you've used to do that for me as you

10  
00:01:03,840 --> 00:01:02,320

know I've been doing some calls out for

11  
00:01:06,410 --> 00:01:03,850

people that I've got to call out for

12  
00:01:10,710 --> 00:01:06,420

Bryan McMullen and Glasgow Scotland UK

13  
00:01:13,620 --> 00:01:10,720

he's in the UK Maureen waters Newcastle

14

00:01:16,320 --> 00:01:13,630

upon Tyne UK and another good friend of

15

00:01:18,180 --> 00:01:16,330

mine Peter Robbins in New York us he was

16

00:01:19,490 --> 00:01:18,190

a guest on the third guest I had on this

17

00:01:22,700 --> 00:01:19,500

show

18

00:01:26,399 --> 00:01:22,710

now I've got some as you know we

19

00:01:28,230 --> 00:01:26,409

unfortunately lost Stan Friedman couple

20

00:01:29,940 --> 00:01:28,240

of just over a week or so going there

21

00:01:32,609 --> 00:01:29,950

and I've got another good friend of his

22

00:01:35,520 --> 00:01:32,619

as a guest today Donald Schmidt who's

23

00:01:37,020 --> 00:01:35,530

kindly dropped everything and the great

24

00:01:39,389 --> 00:01:37,030

to come on the show and give us a

25

00:01:41,490 --> 00:01:39,399

insight into his own work and his

26

00:01:43,499 --> 00:01:41,500

friendship with staying so I'd like to

27

00:01:44,729 --> 00:01:43,509

wait double time I introduced don't rush

28

00:01:47,669 --> 00:01:44,739

me done

29

00:01:50,309 --> 00:01:47,679

hello David so nice to be with you this

30

00:01:53,249 --> 00:01:50,319

evening for you it's mid-afternoon for

31

00:01:56,219 --> 00:01:53,259

me here it is most women look is he okay

32

00:01:58,499 --> 00:01:56,229

it's actually gorgeous mid 60s and low

33

00:02:02,820 --> 00:01:58,509

humidity and rights we've got a very

34

00:02:04,400 --> 00:02:02,830

rainy spring yeah quite a lot of unusual

35

00:02:07,380 --> 00:02:04,410

weather over the stage there haven't you

36

00:02:10,440 --> 00:02:07,390

yes but at least sadly for all the

37

00:02:12,210 --> 00:02:10,450

tornadic activity just south in the

38

00:02:13,530 --> 00:02:12,220

southern states from here so we've been

39

00:02:15,199 --> 00:02:13,540

spared we've been fortunate in that

40

00:02:19,500 --> 00:02:15,209

regard

41

00:02:22,199 --> 00:02:19,510

anyway I was watch the second-oldest is

42

00:02:23,570 --> 00:02:22,209

show note Stan Friedman was a very good

43

00:02:27,119 --> 00:02:23,580

friend of yours

44

00:02:28,589 --> 00:02:27,129

yes to say with that I mean how did you

45

00:02:31,020 --> 00:02:28,599

hear the news because it was a quite a

46

00:02:33,390 --> 00:02:31,030

shock and it seemed to be a bit of a

47

00:02:36,809 --> 00:02:33,400

rumour mill at first on Facebook though

48

00:02:42,140 --> 00:02:36,819

I heard it well it was but even before

49

00:02:46,229 --> 00:02:42,150

that because last year at the Roswell

50

00:02:48,509 --> 00:02:46,239

festival in July we had a farewell party

51  
00:02:49,289 --> 00:02:48,519  
for Stan he had announced officially his

52  
00:02:54,449 --> 00:02:49,299  
retirement

53  
00:02:57,240 --> 00:02:54,459  
yeah and we had a party on

54  
00:03:00,330 --> 00:02:57,250  
Thursday evening before the festival

55  
00:03:03,720 --> 00:03:00,340  
even kicked off and I stood at the

56  
00:03:06,509 --> 00:03:03,730  
podium and like I spoke my personal

57  
00:03:10,259 --> 00:03:06,519  
feelings and shared some questions with

58  
00:03:13,440 --> 00:03:10,269  
the the audience and it was very

59  
00:03:17,339 --> 00:03:13,450  
heartfelt in that we knew that Stan was

60  
00:03:19,830 --> 00:03:17,349  
ailing at the time and that he felt that

61  
00:03:23,100 --> 00:03:19,840  
with whatever time he had left that he

62  
00:03:26,160 --> 00:03:23,110  
liked to spend it with family and and

63  
00:03:27,870 --> 00:03:26,170

then when it it appeared as though his

64

00:03:32,009 --> 00:03:27,880

health had leveled off that he had

65

00:03:34,410 --> 00:03:32,019

improved and he announced that he once

66

00:03:37,920 --> 00:03:34,420

again would be returning for this

67

00:03:41,580 --> 00:03:37,930

festival or whether the fourth of July

68

00:03:43,380 --> 00:03:41,590

weekend here in the States and so we had

69

00:03:46,289 --> 00:03:43,390

exchanged some phone calls and I was

70

00:03:49,110 --> 00:03:46,299

looking forward to once again seeing him

71

00:03:51,180 --> 00:03:49,120

and then I get this this frantic phone

72

00:03:56,640 --> 00:03:51,190

call from the deputy director at the

73

00:04:01,229 --> 00:03:56,650

Museum Karen that that I hear that Stan

74

00:04:06,270 --> 00:04:01,239

had passed away and you know I had no

75

00:04:10,860 --> 00:04:06,280

idea and let me call Marianna Stan's

76

00:04:12,800 --> 00:04:10,870

wife and at least here directly and

77

00:04:15,629 --> 00:04:12,810

hopefully Stan will pick up the phone

78

00:04:22,830 --> 00:04:15,639

and so I called the direct line and I

79

00:04:25,620 --> 00:04:22,840

got Marianas voicemail and that caused

80

00:04:28,260 --> 00:04:25,630

pause to begin with because normally

81

00:04:30,810 --> 00:04:28,270

Stan I thought he should have been home

82

00:04:32,670 --> 00:04:30,820

based on his schedule and then when he

83

00:04:34,879 --> 00:04:32,680

did not pick up and then when she did

84

00:04:38,580 --> 00:04:34,889

not pick up I feared the worst and

85

00:04:43,020 --> 00:04:38,590

within the next half hour we confirmed

86

00:04:46,440 --> 00:04:43,030

that he had a speaking engagement in

87

00:04:51,270 --> 00:04:46,450

Columbus Ohio just the evening before

88

00:04:55,589 --> 00:04:51,280

and as he was connecting through the

89

00:04:57,690 --> 00:04:55,599

airport in Toronto and my news fan had

90

00:05:01,700 --> 00:04:57,700

some heart surgery just three years

91

00:05:04,050 --> 00:05:01,710

before he had some stents put in and

92

00:05:08,020 --> 00:05:04,060

that was the first time he missed the

93

00:05:10,390 --> 00:05:08,030

festival in Roswell so we even

94

00:05:13,440 --> 00:05:10,400

piped-in or her speakerphone that the

95

00:05:16,860 --> 00:05:13,450

audience could wish him all get Wells

96

00:05:19,720 --> 00:05:16,870

for his quick recovery at that time and

97

00:05:25,150 --> 00:05:19,730

so to learn that it was a heart attack

98

00:05:26,530 --> 00:05:25,160

and what really you know this made me

99

00:05:29,740 --> 00:05:26,540

with the fact that once again he was

100

00:05:33,250 --> 00:05:29,750

traveling alone 84 years old yeah and

101  
00:05:36,670 --> 00:05:33,260  
having a heart condition and also

102  
00:05:40,600 --> 00:05:36,680  
suffering from a few other ailments and

103  
00:05:44,020 --> 00:05:40,610  
that there he was traveling alone and I

104  
00:05:47,020 --> 00:05:44,030  
you know yeah we can do a lot of should

105  
00:05:49,600 --> 00:05:47,030  
have and would have but he went out

106  
00:05:51,310 --> 00:05:49,610  
doing what he loved to do he pushed

107  
00:05:55,540 --> 00:05:51,320  
himself to the limit it seems to me you

108  
00:05:58,690 --> 00:05:55,550  
know I mean for and and he had mentioned

109  
00:06:02,710 --> 00:05:58,700  
the Kathleen a Martin just a week before

110  
00:06:04,450 --> 00:06:02,720  
and he was feeling very tired yeah you

111  
00:06:06,700 --> 00:06:04,460  
sit down aloft show XE because I did

112  
00:06:08,200 --> 00:06:06,710  
have her on the previous show and she

113  
00:06:10,540 --> 00:06:08,210

was saying that much the same that he

114

00:06:12,220 --> 00:06:10,550

had told her that I mean to be honest so

115

00:06:14,020 --> 00:06:12,230

to the likes of me I didn't know that he

116

00:06:15,490 --> 00:06:14,030

was actually suffering you know I

117

00:06:17,440 --> 00:06:15,500

thought maybe he's got another ten years

118

00:06:20,290 --> 00:06:17,450

of him and you see being around you know

119

00:06:20,890 --> 00:06:20,300

it was quite something to talk to the

120

00:06:23,650 --> 00:06:20,900

likes of me

121

00:06:26,140 --> 00:06:23,660

you know know that's why when he

122

00:06:27,850 --> 00:06:26,150

announced his retirement last year we we

123

00:06:31,990 --> 00:06:27,860

felt it was for the better

124

00:06:34,690 --> 00:06:32,000

we felt that he he most likely had a

125

00:06:37,600 --> 00:06:34,700

limited time and that he should

126

00:06:41,350 --> 00:06:37,610

certainly spend it with with the family

127

00:06:43,660 --> 00:06:41,360

and for whatever reason whether he asked

128

00:06:47,380 --> 00:06:43,670

the doctor you know should I give it one

129

00:06:49,450 --> 00:06:47,390

more year or Memorial yeah yeah I mean

130

00:06:52,780 --> 00:06:49,460

you could check his schedule he was

131

00:06:54,670 --> 00:06:52,790

newly booked for conferences you know my

132

00:06:57,820 --> 00:06:54,680

phone is some amazing we knew the it

133

00:07:01,990 --> 00:06:57,830

retired was he still booking himself in

134

00:07:03,910 --> 00:07:02,000

circumference season saw that he had one

135

00:07:07,210 --> 00:07:03,920

more good fight as they would say left

136

00:07:10,330 --> 00:07:07,220

in him yeah he was he was willing to

137

00:07:13,210 --> 00:07:10,340

give it give it his all and and Stan was

138

00:07:16,480 --> 00:07:13,220

never one there was a cancel talk he was

139

00:07:19,420 --> 00:07:16,490

always you know johnny-on-the-spot he

140

00:07:21,370 --> 00:07:19,430

you know he relished the opportunities

141

00:07:24,010 --> 00:07:21,380

he loved the audience he's he

142

00:07:27,430 --> 00:07:24,020

the map as far as any love the good

143

00:07:30,670 --> 00:07:27,440

debate as you know David he was one to

144

00:07:32,800 --> 00:07:30,680

turn away such an opportunity

145

00:07:33,730 --> 00:07:32,810

yeah what is evil science of Kathy lost

146

00:07:35,680 --> 00:07:33,740

last week

147

00:07:37,420 --> 00:07:35,690

oh I had about probably about three or

148

00:07:39,610 --> 00:07:37,430

four minutes to speak with you men all

149

00:07:41,080 --> 00:07:39,620

in all but in that three or four minutes

150

00:07:42,640 --> 00:07:41,090

he gave you his full attention

151

00:07:44,850 --> 00:07:42,650

you didn't think that it was is what you

152

00:07:47,680 --> 00:07:44,860

know wasn't sort of only halfway there

153

00:07:49,300 --> 00:07:47,690

and yeah you sort of appreciate that

154

00:07:51,370 --> 00:07:49,310

from someone that actually listening to

155

00:07:56,950 --> 00:07:51,380

what you're saying probably things he'd

156

00:08:00,280 --> 00:07:56,960

heard a million times before yes that's

157

00:08:03,160 --> 00:08:00,290

why he was so much in that regard like

158

00:08:06,490 --> 00:08:03,170

dr. J Allen Hynek in that you could

159

00:08:09,390 --> 00:08:06,500

approach him with the most mundane you

160

00:08:13,360 --> 00:08:09,400

know you know light in the sky you know

161

00:08:17,530 --> 00:08:13,370

story hmm siding and he would you know

162

00:08:19,840 --> 00:08:17,540

you know give you all due respect and he

163

00:08:22,210 --> 00:08:19,850

would discuss you know the event with

164

00:08:24,610 --> 00:08:22,220

you and you know that was the wonderful

165

00:08:27,670 --> 00:08:24,620

thing about them that they realized that

166

00:08:31,060 --> 00:08:27,680

they were discussing something that to

167

00:08:33,130 --> 00:08:31,070

the novice to would be explaining you

168

00:08:34,990 --> 00:08:33,140

know a genuine experience on their part

169

00:08:37,089 --> 00:08:35,000

and they treated it as though it was

170

00:08:39,219 --> 00:08:37,099

genuine whether it was Hynek or

171

00:08:41,469 --> 00:08:39,229

treatment they didn't just brush it off

172

00:08:43,240 --> 00:08:41,479

and while you know I could you come back

173

00:08:44,200 --> 00:08:43,250

and talk to me later or I really don't

174

00:08:46,780 --> 00:08:44,210

have time for that

175

00:08:48,940 --> 00:08:46,790

yeah I never saw Reddick do that and I

176

00:08:52,330 --> 00:08:48,950

never saw Freeman do that and that is

177

00:08:54,730 --> 00:08:52,340

much to both of their credits hmm that's

178

00:08:57,220 --> 00:08:54,740

why both of them you know have left

179

00:08:59,740 --> 00:08:57,230

tremendous Boyd's now in their passing

180

00:09:02,230 --> 00:08:59,750

oh definitely yeah yeah it's over he

181

00:09:05,080 --> 00:09:02,240

said but we we have got his legacy of

182

00:09:07,780 --> 00:09:05,090

the research and the books that he's

183

00:09:09,700 --> 00:09:07,790

left us so it's just say is the I think

184

00:09:12,150 --> 00:09:09,710

he's just a suddenness of it all the oak

185

00:09:15,310 --> 00:09:12,160

going just like that just like a

186

00:09:18,070 --> 00:09:15,320

lookalike going out isn't it well with

187

00:09:20,770 --> 00:09:18,080

Hynek we had a good year hmm and

188

00:09:23,650 --> 00:09:20,780

preparing for the end with the brain

189

00:09:25,390 --> 00:09:23,660

tumor the brain cancer yeah and all the

190

00:09:27,940 --> 00:09:25,400

subsequent treatment and the failed

191

00:09:30,160 --> 00:09:27,950

efforts in trying to buy him some time

192

00:09:32,320 --> 00:09:30,170

but as you just mentioned David would

193

00:09:35,290 --> 00:09:32,330

stand I mean it was a complete shock I

194

00:09:37,630 --> 00:09:35,300

mean where as I described that we

195

00:09:39,970 --> 00:09:37,640

or you know for the better part of an

196

00:09:42,580 --> 00:09:39,980

hour we are frantically making calls and

197

00:09:45,400 --> 00:09:42,590

trying to determine whether it was true

198

00:09:47,800 --> 00:09:45,410

and hoping that it was nothing but you

199

00:09:51,310 --> 00:09:47,810

know one of those rumors I even hearken

200

00:09:54,430 --> 00:09:51,320

back to that time when the late comedian

201  
00:09:57,940 --> 00:09:54,440  
Bob Hope and it was a member of Congress

202  
00:10:00,070 --> 00:09:57,950  
here in Washington you know made the

203  
00:10:03,790 --> 00:10:00,080  
premature announcement that he had just

204  
00:10:06,070 --> 00:10:03,800  
received word that Hollywood comedian

205  
00:10:10,000 --> 00:10:06,080  
and major star Bob Hope had just passed

206  
00:10:13,660 --> 00:10:10,010  
away and he hadn't it was just yeah yeah

207  
00:10:16,450 --> 00:10:13,670  
you think it knows I know it was bad

208  
00:10:19,600 --> 00:10:16,460  
rumor and thank God for the moment yes

209  
00:10:22,780 --> 00:10:19,610  
so we had that you know that that that

210  
00:10:24,070 --> 00:10:22,790  
you know that genuine hope that maybe

211  
00:10:26,440 --> 00:10:24,080  
that indeed would be the case would

212  
00:10:28,450 --> 00:10:26,450  
stand Freedman as well you do get a lot

213  
00:10:30,100 --> 00:10:28,460

of fake news on Facebook what about me

214

00:10:31,930 --> 00:10:30,110

Facebook really it's up with all the

215

00:10:33,430 --> 00:10:31,940

different reports a few people saying

216

00:10:35,680 --> 00:10:33,440

that can't be true and there's somebody

217

00:10:37,210 --> 00:10:35,690

even asked me because I put a post up if

218

00:10:38,890 --> 00:10:37,220

somebody said even to me are you sure

219

00:10:40,270 --> 00:10:38,900

he's just been verified and I said well

220

00:10:45,040 --> 00:10:40,280

as far as I know he's being verified

221

00:10:47,290 --> 00:10:45,050

yeah yes all very unfortunate but so as

222

00:10:48,610 --> 00:10:47,300

you know the whole Facebook that's all

223

00:10:50,100 --> 00:10:48,620

everyone was talking about you know cuz

224

00:10:52,810 --> 00:10:50,110

it was such a high heat

225

00:10:56,290 --> 00:10:52,820

but he certainly didn't live a very

226

00:11:01,060 --> 00:10:56,300

fruitful eighty four years he

227

00:11:07,110 --> 00:11:01,070

accomplished he traveled he you know did

228

00:11:12,100 --> 00:11:07,120

more to spearhead the authenticity the

229

00:11:13,630 --> 00:11:12,110

very acceptance of UFOs being real and I

230

00:11:16,630 --> 00:11:13,640

know he like to always say that flying

231

00:11:18,790 --> 00:11:16,640

saucers were real getting back to you

232

00:11:21,970 --> 00:11:18,800

know even a beyond unidentified flying

233

00:11:24,460 --> 00:11:21,980

out of my playing obvious are real yeah

234

00:11:26,470 --> 00:11:24,470

there's one identified yeah but him to

235

00:11:28,690 --> 00:11:26,480

take it that step further and saying no

236

00:11:30,130 --> 00:11:28,700

we know that we're being visited that

237

00:11:32,410 --> 00:11:30,140

were bit we you know we're being visited

238

00:11:33,310 --> 00:11:32,420

by a technology by an intelligence off

239

00:11:35,590 --> 00:11:33,320

the planet

240

00:11:37,900 --> 00:11:35,600

and that he would refer to the cover-up

241

00:11:41,800 --> 00:11:37,910

as a cosmic Watergate as he called it

242

00:11:43,570 --> 00:11:41,810

and like to coin these praises and you

243

00:11:44,890 --> 00:11:43,580

know don't bother me with the facts I've

244

00:11:49,020 --> 00:11:44,900

already made up my mind

245

00:11:52,130 --> 00:11:49,030

yeah always the negative is and he and

246

00:11:53,370 --> 00:11:52,140

again he loved to go into the arena of

247

00:11:56,430 --> 00:11:53,380

debate

248

00:11:58,980 --> 00:11:56,440

he loved the challenge not the skeptics

249

00:12:00,840 --> 00:11:58,990

but the scoffers that the bunkers that

250

00:12:03,270 --> 00:12:00,850

peered as though they too had their

251  
00:12:05,340 --> 00:12:03,280  
minds made up yeah he did answer the

252  
00:12:07,740 --> 00:12:05,350  
bubblers all bomb debate did knee caught

253  
00:12:11,070 --> 00:12:07,750  
friend approached frenziedly quite

254  
00:12:14,520 --> 00:12:11,080  
recently didn't he yes ground whether it

255  
00:12:18,360 --> 00:12:14,530  
was Bob Lazar or mj-12 or some of the

256  
00:12:21,270 --> 00:12:18,370  
aspects of Roswell he he didn't back

257  
00:12:23,700 --> 00:12:21,280  
down to anyone you had to prove him you

258  
00:12:26,760 --> 00:12:23,710  
know being wrong you had to demonstrate

259  
00:12:30,030 --> 00:12:26,770  
that he was wrong on a particular issue

260  
00:12:32,580 --> 00:12:30,040  
and then and only then would he back

261  
00:12:35,970 --> 00:12:32,590  
down would he then you know essentially

262  
00:12:38,130 --> 00:12:35,980  
go back to square one and well okay now

263  
00:12:43,230 --> 00:12:38,140

why did I believe this why did I fall

264

00:12:49,740 --> 00:12:43,240

for this dummy I'm sure you people the

265

00:12:52,080 --> 00:12:49,750

future with what with a phenomenon that

266

00:12:55,440 --> 00:12:52,090

is a phenomenon yeah they're just very

267

00:12:58,920 --> 00:12:55,450

definition where we don't have a manual

268

00:13:01,890 --> 00:12:58,930

a an owner's manual a handbook to always

269

00:13:04,110 --> 00:13:01,900

go to when we receive this information

270

00:13:07,430 --> 00:13:04,120

or that information and especially when

271

00:13:10,860 --> 00:13:07,440

we're dealing with a possible technology

272

00:13:13,380 --> 00:13:10,870

well beyond their own should we be

273

00:13:17,580 --> 00:13:13,390

surprised that at times it throws us a

274

00:13:20,490 --> 00:13:17,590

curveball that it it it Springs

275

00:13:23,580 --> 00:13:20,500

something on us that we have nothing

276

00:13:26,580 --> 00:13:23,590

prior in our lives to resort to to

277

00:13:29,190 --> 00:13:26,590

explain you know what it turns out that

278

00:13:31,860 --> 00:13:29,200

many times most times you know to be

279

00:13:34,230 --> 00:13:31,870

very prosaic very conventional yeah so

280

00:13:36,750 --> 00:13:34,240

you should we have to have this latitude

281

00:13:39,810 --> 00:13:36,760

in that as I described Hynek and and

282

00:13:42,660 --> 00:13:39,820

Friedman that we we we can't dismiss

283

00:13:46,050 --> 00:13:42,670

every story just because we don't like

284

00:13:49,800 --> 00:13:46,060

the way it sounds we to always be the

285

00:13:54,000 --> 00:13:49,810

investigator first yeah you know and God

286

00:13:57,420 --> 00:13:54,010

knows we explain we come up with 95% of

287

00:13:59,280 --> 00:13:57,430

you know reports that are explainable

288

00:14:02,070 --> 00:13:59,290

but all let's go and take a bit as you

289

00:14:02,740 --> 00:14:02,080

know as we bone instead one just that

290

00:14:09,370 --> 00:14:02,750

one

291

00:14:11,710 --> 00:14:09,380

hardware that finally just blows it

292

00:14:15,130 --> 00:14:11,720

widel not you know I I know what I saw

293

00:14:16,690 --> 00:14:15,140

so you know I don't you can't persuade

294

00:14:19,960 --> 00:14:16,700

other people about what you saw but I

295

00:14:22,420 --> 00:14:19,970

know why I saw so when you can say I

296

00:14:26,890 --> 00:14:22,430

know what I saw yeah like the fella same

297

00:14:29,620 --> 00:14:26,900

great and in my case I haven't had an

298

00:14:32,230 --> 00:14:29,630

experience I haven't had a sighting per

299

00:14:36,760 --> 00:14:32,240

se I mean we've all seen things in the

300

00:14:38,860 --> 00:14:36,770

sky that maybe defied explanation and we

301  
00:14:40,510 --> 00:14:38,870  
looked at we look back there we go yeah

302  
00:14:43,090 --> 00:14:40,520  
that was puzzling now but it doesn't

303  
00:14:45,000 --> 00:14:43,100  
prove it was anything extraterrestrial

304  
00:14:47,200 --> 00:14:45,010  
off the planet but we actually

305  
00:14:50,500 --> 00:14:47,210  
experienced something and you can

306  
00:14:50,980 --> 00:14:50,510  
honestly say my god what else could it

307  
00:14:53,170 --> 00:14:50,990  
have been

308  
00:14:56,260 --> 00:14:53,180  
hmm well you know I'll just show you

309  
00:14:57,580 --> 00:14:56,270  
quickly why so it was an orange oval

310  
00:15:00,640 --> 00:14:57,590  
object going across the night sky

311  
00:15:07,090 --> 00:15:00,650  
pulsating and it was a and that was

312  
00:15:10,150 --> 00:15:07,100  
around about 1966 66 when the technology

313  
00:15:12,910 --> 00:15:10,160

was still rather pristine so to speak

314

00:15:15,460 --> 00:15:12,920

and we certainly don't we still don't

315

00:15:17,829 --> 00:15:15,470

use orange lights for any type of

316

00:15:19,690 --> 00:15:17,839

aircraft it wasn't even a light you know

317

00:15:21,190 --> 00:15:19,700

it was like an incandescent light it

318

00:15:23,560 --> 00:15:21,200

wasn't like a bright light like a light

319

00:15:25,630 --> 00:15:23,570

bulb it was any different shades of

320

00:15:28,510 --> 00:15:25,640

orange pulsating they're completely

321

00:15:31,540 --> 00:15:28,520

Island so and I'm funny enough I've seen

322

00:15:33,579 --> 00:15:31,550

a lot of those reports since I guess we

323

00:15:37,329 --> 00:15:33,589

got to talk about here to do orange orbs

324

00:15:38,980 --> 00:15:37,339

I'm gonna have firm Terry's name

325

00:15:42,160 --> 00:15:38,990

Terry ray wrote that wrote a book about

326

00:15:44,910 --> 00:15:42,170

the orange orb phenomena I'm hoping to

327

00:15:47,380 --> 00:15:44,920

get him on the show in a few weeks

328

00:15:48,910 --> 00:15:47,390

certainly I mean your case could fit

329

00:15:52,870 --> 00:15:48,920

right into his ray and maybe he could

330

00:15:55,630 --> 00:15:52,880

help answer more stuff help you draw as

331

00:15:57,610 --> 00:15:55,640

far as some additional conclusions of

332

00:15:59,140 --> 00:15:57,620

what it was and what it was yeah I mean

333

00:16:02,200 --> 00:15:59,150

is it true that the stencil stencil

334

00:16:05,620 --> 00:16:02,210

don't don't think episode assorted a UFO

335

00:16:06,610 --> 00:16:05,630

DD not that he ever considered and

336

00:16:11,260 --> 00:16:06,620

that's the amazing thing

337

00:16:15,579 --> 00:16:11,270

Hynek had that famous for him sighting

338

00:16:16,420 --> 00:16:15,589

he was on a a private aircraft and he

339

00:16:19,510 --> 00:16:16,430

took a picture

340

00:16:22,390 --> 00:16:19,520

of a spherical object outside of you

341

00:16:25,900 --> 00:16:22,400

know the wing the the window the plane

342

00:16:28,990 --> 00:16:25,910

and it was daylight and it appeared to

343

00:16:31,060 --> 00:16:29,000

be you know you know devoid of wings or

344

00:16:32,800 --> 00:16:31,070

tail or anything of that sort and then

345

00:16:36,340 --> 00:16:32,810

we learn afterwards that he had two

346

00:16:38,290 --> 00:16:36,350

additional sightings and and there

347

00:16:41,620 --> 00:16:38,300

you're talking about you know the the

348

00:16:45,550 --> 00:16:41,630

skeptic who just continuously wrestled

349

00:16:47,620 --> 00:16:45,560

with alternative possibilities that he

350

00:16:48,490 --> 00:16:47,630

couldn't explain it then it truly was

351

00:16:51,550 --> 00:16:48,500

something foreign something

352

00:16:55,150 --> 00:16:51,560

extraordinary but as far as as far as

353

00:16:58,600 --> 00:16:55,160

Stan not that he ever conceded to me I

354

00:17:00,850 --> 00:16:58,610

and I may be totally wrong but he never

355

00:17:04,270 --> 00:17:00,860

acknowledged seeing or having a personal

356

00:17:06,610 --> 00:17:04,280

sighting go no he he was very heavily

357

00:17:09,699 --> 00:17:06,620

into the mj-12 documents I think for a

358

00:17:11,140 --> 00:17:09,709

number of years was in a yes yes and he

359

00:17:13,840 --> 00:17:11,150

was to the very end

360

00:17:16,870 --> 00:17:13,850

and and that was one of the areas that I

361

00:17:21,070 --> 00:17:16,880

took deference with Stan

362

00:17:25,360 --> 00:17:21,080

I felt that there were too many elements

363

00:17:28,510 --> 00:17:25,370

within the so-called documents that did

364

00:17:30,390 --> 00:17:28,520

not further substantiate them there were

365

00:17:32,470 --> 00:17:30,400

discrepancies in the baby format

366

00:17:35,800 --> 00:17:32,480

discrepancies in the listing of the

367

00:17:37,690 --> 00:17:35,810

twelve some of the information and I was

368

00:17:40,930 --> 00:17:37,700

quick to point out there were elements

369

00:17:44,170 --> 00:17:40,940

within the documents that based on our

370

00:17:49,260 --> 00:17:44,180

own Roswell investigation that when we

371

00:17:52,900 --> 00:17:49,270

found witnesses when we established new

372

00:17:55,620 --> 00:17:52,910

locations and witnesses that validated

373

00:17:59,140 --> 00:17:55,630

certain portions of the mj-12 documents

374

00:18:01,150 --> 00:17:59,150

Stan was the first one I call we had a

375

00:18:03,940 --> 00:18:01,160

standing agreement that whenever he

376

00:18:06,850 --> 00:18:03,950

learned of something that supported our

377

00:18:07,470 --> 00:18:06,860

scenario he would contact us and vice

378

00:18:10,180 --> 00:18:07,480

versa

379

00:18:13,510 --> 00:18:10,190

so when there were things that were

380

00:18:16,240 --> 00:18:13,520

witnesses that further substantiated the

381

00:18:20,140 --> 00:18:16,250

mj-12 documents I was quick to let Stan

382

00:18:23,250 --> 00:18:20,150

know they did to me prove the documents

383

00:18:26,910 --> 00:18:23,260

for the legitimate no I still I still

384

00:18:29,780 --> 00:18:26,920

concede I still believe that they are

385

00:18:31,820 --> 00:18:29,790

misinformation documents and

386

00:18:34,610 --> 00:18:31,830

go by the very definition of

387

00:18:38,380 --> 00:18:34,620

disinformation they have to have a

388

00:18:42,980 --> 00:18:38,390

semblance of truth to them to

389

00:18:46,160 --> 00:18:42,990

essentially establish their own agenda

390

00:18:52,610 --> 00:18:46,170

draw an audience in and then later to be

391

00:18:55,370 --> 00:18:52,620

proven incorrect mmm fallacious in that

392

00:18:58,640 --> 00:18:55,380

regard and so there would be a

393

00:19:01,790 --> 00:18:58,650

sprinkling of truth to disinformation

394

00:19:03,530 --> 00:19:01,800

documents of that sort yeah I did a tree

395

00:19:06,980 --> 00:19:03,540

and the woods sort of thing you you sort

396

00:19:08,270 --> 00:19:06,990

of things take a few folks pages out

397

00:19:10,430 --> 00:19:08,280

there and you don't know what's the

398

00:19:13,490 --> 00:19:10,440

truth in which which is impede in the

399

00:19:16,340 --> 00:19:13,500

end and in the event then you're able

400

00:19:20,570 --> 00:19:16,350

and that researchers investigators are

401  
00:19:23,330 --> 00:19:20,580  
able to establish the genuineness of

402  
00:19:26,810 --> 00:19:23,340  
specific aspects of the Abenaki

403  
00:19:30,500 --> 00:19:26,820  
it's there then intended to then

404  
00:19:34,300 --> 00:19:30,510  
disqualify themselves by other portions

405  
00:19:37,700 --> 00:19:34,310  
that are inconsistent that discredit

406  
00:19:40,850 --> 00:19:37,710  
certain portions of the other

407  
00:19:43,100 --> 00:19:40,860  
information so it's all intended to get

408  
00:19:46,520 --> 00:19:43,110  
you essentially to get you in the

409  
00:19:49,520 --> 00:19:46,530  
circular firing squad that you you are

410  
00:19:52,480 --> 00:19:49,530  
never able to fully authenticate the

411  
00:19:58,580 --> 00:19:52,490  
documents in many ways it serves as a

412  
00:20:02,240 --> 00:19:58,590  
long-term diversion a distraction and it

413  
00:20:05,470 --> 00:20:02,250

it prevents you from honing and them

414

00:20:09,050 --> 00:20:05,480

focusing on more legitimate information

415

00:20:10,870 --> 00:20:09,060

and as often the purpose at least here

416

00:20:14,030 --> 00:20:10,880

in the states of disinformation

417

00:20:16,850 --> 00:20:14,040

documents it is a major diversion major

418

00:20:20,600 --> 00:20:16,860

distraction yeah in many ways because

419

00:20:24,580 --> 00:20:20,610

span you know he spent many hours many

420

00:20:27,620 --> 00:20:24,590

days many weeks trying to authenticate

421

00:20:30,590 --> 00:20:27,630

the documents and it may have been for

422

00:20:34,430 --> 00:20:30,600

that purpose that it it drew him away

423

00:20:36,620 --> 00:20:34,440

from the more legitimate aspects of his

424

00:20:37,880 --> 00:20:36,630

own investigation yeah indeed I mean

425

00:20:39,140 --> 00:20:37,890

there might be people out there not

426

00:20:41,090 --> 00:20:39,150

knowing what we're talking about the

427

00:20:42,770 --> 00:20:41,100

mj-12 documents and I think it's a bit

428

00:20:45,770 --> 00:20:42,780

too detailed to go

429

00:20:46,580 --> 00:20:45,780

- yes think you might need to google it

430

00:20:54,530 --> 00:20:46,590

if you don't know what we're talking

431

00:20:56,270 --> 00:20:54,540

about we really ought to get into what

432

00:20:58,790 --> 00:20:56,280

you've been doing done I mean I know

433

00:21:00,140 --> 00:20:58,800

this is a dedication to stand as well

434

00:21:02,810 --> 00:21:00,150

but so you've been doing a lot of

435

00:21:04,400 --> 00:21:02,820

important work in in with the Roswell I

436

00:21:06,890 --> 00:21:04,410

tell you a little bit I'll tell you a

437

00:21:09,500 --> 00:21:06,900

little story fishermen when I went to

438

00:21:11,810 --> 00:21:09,510

Rose away 2013 I booked a picked up a

439

00:21:15,440 --> 00:21:11,820

book a book they called witness to

440

00:21:17,900 --> 00:21:15,450

Roswell yes it's like a magazine type

441

00:21:18,740 --> 00:21:17,910

book quick and yeah well I had it at the

442

00:21:20,510 --> 00:21:18,750

top of my shelf

443

00:21:23,600 --> 00:21:20,520

I sort of look for it and read it and

444

00:21:26,360 --> 00:21:23,610

things I kind of forgot about it and

445

00:21:32,120 --> 00:21:26,370

then I bought this proper book called

446

00:21:34,190 --> 00:21:32,130

witness to Roswell the same original so

447

00:21:39,050 --> 00:21:34,200

I measure that to magazine type document

448

00:21:41,240 --> 00:21:39,060

that was an attachment was just an

449

00:21:44,660 --> 00:21:41,250

attachment to the main book yes right

450

00:21:46,850 --> 00:21:44,670

okay yeah kind of puzzle do the same

451  
00:21:49,970 --> 00:21:46,860  
thing and I thought maybe that was the

452  
00:21:52,340 --> 00:21:49,980  
first tryout for the book but I kind of

453  
00:21:54,850 --> 00:21:52,350  
rediscovered it after I've had that

454  
00:21:59,390 --> 00:21:54,860  
scene up there for a couple years now

455  
00:22:01,580 --> 00:21:59,400  
well they witness the Roswell was the

456  
00:22:02,930 --> 00:22:01,590  
number one selling you a book in the

457  
00:22:04,730 --> 00:22:02,940  
world for three years

458  
00:22:08,120 --> 00:22:04,740  
yeah it's a brilliant book yeah and

459  
00:22:11,330 --> 00:22:08,130  
thank you and it's been optioned it was

460  
00:22:15,190 --> 00:22:11,340  
it was quickly optioned by Bryce Abel

461  
00:22:18,020 --> 00:22:15,200  
who did the TV series dark skies and

462  
00:22:23,750 --> 00:22:18,030  
it's been optioned for the next motion

463  
00:22:27,170 --> 00:22:23,760

picture and the the motion picture as

464

00:22:32,060 --> 00:22:27,180

scripted will be about Stanton Friedman

465

00:22:35,510 --> 00:22:32,070

and myself investigations have parallel

466

00:22:38,390 --> 00:22:35,520

have at times been you know in

467

00:22:41,330 --> 00:22:38,400

opposition we have you know at times

468

00:22:43,940 --> 00:22:41,340

debated but more times than not we have

469

00:22:47,300 --> 00:22:43,950

worked together we have presented a

470

00:22:48,110 --> 00:22:47,310

unified front on our Roswell

471

00:22:50,480 --> 00:22:48,120

investigation

472

00:22:53,690 --> 00:22:50,490

whatever one thing about stand - in that

473

00:22:56,419 --> 00:22:53,700

whenever we would be on a show together

474

00:22:58,940 --> 00:22:56,429

a program or we would do it

475

00:23:02,659 --> 00:22:58,950

comentary together and we would always

476

00:23:05,840 --> 00:23:02,669

talk about okay we have to you know

477

00:23:09,019 --> 00:23:05,850

stand together on what we believe are

478

00:23:12,289 --> 00:23:09,029

what we believe in and let's not confuse

479

00:23:13,700 --> 00:23:12,299

an audience that's that's not create you

480

00:23:18,320 --> 00:23:13,710

know dissension within our own ranks

481

00:23:21,139 --> 00:23:18,330

let's present this united front and we

482

00:23:23,450 --> 00:23:21,149

always did no matter what the forum the

483

00:23:25,879 --> 00:23:23,460

matter of what the opportunity we are if

484

00:23:28,340 --> 00:23:25,889

we couldn't be standing together you

485

00:23:30,710 --> 00:23:28,350

know presenting a talk and if it was

486

00:23:35,090 --> 00:23:30,720

something either one of us didn't agree

487

00:23:37,669 --> 00:23:35,100

on we still held off we didn't say

488

00:23:40,220 --> 00:23:37,679

anything publicly yeah we who we

489

00:23:42,049 --> 00:23:40,230

disagree but we didn't want the audience

490

00:23:44,210 --> 00:23:42,059

to feel that all there they go again

491

00:23:47,060 --> 00:23:44,220

they're arguing they're debating and

492

00:23:49,759 --> 00:23:47,070

public well again it was it was better

493

00:23:52,759 --> 00:23:49,769

to present the professional the

494

00:23:56,749 --> 00:23:52,769

gentlemanly united front as I call it

495

00:23:59,659 --> 00:23:56,759

and we knew but the audience then always

496

00:24:03,200 --> 00:23:59,669

realized that the the main issue the

497

00:24:05,570 --> 00:24:03,210

main element that we were presenting as

498

00:24:08,659 --> 00:24:05,580

far as between the two of us together

499

00:24:11,600 --> 00:24:08,669

was that Roswell indeed was the recovery

500

00:24:15,320 --> 00:24:11,610

the crash of a craft of unknown origin

501  
00:24:17,989 --> 00:24:15,330  
the robot is recovered and that to this

502  
00:24:21,799 --> 00:24:17,999  
tape that it still remains the

503  
00:24:23,450 --> 00:24:21,809  
granddaddy of all UFO cases your

504  
00:24:25,549 --> 00:24:23,460  
personal belief he said something

505  
00:24:29,230 --> 00:24:25,559  
crashed and something and it was idea

506  
00:24:32,509 --> 00:24:29,240  
bodies yeah I mean I I believe that so I

507  
00:24:34,730 --> 00:24:32,519  
I should point out baby that I always do

508  
00:24:40,460 --> 00:24:34,740  
that I was a complete skeptic on Roswell

509  
00:24:43,279 --> 00:24:40,470  
in fact when Stan who really did the the

510  
00:24:45,529 --> 00:24:43,289  
stalwart you know research an

511  
00:24:48,019 --> 00:24:45,539  
investigation on the very first Roswell

512  
00:24:49,669 --> 00:24:48,029  
book Roswell incident that came about

513  
00:24:52,460 --> 00:24:49,679

1980 yeah

514

00:24:55,519 --> 00:24:52,470

that was written by Charles Berlitz and

515

00:24:58,810 --> 00:24:55,529

stands partner at that time William

516

00:25:02,330 --> 00:24:58,820

Moore and and Stan only received a small

517

00:25:04,399 --> 00:25:02,340

acknowledgement in the book and I always

518

00:25:06,590 --> 00:25:04,409

felt that was unfair because I knew from

519

00:25:09,019 --> 00:25:06,600

the very beginning that Stan did most of

520

00:25:10,250 --> 00:25:09,029

the interviews he did most of the travel

521

00:25:12,260 --> 00:25:10,260

most of the legwork

522

00:25:16,760 --> 00:25:12,270

he did most of the phone interviews he

523

00:25:18,500 --> 00:25:16,770

tracked these people down and I didn't I

524

00:25:22,909 --> 00:25:18,510

didn't even buy a copy of the book

525

00:25:26,150 --> 00:25:22,919

because up until 1985 I even brought a a

526

00:25:29,270 --> 00:25:26,160

small article where I just basically put

527

00:25:32,289 --> 00:25:29,280

out a public position that I I could not

528

00:25:35,480 --> 00:25:32,299

accept that something of that magnitude

529

00:25:37,909 --> 00:25:35,490

could be kept the secret for all that

530

00:25:39,950 --> 00:25:37,919

time I just didn't feel I just didn't

531

00:25:42,770 --> 00:25:39,960

see how you know that with all the

532

00:25:44,930 --> 00:25:42,780

whistleblowers and people who were

533

00:25:47,750 --> 00:25:44,940

always quick to go to the press with a

534

00:25:50,960 --> 00:25:47,760

news story were able to keep this under

535

00:25:53,270 --> 00:25:50,970

wraps all that time and a few years

536

00:25:56,780 --> 00:25:53,280

later and it was right after Heineken

537

00:26:00,320 --> 00:25:56,790

passed away at 86 and then Stan was

538

00:26:02,120 --> 00:26:00,330

giving a lecture at Lakeland College in

539

00:26:06,260 --> 00:26:02,130

northern Illinois just north of Chicago

540

00:26:10,730 --> 00:26:06,270

and I was only an hour and a half away

541

00:26:13,909 --> 00:26:10,740

and I told Stan you know if I could help

542

00:26:16,909 --> 00:26:13,919

about with the lecture and you know I

543

00:26:20,180 --> 00:26:16,919

would be there and I was backstage

544

00:26:23,090 --> 00:26:20,190

afterwards that I had planned to

545

00:26:25,970 --> 00:26:23,100

confront Stan and ask him that if he

546

00:26:30,169 --> 00:26:25,980

felt that they had taken the Rozell

547

00:26:32,990 --> 00:26:30,179

investigation to its zenith they have

548

00:26:35,630 --> 00:26:33,000

taken it as far as they could and I was

549

00:26:38,419 --> 00:26:35,640

quite surprised when Stan responded well

550

00:26:40,490 --> 00:26:38,429

no Don actually I'm sure there are

551  
00:26:41,780 --> 00:26:40,500  
hundreds of witnesses we just don't have

552  
00:26:44,510 --> 00:26:41,790  
the manpower we don't have the

553  
00:26:47,539 --> 00:26:44,520  
wherewithal and this is long before the

554  
00:26:50,020 --> 00:26:47,549  
internet and in that regard and being

555  
00:26:52,520 --> 00:26:50,030  
able to track people down online and

556  
00:26:58,159 --> 00:26:52,530  
most of it involved you know just a

557  
00:27:00,710 --> 00:26:58,169  
tedious a painstaking effort in tracking

558  
00:27:03,110 --> 00:27:00,720  
witnesses down and so I asked well then

559  
00:27:05,930 --> 00:27:03,120  
could you use some help and he we spoke

560  
00:27:09,799 --> 00:27:05,940  
by all means you know whatever you could

561  
00:27:13,400 --> 00:27:09,809  
do to help so I I still was a complete

562  
00:27:17,690 --> 00:27:13,410  
skeptic but in making the first trip

563  
00:27:19,700 --> 00:27:17,700

down to Roswell in February of 89 so

564

00:27:22,789 --> 00:27:19,710

this was in the fall of 88 I approached

565

00:27:24,180 --> 00:27:22,799

Stan he says welcome to the hunt you

566

00:27:27,840 --> 00:27:24,190

know by all means

567

00:27:30,620 --> 00:27:27,850

I love your help in all this and then by

568

00:27:35,190 --> 00:27:30,630

actually going to New Mexico and

569

00:27:38,790 --> 00:27:35,200

speaking to one firsthand witness after

570

00:27:40,290 --> 00:27:38,800

another and then describing first hand

571

00:27:42,810 --> 00:27:40,300

to my face

572

00:27:46,200 --> 00:27:42,820

the unusual characteristics of the

573

00:27:48,780 --> 00:27:46,210

wreckage the strange material that they

574

00:27:51,480 --> 00:27:48,790

held in their hands that defy

575

00:27:54,230 --> 00:27:51,490

conventional explanation even up to

576

00:27:57,000 --> 00:27:54,240

today what I want and you know

577

00:27:59,070 --> 00:27:57,010

describing the exact same you know

578

00:28:01,800 --> 00:27:59,080

nearly indestructible paper-thin

579

00:28:03,450 --> 00:28:01,810

material that you either could cut you

580

00:28:05,940 --> 00:28:03,460

couldn't burn even a bullet wouldn't

581

00:28:09,210 --> 00:28:05,950

penetrate and then the memory material

582

00:28:12,030 --> 00:28:09,220

that you also couldn't you couldn't have

583

00:28:15,360 --> 00:28:12,040

any effect as far as in trying to dent

584

00:28:19,440 --> 00:28:15,370

or or scratch or penetrate with a bullet

585

00:28:21,390 --> 00:28:19,450

and listen to these witnesses all very

586

00:28:25,350 --> 00:28:21,400

believable and whether they were

587

00:28:28,440 --> 00:28:25,360

civilian or military and I we came away

588

00:28:30,750 --> 00:28:28,450

glowing my god what if we're wrong

589

00:28:33,230 --> 00:28:30,760

what if these people are describing to

590

00:28:35,520 --> 00:28:33,240

us you know the genuine recovery of

591

00:28:37,920 --> 00:28:35,530

something manufacturing off the planet

592

00:28:40,290 --> 00:28:37,930

and we need to get back down here as

593

00:28:42,900 --> 00:28:40,300

soon as possible so that was in February

594

00:28:46,830 --> 00:28:42,910

so in April two months later we were

595

00:28:50,880 --> 00:28:46,840

back and hunt just intensified to the

596

00:28:54,330 --> 00:28:50,890

point that within a year we were talking

597

00:28:56,970 --> 00:28:54,340

about writing our first book and that

598

00:29:00,660 --> 00:28:56,980

would become the book that was made into

599

00:29:04,680 --> 00:29:00,670

the Roswell movie and so that's how

600

00:29:08,240 --> 00:29:04,690

quickly things accelerated to the point

601  
00:29:13,730 --> 00:29:08,250  
that by the time the movie came out in

602  
00:29:17,670 --> 00:29:13,740  
1994 we had interviewed over 300 new

603  
00:29:19,530 --> 00:29:17,680  
witnesses beyond what Stan and Bill

604  
00:29:22,080 --> 00:29:19,540  
Moore had done leading a Perazzo

605  
00:29:23,130 --> 00:29:22,090  
incident did you definitely know to come

606  
00:29:25,410 --> 00:29:23,140  
across the knee of the fear factor

607  
00:29:27,840 --> 00:29:25,420  
people frightened to talk because

608  
00:29:29,550 --> 00:29:27,850  
they've been threatened next absolutely

609  
00:29:31,860 --> 00:29:29,560  
David I can tell you

610  
00:29:33,750 --> 00:29:31,870  
more times than not we had reluctant

611  
00:29:38,100 --> 00:29:33,760  
witnesses now mind you these were people

612  
00:29:40,350 --> 00:29:38,110  
who they didn't come to us we we had a

613  
00:29:42,810 --> 00:29:40,360

search them out we had to track them

614

00:29:48,900 --> 00:29:42,820

down and as I was describing it was at a

615

00:29:50,970 --> 00:29:48,910

time when we had to actually do credit

616

00:29:53,790 --> 00:29:50,980

checks on these people we checked it

617

00:29:56,160 --> 00:29:53,800

they still had pilots licenses so we

618

00:29:59,610 --> 00:29:56,170

went through our certification we went

619

00:30:03,900 --> 00:29:59,620

through motor vehicle we we did reunion

620

00:30:05,760 --> 00:30:03,910

list as far as military as far as units

621

00:30:08,130 --> 00:30:05,770

that were having reunions that we would

622

00:30:10,560 --> 00:30:08,140

actually go to the hotels and post

623

00:30:12,600 --> 00:30:10,570

notices in the lobby of the hotels that

624

00:30:14,730 --> 00:30:12,610

we were in room such-and-such

625

00:30:18,600 --> 00:30:14,740

and if you had any information regarding

626

00:30:21,360 --> 00:30:18,610

what transpired at Roswell in 1947

627

00:30:23,280 --> 00:30:21,370

we'd respect your confidentiality your

628

00:30:25,410 --> 00:30:23,290

anonymity but you could please could you

629

00:30:27,240 --> 00:30:25,420

please talk to us could you share with

630

00:30:30,450 --> 00:30:27,250

us whatever recollections whatever

631

00:30:33,300 --> 00:30:30,460

recall you had on the incident and one

632

00:30:34,920 --> 00:30:33,310

witness leading to another and so-and-so

633

00:30:37,590 --> 00:30:34,930

would say well you know who you really

634

00:30:40,500 --> 00:30:37,600

need to talk to who was out you know and

635

00:30:42,630 --> 00:30:40,510

the hanger when a lot of this transpired

636

00:30:45,780 --> 00:30:42,640

and when we were ordered to stand guard

637

00:30:47,790 --> 00:30:45,790

outside a building 84 and you know

638

00:30:50,220 --> 00:30:47,800

so-and-so was on the other end of the

639

00:30:52,770 --> 00:30:50,230

hanger at that time well can you help us

640

00:30:55,410 --> 00:30:52,780

find him well I last you know last

641

00:30:57,720 --> 00:30:55,420

information I have they were in Ohio and

642

00:31:00,900 --> 00:30:57,730

then well that would help us you know

643

00:31:04,860 --> 00:31:00,910

you know zero in at least in respective

644

00:31:07,290 --> 00:31:04,870

state but again we were our phone bills

645

00:31:11,250 --> 00:31:07,300

alone we're averaging about a thousand

646

00:31:13,440 --> 00:31:11,260

dollars a month because get in a Bob you

647

00:31:17,190 --> 00:31:13,450

know tracking and talking to a lot of

648

00:31:21,090 --> 00:31:17,200

people who could help us zero in on a

649

00:31:24,060 --> 00:31:21,100

particular town or a city and then what

650

00:31:26,010 --> 00:31:24,070

you would find them how more times than

651  
00:31:28,260 --> 00:31:26,020  
not they were reluctant to talk to you

652  
00:31:30,240 --> 00:31:28,270  
and David how often they went the first

653  
00:31:33,930 --> 00:31:30,250  
words out of their mouth would be how

654  
00:31:37,200 --> 00:31:33,940  
did you find me who told you about me

655  
00:31:39,930 --> 00:31:37,210  
and then it would take repeated phone

656  
00:31:43,710 --> 00:31:39,940  
calls in trying to gain their confidence

657  
00:31:48,450 --> 00:31:43,720  
and even over the phone we were just a

658  
00:31:50,610 --> 00:31:48,460  
voice and we we made it a rule that we

659  
00:31:52,049 --> 00:31:50,620  
like to speak to the witnesses face to

660  
00:31:54,810 --> 00:31:52,059  
face so

661  
00:31:58,440 --> 00:31:54,820  
and we found ourselves traveling not

662  
00:32:01,950 --> 00:31:58,450  
just to New Mexico but to Texas to Ohio

663  
00:32:04,889 --> 00:32:01,960

to Arizona Nevada state of Washington

664

00:32:06,989 --> 00:32:04,899

state of Montana New York all many of

665

00:32:10,109 --> 00:32:06,999

them retired in Florida so we were

666

00:32:11,999 --> 00:32:10,119

spending a lot of time in Florida and we

667

00:32:15,509 --> 00:32:12,009

would be knocking on doors and many

668

00:32:18,930 --> 00:32:15,519

times blindly not even expecting them to

669

00:32:23,279 --> 00:32:18,940

allow us in to chat to even do an

670

00:32:25,349 --> 00:32:23,289

interview and and more times than not we

671

00:32:27,690 --> 00:32:25,359

would get the door closed on us I have

672

00:32:32,070 --> 00:32:27,700

nothing to say I have nothing more to

673

00:32:33,719 --> 00:32:32,080

say about 1947 or surprisingly before we

674

00:32:37,669 --> 00:32:33,729

would even bring it up they would say

675

00:32:40,739 --> 00:32:37,679

well I'll talk about anything except

676  
00:32:42,690 --> 00:32:40,749  
1947 because I am nothing more to say

677  
00:32:45,029 --> 00:32:42,700  
about yeah in fact I don't think a lot

678  
00:32:46,709 --> 00:32:45,039  
of people realize when you write a book

679  
00:32:48,839 --> 00:32:46,719  
like you've written a witness to Roswell

680  
00:32:51,719 --> 00:32:48,849  
or any others like this the research

681  
00:32:53,940 --> 00:32:51,729  
that goes into it and the cost in the

682  
00:32:55,769 --> 00:32:53,950  
the traveling around and the telephone

683  
00:32:58,950 --> 00:32:55,779  
calls like you say at \$1,000 a month

684  
00:33:01,680 --> 00:32:58,960  
it's it's it's amazing isn't it the cost

685  
00:33:03,450 --> 00:33:01,690  
to add up and I mean certainly in some

686  
00:33:06,690 --> 00:33:03,460  
ways someone what complain the book cost

687  
00:33:08,759 --> 00:33:06,700  
\$20 or whatever you think well it's cost

688  
00:33:09,959 --> 00:33:08,769

an awful lot more more than that sir to

689

00:33:13,469 --> 00:33:09,969

do with the research that you're reading

690

00:33:17,099 --> 00:33:13,479

about so and when you published in the

691

00:33:21,539 --> 00:33:17,109

past if it was a \$20 book you get let me

692

00:33:23,820 --> 00:33:21,549

make a couple dollars retail sales now

693

00:33:25,109 --> 00:33:23,830

you're lucky you make 50 cents yeah when

694

00:33:27,570 --> 00:33:25,119

I my friend well I'll tell if you've

695

00:33:30,029 --> 00:33:27,580

heard of John Hanson to rush the haunted

696

00:33:32,909 --> 00:33:30,039

skies books he says yes thousands of

697

00:33:34,409 --> 00:33:32,919

pounds in debt but he's so dedicated to

698

00:33:36,629 --> 00:33:34,419

write and they put the books don't get

699

00:33:38,519 --> 00:33:36,639

in the books out there that so he just

700

00:33:41,159 --> 00:33:38,529

basically you'll never retain that REO

701  
00:33:44,249 --> 00:33:41,169  
get that money back that's it's one

702  
00:33:46,769 --> 00:33:44,259  
thing if you're a stephen king or a Tom

703  
00:33:49,139 --> 00:33:46,779  
Clancy where you essentially write

704  
00:33:50,969 --> 00:33:49,149  
fiction yeah we don't have to conduct

705  
00:33:53,099 --> 00:33:50,979  
all the research you don't have the law

706  
00:33:56,219 --> 00:33:53,109  
of all the miles it's speaking to

707  
00:33:58,229 --> 00:33:56,229  
witnesses attract no horses for your

708  
00:33:59,249 --> 00:33:58,239  
information anyways any research you

709  
00:34:00,869 --> 00:33:59,259  
need you can see in front of you

710  
00:34:03,570 --> 00:34:00,879  
computer into a cone you this basically

711  
00:34:05,640 --> 00:34:03,580  
you would guess and and in the past you

712  
00:34:08,580 --> 00:34:05,650  
you know it took year

713  
00:34:12,000 --> 00:34:08,590

to write a book to compile enough data

714

00:34:13,080 --> 00:34:12,010

and then you had to decide okay now when

715

00:34:15,750 --> 00:34:13,090

do I cut it off

716

00:34:19,080 --> 00:34:15,760

when do I finally sit down and start

717

00:34:21,659 --> 00:34:19,090

writing at the expense of conducting the

718

00:34:23,700 --> 00:34:21,669

further research and with Roz Oh Roz

719

00:34:26,490 --> 00:34:23,710

Mose we always said we were racing the

720

00:34:30,450 --> 00:34:26,500

Undertaker we we still would have to sit

721

00:34:33,750 --> 00:34:30,460

down and devote a much more time to

722

00:34:36,540 --> 00:34:33,760

actually writing the actual book but in

723

00:34:39,899 --> 00:34:36,550

the meantime witnesses were passing away

724

00:34:42,240 --> 00:34:39,909

they were they were going they were

725

00:34:46,050 --> 00:34:42,250

getting away from us and I can't tell

726

00:34:49,470 --> 00:34:46,060

you David the frustration of how often

727

00:34:51,659 --> 00:34:49,480

we would find the witness through all

728

00:34:54,960 --> 00:34:51,669

this pain staking effort we would

729

00:34:57,000 --> 00:34:54,970

finally locate the whereabouts of a

730

00:34:59,730 --> 00:34:57,010

potential witness and we would have the

731

00:35:02,640 --> 00:34:59,740

family tell us well sorry to tell you

732

00:35:07,590 --> 00:35:02,650

but you know my husband just passed away

733

00:35:12,120 --> 00:35:07,600

a year ago or my dad just died a couple

734

00:35:16,040 --> 00:35:12,130

months ago we actually had a wife tell

735

00:35:19,260 --> 00:35:16,050

us on just returning from the funeral

736

00:35:24,810 --> 00:35:19,270

and you realize that for the sake of

737

00:35:26,790 --> 00:35:24,820

some weeks some months a year and that

738

00:35:32,670 --> 00:35:26,800

information is gone forever

739

00:35:35,640 --> 00:35:32,680

hmm finality of it and to most people

740

00:35:38,760 --> 00:35:35,650

have never been there most people will

741

00:35:42,440 --> 00:35:38,770

sit and critique a game from the

742

00:35:45,060 --> 00:35:42,450

sidelines for never having played it and

743

00:35:47,370 --> 00:35:45,070

they're quick to almost what you should

744

00:35:52,800 --> 00:35:47,380

have done it could have done and why did

745

00:35:55,680 --> 00:35:52,810

you well we do it and our own cost we do

746

00:35:57,750 --> 00:35:55,690

it at our own expense we write books and

747

00:35:59,700 --> 00:35:57,760

then we get criticized well you're doing

748

00:36:02,130 --> 00:35:59,710

this just to write books you're doing

749

00:36:04,860 --> 00:36:02,140

this just to make money well I don't see

750

00:36:07,980 --> 00:36:04,870

you contributing to our research I don't

751  
00:36:13,110 --> 00:36:07,990  
see you offering to help and God knows

752  
00:36:14,610 --> 00:36:13,120  
we've had many a a Monday Morning

753  
00:36:15,270 --> 00:36:14,620  
Quarterback as they would call here in

754  
00:36:17,970 --> 00:36:15,280  
the States

755  
00:36:19,200 --> 00:36:17,980  
we'll have offered to help and then a

756  
00:36:21,540 --> 00:36:19,210  
month later well

757  
00:36:23,400 --> 00:36:21,550  
you offered to talk to a neighbor of

758  
00:36:26,640 --> 00:36:23,410  
yours who may have been involved have

759  
00:36:30,839 --> 00:36:26,650  
you have you chatted with them yet well

760  
00:36:32,670 --> 00:36:30,849  
no no no it's on my my my my my my list

761  
00:36:35,730 --> 00:36:32,680  
I need to talk to them before they die

762  
00:36:38,130 --> 00:36:35,740  
yes and then and then they never do they

763  
00:36:39,930 --> 00:36:38,140

still never did mm-hmm yeah fun do you

764

00:36:41,820 --> 00:36:39,940

realize what the costs are involved you

765

00:36:49,109 --> 00:36:41,830

know doing a book like this oh really

766

00:36:52,530 --> 00:36:49,119

I do appreciate that amazing now go on

767

00:36:56,370 --> 00:36:52,540

to yeah with the road there were bodies

768

00:36:58,410 --> 00:36:56,380

retrieved no doubt yes yes now you

769

00:37:00,540 --> 00:36:58,420

remember the film that came out of India

770

00:37:03,540 --> 00:37:00,550

in the mid 80s the alien autopsy which

771

00:37:05,010 --> 00:37:03,550

fooled everybody for some time I was one

772

00:37:08,010 --> 00:37:05,020

of the ones I got fooled to play it too

773

00:37:10,890 --> 00:37:08,020

well did you get full Bible no in fact

774

00:37:16,890 --> 00:37:10,900

we immediate much days credit Philip

775

00:37:20,550 --> 00:37:16,900

mantle was sending us skills images from

776

00:37:24,200 --> 00:37:20,560

the video I call it a video because

777

00:37:27,650 --> 00:37:24,210

that's all we've ever seen a video and

778

00:37:30,650 --> 00:37:27,660

we would show those images to our

779

00:37:34,079 --> 00:37:30,660

firsthand witnesses to the bodies and

780

00:37:36,450 --> 00:37:34,089

the fact that not even one of them even

781

00:37:38,790 --> 00:37:36,460

suggest there was anything close that's

782

00:37:41,490 --> 00:37:38,800

all we had to hear no I I mean they were

783

00:37:44,130 --> 00:37:41,500

the authorities they were there and when

784

00:37:46,740 --> 00:37:44,140

and for them to say no no this is like

785

00:37:51,420 --> 00:37:46,750

this is like nothing I encountered this

786

00:37:53,760 --> 00:37:51,430

isn't what I saw back in 1947 so we we

787

00:37:56,430 --> 00:37:53,770

stood back and we allowed as far as that

788

00:37:59,099 --> 00:37:56,440

press conference in London where it was

789

00:38:01,710 --> 00:37:59,109

first released and then one of our

790

00:38:04,140 --> 00:38:01,720

people one of the people who was working

791

00:38:07,380 --> 00:38:04,150

with us at that time Kent Jeffrey he

792

00:38:10,020 --> 00:38:07,390

actually flew over to London was there

793

00:38:13,320 --> 00:38:10,030

at the press conference the release of

794

00:38:17,609 --> 00:38:13,330

the film and he walked out when he said

795

00:38:20,190 --> 00:38:17,619

that it was that unconvincing that he

796

00:38:22,740 --> 00:38:20,200

walked away calling us and saying Don

797

00:38:25,140 --> 00:38:22,750

you guys are right it's it's not

798

00:38:28,440 --> 00:38:25,150

anything as the witnesses described and

799

00:38:31,530 --> 00:38:28,450

that's when I immediately contacted

800

00:38:33,059 --> 00:38:31,540

Philip because when he and Michael has

801  
00:38:36,779 --> 00:38:33,069  
been from Germany

802  
00:38:40,409 --> 00:38:36,789  
were immediately calling it the Roswell

803  
00:38:42,259 --> 00:38:40,419  
autopsy we asked them in fact we

804  
00:38:46,650 --> 00:38:42,269  
insisted that they would not call it

805  
00:38:48,929 --> 00:38:46,660  
Roswell in any shape manner or form that

806  
00:38:52,079 --> 00:38:48,939  
as far as we were concerned that if

807  
00:38:56,309 --> 00:38:52,089  
there was anything legitimate anything

808  
00:38:59,370 --> 00:38:56,319  
genuine about the autopsy it had nothing

809  
00:39:02,880 --> 00:38:59,380  
to do with Roswell if anything it was a

810  
00:39:06,719 --> 00:39:02,890  
separate event and then to their credit

811  
00:39:08,459 --> 00:39:06,729  
they did drop the connection to Roswell

812  
00:39:10,709 --> 00:39:08,469  
and then David you might recall that

813  
00:39:14,429 --> 00:39:10,719

they described that it was a separate

814

00:39:18,359 --> 00:39:14,439

event that happened a month before yeah

815

00:39:22,529 --> 00:39:18,369

in June early June of 1947 not early

816

00:39:27,749 --> 00:39:22,539

July as Roswell was was called yeah and

817

00:39:32,339 --> 00:39:27,759

as the when it came out on Fox

818

00:39:35,279 --> 00:39:32,349

television and there were special

819

00:39:39,659 --> 00:39:35,289

effects artists like Stan Winston in

820

00:39:45,169 --> 00:39:39,669

Hollywood will describe that if it was a

821

00:39:49,259 --> 00:39:45,179

fake it was a good fake it it was a

822

00:39:53,159 --> 00:39:49,269

special-effects level we still backed

823

00:39:58,109 --> 00:39:53,169

off we still were waiting for the

824

00:40:01,109 --> 00:39:58,119

alleged photographer and then when there

825

00:40:05,179 --> 00:40:01,119

was no photographer nobody was ever ever

826

00:40:08,130 --> 00:40:05,189

presented as being the actual

827

00:40:11,249 --> 00:40:08,140

photographer would to filmed or had

828

00:40:13,019 --> 00:40:11,259

snored the autopsy footage we then

829

00:40:15,479 --> 00:40:13,029

became more and more critical you don't

830

00:40:18,839 --> 00:40:15,489

think that we just labeled the entire

831

00:40:20,999 --> 00:40:18,849

thing a hoax yeah that realized that

832

00:40:24,149 --> 00:40:21,009

there were certain techniques of the

833

00:40:27,989 --> 00:40:24,159

autopsy that were not consistent the

834

00:40:30,120 --> 00:40:27,999

incisions were were atypical with the

835

00:40:33,329 --> 00:40:30,130

hand in the foreground where you do not

836

00:40:35,039 --> 00:40:33,339

actually see the incision it would

837

00:40:37,620 --> 00:40:35,049

demonstrate that that was a Hollywood

838

00:40:41,599 --> 00:40:37,630

technique the breathing the

839

00:40:46,860 --> 00:40:41,609

contamination uniform is that the

840

00:40:50,720 --> 00:40:46,870

autopsy individuals were wearing or not

841

00:40:56,070 --> 00:40:50,730

self-contained back in 1947 there was a

842

00:40:58,710 --> 00:40:56,080

boy every which way they were and the

843

00:41:02,160 --> 00:40:58,720

way they were plotting about being

844

00:41:03,900 --> 00:41:02,170

overly graphic just pulling the internal

845

00:41:08,310 --> 00:41:03,910

organs out as though everything was

846

00:41:11,280 --> 00:41:08,320

loose you know within the torso cavity

847

00:41:12,960 --> 00:41:11,290

of the body that would not that would

848

00:41:18,600 --> 00:41:12,970

not have been the case everything also

849

00:41:20,420 --> 00:41:18,610

would have had to have been cut away it

850

00:41:25,200 --> 00:41:20,430

would have been a long drawn-out process

851  
00:41:27,930 --> 00:41:25,210  
they would have been much more precise

852  
00:41:30,870 --> 00:41:27,940  
given if they were dealing with a

853  
00:41:33,300 --> 00:41:30,880  
visitor of body an alien you know

854  
00:41:36,300 --> 00:41:33,310  
another planet that this just wouldn't

855  
00:41:38,190 --> 00:41:36,310  
have been so routine and that was

856  
00:41:41,460 --> 00:41:38,200  
something else had bothered us so more

857  
00:41:44,490 --> 00:41:41,470  
and more we realized that it was it was

858  
00:41:46,200 --> 00:41:44,500  
a hoax it was a good hoax and that there

859  
00:41:48,360 --> 00:41:46,210  
were many people that still you know

860  
00:41:49,890 --> 00:41:48,370  
believe in it yeah there is

861  
00:41:52,590 --> 00:41:49,900  
I don't know if you've my spirits bolero

862  
00:41:54,180 --> 00:41:52,600  
so if you these is a friend of mine he's

863  
00:41:59,100 --> 00:41:54,190

done at least did a show with me on here

864

00:42:02,610 --> 00:41:59,110

but tonight with I met him when he went

865

00:42:03,600 --> 00:42:02,620

forward when Philip had the conference

866

00:42:06,990 --> 00:42:03,610

in Leeds

867

00:42:10,980 --> 00:42:07,000

when he went public for the first time

868

00:42:13,980 --> 00:42:10,990

hmm and explained how you know you know

869

00:42:14,460 --> 00:42:13,990

as a magician that he put this all

870

00:42:18,090 --> 00:42:14,470

together

871

00:42:20,730 --> 00:42:18,100

yeah and it was all done he came to town

872

00:42:25,050 --> 00:42:20,740

you know in a backstreet in a back room

873

00:42:29,790 --> 00:42:25,060

in Camden Town and the fact that he was

874

00:42:33,570 --> 00:42:29,800

able to describe in detail how they did

875

00:42:37,440 --> 00:42:33,580

you know they carried out each part of

876

00:42:38,040 --> 00:42:37,450

the autopsy how they were able to his

877

00:42:42,600 --> 00:42:38,050

heart

878

00:42:46,860 --> 00:42:42,610

make it as believable as it was and yet

879

00:42:48,630 --> 00:42:46,870

and yet it wasn't though began the

880

00:42:50,490 --> 00:42:48,640

biggest giveaway David was the fact that

881

00:42:52,380 --> 00:42:50,500

it wasn't anything close to what the

882

00:42:53,880 --> 00:42:52,390

witnesses at Roswell describe that was

883

00:42:57,480 --> 00:42:53,890

the bigger what giveaway for you again

884

00:42:59,730 --> 00:42:57,490

and again and I will tip my hat I will

885

00:43:00,510 --> 00:42:59,740

kinda I'll always credit both Phillip

886

00:43:03,090 --> 00:43:00,520

mantel

887

00:43:06,750 --> 00:43:03,100

and Michael has been at the moment we

888

00:43:09,660 --> 00:43:06,760

asked them please do not draw any

889

00:43:10,860 --> 00:43:09,670

connection to Roswell with this and and

890

00:43:12,150 --> 00:43:10,870

they immediately backed off they

891

00:43:15,420 --> 00:43:12,160

immediately didn't they they no longer

892

00:43:18,270 --> 00:43:15,430

lamine the Roswell alien autopsy now

893

00:43:21,300 --> 00:43:18,280

on the press and the skeptics love to do

894

00:43:23,910 --> 00:43:21,310

that they they anytime something can be

895

00:43:27,300 --> 00:43:23,920

disproven they will immediately toss it

896

00:43:30,960 --> 00:43:27,310

into the Roswell as far as a affair

897

00:43:32,670 --> 00:43:30,970

that's yeah who helps the the the fight

898

00:43:34,800 --> 00:43:32,680

the fight news story doesn't it here

899

00:43:36,660 --> 00:43:34,810

well could stroll and throw the

900

00:43:38,930 --> 00:43:36,670

narrative in other words what does

901  
00:43:41,760 --> 00:43:38,940  
anything negative whatever there's a

902  
00:43:44,640 --> 00:43:41,770  
witness that might be discredited or

903  
00:43:46,680 --> 00:43:44,650  
proven who was not part of the incident

904  
00:43:49,050 --> 00:43:46,690  
well let's make sure that they're

905  
00:43:51,120 --> 00:43:49,060  
forever labeled and connected the

906  
00:43:53,730 --> 00:43:51,130  
Roswell well sorry

907  
00:43:56,220 --> 00:43:53,740  
the the authorized autopsy code was

908  
00:43:58,560 --> 00:43:56,230  
never connected to Roswell even to the

909  
00:44:01,710 --> 00:43:58,570  
believers it is not connected to Roswell

910  
00:44:04,140 --> 00:44:01,720  
and again thank you to Phillip thank you

911  
00:44:06,420 --> 00:44:04,150  
to Michael that they too were willing to

912  
00:44:08,250 --> 00:44:06,430  
respect that request of our party I mean

913  
00:44:11,100 --> 00:44:08,260

even felt it was full bite in the first

914

00:44:12,990 --> 00:44:11,110

place anyway wasn't he so I think the

915

00:44:15,150 --> 00:44:13,000

thing that gave it away for me it would

916

00:44:16,740 --> 00:44:15,160

not so much give it away but why didn't

917

00:44:19,770 --> 00:44:16,750

they feel me in color I mean the head

918

00:44:22,110 --> 00:44:19,780

they had colored cameras came in and of

919

00:44:25,770 --> 00:44:22,120

course they did and again for something

920

00:44:28,890 --> 00:44:25,780

you need for something that is you know

921

00:44:31,680 --> 00:44:28,900

once in a lifetime yeah that you would

922

00:44:35,910 --> 00:44:31,690

go out and make sure you did everything

923

00:44:37,800 --> 00:44:35,920

to essentially freeze-frame make it that

924

00:44:40,830 --> 00:44:37,810

moment in time that would be forever

925

00:44:43,350 --> 00:44:40,840

preserved and as I said it was it was it

926  
00:44:46,020 --> 00:44:43,360  
was too routine it was treated as though

927  
00:44:49,980 --> 00:44:46,030  
and in a less that could be demonstrated

928  
00:44:51,660 --> 00:44:49,990  
that this was one of many prior to but

929  
00:44:53,460 --> 00:44:51,670  
again we were always led to believe that

930  
00:44:56,400 --> 00:44:53,470  
this was the first this was the first

931  
00:45:00,090 --> 00:44:56,410  
and you know genuine autopsy on an alien

932  
00:45:03,750 --> 00:45:00,100  
recovered at a crash site in New Mexico

933  
00:45:05,160 --> 00:45:03,760  
and sorry it did not measure up hmm well

934  
00:45:06,990 --> 00:45:05,170  
I think everyone got caught up in it and

935  
00:45:09,060 --> 00:45:07,000  
thinking is it true is it yeah and I

936  
00:45:10,680 --> 00:45:09,070  
think the kind of it's become legendary

937  
00:45:14,070 --> 00:45:10,690  
yeah there are still people out there

938  
00:45:14,309 --> 00:45:14,080

that believe it's real now and and if

939

00:45:16,259 --> 00:45:14,319

we're

940

00:45:19,709 --> 00:45:16,269

I believe Roswell we know there is a

941

00:45:23,160 --> 00:45:19,719

genuine autopsy we know there is genuine

942

00:45:25,769 --> 00:45:23,170

footage there is film somewhere but you

943

00:45:28,589 --> 00:45:25,779

know that's why it's still able to cover

944

00:45:30,449 --> 00:45:28,599

up that after all these years even the

945

00:45:33,180 --> 00:45:30,459

president's here in the states do not

946

00:45:35,309 --> 00:45:33,190

have access that's why we have former

947

00:45:37,709 --> 00:45:35,319

presidents like Jimmy Carter and Bill

948

00:45:40,289 --> 00:45:37,719

Clinton talk about how you know I had

949

00:45:42,449 --> 00:45:40,299

eight years in the Oval Office

950

00:45:43,469 --> 00:45:42,459

and I could not get the truth about

951  
00:45:46,170 --> 00:45:43,479  
Roswell

952  
00:45:49,380 --> 00:45:46,180  
well if even the office of the president

953  
00:45:51,390 --> 00:45:49,390  
isn't afforded you know that opportunity

954  
00:45:54,599 --> 00:45:51,400  
then never continued to demonstrate just

955  
00:45:56,519 --> 00:45:54,609  
how big a secret this is but isn't

956  
00:45:57,900 --> 00:45:56,529  
Felicis somebody white behind the scenes

957  
00:46:00,359 --> 00:45:57,910  
pulling the strings there isn't they

958  
00:46:03,809 --> 00:46:00,369  
look a secret controlling government do

959  
00:46:05,160 --> 00:46:03,819  
you think well let's I mean we we

960  
00:46:07,349 --> 00:46:05,170  
talking about mj-12

961  
00:46:09,630 --> 00:46:07,359  
and it may be David is the case of that

962  
00:46:11,640 --> 00:46:09,640  
whereas the documents were in genuine

963  
00:46:14,779 --> 00:46:11,650

was there an oversight committee

964

00:46:18,089 --> 00:46:14,789

appointed absolutely in fact even

965

00:46:20,880 --> 00:46:18,099

General Arthur exon who was at Wright

966

00:46:22,709 --> 00:46:20,890

Field in Dayton Ohio where the wreckage

967

00:46:26,849 --> 00:46:22,719

and the bodies were transferred back in

968

00:46:29,809 --> 00:46:26,859

1947 and he was a former depth former

969

00:46:33,509 --> 00:46:29,819

base commander at wright-patterson in

970

00:46:36,870 --> 00:46:33,519

1964 so he was aware of the wreckage

971

00:46:41,640 --> 00:46:36,880

coming there in 47 he was aware of the

972

00:46:43,739 --> 00:46:41,650

bodies coming there in 47 and the fact

973

00:46:46,799 --> 00:46:43,749

that when he worked at the Pentagon in

974

00:46:49,109 --> 00:46:46,809

Washington he always heard of the

975

00:46:52,049 --> 00:46:49,119

Oversight Committee appointed by

976  
00:46:54,839 --> 00:46:52,059  
President Harry Truman to oversee the

977  
00:46:57,569 --> 00:46:54,849  
entire Roswell situation but they

978  
00:47:02,339 --> 00:46:57,579  
weren't called mj-12 a corne the general

979  
00:47:05,039 --> 00:47:02,349  
exon they were called the unholy 13 so

980  
00:47:08,809 --> 00:47:05,049  
you would appoint this group of

981  
00:47:12,779 --> 00:47:08,819  
individuals to get you all the answers

982  
00:47:15,870 --> 00:47:12,789  
oversee the entire operation determine

983  
00:47:19,410 --> 00:47:15,880  
what we're dealing with here determine

984  
00:47:20,390 --> 00:47:19,420  
determine the level of technology where

985  
00:47:23,390 --> 00:47:20,400  
are they from

986  
00:47:26,999 --> 00:47:23,400  
why are they here can we

987  
00:47:27,749 --> 00:47:27,009  
reverse-engineer the technology what can

988  
00:47:31,829 --> 00:47:27,759

we

989

00:47:35,189 --> 00:47:31,839

essentially determined as to is this a

990

00:47:39,019 --> 00:47:35,199

threat is this benign is this something

991

00:47:41,819 --> 00:47:39,029

malevolent is this something that we can

992

00:47:45,329 --> 00:47:41,829

assist in our own technology

993

00:47:48,469 --> 00:47:45,339

and given it has taken now all these

994

00:47:51,719 --> 00:47:48,479

years it becomes a committee a group

995

00:47:54,239 --> 00:47:51,729

that supersedes the office of the

996

00:47:57,479 --> 00:47:54,249

presidency here in the States so it

997

00:47:59,729 --> 00:47:57,489

continues on year after year after

998

00:48:02,459 --> 00:47:59,739

year and it gets bigger and bigger and

999

00:48:05,099 --> 00:48:02,469

bigger and blacker and blacker and

1000

00:48:07,979 --> 00:48:05,109

deeper and deeper to the point that

1001

00:48:10,589 --> 00:48:07,989

nobody there's no accountability it

1002

00:48:13,259 --> 00:48:10,599

becomes a government within the

1003

00:48:17,399 --> 00:48:13,269

government and I believe for example

1004

00:48:19,620 --> 00:48:17,409

that when President Harry Truman a point

1005

00:48:22,769 --> 00:48:19,630

of the group and then when the next

1006

00:48:26,459 --> 00:48:22,779

President Dwight Eisenhower when he was

1007

00:48:30,299 --> 00:48:26,469

retiring and he made that prediction and

1008

00:48:33,749 --> 00:48:30,309

that concern of the military-industrial

1009

00:48:36,239 --> 00:48:33,759

complex that that's who we should be

1010

00:48:40,019 --> 00:48:36,249

concerned of that's what we should watch

1011

00:48:42,689 --> 00:48:40,029

that is the United States military does

1012

00:48:45,359 --> 00:48:42,699

not manufacture anything and I know it's

1013

00:48:48,359 --> 00:48:45,369

the same in the UK everything is

1014

00:48:51,439 --> 00:48:48,369

contracted out to the private sector for

1015

00:48:55,109 --> 00:48:51,449

every ship every plane every tank and

1016

00:48:58,169 --> 00:48:55,119

those private corporations in providing

1017

00:49:00,479 --> 00:48:58,179

for our respective militaries there are

1018

00:49:02,669 --> 00:49:00,489

many ways calling the shots they're

1019

00:49:04,919 --> 00:49:02,679

dictating to the military now this is

1020

00:49:07,319 --> 00:49:04,929

what you want this is what we can make

1021

00:49:10,009 --> 00:49:07,329

you this is what we can invent for you

1022

00:49:14,099 --> 00:49:10,019

but you will take what we give you and

1023

00:49:18,589 --> 00:49:14,109

as a result they become almost the

1024

00:49:21,779 --> 00:49:18,599

secret government in that record yeah

1025

00:49:23,729 --> 00:49:21,789

the fate pull some story how do you have

1026

00:49:26,339 --> 00:49:23,739

you look at that because he wrote the

1027

00:49:29,579 --> 00:49:26,349

book that they after Rose will very much

1028

00:49:31,649 --> 00:49:29,589

goes into the reverse engineering and of

1029

00:49:33,709 --> 00:49:31,659

course it was correct in all the

1030

00:49:36,179 --> 00:49:33,719

attempts at the reverse engineering and

1031

00:49:40,609 --> 00:49:36,189

he was absolutely correct

1032

00:49:41,730 --> 00:49:40,619

in how they would have assimilated this

1033

00:49:44,550 --> 00:49:41,740

record

1034

00:49:49,620 --> 00:49:44,560

this technology into the private sector

1035

00:49:52,770 --> 00:49:49,630

through the through the last 30 years of

1036

00:49:56,400 --> 00:49:52,780

our investigation we've had firsthand

1037

00:49:59,060 --> 00:49:56,410

witnesses at RAND Corporation at the

1038

00:50:03,390 --> 00:49:59,070

bureau of standards at patel institute

1039

00:50:05,790 --> 00:50:03,400

at General Electric at the Tao Institute

1040

00:50:09,480 --> 00:50:05,800

while receiving wreckage from Roswell

1041

00:50:12,060 --> 00:50:09,490

for their testing their analysis with

1042

00:50:15,300 --> 00:50:12,070

the hope that somebody as they would say

1043

00:50:18,390 --> 00:50:15,310

would find the on button somebody would

1044

00:50:21,510 --> 00:50:18,400

be able to actually you know crack the

1045

00:50:24,630 --> 00:50:21,520

code so to speak and figure out how this

1046

00:50:28,020 --> 00:50:24,640

thing flies and here we are after all

1047

00:50:30,780 --> 00:50:28,030

this time and I'm still convinced they

1048

00:50:32,760 --> 00:50:30,790

still can't find the on button they

1049

00:50:35,940 --> 00:50:32,770

still were still flying

1050

00:50:37,470 --> 00:50:35,950

you know rockets and jets and so Corsa

1051

00:50:39,990 --> 00:50:37,480

was correct about that

1052

00:50:42,900 --> 00:50:40,000

the only thing Corsa was not correct is

1053

00:50:45,570 --> 00:50:42,910

that he relied on people who were not

1054

00:50:48,240 --> 00:50:45,580

legitimate to provide them with the

1055

00:50:51,690 --> 00:50:48,250

scenario of what transpired at the time

1056

00:50:54,359 --> 00:50:51,700

of the incident we learned afterwards

1057

00:50:58,170 --> 00:50:54,369

that Corso made a couple of research

1058

00:51:00,960 --> 00:50:58,180

trips to Roswell before the book was

1059

00:51:03,630 --> 00:51:00,970

compiled and then written and he

1060

00:51:06,720 --> 00:51:03,640

unfortunately relied on the wrong people

1061

00:51:11,760 --> 00:51:06,730

and putting together the chain of events

1062

00:51:14,550 --> 00:51:11,770

he was correct about the analysis and

1063

00:51:18,000 --> 00:51:14,560

the efforts in testing and determining

1064

00:51:21,810 --> 00:51:18,010

the pedigree of the wreckage but as to

1065

00:51:23,640 --> 00:51:21,820

the chronology of what happened and who

1066

00:51:27,780 --> 00:51:23,650

was involved he relied on the wrong

1067

00:51:29,790 --> 00:51:27,790

people and so we would have and we did

1068

00:51:33,120 --> 00:51:29,800

correct him about that but he ran out of

1069

00:51:34,800 --> 00:51:33,130

time too as we know yeah that's because

1070

00:51:38,130 --> 00:51:34,810

he had quite an important job in the

1071

00:51:41,160 --> 00:51:38,140

Pentagon's row didn't he yes he did but

1072

00:51:43,530 --> 00:51:41,170

he also he only retired you know a

1073

00:51:46,920 --> 00:51:43,540

lieutenant colonel so he would have far

1074

00:51:51,420 --> 00:51:46,930

from had full access to a lot of update

1075

00:51:54,030 --> 00:51:51,430

I screwed yeah hmm Wow find someone of

1076

00:51:55,440 --> 00:51:54,040

the skeptics is is Colonel John

1077

00:51:58,260 --> 00:51:55,450

Alexander

1078

00:52:00,390 --> 00:51:58,270

over here in the States and I always

1079

00:52:02,970 --> 00:52:00,400

remind John John you're only a colonel

1080

00:52:06,120 --> 00:52:02,980

you'll hardly would have had access that

1081

00:52:08,370 --> 00:52:06,130

a general or a four-star general would

1082

00:52:11,490 --> 00:52:08,380

have had and we have a good laugh over

1083

00:52:13,109 --> 00:52:11,500

there I suppose we will to touch on the

1084

00:52:14,339 --> 00:52:13,119

on the bubblers our thing I mean I don't

1085

00:52:16,230 --> 00:52:14,349

know that all you want to get into that

1086

00:52:18,900 --> 00:52:16,240

we've already got about four five six

1087

00:52:22,500 --> 00:52:18,910

minutes or so seven minutes um do you

1088

00:52:25,859 --> 00:52:22,510

think he's on the level war I accept

1089

00:52:28,620 --> 00:52:25,869

that that bob lazar was witness to

1090

00:52:31,920 --> 00:52:28,630

something and I say that from a

1091

00:52:35,700 --> 00:52:31,930

different vantage point and that through

1092

00:52:37,920 --> 00:52:35,710

the years we've had inside sources who

1093

00:52:40,410 --> 00:52:37,930

prior you know previously worked at

1094

00:52:42,930 --> 00:52:40,420

Project Blue Book for example the most

1095

00:52:46,049 --> 00:52:42,940

famous of the three official United

1096

00:52:48,380 --> 00:52:46,059

States Air Force investigations and they

1097

00:52:51,450 --> 00:52:48,390

would describe to us that they were

1098

00:52:53,670 --> 00:52:51,460

investigators for project Bluebook not

1099

00:52:55,770 --> 00:52:53,680

at wright-patterson in Dayton Ohio but

1100

00:52:57,750 --> 00:52:55,780

they would be at different locations at

1101  
00:53:00,390 --> 00:52:57,760  
different bases throughout the states

1102  
00:53:04,559 --> 00:53:00,400  
and they would describe how they would

1103  
00:53:08,010 --> 00:53:04,569  
be taken into a room a screening room

1104  
00:53:10,950 --> 00:53:08,020  
and they would be shown a film footage a

1105  
00:53:12,960 --> 00:53:10,960  
projector would start rolling and they

1106  
00:53:16,289 --> 00:53:12,970  
would be the only other person in the

1107  
00:53:18,120 --> 00:53:16,299  
room aside from this doctor or someone

1108  
00:53:20,220 --> 00:53:18,130  
in a white smock with a clipboard and

1109  
00:53:22,230 --> 00:53:20,230  
the film would start rolling and they

1110  
00:53:24,120 --> 00:53:22,240  
would watch what would appear to be you

1111  
00:53:26,520 --> 00:53:24,130  
know gun camera footage and all at once

1112  
00:53:29,549 --> 00:53:26,530  
there would be a flying saucer broad

1113  
00:53:31,410 --> 00:53:29,559

daylight a dull disc on maneuvering and

1114

00:53:33,900 --> 00:53:31,420

not performing you know the aircraft

1115

00:53:37,829 --> 00:53:33,910

flying rings around them literally and

1116

00:53:40,710 --> 00:53:37,839

the person standing there not watching

1117

00:53:43,890 --> 00:53:40,720

the film would watch this investigator

1118

00:53:45,630 --> 00:53:43,900

and what write down notes as to the

1119

00:53:49,470 --> 00:53:45,640

manner in which they behaved the man in

1120

00:53:51,750 --> 00:53:49,480

which they reacted so we we saw it as

1121

00:53:53,700 --> 00:53:51,760

being a trauma lunes know okay let's see

1122

00:53:56,450 --> 00:53:53,710

how they react to the real thing

1123

00:53:58,920 --> 00:53:56,460

well then we would have a subsequent

1124

00:54:01,950 --> 00:53:58,930

investigators who would talk about being

1125

00:54:07,250 --> 00:54:01,960

taken to an underground room and they

1126

00:54:08,820 --> 00:54:07,260

would be taken to a room where a train a

1127

00:54:11,280 --> 00:54:08,830

stretcher would be

1128

00:54:15,750 --> 00:54:11,290

and there would be a cadaver there would

1129

00:54:18,450 --> 00:54:15,760

be a body and once again a doctor and a

1130

00:54:20,880 --> 00:54:18,460

smart and write and observe how they

1131

00:54:23,550 --> 00:54:20,890

would react to it as though they would

1132

00:54:25,920 --> 00:54:23,560

panic as though they would faint from

1133

00:54:29,790 --> 00:54:25,930

shock or if they were just mesmerized

1134

00:54:33,180 --> 00:54:29,800

and just totally enthralled you know by

1135

00:54:36,510 --> 00:54:33,190

what they were observing so continuing

1136

00:54:39,990 --> 00:54:36,520

that I see it possible that Lazar may

1137

00:54:44,730 --> 00:54:40,000

have also had such an opportunity he was

1138

00:54:47,730 --> 00:54:44,740

allowed to see a ship a recovered craft

1139

00:54:50,340 --> 00:54:47,740

from another crash retrieval incident

1140

00:54:53,430 --> 00:54:50,350

but the problem I have is as

1141

00:54:55,170 --> 00:54:53,440

whistleblowers go and if we cite like

1142

00:55:00,030 --> 00:54:55,180

Edward Snowden here in the States

1143

00:55:03,270 --> 00:55:00,040

who had to flee the country Lazar was

1144

00:55:05,070 --> 00:55:03,280

able to talk about this publicly it

1145

00:55:08,010 --> 00:55:05,080

didn't appear as though he was in fear

1146

00:55:11,460 --> 00:55:08,020

for his life he described all this and

1147

00:55:14,610 --> 00:55:11,470

no one stopped him now was it intended

1148

00:55:17,910 --> 00:55:14,620

that he would discredit himself by just

1149

00:55:21,600 --> 00:55:17,920

describing such an unbelievable story

1150

00:55:24,020 --> 00:55:21,610

was Lazar spreading misinformation in

1151  
00:55:27,060 --> 00:55:24,030  
the same vein as the mj-12 documents

1152  
00:55:30,390 --> 00:55:27,070  
were spreading this information was

1153  
00:55:33,750 --> 00:55:30,400  
intended to muddy the waters or was it

1154  
00:55:37,770 --> 00:55:33,760  
again a trial balloon let's see on the

1155  
00:55:39,540 --> 00:55:37,780  
public reaction from swatching film to

1156  
00:55:42,330 --> 00:55:39,550  
watch a scene a cadaver

1157  
00:55:45,890 --> 00:55:42,340  
they're now describing working at area

1158  
00:55:51,300 --> 00:55:45,900  
51 and actually seeing a recovered craft

1159  
00:55:54,780 --> 00:55:51,310  
so my judgment my my position of Bob

1160  
00:55:57,540 --> 00:55:54,790  
Lazar remains totally fluent I'm willing

1161  
00:56:01,050 --> 00:55:57,550  
to accept that he saw something whether

1162  
00:56:03,630 --> 00:56:01,060  
it was legit or not time will tell but

1163  
00:56:06,780 --> 00:56:03,640

I'm not so quick as to discredit

1164

00:56:09,150 --> 00:56:06,790

somebody just because their backgrounds

1165

00:56:12,540 --> 00:56:09,160

just because all the numbers don't add

1166

00:56:15,570 --> 00:56:12,550

up because again we're dealing with a

1167

00:56:19,830 --> 00:56:15,580

phenomenon that God knows the numbers

1168

00:56:21,810 --> 00:56:19,840

don't add up much we have to a fluid we

1169

00:56:22,650 --> 00:56:21,820

just can't as they would say throughout

1170

00:56:25,260 --> 00:56:22,660

the baby with

1171

00:56:29,130 --> 00:56:25,270

bathwater just because we don't like the

1172

00:56:32,340 --> 00:56:29,140

way it appears with sounds yeah I mean I

1173

00:56:33,690 --> 00:56:32,350

have to say I can't just believe Bob

1174

00:56:36,090 --> 00:56:33,700

Lazar for about 20 years

1175

00:56:37,770 --> 00:56:36,100

just maybe just under 20 years and it

1176  
00:56:39,230 --> 00:56:37,780  
suddenly just recently with all this new

1177  
00:56:41,370 --> 00:56:39,240  
film that's coming out and everything

1178  
00:56:43,980 --> 00:56:41,380  
I'm sort of having my doubts because

1179  
00:56:45,450 --> 00:56:43,990  
I've seen quite a few false things but

1180  
00:56:47,910 --> 00:56:45,460  
you know things that don't add up like

1181  
00:56:49,320 --> 00:56:47,920  
you say and so I don't know I'll come on

1182  
00:56:52,770 --> 00:56:49,330  
kind of fit not sitting on a fence like

1183  
00:56:55,740 --> 00:56:52,780  
you really now I have high respect for

1184  
00:56:59,370 --> 00:56:55,750  
George now the fact that George Knapp is

1185  
00:57:02,850 --> 00:56:59,380  
one of our only media one of our only

1186  
00:57:05,760 --> 00:57:02,860  
journalists here in the states that is a

1187  
00:57:10,020 --> 00:57:05,770  
go-to person with for anyone who has a

1188  
00:57:13,410 --> 00:57:10,030

legitimate UFO experience and and George

1189

00:57:15,210 --> 00:57:13,420

I mean he has remained a staunch

1190

00:57:17,130 --> 00:57:15,220

supporter he's the one who broke the

1191

00:57:19,560 --> 00:57:17,140

story originally a Bob Lazar and

1192

00:57:22,260 --> 00:57:19,570

affected thirty years later he is still

1193

00:57:24,540 --> 00:57:22,270

a hundred percent behind George

1194

00:57:28,020 --> 00:57:24,550

as far as George Knapp one percent

1195

00:57:32,400 --> 00:57:28,030

behind Bob Lazar and to me that's worth

1196

00:57:35,340 --> 00:57:32,410

a lot more than the fact that certain

1197

00:57:37,590 --> 00:57:35,350

things don't add up because the cosmic

1198

00:57:40,640 --> 00:57:37,600

because George Knapp as a true

1199

00:57:43,650 --> 00:57:40,650

legitimate journalists as a as a newsman

1200

00:57:46,290 --> 00:57:43,660

he is done more to investigate Bob Lazar

1201  
00:57:48,750 --> 00:57:46,300  
than anyone and if he stands with them

1202  
00:57:51,600 --> 00:57:48,760  
I'm still willing to reserve judgment

1203  
00:57:54,090 --> 00:57:51,610  
absolutely yeah I mean the man yeah I'll

1204  
00:57:56,070 --> 00:57:54,100  
have to look more into it obviously but

1205  
00:57:57,690 --> 00:57:56,080  
anyway this has been fantastic Don

1206  
00:58:00,900 --> 00:57:57,700  
though thank you so much for giving up

1207  
00:58:02,430 --> 00:58:00,910  
your time to come on here maybe I can

1208  
00:58:08,610 --> 00:58:02,440  
get you back on again sometime when you

1209  
00:58:10,080 --> 00:58:08,620  
when the film comes out and certainly we

1210  
00:58:11,810 --> 00:58:10,090  
hope you come back to the States

1211  
00:58:14,100 --> 00:58:11,820  
you come back to Roswell so yeah I

1212  
00:58:16,470 --> 00:58:14,110  
really do keep saying every you know go

1213  
00:58:20,640 --> 00:58:16,480

get back please funding the funding the

1214

00:58:22,650 --> 00:58:20,650

pennies to do it we've that's the one

1215

00:58:26,220 --> 00:58:22,660

thing about investigation as well yes

1216

00:58:29,460 --> 00:58:26,230

it's it said the the cost and expense of

1217

00:58:31,710 --> 00:58:29,470

one's own lifestyle that your follow G

1218

00:58:34,350 --> 00:58:31,720

is always existed on a shoestring as it

1219

00:58:35,910 --> 00:58:34,360

certainly has my friend but anyway I do

1220

00:58:37,859 --> 00:58:35,920

hope to speak to you again

1221

00:58:39,780 --> 00:58:37,869

been a pleasure and once again my

1222

00:58:42,260 --> 00:58:39,790

sincere condolences for the loss of Stan

1223

00:58:44,309 --> 00:58:42,270

was a great loss to us all but you

1224

00:58:50,400 --> 00:58:44,319

1225

00:58:53,339 --> 00:58:50,410

of yours so Stan would wishes to end the

1226

00:58:56,339 --> 00:58:53,349

fight yeah

1227

00:58:58,440 --> 00:58:56,349

come on David where all the others we

1228

00:59:01,319 --> 00:58:58,450

1229

00:59:02,640 --> 00:59:01,329

I started in many ways thank you very

1230

00:59:04,319 --> 00:59:02,650

much Don it's been a great pleasure
