7  
00:00:35,730 --> 00:00:33,510

central Pennsylvania Dodman

8  
00:00:38,190 --> 00:00:35,740

I am currently a resident of Altoona

9  
00:00:40,170 --> 00:00:38,200

Pennsylvania I am writing this report a

10  
00:00:41,790 --> 00:00:40,180

strange encounter I experienced with a

11  
00:00:45,270 --> 00:00:41,800

friend of mine in the early morning

12  
00:00:47,100 --> 00:00:45,280

hours of Sun March 17th 2013 the

13  
00:00:49,590 --> 00:00:47,110

incident is now over two years old I

14

00:00:51,420 --> 00:00:49,600

chose not to report this event prior to

15

00:00:53,820 --> 00:00:51,430

now due to an unwillingness to expose

16

00:00:55,830 --> 00:00:53,830

myself or my family and friends to

17

00:00:57,960 --> 00:00:55,840

public scrutiny in light of the recent

18

00:01:00,240 --> 00:00:57,970

spate of similar sightings in central

19

00:01:02,220 --> 00:01:00,250

Pennsylvania I have changed my mind

20

00:01:04,590 --> 00:01:02,230

perhaps our experience will help with

21

00:01:06,330 --> 00:01:04,600

the courage research as such I would

22

00:01:08,310 --> 00:01:06,340

like to make my intention clear that

23

00:01:10,830 --> 00:01:08,320

myself and any persons mentioned please

24

00:01:12,990 --> 00:01:10,840

retain anonymity at this time reporting

25

00:01:14,880 --> 00:01:13,000

a Bigfoot or even a UFO sighting is one

26  
00:01:17,190 --> 00:01:14,890  
thing but this is somewhat different on

27  
00:01:18,900 --> 00:01:17,200  
the evening in question a friend and I

28  
00:01:20,820 --> 00:01:18,910  
were turning from a job that I had

29  
00:01:23,609 --> 00:01:20,830  
performed in Williamsburg Pennsylvania

30  
00:01:25,260 --> 00:01:23,619  
my friend was driving to the best of my

31  
00:01:27,330 --> 00:01:25,270  
recollection the incident occurred

32  
00:01:29,700 --> 00:01:27,340  
somewhere between 1:30 a.m. and 2:00

33  
00:01:32,520 --> 00:01:29,710  
a.m. on the morning of March 17th we

34  
00:01:35,100 --> 00:01:32,530  
were traveling as W on route 22 through

35  
00:01:37,560 --> 00:01:35,110  
what is locally known as GC town a rural

36  
00:01:39,120 --> 00:01:37,570  
suburb of Hollidaysburg Pennsylvania as

37  
00:01:41,039 --> 00:01:39,130  
we rounded a little curve in the road

38  
00:01:43,260 --> 00:01:41,049

our attention was drawn to our left on

39

00:01:44,850 --> 00:01:43,270

the opposite side of the road standing

40

00:01:46,740 --> 00:01:44,860

and squatting in declaring a few feet

41

00:01:48,990 --> 00:01:46,750

off the side of the road was some kind

42

00:01:50,850 --> 00:01:49,000

of creature my friend wasn't driving

43

00:01:52,920 --> 00:01:50,860

very fast and slow to bid as we

44

00:01:55,200 --> 00:01:52,930

approached our initial view of it was

45

00:01:57,840 --> 00:01:55,210

from its dorsal side as it was facing

46

00:02:00,030 --> 00:01:57,850

away from us it came into profile as we

47

00:02:01,590 --> 00:02:00,040

passed with its right side to us it

48

00:02:03,570 --> 00:02:01,600

struck me immediately that the creature

49

00:02:05,940 --> 00:02:03,580

had a combination of both human and

50

00:02:07,859 --> 00:02:05,950

canine features it was squatting down on

51  
00:02:10,320 --> 00:02:07,869  
its legs close to the ground but was

52  
00:02:11,820 --> 00:02:10,330  
doing so in a bipedal fashion the legs

53  
00:02:13,830 --> 00:02:11,830  
had the stifle joint in hot

54  
00:02:16,319 --> 00:02:13,840  
characteristic of a canine not like a

55  
00:02:17,970 --> 00:02:16,329  
human leg it had its front limbs or arms

56  
00:02:20,190 --> 00:02:17,980  
in front of it and I believe it was

57  
00:02:22,319 --> 00:02:20,200  
possibly crouched over something maybe a

58  
00:02:24,720 --> 00:02:22,329  
smaller enemy the arms were long in

59  
00:02:26,340 --> 00:02:24,730  
proportion to its body I recall thinking

60  
00:02:28,890 --> 00:02:26,350  
the hands were more human-like as

61  
00:02:30,900 --> 00:02:28,900  
opposed to paws its torso seemed to be

62  
00:02:32,550 --> 00:02:30,910  
somewhat hunched forward I had the

63  
00:02:34,500 --> 00:02:32,560

impression that at any moment it could

64

00:02:36,750 --> 00:02:34,510

have gone to all fours quite comfortably

65

00:02:38,759 --> 00:02:36,760

the creature's chest was not broad like a

66

00:02:41,039 --> 00:02:38,769

human's but had a pronounced forward

67

00:02:42,960 --> 00:02:41,049

angled breastbone like a canid it gave

68

00:02:44,160 --> 00:02:42,970

an impression of great strength having

69

00:02:46,200 --> 00:02:44,170

distinct in Walled of

70

00:02:48,420 --> 00:02:46,210

musculature but was not built on a

71

00:02:51,000 --> 00:02:48,430

massive frame it seemed more thin in

72

00:02:52,380 --> 00:02:51,010

Cine if it had stood fully erect I would

73

00:02:54,750 --> 00:02:52,390

estimate that the creature would have

74

00:02:56,580 --> 00:02:54,760

been close to seven feet tall it was

75

00:02:58,920 --> 00:02:56,590

covered in fur that was greyish silver

76  
00:03:00,540 --> 00:02:58,930  
in color the creature seemed unnaturally

77  
00:03:02,130 --> 00:03:00,550  
shiny although this could have been a

78  
00:03:02,670 --> 00:03:02,140  
reflection from the headlights of the

79  
00:03:04,650 --> 00:03:02,680  
moon

80  
00:03:06,780 --> 00:03:04,660  
it had pointy iraq canine eavers that

81  
00:03:08,640 --> 00:03:06,790  
were somewhat laid back on its head the

82  
00:03:10,920 --> 00:03:08,650  
head was large and very wolf lack in

83  
00:03:12,810 --> 00:03:10,930  
overall appearance the muzzle was also

84  
00:03:15,360 --> 00:03:12,820  
very wolf lacquer canid although the

85  
00:03:17,610 --> 00:03:15,370  
snout wasn't exceptionally elongated it

86  
00:03:19,320 --> 00:03:17,620  
had canine like teeth to the best of my

87  
00:03:21,180 --> 00:03:19,330  
recollection the eyes were an amber

88  
00:03:23,340 --> 00:03:21,190

color but may have had a reddish glow

89

00:03:25,620 --> 00:03:23,350

reflection to them it had a wolf like

90

00:03:28,170 --> 00:03:25,630

tail it turned its head to watch us and

91

00:03:30,390 --> 00:03:28,180

tracked us as we passed it seemed quite

92

00:03:32,250 --> 00:03:30,400

aware of our presence my friend and I

93

00:03:34,620 --> 00:03:32,260

continued in stunned silence for a few

94

00:03:36,720 --> 00:03:34,630

moments when the creature was no longer

95

00:03:38,940 --> 00:03:36,730

in view I turned and asked my friend

96

00:03:41,220 --> 00:03:38,950

what we had just seen we just saw a

97

00:03:43,350 --> 00:03:41,230

freaking werewolf for his exact words

98

00:03:45,630 --> 00:03:43,360

I agree that that was pretty much my own

99

00:03:47,940 --> 00:03:45,640

assessment I asked if he would turn the

100

00:03:50,069 --> 00:03:47,950

car around but he absolutely refused to

101

00:03:51,569 --> 00:03:50,079

do so we spent the rest of the trip

102

00:03:53,759 --> 00:03:51,579

debating as to whether it could have

103

00:03:56,310 --> 00:03:53,769

been a dog or even some once escaped pet

104

00:03:58,890 --> 00:03:56,320

wolf but to be honest it just wasn't I'm

105

00:04:01,050 --> 00:03:58,900

sure that both my friend and I are

106

00:04:02,789 --> 00:04:01,060

experienced outdoorsmen and neither one

107

00:04:04,860 --> 00:04:02,799

of us have ever seen anything fitting

108

00:04:07,050 --> 00:04:04,870

that description before I was actually

109

00:04:09,270 --> 00:04:07,060

raised not far from the area and know it

110

00:04:11,160 --> 00:04:09,280

quite well I have spoken to my friend

111

00:04:12,300 --> 00:04:11,170

about this and neither one of us would

112

00:04:14,789 --> 00:04:12,310

be willing to take a polygraph

113

00:04:16,740 --> 00:04:14,799

concerning this incident please feel

114

00:04:20,470 --> 00:04:16,750

free to contact me about any questions

115

00:04:23,129 --> 00:04:20,480

you may have thank you name withheld

116

00:04:29,550 --> 00:04:28,050

I peddle Cana encrypted reported near

117

00:04:34,260 --> 00:04:29,560

Taylors Falls Minnesota

118

00:04:37,559 --> 00:04:34,270

was driving north on wild mountain road

119

00:04:39,719 --> 00:04:37,569

around 7:00 a.m. on Jan 2nd I was

120

00:04:41,369 --> 00:04:39,729

heading for the ski area when I saw some

121

00:04:43,589 --> 00:04:41,379

kind of animal running in the field

122

00:04:46,379 --> 00:04:43,599

towards the river I pulled off the road

123

00:04:48,719 --> 00:04:46,389

and grabbed my binoculars it looked like

124

00:04:50,610 --> 00:04:48,729

a large wolf but it was different by

125

00:04:52,619 --> 00:04:50,620

that time some guy in the truck pulled

126  
00:04:54,989 --> 00:04:52,629  
up and was wondering what I was looking

127  
00:04:57,360 --> 00:04:54,999  
at I told him that I think there is a

128  
00:04:58,769 --> 00:04:57,370  
large wolf in the field he got out of

129  
00:05:01,170 --> 00:04:58,779  
the truck and asked to use the

130  
00:05:02,790 --> 00:05:01,180  
binoculars he said he didn't think it

131  
00:05:05,339 --> 00:05:02,800  
was a wolf and that it looked like it

132  
00:05:07,350 --> 00:05:05,349  
was chasing something we stood for a few

133  
00:05:09,480 --> 00:05:07,360  
minutes watching it would run into the

134  
00:05:11,850 --> 00:05:09,490  
woods then pop back into the field for a

135  
00:05:13,890 --> 00:05:11,860  
bit the light was getting better so I

136  
00:05:16,019 --> 00:05:13,900  
grabbed my parka and started to walk

137  
00:05:18,179 --> 00:05:16,029  
closer to get a better look the other

138  
00:05:20,100 --> 00:05:18,189

guy said he had to leave but did say

139

00:05:22,529 --> 00:05:20,110

again that he didn't think it was a wolf

140

00:05:24,239 --> 00:05:22,539

I was about a half mile from the ski

141

00:05:27,089 --> 00:05:24,249

area near one of the trail roads I

142

00:05:28,980 --> 00:05:27,099

started to walk towards the river I was

143

00:05:31,079 --> 00:05:28,990

about 100 feet from where I saw the

144

00:05:32,850 --> 00:05:31,089

animal from the road when I heard an owl

145

00:05:35,070 --> 00:05:32,860

screech coming from the woods to my

146

00:05:37,499 --> 00:05:35,080

right on the edge of the woods this huge

147

00:05:39,209 --> 00:05:37,509

dog came running out of the trees the

148

00:05:41,249 --> 00:05:39,219

best way to describe it was that it

149

00:05:43,589 --> 00:05:41,259

looked like a big hyena but it ran on

150

00:05:45,689 --> 00:05:43,599

two back legs and bent over it had

151  
00:05:47,820 --> 00:05:45,699  
woolly black hair all over its body and

152  
00:05:50,309 --> 00:05:47,830  
a long thick tail it must have weighed

153  
00:05:52,230 --> 00:05:50,319  
200 pounds or more I've been in the

154  
00:05:54,809 --> 00:05:52,240  
woods all my life and have never seen

155  
00:05:56,730 --> 00:05:54,819  
anything like this it looked over at me

156  
00:05:59,219 --> 00:05:56,740  
but continued to run from right to left

157  
00:06:02,010 --> 00:05:59,229  
in front of me it also made a steady

158  
00:06:04,050 --> 00:06:02,020  
loud panting sound as at ran I turned on

159  
00:06:06,389 --> 00:06:04,060  
a pivot and ran out of there hoping this

160  
00:06:08,399 --> 00:06:06,399  
animal wasn't going to chase me when I

161  
00:06:10,469 --> 00:06:08,409  
got to the car an old man had pulled off

162  
00:06:12,540 --> 00:06:10,479  
and standing there watching me he

163  
00:06:14,249 --> 00:06:12,550

wondered what I was doing I yelled at

164

00:06:16,409 --> 00:06:14,259

him to get the hell out of there and

165

00:06:18,869 --> 00:06:16,419

said that a monster dog was out there I

166

00:06:20,820 --> 00:06:18,879

think he believed me because the look on

167

00:06:23,040 --> 00:06:20,830

his face showed fear like he knew

168

00:06:25,170 --> 00:06:23,050

something was really out there I didn't

169

00:06:27,540 --> 00:06:25,180

go to the ski area instead I went back

170

00:06:29,820 --> 00:06:27,550

home all shook up and asking myself what

171

00:06:31,829 --> 00:06:29,830

I saw I read the stories about the

172

00:06:33,690 --> 00:06:31,839

Michigan dog Minh and something you had

173

00:06:36,150 --> 00:06:33,700

about one being seen in Wisconsin

174

00:06:38,070 --> 00:06:36,160

what do you think this was it was no

175

00:06:40,710 --> 00:06:38,080

wolf or any other animal native to the

176

00:06:43,560 --> 00:06:40,720

area please don't use my name if you

177

00:06:45,870 --> 00:06:43,570

pass this along this is my work email I

178

00:06:48,180 --> 00:06:45,880

can send you another later the guy who

179

00:06:50,130 --> 00:06:48,190

sent me your email address told me that

180

00:06:52,470 --> 00:06:50,140

there was a sighting last year just west

181

00:06:54,810 --> 00:06:52,480

of Duluth he said it was a hunter that

182

00:06:57,570 --> 00:06:54,820

came across it while tracking a deer he

183

00:06:59,490 --> 00:06:57,580

had shot I don't know the details but if

184

00:07:03,590 --> 00:06:59,500

it looked like the animal I saw I'm sure

185

00:07:09,000 --> 00:07:03,600

he got the hell out of there thanks Jay

186

00:07:14,770 --> 00:07:11,770

massive upright we're wolf observed near

187

00:07:18,159 --> 00:07:14,780

Denmark Wisconsin I'd like to share an

188

00:07:20,560 --> 00:07:18,169

encounter I had in 2005 I was 12 years

189

00:07:22,930 --> 00:07:20,570

old at the time and it happened on my

190

00:07:25,330 --> 00:07:22,940

grandparents property out in the country

191

00:07:27,909 --> 00:07:25,340

near Denmark which is southeast of Green

192

00:07:30,850 --> 00:07:27,919

Bay Wisconsin the area has a lot of

193

00:07:32,980 --> 00:07:30,860

farmland with patches of woods my

194

00:07:35,140 --> 00:07:32,990

grandparents owned a few acres of land

195

00:07:37,390 --> 00:07:35,150

and on the far right corner of their

196

00:07:39,520 --> 00:07:37,400

yard there's a thick patch of woods and

197

00:07:41,770 --> 00:07:39,530

swamp that goes on for a bit before

198

00:07:44,080 --> 00:07:41,780

hitting another farm field I was

199

00:07:46,930 --> 00:07:44,090

standing on the back deck shooting cans

200

00:07:49,210 --> 00:07:46,940

with my BB gun it was a hot and muggy

201  
00:07:51,100 --> 00:07:49,220  
morning in July and all morning I just

202  
00:07:53,469 --> 00:07:51,110  
had a really eerie feeling that I

203  
00:07:55,570 --> 00:07:53,479  
couldn't shake it was like I was being

204  
00:07:57,879 --> 00:07:55,580  
watched but every time I'd look around

205  
00:08:00,400 --> 00:07:57,889  
the yard I never saw anything I just

206  
00:08:02,830 --> 00:08:00,410  
kept going back to shooting cans when I

207  
00:08:04,659 --> 00:08:02,840  
felt the feeling again I started

208  
00:08:07,180 --> 00:08:04,669  
scanning the tree line of the woods this

209  
00:08:09,159 --> 00:08:07,190  
time and that's when I saw it it was

210  
00:08:11,890 --> 00:08:09,169  
standing next to a tree and it was

211  
00:08:14,140 --> 00:08:11,900  
absolutely massive when I got older I

212  
00:08:16,570 --> 00:08:14,150  
went back to that tree and tried to get

213  
00:08:19,240 --> 00:08:16,580

an estimate on the height I'd say it was

214

00:08:21,279 --> 00:08:19,250

seven to seven and a half feet tall the

215

00:08:23,620 --> 00:08:21,289

only way I can compare the body as to

216

00:08:26,020 --> 00:08:23,630

that of arnold schwarzenegger x' it's

217

00:08:28,480 --> 00:08:26,030

unreal how big its shoulders arms and

218

00:08:30,760 --> 00:08:28,490

chest were it was covered in grey fur

219

00:08:33,010 --> 00:08:30,770

that was really shaggy and thick on its

220

00:08:35,829 --> 00:08:33,020

shoulders and down part of its body I

221

00:08:37,899 --> 00:08:35,839

know when people described Augmon you

222

00:08:40,959 --> 00:08:37,909

hear a lot of it looked like a timber

223

00:08:43,329 --> 00:08:40,969

wolf standing on two legs or it had the

224

00:08:45,430 --> 00:08:43,339

head of a German Shepherd this was not

225

00:08:47,860 --> 00:08:45,440

like that at all the head and face

226

00:08:50,140 --> 00:08:47,870

looked like a werewolf it had pointed

227

00:08:52,600 --> 00:08:50,150

ears on top of its head its eyes were

228

00:08:54,790 --> 00:08:52,610

yellow and almost seemed to glow even in

229

00:08:57,070 --> 00:08:54,800

the daylight it was snarling with its

230

00:08:59,590 --> 00:08:57,080

lips open and it almost seemed to be

231

00:09:02,350 --> 00:08:59,600

smiling the look and smile on this

232

00:09:04,960 --> 00:09:02,360

thing's face was pure evil sinister is

233

00:09:07,570 --> 00:09:04,970

the only way I can describe it I don't

234

00:09:09,190 --> 00:09:07,580

recall if it had a tail or not I feel

235

00:09:12,280 --> 00:09:09,200

like the legs looked like that of a

236

00:09:14,079 --> 00:09:12,290

human's and not bent like a dogs however

237

00:09:16,870 --> 00:09:14,089

I was mostly looking at the head and

238

00:09:19,569 --> 00:09:16,880

body after what had to be only about 10

239

00:09:21,440 --> 00:09:19,579

seconds it seemed longer without warning

240

00:09:23,870 --> 00:09:21,450

it broke eye contact with me

241

00:09:25,670 --> 00:09:23,880

and took off sprinting to its right it

242

00:09:27,920 --> 00:09:25,680

went through some really thick brush

243

00:09:30,890 --> 00:09:27,930

emerged farther down the treeline and

244

00:09:32,750 --> 00:09:30,900

took off into the woods the thing is no

245

00:09:35,090 --> 00:09:32,760

person could clear what had cleared in

246

00:09:37,550 --> 00:09:35,100

the time that it did it was seconds that

247

00:09:39,680 --> 00:09:37,560

a tram probably a good 50 to 60 yards

248

00:09:42,620 --> 00:09:39,690

and it was all thick brush through there

249

00:09:44,660 --> 00:09:42,630

being absolutely terrified I went back

250

00:09:47,150 --> 00:09:44,670

in the house and didn't go outside the

251  
00:09:49,250 --> 00:09:47,160  
rest of the day my aunt came up to me

252  
00:09:51,560 --> 00:09:49,260  
later and said I heard some strange

253  
00:09:53,810 --> 00:09:51,570  
things outside last night I've been

254  
00:09:56,120 --> 00:09:53,820  
meaning to tell you but I didn't want to

255  
00:09:58,340 --> 00:09:56,130  
freak you out I didn't tell her what I

256  
00:10:00,530 --> 00:09:58,350  
saw thinking she'd think I was crazy or

257  
00:10:03,140 --> 00:10:00,540  
making it up but I insisted she tell me

258  
00:10:04,970 --> 00:10:03,150  
she said she heard a loud growling and

259  
00:10:07,160 --> 00:10:04,980  
snarling walking around the house the

260  
00:10:09,650 --> 00:10:07,170  
previous night unlike anything she's

261  
00:10:11,720 --> 00:10:09,660  
ever heard before I still visit my

262  
00:10:14,090 --> 00:10:11,730  
grandparents quite often and haven't

263  
00:10:16,190 --> 00:10:14,100

seen anything since I haven't heard of

264

00:10:18,140 --> 00:10:16,200

any other reports from the area but I

265

00:10:28,300 --> 00:10:18,150

know there was a Bigfoot seen crossing

266

00:10:33,740 --> 00:10:31,160

upright liken petrifies ex-marine in

267

00:10:36,710 --> 00:10:33,750

Massachusetts State Forest I had a dog

268

00:10:38,630 --> 00:10:36,720

men encounter on November 15 2015 in

269

00:10:40,850 --> 00:10:38,640

October Mountain State Forest nearly

270

00:10:42,860 --> 00:10:40,860

Massachusetts I have been an avid

271

00:10:45,140 --> 00:10:42,870

outdoorsman bushcrafter hunter

272

00:10:46,820 --> 00:10:45,150

survivalist for over three decades I

273

00:10:49,490 --> 00:10:46,830

have hunted all over North America

274

00:10:51,590 --> 00:10:49,500

Alaska antique Asti Island have come

275

00:10:54,710 --> 00:10:51,600

across every predator cougar black bear

276

00:10:57,080 --> 00:10:54,720

brown bear wolves coyotes what I saw

277

00:10:59,960 --> 00:10:57,090

that Sunday morning was no bear it was

278

00:11:02,390 --> 00:10:59,970

no more than 75 feet from me I was on

279

00:11:05,000 --> 00:11:02,400

the tail end of the five day solo I had

280

00:11:07,130 --> 00:11:05,010

made camp on top of a ridge about 250

281

00:11:09,140 --> 00:11:07,140

feet from a river below me it was at

282

00:11:10,880 --> 00:11:09,150

dawn and I made my way down to the river

283

00:11:13,280 --> 00:11:10,890

to retrieve some water to make coffee

284

00:11:15,260 --> 00:11:13,290

the river flows hard and makes quite a

285

00:11:17,570 --> 00:11:15,270

bit of noise due to have crops of rocks

286

00:11:19,580 --> 00:11:17,580

and middle of it as I got closer to the

287

00:11:21,950 --> 00:11:19,590

water I noticed what appeared to be a

288

00:11:23,900 --> 00:11:21,960

bear bent over at the water's edge now

289

00:11:26,300 --> 00:11:23,910

the last thing you want to do is spook a

290

00:11:28,250 --> 00:11:26,310

bear I carry a whistle around my neck

291

00:11:30,350 --> 00:11:28,260

which I blow periodically as I'm hiking

292

00:11:32,540 --> 00:11:30,360

for that specific reason to alert bears

293

00:11:34,550 --> 00:11:32,550

that I'm coming through so I blew the

294

00:11:36,950 --> 00:11:34,560

whistle as soon as I blew the whistle

295

00:11:38,900 --> 00:11:36,960

the creatures had spun around again I

296

00:11:40,430 --> 00:11:38,910

still thought it was a bear but as its

297

00:11:41,210 --> 00:11:40,440

head turned its shoulders started

298

00:11:43,250 --> 00:11:41,220

turning with it

299

00:11:45,680 --> 00:11:43,260

it was then I instantly knew it was not

300

00:11:48,140 --> 00:11:45,690

a bear it had a canine head it

301  
00:11:49,970 --> 00:11:48,150  
methodically got up in no rush it got up

302  
00:11:52,820 --> 00:11:49,980  
on its hind legs then turned completely

303  
00:11:56,600 --> 00:11:52,830  
around I was in first battle fallujah

304  
00:11:58,940 --> 00:11:56,610  
May 2004 2nd battalion 1st Marines and I

305  
00:12:01,190 --> 00:11:58,950  
was afraid scared every time I went live

306  
00:12:03,500 --> 00:12:01,200  
but adrenaline took over and I could

307  
00:12:04,970 --> 00:12:03,510  
deal with my fear but the fear I felt

308  
00:12:07,670 --> 00:12:04,980  
that day was nothing I had ever

309  
00:12:10,280 --> 00:12:07,680  
experienced I was frozen in fear and

310  
00:12:12,290 --> 00:12:10,290  
could not move I had a 45 caliber

311  
00:12:14,120 --> 00:12:12,300  
sidearm on me and have drawn that gun

312  
00:12:16,460 --> 00:12:14,130  
thousands and thousands of time at the

313  
00:12:19,310 --> 00:12:16,470

range I could not get myself to reach

314

00:12:21,470 --> 00:12:19,320

for it I was petrified it seemed like a

315

00:12:23,690 --> 00:12:21,480

lifetime it was standing there looking

316

00:12:25,520 --> 00:12:23,700

at me but it was maybe less than a

317

00:12:28,100 --> 00:12:25,530

minute it broke right got down on all

318

00:12:30,230 --> 00:12:28,110

fours went into the bush I stood there

319

00:12:32,550 --> 00:12:30,240

for maybe an hour motionless until I got

320

00:12:38,210 --> 00:12:32,560

the courage to move BB

321

00:12:43,490 --> 00:12:40,850

possible dog Minh encounters in Milford

322

00:12:46,010 --> 00:12:43,500

Michigan I wasn't really sure if what I

323

00:12:47,750 --> 00:12:46,020

saw was real but after talking with some

324

00:12:50,990 --> 00:12:47,760

friends and reading your blog I've

325

00:12:53,000 --> 00:12:51,000

decided to tell my story now keep in

326

00:12:55,070 --> 00:12:53,010

mind I live in the small town of Milford

327

00:12:57,920 --> 00:12:55,080

Michigan and I've heard some bizarre

328

00:12:59,960 --> 00:12:57,930

stories but I wasn't too sure about what

329

00:13:02,480 --> 00:12:59,970

they were describing a tall creature

330

00:13:05,090 --> 00:13:02,490

that creeps on four legs until startled

331

00:13:08,120 --> 00:13:05,100

or entering chase then proceeds to stand

332

00:13:10,910 --> 00:13:08,130

on to a tall dark figure that looks like

333

00:13:14,570 --> 00:13:10,920

a dog I thought these people must be

334

00:13:16,910 --> 00:13:14,580

crazy deer can do some weird stuff my

335

00:13:19,580 --> 00:13:16,920

friend recently described a story of an

336

00:13:22,520 --> 00:13:19,590

encounter about a year earlier my friend

337

00:13:25,100 --> 00:13:22,530

let's say Sam went outside to have a

338

00:13:27,260 --> 00:13:25,110

smoke around 12:00 midnight 1:00 a.m. in

339

00:13:29,840 --> 00:13:27,270

the morning his yard has a hill that

340

00:13:32,270 --> 00:13:29,850

slopes down from his circle driveway all

341

00:13:34,400 --> 00:13:32,280

the way to a flat area near his basement

342

00:13:36,830 --> 00:13:34,410

door if you walk out of the basement

343

00:13:38,990 --> 00:13:36,840

directly in front of you is a pond and

344

00:13:42,110 --> 00:13:39,000

to the left is a shed that used to use

345

00:13:44,180 --> 00:13:42,120

at first he noticed nothing but as he

346

00:13:47,000 --> 00:13:44,190

looked closer he noticed a dark figure

347

00:13:48,680 --> 00:13:47,010

on all fours he took out his cellphone

348

00:13:51,260 --> 00:13:48,690

and shined his flashlight on the

349

00:13:53,930 --> 00:13:51,270

creature to his surprise the thing stood

350

00:13:56,690 --> 00:13:53,940

up on two legs screeched at him then ran

351  
00:13:58,760 --> 00:13:56,700  
off into the woods he told us about this

352  
00:14:01,310 --> 00:13:58,770  
encounter the next morning and took us

353  
00:14:03,620 --> 00:14:01,320  
to the spot he saw it sure enough there

354  
00:14:05,960 --> 00:14:03,630  
were dog prints that wasn't really

355  
00:14:08,210 --> 00:14:05,970  
unusual though because he lives next to

356  
00:14:10,040 --> 00:14:08,220  
a subdivision and we've already helped

357  
00:14:12,380 --> 00:14:10,050  
his neighbors find their dogs about

358  
00:14:14,870 --> 00:14:12,390  
three times since they've moved in so we

359  
00:14:16,610 --> 00:14:14,880  
shrugged it off he then brought me into

360  
00:14:18,470 --> 00:14:16,620  
the woods where the creature ran into

361  
00:14:21,410 --> 00:14:18,480  
and there was clearly a path that

362  
00:14:23,900 --> 00:14:21,420  
something took to get through as much as

363  
00:14:27,050 --> 00:14:23,910

Sam tried to convince me I still thought

364

00:14:30,680 --> 00:14:27,060

it was a deer that's until recently then

365

00:14:32,960 --> 00:14:30,690

on December 24th 2014 I went for a drive

366

00:14:35,110 --> 00:14:32,970

to go to Walmart to pick up some beer

367

00:14:38,030 --> 00:14:35,120

just to relax and hang out with friends

368

00:14:40,010 --> 00:14:38,040

everything was perfectly fine the moon

369

00:14:42,740 --> 00:14:40,020

was out so you could see just a little

370

00:14:44,510 --> 00:14:42,750

bit and there was no snow or rain just a

371

00:14:46,190 --> 00:14:44,520

little dampness on the road from a

372

00:14:47,210 --> 00:14:46,200

previous rainfall about an hour

373

00:14:49,340 --> 00:14:47,220

beforehand

374

00:14:51,590 --> 00:14:49,350

I was on my way back to my house and

375

00:14:53,600 --> 00:14:51,600

driving up a curvy hild road up

376

00:14:55,910 --> 00:14:53,610

to the top of the hill the only one in

377

00:14:58,850 --> 00:14:55,920

my subdivision and I noticed something

378

00:15:00,740 --> 00:14:58,860

in my neighbor's yard now I see deer in

379

00:15:03,170 --> 00:15:00,750

the subdivision all the time and I've

380

00:15:05,870 --> 00:15:03,180

actually hit one on one occasion so I

381

00:15:08,300 --> 00:15:05,880

decided to slow down this thing was

382

00:15:10,999 --> 00:15:08,310

definitely the same size as a deer so I

383

00:15:13,639 --> 00:15:11,009

didn't have any second thoughts that is

384

00:15:16,670 --> 00:15:13,649

until I got close and it ran in front of

385

00:15:18,650 --> 00:15:16,680

my car now normally when deer run in

386

00:15:20,960 --> 00:15:18,660

front of your car they either freeze or

387

00:15:23,420 --> 00:15:20,970

run right by and there are normally two

388

00:15:26,090 --> 00:15:23,430

or three of them this was a single case

389

00:15:28,490 --> 00:15:26,100

and when it ran across the road albeit

390

00:15:31,009 --> 00:15:28,500

on four legs it didn't run the same as a

391

00:15:33,470 --> 00:15:31,019

deer when it ran it didn't lift its head

392

00:15:35,870 --> 00:15:33,480

it had it low to the ground and looked

393

00:15:37,610 --> 00:15:35,880

like it was sniffing something it then

394

00:15:40,129 --> 00:15:37,620

lifted its head and looked more like

395

00:15:43,280 --> 00:15:40,139

glared at me and bolted off to my right

396

00:15:45,800 --> 00:15:43,290

but not before shortly after stopping

397

00:15:47,870 --> 00:15:45,810

right out of my view I could still see

398

00:15:50,509 --> 00:15:47,880

the figure standing there but I couldn't

399

00:15:52,759 --> 00:15:50,519

make out what it was all I could see was

400

00:15:55,400 --> 00:15:52,769

it standing on its hind legs and what

401  
00:15:57,530 --> 00:15:55,410  
looked like staring at me I kept trying

402  
00:15:59,480 --> 00:15:57,540  
to get my eyes to adjust from the bright

403  
00:16:01,370 --> 00:15:59,490  
of my headlights to the dark of the side

404  
00:16:04,340 --> 00:16:01,380  
of the road but it just wouldn't happen

405  
00:16:06,350 --> 00:16:04,350  
when I tried to turn my car around so I

406  
00:16:08,269 --> 00:16:06,360  
could shine my headlights at it it

407  
00:16:11,449 --> 00:16:08,279  
bolted down the hill and into the woods

408  
00:16:13,340 --> 00:16:11,459  
all while staying on two legs I still

409  
00:16:15,800 --> 00:16:13,350  
remember the face that I saw when the

410  
00:16:18,590 --> 00:16:15,810  
thing glared at me it looked like a wolf

411  
00:16:20,960 --> 00:16:18,600  
but was the size of a buck that was the

412  
00:16:22,670 --> 00:16:20,970  
scariest moment of my life and I have

413  
00:16:25,220 --> 00:16:22,680

never seen anything like that before

414

00:16:27,410 --> 00:16:25,230

I've googled some information about it

415

00:16:29,870 --> 00:16:27,420

and I found something about the Michigan

416

00:16:32,480 --> 00:16:29,880

Dogman but I don't want to be classified

417

00:16:34,819 --> 00:16:32,490

as one of the crazies I can still see it

418

00:16:35,470 --> 00:16:34,829

standing on its hind legs looking at me

419

00:16:37,410 --> 00:16:35,480

in the dark

420

00:16:40,590 --> 00:16:37,420

Jiji

421

00:16:46,150 --> 00:16:43,840

this is lawn Strickler if you like this

422

00:16:48,999 --> 00:16:46,160

program it would help us if you would
