2023 06 20	Closet of Curiosities	<a href="https://youtu.be/RFsM9AdQ2Cw">https://youtu.be/RFsM9AdQ2Cw</a>	A UFO Encounter in Glyn Ceiriog, Wales.	<p>In 1997 Sacha Christie, her son, Steve Midgley, and his Uncle, Sister and Nephew, went for a weekend away in North Wales.</p> <p>During the weekend, they were harassed by a huge UFO and its Scout craft, a sphere, which landed in the garden they were in.</p> <p>Last year, Steve came forward to share his version of events. They returned to the location to film with a documentary film crew who have just released the documentary 'Alien Contact, Triangle Phenomena' .</p> <p>Unfortunately, the production team completely altered their account. They did not see a Black Triangle UFO, and they were not skywatching on a clear night.</p> <p>This video was used by Sacha Christie in two conference talks in 2022. She decided to publish it to set the record straight.</p> <p>There will be a full video to see later in the year, and Steve will be a guest on Closet of Curiosities in the near future.</p>

2019 10 27	Closet of Curiosities	<a href="https://youtu.be/s3wzPuHmnCs">https://youtu.be/s3wzPuHmnCs</a>	Captain Robert Salas Ret	<p>Captain Salas graduated from the Air Force Academy and spent seven years in active duty from 1964 to 1971. He also held positions at Martin Marietta and Rockwell and spent 21 years at the FAA. In the Air Force, he was an air traffic controller and a missile launch officer as well as an engineer on the Titan 3 missiles. He testifies about a UFO incident on the morning of March 16, 1967 where 16 nuclear missiles simultaneously became non-operational at two different launch facilities immediately after guards saw UFOs hovering above. The guards could not identify these objects even though they were only about 30 feet away. The Air Force did an extensive investigation of the incidents and could not find a probable cause. At a debriefing about the incident, an officer from the Air Force Office of Special Investigations required him to sign a non-disclosure form and told him that he was not to talk about the event to anyone including his family or other military staff. At a time during the Cold War when minor technical anomalies were openly communicated amongst the staff, this incident was not and to this day Captain Salas thinks this to be very unusual. ... The UFO incident happened on the morning of March 16, 1967. I was on duty along with my commander Fred Mywald. We were both on duty at Oscar Flight as part of the 490th strategic missile squad and there are five launch control facilities assigned to that particular squadron.</p> <p>Robert talks about his experience that fateful night and also other experiences he has shared with his wife Marilyn who joins Sacha for a brief chat.</p>	<a href="#">Transcript Link</a>

Rodney Mckay is one of Warren's supporters, as soon as I mentioned his YT channel, he changed the name of it so you wouldn't be able to find the videos I reference.

It turns out they were upoaded illegally by Rodney. The video's were filmed by Anthony James who has uploaded them onto his own channel. You can now locate the videos I attributed to Rodney McKay on Anthony James' YouTube channel at this url. Thank you Anthony for giving Prnormal Mysteries, Access North West, permission to use your material.

Official Proof of Deception.	<p>*In this interview I called Jerry Garcia's Painting "The Time Machine", that is incorrect. It is called "The Green Machine".</p> <p>In April 2018 I received a message from a gentleman called Duane Carleton. Duane was a friend of Larry Warren's in the early 90's. He has a leather jacket Larry Warren gave him which [Warren] alleges was signed by Stevie Ray Vaughan. Warren gave several items he told Duane came from Stevie Ray Vaughan and also a letter of authentication which was signed Rene Martinez.</p> <p>Warren also told Duane SRV gave him a guitar. This guitar has been proven to be fake with a forged signature. The origins of this guitar begin with Warren in 1995. Duane also received a handwritten letter from Warren promising him great gigs and success in New York on the music scene. Warren promised to make Duane famous.</p> <p>Those items have now been analysed by professional signature experts.</p> <p>Duane and I [Sacha Christie] have waited nine months to be able to have this conversation and tell you the twists in the tale and of course, the results of the analysis.</p> <p>Gary Heseltine has repeatedly said that this is just the opinion of one woman, the lead troll who is in love with Larry Warren but something happened and she just flipped and is out to destroy him, she is a sychophant and her behaviour is abnormal.</p>	<a href="#">0</a>
