1
00:00:10,870 --> 00:00:07,309
I suppose are the impossible whatever

2
00:00:13,910 --> 00:00:10,880
remains however improbable must be true

3
00:00:15,919 --> 00:00:13,920
and it is not a question of a little

4
00:00:18,769 --> 00:00:15,929
competition or a touch of mysticism

5
00:00:21,910 --> 00:00:18,779
together it is vampires there's a host

6
00:00:21,920 --> 00:00:30,570
I thought the spirit to desert

7
00:00:39,549 --> 00:00:34,030
the old gods are dead and one of the

8
00:00:41,590 --> 00:00:39,559
true God he's dead can't complain people

9
00:00:43,810 --> 00:00:41,600
assume the time is a strict progression

10
00:00:45,880 --> 00:00:43,820
of cause to prevent an action from a

11
00:00:47,860 --> 00:00:45,890
nonlinear non-subjective viewpoint it's

12
00:00:52,900 --> 00:00:47,870
more like a big ball of wibbly-wobbly

13
00:00:57,189 --> 00:00:52,910

timey-wimey stuff you're listening to

14

00:00:59,229 --> 00:00:57,199

paranormal UK radio hey everyone this is

15

00:01:01,840 --> 00:00:59,239

Aaron Adam block the host of the

16

00:01:06,120 --> 00:01:01,850

paranormal UK radio show the flagship

17

00:01:08,859 --> 00:01:06,130

show of the paranormal UK radio network

18

00:01:11,830 --> 00:01:08,869

and with me today I'm afraid

19

00:01:17,710 --> 00:01:11,840

mark is still not available so which is

20

00:01:23,740 --> 00:01:17,720

lucky for me lucky for me my co-host

21

00:01:28,090 --> 00:01:23,750

tonight once again is Andy Mercer how

22

00:01:30,279 --> 00:01:28,100

you doing yeah I'm pretty good secure

23

00:01:32,050 --> 00:01:30,289

them it should be interesting evening so

24

00:01:34,330 --> 00:01:32,060

I'm happy to be here with you again I'm

25

00:01:36,010 --> 00:01:34,340

covering for good old Mark he's just a

26
00:01:38,469 --> 00:01:36,020
workaholic you poor guy can't get time

27
00:01:42,670 --> 00:01:38,479
off so after step into the breaches at

28
00:01:44,590 --> 00:01:42,680
web right yes I don't get the time off

29
00:01:47,649 --> 00:01:44,600
but it's like a blasted holiday to me

30
00:01:48,490 --> 00:01:47,659
you know not having him breathing down

31
00:01:52,830 --> 00:01:48,500
my neck

32
00:01:56,080 --> 00:01:52,840
uh-huh I'm sure you appreciate that yeah

33
00:02:01,770 --> 00:01:56,090
well this is their first show back since

34
00:02:04,410 --> 00:02:01,780
when was it sometime before Christmas

35
00:02:06,999 --> 00:02:04,420
because of authority our shows

36
00:02:08,740 --> 00:02:07,009
recordings and broadcasts falls what

37
00:02:10,650 --> 00:02:08,750
about Christmas and then a new year so

38
00:02:12,699 --> 00:02:10,660

of course we could really do much yeah

39

00:02:15,310 --> 00:02:12,709

couple of weeks off and here we are

40

00:02:17,259 --> 00:02:15,320

bragging that's right and we're all

41

00:02:19,720 --> 00:02:17,269

getting merry and pickled at Christmas

42

00:02:26,020 --> 00:02:19,730

so you know we couldn't have done a show

43

00:02:29,620 --> 00:02:26,030

if we wanted to indeed okay now

44

00:02:32,080 --> 00:02:29,630

tonight's show right this is gonna be

45

00:02:33,880 --> 00:02:32,090

very very interesting people and you're

46

00:02:41,589 --> 00:02:33,890

gonna have to bear with me because I am

47

00:02:42,910 --> 00:02:41,599

not 100% up on this particular event I'm

48

00:02:46,000 --> 00:02:42,920

not a you I'm

49

00:02:49,059 --> 00:02:46,010

into UFOs although we do do a lot of

50

00:02:53,320 --> 00:02:49,069

shows on UFOs I am NOT actually myself

51
00:02:56,800 --> 00:02:53,330
into UFOs like the first books but

52
00:03:00,250 --> 00:02:56,810
tonight what we're doing is we are going

53
00:03:02,290 --> 00:03:00,260
to do a show on or first in a series of

54
00:03:04,390 --> 00:03:02,300
shows let me put it this way on

55
00:03:09,910 --> 00:03:04,400
Rendlesham on the Rendlesham forest

56
00:03:13,630 --> 00:03:09,920
incident and my guest with me tonight by

57
00:03:16,630 --> 00:03:13,640
the way we're coming from America which

58
00:03:29,500 --> 00:03:16,640
is good isn't it yeah we're not in

59
00:03:34,930 --> 00:03:29,510
America I was gonna teach the family

60
00:03:37,660 --> 00:03:34,940
anyway my guests and I are from one of

61
00:03:40,539 --> 00:03:37,670
the shows that gonna play a patch plays

62
00:03:44,949 --> 00:03:40,549
out on their network it's Matt Melones

63
00:03:49,590 --> 00:03:44,959

and military x-files and we have with us

64

00:03:53,229 --> 00:03:49,600

today Mack Maloney one of the great

65

00:03:55,240 --> 00:03:53,239

hosts of all time as far as I'm

66

00:03:58,360 --> 00:03:55,250

concerned and Mack is an author he's got

67

00:04:02,759 --> 00:03:58,370

over 40 books he served as a consultant

68

00:04:05,830 --> 00:04:02,769

for a research firm working in the US

69

00:04:07,900 --> 00:04:05,840

intelligence agencies and he's a member

70

00:04:11,130 --> 00:04:07,910

of a rock band Sky Club and I can tell

71

00:04:23,620 --> 00:04:11,140

you they are good they are bloody good

72

00:04:24,600 --> 00:04:23,630

yeah before you say hello you're just

73

00:04:29,330 --> 00:04:24,610

speechless

74

00:04:40,610 --> 00:04:29,340

it's just like the band

75

00:04:42,470 --> 00:04:40,620

I can only write me to star okay Wow one

76

00:04:45,500 --> 00:04:42,480

mom has been secretive because most of

77

00:04:47,150 --> 00:04:45,510

his military pass is undisclosed and I

78

00:04:49,400 --> 00:04:47,160

haven't yet been able to get my hands on

79

00:04:51,290 --> 00:04:49,410

anything because by military stuff has

80

00:04:53,600 --> 00:04:51,300

been mostly underwater ah

81

00:04:57,920 --> 00:04:53,610

yes you've worked in the anti-submarine

82

00:05:15,290 --> 00:04:57,930

warfare and stuff what my BAE okay never

83

00:05:17,450 --> 00:05:15,300

say that would want an about domestic

84

00:05:35,120 --> 00:05:17,460

spying programs with you but we won't go

85

00:05:37,850 --> 00:05:35,130

there just as interest in issue 2 just

86

00:05:40,670 --> 00:05:37,860

as interesting and he's been with you

87

00:05:43,580 --> 00:05:40,680

for a number of years now I believe on

88

00:05:45,830 --> 00:05:43,590

the mere Mac Maloney military x-files

89

00:05:48,320 --> 00:05:45,840

I'll say it again everybody that mike

90

00:05:52,150 --> 00:05:48,330

maloney and military x-files can be

91

00:05:56,060 --> 00:05:52,160

heard on the paranormal UK radio network

92

00:05:59,060 --> 00:05:56,070

and that's Steve Walt and Steve is a

93

00:06:01,700 --> 00:05:59,070

very knowledgeable authority on classic

94

00:06:05,120 --> 00:06:01,710

UFO cases so he's going to come in very

95

00:06:05,600 --> 00:06:05,130

very handy here I want your Smith I hope

96

00:06:07,969 --> 00:06:05,610

so

97

00:06:10,370 --> 00:06:07,979

although I will confess that Rendlesham

98

00:06:13,070 --> 00:06:10,380

may not be the the one I know the most

99

00:06:20,020 --> 00:06:13,080

about so I will be coasting occasionally

100

00:06:24,950 --> 00:06:22,909

we'll see Mac Mac discovered me I was

101
00:06:26,840 --> 00:06:24,960
living in a storm drain in Sausalito and

102
00:06:33,560 --> 00:06:26,850
he made me what I am today

103
00:06:36,560 --> 00:06:33,570
Dennis Wilson of the Beach Boys right I

104
00:06:39,560 --> 00:06:36,570
also spent some time underwater I was in

105
00:06:41,719 --> 00:06:39,570
the in the Navy but I was inspired as a

106
00:06:42,540 --> 00:06:41,729
young man by the if you know the

107
00:06:46,260 --> 00:06:42,550
classics

108
00:06:47,790 --> 00:06:46,270
yes Fiasco in Michigan where dr. J Allen

109
00:06:49,320 --> 00:06:47,800
Hynek you know they've got that show

110
00:06:51,330 --> 00:06:49,330
starting I don't know if it's gonna be

111
00:06:55,020 --> 00:06:51,340
airing in the UK or not Project Blue

112
00:06:56,940 --> 00:06:55,030
Book when they're kind of retelling very

113
00:06:59,100 --> 00:06:56,950

fanciful II what happened back then but

114

00:07:02,520 --> 00:06:59,110

kind of making dr. J Allen Hynek who was

115

00:07:04,170 --> 00:07:02,530

a very kind soul more of an action hero

116

00:07:05,730 --> 00:07:04,180

but anyway hey Steve what do you want

117

00:07:11,040 --> 00:07:05,740

their payroll all of a sudden launches

118

00:07:13,170 --> 00:07:11,050

into the if I don't get something in now

119

00:07:19,950 --> 00:07:13,180

if you won't hear from me again but

120

00:07:21,330 --> 00:07:19,960

anyway that's really good Steven you're

121

00:07:23,970 --> 00:07:21,340

gonna have to talk to me so at some

122

00:07:26,010 --> 00:07:23,980

point about that because I am interested

123

00:07:27,690 --> 00:07:26,020

in that you know I just got to say that

124

00:07:29,550 --> 00:07:27,700

Steve lives in Battle Creek Michigan

125

00:07:31,890 --> 00:07:29,560

which is I don't know if you know but

126

00:07:34,320 --> 00:07:31,900

that's where they make all the great

127

00:07:38,420 --> 00:07:34,330

American cereals like cornflakes frosted

128

00:07:41,430 --> 00:07:38,430

flakes Cheerios shredder. we right Stevie

129

00:07:44,220 --> 00:07:41,440

yeah yeah you ever watched cartoons as a

130

00:07:46,640 --> 00:07:44,230

kid if you ever had imports and from

131

00:07:49,700 --> 00:07:46,650

America we they're they're all you know

132

00:07:54,090 --> 00:07:49,710

sponsored by Kellogg's and post

133

00:07:55,500 --> 00:07:54,100

General Mills no I cannot understand you

134

00:07:57,840 --> 00:07:55,510

know what one of the biggest mysteries

135

00:08:00,420 --> 00:07:57,850

of these cereals now especially

136

00:08:02,550 --> 00:08:00,430

Kellogg's pulls rice why don't they put

137

00:08:10,710 --> 00:08:02,560

a little toy in the middle anymore in

138

00:08:12,140 --> 00:08:10,720

the packet cost too much money makes

139

00:08:14,760 --> 00:08:12,150

everyone just to get the little thing

140

00:08:15,360 --> 00:08:14,770

inside well I thought that was Cracker

141

00:08:17,040 --> 00:08:15,370

Jacks

142

00:08:18,930 --> 00:08:17,050

no no they used to do them with a Mme

143

00:08:33,120 --> 00:08:18,940

did you get them in frosted flakes T's

144

00:08:34,650 --> 00:08:33,130

yes sir oh yeah there's a health risk if

145

00:08:40,620 --> 00:08:34,660

you put stuff in and just kids will

146

00:08:42,660 --> 00:08:40,630

smile now if Willy Wonka was running

147

00:08:45,250 --> 00:08:42,670

that enterprise we wouldn't have that

148

00:08:57,310 --> 00:08:45,260

situation if Johnny Depp as Willy

149

00:08:59,050 --> 00:08:57,320

I think they've got a bit crazy with

150

00:09:01,180 --> 00:08:59,060

this health business you know they put

151

00:09:03,880 --> 00:09:01,190

other stuff in there that's not good for

152

00:09:08,590 --> 00:09:03,890

you so a little bit tie in there in a

153

00:09:11,110 --> 00:09:08,600

plastic bag on your cornflakes no thanks

154

00:09:13,150 --> 00:09:11,120

like and then the plastic bag says don't

155

00:09:22,660 --> 00:09:13,160

swallow the toy and then the plastic bag

156

00:09:24,190 --> 00:09:22,670

says this is not a toy this is not some

157

00:09:26,200 --> 00:09:24,200

of those toys now that we're in these

158

00:09:28,600 --> 00:09:26,210

cereal packets are worth something

159

00:09:30,280 --> 00:09:28,610

yes yeah yeah you bet especially if you

160

00:09:33,210 --> 00:09:30,290

didn't open up the little pack if it was

161

00:09:42,550 --> 00:09:33,220

just if it's still in the pack no yeah

162

00:09:44,560 --> 00:09:42,560

what was I thinking back then this is

163

00:09:55,690 --> 00:09:44,570

showing that we're all about the same

164

00:09:57,640 --> 00:09:55,700

age group but you know my son's and

165

00:09:59,470 --> 00:09:57,650

people of that age and thinking what the

166

00:10:00,640 --> 00:09:59,480

hell are they talking about toys and

167

00:10:03,850 --> 00:10:00,650

cereal pockets

168

00:10:06,520 --> 00:10:03,860

yeah right yeah but people it did happen

169

00:10:10,270 --> 00:10:06,530

it really did happen we used to get toys

170

00:10:12,400 --> 00:10:10,280

in the cereal packets to give you

171

00:10:13,750 --> 00:10:12,410

presents when you filled up with gas not

172

00:10:15,010 --> 00:10:13,760

they're really good on this road a long

173

00:10:17,110 --> 00:10:15,020

way but you know they give you like a

174

00:10:22,660 --> 00:10:17,120

set of six glasses if you went on your

175

00:10:25,810 --> 00:10:22,670

way they used to pump it for you why

176

00:10:28,150 --> 00:10:25,820

should window look at your oils take

177

00:10:30,370 --> 00:10:28,160

your tires I know I went to the gas

178

00:10:33,400 --> 00:10:30,380

station for a little while you remember

179

00:10:46,830 --> 00:10:33,410

S&H stamps S&H Green Stamps when he went

180

00:10:53,020 --> 00:10:49,800

[Music]

181

00:10:59,420 --> 00:10:55,430

tell you a little story when I watching

182

00:11:01,280 --> 00:10:59,430

this petrol station for a while right we

183

00:11:04,070 --> 00:11:01,290

used to give out these green stems so I

184

00:11:08,860 --> 00:11:04,080

need to roll I took it home my mother

185

00:11:18,260 --> 00:11:16,250

oh yeah we used and the nuns would tell

186

00:11:19,850 --> 00:11:18,270

us bring in the green stamps for that

187

00:11:22,160 --> 00:11:19,860

you know and they would fill up you know

188

00:11:24,140 --> 00:11:22,170

honge is a book so fella not yet like a

189

00:11:25,430 --> 00:11:24,150

thousand stamps in them they haven't

190

00:11:38,480 --> 00:11:25,440

watch them you see them tooling around

191

00:11:40,640 --> 00:11:38,490

on a new cold enough to remember the

192

00:11:44,590 --> 00:11:40,650

Beatles coming to America I was in high

193

00:11:54,170 --> 00:11:44,600

school there's my age right there okay

194

00:11:59,540 --> 00:11:54,180

queuing stone-age yes my dad let me go

195

00:12:00,950 --> 00:11:59,550

oh no maybe but waste it terrible he

196

00:12:04,850 --> 00:12:00,960

said you're not going there screaming

197

00:12:15,760 --> 00:12:04,860

your lungs out Wow instead he had to buy

198

00:12:21,980 --> 00:12:19,150

on v-j records soon I wasn't really yep

199

00:12:35,090 --> 00:12:21,990

it was right up there with Please Please

200

00:12:37,640 --> 00:12:35,100

Me Top of the Pops back in 1973 when I

201
00:12:39,980 --> 00:12:37,650
was sitting some relatives well here's

202
00:12:49,340 --> 00:12:39,990
the props in a jail and Thailand for a

203
00:12:52,130 --> 00:12:49,350
while I think right away anyway shall we

204
00:12:54,170 --> 00:12:52,140
get on with this and where do we start

205
00:12:58,280 --> 00:12:54,180
come on people where do we stop you know

206
00:12:59,230 --> 00:12:58,290
Rendlesham forest it was a us a case

207
00:13:02,030 --> 00:12:59,240
wasn't it

208
00:13:04,040 --> 00:13:02,040
I can give a thumbnail of it if you want

209
00:13:05,060 --> 00:13:04,050
I think a good way to start that she'd

210
00:13:07,970 --> 00:13:05,070
get so many

211
00:13:10,010 --> 00:13:07,980
summary of what is generally known about

212
00:13:12,920 --> 00:13:10,020
it you know in the early eighties

213
00:13:17,210 --> 00:13:12,930

there's these two bases in England US

214

00:13:18,980 --> 00:13:17,220

bases Renderman and Bentwaters Steve you

215

00:13:22,370 --> 00:13:18,990

jump in and correct me if I goof up okay

216

00:13:24,800 --> 00:13:22,380

okay I also have an interesting when you

217

00:13:26,540 --> 00:13:24,810

we get to it kind of a side angle on the

218

00:13:27,950 --> 00:13:26,550

whole time ago so what side angles on

219

00:13:29,990 --> 00:13:27,960

the story that's what strange about it

220

00:13:31,640 --> 00:13:30,000

but like they were there were these it

221

00:13:34,010 --> 00:13:31,650

was Christmastime a lot of the troops

222

00:13:35,540 --> 00:13:34,020

were away now you know one of the side

223

00:13:37,280 --> 00:13:35,550

angles is that they had nuclear weapons

224

00:13:39,050 --> 00:13:37,290

at these two bases and they weren't

225

00:13:41,090 --> 00:13:39,060

supposed to have nuclear weapons you

226

00:13:43,250 --> 00:13:41,100

know in the UK but that's the young

227

00:13:44,540 --> 00:13:43,260

neither yet and they have the story but

228

00:13:46,880 --> 00:13:44,550

in anyway so it was around Christmastime

229

00:13:49,640 --> 00:13:46,890

in these are the guys who had to stay

230

00:13:52,280 --> 00:13:49,650

behind some of them are at this kind of

231

00:13:54,830 --> 00:13:52,290

a gate security gate and they saw in the

232

00:13:56,570 --> 00:13:54,840

woods Rendlesham forest what they first

233

00:13:58,730 --> 00:13:56,580

thought was a Christmas tree because it

234

00:14:00,440 --> 00:13:58,740

had kind of multi colored lights right

235

00:14:02,390 --> 00:14:00,450

and that was their first thought and

236

00:14:04,040 --> 00:14:02,400

then it grew brighter and brighter and

237

00:14:06,560 --> 00:14:04,050

they were convinced that an airplane had

238

00:14:10,940 --> 00:14:06,570

crashed into the woods there so few of

239

00:14:13,280 --> 00:14:10,950

them went out and and they saw these

240

00:14:14,900 --> 00:14:13,290

strange lights in the woods that they

241

00:14:17,840 --> 00:14:14,910

couldn't explain and really kind of

242

00:14:20,900 --> 00:14:17,850

freaked them out so they reported back

243

00:14:22,850 --> 00:14:20,910

to the higher-ups let's say and the

244

00:14:24,500 --> 00:14:22,860

higher-ups just you know who knows what

245

00:14:28,190 --> 00:14:24,510

they did with it then a day went by then

246

00:14:31,190 --> 00:14:28,200

the following day they saw the same

247

00:14:34,700 --> 00:14:31,200

thing again and at that point one of the

248

00:14:36,680 --> 00:14:34,710

offices at Rendlesham his name was

249

00:14:39,020 --> 00:14:36,690

called Colonel Hall I think was a major

250

00:14:40,220 --> 00:14:39,030

at the time but who knows he went to the

251

00:14:41,810 --> 00:14:40,230

commander of the base and said hey

252

00:14:44,390 --> 00:14:41,820

listen they're seeing strange lights out

253

00:14:46,700 --> 00:14:44,400

in the woods again in the commander said

254

00:14:49,340 --> 00:14:46,710

to him you go out with them and find out

255

00:14:51,500 --> 00:14:49,350

what's going on right so he does and he

256

00:14:55,070 --> 00:14:51,510

brings with them the tape recorder okay

257

00:14:57,740 --> 00:14:55,080

now he has said that he says I was the

258

00:14:59,990 --> 00:14:57,750

guy at the at the base was supposed to

259

00:15:01,520 --> 00:15:00,000

be bought these things okay and when

260

00:15:03,110 --> 00:15:01,530

this is what happened to him he went out

261

00:15:04,970 --> 00:15:03,120

there and he's with a couple of guys so

262

00:15:06,860 --> 00:15:04,980

he's the resident skeptic right exactly

263

00:15:10,610 --> 00:15:06,870

yeah whether whether he whatever he sees

264

00:15:12,530 --> 00:15:10,620

you know and he and you can hear his

265

00:15:14,450 --> 00:15:12,540

experience on the tape on the tape

266

00:15:16,490 --> 00:15:14,460

people and he says we're looking at this

267

00:15:18,650 --> 00:15:16,500

huge I it's in the middle of the fire so

268

00:15:20,449 --> 00:15:18,660

it looks like a big eye blinking

269

00:15:22,910 --> 00:15:20,459

there's another weight over here there's

270

00:15:24,379 --> 00:15:22,920

another light over here and you can you

271

00:15:26,449 --> 00:15:24,389

can hear it in his voice and they have a

272

00:15:28,369 --> 00:15:26,459

sky scope which is like an early night

273

00:15:32,210 --> 00:15:28,379

vision and I looking at it and they're

274

00:15:33,650 --> 00:15:32,220

freaking out and in in and it's recorded

275

00:15:36,739 --> 00:15:33,660

and you can hear it on the Internet

276

00:15:40,189 --> 00:15:36,749

alright and it's the most real kind of

277

00:15:41,960 --> 00:15:40,199

UFO a strange paranormal witness thing

278

00:15:43,340 --> 00:15:41,970

you've ever heard because it's it's him

279

00:15:44,900 --> 00:15:43,350

talking you can hear the emotion isn't

280

00:15:46,939 --> 00:15:44,910

waste and so on and so forth and then

281

00:15:49,519 --> 00:15:46,949

you know the government you know just

282

00:15:51,639 --> 00:15:49,529

denied it all it kind of went away it

283

00:15:55,280 --> 00:15:51,649

turns out that not far from the base

284

00:15:56,600 --> 00:15:55,290

there was an NSA listening post there

285

00:16:00,049 --> 00:15:56,610

was a lot of kind of spooky things

286

00:16:01,309 --> 00:16:00,059

around there and and that was the story

287

00:16:03,769 --> 00:16:01,319

but many books have been written about

288

00:16:05,540 --> 00:16:03,779

it lectures and so on and so forth of

289

00:16:07,999 --> 00:16:05,550

you know be kind of just what happened

290

00:16:09,799 --> 00:16:08,009

but it's just affected me it's just the

291

00:16:11,509 --> 00:16:09,809

fact that that you hear guys tape

292

00:16:13,280 --> 00:16:11,519

acquitted voice as he's seen these

293

00:16:15,829 --> 00:16:13,290

really weird things in the woods it's

294

00:16:17,239 --> 00:16:15,839

it's just very compelling yeah I think I

295

00:16:19,340 --> 00:16:17,249

think Nick Pope has written the

296

00:16:21,139 --> 00:16:19,350

definitive book on this and there is he

297

00:16:22,730 --> 00:16:21,149

does have some of the transcripts in

298

00:16:25,369 --> 00:16:22,740

there like you were talking about Mac of

299

00:16:27,499 --> 00:16:25,379

what they were witnessing I think two of

300

00:16:31,549 --> 00:16:27,509

the principal's who also contribute to

301

00:16:34,999 --> 00:16:31,559

this book was Jim Penniston and John

302

00:16:37,639 --> 00:16:35,009

Burroughs Jim actually went up there and

303

00:16:40,129 --> 00:16:37,649

touched the object and he could actually

304

00:16:42,319 --> 00:16:40,139

feel it was very it was completely quiet

305

00:16:45,249 --> 00:16:42,329

he can feel like some kind of energy or

306

00:16:47,929 --> 00:16:45,259

vibration he saw they saw a strange

307

00:16:50,629 --> 00:16:47,939

lettering or markings you know around it

308

00:16:52,569 --> 00:16:50,639

that they said looks something like you

309

00:16:56,720 --> 00:16:52,579

know hieroglyphics are just something

310

00:16:59,299 --> 00:16:56,730

undecipherable and there it is I recall

311

00:17:01,549 --> 00:16:59,309

their their memories of exactly what

312

00:17:03,319 --> 00:17:01,559

happened aren't perfect and they even

313

00:17:04,850 --> 00:17:03,329

lost a little bit of time about 45

314

00:17:07,579 --> 00:17:04,860

minutes where they had kind of a lapse

315

00:17:11,779 --> 00:17:07,589

now this is a kind of a small craft it's

316

00:17:14,449 --> 00:17:11,789

basically triangular but it a kind of

317

00:17:17,689 --> 00:17:14,459

peaked up on the top a little bit like a

318

00:17:19,939 --> 00:17:17,699

pyramid and it seems to me that the

319

00:17:22,130 --> 00:17:19,949

there's been a huge controversy there

320

00:17:23,269 --> 00:17:22,140

some said okay well this is obviously

321

00:17:27,529 --> 00:17:23,279

there you know there were several

322

00:17:29,480 --> 00:17:27,539

witnesses this was not a hoax but and

323

00:17:31,680 --> 00:17:29,490

though you know it when you took off it

324

00:17:34,710 --> 00:17:31,690

it very slow

325

00:17:35,910 --> 00:17:34,720

raised up off the ground and then took

326

00:17:37,680 --> 00:17:35,920

off like a shot

327

00:17:40,350 --> 00:17:37,690

ferry whatever it was very

328

00:17:43,110 --> 00:17:40,360

unconventional type of craft but of

329

00:17:45,240 --> 00:17:43,120

course the big controversy is was it you

330

00:17:49,290 --> 00:17:45,250

know some kind of super high-tech black

331

00:17:52,140 --> 00:17:49,300

ops you know device or was it

332

00:17:54,150 --> 00:17:52,150

extraterrestrial and that that rages to

333

00:17:56,340 --> 00:17:54,160

this day and they were following and if

334

00:17:58,200 --> 00:17:56,350

you could imagine it in in the following

335

00:18:00,150 --> 00:17:58,210

through the woods you know they they're

336

00:18:01,650 --> 00:18:00,160

yeah it's just ahead of them and it just

337

00:18:04,050 --> 00:18:01,660

connects and there's patches of this

338

00:18:09,240 --> 00:18:04,060

terrain right now they're drawings of

339

00:18:18,230 --> 00:18:09,250

the drugs that night okay read up on

340

00:18:20,580 --> 00:18:18,240

this WWWE in red path calm all the

341

00:18:24,330 --> 00:18:20,590

statements on there that were made and

342

00:18:27,450 --> 00:18:24,340

everything there was a bloody UFO

343

00:18:31,290 --> 00:18:27,460

activity over the base in the days

344

00:18:33,900 --> 00:18:31,300

following on this but the fact that this

345

00:18:35,370 --> 00:18:33,910

as I said they're kind of playing hide

346

00:18:38,130 --> 00:18:35,380

and seek with this thing in a very

347

00:18:40,980 --> 00:18:38,140

heavily forested area you know and then

348

00:18:42,630 --> 00:18:40,990

when they finally saw it got close to it

349

00:18:44,340 --> 00:18:42,640

and as one of the guys says he touched

350

00:18:46,680 --> 00:18:44,350

it and someone had lettuce on it and

351
00:18:49,410 --> 00:18:46,690
everything and then I was I'm it's gone

352
00:18:51,180 --> 00:18:49,420
you know yeah and it's like well this is

353
00:18:52,680 --> 00:18:51,190
the MIT this is the early eighties now

354
00:18:55,200 --> 00:18:52,690
I don't think you could do that today

355
00:18:58,530 --> 00:18:55,210
frankly to to match the description of

356
00:19:00,300 --> 00:18:58,540
what these people saw you know so but in

357
00:19:02,250 --> 00:19:00,310
like I said was it was just an

358
00:19:04,230 --> 00:19:02,260
interesting place with these two bases

359
00:19:05,520 --> 00:19:04,240
there with nuclear weapons that

360
00:19:07,590 --> 00:19:05,530
shouldn't have been there this is the

361
00:19:09,240 --> 00:19:07,600
early 80 the Reagan years you know

362
00:19:11,940 --> 00:19:09,250
there's a whole lot of that gyro doom

363
00:19:13,740 --> 00:19:11,950

stuff going on and then they say

364

00:19:17,400 --> 00:19:13,750

listening station you know right now

365

00:19:19,470 --> 00:19:17,410

right nearby you know so something like

366

00:19:21,180 --> 00:19:19,480

that was gonna happen in a place like

367

00:19:22,950 --> 00:19:21,190

you know it would happen in a place like

368

00:19:24,090 --> 00:19:22,960

that I would see someone looking in I

369

00:19:26,400 --> 00:19:24,100

mean what else are they doing I'm

370

00:19:28,950 --> 00:19:26,410

looking in on us okay now can I throw a

371

00:19:32,700 --> 00:19:28,960

wrench in all this yes please or maybe I

372

00:19:36,270 --> 00:19:32,710

should say a spanner okay okay

373

00:19:37,920 --> 00:19:36,280

anyway this is now American there is

374

00:19:44,200 --> 00:19:37,930

there is a book we're trying to be

375

00:19:48,400 --> 00:19:45,820

now I don't really have a dog in this

376

00:19:50,470 --> 00:19:48,410

fight I don't know what happened there

377

00:19:53,410 --> 00:19:50,480

but this is very interesting there's a

378

00:19:55,660 --> 00:19:53,420

book called remote viewing UFOs and the

379

00:19:59,260 --> 00:19:55,670

visitors by and I'm gonna murder this

380

00:20:01,300 --> 00:19:59,270

guy's name unfortunately tonday a Tundra

381

00:20:05,350 --> 00:20:01,310

something like that and I apologize

382

00:20:07,480 --> 00:20:05,360

right now for its growing again he set

383

00:20:11,770 --> 00:20:07,490

up some new guys are probably familiar

384

00:20:13,090 --> 00:20:11,780

with the remote viewing that was done by

385

00:20:15,280 --> 00:20:13,100

the US military

386

00:20:17,350 --> 00:20:15,290

there were several military remote

387

00:20:21,280 --> 00:20:17,360

viewers this was set up by Ingo Swann

388

00:20:22,990 --> 00:20:21,290

the great singer many years ago and by

389

00:20:27,430 --> 00:20:23,000

familiar with the name Joe McMahon ago

390

00:20:29,830 --> 00:20:27,440

yes absolutely one of the best because

391

00:20:34,690 --> 00:20:29,840

his record is is phenomenal

392

00:20:37,290 --> 00:20:34,700

well that's gentleman tonday and he

393

00:20:39,700 --> 00:20:37,300

actually tasked kill Nick mcmoneagle

394

00:20:41,770 --> 00:20:39,710

several times out of his own pocket

395

00:20:42,580 --> 00:20:41,780

because Joe doesn't do this you know he

396

00:20:45,520 --> 00:20:42,590

does this for a living

397

00:20:48,970 --> 00:20:45,530

and he showed you this Rendlesham forest

398

00:20:51,040 --> 00:20:48,980

as a double-blind target he had no idea

399

00:20:53,800 --> 00:20:51,050

what this was and didn't get feedback

400

00:20:58,120 --> 00:20:53,810

from it yeah it's fascinating because

401
00:21:07,900 --> 00:20:58,130
this guy goes through the all the way

402
00:21:11,530 --> 00:21:07,910
means that right right exactly exactly

403
00:21:13,690 --> 00:21:11,540
so so he gets this the envelope and it's

404
00:21:16,120 --> 00:21:13,700
it's the in there there's there's Circle

405
00:21:17,200 --> 00:21:16,130
questions like you know describe the

406
00:21:19,540 --> 00:21:17,210
area

407
00:21:22,570 --> 00:21:19,550
you know describe what's going on and so

408
00:21:24,010 --> 00:21:22,580
forth and and you know describe yeah I

409
00:21:27,030 --> 00:21:24,020
don't know what he actually used the

410
00:21:29,320 --> 00:21:27,040
term energy or whatever at a rate he

411
00:21:32,590 --> 00:21:29,330
McGonagall it gets the idea I mean he

412
00:21:34,120 --> 00:21:32,600
describes the general area of Rendlesham

413
00:21:37,540 --> 00:21:34,130

of the forest and the rolling hills

414

00:21:40,540 --> 00:21:37,550

surrounding it and so forth and then his

415

00:21:43,390 --> 00:21:40,550

drawing is remarkably close to what they

416

00:21:45,490 --> 00:21:43,400

they saw at Rhett Rendlesham you know

417

00:21:49,210 --> 00:21:45,500

kind of triangular he got the pyramidal

418

00:21:50,770 --> 00:21:49,220

shape on top and he got the the

419

00:21:54,070 --> 00:21:50,780

impression he talked about it having

420

00:21:55,950 --> 00:21:54,080

three opaque reflective sides about six

421

00:21:58,860 --> 00:21:55,960

foot by four foot

422

00:22:00,750 --> 00:21:58,870

it was vibrating at a low frequency and

423

00:22:02,430 --> 00:22:00,760

he talked about the you know that's some

424

00:22:04,950 --> 00:22:02,440

kind of radiation mark in fact when they

425

00:22:06,500 --> 00:22:04,960

check the radiation afterwards it was in

426

00:22:09,060 --> 00:22:06,510

the radiation was in a perfect

427

00:22:12,930 --> 00:22:09,070

equilateral triangle underneath where

428

00:22:15,330 --> 00:22:12,940

the object rested so now here's the

429

00:22:17,100 --> 00:22:15,340

thing his and then the aunt was asked

430

00:22:18,090 --> 00:22:17,110

about what was the origin of this

431

00:22:21,000 --> 00:22:18,100

situation

432

00:22:23,580 --> 00:22:21,010

Joe mcmoneagle impression was that it

433

00:22:27,030 --> 00:22:23,590

was terrestrial it was a flight test

434

00:22:31,350 --> 00:22:27,040

involving reentry from a some kind of an

435

00:22:33,600 --> 00:22:31,360

another overhead craft and he said if

436

00:22:35,669 --> 00:22:33,610

the impression was that something went

437

00:22:39,930 --> 00:22:35,679

wrong something went badly but it was

438

00:22:42,540 --> 00:22:39,940

that the general idea was to deploy this

439

00:22:46,440 --> 00:22:42,550

and to check the reactions of those

440

00:22:48,090 --> 00:22:46,450

people around there now you know that

441

00:22:50,400 --> 00:22:48,100

mean that's phenomenal if that's true

442

00:22:57,180 --> 00:22:50,410

this is back in that in the end the 80s

443

00:22:58,620 --> 00:22:57,190

really did have is that a lot of this is

444

00:23:00,600 --> 00:22:58,630

out there is particularly on that

445

00:23:02,160 --> 00:23:00,610

website I was telling you a lot of this

446

00:23:05,790 --> 00:23:02,170

about the energy there's certain the

447

00:23:07,440 --> 00:23:05,800

other but he reported is out there but

448

00:23:09,570 --> 00:23:07,450

if he was working double-blind and I

449

00:23:12,570 --> 00:23:09,580

know as a remote viewer that if you're

450

00:23:14,820 --> 00:23:12,580

not told what your target is and he

451
00:23:18,390 --> 00:23:14,830
comes up with something like this then

452
00:23:19,770 --> 00:23:18,400
that is remarkable right he couldn't

453
00:23:22,440 --> 00:23:19,780
have read it previously because he

454
00:23:25,290 --> 00:23:22,450
didn't know what it was gonna be you

455
00:23:26,730 --> 00:23:25,300
know back then starting in the I don't

456
00:23:29,150 --> 00:23:26,740
wanna be the bucket of cold water here

457
00:23:31,440 --> 00:23:29,160
but just one possible explanation is

458
00:23:34,140 --> 00:23:31,450
back then what they used to they used to

459
00:23:35,549 --> 00:23:34,150
have these satellites spy satellites in

460
00:23:38,280 --> 00:23:35,559
one I don't know about this I'm sure

461
00:23:41,010 --> 00:23:38,290
Almaty Neil - they used to eject

462
00:23:43,560 --> 00:23:41,020
literally eject the film from orbit it

463
00:23:46,440 --> 00:23:43,570

would come down and they would have a

464

00:23:49,110 --> 00:23:46,450

like a c-130 Hercules with a hook in the

465

00:23:51,450 --> 00:23:49,120

front of it actually picked them up in

466

00:23:53,520 --> 00:23:51,460

mid-flight okay and that's how they

467

00:23:56,190 --> 00:23:53,530

would recover you know is literally

468

00:23:58,680 --> 00:23:56,200

filming so recovered so Naboo is that

469

00:24:00,030 --> 00:23:58,690

way - stuff like that okay so now it's

470

00:24:03,390 --> 00:24:00,040

all video who knows what the hell it is

471

00:24:04,980 --> 00:24:03,400

now but I'm wondering if you know that

472

00:24:06,600 --> 00:24:04,990

explanation has something to do with

473

00:24:08,280 --> 00:24:06,610

something like that but certainly if

474

00:24:09,150 --> 00:24:08,290

they didn't catch it the thing is just

475

00:24:11,070 --> 00:24:09,160

going to crash the

476

00:24:12,480 --> 00:24:11,080

it's not gonna float around it's not

477

00:24:14,550 --> 00:24:12,490

gonna play hide-and-see with these guys

478

00:24:17,100 --> 00:24:14,560

in the flowers and it's certainly not

479

00:24:18,630 --> 00:24:17,110

gonna take off you know in the blink of

480

00:24:20,040 --> 00:24:18,640

an eye you know that's why it just

481

00:24:22,950 --> 00:24:20,050

sounds like whatever they saw was

482

00:24:27,450 --> 00:24:22,960

something not only was it not 1980s

483

00:24:29,790 --> 00:24:27,460

technology but I don't think it was it

484

00:24:32,640 --> 00:24:29,800

was if we're doing stuff back in the 80s

485

00:24:35,190 --> 00:24:32,650

that you know we would still amaze us

486

00:24:37,560 --> 00:24:35,200

today and it might shed light not I mean

487

00:24:39,210 --> 00:24:37,570

there are many of these triangle

488

00:24:41,790 --> 00:24:39,220

sightings in the 80s and 90s over

489

00:24:43,560 --> 00:24:41,800

upstate New York over a busy freeway

490

00:24:46,740 --> 00:24:43,570

people stopping to see these things

491

00:24:48,780 --> 00:24:46,750

perhaps in some cases they aren't et

492

00:24:51,540 --> 00:24:48,790

perhaps they are just some way out

493

00:24:55,170 --> 00:24:51,550

technology that we have no idea but the

494

00:24:57,090 --> 00:24:55,180

the the conclusion that my monocle came

495

00:24:59,760 --> 00:24:57,100

up with was that the primary mission of

496

00:25:01,980 --> 00:24:59,770

this device was to test launch and

497

00:25:04,410 --> 00:25:01,990

commit an evasive flight with recovery

498

00:25:07,880 --> 00:25:04,420

operations under cover of darkness and

499

00:25:11,760 --> 00:25:07,890

then to you know check to see what the

500

00:25:13,680 --> 00:25:11,770

response was so but but some of it I

501
00:25:14,880 --> 00:25:13,690
mean that at one point they said you

502
00:25:17,340 --> 00:25:14,890
know they've been a lot of sightings

503
00:25:19,500 --> 00:25:17,350
afterwards that at one point this

504
00:25:21,780 --> 00:25:19,510
lightness guy seemed to separate in four

505
00:25:23,730 --> 00:25:21,790
different sections I don't know what

506
00:25:27,090 --> 00:25:23,740
kind of its if it says some kind of a

507
00:25:33,120 --> 00:25:27,100
illusion or or you know sleight of hand

508
00:25:34,890 --> 00:25:33,130
but but you know another thing Mac you

509
00:25:37,950 --> 00:25:34,900
I'm sure you know about is that there

510
00:25:41,540 --> 00:25:37,960
were some illnesses I mean the the men

511
00:25:44,810 --> 00:25:41,550
especially the two men that initially

512
00:25:49,980 --> 00:25:44,820
were in close contact with this object

513
00:25:52,020 --> 00:25:49,990

Jim Penniston didn't yes records

514

00:25:54,000 --> 00:25:52,030

disappeared yes

515

00:25:56,370 --> 00:25:54,010

yeah there's definitely a lot of stories

516

00:25:58,410 --> 00:25:56,380

you know around it you know what Peter

517

00:26:00,630 --> 00:25:58,420

Robbins who was a friend of the show is

518

00:26:01,820 --> 00:26:00,640

someone who has spent a lot of time and

519

00:26:04,040 --> 00:26:01,830

have

520

00:26:05,570 --> 00:26:04,050

and anxiety I'm sure he would tell you

521

00:26:08,360 --> 00:26:05,580

over you know writing a book I think

522

00:26:17,320 --> 00:26:08,370

it's called take a left you know this

523

00:26:25,310 --> 00:26:23,870

yeah you know in in you know it's just

524

00:26:28,610 --> 00:26:25,320

like was well all of a sudden you know

525

00:26:30,170 --> 00:26:28,620

you have you know this odd story let's

526

00:26:32,690 --> 00:26:30,180

say I think render some is odder than

527

00:26:34,280 --> 00:26:32,700

than rise but what you have it and then

528

00:26:36,410 --> 00:26:34,290

all of a sudden people keep smiling the

529

00:26:39,380 --> 00:26:36,420

one piling on and you know this books

530

00:26:41,780 --> 00:26:39,390

about don't want to jump on the

531

00:26:46,970 --> 00:26:41,790

bandwagon you know but Peter Robinson it

532

00:26:54,500 --> 00:26:46,980

wasn't his fault or not to the Peter

533

00:26:58,040 --> 00:26:54,510

Robinson BBC Nissen party in that you

534

00:27:01,490 --> 00:26:58,050

know but but see in my opinion just some

535

00:27:03,380 --> 00:27:01,500

you know officer in the USF was at a

536

00:27:05,420 --> 00:27:03,390

secret base a base that's not supposed

537

00:27:07,610 --> 00:27:05,430

to be there on a tape recording seeing

538

00:27:09,830 --> 00:27:07,620

something in the flowers playing hi to

539

00:27:12,380 --> 00:27:09,840

see that I mean that's amazing enough

540

00:27:14,810 --> 00:27:12,390

you know I don't need you know a million

541

00:27:17,150 --> 00:27:14,820

base underneath the place you know also

542

00:27:18,950 --> 00:27:17,160

on that particular night one of those

543

00:27:21,970 --> 00:27:18,960

particular nights there was a Russian

544

00:27:26,810 --> 00:27:21,980

reentry Russian rocket pre-answer in the

545

00:27:28,430 --> 00:27:26,820

assault at the sphere this is that

546

00:27:33,650 --> 00:27:28,440

there's always a Russian right there's

547

00:27:36,130 --> 00:27:33,660

always something reentry really well I

548

00:27:38,600 --> 00:27:36,140

can't get round my head sometimes is

549

00:27:41,240 --> 00:27:38,610

there's all these things like Russian

550

00:27:44,930 --> 00:27:41,250

Russian rockets and everything three

551
00:27:47,330 --> 00:27:44,940
entering the atmosphere and everything

552
00:27:56,860 --> 00:27:47,340
and then around my mobile phones in size

553
00:28:06,019 --> 00:28:02,899
Wow yeah well you know I mean it's it's

554
00:28:07,999 --> 00:28:06,029
it's it is this has been a story around

555
00:28:12,080 --> 00:28:08,009
you know lately that the Russians now

556
00:28:18,490 --> 00:28:12,090
have this like hypersonic missile if you

557
00:28:56,360 --> 00:28:54,409
have a submarines up there the reality

558
00:28:58,129 --> 00:28:56,370
of the Russian military is this is two

559
00:29:00,560 --> 00:28:58,139
years ago when they were fighting you

560
00:29:04,159 --> 00:29:00,570
know the weather in Syria they brought

561
00:29:35,100 --> 00:29:04,169
the air from the man's into the

562
00:29:48,580 --> 00:29:38,140
darling was such a segment look at their

563
00:29:51,700 --> 00:29:48,590

boat we got the boat you've mentioned

564

00:29:54,250 --> 00:29:51,710

now of course that's one day full of

565

00:29:55,870 --> 00:29:54,260

nitrogen say of events of course you

566

00:29:58,950 --> 00:29:55,880

have never more than one night according

567

00:30:06,610 --> 00:29:58,960

to other people involved

568

00:30:09,070 --> 00:30:06,620

yes yeah yeah the 25th to the 26th early

569

00:30:11,470 --> 00:30:09,080

hours of the 25th started on the 25th

570

00:30:15,220 --> 00:30:11,480

went into the 26 and then it was the

571

00:30:18,550 --> 00:30:15,230

27th 28th see it's an odd time but it

572

00:30:19,540 --> 00:30:18,560

seems like a time to if you wanted to be

573

00:30:22,240 --> 00:30:19,550

up to no good

574

00:30:35,140 --> 00:30:22,250

yeah it's it's over a Christmas week in

575

00:30:39,400 --> 00:30:35,150

a week a lot of Christmas drunk with

576
00:30:41,500 --> 00:30:39,410
nuclear weapons around as well was that

577
00:30:50,530 --> 00:30:41,510
there were drugs and things on the base

578
00:30:53,140 --> 00:30:50,540
whether that's true or not should I tell

579
00:30:56,350 --> 00:30:53,150
you what I can't and I spoke to mark

580
00:30:59,140 --> 00:30:56,360
about this today you know and I asked

581
00:31:03,580 --> 00:30:59,150
him whether this was possible right now

582
00:31:08,020 --> 00:31:03,590
we went decimal in 1971 over here okay

583
00:31:11,170 --> 00:31:08,030
okay but the metric system of length a

584
00:31:14,100 --> 00:31:11,180
measurement and everything didn't come

585
00:31:18,850 --> 00:31:14,110
into more in between somewhere between

586
00:31:21,340 --> 00:31:18,860
1971 and 1980 I think there's about 1976

587
00:31:24,040 --> 00:31:21,350
people started using it and everyone was

588
00:31:26,230 --> 00:31:24,050

complaining so in 1980 the government's

589

00:31:28,570 --> 00:31:26,240

and I said okay you can't get a hang of

590

00:31:31,450 --> 00:31:28,580

this we keep the imperial measure as

591

00:31:35,770 --> 00:31:31,460

well as the metric measure yes right so

592

00:31:39,310 --> 00:31:35,780

anybody now after 1980 was actually

593

00:31:42,490 --> 00:31:39,320

educated in the metric whereas us oldest

594

00:31:43,640 --> 00:31:42,500

was Stu I using both you know I still

595

00:31:47,030 --> 00:31:43,650

use the pound

596

00:31:50,200 --> 00:31:47,040

analysis and things like that but in

597

00:31:52,970 --> 00:31:50,210

these statements that were done in 1980

598

00:31:56,120 --> 00:31:52,980

by these people

599

00:31:59,860 --> 00:31:56,130

Fred Lauren who wrote he wrote his

600

00:32:02,660 --> 00:31:59,870

statement out he used the words yards

601
00:32:08,140 --> 00:32:02,670
900 yards was in a statement

602
00:32:11,960 --> 00:32:08,150
John Burroughs used two miles right okay

603
00:32:12,290 --> 00:32:11,970
Edward Catbus I can't pronounce that

604
00:32:18,020 --> 00:32:12,300
name

605
00:32:21,200 --> 00:32:18,030
he talked him meters okay and Chandler

606
00:32:24,380 --> 00:32:21,210
he talked him meters penderson talked

607
00:32:30,610 --> 00:32:24,390
him meters and miles and Colonel Holt

608
00:32:33,620 --> 00:32:30,620
well he talks in feet right you know it

609
00:32:39,170 --> 00:32:33,630
was difficult for people here living in

610
00:32:42,410 --> 00:32:39,180
the UK like I said smart boy who

611
00:32:45,590 --> 00:32:42,420
educated in metric system kilometres and

612
00:32:47,660 --> 00:32:45,600
things like that over there no you're

613
00:32:51,500 --> 00:32:47,670

just still using the old feet and inches

614

00:32:53,180 --> 00:32:51,510

aren't you a miles yes over here do the

615

00:32:54,710 --> 00:32:53,190

same thing and it just didn't catch on

616

00:32:56,360 --> 00:32:54,720

over here so they had metric wrote

617

00:33:01,250 --> 00:32:56,370

science for a while

618

00:33:03,590 --> 00:33:01,260

yep they charm down in the late

619

00:33:04,910 --> 00:33:03,600

seventies mid seventies and so I'll tell

620

00:33:13,330 --> 00:33:04,920

you a real quick story because they did

621

00:33:19,640 --> 00:33:17,540

join the club they film with Bill Lee

622

00:33:21,680 --> 00:33:19,650

the pitcher for the Red Sox on the

623

00:33:23,360 --> 00:33:21,690

metric system where he you know threw a

624

00:33:25,160 --> 00:33:23,370

ball a certain amount you know here's it

625

00:33:26,390 --> 00:33:25,170

here it is in feet here it is in metrics

626
00:33:27,710 --> 00:33:26,400
and stuff and they had the metric

627
00:33:29,630 --> 00:33:27,720
measurement at Fenway Park where the

628
00:33:31,250 --> 00:33:29,640
Boston Red Sox played baseball for years

629
00:33:33,230 --> 00:33:31,260
on the wall and I finally did take them

630
00:33:35,510 --> 00:33:33,240
off you know and then like the day we

631
00:33:36,680 --> 00:33:35,520
finished it was was the day the story

632
00:33:37,790 --> 00:33:36,690
came out said the government says the

633
00:33:45,050 --> 00:33:37,800
hell with it we're not gonna go with

634
00:33:47,660 --> 00:33:45,060
metrics what got me was young soldiers

635
00:33:52,250 --> 00:33:47,670
of 1920 25 years old

636
00:33:54,620 --> 00:33:52,260
being able to put stuff into metric yeah

637
00:33:56,870 --> 00:33:54,630
it's just too confusing you know it just

638
00:33:58,310 --> 00:33:56,880

didn't like soccer is now

639

00:33:59,870 --> 00:33:58,320

gonna be big over here in the United

640

00:34:01,970 --> 00:33:59,880

States I'm sorry because some things

641

00:34:12,649 --> 00:34:01,980

just don't sink in with Americans for

642

00:34:14,000 --> 00:34:12,659

some reason so who wants to give us a

643

00:34:15,440 --> 00:34:14,010

current summary of what is supposed to

644

00:34:19,580 --> 00:34:15,450

have happened on the third night and now

645

00:34:21,980 --> 00:34:19,590

obviously it's controversial but that's

646

00:34:24,050 --> 00:34:21,990

the third night was when Colonel hope

647

00:34:26,240 --> 00:34:24,060

was that dinner wasn't he or something

648

00:34:29,419 --> 00:34:26,250

in the mess and somebody come running in

649

00:34:32,240 --> 00:34:29,429

yelling it's at his back its back and he

650

00:34:35,990 --> 00:34:32,250

went out there right and also on that

651
00:34:40,190 --> 00:34:36,000
tape another thing you know if I I'm the

652
00:34:42,020 --> 00:34:40,200
mother okay and if I thought there was

653
00:34:44,419 --> 00:34:42,030
Hugh I was out there and I had just

654
00:34:47,389 --> 00:34:44,429
children I wouldn't be taking my kid out

655
00:34:50,210 --> 00:34:47,399
there with me apparently somewhere on

656
00:34:52,970 --> 00:34:50,220
this tape there's piano music which

657
00:34:55,639 --> 00:34:52,980
turns out to have been his daughter

658
00:34:57,350 --> 00:34:55,649
maybe she had a woman or something I was

659
00:34:59,600 --> 00:34:57,360
something I don't know what she had a

660
00:35:01,820 --> 00:34:59,610
little radio or something with her at

661
00:35:04,580 --> 00:35:01,830
the time and switched it on and it got

662
00:35:07,700 --> 00:35:04,590
caught on the code tape but this is on a

663
00:35:10,490 --> 00:35:07,710

military base this is a UFO sighting or

664

00:35:13,400 --> 00:35:10,500

someone identified sighting out there

665

00:35:15,860 --> 00:35:13,410

that nobody knows what's going on out

666

00:35:17,900 --> 00:35:15,870

there and you take your child out that's

667

00:35:22,640 --> 00:35:17,910

a little crazy man yeah you'd be in jail

668

00:35:26,180 --> 00:35:22,650

if that happened over here it was on

669

00:35:27,680 --> 00:35:26,190

that website I read it or not I've never

670

00:35:30,500 --> 00:35:27,690

heard I've never heard that he brought

671

00:35:32,270 --> 00:35:30,510

his kid out there that's fenced around

672

00:35:33,380 --> 00:35:32,280

the space or something that what's yeah

673

00:35:34,970 --> 00:35:33,390

they were they were outside the

674

00:35:36,950 --> 00:35:34,980

permanent okay yeah they're outside the

675

00:35:40,790 --> 00:35:36,960

piranhas and and it's in and I guess

676

00:35:47,870 --> 00:35:40,800

it's in East Anglia which I'm not in

677

00:35:49,940 --> 00:35:47,880

it's like lots of long history for

678

00:35:51,740 --> 00:35:49,950

centuries of strange things happening

679

00:35:54,050 --> 00:35:51,750

there you know even now they say that

680

00:35:55,760 --> 00:35:54,060

you know the trees won't grow on the

681

00:35:57,500 --> 00:35:55,770

spot where this thing touchdown you know

682

00:35:59,120 --> 00:35:57,510

didn't they find some kind of stuff on

683

00:36:01,100 --> 00:35:59,130

the ground there to switch there what

684

00:36:03,380 --> 00:36:01,110

didn't they find something I understand

685

00:36:06,560 --> 00:36:03,390

it was a they actually check for

686

00:36:08,450 --> 00:36:06,570

radiation and it it follow the perfect

687

00:36:08,960 --> 00:36:08,460

pattern of an equilateral triangle I

688

00:36:10,670 --> 00:36:08,970

don't

689

00:36:13,280 --> 00:36:10,680

know about of the other kind of residue

690

00:36:15,800 --> 00:36:13,290

yeah they found three imprints in a

691

00:36:18,950 --> 00:36:15,810

triangular shape or something or rather

692

00:36:23,990 --> 00:36:18,960

about seven and a half feet in diameter

693

00:36:26,930 --> 00:36:24,000

or whatever but it's a forestry creamish

694

00:36:29,089 --> 00:36:26,940

Commission says it look like so they

695

00:36:32,270 --> 00:36:29,099

actually look like rabbits scratchings

696

00:36:34,520 --> 00:36:32,280

Oh what else are they gonna say doesn't

697

00:36:36,020 --> 00:36:34,530

sound like something from dr. the early

698

00:36:40,339 --> 00:36:36,030

doctor who you know how they used to

699

00:36:41,690 --> 00:36:40,349

have like the crazy machines you know I

700

00:36:43,220 --> 00:36:41,700

mean the way they said it look like a

701
00:36:45,140 --> 00:36:43,230
pyramid there's some kind of pyramids

702
00:36:47,089 --> 00:36:45,150
and doctors and it just the way it

703
00:36:49,520 --> 00:36:47,099
active and so on but then when it takes

704
00:36:52,280 --> 00:36:49,530
off in a flash and one of the things

705
00:36:55,130 --> 00:36:52,290
everyone that kind of agrees on is that

706
00:36:58,370 --> 00:36:55,140
this thing left in them like a drink of

707
00:37:01,099 --> 00:36:58,380
it are gone yeah technology we have

708
00:37:03,260 --> 00:37:01,109
today I you know maybe we have it but

709
00:37:06,349 --> 00:37:03,270
they certainly didn't have a mekinese so

710
00:37:10,099 --> 00:37:06,359
with with the tape rolling at the time

711
00:37:21,560 --> 00:37:10,109
there was no sound of object just always

712
00:37:23,120 --> 00:37:21,570
just examining the grounds right the guy

713
00:37:29,170 --> 00:37:23,130

could count so that they couldn't work

714

00:37:35,750 --> 00:37:33,740

work I mean you know didn't work you

715

00:37:38,780 --> 00:37:35,760

know as it seems to happen a lot all I

716

00:37:40,880 --> 00:37:38,790

got my field in the military but just

717

00:37:42,980 --> 00:37:40,890

once again just to go back to this if

718

00:37:44,270 --> 00:37:42,990

something odd was gonna happen this is

719

00:37:46,099 --> 00:37:44,280

the place that's gonna happen because

720

00:37:48,230 --> 00:37:46,109

you're at these two bases that that

721

00:37:50,599 --> 00:37:48,240

shouldn't be there with weapons that

722

00:37:52,490 --> 00:37:50,609

shouldn't be there not a lot of people

723

00:37:54,079 --> 00:37:52,500

around you know what the Christmas

724

00:37:58,030 --> 00:37:54,089

season they're having a party at the

725

00:38:02,740 --> 00:37:58,040

base it just seems like an odd time to I

726

00:38:05,780 --> 00:38:02,750

don't know for aliens to visit us or

727

00:38:08,900 --> 00:38:05,790

another thing Jim Penniston said in his

728

00:38:12,020 --> 00:38:08,910

statement that he took closest he got to

729

00:38:14,960 --> 00:38:12,030

it was 50 meters but since then on radio

730

00:38:18,200 --> 00:38:14,970

and things like that he's talked about

731

00:38:21,060 --> 00:38:18,210

being within 10 foot of this thing about

732

00:38:26,190 --> 00:38:21,070

the training of static electricity

733

00:38:29,640 --> 00:38:26,200

taking I mean off the the steep top the

734

00:38:31,950 --> 00:38:29,650

feeling that time was not flowing

735

00:38:35,370 --> 00:38:31,960

properly it was dragging and everything

736

00:38:37,050 --> 00:38:35,380

was in slow motion when he put his hand

737

00:38:39,450 --> 00:38:37,060

on it and everything

738

00:38:42,570 --> 00:38:39,460

because he felt round if he couldn't

739

00:38:43,500 --> 00:38:42,580

find any doors no windows no nothing

740

00:38:48,110 --> 00:38:43,510

like that

741

00:38:52,410 --> 00:38:48,120

and until he came all across these

742

00:39:02,180 --> 00:38:52,420

bicone things you know like and that's

743

00:39:05,880 --> 00:39:02,190

wedding business you know he says the

744

00:39:07,830 --> 00:39:05,890

people are definitely helping one man

745

00:39:11,010 --> 00:39:07,840

thrown with the words today binary

746

00:39:14,870 --> 00:39:11,020

binary code that I put into his notebook

747

00:39:17,910 --> 00:39:14,880

I didn't come out for couple years

748

00:39:20,160 --> 00:39:17,920

yeah I hate to say it but you know once

749

00:39:21,840 --> 00:39:20,170

again don't want to be the back of the

750

00:39:23,940 --> 00:39:21,850

cold water button you know this is like

751
00:39:26,580 --> 00:39:23,950
in one of these stores that has just so

752
00:39:28,140 --> 00:39:26,590
many elaborations on top a lot of the

753
00:39:30,030 --> 00:39:28,150
guys feel but for the people who are

754
00:39:31,740 --> 00:39:30,040
actually out there even they disagree on

755
00:39:33,750 --> 00:39:31,750
what happened and that just means that

756
00:39:35,430 --> 00:39:33,760
it you know this guy's helping this guy

757
00:39:37,470 --> 00:39:35,440
work this guy's help on this guy at work

758
00:39:39,330 --> 00:39:37,480
and you know the more you say the better

759
00:39:41,250 --> 00:39:39,340
it's gonna be and so on and so forth you

760
00:39:43,260 --> 00:39:41,260
know and it clouds the real issue that

761
00:39:45,660 --> 00:39:43,270
these people are out in the woods and

762
00:39:47,790 --> 00:39:45,670
Christmas Eve or in the Christmas is you

763
00:39:50,520 --> 00:39:47,800

know season at a basement isn't supposed

764

00:39:51,930 --> 00:39:50,530

to be there seeing this thing and you

765

00:39:55,560 --> 00:39:51,940

have a tape recording of the guy doing

766

00:39:57,990 --> 00:39:55,570

it that's crazy enough for 99% of people

767

00:40:01,260 --> 00:39:58,000

believe me definitely

768

00:40:03,630 --> 00:40:01,270

okay I've said my piece the one you want

769

00:40:04,800 --> 00:40:03,640

on well I saw some nice those reading

770

00:40:09,960 --> 00:40:04,810

something along the way good that

771

00:40:12,000 --> 00:40:09,970

perhaps was Holly's driving a hoax in

772

00:40:13,920 --> 00:40:12,010

fact there's a hoax by some somebody

773

00:40:15,120 --> 00:40:13,930

driving around the military vehicle

774

00:40:22,410 --> 00:40:15,130

rigged up with these strange lights

775

00:40:27,910 --> 00:40:25,390

it's like a college Christmas Friday

776

00:40:32,380 --> 00:40:27,920

yeah okay those are a key people in UK

777

00:40:34,180 --> 00:40:32,390

they're always pulling pranks question

778

00:40:37,750 --> 00:40:34,190

for everybody here talking about the

779

00:40:48,640 --> 00:40:37,760

moment who's actually been there I've

780

00:40:50,980 --> 00:40:48,650

never been okay what would your first

781

00:40:53,290 --> 00:40:50,990

impression of the place well I'd have to

782

00:40:55,960 --> 00:40:53,300

say the whole rendition for us itself is

783

00:40:59,230 --> 00:40:55,970

absolutely strange there's a very odd

784

00:41:03,460 --> 00:40:59,240

feeling about 2mass not at all

785

00:41:05,740 --> 00:41:03,470

but the itself is odd I have been there

786

00:41:07,240 --> 00:41:05,750

we went to sort of an afternoon and then

787

00:41:08,830 --> 00:41:07,250

sort of had a good wander around the

788

00:41:10,810 --> 00:41:08,840

woods we were trying to find that this

789

00:41:12,790 --> 00:41:10,820

the site of the model that's been

790

00:41:14,109 --> 00:41:12,800

constructed which apparently on the

791

00:41:17,109 --> 00:41:14,119

slide of the supposed landing is

792

00:41:18,580 --> 00:41:17,119

supposed to be nearby it completely the

793

00:41:20,830 --> 00:41:18,590

wrong part of the water for a long while

794

00:41:21,940 --> 00:41:20,840

and I'm gradually going to realize

795

00:41:23,260 --> 00:41:21,950

you're in the wrong area because we

796

00:41:25,900 --> 00:41:23,270

weren't finding anything we were trying

797

00:41:27,940 --> 00:41:25,910

to find the east gate so we were quite

798

00:41:30,130 --> 00:41:27,950

some way from whether suppose a line

799

00:41:31,810 --> 00:41:30,140

into a place and it just feels strange

800

00:41:35,020 --> 00:41:31,820

there's no other way of explaining it

801
00:41:36,520 --> 00:41:35,030
just feels strange you do feel not be

802
00:41:38,590 --> 00:41:36,530
entirely on your own there I mean

803
00:41:40,510 --> 00:41:38,600
there's four of us but there's more

804
00:41:42,760 --> 00:41:40,520
around more going on I'll be actually

805
00:41:44,740 --> 00:41:42,770
into a guy who knew the area quite well

806
00:41:47,470 --> 00:41:44,750
and he told us a number of stories that

807
00:41:49,810 --> 00:41:47,480
were nothing to do UFOs but a very

808
00:41:51,430 --> 00:41:49,820
strange sightings over the years of

809
00:41:52,870 --> 00:41:51,440
things that have occurred in the bottom

810
00:41:54,580 --> 00:41:52,880
in the area of the woods where people

811
00:41:56,290 --> 00:41:54,590
have seen strange-looking figures

812
00:41:58,090 --> 00:41:56,300
walking around and then suddenly

813
00:42:00,310 --> 00:41:58,100

disappearing things appear almost

814

00:42:01,750 --> 00:42:00,320

two-dimensional walking across the road

815

00:42:03,340 --> 00:42:01,760

than just disappearing in the middle of

816

00:42:06,340 --> 00:42:03,350

the road and things along those lines

817

00:42:09,130 --> 00:42:06,350

it's a bit long before and since the UFO

818

00:42:11,260 --> 00:42:09,140

landing so he's his area of interest is

819

00:42:12,940 --> 00:42:11,270

more those other stories he's asked me

820

00:42:14,680 --> 00:42:12,950

not to say who he is and when we spoke

821

00:42:16,300 --> 00:42:14,690

to him at the time because I get one a

822

00:42:18,790 --> 00:42:16,310

radio show but he didn't want to do that

823

00:42:21,160 --> 00:42:18,800

but he's been careful or him or the

824

00:42:23,440 --> 00:42:21,170

other events outside of the UFO stuff

825

00:42:25,330 --> 00:42:23,450

and he said this is this place almost

826

00:42:28,150 --> 00:42:25,340

four centuries has had all sorts of

827

00:42:30,640 --> 00:42:28,160

stories of strange sightings of sort of

828

00:42:32,470 --> 00:42:30,650

black magic and witchcraft and all those

829

00:42:34,630 --> 00:42:32,480

kind of strange things going on in its

830

00:42:37,120 --> 00:42:34,640

and a strange creature sighted alien

831

00:42:38,800 --> 00:42:37,130

alien in the sense of beings or fairy

832

00:42:40,840 --> 00:42:38,810

folk and that kinda thing I've been seen

833

00:42:44,350 --> 00:42:40,850

in wood for centuries you know there's

834

00:42:46,360 --> 00:42:44,360

not a one-off it's not just some random

835

00:42:48,130 --> 00:42:46,370

base of around a wooden this thing

836

00:42:50,170 --> 00:42:48,140

happen with this place is areas had

837

00:42:52,480 --> 00:42:50,180

problems for or mysteries for centuries

838

00:42:54,610 --> 00:42:52,490

and this is just the latest in a long

839

00:42:56,830 --> 00:42:54,620

line of them and there's a little Side

840

00:42:58,870 --> 00:42:56,840

Story which I think might find

841

00:43:00,640 --> 00:42:58,880

interesting a friend of mine my old

842

00:43:03,160 --> 00:43:00,650

ghost investigation team Michael James

843

00:43:05,200 --> 00:43:03,170

he had a relative who lived in the

844

00:43:08,440 --> 00:43:05,210

Rhenish room area at the back of the

845

00:43:10,270 --> 00:43:08,450

1960s there were plow farming the farm

846

00:43:12,250 --> 00:43:10,280

which is actually where the other

847

00:43:14,170 --> 00:43:12,260

suppose landing took place in the

848

00:43:16,750 --> 00:43:14,180

nineteen thirties and pulled up an

849

00:43:19,900 --> 00:43:16,760

elongated skull human skull it was

850

00:43:21,220 --> 00:43:19,910

elongated now he said it was turned over

851
00:43:23,230 --> 00:43:21,230
to the local authorities and went off to

852
00:43:25,630 --> 00:43:23,240
the police and basically was never seen

853
00:43:27,850 --> 00:43:25,640
disappeared for lately now it could

854
00:43:30,340 --> 00:43:27,860
obviously be just a deformed human being

855
00:43:32,170 --> 00:43:30,350
there's nothing more to it than that but

856
00:43:34,540 --> 00:43:32,180
they said it was deafening of a human it

857
00:43:36,970 --> 00:43:34,550
was looking it was an adult size and the

858
00:43:38,710 --> 00:43:36,980
skull was extended out the back I said

859
00:43:40,900 --> 00:43:38,720
that was found in the 1960s and in the

860
00:43:43,690 --> 00:43:40,910
very would like the very fields I should

861
00:43:46,180 --> 00:43:43,700
say where the other supposed sighting

862
00:43:48,160 --> 00:43:46,190
took place so it just shows that the

863
00:43:49,690 --> 00:43:48,170

place itself has got a strange feeling

864

00:43:51,700 --> 00:43:49,700

about it there's no doubt about it at

865

00:43:53,050 --> 00:43:51,710

all and the fact that there's a nuclear

866

00:43:55,390 --> 00:43:53,060

base that wasn't especially nuclear

867

00:43:58,540 --> 00:43:55,400

they're all kind of ties into this is a

868

00:44:00,040 --> 00:43:58,550

strange place and they still face is

869

00:44:08,740 --> 00:44:00,050

still there I'm sorry stretch other

870

00:44:12,130 --> 00:44:08,750

bases job there the shutdown and you can

871

00:44:14,230 --> 00:44:12,140

tap okay as we could see their private

872

00:44:15,940 --> 00:44:14,240

security signs a security firm although

873

00:44:18,310 --> 00:44:15,950

she takes care of the site to put your

874

00:44:21,460 --> 00:44:18,320

the I mean I know people have gone into

875

00:44:23,050 --> 00:44:21,470

the site and shouldn't and they've been

876

00:44:24,760 --> 00:44:23,060

able to wander around fairly freedom and

877

00:44:26,320 --> 00:44:24,770

some of the more so the buildings don't

878

00:44:28,240 --> 00:44:26,330

become rather derelict now but no

879

00:44:29,440 --> 00:44:28,250

there's no activity there one of the

880

00:44:31,750 --> 00:44:29,450

things funny enough I was talking about

881

00:44:33,910 --> 00:44:31,760

with a friend over Christmas talking we

882

00:44:36,630 --> 00:44:33,920

did this show a reminder myself had

883

00:44:37,819 --> 00:44:36,640

forgotten on the wave from the main road

884

00:44:40,249 --> 00:44:37,829

towards

885

00:44:42,170 --> 00:44:40,259

where the supposed landing took place we

886

00:44:43,489 --> 00:44:42,180

just say pennies not quite we actually

887

00:44:46,160 --> 00:44:43,499

took place but where they've erected a

888

00:44:48,680 --> 00:44:46,170

monument this yeah black trying we think

889

00:44:52,549 --> 00:44:48,690

we came across what could only describe

890

00:44:55,069 --> 00:44:52,559

as a kind of hole in the ground a vented

891

00:45:00,499 --> 00:44:55,079

hole in the ground okay I'm looking for

892

00:45:02,420 --> 00:45:00,509

like a manhole underground underground

893

00:45:06,219 --> 00:45:02,430

something certainly in the middle of the

894

00:45:08,059 --> 00:45:06,229

large manhole now again what we've heard

895

00:45:09,799 --> 00:45:08,069

subsequent is of course about these

896

00:45:11,509 --> 00:45:09,809

nuclear weapons were there and still

897

00:45:14,150 --> 00:45:11,519

underground under the baits and there

898

00:45:16,249 --> 00:45:14,160

may be pathways or tunnels it extended

899

00:45:18,079 --> 00:45:16,259

out from the base not probably very far

900

00:45:20,269 --> 00:45:18,089

but there's no doubt about it

901
00:45:24,410 --> 00:45:20,279
that was a manhole in the middle of a

902
00:45:30,349 --> 00:45:24,420
wood which is not something you very

903
00:45:33,349 --> 00:45:30,359
often see in the woods a lot of woods

904
00:45:35,359 --> 00:45:33,359
around the UK you've got not even

905
00:45:37,489 --> 00:45:35,369
forests you've got Ashdown Forest that

906
00:45:43,370 --> 00:45:37,499
give you that eerie feeling when you're

907
00:45:45,079 --> 00:45:43,380
in them things happen in them you know

908
00:45:46,759 --> 00:45:45,089
many various investigations over the

909
00:45:48,739 --> 00:45:46,769
years of various out so location and

910
00:45:50,209 --> 00:45:48,749
woods and flawless and I'm honestly say

911
00:45:52,999 --> 00:45:50,219
to you know where it felt like

912
00:45:54,859 --> 00:45:53,009
membership they doesn't more than

913
00:45:58,939 --> 00:45:54,869

atmosphere a feeling to than anywhere

914

00:46:01,160 --> 00:45:58,949

else I have been to what even in the UFO

915

00:46:02,989 --> 00:46:01,170

field bad beer because of UFOs they say

916

00:46:04,579 --> 00:46:02,999

it creeps them out when they go in there

917

00:46:09,519 --> 00:46:04,589

you know they don't even know destroy

918

00:46:14,839 --> 00:46:12,199

there's the UFO trail you can follow as

919

00:46:17,229 --> 00:46:14,849

well as zoom sort of we were there to

920

00:46:20,299 --> 00:46:17,239

late afternoon into early evenings last

921

00:46:21,949 --> 00:46:20,309

probably year ago Susan it wasn't the

922

00:46:23,479 --> 00:46:21,959

height of summer it wasn't like great

923

00:46:24,859 --> 00:46:23,489

with with was okay but wasn't there for

924

00:46:27,019 --> 00:46:24,869

good where there weren't many people

925

00:46:28,339 --> 00:46:27,029

about they say they chat we actually met

926
00:46:29,719 --> 00:46:28,349
in the carpod they're ready to meet

927
00:46:31,819 --> 00:46:29,729
somebody else and that person hadn't

928
00:46:33,319 --> 00:46:31,829
turned up so it was just a lot faithful

929
00:46:35,779 --> 00:46:33,329
either he was there and I able to talk

930
00:46:37,219 --> 00:46:35,789
to us about what he's been cataloging is

931
00:46:38,959 --> 00:46:37,229
to say well I've tried to be certainly

932
00:46:40,579 --> 00:46:38,969
come on the radio he wasn't too keen on

933
00:46:41,930 --> 00:46:40,589
the idea at the moment to keep a low

934
00:46:43,759 --> 00:46:41,940
profile because of all the other

935
00:46:45,979 --> 00:46:43,769
problems this this site has generated

936
00:46:48,319 --> 00:46:45,989
but they said his real interest was

937
00:46:49,130 --> 00:46:48,329
always the other stuff not just the UFO

938
00:46:51,799 --> 00:46:49,140

thing that was

939

00:46:53,059 --> 00:46:51,809

sideline for him it was because he's

940

00:46:54,440 --> 00:46:53,069

not enough look at the UFO case of

941

00:46:56,180 --> 00:46:54,450

course within that was told his other

942

00:46:57,500 --> 00:46:56,190

stories is that he's a local and all

943

00:46:59,120 --> 00:46:57,510

sorts of strange things were coming out

944

00:47:02,150 --> 00:46:59,130

the people who've seen the experience

945

00:47:03,950 --> 00:47:02,160

over the years there's the story and I

946

00:47:06,069 --> 00:47:03,960

have to say one of my books on CL

947

00:47:11,750 --> 00:47:06,079

everywhere I called UFOs in wartime

948

00:47:14,240 --> 00:47:11,760

where in 1958 when there it is one

949

00:47:21,529 --> 00:47:14,250

one thing holding it up yeah we're a

950

00:47:25,370 --> 00:47:21,539

radio show what happened was they there

951
00:47:28,519 --> 00:47:25,380
were a couple u.s. fighters f-86

952
00:47:31,190 --> 00:47:28,529
fighters 1958 you on call on standby

953
00:47:32,690 --> 00:47:31,200
they have them out you know you wound up

954
00:47:34,460 --> 00:47:32,700
on the runway just in case you know

955
00:47:37,039 --> 00:47:34,470
because the whole boyfriend thing and so

956
00:47:39,079 --> 00:47:37,049
on and they get scrambled and one of

957
00:47:42,730 --> 00:47:39,089
them had to turn back so it's one guy in

958
00:47:45,769 --> 00:47:42,740
an f-86 and he is flying and he can see

959
00:47:48,440 --> 00:47:45,779
1,000 blips on the radar screen coming

960
00:47:50,210 --> 00:47:48,450
towards me and they eventually he's

961
00:47:52,809 --> 00:47:50,220
going wow what is going on here you know

962
00:47:54,920 --> 00:47:52,819
and they went by him overhead overhead

963
00:47:58,700 --> 00:47:54,930

and then just disappeared

964

00:48:01,400 --> 00:47:58,710

and you know they don't ever recording

965

00:48:03,349 --> 00:48:01,410

of it you know it has like the the text

966

00:48:06,650 --> 00:48:03,359

of you know the back and forth ain't no

967

00:48:08,329 --> 00:48:06,660

one was transcribe and if you do like

968

00:48:10,539 --> 00:48:08,339

the measurements and stuff that happened

969

00:48:15,039 --> 00:48:10,549

almost like read over these two bases

970

00:48:17,990 --> 00:48:15,049

there's no shots of the radar display no

971

00:48:20,329 --> 00:48:18,000

I mean they have a lot of people were in

972

00:48:21,980 --> 00:48:20,339

the control tower saying you know this

973

00:48:23,690 --> 00:48:21,990

looks like a Russian invasion can see it

974

00:48:25,609 --> 00:48:23,700

comes a thousand blips and yes you know

975

00:48:27,890 --> 00:48:25,619

and he's up there and they're going

976
00:48:29,390 --> 00:48:27,900
around him but they're not planes you

977
00:48:31,999 --> 00:48:29,400
know and then they like I'm suddenly

978
00:48:34,039 --> 00:48:32,009
disappear you know but once again it's

979
00:48:37,069 --> 00:48:34,049
it's over he's dangling and if you kind

980
00:48:39,859 --> 00:48:37,079
of do them you know what it's right over

981
00:48:42,589 --> 00:48:39,869
these two bases that happened 1958 so as

982
00:48:44,089 --> 00:48:42,599
he says it's a place where all these

983
00:48:47,059 --> 00:48:44,099
weird things have been happening all

984
00:48:48,799 --> 00:48:47,069
along now they just happened to involve

985
00:48:50,630 --> 00:48:48,809
high technology and stuff because that's

986
00:48:52,640 --> 00:48:50,640
what we live in but you know under the

987
00:48:55,830 --> 00:48:52,650
years ago people saw strange still see

988
00:49:03,630 --> 00:49:01,120

pulls them into the radar towers in East

989

00:49:10,080 --> 00:49:03,640

Anglia to see if they picked anything up

990

00:49:12,580 --> 00:49:10,090

nothing nothing no won't picking nothing

991

00:49:14,560 --> 00:49:12,590

see that that whole area is interesting

992

00:49:16,690 --> 00:49:14,570

because that's my main area of interest

993

00:49:19,300 --> 00:49:16,700

are these so-called high strangeness

994

00:49:21,490 --> 00:49:19,310

areas where all these different types of

995

00:49:23,560 --> 00:49:21,500

phenomena seem to come together and it's

996

00:49:25,330 --> 00:49:23,570

not clear what the connection is and of

997

00:49:28,000 --> 00:49:25,340

course there's a Nick Redfern is written

998

00:49:30,190 --> 00:49:28,010

about Cannock Chase I'm connected to the

999

00:49:32,590 --> 00:49:30,200

demas man in Point Pleasant West

1000

00:49:34,570 --> 00:49:32,600

Virginia in the Ohio Valley all the

1001
00:49:36,250 --> 00:49:34,580
strange stuff that went on there you're

1002
00:49:38,260 --> 00:49:36,260
heard of the skinwalker ranch me all

1003
00:49:40,930 --> 00:49:38,270
over the globe there are these areas

1004
00:49:43,870 --> 00:49:40,940
like you just referenced where you get

1005
00:49:46,540 --> 00:49:43,880
cryptids poltergeist phenomena you got

1006
00:49:50,109 --> 00:49:46,550
classic haunting stuff UFOs and

1007
00:49:51,700 --> 00:49:50,119
sometimes it's very ethereal or very

1008
00:49:55,660 --> 00:49:51,710
nebulous it's not doesn't seem to be a

1009
00:49:57,220 --> 00:49:55,670
very solid kind of a proposition so we

1010
00:50:01,510 --> 00:49:57,230
talked a lot about that on that show

1011
00:50:08,320 --> 00:50:01,520
yeah hmm interesting it really is

1012
00:50:29,650 --> 00:50:08,330
interesting not solid follow us after

1013
00:50:31,210 --> 00:50:29,660

the show of 93 we got as far as being

1014

00:50:33,280 --> 00:50:31,220

told that it's back and then what

1015

00:50:36,280 --> 00:50:33,290

happened after that I mean according to

1016

00:50:38,710 --> 00:50:36,290

those who have spoken about them so give

1017

00:50:40,480 --> 00:50:38,720

us a run-through I've never heard a

1018

00:50:42,370 --> 00:50:40,490

night 3 I've heard of the first night

1019

00:50:43,930 --> 00:50:42,380

and the night that Colonel halt went out

1020

00:50:47,890 --> 00:50:43,940

there that's the only nights I've heard

1021

00:50:54,900 --> 00:50:47,900

of I'm not checking my book maybe I have

1022

00:50:58,330 --> 00:50:54,910

been wrong look I haven't read yet so

1023

00:51:00,660 --> 00:50:58,340

third night there it's reaching I don't

1024

00:51:05,859 --> 00:51:00,670

I don't know I have any information

1025

00:51:09,250 --> 00:51:05,869

started on the late evening of the 25th

1026
00:51:11,710 --> 00:51:09,260
didn't it so that side he was from the

1027
00:51:14,620 --> 00:51:11,720
only fit into the 26 and the next

1028
00:51:20,580 --> 00:51:14,630
sighting was from I got a trouble I

1029
00:51:22,600 --> 00:51:20,590
think was from the 27th into the 28 that

1030
00:51:24,760 --> 00:51:22,610
I've heard when they were having a

1031
00:51:29,320 --> 00:51:24,770
Christmas party up deed at the Bell

1032
00:51:31,780 --> 00:51:29,330
there was one 27th into the 28th yeah so

1033
00:51:40,540 --> 00:51:31,790
really it took place over a period of

1034
00:51:42,610 --> 00:51:40,550
four days smooth you know so I carry on

1035
00:51:46,180 --> 00:51:42,620
talking carry on talking carry on

1036
00:51:48,310 --> 00:51:46,190
talking 1 1 please do a tap-dance roster

1037
00:51:53,140 --> 00:51:48,320
well I was thinking it might be time for

1038
00:51:54,760 --> 00:51:53,150

me to go into the the room the room and

1039

00:51:56,440 --> 00:51:54,770

then be back and a couple of minutes can

1040

00:52:05,350 --> 00:51:56,450

we do that the room oh you mean the

1041

00:52:08,950 --> 00:52:05,360

break room yeah we have breaks kids he

1042

00:52:18,640 --> 00:52:08,960

means the little boy's room you're

1043

00:52:31,750 --> 00:52:18,650

excused one woman just microphone

1044

00:52:36,640 --> 00:52:31,760

because they have the tinkling because I

1045

00:52:39,670 --> 00:52:36,650

got lost there I forgot one now we all

1046

00:52:41,080 --> 00:52:39,680

did you know it's it's a good it's it's

1047

00:52:42,910 --> 00:52:41,090

one of the best stories one of my

1048

00:52:44,740 --> 00:52:42,920

favorite UFO stories because you know

1049

00:52:47,440 --> 00:52:44,750

once again obviously something happened

1050

00:52:49,750 --> 00:52:47,450

you know and they in in in you know I

1051
00:52:51,790 --> 00:52:49,760
said one more time and I promise let's

1052
00:52:55,330 --> 00:52:51,800
stop it happened at a very strange place

1053
00:52:57,100 --> 00:52:55,340
at a very strange time you know in a

1054
00:52:58,450 --> 00:52:57,110
place where it not only have these

1055
00:53:00,820 --> 00:52:58,460
nuclear weapons that I suppose be

1056
00:53:03,640 --> 00:53:00,830
there's an NSA listening site right near

1057
00:53:07,360 --> 00:53:03,650
this yeah and it's like what's that

1058
00:53:09,910 --> 00:53:07,370
doing there you know and in the no no

1059
00:53:11,800 --> 00:53:09,920
you say Lewis tell me you said what do

1060
00:53:13,180 --> 00:53:11,810
you what do you read into that what do

1061
00:53:15,940 --> 00:53:13,190
you think that it's as citizens of those

1062
00:53:18,640 --> 00:53:15,950
factors yeah I don't think that let's

1063
00:53:20,730 --> 00:53:18,650

say it was our technology okay let's

1064

00:53:23,010 --> 00:53:20,740

just say it was well technology

1065

00:53:25,800 --> 00:53:23,020

you wouldn't you wouldn't try out your

1066

00:53:28,350 --> 00:53:25,810

this supa dupa technology in this area

1067

00:53:30,750 --> 00:53:28,360

that has all these this strange stuff

1068

00:53:32,880 --> 00:53:30,760

going on you know I mean strange stuff

1069

00:53:34,470 --> 00:53:32,890

as far as a base that isn't supposed to

1070

00:53:36,840 --> 00:53:34,480

be there weapons are not supposed to be

1071

00:53:40,170 --> 00:53:36,850

there and NSA listening station you want

1072

00:53:42,450 --> 00:53:40,180

to you want to you know try to keep

1073

00:53:44,250 --> 00:53:42,460

those areas kind of quiet you don't want

1074

00:53:46,740 --> 00:53:44,260

to make a noise around those you know

1075

00:53:49,740 --> 00:53:46,750

you don't want to make Elmo a teeny I

1076

00:53:50,130 --> 00:53:49,750

producers this first time speaking on

1077

00:53:54,300 --> 00:53:50,140

air

1078

00:53:56,970 --> 00:53:54,310

why would they in fact if they had some

1079

00:53:58,710 --> 00:53:56,980

kind of special technology going on and

1080

00:54:01,260 --> 00:53:58,720

it was an American thing why would they

1081

00:54:03,060 --> 00:54:01,270

take it out of the country and involve

1082

00:54:04,260 --> 00:54:03,070

another government in it if they were

1083

00:54:10,580 --> 00:54:04,270

gonna do it why wouldn't they do it

1084

00:54:13,260 --> 00:54:10,590

somewhere in this country in the country

1085

00:54:20,280 --> 00:54:13,270

that's entirely possible but why would

1086

00:54:23,790 --> 00:54:20,290

it be American base anywhere near an

1087

00:54:25,260 --> 00:54:23,800

American base or any base comes you know

1088

00:54:28,550 --> 00:54:25,270

they wouldn't bring light to that

1089

00:54:31,020 --> 00:54:28,560

particular base you know unless they did

1090

00:54:33,090 --> 00:54:31,030

in the middle of nowhere

1091

00:54:35,250 --> 00:54:33,100

they may not have been generated the

1092

00:54:37,800 --> 00:54:35,260

land if the omec monocle is right in his

1093

00:54:40,170 --> 00:54:37,810

remote viewing something went wrong so

1094

00:54:42,240 --> 00:54:40,180

perhaps it was just to be a flyover or

1095

00:54:44,520 --> 00:54:42,250

something like that to test the reaction

1096

00:54:46,109 --> 00:54:44,530

and if something went wrong maybe it

1097

00:54:48,660 --> 00:54:46,119

wasn't supposed to land or come down

1098

00:54:50,730 --> 00:54:48,670

towards the ground but then how do you

1099

00:54:54,030 --> 00:54:50,740

account for it taking off in a flash

1100

00:54:55,920 --> 00:54:54,040

well according to Penniston I believe it

1101
00:54:59,280 --> 00:54:55,930
was Penniston it was either Penniston or

1102
00:55:01,710 --> 00:54:59,290
Burroughs this thing it was on the

1103
00:55:04,620 --> 00:55:01,720
ground right it came down it was night

1104
00:55:07,010 --> 00:55:04,630
it pretty white it came down and landed

1105
00:55:11,160 --> 00:55:07,020
on the ground and it turned really

1106
00:55:14,040 --> 00:55:11,170
metallic shiny beautiful black and then

1107
00:55:15,300 --> 00:55:14,050
all the time as if it just sat there and

1108
00:55:18,390 --> 00:55:15,310
then all of a sudden all these lights

1109
00:55:21,690 --> 00:55:18,400
started going through it and then it

1110
00:55:23,670 --> 00:55:21,700
lifted up off the ground and then up

1111
00:55:26,130 --> 00:55:23,680
through the trees turned white again

1112
00:55:33,020 --> 00:55:26,140
like a bright white night and shut off

1113
00:55:38,370 --> 00:55:36,180

well in his mind he couldn't see how

1114

00:55:42,240 --> 00:55:38,380

there was no windows no doors how anyone

1115

00:55:44,130 --> 00:55:42,250

could possibly be inside there and he

1116

00:55:49,109 --> 00:55:44,140

thought this thing was self-healing

1117

00:55:51,630 --> 00:55:49,119

itself may I quote from dick Pope's book

1118

00:55:54,450 --> 00:55:51,640

about the third night yeah please

1119

00:55:55,890 --> 00:55:54,460

okay this is uh originally John

1120

00:55:59,099 --> 00:55:55,900

Burroughs this is the third night this

1121

00:56:02,099 --> 00:55:59,109

light came back and he originally didn't

1122

00:56:05,460 --> 00:56:02,109

have permission to go of toward him but

1123

00:56:10,170 --> 00:56:05,470

then he and sergeant Adrian who steena

1124

00:56:12,270 --> 00:56:10,180

whose tins oh sorry they were authorized

1125

00:56:14,070 --> 00:56:12,280

to approach one of the lights so they

1126
00:56:15,930 --> 00:56:14,080
walked toward this thing and then he in

1127
00:56:18,390 --> 00:56:15,940
his words the Burroughs words he says

1128
00:56:20,370 --> 00:56:18,400
all of a sudden in front of us we had a

1129
00:56:23,340 --> 00:56:20,380
blue transparent light comes streaking

1130
00:56:25,710 --> 00:56:23,350
toward us and then a white object kind

1131
00:56:27,240 --> 00:56:25,720
of appeared up and then floated down and

1132
00:56:29,730 --> 00:56:27,250
was sitting out there in the distance

1133
00:56:32,730 --> 00:56:29,740
they got permission to go toward it and

1134
00:56:35,040 --> 00:56:32,740
as they started going toward it then it

1135
00:56:38,730 --> 00:56:35,050
appeared to start coming toward them

1136
00:56:41,190 --> 00:56:38,740
now the sergeant was on his right and he

1137
00:56:44,040 --> 00:56:41,200
went down to the ground and he saw

1138
00:56:46,230 --> 00:56:44,050

Burroughs go kind of into the light and

1139

00:56:49,170 --> 00:56:46,240

saw Burroughs disappear

1140

00:56:51,450 --> 00:56:49,180

he saw the light kind of explode or

1141

00:56:54,090 --> 00:56:51,460

seemed to explode and then Burroughs was

1142

00:56:57,660 --> 00:56:54,100

gone for several minutes before he

1143

00:57:00,090 --> 00:56:57,670

reappeared hmm and he it was real says I

1144

00:57:01,710 --> 00:57:00,100

have no recollection of it I have no

1145

00:57:03,840 --> 00:57:01,720

memory of what happened the next thing I

1146

00:57:08,430 --> 00:57:03,850

know I was standing in the field and it

1147

00:57:11,370 --> 00:57:08,440

was gone so I was a bobby pin that was a

1148

00:57:14,670 --> 00:57:11,380

third not unheard of so yeah that sounds

1149

00:57:16,920 --> 00:57:14,680

like what it was well just some

1150

00:57:19,410 --> 00:57:16,930

Wikipedia stuff and you know Google

1151
00:57:28,260 --> 00:57:19,420
things and it seems to mention the 28th

1152
00:57:36,359 --> 00:57:28,270
and stuff on the top the hot memo there

1153
00:57:39,180 --> 00:57:36,369
you know it was well that's right

1154
00:57:40,500 --> 00:57:39,190
maybe doesn't be a fact that there is an

1155
00:57:41,580 --> 00:57:40,510
alignment between where they were

1156
00:57:42,390 --> 00:57:41,590
standing in the direction they were

1157
00:57:44,760 --> 00:57:42,400
looking and where the lighthouse

1158
00:57:45,460 --> 00:57:44,770
actually is that's right it does draw a

1159
00:57:47,319 --> 00:57:45,470
line but

1160
00:57:48,880 --> 00:57:47,329
I mean the chance of them one not

1161
00:57:50,800 --> 00:57:48,890
recognizing and bloody lighthouse with

1162
00:57:53,290 --> 00:57:50,810
it been big beta for some period of time

1163
00:57:54,940 --> 00:57:53,300

and two lighthouses don't change : they

1164

00:57:57,160 --> 00:57:54,950

don't move you know they do might break

1165

00:57:58,839 --> 00:57:57,170

on and off as they turn or appear to but

1166

00:58:04,750 --> 00:57:58,849

they said you don't behave the way these

1167

00:58:06,849 --> 00:58:04,760

things are described but just come onto

1168

00:58:09,640 --> 00:58:06,859

the pace seems to be the show you were

1169

00:58:12,130 --> 00:58:09,650

four hunters went there and they

1170

00:58:14,530 --> 00:58:12,140

debunked the lighthouse thing by the way

1171

00:58:16,230 --> 00:58:14,540

I quoted from encounter in Rendlesham

1172

00:58:19,599 --> 00:58:16,240

forest by Nick tovo

1173

00:58:23,950 --> 00:58:19,609

yeah there you go Nick there's a nice

1174

00:58:27,400 --> 00:58:23,960

little plug for you Nick thinks it

1175

00:58:30,010 --> 00:58:27,410

really happened right Steven I haven't

1176

00:58:31,390 --> 00:58:30,020

gotten to his conclusion but I think he

1177

00:58:33,910 --> 00:58:31,400

does yes yeah well I mean it was a real

1178

00:58:36,579 --> 00:58:33,920

event and you know it was like you know

1179

00:58:39,040 --> 00:58:36,589

remember Socorro New Mexico Lonnie

1180

00:58:41,079 --> 00:58:39,050

Zamora saw this craft land and two

1181

00:58:43,059 --> 00:58:41,089

humanoids next to it and he's a real

1182

00:58:45,069 --> 00:58:43,069

credible guy then years later they come

1183

00:58:47,290 --> 00:58:45,079

out and say oh it was a college prank

1184

00:58:49,180 --> 00:58:47,300

well that's that's as ridiculous as it

1185

00:58:51,609 --> 00:58:49,190

is this Rendlesham to say that this was

1186

00:58:55,630 --> 00:58:51,619

some kind of hoax whatever it was it was

1187

00:59:00,339 --> 00:58:55,640

not a hoax I mean something going on

1188

00:59:04,030 --> 00:59:00,349

also there was oh what's those things

1189

00:59:10,420 --> 00:59:04,040

out you've got bloody Birds now oh they

1190

00:59:26,530 --> 00:59:10,430

fly around up and happen this way when

1191

00:59:29,349 --> 00:59:26,540

they break up these big things the other

1192

00:59:31,120 --> 00:59:29,359

thing that's very very recently which

1193

00:59:33,849 --> 00:59:31,130

you might not have caught up in America

1194

00:59:35,890 --> 00:59:33,859

just yet this is supposed claim that it

1195

00:59:40,540 --> 00:59:35,900

was actually an sas prank that was

1196

00:59:41,890 --> 00:59:40,550

carried out onto the American but Ashley

1197

00:59:44,230 --> 00:59:41,900

ridiculous when you look at the actual

1198

00:59:46,660 --> 00:59:44,240

report that the the SES officers are

1199

00:59:48,520 --> 00:59:46,670

unnamed surprise surprise and the

1200

00:59:50,020 --> 00:59:48,530

supposing source of the story is a

1201

00:59:51,640 --> 00:59:50,030

little hard to track down so it's

1202

00:59:53,980 --> 00:59:51,650

entirely unlikely that there's any true

1203

00:59:57,580 --> 00:59:53,990

to whatsoever but it has literally come

1204

01:00:00,040 --> 00:59:57,590

out the last few days this suppose it SS

1205

01:00:02,440 --> 01:00:00,050

pranks Takeda against the Americans on

1206

01:00:04,030 --> 01:00:02,450

the base which shouldn't he mention but

1207

01:00:13,750 --> 01:00:04,040

he didn't be a while to crazy idea to

1208

01:00:15,760 --> 01:00:13,760

say the least somewhat less than

1209

01:00:17,470 --> 01:00:15,770

reputable newspaper you're like it's

1210

01:00:19,740 --> 01:00:17,480

probably not for a feeling these

1211

01:00:38,950 --> 01:00:25,410

well a few the Daily Mail put it out

1212

01:00:41,020 --> 01:00:38,960

quite a few but they're all rags got a

1213

01:00:54,010 --> 01:00:41,030

lot better things to do with their ton

1214

01:01:00,040 --> 01:00:54,020

than play pranks on young Eamon career

1215

01:01:02,020 --> 01:01:00,050

ethic so no officially confirmed that he

1216

01:01:05,140 --> 01:01:02,030

did have nuclear weaponry there because

1217

01:01:06,940 --> 01:01:05,150

it's been good for a long time but is it

1218

01:01:10,480 --> 01:01:06,950

as the European government actually said

1219

01:01:13,510 --> 01:01:10,490

yes it was officially it was apparently

1220

01:01:17,560 --> 01:01:13,520

it wasn't the big stuff you know it

1221

01:01:26,320 --> 01:01:17,570

wasn't the big day a big big stuff it

1222

01:01:31,410 --> 01:01:26,330

was my I was more lighter nuclear my

1223

01:01:38,500 --> 01:01:36,910

confirm this is asking our American

1224

01:01:42,290 --> 01:01:38,510

colleagues here they were officially

1225

01:01:44,340 --> 01:01:42,300

concerned that lead was a nuclear base

1226

01:01:47,260 --> 01:01:44,350

[Music]

1227

01:01:49,390 --> 01:01:47,270

you know it's come from somewhere isn't

1228

01:01:51,160 --> 01:01:49,400

it because they've all upper Greenham

1229

01:01:52,780 --> 01:01:51,170

common all I'm a story's been about for

1230

01:02:01,000 --> 01:01:52,790

decades but has it ever been officially

1231

01:02:05,080 --> 01:02:01,010

confirmed I know everybody thought it

1232

01:02:08,560 --> 01:02:05,090

was all upper Greenham common and you

1233

01:02:11,589 --> 01:02:08,570

had women up there with their ban the

1234

01:02:15,640 --> 01:02:11,599

bomb signs and what have you can

1235

01:02:17,469 --> 01:02:15,650

having a great time but that's where

1236

01:02:19,719 --> 01:02:17,479

they thought everybody thought it was

1237

01:02:31,509 --> 01:02:19,729

but it wasn't you know apparently it was

1238

01:02:34,150 --> 01:02:31,519

down there you don't think about the

1239

01:02:36,910 --> 01:02:34,160

size well nuclear power station is

1240

01:02:38,950 --> 01:02:36,920

everywhere oh okay there was a rumor

1241

01:02:41,319 --> 01:02:38,960

Pope says there was a rumor that there

1242

01:02:43,450 --> 01:02:41,329

was a radiation leak that had something

1243

01:02:44,950 --> 01:02:43,460

to do with some of this which was just a

1244

01:02:47,289 --> 01:02:44,960

rumor and and just it still wouldn't

1245

01:02:51,870 --> 01:02:47,299

explain what was going on you know more

1246

01:02:56,769 --> 01:02:54,880

qualified credible military people have

1247

01:02:58,150 --> 01:02:56,779

seen strange objects come over and

1248

01:02:59,859 --> 01:02:58,160

sometimes they've lasted there for

1249

01:03:01,690 --> 01:02:59,869

several minutes and then you know

1250

01:03:04,239 --> 01:03:01,700

everybody goes crazy they scramble Jets

1251

01:03:07,539 --> 01:03:04,249

and then when it's over they say oh by

1252

01:03:10,120 --> 01:03:07,549

the way this is just a test just to test

1253

01:03:12,400 --> 01:03:10,130

the stress level in soldiers and by the

1254

01:03:14,229 --> 01:03:12,410

way don't say anything about it and

1255

01:03:16,450 --> 01:03:14,239

sometimes people who are then sent away

1256

01:03:18,370 --> 01:03:16,460

you know to other bases where they can't

1257

01:03:20,890 --> 01:03:18,380

talk to each other so that's kind of a

1258

01:03:22,479 --> 01:03:20,900

standard operating procedure to say well

1259

01:03:24,430 --> 01:03:22,489

by the way we really don't know what the

1260

01:03:30,039 --> 01:03:24,440

hell happened but we're gonna say it's

1261

01:03:32,799 --> 01:03:30,049

just some kind of a test yeah not even

1262

01:03:33,660 --> 01:03:32,809

in their deathbed right that's the part

1263

01:03:36,309 --> 01:03:33,670

that cracks me up

1264

01:03:39,279 --> 01:03:36,319

all these people sworn to secrecy all

1265

01:03:41,229 --> 01:03:39,289

these individuals in them well that's

1266

01:03:43,630 --> 01:03:41,239

true because sometimes people finally

1267

01:03:45,849 --> 01:03:43,640

you know when they're like 40 years

1268

01:03:48,309 --> 01:03:45,859

later they're interviewed and they think

1269

01:03:51,279 --> 01:03:48,319

well it's okay now I can talk about what

1270

01:03:53,259 --> 01:03:51,289

happened they kept it because of they

1271

01:03:55,359 --> 01:03:53,269

they were threatened and the level of

1272

01:03:56,859 --> 01:03:55,369

secrecy and so forth they didn't say

1273

01:03:57,969 --> 01:03:56,869

anything about it for decades and a lot

1274

01:04:02,019 --> 01:03:57,979

of times had you given to tell their own

1275

01:04:18,060 --> 01:04:02,029

families it's amazing it's amazing a

1276

01:04:23,130 --> 01:04:20,610

you just don't keep quiet it's not human

1277

01:04:28,680 --> 01:04:23,140

nature to keep that got something

1278

01:04:31,020 --> 01:04:28,690

without something really ugly you do

1279

01:04:34,590 --> 01:04:31,030

find a way get your stuff out I presume

1280

01:04:38,310 --> 01:04:34,600

you know that always finally say in the

1281

01:04:44,940 --> 01:04:38,320

highly unlikely event a lot death read

1282

01:04:48,360 --> 01:04:44,950

this I mean the influence of some kind

1283

01:04:50,070 --> 01:04:48,370

of euphoric substance but I have my

1284

01:04:52,980 --> 01:04:50,080

wisdom teeth taken out and I was talking

1285

01:04:58,260 --> 01:04:52,990

about all kinds of things

1286

01:05:01,770 --> 01:04:58,270

[Laughter]

1287

01:05:03,150 --> 01:05:01,780

the surgeon and and and I remember kind

1288

01:05:05,250 --> 01:05:03,160

of being under oath and saying you know

1289

01:05:08,490 --> 01:05:05,260

when I went in the Navy that yucky

1290

01:05:10,320 --> 01:05:08,500

you're talking to sleep I go no no we're

1291

01:05:11,850 --> 01:05:10,330

talking my sleep I'll talk you know

1292

01:05:29,790 --> 01:05:11,860

under the influence of novocaine or

1293

01:05:33,000 --> 01:05:29,800

anything or nitrous oxide as well they

1294

01:05:35,610 --> 01:05:33,010

were yeah apparently they were they did

1295

01:05:45,140 --> 01:05:35,620

were put under test where they were

1296

01:05:47,940 --> 01:05:45,150

given always it and classic Nazi say

1297

01:05:50,280 --> 01:05:47,950

we've got ways to make you talk and a

1298

01:06:01,560 --> 01:05:50,290

table surgeon has ways to make me talk

1299

01:06:10,470 --> 01:06:01,570

cut some have gone through lied to pass

1300

01:06:13,460 --> 01:06:10,480

a lie-detector test drinking Dave the

1301

01:06:17,790 --> 01:06:13,470

sounds of it I'm drinking water

1302

01:06:19,320 --> 01:06:17,800

sweetheart there was a backup for

1303

01:06:22,590 --> 01:06:19,330

following question to my whole thing

1304

01:06:24,720 --> 01:06:22,600

about the nuclear stuff it does seem to

1305

01:06:26,589 --> 01:06:24,730

be there a strong correlation between

1306

01:06:29,829 --> 01:06:26,599

UFO sightings and

1307

01:06:32,049 --> 01:06:29,839

nucleus nuclear bases and nuclear places

1308

01:06:33,460 --> 01:06:32,059

if you like yeah well you guys think

1309

01:06:35,710 --> 01:06:33,470

about that I mean are we looking at a

1310

01:06:38,650 --> 01:06:35,720

connection here though that was possibly

1311

01:06:41,109 --> 01:06:38,660

while these things were there it seems

1312

01:06:43,359 --> 01:06:41,119

to be a magnetic attraction between you

1313

01:06:49,390 --> 01:06:43,369

know those two situations the basis of

1314

01:06:51,519 --> 01:06:49,400

any sort and UFOs even the high strength

1315

01:06:53,769 --> 01:06:51,529

just spouses you want to be going around

1316

01:06:56,109 --> 01:06:53,779

you know the different bases and be

1317

01:06:58,660 --> 01:06:56,119

snooping around said hey what did they

1318

01:07:00,640 --> 01:06:58,670

have that we don't have maybe even the

1319

01:07:02,259 --> 01:07:00,650

classic high strangeness areas where all

1320

01:07:04,509 --> 01:07:02,269

these things that's go on there always

1321

01:07:07,779 --> 01:07:04,519

seems to be some kind of a military base

1322

01:07:10,660 --> 01:07:07,789

in close proximity so what came first

1323

01:07:13,200 --> 01:07:10,670

that the military presence creates some

1324

01:07:15,279 --> 01:07:13,210

kind of a phenomena or do they

1325

01:07:17,319 --> 01:07:15,289

automatically station them there when

1326

01:07:23,319 --> 01:07:17,329

they're aware that there's these these

1327

01:07:25,450 --> 01:07:23,329

levels of high strangeness going on yeah

1328

01:07:28,660 --> 01:07:25,460

well one of these days we're trying to

1329

01:07:32,109 --> 01:07:28,670

get a alien being on the show I'd say

1330

01:07:35,279 --> 01:07:32,119

look we've been debating this for years

1331

01:07:38,349 --> 01:07:35,289

now what's what gets what's the story

1332

01:07:44,279 --> 01:07:38,359

they're not just maybe you already have

1333

01:07:55,150 --> 01:07:53,259

that's illegal aliens well I ever went

1334

01:07:59,950 --> 01:07:55,160

on that night we're all in agreement

1335

01:08:01,539 --> 01:07:59,960

there's something happened something you

1336

01:08:05,019 --> 01:08:01,549

can say with a degree of certainty that

1337

01:08:07,209 --> 01:08:05,029

something happened not just lighthouses

1338

01:08:08,829 --> 01:08:07,219

or people on drugs and drunk if

1339

01:08:10,959 --> 01:08:08,839

something was physically in those woods

1340

01:08:12,910 --> 01:08:10,969

but whatever it was will remain a

1341

01:08:15,940 --> 01:08:12,920

mystery one of the things that often I

1342

01:08:19,059 --> 01:08:15,950

find interesting is happily has this

1343

01:08:21,640 --> 01:08:19,069

particular sighting or any major site is

1344

01:08:23,200 --> 01:08:21,650

been linked to each other I mean it's

1345

01:08:24,789 --> 01:08:23,210

all three sides are out there are we

1346

01:08:26,919 --> 01:08:24,799

always talking about different aliens

1347

01:08:28,599 --> 01:08:26,929

from different places on all these

1348

01:08:31,599 --> 01:08:28,609

different occasions or either the same

1349

01:08:35,649 --> 01:08:31,609

guys turning up time and again well

1350

01:08:39,010 --> 01:08:35,659

that's from the future don't-don't-don't

1351

01:08:39,459 --> 01:08:39,020

I think if you did a plot like you know

1352

01:08:41,919 --> 01:08:39,469

that's

1353

01:08:44,559 --> 01:08:41,929

50,000 foot view of a plot where these

1354

01:08:48,099 --> 01:08:44,569

instances happen and then you you draw

1355

01:08:51,669 --> 01:08:48,109

these these lines from incident location

1356

01:08:55,059 --> 01:08:51,679

to instant location it it plots out some

1357

01:08:58,539 --> 01:08:55,069

kind of geometric pattern and things

1358

01:09:02,019 --> 01:08:58,549

like that where it its lead we entertain

1359

01:09:05,349 --> 01:09:02,029

the idea that there is a a distinct

1360

01:09:11,169 --> 01:09:05,359

relationship between these events or

1361

01:09:16,870 --> 01:09:11,179

these geological artifacts or these

1362

01:09:18,219 --> 01:09:16,880

hotspot radiation locations and in that

1363

01:09:19,390 --> 01:09:18,229

in they're measuring from they're

1364

01:09:21,099 --> 01:09:19,400

plotting it out from point to point

1365

01:09:25,589 --> 01:09:21,109

around the globe and said look at this

1366

01:09:28,169 --> 01:09:25,599

it's like it's it represents a perfect

1367

01:09:33,399 --> 01:09:28,179

diamond shape or whatever it might be

1368

01:09:36,489 --> 01:09:33,409

and all with just random sites I know

1369

01:09:38,549 --> 01:09:36,499

that they are obviously specific well is

1370

01:09:40,989 --> 01:09:38,559

interesting about the the way that the

1371

01:09:43,149 --> 01:09:40,999

humanoids are the occupants or whatever

1372

01:09:44,979 --> 01:09:43,159

look because we taught today all the

1373

01:09:46,899 --> 01:09:44,989

time about the greys you know and how

1374

01:09:48,759 --> 01:09:46,909

predominant they are well they didn't

1375

01:09:53,379 --> 01:09:48,769

really show up and mass until about the

1376

01:09:56,620 --> 01:09:53,389

1980s if you go back to the late 40s 50

1377

01:09:58,330 --> 01:09:56,630

60 70 s the humouring encounters were

1378

01:10:00,640 --> 01:09:58,340

very different it was very very

1379

01:10:02,109 --> 01:10:00,650

difficult to find a gray and any of that

1380

01:10:08,439 --> 01:10:02,119

although they didn't show up once in a

1381

01:10:10,060 --> 01:10:08,449

while we had an incredible variety I do

1382

01:10:12,219 --> 01:10:10,070

remember reading someone I could be

1383

01:10:14,049 --> 01:10:12,229

wrong on this that the first time the

1384

01:10:16,689 --> 01:10:14,059

aliens are described as degrades as we

1385

01:10:17,949 --> 01:10:16,699

now see them was which Treves communion

1386

01:10:19,629 --> 01:10:17,959

book that was the first time we were

1387

01:10:22,000 --> 01:10:19,639

given that description and it seems have

1388

01:10:24,159 --> 01:10:22,010

expanded out from that point yes

1389

01:10:26,169 --> 01:10:24,169

although you can you could probably find

1390

01:10:27,759 --> 01:10:26,179

a few that that's Betty and Barney Hill

1391

01:10:29,020 --> 01:10:27,769

aliens really weren't courageous they

1392

01:10:31,689 --> 01:10:29,030

were something a little bit different

1393

01:10:33,729 --> 01:10:31,699

it's almost like the if you were to draw

1394

01:10:36,640 --> 01:10:33,739

a caricature or up the Betty and Barney

1395

01:10:38,379 --> 01:10:36,650

Hill aliens were to create an Android it

1396

01:10:39,489 --> 01:10:38,389

would look something like a gray but yes

1397

01:10:41,830 --> 01:10:39,499

you're right that's kind of when it

1398

01:10:43,750 --> 01:10:41,840

really first came in or at least came

1399

01:10:46,540 --> 01:10:43,760

into the public consciousness but if you

1400

01:10:49,129 --> 01:10:46,550

go back to oh heck David Webb wrote a

1401

01:10:52,250 --> 01:10:49,139

book called 1973 you're the human

1402

01:10:54,530 --> 01:10:52,260

you have this great wave of landings and

1403

01:10:56,899 --> 01:10:54,540

humanoid encounters in North America and

1404

01:10:58,729 --> 01:10:56,909

you can't find a gray in any of those

1405

01:11:01,609 --> 01:10:58,739

you find the number the Pascagoula

1406

01:11:05,359 --> 01:11:01,619

aliens are kind of like silver androids

1407

01:11:07,189 --> 01:11:05,369

and so forth and that you know the a lot

1408

01:11:09,290 --> 01:11:07,199

of little men in silver suits and so

1409

01:11:12,080 --> 01:11:09,300

forth but they really didn't look like

1410

01:11:13,939 --> 01:11:12,090

greys so much and you even had the sort

1411

01:11:15,560 --> 01:11:13,949

of the Nordic types and I'm not

1412

01:11:17,120 --> 01:11:15,570

necessarily talking about the contact

1413

01:11:19,280 --> 01:11:17,130

he's either which were got pretty

1414

01:11:21,709 --> 01:11:19,290

fanciful but it's interesting because

1415

01:11:22,810 --> 01:11:21,719

some people like John keel the author of

1416

01:11:25,040 --> 01:11:22,820

the Mothman Prophecies

1417

01:11:27,680 --> 01:11:25,050

suspected that something else might be

1418

01:11:30,470 --> 01:11:27,690

going on and that there might be a bit

1419

01:11:33,109 --> 01:11:30,480

of a deception or facade and that you

1420

01:11:35,570 --> 01:11:33,119

know the the appearance of the so-called

1421

01:11:37,879 --> 01:11:35,580

aliens and sometimes even the craft

1422

01:11:40,700 --> 01:11:37,889

because they're all different to when

1423

01:11:44,300 --> 01:11:40,710

you get down to the detail that it might

1424

01:11:46,399 --> 01:11:44,310

be more of a projection or deception to

1425

01:11:49,430 --> 01:11:46,409

some degree and we're not actually

1426

01:11:50,660 --> 01:11:49,440

seeing what's going on actually I tell

1427

01:11:52,250 --> 01:11:50,670

you a little story what John killed the

1428

01:11:54,169 --> 01:11:52,260

Sun and solar cells but it's downright

1429

01:11:54,830 --> 01:11:54,179

crazy but I do think there's something

1430

01:11:56,689 --> 01:11:54,840

to that

1431

01:11:57,740 --> 01:11:56,699

I've always been dependent on personal

1432

01:12:00,320 --> 01:11:57,750

stuff it always know the opinion of

1433

01:12:02,540 --> 01:12:00,330

these things appear as we want them to

1434

01:12:04,399 --> 01:12:02,550

appear they don't know another identity

1435

01:12:06,830 --> 01:12:04,409

themselves but they adhere to what we

1436

01:12:08,240 --> 01:12:06,840

want to see well then again taught

1437

01:12:10,550 --> 01:12:08,250

myself I've done in the past I written a

1438

01:12:12,560 --> 01:12:10,560

book this is a collection of witchcraft

1439

01:12:14,479 --> 01:12:12,570

magic actual real spells from the

1440

01:12:16,520 --> 01:12:14,489

eighteen hundred's from the UK it was

1441

01:12:18,080 --> 01:12:16,530

published last year and I was going for

1442

01:12:20,390 --> 01:12:18,090

a lot of old folklore books from the

1443

01:12:22,280 --> 01:12:20,400

1800's and early 1900s

1444

01:12:23,810 --> 01:12:22,290

looking for the tales of witchcraft

1445

01:12:26,300 --> 01:12:23,820

obviously but also I came across all

1446

01:12:28,490 --> 01:12:26,310

sorts of stories of things like elves

1447

01:12:30,350 --> 01:12:28,500

and Pixies and strange creatures in the

1448

01:12:32,810 --> 01:12:30,360

woods and that kind of thing that to

1449

01:12:35,540 --> 01:12:32,820

sort of Victorian eyes fit in the

1450

01:12:37,820 --> 01:12:35,550

description of of say an elf or a PC or

1451

01:12:39,229 --> 01:12:37,830

all those kinds of things but we would

1452

01:12:41,030 --> 01:12:39,239

probably see more than there looking

1453

01:12:42,109 --> 01:12:41,040

like aliens again some described as

1454

01:12:44,120 --> 01:12:42,119

being small fears

1455

01:12:45,680 --> 01:12:44,130

tall willowy figures these were other

1456

01:12:48,109 --> 01:12:45,690

whips kind of things seen in the woods

1457

01:12:51,109 --> 01:12:48,119

and forests around the UK how they were

1458

01:12:53,300 --> 01:12:51,119

being described fitted you know their

1459

01:12:54,919 --> 01:12:53,310

minds of how they saw these things but

1460

01:12:56,810 --> 01:12:54,929

they're probably if we were seeing them

1461

01:12:58,580 --> 01:12:56,820

now we'd probably go towards the more

1462

01:12:59,299 --> 01:12:58,590

than idea of sort of aliens from other

1463

01:13:01,399 --> 01:12:59,309

reality

1464

01:13:03,560 --> 01:13:01,409

as how we'd see them so I've definitely

1465

01:13:05,569 --> 01:13:03,570

think we are looking at things that

1466

01:13:07,459 --> 01:13:05,579

present themselves either deliberately

1467

01:13:09,350 --> 01:13:07,469

or because it's how our minds work

1468

01:13:11,060 --> 01:13:09,360

differently depending on who you are on

1469

01:13:13,640 --> 01:13:11,070

your belief system your mindset and what

1470

01:13:16,430 --> 01:13:13,650

you see but everyone is saying the vast

1471

01:13:17,810 --> 01:13:16,440

variety of alien space prophets but

1472

01:13:19,760 --> 01:13:17,820

you've been seen the different shapes

1473

01:13:22,430 --> 01:13:19,770

and forms and sizes and colors each

1474

01:13:25,160 --> 01:13:22,440

section means weird me it's all visited

1475

01:13:27,649 --> 01:13:25,170

by thousands of different races all the

1476

01:13:30,049 --> 01:13:27,659

same time more or less or it is the same

1477

01:13:32,629 --> 01:13:30,059

one thing that just appears differently

1478

01:13:34,549 --> 01:13:32,639

depending on who the observer is well

1479

01:13:36,950 --> 01:13:34,559

that's that's right and Sir Arthur Conan

1480

01:13:38,839 --> 01:13:36,960

Doyle of course we know is the author of

1481

01:13:41,000 --> 01:13:38,849

Sherlock Holmes was one of the original

1482

01:13:43,220 --> 01:13:41,010

paranormal investigators he wrote a book

1483

01:13:45,410 --> 01:13:43,230

called the world of the fairies and then

1484

01:13:47,569 --> 01:13:45,420

there he says and he firmly believed in

1485

01:13:49,220 --> 01:13:47,579

the experiences that people were seeing

1486

01:13:52,490 --> 01:13:49,230

the fairies and the little people and so

1487

01:13:56,330 --> 01:13:52,500

forth but he said that the appearance of

1488

01:13:58,939 --> 01:13:56,340

the fairies were largely dependent on

1489

01:14:01,330 --> 01:13:58,949

the person viewing them it sounded just

1490

01:14:04,669 --> 01:14:01,340

like John keel from a hundred years ago

1491

01:14:06,319 --> 01:14:04,679

exactly definitely things uh and if you

1492

01:14:08,930 --> 01:14:06,329

also brought up the you know Jacques

1493

01:14:11,959 --> 01:14:08,940

Vallee of course talked about in

1494

01:14:13,939 --> 01:14:11,969

passport to Magana you go back to you

1495

01:14:16,040 --> 01:14:13,949

know which is well actually the fairies

1496

01:14:17,839 --> 01:14:16,050

you know if you if you took some of the

1497

01:14:19,100 --> 01:14:17,849

descriptions of the fairies took away

1498

01:14:20,930 --> 01:14:19,110

that little we're in half and put them

1499

01:14:23,689 --> 01:14:20,940

on a solar suit on them they would look

1500

01:14:25,520 --> 01:14:23,699

identical to some of the UFO felons but

1501

01:14:28,100 --> 01:14:25,530

they would dance around the fairy rings

1502

01:14:30,319 --> 01:14:28,110

and then you know you get into the 1960s

1503

01:14:32,930 --> 01:14:30,329

you had something we call saucer nests

1504

01:14:35,149 --> 01:14:32,940

and now we get the crop circles which a

1505

01:14:38,029 --> 01:14:35,159

lot of those who have ensuring human

1506

01:14:41,359 --> 01:14:38,039

done by humans but you have this in

1507

01:14:42,919 --> 01:14:41,369

course the missing time missing time we

1508

01:14:44,990 --> 01:14:42,929

know all about those with Close

1509

01:14:47,600 --> 01:14:45,000

Encounters but the same thing happened

1510

01:14:49,609 --> 01:14:47,610

with encounters with the fairies or the

1511

01:14:51,950 --> 01:14:49,619

little people lonely instead of having

1512

01:14:54,020 --> 01:14:51,960

that unscheduled medical exam you know

1513

01:14:55,729 --> 01:14:54,030

they would be whisked away to the

1514

01:14:59,060 --> 01:14:55,739

underground Kingdom or inside a mountain

1515

01:15:01,220 --> 01:14:59,070

or something like so there's very good

1516

01:15:03,379 --> 01:15:01,230

point it's a very very fast any

1517

01:15:04,970 --> 01:15:03,389

connections there as I come across a few

1518

01:15:06,529 --> 01:15:04,980

first-hand reports of those kind of

1519

01:15:08,419 --> 01:15:06,539

experiences have been taken into some

1520

01:15:10,399 --> 01:15:08,429

underworld and strange catheters that

1521

01:15:12,109 --> 01:15:10,409

were up here and underneath what parts

1522

01:15:12,830 --> 01:15:12,119

the UK that just couldn't be such places

1523

01:15:14,960 --> 01:15:12,840

and yet these people

1524

01:15:16,790 --> 01:15:14,970

describe being quite detailed what they

1525

01:15:18,830 --> 01:15:16,800

were see but again we start to kind of

1526

01:15:21,320 --> 01:15:18,840

mix it other experiences or no I

1527

01:15:22,730 --> 01:15:21,330

mentioned before my professor means of

1528

01:15:25,310 --> 01:15:22,740

what if people have had things like what

1529

01:15:27,230 --> 01:15:25,320

we call the old hag experience or oh yes

1530

01:15:30,020 --> 01:15:27,240

pineco he dreaming and sleep paralysis

1531

01:15:32,600 --> 01:15:30,030

and what they described certainly fits

1532

01:15:35,180 --> 01:15:32,610

in with the classic card abduction probe

1533

01:15:37,430 --> 01:15:35,190

but the you know what it fits into their

1534

01:15:39,260 --> 01:15:37,440

experiences because it's how the mind

1535

01:15:40,910 --> 01:15:39,270

works when we experience in these clip

1536

01:15:42,590 --> 01:15:40,920

for Alice's you to feel they've trapped

1537

01:15:44,720 --> 01:15:42,600

you start to panic and you see all sorts

1538

01:15:46,580 --> 01:15:44,730

of strange things but other people who

1539

01:15:48,470 --> 01:15:46,590

have no interest in ghosts or UFOs or

1540

01:15:50,630 --> 01:15:48,480

anything you've had this experience and

1541

01:15:52,430 --> 01:15:50,640

they what they describe is as it happens

1542

01:15:53,660 --> 01:15:52,440

how they're feeling it but even some of

1543

01:15:55,280 --> 01:15:53,670

them have said that they don't believe

1544

01:15:56,960 --> 01:15:55,290

and go to UFOs or anything but they've

1545

01:15:58,100 --> 01:15:56,970

have this feeling of strange presences

1546

01:15:59,840 --> 01:15:58,110

in the room and they've having these

1547

01:16:01,880 --> 01:15:59,850

experiences it seems to be talking about

1548

01:16:04,250 --> 01:16:01,890

how our minds perceive the things around

1549

01:16:05,840 --> 01:16:04,260

us and so if you're in a kind of strange

1550

01:16:07,790 --> 01:16:05,850

altered state because you're having an

1551

01:16:09,560 --> 01:16:07,800

odd experience you see things more

1552

01:16:11,600 --> 01:16:09,570

almost like the more real as if they're

1553

01:16:13,100 --> 01:16:11,610

actually there in front of you and maybe

1554

01:16:18,650 --> 01:16:13,110

that's the kind of thing these people

1555

01:16:20,150 --> 01:16:18,660

are experiencing pareidolia your brains

1556

01:16:21,740 --> 01:16:20,160

trying to make sense of what is

1557

01:16:24,230 --> 01:16:21,750

experiencing then can come up with

1558

01:16:25,880 --> 01:16:24,240

completely wrong answer because you guys

1559

01:16:27,710 --> 01:16:25,890

know our minds are kind of almost

1560

01:16:29,510 --> 01:16:27,720

programmed if you like to see faces in

1561

01:16:31,220 --> 01:16:29,520

random shapes that just aren't there but

1562

01:16:32,990 --> 01:16:31,230

yeah rich yourself you're seeing a face

1563

01:16:34,700 --> 01:16:33,000

similarly because you're having an

1564

01:16:36,170 --> 01:16:34,710

experience where you can't move and it

1565

01:16:38,090 --> 01:16:36,180

feels like your body's put on strangely

1566

01:16:39,530 --> 01:16:38,100

heavy the idea that you then think was

1567

01:16:41,030 --> 01:16:39,540

something sitting on me and attacking me

1568

01:16:41,960 --> 01:16:41,040

in common sense because that's what

1569

01:16:43,940 --> 01:16:41,970

you're experiencing

1570

01:16:48,250 --> 01:16:43,950

but it's your mind trying to interpret

1571

01:16:50,990 --> 01:16:48,260

anomalous inputs you're experiencing a

1572

01:16:53,060 --> 01:16:51,000

list of questions he he found that

1573

01:16:54,350 --> 01:16:53,070

people that would have encounters he

1574

01:16:56,450 --> 01:16:54,360

discovered this back in the late 60s

1575

01:17:00,020 --> 01:16:56,460

when he was investigating the Mothman

1576

01:17:01,760 --> 01:17:00,030

stuff that people he would ask a lot of

1577

01:17:03,830 --> 01:17:01,770

questions he found that people would

1578

01:17:04,580 --> 01:17:03,840

experience strange electronic phenomena

1579

01:17:07,160 --> 01:17:04,590

in their house

1580

01:17:09,500 --> 01:17:07,170

poltergeist phenomena and sometimes they

1581

01:17:13,850 --> 01:17:09,510

were also prone to may have seen some

1582

01:17:15,950 --> 01:17:13,860

kind of a strange creature so it was you

1583

01:17:18,770 --> 01:17:15,960

know he wouldn't just ask about the what

1584

01:17:21,050 --> 01:17:18,780

you know the contact there was all kinds

1585

01:17:22,610 --> 01:17:21,060

of other things going on rosemary ellen

1586

01:17:25,880 --> 01:17:22,620

guiley who you may be familiar with

1587

01:17:26,720 --> 01:17:25,890

great researcher in the u.s. she she was

1588

01:17:29,480 --> 01:17:26,730

doing in just

1589

01:17:31,790 --> 01:17:29,490

into shadow people in people having

1590

01:17:34,100 --> 01:17:31,800

those experiences she found out that a

1591

01:17:36,800 --> 01:17:34,110

significant percentage of those people

1592

01:17:39,920 --> 01:17:36,810

were also experiencing classic alien

1593

01:17:41,810 --> 01:17:39,930

so-called alien abduction phenomena and

1594

01:17:45,500 --> 01:17:41,820

I found the same thing with a lady out

1595

01:17:47,150 --> 01:17:45,510

in New Hampshire and we've talked about

1596

01:17:49,010 --> 01:17:47,160

this often you know people that

1597

01:17:50,540 --> 01:17:49,020

experienced hauntings and things like

1598

01:17:53,690 --> 01:17:50,550

that if you really go into it there's

1599

01:17:56,500 --> 01:17:53,700

UFO connections to that as well yes

1600

01:18:00,950 --> 01:17:56,510

absolutely

1601
01:18:03,920 --> 01:18:00,960
New Hampshire well she I you know I came

1602
01:18:06,290 --> 01:18:03,930
armed with if I had asked her if I had

1603
01:18:07,670 --> 01:18:06,300
interviewed her back in the 60s back

1604
01:18:09,230 --> 01:18:07,680
when I you know thought we were just

1605
01:18:10,910 --> 01:18:09,240
dealing with aliens from Alpha Centauri

1606
01:18:12,320 --> 01:18:10,920
or whatever I wouldn't have known they'd

1607
01:18:14,540 --> 01:18:12,330
know there's questions to ask her but

1608
01:18:16,780 --> 01:18:14,550
she had a she and her husband were

1609
01:18:19,970 --> 01:18:16,790
standing out of the porch they saw a

1610
01:18:22,520 --> 01:18:19,980
they saw light strange lights coming

1611
01:18:24,260 --> 01:18:22,530
over and all of a sudden they're missing

1612
01:18:25,670 --> 01:18:24,270
a half-hour time and they're not

1613
01:18:27,500 --> 01:18:25,680

standing next to each other on the porch

1614

01:18:30,260 --> 01:18:27,510

they see one of these like large giant

1615

01:18:32,480 --> 01:18:30,270

black triangles come over so low it's

1616

01:18:34,430 --> 01:18:32,490

touching the tops of the trees and then

1617

01:18:36,080 --> 01:18:34,440

she's not able to be regressed right

1618

01:18:38,000 --> 01:18:36,090

away they can't get through but I

1619

01:18:40,190 --> 01:18:38,010

started asking her questions she had

1620

01:18:42,440 --> 01:18:40,200

experienced shadow people both her sons

1621

01:18:44,540 --> 01:18:42,450

were experiencing strange or phenomena

1622

01:18:45,980 --> 01:18:44,550

in and out of the house and then I asked

1623

01:18:47,360 --> 01:18:45,990

her I said look I know this is gonna be

1624

01:18:49,580 --> 01:18:47,370

a strange question but have you ever

1625

01:18:52,190 --> 01:18:49,590

seen anything like a Bigfoot or some

1626
01:18:55,040 --> 01:18:52,200
kind of a undocumented creature and she

1627
01:18:57,530 --> 01:18:55,050
said well no and then she said oh wait a

1628
01:19:00,020 --> 01:18:57,540
minute my mother-in-law and sister law

1629
01:19:02,420 --> 01:19:00,030
in that same general area they saw eight

1630
01:19:05,000 --> 01:19:02,430
but looked like a panther standing on

1631
01:19:06,980 --> 01:19:05,010
two legs standing by a tree you never

1632
01:19:08,480 --> 01:19:06,990
would have saw them and took off so

1633
01:19:10,100 --> 01:19:08,490
might never would have never I mean

1634
01:19:11,810 --> 01:19:10,110
they're incredible lady and I would have

1635
01:19:13,730 --> 01:19:11,820
never have known to ask these kind of

1636
01:19:16,700 --> 01:19:13,740
questions if others had laid the

1637
01:19:18,350 --> 01:19:16,710
groundwork like John keel client

1638
01:19:20,390 --> 01:19:18,360

experiences may have been suspect or

1639

01:19:22,400 --> 01:19:20,400

initial first it was saying that there's

1640

01:19:23,690 --> 01:19:22,410

a history of the strange phenomena in

1641

01:19:25,490 --> 01:19:23,700

that would include and things like that

1642

01:19:27,890 --> 01:19:25,500

you know strange creatures been seen

1643

01:19:32,930 --> 01:19:27,900

walking around the wood two dimensional

1644

01:19:34,820 --> 01:19:32,940

forms two dimensional forms the fingers

1645

01:19:36,800 --> 01:19:34,830

walking sideways side on perfectly

1646

01:19:37,919 --> 01:19:36,810

fly-in turned 90 degrees and they are

1647

01:19:39,990 --> 01:19:37,929

gone

1648

01:19:42,209 --> 01:19:40,000

silhouettes turn back again and straight

1649

01:19:44,910 --> 01:19:42,219

like almost like a two-dimensional

1650

01:19:49,459 --> 01:19:44,920

physical being man's wealth in cisco

1651

01:19:54,390 --> 01:19:51,870

now that is fascinating ever there any

1652

01:19:56,160 --> 01:19:54,400

any books or studies done on that

1653

01:19:57,959 --> 01:19:56,170

particular aspect in Rendlesham because

1654

01:19:59,760 --> 01:19:57,969

i'd love to go into that well as I say

1655

01:20:00,930 --> 01:19:59,770

of this guy that one officer noticed

1656

01:20:02,430 --> 01:20:00,940

woman named puppy goes far I'm

1657

01:20:03,600 --> 01:20:02,440

understanding working on a book and

1658

01:20:06,660 --> 01:20:03,610

that's what the reason one scheme is

1659

01:20:08,669 --> 01:20:06,670

okay excellent the phenomena he

1660

01:20:11,010 --> 01:20:08,679

described as a amazing you know that

1661

01:20:12,840 --> 01:20:11,020

he's collated from people's experiences

1662

01:20:15,479 --> 01:20:12,850

say he's a local and he visits the woods

1663

01:20:17,610 --> 01:20:15,489

regularly and almost like the UFO is

1664

01:20:18,870 --> 01:20:17,620

well it's kind of yeah that's part of

1665

01:20:20,760 --> 01:20:18,880

the strange floor of this wall is no

1666

01:20:24,510 --> 01:20:20,770

isolated on his own this is one of the

1667

01:20:26,700 --> 01:20:24,520

strange phenomena that occurs here does

1668

01:20:28,560 --> 01:20:26,710

that led us to think that maybe you know

1669

01:20:30,090 --> 01:20:28,570

I mean I'm kind of influenced by Joe

1670

01:20:32,490 --> 01:20:30,100

mcmoneagle is remote viewing that it

1671

01:20:34,649 --> 01:20:32,500

might be something terrestrial but with

1672

01:20:36,330 --> 01:20:34,659

all this other weird stuff going on it

1673

01:20:40,350 --> 01:20:36,340

kind of leads one to believe it's just

1674

01:20:42,570 --> 01:20:40,360

part of the morass of paranormal

1675

01:20:45,510 --> 01:20:42,580

activity too perhaps it isn't you know

1676

01:20:47,729 --> 01:20:45,520

something conventional at all well you'd

1677

01:20:50,220 --> 01:20:47,739

be that it's still earthbound but it's

1678

01:20:52,050 --> 01:20:50,230

from if you like alternate realities

1679

01:20:54,090 --> 01:20:52,060

that are around well sure rather let's

1680

01:20:55,770 --> 01:20:54,100

go find alien outerspace I mean that's

1681

01:20:57,689 --> 01:20:55,780

I'll be honest you've got I'm not a big

1682

01:20:58,020 --> 01:20:57,699

believer in not so much UFO time on the

1683

01:21:00,540 --> 01:20:58,030

planet

1684

01:21:02,100 --> 01:21:00,550

I do think these phenomena earthbound

1685

01:21:04,110 --> 01:21:02,110

but there are other reality bound if you

1686

01:21:05,790 --> 01:21:04,120

like over what's people sometimes see

1687

01:21:07,260 --> 01:21:05,800

that has been a more of extreme view and

1688

01:21:09,300 --> 01:21:07,270

I think more why it's just because we've

1689

01:21:10,830 --> 01:21:09,310

accept the idea that we've got spacious

1690

01:21:12,780 --> 01:21:10,840

and other planets coming to us but yeah

1691

01:21:14,250 --> 01:21:12,790

do you think it breaks the fundamental

1692

01:21:15,840 --> 01:21:14,260

laws of physics to begin with there's no

1693

01:21:17,610 --> 01:21:15,850

reason that these things could be

1694

01:21:18,899 --> 01:21:17,620

alternate realities crossing over is

1695

01:21:21,450 --> 01:21:18,909

there any more strange than an alien

1696

01:21:22,860 --> 01:21:21,460

spaceship you know I have again because

1697

01:21:25,410 --> 01:21:22,870

of these things have been reported for

1698

01:21:27,560 --> 01:21:25,420

centuries but not alien space you know

1699

01:21:30,000 --> 01:21:27,570

strange ever reported for centuries

1700

01:21:32,820 --> 01:21:30,010

we're very much on the same page that's

1701

01:21:35,700 --> 01:21:32,830

kind of right but although some of it is

1702

01:21:38,160 --> 01:21:35,710

very physical and there are some we're

1703

01:21:40,770 --> 01:21:38,170

probably are also dealing with some kind

1704

01:21:42,959 --> 01:21:40,780

of very physical alien entities in some

1705

01:21:46,020 --> 01:21:42,969

cases I mean there are some cases that

1706

01:21:50,090 --> 01:21:46,030

are just mind-boggling that don't seem

1707

01:21:51,980 --> 01:21:50,100

to necessarily be phantasms or

1708

01:21:53,420 --> 01:21:51,990

something that we are projecting y'all

1709

01:21:55,250 --> 01:21:53,430

know alchemist fully accept that is are

1710

01:21:57,920 --> 01:21:55,260

these things physically I've found a

1711

01:21:59,780 --> 01:21:57,930

method okay Eva delivery or accidentally

1712

01:22:01,490 --> 01:21:59,790

crossing over no doubt about that and

1713

01:22:03,800 --> 01:22:01,500

again we've talked a bit about time

1714

01:22:05,450 --> 01:22:03,810

changes as well I mean those kind of

1715

01:22:07,670 --> 01:22:05,460

experiences we are seeing things of the

1716

01:22:08,600 --> 01:22:07,680

past or potentially of the future if

1717

01:22:10,400 --> 01:22:08,610

your life it's somebody else who's

1718

01:22:11,810 --> 01:22:10,410

seeing it I think there's a real

1719

01:22:13,400 --> 01:22:11,820

validity to those as well I mean I've

1720

01:22:14,930 --> 01:22:13,410

just very briefly want to take a quick

1721

01:22:16,910 --> 01:22:14,940

story which I mentioned last time but

1722

01:22:18,830 --> 01:22:16,920

actually fascinates me a friend of mine

1723

01:22:21,140 --> 01:22:18,840

is a researcher was working in a library

1724

01:22:23,180 --> 01:22:21,150

in London you've been there sort of into

1725

01:22:24,890 --> 01:22:23,190

the early evening working on a book he

1726

01:22:26,300 --> 01:22:24,900

was working on at the time and he said

1727

01:22:27,950 --> 01:22:26,310

he was sitting at his desk in the

1728

01:22:29,780 --> 01:22:27,960

library there's no one else around the

1729

01:22:31,880 --> 01:22:29,790

meet vicinity or something a man in very

1730

01:22:34,040 --> 01:22:31,890

quite old fashioned almost like

1731

01:22:36,110 --> 01:22:34,050

Victorian style clothing just a came

1732

01:22:37,880 --> 01:22:36,120

around the corner looked at my friend in

1733

01:22:39,200 --> 01:22:37,890

complete shock and my friend looked at

1734

01:22:41,390 --> 01:22:39,210

him in complete shock because if each

1735

01:22:43,250 --> 01:22:41,400

one was some really surprised to see the

1736

01:22:44,810 --> 01:22:43,260

other person you see then walk past he

1737

01:22:47,450 --> 01:22:44,820

went past her at the bookcase and

1738

01:22:49,190 --> 01:22:47,460

disappeared and he said this garbage

1739

01:22:50,900 --> 01:22:49,200

does really anything he was there in

1740

01:22:52,730 --> 01:22:50,910

front of me solid and he saw me and I

1741

01:22:54,230 --> 01:22:52,740

saw him we were both surprised to how

1742

01:22:55,520 --> 01:22:54,240

obviously each one of us looked at he's

1743

01:22:56,810 --> 01:22:55,530

got quite a long hand he's a bloke with

1744

01:22:58,760 --> 01:22:56,820

the beard long it would look very

1745

01:23:01,010 --> 01:22:58,770

strange to this guy he said the guy was

1746

01:23:02,780 --> 01:23:01,020

in that Victorian style clothing and it

1747

01:23:05,060 --> 01:23:02,790

clearly see me I don't clearly see him

1748

01:23:06,680 --> 01:23:05,070

almost some kind of time sip going on

1749

01:23:08,780 --> 01:23:06,690

this so it's kind of phenomena I think

1750

01:23:10,580 --> 01:23:08,790

it's possible that sometimes these I saw

1751

01:23:12,440 --> 01:23:10,590

with my fingers being alien spacecraft

1752

01:23:13,880 --> 01:23:12,450

may well be from our own future and

1753

01:23:16,210 --> 01:23:13,890

they've sort of slipped back either

1754

01:23:18,680 --> 01:23:16,220

intentionally or unintentionally

1755

01:23:22,130 --> 01:23:18,690

in is one one mentioned you know there's

1756

01:23:25,250 --> 01:23:22,140

a lot of theories about the makeup of

1757

01:23:28,490 --> 01:23:25,260

the ground and OU quartz and granite and

1758

01:23:30,980 --> 01:23:28,500

so forth and there may be all kinds of

1759

01:23:35,810 --> 01:23:30,990

factors that we just don't see and that

1760

01:23:38,750 --> 01:23:35,820

are triggering or you know hope you're

1761

01:23:41,950 --> 01:23:38,760

helping to create the atmosphere where

1762

01:23:44,420 --> 01:23:41,960

these things get over so absolutely I

1763

01:23:45,950 --> 01:23:44,430

had a yeah an experience that you were

1764

01:23:47,750 --> 01:23:45,960

just talking about the nd where you know

1765

01:23:50,840 --> 01:23:47,760

someone suddenly appears and then they

1766

01:23:52,430 --> 01:23:50,850

disappear completely it's at the garage

1767

01:23:55,280 --> 01:23:52,440

the local restaurant the guy come over

1768

01:24:00,020 --> 01:23:55,290

took out remember and then we never saw

1769

01:24:00,030 --> 01:24:06,200

it happens what do you think especially

1770

01:24:10,740 --> 01:24:09,060

well I've had experiences like that as

1771

01:24:13,820 --> 01:24:10,750

well as where I've actually seen

1772

01:24:17,190 --> 01:24:13,830

something or bumped into something that

1773

01:24:21,420 --> 01:24:17,200

has been as shocked as all I have to say

1774

01:24:23,640 --> 01:24:21,430

that you don't it's not quite a lot in

1775

01:24:25,350 --> 01:24:23,650

fact I've mentioned it so many times on

1776

01:24:28,290 --> 01:24:25,360

this show I'm not gonna go and bore

1777

01:24:29,880 --> 01:24:28,300

everybody again but I mention in it I'm

1778

01:24:31,950 --> 01:24:29,890

back you've wanted to see something like

1779

01:24:33,930 --> 01:24:31,960

you wanted to be out there and in the

1780

01:24:36,050 --> 01:24:33,940

middle of the night searching the

1781

01:24:39,710 --> 01:24:36,060

heavens and then you don't see anything

1782

01:24:43,140 --> 01:24:39,720

are you going with this okay yeah I'm

1783

01:24:44,940 --> 01:24:43,150

someone who I've never seen anything I'm

1784

01:24:46,350 --> 01:24:44,950

always looking for something and that's

1785

01:24:48,540 --> 01:24:46,360

why I'm convinced it's nothing will ever

1786

01:24:52,650 --> 01:24:48,550

happen to me you know what I mean I mean

1787

01:24:54,360 --> 01:24:52,660

it's it's like people who go and while

1788

01:24:56,220 --> 01:24:54,370

looking for it but it doesn't seem like

1789

01:24:57,540 --> 01:24:56,230

they ever see it but you know when

1790

01:24:59,580 --> 01:24:57,550

strange things happen to people I think

1791

01:25:01,230 --> 01:24:59,590

that more times than not it's it's kind

1792

01:25:02,520 --> 01:25:01,240

of like a surprise you know it comes out

1793

01:25:05,850 --> 01:25:02,530

of the blue and it happens to people

1794

01:25:07,830 --> 01:25:05,860

that go yeah you have no interest in it

1795

01:25:09,750 --> 01:25:07,840

you know I mean I'll just say real quick

1796

01:25:11,760 --> 01:25:09,760

that it's the story of my wife before we

1797

01:25:14,490 --> 01:25:11,770

get married she is someone she barely

1798

01:25:16,770 --> 01:25:14,500

knew what UFOs were you know just didn't

1799

01:25:19,140 --> 01:25:16,780

interest her at all she was driving on

1800

01:25:21,870 --> 01:25:19,150

the Thruway one night and this thing

1801
01:25:25,740 --> 01:25:21,880
came right over right over a calm very

1802
01:25:27,930 --> 01:25:25,750
very bright light and she pulled over

1803
01:25:29,970 --> 01:25:27,940
and it stopped you know it's it's the

1804
01:25:32,670 --> 01:25:29,980
same old story here you know I'm driving

1805
01:25:34,890 --> 01:25:32,680
it follow me I fell over its it pulls

1806
01:25:37,230 --> 01:25:34,900
over it's not I Drive again it follows

1807
01:25:39,030 --> 01:25:37,240
me and you know all the things she kind

1808
01:25:40,650 --> 01:25:39,040
of hit a lot of the points that you hear

1809
01:25:42,900 --> 01:25:40,660
in light but said the typical UFO

1810
01:25:45,210 --> 01:25:42,910
sighting and there's no way in the world

1811
01:25:48,810 --> 01:25:45,220
that she you know she looks for them now

1812
01:25:49,460 --> 01:25:48,820
yeah you know before it didn't even

1813
01:25:52,700 --> 01:25:49,470

cross her a ton

1814

01:25:57,020 --> 01:25:54,709

that's not in the thing is the people

1815

01:25:58,850 --> 01:25:57,030

who don't really have an interest the

1816

01:26:00,530 --> 01:25:58,860

ones often of the more user experiences

1817

01:26:04,700 --> 01:26:00,540

of as much been years investigating

1818

01:26:06,770 --> 01:26:04,710

don't see a damn thing is I'm not Marcus

1819

01:26:10,010 --> 01:26:06,780

never seen anything you'd never believe

1820

01:26:14,110 --> 01:26:10,020

except they said [\h__\h] no tellin I for

1821

01:26:37,580 --> 01:26:14,120

the first time last year he was driving

1822

01:26:39,169 --> 01:26:37,590

shut up turkey stove in a six-pack last

1823

01:26:41,270 --> 01:26:39,179

year was driving along in New Jersey

1824

01:26:43,400 --> 01:26:41,280

with his wife and for the first time he

1825

01:26:44,060 --> 01:26:43,410

saw a string of lights going across the

1826

01:26:46,610 --> 01:26:44,070

sky

1827

01:26:48,260 --> 01:26:46,620

strange and he wasn't the only one

1828

01:26:50,510 --> 01:26:48,270

apparently there were other people that

1829

01:26:53,600 --> 01:26:50,520

in New Jersey that actually saw it but

1830

01:26:56,209 --> 01:26:53,610

he all his life he'd wanted to see a

1831

01:26:56,750 --> 01:26:56,219

ghost he wanted to see UFO never stole

1832

01:26:58,580 --> 01:26:56,760

nothing

1833

01:27:00,650 --> 01:26:58,590

I'm so not the same with me you know I'm

1834

01:27:02,780 --> 01:27:00,660

always looking but yeah just never seen

1835

01:27:04,160 --> 01:27:02,790

and for the closest I came was we were

1836

01:27:06,200 --> 01:27:04,170

down the beach once we lived near the

1837

01:27:08,180 --> 01:27:06,210

beach and we round the beach and we're

1838

01:27:09,770 --> 01:27:08,190

watching there was unusually high waves

1839

01:27:11,720 --> 01:27:09,780

okay we're actually down the reservation

1840

01:27:13,280 --> 01:27:11,730

for you guys you know local I know

1841

01:27:15,320 --> 01:27:13,290

exactly what that nice yeah we're out on

1842

01:27:16,760 --> 01:27:15,330

this kind of platform where you can kind

1843

01:27:19,100 --> 01:27:16,770

of look out over the marshes okay

1844

01:27:23,360 --> 01:27:19,110

towards Ipswich woods you know big neck

1845

01:27:26,060 --> 01:27:23,370

and low neck so where it's dusk and it's

1846

01:27:28,640 --> 01:27:26,070

fall and so it's dark and it's getting

1847

01:27:30,979 --> 01:27:28,650

dark let's say and we can see two sets

1848

01:27:31,220 --> 01:27:30,989

of very strange lights coming right at

1849

01:27:34,040 --> 01:27:31,230

us

1850

01:27:36,919 --> 01:27:34,050

blinking multi colored lights separated

1851

01:27:38,959 --> 01:27:36,929

by about 20 maybe about 50 feet okay and

1852

01:27:40,910 --> 01:27:38,969

here they come and they're right over

1853

01:27:43,430 --> 01:27:40,920

the mush they're not 50 feet above the

1854

01:27:44,870 --> 01:27:43,440

my food and and we could see them for

1855

01:27:48,140 --> 01:27:44,880

one time they coming right up and I said

1856

01:27:50,060 --> 01:27:48,150

to Lois Lane I said this is it you know

1857

01:27:54,130 --> 01:27:50,070

we're gonna see it and they were to

1858

01:27:57,710 --> 01:27:56,270

flying in perfect formation

1859

01:28:00,380 --> 01:27:57,720

right yeah they're going to the hospital

1860

01:28:02,840 --> 01:28:00,390

in town right here's a strange thing is

1861

01:28:04,880 --> 01:28:02,850

if they hadn't gone over right over us

1862

01:28:05,300 --> 01:28:04,890

or if you know we just slide them up in

1863

01:28:07,910 --> 01:28:05,310

the mind

1864

01:28:09,620 --> 01:28:07,920

I would better I'd say I give you \$1,000

1865

01:28:09,980 --> 01:28:09,630

that this is the UFO what else could it

1866

01:28:12,860 --> 01:28:09,990

be

1867

01:28:14,960 --> 01:28:12,870

you know well I didn't hear them coming

1868

01:28:17,090 --> 01:28:14,970

you know yet right a certain range right

1869

01:28:20,060 --> 01:28:17,100

yeah if you were out of out of the sound

1870

01:28:21,200 --> 01:28:20,070

range and it's just that flat open miles

1871

01:28:23,150 --> 01:28:21,210

and miles of mush

1872

01:28:25,340 --> 01:28:23,160

right any sorry you said what could that

1873

01:28:26,840 --> 01:28:25,350

possibly be you know and well it's a

1874

01:28:32,060 --> 01:28:26,850

medevac no time to you're just not close

1875

01:28:41,860 --> 01:28:32,070

enough to you know realize oh damn I was

1876

01:28:50,830 --> 01:28:45,330

that you're pissed

1877

01:28:53,570 --> 01:28:50,840

[Laughter]

1878

01:28:56,450 --> 01:28:53,580

well you know where I live here in the

1879

01:28:58,160 --> 01:28:56,460

Gwen Doris valleys you can't say that

1880

01:28:59,720 --> 01:28:58,170

when you're drunk earlier one day I

1881

01:29:03,590 --> 01:28:59,730

suppose right

1882

01:29:06,410 --> 01:29:03,600

is UFO a highway in fact you see so much

1883

01:29:09,320 --> 01:29:06,420

up there on a sky in the sky on a good

1884

01:29:11,870 --> 01:29:09,330

night or like nice clear night we take

1885

01:29:15,680 --> 01:29:11,880

no notice anymore it's true yeah it's

1886

01:29:19,700 --> 01:29:15,690

absolutely true I just noticed you think

1887

01:29:21,140 --> 01:29:19,710

about a UFO just roll over if you really

1888

01:29:23,960 --> 01:29:21,150

take a look and it's kind of funny

1889

01:29:27,440 --> 01:29:23,970

because we had a blackout down where we

1890

01:29:29,300 --> 01:29:27,450

were where we live it was during one of

1891

01:29:31,160 --> 01:29:29,310

the World Series game since it turned 7

1892

01:29:33,170 --> 01:29:31,170

2013 of all the times they don't

1893

01:29:34,610 --> 01:29:33,180

electrical blackout but anyway we went

1894

01:29:37,520 --> 01:29:34,620

out in that porch and there's no lights

1895

01:29:39,920 --> 01:29:37,530

on and you can see so many obviously

1896

01:29:41,690 --> 01:29:39,930

airplanes flying it's amazing how many

1897

01:29:43,790 --> 01:29:41,700

airplanes are flying at night I asked

1898

01:29:46,010 --> 01:29:43,800

Coco that's once Cobra and I said do

1899

01:29:47,690 --> 01:29:46,020

more planes fly at night he says more

1900

01:29:49,700 --> 01:29:47,700

cargo planes and stuff like that yeah

1901

01:29:51,470 --> 01:29:49,710

why at night you know and there's a good

1902

01:29:54,260 --> 01:29:51,480

chance you're gonna see them and but

1903

01:29:55,850 --> 01:29:54,270

they're all around you and so around

1904

01:29:57,740 --> 01:29:55,860

that porch we're watching these thing

1905

01:29:59,450 --> 01:29:57,750

and and this is the closest I've ever

1906

01:30:02,030 --> 01:29:59,460

come to seeing something and I don't

1907

01:30:04,450 --> 01:30:02,040

know what it was but these this light

1908

01:30:06,640 --> 01:30:04,460

goes over us okay maybe

1909

01:30:08,830 --> 01:30:06,650

miles away we see it go out over the

1910

01:30:10,540 --> 01:30:08,840

ocean and it did split into three and

1911

01:30:12,760 --> 01:30:10,550

just split into three separate lights in

1912

01:30:14,050 --> 01:30:12,770

there we go you know so you know but

1913

01:30:16,030 --> 01:30:14,060

then someone says well there's always

1914

01:30:17,830 --> 01:30:16,040

ladrones and we have seen drones at

1915

01:30:19,690 --> 01:30:17,840

night later on you know we have

1916

01:30:22,510 --> 01:30:19,700

definitely seen drones flying over the

1917

01:30:23,979 --> 01:30:22,520

base and yeah my team is you know so you

1918

01:30:26,560 --> 01:30:23,989

know I gotta say they were probably

1919

01:30:29,560 --> 01:30:26,570

drones but we lived near a lot of

1920

01:30:32,140 --> 01:30:29,570

airports right we're right on the flight

1921

01:30:34,720 --> 01:30:32,150

path flower Logan Airport and which is a

1922

01:30:36,580 --> 01:30:34,730

big Airport so you're gonna see lots of

1923

01:30:39,100 --> 01:30:36,590

stuff but you know once again there's a

1924

01:30:41,170 --> 01:30:39,110

small airport near where we live a very

1925

01:30:42,550 --> 01:30:41,180

very small airport that so many strange

1926

01:30:44,590 --> 01:30:42,560

things happen that we've pointed the

1927

01:30:46,810 --> 01:30:44,600

mystery Airport and I can see it from my

1928

01:30:48,520 --> 01:30:46,820

porch and you know they'll be you'll be

1929

01:30:52,180 --> 01:30:48,530

like 11 o'clock tonight and you'll see

1930

01:30:53,979 --> 01:30:52,190

two helicopters come fly over land stay

1931

01:30:55,750 --> 01:30:53,989

there for 10 minutes get up and fly and

1932

01:30:57,850 --> 01:30:55,760

then you know in the sticky little

1933

01:31:02,459 --> 01:30:57,860

airport a mistake and that you can't get

1934

01:31:07,780 --> 01:31:04,930

this is in Plum Island Massachusetts

1935

01:31:11,110 --> 01:31:07,790

it's about 40 miles north of Boston

1936

01:31:15,910 --> 01:31:11,120

right on the coast an investigation of a

1937

01:31:18,040 --> 01:31:15,920

remote view on a small private air air

1938

01:31:21,970 --> 01:31:18,050

filled out there because there's been

1939

01:31:24,070 --> 01:31:21,980

seen so much stuff going on well some

1940

01:31:26,580 --> 01:31:24,080

one thing all this say it's not the same

1941

01:31:29,110 --> 01:31:26,590

one obviously it's not the same one

1942

01:31:32,979 --> 01:31:29,120

there was a lot of odd stuff going on in

1943

01:31:35,560 --> 01:31:32,989

that one apparently but here I was out

1944

01:31:38,979 --> 01:31:35,570

in the garden one summer said sitting on

1945

01:31:43,630 --> 01:31:38,989

the garden with my friend pod and her

1946

01:31:47,640 --> 01:31:43,640

son and we were watching there was there

1947

01:31:52,000 --> 01:31:47,650

was a light just over top of the farmers

1948

01:31:54,820 --> 01:31:52,010

couch it's this big this light was up in

1949

01:31:57,700 --> 01:31:54,830

the sky and it was just still but going

1950

01:32:00,100 --> 01:31:57,710

round it like there was playing with but

1951

01:32:02,260 --> 01:32:00,110

it was three little lights starting

1952

01:32:04,090 --> 01:32:02,270

about all over the place right and then

1953

01:32:05,979 --> 01:32:04,100

all of a sudden they just kind of went

1954

01:32:08,530 --> 01:32:05,989

blended into this big lie

1955

01:32:09,010 --> 01:32:08,540

and the thing just shot right you hear

1956

01:32:14,590 --> 01:32:09,020

that a lot

1957

01:32:18,610 --> 01:32:14,600

falls you know releasing slop

1958

01:32:19,090 --> 01:32:18,620

we filmed it oh wow okay yeah it was on

1959

01:32:21,520 --> 01:32:19,100

an hour

1960

01:32:23,380 --> 01:32:21,530

Oh crusted it couldn't have been a drug

1961

01:32:27,970 --> 01:32:23,390

it couldn't be drones or anything it was

1962

01:32:31,260 --> 01:32:27,980

on an old Sony syllabus cyber whatever

1963

01:32:36,190 --> 01:32:32,440

stone-age

1964

01:32:37,510 --> 01:32:36,200
video it was and I ask you guys a

1965

01:32:39,880 --> 01:32:37,520
question I know we only have a few

1966

01:32:44,290 --> 01:32:39,890
moments left in it can I just ask you a

1967

01:32:51,100 --> 01:32:44,300
question after a minute Starling is that

1968

01:32:53,080 --> 01:32:51,110
metric or what do you know can you you

1969

01:32:54,550 --> 01:32:53,090
just in a thumbnail can you explain what

1970

01:32:57,210 --> 01:32:54,560
what do British people think of

1971

01:33:15,730 --> 01:32:57,220
Americans not us in particular but just

1972

01:33:28,180 --> 01:33:15,740
Americans what do you think of us how do

1973

01:33:31,540 --> 01:33:28,190
you laugh we love you come out and you

1974

01:33:33,010 --> 01:33:31,550
what are you saying I should come back

1975

01:33:36,040 --> 01:33:33,020
to New York for the third time this year

1976

01:33:38,920 --> 01:33:36,050

and those in settled so I do like

1977

01:33:40,330 --> 01:33:38,930

America sometimes you do drive me nuts

1978

01:33:43,990 --> 01:33:40,340

some of the theories that you guys

1979

01:33:45,610 --> 01:33:44,000

believe writing but how do we drive you

1980

01:34:09,190 --> 01:33:45,620

nuts we drive on the wrong side of the

1981

01:34:10,870 --> 01:34:09,200

road use funny we do love the Americas

1982

01:34:13,870 --> 01:34:10,880

and America is an absolutely beautiful

1983

01:34:15,670 --> 01:34:13,880

country I know because I've seen it

1984

01:34:21,100 --> 01:34:15,680

still no hard feelings from the

1985

01:34:26,459 --> 01:34:21,110

revolution you don't hold a grudge for

1986

01:34:32,169 --> 01:34:26,469

the revolution you know

1987

01:34:37,000 --> 01:34:32,179

let's face it not sure yeah chips you

1988

01:34:38,919 --> 01:34:37,010

had canoes we had we traveled 5,000

1989

01:34:40,750 --> 01:34:38,929

miles desert to get to you

1990

01:34:45,270 --> 01:34:40,760

yep you didn't have to travel anywhere

1991

01:34:53,470 --> 01:34:45,280

have you ever been over here marine no

1992

01:35:07,990 --> 01:34:53,480

wow talk about that yes and then we'll

1993

01:35:09,459 --> 01:35:08,000

set you up in a B&B right here ask you

1994

01:35:10,359 --> 01:35:09,469

guys the same question then what you

1995

01:35:13,089 --> 01:35:10,369

make it last look

1996

01:35:14,560 --> 01:35:13,099

I love the British I mean and I'll tell

1997

01:35:18,729 --> 01:35:14,570

you why because I watch British

1998

01:35:21,160 --> 01:35:18,739

television what may he's very much into

1999

01:35:23,830 --> 01:35:21,170

British culture and over here PBS is

2000

01:35:27,459 --> 01:35:23,840

awesome the reruns of Victoria can't

2001
01:35:29,800 --> 01:35:27,469
wait till the next season next Sunday I

2002
01:35:31,149 --> 01:35:29,810
grew up as a kid and I know it sounds

2003
01:35:33,160 --> 01:35:31,159
strange but I grew up as a kid with the

2004
01:35:35,290 --> 01:35:33,170
Beatles you know and the Beatles are a

2005
01:35:38,229 --> 01:35:35,300
huge part of my life as it is I know

2006
01:35:40,930 --> 01:35:38,239
absolutely you know in and that's why

2007
01:35:42,850 --> 01:35:40,940
you cannot you know have any dislikes to

2008
01:35:45,160 --> 01:35:42,860
the British because they've given you in

2009
01:35:47,229 --> 01:35:45,170
my opinion if you want this kind of

2010
01:35:48,790 --> 01:35:47,239
jewel yeah yeah and and not just the

2011
01:35:50,830 --> 01:35:48,800
Beatles but what happened because of

2012
01:35:52,419 --> 01:35:50,840
them you know because of them you have

2013
01:35:54,490 --> 01:35:52,429

the Rolling Stones you have queen you

2014

01:35:57,640 --> 01:35:54,500

have Eric Clapton you have cream you

2015

01:35:59,709 --> 01:35:57,650

know what I mean you have all these that

2016

01:36:01,120 --> 01:35:59,719

that if it wasn't for them they wouldn't

2017

01:36:03,910 --> 01:36:01,130

be out there and you have all these guys

2018

01:36:05,770 --> 01:36:03,920

who as kids picked up guitars and in

2019

01:36:08,379 --> 01:36:05,780

there like rock gods you know dude

2020

01:36:09,939 --> 01:36:08,389

that's they started all that they

2021

01:36:11,379 --> 01:36:09,949

started all that and it came from

2022

01:36:13,089 --> 01:36:11,389

England and the strange thing is is that

2023

01:36:15,399 --> 01:36:13,099

they're in love with American black

2024

01:36:18,700 --> 01:36:15,409

music and over here we had segregated

2025

01:36:22,379 --> 01:36:18,710

radio stations across and these guys and

2026

01:36:24,790 --> 01:36:22,389

they they they kind of you know

2027

01:36:26,229 --> 01:36:24,800

homogenized it but they distilled it and

2028

01:36:28,209 --> 01:36:26,239

then it came back to us and that's

2029

01:36:30,640 --> 01:36:28,219

that's a strange cultural thing you know

2030

01:36:31,780 --> 01:36:30,650

I want to first when they came to the

2031

01:36:33,820 --> 01:36:31,790

United States they want to go down the

2032

01:36:35,410 --> 01:36:33,830

Mississippi Delta for crime and they

2033

01:36:38,910 --> 01:36:35,420

want to visit

2034

01:36:40,170 --> 01:36:38,920

Chess Records in Muscle Shoals and stuff

2035

01:36:41,640 --> 01:36:40,180

you know all these things that we kind

2036

01:36:43,200 --> 01:36:41,650

of liked aphid Grantha we don't take for

2037

01:36:45,060 --> 01:36:43,210

granted we've heard if I'm in a second

2038

01:36:46,860 --> 01:36:45,070

but what big deal they knew about these

2039

01:36:48,840 --> 01:36:46,870

places yeah that's what's cool about

2040

01:36:50,340 --> 01:36:48,850

that whole British Invasion you know and

2041

01:36:52,350 --> 01:36:50,350

our lives wouldn't be the same without

2042

01:37:06,690 --> 01:36:52,360

it you know frankly I don't like the

2043

01:37:20,190 --> 01:37:06,700

food the food is terrible name me one

2044

01:37:21,810 --> 01:37:20,200

british restaurant ever eating out we

2045

01:37:28,560 --> 01:37:21,820

don't tend to have restaurants like that

2046

01:37:30,630 --> 01:37:28,570

we tend to have sort of like Harvester

2047

01:37:38,870 --> 01:37:30,640

we've got a Beefeater but they're all

2048

01:37:50,600 --> 01:37:41,430

doesn't really exist but we have you

2049

01:38:16,440 --> 01:37:59,010

Yorkshire pudding we don't eat Italian

2050

01:38:18,600 --> 01:38:16,450

restaurant Chinese back in 1973 I had a

2051
01:38:21,570 --> 01:38:18,610
chance to spend a couple months in the

2052
01:38:23,790 --> 01:38:21,580
British Isles I had a lot of second

2053
01:38:25,380 --> 01:38:23,800
cousins over there that really rolled

2054
01:38:25,950 --> 01:38:25,390
out the red carpet for me so it was a

2055
01:38:28,740 --> 01:38:25,960
blast

2056
01:38:31,590 --> 01:38:28,750
I got to see Stonehenge and Loch Ness

2057
01:38:33,870 --> 01:38:31,600
and so I had plenty of time again I got

2058
01:38:35,030 --> 01:38:33,880
back one more time in the Navy but only

2059
01:38:37,110 --> 01:38:35,040
for a few days

2060
01:38:39,300 --> 01:38:37,120
Portsmouth I was stationed on a

2061
01:38:43,290 --> 01:38:39,310
submarine and we pulled into Portsmouth

2062
01:38:45,960 --> 01:38:43,300
Naval Shipyard so but also British

2063
01:38:49,259 --> 01:38:45,970

murder mysteries are the best yeah oh

2064

01:38:52,739 --> 01:38:49,269

yeah yes right right in

2065

01:38:55,859 --> 01:38:52,749

and you can't be to Miss Marple I tell

2066

01:38:57,629 --> 01:38:55,869

you I'll get some murders now let these

2067

01:39:00,719 --> 01:38:57,639

guys talk but I got to say one of the

2068

01:39:03,089 --> 01:39:00,729

best things I've seen like on PBS and

2069

01:39:05,519 --> 01:39:03,099

really in Adana is the Sherlock Holmes

2070

01:39:07,319 --> 01:39:05,529

series I mean that is it's like close to

2071

01:39:11,189 --> 01:39:07,329

being brilliant that what they have done

2072

01:39:13,199 --> 01:39:11,199

with that series you know they only make

2073

01:39:15,059 --> 01:39:13,209

three or four a year which is a drag and

2074

01:39:17,699 --> 01:39:15,069

now they even doing a name one one one

2075

01:39:19,769 --> 01:39:17,709

you know your other PBS I haven't seen

2076

01:39:22,919 --> 01:39:19,779

any reports of a new Sherlock Holmes

2077

01:39:25,019 --> 01:39:22,929

studies actually guys yeah the guys that

2078

01:39:27,389 --> 01:39:25,029

the team created it and I moved up to

2079

01:39:27,779 --> 01:39:27,399

doing their version of Dracula we should

2080

01:39:29,489 --> 01:39:27,789

be on

2081

01:39:30,839 --> 01:39:29,499

I think sheep are here but it's the same

2082

01:39:33,179 --> 01:39:30,849

production team if you like have now

2083

01:39:36,149 --> 01:39:33,189

moved on they were the guys who were

2084

01:39:40,229 --> 01:39:36,159

involved in not the reboot of Doctor Who

2085

01:39:41,969 --> 01:39:40,239

but the next group if you like is a 30

2086

01:39:43,919 --> 01:39:41,979

day we started got to back up again then

2087

01:39:46,139 --> 01:39:43,929

he left and Steven Moffat and Mark

2088

01:39:47,789 --> 01:39:46,149

Gatiss took over and they that was I

2089

01:39:51,079 --> 01:39:47,799

created the Sherlock Holmes so they've

2090

01:39:54,599 --> 01:39:51,089

now moved back to the projects oh yeah

2091

01:40:01,319 --> 01:39:54,609

brother you know the man with his name

2092

01:40:03,119 --> 01:40:01,329

aircraft my crop some of the stuff they

2093

01:40:04,859 --> 01:40:03,129

put in and just the way they kind of tie

2094

01:40:06,599 --> 01:40:04,869

the threads together and stuff I mean

2095

01:40:09,419 --> 01:40:06,609

it's way better than anything you'll see

2096

01:40:11,159 --> 01:40:09,429

an American TV you well you you know you

2097

01:40:14,729 --> 01:40:11,169

wouldn't be able to get that passed an

2098

01:40:16,639 --> 01:40:14,739

American TV you know but here some

2099

01:40:21,029 --> 01:40:16,649

schools have a lot of those masterpiece

2100

01:40:24,539 --> 01:40:21,039

projects are co-produced by local PBS

2101
01:40:27,779 --> 01:40:24,549
station WGBH and then over the years

2102
01:40:30,569 --> 01:40:27,789
guys my DNA got altered where and

2103
01:40:37,829 --> 01:40:30,579
normally be watching football instead on

2104
01:40:44,080 --> 01:40:37,839
Sunday that I want let's say Poldark the

2105
01:40:48,860 --> 01:40:44,090
crown I'm not sure resolves DNA one

2106
01:40:57,200 --> 01:40:48,870
that's good as well I was delivered by

2107
01:40:59,390 --> 01:40:57,210
one of them no come to midwives to rode

2108
01:41:01,340 --> 01:40:59,400
around on a bicycle it would be in their

2109
01:41:11,560 --> 01:41:01,350
abuse instead of at the doctor does that

2110
01:41:14,570 --> 01:41:11,570
one that's one nurse in pregnancies

2111
01:41:17,930 --> 01:41:14,580
delivering babies we don't have them

2112
01:41:19,640 --> 01:41:17,940
over here yes we do yes we do good do

2113
01:41:23,000 --> 01:41:19,650

natural childbirth like we did with our

2114

01:41:24,860 --> 01:41:23,010

second daughter okay you have a you

2115

01:41:41,090 --> 01:41:24,870

don't deliver in a hospital or something

2116

01:41:43,340 --> 01:41:41,100

or necessarily you know we've even got

2117

01:41:45,560 --> 01:41:43,350

Midwife severe now but they mainly work

2118

01:41:47,150 --> 01:41:45,570

in the hospitals delivering babies

2119

01:41:51,950 --> 01:41:47,160

actually in the hospital is this only

2120

01:41:54,500 --> 01:41:51,960

time that doctors get involved in things

2121

01:41:56,510 --> 01:41:54,510

like that is when there is a problem oh

2122

01:41:58,220 --> 01:41:56,520

wow we could have done a home delivery

2123

01:41:59,810 --> 01:41:58,230

but my wife was a little antsy about

2124

01:42:01,310 --> 01:41:59,820

that but we didn't deliver them to

2125

01:42:04,640 --> 01:42:01,320

deliver the hospital that is something

2126
01:42:22,280 --> 01:42:04,650
to be ante about because they wanted to

2127
01:42:28,760 --> 01:42:22,290
deliver works require the words ailment

2128
01:42:31,580 --> 01:42:28,770
what about Monty Python funny oh it was

2129
01:42:33,140 --> 01:42:31,590
the best yeah it really is and in this

2130
01:42:35,480 --> 01:42:33,150
stuff you know ones if you can remember

2131
01:42:37,490 --> 01:42:35,490
back up to this gets you know that's a

2132
01:42:39,950 --> 01:42:37,500
good they on you know in the movies they

2133
01:42:43,460 --> 01:42:39,960
may live with unbelievably flying life a

2134
01:42:45,410 --> 01:42:43,470
Brian this movies ever many you know

2135
01:42:47,810 --> 01:42:45,420
keep up with it and if you know what

2136
01:42:49,970 --> 01:42:47,820
they're getting at it's hilarious you

2137
01:42:50,380 --> 01:42:49,980
know it was actually the scene in that

2138
01:42:52,930 --> 01:42:50,390

where

2139

01:42:55,300 --> 01:42:52,940

I was in the cinema with my wife and I

2140

01:42:57,070 --> 01:42:55,310

was laughing so hard I had to stand up

2141

01:42:59,710 --> 01:42:57,080

and get in the aisle and people were

2142

01:43:02,340 --> 01:42:59,720

staring at me because I was la I was

2143

01:43:07,410 --> 01:43:02,350

gonna hit the floor laughing yeah that

2144

01:43:12,100 --> 01:43:07,420

was a distraction so the biggest Dickus

2145

01:43:14,470 --> 01:43:12,110

they were stowed in the guy man it was

2146

01:43:18,070 --> 01:43:14,480

men dressed as women dressed as men

2147

01:43:20,290 --> 01:43:18,080

strolling a guy and they come up with

2148

01:43:25,990 --> 01:43:20,300

the justification Oh lovely throw one

2149

01:43:28,270 --> 01:43:26,000

stone and let's see what happens I'm

2150

01:43:37,000 --> 01:43:28,280

gonna buy some stones and then give me a

2151
01:43:49,090 --> 01:43:37,010
bag of gravel it's about the guys being

2152
01:44:05,830 --> 01:43:49,100
part of the Inquisition walking down the

2153
01:44:07,780 --> 01:44:05,840
sidewalk and his body go away please

2154
01:44:26,230 --> 01:44:07,790
Eric Idle and who was the guy that was

2155
01:44:34,300 --> 01:44:26,240
in Fish Called Wanda besides John we

2156
01:44:36,280 --> 01:44:34,310
love them we just say was the general

2157
01:44:42,820 --> 01:44:36,290
impression in America of the runners

2158
01:44:44,590 --> 01:44:42,830
from incidentally impression of the

2159
01:44:46,240 --> 01:44:44,600
Rendlesham forest incident in America

2160
01:44:47,320 --> 01:44:46,250
you're working you're follow just how do

2161
01:44:48,940 --> 01:44:47,330
they see it

2162
01:44:51,160 --> 01:44:48,950
I think people believe what they want to

2163
01:44:52,900 --> 01:44:51,170

believe you know I think a lot of people

2164

01:44:55,600 --> 01:44:52,910

you know it's just another one it's like

2165

01:44:58,870 --> 01:44:55,610

the it's like the British Roswell you

2166

01:45:00,430 --> 01:44:58,880

know people are aware of it there's been

2167

01:45:01,729 --> 01:45:00,440

a lot of books written about it there's

2168

01:45:06,940 --> 01:45:01,739

been a lot of

2169

01:45:13,010 --> 01:45:10,790

but I think something we had happened

2170

01:45:14,840 --> 01:45:13,020

and you know it's just another one of

2171

01:45:17,479 --> 01:45:14,850

them but I think it's a good case once

2172

01:45:20,450 --> 01:45:17,489

again because you got enough shouldn't

2173

01:45:21,860 --> 01:45:20,460

be out there the bunker of the base is

2174

01:45:25,190 --> 01:45:21,870

out there with the tape recording you

2175

01:45:27,260 --> 01:45:25,200

hear is going on how you know the I mean

2176

01:45:28,700 --> 01:45:27,270

you can't get it's very time to get more

2177

01:45:30,140 --> 01:45:28,710

authentic than that the other than

2178

01:45:32,500 --> 01:45:30,150

having a video or something you know

2179

01:45:35,360 --> 01:45:32,510

yeah you know it's not as murky as

2180

01:45:37,310 --> 01:45:35,370

Roswell Roswell there are so many

2181

01:45:39,380 --> 01:45:37,320

different theories it's it's almost like

2182

01:45:41,570 --> 01:45:39,390

getting into the Kennedy assassination

2183

01:45:43,850 --> 01:45:41,580

and how almost for a while every year

2184

01:45:47,240 --> 01:45:43,860

you get another bizarre cinerea about

2185

01:45:51,110 --> 01:45:47,250

what happened well I you know I that the

2186

01:46:01,790 --> 01:45:51,120

best one I like is Walter Walter Bosley

2187

01:46:05,000 --> 01:46:01,800

talked about how his father was and his

2188

01:46:07,610 --> 01:46:05,010

father was in special intelligence and

2189

01:46:11,780 --> 01:46:07,620

claims that that was that Roswell was a

2190

01:46:13,610 --> 01:46:11,790

a branch off of the human race that had

2191

01:46:14,630 --> 01:46:13,620

remained hidden and they crashed and

2192

01:46:17,180 --> 01:46:14,640

they asked for her help

2193

01:46:19,370 --> 01:46:17,190

now that may not be true at all but it's

2194

01:46:23,150 --> 01:46:19,380

one of the better I like that flurry the

2195

01:46:27,920 --> 01:46:23,160

best you know that equals blah blah blah

2196

01:46:30,290 --> 01:46:27,930

to me in once again it's because people

2197

01:46:31,640 --> 01:46:30,300

are publishing books in they and they

2198

01:46:34,760 --> 01:46:31,650

get them published with without them

2199

01:46:36,350 --> 01:46:34,770

being vetted okay now but you know the

2200

01:46:38,090 --> 01:46:36,360

books I've done every book I've ever

2201

01:46:39,500 --> 01:46:38,100

done there's been a public for a

2202

01:46:41,930 --> 01:46:39,510

publisher in New York City and they've

2203

01:46:43,670 --> 01:46:41,940

vet them but the point we like to give

2204

01:46:51,920 --> 01:46:43,680

me a freakin break you know what an

2205

01:46:54,350 --> 01:46:51,930

event didn't watch a lot of this sort of

2206

01:46:56,150 --> 01:46:54,360

publication stuff is a problem because

2207

01:46:57,800 --> 01:46:56,160

the easy to say it's not enough not

2208

01:46:59,209 --> 01:46:57,810

proof right it's not backed up with

2209

01:47:00,740 --> 01:46:59,219

anything other than what the writers

2210

01:47:02,479 --> 01:47:00,750

said yeah okay so well I've written the

2211

01:47:04,490 --> 01:47:02,489

book it's been published yeah by you

2212

01:47:06,260 --> 01:47:04,500

he's like sold like two and a half

2213

01:47:08,720 --> 01:47:06,270

copies of it but that's the thing I

2214

01:47:10,580 --> 01:47:08,730

think things that renders young and Rose

2215

01:47:12,050 --> 01:47:10,590

were as well definitely it's almost like

2216

01:47:13,940 --> 01:47:12,060

you have to write about these if you

2217

01:47:14,940 --> 01:47:13,950

want to be Caesar UFO research or the

2218

01:47:16,200 --> 01:47:14,950

things you love

2219

01:47:18,870 --> 01:47:16,210

you take your name on you have to have

2220

01:47:21,450 --> 01:47:18,880

your theory and often that's it is

2221

01:47:23,310 --> 01:47:21,460

people have to find new theories now how

2222

01:47:25,200 --> 01:47:23,320

many theories might already exist you

2223

01:47:27,390 --> 01:47:25,210

have to have a new angle if you're gonna

2224

01:47:29,490 --> 01:47:27,400

write a book on the topic so I do think

2225

01:47:31,560 --> 01:47:29,500

people do to add to the story then

2226

01:47:33,990 --> 01:47:31,570

change the story to open to sue their

2227

01:47:35,550 --> 01:47:34,000

own ideas which is a problem if you were

2228

01:47:37,650 --> 01:47:35,560

to try to drill down to the actual

2229

01:47:39,540 --> 01:47:37,660

events of what supposed to have actually

2230

01:47:40,890 --> 01:47:39,550

happened you can't anymore you're

2231

01:47:43,710 --> 01:47:40,900

drilling through science now it just

2232

01:47:45,180 --> 01:47:43,720

fills in the gaps by itself isn't it it

2233

01:47:46,860 --> 01:47:45,190

was even that's the thing is that they

2234

01:47:49,770 --> 01:47:46,870

were and we talked about this on the

2235

01:47:52,440 --> 01:47:49,780

show a lot and Steve is an expert on it

2236

01:47:55,860 --> 01:47:52,450

there are so many cases from the 50s and

2237

01:47:58,770 --> 01:47:55,870

the 60s right bad a mine drawing okay in

2238

01:48:00,000 --> 01:47:58,780

people researchers who are authentic

2239

01:48:01,710 --> 01:48:00,010

researchers and they're not gonna go out

2240

01:48:03,120 --> 01:48:01,720

there at the blah blah blah they're

2241

01:48:05,460 --> 01:48:03,130

gonna go in and look into these things

2242

01:48:07,200 --> 01:48:05,470

they should put half as much energy and

2243

01:48:09,600 --> 01:48:07,210

effort into looking into them as they

2244

01:48:11,250 --> 01:48:09,610

have with Roswell you know like talking

2245

01:48:12,960 --> 01:48:11,260

about the other Roswell which was you

2246

01:48:15,630 --> 01:48:12,970

know I see the EM base that was there in

2247

01:48:18,530 --> 01:48:15,640

1962 those mountain talk about the Aztec

2248

01:48:21,240 --> 01:48:18,540

UFO crash talking about what he was what

2249

01:48:23,370 --> 01:48:21,250

Steve was talking about the swamp gas

2250

01:48:25,590 --> 01:48:23,380

time Samba shag harbour up in Canada

2251

01:48:27,870 --> 01:48:25,600

where they have like this a shag harbour

2252

01:48:29,760 --> 01:48:27,880

yeah up in Canada where they can see a

2253

01:48:31,650 --> 01:48:29,770

flying saucer down they have it

2254

01:48:33,510 --> 01:48:31,660

surrounded by ships Canadian American

2255

01:48:35,880 --> 01:48:33,520

ships and they can see it and it

2256

01:48:38,370 --> 01:48:35,890

disappears you know I mean what's going

2257

01:48:40,020 --> 01:48:38,380

on there you know so look into those

2258

01:48:42,030 --> 01:48:40,030

things that you know really do some

2259

01:48:44,340 --> 01:48:42,040

really good research and to stuff that

2260

01:48:47,040 --> 01:48:44,350

is just thing you know so way out there

2261

01:48:50,160 --> 01:48:47,050

that that it's it's impossible for it to

2262

01:48:52,800 --> 01:48:50,170

be a host and so far it's been you know

2263

01:48:54,750 --> 01:48:52,810

kind of virgin territory so people going

2264

01:48:57,450 --> 01:48:54,760

in there and kind of elaborating on it

2265

01:49:09,780 --> 01:48:57,460

look into those things and enough with

2266

01:49:12,570 --> 01:49:09,790

the Roswell frankly to believe in

2267

01:49:14,940 --> 01:49:12,580

paranormal and UFO activities but I

2268

01:49:17,010 --> 01:49:14,950

don't think we want to believe in aliens

2269

01:49:18,810 --> 01:49:17,020

necessarily right people want to believe

2270

01:49:20,970 --> 01:49:18,820

there's big you said it you don't accept

2271

01:49:25,880 --> 01:49:20,980

Keith Richards he does he's totally

2272

01:49:38,040 --> 01:49:27,870

tell you the truth

2273

01:49:42,030 --> 01:49:39,680

[Music]

2274

01:49:45,360 --> 01:49:42,040

where's come

2275

01:49:48,540 --> 01:49:45,370

where's Cobra see the world if you don't

2276

01:49:51,150 --> 01:49:48,550

ask us that out one you know you know

2277

01:49:54,270 --> 01:49:51,160

you get excited about walking to command

2278

01:49:55,920 --> 01:49:54,280

a cold one and he doesn't turn oh well

2279

01:50:02,490 --> 01:49:55,930

she does said that's the mystery about

2280

01:50:04,170 --> 01:50:02,500

him isn't you know you tell him I'll

2281

01:50:06,480 --> 01:50:04,180

give him a sacred mission the next time

2282

01:50:07,710 --> 01:50:06,490

I will get my hands on him I will have

2283

01:50:13,160 --> 01:50:07,720

him on the train

2284

01:50:15,840 --> 01:50:13,170

holy cow we will have cameras for that

2285

01:50:18,240 --> 01:50:15,850

he goes away for three or four weeks he

2286

01:50:20,910 --> 01:50:18,250

calls us when he's going and he calls us

2287

01:50:25,830 --> 01:50:20,920

when he's coming back and and that's

2288

01:50:32,580 --> 01:50:25,840

what time exhaustion flight in an

2289

01:50:34,590 --> 01:50:32,590

airplane he flies over my house it's

2290

01:50:36,960 --> 01:50:34,600

funny because he will call me up he

2291

01:50:39,030 --> 01:50:36,970

lives in Maine which is two States up

2292

01:50:40,740 --> 01:50:39,040

for me and he'll call me up and he flies

2293

01:50:42,480 --> 01:50:40,750

down a blonde side down the Cape cut and

2294

01:50:44,850 --> 01:50:42,490

he'll say I'll be going over your house

2295

01:50:50,520 --> 01:50:44,860

in 20 minutes okay and Al Matheny has

2296

01:50:52,860 --> 01:50:50,530

been on the porch with me and he's he's

2297

01:50:55,020 --> 01:50:52,870

down at you know 500 feet or whatever

2298

01:50:57,930 --> 01:50:55,030

and he circles the house with smoke

2299

01:50:59,790 --> 01:50:57,940

coming out of the back of the back of

2300

01:51:01,650 --> 01:50:59,800

the airplane and making a lot of noise

2301
01:51:03,690 --> 01:51:01,660
and whipping his wing and as one will

2302
01:51:11,750 --> 01:51:03,700
say he'll throw you he'll drop a bag of

2303
01:51:13,830 --> 01:51:11,760
white powder and flour power - flour I

2304
01:51:16,500 --> 01:51:13,840
said a type of British in the [h__\h]

2305
01:51:19,110 --> 01:51:16,510
right and fly away I mean it's funny

2306
01:51:21,780 --> 01:51:19,120
he's crazy he's a very straight up guys

2307
01:51:23,700 --> 01:51:21,790
a very straight individual very ship

2308
01:51:25,620 --> 01:51:23,710
shaped as they say in the Navy shipshape

2309
01:51:29,960 --> 01:51:25,630
and Bristol fresh but out there man he's

2310
01:51:33,530 --> 01:51:29,970
nuts yeah I say that in the nicest way

2311
01:51:35,030 --> 01:51:33,540
he is squared away that's weird way

2312
01:51:37,850 --> 01:51:35,040
I am definitely gonna get him on the

2313
01:51:44,540 --> 01:51:37,860

show if you listening to this commander

2314

01:51:46,790 --> 01:51:44,550

Cobra I'm coming for you oh wow I know

2315

01:51:48,140 --> 01:51:46,800

he was tonight but that last minute

2316

01:51:50,240 --> 01:51:48,150

thing came up right yeah

2317

01:51:56,150 --> 01:51:50,250

yes he's on call with you know who knows

2318

01:51:59,510 --> 01:51:56,160

he'll he'll deal I mean he did five

2319

01:52:02,450 --> 01:51:59,520

tours in Iraq flying over Iraq he's done

2320

01:52:04,010 --> 01:52:02,460

you know test piloting test piloting

2321

01:52:06,650 --> 01:52:04,020

thing he test pilots a lot of

2322

01:52:10,880 --> 01:52:06,660

helicopters and stuff and he he were

2323

01:52:14,630 --> 01:52:10,890

sure you know some kind of I know him

2324

01:52:40,610 --> 01:52:14,640

flying over there a few years ago you

2325

01:52:43,220 --> 01:52:40,620

know if you see anyone in an orange

2326

01:52:45,560 --> 01:52:43,230

jumpsuit in the helmet that's him that's

2327

01:52:48,620 --> 01:52:45,570

his pickup girls is never without his

2328

01:52:51,740 --> 01:52:48,630

helmet and face shield and he looks like

2329

01:52:53,870 --> 01:52:51,750

the top got herself up gotta yeah yeah

2330

01:52:55,640 --> 01:52:53,880

he looks cool Tom Cruise which looks

2331

01:52:57,110 --> 01:52:55,650

funny when we walk into a bar with him

2332

01:52:59,690 --> 01:52:57,120

but you know the girl's gonna get used

2333

01:53:02,570 --> 01:52:59,700

to it anyway they gravitate to him like

2334

01:53:10,670 --> 01:53:02,580

like a magnet yeah he's taller than time

2335

01:53:18,230 --> 01:53:10,680

tourism which you may have seen called

2336

01:53:21,890 --> 01:53:18,240

Top Gear what about cars oh yeah maybe

2337

01:53:23,990 --> 01:53:21,900

it seemed really yeah well that's funny

2338

01:53:26,000 --> 01:53:24,000

yeah I know I ran into trouble but I

2339

01:53:28,040 --> 01:53:26,010

mean I watched those old cannery runs

2340

01:53:35,770 --> 01:53:28,050

away watch more PBS Taniya apparently

2341

01:53:42,560 --> 01:53:40,610

no I screw it every year okay a passport

2342

01:53:44,600 --> 01:53:42,570

we know we're talking about what are you

2343

01:53:45,950 --> 01:53:44,610

talking about the Pat the PBS passports

2344

01:53:50,209 --> 01:53:45,960

though

2345

01:53:59,660 --> 01:53:50,219

possible to travel how many tote bags

2346

01:54:03,590 --> 01:53:59,670

you have BBC America risk yeah yeah

2347

01:54:06,350 --> 01:54:03,600

that's why what I do find American TV

2348

01:54:10,280 --> 01:54:06,360

driving ups you mad though the adverts I

2349

01:54:12,650 --> 01:54:10,290

mean yeah but there every five minutes

2350

01:54:15,590 --> 01:54:12,660

in American TV programs it's just we

2351
01:54:16,459 --> 01:54:15,600
have a PB I give you have DVI technology

2352
01:54:19,959 --> 01:54:16,469
over there where you just tape

2353
01:54:21,740 --> 01:54:19,969
everything is if through the commercials

2354
01:54:24,320 --> 01:54:21,750
states obviously I'm just stuck

2355
01:54:26,209 --> 01:54:24,330
whatever's on the screens uh it's like I

2356
01:54:27,170 --> 01:54:26,219
haven't watched a Camaro I can tell you

2357
01:54:28,610 --> 01:54:27,180
the last time I'm Lester real

2358
01:54:30,410 --> 01:54:28,620
commercials especially during sports

2359
01:54:32,570 --> 01:54:30,420
games just stop them a little half hour

2360
01:54:36,020 --> 01:54:32,580
later zip right through the commercial

2361
01:54:37,729 --> 01:54:36,030
but because they put personals I'm sport

2362
01:54:40,610 --> 01:54:37,739
having football commercials I like

2363
01:54:43,760 --> 01:54:40,620

really 5 to 6 minutes line what are they

2364

01:54:45,650 --> 01:54:43,770

doing in all this time well you know I'm

2365

01:54:48,800 --> 01:54:45,660

gonna cut off you break a tea break or

2366

01:54:50,990 --> 01:54:48,810

something it's the American football is

2367

01:54:52,220 --> 01:54:51,000

designed for TVs designed for advert

2368

01:54:54,020 --> 01:54:52,230

bread because it obviously British

2369

01:54:55,280 --> 01:54:54,030

football soccer as you call it you can't

2370

01:54:59,990 --> 01:54:55,290

do that you have to wait for halftime

2371

01:55:02,240 --> 01:55:00,000

but with American people going and going

2372

01:55:08,320 --> 01:55:02,250

I mean I hate to say it at the show but

2373

01:55:14,600 --> 01:55:11,810

your American football is a padded up

2374

01:55:16,280 --> 01:55:14,610

version helmeted version of air rugby

2375

01:55:18,680 --> 01:55:16,290

where airports go out there in just a

2376

01:55:21,410 --> 01:55:18,690

little t-shirt and a pair of shorts just

2377

01:55:33,370 --> 01:55:21,420

two big things okay first well you can

2378

01:55:44,209 --> 01:55:36,260

boys then they're just bloody not

2379

01:55:49,130 --> 01:55:44,219

through everything injury sustained

2380

01:55:50,600 --> 01:55:49,140

plane Rafi in my 20 all right I could

2381

01:55:52,400 --> 01:55:50,610

see that but I wouldn't say a head of

2382

01:55:57,979 --> 01:55:52,410

back injury and chakra just doesn't

2383

01:56:02,250 --> 01:56:00,780

they flip over and if they don't land

2384

01:56:04,800 --> 01:56:02,260

right on their face they're on their

2385

01:56:06,810 --> 01:56:04,810

back the size of the net look at the

2386

01:56:16,020 --> 01:56:06,820

size of the net I could kick it in that

2387

01:56:20,000 --> 01:56:16,030

from just a ball they kick it over boys

2388

01:56:24,300 --> 01:56:20,010

it's only our [h__h] debts for that bib

2389

01:56:27,750 --> 01:56:24,310

a British rugby all right and American

2390

01:56:32,360 --> 01:56:27,760

soccer they're very very similar they

2391

01:56:36,930 --> 01:56:34,800

minutes before they even get a break

2392

01:56:57,930 --> 01:56:36,940

yours a game for five minutes and they

2393

01:56:59,729 --> 01:56:57,940

get a break from everybody I say the

2394

01:57:04,050 --> 01:56:59,739

word Rendlesham now we're going to have

2395

01:57:08,400 --> 01:57:04,060

to close the show Mike Reitan do we're

2396

01:57:11,419 --> 01:57:08,410

2397

2403

01:57:42,320 --> 01:57:38,650

before what is the American English word

2404

01:57:45,900 --> 01:57:42,330
