scary ufo encounter in alabama just came

00:00:37,430 --> 00:00:36,800

on duty profession in place of business

10  
00:00:40,709 --> 00:00:37,440

removed

11  
00:00:41,830 --> 00:00:40,719

still dark work gate by myself plant is

12  
00:00:43,910 --> 00:00:41,840

out in the country

13  
00:00:45,590 --> 00:00:43,920

eating some mcdonald's standing outside

14

00:00:47,670 --> 00:00:45,600

guard shack and noticed off in the

15

00:00:49,430 --> 00:00:47,680

distance over a stretch of pasture what

16

00:00:51,110 --> 00:00:49,440

looked at first to be a helicopter

17

00:00:53,430 --> 00:00:51,120

slowly traversing field

18

00:00:55,110 --> 00:00:53,440

about a mile away or less watched it for

19

00:00:55,990 --> 00:00:55,120

a minute or two as it came closer to

20

00:00:57,830 --> 00:00:56,000

plants

21

00:01:00,310 --> 00:00:57,840

realized that i did not hear any rotor

22

00:01:01,110 --> 00:01:00,320

noise look closer as it came toward new

23

00:01:03,029 --> 00:01:01,120

construction

24

00:01:04,950 --> 00:01:03,039

new smalter building it disappeared

25

00:01:05,990 --> 00:01:04,960

behind building for a minute then came

26

00:01:07,910 --> 00:01:06,000

right over the top

27

00:01:09,270 --> 00:01:07,920

and it was then i realized that i had no

28

00:01:11,270 --> 00:01:09,280

idea what it was

29

00:01:13,510 --> 00:01:11,280

took out my cell phone and tried to get

30

00:01:14,149 --> 00:01:13,520

camera on my hands were shaking pretty

31

00:01:16,149 --> 00:01:14,159

bad

32

00:01:18,230 --> 00:01:16,159

got it on lit up and it was almost

33

00:01:19,190 --> 00:01:18,240

directly over me and i would guess about

34

00:01:21,270 --> 00:01:19,200

50 feet

35

00:01:23,429 --> 00:01:21,280

i took a couple of shots as it began to

36

00:01:24,950 --> 00:01:23,439

ascend it got up pretty high i'm not

37

00:01:27,350 --> 00:01:24,960

sure maybe a thousand feet

38

00:01:29,270 --> 00:01:27,360

and then it just vanished after the fact

39

00:01:31,670 --> 00:01:29,280

i remembered that it did not make noise

40

00:01:34,149 --> 00:01:31,680

but it did vibrate my chest and head

41

00:01:35,830 --> 00:01:34,159

very strange feeling and hard to explain

42

00:01:37,830 --> 00:01:35,840

it had three distinct lights on the

43

00:01:38,630 --> 00:01:37,840

underside that changed in intensity as

44

00:01:41,510 --> 00:01:38,640

it took off

45

00:01:43,670 --> 00:01:41,520

very blue and slightly violent no heat

46

00:01:45,190 --> 00:01:43,680

the top side was very dark and i could

47

00:01:47,109 --> 00:01:45,200

not see any detail

48

00:01:49,270 --> 00:01:47,119

not a saucer shape but a circle cut in

49

00:01:51,670 --> 00:01:49,280

half flat side down

50

00:01:53,670 --> 00:01:51,680

no lights on top my air force buddy

51  
00:01:54,550 --> 00:01:53,680  
tried to tell me it's one of ours but he

52  
00:01:56,550 --> 00:01:54,560  
is wrong

53  
00:02:03,830 --> 00:01:56,560  
i am familiar with most aircraft and

54  
00:02:08,630 --> 00:02:06,950  
unknown encounter ufo entity or what my

55  
00:02:10,389 --> 00:02:08,640  
husband 80 year old daughter

56  
00:02:12,790 --> 00:02:10,399  
and i were in leche michigan at my

57  
00:02:15,589 --> 00:02:12,800  
husband's uncle's house on june 22

58  
00:02:17,589 --> 00:02:15,599  
2012. this is a small town about a half

59  
00:02:18,390 --> 00:02:17,599  
hours away from alpena in northern lower

60  
00:02:20,070 --> 00:02:18,400  
michigan

61  
00:02:21,670 --> 00:02:20,080  
we were there to patch up some holes on

62  
00:02:22,790 --> 00:02:21,680  
the eaves where bats were going in and

63  
00:02:24,470 --> 00:02:22,800

had a nest

64

00:02:26,390 --> 00:02:24,480

it was dusk and we were waiting for the

65

00:02:27,350 --> 00:02:26,400

all baths to fly out before we patched

66

00:02:29,430 --> 00:02:27,360

the holes

67

00:02:31,670 --> 00:02:29,440

my husband seen an object and he pointed

68

00:02:32,390 --> 00:02:31,680

to it it was moving very slow coming

69

00:02:34,470 --> 00:02:32,400

towards us

70

00:02:36,229 --> 00:02:34,480

and it was black it was about three

71

00:02:36,869 --> 00:02:36,239

telephone poles higher than the tree

72

00:02:38,630 --> 00:02:36,879

line

73

00:02:40,070 --> 00:02:38,640

the place we were at was very wooded and

74

00:02:42,390 --> 00:02:40,080

surrounded by nothing much

75

00:02:43,110 --> 00:02:42,400

but farms and fields it was a very quiet

76

00:02:44,949 --> 00:02:43,120

night

77

00:02:46,390 --> 00:02:44,959

this object made no noise and moved

78

00:02:48,150 --> 00:02:46,400

slower than a bird

79

00:02:50,309 --> 00:02:48,160

i thought it must be a huge bird he's

80

00:02:52,229 --> 00:02:50,319

showing me but as it got closer i seen

81

00:02:53,589 --> 00:02:52,239

it had no movement just slowly floating

82

00:02:55,589 --> 00:02:53,599

across the sky

83

00:02:57,350 --> 00:02:55,599

it was bigger than a human almost as if

84

00:02:57,990 --> 00:02:57,360

a person could fit inside of this small

85

00:03:00,550 --> 00:02:58,000

thing

86

00:03:02,309 --> 00:03:00,560

or a large creature kinda hunched over i

87

00:03:04,149 --> 00:03:02,319

don't know how else to describe

88

00:03:05,750 --> 00:03:04,159

i instantly got the feeling something

89

00:03:07,270 --> 00:03:05,760

wasn't right about this thing caused

90

00:03:09,030 --> 00:03:07,280

nothing moves like this

91

00:03:10,470 --> 00:03:09,040

we got a good minute or so to look at it

92

00:03:11,910 --> 00:03:10,480

as it moved in front of us

93

00:03:13,830 --> 00:03:11,920

and we couldn't figure out what this

94

00:03:14,949 --> 00:03:13,840

thing was we couldn't make out any

95

00:03:17,190 --> 00:03:14,959

detail on it

96

00:03:18,149 --> 00:03:17,200

nothing on it was moving it wasn't a

97

00:03:20,630 --> 00:03:18,159

bird plane

98

00:03:22,229 --> 00:03:20,640

balance or anything we have ever seen it

99

00:03:24,309 --> 00:03:22,239

gave me the creeps just seeing this

100

00:03:26,630 --> 00:03:24,319

strange thing move so unnatural

101  
00:03:28,390 --> 00:03:26,640  
my daughter kept asking me what is it i

102  
00:03:30,229 --> 00:03:28,400  
had no idea what to say

103  
00:03:32,070 --> 00:03:30,239  
it continued to go past us and never

104  
00:03:32,789 --> 00:03:32,080  
went higher or lower just perfectly

105  
00:03:34,309 --> 00:03:32,799  
straight across

106  
00:03:35,830 --> 00:03:34,319  
till it disappeared behind the tall

107  
00:03:37,350 --> 00:03:35,840  
trees out of our sight

108  
00:03:44,390 --> 00:03:37,360  
went back there the next night but

109  
00:03:49,190 --> 00:03:47,350  
bufo possible abduction in illinois on

110  
00:03:50,390 --> 00:03:49,200  
this night i had some buddies of mine

111  
00:03:52,309 --> 00:03:50,400  
over for a visit

112  
00:03:54,070 --> 00:03:52,319  
i live in the outskirts of town in the

113  
00:03:55,990 --> 00:03:54,080

open country farm area

114

00:03:57,910 --> 00:03:56,000

there were four of us there it was a

115

00:04:00,309 --> 00:03:57,920

very nice warm summer night

116

00:04:02,390 --> 00:04:00,319

i had my guitar outside and plugged into

117

00:04:03,190 --> 00:04:02,400

an amp and was playing some tunes for my

118

00:04:05,030 --> 00:04:03,200

friends

119

00:04:06,630 --> 00:04:05,040

we were having some beers and just

120

00:04:07,509 --> 00:04:06,640

enjoying the night since it was the

121

00:04:09,670 --> 00:04:07,519

weekend

122

00:04:10,869 --> 00:04:09,680

the sky was very clear and the stars

123

00:04:12,869 --> 00:04:10,879

were all around

124

00:04:15,030 --> 00:04:12,879

my friends had been there going on about

125

00:04:16,550 --> 00:04:15,040

six hours and it was getting to be about

126

00:04:18,390 --> 00:04:16,560

two am in the morning

127

00:04:20,469 --> 00:04:18,400

my mother and stepfather were out of

128

00:04:22,629 --> 00:04:20,479

town and i was staying home alone

129

00:04:24,790 --> 00:04:22,639

we had dairy cows at that time and grew

130

00:04:26,469 --> 00:04:24,800

corn the sky was still clear

131

00:04:28,469 --> 00:04:26,479

and all of a sudden the wind started

132

00:04:30,550 --> 00:04:28,479

blowing as if a storm was approaching

133

00:04:33,110 --> 00:04:30,560

but there wasn't any clouds as we could

134

00:04:34,550 --> 00:04:33,120

see the cows in the barn started acting

135

00:04:36,710 --> 00:04:34,560

funny and making noise

136

00:04:38,469 --> 00:04:36,720

like something was bothering them one of

137

00:04:38,870 --> 00:04:38,479

my friends then said he was ready to

138

00:04:40,550 --> 00:04:38,880

leave

139

00:04:42,310 --> 00:04:40,560

because he didn't want to get hit with

140

00:04:43,670 --> 00:04:42,320

that storm he thought was calming and

141

00:04:45,830 --> 00:04:43,680

needed to get home

142

00:04:47,909 --> 00:04:45,840

so he looked up at the sky and said

143

00:04:49,350 --> 00:04:47,919

that's so strange because he didn't see

144

00:04:51,350 --> 00:04:49,360

any clouds or anything

145

00:04:52,710 --> 00:04:51,360

but the way the wind was acting it

146

00:04:54,870 --> 00:04:52,720

should have looked stormy

147

00:04:57,430 --> 00:04:54,880

but he got in his car then pulled out of

148

00:04:59,430 --> 00:04:57,440

my long driveway we haven't drove off

149

00:05:01,110 --> 00:04:59,440

well right after he left my other two

150

00:05:01,909 --> 00:05:01,120

friends decided they were gonna leave

151  
00:05:03,670 --> 00:05:01,919  
also

152  
00:05:05,749 --> 00:05:03,680  
as they were pulling out of the drive i

153  
00:05:07,430 --> 00:05:05,759  
noticed something big and dark above one

154  
00:05:09,909 --> 00:05:07,440  
of the three corn bins we have

155  
00:05:11,990 --> 00:05:09,919  
and was just hovering above it i quickly

156  
00:05:13,430 --> 00:05:12,000  
started flashing the house lights on and

157  
00:05:15,189 --> 00:05:13,440  
off to get them to come back

158  
00:05:17,110 --> 00:05:15,199  
and to look at what i was seeing but

159  
00:05:19,670 --> 00:05:17,120  
they never even noticed the thing and

160  
00:05:21,670 --> 00:05:19,680  
just drove off honking the horn goodbye

161  
00:05:23,590 --> 00:05:21,680  
i then turned my attention back to the

162  
00:05:25,430 --> 00:05:23,600  
object and started to walk towards the

163  
00:05:27,510 --> 00:05:25,440

corn bin where it was hovering

164

00:05:28,790 --> 00:05:27,520

i noticed it was very large and was

165

00:05:30,870 --> 00:05:28,800

triangle shaped

166

00:05:33,029 --> 00:05:30,880

it looked bigger than the corn bin it

167

00:05:33,590 --> 00:05:33,039

had some lights kind of pulsating around

168

00:05:35,909 --> 00:05:33,600

it

169

00:05:37,590 --> 00:05:35,919

i thought what the heck i had a beer in

170

00:05:39,749 --> 00:05:37,600

my hand as i walked up to it

171

00:05:41,990 --> 00:05:39,759

no i wasn't drunk i was seeing this

172

00:05:43,990 --> 00:05:42,000

thing the beer was in my right hand

173

00:05:44,870 --> 00:05:44,000

because i'm right-handed and always used

174

00:05:47,670 --> 00:05:44,880

that hand

175

00:05:49,590 --> 00:05:47,680

just as i was staring at this thing bam

176

00:05:52,390 --> 00:05:49,600

this light hits me like a spotlight

177

00:05:53,590 --> 00:05:52,400

very bright i can't see anything now

178

00:05:55,510 --> 00:05:53,600

just that light

179

00:05:57,110 --> 00:05:55,520

after i was hit with that light all i

180

00:05:59,189 --> 00:05:57,120

remember was the light going back

181

00:06:01,270 --> 00:05:59,199

up into the ufo and it just took off

182

00:06:03,670 --> 00:06:01,280

like very fast and was gone

183

00:06:05,350 --> 00:06:03,680

now this is the strange part this all

184

00:06:07,990 --> 00:06:05,360

happened at around 2 am

185

00:06:09,990 --> 00:06:08,000

and was dark outside of course but now

186

00:06:12,070 --> 00:06:10,000

as i'm standing there the sun is coming

187

00:06:14,150 --> 00:06:12,080

up and it's just becoming dawn

188

00:06:16,070 --> 00:06:14,160

and the beer i was holding was now in my

189

00:06:16,950 --> 00:06:16,080

left hand and i swear that i never

190

00:06:19,110 --> 00:06:16,960

switch it

191

00:06:21,110 --> 00:06:19,120

seems four hours had passed and i don't

192

00:06:23,270 --> 00:06:21,120

remember what happened in between

193

00:06:24,870 --> 00:06:23,280

i feel i was taken to border something

194

00:06:26,950 --> 00:06:24,880

and then put back down

195

00:06:29,029 --> 00:06:26,960

i have had bad dreams since then and

196

00:06:30,790 --> 00:06:29,039

always about being on some strange table

197

00:06:32,950 --> 00:06:30,800

being looked at by aliens

198

00:06:33,990 --> 00:06:32,960

i just wanted to share this story since

199

00:06:35,510 --> 00:06:34,000

i feel maybe this

200

00:06:37,270 --> 00:06:35,520

may have happened to someone else

201  
00:06:38,309 --> 00:06:37,280  
perhaps and to let them know they are

202  
00:06:39,909 --> 00:06:38,319  
not alone

203  
00:06:47,510 --> 00:06:39,919  
thank you very much for reading my

204  
00:06:52,790 --> 00:06:50,550  
close encounter alberta canada my

205  
00:06:53,990 --> 00:06:52,800  
husband and i were stargazing at a park

206  
00:06:56,309 --> 00:06:54,000  
near our house

207  
00:06:59,029 --> 00:06:56,319  
we sat on a hillside overlooking the

208  
00:07:01,589 --> 00:06:59,039  
park and at the edge of someone's yard

209  
00:07:03,510 --> 00:07:01,599  
the sky was bright and full of stars but

210  
00:07:04,550 --> 00:07:03,520  
there were some low clouds covering the

211  
00:07:07,110 --> 00:07:04,560  
western sky

212  
00:07:09,029 --> 00:07:07,120  
which were getting closer to us i was

213  
00:07:10,870 --> 00:07:09,039

looking almost straight up

214

00:07:13,029 --> 00:07:10,880

the edge of the clouds were right above

215

00:07:15,189 --> 00:07:13,039

us suddenly below the clouds a

216

00:07:17,909 --> 00:07:15,199

boomerang-shaped craft appeared

217

00:07:19,350 --> 00:07:17,919

it was getting closer to us coming at us

218

00:07:21,189 --> 00:07:19,360

and getting bigger

219

00:07:23,589 --> 00:07:21,199

it seemed like it dropped out of the

220

00:07:24,629 --> 00:07:23,599

cloud it descended towards us for a

221

00:07:27,029 --> 00:07:24,639

couple seconds

222

00:07:29,430 --> 00:07:27,039

then it stopped it started moving

223

00:07:31,749 --> 00:07:29,440

southeast in a slightly curved line

224

00:07:33,270 --> 00:07:31,759

and then it suddenly stopped made a 90

225

00:07:35,270 --> 00:07:33,280

degree rotation

226

00:07:38,230 --> 00:07:35,280

the whole craft turned like a steering

227

00:07:40,070 --> 00:07:38,240

wheel staying flat and then turned back

228

00:07:42,070 --> 00:07:40,080

the turns seemed to give it propulsion

229

00:07:42,870 --> 00:07:42,080

to take off at an incredible rate of

230

00:07:45,510 --> 00:07:42,880

speed

231

00:07:47,589 --> 00:07:45,520

there is only one tall building in town

232

00:07:50,629 --> 00:07:47,599

it disappeared behind the building

233

00:07:51,830 --> 00:07:50,639

but got nautical smaller further away as

234

00:07:54,390 --> 00:07:51,840

it did so

235

00:07:55,749 --> 00:07:54,400

as i was watching i tried to get my

236

00:07:58,070 --> 00:07:55,759

husband's attention

237

00:07:59,350 --> 00:07:58,080

but i was in awe and by the end he was

238

00:08:01,830 --> 00:07:59,360

saying what

239

00:08:03,749 --> 00:08:01,840

but it was already over the whole thing

240

00:08:05,670 --> 00:08:03,759

lasted maybe 10 seconds

241

00:08:08,309 --> 00:08:05,680

but that was long enough to get a good

242

00:08:08,950 --> 00:08:08,319

look i thought it was a smaller craft at

243

00:08:10,869 --> 00:08:08,960

first

244

00:08:13,510 --> 00:08:10,879

but i calculated the distance of the

245

00:08:14,629 --> 00:08:13,520

cloud cover and realized if it was truly

246

00:08:17,350 --> 00:08:14,639

that far away

247

00:08:17,830 --> 00:08:17,360

about 1 000 feet then it must have been

248

00:08:20,469 --> 00:08:17,840

huge

249

00:08:22,469 --> 00:08:20,479

for me to see the details i saw it

250

00:08:24,390 --> 00:08:22,479

blended into the night sky

251  
00:08:26,550 --> 00:08:24,400  
the texture reminded me of what you

252  
00:08:29,189 --> 00:08:26,560  
would see on a movie spaceship

253  
00:08:29,670 --> 00:08:29,199  
metal came to mind i think the inner

254  
00:08:33,350 --> 00:08:29,680  
side

255  
00:08:35,190 --> 00:08:33,360  
it was six years ago

256  
00:08:38,070 --> 00:08:35,200  
and what looked like a trap door in the

257  
00:08:40,149 --> 00:08:38,080  
middle the lights were not turned on

258  
00:08:41,909 --> 00:08:40,159  
like i said the whole thing seemed to

259  
00:08:44,389 --> 00:08:41,919  
blend in with the sky

260  
00:08:46,630 --> 00:08:44,399  
i tried to discount it as a plane but

261  
00:08:47,910 --> 00:08:46,640  
planes don't move that fast or turn the

262  
00:08:50,710 --> 00:08:47,920  
way it turned

263  
00:08:51,750 --> 00:08:50,720

afterwards i said to my husband did you

264

00:08:55,030 --> 00:08:51,760

see that

265

00:08:57,910 --> 00:08:55,040

he said see what so at first i thought

266

00:08:59,430 --> 00:08:57,920

maybe i was hallucinating i explained to

267

00:09:01,509 --> 00:08:59,440

him as we walked home

268

00:09:03,509 --> 00:09:01,519

i was now losing the awe in calm and

269

00:09:06,389 --> 00:09:03,519

excitement of the initial sighting

270

00:09:08,870 --> 00:09:06,399

and i began to get scared it came down

271

00:09:11,190 --> 00:09:08,880

right on top of us so i entertained

272

00:09:13,829 --> 00:09:11,200

thoughts that it wanted to abduct me

273

00:09:16,070 --> 00:09:13,839

i was so terrified after that i slept

274

00:09:18,389 --> 00:09:16,080

with the lights on for four days

275

00:09:19,590 --> 00:09:18,399

only about 10 people knew about this

276  
00:09:21,670 --> 00:09:19,600  
until now

277  
00:09:23,269 --> 00:09:21,680  
i decided to tell before the memories

278  
00:09:30,550 --> 00:09:23,279  
get too hazy

279  
00:09:35,190 --> 00:09:33,590  
military crafter ufo i have always been

280  
00:09:36,949 --> 00:09:35,200  
interested in aircraft

281  
00:09:38,470 --> 00:09:36,959  
when i was in school and went to the

282  
00:09:41,190 --> 00:09:38,480  
library i always read

283  
00:09:43,190 --> 00:09:41,200  
jane's military and other aircraft books

284  
00:09:43,910 --> 00:09:43,200  
even at the time of my sighting i could

285  
00:09:47,110 --> 00:09:43,920  
identify

286  
00:09:48,310 --> 00:09:47,120  
95 plus percent of any aircraft military

287  
00:09:50,710 --> 00:09:48,320  
or civilian

288  
00:09:52,710 --> 00:09:50,720

during summer school vacation my parents

289

00:09:54,949 --> 00:09:52,720

would send my younger brother and i to

290

00:09:56,230 --> 00:09:54,959

stay a week or two with my grandparents

291

00:09:59,350 --> 00:09:56,240

in wells maine

292

00:10:00,389 --> 00:09:59,360

i was approximately 14 or 15 years old

293

00:10:03,030 --> 00:10:00,399

at the time

294

00:10:06,230 --> 00:10:03,040

their house at 90 degrees to the road it

295

00:10:08,550 --> 00:10:06,240

was on a small dirt parking lot about 40

296

00:10:11,030 --> 00:10:08,560

foot wide and 100 foot long

297

00:10:13,430 --> 00:10:11,040

separated their house from the neighbors

298

00:10:15,430 --> 00:10:13,440

my grandparents house was a two family

299

00:10:16,470 --> 00:10:15,440

with a garage attached to the rear of

300

00:10:19,110 --> 00:10:16,480

the house

301  
00:10:21,190 --> 00:10:19,120  
above the garage was a patio accessible

302  
00:10:22,550 --> 00:10:21,200  
by the second floor apartment where my

303  
00:10:25,829 --> 00:10:22,560  
grandparents lived

304  
00:10:26,949 --> 00:10:25,839  
behind their house was a small field 150

305  
00:10:28,949 --> 00:10:26,959  
feet square

306  
00:10:32,389 --> 00:10:28,959  
beyond the field was a row of small

307  
00:10:34,550 --> 00:10:32,399  
trees less than 25 feet tall beyond the

308  
00:10:36,550 --> 00:10:34,560  
trees was a water treatment facility

309  
00:10:38,949 --> 00:10:36,560  
under construction at the time

310  
00:10:40,630 --> 00:10:38,959  
beyond that was a large salt water marsh

311  
00:10:43,509 --> 00:10:40,640  
several hundred yards wide

312  
00:10:45,829 --> 00:10:43,519  
a road beach houses and then the ocean

313  
00:10:48,150 --> 00:10:45,839

many times while at play here i noticed

314

00:10:49,590 --> 00:10:48,160

many many military aircraft coming and

315

00:10:51,829 --> 00:10:49,600

going from the north

316

00:10:53,350 --> 00:10:51,839

they were always rather low less than

317

00:10:55,350 --> 00:10:53,360

five thousand feet

318

00:10:57,430 --> 00:10:55,360

due to their low altitude i always

319

00:10:58,550 --> 00:10:57,440

assumed there must be an air force base

320

00:11:01,750 --> 00:10:58,560

nearby

321

00:11:04,630 --> 00:11:01,760

i saw mostly see 130 cargo planes

322

00:11:05,509 --> 00:11:04,640

but do recall one time seeing a b1 swing

323

00:11:07,430 --> 00:11:05,519

wing bomber

324

00:11:09,430 --> 00:11:07,440

again heading due south right over the

325

00:11:12,150 --> 00:11:09,440

house then out over the marsh

326

00:11:14,790 --> 00:11:12,160

on night my grandmother my brother and i

327

00:11:17,910 --> 00:11:14,800

were just settling in to watch tv

328

00:11:20,150 --> 00:11:17,920

it was around 8 p.m but summer time so

329

00:11:22,310 --> 00:11:20,160

it was still kinda light outside

330

00:11:23,430 --> 00:11:22,320

all of a sudden my grandfather could be

331

00:11:25,990 --> 00:11:23,440

heard yelling hey

332

00:11:28,150 --> 00:11:26,000

come here hey hey come here he was out

333

00:11:30,310 --> 00:11:28,160

on the patio above the garage

334

00:11:31,990 --> 00:11:30,320

we all went out there and when i turned

335

00:11:33,910 --> 00:11:32,000

to the right and looked there was a

336

00:11:36,790 --> 00:11:33,920

saucer-shaped craft over the dirt

337

00:11:39,269 --> 00:11:36,800

parking lot about 20 feet off the ground

338

00:11:40,949 --> 00:11:39,279

it was about 60 feet away and moving

339

00:11:43,670 --> 00:11:40,959

south very slowly

340

00:11:45,750 --> 00:11:43,680

it was about 15 to 18 feet long and

341

00:11:48,470 --> 00:11:45,760

about three or four feet thick

342

00:11:51,509 --> 00:11:48,480

it was a dark flat black color i could

343

00:11:53,590 --> 00:11:51,519

not see any rivets or panels or doors

344

00:11:55,590 --> 00:11:53,600

the lower half was ringed with thin

345

00:11:58,150 --> 00:11:55,600

almost laser-like lights

346

00:12:00,069 --> 00:11:58,160

green yellow orange in color with

347

00:12:03,509 --> 00:12:00,079

thicker bumps in the lines that move

348

00:12:04,230 --> 00:12:03,519

back and forth it made no sound nobody

349

00:12:06,230 --> 00:12:04,240

said a word

350

00:12:07,670 --> 00:12:06,240

i could feel every hair on my body

351

00:12:09,670 --> 00:12:07,680

standing on end

352

00:12:12,230 --> 00:12:09,680

its height was even with my line of

353

00:12:12,790 --> 00:12:12,240

sight it just cleared the row of small

354

00:12:14,790 --> 00:12:12,800

trees

355

00:12:15,829 --> 00:12:14,800

went out over the marsh then out over

356

00:12:17,829 --> 00:12:15,839

the ocean

357

00:12:20,470 --> 00:12:17,839

due to its slow speed this took some

358

00:12:27,110 --> 00:12:20,480

time we all went into the house when it

359

00:12:30,550 --> 00:12:29,590

this is lon strickler if you like this

360

00:12:32,310 --> 00:12:30,560

program

361

00:12:33,590 --> 00:12:32,320

it would help us if you would give it a

362

00:12:36,470 --> 00:12:33,600

thumbs up

363

00:12:38,069 --> 00:12:36,480

then subscribe and click the bell icon

364

00:12:39,990 --> 00:12:38,079

so you get notification

365

00:12:41,430 --> 00:12:40,000

when we upload new first-person

366

00:12:44,550 --> 00:12:41,440

encounters

367

00:12:45,269 --> 00:12:44,560

we have many more to come very soon and

368
