7
00:00:36,639 --> 00:00:33,880

Jewish humanoid crawler running between

8
00:00:38,770 --> 00:00:36,649

headstones in Illinois back when I was

9
00:00:40,720 --> 00:00:38,780

in high school my friend and I saw

10
00:00:43,110 --> 00:00:40,730

something I've begun referring to as a

11
00:00:46,750 --> 00:00:43,120

crawler this was in Roseville Illinois

12
00:00:48,759 --> 00:00:46,760

night time and in a cemetery I think it

13
00:00:50,890 --> 00:00:48,769

was probably late summer or early fall

14

00:00:54,069 --> 00:00:50,900

because I don't remember it being too

15

00:00:56,560 --> 00:00:54,079

cold out would have been between 2007

16

00:00:59,110 --> 00:00:56,570

and 2010 pretty sure the moon was full

17

00:01:01,780 --> 00:00:59,120

of close to it because visibility was

18

00:01:04,179 --> 00:01:01,790

pretty good my friend and I used to walk

19

00:01:07,000 --> 00:01:04,189

this loop we would leave her place and

20

00:01:09,429 --> 00:01:07,010

go down a block to a side road that led

21

00:01:11,230 --> 00:01:09,439

to a park we would then turn left and

22

00:01:14,200 --> 00:01:11,240

cut across the park to the side entrance

23

00:01:16,210 --> 00:01:14,210

of the cemetery the cemetery in park

24

00:01:18,789 --> 00:01:16,220

said at the very southwest corner of

25

00:01:21,219 --> 00:01:18,799

town beyond that was just woods and

26

00:01:23,350 --> 00:01:21,229

cornfields if we went straight across

27

00:01:25,420 --> 00:01:23,360

the cemetery it would take us to another

28

00:01:28,179 --> 00:01:25,430

side road that then led to the Main

29

00:01:30,490 --> 00:01:28,189

Street back to where her house was we

30

00:01:32,380 --> 00:01:30,500

made it to the cemetery and were walking

31

00:01:34,749 --> 00:01:32,390

the main drive that split the property

32

00:01:37,359 --> 00:01:34,759

in half there was a sudden noise that

33

00:01:39,789 --> 00:01:37,369

made us both stop my friend started

34

00:01:42,340 --> 00:01:39,799

laughing nervously and asked if I had

35

00:01:45,160 --> 00:01:42,350

heard the noise I told her I had seen

36

00:01:46,809 --> 00:01:45,170

what made the noise to our left I had

37

00:01:49,239 --> 00:01:46,819

seen something running behind the

38

00:01:52,480 --> 00:01:49,249

headstones it was on all fours but

39

00:01:55,629 --> 00:01:52,490

humanoid it had extremely pale skin and

40

00:01:57,669 --> 00:01:55,639

no hair and looked very thin I remember

41

00:02:00,940 --> 00:01:57,679

it was so pale had almost reflected the

42

00:02:03,010 --> 00:02:00,950

moonlight it moved so fast too fast for

43

00:02:04,809 --> 00:02:03,020

any human I've ever seen on their hands

44

00:02:07,989 --> 00:02:04,819

and feet that I couldn't see many

45

00:02:10,900 --> 00:02:07,999

details it was in total profile so I

46

00:02:13,540 --> 00:02:10,910

never saw the facial details the way it

47

00:02:15,550 --> 00:02:13,550

ran was animal-like as well in that it

48

00:02:17,530 --> 00:02:15,560

had that gate where its feet came

49

00:02:20,920 --> 00:02:17,540

forward almost between her past its

50

00:02:23,380 --> 00:02:20,930

hands watch a video of a big cat or wild

51
00:02:25,690 --> 00:02:23,390
dog running to see what I mean we were

52
00:02:27,820 --> 00:02:25,700
both terrified we just stood there

53
00:02:30,490 --> 00:02:27,830
panicking and listening to it moving

54
00:02:32,380 --> 00:02:30,500
around just out of sight while we called

55
00:02:35,080 --> 00:02:32,390
one of her friends to come meet us and

56
00:02:37,540 --> 00:02:35,090
take us the rest of the way home her

57
00:02:40,030 --> 00:02:37,550
friend a very typical high school boy

58
00:02:42,930 --> 00:02:40,040
arrived and naturally wanted to stay in

59
00:02:44,670 --> 00:02:42,940
this cemetery and goof off for a while

60
00:02:47,190 --> 00:02:44,680
for some reason with him they're acting

61
00:02:49,290 --> 00:02:47,200
dumb it was less scary but I remember it

62
00:02:51,900 --> 00:02:49,300
just kept making these white circles

63
00:02:54,020 --> 00:02:51,910

around us it always stayed out of sight

64

00:02:56,190 --> 00:02:54,030

but you could hear it as it moved

65

00:02:58,910 --> 00:02:56,200

occasionally it would come a bit closer

66

00:03:01,740 --> 00:02:58,920

then seemed to dart further away again

67

00:03:04,140 --> 00:03:01,750

eventually we left I spent a while

68

00:03:06,330 --> 00:03:04,150

researching it and even reached out to a

69

00:03:08,940 --> 00:03:06,340

paranormal group in Champaign for advice

70

00:03:12,090 --> 00:03:08,950

the guy I talked to had never heard of

71

00:03:12,870 --> 00:03:12,100

it but wanted to document what we saw we

72

00:03:15,270 --> 00:03:12,880

met up with him

73

00:03:18,000 --> 00:03:15,280

and did an interview but the group never

74

00:03:20,010 --> 00:03:18,010

did an investigation fast forward a few

75

00:03:23,490 --> 00:03:20,020

years and I'm living in Aurora Colorado

76

00:03:26,010 --> 00:03:23,500

I met one of my closest friends in about

77

00:03:28,410 --> 00:03:26,020

2012 we really hit it off

78

00:03:30,480 --> 00:03:28,420

because we were into the paranormal when

79

00:03:33,720 --> 00:03:30,490

I eventually told him about what I had

80

00:03:36,060 --> 00:03:33,730

seen his jaw hit the floor he told me he

81

00:03:39,000 --> 00:03:36,070

had seen the same thing and told me his

82

00:03:41,190 --> 00:03:39,010

story he described exactly what I had

83

00:03:43,950 --> 00:03:41,200

seen but he had seen it under a porch

84

00:03:46,740 --> 00:03:43,960

while living in Thornton it was crouched

85

00:03:48,690 --> 00:03:46,750

down and squatting he thinks he startled

86

00:03:50,340 --> 00:03:48,700

it while it was eating because he said

87

00:03:52,890 --> 00:03:50,350

it was hunched over something it was

88

00:03:55,260 --> 00:03:52,900

holding he comes from a Navajo Apache

89

00:03:58,199 --> 00:03:55,270

background and when we first met his

90

00:04:00,300 --> 00:03:58,209

best guess was skinwalker Wendigo but

91

00:04:01,920 --> 00:04:00,310

then and especially now he said he had

92

00:04:04,680 --> 00:04:01,930

doubts about either of those things

93

00:04:06,270 --> 00:04:04,690

being the answer he was dating a girl at

94

00:04:08,580 --> 00:04:06,280

the time whose mom claimed to be a

95

00:04:10,830 --> 00:04:08,590

medium she said she thought it was

96

00:04:13,530 --> 00:04:10,840

something that someone woke up and that

97

00:04:16,260 --> 00:04:13,540

now it was angry we both have serious

98

00:04:18,750 --> 00:04:16,270

doubts on that one the stranger part

99

00:04:21,030 --> 00:04:18,760

came when he and I brought it up we both

100

00:04:23,520 --> 00:04:21,040

started having very intense nightmares

101
00:04:25,110 --> 00:04:23,530
about it his were worse than mine and

102
00:04:27,720 --> 00:04:25,120
lasted much longer

103
00:04:30,240 --> 00:04:27,730
this was also punctuated by a six-month

104
00:04:33,180 --> 00:04:30,250
period of time filled with a lot of bad

105
00:04:35,190 --> 00:04:33,190
luck and anxiety for us I always sort of

106
00:04:37,890 --> 00:04:35,200
brushed this off as us just psyching

107
00:04:40,860 --> 00:04:37,900
ourselves out until I sent my story in

108
00:04:43,200 --> 00:04:40,870
to a podcast after it was read another

109
00:04:45,360 --> 00:04:43,210
listener sent in their story they

110
00:04:47,730 --> 00:04:45,370
described what my friend and I had seen

111
00:04:49,710 --> 00:04:47,740
and also described the sightings as

112
00:04:52,110 --> 00:04:49,720
being punctuated by nightmares I

113
00:04:54,480 --> 00:04:52,120

couldn't write that off because he spoke

114

00:04:56,140 --> 00:04:54,490

about his nightmares in detail and they

115

00:04:58,930 --> 00:04:56,150

matched my friends nightmares

116

00:05:00,940 --> 00:04:58,940

exactly I have never given out details

117

00:05:03,220 --> 00:05:00,950

of what actually happened in either of

118

00:05:05,710 --> 00:05:03,230

our nightmares I've read a ton of other

119

00:05:08,080 --> 00:05:05,720

stories by other users and people on the

120

00:05:10,570 --> 00:05:08,090

internet I've dug through mounds of lore

121

00:05:12,730 --> 00:05:10,580

encrypted lists I still don't feel like

122

00:05:15,460 --> 00:05:12,740

I have an answer to what this thing is

123

00:05:17,650 --> 00:05:15,470

my best guess at this point is that the

124

00:05:18,730 --> 00:05:17,660

nightmares aren't coincidental and that

125

00:05:21,130 --> 00:05:18,740

this is something that is

126

00:05:23,140 --> 00:05:21,140

interdimensional it seems like it can

127

00:05:25,090 --> 00:05:23,150

interact with physical things around it

128

00:05:27,160 --> 00:05:25,100

but I've never heard anyone tell a

129

00:05:29,950 --> 00:05:27,170

first-hand account to being physically

130

00:05:31,960 --> 00:05:29,960

attacked or even touched i've speculated

131

00:05:33,940 --> 00:05:31,970

on what it could be for hours and the

132

00:05:35,470 --> 00:05:33,950

only conclusion that I've come to is

133

00:05:38,110 --> 00:05:35,480

that I don't feel like there is an

134

00:05:40,270 --> 00:05:38,120

actual concrete answer it doesn't act

135

00:05:42,550 --> 00:05:40,280

exactly like this or that cryptid I

136

00:05:44,620 --> 00:05:42,560

think it might be something that's been

137

00:05:47,170 --> 00:05:44,630

around and inspired other cryptids and

138

00:05:50,890 --> 00:05:47,180

paranormal tales but I don't think it's

139

00:05:57,430 --> 00:05:50,900

a Wendigo skinwalker ghoul flesh get etc

140

00:06:01,700 --> 00:05:59,750

two witnesses have a late night

141

00:06:03,590 --> 00:06:01,710

frightening close encounter with a pale

142

00:06:05,780 --> 00:06:03,600

snarling white crawler humanoid in

143

00:06:08,420 --> 00:06:05,790

Huntington West Virginia on a summer

144

00:06:10,340 --> 00:06:08,430

night at the end of the July in 2008 we

145

00:06:12,050 --> 00:06:10,350

were camping while working to sell our

146

00:06:14,390 --> 00:06:12,060

wares at a flea market in Huntington

147

00:06:16,400 --> 00:06:14,400

West Virginia it was hot in the camper

148

00:06:18,379 --> 00:06:16,410

so I got up and walked outside where I

149

00:06:20,570 --> 00:06:18,389

found my nephew sitting and texting on

150

00:06:22,790 --> 00:06:20,580

his cell phone it was about 3:00 in the

151
00:06:24,260 --> 00:06:22,800
morning deciding to take a walk in the

152
00:06:25,820 --> 00:06:24,270
night air we made our way about a

153
00:06:28,010 --> 00:06:25,830
hundred yards to the end of the long

154
00:06:30,500 --> 00:06:28,020
flea market building and sat down on a

155
00:06:32,240 --> 00:06:30,510
concrete slab the light that was on top

156
00:06:34,279 --> 00:06:32,250
of the building illuminated the area

157
00:06:36,409 --> 00:06:34,289
where we said to our front there was a

158
00:06:37,939 --> 00:06:36,419
big open field and behind the field

159
00:06:40,430 --> 00:06:37,949
there was a tree line that led to a

160
00:06:42,469 --> 00:06:40,440
forest a large billboard on the highway

161
00:06:44,240 --> 00:06:42,479
cast a sliver of light across the ground

162
00:06:46,909 --> 00:06:44,250
but the rest of the field was pitch

163
00:06:49,460 --> 00:06:46,919

black as we sat there chatting I saw

164

00:06:51,200 --> 00:06:49,470

something wide about 75 to 80 yards away

165

00:06:53,570 --> 00:06:51,210

squatted down on the edge of the tree

166

00:06:55,879 --> 00:06:53,580

line I looked at my nephew and asked if

167

00:06:57,680 --> 00:06:55,889

he saw what I was seeing he said he did

168

00:06:59,900 --> 00:06:57,690

but neither of us could determine what

169

00:07:02,120 --> 00:06:59,910

it was the creature started to emerge

170

00:07:04,010 --> 00:07:02,130

from the tree line it came out about 20

171

00:07:06,140 --> 00:07:04,020

feet almost crawling to stay close to

172

00:07:07,640 --> 00:07:06,150

the ground when it reached the edge of

173

00:07:09,950 --> 00:07:07,650

the sliver of light that was streaming

174

00:07:12,440 --> 00:07:09,960

across the field it paused for a second

175

00:07:13,820 --> 00:07:12,450

never breaking its gaze on us when it

176
00:07:15,770 --> 00:07:13,830
reached the edge of the lighted leaped

177
00:07:17,690 --> 00:07:15,780
along gating its body to move through

178
00:07:19,610 --> 00:07:17,700
the light in one movement and landed in

179
00:07:21,770 --> 00:07:19,620
the darkness on the other side still

180
00:07:23,450 --> 00:07:21,780
maintaining his stare the time and the

181
00:07:26,240 --> 00:07:23,460
light allowed me to see it more clearly

182
00:07:29,060 --> 00:07:26,250
its body was long gangly slender and

183
00:07:30,950 --> 00:07:29,070
pale white at this time it was about ten

184
00:07:33,379 --> 00:07:30,960
yards away from us having cleared half

185
00:07:35,450 --> 00:07:33,389
the original distance it started to inch

186
00:07:37,490 --> 00:07:35,460
closer pausing in a stealthy curious

187
00:07:39,409 --> 00:07:37,500
manner inching toward us as we sat there

188
00:07:41,839 --> 00:07:39,419

shocked and frozen at the sight of it

189

00:07:43,550 --> 00:07:41,849

now it is about three yards away and it

190

00:07:46,250 --> 00:07:43,560

stayed in that position for a longer

191

00:07:48,350 --> 00:07:46,260

time at that point I had time to take in

192

00:07:50,689 --> 00:07:48,360

its features in greater detail its

193

00:07:52,850 --> 00:07:50,699

stature was four to five feet tall very

194

00:07:55,100 --> 00:07:52,860

lean and skinny pale white skin with no

195

00:07:57,020 --> 00:07:55,110

hair on the creature at all it kept

196

00:07:59,270 --> 00:07:57,030

itself in a hunched position when still

197

00:08:01,730 --> 00:07:59,280

its knees folded backward like an

198

00:08:03,860 --> 00:08:01,740

animal's hind flank its arms were long

199

00:08:05,110 --> 00:08:03,870

and skinny reaching down to hands that

200

00:08:07,240 --> 00:08:05,120

had very long thin

201

00:08:09,700 --> 00:08:07,250

with Klaus it had big black

202

00:08:11,950 --> 00:08:09,710

almond-shaped eyes very small pointy

203

00:08:13,990 --> 00:08:11,960

ears that were close to its head it had

204

00:08:15,879 --> 00:08:14,000

very long pointed interlocking teeth

205

00:08:17,800 --> 00:08:15,889

that were always exposed and lips that

206

00:08:20,140 --> 00:08:17,810

were so small they barely showed around

207

00:08:22,180 --> 00:08:20,150

the huge teeth its nose turned upward

208

00:08:24,790 --> 00:08:22,190

like a bat and laid closed against its

209

00:08:26,830 --> 00:08:24,800

face crouched had slowly walked to the

210

00:08:29,080 --> 00:08:26,840

edge like we were enveloped in within

211

00:08:31,030 --> 00:08:29,090

two yards now it was looking at us

212

00:08:33,070 --> 00:08:31,040

making a low snarling sound as it

213

00:08:34,810 --> 00:08:33,080

breathed that was all I could hear over

214

00:08:37,089 --> 00:08:34,820

the pounding of my heart which was now

215

00:08:39,579 --> 00:08:37,099

in my throat it was staring at us and

216

00:08:41,350 --> 00:08:39,589

cocking his head from side to side as if

217

00:08:41,769 --> 00:08:41,360

it was trying to figure out its next

218

00:08:43,659 --> 00:08:41,779

move

219

00:08:45,970 --> 00:08:43,669

as I sat there wondering what could

220

00:08:47,860 --> 00:08:45,980

possibly happen next it sprang into the

221

00:08:50,260 --> 00:08:47,870

light with its arms up and mouth open

222

00:08:52,600 --> 00:08:50,270

wide making crazy screaming growling

223

00:08:54,579 --> 00:08:52,610

sounds running toward us coming to

224

00:08:56,440 --> 00:08:54,589

within a foot of us I left to my feet

225

00:08:58,930 --> 00:08:56,450

putting my fists up in a defensive

226

00:09:00,519 --> 00:08:58,940

posture it looked up as if noticing I

227

00:09:02,890 --> 00:09:00,529

was larger than it originally thought

228

00:09:05,680 --> 00:09:02,900

then it quickly turned and ran away

229

00:09:07,269 --> 00:09:05,690

kicking dirt and gravel up in my face it

230

00:09:09,610 --> 00:09:07,279

was off through the field and I watched

231

00:09:11,290 --> 00:09:09,620

as it ran toward the forest then I heard

232

00:09:18,369 --> 00:09:11,300

the rustling of the brush as he moved

233

00:09:24,889 --> 00:09:21,109

crawler humanoid encounter and belorus

234

00:09:27,139 --> 00:09:24,899

forces relocation by KGB I never saw a

235

00:09:29,900 --> 00:09:27,149

UFO but I saw an entity mostly

236

00:09:33,199 --> 00:09:29,910

associated with UFO I grew up in the

237

00:09:37,069 --> 00:09:33,209

USSR in now northern belorus until I was

238

00:09:39,259 --> 00:09:37,079

13 years old 37 years ago my mother and

239

00:09:41,869 --> 00:09:39,269

I saw an entity outside looking in at us

240

00:09:44,689 --> 00:09:41,879

through the window it was hairless pale

241

00:09:46,970 --> 00:09:44,699

white huge bulging black eyes and it had

242

00:09:50,090 --> 00:09:46,980

teeth that were very small very well

243

00:09:53,150 --> 00:09:50,100

spaced skinny and pointed almost like an

244

00:09:55,039 --> 00:09:53,160

anglerfish we hid for hours and until we

245

00:09:57,859 --> 00:09:55,049

heard my father drive towards the house

246

00:09:59,780 --> 00:09:57,869

we both looked out the window to see the

247

00:10:02,749 --> 00:09:59,790

being then stand up from behind a wall

248

00:10:04,729 --> 00:10:02,759

it was much taller than a human and it

249

00:10:06,639 --> 00:10:04,739

was hiding behind that wall and I

250

00:10:09,319 --> 00:10:06,649

believe waiting for us to come outside

251
00:10:11,509 --> 00:10:09,329
my father drove up the driveway

252
00:10:14,030 --> 00:10:11,519
we saw the silhouette of its body from

253
00:10:16,220 --> 00:10:14,040
the back it was hunched over staring at

254
00:10:17,660 --> 00:10:16,230
the car my father saw it in the

255
00:10:20,239 --> 00:10:17,670
headlights and what it looked like

256
00:10:21,859 --> 00:10:20,249
perfectly he drove that at a gnat ran

257
00:10:23,960 --> 00:10:21,869
away into the brush around the house

258
00:10:26,269 --> 00:10:23,970
that never made a sound

259
00:10:28,189 --> 00:10:26,279
it seemed smart but cautious and the

260
00:10:30,499 --> 00:10:28,199
overwhelming feeling I got that night

261
00:10:32,749 --> 00:10:30,509
that it was vicious and violent my

262
00:10:35,210 --> 00:10:32,759
parents spoke with police as we were so

263
00:10:37,519 --> 00:10:35,220

horrified about the encounter after

264

00:10:39,590 --> 00:10:37,529

speaking to police or KGB we were

265

00:10:42,350 --> 00:10:39,600

relocated and forced never to speak of

266

00:10:44,629 --> 00:10:42,360

the event to anyone within 30 hours I

267

00:10:47,269 --> 00:10:44,639

was living in a new home nearly 100

268

00:10:49,970 --> 00:10:47,279

kilometres away I have searched for so

269

00:10:52,160 --> 00:10:49,980

many years for an explanation I've spoke

270

00:10:54,019 --> 00:10:52,170

with government officials in belorus I

271

00:10:56,299 --> 00:10:54,029

have interviewed with people who lived

272

00:11:02,590 --> 00:10:56,309

near our home then about 10 years ago I

273

00:11:02,600 --> 00:11:05,240

you

274

00:11:09,260 --> 00:11:07,010

encounters with a tall pale crawler

275

00:11:11,870 --> 00:11:09,270

humanoid in New York I've had some

276

00:11:14,090 --> 00:11:11,880

run-ins with a pale humanoid creature it

277

00:11:16,760 --> 00:11:14,100

was in the summer and early fall of 2014

278

00:11:17,750 --> 00:11:16,770

I was walking down the road two of the

279

00:11:20,060 --> 00:11:17,760

times I saw it

280

00:11:22,940 --> 00:11:20,070

driving the third each time late evening

281

00:11:25,010 --> 00:11:22,950

not quite dusk but getting there same

282

00:11:27,470 --> 00:11:25,020

stretch along some swampy woods near my

283

00:11:29,360 --> 00:11:27,480

home north of Binghamton New York there

284

00:11:31,280 --> 00:11:29,370

is an old pasture that separates the

285

00:11:33,950 --> 00:11:31,290

road from the woods by about fifty to

286

00:11:36,050 --> 00:11:33,960

seventy yards or so the two times I saw

287

00:11:37,820 --> 00:11:36,060

it while walking it kept pace with me

288

00:11:40,400 --> 00:11:37,830

from just within the trees for about a

289

00:11:42,260 --> 00:11:40,410

mile each time I could tell it was there

290

00:11:44,930 --> 00:11:42,270

but couldn't get a good look at it I've

291

00:11:47,300 --> 00:11:44,940

had coyotes and feral dogs do the same

292

00:11:49,040 --> 00:11:47,310

thing I always assumed it was because

293

00:11:51,260 --> 00:11:49,050

they are trying to decide whether or not

294

00:11:53,180 --> 00:11:51,270

to attack which is more than a little

295

00:11:55,370 --> 00:11:53,190

unnerving when it's unknown humanoid

296

00:11:58,250 --> 00:11:55,380

thing I would know how to react to a

297

00:11:59,630 --> 00:11:58,260

coyote or dog coming at me I had no clue

298

00:12:01,790 --> 00:11:59,640

what would have happened if this thing

299

00:12:03,710 --> 00:12:01,800

came at me the time I saw it when

300

00:12:05,510 --> 00:12:03,720

driving it was out in the open when I

301
00:12:07,880 --> 00:12:05,520
spotted it but it went back into the

302
00:12:10,130 --> 00:12:07,890
trees very quickly that was the best

303
00:12:12,530 --> 00:12:10,140
look I got of it but some brush obscured

304
00:12:15,650 --> 00:12:12,540
the hips and legs it was short maybe

305
00:12:17,870 --> 00:12:15,660
five to 5.5 feet tall and I could tell

306
00:12:19,940 --> 00:12:17,880
it was in proportion like a human its

307
00:12:22,130 --> 00:12:19,950
torso was too short and the arms were

308
00:12:22,579 --> 00:12:22,140
too long didn't get a great look at the

309
00:12:24,829 --> 00:12:22,589
head

310
00:12:27,110 --> 00:12:24,839
it was facing away from me and either

311
00:12:29,060 --> 00:12:27,120
the head was low without much neck or it

312
00:12:31,940 --> 00:12:29,070
was just holding its head down as it ran

313
00:12:34,250 --> 00:12:31,950

it was uniformly pale off-white in color

314

00:12:36,380 --> 00:12:34,260

at the distance and lighting conditions

315

00:12:38,480 --> 00:12:36,390

it was in I couldn't tell if it was fur

316

00:12:41,030 --> 00:12:38,490

skin or whatever but it appeared to be

317

00:12:43,130 --> 00:12:41,040

the same color all over I haven't seen

318

00:12:44,990 --> 00:12:43,140

it since but I have occasionally had the

319

00:12:46,820 --> 00:12:45,000

Red Alert feeling when in the same woods

320

00:12:49,190 --> 00:12:46,830

hunting even though there wasn't any

321

00:12:51,079 --> 00:12:49,200

visible reason not sure if there is a

322

00:12:53,090 --> 00:12:51,089

connection because I get a similar

323

00:12:55,010 --> 00:12:53,100

feeling when I run across coyotes or

324

00:12:56,690 --> 00:12:55,020

bears and the like but it always struck

325

00:12:59,540 --> 00:12:56,700

me as odd that I couldn't notice the

326

00:13:07,360 --> 00:12:59,550

cause consciously at least part of me

327

00:13:12,620 --> 00:13:10,100

pale white crawler encountered on former

328

00:13:14,450 --> 00:13:12,630

Virginia Civil War battlefield I live on

329

00:13:16,670 --> 00:13:14,460

the East Coast in central Virginia

330

00:13:18,560 --> 00:13:16,680

Hanover County and the property I live

331

00:13:21,079 --> 00:13:18,570

on contains ten acres of fields and

332

00:13:22,970 --> 00:13:21,089

woods just as some background info the

333

00:13:25,250 --> 00:13:22,980

property was once a battleground during

334

00:13:26,930 --> 00:13:25,260

the Civil War the Battle of Matata Queen

335

00:13:29,300 --> 00:13:26,940

Creek took place right around where I

336

00:13:31,190 --> 00:13:29,310

live my friends and I have always seen

337

00:13:33,320 --> 00:13:31,200

ghosts and paranormal activity around

338

00:13:35,450 --> 00:13:33,330

the property whenever we hang out a camp

339

00:13:37,490 --> 00:13:35,460

but that isn't why I'm typing this I

340

00:13:39,560 --> 00:13:37,500

should probably mention that our camp

341

00:13:41,540 --> 00:13:39,570

site contains tarp roofs with pallets

342

00:13:43,970 --> 00:13:41,550

set up as walls I should also mention

343

00:13:46,010 --> 00:13:43,980

that we always carry firearms with us in

344

00:13:48,170 --> 00:13:46,020

the woods but I always enforce making

345

00:13:49,940 --> 00:13:48,180

sure nobody has any bullets chambered in

346

00:13:53,150 --> 00:13:49,950

their weapons unless they have a reason

347

00:13:54,710 --> 00:13:53,160

to shoot one night in late April 2023

348

00:13:57,560 --> 00:13:54,720

friends and I were hanging out by the

349

00:13:58,010 --> 00:13:57,570

fire within our campsite at about 11:30

350

00:14:00,170 --> 00:13:58,020

p.m.

351
00:14:02,060 --> 00:14:00,180
one of my buddies and I wandered down

352
00:14:04,010 --> 00:14:02,070
the trail with no flashlights of any

353
00:14:05,780 --> 00:14:04,020
sort in the dark we stopped at an

354
00:14:08,450 --> 00:14:05,790
opening by the field where we could see

355
00:14:10,579 --> 00:14:08,460
the stars we chatted about random topics

356
00:14:12,530 --> 00:14:10,589
for about five to ten minutes until we

357
00:14:15,050 --> 00:14:12,540
start hearing steps and twigs snapping

358
00:14:17,510 --> 00:14:15,060
in multiple areas in front of us we are

359
00:14:19,180 --> 00:14:17,520
skeptical but keep an ear out all the

360
00:14:21,050 --> 00:14:19,190
sudden a yellow crab and

361
00:14:22,940 --> 00:14:21,060
uncharacteristically rock a bullet in

362
00:14:25,310 --> 00:14:22,950
the chamber of my rifle as quick as I

363
00:14:27,530 --> 00:14:25,320

can then I immediately aimed my rifle

364

00:14:29,810 --> 00:14:27,540

towards what I'm seeing it was dark so I

365

00:14:32,329 --> 00:14:29,820

couldn't distinguish details but this is

366

00:14:34,190 --> 00:14:32,339

what I saw it was a pale wild silhouette

367

00:14:36,560 --> 00:14:34,200

and it was crawling uphill from another

368

00:14:39,290 --> 00:14:36,570

trail it didn't seem intimidating though

369

00:14:41,390 --> 00:14:39,300

rather intently curious its body moved

370

00:14:43,850 --> 00:14:41,400

similar to a chicken that Bob's its head

371

00:14:45,920 --> 00:14:43,860

but more subtle my friend did I yelled

372

00:14:48,410 --> 00:14:45,930

for other two friends to come assist us

373

00:14:50,840 --> 00:14:48,420

as the creature got closer wheeled

374

00:14:52,940 --> 00:14:50,850

louder we were terrified simply

375

00:14:54,890 --> 00:14:52,950

frightened and in awe the creature went

376

00:14:57,079 --> 00:14:54,900

behind a tree and repeatedly poked its

377

00:14:58,970 --> 00:14:57,089

head out and back behind the tree it

378

00:15:00,949 --> 00:14:58,980

occasionally began to crawl towards us

379

00:15:03,380 --> 00:15:00,959

from behind the tree but would retreat

380

00:15:05,870 --> 00:15:03,390

once again all its movement were slow

381

00:15:07,640 --> 00:15:05,880

and agile after about two minutes it

382

00:15:09,949 --> 00:15:07,650

disappeared as in we couldn't see it

383

00:15:11,870 --> 00:15:09,959

because of the brush I assumed it fled

384

00:15:13,640 --> 00:15:11,880

into the woods our other two friends

385

00:15:15,800 --> 00:15:13,650

arrived in my neuters so after the

386

00:15:17,600 --> 00:15:15,810

creature had fled their excuse was that

387

00:15:19,699 --> 00:15:17,610

they thought we had ran into a hunter or

388

00:15:19,910 --> 00:15:19,709

somebody so they decided to take the

389

00:15:22,069 --> 00:15:19,920

bull

390

00:15:24,079 --> 00:15:22,079

it's out of their weapons anyway the

391

00:15:26,449 --> 00:15:24,089

next day we went back to the spot of the

392

00:15:28,250 --> 00:15:26,459

sighting we found disturbed leaves and

393

00:15:30,259 --> 00:15:28,260

tracks exactly where we saw the creature

394

00:15:32,000 --> 00:15:30,269

the friend I was with during the

395

00:15:34,310 --> 00:15:32,010

sighting is a skilled hunter and trapper

396

00:15:36,110 --> 00:15:34,320

we follow tracks that lead off the

397

00:15:38,660 --> 00:15:36,120

property until it seemed to either go

398

00:15:40,699 --> 00:15:38,670

cold or we lost them we did find his

399

00:15:42,470 --> 00:15:40,709

small-sized goat skull in the woods with

400

00:15:44,480 --> 00:15:42,480

no carcass to follow near the sighting

401
00:15:46,460 --> 00:15:44,490
area does anyone know what this could

402
00:15:48,439 --> 00:15:46,470
possibly be the closest thing that

403
00:15:54,250 --> 00:15:48,449
resembles that I can think of is the red

404
00:15:59,810 --> 00:15:57,500
