

1
00:00:05,390 --> 00:00:02,030
but we kick into what Paul is gonna read

2
00:00:07,070 --> 00:00:05,400
out there was something that she was

3
00:00:08,509 --> 00:00:07,080
talking about earlier about the blue

4
00:00:11,480 --> 00:00:08,519
lights coming to the ceiling

5
00:00:16,250 --> 00:00:11,490
it got Warcraft earth lifted her up now

6
00:00:18,470 --> 00:00:16,260
I don't know what this was but Dave was

7
00:00:21,290 --> 00:00:18,480
just being downstairs and we had this

8
00:00:24,230 --> 00:00:21,300
little chat Apollo didn't swing three of

9
00:00:26,300 --> 00:00:24,240
us what I'm gonna tell her now and he

10
00:00:26,929 --> 00:00:26,310
was like oh yeah remember that was weird

11
00:00:30,080 --> 00:00:26,939
with that

12
00:00:31,820 --> 00:00:30,090
so like Karla said the light just so it

13
00:00:32,900 --> 00:00:31,830

was like it came through the ceiling so

14

00:00:35,569 --> 00:00:32,910

it couldn't see where I was coming from

15

00:00:37,790 --> 00:00:35,579

now in our old house before we moved

16

00:00:41,000 --> 00:00:37,800

here we were in bed we were watching

17

00:00:44,270 --> 00:00:41,010

television and all of a sudden I noticed

18

00:00:47,180 --> 00:00:44,280

that the curtain had a green light on it

19

00:00:51,500 --> 00:00:47,190

so we act like cream curtains and it was

20

00:00:54,830 --> 00:00:51,510

like a big rounded etched square green

21

00:00:57,529 --> 00:00:54,840

light that was on the curtains now if it

22

00:01:00,860 --> 00:00:57,539

had come from outside it would have been

23

00:01:02,599 --> 00:01:00,870

this silhouette of some books that I had

24

00:01:06,140 --> 00:01:02,609

on the windowsill some of the bits and

25

00:01:07,760 --> 00:01:06,150

bobs I can't remember what what there

26

00:01:11,240 --> 00:01:07,770

would have been an interruption there

27

00:01:13,609 --> 00:01:11,250

and it wouldn't have gone on further

28

00:01:16,219 --> 00:01:13,619

than where they windowsill indeed

29

00:01:18,200 --> 00:01:16,229

because the window wouldn't be there so

30

00:01:23,660 --> 00:01:18,210

it was a huge cover the script the whole

31

00:01:25,580 --> 00:01:23,670

of the curtain was about to see it

32

00:01:29,630 --> 00:01:25,590

anyway it was it was wide and covered

33

00:01:32,690 --> 00:01:29,640

the can so I'm looking at the wind the

34

00:01:36,560 --> 00:01:32,700

curtains and said today what's that

35

00:01:39,590 --> 00:01:36,570

where the TV on and there was a VARs on

36

00:01:41,270 --> 00:01:39,600

the on the like a chest of drawers to

37

00:01:43,429 --> 00:01:41,280

the right base it was a bars on it so I

38

00:01:45,770 --> 00:01:43,439

thought oh I wonder if it's something

39

00:01:49,490 --> 00:01:45,780

from the TV you know like it's shining

40

00:01:51,260 --> 00:01:49,500

off the bars because it's glass because

41

00:01:52,730 --> 00:01:51,270

it wouldn't be green it won't be all

42

00:01:54,440 --> 00:01:52,740

green and it wouldn't be perfectly

43

00:01:57,530 --> 00:01:54,450

square and it would change and it would

44

00:01:58,819 --> 00:01:57,540

flicker with the TV so we just sort of

45

00:02:01,130 --> 00:01:58,829

stopped there looking at it and then

46

00:02:04,670 --> 00:02:01,140

looking at the TV and then looked up and

47

00:02:08,839 --> 00:02:04,680

on the ceiling who is they can oblong of

48

00:02:11,360 --> 00:02:08,849

light and he was off by the world where

49

00:02:13,680 --> 00:02:11,370

there was like a cupboard which

50

00:02:20,250 --> 00:02:13,690

incidentally devs are Greg Qumran

51
00:02:24,350 --> 00:02:20,260
now somebody's face well then maybe

52
00:02:26,880 --> 00:02:24,360
rainbows yeah so anyway that coverage

53
00:02:31,020 --> 00:02:26,890
and it was like obviously you mean and

54
00:02:33,000 --> 00:02:31,030
it just really slowly moved across oh

55
00:02:36,660 --> 00:02:33,010
yeah we just thought that watch it like

56
00:02:40,640 --> 00:02:36,670
yeah has to see try to figure out what

57
00:02:44,450 --> 00:02:40,650
was it and no matter where we went and

58
00:02:48,660 --> 00:02:44,460
we didn't cast a shadow on the I agree

59
00:02:51,750 --> 00:02:48,670
yeah what if it was coming from

60
00:02:54,720 --> 00:02:51,760
something reflecting what we studying

61
00:02:57,900 --> 00:02:54,730
front of it would've caused the shadow

62
00:03:01,860 --> 00:02:57,910
you just seen us so that didn't happen

63
00:03:05,400 --> 00:03:01,870

yeah the green light maybe took five

64

00:03:07,620 --> 00:03:05,410

minutes to slowly move across the

65

00:03:11,820 --> 00:03:07,630

ceiling to the bedroom door right next

66

00:03:14,340 --> 00:03:11,830

to us and we were just like well as we

67

00:03:23,370 --> 00:03:14,350

you know so we don't know where that

68

00:03:26,040 --> 00:03:23,380

light came from an open window because

69

00:03:31,110 --> 00:03:26,050

some loves live drove the road and Chris

70

00:03:33,150 --> 00:03:31,120

we thought you had agreed to come from

71

00:03:34,380 --> 00:03:33,160

outside we would have seen the

72

00:03:37,470 --> 00:03:34,390

silhouette of the things from the

73

00:03:39,120 --> 00:03:37,480

windowsill I mean stop windowsill it

74

00:03:41,610 --> 00:03:39,130

wouldn't have gone down further and

75

00:03:43,979 --> 00:03:41,620

lower than the window sir so the light

76
00:03:48,449 --> 00:03:43,989
sauce was coming from inside the room

77
00:03:49,110 --> 00:03:48,459
somehow but also wasn't because wherever

78
00:03:50,940 --> 00:03:49,120
we went

79
00:03:53,190 --> 00:03:50,950
nothing interrupted a and it didn't

80
00:03:55,560 --> 00:03:53,200
break it and what the green light that

81
00:03:57,570 --> 00:03:55,570
moved across the ceiling was don't know

82
00:04:00,090 --> 00:03:57,580
because yet again if it was the VARs and

83
00:04:02,070 --> 00:04:00,100
the TV it would flicker and it would

84
00:04:03,449 --> 00:04:02,080
stay put it would just stay where it was

85
00:04:08,780 --> 00:04:03,459
it will didn't move unless the bars

86
00:04:11,699 --> 00:04:08,790
moving sir yeah that's a light thing

87
00:04:14,729 --> 00:04:11,709
what you said maybe write us a little

88
00:04:18,960 --> 00:04:14,739

scribble little thing down because what

89

00:04:22,350 --> 00:04:18,970

was that yeah it was a ghost it wasn't a

90

00:04:24,779 --> 00:04:22,360

ghostly thing it was a logical thing

91

00:04:27,420 --> 00:04:24,789

whatever it was that created that was a

92

00:04:30,090 --> 00:04:27,430

technology yeah

93

00:04:32,279 --> 00:04:30,100

yeah what I don't know that's where that

94

00:04:35,909 --> 00:04:32,289

story ends that's it

95

00:04:38,909 --> 00:04:35,919

mad like this so much even you know I

96

00:04:42,689 --> 00:04:38,919

said some really small things that have

97

00:04:44,279 --> 00:04:42,699

happened but it's a big significance you

98

00:04:48,779 --> 00:04:44,289

know even the smallest things I've

99

00:04:51,439 --> 00:04:48,789

talked about I'll get on a wage 46 now

100

00:04:57,600 --> 00:04:51,449

so I've done all my fart it's raised him

101
00:04:59,129 --> 00:04:57,610
fart if are a 45 I did have one but I've

102
00:05:00,659 --> 00:04:59,139
don't know why I've mixed it up but

103
00:05:02,879 --> 00:05:00,669
anyway I saw a monster they swear I

104
00:05:10,170 --> 00:05:02,889
wrote it some of them I have done I

105
00:05:15,689 --> 00:05:10,180
thought it was write this down right so

106
00:05:20,310 --> 00:05:15,699
Wednesday 12th of October 2016 went to

107
00:05:22,200 --> 00:05:20,320
bed at 9:00 p.m. it's when it passed I

108
00:05:25,770 --> 00:05:22,210
thought the right way I've put that in

109
00:05:30,450 --> 00:05:25,780
20 past in oh that's when it has turned

110
00:05:35,520 --> 00:05:30,460
to lie owl covered myself over with

111
00:05:38,969 --> 00:05:35,530
blankets still awake I heard something

112
00:05:41,430 --> 00:05:38,979
like a shuffling right next to me on my

113
00:05:44,040 --> 00:05:41,440

left side so I always when I go to bed I

114

00:05:46,170 --> 00:05:44,050

always sleep on my right side so

115

00:05:50,909 --> 00:05:46,180

whatever it would be behind me

116

00:05:54,300 --> 00:05:50,919

yeah um shuffling to the right side of

117

00:05:58,140 --> 00:05:54,310

me on my left side then the same thing

118

00:06:00,659 --> 00:05:58,150

on my right side although I was fully

119

00:06:07,740 --> 00:06:00,669

awake I was not compelled to open my

120

00:06:13,680 --> 00:06:07,750

eyes immediately I saw flash right I was

121

00:06:18,629 --> 00:06:13,690

in a field I was in a field not raised

122

00:06:23,580 --> 00:06:18,639

present a craft disking share with what

123

00:06:30,899 --> 00:06:23,590

look like likes it's a somewhat perhaps

124

00:06:32,100 --> 00:06:30,909

ah three or four legs on the ground you

125

00:06:33,870 --> 00:06:32,110

would have thought in this day they

126

00:06:36,070 --> 00:06:33,880

should have liked some craft but you

127

00:06:42,159 --> 00:06:36,080

know no mind

128

00:06:45,550 --> 00:06:42,169

anywhere um a gray tall was stood right

129

00:06:50,529 --> 00:06:45,560

him right out in front of us but

130

00:06:57,070 --> 00:06:50,539

slightly to the right on his right was a

131

00:07:01,719 --> 00:06:57,080

long slim spider a looking figure it

132

00:07:08,399 --> 00:07:01,729

like well I look like a spider but it

133

00:07:17,260 --> 00:07:12,629

spider looking figure but not a spider a

134

00:07:21,610 --> 00:07:17,270

gray once another gray was to my left

135

00:07:25,300 --> 00:07:21,620

and they was communicating with the gray

136

00:07:28,209 --> 00:07:25,310

opposite am i right talking but I can't

137

00:07:33,070 --> 00:07:28,219

recall what was being said in brackets

138

00:07:36,459 --> 00:07:33,080

telepathically I was then instructed to

139

00:07:42,399 --> 00:07:36,469

remember what the greater my left was

140

00:07:45,309 --> 00:07:42,409

telling me I have no idea but to no

141

00:07:48,790 --> 00:07:45,319

avail could I remember from the moment

142

00:07:51,550 --> 00:07:48,800

he told me and I was getting upset so

143

00:07:54,610 --> 00:07:51,560

it's the same scenario as when I was in

144

00:07:57,550 --> 00:07:54,620

the woods and I was on sitting down as

145

00:07:58,990 --> 00:07:57,560

when remember remember remember so he's

146

00:08:00,670 --> 00:07:59,000

telling me to remember somewhat so

147

00:08:03,659 --> 00:08:00,680

whether it were a word I'd stole me

148

00:08:06,580 --> 00:08:03,669

something I can't remember they spare I

149

00:08:11,709 --> 00:08:06,590

was getting really upset started crying

150

00:08:15,070 --> 00:08:11,719

then I blacked out I came to with a

151
00:08:17,980 --> 00:08:15,080
feeling of lightly being bounced on my

152
00:08:23,950 --> 00:08:17,990
bed so I had kind of fallen into the bed

153
00:08:25,420 --> 00:08:23,960
I walk around 2 a.m. find myself on my

154
00:08:28,990 --> 00:08:25,430
back again

155
00:08:34,360 --> 00:08:29,000
I don't sleep on my back with my arms

156
00:08:43,600 --> 00:08:34,370
crossed once again like that just like

157
00:08:45,850 --> 00:08:43,610
it on Andros hmm I was taken just like

158
00:08:49,090 --> 00:08:45,860
the incident on Andros when I was taken

159
00:08:49,890 --> 00:08:49,100
out of the window I never sleep on my

160
00:08:53,080 --> 00:08:49,900
back is they

161
00:08:56,830 --> 00:08:53,090
kha'zix excruciating pain in my lower

162
00:08:57,840 --> 00:08:56,840
back that's it I don't remember else

163
00:09:03,220 --> 00:08:57,850

after that

164

00:09:05,020 --> 00:09:03,230

mm-hmm just about the cross arms I have

165

00:09:09,670 --> 00:09:05,030

no idea because it's up and twice we're

166

00:09:12,030 --> 00:09:09,680

not and and rose and won so I can't Wow

167

00:09:17,310 --> 00:09:12,040

I woke up when I was hours I just

168

00:09:17,320 --> 00:09:24,570

just open the edge of the bed thinking I

169

00:09:34,810 --> 00:09:32,620

don't know why the trust and really

170

00:09:37,390 --> 00:09:34,820

don't know about one I really do

171

00:09:39,040 --> 00:09:37,400

I for one am NOT one for loving my arms

172

00:09:45,700 --> 00:09:39,050

out of bed are my legs because someone

173

00:09:53,140 --> 00:09:45,710

might get bite me fee yeah and stir

174

00:09:55,060 --> 00:09:53,150

might come from underneath he's freaking

175

00:09:57,600 --> 00:09:55,070

out it's the lights not only look why is

176

00:10:07,950 --> 00:09:57,610

everything different what is happening

177

00:10:11,110 --> 00:10:07,960

yeah I doubt yeah so the next two anaise

178

00:10:13,240 --> 00:10:11,120

awake I woke up somehow I don't even

179

00:10:16,120 --> 00:10:13,250

remember going asleep but I woke up

180

00:10:18,070 --> 00:10:16,130

somehow with my legs on the floor sat up

181

00:10:22,690 --> 00:10:18,080

straight with me likes on the floor I

182

00:10:27,670 --> 00:10:22,700

was near Kate turtle in air kid and I

183

00:10:31,000 --> 00:10:27,680

saw a gray samurai I suddenly get a bad

184

00:10:34,510 --> 00:10:31,010

idea I mean but it was right in the car

185

00:10:36,610 --> 00:10:34,520

right right in like a little [h__h]

186

00:10:39,820 --> 00:10:36,620

circle right in some weird it's going

187

00:10:42,790 --> 00:10:39,830

boom boom not a temple idea not there

188

00:10:46,870 --> 00:10:42,800

not there not a migraine it's in the car

189

00:10:49,080 --> 00:10:46,880

and I say to him telepathically why the

190

00:10:53,380 --> 00:10:49,090

[h__h] do you always give me a day

191

00:10:55,390 --> 00:10:53,390

always remember that word always I don't

192

00:11:00,250 --> 00:10:55,400

recall any other time when they've given

193

00:11:03,460 --> 00:11:00,260

me a Derek a report really gently it

194

00:11:05,800 --> 00:11:03,470

kinda step back a bit and

195

00:11:08,920 --> 00:11:05,810

really slowly just put his hand on there

196

00:11:14,230 --> 00:11:08,930

really slow and gentle and the idea just

197

00:11:16,810 --> 00:11:14,240

went just just waiting and in that it

198

00:11:18,640 --> 00:11:16,820

won't like a black tile I will just

199

00:11:21,190 --> 00:11:18,650

drifting drifting drifting and I went

200

00:11:22,690 --> 00:11:21,200

booms to me I were going to sleep like

201
00:11:25,120 --> 00:11:22,700
just like you drift enough when you're

202
00:11:29,400 --> 00:11:25,130
going to sleep it was just that so I am

203
00:11:34,210 --> 00:11:29,410
blacked out like you know like healing

204
00:11:34,990 --> 00:11:34,220
things hadn't fallen asleep in your

205
00:11:37,900 --> 00:11:35,000
dreams

206
00:11:40,480 --> 00:11:37,910
yeah it was a bit similar as that yeah

207
00:11:43,630 --> 00:11:40,490
but it would like he why do you have to

208
00:11:47,350 --> 00:11:43,640
always give me a dick yeah interesting

209
00:11:54,460 --> 00:11:47,360
times if I just don't remember any other

210
00:12:04,660 --> 00:11:54,470
time I got the best is so small but it's

211
00:12:10,480 --> 00:12:04,670
a big part of it you know and would you

212
00:12:14,410 --> 00:12:10,490
like to fit all in there well we know I

213
00:12:18,640 --> 00:12:14,420

can't think of anything particularly to

214

00:12:26,080 --> 00:12:18,650

chop my hand off this hand today just

215

00:12:31,440 --> 00:12:26,090

like PJ oh so now on to my final

216

00:12:39,280 --> 00:12:31,450

encounter up today so about that income

217

00:12:45,160 --> 00:12:39,290

so it's four six four year gap well

218

00:12:59,020 --> 00:12:45,170

three year gap now so I'm now don't age

219

00:13:01,420 --> 00:12:59,030

so a a 49 it's 49 so went camping with

220

00:13:05,830 --> 00:13:01,430

my friend brain needs to go camping all

221

00:13:07,510 --> 00:13:05,840

time a pimp late district and I'd said

222

00:13:08,350 --> 00:13:07,520

to him come on it's a lovely night are

223

00:13:10,630 --> 00:13:08,360

the stars

224

00:13:13,480 --> 00:13:10,640

I mean you're in the mountains basically

225

00:13:15,340 --> 00:13:13,490

anyone who knows their district you know

226

00:13:17,320 --> 00:13:15,350

that there's absolutely no polite light

227

00:13:19,750 --> 00:13:17,330

pollution whatsoever so

228

00:13:22,329 --> 00:13:19,760

it's like one star per [h__h] cent in

229

00:13:24,850 --> 00:13:22,339

me you know I mean and when it's a

230

00:13:28,090 --> 00:13:24,860

crescent moon you can totally see the

231

00:13:32,139 --> 00:13:28,100

outline of the rest of the moon and in

232

00:13:33,910 --> 00:13:32,149

we'd driven all right up to the top now

233

00:13:36,340 --> 00:13:33,920

what we call Kirk's storm pasts are

234

00:13:38,170 --> 00:13:36,350

people who were totally aware at where

235

00:13:42,100 --> 00:13:38,180

district will know this road and how

236

00:13:45,009 --> 00:13:42,110

desolate is and we driven right to top

237

00:13:49,000 --> 00:13:45,019

to near this pub that was that is called

238

00:13:52,120 --> 00:13:49,010

the Kirk storm passing and we where we

239

00:13:53,920 --> 00:13:52,130

was overlooking Windermere so we could

240

00:13:55,269 --> 00:13:53,930

see all the lights and you know I mean

241

00:13:57,519 --> 00:13:55,279

in winter we couldn't see the lakes

242

00:13:59,710 --> 00:13:57,529

obviously this is like middle at night

243

00:14:03,970 --> 00:13:59,720

we're talking like one o'clock in

244

00:14:06,250 --> 00:14:03,980

morning and it was a very very still

245

00:14:09,519 --> 00:14:06,260

night nor wind nor cloud nothing it

246

00:14:13,389 --> 00:14:09,529

would just saw still on his way back

247

00:14:18,250 --> 00:14:13,399

he's like a car park just a little car

248

00:14:22,329 --> 00:14:18,260

park and it's the when like you're going

249

00:14:25,540 --> 00:14:22,339

to climb Ward there's a mountain called

250

00:14:28,060 --> 00:14:25,550

red squeeze and then usually parked

251

00:14:30,180 --> 00:14:28,070

there to get out to walk up the road a

252

00:14:37,389 --> 00:14:30,190

bit to start climbing up this mountain

253

00:14:39,610 --> 00:14:37,399

and we've seen campervan and a little

254

00:14:41,980 --> 00:14:39,620

girl playing outside and I said to brain

255

00:14:44,620 --> 00:14:41,990

it's a bit live for that little kid to

256

00:14:46,810 --> 00:14:44,630

be playing outside and she had I

257

00:14:50,319 --> 00:14:46,820

remember what she had done it were a

258

00:14:51,790 --> 00:14:50,329

dress because our red light said car you

259

00:14:55,090 --> 00:14:51,800

know that the way that we were coming

260

00:14:59,380 --> 00:14:55,100

around benders car is what was in that

261

00:15:02,079 --> 00:14:59,390

car park and the camper van dahl were up

262

00:15:05,650 --> 00:15:02,089

and did see needles I thought well fair

263

00:15:07,120 --> 00:15:05,660

enough that on holiday you know and see

264

00:15:10,780 --> 00:15:07,130

this little girl and she had to write

265

00:15:12,760 --> 00:15:10,790

old-fashioned dress on and I don't know

266

00:15:16,900 --> 00:15:12,770

whether that have any significance I

267

00:15:18,930 --> 00:15:16,910

don't know describe her it was why it

268

00:15:23,319 --> 00:15:18,940

looked by in our red lights

269

00:15:27,189 --> 00:15:23,329

it had poof puffy sleeves you know like

270

00:15:28,600 --> 00:15:27,199

that it had a belt round they that bit

271

00:15:30,600 --> 00:15:28,610

there because I remember she turned

272

00:15:32,970 --> 00:15:30,610

round from very

273

00:15:35,400 --> 00:15:32,980

and looking up at this kind of a jerk

274

00:15:37,440 --> 00:15:35,410

mountain whatever she were looking at it

275

00:15:39,690 --> 00:15:37,450

had a belt tied around the back a big

276

00:15:42,000 --> 00:15:39,700

bowl you know what I mean some way you

277

00:15:44,280 --> 00:15:42,010

know so when she turned forward then I

278

00:15:47,430 --> 00:15:44,290

got the glimpse of oh it went in there

279

00:15:50,340 --> 00:15:47,440

where zobelle ogre and to me that we're

280

00:15:52,800 --> 00:15:50,350

really old-fashioned you know I like I

281

00:15:57,090 --> 00:15:52,810

described a little girl that was with

282

00:16:03,380 --> 00:15:57,100

the reptilian yeah a very Victorian type

283

00:16:10,910 --> 00:16:03,390

thing also know I've been in campervan I

284

00:16:15,480 --> 00:16:13,500

yeah if you say me Jimmy knows it's

285

00:16:17,550 --> 00:16:15,490

because I've got psoriasis there paper

286

00:16:23,220 --> 00:16:17,560

you know it's really itchy and annoying

287

00:16:25,920 --> 00:16:23,230

so anyway so anyway week and I said

288

00:16:27,569 --> 00:16:25,930

Sabrina that's a bit late for that

289

00:16:29,610 --> 00:16:27,579

little girl listed out there on a

290

00:16:31,590 --> 00:16:29,620

rhombic it would like as I said back to

291

00:16:33,870 --> 00:16:31,600

hers and she's looking up at this

292

00:16:36,930 --> 00:16:33,880

mountain you can't see how it's peach

293

00:16:40,740 --> 00:16:36,940

looking black without our lights bending

294

00:16:42,689 --> 00:16:40,750

around the corner like that if we have

295

00:16:45,030 --> 00:16:42,699

you done she wouldn't be there but I see

296

00:16:47,490 --> 00:16:45,040

a bloody thing you know what I mean so

297

00:16:51,030 --> 00:16:47,500

why she'll face me well looking up in

298

00:16:53,069 --> 00:16:51,040

first place I don't know it showed this

299

00:16:56,370 --> 00:16:53,079

kind of long-haired that flowed down her

300

00:16:58,680 --> 00:16:56,380

back that were weird is it Wow so we

301
00:17:03,660 --> 00:16:58,690
carries on going down road and with

302
00:17:08,340 --> 00:17:03,670
packs up and I said all luck moon is

303
00:17:10,530 --> 00:17:08,350
between the mountains right so mountains

304
00:17:12,780 --> 00:17:10,540
like that mum's just a yeah and it were

305
00:17:14,760 --> 00:17:12,790
a crescent shape and it was just it was

306
00:17:18,120 --> 00:17:14,770
just about to go down and I got my

307
00:17:20,750 --> 00:17:18,130
binoculars out and so we're not cut

308
00:17:23,880 --> 00:17:20,760
parts in a car part but we've parked

309
00:17:30,570 --> 00:17:23,890
right as far in as recorded for this

310
00:17:33,390 --> 00:17:30,580
narrow road and and I'm just looking at

311
00:17:36,480 --> 00:17:33,400
this noon I've got me window my window

312
00:17:40,049 --> 00:17:36,490
right down and he's got his binoculars

313
00:17:43,940 --> 00:17:40,059

he's looking out of East Side at wind at

314

00:17:45,380 --> 00:17:43,950

1.8 got out and they were like that

315

00:17:48,020 --> 00:17:45,390

and now we're getting a bit panic air

316

00:17:50,060 --> 00:17:48,030

and ice ignore get back in now why you'd

317

00:17:53,030 --> 00:17:50,070

get panicky I don't have no idea why

318

00:17:56,690 --> 00:17:53,040

that moment of light panic panic get

319

00:17:58,430 --> 00:17:56,700

back in care get bikini nah and because

320

00:18:00,260 --> 00:17:58,440

I've never been faithful or going to bed

321

00:18:02,210 --> 00:18:00,270

it took their district have been that

322

00:18:03,860 --> 00:18:02,220

many times camping we've even camped on

323

00:18:08,780 --> 00:18:03,870

his own in an open field in the middle

324

00:18:11,240 --> 00:18:08,790

of nowhere so anyway um it gets back in

325

00:18:15,710 --> 00:18:11,250

you know and he puts read you on a bit

326

00:18:17,720 --> 00:18:15,720

really learned and uh summer I you know

327

00:18:19,460 --> 00:18:17,730

the mirrors that you lift Downers you

328

00:18:22,280 --> 00:18:19,470

know and your passenger side is a visor

329

00:18:24,380 --> 00:18:22,290

but there are always off little mirrors

330

00:18:26,870 --> 00:18:24,390

but the other little but I kind of you

331

00:18:30,700 --> 00:18:26,880

if well you can switch it and it lights

332

00:18:34,340 --> 00:18:30,710

up you know and take a big leap iam

333

00:18:36,410 --> 00:18:34,350

anyway I pulled it down for some reason

334

00:18:41,000 --> 00:18:36,420

I don't know why because it's not like I

335

00:18:43,280 --> 00:18:41,010

could see myself it's dark so why the

336

00:18:47,570 --> 00:18:43,290

hell would have pulled that down you

337

00:18:50,540 --> 00:18:47,580

know no know what drink whatsoever and I

338

00:18:51,200 --> 00:18:50,550

pulled it down and I looks like it's

339

00:18:56,450 --> 00:18:51,210

Anastasis

340

00:19:01,210 --> 00:18:56,460

tiny red dot behind right and I went

341

00:19:04,940 --> 00:19:01,220

like that looks out at back back window

342

00:19:06,890 --> 00:19:04,950

then took much notice of it some there

343

00:19:10,970 --> 00:19:06,900

when maybe not killers again like that

344

00:19:13,520 --> 00:19:10,980

and I looked again it kind of must have

345

00:19:17,690 --> 00:19:13,530

seen it at a certain angle and I looked

346

00:19:21,800 --> 00:19:17,700

again and this red dot which I thought

347

00:19:26,000 --> 00:19:21,810

was a car going backwards Liz go down

348

00:19:28,220 --> 00:19:26,010

this country lane it wasn't about it

349

00:19:30,830 --> 00:19:28,230

were off the ground if you know what I

350

00:19:34,430 --> 00:19:30,840

mean boss with every contour of the

351

00:19:36,610 --> 00:19:34,440

world it did the same if you're going to

352

00:19:40,490 --> 00:19:36,620

be on the bike route so the wall is

353

00:19:43,250 --> 00:19:40,500

pretty I it worthy is wall our offense

354

00:19:46,670 --> 00:19:43,260

is pretty I because you've got a like a

355

00:19:48,980 --> 00:19:46,680

stream up one side and is that many

356

00:19:51,260 --> 00:19:48,990

accidents on that road you know somewhat

357

00:19:55,450 --> 00:19:51,270

walls being broken down because it cars

358

00:19:57,799 --> 00:19:55,460

going through where but if it was a bike

359

00:20:00,259 --> 00:19:57,809

within them walls I want a beer

360

00:20:03,769 --> 00:20:00,269

I say that lie you know this little red

361

00:20:06,349 --> 00:20:03,779

light so it was way above they were last

362

00:20:08,089 --> 00:20:06,359

had followed in it were really fast and

363

00:20:10,519 --> 00:20:08,099

I said and I said Ben wilcott you back

364

00:20:13,249 --> 00:20:10,529

window quit look at your mirror I said

365

00:20:15,649 --> 00:20:13,259

that supplies that car going that fast

366

00:20:18,289 --> 00:20:15,659

how can anyone reverse that fast on the

367

00:20:21,259 --> 00:20:18,299

road I couldn't I couldn't get me I

368

00:20:26,839 --> 00:20:21,269

drowned it borne it with a leg lie fit

369

00:20:29,389 --> 00:20:26,849

reverse lie it be why yeah - but this

370

00:20:34,310 --> 00:20:29,399

was just bright it would crimson bright

371

00:20:37,009 --> 00:20:34,320

not read it would crimson bright and it

372

00:20:40,430 --> 00:20:37,019

would just [h__h] and I really don't know

373

00:20:42,529 --> 00:20:40,440

I mean it I don't even if it went past

374

00:20:45,829 --> 00:20:42,539

is I don't know it will I could switched

375

00:20:48,709 --> 00:20:45,839

off at that at some point I'd switched

376

00:20:52,849 --> 00:20:48,719

it you know no say no it's gone pastures

377

00:20:54,919 --> 00:20:52,859

nothing nothing in anywhere that meets

378

00:20:58,700 --> 00:20:54,929

at work where it's like I forgotten

379

00:21:02,570 --> 00:20:58,710

about incident within seconds I'm back

380

00:21:05,239 --> 00:21:02,580

to looking now we're not killers at moon

381

00:21:07,029 --> 00:21:05,249

and its moons going down it's getting

382

00:21:10,940 --> 00:21:07,039

more Orange

383

00:21:12,919 --> 00:21:10,950

alright so and I said I look at

384

00:21:15,649 --> 00:21:12,929

beautiful it's beautiful now we part it

385

00:21:19,430 --> 00:21:15,659

was still part of same position but I've

386

00:21:22,099 --> 00:21:19,440

got the fence next to me you know and

387

00:21:26,769 --> 00:21:22,109

then these then these the I at the wall

388

00:21:29,989 --> 00:21:26,779

but I'm at the fence pit and I've got

389

00:21:34,849 --> 00:21:29,999

the river stream whatever you call it

390

00:21:37,159 --> 00:21:34,859

and then straight mountain up and fly

391

00:21:38,089 --> 00:21:37,169

you know them little tiny little flies a

392

00:21:43,899 --> 00:21:38,099

bogey

393

00:21:47,719 --> 00:21:43,909

anyway em and I put me binoculars down

394

00:21:49,180 --> 00:21:47,729

and I'm looking straight ahead I don't

395

00:21:54,229 --> 00:21:49,190

know what I was looking at I don't know

396

00:21:57,229 --> 00:21:54,239

I'm in peripheral oh I thought the car

397

00:22:00,529 --> 00:21:57,239

was moving forward you know when you sat

398

00:22:04,820 --> 00:22:00,539

in a car park but you'd like on your

399

00:22:06,979 --> 00:22:04,830

phone or whatever and a car moves so

400

00:22:10,009 --> 00:22:06,989

even if it goes forward it feels like

401
00:22:11,030 --> 00:22:10,019
you're going back me sitting on the

402
00:22:12,980 --> 00:22:11,040
train on the other

403
00:22:17,990 --> 00:22:12,990
moves and you think it's you moving but

404
00:22:22,490 --> 00:22:18,000
it's not you know what I mean yeah yeah

405
00:22:25,700 --> 00:22:22,500
and the first wow we move in so looked

406
00:22:29,450 --> 00:22:25,710
up right quick and realized we're not

407
00:22:35,500 --> 00:22:29,460
moving it was just so weird and I saw

408
00:22:39,500 --> 00:22:35,510
this slight movement so my doll is there

409
00:22:44,390 --> 00:22:39,510
Nomura's there and about a foot away is

410
00:22:46,820 --> 00:22:44,400
when I look like that was some I called

411
00:22:50,360 --> 00:22:46,830
it a pole it looked like a pole that

412
00:22:54,880 --> 00:22:50,370
were walking on dates appalled about a

413
00:22:57,890 --> 00:22:54,890

foot away I won't fall like this

414

00:23:03,500 --> 00:22:57,900

screamed in strategist and just stage go

415

00:23:05,120 --> 00:23:03,510

go go and this thing stopped right all I

416

00:23:07,550 --> 00:23:05,130

could see were like it was like a bad

417

00:23:11,890 --> 00:23:07,560

day so I couldn't see any arms a concern

418

00:23:15,020 --> 00:23:11,900

he likes what it were a great thing and

419

00:23:16,790 --> 00:23:15,030

it started I'm screaming at him and I'm

420

00:23:18,860 --> 00:23:16,800

a in him like this

421

00:23:22,160 --> 00:23:18,870

and he said what the [h__\h] you know so

422

00:23:24,440 --> 00:23:22,170

queer as a go go go go right this I

423

00:23:26,510 --> 00:23:24,450

mean when I was screaming our proper

424

00:23:29,420 --> 00:23:26,520

screaming and he couldn't start the

425

00:23:32,600 --> 00:23:29,430

engine because I were panicking able to

426

00:23:47,930 --> 00:23:32,610

you know I because I were panicking

427

00:23:51,770 --> 00:23:47,940

because he didn't scream anywhere young

428

00:23:54,680 --> 00:23:51,780

I saw this Paul thinks it's that still

429

00:23:58,220 --> 00:23:54,690

stood there he got the engine start

430

00:24:00,710 --> 00:23:58,230

it eventually he's going out for killer

431

00:24:03,530 --> 00:24:00,720

like this I ain't got a clue what we're

432

00:24:06,230 --> 00:24:03,540

going on he's panicking because I am you

433

00:24:09,200 --> 00:24:06,240

know I mean and this thing carries on

434

00:24:12,440 --> 00:24:09,210

really slow walking past and I watched

435

00:24:14,180 --> 00:24:12,450

it I went like that and I watched it and

436

00:24:17,720 --> 00:24:14,190

watched it and watched it until it would

437

00:24:19,400 --> 00:24:17,730

out the side all I remember from there I

438

00:24:23,810 --> 00:24:19,410

know he started the engine I can hear a

439

00:24:25,240 --> 00:24:23,820

oh I can remember from that there is

440

00:24:28,430 --> 00:24:25,250

being dry

441

00:24:31,220 --> 00:24:28,440

back in at the campsite so is about a

442

00:24:36,920 --> 00:24:31,230

mile a mile and a half it's when where

443

00:24:39,560 --> 00:24:36,930

were parked and the campsite yeah so we

444

00:24:43,130 --> 00:24:39,570

were like all I remember is driving them

445

00:24:48,500 --> 00:24:43,140

from the top of the campsite down again

446

00:24:50,300 --> 00:24:48,510

Sal gets me binoculars now this is where

447

00:24:54,890 --> 00:24:50,310

it gets even weirder against my

448

00:24:57,650 --> 00:24:54,900

binoculars al we silently girls now the

449

00:24:59,470 --> 00:24:57,660

night before this happened it were

450

00:25:02,660 --> 00:24:59,480

really real and really bad weather

451

00:25:06,320 --> 00:25:02,670

really bad so we ended up staying in

452

00:25:08,750 --> 00:25:06,330

bunkhouse you know when and I'm bunk

453

00:25:15,340 --> 00:25:08,760

houses where you laugh like it's a band

454

00:25:21,530 --> 00:25:19,250

basically like sleeps four people you've

455

00:25:23,720 --> 00:25:21,540

got a you've got a shared kitchen and

456

00:25:25,640 --> 00:25:23,730

you've got your own little toilets but

457

00:25:28,880 --> 00:25:25,650

you know it's like it's tiny you can't

458

00:25:31,220 --> 00:25:28,890

even turn round in it if you want the

459

00:25:35,360 --> 00:25:31,230

shower you've got gone outside so it's

460

00:25:37,460 --> 00:25:35,370

silently girls didn't mention it no

461

00:25:40,310 --> 00:25:37,470

compelling to say nothing we just

462

00:25:43,940 --> 00:25:40,320

silently walks out of the car straight

463

00:25:46,370 --> 00:25:43,950

to the bunkhouse and I gets a pimp

464

00:25:49,580 --> 00:25:46,380

morning and this morning we were ready

465

00:25:52,520 --> 00:25:49,590

to set off because we booked you know

466

00:25:54,290 --> 00:25:52,530

this I think this work this work second

467

00:25:56,420 --> 00:25:54,300

night so don't expect chill night

468

00:26:01,870 --> 00:25:56,430

because the bunkers were a lot more

469

00:26:05,570 --> 00:26:01,880

expensive than the actual camping so

470

00:26:07,520 --> 00:26:05,580

okay it's up next morning and I get

471

00:26:10,910 --> 00:26:07,530

straight it was still silent you know

472

00:26:14,750 --> 00:26:10,920

what I mean it's I don't know way I'm

473

00:26:17,030 --> 00:26:14,760

saying I said where's the [h__h] else

474

00:26:19,190 --> 00:26:17,040

me cares for me binoculars I'm really

475

00:26:21,500 --> 00:26:19,200

precious over these village killers you

476
00:26:24,170 --> 00:26:21,510
know what I mean I have to love the cap

477
00:26:27,230 --> 00:26:24,180
some on him if I lose him I'll go mad I

478
00:26:30,110 --> 00:26:27,240
don't want them scratch dust under me

479
00:26:32,960 --> 00:26:30,120
you know or in them you know so he said

480
00:26:34,910 --> 00:26:32,970
I don't know I said you Adam last night

481
00:26:36,560 --> 00:26:34,920
I said you didn't borrow him is it

482
00:26:38,780 --> 00:26:36,570
because he had a pair of old really old

483
00:26:41,780 --> 00:26:38,790
metal ones it says well

484
00:26:44,210 --> 00:26:41,790
no it says he went yours I had mine I

485
00:26:48,140 --> 00:26:44,220
will looking at that way and then it

486
00:26:53,330 --> 00:26:48,150
clicked and I says Jim to that red light

487
00:26:55,750 --> 00:26:53,340
last night anyway yeah do like this it

488
00:27:01,670 --> 00:26:55,760

kind of that with it that would it right

489

00:27:06,470 --> 00:27:01,680

so I am searching high and low for they

490

00:27:11,320 --> 00:27:06,480

spark with the caps for the lenses you

491

00:27:14,480 --> 00:27:11,330

know part of these caps for the lenses

492

00:27:19,190 --> 00:27:14,490

when a far bedroom saying II slept at

493

00:27:20,870 --> 00:27:19,200

one end I slept over and I am lifting

494

00:27:23,090 --> 00:27:20,880

mattresses up the only thin mattress

495

00:27:25,100 --> 00:27:23,100

says I'm a lifting it or powerlifting

496

00:27:28,100 --> 00:27:25,110

note sheet I'd split that room

497

00:27:31,310 --> 00:27:28,110

bear bear in mind this only two rooms

498

00:27:35,870 --> 00:27:31,320

there's a tiny little bathroom and this

499

00:27:38,420 --> 00:27:35,880

long for single bed room stripped I'm

500

00:27:43,520 --> 00:27:38,430

low I could not find it the case are the

501
00:27:45,530 --> 00:27:43,530
caps far the binoculars so we get stuff

502
00:27:48,710 --> 00:27:45,540
get stick castor oh well maybe I didn't

503
00:27:50,840 --> 00:27:48,720
care nope they're not in care they're

504
00:27:54,500 --> 00:27:50,850
not anywhere near campsite we drive so

505
00:27:56,390 --> 00:27:54,510
back up the road now I remember when I

506
00:28:00,470 --> 00:27:56,400
got them binoculars out looking at moon

507
00:28:01,940 --> 00:28:00,480
that I remember that I'd put the caps in

508
00:28:03,350 --> 00:28:01,950
the back closer back because I don't

509
00:28:06,820 --> 00:28:03,360
want the caps getting dust on them

510
00:28:08,540 --> 00:28:06,830
either closes the bag puts it by Maffei

511
00:28:13,150 --> 00:28:08,550
nowhere to be sane

512
00:28:19,490 --> 00:28:13,160
nowhere so this day cannot find that bag

513
00:28:24,170 --> 00:28:19,500

did it get shaken I don't know Nick

514

00:28:27,770 --> 00:28:24,180

stuff yeah when I said it Brenda

515

00:28:32,360 --> 00:28:27,780

bottlers in 2005 I had a similar thing

516

00:28:36,080 --> 00:28:32,370

to you and Ann's when quanta Brenda's

517

00:28:38,300 --> 00:28:36,090

with John Hanson and they'll says in the

518

00:28:39,800 --> 00:28:38,310

kitchen and she's got all these bars

519

00:28:42,380 --> 00:28:39,810

with all the pictures of it everything

520

00:28:48,350 --> 00:28:42,390

so we were looking at that and I could

521

00:28:50,109 --> 00:28:48,360

feel like something going around me like

522

00:28:54,059 --> 00:28:50,119

you know making your hair

523

00:28:56,859 --> 00:28:54,069

a little bit like a like a wind yeah and

524

00:28:58,479 --> 00:28:56,869

Brendan noticed that I was kind of

525

00:29:01,569 --> 00:28:58,489

looking around she says I can feel that

526
00:29:06,129 --> 00:29:01,579
as well none was suddenly something just

527
00:29:07,769 --> 00:29:06,139
landed on my head and obviously I was a

528
00:29:10,539 --> 00:29:07,779
little bit freaked out because this is

529
00:29:12,909 --> 00:29:10,549
2005 I didn't know anything about

530
00:29:15,149 --> 00:29:12,919
anything and all I knew was what I've

531
00:29:17,829 --> 00:29:15,159
been through you know and a few people

532
00:29:19,119 --> 00:29:17,839
so I went to bed just that night is said

533
00:29:23,349 --> 00:29:19,129
in their bedroom at the top of the

534
00:29:26,109 --> 00:29:23,359
stairs and I was so superstitious

535
00:29:28,539 --> 00:29:26,119
I had a rosary bead and they had it

536
00:29:31,449 --> 00:29:28,549
wrapped around my hand three times I had

537
00:29:33,759 --> 00:29:31,459
the cross in the power of my hand

538
00:29:35,919 --> 00:29:33,769

I had a big piece of blue kyanite

539

00:29:42,279 --> 00:29:35,929

crystal and I put it underneath my

540

00:29:43,959 --> 00:29:42,289

pillow my pillow and lay down to go to

541

00:29:46,809 --> 00:29:43,969

sleep and as I lay it down because it

542

00:29:51,969 --> 00:29:46,819

was like it wasn't a quilt it was

543

00:29:55,179 --> 00:29:51,979

several blankets so I felt them sort of

544

00:29:56,909 --> 00:29:55,189

slide off you know quite happy so I went

545

00:30:00,489 --> 00:29:56,919

like that and I pulled it back and

546

00:30:03,999 --> 00:30:00,499

something pulled the cover so I pulled

547

00:30:06,669 --> 00:30:04,009

it back like that like just a table just

548

00:30:11,019 --> 00:30:06,679

like a total I don't know automatic

549

00:30:12,699 --> 00:30:11,029

reaction and he got rounds I just sort

550

00:30:21,549 --> 00:30:12,709

of threw myself down on my side and I

551
00:30:23,349 --> 00:30:21,559
went leave me alone foof super fast like

552
00:30:25,829 --> 00:30:23,359
that moves and I can feel all the hair

553
00:30:29,079 --> 00:30:25,839
at the back of my head so pulling on the

554
00:30:32,559 --> 00:30:29,089
pillow but at the bottom of the bed it's

555
00:30:34,599 --> 00:30:32,569
a single bed two folding chairs jammed

556
00:30:37,149 --> 00:30:34,609
between the bed and the wall and there

557
00:30:39,009 --> 00:30:37,159
was a window it's awful scary rabbit

558
00:30:42,479 --> 00:30:39,019
thing with a plastic face that looks

559
00:30:44,919 --> 00:30:42,489
evil I don't think it was the rabbit

560
00:30:47,949 --> 00:30:44,929
whatever it was I went through a brick

561
00:30:50,619 --> 00:30:47,959
wall and daddy listen I woke up in the

562
00:30:52,509 --> 00:30:50,629
morning the rosary bead isn't on my hand

563
00:30:55,809 --> 00:30:52,519

or others on my hand is underneath my

564

00:30:58,719 --> 00:30:55,819

pillow and the blue crystals gone it's

565

00:31:00,129 --> 00:30:58,729

never crystal no exact work was it's not

566

00:31:03,129 --> 00:31:00,139

farther than the flower come under the

567

00:31:03,590 --> 00:31:03,139

bed just like a shelf unit next to the

568

00:31:06,320 --> 00:31:03,600

pedal

569

00:31:08,870 --> 00:31:06,330

native american kinda stuff on it not

570

00:31:11,600 --> 00:31:08,880

gone under there it was nowhere they

571

00:31:13,840 --> 00:31:11,610

stole whoever whatever that was that

572

00:31:20,180 --> 00:31:13,850

took me from brenda but listen house

573

00:31:23,180 --> 00:31:20,190

stole my crystal like because I always

574

00:31:24,890 --> 00:31:23,190

blamed brain for losing that bag but

575

00:31:26,810 --> 00:31:24,900

when I started thought about Anna fire

576

00:31:29,029 --> 00:31:26,820

it would made them [h__\h] out ard zone

577

00:31:32,090 --> 00:31:29,039

because at that moment it's no logic

578

00:31:35,210 --> 00:31:32,100

there you know what I mean so when we

579

00:31:37,340 --> 00:31:35,220

got back you know you know a few days

580

00:31:38,990 --> 00:31:37,350

later only more protocol mine that

581

00:31:40,340 --> 00:31:39,000

dropped some Bucky off or whatever and

582

00:31:43,930 --> 00:31:40,350

we discussed it and it said here that

583

00:31:46,010 --> 00:31:43,940

what there's no way that why that

584

00:31:48,919 --> 00:31:46,020

crimson red light could have been a

585

00:31:52,730 --> 00:31:48,929

bicycle it was who I up it will

586

00:31:55,630 --> 00:31:52,740

literally you know 10 feet in sky but

587

00:31:59,930 --> 00:31:55,640

following cantar at Road really really

588

00:32:02,120 --> 00:31:59,940

dangerous road like that speed I mean

589

00:32:06,470 --> 00:32:02,130

it's one of dangerous Sinclair district

590

00:32:09,140 --> 00:32:06,480

besides winos pass Kirk stomp us and

591

00:32:12,890 --> 00:32:09,150

rhinos past the most dangerous roads in

592

00:32:15,049 --> 00:32:12,900

their district and you know it's not

593

00:32:18,789 --> 00:32:15,059

gonna be [h__\h] Elliot on his back with

594

00:32:22,370 --> 00:32:18,799

a thing it's a you know what made so

595

00:32:26,570 --> 00:32:22,380

pulsing choirs seen a white light doing

596

00:32:29,750 --> 00:32:26,580

a similar thing on Benson cliffs he's

597

00:32:32,630 --> 00:32:29,760

seeing the masking on terror of the road

598

00:32:35,450 --> 00:32:32,640

saw them in the campervan even I'm

599

00:32:38,960 --> 00:32:35,460

imagining them in the campervan uh you

600

00:32:40,490 --> 00:32:38,970

know this girl just didn't fit in with

601
00:32:43,100 --> 00:32:40,500
anything what we're going round and

602
00:32:46,460 --> 00:32:43,110
looking up in at that this Imam and all

603
00:32:49,130 --> 00:32:46,470
it she already seen something that I

604
00:32:51,110 --> 00:32:49,140
hadn't seen you know but addressed in

605
00:32:53,240 --> 00:32:51,120
make sense it what I mean fairly know

606
00:32:55,070 --> 00:32:53,250
some people like to dress the kids you

607
00:32:55,789 --> 00:32:55,080
know you know like then like the name

608
00:32:58,610 --> 00:32:55,799
the kids

609
00:32:59,990 --> 00:32:58,620
old-fashioned names and you know some

610
00:33:02,060 --> 00:33:00,000
people don't like to address the kids

611
00:33:04,460 --> 00:33:02,070
like that but know that seemed affair

612
00:33:07,340 --> 00:33:04,470
from that moment you know that will

613
00:33:11,419 --> 00:33:07,350

driving past that come to van and that

614

00:33:13,760 --> 00:33:11,429

wall now I think it will agree because

615

00:33:17,430 --> 00:33:13,770

all I'm don't forget I'm I'm only seeing

616

00:33:19,590 --> 00:33:17,440

things you know big window

617

00:33:21,900 --> 00:33:19,600

I didn't have it fully wound down you

618

00:33:27,330 --> 00:33:21,910

know so there's that much that I could

619

00:33:29,070 --> 00:33:27,340

enough for me again it made me think of

620

00:33:34,680 --> 00:33:29,080

you describe it it when it came out of

621

00:33:38,850 --> 00:33:34,690

that orange don't know I is he was

622

00:33:44,940 --> 00:33:38,860

decided and tall and also when I saw the

623

00:33:47,610 --> 00:33:44,950

reptilians that the shadow things come

624

00:33:49,770 --> 00:33:47,620

out of Jason when that finger out of the

625

00:33:51,390 --> 00:33:49,780

side of it and he dropped and it should

626
00:33:52,740 --> 00:33:51,400
have dropped straight it did drop

627
00:33:53,670 --> 00:33:52,750
straight down because I saw it drop

628
00:33:55,710 --> 00:33:53,680
straight down

629
00:33:59,220 --> 00:33:55,720
you should have landed somewhere near

630
00:34:01,470 --> 00:33:59,230
Jason it landed at my feet I literally

631
00:34:03,810 --> 00:34:01,480
saw it drop straight down like that so

632
00:34:05,550 --> 00:34:03,820
twelve feet away from me how can it be

633
00:34:08,250 --> 00:34:05,560
at my feet you didn't come out and then

634
00:34:08,730 --> 00:34:08,260
go it drops right now there's something

635
00:34:12,720 --> 00:34:08,740
funky

636
00:34:16,710 --> 00:34:12,730
I remember having a piece of paper and

637
00:34:21,570 --> 00:34:16,720
bending it like trying to trying to

638
00:34:26,190 --> 00:34:21,580

figure out how it could drop straight

639

00:34:28,530 --> 00:34:26,200

down at my feet I was trying to like

640

00:34:32,940 --> 00:34:28,540

create my own light waves with a piece

641

00:34:34,650 --> 00:34:32,950

of pizza just his just leaves you with a

642

00:34:36,120 --> 00:34:34,660

conundrum might be single one of them

643

00:34:37,830 --> 00:34:36,130

leaves you with the conundrum doesn't it

644

00:34:40,409 --> 00:34:37,840

like how can that be

645

00:34:42,630 --> 00:34:40,419

it's a little being thought you've been

646

00:34:44,900 --> 00:34:42,640

pearl-grey that sort of came forward and

647

00:34:51,690 --> 00:34:44,910

then ended up being like a shot normal

648

00:34:53,700 --> 00:34:51,700

yeah yeah I'd like to know what that is

649

00:34:59,250 --> 00:34:53,710

spider thing whether you know and they

650

00:35:04,890 --> 00:34:59,260

ones that I read out I have no idea what

651
00:35:10,770 --> 00:35:04,900
that was spider like thing but then it

652
00:35:13,910 --> 00:35:10,780
was like oh my god it was massive its

653
00:35:17,430 --> 00:35:13,920
feet with this white and they kind of

654
00:35:19,110 --> 00:35:17,440
like all these weird giants of it like

655
00:35:21,570 --> 00:35:19,120
it could move it looked like a toy

656
00:35:23,790 --> 00:35:21,580
basically and then add all these spikes

657
00:35:25,710 --> 00:35:23,800
coming out of the back of it is his tail

658
00:35:27,300 --> 00:35:25,720
came right down along and all these

659
00:35:29,280 --> 00:35:27,310
spikes were coming out of it like that

660
00:35:29,859 --> 00:35:29,290
and they at least weird like

661
00:35:32,859 --> 00:35:29,869
hammerhead

662
00:35:36,309 --> 00:35:32,869
shark head right and it was all dark

663
00:35:38,529 --> 00:35:36,319

olive green and I knew that could

664

00:35:41,950 --> 00:35:38,539

straighten itself instantly so they've

665

00:35:44,829 --> 00:35:41,960

been on all fours put asunder and that

666

00:35:49,180 --> 00:35:44,839

those spikes would all fit neatly into

667

00:35:53,109 --> 00:35:49,190

each other and form a hard shell like an

668

00:35:56,259 --> 00:35:53,119

armor yeah it was down it was walking in

669

00:35:58,749 --> 00:35:56,269

it wasn't big I can't describe it it

670

00:36:02,140 --> 00:35:58,759

sounds insane but that was when I saw

671

00:36:04,029 --> 00:36:02,150

the shark skinned thing that I knew was

672

00:36:12,670 --> 00:36:04,039

for me that I was supposed to get in

673

00:36:14,920 --> 00:36:12,680

that sounds insane oh I couldn't

674

00:36:16,509 --> 00:36:14,930

understand why people don't believe us I

675

00:36:18,039 --> 00:36:16,519

can really understand it because I can't

676

00:36:23,460 --> 00:36:18,049

forget understand it itself

677

00:36:26,650 --> 00:36:23,470

so a bit like with that I might well

678

00:36:37,950 --> 00:36:26,660

must have been the dream but it was like

679

00:36:44,289 --> 00:36:40,989

you know maybe it was busy it was alive

680

00:36:47,130 --> 00:36:44,299

it was like full-on feel everything

681

00:36:49,089 --> 00:36:47,140

going through my body you know like

682

00:36:55,289 --> 00:36:49,099

literally I'm like waking up something

683

00:36:58,779 --> 00:36:55,299

in the middle of a motorway yeah mmm yep

684

00:37:00,910 --> 00:36:58,789

so I'm not going to get on two eyes this

685

00:37:04,539 --> 00:37:00,920

time I'll make that next time in a few

686

00:37:08,349 --> 00:37:04,549

days because then we can collaborate as

687

00:37:12,239 --> 00:37:08,359

stories together these two yeah there's

688

00:37:17,170 --> 00:37:12,249

two two long accounts here that yeah

689

00:37:25,200 --> 00:37:17,180

it's too long ago an hour it will

690

00:37:37,420 --> 00:37:33,370

the window eyes how they're affected by

691

00:37:40,150 --> 00:37:37,430

light and sound so yeah that's gonna be

692

00:37:43,240 --> 00:37:40,160

an interesting one so well it's not 40

693

00:37:46,990 --> 00:37:43,250

minutes nearly on this one so

694

00:37:49,540 --> 00:37:47,000

I think what I might do is even figure

695

00:37:52,170 --> 00:37:49,550

out how to get this so it's just one

696

00:37:54,330 --> 00:37:52,180

we've got a video that is just one

697

00:38:00,310 --> 00:37:54,340

without eggs

698

00:38:03,460 --> 00:38:00,320

yeah under UFO pictures I mean I've got

699

00:38:07,540 --> 00:38:03,470

feel myself as well as you so you know

700

00:38:09,190 --> 00:38:07,550

there's a account of me abductions yeah

701

00:38:11,500 --> 00:38:09,200

it's got on for hours that's because

702

00:38:14,109 --> 00:38:11,510

that's how many about summer smiles from

703

00:38:18,849 --> 00:38:14,119

a baked you know but they're all

704

00:38:22,180 --> 00:38:18,859

significant somewhere and that's it for

705

00:38:25,300 --> 00:38:22,190

them that's a couple years ago about

706

00:38:27,480 --> 00:38:25,310

that you know my last encounter that was

707

00:38:31,290 --> 00:38:27,490

not a couple year ago sorry that was

708

00:38:35,920 --> 00:38:31,300

last year that were me last account

709

00:38:50,140 --> 00:38:35,930

it's a game-time event that we are

710

00:38:53,079 --> 00:38:50,150

together somehow yeah it's time so yet

711

00:38:56,370 --> 00:38:53,089

líderes we'll do that part where we talk
