Exploring the Unexplained 

**May 3rd, 2019**

**Ken Gerhard**

**Cryptozoologist,  
'In Search of Monsters'**

**BXP**

1  
00:00:06,470 --> 00:00:05,670

[Music]

2  
00:00:09,910 --> 00:00:06,480

the oldest

3  
00:00:12,070 --> 00:00:09,920

and strongest human emotion is fear

4  
00:00:13,030 --> 00:00:12,080

and the oldest and strongest type of

5  
00:00:16,150 --> 00:00:13,040

fear

6  
00:00:18,630 --> 00:00:16,160

is trepidation of young

7  
00:00:22,150 --> 00:00:18,640

when we were children our parents told

8  
00:00:24,550 --> 00:00:22,160

us that monsters didn't exist

9  
00:00:27,830 --> 00:00:24,560

but we were sure that something was

10  
00:00:32,310 --> 00:00:27,840

lurking under the bed or in the closet

11  
00:00:35,350 --> 00:00:32,320

fear sees even if our eyes are closed

12  
00:00:38,549 --> 00:00:35,360

welcome to the realm of the arcane

13  
00:00:39,190 --> 00:00:38,559

my name is lon stripler join me as i

14

00:00:41,670 --> 00:00:39,200

examine

15

00:00:46,069 --> 00:00:41,680

unexplained creatures strange

16

00:00:49,029 --> 00:00:46,079

manifestations of remarkable realities

17

00:00:51,670 --> 00:00:49,039

imagine this next hour as a voyage of

18

00:00:54,709 --> 00:00:51,680

discovery to strange lands

19

00:00:57,430 --> 00:00:54,719

seeking not for new territory but for

20

00:00:58,069 --> 00:00:57,440

new knowledge of the supernatural come

21

00:01:01,380 --> 00:00:58,079

on board

22

00:01:08,789 --> 00:01:01,390

as we begin this adventure together

23

00:01:16,149 --> 00:01:12,149

hey folks welcome to another episode of

24

00:01:19,590 --> 00:01:16,159

arcane radio here on

25

00:01:21,350 --> 00:01:19,600

the paranormal king radio network sorry

26

00:01:23,590 --> 00:01:21,360

about that i'm

27

00:01:26,070 --> 00:01:23,600

my i'm kind of in the middle of a

28

00:01:29,030 --> 00:01:26,080

thunderstorm right now and my uh

29

00:01:30,550 --> 00:01:29,040

my computer went off but i sorry about

30

00:01:32,069 --> 00:01:30,560

that but i'm your host lon stricker and

31

00:01:33,990 --> 00:01:32,079

i'm coming to you within a cannon shot

32

00:01:37,030 --> 00:01:34,000

of historic gettysburg

33

00:01:38,710 --> 00:01:37,040

in the cryptic mecca of pennsylvania and

34

00:01:40,469 --> 00:01:38,720

i thank you for joining me now before i

35

00:01:42,230 --> 00:01:40,479

introduce my guest

36

00:01:44,149 --> 00:01:42,240

i want to mention an interesting account

37

00:01:46,310 --> 00:01:44,159

that i recently received by television

38

00:01:49,830 --> 00:01:46,320

from a witness who at the time

39

00:01:53,109 --> 00:01:49,840

was living in jasper alabama

40

00:01:54,710 --> 00:01:53,119

now i'll refer to the witnesses a.l at

41

00:01:57,830 --> 00:01:54,720

this time i have

42

00:01:59,749 --> 00:01:57,840

asked a colleague in alabama who lives

43

00:02:01,350 --> 00:01:59,759

near birmingham to follow up with the

44

00:02:03,670 --> 00:02:01,360

witness

45

00:02:05,429 --> 00:02:03,680

hey al states that on a summer night

46

00:02:06,870 --> 00:02:05,439

about four years ago he had walked out

47

00:02:08,550 --> 00:02:06,880

into his front porch during a

48

00:02:10,469 --> 00:02:08,560

thunderstorm

49

00:02:11,990 --> 00:02:10,479

and as he stood there he observed a

50

00:02:14,309 --> 00:02:12,000

bright light

51  
00:02:16,229 --> 00:02:14,319  
bursting in the yard across the street

52  
00:02:17,750 --> 00:02:16,239  
that occurred right after a lightning

53  
00:02:19,750 --> 00:02:17,760  
flash

54  
00:02:21,110 --> 00:02:19,760  
now they all said that everything went

55  
00:02:22,790 --> 00:02:21,120  
dark in the neighborhood apparently a

56  
00:02:25,750 --> 00:02:22,800  
result of lightning

57  
00:02:27,990 --> 00:02:25,760  
as he observed where the light flash had

58  
00:02:30,949 --> 00:02:28,000  
occurred he noticed a pair of red

59  
00:02:32,710 --> 00:02:30,959  
eyes there seemed to be a dark form with

60  
00:02:35,110 --> 00:02:32,720  
the red eyes but since it was dark

61  
00:02:36,710 --> 00:02:35,120  
nighttime it was hard to make it out now

62  
00:02:39,190 --> 00:02:36,720  
the host house and yard across the

63  
00:02:41,270 --> 00:02:39,200

street were owned by a relative

64

00:02:43,030 --> 00:02:41,280

so about a minute later there was

65

00:02:46,309 --> 00:02:43,040

another lightning flash

66

00:02:48,869 --> 00:02:46,319

when a subsequently when a subsequent

67

00:02:50,630 --> 00:02:48,879

burst of light appeared in another area

68

00:02:52,790 --> 00:02:50,640

of the yard across the street

69

00:02:54,390 --> 00:02:52,800

now once again there was another pair of

70

00:02:56,790 --> 00:02:54,400

bright red eyes

71

00:02:58,630 --> 00:02:56,800

now by this time the previous red eyes

72

00:03:01,830 --> 00:02:58,640

had gotten closer to him

73

00:03:03,670 --> 00:03:01,840

and was now standing in the street not

74

00:03:03,990 --> 00:03:03,680

long after the second pair of eyes

75

00:03:06,390 --> 00:03:04,000

appeared

76  
00:03:07,110 --> 00:03:06,400  
there was another lightning burst and a

77  
00:03:09,670 --> 00:03:07,120  
third

78  
00:03:11,430 --> 00:03:09,680  
burst of light occurred then there was a

79  
00:03:13,350 --> 00:03:11,440  
third pair of red eyes

80  
00:03:15,509 --> 00:03:13,360  
the previous two pair of red eyes got

81  
00:03:17,990 --> 00:03:15,519  
much closer to ale

82  
00:03:20,070 --> 00:03:18,000  
and the first in the first almost was on

83  
00:03:22,470 --> 00:03:20,080  
his front lawn

84  
00:03:23,509 --> 00:03:22,480  
he could make out a form of this being

85  
00:03:26,710 --> 00:03:23,519  
al said that

86  
00:03:27,110 --> 00:03:26,720  
it looked like a large dark hellhound

87  
00:03:30,710 --> 00:03:27,120  
with

88  
00:03:33,509 --> 00:03:30,720

red eyes then suddenly

89

00:03:37,830 --> 00:03:33,519

a huge creature appears out of thin air

90

00:03:40,710 --> 00:03:37,840

not far from the first pair of red eyes

91

00:03:41,910 --> 00:03:40,720

al described it as a gorilla sized beast

92

00:03:44,550 --> 00:03:41,920

with long white hair

93

00:03:46,390 --> 00:03:44,560

that was on four legs he said the head

94

00:03:49,589 --> 00:03:46,400

looked like that of a wolf

95

00:03:49,910 --> 00:03:49,599

by the time a.l bolted into his house

96

00:03:53,429 --> 00:03:49,920

and

97

00:03:56,229 --> 00:03:53,439

pistol now i

98

00:03:56,710 --> 00:03:56,239

all said he was scared the life out of

99

00:03:59,670 --> 00:03:56,720

his

100

00:03:59,990 --> 00:03:59,680

wife and young son but was unable to

101  
00:04:01,589 --> 00:04:00,000  
tell

102  
00:04:03,350 --> 00:04:01,599  
them what he had witnessed because he

103  
00:04:05,270 --> 00:04:03,360  
was so shocked by it

104  
00:04:08,070 --> 00:04:05,280  
after several minutes he peeked out the

105  
00:04:10,229 --> 00:04:08,080  
front door all the entities were gone

106  
00:04:11,670 --> 00:04:10,239  
now the next day he told his brother

107  
00:04:13,350 --> 00:04:11,680  
about the previous night

108  
00:04:15,030 --> 00:04:13,360  
his brother lived on the same in the

109  
00:04:17,430 --> 00:04:15,040  
same neighborhood

110  
00:04:19,430 --> 00:04:17,440  
so about one year later a.l and his wife

111  
00:04:21,430 --> 00:04:19,440  
had separated for a few months now when

112  
00:04:22,950 --> 00:04:21,440  
he moved back into the house

113  
00:04:24,950 --> 00:04:22,960

his wife mentioned to him that the

114

00:04:28,070 --> 00:04:24,960

previous night she had heard

115

00:04:29,350 --> 00:04:28,080

two dogs barking frantically outside

116

00:04:31,990 --> 00:04:29,360

as she looked out the window she

117

00:04:34,790 --> 00:04:32,000

observed a huge white dog-like creature

118

00:04:36,070 --> 00:04:34,800

being chased by the two dogs she was

119

00:04:39,030 --> 00:04:36,080

shocked by the sight

120

00:04:41,350 --> 00:04:39,040

thinking that she must have imagined it

121

00:04:43,670 --> 00:04:41,360

so a few nights ago

122

00:04:45,749 --> 00:04:43,680

ale's brother who still lives in the

123

00:04:48,870 --> 00:04:45,759

same neighborhood in jasper

124

00:04:50,950 --> 00:04:48,880

witnessed that same large white beast

125

00:04:52,070 --> 00:04:50,960

he had also seen something that had a

126  
00:04:53,830 --> 00:04:52,080  
pair of

127  
00:04:56,150 --> 00:04:53,840  
bright red eyes was unable to get a

128  
00:04:56,870 --> 00:04:56,160  
description his brother's setting

129  
00:04:59,430 --> 00:04:56,880  
prompted

130  
00:05:01,350 --> 00:04:59,440  
the ale to contact me now like i stated

131  
00:05:03,510 --> 00:05:01,360  
before i have a colleague

132  
00:05:04,469 --> 00:05:03,520  
uh who's going to contact al in order to

133  
00:05:05,990 --> 00:05:04,479  
find out what these

134  
00:05:08,390 --> 00:05:06,000  
you know and check out on these

135  
00:05:09,830 --> 00:05:08,400  
sightings and encounters

136  
00:05:11,909 --> 00:05:09,840  
now there have been a higher than

137  
00:05:13,670 --> 00:05:11,919  
average number of k9 light crypto

138  
00:05:15,029 --> 00:05:13,680

reports throughout alabama the past

139

00:05:16,950 --> 00:05:15,039

couple years

140

00:05:18,710 --> 00:05:16,960

and uh we're going to continue to

141

00:05:20,790 --> 00:05:18,720

investigate this phenomena

142

00:05:22,070 --> 00:05:20,800

and if i get any information i will post

143

00:05:23,830 --> 00:05:22,080

it

144

00:05:25,830 --> 00:05:23,840

so let's get started tonight's guest

145

00:05:27,189 --> 00:05:25,840

stone arcane radio is cryptozoologist

146

00:05:28,870 --> 00:05:27,199

ken gerhart

147

00:05:30,710 --> 00:05:28,880

now ken has traveled the world searching

148

00:05:33,110 --> 00:05:30,720

for evidence of mysterious animals

149

00:05:34,710 --> 00:05:33,120

the legendary beasts including bigfoot

150

00:05:38,550 --> 00:05:34,720

the loch ness monster

151  
00:05:40,950 --> 00:05:38,560  
the chupacabra ignac enigmatic

152  
00:05:42,629 --> 00:05:40,960  
wing creatures and werewolves in

153  
00:05:44,150 --> 00:05:42,639  
addition to co-hosting the history

154  
00:05:47,189 --> 00:05:44,160  
channel tv series

155  
00:05:49,350 --> 00:05:47,199  
missing in alaska ken has appeared in

156  
00:05:51,110 --> 00:05:49,360  
episodes of many television series

157  
00:05:53,590 --> 00:05:51,120  
including monster quest

158  
00:05:54,950 --> 00:05:53,600  
ancient aliens true monsters unexplained

159  
00:05:57,909 --> 00:05:54,960  
files

160  
00:05:59,029 --> 00:05:57,919  
legend hunters monsters and mysteries in

161  
00:06:00,550 --> 00:05:59,039  
america

162  
00:06:02,870 --> 00:06:00,560  
through supernatural and ultimate

163  
00:06:05,430 --> 00:06:02,880

encounters just to name a few

164

00:06:06,070 --> 00:06:05,440

his credits include appearances on

165

00:06:09,189 --> 00:06:06,080

numerous

166

00:06:11,350 --> 00:06:09,199

news broadcasts and radio programs

167

00:06:13,830 --> 00:06:11,360

like coast to coast am as well as being

168

00:06:14,870 --> 00:06:13,840

featured in several local national media

169

00:06:16,950 --> 00:06:14,880

sources

170

00:06:18,950 --> 00:06:16,960

ken is an author and is a contributor to

171

00:06:21,590 --> 00:06:18,960

the trade public relations

172

00:06:23,189 --> 00:06:21,600

including fate magazine he currently

173

00:06:24,629 --> 00:06:23,199

lectures and exhibits at various

174

00:06:27,350 --> 00:06:24,639

conferences and events

175

00:06:27,990 --> 00:06:27,360

throughout the united states an avid

176

00:06:31,110 --> 00:06:28,000

adventure

177

00:06:34,230 --> 00:06:31,120

he has camped out along the amazon

178

00:06:36,309 --> 00:06:34,240

explored the hate galapagos australian

179

00:06:37,749 --> 00:06:36,319

outback and has visited many ancient

180

00:06:40,950 --> 00:06:37,759

mysterious sites

181

00:06:42,550 --> 00:06:40,960

from machu picchu to stonehenge he is

182

00:06:44,790 --> 00:06:42,560

currently appearing on the travel

183

00:06:46,830 --> 00:06:44,800

channels in search of monsters

184

00:06:48,230 --> 00:06:46,840

so ken thanks very much for joining me

185

00:06:50,309 --> 00:06:48,240

tonight

186

00:06:52,629 --> 00:06:50,319

always a pleasure to be with you mr long

187

00:06:54,629 --> 00:06:52,639

thank you so much for having me on it's

188

00:06:56,070 --> 00:06:54,639

uh man it's an honor and i'm looking

189

00:06:56,870 --> 00:06:56,080

forward to having some great discussion

190

00:06:58,629 --> 00:06:56,880

with you

191

00:07:02,469 --> 00:06:58,639

well you're a difficult guy to crack

192

00:07:05,589 --> 00:07:02,479

down so i'm pleased to have you join me

193

00:07:08,550 --> 00:07:05,599

um yeah well you're pretty busy yourself

194

00:07:09,110 --> 00:07:08,560

but uh yeah it's a good thing right yeah

195

00:07:12,629 --> 00:07:09,120

it is

196

00:07:14,469 --> 00:07:12,639

it really is so your your recent series

197

00:07:16,950 --> 00:07:14,479

in search of monsters is the newest

198

00:07:19,430 --> 00:07:16,960

prometheus entertainment production

199

00:07:21,430 --> 00:07:19,440

i've enjoyed the show the past five or

200

00:07:23,990 --> 00:07:21,440

six week it's been on

201

00:07:27,990 --> 00:07:24,000

uh do you believe that it offers a

202

00:07:30,870 --> 00:07:29,270

well you know you're always going to get

203

00:07:32,150 --> 00:07:30,880

a unique perspective when you have new

204

00:07:35,350 --> 00:07:32,160

people coming in

205

00:07:36,230 --> 00:07:35,360

um new for prometheus the producers in

206

00:07:38,309 --> 00:07:36,240

terms of

207

00:07:40,070 --> 00:07:38,319

that i think specifically that type of

208

00:07:42,710 --> 00:07:40,080

show they've of course had great

209

00:07:43,990 --> 00:07:42,720

success with ancient aliens through the

210

00:07:47,270 --> 00:07:44,000

years and i think they've probably done

211

00:07:48,070 --> 00:07:47,280

some other sort of paranormal type shows

212

00:07:51,350 --> 00:07:48,080

and things

213

00:07:52,070 --> 00:07:51,360

um but yeah i think the producers and

214

00:07:56,469 --> 00:07:52,080

you know

215

00:07:58,309 --> 00:07:56,479

of shows it's always of course

216

00:08:00,230 --> 00:07:58,319

a collaborative effort between the

217

00:08:01,110 --> 00:08:00,240

production company but ultimately the

218

00:08:03,029 --> 00:08:01,120

network is

219

00:08:04,550 --> 00:08:03,039

paying for everything and so there's

220

00:08:06,230 --> 00:08:04,560

there's some people at travel channel

221

00:08:07,110 --> 00:08:06,240

that kind of have ideas of what they

222

00:08:08,550 --> 00:08:07,120

think

223

00:08:10,550 --> 00:08:08,560

will work and not work with their

224

00:08:11,990 --> 00:08:10,560

current format

225

00:08:15,270 --> 00:08:12,000

but yeah i think they're doing a great

226

00:08:16,469 --> 00:08:15,280

job um you know i was on one episode of

227

00:08:18,469 --> 00:08:16,479

ancient aliens so i'd worked with them

228

00:08:22,150 --> 00:08:18,479

before i knew they were good people

229

00:08:24,550 --> 00:08:22,160

um but you know they've been

230

00:08:25,510 --> 00:08:24,560

um i think very open minded in terms of

231

00:08:28,469 --> 00:08:25,520

listening to

232

00:08:30,070 --> 00:08:28,479

different angles and on a lot of these

233

00:08:32,790 --> 00:08:30,080

creatures and cryptids

234

00:08:33,589 --> 00:08:32,800

and they've explored a lot of different

235

00:08:35,589 --> 00:08:33,599

theories

236

00:08:37,589 --> 00:08:35,599

so i mean that's kind of i see the

237

00:08:39,269 --> 00:08:37,599

formula on each episode is they'll talk

238

00:08:40,790 --> 00:08:39,279

about a lot of different theories for

239

00:08:42,709 --> 00:08:40,800

each cryptid

240

00:08:43,909 --> 00:08:42,719

they might kind of hone in on one at

241

00:08:46,630 --> 00:08:43,919

towards the end of the show

242

00:08:47,910 --> 00:08:46,640

depending but um you know i think

243

00:08:49,110 --> 00:08:47,920

ultimately they're leaving it up to the

244

00:08:50,389 --> 00:08:49,120

audience to kind of make

245

00:08:53,350 --> 00:08:50,399

make up their own mind and i think

246

00:08:55,190 --> 00:08:53,360

that's always the best way to do it

247

00:08:57,509 --> 00:08:55,200

yeah the mothman episode was quite

248

00:09:00,870 --> 00:08:57,519

interesting as well as a recent wendy

249

00:09:03,590 --> 00:09:00,880

go uh episode now i see that

250

00:09:03,910 --> 00:09:03,600

the chupacabras is an upcoming subject

251  
00:09:09,509 --> 00:09:03,920  
in

252  
00:09:10,870 --> 00:09:09,519  
uh where has the research and

253  
00:09:15,269 --> 00:09:10,880  
investigation

254  
00:09:18,550 --> 00:09:17,269  
well you know the most the question i

255  
00:09:19,990 --> 00:09:18,560  
get asked the most or one of the

256  
00:09:20,870 --> 00:09:20,000  
questions i get asked the most is you

257  
00:09:23,990 --> 00:09:20,880  
know why

258  
00:09:26,070 --> 00:09:24,000  
is the description of the

259  
00:09:28,389 --> 00:09:26,080  
original puerto rican chupacabra that we

260  
00:09:30,710 --> 00:09:28,399  
heard about in 1995

261  
00:09:32,150 --> 00:09:30,720  
so vastly different from other things

262  
00:09:34,150 --> 00:09:32,160  
that are recalling

263  
00:09:36,470 --> 00:09:34,160

been called chupacabras by the media and

264

00:09:38,230 --> 00:09:36,480

other people in recent years now

265

00:09:41,350 --> 00:09:38,240

most of my experience of course is with

266

00:09:44,870 --> 00:09:41,360

investigating these really weird looking

267

00:09:46,230 --> 00:09:44,880

grotesque dog like animals canids here

268

00:09:48,310 --> 00:09:46,240

in texas

269

00:09:49,269 --> 00:09:48,320

beginning in 2004 with the elmendorf

270

00:09:50,790 --> 00:09:49,279

beast

271

00:09:52,870 --> 00:09:50,800

and you know we know they're canids i

272

00:09:53,990 --> 00:09:52,880

mean you can you could almost tell by

273

00:09:55,030 --> 00:09:54,000

looking at them although they're

274

00:09:57,910 --> 00:09:55,040

hairless and they have

275

00:09:59,430 --> 00:09:57,920

a lot of them weird teeth and other

276

00:10:02,550 --> 00:09:59,440

deformities or

277

00:10:04,150 --> 00:10:02,560

abnormal traits but

278

00:10:06,150 --> 00:10:04,160

they have been it's alleged that the

279

00:10:08,230 --> 00:10:06,160

animals i've examined here in texas that

280

00:10:12,150 --> 00:10:08,240

are really weird looking that they also

281

00:10:13,670 --> 00:10:12,160

have uh killed animals in a similar

282

00:10:15,750 --> 00:10:13,680

fashion to the chupacabra that are

283

00:10:17,430 --> 00:10:15,760

preyed on and that is drink the blood

284

00:10:19,590 --> 00:10:17,440

don't eat the meat which is very

285

00:10:22,550 --> 00:10:19,600

unnatural right most animals

286

00:10:23,110 --> 00:10:22,560

they're after flesh not just blood um i

287

00:10:24,790 --> 00:10:23,120

haven't seen

288

00:10:26,949 --> 00:10:24,800

real concrete evidence of that but i've

289

00:10:28,389 --> 00:10:26,959

seen some tantalizing evidence that

290

00:10:30,949 --> 00:10:28,399

that some of the killings here have

291

00:10:33,030 --> 00:10:30,959

taken place that way so keep in mind

292

00:10:35,030 --> 00:10:33,040

the name chupacabra describes really a

293

00:10:36,470 --> 00:10:35,040

behavior pattern more than a physical

294

00:10:38,470 --> 00:10:36,480

description it's

295

00:10:41,110 --> 00:10:38,480

you know the blood the goat sucker it's

296

00:10:42,870 --> 00:10:41,120

it's a vampire like uh predator

297

00:10:44,550 --> 00:10:42,880

so in that respect you may have

298

00:10:46,389 --> 00:10:44,560

different types of creatures in

299

00:10:48,150 --> 00:10:46,399

different areas that have displayed

300

00:10:51,910 --> 00:10:48,160

similar behavior patterns unless they've

301

00:10:55,910 --> 00:10:53,590

but i think for the episode i'm pretty

302

00:11:00,550 --> 00:10:55,920

sure they're going to explore all that

303

00:11:03,190 --> 00:11:00,560

different theories i will be back

304

00:11:05,190 --> 00:11:03,200

in tech uh at a familiar place which is

305

00:11:08,230 --> 00:11:05,200

the property of phyllis canyon

306

00:11:09,750 --> 00:11:08,240

uh the chupacabra lady who has a mounted

307

00:11:12,710 --> 00:11:09,760

specimen in her

308

00:11:13,430 --> 00:11:12,720

living room and is had the foresight

309

00:11:15,509 --> 00:11:13,440

really to

310

00:11:18,389 --> 00:11:15,519

start saving flesh samples and things

311

00:11:21,430 --> 00:11:18,399

from these weird animals but

312

00:11:24,230 --> 00:11:21,440

she does continue to have strange

313

00:11:26,470 --> 00:11:24,240

activity around her property so again

314

00:11:30,150 --> 00:11:26,480

those are not the puerto rican

315

00:11:32,470 --> 00:11:30,160

bipedal reptilian spikes down the back

316

00:11:34,630 --> 00:11:32,480

chupacabras that she has that's a

317

00:11:35,990 --> 00:11:34,640

different type of animal

318

00:11:37,670 --> 00:11:36,000

but she does believe that they're

319

00:11:39,590 --> 00:11:37,680

drinking they have

320

00:11:41,350 --> 00:11:39,600

killed her chickens in a vampire-like

321

00:11:44,310 --> 00:11:41,360

fashion which is really bizarre

322

00:11:45,829 --> 00:11:44,320

so that's kind of where the uh i guess

323

00:11:46,710 --> 00:11:45,839

the episode is probably gonna be focused

324

00:11:48,310 --> 00:11:46,720

on that

325

00:11:51,190 --> 00:11:48,320

predation pattern more than anything

326

00:11:52,150 --> 00:11:51,200

else yeah it is interesting because the

327

00:11:53,910 --> 00:11:52,160

um

328

00:11:55,829 --> 00:11:53,920

like you stated the chupacabras the

329

00:11:58,710 --> 00:11:55,839

original super coppers and

330

00:11:59,910 --> 00:11:58,720

in puerto rico look nothing like what

331

00:12:06,949 --> 00:11:59,920

these

332

00:12:08,790 --> 00:12:06,959

and texas really look like uh so you

333

00:12:10,629 --> 00:12:08,800

you know i remember your investigation

334

00:12:13,269 --> 00:12:10,639

you had down in mexico

335

00:12:14,550 --> 00:12:13,279

on a farm where these things had tacked

336

00:12:16,310 --> 00:12:14,560

i think it was either turkeys or

337

00:12:17,269 --> 00:12:16,320

chickens and killed a lot of them there

338

00:12:20,310 --> 00:12:17,279

of course

339

00:12:22,829 --> 00:12:20,320

i i am aware of you looking into a lot

340

00:12:28,949 --> 00:12:25,509

um had stated before i remember

341

00:12:29,910 --> 00:12:28,959

when um that there was an original

342

00:12:32,470 --> 00:12:29,920

investigation well

343

00:12:33,670 --> 00:12:32,480

not original but there was investigation

344

00:12:36,150 --> 00:12:33,680

where

345

00:12:38,069 --> 00:12:36,160

uh these things were described as the

346

00:12:42,870 --> 00:12:38,079

blue dogs a possible mix of

347

00:12:44,310 --> 00:12:42,880

a yeah a mexican uh wolf or such

348

00:12:46,790 --> 00:12:44,320

yeah that's a name that we use here in

349

00:12:47,750 --> 00:12:46,800

texas a lot blue dog the texas blue dogs

350

00:12:49,990 --> 00:12:47,760

just to create some

351  
00:12:51,829 --> 00:12:50,000  
some delineation from the the original

352  
00:12:53,030 --> 00:12:51,839  
chupacabra

353  
00:12:54,790 --> 00:12:53,040  
from puerto rico but you know there's

354  
00:12:55,750 --> 00:12:54,800  
more than two types even ron and you

355  
00:12:57,269 --> 00:12:55,760  
remember there's

356  
00:12:59,670 --> 00:12:57,279  
there have been descriptions of

357  
00:13:02,870 --> 00:12:59,680  
quote-unquote chupacabras with wings

358  
00:13:06,150 --> 00:13:02,880  
in places like chile and northern mexico

359  
00:13:07,910 --> 00:13:06,160  
and some countries

360  
00:13:10,790 --> 00:13:07,920  
it seems more reptilian in other

361  
00:13:13,430 --> 00:13:10,800  
countries it seems more like a

362  
00:13:15,430 --> 00:13:13,440  
kind of a predator type you know

363  
00:13:17,509 --> 00:13:15,440

quadruped or you know so i mean

364

00:13:19,269 --> 00:13:17,519

it seems to be a broad-ranging name

365

00:13:21,430 --> 00:13:19,279

that's being used all across latin

366

00:13:24,790 --> 00:13:21,440

america to describe a lot of

367

00:13:26,710 --> 00:13:24,800

strange creatures but some of them may

368

00:13:28,470 --> 00:13:26,720

have a similar again predation pattern

369

00:13:30,389 --> 00:13:28,480

which is drinking blood if that's true

370

00:13:32,389 --> 00:13:30,399

it's pretty remarkable but

371

00:13:33,990 --> 00:13:32,399

that's where the name comes into play

372

00:13:37,030 --> 00:13:34,000

now i know there have been

373

00:13:39,750 --> 00:13:37,040

um sightings in texas

374

00:13:40,629 --> 00:13:39,760

uh oklahoma and i think there was at

375

00:13:43,829 --> 00:13:40,639

least one of

376

00:13:46,550 --> 00:13:43,839

kansas have these uh have these beasts

377

00:13:47,189 --> 00:13:46,560

moved in any other states in the country

378

00:13:49,829 --> 00:13:47,199

oh yeah

379

00:13:52,550 --> 00:13:49,839

uh mississippi people sent me photos

380

00:13:55,590 --> 00:13:52,560

from mississippi tennessee

381

00:13:58,870 --> 00:13:55,600

maybe kentucky florida

382

00:14:01,189 --> 00:13:58,880

i believe so they kind of most of them

383

00:14:04,389 --> 00:14:01,199

seem to be centered in texas or

384

00:14:06,470 --> 00:14:04,399

reported in texas but it's a it's a

385

00:14:07,269 --> 00:14:06,480

problem or a situation that's spread out

386

00:14:10,710 --> 00:14:07,279

now

387

00:14:12,629 --> 00:14:10,720

of course the uh most

388

00:14:14,069 --> 00:14:12,639

academics have tried to explain it by

389

00:14:16,150 --> 00:14:14,079

saying well

390

00:14:18,550 --> 00:14:16,160

they're they they're just mangy coyotes

391

00:14:20,470 --> 00:14:18,560

they have this disease mange which is a

392

00:14:22,230 --> 00:14:20,480

you know sarcoptic mange is a tiny mite

393

00:14:24,389 --> 00:14:22,240

gets in the skin they scratch the hair

394

00:14:26,629 --> 00:14:24,399

out blah blah blah

395

00:14:28,150 --> 00:14:26,639

that might be a reasonable explanation

396

00:14:30,470 --> 00:14:28,160

in some cases

397

00:14:31,590 --> 00:14:30,480

but anyone who's ever seen an actual

398

00:14:34,230 --> 00:14:31,600

mangy coyote

399

00:14:36,230 --> 00:14:34,240

will can tell you that they actually

400

00:14:37,990 --> 00:14:36,240

it's not a uniform thing they have like

401  
00:14:39,670 --> 00:14:38,000  
patches of hair all over their body

402  
00:14:41,430 --> 00:14:39,680  
where they've scratched some places but

403  
00:14:42,710 --> 00:14:41,440  
not others they can't reach some places

404  
00:14:44,790 --> 00:14:42,720  
to scratch the hair out

405  
00:14:45,750 --> 00:14:44,800  
right but these animals seem fairly

406  
00:14:47,990 --> 00:14:45,760  
uniformly

407  
00:14:49,269 --> 00:14:48,000  
hairless they have little wispy hairs

408  
00:14:50,790 --> 00:14:49,279  
around their bodies

409  
00:14:53,110 --> 00:14:50,800  
and sometimes they do have like a little

410  
00:14:56,230 --> 00:14:53,120  
fringe going down their spine

411  
00:14:58,069 --> 00:14:56,240  
or hair around their feet so i you know

412  
00:14:59,430 --> 00:14:58,079  
again a lot of people think disease but

413  
00:15:00,949 --> 00:14:59,440

you know i tend to think long that you

414

00:15:02,550 --> 00:15:00,959

know it's a possibility at least that we

415

00:15:03,430 --> 00:15:02,560

could also be dealing with some type of

416

00:15:05,430 --> 00:15:03,440

mutation

417

00:15:06,550 --> 00:15:05,440

something yeah that's not little defects

418

00:15:08,310 --> 00:15:06,560

you know because these

419

00:15:10,790 --> 00:15:08,320

animals it seems to be a genetic

420

00:15:12,710 --> 00:15:10,800

situation where these traits are being

421

00:15:14,310 --> 00:15:12,720

passed on and the again many of the

422

00:15:15,110 --> 00:15:14,320

animals i've examined have had like just

423

00:15:18,710 --> 00:15:15,120

really

424

00:15:20,150 --> 00:15:18,720

you know unusual malformities and things

425

00:15:22,230 --> 00:15:20,160

that would lead me to believe that

426

00:15:23,750 --> 00:15:22,240

you know maybe that's some genetics

427

00:15:26,790 --> 00:15:23,760

maybe disease and genetics

428

00:15:29,110 --> 00:15:26,800

all wrapped up in one who knows yeah

429

00:15:31,910 --> 00:15:29,120

i've seen uh coyotes with means

430

00:15:33,189 --> 00:15:31,920

here in the east i mean uh maryland and

431

00:15:35,110 --> 00:15:33,199

pennsylvania and

432

00:15:37,430 --> 00:15:35,120

for the most part most of them are

433

00:15:38,389 --> 00:15:37,440

emaciated as well so they look nothing

434

00:15:41,509 --> 00:15:38,399

like

435

00:15:42,550 --> 00:15:41,519

these these blue dogs that you have down

436

00:15:45,829 --> 00:15:42,560

there

437

00:15:49,110 --> 00:15:45,839

different about them

438

00:15:52,069 --> 00:15:49,120

and um you know it's

439

00:15:52,790 --> 00:15:52,079

it'll be interesting to see what what

440

00:15:55,430 --> 00:15:52,800

results

441

00:15:57,829 --> 00:15:55,440

in the future with the these uh these

442

00:16:00,629 --> 00:15:57,839

candidates because um

443

00:16:01,110 --> 00:16:00,639

the fact that people are saying that

444

00:16:04,310 --> 00:16:01,120

they

445

00:16:05,990 --> 00:16:04,320

eat blood you know drink blood and leave

446

00:16:08,870 --> 00:16:06,000

the carcasses that's just

447

00:16:09,269 --> 00:16:08,880

wild as far as i'm concerned yeah and

448

00:16:14,069 --> 00:16:09,279

these

449

00:16:15,829 --> 00:16:14,079

uh ranchers that have dealt with

450

00:16:17,910 --> 00:16:15,839

most predators that you would expect you

451  
00:16:19,829 --> 00:16:17,920  
know coyotes bobcats

452  
00:16:20,870 --> 00:16:19,839  
raccoons possum squirrels whatever

453  
00:16:21,590 --> 00:16:20,880  
there's a lot of things out there

454  
00:16:23,829 --> 00:16:21,600  
that'll snatch

455  
00:16:25,269 --> 00:16:23,839  
chickens but that's it they snatch the

456  
00:16:25,749 --> 00:16:25,279  
chicken they don't eat it there in the

457  
00:16:27,110 --> 00:16:25,759  
pan

458  
00:16:29,189 --> 00:16:27,120  
typically or maybe they'll eat a little

459  
00:16:32,550 --> 00:16:29,199  
bit and take the rest but

460  
00:16:33,829 --> 00:16:32,560  
and it's usually pretty messy right

461  
00:16:35,189 --> 00:16:33,839  
i mean that's that's the thing that's

462  
00:16:36,389 --> 00:16:35,199  
that's striking and people have to

463  
00:16:37,990 --> 00:16:36,399

remember is that

464

00:16:40,069 --> 00:16:38,000

these the people that are experiencing

465

00:16:41,509 --> 00:16:40,079

these situations that you know these are

466

00:16:43,030 --> 00:16:41,519

people that are around

467

00:16:44,790 --> 00:16:43,040

all types of animals and they've seen a

468

00:16:46,710 --> 00:16:44,800

lot of things so

469

00:16:47,910 --> 00:16:46,720

and you know and they're pretty baffled

470

00:16:49,990 --> 00:16:47,920

by these uh

471

00:16:53,189 --> 00:16:50,000

by these killings livestock killings so

472

00:16:56,069 --> 00:16:53,199

it's yeah it's notable

473

00:16:57,590 --> 00:16:56,079

now i had received some questions from

474

00:17:02,069 --> 00:16:57,600

some of my readers to ask you

475

00:17:05,429 --> 00:17:02,079

tonight uh russell had asked me

476  
00:17:08,789 --> 00:17:05,439  
do you believe that the mothman and the

477  
00:17:10,069 --> 00:17:08,799  
owl man which is mostly known for in the

478  
00:17:12,230 --> 00:17:10,079  
uk

479  
00:17:14,870 --> 00:17:12,240  
um are they the same creature do you

480  
00:17:17,590 --> 00:17:14,880  
believe they are

481  
00:17:19,429 --> 00:17:17,600  
i think that it's possible that they

482  
00:17:21,510 --> 00:17:19,439  
might be related i don't think they're

483  
00:17:22,309 --> 00:17:21,520  
exactly the same creature but perhaps

484  
00:17:25,909 --> 00:17:22,319  
the same

485  
00:17:27,669 --> 00:17:25,919  
phenomenon that generates these things

486  
00:17:30,150 --> 00:17:27,679  
wherever they come from or whatever they

487  
00:17:32,070 --> 00:17:30,160  
are the main similarity and there's some

488  
00:17:34,310 --> 00:17:32,080

pretty dramatic differences in terms of

489

00:17:35,990 --> 00:17:34,320

like the size mothman was

490

00:17:37,990 --> 00:17:36,000

said to typically stand about six and a

491

00:17:39,590 --> 00:17:38,000

half feet tall i think owlman's much

492

00:17:42,230 --> 00:17:39,600

shorter

493

00:17:44,830 --> 00:17:42,240

mothman was said by most witnesses to

494

00:17:48,150 --> 00:17:44,840

have kind of dark

495

00:17:48,870 --> 00:17:48,160

uniform uh kind of a texture to the skin

496

00:17:51,270 --> 00:17:48,880

whereas

497

00:17:52,710 --> 00:17:51,280

alamann was reported as having kind of a

498

00:17:55,590 --> 00:17:52,720

plumage or

499

00:17:57,270 --> 00:17:55,600

furry type gray covering um but there

500

00:17:59,190 --> 00:17:57,280

are similarities in terms of the large

501  
00:18:00,150 --> 00:17:59,200  
glowing red eyes that's been reported of

502  
00:18:03,190 --> 00:18:00,160  
course in

503  
00:18:06,390 --> 00:18:03,200  
uh with both creases creatures

504  
00:18:08,549 --> 00:18:06,400  
and also they're both have been

505  
00:18:10,390 --> 00:18:08,559  
pretty much reported in the same

506  
00:18:12,230 --> 00:18:10,400  
location in terms of

507  
00:18:13,510 --> 00:18:12,240  
you know mothman in and around point

508  
00:18:15,350 --> 00:18:13,520  
pleasant i know there were some

509  
00:18:17,190 --> 00:18:15,360  
sightings down in charleston and

510  
00:18:18,390 --> 00:18:17,200  
right maybe over across the river in

511  
00:18:21,590 --> 00:18:18,400  
ohio

512  
00:18:25,270 --> 00:18:21,600  
um owl man has always been reported

513  
00:18:28,150 --> 00:18:25,280

in the woods uh near mount and church

514

00:18:29,669 --> 00:18:28,160

and cemetery right there on the cornish

515

00:18:32,390 --> 00:18:29,679

coast of england

516

00:18:35,830 --> 00:18:32,400

um one of the things i talked about in

517

00:18:38,950 --> 00:18:35,840

my flying humanoid book is the fact that

518

00:18:41,750 --> 00:18:38,960

it seems like the majority of site

519

00:18:41,990 --> 00:18:41,760

witnesses people that experience things

520

00:18:45,029 --> 00:18:42,000

like

521

00:18:47,669 --> 00:18:45,039

mothman and owl man are either a

522

00:18:49,190 --> 00:18:47,679

juvenile younger people and by younger i

523

00:18:49,590 --> 00:18:49,200

don't mean you know always children but

524

00:18:52,230 --> 00:18:49,600

maybe

525

00:18:54,150 --> 00:18:52,240

adolescents teenagers and there seem to

526  
00:18:55,990 --> 00:18:54,160  
be more witnesses that are females as

527  
00:18:57,350 --> 00:18:56,000  
according to male

528  
00:18:59,029 --> 00:18:57,360  
so you know there was some wild

529  
00:19:02,390 --> 00:18:59,039  
speculation but

530  
00:19:04,710 --> 00:19:02,400  
um at the risk of offending anybody

531  
00:19:05,909 --> 00:19:04,720  
if we could acknowledge that females

532  
00:19:08,390 --> 00:19:05,919  
perhaps

533  
00:19:09,510 --> 00:19:08,400  
tend to have more of an emotional

534  
00:19:11,430 --> 00:19:09,520  
capacity

535  
00:19:12,390 --> 00:19:11,440  
than males because of their the fact

536  
00:19:13,830 --> 00:19:12,400  
that they're mothers and they're

537  
00:19:16,150 --> 00:19:13,840  
nurturing and those types of things they

538  
00:19:18,630 --> 00:19:16,160

have those instincts

539

00:19:20,310 --> 00:19:18,640

moreover younger females often go

540

00:19:22,470 --> 00:19:20,320

through hormonal changes that cause them

541

00:19:24,150 --> 00:19:22,480

to be very emotional

542

00:19:25,830 --> 00:19:24,160

and you know one of the theories about

543

00:19:26,710 --> 00:19:25,840

things like mothman and owl man is that

544

00:19:29,750 --> 00:19:26,720

they are

545

00:19:30,950 --> 00:19:29,760

uh psychic vampires we were just talking

546

00:19:32,549 --> 00:19:30,960

about

547

00:19:34,310 --> 00:19:32,559

traditional vampires but that they

548

00:19:36,710 --> 00:19:34,320

somehow these creatures these flying

549

00:19:38,390 --> 00:19:36,720

creatures somehow feed off of emotional

550

00:19:41,830 --> 00:19:38,400

energy such as fear

551  
00:19:43,830 --> 00:19:41,840  
or you know who knows and that kind of

552  
00:19:46,630 --> 00:19:43,840  
there are many many accounts of them you

553  
00:19:48,789 --> 00:19:46,640  
know basically terrorizing people

554  
00:19:50,470 --> 00:19:48,799  
chasing young women chasing their cars

555  
00:19:52,390 --> 00:19:50,480  
popping up out of the darkness

556  
00:19:53,590 --> 00:19:52,400  
they never actually physically attack

557  
00:19:55,350 --> 00:19:53,600  
anybody but

558  
00:19:57,430 --> 00:19:55,360  
they seem to really scare the bejesus

559  
00:19:58,630 --> 00:19:57,440  
out of people and um i just think that's

560  
00:20:02,390 --> 00:19:58,640  
an interesting

561  
00:20:05,350 --> 00:20:02,400  
uh coincidence well that you know

562  
00:20:07,270 --> 00:20:05,360  
with the the wing humanoid encounters

563  
00:20:08,390 --> 00:20:07,280

that i've been documenting the past two

564

00:20:11,430 --> 00:20:08,400

years

565

00:20:13,909 --> 00:20:11,440

it does seem like those beings are

566

00:20:16,230 --> 00:20:13,919

also you know show those type of

567

00:20:18,630 --> 00:20:16,240

characteristics that they

568

00:20:19,990 --> 00:20:18,640

you know they they kind of feed off the

569

00:20:22,230 --> 00:20:20,000

fear or they project

570

00:20:23,990 --> 00:20:22,240

some type of fear other than just

571

00:20:25,110 --> 00:20:24,000

someone being shocked by seeing the

572

00:20:28,149 --> 00:20:25,120

thing

573

00:20:29,830 --> 00:20:28,159

um i don't know i mean this may be

574

00:20:33,029 --> 00:20:29,840

something that's indicative of these

575

00:20:35,190 --> 00:20:33,039

winged these winged

576

00:20:36,789 --> 00:20:35,200

yeah beans i mean it may be it's just

577

00:20:38,950 --> 00:20:36,799

it's all speculation of course

578

00:20:40,310 --> 00:20:38,960

sure just it seems to be a as you look

579

00:20:41,110 --> 00:20:40,320

at and i know you've looked at like you

580

00:20:43,510 --> 00:20:41,120

said a lot of

581

00:20:45,029 --> 00:20:43,520

uh accounts and sightings and reports i

582

00:20:46,870 --> 00:20:45,039

of course did when i was researching my

583

00:20:48,950 --> 00:20:46,880

flying humanoid book and

584

00:20:50,789 --> 00:20:48,960

you know you kind of tend to focus a

585

00:20:53,029 --> 00:20:50,799

researcher you of course focus on the

586

00:20:55,110 --> 00:20:53,039

commonalities the patterns that pop

587

00:20:57,029 --> 00:20:55,120

up and when you start noticing certain

588

00:20:58,950 --> 00:20:57,039

types of people or certain

589

00:21:00,230 --> 00:20:58,960

factors involved in different cases it's

590

00:21:02,950 --> 00:21:00,240

just you know it's kind of interesting

591

00:21:06,549 --> 00:21:02,960

and it's worth noting

592

00:21:07,110 --> 00:21:06,559

now uh russell did ask me to ask you

593

00:21:09,909 --> 00:21:07,120

again

594

00:21:11,029 --> 00:21:09,919

um now i know you have investigated the

595

00:21:13,669 --> 00:21:11,039

uh

596

00:21:14,149 --> 00:21:13,679

the point pleasant mothman and and all

597

00:21:27,110 --> 00:21:14,159

the

598

00:21:30,870 --> 00:21:30,390

um you know i admittedly i haven't put a

599

00:21:34,070 --> 00:21:30,880

lot of

600

00:21:34,630 --> 00:21:34,080

uh focus on the injured cold aspect of

601  
00:21:36,870 --> 00:21:34,640  
the mob

602  
00:21:37,830 --> 00:21:36,880  
man i know that was kind of you know

603  
00:21:40,149 --> 00:21:37,840  
john keel

604  
00:21:41,430 --> 00:21:40,159  
and um what was his name the guy that

605  
00:21:44,789 --> 00:21:41,440  
wrote silver bridge

606  
00:21:46,549 --> 00:21:44,799  
it's escaping me right now john's buddy

607  
00:21:49,190 --> 00:21:46,559  
the ufo researcher

608  
00:21:51,190 --> 00:21:49,200  
in a second um you know they kind of

609  
00:21:54,549 --> 00:21:51,200  
there were some similarities

610  
00:21:56,870 --> 00:21:54,559  
or i guess some coincidences in terms of

611  
00:21:58,630 --> 00:21:56,880  
the timing and the locations of you know

612  
00:22:01,750 --> 00:21:58,640  
the injured cold encounter alleged

613  
00:22:03,430 --> 00:22:01,760

injured cold encounter and uh

614

00:22:05,909 --> 00:22:03,440

and the mothman kind of in that same

615

00:22:08,710 --> 00:22:05,919

region around the same time period

616

00:22:10,549 --> 00:22:08,720

um but no i don't necessarily i'm not

617

00:22:11,990 --> 00:22:10,559

primarily a ufologist i'm a

618

00:22:14,870 --> 00:22:12,000

cryptozoologist so i tend

619

00:22:15,430 --> 00:22:14,880

to focus on the theories that deal more

620

00:22:16,950 --> 00:22:15,440

with

621

00:22:18,630 --> 00:22:16,960

you know the the animal like

622

00:22:19,830 --> 00:22:18,640

characteristics of these different

623

00:22:23,270 --> 00:22:19,840

creatures

624

00:22:25,190 --> 00:22:23,280

um and you know john keel and of course

625

00:22:26,390 --> 00:22:25,200

others had explored that other theory so

626

00:22:27,669 --> 00:22:26,400

i didn't feel like it was

627

00:22:29,830 --> 00:22:27,679

something that you know really

628

00:22:31,590 --> 00:22:29,840

interested me enough to kind of

629

00:22:33,990 --> 00:22:31,600

you know gray barker that was his name

630

00:22:35,830 --> 00:22:34,000

great oh yeah great marker okay

631

00:22:38,310 --> 00:22:35,840

yeah so they you know those guys kind of

632

00:22:40,710 --> 00:22:38,320

came from that background they had that

633

00:22:41,909 --> 00:22:40,720

i won't say bias but you know john keel

634

00:22:43,990 --> 00:22:41,919

and gray barker had both been

635

00:22:45,669 --> 00:22:44,000

investigating a lot of ufo cases before

636

00:22:48,870 --> 00:22:45,679

the mothman happened

637

00:22:49,750 --> 00:22:48,880

um you know john keel of course also at

638

00:22:51,270 --> 00:22:49,760

times

639

00:22:53,430 --> 00:22:51,280

considered himself a bit of a

640

00:22:54,630 --> 00:22:53,440

demonologist allegedly that he referred

641

00:22:55,590 --> 00:22:54,640

himself so he thought there were you

642

00:22:57,590 --> 00:22:55,600

know some kind of

643

00:22:59,430 --> 00:22:57,600

you know that was his his bias he saw

644

00:23:01,110 --> 00:22:59,440

some connections or links with all of

645

00:23:02,870 --> 00:23:01,120

these different things

646

00:23:04,549 --> 00:23:02,880

tend to be that that kind of guy it

647

00:23:06,070 --> 00:23:04,559

seemed like that kind of researcher

648

00:23:07,669 --> 00:23:06,080

where he liked to

649

00:23:09,270 --> 00:23:07,679

to to explore those different types of

650

00:23:11,270 --> 00:23:09,280

links and connections

651  
00:23:12,870 --> 00:23:11,280  
um i've approached the mothman as a

652  
00:23:15,270 --> 00:23:12,880  
purely objective

653  
00:23:17,190 --> 00:23:15,280  
you know you know it's it's it has

654  
00:23:19,430 --> 00:23:17,200  
animal-like characteristics people say

655  
00:23:23,350 --> 00:23:19,440  
it you know it flies around

656  
00:23:26,310 --> 00:23:23,360  
um it has wings and legs

657  
00:23:28,070 --> 00:23:26,320  
um it's big you know what could it be

658  
00:23:30,789 --> 00:23:28,080  
and of course i you know it wasn't

659  
00:23:32,230 --> 00:23:30,799  
long uh before i started investigating

660  
00:23:33,669 --> 00:23:32,240  
these things that i ruled out

661  
00:23:36,149 --> 00:23:33,679  
you know anything flesh and blood

662  
00:23:37,830 --> 00:23:36,159  
anything you know unknown animal

663  
00:23:39,270 --> 00:23:37,840

that that could be misinterpreted or

664

00:23:41,909 --> 00:23:39,280

anything like that it's just so

665

00:23:42,549 --> 00:23:41,919

weird the physical descriptions and the

666

00:23:45,510 --> 00:23:42,559

the act

667

00:23:46,950 --> 00:23:45,520

behaviors that are displayed by mothman

668

00:23:49,350 --> 00:23:46,960

are all just so utterly bizarre and

669

00:23:52,390 --> 00:23:49,360

weird that they they have to be

670

00:23:53,269 --> 00:23:52,400

something you know from beyond yeah

671

00:23:55,190 --> 00:23:53,279

that's

672

00:23:58,230 --> 00:23:55,200

however you want to characterize that

673

00:24:00,950 --> 00:23:58,240

exactly i mean that's the way i have

674

00:24:01,830 --> 00:24:00,960

you know when i when i first started

675

00:24:04,630 --> 00:24:01,840

looking into

676

00:24:05,830 --> 00:24:04,640

a lot of this um these wing beings and

677

00:24:08,070 --> 00:24:05,840

uh

678

00:24:09,510 --> 00:24:08,080

yeah you're right how could one of these

679

00:24:11,669 --> 00:24:09,520

some of these things be indigenous i

680

00:24:13,430 --> 00:24:11,679

mean there's just no way

681

00:24:15,029 --> 00:24:13,440

that that can happen they got to come

682

00:24:16,950 --> 00:24:15,039

from somewhere other

683

00:24:18,390 --> 00:24:16,960

than being on this earth plane i mean

684

00:24:20,710 --> 00:24:18,400

they're showing up

685

00:24:21,669 --> 00:24:20,720

they may actually be solid beings

686

00:24:25,750 --> 00:24:21,679

corporal beings

687

00:24:28,070 --> 00:24:25,760

but they don't have a physical presence

688

00:24:29,590 --> 00:24:28,080

whatever they are they are physical they

689

00:24:31,510 --> 00:24:29,600

are physical at the time they

690

00:24:33,269 --> 00:24:31,520

place they choose to be physical but

691

00:24:35,430 --> 00:24:33,279

their origin is not

692

00:24:39,110 --> 00:24:35,440

in the fossil history it's something

693

00:24:40,789 --> 00:24:39,120

that's far beyond our comprehension

694

00:24:43,029 --> 00:24:40,799

yeah well it's a mystery and it's going

695

00:24:45,269 --> 00:24:43,039

to be a mystery i'm afraid for a while

696

00:24:47,750 --> 00:24:45,279

i'm just you know more i look into this

697

00:24:49,510 --> 00:24:47,760

thing i think i'm more confused that yet

698

00:24:51,750 --> 00:24:49,520

there's a lot of questions that pop up

699

00:24:53,510 --> 00:24:51,760

with this whole phenomena

700

00:24:56,310 --> 00:24:53,520

absolutely i've had some interesting you

701  
00:24:59,669 --> 00:24:56,320  
know i know you you're one of the

702  
00:25:00,070 --> 00:24:59,679  
really the leaders in terms of getting a

703  
00:25:02,070 --> 00:25:00,080  
lot of

704  
00:25:03,590 --> 00:25:02,080  
good reports and eyewitness sightings

705  
00:25:04,950 --> 00:25:03,600  
out there and i commend you for that lon

706  
00:25:05,909 --> 00:25:04,960  
you do a great job with that and it's

707  
00:25:09,110 --> 00:25:05,919  
always

708  
00:25:11,830 --> 00:25:09,120  
interesting to to read a lot of those i

709  
00:25:13,830 --> 00:25:11,840  
of course get contacted from time to

710  
00:25:17,190 --> 00:25:13,840  
time by people that have had

711  
00:25:18,710 --> 00:25:17,200  
experiences and you know they need to

712  
00:25:21,110 --> 00:25:18,720  
try to get some answers or some

713  
00:25:25,190 --> 00:25:21,120

resolution very recently

714

00:25:27,909 --> 00:25:25,200

i spoke to a gentleman from west texas

715

00:25:29,669 --> 00:25:27,919

uh who contacted me i guess he he found

716

00:25:32,310 --> 00:25:29,679

out about my research and he claims that

717

00:25:36,470 --> 00:25:32,320

back in 2014

718

00:25:37,750 --> 00:25:36,480

uh he had seen a a flying humanoid type

719

00:25:39,669 --> 00:25:37,760

creature now this was

720

00:25:41,669 --> 00:25:39,679

about eight o'clock at night he stepped

721

00:25:42,630 --> 00:25:41,679

out side to have a cigarette after

722

00:25:44,710 --> 00:25:42,640

dinner

723

00:25:46,070 --> 00:25:44,720

and he says he was smoking he saw this

724

00:25:48,149 --> 00:25:46,080

thing in the sky and he

725

00:25:50,390 --> 00:25:48,159

says it was about in his estimation

726

00:25:53,430 --> 00:25:50,400

about 13 feet long

727

00:25:55,350 --> 00:25:53,440

very powerful and muscular huge wings a

728

00:25:58,149 --> 00:25:55,360

long tail and he said this is weird he

729

00:26:00,149 --> 00:25:58,159

said it had horns on its head

730

00:26:01,669 --> 00:26:00,159

that went straight back not like curled

731

00:26:03,510 --> 00:26:01,679

like a ram

732

00:26:05,269 --> 00:26:03,520

and he didn't have feathers that had

733

00:26:07,909 --> 00:26:05,279

kind of like bat like wings

734

00:26:09,669 --> 00:26:07,919

arms and legs like a human and it said

735

00:26:09,990 --> 00:26:09,679

it just looked down at him as it glided

736

00:26:11,990 --> 00:26:10,000

over

737

00:26:14,390 --> 00:26:12,000

and now that particular area where he

738

00:26:17,830 --> 00:26:14,400

claims he saw it is a town called tohoka

739

00:26:20,549 --> 00:26:17,840

texas very recently i had written about

740

00:26:21,190 --> 00:26:20,559

a another couple that i interviewed from

741

00:26:23,269 --> 00:26:21,200

nearby

742

00:26:24,230 --> 00:26:23,279

a town called big spring who had seen

743

00:26:27,669 --> 00:26:24,240

this giant

744

00:26:29,269 --> 00:26:27,679

12-foot flying humanoid soaring overhead

745

00:26:30,870 --> 00:26:29,279

and they said it had long flowing hair

746

00:26:32,789 --> 00:26:30,880

but was very powerful

747

00:26:33,909 --> 00:26:32,799

and also very recently i spoke to a

748

00:26:36,470 --> 00:26:33,919

gentleman in in

749

00:26:39,029 --> 00:26:36,480

mexico who's who describes something

750

00:26:40,549 --> 00:26:39,039

very similar so you know unlike the mod

751  
00:26:42,470 --> 00:26:40,559  
i mean mothman was obviously a

752  
00:26:44,070 --> 00:26:42,480  
fairly sizable thing but there seem to

753  
00:26:45,750 --> 00:26:44,080  
be some recurring features that are

754  
00:26:47,510 --> 00:26:45,760  
coming up in all these reports lately

755  
00:26:48,870 --> 00:26:47,520  
that they're they're giants

756  
00:26:50,789 --> 00:26:48,880  
you know they're they're not just flying

757  
00:26:52,630 --> 00:26:50,799  
humanoids but they're like 12

758  
00:26:53,990 --> 00:26:52,640  
feet tall they're very powerful and

759  
00:26:57,990 --> 00:26:54,000  
muscular

760  
00:27:00,149 --> 00:26:58,000  
and um you know the black eyes i think

761  
00:27:04,070 --> 00:27:00,159  
has been reported or big black eyes so

762  
00:27:05,990 --> 00:27:04,080  
you know not not sure if it's exactly

763  
00:27:09,190 --> 00:27:06,000

related to the mothman phenomenon

764

00:27:10,870 --> 00:27:09,200

but um you know that is interesting that

765

00:27:12,549 --> 00:27:10,880

there are new reports coming in and they

766

00:27:13,909 --> 00:27:12,559

kind of fit a pattern

767

00:27:17,269 --> 00:27:13,919

yeah there are a lot of different

768

00:27:19,510 --> 00:27:17,279

reports coming in i mean it's um

769

00:27:20,950 --> 00:27:19,520

you know we've been mostly focused in

770

00:27:22,389 --> 00:27:20,960

the upper midwest but

771

00:27:25,029 --> 00:27:22,399

you know we are occasionally getting

772

00:27:28,389 --> 00:27:25,039

reports just like we had a um

773

00:27:32,230 --> 00:27:28,399

i had received three separate reports of

774

00:27:33,110 --> 00:27:32,240

something down in pasco county florida

775

00:27:35,590 --> 00:27:33,120

that

776  
00:27:36,470 --> 00:27:35,600  
looked i mean it was described very much

777  
00:27:39,510 --> 00:27:36,480  
like

778  
00:27:42,870 --> 00:27:39,520  
what was going on around chicago

779  
00:27:45,110 --> 00:27:42,880  
and uh you know i

780  
00:27:46,950 --> 00:27:45,120  
i had no idea if it was related but i

781  
00:27:47,190 --> 00:27:46,960  
mean it was very similar to what people

782  
00:27:50,070 --> 00:27:47,200  
were

783  
00:27:50,789 --> 00:27:50,080  
reporting i had got a report in texas i

784  
00:27:53,750 --> 00:27:50,799  
got one in

785  
00:27:54,870 --> 00:27:53,760  
ohio and you know you you mentioned to

786  
00:27:58,389 --> 00:27:54,880  
me a couple years

787  
00:28:00,389 --> 00:27:58,399  
ago not long after i started receiving

788  
00:28:01,590 --> 00:28:00,399

these reports out of chicago that you

789

00:28:03,350 --> 00:28:01,600

had received

790

00:28:04,710 --> 00:28:03,360

at least every one report out of

791

00:28:08,470 --> 00:28:04,720

milwaukee

792

00:28:09,990 --> 00:28:08,480

and uh i also received some reports in

793

00:28:13,190 --> 00:28:10,000

the milwaukee area as well

794

00:28:15,350 --> 00:28:13,200

so you know i don't know exactly

795

00:28:16,710 --> 00:28:15,360

if this is just expanding out from

796

00:28:20,389 --> 00:28:16,720

chicago

797

00:28:24,070 --> 00:28:20,399

but i am documenting reports

798

00:28:27,909 --> 00:28:24,080

like 200 250 miles radius from

799

00:28:30,470 --> 00:28:27,919

uh from the chicago area so

800

00:28:31,510 --> 00:28:30,480

you know it seems like the whole lake

801  
00:28:34,870 --> 00:28:31,520  
michigan

802  
00:28:38,389 --> 00:28:34,880  
area is starting to

803  
00:28:41,110 --> 00:28:38,399  
really uh light up as far as this

804  
00:28:44,549 --> 00:28:42,470  
yeah i'll agree with you there i've

805  
00:28:46,149 --> 00:28:44,559  
gotten a lot of reports now

806  
00:28:47,590 --> 00:28:46,159  
most of the reports i've gotten levy

807  
00:28:49,669 --> 00:28:47,600  
have described

808  
00:28:51,590 --> 00:28:49,679  
not necessarily mothman type creatures

809  
00:28:53,029 --> 00:28:51,600  
but more of the traditional thunderbird

810  
00:28:56,230 --> 00:28:53,039  
type things like right

811  
00:28:57,350 --> 00:28:56,240  
you know giant birds with you know 15 20

812  
00:28:59,909 --> 00:28:57,360  
foot wing spans

813  
00:29:01,669 --> 00:28:59,919

feathers beaks i've gotten a lot of

814

00:29:04,950 --> 00:29:01,679

reports of those lately in that area

815

00:29:06,950 --> 00:29:04,960

you're describing northern illinois

816

00:29:08,710 --> 00:29:06,960

michigan has been kind of a hotbed of a

817

00:29:10,870 --> 00:29:08,720

lot of sightings from michigan lately

818

00:29:11,990 --> 00:29:10,880

so you're right there is something about

819

00:29:14,230 --> 00:29:12,000

the great lakes area

820

00:29:15,110 --> 00:29:14,240

that seems to generate a lot of winged

821

00:29:18,310 --> 00:29:15,120

creature

822

00:29:19,830 --> 00:29:18,320

reports for some reason yeah well

823

00:29:21,510 --> 00:29:19,840

like i said before i'm sure we're gonna

824

00:29:22,950 --> 00:29:21,520

be getting a lot more

825

00:29:26,870 --> 00:29:22,960

i think we're gonna we're gonna be in

826

00:29:29,990 --> 00:29:26,880

for a busy summer at least um

827

00:29:30,710 --> 00:29:30,000

now the last time we talked uh we you

828

00:29:32,950 --> 00:29:30,720

had mentioned

829

00:29:33,750 --> 00:29:32,960

some of the interesting adventures you

830

00:29:36,870 --> 00:29:33,760

had to run into

831

00:29:39,909 --> 00:29:36,880

while shooting missing in alaska and

832

00:29:43,510 --> 00:29:39,919

uh i'm sure you'll agree that paranormal

833

00:29:46,149 --> 00:29:43,520

tv is always fun and games

834

00:29:47,990 --> 00:29:46,159

and of course you you had an issue at

835

00:29:49,830 --> 00:29:48,000

one point as well

836

00:29:51,269 --> 00:29:49,840

where you had gotten injured and we

837

00:29:54,389 --> 00:29:51,279

talked about that

838

00:29:56,549 --> 00:29:54,399

yeah i broke my ankle and it was i mean

839

00:29:59,029 --> 00:29:56,559

strangely enough it was doing an episode

840

00:30:00,710 --> 00:29:59,039

about these kind of demonic

841

00:30:02,389 --> 00:30:00,720

as i should call them demonic because

842

00:30:02,870 --> 00:30:02,399

they were almost like native american

843

00:30:04,789 --> 00:30:02,880

but

844

00:30:05,990 --> 00:30:04,799

the native american version of demonic

845

00:30:07,830 --> 00:30:06,000

very negative and

846

00:30:09,990 --> 00:30:07,840

you know kind of apparitions ghost

847

00:30:10,950 --> 00:30:10,000

spirits that were associated with

848

00:30:14,549 --> 00:30:10,960

negative energy

849

00:30:16,549 --> 00:30:14,559

so um that's one of the things that

850

00:30:19,110 --> 00:30:16,559

happened i mean i don't

851  
00:30:20,870 --> 00:30:19,120  
you know i can't specifically say that

852  
00:30:22,070 --> 00:30:20,880  
that was the link but i i certainly

853  
00:30:24,549 --> 00:30:22,080  
didn't break my ankle

854  
00:30:26,789 --> 00:30:24,559  
on the sea monster episode or the big

855  
00:30:30,149 --> 00:30:26,799  
foot episode

856  
00:30:30,870 --> 00:30:30,159  
it was the the nahani the negative dark

857  
00:30:33,350 --> 00:30:30,880  
spirit

858  
00:30:35,430 --> 00:30:33,360  
episode so yeah but he made for

859  
00:30:38,950 --> 00:30:35,440  
interesting television i do

860  
00:30:40,630 --> 00:30:38,960  
i will tell you that i mean uh uh

861  
00:30:42,230 --> 00:30:40,640  
it was quite a struggle because you're

862  
00:30:42,710 --> 00:30:42,240  
out in the middle of nowhere trying to

863  
00:30:44,149 --> 00:30:42,720

find

864

00:30:46,389 --> 00:30:44,159

trying to get out of there so you can

865

00:30:48,470 --> 00:30:46,399

get medical assistance yeah

866

00:30:50,230 --> 00:30:48,480

it was a bad bad one of the worst

867

00:30:51,990 --> 00:30:50,240

experiences of my life nobody ever wants

868

00:30:53,990 --> 00:30:52,000

to get injured but particularly

869

00:30:55,909 --> 00:30:54,000

you know kind of a wilderness area it's

870

00:30:59,750 --> 00:30:55,919

uh always kind of harrowing

871

00:31:01,430 --> 00:30:59,760

but you know life life goes on you know

872

00:31:04,389 --> 00:31:01,440

hopefully i'll be a little more careful

873

00:31:07,430 --> 00:31:04,399

next time

874

00:31:08,149 --> 00:31:07,440

yeah and i don't generally do paranormal

875

00:31:11,509 --> 00:31:08,159

research

876  
00:31:12,549 --> 00:31:11,519  
or you know anything way way you know

877  
00:31:14,149 --> 00:31:12,559  
anything dealing with

878  
00:31:16,470 --> 00:31:14,159  
you know kind of negative energies and

879  
00:31:18,310 --> 00:31:16,480  
attachments i try to now some of the

880  
00:31:19,830 --> 00:31:18,320  
stuff kind of touches on that i guess

881  
00:31:23,190 --> 00:31:19,840  
some of the mothman stuff

882  
00:31:26,789 --> 00:31:23,200  
and occasionally i'll get some kind of

883  
00:31:28,389 --> 00:31:26,799  
darker kind of cases like that but you

884  
00:31:29,909 --> 00:31:28,399  
know again i'm more of i try to be more

885  
00:31:30,549 --> 00:31:29,919  
of a traditional cryptozoologist and

886  
00:31:32,310 --> 00:31:30,559  
looking

887  
00:31:35,350 --> 00:31:32,320  
for you know basically things that could

888  
00:31:37,669 --> 00:31:35,360

be undiscovered animals and

889

00:31:39,430 --> 00:31:37,679

well you know sometimes it's weird but

890

00:31:41,190 --> 00:31:39,440

it's kind of hard to avoid it though in

891

00:31:43,590 --> 00:31:41,200

some cases because

892

00:31:45,269 --> 00:31:43,600

these things do seem to tie in together

893

00:31:48,389 --> 00:31:45,279

or connect together

894

00:31:50,870 --> 00:31:48,399

uh in some instances i mean it

895

00:31:52,710 --> 00:31:50,880

just seems like that's what i run into

896

00:31:55,110 --> 00:31:52,720

all the time or i'm investigating or

897

00:31:56,950 --> 00:31:55,120

researching something and i got one or

898

00:31:57,590 --> 00:31:56,960

two or three different things coming in

899

00:31:59,590 --> 00:31:57,600

with it

900

00:32:00,710 --> 00:31:59,600

as far as trying to explain what's going

901  
00:32:03,590 --> 00:32:00,720  
on

902  
00:32:05,269 --> 00:32:03,600  
yeah it is it is hard to separate the

903  
00:32:05,830 --> 00:32:05,279  
wheat from the chaff sometimes that's

904  
00:32:09,430 --> 00:32:05,840  
for sure

905  
00:32:12,310 --> 00:32:09,440  
exactly so um one of my

906  
00:32:13,110 --> 00:32:12,320  
readers named jennifer she she asked me

907  
00:32:22,230 --> 00:32:13,120  
about

908  
00:32:24,149 --> 00:32:22,240  
make it to the show

909  
00:32:26,549 --> 00:32:24,159  
uh was there anything interesting that

910  
00:32:29,029 --> 00:32:26,559  
you think they missed

911  
00:32:30,310 --> 00:32:29,039  
well um this is an interesting story

912  
00:32:32,310 --> 00:32:30,320  
they um

913  
00:32:33,590 --> 00:32:32,320

there was one episode that kind of got

914

00:32:36,389 --> 00:32:33,600

changed out

915

00:32:36,630 --> 00:32:36,399

uh initially the producers wanted to do

916

00:32:43,190 --> 00:32:36,640

an

917

00:32:45,269 --> 00:32:43,200

up in some remote parts of alaska

918

00:32:46,389 --> 00:32:45,279

and i i wasn't familiar with this of

919

00:32:48,630 --> 00:32:46,399

course not

920

00:32:50,549 --> 00:32:48,640

an area of my research but according to

921

00:32:53,669 --> 00:32:50,559

research they had done

922

00:32:55,430 --> 00:32:53,679

there allegedly are satanists and cults

923

00:32:56,470 --> 00:32:55,440

that move to alaska because it's very

924

00:32:59,110 --> 00:32:56,480

remote and they

925

00:33:00,230 --> 00:32:59,120

you know can go i just stay hidden a

926  
00:33:01,590 --> 00:33:00,240  
little bit better and that they will

927  
00:33:04,549 --> 00:33:01,600  
recruit people to

928  
00:33:06,630 --> 00:33:04,559  
to be in these cults or um you know

929  
00:33:09,029 --> 00:33:06,640  
abduct people and

930  
00:33:10,870 --> 00:33:09,039  
so you know it's pretty pretty scary

931  
00:33:12,760 --> 00:33:10,880  
weird stuff and

932  
00:33:14,070 --> 00:33:12,770  
but for whatever reason the um

933  
00:33:16,149 --> 00:33:14,080  
[Music]

934  
00:33:17,669 --> 00:33:16,159  
the history channel felt uncomfortable

935  
00:33:18,389 --> 00:33:17,679  
with the subject matter they didn't want

936  
00:33:19,990 --> 00:33:18,399  
to do any

937  
00:33:22,710 --> 00:33:20,000  
episodes that had to do with anything

938  
00:33:25,590 --> 00:33:22,720

with satanism or anything like that

939

00:33:26,950 --> 00:33:25,600

so ultimately they dropped that idea and

940

00:33:29,430 --> 00:33:26,960

instead they

941

00:33:31,350 --> 00:33:29,440

we did an episode on a kind of a mermaid

942

00:33:33,830 --> 00:33:31,360

type creature called the qual pollock

943

00:33:34,870 --> 00:33:33,840

kind of a native american mermaid type

944

00:33:36,789 --> 00:33:34,880

thing that's been

945

00:33:39,350 --> 00:33:36,799

right off the coast which was cool that

946

00:33:43,269 --> 00:33:39,360

was a kind of a fun episode but

947

00:33:44,870 --> 00:33:43,279

um you know there was uh we were also

948

00:33:46,710 --> 00:33:44,880

on that same note i mean i was

949

00:33:48,549 --> 00:33:46,720

personally concerned if we were

950

00:33:50,070 --> 00:33:48,559

picked up for a second season which we

951  
00:33:51,830 --> 00:33:50,080  
weren't but uh

952  
00:33:53,990 --> 00:33:51,840  
if they had been talking about a second

953  
00:33:54,870 --> 00:33:54,000  
season just looking at the native

954  
00:33:57,590 --> 00:33:54,880  
american

955  
00:33:59,029 --> 00:33:57,600  
alaskan the inuit legends and things i

956  
00:34:01,110 --> 00:33:59,039  
didn't really see a lot of

957  
00:34:03,350 --> 00:34:01,120  
other story ideas that we didn't cover

958  
00:34:05,509 --> 00:34:03,360  
already you know there was

959  
00:34:06,710 --> 00:34:05,519  
maybe a few little chris they have like

960  
00:34:10,230 --> 00:34:06,720  
a walrus man

961  
00:34:12,629 --> 00:34:10,240  
and a uh there's kind of a

962  
00:34:14,230 --> 00:34:12,639  
a thing called the ablet which is kind

963  
00:34:16,550 --> 00:34:14,240

of like a werewolf

964

00:34:17,750 --> 00:34:16,560

witch type thing but beyond that we

965

00:34:20,629 --> 00:34:17,760

pretty much

966

00:34:21,270 --> 00:34:20,639

hit all the alaskan you know creatures

967

00:34:24,149 --> 00:34:21,280

that i could

968

00:34:25,109 --> 00:34:24,159

you know find out about so yeah i didn't

969

00:34:27,109 --> 00:34:25,119

know if there was a lot of

970

00:34:28,550 --> 00:34:27,119

sustainability long term i didn't want

971

00:34:31,669 --> 00:34:28,560

to get into the

972

00:34:33,589 --> 00:34:31,679

business of making things up which there

973

00:34:35,430 --> 00:34:33,599

are other shows up in alaska that

974

00:34:36,790 --> 00:34:35,440

evidently do that so i didn't want to

975

00:34:38,069 --> 00:34:36,800

you know be involved in that kind of

976  
00:34:40,069 --> 00:34:38,079  
thing but

977  
00:34:42,069 --> 00:34:40,079  
um beyond that i don't remember this is

978  
00:34:43,510 --> 00:34:42,079  
a funny story i don't want to go on this

979  
00:34:45,589 --> 00:34:43,520  
too long if you don't want me to but

980  
00:34:48,149 --> 00:34:45,599  
sure um when we

981  
00:34:49,750 --> 00:34:48,159  
showed up to film in alaska and of

982  
00:34:53,190 --> 00:34:49,760  
course it was myself

983  
00:34:55,109 --> 00:34:53,200  
uh my buddy jax who's a

984  
00:34:57,109 --> 00:34:55,119  
private investigator yeah i've

985  
00:34:57,750 --> 00:34:57,119  
interviewed jax before he's a very

986  
00:35:00,470 --> 00:34:57,760  
interesting

987  
00:35:02,230 --> 00:35:00,480  
guy he is he's a man's man and then you

988  
00:35:05,589 --> 00:35:02,240

got tommy who's the native

989

00:35:07,589 --> 00:35:05,599

clingit native guy and you know uh

990

00:35:09,910 --> 00:35:07,599

very down to earth very artist very cool

991

00:35:12,230 --> 00:35:09,920

guy anyways the three of us we got there

992

00:35:13,349 --> 00:35:12,240

and the producers were having us a lot

993

00:35:15,670 --> 00:35:13,359

of our filming

994

00:35:17,990 --> 00:35:15,680

was uh basically going on these really

995

00:35:20,470 --> 00:35:18,000

long hikes through very treacherous

996

00:35:21,589 --> 00:35:20,480

places so they would they would go out

997

00:35:23,829 --> 00:35:21,599

and find these areas

998

00:35:26,150 --> 00:35:23,839

that were very challenging and difficult

999

00:35:29,670 --> 00:35:26,160

steep elevations and

1000

00:35:31,270 --> 00:35:29,680

wading through waist deep snow and

1001  
00:35:33,109 --> 00:35:31,280  
climbing glacier all these things and

1002  
00:35:33,990 --> 00:35:33,119  
they would just take us out there and

1003  
00:35:35,430 --> 00:35:34,000  
you know we'd

1004  
00:35:37,109 --> 00:35:35,440  
go up there and they'd film us going up

1005  
00:35:38,950 --> 00:35:37,119  
there going down there through there and

1006  
00:35:40,470 --> 00:35:38,960  
it was very challenging and according to

1007  
00:35:41,510 --> 00:35:40,480  
jax it was a little bit dangerous

1008  
00:35:43,270 --> 00:35:41,520  
because we couldn't see where we're

1009  
00:35:46,790 --> 00:35:43,280  
stepping and stuff and

1010  
00:35:50,950 --> 00:35:46,800  
um ultimately they didn't use

1011  
00:35:52,710 --> 00:35:50,960  
but two seconds of that in each episode

1012  
00:35:53,990 --> 00:35:52,720  
like we were walking miles and miles and

1013  
00:35:55,510 --> 00:35:54,000

miles and then when i watched the

1014

00:35:57,349 --> 00:35:55,520

episodes they would put in like two

1015

00:35:58,230 --> 00:35:57,359

seconds of us walking through that and i

1016

00:36:00,630 --> 00:35:58,240

just thought

1017

00:36:03,430 --> 00:36:00,640

why the heck did they help us do all

1018

00:36:05,589 --> 00:36:03,440

that yeah that had to be

1019

00:36:06,710 --> 00:36:05,599

all that hiking they didn't weren't

1020

00:36:08,790 --> 00:36:06,720

going to use it but

1021

00:36:10,230 --> 00:36:08,800

anyways i thought that's kind of a funny

1022

00:36:11,750 --> 00:36:10,240

story just a little peek behind the

1023

00:36:12,630 --> 00:36:11,760

scenes that sometimes they're putting

1024

00:36:15,829 --> 00:36:12,640

the

1025

00:36:18,390 --> 00:36:15,839

and you know not

1026  
00:36:19,430 --> 00:36:18,400  
you know for really no good reason well

1027  
00:36:22,550 --> 00:36:19,440  
i i tell you

1028  
00:36:24,630 --> 00:36:22,560  
you know watching that show

1029  
00:36:26,870 --> 00:36:24,640  
i mean i've got swords just watching

1030  
00:36:28,310 --> 00:36:26,880  
because just imagine what you guys were

1031  
00:36:30,470 --> 00:36:28,320  
going through

1032  
00:36:31,910 --> 00:36:30,480  
i mean like you said all the hiking and

1033  
00:36:34,870 --> 00:36:31,920  
all the stuff that was

1034  
00:36:37,349 --> 00:36:34,880  
going on it had to be an exhausting

1035  
00:36:39,510 --> 00:36:37,359  
experience

1036  
00:36:40,470 --> 00:36:39,520  
yeah it was and you know another funny

1037  
00:36:42,950 --> 00:36:40,480  
story is that

1038  
00:36:44,230 --> 00:36:42,960

um you know we had a lot of young

1039

00:36:46,710 --> 00:36:44,240

production assistants

1040

00:36:47,829 --> 00:36:46,720

on the on the crew and the crew grew

1041

00:36:49,430 --> 00:36:47,839

every day i mean every

1042

00:36:51,109 --> 00:36:49,440

today morning we'd show up there'd be

1043

00:36:52,710 --> 00:36:51,119

like someone else new so it got to the

1044

00:36:56,470 --> 00:36:52,720

point where we just had a ridiculously

1045

00:36:58,390 --> 00:36:56,480

large group at times but um these young

1046

00:37:00,790 --> 00:36:58,400

production assistants their job is to go

1047

00:37:02,390 --> 00:37:00,800

out and get snacks and food for us

1048

00:37:04,790 --> 00:37:02,400

you know during the breaks in between

1049

00:37:07,349 --> 00:37:04,800

meals and um

1050

00:37:09,030 --> 00:37:07,359

jax was upset because you know jax was

1051  
00:37:11,190 --> 00:37:09,040  
kind of a pretty healthy guy and you

1052  
00:37:13,430 --> 00:37:11,200  
know very fitness oriented

1053  
00:37:14,790 --> 00:37:13,440  
they would go out and get like you know

1054  
00:37:17,589 --> 00:37:14,800  
mini candy bars

1055  
00:37:18,390 --> 00:37:17,599  
like little bags of leis and things like

1056  
00:37:20,310 --> 00:37:18,400  
that

1057  
00:37:22,870 --> 00:37:20,320  
and jax would get so upset because he'd

1058  
00:37:25,349 --> 00:37:22,880  
be like dude we just climbed a mountain

1059  
00:37:26,390 --> 00:37:25,359  
we need like real food and protein that

1060  
00:37:29,910 --> 00:37:26,400  
was not like

1061  
00:37:32,230 --> 00:37:29,920  
bite-sized you know nestle's crunch bars

1062  
00:37:34,069 --> 00:37:32,240  
and things like that

1063  
00:37:35,750 --> 00:37:34,079

so eventually they figured it out these

1064

00:37:35,990 --> 00:37:35,760

young people which you know i understand

1065

00:37:40,310 --> 00:37:36,000

we

1066

00:37:42,870 --> 00:37:40,320

getting involved absolutely

1067

00:37:44,550 --> 00:37:42,880

yeah you know it was their food which i

1068

00:37:45,270 --> 00:37:44,560

but eventually they did start getting us

1069

00:37:47,990 --> 00:37:45,280

like more

1070

00:37:48,710 --> 00:37:48,000

you know protein beef jerky and fresh

1071

00:37:50,390 --> 00:37:48,720

fruit and

1072

00:37:53,670 --> 00:37:50,400

you know things like that that we could

1073

00:37:57,910 --> 00:37:55,670

pretty funny it is an interesting

1074

00:38:02,470 --> 00:37:57,920

perspective

1075

00:38:04,390 --> 00:38:02,480

um you know every time i i get ready to

1076  
00:38:06,390 --> 00:38:04,400  
talk to you

1077  
00:38:07,990 --> 00:38:06,400  
in an interview i start getting people

1078  
00:38:09,349 --> 00:38:08,000  
asking me about dogman

1079  
00:38:11,349 --> 00:38:09,359  
and they want to know what ken thinks

1080  
00:38:12,790 --> 00:38:11,359  
about dog man upright canines and the

1081  
00:38:15,270 --> 00:38:12,800  
whole phenomena

1082  
00:38:16,790 --> 00:38:15,280  
so once again i'm gonna ask you and i do

1083  
00:38:19,190 --> 00:38:16,800  
by the way do you have another doll man

1084  
00:38:21,829 --> 00:38:19,200  
symposium coming up this year

1085  
00:38:22,470 --> 00:38:21,839  
man lon honestly people ask me that a

1086  
00:38:25,510 --> 00:38:22,480  
lot

1087  
00:38:27,430 --> 00:38:25,520  
um if you've ever organized an event you

1088  
00:38:28,550 --> 00:38:27,440

oh i could certainly can appreciate it's

1089

00:38:30,790 --> 00:38:28,560

a lot of work

1090

00:38:33,349 --> 00:38:30,800

it takes a lot of time to do a good one

1091

00:38:35,829 --> 00:38:33,359

i mean and i i have had people that have

1092

00:38:38,230 --> 00:38:35,839

offered to help me and stuff so i mean

1093

00:38:38,950 --> 00:38:38,240

but still in all i've just got so many

1094

00:38:41,349 --> 00:38:38,960

things going

1095

00:38:42,310 --> 00:38:41,359

on and it's just been hard for me to

1096

00:38:45,430 --> 00:38:42,320

find the time

1097

00:38:47,190 --> 00:38:45,440

anytime to to work on that but

1098

00:38:49,270 --> 00:38:47,200

if people will just have hope that

1099

00:38:51,109 --> 00:38:49,280

someday we will figure out a way to to

1100

00:38:53,670 --> 00:38:51,119

get another one going i mean that is

1101  
00:38:55,270 --> 00:38:53,680  
something that's been discussed um but

1102  
00:38:57,430 --> 00:38:55,280  
with regard to dog man

1103  
00:38:59,750 --> 00:38:57,440  
um you know admittedly that's not really

1104  
00:39:01,990 --> 00:38:59,760  
been a main area of expertise

1105  
00:39:03,750 --> 00:39:02,000  
of my research not because i don't find

1106  
00:39:05,349 --> 00:39:03,760  
it fascinating but

1107  
00:39:07,589 --> 00:39:05,359  
honestly because i don't get a lot of

1108  
00:39:09,349 --> 00:39:07,599  
reports here in texas i think it seems

1109  
00:39:11,589 --> 00:39:09,359  
to be more of like a

1110  
00:39:12,630 --> 00:39:11,599  
you know michigan wisconsin pennsylvania

1111  
00:39:15,829 --> 00:39:12,640  
kentucky

1112  
00:39:17,750 --> 00:39:15,839  
yeah ohio kind of thing but um they are

1113  
00:39:19,589 --> 00:39:17,760

i know they are spreading out now and

1114

00:39:21,190 --> 00:39:19,599

you know you were talking about alabama

1115

00:39:22,069 --> 00:39:21,200

right in the the those accounts at the

1116

00:39:24,950 --> 00:39:22,079

beginning of the show

1117

00:39:27,030 --> 00:39:24,960

so crazy down there it does seem to have

1118

00:39:29,030 --> 00:39:27,040

a lot i mean you have the famous we're

1119

00:39:30,390 --> 00:39:29,040

going way back to 1971 you have

1120

00:39:31,270 --> 00:39:30,400

something called the wolf woman of

1121

00:39:33,510 --> 00:39:31,280

mobile

1122

00:39:35,750 --> 00:39:33,520

right you know over at 10 period police

1123

00:39:38,230 --> 00:39:35,760

and newspapers received about 50 calls

1124

00:39:41,990 --> 00:39:38,240

for about a half woman half wolf

1125

00:39:43,750 --> 00:39:42,000

said to prowl the suburbs of mobile i

1126  
00:39:45,990 --> 00:39:43,760  
mean and even recently i know i've read

1127  
00:39:47,270 --> 00:39:46,000  
on your site and linda godfrey's books

1128  
00:39:49,270 --> 00:39:47,280  
and elsewhere a lot of

1129  
00:39:51,190 --> 00:39:49,280  
seemingly a lot of alabama accounts i

1130  
00:39:52,870 --> 00:39:51,200  
mean even very recent accounts

1131  
00:39:54,310 --> 00:39:52,880  
and some of them very aggressive you

1132  
00:39:55,990 --> 00:39:54,320  
know there was a guy

1133  
00:39:58,550 --> 00:39:56,000  
that was fishing in his boat back in

1134  
00:40:00,230 --> 00:39:58,560  
2007 and he says this thing came out of

1135  
00:40:02,310 --> 00:40:00,240  
the water adam and he had to empty his

1136  
00:40:03,829 --> 00:40:02,320  
pistol into it you know

1137  
00:40:05,349 --> 00:40:03,839  
it didn't even faze so you have a lot of

1138  
00:40:07,750 --> 00:40:05,359

those aggressive so

1139

00:40:10,470 --> 00:40:07,760

yeah i definitely think alabama has a

1140

00:40:12,470 --> 00:40:10,480

lot of potential for that type of thing

1141

00:40:14,230 --> 00:40:12,480

but you know i i tend to view the dog

1142

00:40:17,030 --> 00:40:14,240

man phenomenon as very much

1143

00:40:18,390 --> 00:40:17,040

in step with mothman i think it's a

1144

00:40:21,589 --> 00:40:18,400

similar type of thing

1145

00:40:25,190 --> 00:40:21,599

i think it's a i think it's

1146

00:40:27,150 --> 00:40:25,200

a spectral phenomenon or a manifestation

1147

00:40:28,309 --> 00:40:27,160

a physical manifestation of something

1148

00:40:30,790 --> 00:40:28,319

[Music]

1149

00:40:31,430 --> 00:40:30,800

some type of energy or if some people

1150

00:40:32,710 --> 00:40:31,440

want to

1151

00:40:34,470 --> 00:40:32,720

say that it's you know an

1152

00:40:35,990 --> 00:40:34,480

interdimensional thing something that's

1153

00:40:38,390 --> 00:40:36,000

coming from another reality another

1154

00:40:41,430 --> 00:40:38,400

plane of existence and somehow

1155

00:40:43,030 --> 00:40:41,440

it's a construct and

1156

00:40:45,190 --> 00:40:43,040

the only way you could explain that is

1157

00:40:45,510 --> 00:40:45,200

because again like the mothman there's

1158

00:40:51,030 --> 00:40:45,520

no

1159

00:40:52,390 --> 00:40:51,040

basis to say that something like a dog

1160

00:40:53,990 --> 00:40:52,400

man could exist

1161

00:40:55,589 --> 00:40:54,000

now i know some dog man researchers

1162

00:40:56,950 --> 00:40:55,599

think that these things are canids that

1163

00:40:58,069 --> 00:40:56,960

have learned to walk upright on their

1164

00:40:59,990 --> 00:40:58,079

hind legs but

1165

00:41:02,309 --> 00:41:00,000

the hip structures between humans and

1166

00:41:03,910 --> 00:41:02,319

canids are so utterly different

1167

00:41:05,670 --> 00:41:03,920

and the weight distribution the way

1168

00:41:07,430 --> 00:41:05,680

canines are designed

1169

00:41:09,670 --> 00:41:07,440

i don't think that there is a way they

1170

00:41:11,270 --> 00:41:09,680

could easily you know despite the fact

1171

00:41:12,790 --> 00:41:11,280

that sometimes your dog at home will get

1172

00:41:14,550 --> 00:41:12,800

up on his hind legs and hop around a

1173

00:41:17,750 --> 00:41:14,560

little bit that doesn't mean that

1174

00:41:19,589 --> 00:41:17,760

a canid could adapt to fluidly walk in a

1175

00:41:20,630 --> 00:41:19,599

bipedal motion i don't think that

1176

00:41:23,030 --> 00:41:20,640

anyways

1177

00:41:26,309 --> 00:41:23,040

um so i think these things are much like

1178

00:41:27,750 --> 00:41:26,319

the mothman they're kind of specters

1179

00:41:29,430 --> 00:41:27,760

there's also a lot of weirdness

1180

00:41:31,270 --> 00:41:29,440

associated with the dogman sightings

1181

00:41:32,550 --> 00:41:31,280

that i've heard of you know the strange

1182

00:41:35,270 --> 00:41:32,560

mists

1183

00:41:36,390 --> 00:41:35,280

and the kind of paranormal attachments

1184

00:41:37,829 --> 00:41:36,400

that people experience

1185

00:41:39,349 --> 00:41:37,839

after a sighting where they have all

1186

00:41:40,790 --> 00:41:39,359

these bad things happening and

1187

00:41:43,829 --> 00:41:40,800

poltergeist activity

1188

00:41:46,829 --> 00:41:43,839

and people become violently ill

1189

00:41:50,069 --> 00:41:46,839

um so to me it just seems like very

1190

00:41:52,069 --> 00:41:50,079

strange uh kind of high strangeness so i

1191

00:41:53,430 --> 00:41:52,079

i think these things are and you know

1192

00:41:55,190 --> 00:41:53,440

you could certainly make a case that

1193

00:41:56,950 --> 00:41:55,200

they've been around

1194

00:41:59,190 --> 00:41:56,960

you know for centuries and you know

1195

00:42:00,870 --> 00:41:59,200

looking at werewolf legends and things

1196

00:42:02,630 --> 00:42:00,880

throughout europe and elsewhere and this

1197

00:42:04,710 --> 00:42:02,640

is just the latest the dog man's just

1198

00:42:07,430 --> 00:42:04,720

the latest version right

1199

00:42:09,109 --> 00:42:07,440

um so that's that's what i think is you

1200

00:42:10,630 --> 00:42:09,119

know

1201

00:42:12,390 --> 00:42:10,640

i think i'll just kind of think along

1202

00:42:15,910 --> 00:42:12,400

the same lines i do because

1203

00:42:18,150 --> 00:42:15,920

you know i um i'm beginning to believe

1204

00:42:19,270 --> 00:42:18,160

that this being is more supernatural

1205

00:42:22,630 --> 00:42:19,280

than

1206

00:42:24,309 --> 00:42:22,640

uh indigenous now i mean

1207

00:42:26,069 --> 00:42:24,319

especially with some of the reports

1208

00:42:27,589 --> 00:42:26,079

we've been receiving around here you

1209

00:42:31,510 --> 00:42:27,599

know people

1210

00:42:32,470 --> 00:42:31,520

i don't know and i i have heard of other

1211

00:42:34,309 --> 00:42:32,480

sightings

1212

00:42:36,470 --> 00:42:34,319

where people would take a shot at one of

1213

00:42:37,910 --> 00:42:36,480

these things and it

1214

00:42:39,589 --> 00:42:37,920

just would go right through them even

1215

00:42:42,710 --> 00:42:39,599

though you know it looks like it's

1216

00:42:45,829 --> 00:42:42,720

a solid being yeah right

1217

00:42:46,470 --> 00:42:45,839

that kind of stuff yeah and the shrouded

1218

00:42:48,390 --> 00:42:46,480

mists

1219

00:42:50,150 --> 00:42:48,400

and the you know the the famous case

1220

00:42:50,950 --> 00:42:50,160

that linda documented where one of these

1221

00:42:54,230 --> 00:42:50,960

things

1222

00:42:56,150 --> 00:42:54,240

spoke in an inhuman voice you know to

1223

00:42:58,390 --> 00:42:56,160

gaidara or whatever i mean there's a lot

1224

00:43:00,230 --> 00:42:58,400

of just weird aspects to the to the dog

1225

00:43:02,710 --> 00:43:00,240

man phenomenon and you know what lord

1226

00:43:03,750 --> 00:43:02,720

i've gotten the the accounts that i have

1227

00:43:05,190 --> 00:43:03,760

gotten lately where people have

1228

00:43:06,390 --> 00:43:05,200

approached me at different events and

1229

00:43:09,510 --> 00:43:06,400

told me i've had

1230

00:43:10,150 --> 00:43:09,520

actually over the last year at least

1231

00:43:12,230 --> 00:43:10,160

three

1232

00:43:14,069 --> 00:43:12,240

people tell me that they had have had

1233

00:43:16,470 --> 00:43:14,079

dogman sightings

1234

00:43:17,750 --> 00:43:16,480

but in each case the thing was looking

1235

00:43:19,190 --> 00:43:17,760

in the window at them

1236

00:43:20,390 --> 00:43:19,200

which is a really creepy thing but it

1237

00:43:21,910 --> 00:43:20,400

seems like a lot of people will have

1238

00:43:23,589 --> 00:43:21,920

that experience where

1239

00:43:25,349 --> 00:43:23,599

they look out their window and they see

1240

00:43:28,470 --> 00:43:25,359

this dog man

1241

00:43:29,990 --> 00:43:28,480

creature kind of sneering at them from

1242

00:43:33,030 --> 00:43:30,000

outside

1243

00:43:34,870 --> 00:43:33,040

and so that's that's very weird and

1244

00:43:37,030 --> 00:43:34,880

creepy but i have heard that from

1245

00:43:39,430 --> 00:43:37,040

multiple different unrelated sources

1246

00:43:40,870 --> 00:43:39,440

that that's what they experienced

1247

00:43:42,150 --> 00:43:40,880

do you find that a lot too are there a

1248

00:43:43,510 --> 00:43:42,160

lot of accounts of them peeking in

1249

00:43:45,750 --> 00:43:43,520

people's windows and just

1250

00:43:46,550 --> 00:43:45,760

scaring the bejesus out of people i have

1251

00:43:50,230 --> 00:43:46,560

received

1252

00:43:53,030 --> 00:43:50,240

two reports over the years where

1253

00:43:53,990 --> 00:43:53,040

one was seen looking through a window

1254

00:43:56,790 --> 00:43:54,000

and the other

1255

00:43:57,750 --> 00:43:56,800

was seen while the witness was looking

1256

00:44:01,270 --> 00:43:57,760

out the window

1257

00:44:04,390 --> 00:44:01,280

and it was standing there looking at it

1258

00:44:06,470 --> 00:44:04,400

so uh it does seem

1259

00:44:08,309 --> 00:44:06,480

that some of these things are curious

1260

00:44:09,349 --> 00:44:08,319

but it also seems that it has some

1261

00:44:12,710 --> 00:44:09,359

ability

1262

00:44:14,870 --> 00:44:12,720

to know when people are looking at it um

1263

00:44:16,309 --> 00:44:14,880

that's interesting yeah and you know

1264

00:44:18,150 --> 00:44:16,319

we've been hearing that you know i

1265

00:44:19,109 --> 00:44:18,160

talked to stan gordon about this a while

1266

00:44:21,829 --> 00:44:19,119

back

1267

00:44:23,430 --> 00:44:21,839

we have been we have noticed here in

1268

00:44:27,670 --> 00:44:23,440

pennsylvania

1269

00:44:32,550 --> 00:44:27,680

from several you know witnesses that

1270

00:44:36,309 --> 00:44:32,560

when they see a bigfoot like creature

1271

00:44:39,750 --> 00:44:36,319

that when the creature actually

1272

00:44:41,670 --> 00:44:39,760

realizes that it's being seen that it's

1273

00:44:43,109 --> 00:44:41,680

you know that it's visible to the

1274

00:44:45,990 --> 00:44:43,119

witness they

1275

00:44:48,829 --> 00:44:46,000

seem to react like they can't believe it

1276

00:44:51,990 --> 00:44:48,839

or they're shocked or surprised

1277

00:44:52,950 --> 00:44:52,000

um so now i don't know what that's all

1278

00:44:58,069 --> 00:44:52,960

about but

1279

00:45:02,550 --> 00:45:00,790

yeah but you know it's it's again it's

1280

00:45:04,470 --> 00:45:02,560

always interesting when you find these

1281

00:45:06,470 --> 00:45:04,480

patterns or

1282

00:45:08,390 --> 00:45:06,480

seeming pat seemingly you know there are

1283

00:45:11,670 --> 00:45:08,400

these patterns with with some of these

1284

00:45:13,510 --> 00:45:11,680

different types of creatures um

1285

00:45:15,589 --> 00:45:13,520

and you know i think ultimately when we

1286

00:45:18,309 --> 00:45:15,599

at the dogman symposium we did have kind

1287

00:45:20,550 --> 00:45:18,319

of an open discussion at the end

1288

00:45:22,069 --> 00:45:20,560

you know a lot of people were there um i

1289

00:45:23,190 --> 00:45:22,079

think you at the time

1290

00:45:24,710 --> 00:45:23,200

you may have been dealing with some

1291

00:45:25,349 --> 00:45:24,720

things and couldn't make it yeah i could

1292

00:45:27,829 --> 00:45:25,359

make it

1293

00:45:28,710 --> 00:45:27,839

yeah but between like linda and stan

1294

00:45:30,710 --> 00:45:28,720

gordon and

1295

00:45:32,309 --> 00:45:30,720

you know me and nick redforn david

1296

00:45:33,670 --> 00:45:32,319

weather all this kind of john tenney i

1297

00:45:34,950 --> 00:45:33,680

was kind of putting our heads together

1298

00:45:35,990 --> 00:45:34,960

we you know kind of all were in

1299

00:45:39,309 --> 00:45:36,000

agreement that

1300

00:45:42,069 --> 00:45:39,319

the dog man was some type of spectral

1301  
00:45:44,150 --> 00:45:42,079  
manifestation and of course the word

1302  
00:45:47,670 --> 00:45:44,160  
tulpa came up a lot because

1303  
00:45:49,430 --> 00:45:47,680  
you know one of the one of the um

1304  
00:45:51,030 --> 00:45:49,440  
inferences you can draw from the dogman

1305  
00:45:53,670 --> 00:45:51,040  
phenomenon is that

1306  
00:45:55,990 --> 00:45:53,680  
you know back in like the late 1980s

1307  
00:45:57,990 --> 00:45:56,000  
early 1990 when the bister bray road

1308  
00:45:59,829 --> 00:45:58,000  
first kind of made the scene

1309  
00:46:02,150 --> 00:45:59,839  
that's when it seemed like the dog man

1310  
00:46:04,710 --> 00:46:02,160  
sightings began to trickle in

1311  
00:46:06,790 --> 00:46:04,720  
and i mean now it's a flood i mean

1312  
00:46:08,230 --> 00:46:06,800  
there's so many sightings that are just

1313  
00:46:10,470 --> 00:46:08,240

and they're popping up everywhere right

1314

00:46:13,030 --> 00:46:10,480

not only in north america but i have

1315

00:46:14,790 --> 00:46:13,040

contacts in south america australia

1316

00:46:15,670 --> 00:46:14,800

south africa that are all sending me

1317

00:46:19,190 --> 00:46:15,680

sightings

1318

00:46:22,309 --> 00:46:19,200

so it would almost seem peripherally

1319

00:46:23,589 --> 00:46:22,319

like we're giving this thing life by you

1320

00:46:25,190 --> 00:46:23,599

know

1321

00:46:26,829 --> 00:46:25,200

it's becoming grain kind of in the

1322

00:46:28,069 --> 00:46:26,839

public consciousness that these things

1323

00:46:29,990 --> 00:46:28,079

exist

1324

00:46:31,750 --> 00:46:30,000

and it's like we're kind of giving them

1325

00:46:33,430 --> 00:46:31,760

life so to speak because you know

1326

00:46:34,790 --> 00:46:33,440

they're they're proliferating and

1327

00:46:35,430 --> 00:46:34,800

popping up everywhere i don't know i

1328

00:46:38,069 --> 00:46:35,440

mean that's

1329

00:46:41,670 --> 00:46:38,079

you know that's kind of wild speculation

1330

00:46:43,990 --> 00:46:41,680

but uh i think that's a very strong

1331

00:46:45,829 --> 00:46:44,000

piece of evidence to illustrate that the

1332

00:46:47,910 --> 00:46:45,839

phenomenon is related to us

1333

00:46:49,270 --> 00:46:47,920

that we are somehow able to project

1334

00:46:52,309 --> 00:46:49,280

these things or

1335

00:46:55,109 --> 00:46:52,319

perhaps even open up the doorway if you

1336

00:46:57,589 --> 00:46:55,119

will and allow them into our reality

1337

00:47:00,309 --> 00:46:57,599

we had a uh we had a report come in

1338

00:47:03,910 --> 00:47:00,319

about a month month and a half ago

1339

00:47:06,230 --> 00:47:03,920

uh my colleague butch witkowski

1340

00:47:07,910 --> 00:47:06,240

received the report and he went up there

1341

00:47:08,950 --> 00:47:07,920

and checked it was in center county

1342

00:47:11,270 --> 00:47:08,960

pennsylvania

1343

00:47:12,230 --> 00:47:11,280

he actually went up the next day and and

1344

00:47:13,990 --> 00:47:12,240

uh

1345

00:47:15,510 --> 00:47:14,000

talked to the witnesses but it was three

1346

00:47:18,550 --> 00:47:15,520

couples

1347

00:47:20,150 --> 00:47:18,560

and they were in rothrock state park and

1348

00:47:24,230 --> 00:47:20,160

they were walking on a trail

1349

00:47:24,950 --> 00:47:24,240

it was um they had just walked by this

1350

00:47:27,589 --> 00:47:24,960

area

1351  
00:47:28,950 --> 00:47:27,599  
and they had to look back and this

1352  
00:47:35,589 --> 00:47:28,960  
upright canine

1353  
00:47:38,230 --> 00:47:35,599  
out of out of the bushes

1354  
00:47:39,430 --> 00:47:38,240  
onto the trail and stepped forward like

1355  
00:47:41,990 --> 00:47:39,440  
it was

1356  
00:47:42,950 --> 00:47:42,000  
you know and it actually reacted like

1357  
00:47:46,470 --> 00:47:42,960  
that after

1358  
00:47:48,309 --> 00:47:46,480  
one of the women screamed

1359  
00:47:50,309 --> 00:47:48,319  
so they all fought i mean all three

1360  
00:47:53,109 --> 00:47:50,319  
couples saw this thing

1361  
00:47:54,870 --> 00:47:53,119  
and uh they were quite freaked out they

1362  
00:47:58,230 --> 00:47:54,880  
got a hold of butch quickly

1363  
00:48:00,309 --> 00:47:58,240

and he went up there next day and

1364

00:48:02,150 --> 00:48:00,319

he's convinced they saw something he

1365

00:48:04,069 --> 00:48:02,160

really is and uh

1366

00:48:05,990 --> 00:48:04,079

you know that's the kind of stuff we've

1367

00:48:08,150 --> 00:48:06,000

been getting now that report

1368

00:48:10,150 --> 00:48:08,160

seemed a bit more aggressive than what

1369

00:48:12,150 --> 00:48:10,160

we received before

1370

00:48:14,870 --> 00:48:12,160

but you know i'm i'm not you know in a

1371

00:48:17,910 --> 00:48:14,880

way i i don't want to discount it being

1372

00:48:21,190 --> 00:48:17,920

an actual being that is on you know

1373

00:48:24,069 --> 00:48:21,200

on this earth plane but like you said

1374

00:48:27,270 --> 00:48:24,079

it's almost impossible to believe

1375

00:48:29,990 --> 00:48:27,280

that unless it's some type of

1376

00:48:31,349 --> 00:48:30,000

immense mutation that anything like that

1377

00:48:34,549 --> 00:48:31,359

could be

1378

00:48:37,349 --> 00:48:34,559

you know actually you know living or

1379

00:48:39,270 --> 00:48:37,359

indigenous to the area

1380

00:48:41,109 --> 00:48:39,280

yeah and you know moreover again you

1381

00:48:42,470 --> 00:48:41,119

know with animals the study of animals

1382

00:48:43,910 --> 00:48:42,480

we always look at physical

1383

00:48:44,710 --> 00:48:43,920

characteristics but we also look at

1384

00:48:48,230 --> 00:48:44,720

behaviors

1385

00:48:49,910 --> 00:48:48,240

and animals almost all animals even

1386

00:48:52,470 --> 00:48:49,920

animals that we would deem to be quote

1387

00:48:53,910 --> 00:48:52,480

unquote big and scary like bears and big

1388

00:48:55,750 --> 00:48:53,920

cats and things

1389

00:48:58,309 --> 00:48:55,760

all of those animals are basically

1390

00:48:58,950 --> 00:48:58,319

pretty shy and try to avoid contact with

1391

00:49:00,870 --> 00:48:58,960

human

1392

00:49:02,230 --> 00:49:00,880

absolutely unless they're cornered or

1393

00:49:04,950 --> 00:49:02,240

they're protecting their young

1394

00:49:07,430 --> 00:49:04,960

defending a nest or something you know

1395

00:49:09,430 --> 00:49:07,440

they don't want any contact with us

1396

00:49:10,790 --> 00:49:09,440

whereas the dog man you know as we

1397

00:49:12,790 --> 00:49:10,800

talked about you know it's peeking in

1398

00:49:14,710 --> 00:49:12,800

people's windows it's chasing people

1399

00:49:17,510 --> 00:49:14,720

it's chasing cars i mean those

1400

00:49:18,710 --> 00:49:17,520

those are not natural behaviors for any

1401

00:49:23,109 --> 00:49:18,720

animal i just

1402

00:49:26,230 --> 00:49:23,119

it seems so unnatural from top to bottom

1403

00:49:30,470 --> 00:49:28,230

it does seem for the most part all the

1404

00:49:33,510 --> 00:49:30,480

reports that we've received around here

1405

00:49:37,349 --> 00:49:33,520

they stand the ground you know they um

1406

00:49:39,270 --> 00:49:37,359

they they very rarely run off and uh

1407

00:49:42,230 --> 00:49:39,280

the fact that they do that i think kind

1408

00:49:45,349 --> 00:49:42,240

of shocks people much more than anything

1409

00:49:46,230 --> 00:49:45,359

so yeah and that is not a characteristic

1410

00:49:49,270 --> 00:49:46,240

of these

1411

00:49:52,309 --> 00:49:49,280

these creatures i mean an actual

1412

00:49:54,309 --> 00:49:52,319

wolf is not just gonna stand there

1413

00:49:56,309 --> 00:49:54,319

no it's gonna it's gonna retreat it's

1414

00:49:57,910 --> 00:49:56,319

gonna try it it would rather avoid

1415

00:49:59,510 --> 00:49:57,920

we're big and scary to most things in

1416

00:50:00,630 --> 00:49:59,520

the woods and i mean speaking of big and

1417

00:50:02,549 --> 00:50:00,640

scary that's

1418

00:50:03,910 --> 00:50:02,559

you know that's one of the stronger

1419

00:50:05,670 --> 00:50:03,920

pieces of evidence i think

1420

00:50:07,670 --> 00:50:05,680

with regard to bigfoot and i know some

1421

00:50:09,910 --> 00:50:07,680

people view bigfoot as having a

1422

00:50:12,309 --> 00:50:09,920

supernatural element but i think they're

1423

00:50:13,589 --> 00:50:12,319

just undiscovered hominids or relic

1424

00:50:15,990 --> 00:50:13,599

hominids

1425

00:50:17,430 --> 00:50:16,000

and almost all the bigfoot sightings

1426  
00:50:18,790 --> 00:50:17,440  
it's pretty rare that they stand the

1427  
00:50:21,270 --> 00:50:18,800  
ground they typically just

1428  
00:50:22,950 --> 00:50:21,280  
retreat or move back into the woods and

1429  
00:50:25,030 --> 00:50:22,960  
i mean look no farther than

1430  
00:50:26,710 --> 00:50:25,040  
the famous patterson gimlin film i mean

1431  
00:50:27,109 --> 00:50:26,720  
you see guys right up on it what does it

1432  
00:50:29,109 --> 00:50:27,119  
do

1433  
00:50:31,430 --> 00:50:29,119  
it walks off it looks over its shoulder

1434  
00:50:33,030 --> 00:50:31,440  
they're not following me or whatever

1435  
00:50:34,470 --> 00:50:33,040  
it doesn't want any contact with the

1436  
00:50:37,510 --> 00:50:34,480  
humans and i think that's more of a

1437  
00:50:39,109 --> 00:50:37,520  
natural response for any animal

1438  
00:50:40,790 --> 00:50:39,119

yeah and and by the way you're going to

1439

00:50:43,030 --> 00:50:40,800

be appearing at the pennsylvania

1440

00:50:44,230 --> 00:50:43,040

uh bigfoot camping adventure again this

1441

00:50:46,309 --> 00:50:44,240

month

1442

00:50:46,910 --> 00:50:46,319

and maybe you now finally get to be able

1443

00:50:48,790 --> 00:50:46,920

to meet

1444

00:50:50,790 --> 00:50:48,800

[Laughter]

1445

00:50:52,470 --> 00:50:50,800

uh that would be great man yeah had some

1446

00:50:53,349 --> 00:50:52,480

chances but it's always tough to get

1447

00:50:54,549 --> 00:50:53,359

together but

1448

00:50:56,790 --> 00:50:54,559

i'm really looking forward to that that

1449

00:50:58,630 --> 00:50:56,800

should be a good time uh so

1450

00:51:01,190 --> 00:50:58,640

what are your thoughts on the future

1451  
00:51:03,829 --> 00:51:01,200  
bigfoot research and investigations

1452  
00:51:05,750 --> 00:51:03,839  
are we ever going to come up with any

1453  
00:51:09,190 --> 00:51:05,760  
type of definitive evidence

1454  
00:51:12,630 --> 00:51:09,200  
that these beings do exist

1455  
00:51:15,270 --> 00:51:12,640  
um well i'm optimistic i i i'm 90

1456  
00:51:18,870 --> 00:51:15,280  
percent convinced they do exist

1457  
00:51:21,589 --> 00:51:18,880  
i'm 95 convinced that they are

1458  
00:51:22,870 --> 00:51:21,599  
flesh and blood you know animals or

1459  
00:51:24,710 --> 00:51:22,880  
hominids

1460  
00:51:26,390 --> 00:51:24,720  
um they're i think they're probably

1461  
00:51:28,710 --> 00:51:26,400  
getting rarer because

1462  
00:51:30,549 --> 00:51:28,720  
like most like a lot of species as their

1463  
00:51:33,750 --> 00:51:30,559

habitat is destroyed and

1464

00:51:35,750 --> 00:51:33,760

deforestation but the way i always

1465

00:51:38,950 --> 00:51:35,760

explain it to people is i think that

1466

00:51:39,829 --> 00:51:38,960

bigfoot has a number of behavioral

1467

00:51:41,829 --> 00:51:39,839

patterns that

1468

00:51:43,270 --> 00:51:41,839

are kind of geared towards avoid

1469

00:51:45,589 --> 00:51:43,280

competition with humans

1470

00:51:47,190 --> 00:51:45,599

they specifically avoid us they go in

1471

00:51:49,030 --> 00:51:47,200

the deepest parts of the wilderness we

1472

00:51:51,430 --> 00:51:49,040

don't typically go

1473

00:51:53,510 --> 00:51:51,440

they're nocturnal they're nomadic and

1474

00:51:56,470 --> 00:51:53,520

when they sense is coming they move off

1475

00:51:57,190 --> 00:51:56,480

quickly or disappear into the woods and

1476

00:52:00,549 --> 00:51:57,200

so i mean

1477

00:52:02,630 --> 00:52:00,559

you know but ultimately there have to be

1478

00:52:04,230 --> 00:52:02,640

in order for bigfoot to be a relic

1479

00:52:06,390 --> 00:52:04,240

hominid and who have survived so long

1480

00:52:08,549 --> 00:52:06,400

there have to be at least

1481

00:52:10,309 --> 00:52:08,559

thousands of them in north america and

1482

00:52:12,549 --> 00:52:10,319

you know probably low thousands but you

1483

00:52:14,950 --> 00:52:12,559

can take a number anywhere between 1500

1484

00:52:16,870 --> 00:52:14,960

and a few thousand it's all speculation

1485

00:52:17,990 --> 00:52:16,880

so there's a lot there are enough of

1486

00:52:19,829 --> 00:52:18,000

them to say

1487

00:52:21,270 --> 00:52:19,839

that you know at some point it seems

1488

00:52:22,470 --> 00:52:21,280

like we would get some definitive

1489

00:52:25,190 --> 00:52:22,480

evidence

1490

00:52:27,589 --> 00:52:25,200

now i'm always encouraging people to go

1491

00:52:29,190 --> 00:52:27,599

out and look for physical remains

1492

00:52:30,790 --> 00:52:29,200

even though physical remains can be hard

1493

00:52:33,750 --> 00:52:30,800

to find in the woods

1494

00:52:35,510 --> 00:52:33,760

but it's all about where you look if

1495

00:52:36,870 --> 00:52:35,520

someone could for example if someone can

1496

00:52:39,750 --> 00:52:36,880

a researcher can safely

1497

00:52:41,750 --> 00:52:39,760

access safely illegally access a cave

1498

00:52:43,910 --> 00:52:41,760

system

1499

00:52:45,670 --> 00:52:43,920

i mean a lot of remarkable disc hominid

1500

00:52:50,150 --> 00:52:45,680

discoveries have been made in caves over

1501  
00:52:53,190 --> 00:52:50,160  
recent years homogenous the denisovans

1502  
00:52:54,069 --> 00:52:53,200  
so that's where hominid fossils will you

1503  
00:52:59,750 --> 00:52:54,079  
know

1504  
00:53:02,150 --> 00:52:59,760  
if you if you found a

1505  
00:53:03,910 --> 00:53:02,160  
hominid femur somewhere in utah in a

1506  
00:53:05,270 --> 00:53:03,920  
cave even if we're thousands of years

1507  
00:53:06,950 --> 00:53:05,280  
old that would be pretty compelling

1508  
00:53:08,950 --> 00:53:06,960  
evidence that bigfoot's real because at

1509  
00:53:10,790 --> 00:53:08,960  
least it would put hominids

1510  
00:53:12,150 --> 00:53:10,800  
archaic accommodates in north america at

1511  
00:53:15,030 --> 00:53:12,160  
that time right

1512  
00:53:16,549 --> 00:53:15,040  
um photographic evidence i think is

1513  
00:53:17,430 --> 00:53:16,559

going to be a challenge from here on out

1514

00:53:20,150 --> 00:53:17,440

because

1515

00:53:21,030 --> 00:53:20,160

you know it's just so hard or so easy

1516

00:53:23,670 --> 00:53:21,040

i'm sorry

1517

00:53:24,470 --> 00:53:23,680

so easy for people these days to fake

1518

00:53:27,430 --> 00:53:24,480

fabricate

1519

00:53:29,190 --> 00:53:27,440

doctor photographic evidence and i think

1520

00:53:31,030 --> 00:53:29,200

you know no matter how good a photo was

1521

00:53:32,710 --> 00:53:31,040

of an alleged bigfoot it would always be

1522

00:53:34,790 --> 00:53:32,720

in dispute because

1523

00:53:37,430 --> 00:53:34,800

you know it theoretically could have

1524

00:53:39,510 --> 00:53:37,440

been fabricated or manufactured

1525

00:53:40,790 --> 00:53:39,520

i think dna evidence and technology in

1526

00:53:43,109 --> 00:53:40,800

that in that realm is

1527

00:53:45,910 --> 00:53:43,119

is pretty exciting um you know you have

1528

00:53:48,309 --> 00:53:45,920

the e-dna now where they can literally

1529

00:53:49,589 --> 00:53:48,319

you know take a water sample and and you

1530

00:53:51,030 --> 00:53:49,599

know map

1531

00:53:53,670 --> 00:53:51,040

different animals that have drunk out of

1532

00:53:57,750 --> 00:53:53,680

that water and left traces behind or

1533

00:54:00,309 --> 00:53:57,760

yeah that's pretty interesting in itself

1534

00:54:02,870 --> 00:54:00,319

the only challenge with that is is that

1535

00:54:03,910 --> 00:54:02,880

dna is a comparative science where you

1536

00:54:06,390 --> 00:54:03,920

you know they draw

1537

00:54:08,309 --> 00:54:06,400

databases where they have you know

1538

00:54:11,589 --> 00:54:08,319

thousands of types of different

1539

00:54:13,109 --> 00:54:11,599

dna strains or genomes and

1540

00:54:14,630 --> 00:54:13,119

you know if you found something new and

1541

00:54:16,630 --> 00:54:14,640

unknown it wouldn't

1542

00:54:18,069 --> 00:54:16,640

pop out in big red letters and say

1543

00:54:20,069 --> 00:54:18,079

bigfoot

1544

00:54:22,470 --> 00:54:20,079

probably you would get a number of

1545

00:54:25,910 --> 00:54:22,480

hominid type markers it might read

1546

00:54:27,030 --> 00:54:25,920

human gorilla chimp human orangutan

1547

00:54:28,870 --> 00:54:27,040

gorilla you know

1548

00:54:30,870 --> 00:54:28,880

it would give you a lot of vomited kind

1549

00:54:34,630 --> 00:54:30,880

of hits or or matches

1550

00:54:35,910 --> 00:54:34,640

but but i think with the technology

1551  
00:54:37,349 --> 00:54:35,920  
getting better

1552  
00:54:38,789 --> 00:54:37,359  
and i think with a lot of dedicated

1553  
00:54:40,710 --> 00:54:38,799  
researchers out there in the field

1554  
00:54:41,190 --> 00:54:40,720  
looking you know i'm optimistic ron that

1555  
00:54:42,950 --> 00:54:41,200  
that

1556  
00:54:44,950 --> 00:54:42,960  
at some point we will get some physical

1557  
00:54:46,549 --> 00:54:44,960  
evidence

1558  
00:54:48,230 --> 00:54:46,559  
well at least i hope so you know my i

1559  
00:54:50,230 --> 00:54:48,240  
had my sighting back in

1560  
00:54:52,069 --> 00:54:50,240  
oh 38 years ago it doesn't seem that

1561  
00:54:53,910 --> 00:54:52,079  
long ago uh i

1562  
00:54:55,190 --> 00:54:53,920  
i know there's something out there i

1563  
00:54:58,470 --> 00:54:55,200

have lots of questions

1564

00:55:01,670 --> 00:54:58,480

as well uh you know

1565

00:55:01,990 --> 00:55:01,680

i know what i saw i just you know but

1566

00:55:05,109 --> 00:55:02,000

it's

1567

00:55:07,030 --> 00:55:05,119

uh the i guess the big question is

1568

00:55:08,549 --> 00:55:07,040

what exactly are these things there's

1569

00:55:11,349 --> 00:55:08,559

something out there yeah

1570

00:55:11,990 --> 00:55:11,359

yeah what are they and where are they

1571

00:55:15,430 --> 00:55:12,000

yeah

1572

00:55:18,829 --> 00:55:15,440

absolutely yep

1573

00:55:21,589 --> 00:55:18,839

so um you know you you've written four

1574

00:55:24,549 --> 00:55:21,599

books and uh

1575

00:55:25,829 --> 00:55:24,559

which well i read them all but the great

1576

00:55:28,390 --> 00:55:25,839

books uh

1577

00:55:29,109 --> 00:55:28,400

your encounters with flying humanoids

1578

00:55:33,829 --> 00:55:29,119

and uh

1579

00:55:35,910 --> 00:55:33,839

imaginary menagerie of mysterious

1580

00:55:37,510 --> 00:55:35,920

i i've actually read both i've read them

1581

00:55:39,109 --> 00:55:37,520

both twice they're very good they're

1582

00:55:42,549 --> 00:55:39,119

great for reference

1583

00:55:44,870 --> 00:55:42,559

do you have a book in the works

1584

00:55:46,230 --> 00:55:44,880

yeah i do and you know as before we move

1585

00:55:48,150 --> 00:55:46,240

on to that i just want to

1586

00:55:49,990 --> 00:55:48,160

you know tip my hat to you and thank you

1587

00:55:52,549 --> 00:55:50,000

because you did contribute to

1588

00:55:54,150 --> 00:55:52,559

my last book quite a bit you said sent

1589

00:55:55,750 --> 00:55:54,160

me some great uh

1590

00:55:57,589 --> 00:55:55,760

accounts and things that i was able to

1591

00:56:00,630 --> 00:55:57,599

follow up on and so those were some

1592

00:56:02,390 --> 00:56:00,640

some pretty cool uh subjects

1593

00:56:04,789 --> 00:56:02,400

i am working on a new book it's

1594

00:56:07,910 --> 00:56:04,799

exclusively a bigfoot book

1595

00:56:08,309 --> 00:56:07,920

um i was never sure until now whether i

1596

00:56:11,190 --> 00:56:08,319

would

1597

00:56:12,470 --> 00:56:11,200

have enough to offer to put in a bigfoot

1598

00:56:14,470 --> 00:56:12,480

book because there are so

1599

00:56:15,990 --> 00:56:14,480

many excellent bigfoot books out there

1600

00:56:18,870 --> 00:56:16,000

and many of them written by

1601  
00:56:20,950 --> 00:56:18,880  
my colleagues and you know the the

1602  
00:56:23,510 --> 00:56:20,960  
pioneers of the field

1603  
00:56:24,309 --> 00:56:23,520  
but i think it's a good time to kind of

1604  
00:56:26,630 --> 00:56:24,319  
refresh

1605  
00:56:29,190 --> 00:56:26,640  
and kind of look back and look forward

1606  
00:56:31,589 --> 00:56:29,200  
at the same time

1607  
00:56:33,430 --> 00:56:31,599  
there are a lot of there's a lot of new

1608  
00:56:35,670 --> 00:56:33,440  
blood in the bigfoot field

1609  
00:56:36,630 --> 00:56:35,680  
uh a lot of them coming in in recent

1610  
00:56:38,470 --> 00:56:36,640  
years

1611  
00:56:40,950 --> 00:56:38,480  
and i'm finding that a lot of them don't

1612  
00:56:44,069 --> 00:56:40,960  
have the foundational

1613  
00:56:47,349 --> 00:56:44,079

knowledge in terms of the history

1614

00:56:49,030 --> 00:56:47,359

what biology has been discerned by real

1615

00:56:51,030 --> 00:56:49,040

academics through different scientific

1616

00:56:52,309 --> 00:56:51,040

studies and

1617

00:56:55,589 --> 00:56:52,319

of course i'll talk about my own

1618

00:56:57,589 --> 00:56:55,599

research and experiences

1619

00:56:59,510 --> 00:56:57,599

i'm going to talk about little foot

1620

00:57:01,750 --> 00:56:59,520

because i do get a lot of accounts just

1621

00:57:03,829 --> 00:57:01,760

as many accounts of the little hairy

1622

00:57:05,750 --> 00:57:03,839

man-like creatures as opposed to bigfoot

1623

00:57:07,910 --> 00:57:05,760

so there's there seem to be at least

1624

00:57:10,789 --> 00:57:07,920

at least one type that's very small and

1625

00:57:12,150 --> 00:57:10,799

they're not talked about very often

1626  
00:57:13,349 --> 00:57:12,160  
so yeah there's gonna be a lot of cool

1627  
00:57:14,789 --> 00:57:13,359  
angles but that's what i'm working on

1628  
00:57:17,910 --> 00:57:14,799  
now is the new bigfoot book

1629  
00:57:19,589 --> 00:57:17,920  
it'll probably be ready later this year

1630  
00:57:22,150 --> 00:57:19,599  
i'm shooting for like september

1631  
00:57:24,309 --> 00:57:22,160  
so i'm about halfway done and i'm moving

1632  
00:57:28,150 --> 00:57:24,319  
through it as quick as i can

1633  
00:57:30,710 --> 00:57:28,160  
great i look forward to reading that um

1634  
00:57:33,670 --> 00:57:30,720  
now you you've investigated almost every

1635  
00:57:35,430 --> 00:57:33,680  
unexplained anthony faces planet

1636  
00:57:37,109 --> 00:57:35,440  
what's your favorite critic being a

1637  
00:57:38,950 --> 00:57:37,119  
phenomena

1638  
00:57:40,470 --> 00:57:38,960

no it's always it's always such a tough

1639

00:57:43,589 --> 00:57:40,480

question a lot of people ask me that

1640

00:57:44,710 --> 00:57:43,599

um a lot but you know i have so many

1641

00:57:47,190 --> 00:57:44,720

favorites

1642

00:57:48,710 --> 00:57:47,200

um but of course i'm indebitively linked

1643

00:57:51,829 --> 00:57:48,720

to the

1644

00:57:54,549 --> 00:57:51,839

thunderbird flying encrypted

1645

00:57:56,150 --> 00:57:54,559

world not just mothman but i've

1646

00:57:57,589 --> 00:57:56,160

interviewed so many thunderbird

1647

00:58:02,470 --> 00:57:57,599

witnesses

1648

00:58:04,950 --> 00:58:02,480

you know what appear to be living

1649

00:58:07,349 --> 00:58:04,960

pterosaurs flying reptiles which

1650

00:58:09,109 --> 00:58:07,359

that's another subject and you know

1651  
00:58:11,430 --> 00:58:09,119  
these things seem to be popping up

1652  
00:58:13,109 --> 00:58:11,440  
all over the place yeah they are there's

1653  
00:58:15,270 --> 00:58:13,119  
been a rash in georgia lately

1654  
00:58:16,470 --> 00:58:15,280  
and i'm getting reports from oklahoma

1655  
00:58:18,630 --> 00:58:16,480  
and all over

1656  
00:58:20,630 --> 00:58:18,640  
um but a lot of the winged cryptids are

1657  
00:58:24,069 --> 00:58:20,640  
kind of near and dear to my heart

1658  
00:58:26,390 --> 00:58:24,079  
and i'm i'm really feel a debt

1659  
00:58:27,750 --> 00:58:26,400  
to all of the eyewitnesses that have

1660  
00:58:29,430 --> 00:58:27,760  
reached out to me and shared their

1661  
00:58:31,589 --> 00:58:29,440  
stories because these are

1662  
00:58:33,190 --> 00:58:31,599  
very credible people that have had

1663  
00:58:34,390 --> 00:58:33,200

remarkable experiences they can't

1664

00:58:36,710 --> 00:58:34,400

explain

1665

00:58:37,829 --> 00:58:36,720

and you know they just like anybody that

1666

00:58:40,630 --> 00:58:37,839

has an experience

1667

00:58:42,470 --> 00:58:40,640

you know like this they need some

1668

00:58:43,190 --> 00:58:42,480

measure of closure they need some

1669

00:58:45,510 --> 00:58:43,200

answers

1670

00:58:47,910 --> 00:58:45,520

and i can i can't say that that i'm the

1671

00:58:50,150 --> 00:58:47,920

one to provide those but

1672

00:58:51,510 --> 00:58:50,160

you know when you've seen something and

1673

00:58:53,109 --> 00:58:51,520

because you have seen something

1674

00:58:55,109 --> 00:58:53,119

along these lines you understand this

1675

00:58:56,870 --> 00:58:55,119

relate to this you see something that

1676

00:58:59,510 --> 00:58:56,880

doesn't fit within the context or the

1677

00:59:01,349 --> 00:58:59,520

paradigm of what's supposed to exist

1678

00:59:03,910 --> 00:59:01,359

you know that's that's a pretty

1679

00:59:04,710 --> 00:59:03,920

impactful thing and uh we definitely

1680

00:59:06,230 --> 00:59:04,720

need to

1681

00:59:09,349 --> 00:59:06,240

to keep up the search and look for

1682

00:59:11,349 --> 00:59:09,359

answers well i i must admit you got me

1683

00:59:12,710 --> 00:59:11,359

hooked on the flying phenomena because i

1684

00:59:15,109 --> 00:59:12,720

read big bird

1685

00:59:15,910 --> 00:59:15,119

modern signs of flying monsters many

1686

00:59:19,349 --> 00:59:15,920

moons ago

1687

00:59:21,270 --> 00:59:19,359

and uh that kind of got me going as far

1688

00:59:25,430 --> 00:59:21,280

as the flying

1689

00:59:26,950 --> 00:59:25,440

cryptids um i suggest anybody they find

1690

00:59:28,390 --> 00:59:26,960

the book to get it i'm quite sure it's

1691

00:59:31,670 --> 00:59:28,400

on amazon

1692

00:59:34,789 --> 00:59:31,680

but i think i wrote it back in 2007

1693

00:59:36,549 --> 00:59:34,799

it was uh it's a great book thank you

1694

00:59:38,230 --> 00:59:36,559

man i appreciate that it probably needs

1695

00:59:38,630 --> 00:59:38,240

a revision at this point so much has

1696

00:59:41,670 --> 00:59:38,640

changed

1697

00:59:43,430 --> 00:59:41,680

but there has been a lot of change

1698

00:59:45,030 --> 00:59:43,440

all my books are available on amazon if

1699

00:59:47,109 --> 00:59:45,040

someone wants to pick up a copy

1700

00:59:48,789 --> 00:59:47,119

if someone wants to a signed copy they

1701

00:59:49,349 --> 00:59:48,799

can contact me through facebook or

1702

00:59:51,750 --> 00:59:49,359

whatever

1703

00:59:55,190 --> 00:59:51,760

email and i'd be happy to to try to get

1704

00:59:57,829 --> 00:59:55,200

them an autograph copy somehow

1705

01:00:00,630 --> 00:59:57,839

so uh besides what's going on the end of

1706

01:00:04,309 --> 01:00:00,640

the month up in pennsylvania what

1707

01:00:07,589 --> 01:00:04,319

what shows or cons do you have

1708

01:00:09,349 --> 01:00:07,599

scheduled to appear at uh well i have a

1709

01:00:10,870 --> 01:00:09,359

couple of other tv appearances lined up

1710

01:00:11,750 --> 01:00:10,880

for this summer but i can't talk about

1711

01:00:12,950 --> 01:00:11,760

those yet but those are

1712

01:00:15,109 --> 01:00:12,960

coming up during the summer guest

1713

01:00:15,910 --> 01:00:15,119

appearances on a couple of shows oh good

1714

01:00:19,109 --> 01:00:15,920

um as far as

1715

01:00:21,190 --> 01:00:19,119

conferences uh mid-june

1716

01:00:23,750 --> 01:00:21,200

we are doing the legend of boggy creek

1717

01:00:25,270 --> 01:00:23,760

festival [h\_\_h] monster festival

1718

01:00:26,789 --> 01:00:25,280

uh it's going to be a pretty big deal

1719

01:00:29,349 --> 01:00:26,799

down in falcon arkansas

1720

01:00:31,430 --> 01:00:29,359

it's already sold out but basically they

1721

01:00:33,349 --> 01:00:31,440

have done a digitally remastered version

1722

01:00:34,789 --> 01:00:33,359

of the legend of boggy creek

1723

01:00:36,230 --> 01:00:34,799

this is the daughter of the original

1724

01:00:37,430 --> 01:00:36,240

director charles pierce her name is

1725

01:00:39,349 --> 01:00:37,440

pamela pierce

1726

01:00:40,630 --> 01:00:39,359

so the tiny town of fox arkansas that's

1727

01:00:42,630 --> 01:00:40,640

going to be a pretty fun

1728

01:00:44,470 --> 01:00:42,640

kind of bigfoot related event if anyone

1729

01:00:45,510 --> 01:00:44,480

is a fan of the legend of boggy creek

1730

01:00:47,990 --> 01:00:45,520

movie

1731

01:00:49,349 --> 01:00:48,000

um and the end of june i'm going to be

1732

01:00:51,670 --> 01:00:49,359

at mid-south

1733

01:00:53,349 --> 01:00:51,680

in louisville kentucky which is mostly a

1734

01:00:56,069 --> 01:00:53,359

paranormal conference but uh

1735

01:00:58,230 --> 01:00:56,079

charlie raymond and myself will be there

1736

01:01:00,630 --> 01:00:58,240

talking about cryptids

1737

01:01:01,430 --> 01:01:00,640

and then i think i have a pretty big gap

1738

01:01:03,109 --> 01:01:01,440

until

1739

01:01:04,789 --> 01:01:03,119

probably september and then i'll have a

1740

01:01:07,910 --> 01:01:04,799

lot of events kind of rolling up in

1741

01:01:09,510 --> 01:01:07,920

september and october

1742

01:01:11,190 --> 01:01:09,520

excellent well we'll be looking out for

1743

01:01:14,789 --> 01:01:11,200

you and uh

1744

01:01:18,150 --> 01:01:14,799

hopefully we can talk soon in person

1745

01:01:21,190 --> 01:01:18,160

and uh that'd be great so ken thanks

1746

01:01:23,270 --> 01:01:21,200

again for coming on the show

1747

01:01:24,870 --> 01:01:23,280

thank you lon uh you're always a

1748

01:01:25,670 --> 01:01:24,880

wonderful and gracious host very

1749

01:01:27,670 --> 01:01:25,680

knowledgeable

1750

01:01:29,349 --> 01:01:27,680

and man the time just flies by we'll

1751

01:01:31,510 --> 01:01:29,359

have to do that

1752

01:01:35,270 --> 01:01:31,520

you take care now all right you take

1753

01:01:38,789 --> 01:01:36,789

listeners can show their support for

1754

01:01:41,270 --> 01:01:38,799

hurricane radio by becoming a patron

1755

01:01:43,510 --> 01:01:41,280

simply go to [phantomsomemonster.com](http://phantomsomemonster.com) and

1756

01:01:45,510 --> 01:01:43,520

click the podbean patron banner

1757

01:01:46,630 --> 01:01:45,520

now arcane radio also accepts direct

1758

01:01:48,150 --> 01:01:46,640

donations

1759

01:01:49,670 --> 01:01:48,160

if you have an unexplained encounter or

1760

01:01:52,069 --> 01:01:49,680

something feel free to contact me

1761

01:01:53,030 --> 01:01:52,079

through the famous monsters blog site i

1762

01:01:55,430 --> 01:01:53,040

want to again

1763

01:01:56,710 --> 01:01:55,440

thank ken gerhart for joining me this

1764

01:01:57,910 --> 01:01:56,720

evening and i want to thank you for

1765

01:02:04,829 --> 01:01:57,920

listening to the show

1766

01:02:04,839 --> 01:02:09,400

weekend

1767

01:02:09,410 --> 01:02:28,020

[Music]

1768

01:02:28,030 --> 01:02:46,829

[Applause]
