00:00:24,939 --> 00:00:22,279
monsters didn't exist but we were sure

6
00:00:29,109 --> 00:00:24,949
that something is lurking under the bed

00:00:31,050 --> 00:00:29,119

hey folks good evening and welcome to

paranormal king radio neck Network now

22

00:01:21,080 --> 00:01:18,810

I'm your host launch director coming to

00:01:22,969 --> 00:01:21,090

you with in a cannon shot of historic

24

00:01:25,069 --> 00:01:22,979

Gettysburg in the mysterious state of

25

00:01:28,309 --> 00:01:25,079

Pennsylvania I thank you for joining me

26

00:01:32,779 --> 00:01:28,319

now before I start with my guests this

27

00:01:36,590 --> 00:01:32,789

evening I'm just gonna talk about a case

28

00:01:39,980 --> 00:01:36,600

that I received recently there was a

29

00:01:43,940 --> 00:01:39,990

telephone call I got from a woman who

30

00:01:47,059 --> 00:01:43,950

all referred to as Lucy now she's a

31

00:01:51,230 --> 00:01:47,069

woman of Navajo heritage who once lived

32

00:01:54,589 --> 00:01:51,240

in the town of Lovington New Mexico as a

33

00:01:57,830 --> 00:01:54,599

child and in this instance at the age of

34

00:02:01,339 --> 00:01:57,840

8 Lucy and her friends would play on

35

00:02:03,230 --> 00:02:01,349

school grounds near our house there was

36

00:02:05,929 --> 00:02:03,240

also a small grocery store with a large

37

00:02:09,109 --> 00:02:05,939

porch where the we're kids would spend a

38

00:02:11,930 --> 00:02:09,119

lot of time her mother had credit there

39

00:02:13,819 --> 00:02:11,940

so Lucy was allowed to just go ahead and

40

00:02:16,610 --> 00:02:13,829

purchase candy when average didn't

41

00:02:20,390 --> 00:02:16,620

wanted to do this the grocery store also

42

00:02:23,180 --> 00:02:20,400

had a butchered meat so they had a they

43

00:02:26,120 --> 00:02:23,190

had a small butcher shop so during the

44

00:02:29,180 --> 00:02:26,130

summer day in early 1980s someone or

45

00:02:32,420 --> 00:02:29,190

something vandalized the grocery store

46

00:02:34,699 --> 00:02:32,430

while the owners were on vacation now

47

00:02:36,979 --> 00:02:34,709

the front door had been torn through and

48

00:02:40,069 --> 00:02:36,989

there was a large hole on the floor of

49

00:02:43,879 --> 00:02:40,079

the front porch as well a majority of

50

00:02:46,640 --> 00:02:43,889

the butchered meat was stolen so when

51
00:02:48,830 --> 00:02:46,650
the the owners returned home they

52
00:02:52,009 --> 00:02:48,840
started to blame the local residents for

53
00:02:53,870 --> 00:02:52,019
the theft of vandalism now you know this

54
00:02:55,400 --> 00:02:53,880
was very much out of character for the

55
00:02:56,420 --> 00:02:55,410
people in this small town you know and

56
00:02:59,960 --> 00:02:56,430
everybody

57
00:03:02,660 --> 00:02:59,970
depended on the grocery store so besides

58
00:03:06,349 --> 00:03:02,670
it was a friendly tight-knit community

59
00:03:08,629 --> 00:03:06,359
and crime was very rare so there were

60
00:03:11,839 --> 00:03:08,639
never any charges brought up against

61
00:03:15,170 --> 00:03:11,849
anybody and at the store eventually and

62
00:03:18,469 --> 00:03:15,180
closed and Lou doubted Lovington into

63
00:03:19,580 --> 00:03:18,479

another town so the grocery store

64

00:03:22,820 --> 00:03:19,590

building was just

65

00:03:25,100 --> 00:03:22,830

than it was abandoned so one early

66

00:03:28,580 --> 00:03:25,110

morning a few months later Lucy and her

67

00:03:31,309 --> 00:03:28,590

younger sister were home alone after her

68

00:03:33,800 --> 00:03:31,319

parents had rushed Lucy's older sister

69

00:03:35,059 --> 00:03:33,810

to the hospital which is several miles

70

00:03:37,430 --> 00:03:35,069

away

71

00:03:39,830 --> 00:03:37,440

Lucy's sister had a ruptured appendix

72

00:03:43,250 --> 00:03:39,840

that night before and needed immediate

73

00:03:45,350 --> 00:03:43,260

treatment so Lucy was sleeping on the

74

00:03:47,449 --> 00:03:45,360

couch in the living room while her

75

00:03:51,289 --> 00:03:47,459

younger sister was fast asleep on the

76

00:03:54,589 --> 00:03:51,299

floor now Lucy was a walk by a loud

77

00:03:57,199 --> 00:03:54,599

creaking sound outside the front door

78

00:03:59,270 --> 00:03:57,209

she raised up from the couch and thought

79

00:04:03,650 --> 00:03:59,280

she had seen a large hairy head

80

00:04:05,360 --> 00:04:03,660

shoulders in the window alarm Lucy

81

00:04:07,839 --> 00:04:05,370

immediately pulled the covers of her

82

00:04:11,630 --> 00:04:07,849

head her head while hoping this thing

83

00:04:14,750 --> 00:04:11,640

would just go away she continued to hear

84

00:04:17,029 --> 00:04:14,760

noises on the porch and once again she

85

00:04:19,640 --> 00:04:17,039

knows the Lord Harry had shoulders

86

00:04:21,979 --> 00:04:19,650

standing in the window it would duck

87

00:04:25,430 --> 00:04:21,989

down below the window then slowly raised

88

00:04:27,800 --> 00:04:25,440

up by this time Lucy had become curious

89

00:04:31,040 --> 00:04:27,810

and thought that her cousins they had

90

00:04:32,750 --> 00:04:31,050

been playing a prank on her so her

91

00:04:35,420 --> 00:04:32,760

little sister was still asleep on the

92

00:04:38,240 --> 00:04:35,430

floor so Lucy got off the couch and

93

00:04:41,620 --> 00:04:38,250

walked to the window and peeked out and

94

00:04:44,029 --> 00:04:41,630

she was amazed to see a huge hairy man

95

00:04:46,820 --> 00:04:44,039

swiftly striding towards the side of the

96

00:04:48,830 --> 00:04:46,830

house in the direction of the school now

97

00:04:51,200 --> 00:04:48,840

Lucy ran to the door stepped out

98

00:04:54,379 --> 00:04:51,210

barefoot and began to run at to this

99

00:04:58,010 --> 00:04:54,389

large hairy man she was sure that

100

00:04:59,960 --> 00:04:58,020

someone was trying to scare her and she

101
00:05:03,800 --> 00:04:59,970
was somewhat fearless when she was young

102
00:05:06,020 --> 00:05:03,810
but she was gonna find out who it was so

103
00:05:08,750 --> 00:05:06,030
Lucy ran past the school and made her

104
00:05:10,640 --> 00:05:08,760
way to the abandoned grocery store she

105
00:05:13,250 --> 00:05:10,650
heard noises coming from inside the

106
00:05:15,560 --> 00:05:13,260
building she stepped up onto the porch

107
00:05:19,430 --> 00:05:15,570
and immediately felt a sharp stabbing

108
00:05:21,770 --> 00:05:19,440
pain in her right foot she quickly sat

109
00:05:24,650 --> 00:05:21,780
down on the porch and saw that she had

110
00:05:26,600 --> 00:05:24,660
stepped on a large splinter she was in

111
00:05:28,909 --> 00:05:26,610
terrible pain and as she tried to remove

112
00:05:33,080 --> 00:05:28,919
the Splinter while the tears flowed down

113
00:05:36,490 --> 00:05:33,090

her cheek then without warning a

114

00:05:39,590 --> 00:05:36,500

Lord Harry Henry from behind her and

115

00:05:41,450 --> 00:05:39,600

pointed at her injured foot now Lucy

116

00:05:43,939 --> 00:05:41,460

commented that the fingernails were

117

00:05:47,180 --> 00:05:43,949

black and that the hand was the size of

118

00:05:48,620 --> 00:05:47,190

catcher's mitt with thick fingers she

119

00:05:50,719 --> 00:05:48,630

said that she was not afraid of the

120

00:05:53,689 --> 00:05:50,729

hairy man but did not like the way it

121

00:05:56,750 --> 00:05:53,699

smelled she looked up and saw a face of

122

00:05:59,719 --> 00:05:56,760

an ape-like man with large long dark

123

00:06:02,750 --> 00:05:59,729

reddish hair falling all over it and

124

00:06:05,360 --> 00:06:02,760

from the top of the head the skin was

125

00:06:07,909 --> 00:06:05,370

like that of a tan Caucasian man but

126

00:06:09,760 --> 00:06:07,919

mostly rugged looking the eyes were

127

00:06:13,280 --> 00:06:09,770

round and honey-coloured

128

00:06:15,950 --> 00:06:13,290

she reached up and pulled on the hair

129

00:06:18,440 --> 00:06:15,960

wanting to see it this was not a costume

130

00:06:20,629 --> 00:06:18,450

she ain't it hard enough that the hairy

131

00:06:23,870 --> 00:06:20,639

man grimaced in a way that indicated

132

00:06:27,080 --> 00:06:23,880

that he didn't that like that but she

133

00:06:29,300 --> 00:06:27,090

also noticed compassion as well the

134

00:06:32,480 --> 00:06:29,310

hairy man then picked up Lucy in his

135

00:06:34,340 --> 00:06:32,490

arms and cradled her like a baby he rose

136

00:06:36,350 --> 00:06:34,350

to his feet and quickly walked into the

137

00:06:38,870 --> 00:06:36,360

direction of her house okay she's

138

00:06:40,990 --> 00:06:38,880

stopping near a pine tree in order to

139

00:06:43,340 --> 00:06:41,000

see if anyone else was watching him

140

00:06:45,920 --> 00:06:43,350

Lucy was afraid that there may I was

141

00:06:49,190 --> 00:06:45,930

gonna kidnap her but was relieved when

142

00:06:51,170 --> 00:06:49,200

they reached her house he gently lured

143

00:06:52,670 --> 00:06:51,180

her on the porch and watched as she

144

00:06:55,820 --> 00:06:52,680

tried to remove the Splinter from her

145

00:06:58,940 --> 00:06:55,830

foot then the hairy man quickly turned

146

00:07:01,400 --> 00:06:58,950

as if he heard something approaching he

147

00:07:04,310 --> 00:07:01,410

ran off towards the lords grove of pine

148

00:07:07,250 --> 00:07:04,320

trees and was gone in a minute or two

149

00:07:09,860 --> 00:07:07,260

the local police Corps was making its

150

00:07:11,360 --> 00:07:09,870

way down the road Lucy said that she

151
00:07:14,180 --> 00:07:11,370
could always tell it was the police

152
00:07:16,190 --> 00:07:14,190
because they had that the one police car

153
00:07:19,010 --> 00:07:16,200
the one patrol car and always made a

154
00:07:21,560 --> 00:07:19,020
loud squeaking noise when the grow by

155
00:07:25,100 --> 00:07:21,570
the hairy man must have heard it from a

156
00:07:27,050 --> 00:07:25,110
distance and ran off Lucy now believes

157
00:07:30,050 --> 00:07:27,060
that the hairy man was responsible for

158
00:07:32,270 --> 00:07:30,060
the break-in at the grocery store she

159
00:07:34,969 --> 00:07:32,280
estimates that this hairy man was about

160
00:07:37,760 --> 00:07:34,979
eight foot in height and covered in long

161
00:07:40,240 --> 00:07:37,770
thick reddish hair that seemed to

162
00:07:42,950 --> 00:07:40,250
slightly change in hue when it moved

163
00:07:45,800 --> 00:07:42,960

Lucy said that she never saw a hairy man

164

00:07:46,940 --> 00:07:45,810

again but she did see a smaller hairy

165

00:07:48,830 --> 00:07:46,950

biped

166

00:07:51,400 --> 00:07:48,840

a few years ago while she was driving

167

00:07:55,010 --> 00:07:51,410

home at night and that was in West Texas

168

00:07:56,660 --> 00:07:55,020

her account is not widely known and as

169

00:07:59,570 --> 00:07:56,670

she never told anybody other and her

170

00:08:02,450 --> 00:07:59,580

daughter and her daughter had recently

171

00:08:03,980 --> 00:08:02,460

encouraged her to come forward so that

172

00:08:04,940 --> 00:08:03,990

led to her calling me so that's an

173

00:08:07,010 --> 00:08:04,950

interesting story

174

00:08:10,640 --> 00:08:07,020

and actually it's the second story i

175

00:08:12,500 --> 00:08:10,650

that i received from directly from

176

00:08:16,160 --> 00:08:12,510

witnesses in the last couple of weeks

177

00:08:19,190 --> 00:08:16,170

where the the witnesses actually carry

178

00:08:21,980 --> 00:08:19,200

picked up was injured and taken either

179

00:08:24,890 --> 00:08:21,990

home or to another location by a Bigfoot

180

00:08:29,090 --> 00:08:24,900

so very interesting well anyway tonight

181

00:08:31,070 --> 00:08:29,100

I welcome the members or some of my

182

00:08:34,670 --> 00:08:31,080

members some of the members of phantoms

183

00:08:37,880 --> 00:08:34,680

of monsters 14 year research - arcane

184

00:08:40,790 --> 00:08:37,890

radio we're gonna be discussing current

185

00:08:42,530 --> 00:08:40,800

cases and updates as well as try to

186

00:08:44,900 --> 00:08:42,540

answer some of your questions that you

187

00:08:48,860 --> 00:08:44,910

can post in the chat room I'd like to

188

00:08:51,350 --> 00:08:48,870

introduce Tobias Whalen Marcus Ellis and

189

00:08:55,510 --> 00:08:51,360

one of our newest team member is Luis

190

00:08:59,890 --> 00:08:55,520

Castillo so guys thanks for joining me

191

00:09:02,840 --> 00:08:59,900

thanks for having me big great to be on

192

00:09:05,270 --> 00:09:02,850

now Luisa you're the newest to the bunch

193

00:09:08,060 --> 00:09:05,280

I haven't had you on the show yet so

194

00:09:11,300 --> 00:09:08,070

kind of tell folks a little bit of your

195

00:09:13,250 --> 00:09:11,310

background as far as what you are what

196

00:09:16,040 --> 00:09:13,260

you enjoyed it doing as far as I think

197

00:09:21,440 --> 00:09:16,050

problem beat I guess the best is talking

198

00:09:22,850 --> 00:09:21,450

about Bigfoot well-being being out here

199

00:09:26,230 --> 00:09:22,860

in California I think I'm the only

200

00:09:29,500 --> 00:09:26,240

member who's out here in the west coast

201
00:09:33,190 --> 00:09:29,510
I've been you could say investigating

202
00:09:36,800 --> 00:09:33,200
everything from goals to Bigfoot to

203
00:09:41,680 --> 00:09:36,810
possum when I try to get into UFOs since

204
00:09:44,120 --> 00:09:41,690
what 2007 I used to have a team that

205
00:09:45,800 --> 00:09:44,130
would investigate from this side of the

206
00:09:49,610 --> 00:09:45,810
United States and the farthest we went

207
00:09:52,910 --> 00:09:49,620
was to Paris France we investigated

208
00:09:55,790 --> 00:09:52,920
other states in the country but then

209
00:09:57,560 --> 00:09:55,800
eventually you know as with all teams

210
00:09:59,020 --> 00:09:57,570
they started doing a little bit of

211
00:10:03,340 --> 00:09:59,030
infighting

212
00:10:04,660 --> 00:10:03,350
and so that was you know I didn't put

213
00:10:07,660 --> 00:10:04,670

the take the team apart

214

00:10:11,050 --> 00:10:07,670

left the whole paranormal community for

215

00:10:13,030 --> 00:10:11,060

a few years and just focused on you know

216

00:10:16,690 --> 00:10:13,040

on things on my own with one other

217

00:10:19,090 --> 00:10:16,700

person and I found that working with the

218

00:10:23,500 --> 00:10:19,100

team of only two people instead of five

219

00:10:25,900 --> 00:10:23,510

or six or twenty is a lot better so you

220

00:10:28,270 --> 00:10:25,910

know you don't get the messages mixed in

221

00:10:29,500 --> 00:10:28,280

regards to Bigfoot it's been one of

222

00:10:33,010 --> 00:10:29,510

those things you know growing up in the

223

00:10:34,990 --> 00:10:33,020

70s it was one of the things I loved to

224

00:10:38,260 --> 00:10:35,000

watch and I really read everything I

225

00:10:41,910 --> 00:10:38,270

could on the big hairy guy and you could

226

00:10:46,140 --> 00:10:41,920

just say it's a it's a love of mine that

227

00:10:48,340 --> 00:10:46,150

I've yet to experience you know

228

00:10:51,370 --> 00:10:48,350

personally except I think some of you

229

00:10:53,380 --> 00:10:51,380

guys may have the closest I ever got to

230

00:10:56,410 --> 00:10:53,390

something like it is when camping with I

231

00:10:59,710 --> 00:10:56,420

had a brother-in-law he saw something

232

00:11:01,120 --> 00:10:59,720

and when he came back he had most of his

233

00:11:03,160 --> 00:11:01,130

clothing all ripped because he was

234

00:11:06,070 --> 00:11:03,170

running from the bushes and the branches

235

00:11:08,500 --> 00:11:06,080

and you know long story short what he

236

00:11:12,460 --> 00:11:08,510

said he saw was he had left that morning

237

00:11:14,500 --> 00:11:12,470

for a hike and he came upon a clearing

238

00:11:17,530 --> 00:11:14,510

and on the other end of this clearing he

239

00:11:20,710 --> 00:11:17,540

saw a reddish what he thought was a bear

240

00:11:23,110 --> 00:11:20,720

sitting at a trunk of a tree that had

241

00:11:25,030 --> 00:11:23,120

fallen so he wanted to get closer to it

242

00:11:27,310 --> 00:11:25,040

to see it and I guess he stepped on a

243

00:11:29,140 --> 00:11:27,320

branch and made a noise and at that

244

00:11:31,420 --> 00:11:29,150

moment it turned around and it saw him

245

00:11:33,220 --> 00:11:31,430

and at first he still thought it was a

246

00:11:36,130 --> 00:11:33,230

bear until it got up and turned around

247

00:11:37,510 --> 00:11:36,140

completely and started walking towards

248

00:11:42,250 --> 00:11:37,520

him and that's when he said why I need

249

00:11:44,770 --> 00:11:42,260

to leave and it didn't capture it didn't

250

00:11:46,420 --> 00:11:44,780

get him because they didn't want to but

251
00:11:49,000 --> 00:11:46,430
he felt that as he was running back to

252
00:11:50,950 --> 00:11:49,010
camp it would keep him within a certain

253
00:11:53,079 --> 00:11:50,960
parameter as to where he could go where

254
00:11:57,370 --> 00:11:53,089
he couldn't go you know what I'm saying

255
00:11:59,770 --> 00:11:57,380
and so and by time he came through he

256
00:12:01,210 --> 00:11:59,780
like I said he's he was bleeding his

257
00:12:03,850 --> 00:12:01,220
clothes were all ripped up because the

258
00:12:07,800 --> 00:12:03,860
branch is catching on to him and so that

259
00:12:10,930 --> 00:12:07,810
just further furthered me into you know

260
00:12:12,489 --> 00:12:10,940
looking for this guy so that that's how

261
00:12:14,889 --> 00:12:12,499
I got into it

262
00:12:19,389 --> 00:12:14,899
what was the start of it well you know

263
00:12:25,479 --> 00:12:19,399

you are you and I had met back in 2017

264

00:12:29,379 --> 00:12:25,489

at the Pennsylvania Bigfoot camping

265

00:12:31,029 --> 00:12:29,389

adventure and now I wasn't able to be

266

00:12:31,949 --> 00:12:31,039

there the last one I don't know if you

267

00:12:36,279 --> 00:12:31,959

were there or not

268

00:12:39,159 --> 00:12:36,289

but yeah you do occasionally get to the

269

00:12:42,399 --> 00:12:39,169

East Coast so you know hopefully we're

270

00:12:45,639 --> 00:12:42,409

gonna get together sometime and meet up

271

00:12:49,479 --> 00:12:45,649

and I guess we'll exchange war stories

272

00:12:52,059 --> 00:12:49,489

oh yeah there's a lot of war stories I

273

00:12:54,099 --> 00:12:52,069

mean to spread you know you know I've

274

00:12:55,689 --> 00:12:54,109

told you some of them from here and yeah

275

00:12:58,689 --> 00:12:55,699

I'll tell you some other ones I've had

276

00:13:01,679 --> 00:12:58,699

in the other states and in Paris and you

277

00:13:04,119 --> 00:13:01,689

know it gets interesting you know it

278

00:13:06,339 --> 00:13:04,129

it's interesting to see how each state

279

00:13:08,739 --> 00:13:06,349

or how each country looks at you know

280

00:13:11,879 --> 00:13:08,749

the paranormal and how they look at they

281

00:13:16,179 --> 00:13:11,889

look at it differently from each other

282

00:13:17,859 --> 00:13:16,189

well that's great I mean it's good to

283

00:13:20,799 --> 00:13:17,869

have you on the team to loop because uh

284

00:13:23,349 --> 00:13:20,809

I do need somebody out there and I do

285

00:13:25,749 --> 00:13:23,359

know you so and I know you're dedicated

286

00:13:29,609 --> 00:13:25,759

to what you do so it's great to have you

287

00:13:33,189 --> 00:13:29,619

on the team thank you

288

00:13:35,979 --> 00:13:33,199

so we also have Marcus Ellis with us

289

00:13:37,629 --> 00:13:35,989

Marcus was on the show Lou over month

290

00:13:45,789 --> 00:13:37,639

ago

291

00:13:48,129 --> 00:13:45,799

so Marcus anything new lately yeah it's

292

00:13:53,349 --> 00:13:48,139

not Bigfoot related but it's it's

293

00:13:57,339 --> 00:13:53,359

ufo-related I had some well my good

294

00:14:00,189 --> 00:13:57,349

friend and my mentor MK Davis called me

295

00:14:04,929 --> 00:14:00,199

up kind of excitedly this one particular

296

00:14:10,209 --> 00:14:04,939

night a few weeks back and said hey are

297

00:14:12,039 --> 00:14:10,219

you aware of this happening in you know

298

00:14:16,479 --> 00:14:12,049

our home city of Yazoo City Mississippi

299

00:14:20,289 --> 00:14:16,489

and I'm like no and he proceeded to tell

300

00:14:23,949 --> 00:14:20,299

me about it and it was a huge a huge UFO

301

00:14:25,990 --> 00:14:23,959

sighting that occurred here that that

302

00:14:29,650 --> 00:14:26,000

basically was

303

00:14:31,810 --> 00:14:29,660

washed it was squashed by I don't know

304

00:14:36,340 --> 00:14:31,820

some of the business people and you know

305

00:14:39,820 --> 00:14:36,350

our founding fathers and the crazy thing

306

00:14:43,450 --> 00:14:39,830

about this case and I'm just now

307

00:14:45,070 --> 00:14:43,460

starting to to dig into the the

308

00:14:49,690 --> 00:14:45,080

historical aspect of it in the

309

00:14:53,640 --> 00:14:49,700

background of it but it happened within

310

00:15:00,510 --> 00:14:53,650

a week to the to to the to the night of

311

00:15:05,500 --> 00:15:00,520

the 1973 Pascagoula UFO abduction with

312

00:15:08,110 --> 00:15:05,510

Calvin Parker and Charles Hicks so it

313

00:15:10,810 --> 00:15:08,120

you know that has that has really got a

314

00:15:14,440 --> 00:15:10,820

lot of my attention on a little a lot of

315

00:15:18,700 --> 00:15:14,450

my focus right now because you know 1973

316

00:15:21,730 --> 00:15:18,710

we had a here in the the southeast we

317

00:15:23,830 --> 00:15:21,740

had just a I mean it was a flap I mean

318

00:15:26,580 --> 00:15:23,840

that's just the best way you can say it

319

00:15:30,490 --> 00:15:26,590

yeah it was the same way up here in

320

00:15:34,240 --> 00:15:30,500

Pennsylvania for whatever reason 73 was

321

00:15:37,690 --> 00:15:34,250

nuts I you know I there was just a lot

322

00:15:39,550 --> 00:15:37,700

of reports going on and I don't know I

323

00:15:42,070 --> 00:15:39,560

mean I don't know what happened or what

324

00:15:46,810 --> 00:15:42,080

caused all that but you're right 73 was

325

00:15:48,880 --> 00:15:46,820

a busy year it was a wild one and our

326

00:15:52,270 --> 00:15:48,890

weather has been so bad down here in

327

00:15:54,040 --> 00:15:52,280

Mississippi uh you know we've got we've

328

00:15:57,940 --> 00:15:54,050

got road closures we got roads

329

00:16:00,370 --> 00:15:57,950

collapsing it's really it's really it's

330

00:16:03,490 --> 00:16:00,380

like right here in the Yazoo City a zoo

331

00:16:06,850 --> 00:16:03,500

County area we've got two major highways

332

00:16:11,200 --> 00:16:06,860

that are that are you know messed up and

333

00:16:12,970 --> 00:16:11,210

we've got stuff down south from us in

334

00:16:16,030 --> 00:16:12,980

the Vicksburg area this that's really

335

00:16:19,950 --> 00:16:16,040

really bad so you know as far as the the

336

00:16:23,530 --> 00:16:19,960

Bigfoot and the cryptid side of things

337

00:16:25,960 --> 00:16:23,540

we really haven't had a whole lot of

338

00:16:28,390 --> 00:16:25,970

chance to get out because like you were

339

00:16:30,880 --> 00:16:28,400

talking about Giles weather along it's

340

00:16:33,370 --> 00:16:30,890

been nuts down here I mean it really

341

00:16:37,020 --> 00:16:33,380

hampered the ability to get into the

342

00:16:39,370 --> 00:16:37,030

field and and see what's going on yeah

343

00:16:39,740 --> 00:16:39,380

yeah I you know I hear that from a lot

344

00:16:42,890 --> 00:16:39,750

of

345

00:16:45,170 --> 00:16:42,900

people all over North America especially

346

00:16:47,600 --> 00:16:45,180

the last couple years where it you know

347

00:16:50,600 --> 00:16:47,610

it is debt there's definitely a climate

348

00:16:54,890 --> 00:16:50,610

issue I mean you know things just be

349

00:16:58,430 --> 00:16:54,900

gone a wire and it is somewhat difficult

350

00:17:00,800 --> 00:16:58,440

to get out this time of year but you

351

00:17:03,590 --> 00:17:00,810

know yeah maybe we are lucky sometimes

352

00:17:10,400 --> 00:17:03,600

and get out there but it does tend to be

353

00:17:12,590 --> 00:17:10,410

an issue so so Tobias not to Bice

354

00:17:15,530 --> 00:17:12,600

Whalen has been with the group now I

355

00:17:20,750 --> 00:17:15,540

guess you came in right at the beginning

356

00:17:22,699 --> 00:17:20,760

of the the Chicago humanoid flap so

357

00:17:28,010 --> 00:17:22,709

Tobias what's been going on with you

358

00:17:31,040 --> 00:17:28,020

lately oh boy well you know I guess

359

00:17:33,740 --> 00:17:31,050

pretty similarly to everybody else I

360

00:17:37,130 --> 00:17:33,750

mean winners are usually pretty rough up

361

00:17:39,980 --> 00:17:37,140

in Wisconsin here so you know I haven't

362

00:17:43,460 --> 00:17:39,990

done a lot of field work but you know

363

00:17:45,950 --> 00:17:43,470

I'm sure I have some field stuff that we

364

00:17:50,210 --> 00:17:45,960

haven't talked about before I mean we've

365

00:17:53,480 --> 00:17:50,220

been going into the southern unit of the

366

00:17:57,980 --> 00:17:53,490

Kettle Moraine State Forest with J butch

367

00:18:03,290 --> 00:17:57,990

ocean now for boy you know months most

368

00:18:05,650 --> 00:18:03,300

of 2019 and the last time we went out

369

00:18:10,400 --> 00:18:05,660

there with them would have been last

370

00:18:14,960 --> 00:18:10,410

November and it was I mean it was

371

00:18:17,060 --> 00:18:14,970

nothing short of amazing frankly and and

372

00:18:20,000 --> 00:18:17,070

you know we almost always experienced

373

00:18:22,870 --> 00:18:20,010

something whenever we go out there and

374

00:18:26,330 --> 00:18:22,880

you know this is an area known for

375

00:18:31,310 --> 00:18:26,340

Bigfoot and dog man sightings but it's

376

00:18:34,540 --> 00:18:31,320

also known for anomalous orbs and and

377

00:18:39,260 --> 00:18:34,550

and and that sort of like related UFO

378

00:18:40,820 --> 00:18:39,270

phenomena and so we've seen you know I

379

00:18:43,250 --> 00:18:40,830

haven't really had any any dog man

380

00:18:47,090 --> 00:18:43,260

experiences to speak of out there you

381

00:18:50,480 --> 00:18:47,100

know excuse me uh I've had so certainly

382

00:18:53,310 --> 00:18:50,490

some possibly like Bigfoot related stuff

383

00:18:58,049 --> 00:18:53,320

you know we've seen

384

00:19:01,870 --> 00:18:58,059

those orbs out there which is pretty

385

00:19:03,940 --> 00:19:01,880

amazing frankly to see it with with your

386

00:19:09,909 --> 00:19:03,950

own eyes so last time we were out there

387

00:19:12,010 --> 00:19:09,919

actually this past November we would

388

00:19:15,130 --> 00:19:12,020

actually caught one of them on camera

389

00:19:17,919 --> 00:19:15,140

which was you know stunning to see later

390

00:19:21,640 --> 00:19:17,929

so it was towards the the end of our

391

00:19:25,270 --> 00:19:21,650

hike and I'm sort of out ahead and with

392

00:19:28,630 --> 00:19:25,280

me is Adam Benedict of the pine pine

393

00:19:31,240 --> 00:19:28,640

barrens Institute and then my niece was

394

00:19:34,899 --> 00:19:31,250

there and behind us on the trail quite a

395

00:19:38,049 --> 00:19:34,909

ways Jay and Emily were kind of bringing

396

00:19:40,779 --> 00:19:38,059

up the rear there and I happened to be

397

00:19:42,789 --> 00:19:40,789

looking straight ahead in Jay and Emily

398

00:19:44,770 --> 00:19:42,799

were actually looking ahead to my niece

399

00:19:46,419 --> 00:19:44,780

and Adam were both looking off the sides

400

00:19:53,409 --> 00:19:46,429

of the trail and I see right in front of

401
00:19:57,159 --> 00:19:53,419
us this huge bright white orb and it

402
00:19:59,890 --> 00:19:57,169
looks like it just sort of flashes into

403
00:20:01,750 --> 00:19:59,900
existence at the top of the tree line

404
00:20:05,110 --> 00:20:01,760
and then it goes down through the trees

405
00:20:10,390 --> 00:20:05,120
and disappears before it hits the ground

406
00:20:12,789 --> 00:20:10,400
and you know I sat there for a second

407
00:20:16,120 --> 00:20:12,799
and that I I yelled something that

408
00:20:21,669 --> 00:20:16,130
probably has too many expletives for me

409
00:20:24,549 --> 00:20:21,679
to say on the air here but I mean it was

410
00:20:27,549 --> 00:20:24,559
something to see because this thing I

411
00:20:32,470 --> 00:20:27,559
mean it wasn't a meteor you know it

412
00:20:36,149 --> 00:20:32,480
wasn't it wasn't ball lightning it it it

413
00:20:39,610 --> 00:20:36,159

absolutely was some kind of anomalous

414

00:20:41,890 --> 00:20:39,620

glowing white orb that just went down

415

00:20:44,230 --> 00:20:41,900

through these trees and and the reason

416

00:20:47,950 --> 00:20:44,240

that I am so sure of them is because as

417

00:20:50,680 --> 00:20:47,960

I was watching it I could see the light

418

00:20:52,630 --> 00:20:50,690

coming off of it illuminating these

419

00:20:55,149 --> 00:20:52,640

these trees and it was illuminating the

420

00:20:59,110 --> 00:20:55,159

trees behind it so if it was just

421

00:21:01,120 --> 00:20:59,120

something in the sky like there's no way

422

00:21:04,299 --> 00:21:01,130

it would it would ever do that you know

423

00:21:05,560 --> 00:21:04,309

and and now this is the the same area

424

00:21:07,810 --> 00:21:05,570

where you

425

00:21:12,870 --> 00:21:07,820

know we've all seen strange red lights

426

00:21:16,420 --> 00:21:12,880

very similar to the the red lights

427

00:21:19,360 --> 00:21:16,430

reported you know what was it far south

428

00:21:23,500 --> 00:21:19,370

Chicago or maybe it was on the the the

429

00:21:26,470 --> 00:21:23,510

Indiana side there where that witness

430

00:21:29,440 --> 00:21:26,480

saw the the two red lights out in that

431

00:21:32,740 --> 00:21:29,450

Golf Course area yeah yeah like very

432

00:21:35,770 --> 00:21:32,750

similar to that now I've never seen

433

00:21:40,060 --> 00:21:35,780

anything that looks like eyes Emily and

434

00:21:44,430 --> 00:21:40,070

Jay both have I've seen a single red

435

00:21:46,720 --> 00:21:44,440

light that was just up in the trees but

436

00:21:50,650 --> 00:21:46,730

yeah so there's there's been some of

437

00:21:52,510 --> 00:21:50,660

that you know I I've heard and I I guess

438

00:21:55,120 --> 00:21:52,520

this is something that is often

439

00:21:57,670 --> 00:21:55,130

associated with with Bigfoot sightings

440

00:22:01,420 --> 00:21:57,680

but I've heard what sounded like it was

441

00:22:03,220 --> 00:22:01,430

basically a gibberish conversation it

442

00:22:05,590 --> 00:22:03,230

sounded like people were talking to each

443

00:22:07,210 --> 00:22:05,600

other but I mean it was just total

444

00:22:08,800 --> 00:22:07,220

gibberish and my gibberish I mean I

445

00:22:11,830 --> 00:22:08,810

don't mean like a language I understand

446

00:22:15,190 --> 00:22:11,840

it would it just it it just sounded like

447

00:22:16,870 --> 00:22:15,200

like total gibberish I don't I don't I

448

00:22:18,640 --> 00:22:16,880

mean it was talking but it didn't sound

449

00:22:20,460 --> 00:22:18,650

like any human language that I had ever

450

00:22:23,890 --> 00:22:20,470

heard

451
00:22:27,160 --> 00:22:23,900
boy what else I mean there's so much I

452
00:22:31,270 --> 00:22:27,170
mean honestly you know I there was one

453
00:22:33,400 --> 00:22:31,280
time where we had set up because

454
00:22:35,590 --> 00:22:33,410
sometimes you know I like will often go

455
00:22:37,420 --> 00:22:35,600
hiking through there but also sometimes

456
00:22:39,520 --> 00:22:37,430
we'll just kind of camp out for a minute

457
00:22:41,710 --> 00:22:39,530
like say we'll set up some chairs on the

458
00:22:44,350 --> 00:22:41,720
on the trail or something we always go

459
00:22:46,060 --> 00:22:44,360
out at night so it's it's it's pretty

460
00:22:49,930 --> 00:22:46,070
isolated there's there's nobody else out

461
00:22:53,230 --> 00:22:49,940
there with us and and which is good

462
00:22:55,240 --> 00:22:53,240
obviously and I and I remember one time

463
00:23:01,630 --> 00:22:55,250

you know we were sitting out there on

464

00:23:04,750 --> 00:23:01,640

this trail and and I swear like I I saw

465

00:23:06,970 --> 00:23:04,760

something out of the corner of my eye

466

00:23:09,910 --> 00:23:06,980

and I didn't think too much of it but

467

00:23:14,260 --> 00:23:09,920

then you know maybe a second or two

468

00:23:16,960 --> 00:23:14,270

later I hear this loud huff and I swear

469

00:23:18,340 --> 00:23:16,970

to God it's it's right behind me like

470

00:23:21,190 --> 00:23:18,350

right behind me

471

00:23:24,490 --> 00:23:21,200

and you know I spin around and there's

472

00:23:28,690 --> 00:23:24,500

nothing there nothing and and you know I

473

00:23:30,250 --> 00:23:28,700

may be something like a deer or

474

00:23:33,700 --> 00:23:30,260

something could have made a sound like

475

00:23:38,620 --> 00:23:33,710

that but the thing is like where was it

476

00:23:40,950 --> 00:23:38,630

I mean it it was so close that I I swear

477

00:23:44,260 --> 00:23:40,960

that I could feel its breath you know

478

00:23:46,570 --> 00:23:44,270

and and yet and yet I I turn around and

479

00:23:49,020 --> 00:23:46,580

there's just nothing there and so you

480

00:23:51,880 --> 00:23:49,030

know now that the weather hopefully is

481

00:23:54,909 --> 00:23:51,890

gonna gonna turn around for us soon

482

00:23:57,340 --> 00:23:54,919

you know it'll I think we're gonna be

483

00:23:59,200 --> 00:23:57,350

looking at more spring temperatures next

484

00:24:02,560 --> 00:23:59,210

month you know when when March rolls

485

00:24:04,600 --> 00:24:02,570

around so I'm pretty excited to get back

486

00:24:07,080 --> 00:24:04,610

out there you know we've we've taken our

487

00:24:09,279 --> 00:24:07,090

spirit boxes with us every time too and

488

00:24:14,649 --> 00:24:09,289

you know and and we've gotten some very

489

00:24:18,520 --> 00:24:14,659

interesting results as well and and it's

490

00:24:21,370 --> 00:24:18,530

just bizarre stuff really where you know

491

00:24:24,070 --> 00:24:21,380

I'm I don't think that what we're

492

00:24:27,310 --> 00:24:24,080

communicating with is is human you know

493

00:24:30,820 --> 00:24:27,320

I'll just say that just the the stuff

494

00:24:34,840 --> 00:24:30,830

that that comes through there well you

495

00:24:36,820 --> 00:24:34,850

know as many of you and people listened

496

00:24:40,000 --> 00:24:36,830

to us know that I guess one of the main

497

00:24:42,880 --> 00:24:40,010

cases we've been wow cases I mean this

498

00:24:44,380 --> 00:24:42,890

is just a conglomerate of cases has been

499

00:24:49,890 --> 00:24:44,390

what's been going on in or around

500

00:24:58,330 --> 00:24:53,950

recently I had received another though

501
00:25:02,850 --> 00:24:58,340
older case from 2006 of a sighting of a

502
00:25:05,940 --> 00:25:02,860
caped winged humanoid just outside of

503
00:25:09,130 --> 00:25:05,950
just outside of O'Hare International and

504
00:25:11,620 --> 00:25:09,140
why we're receiving all this this

505
00:25:14,950 --> 00:25:11,630
information these sightings as such in

506
00:25:18,240 --> 00:25:14,960
turn around O'Hare International is just

507
00:25:22,289 --> 00:25:18,250
bizarre to me then of course we had that

508
00:25:28,450 --> 00:25:22,299
had that other sighting which was

509
00:25:33,040 --> 00:25:28,460
reported by manual on January 23rd of

510
00:25:36,040 --> 00:25:33,050
the UFO and the ascending

511
00:25:40,630 --> 00:25:36,050
humanoid from the cemetery that's on the

512
00:25:43,700 --> 00:25:40,640
that's on the O'Hara property I you know

513
00:25:46,040 --> 00:25:43,710

for one thing I think there may be a

514

00:25:49,430 --> 00:25:46,050

connection I you know I just get this

515

00:25:52,640 --> 00:25:49,440

kind of sixth sense that maybe there's

516

00:25:55,490 --> 00:25:52,650

humanoid or whatever this was that

517

00:26:01,430 --> 00:25:55,500

happened to be in that little graveyard

518

00:26:05,210 --> 00:26:01,440

oh no error International property is is

519

00:26:08,540 --> 00:26:05,220

seen being raised or I can't know if

520

00:26:14,450 --> 00:26:08,550

they adopted but picked up by a large

521

00:26:15,890 --> 00:26:14,460

oval or UFO so I don't know guys what do

522

00:26:21,980 --> 00:26:15,900

you think you think there may be a

523

00:26:23,440 --> 00:26:21,990

connection there somehow it possibly is

524

00:26:26,690 --> 00:26:23,450

a connection all right

525

00:26:28,550 --> 00:26:26,700

yeah going on this I was gonna say is I

526

00:26:30,800 --> 00:26:28,560

think that maybe a connection because

527

00:26:34,070 --> 00:26:30,810

remember a few years back you had that

528

00:26:37,250 --> 00:26:34,080

year forward O'Hara is Airport right and

529

00:26:43,220 --> 00:26:37,260

then all of a sudden you get this this

530

00:26:46,250 --> 00:26:43,230

tidal wave of Mothman activity all in in

531

00:26:47,870 --> 00:26:46,260

Chicago so I mean I'm not out there but

532

00:26:51,950 --> 00:26:47,880

just seems that one may have something

533

00:26:53,900 --> 00:26:51,960

to do with the other I don't know I mean

534

00:26:57,620 --> 00:26:53,910

I I wish we would have got a better

535

00:27:00,470 --> 00:26:57,630

description of either the person or the

536

00:27:03,410 --> 00:27:00,480

humanoid that was raised up into the

537

00:27:05,330 --> 00:27:03,420

craft I mean if this guy would have said

538

00:27:06,770 --> 00:27:05,340

this thing had wings on it I I've been

539

00:27:09,680 --> 00:27:06,780

pretty positive there was something

540

00:27:13,010 --> 00:27:09,690

connected but I me that wasn't the case

541

00:27:16,490 --> 00:27:13,020

I just feel there's something really

542

00:27:19,910 --> 00:27:16,500

bizarre connected to somehow what do you

543

00:27:24,500 --> 00:27:19,920

think Marcus well you know when you when

544

00:27:28,250 --> 00:27:24,510

you go back and you look at okay look at

545

00:27:31,460 --> 00:27:28,260

look at the works of John keel when John

546

00:27:34,790 --> 00:27:31,470

keel you know first started you know

547

00:27:37,520 --> 00:27:34,800

pretty much everything to him in the UFO

548

00:27:40,390 --> 00:27:37,530

area applying saucers whatever you know

549

00:27:45,080 --> 00:27:40,400

they were they were nuts and bolts craft

550

00:27:46,460 --> 00:27:45,090

it was the extra-terrestrial hypothesis

551

00:27:48,190 --> 00:27:46,470

all the way for him but

552

00:27:51,710 --> 00:27:48,200

you know when he started really

553

00:27:53,930 --> 00:27:51,720

investigating and looking into it you

554

00:27:55,880 --> 00:27:53,940

know that's when what we refer to as the

555

00:28:01,880 --> 00:27:55,890

high strangeness factor started kicking

556

00:28:04,730 --> 00:28:01,890

in you know winged humanoids you know

557

00:28:08,960 --> 00:28:04,740

things things that that would that would

558

00:28:11,870 --> 00:28:08,970

hearken back to the wee folk the little

559

00:28:14,270 --> 00:28:11,880

people and you know that eventually you

560

00:28:17,990 --> 00:28:14,280

know led the way to the ultra

561

00:28:20,990 --> 00:28:18,000

terrestrial viewpoint that that him and

562

00:28:24,080 --> 00:28:21,000

you know of dr. jacques of la you know

563

00:28:27,110 --> 00:28:24,090

wound up leaning towards I mean my point

564

00:28:28,070 --> 00:28:27,120

is there were so many things like flying

565

00:28:32,149 --> 00:28:28,080

saucers

566

00:28:36,950 --> 00:28:32,159

you know UFOs Mothman other types of

567

00:28:40,310 --> 00:28:36,960

weird creatures that that you know it

568

00:28:42,320 --> 00:28:40,320

was it was just truly bizarre but you

569

00:28:45,350 --> 00:28:42,330

know this was all happening like in

570

00:28:48,770 --> 00:28:45,360

Point Pleasant West Virginia but but he

571

00:28:52,250 --> 00:28:48,780

saw this in other places as well so is

572

00:28:55,460 --> 00:28:52,260

it connected that is the \$64 question

573

00:28:57,860 --> 00:28:55,470

but it was certainly you know pop up

574

00:29:00,020 --> 00:28:57,870

from time to time and and he began to

575

00:29:02,360 --> 00:29:00,030

really take note of that and that's one

576

00:29:06,680 --> 00:29:02,370

of the things that I look for my kin

577

00:29:09,669 --> 00:29:06,690

I've been doing you know when I started

578

00:29:13,630 --> 00:29:09,679

going out with with MK Davis

579

00:29:17,630 --> 00:29:13,640

it was strictly from a a cryptic Bigfoot

580

00:29:20,779 --> 00:29:17,640

standpoint but as we started you know

581

00:29:23,000 --> 00:29:20,789

working together and going to a lot of

582

00:29:24,980 --> 00:29:23,010

the Indian mounds and things that that

583

00:29:28,190 --> 00:29:24,990

are here in the south and going to

584

00:29:31,789 --> 00:29:28,200

different places you know we're having

585

00:29:33,740 --> 00:29:31,799

different types of phenomena come at us

586

00:29:35,659 --> 00:29:33,750

and we're looking for Bigfoot I mean for

587

00:29:39,620 --> 00:29:35,669

example we're we're investigating

588

00:29:41,720 --> 00:29:39,630

Bigfoot and we haven't have a UFO

589

00:29:45,230 --> 00:29:41,730

sighting we can you know I managed

590

00:29:47,180 --> 00:29:45,240

photographs of so I mean I've been out

591

00:29:50,480 --> 00:29:47,190

by myself as I talked about I think in

592

00:29:53,419 --> 00:29:50,490

the you know the first show that you

593

00:29:55,490 --> 00:29:53,429

allowed me to come on and do you know

594

00:29:57,799 --> 00:29:55,500

I've been out again investigating

595

00:29:59,930 --> 00:29:57,809

cryptid activity and I would have

596

00:30:04,819 --> 00:29:59,940

something that was just

597

00:30:08,119 --> 00:30:04,829

pure paranormal of demonic uh you know a

598

00:30:12,379 --> 00:30:08,129

residual-type haunt i p-- situation I

599

00:30:15,349 --> 00:30:12,389

felt so when you step out into the to

600

00:30:18,799 --> 00:30:15,359

the field you know looking for whatever

601
00:30:22,339 --> 00:30:18,809
you know whatever your your you know I

602
00:30:24,680 --> 00:30:22,349
guess you would say your I don't know I

603
00:30:28,309 --> 00:30:24,690
guess say my case my favorite thing to

604
00:30:30,139 --> 00:30:28,319
go look more you know ma'am you get hit

605
00:30:33,379 --> 00:30:30,149
with something that that you're not out

606
00:30:37,069 --> 00:30:33,389
there looking for a lot it is there a

607
00:30:38,689 --> 00:30:37,079
connection you know I I can't blame me

608
00:30:42,169 --> 00:30:38,699
for asking that question Elan it's a

609
00:30:44,629 --> 00:30:42,179
real good one well you know I I guess

610
00:30:47,989 --> 00:30:44,639
anybody that seriously starts looking

611
00:30:50,089 --> 00:30:47,999
into cryptids another phenomena

612
00:30:53,779 --> 00:30:50,099
associated with the paranormal will soon

613
00:30:56,659 --> 00:30:53,789

find out there does seem to be something

614

00:30:59,359 --> 00:30:56,669

connected I mean that these these genres

615

00:31:01,579 --> 00:30:59,369

of the paranormal are connected somehow

616

00:31:05,989 --> 00:31:01,589

I think you agree with that wouldn't it

617

00:31:09,379 --> 00:31:05,999

supplies I yeah I absolutely would it's

618

00:31:12,829 --> 00:31:09,389

it's it's interesting really that that

619

00:31:16,489 --> 00:31:12,839

Marcus mentioned John keel to because

620

00:31:21,049 --> 00:31:16,499

yeah I've seen some of that sort of

621

00:31:23,209 --> 00:31:21,059

mirrored in in my own progression at the

622

00:31:26,149 --> 00:31:23,219

you know I actually start as a field

623

00:31:28,939 --> 00:31:26,159

investigator with the mutual UFO network

624

00:31:32,989 --> 00:31:28,949

and I very much thought that you know

625

00:31:34,819 --> 00:31:32,999

UFOs you know some anyway represented

626

00:31:37,849 --> 00:31:34,829

nuts and bolts extraterrestrial

627

00:31:41,419 --> 00:31:37,859

spacecraft and and you know over the

628

00:31:44,829 --> 00:31:41,429

past 10-15 years you know like my

629

00:31:48,079 --> 00:31:44,839

opinion on that has has changed pretty

630

00:31:52,519 --> 00:31:48,089

profoundly and and yeah and certainly

631

00:31:55,099 --> 00:31:52,529

the the events around Lake Michigan have

632

00:31:58,099 --> 00:31:55,109

have reinforced that that change if

633

00:32:03,319 --> 00:31:58,109

nothing else I mean these things are

634

00:32:06,439 --> 00:32:03,329

they they're connected certainly as as

635

00:32:08,989 --> 00:32:06,449

far as the strength of that connection I

636

00:32:11,869 --> 00:32:08,999

mean I I think that's what's arguable I

637

00:32:12,770 --> 00:32:11,879

mean we know that you know they they

638

00:32:16,400 --> 00:32:12,780

that

639

00:32:19,310 --> 00:32:16,410

have all of these anomalous phenomena

640

00:32:23,450 --> 00:32:19,320

happening in in close geographic

641

00:32:28,580 --> 00:32:23,460

proximity you know and so it is that

642

00:32:31,370 --> 00:32:28,590

connection is is it direct I mean is is

643

00:32:32,660 --> 00:32:31,380

there a a direct link are they are they

644

00:32:35,630 --> 00:32:32,670

somehow working together or are we

645

00:32:39,500 --> 00:32:35,640

talking about something that is only as

646

00:32:42,770 --> 00:32:39,510

connected as say a a bear and a wolf

647

00:32:45,800 --> 00:32:42,780

that both live in the same forest you

648

00:32:50,270 --> 00:32:45,810

know it's it's it's hard to say but I I

649

00:32:52,340 --> 00:32:50,280

don't think that it is completely

650

00:32:56,600 --> 00:32:52,350

unrelated I mean there's there's just no

651
00:32:58,910 --> 00:32:56,610
way well you know speaking of Chicago I

652
00:33:02,330 --> 00:32:58,920
received the report this morning which

653
00:33:05,330 --> 00:33:02,340
I'm actually investigating and I don't

654
00:33:08,390 --> 00:33:05,340
know I think a few guys might have seen

655
00:33:12,710 --> 00:33:08,400
the photographs that were sent to me of

656
00:33:16,220 --> 00:33:12,720
the tracks in the snow of this whatever

657
00:33:22,390 --> 00:33:16,230
this thing was it had like two long

658
00:33:24,920 --> 00:33:22,400
talons in the front and a Talon

659
00:33:28,970 --> 00:33:24,930
extending from the back that's how I was

660
00:33:33,100 --> 00:33:28,980
described to to the witnesses son who

661
00:33:37,490 --> 00:33:33,110
called me and he said it measured

662
00:33:42,260 --> 00:33:37,500
lengthwise about the size of a man's 11

663
00:33:44,300 --> 00:33:42,270

size 11 shoe so you know looking at

664

00:33:47,930 --> 00:33:44,310

those and I don't know Tobias if you saw

665

00:33:51,290 --> 00:33:47,940

them or not but uh I I think they kind

666

00:33:53,570 --> 00:33:51,300

of looked similar to what was

667

00:33:58,370 --> 00:33:53,580

photographed up in Woodstock what do you

668

00:34:00,380 --> 00:33:58,380

think boom now I'll have to uh I don't

669

00:34:03,740 --> 00:34:00,390

think I have seen those yet but it I

670

00:34:05,090 --> 00:34:03,750

first saw them this morning so I just

671

00:34:07,100 --> 00:34:05,100

want to know if you're online or

672

00:34:10,580 --> 00:34:07,110

anything but I've got a series of

673

00:34:14,180 --> 00:34:10,590

photographs from the backyard this

674

00:34:19,880 --> 00:34:14,190

happened at an area around six sixty

675

00:34:23,570 --> 00:34:19,890

second and Pauline Avenue just south of

676
00:34:26,210 --> 00:34:23,580
little village those women saw this

677
00:34:30,050 --> 00:34:26,220
thing in the backyard

678
00:34:34,010 --> 00:34:30,060
and there's a there's a large also a

679
00:34:38,450 --> 00:34:34,020
picture of the backyard where there's

680
00:34:41,540 --> 00:34:38,460
six-foot fences and she actually stated

681
00:34:44,359 --> 00:34:41,550
that D the black being and she said it

682
00:34:48,859 --> 00:34:44,369
was all black was the height of the

683
00:34:51,830 --> 00:34:48,869
fence and the wings spread out that

684
00:34:54,020 --> 00:34:51,840
covered the the the gate of the fence

685
00:34:59,720 --> 00:34:54,030
and the gate as are two doors that

686
00:35:02,810 --> 00:34:59,730
measure 12 feet and in width so you know

687
00:35:06,080 --> 00:35:02,820
the the the one thing I need to find out

688
00:35:09,580 --> 00:35:06,090

or in a few other things is we're the

689

00:35:13,580 --> 00:35:09,590

wings but like I haven't heard that yet

690

00:35:15,950 --> 00:35:13,590

but this apparently and I don't know

691

00:35:21,440 --> 00:35:15,960

some of you I think we saw it especially

692

00:35:24,170 --> 00:35:21,450

the the tracks their castles I have no

693

00:35:26,150 --> 00:35:24,180

idea what this thing is but you know the

694

00:35:32,210 --> 00:35:26,160

track that we got the one track that we

695

00:35:34,640 --> 00:35:32,220

did get from from Woodstock was you know

696

00:35:37,910 --> 00:35:34,650

from what we could see of it looked like

697

00:35:39,859 --> 00:35:37,920

it was maybe two toot and kind of

698

00:35:44,210 --> 00:35:39,869

narrowed to the back so I don't know if

699

00:35:46,400 --> 00:35:44,220

it's the same thing or not yeah those

700

00:35:48,680 --> 00:35:46,410

footprints were we're pretty freaky to

701
00:35:55,940 --> 00:35:48,690
look at I mean you're right when you say

702
00:35:58,460 --> 00:35:55,950
yeah I would be Korean we know just

703
00:36:00,470 --> 00:35:58,470
saying those are some freaky footsteps

704
00:36:02,510 --> 00:36:00,480
because you can see the two what they

705
00:36:04,460 --> 00:36:02,520
like s you could say a claw two claws in

706
00:36:06,380 --> 00:36:04,470
the front and then towards the rear

707
00:36:09,680 --> 00:36:06,390
where the here would be it ends up kind

708
00:36:11,810 --> 00:36:09,690
of pointy yeah and I was like what what

709
00:36:13,000 --> 00:36:11,820
this is there's nothing like I've ever

710
00:36:16,460 --> 00:36:13,010
seen

711
00:36:21,320 --> 00:36:16,470
yeah it's different Tobias were you able

712
00:36:24,500 --> 00:36:21,330
to go over there and look at it I pushed

713
00:36:27,140 --> 00:36:24,510

it along on the team three sorry I

714

00:36:34,250 --> 00:36:27,150

you're kind of breaking up a little okay

715

00:36:38,780 --> 00:36:34,260

yeah it started trying to pull it off

716

00:36:39,740 --> 00:36:38,790

right now here well I mean he seemed now

717

00:36:43,130 --> 00:36:39,750

the witness

718

00:36:45,230 --> 00:36:43,140

to think and apparently from what his

719

00:36:48,650 --> 00:36:45,240

mother stated that this thing was all

720

00:36:51,590 --> 00:36:48,660

over the yard and I mean you can see

721

00:36:54,560 --> 00:36:51,600

that there something it looked like it

722

00:36:58,420 --> 00:36:54,570

was actually chasing something so I I

723

00:37:00,670 --> 00:36:58,430

don't know what she saw exactly but

724

00:37:09,170 --> 00:37:00,680

hopefully I'm gonna get some more wine

725

00:37:14,600 --> 00:37:09,180

yeah what do you think well I mean some

726
00:37:18,830 --> 00:37:14,610
of those now hmm I mean some of the

727
00:37:24,140 --> 00:37:18,840
tracks look like there's a potential I

728
00:37:25,910 --> 00:37:24,150
guess for it to be something relatively

729
00:37:28,460 --> 00:37:25,920
mundane I mean I've seen similar tracks

730
00:37:30,620 --> 00:37:28,470
not exactly the same because these are

731
00:37:33,140 --> 00:37:30,630
these look too narrow but they're

732
00:37:35,690 --> 00:37:33,150
they're almost a similar shape to if you

733
00:37:38,390 --> 00:37:35,700
see like like Jackrabbit tracks and the

734
00:37:41,210 --> 00:37:38,400
in the snow yeah like literally just

735
00:37:43,310 --> 00:37:41,220
kind of the imprint of a rabbit but

736
00:37:46,010 --> 00:37:43,320
what's unusual about these footprints

737
00:37:51,650 --> 00:37:46,020
I'm looking at right now is how narrow

738
00:37:56,780 --> 00:37:51,660

they are you know comparatively so

739

00:38:01,040 --> 00:37:56,790

that's really unusual now the what the

740

00:38:03,380 --> 00:38:01,050

single footprint that I found when when

741

00:38:08,270 --> 00:38:03,390

Emily and I went down to to Woodstock

742

00:38:11,320 --> 00:38:08,280

looked like a distorted elongated like

743

00:38:15,620 --> 00:38:11,330

barefoot human footprint so it was

744

00:38:18,860 --> 00:38:15,630

probably three times as big as my own

745

00:38:23,600 --> 00:38:18,870

footprint and I wear a size 12 and you

746

00:38:26,540 --> 00:38:23,610

could see like articulated humanoid toes

747

00:38:32,840 --> 00:38:26,550

at the end of it so I mean it was pretty

748

00:38:35,000 --> 00:38:32,850

dissimilar to this whatever it is yeah I

749

00:38:37,550 --> 00:38:35,010

don't I guess I don't know what to make

750

00:38:41,690 --> 00:38:37,560

of of these I mean you know I'm sorry

751

00:38:45,200 --> 00:38:41,700

okay yeah it is yeah I was kind of

752

00:38:47,480 --> 00:38:45,210

shocked when I first saw it and and if

753

00:38:51,140 --> 00:38:47,490

you look at the stride there is some

754

00:38:52,220 --> 00:38:51,150

differences in stride but you know and

755

00:38:53,450 --> 00:38:52,230

that's the first thing I thought of

756

00:38:56,089 --> 00:38:53,460

Jackrabbit because

757

00:38:59,150 --> 00:38:56,099

seen rabid you know prints in the snow

758

00:39:03,560 --> 00:38:59,160

before and they can look like very

759

00:39:06,740 --> 00:39:03,570

similar to that but the the fact that

760

00:39:10,160 --> 00:39:06,750

you know some of these strides are over

761

00:39:13,400 --> 00:39:10,170

three foot now I realize a rabbit can

762

00:39:16,670 --> 00:39:13,410

jump but you know consistently like that

763

00:39:18,920 --> 00:39:16,680

I don't know I'm not positive but it is

764

00:39:23,260 --> 00:39:18,930

interesting it you know the fact that

765

00:39:28,700 --> 00:39:23,270

this woman did see this thing and I a

766

00:39:30,500 --> 00:39:28,710

timely Saturday connection I would say

767

00:39:33,710 --> 00:39:30,510

what's what's interesting about these

768

00:39:36,890 --> 00:39:33,720

two is that they have like a jackrabbit

769

00:39:38,540 --> 00:39:36,900

track is in a straight line but if these

770

00:39:43,520 --> 00:39:38,550

tracks you've got something that looks

771

00:39:44,990 --> 00:39:43,530

like it has the the gate of a biped you

772

00:39:47,030 --> 00:39:45,000

know where where the tracks are

773

00:39:48,470 --> 00:39:47,040

staggered so you know what'll be a

774

00:39:50,300 --> 00:39:48,480

little bit more - the last one will be

775

00:39:52,579 --> 00:39:50,310

to the right they're not in a straight

776

00:39:55,310 --> 00:39:52,589

line like you would expect I'll rabbit

777

00:39:57,440 --> 00:39:55,320

moving through snow to be so that's

778

00:40:01,160 --> 00:39:57,450

that's unusual sorry what were you

779

00:40:03,680 --> 00:40:01,170

saying Louise no just gonna say I didn't

780

00:40:06,050 --> 00:40:03,690

think they were a rabbit because again

781

00:40:07,940 --> 00:40:06,060

like you said the stride was so long in

782

00:40:08,359 --> 00:40:07,950

between each one but these things are

783

00:40:11,270 --> 00:40:08,369

huge

784

00:40:14,599 --> 00:40:11,280

I've never seen or you know if these are

785

00:40:17,089 --> 00:40:14,609

supposed to be almost 11 foot you know a

786

00:40:22,700 --> 00:40:17,099

size 11 yeah that's a pretty big damn

787

00:40:24,589 --> 00:40:22,710

rabbit yeah yeah I don't know I don't

788

00:40:28,250 --> 00:40:24,599

know what this thing is that is she did

789

00:40:30,380 --> 00:40:28,260

say that what her what got her attention

790

00:40:35,510 --> 00:40:30,390

was this thing must have been on the

791

00:40:37,250 --> 00:40:35,520

roof they they live in a building on the

792

00:40:41,120 --> 00:40:37,260

top she lives on the top floor of a

793

00:40:42,980 --> 00:40:41,130

building and this thing was on the roof

794

00:40:46,670 --> 00:40:42,990

she heard this thing hopping on the roof

795

00:40:50,150 --> 00:40:46,680

and when she started look outside it was

796

00:40:52,400 --> 00:40:50,160

standing by the fence and it was moving

797

00:40:55,460 --> 00:40:52,410

around the yard like it was chasing

798

00:40:58,790 --> 00:40:55,470

something now it had the wings were

799

00:41:01,099 --> 00:40:58,800

spread out at some point and she was

800

00:41:06,420 --> 00:41:01,109

able to compare it to the to the fence

801
00:41:08,849 --> 00:41:06,430
and the the large double gate so

802
00:41:10,859 --> 00:41:08,859
maybe I'll get some more information I'm

803
00:41:13,559 --> 00:41:10,869
hopeful I'm gonna have something up more

804
00:41:17,130 --> 00:41:13,569
some more by tomorrow so I can get it up

805
00:41:19,279 --> 00:41:17,140
on the blog but uh you know it's just

806
00:41:21,269 --> 00:41:19,289
another mystery

807
00:41:25,289 --> 00:41:21,279
associated with what's been going on out

808
00:41:28,200 --> 00:41:25,299
there and you know the fact that we you

809
00:41:32,670 --> 00:41:28,210
know we may have a UFO possible alien

810
00:41:35,299 --> 00:41:32,680
connection with this phenomena let alone

811
00:41:39,089 --> 00:41:35,309
all the sightings in and around O'Hare

812
00:41:42,630 --> 00:41:39,099
and of course we've had sightings you

813
00:41:46,440 --> 00:41:42,640

know about a 250 mile radius

814

00:41:49,650 --> 00:41:46,450

beyond Chicago it's just you know it's

815

00:41:57,690 --> 00:41:49,660

just another another piece of the puzzle

816

00:42:04,760 --> 00:41:57,700

I guess is Marcus were you able to see

817

00:42:08,519 --> 00:42:04,770

those I did see those well you know I'm

818

00:42:12,539 --> 00:42:08,529

I'm puzzled I really am I'm not sure if

819

00:42:15,390 --> 00:42:12,549

it was Lou or one of the other team

820

00:42:17,010 --> 00:42:15,400

members but but y'all were commenting

821

00:42:19,410 --> 00:42:17,020

and I thought I kind of saw this too

822

00:42:22,680 --> 00:42:19,420

that that on the backside and the

823

00:42:24,599 --> 00:42:22,690

thought that went through my mind and

824

00:42:28,250 --> 00:42:24,609

you guys will probably laugh when I'm

825

00:42:31,859 --> 00:42:28,260

when I use this but you know how I a

826

00:42:34,230 --> 00:42:31,869

rooster has that spur yeah the spur and

827

00:42:36,059 --> 00:42:34,240

that's what I was thinking yeah you know

828

00:42:37,910 --> 00:42:36,069

I mean that's kind of what what flashed

829

00:42:40,980 --> 00:42:37,920

through my mind when I saw him because

830

00:42:43,589 --> 00:42:40,990

you know the whole thing was odd you

831

00:42:45,269 --> 00:42:43,599

know the what the way they were you know

832

00:42:47,609 --> 00:42:45,279

laid out but then I look toward that

833

00:42:49,349 --> 00:42:47,619

back side and I'm like you know that

834

00:42:51,630 --> 00:42:49,359

because there was a mark in the snow

835

00:42:52,680 --> 00:42:51,640

there and I'm like no I couldn't wrap my

836

00:42:55,710 --> 00:42:52,690

head around it

837

00:42:57,750 --> 00:42:55,720

I mean but the first thing that went

838

00:43:01,920 --> 00:42:57,760

through my head was like like a spur

839

00:43:08,510 --> 00:43:01,930

like from a you know from from a rooster

840

00:43:11,519 --> 00:43:08,520

or chicken or something like that well

841

00:43:14,250 --> 00:43:11,529

it's it is strange and hopefully I'm

842

00:43:16,200 --> 00:43:14,260

gonna get a little more on this so you

843

00:43:19,440 --> 00:43:16,210

know I wanted to bring up see what you

844

00:43:20,490 --> 00:43:19,450

guys thought about it but who knows but

845

00:43:22,020 --> 00:43:20,500

anyway

846

00:43:24,990 --> 00:43:22,030

you know I did get it still at the

847

00:43:26,520 --> 00:43:25,000

beginning stages yo-yo oh yeah I mean

848

00:43:28,140 --> 00:43:26,530

it's just like everything else I mean

849

00:43:31,920 --> 00:43:28,150

and we're still trying to figure out

850

00:43:33,839 --> 00:43:31,930

what's been going on out there and I

851

00:43:36,839 --> 00:43:33,849

think we're gonna be we're gonna be

852

00:43:40,260 --> 00:43:36,849

hearing a lot of stuff over the next

853

00:43:43,500 --> 00:43:40,270

whenever you know we never imagined this

854

00:43:45,120 --> 00:43:43,510

thing would continue the way it did you

855

00:43:47,490 --> 00:43:45,130

know the first thing we thought of well

856

00:43:48,810 --> 00:43:47,500

it's Chicago winters come there like

857

00:43:51,510 --> 00:43:48,820

this thing's not going to show up

858

00:43:53,339 --> 00:43:51,520

because of the weather and low and

859

00:43:55,830 --> 00:43:53,349

behold last winter we started getting on

860

00:43:58,710 --> 00:43:55,840

butts of sightings and it's kind of run

861

00:44:00,690 --> 00:43:58,720

into this winter - you know these

862

00:44:04,710 --> 00:44:00,700

sightings in an erratic AAG I'm gonna

863

00:44:07,650 --> 00:44:04,720

round the airport started on October 1st

864

00:44:12,270 --> 00:44:07,660

and since then we've had God how many

865

00:44:14,730 --> 00:44:12,280

say 8 or 9 sightings in so you know I

866

00:44:17,609 --> 00:44:14,740

don't know you know it's just like it's

867

00:44:19,410 --> 00:44:17,619

just anything else that so who knows you

868

00:44:20,849 --> 00:44:19,420

know we get involved in this kind of

869

00:44:23,490 --> 00:44:20,859

thing you know you never know what to

870

00:44:28,560 --> 00:44:23,500

expect so I have a question in the chat

871

00:44:31,579 --> 00:44:28,570

room someone asked Joseph s if there had

872

00:44:35,820 --> 00:44:31,589

been a any Boggy Creek sightings lately

873

00:44:40,470 --> 00:44:35,830

now I have had some sightings in

874

00:44:44,609 --> 00:44:40,480

Arkansas I had a witness call me the

875

00:44:48,210 --> 00:44:44,619

other day about a sighting Northam

876

00:44:50,940 --> 00:44:48,220

Phalke and I have over the years

877

00:44:53,670 --> 00:44:50,950

received other sightings I don't know

878

00:44:55,609 --> 00:44:53,680

now you're in Mississippi Marcus have

879

00:44:59,460 --> 00:44:55,619

you heard of anything in that direction

880

00:45:02,310 --> 00:44:59,470

actually I have I have one of my best

881

00:45:05,310 --> 00:45:02,320

friends he's not he's not an

882

00:45:06,839 --> 00:45:05,320

investigator you know like us or

883

00:45:09,839 --> 00:45:06,849

anything like that but you know he loves

884

00:45:15,349 --> 00:45:09,849

he loves the mystery and and you know he

885

00:45:20,310 --> 00:45:15,359

enjoys you know I guess you know he I

886

00:45:24,410 --> 00:45:20,320

think he vicariously you know deals with

887

00:45:26,609 --> 00:45:24,420

our go zone you know the the bigfooting

888

00:45:28,950 --> 00:45:26,619

expeditions and and paranormal

889

00:45:31,079 --> 00:45:28,960

investigations that i go through because

890

00:45:31,579 --> 00:45:31,089

he doesn't want to get attacked or eaten

891

00:45:33,499 --> 00:45:31,589

by big

892

00:45:36,229 --> 00:45:33,509

so hey you know he's like okay you go

893

00:45:39,519 --> 00:45:36,239

ahead you know what you know you go

894

00:45:41,930 --> 00:45:39,529

ahead you get ate up by mosquitoes and

895

00:45:43,370 --> 00:45:41,940

you know I'll stay back here and then

896

00:45:45,229 --> 00:45:43,380

you can call me and tell me about it if

897

00:45:51,229 --> 00:45:45,239

you make it back and I'm like yeah sure

898

00:45:55,219 --> 00:45:51,239

thanks a lot but but anyway he he got a

899

00:45:57,319 --> 00:45:55,229

wild hair and the wife went off in one

900

00:45:58,910 --> 00:45:57,329

direction and she's like yeah sure go do

901
00:46:00,680 --> 00:45:58,920
whatever you want to so he grabbed a

902
00:46:03,049 --> 00:46:00,690
couple of his buddies and they did a

903
00:46:05,930 --> 00:46:03,059
road trip to file they actually drove to

904
00:46:07,509 --> 00:46:05,940
Phalke and this was right toward I think

905
00:46:09,769 --> 00:46:07,519
it's toward the end of last year and

906
00:46:12,410 --> 00:46:09,779
when they got there of course they went

907
00:46:16,430 --> 00:46:12,420
to the monster mark and they met the

908
00:46:17,749 --> 00:46:16,440
owner and and in the process of you know

909
00:46:20,620 --> 00:46:17,759
going through the shop and everything

910
00:46:23,930 --> 00:46:20,630
they asked the owner you know hey is uh

911
00:46:25,400 --> 00:46:23,940
do do do are there still sightings and

912
00:46:28,700 --> 00:46:25,410
all like that you know they take place

913
00:46:31,479 --> 00:46:28,710

around here and this guy proceeded to

914

00:46:35,239 --> 00:46:31,489

tell him that just within the last week

915

00:46:40,690 --> 00:46:35,249

that someone had seen something you know

916

00:46:43,249 --> 00:46:40,700

down close to to the river so so yeah

917

00:46:46,249 --> 00:46:43,259

you know and and I kind of keep it with

918

00:46:48,709 --> 00:46:46,259

wild Blackburn's work and according to

919

00:46:50,630 --> 00:46:48,719

him and from what a little bit I'm come

920

00:46:52,609 --> 00:46:50,640

actually getting from people that that

921

00:46:59,719 --> 00:46:52,619

are in the Phalke area I have another

922

00:47:01,940 --> 00:46:59,729

lady who she's not only the field team

923

00:47:05,479 --> 00:47:01,950

you know with myself and Doug Randell

924

00:47:07,910 --> 00:47:05,489

and Kerri and Randall with invest but

925

00:47:09,769 --> 00:47:07,920

but she's like a member of our little

926

00:47:12,620 --> 00:47:09,779

group she has her own group over in

927

00:47:15,769 --> 00:47:12,630

Texas but but she goes out into the

928

00:47:18,680 --> 00:47:15,779

field and researches and she's actually

929

00:47:20,839 --> 00:47:18,690

from the file carrier and we'll get to

930

00:47:24,979 --> 00:47:20,849

picking with each other on Facebook and

931

00:47:26,870 --> 00:47:24,989

stuff but I'll have to ask her if if

932

00:47:29,660 --> 00:47:26,880

she's heard anything but to answer the

933

00:47:33,319 --> 00:47:29,670

question from the chat room the activity

934

00:47:36,019 --> 00:47:33,329

in and around file is is is very much

935

00:47:38,839 --> 00:47:36,029

still taking place there's no question

936

00:47:41,180 --> 00:47:38,849

about that yeah I've got on

937

00:47:43,430 --> 00:47:41,190

I've got wild coming on the show and in

938

00:47:44,339 --> 00:47:43,440

about a month he's got a new book coming

939

00:47:46,620 --> 00:47:44,349

out

940

00:47:47,849 --> 00:47:46,630

I don't know quite frankly I don't even

941

00:47:50,009 --> 00:47:47,859

know what the books about but I know

942

00:47:53,450 --> 00:47:50,019

he's been in Falken lot lately

943

00:48:01,620 --> 00:47:53,460

now of course he did the narration on

944

00:48:03,809 --> 00:48:01,630

set Breedlove's boggy creek film from a

945

00:48:06,809 --> 00:48:03,819

year and a half ago and of course he's

946

00:48:09,420 --> 00:48:06,819

down there all the time so you know i'm

947

00:48:14,549 --> 00:48:09,430

gonna ask him about that and what he's

948

00:48:17,460 --> 00:48:14,559

been finding down in that in area so you

949

00:48:18,779 --> 00:48:17,470

know it's an interesting question i you

950

00:48:22,140 --> 00:48:18,789

know i have reached like i said i

951
00:48:25,680 --> 00:48:22,150
receive reports occasionally from from

952
00:48:28,769 --> 00:48:25,690
arkansas and i do have i do have this

953
00:48:33,359 --> 00:48:28,779
one i'm looking into now and in fact i

954
00:48:38,009 --> 00:48:33,369
got i got one today from a little town

955
00:48:41,130 --> 00:48:38,019
in not far from Baton Rouge of something

956
00:48:44,729 --> 00:48:41,140
that's making a hell of a racket near

957
00:48:46,789 --> 00:48:44,739
this little town so hopefully I'm gonna

958
00:48:56,009 --> 00:48:46,799
get some photos from Mara the woman said

959
00:48:59,190 --> 00:48:56,019
she actually did see a large nest of

960
00:49:01,289 --> 00:48:59,200
some type that was built in the area and

961
00:49:04,079 --> 00:49:01,299
there seems to be from what she told me

962
00:49:08,059 --> 00:49:04,089
there's an abandoned house out in the

963
00:49:10,489 --> 00:49:08,069

mountainous scrub out in the woods that

964

00:49:13,799 --> 00:49:10,499

people think that this thing is actually

965

00:49:15,539 --> 00:49:13,809

hiding it occasionally so there's

966

00:49:17,729 --> 00:49:15,549

something going on out there so

967

00:49:21,029 --> 00:49:17,739

hopefully I'm get some more information

968

00:49:24,450 --> 00:49:21,039

about that now we had another question

969

00:49:27,809 --> 00:49:24,460

about spirit orbs and of course the

970

00:49:29,339 --> 00:49:27,819

connection with cryptids and is it

971

00:49:32,959 --> 00:49:29,349

possible that these cryptids may be

972

00:49:36,479 --> 00:49:32,969

producing the this orb phenomena well

973

00:49:39,239 --> 00:49:36,489

frankly I believe they they do and I've

974

00:49:41,180 --> 00:49:39,249

said before on the show that you know

975

00:49:45,150 --> 00:49:41,190

this is something that we've been

976

00:49:47,219 --> 00:49:45,160

noticing in recent years with Bigfoot

977

00:49:51,239 --> 00:49:47,229

activity that there does seem to be some

978

00:49:53,579 --> 00:49:51,249

corresponding orb activity as well even

979

00:49:56,999 --> 00:49:53,589

after the you know a couple days after

980

00:49:57,900 --> 00:49:57,009

the a sighting this orb phenomena seems

981

00:50:02,640 --> 00:49:57,910

to stay

982

00:50:05,130 --> 00:50:02,650

in the area and of course tobias mention

983

00:50:08,480 --> 00:50:05,140

a lawyer dad up at Kettle Moraine

984

00:50:12,930 --> 00:50:08,490

they've been they've had that as well so

985

00:50:15,210 --> 00:50:12,940

have any you uh experienced that is for

986

00:50:16,260 --> 00:50:15,220

I heard that in any other sightings that

987

00:50:17,579 --> 00:50:16,270

you've been involved with

988

00:50:26,010 --> 00:50:17,589

how about it Lou have you heard that

989

00:50:28,620 --> 00:50:26,020

before no how about a Marcus I've heard

990

00:50:33,720 --> 00:50:28,630

of it I personally have not witnessed it

991

00:50:37,910 --> 00:50:33,730

but again one of one of the primary

992

00:50:42,870 --> 00:50:37,920

focuses that researcher in him

993

00:50:44,099 --> 00:50:42,880

investigator MK Davis focuses on and I

994

00:50:46,349 --> 00:50:44,109

think there's a you know I personally

995

00:50:46,980 --> 00:50:46,359

agree with it and it you know seen it

996

00:50:49,609 --> 00:50:46,990

myself

997

00:50:54,630 --> 00:50:49,619

there's a lot of credence in a

998

00:50:57,809 --> 00:50:54,640

connection between Bigfoot and Native

999

00:51:01,020 --> 00:50:57,819

American Indian grounds I think they did

1000

00:51:03,150 --> 00:51:01,030

on the other show that that there is

1001
00:51:05,039 --> 00:51:03,160
there is a connection between the Native

1002
00:51:06,809 --> 00:51:05,049
American Indians and Bigfoot they I

1003
00:51:12,240 --> 00:51:06,819
think they came up side-by-side with

1004
00:51:17,010 --> 00:51:12,250
each other and MK has related cases to

1005
00:51:19,289 --> 00:51:17,020
me or instances where orbs and lights

1006
00:51:22,410 --> 00:51:19,299
have been seen around Indian mounds

1007
00:51:25,170 --> 00:51:22,420
either before or after a Bigfoot

1008
00:51:27,930 --> 00:51:25,180
sighting has taken place around Indian

1009
00:51:31,440 --> 00:51:27,940
mounds so I've heard of it I haven't

1010
00:51:35,150 --> 00:51:31,450
witnessed it myself but lord knows I've

1011
00:51:38,730 --> 00:51:35,160
had plenty of weird activity around yeah

1012
00:51:41,039 --> 00:51:38,740
but but yeah I mean you know you're

1013
00:51:43,279 --> 00:51:41,049

right on there there there there are

1014

00:51:46,319 --> 00:51:43,289

cases out there of that happening sure

1015

00:51:48,559 --> 00:51:46,329

about Tobias do you think I'm pretty

1016

00:51:53,370 --> 00:51:48,569

sure you believe there's connection I

1017

00:51:57,150 --> 00:51:53,380

mean yes absolutely I just find it

1018

00:52:01,769 --> 00:51:57,160

really difficult to believe that you

1019

00:52:05,549 --> 00:52:01,779

would have this anomalous phenomena

1020

00:52:08,180 --> 00:52:05,559

happening in such tight window areas and

1021

00:52:11,310 --> 00:52:08,190

and and that it just wouldn't be

1022

00:52:13,400 --> 00:52:11,320

connected somehow

1023

00:52:18,750 --> 00:52:13,410

especially considering some of the other

1024

00:52:21,840 --> 00:52:18,760

seemingly paranormal aspects of cryptid

1025

00:52:26,640 --> 00:52:21,850

you know sighting reports I mean I I had

1026

00:52:30,390 --> 00:52:26,650

a lady I I talked to a boy it was last

1027

00:52:35,880 --> 00:52:30,400

year sometime and and you know she had

1028

00:52:39,690 --> 00:52:35,890

seen these this series of white lights

1029

00:52:43,440 --> 00:52:39,700

up up on this this mountaintop and and

1030

00:52:46,770 --> 00:52:43,450

in the same area she had seen it I don't

1031

00:52:49,500 --> 00:52:46,780

know if it was like a time slip but it

1032

00:52:53,910 --> 00:52:49,510

was really it more than anything seemed

1033

00:52:58,380 --> 00:52:53,920

like this out of place out of time

1034

00:53:02,990 --> 00:52:58,390

really like bonfire with in indigenous

1035

00:53:06,150 --> 00:53:03,000

people around it you know and and then

1036

00:53:08,310 --> 00:53:06,160

later she has this this Bigfoot sighting

1037

00:53:10,620 --> 00:53:08,320

and so in and this is one of those

1038

00:53:14,730 --> 00:53:10,630

sightings where this thing just

1039

00:53:19,350 --> 00:53:14,740

seemingly vanished you know and so you

1040

00:53:22,020 --> 00:53:19,360

look at all of those connective like

1041

00:53:25,410 --> 00:53:22,030

aspects you know and and you have to ask

1042

00:53:27,870 --> 00:53:25,420

yourself like well okay if if that's not

1043

00:53:29,610 --> 00:53:27,880

connected somehow then then what is

1044

00:53:33,270 --> 00:53:29,620

going on like what are all of these

1045

00:53:36,410 --> 00:53:33,280

different various like mechanisms that

1046

00:53:40,080 --> 00:53:36,420

are are all somehow disparate well

1047

00:53:44,490 --> 00:53:40,090

replicating a phenomena that that is is

1048

00:53:47,370 --> 00:53:44,500

is so similar you know so yeah I don't

1049

00:53:50,100 --> 00:53:47,380

know what what that connection is but

1050

00:53:53,310 --> 00:53:50,110

yeah I just I I can't believe that it's

1051
00:53:57,930 --> 00:53:53,320
it's a coincidence you know I I think

1052
00:54:01,170 --> 00:53:57,940
every it seems at this point now every

1053
00:54:05,130 --> 00:54:01,180
cryptid phenomena that we have been

1054
00:54:07,830 --> 00:54:05,140
investigating for years now be a Bigfoot

1055
00:54:10,650 --> 00:54:07,840
upright canines dog matter where you

1056
00:54:13,050 --> 00:54:10,660
want to call it the wing humanoids

1057
00:54:17,460 --> 00:54:13,060
there does seem to be this

1058
00:54:21,120 --> 00:54:17,470
interdimensional or other reality aspect

1059
00:54:24,750 --> 00:54:21,130
sneaking in there somehow hmm we leave

1060
00:54:27,540 --> 00:54:24,760
we saw heard of these be

1061
00:54:28,590 --> 00:54:27,550
means suddenly appearing or suddenly

1062
00:54:31,380 --> 00:54:28,600
disappearing

1063
00:54:34,320 --> 00:54:31,390

you know without a trace I mean just a

1064

00:54:35,970 --> 00:54:34,330

quick manifestation or this thing

1065

00:54:42,180 --> 00:54:35,980

suddenly disappearing or vanishing

1066

00:54:44,910 --> 00:54:42,190

somehow you know so you know you know I

1067

00:54:46,670 --> 00:54:44,920

think decrypted world is becoming more

1068

00:54:51,260 --> 00:54:46,680

open-minded

1069

00:54:53,660 --> 00:54:51,270

and I I do believe more of the strictly

1070

00:54:56,160 --> 00:54:53,670

flesh-and-blood people are kind of

1071

00:54:58,590 --> 00:54:56,170

thinking a little bit more now like

1072

00:55:02,730 --> 00:54:58,600

maybe something is definitely going on

1073

00:55:06,810 --> 00:55:02,740

with this phenomena I don't know it is

1074

00:55:09,540 --> 00:55:06,820

an enigma so um I I guess it's you know

1075

00:55:12,960 --> 00:55:09,550

the best thing I can say is just keep

1076
00:55:16,680 --> 00:55:12,970
plugging keep taking reports and maybe

1077
00:55:20,280 --> 00:55:16,690
we'll find something that will kind of

1078
00:55:25,830 --> 00:55:20,290
jive and you know hopefully we'll get

1079
00:55:29,670 --> 00:55:25,840
some proof that would be great it would

1080
00:55:33,200 --> 00:55:29,680
be so you guys you know we're about

1081
00:55:36,240 --> 00:55:33,210
ready to into show so let me start with

1082
00:55:42,120 --> 00:55:36,250
luo i saying you want to mention before

1083
00:55:43,680 --> 00:55:42,130
we go just that i'll be up in like I

1084
00:55:46,950 --> 00:55:43,690
mentioned and Gettysburg hopefully in

1085
00:55:49,110 --> 00:55:46,960
May hoping to meet up with you and Butch

1086
00:55:52,500 --> 00:55:49,120
and I think maybe we can get Eric

1087
00:55:54,270 --> 00:55:52,510
Hoffman up there as well and we can

1088
00:55:56,550 --> 00:55:54,280

shoot some more stories and you know

1089

00:55:58,560 --> 00:55:56,560

just talk about the general area I mean

1090

00:56:03,120 --> 00:55:58,570

I know out here in California mostly I

1091

00:56:05,040 --> 00:56:03,130

investigate areas around Hollywood at

1092

00:56:07,910 --> 00:56:05,050

the moment but uh it's it's kind of

1093

00:56:10,760 --> 00:56:07,920

quiet when it comes to UFOs except by

1094

00:56:14,280 --> 00:56:10,770

Santa Monica I think one of you guys

1095

00:56:17,390 --> 00:56:14,290

investigates UFOs and off the beaches of

1096

00:56:20,310 --> 00:56:17,400

Santa Monica by a certain Coast Guard

1097

00:56:21,750 --> 00:56:20,320

Station people have been seeing things

1098

00:56:23,820 --> 00:56:21,760

coming in and out of the water over

1099

00:56:27,540 --> 00:56:23,830

there so I'm trying to make my way over

1100

00:56:30,450 --> 00:56:27,550

there why he was really not yeah in fact

1101

00:56:34,140 --> 00:56:30,460

my friend Brett she's been telling me

1102

00:56:37,850 --> 00:56:34,150

that she has been talking to people that

1103

00:56:42,200 --> 00:56:37,860

have experiencing a lot of phenomena

1104

00:56:43,880 --> 00:56:42,210

in the Santa Monica area so and of

1105

00:56:47,510 --> 00:56:43,890

course you know all the UFO activity

1106

00:56:49,220 --> 00:56:47,520

I'll Catalina and yeah Santa Barbara and

1107

00:56:52,550 --> 00:56:49,230

such I mean there just seems to be a lot

1108

00:56:55,340 --> 00:56:52,560

of weird stuff going on out there let

1109

00:56:58,520 --> 00:56:55,350

alone the the tic-tac incidents that

1110

00:57:00,620 --> 00:56:58,530

were reported recently so who knows I

1111

00:57:01,070 --> 00:57:00,630

mean you know maybe we'll go get some

1112

00:57:06,310 --> 00:57:01,080

more

1113

00:57:10,340 --> 00:57:06,320

so Marcus what's going on with you and

1114

00:57:13,400 --> 00:57:10,350

what are you gonna be looking into well

1115

00:57:17,630 --> 00:57:13,410

again just recently I just recently

1116

00:57:21,260 --> 00:57:17,640

became a field investigator investigator

1117

00:57:24,800 --> 00:57:21,270

for for MUFON and again this this case

1118

00:57:27,740 --> 00:57:24,810

that happened here in in Yazoo City back

1119

00:57:29,480 --> 00:57:27,750

in the 70s you know that's kind of got

1120

00:57:33,320 --> 00:57:29,490

my attention right now again because the

1121

00:57:36,770 --> 00:57:33,330

weather so bad and you know invest you

1122

00:57:39,710 --> 00:57:36,780

know my Bigfoot group we haven't been

1123

00:57:41,930 --> 00:57:39,720

able to you know to really get in the

1124

00:57:43,880 --> 00:57:41,940

field because it's just been so it's a

1125

00:57:45,910 --> 00:57:43,890

they've been pouring down rain freezing

1126

00:57:49,430 --> 00:57:45,920

cold

1127

00:57:51,800 --> 00:57:49,440

you know just toggling back and forth so

1128

00:57:55,730 --> 00:57:51,810

you know I'm just kind of waiting I

1129

00:57:58,370 --> 00:57:55,740

think me and Doug and Karen and you know

1130

00:58:00,610 --> 00:57:58,380

MK he's like all over the place you know

1131

00:58:03,500 --> 00:58:00,620

I think we're just kind of waiting for

1132

00:58:05,960 --> 00:58:03,510

for I don't know spring something to

1133

00:58:09,710 --> 00:58:05,970

clear so maybe we can get out in the

1134

00:58:14,090 --> 00:58:09,720

woods and see what's going on but you

1135

00:58:15,950 --> 00:58:14,100

know to kind of tide me over I guess you

1136

00:58:18,740 --> 00:58:15,960

know till till something does break as

1137

00:58:21,130 --> 00:58:18,750

far as getting outdoors I'm really you

1138

00:58:24,260 --> 00:58:21,140

know that this UFO case really has my

1139

00:58:27,470 --> 00:58:24,270

undivided attention and that's that's

1140

00:58:29,300 --> 00:58:27,480

been very you know it's been fruitful

1141

00:58:32,150 --> 00:58:29,310

looking into it so far it I think there

1142

00:58:34,400 --> 00:58:32,160

I mean you know there's witnesses and

1143

00:58:35,780 --> 00:58:34,410

hopefully hopefully you know I mean I

1144

00:58:38,390 --> 00:58:35,790

don't I don't have a whole lot I can

1145

00:58:41,360 --> 00:58:38,400

tell you guys just at the moment but

1146

00:58:44,120 --> 00:58:41,370

hopefully I will hopefully I'll have

1147

00:58:47,270 --> 00:58:44,130

something that will really excite you

1148

00:58:51,170 --> 00:58:47,280

guys well hopefully I can start getting

1149

00:58:53,390 --> 00:58:51,180

some cases to send out to y'all you know

1150

00:58:54,799 --> 00:58:53,400

just has it well it's kind of royal yeah

1151
00:58:58,640 --> 00:58:54,809
you guys I've been with the group that

1152
00:59:01,970 --> 00:58:58,650
long but like I you know I will

1153
00:59:04,490 --> 00:59:01,980
distribute cases that I do receive to

1154
00:59:05,960 --> 00:59:04,500
the people in the field and hopefully

1155
00:59:09,020 --> 00:59:05,970
we'll get some answers to some of this

1156
00:59:11,510 --> 00:59:09,030
stuff and Tobias what you and I have

1157
00:59:14,390 --> 00:59:11,520
been plugging like this now for over two

1158
00:59:17,000 --> 00:59:14,400
years so you know we have we know that

1159
00:59:19,059 --> 00:59:17,010
goes so you know the all you guys I

1160
00:59:22,250 --> 00:59:19,069
appreciate you being on the team

1161
00:59:25,549 --> 00:59:22,260

1162
00:59:26,599 --> 00:59:25,559
