

1
00:00:04,849 --> 00:00:02,659
the views opinions and research

2
00:00:06,980 --> 00:00:04,859
conclusions expressed on this show are

3
00:00:08,870 --> 00:00:06,990
those of the show host and not

4
00:00:11,870 --> 00:00:08,880
necessarily those of the network access

5
00:00:15,049 --> 00:00:11,880
Northwest Community Radio are any of its

6
00:00:17,330 --> 00:00:15,059
associates the author and host is solely

7
00:00:18,830 --> 00:00:17,340
responsible for its content the author

8
00:00:20,870 --> 00:00:18,840
has made every endeavor to be

9
00:00:23,150 --> 00:00:20,880
historically accurate and factually

10
00:00:24,970 --> 00:00:23,160
correct based on the written audio and

11
00:00:27,109 --> 00:00:24,980
video claims of the person in question

12
00:00:29,720 --> 00:00:27,119
the playing of this show does not

13
00:00:35,720 --> 00:00:29,730

constitute as an endorsement by Access

14

00:00:46,040 --> 00:00:35,730

Northwest radio hello and welcome to

15

00:00:49,310 --> 00:00:46,050

paranormal mysteries hiral access and

16

00:00:52,850 --> 00:00:49,320

tonight I'm welcoming in 2019 with my

17

00:00:55,189 --> 00:00:52,860

guest who is one of the unsung heroes of

18

00:00:57,049 --> 00:00:55,199

the Rendlesham forest incidents and I

19

00:00:59,450 --> 00:00:57,059

know you're probably cringe at that but

20

00:01:02,060 --> 00:00:59,460

as far as ufology sponce owned he's the

21

00:01:04,369 --> 00:01:02,070

most notable researcher there even

22

00:01:06,830 --> 00:01:04,379

suggest Britain's leading researcher on

23

00:01:08,450 --> 00:01:06,840

the Rendlesham forest incidents he

24

00:01:11,359 --> 00:01:08,460

speaks to many of the witnesses both

25

00:01:13,609 --> 00:01:11,369

public and not public and has all the

26

00:01:16,550 --> 00:01:13,619

knowable teas and eyes crossed and

27

00:01:18,890 --> 00:01:16,560

continues to unearth new bits and people

28

00:01:21,469 --> 00:01:18,900

and there's PC incidents together better

29

00:01:22,820 --> 00:01:21,479

than anyone I know at least so if you

30

00:01:24,440 --> 00:01:22,830

want to know something about the

31

00:01:26,090 --> 00:01:24,450

incidents then I think you should pay

32

00:01:28,850 --> 00:01:26,100

attention to my good friend Ronnie don't

33

00:01:30,950 --> 00:01:28,860

down welcome to the show really thank

34

00:01:38,539 --> 00:01:30,960

you for that - oh yes you did have me

35

00:01:40,580 --> 00:01:38,549

cringing I don't know as anything

36

00:01:42,740 --> 00:01:40,590

really and I just do my own thing and I

37

00:01:45,830 --> 00:01:42,750

try not to get involved with all the

38

00:01:49,670 --> 00:01:45,840

politics of it you know there's plenty

39

00:01:52,190 --> 00:01:49,680

of people who claim to be leading

40

00:02:00,260 --> 00:01:52,200

researchers of this Matt and I'll then

41

00:02:02,179 --> 00:02:00,270

go on yeah so I mean these incidents are

42

00:02:04,370 --> 00:02:02,189

completely fraught with controversy out

43

00:02:07,490 --> 00:02:04,380

there and there's discuss between all of

44

00:02:08,419 --> 00:02:07,500

the witnesses for a multitude of reasons

45

00:02:10,309 --> 00:02:08,429

really

46

00:02:12,830 --> 00:02:10,319

the company's definitely split and

47

00:02:16,970 --> 00:02:12,840

everyone has different ideas about what

48

00:02:20,539 --> 00:02:16,980

happened and you know that Christmas

49

00:02:23,839 --> 00:02:20,549

weekend but one thing that no one can

50

00:02:26,390 --> 00:02:23,849

argue with is how the IRF are al rifai

51
00:02:27,530 --> 00:02:26,400
whistle was really blown which is

52
00:02:29,479 --> 00:02:27,540
actually the title of a brilliant

53
00:02:32,509 --> 00:02:29,489
article that you Robert just I stood on

54
00:02:33,860 --> 00:02:32,519
my pond actually and this one personally

55
00:02:36,140 --> 00:02:33,870
was trying to take credit for all of

56
00:02:39,020 --> 00:02:36,150
this and he's been debunked over and

57
00:02:41,629 --> 00:02:39,030
over and over again by you me Georgina

58
00:02:43,210 --> 00:02:41,639
Bruni Linda Moulton Howe James Easton I

59
00:02:46,009 --> 00:02:43,220
mean the list goes on

60
00:02:47,509 --> 00:02:46,019
Larry claims that he got the memo out it

61
00:02:49,550 --> 00:02:47,519
couldn't got the tape out into the

62
00:02:52,369 --> 00:02:49,560
public but that's not true is it

63
00:02:54,289 --> 00:02:52,379

no I mean it probably played a part in

64

00:02:57,110 --> 00:02:54,299

that I'm sure he did play a small part

65

00:02:59,830 --> 00:02:57,120

in that but he claims that he'd done

66

00:03:01,970 --> 00:02:59,840

everything which we know he didn't know

67

00:03:04,520 --> 00:03:01,980

there was a lot of people involved with

68

00:03:07,460 --> 00:03:04,530

getting the getting the memo out and the

69

00:03:09,619 --> 00:03:07,470

tape out especially I mean he asked dot

70

00:03:12,199 --> 00:03:09,629

who where to get the tape from to how

71

00:03:15,470 --> 00:03:12,209

could he be God I he got the tape when

72

00:03:19,009 --> 00:03:15,480

he went to Japan you know that was

73

00:03:20,509 --> 00:03:19,019

already not been circulating in the

74

00:03:22,430 --> 00:03:20,519

public domain but they were certainly

75

00:03:26,030 --> 00:03:22,440

out there I think the first person to

76

00:03:29,240 --> 00:03:26,040

get it was Harry Harris yeah you know he

77

00:03:32,330 --> 00:03:29,250

got his from and won the the years

78

00:03:35,509 --> 00:03:32,340

offices in America whether that was

79

00:03:37,580 --> 00:03:35,519

intentionally and proud to him we don't

80

00:03:40,369 --> 00:03:37,590

really know about Colonel Hall had to

81

00:03:43,520 --> 00:03:40,379

take when when Harry Harris went to Bent

82

00:03:43,849 --> 00:03:43,530

Wars and added me and with them Colonel

83

00:03:46,009 --> 00:03:43,859

holt

84

00:03:47,960 --> 00:03:46,019

they were teased with bit latecha they

85

00:03:50,589 --> 00:03:47,970

knew there was a tape out there just get

86

00:03:53,780 --> 00:03:50,599

hold of him you know the difficult thing

87

00:03:59,289 --> 00:03:53,790

so Harry Harris got a copy first then

88

00:04:03,409 --> 00:03:59,299

and got street she got copy of the tape

89

00:04:04,479 --> 00:04:03,419

so no fellow I want to say got a bear

90

00:04:08,569 --> 00:04:04,489

it's nonsense

91

00:04:11,509 --> 00:04:08,579

no I know there was you well dot and

92

00:04:13,580 --> 00:04:11,519

Brenda did an amazing job of cataloging

93

00:04:16,129 --> 00:04:13,590

every single thing right from the

94

00:04:19,310 --> 00:04:16,139

beginning didn't they with the recording

95

00:04:22,430 --> 00:04:19,320

phone calls etc I mean both of them had

96

00:04:24,410 --> 00:04:22,440

extortion phone bills to pay

97

00:04:26,240 --> 00:04:24,420

yeah I think Dodd was the one who had

98

00:04:30,220 --> 00:04:26,250

the extortionate phone bill she liked to

99

00:04:32,330 --> 00:04:30,230

talk a lot and she yeah and she was M

100

00:04:34,760 --> 00:04:32,340

ringing backwards from towards to the

101
00:04:38,030 --> 00:04:34,770
states because she was interacting with

102
00:04:41,690 --> 00:04:38,040
them Greenwood and thought oh it's on so

103
00:04:43,700 --> 00:04:41,700
you know member but phone call I mean I

104
00:04:45,590 --> 00:04:43,710
was just coming out the Merchant Navy at

105
00:04:47,600 --> 00:04:45,600
that time and phone calls him to my mum

106
00:04:51,110 --> 00:04:47,610
from New Zealand cost of weeks wages you

107
00:04:52,580 --> 00:04:51,120
know there's ridiculous Wow you know

108
00:05:03,710 --> 00:04:52,590
there weren't no cheap like we have no

109
00:05:06,620 --> 00:05:03,720
Skype nothing like that yep when I

110
00:05:08,060 --> 00:05:06,630
string the local pub up and then someone

111
00:05:10,040 --> 00:05:08,070
in the pub have to run down the road to

112
00:05:11,570 --> 00:05:10,050
get my man and mum would run back and

113
00:05:17,150 --> 00:05:11,580

then we'd have a conversation for about

114

00:05:18,890 --> 00:05:17,160

five minutes I could remember people

115

00:05:23,810 --> 00:05:18,900

having them locks on the cell phones oh

116

00:05:25,340 --> 00:05:23,820

yeah we do know you could once you got

117

00:05:27,680 --> 00:05:25,350

to know if you had one then lots on you

118

00:05:31,040 --> 00:05:27,690

could tap the number I just have to tap

119

00:05:34,070 --> 00:05:31,050

like nine nine for nine dots per nought

120

00:05:38,480 --> 00:05:34,080

for nine and three for three and you

121

00:05:41,270 --> 00:05:38,490

could get phone call though easy mind

122

00:05:43,010 --> 00:05:41,280

much cheaper Skelly's we knew out to get

123

00:05:46,040 --> 00:05:43,020

free phone calls with the public phone

124

00:05:48,020 --> 00:05:46,050

call boxes anyway you know press button

125

00:05:49,820 --> 00:05:48,030

I used to stick a lollipop stick up

126
00:05:51,770 --> 00:05:49,830
there and trap the money and then go in

127
00:05:56,560 --> 00:05:51,780
there and get it all out short sweet

128
00:05:56,570 --> 00:06:00,380
[Laughter]

129
00:06:16,180 --> 00:06:04,490
so well I'm it was the conference

130
00:06:20,510 --> 00:06:18,530
yeah actually John did come on the

131
00:06:31,239 --> 00:06:20,520
markets Thornhill Bates a few days so it

132
00:06:34,839 --> 00:06:31,249
was good fun yeah so that was

133
00:06:36,759 --> 00:06:34,849
interesting evening actually because you

134
00:06:38,619 --> 00:06:36,769
went through the timeline didn't hear

135
00:06:40,839 --> 00:06:38,629
that your pace together with John yeah I

136
00:06:43,029 --> 00:06:40,849
try to Satya there's just so much there

137
00:06:44,739 --> 00:06:43,039
I mean and also that's difficult you

138
00:06:47,589 --> 00:06:44,749

can't really afford to leave anything

139

00:06:49,839 --> 00:06:47,599

like because some of the facts are in

140

00:06:52,679 --> 00:06:49,849

the in the in the bits you leave out

141

00:06:56,469 --> 00:06:52,689

details you need everything in there um

142

00:07:00,099 --> 00:06:56,479

how can you leave anything apart you

143

00:07:02,199 --> 00:07:00,109

know it's difficult because not everyone

144

00:07:04,169 --> 00:07:02,209

agrees on what they saw and people stood

145

00:07:07,119 --> 00:07:04,179

next to each other sorting things and

146

00:07:09,189 --> 00:07:07,129

you know whether that was because of the

147

00:07:10,899 --> 00:07:09,199

phenomena we don't know what happened to

148

00:07:13,809 --> 00:07:10,909

him afterwards maybe in the debrief and

149

00:07:15,459 --> 00:07:13,819

what's playing at their heads but you've

150

00:07:17,439 --> 00:07:15,469

got to give everyone side of what they

151

00:07:19,119 --> 00:07:17,449

saw you know I can't discount it you

152

00:07:20,829 --> 00:07:19,129

know just because you favor one person

153

00:07:26,589 --> 00:07:20,839

to the other you know you've got you've

154

00:07:29,619 --> 00:07:26,599

got you've got to love it they were

155

00:07:32,379 --> 00:07:29,629

never together anyway when Jim was with

156

00:07:36,549 --> 00:07:32,389

the objects John was not stood with him

157

00:07:38,919 --> 00:07:36,559

and you know and Jim wasn't with John

158

00:07:41,859 --> 00:07:38,929

and Halton Adrian the following night so

159

00:07:44,289 --> 00:07:41,869

there's a lot of parts where they didn't

160

00:07:47,559 --> 00:07:44,299

interact anyway so they have got

161

00:07:51,789 --> 00:07:47,569

completely different you know positions

162

00:07:53,619 --> 00:07:51,799

on everything because of yeah the way

163

00:07:55,509 --> 00:07:53,629

they remember it though was completely

164

00:07:58,809 --> 00:07:55,519

different underneath through taken and

165

00:08:01,569 --> 00:07:58,819

for instance John and Jim's

166

00:08:04,119 --> 00:08:01,579

sigh and also got bring it into this

167

00:08:07,119 --> 00:08:04,129

know Jim says that one sec was left as a

168

00:08:09,609 --> 00:08:07,129

relay he don't remember it like that he

169

00:08:12,129 --> 00:08:09,619

remembers being with him he he remembers

170

00:08:15,549 --> 00:08:12,139

seeing the bright white light in that

171

00:08:17,649 --> 00:08:15,559

and but obviously way we're hoping that

172

00:08:21,969 --> 00:08:17,659

the listeners understand a fair bit

173

00:08:24,100 --> 00:08:21,979

about things to me well yeah there was a

174

00:08:28,029 --> 00:08:24,110

part of the incident on their first

175

00:08:30,069 --> 00:08:28,039

night where they Jim and John and active

176

00:08:31,569 --> 00:08:30,079

on stack followed the lights into the

177

00:08:33,490 --> 00:08:31,579

forest they come across the berm and

178

00:08:38,110 --> 00:08:33,500

when they looked over they saw a bright

179

00:08:41,319 --> 00:08:38,120

white light named John remembers the

180

00:08:43,179 --> 00:08:41,329

light grown intensely bright and then

181

00:08:45,070 --> 00:08:43,189

hid in the deck and that's all he could

182

00:08:47,590 --> 00:08:45,080

remembers like when he came to so

183

00:08:49,690 --> 00:08:47,600

an orange ball of light disappear up

184

00:08:52,570 --> 00:08:49,700

over the trees mount to the coast and

185

00:08:57,460 --> 00:08:52,580

they follow that out then a Cuban sack

186

00:09:00,460 --> 00:08:57,470

says that John drew his side I'm on it

187

00:09:02,950 --> 00:09:00,470

and they all all all throughout in past

188

00:09:04,810 --> 00:09:02,960

name because Jim de médecine completely

189

00:09:07,420 --> 00:09:04,820

where he says he saw a lender craft

190

00:09:09,870 --> 00:09:07,430

there and walked round it and done his

191

00:09:14,470 --> 00:09:09,880

own Ricky and Rick down took photographs

192

00:09:28,810 --> 00:09:14,480

and the cliff sweater on the side and so

193

00:09:30,370 --> 00:09:28,820

you got three completely different but I

194

00:09:32,170 --> 00:09:30,380

really haven't actually paid any

195

00:09:36,220 --> 00:09:32,180

attention to it I will be speaking to

196

00:09:38,290 --> 00:09:36,230

Gary Osbourne soon yeah you can see that

197

00:09:41,020 --> 00:09:38,300

he's drawn these symbols and those

198

00:09:42,490 --> 00:09:41,030

symbols they you can tell that his hands

199

00:09:48,400 --> 00:09:42,500

are shaking like Marty's like he's

200

00:09:50,290 --> 00:09:48,410

pumped with adrenaline first yeah you

201
00:09:54,430 --> 00:09:50,300
know that when he drew the boy first

202
00:09:55,960 --> 00:09:54,440
yeah so you know I just for it's just

203
00:09:57,370 --> 00:09:55,970
little things like that that jump out at

204
00:09:58,870 --> 00:09:57,380
me and kind of lend a little bit of

205
00:10:03,090 --> 00:09:58,880
authenticity to these sort of things

206
00:10:06,340 --> 00:10:03,100
yeah so but well I'm not I heard this

207
00:10:07,960 --> 00:10:06,350
from what it's been saying this is is

208
00:10:09,880 --> 00:10:07,970
I've heard it before it's domine yeah

209
00:10:12,670 --> 00:10:09,890
well the thing with it he doesn't really

210
00:10:14,920 --> 00:10:12,680
come public as he keeps it stopped

211
00:10:17,410 --> 00:10:14,930
himself and he don't like to discuss it

212
00:10:19,540 --> 00:10:17,420
with anyone wasn't done me I think he

213
00:10:21,940 --> 00:10:19,550

can i he said a few words in the first

214

00:10:23,680 --> 00:10:21,950

CNN documentary and that was it because

215

00:10:27,370 --> 00:10:23,690

something happened after that when he

216

00:10:29,350 --> 00:10:27,380

came out he started to talk about the

217

00:10:31,270 --> 00:10:29,360

incident and next thing you know his

218

00:10:33,700 --> 00:10:31,280

business was being investigated by the

219

00:10:36,580 --> 00:10:33,710

IRS you know that the Inland Revenue

220

00:10:38,140 --> 00:10:36,590

over there and he always thought that

221

00:10:41,320 --> 00:10:38,150

was connected that was because he spoke

222

00:10:44,080 --> 00:10:41,330

and so whether that was the reason or

223

00:10:46,630 --> 00:10:44,090

whether he was just terrified still of

224

00:10:48,070 --> 00:10:46,640

not knowing really what happened we

225

00:10:51,520 --> 00:10:48,080

don't know because the thing was with it

226

00:10:53,050 --> 00:10:51,530

he remembers the beginning he remembers

227

00:10:55,270 --> 00:10:53,060

the end when he ends up on

228

00:10:57,880 --> 00:10:55,280

borough Hill with John burrows that's in

229

00:10:59,049 --> 00:10:57,890

this statement overlooking the estuary

230

00:11:01,029 --> 00:10:59,059

where the lighthouse

231

00:11:03,549 --> 00:11:01,039

look he can't remember to bet in the

232

00:11:06,789 --> 00:11:03,559

middle and all the witnesses they've all

233

00:11:09,339 --> 00:11:06,799

got this problem with memory and when

234

00:11:12,459 --> 00:11:09,349

John had his incident with Adrian bust

235

00:11:14,619 --> 00:11:12,469

Inza which is when the whole part is

236

00:11:17,769 --> 00:11:14,629

then coming back from their incident and

237

00:11:19,509 --> 00:11:17,779

they meet up with John who's them we're

238

00:11:21,489 --> 00:11:19,519

not absolutely sure but we'll just say

239

00:11:22,659 --> 00:11:21,499

in a part of the forest perhaps the

240

00:11:26,979 --> 00:11:22,669

landing stage

241

00:11:29,619 --> 00:11:26,989

the young the landing post what's the

242

00:11:30,519 --> 00:11:29,629

word where all the trucks were kept that

243

00:11:31,719 --> 00:11:30,529

could have been there that could have

244

00:11:33,909 --> 00:11:31,729

been somewhere else no one's really

245

00:11:36,279 --> 00:11:33,919

certain I think Adrian holds the key to

246

00:11:38,769 --> 00:11:36,289

that and they went forward and they had

247

00:11:40,299 --> 00:11:38,779

another incident where John was involved

248

00:11:43,449 --> 00:11:40,309

and enveloped with light and disappeared

249

00:11:46,359 --> 00:11:43,459

and then a being temporary saw a

250

00:11:48,249 --> 00:11:46,369

triangular craft there and then next

251
00:11:50,019 --> 00:11:48,259
thing you know that's gone and John

252
00:11:52,509 --> 00:11:50,029
stood there me saying what happened

253
00:11:54,849 --> 00:11:52,519
they've been saying I don't know from

254
00:11:55,449 --> 00:11:54,859
that moment onwards for the next 14

255
00:11:57,309 --> 00:11:55,459
hours

256
00:11:59,499 --> 00:11:57,319
John can't remember anything and

257
00:12:01,089 --> 00:11:59,509
Adrian's give clues to say that you

258
00:12:03,819 --> 00:12:01,099
don't remember anything anyways because

259
00:12:06,129 --> 00:12:03,829
he said them in the past and he said to

260
00:12:07,869 --> 00:12:06,139
me that he has problems putting

261
00:12:10,239 --> 00:12:07,879
everything together and little bits keep

262
00:12:12,609 --> 00:12:10,249
coming back but he can't remember

263
00:12:14,919 --> 00:12:12,619

he knew he he remembers being back at

264

00:12:16,479 --> 00:12:14,929

the base afterwards he knew he must have

265

00:12:19,049 --> 00:12:16,489

bothered rid there or someone drugged

266

00:12:21,849 --> 00:12:19,059

him but you don't know how he got there

267

00:12:25,089 --> 00:12:21,859

then we got this other problem you see

268

00:12:27,579 --> 00:12:25,099

the whole tape finishes around about

269

00:12:30,269 --> 00:12:27,589

3:30 4 o'clock time 3 to 4 o'clock

270

00:12:33,459 --> 00:12:30,279

around about that time when he says this

271

00:12:35,949 --> 00:12:33,469

there's still them beans being shined

272

00:12:37,419 --> 00:12:35,959

down in the weapons storage area well

273

00:12:40,149 --> 00:12:37,429

there's no way you can see that from the

274

00:12:42,219 --> 00:12:40,159

Rendlesham forest anyway so Colonel Hall

275

00:12:43,749 --> 00:12:42,229

tells us that he knows that because he

276

00:12:48,099 --> 00:12:43,759

overheard but two chatter on the radio

277

00:12:49,599 --> 00:12:48,109

and so ok and but then he just says

278

00:12:52,659 --> 00:12:49,609

we're cold retired and no one's paying

279

00:12:56,139 --> 00:12:52,669

any attention so we went home I mean

280

00:12:59,259 --> 00:12:56,149

that seems a strange thing to do just to

281

00:13:03,159 --> 00:12:59,269

finish an investigation when there's

282

00:13:05,469 --> 00:13:03,169

unknown UFOs whatever they are flying

283

00:13:06,879 --> 00:13:05,479

over your weapon storage area and you

284

00:13:07,629 --> 00:13:06,889

just say you've gone home that just

285

00:13:12,339 --> 00:13:07,639

don't add up

286

00:13:13,300 --> 00:13:12,349

I wonder perhaps is there an area of the

287

00:13:15,249 --> 00:13:13,310

time

288

00:13:18,610 --> 00:13:15,259

from that moment onwards when Colonel

289

00:13:21,489 --> 00:13:18,620

Holt don't remember I mean he's never

290

00:13:24,540 --> 00:13:21,499

come forward and said there is but if

291

00:13:29,040 --> 00:13:24,550

there was that would explain awful lot

292

00:13:33,280 --> 00:13:29,050

yeah you see all were debriefed in a

293

00:13:35,290 --> 00:13:33,290

very uncomfortable way it wasn't just a

294

00:13:38,619 --> 00:13:35,300

sitting down and having a little chat it

295

00:13:40,900 --> 00:13:38,629

was right that was frightening yet and

296

00:13:43,480 --> 00:13:40,910

of course Colonel Holt says that you but

297

00:13:46,059 --> 00:13:43,490

he wasn't debriefed

298

00:13:52,179 --> 00:13:46,069

but the USO report says that he was

299

00:13:55,030 --> 00:13:52,189

debriefed twice so you know he would not

300

00:13:57,970 --> 00:13:55,040

Bend agreed I mean someone would know it

301
00:14:00,129 --> 00:13:57,980
would be unusual to to leave him out of

302
00:14:01,869 --> 00:14:00,139
it wouldn't it I mean wouldn't even make

303
00:14:06,179 --> 00:14:01,879
any sense that wouldn't make any City

304
00:14:12,549 --> 00:14:10,689
directing what's going on basically but

305
00:14:14,739 --> 00:14:12,559
yeah obviously it was an extremely

306
00:14:16,600 --> 00:14:14,749
unusual situation and not one that any

307
00:14:22,569 --> 00:14:16,610
of them would ever had any training for

308
00:14:24,369 --> 00:14:22,579
no train for anything like that I mean

309
00:14:26,499 --> 00:14:24,379
there was one of the things Jim

310
00:14:28,150 --> 00:14:26,509
Penniston said you know he was he was

311
00:14:30,610 --> 00:14:28,160
expecting the downed aircraft had been

312
00:14:33,220 --> 00:14:30,620
used to going out to downed aircraft and

313
00:14:35,290 --> 00:14:33,230

he was preparing for that right until

314

00:14:37,329 --> 00:14:35,300

you know they got close to the object

315

00:14:39,879 --> 00:14:37,339

and you know when you go out to a crash

316

00:14:42,730 --> 00:14:39,889

site there smells and there's certain

317

00:14:44,319 --> 00:14:42,740

sounds and and colors that come from

318

00:14:46,780 --> 00:14:44,329

there you know the burning wreckage and

319

00:14:48,790 --> 00:14:46,790

there was none of that you know but he

320

00:14:51,639 --> 00:14:48,800

weren't expecting to see what you know

321

00:14:53,350 --> 00:14:51,649

so you got taken her account they must

322

00:14:55,360 --> 00:14:53,360

have been in shock as well and shock

323

00:15:03,040 --> 00:14:55,370

does funny things do that does funny

324

00:15:06,519 --> 00:15:03,050

things to you don't--it shock in Wales

325

00:15:09,879 --> 00:15:06,529

there's big chunks missing for me yeah

326

00:15:13,230 --> 00:15:09,889

you know and I think that was just pure

327

00:15:15,730 --> 00:15:13,240

shock yeah um there's something that and

328

00:15:18,699 --> 00:15:15,740

effects yeah I mean I had a sighting

329

00:15:21,429 --> 00:15:18,709

when I was a kid and that was only about

330

00:15:23,559 --> 00:15:21,439

two years ago one of the girls who were

331

00:15:26,199 --> 00:15:23,569

in our again we was every man about 10

332

00:15:26,800 --> 00:15:26,209

12 years old one of the girls who was in

333

00:15:29,800 --> 00:15:26,810

our gang

334

00:15:32,290 --> 00:15:29,810

I didn't even and think she was there at

335

00:15:35,500 --> 00:15:32,300

the time I can't say who was there she

336

00:15:37,480 --> 00:15:35,510

contacted me on Facebook and added me

337

00:15:40,900 --> 00:15:37,490

and so like I snuck the boat with their

338

00:15:42,430 --> 00:15:40,910

older brothers and I'm asking you after

339

00:15:45,100 --> 00:15:42,440

pleasantries how you're doing what you

340

00:15:49,690 --> 00:15:45,110

doing now and then she comes up with her

341

00:15:52,329 --> 00:15:49,700

you know she drops the bomb on me did I

342

00:15:54,400 --> 00:15:52,339

imagine or did we barely see a UFO and

343

00:15:58,960 --> 00:15:54,410

then that just hit me you know they

344

00:16:01,510 --> 00:15:58,970

suppress that will amuse and you know

345

00:16:11,950 --> 00:16:01,520

that was a wine moment you know that

346

00:16:14,350 --> 00:16:11,960

will come back to me yeah I mean I've

347

00:16:15,880 --> 00:16:14,360

heard people say they you know then

348

00:16:17,650 --> 00:16:15,890

blocking things that you mind and I

349

00:16:19,600 --> 00:16:17,660

thought well how can you but I mean I'd

350

00:16:21,070 --> 00:16:19,610

put it right out in the mind a lot of

351

00:16:26,050 --> 00:16:21,080

things that come back to me piece by

352

00:16:27,640 --> 00:16:26,060

piece since then and you know you know I

353

00:16:29,620 --> 00:16:27,650

asked her to describe it and I was

354

00:16:31,450 --> 00:16:29,630

exactly I live I'm out didn't put any

355

00:16:34,600 --> 00:16:31,460

ideas in their head and she described it

356

00:16:36,760 --> 00:16:34,610

moment the moment I'm still not sure who

357

00:16:38,560 --> 00:16:36,770

the other kids were one of them might

358

00:16:41,050 --> 00:16:38,570

even be my sister I can't remember

359

00:16:42,910 --> 00:16:41,060

because at the back of our house was a

360

00:16:46,990 --> 00:16:42,920

filled with swings on you know where

361

00:16:49,450 --> 00:16:47,000

kids play and this was in a and a corn

362

00:16:52,870 --> 00:16:49,460

field was stubbled the corn had been cut

363

00:16:55,510 --> 00:16:52,880

and I happened there and I can't

364

00:16:57,430 --> 00:16:55,520

understand why no one else boy you know

365

00:16:59,500 --> 00:16:57,440

all the houses over look at why the

366

00:17:01,810 --> 00:16:59,510

parents didn't say and I can't

367

00:17:06,540 --> 00:17:01,820

understand why no one spoke about it we

368

00:17:11,800 --> 00:17:09,400

so L mean is it shot or is it something

369

00:17:20,110 --> 00:17:11,810

that the phenomena does does to make us

370

00:17:22,600 --> 00:17:20,120

forget yeah I have to say and I

371

00:17:24,579 --> 00:17:22,610

apologize my poor out dogs not very well

372

00:17:26,949 --> 00:17:24,589

and I've had to come in this fair room

373

00:17:29,200 --> 00:17:26,959

to speak to you /f because I've gotten

374

00:17:31,510 --> 00:17:29,210

to Avery's and slightest bit like it'll

375

00:17:33,700 --> 00:17:31,520

set them off singing and he's not - well

376

00:17:35,800 --> 00:17:33,710

sorry only snoring or fart and all grunt

377

00:17:38,700 --> 00:17:35,810

and that's just one poor old dog boys

378

00:18:04,780 --> 00:17:51,160

yes getting on more Christmas cards than

379

00:18:06,790 --> 00:18:04,790

I did so where are we we job well I

380

00:18:08,620 --> 00:18:06,800

think he's still looking for it I know

381

00:18:11,850 --> 00:18:08,630

he's still looking into the scientific

382

00:18:13,900 --> 00:18:11,860

part of it trying to find them you know

383

00:18:17,170 --> 00:18:13,910

trying to find it what happened really

384

00:18:18,490 --> 00:18:17,180

and and but I think you'll find he's

385

00:18:20,380 --> 00:18:18,500

gonna keep his head down for a little

386

00:18:24,100 --> 00:18:20,390

while I mean there's lots there's lots

387

00:18:26,470 --> 00:18:24,110

going on and I think he said he's

388

00:18:29,620 --> 00:18:26,480

realized that the best way to deal with

389

00:18:34,060 --> 00:18:29,630

it is not by getting on Facebook and

390

00:18:36,220 --> 00:18:34,070

have no eyebrows he's try meditation as

391

00:18:39,940 --> 00:18:36,230

a way to get unlock what's happened to

392

00:18:42,730 --> 00:18:39,950

him so and I think you know he's getting

393

00:18:45,910 --> 00:18:42,740

some peace from that at least I know

394

00:18:48,610 --> 00:18:45,920

he's helping other people who's who were

395

00:19:01,750 --> 00:18:48,620

affected by the the incidents that

396

00:19:03,640 --> 00:19:01,760

renders him so I mean that's what it

397

00:19:05,860 --> 00:19:03,650

said so there you go

398

00:19:08,320 --> 00:19:05,870

I mean that wasn't easy a lot of people

399

00:19:10,780 --> 00:19:08,330

go involved with getting that settlement

400

00:19:13,660 --> 00:19:10,790

and maybe some of the listeners don't

401

00:19:15,330 --> 00:19:13,670

realize that and and General Gordon when

402

00:19:19,900 --> 00:19:15,340

Williams who just passed away recently

403

00:19:22,570 --> 00:19:19,910

even really and in this support I know

404

00:19:24,610 --> 00:19:22,580

Colonel Holt did as well so and you know

405

00:19:27,760 --> 00:19:24,620

there's a lot of people stood up to the

406

00:19:29,320 --> 00:19:27,770

plate helped him get it but I think he

407

00:19:31,240 --> 00:19:29,330

pushed the right buttons and ask the

408

00:19:34,690 --> 00:19:31,250

right questions maybe they knew that

409

00:19:40,120 --> 00:19:34,700

John went on a go away and I think he

410

00:19:42,250 --> 00:19:40,130

holds them how can I say this I think

411

00:19:43,870 --> 00:19:42,260

they need more at John and watch on

412

00:19:48,270 --> 00:19:43,880

these at the end I think they needed to

413

00:19:55,260 --> 00:19:53,940

I mean isn't that I think she nice if

414

00:20:02,340 --> 00:19:55,270

you're gonna pay somebody for damage

415

00:20:04,680 --> 00:20:02,350

done yeah yeah I didn't think I'm so

416

00:20:06,450 --> 00:20:04,690

much him the the money settlement he

417

00:20:11,340 --> 00:20:06,460

needs a treatment and you need to quit

418

00:20:13,680 --> 00:20:11,350

John was dying he was some when he went

419

00:20:15,330 --> 00:20:13,690

down to and that was when Gordon

420

00:20:18,300 --> 00:20:15,340

Williams went to see him not the day

421

00:20:21,510 --> 00:20:18,310

before he had his surgery I mean he

422

00:20:23,310 --> 00:20:21,520

weren't expected to make it yeah I mean

423

00:20:26,490 --> 00:20:23,320

yeah hit the valves in his heart were

424

00:20:27,810 --> 00:20:26,500

completely absolutely shot away and I

425

00:20:32,490 --> 00:20:27,820

mean he's not a hundred cent

426

00:20:34,560 --> 00:20:32,500

well no but he's still you know pretty

427

00:20:51,450 --> 00:20:34,570

pretty fitting the like when we saw him

428

00:20:56,360 --> 00:20:51,460

especially but I was backing the idea

429

00:21:00,030 --> 00:20:56,370

you know I was absolutely incorrect in

430

00:21:02,430 --> 00:21:00,040

this in my stance on what was going on

431

00:21:04,980 --> 00:21:02,440

you know some people could say it's none

432

00:21:06,930 --> 00:21:04,990

of my business but yeah it's none of

433

00:21:09,750 --> 00:21:06,940

anybody's business really is it that so

434

00:21:12,120 --> 00:21:09,760

many people are looking at it I don't

435

00:21:16,380 --> 00:21:12,130

know I mean so in the middle of it all

436

00:21:18,510 --> 00:21:16,390

really well I guess with believing in

437

00:21:20,610 --> 00:21:18,520

Larry Warren and believe in his version

438

00:21:22,050 --> 00:21:20,620

of events so it's gonna get everybody's

439

00:21:22,680 --> 00:21:22,060

backup because they all knew that it

440

00:21:25,770 --> 00:21:22,690

wasn't

441

00:21:27,540 --> 00:21:25,780

yeah and we can understand that no

442

00:21:29,220 --> 00:21:27,550

slasher but I mean I was with you when

443

00:21:31,410 --> 00:21:29,230

Larry Warren we were as biggest

444

00:21:33,060 --> 00:21:31,420

supporters no two ways about that and I

445

00:21:35,430 --> 00:21:33,070

did I did because I believed everything

446

00:21:37,290 --> 00:21:35,440

was in lefties game you know I like

447

00:21:39,390 --> 00:21:37,300

Peter Robbins very much I like Larry

448

00:21:41,910 --> 00:21:39,400

very much you know I thought it was a

449

00:21:43,860 --> 00:21:41,920

great person you know I know different

450

00:21:47,070 --> 00:21:43,870

now yes in there there's a side of him I

451
00:21:50,700 --> 00:21:47,080
wouldn't monster you know it's not so

452
00:21:53,340 --> 00:21:50,710
you know but we believed in and you know

453
00:21:57,180 --> 00:21:53,350
I come here to her head with John and

454
00:21:58,710 --> 00:21:57,190
Jim I suppose I was a good friend of

455
00:22:01,250 --> 00:21:58,720
Jim's at one time I suppose that's

456
00:22:04,290 --> 00:22:01,260
because I supported Larry Warren and ask

457
00:22:06,060 --> 00:22:04,300
questions you know or support him that

458
00:22:07,890 --> 00:22:06,070
our friendship ended you know which is

459
00:22:11,580 --> 00:22:07,900
just one of them sad things intifada

460
00:22:15,810 --> 00:22:11,590
again and he did recognize that I knew

461
00:22:19,980 --> 00:22:15,820
quite a bit about Rendlesham and know

462
00:22:21,540 --> 00:22:19,990
they again we can't you know live in the

463
00:22:23,820 --> 00:22:21,550

past then I think you've done a good job

464

00:22:26,670 --> 00:22:23,830

of debunking the Larry one store if

465

00:22:28,200 --> 00:22:26,680

anyone believe it now you know after all

466

00:22:30,060 --> 00:22:28,210

the evidence you've piled them for

467

00:22:37,410 --> 00:22:30,070

people to say there's no evidence wrong

468

00:22:39,450 --> 00:22:37,420

I just that's just crazy I mean any any

469

00:22:41,460 --> 00:22:39,460

film you know my 16 year old daughter

470

00:22:43,920 --> 00:22:41,470

read through your blog and said my

471

00:22:54,240 --> 00:22:43,930

choice and people are still saying no

472

00:22:56,700 --> 00:22:54,250

that they believe him gary has some time

473

00:22:58,950 --> 00:22:56,710

keep saying it's my it's just opinion

474

00:23:03,120 --> 00:22:58,960

there's no evidence it's not opinion at

475

00:23:05,450 --> 00:23:03,130

all it's his him yeah endless videos and

476

00:23:09,210 --> 00:23:05,460

the snippets of radio shows and

477

00:23:13,770 --> 00:23:09,220

conference talks of him speaking and

478

00:23:16,350 --> 00:23:13,780

saying different opinions so the moment

479

00:23:18,600 --> 00:23:16,360

I realized that things weren't right was

480

00:23:21,120 --> 00:23:18,610

the moment when Larry Warren starts

481

00:23:22,470 --> 00:23:21,130

lying about me because you know yourself

482

00:23:25,020 --> 00:23:22,480

what the truth is don't you about

483

00:23:29,040 --> 00:23:25,030

yourself and when people start doing

484

00:23:31,770 --> 00:23:29,050

public and lying bare face line you

485

00:23:33,420 --> 00:23:31,780

think well if you can lie about that how

486

00:23:35,220 --> 00:23:33,430

do I know he lied about that and that

487

00:23:36,259 --> 00:23:35,230

and that and that and that made me

488

00:23:37,820 --> 00:23:36,269

really start

489

00:23:40,959 --> 00:23:37,830

looking in and I think we both started

490

00:23:43,549 --> 00:23:40,969

digging at the same time and and and

491

00:23:45,379 --> 00:23:43,559

things come to light then don't he well

492

00:23:47,839 --> 00:23:45,389

this don't add up that don't add up and

493

00:23:49,219 --> 00:23:47,849

cuz we're a public enemy number one then

494

00:23:54,949 --> 00:23:49,229

because I mean he picked on the wrong

495

00:23:58,070 --> 00:23:54,959

team I mean I would fall fairly in

496

00:24:05,539 --> 00:23:58,080

session because I know that something

497

00:24:07,279 --> 00:24:05,549

you get your teeth into it and he was

498

00:24:09,649 --> 00:24:07,289

going on radio shows saying that

499

00:24:12,529 --> 00:24:09,659

obviously splotage he'd met on internet

500

00:24:15,019 --> 00:24:12,539

Nick he didn't know me and yet a few

501
00:24:18,799 --> 00:24:15,029
months before he was in reducer he

502
00:24:20,329 --> 00:24:18,809
wanted me to be M introduced filmed he

503
00:24:22,269 --> 00:24:20,339
wanted to introduced me to film

504
00:24:25,009 --> 00:24:22,279
producers because he was worried that

505
00:24:27,859 --> 00:24:25,019
Peter Robbins would mess things up and

506
00:24:31,699 --> 00:24:27,869
he was introduced he wanted me to be on

507
00:24:33,919 --> 00:24:31,709
their their set of them TV documentaries

508
00:24:36,829 --> 00:24:33,929
and he wanted me to be there and then

509
00:24:38,810 --> 00:24:36,839
all of a sudden he's saying but cuz the

510
00:24:40,999 --> 00:24:38,820
thing what brought all extra head push

511
00:24:42,769 --> 00:24:41,009
because like after I helped him I lent

512
00:25:03,399 --> 00:24:42,779
you money and they come a time when I

513
00:25:18,680 --> 00:25:09,099

yeah when we had to chase him around

514

00:25:21,549 --> 00:25:18,690

because and we were about to be left

515

00:25:25,279 --> 00:25:21,559

with no TV no internet and no telephone

516

00:25:27,079 --> 00:25:25,289

because of him here you know if he said

517

00:25:29,899 --> 00:25:27,089

he was gonna pay for it we would have

518

00:25:40,609 --> 00:25:29,909

got the money together for it but he was

519

00:25:41,659 --> 00:25:40,619

alright now you know yeah well I don't

520

00:25:44,180 --> 00:25:41,669

think I was the only one that he

521

00:25:46,009 --> 00:25:44,190

borrowed money off but I thought he was

522

00:25:48,069 --> 00:25:46,019

my friend you know and not linking money

523

00:25:50,060 --> 00:25:48,079

in the past and got it back eventually

524

00:25:51,740 --> 00:25:50,070

but this time that

525

00:25:54,620 --> 00:25:51,750

on a year and he'd made no attempt to

526

00:25:57,470 --> 00:25:54,630

pay a penny back at all then I got word

527

00:25:59,540 --> 00:25:57,480

that he'd sold some memorabilia and that

528

00:26:00,890 --> 00:25:59,550

he had wads of cash and I felt right I'm

529

00:26:03,650 --> 00:26:00,900

going after it now and that's from that

530

00:26:05,450 --> 00:26:03,660

moment on when I I got it back

531

00:26:08,510 --> 00:26:05,460

he paid it in the bank on which the next

532

00:26:11,390 --> 00:26:08,520

day so he had the money but was from

533

00:26:14,780 --> 00:26:11,400

that moment on all the vile texts and

534

00:26:17,450 --> 00:26:14,790

messages and stuff started saying there

535

00:26:18,800 --> 00:26:17,460

you go if you know father lost that

536

00:26:21,440 --> 00:26:18,810

money that would have been a small price

537

00:26:44,420 --> 00:26:21,450

and price to pay to know what sort of

538

00:26:47,180 --> 00:26:44,430

person he was but you know because my

539

00:27:02,930 --> 00:26:47,190

dad has PTSD from actual combat and

540

00:27:04,880 --> 00:27:02,940

actually getting shot yeah well cause

541

00:27:08,420 --> 00:27:04,890

see the thing is in 1980

542

00:27:10,220 --> 00:27:08,430

you could you could say anything 1983

543

00:27:12,650 --> 00:27:10,230

you never dubs new Internet

544

00:27:15,650 --> 00:27:12,660

there's no way checking up on things you

545

00:27:17,990 --> 00:27:15,660

know but then this marvelous thing came

546

00:27:20,870 --> 00:27:18,000

out called the World Wide Web all of a

547

00:27:23,120 --> 00:27:20,880

sudden everything's checkable and people

548

00:27:26,600 --> 00:27:23,130

become public you know and so all these

549

00:27:29,870 --> 00:27:26,610

names they banded about of a sudden like

550

00:27:31,700 --> 00:27:29,880

you're able to check with them and then

551

00:27:35,360 --> 00:27:31,710

you find things aren't quite right you

552

00:27:36,950 --> 00:27:35,370

know and once you start digging the hole

553

00:27:49,070 --> 00:27:36,960

for yourself that's a job to get out of

554

00:27:49,080 --> 00:27:52,950

[Music]

555

00:27:56,789 --> 00:27:54,750

okay you think pastors weapons training

556

00:27:59,580 --> 00:27:56,799

because he was morning to steeple plume

557

00:28:01,049 --> 00:27:59,590

about having disability in his wrist so

558

00:28:03,000 --> 00:28:01,059

why would that come on

559

00:28:04,950 --> 00:28:03,010

how would that you know come about would

560

00:28:06,630 --> 00:28:04,960

it can you from trying to fire weapon

561

00:28:09,299 --> 00:28:06,640

and you just can't do it because you

562

00:28:12,269 --> 00:28:09,309

crack but you're not going to admit to

563

00:28:13,620 --> 00:28:12,279

it still it can't be that you just not

564

00:28:15,720 --> 00:28:13,630

good at it and you can't be bothered to

565

00:28:17,010 --> 00:28:15,730

practice and get good at it it's gonna

566

00:28:20,070 --> 00:28:17,020

be something wrong

567

00:28:23,480 --> 00:28:20,080

you know there's because that's what

568

00:28:26,070 --> 00:28:23,490

he's like unique it's never his fault so

569

00:28:27,630 --> 00:28:26,080

steple overseeing them that seeing dr.

570

00:28:30,630 --> 00:28:27,640

Eccles about his wrist

571

00:28:33,330 --> 00:28:30,640

I just think well I think these wagon is

572

00:28:35,159 --> 00:28:33,340

in this man he couldn't fire his weapon

573

00:28:36,960 --> 00:28:35,169

so I didn't pass weapons training so he

574

00:28:40,470 --> 00:28:36,970

probably never was on do you think

575

00:28:43,620 --> 00:28:40,480

and if listen to militia when they

576

00:28:47,970 --> 00:28:43,630

fought it out from his own words his

577

00:28:50,669 --> 00:28:47,980

time line even been on duty so this one

578

00:28:53,549 --> 00:28:50,679

no no I mean the thing is well it would

579

00:28:54,990 --> 00:28:53,559

left at Eastgate such a they had 17

580

00:28:57,960 --> 00:28:55,000

years to get your story straight

581

00:29:00,330 --> 00:28:57,970

and within that 17 years North a lot of

582

00:29:02,669 --> 00:29:00,340

information came eight a lot came out

583

00:29:04,019 --> 00:29:02,679

from UK investigators that was bounded

584

00:29:07,710 --> 00:29:04,029

backwards and thoughts to the state

585

00:29:11,669 --> 00:29:07,720

through an greenwood enforcer so the

586

00:29:15,240 --> 00:29:11,679

story was able to revolve so by the time

587

00:29:16,950 --> 00:29:15,250

left east they came out and which i

588

00:29:19,830 --> 00:29:16,960

think that took him over 10 years turn

589

00:29:21,779 --> 00:29:19,840

to get the birth of a guy he should have

590

00:29:23,029 --> 00:29:21,789

got his story straight and he's failed

591

00:29:25,980 --> 00:29:23,039

at the first jump

592

00:29:30,389 --> 00:29:25,990

according to left at Eastgate on the

593

00:29:32,549 --> 00:29:30,399

morning of the 28th he they came back

594

00:29:33,600 --> 00:29:32,559

from Germany on the 27th on the morning

595

00:29:35,519 --> 00:29:33,610

of the 28th

596

00:29:38,610 --> 00:29:35,529

he went to hips which town and then

597

00:29:41,310 --> 00:29:38,620

there's absolutely cock-and-bull story

598

00:29:43,830 --> 00:29:41,320

about how he went to ax music and argued

599

00:29:47,039 --> 00:29:43,840

with the Arab owner over a Marshall

600

00:29:49,440 --> 00:29:47,049

amplifier and the whole story and it's

601
00:29:51,240 --> 00:29:49,450
just a put him in there in the place you

602
00:29:54,180 --> 00:29:51,250
got member by the time that book was

603
00:29:56,580 --> 00:29:54,190
written the halt memo was out and what

604
00:30:00,870 --> 00:29:56,590
date did they have in in there for halts

605
00:30:04,710 --> 00:30:00,880
and was the 27th weren't it it was so he

606
00:30:06,540 --> 00:30:04,720
messed up he I think he changed the

607
00:30:10,380 --> 00:30:06,550
story to fit in with out

608
00:30:13,110 --> 00:30:10,390
um yeah well because when he was talking

609
00:30:15,630 --> 00:30:13,120
to faceting Greenwood he said virtually

610
00:30:17,210 --> 00:30:15,640
every everyone thought I'm just the 30th

611
00:30:19,920 --> 00:30:17,220
I mean if you look at all the early

612
00:30:22,410 --> 00:30:19,930
documentation in the early articles that

613
00:30:24,390 --> 00:30:22,420

were written the Omni article and

614

00:30:26,700 --> 00:30:24,400

everything there was no one was really

615

00:30:28,650 --> 00:30:26,710

sure of the dates worthy they would um I

616

00:30:30,870 --> 00:30:28,660

think once someone say a date and

617

00:30:32,340 --> 00:30:30,880

another one copies it you know one word

618

00:30:35,490 --> 00:30:32,350

like in the Omni magazine

619

00:30:37,470 --> 00:30:35,500

Jenny Randall's put in there and in the

620

00:30:41,040 --> 00:30:37,480

Flying Saucer reviews there is so then

621

00:30:42,780 --> 00:30:41,050

Yami bashira he he writes the 30th and

622

00:30:45,330 --> 00:30:42,790

next thing you know that's cuz no one

623

00:30:47,700 --> 00:30:45,340

was really certain I mean what Larry

624

00:30:50,640 --> 00:30:47,710

said in the early days I was near to New

625

00:30:52,440 --> 00:30:50,650

Year's and models for Christmas so but

626
00:30:54,090 --> 00:30:52,450
then you've got the story which we found

627
00:30:56,400 --> 00:30:54,100
out to be untrue because we researched

628
00:30:59,790 --> 00:30:56,410
that well and we found a bloke who and

629
00:31:01,530 --> 00:30:59,800
acts music and they won't never open on

630
00:31:04,680 --> 00:31:01,540
the son he never did in fact Sunday

631
00:31:06,810 --> 00:31:04,690
trading was illegal till 1994 he there

632
00:31:09,300 --> 00:31:06,820
was definitely no Arab for owner and he

633
00:31:11,430 --> 00:31:09,310
didn't haggle they remember and they did

634
00:31:13,830 --> 00:31:11,440
sell Marshall amplifiers but there

635
00:31:15,330 --> 00:31:13,840
weren't on Church Street anyway and the

636
00:31:18,000 --> 00:31:15,340
shop on Church Street just sold records

637
00:31:20,820 --> 00:31:18,010
so that was a lie weren't it that story

638
00:31:23,580 --> 00:31:20,830

was a lie to put him in that and to make

639

00:31:26,430 --> 00:31:23,590

his story believable and that's what he

640

00:31:31,110 --> 00:31:26,440

does he's a good talker convinces people

641

00:31:33,660 --> 00:31:31,120

I mean talk about a good liar I mean it

642

00:31:34,680 --> 00:31:33,670

rolls off his tongue and you're well it

643

00:31:37,980 --> 00:31:34,690

must be true

644

00:31:39,990 --> 00:31:37,990

you know and people say story never

645

00:31:45,960 --> 00:31:40,000

changed well they ain't reading the same

646

00:31:49,200 --> 00:31:45,970

information I am well if you read the

647

00:31:51,060 --> 00:31:49,210

book that's all bull Zinta I know but

648

00:31:55,650 --> 00:31:51,070

the best thing that I found recently

649

00:32:00,930 --> 00:31:55,660

wears him saying move on 2010 things

650

00:32:02,460 --> 00:32:00,940

that and there was no no handshake there

651

00:32:05,040 --> 00:32:02,470

was no communication with daily

652

00:32:08,160 --> 00:32:05,050

especially didn't cry after this he flew

653

00:32:10,230 --> 00:32:08,170

away and you know I know and he said and

654

00:32:12,270 --> 00:32:10,240

all that stuff that's yet because I

655

00:32:14,640 --> 00:32:12,280

didn't know and then he says no

656

00:32:16,400 --> 00:32:14,650

a chapter in the book about all the

657

00:32:18,000 --> 00:32:16,410

underground base all the enemies

658

00:32:23,400 --> 00:32:18,010

everything that it was said

659

00:32:26,040 --> 00:32:23,410

telepathically all of it yeah yeah I

660

00:32:28,230 --> 00:32:26,050

mean it does that and I don't know does

661

00:32:31,200 --> 00:32:28,240

he hope that people don't look to the

662

00:32:35,460 --> 00:32:31,210

discrepancies I mean look at look at the

663

00:32:38,160 --> 00:32:35,470

lies he's told about MIT's hell again I

664

00:32:40,800 --> 00:32:38,170

co-signed Metallica a half-million he

665

00:32:42,900 --> 00:32:40,810

said it and then when he gets cool oh I

666

00:32:46,230 --> 00:32:42,910

meant it as a joke well no one they

667

00:32:47,970 --> 00:32:46,240

thought I was a joke that's not just

668

00:32:49,440 --> 00:32:47,980

that I said one thing after another I

669

00:32:51,600 --> 00:32:49,450

mean you can go on forever talking about

670

00:32:55,200 --> 00:32:51,610

the discrepancies in lies that people

671

00:32:58,230 --> 00:32:55,210

should really wake up and I mean I

672

00:33:01,740 --> 00:32:58,240

wasted a lot of years on this research

673

00:33:14,790 --> 00:33:01,750

because I believed every word you know I

674

00:33:22,970 --> 00:33:14,800

was duped no you're right and you know

675

00:33:29,490 --> 00:33:27,420

because you know if we didn't know him I

676

00:33:32,010 --> 00:33:29,500

know I always spawn Peter out because

677

00:33:35,190 --> 00:33:32,020

he's always he's noisiest full of

678

00:33:37,800 --> 00:33:35,200

misdirection and the way that he creates

679

00:33:39,510 --> 00:33:37,810

these dramas he said something somebody

680

00:33:41,460 --> 00:33:39,520

so it is mom and nobody said anything

681

00:33:43,560 --> 00:33:41,470

about his mommy was the only person that

682

00:33:45,390 --> 00:33:43,570

mentioned his mom I know he's tried that

683

00:33:47,640 --> 00:33:45,400

one on me yeah sure he tried to say that

684

00:33:49,770 --> 00:33:47,650

I said something about his father I when

685

00:33:52,800 --> 00:33:49,780

I was come making a comment about my

686

00:33:55,830 --> 00:33:52,810

father I said at least my father went to

687

00:33:59,970 --> 00:33:55,840

his grave knowing that you know it

688

00:34:01,590 --> 00:33:59,980

starts to spread to the truth and he are

689

00:34:03,930 --> 00:34:01,600

all words that I think I can't remember

690

00:34:05,460 --> 00:34:03,940

exactly he twisted it to say that was

691

00:34:07,050 --> 00:34:05,470

still hidin him don't know nothing about

692

00:34:07,980 --> 00:34:07,060

his father I'm not interested in his

693

00:34:09,810 --> 00:34:07,990

family at all

694

00:34:11,820 --> 00:34:09,820

I won't haven't go and that's the last

695

00:34:14,970 --> 00:34:11,830

thing I do is bring people's family into

696

00:34:22,810 --> 00:34:14,980

because I'm there for that and you know

697

00:34:34,570 --> 00:34:24,640

like a ball it's you know that he goes

698

00:34:36,790 --> 00:34:34,580

on about holding these aviators yeah so

699

00:34:38,410 --> 00:34:36,800

he says that he sees him when he's

700

00:34:41,500 --> 00:34:38,420

coming out on the field that was a

701
00:34:45,130 --> 00:34:41,510
standard narrative in that fire little

702
00:34:47,650 --> 00:34:45,140
yeah 2015 he said he came out with the

703
00:34:51,450 --> 00:34:47,660
field with Adrian and that is where the

704
00:34:54,460 --> 00:34:51,460
minute you saw Holt in his aviators and

705
00:34:56,380 --> 00:34:54,470
that is when Adrian went off with John

706
00:34:58,300 --> 00:34:56,390
and Holt and went off to there but in

707
00:35:00,580 --> 00:34:58,310
the forest and he went back to the

708
00:35:02,740 --> 00:35:00,590
barracks so that's like how far in the

709
00:35:07,480 --> 00:35:02,750
morning before only that's when he's

710
00:35:09,280 --> 00:35:07,490
placing John Chuck and Adrian going

711
00:35:12,150 --> 00:35:09,290
office right we know that what tech

712
00:35:15,790 --> 00:35:12,160
finishes about her posture yeah so it's

713
00:35:18,310 --> 00:35:15,800

in but it kind of elaborated on that to

714

00:35:20,290 --> 00:35:18,320

kinda because everyone's saying well how

715

00:35:23,170 --> 00:35:20,300

could Adrian have been doing that

716

00:35:26,980 --> 00:35:23,180

we're with you when he was actually over

717

00:35:28,390 --> 00:35:26,990

there with Carol huddle so he's dated a

718

00:35:30,400 --> 00:35:28,400

new bit but he still doesn't make any

719

00:35:32,470 --> 00:35:30,410

sense because he's making that new bit

720

00:35:36,640 --> 00:35:32,480

to get Adrian back into the field

721

00:35:39,310 --> 00:35:36,650

yeah but but he's realizing the fact

722

00:35:42,580 --> 00:35:39,320

that none of us watch everything he does

723

00:35:47,160 --> 00:35:42,590

listens to every single word he says you

724

00:35:55,990 --> 00:35:53,470

know this some see there probably is the

725

00:35:57,430 --> 00:35:56,000

problem probably will at some stage come

726

00:35:59,800 --> 00:35:57,440

out that there was more than the three

727

00:36:01,570 --> 00:35:59,810

nights that we know about I mean we know

728

00:36:13,960 --> 00:36:01,580

those incidents happen and all over that

729

00:36:16,840 --> 00:36:13,970

week anyway but I think probably um come

730

00:36:19,630 --> 00:36:16,850

to light that there was another incident

731

00:36:21,370 --> 00:36:19,640

involving avian bust in there because

732

00:36:23,650 --> 00:36:21,380

I've looked at is them now it's have

733

00:36:25,540 --> 00:36:23,660

over and over again and you can't be in

734

00:36:28,330 --> 00:36:25,550

two places at one time I know he's

735

00:36:29,230 --> 00:36:28,340

confused about certain timelines from

736

00:36:31,060 --> 00:36:29,240

pieces like that

737

00:36:34,720 --> 00:36:31,070

and I have sent in my timeline and he

738

00:36:36,170 --> 00:36:34,730

says yeah they you've got it you know

739

00:36:39,440 --> 00:36:36,180

that's how I remember it

740

00:36:41,359 --> 00:36:39,450

everything on those is right but you

741

00:36:43,790 --> 00:36:41,369

can't be in two places at once so either

742

00:36:48,950 --> 00:36:43,800

another incident happened earlier in the

743

00:36:51,290 --> 00:36:48,960

day which there is a possibility Larry

744

00:36:53,839 --> 00:36:51,300

Warren could have been involved in that

745

00:36:55,760 --> 00:36:53,849

some stage low he says he wasn't Adrian

746

00:36:57,890 --> 00:36:55,770

says he wasn't involved in this incident

747

00:37:01,700 --> 00:36:57,900

or there could have been another day

748

00:37:04,790 --> 00:37:01,710

later maybe the 30th or or even after

749

00:37:06,349 --> 00:37:04,800

that that involved them and but because

750

00:37:07,940 --> 00:37:06,359

their minds have been messed with the

751
00:37:09,890 --> 00:37:07,950
way to ins mind has been messed for so

752
00:37:11,839 --> 00:37:09,900
much as difficult to get to the bottom

753
00:37:14,210 --> 00:37:11,849
of it and that's a completely different

754
00:37:16,160 --> 00:37:14,220
scenario and that's not a new that's not

755
00:37:19,849 --> 00:37:16,170
a new story Adrian's come up with that's

756
00:37:22,190 --> 00:37:19,859
the the story that he told Georgina back

757
00:37:24,920 --> 00:37:22,200
in the day and that was where he came

758
00:37:27,170 --> 00:37:24,930
back from Woodbridge based not Bennett

759
00:37:28,790 --> 00:37:27,180
was basically been to click titles and

760
00:37:31,069 --> 00:37:28,800
he came back and he found some men

761
00:37:33,079 --> 00:37:31,079
surrounding a craft in the Claire and

762
00:37:35,000 --> 00:37:33,089
not in couple greenfield wood farms

763
00:37:37,220 --> 00:37:35,010

field wherever you want to call in the

764

00:37:38,990 --> 00:37:37,230

clearing in the woods and one of the

765

00:37:40,819 --> 00:37:39,000

remarks was that he couldn't understand

766

00:37:43,370 --> 00:37:40,829

those such a big craft landed in such a

767

00:37:46,099 --> 00:37:43,380

small space we know that wasn't in cap

768

00:37:50,299 --> 00:37:46,109

of green now this is the time when he

769

00:37:53,329 --> 00:37:50,309

saw the mist on the floor the soldiers

770

00:37:56,539 --> 00:37:53,339

were surrounding it and when and that

771

00:38:00,920 --> 00:37:56,549

was when he was asked by Colonel help

772

00:38:03,010 --> 00:38:00,930

will deny this happened and he was told

773

00:38:06,770 --> 00:38:03,020

by Colonel Hall to confiscate some

774

00:38:08,480 --> 00:38:06,780

cameras of some British nationals and he

775

00:38:10,400 --> 00:38:08,490

said at one time he thought that might

776

00:38:12,710 --> 00:38:10,410

be Larry Warren but now he's saying

777

00:38:15,260 --> 00:38:12,720

wasn't now he can't remember was it

778

00:38:19,220 --> 00:38:15,270

Larry maybe Larry put in his head that

779

00:38:21,890 --> 00:38:19,230

there was him and but that incident

780

00:38:24,849 --> 00:38:21,900

could well have happened because that is

781

00:38:28,160 --> 00:38:24,859

the probably the only instance where

782

00:38:31,460 --> 00:38:28,170

apart from Jim and John's small 7 by 8

783

00:38:36,859 --> 00:38:31,470

foot craft this craft is 30 foot in

784

00:38:38,780 --> 00:38:36,869

diameter and that's the only instance

785

00:38:42,109 --> 00:38:38,790

where that sounds anything like the

786

00:38:48,260 --> 00:38:42,119

instance that Larry's stolen putting

787

00:38:54,390 --> 00:38:50,790

no that's not what we're seeing with

788

00:38:56,910 --> 00:38:54,400

sorry I said if they didn't see that

789

00:38:59,490 --> 00:38:56,920

when they were out with halts no non

790

00:39:01,860 --> 00:38:59,500

Holtz naic no completely different so

791

00:39:03,990 --> 00:39:01,870

was there another night or did something

792

00:39:05,910 --> 00:39:04,000

happen earlier in the day we're not sure

793

00:39:10,050 --> 00:39:05,920

because we know that earlier in the day

794

00:39:11,610 --> 00:39:10,060

great Bart rooms they were on days they

795

00:39:13,710 --> 00:39:11,620

were sent out into the forest to

796

00:39:16,200 --> 00:39:13,720

investigate some lights and if you

797

00:39:18,510 --> 00:39:16,210

remember he reported seeing the green

798

00:39:20,430 --> 00:39:18,520

mist and this these bright lights in the

799

00:39:21,960 --> 00:39:20,440

middle of it and they got scared and

800

00:39:24,990 --> 00:39:21,970

done a runner and as they coming out

801
00:39:27,590 --> 00:39:25,000
they bump into lieutenant England and

802
00:39:30,480 --> 00:39:27,600
bust Inza who were then in a jeep and

803
00:39:32,520 --> 00:39:30,490
England sent them back to their back to

804
00:39:34,110 --> 00:39:32,530
the base was that the incident what

805
00:39:36,570 --> 00:39:34,120
happened there or did it happen before

806
00:39:38,310 --> 00:39:36,580
or after we I don't think we were ever

807
00:39:40,880 --> 00:39:38,320
going to know unless more people come

808
00:39:43,890 --> 00:39:40,890
forward only one clue I found and that

809
00:39:47,160 --> 00:39:43,900
was on a really early radio show called

810
00:39:50,640 --> 00:39:47,170
Suffolk daily and on that radio was an

811
00:39:53,010 --> 00:39:50,650
at a young friend of Butler young Jane

812
00:39:58,020 --> 00:39:53,020
Randall's and joining them from the

813
00:39:59,340 --> 00:39:58,030

Manchester studio was Harry Harris and

814

00:40:01,290 --> 00:39:59,350
was the manchester-based them

815

00:40:03,030 --> 00:40:01,300
investigator we've done a lot of the

816

00:40:05,130 --> 00:40:03,040
early work on this and probably the

817

00:40:06,980 --> 00:40:05,140
person was responsible for getting in

818

00:40:12,740 --> 00:40:06,990
the news of the world in the first place

819

00:40:15,450 --> 00:40:12,750
no Gerry he read a load of questions

820

00:40:17,280 --> 00:40:15,460
that he had asked Colonel Holt and

821

00:40:22,310 --> 00:40:17,290
Colonel halt if replied to him by letter

822

00:40:27,060 --> 00:40:22,320
and he read demo and one of their

823

00:40:30,330 --> 00:40:27,070
answers was at one time we surrounded a

824

00:40:33,360 --> 00:40:30,340
craft we tried to get in it and on it

825

00:40:35,070 --> 00:40:33,370
but it avoided us and then that says

826

00:40:38,160 --> 00:40:35,080

something about when that take took off

827

00:40:40,650 --> 00:40:38,170

took off in there you know like a cold

828

00:40:42,690 --> 00:40:40,660

air or something like that but you don't

829

00:40:47,010 --> 00:40:42,700

hear anything about that from Colonel

830

00:40:51,060 --> 00:40:47,020

Holt nowadays but that's exactly what

831

00:40:54,300 --> 00:40:51,070

Laurie said when he was in that early

832

00:40:55,050 --> 00:40:54,310

interview he's saying that they followed

833

00:41:04,980 --> 00:40:55,060

it

834

00:41:07,700 --> 00:41:04,990

well that's [h__\h] stolen from everywhere

835

00:41:10,350 --> 00:41:07,710

but that bits always intrigued me and

836

00:41:13,940 --> 00:41:10,360

because of their they surrounded a craft

837

00:41:16,770 --> 00:41:13,950

named Hadrian says that he told and

838

00:41:19,110 --> 00:41:16,780

Larry Warren the full story the very

839

00:41:21,600 --> 00:41:19,120

next day I'm least gone on the record

840

00:41:23,430 --> 00:41:21,610

recently saying that and Larry make this

841

00:41:26,190 --> 00:41:23,440

big thing about they never spoke to him

842

00:41:29,790 --> 00:41:26,200

until April which I find really hard to

843

00:41:34,020 --> 00:41:29,800

believe and do you know he tells us yarn

844

00:41:35,970 --> 00:41:34,030

about how Cindy Shultz one egg Liam's

845

00:41:37,170 --> 00:41:35,980

girlfriend put a piece of paper under

846

00:41:40,200 --> 00:41:37,180

the door saying they didn't want to

847

00:41:43,980 --> 00:41:40,210

speak to him well I didn't smoke to him

848

00:41:45,990 --> 00:41:43,990

that very next day and he says he told

849

00:41:48,450 --> 00:41:46,000

him everything and he says that he

850

00:41:50,850 --> 00:41:48,460

remembered everything so clearly that he

851
00:41:52,920 --> 00:41:50,860
suspects that Larry tape taped the whole

852
00:41:55,080 --> 00:41:52,930
thing for him to be able to remember

853
00:41:58,470 --> 00:41:55,090
everything like that now was this one of

854
00:42:33,780 --> 00:41:58,480
the stories that he told Larry and Larry

855
00:42:36,720 --> 00:42:33,790
elaborated on know maybe when surrounded

856
00:42:40,140 --> 00:42:36,730
maybe that happened after right because

857
00:42:43,050 --> 00:42:40,150
if you look deep into it Sasha

858
00:42:46,710 --> 00:42:43,060
once that incident happened there is a

859
00:42:49,080 --> 00:42:46,720
part where lieutenant recalled people

860
00:42:50,640 --> 00:42:49,090
from the dorms and they recalled people

861
00:42:53,580 --> 00:42:50,650
bank so they could have been people in

862
00:42:56,010 --> 00:42:53,590
who were not on shift and maybe that was

863
00:42:58,620 --> 00:42:56,020

when that was surrounded who know who

864

00:43:00,780 --> 00:42:58,630

knows but when the guy when the guys ran

865

00:43:03,330 --> 00:43:00,790

from the forest there was only four or

866

00:43:05,970 --> 00:43:03,340

five of him that I think they were on

867

00:43:07,590 --> 00:43:05,980

them on they were on days anyway they

868

00:43:08,819 --> 00:43:07,600

did they didn't they didn't normally

869

00:43:17,370 --> 00:43:08,829

they wouldn't normally

870

00:43:18,989 --> 00:43:17,380

pending today but because on then they'd

871

00:43:20,849 --> 00:43:18,999

get called up yeah that was one of the

872

00:43:31,680 --> 00:43:20,859

reasons when the day crew would get

873

00:43:34,499 --> 00:43:31,690

called up we've cracked it completely

874

00:43:36,329 --> 00:43:34,509

yet and I think maybe little bits and

875

00:43:54,690 --> 00:43:36,339

pieces someone else will come forward

876

00:43:57,150 --> 00:43:54,700

who remembers it kinda gives you an idea

877

00:44:00,239 --> 00:43:57,160

what went on you just know that he's

878

00:44:01,680 --> 00:44:00,249

taken what he's saying from someone else

879

00:44:02,640 --> 00:44:01,690

so it's kind of with the Barrett

880

00:44:05,009 --> 00:44:02,650

Greenwood fire

881

00:44:07,259 --> 00:44:05,019

yeah and it's various other things it's

882

00:44:09,959 --> 00:44:07,269

by kicking thing oh oh actually that's

883

00:44:12,959 --> 00:44:09,969

where that's for almond and if we

884

00:44:14,670 --> 00:44:12,969

listened intently to everything in

885

00:44:17,099 --> 00:44:14,680

criminological Arda that he'd ever done

886

00:44:19,380 --> 00:44:17,109

we will be able to figure out when he

887

00:44:21,180 --> 00:44:19,390

started to say the e problems with his

888

00:44:26,130 --> 00:44:21,190

Harry's and when he started to say that

889

00:44:36,900 --> 00:44:26,140

yeah yeah yeah yeah that's just so

890

00:44:39,420 --> 00:44:36,910

laborious and tedious and to say let's

891

00:44:42,059 --> 00:44:39,430

you know listen to every single thing

892

00:44:43,769 --> 00:44:42,069

he's ever said such a job as a job to

893

00:44:45,989 --> 00:44:43,779

get people to listen to just the main

894

00:44:48,809 --> 00:44:45,999

now it's a vinter without going into all

895

00:44:51,930 --> 00:44:48,819

the twists and turns but then the

896

00:44:53,789 --> 00:44:51,940

Greenwood files brilliant if you looking

897

00:44:56,430 --> 00:44:53,799

to them because you look at some of the

898

00:44:58,109 --> 00:44:56,440

names that he gave Larry foster in the

899

00:44:59,999 --> 00:44:58,119

early days these are the names that he

900

00:45:02,459 --> 00:45:00,009

gave them people who were involved in

901
00:45:05,269 --> 00:45:02,469
this incident right yeah

902
00:45:12,689 --> 00:45:05,279
Austin's a spot it wrong but busting Sir

903
00:45:17,130 --> 00:45:12,699
John Burroughs Bobby bore Moulton

904
00:45:19,380 --> 00:45:17,140
Ziegler you know none of the people were

905
00:45:21,299 --> 00:45:19,390
there foot resistant that he says

906
00:45:22,440 --> 00:45:21,309
happened on Capitol green they were all

907
00:45:26,700 --> 00:45:22,450
involved

908
00:45:28,500 --> 00:45:26,710
on stage but they think and he says it

909
00:45:29,370 --> 00:45:28,510
didn't even know they were so how would

910
00:45:31,829 --> 00:45:29,380
he know who they were

911
00:45:34,200 --> 00:45:31,839
I'm not tell you there's one other thing

912
00:45:35,550 --> 00:45:34,210
you want to look at and when you look at

913
00:45:38,190 --> 00:45:35,560

the photographs so these are the

914

00:45:41,370 --> 00:45:38,200

photographs that Larry Warren and gave

915

00:45:44,550 --> 00:45:41,380

to Barry Greenwood and when they were

916

00:45:48,150 --> 00:45:44,560

gonna write a book together another look

917

00:45:50,970 --> 00:45:48,160

at the photographs of where the land and

918

00:45:53,640 --> 00:45:50,980

why he says the land and stages are or

919

00:45:55,740 --> 00:45:53,650

the land and area and one of the areas

920

00:45:57,810 --> 00:45:55,750

that he gives us the land an area then

921

00:45:59,790 --> 00:45:57,820

none of them look like apple green but

922

00:46:03,650 --> 00:45:59,800

the one there's one on there which is

923

00:46:08,099 --> 00:46:03,660

right over the far side of there the

924

00:46:10,170 --> 00:46:08,109

farmer's field right past the cottages

925

00:46:12,120 --> 00:46:10,180

and past the gamekeepers cards what they

926
00:46:14,849 --> 00:46:12,130
call the farmers college and there's a

927
00:46:16,589 --> 00:46:14,859
peel a small little clearing where

928
00:46:19,440 --> 00:46:16,599
something could have happened and that

929
00:46:21,300 --> 00:46:19,450
was right outside but Lee Abby you have

930
00:46:24,109 --> 00:46:21,310
look at them focused this photographs of

931
00:46:27,000 --> 00:46:24,119
it and that's written on the back Landen

932
00:46:28,230 --> 00:46:27,010
suspected landing area so he was looking

933
00:46:40,260 --> 00:46:28,240
for the land in there he didn't know

934
00:46:43,680 --> 00:46:40,270
where it was if he did it an instance

935
00:46:45,900 --> 00:46:43,690
where we're told that and cooki picked

936
00:46:47,339 --> 00:46:45,910
some airman up and I always thought for

937
00:46:50,190 --> 00:46:47,349
it to work that had to be in that area

938
00:46:51,390 --> 00:46:50,200

somewhere so did you get that from her

939

00:46:53,760 --> 00:46:51,400

or from someone else

940

00:46:57,480 --> 00:46:53,770

that's something happened there and that

941

00:46:59,550 --> 00:46:57,490

is where I think Adrian that would make

942

00:47:01,740 --> 00:46:59,560

sense that Adrian and Johnson can

943

00:47:03,930 --> 00:47:01,750

happened in that clearing there because

944

00:47:06,809 --> 00:47:03,940

there is a small clearing that's big

945

00:47:10,380 --> 00:47:06,819

enough to get there 30 foot crafting not

946

00:47:11,910 --> 00:47:10,390

much more and also yeah that you could

947

00:47:15,620 --> 00:47:11,920

be collected from the road day because

948

00:47:19,319 --> 00:47:15,630

the road runs through the back there and

949

00:47:21,960 --> 00:47:19,329

the point I was gonna make oh yeah and

950

00:47:24,089 --> 00:47:21,970

that would be if if Colonel Hall and his

951

00:47:26,579 --> 00:47:24,099

crew had gone over to the second

952

00:47:28,950 --> 00:47:26,589

farmer's field right and this is where

953

00:47:30,359 --> 00:47:28,960

to be maleic come down they would have

954

00:47:33,180 --> 00:47:30,369

made their way back through there and

955

00:47:36,180 --> 00:47:33,190

that would be the ideal place and I

956

00:47:37,859 --> 00:47:36,190

can't see John Burroughs and the

957

00:47:40,020 --> 00:47:37,869

people who lose whether I've been named

958

00:47:42,750 --> 00:47:40,030

I'm just standing there waiting that

959

00:47:44,430 --> 00:47:42,760

that that that meeting place where the

960

00:47:46,079 --> 00:47:44,440

trucks were they would probably walked

961

00:47:49,109 --> 00:47:46,089

across the field to see where what was

962

00:47:51,300 --> 00:47:49,119

going on I wonder if that might be I

963

00:47:54,270 --> 00:47:51,310

mean maybe one day a dream will come

964

00:47:55,890 --> 00:47:54,280

over I mean if he do come over that

965

00:47:59,339 --> 00:47:55,900

probably won't be announced and that

966

00:48:01,170 --> 00:47:59,349

probably won't be and conference or

967

00:48:04,589 --> 00:48:01,180

anything like that but he needs to walk

968

00:48:07,920 --> 00:48:04,599

the walk and and he needs to know and so

969

00:48:09,720 --> 00:48:07,930

did John oh that's my you have looked at

970

00:48:30,839 --> 00:48:09,730

him photographs that's my favorite place

971

00:48:33,390 --> 00:48:30,849

where I think it could be and you know

972

00:48:36,059 --> 00:48:33,400

what the strange thing is Sashi

973

00:48:39,089 --> 00:48:36,069

that is a real part that really is

974

00:48:40,829 --> 00:48:39,099

Capitol green the farmer's field isn't

975

00:48:42,990 --> 00:48:40,839

Capitol green that's the settlement on

976

00:48:44,819 --> 00:48:43,000

the other side of the road and to the

977

00:48:46,530 --> 00:48:44,829

right of the but Lee Abbey but that is

978

00:48:49,470 --> 00:48:46,540

Capitol green it's a settlement and that

979

00:48:51,150 --> 00:48:49,480

was an as an old Iron Age settlement and

980

00:48:52,680 --> 00:48:51,160

they're surrounded by streams they've

981

00:48:54,870 --> 00:48:52,690

actually new tributaries the main movie

982

00:48:56,190 --> 00:48:54,880

years ago and that was the that was the

983

00:48:57,780 --> 00:48:56,200

settlement there was another settlement

984

00:48:59,520 --> 00:48:57,790

on the right-hand side of where the

985

00:49:01,440 --> 00:48:59,530

finger trees in the farmer's field on

986

00:49:04,230 --> 00:49:01,450

the right hand side but that was the

987

00:49:17,760 --> 00:49:04,240

main the main settlement and that is

988

00:49:19,589 --> 00:49:17,770

capital bring yeah yeah that'sthat's

989

00:49:21,540 --> 00:49:19,599

never know there was never known as

990

00:49:23,790 --> 00:49:21,550

capital green until after 1980 if you

991

00:49:26,280 --> 00:49:23,800

look on all the mats Kapil Green is on

992

00:49:28,050 --> 00:49:26,290

the other side of the road that is an

993

00:49:31,920 --> 00:49:28,060

area and if you keep going up from

994

00:49:33,870 --> 00:49:31,930

Calgary and you come to that the hill

995

00:49:36,540 --> 00:49:33,880

where John Burroughs ended up on that

996

00:49:39,089 --> 00:49:36,550

night and that's called borough Hill and

997

00:49:41,520 --> 00:49:39,099

locals sometimes refer to it as bearing

998

00:49:43,530 --> 00:49:41,530

mound that's borough Hill and not done

999

00:49:45,990 --> 00:49:43,540

some research on that recently and that

1000

00:49:47,430 --> 00:49:46,000

turns out that that is an angel

1001

00:49:49,740 --> 00:49:47,440

well that was an island years ago and

1002

00:49:50,040 --> 00:49:49,750

there was a causeway what went from the

1003

00:49:52,170 --> 00:49:50,050

Abbey

1004

00:49:54,330 --> 00:49:52,180

but still you still say it's a straight

1005

00:49:56,910 --> 00:49:54,340

road on the map cause waiting me Abby to

1006

00:50:01,320 --> 00:49:56,920

them the mound and this is Wade because

1007

00:50:03,900 --> 00:50:01,330

in 1982 there was a archeological dig

1008

00:50:07,650 --> 00:50:03,910

there and they uncovered two hundred

1009

00:50:09,930 --> 00:50:07,660

male bodies on that mound yeah 200 male

1010

00:50:11,630 --> 00:50:09,940

bodies and there's a few other weird

1011

00:50:14,700 --> 00:50:11,640

things what happened Oh as well but

1012

00:50:17,430 --> 00:50:14,710

200-mile bodies no children no women so

1013

00:50:23,390 --> 00:50:17,440

that was probably the last big battle in

1014

00:50:28,740 --> 00:50:25,560

because they were um they were

1015

00:50:32,190 --> 00:50:28,750

accelerating travel from there to use in

1016

00:50:33,840 --> 00:50:32,200

the roadways and there's a type of tray

1017

00:50:36,510 --> 00:50:33,850

there they call it red Clegg or

1018

00:50:41,280 --> 00:50:36,520

something and but you know where all

1019

00:50:43,110 --> 00:50:41,290

that gravel went to and probably why

1020

00:50:44,820 --> 00:50:43,120

there's an awful lot of activity in the

1021

00:50:48,120 --> 00:50:44,830

forest made that went to make the

1022

00:50:50,340 --> 00:50:48,130

forestry tracks up you know when you

1023

00:50:52,950 --> 00:50:50,350

hear about track ten track twelve track

1024

00:50:55,770 --> 00:50:52,960

a that's where or went there and also

1025

00:50:58,410 --> 00:50:55,780

that's very high in them caught the

1026

00:51:01,140 --> 00:50:58,420

stone and that comes out of there and

1027

00:51:19,820 --> 00:51:01,150

you know quartz was just like a

1028

00:51:28,290 --> 00:51:19,830

conductor of energy in one picture where

1029

00:51:31,440 --> 00:51:28,300

Brenda's friend Jean yeah yeah yeah does

1030

00:51:34,710 --> 00:51:31,450

yeah it's definitely not Jean that was

1031

00:51:36,330 --> 00:51:34,720

where yes in some ways Scott I know and

1032

00:51:37,770 --> 00:51:36,340

luckily from that Minister go there on

1033

00:51:38,400 --> 00:51:37,780

my own I must have been mad I wouldn't

1034

00:51:42,030 --> 00:51:38,410

do it now

1035

00:51:43,910 --> 00:51:42,040

but they were there a lot on my own and

1036

00:51:46,230 --> 00:51:43,920

walk the tracks until I ain't one bad

1037

00:51:48,750 --> 00:51:46,240

bad thing happened then that's enough to

1038

00:51:52,260 --> 00:51:48,760

put you off for life and but I've been

1039

00:51:55,140 --> 00:51:52,270

there with Brenda and gaudy and and Bev

1040

00:51:57,270 --> 00:51:55,150

you know us Brenda Brenda Denise and

1041

00:51:59,730 --> 00:51:57,280

we've seen lights come out the ground

1042

00:52:02,980 --> 00:51:59,740

you know you're here Colonel Holt says

1043

00:52:05,800 --> 00:52:02,990

that his light burst into different

1044

00:52:07,140 --> 00:52:05,810

optics and disappeared I think Lori red

1045

00:52:09,609 --> 00:52:07,150

felt said the same

1046

00:52:11,740 --> 00:52:09,619

several of the aim and have said that

1047

00:52:13,960 --> 00:52:11,750

that same things happen like that

1048

00:52:16,540 --> 00:52:13,970

well we actually get and we all stood

1049

00:52:17,770 --> 00:52:16,550

there rule I can name not because

1050

00:52:19,930 --> 00:52:17,780

whatever the minds open and

1051
00:52:22,420 --> 00:52:19,940
understanding the track that leads to

1052
00:52:24,820 --> 00:52:22,430
the escape from the service road and

1053
00:52:27,580 --> 00:52:24,830
Brenda said if you stay here and look

1054
00:52:30,490 --> 00:52:27,590
halfway up the track you might see a big

1055
00:52:32,290 --> 00:52:30,500
white Alba pay and we stood s there and

1056
00:52:35,740 --> 00:52:32,300
I'm watching then all of a sudden this

1057
00:52:38,470 --> 00:52:35,750
white light came and really really

1058
00:52:40,030 --> 00:52:38,480
bright white light and that seemed to be

1059
00:52:41,740 --> 00:52:40,040
getting bigger and smaller and bigger

1060
00:52:43,930 --> 00:52:41,750
and smaller not well is it coming

1061
00:52:46,150 --> 00:52:43,940
towards us and going back and so like I

1062
00:52:47,770 --> 00:52:46,160
feel I said I'll go have a look so they

1063
00:52:49,000 --> 00:52:47,780

stayed back at the gate and I went and

1064

00:52:51,280 --> 00:52:49,010

walked and they said they could see

1065

00:52:53,650 --> 00:52:51,290

lights around me when I went towards her

1066

00:52:54,970 --> 00:52:53,660

but anyway as we got towards that you

1067

00:52:57,450 --> 00:52:54,980

couldn't see anything but they could

1068

00:52:59,950 --> 00:52:57,460

still see something I came back to the

1069

00:53:01,480 --> 00:52:59,960

the roadway and we're watching that and

1070

00:53:05,290 --> 00:53:01,490

all of a sudden that appears again and

1071

00:53:07,570 --> 00:53:05,300

that and shrunk to a tiny pinprick

1072

00:53:10,359 --> 00:53:07,580

intense white light and that bursts him

1073

00:53:13,420 --> 00:53:10,369

to I think three colors red blue and

1074

00:53:15,910 --> 00:53:13,430

green bright like a firework and shot up

1075

00:53:16,990 --> 00:53:15,920

into the heavens now that went with Iraq

1076

00:53:20,140 --> 00:53:17,000

there weren't no one down there that

1077

00:53:24,130 --> 00:53:20,150

night only us whatever that was I don't

1078

00:53:27,580 --> 00:53:24,140

know but I come out the ground so wait

1079

00:53:34,900 --> 00:53:27,590

there wait [h__\h] happens and I'm not

1080

00:53:36,849 --> 00:53:34,910

surprised the body that as well you see

1081

00:53:39,310 --> 00:53:36,859

I mean it wouldn't just I mean they

1082

00:53:40,990 --> 00:53:39,320

wouldn't excavating and for them tracks

1083

00:53:43,330 --> 00:53:41,000

long before they discovered it was

1084

00:53:46,060 --> 00:53:43,340

anything there you know that they they

1085

00:53:49,180 --> 00:53:46,070

they had to stop and they I can't

1086

00:53:52,030 --> 00:53:49,190

remember that the landowner was I think

1087

00:53:53,740 --> 00:53:52,040

it might be greener I'm not sure but

1088

00:53:55,510 --> 00:53:53,750

that was him who said no you know we

1089

00:53:59,290 --> 00:53:55,520

need to do this properly and they called

1090

00:54:02,770 --> 00:53:59,300

in a team to do it properly and they

1091

00:54:04,810 --> 00:54:02,780

they found evidence that there was trade

1092

00:54:06,730 --> 00:54:04,820

going on there and manufacturing and

1093

00:54:08,470 --> 00:54:06,740

going on there and all sorts all from

1094

00:54:11,109 --> 00:54:08,480

that one little hill and that's where

1095

00:54:13,900 --> 00:54:11,119

John Burroughs ended up now when John

1096

00:54:15,160 --> 00:54:13,910

come over last time we walked and what

1097

00:54:17,640 --> 00:54:15,170

we didn't actually walk the walk from

1098

00:54:20,230 --> 00:54:17,650

the estate to there

1099

00:54:22,540 --> 00:54:20,240

we drove up to as far as you could drive

1100

00:54:24,370 --> 00:54:22,550

and then walk the last bit but from that

1101
00:54:26,680 --> 00:54:24,380
hill you can overlook well you can't

1102
00:54:29,440 --> 00:54:26,690
even see wood bridge from where it is

1103
00:54:33,310 --> 00:54:29,450
and we estimated that's about a two-hour

1104
00:54:34,960 --> 00:54:33,320
walk to get food from there did we

1105
00:54:36,640 --> 00:54:34,970
estimate it was term or well even if I'd

1106
00:54:39,100 --> 00:54:36,650
have been there now I can't remember but

1107
00:54:41,200 --> 00:54:39,110
the thing is there's eight different

1108
00:54:43,870 --> 00:54:41,210
bought or cause race to get over now

1109
00:54:45,910 --> 00:54:43,880
John can remember getting wet but one of

1110
00:54:47,830 --> 00:54:45,920
the one of the tributary well it's a

1111
00:54:50,530 --> 00:54:47,840
tributary to the river that's almost

1112
00:54:52,710 --> 00:54:50,540
like a small river he would have had to

1113
00:54:56,170 --> 00:54:52,720

cross that to get a bond of that Hill

1114

00:54:58,540 --> 00:54:56,180

there's just no way in the time that he

1115

00:55:01,660 --> 00:54:58,550

wrote and I'm not David he was there he

1116

00:55:05,380 --> 00:55:01,670

was either he was there in his body or

1117

00:55:07,000 --> 00:55:05,390

Epps's soul overlooking who knows but he

1118

00:55:08,950 --> 00:55:07,010

remembered everything when we went there

1119

00:55:12,220 --> 00:55:08,960

he remembered that was the view that he

1120

00:55:14,680 --> 00:55:12,230

saw and if you look at at Caban SEC

1121

00:55:15,580 --> 00:55:14,690

statement as well even though I'd never

1122

00:55:17,290 --> 00:55:15,590

written a statement

1123

00:55:20,290 --> 00:55:17,300

he's never said that he wiped us in

1124

00:55:23,860 --> 00:55:20,300

there because it was a type statement it

1125

00:55:26,620 --> 00:55:23,870

couldn't type he says that they were

1126
00:55:29,830 --> 00:55:26,630
overlooking and could see that there you

1127
00:55:31,450 --> 00:55:29,840
know the beacon light so they ended up

1128
00:55:33,730 --> 00:55:31,460
there there's no way you can get there I

1129
00:55:35,530 --> 00:55:33,740
mean it's not a straight field there's

1130
00:55:36,940 --> 00:55:35,540
been drainage ditches all the way round

1131
00:55:37,600 --> 00:55:36,950
out there's November so they would have

1132
00:55:41,260 --> 00:55:37,610
been full

1133
00:55:55,480 --> 00:55:41,270
so however John got there have known who

1134
00:55:57,460 --> 00:55:55,490
knows maybe I mean they have to drain

1135
00:55:58,630 --> 00:55:57,470
that's reclaimed land really because I

1136
00:56:05,230 --> 00:55:58,640
said that hill

1137
00:56:07,180 --> 00:56:05,240
used to be an island so that's just that

1138
00:56:08,950 --> 00:56:07,190

that's just another mystery into I mean

1139

00:56:10,930 --> 00:56:08,960

John knows he couldn't have got there by

1140

00:56:13,540 --> 00:56:10,940

walking there can't remember getting

1141

00:56:14,580 --> 00:56:13,550

there that's the thing remember going to

1142

00:56:16,450 --> 00:56:14,590

water

1143

00:56:22,060 --> 00:56:16,460

don't think you can remember getting

1144

00:56:32,090 --> 00:56:25,790

there's a lot lot of done areas that

1145

00:56:34,640 --> 00:56:32,100

need clearing up yeah they I was just

1146

00:56:35,870 --> 00:56:34,650

looking at the blogs at you well it's

1147

00:56:40,700 --> 00:56:35,880

not a blog as a nursing home what I've

1148

00:56:42,790 --> 00:56:40,710

loved it about you know the news of the

1149

00:56:46,490 --> 00:56:42,800

world mm-hmm

1150

00:56:47,350 --> 00:56:46,500

and how it ended up in the news of the

1151

00:56:51,530 --> 00:56:47,360

world

1152

00:56:52,850 --> 00:56:51,540

Elzy story actually broke yeah well you

1153

00:56:55,210 --> 00:56:52,860

know Larry Warren said that he never

1154

00:56:57,710 --> 00:56:55,220

spoke to the news of the world but

1155

00:56:59,960 --> 00:56:57,720

little did he know that was I able to

1156

00:57:01,520 --> 00:56:59,970

obtain the tape for well if anyone had

1157

00:57:03,230 --> 00:57:01,530

really looked a lot of that tape was

1158

00:57:07,220 --> 00:57:03,240

already in the sky gosh I never knew

1159

00:57:09,350 --> 00:57:07,230

that at the time yeah yeah yeah he was

1160

00:57:11,360 --> 00:57:09,360

desperate for to get his hands on that

1161

00:57:13,310 --> 00:57:11,370

tape he thought well he accused me of

1162

00:57:15,950 --> 00:57:13,320

stealing it from Doc how could I steal

1163

00:57:17,870 --> 00:57:15,960

it from the doc I mean I had everything

1164

00:57:19,880 --> 00:57:17,880

adopts anyway and that tape wasn't a

1165

00:57:22,130 --> 00:57:19,890

monster there was a tape there there was

1166

00:57:25,040 --> 00:57:22,140

a tape there of when she spoke to them

1167

00:57:27,200 --> 00:57:25,050

and I'm trying to think of his name now

1168

00:57:36,380 --> 00:57:27,210

he was the the chappy they got the tape

1169

00:57:38,750 --> 00:57:36,390

from Sam Morgan Sam Morgan yeah lovely

1170

00:57:40,550 --> 00:57:38,760

phone conversation because she sound

1171

00:57:48,050 --> 00:57:40,560

like a little English Rose he can turn

1172

00:57:50,240 --> 00:57:48,060

you know that's a hell of a story as

1173

00:57:54,800 --> 00:57:50,250

well because when the tape came went to

1174

00:57:56,510 --> 00:57:54,810

her Alton broader dress and she just got

1175

00:57:59,660 --> 00:57:56,520

the envelope come with no tape inside

1176

00:58:01,370 --> 00:57:59,670

her and so she goes flying down the post

1177

00:58:03,230 --> 00:58:01,380

office in their search the post office

1178

00:58:05,000 --> 00:58:03,240

out and found it he started piece of

1179

00:58:15,110 --> 00:58:05,010

machinery or that's what they told her

1180

00:58:17,240 --> 00:58:15,120

anyway yeah so he denied and you've

1181

00:58:19,430 --> 00:58:17,250

heard little clips I put my new to one

1182

00:58:21,860 --> 00:58:19,440

minute he's denying that name because I

1183

00:58:28,880 --> 00:58:21,870

was able to cut bits at the tape and

1184

00:58:32,090 --> 00:58:28,890

play it back yeah and now I'm speaking

1185

00:58:34,160 --> 00:58:32,100

to him yeah yeah and also he'd already

1186

00:58:34,850 --> 00:58:34,170

spoken to someone before he spoke to

1187

00:58:37,760 --> 00:58:34,860

keep baby

1188

00:58:40,690 --> 00:58:37,770

he spoke to speak to them because you

1189

00:58:42,860 --> 00:58:40,700

know in America they have

1190

00:58:44,360 --> 00:58:42,870

representatives for English newspapers

1191

00:58:46,160 --> 00:58:44,370

agents or web they call them

1192

00:58:49,070 --> 00:58:46,170

representatives are done the recording

1193

00:58:51,230 --> 00:58:49,080

but though they're mining in America you

1194

00:58:53,750 --> 00:58:51,240

know like when the BBC come on you know

1195

00:58:55,130 --> 00:58:53,760

is our man in Hong Kong away so anyway

1196

00:58:56,690 --> 00:58:55,140

they representative over there was

1197

00:58:59,630 --> 00:58:56,700

called Bob Smith and they'd already

1198

00:59:02,780 --> 00:58:59,640

given the story to Bob Smith before we

1199

00:59:03,440 --> 00:59:02,790

spoke to keep baby not knowing where he

1200

00:59:10,250 --> 00:59:03,450

was from

1201

00:59:13,150 --> 00:59:10,260

some it Bob had already got the story

1202

00:59:17,510 --> 00:59:13,160

and then in the middle of that tape and

1203

00:59:20,090 --> 00:59:17,520

he's saying to keep BB that he'd already

1204

00:59:22,220 --> 00:59:20,100

spoke to another report room and Keith

1205

00:59:23,570 --> 00:59:22,230

says I wonder if that's our man because

1206

00:59:27,380 --> 00:59:23,580

they've been trying to get older with

1207

00:59:30,200 --> 00:59:27,390

some time and we know our man in New

1208

00:59:32,780 --> 00:59:30,210

York you may well have already gave us

1209

00:59:35,420 --> 00:59:32,790

the story you know saying but they need

1210

00:59:37,640 --> 00:59:35,430

about then he denied all he denied he

1211

00:59:40,550 --> 00:59:37,650

ever spoke to him and if that tape

1212

00:59:44,990 --> 00:59:40,560

hadn't had come my way he would have got

1213

00:59:47,540 --> 00:59:45,000

wound up so you gotta ask yourself why

1214

00:59:49,360 --> 00:59:47,550

did he want to distance himself from the

1215

00:59:52,070 --> 00:59:49,370

story what's in the news of the world

1216

01:00:04,220 --> 00:59:52,080

what was in there that so bad that he

1217

01:00:06,530 --> 01:00:04,230

didn't want to admit to well he seems

1218

01:00:08,510 --> 01:00:06,540

gay to saying that word alien he said

1219

01:00:09,710 --> 01:00:08,520

that it's uncool but maybe that's

1220

01:00:11,660 --> 01:00:09,720

something I was putting his head because

1221

01:00:15,050 --> 01:00:11,670

if he ever was debrief well he got his

1222

01:00:30,740 --> 01:00:15,060

word for it but you know Jim don't like

1223

01:00:32,450 --> 01:00:30,750

to say aliens either sorry would know he

1224

01:00:35,270 --> 01:00:32,460

was saying that was them from the future

1225

01:00:37,100 --> 01:00:35,280

won't or us from the future yeah but I

1226

01:00:39,980 --> 01:00:37,110

seem to remember that he didn't like

1227

01:00:41,270 --> 01:00:39,990

using the word alien but I mean what's

1228

01:00:43,010 --> 01:00:41,280

the difference between calling something

1229

01:00:45,410 --> 01:00:43,020

alien and something to being if you

1230

01:00:48,350 --> 01:00:45,420

describe something that's more grey

1231

01:00:50,780 --> 01:00:48,360

skinned got big cat-like eyes

1232

01:01:08,120 --> 01:00:50,790

is it an alien that's not not not lives

1233

01:01:10,910 --> 01:01:08,130

on this planet oh yes in Japan TV tapes

1234

01:01:13,550 --> 01:01:10,920

are quite good I'm not we never did get

1235

01:01:15,740 --> 01:01:13,560

them deciphered did we but you can

1236

01:01:18,620 --> 01:01:15,750

handle bits of English in that any

1237

01:01:20,600 --> 01:01:18,630

saying oh yeah there's three aliens

1238

01:01:22,970 --> 01:01:20,610

cat-like eyes and he's describing them

1239

01:01:26,560 --> 01:01:22,980

you've got to really listen because the

1240

01:01:29,510 --> 01:01:26,570

Japanese report was speaking over him

1241

01:01:32,960 --> 01:01:29,520

hmm I think that's when everything went

1242

01:01:34,130 --> 01:01:32,970

went wrong fur for Larry cause he went

1243

01:01:38,470 --> 01:01:34,140

now and was treated a bit like a

1244

01:02:24,530 --> 01:01:38,480

superstar and from that moment on I mean

1245

01:02:26,270 --> 01:02:24,540

otherwise he's friends yeah I would like

1246

01:02:28,700 --> 01:02:26,280

to see I would like to see him play

1247

01:02:30,800 --> 01:02:28,710

guitar if I can Stevie Ray Vaughan

1248

01:02:32,570 --> 01:02:30,810

learning to play I'd like to see him you

1249

01:02:37,650 --> 01:02:32,580

know prove everyone wrong and get up and

1250

01:02:41,930 --> 01:02:40,170

well I would be the first thing I'd do

1251

01:02:46,289 --> 01:02:41,940

you know take some of this and have some

1252

01:02:49,890 --> 01:02:46,299

play bit vision child you know yeah yeah

1253

01:02:53,370 --> 01:02:49,900

you know I do know that well when he was

1254

01:02:56,789 --> 01:02:53,380

around yours and and dave was playing

1255

01:02:58,680 --> 01:02:56,799

something and he wouldn't play it

1256

01:03:10,499 --> 01:02:58,690

because he he said what he said got a

1257

01:03:12,420 --> 01:03:10,509

sore finger yeah well mine especially I

1258

01:03:16,079 --> 01:03:12,430

mean you he was a good friend to him and

1259

01:03:21,120 --> 01:03:16,089

so was I you know we've got forget just

1260

01:03:23,009 --> 01:03:21,130

get on with things that's just you know

1261

01:03:24,480 --> 01:03:23,019

if I had never happened like you say no

1262

01:03:26,130 --> 01:03:24,490

one would ever find out is broad and

1263

01:03:28,440 --> 01:03:26,140

people would be looking in the wrong

1264

01:03:30,230 --> 01:03:28,450

avenues still at least no people are

1265

01:03:32,999 --> 01:03:30,240

looking for an alternative explanation

1266

01:03:35,819 --> 01:03:33,009

there's still gonna be people even

1267

01:03:38,549 --> 01:03:35,829

despite and they turn the blind eye to

1268

01:03:40,470 --> 01:03:38,559

what's in left at Eastgate and they turn

1269

01:03:42,720 --> 01:03:40,480

the blind eye to all the discrepancies

1270

01:03:45,299 --> 01:03:42,730

and lies they're still gonna be people

1271

01:03:56,849 --> 01:03:45,309

he's following you know well all I can

1272

01:03:59,579 --> 01:03:56,859

say is more find new people so it's just

1273

01:04:04,769 --> 01:03:59,589

gonna survive on new people until he saw

1274

01:04:06,809 --> 01:04:04,779

so yeah but the thing is now when you

1275

01:04:10,079 --> 01:04:06,819

google Larry Warren the first thing and

1276

01:04:12,990 --> 01:04:10,089

pops up on Google is broad into its own

1277

01:04:25,289 --> 01:04:13,000

you know people look far to get to the

1278

01:04:26,999 --> 01:04:25,299

truth good job done nice people think

1279

01:04:29,370 --> 01:04:27,009

people think there's satisfaction at

1280

01:04:32,069 --> 01:04:29,380

this there's no satisfaction at all now

1281

01:04:34,529 --> 01:04:32,079

you know I hate every minute of them the

1282

01:04:36,720 --> 01:04:34,539

fall I tied for Larry one I hate it

1283

01:04:38,670 --> 01:04:36,730

because that's not me I'm not that sort

1284

01:04:45,090 --> 01:04:38,680

of person but I've brought the worst out

1285

01:04:51,690 --> 01:04:47,820

then they brought the best out yeah I

1286

01:04:53,790 --> 01:04:51,700

you know there's only so much that you

1287

01:04:56,190 --> 01:04:53,800

can take and you take it personally

1288

01:04:58,710 --> 01:04:56,200

of the trolling yeah the lies all the

1289

01:05:01,230 --> 01:04:58,720

rest of it at first people have to

1290

01:05:05,880 --> 01:05:01,240

understand that this it was a friend

1291

01:05:10,220 --> 01:05:05,890

yeah for nine years so at first I was

1292

01:05:13,140 --> 01:05:10,230

reeling from the total betrayal because

1293

01:05:15,990 --> 01:05:13,150

once that cut them down and the

1294

01:05:20,070 --> 01:05:16,000

realization started happening one after

1295

01:05:21,930 --> 01:05:20,080

the other and then when you put you know

1296

01:05:24,060 --> 01:05:21,940

the narrative you know he's narrative

1297

01:05:28,020 --> 01:05:24,070

him you know the things and you stop

1298

01:05:30,570 --> 01:05:28,030

looking and you and it's staggering

1299

01:05:33,120 --> 01:05:30,580

you can't understand it's not just like

1300

01:05:36,080 --> 01:05:33,130

meeting that everyone going oh well he's

1301

01:05:39,840 --> 01:05:36,090

obviously a liar then it's it's so

1302

01:05:41,430 --> 01:05:39,850

repetitive because she keeps thinking of

1303

01:05:43,100 --> 01:05:41,440

all these different moments and all

1304

01:05:46,950 --> 01:05:43,110

these different things and it's like

1305

01:05:47,700 --> 01:05:46,960

everything is aligned angling like no no

1306

01:05:50,760 --> 01:05:47,710

no can't be

1307

01:05:54,360 --> 01:05:50,770

you know I'm exaggerating things in my

1308

01:05:57,350 --> 01:05:54,370

mind looking deeper and deeper and and

1309

01:06:00,620 --> 01:05:57,360

everything he says is the life yeah I

1310

01:06:03,840 --> 01:06:00,630

don't believe I believe he was on base

1311

01:06:08,460 --> 01:06:03,850

but I don't believe it was ever rusted

1312

01:06:10,020 --> 01:06:08,470

on so any [h__\h] I think he probably might

1313

01:06:11,940 --> 01:06:10,030

have been lost it onto a ship I don't

1314

01:06:13,890 --> 01:06:11,950

think he was involved with the insert if

1315

01:06:16,290 --> 01:06:13,900

it was involved with the incident he was

1316

01:06:18,450 --> 01:06:16,300

involved in a very small periphery way

1317

01:06:19,830 --> 01:06:18,460

maybe on the outsides maybe was one of

1318

01:06:22,620 --> 01:06:19,840

the people who were called from the dorm

1319

01:06:24,600 --> 01:06:22,630

you know the whole thing about and being

1320

01:06:27,390 --> 01:06:24,610

on D ship don't add up because he's

1321

01:06:30,060 --> 01:06:27,400

saying he went on his first day back to

1322

01:06:32,880 --> 01:06:30,070

shift on the 28th was his first night

1323

01:06:35,640 --> 01:06:32,890

well you don't go straight back on to

1324

01:06:38,040 --> 01:06:35,650

mids anyway you go on swings to start

1325

01:06:40,520 --> 01:06:38,050

with which is the you know the a.m.

1326

01:06:44,580 --> 01:06:40,530

morning afternoon chick on the mornin to

1327

01:06:48,060 --> 01:06:44,590

tee time till 7 o'clock and they'd

1328

01:06:49,830 --> 01:06:48,070

already been on I think I think C shift

1329

01:06:51,480 --> 01:06:49,840

when they had their incident with Jim

1330

01:06:54,420 --> 01:06:51,490

and John I think that was the last

1331

01:06:57,420 --> 01:06:54,430

evening of the C shift so that's the

1332

01:06:58,960 --> 01:06:57,430

25th and 26th or the 26th day shift come

1333

01:07:03,160 --> 01:06:58,970

on so they'd already been

1334

01:07:05,530 --> 01:07:03,170

two nights before before the incident if

1335

01:07:07,180 --> 01:07:05,540

you know what I'm saying all day that

1336

01:07:10,059 --> 01:07:07,190

happened on the second night so if they

1337

01:07:12,339 --> 01:07:10,069

went under 22 Tracey's her on the 26 on

1338

01:07:14,710 --> 01:07:12,349

the 27th and that lady in there 28 yes

1339

01:07:17,319 --> 01:07:14,720

or the second night you don't join

1340

01:07:18,849 --> 01:07:17,329

midship I know it was Christmas time and

1341

01:07:21,250 --> 01:07:18,859

I know what Christmastime like a lot of

1342

01:07:24,700 --> 01:07:21,260

places ships get messed up because they

1343

01:07:27,309 --> 01:07:24,710

like to give them they're married people

1344

01:07:29,950 --> 01:07:27,319

time off and and if you happen to be

1345

01:07:33,250 --> 01:07:29,960

living on base and yeah you know you

1346

01:07:35,410 --> 01:07:33,260

you're a single person then you you get

1347

01:07:37,120 --> 01:07:35,420

called in and stuff like that but from

1348

01:07:39,250 --> 01:07:37,130

the people I've spoke to there weren't a

1349

01:07:43,150 --> 01:07:39,260

lot of that went on there was a muddle

1350

01:07:44,980 --> 01:07:43,160

up of ships when on colonel Holt's night

1351

01:07:47,020 --> 01:07:44,990

you know when Colonel Holt says when he

1352

01:07:48,400 --> 01:07:47,030

got to the land and stage I'll keep

1353

01:07:50,589 --> 01:07:48,410

calling at landing stage and shows

1354

01:07:53,710 --> 01:07:50,599

another name for anyway the place where

1355

01:07:55,720 --> 01:07:53,720

all the where all the trucks were at

1356

01:07:58,750 --> 01:07:55,730

that point as a lot point in the forest

1357

01:08:01,170 --> 01:07:58,760

where five tracks me and he said there

1358

01:08:04,450 --> 01:08:01,180

was people everywhere said it was a

1359

01:08:08,530 --> 01:08:04,460

public affairs disaster and cuz what

1360

01:08:11,890 --> 01:08:08,540

happened some people had had been on the

1361

01:08:15,400 --> 01:08:11,900

swing shift stayed over after the shift

1362

01:08:17,470 --> 01:08:15,410

to see what was going on I'm sure he

1363

01:08:20,829 --> 01:08:17,480

sent most tell Holt sent most people

1364

01:08:23,130 --> 01:08:20,839

thank cause he he was very young deaf

1365

01:08:25,930 --> 01:08:23,140

not who he wanted out there are new dig

1366

01:08:27,910 --> 01:08:25,940

so there was and also like there was

1367

01:08:30,430 --> 01:08:27,920

people who made the way out there like

1368

01:08:34,120 --> 01:08:30,440

John Burroughs on Ken Holt's night he

1369

01:08:36,010 --> 01:08:34,130

was up Joey he had gone them on to the

1370

01:08:37,450 --> 01:08:36,020

base and spoke to the law enforcement

1371

01:08:39,370 --> 01:08:37,460

desk and they said there's more stuff

1372

01:08:42,430 --> 01:08:39,380

going on and he what to lift out there

1373

01:08:44,439 --> 01:08:42,440

and you hear on the whole tape where him

1374

01:08:46,510 --> 01:08:44,449

and one other are asking for permission

1375

01:08:49,959 --> 01:08:46,520

to come forward in your hair cohort so

1376

01:08:56,800 --> 01:08:49,969

not at this time so I mean he was in

1377

01:08:58,059 --> 01:08:56,810

cities no he felt compelled to go out

1378

01:09:00,729 --> 01:08:58,069

there he thought they were going to come

1379

01:09:00,999 --> 01:09:00,739

back the phenomena was going to come

1380

01:09:04,829 --> 01:09:01,009

back

1381

01:09:07,970 --> 01:09:04,839

he had that feeling couldn't sleep yeah

1382

01:09:10,010 --> 01:09:07,980

twisted into there was an

1383

01:09:12,380 --> 01:09:10,020

that was out there for two weeks that

1384

01:09:15,590 --> 01:09:12,390

have refused to come back in I he'd gone

1385

01:09:18,200 --> 01:09:15,600

completely feral you know yeah bit like

1386

01:09:20,510 --> 01:09:18,210

Charlie Sheen and Apocalypse Now and

1387

01:09:23,630 --> 01:09:20,520

people were taking food and blankets to

1388

01:09:25,130 --> 01:09:23,640

it so I thought there's absolutely no

1389

01:09:29,210 --> 01:09:25,140

way because they said that would be a

1390

01:09:30,860 --> 01:09:29,220

wall for Starlin somebody would go out

1391

01:09:34,150 --> 01:09:30,870

and they would drop him and then we

1392

01:09:36,320 --> 01:09:34,160

would take him back not just leaving no

1393

01:09:41,630 --> 01:09:36,330

let me smack dab you anyway but a

1394

01:09:44,900 --> 01:09:41,640

fortnight yes so I asked total hull you

1395

01:09:46,579 --> 01:09:44,910

know what what is the basis of this that

1396

01:09:49,370 --> 01:09:46,589

is there's got to be something like I

1397

01:09:53,479 --> 01:09:49,380

said did John go out there a couple of

1398

01:09:56,630 --> 01:09:53,489

times maybe to scout about see anything

1399

01:09:59,840 --> 01:09:56,640

they'd come back or did he want to go

1400

01:10:01,460 --> 01:09:59,850

back out there you know and he said that

1401

01:10:04,550 --> 01:10:01,470

you think he went out there couple of

1402

01:10:06,590 --> 01:10:04,560

times just to see if he could see

1403

01:10:09,200 --> 01:10:06,600

anything again you know see if anything

1404

01:10:12,170 --> 01:10:09,210

to come back so that's not him

1405

01:10:20,180 --> 01:10:12,180

know being out where for two weeks with

1406

01:10:23,180 --> 01:10:20,190

tweaks in his head he said a few things

1407

01:10:25,340 --> 01:10:23,190

about Johnny's also said that his dorm

1408

01:10:27,650 --> 01:10:25,350

was raided and John had had photographs

1409

01:10:29,090 --> 01:10:27,660

and they confiscated them but I don't

1410

01:10:30,710 --> 01:10:29,100

think it's in the truth in that I'm sure

1411

01:10:32,450 --> 01:10:30,720

I've heard that from John if there was I

1412

01:10:36,110 --> 01:10:32,460

think I've asked him I woulda known the

1413

01:10:38,440 --> 01:10:36,120

theatre said yes but yeah it's just

1414

01:10:51,380 --> 01:10:38,450

something else until just another line

1415

01:10:54,680 --> 01:10:51,390

well yeah and the in the collar this

1416

01:10:57,070 --> 01:10:54,690

kind of like what looks like a face and

1417

01:11:01,970 --> 01:10:57,080

Gloria said that that was John Burroughs

1418

01:11:07,640 --> 01:11:01,980

no just these first surprise they came

1419

01:11:09,500 --> 01:11:07,650

about was it well he was just this name

1420

01:11:12,310 --> 01:11:09,510

mark quite a lot if you looked through

1421

01:11:14,870 --> 01:11:12,320

when he's gate look at his early

1422

01:11:17,090 --> 01:11:14,880

recordings that he does whenever there's

1423

01:11:19,640 --> 01:11:17,100

any one mysterious who can't be

1424

01:11:21,959 --> 01:11:19,650

contacted he calls a mark you know there

1425

01:11:24,930 --> 01:11:21,969

was Mark there can and there was marker

1426

01:11:27,030 --> 01:11:24,940

the airmen who had the car and I was

1427

01:11:30,780 --> 01:11:27,040

called mark you know he went to London

1428

01:11:33,670 --> 01:11:30,790

with Mark you knows but that story

1429

01:11:35,420 --> 01:11:33,680

changes as well another time

1430

01:11:39,270 --> 01:11:35,430

[Music]

1431

01:11:44,700 --> 01:11:39,280

well this photograph was allegedly taken

1432

01:11:47,250 --> 01:11:44,710

by Mark the accountants as given them to

1433

01:11:50,600 --> 01:11:47,260

Warren who hid them in the mob that he

1434

01:11:55,140 --> 01:11:50,610

brought from Germany when he didn't go

1435

01:11:56,910 --> 01:11:55,150

because he was here or ever version so

1436

01:12:00,810 --> 01:11:56,920

those are the first graphs that yes

1437

01:12:02,640 --> 01:12:00,820

Steve the plume to lie and say that he'd

1438

01:12:04,380 --> 01:12:02,650

sneak them out for him hmm

1439

01:12:07,250 --> 01:12:04,390

like why would do you even be worried

1440

01:12:13,500 --> 01:12:07,260

about sneaking a roll of film out it's

1441

01:12:15,180 --> 01:12:13,510

no but listen that was easy if you

1442

01:12:17,130 --> 01:12:15,190

wanted to get anything out of that base

1443

01:12:19,800 --> 01:12:17,140

all you had to do was go into town and

1444

01:12:22,110 --> 01:12:19,810

post it there was no I mean this is the

1445

01:12:24,270 --> 01:12:22,120

whole thing about the letter and writing

1446

01:12:27,240 --> 01:12:24,280

oh I acted this on the bottom when I was

1447

01:12:28,709 --> 01:12:27,250

at the base post office you know when I

1448

01:12:31,110 --> 01:12:28,719

get home man I'll tell you the whole

1449

01:12:35,910 --> 01:12:31,120

truth about the UFO and stuff like that

1450

01:12:37,530 --> 01:12:35,920

he didn't need to say oh I can't put it

1451

01:12:39,780 --> 01:12:37,540

in the letter because they read it

1452

01:12:42,600 --> 01:12:39,790

Christ all you had to do was go in the

1453

01:12:45,870 --> 01:12:42,610

Woodbridge and post the bloody thing you

1454

01:12:49,260 --> 01:12:45,880

know why all this business you know why

1455

01:12:51,810 --> 01:12:49,270

use them that the phone booth on the

1456

01:12:53,729 --> 01:12:51,820

base if he knew they were attacked why

1457

01:12:55,620 --> 01:12:53,739

didn't he go in Woodbridge and use one

1458

01:13:09,120 --> 01:12:55,630

there in this crazy

1459

01:13:14,730 --> 01:13:12,030

so the photographs that was done he says

1460

01:13:17,730 --> 01:13:14,740

he said the in this photograph that he's

1461

01:13:19,950 --> 01:13:17,740

thought that he puts about now it's a

1462

01:13:22,710 --> 01:13:19,960

very small photo

1463

01:13:25,380 --> 01:13:22,720

it's just misty with the phenomenon of

1464

01:13:27,840 --> 01:13:25,390

the lights and the mist and it's alleged

1465

01:13:31,140 --> 01:13:27,850

faces of John Burroughs and the caller

1466

01:13:33,840 --> 01:13:31,150

and the left but actually original

1467

01:13:37,610 --> 01:13:33,850

picture of that he's like a far sighs

1468

01:13:41,190 --> 01:13:37,620

yeah I've seen that fella don't you sir

1469

01:13:44,310 --> 01:13:41,200

how either where's the rest of John's

1470

01:13:46,440 --> 01:13:44,320

body though yes his face when in that

1471

01:13:48,990 --> 01:13:46,450

when I handled that the first time I

1472

01:13:51,510 --> 01:13:49,000

handled that food class was probably the

1473

01:13:54,810 --> 01:13:51,520

first time Gary hesitance aura and that

1474

01:13:58,140 --> 01:13:54,820

was on the 2012 conference

1475

01:14:01,800 --> 01:13:58,150

Larry shaped my room I put him up in my

1476

01:14:05,010 --> 01:14:01,810

room and we went down into the hotel bar

1477

01:14:07,890 --> 01:14:05,020

afterwards and he's flashing this

1478

01:14:09,990 --> 01:14:07,900

photograph about and showing it to Gary

1479

01:14:11,670 --> 01:14:10,000

has thought all very interested in it

1480

01:14:13,380 --> 01:14:11,680

well I looked at it and I thought well I

1481

01:14:16,670 --> 01:14:13,390

can see a few little blobs a lot never

1482

01:14:19,380 --> 01:14:16,680

saw anything marvelous about I was badly

1483

01:14:21,270 --> 01:14:19,390

fingerprints all over and that was a

1484

01:14:22,530 --> 01:14:21,280

photograph of the negative you know it

1485

01:14:24,450 --> 01:14:22,540

wasn't a negative and it wasn't a

1486

01:14:27,750 --> 01:14:24,460

photograph I was a Tokra over negative

1487

01:14:32,370 --> 01:14:27,760

and he's telling this story to me that

1488

01:14:37,530 --> 01:14:32,380

this film is only available to NASA

1489

01:14:40,580 --> 01:14:37,540

spray you know space people and the

1490

01:14:43,230 --> 01:14:40,590

special services you know that wasn't

1491

01:14:44,760 --> 01:14:43,240

ordinary type of film I couldn't see

1492

01:14:48,930 --> 01:14:44,770

anything that was special about that

1493

01:14:51,570 --> 01:14:48,940

film cuz Georgina when she and she had

1494

01:14:53,280 --> 01:14:51,580

to thought she had a photograph I know

1495

01:14:54,690 --> 01:14:53,290

it says photographs I don't know what

1496

01:14:57,330 --> 01:14:54,700

the other photographs were the

1497

01:14:59,100 --> 01:14:57,340

photograph of that photograph but there

1498

01:15:01,500 --> 01:14:59,110

was a big fuss about he wanted them back

1499

01:15:04,160 --> 01:15:01,510

um I did find out recently that was some

1500

01:15:08,460 --> 01:15:04,170

money changed hands with Georgina and

1501

01:15:09,780 --> 01:15:08,470

have you heard that no she ate them the

1502

01:15:12,120 --> 01:15:09,790

reason she held onto him was because

1503

01:15:14,850 --> 01:15:12,130

she'd fronted some money and wanted her

1504

01:15:17,370 --> 01:15:14,860

money's worth I suppose but anyway she

1505

01:15:19,140 --> 01:15:17,380

said that if she could have the negative

1506

01:15:22,060 --> 01:15:19,150

because she wasn't investigative

1507

01:15:25,720 --> 01:15:22,070

journalists when she she knew her job

1508

01:15:27,190 --> 01:15:25,730

she could tell by the numbers on the

1509

01:15:29,410 --> 01:15:27,200

side of that when the film was taken

1510

01:15:31,150 --> 01:15:29,420

Newton's apparently body's numbers and

1511

01:15:32,860 --> 01:15:31,160

these dots on the side of the book and

1512

01:15:35,290 --> 01:15:32,870

negative you can tell everything about

1513

01:15:37,210 --> 01:15:35,300

when it was taken when it was developed

1514

01:15:40,210 --> 01:15:37,220

everything you can tell everything by

1515

01:15:42,430 --> 01:15:40,220

because they never come to fruition

1516

01:15:47,680 --> 01:15:42,440

after that I mean he promised them she

1517

01:15:49,750 --> 01:15:47,690

never she never had forgotten as well

1518

01:15:51,490 --> 01:15:49,760

because he says he he gave him to

1519

01:15:52,990 --> 01:15:51,500

Georgina and said it was mark the

1520

01:15:55,360 --> 01:15:53,000

accountant gave her the big spiel about

1521

01:15:58,000 --> 01:15:55,370

it all and that he'd had them for 19

1522

01:16:03,250 --> 01:15:58,010

years and all that kind of thing

1523

01:16:04,570 --> 01:16:03,260

and she kind of was like okay looked and

1524

01:16:08,100 --> 01:16:04,580

she was like all these are gray and

1525

01:16:11,500 --> 01:16:08,110

after a week he said he took them so

1526

01:16:12,880 --> 01:16:11,510

that if he's saying that that is John

1527

01:16:15,550 --> 01:16:12,890

Burroughs in that picture

1528

01:16:21,670 --> 01:16:15,560

hmm and he took the picture yeah he's

1529

01:16:23,410 --> 01:16:21,680

putting himself as John Burroughs sue me

1530

01:16:26,680 --> 01:16:23,420

how could he take the picture of John

1531

01:16:27,970 --> 01:16:26,690

Burroughs he said he told Regina we took

1532

01:16:29,500 --> 01:16:27,980

these pictures of their doughnuts this

1533

01:16:31,480 --> 01:16:29,510

one because he told me himself it was

1534

01:16:33,280 --> 01:16:31,490

this one right so if he says John

1535

01:16:35,680 --> 01:16:33,290

Burroughs he's in that photograph yeah

1536

01:16:38,530 --> 01:16:35,690

and he took the photograph yeah because

1537

01:16:39,910 --> 01:16:38,540

it's not suddenly it's not Mark she

1538

01:16:41,770 --> 01:16:39,920

accepted them when he was like oh he's

1539

01:16:44,590 --> 01:16:41,780

I've got to you know I've got to forgive

1540

01:16:46,120 --> 01:16:44,600

him they're huge to this so he told her

1541

01:16:48,460 --> 01:16:46,130

well actually no it wasn't marked it was

1542

01:16:49,900 --> 01:16:48,470

me that took them and then he made me

1543

01:16:51,490 --> 01:16:49,910

saying that John Burroughs is in the

1544

01:16:53,680 --> 01:16:51,500

picture so he's saying he's taking a

1545

01:16:58,840 --> 01:16:53,690

photograph of John Burroughs with the

1546

01:17:00,400 --> 01:16:58,850

phenomena yeah so well so how could you

1547

01:17:03,700 --> 01:17:00,410

be with John Burroughs and taking that

1548

01:17:07,000 --> 01:17:03,710

pitch is just and he now he says that

1549

01:17:09,850 --> 01:17:07,010

that's an actual Department of Defense

1550

01:17:12,640 --> 01:17:09,860

first yeah that's what he was telling me

1551
01:17:14,680 --> 01:17:12,650
that was special ops that had taken the

1552
01:17:17,530 --> 01:17:14,690
photograph so the three stories there

1553
01:17:19,780 --> 01:17:17,540
but when he told your Gina when he

1554
01:17:21,250 --> 01:17:19,790
changed this story his argument to that

1555
01:17:25,120 --> 01:17:21,260
was that Georgene was gonna go public

1556
01:17:26,320 --> 01:17:25,130
with marks name well I suppose she could

1557
01:17:30,370 --> 01:17:26,330
to them because I don't think that's a

1558
01:17:34,300 --> 01:17:30,380
real person anyway but then he said to

1559
01:17:35,979 --> 01:17:34,310
save from putting him in the picture he

1560
01:17:42,580 --> 01:17:35,989
offered himself up is the next

1561
01:17:45,009 --> 01:17:42,590
nation none of that adds up you know but

1562
01:17:46,689 --> 01:17:45,019
Georgina saw through him I mean everyone

1563
01:17:50,140 --> 01:17:46,699

who's got to know his books getting on

1564

01:17:53,259 --> 01:17:50,150

this misguided missile but has I been

1565

01:17:57,430 --> 01:17:53,269

interesting but everyone who had any

1566

01:17:59,680 --> 01:17:57,440

dealings with him in the end and that's

1567

01:18:01,540 --> 01:17:59,690

not the end yet for some people but in

1568

01:18:03,629 --> 01:18:01,550

the end they find out you know that's

1569

01:18:07,029 --> 01:18:03,639

all a load of baloney

1570

01:18:09,100 --> 01:18:07,039

you know look at Peter I mean he

1571

01:18:17,470 --> 01:18:09,110

believed him he really was duped you

1572

01:18:21,549 --> 01:18:17,480

know you know or wonderful I remember

1573

01:18:24,970 --> 01:18:21,559

some letters emails emails messages on

1574

01:18:29,229 --> 01:18:24,980

Facebook and he was kind of like in a

1575

01:18:32,709 --> 01:18:29,239

very roundabout way asking me if I knew

1576

01:18:34,839 --> 01:18:32,719

what Larry's actual health conditions

1577

01:18:38,140 --> 01:18:34,849

were because he thought if he's mentally

1578

01:18:40,750 --> 01:18:38,150

ill they thought well it's he also

1579

01:18:43,390 --> 01:18:40,760

thought yeah diagnosed with PTSD and

1580

01:18:45,040 --> 01:18:43,400

Larry was also saying they have problems

1581

01:18:46,839 --> 01:18:45,050

with his artists after the phenomenon

1582

01:18:48,549 --> 01:18:46,849

and then he started saying that it had a

1583

01:18:49,750 --> 01:18:48,559

heart attack and let you know something

1584

01:18:52,870 --> 01:18:49,760

you have these problems with his house

1585

01:18:56,250 --> 01:18:52,880

so now that would put him in the bracket

1586

01:18:58,120 --> 01:18:56,260

for all of those conditions to be on

1587

01:19:01,569 --> 01:18:58,130

Employment Support Allowance

1588

01:19:04,779 --> 01:19:01,579

yeah and also probably personal

1589

01:19:08,350 --> 01:19:04,789

independence payments a disability

1590

01:19:10,299 --> 01:19:08,360

payments so you know he wasn't in

1591

01:19:15,970 --> 01:19:10,309

receipt of any of those and he was in

1592

01:19:18,100 --> 01:19:15,980

fact on ink AES a woman he first started

1593

01:19:21,939 --> 01:19:18,110

to come around and stay in and then he

1594

01:19:24,279 --> 01:19:21,949

ended up moving in because this the

1595

01:19:26,770 --> 01:19:24,289

first week that he was there after a

1596

01:19:28,750 --> 01:19:26,780

couple of days his money was stopped and

1597

01:19:30,310 --> 01:19:28,760

what they've done is they've taken him

1598

01:19:31,989 --> 01:19:30,320

up for employment support and I can put

1599

01:19:34,810 --> 01:19:31,999

him on job seekers because he was fine

1600

01:19:37,779 --> 01:19:34,820

yeah so if they wouldn't have done that

1601

01:19:40,000 --> 01:19:37,789

if he had all his health problems and

1602

01:19:41,770 --> 01:19:40,010

you know keeps telling people that he's

1603

01:19:43,930 --> 01:19:41,780

diagnosed with PTSD well

1604

01:19:45,819 --> 01:19:43,940

it's not he doesn't have a diagnosis and

1605

01:19:49,330 --> 01:19:45,829

I've got a message from me

1606

01:19:54,220 --> 01:19:49,340

- Larry saying to him you need to get a

1607

01:19:56,799 --> 01:19:54,230

diagnosis of PTSD yeah I know Darwin our

1608

01:19:59,140 --> 01:19:56,809

doll you know so does evidence that if

1609

01:20:02,830 --> 01:19:59,150

all of this he's you know I can't get

1610

01:20:06,129 --> 01:20:02,840

you his medical records but there's a

1611

01:20:10,390 --> 01:20:06,139

lot of information that's actually you

1612

01:20:12,790 --> 01:20:10,400

know in those little few lines hmm so

1613

01:20:14,439 --> 01:20:12,800

pizza did Toby stouts and then there's a

1614

01:20:17,140 --> 01:20:14,449

few times in those that he's lied when

1615

01:20:18,790 --> 01:20:17,150

they lied when he and this is another

1616

01:20:22,930 --> 01:20:18,800

interesting point as well with the Fred

1617

01:20:25,000 --> 01:20:22,940

max hypnosis they did yeah the he faiths

1618

01:20:33,189 --> 01:20:25,010

and this is the first Omni mentioned

1619

01:20:36,250 --> 01:20:33,199

aliens exactly as well mm-hmm and the

1620

01:20:39,279 --> 01:20:36,260

first time he remembers buddies faking

1621

01:20:41,709 --> 01:20:39,289

hypnosis yeah and it's actually in

1622

01:20:45,310 --> 01:20:41,719

Georgina's book you can't tell the

1623

01:20:49,720 --> 01:20:45,320

people that she's be pled to take by dot

1624

01:20:52,419 --> 01:20:49,730

I know about it yeah and the tape runs

1625

01:20:55,540 --> 01:20:52,429

out yeah but in these the connection

1626
01:20:58,080 --> 01:20:55,550
tape yeah Larry Larry Fawcett and Barry

1627
01:21:01,330 --> 01:20:58,090
Greenwood don't believe him anymore

1628
01:21:02,310 --> 01:21:01,340
right Georgina doesn't believe him

1629
01:21:06,129 --> 01:21:02,320
anymore

1630
01:21:06,700 --> 01:21:06,139
you know it's we don't believe him

1631
01:21:10,720 --> 01:21:06,710
anymore

1632
01:21:12,760 --> 01:21:10,730
but obviously people say that it's all

1633
01:21:15,580 --> 01:21:12,770
on me this is all just me saying this

1634
01:21:17,140 --> 01:21:15,590
and I'm just a crazy super Fallon that I

1635
01:21:20,020 --> 01:21:17,150
love Larry this is what Gary has

1636
01:21:23,140 --> 01:21:20,030
sometimes tells people I love Larry and

1637
01:21:26,770 --> 01:21:23,150
I move Larry Warren into our home with

1638
01:21:29,589 --> 01:21:26,780

my partner and my children because I

1639

01:21:33,640 --> 01:21:29,599

loved him and wanted to have an affair

1640

01:21:37,600 --> 01:21:33,650

with him under everybody's noses in this

1641

01:21:40,540 --> 01:21:37,610

tiny space no but it's what Gary

1642

01:21:45,010 --> 01:21:40,550

Heseltine tells people and that I'm a

1643

01:21:47,709 --> 01:21:45,020

drug addict and that my house is filthy

1644

01:21:52,390 --> 01:21:47,719

my children are filthy they live in

1645

01:21:52,990 --> 01:21:52,400

filth and he left because we were taking

1646

01:21:56,620 --> 01:21:53,000

drug

1647

01:21:58,630 --> 01:21:56,630

in front of the children and he couldn't

1648

01:22:06,400 --> 01:21:58,640

stand it anymore until there's a stop

1649

01:22:09,070 --> 01:22:06,410

rewarding so he left well I know from

1650

01:22:12,840 --> 01:22:09,080

day one what was going on so they're

1651

01:22:16,090 --> 01:22:12,850

saying all of that because I'm saying

1652

01:22:19,020 --> 01:22:16,100

look at all of this yeah and Gary

1653

01:22:22,390 --> 01:22:19,030

hassles having you say it's just her

1654

01:22:25,150 --> 01:22:22,400

she's crazy oh I love Larry Barbara and

1655

01:22:26,950 --> 01:22:25,160

I'm sure he'll never do all the crap

1656

01:22:29,080 --> 01:22:26,960

that he was coming out with on the jello

1657

01:22:32,260 --> 01:22:29,090

much yeah I've heard time and time again

1658

01:22:34,830 --> 01:22:32,270

I'd like to add you know a half an hour

1659

01:22:37,840 --> 01:22:34,840

with Gary and go over some points

1660

01:22:39,820 --> 01:22:37,850

sensibly without anyone getting excited

1661

01:22:42,370 --> 01:22:39,830

and I'd like him to answer some of the

1662

01:22:43,450 --> 01:22:42,380

things I know you've done an open letter

1663

01:22:45,670 --> 01:22:43,460

to Gary Heseltine

1664

01:22:48,310 --> 01:22:45,680

and the points are in there I don't

1665

01:22:50,700 --> 01:22:48,320

think he's addressed that Andy yes no

1666

01:22:53,740 --> 01:22:50,710

but the first thing I would have done

1667

01:22:56,020 --> 01:22:53,750

would be to a dresser and and even if

1668

01:22:58,270 --> 01:22:56,030

you're wrong on some points you know at

1669

01:23:00,280 --> 01:22:58,280

least address it not just keep calling

1670

01:23:04,390 --> 01:23:00,290

people trolls does he know what a troll

1671

01:23:08,410 --> 01:23:04,400

is you know well he's turned into a

1672

01:23:10,360 --> 01:23:08,420

trial that's the shame really because

1673

01:23:13,720 --> 01:23:10,370

then probably all got something Zaroff

1674

01:23:15,730 --> 01:23:13,730

I'm not sure quite what um I think he

1675

01:23:17,740 --> 01:23:15,740

made a big mistake doing this couple

1676

01:23:19,360 --> 01:23:17,750

green based on the story of Lowrie

1677

01:23:22,000 --> 01:23:19,370

Warren because there's a brilliant story

1678

01:23:24,820 --> 01:23:22,010

there to be told and that in his story

1679

01:23:28,270 --> 01:23:24,830

and that would have you know that would

1680

01:23:30,010 --> 01:23:28,280

have been brilliant but he's he's blown

1681

01:23:32,710 --> 01:23:30,020

it for himself now it's a very little

1682

01:23:35,470 --> 01:23:32,720

trust within the UFO community when it

1683

01:23:37,710 --> 01:23:35,480

comes to and wit says I'm talking to you

1684

01:23:40,180 --> 01:23:37,720

know tell tell me they won't speak to

1685

01:23:44,860 --> 01:23:40,190

Gary Heseltine because they don't trust

1686

01:23:46,720 --> 01:23:44,870

him for that reason you know he's he's

1687

01:23:52,540 --> 01:23:46,730

been shown that he's been shown evidence

1688

01:23:54,880 --> 01:23:52,550

and truth and he says it's not then to

1689

01:23:56,680 --> 01:23:54,890

say that he's not been convicted of

1690

01:23:59,200 --> 01:23:56,690

anything that doesn't mean anything

1691

01:24:00,370 --> 01:23:59,210

there's pedophiles running about that

1692

01:24:03,280 --> 01:24:00,380

haven't been convicted of anything

1693

01:24:05,770 --> 01:24:03,290

there's still be defiles they all get

1694

01:24:06,859 --> 01:24:05,780

caught eventually I mean for a policeman

1695

01:24:08,450 --> 01:24:06,869

to say that

1696

01:24:13,220 --> 01:24:08,460

yeah you know until you've been

1697

01:24:16,250 --> 01:24:13,230

convicted the snot book when I say is a

1698

01:24:21,500 --> 01:24:16,260

common he's saying he's not calm calm

1699

01:24:28,700 --> 01:24:21,510

means convict confidence it does exactly

1700

01:24:31,640 --> 01:24:28,710

what he does so just calling me mentally

1701

01:24:34,280 --> 01:24:31,650

ill and telling people that my mom put

1702

01:24:37,780 --> 01:24:34,290

me in a mental hospital and actually use

1703

01:24:41,570 --> 01:24:37,790

the words mental hospital like he's some

1704

01:24:44,169 --> 01:24:41,580

1970s caveman yeah because we don't use

1705

01:24:47,810 --> 01:24:44,179

that language anymore that's disgraceful

1706

01:24:49,879 --> 01:24:47,820

so you saying he's saying like don't

1707

01:24:56,629 --> 01:24:49,889

listen to her because she's mentally ill

1708

01:24:59,750 --> 01:24:56,639

yeah both he's gonna say what mental

1709

01:25:02,510 --> 01:24:59,760

housing people I'm using it as a weapon

1710

01:25:06,830 --> 01:25:02,520

against misa actually officially I hate

1711

01:25:08,030 --> 01:25:06,840

of course it is if you could get yeah if

1712

01:25:11,030 --> 01:25:08,040

you could get anyone to do anything

1713

01:25:14,660 --> 01:25:11,040

about it but if you know us I mean the

1714

01:25:17,479 --> 01:25:14,670

the way um Larry Warren bullied his way

1715

01:25:19,189 --> 01:25:17,489

when anyone confronted him was to

1716

01:25:21,169 --> 01:25:19,199

threaten him with the antler way well we

1717

01:25:23,120 --> 01:25:21,179

know that's a load of bulls now anyway

1718

01:25:25,250 --> 01:25:23,130

don't because we knows he's never been

1719

01:25:27,140 --> 01:25:25,260

the Hells Angel he definitely won't be

1720

01:25:29,660 --> 01:25:27,150

one now anyway

1721

01:25:32,470 --> 01:25:29,670

there is there is one or two

1722

01:25:35,000 --> 01:25:32,480

requirements that I know about that

1723

01:25:39,830 --> 01:25:35,010

would give a reason why he could never

1724

01:25:43,790 --> 01:25:39,840

have been a Hells Angel he could never

1725

01:25:47,330 --> 01:25:43,800

be as because he'd been a policeman it

1726

01:25:54,859 --> 01:25:47,340

was in the security place that's one of

1727

01:25:58,339 --> 01:25:54,869

the main mean I mean I'm sure you can

1728

01:26:00,830 --> 01:25:58,349

find it online but there's a list of

1729

01:26:04,339 --> 01:26:00,840

things that they date them abide I mean

1730

01:26:06,020 --> 01:26:04,349

they D they don't have them well they

1731

01:26:08,689 --> 01:26:06,030

probably do know but it's and women in

1732

01:26:10,700 --> 01:26:08,699

their chapters at all and you must never

1733

01:26:13,669 --> 01:26:10,710

have been a child molester

1734

01:26:17,479 --> 01:26:13,679

you must never been any way associated

1735

01:26:19,010 --> 01:26:17,489

with a place I mean there's a reason for

1736

01:26:20,060 --> 01:26:19,020

that you know how they get their income

1737

01:26:23,320 --> 01:26:20,070

to

1738

01:26:27,860 --> 01:26:23,330

yeah mm-hmm

1739

01:26:29,990 --> 01:26:27,870

so yeah and he was threatening people

1740

01:26:37,070 --> 01:26:30,000

with that left right and center oh yeah

1741

01:26:38,630 --> 01:26:37,080

yeah the outlaw life a lot of people I'm

1742

01:26:41,780 --> 01:26:38,640

sure this people look that would have

1743

01:26:44,030 --> 01:26:41,790

frightened you know will he frighten

1744

01:26:45,680 --> 01:26:44,040

James well shouldn't they called him the

1745

01:26:50,360 --> 01:26:45,690

little sex crime fella

1746

01:26:52,730 --> 01:26:50,370

what was that that's just what he does

1747

01:26:54,770 --> 01:26:52,740

he throws things out to get people

1748

01:26:58,040 --> 01:26:54,780

thinking because a lot of these people

1749

01:27:01,370 --> 01:26:58,050

hang on his every word but that could

1750

01:27:04,970 --> 01:27:01,380

have been you know Jones that it's

1751

01:27:07,610 --> 01:27:04,980

sending his brother to his address yeah

1752

01:27:11,570 --> 01:27:07,620

I tell you I find out recently he done

1753

01:27:14,750 --> 01:27:11,580

the same to Reyn spree he threated he's

1754

01:27:17,270 --> 01:27:14,760

he's threatened Ryan he told him that if

1755

01:27:20,540 --> 01:27:17,280

he does his play about Rendlesham he's

1756

01:27:27,050 --> 01:27:20,550

gonna send 20 Hells Angels round to kick

1757

01:27:30,290 --> 01:27:27,060

the living [h__h] out of him is that it's

1758

01:27:31,160 --> 01:27:30,300

been like flattered that somebody was

1759

01:27:32,870 --> 01:27:31,170

making the playerbase

1760

01:27:35,990 --> 01:27:32,880

yeah I think Peter put a lot of work

1761

01:27:38,210 --> 01:27:36,000

into that as well yeah his own time you

1762

01:27:41,240 --> 01:27:38,220

know meeting with Ryan and going over

1763

01:27:43,730 --> 01:27:41,250

and that's only gonna be a play by the

1764

01:27:51,890 --> 01:27:43,740

bite left at each guy you think yeah

1765

01:27:57,170 --> 01:27:51,900

yeah I said to me recently that there

1766

01:27:59,420 --> 01:27:57,180

were in 2007 my friend Sarah and I we

1767

01:28:03,500 --> 01:27:59,430

bought tickets got that word weird

1768

01:28:05,630 --> 01:28:03,510

weekend in Devon Peter and Lauren was

1769

01:28:07,640 --> 01:28:05,640

speaking so we came from Leeds who came

1770

01:28:09,490 --> 01:28:07,650

to Liverpool would pick them up and we

1771

01:28:12,650 --> 01:28:09,500

drove him all the way down to Devon

1772

01:28:15,560 --> 01:28:12,660

right and we will go in there anyway

1773

01:28:16,520 --> 01:28:15,570

we Larry was keeping it all big lips

1774

01:28:19,700 --> 01:28:16,530

about money and

1775

01:28:21,080 --> 01:28:19,710

blah blah petrol money etc well we will

1776

01:28:22,520 --> 01:28:21,090

go in anyway so it didn't really matter

1777

01:28:26,630 --> 01:28:22,530

that never happened

1778

01:28:30,620 --> 01:28:26,640

as you might imagine and you know Peter

1779

01:28:32,120 --> 01:28:30,630

told me recently that when he got into

1780

01:28:36,800 --> 01:28:32,130

the flight we'd all got there we were

1781

01:28:38,840 --> 01:28:36,810

all at Larry's flat and Larry got to the

1782

01:28:39,350 --> 01:28:38,850

toilet I think no no no it's before we'd

1783

01:28:43,010 --> 01:28:39,360

arrived

1784

01:28:47,840 --> 01:28:43,020

Larry gone to the toilet and Peter saw

1785

01:28:52,550 --> 01:28:47,850

this jacket and he looked in his angels

1786

01:28:53,990 --> 01:28:52,560

so he pulled out the jacket and found

1787

01:28:57,800 --> 01:28:54,000

that he had these patches on the back of

1788

01:29:01,310 --> 01:28:57,810

his jacket so he said Solari what's this

1789

01:29:04,430 --> 01:29:01,320

he said well you know I'm in the Hells

1790

01:29:08,090 --> 01:29:04,440

Angels and you know obviously Peter was

1791

01:29:10,160 --> 01:29:08,100

horrified because he's in America the

1792

01:29:11,750 --> 01:29:10,170

Hells Angels were absolutely you know

1793

01:29:14,840 --> 01:29:11,760

ferocious yes I don't think we're quite

1794

01:29:17,660 --> 01:29:14,850

as bad over here but you know so his

1795

01:29:21,230 --> 01:29:17,670

mental image that Hells Angels or some

1796

01:29:24,050 --> 01:29:21,240

things you know to be worried about but

1797

01:29:25,900 --> 01:29:24,060

also knowing as well the kind of things

1798

01:29:30,230 --> 01:29:25,910

that you have to do to get that punch

1799

01:29:32,000 --> 01:29:30,240

yeah so it was horrified he was angry

1800

01:29:33,850 --> 01:29:32,010

was like all right you know like being

1801
01:29:36,470 --> 01:29:33,860
associated with somebody like him

1802
01:29:38,180 --> 01:29:36,480
whatever remember exactly what he was

1803
01:29:41,540 --> 01:29:38,190
saying but it was shots and he was

1804
01:29:44,660 --> 01:29:41,550
horrified and he didn't like it and me

1805
01:29:46,970 --> 01:29:44,670
and Sarah turned up and he was like oh

1806
01:29:50,000 --> 01:29:46,980
[h__\h] off the map so Sarah was driving

1807
01:29:52,940 --> 01:29:50,010
and I sat in the back with pizza and we

1808
01:29:54,860 --> 01:29:52,950
just tried for 7 hours are long it took

1809
01:29:58,700 --> 01:29:54,870
us to get there and he was really

1810
01:30:01,520 --> 01:29:58,710
grateful for that because he he dug no

1811
01:30:05,500 --> 01:30:01,530
idea he was furious and we sort of

1812
01:30:10,280 --> 01:30:05,510
diffused situation so when we were down

1813
01:30:12,170 --> 01:30:10,290

you know in Devon people with their

1814

01:30:14,270 --> 01:30:12,180

worries my goings being weird he's like

1815

01:30:16,430 --> 01:30:14,280

listen Leo I already so tight and let me

1816

01:30:20,120 --> 01:30:16,440

see any money for petrol blah blah blah

1817

01:30:22,180 --> 01:30:20,130

and he really fed as this line and I was

1818

01:30:24,760 --> 01:30:22,190

thinking

1819

01:30:26,350 --> 01:30:24,770

why is he being so rude why is he nor

1820

01:30:28,000 --> 01:30:26,360

his wife is sitting with us you know

1821

01:30:31,180 --> 01:30:28,010

we're just brought me he was inviting

1822

01:30:33,340 --> 01:30:31,190

Larry hmm but eat Larry turn that into

1823

01:30:35,530 --> 01:30:33,350

something thing about how horrible Peter

1824

01:30:37,600 --> 01:30:35,540

wants so that kind of set the tone in my

1825

01:30:40,620 --> 01:30:37,610

mind on the level even though I've met

1826

01:30:42,820 --> 01:30:40,630

people if I was a really nice man I had

1827

01:30:44,620 --> 01:30:42,830

thought oh well there's these negative

1828

01:30:49,540 --> 01:30:44,630

traits in but you know you take people

1829

01:30:51,040 --> 01:30:49,550

as they are done yeah so but I just get

1830

01:30:54,790 --> 01:30:51,050

so mad sometimes

1831

01:30:59,010 --> 01:30:54,800

and I shouldn't but the thing is wrong

1832

01:31:01,630 --> 01:30:59,020

is that I had UFO experience I had

1833

01:31:04,570 --> 01:31:01,640

abduction experiences on whatever that

1834

01:31:06,550 --> 01:31:04,580

is it's happened to me I don't claim to

1835

01:31:09,040 --> 01:31:06,560

know the nature of it but I know it's

1836

01:31:12,490 --> 01:31:09,050

something that's happened to me and I

1837

01:31:16,720 --> 01:31:12,500

was so desperate and so screwed in my

1838

01:31:18,580 --> 01:31:16,730

head I'm frightened and wanting to

1839

01:31:21,640 --> 01:31:18,590

understand it having no answers and

1840

01:31:24,189 --> 01:31:21,650

having nobody to talk to and you know

1841

01:31:25,810 --> 01:31:24,199

not trusting anyone and every time you

1842

01:31:27,520 --> 01:31:25,820

try and tell someone on the internet

1843

01:31:29,170 --> 01:31:27,530

they don't believe you you don't open

1844

01:31:31,030 --> 01:31:29,180

this big argument and you're defending

1845

01:31:31,620 --> 01:31:31,040

yourself I give people who really do not

1846

01:31:34,209 --> 01:31:31,630

matter

1847

01:31:37,180 --> 01:31:34,219

no but you feel so like emotionally

1848

01:31:42,100 --> 01:31:37,190

charged about it because it's trauma hmm

1849

01:31:44,920 --> 01:31:42,110

and people are denying it up and Peter

1850

01:31:50,320 --> 01:31:44,930

was with Hopkins all the time

1851
01:31:52,920 --> 01:31:50,330
and he kept as a path Peter was the

1852
01:31:55,810 --> 01:31:52,930
person that I could have helped me yeah

1853
01:32:00,459 --> 01:31:55,820
but he kept us apart because he didn't

1854
01:32:04,570 --> 01:32:00,469
want me to know how nice how loyal he is

1855
01:32:08,430 --> 01:32:04,580
and how he's all Lhari being a monster

1856
01:32:11,290 --> 01:32:08,440
and he's Peyton Peter to be the monster

1857
01:32:15,880 --> 01:32:11,300
to keep us apart because he didn't want

1858
01:32:18,790 --> 01:32:15,890
me to have any relationship with her cuz

1859
01:32:25,959 --> 01:32:18,800
that's awesome out that is really cruel

1860
01:32:27,250 --> 01:32:25,969
and unusual between allowing myself well

1861
01:32:29,760 --> 01:32:27,260
I say kicked off I didn't do enough

1862
01:32:31,870 --> 01:32:29,770
analysis on receiving into Moustafa

1863
01:32:34,260 --> 01:32:31,880

because he was in a position he was

1864

01:32:35,950 --> 01:32:34,270

going on different radio shows and

1865

01:32:40,020 --> 01:32:35,960

bad-mouthing me

1866

01:32:42,610 --> 01:32:40,030

he told Peter that he had to unfriend me

1867

01:32:45,040 --> 01:32:42,620

vpat but made things right

1868

01:32:46,590 --> 01:32:45,050

since Peter on myself but that hurt me

1869

01:32:49,660 --> 01:32:46,600

more than anything because I like their

1870

01:32:51,880 --> 01:32:49,670

no I really you know we got them really

1871

01:32:53,350 --> 01:32:51,890

well and you know we'd spend some time

1872

01:32:56,710 --> 01:32:53,360

together at different conferences and

1873

01:33:01,960 --> 01:32:56,720

stuff and he sent me trinkets of his

1874

01:33:04,030 --> 01:33:01,970

sister's for my door is a musician you

1875

01:33:05,740 --> 01:33:04,040

know simply little parcels like that and

1876

01:33:08,350 --> 01:33:05,750

Christmas cards and stuff and then all

1877

01:33:12,370 --> 01:33:08,360

of a sudden you know he'd taken Larry at

1878

01:33:14,800 --> 01:33:12,380

his word and that really cut that cut

1879

01:33:17,110 --> 01:33:14,810

more than hurt me more than anything but

1880

01:33:19,930 --> 01:33:17,120

so we're /// that now and that's all

1881

01:33:23,070 --> 01:33:19,940

sword but get back to this Hells Angel

1882

01:33:26,260 --> 01:33:23,080

business I'm surprised that the

1883

01:33:28,330 --> 01:33:26,270

Liverpool chapter allowed him to keep

1884

01:33:30,310 --> 01:33:28,340

them tattoos but like Adam obliterate

1885

01:33:33,040 --> 01:33:30,320

because you know what they want but you

1886

01:33:35,110 --> 01:33:33,050

know what one percenters d yeah we look

1887

01:33:37,630 --> 01:33:35,120

to be in 1% you got a ride your bike

1888

01:33:39,310 --> 01:33:37,640

every day and go with a club I saw all

1889

01:33:43,350 --> 01:33:39,320

the meetings and you do what they tell

1890

01:33:46,870 --> 01:33:43,360

you more or less but the 666 is then

1891

01:33:48,910 --> 01:33:46,880

what they call a filthy few I don't

1892

01:33:52,300 --> 01:33:48,920

happen swipes or anyone has explained

1893

01:33:54,250 --> 01:33:52,310

that teeing now just like the enforces

1894

01:33:57,400 --> 01:33:54,260

now if you was in the elite in the

1895

01:34:00,070 --> 01:33:57,410

British Army you could put yourself up

1896

01:34:00,730 --> 01:34:00,080

to be in the special and the SAS were

1897

01:34:03,010 --> 01:34:00,740

the SBS

1898

01:34:05,380 --> 01:34:03,020

and you'd go through a selection process

1899

01:34:08,140 --> 01:34:05,390

and a few make it well that's what an

1900

01:34:09,520 --> 01:34:08,150

enforcer is he's not had enough time in

1901

01:34:12,550 --> 01:34:09,530

his young life

1902

01:34:16,990 --> 01:34:12,560

to become an enforcer I'm amazed that he

1903

01:34:24,730 --> 01:34:17,000

has the gall to show that because ban

1904

01:34:26,800 --> 01:34:24,740

here that case hands off they would very

1905

01:34:29,260 --> 01:34:26,810

least he'd be marched to their tattoos

1906

01:34:36,330 --> 01:34:29,270

to another mob liberated so I'm

1907

01:34:43,060 --> 01:34:40,540

putting himself as the elite he's always

1908

01:34:44,709 --> 01:34:43,070

saying that I was the first one to do

1909

01:34:48,340 --> 01:34:44,719

this and my mum was the

1910

01:34:50,890 --> 01:34:48,350

listen I have the last I was the last

1911

01:34:54,130 --> 01:34:50,900

one to be able to do this and you know

1912

01:34:59,439 --> 01:34:54,140

it's like every single detail is a big

1913

01:35:00,790 --> 01:34:59,449

deal UK

1914

01:35:04,600 --> 01:35:00,800

well I saluted rubbish because I know

1915

01:35:12,430 --> 01:35:04,610

people after me who after Larry got the

1916

01:35:14,470 --> 01:35:12,440

base that they wanted and the other

1917

01:35:16,630 --> 01:35:14,480

thing is about being the first person

1918

01:35:19,060 --> 01:35:16,640

his mother was the first person to learn

1919

01:35:21,160 --> 01:35:19,070

she won't you know Sasha I mean I can't

1920

01:35:23,170 --> 01:35:21,170

say names they'll come out sooner or

1921

01:35:27,459 --> 01:35:23,180

later maybe but people do I speak to

1922

01:35:30,490 --> 01:35:27,469

they run the mother's two days before he

1923

01:35:38,350 --> 01:35:30,500

had is it alleged incident you know

1924

01:35:40,300 --> 01:35:38,360

Austin's a rung his mother record but

1925

01:35:42,160 --> 01:35:40,310

other recipes I mean they were all kids

1926

01:35:43,450 --> 01:35:42,170

away from home they all want to ring up

1927

01:35:46,750 --> 01:35:43,460

on which their mother Merry Christmas

1928

01:35:48,490 --> 01:35:46,760

and and said they'd been on use they

1929

01:35:49,920 --> 01:35:48,500

didn't get cut off they didn't get it

1930

01:35:53,770 --> 01:35:49,930

fine

1931

01:35:59,200 --> 01:35:53,780

there's a tape playback so now mmm he's

1932

01:36:02,560 --> 01:35:59,210

some great big kind of drama yeah so

1933

01:36:05,290 --> 01:36:02,570

there's so many things as well you know

1934

01:36:07,870 --> 01:36:05,300

that make whoa when I listen to that

1935

01:36:12,390 --> 01:36:07,880

radio interview with the aging and he

1936

01:36:15,100 --> 01:36:12,400

came and and and I think she said to me

1937

01:36:18,850 --> 01:36:15,110

what about the bit of it with the camera

1938

01:36:20,950 --> 01:36:18,860

the memory of the camera its Adrian's

1939

01:36:24,580 --> 01:36:20,960

memory and he's got he's written it in

1940

01:36:27,070 --> 01:36:24,590

left each day sorry what was it a

1941

01:36:33,820 --> 01:36:27,080

jewelry I do remember yeah

1942

01:36:35,890 --> 01:36:33,830

this particular camera yeah remember

1943

01:36:38,290 --> 01:36:35,900

happy I think he says that wasn't not

1944

01:36:40,630 --> 01:36:38,300

the bug was something like that yeah

1945

01:36:49,209 --> 01:36:40,640

probably UK name cuz you said they were

1946

01:36:50,800 --> 01:36:49,219

British nationals they don't state so

1947

01:36:51,770 --> 01:36:50,810

how could they both have confiscated the

1948

01:36:55,220 --> 01:36:51,780

same camera

1949

01:36:57,590 --> 01:36:55,230

same thought pattern live yeah mm-hmm

1950

01:37:02,150 --> 01:36:57,600

you know it's just so much that it's so

1951

01:37:03,590 --> 01:37:02,160

obvious yeah it's just but you have to

1952

01:37:05,810 --> 01:37:03,600

know it and you have to have read the

1953

01:37:07,580 --> 01:37:05,820

book yeah you know and the book is

1954

01:37:09,680 --> 01:37:07,590

actually being pulled by the publishers

1955

01:37:13,550 --> 01:37:09,690

so it's kind of difficult to get your

1956

01:37:15,950 --> 01:37:13,560

hands on it but they kept or green page

1957

01:37:21,860 --> 01:37:15,960

keeps telling everyone to read the book

1958

01:37:25,460 --> 01:37:21,870

read the book Sasha the Third arena I

1959

01:37:27,230 --> 01:37:25,470

mean I told them told the first day this

1960

01:37:32,450 --> 01:37:27,240

was announced and Dion put that first

1961

01:37:33,860 --> 01:37:32,460

video I sent him a nice email staiin you

1962

01:37:35,300 --> 01:37:33,870

realize you've got the wrong dates you

1963

01:37:37,310 --> 01:37:35,310

realize you've got this you realize

1964

01:37:39,260 --> 01:37:37,320

you've done that you've been and he sent

1965

01:37:41,930 --> 01:37:39,270

a letter back saying he can't understand

1966

01:37:45,230 --> 01:37:41,940

how I got past these what did he call

1967

01:37:47,960 --> 01:37:45,240

him script editors or something and I

1968

01:37:49,670 --> 01:37:47,970

said well I'm telling you you you know

1969

01:37:51,620 --> 01:37:49,680

you're making a fool yourself you need

1970

01:38:04,010 --> 01:37:51,630

to correct these things which they did

1971

01:38:07,220 --> 01:38:04,020

correct so much wrong with it I mean now

1972

01:38:11,120 --> 01:38:07,230

it normally says the sweet non-human

1973

01:38:16,400 --> 01:38:11,130

entities or three what looks like

1974

01:38:24,430 --> 01:38:16,410

children you know almost like yeah then

1975

01:38:30,920 --> 01:38:29,180

just Paul did he says there's seven

1976

01:38:41,690 --> 01:38:30,930

Altobelli ancestry and then there's

1977

01:38:43,760 --> 01:38:41,700

another more funny one like the same as

1978

01:38:59,930 --> 01:38:43,770

the food same as the drawing they eat

1979

01:39:01,210 --> 01:38:59,940

them for barry greenwood names were

1980

01:39:03,830 --> 01:39:01,220

portrayed like that Lemmy

1981

01:39:07,220 --> 01:39:03,840

yeah but it's like

1982

01:39:09,709 --> 01:39:07,230

says and I never said I saw aliens hmm

1983

01:39:11,450 --> 01:39:09,719

and I've never written it down it's

1984

01:39:14,450 --> 01:39:11,460

never I've never said this underground

1985

01:39:17,359 --> 01:39:14,460

base I've never well it's all in left

1986

01:39:21,800 --> 01:39:17,369

Eastgate every bit of it is easier um

1987

01:39:27,680 --> 01:39:21,810

look the couple green trailers looked at

1988

01:39:31,040 --> 01:39:27,690

them and I well however many I don't

1989

01:39:34,430 --> 01:39:31,050

know but I've got the way it's been put

1990

01:39:39,439 --> 01:39:34,440

together was very very deceiving because

1991

01:39:41,629 --> 01:39:39,449

that makes sergeants me and Laurie read

1992

01:39:45,410 --> 01:39:41,639

thoughts incidents which we all know

1993

01:39:54,530 --> 01:39:45,420

happened nowhere near there well maybe a

1994

01:39:57,200 --> 01:39:54,540

fortnight before I think I think she was

1995

01:39:59,089 --> 01:39:57,210

not even there and yeah and then

1996

01:40:01,910 --> 01:39:59,099

sergeant Smitty's I think was two weeks

1997

01:40:04,459 --> 01:40:01,920

before and then you got Steve LA plumes

1998

01:40:07,609 --> 01:40:04,469

which was to shift rotations afterwards

1999

01:40:12,109 --> 01:40:07,619

the capital green trailers make it sound

2000

01:40:15,320 --> 01:40:12,119

like that supportin Lorenz incident that

2001

01:40:18,320 --> 01:40:15,330

don't say you know they might only put

2002

01:40:20,990 --> 01:40:18,330

the date on you know if they that's been

2003

01:40:23,720 --> 01:40:21,000

done purposely to deceive to make people

2004

01:40:24,410 --> 01:40:23,730

think that's backing up that story let's

2005

01:40:26,330 --> 01:40:24,420

face it

2006

01:40:30,290 --> 01:40:26,340

who's backing up his story he was there

2007

01:40:32,930 --> 01:40:30,300

I shouldn't think uh well I know John

2008

01:40:39,470 --> 01:40:32,940

isn't I shouldn't think Jim Penniston is

2009

01:40:42,709 --> 01:40:39,480

I know Jim went mad about Gary Heseltine

2010

01:40:44,930 --> 01:40:42,719

use in his material one of the

2011

01:40:47,810 --> 01:40:44,940

conferences in Brazil I think it was

2012

01:40:50,270 --> 01:40:47,820

right so he hasn't got permission to use

2013

01:40:53,060 --> 01:40:50,280

anything of Jim's Colonel Hart has said

2014

01:40:55,720 --> 01:40:53,070

you do not use my tape you do not use my

2015

01:40:58,790 --> 01:40:55,730

memo you do not use my name and

2016

01:41:03,109 --> 01:40:58,800

obviously John's not involved in it none

2017

01:41:05,990 --> 01:41:03,119

of the witnesses they're involved not my

2018

01:41:08,629 --> 01:41:06,000

can see there's people on the periphery

2019

01:41:11,839 --> 01:41:08,639

and I don't know what happened with

2020

01:41:14,180 --> 01:41:11,849

Steve longe era and we were friends at

2021

01:41:17,720 --> 01:41:14,190

one time until Larry one got to him at

2022

01:41:20,930 --> 01:41:17,730

the same time and I was talking to

2023

01:41:23,150 --> 01:41:20,940

cookie and he she sent me the message

2024

01:41:25,460 --> 01:41:23,160

that he sent to her why I won't be

2025

01:41:28,370 --> 01:41:25,470

trusted and they you know they shouldn't

2026

01:41:30,950 --> 01:41:28,380

Speak to me and everything but um I had

2027

01:41:33,110 --> 01:41:30,960

an hour on the phone with Steve on

2028

01:41:34,850 --> 01:41:33,120

Gerald before that and I remember

2029

01:41:36,620 --> 01:41:34,860

everything what he told me at being at

2030

01:41:38,930 --> 01:41:36,630

rest let's see what comes out in the

2031

01:41:40,970 --> 01:41:38,940

film but looking at the trailer similar

2032

01:41:50,030 --> 01:41:40,980

to what he told me about lights coming

2033

01:41:51,920 --> 01:41:50,040

down in the weapons storage area well I

2034

01:41:54,680 --> 01:41:51,930

know people who were in the weapons

2035

01:41:58,550 --> 01:41:54,690

storage area as well and on the outsides

2036

01:42:01,520 --> 01:41:58,560

of it you know spoken at length there

2037

01:42:03,680 --> 01:42:01,530

was you know there is people who say not

2038

01:42:06,110 --> 01:42:03,690

at that moment in time but there has

2039

01:42:07,820 --> 01:42:06,120

been some things happen just outside the

2040

01:42:11,210 --> 01:42:07,830

perimeter of the weapon storage area and

2041

01:42:14,030 --> 01:42:11,220

inside at different times but not during

2042

01:42:17,870 --> 01:42:14,040

that event that Larry Warren says

2043

01:42:22,730 --> 01:42:17,880

happened on Kapil Green you know so like

2044

01:42:24,740 --> 01:42:22,740

they tell me if Steve was stationed in

2045

01:42:27,530 --> 01:42:24,750

the weapon storage area there's no way

2046

01:42:31,130 --> 01:42:27,540

he'd be relieved to go into the forest

2047

01:42:33,410 --> 01:42:31,140

at Woodbridge the only the only one

2048

01:42:35,030 --> 01:42:33,420

person did suggest that maybe if

2049

01:42:37,610 --> 01:42:35,040

Chandler went there and he what to take

2050

01:42:40,370 --> 01:42:37,620

someone with him he might pick someone

2051
01:42:41,720 --> 01:42:40,380
up he was you know Christmas table went

2052
01:42:43,640 --> 01:42:41,730
a lot going on who knows

2053
01:42:45,740 --> 01:42:43,650
by being resident see what he has to say

2054
01:42:48,560 --> 01:42:45,750
I'm looking forward to seeing what he's

2055
01:42:50,810 --> 01:42:48,570
got to say because I think I think and I

2056
01:42:52,670 --> 01:42:50,820
asked Steve several times have we

2057
01:42:55,070 --> 01:42:52,680
covered everything is there anything

2058
01:42:57,170 --> 01:42:55,080
else you can remember he didn't seem as

2059
01:42:58,550 --> 01:42:57,180
if he what to write anything you know we

2060
01:43:00,590 --> 01:42:58,560
took we talked about some stuff what

2061
01:43:03,020 --> 01:43:00,600
weren't connected some funny things were

2062
01:43:07,240 --> 01:43:03,030
happened in my hometown when the air

2063
01:43:10,730 --> 01:43:07,250

Minister come to town and play but not

2064

01:43:13,490 --> 01:43:10,740

nothing other than the lights in the

2065

01:43:15,770 --> 01:43:13,500

weapons storage area soon but it's all

2066

01:43:16,940 --> 01:43:15,780

been hushed up I mean he went I would

2067

01:43:19,610 --> 01:43:16,950

have thought someone who went to the

2068

01:43:21,470 --> 01:43:19,620

conference or maybe maybe he didn't

2069

01:43:28,840 --> 01:43:21,480

speak about it at the conference maybe

2070

01:43:33,220 --> 01:43:31,600

you know like gallery keeps talking

2071

01:43:36,400 --> 01:43:33,230

about the layout of the base we know

2072

01:43:38,920 --> 01:43:36,410

that it was a nuclear it up nuclear

2073

01:43:41,979 --> 01:43:38,930

weapons there because at the layout of

2074

01:43:45,250 --> 01:43:41,989

the base and that he used to be you know

2075

01:43:49,960 --> 01:43:45,260

police Oh an RAF base blah blah well

2076

01:43:51,190 --> 01:43:49,970

this is an hour AF base hmm isn't it so

2077

01:43:53,979 --> 01:43:51,200

of course it's been up the same layout

2078

01:43:55,840 --> 01:43:53,989

it's not an american-built no nice no

2079

01:43:57,370 --> 01:43:55,850

realistic so I don't even know why it

2080

01:43:59,410 --> 01:43:57,380

keeps waffling on about that because

2081

01:44:01,540 --> 01:43:59,420

it's an RAF base of course it's gonna be

2082

01:44:04,660 --> 01:44:01,550

laid out in something the same way you

2083

01:44:05,970 --> 01:44:04,670

know it was bought it was rented or even

2084

01:44:10,090 --> 01:44:05,980

at least or whatever you wanna call it

2085

01:44:13,390 --> 01:44:10,100

to United States Air phone yes but it

2086

01:44:15,640 --> 01:44:13,400

was actually yes so yeah the weapon

2087

01:44:18,790 --> 01:44:15,650

storage areas are gonna be like that and

2088

01:44:21,100 --> 01:44:18,800

also this bubble of nonsense that keeps

2089

01:44:22,960 --> 01:44:21,110

going on about all the you know have a

2090

01:44:25,180 --> 01:44:22,970

nuclear weapons on base of course they

2091

01:44:34,630 --> 01:44:25,190

have nuclear weapons on base we have a

2092

01:44:37,780 --> 01:44:34,640

10-watt to the max you know course what

2093

01:44:39,280 --> 01:44:37,790

else you know it's just crazy yeah

2094

01:44:43,390 --> 01:44:39,290

there's there's something that keeps

2095

01:44:49,120 --> 01:44:43,400

cropping up about and we're told that

2096

01:44:50,979 --> 01:44:49,130

that was they kept weapons there against

2097

01:44:53,110 --> 01:44:50,989

our treaty rhythm I'd like to see a

2098

01:44:55,210 --> 01:44:53,120

treaty they'll never say no treaty that

2099

01:44:58,060 --> 01:44:55,220

we had with the US to say they couldn't

2100

01:44:59,650 --> 01:44:58,070

keep nuclear weapons they're the only

2101

01:45:00,630 --> 01:44:59,660

treaty that was in place was the

2102

01:45:03,070 --> 01:45:00,640

allottee

2103

01:45:05,320 --> 01:45:03,080

ballistic missile treaty that lasted for

2104

01:45:08,320 --> 01:45:05,330

ten years when there was a ban on

2105

01:45:10,360 --> 01:45:08,330

everybody using anti-ballistic missile

2106

01:45:12,700 --> 01:45:10,370

and that was the only treaty that was in

2107

01:45:13,360 --> 01:45:12,710

place 79 to 80 right yeah cuz I can't

2108

01:45:15,310 --> 01:45:13,370

okay

2109

01:45:16,960 --> 01:45:15,320

I've never come across one and I thought

2110

01:45:19,060 --> 01:45:16,970

that would have been shown before now

2111

01:45:22,330 --> 01:45:19,070

about this treaty that was supposed to

2112

01:45:24,790 --> 01:45:22,340

run I'm sure we knew everything what was

2113

01:45:26,590 --> 01:45:24,800

going on in that base I know I know not

2114

01:45:28,000 --> 01:45:26,600

the day to day running because they've

2115

01:45:29,200 --> 01:45:28,010

done as they like when they come there's

2116

01:45:31,120 --> 01:45:29,210

no two ways about it

2117

01:45:33,340 --> 01:45:31,130

you know we end our room we had Dom

2118

01:45:35,830 --> 01:45:33,350

Boland air it was the British liaison

2119

01:45:38,110 --> 01:45:35,840

officer but I mean he was a necessary

2120

01:45:39,940 --> 01:45:38,120

evil lair to run some things past them

2121

01:45:41,979 --> 01:45:39,950

like Colonel Hall asked him what do we

2122

01:45:44,529 --> 01:45:41,989

do do you know

2123

01:45:45,520 --> 01:45:44,539

do we send a letter to the mo D he

2124

01:45:48,970 --> 01:45:45,530

didn't know what to do because that

2125

01:45:52,660 --> 01:45:48,980

wasn't a normal thing was it but as has

2126
01:45:55,450 --> 01:45:52,670
things happened most of things were not

2127
01:45:58,689 --> 01:45:55,460
decided by the British base commander

2128
01:46:00,339 --> 01:45:58,699
there's probably more stuff decided at

2129
01:46:03,069 --> 01:46:00,349
the parties you know work with the

2130
01:46:05,009 --> 01:46:03,079
American American British liaisons you

2131
01:46:07,899 --> 01:46:05,019
know when they had their they're doing

2132
01:46:09,759 --> 01:46:07,909
committees and friendship parties

2133
01:46:17,080 --> 01:46:09,769
there's probably more stuff went on then

2134
01:46:18,520 --> 01:46:17,090
I don't think we had a lot to say on I

2135
01:46:42,069 --> 01:46:18,530
think they done as they like more or

2136
01:46:45,819 --> 01:46:42,079
less and I'm sure getting their money to

2137
01:46:48,399 --> 01:46:45,829
the stage don't believe anything he says

2138
01:46:55,500 --> 01:46:48,409

I'm afraid you know I mean stories in

2139

01:47:01,029 --> 01:46:58,390

Martin and yet he's relying on lips and

2140

01:47:03,370 --> 01:47:01,039

base buses to get to the roots which no

2141

01:47:07,779 --> 01:47:03,380

just none of it adds up I shouldn't

2142

01:47:12,970 --> 01:47:07,789

think they are six I think it was seven

2143

01:47:14,410 --> 01:47:12,980

something like a but I'm sure a name in

2144

01:47:15,910 --> 01:47:14,420

first class we thrived in the boat in

2145

01:47:16,890 --> 01:47:15,920

the nest and Martin did what know about

2146

01:47:18,939 --> 01:47:16,900

it

2147

01:47:20,109 --> 01:47:18,949

there's passion where the stuff was gone

2148

01:47:21,989 --> 01:47:20,119

missing from that base you'd be

2149

01:47:25,239 --> 01:47:21,999

wondering the fabs image that night I

2150

01:47:27,220 --> 01:47:25,249

keep wondering if you know because

2151
01:47:30,100 --> 01:47:27,230
cookie said that cameras and stuff like

2152
01:47:33,310 --> 01:47:30,110
that are going missing and Warren was

2153
01:47:35,200 --> 01:47:33,320
actually in that in the warehouse what

2154
01:47:37,600 --> 01:47:35,210
they and he said that he bought that

2155
01:47:39,459 --> 01:47:37,610
camera from the PX and blah blah blah I

2156
01:47:44,700 --> 01:47:39,469
think I a half-inch stick from the way

2157
01:47:46,839 --> 01:47:44,710
yeah I don't think it's my opinion

2158
01:47:49,390 --> 01:47:46,849
that's the cameras that would go on

2159
01:47:52,419 --> 01:47:49,400
missing what was gone missin was things

2160
01:47:54,399 --> 01:47:52,429
like and pilot jackets guns and the

2161
01:47:55,479 --> 01:47:54,409
mission and stuff like that yeah I mean

2162
01:47:59,049 --> 01:47:55,489
you got remembered I

2163
01:48:01,720 --> 01:47:59,059

at that time so that serious [h__h] when

2164

01:48:05,229 --> 01:48:01,730

stuff was being loaded up and and not

2165

01:48:06,640 --> 01:48:05,239

make name of the warehouse yeah there

2166

01:48:08,399 --> 01:48:06,650

was lots of stuff come off that base you

2167

01:48:11,350 --> 01:48:08,409

could get anything

2168

01:48:14,350 --> 01:48:11,360

I'll get rubbish for saying that someone

2169

01:48:16,120 --> 01:48:14,360

will say no never happened I know I know

2170

01:48:17,620 --> 01:48:16,130

haven't I worked on the doors in the

2171

01:48:21,160 --> 01:48:17,630

nightclubs I got offered all sorts of

2172

01:48:25,810 --> 01:48:21,170

stuff not how I did the buy again no no

2173

01:48:28,839 --> 01:48:25,820

use for it but you know other stuff that

2174

01:48:30,489 --> 01:48:28,849

wasn't there was a problem on that base

2175

01:48:35,859 --> 01:48:30,499

it weren't just for that sort of thing

2176

01:48:39,759 --> 01:48:35,869

either there was a big problem with yeah

2177

01:48:41,739 --> 01:48:39,769

you know the first night when and John

2178

01:48:43,930 --> 01:48:41,749

Burroughs the story goes that John

2179

01:48:47,729 --> 01:48:43,940

Burroughs was there he was he'd been

2180

01:48:50,620 --> 01:48:47,739

there 17 months and but Stefan's and

2181

01:48:55,959 --> 01:48:50,630

been there long by he was his supervisor

2182

01:48:57,759 --> 01:48:55,969

and he contacted John Burroughs to say

2183

01:48:59,020 --> 01:48:57,769

you know come for a ride around with me

2184

01:49:01,540 --> 01:48:59,030

we'll get to know each other a bit

2185

01:49:03,970 --> 01:49:01,550

better that actually wasn't the reason

2186

01:49:05,350 --> 01:49:03,980

why he picked John up they needed John

2187

01:49:08,319 --> 01:49:05,360

out of the way because something was

2188

01:49:11,680 --> 01:49:08,329

already going off there the OSI were

2189

01:49:15,189 --> 01:49:11,690

they on another investigation and that

2190

01:49:18,609 --> 01:49:15,199

and they saw the lights and what went

2191

01:49:20,259 --> 01:49:18,619

down and that's why the investigation

2192

01:49:24,790 --> 01:49:20,269

started soon because they want to know

2193

01:49:37,060 --> 01:49:24,800

did other people see what they saw yeah

2194

01:49:41,140 --> 01:49:37,070

they were they were staked out that

2195

01:49:43,239 --> 01:49:41,150

didn't come but that's one of the things

2196

01:49:45,819 --> 01:49:43,249

because people have said Oh Rick Richard

2197

01:49:47,770 --> 01:49:45,829

though he's and disinformation well he's

2198

01:49:51,489 --> 01:49:47,780

actually Canton is proper term as a

2199

01:49:53,770 --> 01:49:51,499

counterintelligence officer so yeah part

2200

01:49:56,589 --> 01:49:53,780

of his job was disinformation but he's

2201
01:49:58,660 --> 01:49:56,599
not he's not a discipline officer now he

2202
01:50:01,870 --> 01:49:58,670
don't need to say anything if he don't

2203
01:50:03,879 --> 01:50:01,880
want to but he said three or four things

2204
01:50:07,060 --> 01:50:03,889
during that interview on phenomenon

2205
01:50:08,169 --> 01:50:07,070
radio that I knew and I can't speak

2206
01:50:09,129 --> 01:50:08,179
about because they were told in

2207
01:50:11,950 --> 01:50:09,139
confidence

2208
01:50:15,149 --> 01:50:11,960
that was one of them that there was they

2209
01:50:18,640 --> 01:50:15,159
were already there on the drug stay game

2210
01:50:21,310 --> 01:50:18,650
yeah because Brian curry was the best

2211
01:50:24,100 --> 01:50:21,320
commander wasn't any what visit brain

2212
01:50:27,669 --> 01:50:24,110
curry they somebody who got booted off

2213
01:50:30,390 --> 01:50:27,679

base for drugs and said comrade took

2214

01:50:39,459 --> 01:50:30,400

over I think that's the wrong name yet

2215

01:50:44,109 --> 01:50:39,469

yeah they couldn't work than the other

2216

01:50:46,590 --> 01:50:44,119

way but I know people will say there was

2217

01:50:49,180 --> 01:50:46,600

not problem with drugs on that base

2218

01:50:51,070 --> 01:50:49,190

listen I'm telling you Sasha

2219

01:50:54,040 --> 01:50:51,080

the airmen that came down to Great

2220

01:50:56,890 --> 01:50:54,050

Yarmouth they were all not all that's

2221

01:51:00,430 --> 01:50:56,900

not saying there's a lot of incidences

2222

01:51:02,770 --> 01:51:00,440

of them being in court for drugs and

2223

01:51:04,419 --> 01:51:02,780

I've got some yummy captain's with an

2224

01:51:07,030 --> 01:51:04,429

engine and the never gonna release and

2225

01:51:10,359 --> 01:51:07,040

cause if they're on their families but

2226

01:51:13,660 --> 01:51:10,369

on their main the magistrates were

2227

01:51:15,700 --> 01:51:13,670

briefed to hand him back over to the US

2228

01:51:18,189 --> 01:51:15,710

to do what they want to do with them and

2229

01:51:20,709 --> 01:51:18,199

not sir put me in our prisons more or

2230

01:51:23,680 --> 01:51:20,719

less and that was and that was what

2231

01:51:25,810 --> 01:51:23,690

happened and then the they would come

2232

01:51:27,160 --> 01:51:25,820

and collect him and take him back and as

2233

01:51:28,959 --> 01:51:27,170

far as I know they were never seen again

2234

01:51:36,430 --> 01:51:28,969

so on I should imagine they were they

2235

01:51:39,220 --> 01:51:36,440

were down and sent straight great

2236

01:51:44,050 --> 01:51:39,230

yarmouth mercury's from not just 1980

2237

01:51:47,620 --> 01:51:44,060

before 1978 and even after and names you

2238

01:51:50,290 --> 01:51:47,630

know RAF Bentwaters RAF Woodbridge comes

2239

01:51:55,720 --> 01:51:50,300

up quite a lot but they wouldn't mind

2240

01:51:58,959 --> 01:51:55,730

how many people were there especially I

2241

01:52:00,070 --> 01:51:58,969

think I've got the figure four thousand

2242

01:52:03,100 --> 01:52:00,080

that might been more than that

2243

01:52:05,620 --> 01:52:03,110

four thousand personnel is a lot yeah

2244

01:52:10,359 --> 01:52:05,630

and a lot of them young and away from

2245

01:52:13,240 --> 01:52:10,369

home for the first time you know so I

2246

01:52:15,729 --> 01:52:13,250

kind of you know because I know that

2247

01:52:19,230 --> 01:52:15,739

obviously Laurie didn't secure himself a

2248

01:52:20,810 --> 01:52:19,240

fine [h__h] hole in his mom on the base

2249

01:52:23,550 --> 01:52:20,820

you know I checked all the rest of it

2250

01:52:28,170 --> 01:52:23,560

what kind of behaviors of yours you were

2251
01:52:32,790 --> 01:52:28,180
fine you know what kind of activity was

2252
01:52:35,910 --> 01:52:32,800
he really up to give him up fine I

2253
01:52:37,830 --> 01:52:35,920
didn't know I didn't know but you know I

2254
01:52:39,510 --> 01:52:37,840
don't think I was fooling in his mum

2255
01:52:48,480 --> 01:52:39,520
because I say there was plenty of people

2256
01:52:50,970 --> 01:52:48,490
run my mum's yeah it was a problem from

2257
01:52:56,370 --> 01:52:50,980
the get-go you know he was a problem

2258
01:52:58,980 --> 01:52:56,380
from the get-go yeah yeah whatever he

2259
01:53:07,530 --> 01:52:58,990
got it got pulled in an interview for

2260
01:53:08,640 --> 01:53:07,540
drugs did they yeah yeah I'll just join

2261
01:53:10,680 --> 01:53:08,650
me you know there's all these little

2262
01:53:17,040 --> 01:53:10,690
bits that I just kind of it's a figure

2263
01:53:19,470 --> 01:53:17,050

of you down false parts because oh yeah

2264

01:53:21,870 --> 01:53:19,480

I was trying to fathom out why he was

2265

01:53:24,030 --> 01:53:21,880

running round one and to find out

2266

01:53:25,530 --> 01:53:24,040

everything what was happening because he

2267

01:53:27,840 --> 01:53:25,540

was questioning people about what they

2268

01:53:31,080 --> 01:53:27,850

had seen and what they had done and I

2269

01:53:34,110 --> 01:53:31,090

thought well me maybe he's been he's

2270

01:53:36,780 --> 01:53:34,120

being used by like the u.s. ice as a

2271

01:53:38,940 --> 01:53:36,790

snitch right because they you know they

2272

01:53:40,320 --> 01:53:38,950

do do that they do use people against

2273

01:53:43,080 --> 01:53:40,330

each other so they get their information

2274

01:53:45,540 --> 01:53:43,090

a lot of it but I did speak to someone

2275

01:53:50,130 --> 01:53:45,550

weren't Rick Doty that was someone high

2276

01:53:50,670 --> 01:53:50,140

up and retired now high-ranking AF

2277

01:53:53,550 --> 01:53:50,680

lewisite

2278

01:53:58,560 --> 01:53:53,560

officer and I put it to him and he said

2279

01:54:05,670 --> 01:53:58,570

nope he said that he was um what's the

2280

01:54:10,080 --> 01:54:05,680

word he was recognized as being a liar

2281

01:54:11,810 --> 01:54:10,090

very early on and I would never use a

2282

01:54:17,160 --> 01:54:11,820

lie for anything

2283

01:54:19,560 --> 01:54:17,170

and so you know he did say that don't

2284

01:54:24,630 --> 01:54:19,570

mean say another agency might have used

2285

01:54:26,550 --> 01:54:24,640

him you know but as far as the OSI go no

2286

01:54:29,430 --> 01:54:26,560

they don't people like that they

2287

01:54:31,380 --> 01:54:29,440

wouldn't give the time at 18 and they

2288

01:54:33,840 --> 01:54:31,390

said he was recognized early

2289

01:54:36,120 --> 01:54:33,850

being a liar in fact they said there was

2290

01:54:38,310 --> 01:54:36,130

another case brought against him but

2291

01:54:52,800 --> 01:54:38,320

that's only here saying I don't know got

2292

01:54:53,430 --> 01:54:52,810

new admits who's a liar in left to

2293

01:54:56,220 --> 01:54:53,440

escape

2294

01:54:59,460 --> 01:54:56,230

I mean he's when when he got called in

2295

01:55:00,900 --> 01:54:59,470

for the supposed phone call and he told

2296

01:55:02,880 --> 01:55:00,910

him that he didn't make a phone call

2297

01:55:09,590 --> 01:55:02,890

until he he said she was played the tape

2298

01:55:15,870 --> 01:55:13,170

openly admitted he's a thief so in his

2299

01:55:19,620 --> 01:55:15,880

own book he's painted the picture of

2300

01:55:23,730 --> 01:55:19,630

being the liar and a thief so he stolen

2301
01:55:29,310 --> 01:55:23,740
some of his records and photocopied all

2302
01:55:31,500 --> 01:55:29,320
the bits you're gonna steal some of it

2303
01:55:34,550 --> 01:55:31,510
it's steal it oh yeah they're not

2304
01:55:37,320 --> 01:55:34,560
throats of copy bits and then you know

2305
01:55:40,260 --> 01:55:37,330
photocopy you know whatever so he's

2306
01:55:46,170 --> 01:55:40,270
either stolen his own military documents

2307
01:55:47,610 --> 01:55:46,180
very stolen blank no documents or

2308
01:55:50,310 --> 01:55:47,620
whatever and fill them in afterwards

2309
01:55:54,210 --> 01:55:50,320
well we know he's quite possible he's

2310
01:55:56,130 --> 01:55:54,220
proven that he's good at forgery this is

2311
01:55:59,270 --> 01:55:56,140
the word there's no other way but knows

2312
01:56:02,850 --> 01:55:59,280
that you send the photographs just in it

2313
01:56:05,460 --> 01:56:02,860

but until I mean there's more research

2314

01:56:07,500 --> 01:56:05,470

needed people like Persky he was the

2315

01:56:09,720 --> 01:56:07,510

base lawyer they need find him and

2316

01:56:11,520 --> 01:56:09,730

contact and then asking them if some of

2317

01:56:13,260 --> 01:56:11,530

these claims that he's made whether

2318

01:56:14,970 --> 01:56:13,270

they're true or not I mean I'd like to

2319

01:56:18,030 --> 01:56:14,980

get all the grit Bartram you know and

2320

01:56:20,400 --> 01:56:18,040

ask him you know sift a story change you

2321

01:56:23,760 --> 01:56:20,410

know we'll see what Steve launch arrows

2322

01:56:28,020 --> 01:56:23,770

got to say and save that because all of

2323

01:56:30,030 --> 01:56:28,030

a sudden the business about when when

2324

01:56:32,610 --> 01:56:30,040

lieutenant England busts things are

2325

01:56:34,470 --> 01:56:32,620

pulled up and to receive we're leaving

2326

01:56:37,290 --> 01:56:34,480

from June in that stories chain for me

2327

01:56:39,480 --> 01:56:37,300

was not taken off duty and then a late

2328

01:56:42,060 --> 01:56:39,490

time someone said they'd never take you

2329

01:56:44,250 --> 01:56:42,070

off duty yet they good after every leak

2330

01:56:44,700 --> 01:56:44,260

then they say he was relieved by someone

2331

01:56:47,430 --> 01:56:44,710

else

2332

01:56:48,900 --> 01:56:47,440

she knew about lols but in left at

2333

01:56:51,180 --> 01:56:48,910

Eastgate he says he didn't know anything

2334

01:56:52,890 --> 01:56:51,190

about all those verse that might been in

2335

01:57:04,050 --> 01:56:52,900

a great new show he said he didn't know

2336

01:57:06,810 --> 01:57:04,060

anything about light walls but but

2337

01:57:12,090 --> 01:57:06,820

originally it was Swift

2338

01:57:18,840 --> 01:57:12,100

ball and some black officer that's right

2339

01:57:21,600 --> 01:57:18,850

yeah then it's been him and and OH

2340

01:57:24,479 --> 01:57:21,610

every single element that's several

2341

01:57:26,820 --> 01:57:24,489

different versions and you know I've

2342

01:57:30,420 --> 01:57:26,830

tried to present enough to people to get

2343

01:57:32,670 --> 01:57:30,430

the picture but I just have to do a

2344

01:57:36,540 --> 01:57:32,680

little bit more on that a thing yeah and

2345

01:57:38,790 --> 01:57:36,550

then also the definite next week is the

2346

01:57:45,720 --> 01:57:38,800

big reveal of the evidence that has been

2347

01:57:48,120 --> 01:57:45,730

discovered it's irrefutable so it's just

2348

01:57:50,100 --> 01:57:48,130

it was gonna be this week but there was

2349

01:57:54,060 --> 01:57:50,110

a little you know a big Christmas new

2350

01:57:57,600 --> 01:57:54,070

atmosphere kind of didn't sink with it

2351

01:57:59,940 --> 01:57:57,610

quite so we're definitely moving from

2352

01:58:04,490 --> 01:57:59,950

this which just underlined a lot more

2353

01:58:07,770 --> 01:58:04,500

about Rendlesham yeah and not just his

2354

01:58:12,360 --> 01:58:07,780

Rockstar lies you know right there is

2355

01:58:15,990 --> 01:58:12,370

important but you know people say what's

2356

01:58:18,570 --> 01:58:16,000

that got to do with rendition so quite a

2357

01:58:23,580 --> 01:58:18,580

bit now on the problems with these

2358

01:58:26,880 --> 01:58:23,590

Rendlesham narrative yeah today is you

2359

01:58:31,110 --> 01:58:26,890

know underline so much for me as well as

2360

01:58:32,760 --> 01:58:31,120

throw the people that I've been

2361

01:58:34,350 --> 01:58:32,770

following this and though some people

2362

01:58:34,919 --> 01:58:34,360

might actually not quite know what's

2363

01:58:37,500 --> 01:58:34,929

going

2364

01:58:38,820 --> 01:58:37,510

I don't think and if you don't just get

2365

01:58:42,209 --> 01:58:38,830

in touch with me and I'll fill you in

2366

01:58:45,390 --> 01:58:42,219

yeah google google Rendlesham forest

2367

01:58:46,890 --> 01:58:45,400

incident you know the girls gonna get

2368

01:58:48,660 --> 01:58:46,900

some people are gonna bury their heads

2369

01:58:51,120 --> 01:58:48,670

in the sands and the same people same

2370

01:58:52,530 --> 01:58:51,130

names cover up asking the same questions

2371

01:58:54,780 --> 01:58:52,540

like reinventing the wheel

2372

01:58:56,070 --> 01:58:54,790

I'm tired of answering questions to

2373

01:58:58,169 --> 01:58:56,080

these people you know I've got to the

2374

01:59:02,160 --> 01:58:58,179

stage now I think I've done what I can

2375

01:59:05,010 --> 01:59:02,170

do and that we'll all get one time in my

2376

01:59:06,990 --> 01:59:05,020

own way in my own time I'm tied up to

2377

01:59:09,540 --> 01:59:07,000

something where I can't do anything but

2378

01:59:18,930 --> 01:59:09,550

soon as that's that's over then I'll

2379

01:59:42,439 --> 01:59:38,550

raise them you'll never cover all I'll

2380

01:59:45,810 --> 01:59:42,449

say to the listeners this is Anne Reid

2381

01:59:48,840 --> 01:59:45,820

lefties game you've got to read it read

2382

01:59:52,740 --> 01:59:48,850

georgina Bruni's you can't tell the

2383

01:59:54,479 --> 01:59:52,750

people definitely greet sky crash um the

2384

01:59:56,399 --> 01:59:54,489

authors of sky crush will tell you those

2385

02:00:04,439 --> 01:59:56,409

errors in their yeah you got remember

2386

02:00:06,300 --> 02:00:04,449

they got that book a real hurry remember

2387

02:00:08,600 --> 02:00:06,310

there was no there was no Google or

2388

02:00:09,720 --> 02:00:08,610

anything then boots on the ground

2389

02:00:12,419 --> 02:00:09,730

investigations

2390

02:00:17,160 --> 02:00:12,429

look at all the early articles that were

2391

02:00:19,680 --> 02:00:17,170

written from 1980 onwards and just do

2392

02:00:22,050 --> 02:00:19,690

your own digging and look at what people

2393

02:00:22,649 --> 02:00:22,060

are said and how their stories are

2394

02:00:25,830 --> 02:00:22,659

changed

2395

02:00:28,500 --> 02:00:25,840

and yeah and then make your own mind up

2396

02:00:30,510 --> 02:00:28,510

and I'm sure the the witnesses will be

2397

02:00:31,439 --> 02:00:30,520

the first to say they still don't know

2398

02:00:33,360 --> 02:00:31,449

what happened to him

2399

02:00:35,729 --> 02:00:33,370

or we know something remarkable did

2400

02:00:38,880 --> 02:00:35,739

happen over them few days and whether

2401
02:00:41,250 --> 02:00:38,890
that was something otherworldly all's us

2402
02:00:43,169 --> 02:00:41,260
or was us experimenting with different

2403
02:00:44,939 --> 02:00:43,179
things that opened up something that

2404
02:00:46,709 --> 02:00:44,949
allowed something from somewhere else to

2405
02:00:48,359 --> 02:00:46,719
come out that was through a different

2406
02:00:50,520 --> 02:00:48,369
dimension or Apple I

2407
02:00:53,310 --> 02:00:50,530
remember I'm in the early days Sasha

2408
02:00:54,870 --> 02:00:53,320
Colonel hole always said he always said

2409
02:00:57,060 --> 02:00:54,880
he would never discount that was

2410
02:01:00,000 --> 02:00:57,070
something wasn't something from another

2411
02:01:01,760 --> 02:01:00,010
dimension and I think he knows a little

2412
02:01:05,129 --> 02:01:01,770
bit more than what he's letting on

2413
02:01:08,040 --> 02:01:05,139

well he told me we were talking long day

2414

02:01:12,899 --> 02:01:08,050

he told me to read the skin walk around

2415

02:01:16,379 --> 02:01:12,909

switch right yes and so he actually

2416

02:01:18,209 --> 02:01:16,389

thinks is pretty much the same kind of

2417

02:01:19,919 --> 02:01:18,219

phenomena going on as the skin odd agree

2418

02:01:21,600 --> 02:01:19,929

with that which you know I would do

2419

02:01:23,370 --> 02:01:21,610

agree with it as well because you know

2420

02:01:25,020 --> 02:01:23,380

some of the phenomena seen and the

2421

02:01:27,390 --> 02:01:25,030

skinwalker ranch just being experienced

2422

02:01:30,180 --> 02:01:27,400

by myself and by my friend Paula and

2423

02:01:33,530 --> 02:01:30,190

other people that have had experiences

2424

02:01:36,180 --> 02:01:33,540

so it's not unique to skinwalker and so

2425

02:01:38,580 --> 02:01:36,190

yeah I could actually believe that

2426
02:01:40,589 --> 02:01:38,590
something like that yeah people say all

2427
02:01:42,720 --> 02:01:40,599
sorts down there doing personally I

2428
02:01:46,500 --> 02:01:42,730
never have I did have an experience at

2429
02:01:53,040 --> 02:01:46,510
Brenda's but in the forest no yeah

2430
02:01:56,070 --> 02:01:53,050
well don't you say it yes very easy

2431
02:02:00,089 --> 02:01:56,080
fringes cuz I go a lot anyway but I'm

2432
02:02:02,520 --> 02:02:00,099
before meditation in my house as well

2433
02:02:04,500 --> 02:02:02,530
and I feel a cigar very warm feeling

2434
02:02:06,600 --> 02:02:04,510
about it but yes I've I can quite

2435
02:02:08,760 --> 02:02:06,610
understand you know I've seen lights in

2436
02:02:11,160 --> 02:02:08,770
there and not even mentioned you know at

2437
02:02:25,169 --> 02:02:11,170
the corner me I think that's not normal

2438
02:02:27,149 --> 02:02:25,179

you know even dot reckons that she saw

2439

02:02:30,149 --> 02:02:27,159

an alien gray in our kitchen she swears

2440

02:02:39,270 --> 02:02:30,159

by it and I was before the wild turkey

2441

02:02:42,990 --> 02:02:39,280

not after I'd hurt us a few times from

2442

02:02:45,120 --> 02:02:43,000

dot and I said where was Brenda she said

2443

02:02:47,669 --> 02:02:45,130

well I think Brenda was upstairs but who

2444

02:02:51,390 --> 02:02:47,679

knows the little alien grade could have

2445

02:02:56,910 --> 02:02:51,400

been Brenda you never know what

2446

02:02:59,100 --> 02:02:56,920

surprises philosophize I should be going

2447

02:03:01,050 --> 02:02:59,110

with her again soon but yeah what love

2448

02:03:02,189 --> 02:03:01,060

Adam remarkable things happen in their

2449

02:03:09,739 --> 02:03:02,199

presence down there

2450

02:03:14,489 --> 02:03:11,819

and I think you have to be in the right

2451
02:03:16,979 --> 02:03:14,499
zone to take it all in you know you can

2452
02:03:18,899 --> 02:03:16,989
walk around a fair you know for days and

2453
02:03:21,330 --> 02:03:18,909
days but if you're not in the right zone

2454
02:03:24,569 --> 02:03:21,340
and yeah I don't think anything will

2455
02:03:26,729 --> 02:03:24,579
happen but I'm not alone in thinking

2456
02:03:29,759 --> 02:03:26,739
that there's more investigation need to

2457
02:03:31,439 --> 02:03:29,769
be doing in that area and who knows that

2458
02:03:36,750 --> 02:03:31,449
could be because of them tracks that's

2459
02:03:39,120 --> 02:03:36,760
all taken up you know pretty standard

2460
02:03:41,009 --> 02:03:39,130
for causing paranormal acts

2461
02:03:42,839 --> 02:03:41,019
yeah then they say that is ordens when

2462
02:03:44,549 --> 02:03:42,849
those building work going on that's when

2463
02:03:46,589 --> 02:03:44,559

like things start happening

2464

02:03:48,660 --> 02:03:46,599

I've had several folders we work on

2465

02:03:50,819 --> 02:03:48,670

historic monuments told me that when

2466

02:03:53,250 --> 02:03:50,829

they start removing walls that's when

2467

02:03:56,839 --> 02:03:53,260

all the [h__h] starts happening so and

2468

02:03:59,160 --> 02:03:56,849

these are non-believing people as well

2469

02:04:01,379 --> 02:03:59,170

you got that forest you won't be an

2470

02:04:04,319 --> 02:04:01,389

unbeliever for love right well that's a

2471

02:04:06,600 --> 02:04:04,329

sign off that we'll see you oh yeah

2472

02:04:08,399 --> 02:04:06,610

absolutely love talkin tsunami and

2473

02:04:10,169 --> 02:04:08,409

looking forward to coming down in

2474

02:04:12,479 --> 02:04:10,179

September our Lakes obviously keen a

2475

02:04:14,609 --> 02:04:12,489

Jonathan Davis come you must be sure for

2476

02:04:15,259 --> 02:04:14,619

me said oh yeah that's some strange in

2477

02:04:17,939 --> 02:04:15,269

there

2478

02:04:19,620 --> 02:04:17,949

yeah brilliant well thanks for coming on
