CHRISTOPHER O'BRIEN,
TED OLIPHANT
and PHILIP HOYLE

1
00:00:15,270 --> 00:00:12,259

[Music]

2
00:00:18,779 --> 00:00:15,280

during the pair cast the gold standard

3
00:00:22,070 --> 00:00:18,789

has paranormal radio and now here's Jim

4
00:00:26,550 --> 00:00:24,660

once again David beanie is taking a

5
00:00:28,410 --> 00:00:26,560

hiatus from the show and I'm frankly

6
00:00:30,150 --> 00:00:28,420

speaking that such a complicated word it

7
00:00:31,830 --> 00:00:30,160

was hard enough for me to say it now

8
00:00:34,229 --> 00:00:31,840

first people say I don't talk enough on

9
00:00:36,870 --> 00:00:34,239

the show but here I am our special guest

10
00:00:39,270 --> 00:00:36,880

host this week is Christopher O'Brien

11
00:00:41,369 --> 00:00:39,280

and we'll be introducing our other guest

12
00:00:43,470 --> 00:00:41,379

shortly now one thing of course is

13
00:00:46,049 --> 00:00:43,480

people have asked me since David is not

14

00:00:47,970 --> 00:00:46,059

here what about the weird voices who's

15

00:00:55,500 --> 00:00:47,980

gonna do the word voices Chris you have

16

00:00:57,930 --> 00:00:55,510

an idea it'd be okay well I think I just

17

00:01:00,569 --> 00:00:57,940

I couldn't help myself you know what I

18

00:01:03,389 --> 00:01:00,579

got a suggestion for you Chris okay okay

19

00:01:05,160 --> 00:01:03,399

don't give up your day job okay do you

20

00:01:07,560 --> 00:01:05,170

have a day job do any of us have a day

21

00:01:10,350 --> 00:01:07,570

job several we all kind of have day jobs

22

00:01:13,469 --> 00:01:10,360

so before we get onto the subject of our

23

00:01:15,300 --> 00:01:13,479

discussion Chris what ever attracted you

24

00:01:17,010 --> 00:01:15,310

to doing this sort of thing instead of a

25

00:01:20,219 --> 00:01:17,020

regular job oh boy that's a loaded

26

00:01:21,120 --> 00:01:20,229

question gene who I gave a New Year's

27

00:01:24,600 --> 00:01:21,130

Eve party

28

00:01:26,340 --> 00:01:24,610

December 31st 1992 and quite a number of

29

00:01:27,930 --> 00:01:26,350

people at the party we're talking in

30

00:01:29,910 --> 00:01:27,940

separate groups about a UFO sighting

31

00:01:32,070 --> 00:01:29,920

that occurred the previous November and

32

00:01:33,570 --> 00:01:32,080

somebody chimed in that that was the

33

00:01:35,699 --> 00:01:33,580

same night that a cattle mutilation have

34

00:01:39,480 --> 00:01:35,709

been reported to counties south of me

35

00:01:41,339 --> 00:01:39,490

and I've been I've been chasing the

36

00:01:44,010 --> 00:01:41,349

phenomenon ever since I that I can

37

00:01:46,499 --> 00:01:44,020

really literally look back at that night

38

00:01:47,730 --> 00:01:46,509

and see when it started for me I've of

39

00:01:50,639 --> 00:01:47,740

course I've known about cattle

40

00:01:53,809 --> 00:01:50,649

mutilations for many years I did follow

41

00:01:56,190 --> 00:01:53,819

newspaper reports back in the 70s and

42

00:01:57,990 --> 00:01:56,200

was aware of the snippy the horse case

43

00:02:01,199 --> 00:01:58,000

which was the seminal first publicized

44

00:02:03,359 --> 00:02:01,209

case back in 67 as a 10 year old kid I

45

00:02:05,969 --> 00:02:03,369

remember hearing about the snippy case

46

00:02:07,529 --> 00:02:05,979

so I've always had an interest in this

47

00:02:09,479 --> 00:02:07,539

subject but it wasn't until I moved to

48

00:02:11,910 --> 00:02:09,489

the San Luis Valley where boy I'll tell

49

00:02:14,180 --> 00:02:11,920

you I really got into it hot and heavy

50

00:02:16,620 --> 00:02:14,190

I personally been involved in

51
00:02:19,589 --> 00:02:16,630
researching or personally investigating

52
00:02:22,050 --> 00:02:19,599
over 200 cases so it's not one of my

53
00:02:23,670 --> 00:02:22,060
favorite pastimes in the world but you

54
00:02:24,780 --> 00:02:23,680
know it's it's a real compelling mystery

55
00:02:27,630 --> 00:02:24,790
and I think today we're really going to

56
00:02:29,280 --> 00:02:27,640
I think educate people about the true

57
00:02:30,390 --> 00:02:29,290
nature of this mystery there's a lot of

58
00:02:32,940 --> 00:02:30,400
misconceptions out there

59
00:02:33,760 --> 00:02:32,950
well you selected a couple of very

60
00:02:36,160 --> 00:02:33,770
anxious

61
00:02:38,380 --> 00:02:36,170
seeing examples of people who were

62
00:02:41,080 --> 00:02:38,390
spending a lot of time investigating

63
00:02:43,750 --> 00:02:41,090

this phenomenon tell us who they are and

64

00:02:49,180 --> 00:02:43,760

why you selected these people to be our

65

00:02:51,430 --> 00:02:49,190

victims well first of all Ted olifant is

66

00:02:54,730 --> 00:02:51,440

someone that I've known for quite some

67

00:02:56,620 --> 00:02:54,740

years we've sort of casually known each

68

00:02:59,680 --> 00:02:56,630

other over the internet and compared

69

00:03:02,200 --> 00:02:59,690

notes for the past 10 or 12 years and

70

00:03:05,770 --> 00:03:02,210

Ted Ted is the ex police chief of fife

71

00:03:09,490 --> 00:03:05,780

Alabama and that area the country had an

72

00:03:10,660 --> 00:03:09,500

amazing deluge of cases that Ted was

73

00:03:13,870 --> 00:03:10,670

very personally involved in

74

00:03:16,090 --> 00:03:13,880

investigating and we've been comparing

75

00:03:19,210 --> 00:03:16,100

notes ever since and I think some of our

76
00:03:20,620 --> 00:03:19,220
thinking very early on was that we were

77
00:03:23,080 --> 00:03:20,630
dealing with something highly complex

78
00:03:25,960 --> 00:03:23,090
that wasn't necessarily due to aliens

79
00:03:30,280 --> 00:03:25,970
coming to gather parts for lip and ice

80
00:03:32,710 --> 00:03:30,290
to or utter souffle and for oil is

81
00:03:34,840 --> 00:03:32,720
someone that's in the trenches as we

82
00:03:38,260 --> 00:03:34,850
speak right now he's been investigating

83
00:03:41,590 --> 00:03:38,270
cases well over 10 years in in the

84
00:03:44,050 --> 00:03:41,600
United Kingdom lately he's been hot and

85
00:03:48,760 --> 00:03:44,060
heavy investigating near the Welsh

86
00:03:50,170 --> 00:03:48,770
border some very complex and puzzling

87
00:03:51,670 --> 00:03:50,180
sheep mutilations that have been

88
00:03:53,980 --> 00:03:51,680

occurring up there and we're gonna

89

00:03:55,660 --> 00:03:53,990

obviously get into all this quite a bit

90

00:03:58,960 --> 00:03:55,670

more during the show I think before we

91

00:04:02,370 --> 00:03:58,970

start what is do you think the biggest

92

00:04:05,350 --> 00:04:02,380

misconception people have about what

93

00:04:16,420 --> 00:04:05,360

causes cattle mutilations Linda Moulton

94

00:04:18,909 --> 00:04:16,430

Howe I think that was Ted laughing um I

95

00:04:20,470 --> 00:04:18,919

do say that in jest Linda was the one

96

00:04:22,930 --> 00:04:20,480

that actually trained me to be a field

97

00:04:25,720 --> 00:04:22,940

investigator in this realm and much to

98

00:04:27,490 --> 00:04:25,730

her credit she did bring me up to speed

99

00:04:28,510 --> 00:04:27,500

on what to do and how to do it when I

100

00:04:31,300 --> 00:04:28,520

was out in the field

101

00:04:33,659 --> 00:04:31,310

it's just when our impressions of what

102

00:04:36,460 --> 00:04:33,669

we were uncovering in our

103

00:04:39,010 --> 00:04:36,470

conceptualizing about what or who could

104

00:04:42,580 --> 00:04:39,020

be behind these cases began to diverge

105

00:04:44,200 --> 00:04:42,590

then then I became I guess in Linda's

106

00:04:46,809 --> 00:04:44,210

eyes possibly part of the problem

107

00:04:49,120 --> 00:04:46,819

part of any solution having said that I

108

00:04:50,920 --> 00:04:49,130

think the popular misconception that

109

00:04:53,950 --> 00:04:50,930

aliens are coming from another planet

110

00:04:56,860 --> 00:04:53,960

and harvesting soft tissue organs from

111

00:04:59,920 --> 00:04:56,870

various types of livestock I feel is an

112

00:05:02,050 --> 00:04:59,930

unfounded theory I don't think that

113

00:05:04,089 --> 00:05:02,060

there's a shred of evidence that would

114

00:05:05,680 --> 00:05:04,099

support that we do have evidence that

115

00:05:08,050 --> 00:05:05,690

something highest range and possibly

116

00:05:11,170 --> 00:05:08,060

paranormal is occurring but there is no

117

00:05:13,420 --> 00:05:11,180

real smoking-gun hard data evidence that

118

00:05:15,640 --> 00:05:13,430

we're being visited by beings from other

119

00:05:18,339 --> 00:05:15,650

star systems that are involved in these

120

00:05:20,110 --> 00:05:18,349

cases that's not to say that the UFOs

121

00:05:22,240 --> 00:05:20,120

aren't seen around mutilation sites and

122

00:05:23,980 --> 00:05:22,250

even aliens have been alien type beings

123

00:05:26,320 --> 00:05:23,990

have been reported around around

124

00:05:28,810 --> 00:05:26,330

mutilation sites very rarely but they

125

00:05:30,460 --> 00:05:28,820

have been reported so I think the

126

00:05:33,700 --> 00:05:30,470

biggest misconception I think is that

127

00:05:35,950 --> 00:05:33,710

these cases have a one-size-fits-all

128

00:05:38,320 --> 00:05:35,960

solution that has to do with aliens well

129

00:05:40,719 --> 00:05:38,330

let's start pursuing this here by simply

130

00:05:43,149 --> 00:05:40,729

asking the obvious questions let's get

131

00:05:46,899 --> 00:05:43,159

our guests on board here 1000 fans

132

00:05:49,210 --> 00:05:46,909

welcome to the power cast Ted as a

133

00:05:52,600 --> 00:05:49,220

sheriff is that where you first got

134

00:05:54,520 --> 00:05:52,610

involved in doing investigations in the

135

00:05:56,260 --> 00:05:54,530

cow mutilations was a part of your work

136

00:05:58,149 --> 00:05:56,270

or something that you developed an

137

00:06:01,439 --> 00:05:58,159

interest in in otherwise you know I I

138

00:06:04,390 --> 00:06:01,449

have to say in 1990 I made a documentary

139

00:06:07,270 --> 00:06:04,400

UFOs in need to know which made the

140

00:06:09,700 --> 00:06:07,280

rounds pretty well sold well and we had

141

00:06:12,939 --> 00:06:09,710

done an interview with Linda Howe in

142

00:06:14,529 --> 00:06:12,949

that documentary as we did an interview

143

00:06:16,719 --> 00:06:14,539

with Bob Lazar

144

00:06:19,629 --> 00:06:16,729

a lot of the people from Rosalynn a nice

145

00:06:21,279 --> 00:06:19,639

girl so the first time I encountered the

146

00:06:22,420 --> 00:06:21,289

subject matter is when we included an

147

00:06:26,439 --> 00:06:22,430

interview of Linda Howe in our

148

00:06:32,890 --> 00:06:26,449

documentary that was 1990 I was a police

149

00:06:34,990 --> 00:06:32,900

officer in 1992-1993 when and actually

150

00:06:38,230 --> 00:06:35,000

before that too but I actually didn't

151
00:06:39,700 --> 00:06:38,240
see Academy's license until somebody

152
00:06:42,370 --> 00:06:39,710
called me up and said hey there's a

153
00:06:46,659 --> 00:06:42,380
mutilated cow in my field can you come

154
00:06:48,879 --> 00:06:46,669
what that was 1992 an Alabama then this

155
00:06:51,090 --> 00:06:48,889
is an Alabama I'm a police officer in

156
00:06:52,050 --> 00:06:51,100
five Alabama at the time so again

157
00:06:54,030 --> 00:06:52,060
not something I went looking for

158
00:06:55,350 --> 00:06:54,040
something that you know got habits and

159
00:06:57,420 --> 00:06:55,360
you as a police officer

160
00:07:00,090 --> 00:06:57,430
okay well that's also part of the

161
00:07:02,340 --> 00:07:00,100
problem here as someone who is a law

162
00:07:05,100 --> 00:07:02,350
enforcement officer do you find it

163
00:07:11,700 --> 00:07:05,110

difficult to express any desire to take

164

00:07:14,940 --> 00:07:11,710

UFO seriously UFOs the subject matter is

165

00:07:16,620 --> 00:07:14,950

it's nothing new and certainly nothing

166

00:07:18,960 --> 00:07:16,630

new to the police officers a five

167

00:07:23,460 --> 00:07:18,970

Alabama or a northeast Alabama in

168

00:07:26,520 --> 00:07:23,470

general my boss has seen my video J's

169

00:07:29,160 --> 00:07:26,530

ones so yeah the UFOs are certainly

170

00:07:31,710 --> 00:07:29,170

there but we never had UFOs and cattle

171

00:07:33,540 --> 00:07:31,720

mutilations at the same time so we can

172

00:07:35,790 --> 00:07:33,550

never link that the two things together

173

00:07:38,310 --> 00:07:35,800

I remember when we first had the cattle

174

00:07:40,680 --> 00:07:38,320

mutilations people said oh it's UFOs and

175

00:07:43,260 --> 00:07:40,690

aliens are doing this other people would

176

00:07:46,230 --> 00:07:43,270

say oh no it's a satanic cult doing this

177

00:07:47,430 --> 00:07:46,240

they're making sacrifices and some

178

00:07:49,380 --> 00:07:47,440

people say on those that the worker

179

00:07:51,030 --> 00:07:49,390

coyotes are often people would say oh

180

00:07:54,060 --> 00:07:51,040

it's just not happening they're always

181

00:07:56,130 --> 00:07:54,070

the crazy people but so we had UFOs we

182

00:07:57,810 --> 00:07:56,140

had cattle mutilations not in the same

183

00:07:59,190 --> 00:07:57,820

place at the same time all right well

184

00:08:01,200 --> 00:07:59,200

let's start looking at the

185

00:08:03,960 --> 00:08:01,210

misconceptions as we were talking about

186

00:08:07,800 --> 00:08:03,970

with Chris here okay so it's not a demon

187

00:08:08,580 --> 00:08:07,810

cult okay now why do we know it's not a

188

00:08:11,040 --> 00:08:08,590

demon cult

189

00:08:13,470 --> 00:08:11,050

well those sort of people unless

190

00:08:14,670 --> 00:08:13,480

traditional religions particularly

191

00:08:16,860 --> 00:08:14,680

noticed a two helical so you do

192

00:08:18,390 --> 00:08:16,870

everything in secret and they don't do

193

00:08:19,560 --> 00:08:18,400

it where they can be seen and when they

194

00:08:21,120 --> 00:08:19,570

get through doing what they're doing

195

00:08:23,880 --> 00:08:21,130

they don't believe anything behind to be

196

00:08:26,790 --> 00:08:23,890

seen the animals that we encountered

197

00:08:28,380 --> 00:08:26,800

certainly were left behind intentionally

198

00:08:30,870 --> 00:08:28,390

there and somebody wanted to see this

199

00:08:33,420 --> 00:08:30,880

this is a shot that way originally

200

00:08:35,339 --> 00:08:33,430

called a campaign of terror and she was

201

00:08:38,040 --> 00:08:35,349

actually the first person to report on

202

00:08:41,790 --> 00:08:38,050

this TV show with Rod Serling and Britt

203

00:08:45,000 --> 00:08:41,800

asperities and Jose Ferrer was called

204

00:08:46,860 --> 00:08:45,010

UFOs it has begun also was known as UFOs

205

00:08:48,450 --> 00:08:46,870

then now which dog spotlight was in this

206

00:08:50,520 --> 00:08:48,460

show he was the first one to propose

207

00:08:53,330 --> 00:08:50,530

that there possibly could be a link

208

00:08:55,490 --> 00:08:53,340

between the cattle mutilations

209

00:08:57,110 --> 00:08:55,500

and UFO phenomena that was he was the

210

00:08:59,570 --> 00:08:57,120

first person to traduction subject

211

00:09:02,480 --> 00:08:59,580

matter as that so all credit goes to him

212

00:09:05,390 --> 00:09:02,490

on that okay so let's take a look at the

213

00:09:09,400 --> 00:09:05,400

serious nature then is it the UFO people

214

00:09:13,130 --> 00:09:09,410

or the UFO things entities or whatever

215

00:09:18,730 --> 00:09:13,140

UFOs calculations in place at the same

216

00:09:21,200 --> 00:09:18,740

time we have we never had any cases that

217

00:09:23,750 --> 00:09:21,210

conclusively linked it but we did have a

218

00:09:25,910 --> 00:09:23,760

couple of cases then we have a very

219

00:09:27,769 --> 00:09:25,920

strange in terms of physical evidence it

220

00:09:30,530 --> 00:09:27,779

was left behind and let people wonder

221

00:09:32,300 --> 00:09:30,540

all right let's look at the traces

222

00:09:36,290 --> 00:09:32,310

looking at the evidence left behind is

223

00:09:38,810 --> 00:09:36,300

it just a cow a cow that's been torn to

224

00:09:42,680 --> 00:09:38,820

shreds or what is it what's the specific

225

00:09:44,510 --> 00:09:42,690

well the CSI type analysis of this well

226

00:09:47,360 --> 00:09:44,520

you're talking about number one these

227

00:09:49,310 --> 00:09:47,370

are crimes they're felony crimes cruelty

228

00:09:50,750 --> 00:09:49,320

to animals though you're dealing with a

229

00:09:53,120 --> 00:09:50,760

crime scene what do you do with the

230

00:09:55,670 --> 00:09:53,130

crime scene you recover physical

231

00:09:57,890 --> 00:09:55,680

evidence you then subjected to forensic

232

00:09:59,630 --> 00:09:57,900

and scientific analysis in the lab or or

233

00:10:01,610 --> 00:09:59,640

everything the materials to recover has

234

00:10:03,650 --> 00:10:01,620

to go it to be identified and then you

235

00:10:06,079 --> 00:10:03,660

approach it as I declare those Sherlock

236

00:10:08,120 --> 00:10:06,089

Holmes would you rule out one suspect

237

00:10:09,920 --> 00:10:08,130

one by one by one until you have

238

00:10:13,600 --> 00:10:09,930

whatever is left and that must be the

239

00:10:15,800 --> 00:10:13,610

answer so it's deductive reasoning and

240

00:10:19,190 --> 00:10:15,810

so your choices are

241

00:10:20,120 --> 00:10:19,200

it's the aliens and UFOs it's a satanic

242

00:10:23,420 --> 00:10:20,130

cult

243

00:10:26,300 --> 00:10:23,430

it's coyotes scavengers and predators or

244

00:10:29,090 --> 00:10:26,310

it's your taxes always at work so you

245

00:10:30,620 --> 00:10:29,100

deduct that which does not fit and

246

00:10:33,890 --> 00:10:30,630

whatever's left over must be the answer

247

00:10:38,360 --> 00:10:33,900

all right so let's look at what doesn't

248

00:10:40,820 --> 00:10:38,370

fit it's not obviously the demon

249

00:10:44,150 --> 00:10:40,830

worshippers what else doesn't fit well

250

00:10:46,430 --> 00:10:44,160

the Coyotes and predators and scavengers

251
00:10:48,350 --> 00:10:46,440
that doesn't fit either because whatever

252
00:10:50,990 --> 00:10:48,360
has been done of these animals has been

253
00:10:53,180 --> 00:10:51,000
done with some degree of precision

254
00:10:54,890 --> 00:10:53,190
organs and tissue samples have been

255
00:10:57,470 --> 00:10:54,900
removed and there's no blood there's

256
00:10:59,210 --> 00:10:57,480
sharp edges at the incision is often

257
00:11:00,569 --> 00:10:59,220
evidence of high heat on the animals

258
00:11:02,639 --> 00:11:00,579
themselves

259
00:11:04,889 --> 00:11:02,649
doesn't seem to be very much physical

260
00:11:07,619 --> 00:11:04,899
evidence that at the scene other than

261
00:11:09,780 --> 00:11:07,629
they have old self for our one occasion

262
00:11:13,129 --> 00:11:09,790
we did recover a material that was

263
00:11:15,539 --> 00:11:13,139

aluminum titanium oxygen and so it's on

264

00:11:17,939 --> 00:11:15,549

much of the composition of like the

265

00:11:19,650 --> 00:11:17,949

esthetic pencil that our favorite uses

266

00:11:20,999 --> 00:11:19,660

to stop the bleeding

267

00:11:22,710 --> 00:11:21,009

let's just cut himself with this razor

268

00:11:24,989 --> 00:11:22,720

with the white pencil and stops bleeding

269

00:11:27,090 --> 00:11:24,999

sure we covered one of the crime scenes

270

00:11:30,660 --> 00:11:27,100

I was very very similar to that aluminum

271

00:11:32,819 --> 00:11:30,670

titanium oxygen and silicon now it did

272

00:11:35,819 --> 00:11:32,829

behave rather strangely once it was

273

00:11:37,979 --> 00:11:35,829

recovered I put it in a plastic bag like

274

00:11:40,289 --> 00:11:37,989

I see something wrapper from I'll say

275

00:11:41,609 --> 00:11:40,299

you guys to keep it safe and put in my

276

00:11:43,470 --> 00:11:41,619

pocket and drove back to the police

277

00:11:45,869 --> 00:11:43,480

station when I took it back to the

278

00:11:47,400 --> 00:11:45,879

police station and took it out of my

279

00:11:50,519 --> 00:11:47,410

pocket I was actually on the phone with

280

00:11:52,079 --> 00:11:50,529

the Holika time and I couldn't get all

281

00:11:53,369 --> 00:11:52,089

the material out of the plastic and I

282

00:11:56,489 --> 00:11:53,379

touched it with the tip of a ballpoint

283

00:11:59,189 --> 00:11:56,499

pen which is brass and when that metal

284

00:12:01,439 --> 00:11:59,199

hit the substance it melted in a

285

00:12:05,340 --> 00:12:01,449

clearing into a clear little striations

286

00:12:07,859 --> 00:12:05,350

well what substance it was a luminol

287

00:12:09,569 --> 00:12:07,869

titanium oxygen silicon it looked like

288

00:12:11,999 --> 00:12:09,579

the center of an Oreo cookie when we

289

00:12:14,549 --> 00:12:12,009

found it on the crime scene and why you

290

00:12:16,259 --> 00:12:14,559

came in contact with metal it turned

291

00:12:18,989 --> 00:12:16,269

into a clear liquid so the material I

292

00:12:21,419 --> 00:12:18,999

was able to cover up with glass it was

293

00:12:22,979 --> 00:12:21,429

sent off to a David Pritchard MIT and

294

00:12:25,829 --> 00:12:22,989

other universities they said it was a

295

00:12:27,960 --> 00:12:25,839

little titanium oxygen and silicon and

296

00:12:29,759 --> 00:12:27,970

David Pritchard MIT thought that for it

297

00:12:31,799 --> 00:12:29,769

to behave the way they did when I told

298

00:12:34,109 --> 00:12:31,809

it it melted much touched it with metal

299

00:12:36,030 --> 00:12:34,119

he said it was probably held together

300

00:12:37,769 --> 00:12:36,040

with electrostatic charge when I had

301

00:12:40,109 --> 00:12:37,779

with them that with grounded it just

302

00:12:42,449 --> 00:12:40,119

turned into liquid really strange

303

00:12:47,489 --> 00:12:42,459

anything that is strange enough to

304

00:12:50,939 --> 00:12:47,499

indicate an on to rest fuel origin when

305

00:12:52,340 --> 00:12:50,949

I was up there in Alabama but nothing to

306

00:12:55,499 --> 00:12:52,350

suggest

307

00:12:57,629 --> 00:12:55,509

number one a UFO no but services just

308

00:12:59,729 --> 00:12:57,639

beans from the your phone and number

309

00:13:02,429 --> 00:12:59,739

three to say that the beans from the UFO

310

00:13:02,819 --> 00:13:02,439

and extraterrestrial so no nothing like

311

00:13:04,530 --> 00:13:02,829

that

312

00:13:06,329 --> 00:13:04,540

what was so strange was the lack of

313

00:13:08,429 --> 00:13:06,339

physical evidence left at the crime

314

00:13:11,249 --> 00:13:08,439

scene very seldom was there anything

315

00:13:12,960 --> 00:13:11,259

other than the animal itself most of

316

00:13:13,860 --> 00:13:12,970

these mutilations seem to have two three

317

00:13:18,750 --> 00:13:13,870

o'clock in the

318

00:13:20,130 --> 00:13:18,760

and just absence of evidence and the

319

00:13:21,420 --> 00:13:20,140

fact that it happens in all the night

320

00:13:23,880 --> 00:13:21,430

and that we heard anything

321

00:13:25,140 --> 00:13:23,890

let's lots of speculation in a lot of

322

00:13:26,920 --> 00:13:25,150

different directions I'll just leave it

323

00:13:30,650 --> 00:13:26,930

I do Ted first of all just to give the

understanding of your involvement in

00:15:36,580 --> 00:15:34,940

these cases about how many cases were

361

00:15:41,830 --> 00:15:36,590

you personally involved with in that

362

that area northeast Alabama 1982 to 1993

363

00:15:45,580 --> 00:15:43,940

I believe the first one was October 2006

364

00:15:48,430 --> 00:15:45,590

92 is the first one we discovered

365

00:15:51,280 --> 00:15:48,440

reported by our businessman John strong

366

00:15:53,440 --> 00:15:51,290

in Albertville Alabama - the last one

367

00:15:58,030 --> 00:15:53,450

which I was going to say about mid April

368

00:16:00,460 --> 00:15:58,040

1993 36 cases and six months now these

369

00:16:03,070 --> 00:16:00,470

are the cases that were reported by the

370

00:16:05,470 --> 00:16:03,080

farmers in any case were not reported at

371

00:16:09,480 --> 00:16:05,480

all and I think that happens an awful

372

00:16:13,180 --> 00:16:09,490

lot since then I went back to Alabama in

373

00:16:15,730 --> 00:16:13,190

2002 mutilation started almost

374

00:16:18,790 --> 00:16:15,740

immediately after I arrived there with a

375

00:16:21,010 --> 00:16:18,800

film crew and we stumbled a car across

376

00:16:23,050 --> 00:16:21,020

three cases we were there I've also seen

377

00:16:25,270 --> 00:16:23,060

cases in Northern California in between

378

00:16:28,060 --> 00:16:25,280

times but during the peak I'd say you

379

00:16:30,250 --> 00:16:28,070

know 36 cases in sponsoring those again

380

00:16:32,650 --> 00:16:30,260

are the ones that get reportedly many

381

00:16:34,060 --> 00:16:32,660

cases go without being reported well I

382

00:16:35,800 --> 00:16:34,070

have a quick question for you

383

00:16:37,510 --> 00:16:35,810

well first of all an observation let's

384

00:16:40,210 --> 00:16:37,520

go ahead I think and bring the audience

385

00:16:43,300 --> 00:16:40,220

up to speed and kind of define I think

386

00:16:45,340 --> 00:16:43,310

what a classic mutilation is considered

387

00:16:48,580 --> 00:16:45,350

to be by investigators so how would you

388

00:16:49,750 --> 00:16:48,590

define a true cattle mutilation so what

389

00:16:52,290 --> 00:16:49,760

I've seen

390

00:16:57,580 --> 00:16:52,300

there seems to be variations on a theme

391

00:16:59,770 --> 00:16:57,590

typically when I saw was an incision in

392

00:17:02,980 --> 00:16:59,780

the mouth area internal and external

393

00:17:05,949 --> 00:17:02,990

like your great the oval decided a

394

00:17:07,960 --> 00:17:05,959

little football head place tissue you

395

00:17:11,199 --> 00:17:07,970

know hide and hair I removed from the

396

00:17:14,470 --> 00:17:11,209

jaw area typically sex organs are

397

00:17:17,199 --> 00:17:14,480

removed males and females when they call

398

00:17:19,540 --> 00:17:17,209

it a stovepipe incision something gone

399

00:17:21,490 --> 00:17:19,550

in taking out a large core and removed

400

00:17:23,410 --> 00:17:21,500

from the animal again without blood at

401
00:17:25,689 --> 00:17:23,420
the excision language is strange others

402
00:17:28,110 --> 00:17:25,699
are sometimes removed or pieces of the

403
00:17:31,630 --> 00:17:28,120
utters there's sections of the others

404
00:17:34,810 --> 00:17:31,640
individual teats removed the rear end of

405
00:17:38,830 --> 00:17:34,820
the animal typically is sex organs

406
00:17:41,530 --> 00:17:38,840
removed and you can release these parts

407
00:17:44,830 --> 00:17:41,540
those top are stove-piped decisions you

408
00:17:47,080 --> 00:17:44,840
know males and females I've also seen in

409
00:17:50,620 --> 00:17:47,090
goats and I know there's been cases of

410
00:17:53,320 --> 00:17:50,630
burrows and even a squirrel so very very

411
00:17:55,180 --> 00:17:53,330
strange adopted it's typically large

412
00:17:58,060 --> 00:17:55,190
exhibition on the animal organs are just

413
00:18:00,280 --> 00:17:58,070

removed bloodless incision that's about

414

00:18:00,490 --> 00:18:00,290

project okay yeah I would agree with

415

00:18:02,710 --> 00:18:00,500

that

416

00:18:04,900 --> 00:18:02,720

I'm also an observation I would have is

417

00:18:07,240 --> 00:18:04,910

is oftentimes the soft tissue organs

418

00:18:10,300 --> 00:18:07,250

that are removed tend to be the one the

419

00:18:13,450 --> 00:18:10,310

organs that humans develop cancer in the

420

00:18:15,100 --> 00:18:13,460

most is one observation that I've had

421

00:18:17,800 --> 00:18:15,110

over the years in the many cases that

422

00:18:20,620 --> 00:18:17,810

I've investigated what do you say Ted to

423

00:18:22,780 --> 00:18:20,630

people that that are skeptical of this

424

00:18:25,690 --> 00:18:22,790

whole thing and and try to Palm it off

425

00:18:30,180 --> 00:18:25,700

as just being unusual scavenger action I

426

00:18:34,470 --> 00:18:30,190

mean what is your stock response to that

427

00:18:38,050 --> 00:18:34,480

first involved in the investigation

428

00:18:41,560 --> 00:18:38,060

about mammal I've seen at a crime scene

429

00:18:44,170 --> 00:18:41,570

well misperceptions about what it is I

430

00:18:46,240 --> 00:18:44,180

still think there's a lot of that you've

431

00:18:48,160 --> 00:18:46,250

got you know the skeptic Society to say

432

00:18:48,880 --> 00:18:48,170

there are no cattle mutilations which

433

00:18:52,120 --> 00:18:48,890

isn't crazy

434

00:18:53,860 --> 00:18:52,130

we got police departments were whining

435

00:18:56,260 --> 00:18:53,870

the public not to be fan base and

436

00:18:59,530 --> 00:18:56,270

saluted mister information wasting there

437

00:19:01,390 --> 00:18:59,540

are now relations the farmers are

438

00:19:02,000 --> 00:19:01,400

certainly not skeptics about because

439

00:19:03,650 --> 00:19:02,010

they're the

440

00:19:05,330 --> 00:19:03,660

no there's a difference between what's

441

00:19:07,010 --> 00:19:05,340

happened to their animal and what

442

00:19:09,920 --> 00:19:07,020

normally happens to animals and that's

443

00:19:11,330 --> 00:19:09,930

your first cue that there's something

444

00:19:12,920 --> 00:19:11,340

different going on here the farm is the

445

00:19:14,270 --> 00:19:12,930

same Ian watch this I've never seen this

446

00:19:18,110 --> 00:19:14,280

before I've been doing this forever

447

00:19:19,610 --> 00:19:18,120

so misinformation there's got to be the

448

00:19:21,400 --> 00:19:19,620

best friend and the people who are

449

00:19:23,570 --> 00:19:21,410

actually responsible for these crimes

450

00:19:25,400 --> 00:19:23,580

they just gotta be through all the way

451
00:19:27,680 --> 00:19:25,410
people say oh it's aliens or just

452
00:19:29,840 --> 00:19:27,690
satanic Oulton you know the blame is

453
00:19:31,820 --> 00:19:29,850
always thrown in the direction now other

454
00:19:33,290 --> 00:19:31,830
than theirs they've whoever's doing this

455
00:19:35,180 --> 00:19:33,300
this guy what they call plausible

456
00:19:36,770 --> 00:19:35,190
deniability because they're weird so

457
00:19:38,840 --> 00:19:36,780
it's reducing such and such are we doing

458
00:19:41,240 --> 00:19:38,850
that so they've got built-in defense

459
00:19:44,300 --> 00:19:41,250
mechanism just by what they're doing you

460
00:19:46,520 --> 00:19:44,310
know yeah as I used to say about some of

461
00:19:48,650 --> 00:19:46,530
the crazy cases you know the crazy

462
00:19:51,140 --> 00:19:48,660
theories gay momentum just by their very

463
00:19:53,690 --> 00:19:51,150

existence got a life of their own and

464

00:19:55,760 --> 00:19:53,700

the seems to be a secretary would used

465

00:19:57,920 --> 00:19:55,770

to have more of a life of its own in

466

00:20:01,430 --> 00:19:57,930

terms of the misinformation but I think

467

00:20:04,010 --> 00:20:01,440

we hear less of it being connected with

468

00:20:06,260 --> 00:20:04,020

UFOs and aliens now back with that said

469

00:20:08,270 --> 00:20:06,270

I've got to say that there are certainly

470

00:20:12,170 --> 00:20:08,280

some cases I can tell you about where a

471

00:20:13,940 --> 00:20:12,180

paranormal phenomenon was reported at

472

00:20:16,340 --> 00:20:13,950

the scene or near the scene about the

473

00:20:18,740 --> 00:20:16,350

time of these cases appeared so I keep

474

00:20:21,320 --> 00:20:18,750

an open mind but as a police officer

475

00:20:22,430 --> 00:20:21,330

when I was leaving these cases I will

476

00:20:26,450 --> 00:20:22,440

look at a suspect

477

00:20:28,220 --> 00:20:26,460

other than the two-legged kinda

478

00:20:30,140 --> 00:20:28,230

communities got a problem if the top is

479

00:20:32,750 --> 00:20:30,150

preoccupied with saying all aliens are

480

00:20:34,520 --> 00:20:32,760

doing this you know whatever it is you

481

00:20:36,680 --> 00:20:34,530

know it's happening on the ground and

482

00:20:39,290 --> 00:20:36,690

somebody's we talking rabbits and almost

483

00:20:40,970 --> 00:20:39,300

so what 40 years of this no one's ever

484

00:20:43,850 --> 00:20:40,980

been kind and that adds to the mystery

485

00:20:45,680 --> 00:20:43,860

too and certainly on some occasions UFOs

486

00:20:49,070 --> 00:20:45,690

seem to appear before or after these

487

00:20:50,960 --> 00:20:49,080

cases happen and that really yeah these

488

00:20:52,880 --> 00:20:50,970

up the water tremendously and for you

489

00:20:54,020 --> 00:20:52,890

know people who are trying to find out

490

00:20:55,760 --> 00:20:54,030

what's going on they get all these

491

00:20:57,110 --> 00:20:55,770

diversions and it throws them off it

492

00:21:00,050 --> 00:20:57,120

seems to be part of it all the time I

493

00:21:01,970 --> 00:21:00,060

think I'll tell you about some of the

494

00:21:04,280 --> 00:21:01,980

strange things I gone over there in the

495

00:21:06,770 --> 00:21:04,290

UK you know what okay that's the

496

00:21:08,300 --> 00:21:06,780

introduction Phil thanks for coming

497

00:21:10,370 --> 00:21:08,310

along on this week's episode of the

498

00:21:12,530 --> 00:21:10,380

podcast before you talk about some of

499

00:21:13,480 --> 00:21:12,540

the cases how did you get dragged into

500

00:21:16,630 --> 00:21:13,490

research

501
00:21:19,150 --> 00:21:16,640
calamy relations well it was a situation

502
00:21:22,870 --> 00:21:19,160
really that I was heavily involved in

503
00:21:24,280 --> 00:21:22,880
UFO investigations anyway and obviously

504
00:21:27,180 --> 00:21:24,290
that we were fully aware of what was

505
00:21:30,100 --> 00:21:27,190
happening in in the united states and in

506
00:21:31,870 --> 00:21:30,110
inside of america regarding that if the

507
00:21:35,260 --> 00:21:31,880
hammer mutilations obviously in

508
00:21:39,100 --> 00:21:35,270
particular with cattle we suddenly

509
00:21:41,860 --> 00:21:39,110
became aware in the the mid-90s of the

510
00:21:44,380 --> 00:21:41,870
number of cases that mimicked the kind

511
00:21:45,610 --> 00:21:44,390
of procedures are that were being

512
00:21:48,370 --> 00:21:45,620
discovered obviously in the in the

513
00:21:51,190 --> 00:21:48,380

united states so that was when the alarm

514

00:21:53,320 --> 00:21:51,200

bells started the first ring and we

515

00:21:55,210 --> 00:21:53,330

started to make inquiries then and to

516

00:21:56,830 --> 00:21:55,220

follow up on a number of cases and then

517

00:21:58,720 --> 00:21:56,840

obviously we could see you graphically

518

00:22:00,370 --> 00:21:58,730

that the kind of injuries that we were

519

00:22:03,549 --> 00:22:00,380

so we were actually seeing at the farms

520

00:22:06,970 --> 00:22:03,559

where identical in many many ways to the

521

00:22:10,049 --> 00:22:06,980

states although it was mainly to do with

522

00:22:14,380 --> 00:22:10,059

sheep here not cattle there are a few

523

00:22:16,840 --> 00:22:14,390

cattle reports but nothing like like

524

00:22:20,080 --> 00:22:16,850

like in the US but i mean obviously my

525

00:22:21,730 --> 00:22:20,090

involvement with the UFO subject it was

526

00:22:24,580 --> 00:22:21,740

one that led to that who our

527

00:22:27,610 --> 00:22:24,590

investigations been expanded and and

528

00:22:29,020 --> 00:22:27,620

then so obviously we have all the time

529

00:22:31,540 --> 00:22:29,030

try to keep an open mind because like

530

00:22:33,100 --> 00:22:31,550

ted says you can really if you don't

531

00:22:35,890 --> 00:22:33,110

keep an open mind and start from scratch

532

00:22:37,720 --> 00:22:35,900

you can actually build on the mistakes

533

00:22:40,540 --> 00:22:37,730

of maybe others before there's been

534

00:22:42,580 --> 00:22:40,550

before you and and then you really need

535

00:22:44,020 --> 00:22:42,590

to go back to basics and reevaluate

536

00:22:46,360 --> 00:22:44,030

everything that you're coming into

537

00:22:48,580 --> 00:22:46,370

contact with because the subject is so

538

00:22:51,010 --> 00:22:48,590

complex if it was easy to solve it would

539

00:22:52,660 --> 00:22:51,020

have been sold before now you know raise

540

00:22:54,070 --> 00:22:52,670

one issue they're filled which i wanted

541

00:22:56,590 --> 00:22:54,080

to kind of follow up on before we go on

542

00:22:59,140 --> 00:22:56,600

the mistakes that people have made in

543

00:23:01,120 --> 00:22:59,150

doing this kind of research so from your

544

00:23:02,890 --> 00:23:01,130

point of view what kind of mistakes have

545

00:23:05,770 --> 00:23:02,900

been made the things that have just

546

00:23:09,310 --> 00:23:05,780

basically made the research go nowhere

547

00:23:11,110 --> 00:23:09,320

or backwards well i i'm basically

548

00:23:13,660 --> 00:23:11,120

referring to what's gone in in the UK

549

00:23:15,130 --> 00:23:13,670

and as much that a lot of times there's

550

00:23:17,049 --> 00:23:15,140

been cases brought to people's attention

551

00:23:19,450 --> 00:23:17,059

where they haven't been fully

552

00:23:21,730 --> 00:23:19,460

investigated in any shape or form on a

553

00:23:23,350 --> 00:23:21,740

scientific level information has been

554

00:23:25,260 --> 00:23:23,360

passed to people have been involved in

555

00:23:27,180 --> 00:23:25,270

the UFO phenomena

556

00:23:30,630 --> 00:23:27,190

and virtually this information has been

557

00:23:33,419 --> 00:23:30,640

passed by phone or by post now you

558

00:23:35,460 --> 00:23:33,429

cannot make it a proper evaluation of

559

00:23:37,110 --> 00:23:35,470

what's taking place about making taking

560

00:23:39,419 --> 00:23:37,120

interviews from people that might have

561

00:23:43,320 --> 00:23:39,429

lived in the area the farmers anything

562

00:23:46,980 --> 00:23:43,330

that's been cited or observed that's

563

00:23:49,049 --> 00:23:46,990

unusual you need you need hands-on in

564

00:23:50,820 --> 00:23:49,059

the environment you need to see the

565

00:23:52,500 --> 00:23:50,830

carcasses you need to to see these

566

00:23:55,049 --> 00:23:52,510

things in front of you that you know and

567

00:23:56,880 --> 00:23:55,059

they are quite quite baffling when you

568

00:23:59,430 --> 00:23:56,890

see some of the injuries now what I'm

569

00:24:01,860 --> 00:23:59,440

getting at is if you've got people are

570

00:24:04,850 --> 00:24:01,870

involved in in this phenomena and and

571

00:24:07,590 --> 00:24:04,860

making reports over the phone or by mail

572

00:24:09,810 --> 00:24:07,600

there are assumptions that you know

573

00:24:11,820 --> 00:24:09,820

people are jumping to there's not enough

574

00:24:13,380 --> 00:24:11,830

information for a valid report and if

575

00:24:14,970 --> 00:24:13,390

you've got that and then other people

576

00:24:16,590 --> 00:24:14,980

come in afterwards after these people

577

00:24:18,630 --> 00:24:16,600

are retired or whatever well then

578

00:24:20,220 --> 00:24:18,640

obviously you know people are taking for

579

00:24:23,190 --> 00:24:20,230

granted that these this research has

580

00:24:25,860 --> 00:24:23,200

been done in a scientific manner and a

581

00:24:29,580 --> 00:24:25,870

Nataniel has not been it's we haven't

582

00:24:32,490 --> 00:24:29,590

got anything like the facilities or the

583

00:24:35,639 --> 00:24:32,500

cooperation with law enforcement source

584

00:24:37,409 --> 00:24:35,649

or vets that you have it ad in the US so

585

00:24:39,060 --> 00:24:37,419

what I'm basically saying is all the

586

00:24:41,430 --> 00:24:39,070

time you must keep your mind open that

587

00:24:44,130 --> 00:24:41,440

you've got to reevaluate and take take

588

00:24:46,710 --> 00:24:44,140

onboard new parts of the puzzle yeah I

589

00:24:48,750 --> 00:24:46,720

think that's a very good point one of

590

00:24:51,840 --> 00:24:48,760

the things that I've noticed is when the

591

00:24:54,149 --> 00:24:51,850

media gets involved in publicizing some

592

00:24:56,789 --> 00:24:54,159

of an outbreak let's say of a series of

593

00:24:58,950 --> 00:24:56,799

these cases it tends to bring out

594

00:25:02,460 --> 00:24:58,960

misidentified scavenger action and

595

00:25:04,529 --> 00:25:02,470

amateur appraisals of this types of this

596

00:25:06,360 --> 00:25:04,539

type of scavenger action that appears

597

00:25:08,279 --> 00:25:06,370

high strange to the untrained eye and

598

00:25:10,440 --> 00:25:08,289

then all of a sudden you seem to to have

599

00:25:13,889 --> 00:25:10,450

a whole flurry of reports that come in

600

00:25:16,340 --> 00:25:13,899

that at least in my personal experience

601
00:25:19,289 --> 00:25:16,350
and the opinion are nothing more than

602
00:25:21,870 --> 00:25:19,299
misinformed appraisals by amateurs

603
00:25:24,120 --> 00:25:21,880
thinking that a particular dead animal

604
00:25:26,460 --> 00:25:24,130
out in the field has been has been

605
00:25:29,250 --> 00:25:26,470
mutilated when in fact what they're

606
00:25:30,990 --> 00:25:29,260
observing oftentimes is standard

607
00:25:33,899 --> 00:25:31,000
scavenger and predator action on

608
00:25:36,570 --> 00:25:33,909
carcasses and I think that this South

609
00:25:40,590 --> 00:25:36,580
nullifying aspect

610
00:25:43,250 --> 00:25:40,600
is is one of the act it just to me it's

611
00:25:46,820 --> 00:25:43,260
almost ingenious it's a self nullifying

612
00:25:49,470 --> 00:25:46,830
mystery that tends to to draw out

613
00:25:52,440 --> 00:25:49,480

misperceptions and tends to draw out a

614

00:25:54,930 --> 00:25:52,450

lot of pop-culture thinking which then

615

00:25:57,210 --> 00:25:54,940

nullifies the the real cases and and

616

00:26:00,299 --> 00:25:57,220

gives the skeptics and the debunkers a

617

00:26:03,029 --> 00:26:00,309

way to attack the true nature of the

618

00:26:06,330 --> 00:26:03,039

mystery very effectively and I think

619

00:26:08,669 --> 00:26:06,340

this has been a major problem through

620

00:26:10,799 --> 00:26:08,679

the years investigating these cases and

621

00:26:13,799 --> 00:26:10,809

at the same time it's quite ingenious

622

00:26:16,470 --> 00:26:13,809

because it does almost self nullify the

623

00:26:17,610 --> 00:26:16,480

mystery based on people's misperceptions

624

00:26:19,769 --> 00:26:17,620

and I think that's a really good point

625

00:26:21,330 --> 00:26:19,779

that you bring up about how many cases

626

00:26:22,590 --> 00:26:21,340

do you figure that you have been

627

00:26:26,549 --> 00:26:22,600

personally involved in investigating

628

00:26:31,409 --> 00:26:26,559

folk well me personally maybe about 15

629

00:26:33,389 --> 00:26:31,419

to 20 of different forms ever had

630

00:26:35,430 --> 00:26:33,399

because obviously by the nature of the

631

00:26:37,799 --> 00:26:35,440

animals we have a situation where we've

632

00:26:40,019 --> 00:26:37,809

got a lot more sheep cluster than cattle

633

00:26:43,019 --> 00:26:40,029

and it seems to be the teammate in one

634

00:26:45,509 --> 00:26:43,029

case there was 45 used that were

635

00:26:47,009 --> 00:26:45,519

actually killed and without someone

636

00:26:49,950 --> 00:26:47,019

acting alive to be honest but they

637

00:26:51,600 --> 00:26:49,960

actually 45 died in all so I mean that

638

00:26:54,120 --> 00:26:51,610

was just in one incidence on one farm

639

00:26:55,740 --> 00:26:54,130

but my other colleagues as well have

640

00:26:58,169 --> 00:26:55,750

been obviously involved in this for past

641

00:27:00,419 --> 00:26:58,179

10 years also and so what's interesting

642

00:27:03,960 --> 00:27:00,429

to us is the fact that we actually go

643

00:27:06,269 --> 00:27:03,970

around looking for the evidence to these

644

00:27:08,460 --> 00:27:06,279

these types of mutilations I actually

645

00:27:10,320 --> 00:27:08,470

call on hundreds and hundreds of farm

646

00:27:12,149 --> 00:27:10,330

stand there on the Shropshire Welsh

647

00:27:14,399 --> 00:27:12,159

borders so I'm actually going around

648

00:27:18,570 --> 00:27:14,409

actually knocking on doors or farmhouses

649

00:27:20,039 --> 00:27:18,580

and asking you know have any unusual

650

00:27:22,500 --> 00:27:20,049

events taking place have they had any

651
00:27:25,740 --> 00:27:22,510
missing animals rustling of animals and

652
00:27:27,720 --> 00:27:25,750
slowly get onto the subject of any

653
00:27:29,940 --> 00:27:27,730
animals been found with any strange kind

654
00:27:31,799 --> 00:27:29,950
of injuries and I carry a photo folder

655
00:27:34,680 --> 00:27:31,809
that actually graphically shows these

656
00:27:36,600 --> 00:27:34,690
injuries and slowly just make make an

657
00:27:38,970 --> 00:27:36,610
awareness to the farmers in the active

658
00:27:41,039 --> 00:27:38,980
areas and we leave pamphlets and then

659
00:27:43,049 --> 00:27:41,049
hoping that if they do discover an

660
00:27:45,000 --> 00:27:43,059
animal with that's the mutilation

661
00:27:46,379 --> 00:27:45,010
signatures they will give me a call and

662
00:27:48,180 --> 00:27:46,389
I can go straight out there and then

663
00:27:49,450 --> 00:27:48,190

make an evaluation if it is a true

664

00:27:51,909 --> 00:27:49,460

mutilation or

665

00:27:53,860 --> 00:27:51,919

something else that can be explained so

666

00:27:55,659 --> 00:27:53,870

I mean it's it's it's all the time we

667

00:27:58,299 --> 00:27:55,669

are we're looking at it but trying to

668

00:28:00,100 --> 00:27:58,309

evaluate what's going on who we can

669

00:28:02,260 --> 00:28:00,110

bring in that's got expertise in

670

00:28:03,760 --> 00:28:02,270

different areas it's an open book on its

671

00:28:05,590 --> 00:28:03,770

own it's is a mystery because no

672

00:28:07,990 --> 00:28:05,600

particular you can't see around the

673

00:28:10,240 --> 00:28:08,000

stands take X is doing this it seems to

674

00:28:11,710 --> 00:28:10,250

be this this definitely that's to say

675

00:28:14,380 --> 00:28:11,720

deception is an understatement

676
00:28:16,600 --> 00:28:14,390
it seems that it evolved when you seem

677
00:28:20,529 --> 00:28:16,610
to understand one part it evolves to

678
00:28:24,519 --> 00:28:20,539
something else and it is obviously very

679
00:28:27,130 --> 00:28:24,529
very well funded or you know a highly

680
00:28:30,460 --> 00:28:27,140
intelligent and deceptive program to

681
00:28:32,590 --> 00:28:30,470
cover the tracks or value whoever or

682
00:28:38,220 --> 00:28:32,600
whatever is doing it

683
00:28:45,509 --> 00:28:41,479
[Music]

684

with us our guests are animal mutilation

705
00:29:58,910 --> 00:29:55,350
investigators Ted olifant and Phillip

706
00:30:02,470 --> 00:29:58,920
oil and now the the red herring comes in

707
00:30:06,410 --> 00:30:02,480
of course tricksters hosters

708
00:30:10,040 --> 00:30:06,420
misdirection misinformation mix that oh

709
00:30:11,720 --> 00:30:10,050
yes we need to follow this up and anyone

710
00:30:15,530 --> 00:30:11,730
who wants to take the questions speak up

711
00:30:17,990 --> 00:30:15,540
first is the government UK American

712
00:30:20,750 --> 00:30:18,000
whatever are they engaged in any of this

713
00:30:23,240 --> 00:30:20,760

behavior just to misdirect our attention

714

00:30:26,630 --> 00:30:23,250

yes okay Chris you know what do you

715

00:30:27,710 --> 00:30:26,640

answer the question so there I I

716

00:30:29,720 --> 00:30:27,720

couldn't help it

717

00:30:32,570 --> 00:30:29,730

chime in on that one you know this is

718

00:30:34,220 --> 00:30:32,580

I've always said from the very beginning

719

00:30:36,830 --> 00:30:34,230

of my involvement in this whole mystery

720

00:30:38,600 --> 00:30:36,840

that it appears to me in my personal

721

00:30:41,180 --> 00:30:38,610

opinion that there are multiple groups

722

00:30:44,270 --> 00:30:41,190

involved there seems to be various

723

00:30:46,419 --> 00:30:44,280

agendas at work here and one of the

724

00:30:48,710 --> 00:30:46,429

things that I've noticed is you know

725

00:30:52,340 --> 00:30:48,720

cattle mutilations or livestock

726

00:30:55,370 --> 00:30:52,350

mutilations actually fall into several

727

00:30:57,830 --> 00:30:55,380

categories I think Ted did a good job of

728

00:30:59,870 --> 00:30:57,840

defining what a classic mutilation is

729

00:31:02,150 --> 00:30:59,880

but one of the things that I've noticed

730

00:31:04,010 --> 00:31:02,160

is that you seem to see sloppier

731

00:31:05,660 --> 00:31:04,020

mutilations that appear to be high

732

00:31:08,090 --> 00:31:05,670

strange in other words the animal was

733

00:31:10,850 --> 00:31:08,100

killed somehow and then disfigured in

734

00:31:12,980 --> 00:31:10,860

the case of the San Luis Valley with a

735

00:31:15,260 --> 00:31:12,990

sharp implement I haven't only had four

736

00:31:17,090 --> 00:31:15,270

cases that we've scientifically

737

00:31:20,480 --> 00:31:17,100

determined high-heat is a cutting agent

738

00:31:23,480 --> 00:31:20,490

so most of these cases at least appear

739

00:31:25,490 --> 00:31:23,490

to me an amateur to be done with with a

740

00:31:28,730 --> 00:31:25,500

sharp cutting instrument like a scalpel

741

00:31:30,830 --> 00:31:28,740

or a really sharp buck knife and one of

742

00:31:33,410 --> 00:31:30,840

the things that I've noticed is after

743

00:31:36,290 --> 00:31:33,420

we've started maybe a whole slew or a

744

00:31:38,210 --> 00:31:36,300

series of cases the ones at the end of

745

00:31:40,180 --> 00:31:38,220

the series tend to be sloppier they

746

00:31:43,850 --> 00:31:40,190

don't seem to be as professional and

747

00:31:46,010 --> 00:31:43,860

they seem to almost be done in a in a

748

00:31:48,230 --> 00:31:46,020

rushed or hurried manner I've even had

749

00:31:50,869 --> 00:31:48,240

some cases two or three

750

00:31:53,509 --> 00:31:50,879

by recollection that seemed to actually

751
00:31:55,730 --> 00:31:53,519
be training cases where you would have

752
00:31:57,409 --> 00:31:55,740
what appears to be a very professionally

753
00:31:59,509 --> 00:31:57,419
done cut and then it's finished by

754
00:32:01,730 --> 00:31:59,519
somebody that's not quite as proficient

755
00:32:03,350 --> 00:32:01,740
at the actual cutting action with the

756
00:32:06,460 --> 00:32:03,360
sharp implements so you know that

757
00:32:09,049 --> 00:32:06,470
implies a Kris that there is a human

758
00:32:12,909 --> 00:32:09,059
agent involved here this is not being

759
00:32:15,080 --> 00:32:12,919
done in a paranormal fashion by ET etc

760
00:32:16,460 --> 00:32:15,090
exactly and that I think that's one of

761
00:32:19,730 --> 00:32:16,470
the points that I'm trying to make here

762
00:32:22,159 --> 00:32:19,740
is I personally feel again this is my

763
00:32:24,739 --> 00:32:22,169

own opinion but I feel that a vast

764

00:32:27,619 --> 00:32:24,749

majority of the true mutilation cases

765

00:32:30,710 --> 00:32:27,629

and this is after we factored out the

766

00:32:32,960 --> 00:32:30,720

misidentified scavenger action I've seen

767

00:32:35,049 --> 00:32:32,970

Magpies for instance and crows create

768

00:32:38,210 --> 00:32:35,059

perfect circles in the rear end of cows

769

00:32:40,970 --> 00:32:38,220

pluck out eyes and and and peck out

770

00:32:43,310 --> 00:32:40,980

around the mouth in a way that to the

771

00:32:44,509 --> 00:32:43,320

amateur eye or to a person that doesn't

772

00:32:47,359 --> 00:32:44,519

know what they're looking at it appears

773

00:32:52,220 --> 00:32:47,369

hi strange animals do have the capacity

774

00:32:54,649 --> 00:32:52,230

to create unusual cutting type incisions

775

00:32:57,409 --> 00:32:54,659

on animals I don't care who you are I

776

00:32:59,509 --> 00:32:57,419

personally have seen this so I think the

777

00:33:02,269 --> 00:32:59,519

bottom line is that we are dealing with

778

00:33:04,430 --> 00:33:02,279

at least in part of this a majority of

779

00:33:06,169 --> 00:33:04,440

these cases in my opinion we are dealing

780

00:33:09,529 --> 00:33:06,179

with human perpetrators that are

781

00:33:11,869 --> 00:33:09,539

involved in this and I know this isn't a

782

00:33:13,669 --> 00:33:11,879

popular theory to the you know folks

783

00:33:15,799 --> 00:33:13,679

that really want this to be aliens and

784

00:33:18,649 --> 00:33:15,809

want to be involved in some sort of

785

00:33:21,230 --> 00:33:18,659

fear-based thinking but to my personal

786

00:33:23,869 --> 00:33:21,240

opinion these are done majority of them

787

00:33:26,930 --> 00:33:23,879

are done by humans and you know in the

788

00:33:29,029 --> 00:33:26,940

case of Phil's sheep of cases that he's

789

00:33:32,450 --> 00:33:29,039

been investigating there really are very

790

00:33:34,789 --> 00:33:32,460

few predators and scavengers in that

791

00:33:36,710 --> 00:33:34,799

part of the world that are capable of

792

00:33:38,299 --> 00:33:36,720

doing the types of things that that we

793

00:33:40,639 --> 00:33:38,309

see in the West the western United

794

00:33:44,169 --> 00:33:40,649

States so I think Phil's cases are very

795

00:33:46,909 --> 00:33:44,179

important because you don't have that

796

00:33:48,590 --> 00:33:46,919

possible deniability in terms of

797

00:33:50,509 --> 00:33:48,600

scavengers and predators that you do in

798

00:33:51,259 --> 00:33:50,519

the Rocky Mountains or in the western

799

00:33:53,389 --> 00:33:51,269

United States

800

00:33:54,919 --> 00:33:53,399

yeah thanks mencionar come in here

801
00:33:57,710 --> 00:33:54,929
regarding some of the points that chris

802
00:33:59,810 --> 00:33:57,720
has made is that open-minded is the

803
00:34:00,840 --> 00:33:59,820
understatement here in us so much that

804
00:34:03,420 --> 00:34:00,850
it

805
00:34:06,300 --> 00:34:03,430
would seem because I've done like

806
00:34:08,970 --> 00:34:06,310
obviously an intense evaluation of Ted's

807
00:34:11,190 --> 00:34:08,980
work Linda Morehouse Chris's obviously

808
00:34:13,950 --> 00:34:11,200
part of the research was to study in

809
00:34:16,290 --> 00:34:13,960
in-depth every single item that we could

810
00:34:17,580 --> 00:34:16,300
possibly access on a global scale that's

811
00:34:20,490 --> 00:34:17,590
why the liaisons were actually

812
00:34:23,280 --> 00:34:20,500
instigated and what came across in some

813
00:34:25,530 --> 00:34:23,290

so many apps for mutilations was was not

814

00:34:27,920 --> 00:34:25,540

only a difference in procedure but it

815

00:34:30,270 --> 00:34:27,930

was to do with geographical differences

816

00:34:32,880 --> 00:34:30,280

that in some mutilation if you would

817

00:34:35,520 --> 00:34:32,890

have a high degree of technology and in

818

00:34:37,200 --> 00:34:35,530

and some others and even worn on

819

00:34:39,060 --> 00:34:37,210

instance I can't recall exactly what

820

00:34:41,610 --> 00:34:39,070

part of the US it was but an actual

821

00:34:45,360 --> 00:34:41,620

scalpel was found on that the actual

822

00:34:49,200 --> 00:34:45,370

carcass and if you've got et doing

823

00:34:50,850 --> 00:34:49,210

everything you should have really a a

824

00:34:52,710 --> 00:34:50,860

standard set of technologies and

825

00:34:54,030 --> 00:34:52,720

procedures and that quality should be

826

00:34:56,430 --> 00:34:54,040

across the board and that's not what's

827

00:34:57,930 --> 00:34:56,440

been found and I do believe that there

828

00:35:01,320 --> 00:34:57,940

could be a will be a very very big

829

00:35:03,510 --> 00:35:01,330

element of a terrestrial agenda to try

830

00:35:06,060 --> 00:35:03,520

and create fear about the possible

831

00:35:08,850 --> 00:35:06,070

presence of outside intelligence or

832

00:35:10,890 --> 00:35:08,860

unknown intelligences I think that could

833

00:35:13,020 --> 00:35:10,900

be a compare disinformation programs

834

00:35:14,010 --> 00:35:13,030

within programs have been programs it is

835

00:35:15,780 --> 00:35:14,020

very complex

836

00:35:18,390 --> 00:35:15,790

you can't just understand this and say

837

00:35:20,910 --> 00:35:18,400

it is X because it is definitely not and

838

00:35:22,290 --> 00:35:20,920

we've seen that in here in the UK but we

839

00:35:24,690 --> 00:35:22,300

have a number of instances have been

840

00:35:26,610 --> 00:35:24,700

quite interesting one of my colleagues a

841

00:35:30,660 --> 00:35:26,620

few years ago about seven or eight years

842

00:35:32,280 --> 00:35:30,670

ago had the task of trying to trace some

843

00:35:35,310 --> 00:35:32,290

government establishments that were

844

00:35:37,290 --> 00:35:35,320

connected to investigating investigators

845

00:35:40,110 --> 00:35:37,300

were looking into a lot of people like

846

00:35:42,030 --> 00:35:40,120

ourselves and he called a particular

847

00:35:43,500 --> 00:35:42,040

establishment government government of

848

00:35:45,960 --> 00:35:43,510

establishment in the north of England

849

00:35:48,150 --> 00:35:45,970

and when he started to make enquiries

850

00:35:51,240 --> 00:35:48,160

along the lines of animal mutilations

851

00:35:53,910 --> 00:35:51,250

the lady seemed to be wrong-footed and

852

00:35:55,920 --> 00:35:53,920

she's actually stated to him you don't

853

00:35:57,570 --> 00:35:55,930

mean the alien problem and that was her

854

00:36:00,360 --> 00:35:57,580

words I mean I wish she had been

855

00:36:02,340 --> 00:36:00,370

recorded and and you know he was and we

856

00:36:04,710 --> 00:36:02,350

thinking well you know this just this

857

00:36:08,190 --> 00:36:04,720

woman is obviously a civil servant and

858

00:36:10,350 --> 00:36:08,200

she comes out you know so maybe maybe

859

00:36:13,350 --> 00:36:10,360

it's a situation where she was all pre

860

00:36:15,540 --> 00:36:13,360

prepared to make a disinformation

861

00:36:18,420 --> 00:36:15,550

statement to try and confirm it was

862

00:36:21,870 --> 00:36:18,430

aliens but obviously there's a there's a

863

00:36:24,750 --> 00:36:21,880

lot of very you know very deceptive and

864

00:36:25,590 --> 00:36:24,760

clever policy here say nothing's

865

00:36:29,940 --> 00:36:25,600

clear-cut

866

00:36:31,920 --> 00:36:29,950

so I mean no pun intended of course we

867

00:36:35,460 --> 00:36:31,930

have to now just have our raving

868

00:36:37,200 --> 00:36:35,470

laughter here so let's just raising

869

00:36:39,180 --> 00:36:37,210

trickster laughter go ahead please fell

870

00:36:41,070 --> 00:36:39,190

well I could say it's it's it's it's not

871

00:36:43,200 --> 00:36:41,080

clear-cut this is up for ever reason

872

00:36:46,380 --> 00:36:43,210

this has been done there's got to be a

873

00:36:49,410 --> 00:36:46,390

you know an important important reason

874

00:36:50,850 --> 00:36:49,420

or there's something what's indicated is

875

00:36:53,640 --> 00:36:50,860

that maybe they're looking for something

876

00:36:56,640 --> 00:36:53,650

obviously like terror said it could be

877

00:36:58,320 --> 00:36:56,650

TSE BSC related and that this definite

878

00:37:01,230 --> 00:36:58,330

certain organs and tissues are being

879

00:37:02,760 --> 00:37:01,240

sampled I mean we've got instances in in

880

00:37:05,070 --> 00:37:02,770

this two shops or Welsh border where

881

00:37:07,230 --> 00:37:05,080

you've got a situation where if a farmer

882

00:37:10,950 --> 00:37:07,240

finds an animal say on the fifth of May

883

00:37:14,040 --> 00:37:10,960

in a particular field from the farmhouse

884

00:37:15,630 --> 00:37:14,050

following year within one or day a day

885

00:37:17,610 --> 00:37:15,640

either side of that date they will find

886

00:37:19,440 --> 00:37:17,620

another animal killed the same way and

887

00:37:22,080 --> 00:37:19,450

again the following year is like the

888

00:37:23,970 --> 00:37:22,090

come back even to the same spot exactly

889

00:37:26,940 --> 00:37:23,980

within a few days from the previous

890

00:37:29,970 --> 00:37:26,950

year's so he is it to do with tracking a

891

00:37:32,640 --> 00:37:29,980

genetic contamination of the food chain

892

00:37:34,290 --> 00:37:32,650

through the next newborn of the next

893

00:37:37,020 --> 00:37:34,300

generation because the high intensity

894

00:37:38,580 --> 00:37:37,030

time for the street mutilations is now

895

00:37:40,680 --> 00:37:38,590

drawing the lambing season and that's

896

00:37:42,870 --> 00:37:40,690

what we've had a number of new cases so

897

00:37:44,970 --> 00:37:42,880

I mean whatever is going on them they're

898

00:37:47,340 --> 00:37:44,980

spending big you know big sums of money

899

00:37:49,200 --> 00:37:47,350

to do this if it's been done and I'll so

900

00:37:52,050 --> 00:37:49,210

obviously we are convinced a lot of it

901
00:37:54,570 --> 00:37:52,060
is been dumped directly but it's also

902
00:37:56,130 --> 00:37:54,580
trying to create this fear that you know

903
00:37:58,230 --> 00:37:56,140
all aliens are coming down and

904
00:38:00,660 --> 00:37:58,240
dissecting everything and doing it you

905
00:38:02,790 --> 00:38:00,670
know what but I also feel there is an

906
00:38:04,560 --> 00:38:02,800
element on the paranormal side that

907
00:38:06,930 --> 00:38:04,570
something could be watching what we're

908
00:38:08,400 --> 00:38:06,940
doing or vice-versa say this it's we're

909
00:38:10,020 --> 00:38:08,410
still running around in circles to be

910
00:38:12,420 --> 00:38:10,030
quite honest trying to fully understand

911
00:38:13,590 --> 00:38:12,430
this very very complex but also very

912
00:38:15,120 --> 00:38:13,600
disturbing phenomena

913
00:38:18,430 --> 00:38:15,130

maybe there's the whole purpose here

914

00:38:20,800 --> 00:38:18,440

which is to drive us all nuts

915

00:38:22,930 --> 00:38:20,810

I'm sorry Tommy I think it drives nuts

916

00:38:24,579 --> 00:38:22,940

important how originally thoughtful they

917

00:38:26,170 --> 00:38:24,589

call it a campaign of terror you talked

918

00:38:28,750 --> 00:38:26,180

to a farmer in New Brunswick the last

919

00:38:29,980 --> 00:38:28,760

couple years has lost over 100 annals in

920

00:38:31,930 --> 00:38:29,990

this way a winner

921

00:38:34,270 --> 00:38:31,940

and he's talking about the technology

922

00:38:36,940 --> 00:38:34,280

that's being used on an LC scene the

923

00:38:38,680 --> 00:38:36,950

industry is time to force the little man

924

00:38:40,510 --> 00:38:38,690

out of the farming business and that's

925

00:38:42,790 --> 00:38:40,520

his fairy that's just big conspiracy

926
00:38:44,500 --> 00:38:42,800
theory and it may be right I also have

927
00:38:46,809 --> 00:38:44,510
another one I I have a feeling that the

928
00:38:49,390 --> 00:38:46,819
spread of chronic wasting disease into

929
00:38:52,510 --> 00:38:49,400
the food chain that started back in 96

930
00:38:54,490 --> 00:38:52,520
in Northern Colorado the first counties

931
00:38:56,680 --> 00:38:54,500
that seem to be affected by chronic

932
00:38:59,349 --> 00:38:56,690
wasting disease in the deer herds for

933
00:39:00,670 --> 00:38:59,359
instance in the elk happened in counties

934
00:39:02,950 --> 00:39:00,680
that probably have the highest per

935
00:39:04,809 --> 00:39:02,960
capita involvement in the militia

936
00:39:07,300 --> 00:39:04,819
movements that we saw back in them in

937
00:39:09,700 --> 00:39:07,310
the mid to late 90s this brings up a

938
00:39:12,069 --> 00:39:09,710

really interesting point that the the

939

00:39:14,230 --> 00:39:12,079

Philip has brought up in and now Ted in

940

00:39:15,579 --> 00:39:14,240

terms of patterning which could possibly

941

00:39:17,950 --> 00:39:15,589

give us some insight into the

942

00:39:20,410 --> 00:39:17,960

motivations behind whatever various

943

00:39:22,270 --> 00:39:20,420

agendas and I do use that in the plural

944

00:39:24,460 --> 00:39:22,280

have you noticed Ted any sort of

945

00:39:26,620 --> 00:39:24,470

patterning in terms of anything that you

946

00:39:29,140 --> 00:39:26,630

can look at and potentially predict

947

00:39:31,150 --> 00:39:29,150

cases I know that I've my head is been

948

00:39:32,140 --> 00:39:31,160

in this place for a long time that one

949

00:39:33,790 --> 00:39:32,150

should relate to us some of the

950

00:39:36,339 --> 00:39:33,800

patterning that you've seen without a

951

00:39:38,559 --> 00:39:36,349

doubt there is something you can buy

952

00:39:40,930 --> 00:39:38,569

through booksellers or that your

953

00:39:42,819 --> 00:39:40,940

bookstore it'll give you a date where

954

00:39:44,829 --> 00:39:42,829

all of the mutilations are going to

955

00:39:46,660 --> 00:39:44,839

appear from the book where the kid is

956

00:39:49,660 --> 00:39:46,670

called actually a calendar it is

957

00:39:51,190 --> 00:39:49,670

Llewellyn's metaphysical calendar and

958

00:39:52,870 --> 00:39:51,200

when I got a copy of Llewellyn's

959

00:39:54,660 --> 00:39:52,880

metaphysical calendar it has a days and

960

00:39:57,130 --> 00:39:54,670

the listings of all the famous

961

00:39:59,650 --> 00:39:57,140

non-traditional religion are they so you

962

00:40:02,050 --> 00:39:59,660

can use your imagination there every

963

00:40:03,880 --> 00:40:02,060

case that I had in Alabama

964

00:40:05,349 --> 00:40:03,890

landed on one of those days and I think

965

00:40:05,829 --> 00:40:05,359

you should turn this over to Phil Hoyle

966

00:40:07,450 --> 00:40:05,839

here

967

00:40:09,880 --> 00:40:07,460

well hold on hold on before we go to

968

00:40:12,579 --> 00:40:09,890

Phil on that yeah I thought you kind of

969

00:40:13,720 --> 00:40:12,589

gave a blanket sort of denial that you

970

00:40:16,329 --> 00:40:13,730

felt that there was any sort of

971

00:40:18,069 --> 00:40:16,339

potential was as gene put it satanic but

972

00:40:20,589 --> 00:40:18,079

I would broaden it and say a cult

973

00:40:22,390 --> 00:40:20,599

type element here what you're describing

974

00:40:24,190 --> 00:40:22,400

sort of refutes what you said so you

975

00:40:26,559 --> 00:40:24,200

feel that there could be some possible

976
00:40:26,970 --> 00:40:26,569
occult correlation here I personally do

977
00:40:29,609 --> 00:40:26,980
not

978
00:40:30,690 --> 00:40:29,619
I think somebody else wants you to okay

979
00:40:33,330 --> 00:40:30,700
I like that good answer

980
00:40:35,340 --> 00:40:33,340
Phil what about you well obviously like

981
00:40:37,349 --> 00:40:35,350
I said I mean I think that the players

982
00:40:40,050 --> 00:40:37,359
that are in charge of this are are

983
00:40:41,960 --> 00:40:40,060
orchestrating every avenue they possibly

984
00:40:45,180 --> 00:40:41,970
can to make sure that they get

985
00:40:47,220 --> 00:40:45,190
investigators and in particular away

986
00:40:49,680 --> 00:40:47,230
from the true sense but coming back to

987
00:40:51,180 --> 00:40:49,690
the moon face you see part of my work

988
00:40:53,730 --> 00:40:51,190

also is to do with you know

989

00:40:57,000 --> 00:40:53,740

investigating people investigating cases

990

00:40:58,530 --> 00:40:57,010

of of unknowns UFO sightings all sorts

991

00:41:00,570 --> 00:40:58,540

of things and there is a connection

992

00:41:03,660 --> 00:41:00,580

between some sightings and the moon face

993

00:41:06,270 --> 00:41:03,670

and so I've seen there too I'll continue

994

00:41:08,400 --> 00:41:06,280

you know so I come across people that

995

00:41:10,859 --> 00:41:08,410

you know everyday people I mean farmers

996

00:41:13,410 --> 00:41:10,869

or not a lot of people obviously are not

997

00:41:15,750 --> 00:41:13,420

farmers and the same things that clearly

998

00:41:18,150 --> 00:41:15,760

cannot be explained or even even they'll

999

00:41:20,750 --> 00:41:18,160

talk to go back to you know generations

1000

00:41:23,940 --> 00:41:20,760

and there there is an element of

1001
00:41:25,920 --> 00:41:23,950
paranormal to this but what percentage

1002
00:41:27,870 --> 00:41:25,930
that's that's the dust that's the key

1003
00:41:30,900 --> 00:41:27,880
question we could literally have a

1004
00:41:33,840 --> 00:41:30,910
situation where it is a few percent

1005
00:41:36,150 --> 00:41:33,850
compared to the vast majority has been

1006
00:41:37,830 --> 00:41:36,160
put under satanic cults and it's

1007
00:41:39,150 --> 00:41:37,840
definitely not satanic cult in any shape

1008
00:41:41,790 --> 00:41:39,160
or form we talk to police officers

1009
00:41:43,740 --> 00:41:41,800
ourselves who work in areas to do with

1010
00:41:45,870 --> 00:41:43,750
all sorts of these peripheral subjects

1011
00:41:47,520 --> 00:41:45,880
and they said this does not carry the

1012
00:41:49,890 --> 00:41:47,530
signature in any shape or form to

1013
00:41:52,470 --> 00:41:49,900

satanic cults predators definitely not I

1014

00:41:54,720 --> 00:41:52,480

mean if they do I mean I've had farmers

1015

00:41:56,070 --> 00:41:54,730

you know say to me that's the injuries

1016

00:41:57,990 --> 00:41:56,080

that we've been looking at I've been

1017

00:41:59,940 --> 00:41:58,000

caused by squirrels and foxes and

1018

00:42:01,740 --> 00:41:59,950

badgers and I said well if that's the

1019

00:42:03,840 --> 00:42:01,750

case they they really do need to be

1020

00:42:06,090 --> 00:42:03,850

urgently recruited into the National

1021

00:42:10,140 --> 00:42:06,100

Health System so they can contribute in

1022

00:42:12,090 --> 00:42:10,150

to their surgeries it's just it's just

1023

00:42:14,340 --> 00:42:12,100

absolutely beyond belief that some of

1024

00:42:16,380 --> 00:42:14,350

the actual explanations so I mean with

1025

00:42:18,780 --> 00:42:16,390

sometimes we just cringe and think well

1026

00:42:20,670 --> 00:42:18,790

you know the earth is not flat in the

1027

00:42:21,930 --> 00:42:20,680

moon it's not made of cheese so but I

1028

00:42:24,150 --> 00:42:21,940

mean that's what people want to believe

1029

00:42:26,340 --> 00:42:24,160

or they've been told by people and they

1030

00:42:29,580 --> 00:42:26,350

don't question accepted it and that's

1031

00:42:31,530 --> 00:42:29,590

what we can't do we cannot accept the

1032

00:42:33,690 --> 00:42:31,540

college to change and when you

1033

00:42:35,849 --> 00:42:33,700

understand one part it evolves or

1034

00:42:37,680 --> 00:42:35,859

changes or metamorphoses into something

1035

00:42:39,870 --> 00:42:37,690

else you forever thinking well you know

1036

00:42:40,120 --> 00:42:39,880

where do we go from here you literally

1037

00:42:42,880 --> 00:42:40,130

all

1038

00:42:44,530 --> 00:42:42,890

you're going back to basics and to the

1039

00:42:46,300 --> 00:42:44,540

drawing board and you're constantly

1040

00:42:48,940 --> 00:42:46,310

having to try out to which something

1041

00:42:51,280 --> 00:42:48,950

that's trying to outwit you so in in

1042

00:42:53,380 --> 00:42:51,290

that context you know it's it's to say

1043

00:42:54,270 --> 00:42:53,390

it's it can give you a more than a

1044

00:42:57,310 --> 00:42:54,280

headache

1045

00:42:58,810 --> 00:42:57,320

but at the end of the day that we've got

1046

00:43:01,000 --> 00:42:58,820

a situation where we've got people

1047

00:43:02,830 --> 00:43:01,010

claiming all sorts of things and we're

1048

00:43:04,840 --> 00:43:02,840

having to really document and look for

1049

00:43:07,180 --> 00:43:04,850

common denominators consistencies in

1050

00:43:10,120 --> 00:43:07,190

testimony in what they say what happens

1051
00:43:11,770 --> 00:43:10,130
where it happens what times is relevant

1052
00:43:14,710 --> 00:43:11,780
to moon phase all these little things

1053
00:43:17,080 --> 00:43:14,720
we're looking at the whole spectrum of

1054
00:43:19,360 --> 00:43:17,090
different ideas and theories and just

1055
00:43:21,550 --> 00:43:19,370
trying to quantify really what's taking

1056
00:43:23,260 --> 00:43:21,560
place in front of us and it's no easy

1057
00:43:24,790 --> 00:43:23,270
task but I mean it sometimes I think

1058
00:43:25,600 --> 00:43:24,800
we're going forward and others leaving

1059
00:43:27,970 --> 00:43:25,610
we're going backwards

1060
00:43:31,450 --> 00:43:27,980
two steps back four steps forward or

1061
00:43:36,870 --> 00:43:33,770

absolutely great program with

1078

00:44:31,560 --> 00:44:29,470

opportunities to stretch out and talk we

1079

00:44:33,210 --> 00:44:31,570

have Christopher O'Brien as our guest

1080

00:44:36,180 --> 00:44:33,220

host we're talking about animal

1081

00:44:36,840 --> 00:44:36,190

mutilations not just cattle and we have

1082

00:44:39,960 --> 00:44:36,850

with us

1083

00:44:41,610 --> 00:44:39,970

Tayloe Iphigene and Philip oil and in a

1084

00:44:43,380 --> 00:44:41,620

few minutes we'll let you know about

1085

00:44:46,260 --> 00:44:43,390

their various affiliations we're trying

1086

00:44:48,840 --> 00:44:46,270

to explore some of the cases now maybe

1087

00:44:51,060 --> 00:44:48,850

this is a good time then Philip or Ted

1088

00:44:54,420 --> 00:44:51,070

whoever wants to volunteer let's talk

1089

00:44:56,520 --> 00:44:54,430

about a classic case in detail as to an

1090

00:44:59,070 --> 00:44:56,530

animal mutilation one for which there is

1091

00:45:05,430 --> 00:44:59,080

no solution already solution who wants

1092

00:45:09,390 --> 00:45:05,440

to be well batang first what oil was

1093

00:45:10,950 --> 00:45:09,400

seen in england from the UK it's totally

1094

00:45:16,200 --> 00:45:10,960

different than what I saw in Alabama

1095

00:45:17,580 --> 00:45:16,210

1992 and 1993 and and you know the other

1096

00:45:19,980 --> 00:45:17,590

thing point I want to make out is you

1097

00:45:22,290 --> 00:45:19,990

know all the animals have females

1098

00:45:24,990 --> 00:45:22,300

okay the cows do a mutilated have calves

1099

00:45:27,390 --> 00:45:25,000

within two weeks of being mutilated some

1100

00:45:30,810 --> 00:45:27,400

were being away while they were in the

1101

00:45:33,150 --> 00:45:30,820

birth process I think that's important

1102

00:45:36,150 --> 00:45:33,160

we're talking about CSE's being studied

1103

00:45:37,590 --> 00:45:36,160

because CFCs are you know see Gaz or BSC

1104

00:45:38,970 --> 00:45:37,600

or whatever

1105

00:45:40,890 --> 00:45:38,980

only transferred from the mother to the

1106

00:45:43,140 --> 00:45:40,900

offspring during the birth process not

1107

00:45:45,240 --> 00:45:43,150

gestation but during the birth process

1108

00:45:46,560 --> 00:45:45,250

so that's interesting with some examples

1109

00:45:48,720 --> 00:45:46,570

of indeed wait a while they were giving

1110

00:45:50,670 --> 00:45:48,730

birth as well as before now after are

1111

00:45:53,160 --> 00:45:50,680

you assuming that you actually have some

1112

00:45:58,470 --> 00:45:53,170

reason to mutilate them at that point in

1113

00:45:59,910 --> 00:45:58,480

time the analyst has reproductive organs

1114

00:46:01,880 --> 00:45:59,920

are low that's a very curious new case

1115

00:46:04,410 --> 00:46:01,890

and what and the way it was done in the

1116

00:46:05,790 --> 00:46:04,420

damage I've seen through the tissue into

1117

00:46:07,350 --> 00:46:05,800

the wounds and the incisions on the

1118

00:46:09,450 --> 00:46:07,360

animals it fills on the same something

1119

00:46:11,310 --> 00:46:09,460

totally different than I saw all right

1120

00:46:13,260 --> 00:46:11,320

well that is even more interesting

1121

00:46:16,290 --> 00:46:13,270

subject here which is why is it

1122

00:46:22,710 --> 00:46:16,300

different in the USA compared to the UK

1123

00:46:24,960 --> 00:46:22,720

shouldn't it all be the same thing right

1124

00:46:28,020 --> 00:46:24,970

now okay Phil what do you think why is

1125

00:46:30,600 --> 00:46:28,030

it different in the UK than the USA well

1126

00:46:32,010 --> 00:46:30,610

like so that's the 64 million dollar

1127

00:46:33,900 --> 00:46:32,020

question there's so much there should be

1128

00:46:35,520 --> 00:46:33,910

a global consistency if it's to do with

1129

00:46:36,660 --> 00:46:35,530

if aliens are doing it because the

1130

00:46:39,120 --> 00:46:36,670

technology should be able to be

1131

00:46:41,400 --> 00:46:39,130

delivered instantaneously to any part of

1132

00:46:44,970 --> 00:46:41,410

the world and it's clearly not and this

1133

00:46:47,070 --> 00:46:44,980

seems to be a procedural difference of

1134

00:46:48,810 --> 00:46:47,080

Technology difference I mean just coming

1135

00:46:52,050 --> 00:46:48,820

back slightly to what Ted just mentioned

1136

00:46:53,760 --> 00:46:52,060

about animals being actually mutilated

1137

00:46:56,130 --> 00:46:53,770

in the process of giving birth week

1138

00:46:58,710 --> 00:46:56,140

became across a case around ten years

1139

00:47:03,180 --> 00:46:58,720

ago at a small farm again on the Welsh

1140

00:47:07,350 --> 00:47:03,190

border where you was actually found and

1141

00:47:09,780 --> 00:47:07,360

mutilated but also in the process of

1142

00:47:12,570 --> 00:47:09,790

giving birth to a lamb the lamb was

1143

00:47:15,240 --> 00:47:12,580

found its body partly out of the birth

1144

00:47:17,700 --> 00:47:15,250

canal but the lamb had been decapitated

1145

00:47:18,960 --> 00:47:17,710

and obviously the head was never found

1146

00:47:21,510 --> 00:47:18,970

so it was actually killed and

1147

00:47:24,870 --> 00:47:21,520

decapitated in the process of birth so

1148

00:47:26,790 --> 00:47:24,880

we have found that here and when we look

1149

00:47:30,870 --> 00:47:26,800

at the some of the actual like the

1150

00:47:33,330 --> 00:47:30,880

injuries when maybe it's a bit different

1151
00:47:36,210 --> 00:47:33,340
in as much in the u.s. especially in the

1152
00:47:38,880 --> 00:47:36,220
areas that's in a Colorado and so forth

1153
00:47:41,700 --> 00:47:38,890
is that this country has in the winter

1154
00:47:43,290 --> 00:47:41,710
an enormous amount of rainfall and we

1155
00:47:45,840 --> 00:47:43,300
can we access some areas and it's

1156
00:47:48,090 --> 00:47:45,850
literally not a footprint in in very

1157
00:47:49,790 --> 00:47:48,100
deep mud so everything we're doing this

1158
00:47:51,410 --> 00:47:49,800
is Guara coming and the

1159
00:47:54,290 --> 00:47:51,420
you can scan not access that you

1160
00:47:57,200 --> 00:47:54,300
couldn't access it by by any shape or

1161
00:47:58,940 --> 00:47:57,210
forming on the road or a quad bike or

1162
00:48:01,070 --> 00:47:58,950
anything you believe too many tracks so

1163
00:48:03,320 --> 00:48:01,080

I mean it must be airborne to a great

1164

00:48:06,140 --> 00:48:03,330

deal of with this and it's a situation

1165

00:48:08,150 --> 00:48:06,150

where that you can rule out the village

1166

00:48:09,470 --> 00:48:08,160

idiot or satanic cult instantly because

1167

00:48:12,020 --> 00:48:09,480

I don't know of any that can have Allen

1168

00:48:13,190 --> 00:48:12,030

copters so I mean we've all these

1169

00:48:15,170 --> 00:48:13,200

different things are taking place

1170

00:48:16,360 --> 00:48:15,180

we've got got a number of farms one in

1171

00:48:19,160 --> 00:48:16,370

particular that we're actually

1172

00:48:22,430 --> 00:48:19,170

monitoring we have a number of cameras

1173

00:48:24,470 --> 00:48:22,440

that there are motion sensor stealth

1174

00:48:26,030 --> 00:48:24,480

cameras that can take up to five

1175

00:48:27,950 --> 00:48:26,040

thousand photographs in about two and

1176

00:48:30,110 --> 00:48:27,960

our phasers and video clips and these

1177

00:48:32,180 --> 00:48:30,120

are picking up unusual things that we

1178

00:48:34,460 --> 00:48:32,190

can't explain at the moments of spheres

1179

00:48:36,440 --> 00:48:34,470

of light and small spheres and there's a

1180

00:48:38,630 --> 00:48:36,450

lot of helicopter monitoring activities

1181

00:48:40,250 --> 00:48:38,640

so something important is going on in

1182

00:48:43,400 --> 00:48:40,260

these areas and you know we're just

1183

00:48:45,230 --> 00:48:43,410

constantly trying to find new evidence

1184

00:48:47,960 --> 00:48:45,240

that might turn around and say you know

1185

00:48:54,980 --> 00:48:47,970

point us in the direction of what or who

1186

00:48:57,500 --> 00:48:54,990

or why this has been done that's really

1187

00:49:00,410 --> 00:48:57,510

that's a really good point to continue

1188

00:49:01,640 --> 00:49:00,420

we had a lot of them and and they say

1189

00:49:03,140 --> 00:49:01,650

you know unmarked you know it's all

1190

00:49:04,790 --> 00:49:03,150

conspiracy theory well there were in

1191

00:49:05,990 --> 00:49:04,800

March Alex ah Chris yeah hey even

1192

00:49:07,070 --> 00:49:06,000

something tried to hail them on the

1193

00:49:09,610 --> 00:49:07,080

radio and they rate they would not

1194

00:49:12,140 --> 00:49:09,620

respond to the FAA even so it was

1195

00:49:13,550 --> 00:49:12,150

something's and we knew that helicopters

1196

00:49:15,620 --> 00:49:13,560

were landing and refueling on the mouth

1197

00:49:17,720 --> 00:49:15,630

water and first airborne Fort Campbell

1198

00:49:19,670 --> 00:49:17,730

Kentucky and they wouldn't land at

1199

00:49:22,070 --> 00:49:19,680

Redstone Arsenal you land in a private

1200

00:49:23,360 --> 00:49:22,080

airfield on Staten Island and they would

1201
00:49:26,060 --> 00:49:23,370
come in with to show no speed on low

1202
00:49:27,410 --> 00:49:26,070
fuel waters and then dozens of small

1203
00:49:29,780 --> 00:49:27,420
scholarships would come in and they'd

1204
00:49:32,300 --> 00:49:29,790
refuel then they take off I don't have a

1205
00:49:34,970 --> 00:49:32,310
newspaper call out the 101st and

1206
00:49:36,920 --> 00:49:34,980
following Monday and talk to major

1207
00:49:38,270 --> 00:49:36,930
Griffin's and say well did you have any

1208
00:49:43,490 --> 00:49:38,280
other craft necessary on the Oh know

1209
00:49:45,440 --> 00:49:43,500
whether or not they wouldn't

1210
00:49:46,789 --> 00:49:45,450
you know it's like anybody else in the

1211
00:49:50,470 --> 00:49:46,799
government you don't get the truth out

1212
00:49:55,519 --> 00:49:52,999
would be the question would be then Ted

1213
00:49:59,059 --> 00:49:55,529

if Rahm Emanuel called them up and said

1214

00:50:01,099 --> 00:49:59,069

I need to know will you have to have an

1215

00:50:03,920 --> 00:50:01,109

answer at that point or will they just

1216

00:50:07,970 --> 00:50:03,930

lie to anybody well you know what we'd

1217

00:50:11,240 --> 00:50:07,980

hoped for was a mechanical failure we'll

1218

00:50:13,190 --> 00:50:11,250

come down and we could under some

1219

00:50:15,049 --> 00:50:13,200

circumstance one who would come down and

1220

00:50:17,059 --> 00:50:15,059

that we could find out who was in the

1221

00:50:18,799 --> 00:50:17,069

helicopter right and then what we were

1222

00:50:19,849 --> 00:50:18,809

gonna do we're gonna rest a bit who ever

1223

00:50:21,289 --> 00:50:19,859

came to pick them up we're gonna arrest

1224

00:50:24,289 --> 00:50:21,299

them until we finally found out who was

1225

00:50:26,599 --> 00:50:24,299

ahead of it all but we know then one

1226
00:50:28,120 --> 00:50:26,609
helicopter didn't go down I was witness

1227
00:50:30,710 --> 00:50:28,130
and they said had all sorts of crazy

1228
00:50:34,069 --> 00:50:30,720
electrical equipment inside of it and

1229
00:50:35,390 --> 00:50:34,079
they roped it off real quick that was

1230
00:50:37,480 --> 00:50:35,400
not in our County that was one County

1231
00:50:39,799 --> 00:50:37,490
over but it was all the same time so

1232
00:50:42,559 --> 00:50:39,809
helicopters you know somebody's got some

1233
00:50:43,160 --> 00:50:42,569
money and you know if it is a campaign

1234
00:50:46,249 --> 00:50:43,170
of terror

1235
00:50:47,900 --> 00:50:46,259
I usually suggest and or if it is a

1236
00:50:51,680 --> 00:50:47,910
conspiracy to wipe out the little man

1237
00:50:52,700 --> 00:50:51,690
and finding as Lerner suggests I think

1238
00:50:54,589 --> 00:50:52,710

it's a I think it's a valid question

1239

00:50:57,829 --> 00:50:54,599

that at this point there is that also

1240

00:50:59,660 --> 00:50:57,839

part of it now you know it's not any one

1241

00:51:00,829 --> 00:50:59,670

thing you talk about it's you know when

1242

00:51:02,359 --> 00:51:00,839

my piece or anything it might be five

1243

00:51:03,440 --> 00:51:02,369

days a week seven things you have no

1244

00:51:05,509 --> 00:51:03,450

idea what you're dealing with

1245

00:51:07,430 --> 00:51:05,519

that makes it doubly difficult the one

1246

00:51:09,680 --> 00:51:07,440

thing I want to point out based on your

1247

00:51:14,569 --> 00:51:09,690

very interesting observation about the

1248

00:51:17,269 --> 00:51:14,579

helicopter activity down in your area we

1249

00:51:18,859 --> 00:51:17,279

we had two County Sheriff's Department's

1250

00:51:20,420 --> 00:51:18,869

that actually attempted to shoot down

1251
00:51:23,509 --> 00:51:20,430
helicopters that were being spotted

1252
00:51:25,880 --> 00:51:23,519
around mutilation sites and in one

1253
00:51:29,450 --> 00:51:25,890
instance they actually hit the engine

1254
00:51:30,529 --> 00:51:29,460
and caused it to start smoking and they

1255
00:51:32,299 --> 00:51:30,539
were hoping that they had actually

1256
00:51:34,400 --> 00:51:32,309
literally shot it down because there

1257
00:51:37,490 --> 00:51:34,410
were so many cases occurring almost

1258
00:51:42,470 --> 00:51:37,500
nightly in the fall of 75 in the fall of

1259
00:51:52,789 --> 00:51:42,480
77 that the machine that was shooting

1260
00:51:54,769 --> 00:51:52,799
trying to bring them down so I like what

1261
00:51:58,069 --> 00:51:54,779
that means to people who aren't somebody

1262
00:52:00,140 --> 00:51:58,079
all that stuff well you know what we got

1263
00:52:01,969 --> 00:52:00,150

some reporters one came down in our area

1264

00:52:05,239 --> 00:52:01,979

where the crime scenes when John and was

1265

00:52:06,859 --> 00:52:05,249

unmarked I'm sure that we and several

1266

00:52:09,229 --> 00:52:06,869

other people have open fire you cannot

1267

00:52:10,669 --> 00:52:09,239

buy Howard rifle on sand now when there

1268

00:52:13,219 --> 00:52:10,679

are calorie laces up there they're all

1269

00:52:14,659 --> 00:52:13,229

sold out all the gun stores disorder I

1270

00:52:17,209 --> 00:52:14,669

powered rifles under these license were

1271

00:52:18,499 --> 00:52:17,219

happening kids were pissed and they were

1272

00:52:21,739 --> 00:52:18,509

gonna take one down we were gonna take

1273

00:52:24,349 --> 00:52:21,749

one down Wow well I guess you know these

1274

00:52:26,589 --> 00:52:24,359

ranchers they once they get to a point

1275

00:52:28,729 --> 00:52:26,599

where X number of cases have occurred

1276

00:52:30,169 --> 00:52:28,739

everybody goes into a place of fear

1277

00:52:32,059 --> 00:52:30,179

especially when the media gets involved

1278

00:52:36,279 --> 00:52:32,069

and starts ratcheting up the the fear

1279

00:52:38,870 --> 00:52:36,289

element it's based on my experience

1280

00:52:40,669 --> 00:52:38,880

people tend to start to do things that

1281

00:52:43,969 --> 00:52:40,679

normally they wouldn't they wouldn't do

1282

00:52:47,809 --> 00:52:43,979

and I think to protect the livelihood to

1283

00:52:48,380 --> 00:52:47,819

protect their families to protect their

1284

00:52:51,019 --> 00:52:48,390

airspace

1285

00:52:52,729 --> 00:52:51,029

I mean people I think once they get to a

1286

00:52:54,019 --> 00:52:52,739

certain breaking point they're prone to

1287

00:52:57,199 --> 00:52:54,029

do things that they normally I think

1288

00:52:59,479 --> 00:52:57,209

wouldn't do and we definitely saw this

1289

00:53:01,459 --> 00:52:59,489

happen based on you know extensive

1290

00:53:04,729 --> 00:53:01,469

interviews with county sheriff's in the

1291

00:53:07,130 --> 00:53:04,739

area during the mid you know mid to late

1292

00:53:08,630 --> 00:53:07,140

70s in the San Luis Valley I mean there

1293

00:53:10,640 --> 00:53:08,640

were posses out there waiting for

1294

00:53:13,069 --> 00:53:10,650

helicopters to come down from the Taylor

1295

00:53:16,159 --> 00:53:13,079

ranch where many people thought that

1296

00:53:19,849 --> 00:53:16,169

these these teams were being based out

1297

00:53:22,039 --> 00:53:19,859

of they would find ambush them the

1298

00:53:24,739 --> 00:53:22,049

military or whoever's and these

1299

00:53:26,659 --> 00:53:24,749

helicopters got thermographic infrared

1300

00:53:28,609 --> 00:53:26,669

you know scanners on their sucker so

1301
00:53:30,380 --> 00:53:28,619
they can see you and they can see and

1302
00:53:33,169 --> 00:53:30,390
you for delays off before you ever see

1303
00:53:34,669 --> 00:53:33,179
them and you know it's videos you know

1304
00:53:36,589 --> 00:53:34,679
as they can see you and they can judge

1305
00:53:36,859 --> 00:53:36,599
stuff like that units like I talked

1306
00:53:39,169 --> 00:53:36,869
about

1307
00:53:40,729 --> 00:53:39,179
there were graphic in for its getting

1308
00:53:43,309 --> 00:53:40,739
the when you're having a butyl Asians up

1309
00:53:44,870 --> 00:53:43,319
in Alabama that you know they can see

1310
00:53:46,519 --> 00:53:44,880
which cows are colder than other ones

1311
00:53:47,719 --> 00:53:46,529
the first thing that goes on animals the

1312
00:53:50,299 --> 00:53:47,729
grooving die is the peripheral

1313
00:53:51,559 --> 00:53:50,309

circulatory system is shuts down so the

1314

00:53:53,239 --> 00:53:51,569

animals are in different temperatures

1315

00:53:54,439 --> 00:53:53,249

all the other animals in the field if

1316

00:53:56,449 --> 00:53:54,449

you can see the animal that's got a

1317

00:53:57,859 --> 00:53:56,459

different temperature you can find was

1318

00:53:58,760 --> 00:53:57,869

gonna die any we can find out why it's

1319

00:54:00,230 --> 00:53:58,770

gonna die

1320

00:54:02,240 --> 00:54:00,240

that's a good point one of the things

1321

00:54:04,370 --> 00:54:02,250

that always impressed me about Gabe

1322

00:54:07,490 --> 00:54:04,380

Valdez who was a New Mexico State

1323

00:54:10,040 --> 00:54:07,500

patrolman in the Dulce New Mexico area

1324

00:54:13,010 --> 00:54:10,050

during the late 70s one of the things

1325

00:54:16,280 --> 00:54:13,020

that he felt very strongly was that

1326
00:54:18,770 --> 00:54:16,290
certain animals were being pre targeted

1327
00:54:20,600 --> 00:54:18,780
for mutilations and in one case they

1328
00:54:23,390 --> 00:54:20,610
even found florescent paint material

1329
00:54:25,790 --> 00:54:23,400
that had been painted on the on the tops

1330
00:54:28,940 --> 00:54:25,800
of the animals almost in a way so that

1331
00:54:32,359 --> 00:54:28,950
they could be seen and and picked up by

1332
00:54:34,040 --> 00:54:32,369
from the air and of course to the eye

1333
00:54:35,450 --> 00:54:34,050
you couldn't see this paint but it as

1334
00:54:38,390 --> 00:54:35,460
soon as you threw a black light on it it

1335
00:54:41,030 --> 00:54:38,400
would fluoresce and be clearly marked I

1336
00:54:43,460 --> 00:54:41,040
want to before we get too far away from

1337
00:54:46,370 --> 00:54:43,470
the whole idea of correlations and

1338
00:54:49,010 --> 00:54:46,380

patterning I'd love to ask both Ted and

1339

00:54:51,410 --> 00:54:49,020

Phil here you know moon phase

1340

00:54:54,350 --> 00:54:51,420

correlation is something early on that I

1341

00:54:57,109 --> 00:54:54,360

really felt was a very strong potential

1342

00:54:59,930 --> 00:54:57,119

for you know some sort of determination

1343

00:55:02,120 --> 00:54:59,940

of a pattern Ted did you ever the first

1344

00:55:06,830 --> 00:55:02,130

time I asked Ted that Phil did you ever

1345

00:55:09,140 --> 00:55:06,840

see any sort of time correlation to a

1346

00:55:13,580 --> 00:55:09,150

moon cycle and if you did what was that

1347

00:55:19,160 --> 00:55:13,590

no moon phases when we were doing this

1348

00:55:21,980 --> 00:55:19,170

really well do you realize that there's

1349

00:55:23,540 --> 00:55:21,990

there's a moon phase that's in the the

1350

00:55:27,349 --> 00:55:23,550

for instance the Farmers Almanac there's

1351
00:55:29,480 --> 00:55:27,359
certain nights where I think it's around

1352
00:55:33,109 --> 00:55:29,490
the full moon that blood flows easier

1353
00:55:36,109 --> 00:55:33,119
and it's it's more efficient to

1354
00:55:37,670 --> 00:55:36,119
slaughter an animal before and after I

1355
00:55:39,560 --> 00:55:37,680
think it's two or three days before two

1356
00:55:43,910 --> 00:55:39,570
or three days after a full moon did you

1357
00:55:45,020 --> 00:55:43,920
know that how about you fell you

1358
00:55:48,109 --> 00:55:45,030
mentioned a moon phase correlation

1359
00:55:50,359 --> 00:55:48,119
unprompted give us some insight into

1360
00:55:52,970 --> 00:55:50,369
your thinking on that well yes uh like I

1361
00:55:55,220 --> 00:55:52,980
said earlier that we're looking at every

1362
00:55:58,340 --> 00:55:55,230
every aspect and every part of the

1363
00:56:00,859 --> 00:55:58,350

spectrum to do this and the moon face

1364

00:56:02,960 --> 00:56:00,869

came in the course obviously we were

1365

00:56:05,510 --> 00:56:02,970

checking obviously the dates that

1366

00:56:06,769 --> 00:56:05,520

animals were discovered against moon

1367

00:56:09,140 --> 00:56:06,779

phase

1368

00:56:12,499 --> 00:56:09,150

and obviously the connection to do with

1369

00:56:14,719 --> 00:56:12,509

female menstrual cycle and ovulation and

1370

00:56:16,939 --> 00:56:14,729

another fact is when the moon phase have

1371

00:56:18,859 --> 00:56:16,949

has an influence so we were looking at

1372

00:56:22,120 --> 00:56:18,869

this to thinking well are there certain

1373

00:56:24,469 --> 00:56:22,130

L of eighty times of the month that the

1374

00:56:26,659 --> 00:56:24,479

perpetrators would target the animals so

1375

00:56:28,759 --> 00:56:26,669

we could preempt that by being in

1376

00:56:31,309 --> 00:56:28,769

certain areas and maybe to monitor and

1377

00:56:34,130 --> 00:56:31,319

obviously detect the true perpetrators

1378

00:56:37,059 --> 00:56:34,140

so it's it's it's another additional

1379

00:56:40,249 --> 00:56:37,069

part of the ongoing endless

1380

00:56:42,559 --> 00:56:40,259

investigation X and extension of our

1381

00:56:44,689 --> 00:56:42,569

thinking pans coming back to one of the

1382

00:56:47,929 --> 00:56:44,699

points you've just made regarding the

1383

00:56:51,339 --> 00:56:47,939

pre selection if I recall the this like

1384

00:56:56,809 --> 00:56:51,349

paint substance that was detected with

1385

00:56:59,059 --> 00:56:56,819

game valdez was comprised of a magnesium

1386

00:57:01,959 --> 00:56:59,069

and potassium obviously that can only be

1387

00:57:04,729 --> 00:57:01,969

detected through a viewed by the use of

1388

00:57:06,589 --> 00:57:04,739

blacklight but but that in in particular

1389

00:57:08,329 --> 00:57:06,599

something that's always always been

1390

00:57:10,429 --> 00:57:08,339

something's puzzled me because there

1391

00:57:11,989 --> 00:57:10,439

were a number of the mutilations in the

1392

00:57:14,239 --> 00:57:11,999

shop the world's borders the the

1393

00:57:16,219 --> 00:57:14,249

intelligences behind the mutilations

1394

00:57:18,739 --> 00:57:16,229

have the ability to come in again and

1395

00:57:21,229 --> 00:57:18,749

again and again over a pier of sometimes

1396

00:57:23,929 --> 00:57:21,239

up to a week plus and actually actually

1397

00:57:32,179 --> 00:57:23,939

access the same carcass and take another

1398

00:57:36,829 --> 00:57:32,189

piece away up tissue letters would come

1399

00:57:38,659 --> 00:57:36,839

back weeks later yeah well we in one

1400

00:57:41,419 --> 00:57:38,669

case a particular in particular the

1401

00:57:43,519 --> 00:57:41,429

obviously they came back every night for

1402

00:57:45,769 --> 00:57:43,529

about a week and took another part of

1403

00:57:47,659 --> 00:57:45,779

the animal and tissue away and we could

1404

00:57:49,099 --> 00:57:47,669

never understand why wouldn't these

1405

00:57:50,539 --> 00:57:49,109

eight in terms of just take that the

1406

00:57:51,949 --> 00:57:50,549

animal if they wanted it they just

1407

00:57:52,729 --> 00:57:51,959

seemed to be able to walking and do it

1408

00:57:55,429 --> 00:57:52,739

and walk out again

1409

00:57:58,009 --> 00:57:55,439

and as you said earlier at the you know

1410

00:58:01,579 --> 00:57:58,019

even these little groups of the farmers

1411

00:58:03,079 --> 00:58:01,589

in the area of structural whales that a

1412

00:58:04,789 --> 00:58:03,089

lot of them wouldn't actually tell their

1413

00:58:06,709 --> 00:58:04,799

neighbors what was going on because they

1414

00:58:09,380 --> 00:58:06,719

just felt it was something that was

1415

00:58:11,419 --> 00:58:09,390

derogatory to their farming methods or

1416

00:58:13,189 --> 00:58:11,429

personally and that these animals were

1417

00:58:14,719 --> 00:58:13,199

dying in mysterious circumstances they

1418

00:58:17,179 --> 00:58:14,729

won't even tell their closest neighbors

1419

00:58:18,560 --> 00:58:17,189

but what they were doing is the families

1420

00:58:21,020 --> 00:58:18,570

were actually you know

1421

00:58:24,020 --> 00:58:21,030

late at night used using night vision

1422

00:58:26,900 --> 00:58:24,030

and cameras and binoculars trying to

1423

00:58:28,550 --> 00:58:26,910

attack these these seasons and in some

1424

00:58:29,600 --> 00:58:28,560

of the cases to the north of England

1425

00:58:31,790 --> 00:58:29,610

that we were involved with

1426

00:58:33,740 --> 00:58:31,800

I mean farmers were you know staying up

1427

00:58:35,480 --> 00:58:33,750

in one particular case that they stayed

1428

00:58:38,090 --> 00:58:35,490

up fits all night long

1429

00:58:39,470 --> 00:58:38,100

monitoring a certain area and they saw

1430

00:58:41,630 --> 00:58:39,480

absolutely nothing they heard absolutely

1431

00:58:42,740 --> 00:58:41,640

nothing but when the Sun came up there

1432

00:58:45,590 --> 00:58:42,750

in front of them where a number of

1433

00:58:47,750 --> 00:58:45,600

mutilated sheep they also had the early

1434

00:58:50,420 --> 00:58:47,760

side nothing they saw nothing they saw

1435

00:58:52,190 --> 00:58:50,430

and heard nothing you know that's what

1436

00:58:53,780 --> 00:58:52,200

they claimed to us but they did say that

1437

00:58:55,640 --> 00:58:53,790

you know what they were used in the

1438

00:58:58,370 --> 00:58:55,650

early versions of the stealth cameras

1439

00:59:00,410 --> 00:58:58,380

and on those cameras that they'd all

1440

00:59:02,630 --> 00:59:00,420

they captured where white spheres or

1441

00:59:05,000 --> 00:59:02,640

columns of light or energy that there's

1442

00:59:07,400 --> 00:59:05,010

nothing else on the SD cards so I mean

1443

00:59:09,290 --> 00:59:07,410

it's it's constantly you know we it's a

1444

00:59:11,570 --> 00:59:09,300

it's a most baffling subject you can

1445

00:59:13,850 --> 00:59:11,580

ever imagine that's a good point at

1446

00:59:16,100 --> 00:59:13,860

which to split for our number two the

1447

00:59:18,980 --> 00:59:16,110

baffling subject for most baffling

1448

00:59:21,740 --> 00:59:18,990

subject ever imagined and we'll try to

1449

00:59:24,320 --> 00:59:21,750

find out ways to make it less baffling

1450

00:59:26,570 --> 00:59:24,330

with Phil Hoyle Ted Olaf and our special

1451

01:00:08,740 --> 01:00:02,349
welcome back to the parrot house with

1462
01:00:12,190 --> 01:00:11,559
our special guest host is the trickster

1463
01:00:14,380 --> 01:00:12,200

himself

1464

01:00:17,140 --> 01:00:14,390

Christopher O'Brien let's have a little

1465

01:00:18,490 --> 01:00:17,150

trickster commentary there I'd be the

1466

01:00:20,680 --> 01:00:18,500

clicks there they'd be cutting up your

1467

01:00:23,349 --> 01:00:20,690

cows and sheep Oh Oh God

1468

01:00:25,200 --> 01:00:23,359

you know I said don't quit your day job

1469

01:00:28,540 --> 01:00:25,210

but this is his day job

1470

01:00:29,620 --> 01:00:28,550

we have Phil Hoyle and he's with a guy

1471

01:00:33,460 --> 01:00:29,630

you were saying

1472

01:00:35,470 --> 01:00:33,470

I heard that Ted although it only came

1473

01:00:38,260 --> 01:00:35,480

across kinda half at the half-assed I

1474

01:00:39,910 --> 01:00:38,270

think Ted just basically we don't wanna

1475

01:01:10,980 --> 01:00:39,920

mention what he just did we're family

1476

01:01:15,819 --> 01:01:13,569

okay are you sure that's you it looks

1477

01:01:19,870 --> 01:01:15,829

like yeah there you are they are Charlie

1478

01:01:23,410 --> 01:01:19,880

I used to I lost 40 pounds when I shaved

1479

01:01:27,190 --> 01:01:23,420

my head you got watch those young girls

1480

01:01:30,130 --> 01:01:27,200

I did the same thing young girl from

1481

01:01:35,050 --> 01:01:30,140

Brooklyn New York and now it's 400,000

1482

01:01:37,329 --> 01:01:35,060

years later okay they say Mazel Tov

1483

01:01:39,790 --> 01:01:37,339

where we are fella poil where do we find

1484

01:01:44,170 --> 01:01:39,800

more of the things that you do well our

1485

01:01:47,650 --> 01:01:44,180

animal mutilation site is can be found

1486

01:01:50,829 --> 01:01:47,660

at the APF you.org and it stands for

1487

01:01:52,140 --> 01:01:50,839

like animal pathology field unit it was

1488

01:01:54,490 --> 01:01:52,150

actually the name was derived

1489

01:01:56,620 --> 01:01:54,500

deliberately to separate it away from

1490

01:01:59,410 --> 01:01:56,630

any UFO connection because obviously us

1491

01:02:03,790 --> 01:01:59,420

we're talking about the jerries is still

1492

01:02:07,660 --> 01:02:03,800

out so that's covering the site covers

1493

01:02:10,030 --> 01:02:07,670

all the UK mutilations that virtually

1494

01:02:11,910 --> 01:02:10,040

ever been detected cuz obviously we've

1495

01:02:15,010 --> 01:02:11,920

liaised and cooperate with all

1496

01:02:16,300 --> 01:02:15,020

previously our mutilation investigators

1497

01:02:18,790 --> 01:02:16,310

for the UK and

1498

01:02:22,690 --> 01:02:18,800

that can be found virtually is on his on

1499

01:02:24,280 --> 01:02:22,700

that site and obviously this it's an

1500

01:02:26,020 --> 01:02:24,290

ongoing learning curve at the moment

1501

01:02:27,730 --> 01:02:26,030

there is so many new cases that we are

1502

01:02:29,860 --> 01:02:27,740

detecting along down this disruption

1503

01:02:32,380 --> 01:02:29,870

Welsh border there another part that are

1504

01:02:34,720 --> 01:02:32,390

active as well some of my colleagues are

1505

01:02:37,030 --> 01:02:34,730

working down in the Dartmoor area and

1506

01:02:38,770 --> 01:02:37,040

there's been a number of cases some back

1507

01:02:42,670 --> 01:02:38,780

to the seventies where ponies have been

1508

01:02:44,410 --> 01:02:42,680

killed in in the same way and at the end

1509

01:02:45,910 --> 01:02:44,420

of the day is to do with awareness the

1510

01:02:48,550 --> 01:02:45,920

farmers and the general public aren't

1511

01:02:51,310 --> 01:02:48,560

aware of the phenomena so a lot of these

1512

01:02:53,200 --> 01:02:51,320

these incidents go unreported Chris you

1513

01:02:55,540 --> 01:02:53,210

had a concern which I guess I do too

1514

01:02:58,060 --> 01:02:55,550

about possibly the use of too much

1515

01:03:00,880 --> 01:02:58,070

jargon in some of the commentary maybe

1516

01:03:03,700 --> 01:03:00,890

define a few terms well one of the

1517

01:03:06,580 --> 01:03:03,710

things that both Ted and I have I think

1518

01:03:08,380 --> 01:03:06,590

agreed on for quite some time prior to

1519

01:03:10,060 --> 01:03:08,390

the National Institute discovery

1520

01:03:12,220 --> 01:03:10,070

scientists and comme Kelleher coming out

1521

01:03:15,040 --> 01:03:12,230

with a theory that somehow this could

1522

01:03:18,190 --> 01:03:15,050

this whole phenomenon could be some sort

1523

01:03:20,460 --> 01:03:18,200

of monitoring of the food chain for what

1524

01:03:21,910 --> 01:03:20,470

are known as transmissible spongiform

1525

01:03:24,850 --> 01:03:21,920

encephalopathy

1526

01:03:26,260 --> 01:03:24,860

basically in a nutshell these are these

1527

01:03:28,960 --> 01:03:26,270

are miss folded proteins

1528

01:03:31,770 --> 01:03:28,970

everybody has prions in them but

1529

01:03:35,110 --> 01:03:31,780

something some environmental factor

1530

01:03:37,440 --> 01:03:35,120

tends to kick off occasionally these

1531

01:03:41,350 --> 01:03:37,450

prions and make them or replicate and

1532

01:03:42,520 --> 01:03:41,360

miss folded and then they replicate one

1533

01:03:44,500 --> 01:03:42,530

of the things that Ted brought up

1534

01:03:47,170 --> 01:03:44,510

earlier had to do with mad cow disease

1535

01:03:50,590 --> 01:03:47,180

and the possible linking of these animal

1536

01:03:51,910 --> 01:03:50,600

mutilation outbreaks to the monitoring

1537

01:03:54,100 --> 01:03:51,920

of the food chain

1538

01:03:56,530 --> 01:03:54,110

one of the things that I think we need

1539

01:03:58,540 --> 01:03:56,540

to do first of all is to make sure our

1540

01:04:00,490 --> 01:03:58,550

audience is aware of what we're talking

1541

01:04:03,370 --> 01:04:00,500

about basically what we're talking about

1542

01:04:07,540 --> 01:04:03,380

is a is is it's called prion disease and

1543

01:04:09,910 --> 01:04:07,550

this is the TSE acronym stands for

1544

01:04:12,220 --> 01:04:09,920

transmissible spongiform encephalopathy

1545

01:04:15,790 --> 01:04:12,230

and basically what we're talking about

1546

01:04:17,410 --> 01:04:15,800

is the smallest life-form known to man

1547

01:04:19,930 --> 01:04:17,420

is a virus and prions are about a

1548

01:04:21,670 --> 01:04:19,940

thousand times smaller i'm not sure if

1549

01:04:23,980 --> 01:04:21,680

you can actually classify prions as a

1550

01:04:28,090 --> 01:04:23,990

life form because if when they kick off

1551

01:04:29,710 --> 01:04:28,100

like full-blown aids versus HIV when

1552

01:04:32,140 --> 01:04:29,720

they kick off they can replicate

1553

01:04:34,750 --> 01:04:32,150

however it is extremely difficult almost

1554

01:04:36,370 --> 01:04:34,760

impossible to kill them and one of your

1555

01:04:41,020 --> 01:04:36,380

definitions of a life form is that it

1556

01:04:43,960 --> 01:04:41,030

could be killed so yeah exactly so this

1557

01:04:46,570 --> 01:04:43,970

this could be a very detrimental thing

1558

01:04:48,850 --> 01:04:46,580

in the food chain and well you know

1559

01:04:52,630 --> 01:04:48,860

quite a number of years back philip duke

1560

01:04:55,270 --> 01:04:52,640

ted and myself started to get this sense

1561

01:04:58,960 --> 01:04:55,280

that maybe we're seeing a program that's

1562

01:05:00,180 --> 01:04:58,970

monitoring the food chain for Tse which

1563

01:05:02,890 --> 01:05:00,190

is transmissible spongiform

1564

01:05:05,230 --> 01:05:02,900

encephalopathy and that includes mad cow

1565

01:05:07,210 --> 01:05:05,240

disease chronic wasting disease and wild

1566

01:05:08,650 --> 01:05:07,220

animals deer and elk coots felled

1567

01:05:11,850 --> 01:05:08,660

yokum's disease which is a

1568

01:05:14,590 --> 01:05:11,860

naturally-occurring a human variant of

1569

01:05:17,470 --> 01:05:14,600

prion disease it occurs in one in a

1570

01:05:21,340 --> 01:05:17,480

million people naturally so this is I

1571

01:05:25,360 --> 01:05:21,350

think a very very smoking gun avenue of

1572

01:05:27,010 --> 01:05:25,370

inquiry and I think Ted early on came

1573

01:05:29,260 --> 01:05:27,020

out with a very interesting paper called

1574

01:05:31,180 --> 01:05:29,270

mad cows I have known that really

1575

01:05:34,930 --> 01:05:31,190

spelled it out was the first real I

1576

01:05:36,760 --> 01:05:34,940

think attempt to equate outbreaks of cow

1577

01:05:39,040 --> 01:05:36,770

mutilations with the possibility of

1578

01:05:40,590 --> 01:05:39,050

monitoring the food chain so I just

1579

01:05:42,820 --> 01:05:40,600

wanted to make sure that our listeners

1580

01:05:45,100 --> 01:05:42,830

understood exactly what Ted was talking

1581

01:05:48,130 --> 01:05:45,110

about before so then it's the government

1582

01:05:50,710 --> 01:05:48,140

that's doing it in this case well again

1583

01:05:54,520 --> 01:05:50,720

I think that's a bit of an assumption it

1584

01:05:56,710 --> 01:05:54,530

may be a quasi-governmental group let's

1585

01:05:59,620 --> 01:05:56,720

say similar to like the Centers for

1586

01:06:01,180 --> 01:05:59,630

Disease Control or some sort of quasi

1587

01:06:10,930 --> 01:06:01,190

government group that has access to

1588

01:06:13,450 --> 01:06:10,940

military yeah of course the snippy case

1589

01:06:15,850 --> 01:06:13,460

that occurred in 1967 was within a

1590

01:06:19,600 --> 01:06:15,860

couple three weeks of the first known

1591

01:06:22,030 --> 01:06:19,610

escape or outbreak of prion disease in

1592

01:06:29,080 --> 01:06:22,040

nature which we can talk about if you

1593

01:06:31,090 --> 01:06:29,090

want but well he was a he was a

1594

01:06:33,500 --> 01:06:31,100

hematologist in residency at that point

1595

01:06:37,680 --> 01:06:36,060

he was the mystery pathologist that did

1596

01:06:39,290 --> 01:06:37,690

the examination by headlights on the

1597

01:06:41,790 --> 01:06:39,300

snippy case yes he told me that himself

1598

01:06:45,060 --> 01:06:41,800

yeah his brother works at Fort Detrick

1599

01:06:47,130 --> 01:06:45,070

Maryland isn't that interesting though

1600

01:06:49,620 --> 01:06:47,140

Fort Dietrich of course is where the

1601

01:06:52,079 --> 01:06:49,630

army chemical Corps does their

1602

01:06:54,329 --> 01:06:52,089

experiments and has quite extensive labs

1603

01:06:58,349 --> 01:06:54,339

and where a lot of development of

1604

01:07:07,070 --> 01:06:58,359

certain bio agents took place at one

1605

01:07:14,280 --> 01:07:10,680

well that that particular investigators

1606

01:07:15,839 --> 01:07:14,290

a big cat investigator it's not it's not

1607

01:07:23,640 --> 01:07:15,849

actually connected to our investigations

1608

01:07:25,530 --> 01:07:23,650

at all Paul Westwood that's it yeah it

1609

01:07:27,690 --> 01:07:25,540

was chemicals on an animal look like

1610

01:07:30,540 --> 01:07:27,700

almost like you know some sort of foam

1611

01:07:33,570 --> 01:07:30,550

that had acid in it really nasty stuff

1612

01:07:35,430 --> 01:07:33,580

and that animal was alive and you know

1613

01:07:36,870 --> 01:07:35,440

it's like the tissue sample that phil

1614

01:07:38,609 --> 01:07:36,880

recently sent me the animal that was

1615

01:07:40,140 --> 01:07:38,619

always kinda it was alive what was going

1616

01:07:48,540 --> 01:07:40,150

on and there was no blood at the

1617

01:07:50,730 --> 01:07:48,550

incisional area there was absolutely non

1618

01:07:52,890 --> 01:07:50,740

and in some of the other mutilation

1619

01:07:55,560 --> 01:07:52,900

cases I've actually found that the same

1620

01:07:57,210 --> 01:07:55,570

type of incision area which is like a

1621

01:07:59,880 --> 01:07:57,220

circular incision sometimes between

1622

01:08:02,010 --> 01:07:59,890

saying there's about 70 millimeters to

1623

01:08:04,290 --> 01:08:02,020

about a hundred and four millimeters it

1624

01:08:06,390 --> 01:08:04,300

looks like it's been cleaned before hand

1625

01:08:08,040 --> 01:08:06,400

before this after all it's been cut but

1626

01:08:09,660 --> 01:08:08,050

what they looks like to come back on

1627

01:08:13,560 --> 01:08:09,670

regarding what's been spoken about about

1628

01:08:16,289 --> 01:08:13,570

the BSC and the connection to the UK is

1629

01:08:18,539 --> 01:08:16,299

that obviously we make we've made

1630

01:08:20,579 --> 01:08:18,549

extensive inquiries to these links and

1631

01:08:23,190 --> 01:08:20,589

we came across this was back in the late

1632

01:08:26,010 --> 01:08:23,200

80s obviously when obviously that the

1633

01:08:30,630 --> 01:08:26,020

the BSC epidemic hit us quite hard in

1634

01:08:34,860 --> 01:08:30,640

the UK and we found a voter farmer that

1635

01:08:37,320 --> 01:08:34,870

have actually researched the actual the

1636

01:08:39,749 --> 01:08:37,330

compounds that were in the injections of

1637

01:08:41,910 --> 01:08:39,759

a compulsory mater but placed upon far

1638

01:08:45,269 --> 01:08:41,920

the farming community in the UK against

1639

01:08:47,099 --> 01:08:45,279

the blowfly now his farmer he said that

1640

01:08:50,070 --> 01:08:47,109

the symptoms of his

1641

01:08:55,620 --> 01:08:50,080

came about one year after the occupation

1642

01:08:57,329 --> 01:08:55,630

from from this this substance so that's

1643

01:08:59,849 --> 01:08:57,339

striking because you know one of the

1644

01:09:01,590 --> 01:08:59,859

questions I had recently to you I think

1645

01:09:04,410 --> 01:09:01,600

our communications was is this

1646

01:09:06,960 --> 01:09:04,420

organization researching it are they

1647

01:09:09,300 --> 01:09:06,970

causing well in this particular instance

1648

01:09:11,460 --> 01:09:09,310

what hand was is that the farmer found

1649

01:09:14,070 --> 01:09:11,470

out that the one of the ingredients was

1650

01:09:17,280 --> 01:09:14,080

a compound part of Agent Orange that was

1651

01:09:20,250 --> 01:09:17,290

used as a defoliant in in Vietnam and he

1652

01:09:23,550 --> 01:09:20,260

actually contacted labs in in the US and

1653

01:09:26,220 --> 01:09:23,560

got the antidote he injected the these

1654

01:09:28,290 --> 01:09:26,230

heard and of the majority was explained

1655

01:09:31,320 --> 01:09:28,300

the severe symptoms of BSE they couldn't

1656

01:09:33,690 --> 01:09:31,330

stand the shaking and he claims that the

1657

01:09:36,150 --> 01:09:33,700

veget all the herd recovered he also

1658

01:09:38,460 --> 01:09:36,160

claims that the men in pinstripe suits

1659

01:09:40,620 --> 01:09:38,470

turned up at the farm and made it know

1660

01:09:43,020 --> 01:09:40,630

in certain terms clear to him that if he

1661

01:09:44,940 --> 01:09:43,030

continued to make this public he would

1662

01:09:47,849 --> 01:09:44,950

be to say in hot water was an

1663

01:09:50,370 --> 01:09:47,859

understatement so I mean it just seems

1664

01:09:52,560 --> 01:09:50,380

to be the it may be through their

1665

01:09:54,870 --> 01:09:52,570

negligence and competence or discounters

1666

01:09:57,300 --> 01:09:54,880

she agreed that there's been a

1667

01:09:59,490 --> 01:09:57,310

contamination of the food chain to what

1668

01:10:01,860 --> 01:09:59,500

degree it has not been determined and

1669

01:10:04,680 --> 01:10:01,870

and thus the mutilations that have been

1670

01:10:07,460 --> 01:10:04,690

instigated to monitor the effect and an

1671

01:10:11,340 --> 01:10:07,470

extent or severity of the contamination

1672

01:10:14,250 --> 01:10:11,350

I should also remind our listeners at

1673

01:10:16,170 --> 01:10:14,260

one form of prion disease that is quite

1674

01:10:19,050 --> 01:10:16,180

prevalent in fact it was the first real

1675

01:10:21,240 --> 01:10:19,060

identified prion disease in livestock is

1676

01:10:23,400 --> 01:10:21,250

scrapey which occurs in sheep which is

1677

01:10:25,740 --> 01:10:23,410

the the vast majority of the cases that

1678

01:10:28,740 --> 01:10:25,750

Phillip has been investigating are sheep

1679

01:10:31,020 --> 01:10:28,750

one of the things I'm seeing here so far

1680

01:10:33,870 --> 01:10:31,030

most of what we've talked about are

1681

01:10:35,700 --> 01:10:33,880

things that could have been done by some

1682

01:10:38,250 --> 01:10:35,710

kind of private or governmental

1683

01:10:40,200 --> 01:10:38,260

organization so is there any paranormal

1684

01:10:42,240 --> 01:10:40,210

aspect to any of this any high

1685

01:10:45,600 --> 01:10:42,250

strangeness who wants to take that yeah

1686

01:10:47,970 --> 01:10:45,610

well I just come on on that regarding

1687

01:10:49,440 --> 01:10:47,980

the the UK I mean it's obvious to be in

1688

01:10:53,430 --> 01:10:49,450

a quite a number of instances that we

1689

01:10:55,830 --> 01:10:53,440

can explain and the farmers or even

1690

01:10:57,900 --> 01:10:55,840

individuals in the area of Africa claims

1691

01:11:01,740 --> 01:10:57,910

all sorts of interactions

1692

01:11:03,150 --> 01:11:01,750

you know and some of the actual images

1693

01:11:07,320 --> 01:11:03,160

on our cameras at the moment we can't

1694

01:11:09,870 --> 01:11:07,330

fully explain spheres beams the

1695

01:11:12,600 --> 01:11:09,880

different things like that people claim

1696

01:11:14,520 --> 01:11:12,610

even contacts and all sorts of stuff so

1697

01:11:17,240 --> 01:11:14,530

we are constantly just documenting these

1698

01:11:20,280 --> 01:11:17,250

things and making comparisons to other

1699

01:11:22,350 --> 01:11:20,290

reports there is a consistency in this

1700

01:11:25,560 --> 01:11:22,360

so that does seem to be this paranormal

1701

01:11:26,010 --> 01:11:25,570

element but but when you look across the

1702

01:11:27,960 --> 01:11:26,020

board

1703

01:11:32,190 --> 01:11:27,970

what percentage-wise is another matter

1704

01:11:34,350 --> 01:11:32,200

it's so it's an ongoing investigation

1705

01:11:36,900 --> 01:11:34,360

but looking at many different things but

1706

01:11:38,460 --> 01:11:36,910

there is a small element but our house

1707

01:11:43,140 --> 01:11:38,470

we said earlier are the powers that be

1708

01:11:44,940 --> 01:11:43,150

using that to cover their tracks because

1709

01:11:47,130 --> 01:11:44,950

a lot of people will jump initially

1710

01:11:49,230 --> 01:11:47,140

straight to a paranormal conclusion

1711

01:11:51,420 --> 01:11:49,240

because it is so bizarre you know you

1712

01:11:53,850 --> 01:11:51,430

just don't know that this moment in time

1713

01:11:56,120 --> 01:11:53,860

and the skeptics will automatically use

1714

01:11:59,190 --> 01:11:56,130
that as a giggle factor to totally

1715

01:12:01,110 --> 01:11:59,200
whitewash the whole thing as

1716

01:12:04,380 --> 01:12:01,120
misidentified scavenger action or

1717

01:12:07,620 --> 01:12:04,390
mundane you know mundane attrition at

1718

01:12:09,510 --> 01:12:07,630
work and and I again that points back to

1719

01:12:12,510 --> 01:12:09,520
that point the element that I brought up

1720

01:12:14,490 --> 01:12:12,520
is there's a self nullification element

1721

01:12:16,980 --> 01:12:14,500
going on and this whole thing that

1722

01:12:18,870 --> 01:12:16,990
totally keeps the public and in to a

1723

01:12:21,170 --> 01:12:18,880
lesser degree investigators like us on

1724

01:12:25,170 --> 01:12:21,180
our heels because we have a hard time

1725

01:12:27,300 --> 01:12:25,180
explaining this whole phenomenon in in

1726

01:12:30,270 --> 01:12:27,310

terms of purely human perpetrators

1727

01:12:32,880 --> 01:12:30,280

involved when you do have this very real

1728

01:12:35,130 --> 01:12:32,890

and albeit a small percentage of cases

1729

01:12:37,410 --> 01:12:35,140

that do have this this high strange

1730

01:12:40,080 --> 01:12:37,420

paranormal aspect to them now on the

1731

01:12:41,790 --> 01:12:40,090

reverse side of that this paranormal

1732

01:12:44,490 --> 01:12:41,800

aspect has been blown out of proportion

1733

01:12:47,070 --> 01:12:44,500

by some investigators that attempt to

1734

01:12:49,110 --> 01:12:47,080

then whitewash the whole thing by saying

1735

01:12:52,440 --> 01:12:49,120

this is all paranormal this is all

1736

01:12:54,330 --> 01:12:52,450

non-human in nature and that we're

1737

01:12:55,470 --> 01:12:54,340

dealing with something you know possibly

1738

01:12:58,860 --> 01:12:55,480

off planet or paranormal

1739

01:13:01,860 --> 01:12:58,870

multi-dimensional I think before we

1740

01:13:04,770 --> 01:13:01,870

finish the show today I would like to

1741

01:13:07,860 --> 01:13:04,780

get Phill and Ted's you know thinking on

1742

01:13:09,630 --> 01:13:07,870

what could possibly be behind first of

1743

01:13:10,700 --> 01:13:09,640

all to explain some of these paranormal

1744

01:13:12,410 --> 01:13:10,710

cases and

1745

01:13:15,320 --> 01:13:12,420

in terms of you know the evidence that

1746

01:13:16,870 --> 01:13:15,330

we have and then possibly riff a little

1747

01:13:19,459 --> 01:13:16,880

bit on what could possibly be

1748

01:13:22,280 --> 01:13:19,469

perpetrating these cases but before we

1749

01:13:23,930 --> 01:13:22,290

do that I think this whole element of of

1750

01:13:26,240 --> 01:13:23,940

monitoring the food chain some sort of

1751

01:13:28,520 --> 01:13:26,250

environmental monitoring program at work

1752

01:13:31,100 --> 01:13:28,530

I think is a very fruitful avenue of

1753

01:13:33,920 --> 01:13:31,110

inquiry and discussion in terms of

1754

01:13:36,740 --> 01:13:33,930

trying to explain at least a majority in

1755

01:13:39,890 --> 01:13:36,750

my opinion of these cases said what do

1756

01:13:41,900 --> 01:13:39,900

you think Kelleher told me about the

1757

01:13:44,229 --> 01:13:41,910

cages in Argentina the mutilation cases

1758

01:13:47,150 --> 01:13:44,239

down there he said it had to do with

1759

01:13:48,530 --> 01:13:47,160

diseases down there because they it's

1760

01:13:51,440 --> 01:13:48,540

been work with the Argentinian going to

1761

01:13:52,940 --> 01:13:51,450

get them to you know clean up amounts of

1762

01:13:54,200 --> 01:13:52,950

these down there and they wanted to make

1763

01:13:55,340 --> 01:13:54,210

sure that they had done everything they

1764

01:13:56,810 --> 01:13:55,350

were supposed to do and so they went

1765

01:13:58,520 --> 01:13:56,820

down take sample to see if you know the

1766

01:14:01,280 --> 01:13:58,530

beef was safe and there's discovery was

1767

01:14:03,260 --> 01:14:01,290

then all right after malaysia started in

1768

01:14:11,330 --> 01:14:03,270

1769

01:14:13,310 --> 01:14:11,340

Christopher O'Brien is our special guest

1795

01:15:24,500 --> 01:15:22,050

host we're talking about animal

1796

01:15:27,230 --> 01:15:24,510

mutilations the ones performed by

1797

01:15:30,140 --> 01:15:27,240

earthly actors and the ones may be

1798

01:15:32,570 --> 01:15:30,150

performed by others and we have Phil

1799

01:15:34,820 --> 01:15:32,580

Hoyle and Ted Olaf and we're covering

1800

01:15:36,770 --> 01:15:34,830

all the various permutations why don't

1801

01:15:38,660 --> 01:15:36,780

you pick up on this Chris well one of

1802

01:15:41,990 --> 01:15:38,670

the things that I noticed early on is

1803

01:15:43,970 --> 01:15:42,000

that there seems to be a very high

1804

01:15:46,280 --> 01:15:43,980

strange element that's involved in a

1805

01:15:48,680 --> 01:15:46,290

small percentage of cases what I've

1806

01:15:51,320 --> 01:15:48,690

noticed is these high strange cases tend

1807

01:15:53,510 --> 01:15:51,330

to be the precursor cases or the cases

1808

01:15:55,730 --> 01:15:53,520

that occur at the beginning of let's say

1809

01:15:58,520 --> 01:15:55,740

an unfolding wave this is something that

1810

01:16:01,340 --> 01:15:58,530

tends to appear and disappear in in

1811

01:16:03,260 --> 01:16:01,350

waves this is not something I think in

1812

01:16:05,120 --> 01:16:03,270

my personal experience in the San Luis

1813

01:16:08,480 --> 01:16:05,130

Valley this is not something that that

1814

01:16:10,550 --> 01:16:08,490

that is a consistent type of phenomenon

1815

01:16:12,470 --> 01:16:10,560

that occurs you know at all times of the

1816

01:16:14,780 --> 01:16:12,480

year and that burbles underneath the

1817

01:16:17,420 --> 01:16:14,790

surface I think we do see waves of

1818

01:16:19,160 --> 01:16:17,430

activity and what I have gleaned from my

1819

01:16:21,500 --> 01:16:19,170

investigative work is that the the

1820

01:16:22,940 --> 01:16:21,510

initial cases at the beginning of a wave

1821

01:16:25,310 --> 01:16:22,950

tend to be the ones that are highest

1822

01:16:29,060 --> 01:16:25,320

range that can't be explained away by

1823

01:16:30,800 --> 01:16:29,070

some sort of human perpetrator or simple

1824

01:16:33,380 --> 01:16:30,810

misidentified scavenger action or what

1825

01:16:35,690 --> 01:16:33,390

have you and one of the things that i

1826

01:16:38,060 --> 01:16:35,700

intuited very early on is there may be

1827

01:16:39,770 --> 01:16:38,070

some sort of connection I'm not sure

1828

01:16:41,510 --> 01:16:39,780

exactly what we can talk about it but

1829

01:16:43,700 --> 01:16:41,520

there seems to be some sort of

1830

01:16:45,830 --> 01:16:43,710

connection with the ancient practice of

1831

01:16:47,690 --> 01:16:45,840

animal sacrifice humans have been

1832

01:16:49,370 --> 01:16:47,700

sacrificing animals to the gods for

1833

01:16:51,470 --> 01:16:49,380

thousands of years and I don't think

1834

01:16:54,110 --> 01:16:51,480

this is by accident I think that this

1835

01:16:56,840 --> 01:16:54,120

could be some sort of societal or

1836

01:17:01,250 --> 01:16:56,850

cultural reaction to highest range cases

1837

01:17:04,010 --> 01:17:01,260

that possibly farmers or ranchers could

1838

01:17:05,840 --> 01:17:04,020

possibly be the being a thousand two

1839

01:17:08,510 --> 01:17:05,850

thousand years ago offering up and

1840

01:17:12,050 --> 01:17:08,520

sacrificing animals to the gods maybe

1841

01:17:16,010 --> 01:17:12,060

not quite seed bulls or prime breeding

1842

01:17:18,050 --> 01:17:16,020

stock may be sick or or not quality

1843

01:17:19,340 --> 01:17:18,060

animals sacrificing them to the God so

1844

01:17:20,770 --> 01:17:19,350

the gods don't come down take the good

1845

01:17:24,490 --> 01:17:20,780

ones I mean that this is a very

1846

01:17:27,530 --> 01:17:24,500

generalized sort of you know abbreviated

1847

01:17:28,970 --> 01:17:27,540

version of my thinking here but I think

1848

01:17:29,680 --> 01:17:28,980

that there is some sort of element that

1849

01:17:31,600 --> 01:17:29,690

does tie in

1850

01:17:34,360 --> 01:17:31,610

- animal sacrifice and this could be the

1851

01:17:36,760 --> 01:17:34,370

thing that the media and in certain

1852

01:17:39,820 --> 01:17:36,770

people out there in the public ik

1853

01:17:42,160 --> 01:17:39,830

waiting these cases to ritual activity

1854

01:17:45,430 --> 01:17:42,170

by cults or by Satanists which i think

1855

01:17:47,170 --> 01:17:45,440

is is is not you know accurate but I do

1856

01:17:49,420 --> 01:17:47,180

get a sense that there is a ritual

1857

01:17:53,050 --> 01:17:49,430

element involved and this is a reaction

1858

01:17:55,150 --> 01:17:53,060

to hi strange cases that the very

1859

01:17:57,490 --> 01:17:55,160

knowledgeable rancher or farmer cannot

1860

01:17:59,050 --> 01:17:57,500

explain away so this is I'll put this

1861

01:17:59,920 --> 01:17:59,060

one out to the to the group there what

1862

01:18:02,830 --> 01:17:59,930

do you guys think

1863

01:18:05,380 --> 01:18:02,840

well I start to come in here I agree a

1864

01:18:09,330 --> 01:18:05,390

lot what you just said in as much that a

1865

01:18:12,490 --> 01:18:09,340

number of the very limited I must admit

1866

01:18:14,620 --> 01:18:12,500

better examinations of the of mutilated

1867

01:18:17,860 --> 01:18:14,630

animals here in the Shropshire Welsh

1868

01:18:20,560 --> 01:18:17,870

borders the animals seem to have been in

1869

01:18:22,240 --> 01:18:20,570

very very poor health or disease before

1870

01:18:24,630 --> 01:18:22,250

obviously what they actually killed so I

1871

01:18:27,820 --> 01:18:24,640

mean it's it hasn't been always the the

1872

01:18:29,439 --> 01:18:27,830

primes doctors actually be mutilated in

1873

01:18:31,660 --> 01:18:29,449

some other cases it has been but a lot

1874

01:18:34,180 --> 01:18:31,670

it hasn't it's like some existing sink

1875

01:18:35,470 --> 01:18:34,190

singled out that particular animal but

1876

01:18:37,870 --> 01:18:35,480

also another point I'd like to make just

1877

01:18:40,800 --> 01:18:37,880

backtracking slightly is that when I

1878

01:18:45,900 --> 01:18:40,810

first got involved in this back in the

1879

01:18:48,130 --> 01:18:45,910

98 99 actually calling on these farms I

1880

01:18:50,830 --> 01:18:48,140

would obviously when I approached the

1881

01:18:52,479 --> 01:18:50,840

farmer I would I would never mention

1882

01:18:53,860 --> 01:18:52,489

obviously anything to do with paranormal

1883

01:18:56,470 --> 01:18:53,870

that wouldn't be instantly the door be

1884

01:18:58,540 --> 01:18:56,480

closed it was just it was just trying to

1885

01:19:01,479 --> 01:18:58,550

find out if anything unusual taking

1886

01:19:03,700 --> 01:19:01,489

place any rustling and and then we go

1887

01:19:05,560 --> 01:19:03,710

through obviously the photo albums any

1888

01:19:09,160 --> 01:19:05,570

injuries but one question I used to ask

1889

01:19:12,640 --> 01:19:09,170

is obviously what breed of animal do you

1890

01:19:15,280 --> 01:19:12,650

have and soon as they mentioned capital

1891

01:19:17,560 --> 01:19:15,290

I could be after are in a short while I

1892

01:19:19,390 --> 01:19:17,570

could be quite sure that they wouldn't

1893

01:19:22,060 --> 01:19:19,400

have had or would have any any

1894

01:19:24,640 --> 01:19:22,070

mutilations on that far it seems to be

1895

01:19:26,140 --> 01:19:24,650

that if it was just sheep there's a it

1896

01:19:27,520 --> 01:19:26,150

was a possibility and all the other

1897

01:19:29,380 --> 01:19:27,530

cases that followed virtually all of

1898

01:19:32,080 --> 01:19:29,390

them just had sheep in that Bennett

1899

01:19:33,430 --> 01:19:32,090

timeframe but any any farmer with sheep

1900

01:19:35,610 --> 01:19:33,440

and cattle there was never any

1901

01:19:38,590 --> 01:19:35,620

mutilations and I drew the conclusion

1902

01:19:40,060 --> 01:19:38,600

initially that possibly that whatever

1903

01:19:41,620 --> 01:19:40,070

was the monitoring was monitoring the

1904

01:19:44,770 --> 01:19:41,630

sheep to see if it

1905

01:19:46,419 --> 01:19:44,780

is contaminated with the BSE but because

1906

01:19:48,310 --> 01:19:46,429

they already knew that all the cattle

1907

01:19:50,140 --> 01:19:48,320

was and that's why they have the mass

1908

01:19:52,750 --> 01:19:50,150

coal in the UK because of the

1909

01:19:55,240 --> 01:19:52,760

contamination of the sc6 so in here

1910

01:19:58,209 --> 01:19:55,250

yeah it's you know it was it was

1911

01:20:00,189 --> 01:19:58,219

off-the-wall situation so but then over

1912

01:20:02,260 --> 01:20:00,199

the over the last few years that started

1913

01:20:04,810 --> 01:20:02,270

to move back again and I would miss the

1914

01:20:06,640 --> 01:20:04,820

number of the farms that we've got but

1915

01:20:09,100 --> 01:20:06,650

that are active at the moment they do

1916

01:20:12,280 --> 01:20:09,110

have capital a small amount as well as

1917

01:20:14,350 --> 01:20:12,290

sheep and others mutilations have taken

1918

01:20:17,590 --> 01:20:14,360

place there but I've come across only

1919

01:20:21,370 --> 01:20:17,600

one incidence personally where a calf

1920

01:20:24,189 --> 01:20:21,380

was mutilated and that particular farm

1921

01:20:26,910 --> 01:20:24,199

that the calf have been decapitated in

1922

01:20:29,860 --> 01:20:26,920

my opinion in one clean cut and

1923

01:20:31,570 --> 01:20:29,870

obviously the had never been discovered

1924

01:20:35,110 --> 01:20:31,580

by the farmer but it had also been

1925

01:20:38,680 --> 01:20:35,120

skinned like a rabbit now obviously when

1926

01:20:41,200 --> 01:20:38,690

we actually examine and document what

1927

01:20:43,840 --> 01:20:41,210

tissue organs have been removed we have

1928

01:20:45,840 --> 01:20:43,850

actually consulted with the surgeons and

1929

01:20:50,260 --> 01:20:45,850

experienced professionals in the

1930

01:20:52,030 --> 01:20:50,270

National Health System and certainly why

1931

01:20:54,850 --> 01:20:52,040

would you target these particular

1932

01:20:57,070 --> 01:20:54,860

tissues or organs and the response back

1933

01:20:59,530 --> 01:20:57,080

is liver said wherever is doing it is

1934

01:21:02,370 --> 01:20:59,540

looking for something because these

1935

01:21:05,500 --> 01:21:02,380

particular organs and tissues would have

1936

01:21:08,320 --> 01:21:05,510

concentrations of certain elements like

1937

01:21:10,149 --> 01:21:08,330

PSD concentrates the tonsils the

1938

01:21:12,399 --> 01:21:10,159

obviously the brain and the bone marrow

1939

01:21:15,100 --> 01:21:12,409

so it's like something is looking for

1940

01:21:18,220 --> 01:21:15,110

something but you know that's just began

1941

01:21:20,200 --> 01:21:18,230

the 64 million dollar question right

1942

01:21:23,590 --> 01:21:20,210

these organs these soft tissue organs

1943

01:21:27,399 --> 01:21:23,600

are the fastest regenerating organs in

1944

01:21:29,890 --> 01:21:27,409

livestock or mammals and also harbours

1945

01:21:33,040 --> 01:21:29,900

the least the most recent vestiges of

1946

01:21:36,010 --> 01:21:33,050

environmental pollutants are found in

1947

01:21:39,790 --> 01:21:36,020

the soft tissue organs which i think is

1948

01:21:41,620 --> 01:21:39,800

a very important clue that's often

1949

01:21:43,570 --> 01:21:41,630

overlooked I think in the research and

1950

01:21:46,120 --> 01:21:43,580

investigative field Ted what do you

1951

01:21:49,660 --> 01:21:46,130

think what are your feelings about these

1952

01:21:53,380 --> 01:21:49,670

high strange cases and and when they

1953

01:21:56,290 --> 01:21:53,390

and what you can determine based on the

1954

01:21:58,060 --> 01:21:56,300

unfolding wave of activity at least the

1955

01:22:00,010 --> 01:21:58,070

way that I've been seeing it do you see

1956

01:22:02,050 --> 01:22:00,020

any sort of correlation that's similar

1957

01:22:03,970 --> 01:22:02,060

in your your cases you know I'm thinking

1958

01:22:05,800 --> 01:22:03,980

real hard and you know I'm not really

1959

01:22:07,510 --> 01:22:05,810

really not seeing anything you know the

1960

01:22:09,850 --> 01:22:07,520

more I look back at in the more I looked

1961

01:22:11,530 --> 01:22:09,860

at it you know no you know other than

1962

01:22:15,880 --> 01:22:11,540

you know the obvious conclusion that I

1963

01:22:20,800 --> 01:22:15,890

came across wrote about in 1997 you know

1964

01:22:25,240 --> 01:22:20,810

with dead cows I mean I mean we native

1965

01:22:27,220 --> 01:22:25,250

your article is dead cows I've known he

1966

01:22:28,630 --> 01:22:27,230

reads that that pretty much ties

1967

01:22:30,430 --> 01:22:28,640

together when I was able to tie together

1968

01:22:33,640 --> 01:22:30,440

it is all there why don't you mention

1969

01:22:36,520 --> 01:22:33,650

some of the smoking gun evidence that

1970

01:22:38,620 --> 01:22:36,530

you found in terms of of constituent

1971

01:22:41,380 --> 01:22:38,630

elements found within some of the cattle

1972

01:22:43,600 --> 01:22:41,390

and and some of the you know what could

1973

01:22:45,970 --> 01:22:43,610

possibly be coincidental sort of

1974

01:22:48,430 --> 01:22:45,980

activity that's been reported around

1975

01:22:51,070 --> 01:22:48,440

some of these areas because I I do feel

1976

01:22:53,669 --> 01:22:51,080

that the Alabama wave is telling us a

1977

01:22:55,540 --> 01:22:53,679

lot about the potential more mundane

1978

01:22:58,600 --> 01:22:55,550

perpetrators that are involved in all

1979

01:23:00,760 --> 01:22:58,610

this once you kind of share some of your

1980

01:23:03,010 --> 01:23:00,770

thinking that that you did share in that

1981

01:23:05,979 --> 01:23:03,020

article yeah what was interesting I went

1982

01:23:07,900 --> 01:23:05,989

back with a film crew in 2002 and I went

1983

01:23:11,080 --> 01:23:07,910

back and interviewed some of the farmers

1984

01:23:13,330 --> 01:23:11,090

that had been affected in 1993 so here

1985

01:23:15,669 --> 01:23:13,340

we are not years later I've gone back

1986

01:23:17,830 --> 01:23:15,679

and reviewing some of the cops one which

1987

01:23:19,390 --> 01:23:17,840

is a queen of former coroner lost all

1988

01:23:22,570 --> 01:23:19,400

hope lost animals and so I talked to him

1989

01:23:25,150 --> 01:23:22,580

about Neville he lost in 1992 it was ten

1990

01:23:27,160 --> 01:23:25,160

years later you know and I finished

1991

01:23:29,200 --> 01:23:27,170

doing the interview with him you know

1992

01:23:31,540 --> 01:23:29,210

give us the truth or anything about the

1993

01:23:33,189 --> 01:23:31,550

hour and half after I get back home my

1994

01:23:34,840 --> 01:23:33,199

friends house for overstaying Alabama I

1995

01:23:37,150 --> 01:23:34,850

get a call for the farm he says well you

1996

01:23:38,800 --> 01:23:37,160

better get back down here and so I grab

1997

01:23:42,850 --> 01:23:38,810

the other cameras or the other good

1998

01:23:45,010 --> 01:23:42,860

camera and gone back ala for you and he

1999

01:23:46,060 --> 01:23:45,020

had a fresh revelation on his farm I

2000

01:23:47,380 --> 01:23:46,070

didn't know he had in the animals

2001

01:23:49,900 --> 01:23:47,390

lassies it's become he was out of this

2002

01:23:51,850 --> 01:23:49,910

but he had one left and it was real is

2003

01:23:56,080 --> 01:23:51,860

somewhere within nine hours of our

2004

01:23:57,669 --> 01:23:56,090

arrival Wow man yeah it's and it had

2005

01:23:58,189 --> 01:23:57,679

been there at the time that I was

2006

01:24:00,770 --> 01:23:58,199

interview

2007

01:24:03,350 --> 01:24:00,780

Wow it was almost as if it'd been

2008

01:24:06,140 --> 01:24:03,360

provided for me Wow how about you feel

2009

01:24:10,130 --> 01:24:06,150

if you ever had a case like that yes

2010

01:24:11,959 --> 01:24:10,140

this is funny to say that because it's

2011

01:24:13,790 --> 01:24:11,969

it's it's so it's so actually

2012

01:24:16,430 --> 01:24:13,800

unbelievable at times we it would it

2013

01:24:18,680 --> 01:24:16,440

would seem at times that there's some

2014

01:24:20,959 --> 01:24:18,690

unknown intelligence at times it's

2015

01:24:21,890 --> 01:24:20,969

orchestrating the most what I call in

2016

01:24:23,689 --> 01:24:21,900

micromanagement

2017

01:24:25,370 --> 01:24:23,699

there's even the smallest events I mean

2018

01:24:28,370 --> 01:24:25,380

one of the micromanagement that means

2019

01:24:30,919 --> 01:24:28,380

that Apple's Steve Jobs is responsible

2020

01:24:42,620 --> 01:24:30,929

ladies and gentlemen for animal

2021

01:24:45,709 --> 01:24:42,630

mutilations was within 50 billion

2022

01:24:47,689 --> 01:24:45,719

dollars of Microsoft's market cap as of

2023

01:24:49,370 --> 01:24:47,699

last week or the week before we're

2024

01:24:51,260 --> 01:24:49,380

taping this recording before we're doing

2025

01:24:53,990 --> 01:24:51,270

this show so it's very possible that

2026

01:24:56,660 --> 01:24:54,000

that will be the thing that makes Apple

2027

01:25:01,910 --> 01:24:56,670

more popular than Microsoft in terms of

2028

01:25:04,370 --> 01:25:01,920

market there it is here ready first well

2029

01:25:07,669 --> 01:25:04,380

here's one for you I love the the

2030

01:25:09,830 --> 01:25:07,679

incredible case that Combe Kelleher and

2031

01:25:12,680 --> 01:25:09,840

George Knapp spelled out in the book

2032

01:25:14,330 --> 01:25:12,690

hunt for the skinwalker where the Terry

2033

01:25:15,439 --> 01:25:14,340

and Gwen Sherman were out checking their

2034

01:25:18,110 --> 01:25:15,449

herd one o'clock in the afternoon

2035

01:25:21,950 --> 01:25:18,120

beautiful day walked through the pasture

2036

01:25:24,320 --> 01:25:21,960

they walked by a mother in her calf they

2037

01:25:26,959 --> 01:25:24,330

go about two three hundred yards past

2038

01:25:29,240 --> 01:25:26,969

the calf check the rest of the herd turn

2039

01:25:30,860 --> 01:25:29,250

around and come back within a matter of

2040

01:25:32,870 --> 01:25:30,870

minutes they came back and they noticed

2041

01:25:35,330 --> 01:25:32,880

that the calf had been totally horribly

2042

01:25:37,850 --> 01:25:35,340

mutilated while they were in the pasture

2043

01:25:42,439 --> 01:25:37,860

they heard nothing they saw nothing

2044

01:25:44,600 --> 01:25:42,449

they had a crack team of scientists on

2045

01:25:46,939 --> 01:25:44,610

site within hours they did a complete

2046

01:25:49,370 --> 01:25:46,949

necropsy on the animal what was left of

2047

01:25:51,800 --> 01:25:49,380

it with the help of a veterinary

2048

01:25:56,090 --> 01:25:51,810

pathologist if I remember correctly I

2049

01:25:59,990 --> 01:25:56,100

have had cases where I had a rancher who

2050

01:26:02,930 --> 01:26:00,000

lost 49 head back in 75 within two weeks

2051
01:26:05,450 --> 01:26:02,940
it got so bad that they did a complete

2052
01:26:07,189 --> 01:26:05,460
stakeout with ranchers and deputies and

2053
01:26:09,700 --> 01:26:07,199
a sheriff they staked out the herd all

2054
01:26:11,950 --> 01:26:09,710
night they nothing has

2055
01:26:14,350 --> 01:26:11,960
and they went ahead and went down they

2056
01:26:16,540 --> 01:26:14,360
took the 10-12 minute ride into town to

2057
01:26:18,670 --> 01:26:16,550
the sheriff's office as they got into

2058
01:26:21,280 --> 01:26:18,680
the office the rancher had gone up to

2059
01:26:23,320 --> 01:26:21,290
check on them and check on his herd and

2060
01:26:26,260 --> 01:26:23,330
found a cow mutilated right where the

2061
01:26:27,910 --> 01:26:26,270
guy's had been headquartered you know

2062
01:26:29,080 --> 01:26:27,920
the guys who are monitoring the herd and

2063
01:26:30,790 --> 01:26:29,090

called down there and told him you

2064

01:26:32,410 --> 01:26:30,800

betting like you said Ted you better get

2065

01:26:34,420 --> 01:26:32,420

back up here because there's a

2066

01:26:36,610 --> 01:26:34,430

mutilation here the sheriff and his

2067

01:26:38,050 --> 01:26:36,620

buddies and deputies went back up there

2068

01:26:39,970 --> 01:26:38,060

and sure enough right there where they'd

2069

01:26:43,390 --> 01:26:39,980

been standing in the head quartered all

2070

01:26:47,380 --> 01:26:43,400

night was a mutilated cow there is a

2071

01:26:49,690 --> 01:26:47,390

high strange element involved in a few

2072

01:26:52,780 --> 01:26:49,700

of these cases not all by any stretch

2073

01:26:54,700 --> 01:26:52,790

and III it's like a baby in the

2074

01:26:57,190 --> 01:26:54,710

bathwater scenario you can't throw out

2075

01:27:00,100 --> 01:26:57,200

any sort of paranormal explanation

2076

01:27:03,340 --> 01:27:00,110

because there are cases that that are

2077

01:27:04,479 --> 01:27:03,350

very well documented that can suggest

2078

01:27:08,080 --> 01:27:04,489

that we are dealing with something

2079

01:27:11,110 --> 01:27:08,090

paranormal but in my opinion of 90% or

2080

01:27:13,870 --> 01:27:11,120

more cases could have some sort of human

2081

01:27:16,720 --> 01:27:13,880

perpetrator element involved what does

2082

01:27:19,000 --> 01:27:16,730

that suggest at least in my mind to

2083

01:27:20,770 --> 01:27:19,010

suggest that that the human element is

2084

01:27:23,500 --> 01:27:20,780

aware of the paranormal element

2085

01:27:26,650 --> 01:27:23,510

obviously the paranormal element I think

2086

01:27:28,930 --> 01:27:26,660

Ted your case is a classic example that

2087

01:27:31,060 --> 01:27:28,940

paranormal element is also aware of the

2088

01:27:32,560 --> 01:27:31,070

human element so Chris can I just throw

2089

01:27:35,590 --> 01:27:32,570

something in here are you suggesting

2090

01:27:37,780 --> 01:27:35,600

then that the human element being aware

2091

01:27:41,140 --> 01:27:37,790

of the paranormal element stages the

2092

01:27:43,030 --> 01:27:41,150

human element to again misdirect move

2093

01:27:46,880 --> 01:27:43,040

our attention away from what's really

[Music]

01:29:08,350 --> 01:29:06,250

we have Christopher O'Brien our special

2117

01:29:10,780 --> 01:29:08,360

guest co-host who obviously has been

2118

01:29:12,689 --> 01:29:10,790

around this territory before and he's

2119

01:29:15,189 --> 01:29:12,699

author of a number of books including

2120

01:29:18,729 --> 01:29:15,199

stalking the tricksters which is of

2121

01:29:21,209 --> 01:29:18,739

course why he has that weird voice that

2122

01:29:24,939 --> 01:29:21,219

he channeled from some guy named B Edna

2123

01:29:27,040 --> 01:29:24,949

we also have ten olifant and Philip oil

2124

01:29:28,660 --> 01:29:27,050

so Chris let's go back to the

2125

01:29:31,150 --> 01:29:28,670

misdirection and let's look at some

2126
01:29:33,430 --> 01:29:31,160
purposes here as we come into our last

2127
01:29:35,380 --> 01:29:33,440
half-hour of the episode let's try to

2128
01:29:36,280 --> 01:29:35,390
put it all together oh boy that's it

2129
01:29:38,320 --> 01:29:36,290
that's a tall order

2130
01:29:40,060 --> 01:29:38,330
you know I'm telling you when I say you

2131
01:29:42,790 --> 01:29:40,070
do what you do it you have to listen to

2132
01:29:45,550 --> 01:29:42,800
me because I gives the orders okay

2133
01:29:48,670 --> 01:29:45,560
you're the boss boss shaking the tree

2134
01:29:50,650 --> 01:29:48,680
boss shaking the cow yes in answer to

2135
01:29:56,770 --> 01:29:50,660
your question the short answer is yes I

2136
01:29:59,170 --> 01:29:56,780
do feel that there is a connection I do

2137
01:30:02,100 --> 01:29:59,180
have a sense that you know that that the

2138
01:30:05,830 --> 01:30:02,110

human element involved in this is

2139

01:30:07,390 --> 01:30:05,840

perpetrating hi strange cases what

2140

01:30:09,310 --> 01:30:07,400

appear to be hi strange I mean bye-bye

2141

01:30:11,229 --> 01:30:09,320

your classic mutilation to throw

2142

01:30:14,500 --> 01:30:11,239

investigators and law enforcement off

2143

01:30:16,570 --> 01:30:14,510

track these cases tend to occur in the

2144

01:30:19,900 --> 01:30:16,580

region where the initial cases occur but

2145

01:30:21,280 --> 01:30:19,910

at the other side of the county or in in

2146

01:30:23,100 --> 01:30:21,290

one sense of the word

2147

01:30:27,760 --> 01:30:23,110

there seems to be about a 40-mile

2148

01:30:31,000 --> 01:30:27,770

correlation that is in a rough square

2149

01:30:33,760 --> 01:30:31,010

around many of these sites very

2150

01:30:36,550 --> 01:30:33,770

interesting observation was made by a an

2151
01:30:38,890 --> 01:30:36,560
insurance adjuster up in Canada who back

2152
01:30:40,780 --> 01:30:38,900
in the late 80s was investigating the

2153
01:30:43,479 --> 01:30:40,790
whole outbreak of cattle mutilation

2154
01:30:45,130 --> 01:30:43,489
cases in Alberta and one of the things

2155
01:30:46,750 --> 01:30:45,140
you know he was tasked with was

2156
01:30:48,910 --> 01:30:46,760
determining the cause of death and

2157
01:30:50,860 --> 01:30:48,920
whether it you know insurance claims

2158
01:30:53,020 --> 01:30:50,870
were valid if there was insurance on

2159
01:30:56,070 --> 01:30:53,030
these animals and one of the things that

2160
01:30:59,560 --> 01:30:56,080
he noticed was that there seems to be a

2161
01:31:02,530 --> 01:30:59,570
40-mile correlation roughly in a square

2162
01:31:04,450 --> 01:31:02,540
and you'd have a case occur Ground Zero

2163
01:31:06,670 --> 01:31:04,460

and then 40 miles away would be another

2164

01:31:09,010 --> 01:31:06,680

case and then 40 miles away from that

2165

01:31:11,320 --> 01:31:09,020

case would be another case and then back

2166

01:31:12,910 --> 01:31:11,330

almost in a square pattern he noticed

2167

01:31:14,290 --> 01:31:12,920

that there was this interesting

2168

01:31:16,390 --> 01:31:14,300

correlation

2169

01:31:19,600 --> 01:31:16,400

this is an example of trying to identify

2170

01:31:22,360 --> 01:31:19,610

patterns and I do have a sense in answer

2171

01:31:24,190 --> 01:31:22,370

to a question again that there are human

2172

01:31:26,500 --> 01:31:24,200

groups that are perpetrating red herring

2173

01:31:29,530 --> 01:31:26,510

cases for lack of a better term to throw

2174

01:31:31,630 --> 01:31:29,540

investigators off stride and you know to

2175

01:31:33,970 --> 01:31:31,640

muddy up the investigative waters for

2176
01:31:35,830 --> 01:31:33,980
lack of a better definition that implies

2177
01:31:37,120 --> 01:31:35,840
so that they know what's going on

2178
01:31:40,000 --> 01:31:37,130
exactly

2179
01:31:42,610 --> 01:31:40,010
oh so who are these human perpetrators

2180
01:31:49,900 --> 01:31:42,620
the government the NSA the men in black

2181
01:31:51,670 --> 01:31:49,910
in an NIH may be the study of how

2182
01:31:53,590 --> 01:31:51,680
epidemics just spread so who is that

2183
01:31:56,020 --> 01:31:53,600
that's gonna be things like the NIH is

2184
01:31:58,540 --> 01:31:56,030
you know centers to disease control

2185
01:31:59,950 --> 01:31:58,550
Rocky Mountain was a whole bunch of

2186
01:32:03,010 --> 01:31:59,960
different people don't you look at stuff

2187
01:32:05,500 --> 01:32:03,020
you know doing whatever they're doing I

2188
01:32:06,550 --> 01:32:05,510

don't know if there's one is but you

2189

01:32:08,770 --> 01:32:06,560

know all I can tell you is that there's

2190

01:32:10,450 --> 01:32:08,780

definitely helicopters involved or the

2191

01:32:11,770 --> 01:32:10,460

FAA King Johnson on March I was

2192

01:32:14,440 --> 01:32:11,780

hollering trying to handle all the

2193

01:32:17,140 --> 01:32:14,450

regulations to respond they knew it was

2194

01:32:22,240 --> 01:32:17,150

true so there's so many who's able to

2195

01:32:25,530 --> 01:32:22,250

operate you know period under the radar

2196

01:32:29,050 --> 01:32:25,540

as it were yeah pretty much

2197

01:32:30,970 --> 01:32:29,060

what do you think though well establish

2198

01:32:33,670 --> 01:32:30,980

Saenz does death in the military

2199

01:32:35,560 --> 01:32:33,680

helicopters covert or an element of the

2200

01:32:37,660 --> 01:32:35,570

military or government apart from the

2201

01:32:39,820 --> 01:32:37,670

normal military I've come across

2202

01:32:42,580 --> 01:32:39,830

numerous farmers have actually been a

2203

01:32:45,220 --> 01:32:42,590

very late check-in you know stock and

2204

01:32:47,740 --> 01:32:45,230

actually stumbled across Special Forces

2205

01:32:50,830 --> 01:32:47,750

all in black sometimes they say with no

2206

01:32:53,040 --> 01:32:50,840

badges identifying who they are actually

2207

01:32:55,690 --> 01:32:53,050

on their land helicopters landed and

2208

01:32:57,820 --> 01:32:55,700

that come up with stories that in one

2209

01:32:59,590 --> 01:32:57,830

particular incident because the crew

2210

01:33:01,390 --> 01:32:59,600

said that they'd been on exercise and

2211

01:33:03,100 --> 01:33:01,400

they dropped some night-vision equipment

2212

01:33:05,920 --> 01:33:03,110

and they were looking for it and stuff

2213

01:33:08,230 --> 01:33:05,930

like this and so you know that you know

2214

01:33:10,750 --> 01:33:08,240

the military are out there Estes no ifs

2215

01:33:14,050 --> 01:33:10,760

or butts about that on the other side of

2216

01:33:15,790 --> 01:33:14,060

the coin one the high strangest case

2217

01:33:18,970 --> 01:33:15,800

where there was military presence and

2218

01:33:22,030 --> 01:33:18,980

also ground markings that were totally

2219

01:33:24,340 --> 01:33:22,040

unusual that we couldn't identify there

2220

01:33:27,490 --> 01:33:24,350

was a it was a small hill farm and

2221

01:33:30,730 --> 01:33:27,500

that's the profile in the disruption

2222

01:33:33,670 --> 01:33:30,740

Borders Hill Farms that virtually

2223

01:33:35,260 --> 01:33:33,680

unaccessible bite biter for one lane and

2224

01:33:37,740 --> 01:33:35,270

leads to this particular farm

2225

01:33:41,830 --> 01:33:37,750

I'm talking about its had a number of

2226

01:33:43,750 --> 01:33:41,840

bandage like horseshoe em impressions on

2227

01:33:45,700 --> 01:33:43,760

the hill and just below it where the

2228

01:33:49,060 --> 01:33:45,710

mutilations are always discovered these

2229

01:33:51,700 --> 01:33:49,070

bands actually range from 1.5 meters

2230

01:33:54,910 --> 01:33:51,710

across two to six point two meters the

2231

01:33:56,950 --> 01:33:54,920

actual width of the band was 222

2232

01:33:59,470 --> 01:33:56,960

millimeters wide if you could imagine

2233

01:34:01,630 --> 01:33:59,480

that if you make that look at say a

2234

01:34:04,210 --> 01:34:01,640

horseshoe the open end was always

2235

01:34:07,750 --> 01:34:04,220

pointing down now when we had an

2236

01:34:08,770 --> 01:34:07,760

examination of the of the soil and grass

2237

01:34:11,020 --> 01:34:08,780

within the band

2238

01:34:13,860 --> 01:34:11,030

it was literally begged like concrete I

2239

01:34:17,410 --> 01:34:13,870

I nearly broke the trowel trying to take

2240

01:34:19,150 --> 01:34:17,420

samples the analysis determined that it

2241

01:34:21,910 --> 01:34:19,160

had been begged so hard by an unknown

2242

01:34:24,280 --> 01:34:21,920

energy that it looks like ceramic but it

2243

01:34:26,260 --> 01:34:24,290

was also water resistance and repellent

2244

01:34:29,080 --> 01:34:26,270

to any water substance and we couldn't

2245

01:34:31,150 --> 01:34:29,090

explain where these have come from but

2246

01:34:33,720 --> 01:34:31,160

other people there locals and farmers

2247

01:34:37,330 --> 01:34:33,730

were seeing very unusual white spheres

2248

01:34:39,220 --> 01:34:37,340

over farms and approaching farms and

2249

01:34:42,730 --> 01:34:39,230

over fields and one farmer even claimed

2250

01:34:45,360 --> 01:34:42,740

to have actually witnessed Jets having

2251

01:34:48,070 --> 01:34:45,370

interactions with these spheres but

2252

01:34:49,720 --> 01:34:48,080

because they say I'm sorry on one side

2253

01:34:52,810 --> 01:34:49,730

we've got this paranormal and the other

2254

01:34:54,310 --> 01:34:52,820

side we've got obviously substantial

2255

01:34:56,440 --> 01:34:54,320

evidence there's a covert military

2256

01:34:58,690 --> 01:34:56,450

presence around the area at night

2257

01:35:02,040 --> 01:34:58,700

now one thing was taken to account where

2258

01:35:04,720 --> 01:35:02,050

we live I live in a shoe spree which is

2259

01:35:07,720 --> 01:35:04,730

interrupter in that in the sinner under

2260

01:35:09,580 --> 01:35:07,730

you the west of the Midlands just 20

2261

01:35:12,460 --> 01:35:09,590

miles from the Welsh border but we have

2262

01:35:15,610 --> 01:35:12,470

the biggest helicopter training facility

2263

01:35:17,350 --> 01:35:15,620

in the country and so obviously one

2264

01:35:19,960 --> 01:35:17,360

thing we do have around here is plenty

2265

01:35:22,000 --> 01:35:19,970

of helicopters so I mean they're there

2266

01:35:24,400 --> 01:35:22,010

and I say there's just so many different

2267

01:35:26,560 --> 01:35:24,410

fingers in the pie but we definitely

2268

01:35:29,170 --> 01:35:26,570

know that the military are watching

2269

01:35:31,480 --> 01:35:29,180

something can maybe vice versa so it's

2270

01:35:33,670 --> 01:35:31,490

it's it's unfolding that you know where

2271

01:35:35,920 --> 01:35:33,680

we've got that we're lucky to have that

2272

01:35:38,050 --> 01:35:35,930

right right under our noses so we're

2273

01:35:39,910 --> 01:35:38,060

constantly looking for new evidence and

2274

01:35:41,320 --> 01:35:39,920

and evaluating what's taking place

2275

01:35:43,840 --> 01:35:41,330

well another thing that should be

2276

01:35:46,149 --> 01:35:43,850

brought up is the sheer number of

2277

01:35:47,859 --> 01:35:46,159

helicopter reports that have been filed

2278

01:35:52,810 --> 01:35:47,869

and documented or in and around

2279

01:35:54,820 --> 01:35:52,820

mutilation sites as of 1998 we had 300

2280

01:35:57,760 --> 01:35:54,830

helicopter sightings that have been

2281

01:36:00,070 --> 01:35:57,770

reported in conjunction with mutilation

2282

01:36:03,040 --> 01:36:00,080

sites and I'm sure the number has gone

2283

01:36:05,250 --> 01:36:03,050

up considerably since then but this is

2284

01:36:08,229 --> 01:36:05,260

an element that some of the high strange

2285

01:36:11,050 --> 01:36:08,239

proponents of this phenomenon tend to

2286

01:36:13,899 --> 01:36:11,060

kind of whitewash or sort of shove under

2287

01:36:16,149 --> 01:36:13,909

the rug and it's an element that in the

2288

01:36:17,620 --> 01:36:16,159

pop culture appraisal of this whole

2289

01:36:21,160 --> 01:36:17,630

thing and the inversion of this whole

2290

01:36:25,240 --> 01:36:21,170

thing you don't see this very think

2291

01:36:28,810 --> 01:36:25,250

telling fact brought out - in any

2292

01:36:31,090 --> 01:36:28,820

explanation the you know trying to at

2293

01:36:33,040 --> 01:36:31,100

least put the assigned blame where it

2294

01:36:35,430 --> 01:36:33,050

needs to go and I do really feel that

2295

01:36:38,050 --> 01:36:35,440

this is an important element I know Ted

2296

01:36:41,020 --> 01:36:38,060

went through the same thing down in

2297

01:36:42,669 --> 01:36:41,030

Alabama with the many helicopter

2298

01:36:55,479 --> 01:36:42,679

sightings and reports that he had down

2299

01:36:56,950 --> 01:36:55,489

there because in Seoul when the Army was

2300

01:36:58,240 --> 01:36:56,960

getting ready to fly a bunch helicopters

2301
01:36:59,890 --> 01:36:58,250
over the mountain for an exercise they

2302
01:37:01,720 --> 01:36:59,900
went on the news it was the first story

2303
01:37:03,430 --> 01:37:01,730
that night that they were going to find

2304
01:37:05,709 --> 01:37:03,440
a bunch of helicopters over Sand

2305
01:37:07,479 --> 01:37:05,719
Mountain and don't shoot that as we're

2306
01:37:12,220 --> 01:37:07,489
not doing the mutilations literally they

2307
01:37:14,140 --> 01:37:12,230
said I rest my case

2308
01:37:17,649 --> 01:37:14,150
well what about Big Momma out in the

2309
01:37:19,780 --> 01:37:17,659
Front Range of Colorado back in 75 where

2310
01:37:22,000 --> 01:37:19,790
I mean they actually chased helicopters

2311
01:37:24,310 --> 01:37:22,010
with private planes and you know there's

2312
01:37:27,070 --> 01:37:24,320
quite a bit of very compelling evidence

2313
01:37:30,189 --> 01:37:27,080

that suggests that if the government or

2314

01:37:31,780 --> 01:37:30,199

a quasi government group is not involved

2315

01:37:34,209 --> 01:37:31,790

in this they sure know about it and

2316

01:37:36,550 --> 01:37:34,219

they're actively monitoring outbreaks of

2317

01:37:39,100 --> 01:37:36,560

these types of cases this is an element

2318

01:37:40,209 --> 01:37:39,110

that I think has been a little bit

2319

01:37:42,070 --> 01:37:40,219

neglected I think in the public

2320

01:37:44,160 --> 01:37:42,080

disclosure of this whole phenomenon I

2321

01:37:46,729 --> 01:37:44,170

think you know you've got

2322

01:37:49,560 --> 01:37:46,739

the most valid point well Thank You Ted

2323

01:37:51,300 --> 01:37:49,570

it must be the trickster well we have to

2324

01:37:53,220 --> 01:37:51,310

see why we're playing that trick and

2325

01:37:54,540 --> 01:37:53,230

maybe that's something we can deal with

2326

01:37:56,790 --> 01:37:54,550

him the remaining few moments of this

2327

01:37:58,950 --> 01:37:56,800

episode which is okay let's look at the

2328

01:38:00,270 --> 01:37:58,960

high strangest episodes this is the

2329

01:38:03,990 --> 01:38:00,280

power cast we're looking at the

2330

01:38:06,540 --> 01:38:04,000

paranormal so fellow is it et what is

2331

01:38:08,910 --> 01:38:06,550

causing the power normal aspect of

2332

01:38:10,439 --> 01:38:08,920

animal mutilations well I could say

2333

01:38:14,180 --> 01:38:10,449

that's Tucker says that's the main

2334

01:38:16,590 --> 01:38:14,190

question there is definitely an element

2335

01:38:19,169 --> 01:38:16,600

must collide be a very small element

2336

01:38:20,790 --> 01:38:19,179

that is as yet unexplainable the

2337

01:38:22,590 --> 01:38:20,800

technology and the time that's been

2338

01:38:24,950 --> 01:38:22,600

actually cited or witnessed would put it

2339

01:38:27,660 --> 01:38:24,960

outside the envelope of black-budget

2340

01:38:30,030 --> 01:38:27,670

back to the 50s we're talking about in

2341

01:38:31,530 --> 01:38:30,040

the and even before some of the older

2342

01:38:34,439 --> 01:38:31,540

farmers recall instances that are

2343

01:38:37,290 --> 01:38:34,449

clearly extremely unusual and paranormal

2344

01:38:40,290 --> 01:38:37,300

but it could well be that there's a

2345

01:38:43,350 --> 01:38:40,300

situation that there is paranormal

2346

01:38:45,740 --> 01:38:43,360

intelligence monitoring's the different

2347

01:38:48,000 --> 01:38:45,750

procedures or monitoring of our

2348

01:38:50,490 --> 01:38:48,010

contamination of the food chain is that

2349

01:38:52,410 --> 01:38:50,500

that there's been found

2350

01:38:53,850 --> 01:38:52,420

agencies have created the problem they

2351

01:38:55,860 --> 01:38:53,860

are aware of it they're monitoring it

2352

01:38:58,229 --> 01:38:55,870

and something else is watching and

2353

01:38:59,970 --> 01:38:58,239

monitoring them and vice-versa it's it's

2354

01:39:02,250 --> 01:38:59,980

it's like what chris said earlier you

2355

01:39:03,959 --> 01:39:02,260

can have a an unusual strangeness case

2356

01:39:07,080 --> 01:39:03,969

and then all the sudden there's a an

2357

01:39:09,180 --> 01:39:07,090

upsurge of of cases that don't carry the

2358

01:39:12,090 --> 01:39:09,190

same signatures that would indicate that

2359

01:39:15,390 --> 01:39:12,100

it was something to pick extremely

2360

01:39:17,490 --> 01:39:15,400

unusual it's so it's we have to keep

2361

01:39:18,930 --> 01:39:17,500

constantly an open mind and I think that

2362

01:39:21,840 --> 01:39:18,940

the ones that one learning curve that

2363

01:39:25,200 --> 01:39:21,850

we've we've come to take on board is

2364

01:39:26,970 --> 01:39:25,210

that you cannot take for granted what

2365

01:39:29,490 --> 01:39:26,980

you know today will be the same tomorrow

2366

01:39:31,620 --> 01:39:29,500

you must constantly re-evaluate and and

2367

01:39:33,689 --> 01:39:31,630

going back to early earlier in the

2368

01:39:35,130 --> 01:39:33,699

program we're talking about what

2369

01:39:36,600 --> 01:39:35,140

Predators can do and chris mentioned

2370

01:39:38,640 --> 01:39:36,610

about certain predators gonna make

2371

01:39:40,020 --> 01:39:38,650

perfect holes I've said to a number of

2372

01:39:42,150 --> 01:39:40,030

colleagues and people associated with

2373

01:39:44,990 --> 01:39:42,160

this subject when we first started off

2374

01:39:47,250 --> 01:39:45,000

we have this this photo album

2375

01:39:48,959 --> 01:39:47,260

graphically showing all the injuries I

2376

01:39:50,490 --> 01:39:48,969

said as we actually go through the

2377

01:39:53,310 --> 01:39:50,500

learning curve and understanding what

2378

01:39:56,220 --> 01:39:53,320

animals can do we might have to delete a

2379

01:39:57,540 --> 01:39:56,230

lot of these from the profile because we

2380

01:40:00,420 --> 01:39:57,550

will find out

2381

01:40:02,460 --> 01:40:00,430

as much about animals as about the

2382

01:40:05,820 --> 01:40:02,470

mutilation phenomena because the bottom

2383

01:40:07,230 --> 01:40:05,830

line is simple Ted and Krys are the

2384

01:40:09,690 --> 01:40:07,240

people who have been really the

2385

01:40:11,880 --> 01:40:09,700

Trailblazers really the the pioneers

2386

01:40:13,590 --> 01:40:11,890

writing the book on this we're following

2387

01:40:16,890 --> 01:40:13,600

on their work so we're constantly

2388

01:40:19,620 --> 01:40:16,900

Amundsen to reevaluate to look to learn

2389

01:40:21,330 --> 01:40:19,630

and take onboard every possibility and

2390

01:40:23,400 --> 01:40:21,340

delete things that don't fit the puzzle

2391

01:40:26,880 --> 01:40:23,410

so it's it's it's exciting

2392

01:40:29,580 --> 01:40:26,890

puzzling but it's something that will I

2393

01:40:31,710 --> 01:40:29,590

think eventually be understood but the

2394

01:40:34,080 --> 01:40:31,720

bottom line to understand it is keeping

2395

01:40:36,600 --> 01:40:34,090

a constant open mind and re-evaluating

2396

01:40:39,000 --> 01:40:36,610

our work ok can we place this in the

2397

01:40:41,310 --> 01:40:39,010

same category of UFOs then this is

2398

01:40:44,790 --> 01:40:41,320

something that is connected with the UFO

2399

01:40:47,880 --> 01:40:44,800

phenomenon or why yes I can firmly say

2400

01:40:51,230 --> 01:40:47,890

yes I've had enough cases that have had

2401

01:40:54,420 --> 01:40:51,240

reports of landed objects of

2402

01:40:56,280 --> 01:40:54,430

unconventional non-ballistic craft that

2403

01:41:00,060 --> 01:40:56,290

have been seen in and around mutilation

2404

01:41:01,650 --> 01:41:00,070

sites sometimes even during cases but I

2405

01:41:04,020 --> 01:41:01,660

can also say that there have been

2406

01:41:07,200 --> 01:41:04,030

helicopters that have been described in

2407

01:41:09,480 --> 01:41:07,210

the same manner in terms of their you

2408

01:41:11,520 --> 01:41:09,490

know being around a mutilation site

2409

01:41:13,710 --> 01:41:11,530

either just before during or after a

2410

01:41:15,990 --> 01:41:13,720

case is reported one of the things

2411

01:41:17,190 --> 01:41:16,000

though that day and this kind of reminds

2412

01:41:19,950 --> 01:41:17,200

me of something I wanted to bring up

2413

01:41:22,650 --> 01:41:19,960

earlier that's always puzzled me is I

2414

01:41:24,930 --> 01:41:22,660

have combed through the records of all

2415

01:41:27,090 --> 01:41:24,940

the major researchers all the documented

2416

01:41:29,640 --> 01:41:27,100

reports I could get my hand on and I

2417

01:41:33,510 --> 01:41:29,650

have yet to come up with a case of a

2418

01:41:35,930 --> 01:41:33,520

mutilation in a Brahma bull or cow

2419

01:41:38,250 --> 01:41:35,940

now of course Brahma cattle or

2420

01:41:39,780 --> 01:41:38,260

considered good in India and I have yet

2421

01:41:41,370 --> 01:41:39,790

to come up with a mutilation case in

2422

01:41:44,850 --> 01:41:41,380

India where cattle are considered sacred

2423

01:41:46,560 --> 01:41:44,860

where you have you are obliged by

2424

01:41:47,940 --> 01:41:46,570

religious law to allow a cow to walk

2425

01:41:49,650 --> 01:41:47,950

into your house if it wants to

2426

01:41:52,710 --> 01:41:49,660

they have nursing homes in India for

2427

01:41:55,290 --> 01:41:52,720

cattle that's wait a minute wait a

2428

01:41:58,590 --> 01:41:55,300

minute on Qi nursing homes for cattle

2429

01:42:01,440 --> 01:41:58,600

yeah there are hospices for cattle in

2430

01:42:03,990 --> 01:42:01,450

India but I have yet to find a case of a

2431

01:42:06,810 --> 01:42:04,000

Brahma bull or a Brahma cow that has

2432

01:42:09,750 --> 01:42:06,820

been mutilated anywhere and I shall try

2433

01:42:11,430 --> 01:42:09,760

the hospices for cattle because I do

2434

01:42:14,130 --> 01:42:11,440

they have health insurance too because

2435

01:42:20,850 --> 01:42:14,140

you know here in America it's called

2436

01:42:23,520 --> 01:42:20,860

Vedic tradition it is because cows never

2437

01:42:28,260 --> 01:42:23,530

become part of the food chain exactly

2438

01:42:30,660 --> 01:42:28,270

that answers a lot a little clue for

2439

01:42:32,640 --> 01:42:30,670

y'all I challenge any of you para

2440

01:42:36,540 --> 01:42:32,650

casters out there to find me one

2441

01:42:40,740 --> 01:42:36,550

documented case of a Indian / of Brahma

2442

01:42:42,390 --> 01:42:40,750

cow or our or bull or steer for that

2443

01:42:52,650 --> 01:42:42,400

matter that has been mutilated

2444

01:42:53,340 --> 01:42:52,660

you never eat tandoori steer for 58

2445

01:42:55,410 --> 01:42:53,350

years

2446

that you probably won't hear anywhere

2462

01:43:50,940 --> 01:43:48,930

we have christopher o'brien our special

2463

01:43:53,400 --> 01:43:50,950

guest co-host he's written such books is

2464

01:43:55,620 --> 01:43:53,410

stalking the tricksters the mysterious

2465

01:43:58,950 --> 01:43:55,630

valley enter the valley secrets to the

2466

01:44:00,540 --> 01:43:58,960

mysterious valley and mark valley know

2467

01:44:02,250 --> 01:44:00,550

mark valley is an actor who plays in

2468

01:44:05,550 --> 01:44:02,260

human target I'm just getting wrapped up

2469

01:44:08,520 --> 01:44:05,560

with all the valleys here we have

2470

01:44:11,970 --> 01:44:08,530

Phillip oil talking to us from the UK

2471

01:44:14,250 --> 01:44:11,980

and Ted olifant who was actually a

2472

01:44:14,610 --> 01:44:14,260

police officer in Alabama and as I

2473

01:44:16,080 --> 01:44:14,620

mention

2474

01:44:18,930 --> 01:44:16,090

earlier before the show started I

2475

01:44:21,540 --> 01:44:18,940

actually worked in Alabama my very first

2476

01:44:26,130 --> 01:44:21,550

job as a broadcaster was in Piedmont

2477

01:44:27,540 --> 01:44:26,140

Alabama yeah and the station was WP ID I

2478

01:44:30,630 --> 01:44:27,550

don't think it's there anymore because

2479

01:44:32,970 --> 01:44:30,640

the call letters meant well Piedmont is

2480

01:44:41,460 --> 01:44:32,980

dead so either the town is dead or the

2481

01:44:47,640 --> 01:44:41,470

station is dead I'm not sure radio

2482

01:44:49,620 --> 01:44:47,650

station is still there Piedmont a little

2483

01:44:51,930 --> 01:44:49,630

town about halfway between Atlanta and

2484

01:44:54,150 --> 01:44:51,940

Birmingham by the way if anyone cares

2485

01:44:56,400 --> 01:44:54,160

but we're exploring animal mutilations

2486

01:44:58,320 --> 01:44:56,410

here we're trying to focus now on the

2487

01:45:01,050 --> 01:44:58,330

things we have to do to learn more about

2488

01:45:03,090 --> 01:45:01,060

what's going on I'm letting Chris take

2489

01:45:05,700 --> 01:45:03,100

the lead on this because he's just for

2490

01:45:07,500 --> 01:45:05,710

this for so long and he's tired of doing

2491

01:45:10,350 --> 01:45:07,510

the trickster voice so let's Percy up

2492

01:45:13,050 --> 01:45:10,360

okay well here's one for y'all how about

2493

01:45:16,560 --> 01:45:13,060

if we put together a triangulated you

2494

01:45:19,710 --> 01:45:16,570

know high-def camera surveillance setup

2495

01:45:22,010 --> 01:45:19,720

on cell towers that monitors a region

2496

01:45:25,920 --> 01:45:22,020

where these cases are routinely reported

2497

01:45:29,460 --> 01:45:25,930

and get some hard data some hard optical

2498

01:45:31,170 --> 01:45:29,470

data and and you know I think obviously

2499

01:45:33,120 --> 01:45:31,180

we need to be more effective with our

2500

01:45:35,400 --> 01:45:33,130

networking efforts to get all the

2501

01:45:38,460 --> 01:45:35,410

ranchers and the ranching community and

2502

01:45:40,860 --> 01:45:38,470

law enforcement on the same page but my

2503

01:45:43,410 --> 01:45:40,870

suggestion in my efforts are being

2504

01:45:47,250 --> 01:45:43,420

geared towards monitoring the San Luis

2505

01:45:49,650 --> 01:45:47,260

Valley so hardest hit areas 24/7 with a

2506

01:45:52,800 --> 01:45:49,660

complete surveillance setup so that when

2507

01:45:55,290 --> 01:45:52,810

one of these cases occurs we can jump

2508

01:45:57,420 --> 01:45:55,300

all over it and have hard data to back

2509

01:45:59,460 --> 01:45:57,430

it up we can summon veterinary

2510

01:46:03,050 --> 01:45:59,470

pathologists and veterinarians who all

2511

01:46:05,850 --> 01:46:03,060

have the proper new crosby protocols and

2512

01:46:08,250 --> 01:46:05,860

have a complete list of what they should

2513

01:46:11,730 --> 01:46:08,260

do when they go on site and go ahead and

2514

01:46:14,310 --> 01:46:11,740

really nail these cases down as soon as

2515

01:46:17,250 --> 01:46:14,320

possible we need to be on on these cases

2516

01:46:18,660 --> 01:46:17,260

within 24 hours and I think anything

2517

01:46:21,960 --> 01:46:18,670

short of that is just going to be

2518

01:46:25,650 --> 01:46:21,970

spinning our wheels and I am actively

2519

01:46:27,129 --> 01:46:25,660

involved in setting up a full time 24/7

2520

01:46:29,229 --> 01:46:27,139

monitoring so

2521

01:46:31,510 --> 01:46:29,239

set up in the hardest-hit areas of San

2522

01:46:33,550 --> 01:46:31,520

Luis Valley which is the epicenter I

2523

01:46:34,720 --> 01:46:33,560

think of the cattle mutilation

2524

01:46:37,990 --> 01:46:34,730

phenomenon this is where the first

2525

01:46:40,240 --> 01:46:38,000

publicized case in 67 occurred and I

2526

01:46:42,010 --> 01:46:40,250

think it's really important that we that

2527

01:46:44,919 --> 01:46:42,020

we work together that Phil and Ted and

2528

01:46:46,240 --> 01:46:44,929

myself David Perkins other people that

2529

01:46:49,300 --> 01:46:46,250

are involved in investigating these

2530

01:46:51,100 --> 01:46:49,310

cases we need to dovetail and in co-opt

2531

01:46:53,050 --> 01:46:51,110

our actions and really work together on

2532

01:46:54,910 --> 01:46:53,060

all this how do we deal with the

2533

01:46:57,280 --> 01:46:54,920

riffraff the people who are just trying

2534

01:46:59,109 --> 01:46:57,290

to sell books and lectures and they're

2535

01:47:01,689 --> 01:46:59,119

not really trying to learn what's going

2536

01:47:02,950 --> 01:47:01,699

on there are none there's very very few

2537

01:47:05,229 --> 01:47:02,960

people that are willing to stick their

2538

01:47:07,660 --> 01:47:05,239

necks out in this realm Phil and Ted I

2539

01:47:10,260 --> 01:47:07,670

think are real troopers they're pioneers

2540

01:47:14,320 --> 01:47:10,270

in this whole field it takes a lot of

2541

01:47:15,820 --> 01:47:14,330

you know a lot of personal strength to

2542

01:47:17,979 --> 01:47:15,830

be involved in this whole phenomenal

2543

01:47:21,850 --> 01:47:17,989

area of investigation this is not a

2544

01:47:24,220 --> 01:47:21,860

popular subject in any group out there

2545

01:47:27,160 --> 01:47:24,230

it's often been equated I think as the

2546

01:47:29,859 --> 01:47:27,170

the the least popular subject in the

2547

01:47:31,899 --> 01:47:29,869

paranormal I can see why I personally

2548

01:47:34,060 --> 01:47:31,909

have a real aversion to dead animals but

2549

01:47:36,479 --> 01:47:34,070

these these ranching communities and

2550

01:47:39,760 --> 01:47:36,489

these ranches most of them small

2551
01:47:42,220 --> 01:47:39,770
small-scale ranches they they need help

2552
01:47:45,340 --> 01:47:42,230
and and we need to marshal our forces

2553
01:47:47,830 --> 01:47:45,350
and network our efforts and really work

2554
01:47:50,439 --> 01:47:47,840
to solve this mystery or at least try to

2555
01:47:53,050 --> 01:47:50,449
you know be in a place where we can

2556
01:47:56,500 --> 01:47:53,060
scare these people away and let these

2557
01:47:58,930 --> 01:47:56,510
ranchers you know go about you know

2558
01:48:00,850 --> 01:47:58,940
raising cattle in and maximizing their

2559
01:48:02,439 --> 01:48:00,860
livelihood instead of having to write

2560
01:48:09,209 --> 01:48:02,449
off lost investments because of

2561
01:48:11,770 --> 01:48:09,219
mutilations to all the ranchers and

2562
01:48:15,669 --> 01:48:11,780
early night that night that's a really

2563
01:48:18,729 --> 01:48:15,679

good good idea Ted I'm serious I am too

2564

01:48:20,530 --> 01:48:18,739

I think that this any type of heads up

2565

01:48:23,290 --> 01:48:20,540

that we can come up with to supply these

2566

01:48:25,600 --> 01:48:23,300

ranchers any sort of patterning that we

2567

01:48:26,950 --> 01:48:25,610

can identify or any anything that's

2568

01:48:28,390 --> 01:48:26,960

going to help these guys be extra

2569

01:48:30,669 --> 01:48:28,400

vigilant when they need to be I think is

2570

01:48:33,800 --> 01:48:30,679

important I think I'm not discounting

2571

01:48:36,170 --> 01:48:33,810

your idea at all I think it's a good one

2572

01:48:37,580 --> 01:48:36,180

you see if they happen anyway what about

2573

01:48:39,320 --> 01:48:37,590

dealing with the media the media is

2574

01:48:43,730 --> 01:48:39,330

going to try to turn this into one huge

2575

01:48:45,800 --> 01:48:43,740

joke they always do well you have

2576

01:48:47,650 --> 01:48:45,810

investigators that go from outside a

2577

01:48:50,180 --> 01:48:47,660

particular area and come into an area

2578

01:48:52,250 --> 01:48:50,190

find some cases that are maybe

2579

01:48:53,870 --> 01:48:52,260

mutilations or maybe unidentified

2580

01:48:55,280 --> 01:48:53,880

scavenger action this just happened

2581

01:48:57,380 --> 01:48:55,290

recently this fall in the San Luis

2582

01:48:59,980 --> 01:48:57,390

Valley we got an outside investigator

2583

01:49:02,930 --> 01:48:59,990

that came down poked his nose around

2584

01:49:05,000 --> 01:49:02,940

found some cases that were equivocal and

2585

01:49:08,000 --> 01:49:05,010

then the first thing he did was call

2586

01:49:10,130 --> 01:49:08,010

every media source that he could and

2587

01:49:11,810 --> 01:49:10,140

reported these things to newspapers and

2588

01:49:15,110 --> 01:49:11,820

and stuff and it went viral it went

2589

01:49:17,390 --> 01:49:15,120

around the world and we have examples of

2590

01:49:19,160 --> 01:49:17,400

amateur investigators I mean all of us

2591

01:49:20,360 --> 01:49:19,170

are amateur investigators I mean when it

2592

01:49:22,610 --> 01:49:20,370

comes down to it none of us are

2593

01:49:25,040 --> 01:49:22,620

veterinary pathologists that's the only

2594

01:49:26,210 --> 01:49:25,050

real professional animal mutilation

2595

01:49:28,790 --> 01:49:26,220

investigator out there

2596

01:49:30,710 --> 01:49:28,800

however myself and Ted and Phillip have

2597

01:49:33,560 --> 01:49:30,720

been around these cases enough we've

2598

01:49:35,510 --> 01:49:33,570

done the research we caught up on the

2599

01:49:37,340 --> 01:49:35,520

learning curve or what to look for the

2600

01:49:40,070 --> 01:49:37,350

first thing that I look for is cut hair

2601
01:49:42,740 --> 01:49:40,080
follicles if there is an animal that has

2602
01:49:44,660 --> 01:49:42,750
an incision and there's a long straight

2603
01:49:47,840 --> 01:49:44,670
line let's say you know from a half an

2604
01:49:49,970 --> 01:49:47,850
inch larger of cut hair follicles

2605
01:49:52,010 --> 01:49:49,980
there's no predator or scavenger on the

2606
01:49:54,080 --> 01:49:52,020
planet they can duplicate that so that

2607
01:49:55,520 --> 01:49:54,090
to me is my litmus test for a high

2608
01:49:57,440 --> 01:49:55,530
strange case if there's cut hair

2609
01:50:01,160 --> 01:49:57,450
follicles that is a high strange case

2610
01:50:03,440 --> 01:50:01,170
that deserves investigation and there

2611
01:50:05,990 --> 01:50:03,450
are other amateur investigators out

2612
01:50:08,780 --> 01:50:06,000
there that don't have this particular

2613
01:50:10,460 --> 01:50:08,790

experience they don't have the the

2614

01:50:12,500 --> 01:50:10,470

number of cases under their belt to be

2615

01:50:14,900 --> 01:50:12,510

able to go out and effectively look at a

2616

01:50:16,670 --> 01:50:14,910

case as an amateur and determine whether

2617

01:50:18,590 --> 01:50:16,680

it deserves to be investigated or not

2618

01:50:21,050 --> 01:50:18,600

and the last thing you should do is go

2619

01:50:23,120 --> 01:50:21,060

out and Trump it you know mystery

2620

01:50:25,790 --> 01:50:23,130

mongering to the media that to me is

2621

01:50:27,440 --> 01:50:25,800

anthem at any any sort of solution film

2622

01:50:29,690 --> 01:50:27,450

what's your feeling about that how's the

2623

01:50:34,850 --> 01:50:29,700

media tree thirst in the UK well the

2624

01:50:36,380 --> 01:50:34,860

media is attitude to that UFO phenomenon

2625

01:50:39,170 --> 01:50:36,390

for instance animal mutilations

2626

01:50:40,850 --> 01:50:39,180

everything in this country is so far

2627

01:50:42,980 --> 01:50:40,860

behind America I mean I had a

2628

01:50:45,080 --> 01:50:42,990

conversation with a reporter only a few

2629

01:50:46,070 --> 01:50:45,090

weeks ago regarding the mutilation

2630

01:50:48,950 --> 01:50:46,080

phenomena and

2631

01:50:50,810 --> 01:50:48,960

I explained it to this lady graphically

2632

01:50:52,010 --> 01:50:50,820

and I sent images and she said well if

2633

01:50:54,590 --> 01:50:52,020

this is going on

2634

01:50:56,540 --> 01:50:54,600

why don't either wasn't she know about

2635

01:50:57,830 --> 01:50:56,550

it and I said well you're part of the

2636

01:50:59,510 --> 01:50:57,840

media and you're part of the problem

2637

01:51:01,580 --> 01:50:59,520

because you're not the ones reporting it

2638

01:51:03,830 --> 01:51:01,590

and I said no it's fair enough an

2639

01:51:06,230 --> 01:51:03,840

unsavory subject but at the end of the

2640

01:51:08,150 --> 01:51:06,240

day this could affect everybody's lives

2641

01:51:10,100 --> 01:51:08,160

because if there's a contamination of

2642

01:51:12,110 --> 01:51:10,110

the food chain they obviously we're the

2643

01:51:13,610 --> 01:51:12,120

people who consume in these animals and

2644

01:51:15,890 --> 01:51:13,620

it could affect us personally in our

2645

01:51:18,290 --> 01:51:15,900

families and future generations we need

2646

01:51:20,990 --> 01:51:18,300

to understand exactly why it's been done

2647

01:51:22,490 --> 01:51:21,000

and by whom and you know because we

2648

01:51:23,780 --> 01:51:22,500

should be given the choice whether to

2649

01:51:26,840 --> 01:51:23,790

make a decision

2650

01:51:28,910 --> 01:51:26,850

should we eat these animals so I mean

2651

01:51:30,980 --> 01:51:28,920

there's a lot of ignorance but there's

2652

01:51:33,620 --> 01:51:30,990

also there's a stigma that Chris talked

2653

01:51:35,150 --> 01:51:33,630

about on obviously you know you you have

2654

01:51:37,640 --> 01:51:35,160

you have people coming in making

2655

01:51:39,140 --> 01:51:37,650

off-the-cuff remarks or statements when

2656

01:51:41,450 --> 01:51:39,150

they don't really know what understands

2657

01:51:44,150 --> 01:51:41,460

that have complex to surf phenomena is

2658

01:51:46,010 --> 01:51:44,160

it could be very detrimental to us and

2659

01:51:48,220 --> 01:51:46,020

to our investigations and this in this

2660

01:51:51,920 --> 01:51:48,230

country in the same be in America see

2661

01:51:53,300 --> 01:51:51,930

responsibility and you know it is the

2662

01:51:55,310 --> 01:51:53,310

main player you must take responsibility

2663

01:51:57,740 --> 01:51:55,320

for your actions and what you do you

2664

01:51:59,210 --> 01:51:57,750

can't you can't just be an amateur and

2665

01:52:01,550 --> 01:51:59,220

investigate for a few minutes and then

2666

01:52:02,750 --> 01:52:01,560

make a mess and walk away so I mean the

2667

01:52:04,310 --> 01:52:02,760

end of the day we're looking at

2668

01:52:06,080 --> 01:52:04,320

everything has to be said before we need

2669

01:52:08,030 --> 01:52:06,090

constantly to try and take on board the

2670

01:52:09,980 --> 01:52:08,040

new information new knowledge we're not

2671

01:52:13,520 --> 01:52:09,990

experts and we try to recruit them I

2672

01:52:15,650 --> 01:52:13,530

wrote to over 65 vets I asked on the

2673

01:52:17,870 --> 01:52:15,660

surface for cooperation or even for

2674

01:52:19,910 --> 01:52:17,880

these people to 202 were to look at the

2675

01:52:24,110 --> 01:52:19,920

evidence and I received it not one

2676
01:52:26,270 --> 01:52:24,120
single reply you know so I even included

2677
01:52:30,560 --> 01:52:26,280
a stamped addressed envelope I said I

2678
01:52:32,750 --> 01:52:30,570
would supply a free video and/or DVD but

2679
01:52:34,640 --> 01:52:32,760
it was there was no response so I mean

2680
01:52:36,560 --> 01:52:34,650
it's very difficult to get to get any

2681
01:52:38,840 --> 01:52:36,570
sort of cooperation from professionals

2682
01:52:41,420 --> 01:52:38,850
but we will keep good we will continue

2683
01:52:43,370 --> 01:52:41,430
to do try this and and slowly push the

2684
01:52:45,500 --> 01:52:43,380
boundaries and make awareness to the

2685
01:52:47,000 --> 01:52:45,510
farmers and to the general public

2686
01:52:48,110 --> 01:52:47,010
okay so that's the big difficulty here

2687
01:52:49,790 --> 01:52:48,120
you don't really have medical

2688
01:52:51,440 --> 01:52:49,800

professionals who can do the forensics

2689

01:52:54,650 --> 01:52:51,450

no that's right

2690

01:52:55,629 --> 01:52:54,660

it's not totally true I mean I I do know

2691

01:52:57,070 --> 01:52:55,639

of a

2692

01:52:58,870 --> 01:52:57,080

number of vets in the San Luis Valley

2693

01:53:00,189 --> 01:52:58,880

that have seen enough of these cases to

2694

01:53:02,680 --> 01:53:00,199

know that there's something real behind

2695

01:53:05,649 --> 01:53:02,690

this so that's not totally true I think

2696

01:53:07,330 --> 01:53:05,659

in Phillips case I think like he said

2697

01:53:09,100 --> 01:53:07,340

that there behind the times up there and

2698

01:53:11,260 --> 01:53:09,110

there is there is a giggle factor that

2699

01:53:12,790 --> 01:53:11,270

is overwhelmed the mystery there I think

2700

01:53:14,979 --> 01:53:12,800

in hard-hit places like the San Luis

2701

01:53:17,080 --> 01:53:14,989

Valley and I think Ted would probably

2702

01:53:18,850 --> 01:53:17,090

agree down in Alabama in the late 90s

2703

01:53:21,040 --> 01:53:18,860

that there were professionals that were

2704

01:53:22,840 --> 01:53:21,050

willing to get involved maybe not on the

2705

01:53:26,020 --> 01:53:22,850

record but at least willing to do the

2706

01:53:32,169 --> 01:53:26,030

test diagnostic labs over there there

2707

01:53:34,000 --> 01:53:32,179

were at least willing to yeah and I was

2708

01:53:36,340 --> 01:53:34,010

working with John King from the you know

2709

01:53:39,939 --> 01:53:36,350

the New York veterinary college at

2710

01:53:42,160 --> 01:53:39,949

Cornell you know to be honest with you

2711

01:53:44,020 --> 01:53:42,170

he's almost a debunker but at least he

2712

01:53:46,120 --> 01:53:44,030

was open-minded enough to at least do

2713

01:53:48,550 --> 01:53:46,130

the tests on the animals so it's like

2714

01:53:50,080 --> 01:53:48,560

four steps forward five steps back three

2715

01:53:53,140 --> 01:53:50,090

steps forward two steps back we are

2716

01:53:55,060 --> 01:53:53,150

making slowly making progress to try to

2717

01:53:57,160 --> 01:53:55,070

interest the scientific community that

2718

01:54:01,500 --> 01:53:57,170

they were educate them that this is a

2719

01:54:05,229 --> 01:54:01,510

problem but we still have a ways to go

2720

01:54:06,910 --> 01:54:05,239

well one case he said was equivocal he

2721

01:54:09,010 --> 01:54:06,920

couldn't really determine one thing or

2722

01:54:11,649 --> 01:54:09,020

another the other two or three cases

2723

01:54:13,810 --> 01:54:11,659

that he was willing to you know to do

2724

01:54:17,410 --> 01:54:13,820

testing on and have a students look at

2725

01:54:20,320 --> 01:54:17,420

he said to him in his opinion was

2726

01:54:22,660 --> 01:54:20,330

unusual scavenger action but there was a

2727

01:54:25,149 --> 01:54:22,670

case that he did say that he couldn't

2728

01:54:27,220 --> 01:54:25,159

really come up with a real viable all

2729

01:54:29,620 --> 01:54:27,230

the you know explanation for what

2730

01:54:32,320 --> 01:54:29,630

happened to the animals so you know and

2731

01:54:35,169 --> 01:54:32,330

there have been cases where I had a case

2732

01:54:38,080 --> 01:54:35,179

just recently here this last late summer

2733

01:54:40,030 --> 01:54:38,090

were a retired veterinarian had a

2734

01:54:41,740 --> 01:54:40,040

mutilation on his ranch and he didn't

2735

01:54:43,660 --> 01:54:41,750

make an official report but he had one

2736

01:54:45,370 --> 01:54:43,670

of the deputies come down and he just

2737

01:54:47,770 --> 01:54:45,380

went up one side down the other and said

2738

01:54:49,330 --> 01:54:47,780

this is high strange but I don't want to

2739

01:54:51,580 --> 01:54:49,340

make an official report and I don't want

2740

01:54:54,189 --> 01:54:51,590

my name mentioned you know you know in

2741

01:54:56,200 --> 01:54:54,199

conjunction with this case but he warned

2742

01:54:58,030 --> 01:54:56,210

the deputy that this is somebody came

2743

01:54:59,859 --> 01:54:58,040

and did this to my cow or something came

2744

01:55:01,629 --> 01:54:59,869

and did this to my cow and he just

2745

01:55:04,270 --> 01:55:01,639

wanted to put it put him on notice to

2746

01:55:07,899 --> 01:55:04,280

keep his eyes open so I think as these

2747

01:55:08,540 --> 01:55:07,909

cases slowly continue down through time

2748

01:55:11,090 --> 01:55:08,550

we're going

2749

01:55:13,310 --> 01:55:11,100

more and more respect from the

2750

01:55:15,740 --> 01:55:13,320

scientific community and we're gonna see

2751
01:55:18,680 --> 01:55:15,750
we're gonna see the powers of diagnostic

2752
01:55:20,990 --> 01:55:18,690
venner the pathology in forensic science

2753
01:55:22,850 --> 01:55:21,000
you know brought to bear on this whole

2754
01:55:24,800 --> 01:55:22,860
question I think the National Institute

2755
01:55:27,380 --> 01:55:24,810
discovery Sciences giorgo Netcom

2756
01:55:30,770 --> 01:55:27,390
Kelliher microbiologist these types of

2757
01:55:32,270 --> 01:55:30,780
people we need more efforts like this to

2758
01:55:32,660 --> 01:55:32,280
really get to the bottom of this whole

2759
01:55:34,340 --> 01:55:32,670
thing

2760
01:55:36,050 --> 01:55:34,350
Philip well where can we find more of

2761
01:55:39,170 --> 01:55:36,060
the things that you do well I mean the

2762
01:55:41,750 --> 01:55:39,180
the our website is the the main place to

2763
01:55:43,820 --> 01:55:41,760

to actually access which is Castel it's

2764

01:55:46,850 --> 01:55:43,830

the APF u dot org

2765

01:55:49,490 --> 01:55:46,860

and that gives a very comprehensive

2766

01:55:51,230 --> 01:55:49,500

overview of our cases and what we're

2767

01:55:53,780 --> 01:55:51,240

trying to do and obviously the website

2768

01:55:57,860 --> 01:55:53,790

and its early stages we're constantly

2769

01:56:00,410 --> 01:55:57,870

looking to to gain funding and equipment

2770

01:56:01,820 --> 01:56:00,420

and to expand our operations to find the

2771

01:56:03,950 --> 01:56:01,830

answers that's what our objective

2772

01:56:06,020 --> 01:56:03,960

whatever wherever the answer is we are

2773

01:56:08,360 --> 01:56:06,030

looking for it and we will constantly to

2774

01:56:11,120 --> 01:56:08,370

expand those boundaries but just coming

2775

01:56:13,550 --> 01:56:11,130

back to the bizarreness of of the whole

2776

01:56:15,470 --> 01:56:13,560

phenomena we have one case that witness

2777

01:56:17,870 --> 01:56:15,480

and it's not not alone to me in one case

2778

01:56:19,550 --> 01:56:17,880

that one person found a number of owls

2779

01:56:22,160 --> 01:56:19,560

that were actually in a straight line

2780

01:56:24,200 --> 01:56:22,170

and all have been dissected and you

2781

01:56:26,090 --> 01:56:24,210

think it will wine you know why would

2782

01:56:27,590 --> 01:56:26,100

anybody want to do this but it's not

2783

01:56:28,730 --> 01:56:27,600

they've had rabbits and other small

2784

01:56:31,460 --> 01:56:28,740

rodents as well

2785

01:56:34,580 --> 01:56:31,470

so I mean the whole thing is its complex

2786

01:56:36,920 --> 01:56:34,590

its unfolding but we have we have to

2787

01:56:38,930 --> 01:56:36,930

constantly look for every every area of

2788

01:56:41,330 --> 01:56:38,940

the spectrum to finance it's good I feel

2789

01:56:43,940 --> 01:56:41,340

strongly what I was taking place we need

2790

01:56:45,410 --> 01:56:43,950

the answers for everybody's futures in

2791

01:56:46,910 --> 01:56:45,420

our children's futures if there's a

2792

01:56:48,470 --> 01:56:46,920

contamination we must find out what it

2793

01:56:51,410 --> 01:56:48,480

is and trying to eliminate from food

2794

01:56:59,690 --> 01:56:51,420

chain ten Olaf and some final words and

2795

01:57:01,220 --> 01:56:59,700

we're to get hold of you there's really

2796

01:57:04,370 --> 01:57:01,230

nobody else really doing out there doing

2797

01:57:04,900 --> 01:57:04,380

that right he's doing a great job out

2798

01:57:11,810 --> 01:57:04,910

there

2799

01:57:13,730 --> 01:57:11,820

investigated a long long time and so uh

2800

01:57:14,410 --> 01:57:13,740

you know I'm just glad that he's out

2801
01:57:15,970 --> 01:57:14,420
there doing

2802
01:57:17,650 --> 01:57:15,980
whether crystal Bryan's been out there

2803
01:57:19,900 --> 01:57:17,660
doing it forever other people like Dave

2804
01:57:22,510 --> 01:57:19,910
Perkins and have been working on this

2805
01:57:24,100 --> 01:57:22,520
for a long time and I just glad they're

2806
01:57:25,060 --> 01:57:24,110
out there still doing it thanks for

2807
01:57:27,730 --> 01:57:25,070
having me on the show I thought was a

2808
01:57:30,820 --> 01:57:27,740
great show and we check your site over

2809
01:57:35,110 --> 01:57:30,830
myspace yeah my space.com slash New

2810
01:57:37,120 --> 01:57:35,120
Orleans photography one word and lots of

2811
01:57:39,670 --> 01:57:37,130
photographs lots of writing lots of fun

2812
01:57:40,990 --> 01:57:39,680
stuff up there right on TV and thanks

2813
01:57:42,520 --> 01:57:41,000

again for having me on the show I liked

2814

01:57:44,350 --> 01:57:42,530

a lot Chris O'Brien

2815

01:57:46,750 --> 01:57:44,360

you have a successor to stalking the

2816

01:57:48,280 --> 01:57:46,760

tricksters oh boy I'm not sure about

2817

01:57:50,020 --> 01:57:48,290

that I might have to stay away from the

2818

01:57:53,470 --> 01:57:50,030

old trickster thing I've opened myself

2819

01:57:56,740 --> 01:57:53,480

up to it took quite a kettle of fish for

2820

01:57:58,360 --> 01:57:56,750

that old theory but again if anybody's

2821

01:58:00,670 --> 01:57:58,370

interested in my work my complete

2822

01:58:03,640 --> 01:58:00,680

database is online it's our strange

2823

01:58:06,310 --> 01:58:03,650

planet com we do live in a strange

2824

01:58:08,110 --> 01:58:06,320

planet it's our strange planet so if

2825

01:58:10,360 --> 01:58:08,120

you're interested in the hundreds and

2826

01:58:13,200 --> 01:58:10,370

hundreds of UFO sightings and dozens and

2827

01:58:16,360 --> 01:58:13,210

dozens of mutilation cases all the

2828

01:58:18,550 --> 01:58:16,370

information is up there online and I do

2829

01:58:20,950 --> 01:58:18,560

urge everybody to network with each

2830

01:58:23,620 --> 01:58:20,960

other become educated about this and

2831

01:58:24,900 --> 01:58:23,630

always keep your eyes open but when they

2832

01:58:27,250 --> 01:58:24,910

tell you to keep your eyes to the sky

2833

01:58:29,440 --> 01:58:27,260

make sure you also have an ear to the

2834

01:58:31,810 --> 01:58:29,450

ground I should mention that connection

2835

01:58:34,450 --> 01:58:31,820

by the way the book by the late Mac

2836

01:58:36,640 --> 01:58:34,460

Tony's the crypto terrestrials from

2837

01:58:39,130 --> 01:58:36,650

anomalous press that the book is out it

2838

01:58:41,620 --> 01:58:39,140

is a terrific book a very short book

2839

01:58:43,240 --> 01:58:41,630

about 128 pages anybody can read it in

2840

01:58:45,130 --> 01:58:43,250

three hours and I recommend it to

2841

01:58:48,190 --> 01:58:45,140

everyone this will be the subject of a

2842

01:58:50,860 --> 01:58:48,200

future para cast session next week we'll

2843

01:58:52,390 --> 01:58:50,870

have Paul Kimball as our guest host our

2844

01:58:54,820 --> 01:58:52,400

guest will be Michael McDonald the

2845

01:58:57,070 --> 01:58:54,830

Canadian filmmaker who's made a number

2846

01:58:59,860 --> 01:58:57,080

of excellent documentaries on UFOs and

2847

01:59:02,950 --> 01:58:59,870

the paranormal once again I thank you to

2848

01:59:06,420 --> 01:59:02,960

Ted olifant full of oil and our favorite

2849

01:59:11,590 --> 01:59:08,710

Christopher O'Brien for being our guest

2850

01:59:13,630 --> 01:59:11,600

host this week thanks for joining us on

2851

01:59:15,910 --> 01:59:13,640

the power cast you did a great job Jean

2852

01:59:22,560 --> 01:59:15,920

thanks a lot Phil and Ted then thank you

2853

01:59:26,950 --> 01:59:25,330

the pair cast is a copyrighted

2854

01:59:29,740 --> 01:59:26,960

presentation for making the impossible

2855

01:59:44,710 --> 01:59:29,750

incorporated to the next week for the
