

# Three more reports of Humanoid Canids

The image features two black, humanoid canids standing in a dark forest. They have large, upright ears, glowing red eyes, and prominent white fangs. The background is a misty, dark forest with tall, thin trees. The overall color palette is dark with a reddish-pink tint.

**DOG MEN**  
Strike Back!

[Music]

2  
00:00:17,240 --> 00:00:12,890

[Applause]

3  
00:00:21,570 --> 00:00:19,470

welcome to the best the first-person

4  
00:00:24,779 --> 00:00:21,580

episodes for phantoms and monsters

5  
00:00:27,689 --> 00:00:24,789

please like subscribe and hit the bell

6  
00:00:31,440 --> 00:00:27,699

icon so you'll be notified of all future

7  
00:00:35,940 --> 00:00:33,690

beh tied up right Keenan encountered in

8  
00:00:37,920 --> 00:00:35,950

Wise River Montana this incident

9  
00:00:40,170 --> 00:00:37,930

occurred along the Y's River in Montana

10  
00:00:42,479 --> 00:00:40,180

I live alone and in this remote location

11  
00:00:45,330 --> 00:00:42,489

we don't have cable so the only option

12  
00:00:48,150 --> 00:00:45,340

is satellite TV it was a humid summer

13  
00:00:50,880 --> 00:00:48,160

night in July 2015 at around 11:30 p.m.

14

00:00:52,920 --> 00:00:50,890

and the TV was acting up so I needed to

15

00:00:53,580 --> 00:00:52,930

go out and readjust the satellite like

16

00:00:55,650 --> 00:00:53,590

usual

17

00:00:58,049 --> 00:00:55,660

I took a flashlight in the gun with me

18

00:01:00,660 --> 00:00:58,059

when I went outside it was unusually

19

00:01:02,369 --> 00:01:00,670

quite I also purchased an Arkansas due

20

00:01:04,140 --> 00:01:02,379

to other sightings I've had but they

21

00:01:06,360 --> 00:01:04,150

were incredible enough to chalk it up as

22

00:01:08,610 --> 00:01:06,370

a Dortmund it was so silent it was

23

00:01:10,350 --> 00:01:08,620

unnerving I brushed the thought off and

24

00:01:12,630 --> 00:01:10,360

went to the dish which is in the corner

25

00:01:14,430 --> 00:01:12,640

of my yard I went to work making sure

26

00:01:15,800 --> 00:01:14,440

all the wires were all right and

27

00:01:18,510 --> 00:01:15,810

pointing it to a different angle

28

00:01:20,460 --> 00:01:18,520

suddenly I heard a small snap of a stick

29

00:01:22,140 --> 00:01:20,470

to my left and turned the flashlight to

30

00:01:24,450 --> 00:01:22,150

the direction and I saw creature

31

00:01:26,460 --> 00:01:24,460

standing there I got a good look at it

32

00:01:28,920 --> 00:01:26,470

for what seemed like an eternity but was

33

00:01:30,990 --> 00:01:28,930

for only about 10 seconds I slowly

34

00:01:33,060 --> 00:01:31,000

backed off and ran back to the house and

35

00:01:34,920 --> 00:01:33,070

locked all the doors and windows the

36

00:01:37,200 --> 00:01:34,930

creature was unlike anything I have ever

37

00:01:39,510 --> 00:01:37,210

seen before when I shined the light at

38

00:01:41,279 --> 00:01:39,520

it the first thing I saw was the head it

39

00:01:43,649 --> 00:01:41,289

has cropped ears that pointed upwards

40

00:01:45,599 --> 00:01:43,659

it's Sal was narrower than it bears and

41

00:01:47,940 --> 00:01:45,609

longer and I could make out large teeth

42

00:01:49,590 --> 00:01:47,950

protruding from the jaw its eyes were a

43

00:01:52,050 --> 00:01:49,600

deep red shade that seemed to reflect

44

00:01:54,660 --> 00:01:52,060

off the light I was pointing at it the

45

00:01:56,490 --> 00:01:54,670

body was muscular and huge it had long

46

00:01:58,980 --> 00:01:56,500

arms that appeared to be longer than its

47

00:02:01,260 --> 00:01:58,990

legs broad shoulders that tapered into a

48

00:02:03,270 --> 00:02:01,270

skinnier waist it was slightly crouched

49

00:02:05,550 --> 00:02:03,280

over when I saw it with one hand wrapped

50

00:02:07,830 --> 00:02:05,560

around a small tree I could make out the

51  
00:02:10,410 --> 00:02:07,840  
legs which looked similar to dogs legs

52  
00:02:12,240 --> 00:02:10,420  
it had obvious hocks even with the

53  
00:02:14,730 --> 00:02:12,250  
crouched position it was about my height

54  
00:02:16,350 --> 00:02:14,740  
which is 6 foot standing up to full

55  
00:02:18,750 --> 00:02:16,360  
height this creature could easily be

56  
00:02:20,400 --> 00:02:18,760  
seven and a half feet tall the fur was

57  
00:02:22,559 --> 00:02:20,410  
black and thicker around the neck and

58  
00:02:24,570 --> 00:02:22,569  
chest and the bottom half significantly

59  
00:02:26,790 --> 00:02:24,580  
less so I don't know if it was

60  
00:02:28,500 --> 00:02:26,800  
aggressive or not what I know is I had a

61  
00:02:31,080 --> 00:02:28,510  
feeling of dread unlike anything I've

62  
00:02:33,180 --> 00:02:31,090  
ever experienced was it just observing

63  
00:02:35,940 --> 00:02:33,190

near stalking me for creature this

64

00:02:37,770 --> 00:02:35,950

largest was deceptively silent it got

65

00:02:40,140 --> 00:02:37,780

within 15 yards of me without me

66

00:02:42,240 --> 00:02:40,150

noticing all I knew was I needed to get

67

00:02:44,130 --> 00:02:42,250

out of there and not find out I don't

68

00:02:45,030 --> 00:02:44,140

live on the property anymore but after

69

00:02:47,520 --> 00:02:45,040

the event I never

70

00:02:49,020 --> 00:02:47,530

had another face-to-face encounter but I

71

00:02:51,059 --> 00:02:49,030

would hear sounds in the woods I

72

00:02:53,130 --> 00:02:51,069

couldn't explain they would start off

73

00:02:55,020 --> 00:02:53,140

relatively quiet and work their way up

74

00:02:57,539 --> 00:02:55,030

to furious howls screams then back down

75

00:02:59,309 --> 00:02:57,549

to quiet again I don't know if this was

76  
00:03:06,760 --> 00:02:59,319  
the same thing because it could be local

77  
00:03:12,080 --> 00:03:09,350  
shocking upright canine encounter in

78  
00:03:13,880 --> 00:03:12,090  
Michigan's Eastern African insula my

79  
00:03:16,490 --> 00:03:13,890  
encounter happened on deer season

80  
00:03:18,620 --> 00:03:16,500  
opening day in November of 2013 in the

81  
00:03:20,600 --> 00:03:18,630  
Eastern Upper Peninsula of Michigan on

82  
00:03:22,699 --> 00:03:20,610  
family hunting property near a town

83  
00:03:24,830 --> 00:03:22,709  
called Cedarville the house where my

84  
00:03:26,990 --> 00:03:24,840  
husband and I were staying in had a big

85  
00:03:29,300 --> 00:03:27,000  
front yard but other than that cleared

86  
00:03:31,670 --> 00:03:29,310  
area and the gravel driveway everything

87  
00:03:34,009 --> 00:03:31,680  
else is pretty deep hardwood forest I

88  
00:03:36,440 --> 00:03:34,019

also want to stay ahead of time that

89

00:03:38,000 --> 00:03:36,450

this happened at around 11 p.m. so

90

00:03:41,000 --> 00:03:38,010

everything that's beyond the porch

91

00:03:42,590 --> 00:03:41,010

lights was pretty hard to see my husband

92

00:03:44,809 --> 00:03:42,600

and I had gone outside to have a

93

00:03:46,220 --> 00:03:44,819

cigarette and we took a rifle out with

94

00:03:48,860 --> 00:03:46,230

us whenever we were hanging around

95

00:03:51,410 --> 00:03:48,870

outside because there's bear and stuff

96

00:03:53,539 --> 00:03:51,420

back there in that area I was up on the

97

00:03:55,460 --> 00:03:53,549

porch still and my husband had gone down

98

00:03:57,530 --> 00:03:55,470

the steps into the yard and was facing

99

00:03:59,840 --> 00:03:57,540

towards me when we heard these really

100

00:04:02,240 --> 00:03:59,850

heavy slow footsteps coming up the

101  
00:04:04,550 --> 00:04:02,250  
driveway through the woods it sounded

102  
00:04:07,039 --> 00:04:04,560  
like a really big man but there was this

103  
00:04:08,630 --> 00:04:07,049  
weird heavy breathing too even though

104  
00:04:11,000 --> 00:04:08,640  
the footsteps sounded like a person

105  
00:04:12,860 --> 00:04:11,010  
sounded heavier than anything I had ever

106  
00:04:15,620 --> 00:04:12,870  
heard walking in the woods including

107  
00:04:18,740 --> 00:04:15,630  
full-sized adult bear my husband looked

108  
00:04:20,300 --> 00:04:18,750  
at me and mount WTF and I was trying to

109  
00:04:22,730 --> 00:04:20,310  
figure out what it was that I was

110  
00:04:24,409 --> 00:04:22,740  
hearing but nothing I had ever heard out

111  
00:04:26,270 --> 00:04:24,419  
there in those woods matched the size

112  
00:04:29,270 --> 00:04:26,280  
and breathing and gait of whatever this

113  
00:04:32,090 --> 00:04:29,280

was so I was confused and shaking my

114

00:04:34,130 --> 00:04:32,100

head my husband isn't a hunter and grew

115

00:04:36,800 --> 00:04:34,140

up in the city so he was completely

116

00:04:38,420 --> 00:04:36,810

confused too I've hunted and tracked

117

00:04:40,340 --> 00:04:38,430

basically everything that's indigenous

118

00:04:42,800 --> 00:04:40,350

to northern Michigan since I was small

119

00:04:44,900 --> 00:04:42,810

so I was honestly terrified that this

120

00:04:46,940 --> 00:04:44,910

animal was a complete unknown to me by

121

00:04:48,770 --> 00:04:46,950

sound odd I T walked out of the tree

122

00:04:51,050 --> 00:04:48,780

line at the edge of the yard behind my

123

00:04:53,870 --> 00:04:51,060

husband and it was a lot taller than him

124

00:04:55,760 --> 00:04:53,880

at least 7-foot tall or more and I'd

125

00:04:59,180 --> 00:04:55,770

estimate the weight for its size at

126  
00:05:01,010 --> 00:04:59,190  
around 400 pounds it was on two legs and

127  
00:05:03,140 --> 00:05:01,020  
had super dark black fur that was

128  
00:05:05,540 --> 00:05:03,150  
somehow even darker than the nighttime

129  
00:05:07,400 --> 00:05:05,550  
dark of the woods it was walking back

130  
00:05:09,650 --> 00:05:07,410  
and forth at that distance from us the

131  
00:05:11,120 --> 00:05:09,660  
whole time this encounter happened but

132  
00:05:13,670 --> 00:05:11,130  
it would not step into where the

133  
00:05:15,860 --> 00:05:13,680  
perimeter of the porch light was I had a

134  
00:05:18,290 --> 00:05:15,870  
really hard time making out its torso

135  
00:05:18,770 --> 00:05:18,300  
for that reason but I saw wolf-like head

136  
00:05:20,840 --> 00:05:18,780  
and

137  
00:05:23,630 --> 00:05:20,850  
with pointed ears that stuck straight up

138  
00:05:25,970 --> 00:05:23,640

instead of front legs and paws it had

139

00:05:28,700 --> 00:05:25,980

really disproportionately long arms and

140

00:05:31,640 --> 00:05:28,710

hands it was on two legs this whole time

141

00:05:33,470 --> 00:05:31,650

walking back and forth I freaked out and

142

00:05:35,450 --> 00:05:33,480

grabbed the rifle and just started

143

00:05:38,240 --> 00:05:35,460

shooting at a ten yelling at my husband

144

00:05:39,920 --> 00:05:38,250

to run and get up on the porch so he did

145

00:05:41,840 --> 00:05:39,930

and then he took the gun from me and

146

00:05:44,450 --> 00:05:41,850

told me to find something to use as a

147

00:05:46,970 --> 00:05:44,460

weapon and to go inside and hide so I

148

00:05:48,770 --> 00:05:46,980

did I got a big knife and went and

149

00:05:50,720 --> 00:05:48,780

locked myself in our bedroom in the

150

00:05:52,880 --> 00:05:50,730

closet and could hear my husband

151  
00:05:55,520 --> 00:05:52,890  
shooting and reloading a bunch for about

152  
00:05:57,110 --> 00:05:55,530  
another ten minutes he came in and told

153  
00:05:59,330 --> 00:05:57,120  
me through the closet door that the

154  
00:06:01,280 --> 00:05:59,340  
creature had finally run off but he

155  
00:06:03,230 --> 00:06:01,290  
wasn't sure if it was going to possibly

156  
00:06:05,720 --> 00:06:03,240  
come back so we were both pretty

157  
00:06:07,940 --> 00:06:05,730  
terrified I ended up staying in that

158  
00:06:09,710 --> 00:06:07,950  
closet all night until sunrise with my

159  
00:06:12,020 --> 00:06:09,720  
husband guarding the door with the gun

160  
00:06:14,000 --> 00:06:12,030  
he told me that he thought I had hit it

161  
00:06:15,830 --> 00:06:14,010  
when I was shooting at first but the

162  
00:06:17,659 --> 00:06:15,840  
next day we didn't find any blood or

163  
00:06:19,880 --> 00:06:17,669

hair or anything which I thought was

164

00:06:22,130 --> 00:06:19,890

weird because I really thought I must

165

00:06:25,010 --> 00:06:22,140

have shot and wounded it a couple times

166

00:06:26,719 --> 00:06:25,020

it moved incredibly fast though and was

167

00:06:28,969 --> 00:06:26,729

agile enough to run through the brush

168

00:06:31,430 --> 00:06:28,979

and stuff without really mowing it down

169

00:06:33,650 --> 00:06:31,440

or making a bunch of noise like big

170

00:06:36,320 --> 00:06:33,660

animals usually do running through dense

171

00:06:39,260 --> 00:06:36,330

underbrush and stuff the whole encounter

172

00:06:41,180 --> 00:06:39,270

was incredibly weird and scary my

173

00:06:42,830 --> 00:06:41,190

husband also said that he did see it's

174

00:06:45,500 --> 00:06:42,840

sort of hunched over and dropped down

175

00:06:47,330 --> 00:06:45,510

onto all fours a few times while it was

176  
00:06:49,250 --> 00:06:47,340  
running back and forth at the edge of

177  
00:06:51,110 --> 00:06:49,260  
the yard but that when it ran away for

178  
00:06:53,930 --> 00:06:51,120  
good that night that it was running

179  
00:06:56,570 --> 00:06:53,940  
insanely fast and on two legs like a man

180  
00:06:58,370 --> 00:06:56,580  
we didn't smell anything bad like a lot

181  
00:07:00,290 --> 00:06:58,380  
of people described when they see these

182  
00:07:02,540 --> 00:07:00,300  
things and it didn't even leave any

183  
00:07:04,070 --> 00:07:02,550  
noticeable tracks anywhere even though

184  
00:07:06,170 --> 00:07:04,080  
the thing was so heavy when it was

185  
00:07:08,090 --> 00:07:06,180  
walking up the gravel driveway that I

186  
00:07:10,730 --> 00:07:08,100  
swore the ground near it must have been

187  
00:07:12,290 --> 00:07:10,740  
shaking we found out later from one of

188  
00:07:14,480 --> 00:07:12,300

the neighbors that he had seen a two

189

00:07:16,580 --> 00:07:14,490

next-door the winter before when it came

190

00:07:18,770 --> 00:07:16,590

up on the porch of his cabin and looked

191

00:07:21,140 --> 00:07:18,780

in the door window during a party he and

192

00:07:22,790 --> 00:07:21,150

his wife had been throwing he said he

193

00:07:24,890 --> 00:07:22,800

heard really heavy footsteps on the

194

00:07:26,960 --> 00:07:24,900

porch and pulled back the curtain on the

195

00:07:28,490 --> 00:07:26,970

window and the creature was standing

196

00:07:30,740 --> 00:07:28,500

there on the other side of the glass

197

00:07:32,820 --> 00:07:30,750

looking down at him but that its fur was

198

00:07:34,500 --> 00:07:32,830

white then I think that's

199

00:07:36,840 --> 00:07:34,510

probably because there was snow on the

200

00:07:38,400 --> 00:07:36,850

ground at this point in the year my

201  
00:07:40,170 --> 00:07:38,410  
neighbor hollered at everyone and the

202  
00:07:42,600 --> 00:07:40,180  
cabin and told them what he had just

203  
00:07:44,160 --> 00:07:42,610  
seen and then everyone decided to make a

204  
00:07:46,410 --> 00:07:44,170  
run for it through the woods to his

205  
00:07:48,360 --> 00:07:46,420  
mom's house next door since her place

206  
00:07:50,850 --> 00:07:48,370  
was a lot sturdier than the hunting

207  
00:07:53,040 --> 00:07:50,860  
cabin I've known that neighbor my whole

208  
00:07:54,840 --> 00:07:53,050  
life practically since high school and

209  
00:07:55,530 --> 00:07:54,850  
he would never make something like that

210  
00:07:57,750 --> 00:07:55,540  
up

211  
00:08:00,450 --> 00:07:57,760  
he was scared even while he was just

212  
00:08:02,280 --> 00:08:00,460  
talking about it I also read somewhere

213  
00:08:05,310 --> 00:08:02,290

online recently that another family

214

00:08:07,500 --> 00:08:05,320

about 45 miles north of our area had a

215

00:08:10,260 --> 00:08:07,510

bunch of livestock like cows and horses

216

00:08:12,810 --> 00:08:10,270

turned up dead and torn up by some kind

217

00:08:14,970 --> 00:08:12,820

of big predator one of the guys in the

218

00:08:16,710 --> 00:08:14,980

family saw a giant upright wolf back

219

00:08:18,660 --> 00:08:16,720

near his hunting blind during deer

220

00:08:20,930 --> 00:08:18,670

season which of course freaked me out

221

00:08:23,460 --> 00:08:20,940

since we had our experience on the

222

00:08:25,440 --> 00:08:23,470

season-opener the land budding up to

223

00:08:27,990 --> 00:08:25,450

that family's property is hundreds of

224

00:08:29,730 --> 00:08:28,000

miles of the Hiawatha National Forest so

225

00:08:31,860 --> 00:08:29,740

it would make sense to me that a big

226

00:08:33,720 --> 00:08:31,870

animal would hide in a near a protected

227

00:08:34,440 --> 00:08:33,730

area like that when it's hearing

228

00:08:37,230 --> 00:08:34,450

gunshots

229

00:08:39,750 --> 00:08:37,240

everywhere else my lot and my neighbor's

230

00:08:42,270 --> 00:08:39,760

lot also are right alongside state land

231

00:08:44,280 --> 00:08:42,280

my husband and I moved since this all

232

00:08:45,900 --> 00:08:44,290

happened but the experience was so

233

00:08:48,300 --> 00:08:45,910

upsetting to me that I constantly

234

00:08:50,520 --> 00:08:48,310

research online to see if anyone else

235

00:08:52,950 --> 00:08:50,530

has seen the thing up north and what

236

00:08:54,990 --> 00:08:52,960

their encounter was like and stuff I've

237

00:08:56,910 --> 00:08:55,000

even heard that there's a small pack of

238

00:08:58,800 --> 00:08:56,920

about four or five of them that live in

239

00:09:01,410 --> 00:08:58,810

state forests downstate in Isabella

240

00:09:03,900 --> 00:09:01,420

County a bunch of locals in the nearby

241

00:09:05,730 --> 00:09:03,910

area have seen in that somebody even saw

242

00:09:08,190 --> 00:09:05,740

one at night in downtown Saginaw

243

00:09:09,690 --> 00:09:08,200

Michigan what scares me about that is

244

00:09:12,300 --> 00:09:09,700

the fact that there's no tree cover

245

00:09:14,100 --> 00:09:12,310

there is that's a city I wonder if

246

00:09:15,990 --> 00:09:14,110

people all over the state are seeing

247

00:09:17,490 --> 00:09:16,000

these animals because they're getting

248

00:09:20,130 --> 00:09:17,500

forced out of their usual hunting

249

00:09:22,290 --> 00:09:20,140

territories due to hunting logging and

250

00:09:24,090 --> 00:09:22,300

mining that's really increased over the

251  
00:09:31,549 --> 00:09:24,100  
years here be careful out there

252  
00:09:37,470 --> 00:09:34,769  
upright k9 chases witnesses near Danbury

253  
00:09:40,139 --> 00:09:37,480  
Wisconsin my sighting occurred southeast

254  
00:09:41,999 --> 00:09:40,149  
of our cabin near Danbury Wisconsin the

255  
00:09:44,549 --> 00:09:42,009  
cryptid was very wolf-like and it

256  
00:09:47,039 --> 00:09:44,559  
definitely was not a bear as well as I'm

257  
00:09:49,859 --> 00:09:47,049  
pretty sure wolves don't run upright so

258  
00:09:51,749 --> 00:09:49,869  
I was 17 at the time it was midsummer

259  
00:09:52,650 --> 00:09:51,759  
and we were at our cabin in Northwest

260  
00:09:54,869 --> 00:09:52,660  
Wisconsin

261  
00:09:55,799 --> 00:09:54,879  
I was with my cousin and grandparents

262  
00:09:58,710 --> 00:09:55,809  
for the weekend

263  
00:10:00,749 --> 00:09:58,720

I brought my airsoft gear so me and my

264

00:10:03,389 --> 00:10:00,759

cousin are in midair soft battle I took

265

00:10:06,030 --> 00:10:03,399

it more seriously than him I was decked

266

00:10:08,369 --> 00:10:06,040

out in full BTU woodland camo including

267

00:10:10,919 --> 00:10:08,379

the Shemin I retreated into the forest

268

00:10:12,780 --> 00:10:10,929

for better tactical advantage so the way

269

00:10:14,340 --> 00:10:12,790

our land was set up as there as a trail

270

00:10:16,949 --> 00:10:14,350

that cuts around the border of the

271

00:10:19,199 --> 00:10:16,959

almost acre of own forest our skirmish

272

00:10:21,629 --> 00:10:19,209

took us about 200 meters into the woods

273

00:10:24,119 --> 00:10:21,639

going up the right trail so I'm a huge

274

00:10:25,650 --> 00:10:24,129

outdoorsman I was introduced to hunting

275

00:10:28,439 --> 00:10:25,660

and survival training as well as

276  
00:10:30,539 --> 00:10:28,449  
firearms at a young age I also had been

277  
00:10:33,269 --> 00:10:30,549  
practicing MMA for a few years at that

278  
00:10:35,879 --> 00:10:33,279  
point the point is I'm not easily scared

279  
00:10:39,030 --> 00:10:35,889  
and I'm comfortable in the wild now I'm

280  
00:10:41,669 --> 00:10:39,040  
25 and have even more training I respect

281  
00:10:43,919 --> 00:10:41,679  
the wild a lot more now I was cocky back

282  
00:10:46,350 --> 00:10:43,929  
then anyway here is where things get

283  
00:10:47,939 --> 00:10:46,360  
strange our battle had ended and we were

284  
00:10:50,429 --> 00:10:47,949  
standing at the edge of a slightly

285  
00:10:52,590 --> 00:10:50,439  
clearer area forest and just talking on

286  
00:10:54,299 --> 00:10:52,600  
the other side of the clearing is a hill

287  
00:10:56,699 --> 00:10:54,309  
that goes down to a small pond

288  
00:10:58,799 --> 00:10:56,709

animals are a common sight around there

289

00:11:00,869 --> 00:10:58,809

as it's a watering hole now as any

290

00:11:02,609 --> 00:11:00,879

experienced outdoorsman will know most

291

00:11:04,169 --> 00:11:02,619

small animals will go about their

292

00:11:06,960 --> 00:11:04,179

business even when humans are around

293

00:11:08,789 --> 00:11:06,970

birds will still chirp and lantern it but

294

00:11:11,519 --> 00:11:08,799

when a big predator is around the forest

295

00:11:13,650 --> 00:11:11,529

goes dead quiet so me and my cousin are

296

00:11:15,960 --> 00:11:13,660

talking and I decided to freak him out

297

00:11:18,600 --> 00:11:15,970

so I shushed him and whispered we're

298

00:11:20,609 --> 00:11:18,610

being watched he got quiet then I

299

00:11:22,230 --> 00:11:20,619

realized that it was dead quiet not even

300

00:11:24,900 --> 00:11:22,240

birds chirping anymore

301  
00:11:26,609 --> 00:11:24,910  
then I got that feeling you know when

302  
00:11:29,039 --> 00:11:26,619  
you feel like you are being watched I

303  
00:11:30,600 --> 00:11:29,049  
went into hunter mode at this point and

304  
00:11:32,789 --> 00:11:30,610  
started scanning the clearing

305  
00:11:35,220 --> 00:11:32,799  
I went from right to left then back on

306  
00:11:36,840 --> 00:11:35,230  
the second look through I sawed its

307  
00:11:39,239 --> 00:11:36,850  
teeth are what gave it away as they

308  
00:11:40,620 --> 00:11:39,249  
contrasted with the background once I

309  
00:11:42,720 --> 00:11:40,630  
focused on it I know

310  
00:11:45,030 --> 00:11:42,730  
to canada pearance in the head it had

311  
00:11:46,980 --> 00:11:45,040  
dark reddish-brown hair fur where it

312  
00:11:48,810 --> 00:11:46,990  
gets even stranger as it was leaning on

313  
00:11:50,940 --> 00:11:48,820

a tree and had its front left arm

314

00:11:53,280 --> 00:11:50,950

gripping the tree it appeared to have

315

00:11:55,200 --> 00:11:53,290

claws and it was panting and staring in

316

00:11:56,820 --> 00:11:55,210

our direction with its ears up listening

317

00:11:58,680 --> 00:11:56,830

while kneeling or crouching

318

00:12:00,900 --> 00:11:58,690

I recognized it as a threat as a

319

00:12:03,090 --> 00:12:00,910

predator immediately now this all

320

00:12:05,400 --> 00:12:03,100

happened in the span of maybe 10 seconds

321

00:12:08,040 --> 00:12:05,410

before I said to my cousin we have to go

322

00:12:09,630 --> 00:12:08,050

he was a faster runner than me when I

323

00:12:12,330 --> 00:12:09,640

said that I was still watching the

324

00:12:14,580 --> 00:12:12,340

animal my cousin took off when he ran

325

00:12:17,100 --> 00:12:14,590

the animal raised up and ran towards us

326

00:12:19,920 --> 00:12:17,110

it took a good three steps on two legs

327

00:12:21,540 --> 00:12:19,930

before I started to run as I was turning

328

00:12:24,240 --> 00:12:21,550

to run it appeared have possibly been

329

00:12:26,220 --> 00:12:24,250

going to all fours I got to the fork in

330

00:12:27,030 --> 00:12:26,230

the trail to find my cousin waiting I

331

00:12:29,760 --> 00:12:27,040

yelled

332

00:12:31,980 --> 00:12:29,770

go go go go go and we ran back to the

333

00:12:33,810 --> 00:12:31,990

cabin while running out I could hear it

334

00:12:35,340 --> 00:12:33,820

crashing through the woods behind me

335

00:12:37,500 --> 00:12:35,350

but it didn't follow beyond the tree

336

00:12:39,510 --> 00:12:37,510

line at the time I thought it had the

337

00:12:41,610 --> 00:12:39,520

intention to do harm but now that I look

338

00:12:43,470 --> 00:12:41,620

back on it I think it was just being

339

00:12:46,200 --> 00:12:43,480  
either territorial or it was a bluff

340

00:12:48,690 --> 00:12:46,210  
charge most animals can easily outrun

341

00:12:50,910 --> 00:12:48,700  
humans on foot if it really wanted one

342

00:12:52,980 --> 00:12:50,920  
of us it would have got us I have tried

343

00:12:55,260 --> 00:12:52,990  
to explain it away as being a bear a big

344

00:12:58,230 --> 00:12:55,270  
wolf but what I saw just does not add up

345

00:12:59,040 --> 00:12:58,240  
it just wasn't a known animal I'm still

346

00:13:01,200 --> 00:12:59,050  
stumped by it

347

00:13:03,000 --> 00:13:01,210  
I was recently added to a group of

348

00:13:05,370 --> 00:13:03,010  
people who have had similar sightings

349

00:13:07,680 --> 00:13:05,380  
they say mind falls in line with other

350

00:13:09,660 --> 00:13:07,690  
sightings they believe it to be a dog

351

00:13:11,550 --> 00:13:09,670

Minh which I think is the cheesiest name

352

00:13:13,530 --> 00:13:11,560

they could have chosen but I admit that

353

00:13:15,510 --> 00:13:13,540

what I saw is very similar if not the

354

00:13:17,850 --> 00:13:15,520

same as what others have claimed to see

355

00:13:19,890 --> 00:13:17,860

I have different theories regarding the

356

00:13:22,740 --> 00:13:19,900

creature though I am normally very

357

00:13:24,840 --> 00:13:22,750

skeptical however I know that what I saw

358

00:13:27,360 --> 00:13:24,850

was not normal and I am less skeptical

359

00:13:29,970 --> 00:13:27,370

than I used to be now I am still nervous

360

00:13:31,980 --> 00:13:29,980

about the forests I don't go into the

361

00:13:34,230 --> 00:13:31,990

woods alone they're unarmed anymore I'm

362

00:13:36,060 --> 00:13:34,240

not scared of any man but I certainly

363

00:13:38,400 --> 00:13:36,070

don't want to see anything that looks

364

00:13:40,320 --> 00:13:38,410

like a real wolf again by the way all of

365

00:13:42,470 --> 00:13:40,330

this happened in broad daylight if it

366

00:13:46,100 --> 00:13:42,480

wasn't clear T

367

00:13:51,530 --> 00:13:49,220

this is lawn Strickler if you like this

368

00:13:54,380 --> 00:13:51,540

program it would help us if you would

369

00:13:56,870 --> 00:13:54,390

give it a thumbs up then subscribe and

370

00:13:59,240 --> 00:13:56,880

click the bell icon so you get

371

00:14:01,970 --> 00:13:59,250

notification when we upload new first

372

00:14:05,180 --> 00:14:01,980

person encounters we have many more to

373

00:14:07,880 --> 00:14:05,190

come very soon and by the way if you
