[Music]

2  
00:00:06,740 --> 00:00:04,589

hello and welcome to paranormal

3  
00:00:08,860 --> 00:00:06,750

mysteries here on access Northwest

4  
00:00:11,749 --> 00:00:08,870

community radio here in lovely Liverpool

5  
00:00:13,490 --> 00:00:11,759

tonight my guest is Gary Jones who has

6  
00:00:15,860 --> 00:00:13,500

been a guest before talking about the

7  
00:00:18,230 --> 00:00:15,870

Pentek incident with UFO witness Kaz

8  
00:00:20,029 --> 00:00:18,240

Clarke today we're going to be talking

9  
00:00:22,700 --> 00:00:20,039

about another incident which happened in

10  
00:00:24,710 --> 00:00:22,710

North Wales in a place called Denby the

11  
00:00:27,620 --> 00:00:24,720

incident is now referred to as the Denby

12  
00:00:29,240 --> 00:00:27,630

light Gary recently produced a video of

13  
00:00:31,339 --> 00:00:29,250

his investigation which I watched this

14

00:00:33,950 --> 00:00:31,349

morning and I have to say I am extremely

15

00:00:36,380 --> 00:00:33,960

interested the Deborah lights incident

16

00:00:38,510 --> 00:00:36,390

happened on the 3rd of January 2012 and

17

00:00:40,520 --> 00:00:38,520

will witnessed and filmed by teenagers

18

00:00:43,190 --> 00:00:40,530

living in the area from their bedroom

19

00:00:44,900 --> 00:00:43,200

window in fact the whole family witness

20

00:00:46,610 --> 00:00:44,910

this event and Gary is gonna walk us

21

00:00:50,720 --> 00:00:46,620

through his investigation welcome to the

22

00:00:54,139 --> 00:00:50,730

show Gary again

23

00:00:55,790 --> 00:00:54,149

no worries I have to say the video

24

00:00:57,170 --> 00:00:55,800

you've put together is excellent it's

25

00:01:00,610 --> 00:00:57,180

really well done I'm impressed by the

26

00:01:03,470 --> 00:01:00,620

production values of it very smooth and

27

00:01:05,660 --> 00:01:03,480

also extremely interesting and I think

28

00:01:07,460 --> 00:01:05,670

the investigation that you've done is

29

00:01:08,840 --> 00:01:07,470

pretty thorough I don't think there's

30

00:01:10,429 --> 00:01:08,850

anything I could have thought of but I'm

31

00:01:12,410 --> 00:01:10,439

not actually a field investigator

32

00:01:15,920 --> 00:01:12,420

obviously I don't I don't really

33

00:01:18,170 --> 00:01:15,930

investigate UFOs but I am I do have an

34

00:01:21,550 --> 00:01:18,180

interest because of my sightings and

35

00:01:24,530 --> 00:01:21,560

obviously my most major event was

36

00:01:26,870 --> 00:01:24,540

including kiri oak in North Wales which

37

00:01:30,050 --> 00:01:26,880

is about 27 miles away from where this

38

00:01:32,600 --> 00:01:30,060

happened so obviously you know my

39

00:01:35,090 --> 00:01:32,610

interest is piqued because that whole

40

00:01:38,870 --> 00:01:35,100

area is just rife with activity isn't it

41

00:01:41,510 --> 00:01:38,880

oh yes North Wales is definitely a hot

42

00:01:45,050 --> 00:01:41,520

spot for UFO activity and one of the

43

00:01:48,950 --> 00:01:45,060

more well-known cases now is the barren

44

00:01:52,010 --> 00:01:48,960

mountain so there as well obviously but

45

00:01:56,450 --> 00:01:52,020

I think don't be lights will certainly

46

00:02:02,109 --> 00:01:56,460

add to certainly add to the folklore if

47

00:02:07,249 --> 00:02:04,399

probably in about 2012

48

00:02:09,139 --> 00:02:07,259

maybe 2011 we won't know it was 2012

49

00:02:11,029 --> 00:02:09,149

because I was going to film for that

50

00:02:12,890 --> 00:02:11,039

going back to Queen Carrie Agra for the

51

00:02:15,350 --> 00:02:12,900

first time to film the area

52

00:02:17,210 --> 00:02:15,360

you know just kind of like there will it

53

00:02:20,960 --> 00:02:17,220

all go back to the placement of a

54

00:02:25,429 --> 00:02:20,970

pilgrimage kind of thing and we went up

55

00:02:27,530 --> 00:02:25,439

the is it the arm and when we got to the

56

00:02:29,149 --> 00:02:27,540

table at the top there was this kind of

57

00:02:31,160 --> 00:02:29,159

thing where you every photograph taken

58

00:02:34,190 --> 00:02:31,170

in Victorian dress and so we did that

59

00:02:37,280 --> 00:02:34,200

for a laugh what through to the Pope to

60

00:02:39,740 --> 00:02:37,290

wait for the photos to be you know

61

00:02:42,589 --> 00:02:39,750

finished being printed and whatnot and

62

00:02:44,809 --> 00:02:42,599

there was like a little UFO room and it

63

00:02:46,550 --> 00:02:44,819

was have you seen a UFO blah blah blah

64

00:02:48,890 --> 00:02:46,560

have you been abducted by aliens it was

65

00:02:51,319 --> 00:02:48,900

a great big metal you were falling from

66

00:02:53,420 --> 00:02:51,329

the ceiling and all kinds of stuff going

67

00:02:55,930 --> 00:02:53,430

on because Wales is that rife with

68

00:02:59,179 --> 00:02:55,940

activity

69

00:03:01,849 --> 00:02:59,189

I will say this if you live near the

70

00:03:03,530 --> 00:03:01,859

coastlines of Wales or in their southern

71

00:03:05,839 --> 00:03:03,540

I mean the three major hotspots that

72

00:03:09,080 --> 00:03:05,849

I've identified is like the Denby area

73

00:03:12,170 --> 00:03:09,090

of North Wales Swansea and the Brecon

74

00:03:14,240 --> 00:03:12,180

Beacons those the areas which report the

75

00:03:16,039 --> 00:03:14,250

more sightings that that's probably

76

00:03:17,839 --> 00:03:16,049

maybe because people are looking for

77

00:03:19,309 --> 00:03:17,849

them or you know your own areas where

78

00:03:21,819 --> 00:03:19,319

there's not really much else that could

79

00:03:26,449 --> 00:03:21,829

be explained as something strange but

80

00:03:28,819 --> 00:03:26,459

yes those three areas Denby Brecon

81

00:03:31,430 --> 00:03:28,829

Beacons and Swansea areas are definitely

82

00:03:32,809 --> 00:03:31,440

rife with activity but before coastline

83

00:03:35,240 --> 00:03:32,819

of Wales has definitely got Satan's

84

00:03:39,199 --> 00:03:35,250

coastline seems to be the best spot best

85

00:03:42,469 --> 00:03:39,209

places to spot them after what happened

86

00:03:44,719 --> 00:03:42,479

to us run away from Wales you know I was

87

00:03:47,210 --> 00:03:44,729

really scared to even go back there it's

88

00:03:50,180 --> 00:03:47,220

quite funny because where we were he's

89

00:03:52,039 --> 00:03:50,190

only like 20 miles away from as the crow

90

00:03:56,990 --> 00:03:52,049

flies obviously it's a lot longer if you

91

00:03:59,479 --> 00:03:57,000

traveling by Road you know it's like

92

00:04:02,960 --> 00:03:59,489

silly for me to be scared of Wales when

93

00:04:04,520 --> 00:04:02,970

literally I'm in Liverpool

94

00:04:12,289 --> 00:04:04,530

it was just across the water from Wales

95

00:04:14,030 --> 00:04:12,299

yeah you know so where I was was four

96

00:04:15,949 --> 00:04:14,040

miles away from Berwyn which I had no

97

00:04:20,000 --> 00:04:15,959

idea and so we went back that day you

98

00:04:22,580 --> 00:04:20,010

know so it is literally like absolutely

99

00:04:26,330 --> 00:04:22,590

crazy out there and obviously because

100

00:04:26,570 --> 00:04:26,340

there's not a lot of the villages are

101  
00:04:29,149 --> 00:04:26,580  
quite

102  
00:04:31,640 --> 00:04:29,159  
you know spread apart and there's a lot

103  
00:04:33,260 --> 00:04:31,650  
of areas where there's just nothing

104  
00:04:35,480 --> 00:04:33,270  
going on at all there's nobody living

105  
00:04:37,760 --> 00:04:35,490  
there and so there's not a lot of light

106  
00:04:40,070 --> 00:04:37,770  
pollution there's not a lot of air

107  
00:04:42,529 --> 00:04:40,080  
traffic there's not a lot of things

108  
00:04:44,629 --> 00:04:42,539  
where you know you would look up at the

109  
00:04:47,350 --> 00:04:44,639  
girl that's that you know because

110  
00:04:50,710 --> 00:04:47,360  
there's just nothing going on out there

111  
00:04:53,330 --> 00:04:50,720  
so if I think maybe because of that it's

112  
00:04:57,559 --> 00:04:53,340  
more noticeable when something is going

113  
00:05:00,860 --> 00:04:57,569

on yes it's a very secluded area where

114

00:05:02,990 --> 00:05:00,870

10 B is but as you say it's a lot of

115

00:05:04,070 --> 00:05:03,000

villages and towns there's no major pop

116

00:05:05,629 --> 00:05:04,080

I wouldn't say why I say major

117

00:05:07,309 --> 00:05:05,639

populations there's all major cities

118

00:05:09,559 --> 00:05:07,319

there really except for one or two areas

119

00:05:11,959 --> 00:05:09,569

but what's the time it's pretty quiet

120

00:05:22,909 --> 00:05:11,969

and a lot of open farmland and mountains

121

00:05:25,279 --> 00:05:22,919

so yeah last time I went there we went

122

00:05:27,140 --> 00:05:25,289

camping in Bala and I was sat at the

123

00:05:28,939 --> 00:05:27,150

bonfire and I looked up and exactly

124

00:05:40,370 --> 00:05:28,949

where I looked when I looked for saw

125

00:05:44,269 --> 00:05:40,380

three flashes of light did you see in

126

00:05:46,969 --> 00:05:44,279

the paper well I came across it online

127

00:05:49,219 --> 00:05:46,979

actually um last year in April I was

128

00:05:53,089 --> 00:05:49,229

getting ready to go just to not Wales

129

00:05:54,379 --> 00:05:53,099

was Swansea UFO network yes and part of

130

00:05:56,029 --> 00:05:54,389

the things we were gonna do we were

131

00:05:57,529 --> 00:05:56,039

gonna interview a number of researchers

132

00:05:59,809 --> 00:05:57,539

and we were gonna pay a visit to our

133

00:06:02,570 --> 00:05:59,819

family which will be which is the worth

134

00:06:05,149 --> 00:06:02,580

the family now in Danby and I saw the

135

00:06:07,760 --> 00:06:05,159

video that they originally talked it was

136

00:06:08,990 --> 00:06:07,770

uploaded online I'd look at it and I

137

00:06:10,939 --> 00:06:09,000

could tell straight away something was

138

00:06:12,589 --> 00:06:10,949

very unusual there I mean I've seen

139

00:06:14,300 --> 00:06:12,599

enough things of my time to know you

140

00:06:16,249 --> 00:06:14,310

know the difference between your

141

00:06:18,709 --> 00:06:16,259

standard your standard lights and

142

00:06:20,510 --> 00:06:18,719

vehicles and explanations given and this

143

00:06:22,459 --> 00:06:20,520

just had no explanation I could see at

144

00:06:24,649 --> 00:06:22,469

the time and the more I looked into it

145

00:06:28,369 --> 00:06:24,659

yeah I mean I was very interested in

146

00:06:30,860 --> 00:06:28,379

when we went to North Wales you went to

147

00:06:35,029 --> 00:06:30,870

see Gary row when see Margaret Margaret

148

00:06:37,700 --> 00:06:35,039

Frye Scott Felton and a few others and

149

00:06:40,939 --> 00:06:37,710

then we went to visit this family on our

150

00:06:43,010 --> 00:06:40,949

last a last leg before we went home and

151

00:06:45,409 --> 00:06:43,020

I got talking to them we had a look

152

00:06:48,679 --> 00:06:45,419

around the area briefly and I was like

153

00:06:50,119 --> 00:06:48,689

well you know what's up here boys you

154

00:06:52,820 --> 00:06:50,129

know there's nothing yeah but trees and

155

00:06:54,230 --> 00:06:52,830

mountains you know it's nothing there's

156

00:06:57,379 --> 00:06:54,240

no electrical cables around there

157

00:06:58,760 --> 00:06:57,389

there's no normal visible in the

158

00:07:00,920 --> 00:06:58,770

distance kind of buildings but obviously

159

00:07:02,659 --> 00:07:00,930

that's just my general was my general

160

00:07:05,149 --> 00:07:02,669

basic feeling at the time my

161

00:07:07,159 --> 00:07:05,159

observations and I said I would look

162

00:07:08,779 --> 00:07:07,169

more into it so when I had a chance I

163

00:07:10,610 --> 00:07:08,789

stopped once I got back and I finished

164

00:07:12,709 --> 00:07:10,620

all the other videos I needed to sort of

165

00:07:14,929 --> 00:07:12,719

edit and put together the interviews we

166

00:07:17,149 --> 00:07:14,939

did I started looking more into this

167

00:07:18,320 --> 00:07:17,159

alongside the Pentek UFO incident and I

168

00:07:22,059 --> 00:07:18,330

could tell you yeah you know there was

169

00:07:35,860 --> 00:07:22,069

this definitely there's definitely

170

00:07:40,730 --> 00:07:38,959

I've been cars or something traveling in

171

00:07:42,890 --> 00:07:40,740

the distance but as I walked the area

172

00:07:44,480 --> 00:07:42,900

I've been around that place and there's

173

00:07:46,040 --> 00:07:44,490

just nothing there there's no road

174

00:07:49,100 --> 00:07:46,050

access there there's one or two roads

175

00:07:50,749 --> 00:07:49,110

alongside er fields but unless they were

176

00:07:52,040 --> 00:07:50,759

going up and down all around for ten

177

00:07:54,170 --> 00:07:52,050

minutes I mean what were they doing

178

00:07:56,659 --> 00:07:54,180

there you know yeah farmer doesn't work

179

00:08:01,459 --> 00:07:56,669

then obviously we'll get to get some

180

00:08:04,010 --> 00:08:01,469

more of that as we go I guess that day

181

00:08:06,980 --> 00:08:04,020

as well wasn't it yes the nighttime

182

00:08:09,200 --> 00:08:06,990

weather was absolutely abysmal forum any

183

00:08:12,409 --> 00:08:09,210

kind of outdoor conditions you got fast

184

00:08:14,510 --> 00:08:12,419

winds heavy rain torrential downpour at

185

00:08:15,920 --> 00:08:14,520

times and I understand the temperature

186

00:08:20,899 --> 00:08:15,930

wasn't too clever either you know you

187

00:08:24,050 --> 00:08:20,909

talking just a few degrees of this

188

00:08:25,459 --> 00:08:24,060

website today to see what the you know

189

00:08:27,469 --> 00:08:25,469

what the weather was like there and it

190

00:08:29,779 --> 00:08:27,479

said that there were winds of 81 miles

191

00:08:33,800 --> 00:08:29,789

an hour so nobody will be out there

192

00:08:43,490 --> 00:08:33,810

doing any kind of work you know the

193

00:08:45,710 --> 00:08:43,500

several no you would not be you would

194

00:08:52,329 --> 00:08:45,720

not be working or playing or having a

195

00:09:00,230 --> 00:08:55,420

fireworks you know you know

196

00:09:03,260 --> 00:09:00,240

do you want to get into that first what

197

00:09:06,100 --> 00:09:03,270

they if we sat at the beginning and then

198

00:09:09,770 --> 00:09:06,110

we won't run away with our eye what's up

199

00:09:11,300 --> 00:09:09,780

with you know the family and how they

200

00:09:13,850 --> 00:09:11,310

come to see it and then we'll get into

201  
00:09:16,310 --> 00:09:13,860  
all of these suggestions that are being

202  
00:09:21,080 --> 00:09:16,320  
put fast which when you can look at the

203  
00:09:24,530 --> 00:09:21,090  
case itself properly Sascha then all of

204  
00:09:26,660 --> 00:09:24,540  
us just seemed ridiculous so let's let's

205  
00:09:30,860 --> 00:09:26,670  
start how they came to see what was

206  
00:09:34,100 --> 00:09:30,870  
going on well okay yeah it was January

207  
00:09:36,380 --> 00:09:34,110  
3rd and it was just after 3:00 a.m.

208  
00:09:41,000 --> 00:09:36,390  
Nathan was in his bedroom he was

209  
00:09:42,500 --> 00:09:41,010  
watching a his television and unaware of

210  
00:09:45,080 --> 00:09:42,510  
anything except the bad weather outside

211  
00:09:47,450 --> 00:09:45,090  
he heard a noise and as he got to his

212  
00:09:50,390 --> 00:09:47,460  
window to investigate what the source of

213  
00:09:52,490 --> 00:09:50,400

the noise was it's his big big rubbish

214

00:09:54,050 --> 00:09:52,500

bin I've been blown over but as he

215

00:09:55,670 --> 00:09:54,060

looked into the distance you know he

216

00:09:58,220 --> 00:09:55,680

noticed something flashing caught his

217

00:10:00,110 --> 00:09:58,230

attention and he looked around to see if

218

00:10:01,430 --> 00:10:00,120

maybe it was something something

219

00:10:02,960 --> 00:10:01,440

reflecting on the window some light

220

00:10:05,390 --> 00:10:02,970

source on his wall that was reflecting

221

00:10:08,720 --> 00:10:05,400

on the window and he quickly determine

222

00:10:10,580 --> 00:10:08,730

it wasn't anything that could be you

223

00:10:11,870 --> 00:10:10,590

know could be coming from his house he

224

00:10:13,540 --> 00:10:11,880

looked out into the distance and there

225

00:10:18,050 --> 00:10:13,550

it was you know these flashing lights

226

00:10:20,210 --> 00:10:18,060

and he some moments later I went to go

227

00:10:21,500 --> 00:10:20,220

wake his brother up Alex who was just

228

00:10:22,850 --> 00:10:21,510

trying to get a sleep at the time but

229

00:10:25,010 --> 00:10:22,860

then he told him you know come and see

230

00:10:27,830 --> 00:10:25,020

this I think I think he used the words

231

00:10:29,330 --> 00:10:27,840

as a UFO hot saw hit or something maybe

232

00:10:31,610 --> 00:10:29,340

said it to Kira but they said there's

233

00:10:34,400 --> 00:10:31,620

something very strange Alex came to look

234

00:10:36,230 --> 00:10:34,410

and yeah you know once he saw as well I

235

00:10:39,740 --> 00:10:36,240

was like you know oh my god what is that

236

00:10:42,080 --> 00:10:39,750

and then some they started filming I

237

00:10:43,940 --> 00:10:42,090

mean a few minutes later they went to

238

00:10:47,360 --> 00:10:43,950

get their mother well then they were to

239

00:10:49,220 --> 00:10:47,370

get Kira and the four of them for that

240

00:10:50,990 --> 00:10:49,230

duration of that tank we're all watching

241

00:10:53,030 --> 00:10:51,000

it and video recording it and you can

242

00:10:55,460 --> 00:10:53,040

tell you know that when you listen to

243

00:10:56,720 --> 00:10:55,470

the video and I've put the subtitles in

244

00:10:57,590 --> 00:10:56,730

as well you can tell you they're not

245

00:11:00,620 --> 00:10:57,600

looking at anything

246

00:11:03,190 --> 00:11:00,630

hmm excuse me they're not looking at

247

00:11:05,120 --> 00:11:03,200

anything that would normally be

248

00:11:07,970 --> 00:11:05,130

associated with the fields or like

249

00:11:08,720 --> 00:11:07,980

tractors or farmers or people lamping

250

00:11:11,300 --> 00:11:08,730

you know they know

251

00:11:15,259 --> 00:11:11,310

area lived there all their lives so this

252

00:11:20,530 --> 00:11:15,269

is why they were so amazed by it all it

253

00:11:23,150 --> 00:11:20,540

was quite crazy-looking thing you know

254

00:11:25,639 --> 00:11:23,160

obviously when I saw it I saw the houses

255

00:11:27,050 --> 00:11:25,649

and I thought well at the back of the

256

00:11:28,579 --> 00:11:27,060

houses it must be a road it looks like a

257

00:11:29,269 --> 00:11:28,589

roundabout maybe there's been an

258

00:11:32,180 --> 00:11:29,279

accident

259

00:11:34,009 --> 00:11:32,190

and that's why whose lights are flashing

260

00:11:37,670 --> 00:11:34,019

I thought well maybe that's a police car

261

00:11:39,710 --> 00:11:37,680

you know like I've seen footage before

262

00:11:43,629 --> 00:11:39,720

that people have tried to pass off as a

263

00:11:46,129 --> 00:11:43,639

UFO and it was actually around about and

264

00:11:47,269 --> 00:11:46,139

that's why I said I've seen this before

265

00:11:49,819 --> 00:11:47,279

I've seen something like this before

266

00:11:52,040 --> 00:11:49,829

it's around about but you've actually

267

00:12:00,860 --> 00:11:52,050

been there haven't you you've I've been

268

00:12:03,050 --> 00:12:00,870

there twice I understand there's a

269

00:12:04,519 --> 00:12:03,060

quarry over to the right of the forest

270

00:12:06,620 --> 00:12:04,529

which is some distance to the right of

271

00:12:08,509 --> 00:12:06,630

where the family are viewing it and

272

00:12:10,550 --> 00:12:08,519

there's a forest area there are some

273

00:12:12,889 --> 00:12:10,560

cave systems I think a bit further

274

00:12:15,470 --> 00:12:12,899

closer to the road by I didn't look at

275

00:12:16,879 --> 00:12:15,480

those particular areas I know I drove

276

00:12:20,240 --> 00:12:16,889

past them but I didn't go in there

277

00:12:21,379 --> 00:12:20,250

because well you know I'll just he just

278

00:12:22,730 --> 00:12:21,389

wasn't have anything of interest at the

279

00:12:25,490 --> 00:12:22,740

time but maybe want to go back I'll have

280

00:12:29,480 --> 00:12:25,500

a look but I mean it's just open

281

00:12:31,730 --> 00:12:29,490

farmland trees forest lands you know

282

00:12:34,730 --> 00:12:31,740

some areas where the farmers growing

283

00:12:36,439 --> 00:12:34,740

food or vegetables and you know there's

284

00:12:38,319 --> 00:12:36,449

nothing there this there's a golf course

285

00:12:40,910 --> 00:12:38,329

over to the far left the club is there

286

00:12:50,420 --> 00:12:40,920

far left and the course is just next to

287

00:12:52,579 --> 00:12:50,430

the forest but 3:00 a.m. oh unless you

288

00:12:55,759 --> 00:12:52,589

know unless the Golf Course had flood

289

00:12:57,259 --> 00:12:55,769

lights or you know big big well-lit

290

00:12:58,910 --> 00:12:57,269

areas you know no one's gonna be playing

291

00:13:03,230 --> 00:12:58,920

golf this time the night especially on

292

00:13:04,759 --> 00:13:03,240

81 mile an hour winds unless the winds

293

00:13:09,290 --> 00:13:04,769

behind you you know you can hit 100

294

00:13:11,569 --> 00:13:09,300

yards right you know like sausage after

295

00:13:13,819 --> 00:13:11,579

beyond some sort of vehicle and they'd

296

00:13:15,230 --> 00:13:13,829

have to be driving around in a circle

297

00:13:17,240 --> 00:13:15,240

there'd be several I mean how many

298

00:13:19,689 --> 00:13:17,250

lights were there we counted them they

299

00:13:22,500 --> 00:13:19,699

looked to be about nine at one point

300

00:13:24,269 --> 00:13:22,510

from what I can tell

301

00:13:26,220 --> 00:13:24,279

I mean I've described it as a

302

00:13:28,290 --> 00:13:26,230

disc-shaped object or a saucer-shaped

303

00:13:30,960 --> 00:13:28,300

object but the way that like to come on

304

00:13:32,819 --> 00:13:30,970

sometimes it's almost like if they flash

305

00:13:33,660 --> 00:13:32,829

more on the right and they flash more on

306

00:13:34,500 --> 00:13:33,670

the left and then they light up

307

00:13:37,110 --> 00:13:34,510

altogether

308

00:13:38,819 --> 00:13:37,120

you see smaller ones and bigger ones and

309

00:13:41,699 --> 00:13:38,829

maybe some underneath and on top you

310

00:13:42,930 --> 00:13:41,709

know the red one being particular if you

311

00:13:44,730 --> 00:13:42,940

watch the video I don't like I have

312

00:13:46,800 --> 00:13:44,740

because I've studied it pretty pretty

313

00:13:48,840 --> 00:13:46,810

thoroughly there are you know there are

314

00:13:51,210 --> 00:13:48,850

pixelation of light in there but where

315

00:13:53,939 --> 00:13:51,220

the red past the flash up I think that

316

00:13:55,800 --> 00:13:53,949

is the top of the dom structure that may

317

00:13:58,199 --> 00:13:55,810

be it I mean I just you know when people

318

00:13:59,910 --> 00:13:58,209

ask me you know what what do you think

319

00:14:01,550 --> 00:13:59,920

it as I said look you know I mean I've

320

00:14:05,069 --> 00:14:01,560

looked at all the usual explanations

321

00:14:06,300 --> 00:14:05,079

I've done quite a bit of analysis myself

322

00:14:11,069 --> 00:14:06,310

you know and I know what I'm looking for

323

00:14:12,930 --> 00:14:11,079

and you know it's unidentified aerial

324

00:14:16,110 --> 00:14:12,940

phenomena I prefer to use that word no

325

00:14:18,360 --> 00:14:16,120

actually because it's small it's more

326

00:14:19,680 --> 00:14:18,370

accurate and descriptive than a UFO

327

00:14:21,329 --> 00:14:19,690

because anything could be an

328

00:14:23,310 --> 00:14:21,339

unidentified flying object with say yeah

329

00:14:26,280 --> 00:14:23,320

oh man our aerial vehicle and you know

330

00:14:34,860 --> 00:14:26,290

it tends to define it down more to find

331

00:14:37,620 --> 00:14:34,870

it down more fairly as I say and it does

332

00:14:40,019 --> 00:14:37,630

seem to be like he can just about see an

333

00:14:42,210 --> 00:14:40,029

outline and there is a red light on the

334

00:14:46,400 --> 00:14:42,220

top and that's like a red light on the

335

00:14:49,379 --> 00:14:46,410

top so that kind of looks like they

336

00:14:52,829 --> 00:14:49,389

around either the bottom or the middle

337

00:14:57,300 --> 00:14:54,569

what's it going to say now that

338

00:14:59,879 --> 00:14:57,310

screenshot was taken by um David

339

00:15:02,460 --> 00:14:59,889

Williams the next-door neighbor he

340

00:15:04,400 --> 00:15:02,470

didn't see the event but he said about a

341

00:15:06,960 --> 00:15:04,410

week or two before he did see something

342

00:15:09,389 --> 00:15:06,970

similar in the fields it's in the video

343

00:15:11,340 --> 00:15:09,399

that I made yeah but what's interesting

344

00:15:15,170 --> 00:15:11,350

is how he managed to grab the screen

345

00:15:17,490 --> 00:15:15,180

capture because there's some excuse me

346

00:15:19,590 --> 00:15:17,500

photo editing or image capturing

347

00:15:22,079 --> 00:15:19,600

software on an iPod that they had yeah

348

00:15:24,240 --> 00:15:22,089

and he played the video through that and

349

00:15:25,920 --> 00:15:24,250

he just sort of like screen captured one

350

00:15:27,389 --> 00:15:25,930

particular moment and then he enhanced

351

00:15:29,490 --> 00:15:27,399

it and lodged it in Houston in Laos

352

00:15:32,970 --> 00:15:29,500

until eventually he got what do you

353

00:15:35,040 --> 00:15:32,980

solve it and I wasn't going to use it at

354

00:15:36,000 --> 00:15:35,050

first I wasn't going even I wasn't going

355

00:15:39,090 --> 00:15:36,010

to use it because I couldn't

356

00:15:41,520 --> 00:15:39,100

fi the sauce yeah but then when he when

357

00:15:42,900 --> 00:15:41,530

he started to into when I started

358

00:15:44,370 --> 00:15:42,910

interview him and the family told me you

359

00:15:46,710 --> 00:15:44,380

know this is the person I said oh great

360

00:15:47,880 --> 00:15:46,720

I can no I know where it comes from and

361

00:15:50,180 --> 00:15:47,890

how you manage to do it you know that's

362

00:15:54,420 --> 00:15:50,190

so that's going to be useful there's a

363

00:15:56,070 --> 00:15:54,430

the the picture that I show there is one

364

00:15:57,990 --> 00:15:56,080

red light on top but there's a red light

365

00:15:59,150 --> 00:15:58,000

at the bottom but that's not part of the

366

00:16:01,380 --> 00:15:59,160

actual thing I think that's just

367

00:16:05,460 --> 00:16:01,390

somebody took a photograph off the

368

00:16:06,750 --> 00:16:05,470

screen yeah I thought it was like the

369

00:16:08,010 --> 00:16:06,760

bomb actually but when I started to

370

00:16:09,750 --> 00:16:08,020

review the tape more thoroughly it's

371

00:16:13,320 --> 00:16:09,760

just somebody who's recording off a

372

00:16:14,580 --> 00:16:13,330

different camera but yeah I mean the

373

00:16:16,890 --> 00:16:14,590

rest of it the blue lights and the red

374

00:16:19,050 --> 00:16:16,900

light on top and the dome-like structure

375

00:16:21,570 --> 00:16:19,060

and I would even say it's kind of like

376

00:16:23,400 --> 00:16:21,580

more I'm flat underneath and dome like

377

00:16:26,400 --> 00:16:23,410

on top accounts like a cake little

378

00:16:32,160 --> 00:16:26,410

cupcakes no the [h\_\_\h] basement like on

379

00:16:35,460 --> 00:16:32,170

top of the cherry again maybe a little

380

00:16:39,900 --> 00:16:35,470

more stretched up but I mean I tried to

381

00:16:41,670 --> 00:16:39,910

do my own image capturing I tried a

382

00:16:43,230 --> 00:16:41,680

number of things you know my mom an

383

00:16:46,320 --> 00:16:43,240

image analyst or a specialist in that

384

00:16:47,880 --> 00:16:46,330

area but I mean I couldn't get anywhere

385

00:16:50,040 --> 00:16:47,890

near what he had so we've the software

386

00:17:11,130 --> 00:16:50,050

is something special on the iPad or it's

387

00:17:13,170 --> 00:17:11,140

just a way that it I was just gonna say

388

00:17:15,000 --> 00:17:13,180

though I mean two things that you can

389

00:17:16,770 --> 00:17:15,010

see is the red light on top and you know

390

00:17:20,760 --> 00:17:16,780

the lights match up to what he's got

391

00:17:28,319 --> 00:17:20,770

underneath so you know that's definitive

392

00:17:33,740 --> 00:17:28,329

as far as I'm concerned it's not it's

393

00:17:36,570 --> 00:17:33,750

not small I mean I am matched up the

394

00:17:38,160 --> 00:17:36,580

left the furthest left light I could

395

00:17:40,440 --> 00:17:38,170

find in the farthest right light I could

396

00:17:43,920 --> 00:17:40,450

find on the video and I use those as my

397

00:17:45,600 --> 00:17:43,930

guides to measure its width and judging

398

00:17:47,790 --> 00:17:45,610

from where the windows were of where

399

00:17:49,710 --> 00:17:47,800

sorry where the window was I went on

400

00:17:52,320 --> 00:17:49,720

Google Earth and I just sort of lying

401  
00:17:54,210 --> 00:17:52,330  
all up and obviously I think I've got I

402  
00:17:56,760 --> 00:17:54,220  
think I've got it pretty pretty pretty

403  
00:17:58,890 --> 00:17:56,770  
much accurate I mean the further you go

404  
00:18:00,630 --> 00:17:58,900  
out the Lighting's obviously get worked

405  
00:18:01,830 --> 00:18:00,640  
further and wider apart I mean I reckon

406  
00:18:04,799 --> 00:18:01,840  
it's probably about a hundred odd feet

407  
00:18:07,560 --> 00:18:04,809  
maybe close to 100 feet yeah I mean Alex

408  
00:18:09,270 --> 00:18:07,570  
who gave me a statement you know he

409  
00:18:10,830 --> 00:18:09,280  
reckons it's about 70 to 100 feet so I

410  
00:18:12,960 --> 00:18:10,840  
use that as a bait my my

411  
00:18:14,370 --> 00:18:12,970  
that's my baseline if you will but I

412  
00:18:16,830 --> 00:18:14,380  
mean if the further it goes back the

413  
00:18:20,669 --> 00:18:16,840

white is gonna get so if it's up by the

414

00:18:23,460 --> 00:18:20,679

the woods crest woods you know you're

415

00:18:27,659 --> 00:18:23,470

talking you're talking maybe five six

416

00:18:29,070 --> 00:18:27,669

hundred feet across you know I mean so I

417

00:18:30,419 --> 00:18:29,080

don't know what they call it a carrier

418

00:18:31,529 --> 00:18:30,429

or a mothership or something but you

419

00:18:32,940 --> 00:18:31,539

know if it's like a hundred feet it's

420

00:18:45,350 --> 00:18:32,950

more like a scowling ship some people

421

00:18:48,090 --> 00:18:45,360

call it so the craft that we saw was

422

00:18:51,539 --> 00:18:48,100

moving over towards Liverpool actually

423

00:18:53,490 --> 00:18:51,549

and it was really far out now I have no

424

00:18:55,890 --> 00:18:53,500

idea of distances and how far you can

425

00:18:57,510 --> 00:18:55,900

see in the horizon and I assumed that if

426

00:18:59,010 --> 00:18:57,520

you were higher up the firt you'd be

427

00:19:01,230 --> 00:18:59,020

able to see further but I don't know if

428

00:19:03,240 --> 00:19:01,240

that's the case or not but I thought

429

00:19:04,860 --> 00:19:03,250

this thing must have been like 20 miles

430

00:19:06,990 --> 00:19:04,870

away but someone said no you can only

431

00:19:08,460 --> 00:19:07,000

see about four or five miles on the

432

00:19:11,760 --> 00:19:08,470

horizon so I was like right okay so

433

00:19:13,890 --> 00:19:11,770

that's how far away it was it was moving

434

00:19:18,390 --> 00:19:13,900

off to our right so it's going away from

435

00:19:19,590 --> 00:19:18,400

us and it stopped and it zigzags over to

436

00:19:23,340 --> 00:19:19,600

us it didn't move in a straight line

437

00:19:25,830 --> 00:19:23,350

it's exact back and forth back and forth

438

00:19:29,060 --> 00:19:25,840

until it got to be over the field in

439

00:19:33,710 --> 00:19:29,070

front of the house and then drifted over

440

00:19:36,690 --> 00:19:33,720

to be over the house and over us so I

441

00:19:38,250 --> 00:19:36,700

estimated that what we could see of the

442

00:19:40,200 --> 00:19:38,260

underneath of the craft when it was

443

00:19:41,549 --> 00:19:40,210

right over us the central circle of

444

00:19:43,560 --> 00:19:41,559

light and there was these lines of light

445

00:19:45,840 --> 00:19:43,570

going out around it so it looked like

446

00:19:49,980 --> 00:19:45,850

the underneath of a mushroom if you pull

447

00:19:52,289 --> 00:19:49,990

the stock out maybe like seven lines of

448

00:19:56,760 --> 00:19:52,299

light and they were rotating now I would

449

00:20:00,480 --> 00:19:56,770

have said that that would have been 70

450

00:20:02,760 --> 00:20:00,490

60 70 feet across that much that bit but

451  
00:20:04,860 --> 00:20:02,770  
when it was coming towards us

452  
00:20:06,390 --> 00:20:04,870  
because it was in the clouds as well and

453  
00:20:09,270 --> 00:20:06,400  
the light was coming off it it was

454  
00:20:11,640 --> 00:20:09,280  
rippling the lights will ripple him and

455  
00:20:12,690 --> 00:20:11,650  
it was oh it was rippling over in the

456  
00:20:13,830 --> 00:20:12,700  
distance because I thought it was

457  
00:20:19,350 --> 00:20:13,840  
lightning you know how lightning

458  
00:20:21,090 --> 00:20:19,360  
flickers yeah even be able to

459  
00:20:24,450 --> 00:20:21,100  
guesstimate I was looking from 11

460  
00:20:27,900 --> 00:20:24,460  
o'clock to 2 o'clock to see the whole of

461  
00:20:36,720 --> 00:20:27,910  
it you know and Steve reckons that it

462  
00:20:38,640 --> 00:20:36,730  
was about a mile across that I thought

463  
00:20:40,860 --> 00:20:38,650

that I saw a red light on top of it but

464

00:20:44,250 --> 00:20:40,870

that was in when it was over the field

465

00:20:45,990 --> 00:20:44,260

in front of us and we were telling the

466

00:20:47,940 --> 00:20:46,000

kids it's all right don't worry it's

467

00:20:50,630 --> 00:20:47,950

just the lights of a farmer's tractor

468

00:20:54,330 --> 00:20:50,640

shining off the underneath of the clouds

469

00:21:02,340 --> 00:20:54,340

you know anything but what it is like

470

00:21:04,380 --> 00:21:02,350

exactly just excited to get nervous

471

00:21:11,090 --> 00:21:04,390

after a while but at first it was very

472

00:21:15,870 --> 00:21:14,220

because my head but for years and years

473

00:21:18,000 --> 00:21:15,880

I've tried to bury it I tried not to

474

00:21:20,160 --> 00:21:18,010

remember it it tries to escape here do

475

00:21:23,130 --> 00:21:20,170

you know I didn't want it to have

476  
00:21:26,730 --> 00:21:23,140  
happened so I tried to bury it and now

477  
00:21:29,970 --> 00:21:26,740  
I'm like I did say before that there was

478  
00:21:31,860 --> 00:21:29,980  
a red light on the top but because it's

479  
00:21:33,900 --> 00:21:31,870  
quite a vague memory I wouldn't say that

480  
00:21:38,400 --> 00:21:33,910  
there was definitely was but when I saw

481  
00:21:42,480 --> 00:21:38,410  
that I thought oh the lights actually

482  
00:21:43,740 --> 00:21:42,490  
the rippln because I mean I asked them

483  
00:21:46,440 --> 00:21:43,750  
but the lights and how they appeared

484  
00:21:48,780 --> 00:21:46,450  
they don't seem to UM flash upwards in a

485  
00:21:51,180 --> 00:21:48,790  
strobe or a beam they seemed to be more

486  
00:21:53,070 --> 00:21:51,190  
like the opposite that they seem to the

487  
00:21:54,480 --> 00:21:53,080  
light source goes into the second sort

488  
00:21:57,900 --> 00:21:54,490

of sort of body rather than out you know

489

00:22:00,720 --> 00:21:57,910

I mean yeah this was this was like of

490

00:22:04,260 --> 00:22:00,730

the brightest brightest light ever but

491

00:22:07,620 --> 00:22:04,270

you could look at it and as it came and

492

00:22:09,750 --> 00:22:07,630

as it landed on you know touched people

493

00:22:13,190 --> 00:22:09,760

the walls everything it was actually

494

00:22:16,320 --> 00:22:13,200

blue but it appeared to be bright white

495

00:22:17,850 --> 00:22:16,330

but like say and it wasn't like

496

00:22:19,529 --> 00:22:17,860

it expects it on you see in these

497

00:22:22,289 --> 00:22:19,539

cartoons or whatever you when you see a

498

00:22:25,889 --> 00:22:22,299

beam of light coming down it wasn't like

499

00:22:29,250 --> 00:22:25,899

that just everything was just glowing

500

00:22:33,210 --> 00:22:29,260

this tinge of blue from the light but

501  
00:22:36,930 --> 00:22:33,220  
yeah that's something Kira described as

502  
00:22:38,399 --> 00:22:36,940  
well she's like showing me the way the

503  
00:22:39,139 --> 00:22:38,409  
lights way you talk about rippling

504  
00:22:41,580 --> 00:22:39,149  
mm-hmm

505  
00:22:44,220 --> 00:22:41,590  
she's like you know I'm like rippling

506  
00:22:46,289 --> 00:22:44,230  
like fluid like water you know I think

507  
00:22:48,360 --> 00:22:46,299  
if you see lights under the war zone you

508  
00:22:52,950 --> 00:22:48,370  
see it on the surface I'm ripple effect

509  
00:22:55,470 --> 00:22:52,960  
but yeah I mean you know details like

510  
00:22:56,659 --> 00:22:55,480  
that certainly um so they make you

511  
00:22:59,700 --> 00:22:56,669  
wonder you know because I don't I mean

512  
00:23:01,680 --> 00:22:59,710  
lights on most aircraft or drones are

513  
00:23:03,560 --> 00:23:01,690

pretty much brighten in your face you

514

00:23:05,789 --> 00:23:03,570

know what I mean you know they're very

515

00:23:07,440 --> 00:23:05,799

very the light source is very

516

00:23:09,210 --> 00:23:07,450

brightening up but they don't act like

517

00:23:10,409 --> 00:23:09,220

flute or underwater or ripple or

518

00:23:13,490 --> 00:23:10,419

anything you know I mean the lights

519

00:23:16,860 --> 00:23:13,500

themselves are a very unique feature

520

00:23:22,500 --> 00:23:16,870

this video but just everything else

521

00:23:24,509 --> 00:23:22,510

about you know the shape the size like

522

00:23:26,340 --> 00:23:24,519

when they was coming towards us it

523

00:23:27,690 --> 00:23:26,350

looked like lightning in the clouds when

524

00:23:29,159 --> 00:23:27,700

it was coming because it was like

525

00:23:31,980 --> 00:23:29,169

rippling out the light seemed to have

526

00:23:33,960 --> 00:23:31,990

rippling out sideways but because of the

527

00:23:36,750 --> 00:23:33,970

different densities in the clouds you

528

00:23:39,930 --> 00:23:36,760

could see like brighter lines you know

529

00:23:47,490 --> 00:23:39,940

yeah if you shot at Archer really heavy

530

00:23:54,990 --> 00:23:47,500

duty talked through mashed potato that

531

00:24:00,149 --> 00:23:55,000

was probably quite a good disguise as

532

00:24:02,879 --> 00:24:00,159

well and they yeah it just wasn't like

533

00:24:04,680 --> 00:24:02,889

you know you see in aircraft sweetly

534

00:24:06,330 --> 00:24:04,690

from the flight line when you see an

535

00:24:08,250 --> 00:24:06,340

aircraft and it's coming towards the

536

00:24:11,549 --> 00:24:08,260

airport and it's on a night they do have

537

00:24:22,919 --> 00:24:11,559

headlights you could actually see like a

538

00:24:25,950 --> 00:24:22,929

torch beam yeah but this wasn't because

539

00:24:29,220 --> 00:24:25,960

I mean the lights just quickly I mean

540

00:24:30,220 --> 00:24:29,230

the other case of a the Phoenix lights

541

00:24:33,520 --> 00:24:30,230

of Arizona

542

00:24:34,840 --> 00:24:33,530

oh yeah um you know a lot of people talk

543

00:24:36,970 --> 00:24:34,850

about the lights there that they don't

544

00:24:39,490 --> 00:24:36,980

seem to shine any sort of they don't

545

00:24:41,620 --> 00:24:39,500

seem to have an external brightness to

546

00:24:43,299 --> 00:24:41,630

them they seem to be inside the actual

547

00:24:44,860 --> 00:24:43,309

light source itself you know it's like

548

00:24:47,320 --> 00:24:44,870

they don't give off any strobes or

549

00:24:49,919 --> 00:24:47,330

beings or you know illuminate the area

550

00:24:51,970 --> 00:24:49,929

around them it's just inside you know

551  
00:24:53,980 --> 00:24:51,980  
interesting interesting description of

552  
00:24:56,020 --> 00:24:53,990  
how people talk about the lights you

553  
00:24:57,789 --> 00:24:56,030  
know the lights are inside the actual

554  
00:24:59,140 --> 00:24:57,799  
light it doesn't give off any you know

555  
00:25:02,560 --> 00:24:59,150  
it gives off a source but doesn't like

556  
00:25:04,000 --> 00:25:02,570  
or illuminate anything around it like us

557  
00:25:05,470 --> 00:25:04,010  
the word I was looking for yeah I mean

558  
00:25:06,970 --> 00:25:05,480  
when you switch a light on in a darkened

559  
00:25:09,460 --> 00:25:06,980  
room I use China torch on something you

560  
00:25:10,930 --> 00:25:09,470  
know it creates that spot of brightness

561  
00:25:12,010 --> 00:25:10,940  
and then everything else around it gets

562  
00:25:16,180 --> 00:25:12,020  
illuminating to the light sources

563  
00:25:17,950 --> 00:25:16,190

diminish but it's the case yeah you know

564

00:25:19,450 --> 00:25:17,960

that's something people need to

565

00:25:21,039 --> 00:25:19,460

understand you know the lights on the

566

00:25:22,900 --> 00:25:21,049

actual thing and nothing like you see on

567

00:25:31,780 --> 00:25:22,910

normal aircraft or drones or anything

568

00:25:34,180 --> 00:25:31,790

else you know I think that's maybe why

569

00:25:35,919 --> 00:25:34,190

people suggested it was people lamp in

570

00:25:44,850 --> 00:25:35,929

but you'd have to be completely out of

571

00:25:51,070 --> 00:25:48,789

well I'm not talking people down on this

572

00:25:52,450 --> 00:25:51,080

one but I mean can I just suggest and

573

00:25:53,890 --> 00:25:52,460

stick with that I mean you know you'd

574

00:25:59,500 --> 00:25:53,900

have to be on a heavy dose of ignorance

575

00:26:01,750 --> 00:25:59,510

or stupidity lens to try and show that

576

00:26:03,669 --> 00:26:01,760

this is not what we normally think it is

577

00:26:05,140 --> 00:26:03,679

you know I'm not I would say the UFO

578

00:26:08,580 --> 00:26:05,150

community at large is the most heavily

579

00:26:14,140 --> 00:26:12,159

critical of the wrong things I think

580

00:26:16,060 --> 00:26:14,150

after a while when you've been in it and

581

00:26:18,190 --> 00:26:16,070

so many things turn out to be absolute

582

00:26:19,539 --> 00:26:18,200

rubbish you just like that rubbish

583

00:26:22,450 --> 00:26:19,549

probably like I did

584

00:26:24,760 --> 00:26:22,460

I totally dismissed all of it because I

585

00:26:28,330 --> 00:26:24,770

said ilook took one look at it for maybe

586

00:26:31,810 --> 00:26:28,340

30 seconds and my conclusion was it was

587

00:26:35,220 --> 00:26:31,820

around about by you know not interested

588

00:26:37,910 --> 00:26:35,230

it's it's nothing it was a good

589

00:26:40,790 --> 00:26:37,920

absolutely

590

00:26:50,690 --> 00:26:40,800

no but at least I can say that I was a

591

00:26:54,290 --> 00:26:50,700

little bit wrong there so now you know

592

00:26:55,940 --> 00:26:54,300

we put this video together Dave you need

593

00:26:58,160 --> 00:26:55,950

to watch this this is amazing and I've

594

00:27:00,500 --> 00:26:58,170

sent it so a few people like because

595

00:27:02,540 --> 00:27:00,510

it's not any of the things that anyone

596

00:27:06,140 --> 00:27:02,550

would say and you know we are very

597

00:27:10,040 --> 00:27:06,150

dismissive and critical but at the same

598

00:27:15,260 --> 00:27:10,050

time the UFO scene is full of crap it's

599

00:27:17,690 --> 00:27:15,270

polluted with rubbish and these high

600

00:27:22,040 --> 00:27:17,700

profile people who just spew out this

601  
00:27:25,570 --> 00:27:22,050  
crap and then people like you completely

602  
00:27:27,590 --> 00:27:25,580  
ignored for this kind of show busy

603  
00:27:31,550 --> 00:27:27,600  
celebrity culture vulture thing that

604  
00:27:32,810 --> 00:27:31,560  
goes on that's not why I dismissed it I

605  
00:27:38,180 --> 00:27:32,820  
dismissed it because I think I know

606  
00:27:40,310 --> 00:27:38,190  
better than anybody I have seen

607  
00:27:42,080 --> 00:27:40,320  
something like it and I thought and it

608  
00:27:44,870 --> 00:27:42,090  
did turn out to be a roundabout in the

609  
00:27:46,820 --> 00:27:44,880  
distance and so obviously I was like

610  
00:27:50,000 --> 00:27:46,830  
that looks like that that must be that

611  
00:27:52,520 --> 00:27:50,010  
that's just lazy and I think we're all

612  
00:27:54,650 --> 00:27:52,530  
guilty of it and there's people who will

613  
00:27:56,870 --> 00:27:54,660

argue with me about Cass Clark in the

614

00:27:58,760 --> 00:27:56,880

Pentek incident and I'm like I believe

615

00:28:00,800 --> 00:27:58,770

her I believe her

616

00:28:08,290 --> 00:28:00,810

and they're like she's too confident

617

00:28:16,220 --> 00:28:14,210

confident Ignatian she's um she's I saw

618

00:28:17,990 --> 00:28:16,230

this and you need to know that this is

619

00:28:19,790 --> 00:28:18,000

real you need to know what they're doing

620

00:28:22,670 --> 00:28:19,800

and that's what it is

621

00:28:25,040 --> 00:28:22,680

is this righteous indignation Ebola yeah

622

00:28:27,710 --> 00:28:25,050

she's was cows believes in truth she's a

623

00:28:30,590 --> 00:28:27,720

very um she got good morals and it could

624

00:28:33,440 --> 00:28:30,600

sense a character and she believes in

625

00:28:35,750 --> 00:28:33,450

truth and she she wants the truth that's

626

00:28:37,040 --> 00:28:35,760

it you know and you know something but I

627

00:28:38,600 --> 00:28:37,050

don't think so I don't think maybe

628

00:28:39,680 --> 00:28:38,610

people know how to handle something like

629

00:28:41,480 --> 00:28:39,690

that because we're living in a world

630

00:28:42,920 --> 00:28:41,490

full of lies but when something like

631

00:28:45,710 --> 00:28:42,930

this comes along and suddenly you know a

632

00:28:47,630 --> 00:28:45,720

person like Carson was gone to such

633

00:28:49,260 --> 00:28:47,640

lengths to prove it prove herself you

634

00:28:50,400 --> 00:28:49,270

know

635

00:28:55,020 --> 00:28:50,410

I've done a really good job in that

636

00:28:57,840 --> 00:28:55,030

investigation it's a very very big case

637

00:29:00,780 --> 00:28:57,850

I mean yeah I I would love to avoid the

638

00:29:02,460 --> 00:29:00,790

video photo join us always the one for

639

00:29:05,070 --> 00:29:02,470

me I don't stand some people like when

640

00:29:06,870 --> 00:29:05,080

it comes to you you do all the other

641

00:29:08,280 --> 00:29:06,880

evidence you know you walk the grounds

642

00:29:10,410 --> 00:29:08,290

you do this you do this the

643

00:29:12,000 --> 00:29:10,420

investigation work you do the background

644

00:29:13,520 --> 00:29:12,010

research - all the interviews you get

645

00:29:15,630 --> 00:29:13,530

the statements do everything else

646

00:29:18,150 --> 00:29:15,640

there's like always the photographs and

647

00:29:19,530 --> 00:29:18,160

where's the videos and it's like well

648

00:29:22,350 --> 00:29:19,540

you know sometimes we're not fortunate

649

00:29:23,640 --> 00:29:22,360

to have those things yeah you know

650

00:29:26,160 --> 00:29:23,650

everything else you know we sort of

651  
00:29:28,560 --> 00:29:26,170  
define it down and narrow it down until

652  
00:29:30,540 --> 00:29:28,570  
you eventually about for only one real

653  
00:29:33,240 --> 00:29:30,550  
two choices either you think it's a

654  
00:29:35,070 --> 00:29:33,250  
complete load of nonsense which most

655  
00:29:37,110 --> 00:29:35,080  
people I want to say most people do but

656  
00:29:41,370 --> 00:29:37,120  
a lot of people who are just skeptical

657  
00:29:43,530 --> 00:29:41,380  
for being an [h\_\_h] but um you know

658  
00:29:45,450 --> 00:29:43,540  
it's you can at least admit to yourself

659  
00:29:46,650 --> 00:29:45,460  
that something very strange happened you

660  
00:29:51,330 --> 00:29:46,660  
and how much you'll take from me is up

661  
00:29:52,710 --> 00:29:51,340  
to you but um you know I saw cars when

662  
00:29:55,280 --> 00:29:52,720  
she was trying to get somebody to test

663  
00:29:57,090 --> 00:29:55,290

her they agreed and then they were like

664

00:29:58,920 --> 00:29:57,100

rejecting in the next minute when they

665

00:30:00,600 --> 00:29:58,930

realized what the subject was you know

666

00:30:01,920 --> 00:30:00,610

she wanted to be questioned on you I

667

00:30:03,690 --> 00:30:01,930

thought wasn't she if she tried it I

668

00:30:08,520 --> 00:30:03,700

feel people until I eventually celled on

669

00:30:11,340 --> 00:30:08,530

them the one that she got she waited

670

00:30:14,730 --> 00:30:11,350

until they were pretty much there and

671

00:30:16,740 --> 00:30:14,740

then like you know because you know I

672

00:30:18,000 --> 00:30:16,750

mean are you gonna do it second you tell

673

00:30:23,100 --> 00:30:18,010

someone they'll just drop you like a

674

00:30:25,380 --> 00:30:23,110

stone you know like I really don't see

675

00:30:28,530 --> 00:30:25,390

why that would be a problem for anybody

676

00:30:31,770 --> 00:30:28,540

or the polygraph what the subject is I

677

00:30:33,660 --> 00:30:31,780

don't know maybe some people uh maybe I

678

00:30:34,920 --> 00:30:33,670

don't mean that's an interesting

679

00:30:38,220 --> 00:30:34,930

question actually when you start to look

680

00:30:40,110 --> 00:30:38,230

at it because I mean why is why is it so

681

00:30:41,730 --> 00:30:40,120

difficult for people to for such a

682

00:30:43,410 --> 00:30:41,740

crackpot thing I mean why

683

00:30:47,310 --> 00:30:43,420

why wouldn't you take a couple of

684

00:30:47,840 --> 00:30:47,320

hundred quid to just prove them wrong do

685

00:30:51,510 --> 00:30:47,850

you not I mean

686

00:30:52,890 --> 00:30:51,520

and this is this is something like I'll

687

00:30:55,140 --> 00:30:52,900

just mention this right there the thing

688

00:30:57,780 --> 00:30:55,150

when the polygraph is this you know read

689

00:31:00,240 --> 00:30:57,790

about it the polygraph is designed to

690

00:31:02,640 --> 00:31:00,250

detect deception it doesn't tell you if

691

00:31:05,160 --> 00:31:02,650

you lie right

692

00:31:07,560 --> 00:31:05,170

your brain your body everything else has

693

00:31:09,600 --> 00:31:07,570

certain things that happen when you lie

694

00:31:12,180 --> 00:31:09,610

it's a psychological thing it's a neural

695

00:31:14,640 --> 00:31:12,190

thing it's a physical reaction kind of

696

00:31:15,780 --> 00:31:14,650

thing and enough studies have been done

697

00:31:19,050 --> 00:31:15,790

on that that's how they've developed

698

00:31:20,730 --> 00:31:19,060

these kinds of devices which detect

699

00:31:23,760 --> 00:31:20,740

those various markers you know whether

700

00:31:26,100 --> 00:31:23,770

you actually in your breath or you spaz

701

00:31:27,720 --> 00:31:26,110

them in your chest or your brain does

702

00:31:29,460 --> 00:31:27,730

something that you know indicates you

703

00:31:31,410 --> 00:31:29,470

need to cover up for a lie or something

704

00:31:34,830 --> 00:31:31,420

you know and that's what these machines

705

00:31:37,110 --> 00:31:34,840

do and how they determine lie or truth

706

00:31:38,640 --> 00:31:37,120

is that it's based on the statements or

707

00:31:41,700 --> 00:31:38,650

something you want to be tested for in

708

00:31:44,700 --> 00:31:41,710

Cass's case it was her it was a

709

00:31:46,200 --> 00:31:44,710

statement based on what she saw yeah you

710

00:31:47,580 --> 00:31:46,210

know and she said did you lie about any

711

00:31:50,070 --> 00:31:47,590

of the content the content was a

712

00:31:51,930 --> 00:31:50,080

statement and she she answered that one

713

00:31:53,700 --> 00:31:51,940

no she didn't lie and she passed on that

714

00:31:56,160 --> 00:31:53,710

question and the other questions with it

715

00:31:58,770 --> 00:31:56,170

in the examiner along with everyone else

716

00:32:00,090 --> 00:31:58,780

who helps to verify these results said

717

00:32:03,090 --> 00:32:00,100

yes she's telling the truth

718

00:32:05,550 --> 00:32:03,100

she's not being deceptive you know get

719

00:32:07,290 --> 00:32:05,560

that people no deception indicated she

720

00:32:11,370 --> 00:32:07,300

was not deceiving you at all

721

00:32:15,930 --> 00:32:11,380

and yeah you know what I mean

722

00:32:18,270 --> 00:32:15,940

maybe any other witness who will pay for

723

00:32:20,970 --> 00:32:18,280

themselves and go to the lengths to

724

00:32:23,280 --> 00:32:20,980

prove their case well Larry Warren did

725

00:32:26,960 --> 00:32:23,290

but at the same time he's been telling

726

00:32:30,000 --> 00:32:26,970

the same lies for nearly 40 years and

727

00:32:33,390 --> 00:32:30,010

you know he's like the kind of person

728

00:32:37,800 --> 00:32:33,400

that would be able to pass one because

729

00:32:41,100 --> 00:32:37,810

if a he studied how to pass one B he

730

00:32:45,180 --> 00:32:41,110

stole the same crap all his life see it

731

00:32:49,050 --> 00:32:45,190

might even believe he's on crap now you

732

00:32:51,360 --> 00:32:49,060

know and de Psychopaths capacities which

733

00:32:54,900 --> 00:32:51,370

is whether admissible and you talk to

734

00:32:57,660 --> 00:32:54,910

any yes they kind of you know the CIA

735

00:33:00,780 --> 00:32:57,670

etc and they will tell you that people

736

00:33:07,710 --> 00:33:00,790

can quite easily pass them there you

737

00:33:10,650 --> 00:33:07,720

know but no no no if that Cass does not

738

00:33:12,330 --> 00:33:10,660

have any of those of the market oh she's

739

00:33:14,190 --> 00:33:12,340

not and I've spoken to her and I've

740

00:33:16,080 --> 00:33:14,200

spoken to the other witnesses in fact I

741

00:33:19,080 --> 00:33:16,090

was the first person

742

00:33:20,460 --> 00:33:19,090

that any of the others spoke to because

743

00:33:22,920 --> 00:33:20,470

she said they wouldn't talk to anyone at

744

00:33:24,270 --> 00:33:22,930

first but then I spoke to her and that I

745

00:33:25,740 --> 00:33:24,280

didn't even know that they were in the

746

00:33:28,200 --> 00:33:25,750

room and that I was on speakerphone and

747

00:33:30,330 --> 00:33:28,210

they were listening and I was telling

748

00:33:32,670 --> 00:33:30,340

them about what happened to me and you

749

00:33:34,710 --> 00:33:32,680

know I know it does to you and blah blah

750

00:33:45,900 --> 00:33:34,720

blah and then this voice comes from the

751  
00:33:49,920 --> 00:33:45,910  
background being used for real right now

752  
00:33:54,180 --> 00:33:49,930  
as cars so it was the other two that

753  
00:33:55,680 --> 00:33:54,190  
spoke as well so I was like you know

754  
00:33:58,460 --> 00:33:55,690  
wouldn't they were talking it was

755  
00:34:01,020 --> 00:33:58,470  
exactly the same thing it wasn't like

756  
00:34:04,220 --> 00:34:01,030  
yeah I wasn't contrived in any way I

757  
00:34:06,300 --> 00:34:04,230  
could just tell it wasn't contrived

758  
00:34:11,100 --> 00:34:06,310  
obviously I've been that over bilayers

759  
00:34:12,660 --> 00:34:11,110  
before that's the trouble is Natasha I

760  
00:34:14,880 --> 00:34:12,670  
mean you get so many people pulled in

761  
00:34:16,560 --> 00:34:14,890  
the subject and something once in a

762  
00:34:18,570 --> 00:34:16,570  
while will come along and it's like wow

763  
00:34:20,940 --> 00:34:18,580

you know that could be real but then you

764

00:34:22,830 --> 00:34:20,950

know it's human nature we all do it you

765

00:34:26,730 --> 00:34:22,840

know we sort of bias ourselves a bit and

766

00:34:29,880 --> 00:34:26,740

only until I guess you know if you give

767

00:34:30,930 --> 00:34:29,890

it enough time it'll it'll say it'll say

768

00:34:32,610 --> 00:34:30,940

to you otherwise that's something

769

00:34:34,410 --> 00:34:32,620

something is real about this and then

770

00:34:38,190 --> 00:34:34,420

obviously you know you've heard that the

771

00:34:41,310 --> 00:34:38,200

case on that one yeah but it was also

772

00:34:43,950 --> 00:34:41,320

important that she had this as well but

773

00:34:46,770 --> 00:34:43,960

not only for the public for them to know

774

00:34:48,870 --> 00:34:46,780

what a crazy situation is going on right

775

00:34:50,700 --> 00:34:48,880

now but also because of her health

776  
00:34:53,000 --> 00:34:50,710  
because she became very very ill didn't

777  
00:34:57,060 --> 00:34:53,010  
she afterwards

778  
00:35:05,490 --> 00:34:57,070  
she's had a number of hostile word um

779  
00:35:09,230 --> 00:35:05,500  
yes she was a very ill I don't know

780  
00:35:11,640 --> 00:35:09,240  
exactly what she had to tell the doctors

781  
00:35:14,100 --> 00:35:11,650  
she wanted to tell the doctors what she

782  
00:35:17,130 --> 00:35:14,110  
thought she'd been exposed to because it

783  
00:35:22,560 --> 00:35:17,140  
might kind of lend some explanation

784  
00:35:24,630 --> 00:35:22,570  
towards what actually happened she took

785  
00:35:25,860 --> 00:35:24,640  
the lie-detector test or the polygraph

786  
00:35:28,590 --> 00:35:25,870  
for a number of reasons obviously

787  
00:35:29,790 --> 00:35:28,600  
benefited the case but she wanted people

788  
00:35:31,830 --> 00:35:29,800

to know that she wasn't

789

00:35:34,590 --> 00:35:31,840

being deceptive or you know that people

790

00:35:36,030 --> 00:35:34,600

want to look at her crazy and she know

791

00:35:37,200 --> 00:35:36,040

she needed that for a doctor's as well

792

00:35:41,130 --> 00:35:37,210

you know because she had a number of

793

00:35:42,270 --> 00:35:41,140

health concerns I know she had them she

794

00:35:44,340 --> 00:35:42,280

need enough life

795

00:35:46,500 --> 00:35:44,350

you know enough deaf experience about

796

00:35:52,640 --> 00:35:46,510

one year after it happened I think yeah

797

00:35:55,170 --> 00:35:52,650

and then just recently she she sought a

798

00:35:58,500 --> 00:35:55,180

major health scare again with her lungs

799

00:36:00,120 --> 00:35:58,510

yeah I don't this bug is going around

800

00:36:01,170 --> 00:36:00,130

there's a some bugs going around and

801

00:36:03,690 --> 00:36:01,180

it's causing a lot of people like

802

00:36:06,420 --> 00:36:03,700

flu-like problems but she had a serious

803

00:36:09,480 --> 00:36:06,430

case of nevus lung infection which I'm I

804

00:36:11,580 --> 00:36:09,490

don't want bacteria or virus caused it

805

00:36:14,340 --> 00:36:11,590

but what it is is that it almost killed

806

00:36:16,200 --> 00:36:14,350

her again ya know maybe this I dunno you

807

00:36:18,480 --> 00:36:16,210

know if people have health problems

808

00:36:20,880 --> 00:36:18,490

after getting close to these incredible

809

00:36:23,970 --> 00:36:20,890

craft you know I mean that I have I have

810

00:36:35,840 --> 00:36:23,980

seen I mean I've isn't it true the one

811

00:36:42,000 --> 00:36:39,270

disability because it was these symptoms

812

00:36:45,690 --> 00:36:42,010

and I think this is right that he's been

813

00:36:47,730 --> 00:36:45,700

it was proven that he'd been exposed to

814

00:36:51,420 --> 00:36:47,740

and shield an unshielded radioactive

815

00:36:52,650 --> 00:36:51,430

device so and I think Jim was the same

816

00:36:54,300 --> 00:36:52,660

issue as well

817

00:36:56,640 --> 00:36:54,310

Larry Warren says he's got the same

818

00:36:58,890 --> 00:36:56,650

issues but he's lying he also says that

819

00:37:01,860 --> 00:36:58,900

he was at Ground Zero for four times

820

00:37:04,350 --> 00:37:01,870

blah blah blah whatever and he's fine as

821

00:37:08,630 --> 00:37:04,360

well you know everybody else is Paulie

822

00:37:12,330 --> 00:37:08,640

but he's absolutely fine and but yeah

823

00:37:14,490 --> 00:37:12,340

yeah exposed to well you see Jim touched

824

00:37:17,010 --> 00:37:14,500

whatever it was I believe this I

825

00:37:19,590 --> 00:37:17,020

actually believe it I don't a very I

826

00:37:23,160 --> 00:37:19,600

struggle with the binary but I know I

827

00:37:26,220 --> 00:37:23,170

don't know I think that he did see what

828

00:37:27,990 --> 00:37:26,230

he said he saw and I do believe that it

829

00:37:30,960 --> 00:37:28,000

had those markings on it because when

830

00:37:34,200 --> 00:37:30,970

you look at his book the hieroglyphs

831

00:37:36,570 --> 00:37:34,210

that he's drawn or whatever they are the

832

00:37:38,820 --> 00:37:36,580

lines are completely wobbly because his

833

00:37:42,180 --> 00:37:38,830

hands are shaking so his problem of

834

00:37:44,070 --> 00:37:42,190

adrenaline probably scared half out of

835

00:37:47,880 --> 00:37:44,080

his wits you know

836

00:37:50,430 --> 00:37:47,890

so for these reasons I think that that

837

00:37:52,920 --> 00:37:50,440

seems legit you know I do believe that

838

00:37:54,870 --> 00:37:52,930

and if you touch something like that who

839

00:37:58,140 --> 00:37:54,880

knows because I believe it was like a

840

00:37:59,550 --> 00:37:58,150

black cobalt glass device and they black

841

00:38:01,470 --> 00:37:59,560

cobalt glass is the only thing that

842

00:38:03,710 --> 00:38:01,480

stacks ions without them discharging on

843

00:38:06,390 --> 00:38:03,720

the surface which would explain why the

844

00:38:09,470 --> 00:38:06,400

markings were etched on it now if he

845

00:38:12,720 --> 00:38:09,480

touched that then they would discharge

846

00:38:15,300 --> 00:38:12,730

through him it would discharge on him he

847

00:38:17,820 --> 00:38:15,310

conducted you mean yeah basically so you

848

00:38:21,630 --> 00:38:17,830

know I think that's where he's come into

849

00:38:26,400 --> 00:38:21,640

it but John on the third night was out

850

00:38:29,640 --> 00:38:26,410

and he was in a beam of light and also

851  
00:38:31,170 --> 00:38:29,650  
walked towards some lights and I think

852  
00:38:33,720 --> 00:38:31,180  
he went into a light or whatever this

853  
00:38:35,760 --> 00:38:33,730  
sort of came out in his hypnosis and

854  
00:38:38,730 --> 00:38:35,770  
there were little blue lights dancing

855  
00:38:39,900 --> 00:38:38,740  
around him so there was something going

856  
00:38:42,480 --> 00:38:39,910  
on there that he was in close proximity

857  
00:38:44,550 --> 00:38:42,490  
so which obviously had a similar sort of

858  
00:38:45,990 --> 00:38:44,560  
energy to whatever it was that Jim was

859  
00:38:49,890 --> 00:38:46,000  
exposed to because they've got similar

860  
00:38:52,260 --> 00:38:49,900  
health problems now I'm not gonna set my

861  
00:38:54,630 --> 00:38:52,270  
life on every little bit of that because

862  
00:38:57,180 --> 00:38:54,640  
obviously I'm relearning the Rendlesham

863  
00:38:59,460 --> 00:38:57,190

incident because I believe a lot of it

864

00:39:01,410 --> 00:38:59,470

happened all in one place on one night

865

00:39:03,390 --> 00:39:01,420

but everything that has been sewn

866

00:39:05,160 --> 00:39:03,400

together for that one place and one

867

00:39:07,349 --> 00:39:05,170

night it was actually happened to

868

00:39:10,740 --> 00:39:07,359

several people in several places over

869

00:39:12,990 --> 00:39:10,750

several nights so I'm trying to piece it

870

00:39:16,200 --> 00:39:13,000

together again in rubber innig arrays

871

00:39:19,349 --> 00:39:16,210

all that but it seems that these things

872

00:39:25,320 --> 00:39:19,359

do have some kind of physical effect on

873

00:39:27,390 --> 00:39:25,330

us for example in our incident when this

874

00:39:29,760 --> 00:39:27,400

thing was above us and over the field

875

00:39:32,030 --> 00:39:29,770

all the sheep were lying down and we

876

00:39:34,740 --> 00:39:32,040

didn't behave normally we were not like

877

00:39:37,200 --> 00:39:34,750

fully responding to the nature of the

878

00:39:39,960 --> 00:39:37,210

incident and the severity of it the

879

00:39:43,020 --> 00:39:39,970

reality of it you know the actuality had

880

00:39:46,710 --> 00:39:43,030

passed us by and we were kind of engaged

881

00:39:48,930 --> 00:39:46,720

in it in a awestruck way rather than

882

00:39:50,460 --> 00:39:48,940

like oh my god quick get in the car and

883

00:39:51,990 --> 00:39:50,470

drive away off on the police I'll do

884

00:39:56,449 --> 00:39:52,000

something and get in the house

885

00:40:02,390 --> 00:39:59,180

so yeah I think that it's quite possible

886

00:40:04,910 --> 00:40:02,400

that these things do have a some sort of

887

00:40:06,799 --> 00:40:04,920

physical effects and I don't know what I

888

00:40:10,150 --> 00:40:06,809

think it's the nerve system people say

889

00:40:24,469 --> 00:40:10,160

it's your normal responses just don't

890

00:40:29,870 --> 00:40:24,479

not the same yeah dangerous radiation

891

00:40:34,120 --> 00:40:29,880

but I mean the electromagnetic yeah that

892

00:40:40,549 --> 00:40:38,089

things like that so certain types of EMF

893

00:40:44,719 --> 00:40:40,559

could have a very dampening effect on

894

00:40:47,420 --> 00:40:44,729

our emotional state I think that's

895

00:40:50,809 --> 00:40:47,430

actually how it works you know the

896

00:40:53,029 --> 00:40:50,819

emotional the emotional human reactions

897

00:40:57,589 --> 00:40:53,039

just don't seem to work when you're

898

00:40:58,789 --> 00:40:57,599

exposed or must the word come into

899

00:41:04,670 --> 00:40:58,799

contact with something you know energy

900

00:41:06,259 --> 00:41:04,680

like that I don't think people

901  
00:41:08,029 --> 00:41:06,269  
appreciate that I don't think people

902  
00:41:10,069 --> 00:41:08,039  
seem to understand it's not like you're

903  
00:41:12,799 --> 00:41:10,079  
seeing a you know you know something

904  
00:41:15,640 --> 00:41:12,809  
cool like a jet coming past or someone

905  
00:41:18,589 --> 00:41:15,650  
doing a pretty cool aerial maneuvers

906  
00:41:20,719 --> 00:41:18,599  
it's like you know this whatever powers

907  
00:41:23,089 --> 00:41:20,729  
this device this craft this [h\_\_h]

908  
00:41:24,620 --> 00:41:23,099  
whatever seems that if you get in

909  
00:41:26,809 --> 00:41:24,630  
constant of contact with it or you get

910  
00:41:29,989 --> 00:41:26,819  
close enough to its energy field the

911  
00:41:31,819 --> 00:41:29,999  
electromagnetic field around it it's um

912  
00:41:34,459 --> 00:41:31,829  
it just has a totally different effect

913  
00:41:36,079 --> 00:41:34,469

on your emotions are not the same your

914

00:41:39,709 --> 00:41:36,089

responses are not the same your memory

915

00:41:41,059 --> 00:41:39,719

and sometimes even be you may not even

916

00:41:43,609 --> 00:41:41,069

recall the memory of it sometimes you

917

00:41:45,739 --> 00:41:43,619

might but when it comes it goes away but

918

00:41:47,359 --> 00:41:45,749

when it's like by you sometimes doesn't

919

00:41:52,489 --> 00:41:47,369

happen often but it you know you may not

920

00:41:54,259 --> 00:41:52,499

recall it yeah depends really the

921

00:41:55,039 --> 00:41:54,269

situation in front of someone and said

922

00:41:57,979 --> 00:41:55,049

what would you do

923

00:42:01,039 --> 00:41:57,989

people go I'd have turned they said from

924

00:42:04,579 --> 00:42:01,049

the police that have taken photos I X I

925

00:42:06,799 --> 00:42:04,589

said and I was like everyone would

926  
00:42:08,420 --> 00:42:06,809  
always handle the situation better than

927  
00:42:09,110 --> 00:42:08,430  
the actual people who were involved in

928  
00:42:15,160 --> 00:42:09,120  
it when they

929  
00:42:20,480 --> 00:42:18,110  
you know we never even thought of taking

930  
00:42:23,180 --> 00:42:20,490  
photographs can you imagine that right

931  
00:42:29,900 --> 00:42:23,190  
not it but as it turns out we haven't

932  
00:42:32,960 --> 00:42:29,910  
even taken the camera you know it's like

933  
00:42:34,550 --> 00:42:32,970  
I said you know your your reactions are

934  
00:42:35,810 --> 00:42:34,560  
not the same your leg your normal

935  
00:42:39,020 --> 00:42:35,820  
reaction would be to grab a camera

936  
00:42:41,030 --> 00:42:39,030  
videotape it I mean it's good that

937  
00:42:42,110 --> 00:42:41,040  
Nathan done that actually but you didn't

938  
00:42:43,580 --> 00:42:42,120

do it straightaway he went to get his

939

00:42:45,230 --> 00:42:43,590

brother first of all this camera was

940

00:42:48,350 --> 00:42:45,240

just by the side of him which is why you

941

00:42:50,000 --> 00:42:48,360

know he's tired of doing that yeah good

942

00:42:53,570 --> 00:42:50,010

for that like and I don't know what the

943

00:42:56,660 --> 00:42:53,580

health effects could be you know people

944

00:42:58,250 --> 00:42:56,670

say to me well did you have this that

945

00:43:00,320 --> 00:42:58,260

and the other were there any marks and

946

00:43:01,580 --> 00:43:00,330

obviously as some people as soon as I

947

00:43:03,830 --> 00:43:01,590

came on the net they were like all the

948

00:43:06,290 --> 00:43:03,840

other you have been abducted you have

949

00:43:08,900 --> 00:43:06,300

got implants in your nose and your spine

950

00:43:10,580 --> 00:43:08,910

and your feet you have they will have

951  
00:43:12,740 --> 00:43:10,590  
done this that and the other one our

952  
00:43:14,270 --> 00:43:12,750  
recollection of any of that but I don't

953  
00:43:16,910 --> 00:43:14,280  
know if I had any health effects

954  
00:43:18,980 --> 00:43:16,920  
afterwards I might actually you brought

955  
00:43:21,110 --> 00:43:18,990  
this up earlier and it made me think you

956  
00:43:23,210 --> 00:43:21,120  
know what I think I might actually apply

957  
00:43:25,340 --> 00:43:23,220  
for to see my own medical records and

958  
00:43:27,920 --> 00:43:25,350  
have a look around about that time to

959  
00:43:30,440 --> 00:43:27,930  
see if I was going to the doctors with

960  
00:43:32,810 --> 00:43:30,450  
anything unusual because at that time I

961  
00:43:34,490 --> 00:43:32,820  
was like it you know we had to friend

962  
00:43:35,960 --> 00:43:34,500  
you will in lived in there we lived in a

963  
00:43:38,810 --> 00:43:35,970

shared house and one of the friends in

964

00:43:41,360 --> 00:43:38,820

there John he was absolutely nuts about

965

00:43:43,040 --> 00:43:41,370

UFOs and so he did girl Skywatch you

966

00:43:45,170 --> 00:43:43,050

know things like that but it was because

967

00:43:46,700 --> 00:43:45,180

of him mainly and we did have a passing

968

00:43:48,680 --> 00:43:46,710

interest and a little bit of knowledge

969

00:43:50,300 --> 00:43:48,690

because of just as the stuff that he was

970

00:43:54,740 --> 00:43:50,310

saying all the time and he was really

971

00:43:56,660 --> 00:43:54,750

really into it so people said to Jeff

972

00:43:59,980 --> 00:43:56,670

and Mark said well I wouldn't have even

973

00:44:01,970 --> 00:43:59,990

thought to look no idea none at all and

974

00:44:03,890 --> 00:44:01,980

wouldn't have gone to the doctors about

975

00:44:08,810 --> 00:44:03,900

marks on my body anyway but I don't know

976

00:44:18,320 --> 00:44:08,820

if we were poly or anything something to

977

00:44:21,620 --> 00:44:18,330

look into it happens and you just do not

978

00:44:23,090 --> 00:44:21,630

act how you would expect yourself to act

979

00:44:25,490 --> 00:44:23,100

oh you don't

980

00:44:27,530 --> 00:44:25,500

I mean I'm a very reactive person you

981

00:44:30,470 --> 00:44:27,540

know it was accident or anything up

982

00:44:32,360 --> 00:44:30,480

straight know what to do this is this is

983

00:44:37,580 --> 00:44:32,370

something that we can get onto now and

984

00:44:40,130 --> 00:44:37,590

reactions yeah the family in Denby not

985

00:44:42,590 --> 00:44:40,140

long I mean very next morning still

986

00:44:45,320 --> 00:44:42,600

buzzed so full of adrenaline I mean if

987

00:44:47,000 --> 00:44:45,330

you talk to them now talk to them now

988

00:44:48,820 --> 00:44:47,010

you talk to Linda Prichard Nathan and

989

00:44:51,340 --> 00:44:48,830

Alex Thomas and clearly George and

990

00:44:54,830 --> 00:44:51,350

they're just as excited now and it's

991

00:44:56,900 --> 00:44:54,840

infused with you know you know

992

00:44:58,010 --> 00:44:56,910

excitement as they they are back then

993

00:45:02,150 --> 00:44:58,020

you know they really want to see it

994

00:45:05,540 --> 00:45:02,160

again you know they're so I mean it's

995

00:45:07,070 --> 00:45:05,550

just like how does you know your normal

996

00:45:11,060 --> 00:45:07,080

explanations do that to a person like

997

00:45:17,210 --> 00:45:11,070

you know I mean something very

998

00:45:21,890 --> 00:45:17,220

interesting they didn't do anything

999

00:45:24,680 --> 00:45:21,900

threatening to them not like I said it

1000

00:45:27,920 --> 00:45:24,690

was a windy stormy rainy night the field

1001  
00:45:29,780 --> 00:45:27,930  
see I see when Linda right when I spoke

1002  
00:45:31,880 --> 00:45:29,790  
to Linda when I interviewed her and I

1003  
00:45:34,610 --> 00:45:31,890  
spoke to her afterwards she she said it

1004  
00:45:35,990 --> 00:45:34,620  
appeared just above the rooftops yeah as

1005  
00:45:36,890 --> 00:45:36,000  
a playing field behind the house is

1006  
00:45:39,590 --> 00:45:36,900  
called hi-ho

1007  
00:45:43,190 --> 00:45:39,600  
and there's a farm line just a bit

1008  
00:45:44,600 --> 00:45:43,200  
further back excuse me there's a farm

1009  
00:45:46,880 --> 00:45:44,610  
land bit further back I think it's

1010  
00:45:50,150 --> 00:45:46,890  
called crappie farm or copy farmer get

1011  
00:45:52,670 --> 00:45:50,160  
the name right now but she reckons it's

1012  
00:45:55,580 --> 00:45:52,680  
next to the field by Hauer and it could

1013  
00:45:57,920 --> 00:45:55,590

very well be it's just above the houses

1014

00:46:00,140 --> 00:45:57,930

to the left of it but I think it's a

1015

00:46:03,230 --> 00:46:00,150

little bit further backwards just before

1016

00:46:05,150 --> 00:46:03,240

you get to the copy farm area and I

1017

00:46:06,530 --> 00:46:05,160

think it was somewhere around there

1018

00:46:08,120 --> 00:46:06,540

because when I look at Ordnance Survey

1019

00:46:11,570 --> 00:46:08,130

maps and I see the layout of the learn

1020

00:46:13,760 --> 00:46:11,580

the line between their house and the the

1021

00:46:15,710 --> 00:46:13,770

hill just behind it is about equal yeah

1022

00:46:22,280 --> 00:46:15,720

so it could be close to the ground by

1023

00:46:23,870 --> 00:46:22,290

there but that's just my own you know

1024

00:46:29,840 --> 00:46:23,880

because it seemed so appear to go up on

1025

00:46:31,640 --> 00:46:29,850

a kind of 45-degree angle and then it

1026

00:46:35,130 --> 00:46:31,650

kind of goes up so that it's it's

1027

00:46:41,190 --> 00:46:37,259

was at that point that if it was yeah

1028

00:46:43,739 --> 00:46:41,200

moving with the contour of the land well

1029

00:46:46,859 --> 00:46:43,749

this is something you know people can

1030

00:46:48,269 --> 00:46:46,869

think about as well because the the

1031

00:46:51,180 --> 00:46:48,279

diameter of the lights in the whole

1032

00:46:52,859 --> 00:46:51,190

length of a video to videos doesn't

1033

00:46:54,690 --> 00:46:52,869

change really you know so it's not

1034

00:46:56,039 --> 00:46:54,700

moving further back and then go in along

1035

00:46:58,049 --> 00:46:56,049

the layout of the lamp because the land

1036

00:47:00,089 --> 00:46:58,059

does sort of incline as you go further

1037

00:47:12,799 --> 00:47:00,099

back up to the crest mile woods area oh

1038

00:47:18,960 --> 00:47:15,809

Christ was a crest words us crest words

1039

00:47:23,160 --> 00:47:18,970

or something you sort of emphasize the e

1040

00:47:25,229 --> 00:47:23,170

part of it but what it is is um yeah the

1041

00:47:27,239 --> 00:47:25,239

it does incline as you go further back

1042

00:47:28,890 --> 00:47:27,249

but if this craft is just 100 feet

1043

00:47:30,109 --> 00:47:28,900

across and it's going further back it

1044

00:47:32,489 --> 00:47:30,119

would have to go at least another

1045

00:47:34,950 --> 00:47:32,499

quarter of a mile and it should shrink

1046

00:47:36,809 --> 00:47:34,960

in size to the camera but it doesn't

1047

00:47:39,329 --> 00:47:36,819

they seem whatever it is it's stationary

1048

00:47:41,700 --> 00:47:39,339

in that area for you know at least the

1049

00:47:45,089 --> 00:47:41,710

length of the video and as you say it

1050

00:47:47,279 --> 00:47:45,099

goes on a 45 degree angle and the lights

1051  
00:47:48,720 --> 00:47:47,289  
nothing like lights you normally see in

1052  
00:47:57,599 --> 00:47:48,730  
the area they don't stroll while being

1053  
00:47:59,160 --> 00:47:57,609  
or create a halo or anything so it

1054  
00:48:01,289 --> 00:47:59,170  
wasn't like it was gone it was just

1055  
00:48:02,660 --> 00:48:01,299  
obscured by the houses and maybe a tree

1056  
00:48:07,130 --> 00:48:02,670  
line

1057  
00:48:10,349 --> 00:48:07,140  
you know it was only watching the lights

1058  
00:48:14,400 --> 00:48:10,359  
I don't think I mean there are trees

1059  
00:48:15,989 --> 00:48:14,410  
there but no I mean you know just behind

1060  
00:48:17,430 --> 00:48:15,999  
the houses you can see that those are

1061  
00:48:20,430 --> 00:48:17,440  
like a little line of trees and I

1062  
00:48:25,799 --> 00:48:20,440  
wondered if so what the flickering was

1063  
00:48:26,970 --> 00:48:25,809

due to the rain and branches you know it

1064

00:48:29,729 --> 00:48:26,980

could be but I think that's just the way

1065

00:48:31,440 --> 00:48:29,739

those lights are yeah I mean Alex

1066

00:48:33,690 --> 00:48:31,450

describe the lights it's like a mini

1067

00:48:35,099 --> 00:48:33,700

explosions or I think Nathan said as

1068

00:48:38,430 --> 00:48:35,109

well be like little explosions I mean

1069

00:48:39,690 --> 00:48:38,440

the closest I could get to it in terms

1070

00:48:41,729 --> 00:48:39,700

of like how it looks I mean if you

1071

00:48:46,759 --> 00:48:41,739

remember those old flash bulbs and those

1072

00:48:49,050 --> 00:48:46,769

like 1950s 1960s cameras the American

1073

00:48:50,580 --> 00:48:49,060

yeah they sort of

1074

00:48:52,500 --> 00:48:50,590

instantly flashing and they just sort of

1075

00:48:54,570 --> 00:48:52,510

dim down to nothing you know they

1076  
00:48:57,570 --> 00:48:54,580  
instantly come on when they done it this

1077  
00:48:59,220 --> 00:48:57,580  
sorta like that in terms of the way it

1078  
00:49:00,390 --> 00:48:59,230  
reacts you know instant brightness and

1079  
00:49:03,000 --> 00:49:00,400  
then it comes down instant brightness

1080  
00:49:04,350 --> 00:49:03,010  
then it dims down yeah it kind of comes

1081  
00:49:15,860 --> 00:49:04,360  
on like that but obviously you don't

1082  
00:49:19,410 --> 00:49:15,870  
it's on a camera flash expensive cameras

1083  
00:49:21,960 --> 00:49:19,420  
you know telescopic lenses and also

1084  
00:49:25,350 --> 00:49:21,970  
maybe it's actually the effect on the

1085  
00:49:28,470 --> 00:49:25,360  
air around the craft because if the

1086  
00:49:31,350 --> 00:49:28,480  
whole of a craft is electrified and has

1087  
00:49:34,440 --> 00:49:31,360  
some sort of vacuum space around it

1088  
00:49:37,470 --> 00:49:34,450

which is actually a thing now in our own

1089

00:49:41,070 --> 00:49:37,480

technology then who knows what that

1090

00:49:42,930 --> 00:49:41,080

might look like and even in like 911

1091

00:49:45,090 --> 00:49:42,940

videos you see these people saying that

1092

00:49:47,430 --> 00:49:45,100

a lot the video the planes not real the

1093

00:49:49,260 --> 00:49:47,440

wings disappear it's a hologram but

1094

00:49:52,290 --> 00:49:49,270

there were actually plane parts all over

1095

00:49:54,900 --> 00:49:52,300

the ground it's street level so you know

1096

00:49:57,510 --> 00:49:54,910

a plane did hit but when you're watching

1097

00:50:01,230 --> 00:49:57,520

the video the distortion makes it look

1098

00:50:05,040 --> 00:50:01,240

like you know the wings are not there it

1099

00:50:07,260 --> 00:50:05,050

looks like a missile or whatever so you

1100

00:50:08,670 --> 00:50:07,270

know you can't always have the peak

1101  
00:50:10,860 --> 00:50:08,680  
these people can't always have what they

1102  
00:50:13,590 --> 00:50:10,870  
want and dismissing something on camera

1103  
00:50:18,270 --> 00:50:13,600  
quality is absolutely ridiculous

1104  
00:50:21,690 --> 00:50:18,280  
if you ask me because I'm I've like seen

1105  
00:50:23,070 --> 00:50:21,700  
that footage enough now because I didn't

1106  
00:50:32,760 --> 00:50:23,080  
actually get to the end of it because I

1107  
00:50:35,490 --> 00:50:32,770  
kept going back I mean I kinda describe

1108  
00:50:37,830 --> 00:50:35,500  
it like the Sapru de film of the JFK you

1109  
00:50:39,660 --> 00:50:37,840  
know this is like the Sapru de film of

1110  
00:50:41,760 --> 00:50:39,670  
the you ethology you followed you world

1111  
00:50:44,520 --> 00:50:41,770  
you know because very rarely do you get

1112  
00:50:46,320 --> 00:50:44,530  
some in the last that long on camera for

1113  
00:50:49,200 --> 00:50:46,330

people to sort of analyze and do in deaf

1114

00:50:51,690 --> 00:50:49,210

studies off I mean you know the soprano

1115

00:50:53,130 --> 00:50:51,700

film has been analyzed to death and many

1116

00:50:54,810 --> 00:50:53,140

people think the copies that got

1117

00:50:57,090 --> 00:50:54,820

released later on and the Time magazine

1118

00:50:59,220 --> 00:50:57,100

vaults I think it wasn't that somebody's

1119

00:51:01,050 --> 00:50:59,230

manipulating them yeah but that's

1120

00:51:03,000 --> 00:51:01,060

because obviously people have analyzed

1121

00:51:04,890 --> 00:51:03,010

it to death you know what I mean

1122

00:51:06,780 --> 00:51:04,900

I mean this this video you can't analyze

1123

00:51:08,940 --> 00:51:06,790

you can analyze it you can study it you

1124

00:51:12,900 --> 00:51:08,950

can do your own conclusions on it if you

1125

00:51:13,980 --> 00:51:12,910

want but you know it's very you say

1126  
00:51:15,660 --> 00:51:13,990  
sometimes you just got a blurry photo

1127  
00:51:17,640 --> 00:51:15,670  
you could have video or something that

1128  
00:51:19,650 --> 00:51:17,650  
doesn't really show much it may be

1129  
00:51:21,690 --> 00:51:19,660  
something unusual it may not be but in

1130  
00:51:24,330 --> 00:51:21,700  
this case you've got like nine minutes

1131  
00:51:26,609 --> 00:51:24,340  
almost or something you can study and

1132  
00:51:32,040 --> 00:51:26,619  
you look at it and it's like again I

1133  
00:51:34,580 --> 00:51:32,050  
mean I am I saw it on the TV screen

1134  
00:51:37,370 --> 00:51:34,590  
first of all in Nathan's house and I

1135  
00:51:39,630 --> 00:51:37,380  
could tell you that's not a normal

1136  
00:51:41,849 --> 00:51:39,640  
everyday thing you know prompts eat

1137  
00:51:43,500 --> 00:51:41,859  
walnuts further investigation which is

1138  
00:51:46,620 --> 00:51:43,510

why I decided to start looking into it

1139

00:51:50,849 --> 00:51:46,630

and one of the things I did do was go on

1140

00:51:52,260 --> 00:51:50,859

a plane finder dotnet yeah look at radar

1141

00:51:54,870 --> 00:51:52,270

returns and see if there was anything

1142

00:51:58,230 --> 00:51:54,880

visible for that night from three to

1143

00:52:01,560 --> 00:51:58,240

four nothing there at all and this is

1144

00:52:02,970 --> 00:52:01,570

also confirmed by the police who Linda

1145

00:52:04,950 --> 00:52:02,980

Pritchard actually called to the house

1146

00:52:07,470 --> 00:52:04,960

very next day or the next day after

1147

00:52:10,980 --> 00:52:07,480

something like that because she wanted

1148

00:52:12,720 --> 00:52:10,990

to know what this was and the police

1149

00:52:14,220 --> 00:52:12,730

confirmed that there were no police

1150

00:52:19,800 --> 00:52:14,230

helicopters or planes or anything out

1151  
00:52:21,960 --> 00:52:19,810  
that night so you know I would say also

1152  
00:52:23,880 --> 00:52:21,970  
when I'm speaking to the family if this

1153  
00:52:25,290 --> 00:52:23,890  
was a helicopter or a plane or a drone

1154  
00:52:26,910 --> 00:52:25,300  
or something they would know they've

1155  
00:52:29,330 --> 00:52:26,920  
lived in this area all their lives they

1156  
00:52:32,880 --> 00:52:29,340  
know what goes on around the place

1157  
00:52:34,950 --> 00:52:32,890  
there's no electrical pylons the golf

1158  
00:52:36,810 --> 00:52:34,960  
courses to the left

1159  
00:52:39,090 --> 00:52:36,820  
quarry's over to the right the only

1160  
00:52:41,160 --> 00:52:39,100  
thing that's between them and the woods

1161  
00:52:42,810 --> 00:52:41,170  
area is just that farm which is obscured

1162  
00:52:44,490 --> 00:52:42,820  
by the hill and my houses in the

1163  
00:52:46,849 --> 00:52:44,500

foreground which you know you can

1164

00:52:48,210 --> 00:52:46,859

clearly see and after spinning around up

1165

00:52:49,650 --> 00:52:48,220

those legs

1166

00:52:53,420 --> 00:52:49,660

you know those lights are spinning and

1167

00:52:55,980 --> 00:52:53,430

rotating whatever certain people may say

1168

00:52:57,359 --> 00:52:55,990

you know they they were rotating you can

1169

00:52:58,500 --> 00:52:57,369

clearly see you know there are lights on

1170

00:53:00,630 --> 00:52:58,510

top and they're lights underneath then

1171

00:53:08,400 --> 00:53:00,640

they move around it is sort of like you

1172

00:53:11,250 --> 00:53:08,410

don't you don't see the lights all come

1173

00:53:13,109 --> 00:53:11,260

from a left-to-right position and you

1174

00:53:15,480 --> 00:53:13,119

know how many things if there's a solid

1175

00:53:16,559 --> 00:53:15,490

base attached to this light switch I

1176

00:53:17,579 --> 00:53:16,569

think there is

1177

00:53:18,599 --> 00:53:17,589

you know you're not gonna see the back

1178

00:53:21,029 --> 00:53:18,609

end of it because you'd have to be on

1179

00:53:22,140 --> 00:53:21,039

the other side of it you know saw the

1180

00:53:23,640 --> 00:53:22,150

lights whenever you see they're always

1181

00:53:24,839 --> 00:53:23,650

gonna go from left to right so it looks

1182

00:53:26,759 --> 00:53:24,849

like it's just things traveling from

1183

00:53:28,319 --> 00:53:26,769

left to right if you study the pattern

1184

00:53:34,219 --> 00:53:28,329

of it long enough you can see it is

1185

00:53:38,759 --> 00:53:36,479

you know and you know explain the red

1186

00:53:41,849 --> 00:53:38,769

light on top you know is that you know

1187

00:53:43,859 --> 00:53:41,859

just stir you know you know is that a

1188

00:53:46,499 --> 00:53:43,869

firefly or something you know I mean you

1189

00:53:47,969 --> 00:53:46,509

know eventually you know there's two

1190

00:53:49,890 --> 00:53:47,979

things there's two ways to look at it

1191

00:53:52,709 --> 00:53:49,900

you can even just look at it with honest

1192

00:53:54,630 --> 00:53:52,719

eyes and come you know eventually narrow

1193

00:53:56,459 --> 00:53:54,640

it all down okay what can this be you

1194

00:53:57,900 --> 00:53:56,469

can just say it's unidentified I don't

1195

00:53:59,849 --> 00:53:57,910

say it's an alien craft I don't know if

1196

00:54:01,890 --> 00:53:59,859

it's actual treasure it could be I don't

1197

00:54:05,669 --> 00:54:01,900

say that it is what I say is that it's

1198

00:54:08,549 --> 00:54:05,679

proof of a UFO an unidentified aerial

1199

00:54:10,229 --> 00:54:08,559

phenomena because I l've been to the

1200

00:54:12,059 --> 00:54:10,239

place I've done the background research

1201  
00:54:15,359 --> 00:54:12,069  
I've questioned the family I've looked

1202  
00:54:16,949 --> 00:54:15,369  
at the video you know I've looked at

1203  
00:54:19,259 --> 00:54:16,959  
just about everything I can and you know

1204  
00:54:23,609 --> 00:54:19,269  
you say the weather was well 81 miles an

1205  
00:54:29,669 --> 00:54:23,619  
hour with torrential downpours at times

1206  
00:54:30,599 --> 00:54:29,679  
and I made a mention of that I put it

1207  
00:54:31,559 --> 00:54:30,609  
through a different number of filters

1208  
00:54:34,109 --> 00:54:31,569  
just to sort of highlight that

1209  
00:54:37,499 --> 00:54:34,119  
particular point yeah I mean by the time

1210  
00:54:39,390 --> 00:54:37,509  
you you know you start crossing off all

1211  
00:54:45,209 --> 00:54:39,400  
the possibilities and what you're left

1212  
00:54:46,799 --> 00:54:45,219  
with you know Christmas tree or

1213  
00:54:48,689 --> 00:54:46,809

something you know what I mean flying

1214

00:54:50,669 --> 00:54:48,699

around something stupid like that but

1215

00:55:01,499 --> 00:54:50,679

you know I'm just talking around my

1216

00:55:04,199 --> 00:55:01,509

point is obviously you've you've

1217

00:55:09,779 --> 00:55:04,209

traipsed around the area you've this

1218

00:55:13,519 --> 00:55:09,789

footage Peter yeah Peter Glenn Peter

1219

00:55:17,249 --> 00:55:13,529

Glenn he went quite soon after didn't I

1220

00:55:18,929 --> 00:55:17,259

yes I thought it was like a couple of

1221

00:55:20,249 --> 00:55:18,939

weeks after but no yeah I think it was

1222

00:55:23,370 --> 00:55:20,259

like in the first week he may have been

1223

00:55:25,229 --> 00:55:23,380

called in by the family and to have

1224

00:55:26,849 --> 00:55:25,239

someone look at it because the family

1225

00:55:27,899 --> 00:55:26,859

needed someone who could up maybe you

1226

00:55:30,240 --> 00:55:27,909

know someone what an interest in the

1227

00:55:33,330 --> 00:55:30,250

subject and as our background knowledge

1228

00:55:35,250 --> 00:55:33,340

could do something for them and he did

1229

00:55:37,290 --> 00:55:35,260

he did some preliminary investigations

1230

00:55:39,030 --> 00:55:37,300

of his own you know he you took a

1231

00:55:41,130 --> 00:55:39,040

photograph from the window he lined it

1232

00:55:43,920 --> 00:55:41,140

up with the video and tried to determine

1233

00:55:46,440 --> 00:55:43,930

where this was coming from and you know

1234

00:55:48,690 --> 00:55:46,450

he went to the fields there is a cave

1235

00:55:50,190 --> 00:55:48,700

system behind the fields that he's on

1236

00:55:53,190 --> 00:55:50,200

that he's above the caves actually then

1237

00:55:55,950 --> 00:55:53,200

there's a farmland or the farm housing

1238

00:55:57,840 --> 00:55:55,960

you know the sheds and the house and

1239

00:56:01,050 --> 00:55:57,850

just a bit further to the right of it

1240

00:56:08,130 --> 00:56:01,060

and you know is in the area where this

1241

00:56:09,390 --> 00:56:08,140

would be the quarry in the caves are and

1242

00:56:11,160 --> 00:56:09,400

then the footage which I should mention

1243

00:56:12,570 --> 00:56:11,170

actually is on the paranormal mysteries

1244

00:56:16,470 --> 00:56:12,580

Facebook page I should have said that

1245

00:56:18,510 --> 00:56:16,480

initially sombitch shoot isn't it it's

1246

00:56:20,040 --> 00:56:18,520

Gary Jones on bit shooting delights if

1247

00:56:25,290 --> 00:56:20,050

you search that now you'll be able to

1248

00:56:27,030 --> 00:56:25,300

see the video so it's not exactly the

1249

00:56:28,650 --> 00:56:27,040

right terrain for people to be running

1250

00:56:30,780 --> 00:56:28,660

around with anything or driving around

1251  
00:56:33,060 --> 00:56:30,790  
with anything you know any kind of light

1252  
00:56:36,120 --> 00:56:33,070  
source in fact it would be quite deadly

1253  
00:56:38,820 --> 00:56:36,130  
in fact to be out at night in that kind

1254  
00:56:42,050 --> 00:56:38,830  
of weather you wouldn't want to be doing

1255  
00:56:53,600 --> 00:56:42,060  
any kind of work or construction or

1256  
00:56:58,080 --> 00:56:53,610  
repair or tree surgeries and the quarry

1257  
00:57:07,830 --> 00:56:58,090  
when Peter was filming in the field

1258  
00:57:20,630 --> 00:57:07,840  
where the tractor marks it tends to just

1259  
00:57:47,280 --> 00:57:44,130  
degrees yeah so it seems unlikely that

1260  
00:57:51,660 --> 00:57:47,290  
we'll be out there doing anything and

1261  
00:57:53,310 --> 00:57:51,670  
how they would be able to have something

1262  
00:57:57,600 --> 00:57:53,320  
so bright and those lights are actually

1263  
00:58:00,150 --> 00:57:57,610

large they're too big to be anything

1264

00:58:02,210 --> 00:58:00,160

there we would be carrying around and

1265

00:58:08,690 --> 00:58:02,220

there's no beam so it's not one of those

1266

00:58:14,220 --> 00:58:12,060

you know mag like torches with these

1267

00:58:16,620 --> 00:58:14,230

incredible high wattage beams on them or

1268

00:58:18,720 --> 00:58:16,630

they're not they're not like that I mean

1269

00:58:19,860 --> 00:58:18,730

those those lights I mean they're very

1270

00:58:22,530 --> 00:58:19,870

bright some of them you know they're

1271

00:58:23,970 --> 00:58:22,540

almost like I mean if you probably

1272

00:58:28,950 --> 00:58:23,980

looking at them through your own eyes

1273

00:58:35,520 --> 00:58:28,960

they probably bit binding but some in

1274

00:58:37,530 --> 00:58:35,530

the Christ woods know you know if you

1275

00:58:41,540 --> 00:58:37,540

were if it was people then they would

1276

00:58:43,920 --> 00:58:41,550

have to be at treetop level have to be

1277

00:58:45,240 --> 00:58:43,930

you can sort of wander in between the

1278

00:58:54,660 --> 00:58:45,250

tree trunks I guess on the ground

1279

00:58:56,880 --> 00:58:54,670

because you would have to be high up in

1280

00:59:01,200 --> 00:58:56,890

the trees for those lights to be seen

1281

00:59:03,780 --> 00:59:01,210

above this is the point again and it I

1282

00:59:05,280 --> 00:59:03,790

mean you see the street light in the

1283

00:59:07,890 --> 00:59:05,290

video yeah and it's giving off a beam

1284

00:59:09,420 --> 00:59:07,900

yeah creeps a halo it illuminates the

1285

00:59:10,860 --> 00:59:09,430

area around it doesn't another key point

1286

00:59:13,290 --> 00:59:10,870

is that these lights don't illuminate

1287

00:59:15,360 --> 00:59:13,300

anything except you know the inside you

1288

00:59:17,760 --> 00:59:15,370

know whatever device is charging it yeah

1289

00:59:21,750 --> 00:59:17,770

you know it doesn't know you don't even

1290

00:59:23,580 --> 00:59:21,760

see really on the video unless you've

1291

00:59:25,680 --> 00:59:23,590

done some sort of image enhancements

1292

00:59:28,920 --> 00:59:25,690

that um David was able to do David

1293

00:59:31,290 --> 00:59:28,930

Williams you know you can't really can't

1294

00:59:33,120 --> 00:59:31,300

really see anything I mean I I mean he

1295

00:59:34,800 --> 00:59:33,130

must have paused that video the most

1296

00:59:36,420 --> 00:59:34,810

golden of opportunities because I've

1297

00:59:38,520 --> 00:59:36,430

tried the China announced it myself I

1298

00:59:40,140 --> 00:59:38,530

cannot get nothing like that ya know

1299

00:59:41,670 --> 00:59:40,150

that was probably what I mean the one I

1300

00:59:43,350 --> 00:59:41,680

put in the video where I used that

1301

00:59:45,030 --> 00:59:43,360

because it shows the red light on top

1302

00:59:46,590 --> 00:59:45,040

and the line above the lights you know

1303

00:59:47,970 --> 00:59:46,600

so obviously you know what I've done and

1304

00:59:49,890 --> 00:59:47,980

what he's done is very similar but he's

1305

00:59:54,840 --> 00:59:49,900

just obviously be more successful of

1306

01:00:02,360 --> 00:59:58,800

cherry coke yeah so the then the other

1307

01:00:06,090 --> 01:00:02,370

interesting thing is within a few weeks

1308

01:00:11,220 --> 01:00:06,100

maybe six weeks max there was a huge

1309

01:00:13,650 --> 01:00:11,230

swathe of trees that were not they were

1310

01:00:15,890 --> 01:00:13,660

felled but they weren't like cut down

1311

01:00:20,610 --> 01:00:15,900

there was some have been pushed over

1312

01:00:23,550 --> 01:00:20,620

yeah uprooted which I know that they

1313

01:00:29,430 --> 01:00:23,560

have these things that push them over

1314

01:00:33,270 --> 01:00:29,440

now don't Lee and they can well this is

1315

01:00:36,210 --> 01:00:33,280

um I mean if I hadn't have done the

1316

01:00:38,370 --> 01:00:36,220

pentanoic incident straight off and then

1317

01:00:41,220 --> 01:00:38,380

learned about this interesting thing

1318

01:00:42,570 --> 01:00:41,230

about the felling of trees or chopping

1319

01:00:44,040 --> 01:00:42,580

down trees are just uprooting them and

1320

01:00:46,620 --> 01:00:44,050

leaving them on the side somewhere I

1321

01:00:50,400 --> 01:00:46,630

mean it was in the Pentek UFO incident

1322

01:00:53,070 --> 01:00:50,410

yeah was in it was in vanilla with Gary

1323

01:00:54,090 --> 01:00:53,080

row they done the same thing I know they

1324

01:01:01,410 --> 01:00:54,100

did something similar with the

1325

01:01:03,530 --> 01:01:01,420

Rendlesham forest those trees are being

1326

01:01:09,030 --> 01:01:03,540

cut down some of them was scorched

1327

01:01:12,650 --> 01:01:09,040

marked branches broken them down and I

1328

01:01:16,770 --> 01:01:12,660

know I had something similar the

1329

01:01:18,240 --> 01:01:16,780

Sheffield UFO 87 I think I've some

1330

01:01:25,910 --> 01:01:18,250

something with trees I think something

1331

01:01:32,490 --> 01:01:29,760

produced they go back to the area and

1332

01:01:34,740 --> 01:01:32,500

the trees have been felled and they the

1333

01:01:36,660 --> 01:01:34,750

rings in the trees and actually kind of

1334

01:01:40,590 --> 01:01:36,670

on one side where they were exposed to

1335

01:01:46,530 --> 01:01:40,600

the craft like a star shapes like spikes

1336

01:01:47,940 --> 01:01:46,540

with is distorted eNOS yeah I think when

1337

01:01:49,710 --> 01:01:47,950

you you mentioned this to me yesterday

1338

01:01:51,390 --> 01:01:49,720

about the trees getting chopped down and

1339

01:01:54,060 --> 01:01:51,400

you asked me to confirm how soon it was

1340

01:01:56,190 --> 01:01:54,070

after with the Rendlesham forest I think

1341

01:02:00,390 --> 01:01:56,200

you actually onto something I think you

1342

01:02:08,460 --> 01:02:00,400

know it's very unusual but in each of

1343

01:02:11,790 --> 01:02:10,080

some of them do get removed but I guess

1344

01:02:14,220 --> 01:02:11,800

some of them just get left there as well

1345

01:02:15,510 --> 01:02:14,230

but um I mean you can't fail a whole

1346

01:02:17,070 --> 01:02:15,520

bunch of trees and just leave them you

1347

01:02:23,940 --> 01:02:17,080

know maybe one or two up one's got left

1348

01:02:25,680 --> 01:02:23,950

laying around I guess it's just was last

1349

01:02:27,089 --> 01:02:25,690

that I got told by the Forestry

1350

01:02:28,890 --> 01:02:27,099

Commission that the reason they fell

1351

01:02:31,910 --> 01:02:28,900

those trees was large disease I'll fight

1352

01:02:35,220 --> 01:02:31,920

the thorah or moorim as it's it's more

1353

01:02:37,859 --> 01:02:35,230

scientific name yeah but if that is the

1354

01:02:40,109 --> 01:02:37,869

case and as we showed in a woods from

1355

01:02:42,120 --> 01:02:40,119

Birmingham I forget the name of it right

1356

01:02:47,940 --> 01:02:42,130

now but that was large disease they

1357

01:02:49,349 --> 01:02:47,950

cleared the entire area all the trees

1358

01:02:54,800 --> 01:02:49,359

they chopped more than there's nothing

1359

01:02:59,880 --> 01:02:57,599

warnings to land you're asking people to

1360

01:03:00,839 --> 01:02:59,890

wash their feet or wash their bike tires

1361

01:03:02,940 --> 01:03:00,849

when they come through because they

1362

01:03:04,589 --> 01:03:02,950

don't want to spread it around you know

1363

01:03:06,150 --> 01:03:04,599

and I mean when you see the clearing I

1364

01:03:07,440 --> 01:03:06,160

mean these woods areas they don't stop

1365

01:03:12,180 --> 01:03:07,450

like a small section tell each other

1366

01:03:19,280 --> 01:03:12,190

everything I mean some people were very

1367

01:03:21,480 --> 01:03:19,290

upset you know but when you look at

1368

01:03:22,740 --> 01:03:21,490

pentek you know they're not supposed to

1369

01:03:23,970 --> 01:03:22,750

plan anything for at least three years

1370

01:03:26,790 --> 01:03:23,980

but they were planting them pretty much

1371

01:03:28,680 --> 01:03:26,800

next year you know so if they if they're

1372

01:03:33,359 --> 01:03:28,690

worried about disease they're obviously

1373

01:03:37,589 --> 01:03:33,369

not too concerned by it those areas that

1374

01:03:41,040 --> 01:03:37,599

got chopped down far as I can see in

1375

01:03:44,010 --> 01:03:41,050

pain Terk anyway that's where whatever

1376

01:03:47,390 --> 01:03:44,020

they were firing at over the ranches in

1377

01:03:49,680 --> 01:03:47,400

common we do think now it went flying

1378

01:03:52,230 --> 01:03:49,690

through the trees in that because you

1379

01:03:55,079 --> 01:03:52,240

saw there's broken trees and canopies on

1380

01:04:03,030 --> 01:03:55,089

the floor and to break those off you got

1381

01:04:05,190 --> 01:04:03,040

to get 20 feet above the ground chairs

1382

01:04:07,349 --> 01:04:05,200

are like thin twigs talking like a

1383

01:04:08,849 --> 01:04:07,359

couple of inches around in some cases

1384

01:04:10,490 --> 01:04:08,859

and they take a bit of snapping yeah

1385

01:04:14,099 --> 01:04:10,500

unless you're going through it with some

1386

01:04:16,109 --> 01:04:14,109

some velocity and kinetic energy and it

1387

01:04:18,089 --> 01:04:16,119

leads right into an area where I found

1388

01:04:19,620 --> 01:04:18,099

them all those broken trees were all

1389

01:04:22,140 --> 01:04:19,630

cast found the broken trees along with

1390

01:04:24,750 --> 01:04:22,150

her friends but

1391

01:04:26,250 --> 01:04:24,760

electromagnetic field being emitted and

1392

01:04:31,500 --> 01:04:26,260

it was still being emitted wasn't it

1393

01:04:34,950 --> 01:04:31,510

until recently I understand right this

1394

01:04:37,769 --> 01:04:34,960

is how it works the electromagnetic

1395

01:04:42,329 --> 01:04:37,779

fields that I found a more like the

1396

01:04:43,920 --> 01:04:42,339

magnetic fields the higher that they

1397

01:04:46,380 --> 01:04:43,930

higher than you normal background what

1398

01:04:47,670 --> 01:04:46,390

you do is you gay if you want to get a

1399

01:04:49,049 --> 01:04:47,680

base reading what you're gonna do is you

1400

01:04:51,000 --> 01:04:49,059

gotta call maybe a couple of times you

1401

01:04:52,680 --> 01:04:51,010

know you walk around and a grid in a

1402

01:04:54,420 --> 01:04:52,690

grid formation that can all go left and

1403

01:04:56,370 --> 01:04:54,430

right and up and down and so like do a

1404

01:05:00,329 --> 01:04:56,380

grid a grid pattern reference search

1405

01:05:03,839 --> 01:05:00,339

yeah um you can take any sort of

1406

01:05:05,970 --> 01:05:03,849

electromagnetic radiation test or meter

1407

01:05:08,370 --> 01:05:05,980

you know just let it have a look just a

1408

01:05:09,870 --> 01:05:08,380

little find out it finds magnetic fields

1409

01:05:12,180 --> 01:05:09,880

better than it finds electrical fields

1410

01:05:13,950 --> 01:05:12,190

but the magnetic fields that it finds is

1411

01:05:15,390 --> 01:05:13,960

like you know I mean as far as I

1412

01:05:19,980 --> 01:05:15,400

understand the science behind it is that

1413

01:05:22,109 --> 01:05:19,990

you know the particles of energy uh you

1414

01:05:24,450 --> 01:05:22,119

know have to be charged negative or

1415

01:05:26,309 --> 01:05:24,460

positive and then moving yeah you know

1416

01:05:28,680 --> 01:05:26,319

to create a field a magnetic field and

1417

01:05:29,609 --> 01:05:28,690

that's what this device picks up on you

1418

01:05:30,960 --> 01:05:29,619

know and if it's at a high enough

1419

01:05:34,140 --> 01:05:30,970

electrical field there too it'll pick

1420

01:05:37,710 --> 01:05:34,150

that up as well but we went around all

1421

01:05:39,210 --> 01:05:37,720

these fields all on the forest areas and

1422

01:05:41,370 --> 01:05:39,220

I just marked out where they got the

1423

01:05:42,750 --> 01:05:41,380

beeps yeah yeah cuz I mean this thing is

1424

01:05:45,420 --> 01:05:42,760

cool this thing will go off at zero

1425

01:05:49,049 --> 01:05:45,430

point four micro Tesla ut micro Tesla

1426  
01:05:50,579 --> 01:05:49,059  
and you know according to the studies

1427  
01:05:51,960 --> 01:05:50,589  
that are read on that the research

1428  
01:05:55,769 --> 01:05:51,970  
information that's but long-term

1429  
01:05:57,990 --> 01:05:55,779  
exposure is harmful right yeah no but I

1430  
01:06:00,059 --> 01:05:58,000  
went into the fields of pen toke and I

1431  
01:06:04,079 --> 01:06:00,069  
went into the forest of smile OGG I

1432  
01:06:05,099 --> 01:06:04,089  
found when I found the the actual what

1433  
01:06:09,089 --> 01:06:05,109  
I'm looking for what I found that the

1434  
01:06:12,480 --> 01:06:09,099  
traces were inside the tree area just

1435  
01:06:14,190 --> 01:06:12,490  
alongside some Road and a pattern that

1436  
01:06:16,440 --> 01:06:14,200  
went through the trees I got the fell

1437  
01:06:17,819 --> 01:06:16,450  
the tree area and if you follow that

1438  
01:06:19,319 --> 01:06:17,829

line back it goes all the way to the

1439

01:06:20,370 --> 01:06:19,329

Royal Gomorrah hospital and tris in

1440

01:06:24,329 --> 01:06:20,380

common where people said they heard

1441

01:06:25,859 --> 01:06:24,339

explosions and when it comes to the

1442

01:06:28,410 --> 01:06:25,869

fields of panic I mean I went all around

1443

01:06:35,230 --> 01:06:28,420

there number of times me and some fond

1444

01:06:38,850 --> 01:06:35,240

dead and I there now strong now

1445

01:06:42,280 --> 01:06:38,860

said well I spoke to you two last time

1446

01:06:46,570 --> 01:06:42,290

there is still some kind of you know

1447

01:06:48,370 --> 01:06:46,580

elevated levels in certain areas I mean

1448

01:06:50,530 --> 01:06:48,380

I'm just us the part for the dead tree

1449

01:06:52,720 --> 01:06:50,540

area when we get Aaron call the ball

1450

01:06:54,609 --> 01:06:52,730

patch because anyone who goes that you

1451

01:06:56,620 --> 01:06:54,619

can see on the if you go over the

1452

01:06:58,960 --> 01:06:56,630

history of Google Earth images it's

1453

01:07:01,900 --> 01:06:58,970

starting to grow back now and it's it's

1454

01:07:04,450 --> 01:07:01,910

like it was big and just barren the

1455

01:07:08,680 --> 01:07:04,460

grass was all he looked like you know

1456

01:07:11,460 --> 01:07:08,690

the kora Phil that gives he's on the

1457

01:07:14,109 --> 01:07:11,470

grass it's unique shine greeny colour

1458

01:07:17,800 --> 01:07:14,119

that looked more that all that was gone

1459

01:07:19,810 --> 01:07:17,810

and there was a bush line of bushes

1460

01:07:21,550 --> 01:07:19,820

between the two fields by the gate

1461

01:07:24,070 --> 01:07:21,560

entrance along the left side there

1462

01:07:25,330 --> 01:07:24,080

that's where one of the red barrels was

1463

01:07:27,280 --> 01:07:25,340

hovering and the other one was above a

1464

01:07:29,470 --> 01:07:27,290

tree line just on the gate where cars

1465

01:07:32,500 --> 01:07:29,480

was but where the red one was said to

1466

01:07:33,910 --> 01:07:32,510

have been you know you can the bushes

1467

01:07:36,190 --> 01:07:33,920

are growing back now but you can see

1468

01:07:37,780 --> 01:07:36,200

that everything else around it you know

1469

01:07:39,250 --> 01:07:37,790

the inside that area where this thing

1470

01:07:41,890 --> 01:07:39,260

would have been hovering above the bush

1471

01:07:43,510 --> 01:07:41,900

it's it's dead it doesn't grow it's

1472

01:07:45,520 --> 01:07:43,520

growing back now but it was dead at the

1473

01:07:47,740 --> 01:07:45,530

time and you can see as it starts to

1474

01:07:49,900 --> 01:07:47,750

expand from that area you know the

1475

01:07:51,990 --> 01:07:49,910

leaves are all greeny and brown it you

1476

01:07:55,120 --> 01:07:52,000

know there's suffering from something I

1477

01:07:56,380 --> 01:07:55,130

mean I don't know why people seem to

1478

01:07:58,120 --> 01:07:56,390

think that this doesn't happen I mean oh

1479

01:08:00,640 --> 01:07:58,130

yeah I don't know how these devices work

1480

01:08:02,170 --> 01:08:00,650

but every UFO case I've read with

1481

01:08:04,390 --> 01:08:02,180

somebody has done an electromagnetic

1482

01:08:06,849 --> 01:08:04,400

field studies but there's higher than

1483

01:08:08,380 --> 01:08:06,859

normal background levels yeah I'm the

1484

01:08:10,390 --> 01:08:08,390

base reading for that particular area

1485

01:08:14,410 --> 01:08:10,400

especially in the pants leg fields was

1486

01:08:17,140 --> 01:08:14,420

0.05 or 0.1 microtesla nothing higher

1487

01:08:18,999 --> 01:08:17,150

than that and then when you get into the

1488

01:08:21,160 --> 01:08:19,009

area is that the thing just goes off you

1489

01:08:22,870 --> 01:08:21,170

know I mean that's that's the thing that

1490

01:08:24,309 --> 01:08:22,880

people don't seem to understand it's not

1491

01:08:25,510 --> 01:08:24,319

the reason I done that is because I

1492

01:08:27,999 --> 01:08:25,520

wanted to see if I could find anything

1493

01:08:29,440 --> 01:08:28,009

and we will find so many that we had to

1494

01:08:31,120 --> 01:08:29,450

mark them out when we marked them out it

1495

01:08:34,860 --> 01:08:31,130

followed the line the car said to me

1496

01:08:39,220 --> 01:08:37,230

[Laughter]

1497

01:08:40,539 --> 01:08:39,230

forgive me saying this but I guess so

1498

01:08:42,010 --> 01:08:40,549

many people give me stick for this and

1499

01:08:44,079 --> 01:08:42,020

it just drives me [h\_\_h] mad you know

1500

01:08:47,680 --> 01:08:44,089

what I mean I just say do some [h\_\_h]

1501  
01:08:49,149 --> 01:08:47,690  
researching idiots you know I mean I go

1502  
01:08:50,559 --> 01:08:49,159  
to all this trouble

1503  
01:08:52,450 --> 01:08:50,569  
and you go to a lot of trouble and other

1504  
01:08:54,249 --> 01:08:52,460  
people go to a lot of trouble to try and

1505  
01:08:56,019 --> 01:08:54,259  
prove that point you know we cover all

1506  
01:08:58,599 --> 01:08:56,029  
the questions that people would ask and

1507  
01:09:23,530 --> 01:08:58,609  
more and if so oh it's it's total

1508  
01:09:25,809 --> 01:09:23,540  
rubbish interesting thing about the

1509  
01:09:28,419 --> 01:09:25,819  
trees that we discuss in in the Denver

1510  
01:09:31,269 --> 01:09:28,429  
area in Christ's words you quite clearly

1511  
01:09:33,579 --> 01:09:31,279  
can see that in the surrounding where

1512  
01:09:36,309 --> 01:09:33,589  
all of these trees have been pushed over

1513  
01:09:41,860 --> 01:09:36,319

felled whatever the trees are gray all

1514

01:09:43,689 --> 01:09:41,870

on one side I don't I well you know it

1515

01:09:45,129 --> 01:09:43,699

is it is in winter time right and I

1516

01:09:46,990 --> 01:09:45,139

wasn't looking at the leaves I was

1517

01:09:50,280 --> 01:09:47,000

looking at the trees the color of the

1518

01:09:53,439 --> 01:09:50,290

bark and the branches and behind them

1519

01:09:55,870 --> 01:09:53,449

behind them you know they look perfectly

1520

01:09:57,100 --> 01:09:55,880

okay and I've looked at those things you

1521

01:09:59,290 --> 01:09:57,110

know they're nice and healthy lucky and

1522

01:10:02,410 --> 01:09:59,300

the bark is very fresh and no it's got

1523

01:10:04,689 --> 01:10:02,420

plenty of life in it but when you look

1524

01:10:06,550 --> 01:10:04,699

around the areas that you know it just

1525

01:10:08,050 --> 01:10:06,560

around them won't make it make up the

1526

01:10:11,229 --> 01:10:08,060

edges of what the trees that was still

1527

01:10:14,620 --> 01:10:11,239

standing they look dead don't look

1528

01:10:18,550 --> 01:10:14,630

healthy at all so I mean this is not

1529

01:10:20,050 --> 01:10:18,560

evidence of this but one of the thoughts

1530

01:10:24,040 --> 01:10:20,060

was going through my mind is well did

1531

01:10:25,479 --> 01:10:24,050

this thing come over did because I mean

1532

01:10:27,879 --> 01:10:25,489

once you've got what you go where

1533

01:10:31,479 --> 01:10:27,889

northwards to Christ what Christ would

1534

01:10:32,620 --> 01:10:31,489

you end up going over to the sea and

1535

01:10:33,970 --> 01:10:32,630

then obviously you know you'd gone off

1536

01:10:35,860 --> 01:10:33,980

for Wales and then you know Liverpool

1537

01:10:38,189 --> 01:10:35,870

would be over to the right a bit it's

1538

01:10:40,570 --> 01:10:38,199

not too far from the ocean line and

1539

01:10:43,750 --> 01:10:40,580

coastline again in Wales you know lots

1540

01:10:45,490 --> 01:10:43,760

of things I've seen so many people tell

1541

01:10:46,899 --> 01:10:45,500

me now that they see a lot of crazy

1542

01:10:47,950 --> 01:10:46,909

stuff coming out of the sea over that

1543

01:10:51,310 --> 01:10:47,960

particular area

1544

01:10:55,450 --> 01:10:51,320

yeah and you know I mean I'm just of the

1545

01:10:57,640 --> 01:10:55,460

idea that this thing may have gone back

1546

01:11:00,370 --> 01:10:57,650

over to Christ woods may have hovered

1547

01:11:01,780 --> 01:11:00,380

over a particular section of them the

1548

01:11:02,890 --> 01:11:01,790

wooded areas and that's why those ones

1549

01:11:05,410 --> 01:11:02,900

have been felled

1550

01:11:07,780 --> 01:11:05,420

I mean they don't seem they don't seem

1551

01:11:10,030 --> 01:11:07,790

to want to remove them they just seem to

1552

01:11:11,620 --> 01:11:10,040

what uproot them and not let weather has

1553

01:11:13,180 --> 01:11:11,630

something to do with it the energy

1554

01:11:14,830 --> 01:11:13,190

source they use or they give off you

1555

01:11:18,760 --> 01:11:14,840

know because as you said when people get

1556

01:11:21,130 --> 01:11:18,770

close too close to these crafts what

1557

01:11:28,870 --> 01:11:21,140

they find is that theory their nervous

1558

01:11:35,350 --> 01:11:28,880

systems their muscle on grass trees and

1559

01:11:39,130 --> 01:11:35,360

other yeah Wi-Fi signals due to plants I

1560

01:11:42,190 --> 01:11:39,140

grew to Moringa trees and they got to be

1561

01:11:44,470 --> 01:11:42,200

about two three feet tall and they were

1562

01:11:48,760 --> 01:11:44,480

on my windowsill behind the TV and they

1563

01:11:51,040 --> 01:11:48,770

took one off I was like 24 hours and I

1564

01:11:53,380 --> 01:11:51,050

put it down and I put it by the Wi-Fi

1565

01:11:57,070 --> 01:11:53,390

router and in front of the TV and it

1566

01:11:59,950 --> 01:11:57,080

died it completely died I took photos of

1567

01:12:02,530 --> 01:11:59,960

it I was utterly shocked at how

1568

01:12:04,270 --> 01:12:02,540

dangerous these signals and their

1569

01:12:07,540 --> 01:12:04,280

radiation is that's coming off our TV

1570

01:12:09,910 --> 01:12:07,550

and the Wi-Fi router so if things like

1571

01:12:12,070 --> 01:12:09,920

that we have in our house have that kind

1572

01:12:18,280 --> 01:12:12,080

of effect on life then what was

1573

01:12:19,960 --> 01:12:18,290

something on a much larger scale and you

1574

01:12:23,770 --> 01:12:19,970

can see in the Google images that you've

1575

01:12:29,200 --> 01:12:23,780

got before and after how huge an area

1576

01:12:31,090 --> 01:12:29,210

that has been affected and it's right it

1577

01:12:32,680 --> 01:12:31,100

takes it takes and it took some time to

1578

01:12:35,620 --> 01:12:32,690

walk around I mean I was walking around

1579

01:12:39,040 --> 01:12:35,630

it for a good hour in 15 maybe an hour

1580

01:12:40,360 --> 01:12:39,050

and 20 minutes and you know we were

1581

01:12:41,980 --> 01:12:40,370

stopping obviously like you know it

1582

01:12:43,540 --> 01:12:41,990

would probably take you about 30 40

1583

01:12:44,950 --> 01:12:43,550

minutes to walk around so it's a very

1584

01:12:46,570 --> 01:12:44,960

large section of area that they've

1585

01:12:51,130 --> 01:12:46,580

chopped down and again you know a lot

1586

01:12:54,730 --> 01:12:51,140

long after a UFO sighting which i think

1587

01:12:56,380 --> 01:12:54,740

is proven now you know what is with that

1588

01:13:01,140 --> 01:12:56,390

what why why do they do that you know I

1589

01:13:08,250 --> 01:13:01,150

mean somebody it was physically possible

1590

01:13:18,200 --> 01:13:12,400

if well because the felt they haven't

1591

01:13:23,840 --> 01:13:20,350

[Music]

1592

01:13:25,130 --> 01:13:23,850

like some things were planted later on

1593

01:13:35,180 --> 01:13:25,140

because in the middle there are some

1594

01:13:36,680 --> 01:13:35,190

things sprouting up now you know just in

1595

01:13:38,390 --> 01:13:36,690

case one day somebody guys this is

1596

01:13:43,000 --> 01:13:38,400

really interested in I might invest in

1597

01:13:45,770 --> 01:13:43,010

this and I would I would like somebody

1598

01:13:54,140 --> 01:13:45,780

was a person who studies our plants up

1599

01:13:56,360 --> 01:13:54,150

here but pili or something you know

1600

01:13:59,420 --> 01:13:56,370

trees and Frandsen yeah

1601

01:14:01,490 --> 01:13:59,430

wildlife plant life like that so if

1602

01:14:03,170 --> 01:14:01,500

somebody would be interested in helping

1603

01:14:05,210 --> 01:14:03,180

me out now and I would certainly look

1604

01:14:06,820 --> 01:14:05,220

into it but you know the scientific

1605

01:14:09,110 --> 01:14:06,830

communities or anyone with any sort of

1606

01:14:16,150 --> 01:14:09,120

scientific qualifications tends not to

1607

01:14:21,320 --> 01:14:16,160

go anywhere near these areas do not

1608

01:14:23,300 --> 01:14:21,330

actually buy in that you know employed

1609

01:14:26,930 --> 01:14:23,310

in mother anymore a lot of them are

1610

01:14:28,850 --> 01:14:26,940

retired so there might be somebody with

1611

01:14:45,650 --> 01:14:28,860

contacts but what you need really for

1612

01:14:53,650 --> 01:14:45,660

this is money we need money that's not

1613

01:14:55,970 --> 01:14:53,660

within no I mean everybody's ask you

1614

01:14:57,710 --> 01:14:55,980

sometimes I go you know where's this

1615

01:14:59,980 --> 01:14:57,720

study where's that study have you done

1616

01:15:05,780 --> 01:14:59,990

an archeological dig or something

1617

01:15:08,210 --> 01:15:05,790

logical dig forensic dig or so many I

1618

01:15:09,860 --> 01:15:08,220

don't I'm not knowledgeable enough in

1619

01:15:12,590 --> 01:15:09,870

that area to even attempt such a thing

1620

01:15:14,750 --> 01:15:12,600

you know I mean isn't I can only do so

1621

01:15:16,580 --> 01:15:14,760

much you know I mean I can do all the

1622

01:15:17,720 --> 01:15:16,590

background research I can go to the area

1623

01:15:20,270 --> 01:15:17,730

I can interview witnesses I can have

1624

01:15:22,610 --> 01:15:20,280

that stuff analyzed I could do a number

1625

01:15:24,080 --> 01:15:22,620

of other things you know but some unless

1626

01:15:28,279 --> 01:15:24,090

I learn this unless I've become some

1627

01:15:31,129 --> 01:15:28,289

sort of expert in other areas until then

1628

01:15:32,779 --> 01:15:31,139

somebody who can do those things I can

1629

01:15:34,339 --> 01:15:32,789

let the video analysis I adjacent claims

1630

01:15:39,049 --> 01:15:34,349

do you know he knows how to do that kind

1631

01:15:41,809 --> 01:15:39,059

of stuff and which is which you know is

1632

01:15:43,969 --> 01:15:41,819

some his analysis they looked at and a

1633

01:15:45,979 --> 01:15:43,979

lot of people like it but I know I'm

1634

01:15:48,739 --> 01:15:45,989

somebody else just recently made a video

1635

01:15:53,559 --> 01:15:48,749

and it's a claiming it was a did a video

1636

01:15:57,079 --> 01:15:53,569

called aliens be golf carts do you know

1637

01:16:07,009 --> 01:15:57,089

some somebody called Midwest and his

1638

01:16:09,020 --> 01:16:07,019

real name or yeah this is what he does

1639

01:16:10,309 --> 01:16:09,030

to go around debunking anything it

1640

01:16:24,619 --> 01:16:10,319

doesn't matter what it is you'll debunk

1641

01:16:26,329 --> 01:16:24,629

it even if it's true well you know use a

1642

01:16:28,069 --> 01:16:26,339

thing he says it's not identified either

1643

01:16:30,889 --> 01:16:28,079

he can't find out what it is but he says

1644

01:16:33,049 --> 01:16:30,899

it's not feasible to do it on shaky

1645

01:16:34,549 --> 01:16:33,059

recordings and I'm like it's not all

1646

01:16:36,199 --> 01:16:34,559

shaky may you know you've only used a

1647

01:16:44,000 --> 01:16:36,209

couple of seconds of footage the actual

1648

01:16:47,329 --> 01:16:44,010

videos lame and it's long and you don't

1649

01:16:49,279 --> 01:16:47,339

either he downloaded it off from he

1650

01:16:51,709 --> 01:16:49,289

downloaded off the Daily Star website or

1651  
01:16:53,179 --> 01:16:51,719  
he took it from Jason Gliese but I don't

1652  
01:16:54,439 --> 01:16:53,189  
think he took it from Jason because you

1653  
01:16:57,770 --> 01:16:54,449  
know there's a good section in that

1654  
01:16:59,359 --> 01:16:57,780  
video in Jason's report he just shows a

1655  
01:17:01,339 --> 01:16:59,369  
couple of circles he stabilizes the

1656  
01:17:02,659 --> 01:17:01,349  
image and you know it's interesting I

1657  
01:17:03,979 --> 01:17:02,669  
mean it just just confirmed what I

1658  
01:17:05,689 --> 01:17:03,989  
already knew it goes from left to right

1659  
01:17:08,719 --> 01:17:05,699  
and the lights are of different heights

1660  
01:17:10,789 --> 01:17:08,729  
you know if this is a road and a golf

1661  
01:17:12,109 --> 01:17:10,799  
course I would expect the life's to soar

1662  
01:17:13,699 --> 01:17:12,119  
a follow it's similar to pattern if it's

1663  
01:17:14,959 --> 01:17:13,709

going up a hill or over a mound there on

1664

01:17:17,059 --> 01:17:14,969

a road it would be in a straight line

1665

01:17:18,979 --> 01:17:17,069

but then why are they why are they

1666

01:17:20,689 --> 01:17:18,989

flying sorry why are they driving golf

1667

01:17:23,779 --> 01:17:20,699

cars around at 3:00 a.m. in the morning

1668

01:17:25,759 --> 01:17:23,789

you make our winds flip in raining night

1669

01:17:28,939 --> 01:17:25,769

the golf kit the golf course is not lit

1670

01:17:30,469 --> 01:17:28,949

and they would have to be doing this for

1671

01:17:32,509 --> 01:17:30,479

10 minutes straight at least you know 9

1672

01:17:34,520 --> 01:17:32,519

10 minutes you know the family said they

1673

01:17:36,589 --> 01:17:34,530

observed these lights for 32 you know

1674

01:17:38,419 --> 01:17:36,599

1213 minutes so what what was it a

1675

01:17:40,700 --> 01:17:38,429

convoy of golf carts going around I mean

1676

01:17:41,840 --> 01:17:40,710

come on get real way

1677

01:17:43,370 --> 01:17:41,850

the thing is is that what they were

1678

01:17:44,510 --> 01:17:43,380

playing xbox or something weren't they

1679

01:17:46,479 --> 01:17:44,520

and they were gonna go to bed and

1680

01:17:49,550 --> 01:17:46,489

there's when they were kind of what oh

1681

01:18:01,090 --> 01:17:49,560

yeah Alex had finished playing on his

1682

01:18:04,970 --> 01:18:03,380

you probably would not have seen it what

1683

01:18:07,610 --> 01:18:04,980

if this whole incident would have been

1684

01:18:10,940 --> 01:18:07,620

lost lost to the last of the post yeah

1685

01:18:12,229 --> 01:18:10,950

but um I mean if people want to know

1686

01:18:13,400 --> 01:18:12,239

about the explanations I mean I've

1687

01:18:15,950 --> 01:18:13,410

covered just about everything I could

1688

01:18:18,440 --> 01:18:15,960

think of feasible yeah I didn't include

1689

01:18:22,850 --> 01:18:18,450

I mean golf carts is interested you know

1690

01:18:25,090 --> 01:18:22,860

it's probably the most original yeah but

1691

01:18:28,700 --> 01:18:25,100

then you know I mean that'd be all right

1692

01:18:32,000 --> 01:18:28,710

somebody just said he he says it in a

1693

01:18:37,150 --> 01:18:32,010

really dumb stupid spooky sort of like

1694

01:18:42,910 --> 01:18:39,440

you know Mick West or thick pest

1695

01:18:46,670 --> 01:18:42,920

whatever you want to call him like but I

1696

01:18:48,740 --> 01:18:46,680

mean you know if I will say this you

1697

01:18:51,140 --> 01:18:48,750

know I he stabilized the video which is

1698

01:18:52,700 --> 01:18:51,150

interesting and he has done a pretty

1699

01:18:53,420 --> 01:18:52,710

good overlay you know it lines up all

1700

01:18:55,700 --> 01:18:53,430

nice but it

1701

01:18:57,440 --> 01:18:55,710

he's I think he has purposely

1702

01:18:59,890 --> 01:18:57,450

manipulated a part of that footage to

1703

01:19:02,810 --> 01:18:59,900

make it appear more lower to the left I

1704

01:19:04,780 --> 01:19:02,820

mean I don't know I I don't think he I

1705

01:19:06,920 --> 01:19:04,790

can't tell for sure but I think he's

1706

01:19:12,530 --> 01:19:06,930

fudged it a little bit just to make it

1707

01:19:13,880 --> 01:19:12,540

look more closer to the ground no

1708

01:19:17,290 --> 01:19:13,890

because it could have been like you know

1709

01:19:20,750 --> 01:19:17,300

we do get things at Lund and also

1710

01:19:28,820 --> 01:19:20,760

there's all those other factors support

1711

01:19:30,620 --> 01:19:28,830

into play we're like lamp him well I

1712

01:19:32,060 --> 01:19:30,630

mean use of things well I I know the

1713

01:19:34,070 --> 01:19:32,070

layout of that land right and I've

1714

01:19:35,660 --> 01:19:34,080

actually been up to the treeline area

1715

01:19:37,970 --> 01:19:35,670

where that road of the golf course he

1716

01:19:39,770 --> 01:19:37,980

mentions right you cannot see behind

1717

01:19:41,870 --> 01:19:39,780

that road you can see the line the

1718

01:19:43,100 --> 01:19:41,880

Google Earth image puts on it but if you

1719

01:19:44,510 --> 01:19:43,110

went up there right and actually had a

1720

01:19:46,430 --> 01:19:44,520

look you can't I'm not I've actually

1721

01:19:48,650 --> 01:19:46,440

been right by that tree line and you

1722

01:19:50,630 --> 01:19:48,660

cannot see the golf course no I should

1723

01:19:52,550 --> 01:19:50,640

go over the bank man and down that's how

1724

01:19:54,080 --> 01:19:52,560

you're gonna see it so this is not the

1725

01:19:55,730 --> 01:19:54,090

golf course this is not the golf

1726

01:19:57,650 --> 01:19:55,740

this is not the quarry none of those

1727

01:19:59,360 --> 01:19:57,660

areas work at night the farmer was not

1728

01:20:00,770 --> 01:19:59,370

out at 3 a.m. in the morning he only

1729

01:20:03,980 --> 01:20:00,780

works in the daytime or maybe just the

1730

01:20:05,990 --> 01:20:03,990

sundown or sunrise you know you'll get

1731

01:20:08,300 --> 01:20:06,000

out of sunrise and work til the sun goes

1732

01:20:09,650 --> 01:20:08,310

down because obviously can't do much

1733

01:20:13,010 --> 01:20:09,660

admit because it's not a very well-lit

1734

01:20:16,490 --> 01:20:13,020

area anyway you know I mean so getting

1735

01:20:17,720 --> 01:20:16,500

onto explanations I looked at usual once

1736

01:20:25,940 --> 01:20:17,730

because a lot of people reckon it was

1737

01:20:29,810 --> 01:20:25,950

fireworks fireworks sparklers lamp Eze

1738

01:20:31,790 --> 01:20:29,820

campers training people training people

1739

01:20:34,190 --> 01:20:31,800

in vehicles people in cars people with

1740

01:20:45,110 --> 01:20:34,200

no cars you know golf carts at cars both

1741

01:20:46,880 --> 01:20:45,120

our lights helicopters drones yeah

1742

01:20:48,860 --> 01:20:46,890

electrical arcing I looked at just about

1743

01:20:50,840 --> 01:20:48,870

every conceivable thing I could even I

1744

01:20:52,330 --> 01:20:50,850

would say the electrical arcing on a

1745

01:20:59,300 --> 01:20:52,340

power line is probably the most

1746

01:21:00,890 --> 01:20:59,310

far-fetched of them all but it's more

1747

01:21:02,710 --> 01:21:00,900

intense but it doesn't do anything like

1748

01:21:05,660 --> 01:21:02,720

that

1749

01:21:08,210 --> 01:21:05,670

so if you know and I you know you put

1750

01:21:09,980 --> 01:21:08,220

Jason's report there you put my analysis

1751

01:21:11,750 --> 01:21:09,990

on it you put the poor witnesses

1752

01:21:17,120 --> 01:21:11,760

together and you look at the layout of

1753

01:21:20,860 --> 01:21:17,130

the land I mean you know there's

1754

01:21:27,230 --> 01:21:20,870

literally zero chance it was anything

1755

01:21:30,500 --> 01:21:27,240

mundane yeah there's no way even Dave

1756

01:21:32,720 --> 01:21:30,510

said to me well were they out rate

1757

01:21:34,070 --> 01:21:32,730

chopping trees down it no you know

1758

01:21:36,740 --> 01:21:34,080

they've got some sort of lights and I

1759

01:21:39,470 --> 01:21:36,750

said no I was in a relationship with

1760

01:21:41,180 --> 01:21:39,480

this tree surgeon it's very very

1761

01:21:44,800 --> 01:21:41,190

specific about the conditions that you

1762

01:21:53,000 --> 01:21:44,810

can work in no high winds no rain and

1763

01:21:55,130 --> 01:21:53,010

not at night too many dangers and

1764

01:21:56,960 --> 01:21:55,140

because obviously I said that the some

1765

01:21:58,490 --> 01:21:56,970

of the trees had been removed as they

1766

01:22:01,040 --> 01:21:58,500

are didn't Rendell Sherman Pentair

1767

01:22:03,160 --> 01:22:01,050

confirming him or nothing I'm aware it

1768

01:22:05,420 --> 01:22:03,170

was it was Birmingham wasn't it anyway

1769

01:22:06,379 --> 01:22:05,430

it's just not going to happen that it's

1770

01:22:09,950 --> 01:22:06,389

not gonna happen

1771

01:22:12,320 --> 01:22:09,960

and go golf carts a very small and light

1772

01:22:13,910 --> 01:22:12,330

way and I'm quite sure they would have

1773

01:22:14,830 --> 01:22:13,920

great difficulty and that's a rain in

1774

01:22:18,649 --> 01:22:14,840

that weather

1775

01:22:22,060 --> 01:22:18,659

hmm yeah I mean not the I mean that

1776

01:22:24,590 --> 01:22:22,070

bottom heavy I know but they're not some

1777

01:22:26,300 --> 01:22:24,600

I've seen them I've seen them tip off

1778

01:22:31,280 --> 01:22:26,310

for less than what wind boys are telling

1779

01:22:33,169 --> 01:22:31,290

yeah and I mean again I mean what would

1780

01:22:34,729 --> 01:22:33,179

the golf carts doing driving no driving

1781

01:22:38,720 --> 01:22:34,739

over a hill one after the other for ten

1782

01:22:40,370 --> 01:22:38,730

minutes straight I mean you know if that

1783

01:22:42,439 --> 01:22:40,380

was just if that was one golf cart after

1784

01:22:44,359 --> 01:22:42,449

another ten minutes with the golf carts

1785

01:22:50,359 --> 01:22:44,369

going over a hill you can't see for one

1786

01:22:51,950 --> 01:22:50,369

thing you know just I mean but you know

1787

01:22:58,490 --> 01:22:51,960

I mean you don't say it's unidentified

1788

01:23:00,140 --> 01:22:58,500

but if he just doesn't explain Jason at

1789

01:23:02,899 --> 01:23:00,150

all it doesn't you know doesn't offer

1790

01:23:04,820 --> 01:23:02,909

what kind of a expertise and analysis

1791

01:23:08,540 --> 01:23:04,830

equipment that he used he just likes to

1792

01:23:11,419 --> 01:23:08,550

do a patronizing video with a silly you

1793

01:23:13,459 --> 01:23:11,429

know silly tone of voice just playing it

1794

01:23:15,080 --> 01:23:13,469

down like it's nothing and you know the

1795

01:23:17,990 --> 01:23:15,090

original footage I don't think he's used

1796

01:23:19,430 --> 01:23:18,000

he seems to have he's done good thing on

1797

01:23:20,780 --> 01:23:19,440

the stabilization of it you know but it

1798

01:23:23,419 --> 01:23:20,790

just confirms me even more that this

1799

01:23:25,310 --> 01:23:23,429

thing is rotating from left to right all

1800

01:23:27,500 --> 01:23:25,320

the like fashion that is what I said

1801  
01:23:29,120 --> 01:23:27,510  
from the beginning and he claims it to

1802  
01:23:31,760 --> 01:23:29,130  
be aliens you know I mean I never said

1803  
01:23:33,439 --> 01:23:31,770  
it was friggin aliens I said it was an

1804  
01:23:35,090 --> 01:23:33,449  
unidentified aerial phenomena that was

1805  
01:23:37,700 --> 01:23:35,100  
the whole point of this video to prove

1806  
01:23:39,919 --> 01:23:37,710  
to show evidence that this thing is real

1807  
01:23:41,840 --> 01:23:39,929  
and it's very obviously it's rotating

1808  
01:23:45,709 --> 01:23:41,850  
like that because as soon as I saw it

1809  
01:23:53,810 --> 01:23:45,719  
within tens of seconds I decided it was

1810  
01:23:55,970 --> 01:23:53,820  
around about because you've got your

1811  
01:24:14,419 --> 01:23:55,980  
explanation wrong but even you can see

1812  
01:24:17,330 --> 01:24:14,429  
it was rotating as well I mean some

1813  
01:24:18,979 --> 01:24:17,340

lights very well lit yeah and they move

1814

01:24:19,580 --> 01:24:18,989

you know they're not obscuring anything

1815

01:24:21,440 --> 01:24:19,590

you know the

1816

01:24:24,380 --> 01:24:21,450

is actually shining directly to you and

1817

01:24:25,910 --> 01:24:24,390

it's good you know and then you know I

1818

01:24:28,760 --> 01:24:25,920

mean one thing I want to mention is well

1819

01:24:31,270 --> 01:24:28,770

I've talked to I mean Peter Clayton I

1820

01:24:34,820 --> 01:24:31,280

mean this is you know Margaret Pritchard

1821

01:24:36,680 --> 01:24:34,830

she's seen it she knows the area David

1822

01:24:39,260 --> 01:24:36,690

Williams knows the area you know those

1823

01:24:41,270 --> 01:24:39,270

two were like you know other people who

1824

01:24:42,830 --> 01:24:41,280

have me on Peter Glynn he knows the area

1825

01:24:44,540 --> 01:24:42,840

but then you know the family of four

1826

01:24:46,370 --> 01:24:44,550

know this area very well they've lived

1827

01:24:48,440 --> 01:24:46,380

there all their lives they know what

1828

01:24:50,060 --> 01:24:48,450

goes on they know the kinds of things

1829

01:24:54,110 --> 01:24:50,070

that people get up to at night but this

1830

01:24:55,940 --> 01:24:54,120

this you know those four just itching to

1831

01:24:57,500 --> 01:24:55,950

see it again they hope it comes back

1832

01:24:59,450 --> 01:24:57,510

they're always looking to see if it'll

1833

01:25:00,860 --> 01:24:59,460

come back and I'm like why would you get

1834

01:25:08,860 --> 01:25:00,870

that excited over golf carts or

1835

01:25:17,260 --> 01:25:11,390

very much like one thing when it's not

1836

01:25:20,390 --> 01:25:17,270

but this to me it's not easily dismissed

1837

01:25:23,980 --> 01:25:20,400

I'm not a UFO investigator I know this

1838

01:25:26,950 --> 01:25:23,990

but I have seen enough analysis and

1839

01:25:30,890 --> 01:25:26,960

footage etc to kind of have a good idea

1840

01:25:32,450 --> 01:25:30,900

but but like everybody else have been so

1841

01:25:34,250 --> 01:25:32,460

complacent that I was just like now I

1842

01:25:35,990 --> 01:25:34,260

know what that is and it's nothing blah

1843

01:25:37,220 --> 01:25:36,000

but when you actually take everything

1844

01:25:40,760 --> 01:25:37,230

else all the other factors into account

1845

01:25:42,350 --> 01:25:40,770

it cannot be easily dismissed no well

1846

01:25:46,010 --> 01:25:42,360

I'm Jason Gleaves said as well you know

1847

01:25:47,960 --> 01:25:46,020

I mean you know this guy's a good look

1848

01:25:50,900 --> 01:25:47,970

at it and you know his conclusion it's

1849

01:25:54,260 --> 01:25:50,910

unidentified ya know I take unidentified

1850

01:25:57,380 --> 01:25:54,270

to mean identified an aerial phenomena

1851

01:26:00,440 --> 01:25:57,390

therefore commonly recall the UFO so you

1852

01:26:03,500 --> 01:26:00,450

know yeah even you know anyone who looks

1853

01:26:04,940 --> 01:26:03,510

at Cong you know I don't like I said I

1854

01:26:06,410 --> 01:26:04,950

don't say it's alien it could be

1855

01:26:08,390 --> 01:26:06,420

actually terrestrial I don't know but

1856

01:26:10,370 --> 01:26:08,400

you can't identify it either so you know

1857

01:26:13,130 --> 01:26:10,380

and seeing as our government and our

1858

01:26:17,650 --> 01:26:13,140

military clean these things don't exist

1859

01:26:21,380 --> 01:26:17,660

and that it's all you know

1860

01:26:33,020 --> 01:26:21,390

misidentification I don't see how this

1861

01:26:39,350 --> 01:26:36,680

yeah I mean the weather is actually what

1862

01:26:49,820 --> 01:26:39,360

makes it moment compelling because it

1863

01:26:53,840 --> 01:26:49,830

could be it just kind of makes it you

1864

01:26:56,600 --> 01:26:53,850

know you can write off a lot immediately

1865

01:26:59,120 --> 01:26:56,610

because it was 81 miles an hour winds

1866

01:27:02,270 --> 01:26:59,130

and absolutely torrential rain and like

1867

01:27:06,560 --> 01:27:02,280

you've pointed out with the footage in

1868

01:27:08,720 --> 01:27:06,570

your very well produced video that you

1869

01:27:10,850 --> 01:27:08,730

can see the rain in the lamp with

1870

01:27:15,170 --> 01:27:10,860

underneath the lamppost you can hear the

1871

01:27:16,970 --> 01:27:15,180

wind yeah you know obviously it's a

1872

01:27:18,320 --> 01:27:16,980

little bit build up in that estate but

1873

01:27:20,479 --> 01:27:18,330

once you get kind of further out away

1874

01:27:23,240 --> 01:27:20,489

from where there's gonna be various wind

1875

01:27:25,490 --> 01:27:23,250

breaks that wind is gonna knock you

1876

01:27:29,689 --> 01:27:25,500

flying I mean some of the trees might

1877

01:27:31,820 --> 01:27:29,699

have even been some of those cheesemaker

1878

01:27:34,670 --> 01:27:31,830

because of the winds the weather on the

1879

01:27:36,410 --> 01:27:34,680

night but I mean there's one say this

1880

01:27:38,510 --> 01:27:36,420

quick there's one tree that really took

1881

01:27:40,189 --> 01:27:38,520

my interest I mean it looks like

1882

01:27:42,800 --> 01:27:40,199

somebody just not at all well you know I

1883

01:27:44,240 --> 01:27:42,810

mean it's like they accidentally tipped

1884

01:27:45,410 --> 01:27:44,250

it all right they've snapped some trees

1885

01:27:47,540 --> 01:27:45,420

in the distance you know I mean you

1886

01:27:49,820 --> 01:27:47,550

haven't really done a good job of

1887

01:27:51,020 --> 01:27:49,830

cutting area they just took as much as

1888

01:27:52,670 --> 01:27:51,030

they could and left the rest you know I

1889

01:27:58,250 --> 01:27:52,680

mean so it's quite possible that big

1890

01:28:08,120 --> 01:27:58,260

tree that you pointed out it's quite

1891

01:28:11,780 --> 01:28:08,130

possible how large an area is that has

1892

01:28:13,370 --> 01:28:11,790

been felled just don't think so not

1893

01:28:15,920 --> 01:28:13,380

without the rest of it being taken out

1894

01:28:19,220 --> 01:28:15,930

and in in fact you can see there's like

1895

01:28:21,530 --> 01:28:19,230

almost in the Google image before it's

1896

01:28:25,189 --> 01:28:21,540

like that patch of it is extra green and

1897

01:28:26,660 --> 01:28:25,199

then then it's gone yeah it's the more

1898

01:28:28,520 --> 01:28:26,670

healthy look in the forest and that

1899

01:28:36,890 --> 01:28:28,530

helped the forest is the one has been

1900

01:28:44,930 --> 01:28:36,900

taken away the end of it keep something

1901

01:28:46,550 --> 01:28:44,940

going because my brain was going people

1902

01:28:49,040 --> 01:28:46,560

intrigued you know then I'm doing much

1903

01:28:50,630 --> 01:28:49,050

like yeah well I am very dismissive over

1904

01:28:52,520 --> 01:28:50,640

a lot of things these days because of

1905

01:28:55,460 --> 01:28:52,530

just being calm so many times and I've

1906

01:28:57,230 --> 01:28:55,470

believed some right crap you know but

1907

01:28:59,060 --> 01:28:57,240

you don't you don't know until you know

1908

01:29:00,500 --> 01:28:59,070

and it's a it's a learning process for

1909

01:29:02,060 --> 01:29:00,510

everybody so I think you know when

1910

01:29:03,710 --> 01:29:02,070

others are a bit dismissive of other

1911

01:29:05,690 --> 01:29:03,720

people and not knowing as much it should

1912

01:29:08,990 --> 01:29:05,700

be patient because we all started

1913

01:29:10,820 --> 01:29:09,000

somewhere yeah but you've obviously you

1914

01:29:12,830 --> 01:29:10,830

know you've got it's not like you're

1915

01:29:15,530 --> 01:29:12,840

just kind of like I'm blindly believing

1916

01:29:19,010 --> 01:29:15,540

you very kind of you know you are

1917

01:29:20,840 --> 01:29:19,020

running through checklists and she's on

1918

01:29:22,910 --> 01:29:20,850

the spot coming up with things you know

1919

01:29:24,800 --> 01:29:22,920

it's not like he just got oh wow yeah

1920

01:29:29,360 --> 01:29:24,810

and accepting everything for what you

1921

01:29:34,280 --> 01:29:29,370

say you were quite analytical I tried to

1922

01:29:36,050 --> 01:29:34,290

be about 20 minutes to watch but that

1923

01:29:37,490 --> 01:29:36,060

was because I couldn't get it to play on

1924

01:29:39,350 --> 01:29:37,500

my phone last night but I thought well

1925

01:29:41,900 --> 01:29:39,360

my phone does actually need empty and

1926

01:29:48,440 --> 01:29:41,910

I've got like it's 50 gig of space on it

1927

01:29:50,390 --> 01:29:48,450

and it seemed that it's full because I

1928

01:29:53,360 --> 01:29:50,400

mean an object

1929

01:29:55,760 --> 01:29:53,370

I think bit shoot is a still a very new

1930

01:29:57,110 --> 01:29:55,770

website but I mean unless maybe it's

1931

01:30:01,490 --> 01:29:57,120

something to do with apps or you know

1932

01:30:03,170 --> 01:30:01,500

the hardware that people are using it

1933

01:30:05,120 --> 01:30:03,180

was just to fold to be able to cope with

1934

01:30:10,250 --> 01:30:05,130

it so what did doesn't set up an account

1935

01:30:12,350 --> 01:30:10,260

today and you know I thought maybe maybe

1936

01:30:16,730 --> 01:30:12,360

Annie didn't account I'll get one anyway

1937

01:30:18,380 --> 01:30:16,740

because it's pretty good sign so so I

1938

01:30:20,930 --> 01:30:18,390

set up my account and went on and it

1939

01:30:26,870 --> 01:30:20,940

played fine so I think it's probably

1940

01:30:28,970 --> 01:30:26,880

just my phone struggling yeah I honestly

1941

01:30:33,230 --> 01:30:28,980

think that the production of the video

1942

01:30:34,940 --> 01:30:33,240

is very slick as well it's not like some

1943

01:30:36,380 --> 01:30:34,950

of the ones I say with Myles Johnson he

1944

01:30:37,940 --> 01:30:36,390

puts his videos out there looks like

1945

01:30:39,890 --> 01:30:37,950

he's got two bits of footage and just

1946

01:30:46,370 --> 01:30:39,900

put them in two trains and I didn't that

1947

01:30:48,470 --> 01:30:46,380

dog collision and you know just

1948

01:30:51,080 --> 01:30:48,480

something I do try and do now when I'm

1949

01:30:54,980 --> 01:30:51,090

because I know it I mean I would say

1950

01:30:57,140 --> 01:30:54,990

insult on this one case with editing

1951

01:30:58,490 --> 01:30:57,150

research and travelling and interviews

1952

01:31:01,300 --> 01:30:58,500

and everything else I've probably put

1953

01:31:03,770 --> 01:31:01,310

enough or a cover you know maybe

1954

01:31:06,500 --> 01:31:03,780

you know that's that's actual work time

1955

01:31:09,260 --> 01:31:06,510

you know what I mean get it all done and

1956

01:31:11,689 --> 01:31:09,270

I know you know I've got a pretty good

1957

01:31:13,520 --> 01:31:11,699

software for making films actually

1958

01:31:14,590 --> 01:31:13,530

filmora is pretty pretty useful for

1959

01:31:16,430 --> 01:31:14,600

anyone who wants to make a good

1960

01:31:24,550 --> 01:31:16,440

good-looking documentary even an

1961

01:31:28,669 --> 01:31:26,899

it's a very good software I mean it

1962

01:31:33,189 --> 01:31:28,679

takes a while to get used to but it's

1963

01:31:38,720 --> 01:31:33,199

very it's got very good very good

1964

01:31:42,709 --> 01:31:38,730

I'm looking for you yes the tools as

1965

01:31:44,240 --> 01:31:42,719

well for I'm creating a lot of prettier

1966

01:31:46,490 --> 01:31:44,250

a lot of good videos I've made a few

1967

01:31:48,560 --> 01:31:46,500

videos right now actually it's very good

1968

01:31:50,930 --> 01:31:48,570

you know I mean as you say you know you

1969

01:31:58,910 --> 01:31:50,940

can do good things with it

1970

01:32:06,919 --> 01:31:58,920

yeah you know it was a nice video to

1971

01:32:08,600 --> 01:32:06,929

watch when they're trying to show

1972

01:32:11,600 --> 01:32:08,610

something that's fine you do what you do

1973

01:32:15,050 --> 01:32:11,610

I am NOT a you know an editor or

1974

01:32:16,669 --> 01:32:15,060

anything I'm kind of slowly clunking my

1975

01:32:19,820 --> 01:32:16,679

way through all these things now I've

1976

01:32:21,410 --> 01:32:19,830

got a PC trying to you know get my head

1977

01:32:22,939 --> 01:32:21,420

around all this so I can do my own stuff

1978

01:32:24,229 --> 01:32:22,949

and my producer can dive nervous

1979

01:32:27,709 --> 01:32:24,239

breakdowns every time I send him

1980

01:32:30,189 --> 01:32:27,719

something so like oh by the way it's got

1981

01:32:34,240 --> 01:32:30,199

16 bricks in it and things like that so

1982

01:32:36,830 --> 01:32:34,250

yeah and I'm gonna be putting some video

1983

01:32:39,380 --> 01:32:36,840

stuff together myself obviously with my

1984

01:32:40,970 --> 01:32:39,390

investigation and like when I you were

1985

01:32:43,160 --> 01:32:40,980

kind of trying to get on top of what I

1986

01:32:54,919 --> 01:32:43,170

was saying in my investigation it's like

1987

01:32:56,240 --> 01:32:54,929

yeah it's like maybe 70 blogs not many

1988

01:32:57,649 --> 01:32:56,250

people will probably spend that much

1989

01:32:59,180 --> 01:32:57,659

time reading so many blogs so what you

1990

01:33:04,120 --> 01:32:59,190

go do is you got to condense all this

1991

01:33:05,930 --> 01:33:04,130

information down into like a sort of I

1992

01:33:07,220 --> 01:33:05,940

wanted to make it about an hour I

1993

01:33:09,290 --> 01:33:07,230

thought it would be about an hour but by

1994

01:33:11,780 --> 01:33:09,300

the time I put everything else in it

1995

01:33:14,149 --> 01:33:11,790

came to an hour and 15 so it's been 75

1996

01:33:15,830 --> 01:33:14,159

minutes of very good footage

1997

01:33:17,689 --> 01:33:15,840

I will say you know the one thing I also

1998

01:33:19,340 --> 01:33:17,699

want to mention is them you know I do

1999

01:33:22,280 --> 01:33:19,350

find the family at the end and they did

2000

01:33:23,750 --> 01:33:22,290

they should be commended because for

2001

01:33:25,910 --> 01:33:23,760

coming forward and anyone else who's

2002

01:33:27,470 --> 01:33:25,920

ever spoken about their cases because

2003

01:33:29,629 --> 01:33:27,480

the one thing I get really sick and

2004

01:33:31,100 --> 01:33:29,639

tired of is everyone calling especially

2005

01:33:33,020 --> 01:33:31,110

on their keyboards on Facebook you know

2006

01:33:34,340 --> 01:33:33,030

sit behind a screen Gordo this is

2007

01:33:36,080 --> 01:33:34,350

absolute rubbish you're a complete

2008

01:33:37,760 --> 01:33:36,090

crackpot you stupid person this and that

2009

01:33:39,200 --> 01:33:37,770

but then if you know these people meet

2010

01:33:40,970 --> 01:33:39,210

you meet them face-to-face and you have

2011

01:33:43,129 --> 01:33:40,980

a sit-down and travel and it's a totally

2012

01:33:46,040 --> 01:33:43,139

different thing they get criticized and

2013

01:34:00,709 --> 01:33:46,050

ridiculed and ashamed about the way

2014

01:34:01,970 --> 01:34:00,719

people behave all the time I mean I'm

2015

01:34:03,379 --> 01:34:01,980

not interested in dealing with people

2016

01:34:06,260 --> 01:34:03,389

like I mean the people who work or

2017

01:34:07,729 --> 01:34:06,270

whoever a genuine interest those are the

2018

01:34:09,169 --> 01:34:07,739

ones I want to grab because you know the

2019

01:34:12,680 --> 01:34:09,179

other ones were sort of still on the

2020

01:34:13,970 --> 01:34:12,690

fence about it yeah may not mean what

2021

01:34:16,939 --> 01:34:13,980

they even maybe they even want to

2022

01:34:19,040 --> 01:34:16,949

believe but I mean you know these these

2023

01:34:21,320 --> 01:34:19,050

people have given me their time their

2024

01:34:23,060 --> 01:34:21,330

energy their effort their patience and

2025

01:34:24,979 --> 01:34:23,070

despite everything that's happened to

2026

01:34:26,840 --> 01:34:24,989

them you know I've yeah one of the

2027

01:34:28,610 --> 01:34:26,850

things I wanted to do was like basically

2028

01:34:30,350 --> 01:34:28,620

I develop ram it down the doubters Frost

2029

01:34:33,229 --> 01:34:30,360

and say look yeah you know I would look

2030

01:34:39,169 --> 01:34:33,239

at that I mean I saw men even hostile or

2031

01:34:40,970 --> 01:34:39,179

anything but sometimes you know so the

2032

01:34:43,250 --> 01:34:40,980

attitude on some people just doesn't

2033

01:34:46,729 --> 01:34:43,260

change I think they either enjoy or they

2034

01:34:48,379 --> 01:34:46,739

pay you to do it either way this sad and

2035

01:34:49,910 --> 01:34:48,389

then if we get aggressive about to go

2036

01:35:00,229 --> 01:34:49,920

well we're not gonna listen so I was

2037

01:35:03,350 --> 01:35:00,239

like oh it's like what is what makes me

2038

01:35:05,959 --> 01:35:03,360

the best promise on this is absolute

2039

01:35:11,090 --> 01:35:05,969

rubbish all this is absolute crap it's

2040

01:35:14,570 --> 01:35:11,100

like impossible when the same possible

2041

01:35:16,129 --> 01:35:14,580

that's my favorite one yeah but they

2042

01:35:18,080 --> 01:35:16,139

totally dismiss it right from the word

2043

01:35:19,430 --> 01:35:18,090

go you know they're not not it's like

2044

01:35:20,959 --> 01:35:19,440

none of it is true none of it makes

2045

01:35:30,470 --> 01:35:20,969

sense none of it is real there's no

2046

01:35:37,740 --> 01:35:35,090

like try and convince somebody it's like

2047

01:35:40,230 --> 01:35:37,750

putting it all together it's up to you

2048

01:35:44,010 --> 01:35:40,240

foresee to see it for what it is you

2049

01:35:47,640 --> 01:35:44,020

know and know that we all either like

2050

01:35:50,100 --> 01:35:47,650

yesterday there was a on grant Cameron's

2051

01:35:52,230 --> 01:35:50,110

pages an article and a little thing

2052

01:35:55,320 --> 01:35:52,240

about Sid Goldberg and John Lennon's

2053

01:36:00,060 --> 01:35:55,330

golden eggs it allegedly gave you a

2054

01:36:03,810 --> 01:36:00,070

Geller and the story is that that URI

2055

01:36:05,550 --> 01:36:03,820

says John saw an alien and it handed him

2056

01:36:07,710 --> 01:36:05,560

this thing so he's just giving it away

2057

01:36:08,130 --> 01:36:07,720

to me I was like I find that hard to

2058

01:36:10,290 --> 01:36:08,140

believe

2059

01:36:13,890 --> 01:36:10,300

and this woman said to me you just don't

2060

01:36:16,140 --> 01:36:13,900

get it these people have gifts and did

2061

01:36:19,050 --> 01:36:16,150

it to the dirt and I said I do get it I

2062

01:36:21,180 --> 01:36:19,060

absolutely get it what I get is that the

2063

01:36:23,940 --> 01:36:21,190

brain believes what it wants to believe

2064

01:36:26,250 --> 01:36:23,950

yeah and then it's very difficult to

2065

01:36:29,490 --> 01:36:26,260

talk yourself out of what the brain has

2066

01:36:31,770 --> 01:36:29,500

told you that you believe there's so

2067

01:36:33,390 --> 01:36:31,780

many con men on the scene and they're

2068

01:36:36,690 --> 01:36:33,400

the ones that are making them on money

2069

01:36:37,970 --> 01:36:36,700

and the biggest noise usually are the

2070

01:36:40,620 --> 01:36:37,980

ones that you need to look closely at

2071

01:36:43,680 --> 01:36:40,630

you know it's easy to tell a big story

2072

01:36:48,690 --> 01:36:43,690

and and people think well why would

2073

01:36:50,310 --> 01:36:48,700

anybody lie like that well I mean you

2074

01:36:52,050 --> 01:36:50,320

know I've got two very big cases here

2075

01:36:53,310 --> 01:36:52,060

like you know the Debian Pantera but

2076

01:36:56,370 --> 01:36:53,320

these people are not making any money

2077

01:36:57,840 --> 01:36:56,380

off of it funny they're not making

2078

01:36:59,730 --> 01:36:57,850

themselves famous they're not people

2079

01:37:01,560 --> 01:36:59,740

lining up with checkbooks say can I do

2080

01:37:03,150 --> 01:37:01,570

this for you and all that stuff no if

2081

01:37:05,730 --> 01:37:03,160

anything you know it's it's the

2082

01:37:07,740 --> 01:37:05,740

completely opposite okay they're getting

2083

01:37:10,320 --> 01:37:07,750

constantly ridiculed and attacked by

2084

01:37:11,760 --> 01:37:10,330

anyone doesn't want to know what you

2085

01:37:14,670 --> 01:37:11,770

know because your friends a little

2086

01:37:16,560 --> 01:37:14,680

bubble will though whatever they're not

2087

01:37:17,850 --> 01:37:16,570

making any money from it if anything I

2088

01:37:19,530 --> 01:37:17,860

don't make any money off of this is

2089

01:37:21,450 --> 01:37:19,540

costing me money but I do it because I'd

2090

01:37:26,760 --> 01:37:21,460

know there's a truth and a passion comes

2091

01:37:29,100 --> 01:37:26,770

with it and you know in my entire time

2092

01:37:31,650 --> 01:37:29,110

of doing anything the amount of money

2093

01:37:34,920 --> 01:37:31,660

that has come my way over the years is a

2094

01:37:38,850 --> 01:37:34,930

hundred and ninety pounds but the amount

2095

01:37:40,790 --> 01:37:38,860

of money that I've spent three hundred

2096

01:37:44,450 --> 01:37:40,800

million times that much

2097

01:37:45,920 --> 01:37:44,460

you know I mean it's just not about the

2098

01:37:48,260 --> 01:37:45,930

money it's about having questions

2099

01:37:50,900 --> 01:37:48,270

answered isn't it and I mean well I I

2100

01:37:53,960 --> 01:37:50,910

think you know as I look at the world

2101

01:37:55,820 --> 01:37:53,970

now and the way it is it's like there's

2102

01:37:58,390 --> 01:37:55,830

only really one thing that could really

2103

01:38:00,380 --> 01:37:58,400

change people's wait wait I mean it's

2104

01:38:03,410 --> 01:38:00,390

it's a corrupt world

2105

01:38:07,430 --> 01:38:03,420

it's totally it's totally controlled by

2106

01:38:11,390 --> 01:38:07,440

a few elite elements and all they do is

2107

01:38:13,070 --> 01:38:11,400

just rot rot everything down and you

2108

01:38:14,420 --> 01:38:13,080

know you soften it the world is just it

2109

01:38:17,030 --> 01:38:14,430

will just go in to hell in a handbasket

2110

01:38:18,710 --> 01:38:17,040

and yeah it's completely crazy and it's

2111

01:38:22,100 --> 01:38:18,720

like the only thing I reckon now that

2112

01:38:24,020 --> 01:38:22,110

could give us some some kind of a hope

2113

01:38:27,200 --> 01:38:24,030

for the future is the disclosure of the

2114

01:38:31,280 --> 01:38:27,210

UFO et phenomena yeah you know I mean

2115

01:38:32,750 --> 01:38:31,290

that would certainly get people's heads

2116

01:38:36,020 --> 01:38:32,760

turning in the right direction in terms

2117

01:38:38,150 --> 01:38:36,030

of like life beyond this world or that

2118

01:38:39,860 --> 01:38:38,160

there have been visitations and there

2119

01:38:42,050 --> 01:38:39,870

are technologies we have now that could

2120

01:38:45,860 --> 01:38:42,060

really improve the situation in terms of

2121

01:38:48,500 --> 01:38:45,870

pollution and destroying our habitat and

2122

01:38:50,120 --> 01:38:48,510

everything just improve people's lives I

2123

01:38:53,150 --> 01:38:50,130

mean there's it's all kinds of stuff

2124

01:38:54,920 --> 01:38:53,160

that I'm aware of that unfortunately

2125

01:38:57,800 --> 01:38:54,930

we'll never make it into the mainstream

2126

01:38:59,600 --> 01:38:57,810

world of our technology in our daily

2127

01:39:09,440 --> 01:38:59,610

lives because there's just too many

2128

01:39:11,720 --> 01:39:09,450

companies and and he said that you know

2129

01:39:13,970 --> 01:39:11,730

the UFO phenomena itself is really

2130

01:39:14,510 --> 01:39:13,980

exciting but the UFO scene is really

2131

01:39:17,060 --> 01:39:14,520

boring

2132

01:39:19,040 --> 01:39:17,070

and his fiancée Pandora's box she said

2133

01:39:20,990 --> 01:39:19,050

that she thinks that that's on purpose

2134

01:39:22,370 --> 01:39:21,000

to make it so dull that people are not

2135

01:39:23,960 --> 01:39:22,380

interested in there and I thought was a

2136

01:39:26,630 --> 01:39:23,970

really good point because you know

2137

01:39:30,470 --> 01:39:26,640

controlled is controlled there is an

2138

01:39:33,700 --> 01:39:30,480

elite group that kind of dictate how

2139

01:39:37,070 --> 01:39:33,710

things roll yeah in ufology

2140

01:39:40,370 --> 01:39:37,080

and Donathan ditchwater

2141

01:39:43,760 --> 01:39:40,380

a lot of the time I mean you know I find

2142

01:39:45,830 --> 01:39:43,770

a lot of it's hideous it's like what can

2143

01:39:48,430 --> 01:39:45,840

we tell from the outside of a craft how

2144

01:39:52,090 --> 01:39:48,440

big it is maybe how fast it can go maybe

2145

01:39:54,890 --> 01:39:52,100

what color it is what shape it is and

2146

01:39:59,149 --> 01:39:54,900

maybe how high it was

2147

01:40:02,120 --> 01:39:59,159

and how fast it travels and that's it so

2148

01:40:04,939 --> 01:40:02,130

it's down to the personality that's

2149

01:40:08,439 --> 01:40:04,949

delivering these things really and a lot

2150

01:40:10,549 --> 01:40:08,449

of them are just droning on

2151  
01:40:12,649 --> 01:40:10,559  
regurgitating things that have been

2152  
01:40:14,839 --> 01:40:12,659  
already debunked but then there's these

2153  
01:40:18,589 --> 01:40:14,849  
other layers of ufology we've got people

2154  
01:40:22,459 --> 01:40:18,599  
like Robbie you know those others they

2155  
01:40:24,830 --> 01:40:22,469  
just did there they're being really real

2156  
01:40:25,879 --> 01:40:24,840  
about it and they are quite funny people

2157  
01:40:28,339 --> 01:40:25,889  
and personally you know good

2158  
01:40:31,879 --> 01:40:28,349  
personalities but even though they've

2159  
01:40:34,279 --> 01:40:31,889  
got books coming out and they're really

2160  
01:40:36,259 --> 01:40:34,289  
really quality they're still not getting

2161  
01:40:38,989 --> 01:40:36,269  
the accolade all the attention that I

2162  
01:40:41,449 --> 01:40:38,999  
think that they should know they don't

2163  
01:40:44,660 --> 01:40:41,459

they don't make it on anything I mean if

2164

01:40:48,770 --> 01:40:44,670

they do get onto anybody of genuine real

2165

01:40:50,209 --> 01:40:48,780

genuine interest and truth in the UFO

2166

01:40:53,000 --> 01:40:50,219

community or anything to do with such

2167

01:40:56,419 --> 01:40:53,010

things normally just get shunned aside

2168

01:40:58,910 --> 01:40:56,429

for someone who I mean I I saw what I

2169

01:41:00,229 --> 01:40:58,920

saw a couple of months back I think if

2170

01:41:02,540 --> 01:41:00,239

there's a channel free show and it's

2171

01:41:05,049 --> 01:41:02,550

like I got married to an alien had sex

2172

01:41:07,729 --> 01:41:05,059

with its brother you know what I mean

2173

01:41:09,680 --> 01:41:07,739

and the person talking is made it's just

2174

01:41:11,120 --> 01:41:09,690

rambling on and ranting in all kinds of

2175

01:41:15,199 --> 01:41:11,130

directions not being clear enough

2176

01:41:16,879 --> 01:41:15,209

anything honest like you know I could I

2177

01:41:18,199 --> 01:41:16,889

could think of at least it you know six

2178

01:41:20,209 --> 01:41:18,209

or seven other interesting things to

2179

01:41:22,250 --> 01:41:20,219

talk about people have real genuine you

2180

01:41:24,439 --> 01:41:22,260

know people in these cases or cars or

2181

01:41:26,029 --> 01:41:24,449

you know in the Panzer Corps you know

2182

01:41:27,020 --> 01:41:26,039

the family of four in them being I'll

2183

01:41:40,819 --> 01:41:27,030

date would tell you some really

2184

01:41:47,839 --> 01:41:40,829

interesting things like my boyfriend is

2185

01:41:51,529 --> 01:41:47,849

an e an octopus alien and I have you

2186

01:41:53,810 --> 01:41:51,539

know they are these idiots on and it's

2187

01:41:58,069 --> 01:41:53,820

like why do they do that to us what if

2188

01:41:59,449 --> 01:41:58,079

this is stupid

2189

01:42:00,979 --> 01:41:59,459

yeah they don't have all these other

2190

01:42:03,500 --> 01:42:00,989

people on there really like you say it

2191

01:42:06,500 --> 01:42:03,510

cars I mean I I think I can talk about

2192

01:42:08,570 --> 01:42:06,510

the UFO situation with a modicum of

2193

01:42:11,480 --> 01:42:08,580

intelligence

2194

01:42:13,130 --> 01:42:11,490

without you know and some science behind

2195

01:42:15,200 --> 01:42:13,140

it this is possible this is possible

2196

01:42:17,600 --> 01:42:15,210

this is possible no oh I know what it is

2197

01:42:19,880 --> 01:42:17,610

and this is how it is and there you know

2198

01:42:21,020 --> 01:42:19,890

the but I'm not saying I want to be on

2199

01:42:22,970 --> 01:42:21,030

telly all the time or anything like that

2200

01:42:27,140 --> 01:42:22,980

I'm just saying there's people who can

2201

01:42:29,690 --> 01:42:27,150

articulate these things well and that

2202

01:42:31,520 --> 01:42:29,700

that it would be so refreshing to see

2203

01:42:34,070 --> 01:42:31,530

something like that and all of the TV

2204

01:42:36,920 --> 01:42:34,080

shows they're always hit pieces and it's

2205

01:42:41,870 --> 01:42:36,930

like Oh yawn how easy is that

2206

01:42:45,170 --> 01:42:41,880

you lazy get why not do so why not do

2207

01:42:48,230 --> 01:42:45,180

something that we are all going to find

2208

01:42:50,450 --> 01:42:48,240

interesting and please no more Roswell

2209

01:42:52,610 --> 01:42:50,460

in these in every single show all right

2210

01:42:55,850 --> 01:42:52,620

he's got this place in the history of

2211

01:42:57,980 --> 01:42:55,860

ufology it's such a but why are we still

2212

01:43:01,820 --> 01:42:57,990

talking about all the old stuff with

2213

01:43:03,830 --> 01:43:01,830

there's so many things that's a really

2214

01:43:06,200 --> 01:43:03,840

really worthy of discussion and exposure

2215

01:43:08,090 --> 01:43:06,210

that are completely ignored and that

2216

01:43:12,920 --> 01:43:08,100

makes me think that these events that

2217

01:43:14,780 --> 01:43:12,930

are always ad are not UFO incidents not

2218

01:43:17,210 --> 01:43:14,790

genuine ones that just appear to have

2219

01:43:19,880 --> 01:43:17,220

been and maybe it being some sort of

2220

01:43:22,580 --> 01:43:19,890

like with Roswell for example some kind

2221

01:43:24,170 --> 01:43:22,590

of technology test with Rendlesham for

2222

01:43:26,960 --> 01:43:24,180

example that could have been something

2223

01:43:28,430 --> 01:43:26,970

along those lines as well so it's like

2224

01:43:30,200 --> 01:43:28,440

oh let's look at those because they're

2225

01:43:33,050 --> 01:43:30,210

not and then while everything else gets

2226

01:43:35,450 --> 01:43:33,060

you know shipped in the gutter I find it

2227

01:43:37,460 --> 01:43:35,460

very suspicious yeah

2228

01:43:39,950 --> 01:43:37,470

I'm Sasha kind of stir I need a part I

2229

01:43:42,740 --> 01:43:39,960

needed just run downstairs quickly go

2230

01:47:05,560 --> 01:43:42,750

back to in about two minutes I'm just

2231

01:47:31,010 --> 01:47:27,050

well hello all right so where was I were

2232

01:47:52,729 --> 01:47:31,020

talking about suspicious that they don't

2233

01:47:55,209 --> 01:47:52,739

take it seriously okay so what's next

2234

01:48:02,870 --> 01:47:55,219

for you thank re

2235

01:48:05,180 --> 01:48:02,880

well I think what's next no I mean these

2236

01:48:07,310 --> 01:48:05,190

are two very big cases that I've spent

2237

01:48:09,670 --> 01:48:07,320

nearly pentacle and it's been a year and

2238

01:48:12,229 --> 01:48:09,680

a half now the other one has been a year

2239

01:48:14,750 --> 01:48:12,239

two big projects on the go at the same

2240

01:48:17,500 --> 01:48:14,760

time which have come to a conclusion in

2241

01:48:20,209 --> 01:48:17,510

terms of investigations but I know I'm

2242

01:48:22,600 --> 01:48:20,219

somebody's asking us are we going to

2243

01:48:24,830 --> 01:48:22,610

write a book for the Pentek UFO incident

2244

01:48:33,220 --> 01:48:24,840

that might be something that might be

2245

01:48:42,860 --> 01:48:39,920

there's more on this even though it

2246

01:48:44,479 --> 01:48:42,870

doesn't state yes there was something on

2247

01:48:50,800 --> 01:48:44,489

you well like they're not saying to you

2248

01:48:53,300 --> 01:48:50,810

from the foyer yes the other saying

2249

01:48:55,700 --> 01:48:53,310

sorry we can't tell you about that mind

2250

01:48:57,620 --> 01:48:55,710

your own beeswax so they're not saying

2251  
01:48:59,810 --> 01:48:57,630  
nothing's happened and there was no

2252  
01:49:02,090 --> 01:48:59,820  
incidents and there was no exercise or

2253  
01:49:05,570 --> 01:49:02,100  
no nothing they're just saying can't

2254  
01:49:07,490 --> 01:49:05,580  
tell you well even by their own answers

2255  
01:49:10,850 --> 01:49:07,500  
where they're trying out when they're

2256  
01:49:12,569 --> 01:49:10,860  
trying to hide behind section 26 you

2257  
01:49:13,979 --> 01:49:12,579  
know they're kind of confirming the

2258  
01:49:16,080 --> 01:49:13,989  
the kind of answer in the question for

2259  
01:49:21,149 --> 01:49:16,090  
us it also maybe they're answering it

2260  
01:49:22,589 --> 01:49:21,159  
without being direct you know yeah we've

2261  
01:49:26,790 --> 01:49:22,599  
got a lot of evidence of the parents

2262  
01:49:28,919 --> 01:49:26,800  
attic UFO incident I mean I'd love I'd

2263  
01:49:30,810 --> 01:49:28,929

love that if the people came forward

2264

01:49:34,140 --> 01:49:30,820

with stuff maybe even a whistleblower

2265

01:49:38,939 --> 01:49:34,150

from the military if someone ever ever

2266

01:49:49,160 --> 01:49:38,949

wanted to I do believe there's plenty of

2267

01:49:55,439 --> 01:49:53,760

for a long time even just snippet of

2268

01:49:57,060 --> 01:49:55,449

information come forward now it's just

2269

01:49:59,040 --> 01:49:57,070

gonna go to a very nice pile of what we

2270

01:50:01,919 --> 01:49:59,050

got now anyway so I'm probably gonna

2271

01:50:04,680 --> 01:50:01,929

write a book on that with cars thing

2272

01:50:07,859 --> 01:50:04,690

that happens there then be lights for

2273

01:50:08,850 --> 01:50:07,869

now I guess I'll just let the video

2274

01:50:13,620 --> 01:50:08,860

speak for itself

2275

01:50:15,830 --> 01:50:13,630

yeah I am looking to do a website now

2276

01:50:18,990 --> 01:50:15,840

which should be ready to go soon

2277

01:50:20,490 --> 01:50:19,000

just just a sort of update I'll be

2278

01:50:25,740 --> 01:50:20,500

adding all this information anyway I'm

2279

01:50:36,089 --> 01:50:25,750

more yeah I mean it's just I mean unless

2280

01:50:38,100 --> 01:50:36,099

something big comes along again coming

2281

01:50:40,049 --> 01:50:38,110

to our club meetings and everything I

2282

01:50:41,850 --> 01:50:40,059

won't mention his name no but he's had a

2283

01:50:44,640 --> 01:50:41,860

lot of UFO sightings and some of them

2284

01:50:46,439 --> 01:50:44,650

very very interestingly match up to the

2285

01:50:47,939 --> 01:50:46,449

date not long after the Penn circle UFO

2286

01:50:51,060 --> 01:50:47,949

and said he was being he's been seeing

2287

01:50:57,569 --> 01:50:51,070

them red and yellow sorry red and green

2288

01:51:01,709 --> 01:50:57,579

orbs casts so red and green barrels

2289

01:51:03,660 --> 01:51:01,719

don't show you this I've also heard

2290

01:51:05,700 --> 01:51:03,670

recently Ohio say I'll have to remember

2291

01:51:09,299 --> 01:51:05,710

and I'll let you know somebody else

2292

01:51:11,160 --> 01:51:09,309

seeing lights and objects that looked

2293

01:51:13,729 --> 01:51:11,170

like it was full of static which is

2294

01:51:17,669 --> 01:51:13,739

something that has kind of described

2295

01:51:21,629 --> 01:51:17,679

that the inside of these barrels that

2296

01:51:27,520 --> 01:51:21,639

were green and orange red were like

2297

01:51:32,509 --> 01:51:31,129

remember yeah but I mean it seems like

2298

01:51:34,899 --> 01:51:32,519

you know that if there's anything

2299

01:51:37,580 --> 01:51:34,909

interesting in terms of a timeline for

2300

01:51:38,290 --> 01:51:37,590

elantra simp n Turk and surrounding

2301

01:51:42,740 --> 01:51:38,300

areas

2302

01:51:44,839 --> 01:51:42,750

there's um you know his site things on

2303

01:51:47,029 --> 01:51:44,849

that one alone know he's been seeing red

2304

01:51:49,850 --> 01:51:47,039

and green barrels or red and green or

2305

01:51:51,229 --> 01:51:49,860

like things flying around no yesterday

2306

01:51:52,910 --> 01:51:51,239

no in the months that followed it

2307

01:51:54,399 --> 01:51:52,920

actually so that's interesting because I

2308

01:51:57,740 --> 01:51:54,409

reckon those things are still there but

2309

01:52:00,649 --> 01:51:57,750

obviously now there are the hiding

2310

01:52:05,060 --> 01:52:00,659

themselves all that being seen in more

2311

01:52:08,299 --> 01:52:05,070

dispersed around the UK now so what I'm

2312

01:52:11,270 --> 01:52:08,309

thinking I'm gonna the den be lights

2313

01:52:17,270 --> 01:52:11,280

probably I will my dogs are barking

2314

01:52:23,419 --> 01:52:17,280

about I thinks I'm just coming yeah just

2315

01:52:25,790 --> 01:52:23,429

come on they are very interesting these

2316

01:52:27,740 --> 01:52:25,800

little Scout things aren't they cause

2317

01:52:30,709 --> 01:52:27,750

they're not really big enough for people

2318

01:52:32,839 --> 01:52:30,719

to be in them and obviously one of them

2319

01:52:35,359 --> 01:52:32,849

had some sort of capability where it

2320

01:52:40,220 --> 01:52:35,369

emitted a beam of whatever which

2321

01:52:42,979 --> 01:52:40,230

appeared excuse me to scan cows when she

2322

01:52:45,319 --> 01:52:42,989

was stood on that fence yeah she she

2323

01:52:46,609 --> 01:52:45,329

said to me was that I just waved at it

2324

01:52:48,169 --> 01:52:46,619

because I didn't know what else to do I

2325

01:52:55,850 --> 01:52:48,179

didn't want it to think I was hostile so

2326

01:52:58,069 --> 01:52:55,860

I just kind of waved I don't know if you

2327

01:52:59,330 --> 01:52:58,079

saw the video that we did we did an

2328

01:53:03,709 --> 01:52:59,340

update on that one the third year

2329

01:53:07,009 --> 01:53:03,719

anniversary update yes it's on that

2330

01:53:09,560 --> 01:53:07,019

channel where they ordered the other one

2331

01:53:13,279 --> 01:53:09,570

that was you know that was a couple of

2332

01:53:14,870 --> 01:53:13,289

things actually but um you know that was

2333

01:53:16,790 --> 01:53:14,880

a all of the Freedom of Information

2334

01:53:18,950 --> 01:53:16,800

request that came back to us because

2335

01:53:20,990 --> 01:53:18,960

they sort of finalized a lot of the

2336

01:53:22,790 --> 01:53:21,000

things we've been doing yeah they just

2337

01:53:24,589 --> 01:53:22,800

confirms that you know there were loud

2338

01:53:28,040 --> 01:53:24,599

explosions outside the hospital there

2339

01:53:30,500 --> 01:53:28,050

were military men in the fields of

2340

01:53:33,950 --> 01:53:30,510

Pentek the weeks following this there

2341

01:53:35,390 --> 01:53:33,960

were people doing mountain searches till

2342

01:53:39,740 --> 01:53:35,400

that you know draw the early hours of

2343

01:53:42,320 --> 01:53:39,750

morning lunch was in common yeah I'm

2344

01:53:44,360 --> 01:53:42,330

you know all other areas the South Wales

2345

01:53:45,800 --> 01:53:44,370

Police were not notified the hospital

2346

01:53:48,350 --> 01:53:45,810

were not notified but then suddenly they

2347

01:53:50,480 --> 01:53:48,360

had evidence showing that but I mean

2348

01:53:52,220 --> 01:53:50,490

they say they've got emails but it's

2349

01:53:54,250 --> 01:53:52,230

like you don't have you just given me

2350

01:53:56,240 --> 01:53:54,260

extracts what can I see the full email

2351  
01:53:57,560 --> 01:53:56,250  
saying that you saying that you would

2352  
01:53:59,630 --> 01:53:57,570  
notify but that you know you don't have

2353  
01:54:05,870 --> 01:53:59,640  
any records and oh yeah all the officers

2354  
01:54:07,640 --> 01:54:05,880  
involved are retired all what else did

2355  
01:54:08,960 --> 01:54:07,650  
they say you know but you said nothing

2356  
01:54:27,530 --> 01:54:08,970  
happened but then all all people

2357  
01:54:30,770 --> 01:54:27,540  
involved were retired am i involved to

2358  
01:54:34,400 --> 01:54:30,780  
play by Tony blown it was the in this

2359  
01:54:38,000 --> 01:54:34,410  
country but other you know leading

2360  
01:54:40,160 --> 01:54:38,010  
figures the where this joint operational

2361  
01:54:44,870 --> 01:54:40,170  
fascist concept that was being talked

2362  
01:54:47,690 --> 01:54:44,880  
about like in 2012 I read this document

2363  
01:54:49,460 --> 01:54:47,700

and it was about how our forces are

2364

01:54:52,700 --> 01:54:49,470

changing and we are kind of being

2365

01:54:54,260 --> 01:54:52,710

squished together with the Americans and

2366

01:54:58,250 --> 01:54:54,270

we've got to kind of get ourselves into

2367

01:55:00,380 --> 01:54:58,260

line with their standards by 2020 and

2368

01:55:03,790 --> 01:55:00,390

right now in this country there are

2369

01:55:07,340 --> 01:55:03,800

10,000 troops who are on this massive

2370

01:55:10,010 --> 01:55:07,350

exercise it doesn't say what you got

2371

01:55:12,710 --> 01:55:10,020

Trump talking about space forces you've

2372

01:55:14,330 --> 01:55:12,720

got all this going on and obviously Tony

2373

01:55:24,620 --> 01:55:14,340

Blair's now wanting to start an EU

2374

01:55:25,910 --> 01:55:24,630

military as well so but she to me and I

2375

01:55:27,920 --> 01:55:25,920

know that we've got some crazy

2376

01:55:31,940 --> 01:55:27,930

technology capabilities which is why I

2377

01:55:34,820 --> 01:55:31,950

say at first one we saw the you know the

2378

01:55:37,400 --> 01:55:34,830

craft in Wales towards our perceptions

2379

01:55:40,070 --> 01:55:37,410

where it's an alien craft it's come from

2380

01:55:41,510 --> 01:55:40,080

blah know at no point did we think that

2381

01:55:43,190 --> 01:55:41,520

this might be going on off all over the

2382

01:55:45,890 --> 01:55:43,200

world and there was an invasion from

2383

01:55:48,710 --> 01:55:45,900

Italy enough but we did think it was

2384

01:55:51,940 --> 01:55:48,720

full of aliens and now I know that

2385

01:55:55,040 --> 01:55:51,950

obviously we've had this anti-gravity

2386

01:55:57,140 --> 01:55:55,050

understood and have been since the 50s

2387

01:56:00,160 --> 01:55:57,150

so I can only imagine what we've got now

2388

01:56:03,860 --> 01:56:00,170

and that may be this craft that we saw

2389

01:56:07,010 --> 01:56:03,870

was actually terrestrials some kind of

2390

01:56:11,240 --> 01:56:07,020

funky prototype are a part of a fleet of

2391

01:56:13,910 --> 01:56:11,250

whatever's there you know and also that

2392

01:56:16,430 --> 01:56:13,920

could have been the case in pen so that

2393

01:56:19,220 --> 01:56:16,440

this bloody giant thing that appeared

2394

01:56:25,420 --> 01:56:19,230

from nowhere which I found very hard to

2395

01:56:30,860 --> 01:56:27,860

cosmic sea with distinction on this one

2396

01:56:33,950 --> 01:56:30,870

and very adamant to you know because she

2397

01:56:38,450 --> 01:56:33,960

say it's not military this just this

2398

01:56:40,490 --> 01:56:38,460

came from somewhere else a lot of

2399

01:56:45,950 --> 01:56:40,500

research on that one investigation a few

2400

01:56:48,430 --> 01:56:45,960

work and everything you know an

2401  
01:56:50,600 --> 01:56:48,440  
interdimensional craft of some kind well

2402  
01:56:54,890 --> 01:56:50,610  
in 1980

2403  
01:56:57,410 --> 01:56:54,900  
the cash Landrum case that that craft

2404  
01:57:02,150 --> 01:56:57,420  
that was flanked by fleets of

2405  
01:57:05,120 --> 01:57:02,160  
helicopters that burnt the two women

2406  
01:57:08,930 --> 01:57:05,130  
that was exactly the same sort of shape

2407  
01:57:12,740 --> 01:57:08,940  
and size that has described what case

2408  
01:57:14,900 --> 01:57:12,750  
was a sari again - one dirham it was a

2409  
01:57:17,540 --> 01:57:14,910  
Christmas weekend of 1980 the same

2410  
01:57:20,480 --> 01:57:17,550  
weekend of the Rendlesham forest

2411  
01:57:23,000 --> 01:57:20,490  
incident where Jim says that he saw a

2412  
01:57:24,950 --> 01:57:23,010  
black pyramidal craft and the other

2413  
01:57:28,340 --> 01:57:24,960

pyramidal type crafts was seen in the

2414

01:57:34,040 --> 01:57:28,350

air yeah by all the witnesses of the

2415

01:57:37,490 --> 01:57:34,050

tower or whatever so you know there's

2416

01:57:39,320 --> 01:57:37,500

part of me that thinks that that was

2417

01:57:42,560 --> 01:57:39,330

could have been ours and that they've

2418

01:57:46,670 --> 01:57:42,570

got this cloaking technology or power to

2419

01:57:50,150 --> 01:57:46,680

just appear out of thin air or appear to

2420

01:57:52,430 --> 01:57:50,160

appear out of thin air so and I know it

2421

01:57:55,820 --> 01:57:52,440

is massive but so was the castle on Jim

2422

01:57:59,170 --> 01:57:55,830

craft so at for me personally I cannot

2423

01:58:03,880 --> 01:57:59,180

account 100% girl I think that that was

2424

01:58:06,169 --> 01:58:03,890

alien or interdimensional 50/50 but

2425

01:58:08,030 --> 01:58:06,179

that's because of other end

2426

01:58:12,800 --> 01:58:08,040

have happened in the past and they

2427

01:58:16,640 --> 01:58:12,810

happened nearly 40 years ago so how far

2428

01:58:19,220 --> 01:58:16,650

have they come in tweaking these you

2429

01:58:24,290 --> 01:58:19,230

know giant black pyramid all know

2430

01:58:27,860 --> 01:58:24,300

something I mean they were bloody firing

2431

01:58:29,959 --> 01:58:27,870

on it in an area where there are people

2432

01:58:32,720 --> 01:58:29,969

so why would they do that why in Wales

2433

01:58:35,000 --> 01:58:32,730

when there's some so much of an expanse

2434

01:58:37,640 --> 01:58:35,010

of land that they could be doing

2435

01:58:39,860 --> 01:58:37,650

whatever they wanted and nobody would

2436

01:58:42,260 --> 01:58:39,870

here I'll see a damn thing unless you

2437

01:58:45,290 --> 01:58:42,270

watch Walker are camper in the middle of

2438

01:58:48,320 --> 01:58:45,300

nowhere this well the interesting thing

2439

01:58:50,390 --> 01:58:48,330

with them is what I mentioned and beyond

2440

01:58:52,070 --> 01:58:50,400

this one and of all the other cases I've

2441

01:58:53,240 --> 01:58:52,080

seen this seems to be the only one that

2442

01:58:57,260 --> 01:58:53,250

didn't have any sort of military

2443

01:58:58,610 --> 01:58:57,270

involvement and there may be a reason

2444

01:59:00,050 --> 01:58:58,620

why the military were not involved in

2445

01:59:03,500 --> 01:59:00,060

that I didn't stick it in my video but

2446

01:59:05,870 --> 01:59:03,510

it came across my notes every now and

2447

01:59:10,760 --> 01:59:05,880

again there's a mountain range called

2448

01:59:12,709 --> 01:59:10,770

the collodion ranges they're well know

2449

01:59:14,270 --> 01:59:12,719

this information came from an interview

2450

01:59:16,520 --> 01:59:14,280

with Gary row when I went up there was

2451

01:59:19,610 --> 01:59:16,530

so fun in April last year he said the

2452

01:59:23,570 --> 01:59:19,620

Quarian range acts like a shield against

2453

01:59:25,040 --> 01:59:23,580

radar for these UFOs you know they kind

2454

01:59:28,370 --> 01:59:25,050

of use it as a means of not being

2455

01:59:31,100 --> 01:59:28,380

detected because I mean if this thing

2456

01:59:33,410 --> 01:59:31,110

was there I can imagine the the RAF for

2457

01:59:35,330 --> 01:59:33,420

that area to be on it in no time

2458

01:59:36,740 --> 01:59:35,340

you know because you always hear the

2459

01:59:38,180 --> 01:59:36,750

story something appears and then how

2460

01:59:39,649 --> 01:59:38,190

also in black helicopters and planes

2461

01:59:41,419 --> 01:59:39,659

appear out of nowhere to come and chance

2462

01:59:47,270 --> 01:59:41,429

to give chest - it'll come into the area

2463

01:59:50,030 --> 01:59:47,280

suddenly you know where we were and

2464

01:59:54,140 --> 01:59:50,040

where we were looking at where where it

2465

01:59:55,610 --> 01:59:54,150

first was and it zigzags waters then I

2466

01:59:57,080 --> 01:59:55,620

kind of wondered I thought what is the

2467

01:59:59,120 --> 01:59:57,090

layout of the land now it's like

2468

02:00:02,240 --> 01:59:59,130

following some sort of contour maybe

2469

02:00:05,060 --> 02:00:02,250

some valley are you know because these

2470

02:00:09,640 --> 02:00:05,070

glacial valleys have been farmed by our

2471

02:00:13,939 --> 02:00:09,650

slicing through them often kind of like

2472

02:00:16,310 --> 02:00:13,949

the base of them is zigzaggy and i

2473

02:00:18,620 --> 02:00:16,320

wondered if that was the case but I

2474

02:00:22,340 --> 02:00:18,630

really haven't studied

2475

02:00:24,050 --> 02:00:22,350

the area are you know I know that

2476  
02:00:25,970 --> 02:00:24,060  
there's mines there apparently there's

2477  
02:00:31,430 --> 02:00:25,980  
copper mines in the area that somebody

2478  
02:00:35,360 --> 02:00:31,440  
told me once this caves there there's

2479  
02:00:39,200 --> 02:00:35,370  
copper mines there I mean one thing that

2480  
02:00:42,890 --> 02:00:39,210  
I mean in the one thing that I also and

2481  
02:00:46,040 --> 02:00:42,900  
I find interesting people in the UFL

2482  
02:00:47,360 --> 02:00:46,050  
communities you know they look at least

2483  
02:00:49,870 --> 02:00:47,370  
some of them studied the ley lines of

2484  
02:00:52,040 --> 02:00:49,880  
the world yeah

2485  
02:00:53,840 --> 02:00:52,050  
I'm sort of inclined to believe there's

2486  
02:00:55,370 --> 02:00:53,850  
something to this actually because when

2487  
02:00:56,860 --> 02:00:55,380  
I look at where the are the points are

2488  
02:00:59,390 --> 02:00:56,870

the trick points are you know these like

2489

02:01:02,420 --> 02:00:59,400

concrete pillar things they have on top

2490

02:01:03,410 --> 02:01:02,430

of mountains yeah so you know yeah yeah

2491

02:01:04,880 --> 02:01:03,420

yeah

2492

02:01:05,900 --> 02:01:04,890

you know they sometimes in our burial

2493

02:01:07,310 --> 02:01:05,910

mounds that sometimes they don't height

2494

02:01:09,410 --> 02:01:07,320

peaks in mountains around the country

2495

02:01:10,910 --> 02:01:09,420

but there's a whole series of them that

2496

02:01:12,500 --> 02:01:10,920

run right across the north of us and

2497

02:01:18,910 --> 02:01:12,510

they call right through dam be all the

2498

02:01:23,030 --> 02:01:21,320

all kinds of ley lines but I mean there

2499

02:01:24,860 --> 02:01:23,040

are some really strong ones right you

2500

02:01:27,310 --> 02:01:24,870

know you could call them mean the main

2501

02:01:31,190 --> 02:01:27,320

channels of the energy lines if you will

2502

02:01:34,250 --> 02:01:31,200

they run through gambi they run through

2503

02:01:40,190 --> 02:01:34,260

Cardiff as work area so you know two big

2504

02:01:55,130 --> 02:01:40,200

massive chaos isn't the church in front

2505

02:01:57,290 --> 02:01:55,140

of me and it runs through what's

2506

02:01:58,550 --> 02:01:57,300

interesting as well as I'm Debby I

2507

02:02:01,850 --> 02:01:58,560

didn't get a chance to mention this

2508

02:02:03,230 --> 02:02:01,860

before is you know if David Williams

2509

02:02:06,400 --> 02:02:03,240

if you listen to him he talks about

2510

02:02:10,340 --> 02:02:06,410

seeing the lights a week or two before

2511

02:02:12,830 --> 02:02:10,350

and there was a somebody reported a

2512

02:02:16,100 --> 02:02:12,840

video on Denby I think the YouTube

2513

02:02:18,380 --> 02:02:16,110

channels Demi Vince he reported a

2514

02:02:19,700 --> 02:02:18,390

sighting as well it took a picture of

2515

02:02:21,650 --> 02:02:19,710

something very interested in or the

2516

02:02:26,710 --> 02:02:21,660

Claudian range and that was just two

2517

02:02:29,690 --> 02:02:26,720

months after and there have been

2518

02:02:32,220 --> 02:02:29,700

disc-shaped reports of craft near the

2519

02:02:33,870 --> 02:02:32,230

castle that NB castle which you

2520

02:02:35,520 --> 02:02:33,880

actually see from the kaha Warfield's

2521

02:02:38,700 --> 02:02:35,530

it's not that far away as far as you

2522

02:02:40,350 --> 02:02:38,710

know the crow flies as you say it's only

2523

02:02:42,780 --> 02:02:40,360

a couple of it's like a couple hundred

2524

02:02:46,260 --> 02:02:42,790

meters you know away from the house but

2525

02:02:58,680 --> 02:02:46,270

some driver wrong wrong a lot of winding

2526  
02:03:00,840 --> 02:02:58,690  
rules in Northwest get there now we've

2527  
02:03:02,070 --> 02:03:00,850  
got drones I wonder if you could it's

2528  
02:03:03,510 --> 02:03:02,080  
still gonna be difficult to kind of

2529  
02:03:05,190 --> 02:03:03,520  
figure out where it was if unless the

2530  
02:03:08,440 --> 02:03:05,200  
drone was the same size as the craft it

2531  
02:03:14,390 --> 02:03:08,450  
was seen so that was a that was an on

2532  
02:03:18,720 --> 02:03:16,830  
some laser pointers up in the night rain

2533  
02:03:22,920 --> 02:03:18,730  
and see if you can match the size I mean

2534  
02:03:29,960 --> 02:03:22,930  
but well you know it's really

2535  
02:03:32,460 --> 02:03:29,970  
interesting it really like your approach

2536  
02:03:34,380 --> 02:03:32,470  
and I think that you've put things

2537  
02:03:35,760 --> 02:03:34,390  
together really well for cars I think

2538  
02:03:37,890 --> 02:03:35,770

you've put things together really well

2539

02:03:39,180 --> 02:03:37,900

for this family as well and I think the

2540

02:03:45,390 --> 02:03:39,190

video that you produced

2541

02:03:47,340 --> 02:03:45,400

it's actually really slick thank you I

2542

02:03:50,130 --> 02:03:47,350

might be bending your ear when I get on

2543

02:03:52,200 --> 02:03:50,140

to things like that well I tell you

2544

02:03:54,120 --> 02:03:52,210

something that people can do for

2545

02:03:56,760 --> 02:03:54,130

themselves in future for people like us

2546

02:03:58,440 --> 02:03:56,770

um I mean you know for me the reason why

2547

02:03:59,910 --> 02:03:58,450

these cases were so good as well was

2548

02:04:01,979 --> 02:03:59,920

because plenty of evidence was there

2549

02:04:05,040 --> 02:04:01,989

from the beginning yeah you know they

2550

02:04:06,750 --> 02:04:05,050

obviously had their video and Peter got

2551  
02:04:08,160 --> 02:04:06,760  
involved not long after so that was good

2552  
02:04:09,840 --> 02:04:08,170  
you know I was not long after as much

2553  
02:04:11,400 --> 02:04:09,850  
evidence as you can get in the beginning

2554  
02:04:13,050 --> 02:04:11,410  
days you know because cars and her

2555  
02:04:15,870 --> 02:04:13,060  
friends went to the fields in the woods

2556  
02:04:23,970 --> 02:04:15,880  
and got videos and evidence of things so

2557  
02:04:25,470 --> 02:04:23,980  
it makes it but you know witnesses but

2558  
02:04:28,560 --> 02:04:25,480  
as much evidence as you can gather

2559  
02:04:29,970 --> 02:04:28,570  
anything you know if anybody wants

2560  
02:04:31,260 --> 02:04:29,980  
anybody in future to look at things not

2561  
02:04:33,360 --> 02:04:31,270  
just people like me but those who do

2562  
02:04:35,670 --> 02:04:33,370  
investigate things you know it usually

2563  
02:04:37,290 --> 02:04:35,680

helps if somebody can get stuff not long

2564

02:04:38,880 --> 02:04:37,300

after it happens because then we've got

2565

02:04:41,130 --> 02:04:38,890

a solid you know there's a lot of things

2566

02:04:45,030 --> 02:04:41,140

we can work on yeah I actually was

2567

02:04:47,340 --> 02:04:45,040

thinking about putting together forensic

2568

02:04:49,140 --> 02:04:47,350

PACS for people who have had abduction

2569

02:04:50,640 --> 02:04:49,150

experiences I've been exposed to

2570

02:04:58,370 --> 02:04:50,650

something like that you know to get hair

2571

02:05:07,110 --> 02:05:03,000

there's no way to to go with this stuff

2572

02:05:10,110 --> 02:05:07,120

you know I suppose we could find some

2573

02:05:12,390 --> 02:05:10,120

sort of I don't know lab that we could

2574

02:05:17,610 --> 02:05:12,400

pay for that would analyze these

2575

02:05:23,850 --> 02:05:17,620

materials and if I know what you're

2576

02:05:25,500 --> 02:05:23,860

using it this is where we fall down and

2577

02:05:30,810 --> 02:05:25,510

it's these things are a great idea you

2578

02:05:34,440 --> 02:05:30,820

know like forensic ly speaking to you

2579

02:05:39,510 --> 02:05:34,450

know have skin samples blood samples

2580

02:05:40,440 --> 02:05:39,520

urine samples hair samples but then then

2581

02:05:42,930 --> 02:05:40,450

what you do with it

2582

02:05:44,310 --> 02:05:42,940

we're just stuck and so people complain

2583

02:05:46,500 --> 02:05:44,320

that there isn't enough evidence but

2584

02:05:51,170 --> 02:05:46,510

then we know it's not like we don't

2585

02:05:55,170 --> 02:05:53,430

scientific as possible with it but then

2586

02:05:57,450 --> 02:05:55,180

you know the scientific community or

2587

02:06:09,810 --> 02:05:57,460

even one so many the scientific analysis

2588

02:06:12,660 --> 02:06:09,820

will not look at that kind of thing and

2589

02:06:19,680 --> 02:06:12,670

I also think that will cut down the

2590

02:06:21,480 --> 02:06:19,690

number of liars as well because yes some

2591

02:06:22,860 --> 02:06:21,490

sort of scientific basis to go on as

2592

02:06:25,530 --> 02:06:22,870

well you know what's normal and what

2593

02:06:33,450 --> 02:06:25,540

should be found in genuine abduction

2594

02:06:35,520 --> 02:06:33,460

scenario cases you know these

2595

02:06:39,600 --> 02:06:35,530

experiences is there anything different

2596

02:06:41,490 --> 02:06:39,610

about us you know like the norm but then

2597

02:06:43,320 --> 02:06:41,500

we'd have to have a big study section of

2598

02:06:46,440 --> 02:06:43,330

people who didn't have any experiences

2599

02:06:47,880 --> 02:06:46,450

they would be willing to you know be

2600

02:06:51,560 --> 02:06:47,890

guinea pigs as well so that we'd have

2601  
02:06:54,630 --> 02:06:51,570  
some sort of way to compare things but

2602  
02:06:55,540 --> 02:06:54,640  
yeah anyway we actually at the end of

2603  
02:07:02,460 --> 02:06:55,550  
the show now

2604  
02:07:09,189 --> 02:07:05,430  
[Music]

2605  
02:07:11,939 --> 02:07:09,199  
well done a sterling job and for people

2606  
02:07:18,430 --> 02:07:11,949  
who want to see it is bit shoot be a t

2607  
02:07:23,169 --> 02:07:18,440  
CH ute and it's Denverites de and b IG h

2608  
02:07:25,930 --> 02:07:23,179  
and likes everyone else smell that yeah

2609  
02:07:27,430 --> 02:07:25,940  
today of anything else that goes on or

2610  
02:07:28,810 --> 02:07:27,440  
anything else that comes to you and

2611  
02:07:30,250 --> 02:07:28,820  
you're always welcome back on the show

2612  
02:07:33,010 --> 02:07:30,260  
if you've got anything to say just let

2613  
02:07:36,660 --> 02:07:33,020

me know another I know there's gonna be

2614

02:07:39,310 --> 02:07:36,670

naysayers but people usually follow me

2615

02:07:40,390 --> 02:07:39,320

into this kind of thing and we're not

2616

02:07:43,450 --> 02:07:40,400

all so dismissive

2617

02:07:46,270 --> 02:07:43,460

you know we can accept things for what

2618

02:07:48,129 --> 02:07:46,280

they are and I think that yeah you've

2619

02:07:49,660 --> 02:07:48,139

done an excellent job on this and I'm

2620

02:07:51,010 --> 02:07:49,670

gonna watch the rest of the video and I

2621

02:07:52,959 --> 02:07:51,020

think I might even do a little blog

2622

02:07:56,560 --> 02:07:52,969

about it actually is get some of our

2623

02:08:04,660 --> 02:07:56,570

eyes on it because you know I think we

2624

02:08:07,450 --> 02:08:04,670

should all nurture each other the family

2625

02:08:08,890 --> 02:08:07,460

itself some of the genuine interest that

2626

02:08:15,220 --> 02:08:08,900

it's needed you know because they've had

2627

02:08:17,319 --> 02:08:15,230

the plastic as well so you know the

2628

02:08:18,790 --> 02:08:17,329

whole family of four they deserve Linda

2629

02:08:20,740 --> 02:08:18,800

Prichard Nathan and Alex Thomas and

2630

02:08:22,060 --> 02:08:20,750

Kiraly George they all deserve metals as

2631

02:08:23,560 --> 02:08:22,070

far as I'm concerned because they've

2632

02:08:26,979 --> 02:08:23,570

been willing to go this far with it I

2633

02:08:28,930 --> 02:08:26,989

think people don't see the ticket alpha

2634

02:08:30,640 --> 02:08:28,940

gram it's so much now and they don't see

2635

02:08:32,530 --> 02:08:30,650

that to me it's like when somebody

2636

02:08:34,479 --> 02:08:32,540

shares something knowing what it takes

2637

02:08:35,439 --> 02:08:34,489

and what you have to go through that you

2638

02:08:38,410 --> 02:08:35,449

don't know it's going to happen when you

2639

02:08:40,180 --> 02:08:38,420

first speak out but and also because

2640

02:08:42,370 --> 02:08:40,190

it's somebody's life experience it's

2641

02:08:44,799 --> 02:08:42,380

actually an honor so if we told these

2642

02:08:47,020 --> 02:08:44,809

and you know to have these things shared

2643

02:08:49,240 --> 02:08:47,030

with us it's not our right like people

2644

02:08:54,069 --> 02:08:49,250

that do it well prove it then it's like

2645

02:08:56,950 --> 02:08:54,079

hang on a minute this is this is

2646

02:08:59,799 --> 02:08:56,960

somebody's life so and it's not all

2647

02:09:02,919 --> 02:08:59,809

cases it's these are people and I think

2648

02:09:06,990 --> 02:09:02,929

a little bit my respects and you know

2649

02:09:17,610 --> 02:09:14,730

it's just a bit of understanding it was

2650

02:09:21,810 --> 02:09:17,620

an unusual event and we have to accept

2651

02:09:24,540 --> 02:09:21,820

that people's perceptions as valid as

2652

02:09:27,240 --> 02:09:24,550

anything and that like for me like I

2653

02:09:29,340 --> 02:09:27,250

said before when we saw that UFO it was

2654

02:09:38,760 --> 02:09:29,350

aliens but now I think well maybe it

2655

02:09:41,120 --> 02:09:38,770

wasn't there excellent all I know is

2656

02:09:43,860 --> 02:09:41,130

they really kind of melted our heads

2657

02:09:48,150 --> 02:09:43,870

because we're told this stuff doesn't

2658

02:09:50,280 --> 02:09:48,160

exist but it blatantly does yeah thank

2659

02:09:51,810 --> 02:09:50,290

you for coming on Gary Thank You Sasha
