

Paranormal UK Radio Network Presents

PARANORMAL DIMENSIONS with David Young

with author of the
'Truth Proof' UFO books
Researcher Paul Sinclair

Monday 22nd July

www.paukradio.com

1
00:00:14,430 --> 00:00:12,150
paranormal dimensions is a regular

2
00:00:16,360 --> 00:00:14,440
feature on mondays on the paranormal UK

3
00:00:27,020 --> 00:00:16,370
radio network

4
00:00:27,030 --> 00:01:32,990
[Music]

5
00:01:37,710 --> 00:01:35,340
hello this is Nick Pope and you're

6
00:01:40,590 --> 00:01:37,720
listening to the paranormal UK radio

7
00:01:42,630 --> 00:01:40,600
network the UK's biggest paranormal

8
00:01:45,630 --> 00:01:42,640
Network and this is paranormal

9
00:01:46,710 --> 00:01:45,640
dimensions with David Young hello and

10
00:01:50,580 --> 00:01:46,720
welcome to the show

11
00:01:52,530 --> 00:01:50,590
Thank You Nick right hopefully you've

12
00:01:55,350 --> 00:01:52,540
got another good show for you today I've

13
00:01:58,320 --> 00:01:55,360

got a fantastic author author for you

14

00:02:00,960 --> 00:01:58,330

his name's tossing clear is you said two

15

00:02:03,450 --> 00:02:00,970

really good selling books out truth

16

00:02:06,660 --> 00:02:03,460

proof and there's another one just

17

00:02:09,090 --> 00:02:06,670

coming out to prove three and I'll just

18

00:02:10,830 --> 00:02:09,100

be inviting him only just a moment but

19

00:02:12,900 --> 00:02:10,840

before I do that I'll just do my usual

20

00:02:15,690 --> 00:02:12,910

call-outs for people

21

00:02:18,030 --> 00:02:15,700

we've got King Jenkins New York City in

22

00:02:22,590 --> 00:02:18,040

New York USA Eddie Richardson

23

00:02:24,270 --> 00:02:22,600

pulse-width UK and Bill rook York UK now

24

00:02:28,710 --> 00:02:24,280

hopefully I'll be having Bill Brooke on

25

00:02:30,180 --> 00:02:28,720

at some point and we may even we may

26

00:02:32,580 --> 00:02:30,190

have a mention bill during this show

27

00:02:34,680 --> 00:02:32,590

because I think he has experiences with

28

00:02:38,039 --> 00:02:34,690

like beings and things such as the book

29

00:02:39,840 --> 00:02:38,049

that Paul talks about hey I think the

30

00:02:44,039 --> 00:02:39,850

thing the best thing to do is if you

31

00:02:46,650 --> 00:02:44,049

just pull right now hi Paul yeah hello

32

00:02:50,130 --> 00:02:46,660

there David yeah thank you very much for

33

00:02:52,890 --> 00:02:50,140

inviting me to speak on show today very

34

00:02:54,840 --> 00:02:52,900

good and interesting I need to say thank

35

00:02:56,970 --> 00:02:54,850

you to Nick Pope because he wrote me a

36

00:02:58,800 --> 00:02:56,980

few words for the third book so if he

37

00:03:00,449 --> 00:02:58,810

gets to hear this Thank You Nick another

38

00:03:01,740 --> 00:03:00,459

one well hopefully well I think he wrote

39

00:03:07,470 --> 00:03:01,750

one just on your sick but a little

40

00:03:09,509 --> 00:03:07,480

kidney on the back he said he said a

41

00:03:15,650 --> 00:03:09,519

fascinating and disturbing collection of

42

00:03:19,140 --> 00:03:15,660

accounts Nick Pope is quite nice when

43

00:03:20,610 --> 00:03:19,150

two notable authors those witless three

44

00:03:22,289 --> 00:03:20,620

but other people take an interest in

45

00:03:24,470 --> 00:03:22,299

endemic Tyler I don't know if you've

46

00:03:27,270 --> 00:03:24,480

ever had Derek on the show

47

00:03:29,759 --> 00:03:27,280

not yet but it's a name in the frame

48

00:03:32,460 --> 00:03:29,769

yeah fabulous guest he would make you

49

00:03:34,770 --> 00:03:32,470

know and the sort of I won't say credit

50

00:03:36,990 --> 00:03:34,780

your work but the medicine thing yeah

51
00:03:39,600 --> 00:03:37,000
that's worth probably giving a thumbs up

52
00:03:40,410 --> 00:03:39,610
and I thank those people well I said as

53
00:03:43,860 --> 00:03:40,420
we go

54
00:03:45,059 --> 00:03:43,870
today David you just asked me whatever

55
00:03:46,860 --> 00:03:45,069
you want and we'll just for whatever

56
00:03:49,470 --> 00:03:46,870
direction you want to take it yeah well

57
00:03:52,979 --> 00:03:49,480
I'll mention your first two books you

58
00:03:54,600 --> 00:03:52,989
got truth proof it's the truth that

59
00:03:55,770 --> 00:03:54,610
leaves no proof was your first book

60
00:03:58,470 --> 00:03:55,780
because that came out a couple of years

61
00:04:00,900 --> 00:03:58,480
ago didn't it yes sixteen and then we

62
00:04:04,350 --> 00:04:00,910
show the proof to be on the thinking

63
00:04:05,970 --> 00:04:04,360

mind and then with sounds a bit simple

64

00:04:07,710 --> 00:04:05,980

simply sticking it to throw three

65

00:04:11,009 --> 00:04:07,720

bringing down the light yeah and there

66

00:04:12,780 --> 00:04:11,019

will be a trouble for listeners I mean

67

00:04:14,309 --> 00:04:12,790

they'll go beyond this Paul Evan got

68

00:04:17,879 --> 00:04:14,319

your third one yet but I'm gonna get it

69

00:04:26,250 --> 00:04:17,889

alright I'll expect you at scribbled on

70

00:04:28,040 --> 00:04:26,260

it for me so take you Paul perhaps you'd

71

00:04:35,969 --> 00:04:28,050

like to tell us how you first got into

72

00:04:37,920 --> 00:04:35,979

ufology if you will you know well

73

00:04:40,770 --> 00:04:37,930

there's a website if you can call it

74

00:04:43,409 --> 00:04:40,780

that I'm me self any favors because I'm

75

00:04:44,850 --> 00:04:43,419

not that brilliant with social media so

76

00:04:48,270 --> 00:04:44,860

there's a website which is chilled proof

77

00:04:53,010 --> 00:04:48,280

webs.com but before that well I saw

78

00:04:56,909 --> 00:04:53,020

working I think from about 2002 to 2013

79

00:05:00,029 --> 00:04:56,919

I had a website called ILF UFO in the

80

00:05:02,730 --> 00:05:00,039

ILF was intelligent light forms which is

81

00:05:05,370 --> 00:05:02,740

basically what I believe we've been

82

00:05:07,170 --> 00:05:05,380

viewing upon the East Yorkshire Wolds

83

00:05:09,360 --> 00:05:07,180

around Eastern North Yorkshire the

84

00:05:12,290 --> 00:05:09,370

worlds of the larger expanses of land

85

00:05:14,790 --> 00:05:12,300

open land and farm London was you know

86

00:05:16,860 --> 00:05:14,800

intermittent did the space woodland in

87

00:05:19,110 --> 00:05:16,870

between them but mainly cheap grazing

88

00:05:21,120 --> 00:05:19,120

but you've got these strange Spears of

89

00:05:23,400 --> 00:05:21,130

line that will just suddenly appear and

90

00:05:25,590 --> 00:05:23,410

punch into multiples of threes fours and

91

00:05:27,240 --> 00:05:25,600

fives and you're getting them over the

92

00:05:29,279 --> 00:05:27,250

sea as well and no doubt we're dealing

93

00:05:31,770 --> 00:05:29,289

with the same phenomena but what I've

94

00:05:33,750 --> 00:05:31,780

what I've found David and you know I'm

95

00:05:35,219 --> 00:05:33,760

no expert on this out I'm saying as

96

00:05:36,600 --> 00:05:35,229

everybody who's listening to this and

97

00:05:39,690 --> 00:05:36,610

everybody all goes to the conferences

98

00:05:41,670 --> 00:05:39,700

I'm searching for answers but repeat

99

00:05:43,440 --> 00:05:41,680

areas are showing time and time again

100

00:05:47,670 --> 00:05:43,450

and I'm sort of naming them the multi

101
00:05:49,589 --> 00:05:47,680
phenomena areas and so MFA's I realized

102
00:05:52,890 --> 00:05:49,599
I've said phenomenal as it with an F but

103
00:05:54,240 --> 00:05:52,900
I'm not really about that and what it

104
00:05:57,330 --> 00:05:54,250
seems though David

105
00:06:01,470 --> 00:05:57,340
is that these locations don't just throw

106
00:06:03,960 --> 00:06:01,480
up UFO sightings and I think you know to

107
00:06:06,930 --> 00:06:03,970
sort of kind of phrase be a UFO

108
00:06:10,370 --> 00:06:06,940
investigator or researcher I think we

109
00:06:13,110 --> 00:06:10,380
should throw net a lot wider and include

110
00:06:15,060 --> 00:06:13,120
everything I think we're all missing a

111
00:06:17,220 --> 00:06:15,070
trick you know the people are into the

112
00:06:18,960 --> 00:06:17,230
the ghost aspect of it and them all to

113
00:06:21,420 --> 00:06:18,970

get it but because I think what

114

00:06:22,770 --> 00:06:21,430

ultimately he's all linked I don't know

115

00:06:24,390 --> 00:06:22,780

the agree with you probably know I've

116

00:06:26,550 --> 00:06:24,400

set that on several I don't know if you

117

00:06:29,460 --> 00:06:26,560

forgive previous shows but that's that's

118

00:06:32,310 --> 00:06:29,470

my or not my idea it's my it's not the

119

00:06:34,230 --> 00:06:32,320

way I think as well I think a few years

120

00:06:36,270 --> 00:06:34,240

ago I couldn't see any links in it you

121

00:06:38,370 --> 00:06:36,280

know but over that from what I've been

122

00:06:40,290 --> 00:06:38,380

hearing and sort of studying and reading

123

00:06:42,120 --> 00:06:40,300

about over the last sort of ten years or

124

00:06:43,500 --> 00:06:42,130

so I really do agree with you I think

125

00:06:46,170 --> 00:06:43,510

it's all linked it's all connected

126
00:06:48,600 --> 00:06:46,180
somehow I mean just because we don't

127
00:06:50,810 --> 00:06:48,610
understand it doesn't mean that it's not

128
00:06:53,820 --> 00:06:50,820
happening and it can't happen I mean

129
00:06:56,220 --> 00:06:53,830
there's too many people entrenched in in

130
00:06:57,870 --> 00:06:56,230
their box of research shall we say and I

131
00:07:00,300 --> 00:06:57,880
think that's I know I think it's a

132
00:07:02,940 --> 00:07:00,310
mistake I mean given if you jump to you

133
00:07:04,470 --> 00:07:02,950
know thousands of miles to other side at

134
00:07:06,480 --> 00:07:04,480
world and looked at skinwalker and

135
00:07:09,240 --> 00:07:06,490
you'll see that every type of phenomena

136
00:07:12,210 --> 00:07:09,250
is manifesting there from structured

137
00:07:16,110 --> 00:07:12,220
craft reported you know over the years

138
00:07:20,460 --> 00:07:16,120

to animal mutilation to to cryptids to

139

00:07:22,560 --> 00:07:20,470

big cats so it's a beast to meet it

140

00:07:24,510 --> 00:07:22,570

would be stupid to think that there

141

00:07:26,430 --> 00:07:24,520

isn't a thought maybe location is the

142

00:07:27,810 --> 00:07:26,440

key that's what I used that's what I say

143

00:07:30,480 --> 00:07:27,820

in the first book and the second book

144

00:07:32,730 --> 00:07:30,490

location is key because these things do

145

00:07:35,250 --> 00:07:32,740

seem to be appearing in and around the

146

00:07:36,870 --> 00:07:35,260

same locations constantly and he's it'll

147

00:07:39,240 --> 00:07:36,880

be interesting if we could get these

148

00:07:40,860 --> 00:07:39,250

multi phenomena areas we know they're

149

00:07:42,360 --> 00:07:40,870

established in other parts of world but

150

00:07:45,570 --> 00:07:42,370

if we could get researchers in other

151
00:07:46,980 --> 00:07:45,580
parts of world to report when the alien

152
00:07:49,050 --> 00:07:46,990
big caps are being seen for instance

153
00:07:51,210 --> 00:07:49,060
because we get around Eastern North

154
00:07:54,240 --> 00:07:51,220
Yorkshire David and it would be

155
00:07:56,400 --> 00:07:54,250
interesting if we could find out get

156
00:07:58,380 --> 00:07:56,410
some networking going to find out if in

157
00:08:00,570 --> 00:07:58,390
the other active areas the caps are

158
00:08:02,040 --> 00:08:00,580
being seen there as well and for

159
00:08:03,930 --> 00:08:02,050
instance are it's the UFOs have been

160
00:08:06,330 --> 00:08:03,940
seen the light forms and for want of a

161
00:08:07,870 --> 00:08:06,340
better word you know these these spheres

162
00:08:09,460 --> 00:08:07,880
of light that I don't

163
00:08:11,800 --> 00:08:09,470

we know our earth lights exist I mean

164

00:08:13,510 --> 00:08:11,810

that can't be denied but I feel that the

165

00:08:16,600 --> 00:08:13,520

delights that we're observing over the

166

00:08:18,520 --> 00:08:16,610

sea of Benton and Flamborough there's an

167

00:08:20,920 --> 00:08:18,530

awareness to them and I've spoke to too

168

00:08:23,080 --> 00:08:20,930

many to a lamin Rock anglers seen them

169

00:08:26,130 --> 00:08:23,090

myself not to think that these there's

170

00:08:29,980 --> 00:08:26,140

more to these things than than just a

171

00:08:32,770 --> 00:08:29,990

random and you know the movement of the

172

00:08:34,779 --> 00:08:32,780

earth thousands and thousands of feet

173

00:08:36,659 --> 00:08:34,789

below the surface that these things that

174

00:08:38,980 --> 00:08:36,669

seem to have the ability to switch on

175

00:08:40,690 --> 00:08:38,990

punishing to a multiple of four or five

176

00:08:43,480 --> 00:08:40,700

switch off and appear in a different

177

00:08:46,300 --> 00:08:43,490

part of sky instantly and that they're

178

00:08:48,430 --> 00:08:46,310

in formation in lines that are equally

179

00:08:51,640 --> 00:08:48,440

spaced there's no randomness to the most

180

00:08:54,370 --> 00:08:51,650

of the time what they're about I don't

181

00:08:58,750 --> 00:08:54,380

know I mean whether there's anything but

182

00:09:01,390 --> 00:08:58,760

interestingly a in the next book because

183

00:09:05,440 --> 00:09:01,400

I said I'm well on with the next one I

184

00:09:09,850 --> 00:09:05,450

have a an incredible report from an a

185

00:09:11,830 --> 00:09:09,860

contracts manager for the mo d and I'm

186

00:09:13,810 --> 00:09:11,840

gonna be using his full name because

187

00:09:15,940 --> 00:09:13,820

he's allowed me to do all this and but

188

00:09:17,740 --> 00:09:15,950

this is we've moved out of Eastern North

189

00:09:20,710 --> 00:09:17,750

Yorkshire and I'm sorry listeners if I'm

190

00:09:23,350 --> 00:09:20,720

rambling a little bit but this story

191

00:09:26,110 --> 00:09:23,360

well it were given it as part of his job

192

00:09:29,500 --> 00:09:26,120

on this contract from from 2011 I

193

00:09:31,180 --> 00:09:29,510

believe it was it was given a house to

194

00:09:34,300 --> 00:09:31,190

rent overlooking the sea this is in

195

00:09:35,980 --> 00:09:34,310

Cornwall and he contacted me to say he'd

196

00:09:38,080 --> 00:09:35,990

seen the spheres of light that is read

197

00:09:39,880 --> 00:09:38,090

about in the truth prose books and

198

00:09:41,020 --> 00:09:39,890

that's that's what prompted him to

199

00:09:42,310 --> 00:09:41,030

contact me we've had lots of

200

00:09:43,810 --> 00:09:42,320

conversations but east

201
00:09:46,030 --> 00:09:43,820
he got binoculars high-powered

202
00:09:47,830 --> 00:09:46,040
binoculars on these lights and there are

203
00:09:50,800 --> 00:09:47,840
plenty of news coverage at the time

204
00:09:53,350 --> 00:09:50,810
people had seen them but he claims that

205
00:09:56,740 --> 00:09:53,360
inside the light it could see gold

206
00:09:58,090 --> 00:09:56,750
pyramids which is I've just found it

207
00:10:00,100 --> 00:09:58,100
interesting I mean I've never observed

208
00:10:02,200 --> 00:10:00,110
anything like that inside them but I

209
00:10:04,660 --> 00:10:02,210
mean this is it's an evening sighting

210
00:10:06,610 --> 00:10:04,670
it's not quite dark as I say little guys

211
00:10:08,350 --> 00:10:06,620
giving me full permission to use his

212
00:10:12,460 --> 00:10:08,360
name in the book which I will be doing

213
00:10:13,900 --> 00:10:12,470

and the the story is pretty terrifying

214

00:10:15,850 --> 00:10:13,910

to be honest for you because he hadn't

215

00:10:19,210 --> 00:10:15,860

yeah you had the most terrifying

216

00:10:21,310 --> 00:10:19,220

experience after the night he saw these

217

00:10:21,710 --> 00:10:21,320

these objects these spheres of light

218

00:10:23,540 --> 00:10:21,720

over

219

00:10:26,689 --> 00:10:23,550

to see Andy bethey believes that that

220

00:10:28,639 --> 00:10:26,699

was to stop him talking about them but I

221

00:10:30,559 --> 00:10:28,649

don't I don't know if I can talk about

222

00:10:32,480 --> 00:10:30,569

what happened to him on radio I'm gonna

223

00:10:35,059 --> 00:10:32,490

write about it but as I say I've just

224

00:10:37,910 --> 00:10:35,069

gone off on a tangent there hmm

225

00:10:39,319 --> 00:10:37,920

David you know we would in the area that

226

00:10:42,199 --> 00:10:39,329

we're we're in in Eastern North

227

00:10:44,720 --> 00:10:42,209

Yorkshire that doesn't what I'm looking

228

00:10:47,179 --> 00:10:44,730

into it Benton and Flandre and a bit

229

00:10:50,210 --> 00:10:47,189

further up the coast beaten and ravens

230

00:10:51,679 --> 00:10:50,220

scare and Philae it's not new this stuff

231

00:10:53,629 --> 00:10:51,689

goes back decades

232

00:10:55,850 --> 00:10:53,639

it probably goes back hundreds and

233

00:10:59,660 --> 00:10:55,860

hundreds of years you know quite a few

234

00:11:05,230 --> 00:10:59,670

of the stories especially in your book

235

00:11:13,340 --> 00:11:09,019

folklore is it was what we once termed

236

00:11:16,160 --> 00:11:13,350

as science before science codified it

237

00:11:18,230 --> 00:11:16,170

and and tried to bring it into some kind

238

00:11:20,329 --> 00:11:18,240

of unity and fit it into boxes that we

239

00:11:22,490 --> 00:11:20,339

could understand we're all folklore

240

00:11:24,949 --> 00:11:22,500

David we're all we're all sort of living

241

00:11:27,290 --> 00:11:24,959

folklore I'm and I think there's just

242

00:11:29,059 --> 00:11:27,300

because it's not the written word and

243

00:11:31,069 --> 00:11:29,069

people say all stories get embellished

244

00:11:34,119 --> 00:11:31,079

well of course they do yeah but if the

245

00:11:37,189 --> 00:11:34,129

same story isn't coming out today that

246

00:11:38,689 --> 00:11:37,199

we're coming out hundreds of years ago

247

00:11:40,519 --> 00:11:38,699

then there has to be some substance to

248

00:11:44,059 --> 00:11:40,529

them if you've got people still

249

00:11:47,840 --> 00:11:44,069

reporting seeing an upright doglike

250

00:11:49,220 --> 00:11:47,850

creature around the areas of flexin like

251

00:11:50,420 --> 00:11:49,230

that like it's been reported for

252

00:11:51,650 --> 00:11:50,430

hundreds of years then you think to

253

00:11:54,610 --> 00:11:51,660

yourself hang on a minute

254

00:11:57,650 --> 00:11:54,620

either all these people are liars or

255

00:12:00,439 --> 00:11:57,660

there's an element of truth in this and

256

00:12:03,079 --> 00:12:00,449

I've said it many times David you know

257

00:12:04,639 --> 00:12:03,089

on radio shows and and I think I said it

258

00:12:06,259 --> 00:12:04,649

in the books as well I don't actually

259

00:12:09,259 --> 00:12:06,269

believe that there's anything that could

260

00:12:11,360 --> 00:12:09,269

transform from a man to a beast

261

00:12:13,220 --> 00:12:11,370

I don't but that doesn't mean that I

262

00:12:16,340 --> 00:12:13,230

don't think that there isn't some truth

263

00:12:19,189 --> 00:12:16,350

to these stories because there's too

264

00:12:20,269 --> 00:12:19,199

many people talking about it and coming

265

00:12:25,100 --> 00:12:20,279

out with these things I mean just

266

00:12:26,929 --> 00:12:25,110

recently as early as February the 7th of

267

00:12:28,699 --> 00:12:26,939

this year I don't know whether you

268

00:12:30,379 --> 00:12:28,709

looked at the Bensons phenomena the

269

00:12:33,759 --> 00:12:30,389

documentary that mean Chris Turner did

270

00:12:35,540 --> 00:12:33,769

not yet know I'm looking forward well it

271

00:12:38,540 --> 00:12:35,550

obviously you know that

272

00:12:40,910 --> 00:12:38,550

did elusive about the British trip to

273

00:12:42,680 --> 00:12:40,920

the dog map that creatures although I'm

274

00:12:43,790 --> 00:12:42,690

not really fond of the word dog man

275

00:12:45,500 --> 00:12:43,800

although we're not it playing with words

276

00:12:46,639 --> 00:12:45,510

that way I was actually going to ask you

277

00:12:50,060 --> 00:12:46,649

about this but you might as well Kari

278

00:12:52,340 --> 00:12:50,070

ordered intensive a werewolf obviously

279

00:12:54,290 --> 00:12:52,350

conjures up images from movies and

280

00:12:56,420 --> 00:12:54,300

underworld people associate it with

281

00:12:58,220 --> 00:12:56,430

silver bullets I mean it's a sad - I

282

00:12:59,480 --> 00:12:58,230

don't want to invent a new word for it

283

00:13:02,540 --> 00:12:59,490

but I think we've got to stare with

284

00:13:04,280 --> 00:13:02,550

werewolf just which people would maybe

285

00:13:06,500 --> 00:13:04,290

get away from idea that there's some

286

00:13:08,449 --> 00:13:06,510

kind of transformation off from a man or

287

00:13:10,250 --> 00:13:08,459

woman to a beast because I believe

288

00:13:12,500 --> 00:13:10,260

there's something to it I think they the

289

00:13:14,389 --> 00:13:12,510

American Indians have probably got the

290

00:13:15,860 --> 00:13:14,399

best idea with the skinwalkers believing

291

00:13:19,310 --> 00:13:15,870

this is a creature that can live between

292

00:13:21,970 --> 00:13:19,320

worlds you know and that's its ability

293

00:13:23,509 --> 00:13:21,980

to slip between our world and it's only

294

00:13:26,240 --> 00:13:23,519

interdimensional creature

295

00:13:28,069 --> 00:13:26,250

yeah yeah and that's what I you know I

296

00:13:29,710 --> 00:13:28,079

mean I'm willing to be convinced

297

00:13:33,889 --> 00:13:29,720

otherwise and I'm willing to be shown

298

00:13:35,630 --> 00:13:33,899

otherwise I'd love to but at the moment

299

00:13:37,480 --> 00:13:35,640

that's where I am leaning because I

300

00:13:40,940 --> 00:13:37,490

believe it exists

301
00:13:43,340 --> 00:13:40,950
with the latest documentary bringing

302
00:13:46,069 --> 00:13:43,350
down the light we've spoke to a guy who

303
00:13:48,290 --> 00:13:46,079
lives in Katyn and with his wife and he

304
00:13:51,500 --> 00:13:48,300
claims that this this creature literally

305
00:13:53,180 --> 00:13:51,510
in his peripheral vision jumped to the

306
00:13:55,100 --> 00:13:53,190
front of a garden just on the edge of

307
00:13:57,050 --> 00:13:55,110
the flick stone and Katyn cast that's

308
00:13:59,780 --> 00:13:57,060
the area of wetland that used to be once

309
00:14:02,000 --> 00:13:59,790
lake flix than in Paoli thick times

310
00:14:04,190 --> 00:14:02,010
that's 11,000 years ago so it's a pretty

311
00:14:06,860 --> 00:14:04,200
remote area and there's a god bungalows

312
00:14:09,199 --> 00:14:06,870
along the edge of the cars from from one

313
00:14:11,300 --> 00:14:09,209

leap this thing left into the middle of

314

00:14:13,970 --> 00:14:11,310

the road and another leap and it were

315

00:14:18,280 --> 00:14:13,980

over onto the cars and he described this

316

00:14:23,269 --> 00:14:18,290

this wiry thin

317

00:14:24,829 --> 00:14:23,279

creature that when fat along everything

318

00:14:28,069 --> 00:14:24,839

ran out of proportion with it ease

319

00:14:30,319 --> 00:14:28,079

he's the legs operated like a canines

320

00:14:32,150 --> 00:14:30,329

legs but he didn't describe it as having

321

00:14:34,699 --> 00:14:32,160

something like a wolf's head or anything

322

00:14:36,560 --> 00:14:34,709

and he's adamant about what he saw and

323

00:14:38,120 --> 00:14:36,570

it's so much so and there's no mug this

324

00:14:40,009 --> 00:14:38,130

phone I mean I think he's finally

325

00:14:42,920 --> 00:14:40,019

qualified well I know he is and he's not

326

00:14:44,990 --> 00:14:42,930

on camera you know it you get some

327

00:14:46,850 --> 00:14:45,000

people David and they're telling you the

328

00:14:48,800 --> 00:14:46,860

truth as you know we've all come across

329

00:14:49,340 --> 00:14:48,810

them that's why we get people in the

330

00:14:52,310 --> 00:14:49,350

audience

331

00:14:54,380 --> 00:14:52,320

confluences myself included where the

332

00:14:55,940 --> 00:14:54,390

comment the coming to listen to an

333

00:14:58,040 --> 00:14:55,950

experience because of many of them have

334

00:15:00,080 --> 00:14:58,050

got fabulous experiences of their own

335

00:15:00,500 --> 00:15:00,090

probably better than mine better than

336

00:15:02,030 --> 00:15:00,510

yours

337

00:15:04,010 --> 00:15:02,040

but they just don't want to talk about

338

00:15:05,840 --> 00:15:04,020

it well so I'm back to my point this

339

00:15:08,150 --> 00:15:05,850

guy's willing to go on camera with his

340

00:15:10,070 --> 00:15:08,160

name and stay at what he's seen and many

341

00:15:12,500 --> 00:15:10,080

people won't do that we've got someone

342

00:15:15,230 --> 00:15:12,510

the look on the film that we've blurred

343

00:15:17,840 --> 00:15:15,240

the faces out we've got a guy who claims

344

00:15:19,970 --> 00:15:17,850

he worked for the mo D at Benton after

345

00:15:22,490 --> 00:15:19,980

it shipped and that's main Chris I've

346

00:15:23,930 --> 00:15:22,500

interviewed him for over an hour and I

347

00:15:27,080 --> 00:15:23,940

spoke it to him previously because I've

348

00:15:31,010 --> 00:15:27,090

set the interview up and this guy claims

349

00:15:32,570 --> 00:15:31,020

that his job was first of all he's got

350

00:15:34,040 --> 00:15:32,580

some special abilities and I'm not

351
00:15:37,970 --> 00:15:34,050
talking they could teleport or anything

352
00:15:38,930 --> 00:15:37,980
silly like that Bobby I'm not with it

353
00:15:40,640 --> 00:15:38,940
we'll be in it we'll be in the

354
00:15:45,440 --> 00:15:40,650
documentary but what I'm saying is he

355
00:15:48,940 --> 00:15:45,450
was employed after the base closed to

356
00:15:52,070 --> 00:15:48,950
spend time around the base trying to

357
00:15:54,800 --> 00:15:52,080
look for unexplained phenomena explained

358
00:15:56,570 --> 00:15:54,810
phenomena which he never found he never

359
00:15:59,030 --> 00:15:56,580
found nothing he's quite open about that

360
00:16:01,910 --> 00:15:59,040
is quite truthful about that the fact

361
00:16:04,880 --> 00:16:01,920
that he never found anything but as his

362
00:16:06,950 --> 00:16:04,890
role working for the MLD are working it

363
00:16:10,010 --> 00:16:06,960

would even air force actually that's

364

00:16:12,800 --> 00:16:10,020

that was his job and he comes out with

365

00:16:14,690 --> 00:16:12,810

some really interesting things he's an

366

00:16:16,130 --> 00:16:14,700

interesting guy I split that road and

367

00:16:17,780 --> 00:16:16,140

nobody live ever heard this man speak

368

00:16:20,420 --> 00:16:17,790

before but when you do hear him speak

369

00:16:25,430 --> 00:16:20,430

you'll realize you realize how

370

00:16:29,210 --> 00:16:25,440

interesting is it is I mean this guy

371

00:16:31,850 --> 00:16:29,220

claims that the mo D or the powers that

372

00:16:34,850 --> 00:16:31,860

be already know that there's different

373

00:16:36,020 --> 00:16:34,860

species of well I'm reluctant to column

374

00:16:38,900 --> 00:16:36,030

alien because I don't know where they

375

00:16:39,860 --> 00:16:38,910

come from but it's read if they know at

376

00:16:43,070 --> 00:16:39,870

least that there was three different

377

00:16:45,080 --> 00:16:43,080

species manifesting or or appearing

378

00:16:46,730 --> 00:16:45,090

around that area and he didn't even get

379

00:16:50,120 --> 00:16:46,740

told the names of these things he just

380

00:16:51,470 --> 00:16:50,130

got told one two and three there's any

381

00:16:55,340 --> 00:16:51,480

claim that they were coming through

382

00:16:57,110 --> 00:16:55,350

portals in the area now once again part

383

00:16:59,480 --> 00:16:57,120

of the job of doing this documentaries

384

00:17:01,130 --> 00:16:59,490

is to get other people's stories so I'm

385

00:17:03,650 --> 00:17:01,140

not saying I believe everything that

386

00:17:05,630 --> 00:17:03,660

somebody's told meö Klein I'm saying

387

00:17:07,370 --> 00:17:05,640

just like we've just been talking about

388

00:17:09,380 --> 00:17:07,380

this that you know the accounts are the

389

00:17:12,350 --> 00:17:09,390

flicks turn werewolf from all I do boys

390

00:17:14,000 --> 00:17:12,360

well me and Andy Ramsden I don't know if

391

00:17:16,429 --> 00:17:14,010

you know Andy yeah a bit I think you do

392

00:17:18,649 --> 00:17:16,439

oh yeah yeah we've seen something highly

393

00:17:21,829 --> 00:17:18,659

unusual at Benton bikini I'm not sure if

394

00:17:24,289 --> 00:17:21,839

you were 2016 or 2017 that came from the

395

00:17:25,789 --> 00:17:24,299

edge of the cliff and people on all

396

00:17:27,380 --> 00:17:25,799

fours meet ran and it cleared a

397

00:17:29,630 --> 00:17:27,390

three-bar fence and went up the field

398

00:17:31,610 --> 00:17:29,640

and when we put a light on up the field

399

00:17:34,130 --> 00:17:31,620

and they became very scared that this

400

00:17:40,850 --> 00:17:34,140

whatever it was a big yeah I think a lot

401
00:17:43,940 --> 00:17:40,860
of think about this but yeah that's

402
00:17:46,129 --> 00:17:43,950
correct it blinked and looked away and

403
00:17:48,710 --> 00:17:46,139
sort of dipti said down and it weren't

404
00:17:50,450 --> 00:17:48,720
frightened it was which draws I mean

405
00:17:52,370 --> 00:17:50,460
people might be thinking well these guys

406
00:17:55,970 --> 00:17:52,380
have seen a fox or a badger let me tell

407
00:17:59,570 --> 00:17:55,980
you I spent years up here around foxes

408
00:18:00,680 --> 00:17:59,580
and badgers be trying to distract we've

409
00:18:03,100 --> 00:18:00,690
been trying to find out what's

410
00:18:06,110 --> 00:18:03,110
slaughtering the livestock or put Benton

411
00:18:08,269 --> 00:18:06,120
which stopped early this year because

412
00:18:10,460 --> 00:18:08,279
there's no longer livestock up there

413
00:18:12,740 --> 00:18:10,470

they've done with can't tech not suffer

414

00:18:14,450 --> 00:18:12,750

any more losses but because whatever was

415

00:18:16,100 --> 00:18:14,460

killing the livestock and I realize

416

00:18:18,259 --> 00:18:16,110

listeners I'm jumping about all over the

417

00:18:20,060 --> 00:18:18,269

place here I think I've just took David

418

00:18:24,169 --> 00:18:20,070

by surprise listeners today because

419

00:18:28,039 --> 00:18:24,179

there are you think I didn't I'm this

420

00:18:31,190 --> 00:18:28,049

it's my fault entirely but whatever's

421

00:18:32,870 --> 00:18:31,200

killing the livestock is is not really

422

00:18:34,549 --> 00:18:32,880

that interested in eating it he wants to

423

00:18:38,870 --> 00:18:34,559

remove all the skin from the faces

424

00:18:42,620 --> 00:18:38,880

remove their eyes and so is a

425

00:18:45,129 --> 00:18:42,630

connections with the older the host

426

00:18:49,190 --> 00:18:45,139

mutilations and cattle mutilations but

427

00:18:52,009 --> 00:18:49,200

from years ago like which mountain he'll

428

00:18:54,169 --> 00:18:52,019

investigate you think well we

429

00:18:56,330 --> 00:18:54,179

investigated a lot of it as well they

430

00:18:59,120 --> 00:18:56,340

possibly could be but we still haven't

431

00:19:00,860 --> 00:18:59,130

established what's what not even a clue

432

00:19:04,399 --> 00:19:00,870

what's doing it because whatever is

433

00:19:06,950 --> 00:19:04,409

doing it in my opinion is is marine

434

00:19:09,230 --> 00:19:06,960

based as well because when it but it is

435

00:19:10,700 --> 00:19:09,240

piqued David and all the pictures are in

436

00:19:11,960 --> 00:19:10,710

the new book but now say all there's

437

00:19:14,389 --> 00:19:11,970

quite a lot of pictures that are quite

438

00:19:15,790 --> 00:19:14,399

graphic in the new book depicting what

439

00:19:17,230 --> 00:19:15,800

just what I've said I'm not just

440

00:19:19,090 --> 00:19:17,240

these things without the evidence

441

00:19:21,820 --> 00:19:19,100

because we did that on the Bentham

442

00:19:23,440 --> 00:19:21,830

phenomenon and we do to YouTube we

443

00:19:25,000 --> 00:19:23,450

didn't show the images that were the

444

00:19:27,220 --> 00:19:25,010

Ries but people believe that we were

445

00:19:28,570 --> 00:19:27,230

just talking hot-air well all the images

446

00:19:32,170 --> 00:19:28,580

are in the book and all the images will

447

00:19:34,510 --> 00:19:32,180

be in bringing down the light what what

448

00:19:38,200 --> 00:19:34,520

what we were finding around the the

449

00:19:41,200 --> 00:19:38,210

edges of the cliffs and on this on the

450

00:19:44,310 --> 00:19:41,210

shoreline very close were have a purpose

451
00:19:47,800 --> 00:19:44,320
you know the little dolphin type map was

452
00:19:49,750 --> 00:19:47,810
about 4 foot long but interesting injury

453
00:19:52,270 --> 00:19:49,760
to him what they've got a huge oles

454
00:19:54,460 --> 00:19:52,280
through their jaws and we're talking

455
00:19:56,830 --> 00:19:54,470
three to four inch round holes you know

456
00:19:59,830 --> 00:19:56,840
sort of smashed all the jaws and no

457
00:20:04,030 --> 00:19:59,840
other signs of injury and interestingly

458
00:20:07,450 --> 00:20:04,040
with the shape usually the throat had

459
00:20:09,550 --> 00:20:07,460
been torn out but nothing had been eaten

460
00:20:11,350 --> 00:20:09,560
and there's no blood you know we will

461
00:20:14,110 --> 00:20:11,360
find in roe deer carcasses with heads

462
00:20:16,990 --> 00:20:14,120
removed Badgers with heads removed but

463
00:20:19,560 --> 00:20:17,000

not just edged skinned around the waist

464

00:20:21,670 --> 00:20:19,570

as though they've got the shirt off it

465

00:20:25,030 --> 00:20:21,680

there's no better easier way of saying

466

00:20:26,530 --> 00:20:25,040

other than that if my cab really and

467

00:20:29,830 --> 00:20:26,540

when you consider the ear odious

468

00:20:31,630 --> 00:20:29,840

probably fastest thing in UK and

469

00:20:33,550 --> 00:20:31,640

probably only dog to catch it would be a

470

00:20:35,200 --> 00:20:33,560

ground well you know when a I'm sorry

471

00:20:39,250 --> 00:20:35,210

for sounding if I'm a bit tool Maccabiah

472

00:20:42,070 --> 00:20:39,260

David you'll stop me well you know if a

473

00:20:44,140 --> 00:20:42,080

dogs predated on a sheep or a deer

474

00:20:46,210 --> 00:20:44,150

you're gonna find puncture wounds you're

475

00:20:47,500 --> 00:20:46,220

gonna find bad bite marks all over the

476

00:20:49,150 --> 00:20:47,510

animal they're not they're not very

477

00:20:52,390 --> 00:20:49,160

selective they're not like a big cat

478

00:20:54,280 --> 00:20:52,400

which is calculated and knows what part

479

00:20:55,570 --> 00:20:54,290

of the animal - you have old I know what

480

00:20:57,010 --> 00:20:55,580

you made they they actually grip they

481

00:21:01,030 --> 00:20:57,020

don't get all of them bond and echo

482

00:21:02,710 --> 00:21:01,040

wherever they can get with peace in the

483

00:21:06,000 --> 00:21:02,720

past so I know how they go off the

484

00:21:08,950 --> 00:21:06,010

rabbits and things and wherever they can

485

00:21:11,290 --> 00:21:08,960

but what you've got here are animals

486

00:21:12,880 --> 00:21:11,300

that for want of a better word of just

487

00:21:16,060 --> 00:21:12,890

being don't have been killed instantly

488

00:21:17,620 --> 00:21:16,070

mmm the eyes look look like they've been

489

00:21:19,930 --> 00:21:17,630

sucked out with a Hoover there's no

490

00:21:22,540 --> 00:21:19,940

trauma and the years put off very very

491

00:21:24,160 --> 00:21:22,550

clean cut so what's doing it I don't

492

00:21:25,840 --> 00:21:24,170

know because I mean some people have

493

00:21:28,510 --> 00:21:25,850

suggested is it human is the human

494

00:21:29,710 --> 00:21:28,520

element to it because as people real

495

00:21:31,390 --> 00:21:29,720

know I probably

496

00:21:34,900 --> 00:21:31,400

as talked about the satanic cult that

497

00:21:36,280 --> 00:21:34,910

once operated upper area Benson and is

498

00:21:38,470 --> 00:21:36,290

it something to do with them well

499

00:21:40,720 --> 00:21:38,480

personally I don't think so because the

500

00:21:43,720 --> 00:21:40,730

locations where these animals have been

501
00:21:45,250 --> 00:21:43,730
found as very remote and he dad to get

502
00:21:47,530 --> 00:21:45,260
they'd after use torches and that and

503
00:21:49,480 --> 00:21:47,540
there would be seen by the farm the

504
00:21:51,160 --> 00:21:49,490
farmers I mean when I'm talking about

505
00:21:52,660 --> 00:21:51,170
this amount to sheep people have said to

506
00:21:54,490 --> 00:21:52,670
me a police-involved heard I've heard

507
00:21:55,810 --> 00:21:54,500
people seen comments and well police

508
00:21:57,580 --> 00:21:55,820
would be involved yet police are

509
00:21:59,680 --> 00:21:57,590
involved they haven't got a clue what it

510
00:22:03,430 --> 00:21:59,690
is they've set up there when Ike's night

511
00:22:05,650 --> 00:22:03,440
scopes and found one dead in same field

512
00:22:09,250 --> 00:22:05,660
where the bad night scopes the police

513
00:22:11,650 --> 00:22:09,260

have not got a clue I don't know what's

514

00:22:14,680 --> 00:22:11,660

doing it I wish I did but whatever it is

515

00:22:17,110 --> 00:22:14,690

it's it's land-based it's it's marine

516

00:22:20,770 --> 00:22:17,120

based and it's capable of it's in these

517

00:22:22,540 --> 00:22:20,780

things an absolute the 78 tequila use is

518

00:22:24,040 --> 00:22:22,550

just devastating him and there's a

519

00:22:26,200 --> 00:22:24,050

museum field as well it's not really

520

00:22:28,120 --> 00:22:26,210

touching alums it seems to be the adult

521

00:22:30,850 --> 00:22:28,130

use but say they've gone now there's

522

00:22:33,250 --> 00:22:30,860

none in the fields now and thank God

523

00:22:37,180 --> 00:22:33,260

because he's can't be well he's a sudden

524

00:22:44,590 --> 00:22:37,190

death but is still tragic actually you'd

525

00:22:47,560 --> 00:22:44,600

like a farm was from money every time

526

00:22:49,540 --> 00:22:47,570

ones hit is Lou yeah and with with I

527

00:22:52,390 --> 00:22:49,550

mean you don't know the area David but I

528

00:22:54,310 --> 00:22:52,400

did a bit of digging and I ran livestock

529

00:22:56,920 --> 00:22:54,320

auction houses and different places

530

00:22:59,320 --> 00:22:56,930

around the area and it turns out that

531

00:23:01,300 --> 00:22:59,330

they're probably about 16 to 18 miles up

532

00:23:03,850 --> 00:23:01,310

the coast as the crow flies at Ravens

533

00:23:06,910 --> 00:23:03,860

car a similar thing was happening

534

00:23:08,380 --> 00:23:06,920

they're all on the course though I mean

535

00:23:11,080 --> 00:23:08,390

this is on the edge of the sea just like

536

00:23:14,290 --> 00:23:11,090

these these locations and then if you

537

00:23:17,230 --> 00:23:14,300

went about 25 24 miles down the coast

538

00:23:20,080 --> 00:23:17,240

towards all it was happening there to

539

00:23:23,860 --> 00:23:20,090

play just just it just towards the coast

540

00:23:26,560 --> 00:23:23,870

off Spratly so we weren't isolated we

541

00:23:29,380 --> 00:23:26,570

weren't unique but it was it's they is

542

00:23:34,080 --> 00:23:29,390

the nature of the injuries that's unique

543

00:23:36,280 --> 00:23:34,090

and I don't really understand it I mean

544

00:23:38,410 --> 00:23:36,290

there's no accounting for it I mean I

545

00:23:40,750 --> 00:23:38,420

thought I became alerted to it on I

546

00:23:43,770 --> 00:23:40,760

think it was December a New Year's Day

547

00:23:46,440 --> 00:23:43,780

New Year's Day 28

548

00:23:47,790 --> 00:23:46,450

because the the the police officers have

549

00:23:50,040 --> 00:23:47,800

been to see a guy who lives in the

550

00:23:52,440 --> 00:23:50,050

danger that Danes dagger vagrants he's

551
00:23:53,880 --> 00:23:52,450
lived there for 11 years and they wanted

552
00:23:57,300 --> 00:23:53,890
to know if it seen any highly unusual

553
00:24:00,690 --> 00:23:57,310
animals while slipping in this you know

554
00:24:02,940 --> 00:24:00,700
in this woodland and they told him we

555
00:24:05,010 --> 00:24:02,950
went we took the [h__h] some food

556
00:24:06,450 --> 00:24:05,020
actually and that's why I got to know

557
00:24:08,970 --> 00:24:06,460
about the story and they told him that

558
00:24:10,620 --> 00:24:08,980
in the weeks previous animals have been

559
00:24:12,810 --> 00:24:10,630
killed at Bentham but when I found out

560
00:24:15,960 --> 00:24:12,820
about it it turns out it had been going

561
00:24:17,670 --> 00:24:15,970
on all year but they're very the quite

562
00:24:19,530 --> 00:24:17,680
secular and they don't really share much

563
00:24:21,600 --> 00:24:19,540

information with each other so you don't

564

00:24:24,810 --> 00:24:21,610

know what all the farms it's happening

565

00:24:26,550 --> 00:24:24,820

to it's very difficult to just like all

566

00:24:28,200 --> 00:24:26,560

close-knit communities just like in

567

00:24:30,840 --> 00:24:28,210

South Yorkshire and other places where

568

00:24:32,730 --> 00:24:30,850

there's mining communities they keep the

569

00:24:34,200 --> 00:24:32,740

cells to the cells and that the farming

570

00:24:36,660 --> 00:24:34,210

stuck are no difference in the trawler

571

00:24:39,930 --> 00:24:36,670

men are no different difficult to get

572

00:24:43,310 --> 00:24:39,940

information in the newspapers always a

573

00:24:45,330 --> 00:24:43,320

sort of a cover-up going on to think

574

00:24:46,950 --> 00:24:45,340

call it a coverall but there's been

575

00:24:49,800 --> 00:24:46,960

nothing in the newspapers and

576

00:24:50,160 --> 00:24:49,810

interestingly enough they know all about

577

00:24:54,150 --> 00:24:50,170

it

578

00:24:57,810 --> 00:24:54,160

they I mean the newspaper a few months

579

00:24:59,490 --> 00:24:57,820

ago the Bridlington echo contacted me

580

00:25:01,530 --> 00:24:59,500

because there was a big cat scene I

581

00:25:03,840 --> 00:25:01,540

can't remember the exact date it'll

582

00:25:05,610 --> 00:25:03,850

probably be three months ago now there's

583

00:25:08,850 --> 00:25:05,620

been a big black cat seen by numerous

584

00:25:10,890 --> 00:25:08,860

people booked him and we're talking

585

00:25:14,220 --> 00:25:10,900

Labrador sized cat which is interesting

586

00:25:15,960 --> 00:25:14,230

because as we've said before as I've

587

00:25:18,150 --> 00:25:15,970

said location is key and where's it

588

00:25:21,780 --> 00:25:18,160

being seen before at booked and over the

589

00:25:23,520 --> 00:25:21,790

years you know going back 10 20 30 years

590

00:25:25,470 --> 00:25:23,530

people have report have seen a cat

591

00:25:29,700 --> 00:25:25,480

around that time I think it was match

592

00:25:31,170 --> 00:25:29,710

time booked and so they asked me and

593

00:25:32,760 --> 00:25:31,180

then they did a little article and put a

594

00:25:35,550 --> 00:25:32,770

picture of me in and I think though they

595

00:25:37,890 --> 00:25:35,560

were doing this but know for a fact

596

00:25:41,280 --> 00:25:37,900

anyway that this guy knows all about the

597

00:25:43,440 --> 00:25:41,290

sheep but they're not seriously did not

598

00:25:47,490 --> 00:25:43,450

did not run it in papers or anything but

599

00:25:51,390 --> 00:25:47,500

I don't know I mean at the moment on

600

00:25:54,930 --> 00:25:51,400

local TV the local TV at all nothing at

601
00:25:57,360 --> 00:25:54,940
all nothing at all because there is

602
00:26:02,850 --> 00:25:57,370
quite a big local incident so we have

603
00:26:06,480 --> 00:26:02,860
with the animals I found out about it

604
00:26:08,160 --> 00:26:06,490
when the when the farmer first realized

605
00:26:11,100 --> 00:26:08,170
anything was wrong because when I found

606
00:26:13,080 --> 00:26:11,110
out that on New Year's Day I managed to

607
00:26:14,370 --> 00:26:13,090
trace the farmer I went to speak to him

608
00:26:17,100 --> 00:26:14,380
and I asked him if he'd let me look into

609
00:26:19,110 --> 00:26:17,110
it for him and I said it took nothing

610
00:26:20,580 --> 00:26:19,120
that's why I've not drawn no conclusions

611
00:26:22,350 --> 00:26:20,590
David I'm not one of these people that's

612
00:26:24,930 --> 00:26:22,360
gonna turn around and go oh this has got

613
00:26:26,820 --> 00:26:24,940

to be alien related or this is some kind

614

00:26:29,820 --> 00:26:26,830

of land-based

615

00:26:32,250 --> 00:26:29,830

unknown predator it's all up in the air

616

00:26:34,530 --> 00:26:32,260

we really don't know what's responsible

617

00:26:37,050 --> 00:26:34,540

for it and whilst what is interesting is

618

00:26:39,690 --> 00:26:37,060

that these lights are seen when a lot of

619

00:26:41,790 --> 00:26:39,700

the incidents take place so that can't

620

00:26:43,740 --> 00:26:41,800

be denied even jumping from the sheep

621

00:26:46,290 --> 00:26:43,750

for a moment we're even going back to

622

00:26:49,650 --> 00:26:46,300

1970 and the trash of light in excess 8

623

00:26:52,140 --> 00:26:49,660

9 4 on September the 8th 1970 what would

624

00:26:54,030 --> 00:26:52,150

excess 8 9 4 allegedly doing it were

625

00:26:57,210 --> 00:26:54,040

pursuing a light and vanished from radar

626
00:27:00,210 --> 00:26:57,220
5 miles off Benton you know I mean the

627
00:27:02,430 --> 00:27:00,220
the actual written work from other

628
00:27:05,310 --> 00:27:02,440
people might say vanished from radar 20

629
00:27:07,560 --> 00:27:05,320
miles off Benton believed didn't dad

630
00:27:09,660 --> 00:27:07,570
I've got the flight board logs I know I

631
00:27:10,980 --> 00:27:09,670
know where it disappeared from we're not

632
00:27:12,990 --> 00:27:10,990
splitting hairs here but what I'm saying

633
00:27:16,260 --> 00:27:13,000
is it was pursuit it was allegedly

634
00:27:19,320 --> 00:27:16,270
pursuing a light I think there's a lot

635
00:27:21,480 --> 00:27:19,330
of information to jump off fence we

636
00:27:23,940 --> 00:27:21,490
access 8 9 4 and say I believe it's UFO

637
00:27:27,480 --> 00:27:23,950
related but jumping back to the shape

638
00:27:28,950 --> 00:27:27,490

and what's been happening I I told him

639

00:27:32,400 --> 00:27:28,960

and you know I'm not gonna form any

640

00:27:34,650 --> 00:27:32,410

conclusions just let me try and find out

641

00:27:37,200 --> 00:27:34,660

what's happening and I spent best part

642

00:27:40,380 --> 00:27:37,210

of 18 months going up to those fields in

643

00:27:42,360 --> 00:27:40,390

between 4:00 and 5:00 a.m. and finding

644

00:27:45,450 --> 00:27:42,370

the carcasses but never finding the

645

00:27:50,040 --> 00:27:45,460

culprit never finding any evidence to

646

00:27:52,260 --> 00:27:50,050

say human activity or paranormal

647

00:27:54,240 --> 00:27:52,270

activity if you want to just put that

648

00:27:56,430 --> 00:27:54,250

into some kind a big bowl and shake it

649

00:27:59,370 --> 00:27:56,440

up because I don't know what but

650

00:28:02,040 --> 00:27:59,380

interestingly after we did the Benton

651
00:28:03,990 --> 00:28:02,050
phenomena David I don't normally look at

652
00:28:05,790 --> 00:28:04,000
comments I look at the comments but I

653
00:28:07,440 --> 00:28:05,800
don't normally reply to them because if

654
00:28:08,910 --> 00:28:07,450
you get if you start replying to if

655
00:28:10,730 --> 00:28:08,920
there's anything negative you just feed

656
00:28:14,299 --> 00:28:10,740
in however you

657
00:28:15,799 --> 00:28:14,309
I'm not I'm not into that so I don't

658
00:28:18,289 --> 00:28:15,809
really get involved but this guy had

659
00:28:20,330 --> 00:28:18,299
told me he'd put in comments when he

660
00:28:22,190 --> 00:28:20,340
says these blokes aren't lying I've seen

661
00:28:23,510 --> 00:28:22,200
something at Bentham and I think he said

662
00:28:24,769 --> 00:28:23,520
I've seen it that were like from a

663
00:28:27,019 --> 00:28:24,779

nightmare I don't know they would I

664

00:28:29,539 --> 00:28:27,029

wrote a fair bit and they were just an

665

00:28:30,649 --> 00:28:29,549

error in this chaps message you know so

666

00:28:33,230 --> 00:28:30,659

I messaged him I said I'd love to hear

667

00:28:35,000 --> 00:28:33,240

what you've seen so it turns out that it

668

00:28:37,130 --> 00:28:35,010

actually written about it somewhere and

669

00:28:39,740 --> 00:28:37,140

I found it on February the 7th the day

670

00:28:42,649 --> 00:28:39,750

came back and they'd gone up to Benton

671

00:28:46,159 --> 00:28:42,659

to do some wild camping they're

672

00:28:47,120 --> 00:28:46,169

ex-military that they are that wouldn't

673

00:28:51,860 --> 00:28:47,130

be in the military now they're getting

674

00:28:53,960 --> 00:28:51,870

on there in late forties and they were

675

00:28:55,820 --> 00:28:53,970

on cliff tops and he described worthy

676
00:28:58,279 --> 00:28:55,830
word and he said they packed in the car

677
00:29:00,080 --> 00:28:58,289
park at the RSPB and he said he went

678
00:29:01,700 --> 00:29:00,090
through between he said when they went

679
00:29:04,220 --> 00:29:01,710
onto the cliff tops they took her right

680
00:29:05,810 --> 00:29:04,230
which meant that the fence stopping

681
00:29:07,310 --> 00:29:05,820
people falling over the cliffs was on

682
00:29:10,639 --> 00:29:07,320
the left and the walking towards

683
00:29:12,590 --> 00:29:10,649
Flamborough and he's describing this he

684
00:29:14,600 --> 00:29:12,600
says and we lit a pair of yellow eyes or

685
00:29:16,279 --> 00:29:14,610
pinky yellow eyes which is sort of

686
00:29:20,510 --> 00:29:16,289
instantly drew me to what me and under

687
00:29:22,760 --> 00:29:20,520
ammidon saw he said the dogs were the

688
00:29:23,960 --> 00:29:22,770

sisters and they wouldn't do anything he

689

00:29:26,000 --> 00:29:23,970

said it was strange they wouldn't run

690

00:29:29,600 --> 00:29:26,010

about they won't distort with us he says

691

00:29:32,330 --> 00:29:29,610

and he also noted that the air fell off

692

00:29:34,159 --> 00:29:32,340

he said it felt electric they said it

693

00:29:36,019 --> 00:29:34,169

more weird he says the airs on the back

694

00:29:38,330 --> 00:29:36,029

of my arms and on my neck was stuck up

695

00:29:41,330 --> 00:29:38,340

he says we did we realized it felt

696

00:29:44,480 --> 00:29:41,340

strange we realized it was so really

697

00:29:46,639 --> 00:29:44,490

quiet but obviously it's only looking

698

00:29:48,649 --> 00:29:46,649

back when you start analyzing it that

699

00:29:50,120 --> 00:29:48,659

you know so he said so he's not on his

700

00:29:51,799 --> 00:29:50,130

own he's with someone else he said then

701
00:29:53,960 --> 00:29:51,809
we lit these big yellow eyes up it says

702
00:29:56,690 --> 00:29:53,970
but this thing didn't act like a rabbit

703
00:29:59,480 --> 00:29:56,700
would acted like stuck in the headlights

704
00:30:01,519 --> 00:29:59,490
it just sent to turn away so so we

705
00:30:05,539 --> 00:30:01,529
carried on walking and lit these eyes up

706
00:30:07,669 --> 00:30:05,549
again and it hadn't moved said and then

707
00:30:09,620 --> 00:30:07,679
we came to what a viewing platform and

708
00:30:11,419 --> 00:30:09,630
I'm bearing in mind this is this is in

709
00:30:13,130 --> 00:30:11,429
between 3:00 and 4:00 in morning and

710
00:30:16,100 --> 00:30:13,140
this guy is not familiar with area.the

711
00:30:18,169 --> 00:30:16,110
from Liverpool well they get all over

712
00:30:20,779 --> 00:30:18,179
doing little bits for this wild camping

713
00:30:22,430 --> 00:30:20,789

stuff anyway so he's not got an interest

714

00:30:23,600 --> 00:30:22,440

in any of this David I need to say this

715

00:30:26,510 --> 00:30:23,610

that they weren't there

716

00:30:30,020 --> 00:30:26,520

for some paranormal experience or

717

00:30:32,150 --> 00:30:30,030

anything remotely related I think that

718

00:30:35,480 --> 00:30:32,160

probably just reliving old times when

719

00:30:37,820 --> 00:30:35,490

the things that done in the years in in

720

00:30:39,350 --> 00:30:37,830

military but anyway so if we came to a

721

00:30:42,590 --> 00:30:39,360

viewing platform he says and then about

722

00:30:44,810 --> 00:30:42,600

I don't know 50 to 75 foot away there

723

00:30:46,700 --> 00:30:44,820

were two gate posts without a gate on

724

00:30:50,060 --> 00:30:46,710

well I can't picture these gate posts

725

00:30:52,310 --> 00:30:50,070

now the big 8b8 post and they're not

726

00:30:54,020 --> 00:30:52,320

them that's what it basically what they

727

00:30:55,940 --> 00:30:54,030

are they've never had a gate on they

728

00:30:58,039 --> 00:30:55,950

said then we walked towards the gate

729

00:30:59,240 --> 00:30:58,049

posts I mean this gal probably listen to

730

00:31:03,830 --> 00:30:59,250

this because I've been speaking to him

731

00:31:07,400 --> 00:31:03,840

today and we'll lit we put the torch on

732

00:31:09,740 --> 00:31:07,410

he says an hunkered down and and once

733

00:31:10,940 --> 00:31:09,750

again please listeners and we're not

734

00:31:13,970 --> 00:31:10,950

trying to sell a bringing down the light

735

00:31:15,770 --> 00:31:13,980

dvd-r but will be but no but David will

736

00:31:18,289 --> 00:31:15,780

be talking about this awakening

737

00:31:21,140 --> 00:31:18,299

conference and we'll be playing the

738

00:31:23,810 --> 00:31:21,150

recording of what is told me so it's not

739

00:31:25,580 --> 00:31:23,820

just my words because I've asked him and

740

00:31:28,789 --> 00:31:25,590

it allowed me to record him he says this

741

00:31:30,560 --> 00:31:28,799

thing was hunkered down and he swore but

742

00:31:33,409 --> 00:31:30,570

I'll not swear he said and he says at

743

00:31:35,570 --> 00:31:33,419

first I thought it was a huge hyena he

744

00:31:38,270 --> 00:31:35,580

said he said like a humped hunched back

745

00:31:41,360 --> 00:31:38,280

and all bristles on the back of it on

746

00:31:43,070 --> 00:31:41,370

his back or bristling the fur he says

747

00:31:46,159 --> 00:31:43,080

and then the next thing he stood on two

748

00:31:49,520 --> 00:31:46,169

legs he said and this thing was seven

749

00:31:51,590 --> 00:31:49,530

foot tall wow yeah I mean I you know I

750

00:31:53,480 --> 00:31:51,600

mean I'm only relaying a story I have

751

00:31:55,820 --> 00:31:53,490

not anything seven foot tall he said

752

00:31:58,810 --> 00:31:55,830

book he said he had a huge barrel chest

753

00:32:02,120 --> 00:31:58,820

on it arms that were far too long for

754

00:32:05,120 --> 00:32:02,130

its body even though it was long and and

755

00:32:07,340 --> 00:32:05,130

not over muscular and and hands he said

756

00:32:10,250 --> 00:32:07,350

he didn't have paws he had hands with

757

00:32:12,890 --> 00:32:10,260

claws he said he took a step towards us

758

00:32:15,289 --> 00:32:12,900

it said a head full of teeth he is like

759

00:32:19,820 --> 00:32:15,299

a Alsatian tack things at side of its

760

00:32:21,980 --> 00:32:19,830

head and a silvery form chest and I said

761

00:32:25,880 --> 00:32:21,990

yeah and they were terrified the other

762

00:32:29,450 --> 00:32:25,890

guy the other guy have he just won't

763

00:32:30,830 --> 00:32:29,460

talk about it this guy is you can feel

764

00:32:32,240 --> 00:32:30,840

the fear in his voice when he's talking

765

00:32:34,280 --> 00:32:32,250

about it and I've never spoke to anybody

766

00:32:35,540 --> 00:32:34,290

that I'm really being terrified when

767

00:32:37,020 --> 00:32:35,550

they've seen these things and anybody

768

00:32:39,300 --> 00:32:37,030

was listening to

769

00:32:40,740 --> 00:32:39,310

the radio shows about the werewolves and

770

00:32:43,620 --> 00:32:40,750

the dogma alleged of Man sightings

771

00:32:45,900 --> 00:32:43,630

you'll nobody comes away with feeling

772

00:32:47,160 --> 00:32:45,910

that it were a nice thing to see not

773

00:32:50,400 --> 00:32:47,170

from what I've seen he says they're

774

00:32:52,500 --> 00:32:50,410

backed away and when obviously they're

775

00:32:54,360 --> 00:32:52,510

there to tell the story which leads me

776

00:32:56,160 --> 00:32:54,370

to think that there's some other

777

00:32:57,450 --> 00:32:56,170

intelligence here I mean I don't even

778

00:33:01,520 --> 00:32:57,460

know if it's something that's playing

779

00:33:05,370 --> 00:33:01,530

with our minds you know David as in

780

00:33:07,020 --> 00:33:05,380

projecting into our mind our worst

781

00:33:09,720 --> 00:33:07,030

nightmare if that makes sense because

782

00:33:12,510 --> 00:33:09,730

you would think an apex predator like

783

00:33:14,370 --> 00:33:12,520

that it can be living on Ben Benton he

784

00:33:16,110 --> 00:33:14,380

regardless of the amount of caves and

785

00:33:19,410 --> 00:33:16,120

sea tunnels that there are below those

786

00:33:20,700 --> 00:33:19,420

cliffs see it would have been seen when

787

00:33:22,680 --> 00:33:20,710

are we getting glimpses of this thing

788

00:33:24,630 --> 00:33:22,690

but those years between the glimpses

789

00:33:27,180 --> 00:33:24,640

we're getting glimpses of this thing at

790

00:33:29,070 --> 00:33:27,190

flicks them but those years between so I

791

00:33:31,500 --> 00:33:29,080

can't believe that we wouldn't be seen

792

00:33:33,420 --> 00:33:31,510

that is the carriage that it would leave

793

00:33:35,280 --> 00:33:33,430

in its wake I mean I asked him how much

794

00:33:37,710 --> 00:33:35,290

he thought this thing would weigh and he

795

00:33:39,690 --> 00:33:37,720

estimated it would weigh 300 pounds

796

00:33:42,240 --> 00:33:39,700

now that would need to consume a lot of

797

00:33:43,860 --> 00:33:42,250

food when you've got a carnivore and I

798

00:33:46,650 --> 00:33:43,870

mean if it were omnivorous neveress it'd

799

00:33:48,690 --> 00:33:46,660

have to be grazing fields and it you

800

00:33:49,980 --> 00:33:48,700

know this report has seen anything like

801
00:33:51,840 --> 00:33:49,990
that I mean these are these are

802
00:33:55,410 --> 00:33:51,850
listeners these are really off-the-wall

803
00:33:57,660 --> 00:33:55,420
stories and I'm not asking anybody to to

804
00:33:59,940 --> 00:33:57,670
necessarily take my word for it and but

805
00:34:01,830 --> 00:33:59,950
but but look at these things with an

806
00:34:03,750 --> 00:34:01,840
open mind and ask yourself you know if

807
00:34:06,360 --> 00:34:03,760
these people continue to report this

808
00:34:07,830 --> 00:34:06,370
stuff a totally independent from one

809
00:34:10,440 --> 00:34:07,840
another then we've got to have a grain

810
00:34:11,790 --> 00:34:10,450
of truth in it and like I said if just

811
00:34:13,710 --> 00:34:11,800
because science can't get his head

812
00:34:15,560 --> 00:34:13,720
around it just because science says this

813
00:34:18,750 --> 00:34:15,570

can't exist and that can't possibly

814

00:34:19,950 --> 00:34:18,760

travel from that galaxy to here well

815

00:34:24,149 --> 00:34:19,960

that it might they might not be

816

00:34:26,280 --> 00:34:24,159

traveling from that galaxy to do earth

817

00:34:28,320 --> 00:34:26,290

they're already here everything tomorrow

818

00:34:30,720 --> 00:34:28,330

exactly more the way I think of it I

819

00:34:32,340 --> 00:34:30,730

think there are extraterrestrials or

820

00:34:34,230 --> 00:34:32,350

through busy us but I think a lot of it

821

00:34:36,690 --> 00:34:34,240

could be right here in a different

822

00:34:39,780 --> 00:34:36,700

dimension plane you know or a different

823

00:34:41,610 --> 00:34:39,790

vibration play even if you like I would

824

00:34:43,740 --> 00:34:41,620

agree entirely you know I mean we might

825

00:34:46,409 --> 00:34:43,750

just be one tweak away and we've sat on

826

00:34:48,060 --> 00:34:46,419

Radio one and they're on radio - and

827

00:34:49,710 --> 00:34:48,070

it's assumed it could be as simple as

828

00:34:50,350 --> 00:34:49,720

that just because we can't get his heads

829

00:34:52,660 --> 00:34:50,360

around it

830

00:34:57,760 --> 00:34:52,670

that not give that some of these advance

831

00:34:59,830 --> 00:34:57,770

will call them beings might have it

832

00:35:02,140 --> 00:34:59,840

admitted appear as magic to us I mean

833

00:35:03,940 --> 00:35:02,150

and it does appear like magic sauce I

834

00:35:06,460 --> 00:35:03,950

mean you know when we talked about the

835

00:35:07,930 --> 00:35:06,470

hannam be UFO landing with this is a

836

00:35:11,680 --> 00:35:07,940

kiss I'm looking into at the moment

837

00:35:13,600 --> 00:35:11,690

David but it's quite it's incredible to

838

00:35:18,070 --> 00:35:13,610

me it's incredible but I mean these guys

839

00:35:23,350 --> 00:35:18,080

at one stage during the series of events

840

00:35:25,420 --> 00:35:23,360

that went on from 96 97 and 98 well one

841

00:35:28,780 --> 00:35:25,430

of the guys that Steve claims that

842

00:35:31,420 --> 00:35:28,790

excuse me he saw three huge black

843

00:35:35,440 --> 00:35:31,430

triangles traveling towards him from the

844

00:35:37,690 --> 00:35:35,450

coast to describe Hornby its he's

845

00:35:39,280 --> 00:35:37,700

probably about three miles as the crow

846

00:35:41,080 --> 00:35:39,290

flies from the coast although he can't

847

00:35:43,990 --> 00:35:41,090

see the sea because it's down in a bit

848

00:35:46,660 --> 00:35:44,000

of a dip and it were two guys from a

849

00:35:48,760 --> 00:35:46,670

neighboring industrial unit to a few

850

00:35:50,260 --> 00:35:48,770

doors down and they're watching these

851
00:35:52,600 --> 00:35:50,270
things and discussing on there and then

852
00:35:54,400 --> 00:35:52,610
at one point Steve says they're gonna

853
00:35:57,190 --> 00:35:54,410
fly right over top of us and as he'd

854
00:36:01,030 --> 00:35:57,200
said those words these things switched

855
00:36:03,010 --> 00:36:01,040
off they didn't fly away this simple

856
00:36:05,020 --> 00:36:03,020
that is exact words they they just

857
00:36:08,020 --> 00:36:05,030
switched off once more moment they were

858
00:36:10,930 --> 00:36:08,030
there one moment they weren't now you'd

859
00:36:12,310 --> 00:36:10,940
have thought something these monstrously

860
00:36:13,810 --> 00:36:12,320
huge Tran doors but there were no

861
00:36:15,190 --> 00:36:13,820
navigation lights on and there were no

862
00:36:16,870 --> 00:36:15,200
sound to them but you would have thought

863
00:36:18,730 --> 00:36:16,880

that other people would have observed

864

00:36:20,880 --> 00:36:18,740

them but it were almost like there was

865

00:36:23,620 --> 00:36:20,890

some kind of in term and connection with

866

00:36:25,300 --> 00:36:23,630

Steve's voice saying that these things

867

00:36:26,830 --> 00:36:25,310

are gonna fly right over top of us and

868

00:36:28,480 --> 00:36:26,840

an acknowledgement and we just we're

869

00:36:30,700 --> 00:36:28,490

switching off of some kind of I don't

870

00:36:34,630 --> 00:36:30,710

know cloaking ability as he almost like

871

00:36:36,460 --> 00:36:34,640

chameleon like I don't know if so why

872

00:36:38,620 --> 00:36:36,470

didn't they do it all time or was that

873

00:36:40,590 --> 00:36:38,630

just designed for those guys was that

874

00:36:43,240 --> 00:36:40,600

because the following night obviously

875

00:36:44,980 --> 00:36:43,250

they had their UFO event I mean

876

00:36:47,410 --> 00:36:44,990

obviously if we were going to talk about

877

00:36:50,550 --> 00:36:47,420

woman but we should have started to

878

00:36:52,660 --> 00:36:50,560

equal seven hour ago to be on the stage

879

00:36:54,910 --> 00:36:52,670

but yeah I mean what you're saying

880

00:36:56,530 --> 00:36:54,920

there's a lot I do hear a lot of fun

881

00:36:59,320 --> 00:36:56,540

things that the very similar to that

882

00:37:00,780 --> 00:36:59,330

that things it seems like the mind could

883

00:37:03,280 --> 00:37:00,790

actually come to these things up

884

00:37:04,180 --> 00:37:03,290

although I think to know what you're

885

00:37:07,359 --> 00:37:04,190

thinking

886

00:37:08,650 --> 00:37:07,369

I don't get it there's probably a bit of

887

00:37:10,839 --> 00:37:08,660

both in what you've just said there

888

00:37:14,530 --> 00:37:10,849

David you know I mean the mind can

889

00:37:16,180 --> 00:37:14,540

conjure them you know people who I won't

890

00:37:18,430 --> 00:37:16,190

say I don't want this to be tetanus a

891

00:37:21,010 --> 00:37:18,440

sweepings failing but people who all

892

00:37:21,730 --> 00:37:21,020

lean towards the structured nuts and

893

00:37:26,170 --> 00:37:21,740

bolts

894

00:37:29,980 --> 00:37:26,180

you can sort a solid UFO seem to see

895

00:37:33,010 --> 00:37:29,990

them and those to say that they're not

896

00:37:36,550 --> 00:37:33,020

doing those to say that this is not some

897

00:37:38,710 --> 00:37:36,560

kind of hive intelligence that can adapt

898

00:37:41,290 --> 00:37:38,720

and bend to whatever we want to perceive

899

00:37:43,210 --> 00:37:41,300

it says I mean it might be it might be a

900

00:37:45,579 --> 00:37:43,220

bit of a wild thought but you know I'm

901
00:37:47,470 --> 00:37:45,589
beginning to think that all of this

902
00:37:49,809 --> 00:37:47,480
phenomena is like we've said before is

903
00:37:52,240 --> 00:37:49,819
somehow connected and the fact that we

904
00:37:54,819 --> 00:37:52,250
get the cat sightings reported in the

905
00:37:56,859 --> 00:37:54,829
same place at a certain time of year

906
00:37:58,420 --> 00:37:56,869
there might be gaps in it of years but

907
00:38:00,880 --> 00:37:58,430
we get in the cat sighting what's

908
00:38:02,920 --> 00:38:00,890
special about that area what's special

909
00:38:05,710 --> 00:38:02,930
about off bentham where these likes are

910
00:38:08,370 --> 00:38:05,720
seen but I mean another interesting one

911
00:38:10,870 --> 00:38:08,380
while we're on with the sheep

912
00:38:14,500 --> 00:38:10,880
mutilations for want of a better word is

913
00:38:16,990 --> 00:38:14,510

that the cliffs they're a tool to

914

00:38:21,220 --> 00:38:17,000

400-foot you know very various places

915

00:38:26,230 --> 00:38:21,230

and this year how does a seal get on top

916

00:38:28,260 --> 00:38:26,240

of the cliffs that there was a seal on

917

00:38:31,420 --> 00:38:28,270

top of the cliffs stripped of flesh

918

00:38:34,930 --> 00:38:31,430

that's not that's not something that an

919

00:38:40,240 --> 00:38:34,940

owl's gonna pick up even people to join

920

00:38:43,210 --> 00:38:40,250

eagle whatever you know something 150 to

921

00:38:46,920 --> 00:38:43,220

200 pound in weight which these sort of

922

00:38:49,599 --> 00:38:46,930

beggars belief how it's possible but

923

00:38:51,480 --> 00:38:49,609

that's that's what was was on top of the

924

00:38:54,130 --> 00:38:51,490

cliffs I mean I find it incredible and

925

00:38:56,170 --> 00:38:54,140

like I said nobody knows how it got

926

00:38:57,550 --> 00:38:56,180

there nobody knows what was what's been

927

00:38:59,859 --> 00:38:57,560

responsible for the deaths of these

928

00:39:02,859 --> 00:38:59,869

animals but just because we don't know

929

00:39:05,200 --> 00:39:02,869

doesn't mean that we should we can't

930

00:39:06,640 --> 00:39:05,210

categorize it that that's why probably

931

00:39:09,190 --> 00:39:06,650

that's why there's been nothing on in

932

00:39:12,010 --> 00:39:09,200

the papers and nothing you know in the

933

00:39:13,660 --> 00:39:12,020

local news about them because nobody's

934

00:39:15,040 --> 00:39:13,670

got a clue now and all it does is just

935

00:39:16,599 --> 00:39:15,050

scares everybody and I think well

936

00:39:18,309 --> 00:39:16,609

because we've got no answer for it but

937

00:39:22,479 --> 00:39:18,319

we could obscure you anyway

938

00:39:23,709 --> 00:39:22,489

yeah well you know it because well just

939

00:39:25,839 --> 00:39:23,719

once are the people that have said

940

00:39:27,489 --> 00:39:25,849

surely police have been involved purely

941

00:39:29,499 --> 00:39:27,499

police know about it well there you go

942

00:39:32,709 --> 00:39:29,509

yeah they do they're fully aware of it

943

00:39:35,650 --> 00:39:32,719

but they've not got a clue what's doing

944

00:39:38,739 --> 00:39:35,660

it I can assure you and neither have I

945

00:39:40,359 --> 00:39:38,749

all I know is that we within this area

946

00:39:42,519 --> 00:39:40,369

where there's a lot of unexplained

947

00:39:45,189 --> 00:39:42,529

phenomena presenting and that's another

948

00:39:48,999 --> 00:39:45,199

thing David you know in in the second

949

00:39:50,769 --> 00:39:49,009

book there's a guy who's walked a lot of

950

00:39:52,209 --> 00:39:50,779

things stand cliff Lane seems to get

951
00:39:54,609 --> 00:39:52,219
mentioned a lot and that's simply

952
00:39:58,059 --> 00:39:54,619
because that is your only route onto the

953
00:39:59,890 --> 00:39:58,069
cliffs for most people so you have to

954
00:40:02,140 --> 00:39:59,900
travel up cliff Lane but there's a guy

955
00:40:04,089 --> 00:40:02,150
in the second book that's warped cliff

956
00:40:06,099 --> 00:40:04,099
Lane depending on it is she retired now

957
00:40:08,409 --> 00:40:06,109
but but depending on his shifts it would

958
00:40:11,380 --> 00:40:08,419
have been morning or night for best part

959
00:40:13,209 --> 00:40:11,390
of 25 years and he's got three stories

960
00:40:15,789 --> 00:40:13,219
to tell that he's done he's done that

961
00:40:17,469 --> 00:40:15,799
walk every day for 25 years and my point

962
00:40:20,079 --> 00:40:17,479
is because people are coming up to

963
00:40:21,819 --> 00:40:20,089

Benton and Flamborough and rightly so

964

00:40:25,689 --> 00:40:21,829

expecting or hoping to see some

965

00:40:27,339 --> 00:40:25,699

unexplained phenomena and I like to tell

966

00:40:29,159 --> 00:40:27,349

them and I don't want to dampen people's

967

00:40:32,620 --> 00:40:29,169

spirits but the chances are you won't

968

00:40:35,349 --> 00:40:32,630

but then you sort of jumped back with

969

00:40:37,089 --> 00:40:35,359

the sort of punchline that I have to say

970

00:40:39,789 --> 00:40:37,099

but you are in an area where there's a

971

00:40:42,130 --> 00:40:39,799

higher probability than most areas to

972

00:40:44,559 --> 00:40:42,140

see something because I can't think of

973

00:40:46,719 --> 00:40:44,569

anything that's not occurred up there

974

00:40:48,969 --> 00:40:46,729

you know has been men in black sightings

975

00:40:52,649 --> 00:40:48,979

there's missing time and I spoke on

976

00:40:55,959 --> 00:40:52,659

Howard Hughes show in December the 18th

977

00:40:58,569 --> 00:40:55,969

2017 Howard had received emails and

978

00:41:01,390 --> 00:40:58,579

texts from somebody who'd been walking

979

00:41:03,399 --> 00:41:01,400

with till friends at Benton on the 14th

980

00:41:05,169 --> 00:41:03,409

of December who saw her ironic that I

981

00:41:09,279 --> 00:41:05,179

were on the show I would put me in touch

982

00:41:11,169 --> 00:41:09,289

with him as well afterwards and they did

983

00:41:13,509 --> 00:41:11,179

lost almost two hours of time whilst

984

00:41:16,659 --> 00:41:13,519

doing the walk where this guy claimed to

985

00:41:19,449 --> 00:41:16,669

have seen they saw right dog creature on

986

00:41:21,669 --> 00:41:19,459

this year on February the 7th you know

987

00:41:24,069 --> 00:41:21,679

what same areas of throwing it up I mean

988

00:41:25,390 --> 00:41:24,079

and it's just it's just bizarre

989

00:41:27,880 --> 00:41:25,400

no no you've got similar things

990

00:41:29,979 --> 00:41:27,890

happening at Rendlesham so you've got

991

00:41:31,040 --> 00:41:29,989

you know you've wit Benton's not unique

992

00:41:33,260 --> 00:41:31,050

numbers not you

993

00:41:35,030 --> 00:41:33,270

these but they are highly unusual areas

994

00:41:36,620 --> 00:41:35,040

I mean I don't know what kind of

995

00:41:39,200 --> 00:41:36,630

phenomena you've got presenting it to

996

00:41:41,180 --> 00:41:39,210

Rendlesham militia think everything at

997

00:41:44,810 --> 00:41:41,190

one time or another I've heard several

998

00:41:47,540 --> 00:41:44,820

stories about from from Giants aliens to

999

00:41:49,580 --> 00:41:47,550

like greys and reptilians and they've

1000

00:41:53,420 --> 00:41:49,590

been also so apart from the UFOs I mean

1001

00:41:54,620 --> 00:41:53,430

I've been in the woods in the middle of

1002

00:41:56,780 --> 00:41:54,630

night time two o'clock in the morning

1003

00:41:59,570 --> 00:41:56,790

with Brenda Butler who you you probably

1004

00:42:02,300 --> 00:41:59,580

know and oh yeah yeah and we've seen

1005

00:42:04,970 --> 00:42:02,310

we've seen stars that actually start

1006

00:42:06,740 --> 00:42:04,980

moving and stop the move and stop you

1007

00:42:09,590 --> 00:42:06,750

know there was about four or five of us

1008

00:42:11,510 --> 00:42:09,600

one night watching these stars moving

1009

00:42:14,510 --> 00:42:11,520

and stopping so what they were I don't

1010

00:42:17,720 --> 00:42:14,520

know I've only ever seen one orb with my

1011

00:42:19,670 --> 00:42:17,730

pair or my bear eyesight like a red orb

1012

00:42:20,900 --> 00:42:19,680

and Brenda saw it at the same time and

1013

00:42:23,300 --> 00:42:20,910

she said to me did you see there and I

1014

00:42:27,490 --> 00:42:23,310

said yes I did see that one but normally

1015

00:42:31,940 --> 00:42:27,500

by what I get is all pictures with the

1016

00:42:33,740 --> 00:42:31,950

camera and normally if Brenda takes them

1017

00:42:35,630 --> 00:42:33,750

she gets better results than anybody

1018

00:42:38,360 --> 00:42:35,640

else which is the amazing thing she's

1019

00:42:40,190 --> 00:42:38,370

got some sort of a power that her kind

1020

00:42:42,650 --> 00:42:40,200

of think you know what I call that she

1021

00:42:44,630 --> 00:42:42,660

seemed to draw him drawing some sort of

1022

00:42:48,890 --> 00:42:44,640

beings to them and talking about that

1023

00:42:52,340 --> 00:42:48,900

now rocky also say you've had bill will

1024

00:42:55,790 --> 00:42:52,350

cut up your way of Anu he wants to come

1025

00:42:59,090 --> 00:42:55,800

up of met bill several times and it is

1026

00:43:03,080 --> 00:42:59,100

interesting any is a nice guy is is full

1027

00:43:05,600 --> 00:43:03,090

of enthusiasm I'd like to see what what

1028

00:43:07,400 --> 00:43:05,610

happens when he comes up and uses these

1029

00:43:09,440 --> 00:43:07,410

cameras and just to see if anything does

1030

00:43:11,660 --> 00:43:09,450

happen I'm not doubting Bill at all I'm

1031

00:43:13,160 --> 00:43:11,670

he's already shown me I've shown you

1032

00:43:15,230 --> 00:43:13,170

pictures of things but he showed some

1033

00:43:17,090 --> 00:43:15,240

amazing photographs that where his

1034

00:43:18,860 --> 00:43:17,100

hangar host and everything like that and

1035

00:43:21,020 --> 00:43:18,870

he's got his book coming out himself I

1036

00:43:23,000 --> 00:43:21,030

think hopefully told him that this year

1037

00:43:25,220 --> 00:43:23,010

some I'm hoping to get bill on the show

1038

00:43:29,420 --> 00:43:25,230

- at some point around about that time

1039

00:43:30,950 --> 00:43:29,430

with his book comes out so but obviously

1040

00:43:32,990 --> 00:43:30,960

I would probably be seeing him a couple

1041

00:43:36,920 --> 00:43:33,000

of times this year away a couple of meet

1042

00:43:40,010 --> 00:43:36,930

a couple of conferences won't we Chris

1043

00:43:41,870 --> 00:43:40,020

Evers which I'll be speaking on the 17th

1044

00:43:43,520 --> 00:43:41,880

of August I think you saw August in it

1045

00:43:44,190 --> 00:43:43,530

forgive me Chris if I've got day Ron

1046

00:43:46,740 --> 00:43:44,200

thank you

1047

00:43:49,579 --> 00:43:46,750

yeah yeah and then that you've got your

1048

00:43:53,730 --> 00:43:49,589

own conference are you gonna come to it

1049

00:43:55,050 --> 00:43:53,740

yes I want to yeah yeah well we're

1050

00:43:56,640 --> 00:43:55,060

better tell everyone out there is the

1051

00:43:58,980 --> 00:43:56,650

colonel halt we chose the Woodbridge

1052

00:44:00,210 --> 00:43:58,990

Conference in Suffolk it's on September

1053

00:44:03,990 --> 00:44:00,220

the 8th if anyone would like tickets

1054

00:44:05,940 --> 00:44:04,000

contact me there's a few there's a few

1055

00:44:08,099 --> 00:44:05,950

left but they are going sort of steadily

1056

00:44:11,520 --> 00:44:08,109

and we've got a little bit of time left

1057

00:44:14,940 --> 00:44:11,530

before that but well I have to say David

1058

00:44:16,530 --> 00:44:14,950

you know pressed to Colonel to be honest

1059

00:44:18,720 --> 00:44:16,540

we're and this isn't me sucking up like

1060

00:44:20,609 --> 00:44:18,730

people think it is but anybody that got

1061

00:44:23,790 --> 00:44:20,619

to listen to him at Chris elvis's

1062

00:44:25,410 --> 00:44:23,800

conference last year if you didn't get

1063

00:44:27,270 --> 00:44:25,420

to listen to him then you need to get to

1064

00:44:31,170 --> 00:44:27,280

David's because I will I've seen him

1065

00:44:33,620 --> 00:44:31,180

previously when John did the conference

1066

00:44:37,560 --> 00:44:33,630

I don't know what year it was pretty

1067

00:44:39,060 --> 00:44:37,570

2015 when it all kicked off yeah but

1068

00:44:41,250 --> 00:44:39,070

things are very this is why the

1069

00:44:43,200 --> 00:44:41,260

conference is called Colonel Holt

1070

00:44:46,500 --> 00:44:43,210

returns to would brief because it's kind

1071

00:44:49,589 --> 00:44:46,510

of a different thing now is kind of a

1072

00:44:51,240 --> 00:44:49,599

everything settled down and I think what

1073

00:44:53,819 --> 00:44:51,250

he was saying has been proven to be true

1074

00:44:55,980 --> 00:44:53,829

in everything like that so but a lot of

1075

00:44:58,530 --> 00:44:55,990

new a lot of new information has come to

1076

00:45:00,660 --> 00:44:58,540

light since he's written his first book

1077

00:45:05,130 --> 00:45:00,670

I don't really wanna talk too much cuz

1078

00:45:07,050 --> 00:45:05,140

this is your show but it's not all about

1079

00:45:10,410 --> 00:45:07,060

me and I've just briefly to stay on

1080

00:45:15,569 --> 00:45:10,420

whole I were amazed how sharp and

1081

00:45:20,250 --> 00:45:15,579

OnPoint that guy was you know he's a

1082

00:45:23,730 --> 00:45:20,260

lovely man he can't remember everything

1083

00:45:27,420 --> 00:45:23,740

that happened 40 years ago now but he

1084

00:45:29,069 --> 00:45:27,430

does try to give you some true rendition

1085

00:45:35,609 --> 00:45:29,079

of what he but what he believes happened

1086

00:45:39,000 --> 00:45:35,619

you know it's difficult though you know

1087

00:45:40,800 --> 00:45:39,010

David I mean to get it right all the

1088

00:45:43,050 --> 00:45:40,810

time I mean I had a spell last year

1089

00:45:44,970 --> 00:45:43,060

where I were talking on radio shows

1090

00:45:46,530 --> 00:45:44,980

pretty much every week and I felt and

1091

00:45:48,660 --> 00:45:46,540

I've turned some brilliant shows down

1092

00:45:51,300 --> 00:45:48,670

just recently including coast to coast

1093

00:45:53,069 --> 00:45:51,310

again but I will go back on from it

1094

00:45:56,250 --> 00:45:53,079

that's not a snob I've just about too

1095

00:45:57,660 --> 00:45:56,260

much on but it is difficult I found

1096

00:46:01,440 --> 00:45:57,670

myself talking about

1097

00:46:03,750 --> 00:46:01,450

they um James Bartley's show and I said

1098

00:46:07,230 --> 00:46:03,760

that the that Steve stood with the other

1099

00:46:09,329 --> 00:46:07,240

two witnesses Dave and Andrew watching

1100

00:46:12,390 --> 00:46:09,339

the triangles and when I listened to it

1101
00:46:14,789 --> 00:46:12,400
back I realized I thought what am I

1102
00:46:16,500 --> 00:46:14,799
talking about he didn't stand with Dave

1103
00:46:18,750 --> 00:46:16,510
and Anjali was stood with two other

1104
00:46:23,609 --> 00:46:18,760
operatives from a unit to further down

1105
00:46:25,710 --> 00:46:23,619
but so it is it is easy to to get your

1106
00:46:27,569 --> 00:46:25,720
story wrong shall we say and it doesn't

1107
00:46:29,280 --> 00:46:27,579
necessarily mean you're lying I mean

1108
00:46:31,470 --> 00:46:29,290
because once again these guys have let

1109
00:46:34,890 --> 00:46:31,480
me I always possible ask them answer can

1110
00:46:36,120 --> 00:46:34,900
I record you you know mainly because he

1111
00:46:38,760 --> 00:46:36,130
else when you're writing about the

1112
00:46:40,109 --> 00:46:38,770
stories so the only story is entirely

1113
00:46:42,329 --> 00:46:40,119

accurate I mean the things that were

1114

00:46:46,380 --> 00:46:42,339

happening but once again just to stay

1115

00:46:49,109 --> 00:46:46,390

with Bowman be in 1996 he started in

1116

00:46:51,990 --> 00:46:49,119

June and they thought it was poltergeist

1117

00:46:54,299 --> 00:46:52,000

activity there were bits of wood flying

1118

00:46:56,400 --> 00:46:54,309

around in the workshop there were steel

1119

00:46:59,849 --> 00:46:56,410

washers hitting the side of the workshop

1120

00:47:01,740 --> 00:46:59,859

but my light bulbs would blow and the

1121

00:47:03,359 --> 00:47:01,750

radio and the power would cook yet the

1122

00:47:05,280 --> 00:47:03,369

radio carried on playing that was

1123

00:47:07,260 --> 00:47:05,290

plugged into the mains and it blew all

1124

00:47:08,760 --> 00:47:07,270

the circuits yet then they don't plug it

1125

00:47:10,620 --> 00:47:08,770

and it carried on playing they

1126

00:47:13,980 --> 00:47:10,630

attributed everything to poltergeist

1127

00:47:15,539 --> 00:47:13,990

activity because they found a grave when

1128

00:47:17,160 --> 00:47:15,549

they were clearing the land the founder

1129

00:47:20,520 --> 00:47:17,170

would engrave data from the eighteen

1130

00:47:22,319 --> 00:47:20,530

hundreds so these guys they found a box

1131

00:47:23,730 --> 00:47:22,329

you sir pardon me for saying a box I

1132

00:47:25,650 --> 00:47:23,740

don't mean to associate with a day but

1133

00:47:28,589 --> 00:47:25,660

they'd found a box to fit the phenomena

1134

00:47:30,839 --> 00:47:28,599

in but then he changed because he went

1135

00:47:33,690 --> 00:47:30,849

from June July in August of 96 and then

1136

00:47:36,420 --> 00:47:33,700

he stopped June July and August of 97

1137

00:47:37,620 --> 00:47:36,430

and Yung July and August of 98 and then

1138

00:47:39,650 --> 00:47:37,630

it all changed after the saw the

1139

00:47:43,890 --> 00:47:39,660

triangles because a few nights later

1140

00:47:45,960 --> 00:47:43,900

they all had a classic flying saucer

1141

00:47:47,370 --> 00:47:45,970

sighting that was landed in the bottom

1142

00:47:49,530 --> 00:47:47,380

of the compound at home and they

1143

00:47:52,109 --> 00:47:49,540

interviewed all three men separately

1144

00:47:54,089 --> 00:47:52,119

they've not associated with each other

1145

00:47:57,839 --> 00:47:54,099

for one of them for about 10 years and

1146

00:47:59,099 --> 00:47:57,849

the other for about seven the one of

1147

00:48:00,750 --> 00:47:59,109

them didn't even want to talk about it

1148

00:48:03,900 --> 00:48:00,760

were on either I dragged the story out

1149

00:48:07,380 --> 00:48:03,910

of one guy and he put me in touch with

1150

00:48:09,599 --> 00:48:07,390

the other and they're all singing from

1151

00:48:11,390 --> 00:48:09,609

the same sheet they saw beings with

1152

00:48:13,190 --> 00:48:11,400

people want to call them aliens then

1153

00:48:15,890 --> 00:48:13,200

Lester mammals but I don't know where

1154

00:48:18,440 --> 00:48:15,900

they were from military presence the

1155

00:48:21,319 --> 00:48:18,450

it's an incredible story and I'm

1156

00:48:24,890 --> 00:48:21,329

reaching out to anybody who might

1157

00:48:29,089 --> 00:48:24,900

remember any military roadblocks around

1158

00:48:31,069 --> 00:48:29,099

1998 Holman Bay bridlington because

1159

00:48:33,799 --> 00:48:31,079

we've already got a rope a roadblock in

1160

00:48:35,960 --> 00:48:33,809

Hornsea which is a few miles away we're

1161

00:48:38,569 --> 00:48:35,970

a triangle was seen flying low over some

1162

00:48:39,950 --> 00:48:38,579

fields by a retired Coast Guard and I

1163

00:48:41,749 --> 00:48:39,960

think I wrote about that in the first

1164

00:48:44,720 --> 00:48:41,759

book way before I knew about this story

1165

00:48:48,140 --> 00:48:44,730

and that's from 1998 and we've got

1166

00:48:50,150 --> 00:48:48,150

roadblocks in hummin be the night that

1167

00:48:53,660 --> 00:48:50,160

the flying saucer landed in the bottom

1168

00:48:55,730 --> 00:48:53,670

of the compound and that's exactly what

1169

00:48:57,680 --> 00:48:55,740

this what angel says he says it what a

1170

00:48:59,539 --> 00:48:57,690

plastic flying saucers I can't believe

1171

00:49:01,489 --> 00:48:59,549

it he said I think it was staged he

1172

00:49:02,809 --> 00:49:01,499

still does to this day he says there

1173

00:49:05,989 --> 00:49:02,819

were like a glass bubbling top and I

1174

00:49:07,279 --> 00:49:05,999

could see this little thing inside it he

1175

00:49:09,049 --> 00:49:07,289

said and I stood looking he says they're

1176

00:49:11,480 --> 00:49:09,059

all mist around it and like she said

1177

00:49:13,430 --> 00:49:11,490

nurse I saw Steve walking down towards

1178

00:49:15,079 --> 00:49:13,440

it and then what you didn't see him get

1179

00:49:15,769 --> 00:49:15,089

taken he says but next thing he's not

1180

00:49:17,359 --> 00:49:15,779

there

1181

00:49:20,120 --> 00:49:17,369

he said and then I walked to the front

1182

00:49:23,390 --> 00:49:20,130

of the unit he said then I opened the

1183

00:49:26,059 --> 00:49:23,400

side door and total military men dragged

1184

00:49:28,039 --> 00:49:26,069

me inside threatened they told me to

1185

00:49:29,150 --> 00:49:28,049

stay where I was and all three guys are

1186

00:49:30,920 --> 00:49:29,160

telling a similar story but

1187

00:49:33,410 --> 00:49:30,930

interestingly they were all working

1188

00:49:35,329 --> 00:49:33,420

together David English me but they don't

1189

00:49:39,529 --> 00:49:35,339

remember beany with each other during

1190

00:49:41,900 --> 00:49:39,539

that period of time yes obviously I'm

1191

00:49:43,640 --> 00:49:41,910

touching on bits of astoria that have

1192

00:49:46,460 --> 00:49:43,650

probably sound a bit disjointed to

1193

00:49:48,079 --> 00:49:46,470

anyone listening and maybe we can we can

1194

00:49:52,819 --> 00:49:48,089

do home and they start to finish you

1195

00:49:54,680 --> 00:49:52,829

some point David Packard some time is a

1196

00:49:58,220 --> 00:49:54,690

female with actually in uniform were

1197

00:50:00,049 --> 00:49:58,230

they a lot high-ranking officer it's

1198

00:50:01,789 --> 00:50:00,059

black completely dressed in black

1199

00:50:05,239 --> 00:50:01,799

head-to-toe and somebody sent me some

1200

00:50:07,220 --> 00:50:05,249

information recently and I'm a thanking

1201
00:50:12,529 --> 00:50:07,230
the going Philip omits a surname oh it's

1202
00:50:13,670 --> 00:50:12,539
not Philip mantel by the way no Philip

1203
00:50:16,160 --> 00:50:13,680
Kinsella no and he sent me some

1204
00:50:17,809 --> 00:50:16,170
information regarding something that the

1205
00:50:20,390 --> 00:50:17,819
late Toni Dodd wrote about with the

1206
00:50:21,680 --> 00:50:20,400
these military guys who were in black a

1207
00:50:24,700 --> 00:50:21,690
special unit they were in black

1208
00:50:28,060 --> 00:50:24,710
head-to-toe around the same time

1209
00:50:30,700 --> 00:50:28,070
excuse me just just to carry on with

1210
00:50:32,950 --> 00:50:30,710
Holman Bay these guys worked on a night

1211
00:50:35,349 --> 00:50:32,960
this was a second job and they worked

1212
00:50:36,970 --> 00:50:35,359
from about five o'clock to anything to

1213
00:50:39,070 --> 00:50:36,980

3:00 in the morning for three years

1214

00:50:41,410 --> 00:50:39,080

working on high-end vehicles and they

1215

00:50:43,540 --> 00:50:41,420

were used to sign write vehicles and do

1216

00:50:45,599 --> 00:50:43,550

fairground rides and sometimes on the

1217

00:50:49,270 --> 00:50:45,609

weekend they'd stay the night there and

1218

00:50:50,950 --> 00:50:49,280

Dave um briefly fitness in Dave's mom

1219

00:50:52,420 --> 00:50:50,960

and dad used to visit him because he

1220

00:50:53,680 --> 00:50:52,430

what youngest of the guys working there

1221

00:50:55,540 --> 00:50:53,690

and they'd come every night and just

1222

00:50:58,870 --> 00:50:55,550

have a nutter with him and fetch him a

1223

00:51:00,609 --> 00:50:58,880

few sandwiches and on the way home this

1224

00:51:02,620 --> 00:51:00,619

is the night that the Flying Saucer was

1225

00:51:04,630 --> 00:51:02,630

seen in the I'm gonna call it a flying

1226
00:51:08,650 --> 00:51:04,640
saucer cause that's what these witnesses

1227
00:51:10,450 --> 00:51:08,660
claim it look like they'd left at 10

1228
00:51:13,089 --> 00:51:10,460
o'clock and they never come back they

1229
00:51:14,620 --> 00:51:13,099
left but after the events after

1230
00:51:16,750 --> 00:51:14,630
everything had been happened because

1231
00:51:19,030 --> 00:51:16,760
everybody the three men all got dragged

1232
00:51:20,470 --> 00:51:19,040
back into the this workshop and the

1233
00:51:22,930 --> 00:51:20,480
workshops huge by the way you could

1234
00:51:25,120 --> 00:51:22,940
drive double-decker buses into it and

1235
00:51:27,760 --> 00:51:25,130
they all got dragged in by men dressed

1236
00:51:29,680 --> 00:51:27,770
in black and and threatened herb Dave

1237
00:51:31,930 --> 00:51:29,690
was dropped to the floor and pinned down

1238
00:51:33,310 --> 00:51:31,940

and threatened and not to move but after

1239

00:51:35,579 --> 00:51:33,320

everything had happened everything after

1240

00:51:37,780 --> 00:51:35,589

everyone had gone away although the the

1241

00:51:40,990 --> 00:51:37,790

everything had gone quiet and settled

1242

00:51:42,820 --> 00:51:41,000

Dave's mom and dad came back his mama

1243

00:51:45,460 --> 00:51:42,830

crying his dad were very frightened and

1244

00:51:48,010 --> 00:51:45,470

when they drove home that night they'd

1245

00:51:49,510 --> 00:51:48,020

be stopped by a military roadblock beats

1246

00:51:52,000 --> 00:51:49,520

a small one but they'd been stopped

1247

00:51:54,250 --> 00:51:52,010

taken out of their care and sat in the

1248

00:51:56,410 --> 00:51:54,260

back of a black van where they were and

1249

00:51:57,910 --> 00:51:56,420

we'll call him soldiers but they're not

1250

00:51:59,410 --> 00:51:57,920

soldiers even termed that we're looking

1251
00:52:02,980 --> 00:51:59,420
at I mean there must be some special

1252
00:52:04,089 --> 00:52:02,990
unit everything were black and and they

1253
00:52:05,890 --> 00:52:04,099
were threatened and they were told that

1254
00:52:07,810 --> 00:52:05,900
they knew where they lived knew what

1255
00:52:09,490 --> 00:52:07,820
cars they drove obviously video what car

1256
00:52:11,470 --> 00:52:09,500
they were driving that night they knew

1257
00:52:13,240 --> 00:52:11,480
everything basically about them then

1258
00:52:16,329 --> 00:52:13,250
they released them and they went baton

1259
00:52:18,010 --> 00:52:16,339
and told the Sun and they told Steve and

1260
00:52:19,510 --> 00:52:18,020
they told Andrew because all this stuff

1261
00:52:21,670 --> 00:52:19,520
had already happened they were warned

1262
00:52:24,609 --> 00:52:21,680
not to speak about it they they're still

1263
00:52:25,900 --> 00:52:24,619

alive they wants to speak about it and

1264

00:52:27,400 --> 00:52:25,910

Dave's asked his mom if she'll talk to

1265

00:52:29,109 --> 00:52:27,410

me but there's there's no way she's

1266

00:52:32,410 --> 00:52:29,119

gonna talk to me but the other three

1267

00:52:35,589 --> 00:52:32,420

I've got lots more to get I'm saying it

1268

00:52:37,510 --> 00:52:35,599

sounds a bit don't sound right thing get

1269

00:52:37,880 --> 00:52:37,520

out of I have lots more information to

1270

00:52:40,580 --> 00:52:37,890

try

1271

00:52:42,440 --> 00:52:40,590

glean yet I'm I'm really keen to see

1272

00:52:45,800 --> 00:52:42,450

somebody must have experienced these

1273

00:52:47,480 --> 00:52:45,810

roadblocks you know I don't have to

1274

00:52:49,610 --> 00:52:47,490

validate their story because I've been

1275

00:52:51,170 --> 00:52:49,620

back to the home and be industrial

1276

00:52:53,000 --> 00:52:51,180

estate and it's still small by

1277

00:52:55,850 --> 00:52:53,010

Industrial Estate standards today even

1278

00:52:57,980 --> 00:52:55,860

20 odd years on and the the bus Breakers

1279

00:52:59,780 --> 00:52:57,990

yeah is still a few doors down from

1280

00:53:02,300 --> 00:52:59,790

where it took place and some of those

1281

00:53:03,740 --> 00:53:02,310

guys are still working there and they've

1282

00:53:07,030 --> 00:53:03,750

backed them up they've backed their

1283

00:53:10,670 --> 00:53:07,040

story up from 20 odd years ago from 1998

1284

00:53:12,290 --> 00:53:10,680

so I don't mean it's true because

1285

00:53:13,940 --> 00:53:12,300

they've backed it up what I mean they're

1286

00:53:15,920 --> 00:53:13,950

not seeing these guys for years and

1287

00:53:17,570 --> 00:53:15,930

years and I've just done a bit of door

1288

00:53:21,350 --> 00:53:17,580

knocking I've been to the actual unit

1289

00:53:23,360 --> 00:53:21,360

where the event took place just just to

1290

00:53:25,550 --> 00:53:23,370

see if any other paranormal activity has

1291

00:53:27,380 --> 00:53:25,560

ever taken place in that building

1292

00:53:29,660 --> 00:53:27,390

because as I previously told you David

1293

00:53:31,700 --> 00:53:29,670

you know we've got these steel washers

1294

00:53:33,800 --> 00:53:31,710

flying about what bothers them they were

1295

00:53:35,810 --> 00:53:33,810

money materializing out of thin air and

1296

00:53:37,580 --> 00:53:35,820

pebbles drop in in front of them all

1297

00:53:39,410 --> 00:53:37,590

sorts of things they were coming out to

1298

00:53:40,940 --> 00:53:39,420

the vehicles on a night this is in June

1299

00:53:43,610 --> 00:53:40,950

July and August of the three year period

1300

00:53:45,580 --> 00:53:43,620

the huge animal prints on the boots and

1301

00:53:48,920 --> 00:53:45,590

on the roof and on the bone it's

1302

00:53:51,620 --> 00:53:48,930

literally huge but no dinners no damage

1303

00:53:52,820 --> 00:53:51,630

to the cars you know this is the stuff

1304

00:53:55,700 --> 00:53:52,830

that were ampere happening and this is

1305

00:53:58,400 --> 00:53:55,710

why I was saying David I think I think

1306

00:54:00,200 --> 00:53:58,410

we've got to it's like a paranormal soap

1307

00:54:03,440 --> 00:54:00,210

I think we've got to encompass it all

1308

00:54:06,590 --> 00:54:03,450

and not no not stickers Ed's in one box

1309

00:54:08,240 --> 00:54:06,600

and say I am a UFO researcher so I won't

1310

00:54:10,430 --> 00:54:08,250

I don't want to talk to anybody was

1311

00:54:12,200 --> 00:54:10,440

interested in cryptid let's start

1312

00:54:14,330 --> 00:54:12,210

looking and throwing it a little bit

1313

00:54:16,700 --> 00:54:14,340

wider and think of me personally anyway

1314

00:54:19,640 --> 00:54:16,710

I can't speak for other people but let's

1315

00:54:24,050 --> 00:54:19,650

start encompassing it all last night was

1316

00:54:25,100 --> 00:54:24,060

I fully agree with you agree with you if

1317

00:54:26,660 --> 00:54:25,110

you've listened to a few of the other

1318

00:54:28,780 --> 00:54:26,670

shows we have actually covered things

1319

00:54:32,270 --> 00:54:28,790

out there on earth on a few of them I

1320

00:54:34,850 --> 00:54:32,280

saw this rotor I had on a few shows back

1321

00:54:36,980 --> 00:54:34,860

and she was telling stories about people

1322

00:54:39,890 --> 00:54:36,990

to go missing and you know pretty scary

1323

00:54:42,500 --> 00:54:39,900

stories but you know we've not even

1324

00:54:48,680 --> 00:54:42,510

touched on but that's the thing these

1325

00:54:50,630 --> 00:54:48,690

areas they actually take in and throw

1326
00:54:52,220 --> 00:54:50,640
out everything we've got missing people

1327
00:54:55,850 --> 00:54:52,230
at Benton

1328
00:54:59,390 --> 00:54:55,860
and believe me I've been I have been as

1329
00:55:01,340 --> 00:54:59,400
as respectful as I can be because

1330
00:55:03,110 --> 00:55:01,350
obviously somebody's loved one I've not

1331
00:55:05,030 --> 00:55:03,120
talked about them in any arbitrary terms

1332
00:55:06,620 --> 00:55:05,040
I've not I've not a lump them in saying

1333
00:55:09,380 --> 00:55:06,630
that I think they've been taken by

1334
00:55:11,330 --> 00:55:09,390
aliens cuz I honestly I don't know you

1335
00:55:13,700 --> 00:55:11,340
know I mean some people would want to

1336
00:55:14,990 --> 00:55:13,710
sensationalize it and add them aspects

1337
00:55:16,340 --> 00:55:15,000
in just because these are books about

1338
00:55:18,470 --> 00:55:16,350

one explain and phenomena

1339

00:55:23,030 --> 00:55:18,480

don't mean we've got to lower tone and

1340

00:55:25,190 --> 00:55:23,040

and somehow this disrespect somebody's

1341

00:55:27,320 --> 00:55:25,200

loved one but basically you know we've

1342

00:55:30,980 --> 00:55:27,330

got people who have gone to those cliff

1343

00:55:33,920 --> 00:55:30,990

tops to to look at the sea birds such as

1344

00:55:35,840 --> 00:55:33,930

a guy called Nigel salmon Hodgson

1345

00:55:38,390 --> 00:55:35,850

amounts not sure of the date now the

1346

00:55:41,600 --> 00:55:38,400

thing for 2014 some of it went all over

1347

00:55:43,160 --> 00:55:41,610

the place looking at the wildlife and

1348

00:55:46,040 --> 00:55:43,170

packing up and in a little bit eccentric

1349

00:55:48,830 --> 00:55:46,050

but other than that that that's what he

1350

00:55:51,950 --> 00:55:48,840

did packed at Benton RSPB never been

1351
00:55:52,580 --> 00:55:51,960
seen again you've never ever never been

1352
00:55:56,120 --> 00:55:52,590
seen again

1353
00:55:58,010 --> 00:55:56,130
a guy called Edward mate ching-he he

1354
00:56:00,500 --> 00:55:58,020
wanted to go look at the seabirds you've

1355
00:56:01,970 --> 00:56:00,510
got a Trent to Bridlington obviously

1356
00:56:03,650 --> 00:56:01,980
well not obviously but he brought down

1357
00:56:07,540 --> 00:56:03,660
in Scarborough taxi dropped him off on

1358
00:56:10,850 --> 00:56:07,550
cliff lane because he was seen on CCTV

1359
00:56:12,380 --> 00:56:10,860
and I've spoke to Gales CCTV ities and

1360
00:56:14,140 --> 00:56:12,390
all that's been confirmed different

1361
00:56:17,000 --> 00:56:14,150
papers any row but I've done that and

1362
00:56:20,060 --> 00:56:17,010
took Cliff Lane to the RSPB never been

1363
00:56:23,000 --> 00:56:20,070

seen again seven days later 60 miles up

1364

00:56:25,310 --> 00:56:23,010

the coast a guy called Nigel Savage is

1365

00:56:27,220 --> 00:56:25,320

with with these dogs two spaniel dogs

1366

00:56:31,850 --> 00:56:27,230

and he's gone to do a bit of fishing

1367

00:56:35,480 --> 00:56:31,860

never been seen again but that's just

1368

00:56:38,150 --> 00:56:35,490

the tip of Styria you think about you

1369

00:56:41,690 --> 00:56:38,160

know it really is scary you know I mean

1370

00:56:42,500 --> 00:56:41,700

then these people I mean the from 2004 a

1371

00:56:45,740 --> 00:56:42,510

guy called

1372

00:56:47,900 --> 00:56:45,750

oh good god can't think of his name now

1373

00:56:50,900 --> 00:56:47,910

I'm sorry listeners but what the EPAct

1374

00:56:53,990 --> 00:56:50,910

up to do a day's walking never been seen

1375

00:56:56,720 --> 00:56:54,000

again in between that there are people

1376

00:56:58,010 --> 00:56:56,730

that have had let's say challenges in

1377

00:56:59,960 --> 00:56:58,020

their lives and the probably had

1378

00:57:01,070 --> 00:56:59,970

relationships that are broken down and

1379

00:57:02,630 --> 00:57:01,080

they've left a note and said they're

1380

00:57:03,710 --> 00:57:02,640

going to end the life and oh yeah sure

1381

00:57:05,390 --> 00:57:03,720

and then just probably the bodies

1382

00:57:07,190 --> 00:57:05,400

wouldn't you

1383

00:57:09,440 --> 00:57:07,200

usually you do yeah usually the end up

1384

00:57:11,480 --> 00:57:09,450

further down coast or there on the rocks

1385

00:57:13,880 --> 00:57:11,490

and I'm sorry to make you sound like

1386

00:57:15,890 --> 00:57:13,890

that but that that's what happens but

1387

00:57:17,360 --> 00:57:15,900

what I'm saying is they're not I don't

1388

00:57:18,920 --> 00:57:17,370

mean the hour they have just as

1389

00:57:20,720 --> 00:57:18,930

important these people but they're not

1390

00:57:21,380 --> 00:57:20,730

they're not other than what I will write

1391

00:57:25,340 --> 00:57:21,390

about

1392

00:57:27,320 --> 00:57:25,350

people that seemed fairly well-adjusted

1393

00:57:29,000 --> 00:57:27,330

that the ones of a better word have just

1394

00:57:33,020 --> 00:57:29,010

vanished I mean a contacted the missing

1395

00:57:34,550 --> 00:57:33,030

persons Bureau because yeah it looks

1396

00:57:37,490 --> 00:57:34,560

like a checkerboard of missing people

1397

00:57:39,290 --> 00:57:37,500

and I said you know and you've got these

1398

00:57:41,060 --> 00:57:39,300

names the names I've just mentioned but

1399

00:57:42,980 --> 00:57:41,070

there's about nine to eleven of them on

1400

00:57:44,330 --> 00:57:42,990

this board on a board mode probably

1401

00:57:45,980 --> 00:57:44,340

thirty on I don't know and I've said

1402

00:57:47,390 --> 00:57:45,990

you've got this person who's mister gone

1403

00:57:49,280 --> 00:57:47,400

missing and he lives in Hull you've got

1404

00:57:50,840 --> 00:57:49,290

this one in York you've got this one all

1405

00:57:52,190 --> 00:57:50,850

lived in and ricky'll you've got this

1406

00:57:54,650 --> 00:57:52,200

one another one who lived in New York

1407

00:57:57,710 --> 00:57:54,660

yes yes I support don't you realize

1408

00:58:00,950 --> 00:57:57,720

they've all gone missing in Benton yeah

1409

00:58:02,990 --> 00:58:00,960

and oh we don't correlate that we do but

1410

00:58:04,460 --> 00:58:03,000

you should be and I've told police

1411

00:58:06,020 --> 00:58:04,470

exactly the same they're missing a

1412

00:58:09,920 --> 00:58:06,030

massive trip there's something happening

1413

00:58:11,420 --> 00:58:09,930

here and probably the reason I don't

1414

00:58:13,520 --> 00:58:11,430

know it because they can't get the red

1415

00:58:16,280 --> 00:58:13,530

round what is happening I mean the

1416

00:58:18,320 --> 00:58:16,290

famous not the famous but the the usual

1417

00:58:21,560 --> 00:58:18,330

thing in the newspaper article itself

1418

00:58:23,570 --> 00:58:21,570

from some wife or husband is what way as

1419

00:58:26,450 --> 00:58:23,580

my husband vanished off the face of the

1420

00:58:28,490 --> 00:58:26,460

earth and and that's basically what it

1421

00:58:30,850 --> 00:58:28,500

seek what they appear to have done these

1422

00:58:33,830 --> 00:58:30,860

people have no no intention of

1423

00:58:38,710 --> 00:58:33,840

disappearing and they're just gone it's

1424

00:58:41,750 --> 00:58:38,720

it's very sad were there any answers

1425

00:58:44,870 --> 00:58:41,760

left with no answers and and the the

1426

00:58:47,000 --> 00:58:44,880

place is that I'm looking don't also I

1427

00:58:49,940 --> 00:58:47,010

suppose don't help these people as well

1428

00:58:53,450 --> 00:58:49,950

because I'm looking at alternative

1429

00:58:55,790 --> 00:58:53,460

things that most people I wants a

1430

00:58:57,710 --> 00:58:55,800

rational mind of people because the your

1431

00:58:59,900 --> 00:58:57,720

listeners of a rational mind adorable

1432

00:59:01,970 --> 00:58:59,910

like to think a lot of them are but but

1433

00:59:03,700 --> 00:59:01,980

they're not into this subject and they

1434

00:59:06,560 --> 00:59:03,710

wouldn't consider that anything

1435

00:59:09,140 --> 00:59:06,570

otherworldly could could be responsible

1436

00:59:11,030 --> 00:59:09,150

I mean until we know what it is I'm not

1437

00:59:13,040 --> 00:59:11,040

gonna hold my end up and say is either

1438

00:59:14,720 --> 00:59:13,050

all I'm saying is they are they are

1439

00:59:17,450 --> 00:59:14,730

disappearing and the disappearing in an

1440

00:59:18,480 --> 00:59:17,460

area where where these strange things

1441

00:59:21,200 --> 00:59:18,490

happen

1442

00:59:25,770 --> 00:59:21,210

you ever get any negative responses Paul

1443

00:59:27,900 --> 00:59:25,780

probably will now seriously I reviewed

1444

00:59:30,750 --> 00:59:27,910

you ever get people sort of say no go

1445

00:59:33,480 --> 00:59:30,760

away stay away from me or something I

1446

00:59:35,190 --> 00:59:33,490

haven't done you know I've had people

1447

00:59:38,370 --> 00:59:35,200

did they roll their eyes and think

1448

00:59:40,500 --> 00:59:38,380

you're cuckoo I mean it's what is

1449

00:59:43,470 --> 00:59:40,510

amazing you know because some of these

1450

00:59:45,390 --> 00:59:43,480

farmers are the the funniest and I noted

1451
00:59:48,960 --> 00:59:45,400
that after the big cat would have been

1452
00:59:51,450 --> 00:59:48,970
seen on social media he put a picture of

1453
00:59:53,070 --> 00:59:51,460
his house cat and put a toy tractor

1454
00:59:55,890 --> 00:59:53,080
outside of it and just trying to

1455
00:59:57,900 --> 00:59:55,900
generate a laugh at somebody else's

1456
00:59:59,760 --> 00:59:57,910
expense but it doesn't it doesn't

1457
01:00:01,890 --> 00:59:59,770
detract from the fact that it wasn't me

1458
01:00:04,260 --> 01:00:01,900
weren't Paul Sinclair reporting seeing

1459
01:00:07,290 --> 01:00:04,270
this but big black cat it was about

1460
01:00:10,080 --> 01:00:07,300
eight independent witnesses or just

1461
01:00:12,540 --> 01:00:10,090
asking the questions yeah so you know

1462
01:00:13,560 --> 01:00:12,550
but that's that's the nature of the game

1463
01:00:16,170 --> 01:00:13,570

and I won't say you've got to be

1464

01:00:18,390 --> 01:00:16,180

thick-skinned but you've just got to you

1465

01:00:19,920 --> 01:00:18,400

think and what's interesting as well is

1466

01:00:21,390 --> 01:00:19,930

that the guy that actually put the

1467

01:00:23,760 --> 01:00:21,400

picture of the cat I've actually spoke

1468

01:00:26,430 --> 01:00:23,770

to his son and got a UFO report off him

1469

01:00:28,050 --> 01:00:26,440

years before that landed on the road as

1470

01:00:30,510 --> 01:00:28,060

he's travelling on what's called short

1471

01:00:32,310 --> 01:00:30,520

lane between Benton and bridlington in

1472

01:00:34,260 --> 01:00:32,320

the early hours of the morning I didn't

1473

01:00:37,530 --> 01:00:34,270

put that on social media and as some

1474

01:00:39,150 --> 01:00:37,540

kind of insult and then you know that

1475

01:00:40,830 --> 01:00:39,160

there's another little bit to it as well

1476

01:00:42,570 --> 01:00:40,840

that the actual farmer or were ridicule

1477

01:00:45,090 --> 01:00:42,580

into actually had a UFO sighting with

1478

01:00:46,530 --> 01:00:45,100

his ex-wife but she's told me she made a

1479

01:00:49,440 --> 01:00:46,540

point of contacting me and telling me

1480

01:00:50,820 --> 01:00:49,450

you know and so these people really is

1481

01:00:53,700 --> 01:00:50,830

not all of them but some of them are

1482

01:00:55,920 --> 01:00:53,710

hypocrites I mean but you can't please

1483

01:00:57,720 --> 01:00:55,930

everybody David and I think providing

1484

01:01:00,300 --> 01:00:57,730

you you're respectful about what you're

1485

01:01:02,970 --> 01:01:00,310

looking into be that big the missing

1486

01:01:05,160 --> 01:01:02,980

people we just got a bit delicate off

1487

01:01:08,359 --> 01:01:05,170

somebody who claims to have seen a UFO

1488

01:01:10,380 --> 01:01:08,369

or a defining experience with some

1489

01:01:12,240 --> 01:01:10,390

something on the clifftops

1490

01:01:14,280 --> 01:01:12,250

on providing him you go into it with an

1491

01:01:16,320 --> 01:01:14,290

open map and try and judge the person

1492

01:01:17,970 --> 01:01:16,330

then I think that all worth speaking to

1493

01:01:19,740 --> 01:01:17,980

you I mean knowing you as I do I'm gonna

1494

01:01:22,020 --> 01:01:19,750

show you you approach with really

1495

01:01:25,740 --> 01:01:22,030

contact and you don't go in like a

1496

01:01:27,210 --> 01:01:25,750

Raging Bull when I know you for a fact

1497

01:01:29,849 --> 01:01:27,220

that you wouldn't do anything like that

1498

01:01:31,839 --> 01:01:29,859

and you'll be sensitive to their

1499

01:01:35,049 --> 01:01:31,849

feelings as well you just pray

1500

01:01:36,640 --> 01:01:35,059

King up a bit there oh all right I was

1501

01:01:39,759 --> 01:01:36,650

always just say oh I could hear every

1502

01:01:42,880 --> 01:01:39,769

cell forward I was just saying that so I

1503

01:01:44,650 --> 01:01:42,890

know you but knowing you as I do you'd

1504

01:01:46,450 --> 01:01:44,660

be very sensitive to their feelings and

1505

01:01:55,799 --> 01:01:46,460

you're a gentleman so you'd approach

1506

01:02:00,609 --> 01:01:58,180

think that's the only way we can be I

1507

01:02:08,549 --> 01:02:00,619

mean you know I know this big egos

1508

01:02:13,839 --> 01:02:11,200

well yeah but once again that's Fame

1509

01:02:17,710 --> 01:02:13,849

with everything into you know I mean and

1510

01:02:20,859 --> 01:02:17,720

I like to think I don't

1511

01:02:24,880 --> 01:02:20,869

actually everybody the same and that's

1512

01:02:26,440 --> 01:02:24,890

how I want to stay and I really don't I

1513

01:02:27,969 --> 01:02:26,450

don't want to be any different than that

1514

01:02:31,239 --> 01:02:27,979

you know I'm not looking I'm not looking

1515

01:02:33,789 --> 01:02:31,249

for sort of Fame or stab and I just just

1516

01:02:37,209 --> 01:02:33,799

believe me I quite enjoy doing I really

1517

01:02:39,430 --> 01:02:37,219

enjoy doing the research I love it it's

1518

01:02:41,799 --> 01:02:39,440

a thrill I mean I'm this week's on this

1519

01:02:43,870 --> 01:02:41,809

coming week cryptid research you know

1520

01:02:45,579 --> 01:02:43,880

you really ought to seek out its calling

1521

01:02:51,880 --> 01:02:45,589

Kielty and I'll be will be doing some

1522

01:02:55,690 --> 01:02:51,890

really early morning make a date with

1523

01:02:57,880 --> 01:02:55,700

you yeah I will do yes Colleen's bespoke

1524

01:02:59,380 --> 01:02:57,890

convict condition man radio and I know

1525

01:03:02,680 --> 01:02:59,390

if anybody's ever listened to Vic shows

1526

01:03:04,089 --> 01:03:02,690

but they're really good I mean you've

1527

01:03:06,370 --> 01:03:04,099

got witnesses there from all over the

1528

01:03:08,289 --> 01:03:06,380

world reporting things like what people

1529

01:03:10,599 --> 01:03:08,299

are seeing at flicks them and what you

1530

01:03:13,779 --> 01:03:10,609

and I'm just to briefly jump back to

1531

01:03:15,999 --> 01:03:13,789

these these cryptids you usually find

1532

01:03:18,400 --> 01:03:16,009

that the people have seen them you find

1533

01:03:19,779 --> 01:03:18,410

out second and you don't find out off

1534

01:03:21,069 --> 01:03:19,789

the person they're not raving that

1535

01:03:24,130 --> 01:03:21,079

they've seen this thing in most

1536

01:03:25,779 --> 01:03:24,140

instances then you have to go tread

1537

01:03:27,759 --> 01:03:25,789

gently and see whether you can get the

1538

01:03:29,109 --> 01:03:27,769

story out of them so they're not

1539

01:03:31,630 --> 01:03:29,119

volatile most at time they're not

1540

01:03:34,809 --> 01:03:31,640

volunteering these things up the guy all

1541

01:03:37,059 --> 01:03:34,819

claim to have seen this creature on

1542

01:03:39,279 --> 01:03:37,069

February the 7th of this year he put

1543

01:03:41,019 --> 01:03:39,289

those comments on and anybody wants to

1544

01:03:45,780 --> 01:03:41,029

go into Benton phenomena you'll find him

1545

01:03:59,890 --> 01:03:55,390

hello hello I think I might have lost

1546

01:04:05,020 --> 01:03:59,900

Paul something that you did not think

1547

01:04:06,010 --> 01:04:05,030

could exist and no and and it's not the

1548

01:04:12,700 --> 01:04:06,020

case with everything

1549

01:04:15,760 --> 01:04:12,710

oh now we're talking but I don't know

1550

01:04:17,650 --> 01:04:15,770

whether that's been yeah I'm not sure if

1551

01:04:19,450 --> 01:04:17,660

I recorded all right so we'll just carry

1552

01:04:23,980 --> 01:04:19,460

on can you any day I think I could hear

1553

01:04:25,329 --> 01:04:23,990

you can hear me right I think we've got

1554

01:04:28,780 --> 01:04:25,339

I think we've got a real occasion

1555

01:04:34,450 --> 01:04:28,790

problem can hear me Paul I can now yeah

1556

01:04:36,569 --> 01:04:34,460

so I think I just think we just think

1557

01:04:38,349 --> 01:04:36,579

we've got to just approach ah

1558

01:04:40,000 --> 01:04:38,359

everything's gonna bit wrong here with

1559

01:04:41,740 --> 01:04:40,010

this recording you know David it's er

1560

01:04:44,559 --> 01:04:41,750

it's broken

1561

01:04:46,200 --> 01:04:44,569

yeah I can hear you you can't no I can

1562

01:04:51,609 --> 01:04:46,210

hear you okay

1563

01:04:53,410 --> 01:04:51,619

Paul okay well you know droughts won't

1564

01:04:58,599 --> 01:04:53,420

have to do a song cut these bad bits out

1565

01:04:59,890 --> 01:04:58,609

at the end of it okay you know yeah

1566

01:05:04,000 --> 01:04:59,900

because I'm thinking we're live I

1567

01:05:08,410 --> 01:05:04,010

apologize yeah he'll throw out 2090 it's

1568

01:05:11,020 --> 01:05:08,420

throughout 2017 push yet but for some

1569

01:05:14,589 --> 01:05:11,030

reason the American military were upon

1570

01:05:16,450 --> 01:05:14,599

the cliff tops and obviously as I've

1571

01:05:18,309 --> 01:05:16,460

previously said I didn't find out about

1572

01:05:23,020 --> 01:05:18,319

the animal killings of the animal deaths

1573

01:05:24,609 --> 01:05:23,030

until New Year's Day 2018 but it had

1574

01:05:27,039 --> 01:05:24,619

been going on all throughout that year

1575

01:05:29,260 --> 01:05:27,049

hmm and we've got these Dodge Ram

1576

01:05:33,400 --> 01:05:29,270

pickups with this big green unit on the

1577

01:05:36,490 --> 01:05:33,410

back with the dish and a big generator

1578

01:05:37,990 --> 01:05:36,500

and they were on the clifftops they were

1579

01:05:40,780 --> 01:05:38,000

around the area where all these things

1580

01:05:42,220 --> 01:05:40,790

have been seen where they were roughly

1581

01:05:44,410 --> 01:05:42,230

where the animals have been mutilated

1582

01:05:47,589 --> 01:05:44,420

where the poor posts were being found

1583

01:05:50,140 --> 01:05:47,599

and obviously you can't link A to B but

1584

01:05:51,430 --> 01:05:50,150

you snap you SAS start of think to

1585

01:05:54,670 --> 01:05:51,440

yourself you know there's probably some

1586

01:05:56,500 --> 01:05:54,680

connections are they showing an interest

1587

01:05:58,569 --> 01:05:56,510

in this I don't think they're

1588

01:05:58,930 --> 01:05:58,579

responsible for him you know social

1589

01:06:00,730 --> 01:05:58,940

media

1590

01:06:04,599 --> 01:06:00,740

at the same time we're also reporting a

1591

01:06:06,700 --> 01:06:04,609

home a very very subtle humming sound

1592

01:06:08,020 --> 01:06:06,710

and people on social media were

1593

01:06:10,059 --> 01:06:08,030

reporting hearing it all around

1594

01:06:10,720 --> 01:06:10,069

bridlington and east yorkshire I did it

1595

01:06:12,309 --> 01:06:10,730

myself

1596

01:06:15,160 --> 01:06:12,319

and I think you were coming from the

1597

01:06:17,170 --> 01:06:15,170

generator of this this military unit

1598

01:06:18,550 --> 01:06:17,180

that would up on the clifftops now I

1599

01:06:19,839 --> 01:06:18,560

don't know what it was doing and we've

1600

01:06:22,839 --> 01:06:19,849

got to understand that we're in a non

1601
01:06:25,420 --> 01:06:22,849
stable world and it could be nothing to

1602
01:06:27,819 --> 01:06:25,430
do with this paranormal astronaut that

1603
01:06:31,089 --> 01:06:27,829
will yeah but it nevertheless it is

1604
01:06:33,579 --> 01:06:31,099
interesting and interestingly enough the

1605
01:06:35,710 --> 01:06:33,589
military vehicles were seen again I

1606
01:06:37,780 --> 01:06:35,720
think it were two weeks ago the Steve

1607
01:06:39,430 --> 01:06:37,790
Nash Bridget told me it got a bit of I

1608
01:06:41,290 --> 01:06:39,440
think it was some pictures of them

1609
01:06:44,740 --> 01:06:41,300
and Andy ramsden have seen them as well

1610
01:06:46,569 --> 01:06:44,750
I have not seen them hmm anyway I think

1611
01:06:47,920 --> 01:06:46,579
what were their communication problems

1612
01:06:49,599 --> 01:06:47,930
Paul I think we'd better leave it there

1613
01:06:55,030 --> 01:06:49,609

because I've got a little bit of

1614

01:06:56,589 --> 01:06:55,040

chopping around to do would like to get

1615

01:06:58,900 --> 01:06:56,599

you back on again perhaps in a few a few

1616

01:07:01,900 --> 01:06:58,910

months we've got these own comforts is

1617

01:07:03,640 --> 01:07:01,910

coming up yeah I think the the the

1618

01:07:05,800 --> 01:07:03,650

awakening conference where you'll be

1619

01:07:08,589 --> 01:07:05,810

doing a presentation this will probably

1620

01:07:10,210 --> 01:07:08,599

go out after that so but the people will

1621

01:07:13,630 --> 01:07:10,220

hear it anyway please go beyond podcast

1622

01:07:15,309 --> 01:07:13,640

as YouTube and everything if anyone

1623

01:07:19,470 --> 01:07:15,319

wants to actually come and see you

1624

01:07:21,849 --> 01:07:19,480

you'll be appearing at some D Pontefract

1625

01:07:26,170 --> 01:07:21,859

yeah I'll be peering at the outer limits

1626

01:07:27,910 --> 01:07:26,180

conference on August the 17th I've seen

1627

01:07:31,000 --> 01:07:27,920

you there I'll perceive you awaken as

1628

01:07:39,849 --> 01:07:31,010

well next week so so we see he told us

1629

01:07:42,640 --> 01:07:39,859

we only lucky because I know he wanted a

1630

01:07:45,130 --> 01:07:42,650

lift but with the people who've appeared

1631

01:07:45,609 --> 01:07:45,140

in the documentary for us such as David

1632

01:07:48,940 --> 01:07:45,619

hanged

1633

01:07:51,370 --> 01:07:48,950

and Andy Ramsden and Bob they've got

1634

01:07:56,890 --> 01:07:51,380

tickets and we're just limited with

1635

01:07:58,359 --> 01:07:56,900

roaming care do you know how we spoken

1636

01:08:00,700 --> 01:07:58,369

to Chris for a while after getting talk

1637

01:08:02,260 --> 01:08:00,710

to him and see what he's up to but I

1638

01:08:04,240 --> 01:08:02,270

think we're all ready I don't know what

1639

01:08:06,970 --> 01:08:04,250

the setup is for talking it this is I

1640

01:08:11,760 --> 01:08:06,980

think he's being involved with with the

1641

01:08:14,970 --> 01:08:11,770

event or in the day you not to autopsy

1642

01:08:19,920 --> 01:08:14,980

comments yeah just lots of it amused me

1643

01:08:22,620 --> 01:08:19,930

literally assorted emotes you know army

1644

01:08:23,999 --> 01:08:22,630

yeah what are you what you find you do

1645

01:08:25,860 --> 01:08:24,009

David I mean I don't know about you but

1646

01:08:27,990 --> 01:08:25,870

you find it consumes you diffused

1647

01:08:30,090 --> 01:08:28,000

together you know you know very well

1648

01:08:38,999 --> 01:08:30,100

something's consumed me for the last

1649

01:08:40,349 --> 01:08:39,009

three or so years you know you must be

1650

01:08:42,720 --> 01:08:40,359

better for you know if there's well yeah

1651

01:08:44,160 --> 01:08:42,730

definitely yeah I mean since I'm doing

1652

01:08:46,950 --> 01:08:44,170

this shows helped me quite a bit because

1653

01:08:49,110 --> 01:08:46,960

um I'm able to speak to people not

1654

01:08:51,990 --> 01:08:49,120

children make it anything out of it or a

1655

01:08:53,579 --> 01:08:52,000

thief but it's actually um it's been

1656

01:08:54,870 --> 01:08:53,589

nice you know because there's a lot of

1657

01:08:56,579 --> 01:08:54,880

nice people out there and there's only

1658

01:08:58,950 --> 01:08:56,589

there's only a few rotten ones that so

1659

01:09:02,249 --> 01:08:58,960

you come across and that most people are

1660

01:09:03,780 --> 01:09:02,259

nice and you know there's just a few bad

1661

01:09:11,940 --> 01:09:03,790

eggs in the basket that really needs

1662

01:09:17,820 --> 01:09:11,950

sorting out yeah she whatever you're

1663

01:09:19,950 --> 01:09:17,830

doing I think things are coming to a

1664

01:09:22,260 --> 01:09:19,960

head down finishing so this is just hope

1665

01:09:25,530 --> 01:09:22,270

so anyway anyway Paul what's been

1666

01:09:26,519 --> 01:09:25,540

cooking it's been great talking to you

1667

01:09:29,039 --> 01:09:26,529

excuse me

1668

01:09:32,059 --> 01:09:29,049

I mean I had a bit of a sore throat this

1669

01:09:34,530 --> 01:09:32,069

last week or so so this could be coffee

1670

01:09:36,030 --> 01:09:34,540

anyway I've got to say goodbye for we've

1671

01:09:39,780 --> 01:09:36,040

got a bit of communication problems here

1672

01:09:40,890 --> 01:09:39,790

we have to sort out but anyway this

1673

01:09:42,900 --> 01:09:40,900

blues you've been listening to the

1674

01:09:44,700 --> 01:09:42,910

paranormal UK radio network and

1675

01:09:46,440 --> 01:09:44,710

paranormal dimensions I'm David Young

1676

01:09:48,480 --> 01:09:46,450

you've been listed reporting clear and

1677

01:09:51,510 --> 01:09:48,490

we're gonna say goodbye and thank you

1678

01:09:52,470 --> 01:09:51,520

Paul and come back again please thank

1679

01:09:52,800 --> 01:09:52,480

you very much damage it's been a

1680

01:09:54,660 --> 01:09:52,810

pleasure

1681

01:09:56,340 --> 01:09:54,670

I'll see you soon all right take care of

1682

01:10:01,320 --> 01:09:56,350

beside Paul then thanks for coming on

1683

01:10:03,240 --> 01:10:01,330

this is Bob ivory well I Colonel Charles

1684

01:10:06,960 --> 01:10:03,250

halt is returning to Woodbridge on the

1685

01:10:08,820 --> 01:10:06,970

8th of September 2019 it's a Sunday

1686

01:10:11,880 --> 01:10:08,830

tickets are twenty pounds for an all-day

1687

01:10:13,770 --> 01:10:11,890

UFO event with other great speakers if

1688

01:10:16,920 --> 01:10:13,780

you'd like tickets please get in touch

1689

01:10:23,280 --> 01:10:16,930

with me this is my email address it's

1690

01:10:25,180 --> 01:10:23,290

David Young 2qn at yahoo co uk it's

1691

01:10:27,770 --> 01:10:25,190

going to be a great event and

1692

01:10:29,689 --> 01:10:27,780

there's a few tickets left but so they

1693

01:10:33,800 --> 01:10:29,699

are going quickly so you need to act

1694

01:11:26,470 --> 01:11:20,700

[Music]

1695

01:11:31,220 --> 01:11:28,910

paranormal dimensions is a regular
