

ARCANE RADIO 

Exploring the Unexplained 

Sept. 7th, 2014

Linda Godfrey

Author, 'American Monsters'

Arcane Radio Episode 1

BXP

1
00:00:04,550 --> 00:00:01,750
good evening folks welcome to arcane

2
00:00:07,590 --> 00:00:04,560
radio as always i'm sean forker

3
00:00:10,150 --> 00:00:07,600
uh sitting in a remote location

4
00:00:12,470 --> 00:00:10,160
where parts in parts unknown mr lon

5
00:00:17,029 --> 00:00:12,480
strickler lon how are we doing tonight

6
00:00:17,830 --> 00:00:17,039
yeah i am kind of lost oh i'm doing fine

7
00:00:19,910 --> 00:00:17,840
uh

8
00:00:21,269 --> 00:00:19,920
yeah we're you know we're getting ready

9
00:00:25,750 --> 00:00:21,279
to uh

10
00:00:28,310 --> 00:00:25,760
uh have a great interview tonight and uh

11
00:00:29,669 --> 00:00:28,320
you know get this show rolling and uh

12
00:00:30,870 --> 00:00:29,679
you know our we've been oh we've had a

13
00:00:33,830 --> 00:00:30,880

great response this week

14

00:00:35,350 --> 00:00:33,840

really yeah gosh the outpouring from the

15

00:00:37,990 --> 00:00:35,360

listeners has been phenomenal we

16

00:00:40,709 --> 00:00:38,000

appreciate you all tuning in so far

17

00:00:42,549 --> 00:00:40,719

uh to and those of you that have sent us

18

00:00:44,790 --> 00:00:42,559

feedback we thank you very much in fact

19

00:00:47,590 --> 00:00:44,800

today lon on our facebook page

20

00:00:49,830 --> 00:00:47,600

i put a note up folks if you have

21

00:00:51,350 --> 00:00:49,840

feedback for our shows please email us

22

00:00:54,549 --> 00:00:51,360

at feedback

23

00:00:55,590 --> 00:00:54,559

at arcaneradio.com and that way it gets

24

00:00:57,910 --> 00:00:55,600

the lot and i

25

00:00:59,029 --> 00:00:57,920

so he and i can start making

26

00:01:00,229 --> 00:00:59,039

improvements to the show to make it a

27

00:01:01,990 --> 00:01:00,239

better listening experience for you

28

00:01:05,109 --> 00:01:02,000

because as always this show is for you

29

00:01:06,550 --> 00:01:05,119

the listener oh absolutely yeah

30

00:01:08,230 --> 00:01:06,560

and that's what we want you know we want

31

00:01:09,270 --> 00:01:08,240

this you know we're not going to

32

00:01:12,390 --> 00:01:09,280

progress

33

00:01:14,550 --> 00:01:12,400

uh unless you're happy about it so um

34

00:01:16,710 --> 00:01:14,560

you know if you have anything even if

35

00:01:18,870 --> 00:01:16,720

you have questions for the uh

36

00:01:21,109 --> 00:01:18,880

the guests and all uh just let us know

37

00:01:23,670 --> 00:01:21,119

and we'll do what we can

38

00:01:24,469 --> 00:01:23,680

that's right uh we're a little organized

39

00:01:26,390 --> 00:01:24,479

here at

40

00:01:28,310 --> 00:01:26,400

arcane radio got a lot of different

41

00:01:29,350 --> 00:01:28,320

avenues of way to contact us but we want

42

00:01:30,950 --> 00:01:29,360

to make sure

43

00:01:32,390 --> 00:01:30,960

that you have the best ways to get a

44

00:01:32,950 --> 00:01:32,400

hold of us because one of us is always

45

00:01:35,190 --> 00:01:32,960

available

46

00:01:37,510 --> 00:01:35,200

checking the emails they go to us i get

47

00:01:40,870 --> 00:01:37,520

them everywhere on my phone my ipad

48

00:01:42,710 --> 00:01:40,880

my laptops anywhere i'm at i get it

49

00:01:44,069 --> 00:01:42,720

well you and i connected most of the day

50

00:01:46,310 --> 00:01:44,079

anyway so you know you know

51
00:01:47,429 --> 00:01:46,320
you get something i get some one of us

52
00:01:49,030 --> 00:01:47,439
is going to find both of us going to

53
00:01:51,590 --> 00:01:49,040
find out about it eventually so

54
00:01:53,190 --> 00:01:51,600
uh that's right we got a lot of talk

55
00:01:53,990 --> 00:01:53,200
about this week though yeah we really

56
00:01:55,590 --> 00:01:54,000
did

57
00:01:57,190 --> 00:01:55,600
how about joan rivers passing away long

58
00:02:00,310 --> 00:01:57,200
we talked about that but it's a shame

59
00:02:01,910 --> 00:02:00,320
it really is a shame you know uh you

60
00:02:02,870 --> 00:02:01,920
know she's had her detractors over the

61
00:02:05,030 --> 00:02:02,880
years but

62
00:02:06,709 --> 00:02:05,040
you know i saw a real weird picture yeah

63
00:02:08,389 --> 00:02:06,719

idea of her and robin williams and i

64

00:02:10,790 --> 00:02:08,399

thought oh my god isn't that something

65

00:02:13,430 --> 00:02:10,800

yeah it was so bizarre to see that two

66

00:02:15,510 --> 00:02:13,440

comedy icons just kind of

67

00:02:18,070 --> 00:02:15,520

passing into the unknown it was really

68

00:02:20,309 --> 00:02:18,080

sad yeah

69

00:02:22,869 --> 00:02:20,319

but uh you know i it's been a good week

70

00:02:25,270 --> 00:02:22,879

over fans of monsters i have

71

00:02:26,390 --> 00:02:25,280

i have had some very good response

72

00:02:31,509 --> 00:02:26,400

people sending things

73

00:02:34,830 --> 00:02:31,519

in as well i i found an easter egg

74

00:02:36,229 --> 00:02:34,840

i found an old file from night from

75

00:02:38,790 --> 00:02:36,239

2004.

76
00:02:41,110 --> 00:02:38,800
and uh there were a bunch of stories in

77
00:02:43,110 --> 00:02:41,120
there i had

78
00:02:44,150 --> 00:02:43,120
from some interviews i had done down in

79
00:02:46,470 --> 00:02:44,160
florida

80
00:02:48,390 --> 00:02:46,480
when i was down there that that spring

81
00:02:50,949 --> 00:02:48,400
when that fall i'm sorry

82
00:02:52,630 --> 00:02:50,959
and uh no down there spring because i

83
00:02:56,309 --> 00:02:52,640
went down to spring training

84
00:02:57,990 --> 00:02:56,319
and uh we were um you know in that

85
00:02:59,750 --> 00:02:58,000
and some other things i had gotten from

86
00:03:01,990 --> 00:02:59,760
other people so

87
00:03:03,270 --> 00:03:02,000
you know it's i'll put some of them in

88
00:03:05,270 --> 00:03:03,280

the uh on the

89

00:03:06,790 --> 00:03:05,280

on the blog i might put some of them in

90

00:03:10,229 --> 00:03:06,800

the next book or

91

00:03:11,750 --> 00:03:10,239

you know whatever i do and uh so there's

92

00:03:14,309 --> 00:03:11,760

some new material coming

93

00:03:14,869 --> 00:03:14,319

yeah and i'm excited to read it i tune

94

00:03:18,550 --> 00:03:14,879

in

95

00:03:20,390 --> 00:03:18,560

monsters every day

96

00:03:22,309 --> 00:03:20,400

to get my daily dose of the paranormal

97

00:03:23,110 --> 00:03:22,319

because it's on there you keep up with

98

00:03:26,470 --> 00:03:23,120

it

99

00:03:28,710 --> 00:03:26,480

too

100

00:03:30,470 --> 00:03:28,720

you know i've been i have been getting a

101
00:03:32,710 --> 00:03:30,480
lot of uh

102
00:03:34,869 --> 00:03:32,720
response from people that don't wouldn't

103
00:03:36,149 --> 00:03:34,879
normally have called me and it's because

104
00:03:37,190 --> 00:03:36,159
i think it's because of the ship because

105
00:03:38,949 --> 00:03:37,200
there have been a lot of people

106
00:03:40,789 --> 00:03:38,959
listening to the show this week

107
00:03:42,630 --> 00:03:40,799
uh and of course it was just the preview

108
00:03:43,190 --> 00:03:42,640
show but i think people liked what they

109
00:03:45,190 --> 00:03:43,200
heard

110
00:03:46,550 --> 00:03:45,200
and uh they you know they were

111
00:03:48,789 --> 00:03:46,560
contacting me

112
00:03:49,670 --> 00:03:48,799
had a lot of people sign up as friends

113
00:03:52,869 --> 00:03:49,680

this week

114

00:03:54,630 --> 00:03:52,879

i think i picked up about 60 people so

115

00:03:55,990 --> 00:03:54,640

uh it's been with me on that i i've

116

00:03:58,830 --> 00:03:56,000

picked up quite a few myself

117

00:03:59,990 --> 00:03:58,840

yeah it's been it's been good so uh you

118

00:04:04,869 --> 00:04:00,000

know

119

00:04:06,229 --> 00:04:04,879

want and we'll do what we can

120

00:04:07,910 --> 00:04:06,239

most definitely our echoes long

121

00:04:10,309 --> 00:04:07,920

sentiment on that uh

122

00:04:12,149 --> 00:04:10,319

interesting story that was an addition

123

00:04:13,350 --> 00:04:12,159

it was in addition to last week our

124

00:04:16,789 --> 00:04:13,360

preview show long was

125

00:04:21,349 --> 00:04:16,799

the ufos near harrisburg

126
00:04:24,150 --> 00:04:21,359
a police officer also observed it

127
00:04:26,310 --> 00:04:24,160
yeah it's kind of wild i uh you had sent

128
00:04:28,629 --> 00:04:26,320
me that video the other day

129
00:04:30,230 --> 00:04:28,639
and uh it was kind of like a follow-up

130
00:04:32,310 --> 00:04:30,240
to it and

131
00:04:33,749 --> 00:04:32,320
they don't know what they saw and but

132
00:04:35,350 --> 00:04:33,759
the fact that

133
00:04:37,749 --> 00:04:35,360
you know the police officers

134
00:04:40,710 --> 00:04:37,759
acknowledged it which is very rare

135
00:04:43,030 --> 00:04:40,720
unless you know a police officer had

136
00:04:44,310 --> 00:04:43,040
well and i put a story about a

137
00:04:46,230 --> 00:04:44,320
police officer by the name of george

138
00:04:48,629 --> 00:04:46,240

wheeler had a personal experience

139

00:04:50,950 --> 00:04:48,639

many years ago but unless it's something

140

00:04:54,550 --> 00:04:50,960

like that an actual close encounter

141

00:04:57,590 --> 00:04:54,560

you very rarely hear police officers or

142

00:05:01,749 --> 00:04:57,600

public officials mentioning ufos

143

00:05:03,990 --> 00:05:01,759

uh it is it's very rare career suicide

144

00:05:05,029 --> 00:05:04,000

a lot that's what they say that's what

145

00:05:07,189 --> 00:05:05,039

they say

146

00:05:08,950 --> 00:05:07,199

and uh that very well may be i think

147

00:05:11,830 --> 00:05:08,960

people in the service

148

00:05:12,390 --> 00:05:11,840

had the same stigma as well so yeah that

149

00:05:14,870 --> 00:05:12,400

was uh

150

00:05:16,469 --> 00:05:14,880

very unusual it was and and the fact

151
00:05:18,390 --> 00:05:16,479
like you said somebody in a professional

152
00:05:20,710 --> 00:05:18,400
capacity came forth

153
00:05:22,390 --> 00:05:20,720
and said that they have also observed

154
00:05:24,070 --> 00:05:22,400
this it gives a little bit of validation

155
00:05:25,430 --> 00:05:24,080
to that poor lady who was scared out of

156
00:05:28,469 --> 00:05:25,440
her mind

157
00:05:32,550 --> 00:05:28,479
with what she saw adds

158
00:05:34,950 --> 00:05:32,560
a little bit more complexity to the case

159
00:05:36,550 --> 00:05:34,960
but another interesting story you posted

160
00:05:37,670 --> 00:05:36,560
this week on phantoms and monsters i

161
00:05:39,270 --> 00:05:37,680
read it last night

162
00:05:41,510 --> 00:05:39,280
i should say this morning about 2 am

163
00:05:44,469 --> 00:05:41,520

because i don't sleep anymore

164

00:05:45,830 --> 00:05:44,479

the boy in the mangrove yeah yeah that

165

00:05:49,270 --> 00:05:45,840

was a hell of a story

166

00:05:50,870 --> 00:05:49,280

that was a story i actually had um i had

167

00:05:54,150 --> 00:05:50,880

written from memory

168

00:05:57,430 --> 00:05:54,160

from an interview i did um again like i

169

00:05:59,430 --> 00:05:57,440

said it was in the spring of 2004

170

00:06:00,469 --> 00:05:59,440

and i spent some time traveling through

171

00:06:03,110 --> 00:06:00,479

florida

172

00:06:04,629 --> 00:06:03,120

you know and you know it's interesting

173

00:06:06,469 --> 00:06:04,639

how many stories you can hear from

174

00:06:07,830 --> 00:06:06,479

people by simply asking about their part

175

00:06:09,510 --> 00:06:07,840

of the state they want to tell you

176

00:06:10,710 --> 00:06:09,520

everything they can tell you

177

00:06:12,790 --> 00:06:10,720

you know first of all you got to get

178

00:06:14,230 --> 00:06:12,800

their trust but you know

179

00:06:16,710 --> 00:06:14,240

if you tell them you know you just want

180

00:06:17,909 --> 00:06:16,720

to hear about you know weird stories or

181

00:06:19,590 --> 00:06:17,919

something that happened

182

00:06:21,350 --> 00:06:19,600

or happened to them or happened to

183

00:06:23,189 --> 00:06:21,360

someone they know

184

00:06:26,309 --> 00:06:23,199

they don't uh they don't mind talking to

185

00:06:29,350 --> 00:06:26,319

you i have found that for the most part

186

00:06:30,790 --> 00:06:29,360

excuse me and um so

187

00:06:33,110 --> 00:06:30,800

one of these tales was told me by a

188

00:06:34,309 --> 00:06:33,120

young woman her name was jackie she had

189

00:06:37,590 --> 00:06:34,319

a uh

190

00:06:40,469 --> 00:06:37,600

a vegetable stand near clewiston florida

191

00:06:40,790 --> 00:06:40,479

which is central florida i guess i don't

192

00:06:44,070 --> 00:06:40,800

know

193

00:06:44,629 --> 00:06:44,080

it's south of orlando but anyway we sat

194

00:06:47,830 --> 00:06:44,639

and talked

195

00:06:48,550 --> 00:06:47,840

under a canvas camp canopy because it

196

00:06:51,589 --> 00:06:48,560

was during

197

00:06:53,110 --> 00:06:51,599

an afternoon thunderstorm and people

198

00:06:54,710 --> 00:06:53,120

that lived down in florida have been now

199

00:06:56,710 --> 00:06:54,720

florida know some of this afternoon

200

00:06:57,990 --> 00:06:56,720

thunderstorms just unbelievable it's

201

00:06:59,830 --> 00:06:58,000

just

202

00:07:01,110 --> 00:06:59,840

deluges so you know there's not much you

203

00:07:04,550 --> 00:07:01,120

can really do but stay

204

00:07:05,909 --> 00:07:04,560

stay dry so um you know when she was

205

00:07:08,790 --> 00:07:05,919

taught telling me the story i was trying

206

00:07:10,870 --> 00:07:08,800

to make as many mental notes as possible

207

00:07:12,230 --> 00:07:10,880

and then transformed my thoughts to my

208

00:07:16,070 --> 00:07:12,240

laptop later on

209

00:07:19,430 --> 00:07:16,080

so you know i i uncovered this this

210

00:07:21,589 --> 00:07:19,440

particular narrative in an older file

211

00:07:22,790 --> 00:07:21,599

which uh was located in the deep

212

00:07:27,909 --> 00:07:22,800

recesses of my uh

213

00:07:29,510 --> 00:07:27,919

hard drive so the the story begins on uh

214

00:07:30,950 --> 00:07:29,520

yeah she just and this is the way she

215

00:07:33,350 --> 00:07:30,960

told me the story begins one of those

216

00:07:36,870 --> 00:07:33,360

days when you're genuinely bored

217

00:07:38,790 --> 00:07:36,880

uh then someone comes along tells you

218

00:07:40,790 --> 00:07:38,800

they're doing something that you enjoy

219

00:07:42,950 --> 00:07:40,800

that day but later on the playing kind

220

00:07:44,710 --> 00:07:42,960

of goes in a different direction

221

00:07:46,469 --> 00:07:44,720

so jackie was telling me that when she

222

00:07:52,390 --> 00:07:46,479

was 17

223

00:07:53,029 --> 00:07:52,400

holiday break from school and one

224

00:07:54,950 --> 00:07:53,039

morning

225

00:07:56,469 --> 00:07:54,960

she said she was lying in bed watching

226

00:07:58,790 --> 00:07:56,479

tv

227

00:08:01,029 --> 00:07:58,800

she said my mother walked in and said

228

00:08:03,510 --> 00:08:01,039

that we were going to go canoeing

229

00:08:05,189 --> 00:08:03,520

with my aunt cousin and uh coming along

230

00:08:05,990 --> 00:08:05,199

we're also going to be coming along with

231

00:08:08,150 --> 00:08:06,000

us

232

00:08:09,990 --> 00:08:08,160

so i quickly got out of bed and we all

233

00:08:11,670 --> 00:08:10,000

headed out

234

00:08:14,309 --> 00:08:11,680

when we got there there was hardly

235

00:08:16,390 --> 00:08:14,319

anyone there and it was very breezy and

236

00:08:19,029 --> 00:08:16,400

colder than usual

237

00:08:20,869 --> 00:08:19,039

it um it took my aunt and cousin almost

238

00:08:22,309 --> 00:08:20,879

30 minutes to arrive so

239

00:08:24,469 --> 00:08:22,319

but when they got there we grabbed two

240

00:08:28,230 --> 00:08:24,479

canoes from one of the rental places

241

00:08:30,869 --> 00:08:28,240

my aunt cousin and i got in one canoe um

242

00:08:31,589 --> 00:08:30,879

and my dad pushed us off then my mom dad

243

00:08:33,990 --> 00:08:31,599

and sister

244

00:08:35,990 --> 00:08:34,000

were behind once we were on the water we

245

00:08:37,670 --> 00:08:36,000

started paddling so

246

00:08:40,630 --> 00:08:37,680

we had been in the water i guess about

247

00:08:42,389 --> 00:08:40,640

an hour enjoying the scenery

248

00:08:45,030 --> 00:08:42,399

and the time together when i spotted

249

00:08:47,190 --> 00:08:45,040

something moving in the water

250

00:08:48,870 --> 00:08:47,200

now i looked down into the water and saw

251
00:08:51,990 --> 00:08:48,880
a human figure

252
00:08:53,990 --> 00:08:52,000
swimming beneath us now the water was

253
00:08:55,910 --> 00:08:54,000
extremely shallow and the figure moved

254
00:08:57,430 --> 00:08:55,920
in and out of the mangroves and the

255
00:08:59,990 --> 00:08:57,440
weeds effortlessly and

256
00:09:01,990 --> 00:09:00,000
i looked closely and noticed that it was

257
00:09:05,509 --> 00:09:02,000
a young boy in his early teens with

258
00:09:07,030 --> 00:09:05,519
long blonde hair i gasped in shock and

259
00:09:10,230 --> 00:09:07,040
fear as my family heard me

260
00:09:10,630 --> 00:09:10,240
and showed concern the boy looked at me

261
00:09:14,070 --> 00:09:10,640
with

262
00:09:15,910 --> 00:09:14,080
dark piercing red eyes i sensed evil as

263
00:09:17,910 --> 00:09:15,920

well as sadness

264

00:09:21,590 --> 00:09:17,920

upon seeing him the boy turned his head

265

00:09:25,110 --> 00:09:21,600

and swam away into deeper water

266

00:09:26,870 --> 00:09:25,120

once i realized what had just happened i

267

00:09:28,230 --> 00:09:26,880

and i noticed that my family was around

268

00:09:29,910 --> 00:09:28,240

me they were

269

00:09:31,670 --> 00:09:29,920

asking what's wrong are you okay and i

270

00:09:32,790 --> 00:09:31,680

just nod them ahead yeah i'm just i'm

271

00:09:35,030 --> 00:09:32,800

fine

272

00:09:36,870 --> 00:09:35,040

when i gathered my senses i thought that

273

00:09:37,350 --> 00:09:36,880

maybe i saw something else in the water

274

00:09:41,430 --> 00:09:37,360

but

275

00:09:42,949 --> 00:09:41,440

nothing i replied

276

00:09:45,030 --> 00:09:42,959

my mom said okay and then we all

277

00:09:47,110 --> 00:09:45,040

continued on our sightseeing

278

00:09:49,190 --> 00:09:47,120

but only a few minutes had passed when

279

00:09:51,030 --> 00:09:49,200

something else occurred

280

00:09:52,949 --> 00:09:51,040

i was looking all around enjoying the

281

00:09:55,990 --> 00:09:52,959

scenery when i saw the boy again

282

00:09:57,590 --> 00:09:56,000

now this time i focused my eyes through

283

00:10:00,070 --> 00:09:57,600

a thick layer

284

00:10:02,829 --> 00:10:00,080

of mangrove trees and saw the boys

285

00:10:04,949 --> 00:10:02,839

staring back at me with a scowling angry

286

00:10:08,310 --> 00:10:04,959

face uh this time he had

287

00:10:09,350 --> 00:10:08,320

large black bright red eyes glaring back

288

00:10:12,389 --> 00:10:09,360

at me

289

00:10:15,269 --> 00:10:12,399

i immediately got the feeling that

290

00:10:16,949 --> 00:10:15,279

we had passed through his territory and

291

00:10:19,030 --> 00:10:16,959

that we needed to get out of there as

292

00:10:22,310 --> 00:10:19,040

soon as possible

293

00:10:24,630 --> 00:10:22,320

we had entered an open area of the river

294

00:10:26,550 --> 00:10:24,640

but i was still focused on the boy in

295

00:10:27,509 --> 00:10:26,560

the mangrove the wind started to pick up

296

00:10:29,670 --> 00:10:27,519

quickly

297

00:10:31,829 --> 00:10:29,680

and the temperature started to drop now

298

00:10:34,630 --> 00:10:31,839

my cousin was standing

299

00:10:36,470 --> 00:10:34,640

in the canoe taking a video of the area

300

00:10:38,389 --> 00:10:36,480

with her video camera

301
00:10:39,990 --> 00:10:38,399
uh my aunt was holding onto her legs

302
00:10:42,310 --> 00:10:40,000
from behind

303
00:10:44,069 --> 00:10:42,320
and as i continued staring at the boy

304
00:10:46,470 --> 00:10:44,079
the wind got worse

305
00:10:47,750 --> 00:10:46,480
the boots tips lately and my cousin lost

306
00:10:50,790 --> 00:10:47,760
their bounds

307
00:10:52,949 --> 00:10:50,800
and fell into the water i quickly looked

308
00:10:54,310 --> 00:10:52,959
away from the boy as i watched my cousin

309
00:10:57,590 --> 00:10:54,320
tumble into the water

310
00:11:00,949 --> 00:10:57,600
i stood i stood and reached out my arm

311
00:11:04,150 --> 00:11:00,959
to my cousin then i remembered

312
00:11:06,230 --> 00:11:04,160
his e and his evil expression

313
00:11:08,710 --> 00:11:06,240

i looked back at the mangrove where i

314

00:11:11,350 --> 00:11:08,720

had seen him before he wasn't there

315

00:11:12,949 --> 00:11:11,360

i panicked i needed to reach my cousin

316

00:11:14,550 --> 00:11:12,959

as soon as possible and pull her back

317

00:11:17,829 --> 00:11:14,560

into the boat

318

00:11:20,710 --> 00:11:17,839

the boy was gone and i feared he would

319

00:11:22,630 --> 00:11:20,720

do harm to my cousin she was desperately

320

00:11:25,110 --> 00:11:22,640

trying to grab mine in my aunt's

321

00:11:27,750 --> 00:11:25,120

hands to get back on the boat i was

322

00:11:29,509 --> 00:11:27,760

screaming loudly get out get out

323

00:11:31,269 --> 00:11:29,519

she finally reached my hand and i

324

00:11:32,710 --> 00:11:31,279

quickly pulled her back in the boat and

325

00:11:34,470 --> 00:11:32,720

she was fine

326

00:11:36,389 --> 00:11:34,480

but i was shaking and more upset than

327

00:11:39,110 --> 00:11:36,399

her

328

00:11:40,389 --> 00:11:39,120

after a few minutes i told everyone that

329

00:11:41,990 --> 00:11:40,399

i wanted to go back

330

00:11:43,829 --> 00:11:42,000

i was worried for the remainder of our

331

00:11:45,829 --> 00:11:43,839

time on the water

332

00:11:47,990 --> 00:11:45,839

when we finally get back to the door i

333

00:11:49,829 --> 00:11:48,000

just happened to spot the boy again

334

00:11:51,430 --> 00:11:49,839

as he raised up in the little hanging

335

00:11:53,670 --> 00:11:51,440

mangrove

336

00:11:54,470 --> 00:11:53,680

he gave me a hideous wink and roll his

337

00:11:57,190 --> 00:11:54,480

eyes back

338

00:11:58,230 --> 00:11:57,200

as he faded away it made me shudder and

339

00:12:01,750 --> 00:11:58,240

horror

340

00:12:03,750 --> 00:12:01,760

then suddenly i heard ouch my back hurts

341

00:12:06,069 --> 00:12:03,760

my cousin was in pain and yelled out

342

00:12:09,190 --> 00:12:06,079

just after the boy faded away

343

00:12:11,750 --> 00:12:09,200

i looked at her shirt and to everyone's

344

00:12:13,350 --> 00:12:11,760

shocker her entire back was a huge black

345

00:12:15,110 --> 00:12:13,360

and blue bruise

346

00:12:16,870 --> 00:12:15,120

everywhere you looked on her back she

347

00:12:18,470 --> 00:12:16,880

had dark marks

348

00:12:20,470 --> 00:12:18,480

i don't even remember getting hurt she

349

00:12:22,790 --> 00:12:20,480

said well i told her i said you you must

350

00:12:24,870 --> 00:12:22,800

hit a stump under the water or something

351

00:12:26,710 --> 00:12:24,880

but i knew full well the boy had

352

00:12:28,870 --> 00:12:26,720

something to do with it

353

00:12:30,389 --> 00:12:28,880

my aunt was emotionally beside herself

354

00:12:32,150 --> 00:12:30,399

and insist that we go

355

00:12:34,150 --> 00:12:32,160

to the hospital so my cousin could be

356

00:12:35,990 --> 00:12:34,160

treated

357

00:12:38,150 --> 00:12:36,000

several years later i returned to the

358

00:12:40,389 --> 00:12:38,160

canoe rail place it was now a bait and

359

00:12:42,550 --> 00:12:40,399

tackle store with docks

360

00:12:44,230 --> 00:12:42,560

i asked some of the men working on a

361

00:12:45,350 --> 00:12:44,240

boat motor about the history of the

362

00:12:48,150 --> 00:12:45,360

place after telling them

363

00:12:50,230 --> 00:12:48,160

of my previous experience there they

364

00:12:52,949 --> 00:12:50,240

told me that many years ago

365

00:12:53,829 --> 00:12:52,959

a boy in his teens was playing around

366

00:12:55,430 --> 00:12:53,839

with his friends

367

00:12:56,949 --> 00:12:55,440

in the same area with my family i had

368

00:12:58,710 --> 00:12:56,959

been canoeing

369

00:13:00,310 --> 00:12:58,720

one of his friends placed a bet with him

370

00:13:01,190 --> 00:13:00,320

to see if he could hold his breath the

371

00:13:02,550 --> 00:13:01,200

longest

372

00:13:04,870 --> 00:13:02,560

or see who could hold their breath the

373

00:13:06,949 --> 00:13:04,880

longest the boy was a

374

00:13:08,230 --> 00:13:06,959

from a poor family and won the money

375

00:13:09,990 --> 00:13:08,240

desperately

376

00:13:12,629 --> 00:13:10,000

after they competed the friend noticed

377

00:13:14,550 --> 00:13:12,639

that his partner was floating face down

378

00:13:16,230 --> 00:13:14,560

when he touched him to tell him he won

379

00:13:17,829 --> 00:13:16,240

there was no reaction

380

00:13:20,949 --> 00:13:17,839

he quickly pulled him out of the water

381

00:13:22,870 --> 00:13:20,959

then went to get help the poor boy

382

00:13:24,629 --> 00:13:22,880

had warned the money so badly that he

383

00:13:25,670 --> 00:13:24,639

drowned in an attempt to hold his breath

384

00:13:28,470 --> 00:13:25,680

longer than

385

00:13:29,990 --> 00:13:28,480

than his friend when his parents learned

386

00:13:31,750 --> 00:13:30,000

that her son's death

387

00:13:33,670 --> 00:13:31,760

they were so distraught that both

388

00:13:35,110 --> 00:13:33,680

committed suicide before the boy was

389

00:13:38,310 --> 00:13:35,120

buried

390

00:13:42,150 --> 00:13:38,320

no one knows what happened to the body

391

00:13:43,670 --> 00:13:42,160

the boy's body weird i walked toward one

392

00:13:46,470 --> 00:13:43,680

of the docks and looked out over the

393

00:13:48,629 --> 00:13:46,480

thick mangroves and there he was

394

00:13:50,310 --> 00:13:48,639

i clearly saw him standing there with

395

00:13:52,389 --> 00:13:50,320

his long blonde hair

396

00:13:54,389 --> 00:13:52,399

looking at me with sorrow on his face

397

00:13:57,350 --> 00:13:54,399

but this time

398

00:13:57,590 --> 00:13:57,360

he had light blue eyes i smiled at him

399

00:14:00,790 --> 00:13:57,600

and

400

00:14:02,870 --> 00:14:00,800

then waved i turned to walk away quickly

401

00:14:04,629 --> 00:14:02,880

glancing back in this direction

402

00:14:07,110 --> 00:14:04,639

the boy was gone but i knew he'd be

403

00:14:09,189 --> 00:14:07,120

there forever

404

00:14:10,710 --> 00:14:09,199

uh that was a good story that was kind

405

00:14:12,470 --> 00:14:10,720

of a freaky story too when i

406

00:14:14,230 --> 00:14:12,480

you know i i remember getting goosebumps

407

00:14:17,110 --> 00:14:14,240

and she was telling me

408

00:14:19,189 --> 00:14:17,120

uh yeah i read it early this morning so

409

00:14:22,230 --> 00:14:19,199

it was really uh

410

00:14:23,910 --> 00:14:22,240

really kind of chilling yeah that's

411

00:14:26,550 --> 00:14:23,920

the first time i've heard of of

412

00:14:30,150 --> 00:14:26,560

situations like that

413

00:14:33,189 --> 00:14:30,160

well you know you know

414

00:14:35,829 --> 00:14:33,199

a discord spirit for the most part

415

00:14:37,670 --> 00:14:35,839

you know especially with the death a

416

00:14:41,110 --> 00:14:37,680

sudden death

417

00:14:42,949 --> 00:14:41,120

uh the energy stays around and for the

418

00:14:47,110 --> 00:14:42,959

most part when somebody dies

419

00:14:49,910 --> 00:14:47,120

the energy does stay on you know stay

420

00:14:51,509 --> 00:14:49,920

in a specific specific area on our plane

421

00:14:53,750 --> 00:14:51,519

it does that i mean you know

422

00:14:55,910 --> 00:14:53,760

but very rarely doesn't show up as you

423

00:14:58,790 --> 00:14:55,920

know manifest itself into

424

00:14:59,910 --> 00:14:58,800

into an apparition now for a lengthy

425

00:15:02,069 --> 00:14:59,920

period of time

426

00:15:03,670 --> 00:15:02,079

yeah and for the fact and the fact that

427

00:15:05,990 --> 00:15:03,680

she saw this thing underwater and

428

00:15:09,670 --> 00:15:06,000

outside the water

429

00:15:13,110 --> 00:15:09,680

just tends to make me think that this

430

00:15:15,430 --> 00:15:13,120

may have been something else uh

431

00:15:17,110 --> 00:15:15,440

this may have it was definitely spirit

432

00:15:18,870 --> 00:15:17,120

involved

433

00:15:20,230 --> 00:15:18,880

but there may have been something else

434

00:15:23,670 --> 00:15:20,240

with it and you know

435

00:15:25,509 --> 00:15:23,680

occasionally you will get these type of

436

00:15:28,389 --> 00:15:25,519

these incidents where you know people

437

00:15:31,030 --> 00:15:28,399

see these um

438

00:15:31,509 --> 00:15:31,040

see a manifestation like this in or out

439

00:15:35,030 --> 00:15:31,519

in

440

00:15:36,949 --> 00:15:35,040

than

441

00:15:38,829 --> 00:15:36,959

just you know where the person had

442

00:15:41,670 --> 00:15:38,839

passed away at

443

00:15:43,430 --> 00:15:41,680

uh it's it's it's just it's it's a

444

00:15:46,230 --> 00:15:43,440

strange story it really is

445

00:15:47,829 --> 00:15:46,240

i i i had all completely forgotten about

446

00:15:51,350 --> 00:15:47,839

i was glad i found it

447

00:15:53,189 --> 00:15:51,360

but um i do remember now when she

448

00:15:54,790 --> 00:15:53,199

when she told it to me it kind of

449

00:15:57,829 --> 00:15:54,800

freaked me out it was a good read

450

00:15:59,829 --> 00:15:57,839

it really was a exceptional story

451
00:16:01,990 --> 00:15:59,839
and i think the folks that read phantoms

452
00:16:04,150 --> 00:16:02,000
and monsters and listen to arcane radio

453
00:16:05,030 --> 00:16:04,160
appreciate those kind of stories and it

454
00:16:06,550 --> 00:16:05,040
is a mystery

455
00:16:08,230 --> 00:16:06,560
and who knows maybe somebody listening

456
00:16:09,509 --> 00:16:08,240
to this we'll have a little bit more

457
00:16:12,230 --> 00:16:09,519
information to add to it

458
00:16:13,030 --> 00:16:12,240
yeah oh absolutely you know this may be

459
00:16:15,829 --> 00:16:13,040
you know and that

460
00:16:16,470 --> 00:16:15,839
and that's what i'd like to know if uh

461
00:16:18,870 --> 00:16:16,480
you know i

462
00:16:21,749 --> 00:16:18,880
now she didn't give me a com an actual

463
00:16:25,749 --> 00:16:21,759

location she told me all she told me was

464

00:16:28,870 --> 00:16:25,759

it was uh some place to the

465

00:16:31,189 --> 00:16:28,880

to the west of where lewiston was in

466

00:16:33,350 --> 00:16:31,199

uh one of the rivers so i'm thinking

467

00:16:36,389 --> 00:16:33,360

maybe around the uh

468

00:16:38,389 --> 00:16:36,399

the tampa uh

469

00:16:39,509 --> 00:16:38,399

st petersburg area maybe one of those

470

00:16:43,509 --> 00:16:39,519

rivers

471

00:16:45,509 --> 00:16:43,519

one of those uh

472

00:16:47,509 --> 00:16:45,519

you know mangrove rivers rivers got a

473

00:16:49,990 --> 00:16:47,519

lot of mangroves in them

474

00:16:51,430 --> 00:16:50,000

so uh you know maybe you know somebody

475

00:16:54,230 --> 00:16:51,440

knows something that definitely that i

476

00:16:57,590 --> 00:16:54,240

wish would go away

477

00:16:58,790 --> 00:16:57,600

is the mk davis bluff creek massacre

478

00:17:02,790 --> 00:16:58,800

theory lon

479

00:17:06,870 --> 00:17:02,800

uh this this came out i want to say

480

00:17:11,829 --> 00:17:06,880

lord i can remember it was 2009 perhaps

481

00:17:13,710 --> 00:17:11,839

yeah that sounds about right um

482

00:17:14,949 --> 00:17:13,720

yeah that does sound about right

483

00:17:17,110 --> 00:17:14,959

2009-2010

484

00:17:18,949 --> 00:17:17,120

it first popped up at the ohio bigfoot

485

00:17:20,630 --> 00:17:18,959

conference

486

00:17:22,789 --> 00:17:20,640

and the issue i have with it you know mk

487

00:17:24,309 --> 00:17:22,799

davis is a nice guy i've talked with mk

488

00:17:25,990 --> 00:17:24,319

davis on several occasions i've

489

00:17:28,150 --> 00:17:26,000

interviewed mk davis

490

00:17:30,870 --> 00:17:28,160

on several occasions specifically about

491

00:17:33,270 --> 00:17:30,880

the the massacre

492

00:17:34,870 --> 00:17:33,280

quote unquote whoever coined it to be

493

00:17:35,990 --> 00:17:34,880

the massacre that's what it is known as

494

00:17:36,310 --> 00:17:36,000

now so that's what we're going to call

495

00:17:37,909 --> 00:17:36,320

it

496

00:17:39,430 --> 00:17:37,919

gets a lot of bigfooters up in arms

497

00:17:41,669 --> 00:17:39,440

because it does attack the characters of

498

00:17:43,510 --> 00:17:41,679

roger patterson and bob gimlin

499

00:17:46,630 --> 00:17:43,520

another gentleman involved where they

500

00:17:48,870 --> 00:17:46,640

slaughtered a bigfoot family and

501
00:17:49,990 --> 00:17:48,880
buried the remains and that's that and

502
00:17:52,470 --> 00:17:50,000
that's the story

503
00:17:55,029 --> 00:17:52,480
and apparently these things are evident

504
00:17:57,669 --> 00:17:55,039
by color correction and

505
00:17:58,549 --> 00:17:57,679
manipulation regardless of what folks

506
00:18:00,390 --> 00:17:58,559
say when you

507
00:18:01,590 --> 00:18:00,400
add color or take away color whatever

508
00:18:03,029 --> 00:18:01,600
you're doing to that photo you are

509
00:18:05,510 --> 00:18:03,039
manipulating it

510
00:18:06,470 --> 00:18:05,520
to get the details out of it from which

511
00:18:08,070 --> 00:18:06,480
you want

512
00:18:09,750 --> 00:18:08,080
i think that's the situation of what it

513
00:18:10,870 --> 00:18:09,760

is when you spend so much time working

514

00:18:13,029 --> 00:18:10,880

on something

515

00:18:14,789 --> 00:18:13,039

and playing around with it you know as

516

00:18:15,510 --> 00:18:14,799

well as i do you see what you want to

517

00:18:20,230 --> 00:18:15,520

see

518

00:18:22,310 --> 00:18:20,240

in this in in the final result

519

00:18:23,750 --> 00:18:22,320

it's getting a lot of people upset i

520

00:18:25,669 --> 00:18:23,760

thought we nailed this in the butt years

521

00:18:28,230 --> 00:18:25,679

ago but here it comes again

522

00:18:29,590 --> 00:18:28,240

all over facebook mk's pushing out uh

523

00:18:33,029 --> 00:18:29,600

new sources and

524

00:18:35,590 --> 00:18:33,039

todd prescott is championing uh

525

00:18:38,549 --> 00:18:35,600

or you know for bob gimlin you know i

526

00:18:40,230 --> 00:18:38,559

understand both sides of the coin i know

527

00:18:41,350 --> 00:18:40,240

you know mk spent a lot of time working

528

00:18:42,470 --> 00:18:41,360

on this and these are the things that

529

00:18:45,430 --> 00:18:42,480

he's seen

530

00:18:47,110 --> 00:18:45,440

and that he's getting from the films i

531

00:18:49,029 --> 00:18:47,120

understand everybody else's

532

00:18:51,270 --> 00:18:49,039

thoughts that you know it's not right

533

00:18:52,630 --> 00:18:51,280

it's baloney science if it is science

534

00:18:55,029 --> 00:18:52,640

your facts are wrong and some of the

535

00:18:57,430 --> 00:18:55,039

facts are indeed in dispute

536

00:18:59,510 --> 00:18:57,440

it's just got to go away man the film's

537

00:19:01,270 --> 00:18:59,520

40 years old

538

00:19:03,510 --> 00:19:01,280

there's not much more we can get out of

539

00:19:04,710 --> 00:19:03,520

it it's never going to change people's

540

00:19:06,070 --> 00:19:04,720

minds

541

00:19:08,870 --> 00:19:06,080

one way or the other that's a real

542

00:19:10,230 --> 00:19:08,880

bigfoot or not it's just time to move on

543

00:19:11,830 --> 00:19:10,240

to something

544

00:19:13,510 --> 00:19:11,840

more practical and that's getting

545

00:19:15,029 --> 00:19:13,520

ourselves educated to collect better

546

00:19:17,110 --> 00:19:15,039

evidence today

547

00:19:18,310 --> 00:19:17,120

but man lon the story just won't

548

00:19:21,190 --> 00:19:18,320

disappear

549

00:19:21,750 --> 00:19:21,200

well the fact that he came out when he

550

00:19:24,549 --> 00:19:21,760

did come

551
00:19:26,150 --> 00:19:24,559
out and were you there when at the

552
00:19:29,430 --> 00:19:26,160
conference when he announced that

553
00:19:33,350 --> 00:19:29,440
i wasn't i wasn't there okay

554
00:19:35,750 --> 00:19:33,360
um you know

555
00:19:36,549 --> 00:19:35,760
i guess his premise and correct me if

556
00:19:40,070 --> 00:19:36,559
i'm wrong

557
00:19:43,590 --> 00:19:40,080
but i think the premise was that gimlin

558
00:19:44,549 --> 00:19:43,600
and patterson had killed either a family

559
00:19:47,669 --> 00:19:44,559
of

560
00:19:51,110 --> 00:19:47,679
bigfoot and that patty

561
00:19:53,270 --> 00:19:51,120
had come to bury them

562
00:19:55,029 --> 00:19:53,280
is it is something to that effect and

563
00:19:56,789 --> 00:19:55,039

they call her on film

564

00:19:58,950 --> 00:19:56,799

my memory is a little shady on this only

565

00:20:00,549 --> 00:19:58,960

because it's been years it's been about

566

00:20:01,510 --> 00:20:00,559

four years or more since we've actually

567

00:20:03,029 --> 00:20:01,520

sat down

568

00:20:05,110 --> 00:20:03,039

looked at it and talked about it and i

569

00:20:06,549 --> 00:20:05,120

never gave too much of it

570

00:20:08,549 --> 00:20:06,559

you know some serious thoughts so i

571

00:20:09,669 --> 00:20:08,559

don't remember the practical details of

572

00:20:11,750 --> 00:20:09,679

it

573

00:20:12,710 --> 00:20:11,760

patty possibly being the one coming to

574

00:20:15,029 --> 00:20:12,720

bury that

575

00:20:16,710 --> 00:20:15,039

the sasquatches that were killed by

576

00:20:20,149 --> 00:20:16,720

patterson gimlin

577

00:20:23,029 --> 00:20:20,159

and maybe others and uh that

578

00:20:25,110 --> 00:20:23,039

the wound or the you know what they call

579

00:20:26,710 --> 00:20:25,120

the blowout on paddy's leg is actually a

580

00:20:29,510 --> 00:20:26,720

bullet wound

581

00:20:29,990 --> 00:20:29,520

uh this that and the other it's just

582

00:20:32,870 --> 00:20:30,000

it's

583

00:20:35,350 --> 00:20:32,880

really stretching well you know if she's

584

00:20:38,070 --> 00:20:35,360

has sustained that kind of injury

585

00:20:39,510 --> 00:20:38,080

she'd be limping as far as i'm concerned

586

00:20:43,110 --> 00:20:39,520

or she should be favoring

587

00:20:44,230 --> 00:20:43,120

the the wound uh it doesn't look like

588

00:20:46,830 --> 00:20:44,240

that

589

00:20:50,549 --> 00:20:46,840

i don't think so no i don't think so

590

00:20:54,230 --> 00:20:53,029

yeah you know you told me that i i quite

591

00:20:57,669 --> 00:20:54,240

frankly i hadn't even

592

00:20:59,909 --> 00:20:57,679

heard you know i don't really

593

00:21:00,710 --> 00:20:59,919

keep up with the uh the hub bubble and

594

00:21:02,789 --> 00:21:00,720

bigfoot

595

00:21:05,430 --> 00:21:02,799

you know on the social network as much

596

00:21:07,750 --> 00:21:05,440

as probably you or other people do but

597

00:21:09,190 --> 00:21:07,760

when you told me that this controversy

598

00:21:10,870 --> 00:21:09,200

came back up again

599

00:21:12,870 --> 00:21:10,880

i was just shaking my head i was telling

600

00:21:16,390 --> 00:21:12,880

my you know you know this was

601
00:21:18,149 --> 00:21:16,400
uh and i mean

602
00:21:19,830 --> 00:21:18,159
you know i remember when i remember when

603
00:21:21,270 --> 00:21:19,840
he announced it up there the ohio

604
00:21:23,190 --> 00:21:21,280
bigfoot conference

605
00:21:25,029 --> 00:21:23,200
and the reactions that were they were

606
00:21:26,630 --> 00:21:25,039
getting online it was like

607
00:21:27,990 --> 00:21:26,640
i didn't know what happened up there it

608
00:21:30,310 --> 00:21:28,000
was i know i thought they might have had

609
00:21:32,470 --> 00:21:30,320
a ride because i know people were upset

610
00:21:33,510 --> 00:21:32,480
oh yes a lot of people were upset by it

611
00:21:35,029 --> 00:21:33,520
and they still are

612
00:21:36,549 --> 00:21:35,039
in fact when i was doing sasquatch

613
00:21:39,750 --> 00:21:36,559

experience and

614

00:21:43,029 --> 00:21:39,760

i want to say 08 or 2010 and again bear

615

00:21:45,430 --> 00:21:43,039

with me because it's been a while

616

00:21:46,950 --> 00:21:45,440

we had mk on the talk about it and it

617

00:21:48,789 --> 00:21:46,960

didn't go very far and

618

00:21:50,710 --> 00:21:48,799

we never did get anything resolved from

619

00:21:52,950 --> 00:21:50,720

it but yeah

620

00:21:53,990 --> 00:21:52,960

again you know when someone reaches into

621

00:21:56,149 --> 00:21:54,000

the work

622

00:21:58,070 --> 00:21:56,159

manipulates it you can pull pretty much

623

00:21:59,830 --> 00:21:58,080

anything out of it that you want and i'm

624

00:22:01,190 --> 00:21:59,840

not saying that's the case i'm just

625

00:22:05,430 --> 00:22:01,200

saying it's probably

626

00:22:07,110 --> 00:22:05,440

what's going on yeah i don't know

627

00:22:08,470 --> 00:22:07,120

i don't know either i don't know i don't

628

00:22:09,990 --> 00:22:08,480

know why he brought it back but of

629

00:22:13,669 --> 00:22:10,000

course he's trying to make his point

630

00:22:15,510 --> 00:22:13,679

and uh you know he's been doing a uh

631

00:22:16,789 --> 00:22:15,520

um he's been working on a lot of

632

00:22:20,070 --> 00:22:16,799

different videos

633

00:22:21,590 --> 00:22:20,080

that people shot trying to explain this

634

00:22:24,070 --> 00:22:21,600

and explain i've been doing that for

635

00:22:25,430 --> 00:22:24,080

years now but the fact that he's coming

636

00:22:27,830 --> 00:22:25,440

back on this i

637

00:22:28,549 --> 00:22:27,840

i don't understand it my thing with mk

638

00:22:31,510 --> 00:22:28,559

is that

639

00:22:32,630 --> 00:22:31,520

he's romantic to the point that he

640

00:22:35,350 --> 00:22:32,640

reaches

641

00:22:37,029 --> 00:22:35,360

and makes assumptions that just i i

642

00:22:39,110 --> 00:22:37,039

would consider them to be just

643

00:22:41,029 --> 00:22:39,120

dangerous assumptions yeah with the

644

00:22:44,149 --> 00:22:41,039

evidence that's provided

645

00:22:44,710 --> 00:22:44,159

by the source material again when you

646

00:22:48,070 --> 00:22:44,720

edit

647

00:22:50,549 --> 00:22:48,080

manipulate filter or change the color

648

00:22:51,190 --> 00:22:50,559

you can you can get pretty much anything

649

00:22:53,190 --> 00:22:51,200

you want

650

00:22:54,549 --> 00:22:53,200

out of the photo if you're looking at it

651
00:22:57,110 --> 00:22:54,559
hard enough yeah

652
00:22:58,070 --> 00:22:57,120
yeah very similar to evps with me i'm

653
00:22:59,990 --> 00:22:58,080
not a big evp

654
00:23:01,590 --> 00:23:00,000
guy in fact when we do them on the show

655
00:23:02,630 --> 00:23:01,600
you know when we did them on beyond the

656
00:23:03,909 --> 00:23:02,640
edge it's one of my least favorite

657
00:23:05,990 --> 00:23:03,919
things to do

658
00:23:07,830 --> 00:23:06,000
especially if we didn't do them right i

659
00:23:09,270 --> 00:23:07,840
always hate telling somebody that this

660
00:23:11,669 --> 00:23:09,280
is the evp and this is what you're going

661
00:23:13,110 --> 00:23:11,679
to hear as opposed to playing the evp

662
00:23:14,630 --> 00:23:13,120
and then letting somebody decide what

663
00:23:15,430 --> 00:23:14,640

they're going to hear you supplant that

664

00:23:16,950 --> 00:23:15,440

suggestion

665

00:23:18,789 --> 00:23:16,960

even when we're looking at the files and

666

00:23:20,630 --> 00:23:18,799

they come to us named

667

00:23:22,310 --> 00:23:20,640

it's a planet in our heads so even we

668

00:23:24,230 --> 00:23:22,320

lose that objectivity when you tell

669

00:23:25,430 --> 00:23:24,240

somebody that's what you're looking at

670

00:23:27,430 --> 00:23:25,440

nine times out of ten that's what

671

00:23:30,470 --> 00:23:27,440

they're going to see or here

672

00:23:33,830 --> 00:23:30,480

you know i i have put ebps up

673

00:23:34,950 --> 00:23:33,840

on the blog before uh audio files on the

674

00:23:37,029 --> 00:23:34,960

blog

675

00:23:38,470 --> 00:23:37,039

and people get but you know on the other

676

00:23:40,230 --> 00:23:38,480

side of the coin people get mad and

677

00:23:42,149 --> 00:23:40,240

would get mad at me

678

00:23:43,430 --> 00:23:42,159

for not making suggestion what they were

679

00:23:46,310 --> 00:23:43,440

hearing mm-hmm and

680

00:23:46,950 --> 00:23:46,320

that's not our place i guess really it's

681

00:23:48,710 --> 00:23:46,960

you know

682

00:23:50,390 --> 00:23:48,720

like anything else you put out there for

683

00:23:52,149 --> 00:23:50,400

listener or viewers

684

00:23:54,149 --> 00:23:52,159

personal discretion it's what you want

685

00:23:55,110 --> 00:23:54,159

it to be we're not going to change that

686

00:23:56,950 --> 00:23:55,120

you and i

687

00:23:58,390 --> 00:23:56,960

could hear nothing in that evp and if

688

00:23:59,590 --> 00:23:58,400

somebody hears toaster

689

00:24:00,789 --> 00:23:59,600

that's what they're going to hear you

690

00:24:01,430 --> 00:24:00,799

know what i mean it's going to be

691

00:24:02,950 --> 00:24:01,440

toaster

692

00:24:04,630 --> 00:24:02,960

nothing that we say is going to change

693

00:24:06,230 --> 00:24:04,640

that so why start the argument

694

00:24:08,470 --> 00:24:06,240

but it's that way with photographic and

695

00:24:10,710 --> 00:24:08,480

video evidence if you can circle it

696

00:24:11,750 --> 00:24:10,720

put a red circle around it you know

697

00:24:13,750 --> 00:24:11,760

filter it out

698

00:24:15,190 --> 00:24:13,760

you know do whatever you need to do to

699

00:24:16,470 --> 00:24:15,200

pull what you want out of that image

700

00:24:18,789 --> 00:24:16,480

it's going to be there

701

00:24:19,750 --> 00:24:18,799

that power suggestion is very very

702

00:24:24,390 --> 00:24:19,760

powerful

703

00:24:25,830 --> 00:24:24,400

lon today would have been lloyd pie's

704

00:24:28,149 --> 00:24:25,840

68th birthday

705

00:24:28,870 --> 00:24:28,159

oh yeah i know i missed lloyd he was a

706

00:24:32,310 --> 00:24:28,880

good guy

707

00:24:34,230 --> 00:24:32,320

i um i talked to a personal friend of

708

00:24:37,269 --> 00:24:34,240

his just the other day

709

00:24:39,830 --> 00:24:37,279

uh from somebody who lives in missouri

710

00:24:41,590 --> 00:24:39,840

and she was telling me you know we were

711

00:24:43,830 --> 00:24:41,600

reminiscing about lloyd because

712

00:24:45,590 --> 00:24:43,840

lloyd and i used to talk occasionally

713

00:24:47,269 --> 00:24:45,600

i've promoted books

714

00:24:48,789 --> 00:24:47,279

and such on the blog and then we would

715

00:24:50,549 --> 00:24:48,799

talk about a few things

716

00:24:51,990 --> 00:24:50,559

but i loved getting when he was on the

717

00:24:54,149 --> 00:24:52,000

show oh you know

718

00:24:55,350 --> 00:24:54,159

he was just he was just full of

719

00:24:58,149 --> 00:24:55,360

information

720

00:24:58,470 --> 00:24:58,159

very interesting guy great guest great

721

00:25:01,590 --> 00:24:58,480

guy

722

00:25:03,110 --> 00:25:01,600

just a great person in general yeah i i

723

00:25:04,390 --> 00:25:03,120

i do miss him as well

724

00:25:05,590 --> 00:25:04,400

me too so today would have been a

725

00:25:06,950 --> 00:25:05,600

six-day birthday i thought that was

726

00:25:08,789 --> 00:25:06,960

noteworthy

727

00:25:10,390 --> 00:25:08,799

uh to put out there's work on the

728

00:25:13,909 --> 00:25:10,400

starchild project

729

00:25:16,149 --> 00:25:13,919

and i tell you man we lose a lot of

730

00:25:18,470 --> 00:25:16,159

friends over time

731

00:25:20,950 --> 00:25:18,480

yeah we do and uh but you know that's

732

00:25:25,350 --> 00:25:20,960

just the nature of things but

733

00:25:27,830 --> 00:25:25,360

you know it does happen and um

734

00:25:29,669 --> 00:25:27,840

you know and when it does happen there's

735

00:25:30,630 --> 00:25:29,679

not always someone there to replace them

736

00:25:34,710 --> 00:25:30,640

unfortunately

737

00:25:36,710 --> 00:25:34,720

nope that's for sure mystery cell phone

738

00:25:38,230 --> 00:25:36,720

towers lon you put an article about this

739

00:25:40,070 --> 00:25:38,240

on phantoms and monsters

740

00:25:41,990 --> 00:25:40,080

and i've seen articles about it creeping

741

00:25:45,029 --> 00:25:42,000

up everywhere the huffington post

742

00:25:47,269 --> 00:25:45,039

uh leave cnn fox news all the major

743

00:25:48,310 --> 00:25:47,279

outlets are reporting these mystery cell

744

00:25:50,630 --> 00:25:48,320

phone towers

745

00:25:52,230 --> 00:25:50,640

you know i i don't know what they are i

746

00:25:55,510 --> 00:25:52,240

mean

747

00:25:55,830 --> 00:25:55,520

i i have noticed personally from doing

748

00:25:59,430 --> 00:25:55,840

some

749

00:26:02,789 --> 00:25:59,440

investigation uh that

750

00:26:04,149 --> 00:26:02,799

these towers or the areas around these

751
00:26:07,350 --> 00:26:04,159
towers

752
00:26:10,390 --> 00:26:07,360
seem to put out a lot of emf

753
00:26:14,710 --> 00:26:10,400
as compared to what they used to

754
00:26:17,390 --> 00:26:14,720
now why they do that i don't know

755
00:26:19,750 --> 00:26:17,400
but the electromagnetic energy or the

756
00:26:22,710 --> 00:26:19,760
electromagnetic fields

757
00:26:23,510 --> 00:26:22,720
are much higher now if it's actually

758
00:26:26,390 --> 00:26:23,520
emitting it

759
00:26:27,510 --> 00:26:26,400
or emitting microwaves for something

760
00:26:30,549 --> 00:26:27,520
other than

761
00:26:33,430 --> 00:26:30,559
cell phones well you know then

762
00:26:35,190 --> 00:26:33,440
there's a problem and uh it just seems

763
00:26:37,909 --> 00:26:35,200

to me some of these arrays

764

00:26:39,430 --> 00:26:37,919

are much too big for just cell phone

765

00:26:42,470 --> 00:26:39,440

service

766

00:26:43,830 --> 00:26:42,480

so you know they're being used for i

767

00:26:45,350 --> 00:26:43,840

have no idea well that's

768

00:26:47,110 --> 00:26:45,360

that's an interesting point to make i

769

00:26:48,230 --> 00:26:47,120

didn't really think about it from that

770

00:26:50,070 --> 00:26:48,240

perspective

771

00:26:51,750 --> 00:26:50,080

but you know the concern is that you

772

00:26:54,070 --> 00:26:51,760

know it's isis or some terrorist

773

00:26:55,029 --> 00:26:54,080

organization could have the ability the

774

00:26:57,269 --> 00:26:55,039

chinese

775

00:26:59,510 --> 00:26:57,279

to build these towers across the united

776

00:27:00,789 --> 00:26:59,520

states and we'd never know because

777

00:27:02,149 --> 00:27:00,799

you know you see a cell phone tower

778

00:27:03,510 --> 00:27:02,159

being put up you don't think much of it

779

00:27:04,789 --> 00:27:03,520

you see hey it's a cell phone tower

780

00:27:07,430 --> 00:27:04,799

being put up

781

00:27:09,269 --> 00:27:07,440

but for them not to be listed or you

782

00:27:10,950 --> 00:27:09,279

know whatever they are

783

00:27:12,390 --> 00:27:10,960

it's interesting and it's got people up

784

00:27:14,549 --> 00:27:12,400

in arms because you know everything

785

00:27:16,470 --> 00:27:14,559

these days got to get people up in arms

786

00:27:18,149 --> 00:27:16,480

uh you know the fact of the matter is

787

00:27:18,789 --> 00:27:18,159

lon we're being listened to we're being

788

00:27:20,789 --> 00:27:18,799

watched

789

00:27:22,070 --> 00:27:20,799

not a whole lot we could do about it no

790

00:27:25,750 --> 00:27:22,080

it really isn't

791

00:27:29,350 --> 00:27:25,760

you know i tell you i um i actually

792

00:27:33,590 --> 00:27:29,360

went and got an fcc

793

00:27:36,549 --> 00:27:33,600

licensing list for a number of towers

794

00:27:39,269 --> 00:27:36,559

out in washington county maryland for an

795

00:27:42,710 --> 00:27:39,279

investigation i was working for

796

00:27:45,350 --> 00:27:42,720

and i was stunned because there are

797

00:27:46,870 --> 00:27:45,360

a lot of towers out there in that and

798

00:27:47,669 --> 00:27:46,880

i'm quite sure it's everywhere in the

799

00:27:52,470 --> 00:27:47,679

country

800

00:27:55,510 --> 00:27:52,480

that are not are no longer fcc licensed

801
00:27:56,950 --> 00:27:55,520
uh now who's using them yeah what's

802
00:27:58,870 --> 00:27:56,960
their purpose

803
00:28:01,110 --> 00:27:58,880
that's just it now they look like

804
00:28:04,389 --> 00:28:01,120
regular uh

805
00:28:06,230 --> 00:28:04,399
cell phone towers but you'll go back

806
00:28:07,830 --> 00:28:06,240
over the history of the tower itself and

807
00:28:11,029 --> 00:28:07,840
the license would have

808
00:28:11,350 --> 00:28:11,039
expired five ten years ago but they're

809
00:28:14,070 --> 00:28:11,360
still

810
00:28:17,590 --> 00:28:14,080
being used and and you can put a meter

811
00:28:20,389 --> 00:28:17,600
up there and tell they're being used

812
00:28:21,909 --> 00:28:20,399
yeah i mean you made a point that some

813
00:28:25,990 --> 00:28:21,919

of these arrays

814

00:28:28,870 --> 00:28:26,000

are a little too involved

815

00:28:29,590 --> 00:28:28,880

for cellular service or maybe there's a

816

00:28:32,389 --> 00:28:29,600

lot more

817

00:28:34,870 --> 00:28:32,399

you know to them mechanically than what

818

00:28:37,909 --> 00:28:34,880

necessarily needs to be there

819

00:28:39,269 --> 00:28:37,919

uh you know i i just watched uh another

820

00:28:41,750 --> 00:28:39,279

documentary on

821

00:28:42,630 --> 00:28:41,760

harp and chemtrails and all that other

822

00:28:46,149 --> 00:28:42,640

sort of stuff

823

00:28:47,750 --> 00:28:46,159

i don't know man it boggles my mind as

824

00:28:50,870 --> 00:28:47,760

to what we can use

825

00:28:52,230 --> 00:28:50,880

all this technology for and that we're

826

00:28:54,149 --> 00:28:52,240

i don't want to say that we're ignorant

827

00:28:56,389 --> 00:28:54,159

to the fact but there's not a damn thing

828

00:28:58,149 --> 00:28:56,399

we can do about it

829

00:29:00,389 --> 00:28:58,159

no it really isn't you know you know and

830

00:29:03,830 --> 00:29:00,399

quite frankly that's why i don't get

831

00:29:07,269 --> 00:29:03,840

really worried about it you know all the

832

00:29:08,950 --> 00:29:07,279

all the things i do especially uh

833

00:29:11,590 --> 00:29:08,960

people i talk on the phone about a lot

834

00:29:13,750 --> 00:29:11,600

of weird stuff sometimes that

835

00:29:15,269 --> 00:29:13,760

you know it's not the mainstream you

836

00:29:17,590 --> 00:29:15,279

know i'm pretty sure

837

00:29:19,669 --> 00:29:17,600

a lot of it's getting listened to and

838

00:29:21,990 --> 00:29:19,679

then again i only live

839

00:29:24,310 --> 00:29:22,000

what 10 miles as the flowcrass from the

840

00:29:27,110 --> 00:29:24,320

nsa building so

841

00:29:28,230 --> 00:29:27,120

you know they're listening to me so but

842

00:29:31,190 --> 00:29:28,240

that alone i mean

843

00:29:32,710 --> 00:29:31,200

there are a lot of different um yeah

844

00:29:34,389 --> 00:29:32,720

these are rays i mean

845

00:29:36,710 --> 00:29:34,399

i tell you i started noticing a lot of

846

00:29:40,310 --> 00:29:36,720

these arrays around this area

847

00:29:41,669 --> 00:29:40,320

in residential areas um even in

848

00:29:44,070 --> 00:29:41,679

commercial areas where

849

00:29:45,750 --> 00:29:44,080

it shouldn't really be there and i'm

850

00:29:46,070 --> 00:29:45,760

starting to i started noticing that 10

851
00:29:48,070 --> 00:29:46,080
to

852
00:29:49,669 --> 00:29:48,080
20 years ago but you could take everyday

853
00:29:51,110 --> 00:29:49,679
things and turn them into these arrays

854
00:29:52,630 --> 00:29:51,120
too for crap out loud they're doing

855
00:29:56,470 --> 00:29:52,640
water towers

856
00:29:59,750 --> 00:29:56,480
are being turned into a raise and

857
00:30:02,470 --> 00:29:59,760
they just did it here in town uh so

858
00:30:03,110 --> 00:30:02,480
any you could disguise them as church

859
00:30:06,070 --> 00:30:03,120
crosses

860
00:30:07,990 --> 00:30:06,080
i mean you can really do you can pretty

861
00:30:11,350 --> 00:30:08,000
much turn anything you need to

862
00:30:14,070 --> 00:30:11,360
uh structurally into an array

863
00:30:15,029 --> 00:30:14,080

well you know i live uh i live in

864

00:30:18,630 --> 00:30:15,039

baltimore county

865

00:30:21,590 --> 00:30:18,640

in well in randallstown and uh this is

866

00:30:23,350 --> 00:30:21,600

west of baltimore city and i just found

867

00:30:24,950 --> 00:30:23,360

out about a year and a half ago that

868

00:30:27,190 --> 00:30:24,960

there's a little missile silo right

869

00:30:28,870 --> 00:30:27,200

behind me

870

00:30:30,470 --> 00:30:28,880

never knew about it lod's out there

871

00:30:32,230 --> 00:30:30,480

having a picnic lunch and the ground

872

00:30:35,269 --> 00:30:32,240

opens up

873

00:30:38,389 --> 00:30:35,279

and what happened was you know i went

874

00:30:40,950 --> 00:30:38,399

back i drew back as far as i could get

875

00:30:42,950 --> 00:30:40,960

and it's an abandoned missile solid and

876

00:30:46,470 --> 00:30:42,960

from people had told me as well

877

00:30:47,909 --> 00:30:46,480

but the security around there is just

878

00:30:51,029 --> 00:30:47,919

unbelievable

879

00:30:52,630 --> 00:30:51,039

now what are they doing there well maybe

880

00:30:55,510 --> 00:30:52,640

they still have some active units

881

00:30:56,230 --> 00:30:55,520

i don't know you know it's not it's it

882

00:30:59,430 --> 00:30:56,240

doesn't look

883

00:31:02,389 --> 00:30:59,440

military but you know it's got a lot

884

00:31:03,909 --> 00:31:02,399

it's got a lot of um

885

00:31:05,990 --> 00:31:03,919

you know just got a lot of stuff around

886

00:31:07,029 --> 00:31:06,000

it's got a lot of antennas a lot of this

887

00:31:09,669 --> 00:31:07,039

and that

888

00:31:10,710 --> 00:31:09,679

uh it's fenced up well you know i think

889

00:31:14,389 --> 00:31:10,720

some things that we

890

00:31:15,590 --> 00:31:14,399

we don't think about is space travel's

891

00:31:18,149 --> 00:31:15,600

going to become pretty much

892

00:31:20,789 --> 00:31:18,159

commercialized you know the day

893

00:31:21,909 --> 00:31:20,799

of government you know sponsoring space

894

00:31:23,909 --> 00:31:21,919

travel is really going to be

895

00:31:25,830 --> 00:31:23,919

overshadowed by corporations

896

00:31:27,110 --> 00:31:25,840

and it's starting to be that way now

897

00:31:28,630 --> 00:31:27,120

that are going to be responsible for

898

00:31:31,110 --> 00:31:28,640

footing that bill and you know

899

00:31:31,990 --> 00:31:31,120

hey go to mars via acme or you know

900

00:31:33,990 --> 00:31:32,000

whatever the company

901
00:31:35,190 --> 00:31:34,000
that's going to be you know starting

902
00:31:37,750 --> 00:31:35,200
virgin mobile is

903
00:31:39,029 --> 00:31:37,760
starting to uh get their vehicles off

904
00:31:41,430 --> 00:31:39,039
the ground into space

905
00:31:43,350 --> 00:31:41,440
testing them out they're starships to uh

906
00:31:44,950 --> 00:31:43,360
get people you know space tourism

907
00:31:46,710 --> 00:31:44,960
so some of these areas you're running

908
00:31:47,350 --> 00:31:46,720
into might just be you know a set of

909
00:31:53,830 --> 00:31:47,360
government

910
00:31:56,230 --> 00:31:53,840
corporate sanctioned research areas

911
00:31:57,269 --> 00:31:56,240
that's possible and you know and when

912
00:31:59,269 --> 00:31:57,279
you talk about the

913
00:32:00,310 --> 00:31:59,279

with corporations getting involved with

914

00:32:04,149 --> 00:32:00,320

a lot of

915

00:32:06,310 --> 00:32:04,159

stuff that like nasa or the government

916

00:32:07,269 --> 00:32:06,320

had been involved with can you just

917

00:32:09,750 --> 00:32:07,279

imagine

918

00:32:11,269 --> 00:32:09,760

the licensing intellectual property

919

00:32:13,669 --> 00:32:11,279

copyrights

920

00:32:14,470 --> 00:32:13,679

how bad it is now how much worse it's

921

00:32:17,669 --> 00:32:14,480

going to be that

922

00:32:19,430 --> 00:32:17,679

in the future oh yeah i i

923

00:32:20,789 --> 00:32:19,440

anything they find out there is going to

924

00:32:23,909 --> 00:32:20,799

be licensed yeah

925

00:32:25,430 --> 00:32:23,919

hey germs on mars brought to you by

926

00:32:27,430 --> 00:32:25,440

verizon you know or some

927

00:32:29,110 --> 00:32:27,440

strange you know whatever the company

928

00:32:30,389 --> 00:32:29,120

i'm just using companies

929

00:32:32,549 --> 00:32:30,399

you know the first burger king on the

930

00:32:33,830 --> 00:32:32,559

moon for crying out loud you know you

931

00:32:36,549 --> 00:32:33,840

know i think that kind of

932

00:32:37,750 --> 00:32:36,559

it's gonna eventually just like you know

933

00:32:40,230 --> 00:32:37,760

people

934

00:32:43,190 --> 00:32:40,240

can get on the internet now and can kind

935

00:32:45,590 --> 00:32:43,200

of basically get any information they

936

00:32:48,870 --> 00:32:45,600

want without that much problem

937

00:32:51,029 --> 00:32:48,880

but you know what what's the

938

00:32:52,070 --> 00:32:51,039

chance of things information being

939

00:32:54,470 --> 00:32:52,080

limited

940

00:32:55,909 --> 00:32:54,480

as you know as we progress with this

941

00:32:57,190 --> 00:32:55,919

well you know that's a dangerous line of

942

00:32:59,190 --> 00:32:57,200

thought that i haven't thought about

943

00:33:00,870 --> 00:32:59,200

until you just brought that up the most

944

00:33:03,590 --> 00:33:00,880

powerful companies in this world

945

00:33:05,350 --> 00:33:03,600

are telecommunications companies they

946

00:33:06,870 --> 00:33:05,360

run the internet they run the television

947

00:33:09,990 --> 00:33:06,880

they practically run

948

00:33:11,909 --> 00:33:10,000

every way we get our information

949

00:33:13,190 --> 00:33:11,919

skype the program we're using right now

950

00:33:16,310 --> 00:33:13,200

owned by microsoft

951
00:33:16,870 --> 00:33:16,320
i'm using comcast uh for my internet

952
00:33:18,230 --> 00:33:16,880
source

953
00:33:21,430 --> 00:33:18,240
for my television you know these

954
00:33:23,509 --> 00:33:21,440
companies are huge conglomerates

955
00:33:24,789 --> 00:33:23,519
that control the information man yeah

956
00:33:26,870 --> 00:33:24,799
and you know

957
00:33:28,149 --> 00:33:26,880
it gets to the point where you know when

958
00:33:29,350 --> 00:33:28,159
they when are they going to get to the

959
00:33:30,950 --> 00:33:29,360
point where you know they're going to

960
00:33:32,950 --> 00:33:30,960
start

961
00:33:34,310 --> 00:33:32,960
hopefully not but censoring information

962
00:33:36,070 --> 00:33:34,320
that goes out uh

963
00:33:38,310 --> 00:33:36,080

just like what we'd say on skype what

964

00:33:40,470 --> 00:33:38,320

we'd say online uh

965

00:33:42,149 --> 00:33:40,480

even seeing our telephones you know

966

00:33:43,190 --> 00:33:42,159

honest to pete and here we go

967

00:33:44,950 --> 00:33:43,200

because this might get some of our

968

00:33:46,470 --> 00:33:44,960

listeners in an uproar but there have

969

00:33:48,230 --> 00:33:46,480

been times we've talked about some

970

00:33:50,950 --> 00:33:48,240

pretty sensitive topics

971

00:33:52,070 --> 00:33:50,960

on uh the shows we belong to in the past

972

00:33:54,870 --> 00:33:52,080

and for some

973

00:33:55,830 --> 00:33:54,880

unknown reason there goes the feed

974

00:33:59,350 --> 00:33:55,840

you've been cut

975

00:34:00,870 --> 00:33:59,360

uh hell i had a modem fry out one night

976
00:34:01,830 --> 00:34:00,880
when i was doing beyond the edge radio

977
00:34:03,350 --> 00:34:01,840
when eric and i first

978
00:34:05,110 --> 00:34:03,360
and oh wait when eric and i started

979
00:34:07,990 --> 00:34:05,120
during the radio show

980
00:34:09,909 --> 00:34:08,000
my modem just fizzled out which you know

981
00:34:11,349 --> 00:34:09,919
is technology i understand technology

982
00:34:13,030 --> 00:34:11,359
happens and it usually happens when you

983
00:34:14,629 --> 00:34:13,040
least expect it but i don't know man

984
00:34:16,629 --> 00:34:14,639
the things we talk about you know we

985
00:34:18,710 --> 00:34:16,639
talked to bill bean on several occasions

986
00:34:20,950 --> 00:34:18,720
about demonic activity

987
00:34:21,829 --> 00:34:20,960
and we'd lose the feeds i was listening

988
00:34:23,430 --> 00:34:21,839

to uh

989

00:34:24,950 --> 00:34:23,440

just in preparation for today's

990

00:34:28,069 --> 00:34:24,960

interview with linda i was

991

00:34:30,950 --> 00:34:28,079

listening to uh whitley streiber

992

00:34:32,470 --> 00:34:30,960

on a dreamland right and he was talking

993

00:34:33,510 --> 00:34:32,480

about the same thing would happen right

994

00:34:35,190 --> 00:34:33,520

before he had

995

00:34:36,710 --> 00:34:35,200

linda on the show to talk about stuff

996

00:34:38,710 --> 00:34:36,720

his internet would go out or he'd only

997

00:34:41,190 --> 00:34:38,720

be able to reach certain parts

998

00:34:42,710 --> 00:34:41,200

on the world wide web and you know we

999

00:34:45,349 --> 00:34:42,720

take these things for granted as

1000

00:34:47,510 --> 00:34:45,359

anomalies or

1001
00:34:49,430 --> 00:34:47,520
or what have you just you know random

1002
00:34:51,190 --> 00:34:49,440
acts but you know what if

1003
00:34:52,470 --> 00:34:51,200
they are something a little bit more

1004
00:34:54,149 --> 00:34:52,480
controlling

1005
00:34:56,069 --> 00:34:54,159
and that's something i'm a little

1006
00:34:58,550 --> 00:34:56,079
uncomfortable with you brought it up but

1007
00:35:00,630 --> 00:34:58,560
i just wanted to comment on it because

1008
00:35:03,270 --> 00:35:00,640
you know things have happened that make

1009
00:35:04,470 --> 00:35:03,280
you think you know maybe we are in that

1010
00:35:07,910 --> 00:35:04,480
situation now

1011
00:35:08,230 --> 00:35:07,920
just not as involved yet well you know i

1012
00:35:11,109 --> 00:35:08,240
do

1013
00:35:13,430 --> 00:35:11,119

i get questioned a lot more for things i

1014

00:35:16,310 --> 00:35:13,440

put up on the blog i really do

1015

00:35:18,150 --> 00:35:16,320

uh and a lot of the times when i am

1016

00:35:20,310 --> 00:35:18,160

questioned

1017

00:35:21,670 --> 00:35:20,320

you know i noticed where it's coming

1018

00:35:23,190 --> 00:35:21,680

from i mean it's

1019

00:35:24,950 --> 00:35:23,200

you know somebody will say that they're

1020

00:35:25,829 --> 00:35:24,960

this and this but i know it's from

1021

00:35:29,670 --> 00:35:25,839

somewhere else

1022

00:35:31,349 --> 00:35:29,680

and um you know it just gets a little

1023

00:35:34,390 --> 00:35:31,359

too

1024

00:35:36,470 --> 00:35:34,400

uh i don't know strange or weird for

1025

00:35:39,270 --> 00:35:36,480

comfort because uh

1026
00:35:39,990 --> 00:35:39,280
you know i i i basically tell them look

1027
00:35:41,829 --> 00:35:40,000
you know what i

1028
00:35:44,310 --> 00:35:41,839
what i know and what i you know it's

1029
00:35:45,829 --> 00:35:44,320
what i'm gonna put on the blog

1030
00:35:47,750 --> 00:35:45,839
if there's anything else any other

1031
00:35:50,230 --> 00:35:47,760
information you want you

1032
00:35:52,150 --> 00:35:50,240
need to get it from somewhere else

1033
00:35:53,109 --> 00:35:52,160
because people will fix your information

1034
00:35:55,190 --> 00:35:53,119
if it's something

1035
00:35:56,790 --> 00:35:55,200
that is somewhat sensitive for instance

1036
00:36:04,230 --> 00:35:56,800
the

1037
00:36:06,390 --> 00:36:04,240
i was i had a source where i was getting

1038
00:36:08,310 --> 00:36:06,400

a little bit of information

1039

00:36:11,349 --> 00:36:08,320

uh that hadn't been actually released

1040

00:36:13,750 --> 00:36:11,359

yet and i put it up on the blog and man

1041

00:36:15,910 --> 00:36:13,760

i had people just bugging the hell out

1042

00:36:17,829 --> 00:36:15,920

of me to start giving them

1043

00:36:19,910 --> 00:36:17,839

you know all kinds of information i had

1044

00:36:21,349 --> 00:36:19,920

i was not privy to

1045

00:36:23,109 --> 00:36:21,359

and i was just wondering where some a

1046

00:36:25,990 --> 00:36:23,119

lot of this was coming from

1047

00:36:27,829 --> 00:36:26,000

yeah well again there's that line of

1048

00:36:29,829 --> 00:36:27,839

thought that the government has paid

1049

00:36:30,710 --> 00:36:29,839

trolls out there to fish around for this

1050

00:36:33,430 --> 00:36:30,720

information

1051

00:36:34,310 --> 00:36:33,440

yeah oh i think they do i really do i do

1052

00:36:35,750 --> 00:36:34,320

think they do

1053

00:36:37,510 --> 00:36:35,760

i don't know what to think about it but

1054

00:36:39,430 --> 00:36:37,520

nothing surprises me anymore i guess the

1055

00:36:41,589 --> 00:36:39,440

point is i was trying to make a few

1056

00:36:43,670 --> 00:36:41,599

moments ago was i don't think we need to

1057

00:36:45,910 --> 00:36:43,680

fear government control anymore i think

1058

00:36:47,750 --> 00:36:45,920

we need to fear corporate control

1059

00:36:48,870 --> 00:36:47,760

because that's where the issue lies you

1060

00:36:50,069 --> 00:36:48,880

know the government's run by the

1061

00:36:52,710 --> 00:36:50,079

corporations

1062

00:36:54,310 --> 00:36:52,720

oh you follow the money yeah i mean you

1063

00:36:57,349 --> 00:36:54,320

follow the money and it's going to take

1064

00:36:59,430 --> 00:36:57,359

exactly where um where you need to go

1065

00:37:01,190 --> 00:36:59,440

and um there's that line from the movie

1066

00:37:02,870 --> 00:37:01,200

man of the year with robin williams when

1067

00:37:06,150 --> 00:37:02,880

he plays the character the tv

1068

00:37:08,150 --> 00:37:06,160

uh the tv pundit that

1069

00:37:10,150 --> 00:37:08,160

ends up running for president and when

1070

00:37:11,750 --> 00:37:10,160

he's at the presidential debate

1071

00:37:13,589 --> 00:37:11,760

he says that he wishes there was

1072

00:37:15,829 --> 00:37:13,599

transparency in government

1073

00:37:16,950 --> 00:37:15,839

like nascar where politicians would have

1074

00:37:18,790 --> 00:37:16,960

to wear the badges

1075

00:37:21,109 --> 00:37:18,800

of all their corporate sponsors on them

1076

00:37:22,550 --> 00:37:21,119

so they could be identified

1077

00:37:24,390 --> 00:37:22,560

i think that's funny and i think there's

1078

00:37:25,030 --> 00:37:24,400

some truth to that that'd be very

1079

00:37:26,870 --> 00:37:25,040

interesting

1080

00:37:28,390 --> 00:37:26,880

because it's just really relative to

1081

00:37:31,430 --> 00:37:28,400

what we're talking about now

1082

00:37:32,790 --> 00:37:31,440

the the corporations really control

1083

00:37:35,270 --> 00:37:32,800

what goes on in the government and

1084

00:37:37,510 --> 00:37:35,280

sometimes you know we look at the fcc

1085

00:37:39,109 --> 00:37:37,520

battles right now with comcast and time

1086

00:37:39,670 --> 00:37:39,119

warner whether they're going to merge or

1087

00:37:41,589 --> 00:37:39,680

not

1088

00:37:43,109 --> 00:37:41,599

does it really matter because it's going

1089

00:37:44,790 --> 00:37:43,119

to happen one day anyhow

1090

00:37:48,150 --> 00:37:44,800

well yeah i mean there's you know

1091

00:37:52,390 --> 00:37:50,870

attempt to keep monopolies from forming

1092

00:37:55,030 --> 00:37:52,400

but

1093

00:37:56,710 --> 00:37:55,040

you know it's it's beyond that now i

1094

00:37:58,470 --> 00:37:56,720

mean

1095

00:38:00,230 --> 00:37:58,480

some of these companies that are some of

1096

00:38:01,990 --> 00:38:00,240

these large companies

1097

00:38:04,069 --> 00:38:02,000

that we have now would be considered

1098

00:38:05,430 --> 00:38:04,079

monopolies many years ago and i mean

1099

00:38:07,030 --> 00:38:05,440

there's no fighting it

1100

00:38:08,950 --> 00:38:07,040

will look at okay let's just look at a

1101

00:38:12,069 --> 00:38:08,960

traditional cable package here

1102

00:38:14,550 --> 00:38:12,079

okay yeah you pay for comcast all right

1103

00:38:15,109 --> 00:38:14,560

but you know you have history history

1104

00:38:17,829 --> 00:38:15,119

too

1105

00:38:19,750 --> 00:38:17,839

uh lifetime lifetime movie network

1106

00:38:21,829 --> 00:38:19,760

lifetime real women network

1107

00:38:23,109 --> 00:38:21,839

fyi a new channel now that's come across

1108

00:38:26,150 --> 00:38:23,119

my television

1109

00:38:29,510 --> 00:38:26,160

all these different networks tv

1110

00:38:31,270 --> 00:38:29,520

that are produced by one parent network

1111

00:38:33,190 --> 00:38:31,280

so all the information you're getting

1112

00:38:35,030 --> 00:38:33,200

all these sources don't for one second

1113

00:38:36,790 --> 00:38:35,040

think that's not being filtered by some

1114

00:38:37,109 --> 00:38:36,800

guy sitting in a room that says yes or

1115

00:38:40,069 --> 00:38:37,119

no

1116

00:38:41,750 --> 00:38:40,079

somehow and somebody controls that and

1117

00:38:43,990 --> 00:38:41,760

filters that information through

1118

00:38:45,670 --> 00:38:44,000

uh even this you know what started this

1119

00:38:46,390 --> 00:38:45,680

conversation for us these cell phone

1120

00:38:48,310 --> 00:38:46,400

towers

1121

00:38:49,829 --> 00:38:48,320

okay that you know nobody knows nothing

1122

00:38:51,829 --> 00:38:49,839

about a lot of the information i was

1123

00:38:52,470 --> 00:38:51,839

just on infowars.com i believe is the

1124

00:38:53,990 --> 00:38:52,480

website

1125

00:38:56,710 --> 00:38:54,000

you know how much the media is

1126

00:38:59,910 --> 00:38:56,720

downplaying these towers

1127

00:39:01,829 --> 00:38:59,920

so i mean i'm all for transparency i'm a

1128

00:39:03,589 --> 00:39:01,839

realist and realize we're not going to

1129

00:39:06,230 --> 00:39:03,599

get it

1130

00:39:07,349 --> 00:39:06,240

but you know i fear corporations more

1131

00:39:09,109 --> 00:39:07,359

than i fear government

1132

00:39:10,470 --> 00:39:09,119

and that's just where i'm at with that

1133

00:39:14,150 --> 00:39:10,480

well yeah

1134

00:39:16,790 --> 00:39:14,160

you can kind of parallel it with uh

1135

00:39:17,829 --> 00:39:16,800

the disclosure of ufos by the government

1136

00:39:19,190 --> 00:39:17,839

are

1137

00:39:21,349 --> 00:39:19,200

you're never going to get that that's

1138

00:39:22,550 --> 00:39:21,359

not going to happen uh it's

1139

00:39:25,109 --> 00:39:22,560

you know you're not going to get

1140

00:39:27,109 --> 00:39:25,119

disclosure because

1141

00:39:29,030 --> 00:39:27,119

first thing it's not in the government's

1142

00:39:32,150 --> 00:39:29,040

interest to disclose it

1143

00:39:35,750 --> 00:39:32,160

especially if they've got something that

1144

00:39:41,030 --> 00:39:35,760

benefits them from not disclosing it

1145

00:39:44,069 --> 00:39:41,040

it's not going to be disclosed as far as

1146

00:39:48,069 --> 00:39:44,079

corporations getting involved with

1147

00:39:49,670 --> 00:39:48,079

aerospace well then it's definitely not

1148

00:39:52,150 --> 00:39:49,680

going to be disclosed

1149

00:39:53,190 --> 00:39:52,160

because it's it's intellectual property

1150

00:39:55,270 --> 00:39:53,200

for them and

1151
00:39:56,470 --> 00:39:55,280
why should they tell us what they're

1152
00:39:58,870 --> 00:39:56,480
going to do with it

1153
00:39:59,589 --> 00:39:58,880
it's you know if we talk about you know

1154
00:40:02,950 --> 00:39:59,599
just like the

1155
00:40:05,990 --> 00:40:02,960
skin walker ranch and uh and the

1156
00:40:07,430 --> 00:40:06,000
aerospace company that owns them

1157
00:40:09,190 --> 00:40:07,440
you know they i don't know what they're

1158
00:40:10,069 --> 00:40:09,200
doing out there you know they're doing

1159
00:40:12,950 --> 00:40:10,079
something

1160
00:40:15,190 --> 00:40:12,960
they own it for a reason but you're not

1161
00:40:17,270 --> 00:40:15,200
going to find out about it

1162
00:40:18,230 --> 00:40:17,280
no sir and that's where we're at with it

1163
00:40:19,270 --> 00:40:18,240

unfortunately

1164

00:40:21,510 --> 00:40:19,280

and that's why i don't get you know

1165

00:40:24,309 --> 00:40:21,520

that's why i don't get into this

1166

00:40:26,150 --> 00:40:24,319

you know disclosure conspiracy you know

1167

00:40:29,190 --> 00:40:26,160

god even had all these

1168

00:40:30,630 --> 00:40:29,200

these former congress people and such go

1169

00:40:32,069 --> 00:40:30,640

to washington

1170

00:40:34,309 --> 00:40:32,079

in front of the press you know the

1171

00:40:37,109 --> 00:40:34,319

washington press club and have this

1172

00:40:38,630 --> 00:40:37,119

big to do about you know it's you know

1173

00:40:40,470 --> 00:40:38,640

it's not it's never going to be

1174

00:40:41,910 --> 00:40:40,480

disclosed

1175

00:40:43,589 --> 00:40:41,920

really good chances of getting

1176

00:40:45,750 --> 00:40:43,599

information about ufos

1177

00:40:47,510 --> 00:40:45,760

one was from ronald reagan and the

1178

00:40:48,950 --> 00:40:47,520

second was bill clinton and neither one

1179

00:40:50,390 --> 00:40:48,960

of those two spilled the beans and

1180

00:40:52,950 --> 00:40:50,400

unless we got a ouija board we ain't

1181

00:40:55,030 --> 00:40:52,960

talking to ronald reagan anytime soon

1182

00:40:56,630 --> 00:40:55,040

so i mean those were just two great

1183

00:40:58,950 --> 00:40:56,640

opportunities we had

1184

00:40:59,670 --> 00:40:58,960

uh for public disclosure on ufos and

1185

00:41:01,510 --> 00:40:59,680

honestly i

1186

00:41:03,829 --> 00:41:01,520

never would have i think if ronald

1187

00:41:05,510 --> 00:41:03,839

reagan even had that information he

1188

00:41:06,390 --> 00:41:05,520

still wouldn't disclose it well that's

1189

00:41:08,790 --> 00:41:06,400

just it

1190

00:41:09,430 --> 00:41:08,800

i don't think you know i i it's

1191

00:41:12,870 --> 00:41:09,440

interesting

1192

00:41:13,190 --> 00:41:12,880

once a candidate runs for president and

1193

00:41:17,670 --> 00:41:13,200

they

1194

00:41:19,190 --> 00:41:17,680

is full disclosure

1195

00:41:21,750 --> 00:41:19,200

people are going to know more what's

1196

00:41:23,430 --> 00:41:21,760

going on we're going to be transparent

1197

00:41:24,870 --> 00:41:23,440

then they get into office and start

1198

00:41:28,150 --> 00:41:24,880

reading and finding out

1199

00:41:29,589 --> 00:41:28,160

in brief exactly what's going on

1200

00:41:31,270 --> 00:41:29,599

well that's the end of that that's not

1201

00:41:32,790 --> 00:41:31,280

going to get disclosed

1202

00:41:36,069 --> 00:41:32,800

but it's funny how all these things rope

1203

00:41:38,630 --> 00:41:36,079

together lon the paranormal supernatural

1204

00:41:40,870 --> 00:41:38,640

political scopes you know sometimes they

1205

00:41:43,910 --> 00:41:40,880

do reach out and touch one another

1206

00:41:46,550 --> 00:41:43,920

and uh we're left to

1207

00:41:48,630 --> 00:41:46,560

dive through all the pieces and pick

1208

00:41:51,750 --> 00:41:48,640

them up and make something tangible

1209

00:41:53,750 --> 00:41:51,760

out of it and you know going back to

1210

00:41:55,270 --> 00:41:53,760

roswell and before that we have an awful

1211

00:41:57,589 --> 00:41:55,280

lot of things to talk about and we just

1212

00:41:58,550 --> 00:41:57,599

tipped the iceberg here on arcane radio

1213

00:42:00,790 --> 00:41:58,560

and folks

1214

00:42:02,390 --> 00:42:00,800

if you haven't realized yet we're

1215

00:42:05,589 --> 00:42:02,400

socially active

1216

00:42:06,870 --> 00:42:05,599

and if you go to arcaneradio.com

1217

00:42:08,069 --> 00:42:06,880

right at the top of the page we have a

1218

00:42:09,910 --> 00:42:08,079

whole bunch of little buttons that have

1219

00:42:11,030 --> 00:42:09,920

our social media icons on there you can

1220

00:42:14,390 --> 00:42:11,040

connect with us

1221

00:42:16,870 --> 00:42:14,400

facebook

1222

00:42:18,150 --> 00:42:16,880

connect with us through yes google plus

1223

00:42:19,109 --> 00:42:18,160

i don't know why i went to the trouble

1224

00:42:20,710 --> 00:42:19,119

to create it

1225

00:42:22,069 --> 00:42:20,720

but i figured one day it might pay off

1226

00:42:23,910 --> 00:42:22,079

when the rest of you decide to start

1227

00:42:26,309 --> 00:42:23,920

using google plus

1228

00:42:27,829 --> 00:42:26,319

so it's there and as always for each and

1229

00:42:28,550 --> 00:42:27,839

every show each and every week you can

1230

00:42:32,069 --> 00:42:28,560

email us

1231

00:42:33,750 --> 00:42:32,079

at questions arcane radio dot com and

1232

00:42:35,829 --> 00:42:33,760

lon we do have some pretty good guests

1233

00:42:37,829 --> 00:42:35,839

coming up aside from uh

1234

00:42:39,030 --> 00:42:37,839

linda godfrey i love linda she is such a

1235

00:42:41,270 --> 00:42:39,040

sweet lady and i'm

1236

00:42:42,790 --> 00:42:41,280

so excited to have her on the program

1237

00:42:43,990 --> 00:42:42,800

tonight but aside from linda we do have

1238

00:42:47,109 --> 00:42:44,000

some great guests coming up

1239

00:42:51,510 --> 00:42:47,119

soon yeah they're uh they're lining up

1240

00:42:54,630 --> 00:42:51,520

and uh i'm i'm very pleased with it uh

1241

00:42:56,309 --> 00:42:54,640

i've been sending out some letters of

1242

00:42:58,309 --> 00:42:56,319

people but

1243

00:42:59,990 --> 00:42:58,319

you know we've had a lot of people

1244

00:43:03,109 --> 00:43:00,000

inquiring about it as well

1245

00:43:03,750 --> 00:43:03,119

and these are a lot of well-known people

1246

00:43:05,910 --> 00:43:03,760

so that's

1247

00:43:07,589 --> 00:43:05,920

great well and let me just sign in here

1248

00:43:10,150 --> 00:43:07,599

quick so i can give the listeners

1249

00:43:11,190 --> 00:43:10,160

an idea of who's coming on the program

1250

00:43:12,069 --> 00:43:11,200

because you know we have michelle

1251

00:43:15,430 --> 00:43:12,079

hamilton coming back

1252

00:43:17,670 --> 00:43:15,440

on she's going to be talking about uh

1253

00:43:18,790 --> 00:43:17,680

again her book i would still be drowned

1254

00:43:21,430 --> 00:43:18,800

in tears her

1255

00:43:23,510 --> 00:43:21,440

dissertation on spiritualism in the

1256

00:43:24,950 --> 00:43:23,520

abraham lincoln white house

1257

00:43:26,470 --> 00:43:24,960

she's going to be back to talk to us

1258

00:43:27,829 --> 00:43:26,480

about that which was a really popular

1259

00:43:30,470 --> 00:43:27,839

program

1260

00:43:33,750 --> 00:43:30,480

with our listeners um we're going to

1261

00:43:37,270 --> 00:43:33,760

have katie elizabeth back to talk about

1262

00:43:39,990 --> 00:43:37,280

um champ

1263

00:43:40,950 --> 00:43:40,000

and uh i mean we have just a robert

1264

00:43:42,630 --> 00:43:40,960

sullivan iv

1265

00:43:44,790 --> 00:43:42,640

has emailed to come back onto the

1266

00:43:49,349 --> 00:43:44,800

program to talk about

1267

00:43:50,870 --> 00:43:49,359

uh freemasonry in today's media

1268

00:43:53,430 --> 00:43:50,880

which i think is just something we

1269

00:43:55,430 --> 00:43:53,440

talked about on the last show and really

1270

00:43:57,030 --> 00:43:55,440

didn't get to scrape the whole surface

1271

00:43:58,550 --> 00:43:57,040

that was a that was a fun program

1272

00:44:01,030 --> 00:43:58,560

because lawn year yeah he's got he's got

1273

00:44:04,470 --> 00:44:01,040

a book coming out and um

1274

00:44:05,349 --> 00:44:04,480

he apparently he's got a lot of stuff in

1275

00:44:06,870 --> 00:44:05,359

his book and

1276

00:44:08,710 --> 00:44:06,880

i'm very interested to hear what he has

1277

00:44:09,829 --> 00:44:08,720

to say yeah uh nicole strickland is

1278

00:44:12,710 --> 00:44:09,839

going to be coming back on the program

1279

00:44:14,390 --> 00:44:12,720

to talk about the haunted queen mary

1280

00:44:17,030 --> 00:44:14,400

lyle blackburn we're getting him

1281

00:44:19,589 --> 00:44:17,040

scheduled to come back onto the program

1282

00:44:21,109 --> 00:44:19,599

and it's always good to have lyle on the

1283

00:44:23,510 --> 00:44:21,119

show i've missed his two interviews on

1284

00:44:25,349 --> 00:44:23,520

beyond the edge so

1285

00:44:27,109 --> 00:44:25,359

i i've loved listening to them i met

1286

00:44:29,030 --> 00:44:27,119

lyle at the ohio bigfoot conference he's

1287

00:44:29,829 --> 00:44:29,040

a real good guy and i'm excited to talk

1288

00:44:31,589 --> 00:44:29,839

to him

1289

00:44:33,510 --> 00:44:31,599

and again another one of my favorite

1290

00:44:35,030 --> 00:44:33,520

ladies in the world of the paranormal

1291

00:44:36,309 --> 00:44:35,040

rosemary ellen guiley is going to be on

1292

00:44:38,550 --> 00:44:36,319

the program too and i've interviewed

1293

00:44:40,390 --> 00:44:38,560

rosemary several times

1294

00:44:41,589 --> 00:44:40,400

again another great resource but there's

1295

00:44:43,349 --> 00:44:41,599

some other folks i'd like to get on the

1296

00:44:44,790 --> 00:44:43,359

program too that may not be well known

1297

00:44:47,270 --> 00:44:44,800

rick fisher from

1298

00:44:48,630 --> 00:44:47,280

pennsylvania you know rick's a good

1299

00:44:49,750 --> 00:44:48,640

acquaintance of mine i'd love to have

1300

00:44:51,430 --> 00:44:49,760

him on the program

1301

00:44:53,510 --> 00:44:51,440

he does a lot of good work there in

1302

00:44:54,470 --> 00:44:53,520

columbia pa he does his weekly ghost

1303

00:44:55,589 --> 00:44:54,480

walks

1304

00:44:57,030 --> 00:44:55,599

which are kind of cool i think i'm going

1305

00:44:58,790 --> 00:44:57,040

to go on one this weekend as you and i

1306

00:45:02,470 --> 00:44:58,800

were talking about off the air

1307

00:45:02,790 --> 00:45:02,480

uh-huh yeah yeah that'll be interesting

1308

00:45:05,190 --> 00:45:02,800

and

1309

00:45:06,230 --> 00:45:05,200

some cryptozoology i mean we want to

1310

00:45:08,390 --> 00:45:06,240

talk about

1311

00:45:10,230 --> 00:45:08,400

everything the show's not going to be

1312

00:45:11,190 --> 00:45:10,240

just about ghosts and ufos we want to

1313

00:45:12,790 --> 00:45:11,200

talk about

1314

00:45:14,550 --> 00:45:12,800

everything encrypted says what we're

1315

00:45:17,510 --> 00:45:14,560

starting out with tonight is my

1316

00:45:17,990 --> 00:45:17,520

area of expertise yeah i mean i like all

1317

00:45:19,510 --> 00:45:18,000

14

1318

00:45:21,349 --> 00:45:19,520

subjects and researching anything

1319

00:45:22,950 --> 00:45:21,359

anybody sends to me and believe me i got

1320

00:45:24,630 --> 00:45:22,960

all kinds of

1321

00:45:27,030 --> 00:45:24,640

it comes in all facets you know yeah you

1322

00:45:28,790 --> 00:45:27,040

do i yep that's that's the fun part then

1323

00:45:30,950 --> 00:45:28,800

being able to present it on the radio

1324

00:45:31,990 --> 00:45:30,960

i love it all too just bigfoot's been my

1325

00:45:34,230 --> 00:45:32,000

specialty i i

1326

00:45:35,589 --> 00:45:34,240

have done some ghost investigations i've

1327

00:45:37,750 --> 00:45:35,599

uh ufos

1328

00:45:38,630 --> 00:45:37,760

not really but you know maybe one day

1329

00:45:40,230 --> 00:45:38,640

i'll get there

1330

00:45:42,390 --> 00:45:40,240

i'm starting to open up my mind to these

1331

00:45:45,030 --> 00:45:42,400

things i used to have a closed mind

1332

00:45:46,150 --> 00:45:45,040

a closed mind on some of these topics

1333

00:45:48,150 --> 00:45:46,160

and now

1334

00:45:49,990 --> 00:45:48,160

i don't know i guess the more and more i

1335

00:45:53,030 --> 00:45:50,000

investigate the more and more

1336

00:45:54,950 --> 00:45:53,040

open my mind becomes to the possibility

1337

00:45:57,349 --> 00:45:54,960

there are things out there that just

1338

00:45:57,990 --> 00:45:57,359

don't have a rational explanation at the

1339

00:45:59,349 --> 00:45:58,000

moment

1340

00:46:01,109 --> 00:45:59,359

well we're going to crack your brain

1341

00:46:01,670 --> 00:46:01,119

open on this show and just confuse the

1342

00:46:04,069 --> 00:46:01,680

look

1343

00:46:05,910 --> 00:46:04,079

well that's okay i i don't mind that

1344

00:46:08,550 --> 00:46:05,920

either

1345

00:46:09,270 --> 00:46:08,560

our guest we're really excited about lon

1346

00:46:10,790 --> 00:46:09,280

and i are

1347

00:46:12,870 --> 00:46:10,800

we've been chatting it up all week yes

1348

00:46:13,990 --> 00:46:12,880

we are about how excited we are that we

1349

00:46:16,470 --> 00:46:14,000

got our uh

1350

00:46:17,190 --> 00:46:16,480

past past guest on beyond the edge radio

1351
00:46:20,069 --> 00:46:17,200
multiple

1352
00:46:22,309 --> 00:46:20,079
time guest on bte and she's done so many

1353
00:46:24,950 --> 00:46:22,319
shows we're just so happy that uh linda

1354
00:46:27,829 --> 00:46:24,960
godfrey could join us tonight and linda

1355
00:46:28,550 --> 00:46:27,839
is a artist investigator and author of

1356
00:46:31,109 --> 00:46:28,560
16

1357
00:46:32,150 --> 00:46:31,119
books on strange creatures phenomena and

1358
00:46:33,829 --> 00:46:32,160
people

1359
00:46:35,829 --> 00:46:33,839
and as i just freak mentioned she's a

1360
00:46:36,710 --> 00:46:35,839
frequent guest on national tv and radio

1361
00:46:38,790 --> 00:46:36,720
shows

1362
00:46:40,550 --> 00:46:38,800
including monster quests on seasons one

1363
00:46:41,670 --> 00:46:40,560

and four lost tapes monsters and

1364

00:46:42,950 --> 00:46:41,680

mysteries in america

1365

00:46:45,349 --> 00:46:42,960

law and i think i know someone else on

1366

00:46:47,589 --> 00:46:45,359

that show yeah i do too and uh

1367

00:46:49,349 --> 00:46:47,599

sean hannity's america inside edition

1368

00:46:52,950 --> 00:46:49,359

coast to coast am which was you know

1369

00:46:56,710 --> 00:46:52,960

just recently on coast to coast again

1370

00:46:59,030 --> 00:46:56,720

npr and wisconsin public radio

1371

00:47:00,069 --> 00:46:59,040

and she resides in southeast wisconsin

1372

00:47:02,230 --> 00:47:00,079

with her husband

1373

00:47:04,710 --> 00:47:02,240

and her monster dog grendel and she's

1374

00:47:07,109 --> 00:47:04,720

here tonight to promote her new book

1375

00:47:10,069 --> 00:47:07,119

american monsters a history of monster

1376

00:47:11,670 --> 00:47:10,079

lore legends and sightings in america

1377

00:47:13,829 --> 00:47:11,680

linda thank you so much for joining us

1378

00:47:14,309 --> 00:47:13,839

tonight oh thank you so much for having

1379

00:47:16,390 --> 00:47:14,319

me

1380

00:47:18,150 --> 00:47:16,400

it's our pleasure well lon and i both

1381

00:47:21,910 --> 00:47:18,160

got the book

1382

00:47:24,950 --> 00:47:21,920

and wow it's uh quite the volume

1383

00:47:28,150 --> 00:47:24,960

uh menagerie of monsters in there

1384

00:47:31,510 --> 00:47:28,160

i think anybody who has from

1385

00:47:33,750 --> 00:47:31,520

a passing interest to a collector

1386

00:47:34,549 --> 00:47:33,760

of stories of cryptid creatures will be

1387

00:47:36,470 --> 00:47:34,559

well pleased

1388

00:47:38,870 --> 00:47:36,480

with the book it's phenomenal thank you

1389

00:47:40,870 --> 00:47:38,880

thank you so yeah it did turn out a

1390

00:47:42,150 --> 00:47:40,880

little bit oversized i kept writing my

1391

00:47:43,750 --> 00:47:42,160

publisher and saying

1392

00:47:45,670 --> 00:47:43,760

could i just put in another thousand

1393

00:47:48,790 --> 00:47:45,680

words i just got this really great

1394

00:47:51,270 --> 00:47:48,800

report and they were pretty good up to

1395

00:47:54,470 --> 00:47:51,280

up to a point but they they stopped me

1396

00:47:55,910 --> 00:47:54,480

somewhere around 376 pages

1397

00:47:58,150 --> 00:47:55,920

well you know it all gets added to my

1398

00:48:00,069 --> 00:47:58,160

digital library so my wife doesn't let

1399

00:48:01,270 --> 00:48:00,079

me have books around anymore they uh

1400

00:48:02,470 --> 00:48:01,280

you know it's funny when people come

1401
00:48:03,750 --> 00:48:02,480
into the house and you know they look

1402
00:48:05,510 --> 00:48:03,760
around and look at your volumes of

1403
00:48:06,470 --> 00:48:05,520
collections and they see bigfoot true

1404
00:48:09,190 --> 00:48:06,480
apes of america

1405
00:48:10,390 --> 00:48:09,200
and linda godfrey's books and john

1406
00:48:12,549 --> 00:48:10,400
green's books and

1407
00:48:15,670 --> 00:48:12,559
lawns you know they start to look at you

1408
00:48:19,109 --> 00:48:17,910
yeah well that's definitely what happens

1409
00:48:20,630 --> 00:48:19,119
at my house i mean

1410
00:48:22,390 --> 00:48:20,640
i i've got them in every room of the

1411
00:48:23,750 --> 00:48:22,400
house just about

1412
00:48:25,430 --> 00:48:23,760
just to get back to your book here this

1413
00:48:28,230 --> 00:48:25,440

isn't the first book you've done

1414

00:48:30,790 --> 00:48:28,240

but this has been one of my favorite

1415

00:48:32,470 --> 00:48:30,800

books i mean it touches every subject

1416

00:48:35,109 --> 00:48:32,480

just about every cryptid you could

1417

00:48:38,150 --> 00:48:35,119

really get into

1418

00:48:41,990 --> 00:48:38,160

well that was really my aim in a way

1419

00:48:43,510 --> 00:48:42,000

because um i'm i'm probably best known

1420

00:48:46,549 --> 00:48:43,520

for what i like to call the

1421

00:48:47,990 --> 00:48:46,559

unknown upright canine but that is more

1422

00:48:50,710 --> 00:48:48,000

usually called the dog man

1423

00:48:52,390 --> 00:48:50,720

wolf man or my least favorite term

1424

00:48:54,470 --> 00:48:52,400

werewolf because i don't think they're

1425

00:48:55,589 --> 00:48:54,480

traditional werewolves at all but right

1426

00:48:58,549 --> 00:48:55,599

from the very beginning

1427

00:49:00,950 --> 00:48:58,559

22 years ago when i first broke that

1428

00:49:04,309 --> 00:49:00,960

news story of the beast of bray road

1429

00:49:05,349 --> 00:49:04,319

people began to send me not just reports

1430

00:49:09,750 --> 00:49:05,359

of that creature

1431

00:49:11,589 --> 00:49:09,760

but of large birds bigfoot especially

1432

00:49:13,349 --> 00:49:11,599

and just other weird things little green

1433

00:49:16,630 --> 00:49:13,359

men you name it

1434

00:49:18,630 --> 00:49:16,640

i have reports of it and i kind of got a

1435

00:49:19,190 --> 00:49:18,640

taste of putting all those together when

1436

00:49:21,990 --> 00:49:19,200

i did

1437

00:49:22,870 --> 00:49:22,000

the monsters of wisconsin book which was

1438

00:49:24,790 --> 00:49:22,880

a lot of fun

1439

00:49:25,990 --> 00:49:24,800

and also the two of the books in the

1440

00:49:29,430 --> 00:49:26,000

weird series

1441

00:49:32,549 --> 00:49:29,440

but what i really wanted to do was

1442

00:49:34,710 --> 00:49:32,559

take the time to just lay out

1443

00:49:36,150 --> 00:49:34,720

sort of a compendium and i couldn't get

1444

00:49:38,230 --> 00:49:36,160

everyone in i mean they're

1445

00:49:39,990 --> 00:49:38,240

i'm sure there are all kinds of monsters

1446

00:49:41,670 --> 00:49:40,000

out there kind of sulking and pouting in

1447

00:49:44,790 --> 00:49:41,680

their caves you know because

1448

00:49:46,470 --> 00:49:44,800

i couldn't include them but i did my

1449

00:49:49,750 --> 00:49:46,480

best to represent

1450

00:49:52,790 --> 00:49:49,760

the things that go by air sea and

1451

00:49:56,069 --> 00:49:52,800

land to roughly roughly

1452

00:49:58,710 --> 00:49:56,079

categorize them because i wanted people

1453

00:50:00,390 --> 00:49:58,720

not just cryptozoologists but your

1454

00:50:01,670 --> 00:50:00,400

average mainstream american to

1455

00:50:04,230 --> 00:50:01,680

understand

1456

00:50:05,109 --> 00:50:04,240

how many sober credible people are

1457

00:50:08,150 --> 00:50:05,119

seeing

1458

00:50:10,710 --> 00:50:08,160

incredible crazy but

1459

00:50:12,950 --> 00:50:10,720

very real seeming creatures that they

1460

00:50:13,670 --> 00:50:12,960

can't identify you know it's not just

1461

00:50:15,270 --> 00:50:13,680

one or two

1462

00:50:17,270 --> 00:50:15,280

kooks here and there it's your next door

1463

00:50:19,270 --> 00:50:17,280

neighbor it's your daughter it's your

1464

00:50:21,030 --> 00:50:19,280

teacher it's your you know local

1465

00:50:24,069 --> 00:50:21,040

scientist or

1466

00:50:25,670 --> 00:50:24,079

um your airplane airlines worker

1467

00:50:27,430 --> 00:50:25,680

those are all examples of people who

1468

00:50:29,750 --> 00:50:27,440

have reported these things to me

1469

00:50:31,430 --> 00:50:29,760

and most of the time they will not tell

1470

00:50:32,390 --> 00:50:31,440

you because they know you will say

1471

00:50:35,829 --> 00:50:32,400

they're crazy

1472

00:50:37,589 --> 00:50:35,839

so instead they tell me and i'm happy

1473

00:50:40,230 --> 00:50:37,599

always to keep people anonymous

1474

00:50:42,230 --> 00:50:40,240

as long as i have their id and can reach

1475

00:50:45,349 --> 00:50:42,240

them and prove to an editor that they're

1476
00:50:47,349 --> 00:50:45,359
real people you know because um there's

1477
00:50:50,230 --> 00:50:47,359
absolutely no need to make any of this

1478
00:50:52,150 --> 00:50:50,240
up there are just far too many real and

1479
00:50:54,309 --> 00:50:52,160
incredible reports but you always have

1480
00:50:56,710 --> 00:50:54,319
that sort of in the back of your mind

1481
00:50:58,950 --> 00:50:56,720
so some are anonymous but more and more

1482
00:51:00,069 --> 00:50:58,960
people are willing to come out and give

1483
00:51:02,870 --> 00:51:00,079
their names

1484
00:51:04,150 --> 00:51:02,880
i've noticed in the past few years

1485
00:51:05,190 --> 00:51:04,160
thanks to all the people that are

1486
00:51:07,910 --> 00:51:05,200
standing up and

1487
00:51:09,829 --> 00:51:07,920
and making people realize hey i'm not

1488
00:51:11,430 --> 00:51:09,839

the only one i'm not crazy

1489

00:51:13,670 --> 00:51:11,440

there are other peoples who have seen

1490

00:51:17,109 --> 00:51:13,680

peop people's people who have seen

1491

00:51:19,510 --> 00:51:17,119

giant flying birds or

1492

00:51:20,150 --> 00:51:19,520

really grotesque things washing up on

1493

00:51:22,710 --> 00:51:20,160

the beach

1494

00:51:25,510 --> 00:51:22,720

or odd looking things jumping out at

1495

00:51:26,549 --> 00:51:25,520

them from cornfields or woods

1496

00:51:29,190 --> 00:51:26,559

you know and i guess that's the good

1497

00:51:30,549 --> 00:51:29,200

thing about paranormal entertainment

1498

00:51:33,109 --> 00:51:30,559

today is even though you know they're

1499

00:51:34,950 --> 00:51:33,119

not made for the true researcher i don't

1500

00:51:36,630 --> 00:51:34,960

believe they're made for everybody

1501
00:51:38,309 --> 00:51:36,640
it does get the message out there you

1502
00:51:39,829 --> 00:51:38,319
know good or bad it does make people

1503
00:51:42,069 --> 00:51:39,839
more comfortable

1504
00:51:43,910 --> 00:51:42,079
and uh and talking about these things

1505
00:51:45,589 --> 00:51:43,920
and also with folks like you

1506
00:51:48,150 --> 00:51:45,599
on the program it gives them somebody to

1507
00:51:49,910 --> 00:51:48,160
identify with that they can go to

1508
00:51:51,990 --> 00:51:49,920
and share those sightings someone like

1509
00:51:52,870 --> 00:51:52,000
lon you know you were telling me 22

1510
00:51:54,870 --> 00:51:52,880
years ago

1511
00:51:56,790 --> 00:51:54,880
not only were you getting sightings of

1512
00:51:58,710 --> 00:51:56,800
dog man you know that kind of opened up

1513
00:52:00,069 --> 00:51:58,720

the the door for all these other strange

1514

00:52:01,190 --> 00:52:00,079

things just reminded me of standing oh

1515

00:52:03,109 --> 00:52:01,200

yeah

1516

00:52:04,790 --> 00:52:03,119

from you know i'm a personal friend of

1517

00:52:05,910 --> 00:52:04,800

stan's and uh just listening to the

1518

00:52:08,390 --> 00:52:05,920

stories he told me from

1519

00:52:10,069 --> 00:52:08,400

you know tells me from 50 years ago it's

1520

00:52:11,030 --> 00:52:10,079

just amazing that he's been collecting

1521

00:52:12,950 --> 00:52:11,040

this stuff for so long

1522

00:52:14,950 --> 00:52:12,960

even 20 years as well yeah it's amazing

1523

00:52:17,270 --> 00:52:14,960

yeah stan has a tremendous

1524

00:52:17,990 --> 00:52:17,280

collection i've actually been plugging

1525

00:52:21,349 --> 00:52:18,000

him

1526
00:52:24,069 --> 00:52:21,359
and you as long-standing collectors who

1527
00:52:26,790 --> 00:52:24,079
are getting this phenomenal assemblage

1528
00:52:27,910 --> 00:52:26,800
of reports you know and my dream is

1529
00:52:31,510 --> 00:52:27,920
someday to see a

1530
00:52:33,750 --> 00:52:31,520
a multi-researcher

1531
00:52:35,510 --> 00:52:33,760
sort of database where we could finally

1532
00:52:37,589 --> 00:52:35,520
put it all together and then just

1533
00:52:39,349 --> 00:52:37,599
boom put it all up on a map and you know

1534
00:52:40,870 --> 00:52:39,359
the bigfoot sightings would pop out here

1535
00:52:42,309 --> 00:52:40,880
and the dogman sightings would pop out

1536
00:52:44,150 --> 00:52:42,319
there and the giant birds

1537
00:52:46,309 --> 00:52:44,160
would pop up there and you know what

1538
00:52:47,829 --> 00:52:46,319

would that look like let's start off

1539

00:52:48,390 --> 00:52:47,839

with giant birds because that's kind of

1540

00:52:51,589 --> 00:52:48,400

the first

1541

00:52:53,589 --> 00:52:51,599

books monsters by

1542

00:52:55,750 --> 00:52:53,599

air and i live right in north central

1543

00:52:58,549 --> 00:52:55,760

pennsylvania so i'm kind of

1544

00:52:59,430 --> 00:52:58,559

in quote-unquote thunderbird country

1545

00:53:01,349 --> 00:52:59,440

yeah

1546

00:53:02,790 --> 00:53:01,359

up here with sightings and lon you get

1547

00:53:04,150 --> 00:53:02,800

sightings from this area

1548

00:53:06,230 --> 00:53:04,160

you know i live here but you get the

1549

00:53:08,790 --> 00:53:06,240

sightings more than i do and stan

1550

00:53:11,030 --> 00:53:08,800

this is a really happening area for

1551
00:53:11,349 --> 00:53:11,040
large bird sightings and you started off

1552
00:53:13,750 --> 00:53:11,359
with

1553
00:53:15,910 --> 00:53:13,760
one that was really incredible webb lake

1554
00:53:19,430 --> 00:53:15,920
the 18-foot wingspan

1555
00:53:21,750 --> 00:53:19,440
on that bird yeah that was um

1556
00:53:24,549 --> 00:53:21,760
i was just really gobsmacked by this

1557
00:53:25,990 --> 00:53:24,559
particular sighting because

1558
00:53:29,270 --> 00:53:26,000
although there are a lot of big bird

1559
00:53:29,910 --> 00:53:29,280
sightings people often will either only

1560
00:53:31,750 --> 00:53:29,920
see them

1561
00:53:33,270 --> 00:53:31,760
kind of sitting on the ground or usually

1562
00:53:35,190 --> 00:53:33,280
flying in the air where there's

1563
00:53:36,710 --> 00:53:35,200

really nothing much to compare it to in

1564

00:53:38,630 --> 00:53:36,720

in terms of size and

1565

00:53:39,750 --> 00:53:38,640

it's known that it's really really hard

1566

00:53:41,430 --> 00:53:39,760

to estimate

1567

00:53:43,589 --> 00:53:41,440

things that are just seen in the sky

1568

00:53:46,150 --> 00:53:43,599

with nothing next to them you know it's

1569

00:53:46,870 --> 00:53:46,160

just so hard to to figure out exactly

1570

00:53:50,150 --> 00:53:46,880

how

1571

00:53:53,030 --> 00:53:50,160

far away they are from you but this guy

1572

00:53:53,589 --> 00:53:53,040

um who this this occurred in 2005 so it

1573

00:53:55,510 --> 00:53:53,599

was

1574

00:53:56,790 --> 00:53:55,520

fairly recent less than less than a

1575

00:54:00,309 --> 00:53:56,800

decade ago

1576

00:54:03,109 --> 00:54:00,319

this is um a

1577

00:54:04,950 --> 00:54:03,119

somewhat going on middle-aged man

1578

00:54:06,870 --> 00:54:04,960

professional businessman from minnesota

1579

00:54:08,790 --> 00:54:06,880

he's vacationing in northern wisconsin

1580

00:54:09,990 --> 00:54:08,800

riding his bike along this nice country

1581

00:54:11,589 --> 00:54:10,000

lane charlotte

1582

00:54:13,750 --> 00:54:11,599

and all of a sudden he looks over into

1583

00:54:16,309 --> 00:54:13,760

this meadow of very high grass

1584

00:54:17,030 --> 00:54:16,319

and he sees this giant bird standing

1585

00:54:19,270 --> 00:54:17,040

there

1586

00:54:21,430 --> 00:54:19,280

and the grass is like up to his waist

1587

00:54:23,670 --> 00:54:21,440

and he's over six feet tall i've met him

1588

00:54:24,630 --> 00:54:23,680

he's you know quite a quite a large guy

1589

00:54:26,710 --> 00:54:24,640

and the bird

1590

00:54:27,910 --> 00:54:26,720

is so much taller and bigger than he is

1591

00:54:29,750 --> 00:54:27,920

that he just

1592

00:54:31,430 --> 00:54:29,760

you know he said he just stopped his

1593

00:54:34,309 --> 00:54:31,440

bike dropped the bike

1594

00:54:35,430 --> 00:54:34,319

where it stood and immediately began

1595

00:54:37,589 --> 00:54:35,440

running like a kid

1596

00:54:40,549 --> 00:54:37,599

into this field because he was so

1597

00:54:42,230 --> 00:54:40,559

excited to see this gigantic bird

1598

00:54:43,829 --> 00:54:42,240

and then he got about halfway into the

1599

00:54:45,430 --> 00:54:43,839

field and said he all of a sudden

1600

00:54:47,589 --> 00:54:45,440

thought better of it because he's

1601
00:54:49,349 --> 00:54:47,599
starting to think what if it's a female

1602
00:54:50,470 --> 00:54:49,359
and she's got a nest and she's you know

1603
00:54:52,549 --> 00:54:50,480
territorial

1604
00:54:53,910 --> 00:54:52,559
and just then it looked at him and saw

1605
00:54:56,390 --> 00:54:53,920
him you know which again

1606
00:54:58,470 --> 00:54:56,400
was a very blood-curdling experience

1607
00:55:01,430 --> 00:54:58,480
because again he realized that this

1608
00:55:01,750 --> 00:55:01,440
large large thing was now aware of him

1609
00:55:05,109 --> 00:55:01,760
but

1610
00:55:07,829 --> 00:55:05,119
instead of attacking him it started

1611
00:55:08,230 --> 00:55:07,839
billowing its wings its massive wings

1612
00:55:11,349 --> 00:55:08,240
and

1613
00:55:14,069 --> 00:55:11,359

he was describing it as probably

1614

00:55:15,349 --> 00:55:14,079

closer to a stork or a crane than any

1615

00:55:16,710 --> 00:55:15,359

other bird but he said it didn't look

1616

00:55:19,030 --> 00:55:16,720

like either one

1617

00:55:19,990 --> 00:55:19,040

he knew it wasn't a sandhill crane which

1618

00:55:22,390 --> 00:55:20,000

wisconsin does have

1619

00:55:23,349 --> 00:55:22,400

or a whooping crane it was much bigger

1620

00:55:24,870 --> 00:55:23,359

than those things

1621

00:55:26,470 --> 00:55:24,880

and especially in the way it was taking

1622

00:55:28,630 --> 00:55:26,480

off he said you could see

1623

00:55:30,870 --> 00:55:28,640

the billows in the wings as it was

1624

00:55:33,030 --> 00:55:30,880

trying to get enough air to lift itself

1625

00:55:34,470 --> 00:55:33,040

and it finally did and it kind of

1626

00:55:36,470 --> 00:55:34,480

wobbled and took off

1627

00:55:38,069 --> 00:55:36,480

down this road so he also he got to see

1628

00:55:41,190 --> 00:55:38,079

it standing there

1629

00:55:43,990 --> 00:55:41,200

estimate its um height see it take off

1630

00:55:44,309 --> 00:55:44,000

and observe the action of its wings and

1631

00:55:46,230 --> 00:55:44,319

that's

1632

00:55:48,870 --> 00:55:46,240

in the shape of its wings and then it

1633

00:55:52,870 --> 00:55:48,880

took off down this road where he'd been

1634

00:55:53,750 --> 00:55:52,880

biking and as as it went he could see

1635

00:55:56,390 --> 00:55:53,760

that um

1636

00:55:57,990 --> 00:55:56,400

before it gained much at altitude he

1637

00:56:00,870 --> 00:55:58,000

could see that its wings were about the

1638

00:56:03,589 --> 00:56:00,880

same width as the road which i measured

1639

00:56:04,950 --> 00:56:03,599

and they kind of varied between 18 and

1640

00:56:06,950 --> 00:56:04,960

22 feet but it was

1641

00:56:08,549 --> 00:56:06,960

around 20 feet right at the spot where

1642

00:56:10,390 --> 00:56:08,559

he said that he uh

1643

00:56:12,150 --> 00:56:10,400

you know accessed that point in regard

1644

00:56:14,630 --> 00:56:12,160

to the to the bird size

1645

00:56:17,109 --> 00:56:14,640

so um it was huge you know and then he

1646

00:56:20,710 --> 00:56:17,119

watched it go off in that direction

1647

00:56:23,109 --> 00:56:20,720

knowing to his um curiosity that there

1648

00:56:24,950 --> 00:56:23,119

was a small airport not very far away

1649

00:56:26,150 --> 00:56:24,960

you know and he was thinking to himself

1650

00:56:28,150 --> 00:56:26,160

that somebody

1651
00:56:30,230 --> 00:56:28,160
must have seen it on radar he inquired

1652
00:56:30,710 --> 00:56:30,240
around he never got anyone else to admit

1653
00:56:32,549 --> 00:56:30,720
that

1654
00:56:34,870 --> 00:56:32,559
they had seen it or knew anything about

1655
00:56:36,870 --> 00:56:34,880
it but this was a beautiful bright

1656
00:56:38,789 --> 00:56:36,880
summer day it wasn't nighttime he had a

1657
00:56:41,190 --> 00:56:38,799
great view of it

1658
00:56:42,549 --> 00:56:41,200
had a protracted sighting that you know

1659
00:56:45,030 --> 00:56:42,559
lasted

1660
00:56:45,670 --> 00:56:45,040
at least probably a minute or two which

1661
00:56:47,670 --> 00:56:45,680
is long

1662
00:56:49,430 --> 00:56:47,680
for cryptid sightings most of most of

1663
00:56:50,549 --> 00:56:49,440

them are only two two or three seconds

1664

00:56:52,870 --> 00:56:50,559

if you're lucky

1665

00:56:54,549 --> 00:56:52,880

so um i consider it a very good signing

1666

00:56:55,670 --> 00:56:54,559

and also you know he's one of these that

1667

00:56:57,910 --> 00:56:55,680

said you know

1668

00:56:59,670 --> 00:56:57,920

i know what i saw it changed my life i

1669

00:57:02,390 --> 00:56:59,680

think about it every day i wonder

1670

00:57:04,150 --> 00:57:02,400

why i saw something like that but you

1671

00:57:04,470 --> 00:57:04,160

know people may as well know it was me

1672

00:57:07,670 --> 00:57:04,480

he

1673

00:57:09,670 --> 00:57:07,680

book so

1674

00:57:11,270 --> 00:57:09,680

um and that always does lend some

1675

00:57:12,710 --> 00:57:11,280

credibility i think when people are

1676
00:57:15,190 --> 00:57:12,720
willing to do that so

1677
00:57:16,069 --> 00:57:15,200
you know i rated this this sighting up

1678
00:57:19,190 --> 00:57:16,079
there with a

1679
00:57:20,789 --> 00:57:19,200
in an a a plus range myself he's very

1680
00:57:23,270 --> 00:57:20,799
detailed in his description of how it

1681
00:57:26,069 --> 00:57:23,280
takes off rolling flapping wings

1682
00:57:27,349 --> 00:57:26,079
non-graceful as it's trying to take off

1683
00:57:29,190 --> 00:57:27,359
kind of clumsy

1684
00:57:31,270 --> 00:57:29,200
i i would rate it a really good sighting

1685
00:57:34,309 --> 00:57:31,280
myself and you know

1686
00:57:35,829 --> 00:57:34,319
like you said it's rare that these you

1687
00:57:38,789 --> 00:57:35,839
know prolonged sightings

1688
00:57:39,910 --> 00:57:38,799

do happen especially with what the uh i

1689

00:57:40,950 --> 00:57:39,920

guess we'll call them avians because we

1690

00:57:44,789 --> 00:57:40,960

really don't know

1691

00:57:47,750 --> 00:57:44,799

birds pterodons whatever they are and uh

1692

00:57:48,390 --> 00:57:47,760

just 18 feet i i don't know if any bird

1693

00:57:51,190 --> 00:57:48,400

that that's

1694

00:57:51,829 --> 00:57:51,200

that's a big wingspan that's huge it is

1695

00:57:54,309 --> 00:57:51,839

it is

1696

00:57:55,829 --> 00:57:54,319

and yet it's not terribly unusual for

1697

00:57:59,030 --> 00:57:55,839

giant bird sightings

1698

00:58:01,270 --> 00:57:59,040

it's it's kind of a common um size i

1699

00:58:02,230 --> 00:58:01,280

i discovered and i was really shocked

1700

00:58:04,470 --> 00:58:02,240

when i began

1701
00:58:05,430 --> 00:58:04,480
doing extra research for this book to

1702
00:58:07,670 --> 00:58:05,440
find out

1703
00:58:09,829 --> 00:58:07,680
how many of these giant flying things

1704
00:58:13,990 --> 00:58:09,839
there are

1705
00:58:16,390 --> 00:58:14,000
and it's nationwide too

1706
00:58:17,190 --> 00:58:16,400
but there seem to be concentrations of

1707
00:58:19,109 --> 00:58:17,200
it uh

1708
00:58:20,230 --> 00:58:19,119
they do not only in wisconsin but i

1709
00:58:23,990 --> 00:58:20,240
think

1710
00:58:27,670 --> 00:58:24,000
indiana illinois pennsylvania texas

1711
00:58:29,430 --> 00:58:27,680
maybe out in uh new mexico and all these

1712
00:58:29,910 --> 00:58:29,440
seem to be concentrations of these

1713
00:58:32,390 --> 00:58:29,920

things

1714

00:58:34,069 --> 00:58:32,400

now you did mention to me about some new

1715

00:58:37,589 --> 00:58:34,079

bird sightings uh

1716

00:58:39,589 --> 00:58:37,599

what's going on yeah well you know

1717

00:58:41,430 --> 00:58:39,599

the ones that they're new to me uh one

1718

00:58:42,630 --> 00:58:41,440

is quite recent one is quite old and

1719

00:58:45,270 --> 00:58:42,640

one's in the middle

1720

00:58:46,950 --> 00:58:45,280

um but they all just came in to me you

1721

00:58:50,549 --> 00:58:46,960

know quite recently and

1722

00:58:51,670 --> 00:58:50,559

i did post some um short abbreviated

1723

00:58:54,150 --> 00:58:51,680

versions of them

1724

00:58:55,589 --> 00:58:54,160

just today on my on my blog at linda

1725

00:58:58,390 --> 00:58:55,599

godfrey.com

1726

00:59:00,549 --> 00:58:58,400

so if you uh you know want a little more

1727

00:59:02,870 --> 00:59:00,559

written description you can go there but

1728

00:59:05,430 --> 00:59:02,880

one happened i'll start with the oldest

1729

00:59:08,710 --> 00:59:05,440

one just to run down them real quickly

1730

00:59:13,349 --> 00:59:08,720

one was in

1731

00:59:16,150 --> 00:59:13,359

pennsylvania either 1996 or 97

1732

00:59:17,670 --> 00:59:16,160

and they so this is this is all your

1733

00:59:21,109 --> 00:59:17,680

europa territory and

1734

00:59:21,829 --> 00:59:21,119

and stan gordon's too and the person who

1735

00:59:24,549 --> 00:59:21,839

wrote

1736

00:59:25,030 --> 00:59:24,559

was a woman who said she was driving

1737

00:59:27,030 --> 00:59:25,040

along

1738

00:59:29,589 --> 00:59:27,040

it was near it was in pike county

1739

00:59:31,910 --> 00:59:29,599

pennsylvania near busckill falls

1740

00:59:33,030 --> 00:59:31,920

which is a great name for a place for

1741

00:59:36,789 --> 00:59:33,040

encrypted

1742

00:59:39,030 --> 00:59:36,799

and she saw this huge bird-like creature

1743

00:59:40,710 --> 00:59:39,040

just sort of gliding over the treetops

1744

00:59:42,150 --> 00:59:40,720

and this again it was daylight it was a

1745

00:59:44,150 --> 00:59:42,160

fall day

1746

00:59:46,230 --> 00:59:44,160

she actually was able to stop her car

1747

00:59:48,309 --> 00:59:46,240

because it was sort of oblivious

1748

00:59:50,390 --> 00:59:48,319

to her you know gliding over almost as

1749

00:59:53,030 --> 00:59:50,400

if it was looking for something

1750

00:59:54,870 --> 00:59:53,040

and she said its wings foot its wingspan

1751

00:59:57,990 --> 00:59:54,880

was about as big as my car

1752

01:00:01,270 --> 00:59:58,000

which i measured to be 17 feet long and

1753

01:00:03,109 --> 01:00:01,280

its body was at least as big as a man's

1754

01:00:05,829 --> 01:00:03,119

and then once it sort of started

1755

01:00:07,910 --> 01:00:05,839

disappearing beyond the trees

1756

01:00:09,190 --> 01:00:07,920

she got back in her car tried to follow

1757

01:00:11,750 --> 01:00:09,200

it couldn't find it

1758

01:00:15,109 --> 01:00:11,760

and then she set about calling all the

1759

01:00:17,109 --> 01:00:15,119

local animal researchers humane society

1760

01:00:19,109 --> 01:00:17,119

that sort of thing and they all

1761

01:00:20,870 --> 01:00:19,119

ridiculed her of course and said she had

1762

01:00:21,510 --> 01:00:20,880

seen a turkey vulture and she knew very

1763

01:00:23,510 --> 01:00:21,520

well

1764

01:00:25,670 --> 01:00:23,520

that it was not a turkey vulture you

1765

01:00:28,470 --> 01:00:25,680

know i think that's the standard

1766

01:00:29,510 --> 01:00:28,480

go-to thing then there was another one

1767

01:00:34,710 --> 01:00:29,520

in

1768

01:00:36,309 --> 01:00:34,720

actually 1995 i believe yeah so i guess

1769

01:00:39,990 --> 01:00:36,319

that was about the same time

1770

01:00:41,510 --> 01:00:40,000

in western nebraska it's a place called

1771

01:00:43,109 --> 01:00:41,520

state line island on the border of

1772

01:00:45,109 --> 01:00:43,119

wyoming and nebraska

1773

01:00:46,710 --> 01:00:45,119

and this again was daylight late

1774

01:00:48,470 --> 01:00:46,720

afternoon in may

1775

01:00:50,710 --> 01:00:48,480

and this man's hiking along the north

1776

01:00:52,470 --> 01:00:50,720

platte river comes out into a clearing

1777

01:00:54,309 --> 01:00:52,480

and at first he thinks there's these two

1778

01:00:54,870 --> 01:00:54,319

really weird big-headed people standing

1779

01:00:57,349 --> 01:00:54,880

there

1780

01:00:58,630 --> 01:00:57,359

and then he looks again and realizes

1781

01:01:02,150 --> 01:00:58,640

it's two

1782

01:01:06,150 --> 01:01:02,160

very large birds that were

1783

01:01:08,950 --> 01:01:06,160

fairly close they were taller than him

1784

01:01:09,750 --> 01:01:08,960

they had he estimated a 15 to 20 foot

1785

01:01:12,870 --> 01:01:09,760

wingspan

1786

01:01:15,670 --> 01:01:12,880

and they were black solid black feathers

1787

01:01:17,270 --> 01:01:15,680

not brown no markings the head was not

1788

01:01:18,230 --> 01:01:17,280

naked like a vulture one was a little

1789

01:01:20,470 --> 01:01:18,240

bit bigger they

1790

01:01:21,270 --> 01:01:20,480

were more like raptors of some type he

1791

01:01:23,589 --> 01:01:21,280

said

1792

01:01:24,470 --> 01:01:23,599

and then as usually happens one turned

1793

01:01:27,190 --> 01:01:24,480

its head

1794

01:01:27,990 --> 01:01:27,200

looked at him and this is where it gets

1795

01:01:30,470 --> 01:01:28,000

really weird

1796

01:01:32,549 --> 01:01:30,480

they both take off and he describes that

1797

01:01:34,630 --> 01:01:32,559

same sort of struggling motion

1798

01:01:35,670 --> 01:01:34,640

you know to get into the air well one

1799

01:01:37,670 --> 01:01:35,680

sails right up

1800

01:01:39,190 --> 01:01:37,680

and the other one is really struggling

1801
01:01:41,910 --> 01:01:39,200
and flapping and then

1802
01:01:43,430 --> 01:01:41,920
he can see that it's trying to carry off

1803
01:01:46,630 --> 01:01:43,440
a dead deer

1804
01:01:48,789 --> 01:01:46,640
a smallish deer and he had hiked

1805
01:01:50,630 --> 01:01:48,799
at that spot the day before and noticed

1806
01:01:53,670 --> 01:01:50,640
there was a small doe

1807
01:01:56,710 --> 01:01:53,680
dead there that he estimated to weigh

1808
01:01:59,190 --> 01:01:56,720
75 to 100 pounds and this

1809
01:02:01,349 --> 01:01:59,200
huge bird has got it in its talons and

1810
01:02:03,190 --> 01:02:01,359
is trying to lift off with it and

1811
01:02:05,029 --> 01:02:03,200
finally manages to do so while the other

1812
01:02:07,510 --> 01:02:05,039
one is circling and screeching

1813
01:02:08,710 --> 01:02:07,520

you know like hurry up or get up here or

1814

01:02:09,829 --> 01:02:08,720

you know he didn't know if the thing was

1815

01:02:11,990 --> 01:02:09,839

screeching at him

1816

01:02:13,270 --> 01:02:12,000

and he said the whole encounter took

1817

01:02:15,910 --> 01:02:13,280

less than five minutes

1818

01:02:17,750 --> 01:02:15,920

i'm a hunter a hiker and an outdoorsman

1819

01:02:20,230 --> 01:02:17,760

i've never seen anything like these

1820

01:02:21,670 --> 01:02:20,240

birds before since they put the fear of

1821

01:02:23,109 --> 01:02:21,680

god in me because i figured if it could

1822

01:02:26,630 --> 01:02:23,119

carry off a deer carcass

1823

01:02:29,829 --> 01:02:26,640

it might could carry me off as well

1824

01:02:31,270 --> 01:02:29,839

that's interesting because uh you don't

1825

01:02:32,870 --> 01:02:31,280

really you know you hear about these

1826
01:02:36,150 --> 01:02:32,880
thunderbirds or

1827
01:02:38,630 --> 01:02:36,160
these large birds but you very rarely

1828
01:02:39,990 --> 01:02:38,640
have people association them with

1829
01:02:44,150 --> 01:02:40,000
raptors

1830
01:02:47,190 --> 01:02:44,160
or you know a raptor type a raptor type

1831
01:02:49,829 --> 01:02:47,200
bird right although if you look in

1832
01:02:50,309 --> 01:02:49,839
the native american lore most of the

1833
01:02:52,710 --> 01:02:50,319
time

1834
01:02:54,309 --> 01:02:52,720
when they talk about a thunderbird they

1835
01:02:55,990 --> 01:02:54,319
don't draw something that looks like a

1836
01:02:57,430 --> 01:02:56,000
pterodactyl they draw something that

1837
01:02:59,910 --> 01:02:57,440
looks like an eagle

1838
01:03:00,549 --> 01:02:59,920

or a great hawk or something like that

1839

01:03:03,510 --> 01:03:00,559

so

1840

01:03:04,069 --> 01:03:03,520

the actual thunderbird lore that i could

1841

01:03:06,789 --> 01:03:04,079

find

1842

01:03:07,349 --> 01:03:06,799

is more often much more often associated

1843

01:03:11,029 --> 01:03:07,359

with

1844

01:03:13,190 --> 01:03:11,039

raptor type birds but i think we've

1845

01:03:15,589 --> 01:03:13,200

we've somehow kind of come to associate

1846

01:03:17,910 --> 01:03:15,599

it in the minds of a lot of the public

1847

01:03:19,109 --> 01:03:17,920

with um the more prehistoric you know

1848

01:03:21,829 --> 01:03:19,119

the pterosaurs

1849

01:03:23,990 --> 01:03:21,839

or pterodactyls that some of them call

1850

01:03:27,910 --> 01:03:24,000

call them

1851

01:03:31,990 --> 01:03:30,150

you know nebraska too that's not that's

1852

01:03:34,950 --> 01:03:32,000

not your typical area to get a report

1853

01:03:38,230 --> 01:03:36,789

uh that is interesting now you've been

1854

01:03:42,230 --> 01:03:38,240

working on

1855

01:03:44,710 --> 01:03:42,240

i suppose

1856

01:03:48,950 --> 01:03:44,720

that you call the heartland creature can

1857

01:03:53,589 --> 01:03:52,069

yeah i've actually got a couple of cases

1858

01:03:55,430 --> 01:03:53,599

i've been working on not too far from

1859

01:03:58,230 --> 01:03:55,440

home that are sort of ongoing

1860

01:04:00,390 --> 01:03:58,240

and if you're curious again there's a

1861

01:04:02,950 --> 01:04:00,400

witness sketch at linda.godfrey.com just

1862

01:04:05,990 --> 01:04:02,960

on the blog scroll down a couple but

1863

01:04:09,829 --> 01:04:06,000

this was reported to me by

1864

01:04:12,549 --> 01:04:09,839

again a professional middle-aged woman

1865

01:04:15,270 --> 01:04:12,559

living in a residential very residential

1866

01:04:18,390 --> 01:04:15,280

area of heartland which is a small town

1867

01:04:21,190 --> 01:04:18,400

north west of milwaukee but adjacent to

1868

01:04:22,710 --> 01:04:21,200

this little area they call land lakes

1869

01:04:24,630 --> 01:04:22,720

because it looks like god took

1870

01:04:26,230 --> 01:04:24,640

all of his fingers and pushed them down

1871

01:04:26,950 --> 01:04:26,240

and just kept making lakes you know by

1872

01:04:28,150 --> 01:04:26,960

poking in the

1873

01:04:29,990 --> 01:04:28,160

that's what it looks like if you look at

1874

01:04:32,309 --> 01:04:30,000

it from a map and

1875

01:04:33,589 --> 01:04:32,319

so there's tons of lakes and swamps and

1876

01:04:34,789 --> 01:04:33,599

that sort of thing and then you've got

1877

01:04:36,630 --> 01:04:34,799

this little town of

1878

01:04:39,670 --> 01:04:36,640

heartland which i might add is only

1879

01:04:41,430 --> 01:04:39,680

about uh less than half an hour south of

1880

01:04:42,870 --> 01:04:41,440

the holy hill area where you've got the

1881

01:04:44,470 --> 01:04:42,880

holy hill bear wolf and

1882

01:04:46,230 --> 01:04:44,480

other stories that people may remember

1883

01:04:48,150 --> 01:04:46,240

from there but this woman

1884

01:04:49,990 --> 01:04:48,160

is awakened is awakened at 1 30 in the

1885

01:04:51,109 --> 01:04:50,000

morning by her little dog coming barking

1886

01:04:54,069 --> 01:04:51,119

and barking and barking

1887

01:04:54,549 --> 01:04:54,079

she thought that it had to go outside

1888

01:04:57,750 --> 01:04:54,559

and

1889

01:04:59,190 --> 01:04:57,760

deck with it

1890

01:05:01,109 --> 01:04:59,200

and they get out to the deck and

1891

01:05:02,549 --> 01:05:01,119

normally it you know jumps out onto the

1892

01:05:03,349 --> 01:05:02,559

lawn and does what it needs to do and

1893

01:05:05,670 --> 01:05:03,359

comes back

1894

01:05:08,470 --> 01:05:05,680

this time it was whimpering behind her

1895

01:05:10,870 --> 01:05:08,480

and refused to set foot on the grass

1896

01:05:12,230 --> 01:05:10,880

so she's kind of looking you know and

1897

01:05:15,109 --> 01:05:12,240

squinting and

1898

01:05:17,270 --> 01:05:15,119

like i said this is residential it's lot

1899

01:05:19,910 --> 01:05:17,280

lines coming up to the backyard not

1900

01:05:21,430 --> 01:05:19,920

gigantic acres but you know normal maybe

1901

01:05:24,470 --> 01:05:21,440

half acre lots at the most

1902

01:05:26,630 --> 01:05:24,480

or less and there are

1903

01:05:28,710 --> 01:05:26,640

neighbors patios lights on plus she said

1904

01:05:29,990 --> 01:05:28,720

it was a almost full moon so it was

1905

01:05:33,430 --> 01:05:30,000

pretty bright

1906

01:05:37,430 --> 01:05:33,440

and she saw this thing walking across

1907

01:05:39,510 --> 01:05:37,440

the lot line with her back neighbor and

1908

01:05:41,430 --> 01:05:39,520

she at first it looked like it was

1909

01:05:43,750 --> 01:05:41,440

wearing a gray fur coat she thought

1910

01:05:46,230 --> 01:05:43,760

because it had this

1911

01:05:48,230 --> 01:05:46,240

kind of wide chest and she could see all

1912

01:05:49,670 --> 01:05:48,240

this gray fur and then as it came out

1913

01:05:52,230 --> 01:05:49,680

more into the light

1914

01:05:52,950 --> 01:05:52,240

she realized that it wasn't a human it

1915

01:05:54,789 --> 01:05:52,960

had a

1916

01:05:56,390 --> 01:05:54,799

canine face although with a slightly

1917

01:05:57,670 --> 01:05:56,400

shorter muzzle than you usually think of

1918

01:05:59,829 --> 01:05:57,680

with a dog man but

1919

01:06:00,950 --> 01:05:59,839

you know a definite muzzle and pointed

1920

01:06:03,670 --> 01:06:00,960

ears

1921

01:06:05,510 --> 01:06:03,680

and she said it was walking on its toes

1922

01:06:07,829 --> 01:06:05,520

like a dog toe pads with

1923

01:06:09,910 --> 01:06:07,839

the typical bent backward comment about

1924

01:06:11,750 --> 01:06:09,920

the legs meaning that the hawk is

1925

01:06:13,829 --> 01:06:11,760

um being noticed where you'd expect the

1926

01:06:16,230 --> 01:06:13,839

knee and

1927

01:06:19,190 --> 01:06:16,240

it just kept striding that was the word

1928

01:06:22,309 --> 01:06:19,200

that she used taking fairly good size

1929

01:06:25,510 --> 01:06:22,319

steps and then all of a sudden

1930

01:06:26,950 --> 01:06:25,520

turned and looked at her and she drew

1931

01:06:29,829 --> 01:06:26,960

her witness sketch

1932

01:06:31,829 --> 01:06:29,839

this is very eerie looking at her except

1933

01:06:33,270 --> 01:06:31,839

she left the eyes off because its head

1934

01:06:34,870 --> 01:06:33,280

was a little bit in shadow

1935

01:06:36,950 --> 01:06:34,880

she couldn't see the eyes there was

1936

01:06:38,150 --> 01:06:36,960

nothing shining directly on it to give

1937

01:06:40,150 --> 01:06:38,160

it eye shine

1938

01:06:41,430 --> 01:06:40,160

and so she just left that part off of

1939

01:06:43,109 --> 01:06:41,440

the sketch because she didn't want to

1940

01:06:44,950 --> 01:06:43,119

add anything that she didn't actually

1941

01:06:47,270 --> 01:06:44,960

see which i think is a sign of a really

1942

01:06:49,990 --> 01:06:47,280

good eye witness

1943

01:06:51,510 --> 01:06:50,000

and yeah exactly and so because even

1944

01:06:52,870 --> 01:06:51,520

even good eye witnesses will sometimes

1945

01:06:54,309 --> 01:06:52,880

try and guess at something and she

1946

01:06:56,789 --> 01:06:54,319

didn't even want to do that

1947

01:06:58,630 --> 01:06:56,799

so it turned and kept going as if like

1948

01:07:00,390 --> 01:06:58,640

huh i don't care if you're watching me

1949

01:07:02,230 --> 01:07:00,400

you know which really freaked her out

1950

01:07:03,990 --> 01:07:02,240

and so at that point

1951

01:07:06,069 --> 01:07:04,000

she saw where it was headed into there's

1952

01:07:08,230 --> 01:07:06,079

a little patch of woods that led to

1953

01:07:09,430 --> 01:07:08,240

somewhere else where it could within a

1954

01:07:11,349 --> 01:07:09,440

few blocks end up

1955

01:07:13,349 --> 01:07:11,359

on the freeway which had a big wide

1956

01:07:15,430 --> 01:07:13,359

ditch with lots of plants and

1957

01:07:18,230 --> 01:07:15,440

and could have got easily gotten back

1958

01:07:21,670 --> 01:07:18,240

off into the lake area from there

1959

01:07:22,950 --> 01:07:21,680

so um she found me and i was out there

1960

01:07:26,630 --> 01:07:22,960

within a couple of days

1961

01:07:30,150 --> 01:07:26,640

and examined her property and that back

1962

01:07:33,270 --> 01:07:30,160

lot line where she saw it walking had uh

1963

01:07:35,910 --> 01:07:33,280

a big trail of mulch where um

1964

01:07:36,309 --> 01:07:35,920

mounded mulch with dirt underneath it

1965

01:07:38,150 --> 01:07:36,319

and

1966

01:07:39,829 --> 01:07:38,160

something had been walking on that mulch

1967

01:07:41,029 --> 01:07:39,839

following what were obviously deer

1968

01:07:44,390 --> 01:07:41,039

tracks

1969

01:07:47,670 --> 01:07:44,400

that

1970

01:07:48,710 --> 01:07:47,680

it had penetrated the mulch and was down

1971

01:07:50,470 --> 01:07:48,720

into the dirt

1972

01:07:52,470 --> 01:07:50,480

and these other tracks were sort of the

1973

01:07:54,950 --> 01:07:52,480

same way mulch is a terrible

1974

01:07:55,670 --> 01:07:54,960

terrible medium to try and i've tried

1975

01:07:57,750 --> 01:07:55,680

believe me

1976

01:07:59,029 --> 01:07:57,760

to try and take casts you know because

1977

01:08:01,430 --> 01:07:59,039

it just trickles down it

1978

01:08:03,670 --> 01:08:01,440

it's uneven it gets kicked around but

1979

01:08:06,150 --> 01:08:03,680

this these were deep enough that it was

1980

01:08:08,069 --> 01:08:06,160

down into the subsoil just a little bit

1981

01:08:11,029 --> 01:08:08,079

not enough to get a good imprint but

1982

01:08:11,270 --> 01:08:11,039

that you could make out um the size of

1983

01:08:14,950 --> 01:08:11,280

the

1984

01:08:17,510 --> 01:08:14,960

and a half inches

1985

01:08:18,789 --> 01:08:17,520

which is quite large for even you know

1986

01:08:21,189 --> 01:08:18,799

for a large dog

1987

01:08:22,829 --> 01:08:21,199

they were only back prints there weren't

1988

01:08:25,829 --> 01:08:22,839

uh front ones

1989

01:08:28,309 --> 01:08:25,839

and they were um not

1990

01:08:29,749 --> 01:08:28,319

any more spread than the deer prints

1991

01:08:30,470 --> 01:08:29,759

were so that you know there was a good

1992

01:08:32,390 --> 01:08:30,480

comparison

1993

01:08:34,550 --> 01:08:32,400

and it was obviously tracking these

1994

01:08:36,950 --> 01:08:34,560

these deer prints as it went

1995

01:08:38,229 --> 01:08:36,960

so um i i got some pretty good pictures

1996

01:08:40,870 --> 01:08:38,239

of those and then

1997

01:08:42,070 --> 01:08:40,880

the eeriest part was that we walked

1998

01:08:43,349 --> 01:08:42,080

around the house because she had the

1999

01:08:45,110 --> 01:08:43,359

same sort of thing

2000

01:08:47,430 --> 01:08:45,120

there and she said you know it was weird

2001

01:08:51,030 --> 01:08:47,440

because the last month my daughter

2002

01:08:52,229 --> 01:08:51,040

who is special needs has been saying

2003

01:08:54,870 --> 01:08:52,239

mommy i saw

2004

01:08:56,309 --> 01:08:54,880

a monster at my window almost every

2005

01:08:57,189 --> 01:08:56,319

night and when i went and looked under

2006

01:08:59,269 --> 01:08:57,199

her window

2007

01:09:00,550 --> 01:08:59,279

those same prints were there and you

2008

01:09:03,349 --> 01:09:00,560

could tell that

2009

01:09:03,990 --> 01:09:03,359

it was standing on the left using the

2010

01:09:07,189 --> 01:09:04,000

left

2011

01:09:08,229 --> 01:09:07,199

foot as a sort of a pivot and then using

2012

01:09:10,950 --> 01:09:08,239

the right foot to

2013

01:09:12,470 --> 01:09:10,960

uh to turn around to see the best view

2014

01:09:14,630 --> 01:09:12,480

of the child in her bed

2015

01:09:16,470 --> 01:09:14,640

inside that room it was what it would

2016

01:09:17,349 --> 01:09:16,480

have been aimed directly at her at an

2017

01:09:20,309 --> 01:09:17,359

angle

2018

01:09:20,950 --> 01:09:20,319

so that was really pretty scary i

2019

01:09:23,430 --> 01:09:20,960

thought

2020

01:09:25,510 --> 01:09:23,440

uh it gives me goosebumps just thinking

2021

01:09:28,709 --> 01:09:25,520

oh exactly yeah and so

2022

01:09:29,749 --> 01:09:28,719

um she also later found these kind of

2023

01:09:33,189 --> 01:09:29,759

weird

2024

01:09:35,910 --> 01:09:33,199

print

2025

01:09:37,669 --> 01:09:35,920

for lack of a better term um on the

2026

01:09:38,390 --> 01:09:37,679

siding of the house about four feet up

2027

01:09:40,630 --> 01:09:38,400

which is

2028

01:09:42,070 --> 01:09:40,640

too high for a raccoon and it didn't

2029

01:09:44,229 --> 01:09:42,080

look

2030

01:09:46,149 --> 01:09:44,239

human at all it was very strange

2031

01:09:49,349 --> 01:09:46,159

there's pictures of that on the

2032

01:09:52,709 --> 01:09:49,359

um the website too i came

2033

01:09:53,749 --> 01:09:52,719

back another night armed with some deer

2034

01:09:58,870 --> 01:09:53,759

asterisk

2035

01:10:01,430 --> 01:09:58,880

scent to add to the the tracks so that

2036

01:10:02,070 --> 01:10:01,440

my fellow investigator and i could sit

2037

01:10:04,950 --> 01:10:02,080

on her deck

2038

01:10:06,470 --> 01:10:04,960

and watch through the through at least

2039

01:10:07,189 --> 01:10:06,480

the wee hours of the morning which we

2040

01:10:09,350 --> 01:10:07,199

did

2041

01:10:10,390 --> 01:10:09,360

and nothing came while we were there but

2042

01:10:12,070 --> 01:10:10,400

she has

2043

01:10:14,149 --> 01:10:12,080

been putting up a game camera and has

2044

01:10:17,590 --> 01:10:14,159

gotten some interesting

2045

01:10:20,630 --> 01:10:17,600

uh photos nothing that proves what it is

2046

01:10:23,750 --> 01:10:20,640

but one of them looks like

2047

01:10:26,149 --> 01:10:23,760

a really weird um

2048

01:10:27,510 --> 01:10:26,159

column of light that's translucent

2049

01:10:29,750 --> 01:10:27,520

around the edges

2050

01:10:30,630 --> 01:10:29,760

and looks sort of like a vague figure in

2051
01:10:33,910 --> 01:10:30,640
the center

2052
01:10:35,590 --> 01:10:33,920
and it correlates very strongly to

2053
01:10:37,350 --> 01:10:35,600
two other sites in southeastern

2054
01:10:39,030 --> 01:10:37,360
wisconsin that

2055
01:10:41,750 --> 01:10:39,040
i and a fellow investigator have been

2056
01:10:45,669 --> 01:10:45,270
now do you think this thing whatever it

2057
01:10:50,149 --> 01:10:45,679
is

2058
01:10:52,709 --> 01:10:50,159
property or you think it's getting there

2059
01:10:56,070 --> 01:10:52,719
by other means

2060
01:10:58,310 --> 01:10:56,080
um well in this case um

2061
01:10:59,830 --> 01:10:58,320
we we did so i mean you can only do so

2062
01:11:01,510 --> 01:10:59,840
much with google maps as great as they

2063
01:11:04,310 --> 01:11:01,520

are i always like to

2064

01:11:06,149 --> 01:11:04,320

um take a stroll at ground level and we

2065

01:11:07,830 --> 01:11:06,159

were able to see enough

2066

01:11:09,669 --> 01:11:07,840

areas in that residential neighborhood

2067

01:11:12,709 --> 01:11:09,679

where something could have been

2068

01:11:14,630 --> 01:11:12,719

going from patch to patch of small woods

2069

01:11:16,149 --> 01:11:14,640

to actually get there she saw it coming

2070

01:11:18,390 --> 01:11:16,159

from the neighbor's yard

2071

01:11:19,910 --> 01:11:18,400

and then she saw it departing into a

2072

01:11:23,030 --> 01:11:19,920

neighbor's yard so it's

2073

01:11:25,990 --> 01:11:23,040

hard to say for sure but

2074

01:11:27,430 --> 01:11:26,000

if the photo that she got was actually

2075

01:11:29,750 --> 01:11:27,440

of this creature

2076

01:11:31,270 --> 01:11:29,760

it does not photograph like any sort of

2077

01:11:34,229 --> 01:11:31,280

natural animal

2078

01:11:36,310 --> 01:11:34,239

you know that's uh you know every once

2079

01:11:38,310 --> 01:11:36,320

in a while when

2080

01:11:41,030 --> 01:11:38,320

people talk about seeing something like

2081

01:11:44,550 --> 01:11:41,040

that and trying to capture

2082

01:11:46,870 --> 01:11:44,560

you know a picture of it a light will

2083

01:11:48,550 --> 01:11:46,880

show up or something weird

2084

01:11:50,630 --> 01:11:48,560

and uh the first thing you start

2085

01:11:52,870 --> 01:11:50,640

thinking is oh god this thing is

2086

01:11:53,990 --> 01:11:52,880

coming in from somewhere else and uh you

2087

01:11:56,630 --> 01:11:54,000

know you don't know what

2088

01:11:59,189 --> 01:11:56,640

it is now you say that they're you're

2089

01:12:01,910 --> 01:11:59,199

having similar sightings

2090

01:12:03,669 --> 01:12:01,920

somewhere else as well right there's

2091

01:12:05,590 --> 01:12:03,679

there's uh two different locations one

2092

01:12:08,229 --> 01:12:05,600

of which i've been

2093

01:12:09,030 --> 01:12:08,239

helping a property owner with and

2094

01:12:12,470 --> 01:12:09,040

working on

2095

01:12:14,790 --> 01:12:12,480

for a year and we have

2096

01:12:15,590 --> 01:12:14,800

thousands and thousands of trail cam

2097

01:12:17,910 --> 01:12:15,600

photos

2098

01:12:19,030 --> 01:12:17,920

and it's really interesting because when

2099

01:12:22,790 --> 01:12:19,040

something like

2100

01:12:24,709 --> 01:12:22,800

a coyote or a skunk or

2101
01:12:26,149 --> 01:12:24,719
even we've got one with a couple of

2102
01:12:27,669 --> 01:12:26,159
hawks

2103
01:12:29,750 --> 01:12:27,679
so anything like that shows up the

2104
01:12:31,510 --> 01:12:29,760
photos are beautiful detailed

2105
01:12:32,790 --> 01:12:31,520
um you know there's no problem with

2106
01:12:35,510 --> 01:12:32,800
anything taking pictures

2107
01:12:36,550 --> 01:12:35,520
but when something comes along and does

2108
01:12:39,590 --> 01:12:36,560
what

2109
01:12:41,270 --> 01:12:39,600
shouldn't be possible with um

2110
01:12:42,950 --> 01:12:41,280
the carcasses that we because we've been

2111
01:12:43,910 --> 01:12:42,960
baiting with deer and other types of

2112
01:12:45,350 --> 01:12:43,920
carcasses

2113
01:12:46,790 --> 01:12:45,360

all this time i think we're on about i

2114

01:12:48,390 --> 01:12:46,800

think we're on about the eighth deer

2115

01:12:52,950 --> 01:12:48,400

right now

2116

01:12:56,070 --> 01:12:52,960

and um it's it's interesting because

2117

01:12:58,870 --> 01:12:56,080

there was a 60-pound deer

2118

01:13:00,470 --> 01:12:58,880

right in the beginning that was picked

2119

01:13:01,910 --> 01:13:00,480

up i think that was the first year i

2120

01:13:05,830 --> 01:13:01,920

think that was

2121

01:13:09,270 --> 01:13:05,840

uh last last september into october

2122

01:13:13,110 --> 01:13:09,280

and something over the course of half an

2123

01:13:15,590 --> 01:13:13,120

hour picked that deer up

2124

01:13:17,030 --> 01:13:15,600

did not show on either of several game

2125

01:13:20,070 --> 01:13:17,040

cameras that were trained

2126

01:13:23,189 --> 01:13:20,080

directly at it and on and functioning

2127

01:13:24,310 --> 01:13:23,199

instead there was a column of really

2128

01:13:27,910 --> 01:13:24,320

weird

2129

01:13:30,630 --> 01:13:27,920

solid semi-solid looking mist

2130

01:13:31,189 --> 01:13:30,640

with some different colors in it we have

2131

01:13:33,990 --> 01:13:31,199

about

2132

01:13:34,790 --> 01:13:34,000

oh there some something like 30 photos

2133

01:13:37,590 --> 01:13:34,800

of that mist

2134

01:13:38,229 --> 01:13:37,600

and the leaves in the trees surrounding

2135

01:13:40,550 --> 01:13:38,239

it

2136

01:13:42,070 --> 01:13:40,560

are perfectly clear and sharp you know

2137

01:13:45,030 --> 01:13:42,080

so it's not like there was a fog

2138

01:13:46,870 --> 01:13:45,040

or anything like this it was daylight so

2139

01:13:49,350 --> 01:13:46,880

you can kind of see what's going on

2140

01:13:51,270 --> 01:13:49,360

um and when it ends when it begins the

2141

01:13:52,229 --> 01:13:51,280

deer is there when it ends the deer is

2142

01:13:54,870 --> 01:13:52,239

gone

2143

01:13:55,430 --> 01:13:54,880

and it wasn't dragged there were no drag

2144

01:13:59,270 --> 01:13:55,440

marks

2145

01:14:02,950 --> 01:13:59,280

there were deep bipedal wolf-like

2146

01:14:06,229 --> 01:14:02,960

tracks that somehow picked this thing up

2147

01:14:07,750 --> 01:14:06,239

and carried it over a barbed wire fence

2148

01:14:10,229 --> 01:14:07,760

the property owner and his brother were

2149

01:14:13,910 --> 01:14:10,239

able to track it through a field

2150

01:14:15,350 --> 01:14:13,920

and quite a long ways into another field

2151
01:14:16,630 --> 01:14:15,360
before they had to give up because they

2152
01:14:17,270 --> 01:14:16,640
didn't want to trespass in someone

2153
01:14:20,550 --> 01:14:17,280
else's

2154
01:14:23,350 --> 01:14:20,560
yard or a field excuse me

2155
01:14:25,189 --> 01:14:23,360
and we've had similar things uh repeated

2156
01:14:28,950 --> 01:14:25,199
with different variations

2157
01:14:31,910 --> 01:14:28,960
we've had some carcasses where

2158
01:14:33,350 --> 01:14:31,920
one limb is removed with surgical

2159
01:14:35,350 --> 01:14:33,360
precision

2160
01:14:36,390 --> 01:14:35,360
we've had them where the carcass will

2161
01:14:37,990 --> 01:14:36,400
just sit

2162
01:14:39,590 --> 01:14:38,000
things will be skulking around it but

2163
01:14:40,390 --> 01:14:39,600

nothing will touch it and then all of a

2164

01:14:42,470 --> 01:14:40,400

sudden

2165

01:14:44,229 --> 01:14:42,480

something will completely eat a

2166

01:14:48,149 --> 01:14:44,239

180-pound carcass

2167

01:14:51,510 --> 01:14:48,159

within about um 27 hours

2168

01:14:52,470 --> 01:14:51,520

wow and drag it away and then bring it

2169

01:14:54,310 --> 01:14:52,480

back

2170

01:14:56,149 --> 01:14:54,320

drag the bones away and then bring the

2171

01:14:59,910 --> 01:14:56,159

bones back i should say or

2172

01:15:02,630 --> 01:14:59,920

is that oh my lord and we're getting

2173

01:15:04,950 --> 01:15:02,640

weird really weird and light anomalies

2174

01:15:05,990 --> 01:15:04,960

day and night um you know i've been

2175

01:15:07,510 --> 01:15:06,000

busily

2176
01:15:09,270 --> 01:15:07,520
compare comparing to there are a lot of

2177
01:15:10,390 --> 01:15:09,280
good pages you can go to to figure out

2178
01:15:12,870 --> 01:15:10,400
you know what

2179
01:15:13,750 --> 01:15:12,880
what light anomalies are and and you

2180
01:15:16,790 --> 01:15:13,760
know you can

2181
01:15:18,709 --> 01:15:16,800
identify the so-called rods where it's

2182
01:15:20,470 --> 01:15:18,719
really just the trajectory of an insect

2183
01:15:23,430 --> 01:15:20,480
that's too close that kind of thing

2184
01:15:24,070 --> 01:15:23,440
and we can eliminate many things but

2185
01:15:27,189 --> 01:15:24,080
then there's

2186
01:15:30,149 --> 01:15:27,199
just so much left over so it's

2187
01:15:31,830 --> 01:15:30,159
it's kind of an unusual study and as i

2188
01:15:32,790 --> 01:15:31,840

said it's been ongoing for about a year

2189

01:15:39,110 --> 01:15:32,800

now

2190

01:15:41,030 --> 01:15:39,120

things

2191

01:15:43,030 --> 01:15:41,040

does this compare to any other

2192

01:15:46,550 --> 01:15:43,040

investigation that you've done

2193

01:15:50,790 --> 01:15:46,560

no no um there's a lot more to it

2194

01:15:54,390 --> 01:15:50,800

there's more um in terms of the

2195

01:15:55,910 --> 01:15:54,400

other anomalies you know we've got

2196

01:15:58,870 --> 01:15:55,920

things like

2197

01:15:59,990 --> 01:15:58,880

middle of february snow there hasn't

2198

01:16:02,390 --> 01:16:00,000

been a thaw

2199

01:16:03,910 --> 01:16:02,400

and these two footprints and set down in

2200

01:16:06,470 --> 01:16:03,920

the middle of

2201

01:16:08,550 --> 01:16:06,480

the field and walk into a woods on just

2202

01:16:11,750 --> 01:16:08,560

behind legs that kind of thing

2203

01:16:13,910 --> 01:16:11,760

you know it's it's very very odd

2204

01:16:16,070 --> 01:16:13,920

and this field is very private it's

2205

01:16:18,870 --> 01:16:16,080

surrounded you can't see it from a road

2206

01:16:22,310 --> 01:16:18,880

it's surrounded by other fields and it's

2207

01:16:23,990 --> 01:16:22,320

not any place where people go back there

2208

01:16:26,870 --> 01:16:24,000

well you know i've got to ask you has

2209

01:16:29,189 --> 01:16:26,880

there been any ufo activity around there

2210

01:16:30,149 --> 01:16:29,199

oh sure yeah um southeastern wisconsin

2211

01:16:33,350 --> 01:16:30,159

has tons of

2212

01:16:35,189 --> 01:16:33,360

of ufo activity and

2213

01:16:37,830 --> 01:16:35,199

there's also been ufo activity around

2214

01:16:41,430 --> 01:16:37,840

heartland and the holy hill area

2215

01:16:44,790 --> 01:16:41,440

and all kinds of places so yeah that

2216

01:16:47,270 --> 01:16:44,800

that's sort of an ongoing thing um

2217

01:16:48,709 --> 01:16:47,280

there's we have one photo of something

2218

01:16:50,390 --> 01:16:48,719

that

2219

01:16:52,630 --> 01:16:50,400

may be a ufo we haven't been able to

2220

01:16:56,310 --> 01:16:52,640

rule it out but we can't prove it either

2221

01:16:56,790 --> 01:16:56,320

but um yeah that there are ufos in the

2222

01:16:59,590 --> 01:16:56,800

area

2223

01:17:03,669 --> 01:16:59,600

sure well i'm intrigued i'm very

2224

01:17:07,110 --> 01:17:03,679

intrigued by this that's uh

2225

01:17:08,149 --> 01:17:07,120

wow yeah and it's hard for me to go wow

2226

01:17:09,750 --> 01:17:08,159

because i you know

2227

01:17:11,990 --> 01:17:09,760

that but this is something this is

2228

01:17:15,430 --> 01:17:12,000

something entirely different

2229

01:17:18,870 --> 01:17:15,440

yeah it it it is and i mean we have had

2230

01:17:21,030 --> 01:17:18,880

dogman sightings there so

2231

01:17:22,950 --> 01:17:21,040

um and in fact i could this is kind of

2232

01:17:25,510 --> 01:17:22,960

cool we had one

2233

01:17:26,550 --> 01:17:25,520

one was um last february as a matter of

2234

01:17:29,830 --> 01:17:26,560

fact

2235

01:17:31,750 --> 01:17:29,840

and we had a whole night's worth of

2236

01:17:34,709 --> 01:17:31,760

trail cam photos of um

2237

01:17:36,550 --> 01:17:34,719

this coyote that was uh chowing down on

2238

01:17:39,750 --> 01:17:36,560

the bones and sinew

2239

01:17:41,430 --> 01:17:39,760

of the latest deer carcass that had been

2240

01:17:43,350 --> 01:17:41,440

actually sitting there for over a month

2241

01:17:46,870 --> 01:17:43,360

and then all of a sudden something

2242

01:17:49,910 --> 01:17:46,880

while it was 20 below zero ate it

2243

01:17:51,910 --> 01:17:49,920

like overnight and then coyotes came

2244

01:17:54,149 --> 01:17:51,920

and we're finishing it off and this

2245

01:17:55,910 --> 01:17:54,159

coyote kept looking up it kept

2246

01:17:57,430 --> 01:17:55,920

a light anomaly would appear in the

2247

01:17:59,030 --> 01:17:57,440

trees and it would look up

2248

01:18:00,630 --> 01:17:59,040

and then go back to eating and then that

2249

01:18:03,030 --> 01:18:00,640

would happen again and again these

2250

01:18:04,310 --> 01:18:03,040

really strange lights and finally it was

2251
01:18:06,310 --> 01:18:04,320
about a quarter

2252
01:18:07,430 --> 01:18:06,320
excuse me about five minutes to three

2253
01:18:09,990 --> 01:18:07,440
a.m

2254
01:18:11,669 --> 01:18:10,000
and this really weird light anomaly came

2255
01:18:13,270 --> 01:18:11,679
and the coyote looked up

2256
01:18:15,110 --> 01:18:13,280
and then it took off and did not come

2257
01:18:18,470 --> 01:18:15,120
back well we found out

2258
01:18:20,790 --> 01:18:18,480
that a few minutes after that at 3 a.m

2259
01:18:22,390 --> 01:18:20,800
a neighbor a farmer who happened to be

2260
01:18:23,750 --> 01:18:22,400
sitting out working in one of his sheds

2261
01:18:25,189 --> 01:18:23,760
on something

2262
01:18:27,270 --> 01:18:25,199
at that time in the morning heard his

2263
01:18:29,430 --> 01:18:27,280

animals go crazy he looked out

2264

01:18:31,590 --> 01:18:29,440

and saw this coyote come just like

2265

01:18:34,470 --> 01:18:31,600

running for its life now this is

2266

01:18:35,189 --> 01:18:34,480

maybe a little over half a mile from the

2267

01:18:36,950 --> 01:18:35,199

site where

2268

01:18:39,110 --> 01:18:36,960

where the carcass was laid this coyote

2269

01:18:42,470 --> 01:18:39,120

is just running crazed to the field

2270

01:18:44,790 --> 01:18:42,480

being chased by an upright

2271

01:18:46,149 --> 01:18:44,800

canine-like or wolf-like creature with

2272

01:18:48,149 --> 01:18:46,159

long shaggy fur

2273

01:18:49,430 --> 01:18:48,159

running on its hind legs and keeping up

2274

01:18:51,350 --> 01:18:49,440

with this coyote

2275

01:18:53,350 --> 01:18:51,360

so we think that's probably the coyote

2276

01:18:56,550 --> 01:18:53,360

that we have the picture of

2277

01:18:58,709 --> 01:18:56,560

yeah and this person had no idea

2278

01:19:00,550 --> 01:18:58,719

no idea that the study was being

2279

01:19:01,430 --> 01:19:00,560

conducted nobody around there does it's

2280

01:19:03,350 --> 01:19:01,440

it's uh

2281

01:19:05,189 --> 01:19:03,360

like i said a very private area and the

2282

01:19:06,870 --> 01:19:05,199

owner doesn't talk about it

2283

01:19:08,470 --> 01:19:06,880

to anyone there aren't too many things

2284

01:19:11,350 --> 01:19:08,480

that leave me without a comment lon

2285

01:19:12,229 --> 01:19:11,360

no same with me that's that is very

2286

01:19:15,990 --> 01:19:12,239

intriguing

2287

01:19:21,030 --> 01:19:16,000

wow uh yeah i i don't know what to say

2288

01:19:23,270 --> 01:19:21,040

about that uh geez i'm a loss of words

2289

01:19:25,270 --> 01:19:23,280

yeah it's it it is it's mind-boggling

2290

01:19:28,709 --> 01:19:25,280

you know and i reserve

2291

01:19:30,630 --> 01:19:28,719

um having any sort of comment until we

2292

01:19:33,110 --> 01:19:30,640

kind of finish this thing up i

2293

01:19:34,950 --> 01:19:33,120

understand i understand completely

2294

01:19:37,030 --> 01:19:34,960

but and i have to keep it very private

2295

01:19:40,470 --> 01:19:37,040

because he doesn't want to be known

2296

01:19:43,590 --> 01:19:40,480

uh you know the owner so um we just

2297

01:19:45,830 --> 01:19:43,600

work work on it as it goes along and we

2298

01:19:47,110 --> 01:19:45,840

we kind of you almost get blase to it

2299

01:19:50,709 --> 01:19:47,120

after a while because

2300

01:19:52,870 --> 01:19:50,719

oh another night of strange bouncing

2301
01:19:54,310 --> 01:19:52,880
white lights and coyotes oh sure you

2302
01:19:55,990 --> 01:19:54,320
know it's

2303
01:19:58,070 --> 01:19:56,000
it's just but it's one thing after

2304
01:20:00,070 --> 01:19:58,080
another and and many many different

2305
01:20:03,669 --> 01:20:00,080
things after another

2306
01:20:05,830 --> 01:20:03,679
you know in some mutilation cases that

2307
01:20:08,149 --> 01:20:05,840
have occurred why and it's i mean i'm

2308
01:20:10,070 --> 01:20:08,159
talking about worldwide but

2309
01:20:12,709 --> 01:20:10,080
you know there there have been times

2310
01:20:14,550 --> 01:20:12,719
when um

2311
01:20:16,229 --> 01:20:14,560
it'd be a fresh carcass with you know

2312
01:20:20,070 --> 01:20:16,239
the cut marks and such

2313
01:20:23,830 --> 01:20:20,080

and that scavengers will not go near it

2314

01:20:25,350 --> 01:20:23,840

for whatever reason uh

2315

01:20:26,950 --> 01:20:25,360

have you experienced any of that with

2316

01:20:29,590 --> 01:20:26,960

this yes

2317

01:20:30,870 --> 01:20:29,600

yeah the latest deer that we've had out

2318

01:20:33,830 --> 01:20:30,880

we'll notice there's a

2319

01:20:34,870 --> 01:20:33,840

a bad odor and the carcasses can be very

2320

01:20:36,790 --> 01:20:34,880

very rotten

2321

01:20:38,070 --> 01:20:36,800

and getting rotten air and rotten and

2322

01:20:41,750 --> 01:20:38,080

nothing

2323

01:20:43,430 --> 01:20:41,760

weeks

2324

01:20:45,750 --> 01:20:43,440

and then all of a sudden it's like

2325

01:20:49,669 --> 01:20:45,760

something says go and eats it all

2326

01:20:53,830 --> 01:20:49,679

and then the scavengers come in

2327

01:20:56,790 --> 01:20:53,840

yeah to finish it off jeez

2328

01:20:58,629 --> 01:20:56,800

so it's it's just really well i am i am

2329

01:21:00,229 --> 01:20:58,639

going to keep an eye on this

2330

01:21:01,669 --> 01:21:00,239

i am going to keep an eye on your blog

2331

01:21:04,709 --> 01:21:01,679

on this one because uh

2332

01:21:06,870 --> 01:21:04,719

and on social media because uh that

2333

01:21:08,470 --> 01:21:06,880

that's unbelievable

2334

01:21:10,149 --> 01:21:08,480

yeah and i've never experienced it you

2335

01:21:12,070 --> 01:21:10,159

know i've never gotten report anything

2336

01:21:14,950 --> 01:21:12,080

similar to that at all

2337

01:21:15,669 --> 01:21:14,960

no i haven't either exactly you know so

2338

01:21:25,270 --> 01:21:15,679

it's

2339

01:21:27,590 --> 01:21:25,280

and i i don't think you know i i

2340

01:21:28,070 --> 01:21:27,600

vacillate between something that is a

2341

01:21:31,510 --> 01:21:28,080

really

2342

01:21:34,310 --> 01:21:31,520

weird uh adapted natural

2343

01:21:35,110 --> 01:21:34,320

animal except for there are these lights

2344

01:21:37,030 --> 01:21:35,120

and things

2345

01:21:39,030 --> 01:21:37,040

you know and it does almost seem like

2346

01:21:40,790 --> 01:21:39,040

it's coming from somewhere else

2347

01:21:43,910 --> 01:21:40,800

you know i hate to use the term portal

2348

01:21:44,709 --> 01:21:43,920

or um other dimensional or otherworldly

2349

01:21:46,310 --> 01:21:44,719

but

2350

01:21:48,550 --> 01:21:46,320

um when you look at the pictures

2351
01:21:49,669 --> 01:21:48,560
sometimes you know it's hard not to draw

2352
01:21:52,790 --> 01:21:49,679
conclusions like that

2353
01:21:54,229 --> 01:21:52,800
if it fits it does fit and you know

2354
01:21:56,629 --> 01:21:54,239
it fits a lot with a lot of other

2355
01:21:57,669 --> 01:21:56,639
cryptids as well like you know you can't

2356
01:21:59,750 --> 01:21:57,679
explain where they

2357
01:22:01,110 --> 01:21:59,760
how they show up all of a sudden or

2358
01:22:04,709 --> 01:22:01,120
disappear all of a sudden

2359
01:22:07,030 --> 01:22:04,719
and um it's that's

2360
01:22:07,830 --> 01:22:07,040
that's great man i i hope there's a

2361
01:22:10,709 --> 01:22:07,840
resolution

2362
01:22:11,830 --> 01:22:10,719
somehow yeah i i do too and you know

2363
01:22:13,590 --> 01:22:11,840

it's not at all

2364

01:22:15,189 --> 01:22:13,600

like um you know there's another

2365

01:22:17,590 --> 01:22:15,199

category of

2366

01:22:18,550 --> 01:22:17,600

seemingly magical creatures that are

2367

01:22:21,510 --> 01:22:18,560

created by

2368

01:22:22,950 --> 01:22:21,520

people you know conjured or or whatever

2369

01:22:24,870 --> 01:22:22,960

of different types

2370

01:22:26,950 --> 01:22:24,880

yeah you know different cultures there

2371

01:22:28,390 --> 01:22:26,960

are um you could find that sort of thing

2372

01:22:31,030 --> 01:22:28,400

in almost every culture

2373

01:22:31,510 --> 01:22:31,040

and it doesn't seem like that at all um

2374

01:22:35,350 --> 01:22:31,520

it's

2375

01:22:37,669 --> 01:22:35,360

somewhere else basically it from

2376

01:22:38,470 --> 01:22:37,679

from what we see you know it doesn't

2377

01:22:41,750 --> 01:22:38,480

look or

2378

01:22:43,430 --> 01:22:41,760

appear anything like um traditional

2379

01:22:46,629 --> 01:22:43,440

werewolves or

2380

01:22:50,470 --> 01:22:46,639

um things created by uh you know shaman

2381

01:22:53,990 --> 01:22:50,480

practice or anything like that right

2382

01:22:57,189 --> 01:22:55,590

you know i you you had written an

2383

01:23:00,229 --> 01:22:57,199

article for uh

2384

01:23:01,189 --> 01:23:00,239

the huffington post and i hadn't read it

2385

01:23:03,110 --> 01:23:01,199

yet but

2386

01:23:05,110 --> 01:23:03,120

but sean had mentioned something about

2387

01:23:08,070 --> 01:23:05,120

it to me last year

2388

01:23:08,629 --> 01:23:08,080

and when he asked me what seven cryptids

2389

01:23:14,149 --> 01:23:08,639

do you

2390

01:23:14,790 --> 01:23:14,159

linda had posted in this article i mean

2391

01:23:16,550 --> 01:23:14,800

you know

2392

01:23:18,149 --> 01:23:16,560

and the first thing i think oh dog match

2393

01:23:21,270 --> 01:23:18,159

of bread and butter there

2394

01:23:23,110 --> 01:23:21,280

but then he mentioned you know

2395

01:23:24,790 --> 01:23:23,120

a certain critic that apparently you've

2396

01:23:28,070 --> 01:23:24,800

got a great interest with

2397

01:23:30,629 --> 01:23:28,080

is this flathead monster yeah

2398

01:23:32,390 --> 01:23:30,639

and i was something that i think it's

2399

01:23:33,910 --> 01:23:32,400

amazing because there have been

2400

01:23:37,189 --> 01:23:33,920

something like

2401
01:23:40,229 --> 01:23:37,199
way over 100 sightings documented

2402
01:23:42,629 --> 01:23:40,239
by this former um

2403
01:23:44,149 --> 01:23:42,639
lake and wildlife officer that spent

2404
01:23:45,990 --> 01:23:44,159
most of his life patrolling this lake

2405
01:23:49,110 --> 01:23:46,000
and keeping a very detailed record

2406
01:23:51,990 --> 01:23:49,120
and i think that's astounding um

2407
01:23:53,990 --> 01:23:52,000
yeah it's just an amazing thing and

2408
01:23:56,070 --> 01:23:54,000
there are two different

2409
01:23:58,149 --> 01:23:56,080
types of creatures being seen in the

2410
01:23:59,669 --> 01:23:58,159
lake one is obviously a really really

2411
01:24:01,350 --> 01:23:59,679
large sturgeon

2412
01:24:03,110 --> 01:24:01,360
which is if you have never seen a

2413
01:24:03,590 --> 01:24:03,120

sturgeon they look sort of prehistoric

2414

01:24:05,830 --> 01:24:03,600

they are

2415

01:24:06,709 --> 01:24:05,840

prehistoric basically they're very very

2416

01:24:09,590 --> 01:24:06,719

ancient

2417

01:24:11,189 --> 01:24:09,600

uh have changed very little over um the

2418

01:24:13,350 --> 01:24:11,199

the millennia

2419

01:24:14,229 --> 01:24:13,360

and then the other one looks like your

2420

01:24:16,709 --> 01:24:14,239

typical

2421

01:24:17,430 --> 01:24:16,719

lake monster you know with the the neck

2422

01:24:20,709 --> 01:24:17,440

and the

2423

01:24:22,470 --> 01:24:20,719

the back bumps and um has been seen for

2424

01:24:24,149 --> 01:24:22,480

a very very long time and by the way i

2425

01:24:26,950 --> 01:24:24,159

did title that

2426

01:24:28,709 --> 01:24:26,960

seven of the scariest so it doesn't mean

2427

01:24:31,750 --> 01:24:28,719

they're the only scariest but

2428

01:24:34,629 --> 01:24:31,760

but i i wanted to again to to not just

2429

01:24:36,629 --> 01:24:34,639

have people associate um the book with

2430

01:24:37,110 --> 01:24:36,639

the dog man but to realize it was really

2431

01:24:40,149 --> 01:24:37,120

full of

2432

01:24:43,270 --> 01:24:40,159

other types of things but but yeah

2433

01:24:47,350 --> 01:24:43,280

that flathead lake um is just an amazing

2434

01:24:49,110 --> 01:24:47,360

amazing example of of lake monsters

2435

01:24:50,550 --> 01:24:49,120

yeah right i had a lot of fun with you

2436

01:24:52,950 --> 01:24:50,560

again uh

2437

01:24:53,669 --> 01:24:52,960

i i felt like an idiot i mean i was

2438

01:24:55,189 --> 01:24:53,679

thinking

2439

01:24:58,709 --> 01:24:55,199

what you didn't mention to the dog man

2440

01:25:01,270 --> 01:24:58,719

well okay yeah i got it but

2441

01:25:02,870 --> 01:25:01,280

uh but you know no really you know you

2442

01:25:05,189 --> 01:25:02,880

think of all the lake monster

2443

01:25:06,310 --> 01:25:05,199

sightings you know some of the

2444

01:25:07,910 --> 01:25:06,320

well-known ones and

2445

01:25:09,510 --> 01:25:07,920

well especially like champ here in the

2446

01:25:12,709 --> 01:25:09,520

united states

2447

01:25:14,149 --> 01:25:12,719

but the flathead monster or flathead

2448

01:25:16,310 --> 01:25:14,159

lake monster

2449

01:25:18,470 --> 01:25:16,320

uh you don't really hear much about that

2450

01:25:21,350 --> 01:25:18,480

though i know i went back and looked

2451

01:25:22,310 --> 01:25:21,360

and i had written about it in the past

2452

01:25:25,590 --> 01:25:22,320

but

2453

01:25:27,270 --> 01:25:25,600

i didn't realize for whatever reason

2454

01:25:28,470 --> 01:25:27,280

there were that many sightings of this

2455

01:25:30,550 --> 01:25:28,480

thing

2456

01:25:31,750 --> 01:25:30,560

yeah i don't think many people have i i

2457

01:25:34,629 --> 01:25:31,760

hadn't either until i

2458

01:25:35,910 --> 01:25:34,639

started researching it and uh was

2459

01:25:37,669 --> 01:25:35,920

actually able to

2460

01:25:39,189 --> 01:25:37,679

you know contact the gentleman and talk

2461

01:25:40,709 --> 01:25:39,199

to him about it and

2462

01:25:43,030 --> 01:25:40,719

you know he was very kind and shared his

2463

01:25:44,709 --> 01:25:43,040

sightings map with me that's in the book

2464

01:25:45,510 --> 01:25:44,719

and if you look at that sightings map he

2465

01:25:48,790 --> 01:25:45,520

made it's just

2466

01:25:49,990 --> 01:25:48,800

wow you know look at all these different

2467

01:25:53,110 --> 01:25:50,000

places

2468

01:25:55,270 --> 01:25:53,120

so you know i i was thinking you know

2469

01:25:56,390 --> 01:25:55,280

something's got to be going on people

2470

01:25:59,030 --> 01:25:56,400

have got to be

2471

01:26:01,430 --> 01:25:59,040

seeing things because there just seems

2472

01:26:05,750 --> 01:26:01,440

to be certain parts of

2473

01:26:08,790 --> 01:26:05,760

this country where monsters show up

2474

01:26:11,990 --> 01:26:08,800

and you're i'm talking about wisconsin

2475

01:26:14,470 --> 01:26:12,000

pennsylvania texas uh

2476

01:26:15,510 --> 01:26:14,480

new mexico it just seemed like florida

2477

01:26:17,830 --> 01:26:15,520

it just seems that

2478

01:26:19,030 --> 01:26:17,840

there are certain hot spots that people

2479

01:26:22,870 --> 01:26:19,040

continually see

2480

01:26:25,750 --> 01:26:22,880

these creatures and by people that

2481

01:26:27,669 --> 01:26:25,760

had no idea that these type of creatures

2482

01:26:30,310 --> 01:26:27,679

were seen before

2483

01:26:32,550 --> 01:26:30,320

right exactly you know and it people try

2484

01:26:34,550 --> 01:26:32,560

to explain these things away with

2485

01:26:35,990 --> 01:26:34,560

um the first comment is usually well are

2486

01:26:39,189 --> 01:26:36,000

you sure these people aren't all

2487

01:26:40,790 --> 01:26:39,199

drunk you know and now

2488

01:26:42,470 --> 01:26:40,800

think if you've ever i don't know if

2489

01:26:45,990 --> 01:26:42,480

either of you gentlemen have ever been

2490

01:26:47,750 --> 01:26:46,000

inebriated to any degree but after

2491

01:26:49,270 --> 01:26:47,760

is the first thing that happens when you

2492

01:26:51,669 --> 01:26:49,280

see after you toss

2493

01:26:52,870 --> 01:26:51,679

down you know a six-pack that you see

2494

01:26:55,830 --> 01:26:52,880

werewolves

2495

01:26:57,669 --> 01:26:55,840

no i didn't no no normally unless my

2496

01:26:59,590 --> 01:26:57,679

mother-in-law's around

2497

01:27:01,750 --> 01:26:59,600

you know normally you get really tired

2498

01:27:03,669 --> 01:27:01,760

or you get really crazy or you pass out

2499

01:27:05,430 --> 01:27:03,679

but um you know if you're an advanced

2500

01:27:06,950 --> 01:27:05,440

alcoholic and you have delirium tremens

2501

01:27:09,110 --> 01:27:06,960

you might start seeing weird

2502

01:27:10,390 --> 01:27:09,120

weird pink elephants or or something

2503

01:27:12,390 --> 01:27:10,400

like that but

2504

01:27:13,830 --> 01:27:12,400

having a few beers doesn't make you see

2505

01:27:15,590 --> 01:27:13,840

werewolves are bigfoot

2506

01:27:16,870 --> 01:27:15,600

you know it just it just doesn't it's

2507

01:27:19,510 --> 01:27:16,880

not a

2508

01:27:20,709 --> 01:27:19,520

hallucinator uh type of experience in

2509

01:27:22,149 --> 01:27:20,719

most cases

2510

01:27:24,229 --> 01:27:22,159

and people will say well mass

2511

01:27:26,149 --> 01:27:24,239

hallucination um

2512

01:27:27,430 --> 01:27:26,159

you know and that just doesn't apply

2513

01:27:29,110 --> 01:27:27,440

where you've got

2514

01:27:31,350 --> 01:27:29,120

four or five people driving along in a

2515

01:27:33,510 --> 01:27:31,360

car talking or listening to music

2516

01:27:34,629 --> 01:27:33,520

and all of a sudden this creature runs

2517

01:27:36,070 --> 01:27:34,639

and they all see it

2518

01:27:38,229 --> 01:27:36,080

when there's been nothing to suggest

2519

01:27:40,870 --> 01:27:38,239

that that might happen you know it

2520

01:27:43,189 --> 01:27:40,880

it does it just doesn't even fit the

2521

01:27:44,149 --> 01:27:43,199

scientific descriptions of those kinds

2522

01:27:46,629 --> 01:27:44,159

of phenomena

2523

01:27:48,390 --> 01:27:46,639

and not everybody agrees that you know

2524

01:27:49,110 --> 01:27:48,400

mass hallucinations can even happen

2525

01:27:51,669 --> 01:27:49,120

really

2526
01:27:57,669 --> 01:27:51,679
so um you're kind of explaining one iffy

2527
01:28:03,590 --> 01:28:00,709
well yeah it

2528
01:28:04,149 --> 01:28:03,600
it just makes it just fascinates me how

2529
01:28:06,310 --> 01:28:04,159
many

2530
01:28:07,830 --> 01:28:06,320
sightings that come out of well out of

2531
01:28:10,470 --> 01:28:07,840
wisconsin in particular

2532
01:28:12,310 --> 01:28:10,480
that's that just fascinates me anyway i

2533
01:28:14,550 --> 01:28:12,320
mean i know you're there doing

2534
01:28:16,310 --> 01:28:14,560
you know research i know jay and his

2535
01:28:19,669 --> 01:28:16,320
group are there doing research

2536
01:28:22,950 --> 01:28:19,679
but i get so many

2537
01:28:26,149 --> 01:28:22,960
so many sightings from wisconsin

2538
01:28:28,470 --> 01:28:26,159

it's it it's just strange and so i know

2539

01:28:31,830 --> 01:28:28,480

something's going on there

2540

01:28:34,870 --> 01:28:31,840

yeah it's it's a weird state you know

2541

01:28:36,870 --> 01:28:34,880

yeah i mean it is weird because and i'm

2542

01:28:37,590 --> 01:28:36,880

not just talking about dogman sightings

2543

01:28:41,030 --> 01:28:37,600

or bigfoot

2544

01:28:41,590 --> 01:28:41,040

i'm talking about everything everything

2545

01:28:44,870 --> 01:28:41,600

and

2546

01:28:47,270 --> 01:28:44,880

man bat lizard man giant birds

2547

01:28:49,270 --> 01:28:47,280

giant snakes you know i had no trouble

2548

01:28:50,870 --> 01:28:49,280

doing monsters of wisconsin you know and

2549

01:28:53,990 --> 01:28:50,880

covering all the bases there

2550

01:28:54,870 --> 01:28:54,000

but you know we do have um for those who

2551
01:28:58,270 --> 01:28:54,880
believe that

2552
01:29:01,189 --> 01:28:58,280
some of these things might be induced by

2553
01:29:07,189 --> 01:29:01,199
electromagnetic

2554
01:29:08,790 --> 01:29:07,199
entities that can interact with human

2555
01:29:10,470 --> 01:29:08,800
consciousness there's all sorts of

2556
01:29:12,550 --> 01:29:10,480
theories that way

2557
01:29:14,470 --> 01:29:12,560
our geology is very unusual you know

2558
01:29:16,950 --> 01:29:14,480
we've got this 150 mile

2559
01:29:17,990 --> 01:29:16,960
stretch of unusual rose quartz called

2560
01:29:22,310 --> 01:29:18,000
the baraboo

2561
01:29:25,189 --> 01:29:22,320
runs across the state we've got

2562
01:29:26,390 --> 01:29:25,199
partially glaciated areas unglaciated

2563
01:29:28,070 --> 01:29:26,400

areas

2564

01:29:29,510 --> 01:29:28,080

that cause all different kinds of

2565

01:29:32,390 --> 01:29:29,520

terrain you've got the

2566

01:29:34,229 --> 01:29:32,400

um the mississippi river running up with

2567

01:29:35,510 --> 01:29:34,239

giving us cliffs on the western side

2568

01:29:37,350 --> 01:29:35,520

you've got

2569

01:29:39,590 --> 01:29:37,360

two other sides of the state surrounded

2570

01:29:40,950 --> 01:29:39,600

by lake michigan and lake superior so

2571

01:29:43,750 --> 01:29:40,960

you've got the great lakes

2572

01:29:45,270 --> 01:29:43,760

so it's a tremendously varied people

2573

01:29:47,350 --> 01:29:45,280

think wisconsin is just

2574

01:29:48,550 --> 01:29:47,360

flat farm fields and little barns

2575

01:29:49,590 --> 01:29:48,560

nothing could be for

2576

01:29:52,149 --> 01:29:49,600

you know further from the truth we've

2577

01:29:53,990 --> 01:29:52,159

got the huge huge shomaga national

2578

01:29:56,310 --> 01:29:54,000

forest in the northern parts

2579

01:29:58,310 --> 01:29:56,320

um you drive around the state you go for

2580

01:30:02,470 --> 01:29:58,320

one hour and the terrain will completely

2581

01:30:06,550 --> 01:30:04,390

you got a lake monster up there as well

2582

01:30:09,910 --> 01:30:06,560

devil lake right

2583

01:30:10,870 --> 01:30:09,920

um yeah devil's lake is um sort of known

2584

01:30:13,350 --> 01:30:10,880

for monster

2585

01:30:14,550 --> 01:30:13,360

more for phantoms and that sort of thing

2586

01:30:17,510 --> 01:30:14,560

but wisconsin has

2587

01:30:19,669 --> 01:30:17,520

tons and tons of lakes that are supposed

2588

01:30:22,550 --> 01:30:19,679

to have monsters and one is that

2589

01:30:23,750 --> 01:30:22,560

lake mills near aztalam the ancient

2590

01:30:26,390 --> 01:30:23,760

mississippian

2591

01:30:27,430 --> 01:30:26,400

uh pyramid structures that that we have

2592

01:30:29,750 --> 01:30:27,440

which is the park

2593

01:30:30,870 --> 01:30:29,760

and rock lake rock lake right nearby is

2594

01:30:32,950 --> 01:30:30,880

very well known

2595

01:30:34,149 --> 01:30:32,960

for having a lake monster and all these

2596

01:30:36,149 --> 01:30:34,159

strange

2597

01:30:38,310 --> 01:30:36,159

uh teepee sto they're called the stone

2598

01:30:39,750 --> 01:30:38,320

teepees or stone pyramids that have been

2599

01:30:41,990 --> 01:30:39,760

seen in the bottom of the lake

2600

01:30:43,590 --> 01:30:42,000

that no one can figure out if they're

2601
01:30:44,310 --> 01:30:43,600
really there if they're natural if

2602
01:30:46,550 --> 01:30:44,320
they're

2603
01:30:47,669 --> 01:30:46,560
unnatural you know or what they are

2604
01:30:51,030 --> 01:30:47,679
exactly

2605
01:30:53,350 --> 01:30:51,040
you know just just weirdness lake geneva

2606
01:30:54,870 --> 01:30:53,360
or geneva lake technically off of the

2607
01:30:57,430 --> 01:30:54,880
city of lake geneva

2608
01:30:58,310 --> 01:30:57,440
is i think the second deepest lake in

2609
01:31:01,110 --> 01:30:58,320
the state

2610
01:31:01,990 --> 01:31:01,120
and it had busloads of people coming up

2611
01:31:04,790 --> 01:31:02,000
from chicago

2612
01:31:05,669 --> 01:31:04,800
around the 1900s around the turn of that

2613
01:31:08,950 --> 01:31:05,679

century

2614

01:31:10,790 --> 01:31:08,960

to see jenny the lake monster and there

2615

01:31:11,990 --> 01:31:10,800

were ordained ministers that were seeing

2616

01:31:15,110 --> 01:31:12,000

it it was chasing

2617

01:31:15,990 --> 01:31:15,120

boats of people back to shore multitudes

2618

01:31:19,990 --> 01:31:16,000

of sightings

2619

01:31:23,590 --> 01:31:20,000

of of this creature in in geneva lake

2620

01:31:27,270 --> 01:31:23,600

you know i was um i had actually had

2621

01:31:30,310 --> 01:31:27,280

uh a large bird sighting up there in

2622

01:31:32,229 --> 01:31:30,320

uh geneva lake as well

2623

01:31:33,910 --> 01:31:32,239

yeah yeah i meant to dig that out for

2624

01:31:35,510 --> 01:31:33,920

you i

2625

01:31:37,270 --> 01:31:35,520

don't know where i got it but i'd dig it

2626
01:31:38,870 --> 01:31:37,280
out for you you know there's one thing

2627
01:31:40,709 --> 01:31:38,880
you covered in your book that i i

2628
01:31:42,709 --> 01:31:40,719
thought was interesting because i

2629
01:31:44,390 --> 01:31:42,719
i had written about it one time as well

2630
01:31:47,990 --> 01:31:44,400
was porcine people

2631
01:31:50,390 --> 01:31:48,000
were big people

2632
01:31:51,270 --> 01:31:50,400
pig people yeah just like kramer on

2633
01:31:54,950 --> 01:31:51,280
seinfeld you know

2634
01:31:57,030 --> 01:31:54,960
right so the pig man uh

2635
01:31:58,790 --> 01:31:57,040
you know i i did write an article about

2636
01:32:00,790 --> 01:31:58,800
that one time it was kind of in a way

2637
01:32:02,390 --> 01:32:00,800
kind of tongue-in-cheek but i

2638
01:32:04,310 --> 01:32:02,400

there have been people that have been

2639

01:32:07,590 --> 01:32:04,320

described as big people

2640

01:32:10,950 --> 01:32:09,910

so you know i i read what you had in the

2641

01:32:14,390 --> 01:32:10,960

book but

2642

01:32:15,990 --> 01:32:14,400

i'd like for you to kind of

2643

01:32:18,470 --> 01:32:16,000

tell us a little bit more about that or

2644

01:32:22,070 --> 01:32:18,480

what you found out

2645

01:32:23,030 --> 01:32:22,080

well the examples in wisconsin honestly

2646

01:32:24,790 --> 01:32:23,040

all seem to

2647

01:32:28,070 --> 01:32:24,800

sort of spring from either urban legend

2648

01:32:30,790 --> 01:32:28,080

or folklore now there may there may be

2649

01:32:31,430 --> 01:32:30,800

human beings that have sort of pig-like

2650

01:32:34,070 --> 01:32:31,440

features

2651

01:32:35,910 --> 01:32:34,080

elsewhere um you know maybe there are

2652

01:32:39,110 --> 01:32:35,920

mutations i can i can imagine

2653

01:32:39,990 --> 01:32:39,120

something like that happening but there

2654

01:32:41,750 --> 01:32:40,000

are three three

2655

01:32:43,590 --> 01:32:41,760

main traditions in wisconsin one is the

2656

01:32:44,470 --> 01:32:43,600

western part of the state which is

2657

01:32:47,430 --> 01:32:44,480

called the

2658

01:32:48,709 --> 01:32:47,440

the sprague thumper jumper and it was

2659

01:32:52,550 --> 01:32:48,719

supposed to be

2660

01:32:55,110 --> 01:32:52,560

a um pigheaded man that sort of

2661

01:32:57,590 --> 01:32:55,120

uh stuck around the backwoods and helped

2662

01:33:00,229 --> 01:32:57,600

out lonely ladies with different things

2663

01:33:01,189 --> 01:33:00,239

that's all i'm going to say about that

2664

01:33:05,189 --> 01:33:01,199

the other one

2665

01:33:07,510 --> 01:33:05,199

there's another one in marshfield where

2666

01:33:08,229 --> 01:33:07,520

i went there to examine something else

2667

01:33:09,430 --> 01:33:08,239

and people were

2668

01:33:11,830 --> 01:33:09,440

everywhere i went people were saying oh

2669

01:33:12,390 --> 01:33:11,840

yeah we have peak people in marshfield

2670

01:33:14,229 --> 01:33:12,400

yeah

2671

01:33:16,229 --> 01:33:14,239

they you know they shop down at the

2672

01:33:18,709 --> 01:33:16,239

salvation army when they come into

2673

01:33:20,149 --> 01:33:18,719

into town and and i'm like yeah right

2674

01:33:22,070 --> 01:33:20,159

well either a lot of these people

2675

01:33:25,270 --> 01:33:22,080

believed in it or they all had this

2676

01:33:26,070 --> 01:33:25,280

this um kind of ongoing joke to tell on

2677

01:33:28,149 --> 01:33:26,080

weary

2678

01:33:30,310 --> 01:33:28,159

uh visitors that there were pig people

2679

01:33:31,990 --> 01:33:30,320

there but it all sprang from these

2680

01:33:32,629 --> 01:33:32,000

little black marks that were in front of

2681

01:33:36,229 --> 01:33:32,639

the

2682

01:33:39,189 --> 01:33:36,239

that did sort of look like um

2683

01:33:40,870 --> 01:33:39,199

pig hoof prints in in black paint as if

2684

01:33:42,310 --> 01:33:40,880

they'd walked in and tracked through i

2685

01:33:44,070 --> 01:33:42,320

don't know what they were from but

2686

01:33:45,510 --> 01:33:44,080

that was supposed to be the proof for it

2687

01:33:47,110 --> 01:33:45,520

the other was in door county that

2688

01:33:50,229 --> 01:33:47,120

relates to an old

2689

01:33:53,430 --> 01:33:50,239

um legend from i think

2690

01:33:55,110 --> 01:33:53,440

brussels where a man was supposed to be

2691

01:33:56,790 --> 01:33:55,120

inheriting money from his uncle and he

2692

01:33:57,669 --> 01:33:56,800

didn't get it so he cursed the local

2693

01:34:00,229 --> 01:33:57,679

priest

2694

01:34:00,870 --> 01:34:00,239

and the curse bounced back on him and

2695

01:34:03,270 --> 01:34:00,880

then

2696

01:34:05,270 --> 01:34:03,280

pigs with the heads of men began

2697

01:34:07,910 --> 01:34:05,280

following him around his community

2698

01:34:09,350 --> 01:34:07,920

until he built a little chapel to sort

2699

01:34:11,990 --> 01:34:09,360

of atone for his

2700

01:34:12,950 --> 01:34:12,000

sin so i think and i think around the

2701
01:34:15,990 --> 01:34:12,960
country

2702
01:34:17,189 --> 01:34:16,000
you'll find sort of similar origins to a

2703
01:34:19,990 --> 01:34:17,199
lot of these

2704
01:34:21,030 --> 01:34:20,000
tales of people who are pig people deer

2705
01:34:24,950 --> 01:34:21,040
men

2706
01:34:28,870 --> 01:34:27,990
yeah when i when i have seen references

2707
01:34:31,189 --> 01:34:28,880
to

2708
01:34:32,870 --> 01:34:31,199
people that are big people or such it's

2709
01:34:35,990 --> 01:34:32,880
usually part of a legend

2710
01:34:37,830 --> 01:34:36,000
but now a lot of that and you said that

2711
01:34:39,669 --> 01:34:37,840
you've got a story out of brussels it

2712
01:34:41,030 --> 01:34:39,679
does seem most of those stories do come

2713
01:34:44,470 --> 01:34:41,040

out of the whole world

2714

01:34:46,310 --> 01:34:44,480

and uh yeah and uh but

2715

01:34:47,910 --> 01:34:46,320

i i just thought it was interesting that

2716

01:34:51,270 --> 01:34:47,920

you had put it in there

2717

01:34:54,229 --> 01:34:51,280

um well you know it's legends

2718

01:34:55,030 --> 01:34:54,239

legends and lore is in the title so yeah

2719

01:34:56,870 --> 01:34:55,040

and i felt

2720

01:34:58,550 --> 01:34:56,880

and people keep bringing those up frog

2721

01:34:59,990 --> 01:34:58,560

people i mean there's a new type of

2722

01:35:02,870 --> 01:35:00,000

animal people every day and

2723

01:35:03,750 --> 01:35:02,880

and people bring them up and and i just

2724

01:35:05,189 --> 01:35:03,760

thought well

2725

01:35:07,189 --> 01:35:05,199

it's interesting people want to know

2726

01:35:09,830 --> 01:35:07,199

where those ideas come from

2727

01:35:10,470 --> 01:35:09,840

right um hey i'm enthralled by bat

2728

01:35:11,750 --> 01:35:10,480

squatch

2729

01:35:13,510 --> 01:35:11,760

okay that one kind of came out of

2730

01:35:14,470 --> 01:35:13,520

nowhere for me isn't that the greatest

2731

01:35:17,350 --> 01:35:14,480

name

2732

01:35:18,629 --> 01:35:17,360

bad squash it is yeah at bat squatch of

2733

01:35:21,270 --> 01:35:18,639

tacoma and it was sort of

2734

01:35:23,510 --> 01:35:21,280

coined by a a teenager who had this

2735

01:35:25,270 --> 01:35:23,520

experience and it was

2736

01:35:27,270 --> 01:35:25,280

big news in the newspaper and i was

2737

01:35:30,790 --> 01:35:27,280

actually able to contact

2738

01:35:31,590 --> 01:35:30,800

the reporter who broke that story and

2739

01:35:34,629 --> 01:35:31,600

wrote about it

2740

01:35:37,109 --> 01:35:34,639

and he said he really believed that

2741

01:35:37,830 --> 01:35:37,119

the young man who who coined that turn

2742

01:35:39,830 --> 01:35:37,840

term

2743

01:35:41,510 --> 01:35:39,840

of this and he was talking about you

2744

01:35:45,350 --> 01:35:41,520

know a bat-winged

2745

01:35:46,629 --> 01:35:45,360

sort of furry human eye oid that flied

2746

01:35:48,390 --> 01:35:46,639

excuse me it's getting toward the end of

2747

01:35:51,669 --> 01:35:48,400

the arena until that flew

2748

01:35:54,709 --> 01:35:51,679

it was that way for a humanoid that flew

2749

01:35:57,109 --> 01:35:54,719

through the air and he coined that term

2750

01:35:59,590 --> 01:35:57,119

bat squatch and the newspaper reporter

2751
01:36:01,830 --> 01:35:59,600
thought that he was genuine and sincere

2752
01:36:03,430 --> 01:36:01,840
and oddly enough i mean it's been seen

2753
01:36:05,669 --> 01:36:03,440
over downtown chicago

2754
01:36:06,550 --> 01:36:05,679
it's been seen in pennsylvania and ohio

2755
01:36:11,030 --> 01:36:06,560
and

2756
01:36:11,669 --> 01:36:11,040
very same creature even in lacrosse

2757
01:36:13,669 --> 01:36:11,679
wisconsin

2758
01:36:15,910 --> 01:36:13,679
well we have our good friend j.c johnson

2759
01:36:16,709 --> 01:36:15,920
who was uh chasing a flying hairy

2760
01:36:19,030 --> 01:36:16,719
hominid

2761
01:36:20,229 --> 01:36:19,040
not too long ago there you go yeah in

2762
01:36:21,990 --> 01:36:20,239
the four corners area

2763
01:36:23,350 --> 01:36:22,000

yep yeah while they fly they can

2764

01:36:26,229 --> 01:36:23,360

evidently get around

2765

01:36:27,270 --> 01:36:26,239

blind harry hominids they remind me of

2766

01:36:30,229 --> 01:36:27,280

the flying monkeys

2767

01:36:30,550 --> 01:36:30,239

in uh the wizard of oz movie you know

2768

01:36:33,030 --> 01:36:30,560

that

2769

01:36:36,950 --> 01:36:33,040

gave so many children nightmares yeah

2770

01:36:40,310 --> 01:36:39,590

they're creepy man some crazy cryptids

2771

01:36:42,790 --> 01:36:40,320

out there lon

2772

01:36:44,149 --> 01:36:42,800

linda and we don't have nearly we're

2773

01:36:47,830 --> 01:36:44,159

nearly close to answers

2774

01:36:49,669 --> 01:36:47,840

well you know i i'm i'm kind of uh

2775

01:36:52,390 --> 01:36:49,679

well i'm not kind of but i am thrilled

2776

01:36:54,390 --> 01:36:52,400

that that linda mentioned uh

2777

01:36:55,910 --> 01:36:54,400

something about the flying rays in the

2778

01:36:57,669 --> 01:36:55,920

book as well which is something i've

2779

01:37:02,310 --> 01:36:57,679

been

2780

01:37:04,550 --> 01:37:02,320

reports about these flying rays or

2781

01:37:06,070 --> 01:37:04,560

these they call them different things

2782

01:37:08,470 --> 01:37:06,080

down there in west virginia

2783

01:37:11,910 --> 01:37:08,480

like white flyers or something like that

2784

01:37:15,669 --> 01:37:11,920

but you know they come in all sizes

2785

01:37:18,830 --> 01:37:15,679

they all invariably look like manta rays

2786

01:37:20,629 --> 01:37:18,840

but uh you know some of them are

2787

01:37:23,830 --> 01:37:20,639

translucent some of them are

2788

01:37:24,629 --> 01:37:23,840

grayish in color they they never seem to

2789

01:37:26,790 --> 01:37:24,639

flap their

2790

01:37:28,709 --> 01:37:26,800

wings that much even though people have

2791

01:37:33,430 --> 01:37:28,719

seen it it's almost like they're

2792

01:37:37,030 --> 01:37:33,440

um they could be like a bio type of uh

2793

01:37:40,470 --> 01:37:37,040

ufo or bio type i don't know

2794

01:37:41,990 --> 01:37:40,480

some type of flying machine or something

2795

01:37:43,590 --> 01:37:42,000

and some are big and some are little

2796

01:37:45,430 --> 01:37:43,600

yeah you're you know i think

2797

01:37:47,189 --> 01:37:45,440

i mentioned in my book the phantom and

2798

01:37:48,950 --> 01:37:47,199

monsters blog is

2799

01:37:50,229 --> 01:37:48,960

pretty much matt flying manta ray

2800

01:37:52,870 --> 01:37:50,239

central yeah

2801

01:37:55,270 --> 01:37:52,880

yeah it just seemed that way uh it you

2802

01:37:58,550 --> 01:37:55,280

know i've been lucky enough to get these

2803

01:38:01,750 --> 01:37:58,560

in these reports and uh

2804

01:38:03,750 --> 01:38:01,760

now it just seems that these sightings

2805

01:38:06,550 --> 01:38:03,760

are spreading out

2806

01:38:08,310 --> 01:38:06,560

away from the east coast and more toward

2807

01:38:11,750 --> 01:38:08,320

well i've gotten two in texas

2808

01:38:13,590 --> 01:38:11,760

and i had one in california uh but

2809

01:38:17,590 --> 01:38:13,600

for the longest time i was getting them

2810

01:38:19,990 --> 01:38:17,600

in uh in the ohio valley especially

2811

01:38:21,990 --> 01:38:20,000

uh what is it about that ohio valley i

2812

01:38:23,910 --> 01:38:22,000

mean that ohio valley

2813

01:38:26,709 --> 01:38:23,920

has some of the weirdest sightings of

2814

01:38:29,830 --> 01:38:26,719

all types of not only this the mothman

2815

01:38:32,550 --> 01:38:29,840

and you know there have been there have

2816

01:38:35,350 --> 01:38:32,560

been cryptic canine sightings as well

2817

01:38:35,750 --> 01:38:35,360

uh but it just this thing has been seen

2818

01:38:39,109 --> 01:38:35,760

there

2819

01:38:40,870 --> 01:38:39,119

this flying mana manta ray and ufo

2820

01:38:43,910 --> 01:38:40,880

activity as well

2821

01:38:45,189 --> 01:38:43,920

um i don't know what these things are i

2822

01:38:49,270 --> 01:38:45,199

really don't

2823

01:38:52,390 --> 01:38:49,280

um i think the most interesting one that

2824

01:38:53,990 --> 01:38:52,400

i was told to me was the one up in

2825

01:38:55,669 --> 01:38:54,000

long island where the woman saw it

2826

01:38:58,709 --> 01:38:55,679

flying above her at night

2827

01:39:00,950 --> 01:38:58,719

and she could see the stars through it

2828

01:39:01,910 --> 01:39:00,960

yeah that makes you stop and go whoa

2829

01:39:04,310 --> 01:39:01,920

okay

2830

01:39:04,950 --> 01:39:04,320

yeah you know it's yeah there's there's

2831

01:39:06,310 --> 01:39:04,960

something

2832

01:39:08,629 --> 01:39:06,320

pretty odd through that then it's

2833

01:39:09,910 --> 01:39:08,639

starting to sound like a ufo because

2834

01:39:11,030 --> 01:39:09,920

i've had people

2835

01:39:13,350 --> 01:39:11,040

i mean that's another thing people

2836

01:39:14,950 --> 01:39:13,360

report to me is ufos and i've had people

2837

01:39:17,189 --> 01:39:14,960

say that they saw

2838

01:39:18,229 --> 01:39:17,199

um one of these flying triangles or a

2839

01:39:21,510 --> 01:39:18,239

mothership even

2840

01:39:25,270 --> 01:39:21,520

and that it was partly transparent and

2841

01:39:26,149 --> 01:39:25,280

one person um actually a relative of

2842

01:39:28,629 --> 01:39:26,159

mine

2843

01:39:31,830 --> 01:39:28,639

saw it saw one of these over madison and

2844

01:39:33,430 --> 01:39:31,840

she said just as she looked up at it

2845

01:39:35,510 --> 01:39:33,440

it was almost like it knew she was

2846

01:39:37,510 --> 01:39:35,520

observing it and began to go

2847

01:39:39,350 --> 01:39:37,520

transparent until all of a sudden you

2848

01:39:42,790 --> 01:39:39,360

could only see the night sky

2849

01:39:46,550 --> 01:39:45,750

it's almost like a camouflage uh exactly

2850

01:39:48,310 --> 01:39:46,560

yeah and that's

2851
01:39:49,830 --> 01:39:48,320
that's what that's what it reminds me of

2852
01:39:51,830 --> 01:39:49,840
with with the flying mantis that was

2853
01:39:54,629 --> 01:39:51,840
over madison wisconsin

2854
01:39:55,990 --> 01:39:54,639
actually but it interests the thing

2855
01:39:59,109 --> 01:39:56,000
that's strange about it is

2856
01:40:00,709 --> 01:39:59,119
it's uh all of them have been seen at

2857
01:40:02,709 --> 01:40:00,719
during the daytime except for that one

2858
01:40:05,590 --> 01:40:02,719
in long island and they're

2859
01:40:06,310 --> 01:40:05,600
always near water though they don't seem

2860
01:40:09,830 --> 01:40:06,320
to be

2861
01:40:11,750 --> 01:40:09,840
you know an aquatic species of any type

2862
01:40:14,149 --> 01:40:11,760
no and the real man to raise i shouldn't

2863
01:40:17,350 --> 01:40:14,159

say real but the the known

2864

01:40:19,830 --> 01:40:17,360

um species of of manta rays can skip

2865

01:40:20,709 --> 01:40:19,840

maybe a maximum of of three feet over

2866

01:40:22,790 --> 01:40:20,719

the surface

2867

01:40:24,709 --> 01:40:22,800

but they can't just go airborne and zip

2868

01:40:27,830 --> 01:40:24,719

around like kites you know

2869

01:40:30,950 --> 01:40:27,840

yeah yeah it's an enigma it really is uh

2870

01:40:32,790 --> 01:40:30,960

it's i i don't know i was lucky enough

2871

01:40:35,030 --> 01:40:32,800

to you know lucky enough to get

2872

01:40:36,470 --> 01:40:35,040

the initial sighting and you know i had

2873

01:40:38,550 --> 01:40:36,480

another one from

2874

01:40:40,310 --> 01:40:38,560

someone who had written a book about or

2875

01:40:42,870 --> 01:40:40,320

written an article about it then

2876

01:40:46,070 --> 01:40:42,880

it just went from there but yeah it is

2877

01:40:49,189 --> 01:40:46,080

it is a strange phenomena it really is

2878

01:40:51,990 --> 01:40:49,199

um ufos

2879

01:40:52,629 --> 01:40:52,000

now i had mentioned you the last time i

2880

01:40:55,990 --> 01:40:52,639

talked to you

2881

01:40:57,830 --> 01:40:56,000

on bte about ufo sightings i had gotten

2882

01:41:00,629 --> 01:40:57,840

to the kettle marine but you know

2883

01:41:03,189 --> 01:41:00,639

the catamaran you have had some

2884

01:41:07,430 --> 01:41:03,199

experiences there yourself haven't you

2885

01:41:09,590 --> 01:41:07,440

i have yeah i i live pretty close to it

2886

01:41:11,350 --> 01:41:09,600

and the kettle moraine the the kettle

2887

01:41:15,109 --> 01:41:11,360

formations which i should mention

2888

01:41:16,870 --> 01:41:15,119

are very deep steep sided scooped out

2889

01:41:18,470 --> 01:41:16,880

depressions left by where the last

2890

01:41:20,709 --> 01:41:18,480

glaciers stopped

2891

01:41:22,790 --> 01:41:20,719

at with ridges in between and and so it

2892

01:41:24,629 --> 01:41:22,800

the the kettle refers to these deep

2893

01:41:25,590 --> 01:41:24,639

depressions and the moraine refers to

2894

01:41:28,390 --> 01:41:25,600

these ridges

2895

01:41:29,189 --> 01:41:28,400

that run alongside and the formations

2896

01:41:32,709 --> 01:41:29,199

extend

2897

01:41:33,109 --> 01:41:32,719

outside the actual park borders and so i

2898

01:41:35,830 --> 01:41:33,119

live

2899

01:41:36,870 --> 01:41:35,840

in an area um kind of surrounded by

2900

01:41:38,709 --> 01:41:36,880

these moraine

2901
01:41:40,709 --> 01:41:38,719
formations because i'm about five miles

2902
01:41:41,830 --> 01:41:40,719
south of of the kettle moraine state

2903
01:41:44,470 --> 01:41:41,840
park

2904
01:41:45,430 --> 01:41:44,480
so i yeah i i hike and walk around them

2905
01:41:48,149 --> 01:41:45,440
quite frequently

2906
01:41:49,669 --> 01:41:48,159
yeah you had uh you've had some strange

2907
01:41:52,390 --> 01:41:49,679
encounters as well

2908
01:41:53,109 --> 01:41:52,400
some streams i don't know much sightings

2909
01:41:56,790 --> 01:41:53,119
as it was

2910
01:41:58,709 --> 01:41:56,800
things you heard or things moving around

2911
01:42:00,310 --> 01:41:58,719
well if you're talking about what i

2912
01:42:02,070 --> 01:42:00,320
think was the bigfoot

2913
01:42:03,990 --> 01:42:02,080

all right encounter yeah i might have

2914

01:42:04,390 --> 01:42:04,000

been able to put that off to something

2915

01:42:07,510 --> 01:42:04,400

else

2916

01:42:09,669 --> 01:42:07,520

except um i went back in half an hour

2917

01:42:11,189 --> 01:42:09,679

with my friend and her daughter who was

2918

01:42:14,229 --> 01:42:11,199

a total non-believer and

2919

01:42:17,270 --> 01:42:14,239

just kind of along for an extra body

2920

01:42:20,550 --> 01:42:17,280

and she did see it so we had the

2921

01:42:24,550 --> 01:42:20,560

the total of phenomena was uh first

2922

01:42:27,350 --> 01:42:24,560

um response to wood knockings and then

2923

01:42:29,030 --> 01:42:27,360

something tearing a living seven to

2924

01:42:32,229 --> 01:42:29,040

eight inch diameter

2925

01:42:32,950 --> 01:42:32,239

35 foot long living oak branch off of an

2926

01:42:35,830 --> 01:42:32,960

oak tree

2927

01:42:37,590 --> 01:42:35,840

right in front of my eyes in two in two

2928

01:42:40,229 --> 01:42:37,600

motions and the first motion

2929

01:42:41,990 --> 01:42:40,239

was horizontal so that it turned it

2930

01:42:43,990 --> 01:42:42,000

twisted the branch so that it was

2931

01:42:45,669 --> 01:42:44,000

pointing straight at me because it was

2932

01:42:47,669 --> 01:42:45,679

going on one of these kettles and i was

2933

01:42:49,189 --> 01:42:47,679

standing on the ridge right next to it

2934

01:42:51,030 --> 01:42:49,199

maybe a few couple hundred feet away

2935

01:42:53,830 --> 01:42:51,040

only and

2936

01:42:54,709 --> 01:42:53,840

it was at my eye level and then once

2937

01:42:57,510 --> 01:42:54,719

that had happened

2938

01:43:00,149 --> 01:42:57,520

then whatever it was tore it like with

2939

01:43:02,470 --> 01:43:00,159

this giant cracking sound of

2940

01:43:05,350 --> 01:43:02,480

wood tore it and dropped it about 40

2941

01:43:08,229 --> 01:43:05,360

feet to the bottom of the kettle below

2942

01:43:08,790 --> 01:43:08,239

and that's when i left the first time

2943

01:43:11,910 --> 01:43:08,800

and then

2944

01:43:14,310 --> 01:43:11,920

came back with these two people

2945

01:43:16,070 --> 01:43:14,320

and uh who are both willing to go to

2946

01:43:17,030 --> 01:43:16,080

talk to anybody about it by the way my

2947

01:43:20,229 --> 01:43:17,040

friend sandra

2948

01:43:23,189 --> 01:43:20,239

and her daughter natalie and we

2949

01:43:24,149 --> 01:43:23,199

smelled this horrendous horrendous

2950

01:43:26,950 --> 01:43:24,159

skunk-like

2951
01:43:27,990 --> 01:43:26,960
but not skunk musky odor that clung to

2952
01:43:31,430 --> 01:43:28,000
everything

2953
01:43:32,229 --> 01:43:31,440
we found two mitten sort of roughly

2954
01:43:35,270 --> 01:43:32,239
mitten shaped

2955
01:43:37,350 --> 01:43:35,280
nine-inch fresh bark rubs

2956
01:43:39,350 --> 01:43:37,360
on opposite sides of the branch where

2957
01:43:42,149 --> 01:43:39,360
whatever it was would have had to have

2958
01:43:43,750 --> 01:43:42,159
gripped it really hard in order to

2959
01:43:45,270 --> 01:43:43,760
wrench something like that away from a

2960
01:43:48,390 --> 01:43:45,280
tree if you can only imagine

2961
01:43:50,229 --> 01:43:48,400
the strength that that took and

2962
01:43:51,590 --> 01:43:50,239
you can see exactly where the handprints

2963
01:43:51,990 --> 01:43:51,600

are and i've got one of the pieces of

2964

01:43:53,910 --> 01:43:52,000

bark

2965

01:43:55,590 --> 01:43:53,920

still that you know that i saved from it

2966

01:43:58,149 --> 01:43:55,600

and i was down there with uh

2967

01:43:59,430 --> 01:43:58,159

someone who uh was over six feet later

2968

01:44:01,750 --> 01:43:59,440

and he tried

2969

01:44:03,430 --> 01:44:01,760

bending over and he could position his

2970

01:44:06,229 --> 01:44:03,440

arm so that proportionately

2971

01:44:07,109 --> 01:44:06,239

um you know if he'd been about maybe two

2972

01:44:09,189 --> 01:44:07,119

feet taller

2973

01:44:10,790 --> 01:44:09,199

and his arms were about a foot or two

2974

01:44:13,510 --> 01:44:10,800

longer he might have been able to

2975

01:44:14,550 --> 01:44:13,520

put them in the same spot but it was

2976

01:44:17,189 --> 01:44:14,560

made by something

2977

01:44:17,830 --> 01:44:17,199

you know very very large and then she

2978

01:44:20,070 --> 01:44:17,840

saw it

2979

01:44:21,590 --> 01:44:20,080

and then it growled at us from its

2980

01:44:23,030 --> 01:44:21,600

hiding place it had gone behind some

2981

01:44:25,510 --> 01:44:23,040

shrubbery

2982

01:44:27,350 --> 01:44:25,520

so we had kind of the whole panorama and

2983

01:44:30,470 --> 01:44:27,360

in my mind there's just nothing else

2984

01:44:31,590 --> 01:44:30,480

that it could have been i am i am a

2985

01:44:34,950 --> 01:44:31,600

total loss to

2986

01:44:37,270 --> 01:44:34,960

explain it otherwise

2987

01:44:38,390 --> 01:44:37,280

you know i am i had written something

2988

01:44:40,790 --> 01:44:38,400

recently

2989

01:44:42,790 --> 01:44:40,800

and we i well myself and some of the

2990

01:44:45,189 --> 01:44:42,800

colleagues people i've been working with

2991

01:44:46,950 --> 01:44:45,199

we've been having a lot of references to

2992

01:44:49,990 --> 01:44:46,960

owls lately now

2993

01:44:52,550 --> 01:44:50,000

i wanted to ask you about this now

2994

01:44:54,310 --> 01:44:52,560

of course there have been lots of

2995

01:44:56,070 --> 01:44:54,320

different type of cryptid aisle

2996

01:44:57,109 --> 01:44:56,080

sightings or something is similar to

2997

01:45:01,510 --> 01:44:57,119

that

2998

01:45:05,109 --> 01:45:01,520

but do you have any other than maybe

2999

01:45:08,229 --> 01:45:05,119

you know uh native american legend

3000

01:45:12,310 --> 01:45:08,239

do you know of any odd sightings of

3001

01:45:14,950 --> 01:45:12,320

owls in the united states or in america

3002

01:45:16,310 --> 01:45:14,960

um i'm trying to think if i have i have

3003

01:45:17,750 --> 01:45:16,320

that in the book half the time i can't

3004

01:45:19,669 --> 01:45:17,760

remember if i've got that in the book or

3005

01:45:22,870 --> 01:45:19,679

not i know i do go into the

3006

01:45:26,470 --> 01:45:22,880

the native american lore and legend

3007

01:45:28,550 --> 01:45:26,480

but there were people that um described

3008

01:45:30,310 --> 01:45:28,560

mothman you know in west virginia as

3009

01:45:32,149 --> 01:45:30,320

somewhat owl-like

3010

01:45:33,750 --> 01:45:32,159

and a lot of those descriptions were

3011

01:45:37,590 --> 01:45:33,760

sort of all over the map that's

3012

01:45:38,790 --> 01:45:37,600

probably the you know the the closest

3013

01:45:40,550 --> 01:45:38,800

that i can

3014

01:45:42,070 --> 01:45:40,560

think of right off the top of my head

3015

01:45:45,430 --> 01:45:42,080

i'm sure there are some

3016

01:45:45,750 --> 01:45:45,440

but um you know it it doesn't occur to

3017

01:45:49,669 --> 01:45:45,760

me

3018

01:45:50,950 --> 01:45:49,679

but that wasn't in the united states

3019

01:45:55,270 --> 01:45:50,960

that was in great britain

3020

01:45:58,790 --> 01:45:55,280

you know i included that just to um

3021

01:46:01,270 --> 01:45:58,800

um you know give sort of a comparison

3022

01:46:02,070 --> 01:46:01,280

but right right now i'm coming up blank

3023

01:46:03,590 --> 01:46:02,080

at the moment

3024

01:46:05,109 --> 01:46:03,600

yeah this wasn't a gotcha question i

3025

01:46:06,870 --> 01:46:05,119

just want to get your opinion

3026

01:46:09,030 --> 01:46:06,880

because it's something that's actually

3027

01:46:10,830 --> 01:46:09,040

happening to me i mean i am getting

3028

01:46:14,149 --> 01:46:10,840

these references

3029

01:46:16,950 --> 01:46:14,159

to owls it's just constantly it's been

3030

01:46:20,310 --> 01:46:16,960

going on for a couple of months now

3031

01:46:22,149 --> 01:46:20,320

yeah we've been working uh butch

3032

01:46:24,830 --> 01:46:22,159

wickowski and i have been working this

3033

01:46:26,390 --> 01:46:24,840

case this todd c's case up in

3034

01:46:29,750 --> 01:46:26,400

pennsylvania

3035

01:46:33,669 --> 01:46:29,760

and uh for whatever reason we're

3036

01:46:35,430 --> 01:46:33,679

getting these references to owls

3037

01:46:37,990 --> 01:46:35,440

even some of the people that are

3038

01:46:39,270 --> 01:46:38,000

psychically or psychics that are working

3039

01:46:40,629 --> 01:46:39,280

with us are coming up with owl

3040

01:46:43,030 --> 01:46:40,639

references

3041

01:46:43,669 --> 01:46:43,040

and we're seeing pictures of owls we're

3042

01:46:48,870 --> 01:46:43,679

seeing

3043

01:46:53,430 --> 01:46:50,870

it is kind of weird because if you go

3044

01:46:57,350 --> 01:46:53,440

into the national zeitgeist right now

3045

01:46:59,030 --> 01:46:57,360

owls are huge in terms of um home decor

3046

01:47:01,510 --> 01:46:59,040

you know there are candle owls there are

3047

01:47:04,310 --> 01:47:01,520

garden gardening um

3048

01:47:05,270 --> 01:47:04,320

uh garden garden placement owls there

3049

01:47:06,870 --> 01:47:05,280

are

3050

01:47:08,550 --> 01:47:06,880

christmas tree ornaments in the shapes

3051

01:47:10,629 --> 01:47:08,560

of owls i'm

3052

01:47:12,629 --> 01:47:10,639

kind of surprised you maybe there is

3053

01:47:13,910 --> 01:47:12,639

sort of a thing with with the owls right

3054

01:47:15,510 --> 01:47:13,920

now i'm not sure what that would be i

3055

01:47:16,550 --> 01:47:15,520

don't know you know i don't know if it's

3056

01:47:18,470 --> 01:47:16,560

something

3057

01:47:19,669 --> 01:47:18,480

well you know i i'm trying to figure

3058

01:47:23,030 --> 01:47:19,679

this out you know

3059

01:47:25,430 --> 01:47:23,040

i'm even going as far as talking to

3060

01:47:28,709 --> 01:47:25,440

shamans and such about this because

3061

01:47:31,350 --> 01:47:28,719

it's it's got me somewhat perplexed

3062

01:47:33,350 --> 01:47:31,360

why i am having these references and i

3063

01:47:33,750 --> 01:47:33,360

that's why i wanted to ask you because i

3064

01:47:36,870 --> 01:47:33,760

had

3065

01:47:38,629 --> 01:47:36,880

really never heard of any cryptids

3066

01:47:39,990 --> 01:47:38,639

that were as other than you know you

3067

01:47:41,350 --> 01:47:40,000

talked about mothman

3068

01:47:43,109 --> 01:47:41,360

and it does a lot of the mothman

3069

01:47:45,910 --> 01:47:43,119

descriptions do look like or

3070

01:47:47,270 --> 01:47:45,920

sound like owls right and that was it

3071

01:47:49,430 --> 01:47:47,280

mark hall that thought

3072

01:47:51,270 --> 01:47:49,440

perhaps they were something called big

3073

01:47:52,790 --> 01:47:51,280

hoot

3074

01:47:54,950 --> 01:47:52,800

yeah i think he was the one that

3075

01:47:58,390 --> 01:47:54,960

connected them with with that

3076

01:47:59,109 --> 01:47:58,400

um but other than that i haven't had

3077

01:48:02,470 --> 01:47:59,119

anybody say

3078

01:48:04,390 --> 01:48:02,480

yeah i saw all people or um

3079

01:48:06,709 --> 01:48:04,400

it really didn't show up in many of the

3080

01:48:08,390 --> 01:48:06,719

big bird sightings that i could find

3081

01:48:10,870 --> 01:48:08,400

they were all described more as either

3082

01:48:13,990 --> 01:48:10,880

raptors or stork and crane like or

3083

01:48:16,550 --> 01:48:14,000

the pterosaurs but um i

3084

01:48:18,470 --> 01:48:16,560

haven't i don't remember anybody writing

3085

01:48:19,350 --> 01:48:18,480

and saying i saw these giant old people

3086

01:48:20,709 --> 01:48:19,360

looking at me

3087

01:48:22,470 --> 01:48:20,719

you know that's kind of unless you're

3088

01:48:23,109 --> 01:48:22,480

talking about the the mothman sort of

3089

01:48:26,390 --> 01:48:23,119

thing

3090

01:48:28,470 --> 01:48:26,400

yeah okay well i'm i'm i'm glad you

3091

01:48:30,149 --> 01:48:28,480

answered that for me i mean i

3092

01:48:31,590 --> 01:48:30,159

because i hadn't heard of but i thought

3093

01:48:33,510 --> 01:48:31,600

maybe you did

3094

01:48:35,830 --> 01:48:33,520

just wait somebody will write one of us

3095

01:48:37,189 --> 01:48:35,840

and say i saw all people last night

3096

01:48:40,470 --> 01:48:37,199

i'll get a whole bunch of them just

3097

01:48:42,149 --> 01:48:40,480

watch yeah and there we go

3098

01:48:43,830 --> 01:48:42,159

we've really run the gambit tonight guys

3099

01:48:45,910 --> 01:48:43,840

we've talked about uh

3100

01:48:47,510 --> 01:48:45,920

the the birds the giant birds

3101

01:48:49,510 --> 01:48:47,520

thunderbirds we've talked about

3102

01:48:51,510 --> 01:48:49,520

pork people and we've talked about owl

3103

01:48:53,430 --> 01:48:51,520

people we've talked about bat squatch

3104

01:48:55,510 --> 01:48:53,440

flying harry hominids we've got a lot to

3105

01:48:57,030 --> 01:48:55,520

chew on for these listeners this week

3106

01:48:59,109 --> 01:48:57,040

and it's been it's been a blast i've

3107

01:48:59,990 --> 01:48:59,119

i've enjoyed myself tremendously me too

3108

01:49:03,109 --> 01:49:00,000

well you're always welcome

3109

01:49:05,590 --> 01:49:03,119

to come back linda uh you know you know

3110

01:49:06,229 --> 01:49:05,600

everything you write so many books but i

3111

01:49:07,669 --> 01:49:06,239

tell you

3112

01:49:08,870 --> 01:49:07,679

they fascinate me because you always

3113

01:49:09,910 --> 01:49:08,880

come up with something a little bit

3114

01:49:14,229 --> 01:49:09,920

different in them

3115

01:49:17,990 --> 01:49:14,239

and you know hopefully we're gonna have

3116

01:49:20,310 --> 01:49:18,000

something on this uh this investigation

3117

01:49:22,550 --> 01:49:20,320

you're doing now down the road

3118

01:49:24,470 --> 01:49:22,560

well we'll see it it's um i'm kind of

3119

01:49:25,830 --> 01:49:24,480

waiting to see if anything does resolve

3120

01:49:27,830 --> 01:49:25,840

or if it's another one of these things

3121

01:49:29,270 --> 01:49:27,840

that just keeps going and going and

3122

01:49:31,830 --> 01:49:29,280

drives you crazy

3123

01:49:33,030 --> 01:49:31,840

finally and and never has uh any sort of

3124

01:49:35,589 --> 01:49:33,040

ending to it you know

3125

01:49:37,109 --> 01:49:35,599

whatever it is is extremely adept at not

3126

01:49:39,109 --> 01:49:37,119

showing itself

3127

01:49:40,790 --> 01:49:39,119

i we appreciate you coming home with us

3128

01:49:42,310 --> 01:49:40,800

we really do oh thank you

3129

01:49:44,229 --> 01:49:42,320

thanks so much for having me i really

3130

01:49:45,750 --> 01:49:44,239

appreciate any time it's it was

3131

01:49:47,669 --> 01:49:45,760

a great time folks you can get more

3132

01:49:49,189 --> 01:49:47,679

information on linda at linda

3133

01:49:50,870 --> 01:49:49,199

godfrey.com

3134

01:49:54,030 --> 01:49:50,880

and if you have any questions you can
