fear the trepidation of young when we

4
00:00:20,689 --> 00:00:16,770
were children our parents told us that

5
00:00:23,330 --> 00:00:20,699
monsters didn't exist but we were sure

6
00:00:24,700 --> 00:00:23,340
that something is lurking under the bed

7
00:00:29,439 --> 00:00:24,710
or in the closet

8
00:00:33,139 --> 00:00:29,449

manifestations and remarkable realities

imagine this next hour as a voyage of

14

00:00:53,090 --> 00:00:49,980

discovery to strange lands seeking not

15

00:00:56,150 --> 00:00:53,100

from new territory but for new knowledge

16

00:00:59,060 --> 00:00:56,160

of the supernatural come on board as we

17

00:01:05,500 --> 00:00:59,070

begin this adventure together

18

00:01:10,640 --> 00:01:08,300

hey folks good evening and welcome to

19

00:01:12,890 --> 00:01:10,650

another episode of arcane radio where we

20

00:01:14,720 --> 00:01:12,900

explore the unexplained here on the

21

00:01:17,540 --> 00:01:14,730

paranormal king radio network

22

00:01:19,760 --> 00:01:17,550

I'm your host Ion Stricker coming to you

23

00:01:22,040 --> 00:01:19,770

with an a cannon shot of historic

24

00:01:24,950 --> 00:01:22,050

Gettysburg Pennsylvania thank you for

25

00:01:26,900 --> 00:01:24,960

joining me now tonight I welcome a few

26
00:01:30,110 --> 00:01:26,910
members the fans of monsters fortune

27
00:01:33,650 --> 00:01:30,120
research team will have we have Butch

28
00:01:36,530 --> 00:01:33,660
Witkowski Amy Bill and Daniel Claire

29
00:01:39,620 --> 00:01:36,540
with this and this will be an update on

30
00:01:41,900 --> 00:01:39,630
some on game cases and research and

31
00:01:43,910 --> 00:01:41,910
other things and kind of introduced a

32
00:01:46,850 --> 00:01:43,920
few people I try to get some new people

33
00:01:48,469 --> 00:01:46,860
and every time we do this we've got all

34
00:01:50,990 --> 00:01:48,479
my god I don't how many people got in

35
00:01:52,700 --> 00:01:51,000
the group now maybe close to 20 kind of

36
00:01:55,910 --> 00:01:52,710
spread around the country a little more

37
00:02:01,040 --> 00:01:55,920
so you know when we get people to come

38
00:02:03,980 --> 00:02:01,050

on and people who we know that can do

39

00:02:05,719 --> 00:02:03,990

the job then we go ahead and put them on

40

00:02:09,020 --> 00:02:05,729

the team so it's been working out pretty

41

00:02:11,449 --> 00:02:09,030

good so far so if you have questions you

42

00:02:14,390 --> 00:02:11,459

know you go the chat and post and we'll

43

00:02:18,800 --> 00:02:14,400

go from there so I'd like to introduce

44

00:02:21,190 --> 00:02:18,810

you to Daniel or Claire Daniel once you

45

00:02:24,699 --> 00:02:21,200

tell us a little bit about yourself and

46

00:02:27,170 --> 00:02:24,709

tell us a bit about what you're doing

47

00:02:29,660 --> 00:02:27,180

hello it's nice to meet everyone and

48

00:02:32,780 --> 00:02:29,670

it's an honor to be on your team lon and

49

00:02:34,220 --> 00:02:32,790

it's it's great to be here tonight just

50

00:02:39,550 --> 00:02:34,230

wanted to give you a little bit of a

51
00:02:42,759 --> 00:02:39,560
background on myself I have grown up in

52
00:02:46,820 --> 00:02:42,769
the northwest corner of Connecticut and

53
00:02:50,479 --> 00:02:46,830
I grew up with a lot of forest around me

54
00:02:52,490 --> 00:02:50,489
I grew up on 65 acres and very lucky to

55
00:02:56,920 --> 00:02:52,500
have a family farm where I did a lot of

56
00:03:00,949 --> 00:02:56,930
horseback riding in nature and forest

57
00:03:04,270 --> 00:03:00,959
time in the forest and I went to school

58
00:03:09,320 --> 00:03:04,280
for forensics criminal justice zoology

59
00:03:12,170 --> 00:03:09,330
and I that was my focus in my field for

60
00:03:15,409 --> 00:03:12,180
criminal justice and my intent was to

61
00:03:18,190 --> 00:03:15,419
become a park ranger and work in the

62
00:03:22,100 --> 00:03:18,200
forestry areas

63
00:03:26,240 --> 00:03:22,110

so as I grew up and opportunities

64

00:03:29,690 --> 00:03:26,250

presented themselves I started to kind

65

00:03:32,059 --> 00:03:29,700

of focus on nature and investigating

66

00:03:34,520 --> 00:03:32,069

kind of strange things and I branched

67

00:03:37,550 --> 00:03:34,530

out into looking into more paranormal

68

00:03:41,000 --> 00:03:37,560

and I went to a lot of Ed and Lorraine

69

00:03:43,460 --> 00:03:41,010

Warren presentations up in Connecticut

70

00:03:44,960 --> 00:03:43,470

that's where they that's where they

71

00:03:48,080 --> 00:03:44,970

focused their most of their

72

00:03:50,840 --> 00:03:48,090

presentations I was into paranormal

73

00:03:53,720 --> 00:03:50,850

investigations and the cemeteries and I

74

00:03:55,880 --> 00:03:53,730

would do a lot of photography EVP work

75

00:03:59,000 --> 00:03:55,890

and the cemeteries got a lot of strange

76

00:04:03,710 --> 00:03:59,010

very very strange paranormal things and

77

00:04:06,320 --> 00:04:03,720

the cemeteries currently right now I am

78

00:04:08,539 --> 00:04:06,330

a member of your phantoms and monsters

79

00:04:11,840 --> 00:04:08,549

research team and I'm very grateful for

80

00:04:14,180 --> 00:04:11,850

that and I'm also a member of the is RT

81

00:04:18,440 --> 00:04:14,190

independent Sasquatch research team

82

00:04:21,170 --> 00:04:18,450

since 2017 and we get out into the field

83

00:04:25,460 --> 00:04:21,180

and we do a lot of our own independent

84

00:04:28,070 --> 00:04:25,470

research and we also do our own our own

85

00:04:30,080 --> 00:04:28,080

group investigations which are a lot of

86

00:04:33,290 --> 00:04:30,090

fun really interesting I've had some

87

00:04:37,850 --> 00:04:33,300

very very interesting encounters my

88

00:04:41,210 --> 00:04:37,860

first encounter was in Stara actually I

89

00:04:45,460 --> 00:04:41,220

grew up in Overton in northwest corner

90

00:04:48,350 --> 00:04:45,470

moved down to Florida in 2003 to the

91

00:04:51,860 --> 00:04:48,360

southeast corner or southwest sorry

92

00:04:53,870 --> 00:04:51,870

southwest corner of Florida one night

93

00:04:56,140 --> 00:04:53,880

with my first experience which really

94

00:05:00,710 --> 00:04:56,150

kind of launched me into investigating

95

00:05:03,409 --> 00:05:00,720

skunk Apes down here I had my experience

96

00:05:08,150 --> 00:05:03,419

in about 10:30 at night in August of

97

00:05:11,120 --> 00:05:08,160

2006 I was walking my dogs and I came

98

00:05:13,879 --> 00:05:11,130

across a very very strange odor of skunk

99

00:05:17,659 --> 00:05:13,889

and I thought I had never seen skunks

100

00:05:19,430 --> 00:05:17,669

before or since in Florida I don't I I

101
00:05:22,730 --> 00:05:19,440
just don't ever encounter them and this

102
00:05:26,680 --> 00:05:22,740
was a very strong skunk smell that

103
00:05:29,330 --> 00:05:26,690
turned into a very strong fish smell and

104
00:05:31,250 --> 00:05:29,340
then right after that it turned into

105
00:05:34,130 --> 00:05:31,260
what smelled like monkey face

106
00:05:37,760 --> 00:05:34,140
these eight pcs so I thought to myself

107
00:05:39,620 --> 00:05:37,770
what could be out here at night at 10:30

108
00:05:42,500 --> 00:05:39,630
at night on a hot August night in a

109
00:05:45,740 --> 00:05:42,510
sterile Florida that would smell like a

110
00:05:49,280 --> 00:05:45,750
skunk that's eating raw fish and smelled

111
00:05:51,340 --> 00:05:49,290
like monkey feces eight pcs it was very

112
00:05:54,290 --> 00:05:51,350
very strange encounter

113
00:05:57,950 --> 00:05:54,300

so from there I contacted the BFRO I

114

00:06:00,530 --> 00:05:57,960

spoke to Matt moneymaker and that kind

115

00:06:02,540 --> 00:06:00,540

of launched me into kind of checking out

116

00:06:07,120 --> 00:06:02,550

skunk ape things down here in Florida

117

00:06:09,380 --> 00:06:07,130

and I looked around to join groups and

118

00:06:13,580 --> 00:06:09,390

investigations and that's kind of what

119

00:06:15,200 --> 00:06:13,590

launched me into all of this very good

120

00:06:16,850 --> 00:06:15,210

and you know we didn't we needed

121

00:06:18,830 --> 00:06:16,860

somebody down in the Florida area and of

122

00:06:21,950 --> 00:06:18,840

course you did release one investigation

123

00:06:24,710 --> 00:06:21,960

of course recently which turned out to

124

00:06:26,870 --> 00:06:24,720

be a fairly interesting investigation so

125

00:06:29,300 --> 00:06:26,880

hopefully we're gonna have more coming

126

00:06:30,860 --> 00:06:29,310

your way as soon as everything's lifted

127

00:06:32,570 --> 00:06:30,870

where everybody can get out of house and

128

00:06:36,260 --> 00:06:32,580

do something but you know hopefully we

129

00:06:38,090 --> 00:06:36,270

can do that yeah I had bent a monkey

130

00:06:40,340 --> 00:06:38,100

jungle which was a very very interesting

131

00:06:41,780 --> 00:06:40,350

place a few years before that and that's

132

00:06:44,960 --> 00:06:41,790

how I knew what the smell of monkey

133

00:06:47,540 --> 00:06:44,970

feces was like it's it's a very very

134

00:06:50,510 --> 00:06:47,550

unique place there's no other smell like

135

00:06:53,030 --> 00:06:50,520

a promo Keef eces it's really strong

136

00:06:56,270 --> 00:06:53,040

there when you walk there monkey jungle

137

00:06:58,460 --> 00:06:56,280

you smell them very close they're

138

00:07:00,920 --> 00:06:58,470

running all around you and you are on

139

00:07:03,350 --> 00:07:00,930

the trails and they're just they're

140

00:07:05,330 --> 00:07:03,360

everywhere all around you so it's a

141

00:07:07,400 --> 00:07:05,340

great place to go to do a little bit of

142

00:07:08,420 --> 00:07:07,410

research and checking the monkeys and

143

00:07:11,480 --> 00:07:08,430

the Apes out I would highly recommend

144

00:07:14,990 --> 00:07:11,490

that if you're down here and it's it's

145

00:07:17,030 --> 00:07:15,000

yeah it's in the Miami area and so

146

00:07:19,490 --> 00:07:17,040

that's how I knew it was a very strong

147

00:07:22,340 --> 00:07:19,500

like a sulfur and skunk smell mixed

148

00:07:24,020 --> 00:07:22,350

together and then I had that that monkey

149

00:07:26,690 --> 00:07:24,030

feces smell so that kind of really

150

00:07:29,000 --> 00:07:26,700

really launched me into my investigating

151
00:07:31,990 --> 00:07:29,010
and you know interested everything but

152
00:07:35,600 --> 00:07:32,000
of course it all started back in the

153
00:07:37,550 --> 00:07:35,610
1970s in 1960s with the patterson-gimlin

154
00:07:39,590 --> 00:07:37,560
film of course it launched a lot of

155
00:07:43,580 --> 00:07:39,600
people into being really interested in

156
00:07:44,870 --> 00:07:43,590
the field well we are very pleased to

157
00:07:47,720 --> 00:07:44,880
have you with us and

158
00:07:51,130 --> 00:07:47,730
I know for a fact that you will do a lot

159
00:07:53,300 --> 00:07:51,140
of good work for us and you know we've

160
00:07:56,530 --> 00:07:53,310
we've all been talking back and forth

161
00:07:59,150 --> 00:07:56,540
now for a couple of months at least so

162
00:08:03,620 --> 00:07:59,160
like I said before as soon as we can get

163
00:08:06,230 --> 00:08:03,630

out we're gonna get some stuff going so

164

00:08:07,700 --> 00:08:06,240

Amy why don't you tell us tell us a bit

165

00:08:10,430 --> 00:08:07,710

about you I know you've been on the show

166

00:08:14,840 --> 00:08:10,440

once before but kind of give us a brief

167

00:08:17,030 --> 00:08:14,850

overview sure um first I want to thank

168

00:08:19,610 --> 00:08:17,040

Danielle because she's really the reason

169

00:08:21,470 --> 00:08:19,620

you and I started talking to each other

170

00:08:23,870 --> 00:08:21,480

you know she was like you need to talk

171

00:08:33,500 --> 00:08:23,880

to law online you need to talk to Amy so

172

00:08:40,850 --> 00:08:33,510

thanks Danielle about myself I am I call

173

00:08:45,040 --> 00:08:40,860

myself a Bigfoot enthusiast you know I I

174

00:08:48,230 --> 00:08:45,050

read about I look into these reports I

175

00:08:51,020 --> 00:08:48,240

spend a whole lot of time looking into

176

00:08:53,180 --> 00:08:51,030

Bigfoot I used to be Daniel talked about

177

00:08:55,760 --> 00:08:53,190

the BFRO I used to be an investigator

178

00:08:59,240 --> 00:08:55,770

for them but I like to say I kind of

179

00:09:03,380 --> 00:08:59,250

graduated out of that my own into my own

180

00:09:11,720 --> 00:09:03,390

look I am a part of the Olympic project

181

00:09:13,550 --> 00:09:11,730

that's out in Washington State and I'm

182

00:09:17,660 --> 00:09:13,560

kind of starting some new things up out

183

00:09:19,910 --> 00:09:17,670

this way with them I am a co-founder of

184

00:09:22,220 --> 00:09:19,920

project Zoo book which is what I'm most

185

00:09:23,480 --> 00:09:22,230

excited about well one is I'm excited

186

00:09:26,600 --> 00:09:23,490

about a lot of things but one of the

187

00:09:29,720 --> 00:09:26,610

things I'm most excited about it's a

188

00:09:32,210 --> 00:09:29,730

group kind of under the radar we don't

189

00:09:33,950 --> 00:09:32,220

have a lot of presents out on you know

190

00:09:36,350 --> 00:09:33,960

in Big Foot groups or anything like that

191

00:09:40,670 --> 00:09:36,360

we're just doing our own thing but it

192

00:09:44,480 --> 00:09:40,680

consists of several Bigfoot researchers

193

00:09:48,290 --> 00:09:44,490

alongside of scientists and we have

194

00:09:52,060 --> 00:09:48,300

several zoologists primatologists a

195

00:09:56,390 --> 00:09:52,070

marine biologist a regular biologist

196

00:09:58,220 --> 00:09:56,400

anthropologists a lot of ologists that

197

00:10:00,890 --> 00:09:58,230

we're working with and

198

00:10:04,310 --> 00:10:00,900

trying to discover new things about

199

00:10:07,100 --> 00:10:04,320

Bigfoot as a possible primate and I

200

00:10:09,470 --> 00:10:07,110

always like to kind of inject in there

201

00:10:11,210 --> 00:10:09,480

that I don't know if that's what Bigfoot

202

00:10:14,900 --> 00:10:11,220

is I've had a few

203

00:10:18,410 --> 00:10:14,910

maybe experiences nothing no smoking gun

204

00:10:21,350 --> 00:10:18,420

where I can 100% say that what I

205

00:10:24,740 --> 00:10:21,360

experienced was Bigfoot but I believe

206

00:10:29,950 --> 00:10:24,750

all right think so and I'm just curious

207

00:10:32,420 --> 00:10:29,960

I fascinated by the science that is

208

00:10:33,980 --> 00:10:32,430

going on and a lot of people don't know

209

00:10:37,250 --> 00:10:33,990

that there's a lot of science going on

210

00:10:39,710 --> 00:10:37,260

but there really is in the in the search

211

00:10:42,470 --> 00:10:39,720

for this creature but I know a lot of

212

00:10:45,470 --> 00:10:42,480

people who have other experiences that

213

00:10:49,220 --> 00:10:45,480

don't quite sound like the natural

214

00:10:51,140 --> 00:10:49,230

animal so I I feel like you should go

215

00:10:53,990 --> 00:10:51,150

where the evidence leads you and if it

216

00:10:56,120 --> 00:10:54,000

goes you know an offshoot somewhere else

217

00:10:57,920 --> 00:10:56,130

then I'm okay with that but um

218

00:11:03,680 --> 00:10:57,930

my interest is looking at it as a

219

00:11:06,260 --> 00:11:03,690

possible primate I also have my own

220

00:11:09,500 --> 00:11:06,270

little thing child able in bucket-list

221

00:11:13,190 --> 00:11:09,510

expeditions where I do things for Girl

222

00:11:15,440 --> 00:11:13,200

Scouts and Boy Scouts and a lot of stuff

223

00:11:18,680 --> 00:11:15,450

with kids I today was my last day as a

224

00:11:22,250 --> 00:11:18,690

teacher this year and maybe I'm not sure

225

00:11:25,540 --> 00:11:22,260

if I'm gonna be going back next year or

226

00:11:28,160 --> 00:11:25,550

not it's kind of waiting to see but um

227

00:11:30,530 --> 00:11:28,170

you know I'm not sure because there's a

228

00:11:32,270 --> 00:11:30,540

bunch of changes in Ohio with licensures

229

00:11:36,730 --> 00:11:32,280

and I'm just not sure if I want to go

230

00:11:40,970 --> 00:11:36,740

through all that but I am a teacher and

231

00:11:43,070 --> 00:11:40,980

you know I tell my kids about Bigfoot

232

00:11:44,810 --> 00:11:43,080

and you know try to get them to look

233

00:11:46,880 --> 00:11:44,820

into the evidence and see for themselves

234

00:11:51,830 --> 00:11:46,890

there's a lot a lot of my students like

235

00:11:54,260 --> 00:11:51,840

that so I do that as well I am I am an

236

00:11:56,360 --> 00:11:54,270

OTB n which is Ohio certified volunteer

237

00:11:58,760 --> 00:11:56,370

naturalist because once I started

238

00:12:01,700 --> 00:11:58,770

getting into Bigfoot and going out into

239

00:12:03,590 --> 00:12:01,710

the forests across the country I really

240

00:12:05,240 --> 00:12:03,600

felt like I should be a little bit

241

00:12:07,190 --> 00:12:05,250

better prepared so I took classes

242

00:12:09,890 --> 00:12:07,200

through the Ohio State University to

243

00:12:12,140 --> 00:12:09,900

learn more about the flora and fauna of

244

00:12:15,410 --> 00:12:12,150

Ohio specifically but it trans

245

00:12:18,200 --> 00:12:15,420

ladies into other states as well I also

246

00:12:22,750 --> 00:12:18,210

take bushcraft classes with the Midwest

247

00:12:25,580 --> 00:12:22,760

native skills Institute and I take my

248

00:12:27,560 --> 00:12:25,590

teaching kind of on the road these days

249

00:12:29,750 --> 00:12:27,570

except not anymore this year a lot of

250

00:12:32,090 --> 00:12:29,760

things have been canceled but myself and

251
00:12:34,160 --> 00:12:32,100
some of my research partners we've been

252
00:12:36,380 --> 00:12:34,170
doing a lot of outdoor shows like

253
00:12:39,200 --> 00:12:36,390
hunting and fishing shows until the

254
00:12:43,550 --> 00:12:39,210
virus hit where we are getting a whole

255
00:12:46,310 --> 00:12:43,560
lot of encountered stories from hunters

256
00:12:48,470 --> 00:12:46,320
and fishermen and I you know the first

257
00:12:50,180 --> 00:12:48,480
one I did I wasn't sure really how it

258
00:12:53,360 --> 00:12:50,190
was gonna go if I was gonna get tomatoes

259
00:12:55,700 --> 00:12:53,370
thrown at me or something but how many

260
00:12:58,670 --> 00:12:55,710
people have come up to us and told us

261
00:13:01,340 --> 00:12:58,680
their stories it's been great

262
00:13:04,970 --> 00:13:01,350
so that's that's kind of why I'm doing

263
00:13:07,430 --> 00:13:04,980

one more thing I'm doing is I since

264

00:13:09,380 --> 00:13:07,440

today was my last day of school I am

265

00:13:11,480 --> 00:13:09,390

gonna be focusing as I look for another

266

00:13:14,600 --> 00:13:11,490

job I'm gonna be focusing on finishing

267

00:13:16,790 --> 00:13:14,610

up my book that I'm writing on Tom page

268

00:13:19,370 --> 00:13:16,800

who a lot of people in the Bigfoot

269

00:13:21,950 --> 00:13:19,380

community have not heard of but he was a

270

00:13:28,070 --> 00:13:21,960

financial backer for Roger Patterson and

271

00:13:31,700 --> 00:13:28,080

Peter Byrne in the late 60s before Roger

272

00:13:34,610 --> 00:13:31,710

died and he as a gentleman he passed

273

00:13:36,800 --> 00:13:34,620

away this year but I spent a couple of

274

00:13:39,680 --> 00:13:36,810

years moving up with him and getting his

275

00:13:43,040 --> 00:13:39,690

stories and with his blessing and that

276

00:13:45,230 --> 00:13:43,050

of his family putting it into a book so

277

00:13:48,050 --> 00:13:45,240

there you go that sounds very

278

00:13:51,410 --> 00:13:48,060

interesting you know you talked about

279

00:13:54,740 --> 00:13:51,420

fishermen and hunters and I tell ya I

280

00:13:56,450 --> 00:13:54,750

used to get in the springtime with trout

281

00:14:00,080 --> 00:13:56,460

season will blow up here in Pennsylvania

282

00:14:03,500 --> 00:14:00,090

I I would I would always expect to start

283

00:14:05,630 --> 00:14:03,510

getting a few Bigfoot reports because it

284

00:14:08,390 --> 00:14:05,640

always happened I mean somebody would

285

00:14:12,050 --> 00:14:08,400

say I was out today first day of trout

286

00:14:15,320 --> 00:14:12,060

season and I saw this and that and it

287

00:14:16,940 --> 00:14:15,330

did happen a lot so yeah you know they

288

00:14:21,230 --> 00:14:16,950

are a good source and definitely are

289

00:14:23,750 --> 00:14:21,240

they really are I was crawling around

290

00:14:25,610 --> 00:14:23,760

like taping the carpet down for my booth

291

00:14:27,140 --> 00:14:25,620

and I looked up like this

292

00:14:29,630 --> 00:14:27,150

the night before it all started and

293

00:14:31,250 --> 00:14:29,640

there were like five guys standing there

294

00:14:38,810 --> 00:14:31,260

waiting to tell me their stories that

295

00:14:43,070 --> 00:14:38,820

were expecting yeah yeah they are a good

296

00:14:45,200 --> 00:14:43,080

source so my old war horse which would

297

00:14:47,510 --> 00:14:45,210

Kowski and everybody knows what you mean

298

00:14:49,430 --> 00:14:47,520

I've been together for my god I guess

299

00:14:55,010 --> 00:14:49,440

least five years and I don't know how

300

00:14:57,140 --> 00:14:55,020

long's been butch seems like forever and

301

00:14:59,960 --> 00:14:57,150

I got a butch involved all this cryptid

302

00:15:06,380 --> 00:14:59,970

stuff now he's uh he's blaming me for

303

00:15:08,450 --> 00:15:06,390

him but uh what's been going on with you

304

00:15:10,340 --> 00:15:08,460

butch I know you're ready to get out

305

00:15:12,170 --> 00:15:10,350

there and and to look into at least one

306

00:15:14,300 --> 00:15:12,180

of these cases we've been we've been

307

00:15:19,280 --> 00:15:14,310

kind of talking about but what's going

308

00:15:21,710 --> 00:15:19,290

on well we got of course women since

309

00:15:24,950 --> 00:15:21,720

this virus thing started right before

310

00:15:28,240 --> 00:15:24,960

that I mean we were gearing up to hit

311

00:15:30,650 --> 00:15:28,250

the you know the caves and a couple

312

00:15:33,560 --> 00:15:30,660

abandoned towns here in Pennsylvania

313

00:15:35,690 --> 00:15:33,570

where we had bipedal canine sightings

314

00:15:38,060 --> 00:15:35,700

and you know just scout around there and

315

00:15:39,560 --> 00:15:38,070

see if we can come up with anything and

316

00:15:41,480 --> 00:15:39,570

then of course we wanted to get back to

317

00:15:43,490 --> 00:15:41,490

Clearfield because that's where we had

318

00:15:46,970 --> 00:15:43,500

our very first two cases and they still

319

00:15:50,960 --> 00:15:46,980

have some issues going on up there the

320

00:15:52,670 --> 00:15:50,970

case that's of interest now is since I

321

00:15:54,740 --> 00:15:52,680

moved from Lancaster to Berks County now

322

00:15:56,870 --> 00:15:54,750

I'm closer to French Creek State Park

323

00:16:01,940 --> 00:15:56,880

which is where we go test our equipment

324

00:16:04,820 --> 00:16:01,950

during the early spring make sure

325

00:16:06,410 --> 00:16:04,830

everything works and we got a case down

326

00:16:08,090 --> 00:16:06,420

there

327

00:16:13,340 --> 00:16:08,100

well I guess they're describing it as a

328

00:16:15,800 --> 00:16:13,350

rake but not really so no that's why we

329

00:16:19,670 --> 00:16:15,810

don't know whether all things are yeah

330

00:16:22,940 --> 00:16:19,680

well you know rape was originally

331

00:16:26,960 --> 00:16:22,950

folklore from England and it was

332

00:16:30,680 --> 00:16:26,970

basically put out to keep little kids in

333

00:16:32,720 --> 00:16:30,690

line you know you know go to bed early

334

00:16:34,520 --> 00:16:32,730

yeah you don't go to bed early you don't

335

00:16:35,390 --> 00:16:34,530

need all your peace the rate will take

336

00:16:39,260 --> 00:16:35,400

you

337

00:16:41,260 --> 00:16:39,270

so then a movie came out in 2003 it

338

00:16:44,390 --> 00:16:41,270

didn't really catch on much and then

339

00:16:46,310 --> 00:16:44,400

2018 I believe was a second movie and it

340

00:16:50,930 --> 00:16:46,320

was off and running so people are seeing

341

00:16:54,920 --> 00:16:50,940

rigs everywhere but the one down in

342

00:16:56,990 --> 00:16:54,930

French Creek being that we go down there

343

00:16:58,820 --> 00:16:57,000

are a lot to test equipment stuff and

344

00:17:00,020 --> 00:16:58,830

it's a it's one of the darkest areas in

345

00:17:01,250 --> 00:17:00,030

Pennsylvania it's like the second

346

00:17:05,240 --> 00:17:01,260

darkest in Pennsylvania

347

00:17:07,070 --> 00:17:05,250

other than cherry Springs and so

348

00:17:09,170 --> 00:17:07,080

checking out night vision and thermal

349

00:17:10,460 --> 00:17:09,180

imaging and stuff is really good and we

350

00:17:13,190 --> 00:17:10,470

got to know all the Rangers and stuff

351
00:17:14,660 --> 00:17:13,200
down there but they're closed so I can't

352
00:17:16,640 --> 00:17:14,670
really get down and talk to anybody yet

353
00:17:18,260 --> 00:17:16,650
so as soon as they open I talked to the

354
00:17:19,699 --> 00:17:18,270
one sergeant and he said hey come on

355
00:17:22,550 --> 00:17:19,709
down you can talk to all the guys one

356
00:17:24,079 --> 00:17:22,560
time so I want to do that see if they

357
00:17:25,340 --> 00:17:24,089
have any reports of anything strange

358
00:17:28,610 --> 00:17:25,350
running around now there have been

359
00:17:33,650 --> 00:17:28,620
Bigfoot reports in the past but they go

360
00:17:38,450 --> 00:17:33,660
back into the late 50s mid 60s and then

361
00:17:41,690 --> 00:17:38,460
it just kind of dropped off I still do a

362
00:17:46,580 --> 00:17:41,700
lot of UFO I still do a lot of human

363
00:17:48,320 --> 00:17:46,590

mutation investigation but it's just so

364

00:17:50,390 --> 00:17:48,330

slowed down now because as far as you

365

00:17:51,800 --> 00:17:50,400

can't go anywhere so everything you're

366

00:17:54,440 --> 00:17:51,810

doing you're either you know I'm either

367

00:17:57,230 --> 00:17:54,450

going scouring through reports in the

368

00:17:58,850 --> 00:17:57,240

library or you know I'm on the internet

369

00:18:02,210 --> 00:17:58,860

trying to track something down or

370

00:18:04,460 --> 00:18:02,220

talking to other investigators so as

371

00:18:05,780 --> 00:18:04,470

soon as we can get out there I mean of

372

00:18:07,670 --> 00:18:05,790

course I got the farm up there in

373

00:18:11,060 --> 00:18:07,680

Lancaster County where you were at

374

00:18:13,580 --> 00:18:11,070

that's going on that's still going on so

375

00:18:17,440 --> 00:18:13,590

you know we have some of these cases

376

00:18:21,080 --> 00:18:17,450

that we can't even name what they are

377

00:18:22,580 --> 00:18:21,090

you know they're entities and I'm one of

378

00:18:24,410 --> 00:18:22,590

those guys that believes all this

379

00:18:27,560 --> 00:18:24,420

paranormal stuff is all connected you

380

00:18:32,510 --> 00:18:27,570

know mm-hmm and and it has to be is just

381

00:18:34,160 --> 00:18:32,520

it's just logical and you know we just

382

00:18:37,990 --> 00:18:34,170

have this thing about you know think

383

00:18:42,800 --> 00:18:38,000

critically and demand evidence all right

384

00:18:45,170 --> 00:18:42,810

yeah yeah you know we and you know we

385

00:18:47,210 --> 00:18:45,180

got a question here and chat about how

386

00:18:48,860 --> 00:18:47,220

we determine investigation needs to take

387

00:18:52,580 --> 00:18:48,870

place well

388

00:18:54,890 --> 00:18:52,590

basically I would say that a has to do

389

00:18:57,170 --> 00:18:54,900

with what would you know what do you

390

00:19:01,280 --> 00:18:57,180

description of what people are seeing or

391

00:19:05,000 --> 00:19:01,290

what they experienced it does seem that

392

00:19:08,900 --> 00:19:05,010

we do receive a lot of bizarre cases for

393

00:19:12,290 --> 00:19:08,910

whatever reason mm-hmm and you know the

394

00:19:17,600 --> 00:19:12,300

fact that we're getting these these tall

395

00:19:19,640 --> 00:19:17,610

white skinny humanoid type cases and we

396

00:19:22,880 --> 00:19:19,650

got one out in one of our other

397

00:19:25,549 --> 00:19:22,890

investigators is looking into one ality

398

00:19:27,680 --> 00:19:25,559

in Allegheny County we had you know had

399

00:19:30,740 --> 00:19:27,690

about two weeks ago that was sent to us

400

00:19:33,200 --> 00:19:30,750

so you know Pennsylvania has been

401
00:19:36,650 --> 00:19:33,210
getting more and more of these sightings

402
00:19:38,990 --> 00:19:36,660
I had Stan Gord on here a couple weeks

403
00:19:42,380 --> 00:19:39,000
ago he mentioned that he's been

404
00:19:44,419 --> 00:19:42,390
receiving similar type settings but this

405
00:19:47,840 --> 00:19:44,429
is this is a phenomena has been going on

406
00:19:49,730 --> 00:19:47,850
over the country in recent years but

407
00:19:54,460 --> 00:19:49,740
it's he does seem to be something that's

408
00:19:56,720 --> 00:19:54,470
more you know it be more prevalent

409
00:19:59,090 --> 00:19:56,730
Danielle have you heard of anything

410
00:20:04,220 --> 00:19:59,100
similar like that going on down your way

411
00:20:07,010 --> 00:20:04,230
I have not most of my focus has been in

412
00:20:10,190 --> 00:20:07,020
the Central Florida area near the Green

413
00:20:12,549 --> 00:20:10,200

Swamp wilderness preserve here where

414

00:20:17,540 --> 00:20:12,559

there's a lot of skunk ape sightings

415

00:20:19,730 --> 00:20:17,550

here and I created a DNA kit with my

416

00:20:23,870 --> 00:20:19,740

forensics background and criminal

417

00:20:29,210 --> 00:20:23,880

justice so I purchased things from the

418

00:20:31,940 --> 00:20:29,220

police forensics supply house oh yeah so

419

00:20:33,740 --> 00:20:31,950

I am prepared when I get a call or I

420

00:20:37,880 --> 00:20:33,750

need to do an investigation or I'm not

421

00:20:40,070 --> 00:20:37,890

hiking even I bring a DNA kit I'm always

422

00:20:43,760 --> 00:20:40,080

ready with that in my casting materials

423

00:20:45,980 --> 00:20:43,770

and no it's mostly mostly here skunk ape

424

00:20:49,250 --> 00:20:45,990

I really haven't heard much about about

425

00:20:51,230 --> 00:20:49,260

those at all here but yeah it seems like

426

00:20:53,230 --> 00:20:51,240

the only humanoid cases we have gotten

427

00:20:56,240 --> 00:20:53,240

done your way are those winged demons

428

00:20:58,550 --> 00:20:56,250

the gargoyle settings down in Pasco

429

00:20:59,200 --> 00:20:58,560

County that's a little further south of

430

00:21:02,090 --> 00:20:59,210

you I think

431

00:21:04,700 --> 00:21:02,100

yeah that's out to my West

432

00:21:06,530 --> 00:21:04,710

I didn't investigate that I did drive

433

00:21:08,870 --> 00:21:06,540

out there but I did not find anything

434

00:21:12,200 --> 00:21:08,880

any evidence or any thing that I saw

435

00:21:17,990 --> 00:21:12,210

yeah that's that's something that's been

436

00:21:23,210 --> 00:21:18,000

going on as well as around Marion County

437

00:21:24,650 --> 00:21:23,220

and around the State Forest cowl around

438

00:21:28,460 --> 00:21:24,660

there as well we've heard some reports

439

00:21:32,740 --> 00:21:28,470

in there so I don't know maybe I'll get

440

00:21:38,600 --> 00:21:35,750

really like that Ocala area that's next

441

00:21:40,880 --> 00:21:38,610

on my investigation list because there's

442

00:21:43,610 --> 00:21:40,890

a lot of wilderness up there to explore

443

00:21:45,500 --> 00:21:43,620

and a lot of hiking trails and a lot of

444

00:21:48,560 --> 00:21:45,510

strange stories looking forward to it

445

00:21:50,450 --> 00:21:48,570

I'm excited for the future so Amy have

446

00:21:54,920 --> 00:21:50,460

you heard of any of these humanoid

447

00:21:57,740 --> 00:21:54,930

sightings your way no really I did a

448

00:22:02,120 --> 00:21:57,750

little report if you want to call that

449

00:22:04,340 --> 00:22:02,130

for a paranormal Road podcast and most

450

00:22:08,360 --> 00:22:04,350

of the reports were actually you know

451
00:22:11,390 --> 00:22:08,370
Chicago it was more of the winged things

452
00:22:13,670 --> 00:22:11,400
like you're talking about you but I you

453
00:22:15,740 --> 00:22:13,680
know I am learning so much from you and

454
00:22:18,740 --> 00:22:15,750
your group because like I said I was

455
00:22:20,540 --> 00:22:18,750
really just into Bigfoot and then all

456
00:22:27,680 --> 00:22:20,550
the stories you guys talked about I'm

457
00:22:30,170 --> 00:22:27,690
like oh me I don't want to see those but

458
00:22:32,930 --> 00:22:30,180
no I I don't know of any right in my

459
00:22:38,990 --> 00:22:32,940
area okay and you're you're in

460
00:22:40,280 --> 00:22:39,000
Youngstown area around there so you do

461
00:22:44,090 --> 00:22:40,290
make your way over to Pennsylvania

462
00:22:47,240 --> 00:22:44,100
sometimes as well I sure do I'm making

463
00:22:50,110 --> 00:22:47,250

some plans right now actually after this

464

00:22:52,460 --> 00:22:50,120

I'm still um I have my maps open I

465

00:22:55,580 --> 00:22:52,470

internet a lot but I also like paper

466

00:22:58,880 --> 00:22:55,590

maps though okay we were talking before

467

00:23:01,250 --> 00:22:58,890

I I go out quite a bit to the Allegheny

468

00:23:04,010 --> 00:23:01,260

National Forest I grew up going to my

469

00:23:06,050 --> 00:23:04,020

grandpa's hunting cabin out there and so

470

00:23:07,940 --> 00:23:06,060

this summer since most of my other

471

00:23:10,180 --> 00:23:07,950

things have been canceled I'm planning

472

00:23:11,940 --> 00:23:10,190

on spending quite a bit of time there

473

00:23:14,430 --> 00:23:11,950

actually

474

00:23:16,919 --> 00:23:14,440

so butch have you been hearing anything

475

00:23:19,610 --> 00:23:16,929

else any other reports of coming your

476

00:23:23,279 --> 00:23:19,620

way have like some UFOs though

477

00:23:26,820 --> 00:23:23,289

well UFO sightings yeah we you know get

478

00:23:30,840 --> 00:23:26,830

a couple of those a week a lot of them

479

00:23:32,519 --> 00:23:30,850

right now seem to be north in New York

480

00:23:37,019 --> 00:23:32,529

area in New York State up in New York

481

00:23:41,269 --> 00:23:37,029

State and our friend Dave up in British

482

00:23:47,310 --> 00:23:41,279

Columbia he's gone out on a bipedal

483

00:23:50,549 --> 00:23:47,320

canine Trek on Sunday is there I sent

484

00:23:52,590 --> 00:23:50,559

him some he requested some footprint

485

00:23:54,690 --> 00:23:52,600

pictures and what he should be looking

486

00:23:56,639 --> 00:23:54,700

for track wise as I said I was out to

487

00:23:58,860 --> 00:23:56,649

him so I'm wishing him a lot of luck and

488

00:24:01,200 --> 00:23:58,870

hope he's safe the clothing up in his

489

00:24:03,269 --> 00:24:01,210

area up in his area walking down any

490

00:24:06,740 --> 00:24:03,279

trail and running into a bear the size

491

00:24:09,360 --> 00:24:06,750

of a Mack truck is issue I mean there I

492

00:24:11,430 --> 00:24:09,370

you know it keeps wanting me to come out

493

00:24:12,690 --> 00:24:11,440

there and I keep thinking then I don't

494

00:24:16,500 --> 00:24:12,700

want to be Sundy I don't want to be a

495

00:24:18,840 --> 00:24:16,510

Sunday brunch you know some stories as

496

00:24:22,409 --> 00:24:18,850

some of the so many counters he and his

497

00:24:25,529 --> 00:24:22,419

friend have had up there and yeah it's

498

00:24:27,240 --> 00:24:25,539

uh it's pretty very upper yeah well you

499

00:24:28,860 --> 00:24:27,250

know when you recent background research

500

00:24:31,649 --> 00:24:28,870

that area British Columbia

501
00:24:34,320 --> 00:24:31,659
I mean besides missing people by the

502
00:24:38,519 --> 00:24:34,330
hundreds they have you know many Bigfoot

503
00:24:40,139 --> 00:24:38,529
reports they have many reports of

504
00:24:42,419 --> 00:24:40,149
strange creatures running around

505
00:24:46,139 --> 00:24:42,429
especially in run lake areas around

506
00:24:47,519 --> 00:24:46,149
British Columbia and you know that

507
00:24:49,350 --> 00:24:47,529
there's logging trails to take you

508
00:24:50,970 --> 00:24:49,360
everywhere and usually they take you

509
00:24:53,700 --> 00:24:50,980
back into woods so far you know only you

510
00:24:56,460 --> 00:24:53,710
don't even see daylight anymore but

511
00:24:58,980 --> 00:24:56,470
beautiful reports are there about

512
00:25:00,600 --> 00:24:58,990
average right now they'll pick up when

513
00:25:03,060 --> 00:25:00,610

people can get outside again and start

514

00:25:05,549 --> 00:25:03,070

looking up we have had some really good

515

00:25:11,190 --> 00:25:05,559

clear skies so you know I check that all

516

00:25:13,379 --> 00:25:11,200

the time but that some strange reports

517

00:25:16,080 --> 00:25:13,389

that you know I don't even where to put

518

00:25:18,950 --> 00:25:16,090

them in a category so you know make the

519

00:25:22,700 --> 00:25:18,960

calls so we can pull up on them and

520

00:25:24,630 --> 00:25:22,710

follow them from there but right now the

521

00:25:27,450 --> 00:25:24,640

bipedal canines

522

00:25:29,820 --> 00:25:27,460

and UFOs and of course human mutes are

523

00:25:32,190 --> 00:25:29,830

all top-of-the-line but we've been

524

00:25:34,170 --> 00:25:32,200

getting some really strange stuff I mean

525

00:25:36,720 --> 00:25:34,180

you know through phantom to phantoms and

526
00:25:41,550 --> 00:25:36,730
monsters you know yeah we have been

527
00:25:43,140 --> 00:25:41,560
getting some strange reports I'm gonna

528
00:25:46,220 --> 00:25:43,150
come to you Danielle

529
00:25:48,780 --> 00:25:46,230
we got the question of the chatroom

530
00:25:52,680 --> 00:25:48,790
gentlemen want to know how many

531
00:25:54,330 --> 00:25:52,690
different Bigfoot species are there what

532
00:25:56,130 --> 00:25:54,340
do what do you think that what do you

533
00:25:59,970 --> 00:25:56,140
think is going on there do you think

534
00:26:02,190 --> 00:25:59,980
that direct or specific species or the

535
00:26:07,710 --> 00:26:02,200
characteristics are just more different

536
00:26:09,600 --> 00:26:07,720
in different areas I have no idea I like

537
00:26:12,270 --> 00:26:09,610
to approach it as a flesh-and-blood

538
00:26:14,180 --> 00:26:12,280

creature oh that's all I know I mean

539

00:26:17,940 --> 00:26:14,190

from from what I've heard from

540

00:26:21,390 --> 00:26:17,950

first-hand accounts that it looks more

541

00:26:25,530 --> 00:26:21,400

human from what people have told me from

542

00:26:29,010 --> 00:26:25,540

my from my experience it smelled like I

543

00:26:31,680 --> 00:26:29,020

said like an ape or a money that was the

544

00:26:34,650 --> 00:26:31,690

distinct odor I've never laid eyes on

545

00:26:36,930 --> 00:26:34,660

one unfortunately I'm hoping I mean

546

00:26:41,430 --> 00:26:36,940

that's that's everyone's goal of course

547

00:26:44,730 --> 00:26:41,440

but there's a it's impossible to say how

548

00:26:47,790 --> 00:26:44,740

many species but I would say you know it

549

00:26:51,630 --> 00:26:47,800

seems to be Pacific Northwest is the big

550

00:26:54,300 --> 00:26:51,640

muscular very tall very broad shouldered

551
00:26:57,780 --> 00:26:54,310
and the skunk Apes down here seems to be

552
00:27:03,840 --> 00:26:57,790
a lot more lean just from what I'm

553
00:27:08,130 --> 00:27:03,850
hearing nobody's ever found a body yeah

554
00:27:12,030 --> 00:27:08,140
so there's no way to know yeah how about

555
00:27:14,160 --> 00:27:12,040
you Amy what do you think about that you

556
00:27:16,470 --> 00:27:14,170
know I I kind of agree with Danielle I

557
00:27:20,580 --> 00:27:16,480
mean I know of different researchers who

558
00:27:22,440 --> 00:27:20,590
have come up with whole you know you can

559
00:27:24,570 --> 00:27:22,450
look at if there's this species this

560
00:27:26,940 --> 00:27:24,580
species this species all these different

561
00:27:30,630 --> 00:27:26,950
types and things I don't know if I buy

562
00:27:32,670 --> 00:27:30,640
that without having a body or body I'm

563
00:27:34,470 --> 00:27:32,680

saying that they're wrong and I'm right

564

00:27:38,100 --> 00:27:34,480

I just I need a little bit more than

565

00:27:38,460 --> 00:27:38,110

that but besides um you know I was gonna

566

00:27:39,870 --> 00:27:38,470

say

567

00:27:42,360 --> 00:27:39,880

exactly what she said about the

568

00:27:43,799 --> 00:27:42,370

differences between the sightings out in

569

00:27:46,950 --> 00:27:43,809

the Pacific Northwest and then in

570

00:27:49,049 --> 00:27:46,960

Florida or even you know the Midwest but

571

00:27:52,529 --> 00:27:49,059

it's kind to me it's kind of like you go

572

00:27:54,180 --> 00:27:52,539

to Africa you have lowland gorillas you

573

00:27:56,460 --> 00:27:54,190

have mountain gorillas you have cross

574

00:28:00,480 --> 00:27:56,470

river gorillas on the board of Nigeria

575

00:28:03,630 --> 00:28:00,490

and Cameroon they all are the same you

576
00:28:05,130 --> 00:28:03,640
know animal they're just like subspecies

577
00:28:07,710 --> 00:28:05,140
I got to have a little bit of

578
00:28:10,730 --> 00:28:07,720
differences but they're the same but who

579
00:28:12,779 --> 00:28:10,740
knows I mean you have different cryptid

580
00:28:15,510 --> 00:28:12,789
primates in the world you have their

581
00:28:19,950 --> 00:28:15,520
rank pen duck you have the Yeti but as

582
00:28:23,549 --> 00:28:19,960
far as Bigfoot you know as a species I

583
00:28:27,240 --> 00:28:23,559
think we would have to find them you

584
00:28:29,159 --> 00:28:27,250
know you know how yeah yeah I mean

585
00:28:30,810 --> 00:28:29,169
unfortunately all we can do is go by

586
00:28:33,930 --> 00:28:30,820
anecdotal evidence what people are

587
00:28:36,450 --> 00:28:33,940
actually seeing and reporting and you

588
00:28:39,810 --> 00:28:36,460

know it does seem to mean I've said this

589

00:28:43,950 --> 00:28:39,820

before but it does seem to me that the

590

00:28:45,870 --> 00:28:43,960

the creatures that are being seen out in

591

00:28:50,190 --> 00:28:45,880

the Pacific Northwest

592

00:28:54,210 --> 00:28:50,200

are in my opinion most likely indigenous

593

00:28:57,600 --> 00:28:54,220

and and and they do seem to hang around

594

00:28:59,690 --> 00:28:57,610

in pods or family groups more so than

595

00:29:02,760 --> 00:28:59,700

they're doing other parts of the country

596

00:29:04,770 --> 00:29:02,770

and I'm just going 5 what I have you

597

00:29:09,000 --> 00:29:04,780

know Bob the evidence has been presented

598

00:29:10,980 --> 00:29:09,010

to me but your course now you know you

599

00:29:13,529 --> 00:29:10,990

talk about the skunk Apes and their this

600

00:29:15,930 --> 00:29:13,539

is the bit shorter type like more like

601
00:29:19,350 --> 00:29:15,940
an orangutan looking thing I don't know

602
00:29:23,070 --> 00:29:19,360
looking wise but the hair the long hair

603
00:29:26,490 --> 00:29:23,080
the size as you go around the Gulf Coast

604
00:29:29,850 --> 00:29:26,500
it kind of changes somewhat you get into

605
00:29:33,899 --> 00:29:29,860
some bigger creatures and then up our

606
00:29:36,180 --> 00:29:33,909
way here you know very rarely do you

607
00:29:41,190 --> 00:29:36,190
hear of any more than just one being

608
00:29:45,500 --> 00:29:41,200
seen at a time you know very rarely we

609
00:29:49,880 --> 00:29:45,510
get family groups that are being seen

610
00:29:52,270 --> 00:29:49,890
you know why are they in a solitary I

611
00:29:54,910 --> 00:29:52,280
don't know I mean you know of course

612
00:29:56,800 --> 00:29:54,920
you know you know how I think I think

613
00:29:59,950 --> 00:29:56,810

there's some supernatural aspect of

614

00:30:01,660 --> 00:29:59,960

these creatures you know I'll think

615

00:30:04,000 --> 00:30:01,670

they're that you know especially in

616

00:30:06,940 --> 00:30:04,010

areas like in this part of the country

617

00:30:11,650 --> 00:30:06,950

in Midlantic and even into the Midwest

618

00:30:14,190 --> 00:30:11,660

there may be something to that but yeah

619

00:30:18,130 --> 00:30:14,200

I mean I don't know what you think butch

620

00:30:20,170 --> 00:30:18,140

well you know I'm still puzzled by the

621

00:30:23,140 --> 00:30:20,180

reports and we've talked about this

622

00:30:25,930 --> 00:30:23,150

before the Bigfoot reports where there's

623

00:30:29,800 --> 00:30:25,940

a flashlight is seen in the wooded area

624

00:30:31,360 --> 00:30:29,810

wherever the creature seen and the more

625

00:30:33,130 --> 00:30:31,370

I looked into that the more reports are

626

00:30:35,470 --> 00:30:33,140

there's a lot of reports of that where

627

00:30:38,590 --> 00:30:35,480

there's a flash of bright light and the

628

00:30:40,120 --> 00:30:38,600

creature appears or is seen and then

629

00:30:41,920 --> 00:30:40,130

there's a fresher problem a flash of

630

00:30:45,010 --> 00:30:41,930

bright light and then and it disappears

631

00:30:48,340 --> 00:30:45,020

now you know this athlete lend a lot of

632

00:30:52,030 --> 00:30:48,350

credence to you know interdimensional

633

00:30:56,950 --> 00:30:52,040

whatever or the other did you of the day

634

00:30:58,450 --> 00:30:56,960

with that stuff but I just find it kind

635

00:31:02,650 --> 00:30:58,460

of strange that does some of those

636

00:31:04,330 --> 00:31:02,660

reports are are really originated out in

637

00:31:05,620 --> 00:31:04,340

the northwest and then you know you have

638

00:31:08,230 --> 00:31:05,630

them in the Midwest and you have them

639

00:31:09,820 --> 00:31:08,240

here now not so much here as you do out

640

00:31:12,880 --> 00:31:09,830

there in the Midwest I mean that's not

641

00:31:13,360 --> 00:31:12,890

in the northwest but that to me is

642

00:31:14,710 --> 00:31:13,370

strange

643

00:31:19,660 --> 00:31:14,720

I do believe they're a flesh-and-blood

644

00:31:21,640 --> 00:31:19,670

creature the Bigfoot sightings here in

645

00:31:23,590 --> 00:31:21,650

Pennsylvania with the exception of the

646

00:31:24,820 --> 00:31:23,600

Chestnut Ridge which you know just

647

00:31:28,780 --> 00:31:24,830

reports out there all the time

648

00:31:34,570 --> 00:31:28,790

but we have in kind of like in in my

649

00:31:36,100 --> 00:31:34,580

area your area there very slim but then

650

00:31:38,320 --> 00:31:36,110

when you get to north central

651
00:31:41,230 --> 00:31:38,330
Pennsylvania then it goes from the

652
00:31:43,540 --> 00:31:41,240
Bigfoot and it goes into the bipedal mmm

653
00:31:45,640 --> 00:31:43,550
you know from the Allegheny far at all

654
00:31:48,370 --> 00:31:45,650
forest I mean in our like and loop I

655
00:31:52,480 --> 00:31:48,380
mean we have what 60 reports now or 61

656
00:31:54,880 --> 00:31:52,490
reports mm-hmm and that's a lot you know

657
00:31:57,460 --> 00:31:54,890
I mean even though it's spread out over

658
00:31:59,770 --> 00:31:57,470
four years five years and still a lot of

659
00:32:03,160 --> 00:31:59,780
reports and then that doesn't count the

660
00:32:05,440 --> 00:32:03,170
background reports I mean you know like

661
00:32:08,349 --> 00:32:05,450
the report from 1868

662
00:32:09,729 --> 00:32:08,359
I mean how do you had people say well

663
00:32:13,029 --> 00:32:09,739

how do you know well how do you explain

664

00:32:16,060 --> 00:32:13,039

a reporting in 1868 where a farmer

665

00:32:19,719 --> 00:32:16,070

encounters a bipedal canine that's

666

00:32:21,940 --> 00:32:19,729

attacking his flock he shoots it takes

667

00:32:26,199 --> 00:32:21,950

off he goes into the town he describes

668

00:32:28,389 --> 00:32:26,209

it to the constable constable tells it

669

00:32:29,829 --> 00:32:28,399

to the newspaper which was the Erie

670

00:32:31,779 --> 00:32:29,839

because that or something like that

671

00:32:34,119 --> 00:32:31,789

hearing new error I don't know what it

672

00:32:37,889 --> 00:32:34,129

was and they print the exact same

673

00:32:42,430 --> 00:32:37,899

description that we're getting now yeah

674

00:32:44,469 --> 00:32:42,440

1864 a long way off yeah I mean these

675

00:32:46,569 --> 00:32:44,479

these creatures that were that people

676
00:32:50,289 --> 00:32:46,579
are reporting in particularly in

677
00:32:53,249 --> 00:32:50,299
Pennsylvania in and in Maryland and a

678
00:32:56,969 --> 00:32:53,259
few areas they're always described as

679
00:33:01,959 --> 00:32:56,979
huge creatures I mean nine to ten foot

680
00:33:04,930 --> 00:33:01,969
and you know that's why I started

681
00:33:06,609 --> 00:33:04,940
calling them lichens because I you know

682
00:33:08,169 --> 00:33:06,619
you when you start hearing these reports

683
00:33:10,839 --> 00:33:08,179
it's not just like the underworld

684
00:33:12,669 --> 00:33:10,849
lichens when you know people talk about

685
00:33:15,879 --> 00:33:12,679
them with the size and everything these

686
00:33:19,989 --> 00:33:15,889
things are bogus and they they hope they

687
00:33:21,549 --> 00:33:19,999
stand their ground you know I never want

688
00:33:26,409 --> 00:33:21,559

to run up against one of them quite

689

00:33:30,789 --> 00:33:26,419

honest with you so I don't know I don't

690

00:33:34,269 --> 00:33:30,799

know it's you know I I do believe I do

691

00:33:37,539 --> 00:33:34,279

believe a lot of these cryptids and just

692

00:33:40,869 --> 00:33:37,549

not Bigfoot but a lot of all of them may

693

00:33:45,039 --> 00:33:40,879

have some some aspect to them that's

694

00:33:48,699 --> 00:33:45,049

paranormal or supernatural you know just

695

00:33:51,369 --> 00:33:48,709

like what's going on in Chicago I do

696

00:33:53,399 --> 00:33:51,379

believe that there is some supernatural

697

00:33:55,599 --> 00:33:53,409

aspect of those as well

698

00:33:59,680 --> 00:33:55,609

you know what do you think what do you

699

00:34:02,469 --> 00:33:59,690

think Daniel well I try to keep a very

700

00:34:05,499 --> 00:34:02,479

very open mind with my investigations

701
00:34:07,959 --> 00:34:05,509
and I'm open to any possibilities but I

702
00:34:12,159 --> 00:34:07,969
try to approach things with a skeptical

703
00:34:15,279 --> 00:34:12,169
eye as well and I try to take out any

704
00:34:17,710 --> 00:34:15,289
any outside influences that could be

705
00:34:19,270 --> 00:34:17,720
throwing me off something that could be

706
00:34:23,649 --> 00:34:19,280
not

707
00:34:25,180 --> 00:34:23,659
you know just it just makes it like I

708
00:34:27,220 --> 00:34:25,190
said I try to approach it with a

709
00:34:29,080 --> 00:34:27,230
flesh-and-blood and if there's other

710
00:34:31,630 --> 00:34:29,090
strange things how do you how do you

711
00:34:33,880 --> 00:34:31,640
even measure something like that I don't

712
00:34:37,419 --> 00:34:33,890
know I you know I've have friends who've

713
00:34:40,510 --> 00:34:37,429

had very unusual experiences very very

714

00:34:43,570 --> 00:34:40,520

unusual and you just can't get the

715

00:34:45,940 --> 00:34:43,580

evidence you can't there's no way to you

716

00:34:48,520 --> 00:34:45,950

know capture that evidence so what I try

717

00:34:50,860 --> 00:34:48,530

to do like I said I bring my DNA kit I

718

00:34:54,430 --> 00:34:50,870

bring my casting materials I try to get

719

00:34:57,490 --> 00:34:54,440

physical evidence try to get photos try

720

00:35:00,220 --> 00:34:57,500

to get EVPs or I try to get some sort of

721

00:35:02,620 --> 00:35:00,230

recording and right now that's the best

722

00:35:06,460 --> 00:35:02,630

I think we can all do and until there's

723

00:35:08,590 --> 00:35:06,470

some definitive hair and DNA and things

724

00:35:11,980 --> 00:35:08,600

like that you know that's that's the

725

00:35:13,630 --> 00:35:11,990

best we can do well I will tell you one

726

00:35:15,850 --> 00:35:13,640

thing I tell everybody that comes into

727

00:35:17,500 --> 00:35:15,860

our research team you're gonna probably

728

00:35:20,110 --> 00:35:17,510

hear some of the strangest things you've

729

00:35:23,200 --> 00:35:20,120

ever heard before you really are because

730

00:35:25,570 --> 00:35:23,210

I tell you I'm at the point now I'm not

731

00:35:27,220 --> 00:35:25,580

really surprised of what I get you know

732

00:35:29,680 --> 00:35:27,230

but the only thing I can do is put it

733

00:35:32,020 --> 00:35:29,690

out there for our people to look it over

734

00:35:33,850 --> 00:35:32,030

and give their opinions and if they're

735

00:35:35,290 --> 00:35:33,860

close enough to go investigate and

736

00:35:37,510 --> 00:35:35,300

that's what we've done you know we did

737

00:35:40,690 --> 00:35:37,520

we started doing this with the sightings

738

00:35:43,420 --> 00:35:40,700

in in Chicago and I had a question here

739

00:35:46,060 --> 00:35:43,430

about you O'Hara sightings well you know

740

00:35:48,250 --> 00:35:46,070

that that is an area that most of the

741

00:35:51,550 --> 00:35:48,260

sightings in Chicago had been coming

742

00:35:54,280 --> 00:35:51,560

from but lately and I don't know which

743

00:35:58,150 --> 00:35:54,290

its March was probably the last one we

744

00:35:59,890 --> 00:35:58,160

had maybe February so I don't know and

745

00:36:02,740 --> 00:35:59,900

it has to do with things being closed up

746

00:36:05,800 --> 00:36:02,750

I think when you get the airport's going

747

00:36:08,800 --> 00:36:05,810

again there may very well be some more

748

00:36:11,380 --> 00:36:08,810

sightings you know what is it one of the

749

00:36:14,550 --> 00:36:11,390

one of the things lawns leads credence

750

00:36:17,140 --> 00:36:14,560

to these animals being animals creatures

751

00:36:20,110 --> 00:36:17,150

seeing flesh and blood is that you know

752

00:36:23,320 --> 00:36:20,120

why would a bipedal be chewing on

753

00:36:24,640 --> 00:36:23,330

roadkill oh yeah something

754

00:36:28,090 --> 00:36:24,650

interdimensional wouldn't need to eat

755

00:36:30,550 --> 00:36:28,100

well that's true and we had no we have

756

00:36:31,990 --> 00:36:30,560

had those sightings but then again we've

757

00:36:32,800 --> 00:36:32,000

also had sightings where they just

758

00:36:35,530 --> 00:36:32,810

suddenly appear

759

00:36:38,590 --> 00:36:35,540

disappear or they have an aura to them

760

00:36:40,480 --> 00:36:38,600

that just isn't natural all right

761

00:36:44,260 --> 00:36:40,490

yeah I mean we may be dealing with

762

00:36:45,760 --> 00:36:44,270

something that's that is flesh and blood

763

00:36:49,380 --> 00:36:45,770

as well supernatural

764

00:36:52,000 --> 00:36:49,390

yeah we've always considered that yeah

765

00:36:54,030 --> 00:36:52,010

that's why I you know that's why I'm

766

00:36:56,980 --> 00:36:54,040

just a firm believer and the only way

767

00:37:02,830 --> 00:36:56,990

unless we get a body which is slim to

768

00:37:05,130 --> 00:37:02,840

none is you know using thermal imaging

769

00:37:09,420 --> 00:37:05,140

and getting them on a thermal image and

770

00:37:11,440 --> 00:37:09,430

then we can take it from there but it's

771

00:37:12,580 --> 00:37:11,450

digital photographs aren't going to work

772

00:37:15,730 --> 00:37:12,590

because you know everybody say you

773

00:37:18,610 --> 00:37:15,740

doctored it so thermal imaging is going

774

00:37:22,570 --> 00:37:18,620

to be the best way to go and of course

775

00:37:24,220 --> 00:37:22,580

tracks which you know I'm thinking and

776

00:37:27,040 --> 00:37:24,230

getting a portable scanner that I can

777

00:37:28,600 --> 00:37:27,050

scan them right on scene and I can send

778

00:37:30,250 --> 00:37:28,610

them out to you I can send them to dr.

779

00:37:32,470 --> 00:37:30,260

Meldrum I can send them anywhere I want

780

00:37:34,390 --> 00:37:32,480

to send them all right plus plus I don't

781

00:37:40,690 --> 00:37:34,400

have to carry around ten Panos Stella

782

00:37:43,450 --> 00:37:40,700

stone yeah so Amy what up what are the

783

00:37:46,450 --> 00:37:43,460

hot areas in Ohio where you've been

784

00:37:50,230 --> 00:37:46,460

looking at over the years what um weird

785

00:37:54,040 --> 00:37:50,240

image Aria reports them out of my report

786

00:37:57,160 --> 00:37:54,050

I I do get a lot like I said but as far

787

00:37:59,770 --> 00:37:57,170

as Ohio my biggest hot spot where I

788

00:38:04,210 --> 00:37:59,780

spend a whole lot of time is down in

789

00:38:07,990 --> 00:38:04,220

Columbiana County I right around Beaver

790

00:38:10,300 --> 00:38:08,000

Creek State Park area you know that's a

791

00:38:13,210 --> 00:38:10,310

it has a big history of Bigfoot

792

00:38:15,370 --> 00:38:13,220

sightings so I'm not really surprised

793

00:38:17,560 --> 00:38:15,380

that I get calls from there but it's

794

00:38:21,700 --> 00:38:17,570

where the Ohio howl was originally

795

00:38:24,310 --> 00:38:21,710

recorded and there's still activity

796

00:38:27,760 --> 00:38:24,320

going on to the present times I just

797

00:38:32,520 --> 00:38:27,770

I've had a couple reports over the last

798

00:38:35,080 --> 00:38:32,530

year that have come in from people and

799

00:38:38,860 --> 00:38:35,090

you know every once in a while you still

800

00:38:41,110 --> 00:38:38,870

get one I did a Bigfoot day down for

801
00:38:44,980 --> 00:38:41,120
Beaver Creek State Park in the past

802
00:38:46,660 --> 00:38:44,990
couple years and helping them to raise

803
00:38:49,420 --> 00:38:46,670
money for their friends there

804
00:38:52,300 --> 00:38:49,430
Beavercreek and every time there's

805
00:38:55,030 --> 00:38:52,310
people that show up last year last fall

806
00:38:58,060 --> 00:38:55,040
there was a gentleman who I can't say

807
00:39:02,550 --> 00:38:58,070
his name but he's a political figure

808
00:39:06,550 --> 00:39:02,560
from that area I'll just saying and he

809
00:39:09,820 --> 00:39:06,560
swears that he saw one you know and

810
00:39:11,800 --> 00:39:09,830
we've talked quite a few times and you

811
00:39:14,770 --> 00:39:11,810
know I don't really blame him that he

812
00:39:16,660 --> 00:39:14,780
doesn't want to come out and and say

813
00:39:26,770 --> 00:39:16,670

that he seemed bigfoot because maybe he

814

00:39:30,460 --> 00:39:26,780

won't get elected but you know that

815

00:39:32,740 --> 00:39:30,470

people won't feel like they have to hide

816

00:39:34,990 --> 00:39:32,750

that you know if you ask me as have I

817

00:39:37,030 --> 00:39:35,000

ever gotten any flack for it and my

818

00:39:39,940 --> 00:39:37,040

answer is always I wouldn't care if I

819

00:39:42,580 --> 00:39:39,950

did you know I've I've experienced what

820

00:39:45,150 --> 00:39:42,590

I have experienced I don't make things

821

00:39:49,630 --> 00:39:45,160

up but I also don't take away from what

822

00:39:52,600 --> 00:39:49,640

I've seen or heard you know and so I'm

823

00:39:55,330 --> 00:39:52,610

not ashamed of talking about Bigfoot you

824

00:39:57,780 --> 00:39:55,340

know I've lost friends over it my family

825

00:40:01,450 --> 00:39:57,790

I'm crazy but I don't really care

826

00:40:04,630 --> 00:40:01,460

because you know I mean it's just what

827

00:40:07,330 --> 00:40:04,640

I'm interested in but yeah Columbiana

828

00:40:10,510 --> 00:40:07,340

County has a lot if you go out to a West

829

00:40:12,430 --> 00:40:10,520

Branch State Park there are a lot of

830

00:40:14,410 --> 00:40:12,440

savings there and I have some good

831

00:40:16,960 --> 00:40:14,420

friends good researcher friends that

832

00:40:18,820 --> 00:40:16,970

that spend a lot of time in West Branch

833

00:40:22,750 --> 00:40:18,830

you have the Cuyahoga Valley National

834

00:40:26,380 --> 00:40:22,760

Park area again a lot of rich history

835

00:40:29,320 --> 00:40:26,390

there some of my favorite sightings come

836

00:40:32,830 --> 00:40:29,330

from that area at Cuyahoga Valley yeah

837

00:40:37,360 --> 00:40:32,840

so that's where I frequent I do go out

838

00:40:38,920 --> 00:40:37,370

to Salt Fork quite a bit and you know

839

00:40:41,710 --> 00:40:38,930

it's always fun that's that's a

840

00:40:46,810 --> 00:40:41,720

well-known area but most of my time and

841

00:40:51,400 --> 00:40:46,820

and my sighting reports that I get are

842

00:40:53,050 --> 00:40:51,410

from closer to PA right and Danielle

843

00:40:56,590 --> 00:40:53,060

you've been just you done working

844

00:40:59,859 --> 00:40:56,600

sulphur at the port deal yes that's

845

00:41:04,210 --> 00:40:59,869

where I had my second encounter in fact

846

00:41:08,769 --> 00:41:04,220

after the Estero encounter when I was at

847

00:41:10,660 --> 00:41:08,779

creature weekend for 2017 I went on the

848

00:41:13,749 --> 00:41:10,670

trails by myself I got there a few days

849

00:41:15,130 --> 00:41:13,759

before the conference started and I

850

00:41:17,319 --> 00:41:15,140

wanted to go out and check out the

851

00:41:19,390 --> 00:41:17,329

trails and see if I would have any

852

00:41:22,210 --> 00:41:19,400

encounters because you know like amy was

853

00:41:24,249 --> 00:41:22,220

saying it's a very active area there's a

854

00:41:26,499 --> 00:41:24,259

lot of sightings so I thought well you

855

00:41:28,210 --> 00:41:26,509

know just take my cell phone out with me

856

00:41:31,690 --> 00:41:28,220

then didn't have any equipment or

857

00:41:34,539 --> 00:41:31,700

anything and as I walked along the trail

858

00:41:40,029 --> 00:41:34,549

that's kind of up behind the resort or

859

00:41:42,370 --> 00:41:40,039

the lodge I I came to the top rise of

860

00:41:44,470 --> 00:41:42,380

its of the trailhead just came over the

861

00:41:45,819 --> 00:41:44,480

top of the trail and as I came over I

862

00:41:47,710 --> 00:41:45,829

was the only one out there there was

863

00:41:50,049 --> 00:41:47,720

nobody else around because it was the

864

00:41:52,569 --> 00:41:50,059

very beginning of the of the conference

865

00:41:53,769 --> 00:41:52,579

like a couple of days before and I had

866

00:41:56,170 --> 00:41:53,779

been one of the first people to get

867

00:42:00,579 --> 00:41:56,180

there and as I came over the top of the

868

00:42:03,370 --> 00:42:00,589

rise I heard two very very heavy

869

00:42:05,529 --> 00:42:03,380

footsteps and a foot drag and it was

870

00:42:07,390 --> 00:42:05,539

only between fifty and a hundred feet

871

00:42:08,979 --> 00:42:07,400

away and it sounded like something had

872

00:42:13,479 --> 00:42:08,989

ducked behind a tree and it was a very

873

00:42:16,989 --> 00:42:13,489

open area so I knew I was out there

874

00:42:20,529 --> 00:42:16,999

alone this was very deep forest leaves

875

00:42:22,509 --> 00:42:20,539

and trees and there was just nobody

876
00:42:24,640 --> 00:42:22,519
around I could see clearly all around me

877
00:42:27,519 --> 00:42:24,650
but it was it was very heavily heavily

878
00:42:30,579 --> 00:42:27,529
forested and there was just there were

879
00:42:32,229 --> 00:42:30,589
no people there was no voices nothing so

880
00:42:34,120 --> 00:42:32,239
this thing had taken two really heavy

881
00:42:36,819 --> 00:42:34,130
footsteps and this foot dragged so I

882
00:42:38,769 --> 00:42:36,829
knew it was around me so I paused and I

883
00:42:42,700 --> 00:42:38,779
thought there for a couple minutes and

884
00:42:43,269 --> 00:42:42,710
just kind of listened and then I tried a

885
00:42:52,690 --> 00:42:43,279
whistle

886
00:42:55,660 --> 00:42:52,700
didn't get a response walked another

887
00:42:58,210 --> 00:42:55,670
fifty hundred feet did a whistle and I

888
00:43:00,819 --> 00:42:58,220

got what sounded like that knocking

889

00:43:03,370 --> 00:43:00,829

noise and I was completely shocked

890

00:43:05,529 --> 00:43:03,380

completely completely shocked

891

00:43:09,640 --> 00:43:05,539

did not expect it I was just out there

892

00:43:11,589 --> 00:43:09,650

alone had no expectations and when I got

893

00:43:12,920 --> 00:43:11,599

what everybody says is that knocking

894

00:43:15,589 --> 00:43:12,930

sound to

895

00:43:17,960 --> 00:43:15,599

it sounds like what a gorilla does when

896

00:43:20,930 --> 00:43:17,970

the gorilla beats on its chest and you

897

00:43:23,210 --> 00:43:20,940

hear that popping noise that to me was

898

00:43:26,359 --> 00:43:23,220

exactly what it sounded like that

899

00:43:28,430 --> 00:43:26,369

popping sound so if I had to guess I

900

00:43:30,140 --> 00:43:28,440

think it's something on their body what

901
00:43:32,870 --> 00:43:30,150
they're doing I don't think they walk

902
00:43:36,260 --> 00:43:32,880
around with a stick and beat on trees

903
00:43:37,640 --> 00:43:36,270
that's just totally my opinion but you

904
00:43:39,309 --> 00:43:37,650
know I think it's part of their body

905
00:43:41,930 --> 00:43:39,319
like like the gorillas when they're

906
00:43:43,700 --> 00:43:41,940
showing their you know their territory

907
00:43:46,970 --> 00:43:43,710
or their dominance they beating they're

908
00:43:48,920 --> 00:43:46,980
beating on their chest so you know

909
00:43:51,020 --> 00:43:48,930
that's just my theory but that's what I

910
00:43:53,990 --> 00:43:51,030
heard and I was very close to it was

911
00:43:56,059 --> 00:43:54,000
within 50 to 100 feet was very clear

912
00:43:58,309 --> 00:43:56,069
sound to me but it didn't sound like it

913
00:44:01,099 --> 00:43:58,319

was on a tree it sounded like it was on

914

00:44:04,670 --> 00:44:01,109

its chest or on a some sort of I don't

915

00:44:06,470 --> 00:44:04,680

know body body part though after that I

916

00:44:08,390 --> 00:44:06,480

tried you know I stood there for a few

917

00:44:10,700 --> 00:44:08,400

more minutes and tried to interact but I

918

00:44:12,049 --> 00:44:10,710

didn't get any more responses and I was

919

00:44:13,849 --> 00:44:12,059

kind of nervous because I was out there

920

00:44:16,579 --> 00:44:13,859

alone and I wasn't sure if it was gonna

921

00:44:18,920 --> 00:44:16,589

be aggressive or not so I call it yeah

922

00:44:20,920 --> 00:44:18,930

yeah I was a little bit nervous and I

923

00:44:23,569 --> 00:44:20,930

had never been so close to one before

924

00:44:25,970 --> 00:44:23,579

during the daylight hours like that and

925

00:44:27,680 --> 00:44:25,980

interacting with it so I I turned went

926

00:44:29,359 --> 00:44:27,690

back to the lodge because I got I got

927

00:44:32,120 --> 00:44:29,369

very nervous and I didn't have any any

928

00:44:34,640 --> 00:44:32,130

protection on me so but it was very

929

00:44:39,079 --> 00:44:34,650

exciting that was my second encounter so

930

00:44:41,329 --> 00:44:39,089

yeah very exciting I tell you you know

931

00:44:44,510 --> 00:44:41,339

that there was one aspect of my

932

00:44:46,099 --> 00:44:44,520

encounter back in 81 that I you know

933

00:44:49,130 --> 00:44:46,109

I've heard people try to explain it to

934

00:44:52,309 --> 00:44:49,140

me I heard a ticking sound this thing

935

00:44:54,260 --> 00:44:52,319

was actually making a ticking sound and

936

00:44:57,799 --> 00:44:54,270

I've always thought that it may be

937

00:44:59,839 --> 00:44:57,809

gnashing its teeth I don't know if it

938

00:45:04,640 --> 00:44:59,849

was a nervous thing it was shattering

939

00:45:11,140 --> 00:45:04,650

somehow but it did do that have y'all

940

00:45:18,430 --> 00:45:13,579

work with talking about you know how

941

00:45:22,490 --> 00:45:21,049

grind them but I'm not sure about the

942

00:45:24,620 --> 00:45:22,500

ticking sound but that's the next thing

943

00:45:25,700 --> 00:45:24,630

I'm gonna ask them about yeah because

944

00:45:30,260 --> 00:45:25,710

this thing

945

00:45:32,750 --> 00:45:30,270

was he was about 30 yards from me I'd

946

00:45:33,859 --> 00:45:32,760

say between 30 and 40 yards for me and

947

00:45:37,640 --> 00:45:33,869

you know we were standing there too

948

00:45:41,599 --> 00:45:37,650

locked eyes on each other and I was

949

00:45:43,700 --> 00:45:41,609

hearing it's clicking sound and I didn't

950

00:45:47,060 --> 00:45:43,710

know where I was coming from I you know

951
00:45:49,700 --> 00:45:47,070
at the time but i-i've as a thought

952
00:45:52,609 --> 00:45:49,710
about it later on not then and talked to

953
00:45:54,849 --> 00:45:52,619
people they they had stated well it may

954
00:45:57,320 --> 00:45:54,859
be actually either chattering or

955
00:46:00,589 --> 00:45:57,330
clicking his teeth together or gnashing

956
00:46:04,810 --> 00:46:00,599
his teeth so but I know that it did that

957
00:46:10,400 --> 00:46:04,820
to me so that's something different

958
00:46:12,560 --> 00:46:10,410
Halon can I can I say something Amy um

959
00:46:16,849 --> 00:46:12,570
when you guys were talking about you

960
00:46:19,640 --> 00:46:16,859
know Bigfoot being a natural creature

961
00:46:22,910 --> 00:46:19,650
versus maybe something paranormal I just

962
00:46:25,400 --> 00:46:22,920
wanted to say another thing that I do I

963
00:46:29,359 --> 00:46:25,410

co-founded with my research partner Tina

964

00:46:31,940 --> 00:46:29,369

Sam's an event called Creek foot and it

965

00:46:34,490 --> 00:46:31,950

is in Columbiana County Ohio where a lot

966

00:46:37,490 --> 00:46:34,500

of stuff goes on and we have it twice a

967

00:46:39,020 --> 00:46:37,500

year our spring one got a cancelled this

968

00:46:40,520 --> 00:46:39,030

year because of the virus and we're

969

00:46:42,859 --> 00:46:40,530

crossing our fingers that we can have

970

00:46:45,500 --> 00:46:42,869

the one in the fall but it's very

971

00:46:48,620 --> 00:46:45,510

inexpensive it's just like five dollars

972

00:46:50,570 --> 00:46:48,630

a night to camp so we're not making any

973

00:46:52,099 --> 00:46:50,580

money off of it or anything which we do

974

00:46:55,310 --> 00:46:52,109

try to raise some money for the

975

00:46:57,380 --> 00:46:55,320

campground itself but anyway the reason

976

00:47:00,589 --> 00:46:57,390

we started it was because there was

977

00:47:03,140 --> 00:47:00,599

always so much fighting between groups

978

00:47:06,950 --> 00:47:03,150

of bigfooters are just individual people

979

00:47:09,710 --> 00:47:06,960

about know it's an animal no it's normal

980

00:47:15,410 --> 00:47:09,720

and like Danielle said then I think you

981

00:47:17,660 --> 00:47:15,420

too but they we have people who say both

982

00:47:19,970 --> 00:47:17,670

or one or the other and maybe

983

00:47:23,180 --> 00:47:19,980

everybody's right you know I always say

984

00:47:25,430 --> 00:47:23,190

that if something is labeled paranormal

985

00:47:29,839 --> 00:47:25,440

maybe it's just science we haven't

986

00:47:32,839 --> 00:47:29,849

figured out yet yeah right

987

00:47:36,980 --> 00:47:32,849

we wanted to create a place an event

988

00:47:39,230 --> 00:47:36,990

where from the person who is like way

989

00:47:42,109 --> 00:47:39,240

outside the box on one end

990

00:47:44,660 --> 00:47:42,119

to the other end can come there and feel

991

00:47:46,130 --> 00:47:44,670

comfortable talking about their opinions

992

00:47:49,250 --> 00:47:46,140

or things that they've experienced and

993

00:47:52,700 --> 00:47:49,260

really learned from each other so I

994

00:47:55,880 --> 00:47:52,710

think it's so important you know I don't

995

00:47:58,160 --> 00:47:55,890

make fun of anybody however far out what

996

00:48:01,190 --> 00:47:58,170

they have seen you know what they say

997

00:48:02,990 --> 00:48:01,200

they've seen because maybe they have

998

00:48:07,339 --> 00:48:03,000

seen it and maybe we just have to figure

999

00:48:11,510 --> 00:48:07,349

out how to explain it really bring a

1000

00:48:14,270 --> 00:48:11,520

butch oh I think that's great okay just

1001
00:48:20,420 --> 00:48:14,280
keep us updated on what it is I'll Drive

1002
00:48:22,160 --> 00:48:20,430
my butt out there well you know this is

1003
00:48:23,990 --> 00:48:22,170
something you know this is a debate

1004
00:48:26,120 --> 00:48:24,000
that's been going on for a while you

1005
00:48:31,160 --> 00:48:26,130
know ever since I've been involved with

1006
00:48:34,880 --> 00:48:31,170
it I mean I made back in the 90s I was

1007
00:48:37,190 --> 00:48:34,890
even preaching this and you know I I

1008
00:48:39,349 --> 00:48:37,200
would get to fall that you know people

1009
00:48:41,829 --> 00:48:39,359
would look at me and think I was crazy

1010
00:48:44,060 --> 00:48:41,839
you know there were two separate camps

1011
00:48:47,240 --> 00:48:44,070
one camp was bigger than the other one

1012
00:48:50,420 --> 00:48:47,250
but I think recently in recent years

1013
00:48:52,849 --> 00:48:50,430

more and more people that get involved

1014

00:48:55,220 --> 00:48:52,859

with the Bigfoot research and it's been

1015

00:48:58,040 --> 00:48:55,230

a few people that have been doing this

1016

00:49:00,230 --> 00:48:58,050

for a great deal of time I've actually

1017

00:49:09,890 --> 00:49:00,240

started to be a more open-minded about

1018

00:49:11,570 --> 00:49:09,900

it you know well you know just like

1019

00:49:14,510 --> 00:49:11,580

everything else there's no experts in

1020

00:49:16,910 --> 00:49:14,520

this you know in the paranormal you know

1021

00:49:20,390 --> 00:49:16,920

I I hate it when I go into a radio show

1022

00:49:22,280 --> 00:49:20,400

and somebody says he's an expert at this

1023

00:49:26,660 --> 00:49:22,290

and that well there's no experts in this

1024

00:49:28,970 --> 00:49:26,670

you know but you know we're all working

1025

00:49:31,760 --> 00:49:28,980

on opinions and conjecture for the most

1026

00:49:34,970 --> 00:49:31,770

part anyway yawning we can go on is what

1027

00:49:38,210 --> 00:49:34,980

the evidence is presented to us and to

1028

00:49:40,490 --> 00:49:38,220

try to make an assumption to the best of

1029

00:49:43,599 --> 00:49:40,500

our ability but now I mean we just

1030

00:49:46,280 --> 00:49:43,609

really don't know what a lot of this is

1031

00:49:48,500 --> 00:49:46,290

we don't I always think about that movie

1032

00:49:50,780 --> 00:49:48,510

I forget when it came out several

1033

00:49:52,970 --> 00:49:50,790

several years ago that the gods must be

1034

00:49:55,190 --> 00:49:52,980

crazy where though yeah

1035

00:49:57,829 --> 00:49:55,200

that's a lot of airplane and the natives

1036

00:50:00,530 --> 00:49:57,839

think oh you know this is supernatural

1037

00:50:03,650 --> 00:50:00,540

and and you know it's it's always

1038

00:50:10,000 --> 00:50:03,660

sometimes probably just a matter of how

1039

00:50:12,470 --> 00:50:10,010

you look at something so the seat now

1040

00:50:15,740 --> 00:50:12,480

hopefully we're all gonna be able to get

1041

00:50:19,430 --> 00:50:15,750

on the field soon so let's let's go

1042

00:50:22,010 --> 00:50:19,440

around the table and kind of see what

1043

00:50:24,500 --> 00:50:22,020

our first priority is Daniel what do you

1044

00:50:26,810 --> 00:50:24,510

find I'm doing it as soon as you can get

1045

00:50:28,790 --> 00:50:26,820

out and I knew you had been out a bit

1046

00:50:33,740 --> 00:50:28,800

but as soon as you can get out and do

1047

00:50:37,089 --> 00:50:33,750

more well I just got back from the Ocala

1048

00:50:39,859 --> 00:50:37,099

National Forest I did kind of a

1049

00:50:42,560 --> 00:50:39,869

preliminary investigation up there to

1050

00:50:45,530 --> 00:50:42,570

see which areas I'd like to check out in

1051
00:50:48,770 --> 00:50:45,540
the future and it's a huge huge area up

1052
00:50:51,400 --> 00:50:48,780
there a lot of lot a lot of wilderness a

1053
00:50:54,050 --> 00:50:51,410
lot of forest a lot of places to explore

1054
00:50:57,530 --> 00:50:54,060
as things are starting to open up here

1055
00:50:59,270 --> 00:50:57,540
again in Florida I'm very lucky to be

1056
00:51:03,069 --> 00:50:59,280
here in Central Florida on next to this

1057
00:51:05,990 --> 00:51:03,079
Green Swamp wilderness preserve it is

1058
00:51:09,230 --> 00:51:06,000
five hundred and sixty thousand acres

1059
00:51:11,390 --> 00:51:09,240
for just the Green Swamp wilderness and

1060
00:51:13,940 --> 00:51:11,400
there's a ton of places to explore I'm

1061
00:51:15,770 --> 00:51:13,950
very excited to be next to it I'm

1062
00:51:18,050 --> 00:51:15,780
literally right across the street I

1063
00:51:20,240 --> 00:51:18,060

crossed my street and I'm in into the

1064

00:51:25,339 --> 00:51:20,250

green swamp and there's a ton of

1065

00:51:27,500 --> 00:51:25,349

sightings there and I'd like to go back

1066

00:51:28,910 --> 00:51:27,510

up to the Ocala National Forest sometime

1067

00:51:31,160 --> 00:51:28,920

they're starting to open up more trails

1068

00:51:33,859 --> 00:51:31,170

there and more hiking and more

1069

00:51:36,220 --> 00:51:33,869

investigating up there and that's gonna

1070

00:51:39,260 --> 00:51:36,230

be probably in the next few weeks I'm

1071

00:51:41,450 --> 00:51:39,270

trying to prepare myself now I'm going

1072

00:51:43,640 --> 00:51:41,460

to invest in a parabolic dish and it's

1073

00:51:46,460 --> 00:51:43,650

more equipment for the for the field I

1074

00:51:49,130 --> 00:51:46,470

do have a dashcam that I use when I get

1075

00:51:50,900 --> 00:51:49,140

out there and it's always running mm-hmm

1076

00:51:53,329 --> 00:51:50,910

when I'm in when I'm in a good area you

1077

00:51:55,370 --> 00:51:53,339

know and I'm investigating I've got that

1078

00:51:56,960 --> 00:51:55,380

dashcam running because you never know

1079

00:51:59,420 --> 00:51:56,970

it's gonna do a road crossing in front

1080

00:52:02,410 --> 00:51:59,430

of you and just a few weeks ago someone

1081

00:52:04,430 --> 00:52:02,420

recorded a road crossing in Ocala and

1082

00:52:06,320 --> 00:52:04,440

too bad they didn't have a dashcam

1083

00:52:07,910 --> 00:52:06,330

running because they would have had a

1084

00:52:10,100 --> 00:52:07,920

really good sighting it was a daylight

1085

00:52:13,220 --> 00:52:10,110

sighting up there so I think as people

1086

00:52:14,960 --> 00:52:13,230

are moving around more through through

1087

00:52:17,510 --> 00:52:14,970

that area and through these these

1088

00:52:21,110 --> 00:52:17,520

preserves they're stirring up activity

1089

00:52:22,820 --> 00:52:21,120

and these these these creatures are

1090

00:52:25,580 --> 00:52:22,830

getting stirred up and they're on the

1091

00:52:27,800 --> 00:52:25,590

move but we have a good chance now for

1092

00:52:29,780 --> 00:52:27,810

the sightings to increase a little bit

1093

00:52:32,900 --> 00:52:29,790

as as we're getting back into their

1094

00:52:36,320 --> 00:52:32,910

territory and taking back over again so

1095

00:52:38,420 --> 00:52:36,330

you know like I said also Allegheny

1096

00:52:41,600 --> 00:52:38,430

National Forest Ocala National Forest

1097

00:52:43,510 --> 00:52:41,610

and the Green Swamp definitely the Green

1098

00:52:46,310 --> 00:52:43,520

Swamp I'm right at the backdoor here and

1099

00:52:49,190 --> 00:52:46,320

I plan on a road trip hopefully very

1100

00:52:52,130 --> 00:52:49,200

soon to get up to the Allegheny National

1101
00:52:54,230 --> 00:52:52,140
Forest sometime this fall and Gettysburg

1102
00:52:55,790 --> 00:52:54,240
the Gettysburg battlefield I'm very

1103
00:52:56,270 --> 00:52:55,800
excited to get up there and check that

1104
00:52:59,120 --> 00:52:56,280
out

1105
00:53:00,400 --> 00:52:59,130
so those are my future's and would you

1106
00:53:02,870 --> 00:53:00,410
Amy

1107
00:53:05,690 --> 00:53:02,880
well like I said most of my stuff's been

1108
00:53:06,950 --> 00:53:05,700
cancelled and I was I had plans this

1109
00:53:09,260 --> 00:53:06,960
year I was going to be going out to

1110
00:53:11,780 --> 00:53:09,270
Alaska twice I was going to be going to

1111
00:53:17,480 --> 00:53:11,790
the Navajo Nation so those are out out

1112
00:53:19,610 --> 00:53:17,490
for now and that's okay I today was my

1113
00:53:24,110 --> 00:53:19,620

last day school I'm heading out tomorrow

1114

00:53:26,060 --> 00:53:24,120

to a few places in PA and like I said I

1115

00:53:29,420 --> 00:53:26,070

have my maps open trying to plan

1116

00:53:32,000 --> 00:53:29,430

something but I I'm really excited to

1117

00:53:34,820 --> 00:53:32,010

spend a little bit more time in Ohio it

1118

00:53:39,260 --> 00:53:34,830

hasn't I haven't had a chunk of time

1119

00:53:42,550 --> 00:53:39,270

since 2016 that summer I headed out and

1120

00:53:46,520 --> 00:53:42,560

I solo camped in Ohio West Virginia

1121

00:53:48,830 --> 00:53:46,530

Pennsylvania Michigan in New York State

1122

00:53:51,050 --> 00:53:48,840

and it was awesome it's been about a

1123

00:53:55,460 --> 00:53:51,060

month or so just going around and and

1124

00:53:58,010 --> 00:53:55,470

I'm kind of thinking you know I have

1125

00:54:00,170 --> 00:53:58,020

this free time that I wasn't expecting

1126

00:54:01,910 --> 00:54:00,180

I'm gonna check out some citing areas

1127

00:54:07,340 --> 00:54:01,920

and one of the first places I'm gonna go

1128

00:54:10,400 --> 00:54:07,350

is down to South East Ohio near not in

1129

00:54:13,040 --> 00:54:10,410

Wayne National Forest but in it but over

1130

00:54:16,720 --> 00:54:13,050

this quarantine break I had a call from

1131

00:54:19,290 --> 00:54:16,730

a gentleman who said that he saw a green

1132

00:54:22,500 --> 00:54:19,300

Bigfoot and I know we talked about that

1133

00:54:24,330 --> 00:54:22,510

but on our chat yeah you know it could

1134

00:54:27,780 --> 00:54:24,340

be it could be some kind of algae or

1135

00:54:31,620 --> 00:54:27,790

moss like like sloths can get so I am

1136

00:54:38,640 --> 00:54:31,630

gonna gonna do go out there and talk to

1137

00:54:40,620 --> 00:54:38,650

him well you know well that's well you

1138

00:54:42,060 --> 00:54:40,630

know I'll look forward to hearing which

1139

00:54:44,520 --> 00:54:42,070

y'all finder

1140

00:54:48,420 --> 00:54:44,530

would you come up and view research you

1141

00:54:50,460 --> 00:54:48,430

know you're you're both a great addition

1142

00:54:52,290 --> 00:54:50,470

to the team and we look forward to

1143

00:54:57,090 --> 00:54:52,300

hearing what you've got to say about

1144

00:54:58,920 --> 00:54:57,100

your ventures and also I you know we

1145

00:55:02,730 --> 00:54:58,930

think we've got a question in in the

1146

00:55:05,310 --> 00:55:02,740

chat I want to mention about described

1147

00:55:08,550 --> 00:55:05,320

TV shows now you know it's interesting

1148

00:55:12,720 --> 00:55:08,560

and they're right there have been more

1149

00:55:15,450 --> 00:55:12,730

cryptid TV shows in recent years though

1150

00:55:18,810 --> 00:55:15,460

there had been a few that were that

1151
00:55:21,720 --> 00:55:18,820
started off at least 10 years ago but it

1152
00:55:24,780 --> 00:55:21,730
does seem to be more of it now does

1153
00:55:27,510 --> 00:55:24,790
anybody want to interject and give their

1154
00:55:35,100 --> 00:55:27,520
opinion as to why this is becoming more

1155
00:55:44,810 --> 00:55:35,110
popular now I was expecting this

1156
00:55:47,100 --> 00:55:44,820
violence yeah look it's entertainment

1157
00:55:48,690 --> 00:55:47,110
especially for people that you know

1158
00:55:51,060 --> 00:55:48,700
aren't researchers don't get out in the

1159
00:55:53,040 --> 00:55:51,070
field don't you know it's interesting to

1160
00:55:55,020 --> 00:55:53,050
them and and especially during this

1161
00:55:56,490 --> 00:55:55,030
period of lockup time where you know

1162
00:55:58,140 --> 00:55:56,500
people aren't doing anything I mean hell

1163
00:56:04,710 --> 00:55:58,150

I get excited if I get to go to Home

1164

00:56:06,600 --> 00:56:04,720

Depot so it's you know all the

1165

00:56:08,820 --> 00:56:06,610

researchers that I keep in touch with

1166

00:56:10,680 --> 00:56:08,830

and the 14 team and stuff well I mean

1167

00:56:12,480 --> 00:56:10,690

we're all ready to go we're ready to go

1168

00:56:14,130 --> 00:56:12,490

you know the equipment's ready the

1169

00:56:15,870 --> 00:56:14,140

vehicles are ready the people are ready

1170

00:56:18,060 --> 00:56:15,880

and you know like get this over with

1171

00:56:19,500 --> 00:56:18,070

let's get out there I don't want to

1172

00:56:23,340 --> 00:56:19,510

watch anything on the show I want to go

1173

00:56:26,490 --> 00:56:23,350

out there and do it yeah I guess you all

1174

00:56:31,170 --> 00:56:26,500

I guess Daniel and Amy kind of feels the

1175

00:56:32,920 --> 00:56:31,180

same way remember it's entertainment and

1176

00:56:35,079 --> 00:56:32,930

you know I

1177

00:56:37,150 --> 00:56:35,089

I don't I like to watch some of them

1178

00:56:40,390 --> 00:56:37,160

myself you know I think they're fun you

1179

00:56:44,079 --> 00:56:40,400

can learn things from them and I think

1180

00:56:46,120 --> 00:56:44,089

that personally I think that a lot of

1181

00:56:47,859 --> 00:56:46,130

people watch them because they may have

1182

00:56:52,260 --> 00:56:47,869

had some kind of experience and they

1183

00:56:56,620 --> 00:56:54,609

you talk to people and they say yeah I

1184

00:57:00,120 --> 00:56:56,630

had this happen or I had that happen so

1185

00:57:04,540 --> 00:57:00,130

they they feel like a bond there I think

1186

00:57:08,230 --> 00:57:04,550

you know I think I think to get away

1187

00:57:10,420 --> 00:57:08,240

they can't they have kind of given

1188

00:57:15,819 --> 00:57:10,430

people a better reason to come forward

1189

00:57:17,920 --> 00:57:15,829

or something they've seen but there

1190

00:57:21,190 --> 00:57:17,930

there's a lot of information that's

1191

00:57:24,880 --> 00:57:21,200

being put out on these shows that's just

1192

00:57:26,859 --> 00:57:24,890

really unrealistic be honestly I mean

1193

00:57:29,319 --> 00:57:26,869

you know of course when you watch a

1194

00:57:31,510 --> 00:57:29,329

Bigfoot show and it seemed like they're

1195

00:57:33,970 --> 00:57:31,520

getting their hearing this seeing that

1196

00:57:38,799 --> 00:57:33,980

every time they're out there well you

1197

00:57:42,069 --> 00:57:38,809

know it just doesn't work that way you

1198

00:57:43,870 --> 00:57:42,079

can go out there 50 times and not hear a

1199

00:57:45,760 --> 00:57:43,880

thing and then the one time you'll maybe

1200

00:57:50,770 --> 00:57:45,770

get you'll hear something or see

1201
00:57:52,780 --> 00:57:50,780
something so yeah that mean like you

1202
00:57:54,880 --> 00:57:52,790
said the entertainment value is what's

1203
00:57:56,380 --> 00:57:54,890
expressed more than anything else and

1204
00:57:59,349 --> 00:57:56,390
believe me I've been involved with these

1205
00:58:04,960 --> 00:57:59,359
productions personally over the years

1206
00:58:07,420 --> 00:58:04,970
and it's more about making people feel

1207
00:58:09,549 --> 00:58:07,430
good than to actually presenting the

1208
00:58:13,390 --> 00:58:09,559
actual evidence of presenting the actual

1209
00:58:17,230 --> 00:58:13,400
wait things do happen but you know they

1210
00:58:19,839 --> 00:58:17,240
do come asking a lot and and you guys

1211
00:58:22,089 --> 00:58:19,849
are new to the team so we're gonna get

1212
00:58:26,200 --> 00:58:22,099
offers we have gotten offers for years

1213
00:58:29,770 --> 00:58:26,210

now and you know maybe something will

1214

00:58:33,280 --> 00:58:29,780

pan out maybe we can go out there and do

1215

00:58:36,520 --> 00:58:33,290

something to where we can kind of give

1216

00:58:38,319 --> 00:58:36,530

our own opinion but it's always up to

1217

00:58:41,109 --> 00:58:38,329

the production company on what gets put

1218

00:58:44,110 --> 00:58:41,119

out so you know that's that's

1219

00:58:47,570 --> 00:58:44,120

disadvantage to it

1220

00:58:49,970 --> 00:58:47,580

so you know I want to thank you three

1221

00:58:53,420 --> 00:58:49,980

for coming all with me tonight we're

1222

00:58:56,540 --> 00:58:53,430

definitely going to do this again I like

1223

00:58:58,700 --> 00:58:56,550

to kind of stretch it out and get other

1224

00:59:02,960 --> 00:58:58,710

people on the team involved with doing

1225

00:59:04,280 --> 00:59:02,970

these updates but I do appreciate you

1226

00:59:07,640 --> 00:59:04,290

coming on with me tonight

1227

00:59:10,790 --> 00:59:07,650

and you all have a good weekend and we

1228

00:59:13,100 --> 00:59:10,800

will be talking soon well thank you

1229

00:59:15,680 --> 00:59:13,110

yeah I'm honored to be on the team I'm

1230

00:59:18,800 --> 00:59:15,690

excited for a really fun future with you

1231

00:59:20,330 --> 00:59:18,810

guys and investigating things and I just

1232

00:59:22,280 --> 00:59:20,340

want to say a quick thank you to

1233

00:59:25,220 --> 00:59:22,290

everyone who has extended their hand to

1234

00:59:27,680 --> 00:59:25,230

me over the last three four years who

1235

00:59:30,140 --> 00:59:27,690

have given me some great advice and

1236

00:59:32,420 --> 00:59:30,150

their friendship and really taken me

1237

00:59:34,820 --> 00:59:32,430

under their wing and and really helped

1238

00:59:37,000 --> 00:59:34,830

me out it means everything to me and I'm

1239

00:59:40,310 --> 00:59:37,010

very very grateful for all of that and

1240

00:59:48,260 --> 00:59:40,320

just thank you guys I I love you all

1241

00:59:53,030 --> 00:59:48,270

thank you okay guys all right look I'm

1242

00:59:55,970 --> 00:59:53,040

just glad you guys are with us yeah we

1243

00:59:58,250 --> 00:59:55,980

did it's just been being butch and maybe

1244

01:00:05,240 --> 00:59:58,260

Shawn that wouldn't work it out we

1245

01:00:09,680 --> 01:00:05,250

needed more people you have a good
