Exploring the Unexplained 

Feb. 15th, 2016

David Weatherly

**Author, Cryptid and
Paranormal Investigator**

1
00:00:04,370 --> 00:00:01,850
and good evening everyone welcome to

2
00:00:06,490 --> 00:00:04,380
arcane radio I'm Sean the for chop for

3
00:00:10,790 --> 00:00:06,500
her joined by launch Tripler tonight and

4
00:00:13,400 --> 00:00:10,800
the weather is just hampering some of

5
00:00:14,870 --> 00:00:13,410
our technical issues but we're here

6
00:00:18,109 --> 00:00:14,880
nonetheless LAN how the hell are you

7
00:00:20,269 --> 00:00:18,119
tonight big guy I'm doing all right yeah

8
00:00:25,880 --> 00:00:20,279
it's the weather the weather screwing us

9
00:00:29,660 --> 00:00:25,890
up twice I sigh I thought it yeah that's

10
00:00:32,420 --> 00:00:29,670
aw offer and that's all come back so

11
00:00:35,180 --> 00:00:32,430
yeah it's but it's playing havoc escapes

12
00:00:36,770 --> 00:00:35,190
having them just going crazy so

13
00:00:38,479 --> 00:00:36,780

hopefully we'll get through this tonight

14

00:00:40,160 --> 00:00:38,489

we'll get it figured out we got a good

15

00:00:43,040 --> 00:00:40,170

show tonight mr. David Weatherly's on

16

00:00:44,810 --> 00:00:43,050

the program David's joining us folks if

17

00:00:47,360 --> 00:00:44,820

you're familiar with David you probably

18

00:00:49,990 --> 00:00:47,370

go to his website to Crow's paranormal

19

00:00:53,750 --> 00:00:50,000

his blog site where he talks about

20

00:00:55,729 --> 00:00:53,760

black-eyed kids and all kinds of strange

21

00:00:56,779 --> 00:00:55,739

weird phenomenon we're glad to have him

22

00:00:58,340 --> 00:00:56,789

on the program tonight

23

00:01:00,380 --> 00:00:58,350

he's been hard to get on the program

24

00:01:02,569 --> 00:01:00,390

we've had various reasons we've had to

25

00:01:03,770 --> 00:01:02,579

cancel our programs with them and the

26

00:01:04,609 --> 00:01:03,780

weather is not making it any easier

27

00:01:07,039 --> 00:01:04,619

tonight

28

00:01:08,539 --> 00:01:07,049

no you know I don't know why it just

29

00:01:10,789 --> 00:01:08,549

seems like it happens I mean every time

30

00:01:13,000 --> 00:01:10,799

we schedule David there seems to be an

31

00:01:15,710 --> 00:01:13,010

issue somewhere down the line so you

32

00:01:17,480 --> 00:01:15,720

know hopefully things go okay tonight

33

00:01:20,090 --> 00:01:17,490

it's like something doesn't want us to

34

00:01:21,880 --> 00:01:20,100

talk to me wrong perhaps he's closer to

35

00:01:25,880 --> 00:01:21,890

the truth than we'd like to believe

36

00:01:29,600 --> 00:01:25,890

maybe who knows who knows but we're here

37

00:01:31,960 --> 00:01:29,610

tonight lon snowing down here in wait or

38

00:01:34,429 --> 00:01:31,970

up here in Williamsport Pennsylvania

39

00:01:35,899 --> 00:01:34,439

weren't expecting that well I guess I

40

00:01:37,310 --> 00:01:35,909

was expecting it but not expecting to

41

00:01:40,550 --> 00:01:37,320

get any because this whole years been

42

00:01:44,240 --> 00:01:40,560

nothing but lies for snow and we finally

43

00:01:47,929 --> 00:01:44,250

got some yeah they've been lied to you

44

00:01:50,210 --> 00:01:47,939

but we get dumped on soon and force you

45

00:01:52,460 --> 00:01:50,220

down here and in Maryland it's it's been

46

00:01:54,230 --> 00:01:52,470

pretty snowy I don't know how much we

47

00:01:57,649 --> 00:01:54,240

got last night but it was a decent

48

00:02:01,459 --> 00:01:57,659

amount and so this toughest I think it

49

00:02:03,319 --> 00:02:01,469

started to sleep now and I got to go out

50

00:02:06,050 --> 00:02:03,329

the more and I'm not looking forward to

51
00:02:08,300 --> 00:02:06,060
it so I'll be safe out there you know I

52
00:02:11,240 --> 00:02:08,310
have to go home tonight after the show

53
00:02:13,460 --> 00:02:11,250
so I'll be driving from the studio in

54
00:02:13,830 --> 00:02:13,470
downtown Williamsport we've relocated a

55
00:02:16,410 --> 00:02:13,840
course

56
00:02:19,110 --> 00:02:16,420
folks may know to our nice little studio

57
00:02:21,050 --> 00:02:19,120
here and it's nice and cozy as I can sit

58
00:02:24,150 --> 00:02:21,060
and watch the snow fall out the window

59
00:02:26,460 --> 00:02:24,160
it's pretty it's a nice nice ambiance

60
00:02:29,790 --> 00:02:26,470
and I'm just glad to be here tonight

61
00:02:32,220 --> 00:02:29,800
long like I said a good show with David

62
00:02:32,820 --> 00:02:32,230
Weatherly joining us here in about 25

63
00:02:35,490 --> 00:02:32,830

minutes

64

00:02:36,960 --> 00:02:35,500

but I didn't get to watch the x-files

65

00:02:39,410 --> 00:02:36,970

tonight either so I'm gonna be behind

66

00:02:43,800 --> 00:02:39,420

the time some two episodes behind now

67

00:02:45,809 --> 00:02:43,810

yeah I had to record it myself I was you

68

00:02:48,539 --> 00:02:45,819

know I I dozed off be honest with you

69

00:02:50,550 --> 00:02:48,549

hey but sitting here I was in there

70

00:02:53,339 --> 00:02:50,560

working on some stuff and I dozed off

71

00:02:55,559 --> 00:02:53,349

and the only if first thing I know my

72

00:03:02,869 --> 00:02:55,569

son's in here is English every night

73

00:03:10,069 --> 00:03:06,390

yeah this week this week a lot of weird

74

00:03:15,900 --> 00:03:10,079

stuff I got some pretty interesting

75

00:03:20,400 --> 00:03:15,910

inquiries this week first off our buddy

76

00:03:23,099 --> 00:03:20,410

Stan Gordon he put out his final report

77

00:03:31,430 --> 00:03:23,109

strange encounters UFOs mysterious

78

00:03:37,470 --> 00:03:33,780

it's like it is almost every year

79

00:03:39,420 --> 00:03:37,480

there's a lot of weird stuff you know in

80

00:03:39,900 --> 00:03:39,430

this stuff that doesn't include the dog

81

00:03:42,870 --> 00:03:39,910

man

82

00:03:44,309 --> 00:03:42,880

and you know we all know about that and

83

00:03:49,710 --> 00:03:44,319

in fact I want to talk to David about

84

00:03:52,379 --> 00:03:49,720

that a little bit tonight but his stance

85

00:03:56,009 --> 00:03:52,389

got a few oddball things up here so if

86

00:03:59,970 --> 00:03:56,019

you want to go read what his what his

87

00:04:04,190 --> 00:03:59,980

report is for 2015 you can go to fans

88

00:04:25,320 --> 00:04:04,200

and monsters are gonna Stan's website at

89

00:04:26,310 --> 00:04:25,330

www.nsiindustries.com ona sweeping

90

00:04:27,930 --> 00:04:26,320

across Pennsylvania

91

00:04:30,750 --> 00:04:27,940

and of course you've been on top of that

92

00:04:32,340 --> 00:04:30,760

yeah and these flying rays that have

93

00:04:34,110 --> 00:04:32,350

been coming out of nowhere the last

94

00:04:35,640 --> 00:04:34,120

couple years that you've been on top of

95

00:04:38,010 --> 00:04:35,650

so some really strange cryptids out

96

00:04:39,360 --> 00:04:38,020

there aside from the Bigfoot that have

97

00:04:41,070 --> 00:04:39,370

really caught our eye here at least on

98

00:04:42,630 --> 00:04:41,080

arcane radio freedoms and monsters and

99

00:04:44,430 --> 00:04:42,640

of course folks you can always go to the

100

00:04:47,820 --> 00:04:44,440

website phantoms and monsters dot-com

101

00:04:49,680 --> 00:04:47,830

and check out all the articles and

102

00:04:51,360 --> 00:04:49,690

stories that lawn and butch and everyone

103

00:04:52,350 --> 00:04:51,370

else has been investigating great stuff

104

00:04:56,310 --> 00:04:52,360

on there

105

00:04:58,530 --> 00:04:56,320

great reports from JC Johnson out there

106

00:05:00,090 --> 00:04:58,540

in the Four Corners area just just

107

00:05:02,310 --> 00:05:00,100

loaded with information so if you want a

108

00:05:04,800 --> 00:05:02,320

good cryptid story go out and go to fans

109

00:05:09,240 --> 00:05:04,810

and monsters comm or go onto amazon.com

110

00:05:12,930 --> 00:05:09,250

and by Lon's books and our buddy butch

111

00:05:16,620 --> 00:05:12,940

is gonna be on coast Coast AM on the

112

00:05:19,140 --> 00:05:16,630

20th 1 o'clock a.m. he's gonna be

113

00:05:21,540 --> 00:05:19,150

talking about dog man phenomena on there

114

00:05:24,350 --> 00:05:21,550

so I guess he'll be on there with nori

115

00:05:27,030 --> 00:05:24,360

George Noory so that'll be interesting

116

00:05:28,410 --> 00:05:27,040

the the the information is getting out

117

00:05:33,090 --> 00:05:28,420

there's no doubt about it

118

00:05:36,630 --> 00:05:33,100

I've we had a few more reports come in

119

00:05:40,980 --> 00:05:36,640

and already talked about to report down

120

00:05:44,670 --> 00:05:40,990

in down in Franklin County but we've got

121

00:05:47,970 --> 00:05:44,680

a report also a possible report in New

122

00:05:50,250 --> 00:05:47,980

York Pennsylvania now - so and it's

123

00:05:52,220 --> 00:05:50,260

actually in the same area of York where

124

00:05:57,660 --> 00:05:52,230

we've been having the Bigfoot sightings

125

00:06:01,140 --> 00:05:57,670

that Jacobus area Stewartstown and down

126

00:06:02,880 --> 00:06:01,150

around there southern York County near

127

00:06:07,080 --> 00:06:02,890

the pencil a Pennsylvania Maryland

128

00:06:09,150 --> 00:06:07,090

border so I don't know I mean you know

129

00:06:13,110 --> 00:06:09,160

that's an area I'm moving up to sometime

130

00:06:14,940 --> 00:06:13,120

this year so you know maybe I get out in

131

00:06:18,300 --> 00:06:14,950

the field and start checking into some

132

00:06:19,830 --> 00:06:18,310

of that stuff but uh you know we've been

133

00:06:21,630 --> 00:06:19,840

getting a leave we get a lot of strange

134

00:06:23,460 --> 00:06:21,640

things up in that area now for the past

135

00:06:25,500 --> 00:06:23,470

year now I feel like if it gets you out

136

00:06:27,000 --> 00:06:25,510

there we're never gonna get you back now

137

00:06:29,010 --> 00:06:27,010

you go out there and follow something

138

00:06:32,820 --> 00:06:29,020

get lost maybe wander into one of those

139

00:06:35,640 --> 00:06:32,830

portals yeah my look

140

00:06:37,410 --> 00:06:35,650

would do you're still trying to get

141

00:06:39,660 --> 00:06:37,420

David polite he's on the show we still

142

00:06:41,700 --> 00:06:39,670

haven't given up on that yeah we've been

143

00:06:43,320 --> 00:06:41,710

trying he's been busy yes he's got a lot

144

00:06:45,650 --> 00:06:43,330

of stuff going on right now with you and

145

00:06:50,490 --> 00:06:45,660

that you know he had that movie going

146

00:06:53,220 --> 00:06:50,500

taping that and he's doing some other

147

00:06:55,200 --> 00:06:53,230

stuff too I mean I you know I just keep

148

00:06:57,840 --> 00:06:55,210

sending him emails hoping he's gonna

149

00:07:02,130 --> 00:06:57,850

answer me and say yeah I got a little

150

00:07:05,360 --> 00:07:02,140

bit time here I'll come oh so uh but you

151
00:07:11,160 --> 00:07:05,370
know we'll keep bringing good guests and

152
00:07:12,480 --> 00:07:11,170
hopefully we'll get David on beyond the

153
00:07:13,320 --> 00:07:12,490
edge and we had a really great interview

154
00:07:15,990 --> 00:07:13,330
with them over there

155
00:07:17,430 --> 00:07:16,000
and I'd like to have them on our program

156
00:07:22,650 --> 00:07:17,440
marketing radio you're listening to

157
00:07:24,630 --> 00:07:22,660
arcane radio calm and be glad to talk to

158
00:07:27,630 --> 00:07:24,640
mr. polite ease on our program and talk

159
00:07:29,010 --> 00:07:27,640
about some of these strange human

160
00:07:30,330 --> 00:07:29,020
disappearances and folks if you're

161
00:07:31,950 --> 00:07:30,340
interested in what's going on there you

162
00:07:33,360 --> 00:07:31,960
can get the books missing for one what

163
00:07:34,950 --> 00:07:33,370

164

00:07:37,350 --> 00:07:34,960

I don't recall the website off the top

165

00:07:39,900 --> 00:07:37,360

talking about

176

00:08:06,720 --> 00:08:04,060

hardcover god I mean as if I need more

177

00:08:08,330 --> 00:08:06,730

books but you know you know I'm gonna

178

00:08:12,180 --> 00:08:08,340

179

00:08:13,590 --> 00:08:12,190

181

00:08:17,700 --> 00:08:16,270

to get old digital but I don't listen to

182

00:08:20,670 --> 00:08:17,710

her and if I can sneak a book in here

183

00:08:22,440 --> 00:08:20,680

there I go ahead and do it I really had

184

00:08:26,250 --> 00:08:22,450

the rule book I'm because honest with

185

00:08:29,550 --> 00:08:26,260

its I don't know I mean I I I beat my

186

00:08:31,830 --> 00:08:29,560

books uh I mean I I told your them and

187

00:08:34,530 --> 00:08:31,840

notes and everything else then but you

188

00:08:36,510 --> 00:08:34,540

know that's just the way I am my process

189

00:08:38,250 --> 00:08:36,520

when I fall asleep at the iPad and I

190

00:08:42,390 --> 00:08:38,260

drop it on my face it hurts a lot more

191

00:08:46,170 --> 00:08:44,790

that was off and drop an iPad on my face

192

00:08:48,840 --> 00:08:46,180

it just doesn't feel the same as a nice

193

00:08:51,150 --> 00:08:48,850

soft paperback what you live and learn

194

00:08:52,410 --> 00:08:51,160

you live in one so what's been going on

195

00:08:53,610 --> 00:08:52,420

at Famous Monsters this week what do you

196

00:08:56,300 --> 00:08:53,620

got good for us I don't have anything

197

00:09:01,380 --> 00:08:56,310

good I've been way too busy ah yeah I

198

00:09:04,170 --> 00:09:01,390

got a really interesting sighting report

199

00:09:11,130 --> 00:09:04,180

mm-hmm the other day actually in the

200

00:09:14,970 --> 00:09:11,140

Phoenix area were they like no this has

201
00:09:18,900 --> 00:09:14,980
to do humanoids I don't know what it was

202
00:09:20,670 --> 00:09:18,910
the witness saw I'm actually digging

203
00:09:23,600 --> 00:09:20,680
into this now there are a few have

204
00:09:26,010 --> 00:09:23,610
stimulating circumstances I think and

205
00:09:28,740 --> 00:09:26,020
I'll think it has to do with somebody

206
00:09:31,020 --> 00:09:28,750
other than her but anyway I'm gonna go

207
00:09:33,750 --> 00:09:31,030
ahead and read what she sent me and some

208
00:09:37,080 --> 00:09:33,760
of the flower up I added to it as will

209
00:09:39,330 --> 00:09:37,090
I'm doing time with launch trailer I I

210
00:09:41,700 --> 00:09:39,340
received this inquiry on this past

211
00:09:46,170 --> 00:09:41,710
Wednesday from an elderly woman in the

212
00:09:48,060 --> 00:09:46,180
Phoenix suburbs of surprise surprise

213
00:09:51,740 --> 00:09:48,070

surprise Arizona

214

00:09:54,750 --> 00:09:51,750

she uh she witnessed two humanoid beings

215

00:09:57,830 --> 00:09:54,760

standing outside her bedroom window a

216

00:10:00,690 --> 00:09:57,840

few days before Christmas 2015

217

00:10:02,160 --> 00:10:00,700

now the following report includes the

218

00:10:04,440 --> 00:10:02,170

most of the information from the

219

00:10:08,100 --> 00:10:04,450

incident though there are a few personal

220

00:10:09,930 --> 00:10:08,110

notes that I redacted I actually called

221

00:10:14,130 --> 00:10:09,940

and talked to the witness Thursday night

222

00:10:18,350 --> 00:10:14,140

and I tend to get more information so I

223

00:10:21,300 --> 00:10:18,360

included everything in in this report

224

00:10:23,580 --> 00:10:21,310

now you know I'm present I'm presenting

225

00:10:27,330 --> 00:10:23,590

this case to readers and investigators

226

00:10:30,960 --> 00:10:27,340

as a means of additional data and

227

00:10:33,000 --> 00:10:30,970

knowledge about these beings because she

228

00:10:36,420 --> 00:10:33,010

was very alarmed by and I'll be honest I

229

00:10:38,610 --> 00:10:36,430

did a did a digital sketch of it and

230

00:10:39,240 --> 00:10:38,620

it's this is but these are pretty

231

00:10:44,820 --> 00:10:39,250

odd-looking

232

00:10:50,090 --> 00:10:44,830

beings so let me go ahead and read her

233

00:10:56,600 --> 00:10:50,100

initial email this was on February 10

234

00:11:00,450 --> 00:10:56,610

2016 around 12-21-12 22

235

00:11:02,760 --> 00:11:00,460

2015 I woke up about 1:30 a.m. and I

236

00:11:07,560 --> 00:11:02,770

glanced out my bedroom window and and

237

00:11:11,880 --> 00:11:07,570

that is what I saw two gray short people

238

00:11:13,740 --> 00:11:11,890

like figures with Coneheads the tallest

239

00:11:16,680 --> 00:11:13,750

stood approximately five foot tall

240

00:11:18,570 --> 00:11:16,690

excuse me four foot tall and the

241

00:11:20,280 --> 00:11:18,580

smallest is about three foot stood

242

00:11:23,160 --> 00:11:20,290

directly in front of the taller one

243

00:11:25,770 --> 00:11:23,170

they stood motionless I looked then

244

00:11:28,770 --> 00:11:25,780

looked again as I have never seen

245

00:11:30,900 --> 00:11:28,780

anything like this ever I set on the

246

00:11:33,390 --> 00:11:30,910

edge of my bed and I kept looking at

247

00:11:36,420 --> 00:11:33,400

them they didn't move neither one of

248

00:11:39,120 --> 00:11:36,430

them had facial features at all it

249

00:11:41,570 --> 00:11:39,130

appeared to me they had something over

250

00:11:45,330 --> 00:11:41,580

their heads to hide their appearance I

251

00:11:47,910 --> 00:11:45,340

didn't let my dog out as I didn't know

252

00:11:49,140 --> 00:11:47,920

what could happen I laid back down in

253

00:11:51,960 --> 00:11:49,150

bed and went to sleep

254

00:11:55,140 --> 00:11:51,970

I didn't awake until the next morning

255

00:11:56,820 --> 00:11:55,150

8:30 which was about seven hours and she

256

00:12:01,010 --> 00:11:56,830

explained to me when I talked to her

257

00:12:03,360 --> 00:12:01,020

that she just doesn't sleep that long

258

00:12:06,690 --> 00:12:03,370

she had the most she'll usually sleep

259

00:12:08,970 --> 00:12:06,700

about four hours but because of a

260

00:12:12,930 --> 00:12:08,980

medical condition she she has to get up

261

00:12:16,230 --> 00:12:12,940

and whatever they must put the knock out

262

00:12:19,710 --> 00:12:16,240

on her from what I can tell here now

263

00:12:23,010 --> 00:12:19,720

what she did she called the police a

264

00:12:25,260 --> 00:12:23,020

week or so later now they just told me

265

00:12:28,140 --> 00:12:25,270

to go to the ER or call the crisis

266

00:12:29,430 --> 00:12:28,150

center they wrote down the telephone

267

00:12:32,070 --> 00:12:29,440

number of the crisis center and they

268

00:12:35,700 --> 00:12:32,080

left my home about a week later I went

269

00:12:37,620 --> 00:12:35,710

to my church and the priest didn't

270

00:12:40,380 --> 00:12:37,630

believe me or didn't want to discuss

271

00:12:43,200 --> 00:12:40,390

this alien encounter which is you know

272

00:12:44,610 --> 00:12:43,210

and that's par for the course um never

273

00:12:48,270 --> 00:12:44,620

you know I didn't never wanted to talk

274

00:12:51,329 --> 00:12:48,280

about that so I have done a lot of

275

00:12:54,240 --> 00:12:51,339

research online and these greys with

276

00:12:57,020 --> 00:12:54,250

Coneheads have been seen before in order

277

00:12:59,510 --> 00:12:57,030

described as I have described them I

278

00:13:02,400 --> 00:12:59,520

have never believed in UFOs or

279

00:13:04,770 --> 00:13:02,410

paranormal sightings or have I ever

280

00:13:06,390 --> 00:13:04,780

reviewed any website on my computer

281

00:13:09,680 --> 00:13:06,400

until after I encountered these two

282

00:13:13,220 --> 00:13:09,690

great little great people looking my bit

283

00:13:16,040 --> 00:13:13,230

window this was not a dream I was

284

00:13:17,840 --> 00:13:16,050

completely awake no medicine I take has

285

00:13:20,600 --> 00:13:17,850

any side effects that were called me to

286

00:13:23,630 --> 00:13:20,610

hallucinate I'm a senior citizen living

287

00:13:26,720 --> 00:13:23,640

alone this has scared me they may knock

288

00:13:28,970 --> 00:13:26,730

they mate they haven't excuse me they

289

00:13:31,670 --> 00:13:28,980

may not have come back now they may come

290

00:13:35,080 --> 00:13:31,680

back I worry that they might come back I

291

00:13:41,000 --> 00:13:35,090

have so many questions I also called

292

00:13:44,060 --> 00:13:41,010

channel 113 EWTN TV the person I talked

293

00:13:45,590 --> 00:13:44,070

to a ewtn didn't believe me and did not

294

00:13:48,200 --> 00:13:45,600

want to discuss a matter well

295

00:13:51,050 --> 00:13:48,210

unfortunately that TV station is a

296

00:13:56,420 --> 00:13:51,060

religious station so and that doesn't

297

00:13:58,820 --> 00:13:56,430

surprise me there please I have not told

298

00:14:00,740 --> 00:13:58,830

my friends or family please help me with

299

00:14:05,420 --> 00:14:00,750

the answers I have I pray daily that I

300

00:14:09,130 --> 00:14:05,430

never see them again I called the

301
00:14:12,620 --> 00:14:09,140
witnessed and got some specific details

302
00:14:15,890 --> 00:14:12,630
the Lord was personal so she did state

303
00:14:19,430 --> 00:14:15,900
that these beings were full-length

304
00:14:22,730 --> 00:14:19,440
cloaks that were the same color which

305
00:14:24,740 --> 00:14:22,740
was like a grayish Brown and this was

306
00:14:28,340 --> 00:14:24,750
the same color as the cone-like covering

307
00:14:31,520 --> 00:14:28,350
over the head and face the [h__h] was more

308
00:14:32,840 --> 00:14:31,530
like a helmet she also stated that she

309
00:14:36,080 --> 00:14:32,850
never seats more than three hours

310
00:14:38,030 --> 00:14:36,090
without waking but you know she slept

311
00:14:40,810 --> 00:14:38,040
for the uninterrupted 7 hours when she

312
00:14:47,180 --> 00:14:40,820
states she has never done before since

313
00:14:51,100 --> 00:14:47,190

now there was a UFO sighting around the

314

00:14:56,660 --> 00:14:51,110

same time same day same time in size

315

00:14:59,720 --> 00:14:56,670

Arizona it was just a brief citing every

316

00:15:06,910 --> 00:14:59,730

blue a little light that shot over the

317

00:15:09,380 --> 00:15:06,920

homes in her neighborhood now

318

00:15:12,200 --> 00:15:09,390

after receiving all the additional

319

00:15:15,050 --> 00:15:12,210

details you know I came up with one

320

00:15:18,470 --> 00:15:15,060

possibility you know this just this is

321

00:15:22,250 --> 00:15:18,480

strictly a theory this in some respects

322

00:15:23,810 --> 00:15:22,260

these beings remind me the descriptions

323

00:15:27,520 --> 00:15:23,820

for the terrace

324

00:15:32,210 --> 00:15:27,530

species would you spell that te or OS

325

00:15:35,450 --> 00:15:32,220

now I I talked to by the dog I sent the

326

00:15:41,530 --> 00:15:35,460

information to Albert Rosales and had

327

00:15:43,640 --> 00:15:41,540

him look into it he agrees that these DC

328

00:15:46,430 --> 00:15:43,650

humanoids do look like a terrorist

329

00:15:48,560 --> 00:15:46,440

species these are suppose an earth

330

00:15:52,850 --> 00:15:48,570

underground dwelling race of humanoids

331

00:15:55,940 --> 00:15:52,860

with cone-shaped heads now they do have

332

00:15:58,340 --> 00:15:55,950

human-like facial features this may have

333

00:16:01,510 --> 00:15:58,350

been a face covering of some type they

334

00:16:06,280 --> 00:16:01,520

are also referred to as a Sunni up

335

00:16:10,400 --> 00:16:06,290

cinnamons sunaina's the yearly ones an

336

00:16:13,310 --> 00:16:10,410

ancient race that appears at certain

337

00:16:16,040 --> 00:16:13,320

times of the year some of the early

338

00:16:18,440 --> 00:16:16,050

Native people in North America made

339

00:16:19,340 --> 00:16:18,450

reference to them mostly in the desert

340

00:16:23,270 --> 00:16:19,350

southwest

341

00:16:26,390 --> 00:16:23,280

so reciting does kind of parallel the

342

00:16:30,200 --> 00:16:26,400

legend since its occurred in Arizona so

343

00:16:33,110 --> 00:16:30,210

you know as I said before in any

344

00:16:36,470 --> 00:16:33,120

information I can get anybody would be

345

00:16:39,440 --> 00:16:36,480

appreciated I am I want to try to figure

346

00:16:41,900 --> 00:16:39,450

out what this is now Albert sent me

347

00:16:46,220 --> 00:16:41,910

which is kind of interesting he sent me

348

00:16:49,630 --> 00:16:46,230

a sighting from Chile which happened the

349

00:16:54,880 --> 00:16:49,640

day before this sighting in Arizona and

350

00:16:57,110 --> 00:16:54,890

the descriptions are fairly similar so

351
00:17:01,280 --> 00:16:57,120
you know I don't know if it was related

352
00:17:04,040 --> 00:17:01,290
or not but uh you know this is this is

353
00:17:06,829 --> 00:17:04,050
this is a humanoid and you know of

354
00:17:10,220 --> 00:17:06,839
course Albert documents all these

355
00:17:15,829 --> 00:17:10,230
different human and so I was like a gray

356
00:17:19,010 --> 00:17:15,839
with a conehead or yeah I mean it she

357
00:17:21,439 --> 00:17:19,020
never saw any skin or where you want to

358
00:17:24,800 --> 00:17:21,449
call it no didn't see any hand she said

359
00:17:27,380 --> 00:17:24,810
they were covered up by a cloak she said

360
00:17:30,860 --> 00:17:27,390
that she didn't see down to the ground

361
00:17:33,170 --> 00:17:30,870
feet or anything though this this cloak

362
00:17:35,900 --> 00:17:33,180
may have covered it but the head was

363
00:17:36,720 --> 00:17:35,910

like a cone shape but it was covered

364

00:17:38,760 --> 00:17:36,730

with this

365

00:17:45,180 --> 00:17:38,770

that came down to the shoulders and

366

00:17:47,580 --> 00:17:45,190

fully enveloped the face so you know she

367

00:17:51,630 --> 00:17:47,590

didn't she didn't see any facial

368

00:17:56,940 --> 00:17:51,640

features and you know I this is odd I

369

00:17:58,080 --> 00:17:56,950

mean I I uh I don't I have no idea what

370

00:18:01,590 --> 00:17:58,090

it was really I mean I'm just

371

00:18:04,710 --> 00:18:01,600

speculating from what information I

372

00:18:08,750 --> 00:18:04,720

could get and I've sent this out to

373

00:18:12,300 --> 00:18:08,760

several people who do have you know have

374

00:18:15,270 --> 00:18:12,310

had reports of humanoids but of course

375

00:18:17,730 --> 00:18:15,280

Albert's probably the best source for

376

00:18:20,730 --> 00:18:17,740

this hopefully he may come up with

377

00:18:22,170 --> 00:18:20,740

something else but in the meantime I you

378

00:18:27,140 --> 00:18:22,180

know there are some extending with these

379

00:18:29,820 --> 00:18:27,150

circumstances not involving her and

380

00:18:32,310 --> 00:18:29,830

actually it's some personal stuff before

381

00:18:36,300 --> 00:18:32,320

the family goes so I don't know if

382

00:18:38,520 --> 00:18:36,310

there's a there's an instance or

383

00:18:39,690 --> 00:18:38,530

somebody in the family who action

384

00:18:47,580 --> 00:18:39,700

doesn't live here anymore

385

00:18:49,850 --> 00:18:47,590

has had these encounters and these

386

00:18:54,270 --> 00:18:49,860

things were seeking them I don't know

387

00:18:56,010 --> 00:18:54,280

she hasn't had anything since then so

388

00:18:57,810 --> 00:18:56,020

you know I'm just trying to keep her

389

00:19:00,300 --> 00:18:57,820

from freaking out on me because she's uh

390

00:19:03,990 --> 00:19:00,310

she was really upset I mean she was

391

00:19:05,700 --> 00:19:04,000

really upset so it's definitely

392

00:19:07,380 --> 00:19:05,710

something to be freaked out about I mean

393

00:19:08,490 --> 00:19:07,390

it yeah I couldn't imagine being a

394

00:19:11,520 --> 00:19:08,500

situation like that we kind of talked

395

00:19:14,760 --> 00:19:11,530

about that last week when we had bread

396

00:19:16,590 --> 00:19:14,770

Oldham on the show and you know how I

397

00:19:18,660 --> 00:19:16,600

feel about the abduction scenario to me

398

00:19:21,870 --> 00:19:18,670

it's just difficult to validate but

399

00:19:24,260 --> 00:19:21,880

these folks stories and whatever they're

400

00:19:29,220 --> 00:19:24,270

experiencing is very real to them and

401

00:19:31,710 --> 00:19:29,230

it's scary it's just horrifying well you

402

00:19:35,400 --> 00:19:31,720

know you get a report like this from

403

00:19:41,280 --> 00:19:35,410

somebody who has no idea and about in

404

00:19:43,650 --> 00:19:41,290

this phenomena and even though most most

405

00:19:46,650 --> 00:19:43,660

most most chances that they're really

406

00:19:50,250 --> 00:19:46,660

upset about it I think the information

407

00:19:52,630 --> 00:19:50,260

is you know it's new information and

408

00:19:58,150 --> 00:19:52,640

they don't have any reference as to

409

00:20:00,880 --> 00:19:58,160

being able to change it and you know if

410

00:20:03,070 --> 00:20:00,890

I can if I can get some other sightings

411

00:20:06,400 --> 00:20:03,080

similar to this maybe we do some

412

00:20:11,020 --> 00:20:06,410

pinpointing I be quite hostile with your

413

00:20:15,930 --> 00:20:11,030

Phoenix in the Phoenix area had this

414

00:20:21,700 --> 00:20:15,940

paint that that week of Christmas had I

415

00:20:24,360 --> 00:20:21,710

think I counted 11 UFO sightings in that

416

00:20:27,550 --> 00:20:24,370

week and that was off move far now

417

00:20:31,270 --> 00:20:27,560

another beat yeah yeah there was a lot

418

00:20:33,100 --> 00:20:31,280

of activity going on and you know I I

419

00:20:35,590 --> 00:20:33,110

don't I don't know you know if it's

420

00:20:39,640 --> 00:20:35,600

related or not but it's kind of

421

00:20:42,670 --> 00:20:39,650

interesting so we'll see

422

00:20:50,620 --> 00:20:42,680

yeah definitely definitely anything else

423

00:20:53,350 --> 00:20:50,630

you got yeah my researcher friend Jamie

424

00:20:57,730 --> 00:20:53,360

Bronson some the me and it's interesting

425

00:21:00,810 --> 00:20:57,740

because it was actually a call in when I

426

00:21:03,550 --> 00:21:00,820

was on coast to coast to the last time

427

00:21:07,090 --> 00:21:03,560

and I remember and I completely

428

00:21:09,820 --> 00:21:07,100

forgotten about it and he had he went

429

00:21:12,040 --> 00:21:09,830

ahead and transcribed it for me but this

430

00:21:13,630 --> 00:21:12,050

involves the carseats underground again

431

00:21:16,630 --> 00:21:13,640

now if you're not familiar with the

432

00:21:19,600 --> 00:21:16,640

court they'd underground it's it's a

433

00:21:24,040 --> 00:21:19,610

series of of caves and it's a huge

434

00:21:27,100 --> 00:21:24,050

system near Carthage Missouri and they

435

00:21:30,850 --> 00:21:27,110

they store food and have offices in

436

00:21:35,680 --> 00:21:30,860

there and there have been rumors that

437

00:21:40,270 --> 00:21:35,690

the Navy in the military have taken over

438

00:21:43,150 --> 00:21:40,280

parts of this system over the years and

439

00:21:47,500 --> 00:21:43,160

I had received a Reptoid

440

00:21:49,390 --> 00:21:47,510

report several years ago and that was

441

00:21:54,040 --> 00:21:49,400

yeah well it was pretty well known

442

00:21:56,950 --> 00:21:54,050

report well anyway this woman by the

443

00:21:59,920 --> 00:21:56,960

name of Connie had called in to push the

444

00:22:02,290 --> 00:21:59,930

coast and this is what she told me oh it

445

00:22:03,350 --> 00:22:02,300

was so I was calling about the karthi's

446

00:22:08,960 --> 00:22:03,360

underground

447

00:22:11,210 --> 00:22:08,970

there since 1996 we used to be able to

448

00:22:14,030 --> 00:22:11,220

drive in there and it was a huge cave

449

00:22:16,280 --> 00:22:14,040

it's man-made cave it's not natural they

450

00:22:18,830 --> 00:22:16,290

use it for offices storing food it's

451
00:22:20,720 --> 00:22:18,840
really cool in there I don't know what

452
00:22:22,630 --> 00:22:20,730
it is now but it's all locked up and

453
00:22:25,790 --> 00:22:22,640
secured see you can't get in there

454
00:22:27,860 --> 00:22:25,800
anyway 1996 had crew through there and

455
00:22:30,410 --> 00:22:27,870
it does have a little bit of a creep

456
00:22:34,310 --> 00:22:30,420
factor to it but one time I stopped by

457
00:22:36,280 --> 00:22:34,320
the Walmart in Carthage and I walk in I

458
00:22:39,830 --> 00:22:36,290
was in line I got a couple of items

459
00:22:42,200 --> 00:22:39,840
somebody behind me had stuff up on the

460
00:22:44,210 --> 00:22:42,210
counter and I just looked at and I

461
00:22:46,880 --> 00:22:44,220
thought huh they must be going camping

462
00:22:49,130 --> 00:22:46,890
because of like the stuff you use for

463
00:22:51,590 --> 00:22:49,140

camping but I knew this it's tremendous

464

00:22:53,810 --> 00:22:51,600

odor and I thought what the world is

465

00:22:56,900 --> 00:22:53,820

that you know that odor smell I can't

466

00:22:58,850 --> 00:22:56,910

even describe it was so bad and I turned

467

00:23:01,340 --> 00:22:58,860

it around and I looked at the man behind

468

00:23:04,340 --> 00:23:01,350

me and he was real tall wearing black

469

00:23:08,270 --> 00:23:04,350

clothes that dark hair but his eyes were

470

00:23:11,480 --> 00:23:08,280

slits and I mean they were I mean I got

471

00:23:13,940 --> 00:23:11,490

the biggest creep factor from it I mean

472

00:23:15,800 --> 00:23:13,950

I just thought he was pure evil at the

473

00:23:18,560 --> 00:23:15,810

time I didn't associate with the aliens

474

00:23:20,330 --> 00:23:18,570

or UFOs or anything like that but at the

475

00:23:22,580 --> 00:23:20,340

time I thought it was a demon because he

476
00:23:25,060 --> 00:23:22,590
creeped me out that was around the same

477
00:23:27,980 --> 00:23:25,070
time that I had been over at that cave

478
00:23:30,640 --> 00:23:27,990
and you know I tell you I've heard this

479
00:23:40,490 --> 00:23:36,850
these sightings of Reptoid like

480
00:23:46,090 --> 00:23:40,500
humanoids individuals have come from

481
00:23:51,020 --> 00:23:46,100
that Carthage area I know people do now

482
00:23:53,690 --> 00:23:51,030
take excursions on boat underneath those

483
00:23:55,510 --> 00:23:53,700
and in those caves now because there's

484
00:24:00,110 --> 00:23:55,520
an actual river runs through there

485
00:24:02,570 --> 00:24:00,120
so but I've actually had people tell me

486
00:24:07,100 --> 00:24:02,580
that they've been in there and seen some

487
00:24:10,190 --> 00:24:07,110
pretty odd things and and of course the

488
00:24:12,620 --> 00:24:10,200

original report that I had received was

489

00:24:13,769 --> 00:24:12,630

these two boys that had had taken their

490

00:24:16,409 --> 00:24:13,779

bikes and

491

00:24:18,450 --> 00:24:16,419

in there how they got in there I don't

492

00:24:20,969 --> 00:24:18,460

know but they they wouldn't pretty deep

493

00:24:26,099 --> 00:24:20,979

in and they actually got chased out by

494

00:24:30,209 --> 00:24:26,109

this reptilian type being and those

495

00:24:32,129 --> 00:24:30,219

reptilians yeah so I use another other

496

00:24:34,739 --> 00:24:32,139

ground facility but this thing this

497

00:24:36,239 --> 00:24:34,749

morning Karthi just huge now I don't

498

00:24:40,259 --> 00:24:36,249

even know what to do there am i I know

499

00:24:44,580 --> 00:24:40,269

there is a company that runs it what

500

00:24:48,749 --> 00:24:44,590

exactly it's useful now I don't know you

501
00:24:53,369 --> 00:24:48,759
know so there he go some strange

502
00:24:56,899 --> 00:24:53,379
encounters indeed well folks as I talked

503
00:24:58,979 --> 00:24:56,909

you know long I've been collecting these

543

00:26:53,529 --> 00:26:51,110

things for just years and a lot of it

544

00:26:55,060 --> 00:26:53,539

you know now it's kind of bleeding over

545

00:26:57,370 --> 00:26:55,070

into the dog man stuff because there are

546

00:26:59,350 --> 00:26:57,380

a lot of similarities but I've always

547

00:27:02,529 --> 00:26:59,360

been particularly fascinated with the

548

00:27:06,130 --> 00:27:02,539

whole skinwalker topic around the Four

549

00:27:08,200 --> 00:27:06,140

Corners region primarily which is you

550

00:27:11,500 --> 00:27:08,210

know there Navajo and origin the term is

551
00:27:17,890 --> 00:27:11,510
but man I got this report that just came

552
00:27:19,899 --> 00:27:17,900
in and the you know it's it sounds

553
00:27:21,640 --> 00:27:19,909
pretty valid the guy is was really

554
00:27:23,230 --> 00:27:21,650
shaken up when I talked to him I just

555
00:27:25,360 --> 00:27:23,240
had sort of an initial interview with

556
00:27:28,360 --> 00:27:25,370
him I'm actually going to get out to the

557
00:27:30,220 --> 00:27:28,370
site hopefully within about a week and

558
00:27:34,570 --> 00:27:30,230
see what I can find

559
00:27:37,240 --> 00:27:34,580
but the the account is that this fellow

560
00:27:39,370 --> 00:27:37,250
and his girlfriend were driving it says

561
00:27:41,409 --> 00:27:39,380
in the Four Corners region I'm not going

562
00:27:44,919 --> 00:27:41,419
to give a specific location at this

563
00:27:47,580 --> 00:27:44,929

point obviously but he was driving in a

564

00:27:51,460 --> 00:27:47,590

sort of desolate area got a flat tire

565

00:27:53,500 --> 00:27:51,470

now during the drive and this is a late

566

00:27:56,380 --> 00:27:53,510

afternoon early evening he had seen a

567

00:27:58,120 --> 00:27:56,390

couple of coyotes alongside the road

568

00:27:59,500 --> 00:27:58,130

which is you know not an unusual

569

00:28:04,930 --> 00:27:59,510

occurrence in that part of the country

570

00:28:07,899 --> 00:28:04,940

so you know another 15 or 20 minutes up

571

00:28:10,840 --> 00:28:07,909

the road he gets a flat he pulls over

572

00:28:13,419 --> 00:28:10,850

and he starts repairing and he said that

573

00:28:16,659 --> 00:28:13,429

he was getting the spare out of the

574

00:28:18,010 --> 00:28:16,669

trunk he noticed these two coyotes were

575

00:28:20,560 --> 00:28:18,020

back now they were a little bit in the

576

00:28:24,700 --> 00:28:20,570

distance but he saw them you know pretty

577

00:28:28,000 --> 00:28:24,710

clearly good visibility he proceeded to

578

00:28:30,310 --> 00:28:28,010

change his tire and he said that he just

579

00:28:33,520 --> 00:28:30,320

started growing more and more uneasy as

580

00:28:34,990 --> 00:28:33,530

he was changing this tire now you know I

581

00:28:36,460 --> 00:28:35,000

don't know if you ever been out to this

582

00:28:38,289 --> 00:28:36,470

part of the country long but you know

583

00:28:38,570 --> 00:28:38,299

parts of it are really just desolate I

584

00:28:40,490 --> 00:28:38,580

mean

585

00:28:44,480 --> 00:28:40,500

and to drive for a long way and not see

586

00:28:46,070 --> 00:28:44,490

anybody and on this particular occasion

587

00:28:50,180 --> 00:28:46,080

it was NOLA traffic or anything that

588

00:28:52,700 --> 00:28:50,190

went by and he's he's just got the tire

589

00:28:55,130 --> 00:28:52,710

on and he's starting to tighten the lug

590

00:28:57,830 --> 00:28:55,140

nuts and he said he just felt the hair

591

00:29:02,450 --> 00:28:57,840

on the back of his neck go up and and he

592

00:29:04,310 --> 00:29:02,460

rose up and looked across his car to the

593

00:29:07,880 --> 00:29:04,320

side of the road where he'd seen the

594

00:29:11,120 --> 00:29:07,890

Coyotes they were closer they were much

595

00:29:15,289 --> 00:29:11,130

closer and he said that has he watched

596

00:29:18,320 --> 00:29:15,299

them that he felt like both of them were

597

00:29:20,899 --> 00:29:18,330

just kind of staring at him and one of

598

00:29:22,700 --> 00:29:20,909

them was sitting on his haunches and the

599

00:29:25,029 --> 00:29:22,710

other was sort of circling around with

600

00:29:29,930 --> 00:29:25,039

the one that was circling around

601
00:29:33,409 --> 00:29:29,940
suddenly rose up on time legs so that it

602
00:29:35,539 --> 00:29:33,419
was standing by idly and now a gentleman

603
00:29:39,710 --> 00:29:35,549
giving me this account he's Navajo so

604
00:29:42,740 --> 00:29:39,720
but you know right away what came into

605
00:29:45,919 --> 00:29:42,750
his mind or you know I won't repeat his

606
00:29:47,149 --> 00:29:45,929
phrase but skinwalkers essentially and

607
00:29:49,250 --> 00:29:47,159
he said that he didn't even finish

608
00:29:51,399 --> 00:29:49,260
tighten tightening lug nuts that he

609
00:29:53,899 --> 00:29:51,409
jumped in his car and start driving and

610
00:29:55,100 --> 00:29:53,909
he said that he and his girlfriend just

611
00:29:57,289 --> 00:29:55,110
got out of there as quick as they could

612
00:30:01,519 --> 00:29:57,299
and that when he looked in his rearview

613
00:30:03,379 --> 00:30:01,529

mirror that he saw both of them what he

614

00:30:06,799 --> 00:30:03,389

thought were coyotes standing on their

615

00:30:10,730 --> 00:30:06,809

hind legs and taking on almost a more

616

00:30:12,200 --> 00:30:10,740

human form as how he stated it now like

617

00:30:13,789 --> 00:30:12,210

I said I'm hoping I want to get a lot

618

00:30:15,919 --> 00:30:13,799

more details in this account not sure

619

00:30:18,289 --> 00:30:15,929

you know you associate enough when he

620

00:30:20,029 --> 00:30:18,299

was telling me about it and this

621

00:30:23,600 --> 00:30:20,039

literally just had this happened this

622

00:30:27,860 --> 00:30:23,610

past week so it's a pretty hot report

623

00:30:29,419 --> 00:30:27,870

and meaning what what you know the creek

624

00:30:32,090 --> 00:30:29,429

factor really goes up when you see

625

00:30:40,580 --> 00:30:32,100

what's supposed to be a normal animal

626
00:30:45,919 --> 00:30:40,590
stand upon a time right yeah it's kind

627
00:30:47,629 --> 00:30:45,929
of rare to have multiples isn't it yeah

628
00:30:50,840 --> 00:30:47,639
it's kind of unusual you know especially

629
00:30:52,480 --> 00:30:50,850
with the skinwalker encounters typically

630
00:30:56,140 --> 00:30:52,490
it's people that see

631
00:30:58,090 --> 00:30:56,150
and of course you know we really when

632
00:31:00,370 --> 00:30:58,100
you start delving into the whole Navajo

633
00:31:03,250 --> 00:31:00,380
lore that surrounds the idea of

634
00:31:06,490 --> 00:31:03,260
skinwalkers then you know a lot of the

635
00:31:09,340 --> 00:31:06,500
times people feel like there's a

636
00:31:12,010 --> 00:31:09,350
particular skinwalker that is stalking

637
00:31:14,230 --> 00:31:12,020
them are coming after them because in

638
00:31:18,580 --> 00:31:14,240

the Navajo ability system a skinwalker

639

00:31:21,730 --> 00:31:18,590

essentially is a witch and it's black

640

00:31:24,040 --> 00:31:21,740

magic it's dark magic now you know I

641

00:31:26,880 --> 00:31:24,050

before anybody listening paint some

642

00:31:29,200 --> 00:31:26,890

offending you know Western European

643

00:31:30,580 --> 00:31:29,210

practitioners of witchcraft or Wicca or

644

00:31:32,410 --> 00:31:30,590

any of the modern equivalents or

645

00:31:34,320 --> 00:31:32,420

anything like that that's not what we're

646

00:31:37,930 --> 00:31:34,330

talking about at all

647

00:31:41,799 --> 00:31:37,940

in the in the Navajo cosmology the term

648

00:31:42,580 --> 00:31:41,809

you know the rough western term equates

649

00:31:46,030 --> 00:31:42,590

to witch

650

00:31:48,940 --> 00:31:46,040

and it means someone who practices a

651
00:31:52,600 --> 00:31:48,950
very dark form of magic which allows

652
00:31:58,110 --> 00:31:52,610
them to steal the form of another animal

653
00:32:01,450 --> 00:31:58,120
or person and they do this typically by

654
00:32:05,230 --> 00:32:01,460
stealing the skin hence we get the term

655
00:32:06,640 --> 00:32:05,240
skinwalker and you know what happens is

656
00:32:08,650 --> 00:32:06,650
these practitioners they have to go

657
00:32:12,850 --> 00:32:08,660
through a whole series of initiations

658
00:32:14,560 --> 00:32:12,860
and rituals and they will typically take

659
00:32:18,760 --> 00:32:14,570
the skin of an animal what is most

660
00:32:22,030 --> 00:32:18,770
common as a coyote or wolf or a dog the

661
00:32:23,740 --> 00:32:22,040
the canid and they will steal the skin

662
00:32:26,919 --> 00:32:23,750
which allows them to shape-shift into

663
00:32:28,120 --> 00:32:26,929

the form of that animal right now you

664

00:32:30,430 --> 00:32:28,130

know some of this kind of sounds like

665

00:32:32,080 --> 00:32:30,440

you know fantasy or mythology or

666

00:32:34,990 --> 00:32:32,090

something to a lot of people but then

667

00:32:38,080 --> 00:32:35,000

you can't discard that these accounts go

668

00:32:39,700 --> 00:32:38,090

far far back in history and there are a

669

00:32:42,250 --> 00:32:39,710

lot of modern accounts that just

670

00:32:44,260 --> 00:32:42,260

continue and I think it's pretty

671

00:32:46,600 --> 00:32:44,270

fascinating when you correlate it you

672

00:32:49,450 --> 00:32:46,610

know with the the European werewolf and

673

00:32:52,630 --> 00:32:49,460

with of course the dog man sightings

674

00:32:56,530 --> 00:32:52,640

that largest you know cropping up like

675

00:32:58,780 --> 00:32:56,540

crazy all around this country yeah well

676

00:33:00,820 --> 00:32:58,790

you know we've been we've been looking

677

00:33:02,500 --> 00:33:00,830

into some of the sightings in

678

00:33:03,910 --> 00:33:02,510

Pennsylvania that we've been getting the

679

00:33:06,910 --> 00:33:03,920

past couple years

680

00:33:11,020 --> 00:33:06,920

and I mean we've got I think we got it

681

00:33:12,550 --> 00:33:11,030

like 11 or 12 actual sightings now in

682

00:33:14,440 --> 00:33:12,560

the past year oh yeah

683

00:33:16,690 --> 00:33:14,450

central pictures that's where this

684

00:33:20,860 --> 00:33:16,700

modern ones yeah and of course you know

685

00:33:24,870 --> 00:33:20,870

I I contacted you last summer about that

686

00:33:28,210 --> 00:33:24,880

setting up near Denver and I mean for a

687

00:33:32,260 --> 00:33:28,220

it's GC was already up there JC and Jack

688

00:33:35,950 --> 00:33:32,270

Rory up there what you saw yeah yeah

689

00:33:39,520 --> 00:33:35,960

that was kind of freaky you know I don't

690

00:33:42,340 --> 00:33:39,530

know I it does seem like there may be a

691

00:33:44,650 --> 00:33:42,350

connection I you know I'm not saying you

692

00:33:48,760 --> 00:33:44,660

know I'm not saying it's skinwalkers

693

00:33:50,380 --> 00:33:48,770

what we're seeing up here in PA but it's

694

00:33:51,700 --> 00:33:50,390

awful it's awful interesting that all

695

00:33:55,990 --> 00:33:51,710

this stuff is cropping up all of a

696

00:33:59,740 --> 00:33:56,000

sudden it really is and you know I've

697

00:34:02,230 --> 00:33:59,750

noticed you know I've done this stuff

698

00:34:04,540 --> 00:34:02,240

for four years and you see cycles of

699

00:34:06,820 --> 00:34:04,550

these things and part of it can

700

00:34:08,860 --> 00:34:06,830

certainly be attributed to things that

701
00:34:13,090 --> 00:34:08,870
bring it into the the mass consciousness

702
00:34:14,680 --> 00:34:13,100
you know there'll be a lot of UFO

703
00:34:16,060 --> 00:34:14,690
specials or shows or something on

704
00:34:21,130 --> 00:34:16,070
television and all of a sudden you know

705
00:34:22,659 --> 00:34:21,140
the number reports of UFOs go up now we

706
00:34:25,330 --> 00:34:22,669
can always attribute you know part of

707
00:34:27,340 --> 00:34:25,340
that is okay mistake and you know people

708
00:34:30,100 --> 00:34:27,350
are just they have it in a consciousness

709
00:34:33,070 --> 00:34:30,110
so it's a mistaken you know there's the

710
00:34:34,510 --> 00:34:33,080
mistaking something else but then you

711
00:34:37,990 --> 00:34:34,520
know there's also the other factor and

712
00:34:41,139 --> 00:34:38,000
that's that people get more aware and

713
00:34:43,300 --> 00:34:41,149

they also become more willing to share

714

00:34:45,250 --> 00:34:43,310

their accounts of these things and I

715

00:34:47,080 --> 00:34:45,260

think that's part of what we see with a

716

00:34:50,590 --> 00:34:47,090

lot of these weird humanoid type of

717

00:34:52,480 --> 00:34:50,600

creatures I had one Avenue a chance to

718

00:34:55,450 --> 00:34:52,490

talk to you about this either and it is

719

00:34:57,490 --> 00:34:55,460

not even on the blog but I had a report

720

00:34:59,950 --> 00:34:57,500

come in a couple of weeks ago from

721

00:35:03,070 --> 00:34:59,960

Kentucky of a dog man encounter and

722

00:35:06,400 --> 00:35:03,080

oddly enough I saw someone on Facebook

723

00:35:09,040 --> 00:35:06,410

just report that they were following up

724

00:35:11,740 --> 00:35:09,050

on a dogma and sighting in Kentucky and

725

00:35:13,570 --> 00:35:11,750

I haven't restyling contacted and yet to

726

00:35:15,640 --> 00:35:13,580

see if it's in the same region but you

727

00:35:17,620 --> 00:35:15,650

know this this is weird how these things

728

00:35:20,319 --> 00:35:17,630

you know just crop up

729

00:35:22,240 --> 00:35:20,329

together all of a sudden and it really I

730

00:35:23,920 --> 00:35:22,250

think you validates it to a certain

731

00:35:26,769 --> 00:35:23,930

degree because here you have independent

732

00:35:29,680 --> 00:35:26,779

people receiving these reports well you

733

00:35:32,049 --> 00:35:29,690

know three or four people in Kentucky

734

00:35:34,569 --> 00:35:32,059

didn't just suddenly decide to make up a

735

00:35:36,849 --> 00:35:34,579

dog man encounter or you know or

736

00:35:39,970 --> 00:35:36,859

suddenly mistake a bear for a you know a

737

00:35:41,740 --> 00:35:39,980

by people tainted type of creature or

738

00:35:50,740 --> 00:35:41,750

something so there's there's something

739

00:35:52,630 --> 00:35:50,750

very curious to that aspect of it yeah I

740

00:35:55,809 --> 00:35:52,640

mean now down in Kentucky now they've

741

00:35:57,910 --> 00:35:55,819

had one phenomena that's been going on

742

00:36:00,549 --> 00:35:57,920

for a long time that beast between the

743

00:36:02,470 --> 00:36:00,559

lakes thing I mean I don't know exactly

744

00:36:05,740 --> 00:36:02,480

what that is but there have been several

745

00:36:07,390 --> 00:36:05,750

reports about that but you know I don't

746

00:36:09,009 --> 00:36:07,400

know of any other down there you know of

747

00:36:11,259 --> 00:36:09,019

course there have been people that have

748

00:36:13,779 --> 00:36:11,269

written about you know certain sightings

749

00:36:16,210 --> 00:36:13,789

but it does seem that this Dogman

750

00:36:18,940 --> 00:36:16,220

phenomena is kind of moving out of the

751
00:36:22,180 --> 00:36:18,950
Upper Midwest southern Ontario down into

752
00:36:24,339 --> 00:36:22,190
it like now Ohio and you know West

753
00:36:28,539 --> 00:36:24,349
Virginia PA and into the mid-atlantic

754
00:36:31,329 --> 00:36:28,549
now and you know are they actually

755
00:36:33,880 --> 00:36:31,339
moving into these areas or people were

756
00:36:35,740 --> 00:36:33,890
just seeing them or just reporting them

757
00:36:38,440 --> 00:36:35,750
and I think you're right I think people

758
00:36:41,980 --> 00:36:38,450
are actually seeing these type of

759
00:36:45,099 --> 00:36:41,990
reports on TV with the paranormal shows

760
00:36:46,749 --> 00:36:45,109
and you know you know they say well you

761
00:36:48,819 --> 00:36:46,759
know I saw something like yeah I'll go

762
00:36:50,589 --> 00:36:48,829
ahead and report it and you know I think

763
00:36:54,640 --> 00:36:50,599

that may be the reason why we're getting

764

00:36:56,920 --> 00:36:54,650

this stuff yeah I think that's one of

765

00:36:59,849 --> 00:36:56,930

the upsides to the paranormal becoming

766

00:37:01,900 --> 00:36:59,859

such a part of you know our culture now

767

00:37:04,690 --> 00:37:01,910

it's that people have become more

768

00:37:06,249 --> 00:37:04,700

open-minded I I mean I had joke all the

769

00:37:08,950 --> 00:37:06,259

time about you know when I started in

770

00:37:10,450 --> 00:37:08,960

this field it I went to a party and told

771

00:37:11,829 --> 00:37:10,460

people what I did you know I was

772

00:37:14,950 --> 00:37:11,839

guaranteed a nice quiet evening by

773

00:37:16,660 --> 00:37:14,960

myself because everybody thought oh this

774

00:37:19,299 --> 00:37:16,670

guy's weird or you know I'm not talking

775

00:37:21,009 --> 00:37:19,309

about that stuff but it's really you

776

00:37:22,870 --> 00:37:21,019

know it's completely opposite now you

777

00:37:25,029 --> 00:37:22,880

get to a party until much to do and

778

00:37:26,829 --> 00:37:25,039

people are lined up out the door because

779

00:37:28,299 --> 00:37:26,839

everybody has an experience everybody

780

00:37:30,160 --> 00:37:28,309

has and I can't help they want to share

781

00:37:30,850 --> 00:37:30,170

whether it's about a computer or a

782

00:37:33,730 --> 00:37:30,860

haunting

783

00:37:35,920 --> 00:37:33,740

or in a UFO site and I think that's

784

00:37:39,870 --> 00:37:35,930

that's one of the benefits of this but

785

00:37:41,740 --> 00:37:39,880

this this dog man thing you know it

786

00:37:44,800 --> 00:37:41,750

people are always looking at this

787

00:37:46,810 --> 00:37:44,810

phenomenon especially the you know the

788

00:37:48,970 --> 00:37:46,820

dreaded skeptics and so forth and they

789

00:37:50,830 --> 00:37:48,980

say oh this is all new you know this is

790

00:37:52,900 --> 00:37:50,840

you know fabricated because of this

791

00:37:56,800 --> 00:37:52,910

movie or this TV show and such and such

792

00:37:59,350 --> 00:37:56,810

but really you know on I I dig into this

793

00:38:01,120 --> 00:37:59,360

phenomena and I find that really none of

794

00:38:03,130 --> 00:38:01,130

it is new I know you and I have talked

795

00:38:04,780 --> 00:38:03,140

about the black-eyed children accounts

796

00:38:07,840 --> 00:38:04,790

and everybody assumes oh that's a new

797

00:38:09,760 --> 00:38:07,850

phenomenon or really it's not it's it's

798

00:38:12,040 --> 00:38:09,770

a new identity for a phenomena that's

799

00:38:13,450 --> 00:38:12,050

been around for a very long time and the

800

00:38:16,930 --> 00:38:13,460

same thing is obviously true with these

801
00:38:18,630 --> 00:38:16,940
dog man encounters I think you had had

802
00:38:22,570 --> 00:38:18,640
crossed posted at some point some of the

803
00:38:25,050 --> 00:38:22,580
the things I put up about bits and

804
00:38:27,340 --> 00:38:25,060
pieces I found in folklore in

805
00:38:30,460 --> 00:38:27,350
Pennsylvania about these werewolf

806
00:38:32,950 --> 00:38:30,470
encounters and yeah you're talking about

807
00:38:35,920 --> 00:38:32,960
the 1800s people are seeing these things

808
00:38:38,530 --> 00:38:35,930
and because these are primarily European

809
00:38:41,200 --> 00:38:38,540
settlers they're identifying them as

810
00:38:43,240 --> 00:38:41,210
werewolves but you know essentially the

811
00:38:45,040 --> 00:38:43,250
physical description is the same thing

812
00:38:47,110 --> 00:38:45,050
as what people are are talking about

813
00:38:52,090 --> 00:38:47,120

these dog men you know it's some kind of

814

00:38:55,540 --> 00:38:52,100

bipedal painted creature that you know

815

00:39:00,070 --> 00:38:55,550

in almost every account seems very sort

816

00:39:02,680 --> 00:39:00,080

of malicious and and threatening so you

817

00:39:04,210 --> 00:39:02,690

know we we have to question you know

818

00:39:07,960 --> 00:39:04,220

maybe the better question to look at is

819

00:39:10,810 --> 00:39:07,970

why now outside of people being willing

820

00:39:13,270 --> 00:39:10,820

to talk about these encounters why now

821

00:39:15,280 --> 00:39:13,280

are these things experiencing the new

822

00:39:17,470 --> 00:39:15,290

you know flap or cycle or whatever you

823

00:39:18,850 --> 00:39:17,480

want to call it that all of a sudden

824

00:39:22,480 --> 00:39:18,860

we're having a lot of these things prop

825

00:39:25,900 --> 00:39:22,490

up yeah I mean I've found encounters

826

00:39:29,920 --> 00:39:25,910

back into the eighteen hundreds the in

827

00:39:32,230 --> 00:39:29,930

fact the Amish made a couple reports

828

00:39:34,510 --> 00:39:32,240

over the years of duelo reports when

829

00:39:36,310 --> 00:39:34,520

they started moving some of their forms

830

00:39:41,140 --> 00:39:36,320

out of Lancaster County down into

831

00:39:44,220 --> 00:39:41,150

Maryland and these duelo dog men upright

832

00:39:45,990 --> 00:39:44,230

you know canids uh he's

833

00:39:50,569 --> 00:39:46,000

these were pretty common around the

834

00:39:55,319 --> 00:39:50,579

Frederick Maryland area uh several cell

835

00:39:58,349 --> 00:39:55,329

reports of the day oh so yeah you're

836

00:40:02,430 --> 00:39:58,359

right there these things are are part of

837

00:40:05,220 --> 00:40:02,440

the legend and in fact the the native

838

00:40:08,010 --> 00:40:05,230

the native people also had accounts as

839

00:40:10,079 --> 00:40:08,020

well in central be a then letting an op

840

00:40:15,089 --> 00:40:10,089

a or the don't worry and they they have

841

00:40:18,200 --> 00:40:15,099

a doorman legend as well that you know

842

00:40:21,599 --> 00:40:18,210

it fairly parallels what we're getting

843

00:40:23,730 --> 00:40:21,609

so you know this is one of these things

844

00:40:24,930 --> 00:40:23,740

down when the weather breaks hopefully

845

00:40:27,480 --> 00:40:24,940

they were going to be I've got in the

846

00:40:28,890 --> 00:40:27,490

field again and start trying to document

847

00:40:31,170 --> 00:40:28,900

some of this but I tell you something

848

00:40:33,270 --> 00:40:31,180

some of the sightings that we have had

849

00:40:36,630 --> 00:40:33,280

all right and that have been reported to

850

00:40:38,670 --> 00:40:36,640

us are really interesting and I mean

851
00:40:42,270 --> 00:40:38,680
there's there's even some supernatural

852
00:40:44,220 --> 00:40:42,280
aspect of sudden these as well and you

853
00:40:46,170 --> 00:40:44,230
know I I'm not gonna go here and say

854
00:40:48,120 --> 00:40:46,180
well it's all flesh and blood I don't

855
00:40:50,819 --> 00:40:48,130
think that's the case I think there

856
00:40:53,280 --> 00:40:50,829
there's some you know supernatural

857
00:40:57,240 --> 00:40:53,290
beings out there they're kind of mixing

858
00:41:02,430 --> 00:40:57,250
in and out so who knows but it is it's a

859
00:41:05,640 --> 00:41:02,440
yeah yeah I absolutely agree with you on

860
00:41:07,680 --> 00:41:05,650
that too you know there's just too many

861
00:41:10,530 --> 00:41:07,690
a lot of these accounts whether it's a

862
00:41:14,450 --> 00:41:10,540
skinwalker or dog men you know and so

863
00:41:16,440 --> 00:41:14,460

forth there's there's often very serious

864

00:41:19,260 --> 00:41:16,450
elements to the encounter of the

865

00:41:22,890 --> 00:41:19,270
sighting that sort of you know bend the

866

00:41:26,160 --> 00:41:22,900
rules as we understand them in terms of

867

00:41:28,380 --> 00:41:26,170
physical laws and of course you know a

868

00:41:30,660 --> 00:41:28,390
Dalek standing its hind legs alone it

869

00:41:32,430 --> 00:41:30,670
does you know walking around but you

870

00:41:34,620 --> 00:41:32,440
know you get a lot of other elements and

871

00:41:37,650 --> 00:41:34,630
it's very interesting a lot of these

872

00:41:40,950 --> 00:41:37,660
creatures you know you'll see accounts

873

00:41:45,180 --> 00:41:40,960
where they will exceed speeds that are

874

00:41:47,880 --> 00:41:45,190
possible you know for for men or you

875

00:41:49,980 --> 00:41:47,890
know a dog or wolf or whatever it is and

876
00:41:53,040 --> 00:41:49,990
you know you see cases where these

877
00:41:54,780 --> 00:41:53,050
things suddenly vanish or suddenly

878
00:41:56,790 --> 00:41:54,790
appear so there are a lot of

879
00:41:57,720 --> 00:41:56,800
supernatural elements that do come in

880
00:42:01,740 --> 00:41:57,730
see

881
00:42:04,470 --> 00:42:01,750
situations and you know you have to

882
00:42:06,599 --> 00:42:04,480
question what the other factor you know

883
00:42:08,190 --> 00:42:06,609
going on here is I I know the account in

884
00:42:10,320 --> 00:42:08,200
Kentucky which is

885
00:42:11,700 --> 00:42:10,330
I don't unfortunately don't have a whole

886
00:42:14,550 --> 00:42:11,710
lot of information on that one at this

887
00:42:16,980 --> 00:42:14,560
point either it's a woman who was

888
00:42:19,380 --> 00:42:16,990

relating the experience to me but she

889

00:42:22,020 --> 00:42:19,390

said that the and this happened at her

890

00:42:24,390 --> 00:42:22,030

home on a couple of occasions and she

891

00:42:25,859 --> 00:42:24,400

said the first time said two dogs that

892

00:42:29,730 --> 00:42:25,869

were in the house and they went

893

00:42:32,760 --> 00:42:29,740

absolutely crazy you know at her kitchen

894

00:42:34,680 --> 00:42:32,770

door trying to get out and and snarling

895

00:42:36,690 --> 00:42:34,690

and just you know she said they were

896

00:42:39,930 --> 00:42:36,700

acting so vicious like they wanted to

897

00:42:43,770 --> 00:42:39,940

attack something but what happened was

898

00:42:46,320 --> 00:42:43,780

she had what he felt motion whites on

899

00:42:47,880 --> 00:42:46,330

the back of her property and she said

900

00:42:50,040 --> 00:42:47,890

that she was looking outside trying to

901
00:42:52,020 --> 00:42:50,050
determine what you know why these dogs

902
00:42:54,000 --> 00:42:52,030
were reacting this way she was in a

903
00:42:56,250 --> 00:42:54,010
rural area there's plenty of wildlife on

904
00:42:58,080 --> 00:42:56,260
and they you know around and she said

905
00:43:01,170 --> 00:42:58,090
they never react that way to you know

906
00:43:02,730 --> 00:43:01,180
deer opossum or anything else but yes

907
00:43:04,950 --> 00:43:02,740
suddenly they were just going ballistic

908
00:43:09,690 --> 00:43:04,960
and she said that as she was watching

909
00:43:12,480 --> 00:43:09,700
out her kitchen window the motion lights

910
00:43:14,880 --> 00:43:12,490
came on has something entered that part

911
00:43:19,820 --> 00:43:14,890
of her yard and she said that it looked

912
00:43:23,180 --> 00:43:19,830
like a bipedal painted creature and has

913
00:43:26,609 --> 00:43:23,190

it took a few steps more into the light

914

00:43:28,710 --> 00:43:26,619

she said that the her dogs suddenly just

915

00:43:30,150 --> 00:43:28,720

turned tail and ran and in her into a

916

00:43:33,510 --> 00:43:30,160

different part of the house and hid and

917

00:43:35,640 --> 00:43:33,520

hid and you know it's always fascinating

918

00:43:37,950 --> 00:43:35,650

to me when you hear about any of these

919

00:43:40,140 --> 00:43:37,960

bizarre types of encounters where an

920

00:43:42,000 --> 00:43:40,150

animal is present because obviously

921

00:43:45,270 --> 00:43:42,010

animals have a different range of senses

922

00:43:49,320 --> 00:43:45,280

than we do as humans and I I find that

923

00:43:52,109 --> 00:43:49,330

as a really interesting and different

924

00:43:54,750 --> 00:43:52,119

component to help us understand exactly

925

00:43:58,950 --> 00:43:54,760

what these creatures are and you know

926
00:44:00,750 --> 00:43:58,960
something at first really set those dogs

927
00:44:07,800 --> 00:44:00,760
off but then terrify them when they got

928
00:44:10,020 --> 00:44:07,810
a scent of it being closer yeah I mean

929
00:44:11,279 --> 00:44:10,030
we've also got something going on here

930
00:44:15,299 --> 00:44:11,289
in the age

931
00:44:17,730 --> 00:44:15,309
that uh it's kind of unused well it's

932
00:44:20,069 --> 00:44:17,740
unusual it's natural the um we're

933
00:44:24,380 --> 00:44:20,079
starting to get a mix of coyotes and

934
00:44:27,769 --> 00:44:24,390
wolves in these area in this area

935
00:44:33,539 --> 00:44:27,779
coywolves room cause I went to call yeah

936
00:44:36,150 --> 00:44:33,549
yeah and only as these coyotes were

937
00:44:39,750 --> 00:44:36,160
moving east some of them got into Canada

938
00:44:43,829 --> 00:44:39,760

and we're interbreeding with gray wolves

939

00:44:47,000 --> 00:44:43,839

I know up in Maine and up in the

940

00:44:52,609 --> 00:44:47,010

Maritimes they've got some decent

941

00:44:55,170 --> 00:44:52,619

populations but I was told recently that

942

00:44:57,420 --> 00:44:55,180

some there have been some populations

943

00:45:01,019 --> 00:44:57,430

noted in Pennsylvania and it seems like

944

00:45:02,849 --> 00:45:01,029

these you know coyotes you know that's

945

00:45:05,490 --> 00:45:02,859

one there one of those that you know the

946

00:45:07,529 --> 00:45:05,500

usual standard ground I mean they're you

947

00:45:10,769 --> 00:45:07,539

know they react to sound but such with

948

00:45:14,130 --> 00:45:10,779

these uh these coils seem to want to

949

00:45:17,970 --> 00:45:14,140

stand their ground and in there they've

950

00:45:20,640 --> 00:45:17,980

decent-sized canids so I don't know I

951
00:45:22,680 --> 00:45:20,650
mean I heard I hope this doesn't turn to

952
00:45:26,940 --> 00:45:22,690
a problem but it you know I know they

953
00:45:30,349 --> 00:45:26,950
are starting to come in here well I know

954
00:45:32,460 --> 00:45:30,359
that you know coyotes have have spread

955
00:45:35,670 --> 00:45:32,470
dramatically I mean they you know

956
00:45:37,980 --> 00:45:35,680
there's a lot of major cities that see

957
00:45:41,900 --> 00:45:37,990
coyotes come into the city city limits

958
00:45:44,880 --> 00:45:41,910
these days and it's you know very oh

959
00:45:46,799 --> 00:45:44,890
yeah yeah very intelligent and

960
00:45:48,990 --> 00:45:46,809
resourceful animal and of course you

961
00:45:51,180 --> 00:45:49,000
know they as you said they will run a

962
00:45:53,549 --> 00:45:51,190
sound but they're also you know the pack

963
00:45:56,299 --> 00:45:53,559

animals and they'll pray on neighborhood

964

00:45:58,500 --> 00:45:56,309

pets and things like that and you know

965

00:45:59,849 --> 00:45:58,510

there's a lot of these areas where

966

00:46:01,470 --> 00:45:59,859

people just can't leave their their

967

00:46:03,900 --> 00:46:01,480

house pets outside are you more to the

968

00:46:06,089 --> 00:46:03,910

coyote to run off with them but these

969

00:46:07,980 --> 00:46:06,099

these these clear wolves I've seen some

970

00:46:12,269 --> 00:46:07,990

of the documentation on that too and

971

00:46:13,620 --> 00:46:12,279

it's a very curious hybrid you know

972

00:46:16,289 --> 00:46:13,630

that's been created from the two

973

00:46:19,099 --> 00:46:16,299

populations and you know who knows how

974

00:46:22,079 --> 00:46:19,109

that plays into it I mean at the least

975

00:46:24,180 --> 00:46:22,089

it's it's a different animal that may

976
00:46:24,930 --> 00:46:24,190
factor into some of these sightings but

977
00:46:26,520 --> 00:46:24,940
I

978
00:46:29,700 --> 00:46:26,530
these are still not creatures that are

979
00:46:33,420 --> 00:46:29,710
going to stand up and run by easily no

980
00:46:35,310 --> 00:46:33,430
you're right and you know it kind of

981
00:46:38,190 --> 00:46:35,320
makes me think now doing you know Butch

982
00:46:40,440 --> 00:46:38,200
and I have talked about this a lot how

983
00:46:43,320 --> 00:46:40,450
many of these Bigfoot reports the

984
00:46:46,430 --> 00:46:43,330
numerous Bigfoot reports that we get in

985
00:46:49,110 --> 00:46:46,440
Pennsylvania and in surrounding states

986
00:46:52,980 --> 00:46:49,120
that actually could be dull man reports

987
00:46:54,360 --> 00:46:52,990
or upright candid reports yeah that's

988
00:46:56,490 --> 00:46:54,370

that's a good question

989

00:46:59,190 --> 00:46:56,500

and so many of the reports you know

990

00:47:01,170 --> 00:46:59,200

they're there often when people saw you

991

00:47:03,000 --> 00:47:01,180

know it running across the road or they

992

00:47:04,890 --> 00:47:03,010

saw it behind some trees and things like

993

00:47:08,970 --> 00:47:04,900

that and you know often there's not

994

00:47:11,190 --> 00:47:08,980

enough of a you know prolonged sighting

995

00:47:12,990 --> 00:47:11,200

to get great details about the figure

996

00:47:16,260 --> 00:47:13,000

other than it's it's very large and

997

00:47:18,660 --> 00:47:16,270

bipedal and yeah you do have to kind of

998

00:47:20,580 --> 00:47:18,670

wonder that you know these dog mana

999

00:47:24,030 --> 00:47:20,590

sightings it's really weird la notte

1000

00:47:27,570 --> 00:47:24,040

because you know I've been down in South

1001
00:47:30,330 --> 00:47:27,580
and Central America and heard of dog man

1002
00:47:32,490 --> 00:47:30,340
type sightings down there so this is

1003
00:47:34,890 --> 00:47:32,500
sort of a universal thing and of course

1004
00:47:38,040 --> 00:47:34,900
you know sasquatch-like creatures are

1005
00:47:41,010 --> 00:47:38,050
pretty much universal too but I'll think

1006
00:47:42,870 --> 00:47:41,020
that it would pay to start looking

1007
00:47:45,960 --> 00:47:42,880
closer like you said at some of these

1008
00:47:49,050 --> 00:47:45,970
accounts and see you know okay are all

1009
00:47:51,360 --> 00:47:49,060
of these definitely Sasquatch sightings

1010
00:47:53,780 --> 00:47:51,370
or is there something else sort of you

1011
00:47:57,240 --> 00:47:53,790
know going along with that because

1012
00:47:58,980 --> 00:47:57,250
essentially these two types of creatures

1013
00:48:00,570 --> 00:47:58,990

Sasquatch and dog man i mean they would

1014

00:48:03,300 --> 00:48:00,580

they would follow a lot of the same

1015

00:48:04,740 --> 00:48:03,310

patterns you know they would live out in

1016

00:48:08,430 --> 00:48:04,750

the wilderness there would be prey

1017

00:48:10,620 --> 00:48:08,440

animals and you know it's it's uh there

1018

00:48:12,420 --> 00:48:10,630

are predators excuse me so it's you know

1019

00:48:15,480 --> 00:48:12,430

it's a very lot of lot of close

1020

00:48:18,810 --> 00:48:15,490

similarities between the two yeah sure

1021

00:48:21,320 --> 00:48:18,820

is you have those reports where they get

1022

00:48:25,920 --> 00:48:23,580

observation of these creatures and they

1023

00:48:27,630 --> 00:48:25,930

say they have a protruding snout and

1024

00:48:30,150 --> 00:48:27,640

some of these Bigfoot reports so that

1025

00:48:31,980 --> 00:48:30,160

kind of no more validity to your to your

1026

00:48:35,400 --> 00:48:31,990

theory there on some of those reports

1027

00:48:37,710 --> 00:48:35,410

might actually be dog man yeah I mean

1028

00:48:38,350 --> 00:48:37,720

it's uh you know it's under thinking

1029

00:48:40,810 --> 00:48:38,360

about now

1030

00:48:42,130 --> 00:48:40,820

we you asked been cross-referencing I've

1031

00:48:45,940 --> 00:48:42,140

been going back and looking at old

1032

00:48:47,470 --> 00:48:45,950

reports I know butch has as well even

1033

00:48:49,930 --> 00:48:47,480

here in Maryland I've been checking a

1034

00:48:51,820 --> 00:48:49,940

few oh man I you know there you know

1035

00:48:55,240 --> 00:48:51,830

sometimes you get a report that just

1036

00:48:59,770 --> 00:48:55,250

doesn't seem like you know the typical

1037

00:49:01,560 --> 00:48:59,780

Bigfoot report at one where is no

1038

00:49:04,810 --> 00:49:01,570

sighting but there's a lot of different

1039

00:49:06,310 --> 00:49:04,820

phenomena going on I mean it could very

1040

00:49:08,860 --> 00:49:06,320

well be something else other than a

1041

00:49:10,240 --> 00:49:08,870

Bigfoot so um you know it's just

1042

00:49:13,780 --> 00:49:10,250

something it's like you said something

1043

00:49:15,880 --> 00:49:13,790

think about you know I I'd be remiss if

1044

00:49:33,550 --> 00:49:15,890

I didn't ask you about the black-eyed

1045

00:49:36,280 --> 00:49:33,560

kids reports all the time and most of

1046

00:49:40,240 --> 00:49:36,290

them pretty much fall into the same

1047

00:49:43,060 --> 00:49:40,250

range of you know there's not a lot of

1048

00:49:48,040 --> 00:49:43,070

variety with these entities whatever

1049

00:49:50,590 --> 00:49:48,050

they are but you know regardless I mean

1050

00:49:53,200 --> 00:49:50,600

all the accounts are super creepy and it

1051
00:49:55,270 --> 00:49:53,210
usually entails you know these things

1052
00:49:57,220 --> 00:49:55,280
approaching somebody or trying to get in

1053
00:49:59,590 --> 00:49:57,230
their their home or car or whatever I

1054
00:50:03,190 --> 00:49:59,600
tell you a couple of things that are

1055
00:50:05,770 --> 00:50:03,200
going on with that it seems now one it

1056
00:50:07,960 --> 00:50:05,780
looks like we're in sort of a new cycle

1057
00:50:09,970 --> 00:50:07,970
of these accounts too because I know

1058
00:50:12,880 --> 00:50:09,980
that you've posted a fair number of them

1059
00:50:17,110 --> 00:50:12,890
recently you know I've had a lot of

1060
00:50:19,300 --> 00:50:17,120
reports there are other investigators

1061
00:50:21,040 --> 00:50:19,310
that you know research doesn't collect

1062
00:50:22,920 --> 00:50:21,050
there of course I know on Dave Schrader

1063
00:50:27,210 --> 00:50:22,930

Jason offered a lot of those guys

1064

00:50:30,130 --> 00:50:27,220

constantly getting these accounts and

1065

00:50:31,390 --> 00:50:30,140

you know I tried to throw some of them

1066

00:50:32,860 --> 00:50:31,400

up on the blog every once in a while

1067

00:50:36,040 --> 00:50:32,870

because people are so fascinated about

1068

00:50:40,800 --> 00:50:36,050

it one thing I have noticed that is sort

1069

00:50:46,260 --> 00:50:40,810

of curious what I am hearing more of our

1070

00:50:51,310 --> 00:50:46,270

encounters with black-eyed adults now

1071

00:50:52,060 --> 00:50:51,320

you know you have to consider I guess

1072

00:50:55,060 --> 00:50:52,070

that

1073

00:50:58,650 --> 00:50:55,070

the the sort of modern wave of these

1074

00:51:04,990 --> 00:50:58,660

like a kid encounter started in 97 and

1075

00:51:07,060 --> 00:51:05,000

you know this is 20 years on and it's

1076

00:51:11,380 --> 00:51:07,070

just kind of curious to me that when I

1077

00:51:13,420 --> 00:51:11,390

researched this first book which on the

1078

00:51:15,400 --> 00:51:13,430

black-eyed kids which came out in 2012

1079

00:51:17,800 --> 00:51:15,410

you know I had researched that for a

1080

00:51:21,790 --> 00:51:17,810

couple of years private previously

1081

00:51:25,180 --> 00:51:21,800

really heavy-duty I found very very few

1082

00:51:28,960 --> 00:51:25,190

black eyed adult encounters you know

1083

00:51:31,050 --> 00:51:28,970

there'd be a few sporadic ones and a lot

1084

00:51:34,180 --> 00:51:31,060

of those could often be attributed to

1085

00:51:38,040 --> 00:51:34,190

well you know it was a hoax or maybe

1086

00:51:40,810 --> 00:51:38,050

something else going on or whatever but

1087

00:51:44,800 --> 00:51:40,820

but me and now they seem a lot more

1088

00:51:46,380 --> 00:51:44,810

common and and just bizarre things you

1089

00:51:49,000 --> 00:51:46,390

know like people running into these

1090

00:51:51,430 --> 00:51:49,010

strange people that you know Starbucks

1091

00:51:57,660 --> 00:51:51,440

coffee or or you know grocery stores and

1092

00:52:03,880 --> 00:52:00,790

you know I haven't really looked at that

1093

00:52:06,670 --> 00:52:03,890

heavy heavily I just been so involved

1094

00:52:08,050 --> 00:52:06,680

with other projects but I hadn't noticed

1095

00:52:15,310 --> 00:52:08,060

there's a lot of these accounts coming

1096

00:52:18,600 --> 00:52:15,320

in and and I I don't know book is

1097

00:52:22,030 --> 00:52:18,610

strange intruders you had a couple of

1098

00:52:23,500 --> 00:52:22,040

blackout adult instances in there in

1099

00:52:26,590 --> 00:52:23,510

fact you had the one of this guy by the

1100

00:52:28,450 --> 00:52:26,600

name of more cell and this couple in it

1101

00:52:29,680 --> 00:52:28,460

like eyes and yeah I think there's

1102

00:52:41,170 --> 00:52:29,690

another one that will grow by the name

1103

00:52:45,030 --> 00:52:41,180

of Charlie in Florida there's a I tried

1104

00:52:49,210 --> 00:52:45,040

it there was one that came in and I

1105

00:52:52,630 --> 00:52:49,220

remember and don't think I put this one

1106

00:52:54,310 --> 00:52:52,640

on the blog or anyone else but this was

1107

00:52:56,890 --> 00:52:54,320

in Florida also sorting anything

1108

00:53:00,790 --> 00:52:56,900

together and it was an elderly couple

1109

00:53:02,800 --> 00:53:00,800

actually who were I don't know they were

1110

00:53:04,990 --> 00:53:02,810

driving back from visiting their their

1111

00:53:05,799 --> 00:53:05,000

children or grandchildren or something

1112

00:53:07,959 --> 00:53:05,809

like that

1113

00:53:10,929 --> 00:53:07,969

and this guy reported to me that you

1114

00:53:13,749 --> 00:53:10,939

know they had stopped and eaten at you

1115

00:53:17,259 --> 00:53:13,759

know like a breakfast type of restaurant

1116

00:53:19,449 --> 00:53:17,269

or something and that it was one of

1117

00:53:21,009 --> 00:53:19,459

these restaurants that had a little gift

1118

00:53:23,380 --> 00:53:21,019

shop and it you know like Cracker Barrel

1119

00:53:27,849 --> 00:53:23,390

high places and things like that did and

1120

00:53:29,799 --> 00:53:27,859

he said that his his wife came running

1121

00:53:33,059 --> 00:53:29,809

over to him because he was paying the

1122

00:53:35,229 --> 00:53:33,069

bill and she said there's a very I

1123

00:53:36,339 --> 00:53:35,239

forget what words you used but she

1124

00:53:41,709 --> 00:53:36,349

basically said there's this really

1125

00:53:45,670 --> 00:53:41,719

creepy man who is following me around I

1126

00:53:47,439 --> 00:53:45,680

want to leave and let's start you know

1127

00:53:49,630 --> 00:53:47,449

he's like ex-army or something and he's

1128

00:53:52,269 --> 00:53:49,640

like you know what you know I'm not

1129

00:53:54,489 --> 00:53:52,279

having any of that Sophie you know he

1130

00:53:57,789 --> 00:53:54,499

does walking over to see what this guy's

1131

00:54:01,660 --> 00:53:57,799

problem is well he he wasn't there where

1132

00:54:03,219 --> 00:54:01,670

his wife had pointed and so they go

1133

00:54:06,489 --> 00:54:03,229

ahead and leave they get in their car

1134

00:54:08,859 --> 00:54:06,499

and as they're pulling out of the

1135

00:54:12,069 --> 00:54:08,869

parking lot and his wife says oh my god

1136

00:54:14,349 --> 00:54:12,079

there he is and he has standing at the

1137

00:54:18,939 --> 00:54:14,359

front outside of this restaurant and he

1138

00:54:20,799 --> 00:54:18,949

was just sort of staring at them and now

1139

00:54:24,939 --> 00:54:20,809

at this point you know neither one has

1140

00:54:28,390 --> 00:54:24,949

said anything about black guys but she

1141

00:54:31,479 --> 00:54:28,400

had said later on she said that when the

1142

00:54:34,989 --> 00:54:31,489

guy approached her she thought he was

1143

00:54:37,509 --> 00:54:34,999

some kind of a pervert because he walked

1144

00:54:42,009 --> 00:54:37,519

up and he and he was looking at the

1145

00:54:48,429 --> 00:54:42,019

floor and he said you know you have

1146

00:54:50,289 --> 00:54:48,439

white shoes and you know she got really

1147

00:54:52,029 --> 00:54:50,299

creeped out as any woman would you know

1148

00:54:54,130 --> 00:54:52,039

this guy got a shoe fetish or you know

1149

00:54:55,809 --> 00:54:54,140

what's going on here yes some weirdo so

1150

00:54:58,239 --> 00:54:55,819

she ran away from and told her husband

1151
00:55:00,789 --> 00:54:58,249
you know two of them pulling out and

1152
00:55:02,439 --> 00:55:00,799
here's this guy standing it you know in

1153
00:55:05,049 --> 00:55:02,449
front of the restaurant and just kind of

1154
00:55:07,359 --> 00:55:05,059
glaring at them well you know she's

1155
00:55:08,859 --> 00:55:07,369
yelling at her husband to just go just

1156
00:55:10,059 --> 00:55:08,869
get out of here and the husband's kind

1157
00:55:13,269 --> 00:55:10,069
of like that you know I'm gonna let him

1158
00:55:19,240 --> 00:55:13,279
have it or whatever and he stops the

1159
00:55:21,820 --> 00:55:19,250
vehicle gets out and the guy's not there

1160
00:55:24,130 --> 00:55:21,830
and he said it really puzzled him

1161
00:55:26,740 --> 00:55:24,140
because there was nowhere for this guy

1162
00:55:30,460 --> 00:55:26,750
as he said to take cover to hide or

1163
00:55:32,140 --> 00:55:30,470

anything else so he well you know maybe

1164

00:55:34,330 --> 00:55:32,150

a scared and maybe ran off of whatever

1165

00:55:41,770 --> 00:55:34,340

and gets in his car and they they drive

1166

00:55:43,900 --> 00:55:41,780

on and they can get you know an hour

1167

00:55:50,320 --> 00:55:43,910

down the road or something and they stop

1168

00:55:54,430 --> 00:55:50,330

at a rest area and they both get out to

1169

00:55:57,550 --> 00:55:54,440

use the bathroom and the gentleman said

1170

00:56:01,930 --> 00:55:57,560

that as he was walking towards the men's

1171

00:56:05,710 --> 00:56:01,940

room there's this guy it's the same guy

1172

00:56:12,630 --> 00:56:05,720

he's standing there by the door for the

1173

00:56:15,250 --> 00:56:12,640

men's room and this guy ex-army you know

1174

00:56:17,980 --> 00:56:15,260

basically a retired badass looks like

1175

00:56:19,870 --> 00:56:17,990

this guy and said that he just got the

1176
00:56:22,330 --> 00:56:19,880
creepiest feeling he'd ever had in his

1177
00:56:26,560 --> 00:56:22,340
life and he said this guy was just

1178
00:56:34,590 --> 00:56:26,570
looking at him dead on and he says solid

1179
00:56:37,960 --> 00:56:34,600
black eyes and he just he said that he

1180
00:56:40,180 --> 00:56:37,970
walked back across to the outside of the

1181
00:56:42,190 --> 00:56:40,190
ladies didn't even go to the restroom

1182
00:56:45,310 --> 00:56:42,200
and he just all he could think of was

1183
00:56:47,950 --> 00:56:45,320
just walk away walk away so that's what

1184
00:56:49,300 --> 00:56:47,960
just kept repeating in his mind was I

1185
00:56:52,600 --> 00:56:49,310
got to get away from this guy and he

1186
00:56:54,070 --> 00:56:52,610
said that he you know went over waited

1187
00:56:56,140 --> 00:56:54,080
for his wife as soon as she was out of

1188
00:56:59,320 --> 00:56:56,150

the bathroom and didn't tell her said

1189

00:57:01,690 --> 00:56:59,330

just we need to go so right away and got

1190

00:57:04,600 --> 00:57:01,700

in the vehicle and he finally told her

1191

00:57:06,040 --> 00:57:04,610

when they were at home but you know and

1192

00:57:08,080 --> 00:57:06,050

they lived through three hours away but

1193

00:57:09,820 --> 00:57:08,090

he said that he was paranoid the whole

1194

00:57:11,590 --> 00:57:09,830

way home and kept looking in the

1195

00:57:13,440 --> 00:57:11,600

rearview mirror and kept thinking is

1196

00:57:16,750 --> 00:57:13,450

this guy following us what's going on

1197

00:57:18,340 --> 00:57:16,760

never saw a vehicle that you know stayed

1198

00:57:19,510 --> 00:57:18,350

the same followed in the hallway or

1199

00:57:24,240 --> 00:57:19,520

anything like that

1200

00:57:26,890 --> 00:57:24,250

so you know again here we go this

1201
00:57:27,610 --> 00:57:26,900
bizarre phrases that don't make any

1202
00:57:32,980 --> 00:57:27,620
sense

1203
00:57:37,750 --> 00:57:32,990
you know these this sort of aura

1204
00:57:40,120 --> 00:57:37,760
of you know malicious intent and you

1205
00:57:41,710 --> 00:57:40,130
know this guy he told me you know this

1206
00:57:44,290 --> 00:57:41,720
is not a guy you mess with but he told

1207
00:57:46,170 --> 00:57:44,300
me he said David he said I just knew

1208
00:57:50,230 --> 00:57:46,180
that I could not tangle with this guy

1209
00:57:52,720 --> 00:57:50,240
and that I had to get away from him I

1210
00:57:54,370 --> 00:57:52,730
just had to be away from him you know

1211
00:57:58,480 --> 00:57:54,380
that's kind of similar on the way to the

1212
00:58:02,200 --> 00:57:58,490
incident that JC and Jack had on the

1213
00:58:05,260 --> 00:58:02,210

four corners last year with the that

1214

00:58:10,210 --> 00:58:05,270

woman who had approached them with the

1215

00:58:18,780 --> 00:58:10,220

black eyes that's right that was and she

1216

00:58:21,220 --> 00:58:18,790

was walking in the middle of nowhere and

1217

00:58:23,380 --> 00:58:21,230

that's yeah that's that's what's

1218

00:58:28,960 --> 00:58:23,390

fascinating account and she talked about

1219

00:58:30,250 --> 00:58:28,970

creepy and no it was a situation I don't

1220

00:58:32,200 --> 00:58:30,260

know if you've had JC on the show to

1221

00:58:35,200 --> 00:58:32,210

talk about this or not my dad you know

1222

00:58:38,349 --> 00:58:35,210

they're driving and you know this was

1223

00:58:40,480 --> 00:58:38,359

woman and like any you know any of us

1224

00:58:42,160 --> 00:58:40,490

would stop and say hey are you okay

1225

00:58:45,130 --> 00:58:42,170

you know you're in the middle of this

1226

00:58:46,660 --> 00:58:45,140

where you know is if something happened

1227

00:58:48,640 --> 00:58:46,670

you know why this woman out here and and

1228

00:58:51,400 --> 00:58:48,650

they you know they pulled up next to her

1229

00:58:53,470 --> 00:58:51,410

and put the window down and man when she

1230

00:59:03,670 --> 00:58:53,480

turned and glared down in the car at

1231

00:59:05,560 --> 00:59:03,680

them solid black eyes and I are I mean

1232

00:59:09,010 --> 00:59:05,570

you know you know and juicy a long time

1233

00:59:12,730 --> 00:59:09,020

longer than I have and that that

1234

00:59:15,060 --> 00:59:12,740

incident really shook him up it real it

1235

00:59:17,200 --> 00:59:15,070

really shook him up and I you know JC

1236

00:59:19,839 --> 00:59:17,210

yeah I've been out in the field with JC

1237

00:59:21,430 --> 00:59:19,849

I mean he's he's seen a lot of weird

1238

00:59:23,470 --> 00:59:21,440

stuffs it's like I have he's and you

1239

00:59:25,359 --> 00:59:23,480

know encountered a lot of things and you

1240

00:59:28,359 --> 00:59:25,369

know followed up on a lot of cases and

1241

00:59:30,849 --> 00:59:28,369

that that really shook him up on I mean

1242

00:59:34,660 --> 00:59:30,859

he was uh you know of course he

1243

00:59:37,750 --> 00:59:34,670

contacted me right away and and just

1244

00:59:40,270 --> 00:59:37,760

very bizarre and I you know I'm trying

1245

00:59:43,510 --> 00:59:40,280

to remember now the details because they

1246

00:59:46,720 --> 00:59:43,520

sound maybe you remember this they found

1247

00:59:49,420 --> 00:59:46,730

a painting or something

1248

00:59:53,500 --> 00:59:49,430

do you remember that that they it was in

1249

00:59:55,300 --> 00:59:53,510

uh oh gosh it's gonna bug me now because

1250

00:59:57,040 --> 00:59:55,310

I can really really good with all these

1251

01:00:00,310 --> 00:59:57,050

kind of details they saw painting

1252

01:00:03,460 --> 01:00:00,320

somewhere that really resembled this

1253

01:00:06,130 --> 01:00:03,470

woman what I remember was that you know

1254

01:00:10,150 --> 01:00:06,140

that Jesse got nauseous and sick and

1255

01:00:12,520 --> 01:00:10,160

Jack was feeling sick yeah and driving

1256

01:00:14,530 --> 01:00:12,530

the car vacanam they were kind of

1257

01:00:16,990 --> 01:00:14,540

nonchalant about the whole thing but

1258

01:00:19,930 --> 01:00:17,000

they told those guys that haw ass they

1259

01:00:22,540 --> 01:00:19,940

went down the road quite a distance and

1260

01:00:31,750 --> 01:00:22,550

they got out of the car and this woman

1261

01:00:33,370 --> 01:00:31,760

was behind him yeah it was there was a

1262

01:00:37,450 --> 01:00:33,380

creepy it was a creepy story it really

1263

01:00:39,520 --> 01:00:37,460

was and there's a lot there's a lot of

1264

01:00:42,130 --> 01:00:39,530

those a challenge you know where these

1265

01:00:45,030 --> 01:00:42,140

things or whatever they are are showing

1266

01:00:47,140 --> 01:00:45,040

up on highways and you know

1267

01:00:49,960 --> 01:00:47,150

out-of-the-way roads and things like

1268

01:00:51,430 --> 01:00:49,970

that and that of courses that's even

1269

01:00:53,559 --> 01:00:51,440

creepier you know you're in the middle

1270

01:00:56,050 --> 01:00:53,569

of nowhere we don't expect to see

1271

01:00:57,609 --> 01:00:56,060

someone and then you do see a person you

1272

01:00:59,650 --> 01:00:57,619

know of course they're not in a vehicle

1273

01:01:01,660 --> 01:00:59,660

or anything so your first thought you

1274

01:01:04,180 --> 01:01:01,670

know your mindset is oh wow you know

1275

01:01:07,150 --> 01:01:04,190

these people okay what's going on here

1276

01:01:10,059 --> 01:01:07,160

and you know you stop to try to help and

1277

01:01:13,870 --> 01:01:10,069

you get this whole you know really

1278

01:01:19,690 --> 01:01:13,880

unnerving experience and you know

1279

01:01:23,859 --> 01:01:19,700

there's like a grinning man encounter

1280

01:01:28,660 --> 01:01:23,869

down Carolina did you know yeah I gotta

1281

01:01:33,849 --> 01:01:28,670

hear about this yeah that's that's in

1282

01:01:37,210 --> 01:01:33,859

strange intruders actually I did hear

1283

01:01:39,460 --> 01:01:37,220

I have I always say when it comes to

1284

01:01:43,870 --> 01:01:39,470

this type of phenomena I think that

1285

01:01:45,490 --> 01:01:43,880

sometimes I really believe that a lot of

1286

01:01:46,930 --> 01:01:45,500

factors come into play and that one of

1287

01:01:49,150 --> 01:01:46,940

the factors that come into play I

1288

01:01:54,220 --> 01:01:49,160

believe are certain combinations of

1289

01:01:56,440 --> 01:01:54,230

people make for greater possibilities of

1290

01:01:59,170 --> 01:01:56,450

experience and strange things

1291

01:02:00,910 --> 01:01:59,180

and you know throughout my life I've

1292

01:02:03,130 --> 01:02:00,920

investigated in research with a lot of

1293

01:02:07,060 --> 01:02:03,140

different people and it's a small

1294

01:02:08,530 --> 01:02:07,070

handful of them that I know that if you

1295

01:02:12,400 --> 01:02:08,540

know I'm in the field of this person

1296

01:02:15,460 --> 01:02:12,410

that the the possible of these it's no

1297

01:02:17,770 --> 01:02:15,470

really you know really go up through the

1298

01:02:19,240 --> 01:02:17,780

roof and Jacey's one of us now I can go

1299

01:02:23,050 --> 01:02:19,250

on the field with Jason II as something

1300

01:02:25,150 --> 01:02:23,060

is gonna freaking happen but you know I

1301

01:02:29,349 --> 01:02:25,160

had this this friend for a lot of years

1302

01:02:33,819 --> 01:02:29,359

in North Carroll and he was not

1303

01:02:35,560 --> 01:02:33,829

interested in this phenomena and you

1304

01:02:37,150 --> 01:02:35,570

know he would sort of tolerate it he has

1305

01:02:38,800 --> 01:02:37,160

a little bit of interest maybe and some

1306

01:02:40,290 --> 01:02:38,810

UFO stuff and everything but for the

1307

01:02:43,870 --> 01:02:40,300

most part you know he just thought it

1308

01:02:45,310 --> 01:02:43,880

and he used to joke that man anytime I'm

1309

01:02:48,670 --> 01:02:45,320

hanging out with you something weird

1310

01:02:51,760 --> 01:02:48,680

happens well here we were we were

1311

01:02:56,440 --> 01:02:51,770

driving on this very remote stretch of

1312

01:02:58,300 --> 01:02:56,450

road and it's it's really an area I've

1313

01:02:59,770 --> 01:02:58,310

been back there in years but I tenants

1314

01:03:01,960 --> 01:02:59,780

an area where you know you could drive

1315

01:03:04,140 --> 01:03:01,970

for several miles and need to see a farm

1316

01:03:06,790 --> 01:03:04,150

in here and there that would be it and

1317

01:03:09,010 --> 01:03:06,800

here we are you know we're driving it's

1318

01:03:12,550 --> 01:03:09,020

a beautiful day and would come to this

1319

01:03:15,990 --> 01:03:12,560

stretch of road and ahead now I was in

1320

01:03:18,760 --> 01:03:16,000

the passenger seat he was driving and

1321

01:03:24,250 --> 01:03:18,770

ahead of us on the right side of the

1322

01:03:26,349 --> 01:03:24,260

road idea figure and he's standing in

1323

01:03:29,020 --> 01:03:26,359

weeds that probably come you know up to

1324

01:03:30,490 --> 01:03:29,030

his knees or something now this is

1325

01:03:32,920 --> 01:03:30,500

another one of those situations this is

1326

01:03:34,990 --> 01:03:32,930

not an area you know I I had driven this

1327

01:03:38,589 --> 01:03:35,000

road countless times this is not an area

1328

01:03:40,960 --> 01:03:38,599

where you ever seen anybody walking and

1329

01:03:44,559 --> 01:03:40,970

you know or standing or anything like

1330

01:03:47,920 --> 01:03:44,569

that and the woods are pretty dense you

1331

01:03:49,540 --> 01:03:47,930

know so it's you know it's high weeds

1332

01:03:51,849 --> 01:03:49,550

and a ditch and plays like this and

1333

01:03:53,230 --> 01:03:51,859

here's this figure staying on the side

1334

01:03:58,240 --> 01:03:53,240

of the road it was on my side of the

1335

01:04:00,760 --> 01:03:58,250

road and as we approached it it was the

1336

01:04:06,730 --> 01:04:00,770

weirdest thing lawn because you know

1337

01:04:08,589 --> 01:04:06,740

there was just something something

1338

01:04:09,790 --> 01:04:08,599

different what's happening I'll say it

1339

01:04:12,910 --> 01:04:09,800

that way as we

1340

01:04:16,330 --> 01:04:12,920

this figure I'm watching him through the

1341

01:04:18,100 --> 01:04:16,340

windshield and as we get closer and it

1342

01:04:21,490 --> 01:04:18,110

seems like everything sort of slowing

1343

01:04:27,610 --> 01:04:21,500

down I'm looking at this figure he's

1344

01:04:28,140 --> 01:04:27,620

wearing a long coat he's wearing a top

1345

01:04:38,470 --> 01:04:28,150

hat

1346

01:04:41,470 --> 01:04:38,480

style he had one of his cans sort of up

1347

01:04:44,260 --> 01:04:41,480

under his chin rubbing his his thumb and

1348

01:04:46,840 --> 01:04:44,270

his fingers together well so it says you

1349

01:04:49,180 --> 01:04:46,850

know kind of creepy in itself and you

1350

01:04:51,850 --> 01:04:49,190

know below this coat you see this this

1351

01:04:54,190 --> 01:04:51,860

shiny belt lotions the other thing that

1352

01:04:57,100 --> 01:04:54,200

I really remember but the thing that

1353

01:05:02,800 --> 01:04:57,110

stood out the most was this figure had

1354

01:05:06,010 --> 01:05:02,810

this bizarre grin that it really is not

1355

01:05:07,210 --> 01:05:06,020

humanly possible you know I expected on

1356

01:05:09,970 --> 01:05:07,220

it later I don't even put this in the

1357

01:05:13,600 --> 01:05:09,980

book I think that it it reminded me of

1358

01:05:16,090 --> 01:05:13,610

the choker you know the Batman film from

1359

01:05:18,580 --> 01:05:16,100

the comics that just had this hideously

1360

01:05:21,970 --> 01:05:18,590

large grin that went up both sides of

1361

01:05:27,090 --> 01:05:21,980

his face and he was making eye contact

1362

01:05:30,280 --> 01:05:27,100

with us has the car cast him and as we

1363

01:05:34,090 --> 01:05:30,290

went by him I shipped in my days from

1364

01:05:36,850 --> 01:05:34,100

the windshield to my passenger window to

1365

01:05:39,460 --> 01:05:36,860

continue looking at him he was he was

1366

01:05:46,440 --> 01:05:39,470

glaring down into the car with the

1367

01:05:51,520 --> 01:05:46,450

Sidious trend and has we passed him I

1368

01:05:55,240 --> 01:05:51,530

shat around to look out the rear window

1369

01:06:00,460 --> 01:05:55,250

and he was standing in the middle of the

1370

01:06:03,910 --> 01:06:00,470

road staring at car now obviously it's

1371

01:06:06,340 --> 01:06:03,920

not he it's almost as if he had

1372

01:06:08,620 --> 01:06:06,350

teleported from that position on the

1373

01:06:10,960 --> 01:06:08,630

side of the road to be dead center of

1374

01:06:17,320 --> 01:06:10,970

the road staring this car has a terrible

1375

01:06:19,660 --> 01:06:17,330

way and you know of course tamo drivers

1376

01:06:21,670 --> 01:06:19,670

just freaking out you know and he's like

1377

01:06:23,350 --> 01:06:21,680

oh my god what was that I might stop the

1378

01:06:26,200 --> 01:06:23,360

car up the car

1379

01:06:29,410 --> 01:06:26,210

he's like you're right enough yeah God

1380

01:06:31,150 --> 01:06:29,420

isn't backwards but I said no I said I

1381

01:06:32,500 --> 01:06:31,160

just I just want to see it - gasps de

1382

01:06:34,930 --> 01:06:32,510

Larroque because we had one around a

1383

01:06:37,570 --> 01:06:34,940

curve and I said come on man just stop

1384

01:06:40,000 --> 01:06:37,580

the car and just turn around and you

1385

01:06:42,760 --> 01:06:40,010

know so this argument ensues for a few

1386

01:06:45,070 --> 01:06:42,770

seconds and I get in to stop the car and

1387

01:06:47,620 --> 01:06:45,080

I said look I said just I want to see if

1388

01:06:48,760 --> 01:06:47,630

this guy's still there and and you know

1389

01:06:50,350 --> 01:06:48,770

he's like well you know the guy's

1390

01:06:51,880 --> 01:06:50,360

probably some freaking psycho that's

1391

01:06:54,070 --> 01:06:51,890

gonna slash this up or whatever you know

1392

01:06:56,080 --> 01:06:54,080

this is the error the slasher films and

1393

01:06:58,750 --> 01:06:56,090

everything he knows you know how old we

1394

01:06:59,950 --> 01:06:58,760

know I'm what man just turn the car back

1395

01:07:01,510 --> 01:06:59,960

around go part ways

1396

01:07:04,690 --> 01:07:01,520

just so we can see if he's still there

1397

01:07:08,290 --> 01:07:04,700

to be sure need to do a u-turn it goes

1398

01:07:10,450 --> 01:07:08,300

back you know about 2/3 of the way to

1399

01:07:12,430 --> 01:07:10,460

the spot where this guy was just nothing

1400

01:07:17,020 --> 01:07:12,440

can't see this guy anyway

1401

01:07:19,480 --> 01:07:17,030

I jumped out of the car oh you know and

1402

01:07:22,330 --> 01:07:19,490

I like that go running up the road and

1403

01:07:23,920 --> 01:07:22,340

I'm running on the pavement itself none

1404

01:07:24,850 --> 01:07:23,930

of the vehicles he rarely saw anybody

1405

01:07:28,120 --> 01:07:24,860

else back area

1406

01:07:30,810 --> 01:07:28,130

I run back to this location where this

1407

01:07:35,800 --> 01:07:30,820

guy was there's no sign of him anywhere

1408

01:07:37,450 --> 01:07:35,810

now in the in the we deed to the area

1409

01:07:40,000 --> 01:07:37,460

where he was standing there so different

1410

01:07:41,890 --> 01:07:40,010

impression is like any non stoutness was

1411

01:07:47,550 --> 01:07:41,900

something standing there was something

1412

01:07:52,180 --> 01:07:47,560

there but the woods were so dense that

1413

01:07:54,730 --> 01:07:52,190

you know there's no way that a figure

1414

01:07:57,730 --> 01:07:54,740

especially one dressed like that could

1415

01:07:59,530 --> 01:07:57,740

an avid quickly into the trees and you

1416

01:08:01,300 --> 01:07:59,540

know he would have had to have you know

1417

01:08:04,330 --> 01:08:01,310

jumped over this [h__\h] and then across a

1418

01:08:06,310 --> 01:08:04,340

you know another little semi open area

1419

01:08:08,620 --> 01:08:06,320

and then into the trees you know just

1420

01:08:12,040 --> 01:08:08,630

again not something humanly possible but

1421

01:08:16,780 --> 01:08:12,050

man I want a bizarre bizarre figure this

1422

01:08:18,490 --> 01:08:16,790

was and it actually sort of rolled into

1423

01:08:22,090 --> 01:08:18,500

a bunch of other things this happened

1424

01:08:27,570 --> 01:08:22,100

because there was some weird incidents

1425

01:08:30,670 --> 01:08:27,580

in the aftermath of this that night the

1426

01:08:35,280 --> 01:08:30,680

we had an electrical storm in the area

1427

01:08:37,149 --> 01:08:35,290

it's a little bit unusual and the house

1428

01:08:40,300 --> 01:08:37,159

next door to

1429

01:08:45,070 --> 01:08:40,310

Tom the driver was struck by lightning

1430

01:08:47,019 --> 01:08:45,080

he caught fire and weird you know I mean

1431

01:08:48,280 --> 01:08:47,029

I I mean notes of all stuff though this

1432

01:08:50,979 --> 01:08:48,290

is kind of strange

1433

01:08:54,610 --> 01:08:50,989

I had another and someone else contact

1434

01:08:57,399 --> 01:08:54,620

me about a UFO site around that same

1435

01:08:59,320 --> 01:08:57,409

time but they had seen a UFO that night

1436

01:09:02,470 --> 01:08:59,330

all this happened the same time that we

1437

01:09:04,899 --> 01:09:02,480

had seen this grinning man now what's

1438

01:09:07,180 --> 01:09:04,909

interesting is that you know I I made

1439

01:09:10,720 --> 01:09:07,190

notes of this stuff and I think even at

1440

01:09:13,329 --> 01:09:10,730

the time you know didn't necessarily

1441

01:09:15,340 --> 01:09:13,339

connect this UFO sighting which is in a

1442

01:09:17,649 --> 01:09:15,350

different part of the county to this

1443

01:09:20,579 --> 01:09:17,659

grinning man occurrence you know thought

1444

01:09:24,340 --> 01:09:20,589

was interesting synchronicity but then

1445

01:09:25,780 --> 01:09:24,350

later on I taught the John teal about

1446

01:09:27,399 --> 01:09:25,790

this stuff who you know was particularly

1447

01:09:29,709 --> 01:09:27,409

interested in these grinning man

1448

01:09:31,240 --> 01:09:29,719

encounters and you know one of the

1449

01:09:34,030 --> 01:09:31,250

things he told me he said David he

1450

01:09:35,890 --> 01:09:34,040

should go he says you need to dig into

1451

01:09:39,610 --> 01:09:35,900

everything you can find he said you'll

1452

01:09:41,349 --> 01:09:39,620

you will find some other phenomena

1453

01:09:42,660 --> 01:09:41,359

around that same period he says I can

1454

01:09:47,890 --> 01:09:42,670

almost guarantee it

1455

01:09:51,030 --> 01:09:47,900

well I indeed that did prove to be right

1456

01:09:53,530 --> 01:09:51,040

you know I I did find a few other

1457

01:09:55,360 --> 01:09:53,540

witnesses that had seen a UFO around the

1458

01:09:57,910 --> 01:09:55,370

same time they also found another

1459

01:09:59,110 --> 01:09:57,920

witness which unfortunately this was an

1460

01:09:59,800 --> 01:09:59,120

account all of this stuff is

1461

01:10:01,810 --> 01:09:59,810

pre-internet

1462

01:10:04,390 --> 01:10:01,820

so you know very different world for

1463

01:10:07,830 --> 01:10:04,400

researchers back then but there was a

1464

01:10:11,740 --> 01:10:07,840

small UFO group that was in a

1465

01:10:13,899 --> 01:10:11,750

neighboring state and they had some

1466

01:10:15,879 --> 01:10:13,909

documentation of a couple of UFO

1467

01:10:17,890 --> 01:10:15,889

sightings but they also had this really

1468

01:10:19,209 --> 01:10:17,900

weird report that they didn't follow up

1469

01:10:24,160 --> 01:10:19,219

on because they didn't think anything

1470

01:10:26,709 --> 01:10:24,170

now they about a woman who had in the

1471

01:10:29,439 --> 01:10:26,719

same area of a UFO sighting had seen

1472

01:10:33,490 --> 01:10:29,449

what she described has someone dressed

1473

01:10:37,390 --> 01:10:33,500

as a hobo clown running across the road

1474

01:10:41,320 --> 01:10:37,400

in front of her with a long coat on and

1475

01:10:45,250 --> 01:10:41,330

a big hat and a really freakishly large

1476

01:10:47,379 --> 01:10:45,260

brim now she saw this figure briefly so

1477

01:10:49,120 --> 01:10:47,389

she thought you know oh it's only those

1478

01:10:51,600 --> 01:10:49,130

old hobo clowns you know he's got that

1479

01:10:54,459 --> 01:10:51,610

grin painted on

1480

01:10:57,640 --> 01:10:54,469

I can tell you the figure is all did not

1481

01:11:01,270 --> 01:10:57,650

have this this hideous grin painted on

1482

01:11:03,640 --> 01:11:01,280

in anyway I was doing you know I assumed

1483

01:11:09,250 --> 01:11:03,650

it was flesh you know what is natural

1484

01:11:11,020 --> 01:11:09,260

features but um you know it was it was a

1485

01:11:13,029 --> 01:11:11,030

good lesson from keel for me you know

1486

01:11:14,560 --> 01:11:13,039

you'll always follow up you find okay

1487

01:11:17,290 --> 01:11:14,570

what other phenomenon can that's in at

1488

01:11:18,729 --> 01:11:17,300

the same time what else is going on you

1489

01:11:21,250 --> 01:11:18,739

know what are the other factors and

1490

01:11:23,679 --> 01:11:21,260

that's really when I reflected back on

1491

01:11:25,600 --> 01:11:23,689

it and put all these different pieces

1492

01:11:27,429 --> 01:11:25,610

together and thought about this file

1493

01:11:30,339 --> 01:11:27,439

okay a weird electrical storm we've got

1494

01:11:33,219 --> 01:11:30,349

UFO sightings you know I don't have an

1495

01:11:36,370 --> 01:11:33,229

answer for what it all means but you

1496

01:11:40,949 --> 01:11:36,380

know I I can certainly say you know

1497

01:11:43,479 --> 01:11:40,959

here's a grouping of strange phenomena

1498

01:11:44,949 --> 01:11:43,489

much of which we don't understand it all

1499

01:11:48,429 --> 01:11:44,959

occurred around the same you know

1500

01:11:50,080 --> 01:11:48,439

proximity well I mean it's not much

1501
01:11:53,259 --> 01:11:50,090
different than what woody derenberger

1502
01:11:56,759 --> 01:11:53,269
said about with endured coal and you

1503
01:11:59,830 --> 01:11:56,769
know then all the the UFO encounters and

1504
01:12:02,560 --> 01:11:59,840
you know the grinning man and all the

1505
01:12:06,429 --> 01:12:02,570
other weird stuff going on around Point

1506
01:12:13,540 --> 01:12:06,439
Pleasant back then that's right said the

1507
01:12:14,739 --> 01:12:13,550
same tell you it might have been yeah I

1508
01:12:16,509 --> 01:12:14,749
mean there's there's a lot of accounts

1509
01:12:19,270 --> 01:12:16,519
of these grinning men and and of course

1510
01:12:23,229 --> 01:12:19,280
you know qu'il collected some of them in

1511
01:12:24,879 --> 01:12:23,239
his books you know then you've got these

1512
01:12:26,350 --> 01:12:24,889
areas you know long bars at Point

1513
01:12:31,799 --> 01:12:26,360

Pleasant I mean one of the most strange

1514

01:12:35,620 --> 01:12:31,809

place I I was there recently and just

1515

01:12:38,679 --> 01:12:35,630

think you know it's sort of a vortex of

1516

01:12:41,109 --> 01:12:38,689

weirdness I think town you know I was

1517

01:12:43,029 --> 01:12:41,119

there with a fellow investigator and we

1518

01:12:44,169 --> 01:12:43,039

had some strange things happening was we

1519

01:12:49,299 --> 01:12:44,179

spent a few days in the area

1520

01:12:50,949 --> 01:12:49,309

investigating and man I you know there's

1521

01:12:54,399 --> 01:12:50,959

something very different about that town

1522

01:12:56,949 --> 01:12:54,409

I don't even know exactly what words to

1523

01:13:01,179 --> 01:12:56,959

use but it it's an odd place it's

1524

01:13:04,600 --> 01:13:01,189

there's a feeling too and yeah it is

1525

01:13:06,160 --> 01:13:04,610

Jesus and I've been a

1526

01:13:08,439 --> 01:13:06,170

the town's like that you know around the

1527

01:13:11,260 --> 01:13:08,449

country and and sometimes these places

1528

01:13:13,390 --> 01:13:11,270

you just I've gotten to the point we're

1529

01:13:16,330 --> 01:13:13,400

just driving into them you know I kind

1530

01:13:18,459 --> 01:13:16,340

of know this is one of those places and

1531

01:13:22,840 --> 01:13:18,469

you can feel that there are a lot of

1532

01:13:25,570 --> 01:13:22,850

Secrets and a lot of you know a lot of

1533

01:13:28,290 --> 01:13:25,580

people have stories and you know a lot

1534

01:13:32,340 --> 01:13:28,300

of strange accounts and you know just

1535

01:13:34,689 --> 01:13:32,350

I'll tell you here's a little sample of

1536

01:13:36,070 --> 01:13:34,699

what happened when we were in Point

1537

01:13:40,240 --> 01:13:36,080

Pleasant I was there with another

1538

01:13:42,160 --> 01:13:40,250

investigator fella named a sphinx and we

1539

01:13:44,020 --> 01:13:42,170

were investigating the the local hotel

1540

01:13:45,760 --> 01:13:44,030

which is haunted it's one of the

1541

01:13:49,270 --> 01:13:45,770

locations that he'll actually stayed in

1542

01:13:51,760 --> 01:13:49,280

with humans investigating Mothman but we

1543

01:13:53,800 --> 01:13:51,770

decided and we went out to the bunker

1544

01:13:55,300 --> 01:13:53,810

area a couple of times which anybody

1545

01:13:57,939 --> 01:13:55,310

familiar with the Mothman story you know

1546

01:14:02,340 --> 01:13:57,949

we'll know what that's about the bunker

1547

01:14:05,260 --> 01:14:02,350

area is really kind of an odd place and

1548

01:14:08,500 --> 01:14:05,270

we were driving around during daylight

1549

01:14:09,879 --> 01:14:08,510

hours and you know checked out a couple

1550

01:14:13,510 --> 01:14:09,889

of the bunkers looked at some other

1551
01:14:17,410 --> 01:14:13,520
things and and this is gravel road we we

1552
01:14:20,379 --> 01:14:17,420
were driving this area further back and

1553
01:14:23,290 --> 01:14:20,389
in the bunkers and they was driving at

1554
01:14:27,070 --> 01:14:23,300
the moment he stopped the vehicle and we

1555
01:14:29,770 --> 01:14:27,080
got out because there was a deer carcass

1556
01:14:34,149 --> 01:14:29,780
on the side of the road now it was in

1557
01:14:35,740 --> 01:14:34,159
this pull off area and at first we

1558
01:14:38,350 --> 01:14:35,750
thought I was it's a deer that's been

1559
01:14:42,700 --> 01:14:38,360
hit you know by a vehicle or something

1560
01:14:45,220 --> 01:14:42,710
we got out walked over to it and we we

1561
01:14:47,080 --> 01:14:45,230
actually pass it initially and it was on

1562
01:14:49,660 --> 01:14:47,090
Dave side of the road he said hold on he

1563
01:14:53,850 --> 01:14:49,670

backed up we got out we what did this

1564

01:14:59,859 --> 01:14:53,860

carcass now here's where it gets bizarre

1565

01:15:02,890 --> 01:14:59,869

the deers can was gone but the lower jaw

1566

01:15:05,320 --> 01:15:02,900

was there and we looked at this carcass

1567

01:15:08,260 --> 01:15:05,330

it looked like something had just ripped

1568

01:15:11,229 --> 01:15:08,270

the head off there were no gunshot

1569

01:15:13,120 --> 01:15:11,239

wounds you know that I first thought was

1570

01:15:16,209 --> 01:15:13,130

oh you know it's hunters who you know

1571

01:15:18,280 --> 01:15:16,219

after the antlers or whatever there were

1572

01:15:21,670 --> 01:15:18,290

no gunshot wounds

1573

01:15:26,560 --> 01:15:21,680

they're manat what like the deer had

1574

01:15:29,800 --> 01:15:26,570

been hit by a vehicle there were no tire

1575

01:15:32,380 --> 01:15:29,810

tracks there were no footprints there

1576
01:15:38,130 --> 01:15:32,390
was nothing around the carcass of this

1577
01:15:41,140 --> 01:15:38,140
deer it like for a very large area and

1578
01:15:42,910 --> 01:15:41,150
it you know for all intents and purposes

1579
01:15:45,750 --> 01:15:42,920
ever wide this thing had just been

1580
01:15:48,700 --> 01:15:45,760
dropped down you know out of nowhere and

1581
01:15:50,530 --> 01:15:48,710
you know we even went so far as to go

1582
01:15:51,790 --> 01:15:50,540
off the gravel and then to the grass and

1583
01:15:53,560 --> 01:15:51,800
it was searching the whole parameter

1584
01:15:55,900 --> 01:15:53,570
trying to find some kind of tracks or

1585
01:15:59,470 --> 01:15:55,910
signs of something else that had been

1586
01:16:02,020 --> 01:15:59,480
there and you know no predator had

1587
01:16:08,190 --> 01:16:02,030
touched this animal and it had clearly

1588
01:16:10,330 --> 01:16:08,200

been there for you know maybe a few days

1589

01:16:12,910 --> 01:16:10,340

because it had some of the bloating and

1590

01:16:15,250 --> 01:16:12,920

everything but not a single predator had

1591

01:16:17,410 --> 01:16:15,260

touched it now those coyotes around

1592

01:16:19,810 --> 01:16:17,420

there and this crows is no small kind

1593

01:16:23,830 --> 01:16:19,820

scavengers but nothing that touched this

1594

01:16:26,380 --> 01:16:23,840

animal now it got weirder because when

1595

01:16:29,400 --> 01:16:26,390

we looked up this dirt road from the

1596

01:16:35,260 --> 01:16:29,410

direction we had come there was a canid

1597

01:16:38,470 --> 01:16:35,270

walking in the road but guys this thing

1598

01:16:40,930 --> 01:16:38,480

was walking with his back really hunched

1599

01:16:43,180 --> 01:16:40,940

up it was not a coyote it was it was

1600

01:16:45,370 --> 01:16:43,190

dark-colored weight you know our first

1601
01:16:47,230 --> 01:16:45,380
thought was coyote know what then I said

1602
01:16:51,460 --> 01:16:47,240
no no it's just you know look at the

1603
01:16:52,720 --> 01:16:51,470
coloring and the tail and in fact you

1604
01:16:56,560 --> 01:16:52,730
know we're looking at it really close

1605
01:16:58,960 --> 01:16:56,570
and and it maybe maybe could have been a

1606
01:17:00,070 --> 01:16:58,970
wild dog with mange or something but

1607
01:17:02,640 --> 01:17:00,080
I'll be darned if it didn't look like

1608
01:17:06,340 --> 01:17:02,650
one of these touches Chupacabra things

1609
01:17:08,170 --> 01:17:06,350
and this thing was was walking really

1610
01:17:10,000 --> 01:17:08,180
strange and sort of circled in the road

1611
01:17:14,850 --> 01:17:10,010
you know we're scrambling trying to get

1612
01:17:17,140 --> 01:17:14,860
cameras out and you know up on it and

1613
01:17:19,900 --> 01:17:17,150

this thing barks off the side of the

1614

01:17:22,330 --> 01:17:19,910

road so you know we went up the road

1615

01:17:24,100 --> 01:17:22,340

quickly to try to get you know a better

1616

01:17:26,560 --> 01:17:24,110

view over the better course and it had

1617

01:17:28,750 --> 01:17:26,570

taken off into the trees and so forth

1618

01:17:33,070 --> 01:17:28,760

surrounding the bunkers and it was gone

1619

01:17:35,320 --> 01:17:33,080

but you know how weird and that's just a

1620

01:17:43,360 --> 01:17:35,330

small face of the weirdness of Point

1621

01:17:45,210 --> 01:17:43,370

Pleasant Rob Shaw who lives around there

1622

01:17:48,910 --> 01:17:45,220

I mean he lives in the area and he's

1623

01:17:51,250 --> 01:17:48,920

investigating you know hominid and

1624

01:17:53,410 --> 01:17:51,260

sightings and Dogman sightings and you

1625

01:17:57,400 --> 01:17:53,420

know would you describe sounds a lot

1626

01:18:00,130 --> 01:17:57,410

like what he described before right and

1627

01:18:04,480 --> 01:18:00,140

some of the I mean he's even sent me

1628

01:18:07,030 --> 01:18:04,490

some some some audio files on some of

1629

01:18:09,730 --> 01:18:07,040

the way these things sound and it is

1630

01:18:13,360 --> 01:18:09,740

just not a coyote and it's not a wolf

1631

01:18:15,130 --> 01:18:13,370

it's something different there's

1632

01:18:17,050 --> 01:18:15,140

something there's some around there and

1633

01:18:19,990 --> 01:18:17,060

you know you talked about the carcass

1634

01:18:22,510 --> 01:18:20,000

and imp redditors not scavengers not

1635

01:18:24,250 --> 01:18:22,520

touching it I mean that sounds a lot

1636

01:18:28,180 --> 01:18:24,260

like the incidence with these

1637

01:18:30,070 --> 01:18:28,190

mutilations I mean these cattle and such

1638

01:18:33,070 --> 01:18:30,080

are you know they're deposited at or

1639

01:18:36,970 --> 01:18:33,080

whatever happens to them and exactly

1640

01:18:39,610 --> 01:18:36,980

those scavengers they just don't and and

1641

01:18:41,860 --> 01:18:39,620

you know we we have to wonder I mean

1642

01:18:43,330 --> 01:18:41,870

that's you know that's just not you know

1643

01:18:45,760 --> 01:18:43,340

the scavengers that's part of the

1644

01:18:47,950 --> 01:18:45,770

natural cycle and it always happens I

1645

01:18:49,870 --> 01:18:47,960

mean you have no highway you see a

1646

01:18:52,600 --> 01:18:49,880

carcass of scavengers on it or they've

1647

01:18:54,400 --> 01:18:52,610

been you know picked it over and you

1648

01:18:57,250 --> 01:18:54,410

know this is really weird I mean this is

1649

01:19:00,790 --> 01:18:57,260

a prime area out around the bunker sends

1650

01:19:02,770 --> 01:19:00,800

a lot of wildlife out there and you know

1651

01:19:04,810 --> 01:19:02,780

all of these scavengers are going to

1652

01:19:07,210 --> 01:19:04,820

make a meal of that as wild dogs as

1653

01:19:10,420 --> 01:19:07,220

coyotes as pros everything else and any

1654

01:19:13,480 --> 01:19:10,430

nothing and touch that carcass no you

1655

01:19:17,230 --> 01:19:13,490

know that's that in itself that's a

1656

01:19:19,600 --> 01:19:17,240

strange mystery it's just not it's just

1657

01:19:21,250 --> 01:19:19,610

not in that and you have to wonder me as

1658

01:19:23,440 --> 01:19:21,260

their supernatural element is there

1659

01:19:25,780 --> 01:19:23,450

something you know scientific is there

1660

01:19:28,450 --> 01:19:25,790

something coming off that animal carcass

1661

01:19:32,260 --> 01:19:28,460

that prevents any scavenger from going

1662

01:19:34,300 --> 01:19:32,270

near it you know cuz I was even I I mean

1663

01:19:37,090 --> 01:19:34,310

I was even down you know looking on the

1664

01:19:39,880 --> 01:19:37,100

ground trying to find you know there

1665

01:19:42,100 --> 01:19:39,890

were any signs of birds having landed

1666

01:19:43,959 --> 01:19:42,110

there or anything to even check it out

1667

01:19:47,140 --> 01:19:43,969

and nothing had been around

1668

01:19:50,430 --> 01:19:47,150

nothing we we did find one anomalous

1669

01:19:52,839 --> 01:19:50,440

footprint that was really strange

1670

01:19:56,439 --> 01:19:52,849

but you know it's just a singular print

1671

01:19:59,200 --> 01:19:56,449

and it it you know look like maybe a

1672

01:20:01,350 --> 01:19:59,210

bare human print or something but then

1673

01:20:04,000 --> 01:20:01,360

itself of course is odd - this was uh

1674

01:20:06,279 --> 01:20:04,010

see this is about a month ago so you

1675

01:20:08,649 --> 01:20:06,289

know cold weather two months two months

1676
01:20:10,540 --> 01:20:08,659
ago I'm sorry but you know cold weather

1677
01:20:12,430 --> 01:20:10,550
and anybody out there walking barefoot

1678
01:20:15,609 --> 01:20:12,440
and they didn't make just one footprint

1679
01:20:18,969 --> 01:20:15,619
and leave you know so weird stuff really

1680
01:20:20,739 --> 01:20:18,979
weird stuff that is I I gotta get up

1681
01:20:23,140 --> 01:20:20,749
there again I gotta get up there and do

1682
01:20:25,390 --> 01:20:23,150
some investigation all right you know I

1683
01:20:27,910 --> 01:20:25,400
I keep saying I'm gonna go up everybody

1684
01:20:30,430 --> 01:20:27,920
Roadtrip some of yeah some of the

1685
01:20:34,209 --> 01:20:30,440
reports we get from that I get just

1686
01:20:39,009 --> 01:20:34,219
myself from in that area even upriver

1687
01:20:40,979 --> 01:20:39,019
further well the whole Wow Valley is to

1688
01:20:43,660 --> 01:20:40,989

our River Valley he's got some weird

1689

01:20:47,109 --> 01:20:43,670

phenomena to go that happens but you

1690

01:20:48,969 --> 01:20:47,119

know it's just you're right it's just

1691

01:20:52,149 --> 01:20:48,979

something you feel when you go there

1692

01:20:56,439 --> 01:20:52,159

it's like yeah I mean it's it's the

1693

01:20:58,060 --> 01:20:56,449

creep factor yeah it really is it really

1694

01:21:00,939 --> 01:20:58,070

is I mean you kind of drive into town

1695

01:21:03,430 --> 01:21:00,949

and you know in the one hand you've got

1696

01:21:06,189 --> 01:21:03,440

okay it's just a small town America you

1697

01:21:09,430 --> 01:21:06,199

know it's kind of it's obviously been

1698

01:21:12,580 --> 01:21:09,440

hit by the economy you know downturn and

1699

01:21:14,979 --> 01:21:12,590

you know it's there's that whole side of

1700

01:21:16,689 --> 01:21:14,989

it and then it sounds sort of you know

1701

01:21:18,100 --> 01:21:16,699

rolls up the sidewall so that's five

1702

01:21:20,890 --> 01:21:18,110

o'clock I mean that there's nothing

1703

01:21:23,350 --> 01:21:20,900

going on but you take all those things

1704

01:21:26,560 --> 01:21:23,360

out of that and there's something else

1705

01:21:29,830 --> 01:21:26,570

in the equation that it's just it's it's

1706

01:21:32,770 --> 01:21:29,840

weird there's something really odd about

1707

01:21:34,270 --> 01:21:32,780

the place now you know it could be the

1708

01:21:35,919 --> 01:21:34,280

land it could be you know there's a

1709

01:21:38,950 --> 01:21:35,929

whole legend of the curse of chief

1710

01:21:41,229 --> 01:21:38,960

cornstalk you know Point Pleasant itself

1711

01:21:42,669 --> 01:21:41,239

has had a lot of different things

1712

01:21:45,580 --> 01:21:42,679

historically I mean there was a battle

1713

01:21:47,259 --> 01:21:45,590

of a revolutionary battle there and

1714

01:21:50,500 --> 01:21:47,269

there's a lot of different things that

1715

01:21:52,270 --> 01:21:50,510

come into play in that area so you know

1716

01:21:54,609 --> 01:21:52,280

the residual energy alone and then of

1717

01:21:57,040 --> 01:21:54,619

course the collapse of the Silver Bridge

1718

01:22:01,270 --> 01:21:57,050

and the Mothman sightings you know

1719

01:22:03,520 --> 01:22:01,280

that's a huge imprint on the place and

1720

01:22:08,350 --> 01:22:03,530

in fact we were there in December for

1721

01:22:09,940 --> 01:22:08,360

the anniversary of collapse and man

1722

01:22:11,320 --> 01:22:09,950

that's you know it's a real solemn

1723

01:22:13,390 --> 01:22:11,330

occasion and of course they you know

1724

01:22:16,420 --> 01:22:13,400

they do a saying in the public square

1725

01:22:17,830 --> 01:22:16,430

and read the names of the people who

1726

01:22:21,490 --> 01:22:17,840

were lost during the tragedy and

1727

01:22:24,100 --> 01:22:21,500

everything else but all of that aside

1728

01:22:25,720 --> 01:22:24,110

there there's it's one of those places

1729

01:22:26,800 --> 01:22:25,730

and you know there's a bunch of them

1730

01:22:28,990 --> 01:22:26,810

around the country and around the world

1731

01:22:34,120 --> 01:22:29,000

it's one of those places that there's

1732

01:22:37,390 --> 01:22:34,130

something just just not well hate hate

1733

01:22:39,760 --> 01:22:37,400

when you go there well the town really

1734

01:22:42,930 --> 01:22:39,770

pays homage to all these things all

1735

01:22:46,210 --> 01:22:42,940

around it there's murals and statues and

1736

01:22:48,670 --> 01:22:46,220

you know historical plaques all around

1737

01:22:49,120 --> 01:22:48,680

the town it's it's definitely got a feel

1738

01:22:51,880 --> 01:22:49,130

to it

1739

01:22:53,950 --> 01:22:51,890

yeah David it does and and of course you

1740

01:22:55,690 --> 01:22:53,960

got the Mothman museum you know it

1741

01:22:58,060 --> 01:22:55,700

commemorates all the sightings in the

1742

01:22:59,620 --> 01:22:58,070

face that happened there and you know

1743

01:23:02,920 --> 01:22:59,630

that's one of the only paranormal

1744

01:23:04,150 --> 01:23:02,930

museums in the world you know and

1745

01:23:06,400 --> 01:23:04,160

they're doing that's a cool little place

1746

01:23:09,660 --> 01:23:06,410

and of course they had the big Mothman

1747

01:23:12,730 --> 01:23:09,670

festival every year and you know they do

1748

01:23:14,530 --> 01:23:12,740

you sort of celebrate that whole you

1749

01:23:15,820 --> 01:23:14,540

know aspect of weirdness and that's

1750

01:23:20,370 --> 01:23:15,830

that's really cool as far as I'm

1751

01:23:22,780 --> 01:23:20,380

concerned but it's curious to me that

1752

01:23:24,670 --> 01:23:22,790

you know we talk to a lot of people and

1753

01:23:27,040 --> 01:23:24,680

there are people there with Sporty's

1754

01:23:28,510 --> 01:23:27,050

that don't want to talk about you know

1755

01:23:31,120 --> 01:23:28,520

things they've encountered and things

1756

01:23:35,490 --> 01:23:31,130

that have happened and they don't want

1757

01:23:38,760 --> 01:23:35,500

talks about it so there's this one

1758

01:23:40,930 --> 01:23:38,770

aspect there that there's something

1759

01:23:42,760 --> 01:23:40,940

there are obviously some things that

1760

01:23:44,560 --> 01:23:42,770

have happened there that are are

1761

01:23:47,020 --> 01:23:44,570

unsettling in a different way and I'm

1762

01:23:50,290 --> 01:23:47,030

talking about in the modern context you

1763

01:23:52,570 --> 01:23:50,300

know and people are just not comfortable

1764

01:23:57,910 --> 01:23:52,580

with sharing some of that stuff at this

1765

01:24:01,290 --> 01:23:57,920

point so David what kind of book project

1766

01:24:04,560 --> 01:24:01,300

you got coming up do you have any clamp

1767

01:24:06,839 --> 01:24:04,570

I do right I have actually a few things

1768

01:24:09,390 --> 01:24:06,849

coming out this year and I've hardly

1769

01:24:12,419 --> 01:24:09,400

thought about this at all this is this

1770

01:24:15,740 --> 01:24:12,429

is almost an exclusive the next thing

1771

01:24:19,799 --> 01:24:15,750

coming out is called wood knocks and

1772

01:24:21,660 --> 01:24:19,809

this is its paperback book but it's I'm

1773

01:24:24,359 --> 01:24:21,670

calling in the journal it actually

1774

01:24:27,149 --> 01:24:24,369

includes contributions from a bunch of

1775

01:24:30,479 --> 01:24:27,159

other cryptozoologists and it's it's a

1776

01:24:33,330 --> 01:24:30,489

sasquatch themed book so it's going to

1777

01:24:36,270 --> 01:24:33,340

have a chapter by a wild blackburn king

1778

01:24:39,270 --> 01:24:36,280

gerhard did a chapter I did a chap to

1779

01:24:43,669 --> 01:24:39,280

myself my my chapter is on Sasquatch

1780

01:24:46,140 --> 01:24:43,679

encounters on the Navajo Reservation and

1781

01:24:49,140 --> 01:24:46,150

we we've got some mail we've got some

1782

01:24:51,359 --> 01:24:49,150

great people in there Linda Godfrey the

1783

01:24:55,459 --> 01:24:51,369

chapter on Wisconsin Sasquatch

1784

01:24:58,680 --> 01:24:55,469

encounters Lyles is on on some Texas

1785

01:25:01,560 --> 01:24:58,690

Sasquatch material so it's going to be

1786

01:25:04,200 --> 01:25:01,570

really great I'll be giving people a

1787

01:25:07,709 --> 01:25:04,210

sneak peek of the cover in the next

1788

01:25:09,540 --> 01:25:07,719

couple weeks and it's by artist Sam

1789

01:25:15,419 --> 01:25:09,550

chair and who did my strange intruders

1790

01:25:21,839 --> 01:25:15,429

cover so you know that cause I've ever

1791

01:25:24,569 --> 01:25:21,849

seen any any crypto apparel he is a

1792

01:25:27,240 --> 01:25:24,579

fantastic artist he really is and I

1793

01:25:28,919 --> 01:25:27,250

think I swear become he does something

1794

01:25:31,410 --> 01:25:28,929

for me it's just better and better

1795

01:25:32,549 --> 01:25:31,420

coming down he's just you know it helps

1796

01:25:36,930 --> 01:25:32,559

me got a big interest in the field

1797

01:25:40,049 --> 01:25:36,940

himself and you know so it's an artist

1798

01:25:43,830 --> 01:25:40,059

his passion so he is he is really

1799

01:25:46,049 --> 01:25:43,840

phenomenal he really is so so anyway

it's going to have some material from a

1804
01:25:59,609 --> 01:25:57,130
haunted location on it that's something

1805
01:26:01,919 --> 01:25:59,619

1806
01:26:06,299 --> 01:26:01,929

the air it happens you know he's talking

1849

01:28:10,950 --> 01:28:08,680

about that grinning man and it just

1850

01:28:12,540 --> 01:28:10,960

gives me goosebumps yeah that's that's

1851

01:28:19,170 --> 01:28:12,550

weird

1852

01:28:23,250 --> 01:28:19,180

you read it though it's he had it it was

1853

01:28:24,770 --> 01:28:23,260

part of the endured Col grinning man

1854

01:28:28,850 --> 01:28:24,780

section he had in the book

1855

01:28:30,319 --> 01:28:28,860

and that whole phenomena is strange and

1856

01:28:31,850 --> 01:28:30,329

you know he talked about the UFO

1857

01:28:36,640 --> 01:28:31,860

encounters and such that are you know

1858

01:28:39,760 --> 01:28:36,650

that were part of that endured Col

1859

01:28:44,319 --> 01:28:39,770

situation that John keel wrote about

1860

01:28:46,370 --> 01:28:44,329

1861

01:28:49,850 --> 01:28:46,380

1862

01:28:51,200 --> 01:28:49,860

there Point Pleasant there at the end in

1863

01:28:54,220 --> 01:28:51,210

the chat room I was telling folks

1864

01:28:56,569 --> 01:28:54,230

tonight that when you're in the TNT area

1865

01:29:00,049 --> 01:28:56,579

they have a plant there that has these

1866

01:29:02,689 --> 01:29:00,059

cooling towers and they go up into the

1867

01:29:05,720 --> 01:29:02,699

air and they have these bright bright

1868

01:29:07,760 --> 01:29:05,730

red LEDs red lights on them and it just

1869

01:29:13,790 --> 01:29:07,770

makes you feel like something's watching

1870

01:29:15,740 --> 01:29:13,800

it it's creepy as hell but it does have

1871

01:29:18,229 --> 01:29:15,750

that weird you don't ya

1872

01:29:20,750 --> 01:29:18,239
