,130 --> 00:35:00,769

do he would just go great great

835

00:35:05,289 --> 00:35:03,140

wonderful and we both talked a lot about

836

00:35:07,509 --> 00:35:05,299

our Krum we were both big are chrome

837

00:35:08,739 --> 00:35:07,519

fans I purposely did the interior I did

838

00:35:10,569 --> 00:35:08,749

not do the cover and someone else did

839

00:35:12,430 --> 00:35:10,579

the cover but on the chapter headers

840

00:35:14,319 --> 00:35:12,440

those illustrations I purposely tried to

841

00:35:15,759 --> 00:35:14,329

do in a sort of an R crumb style and

842

00:35:18,160 --> 00:35:15,769

people have been avoiding using the term

843

00:35:20,019 --> 00:35:18,170

ETH the extra-terrestrial hypothesis and

844

00:35:21,249 --> 00:35:20,029

Mac was completely content with it so

845

00:35:23,470 --> 00:35:21,259

I'll just run with that and I'll be

846

00:35:25,930 --> 00:35:23,480

content with it too he did not dismiss

847

00:35:28,210 --> 00:35:25,940

the ETH hypothesis out of hand he very

848

00:35:33,249 --> 00:35:28,220

much considered that it may be a part of

849

00:35:36,819 --> 00:35:33,259

this whole mysterious realm it but you

850

00:35:38,289 --> 00:35:36,829

know to dismiss it as either/or he I

851

00:35:41,049 --> 00:35:38,299

think he was very eager to include it

852

00:35:43,299 --> 00:35:41,059

somehow as both and it's at least in his

853

00:35:45,549 --> 00:35:43,309

thought process and he was quite open

854

00:35:47,620 --> 00:35:45,559

about saying that his whole book in his

855

00:35:50,319 --> 00:35:47,630

Hall as ideas were just a um Oh a

856

00:35:53,859 --> 00:35:50,329

thought experiment if nothing else he

857

00:35:55,420 --> 00:35:53,869

was so gifted at speculating he would he

858

00:35:57,069 --> 00:35:55,430

would he was very clear when he was

859

00:35:59,019 --> 00:35:57,079

speculating and he loved the game of

860

00:36:02,049 --> 00:35:59,029

speculating so this is this is I'm

861

00:36:03,249 --> 00:36:02,059

enjoying this greatly because the act of

862

00:36:03,789 --> 00:36:03,259

speculating and this kind of thing is

863

00:36:05,499 --> 00:36:03,799

wonderful

864

00:36:09,130 --> 00:36:05,509

Alan earlier talked about the fact that

865

00:36:11,470 --> 00:36:09,140

you know we just somehow assumed after

866

00:36:14,079 --> 00:36:11,480

World War two that these these

867

00:36:16,089 --> 00:36:14,089

visitations these sightings these craft

868

00:36:17,079 --> 00:36:16,099

in the sky were were we just made the

869

00:36:18,839 --> 00:36:17,089

assumption that they were from outer

870

00:36:20,310 --> 00:36:18,849

space

871

00:36:21,900 --> 00:36:20,320

and I think the same way we would have

872

00:36:25,079 --> 00:36:21,910

made the assumption if we had seen

873

00:36:28,260 --> 00:36:25,089

something in 13th century Rome that they

874

00:36:30,660 --> 00:36:28,270

were from you know demons or angels and

875

00:36:32,820 --> 00:36:30,670

it's interesting only now like there's a

876

00:36:34,740 --> 00:36:32,830

frontier that exists the same way that

877

00:36:36,660 --> 00:36:34,750

space was a frontier at one point

878

00:36:38,790 --> 00:36:36,670

there's a frontier right now in there in

879

00:36:41,040 --> 00:36:38,800

the realm of new sciences and they were

880

00:36:42,750 --> 00:36:41,050

almost like multi-dimensional and I'm

881

00:36:44,250 --> 00:36:42,760

not a physicist so I will pretend to try

882

00:36:46,500 --> 00:36:44,260

to define what that means but in the

883

00:36:49,380 --> 00:36:46,510

realm of dark matter and and

884

00:36:53,690 --> 00:36:49,390

multi-dimensional ideas and and what was

885

00:36:56,250 --> 00:36:53,700

just a few decades ago in the realm of

886

00:36:58,170 --> 00:36:56,260

science fiction is now being addressed

887

00:37:00,329 --> 00:36:58,180

quite openly in the scientific

888

00:37:04,230 --> 00:37:00,339

literature and mack followed that stuff

889

00:37:05,940 --> 00:37:04,240

very closely and so I'm wondering

890

00:37:09,120 --> 00:37:05,950

whether they will start presenting

891

00:37:11,550 --> 00:37:09,130

themselves to be multi-dimensional in in

892

00:37:13,800 --> 00:37:11,560

more overt ways now that we have this

893

00:37:15,510 --> 00:37:13,810

new frontier at our at our doorstep

894

00:37:18,480 --> 00:37:15,520

something a science that really didn't

895

00:37:21,420 --> 00:37:18,490

exist just a generation ago so you say

896

00:37:24,000 --> 00:37:21,430

basically Mike that it's reflective the

897

00:37:26,460 --> 00:37:24,010

phenomena is reflective of what our

898

00:37:28,200 --> 00:37:26,470

society expects of them well very much

899

00:37:29,550 --> 00:37:28,210

so I mean the airship sightings that

900

00:37:32,640 --> 00:37:29,560

took place over a hundred years ago

901  
00:37:36,300 --> 00:37:32,650  
we're where the people who stepped off

902  
00:37:38,790 --> 00:37:36,310  
those craft were bearded men in dirty

903  
00:37:40,440 --> 00:37:38,800  
work clothes you know in essence you

904  
00:37:43,260 --> 00:37:40,450  
know working with a steam engine that's

905  
00:37:45,480 --> 00:37:43,270  
inside the craft somehow and you know

906  
00:37:48,150 --> 00:37:45,490  
presently in our present day science

907  
00:37:50,540 --> 00:37:48,160  
we're at the forefront of genetic

908  
00:37:52,470 --> 00:37:50,550  
manipulation we're at the forefront of

909  
00:37:57,510 --> 00:37:52,480  
artificial intelligence were at the

910  
00:37:59,730 --> 00:37:57,520  
forefront of virtual reality and all

911  
00:38:03,990 --> 00:37:59,740  
these things are being projected and

912  
00:38:05,460 --> 00:38:04,000  
somehow being reported by oftentimes by

913  
00:38:07,800 --> 00:38:05,470

the people that claim the abduction

914

00:38:09,480 --> 00:38:07,810

phenomena they are reporting things that

915

00:38:12,170 --> 00:38:09,490

are just the forefront of our science

916

00:38:16,320 --> 00:38:12,180

going back to the Betty Hill abduction

917

00:38:17,700 --> 00:38:16,330

she talked about getting a medical

918

00:38:19,890 --> 00:38:17,710

procedure where something was inserted

919

00:38:22,140 --> 00:38:19,900

in her navel and it was just a short

920

00:38:25,160 --> 00:38:22,150

time after that less than a decade where

921

00:38:27,930 --> 00:38:25,170

that became a reality as a form of

922

00:38:28,410 --> 00:38:27,940

pregnancy test alan greenfield you had a

923

00:38:31,660 --> 00:38:28,420

comment

924

00:38:34,359 --> 00:38:31,670

well yeah although all these ideas

925

00:38:37,299 --> 00:38:34,369

keep bouncing around in my head number

926

00:38:40,180 --> 00:38:37,309

one I've come up with my term the

927

00:38:42,880 --> 00:38:40,190

extra-terrestrial speculation I'll go

928

00:38:49,030 --> 00:38:42,890

for that as a legitimate speculation

929

00:38:51,760 --> 00:38:49,040

okay so 70s my wedding yes the ETS not

930

00:38:54,789 --> 00:38:51,770

the ETH it doesn't have any special

931

00:38:57,849 --> 00:38:54,799

evidence for it but it doesn't have any

932

00:39:02,650 --> 00:38:57,859

special evidence against it unless one

933

00:39:06,539 --> 00:39:02,660

argues that the similarity of bipeds of

934

00:39:10,059 --> 00:39:06,549

walking around would be unlikely and the

935

00:39:14,620 --> 00:39:10,069

problems involved in traveling from one

936

00:39:17,620 --> 00:39:14,630

solar system to another etc etc unless

937

00:39:19,809 --> 00:39:17,630

you go into that sort of thing to say

938

00:39:20,890 --> 00:39:19,819

that it's quote impossible which I

939

00:39:23,710 --> 00:39:20,900

reject out of hand

940

00:39:25,450 --> 00:39:23,720

it's a speculation no more no less I

941

00:39:27,700 --> 00:39:25,460

find it interesting that it's the first

942

00:39:32,740 --> 00:39:27,710

thing that people grabbed for you don't

943

00:39:36,069 --> 00:39:32,750

have to go back to the 1300s to to to

944

00:39:39,450 --> 00:39:36,079

find other interpretations of we used to

945

00:39:42,930 --> 00:39:39,460

talk a lot about the early 20th century

946

00:39:48,309 --> 00:39:42,940

apparition of the Virgin Mary and a UFO

947

00:39:50,500 --> 00:39:48,319

at Fatima and employ'd Portugal and that

948

00:39:52,960 --> 00:39:50,510

was interpreted as the Virgin Mary and

949

00:39:54,609 --> 00:39:52,970

the Sun coming down out of the sky well

950

00:39:56,950 --> 00:39:54,619

of course if the Sun had come down out

951  
00:39:59,970 --> 00:39:56,960  
of the sky we wouldn't be having this

952  
00:40:03,760 --> 00:39:59,980  
conversation so I assume maybe we would

953  
00:40:06,280 --> 00:40:03,770  
but that would be was seized upon by

954  
00:40:10,420 --> 00:40:06,290  
ufologists at one time for C there were

955  
00:40:12,730 --> 00:40:10,430  
earlier UFO cases but again what is more

956  
00:40:15,039 --> 00:40:12,740  
valid about the speculation that it was

957  
00:40:17,289 --> 00:40:15,049  
the Virgin Mary and it was an apparition

958  
00:40:21,910 --> 00:40:17,299  
of the Sun coming down out of the sky

959  
00:40:25,750 --> 00:40:21,920  
then to say these are beings from Sirius

960  
00:40:28,960 --> 00:40:25,760  
a planet around Sirius C they're they're

961  
00:40:31,420 --> 00:40:28,970  
of equal measure because they're both

962  
00:40:34,990 --> 00:40:31,430  
speculations I wanted to say something

963  
00:40:37,690 --> 00:40:35,000

about before we completely move away

964

00:40:40,780 --> 00:40:37,700

from talking about shaver and the Inner

965

00:40:43,260 --> 00:40:40,790

Earth theory high for the reasons that

966

00:40:47,470 --> 00:40:43,270

would be obvious anyone who

967

00:40:51,130 --> 00:40:47,480

knows about NASA and the nature of the

968

00:40:55,060 --> 00:40:51,140

earth and so forth the likelihood that

969

00:40:55,810 --> 00:40:55,070

the earth is hollow is somewhere near

970

00:41:00,940 --> 00:40:55,820

zero

971

00:41:03,400 --> 00:41:00,950

that I don't know for absolute certain

972

00:41:06,520 --> 00:41:03,410

because I've seen too many things change

973

00:41:08,920 --> 00:41:06,530

in my lifetime so far and wouldn't be

974

00:41:12,849 --> 00:41:08,930

surprised to see more as time goes on

975

00:41:15,099 --> 00:41:12,859

but the earth is unlikely to be hollow

976  
00:41:18,520 --> 00:41:15,109  
in the way that shaver looked at it and

977  
00:41:19,570 --> 00:41:18,530  
that is not my my opinion at all caves

978  
00:41:23,980 --> 00:41:19,580  
are another matter

979  
00:41:26,140 --> 00:41:23,990  
I used to long I feel some somewhat

980  
00:41:30,160 --> 00:41:26,150  
guilty about this I used to identify to

981  
00:41:32,980 --> 00:41:30,170  
people places that I knew that there

982  
00:41:36,310 --> 00:41:32,990  
were caverns that people had entered and

983  
00:41:38,410 --> 00:41:36,320  
it had experiences not dissimilar to

984  
00:41:41,740 --> 00:41:38,420  
shaver shaver by the way reported the

985  
00:41:43,990 --> 00:41:41,750  
same thing but what I am I don't do that

986  
00:41:45,880 --> 00:41:44,000  
anymore because all of these very crazy

987  
00:41:47,770 --> 00:41:45,890  
amateur people who don't really know

988  
00:41:49,450 --> 00:41:47,780

what they're doing are so eager to know

989

00:41:50,760 --> 00:41:49,460

where these locations are so they can

990

00:41:52,089 --> 00:41:50,770

jump down a cave and get themselves

991

00:41:54,940 --> 00:41:52,099

killed

992

00:41:58,630 --> 00:41:54,950

like there's that tragedy in the mine

993

00:42:00,609 --> 00:41:58,640

and in West Virginia so recently I don't

994

00:42:04,390 --> 00:42:00,619

tell people where these locations are

995

00:42:07,480 --> 00:42:04,400

because there are a lot of idiots brave

996

00:42:09,310 --> 00:42:07,490

idiots out there but one thing that I've

997

00:42:11,589 --> 00:42:09,320

noticed from the accounts that I've

998

00:42:13,780 --> 00:42:11,599

heard over a very very long period of

999

00:42:18,000 --> 00:42:13,790

time that is consistent is there is

1000

00:42:20,800 --> 00:42:18,010

something about these cavern entrances

1001  
00:42:24,040 --> 00:42:20,810  
that suggests they are something more

1002  
00:42:26,800 --> 00:42:24,050  
like a Stargate than they're like an

1003  
00:42:29,740 --> 00:42:26,810  
entrance to the Inner Earth through a

1004  
00:42:33,849 --> 00:42:29,750  
certain point they are either old mines

1005  
00:42:37,210 --> 00:42:33,859  
or caves or natural configurations and

1006  
00:42:39,370 --> 00:42:37,220  
then what people report is this sort of

1007  
00:42:41,650 --> 00:42:39,380  
stargate phenomenon I'm not even sure

1008  
00:42:44,109 --> 00:42:41,660  
that the whole Stargate Universe wasn't

1009  
00:42:47,140 --> 00:42:44,119  
influenced as science fiction wasn't

1010  
00:42:49,079 --> 00:42:47,150  
influenced by the experience you feel

1011  
00:42:51,390 --> 00:42:49,089  
like you're going through this

1012  
00:42:53,909 --> 00:42:51,400  
Tunnel very similar to near-death

1013  
00:42:55,949 --> 00:42:53,919

experiences and then you are in other

1014

00:42:57,899 --> 00:42:55,959

where highlight if you think should we

1015

00:43:00,209 --> 00:42:57,909

see in the movie Stargate that where

1016

00:43:03,269 --> 00:43:00,219

they go the transformation where they go

1017

00:43:05,669 --> 00:43:03,279

to the Pegasus galaxy right exactly

1018

00:43:08,009 --> 00:43:05,679

or you can look at it in that way or you

1019

00:43:11,130 --> 00:43:08,019

can go back to the the original series

1020

00:43:13,499 --> 00:43:11,140

the time tunnel which Stargate the TV

1021

00:43:16,919 --> 00:43:13,509

series is sort of based on where you're

1022

00:43:19,279 --> 00:43:16,929

going through time or space time or to

1023

00:43:21,659 --> 00:43:19,289

some other dimensional configuration

1024

00:43:24,209 --> 00:43:21,669

altogether I don't think most of the

1025

00:43:26,189 --> 00:43:24,219

people it's certainly not any of the

1026  
00:43:28,919 --> 00:43:26,199  
people that I've talked to who have had

1027  
00:43:32,069 --> 00:43:28,929  
that experience are certain where this

1028  
00:43:34,469 --> 00:43:32,079  
other where is that that is in space and

1029  
00:43:38,009 --> 00:43:34,479  
time but we do have some clues one of

1030  
00:43:40,169 --> 00:43:38,019  
them was just alluded to in the 89th of

1031  
00:43:43,709 --> 00:43:40,179  
an airship cases now one hundred and one

1032  
00:43:46,979 --> 00:43:43,719  
hundred thirteen years ago they look

1033  
00:43:49,949 --> 00:43:46,989  
very much like what one would

1034  
00:43:52,140 --> 00:43:49,959  
realistically expect only about ten or

1035  
00:43:52,919 --> 00:43:52,150  
fifteen years too soon if you look at

1036  
00:44:00,179 --> 00:43:52,929  
the 18th

1037  
00:44:04,559 --> 00:44:00,189  
Conan Jane's all the world's aircraft or

1038  
00:44:07,679 --> 00:44:04,569

tin 1896 97 Wendy's these alleged cases

1039

00:44:10,769 --> 00:44:07,689

took place and lesser known are during

1040

00:44:16,169 --> 00:44:10,779

that same period in in Northern Europe a

1041

00:44:18,630 --> 00:44:16,179

lot of aeroplanes were seen and they had

1042

00:44:24,120 --> 00:44:18,640

the configuration of the spirit of st.

1043

00:44:26,609 --> 00:44:24,130

Louis 1920's style single wing aircraft

1044

00:44:28,829 --> 00:44:26,619

now as I may interrupt a second what

1045

00:44:31,769 --> 00:44:28,839

you're suggesting here is that what we

1046

00:44:34,049 --> 00:44:31,779

see this phenomenon seems to predict the

1047

00:44:36,719 --> 00:44:34,059

reality or is the reality itself may be

1048

00:44:38,509 --> 00:44:36,729

being influenced by what we see I think

1049

00:44:43,069 --> 00:44:38,519

some of both actually

1050

00:44:47,939 --> 00:44:43,079

certainly we interpret according to our

1051

00:44:53,579 --> 00:44:47,949

own culture and time and so forth but I

1052

00:44:56,740 --> 00:44:53,589

think I think the UFO phenomena tend to

1053

00:44:59,890 --> 00:44:56,750

be outside of space-time

1054

00:45:02,050 --> 00:44:59,900

as we normally understand it in origin

1055

00:45:04,390 --> 00:45:02,060

origin is the right word there either

1056

00:45:05,830 --> 00:45:04,400

you get it gets very complex when you're

1057

00:45:09,310 --> 00:45:05,840

not talking about things that are inside

1058

00:45:11,590 --> 00:45:09,320

space-time and they may be from other

1059

00:45:15,070 --> 00:45:11,600

planets and in the universe that we know

1060

00:45:17,680 --> 00:45:15,080

from other dimensions and other planets

1061

00:45:20,680 --> 00:45:17,690

the same planet in slightly different

1062

00:45:23,050 --> 00:45:20,690

form the future the past the future

1063

00:45:25,060 --> 00:45:23,060

becoming the past the past becoming the

1064

00:45:28,900 --> 00:45:25,070

future I suspect that it's all these

1065

00:45:31,450 --> 00:45:28,910

things because we have a very very slim

1066

00:45:33,850 --> 00:45:31,460

sliver of reality that we are part of

1067

00:45:35,110 --> 00:45:33,860

and we call that space-time and that's

1068

00:45:38,020 --> 00:45:35,120

the way we need to go to treat our

1069

00:45:39,820 --> 00:45:38,030

day-to-day existence and that's how we

1070

00:45:42,790 --> 00:45:39,830

get across the street hopefully without

1071

00:45:45,880 --> 00:45:42,800

getting hit by a truck Walter I just

1072

00:45:48,760 --> 00:45:45,890

wanted to throw in here both Mike and

1073

00:45:51,490 --> 00:45:48,770

well Chris started off then Mike carried

1074

00:45:54,430 --> 00:45:51,500

it now Alan and the interdimensional

1075

00:45:57,970 --> 00:45:54,440

aspect is something that I personally

1076

00:46:01,390 --> 00:45:57,980

began to see in all this and embrace

1077

00:46:03,160 --> 00:46:01,400

about 15 years ago and it was about 13

1078

00:46:04,660 --> 00:46:03,170

years ago I remember distinctly you

1079

00:46:06,070 --> 00:46:04,670

usually do remember these things when

1080

00:46:08,650 --> 00:46:06,080

you you know you have kind of a Eureka

1081

00:46:10,540 --> 00:46:08,660

moment it's around 1997 when I was

1082

00:46:13,630 --> 00:46:10,550

assigned to a wright-patterson Air Force

1083

00:46:17,530 --> 00:46:13,640

Base of all places you know I was

1084

00:46:20,350 --> 00:46:17,540

thinking that wow perhaps the big secret

1085

00:46:23,590 --> 00:46:20,360

here is so much that there's life on

1086

00:46:25,750 --> 00:46:23,600

other worlds I begin to wonder and I'm

1087

00:46:27,130 --> 00:46:25,760

not this is ideas not original with me

1088

00:46:30,460 --> 00:46:27,140

I'm just sharing with you the first time

1089

00:46:33,460 --> 00:46:30,470

it came to me maybe the idea of the

1090

00:46:35,410 --> 00:46:33,470

whole ET hypothesis or assumption has

1091

00:46:38,170 --> 00:46:35,420

been part of the cover for

1092

00:46:39,940 --> 00:46:38,180

interdimensional or time travelers that

1093

00:46:42,400 --> 00:46:39,950

that's something we we also have to

1094

00:46:44,160 --> 00:46:42,410

consider very specifically within the

1095

00:46:47,110 --> 00:46:44,170

realm the spectrum of interdimensional

1096

00:46:49,270 --> 00:46:47,120

ideas is that what Allen was just saying

1097

00:46:51,160 --> 00:46:49,280

absolutely right the airships kind of

1098

00:46:53,140 --> 00:46:51,170

just a few years before these things

1099

00:46:57,600 --> 00:46:53,150

actually came to be it could very well

1100

00:47:00,340 --> 00:46:57,610

be that these are time travelers and

1101

00:47:04,000 --> 00:47:00,350

they definitely are coming to kind of

1102

00:47:06,430 --> 00:47:04,010

motivate us and seed our ideas and and

1103

00:47:07,970 --> 00:47:06,440

maybe it's much easier for people to

1104

00:47:09,800 --> 00:47:07,980

embrace the idea that you

1105

00:47:11,560 --> 00:47:09,810

oh yeah yeah we come from Venus we come

1106

00:47:15,170 --> 00:47:11,570

from Mars we come from Zeta Reticuli

1107

00:47:18,620 --> 00:47:15,180

because actually the idea of coming from

1108

00:47:21,320 --> 00:47:18,630

another time is just so beyond the grasp

1109

00:47:23,450 --> 00:47:21,330

the practical grasp of many people even

1110

00:47:25,400 --> 00:47:23,460

today there's a lot of people that would

1111

00:47:27,470 --> 00:47:25,410

be very much qualified to be in this

1112

00:47:30,260 --> 00:47:27,480

conversation that there's anybody that

1113

00:47:32,840 --> 00:47:30,270

would still say oh no no not time travel

1114

00:47:35,270 --> 00:47:32,850

but I personally my experiences I'd lead

1115

00:47:39,870 --> 00:47:35,280

towards the interdimensional and very

1116

00:47:47,900 --> 00:47:39,880

much the time travel idea

1117

00:47:50,720 --> 00:47:47,910

[Music]

1118

00:47:52,819 --> 00:47:50,730

fate magazine provides true reports of

1119

00:47:55,400 --> 00:47:52,829

the strange and unknown keep up with the

00:48:27,810 --> 00:48:26,490

g.com what are you waiting for your fate

1130

00:48:50,680 --> 00:48:27,820

awaits

1131

00:48:50,690 --> 00:49:00,890

[Music]

1132

00:49:05,970 --> 00:49:03,720

we have Walter Bosley William Michael

1133

00:49:08,430 --> 00:49:05,980

Mont Alan Greenfield McClellan our

1134

00:49:10,320 --> 00:49:08,440

co-host is Christopher O'Brien Walter

1135

00:49:12,570 --> 00:49:10,330

of course the science fiction movies

1136

00:49:14,700 --> 00:49:12,580

talk of a time paradox you go back in

1137

00:49:17,970 --> 00:49:14,710

time you changed something

1138

00:49:19,620 --> 00:49:17,980

therefore it affects the future or maybe

1139

00:49:21,300 --> 00:49:19,630

it was meant to be in the first place so

1140

00:49:23,820 --> 00:49:21,310

how do you deal with that I think you

1141

00:49:26,460 --> 00:49:23,830

don't worry about it as much as the

1142

00:49:28,980 --> 00:49:26,470

movies and popular culture would have us

1143

00:49:31,530 --> 00:49:28,990

worry about that they tend to I think

1144

00:49:33,360 --> 00:49:31,540

the origin of such since we're talking

1145

00:49:36,090 --> 00:49:33,370

about you know the the pop culture

1146

00:49:36,660 --> 00:49:36,100

aspect a lot of the origins of that come

1147

00:49:38,850 --> 00:49:36,670

from

1148

00:49:42,060 --> 00:49:38,860

you know thinkers with an agenda that is

1149

00:49:44,970 --> 00:49:42,070

really anti-technology you know

1150

00:49:47,610 --> 00:49:44,980

humanity's a bad bad thing and if you've

1151  
00:49:50,700 --> 00:49:47,620  
heard me you know on other places I am

1152  
00:49:52,410 --> 00:49:50,710  
NOT a human apologist we've beaten

1153  
00:49:53,910 --> 00:49:52,420  
ourselves about the head and ears long

1154  
00:49:55,980 --> 00:49:53,920  
enough it's time to be a little more

1155  
00:49:58,170 --> 00:49:55,990  
balanced and stop that crap I think it's

1156  
00:50:00,780 --> 00:49:58,180  
done I think those who are doing it

1157  
00:50:03,330 --> 00:50:00,790  
they've obviously figured out a protocol

1158  
00:50:04,890 --> 00:50:03,340  
I think allowing those who encounter

1159  
00:50:08,760 --> 00:50:04,900  
them to believe they're from another

1160  
00:50:11,520 --> 00:50:08,770  
world and not appearing on command and

1161  
00:50:16,290 --> 00:50:11,530  
being so elusive is part of that

1162  
00:50:18,930 --> 00:50:16,300  
protocol to not influence too much but I

1163  
00:50:20,520 --> 00:50:18,940

don't think they worry about it so much

1164

00:50:22,770 --> 00:50:20,530

that they don't do it and you know what

1165

00:50:25,770 --> 00:50:22,780

I would agree with that I it is not

1166

00:50:28,320 --> 00:50:25,780

immoral at all to time travel

1167

00:50:31,560 --> 00:50:28,330

not at all you know just be responsible

1168

00:50:34,380 --> 00:50:31,570

about it and you know go forth you know

1169

00:50:36,860 --> 00:50:34,390

that's that's my personal philosophy the

1170

00:50:38,940 --> 00:50:36,870

futures not for the faint of heart

1171

00:50:40,080 --> 00:50:38,950

some of the things that Walter said to

1172

00:50:42,600 --> 00:50:40,090

you go ahead Michael

1173

00:50:44,970 --> 00:50:42,610

yeah Walter has efficiency points in

1174

00:50:46,680 --> 00:50:44,980

terms of time travel in and alan had

1175

00:50:49,410 --> 00:50:46,690

mentioned something about the portals

1176  
00:50:51,930 --> 00:50:49,420  
and of course and this is something I do

1177  
00:50:53,250 --> 00:50:51,940  
touch opponent in my book but there

1178  
00:50:55,770 --> 00:50:53,260  
seems to be something that indicates

1179  
00:50:58,410 --> 00:50:55,780  
that there's at least a matter

1180  
00:51:01,260 --> 00:50:58,420  
associating some of these things if they

1181  
00:51:03,330 --> 00:51:01,270  
don't belong or they come too quickly

1182  
00:51:04,059 --> 00:51:03,340  
eat you our environment they're either

1183  
00:51:06,069 --> 00:51:04,069  
to dance

1184  
00:51:08,019 --> 00:51:06,079  
they're not dense enough they have

1185  
00:51:10,539 --> 00:51:08,029  
problems breathing or else when they're

1186  
00:51:12,910 --> 00:51:10,549  
counted by human being who reacts in a

1187  
00:51:15,759 --> 00:51:12,920  
self defensive manner they seem to be

1188  
00:51:20,109 --> 00:51:15,769

extremely compact and extremely dense

1189

00:51:23,499 --> 00:51:20,119

and you know things like hidden shovel

1190

00:51:25,630 --> 00:51:23,509

like a guy in the Puerto Rico did or or

1191

00:51:27,849 --> 00:51:25,640

you know doing these types of things

1192

00:51:31,029 --> 00:51:27,859

bullets like get with the Kelly gallops

1193

00:51:32,650 --> 00:51:31,039

I mean they know how much affect them

1194

00:51:36,309 --> 00:51:32,660

it's as if they're a part of another

1195

00:51:39,069 --> 00:51:36,319

reality but I say this in regard to the

1196

00:51:40,089 --> 00:51:39,079

particular portal if they come from

1197

00:51:44,140 --> 00:51:40,099

other part of the electromagnetic

1198

00:51:45,279 --> 00:51:44,150

spectrum that in no way state would

1199

00:51:45,880 --> 00:51:45,289

indicate that they come from another

1200

00:51:47,499 --> 00:51:45,890

planet

1201  
00:51:50,680 --> 00:51:47,509  
we're only indicate that they would come

1202  
00:51:54,160 --> 00:51:50,690  
from somewhere else within the density

1203  
00:51:57,880 --> 00:51:54,170  
of our own planet here and my the only

1204  
00:52:00,549 --> 00:51:57,890  
problem I have with this is that as the

1205  
00:52:02,890 --> 00:52:00,559  
earth moves it's a solar system it's we

1206  
00:52:04,180 --> 00:52:02,900  
and our whole new realm of questions

1207  
00:52:06,699 --> 00:52:04,190  
here that we really don't have any

1208  
00:52:08,469 --> 00:52:06,709  
answers for for instance you know we do

1209  
00:52:10,569 --> 00:52:08,479  
we carry our space-time bubble with us

1210  
00:52:12,309 --> 00:52:10,579  
so that our entire history is intact or

1211  
00:52:15,130 --> 00:52:12,319  
do we trail it behind us as we go around

1212  
00:52:16,559 --> 00:52:15,140  
the center of the galaxy the things like

1213  
00:52:19,209 --> 00:52:16,569

that would have to be in some way

1214

00:52:21,009 --> 00:52:19,219

calibrated for in order to make time

1215

00:52:22,870 --> 00:52:21,019

travel feasible otherwise you would go

1216

00:52:24,910 --> 00:52:22,880

back in time and you would end up where

1217

00:52:26,910 --> 00:52:24,920

the earth was you know 12,000 years ago

1218

00:52:29,949 --> 00:52:26,920

instead of where it is today

1219

00:52:32,949 --> 00:52:29,959

that makes it but yeah I guess you get

1220

00:52:34,900 --> 00:52:32,959

Justin I'm saying that if there are

1221

00:52:36,189 --> 00:52:34,910

portals and you know there's some

1222

00:52:38,499 --> 00:52:36,199

indication that there's some sort of

1223

00:52:41,079 --> 00:52:38,509

density thing here would you travel from

1224

00:52:43,630 --> 00:52:41,089

one density to another and and that

1225

00:52:47,019 --> 00:52:43,640

could be he'll talk about with his uh

1226  
00:52:49,509 --> 00:52:47,029  
with his his idea of traveling along the

1227  
00:52:50,109 --> 00:52:49,519  
spectrum visible light and in reality

1228  
00:52:52,599 --> 00:52:50,119  
itself

1229  
00:52:55,180 --> 00:52:52,609  
you know the electromagnetic spectrum if

1230  
00:52:56,589 --> 00:52:55,190  
there are portals in these caves or in

1231  
00:52:59,799 --> 00:52:56,599  
some regions a hunk of the earth that

1232  
00:53:01,630 --> 00:52:59,809  
are a natural a natural manifestation

1233  
00:53:03,579 --> 00:53:01,640  
has to do with the the electromagnetic

1234  
00:53:06,640 --> 00:53:03,589  
field here then that would explain a lot

1235  
00:53:08,949 --> 00:53:06,650  
of this they'll explain all over the why

1236  
00:53:10,749 --> 00:53:08,959  
that's only certain areas where you have

1237  
00:53:12,759 --> 00:53:10,759  
window areas what do you think like a

1238  
00:53:14,529 --> 00:53:12,769

San Luis Valley what do you have in

1239

00:53:15,200 --> 00:53:14,539

areas where they're they're much more

1240

00:53:17,300 --> 00:53:15,210

there

1241

00:53:20,540 --> 00:53:17,310

more geomagnetic anomalies accentuated

1242

00:53:22,400 --> 00:53:20,550

with some of these things and again it

1243

00:53:24,680 --> 00:53:22,410

may be the airs like that would lend

1244

00:53:25,910 --> 00:53:24,690

themselves better to find level they

1245

00:53:28,670 --> 00:53:25,920

would lend themselves better to do

1246

00:53:31,310 --> 00:53:28,680

traveling along that spectrum to come to

1247

00:53:34,070 --> 00:53:31,320

our reality and when you think about the

1248

00:53:36,290 --> 00:53:34,080

legends of humanity you know you have

1249

00:53:38,270 --> 00:53:36,300

folklore all over the world and it's the

1250

00:53:39,829 --> 00:53:38,280

equivalent of missing time well you had

1251  
00:53:41,180 --> 00:53:39,839  
the fairy lore world where people in

1252  
00:53:43,099 --> 00:53:41,190  
origin where they accidentally stumble

1253  
00:53:44,390 --> 00:53:43,109  
with a ferry landing that's all for what

1254  
00:53:46,730 --> 00:53:44,400  
they think the three days and they come

1255  
00:53:50,109 --> 00:53:46,740  
back in 50 years from an illegal thing

1256  
00:53:52,160 --> 00:53:50,119  
or else they they are golf or up just

1257  
00:53:54,140 --> 00:53:52,170  
for a very long time and they come back

1258  
00:53:55,220 --> 00:53:54,150  
and they're old and everybody else is

1259  
00:53:57,230 --> 00:53:55,230  
still just about the same as they were

1260  
00:53:59,270 --> 00:53:57,240  
when they're left and this might

1261  
00:54:01,760 --> 00:53:59,280  
indicate you know the some sort of a

1262  
00:54:03,230 --> 00:54:01,770  
paradox that has to do with time and

1263  
00:54:06,530 --> 00:54:03,240

with density in with in with the

1264

00:54:08,180 --> 00:54:06,540

electromagnetic spectrum I think that

1265

00:54:11,060 --> 00:54:08,190

we've got to start looking at these

1266

00:54:15,109 --> 00:54:11,070

things some more as a manifestation of

1267

00:54:16,370 --> 00:54:15,119

our planet and I know that that or you

1268

00:54:18,020 --> 00:54:16,380

know if you were taking that if you're

1269

00:54:19,820 --> 00:54:18,030

technologically advanced society to

1270

00:54:22,280 --> 00:54:19,830

speed here from 4,000 for millions of

1271

00:54:24,140 --> 00:54:22,290

years you would learn the intricacies of

1272

00:54:25,700 --> 00:54:24,150

your own planet you want to learn you

1273

00:54:27,470 --> 00:54:25,710

know how to move along these conduits of

1274

00:54:30,470 --> 00:54:27,480

reality that are associated with the

1275

00:54:33,440 --> 00:54:30,480

place where you live it's uh it seems to

1276

00:54:34,339 --> 00:54:33,450

me that what chris said earlier this is

1277

00:54:36,800 --> 00:54:34,349

something you know of course I have them

1278

00:54:39,530 --> 00:54:36,810

on bo2 with about reptilian humanoids

1279

00:54:41,270 --> 00:54:39,540

about you know the dinosaur gene all

1280

00:54:42,380 --> 00:54:41,280

developing the humanoid form that

1281

00:54:43,820 --> 00:54:42,390

officials in that's a minute

1282

00:54:46,370 --> 00:54:43,830

maybe they mission without the planet

1283

00:54:47,359 --> 00:54:46,380

and solar returning when they see it's

1284

00:54:50,870 --> 00:54:47,369

just their property because they were

1285

00:54:53,630 --> 00:54:50,880

here first or maybe also they discovered

1286

00:54:55,540 --> 00:54:53,640

these conduits through the continuum but

1287

00:54:58,040 --> 00:54:55,550

they're all localized to our planet and

1288

00:54:59,780 --> 00:54:58,050

you know it just seems to me that to

1289

00:55:01,579 --> 00:54:59,790

jump to any conclusion about the vehicle

1290

00:55:03,650 --> 00:55:01,589

far away it's just that it's jumping to

1291

00:55:05,420 --> 00:55:03,660

a conclusion and it doesn't really fall

1292

00:55:08,359 --> 00:55:05,430

off this all comes razor and you know

1293

00:55:09,770 --> 00:55:08,369

William talking basically stated that no

1294

00:55:11,480 --> 00:55:09,780

matter how absurd that might seem that

1295

00:55:13,849 --> 00:55:11,490

the simplest answer is usually the

1296

00:55:15,410 --> 00:55:13,859

correct answer and so when you exhaust

1297

00:55:18,020 --> 00:55:15,420

all these various theories in

1298

00:55:20,030 --> 00:55:18,030

postulations are so forth the simplest

1299

00:55:24,290 --> 00:55:20,040

answer is the different here and they

1300

00:55:27,170 --> 00:55:24,300

always have been and you know you have

1301  
00:55:28,670 --> 00:55:27,180  
space in every folks system on this

1302  
00:55:31,809 --> 00:55:28,680  
planet every religious

1303  
00:55:33,559 --> 00:55:31,819  
about hundred world's about Hills about

1304  
00:55:36,109 --> 00:55:33,569  
fairyland about all these different

1305  
00:55:37,730 --> 00:55:36,119  
places with all associated with this

1306  
00:55:40,309 --> 00:55:37,740  
planet the only one that's not

1307  
00:55:43,849 --> 00:55:40,319  
associated with it if the transcendent

1308  
00:55:45,829 --> 00:55:43,859  
like hey or Nirvana that's some that

1309  
00:55:50,620 --> 00:55:45,839  
says okay there's a reality beyond this

1310  
00:55:53,809 --> 00:55:50,630  
planet but the more the meteor fleshly

1311  
00:55:56,299 --> 00:55:53,819  
ideas relating to this have to do with

1312  
00:55:58,700 --> 00:55:56,309  
the earth itself I guess that's pretty

1313  
00:56:01,220 --> 00:55:58,710

much one of the show I'd like to jump in

1314

00:56:03,410 --> 00:56:01,230

and and mention something you brought up

1315

00:56:06,019 --> 00:56:03,420

the San Luis Valley in window areas this

1316

00:56:08,089 --> 00:56:06,029

is an area of a particular interest to

1317

00:56:11,120 --> 00:56:08,099

me having investigated the San Luis

1318

00:56:13,519 --> 00:56:11,130

Valley for almost twenty years now and

1319

00:56:15,349 --> 00:56:13,529

one thing that that has always struck me

1320

00:56:18,410 --> 00:56:15,359

and in some of the cases that have

1321

00:56:20,809 --> 00:56:18,420

always puzzled me the most were a whole

1322

00:56:23,839 --> 00:56:20,819

flurry of activity that happened in 66

1323

00:56:27,589 --> 00:56:23,849

to 69 where these small scoutship sized

1324

00:56:30,890 --> 00:56:27,599

objects above 12 12 feet long so we're

1325

00:56:33,019 --> 00:56:30,900

seeing entering and leaving what looks

1326

00:56:35,150 --> 00:56:33,029

like just a a mountainside and these

1327

00:56:37,099 --> 00:56:35,160

things would zip around a dive-bomb cars

1328

00:56:39,259 --> 00:56:37,109

in broad daylight and then they would be

1329

00:56:41,960 --> 00:56:39,269

observed going directly into a mountain

1330

00:56:44,440 --> 00:56:41,970

with no apparent opening this suggests

1331

00:56:48,859 --> 00:56:44,450

to me that some sort of density

1332

00:56:50,359 --> 00:56:48,869

manipulation was at work and if you do

1333

00:56:52,309 --> 00:56:50,369

some research you'll find out that there

1334

00:56:54,200 --> 00:56:52,319

are quite a number of reports of objects

1335

00:56:57,529 --> 00:56:54,210

that seem to inexplicably be able to go

1336

00:57:00,259 --> 00:56:57,539

directly into solid rock so this would

1337

00:57:02,740 --> 00:57:00,269

you know obviously suggest that we are

1338

00:57:06,440 --> 00:57:02,750

dealing with some sort of phase

1339

00:57:08,900 --> 00:57:06,450

capability in terms of density and being

1340

00:57:13,339 --> 00:57:08,910

able to manipulate and go in and out of

1341

00:57:15,799 --> 00:57:13,349

some sort of time-space phase and I've

1342

00:57:18,200 --> 00:57:15,809

always been fascinated with the whole

1343

00:57:21,499 --> 00:57:18,210

idea of window areas and portal areas

1344

00:57:24,259 --> 00:57:21,509

and lowest turi came up with an

1345

00:57:26,690 --> 00:57:24,269

interesting formula which I've kind of

1346

00:57:29,299 --> 00:57:26,700

added to over the years and that is that

1347

00:57:32,329 --> 00:57:29,309

if an area has unusual geophysical

1348

00:57:34,400 --> 00:57:32,339

properties for instance the Earth's

1349

00:57:36,559 --> 00:57:34,410

magnetic field is has minimum and in

1350

00:57:38,569 --> 00:57:36,569

maximum density and strength rather

1351

00:57:41,630 --> 00:57:38,579

field strength and close proximity to

1352

00:57:43,789 --> 00:57:41,640

one another and if you have a history

1353

00:57:46,039 --> 00:57:43,799

of sacredness in the indigenous culture

1354

00:57:47,660 --> 00:57:46,049

and a history of sighting events

1355

00:57:48,920 --> 00:57:47,670

chances are the military and the

1356

00:57:50,809 --> 00:57:48,930

government is also going to be very

1357

00:57:52,519 --> 00:57:50,819

interested in the area and has a nearby

1358

00:57:55,430 --> 00:57:52,529

presence and is trying to expand their

1359

00:57:59,109 --> 00:57:55,440

presence in most cases in these areas

1360

00:58:01,609 --> 00:57:59,119

this is a perfect formula for

1361

00:58:04,220 --> 00:58:01,619

identifying potential portal or window

1362

00:58:04,819 --> 00:58:04,230

areas and the San Luis Valley is one the

1363

00:58:07,670 --> 00:58:04,829

Sedona

1364

00:58:10,039 --> 00:58:07,680

Verde Valley area is another one they're

1365

00:58:12,200 --> 00:58:10,049

scattered around and if you do your

1366

00:58:14,839 --> 00:58:12,210

research you'll find that there is a a

1367

00:58:16,250 --> 00:58:14,849

preponderance of activity generally if

1368

00:58:18,740 --> 00:58:16,260

there's going to be any sort of sighting

1369

00:58:20,390 --> 00:58:18,750

wave in a region it's going to be

1370

00:58:22,910 --> 00:58:20,400

centered around one of these portal

1371

00:58:25,759 --> 00:58:22,920

areas another thing too I think is

1372

00:58:27,470 --> 00:58:25,769

interesting is is the at least here in

1373

00:58:29,750 --> 00:58:27,480

the southwest the tradition of the

1374

00:58:32,720 --> 00:58:29,760

Native Americans of the CEPA Puna or

1375

00:58:34,700 --> 00:58:32,730

Sipapu the place of emergence where the

1376

00:58:37,220 --> 00:58:34,710

people are led underground to be

1377

00:58:40,099 --> 00:58:37,230

protected during earth changes in the

1378

00:58:42,769 --> 00:58:40,109

case of the Hopi and Zuni it's a it's a

1379

00:58:45,500 --> 00:58:42,779

salt mine in a hole in the Little

1380

00:58:48,829 --> 00:58:45,510

Colorado River Gorge that opens up into

1381

00:58:53,180 --> 00:58:48,839

a huge subterranean city that's in close

1382

00:58:54,920 --> 00:58:53,190

proximity to Grand Canyon and again you

1383

00:58:58,339 --> 00:58:54,930

know we've stated this a couple of times

1384

00:58:59,839 --> 00:58:58,349

all through the world all around the

1385

00:59:02,660 --> 00:58:59,849

world in all different cultures going

1386

00:59:05,509 --> 00:59:02,670

back into prehistory you have very

1387

00:59:08,839 --> 00:59:05,519

similar sounding you know stories

1388

00:59:11,660 --> 00:59:08,849

legends and and belief systems and one

1389

00:59:13,579 --> 00:59:11,670

thing I want to know is in 1998 they

1390

00:59:16,249 --> 00:59:13,589

developed the capability to map the

1391

00:59:18,380 --> 00:59:16,259

Earth's crust down to a forty mile level

1392

00:59:20,150 --> 00:59:18,390

into the Earth's crust I heard that the

1393

00:59:22,249 --> 00:59:20,160

first place that they mapped was Giza

1394

00:59:24,559 --> 00:59:22,259

and the second place they mapped was the

1395

00:59:28,009 --> 00:59:24,569

ukitake on the Yucatan Peninsula which

1396

00:59:30,680 --> 00:59:28,019

is honeycombed with cenotes and

1397

00:59:32,210 --> 00:59:30,690

underground cavern systems and I'm

1398

00:59:34,279 --> 00:59:32,220

wondering who's sitting on all that data

1399

00:59:35,870 --> 00:59:34,289

and how how much of the Earth's surface

1400

00:59:37,700 --> 00:59:35,880

that they've already mapped this would

1401  
00:59:39,499 --> 00:59:37,710  
be a very interesting research project I

1402  
00:59:41,420 --> 00:59:39,509  
think for so for one of our listeners

1403  
00:59:43,339 --> 00:59:41,430  
out there who feels motivated you know

1404  
00:59:45,079 --> 00:59:43,349  
we have a great group of listeners who

1405  
00:59:47,120 --> 00:59:45,089  
participate actively in the message

1406  
00:59:48,589 --> 00:59:47,130  
boards that might be something for them

1407  
00:59:50,690 --> 00:59:48,599  
to research and one of our guests has

1408  
00:59:51,860 --> 00:59:50,700  
something to add we will find out on the

1409  
00:59:53,810 --> 00:59:51,870  
other side of the show

1410  
00:59:56,540 --> 00:59:53,820  
we have Christopher O'Brien our co-host

1411  
00:59:57,320 --> 00:59:56,550  
my cleland Allen Greenfield William

1412  
00:59:59,450 --> 00:59:57,330  
Michael Mott

1413  
01:00:04,490 --> 00:59:59,460

Walter Bosley you'll hear more on the

1414

01:00:06,500 --> 01:00:04,500

other side of the power cast we want to

1415

01:00:08,750 --> 01:00:06,510

hear from you if you have a comment or

1416

01:00:11,240 --> 01:00:08,760

question about the podcast send it to

1417

01:00:14,510 --> 01:00:11,250

news at the podcast com

1418

01:00:16,430 --> 01:00:14,520

that's news at the pear cast calm and

1419

01:00:18,110 --> 01:00:16,440

don't forget to visit our forums where

1420

01:00:20,690 --> 01:00:18,120

you can talk to fellow listeners just go

1421

01:00:23,150 --> 01:00:20,700

to the pear cast calm and click on the

1422

01:00:34,100 --> 01:00:23,160

forum links that's the forum links at

1423

01:00:36,230 --> 01:00:34,110

the pear cast calm welcome back to the

1424

01:00:41,410 --> 01:00:36,240

parrot house with Jean Steinberg and

1425

01:00:45,819 --> 01:00:44,109

the co-host is Christopher O'Brien we're

1426

01:00:48,789 --> 01:00:45,829

featuring Walter Bosley William Michael

1427

01:00:51,700 --> 01:00:48,799

mud T Allan Greenfield Mike Cleland

1428

01:00:54,400 --> 01:00:51,710

now Walter I gather you have a comment

1429

01:00:55,960 --> 01:00:54,410

to amplify something about what Chris

1430

01:00:57,359 --> 01:00:55,970

said and maybe give us some really

1431

01:01:00,420 --> 01:00:57,369

interesting new information Walter

1432

01:01:02,440 --> 01:01:00,430

absolutely I am the big fan of

1433

01:01:05,380 --> 01:01:02,450

Christopher's research because he's

1434

01:01:07,960 --> 01:01:05,390

really a big chunk of what we're talking

1435

01:01:10,239 --> 01:01:07,970

about he is personally brought to light

1436

01:01:12,400 --> 01:01:10,249

just over this last weekend on Saturday

1437

01:01:14,259 --> 01:01:12,410

that there's a friend of mine a guy I've

1438

01:01:15,519 --> 01:01:14,269

known since high school and he's

1439

01:01:17,589 --> 01:01:15,529

interested in these things his name is

1440

01:01:18,940 --> 01:01:17,599

Stan Shambaugh and you're going to be

1441

01:01:21,670 --> 01:01:18,950

hearing more about him he's starting a

1442

01:01:22,870 --> 01:01:21,680

website called legend has it and what

1443

01:01:24,609 --> 01:01:22,880

he's going to do is go out and

1444

01:01:26,019 --> 01:01:24,619

investigate all sorts of strange and

1445

01:01:27,910 --> 01:01:26,029

interesting sights and present little

1446

01:01:30,420 --> 01:01:27,920

webisodes and he just did the first one

1447

01:01:33,460 --> 01:01:30,430

and he invited me to be a part of it and

1448

01:01:35,710 --> 01:01:33,470

he asked me I started remote viewing a

1449

01:01:37,870 --> 01:01:35,720

couple of years ago and for whatever

1450

01:01:39,700 --> 01:01:37,880

anybody thinks about it I was made a

1451  
01:01:42,009 --> 01:01:39,710  
believer because it was one of the most

1452  
01:01:43,690 --> 01:01:42,019  
extraordinary experiences of my life to

1453  
01:01:48,069 --> 01:01:43,700  
learn how to do this and to see how real

1454  
01:01:49,630 --> 01:01:48,079  
it is and he asked me to remote view the

1455  
01:01:51,400 --> 01:01:49,640  
site before I knew where we were going

1456  
01:01:53,049 --> 01:01:51,410  
and I did it the night before he gave me

1457  
01:01:55,269 --> 01:01:53,059  
a blind cue target that was a number

1458  
01:01:57,370 --> 01:01:55,279  
associated with the place I did a

1459  
01:01:59,019 --> 01:01:57,380  
viewing and then once we got out there

1460  
01:02:01,720 --> 01:01:59,029  
and I learned where we were going within

1461  
01:02:04,120 --> 01:02:01,730  
the first few minutes we found an object

1462  
01:02:06,849 --> 01:02:04,130  
that I had viewed and my initial viewing

1463  
01:02:09,579 --> 01:02:06,859

blind viewing I walked right to it and

1464

01:02:12,759 --> 01:02:09,589

then we walked into oh by the way this

1465

01:02:15,069 --> 01:02:12,769

place is Devil's Gate Reservoir in right

1466

01:02:17,769 --> 01:02:15,079

on the border of Pasadena where JPL is

1467

01:02:20,170 --> 01:02:17,779

located and it has a history of strange

1468

01:02:22,390 --> 01:02:20,180

unexplained disappearances in fact three

1469

01:02:24,849 --> 01:02:22,400

or four children out with their parents

1470

01:02:26,200 --> 01:02:24,859

walking on trails I mean their parents

1471

01:02:28,450 --> 01:02:26,210

are looking at them they go right around

1472

01:02:31,839 --> 01:02:28,460

a corner and then they're gone they

1473

01:02:34,960 --> 01:02:31,849

disappear they drag the water they scour

1474

01:02:37,690 --> 01:02:34,970

for days the park area they find no

1475

01:02:39,099 --> 01:02:37,700

evidence whatsoever what happened to

1476

01:02:42,160 --> 01:02:39,109

these missing children this is in the

1477

01:02:44,200 --> 01:02:42,170

late 50s up to 1960 and then I did

1478

01:02:47,289 --> 01:02:44,210

anyway we go into the park a little bit

1479

01:02:50,529 --> 01:02:47,299

and I did my second viewing of something

1480

01:02:52,839 --> 01:02:50,539

he had blindly cued in an envelope and I

1481

01:02:53,770 --> 01:02:52,849

came up with what looked like a

1482

01:02:57,670 --> 01:02:53,780

descending

1483

01:02:59,110 --> 01:02:57,680

curlicue and as you can imagine my

1484

01:03:01,330 --> 01:02:59,120

ultimate conclusion I even wrote the

1485

01:03:03,430 --> 01:03:01,340

word vortex we're talking about a vortex

1486

01:03:06,820 --> 01:03:03,440

here and then I open the envelope and

1487

01:03:08,140 --> 01:03:06,830

what it was was an article on Devil's

1488

01:03:12,220 --> 01:03:08,150

Gate reservoir now I had never been

1489

01:03:14,950 --> 01:03:12,230

there before and it was it was just a

1490

01:03:16,210 --> 01:03:14,960

very interesting experience and then as

1491

01:03:18,880 --> 01:03:16,220

we walk through the park we found

1492

01:03:20,680 --> 01:03:18,890

another thing that I had viewed and I

1493

01:03:22,690 --> 01:03:20,690

came away from that I am convinced that

1494

01:03:24,460 --> 01:03:22,700

the stories you would hear about Devil's

1495

01:03:27,730 --> 01:03:24,470

Gate if you scan into this is that there

1496

01:03:29,860 --> 01:03:27,740

is indeed some type of vortex there Jack

1497

01:03:31,330 --> 01:03:29,870

Parsons was intimately familiar with the

1498

01:03:34,660 --> 01:03:31,340

park and would do a lot of things there

1499

01:03:37,390 --> 01:03:34,670

I believe he had made Aleister Crowley

1500

01:03:39,990 --> 01:03:37,400

I'm familiar with the location there at

1501  
01:03:42,220 --> 01:03:40,000  
least and occult scientists have been

1502  
01:03:45,090 --> 01:03:42,230  
fascinated with the place you know

1503  
01:03:47,110 --> 01:03:45,100  
according to the stories for years and

1504  
01:03:49,150 --> 01:03:47,120  
it's just and I was just you know

1505  
01:03:51,610 --> 01:03:49,160  
throwing that in because in my

1506  
01:03:54,910 --> 01:03:51,620  
experience in my investigations you know

1507  
01:03:56,230 --> 01:03:54,920  
absolutely there's the center

1508  
01:03:59,500 --> 01:03:56,240  
dimensional aspect there is a

1509  
01:04:02,200 --> 01:03:59,510  
geophysical topographical feature to

1510  
01:04:04,000 --> 01:04:02,210  
this that is very very important Cris I

1511  
01:04:08,290 --> 01:04:04,010  
think we should bring you know bad for

1512  
01:04:10,920 --> 01:04:08,300  
response well I agree Walter there there

1513  
01:04:13,450 --> 01:04:10,930

I think there is a formula that can be

1514

01:04:15,850 --> 01:04:13,460

you know followed that will help

1515

01:04:18,540 --> 01:04:15,860

identify these these places and and

1516

01:04:20,860 --> 01:04:18,550

basically I've just by listening to your

1517

01:04:23,890 --> 01:04:20,870

account and your description of this

1518

01:04:25,990 --> 01:04:23,900

particular area I think it probably has

1519

01:04:27,310 --> 01:04:26,000

some sort of exalted history I would

1520

01:04:29,260 --> 01:04:27,320

imagine if you did some research that

1521

01:04:31,240 --> 01:04:29,270

there was something special to it some

1522

01:04:34,890 --> 01:04:31,250

special qualities ascribed to the area

1523

01:04:38,050 --> 01:04:34,900

and then the close proximity of JPL I

1524

01:04:40,510 --> 01:04:38,060

don't think is a coincidence you know

1525

01:04:43,960 --> 01:04:40,520

this is so stimulating for me because I

1526

01:04:51,130 --> 01:04:43,970

am so tired of being called alien guy oh

1527

01:04:53,740 --> 01:04:51,140

here's the guy it's just so refreshing

1528

01:04:57,220 --> 01:04:53,750

to be talking to some some some thinking

1529

01:04:59,560 --> 01:04:57,230

you know cogent people with open minds

1530

01:05:02,080 --> 01:04:59,570

that aren't aren't programmed by the the

1531

01:05:03,760 --> 01:05:02,090

media and by a lot of just bunk that's

1532

01:05:06,330 --> 01:05:03,770

out there and you know really my hats

1533

01:05:09,010 --> 01:05:06,340

off to you guys I really we need more

1534

01:05:12,070 --> 01:05:09,020

creative thinkers like we have as our

1535

01:05:15,690 --> 01:05:12,080

guests on this show here today and and I

1536

01:05:20,140 --> 01:05:15,700

really think that it's it's time for the

1537

01:05:21,700 --> 01:05:20,150

ETA is the ETS is the DHS whatever to

1538

01:05:24,010 --> 01:05:21,710

stop running roughshod and creative

1539

01:05:26,800 --> 01:05:24,020

thinking in this field because this is

1540

01:05:28,570 --> 01:05:26,810

highly complex I agree that there's

1541

01:05:30,430 --> 01:05:28,580

probably all everything is probably

1542

01:05:33,100 --> 01:05:30,440

having there's probably aliens here time

1543

01:05:36,160 --> 01:05:33,110

travelers dimensional shifters

1544

01:05:39,270 --> 01:05:36,170

we're probably inundated this is a Grand

1545

01:05:42,160 --> 01:05:39,280

Central Station for you know paranormal

1546

01:05:43,900 --> 01:05:42,170

intelligences it would seem to me that's

1547

01:05:47,020 --> 01:05:43,910

probably the safest answer I could come

1548

01:05:50,070 --> 01:05:47,030

up with just cover all my bases so but

1549

01:05:54,520 --> 01:05:50,080

but again I I do I do feel that that

1550

01:05:57,280 --> 01:05:54,530

there is something very tangible that we

1551

01:05:58,540 --> 01:05:57,290

can do as investigators especially if

1552

01:06:01,090 --> 01:05:58,550

you're out in the field and you want to

1553

01:06:03,790 --> 01:06:01,100

do field work I think there areas that

1554

01:06:05,650 --> 01:06:03,800

are window areas and it if this is true

1555

01:06:07,660 --> 01:06:05,660

then it would make sense to me that we

1556

01:06:10,060 --> 01:06:07,670

should marshal our resources can really

1557

01:06:12,700 --> 01:06:10,070

concentrate our investigative efforts in

1558

01:06:15,810 --> 01:06:12,710

these particular window areas because I

1559

01:06:18,370 --> 01:06:15,820

think we stand a much better chance of

1560

01:06:19,360 --> 01:06:18,380

gaining forward momentum and gaining

1561

01:06:22,690 --> 01:06:19,370

knowledge and gaining understanding

1562

01:06:26,290 --> 01:06:22,700

gaining hard data if we do focus on

1563

01:06:28,420 --> 01:06:26,300

areas that maybe have more activity and

1564

01:06:31,390 --> 01:06:28,430

maybe have some sort of portal Stargate

1565

01:06:33,340 --> 01:06:31,400

sort of quality to them and you know I'm

1566

01:06:37,390 --> 01:06:33,350

not discounting the whole idea of a

1567

01:06:39,570 --> 01:06:37,400

subterranean element to this I in some

1568

01:06:43,050 --> 01:06:39,580

of my investigations I interviewed a

1569

01:06:46,330 --> 01:06:43,060

Hispanic miner who helped expand the lab

1570

01:06:49,750 --> 01:06:46,340

the Los Alamos lab underground in the

1571

01:06:52,060 --> 01:06:49,760

late 40s and into the 50s and he told a

1572

01:06:53,710 --> 01:06:52,070

story to his family that was quite quite

1573

01:06:56,350 --> 01:06:53,720

amazing they broke into an ancient

1574

01:06:58,720 --> 01:06:56,360

tunnel system and they were told the

1575

01:06:59,830 --> 01:06:58,730

team was broken up they were all given

1576

01:07:01,730 --> 01:06:59,840

different assignments and they were

1577

01:07:04,310 --> 01:07:01,740

sworn to secrecy and they could

1578

01:07:06,260 --> 01:07:04,320

by the amount of mineralization that

1579

01:07:08,859 --> 01:07:06,270

this man-made tunnel was at least

1580

01:07:11,359 --> 01:07:08,869

ten thousand years old if not older and

1581

01:07:13,430 --> 01:07:11,369

in and this is just another indication

1582

01:07:16,370 --> 01:07:13,440

that there's really something there's

1583

01:07:18,740 --> 01:07:16,380

something to this idea of cavern systems

1584

01:07:20,270 --> 01:07:18,750

and caves and you know shaver ask sort

1585

01:07:21,859 --> 01:07:20,280

of quality to this stuff and sorry for

1586

01:07:23,510 --> 01:07:21,869

going on so on how long greenfield you

1587

01:07:27,140 --> 01:07:23,520

wanted to jump in with a comment before

1588

01:07:30,290 --> 01:07:27,150

yeah I think that it's important to do

1589

01:07:33,740 --> 01:07:30,300

some of these cross-disciplinary studies

1590

01:07:37,840 --> 01:07:33,750

and the mention of Jack Parsons reminds

1591

01:07:41,720 --> 01:07:37,850

me that there are at least two kinds of

1592

01:07:46,340 --> 01:07:41,730

quote stargates I kind of wary at that

1593

01:07:48,980 --> 01:07:46,350

term but let's say transportation

1594

01:07:51,560 --> 01:07:48,990

devices to other where I don't really

1595

01:07:53,780 --> 01:07:51,570

know what term to use type number one

1596

01:07:57,020 --> 01:07:53,790

and very easily if I wanted to hide one

1597

01:08:00,380 --> 01:07:57,030

I suspect I would build a tunnel and

1598

01:08:05,740 --> 01:08:00,390

hide it in a tunnel that just so that

1599

01:08:09,109 --> 01:08:05,750

maybe the cross-disciplinary answer to

1600

01:08:12,200 --> 01:08:09,119

taking a barian view but understanding

1601

01:08:15,370 --> 01:08:12,210

that the earth is not hollow that in

1602

01:08:19,700 --> 01:08:15,380

fact some of these entrances are in

1603

01:08:22,390 --> 01:08:19,710

natural caverns or in hollowed-out areas

1604

01:08:25,910 --> 01:08:22,400

that they are there to conceal them

1605

01:08:27,499 --> 01:08:25,920

those tend to be at points on the

1606

01:08:30,019 --> 01:08:27,509

Earth's surface that are at the

1607

01:08:31,099 --> 01:08:30,029

convergence of flay lines or whatever

1608

01:08:33,980 --> 01:08:31,109

you call them on any particular

1609

01:08:36,230 --> 01:08:33,990

continent and there are lots of them the

1610

01:08:37,910 --> 01:08:36,240

same kind of a Native American legend

1611

01:08:42,070 --> 01:08:37,920

that was mentioned in the Southwest

1612

01:08:46,280 --> 01:08:42,080

exists right here in Georgia and in

1613

01:08:48,320 --> 01:08:46,290

Tallulah Gorge is the reputed home

1614

01:08:51,470 --> 01:08:48,330

according to the cherokee a-- the um we

1615

01:08:53,780 --> 01:08:51,480

come d the little people and you there

1616

01:08:55,570 --> 01:08:53,790

is and there's an entrance located there

1617

01:08:58,340 --> 01:08:55,580

I say that I don't like to identify

1618

01:09:00,280 --> 01:08:58,350

locations because of all the that's a

1619

01:09:02,930 --> 01:09:00,290

very polluted gorge is a very dangerous

1620

01:09:05,210 --> 01:09:02,940

place in and of itself let alone

1621

01:09:07,430 --> 01:09:05,220

anything you might find in a cavern

1622

01:09:09,140 --> 01:09:07,440

there but that I have mentioned in

1623

01:09:11,450 --> 01:09:09,150

prints of thousands of people have

1624

01:09:13,670 --> 01:09:11,460

already seen it some suffice to say I'm

1625

01:09:16,820 --> 01:09:13,680

looking at the exact location but

1626

01:09:20,300 --> 01:09:16,830

clearly is a an old mineshaft that

1627

01:09:22,099 --> 01:09:20,310

contains a portal and that I told you oh

1628

01:09:23,630 --> 01:09:22,109

maybe half a dozen people who have been

1629

01:09:26,539 --> 01:09:23,640

in and out of it and had all kinds of

1630

01:09:28,910 --> 01:09:26,549

peculiar experiences the other type of

1631

01:09:32,059 --> 01:09:28,920

portal seems to be the type that shows

1632

01:09:35,360 --> 01:09:32,069

up in occult circles that is in a sense

1633

01:09:36,980 --> 01:09:35,370

invoked brought into being by a

1634

01:09:41,019 --> 01:09:36,990

particular ritual and in the case of

1635

01:09:43,160 --> 01:09:41,029

Jack Parsons who was an early JPL

1636

01:09:45,019 --> 01:09:43,170

scientists I think even before was

1637

01:09:47,300 --> 01:09:45,029

called JPL and who wound up blowing

1638

01:09:51,800 --> 01:09:47,310

himself up by doing experiments with

1639

01:09:55,520 --> 01:09:51,810

rocket fuels and his his home on March

1640

01:09:58,070 --> 01:09:55,530

2nd 1946 if I'm getting today fried he

1641

01:10:00,770 --> 01:09:58,080

and a gentleman by the name of I ron

1642

01:10:06,460 --> 01:10:00,780

Hubbard who later became famous for

1643

01:10:09,920 --> 01:10:06,470

other things along with Marjorie Cameron

1644

01:10:12,050 --> 01:10:09,930

invoke over a considerable period of

1645

01:10:15,440 --> 01:10:12,060

time what became known as the babylon

1646

01:10:18,560 --> 01:10:15,450

working and in occult lore that is

1647

01:10:21,770 --> 01:10:18,570

frequently known as the opening of the

1648

01:10:25,520 --> 01:10:21,780

entrance to other where which was never

1649

01:10:27,200 --> 01:10:25,530

closed and that dates shortly before the

1650

01:10:29,570 --> 01:10:27,210

beginning of all these strange events

1651  
01:10:31,760 --> 01:10:29,580  
that have occurred around JPL that don't

1652  
01:10:34,220 --> 01:10:31,770  
have anything to do with with JPL it

1653  
01:10:37,400 --> 01:10:34,230  
also of course is right before the

1654  
01:10:41,150 --> 01:10:37,410  
modern era of flying saucers begin and

1655  
01:10:42,980 --> 01:10:41,160  
that has been noted by others as well so

1656  
01:10:45,020 --> 01:10:42,990  
they seem could be something that can be

1657  
01:10:48,350 --> 01:10:45,030  
constructed they seem to be something

1658  
01:10:51,380 --> 01:10:48,360  
that can exist naturally and they seem

1659  
01:10:53,600 --> 01:10:51,390  
to be something that can be in a very

1660  
01:10:56,780 --> 01:10:53,610  
real sense conjured up that should be of

1661  
01:10:59,540 --> 01:10:56,790  
the most interest because if that is

1662  
01:11:01,250 --> 01:10:59,550  
true well it's it's something that can

1663  
01:11:02,930 --> 01:11:01,260

either be demonstrated or disconfirm

1664

01:11:04,770 --> 01:11:02,940

it's something that can be worked with

1665

01:11:06,450 --> 01:11:04,780

and I do

1666

01:11:09,089 --> 01:11:06,460

and I have my own personal opinion on

1667

01:11:11,580 --> 01:11:09,099

that but the point is reproducibility is

1668

01:11:14,069 --> 01:11:11,590

moving towards the sort of proof that we

1669

01:11:16,589 --> 01:11:14,079

would need if you can conjure up a

1670

01:11:18,870 --> 01:11:16,599

portal to other where go through it and

1671

01:11:22,020 --> 01:11:18,880

that you are accomplishing something

1672

01:11:24,510 --> 01:11:22,030

that can be objectively verified and

1673

01:11:29,189 --> 01:11:24,520

that's precisely that movement that

1674

01:11:32,990 --> 01:11:29,199

Eugene have have while Eugene has been

1675

01:11:35,669 --> 01:11:33,000

saying we're stuck in this sort of

1676

01:11:37,439 --> 01:11:35,679

revolving door situation that would be

1677

01:11:39,720 --> 01:11:37,449

the breakthrough that would be required

1678

01:11:42,990 --> 01:11:39,730

it would require the work of a number of

1679

01:11:44,939 --> 01:11:43,000

people for me to do it and I have

1680

01:11:48,209 --> 01:11:44,949

someone confirm that that was a

1681

01:11:51,529 --> 01:11:48,219

dispassionate observer it would be just

1682

01:11:53,580 --> 01:11:51,539

me saying it but if you did have

1683

01:11:56,850 --> 01:11:53,590

recording equipment and a detached

1684

01:11:59,450 --> 01:11:56,860

observer or two or three or four it

1685

01:12:03,600 --> 01:11:59,460

perhaps would be something that would

1686

01:12:05,220 --> 01:12:03,610

border on proof of entrances to other

1687

01:12:07,799 --> 01:12:05,230

where and of course that would blow all

1688

01:12:10,229 --> 01:12:07,809

theories about accepted theories about

1689

01:12:11,850 --> 01:12:10,239

reality completely out of the war one of

1690

01:12:13,770 --> 01:12:11,860

the problems I see with all this is

1691

01:12:16,830 --> 01:12:13,780

something we can maybe bring up to date

1692

01:12:19,740 --> 01:12:16,840

Alan and others is that the phenomenon

1693

01:12:21,089 --> 01:12:19,750

of course is mirroring our society so

1694

01:12:22,799 --> 01:12:21,099

we're not really seeing what's really

1695

01:12:25,740 --> 01:12:22,809

there we're seeing what we kind of

1696

01:12:28,890 --> 01:12:25,750

expect see so the question is here if we

1697

01:12:32,609 --> 01:12:28,900

have this way of travelling to this

1698

01:12:35,010 --> 01:12:32,619

elsewhere would we even know where we're

1699

01:12:38,669 --> 01:12:35,020

going or what we're seeing at the other

1700

01:12:41,100 --> 01:12:38,679

side wants to take that I'll jump okay

1701

01:12:43,200 --> 01:12:41,110

Mike I'm just gonna jump back to Mac

1702

01:12:44,669 --> 01:12:43,210

Tony's in his book and in the in the

1703

01:12:45,990 --> 01:12:44,679

things he talked about and some of the

1704

01:12:48,330 --> 01:12:46,000

things I talked about with him directly

1705

01:12:50,970 --> 01:12:48,340

he made the point that these all these

1706

01:12:52,200 --> 01:12:50,980

things are eminently testable given

1707

01:12:55,049 --> 01:12:52,210

enough resources given enough money

1708

01:12:58,229 --> 01:12:55,059

given enough time given us mind power if

1709

01:13:00,779 --> 01:12:58,239

we wanted to somehow collectively in our

1710

01:13:02,609 --> 01:13:00,789

society these things are being dismissed

1711

01:13:07,799 --> 01:13:02,619

sometimes dismissed with a lot of

1712

01:13:09,540 --> 01:13:07,809

contempt but they they are very much you

1713

01:13:12,240 --> 01:13:09,550

know something that the proper research

1714

01:13:14,520 --> 01:13:12,250

could look into now the thing that that

1715

01:13:16,920 --> 01:13:14,530

that Mac and I talked about and that he

1716

01:13:20,490 --> 01:13:16,930

talks about also is that this whole

1717

01:13:22,440 --> 01:13:20,500

has a way of of jumping out of your grip

1718

01:13:27,330 --> 01:13:22,450

as soon as you try to look at something

1719

01:13:30,450 --> 01:13:27,340

it might skip off and and and not be as

1720

01:13:33,930 --> 01:13:30,460

easy as you thought so he wrote a very

1721

01:13:37,860 --> 01:13:33,940

sweet essay about playing with a laser

1722

01:13:39,480 --> 01:13:37,870

pointer with his cat where the person

1723

01:13:41,430 --> 01:13:39,490

playing was a laser pointer can point

1724

01:13:43,260 --> 01:13:41,440

the laser pointer can point that little

1725

01:13:45,420 --> 01:13:43,270

red dot on something on the carpet and

1726

01:13:46,950 --> 01:13:45,430

the cat will think it's alive the cat

1727

01:13:49,680 --> 01:13:46,960

will look at the little dot and not

1728

01:13:51,720 --> 01:13:49,690

realize that the actual person

1729

01:13:53,820 --> 01:13:51,730

controlling the dot is well across the

1730

01:13:57,660 --> 01:13:53,830

room using a piece of technology to

1731

01:13:59,550 --> 01:13:57,670

deceive the cat and somehow that is an

1732

01:14:02,010 --> 01:13:59,560

analogy that that rings so true with

1733

01:14:05,490 --> 01:14:02,020

this whole thing that something is going

1734

01:14:08,160 --> 01:14:05,500

on which is very hard to define and all

1735

01:14:10,110 --> 01:14:08,170

of us have our own vocabulary words but

1736

01:14:14,280 --> 01:14:10,120

that thing that that's happening is

1737

01:14:15,930 --> 01:14:14,290

somehow so elusive and almost elusive on

1738

01:14:17,760 --> 01:14:15,940

purpose it's purposely c @ Raca! at

1739

01:14:19,760 --> 01:14:17,770

times and then and then quite purposely

1740

01:14:22,920 --> 01:14:19,770

elusive and and jumps away from our

1741

01:14:24,300 --> 01:14:22,930

ability to perceive it properly and that

1742

01:14:25,770 --> 01:14:24,310

i think goes straight to these the

1743

01:14:28,680 --> 01:14:25,780

concept of these vortexes and these

1744

01:14:31,470 --> 01:14:28,690

portals that's almost the realm not of

1745

01:14:33,060 --> 01:14:31,480

the present day dogmatic scientist it

1746

01:14:35,910 --> 01:14:33,070

may be some day but it seems much more

1747

01:14:37,950 --> 01:14:35,920

the realm of the mystical shaman that

1748

01:14:41,100 --> 01:14:37,960

lives in a primitive village somewhere

1749

01:14:43,020 --> 01:14:41,110

where we would have to quantify it with

1750

01:14:46,490 --> 01:14:43,030

lofty terms like parallel dimension

1751

01:14:48,780 --> 01:14:46,500

where the shaman may have a much more

1752

01:14:51,150 --> 01:14:48,790

much better working knowledge though

1753

01:14:52,960 --> 01:14:51,160

that the vocabulary may not jive exactly

1754

01:15:01,979 --> 01:14:52,970

with the scientist

1755

01:15:06,010 --> 01:15:01,989

[Music]

1756

01:15:08,140 --> 01:15:06,020

is there a secret UFO agenda to strange

1757

01:15:10,630 --> 01:15:08,150

creatures from the darkest corners of

1758

01:15:13,270 --> 01:15:10,640

the mind roam the earth is there

1759

01:15:16,540 --> 01:15:13,280

evidence for mind control time travel

1760

01:15:18,400 --> 01:15:16,550

are devious government conspiracies find

1761

01:15:21,400 --> 01:15:18,410

out the inside scoop on the latest

1762

01:15:24,070 --> 01:15:21,410

conspiracies paranormal activity and at

1763

01:15:26,380 --> 01:15:24,080

14 phenomena when you subscribe to Tim

1764

01:15:29,229 --> 01:15:26,390

Beckley's conspiracy girl it's

1765

01:15:31,840 --> 01:15:29,239

jam-packed with stories special book and

1766

01:15:34,150 --> 01:15:31,850

DVD promotions and the best news is

absolutely free sent right to your

1768

01:15:40,660 --> 01:15:37,160

mailbox plus a bonus free email

1769

01:15:42,580 --> 01:15:40,670

newsletter sent out every Friday simply

1770

01:15:47,169 --> 01:15:42,590

send an email with your name and address

1771

01:15:51,880 --> 01:15:47,179

to mister UFO at web TV dotnet text

1772

01:16:00,880 --> 01:15:51,890

mystery UFO at web TV net find out what

1773

01:16:06,760 --> 01:16:03,970

this is the pair cast you never know

1774

01:16:10,069 --> 01:16:06,770

what's next

1775

01:16:13,189 --> 01:16:10,079

[Music]

1776

01:16:15,979 --> 01:16:13,199

we have Walter Bosley my Cleland Alan

1777

01:16:18,200 --> 01:16:15,989

Greenfield Michael Mott the co-host is

1778

01:16:20,030 --> 01:16:18,210

Christopher O'Brien Walter has a comment

1779

01:16:23,000 --> 01:16:20,040

and then Michael wants to add something

1780

01:16:24,830 --> 01:16:23,010

wrong yes I just want to bring up

1781

01:16:29,450 --> 01:16:24,840

something that's probably not going to

1782

01:16:31,010 --> 01:16:29,460

be popular among any of us but I've got

1783

01:16:33,919 --> 01:16:31,020

a book coming out I'm not going to talk

1784

01:16:36,290 --> 01:16:33,929

about it here I've I barely ever talked

1785

01:16:38,359 --> 01:16:36,300

about it publicly yet and anyway this

1786

01:16:40,879 --> 01:16:38,369

this research has really taken me down

1787

01:16:43,399 --> 01:16:40,889

some the strangest roads of my life and

1788

01:16:46,280 --> 01:16:43,409

I I want to throw out there on the

1789

01:16:47,959 --> 01:16:46,290

elusiveness of this like Mike was

1790

01:16:50,750 --> 01:16:47,969

talking about Mac and written about and

1791

01:16:53,060 --> 01:16:50,760

we've all been aware of is that the

1792

01:16:56,149 --> 01:16:53,070

farther you go back into the the studies

1793

01:16:58,549 --> 01:16:56,159

of the strange and and you know all

1794

01:17:02,870 --> 01:16:58,559

these weird things we have to remember

1795

01:17:06,140 --> 01:17:02,880

the admonition of Isis and that is tell

1796

01:17:07,910 --> 01:17:06,150

no one I think the more we want to know

1797

01:17:09,410 --> 01:17:07,920

the truth if you really want to know the

1798

01:17:13,129 --> 01:17:09,420

truth and you really want to know what's

1799

01:17:16,459 --> 01:17:13,139

going on I suspect my experience is

1800

01:17:19,520 --> 01:17:16,469

pointing to I suspect the best way to

1801

01:17:21,229 --> 01:17:19,530

learn the most is to not talk about it

1802

01:17:22,850 --> 01:17:21,239

you know not write books about it not

1803

01:17:26,030 --> 01:17:22,860

get on to speak publicly about it and

1804

01:17:29,030 --> 01:17:26,040

the source of the information the source

1805

01:17:32,270 --> 01:17:29,040

of the phenomena is more willing to open

1806

01:17:35,000 --> 01:17:32,280

itself up to you but that's not as fun

1807

01:17:37,850 --> 01:17:35,010

as speculating and talking about it and

1808

01:17:39,589 --> 01:17:37,860

in writing our books but and I'm you

1809

01:17:41,810 --> 01:17:39,599

know one of you guys who gets out there

1810

01:17:42,950 --> 01:17:41,820

publicly and does it but one thing my

1811

01:17:45,950 --> 01:17:42,960

experience is the last couple of years

1812

01:17:48,260 --> 01:17:45,960

is teaching me is you know those who

1813

01:17:49,850 --> 01:17:48,270

truly know you don't know them publicly

1814

01:17:52,879 --> 01:17:49,860

they keep it to themselves and they know

1815

01:17:54,859 --> 01:17:52,889

more sounds like what Peter core used to

1816

01:17:56,660 --> 01:17:54,869

write about anyone remember Peter core

1817

01:18:00,350 --> 01:17:56,670

here excited from myself and Ellen

1818

01:18:01,520 --> 01:18:00,360

Greenfield you don't know Allen do you

1819

01:18:04,459 --> 01:18:01,530

think we should bring up the name is

1820

01:18:08,270 --> 01:18:04,469

Peter Couri Camela right so Tom Camela

1821

01:18:09,589 --> 01:18:08,280

why not but go by his real name Tom

1822

01:18:14,419 --> 01:18:09,599

Kanawha go for it

1823

01:18:18,049 --> 01:18:14,429

okay so Allen Ramos Horta Camila was one

1824

01:18:18,950 --> 01:18:18,059

of the earliest people who postulated a

1825

01:18:22,250 --> 01:18:18,960

sort of

1826

01:18:25,760 --> 01:18:22,260

inner penetration of reality ideas

1827

01:18:29,420 --> 01:18:25,770

although he was build by Ray Palmer who

1828

01:18:32,390 --> 01:18:29,430

published a lot of his stuff as under

1829

01:18:33,860 --> 01:18:32,400

the pseudonym Peter core as the skeptic

1830

01:18:36,020 --> 01:18:33,870

in fact his column was called the

1831

01:18:38,050 --> 01:18:36,030

skeptics corner what he was a skeptic

1832

01:18:42,760 --> 01:18:38,060

about was the extra-terrestrial

1833

01:18:48,830 --> 01:18:42,770

speculation but he was not necessarily

1834

01:18:52,100 --> 01:18:48,840

against the notion that some sort of non

1835

01:18:55,700 --> 01:18:52,110

ordinary phenomenon was that the source

1836

01:18:58,550 --> 01:18:55,710

of all of the what we will call the you

1837

01:19:01,190 --> 01:18:58,560

phone mystery and a lot of other things

1838

01:19:03,530 --> 01:19:01,200

besides and he certainly had anticipated

1839

01:19:05,510 --> 01:19:03,540

and influenced my own thinking on the

1840

01:19:09,020 --> 01:19:05,520

subject which is that when we deal with

1841

01:19:10,520 --> 01:19:09,030

fairies and this is like free valet as

1842

01:19:13,400 --> 01:19:10,530

well we should point out this is what

1843

01:19:16,790 --> 01:19:13,410

early 1960s late 1950s maybe even year

1844

01:19:19,700 --> 01:19:16,800

that's right from Palmer's flying

1845

01:19:24,200 --> 01:19:19,710

saucers to the palmers forum those

1846

01:19:26,210 --> 01:19:24,210

places he had really novel ideas and got

1847

01:19:28,760 --> 01:19:26,220

me thinking a lot about the

1848

01:19:31,900 --> 01:19:28,770

interdisciplinary aspect of it that when

1849

01:19:35,720 --> 01:19:31,910

one is examining for example on it house

1850

01:19:38,570 --> 01:19:35,730

that is a repeater that is on it one is

1851

01:19:41,050 --> 01:19:38,580

dealing with a phenomenon that has a lot

1852

01:19:44,330 --> 01:19:41,060

of similarities to a location that is

1853

01:19:46,370 --> 01:19:44,340

saturated periodically with UFO cases or

1854

01:19:48,860 --> 01:19:46,380

that is saturated periodically with

1855

01:19:51,740 --> 01:19:48,870

Mothman cases or that is saturated with

1856

01:19:53,900 --> 01:19:51,750

men in black cases or Hall they all be

1857

01:19:57,350 --> 01:19:53,910

above that they're all part of the same

1858

01:19:58,880 --> 01:19:57,360

spectrum so and I was way way ahead of

1859

01:20:01,610 --> 01:19:58,890

his time I don't know if he's still

1860

01:20:03,590 --> 01:20:01,620

living or not that he was he was a

1861

01:20:04,129 --> 01:20:03,600

pioneer he would be slightly over the

1862

01:20:07,010 --> 01:20:04,139

other

1863

01:20:10,070 --> 01:20:07,020

near being me Tulane knew sir that he

1864

01:20:13,100 --> 01:20:10,080

must be alive and well and running laps

1865

01:20:14,209 --> 01:20:13,110

because I surely well I hope he is maybe

1866

01:20:16,580 --> 01:20:14,219

he'll get in touch with us now that

1867

01:20:18,830 --> 01:20:16,590

didn't defeat invoke his name you know

1868

01:20:22,160 --> 01:20:18,840

what I was just saying that for the

1869

01:20:26,060 --> 01:20:22,170

shame of and waste of of it is Loren

1870

01:20:29,270 --> 01:20:26,070

Coleman suggestion shortly after the

1871

01:20:31,340 --> 01:20:29,280

untimely death why are some people die

1872

01:20:33,950 --> 01:20:31,350

so young and all we hear is that they

1873

01:20:36,859 --> 01:20:33,960

passed away of natural causes quote

1874

01:20:39,649 --> 01:20:36,869

unquote ex Lauren's the two pieces of

1875

01:20:44,359 --> 01:20:39,659

information do not compute and I can

1876

01:20:47,930 --> 01:20:44,369

think of a whole host of very very

1877

01:20:50,720 --> 01:20:47,940

promising youth ologists and to youth

1878

01:20:53,120 --> 01:20:50,730

ologists and para you follow gist that

1879

01:20:56,990 --> 01:20:53,130

have gone out early

1880

01:21:01,280 --> 01:20:57,000

certainly way beyond the moment only

1881

01:21:05,020 --> 01:21:01,290

expect from the kind of typical pattern

1882

01:21:08,390 --> 01:21:05,030

that that one sees for life expectancy

1883

01:21:11,180 --> 01:21:08,400

it's the more you know the more danger

1884

01:21:14,149 --> 01:21:11,190

you're in exactly in something to the

1885

01:21:17,450 --> 01:21:14,159

notion of not looking however I'm still

1886

01:21:20,510 --> 01:21:17,460

on the if I can keep for for just thirty

1887

01:21:23,859 --> 01:21:20,520

seconds more I'm I'm still on the notion

1888

01:21:27,709 --> 01:21:23,869

that whether we're able to objectively

1889

01:21:30,350 --> 01:21:27,719

see the phenomenon as it truly is with a

1890

01:21:32,750 --> 01:21:30,360

capital T on the truly or not we still

1891

01:21:36,770 --> 01:21:32,760

have the question of are we dealing with

1892

01:21:38,840 --> 01:21:36,780

a non-ordinary phenomenon I don't

1893

01:21:43,760 --> 01:21:38,850

consider that to be a settled question

1894

01:21:46,700 --> 01:21:43,770

and if we are able to advance because to

1895

01:21:50,450 --> 01:21:46,710

the point of saying we are or are not

1896

01:21:54,020 --> 01:21:50,460

dealing with non ordinary phenomena on a

1897

01:21:57,140 --> 01:21:54,030

high evidential level or a proof level I

1898

01:21:59,600 --> 01:21:57,150

would say we've advanced we did advance

1899

01:22:02,410 --> 01:21:59,610

the knowledge of the subject a great

1900

01:22:04,910 --> 01:22:02,420

deal there whether we then go on to

1901

01:22:07,310 --> 01:22:04,920

distinguish between what's real and what

1902

01:22:09,080 --> 01:22:07,320

isn't real in some sort of objective

1903

01:22:11,030 --> 01:22:09,090

sense I'm not even sure if that's the

1904

01:22:11,860 --> 01:22:11,040

right question to have maybe it's

1905

01:22:14,410 --> 01:22:11,870

totally wrong

1906

01:22:16,600 --> 01:22:14,420

question there may not be any one

1907

01:22:18,520 --> 01:22:16,610

reality involved here when you mentioned

1908

01:22:20,730 --> 01:22:18,530

the time travel paradox maybe time

1909

01:22:24,250 --> 01:22:20,740

travel is happening all the time but

1910

01:22:26,320 --> 01:22:24,260

it's already happened because if it's

1911

01:22:29,110 --> 01:22:26,330

time travel if it's ever going to happen

1912

01:22:30,970 --> 01:22:29,120

it's already happened so the changes

1913

01:22:32,830 --> 01:22:30,980

that might have been made have already

1914

01:22:36,130 --> 01:22:32,840

been made so maybe every second of

1915

01:22:37,300 --> 01:22:36,140

seeing a change that we couldn't expect

1916

01:22:39,400 --> 01:22:37,310

Michael Mott

1917

01:22:40,900 --> 01:22:39,410

you had a comment yeah I have a key

1918

01:22:43,540 --> 01:22:40,910

because we've all known so many ideas

1919

01:22:45,040 --> 01:22:43,550

here but the last question that we had

1920

01:22:47,470 --> 01:22:45,050

mention that I was going to talk about

1921

01:22:49,780 --> 01:22:47,480

you know we talked about evidence for

1922

01:22:51,490 --> 01:22:49,790

windows think of areas and how people

1923

01:22:53,290 --> 01:22:51,500

might actually rewarded to those and I

1924

01:22:54,940 --> 01:22:53,300

know that I believe it was Chris O'Brien

1925

01:22:57,970 --> 01:22:54,950

who had something one of his books about

1926

01:22:59,890 --> 01:22:57,980

a structure somewhere in the southwest

1927

01:23:01,450 --> 01:22:59,900

where people claim that when they walk

1928

01:23:04,150 --> 01:23:01,460

through this thing or between these

1929

01:23:05,590 --> 01:23:04,160

colors or whatever it was that they came

1930

01:23:06,970 --> 01:23:05,600

out in the slightly distorted view of

1931

01:23:10,210 --> 01:23:06,980

the same reality but they were in a

1932

01:23:13,420 --> 01:23:10,220

different place and and and this has it

1933

01:23:16,720 --> 01:23:13,430

has it's Heather's antecedents in this

1934

01:23:18,280 --> 01:23:16,730

precedence boehmini ego it it goes whole

1935

01:23:20,020 --> 01:23:18,290

way back in the fall fairy lore for sure

1936

01:23:22,480 --> 01:23:20,030

you want something accidentally wanders

1937

01:23:24,970 --> 01:23:22,490

into fairyland and as it is parallels

1938

01:23:26,050 --> 01:23:24,980

and UFO literature claims it you know

1939

01:23:28,360 --> 01:23:26,060

they end up in these strange places a

1940

01:23:29,590 --> 01:23:28,370

basic or other planet but you know how

1941

01:23:31,210 --> 01:23:29,600

do we know that that's what it is it

1942

01:23:33,100 --> 01:23:31,220

could be another phase of reality that

1943

01:23:34,210 --> 01:23:33,110

that's actually been actually been

1944

01:23:37,300 --> 01:23:34,220

taking to where they've accidentally

1945

01:23:39,520 --> 01:23:37,310

stumbled into and you know when you look

1946

01:23:41,350 --> 01:23:39,530

at what Walter said about the kids

1947

01:23:43,780 --> 01:23:41,360

walking around the corner and Devil's

1948

01:23:46,930 --> 01:23:43,790

Gate is disappearing you know this is a

1949

01:23:48,700 --> 01:23:46,940

thing that occurs again and again and

1950

01:23:50,950 --> 01:23:48,710

just within the accounts of this time

1951

01:23:52,360 --> 01:23:50,960

and these things are documented quite

1952

01:23:54,250 --> 01:23:52,370

often and sometimes they pass under the

1953

01:23:56,920 --> 01:23:54,260

folklore and I guess the most famous

1954

01:23:58,960 --> 01:23:56,930

example would be the Pied Piper I am who

1955

01:24:01,420 --> 01:23:58,970

obviously you know he came into Kentucky

1956

01:24:03,970 --> 01:24:01,430

to hold a huge amount of the number of

1957

01:24:05,650 --> 01:24:03,980

children and he took them specifically

1958

01:24:06,730 --> 01:24:05,660

into the side of the mountain and the

1959

01:24:08,770 --> 01:24:06,740

mountain was sealed up and they were

1960

01:24:10,000 --> 01:24:08,780

gone I'll people you know that's just a

1961

01:24:12,190 --> 01:24:10,010

fairy tale well you know according to

1962

01:24:14,830 --> 01:24:12,200

the tradition of that town and to some

1963

01:24:16,570 --> 01:24:14,840

historical account something happens

1964

01:24:18,460 --> 01:24:16,580

that that tradition is based on that

1965

01:24:20,590 --> 01:24:18,470

that story comes from you start talking

1966

01:24:22,390 --> 01:24:20,600

about the dangers you know Chris was

1967

01:24:25,240 --> 01:24:22,400

talking about no way

1968

01:24:27,340 --> 01:24:25,250

going to first - you know Google Nesta

1969

01:24:28,149 --> 01:24:27,350

gate a specific area and then Alison

1970

01:24:29,860 --> 01:24:28,159

well you know I don't want to take

1971

01:24:32,320 --> 01:24:29,870

people tell them where a certain area is

1972

01:24:34,990 --> 01:24:32,330

because the dangers but even more than

1973

01:24:36,970 --> 01:24:35,000

that if people don't Gordy's I think if

1974

01:24:37,720 --> 01:24:36,980

they go to some of these places for

1975

01:24:39,880 --> 01:24:37,730

amusement

1976

01:24:42,520 --> 01:24:39,890

they might find something that's

1977

01:24:45,010 --> 01:24:42,530

so amazing and I think that that the

1978

01:24:45,580 --> 01:24:45,020

evidence of differently can't ride bear

1979

01:24:48,040 --> 01:24:45,590

that out

1980

01:24:50,229 --> 01:24:48,050

like the internal Demark Marco the

1981

01:24:52,270 --> 01:24:50,239

extreme the blowing cave where he was

1982

01:24:55,479 --> 01:24:52,280

suddenly swarmed by Yellow Jackets and

1983

01:24:56,620 --> 01:24:55,489

Kindle you know these things you know

1984

01:24:58,930 --> 01:24:56,630

will let you all so that's just a

1985

01:25:02,560 --> 01:24:58,940

coincidence well you know it happens

1986

01:25:04,390 --> 01:25:02,570

again and again and so will you take I

1987

01:25:06,939 --> 01:25:04,400

guess what you would call newbies into

1988

01:25:09,010 --> 01:25:06,949

this type of stuff and you think excited

1989

01:25:10,330 --> 01:25:09,020

may want to go explore and there's no

1990

01:25:12,070 --> 01:25:10,340

telling what they might really find

1991

01:25:14,380 --> 01:25:12,080

themselves in the middle lobby one of

1992

01:25:15,100 --> 01:25:14,390

the things that comes to mind is episode

1993

01:25:17,470 --> 01:25:15,110

of ghost hunters

1994

01:25:18,910 --> 01:25:17,480

I you know I respect those guys and I'm

1995

01:25:20,800 --> 01:25:18,920

glad to using all that cool equipment

1996

01:25:21,330 --> 01:25:20,810

everything but more than the spirit

1997

01:25:24,610 --> 01:25:21,340

world

1998

01:25:26,800 --> 01:25:24,620

possibly a is it not possible that they

1999

01:25:28,810 --> 01:25:26,810

could be picking up transmissions from

2000

01:25:30,010 --> 01:25:28,820

somewhere else on the spectrum and it's

2001

01:25:32,860 --> 01:25:30,020

not just the spirit world

2002

01:25:35,290 --> 01:25:32,870

it's another phase and Chris would say

2003

01:25:37,930 --> 01:25:35,300

and I remember the episode where they

2004

01:25:41,110 --> 01:25:37,940

went to uh they went to Ireland and they

2005

01:25:44,620 --> 01:25:41,120

were they were using their their heat

2006

01:25:45,880 --> 01:25:44,630

sensitive stuff to view their finding

2007

01:25:48,610 --> 01:25:45,890

their guys or three other guys we're

2008

01:25:52,180 --> 01:25:48,620

walking across a top of a field toward

2009

01:25:53,919 --> 01:25:52,190

these ruins and suddenly literally about

2010

01:25:55,660 --> 01:25:53,929

a gram come several little figures I

2011

01:25:57,939 --> 01:25:55,670

guess it's about two or three feet high

2012

01:25:59,080 --> 01:25:57,949

we started crouching and creating along

2013

01:26:01,030 --> 01:25:59,090

and following them and they're showing

2014

01:26:03,040 --> 01:26:01,040

up with a completely human heat

2015

01:26:05,320 --> 01:26:03,050

signature in other words they follow

2016

01:26:07,240 --> 01:26:05,330

these people for dozens of yards and

2017

01:26:08,260 --> 01:26:07,250

they can't all this on video and you

2018

01:26:10,630 --> 01:26:08,270

know these things swing down and

2019

01:26:11,919 --> 01:26:10,640

disappear again they say oh look maybe

2020

01:26:13,240 --> 01:26:11,929

only called spirit activity well I've

2021

01:26:15,760 --> 01:26:13,250

been useful those guys I mean I haven't

2022

01:26:18,459 --> 01:26:15,770

I've got respect for him but spirits

2023

01:26:20,140 --> 01:26:18,469

don't have a superhot encore

2024

01:26:23,140 --> 01:26:20,150

I even have to Orange fading out to

2025

01:26:25,419 --> 01:26:23,150

yellow across the field okay and when

2026

01:26:26,760 --> 01:26:25,429

they get back to the then they had it

2027

01:26:29,020 --> 01:26:26,770

they had a little encounter where

2028

01:26:30,490 --> 01:26:29,030

something the guy says something Ram

2029

01:26:32,439 --> 01:26:30,500

them and they chase this day and they

2030

01:26:34,060 --> 01:26:32,449

chase it and it runs past them and it

2031

01:26:35,979 --> 01:26:34,070

goes into the room they can't

2032

01:26:37,510 --> 01:26:35,989

in each other face and the face actually

2033

01:26:39,760 --> 01:26:37,520

looks strangely similar some of the

2034

01:26:42,370 --> 01:26:39,770

faces that are some Richard shavers frog

2035

01:26:45,129 --> 01:26:42,380

photos or rock photos which are in my

2036

01:26:48,010 --> 01:26:45,139

book this treasure earth but it was very

2037

01:26:50,140 --> 01:26:48,020

a very eerie fish and when was the last

2038

01:26:52,510 --> 01:26:50,150

time a ghost an apparition ran from

2039

01:26:55,689 --> 01:26:52,520

somebody in other words ghosts usually

2040

01:26:57,399 --> 01:26:55,699

are our County are said to just they're

2041

01:26:58,839 --> 01:26:57,409

not even aware you're there they're

2042

01:27:01,569 --> 01:26:58,849

wandering around they're doing their own

2043

01:27:03,760 --> 01:27:01,579

thing you know they have something run

2044

01:27:06,069 --> 01:27:03,770

for you it's just three about life I

2045

01:27:08,200 --> 01:27:06,079

mean please a good if somebody actually

2046

01:27:10,450 --> 01:27:08,210

sees a physical or a quasi physical

2047

01:27:13,450 --> 01:27:10,460

entity and it's fleeing and run so they

2048

01:27:15,310 --> 01:27:13,460

chase it that's basically to me that's

2049

01:27:17,379 --> 01:27:15,320

either I get your attention away from

2050

01:27:20,859 --> 01:27:17,389

over here or you working these other

2051

01:27:22,629 --> 01:27:20,869

beans or I don't want you to see me I'm

2052

01:27:24,459 --> 01:27:22,639

gonna lead you away from you need week

2053

01:27:26,709 --> 01:27:24,469

where I don't want you to be you know

2054

01:27:28,089 --> 01:27:26,719

these things there are a lot of

2055

01:27:30,220 --> 01:27:28,099

conclusions that people jumped in

2056

01:27:32,200 --> 01:27:30,230

studying the stuff and another thing

2057

01:27:33,569 --> 01:27:32,210

that I kind of understood this speaker

2058

01:27:37,229 --> 01:27:33,579

and going back to some children thing

2059

01:27:39,760 --> 01:27:37,239

you know he was back here and I have

2060

01:27:40,479 --> 01:27:39,770

statistics in my book but you know in

2061

01:27:44,319 --> 01:27:40,489

1998

2062

01:27:46,089 --> 01:27:44,329

over 800,000 children disappear in

2063

01:27:48,160 --> 01:27:46,099

United States long period they

2064

01:27:51,220 --> 01:27:48,170

disappeared now some of those were

2065

01:27:52,689 --> 01:27:51,230

runaways maybe what in 20% some of them

2066

01:27:54,669 --> 01:27:52,699

were probably the victims with killers

2067

01:27:58,959 --> 01:27:54,679

and perverts and things of that nature

2068

01:28:02,050 --> 01:27:58,969

okay but estimate or you leave a sizable

2069

01:28:04,000 --> 01:28:02,060

number of kids where did they get what

2070

01:28:05,319 --> 01:28:04,010

happened to them you know is if

2071

01:28:08,350 --> 01:28:05,329

something happened if they were like in

2072

01:28:10,089 --> 01:28:08,360

a terrorist attack or a disease or

2073

01:28:13,419 --> 01:28:10,099

something like that that was taken that

2074

01:28:17,200 --> 01:28:13,429

many kids every year go be an outlier

2075

01:28:18,729 --> 01:28:17,210

there would be huge media coverage it's

2076

01:28:20,649 --> 01:28:18,739

just so strange to me that this is a

2077

01:28:22,149 --> 01:28:20,659

worldwide problem by the way and it's

2078

01:28:23,410 --> 01:28:22,159

not just children it's adults too

2079

01:28:25,810 --> 01:28:23,420

you know Michael why are the things

2080

01:28:29,260 --> 01:28:25,820

Michael about this is the fact that if a

2081

01:28:31,899 --> 01:28:29,270

scattered disappearance occurs child

2082

01:28:34,240 --> 01:28:31,909

disappears an adult disappears you chalk

2083

01:28:38,020 --> 01:28:34,250

it up to any sort of number of reasons

2084

01:28:39,550 --> 01:28:38,030

it's when there's a mass killing a mass

2085

01:28:41,830 --> 01:28:39,560

disappearance where people would be

2086

01:28:43,639 --> 01:28:41,840

concerned you know 500 people

2087

01:28:46,339 --> 01:28:43,649

disappeared tomorrow from their homes

2088

01:28:48,589 --> 01:28:46,349

Wow what happened but if those five herd

2089

01:28:50,779 --> 01:28:48,599

disappearances occurred all across the

2090

01:28:53,479 --> 01:28:50,789

earth and they're not connected in any

2091

01:29:01,549 --> 01:28:53,489

way we're not really as interested in

2092

01:29:03,319 --> 01:29:01,559

what's going on hi this is Tamar from

2093

01:29:05,209 --> 01:29:03,329

new G we're a domain name and web

2094

01:29:07,429 --> 01:29:05,219

hosting company and we really care about

2095

01:29:09,949 --> 01:29:07,439

our customers with domain name purchases

2096

01:29:11,750 --> 01:29:09,959

Namecheap offers free SSL and free who

2097

01:29:13,639 --> 01:29:11,760

is guard for a year to protect your

2098

01:29:15,379 --> 01:29:13,649

identity from spammers we won't bother

2099

01:29:17,149 --> 01:29:15,389

you with unwanted messaging in your

2100

01:29:19,009 --> 01:29:17,159

inbox or upon checkout but most

2101

01:29:20,899 --> 01:29:19,019

importantly we care about you our

2102

01:29:23,089 --> 01:29:20,909

customers your satisfaction and

2103

01:29:24,919 --> 01:29:23,099

Happiness is our primary focus because

2104

01:29:26,839 --> 01:29:24,929

your support means so much to us if

2105

01:29:28,819 --> 01:29:26,849

you'd like to learn more please visit us

2106

01:29:30,979 --> 01:29:28,829

at Radio namecheap.com

2107

01:29:32,929 --> 01:29:30,989

for web hosting and domain name specials

2108

01:29:34,939 --> 01:29:32,939

you can also follow us on twitter at

2109

01:29:37,250 --> 01:29:34,949

twitter.com slash Namecheap where we

2110

01:29:38,989 --> 01:29:37,260

host many great contests or become a fan

2111

01:29:41,319 --> 01:29:38,999

of ours on facebook at facebook.com

2112

01:29:44,869 --> 01:29:41,329

slash names unit see you online

2113

01:29:47,750 --> 01:29:44,879

hi this is Don Ecker and you are tuned

2114

01:29:50,119 --> 01:29:47,760

into the para cast let me tell you what

2115

01:29:53,629 --> 01:29:50,129

you're gonna hear stuff here that you

2116

01:29:57,560 --> 01:29:53,639

probably won't hear anywhere else hear

2117

01:29:59,810 --> 01:29:57,570

that Walter Bosley William Michael Mont

2118

01:30:01,729 --> 01:29:59,820

Alan Greenfield Mike Cullen joining us

2119

01:30:04,759 --> 01:30:01,739

our guest host is christopher O'Brien

2120

01:30:07,459 --> 01:30:04,769

we're talking about Earth face UFOs UFOs

2121

01:30:09,439 --> 01:30:07,469

from another time another space whatever

2122

01:30:11,419 --> 01:30:09,449

Michael you had a further comment yeah

2123

01:30:13,879 --> 01:30:11,429

this is something that whether it's UFO

2124

01:30:15,619 --> 01:30:13,889

nurture or whether it's very lower or

2125

01:30:18,770 --> 01:30:15,629

even tail to the gods and the demons and

2126  
01:30:21,589 --> 01:30:18,780  
the devil's occupying a pie and so you

2127  
01:30:24,020 --> 01:30:21,599  
know the accounts in the warrants go

2128  
01:30:26,509 --> 01:30:24,030  
back to antiquity or even the Bible says

2129  
01:30:28,100 --> 01:30:26,519  
you can't be where it says respect you

2130  
01:30:30,020 --> 01:30:28,110  
can account for the dark places of the

2131  
01:30:32,659 --> 01:30:30,030  
earth or filled with habitations of

2132  
01:30:35,209 --> 01:30:32,669  
cruelty okay this is the thing that we

2133  
01:30:36,770 --> 01:30:35,219  
find people disappear bad things happen

2134  
01:30:38,929 --> 01:30:36,780  
and be careful what you don't watch what

2135  
01:30:40,850 --> 01:30:38,939  
you're doing and so when you have this

2136  
01:30:42,679 --> 01:30:40,860  
number of people disappearing

2137  
01:30:44,600 --> 01:30:42,689  
inexplicably and most of these people

2138  
01:30:45,979 --> 01:30:44,610

will simply disappear inexplicably

2139

01:30:48,290 --> 01:30:45,989

they're not all they're not changing

2140

01:30:52,369 --> 01:30:48,300

their identities or whatever it

2141

01:30:55,189 --> 01:30:52,379

especially the kids okay this one I want

2142

01:30:56,800 --> 01:30:55,199

to say that the thing in those gate is

2143

01:30:59,260 --> 01:30:56,810

indicative of something that's not

2144

01:31:01,690 --> 01:30:59,270

Sara Lee benevolent at the very best

2145

01:31:05,770 --> 01:31:01,700

this thing seems to be indifferent

2146

01:31:07,120 --> 01:31:05,780

except when they want something I want

2147

01:31:10,060 --> 01:31:07,130

to mention something because this just

2148

01:31:11,980 --> 01:31:10,070

occurred this is a news story that as of

2149

01:31:14,440 --> 01:31:11,990

the time to show us heard will be a week

2150

01:31:16,600 --> 01:31:14,450

or so old and I'll read it the headline

2151

01:31:19,420 --> 01:31:16,610

is from The Associated Press rescuer

2152

01:31:22,180 --> 01:31:19,430

says God led him to Florida girl and

2153

01:31:24,640 --> 01:31:22,190

swamp Florida man says God led him to an

2154

01:31:27,250 --> 01:31:24,650

11 year old girl lost four days in a

2155

01:31:29,830 --> 01:31:27,260

swamp he say he was clutching his Bible

2156

01:31:32,530 --> 01:31:29,840

reading passages about the Serpent's in

2157

01:31:34,660 --> 01:31:32,540

the Bible when he came upon this missing

2158

01:31:37,330 --> 01:31:34,670

girl anyone have a comment on things

2159

01:31:40,480 --> 01:31:37,340

like that or as a person just wishful

2160

01:31:41,860 --> 01:31:40,490

thinking it well I say I think that it

2161

01:31:44,380 --> 01:31:41,870

doesn't your personal worldview I

2162

01:31:47,650 --> 01:31:44,390

believe in God but so maybe this guy had

2163

01:31:49,450 --> 01:31:47,660

a genuine exterior a psychic or if like

2164

01:31:53,560 --> 01:31:49,460

Walter s a remote unit with anybody

2165

01:31:57,550 --> 01:31:53,570

arguing you know I think it's

2166

01:32:01,620 --> 01:31:57,560

necessarily either/or the actions of God

2167

01:32:06,400 --> 01:32:01,630

and the actions of someone who receives

2168

01:32:12,100 --> 01:32:06,410

guidance through some explainable I'll

2169

01:32:14,140 --> 01:32:12,110

be a very paranormal methodology I don't

2170

01:32:17,260 --> 01:32:14,150

see those two things as conflicting it's

2171

01:32:19,360 --> 01:32:17,270

finding it in different terms and also

2172

01:32:22,450 --> 01:32:19,370

very comfortable with a monotheistic

2173

01:32:25,330 --> 01:32:22,460

belief and an equally comfortable with

2174

01:32:28,060 --> 01:32:25,340

the notion that we we exist in a very

2175

01:32:31,060 --> 01:32:28,070

very on a day to day basis of a very

2176  
01:32:36,490 --> 01:32:31,070  
narrow plane of reality of which we are

2177  
01:32:39,310 --> 01:32:36,500  
only a tiny tiny portion and those are

2178  
01:32:41,140 --> 01:32:39,320  
not incompatible concepts in fact I

2179  
01:32:44,050 --> 01:32:41,150  
think they reinforce one another that's

2180  
01:32:45,400 --> 01:32:44,060  
my personal opinion I don't want to

2181  
01:32:47,890 --> 01:32:45,410  
leave it because I think it touches them

2182  
01:32:49,270 --> 01:32:47,900  
all this is all terra incognita after

2183  
01:32:52,510 --> 01:32:49,280  
all right exactly

2184  
01:32:53,920 --> 01:32:52,520  
you know you look at the strange things

2185  
01:32:56,110 --> 01:32:53,930  
that happen and you look at greed it's

2186  
01:32:58,180 --> 01:32:56,120  
like you know the Bermuda Triangle and

2187  
01:33:00,580 --> 01:32:58,190  
in some of the anomalies that exist in

2188  
01:33:01,960 --> 01:33:00,590

the magnetic field of the earth I know

2189

01:33:04,780 --> 01:33:01,970

it's been postulated by other people

2190

01:33:07,030 --> 01:33:04,790

that possibly there's a white hole

2191

01:33:08,980 --> 01:33:07,040

within the earth you know why hole would

2192

01:33:12,910 --> 01:33:08,990

be the opposite end of a black hole

2193

01:33:15,820 --> 01:33:12,920

um you know knows what is the truth or

2194

01:33:18,700 --> 01:33:15,830

the welcome P of the the fact that our

2195

01:33:20,140 --> 01:33:18,710

molten core spins is like this it

2196

01:33:21,730 --> 01:33:20,150

generates the electromagnetic field of

2197

01:33:23,260 --> 01:33:21,740

the earth because that's how that's come

2198

01:33:25,720 --> 01:33:23,270

battery that's what that's what what's

2199

01:33:27,760 --> 01:33:25,730

going on it's a big electromagnet if we

2200

01:33:29,650 --> 01:33:27,770

had something like a going on and they

2201

01:33:32,770 --> 01:33:29,660

were or something like that

2202

01:33:37,570 --> 01:33:32,780

say orbiting the core or inside the core

2203

01:33:39,820 --> 01:33:37,580

the molten most tired core then this

2204

01:33:43,780 --> 01:33:39,830

would explain possibly a lot of these

2205

01:33:45,790 --> 01:33:43,790

anomalies in which place and the gate

2206

01:33:48,310 --> 01:33:45,800

was about it might have something to do

2207

01:33:52,180 --> 01:33:48,320

a lot of the paranormal agony because

2208

01:33:55,540 --> 01:33:52,190

the closer you get to the event I mean

2209

01:33:57,790 --> 01:33:55,550

the creation for this yes it was

2210

01:34:01,050 --> 01:33:57,800

courting it comes into me quite possibly

2211

01:34:03,610 --> 01:34:01,060

the closer you get to the creation of it

2212

01:34:07,390 --> 01:34:03,620

more of these phenomena now you're going

2213

01:34:09,640 --> 01:34:07,400

to see and I think that because once

2214

01:34:12,870 --> 01:34:09,650

something like this get created is going

2215

01:34:15,490 --> 01:34:12,880

to send ripples through space and time

2216

01:34:18,700 --> 01:34:15,500

and it's going to because it has always

2217

01:34:21,910 --> 01:34:18,710

been there in other words it's a fashion

2218

01:34:23,800 --> 01:34:21,920

density that the normal laws of physics

2219

01:34:25,930 --> 01:34:23,810

don't like a floppy and this is if it's

2220

01:34:28,960 --> 01:34:25,940

always been in play but the closer you

2221

01:34:30,910 --> 01:34:28,970

get to the Asian point stronger and the

2222

01:34:33,580 --> 01:34:30,920

closer together the way only to be does

2223

01:34:34,870 --> 01:34:33,590

that make sense so you know this may

2224

01:34:35,950 --> 01:34:34,880

have something to do if there were

2225

01:34:37,600 --> 01:34:35,960

suppose I should hit the tapped into

2226

01:34:39,910 --> 01:34:37,610

that if they were civilization created

2227

01:34:43,060 --> 01:34:39,920

that or you know you'd have something

2228

01:34:45,610 --> 01:34:43,070

like la see over in Geneva let's say in

2229

01:34:47,470 --> 01:34:45,620

five years a haven't met and they create

2230

01:34:50,050 --> 01:34:47,480

something you know maybe that maybe that

2231

01:34:51,640 --> 01:34:50,060

accounts for the increased incidence of

2232

01:34:53,800 --> 01:34:51,650

high strangeness that we're seeing as we

2233

01:34:54,910 --> 01:34:53,810

move forward and by just the fact that

2234

01:34:57,070 --> 01:34:54,920

you know that we're taking a lot of

2235

01:34:58,690 --> 01:34:57,080

typically you know more savvy and we

2236

01:35:00,580 --> 01:34:58,700

have more faster communications maybe

2237

01:35:03,040 --> 01:35:00,590

maybe it's all tied together it's just

2238

01:35:04,900 --> 01:35:03,050

something to think about and I think it

2239

01:35:07,270 --> 01:35:04,910

all is intrinsic to the earth I think it

2240

01:35:09,070 --> 01:35:07,280

all has to do with the energies in the

2241

01:35:11,950 --> 01:35:09,080

electromagnetic field and the structure

2242

01:35:15,160 --> 01:35:11,960

and the density and the densities of our

2243

01:35:18,010 --> 01:35:15,170

own planet and it always has because on

2244

01:35:20,569 --> 01:35:18,020

the ETA H I would like to say to

2245

01:35:24,359 --> 01:35:20,579

anything that seek

2246

01:35:27,899 --> 01:35:24,369

ridiculed and out of hand ascetic belief

2247

01:35:29,729 --> 01:35:27,909

systems or other or other modes of

2248

01:35:33,000 --> 01:35:29,739

thinking or other theories

2249

01:35:36,089 --> 01:35:33,010

that's not hypothesis that's a religion

2250

01:35:38,970 --> 01:35:36,099

okay and it has a straight believers and

2251

01:35:41,879 --> 01:35:38,980

it has its high priests and they're very

2252

01:35:43,799 --> 01:35:41,889

very protective of their religious turf

2253

01:35:54,899 --> 01:35:43,809

it's a life submit that you should call

2254

01:35:59,160 --> 01:35:54,909

EPR they talked extensively about that

2255

01:36:02,069 --> 01:35:59,170

on the last show talking about the work

2256

01:36:04,859 --> 01:36:02,079

of Mack Tony's both well Greg Bishop and

2257

01:36:08,819 --> 01:36:04,869

Nick Redfern and Paul Kimball had some

2258

01:36:10,890 --> 01:36:08,829

very sharp comments relating to the

2259

01:36:13,830 --> 01:36:10,900

belief system that's become entrenched

2260

01:36:16,649 --> 01:36:13,840

in ufology and and you're absolutely

2261

01:36:19,140 --> 01:36:16,659

right Mike Michael that that's a real

2262

01:36:21,750 --> 01:36:19,150

problem and you know it's as soon as you

2263

01:36:24,930 --> 01:36:21,760

try to try to you know the swim upstream

2264

01:36:28,259 --> 01:36:24,940

against the against the you know the the

2265

01:36:29,689 --> 01:36:28,269

status quo with in ufology you do tend

2266

01:36:35,069 --> 01:36:29,699

to run into problems and you are

2267

01:36:37,020 --> 01:36:35,079

ostracize a couple days all right I'm in

2268

01:36:39,509 --> 01:36:37,030

the contact with somebody in line so he

2269

01:36:42,720 --> 01:36:39,519

amazing it was over at the UFO icon a

2270

01:36:45,060 --> 01:36:42,730

class website where somebody basically

2271

01:36:47,729 --> 01:36:45,070

just discord attorneys in his book and

2272

01:36:50,339 --> 01:36:47,739

made a bunch of false assumptions so the

2273

01:36:51,959 --> 01:36:50,349

birds are strong and come down sought to

2274

01:36:54,060 --> 01:36:51,969

really cool and through Richard shaver

2275

01:36:55,169 --> 01:36:54,070

who obviously it's gotten grilling you

2276

01:36:57,359 --> 01:36:55,179

little to next to nothing about

2277

01:37:00,169 --> 01:36:57,369

references apparently went to Wikipedia

2278

01:37:03,060 --> 01:37:00,179

for all this information and you know I

2279

01:37:06,229 --> 01:37:03,070

had to write you know in rebuttal to

2280

01:37:09,899 --> 01:37:06,239

this guy because basically he is

2281

01:37:12,990 --> 01:37:09,909

presenting the point of view a religious

2282

01:37:19,339 --> 01:37:13,000

fanatic you know you know like I say you

2283

01:37:24,479 --> 01:37:19,349

find it you know believe in UFOs right

2284

01:37:25,950 --> 01:37:24,489

yes I just believe have anything to do

2285

01:37:29,069 --> 01:37:25,960

with it right then one present ourselves

2286

01:37:32,020 --> 01:37:29,079

are so scientific but then they won't

2287

01:37:33,400 --> 01:37:32,030

even consider any other possibility

2288

01:37:35,980 --> 01:37:33,410

and they have they have a certain

2289

01:37:37,540 --> 01:37:35,990

paradigm that they stay within and when

2290

01:37:39,400 --> 01:37:37,550

you give them data that doesn't match

2291

01:37:42,880 --> 01:37:39,410

the paradigm for instance you know all

2292

01:37:45,750 --> 01:37:42,890

the documented documented heavily

2293

01:37:48,220 --> 01:37:45,760

documented cases of channeling

2294

01:37:50,230 --> 01:37:48,230

apologized activity demonic possession

2295

01:37:52,360 --> 01:37:50,240

all these type that have been associated

2296

01:37:54,340 --> 01:37:52,370

with a lot of very famous UFO cases okay

2297

01:37:55,570 --> 01:37:54,350

okay so we're talking about that we want

2298

01:37:57,400 --> 01:37:55,580

to talk about how we think they'll and

2299

01:37:59,460 --> 01:37:57,410

we want to talk about how they probably

2300

01:38:01,660 --> 01:37:59,470

up around beside the laws of physics

2301

01:38:03,250 --> 01:38:01,670

well you know the time the laws of

2302

01:38:04,360 --> 01:38:03,260

physics is just a supernatural was a

2303

01:38:08,110 --> 01:38:04,370

poltergeist throwing something across

2304

01:38:10,120 --> 01:38:08,120

your okay so you know they make more

2305

01:38:11,380 --> 01:38:10,130

data they intentionally take stuff out

2306

01:38:13,450 --> 01:38:11,390

and they ignore it and they set it aside

2307

01:38:15,190 --> 01:38:13,460

in cryptozoology I understand there's

2308

01:38:17,050 --> 01:38:15,200

the same thing I mean kids are so

2309

01:38:19,150 --> 01:38:17,060

desperate to say well these are

2310

01:38:21,160 --> 01:38:19,160

flesh-and-blood things and they're your

2311

01:38:22,900 --> 01:38:21,170

sickly within well you know sure they

2312

01:38:25,180 --> 01:38:22,910

they may be within the the template of

2313

01:38:27,010 --> 01:38:25,190

earthly life on the surface and for the

2314

01:38:29,380 --> 01:38:27,020

most part but there's still often

2315

01:38:30,730 --> 01:38:29,390

anomalies there are anomalies associated

2316

01:38:32,950 --> 01:38:30,740

with these creatures which would

2317

01:38:36,370 --> 01:38:32,960

indicate you know that maybe they were

2318

01:38:39,250 --> 01:38:36,380

somewhere here some someone you don't

2319

01:38:40,870 --> 01:38:39,260

normally see some apartment biosphere or

2320

01:38:43,300 --> 01:38:40,880

a part of the structure of the planet

2321

01:38:46,300 --> 01:38:43,310

that's not normally something we

2322

01:38:48,000 --> 01:38:46,310

interact with on a database you know if

2323

01:38:51,340 --> 01:38:48,010

I can jump in here Mike can ask me to

2324

01:38:54,490 --> 01:38:51,350

mention you guys can hear me right

2325

01:38:57,100 --> 01:38:54,500

you're coming through laughs 1x4 can

2326

01:38:58,570 --> 01:38:57,110

hear you yeah I I don't want to tell the

2327

01:39:02,410 --> 01:38:58,580

story because you can read it elsewhere

2328

01:39:03,790 --> 01:39:02,420

but Mike had asked me to mention you

2329

01:39:05,020 --> 01:39:03,800

know and we're talking about things that

2330

01:39:07,810 --> 01:39:05,030

are here with us that you don't normally

2331

01:39:10,180 --> 01:39:07,820

see reminding me of this but in April of

2332

01:39:12,040 --> 01:39:10,190

2005 I had an article published in fate

2333

01:39:14,020 --> 01:39:12,050

and it was under a pseudonym

2334

01:39:15,880 --> 01:39:14,030

I used my fiction student him because

2335

01:39:18,550 --> 01:39:15,890

quite frankly and I haven't really said

2336

01:39:21,610 --> 01:39:18,560

this before actually in these words so

2337

01:39:23,650 --> 01:39:21,620

you're getting a scoop in the first half

2338

01:39:27,700 --> 01:39:23,660

of the last decade I had employment that

2339

01:39:28,900 --> 01:39:27,710

was we'll call it sensitive and Mike

2340

01:39:31,810 --> 01:39:28,910

travel around the world and stuff like

2341

01:39:33,820 --> 01:39:31,820

that and at the time this article was

2342

01:39:36,070 --> 01:39:33,830

published I wasn't really right for me

2343

01:39:38,470 --> 01:39:36,080

to do it under my own name for that

2344

01:39:40,570 --> 01:39:38,480

reason but I did it under my pseudonym

2345

01:39:42,570 --> 01:39:40,580

ll a guest and it was and it ended up

2346

01:39:44,580 --> 01:39:42,580

being in

2347

01:39:46,440 --> 01:39:44,590

hardcover Edition that state did on all

2348

01:39:49,290 --> 01:39:46,450

you know the various theories of what

2349

01:39:50,640 --> 01:39:49,300

Roswell might have been and I was kind

2350

01:39:54,750 --> 01:39:50,650

of pleasantly surprised to learn that

2351

01:39:57,570 --> 01:39:54,760

Mac had talked about this in his his

2352

01:40:01,170 --> 01:39:57,580

book that I think Mike Cleland did the

2353

01:40:04,500 --> 01:40:01,180

artwork for and Nick Redfern again talks

2354

01:40:07,230 --> 01:40:04,510

about this very story in his current

2355

01:40:09,240 --> 01:40:07,240

book the contactee book and you can read

2356

01:40:11,580 --> 01:40:09,250

about it in those two books or in the

2357

01:40:13,710 --> 01:40:11,590

fate books but essentially it's

2358

01:40:15,270 --> 01:40:13,720

something my dad told me he encountered

2359

01:40:17,220 --> 01:40:15,280

when he'd been telling me for over

2360

01:40:19,320 --> 01:40:17,230

thirty years what Roswell really was

2361

01:40:21,900 --> 01:40:19,330

that he had been briefed in on it in the

2362

01:40:24,900 --> 01:40:21,910

Air Force and that he in his encounter

2363

01:40:27,270 --> 01:40:24,910

with the people underground this was in

2364

01:40:31,140 --> 01:40:27,280

eastern Arizona while he was in the Air

2365

01:40:33,690 --> 01:40:31,150

Force in the late 50s and it and it kind

2366

01:40:35,430 --> 01:40:33,700

of you know there's another you know for

2367

01:40:37,280 --> 01:40:35,440

me it was kind of a first-hand account

2368

01:40:40,800 --> 01:40:37,290

from someone in this case my dad of

2369

01:40:43,620 --> 01:40:40,810

these beings these people that you know

2370

01:40:45,540 --> 01:40:43,630

are living right here with us but not a

2371

01:40:47,760 --> 01:40:45,550

parent you know we don't have a super

2372

01:40:49,140 --> 01:40:47,770

large amount of time Walter and I wanted

2373

01:40:51,810 --> 01:40:49,150

to mention to our listeners that Nick

2374

01:40:54,120 --> 01:40:51,820

Redfern will be back on the power cast

2375

01:40:55,500 --> 01:40:54,130

to talk about the book contact Dietz and

2376

01:40:59,340 --> 01:40:55,510

will also have Jim Mosely on that

2377

01:41:01,800 --> 01:40:59,350

episode very soon now okay Walter ten

2378

01:41:04,560 --> 01:41:01,810

thousand words or less can you tell us

2379

01:41:09,360 --> 01:41:04,570

what you learn from your father about

2380

01:41:11,670 --> 01:41:09,370

this yeah basically he was briefed in on

2381

01:41:15,270 --> 01:41:11,680

Roswell because what happened at Roswell

2382

01:41:17,520 --> 01:41:15,280

in 1947 was a craft from the

2383

01:41:20,400 --> 01:41:17,530

civilization underground crashed on the

2384

01:41:23,310 --> 01:41:20,410

surface and it happened again in the

2385

01:41:26,040 --> 01:41:23,320

late 50s in eastern Arizona he was part

2386

01:41:29,460 --> 01:41:26,050

of a military effort when he was on

2387

01:41:31,590 --> 01:41:29,470

active duty he was taken to this area in

2388

01:41:34,320 --> 01:41:31,600

Arizona which was underneath the

2389

01:41:36,540 --> 01:41:34,330

vicinity of Winslow Xolo and all that

2390

01:41:40,260 --> 01:41:36,550

and that's where he had his encounter

2391

01:41:42,420 --> 01:41:40,270

and one of the beings saying kinda he

2392

01:41:45,420 --> 01:41:42,430

said they are as human as you and I they

2393

01:41:47,790 --> 01:41:45,430

just have little to no body hair

2394

01:41:49,680 --> 01:41:47,800

they're very pale they have an advanced

2395

01:41:52,950 --> 01:41:49,690

technology that does work kind of

2396

01:41:53,950 --> 01:41:52,960

telekinetically because this being you

2397

01:41:56,950 --> 01:41:53,960

know

2398

01:42:00,700 --> 01:41:56,960

pretty much killed one of the guys he

2399

01:42:02,320 --> 01:42:00,710

was with with a handheld device and that

2400

01:42:03,610 --> 01:42:02,330

those those are the basics and

2401  
01:42:05,320 --> 01:42:03,620  
apparently they went underground

2402  
01:42:08,500 --> 01:42:05,330  
thousands of years ago because of a

2403  
01:42:14,140 --> 01:42:08,510  
surface Cataclysm I see old shaver story

2404  
01:42:16,300 --> 01:42:14,150  
all over again kinda sorta yeah we need

2405  
01:42:18,280 --> 01:42:16,310  
right now to jump in on this

2406  
01:42:20,650 --> 01:42:18,290  
I wish we had Richard shaver here of

2407  
01:42:22,840 --> 01:42:20,660  
course Richard shaver died in the 1970s

2408  
01:42:24,910 --> 01:42:22,850  
I met him as I mentioned to our

2409  
01:42:26,890 --> 01:42:24,920  
listeners earlier I had extensive

2410  
01:42:29,680 --> 01:42:26,900  
correspondence with him and I know how

2411  
01:42:32,260 --> 01:42:29,690  
one did as well my ex-wife Geneva also

2412  
01:42:34,060 --> 01:42:32,270  
had a lot of communications with him and

2413  
01:42:36,520 --> 01:42:34,070

one of the things that shaver brought

2414

01:42:38,560 --> 01:42:36,530

about and I know we're running back and

2415

01:42:40,630 --> 01:42:38,570

forth on subjects because there's so

2416

01:42:43,209 --> 01:42:40,640

much to cover in very little time you

2417

01:42:44,770 --> 01:42:43,219

mentioned it Michael the rock books now

2418

01:42:48,010 --> 01:42:44,780

supposedly these were some kind of

2419

01:42:50,200 --> 01:42:48,020

crystalline or record of ancient times

2420

01:42:58,780 --> 01:42:50,210

but before I asked the rock book

2421

01:43:01,420 --> 01:42:58,790

question and it's not rock and roll 58

2422

01:43:03,880 --> 01:43:01,430

years fate has provided true reports of

2423

01:43:05,800 --> 01:43:03,890

the strange and unknown fate brings you

2424

01:43:07,570 --> 01:43:05,810

the latest in all aspects of the

2425

01:43:11,110 --> 01:43:07,580

paranormal like angels and miracles

2426  
01:43:11,950 --> 01:43:11,120  
psychic phenomena ghosts UFOs and much

2427  
01:43:13,990 --> 01:43:11,960  
much more

2428  
01:43:16,479 --> 01:43:14,000  
to receive your complimentary faith

2429  
01:43:20,740 --> 01:43:16,489  
magazine call now at one eight hundred

2430  
01:43:29,729 --> 01:43:20,750  
seven two eight two seven three Oh or

2431  
01:43:29,739 --> 01:43:38,550  
[www.wku.edu/oucampus](http://www.wku.edu/oucampus)

2432  
01:43:38,560 --> 01:43:42,700  
[Music]

2433  
01:44:01,070 --> 01:43:45,830  
you've entered another dimension we've

2434  
01:44:01,080 --> 01:44:06,010  
[Music]

2435  
01:44:12,140 --> 01:44:09,260  
we have Mike Lowen Allen Greenfield

2436  
01:44:15,820 --> 01:44:12,150  
Michael Mott Walter Bosley our guest

2437  
01:44:18,940 --> 01:44:15,830  
co-host Christopher O'Brien

2438  
01:44:24,860 --> 01:44:18,950

[Laughter]

2439

01:44:27,590 --> 01:44:24,870

David the tricksters here amongst us

2440

01:44:31,550 --> 01:44:27,600

Michael Mott tell us about rock books

2441

01:44:33,080 --> 01:44:31,560

well you know Shay work and you know

2442

01:44:35,050 --> 01:44:33,090

earlier in his life he had he had

2443

01:44:38,480 --> 01:44:35,060

claimed to have seen indications of

2444

01:44:40,700 --> 01:44:38,490

existing technologies and technology as

2445

01:44:42,980 --> 01:44:40,710

he called the pre-flood world you know a

2446

01:44:44,870 --> 01:44:42,990

pretty cataclysmic time when the admins

2447

01:44:47,210 --> 01:44:44,880

and the titanosaur which are basically

2448

01:44:49,640 --> 01:44:47,220

the same people I guess if you could

2449

01:44:51,950 --> 01:44:49,650

equate them two nations two different

2450

01:44:54,860 --> 01:44:51,960

nations but when they existed on the

2451

01:44:56,840 --> 01:44:54,870

earth and the plaintiffs in the solar

2452

01:44:59,660 --> 01:44:56,850

system they had branched out to or they

2453

01:45:01,940 --> 01:44:59,670

had a sort of an empire going there and

2454

01:45:04,460 --> 01:45:01,950

they had recorded all their histories

2455

01:45:07,070 --> 01:45:04,470

their entertainment everything installed

2456

01:45:08,870 --> 01:45:07,080

in my and there was a technology he

2457

01:45:10,340 --> 01:45:08,880

claimed that they had had where you

2458

01:45:12,410 --> 01:45:10,350

could take these rocks and put them into

2459

01:45:14,690 --> 01:45:12,420

technology and he was basically created

2460

01:45:16,430 --> 01:45:14,700

an immersive environment around you and

2461

01:45:18,560 --> 01:45:16,440

you could see everything that had been

2462

01:45:20,510 --> 01:45:18,570

recorded well at the time that you know

2463

01:45:22,220 --> 01:45:20,520

what the stuff you know it seems just

2464

01:45:24,590 --> 01:45:22,230

you know way out there but but now we

2465

01:45:28,340 --> 01:45:24,600

know of course about about holography

2466

01:45:31,030 --> 01:45:28,350

and about the ads and the courts the

2467

01:45:35,780 --> 01:45:31,040

ability of courts and in particular to

2468

01:45:37,790 --> 01:45:35,790

record and store information and so what

2469

01:45:40,190 --> 01:45:37,800

was your center did was he moved to

2470

01:45:42,200 --> 01:45:40,200

southern Arkansas where he spent most of

2471

01:45:44,930 --> 01:45:42,210

this or at least the last out of his

2472

01:45:46,550 --> 01:45:44,940

life and while he was there he wasn't

2473

01:45:48,110 --> 01:45:46,560

called the wrong book studio he he

2474

01:45:50,300 --> 01:45:48,120

claimed he had found these rocks in the

2475

01:45:53,840 --> 01:45:50,310

mountains there and he was cutting these

2476  
01:45:56,090 --> 01:45:53,850  
rocks open with a rock saw and then what

2477  
01:45:57,920 --> 01:45:56,100  
he would do he claimed that the peaks

2478  
01:45:59,960 --> 01:45:57,930  
were the records and it the image inside

2479  
01:46:01,670 --> 01:45:59,970  
the books are jumbled and they're there

2480  
01:46:03,080 --> 01:46:01,680  
they're layered and they let it kind of

2481  
01:46:04,610 --> 01:46:03,090  
spring that's because they're actually

2482  
01:46:06,110 --> 01:46:04,620  
meant to be played back by

2483  
01:46:08,300 --> 01:46:06,120  
three-dimensional device so when you cut

2484  
01:46:10,580 --> 01:46:08,310  
into the basically destroying the wreck

2485  
01:46:12,490 --> 01:46:10,590  
but he cut these things in a really thin

2486  
01:46:14,830 --> 01:46:12,500  
slices and then he would

2487  
01:46:16,240 --> 01:46:14,840  
he would make photo exposures neither on

2488  
01:46:17,680 --> 01:46:16,250

like a canvas that he had treated with

2489

01:46:18,850 --> 01:46:17,690

the photosensitive thing so that you

2490

01:46:20,650 --> 01:46:18,860

didn't make a painting based on what he

2491

01:46:22,840 --> 01:46:20,660

thought he saw or else on the

2492

01:46:24,520 --> 01:46:22,850

photographic paper you know like he

2493

01:46:27,190 --> 01:46:24,530

wants to come into contact I mean I came

2494

01:46:28,930 --> 01:46:27,200

into possession of a large number of

2495

01:46:31,290 --> 01:46:28,940

these these photo exposures that he had

2496

01:46:33,880 --> 01:46:31,300

made and he had sent to Ray Palmer and

2497

01:46:37,420 --> 01:46:33,890

it was probably the basis or the earth

2498

01:46:39,250 --> 01:46:37,430

or the pitch in the secret world he saw

2499

01:46:41,020 --> 01:46:39,260

the little book that he created so the

2500

01:46:44,110 --> 01:46:41,030

same thing called this tragic earth a

2501  
01:46:45,490 --> 01:46:44,120  
sense of Ray Palmer it's a book out you

2502  
01:46:48,010 --> 01:46:45,500  
know we just kind of connect shavers

2503  
01:46:48,610 --> 01:46:48,020  
ideas result words and there were some

2504  
01:46:51,430 --> 01:46:48,620  
of these images

2505  
01:46:53,980 --> 01:46:51,440  
it's called this tragic earth but you

2506  
01:46:55,990 --> 01:46:53,990  
know he was ridiculed he's crazy and

2507  
01:46:58,780 --> 01:46:56,000  
soap and so on but the interesting thing

2508  
01:47:00,280 --> 01:46:58,790  
in our field is Crenshaw just pointed me

2509  
01:47:02,710 --> 01:47:00,290  
out point out to me recently you there

2510  
01:47:04,420 --> 01:47:02,720  
there was a news story recently where

2511  
01:47:06,280 --> 01:47:04,430  
some scientists somewhere in the United

2512  
01:47:09,310 --> 01:47:06,290  
States claiming had found evidence that

2513  
01:47:11,800 --> 01:47:09,320

somebody was recording tiny pictures

2514

01:47:13,690 --> 01:47:11,810

inside of rocks or in rocks or on rocks

2515

01:47:14,950 --> 01:47:13,700

thousands of years ago they don't know

2516

01:47:16,750 --> 01:47:14,960

how they did it but they found this

2517

01:47:19,090 --> 01:47:16,760

incredibly data I guess you'd have to

2518

01:47:20,620 --> 01:47:19,100

talk them to this to get all the

2519

01:47:22,780 --> 01:47:20,630

information on that but you know it's

2520

01:47:24,310 --> 01:47:22,790

just like just an eval you know science

2521

01:47:26,350 --> 01:47:24,320

catching up with what shavin would say

2522

01:47:28,620 --> 01:47:26,360

you know whether whether it's a lot of

2523

01:47:30,130 --> 01:47:28,630

Griffey and in immersive virtual reality

2524

01:47:33,310 --> 01:47:30,140

environment like he was trying to

2525

01:47:35,860 --> 01:47:33,320

describe or you know storing data and

2526

01:47:37,270 --> 01:47:35,870

playback data in crystal form you know

2527

01:47:40,300 --> 01:47:37,280

all these things he talked about will

2528

01:47:42,010 --> 01:47:40,310

never become a reality and and you know

2529

01:47:44,290 --> 01:47:42,020

he's been greatly ridiculed by people

2530

01:47:45,460 --> 01:47:44,300

who pretty much no messing about you

2531

01:47:46,690 --> 01:47:45,470

know all they know is they've heard

2532

01:47:48,220 --> 01:47:46,700

these the he's a guy that you ridicule

2533

01:47:49,840 --> 01:47:48,230

you know dissociate yourself

2534

01:47:51,880 --> 01:47:49,850

where's your shaver is to set yourself

2535

01:47:53,800 --> 01:47:51,890

up to be seen as a crackpot you know

2536

01:47:56,620 --> 01:47:53,810

that kind of had it to you and really

2537

01:47:58,660 --> 01:47:56,630

you know I see that isn't he in that

2538

01:48:00,490 --> 01:47:58,670

permeates we're talking about anyway I

2539

01:48:02,320 --> 01:48:00,500

mean that is something that I talk about

2540

01:48:04,720 --> 01:48:02,330

in my book I think that's a cook that's

2541

01:48:06,820 --> 01:48:04,730

a protective lament that we have as a

2542

01:48:09,370 --> 01:48:06,830

species because we've been dealing with

2543

01:48:12,220 --> 01:48:09,380

this stuff for so long that is so

2544

01:48:14,500 --> 01:48:12,230

frightening it that we tend to diminish

2545

01:48:16,570 --> 01:48:14,510

and ridicule these things and people who

2546

01:48:19,390 --> 01:48:16,580

have these experiences people who talk

2547

01:48:21,220 --> 01:48:19,400

about it because it's so disturbing

2548

01:48:22,930 --> 01:48:21,230

through our worldview and it would make

2549

01:48:23,919 --> 01:48:22,940

it so hard to function otherwise as a

2550

01:48:25,390 --> 01:48:23,929

society

2551  
01:48:26,949 --> 01:48:25,400  
so you know that I guess that could have

2552  
01:48:29,919 --> 01:48:26,959  
something to do with ETR

2553  
01:48:32,379 --> 01:48:29,929  
and their problem but I think this was

2554  
01:48:34,810 --> 01:48:32,389  
about power and control

2555  
01:48:36,669 --> 01:48:34,820  
so is your question very much so very

2556  
01:48:39,489 --> 01:48:36,679  
much so I know after looking through

2557  
01:48:41,199 --> 01:48:39,499  
this for so many years I actually got to

2558  
01:48:42,729 --> 01:48:41,209  
see some of the pictures or I thought I

2559  
01:48:44,620 --> 01:48:42,739  
did it might have been a cosmic

2560  
01:48:46,149 --> 01:48:44,630  
Rorschach test I didn't have any

2561  
01:48:48,129 --> 01:48:46,159  
equipment at hand but it was very

2562  
01:48:50,229 --> 01:48:48,139  
fascinating at the time Alan did you do

2563  
01:48:53,399 --> 01:48:50,239

much study of those rock books when you

2564

01:48:57,969 --> 01:48:53,409

knew shaver oh I did I did more than

2565

01:49:01,029 --> 01:48:57,979

more than that Schaffer I showed an

2566

01:49:03,790 --> 01:49:01,039

interest in them and shaver didn't just

2567

01:49:07,689 --> 01:49:03,800

send me pictures and 35 millimeter

2568

01:49:13,209 --> 01:49:07,699

slides he sent me the rocks like when he

2569

01:49:14,500 --> 01:49:13,219

was had first fled from Wisconsin - was

2570

01:49:18,189 --> 01:49:14,510

it Harkins aw yeah

2571

01:49:20,560 --> 01:49:18,199

he started doing these these cuttings

2572

01:49:24,040 --> 01:49:20,570

and he would he would send me that he

2573

01:49:26,739 --> 01:49:24,050

had send me the rocks themselves and I

2574

01:49:28,839 --> 01:49:26,749

had maybe a hundred pounds of the rocks

2575

01:49:34,089 --> 01:49:28,849

and it correspond it with him about it

2576

01:49:36,850 --> 01:49:34,099

and at the time I got the only surviving

2577

01:49:39,219 --> 01:49:36,860

letter I have from savers and saying why

2578

01:49:41,679 --> 01:49:39,229

can't you see these things well it was

2579

01:49:43,330 --> 01:49:41,689

hard to do but I was not factoring in

2580

01:49:46,929 --> 01:49:43,340

some things because this was the mid

2581

01:49:47,890 --> 01:49:46,939

1960s and I was not factoring in lasers

2582

01:49:50,620 --> 01:49:47,900

holography

2583

01:49:53,679 --> 01:49:50,630

and so forth so I turned these rocks

2584

01:49:58,989 --> 01:49:53,689

over to my friend Terry a long time ago

2585

01:50:02,020 --> 01:49:58,999

and maybe 10 15 years ago Terry showed

2586

01:50:07,390 --> 01:50:02,030

me something absolutely fascinating and

2587

01:50:09,160 --> 01:50:07,400

I wish I could show that but you know

2588

01:50:13,479 --> 01:50:09,170

Podcast reading your program whatever

2589

01:50:15,250 --> 01:50:13,489

it's very hard to do these cuttings of

2590

01:50:19,989 --> 01:50:15,260

rocks he's thin cuttings

2591

01:50:22,359 --> 01:50:19,999

if projected as a as a hologram and I'm

2592

01:50:25,719 --> 01:50:22,369

not an expert in holography but I I know

2593

01:50:28,259 --> 01:50:25,729

what I see are absolutely fascinating

2594

01:50:30,969 --> 01:50:28,269

and the two-dimensional image however

2595

01:50:33,580 --> 01:50:30,979

close to the original it is doesn't do

2596

01:50:35,680 --> 01:50:33,590

it justice these are pictures

2597

01:50:37,390 --> 01:50:35,690

I don't know what to make of them again

2598

01:50:40,680 --> 01:50:37,400

I am NOT believer in the Hollow Earth

2599

01:50:44,670 --> 01:50:40,690

but they are clearly pictures of

2600

01:50:49,750 --> 01:50:44,680

something things that you can identify a

2601  
01:50:53,980 --> 01:50:49,760  
priest holding a wand and a bird flying

2602  
01:50:56,950 --> 01:50:53,990  
towards the priest in three dimensions

2603  
01:50:59,650 --> 01:50:56,960  
now this suggests something we're

2604  
01:51:03,070 --> 01:50:59,660  
talking about rocks that are millions or

2605  
01:51:03,760 --> 01:51:03,080  
billions of years old I don't know what

2606  
01:51:06,970 --> 01:51:03,770  
to make of that

2607  
01:51:11,980 --> 01:51:06,980  
and I no longer have access either to

2608  
01:51:13,960 --> 01:51:11,990  
Terry who is either alive or dead or to

2609  
01:51:15,970 --> 01:51:13,970  
the rocks and I wish that I did I've got

2610  
01:51:17,710 --> 01:51:15,980  
a couple of them and I've got some of

2611  
01:51:19,180 --> 01:51:17,720  
the slides and pictures I don't even

2612  
01:51:22,390 --> 01:51:19,190  
have anything to project the slides

2613  
01:51:24,880 --> 01:51:22,400

anymore but it's not an inkblot type

2614

01:51:27,490 --> 01:51:24,890

effect there definitely are things there

2615

01:51:30,580 --> 01:51:27,500

but it's the information when I received

2616

01:51:33,340 --> 01:51:30,590

it I didn't have the necessary decoder

2617

01:51:37,600 --> 01:51:33,350

ring and the decoder ring is holography

2618

01:51:41,230 --> 01:51:37,610

and if anyone has any of the original

2619

01:51:43,210 --> 01:51:41,240

rocks go ahead yeah you know in this

2620

01:51:45,700 --> 01:51:43,220

tragic earth the book that they're using

2621

01:51:49,210 --> 01:51:45,710

the title of this book I mean it's got a

2622

01:51:51,130 --> 01:51:49,220

lot of extra stuff in it but what I did

2623

01:51:53,860 --> 01:51:51,140

was I took the images that he had sent

2624

01:51:56,740 --> 01:51:53,870

the photo exposures I scanned them in at

2625

01:51:58,120 --> 01:51:56,750

very high resolution in Photoshop and

2626  
01:52:01,030 --> 01:51:58,130  
there's an indent on them in Photoshop

2627  
01:52:03,250 --> 01:52:01,040  
and that's when I started finding stuff

2628  
01:52:04,870 --> 01:52:03,260  
and I mean I found some stuff is pretty

2629  
01:52:06,900 --> 01:52:04,880  
inexplicable not some of the stuff I

2630  
01:52:08,680 --> 01:52:06,910  
look at I say well you know that's just

2631  
01:52:11,530 --> 01:52:08,690  
coincidence that that's just you know

2632  
01:52:13,330 --> 01:52:11,540  
the human mind looking for patterns but

2633  
01:52:15,970 --> 01:52:13,340  
I'm going to tell you man there are some

2634  
01:52:17,230 --> 01:52:15,980  
things in there that you once you you

2635  
01:52:19,240 --> 01:52:17,240  
might take a minute to see it but once

2636  
01:52:22,240 --> 01:52:19,250  
you look at it you'll say how in the

2637  
01:52:25,300 --> 01:52:22,250  
world did that end up simple in the same

2638  
01:52:27,160 --> 01:52:25,310

slice of rock that's always been overly

2639

01:52:29,110 --> 01:52:27,170

images off of the same slice you know

2640

01:52:32,410 --> 01:52:29,120

it's it's obvious that there's something

2641

01:52:34,180 --> 01:52:32,420

anomalous going on here and also a book

2642

01:52:36,550 --> 01:52:34,190

are several things from older magazine

2643

01:52:38,770 --> 01:52:36,560

for shaver tells you how he did it his

2644

01:52:40,210 --> 01:52:38,780

entire first seizure or how he created

2645

01:52:40,620 --> 01:52:40,220

these things are all in there from

2646

01:52:48,000 --> 01:52:40,630

various

2647

01:52:52,590 --> 01:52:48,010

trenching search magazine and fate other

2648

01:52:53,730 --> 01:52:52,600

over magazines but there's definitely he

2649

01:52:57,390 --> 01:52:53,740

was onto something

2650

01:53:00,300 --> 01:52:57,400

I think shavers problem was he came he

2651  
01:53:02,490 --> 01:53:00,310  
came across to a lot of people such ways

2652  
01:53:03,870 --> 01:53:02,500  
so out there that they just instantly

2653  
01:53:06,060 --> 01:53:03,880  
dismissed whatever he was going to say

2654  
01:53:07,560 --> 01:53:06,070  
the motorway she was ahead of his time

2655  
01:53:08,790 --> 01:53:07,570  
and you know of course he had his

2656  
01:53:11,790 --> 01:53:08,800  
conflicts with the science fiction

2657  
01:53:14,070 --> 01:53:11,800  
community who just were just aghast at

2658  
01:53:16,290 --> 01:53:14,080  
this guy who claims with his stuff that

2659  
01:53:17,130 --> 01:53:16,300  
he was writing about was true and so

2660  
01:53:20,520 --> 01:53:17,140  
they did everything they could to

2661  
01:53:22,710 --> 01:53:20,530  
discredit here Mary Palmer and so it was

2662  
01:53:24,780 --> 01:53:22,720  
he just never really got the break they

2663  
01:53:27,690 --> 01:53:24,790

probably should have gotten in terms of

2664

01:53:30,420 --> 01:53:27,700

his ability it's kind of like Mac as a

2665

01:53:31,950 --> 01:53:30,430

thinker and so I guess that's what I

2666

01:53:34,050 --> 01:53:31,960

thought I have to say but get it you can

2667

01:53:35,340 --> 01:53:34,060

definitely if you can get your hands on

2668

01:53:39,300 --> 01:53:35,350

some of these things you can scan them

2669

01:53:41,250 --> 01:53:39,310

in and you will find images that are

2670

01:53:41,970 --> 01:53:41,260

definitely three-dimensional images even

2671

01:53:44,040 --> 01:53:41,980

though you're looking at in the

2672

01:53:45,360 --> 01:53:44,050

two-dimensional environment well maybe

2673

01:53:47,760 --> 01:53:45,370

some of the technology that we're

2674

01:53:50,100 --> 01:53:47,770

learning from the movie Avatar to make

2675

01:53:56,040 --> 01:53:50,110

3d movies we could use to protect 3d

2676  
01:54:02,220 --> 01:53:56,050  
rocks exactly if anybody has any of the

2677  
01:54:07,440 --> 01:54:02,230  
original rocks many times since then

2678  
01:54:08,960 --> 01:54:07,450  
into the States and any existences I've

2679  
01:54:11,850 --> 01:54:08,970  
been contacted by some guys at Arkansas

2680  
01:54:14,310 --> 01:54:11,860  
who are doing a documentary on little

2681  
01:54:15,920 --> 01:54:14,320  
shaver and they're very very serious

2682  
01:54:18,300 --> 01:54:15,930  
about this and they want to interview

2683  
01:54:21,300 --> 01:54:18,310  
anybody in everybody and give them

2684  
01:54:23,070 --> 01:54:21,310  
anything to do with him and these are

2685  
01:54:25,560 --> 01:54:23,080  
some real reputable guys one of these

2686  
01:54:28,980 --> 01:54:25,570  
guys is a police detective investigator

2687  
01:54:31,830 --> 01:54:28,990  
the other one is a district attorney and

2688  
01:54:33,360 --> 01:54:31,840

they're making a documentary and what I

2689

01:54:35,640 --> 01:54:33,370

can come at it but they pretty much have

2690

01:54:39,540 --> 01:54:35,650

a lot of respect for shaver and you know

2691

01:54:41,550 --> 01:54:39,550

this is the kind of you know this kind

2692

01:54:42,810 --> 01:54:41,560

of skews it gives you these guys are

2693

01:54:44,970 --> 01:54:42,820

professional investigators that's what

2694

01:54:46,650 --> 01:54:44,980

they do for a living and they seem to

2695

01:54:47,490 --> 01:54:46,660

think that there's something to a lot of

2696

01:54:50,170 --> 01:54:47,500

what she ever said

2697

01:54:52,210 --> 01:54:50,180

so I guess Jean and

2698

01:54:54,910 --> 01:54:52,220

and and how I let you know sis you guys

2699

01:54:58,240 --> 01:54:54,920

new shavers I probably should put you in

2700

01:54:58,990 --> 01:54:58,250

touch with these two guys sure I'm no

2701  
01:55:02,620 --> 01:54:59,000  
problem with that

2702  
01:55:05,770 --> 01:55:02,630  
you know okay

2703  
01:55:08,500 --> 01:55:05,780  
yeah the outer space okay

2704  
01:55:10,900 --> 01:55:08,510  
a genius might recall a sort of a

2705  
01:55:13,210 --> 01:55:10,910  
duplication of some shavers work

2706  
01:55:15,310 --> 01:55:13,220  
something that when we were

2707  
01:55:18,460 --> 01:55:15,320  
investigating Brown Mountain we ran

2708  
01:55:23,080 --> 01:55:18,470  
across the outer space rock shop museum

2709  
01:55:25,000 --> 01:55:23,090  
run by this very unusual contact II

2710  
01:55:27,490 --> 01:55:25,010  
although his story resembles those

2711  
01:55:29,200 --> 01:55:27,500  
historically under you interviewed him

2712  
01:55:35,080 --> 01:55:29,210  
in fact I've got a photo of you

2713  
01:55:36,480 --> 01:55:35,090

interviewing him please don't know

2714

01:55:38,110 --> 01:55:36,490

listen we're just about out of time

2715

01:55:40,420 --> 01:55:38,120

great photo

2716

01:55:42,160 --> 01:55:40,430

oh is it well yeah but when I look at

2717

01:55:44,380 --> 01:55:42,170

myself today I say well you know I weigh

2718

01:55:46,810 --> 01:55:44,390

about the same but I look a little bit

2719

01:55:49,090 --> 01:55:46,820

older we're just about out of time here

2720

01:55:51,610 --> 01:55:49,100

so rather than start anew another

2721

01:55:52,780 --> 01:55:51,620

subject and be forced to go over another

2722

01:55:55,060 --> 01:55:52,790

six and a half hours

2723

01:55:56,650 --> 01:55:55,070

let me ask each of you separately to

2724

01:55:58,630 --> 01:55:56,660

tell our listeners where they can learn

2725

01:56:01,960 --> 01:55:58,640

more about the things you do my Cleland

2726

01:56:03,670 --> 01:56:01,970

you can look at my blog I have two blogs

2727

01:56:06,730 --> 01:56:03,680

one is illustrations and the other one

2728

01:56:08,440 --> 01:56:06,740

is the sort of paranormal stuff that

2729

01:56:12,940 --> 01:56:08,450

I've been involved in and it's hidden

2730

01:56:14,590 --> 01:56:12,950

experience dot blog spot.com Ellen

2731

01:56:19,450 --> 01:56:14,600

Greenfield where can we find more of

2732

01:56:25,570 --> 01:56:19,460

your work online Google my name is al I

2733

01:56:27,970 --> 01:56:25,580

he in gr EE n fi eld and you will come

2734

01:56:32,680 --> 01:56:27,980

up with two million six hundred and ten

2735

01:56:34,390 --> 01:56:32,690

thousand entries so I'm easy to find we

2736

01:56:34,720 --> 01:56:34,400

know where you are we know where you've

2737

01:56:36,640 --> 01:56:34,730

been

2738

01:56:38,740 --> 01:56:36,650

Michael Mott where can we find more of

2739

01:56:41,200 --> 01:56:38,750

the things that you do well you can find

2740

01:56:43,420 --> 01:56:41,210

pretty much everything in terms of at

2741

01:56:46,750 --> 01:56:43,430

least in terms of links to different

2742

01:56:52,150 --> 01:56:46,760

places of nonfiction and research of

2743

01:56:54,660 --> 01:56:52,160

this nature and which also includes some

2744

01:57:03,759 --> 01:56:54,670

of the elements of this stuff and

2745

01:57:07,419 --> 01:57:03,769

artwork at WWE comm s mo t TI o RP h IC

2746

01:57:09,879 --> 01:57:07,429

DICOM Walter Bosley you're a new friend

2747

01:57:11,500 --> 01:57:09,889

of the show we are happy you came aboard

2748

01:57:13,600 --> 01:57:11,510

even though you came in a few minutes

2749

01:57:17,080 --> 01:57:13,610

later where can we find more of the

2750

01:57:20,319 --> 01:57:17,090

things that you do you well you can find

2751

01:57:23,080 --> 01:57:20,329

my story I referenced that I wrote under

2752

01:57:25,330 --> 01:57:23,090

a guest in Mac Tony's and Nic Redferns

2753

01:57:28,390 --> 01:57:25,340

new books Nick read France contact eBook

2754

01:57:30,220 --> 01:57:28,400

I am scheduled to speak at the Mount

2755

01:57:33,250 --> 01:57:30,230

Hood paranormal conference the weekend

2756

01:57:36,100 --> 01:57:33,260

of April 25th on by the way is when the

2757

01:57:38,319 --> 01:57:36,110

show is actually going to be heard ok

2758

01:57:42,970 --> 01:57:38,329

you can jump ahead of it what do you

2759

01:57:44,830 --> 01:57:42,980

have next I am my book he's speaking on

2760

01:57:46,270 --> 01:57:44,840

the book latitude 33 key to the kingdom

2761

01:57:48,879 --> 01:57:46,280

which talks about interdimensional

2762

01:57:51,040 --> 01:57:48,889

portals and ley line intersections and

2763

01:57:54,220 --> 01:57:51,050

that can be found at Kevin Smith's show

2764

01:57:56,290 --> 01:57:54,230

calm and you can find me on Kevin

2765

01:57:59,169 --> 01:57:56,300

Smith's show a lot and sitting in with

2766

01:58:01,839 --> 01:57:59,179

Greg Bishop and such after that I will

2767

01:58:05,140 --> 01:58:01,849

be speaking in October on the same thing

2768

01:58:06,279 --> 01:58:05,150

at a conference in just outside a

2769

01:58:10,810 --> 01:58:06,289

paranormal conference outside of

2770

01:58:11,319 --> 01:58:10,820

Knoxville Tennessee okay Christopher O

2771

01:58:13,450 --> 01:58:11,329

Brien

2772

01:58:15,370 --> 01:58:13,460

what are you working on what kind our

2773

01:58:17,229 --> 01:58:15,380

listeners check out well of course I do

2774

01:58:19,209 --> 01:58:17,239

have my my latest book which is called

2775

01:58:21,759 --> 01:58:19,219

stocking the tricksters which attempts

2776

01:58:23,799 --> 01:58:21,769

to put a unified field theory for

2777

01:58:26,589 --> 01:58:23,809

paranormal phenomenon out there

2778

01:58:28,419 --> 01:58:26,599

it's a it's a pretty ambitious project

2779

01:58:30,250 --> 01:58:28,429

I've gotten some good feedback on the

2780

01:58:33,009 --> 01:58:30,260

book I have a website it's called our

2781

01:58:35,319 --> 01:58:33,019

strange planet calm we do live in a

2782

01:58:37,959 --> 01:58:35,329

strange planet and there's tons of

2783

01:58:41,200 --> 01:58:37,969

information there my entire database is

2784

01:58:43,180 --> 01:58:41,210

there and and of course I'm always going

2785

01:58:45,220 --> 01:58:43,190

to be found there on the podcast forums

2786

01:58:47,049 --> 01:58:45,230

as well that's right he's also a lot of

2787

01:58:49,839 --> 01:58:47,059

the moderators so if you're a bad boy or

2788

01:58:51,609 --> 01:58:49,849

a bad girl yeah I know how do I know how

2789

01:58:53,020 --> 01:58:51,619

to ban people now that's right I taught

2790

01:58:55,989 --> 01:58:53,030

him how to ban people something that

2791

01:58:59,350 --> 01:58:55,999

Paul Kimble long ago discovered and so

2792

01:59:01,270 --> 01:58:59,360

Paul of course led us in this great

2793

01:59:03,489 --> 01:59:01,280

degree of knowledge as I said in the

2794

01:59:06,310 --> 01:59:03,499

future episode we're going to have Nick

2795

01:59:08,350 --> 01:59:06,320

Redfern to talk about his book about

2796

01:59:11,020 --> 01:59:08,360

contactees and Jim Mosely will be

2797

01:59:13,089 --> 01:59:11,030

joining us the eternal Jim Mosely I want

2798

01:59:15,479 --> 01:59:13,099

to have special thank you for this

2799

01:59:18,690 --> 01:59:15,489

fascinating session to my Cleland

2800

01:59:21,240 --> 01:59:18,700

Allen Greenfield Michael Mott Walter

2801

01:59:24,030 --> 01:59:21,250

Bosley Chris it was a great one wasn't

2802

01:59:28,080 --> 01:59:24,040

it thank you all for joining us thank

2803

01:59:31,160 --> 01:59:28,090

you no thank you guys a really really

2804

01:59:33,660 --> 01:59:31,170

good time on the show I appreciate being

2805

01:59:52,210 --> 01:59:33,670

brought into the fold guys thanks for

2806

01:59:57,350 --> 01:59:55,190

two minutes leave following an adventure
