[Applause]

3
00:00:21,990 --> 00:00:19,670

welcome to the best of first person

4
00:00:24,870 --> 00:00:22,000

episodes of phantoms and monsters

5
00:00:25,429 --> 00:00:24,880

please like subscribe and hit the bell

6
00:00:28,830 --> 00:00:25,439

icon

7
00:00:33,190 --> 00:00:28,840

so you'll be notified of all future

8
00:00:37,590 --> 00:00:35,190

possible when they go in red river gorge

9
00:00:39,030 --> 00:00:37,600

kentucky i have no idea what we saw

10
00:00:40,790 --> 00:00:39,040

exactly that night

11
00:00:42,869 --> 00:00:40,800

i have searched everywhere for sightings

12
00:00:44,229 --> 00:00:42,879

or even myths around the area we saw it

13
00:00:45,830 --> 00:00:44,239

and have found nothing

14

00:00:48,069 --> 00:00:45,840

my husband and i think it could be a

15

00:00:49,750 --> 00:00:48,079

windigo but i don't know

16

00:00:51,750 --> 00:00:49,760

i haven't heard anyone else say they've

17

00:00:52,630 --> 00:00:51,760

seen anything like it in red river gorge

18

00:00:54,549 --> 00:00:52,640

kentucky

19

00:00:55,990 --> 00:00:54,559

i guess i want help figuring out what we

20

00:00:57,830 --> 00:00:56,000

saw and what to do

21

00:00:59,110 --> 00:00:57,840

after the night i'm about to describe

22

00:01:00,869 --> 00:00:59,120

but i think we've had some close

23

00:01:03,430 --> 00:01:00,879

encounters with it since

24

00:01:05,270 --> 00:01:03,440

my friends and i go camping a lot and my

25

00:01:06,149 --> 00:01:05,280

favorite place is in red river gorge

26

00:01:07,910 --> 00:01:06,159

kentucky

27

00:01:09,429 --> 00:01:07,920

we go there often and i've been ever

28

00:01:11,670 --> 00:01:09,439

since i was an infant

29

00:01:13,910 --> 00:01:11,680

i'm 28 now married with a kid and still

30

00:01:15,510 --> 00:01:13,920

go it is the closest place to where i

31

00:01:17,030 --> 00:01:15,520

live where you can see the milky way

32

00:01:18,950 --> 00:01:17,040

pretty much every night

33

00:01:20,710 --> 00:01:18,960

it's perfect for stargazing and i've

34

00:01:21,749 --> 00:01:20,720

seen a shooting star every clear night

35

00:01:23,429 --> 00:01:21,759

i've been there

36

00:01:25,429 --> 00:01:23,439

when we go without our kid we will night

37

00:01:26,469 --> 00:01:25,439

hike to a good lookout point in stargaze

38

00:01:28,469 --> 00:01:26,479

for hours

39

00:01:30,230 --> 00:01:28,479

our first experience is night hiking we

40

00:01:32,069 --> 00:01:30,240

would go to trails we knew well and were

41

00:01:34,310 --> 00:01:32,079

used frequently during the day

42

00:01:35,270 --> 00:01:34,320

ones with log fences and gazebo resting

43

00:01:36,870 --> 00:01:35,280

places

44

00:01:38,310 --> 00:01:36,880

the most used trail is a trail in

45

00:01:40,630 --> 00:01:38,320

natural bridge state park

46

00:01:42,310 --> 00:01:40,640

that leads up to the natural bridge this

47

00:01:44,149 --> 00:01:42,320

trail is around two miles uphill

48

00:01:45,910 --> 00:01:44,159

depending on your starting point

49

00:01:47,910 --> 00:01:45,920

i've done this trail every summer of my

50

00:01:50,389 --> 00:01:47,920

life and could do it blindfolded

51
00:01:51,590 --> 00:01:50,399
it has wooden steps carved rock steps

52
00:01:53,429 --> 00:01:51,600
log handrails

53
00:01:55,510 --> 00:01:53,439
multiple sitting points under a roof

54
00:01:56,149 --> 00:01:55,520
trash cans but after reaching the main

55
00:01:58,709 --> 00:01:56,159
trail head

56
00:02:00,630 --> 00:01:58,719
it has no lights at all it's used often

57
00:02:01,350 --> 00:02:00,640
and while it is uphill the difficulty is

58
00:02:03,030 --> 00:02:01,360
low

59
00:02:04,950 --> 00:02:03,040
as long as you have good grip on your

60
00:02:06,709 --> 00:02:04,960
shoes and water you'll be fine

61
00:02:09,029 --> 00:02:06,719
my friends have done it with me multiple

62
00:02:10,550 --> 00:02:09,039
times and are confident in it as well

63
00:02:12,470 --> 00:02:10,560

hiking this trail at night is not

64

00:02:13,990 --> 00:02:12,480

allowed but it's the woods and i've

65

00:02:16,309 --> 00:02:14,000

never really been one to care about

66

00:02:18,150 --> 00:02:16,319

closing times for the literal outside

67

00:02:19,510 --> 00:02:18,160

when we use this main trail to hike to

68

00:02:21,990 --> 00:02:19,520

the top we would park in a lot

69

00:02:23,750 --> 00:02:22,000

designated for the pool and hodan island

70

00:02:25,270 --> 00:02:23,760

you walk across the road that leads to

71

00:02:26,070 --> 00:02:25,280

the pool and you're at the first trail

72

00:02:27,990 --> 00:02:26,080

marker

73

00:02:30,309 --> 00:02:28,000

you go up gravel for a while and pass

74

00:02:32,229 --> 00:02:30,319

the natural bridge state park lodge

75

00:02:34,309 --> 00:02:32,239

there's a waterfall and some lights so

76

00:02:36,390 --> 00:02:34,319

it was best to go fast and watch out for

77

00:02:38,070 --> 00:02:36,400

rangers that would tell us to leave

78

00:02:39,750 --> 00:02:38,080

then you walk across another road and

79

00:02:41,910 --> 00:02:39,760

there's a mini shelter to sit in or a

80

00:02:43,509 --> 00:02:41,920

small rock wall to rest your legs

81

00:02:45,670 --> 00:02:43,519

then it's the beginning of the trail to

82

00:02:46,309 --> 00:02:45,680

the top the night was weird to begin

83

00:02:47,910 --> 00:02:46,319

with

84

00:02:49,830 --> 00:02:47,920

as soon as we started the hike the

85

00:02:52,229 --> 00:02:49,840

clouds took over and it appeared we'd be

86

00:02:54,070 --> 00:02:52,239

walking for nothing to even stargaze at

87

00:02:56,229 --> 00:02:54,080

but we went anyways just in case it

88

00:02:57,670 --> 00:02:56,239

cleared out by the time we got up there

89

00:02:59,509 --> 00:02:57,680

in the beginning it was just normal

90

00:03:00,790 --> 00:02:59,519

paranoia that was keeping us stressed

91

00:03:02,229 --> 00:03:00,800

and quiet it seemed

92

00:03:03,910 --> 00:03:02,239

you know you've reached the bottom of

93

00:03:04,949 --> 00:03:03,920

the bridge when you see a giant wall of

94

00:03:06,710 --> 00:03:04,959

limestone

95

00:03:08,390 --> 00:03:06,720

during this time there was a gazebo that

96

00:03:10,229 --> 00:03:08,400

sat to the right of this wall and the

97

00:03:10,869 --> 00:03:10,239

trail continued and followed next to the

98

00:03:12,470 --> 00:03:10,879

wall

99

00:03:14,390 --> 00:03:12,480

where you come from is a fairly steep

100

00:03:15,270 --> 00:03:14,400

part of the trail and the gazebo is

101
00:03:17,589 --> 00:03:15,280
welcomed

102
00:03:19,589 --> 00:03:17,599
my husband my best friend at the time

103
00:03:21,430 --> 00:03:19,599
and i all said on the gazebo steps

104
00:03:23,190 --> 00:03:21,440
the bench is under a roof and even

105
00:03:25,430 --> 00:03:23,200
darker than the rest of outside

106
00:03:27,030 --> 00:03:25,440
so we just stayed on the steps facing to

107
00:03:28,710 --> 00:03:27,040
where we are looking down the trail that

108
00:03:30,789 --> 00:03:28,720
follows the limestone wall

109
00:03:32,309 --> 00:03:30,799
we each have a bright led headlamp and a

110
00:03:33,910 --> 00:03:32,319
handheld flashlight

111
00:03:35,670 --> 00:03:33,920
we don't usually look at each other when

112
00:03:36,470 --> 00:03:35,680
we night hike because the lights are so

113
00:03:38,309 --> 00:03:36,480

bright

114

00:03:40,229 --> 00:03:38,319

we sit in a line like the lord's supper

115

00:03:41,830 --> 00:03:40,239

and walk in the line or staggered so we

116

00:03:44,470 --> 00:03:41,840

don't blind ourselves

117

00:03:46,229 --> 00:03:44,480

it is after hours at this point no skill

118

00:03:47,750 --> 00:03:46,239

of tribes had gone on for hours

119

00:03:49,509 --> 00:03:47,760

and the rangers had already done their

120

00:03:50,949 --> 00:03:49,519

sweep and left right before we got out

121

00:03:52,949 --> 00:03:50,959

of the car and headed up

122

00:03:54,550 --> 00:03:52,959

we left no time between them making sure

123

00:03:56,949 --> 00:03:54,560

the trail and top were clear

124

00:03:58,070 --> 00:03:56,959

and us starting our hike up the ski lift

125

00:03:59,750 --> 00:03:58,080

takes you up the top

126

00:04:02,229 --> 00:03:59,760

but there are workers that stay and do

127

00:04:03,910 --> 00:04:02,239

counts and only leave after it's clear

128

00:04:05,509 --> 00:04:03,920

i guess i have to make these points

129

00:04:07,270 --> 00:04:05,519

because that's what i was thinking when

130

00:04:09,190 --> 00:04:07,280

what seemed out of nowhere girl with a

131

00:04:10,630 --> 00:04:09,200

headlamp begins to walk down the trail

132

00:04:12,949 --> 00:04:10,640

we are looking out at

133

00:04:14,149 --> 00:04:12,959

she is in the centers and flip-flops

134

00:04:16,229 --> 00:04:14,159

this hike is uphill

135

00:04:18,710 --> 00:04:16,239

and while it is a fairly easy hike it is

136

00:04:20,390 --> 00:04:18,720

not easy with no water in real shoes

137

00:04:22,310 --> 00:04:20,400

she'd have to have hyped up and down to

138

00:04:23,830 --> 00:04:22,320

this point with no food or water

139

00:04:25,430 --> 00:04:23,840

her light was bright and when she

140

00:04:27,110 --> 00:04:25,440

reached where the trail turns from in

141

00:04:28,550 --> 00:04:27,120

front of the gazebo to down where we

142

00:04:30,150 --> 00:04:28,560

came from she stopped

143

00:04:32,390 --> 00:04:30,160

she just stood there straight on like

144

00:04:33,270 --> 00:04:32,400

how human is presented in an anatomical

145

00:04:34,790 --> 00:04:33,280

drawing

146

00:04:36,390 --> 00:04:34,800

she was looking directly at us all

147

00:04:38,710 --> 00:04:36,400

sitting there and her light made me

148

00:04:40,469 --> 00:04:38,720

bring my hand up to shield my eyes

149

00:04:42,469 --> 00:04:40,479

she didn't turn away from our lights at

150

00:04:45,110 --> 00:04:42,479

all or even seemed bothered she had six

151

00:04:47,749 --> 00:04:45,120

led lights aimed directly at her face

152

00:04:49,670 --> 00:04:47,759

i said hello she said kind of with a

153

00:04:51,110 --> 00:04:49,680

pause between every word something like

154

00:04:52,870 --> 00:04:51,120

hello how are you

155

00:04:55,110 --> 00:04:52,880

i said something like good how are you

156

00:04:57,510 --> 00:04:55,120

and she took even longer pauses and said

157

00:04:59,110 --> 00:04:57,520

oh i'm fine she then just stood there

158

00:05:00,870 --> 00:04:59,120

still with her hands to her side and

159

00:05:02,629 --> 00:05:00,880

facing and staring at us

160

00:05:04,710 --> 00:05:02,639

her light made it impossible to really

161

00:05:06,390 --> 00:05:04,720

see her face and it was so bright i had

162

00:05:08,150 --> 00:05:06,400

my hand up the entire time

163

00:05:10,469 --> 00:05:08,160

until she just turned and walked slowly

164

00:05:12,469 --> 00:05:10,479

down the trail part we had just came up

165

00:05:14,150 --> 00:05:12,479

she got to a part where the trail turned

166

00:05:16,150 --> 00:05:14,160

and we saw her light just stay in that

167

00:05:18,390 --> 00:05:16,160

one spot for a minute until she turned

168

00:05:20,469 --> 00:05:18,400

and the light faded out of sight we wait

169

00:05:22,469 --> 00:05:20,479

for a while before continuing up

170

00:05:24,390 --> 00:05:22,479

i kept making comments about how weird

171

00:05:26,310 --> 00:05:24,400

that was and everyone else just made it

172

00:05:28,550 --> 00:05:26,320

out to be me always being afraid

173

00:05:29,990 --> 00:05:28,560

but no one ever came after her she had

174

00:05:32,390 --> 00:05:30,000

done this hike alone

175

00:05:33,670 --> 00:05:32,400

at night and somehow without being found

176
00:05:35,670 --> 00:05:33,680
by any ranger

177
00:05:36,790 --> 00:05:35,680
we got up after a bit and started back

178
00:05:38,629 --> 00:05:36,800
up to the top

179
00:05:40,070 --> 00:05:38,639
it felt like it took much longer than it

180
00:05:42,310 --> 00:05:40,080
ever had in the past

181
00:05:44,390 --> 00:05:42,320
but we made it to the top there's stone

182
00:05:45,590 --> 00:05:44,400
steps named fat man squeeze that get you

183
00:05:47,830 --> 00:05:45,600
to the top of the bridge

184
00:05:49,430 --> 00:05:47,840
and you can walk across it and whatever

185
00:05:50,629 --> 00:05:49,440
going up and being on the top we could

186
00:05:52,310 --> 00:05:50,639
hear twigs snapping

187
00:05:54,310 --> 00:05:52,320
almost alternating from the left then

188
00:05:56,469 --> 00:05:54,320

the right we lay down and try to

189

00:05:57,110 --> 00:05:56,479

stargaze but the clouds are even thicker

190

00:05:59,189 --> 00:05:57,120

now

191

00:06:01,350 --> 00:05:59,199

it was miserably hot we could hear

192

00:06:03,029 --> 00:06:01,360

voices at times and my husband kept

193

00:06:06,309 --> 00:06:03,039

checking for people we heard

194

00:06:08,710 --> 00:06:06,319

he never saw anyone we saw a life flash

195

00:06:10,150 --> 00:06:08,720

never saw anyone attached to it and then

196

00:06:12,070 --> 00:06:10,160

we heard a bird call

197

00:06:14,469 --> 00:06:12,080

but it wasn't like a real bird noise at

198

00:06:15,350 --> 00:06:14,479

all it sounded like a person making bird

199

00:06:17,749 --> 00:06:15,360

calls

200

00:06:19,189 --> 00:06:17,759

like rhythmic and not really natural i

201
00:06:20,230 --> 00:06:19,199
was convinced we weren't alone and

202
00:06:22,870 --> 00:06:20,240
hadn't been alone

203
00:06:24,390 --> 00:06:22,880
but also i am the most easily spooked i

204
00:06:25,990 --> 00:06:24,400
asked to leave as soon as they were

205
00:06:26,790 --> 00:06:26,000
ready to and they were ready right then

206
00:06:28,550 --> 00:06:26,800
and there

207
00:06:30,469 --> 00:06:28,560
and that scared me that they were just

208
00:06:32,469 --> 00:06:30,479
as afraid as me at this point

209
00:06:34,629 --> 00:06:32,479
we began going down the way we came and

210
00:06:36,230 --> 00:06:34,639
it felt like it was taking so long

211
00:06:38,230 --> 00:06:36,240
we were going steady and quick and it

212
00:06:39,510 --> 00:06:38,240
was downhill but we were not making any

213
00:06:41,749 --> 00:06:39,520

ground it seemed

214

00:06:43,590 --> 00:06:41,759

it's hard to explain but it was so weird

215

00:06:44,309 --> 00:06:43,600

that at one point i even said it out

216

00:06:47,029 --> 00:06:44,319

loud

217

00:06:48,150 --> 00:06:47,039

i said this feels much longer and they

218

00:06:49,670 --> 00:06:48,160

agreed with me

219

00:06:51,990 --> 00:06:49,680

i kept looking behind me with a

220

00:06:53,029 --> 00:06:52,000

flashlight and my husband kept looking

221

00:06:55,589 --> 00:06:53,039

out to the sides

222

00:06:57,270 --> 00:06:55,599

and my friend kept hers mostly forward i

223

00:06:59,189 --> 00:06:57,280

kept feeling watched and couldn't figure

224

00:07:00,710 --> 00:06:59,199

out what footsteps were ours or if they

225

00:07:02,390 --> 00:07:00,720

were all ours that i heard

226

00:07:04,230 --> 00:07:02,400

i would turn in the direction of any

227

00:07:05,990 --> 00:07:04,240

noise but not see anything

228

00:07:07,589 --> 00:07:06,000

when my husband was walking he kept

229

00:07:08,390 --> 00:07:07,599

saying he was catching eyes in his

230

00:07:10,070 --> 00:07:08,400

flashlight

231

00:07:12,390 --> 00:07:10,080

usually you can catch raccoon eyes

232

00:07:14,469 --> 00:07:12,400

spying on you or some animal like that

233

00:07:16,629 --> 00:07:14,479

he was afraid maybe a bear big dog or

234

00:07:18,230 --> 00:07:16,639

something and he never got his lights on

235

00:07:20,230 --> 00:07:18,240

whatever eyes they were long enough to

236

00:07:22,469 --> 00:07:20,240

see an animal sizer shape

237

00:07:24,230 --> 00:07:22,479

now we're hiking down semi-flatish area

238

00:07:25,430 --> 00:07:24,240

compared to the downhill hike we've been

239

00:07:27,589 --> 00:07:25,440

doing at least

240

00:07:29,270 --> 00:07:27,599

the log fencer handrail or whatever it's

241

00:07:31,029 --> 00:07:29,280

called is on our right side

242

00:07:32,629 --> 00:07:31,039

we are in a row walking within reaching

243

00:07:34,629 --> 00:07:32,639

distance of this barrier

244

00:07:35,670 --> 00:07:34,639

and my husband just stops walking all

245

00:07:37,909 --> 00:07:35,680

together and says

246

00:07:40,070 --> 00:07:37,919

what's that but the question is more of

247

00:07:41,909 --> 00:07:40,080

like an alert and i move my hand lamp in

248

00:07:42,790 --> 00:07:41,919

that direction and don't see anything at

249

00:07:44,710 --> 00:07:42,800

first

250

00:07:46,629 --> 00:07:44,720

then both of his lights catch a shape

251
00:07:48,710 --> 00:07:46,639
and then my headlamp catches it and i

252
00:07:50,790 --> 00:07:48,720
move my hand lamp to center and catch it

253
00:07:52,230 --> 00:07:50,800
while my friend simultaneously finds it

254
00:07:54,230 --> 00:07:52,240
in her lights as well

255
00:07:56,390 --> 00:07:54,240
all six lights shine onto and kind of

256
00:07:57,909 --> 00:07:56,400
reflect off of a light grey creature

257
00:07:59,670 --> 00:07:57,919
it is bent in a crouching position

258
00:08:01,110 --> 00:07:59,680
kneeling on its right leg and starts

259
00:08:03,350 --> 00:08:01,120
turning towards us

260
00:08:04,550 --> 00:08:03,360
it starts to slowly stand and mind is

261
00:08:07,029 --> 00:08:04,560
racing still

262
00:08:09,029 --> 00:08:07,039
it looks human but it is too big people

263
00:08:10,869 --> 00:08:09,039

mistake human shapes for what's actually

264

00:08:13,110 --> 00:08:10,879

bears in the woods often but this

265

00:08:14,950 --> 00:08:13,120

is skinny it is thin and big and almost

266

00:08:16,629 --> 00:08:14,960

white it's so light gray and its skin

267

00:08:18,629 --> 00:08:16,639

resembles dolphin skin

268

00:08:20,469 --> 00:08:18,639

there's a shine to it and our lights get

269

00:08:22,309 --> 00:08:20,479

reflected a little when they're on it

270

00:08:23,990 --> 00:08:22,319

it gradually comes to a full standing

271

00:08:25,670 --> 00:08:24,000

position in front of us

272

00:08:27,589 --> 00:08:25,680

it's had as long and its eyes are in the

273

00:08:29,670 --> 00:08:27,599

human position on the face in front and

274

00:08:31,909 --> 00:08:29,680

not on the side like animals but i could

275

00:08:33,909 --> 00:08:31,919

not see any other facial features

276

00:08:35,029 --> 00:08:33,919

just big almost empty holes or pits that

277

00:08:37,269 --> 00:08:35,039

were its eyes

278

00:08:39,029 --> 00:08:37,279

it looked directly at us and our lights

279

00:08:40,949 --> 00:08:39,039

the way it stood was intimidating

280

00:08:43,110 --> 00:08:40,959

almost like when a snake raises up and

281

00:08:44,870 --> 00:08:43,120

flex their necks all crazy to show prey

282

00:08:46,389 --> 00:08:44,880

that they're stronger and smarter

283

00:08:48,470 --> 00:08:46,399

it was like it was stepping up to a

284

00:08:50,310 --> 00:08:48,480

fight from crouching then turning then

285

00:08:52,310 --> 00:08:50,320

standing front on in front of us

286

00:08:53,590 --> 00:08:52,320

the arms hung down low and the hands

287

00:08:56,230 --> 00:08:53,600

seemed long too

288

00:08:57,990 --> 00:08:56,240

his hands had to be by its knees i guess

289

00:08:59,430 --> 00:08:58,000

it stood nine feet or so and not that

290

00:09:01,350 --> 00:08:59,440

far in front of us

291

00:09:03,590 --> 00:09:01,360

no hair at all in its head was large as

292

00:09:04,630 --> 00:09:03,600

well i couldn't process what i saw and

293

00:09:06,470 --> 00:09:04,640

was frozen

294

00:09:08,070 --> 00:09:06,480

then i just feel my husband hitting me

295

00:09:10,470 --> 00:09:08,080

on the back and yelling run run

296

00:09:11,590 --> 00:09:10,480

run i start to understand we have to get

297

00:09:13,670 --> 00:09:11,600

away from this thing

298

00:09:15,430 --> 00:09:13,680

and it pivots and runs to the right

299

00:09:16,949 --> 00:09:15,440

going backwards on the trail so it could

300

00:09:18,389 --> 00:09:16,959

get around the barrier and onto the

301
00:09:20,150 --> 00:09:18,399
trail behind us

302
00:09:22,070 --> 00:09:20,160
we take off running the rest of the way

303
00:09:23,990 --> 00:09:22,080
down the trail knowing that this thing

304
00:09:25,670 --> 00:09:24,000
just took off much faster than us

305
00:09:28,070 --> 00:09:25,680
and after it crossed from behind the

306
00:09:29,910 --> 00:09:28,080
barrier it would be gaining on us quick

307
00:09:31,670 --> 00:09:29,920
we didn't talk at all because when we

308
00:09:32,310 --> 00:09:31,680
tried it felt almost like we would get

309
00:09:34,389 --> 00:09:32,320
caught

310
00:09:35,430 --> 00:09:34,399
we keep running as we can but some areas

311
00:09:37,190 --> 00:09:35,440
are so steep

312
00:09:38,470 --> 00:09:37,200
it never felt like we were out of sight

313
00:09:39,990 --> 00:09:38,480

from this creature

314

00:09:41,430 --> 00:09:40,000

as we made it to the trail beginning

315

00:09:43,110 --> 00:09:41,440

with the gravel we could hear something

316

00:09:43,990 --> 00:09:43,120

to the side crashing down through the

317

00:09:45,990 --> 00:09:44,000

forest

318

00:09:48,150 --> 00:09:46,000

we ran until we got to the car and then

319

00:09:49,670 --> 00:09:48,160

we drove as fast as we could and as soon

320

00:09:50,310 --> 00:09:49,680

as we got for the main road the enemy

321

00:09:52,310 --> 00:09:50,320

cleared up

322

00:09:53,910 --> 00:09:52,320

and the stars were out when that thing

323

00:09:55,190 --> 00:09:53,920

looked at us i knew it was smarter and

324

00:09:56,710 --> 00:09:55,200

faster than us

325

00:09:58,310 --> 00:09:56,720

i knew that if we hadn't have seen it

326

00:09:59,590 --> 00:09:58,320

that it could have easily taken one of

327

00:10:01,590 --> 00:09:59,600

us and gotten away

328

00:10:03,509 --> 00:10:01,600

i think the only reason it hesitated was

329

00:10:05,590 --> 00:10:03,519

because so many of us sought at once

330

00:10:07,110 --> 00:10:05,600

and we stayed together when we made it

331

00:10:08,870 --> 00:10:07,120

back to where we were staying all of us

332

00:10:10,230 --> 00:10:08,880

took out our phones and wrote a note for

333

00:10:12,230 --> 00:10:10,240

what we saw happen

334

00:10:13,590 --> 00:10:12,240

we hadn't spoken about it until after we

335

00:10:15,829 --> 00:10:13,600

looked at each other's phones

336

00:10:17,990 --> 00:10:15,839

and the stories were the same without a

337

00:10:24,630 --> 00:10:18,000

doubt we had all seen something real

338

00:10:28,069 --> 00:10:27,190

this is lon strickler if you like this

339

00:10:29,829 --> 00:10:28,079

program

340

00:10:31,110 --> 00:10:29,839

it would help us if you would give it a

341

00:10:33,990 --> 00:10:31,120

thumbs up

342

00:10:34,470 --> 00:10:34,000

then subscribe and click the bell icon

343

00:10:36,870 --> 00:10:34,480

so you

344

00:10:38,949 --> 00:10:36,880

get notification when we upload new

345

00:10:42,069 --> 00:10:38,959

first person encounters

346

00:10:42,790 --> 00:10:42,079

we have many more to come very soon and

347

00:10:44,870 --> 00:10:42,800

by the way

348

00:10:46,069 --> 00:10:44,880

if you have a suggestion or an
