yeah welcome to my new show

3
00:00:48,530 --> 00:00:46,590
paranormal dimensions my name's David

00:00:50,600 --> 00:00:48,540
Young thank you to the team but

5
00:00:52,220 --> 00:00:50,610
paranormal you came radio network for

6
00:00:53,390 --> 00:00:52,230
having a faith in me and for their

7
00:00:55,580 --> 00:00:53,400
support in getting the show off the

8
00:00:57,350 --> 00:00:55,590
ground thank you especially for the

9
00:00:59,780 --> 00:00:57,360
bursar yesterday bit two hours would be

10
00:01:02,630 --> 00:00:59,790
setting up this message of thing so

11
00:01:05,510 --> 00:01:02,640
anyway hopefully it's gonna be the first

12
00:01:07,280 --> 00:01:05,520
of many so be gentle with me I hope they

13
00:01:08,750 --> 00:01:07,290

have many interesting guests and covers

14

00:01:11,000 --> 00:01:08,760

some fascinating subjects of the

15

00:01:12,380 --> 00:01:11,010

paranormal I'll say at this point that

16

00:01:14,660 --> 00:01:12,390

we're all on the same journey of

17

00:01:16,999 --> 00:01:14,670

discovery and we may travel through many

18

00:01:18,620 --> 00:01:17,009

dimensions of the paranormal together if

19

00:01:20,389 --> 00:01:18,630

you'll decide your company on this then

20

00:01:24,170 --> 00:01:20,399

this strange journey I will try to keep

21

00:01:26,510 --> 00:01:24,180

you safe from harm oh and some BS right

22

00:01:28,310 --> 00:01:26,520

talking about BS I'll go introduce you

23

00:01:30,200 --> 00:01:28,320

now to my very first guest they are not

24

00:01:32,480 --> 00:01:30,210

saying she's BS but she's actually been

25

00:01:35,120 --> 00:01:32,490

a very serious debunk over the last

26
00:01:38,350 --> 00:01:35,130
couple of years with something we make

27
00:01:40,400 --> 00:01:38,360
it into here but we'll certainly be

28
00:01:42,260 --> 00:01:40,410
pointing you in the right direction to

29
00:01:44,779 --> 00:01:42,270
see what what we're talking about

30
00:01:46,969 --> 00:01:44,789
what's her name is Sasha Christie she's

31
00:01:55,100 --> 00:01:46,979
a regular friend than one and she's

32
00:01:57,529 --> 00:01:55,110
gonna be fascinating I'm sure is your

33
00:01:59,029 --> 00:01:57,539
first yes I couldn't resist

34
00:02:03,859 --> 00:01:59,039
not having new ones to be honest to it

35
00:02:07,580 --> 00:02:03,869
so you know you know I need to feel

36
00:02:09,199 --> 00:02:07,590
comfortable a stubble first you've got

37
00:02:13,760 --> 00:02:09,209
some fascinating stuff to tell us all

38
00:02:16,040 --> 00:02:13,770

about and really I just like to start

39

00:02:18,650 --> 00:02:16,050

off by saying how did you get into the

40

00:02:20,059 --> 00:02:18,660

paranormal world if you like I know

41

00:02:22,670 --> 00:02:20,069

you've had an expert has some

42

00:02:24,320 --> 00:02:22,680

experiences of your own well I didn't

43

00:02:26,420 --> 00:02:24,330

actually get into it it just wouldn't

44

00:02:29,660 --> 00:02:26,430

leave me alone so I ended up trying to

45

00:02:32,589 --> 00:02:29,670

figure it out even as a kid I had weird

46

00:02:36,280 --> 00:02:32,599

things going off around me and I always

47

00:02:38,630 --> 00:02:36,290

felt you know strange in certain places

48

00:02:40,940 --> 00:02:38,640

woken up in the middle of the night you

49

00:02:42,800 --> 00:02:40,950

know like terrified you just think

50

00:02:44,030 --> 00:02:42,810

something's watching me you know anyone

51
00:02:46,010 --> 00:02:44,040
who was up that experience will know

52
00:02:50,330 --> 00:02:46,020
exactly what I mean that used to happen

53
00:02:53,300 --> 00:02:50,340
when I was a you know a teenager yeah

54
00:02:54,559 --> 00:02:53,310
lots of weird experiences and so I don't

55
00:02:56,959 --> 00:02:54,569
feel like

56
00:02:58,970 --> 00:02:56,969
I actually chose the Paragon well I feel

57
00:03:02,449 --> 00:02:58,980
like it direct me into it kicking and

58
00:03:04,399 --> 00:03:02,459
screaming most people will get involved

59
00:03:06,110 --> 00:03:04,409
in a lot mediums for instance I don't

60
00:03:08,569 --> 00:03:06,120
think they choose to be mediums I think

61
00:03:10,009 --> 00:03:08,579
they just in doing it because they're

62
00:03:12,500 --> 00:03:10,019
chosen from the other side aren't they

63
00:03:14,030 --> 00:03:12,510

yeah yeah I mean I've told what my

64

00:03:16,309 --> 00:03:14,040

little story about when I was a baby I

65

00:03:18,979 --> 00:03:16,319

was in the courts getting up at the side

66

00:03:20,839 --> 00:03:18,989

you probably told your story before but

67

00:03:23,420 --> 00:03:20,849

it's a a purple mist coming in the door

68

00:03:24,410 --> 00:03:23,430

and swirling around the room and I can

69

00:03:26,599 --> 00:03:24,420

remember it going back out the door

70

00:03:28,759 --> 00:03:26,609

again I remember standing there

71

00:03:31,399 --> 00:03:28,769

screaming and father came in and I told

72

00:03:33,319 --> 00:03:31,409

him look at that purple mist and he

73

00:03:36,020 --> 00:03:33,329

couldn't see it at all you know I mean

74

00:03:37,399 --> 00:03:36,030

that was my earliest and I've to be

75

00:03:38,899 --> 00:03:37,409

honest I've never really experienced

76

00:03:40,940 --> 00:03:38,909

anything else apart from that and so a

77

00:03:43,699 --> 00:03:40,950

wild sort of later years experiences

78

00:03:45,490 --> 00:03:43,709

with mediums and things so yeah it was

79

00:03:47,690 --> 00:03:45,500

just one of those strange things that

80

00:03:49,580 --> 00:03:47,700

had an answer to I don't know if there's

81

00:03:52,429 --> 00:03:49,590

any see anything that mean you know with

82

00:03:54,710 --> 00:03:52,439

a purple mist meaning in it but I don't

83

00:03:57,920 --> 00:03:54,720

know it's funny you say that I had to

84

00:03:59,869 --> 00:03:57,930

dream about a green mist yeah there was

85

00:04:01,819 --> 00:03:59,879

a knock on the jaw and two people then

86

00:04:02,330 --> 00:04:01,829

there was a green mist as I open the

87

00:04:04,339 --> 00:04:02,340

door

88

00:04:06,379 --> 00:04:04,349

I accidentally breathes from over in and

89

00:04:15,469 --> 00:04:06,389

then I realized that it was a life farm

90

00:04:18,439 --> 00:04:15,479

I'm told it get and said yeah I remember

91

00:04:20,569 --> 00:04:18,449

well my stayed at your house last year

92

00:04:23,089 --> 00:04:20,579

we did have a conversation about all

93

00:04:24,830 --> 00:04:23,099

this and I think you know that you are

94

00:04:26,810 --> 00:04:24,840

actually quite sensitive I think we even

95

00:04:28,129 --> 00:04:26,820

had a few quirky coincidences as well

96

00:04:29,750 --> 00:04:28,139

but I can't remember what they are or

97

00:04:31,580 --> 00:04:29,760

something like that now I think we've

98

00:04:32,839 --> 00:04:31,590

all got the I think we've all got it you

99

00:04:36,230 --> 00:04:32,849

know seven-way but it's just a matter

100

00:04:38,029 --> 00:04:36,240

sort of realizing what what is and what

101

00:04:39,620 --> 00:04:38,039

isn't you know I mean the amount of

102

00:04:41,870 --> 00:04:39,630

times that I've been meaning to call

103

00:04:46,850 --> 00:04:41,880

somebody on the phone and suddenly there

104

00:04:48,080 --> 00:04:46,860

they are on the phone you think oh I can

105

00:04:49,310 --> 00:04:48,090

I can make she's coming over the

106

00:04:54,379 --> 00:04:49,320

airwaves or something that's getting

107

00:04:57,860 --> 00:04:54,389

into your brightness happens ridiculous

108

00:05:00,770 --> 00:04:57,870

well recently actually I've got a friend

109

00:05:03,379 --> 00:05:00,780

over in the states she travels around a

110

00:05:07,159 --> 00:05:03,389

lot she's called Barbara with and or

111

00:05:08,060 --> 00:05:07,169

other I think it's pronounced with and I

112

00:05:11,900 --> 00:05:08,070

met her

113

00:05:14,120 --> 00:05:11,910

before any Facebook or anything existed

114

00:05:16,760 --> 00:05:14,130
and we was talking in a forum a

115

00:05:19,340 --> 00:05:16,770
spiritual forum and she was doing this

116

00:05:21,650 --> 00:05:19,350
emotional freedom technique training so

117

00:05:23,210 --> 00:05:21,660
she needed people to do it with and so I

118

00:05:25,880 --> 00:05:23,220
did it with her and it was called

119

00:05:27,440 --> 00:05:25,890
conflict revolution now I was in my

120

00:05:32,210 --> 00:05:27,450
bookcase the other day and that that's

121

00:05:33,410 --> 00:05:32,220
like in 2005 so we kind of drifted apart

122

00:05:36,560 --> 00:05:33,420
on Facebook

123

00:05:38,360 --> 00:05:36,570
having spoken to it for a while she's

124

00:05:40,700 --> 00:05:38,370
always up to something she's like me

125

00:05:43,460 --> 00:05:40,710
times 10 she's like me with her act

126

00:05:50,300 --> 00:05:48,680

she's an author she'd sent me a book and

127

00:05:52,010 --> 00:05:50,310

I was in the bookcase and I saw the book

128

00:05:54,800 --> 00:05:52,020

and I picked it up and I thought oh my

129

00:05:57,140 --> 00:05:54,810

gosh that just seems like so long ago I

130

00:06:01,550 --> 00:05:57,150

can't you know like a million lifetimes

131

00:06:03,530 --> 00:06:01,560

ago far Sascha's ago you know I put it

132

00:06:05,450 --> 00:06:03,540

back I'll have to read that again you

133

00:06:06,200 --> 00:06:05,460

know and and then I got a message from

134

00:06:10,690 --> 00:06:06,210

her the other day

135

00:06:14,240 --> 00:06:10,700

hi I'm at a book signing in London

136

00:06:16,640 --> 00:06:14,250

February to March and I've got some

137

00:06:20,020 --> 00:06:16,650

spare time and I'd like to come see if

138

00:06:22,100 --> 00:06:20,030

that's okay and I was like yeah great

139

00:06:25,730 --> 00:06:22,110

George Gillett book coaster know

140

00:06:28,160 --> 00:06:25,740

something was going to happen it's like

141

00:06:30,080 --> 00:06:28,170

that I'll think of somebody and then a

142

00:06:32,510 --> 00:06:30,090

little while later they'll turn up I

143

00:06:36,520 --> 00:06:32,520

mean it works in awful ways as well like

144

00:06:40,160 --> 00:06:36,530

a friend of mine he died last November

145

00:06:42,230 --> 00:06:40,170

sorry the November before but I had this

146

00:06:44,000 --> 00:06:42,240

awful feeling that three weeks before he

147

00:06:46,340 --> 00:06:44,010

died he'd actually died and then he

148

00:06:47,660 --> 00:06:46,350

hadn't died so I kind of like was sort

149

00:06:49,730 --> 00:06:47,670

of like beating that feeling out of

150

00:06:51,830 --> 00:06:49,740

myself you know what their where's that

151
00:06:53,210 --> 00:06:51,840
come from you know and it bothered me

152
00:06:55,250 --> 00:06:53,220
that much thoughts of my mom about it

153
00:06:57,620 --> 00:06:55,260
and I spoke to my daughter about it and

154
00:07:00,140 --> 00:06:57,630
then they did die three weeks later so

155
00:07:03,020 --> 00:07:00,150
it's always a bit like it's always a few

156
00:07:05,030 --> 00:07:03,030
weeks notice that again but I don't

157
00:07:07,070 --> 00:07:05,040
realize what it is you can't go warn

158
00:07:08,150 --> 00:07:07,080
them about it or speaks of about it you

159
00:07:14,660 --> 00:07:08,160
know because it's four of those things

160
00:07:16,460 --> 00:07:14,670
that's unspoken you died yeah yeah well

161
00:07:20,210 --> 00:07:16,470
actually no my friends we do talk like

162
00:07:21,710 --> 00:07:20,220
that but yeah it tries to get hold of

163
00:07:24,110 --> 00:07:21,720

him

164

00:07:26,630 --> 00:07:24,120

I did but he changed his number you know

165

00:07:30,470 --> 00:07:26,640

one it was just sad

166

00:07:34,640 --> 00:07:30,480

well yeah I do know that coincident Inc

167

00:07:40,310 --> 00:07:34,650

good thing you lost a few friends last

168

00:07:42,800 --> 00:07:40,320

year there was a few in a row

169

00:07:46,100 --> 00:07:42,810

yeah there was family and friends as

170

00:07:51,500 --> 00:07:46,110

well fall deaths in total yeah crazy

171

00:07:54,020 --> 00:07:51,510

because life isn't a major part of life

172

00:07:57,050 --> 00:07:54,030

isn't it unfortunately well I've lost

173

00:07:58,670 --> 00:07:57,060

people from being very young you know my

174

00:08:02,330 --> 00:07:58,680

grandparents and then my brother and

175

00:08:04,700 --> 00:08:02,340

then you know various friends through

176

00:08:08,170 --> 00:08:04,710

accidents and suicide and all these

177

00:08:11,840 --> 00:08:08,180

kinds of things that's also to me like

178

00:08:14,270 --> 00:08:11,850

death is just a huge part of life and I

179

00:08:17,390 --> 00:08:14,280

don't know if I've just come to think

180

00:08:20,360 --> 00:08:17,400

that because I need to be able to cope

181

00:08:22,930 --> 00:08:20,370

with lots of laughs but effectively

182

00:08:25,610 --> 00:08:22,940

paranormal experiences to actually think

183

00:08:27,710 --> 00:08:25,620

anything other than there is more after

184

00:08:29,510 --> 00:08:27,720

we die you know I know some people that

185

00:08:37,659 --> 00:08:29,520

I talk to really don't believe it

186

00:08:41,029 --> 00:08:39,380

you're very strong

187

00:08:42,829 --> 00:08:41,039

lady because you've been stuffing a lot

188

00:08:47,810 --> 00:08:42,839

with your own health and health problems

189

00:08:50,600 --> 00:08:47,820

and yeah pressures you you start to

190

00:08:52,490 --> 00:08:50,610

perform don't ya like well there's a tux

191

00:08:54,440 --> 00:08:52,500

going on and I had bailed on death row

192

00:08:56,510 --> 00:08:54,450

in are all these kind of things and then

193

00:08:57,980 --> 00:08:56,520

my health was terrible my health was

194

00:08:59,600 --> 00:08:57,990

terrible because of all the bloody

195

00:09:00,140 --> 00:08:59,610

tablets that the doctors had put me on

196

00:09:03,980 --> 00:09:00,150

sir

197

00:09:06,290 --> 00:09:03,990

I spent doing all of that I was also

198

00:09:08,270 --> 00:09:06,300

withdrawing from several tablets I

199

00:09:13,340 --> 00:09:08,280

completely stopped eating meat eating

200

00:09:15,230 --> 00:09:13,350

bread and no more sugar and you know

201
00:09:18,050 --> 00:09:15,240
because my body couldn't say the

202
00:09:20,300 --> 00:09:18,060
pressure of being trolled because the

203
00:09:25,240 --> 00:09:20,310
blood pressure went up and my heart is

204
00:09:31,310 --> 00:09:28,810
yeah well attempts to be controlled yeah

205
00:09:35,360 --> 00:09:31,320
because even my dad come Tommy wants to

206
00:09:37,720 --> 00:09:35,370
do you like that

207
00:09:42,140 --> 00:09:37,730
what with all the viola going on analyze

208
00:09:44,030 --> 00:09:42,150
it was hard but now we know that it was

209
00:09:46,100 --> 00:09:44,040
worth it because I was certainly coming

210
00:09:47,960 --> 00:09:46,110
out from the other end of it yeah yeah

211
00:09:49,490 --> 00:09:47,970
yeah and the evidence speaks for itself

212
00:09:54,620 --> 00:09:49,500
you don't even have to listen to me just

213
00:09:56,270 --> 00:09:54,630

listen as we go along and point people

214

00:09:58,130 --> 00:09:56,280

in the right direction to onto your

215

00:09:59,750 --> 00:09:58,140

websites and your blogs and everything

216

00:10:03,170 --> 00:09:59,760

but make sure everyone knows where to

217

00:10:04,670 --> 00:10:03,180

look I suppose I mean we are quite

218

00:10:17,540 --> 00:10:04,680

looking forward to the conference we're

219

00:10:18,650 --> 00:10:17,550

doing next year with all the evidence

220

00:10:19,640 --> 00:10:18,660

and showing all the evidence and

221

00:10:21,320 --> 00:10:19,650

everything so that should be very

222

00:10:24,710 --> 00:10:21,330

interesting for most people who don't

223

00:10:26,420 --> 00:10:24,720

know much about it yeah yeah well we've

224

00:10:28,910 --> 00:10:26,430

got to set things right of a way the

225

00:10:31,490 --> 00:10:28,920

things are out of balance and that

226

00:10:33,620 --> 00:10:31,500

balance needs to be addressed and that's

227

00:10:35,420 --> 00:10:33,630

what we're doing anyway what's your

228

00:10:39,920 --> 00:10:35,430

experience what are your opinions about

229

00:10:42,080 --> 00:10:39,930

most ghosts and hauntings and I think

230

00:10:46,850 --> 00:10:42,090

there's a lot of things going on I think

231

00:10:49,310 --> 00:10:46,860

it's not any one thing because some

232

00:10:51,470 --> 00:10:49,320

ghost hunting yourself Junior I well I

233

00:10:53,450 --> 00:10:51,480

used to ghost on and then I started

234

00:10:55,220 --> 00:10:53,460

paranormal investigating there's a

235

00:10:56,420 --> 00:10:55,230

difference one is when you don't know

236

00:10:59,210 --> 00:10:56,430

what the hell you doing and you just

237

00:11:03,800 --> 00:10:59,220

sort of chess and about in the dark and

238

00:11:07,160 --> 00:11:03,810

you actually I've got some knowledge in

239

00:11:09,140 --> 00:11:07,170

your brain about what it is that you're

240

00:11:13,930 --> 00:11:09,150

actually looking for what the signs are

241

00:11:18,310 --> 00:11:13,940

and how to you know be skilled

242

00:11:22,340 --> 00:11:18,320

investigating and get the maximum

243

00:11:24,860 --> 00:11:22,350

information that you can you know I used

244

00:11:26,330 --> 00:11:24,870

to think that I knew it all so obviously

245

00:11:27,860 --> 00:11:26,340

for a period of time I wasn't learning

246

00:11:29,300 --> 00:11:27,870

anything because if you think you know

247

00:11:33,200 --> 00:11:29,310

it all you don't you're not in the place

248

00:11:35,780 --> 00:11:33,210

of learning i er there's no there are no

249

00:11:36,650 --> 00:11:35,790

experts in this field or any field to do

250

00:11:38,420 --> 00:11:36,660

it a paranormal

251
00:11:40,640 --> 00:11:38,430
there's people no more a little bit more

252
00:11:44,600 --> 00:11:40,650
those but it's certainly no expert at

253
00:11:47,630 --> 00:11:44,610
all it's not even a tangible thing is it

254
00:11:49,100 --> 00:11:47,640
I mean I I like old fashioned

255
00:11:50,360 --> 00:11:49,110
investigations but

256
00:11:53,030 --> 00:11:50,370
I actually really like these

257
00:11:56,150 --> 00:11:53,040
technological investigations as well and

258
00:11:59,210 --> 00:11:56,160
you know like the technology that's

259
00:12:04,120 --> 00:11:59,220
becoming available they connect thing

260
00:12:07,220 --> 00:12:04,130
where they can map bodies and how these

261
00:12:09,590 --> 00:12:07,230
ghosts a shape-shifting for example

262
00:12:13,850 --> 00:12:09,600
there's been a couple of times when

263
00:12:16,190 --> 00:12:13,860

they're the stick figure has turned into

264

00:12:18,259 --> 00:12:16,200

what looks like a table and I've gone oh

265

00:12:21,079 --> 00:12:18,269

my god they've turned into a spider a

266

00:12:24,350 --> 00:12:21,089

little while later the psychic ends it

267

00:12:28,400 --> 00:12:24,360

with a big spider on him and I was like

268

00:12:30,530 --> 00:12:28,410

that's do you think right so okay what

269

00:12:31,970 --> 00:12:30,540

we've got is we've got dead people they

270

00:12:34,130 --> 00:12:31,980

were confused and lost because maybe

271

00:12:35,720 --> 00:12:34,140

it'll confused and lost at the end of

272

00:12:38,050 --> 00:12:35,730

the life and might not even know that

273

00:12:41,630 --> 00:12:38,060

the dead so they're actually that's the

274

00:12:45,380 --> 00:12:41,640

spirit of the person and a ghost I would

275

00:12:48,019 --> 00:12:45,390

say is just a place memory an imprint of

276

00:12:49,250 --> 00:12:48,029

energy that some people can see I've

277

00:12:51,380 --> 00:12:49,260

seen a ghost

278

00:12:54,560 --> 00:12:51,390

what I would say was a ghost and that

279

00:12:58,269 --> 00:12:54,570

was an impact think was an imprint of an

280

00:13:00,829 --> 00:12:58,279

energy that lived or died in a castle

281

00:13:04,250 --> 00:13:00,839

Featherstone Castle I don't think that

282

00:13:05,960 --> 00:13:04,260

that was the actual spirit of the woman

283

00:13:10,069 --> 00:13:05,970

you know I think it was like a place

284

00:13:15,280 --> 00:13:10,079

memory so and then you've got things

285

00:13:20,000 --> 00:13:15,290

like elementals and PK manifestations

286

00:13:23,240 --> 00:13:20,010

and poltergeists which pretty much are

287

00:13:27,769 --> 00:13:23,250

PK but you know and then you've got

288

00:13:31,069 --> 00:13:27,779

things the that were human that have now

289

00:13:32,630 --> 00:13:31,079

become demonic you know some real

290

00:13:34,400 --> 00:13:32,640

negative entities we've got the shadow

291

00:13:38,480 --> 00:13:34,410

people that seem to be from another

292

00:13:41,449 --> 00:13:38,490

dimension anyway you know and then we've

293

00:13:43,970 --> 00:13:41,459

got these portals are interdimensional

294

00:13:47,660 --> 00:13:43,980

doorways scattered about the place where

295

00:13:50,090 --> 00:13:47,670

this phenomena can manifest itself into

296

00:13:53,300 --> 00:13:50,100

our environment and occasionally that

297

00:13:55,060 --> 00:13:53,310

involves using people to manifest

298

00:13:58,069 --> 00:13:55,070

themselves in this environment if it's

299

00:14:01,100 --> 00:13:58,079

related to said the reptilians for

300

00:14:02,780 --> 00:14:01,110

example was just one way that they can

301

00:14:06,050 --> 00:14:02,790

interact here

302

00:14:09,320 --> 00:14:06,060

through oz which is really quite scary

303

00:14:11,090 --> 00:14:09,330

yeah I used to hear those stories about

304

00:14:12,890 --> 00:14:11,100

reptilians of the I think what

305

00:14:14,720 --> 00:14:12,900

ridiculous but yeah the more you

306

00:14:16,910 --> 00:14:14,730

actually it does sound ridiculous but

307

00:14:19,940 --> 00:14:16,920

the more you look into it and actually

308

00:14:21,590 --> 00:14:19,950

study it it's a lot awful lot of them

309

00:14:22,760 --> 00:14:21,600

and there's so many people all over the

310

00:14:26,900 --> 00:14:22,770

world if you had those same experiences

311

00:14:28,490 --> 00:14:26,910

ever they have seen it there's people

312

00:14:32,510 --> 00:14:28,500

that can see things in our environment

313

00:14:35,780 --> 00:14:32,520

that we all can't see and you know I

314

00:14:38,450 --> 00:14:35,790

sometimes can see stuff and sometimes I

315

00:14:44,570 --> 00:14:38,460

just hear it or sometimes I just feel it

316

00:14:47,390 --> 00:14:44,580

so you know I saw two shadow people step

317

00:14:50,030 --> 00:14:47,400

out of Jason Andrews at a conference in

318

00:14:52,940 --> 00:14:50,040

Lytham st. Anne's

319

00:14:55,340 --> 00:14:52,950

he's a reptilian abductee and I thought

320

00:14:57,350 --> 00:14:55,350

my eyes were imagining oh it was an

321

00:14:58,730 --> 00:14:57,360

imprint of a shadow you know like when

322

00:15:00,230 --> 00:14:58,740

you look at something it leaves a kind

323

00:15:01,850 --> 00:15:00,240

of print in your eye so I'm looking

324

00:15:03,140 --> 00:15:01,860

thinking oh maybe you know it's that I

325

00:15:05,810 --> 00:15:03,150

was looking around kept looking back

326

00:15:08,570 --> 00:15:05,820

there it was and then a year later I met

327

00:15:11,060 --> 00:15:08,580

them in the flesh and up until then to

328

00:15:13,040 --> 00:15:11,070

me I didn't know if I believed any of it

329

00:15:14,360 --> 00:15:13,050

even our seeing stuff with my own eyes I

330

00:15:16,910 --> 00:15:14,370

thought well it's in my head maybe I'm

331

00:15:18,650 --> 00:15:16,920

generating this you know I do question

332

00:15:23,780 --> 00:15:18,660

myself I don't just accept everything

333

00:15:25,160 --> 00:15:23,790

blindly so anyway I I saw this and a

334

00:15:29,480 --> 00:15:25,170

friend who was sat at the other side of

335

00:15:31,730 --> 00:15:29,490

the hall so it also so that was there

336

00:15:36,860 --> 00:15:31,740

you know and you like Oh lovely what

337

00:15:39,200 --> 00:15:36,870

does that even mean old castles and

338

00:15:41,240 --> 00:15:39,210

things I've been the herb Richard Felix

339

00:15:43,340 --> 00:15:41,250

speaking a couple years ago but in

340

00:15:46,280 --> 00:15:43,350

Nottingham I think it was and he was

341

00:15:48,140 --> 00:15:46,290

talking about spirits seemed to imprint

342

00:15:50,450 --> 00:15:48,150

themselves into old stone there's like a

343

00:15:52,850 --> 00:15:50,460

lock of magnetic recording he seems to

344

00:15:55,930 --> 00:15:52,860

say they seized theory I think I've seen

345

00:15:58,730 --> 00:15:55,940

that before as well somewhere about

346

00:16:02,000 --> 00:15:58,740

stone is full of crystal isn't it so

347

00:16:04,970 --> 00:16:02,010

it's you know it's crystal star energy

348

00:16:06,800 --> 00:16:04,980

that's what they do so I guess that with

349

00:16:09,170 --> 00:16:06,810

it being a lot of these older buildings

350

00:16:12,680 --> 00:16:09,180

being very thick walled because of the

351

00:16:15,140 --> 00:16:12,690

cold etc that it takes longer for these

352

00:16:16,100 --> 00:16:15,150

imprints and these explosions of moments

353

00:16:19,880 --> 00:16:16,110

to

354

00:16:22,730 --> 00:16:19,890

you escaped - you know like if you think

355

00:16:23,960 --> 00:16:22,740

about in terms of electricity there is

356

00:16:27,110 --> 00:16:23,970

all ions

357

00:16:30,800 --> 00:16:27,120

I am the positive or negative they need

358

00:16:32,300 --> 00:16:30,810

to discharge off a positive positive one

359

00:16:34,250 --> 00:16:32,310

and a negative one needs to hit each

360

00:16:37,610 --> 00:16:34,260

other and then they both disappear but

361

00:16:39,590 --> 00:16:37,620

you know I think that because of the

362

00:16:42,139 --> 00:16:39,600

stone and the crystal it just kind of

363

00:16:45,680 --> 00:16:42,149

it's a slower process but I reckon the

364

00:16:47,449 --> 00:16:45,690

crystal probably already always returned

365

00:16:49,400 --> 00:16:47,459

that energy but it just depends on how

366

00:16:51,620 --> 00:16:49,410

much other activity has happened on top

367

00:16:54,380 --> 00:16:51,630

of it and how far back in layers it goes

368

00:16:57,650 --> 00:16:54,390

you know so I think that's the storm

369

00:17:00,500 --> 00:16:57,660

take theory and I don't know if you

370

00:17:02,449 --> 00:17:00,510

actually need that kind of thing for a

371

00:17:06,439 --> 00:17:02,459

place to have memories because there's

372

00:17:09,380 --> 00:17:06,449

areas in America say whether it's just

373

00:17:10,850 --> 00:17:09,390

vast wilderness well you're still a but

374

00:17:13,189 --> 00:17:10,860

there's nothing there but people still

375

00:17:18,020 --> 00:17:13,199

having paranormal experiences and things

376

00:17:20,419 --> 00:17:18,030

that I think it just depends on the

377

00:17:24,100 --> 00:17:20,429

amount of energy that ever went into a

378

00:17:27,590 --> 00:17:24,110

moment that's been captured that way a

379

00:17:31,280 --> 00:17:27,600

lot of energy love it's like a magical

380

00:17:34,640 --> 00:17:31,290

right in the way it casts something you

381

00:17:39,020 --> 00:17:34,650

know so those energies just don't seem

382

00:17:40,669 --> 00:17:39,030

to vapor a to because it seems changed

383

00:17:41,960 --> 00:17:40,679

when you hear about Roman soldiers and

384

00:17:44,000 --> 00:17:41,970

you can see them for like the knees

385

00:17:47,000 --> 00:17:44,010

upwards or something you know yeah it

386

00:17:50,360 --> 00:17:47,010

seems changed walking on on an old level

387

00:17:53,990 --> 00:17:50,370

but you don't see hair people hate

388

00:17:58,070 --> 00:17:54,000

seeing caveman so I think it disappears

389

00:18:00,860 --> 00:17:58,080

eventually I think it dissipates that's

390

00:18:03,110 --> 00:18:00,870

all about that yeah yeah interesting

391

00:18:05,180 --> 00:18:03,120

you're talking about some instruments

392

00:18:06,560 --> 00:18:05,190

and things about and portals this we

393

00:18:19,310 --> 00:18:06,570

know there's some fake instruments and

394

00:18:22,640 --> 00:18:19,320

things out there people try to say it's

395

00:18:25,450 --> 00:18:22,650

an alien telephone is the only person

396

00:18:28,669 --> 00:18:25,460

that builds these ghost boxes that

397

00:18:29,750 --> 00:18:28,679

claims to be able to contact aliens as

398

00:18:33,020 --> 00:18:29,760

well as

399

00:18:35,000 --> 00:18:33,030

dad so yeah that's quite amusing to tell

400

00:18:40,730 --> 00:18:35,010

SETI just to pack it in and they consult

401
00:18:47,900 --> 00:18:40,740
it out for about a few complaints from

402
00:18:51,110 --> 00:18:47,910
people isn't he he's not a so what you

403
00:18:52,250 --> 00:18:51,120
expect the tools and the meters and

404
00:18:54,590 --> 00:18:52,260
things you use well what's your opinion

405
00:18:57,530 --> 00:18:54,600
on most of them like the k2 meter

406
00:19:01,310 --> 00:18:57,540
everything okay - meter I mean they were

407
00:19:03,650 --> 00:19:01,320
you know you might not know what it is

408
00:19:07,220 --> 00:19:03,660
that you're dealing with but you think

409
00:19:10,460 --> 00:19:07,230
in the atmosphere around you any one

410
00:19:14,680 --> 00:19:10,470
time when there's no earthly reason far

411
00:19:16,640 --> 00:19:14,690
a spike of electrical charge to be there

412
00:19:20,630 --> 00:19:16,650
unless there's something that we don't

413
00:19:23,570 --> 00:19:20,640

understand in physics where you know the

414

00:19:29,390 --> 00:19:23,580

there's kind of clashes and energy

415

00:19:32,780 --> 00:19:29,400

clashes or energy clashes ohms so I love

416

00:19:37,190 --> 00:19:32,790

the structured light sensor cameras that

417

00:19:41,810 --> 00:19:37,200

pick out the stick figures the rempods

418

00:19:44,450 --> 00:19:41,820

that go off I would love to have 26 of

419

00:19:47,870 --> 00:19:44,460

those because instead of using a Ouija

420

00:19:49,130 --> 00:19:47,880

board where people can cheat you know

421

00:19:53,300 --> 00:19:49,140

you could have one for each letter of

422

00:19:56,060 --> 00:19:53,310

the alphabet that's that's if they are

423

00:20:01,550 --> 00:19:56,070

obviously sort of fairly modern and can

424

00:20:05,510 --> 00:20:01,560

read an alternative of sort of of

425

00:20:08,600 --> 00:20:05,520

pictures could be done for people who

426

00:20:09,890 --> 00:20:08,610

were illiterate because well in olden

427

00:20:13,240 --> 00:20:09,900

days people just didn't learn how to

428

00:20:20,140 --> 00:20:13,250

read and write today so that was for the

429

00:20:22,850 --> 00:20:20,150

religious folk and royalty and etc so

430

00:20:25,790 --> 00:20:22,860

yep I do like the technology but I also

431

00:20:31,070 --> 00:20:25,800

really like the old-fashioned ways of

432

00:20:32,690 --> 00:20:31,080

doing things you know I don't like

433

00:20:34,880 --> 00:20:32,700

tables if you know anything like that I

434

00:20:36,590 --> 00:20:34,890

don't really I don't really believe in

435

00:20:38,300 --> 00:20:36,600

not to be found it don't know about a

436

00:20:39,860 --> 00:20:38,310

couple of couple of experience with the

437

00:20:42,650 --> 00:20:39,870

table tipping I was actually blown away

438

00:20:43,190 --> 00:20:42,660

by it you filled it felt as if there was

439

00:20:44,840 --> 00:20:43,200

a fork

440

00:20:46,399 --> 00:20:44,850

the table tipping the table because I

441

00:20:49,519 --> 00:20:46,409

took my hand off the table and it was

442

00:20:50,629 --> 00:20:49,529

coming from my side you know yeah kinda

443

00:20:52,879 --> 00:20:50,639

would say was nothing there

444

00:20:55,399 --> 00:20:52,889

it was quite weird actually because the

445

00:20:57,710 --> 00:20:55,409

table stepping away from me you know and

446

00:20:59,360 --> 00:20:57,720

you could actually I'll try pushing down

447

00:21:00,649 --> 00:20:59,370

on the table from my side and it felt

448

00:21:07,129 --> 00:21:00,659

like it was a force there it's not a

449

00:21:12,340 --> 00:21:07,139

springy force so and I'm just not

450

00:21:17,810 --> 00:21:16,190

with Ouija boards I mean normally people

451
00:21:19,460 --> 00:21:17,820
just say is anybody there and you're

452
00:21:25,159 --> 00:21:19,470
sort of saying yes and no and you don't

453
00:21:27,769 --> 00:21:25,169
really get anywhere with it it's really

454
00:21:29,899 --> 00:21:27,779
dangerous don't do that okay two meter

455
00:21:32,389 --> 00:21:29,909
out and it's exactly the same thing it's

456
00:21:33,769 --> 00:21:32,399
just a communication device so you know

457
00:21:35,779 --> 00:21:33,779
you go oh you don't know what you're

458
00:21:37,970 --> 00:21:35,789
doing you're opening and closing well do

459
00:21:40,190 --> 00:21:37,980
you open and close or the k2 meter or D

460
00:21:42,409 --> 00:21:40,200
just assuming in waving it around and

461
00:21:44,060 --> 00:21:42,419
waiting for some reaction you know it's

462
00:21:46,190 --> 00:21:44,070
more dangerous I guess or the k2 meter

463
00:21:47,930 --> 00:21:46,200

because at least with Rieger we've had

464

00:21:49,519 --> 00:21:47,940

all this fear pumped in to us and then

465

00:21:52,100 --> 00:21:49,529

we all know we've got to do it this way

466

00:21:54,440 --> 00:21:52,110

you should do it that way with you know

467

00:21:56,450 --> 00:21:54,450

protective protecting yourselves with

468

00:21:59,180 --> 00:21:56,460

what ever piece of equipment that you've

469

00:22:02,779 --> 00:21:59,190

got and then you should star it in a box

470

00:22:06,230 --> 00:22:02,789

that has some sort of you know like a

471

00:22:08,990 --> 00:22:06,240

lot of salt in it for example or mirrors

472

00:22:10,399 --> 00:22:09,000

are wrapping in a black cloth put it in

473

00:22:12,730 --> 00:22:10,409

a wooden box like you would you tarot

474

00:22:16,639 --> 00:22:12,740

cards because all of these things

475

00:22:18,470 --> 00:22:16,649

exactly the same as we depart and but

476
00:22:19,970 --> 00:22:18,480
people don't look at them like that

477
00:22:22,190 --> 00:22:19,980
and so they don't think that they need

478
00:22:23,840 --> 00:22:22,200
to prep but protect themselves and then

479
00:22:25,730 --> 00:22:23,850
you've got other people who say I don't

480
00:22:28,639 --> 00:22:25,740
want to protect myself because I want to

481
00:22:30,440 --> 00:22:28,649
feel what what's going on you know and

482
00:22:31,909 --> 00:22:30,450
then you have a danger of attachments

483
00:22:34,159 --> 00:22:31,919
things following you home for a while

484
00:22:36,680 --> 00:22:34,169
you know in your life and you're not

485
00:22:38,210 --> 00:22:36,690
being destroyed or your relationships

486
00:22:39,919 --> 00:22:38,220
are you know because when you're living

487
00:22:41,830 --> 00:22:39,929
with something like that it puts a

488
00:22:44,600 --> 00:22:41,840

pressure on all of you because it

489

00:22:46,039 --> 00:22:44,610

literally wears you down because it's

490

00:22:48,529 --> 00:22:46,049

taking out your energy and it's

491

00:22:50,029 --> 00:22:48,539

manipulating in arguments and things

492

00:22:51,799 --> 00:22:50,039

like that so these things can totally

493

00:22:53,450 --> 00:22:51,809

destroy your life so I think there's a

494

00:22:55,789 --> 00:22:53,460

lot of negligence in the paranormal

495

00:22:57,110 --> 00:22:55,799

investigator investigation but people

496

00:22:59,510 --> 00:22:57,120

who are trying to

497

00:23:01,640 --> 00:22:59,520

find out if something exists not the

498

00:23:03,140 --> 00:23:01,650

same types of people who know it exists

499

00:23:05,120 --> 00:23:03,150

and they're going to try and do

500

00:23:07,790 --> 00:23:05,130

something about a situation in

501
00:23:09,890 --> 00:23:07,800
somebody's house for example or you know

502
00:23:11,420 --> 00:23:09,900
whatever the situation might be you're

503
00:23:13,490 --> 00:23:11,430
not going into somebody's house and

504
00:23:20,900 --> 00:23:13,500
going is there any with that come on

505
00:23:22,100 --> 00:23:20,910
it's halfway like you know like so you

506
00:23:23,330 --> 00:23:22,110
don't do that kind of thing in

507
00:23:27,200 --> 00:23:23,340
somebody's house because that's just

508
00:23:30,049 --> 00:23:27,210
totally de yeah you know but that's the

509
00:23:31,820 --> 00:23:30,059
nature of it and I think I learned the

510
00:23:34,220 --> 00:23:31,830
hard way because I was one of those

511
00:23:35,810 --> 00:23:34,230
people as well let's just start no I've

512
00:23:37,790 --> 00:23:35,820
got my family there I'll protected me

513
00:23:40,610 --> 00:23:37,800

I'm protected by spirit because I just

514

00:23:43,880 --> 00:23:40,620

am because I just decided that I was you

515

00:23:45,980 --> 00:23:43,890

know like an idiot and now it's like I

516

00:23:47,510 --> 00:23:45,990

lived in the house that was haunted and

517

00:23:49,460 --> 00:23:47,520

we were there for three years and it

518

00:23:51,620 --> 00:23:49,470

affected all of us and we were all in a

519

00:23:53,210 --> 00:23:51,630

state of oppression and everything that

520

00:23:55,160 --> 00:23:53,220

could go wrong in my life or was going

521

00:23:56,870 --> 00:23:55,170

wrong in my life and it was all because

522

00:23:59,120 --> 00:23:56,880

somebody had been doing weed you in that

523

00:24:01,160 --> 00:23:59,130

house without any opening and closing

524

00:24:03,770 --> 00:24:01,170

and doing it when they were drunk you

525

00:24:06,400 --> 00:24:03,780

know whatever just dangerous practice

526

00:24:11,360 --> 00:24:06,410

it's a little dead boy running around

527

00:24:14,030 --> 00:24:11,370

and some awful awful dark dark dark they

528

00:24:16,640 --> 00:24:14,040

even know what but you could feel it you

529

00:24:18,980 --> 00:24:16,650

know and all the kids were affected by

530

00:24:22,340 --> 00:24:18,990

it and in the end we are run away you

531

00:24:24,919 --> 00:24:22,350

know I had taken part in the documentary

532

00:24:26,030 --> 00:24:24,929

for the BBC about 7-7 because it

533

00:24:29,990 --> 00:24:26,040

happened on my doorstep

534

00:24:31,700 --> 00:24:30,000

literally and then harassment from the

535

00:24:34,400 --> 00:24:31,710

police because it was like oh you know

536

00:24:36,680 --> 00:24:34,410

they didn't say it was say Sascha you

537

00:24:38,840 --> 00:24:36,690

could be staring the horlicks no steer

538

00:24:40,910 --> 00:24:38,850

stop it I'd have gone oh I didn't even

539

00:24:42,350 --> 00:24:40,920

think to that I was just bad about the

540

00:24:47,750 --> 00:24:42,360

lies being told about the people that I

541

00:24:49,400 --> 00:24:47,760

knew and then it was also haunted and my

542

00:24:52,700 --> 00:24:49,410

daughter was in trouble at school all

543

00:24:54,290 --> 00:24:52,710

the time and it was like I mean my son

544

00:24:56,180 --> 00:24:54,300

was in hospital all the time with all

545

00:24:58,240 --> 00:24:56,190

these body infections he just could not

546

00:25:00,470 --> 00:24:58,250

get rid of them and he was having

547

00:25:01,880 --> 00:25:00,480

conversations with something that we

548

00:25:04,820 --> 00:25:01,890

couldn't see and he was too scared to

549

00:25:06,400 --> 00:25:04,830

tell us about and then eight now oh it

550

00:25:09,380 --> 00:25:06,410

was just one thing after another I know

551
00:25:18,000 --> 00:25:09,390
so in the end Dave just said moves

552
00:25:22,290 --> 00:25:20,410
you have experience with dolls as well

553
00:25:29,470 --> 00:25:22,300
did you know you click those in your day

554
00:25:32,080 --> 00:25:29,480
and everything and what it was was I

555
00:25:34,570 --> 00:25:32,090
liked because I'm I'm disabled I don't I

556
00:25:37,780 --> 00:25:34,580
can't walk very far so don't go out a

557
00:25:43,420 --> 00:25:37,790
lot because you know it kind of oh it

558
00:25:45,370 --> 00:25:43,430
hurts so my life is online but my home

559
00:25:49,150 --> 00:25:45,380
life as well my social life is online

560
00:25:50,740 --> 00:25:49,160
just say I get bored so I have to have

561
00:25:54,630 --> 00:25:50,750
lots of hobbies you know and things to

562
00:25:57,370 --> 00:25:54,640
do and it was I don't know I remember

563
00:25:59,770 --> 00:25:57,380

probably July or something like that and

564

00:26:01,660 --> 00:25:59,780

I thought oh I know what I'm gonna do

565

00:26:04,900 --> 00:26:01,670

I'm gonna have a look in the charity

566

00:26:06,640 --> 00:26:04,910

shops see if I can find one of those

567

00:26:08,290 --> 00:26:06,650

past alone dolls and then I'm gonna do

568

00:26:09,700 --> 00:26:08,300

it oops make it look spooky for

569

00:26:13,570 --> 00:26:09,710

Halloween

570

00:26:18,640 --> 00:26:13,580

and so one day I was up in the village

571

00:26:20,530 --> 00:26:18,650

and I walk past the charity shop and I

572

00:26:22,110 --> 00:26:20,540

thought oh my god have a look in that

573

00:26:25,450 --> 00:26:22,120

and as soon as I walk through the door

574

00:26:27,310 --> 00:26:25,460

there she was on top of the shelf so

575

00:26:31,540 --> 00:26:27,320

it's as if you knew it was there that

576

00:26:34,510 --> 00:26:31,550

you would go in it you know I just felt

577

00:26:36,250 --> 00:26:34,520

this look at my and then as soon as what

578

00:26:38,500 --> 00:26:36,260

that she was just there on the shelf and

579

00:26:41,680 --> 00:26:38,510

I thought ah I want it's to get one of

580

00:26:43,480 --> 00:26:41,690

them want to decorate are perfect

581

00:26:46,660 --> 00:26:43,490

because it wasn't she was look too big

582

00:26:50,800 --> 00:26:46,670

she was maybe 12 you were drawn to it

583

00:26:54,100 --> 00:26:50,810

maybe entering your head and you know

584

00:26:55,960 --> 00:26:54,110

he's been in that shop once before a few

585

00:26:58,330 --> 00:26:55,970

months before I don't know if that doll

586

00:27:04,090 --> 00:26:58,340

was there then like said about very

587

00:27:05,350 --> 00:27:04,100

often so you know and so god I grabbed

588

00:27:06,730 --> 00:27:05,360

it I was out in and out of the shop

589

00:27:08,260 --> 00:27:06,740

within like 2 or 3 minutes

590

00:27:16,110 --> 00:27:08,270

you didn't Dickie by the way you're like

591

00:27:20,730 --> 00:27:16,120

yeah an offer went with it in my bag and

592

00:27:23,770 --> 00:27:20,740

you know got a taxi home and then I

593

00:27:24,910 --> 00:27:23,780

showed my daughter Daisy and I went look

594

00:27:27,220 --> 00:27:24,920

I've got rent

595

00:27:30,160 --> 00:27:27,230

that mean dial out of his house and now

596

00:27:32,590 --> 00:27:30,170

and I went ridiculous it's just a doll

597

00:27:35,010 --> 00:27:32,600

it's like was she's watched paranormal

598

00:27:38,470 --> 00:27:35,020

witness with me and lost you know I mean

599

00:27:41,050 --> 00:27:38,480

anyway but night I I thought right I

600

00:27:42,820 --> 00:27:41,060

love a looker so I took a boots off and

601
00:27:45,070 --> 00:27:42,830
the socks was stuck on you know light

602
00:27:47,440 --> 00:27:45,080
with years of sweaty breathing or

603
00:27:51,340 --> 00:27:47,450
whatever right now they pulled him off

604
00:27:53,680 --> 00:27:51,350
peel them off like and then also on the

605
00:27:56,320 --> 00:27:53,690
bottom of him there was a pentacle and

606
00:28:01,330 --> 00:27:56,330
not a pentacle pentagram drawn on the

607
00:28:02,800 --> 00:28:01,340
bottom on each for Sasha trust you for

608
00:28:04,990 --> 00:28:02,810
God's sake you can't buy anything and

609
00:28:07,270 --> 00:28:05,000
just hit me normal you know I know it

610
00:28:08,890 --> 00:28:07,280
was like laughing and thinking I thought

611
00:28:10,240 --> 00:28:08,900
ask somebody's just Dubner you know like

612
00:28:12,850 --> 00:28:10,250
it's a joke before other career in the

613
00:28:18,210 --> 00:28:12,860

charity shop then I thought no them

614

00:28:22,450 --> 00:28:20,350

they'll be more visible wouldn't it so

615

00:28:24,760 --> 00:28:22,460

you'd see being easy it's easier to get

616

00:28:26,560 --> 00:28:24,770

the socks off if someone just taken them

617

00:28:30,370 --> 00:28:26,570

off and put them back on they were

618

00:28:33,730 --> 00:28:30,380

literally it stuck to the past alone so

619

00:28:37,150 --> 00:28:33,740

um so I shot Daisy again and I was like

620

00:28:42,630 --> 00:28:37,160

the Daisy look she was like oh my god

621

00:28:47,350 --> 00:28:44,920

alright that is a bit weird I will

622

00:28:49,990 --> 00:28:47,360

probably I don't honestly think anything

623

00:28:54,970 --> 00:28:50,000

you know I've protected the house like

624

00:28:57,790 --> 00:28:54,980

I've got it's like a fortress so you

625

00:29:02,470 --> 00:28:57,800

know like a put or a my little altar my

626

00:29:04,390 --> 00:29:02,480

thing of destiny and then I'm not sure

627

00:29:06,910 --> 00:29:04,400

how long it was it was a little while a

628

00:29:09,190 --> 00:29:06,920

couple of days maybe and then there was

629

00:29:11,440 --> 00:29:09,200

I came downstairs and there were six

630

00:29:13,900 --> 00:29:11,450

flies on the front door and there were

631

00:29:16,000 --> 00:29:13,910

bright green like really really really

632

00:29:19,810 --> 00:29:16,010

shiny bright green and they were very

633

00:29:21,940 --> 00:29:19,820

docile and I just picked them up and

634

00:29:26,350 --> 00:29:21,950

threw them out of the darn fire yeah you

635

00:29:28,270 --> 00:29:26,360

know and then I woke up one night I fell

636

00:29:29,620 --> 00:29:28,280

asleep on the sofa watching TV but a

637

00:29:31,870 --> 00:29:29,630

world cook because I could hear a noise

638

00:29:35,710 --> 00:29:31,880

and it I've got on my fireplace old

639

00:29:37,570 --> 00:29:35,720

candles etc and then the flame on the

640

00:29:38,740 --> 00:29:37,580

left candle which is in the corner that

641

00:29:40,540 --> 00:29:38,750

furthest away from

642

00:29:43,390 --> 00:29:40,550

Oh our window which wasn't even open

643

00:29:45,490 --> 00:29:43,400

anyway and it was blowing like somebody

644

00:29:48,160 --> 00:29:45,500

had a hair dryer on it and the flame was

645

00:29:50,340 --> 00:29:48,170

like a good couple of inches wide and

646

00:29:52,870 --> 00:29:50,350

flapping it was making a noise like oh

647

00:29:54,760 --> 00:29:52,880

you know like blowing on it and it was

648

00:29:58,120 --> 00:29:54,770

you know the way that I can tell can of

649

00:30:00,220 --> 00:29:58,130

splitters and how can I write woke up I

650

00:30:03,070 --> 00:30:00,230

thought oh bloody ell and I stood up and

651
00:30:06,310 --> 00:30:03,080
blew the candles out obviously gonna go

652
00:30:08,140 --> 00:30:06,320
to bed then the next day six Y's on the

653
00:30:10,090 --> 00:30:08,150
DAR and the next day six lies on the

654
00:30:12,010 --> 00:30:10,100
dole and the next six lies in the dark

655
00:30:14,050 --> 00:30:12,020
and I felt all this I kept filming it

656
00:30:16,420 --> 00:30:14,060
and I was like going okay a there guy

657
00:30:17,050 --> 00:30:16,430
won't see people exactly six nothing's

658
00:30:19,690 --> 00:30:17,060
more the cones

659
00:30:22,510 --> 00:30:19,700
oh yeah it wasn't 360 so it wasn't just

660
00:30:25,390 --> 00:30:22,520
like 666 it was like five I think so

661
00:30:27,100 --> 00:30:25,400
five days of it and I'll just drop that

662
00:30:30,340 --> 00:30:27,110
doll I put in the carrier bag through a

663
00:30:32,020 --> 00:30:30,350

large assault on him just chucked all

664

00:30:34,180 --> 00:30:32,030

the boats clothes everything even have

665

00:30:36,120 --> 00:30:34,190

anything on I get and it anymore and

666

00:30:38,710 --> 00:30:36,130

then I wrapped it up and I've got these

667

00:30:40,630 --> 00:30:38,720

sealed containers out in the garden so I

668

00:30:42,430 --> 00:30:40,640

put it in there so then my daughter's

669

00:30:44,440 --> 00:30:42,440

she's saying oh I had a dream and she

670

00:30:46,240 --> 00:30:44,450

should be a few it sounds there was a

671

00:30:47,950 --> 00:30:46,250

young girl would I care outside in the

672

00:30:52,540 --> 00:30:47,960

garden screaming out through the kitchen

673

00:30:53,740 --> 00:30:52,550

window yeah so I was like oh my god I

674

00:30:57,580 --> 00:30:53,750

don't not to do with this I thought

675

00:30:59,620 --> 00:30:57,590

right okay this is fate this is you know

676

00:31:01,600 --> 00:30:59,630

there's a few magical groups I was

677

00:31:02,980 --> 00:31:01,610

talking about that and like all guys I

678

00:31:04,780 --> 00:31:02,990

love it I want it and I thought now

679

00:31:06,640 --> 00:31:04,790

there's no way I'm in the tortured soul

680

00:31:08,740 --> 00:31:06,650

if there's anything attached so they

681

00:31:11,830 --> 00:31:08,750

somewhat giving it to anybody that I

682

00:31:14,530 --> 00:31:11,840

don't know in the you know in the

683

00:31:16,150 --> 00:31:14,540

magical communities because you just

684

00:31:19,390 --> 00:31:16,160

don't know what they're gonna do and

685

00:31:20,830 --> 00:31:19,400

they're not all good so well and I just

686

00:31:23,380 --> 00:31:20,840

thought I don't know what to do with

687

00:31:27,250 --> 00:31:23,390

this without right I'm gonna put on eBay

688

00:31:30,130 --> 00:31:27,260

there's like hundreds of pompey dolls on

689

00:31:33,190 --> 00:31:30,140

eBay right I'll ask him ridiculous money

690

00:31:36,640 --> 00:31:33,200

and I just put it up like 99 P or

691

00:31:39,400 --> 00:31:36,650

whatever it was the starting bid and I

692

00:31:42,670 --> 00:31:39,410

thought this is one of them situations

693

00:31:44,160 --> 00:31:42,680

where something's going on that's out of

694

00:31:47,110 --> 00:31:44,170

my control

695

00:31:50,500 --> 00:31:47,120

because I don't want anything like that

696

00:31:52,539 --> 00:31:50,510

in my house I have put walls up outside

697

00:31:54,549 --> 00:31:52,549

my house you won't believe

698

00:31:56,289 --> 00:31:54,559

the substances that I've got to get from

699

00:31:57,849 --> 00:31:56,299

new Arlene's and things like that you

700

00:31:59,649 --> 00:31:57,859

know it's a really kind of like

701
00:32:02,199 --> 00:31:59,659
strengthen it because a house full of

702
00:32:03,879 --> 00:32:02,209
like sensitives we're not all psychics

703
00:32:08,769 --> 00:32:03,889
and psychic mediums are anything like

704
00:32:10,570 --> 00:32:08,779
that we just attract it and you know and

705
00:32:12,219 --> 00:32:10,580
Larry I have something in the house it's

706
00:32:13,719 --> 00:32:12,229
like no I've lived like this before I'm

707
00:32:15,430 --> 00:32:13,729
not doing this not going on again you

708
00:32:18,719 --> 00:32:15,440
can get stuff you can get the stuff out

709
00:32:21,459 --> 00:32:18,729
of my house now that's it boom over and

710
00:32:26,379 --> 00:32:21,469
up so put on eBay it went for about

711
00:32:34,479 --> 00:32:26,389
thirty quid and it cost me about fifteen

712
00:32:38,469 --> 00:32:34,489
quid to sentence where this Dali's is

713
00:32:40,810 --> 00:32:38,479

going somewhere and a friend on Facebook

714

00:32:43,209 --> 00:32:40,820

said my friend wants to buy it what do

715

00:32:45,310 --> 00:32:43,219

you want for it I said oh well I don't

716

00:32:49,629 --> 00:32:45,320

know I'm just leaving it to think it's

717

00:32:51,249 --> 00:32:49,639

on eBay but I go put with him and so I

718

00:32:53,289 --> 00:32:51,259

put a bit in and it went for thirty quid

719

00:32:56,259 --> 00:32:53,299

and it went to this guy who's got say it

720

00:32:57,099 --> 00:32:56,269

also 30 pounds a 30 quid it does and

721

00:33:00,339 --> 00:32:57,109

thirty pounds

722

00:33:02,759 --> 00:33:00,349

I thought that was for me so he's got

723

00:33:06,879 --> 00:33:02,769

all the girls and it keeps them in this

724

00:33:08,319 --> 00:33:06,889

museum and they're all kind of got their

725

00:33:09,849 --> 00:33:08,329

own little ways and they all need

726

00:33:17,619 --> 00:33:09,859

certain things and they all get what

727

00:33:25,299 --> 00:33:17,629

they need top of thing does he haunted

728

00:33:27,369 --> 00:33:25,309

dolls yeah and then you know I suppose

729

00:33:28,539 --> 00:33:27,379

if these attachments want to leave then

730

00:33:30,999 --> 00:33:28,549

they leave and if they don't they don't

731

00:33:35,319 --> 00:33:31,009

after but I fail like because he was in

732

00:33:37,690 --> 00:33:35,329

my he was actually in my orbit was this

733

00:33:41,949 --> 00:33:37,700

guy anyway through somebody that I

734

00:33:43,930 --> 00:33:41,959

talked to quite a bit and I said to him

735

00:33:50,409 --> 00:33:43,940

and I said I think she who's me like a

736

00:33:52,479 --> 00:33:50,419

five-dollar hard to get to you because I

737

00:33:54,669 --> 00:33:52,489

do believe that there is something going

738

00:33:57,190 --> 00:33:54,679

on around all of us it's perispirit a

739

00:33:58,749 --> 00:33:57,200

concern to our family and friends etc on

740

00:34:01,479 --> 00:33:58,759

the other side that the tries to do the

741

00:34:04,989 --> 00:34:01,489

best to guide is and engineer situations

742

00:34:06,190 --> 00:34:04,999

far as and I know through various

743

00:34:08,860 --> 00:34:06,200

psychics that I've met

744

00:34:11,710 --> 00:34:08,870

known are seen they all say the same

745

00:34:13,840 --> 00:34:11,720

thing that there's a sod there's a sort

746

00:34:15,670 --> 00:34:13,850

of protection around with me there's

747

00:34:18,550 --> 00:34:15,680

something to do with the sod all of us a

748

00:34:21,820 --> 00:34:18,560

it and today I'll say it represents the

749

00:34:23,800 --> 00:34:21,830

fact that you are protected and one that

750

00:34:25,510 --> 00:34:23,810

he used to go see that told me

751
00:34:29,050 --> 00:34:25,520
everything about my life that I'm doing

752
00:34:30,490 --> 00:34:29,060
now she said you are protected and you

753
00:34:33,580 --> 00:34:30,500
work for the dead she says oh you know

754
00:34:35,400 --> 00:34:33,590
you are even know it but you do and I've

755
00:34:38,650 --> 00:34:35,410
wondered throughout this investigation

756
00:34:41,680 --> 00:34:38,660
that I've been doing and you've been

757
00:34:44,380 --> 00:34:41,690
helping with if that's what she means

758
00:34:48,700 --> 00:34:44,390
because there's a person that we know

759
00:34:51,760 --> 00:34:48,710
that has been you know using names of

760
00:34:55,870 --> 00:34:51,770
dead celebrities to generate money for

761
00:34:58,390 --> 00:34:55,880
themselves and Ronnie Dugdale the other

762
00:35:00,400 --> 00:34:58,400
way I said do you think that they're all

763
00:35:01,960 --> 00:35:00,410

involved in this asset do you think that

764

00:35:04,420 --> 00:35:01,970

they're all pushing for this as well

765

00:35:06,340 --> 00:35:04,430

because the way that things have come to

766

00:35:10,060 --> 00:35:06,350

us has been it's been really ugly and

767

00:35:12,730 --> 00:35:10,070

hard all of the evidence has been like

768

00:35:14,590 --> 00:35:12,740

thrown out as pretty much you've had to

769

00:35:16,360 --> 00:35:14,600

be shown together it really hello mean

770

00:35:18,070 --> 00:35:16,370

yeah but the evidence part of it if it

771

00:35:20,670 --> 00:35:18,080

wasn't for the attacks it would have

772

00:35:24,130 --> 00:35:20,680

been easy it would have been snow easy

773

00:35:25,990 --> 00:35:24,140

and I think it just seems that the way

774

00:35:28,450 --> 00:35:26,000

that things have unfolded and I look

775

00:35:30,280 --> 00:35:28,460

back and I think nice so weird it came

776

00:35:33,310 --> 00:35:30,290

about like that and the timing of things

777

00:35:35,260 --> 00:35:33,320

you know something happens or I'm about

778

00:35:38,200 --> 00:35:35,270

to do something and something happens

779

00:35:39,940 --> 00:35:38,210

just before which totally boosts what

780

00:35:42,850 --> 00:35:39,950

I'm just about to do I'll put out

781

00:35:46,690 --> 00:35:42,860

so I've begun to think this has got a

782

00:35:49,540 --> 00:35:46,700

life of its own on the outside of me you

783

00:35:51,310 --> 00:35:49,550

know that's not just do with anything to

784

00:35:55,510 --> 00:35:51,320

do with anyone in the community but

785

00:35:57,010 --> 00:35:55,520

maybe in the community on the other side

786

00:35:59,670 --> 00:35:57,020

because there's so many people dead

787

00:36:03,790 --> 00:35:59,680

people that are being used and abused

788

00:36:06,010 --> 00:36:03,800

from your name Fame yeah I I was one of

789

00:36:08,140 --> 00:36:06,020

them I would be really an angry and I'd

790

00:36:10,510 --> 00:36:08,150

be saying what is this guy doing know

791

00:36:12,400 --> 00:36:10,520

what i'ma do whatever I can to stop this

792

00:36:16,270 --> 00:36:12,410

and then you know it just feels that

793

00:36:17,890 --> 00:36:16,280

that's how it's been well I I it's not

794

00:36:19,920 --> 00:36:17,900

that I've decided to believe in the

795

00:36:21,740 --> 00:36:19,930

afterlife is like about you

796

00:36:26,250 --> 00:36:21,750

been that many things that have happened

797

00:36:30,990 --> 00:36:26,260

like a cat I can't not anymore it's like

798

00:36:33,900 --> 00:36:31,000

it's almost as if I say if I said I'm

799

00:36:36,060 --> 00:36:33,910

not sure all of those people that I have

800

00:36:38,280 --> 00:36:36,070

known we'll all be screaming at me and

801
00:36:44,640 --> 00:36:38,290
laughing at me like right in front of

802
00:36:47,340 --> 00:36:44,650
you I mean I felt quite alone a lot of

803
00:36:49,230 --> 00:36:47,350
times because oh you know at one point I

804
00:36:53,160 --> 00:36:49,240
was solving on the other side if you

805
00:36:54,840 --> 00:36:53,170
like but I don't you don't think you

806
00:36:58,110 --> 00:36:54,850
understand now that I was looking for

807
00:37:00,570 --> 00:36:58,120
the truth in the house story the wrong

808
00:37:04,860 --> 00:37:00,580
side for the number of years as you did

809
00:37:07,740 --> 00:37:04,870
as well there's been a whole lot of us

810
00:37:11,340 --> 00:37:07,750
have done the same thing but um and you

811
00:37:13,710 --> 00:37:11,350
do get caught up in attacked you in such

812
00:37:15,660 --> 00:37:13,720
a way but I know I was you do sort of

813
00:37:18,150 --> 00:37:15,670

make messages of support and things for

814

00:37:21,360 --> 00:37:18,160

the other party you think you're doing

815

00:37:22,950 --> 00:37:21,370

the right thing because you're because

816

00:37:24,950 --> 00:37:22,960

you're relying on those lies that you've

817

00:37:27,210 --> 00:37:24,960

been told from the other side you know

818

00:37:31,560 --> 00:37:27,220

it's only when you come to realize those

819

00:37:33,630 --> 00:37:31,570

lies for yourself you know which is what

820

00:37:35,850 --> 00:37:33,640

happened with me yeah well I thought you

821

00:37:37,260 --> 00:37:35,860

were being disingenuous and hoppin

822

00:37:39,480 --> 00:37:37,270

around people and I was like what are

823

00:37:41,460 --> 00:37:39,490

you up to David you know and you were

824

00:37:43,440 --> 00:37:41,470

actually doing what everybody should

825

00:37:46,200 --> 00:37:43,450

have done and then talk to everybody and

826
00:37:48,800 --> 00:37:46,210
and then when you realize what's going

827
00:37:51,510 --> 00:37:48,810
on like you didn't like many other

828
00:37:53,130 --> 00:37:51,520
clear-thinking people did they looked at

829
00:37:54,420 --> 00:37:53,140
the everything they now evil me at

830
00:37:56,610 --> 00:37:54,430
whiffs we've seen evidence of it now

831
00:37:58,530 --> 00:37:56,620
even still I think what we ought to do

832
00:37:59,730 --> 00:37:58,540
session is actually clarify for anyone

833
00:38:03,080 --> 00:37:59,740
that doesn't know too much about the

834
00:38:06,120 --> 00:38:03,090
Rendlesham burn under the RFI incident

835
00:38:09,930 --> 00:38:06,130
just go through a lot of the or some of

836
00:38:12,000 --> 00:38:09,940
the details that are known and so people

837
00:38:15,000 --> 00:38:12,010
know what we're talking about it was

838
00:38:21,600 --> 00:38:15,010

under 26 kick it off and then you can

839

00:38:24,450 --> 00:38:21,610

know most of it it's under 26 of

840

00:38:26,160 --> 00:38:24,460

December 1980 and it was a boxing day in

841

00:38:28,140 --> 00:38:26,170

the early hours of the 26th of December

842

00:38:30,570 --> 00:38:28,150

strange lights are seen coming for a

843

00:38:32,880 --> 00:38:30,580

renders from forest by an airman first

844

00:38:33,809 --> 00:38:32,890

class named John Burroughs is law

845

00:38:35,910 --> 00:38:33,819

enforcement

846

00:38:38,459 --> 00:38:35,920

burro's have been controlling patrol in

847

00:38:39,809 --> 00:38:38,469

the Woodbridge well sorry patrolling

848

00:38:41,939 --> 00:38:39,819

Woodbridge and was close to the east

849

00:38:44,370 --> 00:38:41,949

gate sometimes known as the back gate

850

00:38:46,769 --> 00:38:44,380

the lights were just from that location

851
00:38:49,019 --> 00:38:46,779
and lights were red and blue at the red

852
00:38:51,479 --> 00:38:49,029
light above the blue flashing on and off

853
00:38:53,579 --> 00:38:51,489
Burroughs alerted his supervisor staff

854
00:38:56,880 --> 00:38:53,589
sergeant but stiffens and both men

855
00:38:59,969 --> 00:38:56,890
watched in amazement Burroughs had been

856
00:39:01,559 --> 00:38:59,979
stationed there for around 17 months his

857
00:39:03,539 --> 00:39:01,569
first four thoughts were of a downed

858
00:39:06,209 --> 00:39:03,549
aircraft but not one of the eight ins

859
00:39:09,289 --> 00:39:06,219
has now we're flying security at the

860
00:39:11,519 --> 00:39:09,299
base for being a major issue that's on

861
00:39:13,049 --> 00:39:11,529
Burroughs the Stephan's a lot the

862
00:39:14,640 --> 00:39:13,059
combination a lot of the east gate and

863
00:39:16,949 --> 00:39:14,650

they drove a couple of hundred yards or

864

00:39:18,779 --> 00:39:16,959

so down the public road then they turned

865

00:39:20,579 --> 00:39:18,789

right and draw the further ten or twenty

866

00:39:23,219 --> 00:39:20,589

yards before reaching a left toe where a

867

00:39:26,189 --> 00:39:23,229

small tract led into the forest at this

868

00:39:28,109 --> 00:39:26,199

point a white light was visible as well

869

00:39:29,880 --> 00:39:28,119

as the red and blue lights the white

870

00:39:32,339 --> 00:39:29,890

light was particularly old and seen

871

00:39:35,519 --> 00:39:32,349

coming towards them believing this could

872

00:39:36,900 --> 00:39:35,529

be a major security breach they decided

873

00:39:39,089 --> 00:39:36,910

to head back to the east gate and call

874

00:39:41,759 --> 00:39:39,099

the incident in using the landline in

875

00:39:43,589 --> 00:39:41,769

the back check in the gold check s their

876

00:39:46,499 --> 00:39:43,599

pocket radios were known to be insecure

877

00:39:48,719 --> 00:39:46,509

and susceptible to scanners burrows

878

00:39:51,120 --> 00:39:48,729

boats at a law enforcement duty desk

879

00:39:52,859 --> 00:39:51,130

sergeant sergeant crash McCabe and

880

00:39:55,769 --> 00:39:52,869

explained what was happening

881

00:39:57,870 --> 00:39:55,779

Stephan's confirmed what staff sergeant

882

00:39:58,519 --> 00:39:57,880

burrows was saying no sorry burrows were

883

00:40:01,259 --> 00:39:58,529

saying

884

00:40:03,299 --> 00:40:01,269

McCabe suspected a downed aircraft also

885

00:40:06,209 --> 00:40:03,309

and passed a problem on to Staff

886

00:40:09,599 --> 00:40:06,219

Sergeant John coffee coffee then called

887

00:40:12,660 --> 00:40:09,609

on duty their flight chief at RAF

888

00:40:16,229 --> 00:40:12,670

Woodbridge was named Staff Sergeant Jim

889

00:40:17,640 --> 00:40:16,239

Penniston or James Penniston Pesta

890

00:40:19,199 --> 00:40:17,650

wasn't briefed about walks hitting him

891

00:40:22,729 --> 00:40:19,209

but was told to proceed with his rider

892

00:40:24,870 --> 00:40:22,739

in my first class it would in Capon sake

893

00:40:26,640 --> 00:40:24,880

driving to the east gate with blue

894

00:40:29,189 --> 00:40:26,650

lights flashing to rendezvoused with the

895

00:40:31,529 --> 00:40:29,199

police for and police five the costars

896

00:40:34,499 --> 00:40:31,539

for burrows the Stephan's don't be able

897

00:40:37,309 --> 00:40:34,509

to take you over from there Sascha with

898

00:40:40,170 --> 00:40:37,319

Arkansas didn't eject here and there and

899

00:40:41,430 --> 00:40:40,180

off to investigate these lights in the

900

00:40:43,739 --> 00:40:41,440

forest yeah

901
00:40:45,989 --> 00:40:43,749
and they set up a little relay so

902
00:40:47,370 --> 00:40:45,999
there's Kevin sack that their Jeep and

903
00:40:50,249 --> 00:40:47,380
there's John in between

904
00:40:53,670 --> 00:40:50,259
and there's Jim who's headed up from an

905
00:40:58,380 --> 00:40:53,680
ease come across a delta wing shape can

906
00:41:02,690 --> 00:40:58,390
a pyramidal object that was dense made

907
00:41:05,190 --> 00:41:02,700
of a dense black material but polite

908
00:41:05,880 --> 00:41:05,200
underneath it it looked like it was a

909
00:41:08,430 --> 00:41:05,890
bomb

910
00:41:10,079 --> 00:41:08,440
well it was looks like it was above the

911
00:41:12,450 --> 00:41:10,089
ground but then it turns out that there

912
00:41:14,880 --> 00:41:12,460
were some markings in the ground which

913
00:41:20,519 --> 00:41:14,890

is just say it was actually stood on

914

00:41:22,259 --> 00:41:20,529

some sort of leg legs three of them was

915

00:41:25,799 --> 00:41:22,269

put back by remark from Stephan's he

916

00:41:27,660 --> 00:41:25,809

said it didn't crash it ended yeah so

917

00:41:29,779 --> 00:41:27,670

maybe London max we could call them and

918

00:41:33,089 --> 00:41:29,789

there were indentations in the soil so

919

00:41:34,470 --> 00:41:33,099

and and it wasn't the entire shape of

920

00:41:37,019 --> 00:41:34,480

the objects it was just three in the

921

00:41:40,799 --> 00:41:37,029

small indentations so it's not suggest

922

00:41:42,960 --> 00:41:40,809

that it had legs or some kind of you

923

00:41:46,759 --> 00:41:42,970

know thing to lift it off the ground and

924

00:41:48,720 --> 00:41:46,769

it had markings on the side of it which

925

00:41:52,170 --> 00:41:48,730

people described as being like

926
00:41:56,569 --> 00:41:52,180
hieroglyphics and they were etched into

927
00:41:58,650 --> 00:41:56,579
the material that it was made from which

928
00:42:00,269 --> 00:41:58,660
kind of makes me think it was made from

929
00:42:03,089 --> 00:42:00,279
black cobalt glass because that can

930
00:42:04,499 --> 00:42:03,099
actually retain I am just astrology has

931
00:42:06,749 --> 00:42:04,509
been like a card glass-like material

932
00:42:09,630 --> 00:42:06,759
yeah yeah and it's the only substance

933
00:42:12,150 --> 00:42:09,640
that doesn't discharge ion so you you

934
00:42:14,700 --> 00:42:12,160
know you can build a pyramid just the

935
00:42:17,130 --> 00:42:14,710
ions will stack and eventually there

936
00:42:20,430 --> 00:42:17,140
will be enough collected for these

937
00:42:22,829 --> 00:42:20,440
objects to actually be able to lift off

938
00:42:24,990 --> 00:42:22,839

the ground and take off I don't know how

939

00:42:27,630 --> 00:42:25,000

far out faster whatever but they would

940

00:42:33,269 --> 00:42:27,640

be able to gain some sort of lift and be

941

00:42:34,799 --> 00:42:33,279

maneuverable at least you know short

942

00:42:37,799 --> 00:42:34,809

distance from the ground

943

00:42:39,900 --> 00:42:37,809

that's just speculative the best is

944

00:42:43,640 --> 00:42:39,910

based on you know some sort of physics

945

00:42:47,999 --> 00:42:44,880

speed

946

00:42:51,559 --> 00:42:48,009

impossible didn't he yeah ties up with

947

00:42:54,900 --> 00:42:51,569

what you just said remembered

948

00:42:56,970 --> 00:42:54,910

unfortunately they were all probably

949

00:43:00,660 --> 00:42:56,980

drugged and mastered the memories masked

950

00:43:02,789 --> 00:43:00,670

with so we don't you know I don't think

951
00:43:04,500 --> 00:43:02,799
can be quite sure about her speed of

952
00:43:08,880 --> 00:43:04,510
taking off for whatever that could just

953
00:43:11,910 --> 00:43:08,890
be a a false memory and that's being

954
00:43:14,430 --> 00:43:11,920
speculated before I'm not you know I but

955
00:43:16,620 --> 00:43:14,440
I actually believe everything about Jim

956
00:43:20,940 --> 00:43:16,630
story until we get to the binary which I

957
00:43:25,620 --> 00:43:20,950
very trouble digesting but everything

958
00:43:28,859 --> 00:43:25,630
about that part of it when he's stood

959
00:43:30,390 --> 00:43:28,869
there and drawing me the glyphs that are

960
00:43:33,539 --> 00:43:30,400
on the side of it if you look at his

961
00:43:35,370 --> 00:43:33,549
notebook you can see I'm like he was

962
00:43:37,230 --> 00:43:35,380
either terrified I totally pumped full

963
00:43:41,130 --> 00:43:37,240

of adrenaline probably both I would have

964

00:43:44,730 --> 00:43:41,140

been all I was so you know you can see

965

00:43:47,370 --> 00:43:44,740

that they the wobbles indicate his hands

966

00:43:49,559 --> 00:43:47,380

were shaking so you know I mean things

967

00:43:50,940 --> 00:43:49,569

like that just kind of length readers we

968

00:43:52,920 --> 00:43:50,950

know this are some lights because they

969

00:43:54,720 --> 00:43:52,930

weren't the only people to see it John

970

00:43:59,579 --> 00:43:54,730

says they on Iran this our lights Jim

971

00:44:01,289 --> 00:43:59,589

says he saw the craft yeah so then you

972

00:44:04,940 --> 00:44:01,299

know deceive it takes off at high speed

973

00:44:07,650 --> 00:44:04,950

or whatever happens at that moment ends

974

00:44:09,450 --> 00:44:07,660

which the next person said they saw

975

00:44:10,740 --> 00:44:09,460

Burroughs engulfed in a huge beam of

976
00:44:13,470 --> 00:44:10,750
light which appear to be coming from

977
00:44:18,240 --> 00:44:13,480
above an imp innocence or what first

978
00:44:19,589 --> 00:44:18,250
been a sphere of light in front of well

979
00:44:24,870 --> 00:44:19,599
I don't know where that came from

980
00:44:28,950 --> 00:44:24,880
it sees description somewhere it's not

981
00:44:31,890 --> 00:44:28,960
in these original statement in golf job

982
00:44:37,440 --> 00:44:31,900
and no yeah I think that could be his

983
00:44:39,329 --> 00:44:37,450
hypnosis recollections like this is the

984
00:44:45,809 --> 00:44:39,339
problem is a hold of the RFI is that you

985
00:44:49,579 --> 00:44:45,819
get different renditions whenever you

986
00:44:51,859 --> 00:44:49,589
know that the testing are these kind of

987
00:44:54,480 --> 00:44:51,869
mind-control techniques and

988
00:44:55,740 --> 00:44:54,490

super-soldier blah you know I don't

989

00:44:57,839 --> 00:44:55,750

believe I'll super soldiers on the

990

00:44:59,970 --> 00:44:57,849

internet but I do believe that their

991

00:45:03,059 --> 00:44:59,980

military would actually be trying to

992

00:45:06,390 --> 00:45:03,069

create some sort of you know like

993

00:45:08,069 --> 00:45:06,400

Robocop I mean there's a description

994

00:45:12,890 --> 00:45:08,079

also of them walking through like a

995

00:45:16,440 --> 00:45:14,460

resistance from how much

996

00:45:18,450 --> 00:45:16,450

magnetic field that they were in John

997

00:45:20,609 --> 00:45:18,460

Vasquez describes that as well when he

998

00:45:22,380 --> 00:45:20,619

was involved at Fort Benning which was

999

00:45:26,099 --> 00:45:22,390

another incident that was very similar

1000

00:45:27,510 --> 00:45:26,109

but four years before and the only way

1001
00:45:30,810 --> 00:45:27,520
that they could get through this treacle

1002
00:45:32,609 --> 00:45:30,820
like wall was by lighting flares and of

1003
00:45:34,890 --> 00:45:32,619
course that kinetic energy disturbed

1004
00:45:37,010 --> 00:45:34,900
discharges the ions which was why they

1005
00:45:39,150 --> 00:45:37,020
could actually make movement forward

1006
00:45:40,920 --> 00:45:39,160
because it would just clear a little

1007
00:45:43,859 --> 00:45:40,930
space and then they could push forward

1008
00:45:45,630 --> 00:45:43,869
and just keep blasting the ions and then

1009
00:45:47,910 --> 00:45:45,640
they said that he said that they were

1010
00:45:49,620 --> 00:45:47,920
sat down on the side of the road and

1011
00:45:52,010 --> 00:45:49,630
looking up and the sky was spinning and

1012
00:45:55,620 --> 00:45:52,020
that's another effect of electromagnetic

1013
00:45:59,580 --> 00:45:55,630

radiation as well in this scale away of

1014

00:46:03,510 --> 00:45:59,590

kind of stuff it's all very high-tech

1015

00:46:06,270 --> 00:46:03,520

and I you know I found some documents

1016

00:46:09,810 --> 00:46:06,280

online that that prove that the military

1017

00:46:13,710 --> 00:46:09,820

and the Department of nuclear Affairs

1018

00:46:15,900 --> 00:46:13,720

had commissioned some tests which got

1019

00:46:19,170 --> 00:46:15,910

got to be very kind of high-tech and a

1020

00:46:21,240 --> 00:46:19,180

bit book Rodgers and there were people

1021

00:46:25,050 --> 00:46:21,250

like Jake are involved in it you know so

1022

00:46:27,060 --> 00:46:25,060

this really happened and I had in mind

1023

00:46:28,800 --> 00:46:27,070

that that's what was happening at

1024

00:46:30,390 --> 00:46:28,810

Rendlesham it was in the right area is

1025

00:46:36,780 --> 00:46:30,400

in the right year it was the right kind

1026
00:46:38,790 --> 00:46:36,790
of situation but I wasn't where so you

1027
00:46:40,470 --> 00:46:38,800
know this is the problem isn't it it's

1028
00:46:45,810 --> 00:46:40,480
yeah we can only go by what the

1029
00:46:48,060 --> 00:46:45,820
witnesses experiences were it was some

1030
00:46:51,510 --> 00:46:48,070
kind of like really really sci-fi

1031
00:46:53,970 --> 00:46:51,520
high-tech test it was set up for them to

1032
00:46:57,000 --> 00:46:53,980
believe that this was a real event this

1033
00:46:59,460 --> 00:46:57,010
was real you know it was you know these

1034
00:47:03,150 --> 00:46:59,470
realistic situations to assess enemy

1035
00:47:04,140 --> 00:47:03,160
response and officer attitude so you

1036
00:47:05,970 --> 00:47:04,150
know they wanted to know what people

1037
00:47:07,589 --> 00:47:05,980
would do in this particular kind of

1038
00:47:09,720 --> 00:47:07,599

situation so that is why they were

1039

00:47:11,700 --> 00:47:09,730

generating the situation is the early

1040

00:47:14,099 --> 00:47:11,710

situation that they were not happy or

1041

00:47:16,770 --> 00:47:14,109

protected or convinced that they were

1042

00:47:19,980 --> 00:47:16,780

protected would be an aerial attack say

1043

00:47:22,079 --> 00:47:19,990

a group of helicopters coming in holding

1044

00:47:23,730 --> 00:47:22,089

the base hostage stealing some nuclear

1045

00:47:25,320 --> 00:47:23,740

weapons and flying out again you know

1046

00:47:27,359 --> 00:47:25,330

that was one of the scenarios that they

1047

00:47:28,320 --> 00:47:27,369

proposed that they were not prepared for

1048

00:47:30,300 --> 00:47:28,330

so

1049

00:47:32,120 --> 00:47:30,310

it got a little bit wild because they

1050

00:47:34,770 --> 00:47:32,130

were using a lot of electromagnetic

1051
00:47:37,190 --> 00:47:34,780
weaponry and research and development

1052
00:47:40,200 --> 00:47:37,200
was you know off he said at that side

1053
00:47:42,240 --> 00:47:40,210
but the Wild West really and it really

1054
00:47:44,220 --> 00:47:42,250
was because this is of looks into it and

1055
00:47:46,350 --> 00:47:44,230
this is what was going on but you know

1056
00:47:50,730 --> 00:47:46,360
and I I said I think that's what

1057
00:47:53,640 --> 00:47:50,740
happened at Rendlesham so you know it

1058
00:47:54,810 --> 00:47:53,650
would appear to be all that but even you

1059
00:47:56,220 --> 00:47:54,820
know I'm not going to get into arguments

1060
00:47:58,110 --> 00:47:56,230
with people and watching they lived it

1061
00:48:02,400 --> 00:47:58,120
because it's just not my place so but

1062
00:48:04,500 --> 00:48:02,410
that his thoughts you know so then the

1063
00:48:06,300 --> 00:48:04,510

second night was an incident with a

1064

00:48:10,650 --> 00:48:06,310

lieutenant sampling it was a female

1065

00:48:13,350 --> 00:48:10,660

officer who was driving to the base I

1066

00:48:15,960 --> 00:48:13,360

think she was going on duty and a blue

1067

00:48:18,780 --> 00:48:15,970

sphere of light entered her vehicle and

1068

00:48:21,650 --> 00:48:18,790

she completely freaked out and jumped

1069

00:48:25,470 --> 00:48:21,660

out the vehicle and was totally you know

1070

00:48:27,000 --> 00:48:25,480

hysterically frightened and actually you

1071

00:48:29,010 --> 00:48:27,010

know she didn't she wasn't on duty that

1072

00:48:32,460 --> 00:48:29,020

night don't know anymore about nobody

1073

00:48:33,330 --> 00:48:32,470

really knows anything else and if they

1074

00:48:35,340 --> 00:48:33,340

do they're not putting it forward

1075

00:48:37,800 --> 00:48:35,350

because you know I would she wants to be

1076

00:48:41,940 --> 00:48:37,810

part of this craziness anyway so the

1077

00:48:44,880 --> 00:48:41,950

third night is when the phenomena

1078

00:48:48,840 --> 00:48:44,890

returns and Colonel Hall is pulled from

1079

00:48:52,440 --> 00:48:48,850

his the Proceedings of a Christmas party

1080

00:48:56,700 --> 00:48:52,450

it was a Woodbridge and he went back to

1081

00:48:59,400 --> 00:48:56,710

his wherever he lived got a tape

1082

00:49:02,430 --> 00:48:59,410

recorder got changed and went out with

1083

00:49:07,850 --> 00:49:02,440

Adrian Boston's and other people so I

1084

00:49:09,840 --> 00:49:07,860

think sergeant Swift and ball etc and

1085

00:49:11,460 --> 00:49:09,850

that's when they were following the

1086

00:49:15,510 --> 00:49:11,470

lights through the trees and he saw the

1087

00:49:17,790 --> 00:49:15,520

big red kind of blinking eye and you

1088

00:49:19,770 --> 00:49:17,800

know little white lights and red lights

1089

00:49:21,800 --> 00:49:19,780

kind of moving through the trees and

1090

00:49:25,200 --> 00:49:21,810

beams of light coming down from the sky

1091

00:49:28,050 --> 00:49:25,210

but all that stuff and that's where they

1092

00:49:30,570 --> 00:49:28,060

whole tape came into being because he

1093

00:49:32,460 --> 00:49:30,580

took his dictaphone with him recorded

1094

00:49:37,380 --> 00:49:32,470

himself talking well these this

1095

00:49:39,090 --> 00:49:37,390

phenomena was occurring so yep that's

1096

00:49:42,000 --> 00:49:39,100

basically the Rendlesham forest

1097

00:49:44,160 --> 00:49:42,010

incidents and do you believe that

1098

00:49:51,950 --> 00:49:44,170

when I spots Colonel hull and he'd said

1099

00:49:57,060 --> 00:49:54,599

you know he does think that that whole

1100

00:50:00,660 --> 00:49:57,070

area is a bit like the skinwalker ranch

1101

00:50:04,200 --> 00:50:00,670

which because of all the other phenomena

1102

00:50:06,359 --> 00:50:04,210

that's been seen there as we've been

1103

00:50:09,000 --> 00:50:06,369

talking about you know the other thing

1104

00:50:11,250 --> 00:50:09,010

that gets me is when the burrows and

1105

00:50:12,780 --> 00:50:11,260

Penniston they vote something like 45

1106

00:50:16,940 --> 00:50:12,790

minutes missing time I don't know if

1107

00:50:22,470 --> 00:50:16,950

that's actually I think that's Jim's

1108

00:50:26,910 --> 00:50:22,480

guess and john disagrees he's pretty

1109

00:50:30,180 --> 00:50:26,920

sure I read that he thinks it was only a

1110

00:50:31,290 --> 00:50:30,190

matter of minutes that was a long time

1111

00:50:33,270 --> 00:50:31,300

ago though that was when we were all

1112

00:50:35,640 --> 00:50:33,280

talking to each other only land ocean

1113

00:50:38,370 --> 00:50:35,650

forest incident forum I'm pretty sure

1114

00:50:40,410 --> 00:50:38,380

there was a dispute with that so there's

1115

00:50:43,650 --> 00:50:40,420

little there's things you know but then

1116

00:50:49,970 --> 00:50:43,660

that could be by design as well when you

1117

00:50:54,960 --> 00:50:53,280

you said some the Burroughs confirms

1118

00:50:57,420 --> 00:50:54,970

both the missing time and the exact

1119

00:50:59,220 --> 00:50:57,430

figure the defect is our watches were

1120

00:51:01,590 --> 00:50:59,230

behind and the shift commander said we

1121

00:51:02,760 --> 00:51:01,600

were missing 45 minutes John burrows are

1122

00:51:14,160 --> 00:51:02,770

supposed to have said day on the course

1123

00:51:16,530 --> 00:51:14,170

your way research that I've been doing

1124

00:51:18,270 --> 00:51:16,540

and not the research into the

1125

00:51:20,490 --> 00:51:18,280

technologies and weaponry and all that

1126

00:51:23,820 --> 00:51:20,500

kind of stuff into the research of a

1127

00:51:29,280 --> 00:51:23,830

certain persons claims you know I'm

1128

00:51:31,560 --> 00:51:29,290

having to defrag my brain and memory and

1129

00:51:33,780 --> 00:51:31,570

get to another layout of it all again

1130

00:51:35,609 --> 00:51:33,790

because the things that I thought that

1131

00:51:38,460 --> 00:51:35,619

happened all in one place on one night

1132

00:51:40,290 --> 00:51:38,470

actually did happen for the most part

1133

00:51:42,630 --> 00:51:40,300

but there were smaller events in

1134

00:51:45,480 --> 00:51:42,640

different places to different people so

1135

00:51:47,730 --> 00:51:45,490

I've kind of got to get to know the

1136

00:51:50,160 --> 00:51:47,740

Rendlesham forest incident properly for

1137

00:51:52,440 --> 00:51:50,170

the first time ever because I believe

1138

00:51:54,750 --> 00:51:52,450

something that wasn't actually true so

1139

00:51:55,770 --> 00:51:54,760

it's you know it's an interesting

1140

00:51:58,440 --> 00:51:55,780

journey

1141

00:52:00,690 --> 00:51:58,450

yeah it's also a lot the second incident

1142

00:52:04,320 --> 00:52:00,700

now I've read I think it was a nick

1143

00:52:06,720 --> 00:52:04,330

Pope's book he says there that's that

1144

00:52:08,490 --> 00:52:06,730

second incident happened on the same

1145

00:52:09,320 --> 00:52:08,500

night as the first incident but a bit

1146

00:52:11,970 --> 00:52:09,330

later

1147

00:52:15,600 --> 00:52:11,980

so this is where some confusion comes in

1148

00:52:17,430 --> 00:52:15,610

about the data thing on Miranda because

1149

00:52:21,360 --> 00:52:17,440

I think the date was actually wrong they

1150

00:52:30,660 --> 00:52:21,370

put down on it is confirmed that yeah

1151

00:52:33,540 --> 00:52:30,670

what was it yeah I know I know it's just

1152

00:52:35,730 --> 00:52:33,550

a change he's overnight think you might

1153

00:52:37,620 --> 00:52:35,740

have actually what did he put there

1154

00:52:40,140 --> 00:52:37,630

under 27th I think it was or something

1155

00:52:41,940 --> 00:52:40,150

I can't remember the exact date was but

1156

00:52:44,010 --> 00:52:41,950

yeah there seems to be a bit of an

1157

00:52:46,170 --> 00:52:44,020

anomaly about that they the actual

1158

00:52:48,810 --> 00:52:46,180

happening where where a shift starts in

1159

00:52:51,510 --> 00:52:48,820

the in the side of 26 and goes into the

1160

00:52:57,810 --> 00:52:51,520

27th overnight it changes done at

1161

00:53:00,270 --> 00:52:57,820

midnight so yeah because it was all over

1162

00:53:05,100 --> 00:53:00,280

allegedly by the morning of the 28th

1163

00:53:06,720 --> 00:53:05,110

with us as 27th a night yeah which is

1164

00:53:08,040 --> 00:53:06,730

obviously when this person said they

1165

00:53:12,390 --> 00:53:08,050

were on their way back from Germany so

1166

00:53:13,830 --> 00:53:12,400

they couldn't have been there yeah yeah

1167

00:53:18,570 --> 00:53:13,840

it's only it's all new to me

1168

00:53:21,690 --> 00:53:18,580

really because like her spot to ronnie

1169

00:53:23,610 --> 00:53:21,700

Dugdale on my own show recently and he

1170

00:53:26,510 --> 00:53:23,620

told me we're capable Green was and it's

1171

00:53:30,090 --> 00:53:26,520

not where it's not the farmers field and

1172

00:53:32,430 --> 00:53:30,100

you know that area has become known as

1173

00:53:36,600 --> 00:53:32,440

the capable Green now because of you

1174

00:53:39,570 --> 00:53:36,610

know the book left at Eastgate but in

1175

00:53:46,770 --> 00:53:39,580

actual fact it was not there it was a

1176

00:53:50,490 --> 00:53:46,780

small kind of mound yeah a different

1177

00:53:53,820 --> 00:53:50,500

side to it yeah so it's all it's all

1178

00:53:56,010 --> 00:53:53,830

confusing to me now that's of

1179

00:53:57,750 --> 00:53:56,020

discoloration that's in in the in the

1180

00:53:59,520 --> 00:53:57,760

farmer's field but she's the Condon up

1181

00:54:01,460 --> 00:53:59,530

in his capable green that discoloration

1182

00:54:05,550 --> 00:54:01,470

was there back in the 50s wasn't it so

1183

00:54:07,050 --> 00:54:05,560

yeah Ronnie sent me a photograph last

1184

00:54:09,480 --> 00:54:07,060

year sometime

1185

00:54:12,420 --> 00:54:09,490

Ronnie Dugdale and it

1186

00:54:15,540 --> 00:54:12,430

outlines say the circle in the field and

1187

00:54:18,420 --> 00:54:15,550

the photograph was taken in 1957 mmm

1188

00:54:21,120 --> 00:54:18,430

yeah so all these claims about a ship

1189

00:54:23,130 --> 00:54:21,130

landing something knows happened there

1190

00:54:25,320 --> 00:54:23,140

and they Thunder stand up all y-you know

1191

00:54:27,390 --> 00:54:25,330

the the soil samples that Peter Robbins

1192

00:54:30,870 --> 00:54:27,400

said have come back as you know there's

1193

00:54:33,750 --> 00:54:30,880

been some extreme heat but then it was

1194

00:54:36,210 --> 00:54:33,760

you know an area where there was a lot

1195

00:54:38,460 --> 00:54:36,220

of activity where it could have been a

1196

00:54:41,090 --> 00:54:38,470

kiln or it could have been some sort of

1197

00:54:43,620 --> 00:54:41,100

ironworks our copper works or whatever

1198

00:54:46,290 --> 00:54:43,630

there are a lot of burrows around there

1199

00:54:49,560 --> 00:54:46,300

and grave sites there's been a lot of

1200

00:54:51,780 --> 00:54:49,570

battles for Sutton Hoo and that's not

1201
00:54:53,880 --> 00:54:51,790
too far down the road is there and it's

1202
00:54:57,450 --> 00:54:53,890
it's absolutely rife with history and

1203
00:55:01,350 --> 00:54:57,460
there's always a life there and Martha

1204
00:55:04,340 --> 00:55:01,360
than it does now so it could have been

1205
00:55:06,390 --> 00:55:04,350
one of a number of things all

1206
00:55:10,170 --> 00:55:06,400
interesting archaeologically speaking

1207
00:55:12,420 --> 00:55:10,180
but nothing unfortunately nothing to do

1208
00:55:14,040 --> 00:55:12,430
with that but you know what's

1209
00:55:16,920 --> 00:55:14,050
interesting there David

1210
00:55:21,150 --> 00:55:16,930
he's one peter robbins went but to

1211
00:55:24,720 --> 00:55:21,160
Rendlesham forest that first time they

1212
00:55:26,040 --> 00:55:24,730
actually did have a UFO event then and

1213
00:55:28,380 --> 00:55:26,050

that's that's the part on the

1214

00:55:31,710 --> 00:55:28,390

conversation on the recording that they

1215

00:55:36,450 --> 00:55:31,720

made so you know they they ever again

1216

00:55:39,780 --> 00:55:36,460

but I mean this our personnel army army

1217

00:55:41,700 --> 00:55:39,790

our US Air Force personnel as well as

1218

00:55:43,710 --> 00:55:41,710

the phenomena so that says to me it

1219

00:55:48,390 --> 00:55:43,720

wasn't really the phenomena Callejas I

1220

00:55:49,859 --> 00:55:48,400

think it was probably something get away

1221

00:55:51,720 --> 00:55:49,869

with it if you're going to be doing

1222

00:55:53,640 --> 00:55:51,730

something pookie you're going to get

1223

00:55:56,310 --> 00:55:53,650

away with it in an area where people are

1224

00:55:58,050 --> 00:55:56,320

used to seeing things that are kooky but

1225

00:55:59,640 --> 00:55:58,060

so that it's it's all very real on

1226

00:56:00,720 --> 00:55:59,650

example into you know whatever it is I'm

1227

00:56:03,000 --> 00:56:00,730

never going to take that away from

1228

00:56:05,130 --> 00:56:03,010

people is trauma I think I've been

1229

00:56:07,530 --> 00:56:05,140

traumatized by the phenomena myself I

1230

00:56:10,020 --> 00:56:07,540

completely understand that and and I

1231

00:56:12,420 --> 00:56:10,030

even say and my perceptions was that

1232

00:56:14,940 --> 00:56:12,430

when we saw this UFO it was actually

1233

00:56:17,310 --> 00:56:14,950

aliens inside it because that's the

1234

00:56:20,400 --> 00:56:17,320

narrative that's the pop culture story

1235

00:56:22,890 --> 00:56:20,410

you know it would be these these plane

1236

00:56:25,650 --> 00:56:22,900

saucers they've got aliens in them

1237

00:56:28,859 --> 00:56:25,660

you know so it was very destabilizing

1238

00:56:31,470 --> 00:56:28,869

and deconstructing it over time you know

1239

00:56:34,529 --> 00:56:31,480

at first it was like mind blowing but

1240

00:56:36,359 --> 00:56:34,539

then you don't actually feel that until

1241

00:56:38,849 --> 00:56:36,369

it reverberates through you know you

1242

00:56:41,370 --> 00:56:38,859

have all the horrible realizations of

1243

00:56:43,470 --> 00:56:41,380

and then lose youth can a sense of

1244

00:56:47,010 --> 00:56:43,480

security and sense of knowing if what

1245

00:56:48,510 --> 00:56:47,020

things are you know so you go through

1246

00:56:50,160 --> 00:56:48,520

about whether it's real or not because

1247

00:56:52,500 --> 00:56:50,170

it's your perception and that could have

1248

00:56:55,260 --> 00:56:52,510

been some kind of exotic technology that

1249

00:56:57,720 --> 00:56:55,270

the military in Wales would test in they

1250

00:56:59,700 --> 00:56:57,730

did that to us on purpose they hovered

1251
00:57:02,190 --> 00:56:59,710
right above us on perfect purpose and

1252
00:57:05,240 --> 00:57:02,200
terrified the life out of us on purpose

1253
00:57:09,510 --> 00:57:05,250
so that's just as difficult to accept as

1254
00:57:10,500 --> 00:57:09,520
aliens basically and also I mean they

1255
00:57:11,970 --> 00:57:10,510
could have actually kicked something

1256
00:57:14,279 --> 00:57:11,980
else off couldn't it's um it's a

1257
00:57:16,289 --> 00:57:14,289
dimension order because he interfered

1258
00:57:19,650 --> 00:57:16,299
with something it's brought something

1259
00:57:24,240 --> 00:57:19,660
else into the interplay its they had the

1260
00:57:25,980 --> 00:57:24,250
nuclear arms treaty from 79 to 89 which

1261
00:57:30,089 --> 00:57:25,990
was nobody could use on see ballistic

1262
00:57:33,140 --> 00:57:30,099
missiles so in that 10-year period there

1263
00:57:35,700 --> 00:57:33,150

was a lot of R&D into electromagnetic

1264

00:57:40,670 --> 00:57:35,710

kind of electric using electricity or

1265

00:57:43,650 --> 00:57:40,680

magnets basically to create weapons to

1266

00:57:45,390 --> 00:57:43,660

stop a nuclear attack scale away that

1267

00:57:47,010 --> 00:57:45,400

kind of thing they were all being

1268

00:57:49,319 --> 00:57:47,020

working that's the kind of technology

1269

00:57:51,000 --> 00:57:49,329

that I'm talking about so it's entirely

1270

00:57:52,650 --> 00:57:51,010

possible that there were some one kind

1271

00:57:55,980 --> 00:57:52,660

of research and development going on in

1272

00:57:58,200 --> 00:57:55,990

that area too because it the area is

1273

00:58:01,920 --> 00:57:58,210

known to be very weird and it always has

1274

00:58:03,180 --> 00:58:01,930

been and if you could just people would

1275

00:58:05,450 --> 00:58:03,190

see something and just think that

1276
00:58:09,450 --> 00:58:05,460
there's seen some of the phenomena so

1277
00:58:11,250 --> 00:58:09,460
you know Jerry's out for me really well

1278
00:58:12,990 --> 00:58:11,260
as I've said many times I've seen plenty

1279
00:58:14,940 --> 00:58:13,000
of weird stuff earlier with those

1280
00:58:16,859 --> 00:58:14,950
pictures and my own pictures and things

1281
00:58:20,180 --> 00:58:16,869
being in the in the woods in the middle

1282
00:58:22,410 --> 00:58:20,190
of night so three o'clock in the morning

1283
00:58:29,849 --> 00:58:22,420
change change goings on the earth

1284
00:58:32,039 --> 00:58:29,859
definitely yeah and Brenda's he likes a

1285
00:58:36,270 --> 00:58:32,049
good look at stared at Brenda's if he

1286
00:58:39,270 --> 00:58:36,280
could have stay there okay yeah

1287
00:58:41,160 --> 00:58:39,280
oh there's a think about that you

1288
00:58:43,980 --> 00:58:41,170

Minister winning that night after and

1289

00:58:46,410 --> 00:58:43,990

took some plaster of Paris and the

1290

00:58:48,270 --> 00:58:46,420

that's report it into the three holes

1291

00:58:50,430 --> 00:58:48,280

waiting around for an hour for the mixer

1292

00:58:53,310 --> 00:58:50,440

to set then remove the cast of placed in

1293

00:58:54,390 --> 00:58:53,320

his knapsack apparently a couple of

1294

00:58:57,660 --> 00:58:54,400

hours went missing didn't though he's

1295

00:58:59,070 --> 00:58:57,670

one went missing later to Colonel Holt

1296

00:59:00,540 --> 00:58:59,080

we're missing I think I think Colonel

1297

00:59:04,590 --> 00:59:00,550

Holt still got one though I'm hoping

1298

00:59:06,840 --> 00:59:04,600

he'll bring it to the conference sir but

1299

00:59:08,070 --> 00:59:06,850

you said he has trouble with the getting

1300

00:59:11,790 --> 00:59:08,080

into the country and everything and

1301
00:59:17,370 --> 00:59:11,800
moving it around any suitcase yeah why

1302
00:59:19,770 --> 00:59:17,380
carry a mess you big weirdo yeah like

1303
00:59:21,330 --> 00:59:19,780
Jones he's got some molten metal is any

1304
00:59:23,880 --> 00:59:21,340
of that so he's that's right it was

1305
00:59:27,690 --> 00:59:23,890
found in the woods apparently that's

1306
00:59:29,940 --> 00:59:27,700
fallen off of her across I mean we

1307
00:59:34,220 --> 00:59:29,950
interests to say that because Cass

1308
00:59:36,810 --> 00:59:34,230
Clarke has a interesting blob as well

1309
00:59:39,840 --> 00:59:36,820
that she found in the pen trick after

1310
00:59:41,640 --> 00:59:39,850
the pendrick incident you believe that I

1311
00:59:43,500 --> 00:59:41,650
know a lot of people don't believe it

1312
00:59:45,600 --> 00:59:43,510
because of how Caza is because she's

1313
00:59:51,720 --> 00:59:45,610

confident when she speaks so they don't

1314

00:59:55,440 --> 00:59:51,730

waver I think you're not quite sure what

1315

00:59:56,790 --> 00:59:55,450

the results will be were actually I need

1316

01:00:01,550 --> 00:59:56,800

to get one more show next time what

1317

01:00:04,170 --> 01:00:01,560

England yeah well you know like I said

1318

01:00:05,940 --> 01:00:04,180

all that stuff well what listening to

1319

01:00:08,400 --> 01:00:05,950

all the people I didn't do because there

1320

01:00:11,220 --> 01:00:08,410

was a bit brain blind is that believed

1321

01:00:15,660 --> 01:00:11,230

somebody else and I believe their

1322

01:00:17,610 --> 01:00:15,670

narrative and I don't anymore but you

1323

01:00:19,470 --> 01:00:17,620

know it's it's just one of those things

1324

01:00:23,220 --> 01:00:19,480

that we believe what we want to believe

1325

01:00:25,470 --> 01:00:23,230

I think yeah I'm looking forward to Jim

1326

01:00:27,720 --> 01:00:25,480

Penniston book coming out and does say

1327

01:00:30,480 --> 01:00:27,730

what that's what revelations that brings

1328

01:00:31,320 --> 01:00:30,490

out and well I've been talking to Gary

1329

01:00:34,950 --> 01:00:31,330

Oz bomb

1330

01:00:37,590 --> 01:00:34,960

affair about recently and you know and

1331

01:00:39,600 --> 01:00:37,600

I've said to him I just have trouble

1332

01:00:42,120 --> 01:00:39,610

with the binary it's hot so I believe

1333

01:00:44,910 --> 01:00:42,130

Jim I believe him open everything that

1334

01:00:47,760 --> 01:00:44,920

he went through the objects it was there

1335

01:00:50,200 --> 01:00:47,770

but I really because of how it all came

1336

01:00:53,170 --> 01:00:50,210

out yeah I really have trouble digest

1337

01:00:55,840 --> 01:00:53,180

but you know like I say I can't say that

1338

01:00:56,770 --> 01:00:55,850

it didn't happen because I'm not a human

1339

01:00:59,110 --> 01:00:56,780

lie detector

1340

01:01:01,530 --> 01:00:59,120

I don't just automatically know stuff

1341

01:01:04,000 --> 01:01:01,540

I'm not psychic like you know

1342

01:01:06,670 --> 01:01:04,010

psychically determining whether

1343

01:01:08,620 --> 01:01:06,680

something's valid or not you know but we

1344

01:01:10,570 --> 01:01:08,630

all do this we're all guilty of it even

1345

01:01:12,670 --> 01:01:10,580

still now and sorts of people and I've

1346

01:01:14,440 --> 01:01:12,680

learnt all these lessons of thinking not

1347

01:01:17,260 --> 01:01:14,450

I don't know him somebody's lying I

1348

01:01:18,760 --> 01:01:17,270

don't know they sat on the other and the

1349

01:01:21,540 --> 01:01:18,770

other people around me that have even

1350

01:01:24,430 --> 01:01:21,550

helps as well still think that they do

1351
01:01:27,820 --> 01:01:24,440
you tell just by looking at somebody so

1352
01:01:30,640 --> 01:01:27,830
you know like I said I'd like to start

1353
01:01:31,900 --> 01:01:30,650
again with it all and start and listen

1354
01:01:33,400 --> 01:01:31,910
to other people that are refused to

1355
01:01:35,530 --> 01:01:33,410
listen to it before with our first

1356
01:01:36,940 --> 01:01:35,540
instinct is to believe people isn't it

1357
01:01:40,240 --> 01:01:36,950
especially when you've you know been

1358
01:01:43,420 --> 01:01:40,250
there convincing as well it's just just

1359
01:01:45,820 --> 01:01:43,430
the way we are well we feel empty after

1360
01:01:47,350 --> 01:01:45,830
we've been kind of exposed to the

1361
01:01:48,820 --> 01:01:47,360
phenomena cause it kind of changes

1362
01:01:50,830 --> 01:01:48,830
everything it removes all of the things

1363
01:01:52,600 --> 01:01:50,840

that you believed so when we meet other

1364

01:01:56,560 --> 01:01:52,610

people like us it kind of fills us up a

1365

01:01:58,030 --> 01:01:56,570

little because it's it's a finally we've

1366

01:02:00,490 --> 01:01:58,040

got kind of like a mirror reflection

1367

01:02:04,390 --> 01:02:00,500

coming back as with some sort of

1368

01:02:06,730 --> 01:02:04,400

validation so you know that's and we

1369

01:02:08,710 --> 01:02:06,740

truly do actually believe what we want

1370

01:02:10,480 --> 01:02:08,720

to believe and we totally think that

1371

01:02:12,790 --> 01:02:10,490

it's right as well and that we are right

1372

01:02:16,150 --> 01:02:12,800

and more often than not were absolutely

1373

01:02:18,850 --> 01:02:16,160

incorrect what we really need is I'd

1374

01:02:21,490 --> 01:02:18,860

really like the Pistons to come out and

1375

01:02:25,000 --> 01:02:21,500

say more about what his experience was

1376

01:02:30,910 --> 01:02:25,010

that night but so it seems that he seems

1377

01:02:32,830 --> 01:02:30,920

to be afraid peoples probably afraid of

1378

01:02:35,410 --> 01:02:32,840

what he was told maybe I don't know it

1379

01:02:37,660 --> 01:02:35,420

really got to him his debrief really got

1380

01:02:39,580 --> 01:02:37,670

to him and the bullet it's a cheap thing

1381

01:02:42,640 --> 01:02:39,590

and it keeps getting weird phone calls

1382

01:02:45,310 --> 01:02:42,650

he has nightmares about yeah yeah so

1383

01:02:48,580 --> 01:02:45,320

he's kind of like you know it doesn't

1384

01:02:50,110 --> 01:02:48,590

trust anything anymore so people are

1385

01:02:51,790 --> 01:02:50,120

just know have to be patient yeah but

1386

01:02:54,490 --> 01:02:51,800

he's not it's not like he's never gonna

1387

01:02:56,620 --> 01:02:54,500

say anything he just doesn't want to in

1388

01:02:58,930 --> 01:02:56,630

the present climate and the way that he

1389

01:03:01,090 --> 01:02:58,940

feels about it because it was a very

1390

01:03:04,079 --> 01:03:01,100

traumatic thing all of it and it

1391

01:03:07,120 --> 01:03:04,089

completely freaked him out and you know

1392

01:03:10,569 --> 01:03:07,130

is proper like men in black situation

1393

01:03:14,620 --> 01:03:10,579

for him yeah you know real real life not

1394

01:03:17,170 --> 01:03:14,630

book stories real actual life so people

1395

01:03:19,450 --> 01:03:17,180

are just gonna have to wait and and hope

1396

01:03:21,819 --> 01:03:19,460

that one day it will be ready to say

1397

01:03:24,009 --> 01:03:21,829

everything and be brave enough and feel

1398

01:03:25,900 --> 01:03:24,019

well enough or you know well know brave

1399

01:03:28,059 --> 01:03:25,910

enough courageous enough to do it and

1400

01:03:29,500 --> 01:03:28,069

take that plunge even though you still

1401

01:03:36,400 --> 01:03:29,510

think that possibly somebody's gonna

1402

01:03:38,349 --> 01:03:36,410

come on you know kill you for it there

1403

01:03:41,019 --> 01:03:38,359

one day if he yeah if you can take the

1404

01:03:42,630 --> 01:03:41,029

courage to write it well maybe so maybe

1405

01:03:45,910 --> 01:03:42,640

that would be the thing that actually

1406

01:03:50,319 --> 01:03:45,920

starts some healing but I think he's

1407

01:03:53,200 --> 01:03:50,329

gonna actually visit suffer with John

1408

01:03:57,940 --> 01:03:53,210

and be with Ronnie but it won't be

1409

01:04:00,150 --> 01:03:57,950

anything that's advertised a good step

1410

01:04:07,210 --> 01:04:00,160

forward anyways it needs to heal and

1411

01:04:09,880 --> 01:04:07,220

it's been so so much descent in that in

1412

01:04:14,799 --> 01:04:09,890

the whole group of people that are part

1413

01:04:16,329 --> 01:04:14,809

or a part of it that it's like why would

1414

01:04:18,339 --> 01:04:16,339

you want to get involved in something

1415

01:04:21,670 --> 01:04:18,349

where everyone's arguing alone I want

1416

01:04:25,890 --> 01:04:21,680

today is for you to validate them or

1417

01:04:27,700 --> 01:04:25,900

disqualify them it's like but it's just

1418

01:04:29,920 --> 01:04:27,710

it's quite a pressure

1419

01:04:31,720 --> 01:04:29,930

I won't deliver that as I've said

1420

01:04:32,829 --> 01:04:31,730

several times I've got a lot of respect

1421

01:04:36,160 --> 01:04:32,839

for John Burroughs I've got a lot of

1422

01:04:38,680 --> 01:04:36,170

respect for him yeah respect for Colonel

1423

01:04:40,990 --> 01:04:38,690

Holt and for anyone that was involved in

1424

01:04:42,880 --> 01:04:41,000

their you know they went through

1425

01:04:47,039 --> 01:04:42,890

something in which some of us would

1426

01:04:53,529 --> 01:04:51,249

well yeah and now I I contributed I feel

1427

01:04:55,480 --> 01:04:53,539

that I contributed and I know that Peter

1428

01:04:59,289 --> 01:04:55,490

feels this as well that we contributed

1429

01:05:02,829 --> 01:04:59,299

to the pollution of it and you know for

1430

01:05:04,690 --> 01:05:02,839

me it's a part of wanting to be able to

1431

01:05:08,200 --> 01:05:04,700

put that right because when you think

1432

01:05:12,880 --> 01:05:08,210

about how badly it affected everything

1433

01:05:15,339 --> 01:05:12,890

oh yeah and and causing these problems

1434

01:05:17,980 --> 01:05:15,349

between witnesses because they're

1435

01:05:21,190 --> 01:05:17,990

arguing over who was where and

1436

01:05:23,829 --> 01:05:21,200

where what happened etc hopefully now

1437

01:05:27,070 --> 01:05:23,839

that they'll change and the lies have

1438

01:05:29,470 --> 01:05:27,080

been removed there's a new layout and

1439

01:05:34,870 --> 01:05:29,480

then all of the witnesses may one day

1440

01:05:36,250 --> 01:05:34,880

even be in the same room together except

1441

01:05:40,930 --> 01:05:36,260

a couple years ago be great to get more

1442

01:05:43,510 --> 01:05:40,940

realm one table and as a witness myself

1443

01:05:45,280 --> 01:05:43,520

to something very dramatic I think that

1444

01:05:47,800 --> 01:05:45,290

that first occasion would have to be

1445

01:05:48,910 --> 01:05:47,810

private and everyone else on the

1446

01:05:51,130 --> 01:05:48,920

Internet just because they've got a

1447

01:05:53,470 --> 01:05:51,140

vested interest in it they can't say

1448

01:05:55,960 --> 01:05:53,480

that well that information belongs to

1449

01:05:58,839 --> 01:05:55,970

them because these people are all you

1450

01:06:01,329 --> 01:05:58,849

know they're all trying to hail from

1451
01:06:03,490 --> 01:06:01,339
something and I've discovered that the

1452
01:06:04,660 --> 01:06:03,500
best way to heal is to be able to talk

1453
01:06:09,670 --> 01:06:04,670
to the people that you went through it

1454
01:06:11,230 --> 01:06:09,680
with yeah I agree but probably a lot of

1455
01:06:13,060 --> 01:06:11,240
it we shouldn't maybe you know they say

1456
01:06:15,280 --> 01:06:13,070
some it's a private thing it isn't

1457
01:06:17,560 --> 01:06:15,290
actually any of our business even though

1458
01:06:22,120 --> 01:06:17,570
it's also a public but you know

1459
01:06:24,070 --> 01:06:22,130
everybody makes it their business or you

1460
01:06:27,640 --> 01:06:24,080
know thinks that there are country

1461
01:06:28,960 --> 01:06:27,650
contributing to discovering what

1462
01:06:30,370 --> 01:06:28,970
occurred but there's so many people

1463
01:06:31,570 --> 01:06:30,380

doing that there's so many different

1464

01:06:33,550 --> 01:06:31,580

ideas and theories

1465

01:06:36,700 --> 01:06:33,560

so there's many theories as there are

1466

01:06:39,130 --> 01:06:36,710

people I guess it doesn't ultimately

1467

01:06:40,630 --> 01:06:39,140

help at the end of the day it's down to

1468

01:06:43,359 --> 01:06:40,640

the witnesses to figure it out between

1469

01:06:46,240 --> 01:06:43,369

them and then for them to tell us what

1470

01:06:48,730 --> 01:06:46,250

they think happened but a lot of the

1471

01:06:52,180 --> 01:06:48,740

people have researched these incidents

1472

01:06:56,500 --> 01:06:52,190

have unearthed some documentation or

1473

01:06:58,150 --> 01:06:56,510

something of value so you know it's not

1474

01:06:59,290 --> 01:06:58,160

actually a waste of time the public

1475

01:07:02,820 --> 01:06:59,300

knowing because the public can

1476

01:07:05,200 --> 01:07:02,830

contribute in a in a meaningful way

1477

01:07:06,760 --> 01:07:05,210

during this conference in the Woodbridge

1478

01:07:10,420 --> 01:07:06,770

for Colonel whole this year September

1479

01:07:12,510 --> 01:07:10,430

the last appearance in in 2015 with

1480

01:07:15,640 --> 01:07:12,520

Colonel Holt there was quite a horrible

1481

01:07:17,650 --> 01:07:15,650

yeah so come breach to it although I was

1482

01:07:19,480 --> 01:07:17,660

absolutely you know really really

1483

01:07:22,240 --> 01:07:19,490

pleased to meet Colonel help would have

1484

01:07:24,430 --> 01:07:22,250

particular time there was I could

1485

01:07:26,050 --> 01:07:24,440

understand why people are upset at that

1486

01:07:28,240 --> 01:07:26,060

time you know a lot of people who come

1487

01:07:30,579 --> 01:07:28,250

from different parts of the country you

1488

01:07:31,450 --> 01:07:30,589

know got invested in buying into the

1489

01:07:33,760 --> 01:07:31,460

hotel and

1490

01:07:34,960 --> 01:07:33,770

fairs and everything else I was under

1491

01:07:39,670 --> 01:07:34,970

down the road would certainly cost me

1492

01:07:41,500 --> 01:07:39,680

like 20 pounds to get in so yeah you

1493

01:07:44,920 --> 01:07:41,510

still felt that so you could feel their

1494

01:07:47,410 --> 01:07:44,930

anger in people you know but as you know

1495

01:07:48,700 --> 01:07:47,420

it is I know now I can understand yeah

1496

01:07:50,829 --> 01:07:48,710

well I think Pete a lot of people have

1497

01:07:53,470 --> 01:07:50,839

come to understand now that anger was

1498

01:07:57,520 --> 01:07:53,480

incorrectly focused on Colonel Holt

1499

01:07:59,099 --> 01:07:57,530

because he was at yeah truth yeah as we

1500

01:08:01,540 --> 01:07:59,109

know he's telling how do you do

1501

01:08:02,770 --> 01:08:01,550

obviously nobody can say the colonel

1502

01:08:06,819 --> 01:08:02,780

Holt was in there because he's I wrote

1503

01:08:09,760 --> 01:08:06,829

the memo whether his memories of the

1504

01:08:11,470 --> 01:08:09,770

actual incident are as accurate as you

1505

01:08:12,640 --> 01:08:11,480

know because there are a lot of

1506

01:08:16,630 --> 01:08:12,650

differences in different people's

1507

01:08:18,010 --> 01:08:16,640

memories but we all we can all we can

1508

01:08:21,459 --> 01:08:18,020

rely on is the people are there

1509

01:08:25,120 --> 01:08:21,469

particular incidents even even if their

1510

01:08:28,390 --> 01:08:25,130

stories differently opiate well the

1511

01:08:31,329 --> 01:08:28,400

image the image of the events in my head

1512

01:08:33,430 --> 01:08:31,339

is so distorted because I've always come

1513

01:08:34,840 --> 01:08:33,440

at it from Warren's perspective we're

1514

01:08:36,939 --> 01:08:34,850

thinking that all these things happened

1515

01:08:40,030 --> 01:08:36,949

in a certain place on a certain night I

1516

01:08:43,059 --> 01:08:40,040

mean actual fact that it's an

1517

01:08:45,099 --> 01:08:43,069

amalgamation of events that happened on

1518

01:08:47,650 --> 01:08:45,109

different nights in different places so

1519

01:08:48,910 --> 01:08:47,660

to me I'm right back at the drug at the

1520

01:08:51,459 --> 01:08:48,920

beginning at the drawing board again

1521

01:08:55,180 --> 01:08:51,469

because how can I even say that I know

1522

01:08:57,579 --> 01:08:55,190

anything when I believed him now I know

1523

01:08:58,749 --> 01:08:57,589

Adrian's part in it all and I'm getting

1524

01:09:00,789 --> 01:08:58,759

to know

1525

01:09:03,519 --> 01:09:00,799

well I knew quite a bit about what's

1526

01:09:05,470 --> 01:09:03,529

going on with John as well as far as

1527

01:09:07,749 --> 01:09:05,480

Jim's concerned with the binary and I

1528

01:09:11,410 --> 01:09:07,759

what I really left that as soon as it

1529

01:09:12,749 --> 01:09:11,420

started to you know come out and so I

1530

01:09:15,789 --> 01:09:12,759

don't even know

1531

01:09:20,079 --> 01:09:15,799

excuse me what has been said or what the

1532

01:09:22,570 --> 01:09:20,089

binary is supposed to be saying books

1533

01:09:25,689 --> 01:09:22,580

out so does this all be very hold of

1534

01:09:27,970 --> 01:09:25,699

that yeah no reserve judgment until I'll

1535

01:09:31,150 --> 01:09:27,980

write down we nobody could do now Jim

1536

01:09:32,890 --> 01:09:31,160

was there as well so was Jim and John

1537

01:09:34,809 --> 01:09:32,900

was together but they both have

1538

01:09:38,289 --> 01:09:34,819

different recollections as what's at

1539

01:09:40,090 --> 01:09:38,299

what happened well as far as that's

1540

01:09:42,099 --> 01:09:40,100

concerned you know as far as Jim's

1541

01:09:45,280 --> 01:09:42,109

concerned I believe everything he said

1542

01:09:48,039 --> 01:09:45,290

and touching the craft walking around

1543

01:09:50,410 --> 01:09:48,049

join us the symbols I mean you look at

1544

01:09:52,620 --> 01:09:50,420

his notebook and you can tell is pumped

1545

01:09:54,940 --> 01:09:52,630

full of adrenaline because they're

1546

01:09:56,170 --> 01:09:54,950

wobbly drawings you know you shake his

1547

01:10:00,850 --> 01:09:56,180

hands and shake him when he's drawing

1548

01:10:05,260 --> 01:10:00,860

them but even the binary wouldn't be

1549

01:10:07,210 --> 01:10:05,270

maybe so difficult to digest if it

1550

01:10:10,840 --> 01:10:07,220

hadn't come out the way that it had and

1551

01:10:17,200 --> 01:10:10,850

it's for so long yeah yeah that whole

1552

01:10:19,750 --> 01:10:17,210

thing confuses me and you know it when

1553

01:10:21,910 --> 01:10:19,760

Anjali Aegina interviewed him and he

1554

01:10:24,010 --> 01:10:21,920

said they didn't know what was being it

1555

01:10:25,720 --> 01:10:24,020

didn't know what they meant the binary

1556

01:10:29,500 --> 01:10:25,730

what the message was it didn't know what

1557

01:10:32,710 --> 01:10:29,510

it meant and then he said he understood

1558

01:10:34,980 --> 01:10:32,720

what it meant a little while later so it

1559

01:10:37,450 --> 01:10:34,990

was like okay now I'm confused as to

1560

01:10:39,970 --> 01:10:37,460

whether you knew what it meant or didn't

1561

01:10:43,810 --> 01:10:39,980

know what it meant and how you ended up

1562

01:10:46,600 --> 01:10:43,820

removing it from you notebook and

1563

01:10:48,730 --> 01:10:46,610

putting it back in but forgetting all

1564

01:10:52,690 --> 01:10:48,740

about it forgetting it even exists

1565

01:10:55,570 --> 01:10:52,700

that that's the bit that I felt that you

1566

01:10:57,490 --> 01:10:55,580

know but I'm hoping that I will be able

1567

01:11:03,100 --> 01:10:57,500

to talk to Jim to in any way I've been

1568

01:11:04,840 --> 01:11:03,110

talking to Gary Osbourne for a while to

1569

01:11:07,810 --> 01:11:04,850

try and get one on the show okay at some

1570

01:11:17,380 --> 01:11:07,820

point well it's about ferry coming on

1571

01:11:18,910 --> 01:11:17,390

the show and with him and you know maybe

1572

01:11:23,860 --> 01:11:18,920

Jim will come on with him I don't know I

1573

01:11:27,220 --> 01:11:23,870

don't know what happen I I am like a lot

1574

01:11:29,200 --> 01:11:27,230

of people who just well it's okay we're

1575

01:11:31,240 --> 01:11:29,210

all good to get to this bit than this

1576

01:11:41,080 --> 01:11:31,250

but here it just doesn't feel right

1577

01:11:43,390 --> 01:11:41,090

doesn't sound right so welcome to Jim

1578

01:11:44,860 --> 01:11:43,400

about what actually happened prior to

1579

01:11:46,720 --> 01:11:44,870

any of that you know for the the whole

1580

01:11:48,910 --> 01:11:46,730

night thing that how we ended up out

1581

01:11:52,120 --> 01:11:48,920

there and you know what sequence of

1582

01:11:55,630 --> 01:11:52,130

events was I've seen him and I've heard

1583

01:11:58,690 --> 01:11:55,640

him I've never spoken to him about lice

1584

01:12:01,990 --> 01:11:58,700

not swim briefly in 2010

1585

01:12:06,010 --> 01:12:02,000

then it all went sour on the forum that

1586

01:12:08,920 --> 01:12:06,020

we were all talking on so German Jim did

1587

01:12:11,950 --> 01:12:08,930

a disappearing act and then came back

1588

01:12:19,180 --> 01:12:11,960

it's back Mary stuff so yeah his own

1589

01:12:21,850 --> 01:12:19,190

health problems isn't this shouldn't

1590

01:12:24,460 --> 01:12:21,860

have been exposed to and no matter what

1591

01:12:27,550 --> 01:12:24,470

happens you know but I I've got some

1592

01:12:30,940 --> 01:12:27,560

thoughts that it could be staged event

1593

01:12:34,510 --> 01:12:30,950

staged realistic unusual event to test

1594

01:12:38,140 --> 01:12:34,520

officer attitude and an enemy response

1595

01:12:41,080 --> 01:12:38,150

base security technologies that were in

1596

01:12:43,090 --> 01:12:41,090

research and development stages so I

1597

01:12:45,100 --> 01:12:43,100

know that this went on on some basis I

1598

01:12:46,690 --> 01:12:45,110

don't know for a fact that it went on at

1599

01:12:48,520 --> 01:12:46,700

Rendlesham that something like that

1600

01:12:58,960 --> 01:12:48,530

could have been an employee disagrees

1601

01:13:03,400 --> 01:12:58,970

with there was there was a treaty in

1602

01:13:07,480 --> 01:13:03,410

place of a ban on all anti-ballistic

1603

01:13:09,700 --> 01:13:07,490

missiles being used to you know disarm

1604

01:13:13,540 --> 01:13:09,710

nukes or whatever there was a nuclear

1605

01:13:15,160 --> 01:13:13,550

bomb in that ten-year period from you

1606

01:13:17,380 --> 01:13:15,170

know well it'll be in the mid seventies

1607

01:13:20,860 --> 01:13:17,390

the treaty came into effect in 1979 to

1608

01:13:25,240 --> 01:13:20,870

89 they had to have other technologies

1609

01:13:27,850 --> 01:13:25,250

that would do the same job so they got

1610

01:13:29,590 --> 01:13:27,860

funky with electromagnetism and plasma

1611

01:13:31,660 --> 01:13:29,600

weapons and that sort of thing and

1612

01:13:33,760 --> 01:13:31,670

there's plenty of patents and research

1613

01:13:36,670 --> 01:13:33,770

papers out that's proving that timescale

1614

01:13:38,680 --> 01:13:36,680

they were doing this stuff and did it at

1615

01:13:44,410 --> 01:13:38,690

Fort Benning which is a basically a

1616

01:13:47,620 --> 01:13:44,420

military testing place you know just in

1617

01:13:49,690 --> 01:13:47,630

the troops basically they did a a

1618

01:13:52,300 --> 01:13:49,700

project called joint attack weapon

1619

01:13:55,000 --> 01:13:52,310

system test which involved this big

1620

01:13:57,910 --> 01:13:55,010

Boeing UAVs helicopter stealth

1621

01:14:01,090 --> 01:13:57,920

helicopters it was you know a massive

1622

01:14:06,240 --> 01:14:01,100

massive training operation and it made

1623

01:14:09,760 --> 01:14:06,250

it was using Holograms parabolic mirrors

1624

01:14:12,070 --> 01:14:09,770

electromagnetic fields plasma weapons

1625

01:14:13,840 --> 01:14:12,080

all the rest of it you name it lays

1626

01:14:15,880 --> 01:14:13,850

all of it was all going on in that and

1627

01:14:18,130 --> 01:14:15,890

that that's actually a fact with

1628

01:14:21,220 --> 01:14:18,140

documentation that you can get online

1629

01:14:23,260 --> 01:14:21,230

and fought gunning incident in John

1630

01:14:25,630 --> 01:14:23,270

Vasquez was a witness and the I talk to

1631

01:14:28,390 --> 01:14:25,640

him a lot about this and I knew it was a

1632

01:14:29,770 --> 01:14:28,400

weapon you it was a military test and I

1633

01:14:31,720 --> 01:14:29,780

had the paperwork to show that it was a

1634

01:14:33,310 --> 01:14:31,730

military test and Ronnie was there with

1635

01:14:37,120 --> 01:14:33,320

me and we were both trying to counsel

1636

01:14:39,480 --> 01:14:37,130

him and he he just could not get out his

1637

01:14:43,270 --> 01:14:39,490

head what he saw were so otherworldly

1638

01:14:46,090 --> 01:14:43,280

that it was an alien invasion and then

1639

01:14:49,660 --> 01:14:46,100

we have Rendlesham happen and it's like

1640

01:14:52,000 --> 01:14:49,670

a wet squib kind of firework compared to

1641

01:14:54,100 --> 01:14:52,010

Fort Benning but it was still absolutely

1642

01:14:56,800 --> 01:14:54,110

massive so but it doesn't really matter

1643

01:14:59,200 --> 01:14:56,810

if that's the case or not

1644

01:15:00,820 --> 01:14:59,210

because in that event they were

1645

01:15:02,680 --> 01:15:00,830

untrained for that moment they were

1646

01:15:07,540 --> 01:15:02,690

untrained to deal with something like

1647

01:15:10,050 --> 01:15:07,550

that so it was all adrenaline you know

1648

01:15:14,380 --> 01:15:10,060

looking to you Superior's what do we do

1649

01:15:15,760 --> 01:15:14,390

you know this is it well it's traumatic

1650

01:15:18,700 --> 01:15:15,770

isn't it when you have something like

1651

01:15:21,760 --> 01:15:18,710

that and then it was gonna be even more

1652

01:15:23,830 --> 01:15:21,770

trauma so you're coming out of that not

1653

01:15:27,370 --> 01:15:23,840

knowing your backside from a hole in the

1654

01:15:30,250 --> 01:15:27,380

ground and your heads been scrambled on

1655

01:15:31,960 --> 01:15:30,260

purpose see what I can't get my head

1656

01:15:33,760 --> 01:15:31,970

round with there is there was a little

1657

01:15:36,010 --> 01:15:33,770

light going around in the forest first

1658

01:15:37,660 --> 01:15:36,020

of all how would they know that someone

1659

01:15:40,180 --> 01:15:37,670

would actually notice it and be drawn

1660

01:15:41,830 --> 01:15:40,190

out to go and see it you know if it was

1661

01:15:43,330 --> 01:15:41,840

some sort of a mystery exercise it made

1662

01:15:50,410 --> 01:15:43,340

it wouldn't you wouldn't have made it

1663

01:15:54,010 --> 01:15:50,420

more obvious if you refer to James

1664

01:15:57,550 --> 01:15:54,020

Wario's research it's a plasma yeah so

1665

01:15:59,620 --> 01:15:57,560

chunky changes in as well yeah because

1666

01:16:01,570 --> 01:15:59,630

he was talking to me about the documents

1667

01:16:02,770 --> 01:16:01,580

that I found and I said to him look if

1668

01:16:05,230 --> 01:16:02,780

you want to go down that rabbit hole

1669

01:16:08,110 --> 01:16:05,240

look at the attendees the people that

1670

01:16:09,610 --> 01:16:08,120

were on the list as attendees and who

1671

01:16:12,400 --> 01:16:09,620

were to be sent the minutes of each

1672

01:16:14,290 --> 01:16:12,410

meeting and then google that person's

1673

01:16:18,060 --> 01:16:14,300

name and put at the end of the Google

1674

01:16:20,290 --> 01:16:18,070

search patent you know CV your thesis

1675

01:16:24,500 --> 01:16:20,300

and you know all these different words

1676

01:16:27,080 --> 01:16:24,510

and see what they worked on and you know

1677

01:16:29,859 --> 01:16:27,090

they're specially interested what their

1678

01:16:32,569 --> 01:16:29,869

career was and you will find patterns of

1679

01:16:35,089 --> 01:16:32,579

there are working on weapons some of

1680

01:16:37,549 --> 01:16:35,099

them were from Jake are you know it's

1681

01:16:40,970 --> 01:16:37,559

like this is a big deal and it happened

1682

01:16:42,620 --> 01:16:40,980

it happened on basis it definitely

1683

01:16:46,339 --> 01:16:42,630

happened it was sponsored by the defense

1684

01:16:49,129 --> 01:16:46,349

nuclear Affairs agency and the law

1685

01:16:52,910 --> 01:16:49,139

enforcement standards agency and it

1686

01:16:56,779 --> 01:16:52,920

involved the Navy the Armed Forces and

1687

01:17:00,799 --> 01:16:56,789

the Air Forces and all of the you know a

1688

01:17:03,140 --> 01:17:00,809

multi-agency response an accident black

1689

01:17:05,689 --> 01:17:03,150

out white hat that actually happened

1690

01:17:07,850 --> 01:17:05,699

there's meat there's minutes of meetings

1691

01:17:11,569 --> 01:17:07,860

after that discuss the various

1692

01:17:13,819 --> 01:17:11,579

technologies and you know everything

1693

01:17:16,220 --> 01:17:13,829

that they actually completed in these

1694

01:17:20,870 --> 01:17:16,230

tests so it did happen on basically

1695

01:17:24,319 --> 01:17:20,880

somewhere in that timeframe and you know

1696

01:17:30,020 --> 01:17:24,329

to me I find it very difficult to move

1697

01:17:33,080 --> 01:17:30,030

past that military were playing at UFOs

1698

01:17:35,270 --> 01:17:33,090

to see what you know how to control the

1699

01:17:38,720 --> 01:17:35,280

situation because it really didn't have

1700

01:17:41,450 --> 01:17:38,730

any contingency plan for for example

1701

01:17:43,700 --> 01:17:41,460

what they use as an example was a sort

1702

01:17:47,509 --> 01:17:43,710

of fleet of helicopters coming in from

1703

01:17:50,450 --> 01:17:47,519

private some a billionaire who wants

1704

01:17:52,759 --> 01:17:50,460

nuclear weapons they all complain in

1705

01:17:54,830 --> 01:17:52,769

take over the base get what they want

1706

01:17:57,470 --> 01:17:54,840

and fly out again you know they didn't

1707

01:18:00,560 --> 01:17:57,480

have a contingency for that so that

1708

01:18:02,660 --> 01:18:00,570

scenario was one of the examples given

1709

01:18:07,089 --> 01:18:02,670

but then at the end it said but we've

1710

01:18:09,140 --> 01:18:07,099

had some very Buck Rogers ideas hmm

1711

01:18:11,720 --> 01:18:09,150

offices as well it sort of makes a

1712

01:18:17,180 --> 01:18:11,730

mockery of the aliens landing capable

1713

01:18:19,879 --> 01:18:17,190

green doesn't happen and the first time

1714

01:18:22,490 --> 01:18:19,889

he even said it he was in a hypnosis

1715

01:18:23,959 --> 01:18:22,500

that he faked so you know his first

1716

01:18:26,450 --> 01:18:23,969

memory of aliens when he was worth

1717

01:18:28,850 --> 01:18:26,460

faking a hypnosis but you know they were

1718

01:18:30,560 --> 01:18:28,860

that was where I was going with that was

1719

01:18:33,680 --> 01:18:30,570

that they were messing about with

1720

01:18:35,569 --> 01:18:33,690

electromagnetism a lot and and it was

1721

01:18:38,390 --> 01:18:35,579

kind of like a bit of the Wild West was

1722

01:18:41,180 --> 01:18:38,400

nothing as far as

1723

01:18:43,750 --> 01:18:41,190

Tesla Ponson the mmod with Rowan cadmium

1724

01:18:47,959 --> 01:18:43,760

all over the place try for whatever

1725

01:18:50,419 --> 01:18:47,969

reasons they had read our bases like

1726

01:18:53,689 --> 01:18:50,429

really close to civilization

1727

01:18:55,100 --> 01:18:53,699

you know I mean so it was all going off

1728

01:18:58,220 --> 01:18:55,110

and you and Whitney over-the-horizon

1729

01:19:00,770 --> 01:18:58,230

radar thing that they're doing a copper

1730

01:19:03,950 --> 01:19:00,780

mist and then the Gwen towers you just

1731

01:19:05,930 --> 01:19:03,960

don't know what kind of clash those

1732

01:19:08,780 --> 01:19:05,940

clashes of energies are still in there

1733

01:19:10,189 --> 01:19:08,790

are going to create and people are being

1734

01:19:13,160 --> 01:19:10,199

sold don't go fishing there you'll get

1735

01:19:15,080 --> 01:19:13,170

microwave to death so you know from

1736

01:19:16,580 --> 01:19:15,090

where does all the energy go and what

1737

01:19:19,370 --> 01:19:16,590

does it create and does it attract

1738

01:19:22,490 --> 01:19:19,380

something where there's was 80 attracted

1739

01:19:28,729 --> 01:19:22,500

to it where they you know had something

1740

01:19:31,370 --> 01:19:28,739

occurred that something else yeah so you

1741

01:19:33,800 --> 01:19:31,380

know I don't know another I'll just say

1742

01:19:35,630 --> 01:19:33,810

I can't help but think that because I've

1743

01:19:39,229 --> 01:19:35,640

read these documents and everything

1744

01:19:41,899 --> 01:19:39,239

that's in it just fits the bill but I

1745

01:19:44,600 --> 01:19:41,909

you know out like everyone says none of

1746

01:19:46,220 --> 01:19:44,610

us were there and for the most part even

1747

01:19:48,709 --> 01:19:46,230

the other witnesses weren't with each

1748

01:19:51,860 --> 01:19:48,719

other so they weren't ever together not

1749

01:19:55,250 --> 01:19:51,870

the ones that are talking when they said

1750

01:19:59,149 --> 01:19:55,260

that they saw are touched or was taken

1751

01:20:01,220 --> 01:19:59,159

off or whatever they went together so

1752

01:20:03,200 --> 01:20:01,230

there's all that conflicts as well

1753

01:20:05,270 --> 01:20:03,210

there's nobody there so back and the

1754

01:20:07,689 --> 01:20:05,280

other one up and like John and Adrian

1755

01:20:11,660 --> 01:20:07,699

was together with Colonel halt

1756

01:20:13,430 --> 01:20:11,670

so hopefully John will find a little bit

1757

01:20:14,780 --> 01:20:13,440

of peace inside himself as well as

1758

01:20:17,630 --> 01:20:14,790

Adrian because they're both really

1759

01:20:20,270 --> 01:20:17,640

struggle with that it's really sad

1760

01:20:22,130 --> 01:20:20,280

because the this this is either happened

1761

01:20:24,350 --> 01:20:22,140

to them and it's so wild that they're

1762

01:20:25,880 --> 01:20:24,360

just being left to rot ah it's been done

1763

01:20:27,649 --> 01:20:25,890

to them on purpose and then they're just

1764

01:20:30,620 --> 01:20:27,659

being left to rot I think it's just

1765

01:20:32,209 --> 01:20:30,630

appalling yeah I know Colonel held quite

1766

01:20:33,950 --> 01:20:32,219

close to Jim Penniston nothing ever

1767

01:20:36,260 --> 01:20:33,960

respects each other quad yeah they speak

1768

01:20:39,950 --> 01:20:36,270

a lot so I kind of halt

1769

01:20:42,320 --> 01:20:39,960

speaks well of team so uh whether he

1770

01:20:44,930 --> 01:20:42,330

agrees with the bar to get his opinions

1771

01:20:46,040 --> 01:20:44,940

on the binary and everything as press we

1772

01:20:50,000 --> 01:20:46,050

can go into that when we had the

1773

01:20:53,359 --> 01:20:50,010

conference in September be interesting

1774

01:20:56,359 --> 01:20:55,009

the books absolutely so hopefully

1775

01:20:58,189 --> 01:20:56,369

everyone would a bit more a few of us

1776

01:21:00,830 --> 01:20:58,199

would already but yeah we know what

1777

01:21:03,410 --> 01:21:00,840

we're talking about yeah oh look a bit

1778

01:21:05,600 --> 01:21:03,420

crazy in 2010 it was all very I mean

1779

01:21:07,669 --> 01:21:05,610

there's Larry was there with his you

1780

01:21:09,919 --> 01:21:07,679

know carry on and arguing with everybody

1781

01:21:12,200 --> 01:21:09,929

and people who were there say look

1782

01:21:14,959 --> 01:21:12,210

that's not going up and and he's

1783

01:21:16,279 --> 01:21:14,969

twisting it and on the far room that we

1784

01:21:19,370 --> 01:21:16,289

were on the Rendlesham forest incident

1785

01:21:21,109 --> 01:21:19,380

forum John was on there and we were all

1786

01:21:22,939 --> 01:21:21,119

on there and he was asking lots of

1787

01:21:25,600 --> 01:21:22,949

questions but people were asking lots of

1788

01:21:27,950 --> 01:21:25,610

questions of him like they they'd all

1789

01:21:31,520 --> 01:21:27,960

sort of looked into this to the most

1790

01:21:33,319 --> 01:21:31,530

finite detail and John comes on and

1791

01:21:35,689 --> 01:21:33,329

there's like oh yeah I'm just trying to

1792

01:21:38,569 --> 01:21:35,699

figure it out and it gets bombarded with

1793

01:21:40,490 --> 01:21:38,579

like ten billion questions from 20

1794

01:21:44,000 --> 01:21:40,500

different people all really really

1795

01:21:45,560 --> 01:21:44,010

really like panicky details of you know

1796

01:21:47,240 --> 01:21:45,570

like John wouldn't even know because

1797

01:21:49,759 --> 01:21:47,250

he's not like he's researched the entire

1798

01:21:51,589 --> 01:21:49,769

thing I saw everything everyone saw and

1799

01:21:54,529 --> 01:21:51,599

I felt sorry for him because he it must

1800

01:21:56,270 --> 01:21:54,539

have been so overwhelming and then Jim

1801
01:21:58,490 --> 01:21:56,280
turned up and then they both disappeared

1802
01:22:02,270 --> 01:21:58,500
and then they came back with this binary

1803
01:22:04,310 --> 01:22:02,280
stuff and my partner dave was the

1804
01:22:05,689 --> 01:22:04,320
webmaster and all the rest of it and

1805
01:22:07,759 --> 01:22:05,699
when that came out he just didn't

1806
01:22:10,850 --> 01:22:07,769
believe it so he said he thought it was

1807
01:22:12,979 --> 01:22:10,860
all a scam shut everything down and and

1808
01:22:16,609 --> 01:22:12,989
you know like walked away from it yeah

1809
01:22:21,020 --> 01:22:16,619
we should have been digging a bit more a

1810
01:22:24,439 --> 01:22:21,030
bit more like you was you know do the

1811
01:22:27,770 --> 01:22:24,449
digging did I and I fell for all the

1812
01:22:30,290 --> 01:22:27,780
politics and so for the Larry war and

1813
01:22:32,029 --> 01:22:30,300

wounded soldier routine I fell apart but

1814

01:22:34,549 --> 01:22:32,039

he was there in my face and he's very

1815

01:22:37,240 --> 01:22:34,559

believable you I didn't buy the book

1816

01:22:40,069 --> 01:22:37,250

read the book then meet him about him

1817

01:22:41,870 --> 01:22:40,079

conference and we you know

1818

01:22:43,549 --> 01:22:41,880

seyeong around your girlfriend

1819

01:22:47,950 --> 01:22:43,559

afterwards you're like in the same place

1820

01:22:51,290 --> 01:22:47,960

so we just took we offer both tele crazy

1821

01:22:54,259 --> 01:22:51,300

humor and you know I've marked lives his

1822

01:22:55,939 --> 01:22:54,269

mug life has been you know a lie but

1823

01:22:59,209 --> 01:22:55,949

it's B's up some genuinely mad stuff

1824

01:23:01,250 --> 01:22:59,219

happen to him and so it's mine and were

1825

01:23:03,589 --> 01:23:01,260

just like I thought he was like me

1826
01:23:05,240 --> 01:23:03,599
because I have PTSD and I was just

1827
01:23:08,830 --> 01:23:05,250
learning out a talk about my

1828
01:23:11,930 --> 01:23:08,840
experience and you know getting to know

1829
01:23:13,760 --> 01:23:11,940
myself again because I've been hiding

1830
01:23:14,150 --> 01:23:13,770
from this thing that happened it ruined

1831
01:23:16,160 --> 01:23:14,160
me

1832
01:23:17,660 --> 01:23:16,170
so it was great it was like ray people

1833
01:23:22,610 --> 01:23:17,670
understand me yeah somebody on my

1834
01:23:24,710 --> 01:23:22,620
wavelength you know but it turns out not

1835
01:23:27,350 --> 01:23:24,720
to be true but I want it to believe it

1836
01:23:31,010 --> 01:23:27,360
you see I wanted I wanted somebody to

1837
01:23:33,800 --> 01:23:31,020
relate to who'd being face to face with

1838
01:23:36,590 --> 01:23:33,810

a craft like that Travis Walton was a

1839

01:23:38,960 --> 01:23:36,600

million miles away you know anyone else

1840

01:23:42,980 --> 01:23:38,970

that had been in that position I didn't

1841

01:23:45,830 --> 01:23:42,990

know but there where is this guy where I

1842

01:23:48,830 --> 01:23:45,840

totally plot right yeah I know I know

1843

01:23:52,250 --> 01:23:48,840

he's I know he's damaged it's the same

1844

01:23:53,600 --> 01:23:52,260

as mine you know I mean yeah we do

1845

01:23:57,260 --> 01:23:53,610

believe what we want to believe that's

1846

01:24:00,290 --> 01:23:57,270

something that I have learned very much

1847

01:24:03,230 --> 01:24:00,300

from through this we believe we think

1848

01:24:08,330 --> 01:24:03,240

that we are human lie detectors we think

1849

01:24:09,980 --> 01:24:08,340

we just know sometimes we do more often

1850

01:24:11,300 --> 01:24:09,990

than not with her and and then

1851

01:24:13,040 --> 01:24:11,310

especially with him she couldn't look

1852

01:24:15,710 --> 01:24:13,050

him right in the eye and they've been

1853

01:24:19,280 --> 01:24:15,720

looking you right in the eye and you

1854

01:24:21,590 --> 01:24:19,290

like this guy's telling the truth and

1855

01:24:24,560 --> 01:24:21,600

you just you just want to believe it

1856

01:24:26,930 --> 01:24:24,570

yeah okay that's what you're saying I

1857

01:24:28,460 --> 01:24:26,940

mean there's also lots of experiments

1858

01:24:30,710 --> 01:24:28,470

with teleportation and think oh no I

1859

01:24:32,890 --> 01:24:30,720

wasn't there you know maybe there was

1860

01:24:34,910 --> 01:24:32,900

some sort of incident interdimensional

1861

01:24:36,980 --> 01:24:34,920

anomaly that might have appeared and

1862

01:24:43,900 --> 01:24:36,990

disappeared which is what John's condo

1863

01:24:52,900 --> 01:24:47,170

his own ideas as to what he thinks he is

1864

01:24:55,220 --> 01:24:52,910

well teleportation but I know that they

1865

01:24:58,370 --> 01:24:55,230

they were messing with Holograms and

1866

01:25:03,470 --> 01:24:58,380

things like that and they in Fort

1867

01:25:06,020 --> 01:25:03,480

Benning John Vasquez was he saw these

1868

01:25:08,360 --> 01:25:06,030

little white lights and if they stung

1869

01:25:10,160 --> 01:25:08,370

him and there it was like Big John baby

1870

01:25:11,930 --> 01:25:10,170

but it was like plasma bullets and they

1871

01:25:15,440 --> 01:25:11,940

were just knocking them out he's like

1872

01:25:17,000 --> 01:25:15,450

being hit by a taser and said that they

1873

01:25:18,050 --> 01:25:17,010

all woke up with these little marks on

1874

01:25:19,159 --> 01:25:18,060

them and they were told that they had

1875

01:25:22,819 --> 01:25:19,169

measles

1876

01:25:24,649 --> 01:25:22,829

you know then there was a fast field

1877

01:25:28,339 --> 01:25:24,659

that they could actually get through

1878

01:25:31,219 --> 01:25:28,349

unless they set off flares kinetic kind

1879

01:25:32,689 --> 01:25:31,229

of explosion would dissipate this feel

1880

01:25:35,089 --> 01:25:32,699

fast fields and they managed to get

1881

01:25:37,040 --> 01:25:35,099

through it and that's all crazy stuff

1882

01:25:39,139 --> 01:25:37,050

that's not godly explore that kind of

1883

01:25:41,449 --> 01:25:39,149

thing it's gonna fry your mind it's

1884

01:25:43,189 --> 01:25:41,459

gonna give you heart problems all the

1885

01:25:46,189 --> 01:25:43,199

rest of it in fact he died of a stroke

1886

01:25:48,620 --> 01:25:46,199

did John Vasquez but anyone who thinks

1887

01:25:51,259 --> 01:25:48,630

that what I say about Rendlesham is out

1888

01:25:54,319 --> 01:25:51,269

there you would need to read about the

1889

01:25:56,989 --> 01:25:54,329

jars tests and thought read his book

1890

01:26:00,020 --> 01:25:56,999

fort benning incidentally is that it's

1891

01:26:01,790 --> 01:26:00,030

just like wild gosh you know you're the

1892

01:26:04,370 --> 01:26:01,800

grave of Mendelsohn's a very weird place

1893

01:26:06,589 --> 01:26:04,380

anyway this - oh yeah things going on

1894

01:26:08,389 --> 01:26:06,599

there yeah I mean there's you know

1895

01:26:10,100 --> 01:26:08,399

Brenda takes Brenda back though talking

1896

01:26:11,989 --> 01:26:10,110

about now she takes some amazing

1897

01:26:13,819 --> 01:26:11,999

pictures of these shadows and the orbs

1898

01:26:18,709 --> 01:26:13,829

and I mean I've taken myself up in on

1899

01:26:21,529 --> 01:26:18,719

some of the night walks and there's some

1900

01:26:24,469 --> 01:26:21,539

tour tells as well about joints and I'm

1901

01:26:31,129 --> 01:26:24,479

kind of on the verge of not believing

1902

01:26:32,719 --> 01:26:31,139

now just makes it an ideal place to do

1903

01:26:34,639 --> 01:26:32,729

something like that because any of the

1904

01:26:37,189 --> 01:26:34,649

locals would see anything and they would

1905

01:26:39,350 --> 01:26:37,199

just think that it was the phenomena

1906

01:26:41,689 --> 01:26:39,360

because it's a bit like that round I so

1907

01:26:44,629 --> 01:26:41,699

yeah you know people would just kind of

1908

01:26:48,199 --> 01:26:44,639

see whatever and just and just brush it

1909

01:26:51,259 --> 01:26:48,209

off as another bit of oh well there you

1910

01:26:52,939 --> 01:26:51,269

go safaris though isn't it something

1911

01:26:57,439 --> 01:26:52,949

that feeds on your imagination and makes

1912

01:27:01,279 --> 01:26:57,449

you imagine things I guarantee that I

1913

01:27:05,000 --> 01:27:01,289

love its is a weird place it's got a

1914

01:27:08,779 --> 01:27:05,010

massive history of death anyway from you

1915

01:27:11,859 --> 01:27:08,789

know many years ago Saxons and Normans

1916

01:27:15,020 --> 01:27:11,869

and just for people just you know they

1917

01:27:16,939 --> 01:27:15,030

actually live about 20 miles up 24 20 20

1918

01:27:20,239 --> 01:27:16,949

minutes away from a Rendlesham forest so

1919

01:27:23,479 --> 01:27:20,249

it's actually very near to me there are

1920

01:27:25,669 --> 01:27:23,489

burrows and burial ground and all kinds

1921

01:27:27,210 --> 01:27:25,679

of ancient things it's one of the

1922

01:27:29,670 --> 01:27:27,220

earliest sexing

1923

01:27:31,740 --> 01:27:29,680

areas of the sexes settlement areas I

1924

01:27:33,030 --> 01:27:31,750

believe around the city yeah yeah you

1925

01:27:38,970 --> 01:27:33,040

can tell by the churches because they

1926

01:27:44,040 --> 01:27:38,980

have been square tops oh it's beautiful

1927

01:27:46,110 --> 01:27:44,050

as well you driving through the villages

1928

01:27:48,780 --> 01:27:46,120

and there's pink and yellow cottages

1929

01:27:50,550 --> 01:27:48,790

with fetch droves and you know any

1930

01:28:03,240 --> 01:27:50,560

American that comes in is like imagine

1931

01:28:07,590 --> 01:28:03,250

having a fetch drew picturesque yeah and

1932

01:28:13,610 --> 01:28:07,600

it's by the coast as well so atomic

1933

01:28:19,770 --> 01:28:16,800

but also that actually red we think well

1934

01:28:22,530 --> 01:28:19,780

you know if you wanted to do some crazy

1935

01:28:26,340 --> 01:28:22,540

crazy crazy stuff with big magnets and

1936

01:28:28,890 --> 01:28:26,350

yes large you know amounts of

1937

01:28:31,620 --> 01:28:28,900

electricity then just being a few miles

1938

01:28:33,600 --> 01:28:31,630

away from a nuclear power station would

1939

01:28:35,100 --> 01:28:33,610

be quite useful wouldn't ya

1940

01:28:37,170 --> 01:28:35,110

why not bend in the woods I see was

1941

01:28:40,290 --> 01:28:37,180

talking about k2 meters before a couple

1942

01:28:44,160 --> 01:28:40,300

of years ago we friend Chris before he

1943

01:28:46,140 --> 01:28:44,170

died we were in the woods under it was

1944

01:28:48,510 --> 01:28:46,150

going from red yeah was going right

1945

01:28:50,360 --> 01:28:48,520

across the top of the lights you read

1946

01:28:52,350 --> 01:28:50,370

them back again and just disappearing so

1947

01:28:53,760 --> 01:28:52,360

normally if you've got some sort of a

1948

01:28:55,350 --> 01:28:53,770

field it would stay red all the time

1949

01:28:57,570 --> 01:28:55,360

wouldn't it you know not go up and down

1950

01:29:00,650 --> 01:28:57,580

like like it was which is a bit um

1951

01:29:03,300 --> 01:29:00,660

doesn't miss change well yeah I've got

1952

01:29:05,070 --> 01:29:03,310

electrical interference on photographs

1953

01:29:07,710 --> 01:29:05,080

that you can see you know like it's been

1954

01:29:10,710 --> 01:29:07,720

then they have lines like that like

1955

01:29:14,130 --> 01:29:10,720

you've taken a picture of a screen so I

1956

01:29:17,280 --> 01:29:14,140

don't know how that could be right out

1957

01:29:20,520 --> 01:29:17,290

there why would it affect cameras it's

1958

01:29:22,590 --> 01:29:20,530

very weird yeah I love taking pictures

1959

01:29:23,970 --> 01:29:22,600

I've taken most of the room will come

1960

01:29:25,890 --> 01:29:23,980

out plate can also and you'll get one

1961

01:29:27,210 --> 01:29:25,900

that's kept oh yes it's full of orbs and

1962

01:29:28,470 --> 01:29:27,220

then you take they're all pointing in

1963

01:29:30,240 --> 01:29:28,480

the same way we'll take it within a few

1964

01:29:33,330 --> 01:29:30,250

seconds and then they'll be back again

1965

01:29:34,980 --> 01:29:33,340

so I really can't explain what there is

1966

01:29:38,240 --> 01:29:34,990

I mean people say it's moisture drops

1967

01:29:40,230 --> 01:29:38,250

but wouldn't that be on every picture

1968

01:29:40,989 --> 01:29:40,240

affections they'll be on every pictures

1969

01:29:46,529 --> 01:29:40,999

well yeah

1970

01:29:51,219 --> 01:29:49,719

obscene Khan fields ops outside it's

1971

01:29:54,189 --> 01:29:51,229

like no sorry there's too many

1972

01:29:56,370 --> 01:29:54,199

particulates in there and I'm really the

1973

01:29:58,899 --> 01:29:56,380

mists the mist interests me because

1974

01:30:02,290 --> 01:29:58,909

they're just suddenly appear you can

1975

01:30:05,709 --> 01:30:02,300

feel them Anja and the mists often give

1976

01:30:08,859 --> 01:30:05,719

off an electromagnetic field so and

1977

01:30:12,279 --> 01:30:08,869

often that's it they look like something

1978

01:30:16,180 --> 01:30:12,289

you know like an alien or this one that

1979

01:30:16,839 --> 01:30:16,190

Brenda took it looks like a race on

1980

01:30:19,450 --> 01:30:16,849

horseback

1981

01:30:22,379 --> 01:30:19,460

yeah the face is in the pinnacle you you

1982

01:30:25,660 --> 01:30:22,389

know it's another strange anomaly yeah

1983

01:30:29,200 --> 01:30:25,670

but they are very well defined images

1984

01:30:31,029 --> 01:30:29,210

and so I don't know I kind of like think

1985

01:30:32,439 --> 01:30:31,039

there's something weird to that I don't

1986

01:30:35,529 --> 01:30:32,449

know what I wouldn't like to sort of

1987

01:30:38,169 --> 01:30:35,539

even postulate but yeah I've had some

1988

01:30:40,270 --> 01:30:38,179

weird moments down there I mean when I

1989

01:30:44,770 --> 01:30:40,280

stayed at Brenda's house if you stay at

1990

01:30:48,609 --> 01:30:44,780

Brenda's good luck this house is haunted

1991

01:30:50,620 --> 01:30:48,619

and there's definitely a graze around

1992

01:30:52,390 --> 01:30:50,630

her definitely the greys I

1993

01:30:54,759 --> 01:30:52,400

I stayed in their room and I went to bed

1994

01:30:57,069 --> 01:30:54,769

I felt I felt weird in the kitchen like

1995

01:30:58,450 --> 01:30:57,079

something was I could feel my hair and

1996

01:31:00,850 --> 01:30:58,460

see my hair moving a bit feel this

1997

01:31:02,379 --> 01:31:00,860

breeze it was a little wild but I

1998

01:31:04,209 --> 01:31:02,389

thought you know in somebody's house I

1999

01:31:07,359 --> 01:31:04,219

don't know what it's like and I thought

2000

01:31:10,689 --> 01:31:07,369

I don't feel like it's from a window it

2001

01:31:12,370 --> 01:31:10,699

feels like something's moving around me

2002

01:31:15,160 --> 01:31:12,380

you know and then I felt like something

2003

01:31:16,390 --> 01:31:15,170

that put his hand on my head and I was

2004

01:31:18,580 --> 01:31:16,400

like well that's a bit weird so I

2005

01:31:21,399 --> 01:31:18,590

mentioned it to Brenda that's right oh

2006

01:31:23,620 --> 01:31:21,409

yeah it's all well you know it's just my

2007

01:31:26,229 --> 01:31:23,630

house net you know so it's about that

2008

01:31:28,390 --> 01:31:26,239

night and this is how superstitious I am

2009

01:31:30,189 --> 01:31:28,400

I had a rosary bead that I wrapped

2010

01:31:32,379 --> 01:31:30,199

around my hand and I put the pot the

2011

01:31:35,049 --> 01:31:32,389

cross in my palm and it was wrapped

2012

01:31:38,350 --> 01:31:35,059

around my hand three times and then I

2013

01:31:39,790 --> 01:31:38,360

had a crystal under my pillow and then I

2014

01:31:42,580 --> 01:31:39,800

got to bed at night I was sort of like

2015

01:31:46,270 --> 01:31:42,590

snuggled down falling asleep and I felt

2016

01:31:47,739 --> 01:31:46,280

me the top cover slide off so I just

2017

01:31:50,680 --> 01:31:47,749

picked so I grabbed the edge of it and

2018

01:31:54,849 --> 01:31:50,690

pulled it back to me and then it kind of

2019

01:31:56,649 --> 01:31:54,859

was pulled back again

2020

01:31:58,899 --> 01:31:56,659

now sort of like pulled it to me and

2021

01:32:01,810 --> 01:31:58,909

then it got snatched out of man really I

2022

01:32:07,719 --> 01:32:01,820

speed and I sat up and I won't leave me

2023

01:32:09,939 --> 01:32:07,729

alone screaming as it was at my eyelids

2024

01:32:12,250 --> 01:32:09,949

to turn to what I couldn't open them so

2025

01:32:13,839 --> 01:32:12,260

I was like and I just kind of like threw

2026

01:32:16,419 --> 01:32:13,849

myself down on the bed and pulled the

2027

01:32:19,839 --> 01:32:16,429

other blankets up turning underneath my

2028

01:32:21,159 --> 01:32:19,849

chin and you know I was terrified and

2029

01:32:23,379 --> 01:32:21,169

there's something grabbed me by the feet

2030

01:32:24,759 --> 01:32:23,389

and then pulled me down the bed but

2031

01:32:26,889 --> 01:32:24,769

there was a brick wall at the end of the

2032

01:32:28,270 --> 01:32:26,899

bed it could have been no room for

2033

01:32:30,729 --> 01:32:28,280

anything there was like the brick wall

2034

01:32:32,349 --> 01:32:30,739

stood chairs and the bed was right up

2035

01:32:36,279 --> 01:32:32,359

against the two chairs that were folded

2036

01:32:38,379 --> 01:32:36,289

up so I thought as far as I got pulled

2037

01:32:42,489 --> 01:32:38,389

down that bed my feet would have been

2038

01:32:45,429 --> 01:32:42,499

sticking out of the wall right so I was

2039

01:32:48,759 --> 01:32:45,439

totally freaked out by that absolutely

2040

01:32:51,069 --> 01:32:48,769

you know the next day up the Rosary was

2041

01:32:52,329 --> 01:32:51,079

off my hand it was under my pillow and

2042

01:32:54,429 --> 01:32:52,339

the crystal that was under my pillow it

2043

01:32:56,500 --> 01:32:54,439

was gone and Grenda never found it it

2044

01:33:01,179 --> 01:32:56,510

was never in our house I never saw it

2045

01:33:07,119 --> 01:33:01,189

again a couple of still saying she was

2046

01:33:08,619 --> 01:33:07,129

down most I was praying one out Brenda

2047

01:33:10,719 --> 01:33:08,629

but low but I'm sure she was just

2048

01:33:12,459 --> 01:33:10,729

talking about she wrote the book sky

2049

01:33:14,709 --> 01:33:12,469

crash with thoughts tree and Jenny

2050

01:33:16,719 --> 01:33:14,719

Randall's it was about the orifices and

2051

01:33:19,839 --> 01:33:16,729

Brenda and Doc were the first ones to

2052

01:33:21,339 --> 01:33:19,849

investigate the first incident right in

2053

01:33:22,839 --> 01:33:21,349

the early days right from about 1980

2054

01:33:29,319 --> 01:33:22,849

when you first happened they yes they

2055

01:33:34,239 --> 01:33:29,329

got the first reports off of her I think

2056

01:33:38,290 --> 01:33:34,249

doctors with MUFON and beautifulness

2057

01:33:40,689 --> 01:33:38,300

ever before yeah so they what they are

2058

01:33:42,099 --> 01:33:40,699

they were already investigators and

2059

01:33:44,020 --> 01:33:42,109

that's how they came to hear about it

2060

01:33:47,649 --> 01:33:44,030

because you know they were kind of like

2061

01:33:49,599 --> 01:33:47,659

the area is known for it and they've got

2062

01:33:53,079 --> 01:33:49,609

their own sightings and experiences and

2063

01:33:56,079 --> 01:33:53,089

Brenda is an abductee so you know there

2064

01:33:59,169 --> 01:33:56,089

was already an imminent interest in it

2065

01:34:01,479 --> 01:33:59,179

anyway because of her experiences and

2066

01:34:04,540 --> 01:34:01,489

that came before Rendlesham so she was

2067

01:34:08,440 --> 01:34:04,550

already established and the phenomena

2068

01:34:10,000 --> 01:34:08,450

was already around her and

2069

01:34:14,680 --> 01:34:10,010

I don't know what goes on I'm not far as

2070

01:34:17,790 --> 01:34:14,690

some bloody weird stuff I've never seen

2071

01:34:21,130 --> 01:34:17,800

Bigfoot in there though a struggle with

2072

01:34:23,110 --> 01:34:21,140

the giant story now what he kind of

2073

01:34:24,910 --> 01:34:23,120

tried to believe because they'll just

2074

01:34:31,330 --> 01:34:24,920

tell it just I just can't get my head

2075

01:34:32,950 --> 01:34:31,340

around it the story did a follow up but

2076

01:34:35,710 --> 01:34:32,960

didn't she sky crashed throughout time

2077

01:34:40,170 --> 01:34:35,720

with Kinsella who's coming to the

2078

01:34:43,060 --> 01:34:40,180

conference and in that they talk about

2079

01:34:43,660 --> 01:34:43,070

reptilian that she had come knocking on

2080

01:34:46,600 --> 01:34:43,670

the door

2081

01:34:48,400 --> 01:34:46,610

yeah but they do do that they do

2082

01:34:51,370 --> 01:34:48,410

disguise themselves suffered I've seen

2083

01:34:53,320 --> 01:34:51,380

it myself in one of my experiences a

2084

01:34:58,090 --> 01:34:53,330

Sonya little go but it wasn't a little

2085

01:35:00,820 --> 01:34:58,100

girl I mean and Philip is a lovely car I

2086

01:35:02,050 --> 01:35:00,830

mean so I'll speak to a lot now and I'm

2087

01:35:04,990 --> 01:35:02,060

really looking for to actually meeting

2088

01:35:15,300 --> 01:35:05,000

him for the first time yeah that's when

2089

01:35:35,530 --> 01:35:23,530

yeah very supportive very gentle cells

2090

01:35:40,630 --> 01:35:35,540

very very nice and proper John Henson is

2091

01:35:42,220 --> 01:35:40,640

a hottie skies books yeah that's what

2092

01:35:43,810 --> 01:35:42,230

the conference easily so hope is this

2093

01:35:52,450 --> 01:35:43,820

sort of response to body holy scars

2094

01:36:01,810 --> 01:35:52,460

booked but yeah I've got some the alien

2095

01:36:06,810 --> 01:36:01,820

interview written done is a necklace you

2096

01:36:10,840 --> 01:36:06,820

know like people just ask for it but I

2097

01:36:13,630 --> 01:36:10,850

don't believe that if there was any

2098

01:36:14,710 --> 01:36:13,640

footage of an alien anywhere that it

2099

01:36:17,170 --> 01:36:14,720

would end up on the net

2100

01:36:19,570 --> 01:36:17,180

I don't believe that if an alien was

2101

01:36:22,300 --> 01:36:19,580

somehow killed that it would be left in

2102

01:36:24,790 --> 01:36:22,310

a glass case in a blowing

2103

01:36:26,980 --> 01:36:24,800

circus sideshow or whatever are that

2104

01:36:28,630 --> 01:36:26,990

there would be any dead bodies of aliens

2105

01:36:31,000 --> 01:36:28,640

left here when they can walk through

2106

01:36:32,980 --> 01:36:31,010

bloody walls and all this whatever they

2107

01:36:35,830 --> 01:36:32,990

do however they do it they're not going

2108

01:36:40,750 --> 01:36:35,840

to leave their dead strewn all over the

2109

01:36:47,230 --> 01:36:40,760

place so I'd never believed the alien

2110

01:36:49,600 --> 01:36:47,240

autopsy oh I felt so that well I was

2111

01:36:53,940 --> 01:36:49,610

thrown by my dad's a special effects guy

2112

01:36:56,050 --> 01:36:53,950

and he did all the makeup and also

2113

01:37:00,340 --> 01:36:56,060

animatronics was something that he did a

2114

01:37:04,360 --> 01:37:00,350

lot of and from being very very young I

2115

01:37:08,080 --> 01:37:04,370

was exposed to films like scanners the

2116

01:37:11,140 --> 01:37:08,090

howl in all of that kind of thing making

2117

01:37:13,720 --> 01:37:11,150

werewolf in london no they did that is

2118

01:37:17,050 --> 01:37:13,730

how you read my dad's magazines of how

2119

01:37:19,470 --> 01:37:17,060

they did that and so i just don't

2120

01:37:23,050 --> 01:37:19,480

believe in any of that and having

2121

01:37:25,030 --> 01:37:23,060

confessed to face with a grey you know

2122

01:37:27,250 --> 01:37:25,040

there's no way that day I controlled

2123

01:37:29,650 --> 01:37:27,260

there's no way in our pathetic human

2124

01:37:32,440 --> 01:37:29,660

puny bodies that we can do anything

2125

01:37:35,860 --> 01:37:32,450

amiss people say ice come their minds no

2126
01:37:37,510 --> 01:37:35,870
you don't you know you don't you can't

2127
01:37:40,360 --> 01:37:37,520
even move if they don't want you to move

2128
01:37:43,990 --> 01:37:40,370
right you only do what they allow you to

2129
01:37:48,010 --> 01:37:44,000
do so there's that's a lot of gibberish

2130
01:37:50,410 --> 01:37:48,020
so you know that they have this personal

2131
01:37:52,990 --> 01:37:50,420
energy about them that they're they can

2132
01:37:56,310 --> 01:37:53,000
actually put in your head or whatever so

2133
01:38:00,990 --> 01:37:56,320
this get this alien sat at a table

2134
01:38:05,530 --> 01:38:01,000
behind a very small window in the dark

2135
01:38:07,300 --> 01:38:05,540
all of that is deliberate to hide all of

2136
01:38:08,950 --> 01:38:07,310
the stuff that's going on to make this

2137
01:38:11,680 --> 01:38:08,960
thing function in the way that it does

2138
01:38:14,260 --> 01:38:11,690

you need the table because in all the

2139

01:38:17,230 --> 01:38:14,270

cables that you need to hide you need so

2140

01:38:18,790 --> 01:38:17,240

I'm very smart all like window otherwise

2141

01:38:20,260 --> 01:38:18,800

you've got to give it our arms and legs

2142

01:38:23,860 --> 01:38:20,270

and they've all got to be you know

2143

01:38:27,100 --> 01:38:23,870

operational as well and not look weird

2144

01:38:29,020 --> 01:38:27,110

so kind of like the head the eyes the

2145

01:38:31,150 --> 01:38:29,030

neck movement all that is very easy to

2146

01:38:34,240 --> 01:38:31,160

achieve especially if you're blacking it

2147

01:38:36,219 --> 01:38:34,250

all out there's many reasons why you

2148

01:38:38,859 --> 01:38:36,229

know I don't believe it

2149

01:38:40,569 --> 01:38:38,869

like the keep it in a dark room because

2150

01:38:42,250 --> 01:38:40,579

it's a eyes are sensitive to the light

2151

01:38:43,870 --> 01:38:42,260

but then apparently when it start

2152

01:38:47,890 --> 01:38:43,880

struggling struggling and there's and

2153

01:38:51,779 --> 01:38:47,900

alike its eyes right pupil response

2154

01:38:56,709 --> 01:38:54,430

you know I'm sorry there's just too many

2155

01:38:58,899 --> 01:38:56,719

things in it that said that it's not

2156

01:39:00,100 --> 01:38:58,909

even real and that is so easy to do with

2157

01:39:02,830 --> 01:39:00,110

only my seanix

2158

01:39:05,259 --> 01:39:02,840

got a good mask if you've got a good you

2159

01:39:07,180 --> 01:39:05,269

know when when I was a kid my dad had

2160

01:39:09,939 --> 01:39:07,190

these things Arnold Schwarzenegger his

2161

01:39:12,549 --> 01:39:09,949

head in our house just from memory from

2162

01:39:17,049 --> 01:39:12,559

this guy John this favorite dad to do

2163

01:39:18,580 --> 01:39:17,059

these masks you know latex masks and it

2164

01:39:21,609 --> 01:39:18,590

was absolutely perfect

2165

01:39:23,830 --> 01:39:21,619

it looks exactly like him so you know

2166

01:39:25,209 --> 01:39:23,840

it's you should think he must have said

2167

01:39:27,459 --> 01:39:25,219

that you can't do it he's character Don

2168

01:39:33,009 --> 01:39:27,469

it car seat camera dog and the and it's

2169

01:39:34,750 --> 01:39:33,019

owned by a production company not

2170

01:39:42,609 --> 01:39:34,760

believe in it we've just been subjected

2171

01:39:46,930 --> 01:39:42,619

to constant Hourani take your friends

2172

01:39:49,719 --> 01:39:46,940

away and believe it insulted because you

2173

01:39:53,560 --> 01:39:49,729

don't believe it yep and he was saying

2174

01:39:55,479 --> 01:39:53,570

that he didn't believe this abductee she

2175

01:39:57,699 --> 01:39:55,489

filmed herself disappearing from her bed

2176
01:40:00,459 --> 01:39:57,709
and pull me back 30 minutes later it was

2177
01:40:05,290 --> 01:40:00,469
features on that fact are fake and they

2178
01:40:07,449 --> 01:40:05,300
couldn't debunk it the footage is on the

2179
01:40:08,949 --> 01:40:07,459
DVR that NASA had to write a program for

2180
01:40:10,299 --> 01:40:08,959
us to get it off and they confirmed it

2181
01:40:13,259 --> 01:40:10,309
had never been second I've never been

2182
01:40:17,580 --> 01:40:13,269
interfered with all the rest of it you

2183
01:40:20,379 --> 01:40:17,590
know that's that's what happens and

2184
01:40:21,910 --> 01:40:20,389
there's no way that these things are

2185
01:40:25,239 --> 01:40:21,920
going to leave bodies lying around

2186
01:40:27,549 --> 01:40:25,249
or let them be you know interrogated in

2187
01:40:28,410 --> 01:40:27,559
that way or whatever it's just so

2188
01:40:31,209 --> 01:40:28,420

ridiculous

2189

01:40:33,430 --> 01:40:31,219

no I'm sorry I just got even believe all

2190

01:40:35,140 --> 01:40:33,440

that they've got their in control we're

2191

01:40:37,000 --> 01:40:35,150

not in control there well I mean I

2192

01:40:39,520 --> 01:40:37,010

support a supported by spirits Matthias

2193

01:40:40,810 --> 01:40:39,530

who was on them did a show last couple

2194

01:40:41,649 --> 01:40:40,820

of weeks dollars bail bail weaker so I

2195

01:40:44,350 --> 01:40:41,659

would go with them

2196

01:40:46,029 --> 01:40:44,360

Philip mantle and Chris Evers on there

2197

01:40:49,100 --> 01:40:46,039

as a little bit show didn't there yeah

2198

01:40:54,080 --> 01:40:49,110

Colin Wofford was on there and the

2199

01:40:55,760 --> 01:40:54,090

now warford and they really ran ring

2200

01:40:58,730 --> 01:40:55,770

rings around there didn't know he was

2201
01:41:00,110 --> 01:40:58,740
been there to give evidence some sort of

2202
01:41:03,410 --> 01:41:00,120
statements of evidence to say why he

2203
01:41:04,880 --> 01:41:03,420
believes you know it's all real really

2204
01:41:08,060 --> 01:41:04,890
there was nothing came out of it at all

2205
01:41:10,490 --> 01:41:08,070
I think spirits made offers to say we'll

2206
01:41:11,690 --> 01:41:10,500
take it and take it away and I'll pay

2207
01:41:15,470 --> 01:41:11,700
for it to get it tested and everything

2208
01:41:17,540 --> 01:41:15,480
and I know if you you know if you really

2209
01:41:20,630 --> 01:41:17,550
believe what you believe then you'll

2210
01:41:21,950 --> 01:41:20,640
take that offer up but yeah I think he's

2211
01:41:25,160 --> 01:41:21,960
everything's gone quiet on that scene

2212
01:41:26,900 --> 01:41:25,170
and what I gather I don't know with him

2213
01:41:28,970 --> 01:41:26,910

anyway because it's all just driver

2214

01:41:34,160 --> 01:41:28,980

isn't it

2215

01:41:37,010 --> 01:41:34,170

I like spirit I like a lot I was with a

2216

01:41:40,730 --> 01:41:37,020

UFO dates a magazine when whip filled

2217

01:41:43,310 --> 01:41:40,740

mantle when he went down to speak to

2218

01:41:44,960 --> 01:41:43,320

spirits and came back and told us old it

2219

01:41:46,700 --> 01:41:44,970

was definitely a hopes and all the

2220

01:41:49,640 --> 01:41:46,710

drawings another estimate seen at altar

2221

01:41:53,120 --> 01:41:49,650

then he spoke at a conference in 2007 or

2222

01:41:55,850 --> 01:41:53,130

8 remember which one but anyway I was

2223

01:41:58,790 --> 01:41:55,860

there and so to me he was never real you

2224

01:42:02,360 --> 01:41:58,800

know it was never real and the Roswell

2225

01:42:05,420 --> 01:42:02,370

slide was a big massive circus over a

2226

01:42:08,060 --> 01:42:05,430

graph a photograph that's what it was it

2227

01:42:09,770 --> 01:42:08,070

wasn't a real actual body everyone going

2228

01:42:10,340 --> 01:42:09,780

mad you're all ignorant if you don't

2229

01:42:12,170 --> 01:42:10,350

believe it

2230

01:42:13,970 --> 01:42:12,180

you don't understand the science don't

2231

01:42:15,980 --> 01:42:13,980

understand the science of what it's

2232

01:42:19,580 --> 01:42:15,990

about 100 dollars to see the real see

2233

01:42:22,700 --> 01:42:19,590

yeah yeah so I'd say Google and I found

2234

01:42:24,980 --> 01:42:22,710

what the condition is called but the the

2235

01:42:28,130 --> 01:42:24,990

chest cavity and the way that the ribs

2236

01:42:30,410 --> 01:42:28,140

are there's a particular condition and

2237

01:42:32,480 --> 01:42:30,420

it took me like about five minutes to

2238

01:42:35,570 --> 01:42:32,490

find it and be quite sure that that's

2239

01:42:37,850 --> 01:42:35,580

what was going on and to say this child

2240

01:42:39,200 --> 01:42:37,860

shouldn't be being paraded like this and

2241

01:42:41,420 --> 01:42:39,210

wherever it is it should be given a

2242

01:42:45,380 --> 01:42:41,430

decent burial it's not an alien it's a

2243

01:42:48,170 --> 01:42:45,390

dead child so you know obviously you

2244

01:42:50,050 --> 01:42:48,180

can't say that it's an attack so I got

2245

01:42:53,000 --> 01:42:50,060

attacked for saying that it's a child

2246

01:42:54,830 --> 01:42:53,010

you know it's like I've got sick and the

2247

01:42:56,390 --> 01:42:54,840

people think that I don't I think I'm

2248

01:42:58,550 --> 01:42:56,400

sure people think that I don't believe

2249

01:43:01,430 --> 01:42:58,560

in anything I do right I've had

2250

01:43:02,970 --> 01:43:01,440

experiences I've been abducted I've seen

2251

01:43:05,489 --> 01:43:02,980

UFOs or

2252

01:43:08,640 --> 01:43:05,499

I've seen one with a group of people and

2253

01:43:11,580 --> 01:43:08,650

one of them landed I've had multiple

2254

01:43:15,479 --> 01:43:11,590

multiple experiences of all kinds of

2255

01:43:17,489 --> 01:43:15,489

things but I do and I just don't believe

2256

01:43:20,729 --> 01:43:17,499

a lot of the crap that's out laughs yeah

2257

01:43:23,399 --> 01:43:20,739

you know there's people who do lie you

2258

01:43:26,989 --> 01:43:23,409

can make this stuff up you know people

2259

01:43:30,750 --> 01:43:26,999

say oh you can't make it oh yes you can

2260

01:43:31,890 --> 01:43:30,760

95% of the videos you see on you never

2261

01:43:33,839 --> 01:43:31,900

know which ones are real and which ones

2262

01:43:36,060 --> 01:43:33,849

off but I think for me I'm probably at

2263

01:43:40,919 --> 01:43:36,070

least 95 percent of them were faked

2264

01:43:43,859 --> 01:43:40,929

well somebody does a yearly hoax post a

2265

01:43:47,989 --> 01:43:43,869

list of all the names of all the hoaxes

2266

01:43:52,770 --> 01:43:47,999

and other dodgy sites and other CGI

2267

01:43:56,939 --> 01:43:52,780

creators and it must be a couple or

2268

01:44:01,890 --> 01:43:56,949

three hundred names long of well-known

2269

01:44:04,770 --> 01:44:01,900

hope sites so you know people really are

2270

01:44:07,859 --> 01:44:04,780

buying sensation and these excited

2271

01:44:09,930 --> 01:44:07,869

feelings because the reality of the

2272

01:44:12,089 --> 01:44:09,940

alien abduction scene and you know I

2273

01:44:14,279 --> 01:44:12,099

think it's really boring well the alien

2274

01:44:18,870 --> 01:44:14,289

abduction stuffs not boring it's just

2275

01:44:20,729 --> 01:44:18,880

too scary or you know the UFO stuff that

2276

01:44:23,609 --> 01:44:20,739

we get is too small and insignificant

2277

01:44:25,379 --> 01:44:23,619

it's that it's not close encounters why

2278

01:44:28,109 --> 01:44:25,389

isn't everybody anybody ever got a

2279

01:44:29,850 --> 01:44:28,119

camera oh you know we didn't have a

2280

01:44:32,520 --> 01:44:29,860

camera when we were on top of a mountain

2281

01:44:34,709 --> 01:44:32,530

in Wales in 1997 and they certainly

2282

01:44:35,339 --> 01:44:34,719

didn't have any phones with cameras on

2283

01:44:40,529 --> 01:44:35,349

at that time

2284

01:44:43,290 --> 01:44:40,539

yeah so Tom you get a camera and take

2285

01:44:44,910 --> 01:44:43,300

yourself or your phone you just switch

2286

01:44:46,259 --> 01:44:44,920

through it with your finger at the time

2287

01:44:50,850 --> 01:44:46,269

you've done all that it scurried gone

2288

01:44:52,560 --> 01:44:50,860

anyway yeah well I mean even if we'd

2289

01:44:54,209 --> 01:44:52,570

taken the video camera which was

2290

01:44:56,189 --> 01:44:54,219

actually still on the floor behind the

2291

01:44:58,560 --> 01:44:56,199

front door I don't think it would have

2292

01:45:04,979 --> 01:44:58,570

worked because you know something was

2293

01:45:07,410 --> 01:45:04,989

affecting you know the sheep were are

2294

01:45:10,129 --> 01:45:07,420

laying down subdued there was a fly in

2295

01:45:12,450 --> 01:45:10,139

the bathroom that was subdued that Steve

2296

01:45:14,790 --> 01:45:12,460

touched it didn't fly off but it wasn't

2297

01:45:16,409 --> 01:45:14,800

dead you know and we were all behaving

2298

01:45:18,389 --> 01:45:16,419

weirdly so

2299

01:45:22,169 --> 01:45:18,399

she's imagine whatever was emitting from

2300

01:45:23,580 --> 01:45:22,179

that craft above us was probably going

2301

01:45:26,159 --> 01:45:23,590

to interfere with the camera but I do

2302

01:45:30,750 --> 01:45:26,169

find it strange that of the big pile of

2303

01:45:32,879 --> 01:45:30,760

things that we took we miss the camera a

2304

01:45:36,149 --> 01:45:32,889

bit more detail about that we still got

2305

01:45:41,339 --> 01:45:36,159

about 10 minutes to go all right yeah

2306

01:45:44,250 --> 01:45:41,349

so the quick sip of my tea yes I went to

2307

01:45:46,739 --> 01:45:44,260

Wales in 1997 with my boyfriend

2308

01:45:50,489 --> 01:45:46,749

his sister his sister took her child

2309

01:45:54,779 --> 01:45:50,499

Joseph and also their Uncle John when I

2310

01:45:59,790 --> 01:45:54,789

was there with my son Louie and the two

2311

01:46:01,319 --> 01:45:59,800

boys Louie was about five six sorry and

2312

01:46:04,109 --> 01:46:01,329

Joseph will have been about fine from

2313

01:46:07,919 --> 01:46:04,119

every for about a year and a half apart

2314

01:46:10,409 --> 01:46:07,929

in age so gone to this little cottage in

2315

01:46:13,739 --> 01:46:10,419

February cos it's cheap and it's nice to

2316

01:46:15,959 --> 01:46:13,749

get away Wales is beautiful it's also a

2317

01:46:19,020 --> 01:46:15,969

lush and green and hilly and quiet and

2318

01:46:21,540 --> 01:46:19,030

nice you know so you get these really

2319

01:46:23,209 --> 01:46:21,550

good bargain deals in winter months and

2320

01:46:26,520 --> 01:46:23,219

these cottages so that's what we did

2321

01:46:28,589 --> 01:46:26,530

then on the Saturday night

2322

01:46:30,810 --> 01:46:28,599

I was gonna go a bath and Steve was

2323

01:46:32,549 --> 01:46:30,820

washing up and he got the mind in mind

2324

01:46:36,120 --> 01:46:32,559

to go and look outside and look at the

2325

01:46:38,479 --> 01:46:36,130

sky doing a bit of UFO spotting us Gary

2326

01:46:40,290 --> 01:46:38,489

watching if there are no it's cloudy

2327

01:46:42,330 --> 01:46:40,300

even though they won't be able to see

2328

01:46:45,569 --> 01:46:42,340

anything and then he said that his brain

2329

01:46:48,689 --> 01:46:45,579

said yeah but the youth's clouds to hide

2330

01:46:52,679 --> 01:46:48,699

and so it's decided to go out and have a

2331

01:46:54,779 --> 01:46:52,689

look and then after however long he

2332

01:46:55,620 --> 01:46:54,789

spotted some this flickering light off

2333

01:46:58,080 --> 01:46:55,630

in the distance

2334

01:47:00,779 --> 01:46:58,090

as far as far off as you could say

2335

01:47:02,609 --> 01:47:00,789

basically I don't know what distance

2336

01:47:07,049 --> 01:47:02,619

that is across the sky when you're on

2337

01:47:09,179 --> 01:47:07,059

top of a mountain coming from yeah well

2338

01:47:11,219 --> 01:47:09,189

I know I know it was pretty big but it

2339

01:47:13,290 --> 01:47:11,229

was far far away I don't know how many

2340

01:47:15,029 --> 01:47:13,300

miles I used to say I used to think that

2341

01:47:15,959 --> 01:47:15,039

was probably about 20 miles but

2342

01:47:18,929 --> 01:47:15,969

apparently it's not

2343

01:47:23,250 --> 01:47:18,939

so however far away the horizon is there

2344

01:47:26,040 --> 01:47:23,260

and it was moving off to our right well

2345

01:47:27,719 --> 01:47:26,050

Steve called me out and I'm leaning on

2346

01:47:30,240 --> 01:47:27,729

the wall I'm going Patsy it can't see it

2347

01:47:32,160 --> 01:47:30,250

so I ended up looking along his arm

2348

01:47:33,540 --> 01:47:32,170

longest finger swears was pointing and

2349

01:47:35,880 --> 01:47:33,550

then I saw something that I thought was

2350

01:47:37,410 --> 01:47:35,890

lightning and I said I think it's like

2351

01:47:39,630 --> 01:47:37,420

there and then he said it's not watching

2352

01:47:42,120 --> 01:47:39,640

so I kept watching it was coming on and

2353

01:47:43,620 --> 01:47:42,130

going off when I'm going off and it was

2354

01:47:46,230 --> 01:47:43,630

exactly the same every time and

2355

01:47:49,590 --> 01:47:46,240

lightning isn't so it was moving and

2356

01:47:51,150 --> 01:47:49,600

just flashing and then it stopped and it

2357

01:47:53,220 --> 01:47:51,160

started getting bigger because it was

2358

01:47:55,200 --> 01:47:53,230

coming towards us and it Zig zagged over

2359

01:47:58,080 --> 01:47:55,210

I don't know how long it sick it was

2360

01:47:59,880 --> 01:47:58,090

slow it wasn't in any rush and it kind

2361

01:48:02,280 --> 01:47:59,890

of went behind the house and in front of

2362

01:48:05,430 --> 01:48:02,290

the house and was we were all out by

2363

01:48:08,820 --> 01:48:05,440

then watching it and it came to be

2364

01:48:12,390 --> 01:48:08,830

literally right over our heads over the

2365

01:48:15,000 --> 01:48:12,400

house and you know the central circle of

2366

01:48:16,770 --> 01:48:15,010

light it was the typical kind of think

2367

01:48:18,990 --> 01:48:16,780

central circle of brilliant white light

2368

01:48:21,930 --> 01:48:19,000

that you could look up didn't hurt your

2369

01:48:24,180 --> 01:48:21,940

eyes and everything it touched was you

2370

01:48:26,040 --> 01:48:24,190

know the light touch it went blue so

2371

01:48:27,750 --> 01:48:26,050

everybody had a blue tinge to them now

2372

01:48:30,720 --> 01:48:27,760

the walls of the house had a blue tinge

2373

01:48:32,460 --> 01:48:30,730

everything that this blue tinge my son

2374

01:48:34,140 --> 01:48:32,470

said that hundred come through had um

2375

01:48:35,970 --> 01:48:34,150

touched his fault and that it wasn't his

2376

01:48:38,940 --> 01:48:35,980

imagination it really saw it with his

2377

01:48:42,000 --> 01:48:38,950

eyes and he was terrified so I said to

2378

01:48:44,460 --> 01:48:42,010

Steve you know let's uh come back in but

2379

01:48:46,200 --> 01:48:44,470

a little while before that the I'm

2380

01:48:48,090 --> 01:48:46,210

noticed a strobe light on the side of

2381

01:48:50,370 --> 01:48:48,100

the house which was to my right and

2382

01:48:53,850 --> 01:48:50,380

slightly behind but can a saw the flash

2383

01:48:56,310 --> 01:48:53,860

that I looked was orange strobe effect

2384

01:48:57,600 --> 01:48:56,320

and I looked round and there was a

2385

01:49:00,450 --> 01:48:57,610

sphere on the ground

2386

01:49:03,720 --> 01:49:00,460

totally I don't know it's hard to

2387

01:49:05,220 --> 01:49:03,730

remember exactly but maybe it's ah it's

2388

01:49:08,400 --> 01:49:05,230

just tall enough for somebody to stand

2389

01:49:10,800 --> 01:49:08,410

up in but it was emitting this like gray

2390

01:49:12,930 --> 01:49:10,810

white light every other second like

2391

01:49:17,310 --> 01:49:12,940

pulsing quite slowly with all this mist

2392

01:49:21,240 --> 01:49:17,320

sort of surrounding it and rolling

2393

01:49:22,380 --> 01:49:21,250

around and so we took the kids think

2394

01:49:26,430 --> 01:49:22,390

because they were getting scared

2395

01:49:28,380 --> 01:49:26,440

John was I think struggling with it he

2396

01:49:31,050 --> 01:49:28,390

said it was the aurora borealis at one

2397

01:49:33,990 --> 01:49:31,060

point but when we found him chopping

2398

01:49:36,750 --> 01:49:34,000

into a door frame with an axe in the

2399

01:49:38,970 --> 01:49:36,760

shed it distracts him Joseph but I think

2400

01:49:40,230 --> 01:49:38,980

he was equally destructed himself he was

2401
01:49:42,930 --> 01:49:40,240
saying this is how we chop the wood

2402
01:49:43,770 --> 01:49:42,940
Joseph and I think he was just scared

2403
01:49:48,029 --> 01:49:43,780
and the kids

2404
01:49:49,680 --> 01:49:48,039
scared and I think the children had the

2405
01:49:52,919 --> 01:49:49,690
right attitude about it whereas we were

2406
01:49:55,080 --> 01:49:52,929
all like you know you know Steve said he

2407
01:49:56,669 --> 01:49:55,090
started to get nervous but you start to

2408
01:49:58,529 --> 01:49:56,679
get nervous you should be like oh my

2409
01:50:00,120 --> 01:49:58,539
lord right from the very onset of it

2410
01:50:03,060 --> 01:50:00,130
what the hell is going on not like oh

2411
01:50:06,390 --> 01:50:03,070
well but this world this is Wow awesome

2412
01:50:08,580 --> 01:50:06,400
yeah and then so it took the kids back

2413
01:50:09,870 --> 01:50:08,590

in the house and Steve went straight to

2414

01:50:11,629 --> 01:50:09,880

the sink and started drying the dishes

2415

01:50:13,379 --> 01:50:11,639

that had been washing before he went out

2416

01:50:16,890 --> 01:50:13,389

even though they must have been dry

2417

01:50:18,689 --> 01:50:16,900

we've been out there that long and John

2418

01:50:21,060 --> 01:50:18,699

and Danny went to sit back in the front

2419

01:50:22,770 --> 01:50:21,070

room and watch TV and the children went

2420

01:50:24,720 --> 01:50:22,780

back to the bottom of the stairs where

2421

01:50:26,580 --> 01:50:24,730

they were playing when Steve had shouted

2422

01:50:29,430 --> 01:50:26,590

me down from upstairs because I was in

2423

01:50:30,450 --> 01:50:29,440

the bedroom and there they all just went

2424

01:50:32,339 --> 01:50:30,460

back to doing what they were doing

2425

01:50:35,040 --> 01:50:32,349

before like fireworks were over it was

2426
01:50:37,709 --> 01:50:35,050
like always big yeah I thought Jeff this

2427
01:50:40,169 --> 01:50:37,719
I said I'm off back outside and nobody

2428
01:50:41,729 --> 01:50:40,179
went don't do that ah I didn't think it

2429
01:50:43,350 --> 01:50:41,739
was a bad idea I was just like oh

2430
01:50:46,020 --> 01:50:43,360
they're being weird

2431
01:50:48,060 --> 01:50:46,030
look not the situation is weird they

2432
01:50:50,490 --> 01:50:48,070
were behaving weirdly for the situation

2433
01:50:53,189 --> 01:50:50,500
this I knew and that was all I knew and

2434
01:50:55,890 --> 01:50:53,199
I walked out of the house and what's up

2435
01:50:57,959 --> 01:50:55,900
the full length of the garden so where

2436
01:51:00,450 --> 01:50:57,969
we were stood before with the sphere on

2437
01:51:02,819 --> 01:51:00,460
the ground behind me and this bloody

2438
01:51:05,040 --> 01:51:02,829

craft above us which I could only see

2439

01:51:07,260 --> 01:51:05,050

about 60 feet of it but as it was coming

2440

01:51:09,479 --> 01:51:07,270

towards us it was rippling like a big

2441

01:51:11,839 --> 01:51:09,489

giant jellyfish through the clouds with

2442

01:51:14,700 --> 01:51:11,849

all these lights that were flashing and

2443

01:51:16,740 --> 01:51:14,710

so we just sitting there I was just

2444

01:51:19,229 --> 01:51:16,750

underneath this and I add something run

2445

01:51:21,899 --> 01:51:19,239

up behind me and bump into my back and

2446

01:51:23,790 --> 01:51:21,909

it kind of as it run past me it sort of

2447

01:51:25,649 --> 01:51:23,800

took my jumper as it won't you know like

2448

01:51:28,200 --> 01:51:25,659

if someone English got caught on yeah

2449

01:51:30,839 --> 01:51:28,210

but it's my immediate left there was a

2450

01:51:33,209 --> 01:51:30,849

brick wall so I don't even know where it

2451
01:51:34,799 --> 01:51:33,219
would have gone but then you know I

2452
01:51:37,879 --> 01:51:34,809
didn't even think that at the time

2453
01:51:40,470 --> 01:51:37,889
because I realized that I was running

2454
01:51:42,569 --> 01:51:40,480
you know after I say it wasn't a case of

2455
01:51:44,189 --> 01:51:42,579
oh my god I need to get back to the

2456
01:51:47,129 --> 01:51:44,199
house or anything it was fight off like

2457
01:51:49,589 --> 01:51:47,139
I got that boom running and I couldn't

2458
01:51:53,069 --> 01:51:49,599
see anything I was completely blind and

2459
01:51:56,950 --> 01:51:53,079
I I just ran I thought just just run in

2460
01:51:59,650 --> 01:51:56,960
I you know under control and got into

2461
01:52:02,020 --> 01:51:59,660
house and said see something's just run

2462
01:52:03,550 --> 01:52:02,030
up and touch me and he just looked at

2463
01:52:05,350 --> 01:52:03,560

the clock on the cooker and said well

2464

01:52:07,810 --> 01:52:05,360

you haven't been out there long say you

2465

01:52:09,970 --> 01:52:07,820

haven't had any missin time like you

2466

01:52:12,250 --> 01:52:09,980

know cuz that's normal isn't it yeah

2467

01:52:14,470 --> 01:52:12,260

yeah so my head went at that point and

2468

01:52:16,150 --> 01:52:14,480

that just totally was like close old

2469

01:52:17,440 --> 01:52:16,160

curtains shut on went that Bible you

2470

01:52:21,550 --> 01:52:17,450

know like barricade ourselves in

2471

01:52:25,090 --> 01:52:21,560

basically no I know I've never got over

2472

01:52:29,080 --> 01:52:25,100

it David I mean it that's that was the

2473

01:52:35,110 --> 01:52:29,090

PCs a moment for me about much about

2474

01:52:36,940 --> 01:52:35,120

afterwards between you and I talking

2475

01:52:40,060 --> 01:52:36,950

about Joseph but everyone else remembers

2476

01:52:42,420 --> 01:52:40,070

it but we all drifted apart and so Louie

2477

01:52:46,120 --> 01:52:42,430

remembers the lights and the Hammond and

2478

01:52:48,010 --> 01:52:46,130

not much else but you know obviously I

2479

01:52:50,380 --> 01:52:48,020

remember I remember Steve remembers what

2480

01:52:52,290 --> 01:52:50,390

he remembers it just I was hoping that

2481

01:52:55,750 --> 01:52:52,300

when we found each other after 13 years

2482

01:52:58,390 --> 01:52:55,760

that he would say oh no it didn't happen

2483

01:53:01,000 --> 01:52:58,400

like why it was just this but it was

2484

01:53:02,560 --> 01:53:01,010

like no that happened yes that's what I

2485

01:53:04,510 --> 01:53:02,570

remember this is what I remember and

2486

01:53:06,550 --> 01:53:04,520

Daniel was like this is what I remember

2487

01:53:10,390 --> 01:53:06,560

and it's like we all remember the same

2488

01:53:11,440 --> 01:53:10,400

things and how big it was and all the

2489

01:53:14,320 --> 01:53:11,450

rest of it I thought I must've

2490

01:53:16,479 --> 01:53:14,330

exaggerated it in my mind I must why was

2491

01:53:18,700 --> 01:53:16,489

it so low and still in the clouds well

2492

01:53:20,410 --> 01:53:18,710

we were you can't get false memories

2493

01:53:24,130 --> 01:53:20,420

when you're taught to think about things

2494

01:53:26,620 --> 01:53:24,140

again and well bury it and not think

2495

01:53:28,840 --> 01:53:26,630

about it try and reduce it down to its

2496

01:53:31,000 --> 01:53:28,850

like smallest components uh it's not

2497

01:53:32,350 --> 01:53:31,010

overwhelming but it it just never

2498

01:53:35,590 --> 01:53:32,360

stopped playing in my head every single

2499

01:53:37,660 --> 01:53:35,600

day every day all day it was just there

2500

01:53:41,860 --> 01:53:37,670

in my head and after eight years

2501

01:53:43,990 --> 01:53:41,870

I just broken money and ruptured money

2502

01:53:47,080 --> 01:53:44,000

of our operations on the left lane it's

2503

01:53:48,580 --> 01:53:47,090

he's still knocked but I was barred and

2504

01:53:51,070 --> 01:53:48,590

bought a computer because I couldn't go

2505

01:53:53,590 --> 01:53:51,080

to work you know and ended up talking

2506

01:53:55,090 --> 01:53:53,600

about it on a UFO forum because I

2507

01:53:56,650 --> 01:53:55,100

couldn't contain you anymore and I

2508

01:53:58,540 --> 01:53:56,660

thought you know what I don't care I'm

2509

01:53:59,979 --> 01:53:58,550

just gonna make up a silly name and I'm

2510

01:54:01,780 --> 01:53:59,989

gonna go on and I'm just gonna tell what

2511

01:54:04,270 --> 01:54:01,790

happened and maybe I'll feel back there

2512

01:54:07,270 --> 01:54:04,280

but it just over ups it from where and

2513

01:54:09,190 --> 01:54:07,280

that was 25th of June 2005 the first

2514

01:54:11,060 --> 01:54:09,200

time I ever said anything about it to

2515

01:54:13,620 --> 01:54:11,070

anybody on the Internet

2516

01:54:16,230 --> 01:54:13,630

yes to me that should be only in a book

2517

01:54:20,070 --> 01:54:16,240

I mean in some ways it's kind of even as

2518

01:54:22,650 --> 01:54:20,080

much as as exciting as the RFI isn't it

2519

01:54:25,740 --> 01:54:22,660

when you think about it yeah yeah it's

2520

01:54:29,100 --> 01:54:25,750

not and I didn't realize what kind of an

2521

01:54:31,200 --> 01:54:29,110

unusual and rare even it is because you

2522

01:54:33,330 --> 01:54:31,210

know aware of the UFL community had

2523

01:54:36,060 --> 01:54:33,340

already seen something as a kid so I was

2524

01:54:38,310 --> 01:54:36,070

sort of interested and he said you've

2525

01:54:41,520 --> 01:54:38,320

read all these stories and like you have

2526
01:54:43,140 --> 01:54:41,530
a magazine etc and you think oh well you

2527
01:54:44,550 --> 01:54:43,150
know they all know what's going on and

2528
01:54:48,200 --> 01:54:44,560
then they'll be able to help me so I

2529
01:54:51,030 --> 01:54:48,210
came to the Internet to try and heal and

2530
01:54:54,480 --> 01:54:51,040
you know it's been a quite a journey but

2531
01:54:56,250 --> 01:54:54,490
after 13 years I think I found my feet

2532
01:54:58,650 --> 01:54:56,260
now and then it's kind of being

2533
01:55:01,050 --> 01:54:58,660
normalized even though it's so abnormal

2534
01:55:03,570 --> 01:55:01,060
just being able to talk about it and

2535
01:55:07,200 --> 01:55:03,580
have other people around me who have

2536
01:55:09,650 --> 01:55:07,210
like mirror feelings from their event

2537
01:55:12,810 --> 01:55:09,660
and similar events it's kind of made it

2538
01:55:15,660 --> 01:55:12,820

feel less abnormal and made me feel less

2539

01:55:17,220 --> 01:55:15,670

abnormal and that's when the healing

2540

01:55:19,230 --> 01:55:17,230

starts though so anybody out there

2541

01:55:22,740 --> 01:55:19,240

listening if you find the right people

2542

01:55:25,470 --> 01:55:22,750

to talk to you will be able to heal but

2543

01:55:26,760 --> 01:55:25,480

you know it's it's the key word there is

2544

01:55:30,660 --> 01:55:26,770

the right people because there are

2545

01:55:33,000 --> 01:55:30,670

o'clock yeah the other thing is the

2546

01:55:34,260 --> 01:55:33,010

well-meaning people who say oh well if

2547

01:55:36,120 --> 01:55:34,270

that's happens here then you will have

2548

01:55:37,590 --> 01:55:36,130

been abducted and when their abductors

2549

01:55:39,090 --> 01:55:37,600

are put things that we know as the put

2550

01:55:41,010 --> 01:55:39,100

things in your hand or put things in

2551
01:55:43,260 --> 01:55:41,020
your spine you know that you know they

2552
01:55:45,960 --> 01:55:43,270
do they sat on the other and and they

2553
01:55:48,660 --> 01:55:45,970
fill your head full of stuff that might

2554
01:55:50,760 --> 01:55:48,670
not actually be true for you you know so

2555
01:55:53,970 --> 01:55:50,770
that's that's well-being but it's

2556
01:55:56,400 --> 01:55:53,980
pollution and it took me a few years to

2557
01:55:57,750 --> 01:55:56,410
actually deprogram myself from that

2558
01:55:58,980 --> 01:55:57,760
because it was like I believed

2559
01:56:02,480 --> 01:55:58,990
everything they said at first because

2560
01:56:05,490 --> 01:56:02,490
you assume that the it's all established

2561
01:56:08,190 --> 01:56:05,500
and the knowledge of all of this is

2562
01:56:10,080 --> 01:56:08,200
understood by various people because

2563
01:56:12,360 --> 01:56:10,090

they've been doing this for seven

2564

01:56:14,100 --> 01:56:12,370

decades at least so something must be

2565

01:56:18,450 --> 01:56:14,110

established by way of some form of

2566

01:56:20,340 --> 01:56:18,460

recovery or psychology you know wellness

2567

01:56:22,500 --> 01:56:20,350

but there's nothing there's just

2568

01:56:24,030 --> 01:56:22,510

everybody wants you story or they want

2569

01:56:25,320 --> 01:56:24,040

you to talk about it

2570

01:56:27,510 --> 01:56:25,330

and then it's going to be in their

2571

01:56:30,960 --> 01:56:27,520

Borkar blah blah blah but there's

2572

01:56:34,020 --> 01:56:30,970

literally the support isn't that that

2573

01:56:37,410 --> 01:56:34,030

needs to be and the policing isn't there

2574

01:56:41,940 --> 01:56:37,420

that needs to be so it's a little bit of

2575

01:56:43,590 --> 01:56:41,950

a dangerous community because there's a

2576

01:56:47,160 --> 01:56:43,600

lot of people out there who want to

2577

01:56:50,370 --> 01:56:47,170

manipulate ya want to control yeah I'll

2578

01:56:51,780 --> 01:56:50,380

just measure my head and yeah and then

2579

01:56:56,730 --> 01:56:51,790

those are a lot of them who just want

2580

01:56:59,580 --> 01:56:56,740

you money so it's it's very hard to find

2581

01:57:01,290 --> 01:56:59,590

out who's who because as soon as you

2582

01:57:03,150 --> 01:57:01,300

come on the scene all the people that

2583

01:57:04,410 --> 01:57:03,160

you should actually avoid are the ones

2584

01:57:09,150 --> 01:57:04,420

that will present themselves to you

2585

01:57:11,990 --> 01:57:09,160

first so you know like just don't trust

2586

01:57:16,290 --> 01:57:12,000

everybody I don't trust anybody actually

2587

01:57:19,680 --> 01:57:16,300

and until you feel that you're talking

2588

01:57:22,050 --> 01:57:19,690

to somebody who actually really does

2589

01:57:23,220 --> 01:57:22,060

yeah yeah I mean even then it's still

2590

01:57:25,350 --> 01:57:23,230

not guaranteed that they're going to be

2591

01:57:27,390 --> 01:57:25,360

legit and there are a lot of very

2592

01:57:29,160 --> 01:57:27,400

convincing layers and we don't see in

2593

01:57:32,010 --> 01:57:29,170

other people because it doesn't exist

2594

01:57:34,920 --> 01:57:32,020

inside ourselves so we're not winking is

2595

01:57:38,340 --> 01:57:34,930

this guy out to you know shaft maybe cuz

2596

01:57:40,290 --> 01:57:38,350

you don't think like that well I hate to

2597

01:57:46,470 --> 01:57:40,300

cut you off but darling because we've

2598

01:57:51,450 --> 01:57:46,480

run out of time yeah we're gonna be

2599

01:57:52,920 --> 01:57:51,460

running into the next show okay great

2600

01:57:55,430 --> 01:57:52,930

pleasure thank you very much for coming

2601
01:57:57,870 --> 01:57:55,440
on and telling us all your stories and

2602
01:58:03,270 --> 01:57:57,880
maybe we can get you back again sometime

2603
01:58:04,770 --> 01:58:03,280
and been your first guest thank me to

2604
01:58:06,950 --> 01:58:04,780

2605

very much I really appreciate you and

2606
01:58:14,810 --> 01:58:09,340
also two points you know and thank you

2607
01:58:21,690 --> 01:58:18,840

2608

2611
01:58:30,480 --> 01:58:28,930
looking for not anyway I've got to say

2612
01:58:31,830 --> 01:58:30,490
goodbye now to you all thank you very

2613
01:58:33,720 --> 01:58:31,840

much for listening to my first show and

2614

01:58:35,510 --> 01:58:33,730

hopefully we'll have somebody another

2615

01:58:38,570 --> 01:58:35,520

interesting guest

2616

01:59:30,649 --> 01:58:38,580

for my next one so I'll say goodbye and
