00:00:36,030 --> 00:00:33,810

Afghanistan Bigfoot encounter

8
00:00:37,860 --> 00:00:36,040

I just wanted to recount a little story

9
00:00:40,020 --> 00:00:37,870

I've been with the United States

10
00:00:42,330 --> 00:00:40,030

military for about 15 years now

11
00:00:44,009 --> 00:00:42,340

and I was out in Afghanistan in backlund

12
00:00:46,020 --> 00:00:44,019

province and we were doing nighttime

13
00:00:49,829 --> 00:00:46,030

guard duty and it was about 2:00 in the

14

00:00:51,450 --> 00:00:49,839

morning and I was 249 machine gun I was

15

00:00:53,759 --> 00:00:51,460

looking through the knob and I saw what

16

00:00:55,860 --> 00:00:53,769

I at first thought was a large tall man

17

00:00:58,290 --> 00:00:55,870

but it had an almost like a fur coat

18

00:01:00,270 --> 00:00:58,300

like my golden retriever has and as I

19

00:01:02,639 --> 00:01:00,280

watched it you know I clicked from safe

20

00:01:04,350 --> 00:01:02,649

to semi but it wasn't threatening it

21

00:01:06,990 --> 00:01:04,360

turned and looked at me and I looked at

22

00:01:08,999 --> 00:01:07,000

it and I you know I really until this

23

00:01:11,219 --> 00:01:09,009

point when I saw it you know I always

24

00:01:13,590 --> 00:01:11,229

thought Bigfoot was like folklore it was

25

00:01:15,359 --> 00:01:13,600

like a myth like Loch Ness monster now

26

00:01:18,149 --> 00:01:15,369

I'm truly a believer that it does exist

27

00:01:20,850 --> 00:01:18,159

and since coming back now this was in

28

00:01:27,850 --> 00:01:20,860

2013 since coming back I've been

29

00:01:33,080 --> 00:01:30,710

bushwhacked Bigfoot startles hunter

30

00:01:34,910 --> 00:01:33,090

walking too blind my encounter happened

31

00:01:37,819 --> 00:01:34,920

on the second Saturday of November of

32

00:01:40,190 --> 00:01:37,829

2010 in Central Texas let's just say I

33

00:01:42,109 --> 00:01:40,200

don't hunt anymore I worked late Friday

34

00:01:42,649 --> 00:01:42,119

which put me up later Saturday than

35

00:01:44,870 --> 00:01:42,659

planned

36

00:01:47,359 --> 00:01:44,880

so I decided on a late day hunt I

37

00:01:49,310 --> 00:01:47,369

figured I'd go out around 3:00 p.m. and

38

00:01:51,889 --> 00:01:49,320

sit in the pop-up ground blind till dark

39

00:01:54,230 --> 00:01:51,899

I got there just before 3 p.m. and got

40

00:01:56,779 --> 00:01:54,240

ready and headed out by that time it was

41

00:01:58,730 --> 00:01:56,789

about 10 minutes after as soon as I hit

42

00:02:01,580 --> 00:01:58,740

the woods I smelled a horrible odor I

43

00:02:03,859 --> 00:02:01,590

was still a good 75 yards from the blind

44

00:02:05,990 --> 00:02:03,869

the smell was of death and more I've

45

00:02:08,210 --> 00:02:06,000

never smelled anything like it before

46

00:02:10,309 --> 00:02:08,220

It was as if a dead animal had been in

47

00:02:12,680 --> 00:02:10,319

the Sun for a while but it also was a

48

00:02:14,330 --> 00:02:12,690

mixture of other smells I stopped and

49

00:02:16,729 --> 00:02:14,340

looked around for the dead animal but

50

00:02:18,890 --> 00:02:16,739

saw nothing so I continued on my way

51
00:02:21,199 --> 00:02:18,900
there was a game trail that breaks off

52
00:02:23,150 --> 00:02:21,209
onto another trail it would bring you to

53
00:02:25,520 --> 00:02:23,160
the back of the blind I never took that

54
00:02:27,380 --> 00:02:25,530
way I always went through the woods to a

55
00:02:28,940 --> 00:02:27,390
fence line and then turned left and

56
00:02:31,340 --> 00:02:28,950
followed the fence to the blind I

57
00:02:33,680 --> 00:02:31,350
finally got to the fence line and the

58
00:02:35,330 --> 00:02:33,690
smell was a bit stronger so I stopped to

59
00:02:38,240 --> 00:02:35,340
look around for the dead animal again

60
00:02:40,670 --> 00:02:38,250
but again there was nothing so I turned

61
00:02:42,740 --> 00:02:40,680
left and started towards the blind I was

62
00:02:44,960 --> 00:02:42,750
probably 50 yards from the blind and

63
00:02:47,720 --> 00:02:44,970

could see someone at the blind I flipped

64

00:02:49,250 --> 00:02:47,730

my rifle safety off and kept going as I

65

00:02:50,870 --> 00:02:49,260

got a bit closer I thought to myself

66

00:02:52,940 --> 00:02:50,880

well it's not dad

67

00:02:54,890 --> 00:02:52,950

it's another hunter as I got little

68

00:02:57,080 --> 00:02:54,900

closer I could tell his head was in the

69

00:02:58,580 --> 00:02:57,090

pop-up blind window I thought it was

70

00:03:00,979 --> 00:02:58,590

strange that a hunter would be in a

71

00:03:02,599 --> 00:03:00,989

ghillie suit as I got near the hunter

72

00:03:04,819 --> 00:03:02,609

looked like someone dressed in a Bigfoot

73

00:03:07,520 --> 00:03:04,829

suit thinking that's a good way to get

74

00:03:09,590 --> 00:03:07,530

shot at around 30 to 40 yards from the

75

00:03:12,319 --> 00:03:09,600

blind that horrible odor hid me square

76

00:03:14,180 --> 00:03:12,329

in the face at that same time its head

77

00:03:15,680 --> 00:03:14,190

popped out of the blind window and we

78

00:03:16,460 --> 00:03:15,690

looked eye to eye at each other for what

79

00:03:18,199 --> 00:03:16,470

seemed forever

80

00:03:20,330 --> 00:03:18,209

though I'm sure it was just a matter of

81

00:03:23,210 --> 00:03:20,340

seconds there were no trees or brush

82

00:03:25,490 --> 00:03:23,220

between us the clear view I literally

83

00:03:27,770 --> 00:03:25,500

froze I didn't move as it stomped the

84

00:03:29,809 --> 00:03:27,780

ground and grunted at me all I could do

85

00:03:32,240 --> 00:03:29,819

was stand frozen in place and fear I

86

00:03:34,369 --> 00:03:32,250

wanted to run but my legs wouldn't move

87

00:03:36,170 --> 00:03:34,379

it then stepped out of the blind and

88

00:03:37,610 --> 00:03:36,180

walked away from me down the fence line

89

00:03:40,009 --> 00:03:37,620

then pushed the fence

90

00:03:41,750 --> 00:03:40,019

down on top as it stepped over it looked

91

00:03:43,910 --> 00:03:41,760

back me well and walked across the field

92

00:03:46,160 --> 00:03:43,920

I watched as it reached another fence

93

00:03:47,899 --> 00:03:46,170

which had stepped over it reached the

94

00:03:48,619 --> 00:03:47,909

edge of the far woods and disappeared

95

00:03:50,539 --> 00:03:48,629

from sight

96

00:03:53,270 --> 00:03:50,549

I got a clearer look of it from head to

97

00:03:55,789 --> 00:03:53,280

toe face missiles moving under the fur

98

00:03:58,729 --> 00:03:55,799

the whole nine yards it looked quite

99

00:04:00,289 --> 00:03:58,739

human in the face the Ndebele like the

100

00:04:02,839 --> 00:04:00,299

reddish color resembled that of an

101
00:04:04,280 --> 00:04:02,849
orangutan with Caucasian skin tone it

102
00:04:07,039 --> 00:04:04,290
had to have been eight to ten foot tall

103
00:04:09,589 --> 00:04:07,049
and was jacked with muscle I mean like a

104
00:04:11,750 --> 00:04:09,599
bodybuilders tone there was no mistaking

105
00:04:13,970 --> 00:04:11,760
it for male I'm five foot eight or nine

106
00:04:14,690 --> 00:04:13,980
it's safe to say that my hunting days

107
00:04:19,099 --> 00:04:14,700
are over

108
00:04:19,109 --> 00:04:21,680
you

109
00:04:26,150 --> 00:04:23,780
Oklahoma Bigfoot encounter results in

110
00:04:29,180 --> 00:04:26,160
memory loss was out rabbit hunting

111
00:04:32,360 --> 00:04:29,190
between the hours of 2130 ctt to about

112
00:04:35,240 --> 00:04:32,370
20 3:15 CDT on a farm outside of Maude

113
00:04:37,100 --> 00:04:35,250

Oklahoma in April 2011 it was a clear

114

00:04:40,640 --> 00:04:37,110

and cold night with a quarter moon out

115

00:04:43,460 --> 00:04:40,650

upon returning to my home about 20 3:15

116

00:04:45,950 --> 00:04:43,470

CDT I walked up on my patio which is

117

00:04:48,020 --> 00:04:45,960

about five feet off the ground as soon

118

00:04:49,820 --> 00:04:48,030

as I reached the deck I noticed a large

119

00:04:52,520 --> 00:04:49,830

human-like figure that was bigger than

120

00:04:54,530 --> 00:04:52,530

any man I ever saw I used the surefire

121

00:04:56,990 --> 00:04:54,540

white light on my shotgun to see better

122

00:04:59,930 --> 00:04:57,000

due to light fog I could only see about

123

00:05:01,610 --> 00:04:59,940

25 feet with the light the creature was

124

00:05:04,340 --> 00:05:01,620

out in the open enough to see an outline

125

00:05:06,590 --> 00:05:04,350

of the figure I had seen all my animals

126

00:05:08,420 --> 00:05:06,600

act unusual prior a feeling of being

127

00:05:10,760 --> 00:05:08,430

watched at hours of darkness on more

128

00:05:13,490 --> 00:05:10,770

than once the figure was watching me and

129

00:05:15,590 --> 00:05:13,500

made eye contact it was very large and

130

00:05:17,900 --> 00:05:15,600

close to seven to eight feet tall was

131

00:05:20,510 --> 00:05:17,910

very stocky build would guess well over

132

00:05:22,670 --> 00:05:20,520

400 pounds the figure seemed annoyed

133

00:05:24,320 --> 00:05:22,680

that I pointed my shotgun at it it

134

00:05:27,740 --> 00:05:24,330

seemed to have no fear of me or my

135

00:05:29,990 --> 00:05:27,750

animals my dog military-trained cowered

136

00:05:32,480 --> 00:05:30,000

down and would not respond to commands I

137

00:05:35,510 --> 00:05:32,490

did contact a Bigfoot team that showed

138

00:05:38,600 --> 00:05:35,520

up within 72 hours of this no evidence

139

00:05:40,490 --> 00:05:38,610

was found no footprints hair nothing I

140

00:05:43,520 --> 00:05:40,500

did experience some lapse in memory

141

00:05:45,740 --> 00:05:43,530

thereafter I am a retired Special Forces

142

00:05:48,020 --> 00:05:45,750

sniper with ten years experience and

143

00:05:50,300 --> 00:05:48,030

three tours in Iraq including the Iraq

144

00:05:52,430 --> 00:05:50,310

invasion with the third Infantry division

145

00:05:54,650 --> 00:05:52,440

on the frontlines I have no knowledge

146

00:05:57,170 --> 00:05:54,660

after all I seen and done to describe

147

00:05:58,790 --> 00:05:57,180

this figure I do need to be kept out of

148

00:06:00,830 --> 00:05:58,800

any public report because of my

149

00:06:01,640 --> 00:06:00,840

background and security clearance with

150

00:06:03,920 --> 00:06:01,650

the military

151

00:06:06,530 --> 00:06:03,930

I just want answers and will provide

152

00:06:08,000 --> 00:06:06,540

full cooperation in person the biggest

153

00:06:10,220 --> 00:06:08,010

thing that bothers me is the lack of

154

00:06:13,220 --> 00:06:10,230

fear from the figure and my fear back I

155

00:06:20,800 --> 00:06:13,230

fear very little in life just want to

156

00:06:26,330 --> 00:06:23,480

Bigfoot scares hikers in North Michigan

157

00:06:28,700 --> 00:06:26,340

lower peninsula I haven't really talked

158

00:06:31,340 --> 00:06:28,710

about this much because when I do I get

159

00:06:32,450 --> 00:06:31,350

made fun of people laugh and then they

160

00:06:35,180 --> 00:06:32,460

think of me differently

161

00:06:37,310 --> 00:06:35,190

I work in tech now so I want my

162

00:06:40,189 --> 00:06:37,320

reputation to be more on the sight of

163

00:06:43,010 --> 00:06:40,199

logic decisiveness and efficiency I

164

00:06:45,350 --> 00:06:43,020

don't want to be the Bigfoot guy or have

165

00:06:48,050 --> 00:06:45,360

whispers happen so I just don't talk

166

00:06:50,990 --> 00:06:48,060

about it but whenever I see my cousin

167

00:06:53,990 --> 00:06:51,000

and I say do you remember she knows what

168

00:06:55,550 --> 00:06:54,000

I'm talking about and says yes I grew up

169

00:06:57,529 --> 00:06:55,560

in a northern part of the Lower

170

00:06:59,900 --> 00:06:57,539

Peninsula of Michigan in a fishing

171

00:07:02,270 --> 00:06:59,910

village our family was from a state

172

00:07:04,430 --> 00:07:02,280

south of Michigan so it was a good day

173

00:07:07,159 --> 00:07:04,440

long drive to them and vice versa the

174

00:07:09,560 --> 00:07:07,169

house that we lived in at the time was

175

00:07:12,140 --> 00:07:09,570

on the edge of a state forest and I love

176

00:07:14,810 --> 00:07:12,150

to just hike around I felt like I knew

177

00:07:17,390 --> 00:07:14,820

the area pretty well I'm familiar with

178

00:07:19,969 --> 00:07:17,400

being in the woods I've dealt with wild

179

00:07:22,219 --> 00:07:19,979

animals before I've been to parts of

180

00:07:25,370 --> 00:07:22,229

northern Canada where there are no roads

181

00:07:27,770 --> 00:07:25,380

so you have to fly in I've jizzed wild

182

00:07:30,110 --> 00:07:27,780

bears and gotten way too close to moose

183

00:07:32,360 --> 00:07:30,120

than I ever should have I'm no Bear

184

00:07:34,790 --> 00:07:32,370

Grylls but I'm also know city slicker

185

00:07:37,219 --> 00:07:34,800

the day this happened was the same day

186

00:07:39,620 --> 00:07:37,229

that my older sister was graduating from

187

00:07:42,290 --> 00:07:39,630

high school my cousin and I were about

188

00:07:44,480 --> 00:07:42,300

the same age all the other kids in the

189

00:07:46,790 --> 00:07:44,490

extended family were at least four years

190

00:07:49,100 --> 00:07:46,800

older or younger than us so we were

191

00:07:52,430 --> 00:07:49,110

default friends during family gatherings

192

00:07:54,439 --> 00:07:52,440

we decided to go on a hike I wanted to

193

00:07:56,330 --> 00:07:54,449

show her what real woods looked like

194

00:07:59,750 --> 00:07:56,340

since she was from a much more urban

195

00:08:02,390 --> 00:07:59,760

area so we went off I forget what time

196

00:08:04,550 --> 00:08:02,400

we left but we had to be back by like 5

197

00:08:07,790 --> 00:08:04,560

p.m. or so to make it to the graduation

198

00:08:10,219 --> 00:08:07,800

we were hiking around up and down hills

199

00:08:12,230 --> 00:08:10,229

noticing the half-buried barbed wire

200

00:08:14,810 --> 00:08:12,240

fences from when it used to be grazing

201
00:08:16,969 --> 00:08:14,820
country I'm telling her about that and

202
00:08:19,279 --> 00:08:16,979
that's why not all of the trees are huge

203
00:08:21,560 --> 00:08:19,289
they were all planted a few decades

204
00:08:25,070 --> 00:08:21,570
earlier so they aren't fully mature yet

205
00:08:28,370 --> 00:08:25,080
and then I forgot where I was I wasn't

206
00:08:30,080 --> 00:08:28,380
sure how to get back so we turn and head

207
00:08:32,800 --> 00:08:30,090
where I think I should be going to get

208
00:08:35,140 --> 00:08:32,810
back but that doesn't take us there

209
00:08:37,870 --> 00:08:35,150
it's been a while we need to get back to

210
00:08:40,570 --> 00:08:37,880
make the graduation I know that we are

211
00:08:42,459 --> 00:08:40,580
in State Forest Territory so if we walk

212
00:08:45,250 --> 00:08:42,469
in the wrong direction we won't see any

213
00:08:47,590 --> 00:08:45,260

civilization for dozens of miles can't

214

00:08:49,450 --> 00:08:47,600

hear any cars since we are so far away

215

00:08:51,790 --> 00:08:49,460

from roads otherwise that would help

216

00:08:54,450 --> 00:08:51,800

after what seemed like forever we

217

00:08:57,220 --> 00:08:54,460

stumble into a clearing like mowed grass

218

00:08:58,690 --> 00:08:57,230

that's on a hill that looks like it

219

00:09:01,660 --> 00:08:58,700

would be good for sledding in the winter

220

00:09:04,329 --> 00:09:01,670

the hill has a drop-off on either side

221

00:09:06,400 --> 00:09:04,339

that has plenty of trees so there would

222

00:09:08,650 --> 00:09:06,410

be trees rooted in the drop-off area

223

00:09:10,660 --> 00:09:08,660

that would have branches at ankle level

224

00:09:12,550 --> 00:09:10,670

on the hill depending on how high up the

225

00:09:13,060 --> 00:09:12,560

hill you were and that's when it

226
00:09:15,220 --> 00:09:13,070
happened

227
00:09:16,870 --> 00:09:15,230
we heard this sound like when you are

228
00:09:18,720 --> 00:09:16,880
close to a horse that's breathing

229
00:09:22,120 --> 00:09:18,730
heavily and it stopped us in our tracks

230
00:09:24,100 --> 00:09:22,130
that seemed unnatural it was not the

231
00:09:27,040 --> 00:09:24,110
kind of sound that you would expect to

232
00:09:29,230 --> 00:09:27,050
hear in that moment it was creepy we

233
00:09:32,110 --> 00:09:29,240
were not close to any animals that we

234
00:09:34,570 --> 00:09:32,120
knew of we were in a clearing and then

235
00:09:36,340 --> 00:09:34,580
we saw it about a quarter of the way up

236
00:09:39,310 --> 00:09:36,350
the hill one of the tree branches from

237
00:09:42,160 --> 00:09:39,320
the drop-off lifted up and I saw it its

238
00:09:45,130 --> 00:09:42,170

sauce it was just a head but it was

239

00:09:48,340 --> 00:09:45,140

plain as day large hairy and snorting

240

00:09:51,160 --> 00:09:48,350

and just like that it went away we were

241

00:09:53,680 --> 00:09:51,170

terrified so we ran the mode Hill was a

242

00:09:55,540 --> 00:09:53,690

part of a farm and we found the driveway

243

00:09:58,150 --> 00:09:55,550

which lead to a road which lead to

244

00:10:00,240 --> 00:09:58,160

another road that I knew and we got back

245

00:10:03,550 --> 00:10:00,250

to my home in time for the graduation

246

00:10:06,520 --> 00:10:03,560

nobody believed us to this day nobody

247

00:10:08,620 --> 00:10:06,530

believes me I know that old farmers and

248

00:10:11,170 --> 00:10:08,630

hairy old hippies are just a part of the

249

00:10:13,510 --> 00:10:11,180

tapestry of culture in that area I know

250

00:10:15,730 --> 00:10:13,520

them I've spent time sitting around

251

00:10:18,340 --> 00:10:15,740

their fires while drinking and telling

252

00:10:21,250 --> 00:10:18,350

stories to each other this was not them

253

00:10:22,960 --> 00:10:21,260

this was not a person this was not a

254

00:10:25,750 --> 00:10:22,970

bear or any other animal that I know

255

00:10:28,210 --> 00:10:25,760

this was something that I've never seen

256

00:10:34,440 --> 00:10:28,220

before and I hope to someday see again

257

00:10:38,590 --> 00:10:36,510

you

258

00:10:43,950 --> 00:10:41,310

Bigfoot families seniors army Fort Knox

259

00:10:45,810 --> 00:10:43,960

Kentucky I came across your website and

260

00:10:48,360 --> 00:10:45,820

want to share what I experienced about

261

00:10:51,060 --> 00:10:48,370

15 years ago I live in a rural area

262

00:10:52,590 --> 00:10:51,070

southwest of Louisville Kentucky I was a

263

00:10:55,170 --> 00:10:52,600

firefighter for a small volunteer

264

00:10:57,900 --> 00:10:55,180

department we got called by the fire

265

00:10:59,640 --> 00:10:57,910

department on Fort Knox army base to

266

00:11:01,680 --> 00:10:59,650

inform us that there was a fire heading

267

00:11:04,080 --> 00:11:01,690

north out of base towards our district I

268

00:11:05,850 --> 00:11:04,090

was in the four-by-four field unit going

269

00:11:08,070 --> 00:11:05,860

along a dirt road on the inside of the

270

00:11:10,080 --> 00:11:08,080

border when we came around a bend it was

271

00:11:11,430 --> 00:11:10,090

smoky but you could easily see something

272

00:11:14,730 --> 00:11:11,440

standing in the middle of the road

273

00:11:16,650 --> 00:11:14,740

looking towards us we were 150 to 200

274

00:11:18,810 --> 00:11:16,660

feet away when it let out a deep and I

275

00:11:20,760 --> 00:11:18,820

mean deep bellow grunts then I saw a

276

00:11:22,920 --> 00:11:20,770

medium sized creature step out of

277

00:11:24,690 --> 00:11:22,930

treeline with two smaller ones the

278

00:11:26,670 --> 00:11:24,700

family group of Bigfoot quickly rushed

279

00:11:28,590 --> 00:11:26,680

north over the fence and out of sight

280

00:11:30,780 --> 00:11:28,600

the first one was seven to eight foot

281

00:11:33,450 --> 00:11:30,790

tall matted brown black hair weighed

282

00:11:35,370 --> 00:11:33,460

unknown the medium size was definitely a

283

00:11:37,710 --> 00:11:35,380

female due to the weighed actor towards

284

00:11:40,110 --> 00:11:37,720

the little ones it was easily six and a

285

00:11:42,000 --> 00:11:40,120

half foot with a slender build the small

286

00:11:44,190 --> 00:11:42,010

ones were five to six feet tall and

287

00:11:46,200 --> 00:11:44,200

skinny the area north of where we saw

288

00:11:48,570 --> 00:11:46,210

them has multiple areas for them to hide

289

00:11:51,030 --> 00:11:48,580

with hills and forests and valleys all

290

00:11:52,530 --> 00:11:51,040

over the area the firefighter I was with

291

00:11:54,390 --> 00:11:52,540

agreed to not mentioned it to the

292

00:11:56,700 --> 00:11:54,400

department I have in the years since

293

00:12:03,910 --> 00:11:56,710

heard of other encounters within a 10 to

294

00:12:09,500 --> 00:12:07,160

this is lawn Strickler if you like this

295

00:12:12,290 --> 00:12:09,510

program it would help us if you would

296

00:12:14,840 --> 00:12:12,300

give it a thumbs up then subscribe and

297

00:12:17,210 --> 00:12:14,850

click the bell icon so you get

298

00:12:19,940 --> 00:12:17,220

notification when we upload new first

299

00:12:23,150 --> 00:12:19,950

person encounters we have many more to

300

00:12:25,880 --> 00:12:23,160

come very soon and by the way if you
