1  
00:00:04,150 --> 00:00:01,990  
and good evening everyone welcome to

2  
00:00:06,550 --> 00:00:04,160  
arcane radio i'm sean the fork chop

3  
00:00:09,190 --> 00:00:06,560  
forker joined by lon strickler

4  
00:00:11,669 --> 00:00:09,200  
and right off the bat our good guest our

5  
00:00:13,749 --> 00:00:11,679  
good friend he's always around mr butch

6  
00:00:16,870 --> 00:00:13,759  
watkowski butch lon thanks for joining

7  
00:00:20,230 --> 00:00:16,880  
me tonight got a busy show ahead

8  
00:00:25,990 --> 00:00:20,240  
yeah there's gonna be a falling tonight

9  
00:00:30,870 --> 00:00:28,950  
always always so guys without wasting

10  
00:00:31,990 --> 00:00:30,880  
any time let's get into what we're

11  
00:00:33,350 --> 00:00:32,000  
talking about tonight because we've got

12  
00:00:34,549 --> 00:00:33,360  
a lot of people in the chat room a lot

13  
00:00:35,670 --> 00:00:34,559

of people listening and they want to

14

00:00:38,389 --> 00:00:35,680

talk about

15

00:00:40,549 --> 00:00:38,399

dog man and what's been happening uh

16

00:00:41,750 --> 00:00:40,559

recently so lon butch who wants to start

17

00:00:44,790 --> 00:00:41,760

it off

18

00:00:46,150 --> 00:00:44,800

oh well i'll let you fly first yeah what

19

00:00:48,150 --> 00:00:46,160

the hell's been happening what's been

20

00:00:49,830 --> 00:00:48,160

going on with dog man all of a sudden

21

00:00:51,590 --> 00:00:49,840

you know that's the question we gotta

22

00:00:54,389 --> 00:00:51,600

answer ask

23

00:00:55,830 --> 00:00:54,399

uh you know this flap or whatever the

24

00:00:59,029 --> 00:00:55,840

hell you wanna call it

25

00:01:03,270 --> 00:00:59,039

there have been uh inordinate amount of

26

00:01:06,630 --> 00:01:03,280

sightings of bipedal type canids

27

00:01:09,270 --> 00:01:06,640

in the central pa area in the past

28

00:01:10,230 --> 00:01:09,280

well you know i i guess it's been longer

29

00:01:12,630 --> 00:01:10,240

than that but

30

00:01:14,710 --> 00:01:12,640

we're getting a lot of reports even a

31

00:01:15,749 --> 00:01:14,720

few older reports in the past maybe six

32

00:01:19,510 --> 00:01:15,759

months

33

00:01:23,350 --> 00:01:19,520

and um some of the reports

34

00:01:25,190 --> 00:01:23,360

have been very interesting and we did

35

00:01:26,950 --> 00:01:25,200

have some people volunteered to go out

36

00:01:30,310 --> 00:01:26,960

and talk to a couple of the um

37

00:01:33,910 --> 00:01:30,320

the witnesses uh

38

00:01:34,230 --> 00:01:33,920

and uh it it they saw something there's

39

00:01:37,670 --> 00:01:34,240

no

40

00:01:39,590 --> 00:01:37,680

something

41

00:01:41,030 --> 00:01:39,600

it's just a matter of what the hell they

42

00:01:43,030 --> 00:01:41,040

say

43

00:01:44,389 --> 00:01:43,040

and this dull man phenomena has been

44

00:01:46,069 --> 00:01:44,399

something that's been going on

45

00:01:47,670 --> 00:01:46,079

in pennsylvania and other parts of the

46

00:01:51,830 --> 00:01:47,680

world especially

47

00:01:56,550 --> 00:01:51,840

in the upper midwest in pennsylvania and

48

00:01:59,429 --> 00:01:56,560

a few other areas nationwide but uh

49

00:01:59,830 --> 00:01:59,439

we got something going on here butch

50

00:02:01,830 --> 00:01:59,840

yeah

51  
00:02:04,389 --> 00:02:01,840  
and and the thing is i mean all the

52  
00:02:08,550 --> 00:02:04,399  
reports are so similar

53  
00:02:10,790 --> 00:02:08,560  
uh in description of the the creature

54  
00:02:13,350 --> 00:02:10,800  
we have no idea what we're looking at

55  
00:02:17,110 --> 00:02:13,360  
from all the reports

56  
00:02:19,589 --> 00:02:17,120  
we know that it is bipedal it has

57  
00:02:20,309 --> 00:02:19,599  
wolf-like features it has dog-like

58  
00:02:23,350 --> 00:02:20,319  
features

59  
00:02:27,190 --> 00:02:23,360  
it is massive in size

60  
00:02:30,229 --> 00:02:27,200  
it is very muscular

61  
00:02:31,830 --> 00:02:30,239  
and it's not something that people see

62  
00:02:34,309 --> 00:02:31,840  
and it runs away

63  
00:02:35,830 --> 00:02:34,319

it's basically in some of the reports

64

00:02:36,229 --> 00:02:35,840

it's followed it walks in front of

65

00:02:39,110 --> 00:02:36,239

people

66

00:02:42,229 --> 00:02:39,120

uh the gentleman that approached it with

67

00:02:44,390 --> 00:02:42,239

a vehicle i mean it actually

68

00:02:46,309 --> 00:02:44,400

like he said it didn't look very

69

00:02:49,670 --> 00:02:46,319

friendly

70

00:02:52,710 --> 00:02:49,680

when his headlights finally hit it

71

00:02:54,309 --> 00:02:52,720

he got scared you know he and he and he

72

00:02:55,830 --> 00:02:54,319

professed to everybody in the reports

73

00:02:57,670 --> 00:02:55,840

that he said i don't care what you guys

74

00:02:59,350 --> 00:02:57,680

think of what you guys say he said i

75

00:03:02,390 --> 00:02:59,360

have seen werewolf

76

00:03:04,070 --> 00:03:02,400

so are we dealing with this

77

00:03:04,869 --> 00:03:04,080

identification of a bigfoot are we

78

00:03:07,190 --> 00:03:04,879

dealing with a big

79

00:03:08,309 --> 00:03:07,200

um dog man kite creature are we dealing

80

00:03:10,550 --> 00:03:08,319

with a

81

00:03:11,670 --> 00:03:10,560

a wolf type creature are we dealing with

82

00:03:14,869 --> 00:03:11,680

a skin walker

83

00:03:16,710 --> 00:03:14,879

um we don't know so

84

00:03:18,309 --> 00:03:16,720

i don't know if it is bigfoot butch i

85

00:03:19,750 --> 00:03:18,319

mean we've talked about it on the show

86

00:03:21,270 --> 00:03:19,760

the last couple weeks and we've been

87

00:03:23,270 --> 00:03:21,280

talking about it off the

88

00:03:24,869 --> 00:03:23,280

off the scenes for a while the

89

00:03:26,309 --> 00:03:24,879

footprints don't match up from what

90

00:03:27,910 --> 00:03:26,319

we've seen and what we've recorded and

91

00:03:28,710 --> 00:03:27,920

the witnesses description don't really

92

00:03:31,750 --> 00:03:28,720

add up

93

00:03:34,550 --> 00:03:31,760

even right and seven feet tall

94

00:03:36,149 --> 00:03:34,560

hair covered butch they're not the face

95

00:03:38,149 --> 00:03:36,159

is very different

96

00:03:40,149 --> 00:03:38,159

yeah yeah they all have a snout they all

97

00:03:43,509 --> 00:03:40,159

uh some shorter than others

98

00:03:47,509 --> 00:03:43,519

uh they're short-haired uh dark or

99

00:03:49,509 --> 00:03:47,519

uh dark brown or black um

100

00:03:50,869 --> 00:03:49,519

they are how it was described to me by

101  
00:03:52,309 --> 00:03:50,879  
one witness was take arnold

102  
00:03:54,309 --> 00:03:52,319  
schwarzenegger

103  
00:03:55,910 --> 00:03:54,319  
uh turn it take him up to about seven

104  
00:03:57,350 --> 00:03:55,920  
and a half eight foot tall

105  
00:03:58,789 --> 00:03:57,360  
don't change anything muscular in the

106  
00:04:00,390 --> 00:03:58,799  
body anything like that just give him a

107  
00:04:01,990 --> 00:04:00,400  
little bit of a snout and that's what i

108  
00:04:03,990 --> 00:04:02,000  
saw

109  
00:04:05,030 --> 00:04:04,000  
and you know i said well did you think

110  
00:04:07,190 --> 00:04:05,040  
maybe you saw

111  
00:04:09,509 --> 00:04:07,200  
a sasquatch and he got no absolutely not

112  
00:04:10,789 --> 00:04:09,519  
he says no pointed head no

113  
00:04:13,589 --> 00:04:10,799

neck going near the shoulders none of

114

00:04:16,789 --> 00:04:13,599

that stuff so

115

00:04:17,909 --> 00:04:16,799

at this point uh you know to be honest

116

00:04:20,310 --> 00:04:17,919

we really don't know what we're looking

117

00:04:22,390 --> 00:04:20,320

for other than it's

118

00:04:24,870 --> 00:04:22,400

like you said the tracks are different

119

00:04:27,590 --> 00:04:24,880

uh the way it stalks people is different

120

00:04:29,350 --> 00:04:27,600

like people being followed it doesn't

121

00:04:32,150 --> 00:04:29,360

retreat it doesn't run

122

00:04:33,670 --> 00:04:32,160

and you know when you look back at cases

123

00:04:37,030 --> 00:04:33,680

i found cases that go back

124

00:04:39,909 --> 00:04:37,040

and in the newspaper uh in the 1800s

125

00:04:40,629 --> 00:04:39,919

of people describing the exact same

126  
00:04:44,469 --> 00:04:40,639  
thing

127  
00:04:47,990 --> 00:04:46,070  
yeah i mean historically they've been

128  
00:04:49,110 --> 00:04:48,000  
you know even down here in maryland the

129  
00:04:52,690 --> 00:04:49,120  
dwayo

130  
00:04:53,830 --> 00:04:52,700  
sightings back in the 1800s early 1900s

131  
00:04:56,469 --> 00:04:53,840  
[Music]

132  
00:04:58,790 --> 00:04:56,479  
you know even in one recently back in

133  
00:05:00,790 --> 00:04:58,800  
the 60s we have a documentation of

134  
00:05:01,990 --> 00:05:00,800  
uh and they all they all tell you the

135  
00:05:05,189 --> 00:05:02,000  
same thing

136  
00:05:08,070 --> 00:05:05,199  
it's got a muscular body a thin waist a

137  
00:05:11,029 --> 00:05:08,080  
dog body to it it has the uh backward

138  
00:05:12,230 --> 00:05:11,039

hawks on it a dog hawk a canine hawk and

139

00:05:15,670 --> 00:05:12,240

it's got the dog head

140

00:05:17,350 --> 00:05:15,680

and the dog snout but it's you know it

141

00:05:19,909 --> 00:05:17,360

stands up into

142

00:05:22,469 --> 00:05:19,919

two legs so there you go and some are

143

00:05:25,350 --> 00:05:22,479

seen with pointed ears and long tail

144

00:05:26,390 --> 00:05:25,360

some are short tail short cropped ears

145

00:05:28,310 --> 00:05:26,400

but

146

00:05:30,070 --> 00:05:28,320

you know again what they're describing

147

00:05:33,670 --> 00:05:30,080

is the classic dog man

148

00:05:35,270 --> 00:05:33,680

uh you know werewolf skin walker looking

149

00:05:37,590 --> 00:05:35,280

creature

150

00:05:38,950 --> 00:05:37,600

but there's no protocol for this i mean

151  
00:05:40,710 --> 00:05:38,960  
you know there's protocol to go out and

152  
00:05:43,749 --> 00:05:40,720  
search for bigfoot there's protocol for

153  
00:05:45,990 --> 00:05:43,759  
paranormal there's protocol for ufo i

154  
00:05:49,590 --> 00:05:46,000  
mean how to conduct an investigation

155  
00:05:51,909 --> 00:05:49,600  
there's nothing for this so on our end

156  
00:05:53,830 --> 00:05:51,919  
you know the best thing to do is just

157  
00:05:55,909 --> 00:05:53,840  
you know get together an expedition

158  
00:05:59,510 --> 00:05:55,919  
load up all the equipment take

159  
00:06:00,950 --> 00:05:59,520  
everything we got and go out and hunt

160  
00:06:02,790 --> 00:06:00,960  
how do you think you should proceed on

161  
00:06:10,950 --> 00:06:02,800  
that

162  
00:06:12,070 --> 00:06:10,960  
well i think uh the best thing to do is

163  
00:06:14,469 --> 00:06:12,080

what we're

164

00:06:15,749 --> 00:06:14,479

gonna set up a base camp um you know we

165

00:06:17,189 --> 00:06:15,759

have all the equipment that's not a

166

00:06:19,670 --> 00:06:17,199

question about it i mean we have the

167

00:06:21,590 --> 00:06:19,680

infrared floor cameras we have

168

00:06:24,309 --> 00:06:21,600

infrared cameras we have all listening

169

00:06:26,870 --> 00:06:24,319

devices we have all that kind of stuff

170

00:06:28,629 --> 00:06:26,880

and so what we're thinking of doing is

171

00:06:30,629 --> 00:06:28,639

setting up a base camp

172

00:06:31,670 --> 00:06:30,639

and setting up a couple primer uh

173

00:06:33,830 --> 00:06:31,680

secondary camps

174

00:06:35,590 --> 00:06:33,840

not too far away but all looking in that

175

00:06:38,629 --> 00:06:35,600

one direction where we're going

176  
00:06:40,710 --> 00:06:38,639  
we're going to have a very wide view of

177  
00:06:43,749 --> 00:06:40,720  
a heavily wooded area

178  
00:06:46,950 --> 00:06:43,759  
and of course in the daytime the fleur

179  
00:06:50,070 --> 00:06:46,960  
and the infrared

180  
00:06:53,270 --> 00:06:50,080  
not going to help us a whole lot but we

181  
00:06:54,629 --> 00:06:53,280  
you know we want to look the area over

182  
00:06:56,390 --> 00:06:54,639  
particularly in the first case we have

183  
00:06:58,309 --> 00:06:56,400  
from november of

184  
00:07:00,230 --> 00:06:58,319  
2014 that we're going to be right in

185  
00:07:01,990 --> 00:07:00,240  
that close to that area

186  
00:07:03,430 --> 00:07:02,000  
and some other researchers have been in

187  
00:07:04,550 --> 00:07:03,440  
that area and they've seen impressions

188  
00:07:06,230 --> 00:07:04,560

they're not saying footprints they're

189

00:07:09,350 --> 00:07:06,240

saying impressions

190

00:07:11,110 --> 00:07:09,360

so but come nightfall which is

191

00:07:12,710 --> 00:07:11,120

pretty much when these things are seen

192

00:07:14,870 --> 00:07:12,720

from dusk until

193

00:07:16,309 --> 00:07:14,880

you know the wee hours of the morning uh

194

00:07:17,189 --> 00:07:16,319

we're going to depend on the floor

195

00:07:20,790 --> 00:07:17,199

devices

196

00:07:23,670 --> 00:07:20,800

you know uh for uh generation of heat

197

00:07:24,070 --> 00:07:23,680

and um the infrared of course there'll

198

00:07:28,070 --> 00:07:24,080

be

199

00:07:31,909 --> 00:07:28,080

around the clock

200

00:07:34,710 --> 00:07:31,919

so we're not going to miss anything um

201  
00:07:35,749 --> 00:07:34,720  
and uh like i said this is something new

202  
00:07:37,909 --> 00:07:35,759  
i mean there's there's

203  
00:07:39,029 --> 00:07:37,919  
there's just no protocol for this so

204  
00:07:40,070 --> 00:07:39,039  
we're just going to take everything we

205  
00:07:43,110 --> 00:07:40,080  
got and throw it at it

206  
00:07:44,629 --> 00:07:43,120  
see what happens yeah i think you're i

207  
00:07:47,670 --> 00:07:44,639  
think the earlier uh

208  
00:07:50,710 --> 00:07:47,680  
investigations are going to tell a lot

209  
00:07:54,309 --> 00:07:50,720  
on how to proceed on what's going on

210  
00:07:57,430 --> 00:07:54,319  
now the first um the first weekend which

211  
00:07:59,830 --> 00:07:57,440  
is going to be this next weekend

212  
00:08:00,550 --> 00:07:59,840  
weekend will be concentrated in the

213  
00:08:03,589 --> 00:08:00,560

clearfield

214

00:08:04,550 --> 00:08:03,599

county area right correct yes that's

215

00:08:07,189 --> 00:08:04,560

correct

216

00:08:09,150 --> 00:08:07,199

we've had two sightings up there uh the

217

00:08:10,950 --> 00:08:09,160

one you mentioned back in november of

218

00:08:14,309 --> 00:08:10,960

2014

219

00:08:17,670 --> 00:08:14,319

and uh another one

220

00:08:20,790 --> 00:08:17,680

recently that was in july i believe in

221

00:08:22,710 --> 00:08:20,800

july yep and uh that was

222

00:08:24,469 --> 00:08:22,720

actually as the crow fly just a few

223

00:08:27,110 --> 00:08:24,479

miles away for the other one

224

00:08:27,830 --> 00:08:27,120

right and then we have the next one will

225

00:08:31,029 --> 00:08:27,840

probably be

226

00:08:32,790 --> 00:08:31,039

um in the blair uh cambria county area

227

00:08:35,269 --> 00:08:32,800

where we have two reports

228

00:08:37,190 --> 00:08:35,279

okay and then there's uh you know we got

229

00:08:39,190 --> 00:08:37,200

reports of schuylkill cumberland

230

00:08:41,670 --> 00:08:39,200

um and then there's reports coming in

231

00:08:44,470 --> 00:08:41,680

from butler and beaver and

232

00:08:46,150 --> 00:08:44,480

westmoreland and you know so we're just

233

00:08:49,750 --> 00:08:46,160

going to try to take them

234

00:08:53,509 --> 00:08:49,760

uh one at a time um

235

00:08:54,870 --> 00:08:53,519

we've got some really good uh

236

00:08:56,550 --> 00:08:54,880

some really good stuff coming from

237

00:08:59,430 --> 00:08:56,560

people that uh

238

00:08:59,910 --> 00:08:59,440

have heard strange noises um i sent you

239

00:09:02,710 --> 00:08:59,920

guys

240

00:09:03,590 --> 00:09:02,720

a uh a video that was just a couple

241

00:09:06,710 --> 00:09:03,600

campers

242

00:09:07,350 --> 00:09:06,720

in that in that area that reported a

243

00:09:11,509 --> 00:09:07,360

strange

244

00:09:13,590 --> 00:09:11,519

didn't think was a coyote

245

00:09:16,230 --> 00:09:13,600

they're very familiar they're very you

246

00:09:19,990 --> 00:09:16,240

know adept hikers

247

00:09:22,949 --> 00:09:20,000

and this was back in thanksgiving

248

00:09:23,829 --> 00:09:22,959

of last year that was an allegheny state

249

00:09:27,910 --> 00:09:23,839

for us right

250

00:09:30,949 --> 00:09:27,920

yes yeah uh yeah and um

251  
00:09:31,750 --> 00:09:30,959  
so at you know they're there i have the

252  
00:09:34,150 --> 00:09:31,760  
one report

253  
00:09:36,630 --> 00:09:34,160  
is from the 14th november and then their

254  
00:09:38,389 --> 00:09:36,640  
report is of course the 26th or 27th i

255  
00:09:41,670 --> 00:09:38,399  
believe

256  
00:09:41,990 --> 00:09:41,680  
so there's something walking around out

257  
00:09:45,030 --> 00:09:42,000  
there

258  
00:09:49,190 --> 00:09:45,040  
be

259  
00:09:52,230 --> 00:09:49,200  
uh either on film or through evidence

260  
00:09:54,470 --> 00:09:52,240  
and when i say evidence like

261  
00:09:55,750 --> 00:09:54,480  
the water port of the guy driving home

262  
00:09:57,030 --> 00:09:55,760  
while watching the creature

263  
00:09:58,790 --> 00:09:57,040

chewing on something side of the road

264

00:10:01,350 --> 00:09:58,800

which was probably a deer

265

00:10:02,310 --> 00:10:01,360

roadkill we'd like to get if we find

266

00:10:03,910 --> 00:10:02,320

anything like that

267

00:10:06,470 --> 00:10:03,920

you know we want to take samples of bone

268

00:10:08,870 --> 00:10:06,480

chew marks um

269

00:10:10,230 --> 00:10:08,880

hide skin uh anything that we can find

270

00:10:11,110 --> 00:10:10,240

that's you know fresh enough that we may

271

00:10:13,910 --> 00:10:11,120

be able to get some

272

00:10:14,949 --> 00:10:13,920

get some information out of that way but

273

00:10:17,990 --> 00:10:14,959

chew marks from

274

00:10:21,110 --> 00:10:18,000

a canine and shoe marks from a wolf

275

00:10:23,750 --> 00:10:21,120

are two different things um as

276

00:10:24,710 --> 00:10:23,760

an and also are the footprints you know

277

00:10:26,870 --> 00:10:24,720

a wolf

278

00:10:28,069 --> 00:10:26,880

or a dog a large dog the footprint would

279

00:10:29,430 --> 00:10:28,079

be different and

280

00:10:33,269 --> 00:10:29,440

of course with the hawks it's going to

281

00:10:36,389 --> 00:10:33,279

be a lot different so

282

00:10:37,269 --> 00:10:36,399

that's basically this is a hunt for

283

00:10:40,230 --> 00:10:37,279

evidence

284

00:10:41,990 --> 00:10:40,240

you know and however we obtain it and

285

00:10:43,269 --> 00:10:42,000

whatever we have to use

286

00:10:45,350 --> 00:10:43,279

we're just going to use so we're going

287

00:10:47,750 --> 00:10:45,360

to be up there for three days and

288

00:10:49,350 --> 00:10:47,760

and uh you know see we come up with and

289

00:10:50,230 --> 00:10:49,360

we'll be in constant contact of course

290

00:10:51,590 --> 00:10:50,240

with you know you

291

00:10:53,829 --> 00:10:51,600

lon back there in case we need any

292

00:10:57,430 --> 00:10:53,839

information uh either by

293

00:10:59,670 --> 00:10:57,440

internet or by phone so um

294

00:11:01,030 --> 00:10:59,680

you know the and there's the history of

295

00:11:03,590 --> 00:11:01,040

the whole area

296

00:11:04,389 --> 00:11:03,600

is just so weird the more you look into

297

00:11:07,829 --> 00:11:04,399

it

298

00:11:09,430 --> 00:11:07,839

because of course you know up until 1754

299

00:11:11,750 --> 00:11:09,440

there were no white men in that area

300

00:11:14,389 --> 00:11:11,760

that was strictly indigenous

301  
00:11:15,750 --> 00:11:14,399  
there were quite a number of tribes so

302  
00:11:17,509 --> 00:11:15,760  
you have

303  
00:11:19,190 --> 00:11:17,519  
you know tons of burial mounds and i'm

304  
00:11:21,030 --> 00:11:19,200  
not saying we're talking talking about a

305  
00:11:23,190 --> 00:11:21,040  
skinwalker i'm just saying

306  
00:11:24,150 --> 00:11:23,200  
that would play into the equation you

307  
00:11:26,630 --> 00:11:24,160  
know just like

308  
00:11:28,870 --> 00:11:26,640  
anything else in this wood but you have

309  
00:11:30,949 --> 00:11:28,880  
barrel mounds all over the place

310  
00:11:33,030 --> 00:11:30,959  
actually one of the places we're going

311  
00:11:34,630 --> 00:11:33,040  
is sacred ground

312  
00:11:36,150 --> 00:11:34,640  
we've got all that information which

313  
00:11:39,030 --> 00:11:36,160

we've contacted

314

00:11:41,030 --> 00:11:39,040

from a cherokee clan out in oklahoma

315

00:11:45,670 --> 00:11:41,040

that's given us a lot of information

316

00:11:47,670 --> 00:11:45,680

what to look for and so

317

00:11:49,509 --> 00:11:47,680

armed with all the information and and

318

00:11:50,310 --> 00:11:49,519

quite a few months of investigation and

319

00:11:51,990 --> 00:11:50,320

notes and

320

00:11:54,389 --> 00:11:52,000

everything else we can put together maps

321

00:11:56,710 --> 00:11:54,399

and topo maps and all that

322

00:11:57,509 --> 00:11:56,720

i'm just hoping it yields some direction

323

00:12:00,150 --> 00:11:57,519

anyway that

324

00:12:01,030 --> 00:12:00,160

if we can't get a whole lot where we're

325

00:12:02,949 --> 00:12:01,040

going this time

326

00:12:04,550 --> 00:12:02,959

many people will help us the next spot

327

00:12:07,110 --> 00:12:04,560

we go to

328

00:12:08,870 --> 00:12:07,120

so yeah you've definitely you know put

329

00:12:10,949 --> 00:12:08,880

the research into this

330

00:12:11,910 --> 00:12:10,959

and the thought and the planning going

331

00:12:13,750 --> 00:12:11,920

into this guys

332

00:12:15,509 --> 00:12:13,760

so let's step back just a moment and

333

00:12:16,470 --> 00:12:15,519

talk about some of the cases that are

334

00:12:19,509 --> 00:12:16,480

really getting us

335

00:12:20,629 --> 00:12:19,519

to this area lon this started a few

336

00:12:23,350 --> 00:12:20,639

months back and we've been getting

337

00:12:26,629 --> 00:12:23,360

dogman sightings for a while

338

00:12:28,310 --> 00:12:26,639

what what prompted this uh the series of

339

00:12:28,710 --> 00:12:28,320

events you know what was the genesis of

340

00:12:33,509 --> 00:12:28,720

this

341

00:12:34,949 --> 00:12:33,519

that state game land sighting that was

342

00:12:36,949 --> 00:12:34,959

sent to butch

343

00:12:38,710 --> 00:12:36,959

was he actually one of guys thinking

344

00:12:41,509 --> 00:12:38,720

about what was going on

345

00:12:42,069 --> 00:12:41,519

and um i mean this was new to butch as

346

00:12:43,430 --> 00:12:42,079

well

347

00:12:48,150 --> 00:12:43,440

i don't think i don't know how many doll

348

00:12:53,990 --> 00:12:51,110

there you go this was in the state game

349

00:12:57,110 --> 00:12:54,000

land 331 which is

350

00:13:00,470 --> 00:12:57,120

in clearfield county pennsylvania uh

351

00:13:04,710 --> 00:13:00,480

it's near penfield penfield pa

352

00:13:08,470 --> 00:13:04,720

and uh this gentleman who was uh

353

00:13:11,269 --> 00:13:08,480

walking his two weimaraner dogs

354

00:13:13,269 --> 00:13:11,279

uh but you know they were just in there

355

00:13:15,110 --> 00:13:13,279

walking about and this damn thing just

356

00:13:17,190 --> 00:13:15,120

pops out of nowhere

357

00:13:18,629 --> 00:13:17,200

and he described as eight to ten foot

358

00:13:21,190 --> 00:13:18,639

tall

359

00:13:22,550 --> 00:13:21,200

weight unknown large strides short hair

360

00:13:25,670 --> 00:13:22,560

dark colored

361

00:13:26,710 --> 00:13:25,680

most likely brown but very dark thought

362

00:13:28,790 --> 00:13:26,720

that

363

00:13:32,829 --> 00:13:28,800

uh it may be a bigfoot but had a

364

00:13:37,030 --> 00:13:35,269

now you know

365

00:13:38,389 --> 00:13:37,040

the fact that this and you know this is

366

00:13:41,590 --> 00:13:38,399

just this is like a

367

00:13:43,509 --> 00:13:41,600

lot of other cryptid sightings we get uh

368

00:13:45,750 --> 00:13:43,519

it just comes from nowhere and that's

369

00:13:47,670 --> 00:13:45,760

basically what happened this deal

370

00:13:49,189 --> 00:13:47,680

uh it just showed up you know he was

371

00:13:51,269 --> 00:13:49,199

walking the dogs and

372

00:13:53,590 --> 00:13:51,279

to his i believe to his right the thing

373

00:13:56,310 --> 00:13:53,600

just popped up

374

00:13:58,150 --> 00:13:56,320

uh yeah what happened when the guy's

375

00:13:58,870 --> 00:13:58,160

walking his dogs the dogs stop and they

376

00:14:00,550 --> 00:13:58,880

start

377

00:14:02,230 --> 00:14:00,560

going crazy they want to tear into the

378

00:14:03,590 --> 00:14:02,240

right-hand side of the wooded area off a

379

00:14:05,430 --> 00:14:03,600

fire trail

380

00:14:06,870 --> 00:14:05,440

and of course the first thing comes is

381

00:14:08,629 --> 00:14:06,880

mine because he's walked there many

382

00:14:11,670 --> 00:14:08,639

times lives in the area all his life

383

00:14:13,110 --> 00:14:11,680

hunted that area all his life retired

384

00:14:16,710 --> 00:14:13,120

airline and military

385

00:14:18,550 --> 00:14:16,720

pilot and he says you know first thing

386

00:14:19,269 --> 00:14:18,560

he thought was well it's a possum skunk

387

00:14:21,189 --> 00:14:19,279

raccoon

388

00:14:23,350 --> 00:14:21,199

maybe a bear it could be anything the

389

00:14:25,670 --> 00:14:23,360

dogs go nuts every now and then

390

00:14:27,189 --> 00:14:25,680

but then as this whatever was coming

391

00:14:28,150 --> 00:14:27,199

through the woods which he did not see

392

00:14:30,310 --> 00:14:28,160

at that point

393

00:14:32,150 --> 00:14:30,320

the dogs were following it you know they

394

00:14:36,069 --> 00:14:32,160

kept moving to their left

395

00:14:39,430 --> 00:14:36,079

and when it steps out onto the um

396

00:14:39,910 --> 00:14:39,440

fire trail it walks across the fire

397

00:14:41,350 --> 00:14:39,920

trail

398

00:14:42,389 --> 00:14:41,360

of course the dogs wanting to get out of

399

00:14:43,670 --> 00:14:42,399

something terrible by now they're

400

00:14:45,750 --> 00:14:43,680

digging holes in the ground

401  
00:14:47,670 --> 00:14:45,760  
trying to get away from the their

402  
00:14:48,550 --> 00:14:47,680  
handler and get to this creature they

403  
00:14:51,990 --> 00:14:48,560  
see it

404  
00:14:52,389 --> 00:14:52,000  
he sees it he describes it it walks into

405  
00:14:55,430 --> 00:14:52,399  
the

406  
00:14:58,629 --> 00:14:55,440  
walks in

407  
00:15:00,150 --> 00:14:58,639  
and that area is very thick i was just

408  
00:15:01,829 --> 00:15:00,160  
out at the hill view conference

409  
00:15:03,670 --> 00:15:01,839  
out there and coming back we went right

410  
00:15:05,910 --> 00:15:03,680  
past that kind of area

411  
00:15:07,430 --> 00:15:05,920  
and it was broad daylight and the fellow

412  
00:15:09,110 --> 00:15:07,440  
riding with me one of my researchers

413  
00:15:12,629 --> 00:15:09,120

looks over he says look into that woods

414

00:15:14,949 --> 00:15:12,639

and it was black and we were only

415

00:15:15,670 --> 00:15:14,959

at the most 25 30 yards from the edge of

416

00:15:18,150 --> 00:15:15,680

the woods

417

00:15:19,590 --> 00:15:18,160

on the highway and you couldn't see i

418

00:15:21,110 --> 00:15:19,600

mean you could have 50 people standing

419

00:15:24,470 --> 00:15:21,120

there nude flashing you

420

00:15:25,750 --> 00:15:24,480

and you wouldn't seen anybody and

421

00:15:27,670 --> 00:15:25,760

another researcher which just up there

422

00:15:28,870 --> 00:15:27,680

recently said the same thing it's a very

423

00:15:32,470 --> 00:15:28,880

dense black

424

00:15:34,389 --> 00:15:32,480

dark area so the guy goes back to his

425

00:15:36,069 --> 00:15:34,399

truck he retrieves a handgun he goes

426  
00:15:37,910 --> 00:15:36,079  
back up

427  
00:15:39,590 --> 00:15:37,920  
and he goes into the right hand side he

428  
00:15:40,470 --> 00:15:39,600  
sees nothing no footprints no broken

429  
00:15:42,470 --> 00:15:40,480  
leaves drop

430  
00:15:43,590 --> 00:15:42,480  
bushes or anything down goes to the

431  
00:15:45,749 --> 00:15:43,600  
other side nothing

432  
00:15:46,949 --> 00:15:45,759  
okay goes back and tells his buddies now

433  
00:15:49,670 --> 00:15:46,959  
the whole time this is going on he's

434  
00:15:50,870 --> 00:15:49,680  
keeping in contact with me by phone

435  
00:15:52,069 --> 00:15:50,880  
he says we're going to go out tomorrow

436  
00:15:52,949 --> 00:15:52,079  
morning take a better look and we're

437  
00:15:54,310 --> 00:15:52,959  
going to go armed

438  
00:15:56,550 --> 00:15:54,320

and i'm going like i don't think that's

439

00:15:58,069 --> 00:15:56,560

such a good idea you know all i can see

440

00:15:59,269 --> 00:15:58,079

is these guys mounting a 50 caliber on

441

00:16:02,150 --> 00:15:59,279

the truck

442

00:16:02,790 --> 00:16:02,160

and so they go out and he calls me they

443

00:16:04,310 --> 00:16:02,800

uh

444

00:16:05,829 --> 00:16:04,320

just before noon they left he called me

445

00:16:07,030 --> 00:16:05,839

and said they were leaving and he'd get

446

00:16:09,670 --> 00:16:07,040

back to me and it wasn't

447

00:16:10,949 --> 00:16:09,680

too much after that maybe 45 minutes he

448

00:16:12,389 --> 00:16:10,959

got back and he says i want to tell you

449

00:16:14,949 --> 00:16:12,399

something butch

450

00:16:16,069 --> 00:16:14,959

he says what we did was went to the spot

451  
00:16:17,269 --> 00:16:16,079  
we could see the spot because the holes

452  
00:16:19,189 --> 00:16:17,279  
were there from where the dogs was we

453  
00:16:21,110 --> 00:16:19,199  
walked into the right went in through

454  
00:16:22,230 --> 00:16:21,120  
quite a distance nothing walked into the

455  
00:16:25,030 --> 00:16:22,240  
other side where the

456  
00:16:26,629 --> 00:16:25,040  
creature went into he was saying we got

457  
00:16:27,990 --> 00:16:26,639  
in 20 30 yards he said that's where we

458  
00:16:29,269 --> 00:16:28,000  
stopped he said we all had the same

459  
00:16:30,710 --> 00:16:29,279  
feeling we need to get out of here we

460  
00:16:32,069 --> 00:16:30,720  
need to get out of here right now

461  
00:16:33,670 --> 00:16:32,079  
and we packed out where our weapons

462  
00:16:34,550 --> 00:16:33,680  
pointed forward and backed all the way

463  
00:16:35,829 --> 00:16:34,560

to the truck

464

00:16:38,710 --> 00:16:35,839

and he said i want to tell you something

465

00:16:39,189 --> 00:16:38,720

son he says i am never going back there

466

00:16:40,629 --> 00:16:39,199

again

467

00:16:42,389 --> 00:16:40,639

because if we would have stayed

468

00:16:43,269 --> 00:16:42,399

something really really bad was going to

469

00:16:45,110 --> 00:16:43,279

happen

470

00:16:48,829 --> 00:16:45,120

and we've seen that in other reports

471

00:16:55,590 --> 00:16:51,990

so well you know and and and

472

00:16:57,430 --> 00:16:55,600

that specific location had some weird

473

00:16:58,949 --> 00:16:57,440

stuff going on anyway

474

00:17:00,310 --> 00:16:58,959

yeah but the weirdest thing about the

475

00:17:02,790 --> 00:17:00,320

whole thing is when he sees this

476

00:17:04,470 --> 00:17:02,800

creature walk out across the road

477

00:17:06,069 --> 00:17:04,480

now i don't know about you guys but if i

478

00:17:07,189 --> 00:17:06,079

got two dogs the size of y miranda's

479

00:17:09,110 --> 00:17:07,199

wanting to tear at me

480

00:17:11,750 --> 00:17:09,120

i'm looking for the tallest tree that i

481

00:17:13,990 --> 00:17:11,760

can get my hand up into

482

00:17:15,189 --> 00:17:14,000

this creature did not look at him it did

483

00:17:17,270 --> 00:17:15,199

not look at the dogs

484

00:17:18,949 --> 00:17:17,280

it just walked out straight ahead and

485

00:17:21,990 --> 00:17:18,959

walked into the other side like he never

486

00:17:25,270 --> 00:17:24,069

weird yeah we've heard that type of

487

00:17:28,789 --> 00:17:25,280

thing before

488

00:17:29,350 --> 00:17:28,799

uh you know with other cryptids and i

489

00:17:31,830 --> 00:17:29,360

mean

490

00:17:33,350 --> 00:17:31,840

especially bigfoot they seem to show up

491

00:17:35,270 --> 00:17:33,360

and they act like

492

00:17:36,390 --> 00:17:35,280

you know they know that nobody's looking

493

00:17:39,669 --> 00:17:36,400

at them

494

00:17:41,669 --> 00:17:39,679

and they just can you know can go

495

00:17:43,190 --> 00:17:41,679

in their own way and not look back and

496

00:17:46,070 --> 00:17:43,200

just keep walking

497

00:17:52,150 --> 00:17:46,080

yeah this guy said it walked across like

498

00:17:58,470 --> 00:17:56,310

and it's very strange bizarre it is odd

499

00:18:00,549 --> 00:17:58,480

so you know you know and you know in

500

00:18:01,669 --> 00:18:00,559

clearfield like we we've been looking

501  
00:18:05,430 --> 00:18:01,679  
into a lot of this

502  
00:18:09,110 --> 00:18:05,440  
that that clear fuel area was the very

503  
00:18:12,310 --> 00:18:09,120  
heavy uh lenny lenape area

504  
00:18:13,990 --> 00:18:12,320  
uh delaware indians basically yeah uh

505  
00:18:16,390 --> 00:18:14,000  
they had some of the biggest their

506  
00:18:18,789 --> 00:18:16,400  
largest uh

507  
00:18:19,669 --> 00:18:18,799  
village was right in where clearfield is

508  
00:18:22,789 --> 00:18:19,679  
today

509  
00:18:27,190 --> 00:18:22,799  
the city of clear field and they have

510  
00:18:30,470 --> 00:18:27,200  
a uh a wendingo type wendigo type

511  
00:18:32,470 --> 00:18:30,480  
creature in their folklore and it it's

512  
00:18:33,990 --> 00:18:32,480  
an odd looking thing i i've seen

513  
00:18:38,070 --> 00:18:34,000

pictures of it

514

00:18:40,710 --> 00:18:38,080

and they say it's about 15 foot tall

515

00:18:42,390 --> 00:18:40,720

it has it's got the skin of a bear and a

516

00:18:44,630 --> 00:18:42,400

large face

517

00:18:46,870 --> 00:18:44,640

and it guards you know it supposedly

518

00:18:48,549 --> 00:18:46,880

guards the forest

519

00:18:50,470 --> 00:18:48,559

well you know that's nothing like a skin

520

00:18:54,150 --> 00:18:50,480

walker that's something

521

00:18:55,110 --> 00:18:54,160

that's something else yeah because yeah

522

00:18:57,190 --> 00:18:55,120

everything we found out about

523

00:18:57,990 --> 00:18:57,200

skinwalkers are that the you know what

524

00:18:59,990 --> 00:18:58,000

they are in

525

00:19:01,909 --> 00:19:00,000

in the lore of the indigenous are that

526

00:19:03,590 --> 00:19:01,919

they are shaman

527

00:19:05,590 --> 00:19:03,600

who have basically gone to the other

528

00:19:08,230 --> 00:19:05,600

side and to get to the other side

529

00:19:09,830 --> 00:19:08,240

uh they have to kill a family member and

530

00:19:14,230 --> 00:19:09,840

they do it for power

531

00:19:17,350 --> 00:19:14,240

they do it for prestige and um

532

00:19:20,150 --> 00:19:17,360

they can shape shift at will

533

00:19:20,710 --> 00:19:20,160

they can turn into anything they want

534

00:19:22,630 --> 00:19:20,720

most

535

00:19:24,549 --> 00:19:22,640

predominant turn that they do is they

536

00:19:26,789 --> 00:19:24,559

turn into a wolf

537

00:19:27,830 --> 00:19:26,799

so it's like a man wolf but not a i'm

538

00:19:29,669 --> 00:19:27,840

not talking about a werewolf

539

00:19:30,950 --> 00:19:29,679

this is this would have the body of a

540

00:19:37,270 --> 00:19:30,960

man but

541

00:19:41,510 --> 00:19:37,280

legs would have the feet and the hands

542

00:19:44,870 --> 00:19:41,520

of a man but like kind of in between

543

00:19:45,830 --> 00:19:44,880

a human and a wolf if that makes any

544

00:19:49,350 --> 00:19:45,840

sense

545

00:19:52,070 --> 00:19:49,360

and they are they fear nothing

546

00:19:53,430 --> 00:19:52,080

they can pop up anywhere at any time

547

00:19:54,310 --> 00:19:53,440

they could walk into your camp and be

548

00:19:56,470 --> 00:19:54,320

talking to you

549

00:19:58,070 --> 00:19:56,480

and you wouldn't know it according to

550

00:20:00,390 --> 00:19:58,080

the cherokee that i've spoken to the

551

00:20:02,549 --> 00:20:00,400

shaman and the chief

552

00:20:04,310 --> 00:20:02,559

so you know he said you know if you've

553

00:20:06,070 --> 00:20:04,320

got somebody just walks into your camp

554

00:20:07,590 --> 00:20:06,080

say hello they said the other thing

555

00:20:09,350 --> 00:20:07,600

making small talk

556

00:20:11,270 --> 00:20:09,360

uh there's things you need to look for

557

00:20:15,350 --> 00:20:11,280

and he says things they can't hide

558

00:20:18,630 --> 00:20:15,360

which is like shaggy dirty matted hair

559

00:20:20,470 --> 00:20:18,640

unkept shifty eyes stiffing

560

00:20:22,870 --> 00:20:20,480

constantly at the wind like they're

561

00:20:25,190 --> 00:20:22,880

sniffing like an animal would sniff game

562

00:20:26,710 --> 00:20:25,200

he said those are things they can't hide

563

00:20:29,830 --> 00:20:26,720

uh but

564

00:20:33,909 --> 00:20:29,840

although that really makes it a colorful

565

00:20:35,350 --> 00:20:33,919

colorful colorful story i i just don't

566

00:20:36,310 --> 00:20:35,360

think that that's what we're dealing

567

00:20:39,669 --> 00:20:36,320

with

568

00:20:42,149 --> 00:20:39,679

i lean more toward the dogman thesis

569

00:20:43,750 --> 00:20:42,159

because there are so many reports

570

00:20:45,590 --> 00:20:43,760

but then you got to throw that in there

571

00:20:46,230 --> 00:20:45,600

because a lot of these reports they

572

00:20:49,430 --> 00:20:46,240

describe

573

00:20:52,230 --> 00:20:49,440

it as a the face of a wolf

574

00:20:53,350 --> 00:20:52,240

or the ears or tail or or you know i

575

00:20:55,510 --> 00:20:53,360

don't know about

576  
00:20:57,350 --> 00:20:55,520  
anybody out there but if i see something

577  
00:20:59,909 --> 00:20:57,360  
seven or eight feet coming at me

578  
00:21:01,590 --> 00:20:59,919  
and it looks like a wolf and it has

579  
00:21:02,549 --> 00:21:01,600  
hands that can hold me while it starts

580  
00:21:04,789 --> 00:21:02,559  
chewing on me

581  
00:21:05,990 --> 00:21:04,799  
i'm gonna be a little upset you know i'm

582  
00:21:08,470 --> 00:21:06,000  
just sitting here thinking about

583  
00:21:09,270 --> 00:21:08,480  
15 feet so the the ceiling in the studio

584  
00:21:12,789 --> 00:21:09,280  
is about 15

585  
00:21:16,070 --> 00:21:12,799  
16 feet tall and i'm just looking up and

586  
00:21:17,590 --> 00:21:16,080  
holy crap that's immense

587  
00:21:19,669 --> 00:21:17,600  
and and when you think of somebody

588  
00:21:20,549 --> 00:21:19,679

seeing something eight to ten feet tall

589

00:21:24,549 --> 00:21:20,559

right

590

00:21:25,830 --> 00:21:24,559

realistically if we look at that we're

591

00:21:28,070 --> 00:21:25,840

still probably looking more along the

592

00:21:30,310 --> 00:21:28,080

lines of seven to seven and a half

593

00:21:31,990 --> 00:21:30,320

i mean i think we we sometimes have a

594

00:21:33,190 --> 00:21:32,000

tendency to to blow heights out of

595

00:21:35,270 --> 00:21:33,200

proportion but

596

00:21:36,549 --> 00:21:35,280

even seven and a half feet tall guys is

597

00:21:39,669 --> 00:21:36,559

huge it's still

598

00:21:41,830 --> 00:21:39,679

massive and the weight description on

599

00:21:42,789 --> 00:21:41,840

these things is nothing to be trifled

600

00:21:44,149 --> 00:21:42,799

with either

601  
00:21:46,310 --> 00:21:44,159  
so you're looking at something that's

602  
00:21:48,789 --> 00:21:46,320  
got some real power behind it

603  
00:21:50,549 --> 00:21:48,799  
and i don't know how you know you know

604  
00:21:52,789 --> 00:21:50,559  
we take this from you know a skeptical

605  
00:21:54,950 --> 00:21:52,799  
point of view how people

606  
00:21:56,549 --> 00:21:54,960  
you know that's a massive hallucination

607  
00:21:58,230 --> 00:21:56,559  
i mean i want to know what kind of

608  
00:21:59,750 --> 00:21:58,240  
hardcore drugs they're doing to see

609  
00:22:00,870 --> 00:21:59,760  
something like that

610  
00:22:03,270 --> 00:22:00,880  
well that and they've been doing it

611  
00:22:05,270 --> 00:22:03,280  
since the 1800s

612  
00:22:06,390 --> 00:22:05,280  
if that's if you know if if we start to

613  
00:22:07,909 --> 00:22:06,400

look at it like that

614

00:22:09,430 --> 00:22:07,919

we have to be skeptical that's number

615

00:22:12,630 --> 00:22:09,440

one and and

616

00:22:14,310 --> 00:22:12,640

uh but you know i i found a

617

00:22:16,549 --> 00:22:14,320

uh it's kind of hard to find but i did

618

00:22:18,710 --> 00:22:16,559

find a picture of a gray wolf

619

00:22:19,830 --> 00:22:18,720

now a gray wolf measures from nose to

620

00:22:21,669 --> 00:22:19,840

tail up

621

00:22:23,990 --> 00:22:21,679

to butt not tail forget the tail just

622

00:22:27,750 --> 00:22:24,000

nose to butt at six foot

623

00:22:31,430 --> 00:22:27,760

i found a picture of one standing up

624

00:22:36,070 --> 00:22:31,440

on its hind legs and

625

00:22:44,070 --> 00:22:38,870

but it didn't walk away i think it just

626  
00:22:47,750 --> 00:22:46,710  
of a wolf rehabilitation center out that

627  
00:22:51,750 --> 00:22:47,760  
way

628  
00:22:53,350 --> 00:22:51,760  
yeah there is uh but they're

629  
00:22:55,110 --> 00:22:53,360  
they're almost domesticated you know

630  
00:22:56,230 --> 00:22:55,120  
what i mean

631  
00:22:58,630 --> 00:22:56,240  
they're not something you're going to

632  
00:23:00,789 --> 00:22:58,640  
encounter in the wild i don't imagine

633  
00:23:04,789 --> 00:23:00,799  
they're walking on two legs either

634  
00:23:06,870 --> 00:23:04,799  
uh no no but it's it's just

635  
00:23:07,990 --> 00:23:06,880  
these cases are just too weird to just

636  
00:23:09,990 --> 00:23:08,000  
ignore them

637  
00:23:12,149 --> 00:23:10,000  
i mean the the people that are giving

638  
00:23:14,470 --> 00:23:12,159

the reports are very credible

639

00:23:16,149 --> 00:23:14,480

uh we haven't had any yet that we even

640

00:23:17,190 --> 00:23:16,159

questioned amongst ourselves as being

641

00:23:24,230 --> 00:23:17,200

credible

642

00:23:25,909 --> 00:23:24,240

uh it's just at the point now where you

643

00:23:27,029 --> 00:23:25,919

know we can talk and research about it

644

00:23:28,549 --> 00:23:27,039

all we want but

645

00:23:30,230 --> 00:23:28,559

it's going to take boots on the ground

646

00:23:33,190 --> 00:23:30,240

to go to these places

647

00:23:34,870 --> 00:23:33,200

and see what's what and what's in the

648

00:23:37,350 --> 00:23:34,880

area

649

00:23:38,710 --> 00:23:37,360

and see if there's anything we can find

650

00:23:40,149 --> 00:23:38,720

uh see if there's anything we can

651

00:23:43,510 --> 00:23:40,159

capture on film or

652

00:23:45,350 --> 00:23:43,520

video or with infrared or or thermal

653

00:23:47,430 --> 00:23:45,360

imaging devices and we'll have two of

654

00:23:51,510 --> 00:23:47,440

those there so

655

00:23:54,789 --> 00:23:51,520

we'll have excellent night vision and

656

00:23:56,630 --> 00:23:54,799

from everything i read at least what i

657

00:24:00,149 --> 00:23:56,640

could find

658

00:24:03,190 --> 00:24:00,159

these things are more apt to be out at

659

00:24:07,510 --> 00:24:03,200

night than they are during the day

660

00:24:11,190 --> 00:24:07,520

um because if they if it is something

661

00:24:14,390 --> 00:24:12,390

how should i say if it's something

662

00:24:16,310 --> 00:24:14,400

that's just nocturnal then you would

663

00:24:16,950 --> 00:24:16,320

almost have to take a bunch of reports

664

00:24:21,190 --> 00:24:16,960

that were

665

00:24:22,630 --> 00:24:21,200

the daytime and throw them away and you

666

00:24:24,789 --> 00:24:22,640

can't do that

667

00:24:25,909 --> 00:24:24,799

because you know people see what they

668

00:24:27,510 --> 00:24:25,919

see

669

00:24:29,029 --> 00:24:27,520

and what always amazes me with some of

670

00:24:30,070 --> 00:24:29,039

these reports a matter of fact a good

671

00:24:31,590 --> 00:24:30,080

bunch of them

672

00:24:33,669 --> 00:24:31,600

is where people say this right off the

673

00:24:36,390 --> 00:24:33,679

get-go this was no bigfoot

674

00:24:37,990 --> 00:24:36,400

this was no sasquatch this was a dog

675

00:24:40,630 --> 00:24:38,000

that was walking upright that was very

676

00:24:44,149 --> 00:24:40,640

big very large and very ugly

677

00:24:45,990 --> 00:24:44,159

now you know i can find those reports

678

00:24:49,510 --> 00:24:46,000

all across the country

679

00:24:53,350 --> 00:24:49,520

i can find them in europe south america

680

00:24:57,269 --> 00:24:53,360

so it is amazing

681

00:24:59,269 --> 00:24:57,279

well you know it has been interesting to

682

00:25:01,190 --> 00:24:59,279

me

683

00:25:02,870 --> 00:25:01,200

before we started getting these number

684

00:25:05,750 --> 00:25:02,880

reports

685

00:25:07,510 --> 00:25:05,760

coming in all of a sudden from pa we

686

00:25:11,750 --> 00:25:07,520

were getting a lot of reports in

687

00:25:14,549 --> 00:25:11,760

ontario manitoba upper midwest

688

00:25:15,430 --> 00:25:14,559

and of course the report that stan

689

00:25:18,230 --> 00:25:15,440

gordon

690

00:25:20,789 --> 00:25:18,240

forwarded me from the uh lakewood

691

00:25:24,390 --> 00:25:20,799

colorado area outside of denver

692

00:25:27,590 --> 00:25:24,400

and um the one

693

00:25:31,110 --> 00:25:27,600

uh doll man i call the lake lake liquid

694

00:25:32,070 --> 00:25:31,120

lichen uh that jack harry and jc johnson

695

00:25:34,710 --> 00:25:32,080

are

696

00:25:35,990 --> 00:25:34,720

investigating and and look what you know

697

00:25:40,830 --> 00:25:36,000

linda had a case from

698

00:25:43,190 --> 00:25:40,840

cumberland county sure yeah yeah she did

699

00:25:45,190 --> 00:25:43,200

yeah so

700

00:25:46,710 --> 00:25:45,200

we've got you know all these counties

701  
00:25:48,310 --> 00:25:46,720  
like

702  
00:25:49,909 --> 00:25:48,320  
and and they all seem to have one thing

703  
00:25:53,190 --> 00:25:49,919  
in common they do have deep

704  
00:25:54,870 --> 00:25:53,200  
dark woods you know there's certain

705  
00:25:56,870 --> 00:25:54,880  
areas of pennsylvania that are just

706  
00:25:58,070 --> 00:25:56,880  
unbelievably deep and dark and there's

707  
00:25:59,430 --> 00:25:58,080  
other areas where you know you could

708  
00:26:00,950 --> 00:25:59,440  
take a nice hike walk around and look at

709  
00:26:02,470 --> 00:26:00,960  
a lot of things see a lot of animals

710  
00:26:04,149 --> 00:26:02,480  
but there are places you can go in this

711  
00:26:05,830 --> 00:26:04,159  
state where you know

712  
00:26:07,350 --> 00:26:05,840  
you walk five ten feet in there and get

713  
00:26:08,789 --> 00:26:07,360

separated from the guy behind you and

714

00:26:11,909 --> 00:26:08,799

you gotta start yelling because

715

00:26:13,510 --> 00:26:11,919

you can't see them oh yeah i've been to

716

00:26:15,350 --> 00:26:13,520

some of those places in pennsylvania

717

00:26:18,230 --> 00:26:15,360

where the woods are so

718

00:26:19,909 --> 00:26:18,240

so deep and dark that you want a buddy

719

00:26:22,230 --> 00:26:19,919

to go along with you

720

00:26:23,669 --> 00:26:22,240

and some of those areas are just some

721

00:26:25,269 --> 00:26:23,679

old-growth forests that have been around

722

00:26:26,070 --> 00:26:25,279

for a long time that haven't really been

723

00:26:29,510 --> 00:26:26,080

touched or

724

00:26:31,750 --> 00:26:29,520

logged or you know out in uh cook's

725

00:26:33,510 --> 00:26:31,760

cooksburg forest i believe out that way

726

00:26:35,190 --> 00:26:33,520

some of the trees are so large you can't

727

00:26:36,630 --> 00:26:35,200

even wrap your arms around them

728

00:26:38,549 --> 00:26:36,640

so you still have some areas of

729

00:26:42,470 --> 00:26:38,559

pennsylvania that are untouched

730

00:26:44,149 --> 00:26:42,480

and uh are very rough terrain

731

00:26:46,149 --> 00:26:44,159

well pennsylvania's got a lot of you

732

00:26:48,630 --> 00:26:46,159

know rhododendron

733

00:26:50,870 --> 00:26:48,640

and laurel and it just tends to make it

734

00:26:52,870 --> 00:26:50,880

really thick and hard to see in there

735

00:26:54,549 --> 00:26:52,880

and i mean that was one that was one

736

00:26:55,590 --> 00:26:54,559

thing that just used to

737

00:26:57,110 --> 00:26:55,600

make things that when i used to go

738

00:26:58,470 --> 00:26:57,120

hunting wasn't making things hard for me

739

00:26:59,909 --> 00:26:58,480

it was the laurel

740

00:27:01,750 --> 00:26:59,919

i mean you know how that is you start

741

00:27:04,310 --> 00:27:01,760

getting what you think is a

742

00:27:04,950 --> 00:27:04,320

trail and this thing goes to nothing and

743

00:27:06,549 --> 00:27:04,960

you've got

744

00:27:09,190 --> 00:27:06,559

stuff all over you you know you can't

745

00:27:11,590 --> 00:27:09,200

you can't find your way back

746

00:27:13,909 --> 00:27:11,600

uh they are sick you got that

747

00:27:17,110 --> 00:27:13,919

undergrowth that'll rip your pants off

748

00:27:20,789 --> 00:27:17,120

yeah yeah and and you know uh

749

00:27:23,190 --> 00:27:20,799

so could something be

750

00:27:25,190 --> 00:27:23,200

uh living in that area or manifesting in

751

00:27:28,549 --> 00:27:25,200

that area however you want to say it

752

00:27:30,389 --> 00:27:28,559

yeah easily and i you know uh

753

00:27:31,669 --> 00:27:30,399

probably be i mean how many times have

754

00:27:32,950 --> 00:27:31,679

you walked by an animal while you were

755

00:27:34,230 --> 00:27:32,960

hunting i know i did i walked by a

756

00:27:35,430 --> 00:27:34,240

coyote one time he was only three foot

757

00:27:37,190 --> 00:27:35,440

away from me i never saw him

758

00:27:39,190 --> 00:27:37,200

the guy behind me saw him after he

759

00:27:42,149 --> 00:27:39,200

started moving but i walked by him

760

00:27:44,630 --> 00:27:42,159

i never saw him i never even took a

761

00:27:49,110 --> 00:27:44,640

glance at him i walked right by him

762

00:27:50,630 --> 00:27:49,120

so i you know it's just

763

00:27:52,389 --> 00:27:50,640

the only thing i can come up with is

764

00:27:53,990 --> 00:27:52,399

just get people on the ground

765

00:27:55,430 --> 00:27:54,000

get all the stuff out that we can

766

00:27:56,230 --> 00:27:55,440

anything scientific anything

767

00:27:58,789 --> 00:27:56,240

photographic

768

00:27:59,909 --> 00:27:58,799

anything that we can and just try to

769

00:28:03,430 --> 00:27:59,919

capture something

770

00:28:06,950 --> 00:28:03,440

i mean it could be a shadow

771

00:28:10,149 --> 00:28:06,960

you know on our on our infrared or

772

00:28:11,750 --> 00:28:10,159

on our thermal devices

773

00:28:13,269 --> 00:28:11,760

it could be a hot spot it could be a

774

00:28:15,669 --> 00:28:13,279

cold spot

775

00:28:17,990 --> 00:28:15,679

it could be pretty much anything we

776

00:28:21,669 --> 00:28:20,070

well there's only one way to do it just

777

00:28:25,190 --> 00:28:21,679

load up and go do it

778

00:28:27,110 --> 00:28:25,200

the next signing in uh clearfield county

779

00:28:28,630 --> 00:28:27,120

was kind of the one that got us going on

780

00:28:30,149 --> 00:28:28,640

this you know we had this other one we

781

00:28:32,070 --> 00:28:30,159

were looking at

782

00:28:35,590 --> 00:28:32,080

but uh you know i got an email from a

783

00:28:38,630 --> 00:28:35,600

guy he said i saw a werewolf

784

00:28:40,549 --> 00:28:38,640

that's nice then i then he said i uh i

785

00:28:42,470 --> 00:28:40,559

live in a small town called penfield

786

00:28:44,470 --> 00:28:42,480

pennsylvania and i'm thinking myself

787

00:28:47,669 --> 00:28:44,480

uh-oh

788

00:28:48,710 --> 00:28:47,679

what's going on well we just got playing

789

00:28:52,950 --> 00:28:48,720

game with me or whatever

790

00:28:54,630 --> 00:28:52,960

and now well before we get into that

791

00:28:56,070 --> 00:28:54,640

let's take our first break of the night

792

00:28:56,950 --> 00:28:56,080

here it might be our only break of the

793

00:28:59,590 --> 00:28:56,960

night

794

00:29:00,950 --> 00:28:59,600

and smoke them if you got them uh do

795

00:29:02,470 --> 00:29:00,960

whatever you need to folks we'll be back

796

00:29:04,950 --> 00:29:02,480

in just a couple minutes shawn forker

797

00:29:10,950 --> 00:29:04,960

lon strickler and butch witkowski

798

00:29:15,269 --> 00:29:13,269

and welcome back folks arcane radio sean

799

00:29:17,510 --> 00:29:15,279

forker launch strickler and our guest

800

00:29:18,870 --> 00:29:17,520

tonight mr butch wolkowski

801  
00:29:20,070 --> 00:29:18,880  
and gentlemen before we took a break

802  
00:29:21,510 --> 00:29:20,080  
we're getting ready to talk about the

803  
00:29:23,269 --> 00:29:21,520  
incidents in penfield

804  
00:29:24,870 --> 00:29:23,279  
which is right outside clearfield uh

805  
00:29:26,870 --> 00:29:24,880  
pennsylvania

806  
00:29:28,470 --> 00:29:26,880  
and uh you know guys a couple weeks ago

807  
00:29:30,710 --> 00:29:28,480  
lon you and i have been talking on the

808  
00:29:32,870 --> 00:29:30,720  
air and off the air that i was worried

809  
00:29:34,630 --> 00:29:32,880  
that by you know talking about these

810  
00:29:36,149 --> 00:29:34,640  
cases on the air we were going to create

811  
00:29:38,789 --> 00:29:36,159  
a sensation

812  
00:29:40,470 --> 00:29:38,799  
i'm glad i've been wrong on that uh but

813  
00:29:41,909 --> 00:29:40,480

more so uh

814

00:29:43,909 --> 00:29:41,919

when you thought we would get more

815

00:29:45,990 --> 00:29:43,919

sightings reports coming in because of

816

00:29:47,430 --> 00:29:46,000

how much we've been talking about it

817

00:29:48,789 --> 00:29:47,440

it hasn't been the quantity of the

818

00:29:50,310 --> 00:29:48,799

reports that have been coming in it's

819

00:29:53,909 --> 00:29:50,320

been the quality

820

00:29:55,029 --> 00:29:53,919

of the reports well i think i think for

821

00:29:56,950 --> 00:29:55,039

the most part

822

00:29:59,190 --> 00:29:56,960

some of the reports we got were high

823

00:30:01,269 --> 00:29:59,200

quality reports and uh

824

00:30:04,149 --> 00:30:01,279

especially like the one this this one

825

00:30:07,269 --> 00:30:04,159

i'm going to read about in penfield

826

00:30:11,669 --> 00:30:07,279

and the um the uh

827

00:30:13,669 --> 00:30:11,679

one report at uh in portage pa which

828

00:30:15,590 --> 00:30:13,679

stands up turned out to be two reports

829

00:30:16,870 --> 00:30:15,600

in the same location from two different

830

00:30:19,110 --> 00:30:16,880

witnesses

831

00:30:21,669 --> 00:30:19,120

and of course the another one which is

832

00:30:23,510 --> 00:30:21,679

in blair county outside of holidaysburg

833

00:30:25,350 --> 00:30:23,520

so uh yeah and they were all quality

834

00:30:28,630 --> 00:30:25,360

reports

835

00:30:31,669 --> 00:30:28,640

so well let me go ahead and introduce

836

00:30:33,350 --> 00:30:31,679

this uh deciding that this kind of got

837

00:30:37,750 --> 00:30:33,360

us going

838

00:30:41,510 --> 00:30:37,760

like i said before yeah i um

839

00:30:42,310 --> 00:30:41,520

i you know i got this email and i think

840

00:30:44,710 --> 00:30:42,320

it was i don't know

841

00:30:45,990 --> 00:30:44,720

what was it just about august i guess i

842

00:30:48,870 --> 00:30:46,000

got it i know

843

00:30:50,710 --> 00:30:48,880

the incident was in late july definitely

844

00:30:52,070 --> 00:30:50,720

but he said i saw a werewolf and i'm

845

00:30:54,070 --> 00:30:52,080

thinking okay here we go

846

00:30:55,510 --> 00:30:54,080

you know another one hello i live in a

847

00:30:58,789 --> 00:30:55,520

small town called penfield

848

00:31:00,470 --> 00:30:58,799

in clearfield county pennsylvania

849

00:31:02,470 --> 00:31:00,480

well right out the back i'm thinking now

850

00:31:05,190 --> 00:31:02,480

is somebody

851  
00:31:06,070 --> 00:31:05,200  
you know pulling my leg or whatever

852  
00:31:08,950 --> 00:31:06,080  
because that's

853  
00:31:11,029 --> 00:31:08,960  
not far from where you know the one that

854  
00:31:12,870 --> 00:31:11,039  
butch god came you know came from so

855  
00:31:14,950 --> 00:31:12,880  
this encounter happened in late july

856  
00:31:17,669 --> 00:31:14,960  
this year in 2015.

857  
00:31:18,070 --> 00:31:17,679  
i was driving home from work on boy

858  
00:31:20,950 --> 00:31:18,080  
scout

859  
00:31:23,269 --> 00:31:20,960  
road in penfield i used to stick to the

860  
00:31:25,669 --> 00:31:23,279  
main roads when driving home

861  
00:31:26,789 --> 00:31:25,679  
to some time take a back road to take in

862  
00:31:28,549 --> 00:31:26,799  
the scenery

863  
00:31:30,830 --> 00:31:28,559

now as i was coming around the bend i

864

00:31:33,110 --> 00:31:30,840

saw a large brownish tan

865

00:31:35,590 --> 00:31:33,120

creature crouching on the side of the

866

00:31:38,789 --> 00:31:35,600

road now this is daytime

867

00:31:40,549 --> 00:31:38,799

uh this was a late afternoon i slowed

868

00:31:42,389 --> 00:31:40,559

down to get a better look

869

00:31:43,990 --> 00:31:42,399

that's when it turned its head towards

870

00:31:47,350 --> 00:31:44,000

my vehicle

871

00:31:48,149 --> 00:31:47,360

it had a large head and yellow glow in

872

00:31:51,430 --> 00:31:48,159

its eyes

873

00:31:53,110 --> 00:31:51,440

and a long nose i

874

00:31:55,269 --> 00:31:53,120

couldn't i couldn't believe what i was

875

00:31:58,310 --> 00:31:55,279

looking at he was eating roadkill

876

00:31:59,990 --> 00:31:58,320

and i believe it was a deer now at that

877

00:32:02,470 --> 00:32:00,000

point i slammed my foot on the gas

878

00:32:04,149 --> 00:32:02,480

pedal and didn't let off the gas still

879

00:32:05,830 --> 00:32:04,159

reach my home

880

00:32:07,750 --> 00:32:05,840

and then jump the other car and ran into

881

00:32:09,590 --> 00:32:07,760

my house and lock my doors

882

00:32:11,750 --> 00:32:09,600

i grabbed my rifle from my closet and

883

00:32:13,990 --> 00:32:11,760

loaded it i went in my basement and took

884

00:32:15,830 --> 00:32:14,000

out a silver letter opener

885

00:32:17,190 --> 00:32:15,840

that i'd gotten that my grandfather

886

00:32:20,470 --> 00:32:17,200

passed away

887

00:32:22,149 --> 00:32:20,480

so this guy's freaking out well anyway

888

00:32:23,590 --> 00:32:22,159

he later said i haven't seen anything

889

00:32:25,269 --> 00:32:23,600

since

890

00:32:26,710 --> 00:32:25,279

but i would like to add that about a

891

00:32:30,950 --> 00:32:26,720

month prior to this

892

00:32:33,350 --> 00:32:30,960

i was at a local minute mark getting gas

893

00:32:34,470 --> 00:32:33,360

a game commissioner officer pulled up to

894

00:32:36,789 --> 00:32:34,480

the next pump

895

00:32:37,909 --> 00:32:36,799

attached to his truck was a trailer and

896

00:32:41,430 --> 00:32:37,919

in that trailer was an

897

00:32:41,990 --> 00:32:41,440

elk a lot of elk have radio collars and

898

00:32:44,230 --> 00:32:42,000

when one

899

00:32:47,190 --> 00:32:44,240

dies it's the game commissioner's job to

900

00:32:48,789 --> 00:32:47,200

figure out how it died and take samples

901  
00:32:50,789 --> 00:32:48,799  
so i asked the man i said what had

902  
00:32:52,470 --> 00:32:50,799  
happened to it you know it was about a

903  
00:32:53,509 --> 00:32:52,480  
young elk about two to three years at

904  
00:32:55,430 --> 00:32:53,519  
most

905  
00:32:58,389 --> 00:32:55,440  
it looked fine to me except for the fact

906  
00:33:01,269 --> 00:32:58,399  
that it's throat was slit

907  
00:33:03,110 --> 00:33:01,279  
he told me that he had no clue and that

908  
00:33:05,909 --> 00:33:03,120  
when he found it the collar had been

909  
00:33:08,230 --> 00:33:05,919  
it had been wearing was about 10 foot

910  
00:33:10,070 --> 00:33:08,240  
away

911  
00:33:12,630 --> 00:33:10,080  
he said at first they thought it was a

912  
00:33:14,310 --> 00:33:12,640  
bear as it was the only animal around

913  
00:33:17,990 --> 00:33:14,320

there that large enough to take one

914

00:33:21,350 --> 00:33:18,000

down a bull elk but there was no

915

00:33:21,669 --> 00:33:21,360

evidence indicating a bear plus he told

916

00:33:24,870 --> 00:33:21,679

me

917

00:33:26,630 --> 00:33:24,880

the cut on the throat was too clean

918

00:33:28,470 --> 00:33:26,640

after that conversation i didn't think

919

00:33:29,750 --> 00:33:28,480

too much about it until i saw this thing

920

00:33:33,509 --> 00:33:29,760

the other night

921

00:33:37,269 --> 00:33:33,519

or that not that night he's nice he's a

922

00:33:39,590 --> 00:33:37,279

very fact-based person and you know

923

00:33:41,430 --> 00:33:39,600

he's uh you know he's been he's lived in

924

00:33:42,470 --> 00:33:41,440

the area a long time always like

925

00:33:44,470 --> 00:33:42,480

basically

926  
00:33:45,909 --> 00:33:44,480  
so you know i got on the horn with this

927  
00:33:48,070 --> 00:33:45,919  
this guy

928  
00:33:50,070 --> 00:33:48,080  
and i'm thinking well you know i'm gonna

929  
00:33:52,070 --> 00:33:50,080  
be careful about how i talk to him

930  
00:33:53,590 --> 00:33:52,080  
so i contacted him right away and you

931  
00:33:55,430 --> 00:33:53,600  
know i couldn't

932  
00:33:56,710 --> 00:33:55,440  
he couldn't add any more information

933  
00:33:58,630 --> 00:33:56,720  
though

934  
00:34:02,230 --> 00:33:58,640  
it was you know it was determined be

935  
00:34:05,269 --> 00:34:02,240  
bipedal since it crashed on two legs

936  
00:34:06,310 --> 00:34:05,279  
uh i got the impression he was pretty

937  
00:34:09,909 --> 00:34:06,320  
shook up

938  
00:34:11,510 --> 00:34:09,919

and he's you know he wasn't really sure

939

00:34:13,430 --> 00:34:11,520

he wanted to report it

940

00:34:15,430 --> 00:34:13,440

but i did getting i did get him to get

941

00:34:16,310 --> 00:34:15,440

into a few more details so what we did

942

00:34:19,349 --> 00:34:16,320

we got

943

00:34:19,669 --> 00:34:19,359

uh i got an area about where it was seen

944

00:34:23,030 --> 00:34:19,679

at

945

00:34:24,629 --> 00:34:23,040

i got the gps and everything and uh

946

00:34:25,990 --> 00:34:24,639

this is where we're gonna be that's

947

00:34:30,710 --> 00:34:26,000

we're pushed and then we're gonna be

948

00:34:39,510 --> 00:34:34,470

so there you go the penfield predator

949

00:34:42,950 --> 00:34:39,520

and the blair county the blair county

950

00:34:49,190 --> 00:34:42,960

well the blair county is setting

951  
00:34:52,230 --> 00:34:49,200  
um let me see here let me pull right up

952  
00:34:52,869 --> 00:34:52,240  
as lon searches the archives i'm pulling

953  
00:34:55,829 --> 00:34:52,879  
them down i

954  
00:34:56,310 --> 00:34:55,839  
i i we should have some music in the

955  
00:34:58,790 --> 00:34:56,320  
background i

956  
00:35:00,310 --> 00:34:58,800  
had the um i had the cambrian county up

957  
00:35:04,310 --> 00:35:00,320  
there first

958  
00:35:07,430 --> 00:35:04,320  
before that okay out of sync here we go

959  
00:35:11,270 --> 00:35:07,440  
uh i got this on uh

960  
00:35:13,829 --> 00:35:11,280  
september 3rd 2015. i'm currently a

961  
00:35:15,910 --> 00:35:13,839  
resident of altoona pa

962  
00:35:17,990 --> 00:35:15,920  
i'm writing this to report a strange

963  
00:35:19,589 --> 00:35:18,000

encounter i experienced with a friend of

964

00:35:23,510 --> 00:35:19,599

mine in the early morning hours of

965

00:35:25,510 --> 00:35:23,520

sunday march 17 2013.

966

00:35:27,030 --> 00:35:25,520

the incident is now over two years old i

967

00:35:29,750 --> 00:35:27,040

chose not to report this

968

00:35:31,990 --> 00:35:29,760

event prior to now due to the

969

00:35:33,109 --> 00:35:32,000

unwillingness to expose myself or my

970

00:35:36,230 --> 00:35:33,119

family and friends

971

00:35:38,790 --> 00:35:36,240

to public scrutiny

972

00:35:41,030 --> 00:35:38,800

in light of the recent spat of similar

973

00:35:42,950 --> 00:35:41,040

sightings in central pennsylvania

974

00:35:45,190 --> 00:35:42,960

i have changed my mind he had been

975

00:35:48,150 --> 00:35:45,200

reading the blog

976  
00:35:49,910 --> 00:35:48,160  
perhaps perhaps our experience will help

977  
00:35:51,589 --> 00:35:49,920  
with the current research

978  
00:35:53,670 --> 00:35:51,599  
as such i would like to make my

979  
00:35:55,430 --> 00:35:53,680  
attention clear that myself

980  
00:35:57,589 --> 00:35:55,440  
and any person has mentioned please

981  
00:36:00,710 --> 00:35:57,599  
retain an anemone

982  
00:36:02,069 --> 00:36:00,720  
at this time reporting a big 40 or ufo

983  
00:36:05,510 --> 00:36:02,079  
sighting is one thing

984  
00:36:08,390 --> 00:36:05,520  
but this is something different

985  
00:36:08,950 --> 00:36:08,400  
on the evening in question a friend and

986  
00:36:21,109 --> 00:36:08,960  
i

987  
00:36:24,550 --> 00:36:21,119  
30 a.m to 2

988  
00:36:28,069 --> 00:36:24,560

00 o'clock am on the morning morning of

989

00:36:29,589 --> 00:36:28,079

march 17th we were traveling southwest

990

00:36:31,829 --> 00:36:29,599

on route 22

991

00:36:33,510 --> 00:36:31,839

through what is it locally known as

992

00:36:36,470 --> 00:36:33,520

geezy dam

993

00:36:37,990 --> 00:36:36,480

it's a rural suburb of holidaysburg

994

00:36:41,030 --> 00:36:38,000

pennsylvania

995

00:36:43,430 --> 00:36:41,040

as we rounded a little curve in the road

996

00:36:46,310 --> 00:36:43,440

our attention was drawn to our left on

997

00:36:49,349 --> 00:36:46,320

the opposite side of the road

998

00:36:51,430 --> 00:36:49,359

standing squatting in the clearing a few

999

00:36:54,950 --> 00:36:51,440

foot off the side of the road

1000

00:36:55,670 --> 00:36:54,960

was some kind of creature our friend

1001  
00:36:58,390 --> 00:36:55,680  
wasn't

1002  
00:36:59,910 --> 00:36:58,400  
driving very fast and and slowed a bit

1003  
00:37:02,550 --> 00:36:59,920  
as we approached

1004  
00:37:05,430 --> 00:37:02,560  
our initial view of it was from the

1005  
00:37:07,910 --> 00:37:05,440  
dorsal side

1006  
00:37:10,069 --> 00:37:07,920  
as i was facing away from as it was

1007  
00:37:12,790 --> 00:37:10,079  
facing away from us

1008  
00:37:13,270 --> 00:37:12,800  
it came into profile as we pass with it

1009  
00:37:17,430 --> 00:37:13,280  
right

1010  
00:37:19,589 --> 00:37:17,440  
side to us it struck me immediately that

1011  
00:37:22,630 --> 00:37:19,599  
the creature had a combination

1012  
00:37:24,710 --> 00:37:22,640  
of both human and canine features it was

1013  
00:37:26,069 --> 00:37:24,720

squatting down on its legs close to the

1014

00:37:29,430 --> 00:37:26,079

ground

1015

00:37:32,710 --> 00:37:29,440

but was doing so in a bipedal fashion

1016

00:37:35,829 --> 00:37:32,720

the legs had a stiffer joint and hawk

1017

00:37:38,790 --> 00:37:35,839

characteristic of a canine not like a

1018

00:37:42,069 --> 00:37:40,790

a stifle that's a stifle joint i'm sorry

1019

00:37:44,630 --> 00:37:42,079

stable joint

1020

00:37:45,589 --> 00:37:44,640

uh it had his front limbs and arms in

1021

00:37:47,910 --> 00:37:45,599

front of it

1022

00:37:50,950 --> 00:37:47,920

and i believe it was possibly crouching

1023

00:37:53,030 --> 00:37:50,960

over something maybe a smaller animal

1024

00:37:54,470 --> 00:37:53,040

the arms were long in proportion to the

1025

00:37:56,870 --> 00:37:54,480

body

1026  
00:37:57,829 --> 00:37:56,880  
i recall thinking the hands were more

1027  
00:38:01,430 --> 00:37:57,839  
human-like

1028  
00:38:03,750 --> 00:38:01,440  
as opposed to paul's his torso seemed

1029  
00:38:05,190 --> 00:38:03,760  
to be somewhat hunched over hunched

1030  
00:38:08,390 --> 00:38:05,200  
forward

1031  
00:38:08,950 --> 00:38:08,400  
i had impression that at the time it

1032  
00:38:12,230 --> 00:38:08,960  
could have

1033  
00:38:14,230 --> 00:38:12,240  
gone on all fours quite comfortably

1034  
00:38:16,550 --> 00:38:14,240  
the creature's chest was not broad like

1035  
00:38:19,829 --> 00:38:16,560  
a humans but had a pronounced forward

1036  
00:38:22,710 --> 00:38:19,839  
angle breast bone like a candid

1037  
00:38:23,670 --> 00:38:22,720  
it came it gave an impression of great

1038  
00:38:25,349 --> 00:38:23,680

strength

1039

00:38:27,349 --> 00:38:25,359

having distinct and well-defined

1040

00:38:30,870 --> 00:38:27,359

musculature but was not

1041

00:38:35,349 --> 00:38:30,880

built on a massive frame it seemed more

1042

00:38:38,630 --> 00:38:35,359

thin and sinewy if i had stood if it had

1043

00:38:40,550 --> 00:38:38,640

stood uh fully erect

1044

00:38:43,190 --> 00:38:40,560

i would estimate that the creature would

1045

00:38:45,430 --> 00:38:43,200

have been close to seven foot tall

1046

00:38:47,829 --> 00:38:45,440

it was covered in fur that was gray

1047

00:38:51,270 --> 00:38:47,839

silver and color

1048

00:38:52,710 --> 00:38:51,280

the creature seemed unnaturally shiny

1049

00:38:54,230 --> 00:38:52,720

although this could have been a

1050

00:38:55,430 --> 00:38:54,240

reflection from the headlights of the

1051  
00:38:58,790 --> 00:38:55,440  
moon

1052  
00:39:01,430 --> 00:38:58,800  
i had it had plenty erect

1053  
00:39:01,910 --> 00:39:01,440  
keen nine years that were somewhat laid

1054  
00:39:05,589 --> 00:39:01,920  
back

1055  
00:39:06,390 --> 00:39:05,599  
on its head the head was largely very

1056  
00:39:09,349 --> 00:39:06,400  
wolf-like

1057  
00:39:09,829 --> 00:39:09,359  
in overall appearance the muzzle was

1058  
00:39:13,750 --> 00:39:09,839  
also

1059  
00:39:17,750 --> 00:39:13,760  
although

1060  
00:39:20,390 --> 00:39:17,760  
the snout wasn't exceptionally elongated

1061  
00:39:22,470 --> 00:39:20,400  
he had canine-like teeth to the best of

1062  
00:39:25,190 --> 00:39:22,480  
my recollection the eyes were

1063  
00:39:26,150 --> 00:39:25,200

amberish color but may have had a

1064

00:39:28,630 --> 00:39:26,160

reddish glow

1065

00:39:30,310 --> 00:39:28,640

reflection to them it had a wolf-like

1066

00:39:33,750 --> 00:39:30,320

tail and it turned its head

1067

00:39:38,230 --> 00:39:33,760

to watch us and track us as we passed

1068

00:39:43,109 --> 00:39:40,870

my friend and i continued in stunned

1069

00:39:44,950 --> 00:39:43,119

silence for a few minutes

1070

00:39:48,550 --> 00:39:44,960

when the creature was no longer in view

1071

00:39:54,710 --> 00:39:51,589

what we had just seen just

1072

00:39:58,069 --> 00:39:54,720

you know it looked like a werewolf well

1073

00:40:00,390 --> 00:39:58,079

that was exact words i uh

1074

00:40:01,829 --> 00:40:00,400

i agree that this was pretty much my own

1075

00:40:04,230 --> 00:40:01,839

assessment

1076  
00:40:06,470 --> 00:40:04,240  
i asked if he could turn the car around

1077  
00:40:08,630 --> 00:40:06,480  
but he absolutely refused to do so

1078  
00:40:09,670 --> 00:40:08,640  
he spent the rest of the trip debating

1079  
00:40:12,069 --> 00:40:09,680  
whether i could

1080  
00:40:13,430 --> 00:40:12,079  
have been a dog or even someone's

1081  
00:40:16,470 --> 00:40:13,440  
escaped pet wolf

1082  
00:40:18,710 --> 00:40:16,480  
but to be honest it just wasn't i'm sure

1083  
00:40:21,030 --> 00:40:18,720  
that both my friends and i are

1084  
00:40:22,470 --> 00:40:21,040  
a friend of our experienced outdoorsman

1085  
00:40:24,790 --> 00:40:22,480  
and neither one of us has ever seen

1086  
00:40:26,950 --> 00:40:24,800  
anything fitting at the scripture before

1087  
00:40:29,430 --> 00:40:26,960  
i was actually raised not far from the

1088  
00:40:31,510 --> 00:40:29,440

area and i know it quite well

1089

00:40:33,270 --> 00:40:31,520

i have spoken to my friend about this

1090

00:40:36,230 --> 00:40:33,280

neither one of us would be

1091

00:40:38,790 --> 00:40:36,240

willing to take a polygraph and feel

1092

00:40:41,349 --> 00:40:38,800

free to contact us with questions

1093

00:40:43,190 --> 00:40:41,359

and i had the opportunity to speak both

1094

00:40:45,990 --> 00:40:43,200

witnesses

1095

00:40:47,829 --> 00:40:46,000

and each mentioned an interesting point

1096

00:40:50,829 --> 00:40:47,839

which was that

1097

00:40:52,390 --> 00:40:50,839

this creature had a silvery aura around

1098

00:40:55,589 --> 00:40:52,400

it you know

1099

00:40:58,230 --> 00:40:55,599

that's that's a description

1100

00:40:59,589 --> 00:40:58,240

i don't think i've ever even heard any

1101  
00:41:00,710 --> 00:40:59,599  
of these other ones you know i asked

1102  
00:41:02,710 --> 00:41:00,720  
other people and i

1103  
00:41:04,230 --> 00:41:02,720  
i don't think that's been something

1104  
00:41:05,910 --> 00:41:04,240  
that's come up

1105  
00:41:07,270 --> 00:41:05,920  
that said you know like it raised attack

1106  
00:41:09,030 --> 00:41:07,280  
you know it

1107  
00:41:10,710 --> 00:41:09,040  
raised his hackles a bit because it

1108  
00:41:12,870 --> 00:41:10,720  
suggested like a

1109  
00:41:14,470 --> 00:41:12,880  
supernatural aspect may exist with this

1110  
00:41:18,870 --> 00:41:14,480  
thing

1111  
00:41:21,030 --> 00:41:18,880  
so there you go what do we got

1112  
00:41:22,390 --> 00:41:21,040  
yeah and another feature that another

1113  
00:41:23,670 --> 00:41:22,400

feature that shows up in a lot of

1114

00:41:26,950 --> 00:41:23,680

reports

1115

00:41:31,270 --> 00:41:26,960

is the eyes being yellow or gl or

1116

00:41:33,589 --> 00:41:31,280

glowing yellow or glowing amber not red

1117

00:41:34,470 --> 00:41:33,599

and you know out in the western part of

1118

00:41:37,030 --> 00:41:34,480

the state

1119

00:41:37,510 --> 00:41:37,040

uh from mercer county and westmoreland

1120

00:41:40,870 --> 00:41:37,520

and all

1121

00:41:41,430 --> 00:41:40,880

out through there uh the cue the center

1122

00:41:43,829 --> 00:41:41,440

for uh

1123

00:41:45,270 --> 00:41:43,839

unexplained events group with brian

1124

00:41:47,670 --> 00:41:45,280

seach

1125

00:41:49,510 --> 00:41:47,680

and stan gordon i mean they have theirs

1126

00:41:51,190 --> 00:41:49,520

they have these reports out there that

1127

00:41:55,829 --> 00:41:51,200

go back years

1128

00:41:59,750 --> 00:41:55,839

and so um you know are we dealing with

1129

00:42:01,510 --> 00:41:59,760

um first of all i want to say this i

1130

00:42:02,150 --> 00:42:01,520

can't find any reports in the eastern

1131

00:42:05,910 --> 00:42:02,160

part of the

1132

00:42:07,430 --> 00:42:05,920

east i can get where i get a report is

1133

00:42:09,990 --> 00:42:07,440

schuylkill county other than that

1134

00:42:13,589 --> 00:42:10,000

nothing north nothing south

1135

00:42:15,430 --> 00:42:13,599

but then just when i

1136

00:42:16,710 --> 00:42:15,440

say that i come up with one in bucks

1137

00:42:20,550 --> 00:42:16,720

county

1138

00:42:23,990 --> 00:42:20,560

pennsylvania back in uh the late 1800s

1139

00:42:24,630 --> 00:42:24,000

almost 1900 and it describes the same

1140

00:42:27,190 --> 00:42:24,640

damn

1141

00:42:29,349 --> 00:42:27,200

animal creature whatever that we're

1142

00:42:31,270 --> 00:42:29,359

looking for

1143

00:42:32,630 --> 00:42:31,280

now that's very strange but back in

1144

00:42:33,829 --> 00:42:32,640

those days you know bucks county was

1145

00:42:36,550 --> 00:42:33,839

probably a lot of woods and

1146

00:42:37,589 --> 00:42:36,560

not too many folks you know i have to

1147

00:42:39,670 --> 00:42:37,599

tell you butch

1148

00:42:41,910 --> 00:42:39,680

and lawn it's only been recently maybe

1149

00:42:43,349 --> 00:42:41,920

the last 10 years that bigfoot reports

1150

00:42:44,309 --> 00:42:43,359

have been coming out of the eastern part

1151

00:42:45,349 --> 00:42:44,319

of the state

1152

00:42:47,109 --> 00:42:45,359

you've been getting out of the

1153

00:42:48,710 --> 00:42:47,119

southwestern part of the state since the

1154

00:42:49,990 --> 00:42:48,720

70s but you really haven't been getting

1155

00:42:52,710 --> 00:42:50,000

them out of the

1156

00:42:53,670 --> 00:42:52,720

northeastern central pennsylvania uh

1157

00:42:55,109 --> 00:42:53,680

area it's been

1158

00:42:57,109 --> 00:42:55,119

you know there's not i guess it's

1159

00:42:58,309 --> 00:42:57,119

because folks don't really know

1160

00:42:59,829 --> 00:42:58,319

there's someone out there to collect

1161

00:43:01,589 --> 00:42:59,839

these stories and it's also a little bit

1162

00:43:03,270 --> 00:43:01,599

more of a conservative area

1163

00:43:04,630 --> 00:43:03,280

you know you have experienced hunters

1164

00:43:06,470 --> 00:43:04,640

out this way

1165

00:43:08,870 --> 00:43:06,480

you know it's a very rural area you

1166

00:43:10,230 --> 00:43:08,880

don't have as many you know big cities

1167

00:43:11,750 --> 00:43:10,240

you know to get to philadelphia or

1168

00:43:13,109 --> 00:43:11,760

pittsburgh you know both opposite ends

1169

00:43:14,069 --> 00:43:13,119

of the state but everything else in the

1170

00:43:15,349 --> 00:43:14,079

middle

1171

00:43:16,950 --> 00:43:15,359

you know for the most part guys is

1172

00:43:18,230 --> 00:43:16,960

really wooded and i think people don't

1173

00:43:20,870 --> 00:43:18,240

really appreciate that unless you live

1174

00:43:23,750 --> 00:43:20,880

in pennsylvania

1175

00:43:24,790 --> 00:43:23,760

oh yeah yeah i mean pennsylvania it's

1176

00:43:26,230 --> 00:43:24,800

just like

1177

00:43:27,670 --> 00:43:26,240

some areas you go to pennsylvania and

1178

00:43:27,990 --> 00:43:27,680

people like you say people don't realize

1179

00:43:37,990 --> 00:43:28,000

it

1180

00:43:39,349 --> 00:43:38,000

that you know you'd walk into some place

1181

00:43:40,710 --> 00:43:39,359

that

1182

00:43:42,870 --> 00:43:40,720

it just looks like nobody ever touched

1183

00:43:47,270 --> 00:43:42,880

it before nobody was even there

1184

00:43:48,950 --> 00:43:47,280

and uh you know i knew i mean i

1185

00:43:51,030 --> 00:43:48,960

you know i used to go hunting a lot when

1186

00:43:54,150 --> 00:43:51,040

i was younger when i lived in pa

1187

00:43:57,190 --> 00:43:54,160

and it always amazed me how

1188

00:43:59,030 --> 00:43:57,200

uh how

1189

00:44:01,109 --> 00:43:59,040

untouched everything seemed to be and

1190

00:44:02,470 --> 00:44:01,119

it's still like that

1191

00:44:04,390 --> 00:44:02,480

we do have a couple questions from the

1192

00:44:07,829 --> 00:44:04,400

chat guys one from zugman

1193

00:44:08,390 --> 00:44:07,839

uh he or they would like to know if

1194

00:44:11,430 --> 00:44:08,400

there's been

1195

00:44:15,190 --> 00:44:11,440

any stories of disappearances of people

1196

00:44:17,190 --> 00:44:15,200

connected with dogman encounters

1197

00:44:19,349 --> 00:44:17,200

there's reports of missing people but

1198

00:44:21,510 --> 00:44:19,359

not not with dogman encounters

1199

00:44:22,790 --> 00:44:21,520

that we can find or that they don't know

1200

00:44:25,910 --> 00:44:22,800

it was a dog man

1201

00:44:27,910 --> 00:44:25,920

right right yeah i hate when you say

1202

00:44:29,829 --> 00:44:27,920

that line or that we know of

1203

00:44:32,230 --> 00:44:29,839

there's just something so sinister about

1204

00:44:36,790 --> 00:44:35,109

well you know this this missing 411

1205

00:44:39,750 --> 00:44:36,800

thing that uh that

1206

00:44:41,430 --> 00:44:39,760

david palladis has been writing about

1207

00:44:43,270 --> 00:44:41,440

now for a couple years

1208

00:44:45,670 --> 00:44:43,280

it's one of those things too you know

1209

00:44:49,030 --> 00:44:45,680

there's disappearances but then again

1210

00:44:52,150 --> 00:44:49,040

why or what is doing all this

1211

00:44:54,390 --> 00:44:52,160

uh who's this adult

1212

00:44:55,829 --> 00:44:54,400

is doing the same thing yeah this case i

1213

00:44:57,990 --> 00:44:55,839

was talking about in bucks county

1214

00:44:58,870 --> 00:44:58,000

now the original report uh takes place

1215

00:45:02,870 --> 00:44:58,880

back on june 6

1216

00:45:03,910 --> 00:45:02,880

1866 and it's a report of uh it was in

1217

00:45:07,670 --> 00:45:03,920

the paper uh

1218

00:45:09,190 --> 00:45:07,680

in that date and uh it said

1219

00:45:10,710 --> 00:45:09,200

uh reports of a wolf-like creature

1220

00:45:11,990 --> 00:45:10,720

attacking a group of canal boat

1221

00:45:13,990 --> 00:45:12,000

travelers

1222

00:45:15,750 --> 00:45:14,000

was filed with local authorities these

1223

00:45:17,750 --> 00:45:15,760

documents are preserved today at the

1224

00:45:19,109 --> 00:45:17,760

yardley borough hall i have requested

1225

00:45:21,589 --> 00:45:19,119

those and they said they're going to

1226

00:45:23,910 --> 00:45:21,599

send them but i haven't gotten them yet

1227

00:45:25,670 --> 00:45:23,920

sightings of the wolf have increased

1228

00:45:27,349 --> 00:45:25,680

over the years although the stories

1229

00:45:30,309 --> 00:45:27,359

remain questionable

1230

00:45:32,710 --> 00:45:30,319

the only known photo was taken in 1978

1231

00:45:34,470 --> 00:45:32,720

by a local resident theodore sheffield

1232

00:45:35,990 --> 00:45:34,480

and the photo shows what appears to be a

1233

00:45:38,390 --> 00:45:36,000

large wolf that is also

1234

00:45:41,510 --> 00:45:38,400

at that location that i requested from

1235

00:45:45,510 --> 00:45:43,750

now sheffield evidently passed away many

1236

00:45:47,030 --> 00:45:45,520

many years ago

1237

00:45:49,109 --> 00:45:47,040

but i'm still waiting for that

1238

00:45:50,390 --> 00:45:49,119

information so did somebody actually get

1239

00:45:51,990 --> 00:45:50,400

a picture of this and it's one of the

1240

00:45:53,430 --> 00:45:52,000

only reports that we see where

1241

00:45:55,190 --> 00:45:53,440

a wolf-like creature has attacked

1242

00:45:56,630 --> 00:45:55,200

anybody

1243

00:45:58,790 --> 00:45:56,640

i mean they've scared people half to

1244

00:46:01,109 --> 00:45:58,800

death or probably closer to that

1245

00:46:02,150 --> 00:46:01,119

but uh it's the only one where we can

1246

00:46:04,390 --> 00:46:02,160

find uh

1247

00:46:05,589 --> 00:46:04,400

where uh this this type of creature has

1248

00:46:08,790 --> 00:46:05,599

uh attacked

1249

00:46:12,870 --> 00:46:10,630

well the um you know i just hope it

1250

00:46:15,910 --> 00:46:12,880

stays that way yeah before we got that

1251  
00:46:16,630 --> 00:46:15,920  
that blair county report we received a

1252  
00:46:18,470 --> 00:46:16,640  
report

1253  
00:46:19,910 --> 00:46:18,480  
from portage pa which is in cambria

1254  
00:46:22,870 --> 00:46:19,920  
county

1255  
00:46:23,430 --> 00:46:22,880  
now you know that's not that far away

1256  
00:46:28,230 --> 00:46:23,440  
from

1257  
00:46:29,829 --> 00:46:28,240  
it's almost like 20 miles but nothing

1258  
00:46:31,510 --> 00:46:29,839  
really it's not even that far

1259  
00:46:32,870 --> 00:46:31,520  
from the the clear field settings it's

1260  
00:46:36,950 --> 00:46:32,880  
almost like it's

1261  
00:46:38,870 --> 00:46:36,960  
an area there and uh

1262  
00:46:40,550 --> 00:46:38,880  
we had some members of the pennsylvania

1263  
00:46:44,150 --> 00:46:40,560

bigfoot society

1264

00:46:49,589 --> 00:46:46,550

do the um do the interview with the

1265

00:46:53,829 --> 00:46:49,599

witnesses after they had contacted me

1266

00:46:57,109 --> 00:46:53,839

and um it was interesting because

1267

00:46:59,190 --> 00:46:57,119

you know they're their interviews were

1268

00:47:00,630 --> 00:46:59,200

pretty much close to what ours came

1269

00:47:02,710 --> 00:47:00,640

you know what she said to me in the

1270

00:47:03,510 --> 00:47:02,720

interview but but another thing was they

1271

00:47:08,710 --> 00:47:03,520

ran across

1272

00:47:12,710 --> 00:47:08,720

another incident at the same place

1273

00:47:15,750 --> 00:47:12,720

by another witness um

1274

00:47:18,790 --> 00:47:15,760

same description everything the uh

1275

00:47:21,910 --> 00:47:18,800

the hawked legs in particular though

1276

00:47:23,990 --> 00:47:21,920

they didn't see uh they didn't see a

1277

00:47:25,990 --> 00:47:24,000

head or torso they just saw the big hot

1278

00:47:27,349 --> 00:47:26,000

legs that were on you know that were

1279

00:47:29,430 --> 00:47:27,359

bipedal

1280

00:47:31,349 --> 00:47:29,440

and it was in the uh it was in the park

1281

00:47:34,549 --> 00:47:31,359

in the town of uh

1282

00:47:37,990 --> 00:47:34,559

portage as well so

1283

00:47:39,670 --> 00:47:38,000

uh and from what i understand they may

1284

00:47:41,109 --> 00:47:39,680

not have been the only two there may be

1285

00:47:42,630 --> 00:47:41,119

another one as well but

1286

00:47:44,710 --> 00:47:42,640

we're gonna try to follow i'm trying to

1287

00:47:48,150 --> 00:47:44,720

follow up on that and see if something

1288

00:47:50,390 --> 00:47:48,160

had come in a couple years before that

1289

00:47:52,870 --> 00:47:50,400

another question we got here guys is

1290

00:47:54,790 --> 00:47:52,880

from patricia and she'd like to know

1291

00:47:56,549 --> 00:47:54,800

are there any theories on where it beds

1292

00:47:59,829 --> 00:47:56,559

down are there any caves

1293

00:48:02,870 --> 00:48:01,829

well that's what we'll be looking i mean

1294

00:48:04,069 --> 00:48:02,880

that's that's some of the stuff we're

1295

00:48:05,589 --> 00:48:04,079

going to be looking for to see if we

1296

00:48:09,349 --> 00:48:05,599

can't find

1297

00:48:10,549 --> 00:48:09,359

uh you know anything like that in the

1298

00:48:14,950 --> 00:48:10,559

area

1299

00:48:16,790 --> 00:48:14,960

we do got some cave maps that we got

1300

00:48:19,030 --> 00:48:16,800

and the closest one to where we're gonna

1301  
00:48:21,109 --> 00:48:19,040  
be is about

1302  
00:48:23,349 --> 00:48:21,119  
four and a half five mile away but it's

1303  
00:48:25,990 --> 00:48:23,359  
not a very deep cave it's um

1304  
00:48:27,030 --> 00:48:26,000  
maybe ten foot deep they say and maybe

1305  
00:48:28,950 --> 00:48:27,040  
ten foot high

1306  
00:48:31,030 --> 00:48:28,960  
and about thirty foot wide so it's more

1307  
00:48:34,230 --> 00:48:31,040  
like a crevice than there's a cave

1308  
00:48:36,470 --> 00:48:34,240  
but uh i don't have anything yet on the

1309  
00:48:37,990 --> 00:48:36,480  
other parts of the state and up in

1310  
00:48:39,109 --> 00:48:38,000  
school county you know there's a cave

1311  
00:48:40,790 --> 00:48:39,119  
every two blocks

1312  
00:48:42,870 --> 00:48:40,800  
or an old mine or something like that

1313  
00:48:46,230 --> 00:48:42,880

but in the area we're going

1314

00:48:48,950 --> 00:48:46,240

uh only we can only find one now what we

1315

00:48:51,589 --> 00:48:48,960

will also look for while we're there is

1316

00:48:52,390 --> 00:48:51,599

you know maybe old old homes or

1317

00:48:54,309 --> 00:48:52,400

factories

1318

00:48:55,670 --> 00:48:54,319

or old buildings that are either

1319

00:48:57,990 --> 00:48:55,680

abandoned or

1320

00:48:59,670 --> 00:48:58,000

you know maybe still intact halfway that

1321

00:49:03,990 --> 00:48:59,680

something could be hiding in there or

1322

00:49:08,150 --> 00:49:05,349

i haven't decided who i'm going to let

1323

00:49:08,160 --> 00:49:11,589

there you go i'll get stuck

1324

00:49:15,430 --> 00:49:13,910

it's not going to be me buddy no

1325

00:49:16,549 --> 00:49:15,440

seriously i it's

1326

00:49:18,470 --> 00:49:16,559

it's something that we're going to look

1327

00:49:20,549 --> 00:49:18,480

at we're going to take a culmination of

1328

00:49:23,670 --> 00:49:20,559

everything we've learned over the years

1329

00:49:24,549 --> 00:49:23,680

in in ufology and in the equipment we

1330

00:49:26,870 --> 00:49:24,559

use there and

1331

00:49:28,150 --> 00:49:26,880

in bigfoot research and in the

1332

00:49:29,190 --> 00:49:28,160

paranormal research we're just going to

1333

00:49:31,589 --> 00:49:29,200

have

1334

00:49:32,870 --> 00:49:31,599

take everything and throw everything up

1335

00:49:34,950 --> 00:49:32,880

and you know

1336

00:49:36,630 --> 00:49:34,960

that's it we have no other way of doing

1337

00:49:37,750 --> 00:49:36,640

this so we've got to conduct it like

1338

00:49:39,670 --> 00:49:37,760

we're doing

1339

00:49:40,870 --> 00:49:39,680

all types of investigations on one

1340

00:49:43,829 --> 00:49:40,880

investigation

1341

00:49:44,549 --> 00:49:43,839

and see what gets us in the best way or

1342

00:49:47,910 --> 00:49:44,559

the best

1343

00:49:53,430 --> 00:49:47,920

direction and then take it from there

1344

00:49:56,470 --> 00:49:53,440

folks you can call in at 570-478-0902

1345

00:49:58,309 --> 00:49:56,480

or skype in at forker media on skype

1346

00:50:00,150 --> 00:49:58,319

we'll take your calls tonight

1347

00:50:02,150 --> 00:50:00,160

uh until then if you don't want to call

1348

00:50:04,069 --> 00:50:02,160

that's okay we're not a phone dating

1349

00:50:06,630 --> 00:50:04,079

service though and not another type of

1350

00:50:08,069 --> 00:50:06,640

phone line so just be mindful that it's

1351

00:50:09,510 --> 00:50:08,079

it's been us in the past and we've tried

1352

00:50:11,109 --> 00:50:09,520

to take phone calls live

1353

00:50:12,710 --> 00:50:11,119

but we'll try to be as professional as

1354

00:50:15,829 --> 00:50:12,720

possible as long as you do

1355

00:50:18,710 --> 00:50:15,839

uh anyhow back to you juan yeah uh

1356

00:50:20,309 --> 00:50:18,720

and subsequently we've received a few

1357

00:50:25,349 --> 00:50:20,319

reports here and there i had

1358

00:50:27,030 --> 00:50:25,359

gotten i talked to linda godfrey

1359

00:50:29,430 --> 00:50:27,040

you know during this period we've been

1360

00:50:31,349 --> 00:50:29,440

getting these reports and she told me of

1361

00:50:34,870 --> 00:50:31,359

a habituation

1362

00:50:37,589 --> 00:50:34,880

situation just west of harrisburg

1363

00:50:38,950 --> 00:50:37,599

uh which i figured was cumberland county

1364

00:50:40,870 --> 00:50:38,960

because quite frankly

1365

00:50:43,030 --> 00:50:40,880

i had heard the same i had something

1366

00:50:45,750 --> 00:50:43,040

similar in the area of uh

1367

00:50:47,190 --> 00:50:45,760

newville now i don't know if this is

1368

00:50:50,630 --> 00:50:47,200

where that was

1369

00:50:52,150 --> 00:50:50,640

but and uh trout fishermen had seen

1370

00:50:54,309 --> 00:50:52,160

something that looked like an upright

1371

00:50:56,069 --> 00:50:54,319

dog running away from him

1372

00:50:59,109 --> 00:50:56,079

while he was out in big spring and it

1373

00:51:03,190 --> 00:51:01,750

fishing and you know it's funny i do get

1374

00:51:06,470 --> 00:51:03,200

i do get a lot of reports

1375

00:51:09,430 --> 00:51:06,480

in pennsylvania from fishermen uh

1376  
00:51:09,670 --> 00:51:09,440  
trout fishermen in particular and uh you

1377  
00:51:12,950 --> 00:51:09,680  
know

1378  
00:51:15,109 --> 00:51:12,960  
bigfoot

1379  
00:51:16,870 --> 00:51:15,119  
and all that but you know they they are

1380  
00:51:19,030 --> 00:51:16,880  
aware of what's out there

1381  
00:51:20,069 --> 00:51:19,040  
and uh a lot of these guys aren't afraid

1382  
00:51:22,710 --> 00:51:20,079  
to um

1383  
00:51:24,470 --> 00:51:22,720  
to you know send in something but i tell

1384  
00:51:27,829 --> 00:51:24,480  
you cumberland county

1385  
00:51:31,510 --> 00:51:27,839  
which is known more for fishing

1386  
00:51:34,150 --> 00:51:31,520  
trout fishing you know fly fishing

1387  
00:51:36,230 --> 00:51:34,160  
it's kind of we have received a lot of

1388  
00:51:38,549 --> 00:51:36,240

bigfoot reports in that area

1389

00:51:40,470 --> 00:51:38,559

and now we gotta now we have a dogman

1390

00:51:42,710 --> 00:51:40,480

report out of there as well

1391

00:51:44,390 --> 00:51:42,720

so uh and subsequent to that and later

1392

00:51:48,950 --> 00:51:44,400

we had a um

1393

00:51:49,990 --> 00:51:48,960

we had a seven foot bipedal dog-like

1394

00:51:52,470 --> 00:51:50,000

theme

1395

00:51:54,150 --> 00:51:52,480

with a long snout scene in schuylkill

1396

00:51:56,870 --> 00:51:54,160

haven pennsylvania

1397

00:51:58,069 --> 00:51:56,880

and the witness stated she had seen this

1398

00:52:01,910 --> 00:51:58,079

individual

1399

00:52:06,390 --> 00:52:01,920

three times on three different occasions

1400

00:52:09,990 --> 00:52:06,400

not once not twice but thrice

1401

00:52:13,750 --> 00:52:10,000

so you know

1402

00:52:14,870 --> 00:52:13,760

slowed down that we were fortunate

1403

00:52:17,990 --> 00:52:14,880

enough

1404

00:52:20,870 --> 00:52:18,000

to have a gentleman who uh you know

1405

00:52:21,349 --> 00:52:20,880

i read his story back in uh one of the

1406

00:52:24,069 --> 00:52:21,359

shows

1407

00:52:26,390 --> 00:52:24,079

previously uh when he lived in maryland

1408

00:52:28,549 --> 00:52:26,400

and had this dogman encounter

1409

00:52:29,670 --> 00:52:28,559

near frederick maryland actually was in

1410

00:52:32,390 --> 00:52:29,680

um

1411

00:52:33,190 --> 00:52:32,400

mount airy pennsylvania i think well

1412

00:52:34,549 --> 00:52:33,200

anyway

1413

00:52:36,390 --> 00:52:34,559

i don't know exactly where it was but i

1414

00:52:39,430 --> 00:52:36,400

know it was in frederick county

1415

00:52:41,589 --> 00:52:39,440

but uh he had um

1416

00:52:43,990 --> 00:52:41,599

he had been keeping a record of these

1417

00:52:46,150 --> 00:52:44,000

dogman encounters in pennsylvania

1418

00:52:47,190 --> 00:52:46,160

and some of the other states around you

1419

00:52:50,390 --> 00:52:47,200

know the

1420

00:52:52,549 --> 00:52:50,400

the mid-atlantic and uh

1421

00:52:53,750 --> 00:52:52,559

uh i sent the server to butcher after i

1422

00:52:58,309 --> 00:52:53,760

got it and

1423

00:53:01,190 --> 00:52:58,319

wow you know it's amazing 78-page report

1424

00:53:02,230 --> 00:53:01,200

yeah it's amazing some of the stuff that

1425

00:53:06,630 --> 00:53:02,240

he you know he's

1426

00:53:08,710 --> 00:53:06,640

gotten information about uh

1427

00:53:09,670 --> 00:53:08,720

now he lives up in effort pennsylvania

1428

00:53:16,150 --> 00:53:09,680

now

1429

00:53:17,349 --> 00:53:16,160

up in the eastern part of the state but

1430

00:53:20,870 --> 00:53:17,359

coconut area

1431

00:53:23,030 --> 00:53:20,880

yeah he lives up near the poconos so

1432

00:53:24,390 --> 00:53:23,040

and now he sent a lot of good

1433

00:53:30,790 --> 00:53:24,400

information

1434

00:53:31,910 --> 00:53:30,800

stuff i didn't know about i really

1435

00:53:33,349 --> 00:53:31,920

didn't

1436

00:53:34,870 --> 00:53:33,359

so you know it's you know this is

1437

00:53:35,990 --> 00:53:34,880

information this is the type of

1438

00:53:38,549 --> 00:53:36,000

information

1439

00:53:40,630 --> 00:53:38,559

we can use it's not if it's not a

1440

00:53:43,670 --> 00:53:40,640

specific sighting or something

1441

00:53:46,230 --> 00:53:43,680

that you haven't that you've had

1442

00:53:47,270 --> 00:53:46,240

it doesn't necessarily have to be that

1443

00:53:50,390 --> 00:53:47,280

it can be

1444

00:53:53,349 --> 00:53:50,400

information that you gathered or

1445

00:53:54,390 --> 00:53:53,359

you know descriptions you have received

1446

00:53:57,510 --> 00:53:54,400

or evidence that

1447

00:53:59,589 --> 00:53:57,520

people have talked about this stuff it's

1448

00:54:04,470 --> 00:53:59,599

gonna kind of kind of fall in place

1449

00:54:07,510 --> 00:54:04,480

after we get it all together so um

1450

00:54:09,589 --> 00:54:07,520

yeah i i mentioned butch how many people

1451  
00:54:12,470 --> 00:54:09,599  
that are actually in the group now that

1452  
00:54:16,309 --> 00:54:12,480  
are doing the investigations

1453  
00:54:20,069 --> 00:54:18,390  
just a great group of researchers i mean

1454  
00:54:21,670 --> 00:54:20,079  
these are these are folks that have been

1455  
00:54:22,870 --> 00:54:21,680  
doing it a long time

1456  
00:54:23,910 --> 00:54:22,880  
and i'm probably going to learn a lot

1457  
00:54:25,349 --> 00:54:23,920  
more from them than they're going to

1458  
00:54:29,270 --> 00:54:25,359  
learn from me

1459  
00:54:29,829 --> 00:54:29,280  
uh but it's it's the way it has to be

1460  
00:54:31,829 --> 00:54:29,839  
done

1461  
00:54:33,670 --> 00:54:31,839  
i mean i think the day of the lone

1462  
00:54:37,510 --> 00:54:33,680  
researcher and the lone group

1463  
00:54:41,990 --> 00:54:37,520

is done uh the forces have to find

1464

00:54:44,069 --> 00:54:42,000

uh the forces have to be combined um

1465

00:54:45,349 --> 00:54:44,079

you know to get the boots on the ground

1466

00:54:46,950 --> 00:54:45,359

and to cover the area

1467

00:54:49,670 --> 00:54:46,960

and to look at it from many angles

1468

00:54:51,270 --> 00:54:49,680

instead of just one

1469

00:54:53,190 --> 00:54:51,280

and to keep it under surveillance which

1470

00:54:55,190 --> 00:54:53,200

is very important whether

1471

00:54:57,910 --> 00:54:55,200

you know with cameras or infrared or or

1472

00:55:01,349 --> 00:54:57,920

thermal devices

1473

00:55:02,789 --> 00:55:01,359

we just ordered a drone

1474

00:55:04,710 --> 00:55:02,799

i should have in about a month they tell

1475

00:55:07,190 --> 00:55:04,720

me but

1476

00:55:08,230 --> 00:55:07,200

you know this drone will go it'll it'll

1477

00:55:11,510 --> 00:55:08,240

stick around

1478

00:55:12,150 --> 00:55:11,520

600 feet near and it has both infrared

1479

00:55:17,510 --> 00:55:12,160

and

1480

00:55:20,230 --> 00:55:17,520

so it's uh very stable

1481

00:55:21,190 --> 00:55:20,240

it's got gps tracking whole nine yards

1482

00:55:22,309 --> 00:55:21,200

so

1483

00:55:24,390 --> 00:55:22,319

you know we're just going to keep trying

1484

00:55:25,270 --> 00:55:24,400

to put out as much as we can and because

1485

00:55:26,789 --> 00:55:25,280

you know that look

1486

00:55:29,030 --> 00:55:26,799

we all know you can only cover so much

1487

00:55:31,270 --> 00:55:29,040

air area in a day

1488

00:55:32,150 --> 00:55:31,280

but at night you know covering area is

1489

00:55:33,270 --> 00:55:32,160

kind of tough because

1490

00:55:35,670 --> 00:55:33,280

first of all you really don't know where

1491

00:55:37,030 --> 00:55:35,680

you're going and you're missing a lot of

1492

00:55:37,510 --> 00:55:37,040

stuff but you know what maybe with a

1493

00:55:39,589 --> 00:55:37,520

drone

1494

00:55:40,950 --> 00:55:39,599

we can we can get up and cover open

1495

00:55:44,390 --> 00:55:40,960

fields and and

1496

00:55:46,789 --> 00:55:44,400

wooded areas uh with heat seeking device

1497

00:55:48,309 --> 00:55:46,799

and um and i said infrared it's not

1498

00:55:49,430 --> 00:55:48,319

infrared it's actually thermal camera on

1499

00:55:51,750 --> 00:55:49,440

there

1500

00:55:53,430 --> 00:55:51,760

so you know maybe we'll get to see a lot

1501  
00:55:54,549 --> 00:55:53,440  
of deer and a lot of bear and a lot of

1502  
00:55:55,190 --> 00:55:54,559  
this a lot of that but it's that

1503  
00:55:58,390 --> 00:55:55,200  
eight-foot

1504  
00:56:00,950 --> 00:55:58,400  
tall fella that i'm looking for

1505  
00:56:05,109 --> 00:56:00,960  
yeah i just want one picture that's all

1506  
00:56:08,150 --> 00:56:06,789  
yeah well hopefully everything will be

1507  
00:56:10,549 --> 00:56:08,160  
it'll be a safe

1508  
00:56:11,829 --> 00:56:10,559  
investigation as well because uh this is

1509  
00:56:13,349 --> 00:56:11,839  
the kind of thing that worries me you

1510  
00:56:15,349 --> 00:56:13,359  
know this

1511  
00:56:16,950 --> 00:56:15,359  
you're in getting involved with

1512  
00:56:19,430 --> 00:56:16,960  
something that we

1513  
00:56:20,230 --> 00:56:19,440

really do not know what it is yeah but

1514

00:56:26,230 --> 00:56:20,240

that does

1515

00:56:31,349 --> 00:56:29,109

but you know with bigfoot you know

1516

00:56:32,789 --> 00:56:31,359

people go hunting or looking for bigfoot

1517

00:56:33,910 --> 00:56:32,799

they kind of know what to expect in a

1518

00:56:35,750 --> 00:56:33,920

way i guess

1519

00:56:38,630 --> 00:56:35,760

i guess there's enough information and

1520

00:56:41,030 --> 00:56:38,640

enough investigation

1521

00:56:42,710 --> 00:56:41,040

to to kind of make you worry or what

1522

00:56:46,230 --> 00:56:42,720

you're looking for

1523

00:56:49,430 --> 00:56:46,240

but in this situation you know

1524

00:56:50,390 --> 00:56:49,440

this is entirely different yeah and plus

1525

00:56:52,789 --> 00:56:50,400

the fact you're gonna have we're gonna

1526  
00:56:54,309 --> 00:56:52,799  
have researchers involved in this that

1527  
00:56:55,670 --> 00:56:54,319  
you know like i said they have a long

1528  
00:56:56,150 --> 00:56:55,680  
background and looking for stuff like

1529  
00:56:59,349 --> 00:56:56,160  
this

1530  
00:57:01,910 --> 00:56:59,359  
creature but um

1531  
00:57:02,870 --> 00:57:01,920  
you know every little idea every little

1532  
00:57:04,950 --> 00:57:02,880  
statement

1533  
00:57:06,549 --> 00:57:04,960  
every little what if this works what can

1534  
00:57:07,910 --> 00:57:06,559  
we try can we try this anything like

1535  
00:57:11,030 --> 00:57:07,920  
that it's going to be a

1536  
00:57:11,670 --> 00:57:11,040  
you know a great help because like i

1537  
00:57:13,109 --> 00:57:11,680  
said there's

1538  
00:57:15,349 --> 00:57:13,119

there's just no way of doing this

1539

00:57:16,789 --> 00:57:15,359

there's no books on this and it's no uh

1540

00:57:18,549 --> 00:57:16,799

no protocol on how to handle this

1541

00:57:21,510 --> 00:57:18,559

investigation so

1542

00:57:23,109 --> 00:57:21,520

it's basically going to be shooting from

1543

00:57:26,549 --> 00:57:23,119

the hip

1544

00:57:29,670 --> 00:57:26,559

and seeing what works well

1545

00:57:32,950 --> 00:57:29,680

my thought is that this area

1546

00:57:35,109 --> 00:57:32,960

uh in clearfield county which is what

1547

00:57:36,549 --> 00:57:35,119

that's the penfield but that's mchandon

1548

00:57:37,030 --> 00:57:36,559

state park and all that area around

1549

00:57:39,109 --> 00:57:37,040

there

1550

00:57:40,230 --> 00:57:39,119

that's going to be that's going to need

1551  
00:57:42,789 --> 00:57:40,240  
to be investigated

1552  
00:57:44,069 --> 00:57:42,799  
several times because i think it's gonna

1553  
00:57:47,430 --> 00:57:44,079  
um

1554  
00:57:48,230 --> 00:57:47,440  
they may be where most of the the viable

1555  
00:57:51,349 --> 00:57:48,240  
evidence is

1556  
00:57:53,589 --> 00:57:51,359  
found you know basically

1557  
00:57:55,670 --> 00:57:53,599  
and i i think you're we're to be in a

1558  
00:57:58,069 --> 00:57:55,680  
good situation as far as

1559  
00:57:59,349 --> 00:57:58,079  
you know setting up there and a few

1560  
00:58:01,589 --> 00:57:59,359  
other and men

1561  
00:58:02,390 --> 00:58:01,599  
and enemies and i can't even say that

1562  
00:58:04,430 --> 00:58:02,400  
amenities

1563  
00:58:06,470 --> 00:58:04,440

or whatever blonde's hurting himself

1564

00:58:09,349 --> 00:58:06,480

[Laughter]

1565

00:58:10,789 --> 00:58:09,359

and uh you know i i think it's it's

1566

00:58:12,390 --> 00:58:10,799

gonna be a location

1567

00:58:14,549 --> 00:58:12,400

you know just because we got the two

1568

00:58:18,230 --> 00:58:14,559

reports but i i think just

1569

00:58:20,549 --> 00:58:18,240

you know by looking at the area and from

1570

00:58:21,990 --> 00:58:20,559

some of the things we've been hearing

1571

00:58:25,510 --> 00:58:22,000

and even some oddball

1572

00:58:28,069 --> 00:58:25,520

things we've been hearing uh

1573

00:58:30,069 --> 00:58:28,079

i think that's probably where the best

1574

00:58:32,309 --> 00:58:30,079

the best investigations gonna turn

1575

00:58:33,750 --> 00:58:32,319

who knows you know you never know you

1576

00:58:35,829 --> 00:58:33,760

never know we go someplace like

1577

00:58:38,150 --> 00:58:35,839

you gotta be on your way up and have one

1578

00:58:40,789 --> 00:58:38,160

run across the road on you know

1579

00:58:41,510 --> 00:58:40,799

yeah that's true yeah you don't know and

1580

00:58:43,829 --> 00:58:41,520

and uh

1581

00:58:45,670 --> 00:58:43,839

uh so it's um it's that proverbial trip

1582

00:58:47,990 --> 00:58:45,680

into the unknown

1583

00:58:49,349 --> 00:58:48,000

is what it amounts to you know if it was

1584

00:58:51,589 --> 00:58:49,359

anywhere else

1585

00:58:52,950 --> 00:58:51,599

i would say it's unlikely but the fact

1586

00:58:56,710 --> 00:58:52,960

that it's in clearfield

1587

00:59:00,069 --> 00:58:56,720

or that area which is just so bizarre

1588

00:59:00,789 --> 00:59:00,079

nothing would uh nothing would surprise

1589

00:59:02,230 --> 00:59:00,799

me

1590

00:59:04,230 --> 00:59:02,240

and you've had your experience sir

1591

00:59:06,069 --> 00:59:04,240

correct yeah i mean it's

1592

00:59:07,670 --> 00:59:06,079

it's a remarkable place and i i don't

1593

00:59:09,349 --> 00:59:07,680

know what makes it so special and maybe

1594

00:59:10,710 --> 00:59:09,359

it's because i did have an experience

1595

00:59:13,030 --> 00:59:10,720

with something there

1596

00:59:14,150 --> 00:59:13,040

uh a couple years back now but uh is

1597

00:59:15,829 --> 00:59:14,160

enough to make uh

1598

00:59:18,069 --> 00:59:15,839

make you think that you know what not

1599

00:59:19,829 --> 00:59:18,079

think i know something's out there

1600

00:59:21,750 --> 00:59:19,839

but what the hell is it and when we're

1601  
00:59:23,349 --> 00:59:21,760  
talking about this dog man

1602  
00:59:25,270 --> 00:59:23,359  
we don't know what the hell it is right

1603  
00:59:28,789 --> 00:59:25,280  
we want to think it's uh

1604  
00:59:32,390 --> 00:59:28,799  
a canine but what if it is something

1605  
00:59:34,309 --> 00:59:32,400  
paranormal or something uh something

1606  
00:59:38,630 --> 00:59:34,319  
otherworldly what if it's a skinwalker

1607  
00:59:40,630 --> 00:59:38,640  
butch how do we prepare for that well

1608  
00:59:41,910 --> 00:59:40,640  
after spending numerous hours on the

1609  
00:59:44,390 --> 00:59:41,920  
phone with these folks out

1610  
00:59:45,349 --> 00:59:44,400  
and on on the reservation out there in

1611  
00:59:47,430 --> 00:59:45,359  
oklahoma

1612  
00:59:49,990 --> 00:59:47,440  
i mean they gave me pages of tips what

1613  
00:59:51,589 --> 00:59:50,000

to do what to look for what not to do

1614

00:59:53,349 --> 00:59:51,599

and i'll share those with the

1615

00:59:55,030 --> 00:59:53,359

investigators of course when we

1616

00:59:56,390 --> 00:59:55,040

all get together and we sit down i'm

1617

00:59:57,349 --> 00:59:56,400

gonna just lay everything out and

1618

01:00:00,549 --> 00:59:57,359

explain what i got

1619

01:00:03,589 --> 01:00:00,559

and tell them where we're headed and uh

1620

01:00:05,109 --> 01:00:03,599

but it's like the guy said you know how

1621

01:00:06,069 --> 01:00:05,119

this started out with the skin walker

1622

01:00:09,270 --> 01:00:06,079

brought into it is

1623

01:00:11,910 --> 01:00:09,280

just weird uh my wife owns uh runs

1624

01:00:13,510 --> 01:00:11,920

a as the manager for a dollar general

1625

01:00:15,030 --> 01:00:13,520

she has her own store brand new big

1626

01:00:16,950 --> 01:00:15,040

thing she loves it

1627

01:00:19,510 --> 01:00:16,960

she's been in retail for years and she

1628

01:00:22,870 --> 01:00:21,990

but she was talking to her assistant

1629

01:00:25,589 --> 01:00:22,880

manager

1630

01:00:27,430 --> 01:00:25,599

and he just came out with so how's butch

1631

01:00:28,870 --> 01:00:27,440

doing with his ufo stuff

1632

01:00:30,470 --> 01:00:28,880

and she said well right now they're

1633

01:00:32,470 --> 01:00:30,480

working on something else and she

1634

01:00:33,990 --> 01:00:32,480

proceeds to tell him the story and

1635

01:00:35,990 --> 01:00:34,000

and when she gets to the point where she

1636

01:00:38,230 --> 01:00:36,000

says glowing yellow eyes

1637

01:00:39,589 --> 01:00:38,240

he sits back in the chair nice

1638

01:00:41,670 --> 01:00:39,599

full-blooded cherokee

1639

01:00:43,270 --> 01:00:41,680

she said he turned white he just kept

1640

01:00:44,470 --> 01:00:43,280

staring at her and she said you all

1641

01:00:45,510 --> 01:00:44,480

right she thought maybe something was

1642

01:00:48,549 --> 01:00:45,520

happening

1643

01:00:51,190 --> 01:00:48,559

and he says uh say that again

1644

01:00:52,710 --> 01:00:51,200

and she goes and repeats the story and

1645

01:00:54,870 --> 01:00:52,720

he says

1646

01:00:56,710 --> 01:00:54,880

you know your husband could be dealing

1647

01:00:57,829 --> 01:00:56,720

with a skin walker

1648

01:01:00,069 --> 01:00:57,839

now the only thing i know about

1649

01:01:02,950 --> 01:01:00,079

skinwalkers is the book by

1650

01:01:05,270 --> 01:01:02,960

you know the skin walker ranch and i'm

1651

01:01:06,630 --> 01:01:05,280

thinking like oh okay

1652

01:01:08,470 --> 01:01:06,640

and he said i got to make some phone

1653

01:01:09,750 --> 01:01:08,480

calls and so he went back in the office

1654

01:01:10,069 --> 01:01:09,760

and made a few phone calls and he came

1655

01:01:13,190 --> 01:01:10,079

back

1656

01:01:13,750 --> 01:01:13,200

and he said look he said uh here's the

1657

01:01:15,750 --> 01:01:13,760

number

1658

01:01:17,349 --> 01:01:15,760

your husband needs to call this so

1659

01:01:20,230 --> 01:01:17,359

they'll expect his call tomorrow

1660

01:01:21,670 --> 01:01:20,240

okay so i call and i tell him a story

1661

01:01:23,430 --> 01:01:21,680

and he said it's very possible you're

1662

01:01:26,309 --> 01:01:23,440

dealing with a skinwalker

1663

01:01:28,150 --> 01:01:26,319

and he said is that area ever been

1664

01:01:28,470 --> 01:01:28,160

inhabited by indigenous i said oh my god

1665

01:01:30,789 --> 01:01:28,480

yeah

1666

01:01:31,910 --> 01:01:30,799

i said we had susquehanna iroquois

1667

01:01:35,270 --> 01:01:31,920

lenape

1668

01:01:36,630 --> 01:01:35,280

uh mohawk i said you know the the place

1669

01:01:39,670 --> 01:01:36,640

was loaded with them and

1670

01:01:42,789 --> 01:01:39,680

and the lenape um susquehanna they

1671

01:01:44,069 --> 01:01:42,799

pretty much inhabited all of central

1672

01:01:46,950 --> 01:01:44,079

pennsylvania back then

1673

01:01:48,150 --> 01:01:46,960

and uh up until 1754 and then you know

1674

01:01:49,430 --> 01:01:48,160

the tribes started going their different

1675

01:01:50,630 --> 01:01:49,440

directions because they were

1676

01:01:52,870 --> 01:01:50,640

always at war with each other i mean

1677

01:01:54,549 --> 01:01:52,880

they all hated each other and years boys

1678

01:01:56,230 --> 01:01:54,559

mohawk kind of went northeast and you

1679

01:01:59,190 --> 01:01:56,240

know the delaware went south and

1680

01:02:00,470 --> 01:01:59,200

you know even certain elements went out

1681

01:02:03,990 --> 01:02:00,480

to south dakota

1682

01:02:05,910 --> 01:02:04,000

but he said are you aware of

1683

01:02:07,270 --> 01:02:05,920

what a skinwalker is and i said no and

1684

01:02:08,789 --> 01:02:07,280

he explained all that to me that you

1685

01:02:09,589 --> 01:02:08,799

know it's a medicine man or a shaman

1686

01:02:12,630 --> 01:02:09,599

that has

1687

01:02:15,190 --> 01:02:12,640

basically gone to the dark side and

1688

01:02:16,950 --> 01:02:15,200

he says uh very vicious very cunning

1689

01:02:18,069 --> 01:02:16,960

very smart he said they can transform

1690

01:02:20,549 --> 01:02:18,079

isn't anything

1691

01:02:21,430 --> 01:02:20,559

so even though they may be transformed

1692

01:02:23,270 --> 01:02:21,440

into a wolf

1693

01:02:24,789 --> 01:02:23,280

at one point if they want to see

1694

01:02:26,549 --> 01:02:24,799

something and they don't want to be seen

1695

01:02:28,630 --> 01:02:26,559

they could transform into a snake

1696

01:02:31,750 --> 01:02:28,640

for stealth or they could transform into

1697

01:02:33,990 --> 01:02:31,760

a bird for an aerial view

1698

01:02:35,670 --> 01:02:34,000

but he said there's one thing that you

1699

01:02:37,029 --> 01:02:35,680

will notice if he said if you're

1700

01:02:38,789 --> 01:02:37,039

fortunate enough to see something like

1701

01:02:40,470 --> 01:02:38,799

that he said we'll be when they

1702

01:02:43,829 --> 01:02:40,480

transform there's a bright flash of

1703

01:02:46,230 --> 01:02:43,839

of a bright silvery light and he said

1704

01:02:47,670 --> 01:02:46,240

it's like a flash bulb

1705

01:02:48,789 --> 01:02:47,680

he said they could walk into your camp

1706

01:02:49,510 --> 01:02:48,799

they could talk to you like i said

1707

01:02:52,230 --> 01:02:49,520

before

1708

01:02:52,710 --> 01:02:52,240

um he gave me certain things to look for

1709

01:02:54,069 --> 01:02:52,720

um

1710

01:02:55,750 --> 01:02:54,079

i thought they have a certain smell

1711

01:02:57,829 --> 01:02:55,760

about them even when they're not

1712

01:03:00,630 --> 01:02:57,839

in their transform state they smell like

1713

01:03:04,390 --> 01:03:00,640

a handful of dirty pennies

1714

01:03:07,430 --> 01:03:04,400

uh or uh rotting flesh or uh blood

1715

01:03:09,750 --> 01:03:07,440

he said that type of smell um

1716

01:03:11,349 --> 01:03:09,760

he said they he said you know if you

1717

01:03:13,190 --> 01:03:11,359

have your suspicions about one just

1718

01:03:14,870 --> 01:03:13,200

go to shake his hand say hello he said

1719

01:03:16,390 --> 01:03:14,880

they won't shake your hand

1720

01:03:17,670 --> 01:03:16,400

he said if you try to take a picture of

1721

01:03:18,309 --> 01:03:17,680

them while they're standing there you

1722

01:03:21,190 --> 01:03:18,319

know in

1723

01:03:22,150 --> 01:03:21,200

in human form he said they'll turn away

1724

01:03:23,750 --> 01:03:22,160

so he said if you're

1725

01:03:25,430 --> 01:03:23,760

encountering you know encountering those

1726

01:03:27,029 --> 01:03:25,440

types of things with somebody would just

1727

01:03:28,789 --> 01:03:27,039

walk into the camp or stop by to say

1728

01:03:30,549 --> 01:03:28,799

hello i have a hot dog or whatever

1729

01:03:32,150 --> 01:03:30,559

he said you're dealing with a skin

1730

01:03:35,910 --> 01:03:32,160

walker

1731

01:03:39,829 --> 01:03:35,920

and then the next day overnight mail

1732

01:03:44,150 --> 01:03:39,839

they shipped me a medicine pouch

1733

01:03:47,029 --> 01:03:44,160

to protect the group

1734

01:03:48,870 --> 01:03:47,039

well you know you got to look into the

1735

01:03:49,750 --> 01:03:48,880

native american aspect on this stuff

1736

01:03:53,270 --> 01:03:49,760

like this

1737

01:03:55,510 --> 01:03:53,280

i mean i've always said that and look

1738

01:03:57,270 --> 01:03:55,520

look at you know the big hairy the big

1739

01:03:59,190 --> 01:03:57,280

hairy man that's that's indigenous

1740

01:03:59,990 --> 01:03:59,200

that's not that's not bigfoot from you

1741

01:04:02,390 --> 01:04:00,000

know

1742

01:04:03,670 --> 01:04:02,400

uh recently that's that that goes back

1743

01:04:05,670 --> 01:04:03,680

hundreds and hundreds and hundreds of

1744

01:04:07,349 --> 01:04:05,680

years

1745

01:04:11,589 --> 01:04:07,359

and they describe it just like we said

1746

01:04:15,430 --> 01:04:12,870

so is the skin walker out of the

1747

01:04:18,630 --> 01:04:15,440

question not really um

1748

01:04:20,630 --> 01:04:18,640

you know that's possible but

1749

01:04:22,309 --> 01:04:20,640

it's as possible as you know is there a

1750

01:04:24,470 --> 01:04:22,319

dog man walking around there is or is

1751

01:04:27,750 --> 01:04:24,480

there a werewolf walking around there is

1752

01:04:29,270 --> 01:04:27,760

is there some guy from the local um

1753

01:04:31,589 --> 01:04:29,280

garage sale walking around with a wolf

1754

01:04:32,230 --> 01:04:31,599

hat on who knows we'll just have to find

1755

01:04:34,789 --> 01:04:32,240

out

1756

01:04:36,150 --> 01:04:34,799

is get boots on the ground we can't we

1757

01:04:38,150 --> 01:04:36,160

can't do it by

1758

01:04:40,069 --> 01:04:38,160

uh you know talking to people on

1759

01:04:41,670 --> 01:04:40,079

telephone and looking at maps from the

1760

01:04:42,390 --> 01:04:41,680

internet and stuff like that and getting

1761

01:04:43,510 --> 01:04:42,400

topple maps

1762

01:04:44,870 --> 01:04:43,520

that's not getting us anywhere i mean it

1763

01:04:45,430 --> 01:04:44,880

gives us basic information but it

1764

01:04:49,990 --> 01:04:45,440

doesn't

1765

01:04:52,309 --> 01:04:50,000

the only way to advance it is to go

1766

01:04:55,109 --> 01:04:52,319

agreed and i think keeping an open mind

1767

01:04:57,430 --> 01:04:55,119

going into this is incredibly important

1768

01:04:58,630 --> 01:04:57,440

because we really don't know again what

1769

01:05:01,190 --> 01:04:58,640

it is we're dealing with

1770

01:05:02,630 --> 01:05:01,200

but you know you're right boots on the

1771

01:05:04,390 --> 01:05:02,640

ground is the only way to start getting

1772

01:05:05,990 --> 01:05:04,400

answers to this and just like every

1773

01:05:06,950 --> 01:05:06,000

other mystery that we talk about and

1774

01:05:08,870 --> 01:05:06,960

encounter

1775

01:05:09,990 --> 01:05:08,880

it's better when we have experience

1776

01:05:11,990 --> 01:05:10,000

doing it and

1777

01:05:13,589 --> 01:05:12,000

uh like you said you've assembled a team

1778

01:05:15,349 --> 01:05:13,599

that's got quite a bit of experience

1779

01:05:17,109 --> 01:05:15,359

they're all good people

1780

01:05:19,029 --> 01:05:17,119

and they're all credible people and i'm

1781

01:05:26,549 --> 01:05:19,039

looking forward to seeing what comes

1782

01:05:30,470 --> 01:05:28,390

well we're going to document everything

1783

01:05:30,789 --> 01:05:30,480

uh like well you guys know what the

1784

01:05:32,150 --> 01:05:30,799

truck

1785

01:05:33,510 --> 01:05:32,160

the van looks like so we have all

1786

01:05:35,190 --> 01:05:33,520

everything there to document it we'll

1787

01:05:37,190 --> 01:05:35,200

have wi-fi we'll have

1788

01:05:39,270 --> 01:05:37,200

satellite communication we'll have all

1789

01:05:40,470 --> 01:05:39,280

that stuff computers so we'll be able to

1790

01:05:42,630 --> 01:05:40,480

document everything that's going on

1791

01:05:46,309 --> 01:05:42,640

we'll keep a log

1792

01:05:49,349 --> 01:05:46,319

i decide to keep a log every 15 minutes

1793

01:05:51,190 --> 01:05:49,359

enter into a log we'll have

1794

01:05:52,390 --> 01:05:51,200

our weather station is going to be out

1795

01:05:54,069 --> 01:05:52,400

we want to put that out to see if

1796

01:05:57,029 --> 01:05:54,079

there's any

1797

01:05:58,150 --> 01:05:57,039

change in weather uh like a temperature

1798

01:05:59,990 --> 01:05:58,160

inversion

1799

01:06:02,710 --> 01:06:00,000

and the only reason i brought that in

1800

01:06:04,710 --> 01:06:02,720

was because that

1801  
01:06:06,549 --> 01:06:04,720  
certain reports that i've read over the

1802  
01:06:08,549 --> 01:06:06,559  
past on bigfoot

1803  
01:06:10,789 --> 01:06:08,559  
where guys have been hunting in the cold

1804  
01:06:12,150 --> 01:06:10,799  
absolute cold freezing weather you know

1805  
01:06:14,069 --> 01:06:12,160  
i'm stomping around the woods like i

1806  
01:06:16,069 --> 01:06:14,079  
used to do and

1807  
01:06:18,549 --> 01:06:16,079  
uh next thing you know they're they're

1808  
01:06:20,309 --> 01:06:18,559  
in a temperature and temperature

1809  
01:06:21,910 --> 01:06:20,319  
where the temperature rose you know 20

1810  
01:06:23,190 --> 01:06:21,920  
25 degrees

1811  
01:06:24,789 --> 01:06:23,200  
and there's hardly any snow on the

1812  
01:06:26,069 --> 01:06:24,799  
ground they just came through maybe two

1813  
01:06:27,990 --> 01:06:26,079

foot of snow now they're standing in

1814

01:06:30,870 --> 01:06:28,000

maybe two or three inches of snow

1815

01:06:31,990 --> 01:06:30,880

and it's melting or it's warmer and you

1816

01:06:35,510 --> 01:06:32,000

know they see these

1817

01:06:37,510 --> 01:06:35,520

the strange being in that area so

1818

01:06:39,430 --> 01:06:37,520

i you know for my own satisfaction i

1819

01:06:42,470 --> 01:06:39,440

want to know if temperature inversions

1820

01:06:45,670 --> 01:06:42,480

play any part of these uh creatures

1821

01:06:46,150 --> 01:06:45,680

uh being able to kind of walk out of

1822

01:06:47,349 --> 01:06:46,160

sight

1823

01:06:48,549 --> 01:06:47,359

you know maybe they're walking from a

1824

01:06:49,910 --> 01:06:48,559

snowy area and they get into a

1825

01:06:51,029 --> 01:06:49,920

temperature inversion where there is no

1826

01:06:52,710 --> 01:06:51,039

snow on the ground

1827

01:06:54,630 --> 01:06:52,720

and that's where people stop looking

1828

01:06:59,589 --> 01:06:54,640

okay so the practice beard

1829

01:07:02,870 --> 01:07:01,029

you've got the gear to do it butch

1830

01:07:04,549 --> 01:07:02,880

that's for sure yeah i think you're

1831

01:07:06,950 --> 01:07:04,559

gonna i think

1832

01:07:07,910 --> 01:07:06,960

with the amount of stuff you've got i

1833

01:07:11,109 --> 01:07:07,920

think you're gonna get

1834

01:07:12,710 --> 01:07:11,119

some something interesting anyway

1835

01:07:14,789 --> 01:07:12,720

don't know where but i think something's

1836

01:07:16,390 --> 01:07:14,799

gonna turn up it's going to question

1837

01:07:17,910 --> 01:07:16,400

or i'll tell you another thing we will

1838

01:07:19,750 --> 01:07:17,920

have cameras pointed toward the sky the

1839

01:07:23,750 --> 01:07:19,760

whole time

1840

01:07:25,430 --> 01:07:23,760

uh you know because um you know

1841

01:07:28,150 --> 01:07:25,440

there's enough stories out there you

1842

01:07:29,430 --> 01:07:28,160

know again keeping an open mind where

1843

01:07:31,190 --> 01:07:29,440

something's seen on the ground and

1844

01:07:33,510 --> 01:07:31,200

something's seen in the sky

1845

01:07:34,870 --> 01:07:33,520

so we'll have eyes on the ground plenty

1846

01:07:37,910 --> 01:07:34,880

so i'm going to have a couple of

1847

01:07:41,349 --> 01:07:37,920

uh cameras pointing toward the sky uh

1848

01:07:42,870 --> 01:07:41,359

well you know you know just like uh uh

1849

01:07:45,270 --> 01:07:42,880

like sean was saying

1850

01:07:46,710 --> 01:07:45,280

that area up there it does seem to

1851  
01:07:48,069 --> 01:07:46,720  
happen to where

1852  
01:07:50,789 --> 01:07:48,079  
when there's different types of

1853  
01:07:53,270 --> 01:07:50,799  
phenomena going on the same time

1854  
01:07:55,109 --> 01:07:53,280  
or lights or where it be something

1855  
01:07:56,549 --> 01:07:55,119  
throwing rocks or sticks at you from the

1856  
01:08:00,309 --> 01:07:56,559  
woods or

1857  
01:08:03,510 --> 01:08:00,319  
you know hearing things at one time

1858  
01:08:05,910 --> 01:08:03,520  
yeah you know or in his case

1859  
01:08:07,109 --> 01:08:05,920  
yeah and and you know that's that's

1860  
01:08:08,829 --> 01:08:07,119  
that's the kind of the

1861  
01:08:10,309 --> 01:08:08,839  
little stuff that we have to really look

1862  
01:08:12,549 --> 01:08:10,319  
for

1863  
01:08:13,510 --> 01:08:12,559

you know the odd thing i don't want to

1864

01:08:14,870 --> 01:08:13,520

look for the obvious

1865

01:08:17,349 --> 01:08:14,880

i want to look for something that's just

1866

01:08:19,269 --> 01:08:17,359

out of the out of the ordinary

1867

01:08:21,829 --> 01:08:19,279

something that shouldn't happen or

1868

01:08:24,390 --> 01:08:21,839

something that happened that is just

1869

01:08:27,189 --> 01:08:24,400

not right for that area well the thing

1870

01:08:29,349 --> 01:08:27,199

that's phenomenal about this area is

1871

01:08:30,950 --> 01:08:29,359

uh the absence of light pollution in the

1872

01:08:34,709 --> 01:08:30,960

sky so you're gonna get

1873

01:08:36,149 --> 01:08:34,719

an incredible view of the skyline so

1874

01:08:38,309 --> 01:08:36,159

even if you know

1875

01:08:39,590 --> 01:08:38,319

you don't get anything out of this world

1876

01:08:40,950 --> 01:08:39,600

or uh

1877

01:08:43,030 --> 01:08:40,960

whatever we're looking for in that

1878

01:08:44,550 --> 01:08:43,040

respect uh you're gonna get one hell of

1879

01:08:47,990 --> 01:08:44,560

a view of the stars

1880

01:08:50,390 --> 01:08:48,000

as long as it's not cloudy yeah

1881

01:08:51,189 --> 01:08:50,400

well uh you know we were on a case down

1882

01:08:53,749 --> 01:08:51,199

in virginia

1883

01:08:55,269 --> 01:08:53,759

and didn't pay a whole lot of attention

1884

01:08:57,430 --> 01:08:55,279

going down but on the way back when it

1885

01:08:58,709 --> 01:08:57,440

was daylight

1886

01:09:00,950 --> 01:08:58,719

of course we went down when they had

1887

01:09:02,709 --> 01:09:00,960

that rain storm

1888

01:09:05,669 --> 01:09:02,719

going up and down the east coast and so

1889

01:09:07,030 --> 01:09:05,679

the sky was pretty cloudy until we got

1890

01:09:08,870 --> 01:09:07,040

just the other side of penfield where it

1891

01:09:10,229 --> 01:09:08,880

started to clear up and that's where you

1892

01:09:10,870 --> 01:09:10,239

know we really got a good look at those

1893

01:09:13,110 --> 01:09:10,880

woods

1894

01:09:14,149 --> 01:09:13,120

and the sky i mean the view the view was

1895

01:09:16,470 --> 01:09:14,159

amazing

1896

01:09:17,749 --> 01:09:16,480

i mean it's just wide open and there's

1897

01:09:19,269 --> 01:09:17,759

nothing there

1898

01:09:20,870 --> 01:09:19,279

i mean you've got a couple little towns

1899

01:09:22,950 --> 01:09:20,880

but other than that there's nothing

1900

01:09:27,590 --> 01:09:22,960

there

1901

01:09:30,709 --> 01:09:27,600

no big thoroughfares no airports

1902

01:09:32,829 --> 01:09:30,719

you know so

1903

01:09:34,070 --> 01:09:32,839

light pollution wise i think will be

1904

01:09:36,709 --> 01:09:34,080

good

1905

01:09:39,189 --> 01:09:36,719

but i'm counting i'm really counting on

1906

01:09:43,189 --> 01:09:41,269

heat detection devices the floor cameras

1907

01:09:46,390 --> 01:09:43,199

to do their thing

1908

01:09:47,510 --> 01:09:46,400

because you know infrared you can see a

1909

01:09:49,910 --> 01:09:47,520

great deal

1910

01:09:51,030 --> 01:09:49,920

but when you have a thermal imager you

1911

01:09:55,030 --> 01:09:51,040

can see

1912

01:10:00,310 --> 01:09:57,990

well no yipping yelling or tree banging

1913

01:10:03,590 --> 01:10:00,320

uh you don't need that this time around

1914

01:10:05,030 --> 01:10:03,600

uh no no no and if anybody decides

1915

01:10:06,229 --> 01:10:05,040

they're going to throw donuts into the

1916

01:10:07,510 --> 01:10:06,239

woods they're going to have to fight me

1917

01:10:10,330 --> 01:10:07,520

because i want the donuts before they

1918

01:10:10,340 --> 01:10:14,229

[Music]

1919

01:10:18,070 --> 01:10:16,470

you know and and no way no way is my

1920

01:10:18,950 --> 01:10:18,080

wife gonna let me take any ribs out of

1921

01:10:22,870 --> 01:10:18,960

the freezer and

1922

01:10:23,830 --> 01:10:22,880

nail them to a tree uh so i it's it's

1923

01:10:26,229 --> 01:10:23,840

gonna be an interesting

1924

01:10:27,189 --> 01:10:26,239

uh investigation it's gonna be all new

1925

01:10:29,350 --> 01:10:27,199

really i mean

1926

01:10:31,189 --> 01:10:29,360

it's nothing that i don't know of

1927

01:10:33,350 --> 01:10:31,199

anybody ever doing it i mean

1928

01:10:36,630 --> 01:10:33,360

you know even jc and jack and those guys

1929

01:10:38,390 --> 01:10:36,640

out in the colorado area i mean

1930

01:10:39,830 --> 01:10:38,400

you know they they follow up on a case

1931

01:10:41,270 --> 01:10:39,840

and and you know they got

1932

01:10:42,630 --> 01:10:41,280

a whole different way of doing it out

1933

01:10:43,270 --> 01:10:42,640

there than we would here because you

1934

01:10:46,630 --> 01:10:43,280

know

1935

01:10:48,630 --> 01:10:46,640

the they got the mountains they got the

1936

01:10:49,910 --> 01:10:48,640

plateaus they got their

1937

01:10:52,870 --> 01:10:49,920

i mean it's different it's just

1938

01:10:54,310 --> 01:10:52,880

different and then here you know you got

1939

01:10:56,830 --> 01:10:54,320

woods where you can't see five foot in

1940

01:11:01,030 --> 01:10:59,990

so it's going to be different it'll be

1941

01:11:04,149 --> 01:11:01,040

exciting

1942

01:11:05,350 --> 01:11:04,159

um so and we'll have radio contact with

1943

01:11:06,390 --> 01:11:05,360

everybody nobody's going to be walking

1944

01:11:07,990 --> 01:11:06,400

around without a radio

1945

01:11:11,350 --> 01:11:08,000

and we'll have radio contact with

1946

01:11:12,950 --> 01:11:11,360

everybody so nobody's going to get lost

1947

01:11:14,709 --> 01:11:12,960

you know we have everything we need you

1948

01:11:15,110 --> 01:11:14,719

know we have medical supplies we got we

1949

01:11:16,790 --> 01:11:15,120

got

1950

01:11:18,149 --> 01:11:16,800

you know everybody's bringing their own

1951

01:11:19,910 --> 01:11:18,159

food

1952

01:11:20,950 --> 01:11:19,920

and i gotta feed my one guy which means

1953

01:11:24,149 --> 01:11:20,960

i have to spend about three hundred

1954

01:11:30,790 --> 01:11:27,270

he's a lot you know i do want to say

1955

01:11:33,750 --> 01:11:30,800

to the listeners uh if you

1956

01:11:35,030 --> 01:11:33,760

and especially those that live in pa if

1957

01:11:38,470 --> 01:11:35,040

you do

1958

01:11:39,510 --> 01:11:38,480

have any information or or have

1959

01:11:41,990 --> 01:11:39,520

something a

1960

01:11:43,270 --> 01:11:42,000

type of sighting that may be like you

1961

01:11:45,350 --> 01:11:43,280

know

1962

01:11:46,950 --> 01:11:45,360

what may correlate to what we're talking

1963

01:11:49,110 --> 01:11:46,960

about

1964

01:11:50,630 --> 01:11:49,120

please feel free to contact us really i

1965

01:11:52,470 --> 01:11:50,640

mean because you know

1966

01:11:54,070 --> 01:11:52,480

you don't have to tell us who you're

1967

01:11:57,350 --> 01:11:54,080

you'd be nice but

1968

01:12:00,470 --> 01:11:57,360

we're mostly looking for information

1969

01:12:03,830 --> 01:12:00,480

and uh you know if we can get

1970

01:12:06,390 --> 01:12:03,840

if we can get sightings

1971

01:12:09,110 --> 01:12:06,400

you know in groups which is probably the

1972

01:12:11,910 --> 01:12:09,120

best thing if we get signings in groups

1973

01:12:12,390 --> 01:12:11,920

uh certain groups like we have been

1974

01:12:16,390 --> 01:12:12,400

getting

1975

01:12:17,990 --> 01:12:16,400

actually uh that's gonna help a lot

1976

01:12:22,310 --> 01:12:18,000

yeah it narrows down the area of

1977

01:12:24,070 --> 01:12:22,320

investigation a great deal i think we've

1978

01:12:26,550 --> 01:12:24,080

been pretty fortunate

1979

01:12:28,070 --> 01:12:26,560

with the reports we have gotten that so

1980

01:12:31,110 --> 01:12:28,080

many of them are

1981

01:12:32,630 --> 01:12:31,120

in one area you know you get two or

1982

01:12:33,669 --> 01:12:32,640

three of them in one area you get ten

1983

01:12:36,229 --> 01:12:33,679

reports

1984

01:12:36,790 --> 01:12:36,239

and and six of them are related well

1985

01:12:39,830 --> 01:12:36,800

that's

1986

01:12:41,669 --> 01:12:39,840

pretty unusual yeah and and

1987

01:12:45,910 --> 01:12:41,679

and i guess the thing that really bugs

1988

01:12:49,510 --> 01:12:48,470

they're so similar i mean in description

1989

01:12:53,350 --> 01:12:49,520

they're so similar

1990

01:12:56,950 --> 01:12:53,360

in a reaction on the part of the viewer

1991

01:12:59,510 --> 01:12:56,960

that it's just it's weird

1992

01:13:01,270 --> 01:12:59,520

it's just weird well it's just me it's

1993

01:13:02,149 --> 01:13:01,280

something that you really don't expect

1994

01:13:05,270 --> 01:13:02,159

to see

1995

01:13:07,350 --> 01:13:05,280

i mean you know even even if if you just

1996

01:13:10,390 --> 01:13:07,360

add a distance that saw a bigfoot

1997

01:13:11,510 --> 01:13:10,400

that would be very exciting you know or

1998

01:13:13,910 --> 01:13:11,520

it would be something you just couldn't

1999

01:13:16,470 --> 01:13:13,920

believe you see believe me i know that

2000

01:13:19,110 --> 01:13:16,480

but i'm telling you if there's a seven

2001

01:13:20,870 --> 01:13:19,120

foot canid standing in front of me

2002

01:13:23,270 --> 01:13:20,880

or crouching on the side of the road

2003

01:13:25,350 --> 01:13:23,280

eating on something as i'm going by then

2004

01:13:28,149 --> 01:13:25,360

looking at me as i go by

2005

01:13:30,550 --> 01:13:28,159

that's gonna really freak me out yeah

2006

01:13:33,430 --> 01:13:30,560

anybody bring in the milk bones

2007

01:13:33,830 --> 01:13:33,440

uh i'm bringing five pounds all right

2008

01:13:37,270 --> 01:13:33,840

that's good

2009

01:13:40,310 --> 01:13:37,280

extra large i might get hungry you know

2010

01:13:42,709 --> 01:13:40,320

uh i'll tell you i

2011

01:13:45,030 --> 01:13:42,719

yeah this is something new we're also

2012

01:13:50,630 --> 01:13:45,040

bringing depends

2013

01:13:55,110 --> 01:13:53,590

uh well lon what have we got to uh

2014

01:13:57,030 --> 01:13:55,120

anything recent to come on phantoms and

2015

01:13:59,270 --> 01:13:57,040

monsters here uh

2016

01:14:00,709 --> 01:13:59,280

we can be honestly it's been a pretty

2017

01:14:02,630 --> 01:14:00,719

slow week

2018

01:14:04,470 --> 01:14:02,640

uh i haven't gotten a whole much of

2019

01:14:08,390 --> 01:14:04,480

anything quite honest with you

2020

01:14:08,870 --> 01:14:08,400

and uh other than other than we did i

2021

01:14:11,110 --> 01:14:08,880

did get

2022

01:14:12,070 --> 01:14:11,120

a strange report from the white

2023

01:14:14,070 --> 01:14:12,080

mountains area

2024

01:14:16,550 --> 01:14:14,080

of new hampshire which isn't unusual

2025

01:14:16,950 --> 01:14:16,560

because that is a strange area up there

2026

01:14:19,430 --> 01:14:16,960

that

2027

01:14:21,430 --> 01:14:19,440

you know historically even with the

2028

01:14:23,110 --> 01:14:21,440

native americans that lived up in that

2029

01:14:25,189 --> 01:14:23,120

area it there's been a lot of weird

2030

01:14:27,270 --> 01:14:25,199

things to go on up there

2031

01:14:28,790 --> 01:14:27,280

and uh i don't know if this woman is

2032

01:14:30,790 --> 01:14:28,800

dealing with a bigfoot

2033

01:14:32,790 --> 01:14:30,800

or possibly like i told her because some

2034

01:14:35,990 --> 01:14:32,800

of the some of her descriptions

2035

01:14:38,390 --> 01:14:36,000

it may be like tainted but

2036

01:14:39,110 --> 01:14:38,400

uh you know if if you think about it

2037

01:14:42,149 --> 01:14:39,120

that isn't

2038

01:14:43,030 --> 01:14:42,159

far from that area where linda had her

2039

01:14:47,510 --> 01:14:43,040

uh

2040

01:14:48,870 --> 01:14:47,520

with the kanan's in the the forest and

2041

01:14:50,950 --> 01:14:48,880

then

2042

01:14:52,229 --> 01:14:50,960

kind of holding up the the family in the

2043

01:14:56,950 --> 01:14:52,239

house

2044

01:15:00,550 --> 01:14:56,960

uh and those those type of wolf reports

2045

01:15:02,149 --> 01:15:00,560

are are known up there so um

2046

01:15:04,550 --> 01:15:02,159

i don't know what she's dealing with she

2047

01:15:07,430 --> 01:15:04,560

contacted me again today

2048

01:15:08,470 --> 01:15:07,440

and uh thought she called a picture or

2049

01:15:11,510 --> 01:15:08,480

something

2050

01:15:11,830 --> 01:15:11,520

so she's sending she's actually going to

2051

01:15:15,030 --> 01:15:11,840

send

2052

01:15:17,110 --> 01:15:15,040

you a thumb drive or a uh a cd to me she

2053

01:15:20,950 --> 01:15:17,120

got said you got a bunch of pictures

2054

01:15:24,310 --> 01:15:23,189

i don't know either but that's about all

2055

01:15:25,910 --> 01:15:24,320

i've gotten this week

2056

01:15:28,709 --> 01:15:25,920

what about you bro you got anything

2057

01:15:33,030 --> 01:15:28,719

exciting besides the dog man stuff

2058

01:15:36,149 --> 01:15:33,040

uh a couple of sightings of triangles um

2059

01:15:38,950 --> 01:15:36,159

in the berks county area and butler

2060

01:15:40,149 --> 01:15:38,960

um i just got one near bloomsburg i was

2061

01:15:42,229 --> 01:15:40,159

going to send off to you and i'll send

2062

01:15:44,390 --> 01:15:42,239

that to you as soon as we get offline

2063

01:15:46,310 --> 01:15:44,400

uh there's a picture associated with it

2064

01:15:51,590 --> 01:15:46,320

very triangular in shape like

2065

01:15:55,030 --> 01:15:53,350

yeah and and that's that's a very good

2066

01:15:55,990 --> 01:15:55,040

description because they are very sharp

2067

01:15:58,870 --> 01:15:56,000

angles

2068

01:15:59,590 --> 01:15:58,880

um i've only ever seen one that wasn't

2069

01:16:02,870 --> 01:15:59,600

and

2070

01:16:04,870 --> 01:16:02,880

um that happened uh that was an extra

2071

01:16:06,229 --> 01:16:04,880

texture township berkshire lower burst

2072

01:16:12,390 --> 01:16:06,239

county and

2073

01:16:15,910 --> 01:16:12,400

it had a the guy described it

2074

01:16:18,310 --> 01:16:15,920

like a harpoon shape

2075

01:16:19,590 --> 01:16:18,320

sticking out the nose of the very point

2076

01:16:21,830 --> 01:16:19,600

of the triangle

2077

01:16:23,669 --> 01:16:21,840

and he said it was about almost half the

2078

01:16:25,270 --> 01:16:23,679

size of the triangle which was huge in

2079

01:16:27,990 --> 01:16:25,280

his estimations

2080

01:16:28,390 --> 01:16:28,000

and uh so i took the first report and

2081

01:16:31,110 --> 01:16:28,400

then

2082

01:16:33,750 --> 01:16:31,120

six weeks later he and nine other people

2083

01:16:36,630 --> 01:16:33,760

witnessed the same thing

2084

01:16:38,310 --> 01:16:36,640

in a different same same basic area with

2085

01:16:40,390 --> 01:16:38,320

maybe 10 miles

2086

01:16:41,750 --> 01:16:40,400

but um they were standing in the parking

2087

01:16:43,270 --> 01:16:41,760

lot of boss gobs

2088

01:16:44,790 --> 01:16:43,280

really just shooting the breeze just

2089

01:16:48,149 --> 01:16:44,800

folks that knew each other

2090

01:16:51,430 --> 01:16:48,159

and there it goes in another direction

2091

01:16:53,990 --> 01:16:51,440

very dark in color no lights whatsoever

2092

01:16:56,149 --> 01:16:54,000

it was a daytime sighting and it just

2093

01:17:02,870 --> 01:16:56,159

kind of

2094

01:17:04,310 --> 01:17:02,880

shot away go on

2095

01:17:05,750 --> 01:17:04,320

he said it's almost like it disappeared

2096

01:17:06,950 --> 01:17:05,760

but he said it didn't he said it

2097

01:17:08,870 --> 01:17:06,960

actually

2098

01:17:12,149 --> 01:17:08,880

turned and moved forward before it just

2099

01:17:16,149 --> 01:17:14,550

so triangles triangles and orbs are the

2100

01:17:17,910 --> 01:17:16,159

biggest thing being seen right now

2101  
01:17:20,070 --> 01:17:17,920  
and the orbs are being seen very close

2102  
01:17:21,750 --> 01:17:20,080  
to the ground any i've seen reports of

2103  
01:17:24,950 --> 01:17:21,760  
500 feet and less

2104  
01:17:29,030 --> 01:17:27,350  
reports of these things following people

2105  
01:17:32,229 --> 01:17:29,040  
home

2106  
01:17:35,669 --> 01:17:32,239  
that's a little scary uh but it's

2107  
01:17:40,149 --> 01:17:35,679  
um biggest thing right now

2108  
01:17:41,510 --> 01:17:40,159  
uh is uh the creature sightings

2109  
01:17:42,830 --> 01:17:41,520  
i mean i mean they're just not here in

2110  
01:17:45,590 --> 01:17:42,840  
pennsylvania they're all over the

2111  
01:17:46,790 --> 01:17:45,600  
country not so much exactly what we have

2112  
01:17:48,310 --> 01:17:46,800  
but close

2113  
01:17:50,870 --> 01:17:48,320

uh yeah they really are all over the

2114

01:17:53,270 --> 01:17:50,880

place yeah they're everywhere

2115

01:17:55,030 --> 01:17:53,280

and i don't know what brought that on

2116

01:17:58,229 --> 01:17:55,040

and and another thing that's

2117

01:18:01,590 --> 01:17:58,239

kind of um weird

2118

01:18:04,630 --> 01:18:01,600

uh the sightings of bigfoot

2119

01:18:06,790 --> 01:18:04,640

have kind of weaned down a bit

2120

01:18:08,149 --> 01:18:06,800

but sightings of abductions are not

2121

01:18:10,870 --> 01:18:08,159

sightings but abductions

2122

01:18:15,510 --> 01:18:10,880

in general have picked up over the last

2123

01:18:18,709 --> 01:18:16,950

uh you know i had somebody asked me the

2124

01:18:22,149 --> 01:18:18,719

other day that davis david pilates may

2125

01:18:25,189 --> 01:18:22,159

be dealing with one of these creatures

2126

01:18:27,590 --> 01:18:25,199

you know i don't know i have no idea

2127

01:18:30,470 --> 01:18:27,600

you know i've read his stuff i've read

2128

01:18:32,470 --> 01:18:30,480

his reports and i've looked at stuff but

2129

01:18:34,390 --> 01:18:32,480

you know how would you even say that i

2130

01:18:35,830 --> 01:18:34,400

mean these people are never found so

2131

01:18:37,430 --> 01:18:35,840

now if you find somebody that's laying

2132

01:18:38,950 --> 01:18:37,440

there and they're shredded

2133

01:18:40,470 --> 01:18:38,960

if they can prove it wasn't a bear and

2134

01:18:42,390 --> 01:18:40,480

it was something other than a bear

2135

01:18:43,830 --> 01:18:42,400

well not those parts of the country in

2136

01:18:46,630 --> 01:18:43,840

the midwest and

2137

01:18:48,070 --> 01:18:46,640

the west and the west and northwest i

2138

01:18:50,310 --> 01:18:48,080

mean you've got an abundance of

2139

01:18:52,149 --> 01:18:50,320

wolves of all varieties you've got

2140

01:18:54,070 --> 01:18:52,159

you've got some huge bears out there

2141

01:18:55,510 --> 01:18:54,080

you know they'll take your head off with

2142

01:18:58,229 --> 01:18:55,520

one swipe

2143

01:18:59,669 --> 01:18:58,239

and uh but it's like one guy was talking

2144

01:19:01,590 --> 01:18:59,679

to a game commission officer

2145

01:19:03,350 --> 01:19:01,600

i've been out of many many years i knew

2146

01:19:04,709 --> 01:19:03,360

him when i was a police officer and he

2147

01:19:06,310 --> 01:19:04,719

he was saying to me says you know he

2148

01:19:07,430 --> 01:19:06,320

says because i asked him about that and

2149

01:19:12,870 --> 01:19:07,440

he said

2150

01:19:14,870 --> 01:19:12,880

drag you off somewhere it'll just

2151  
01:19:15,990 --> 01:19:14,880  
munch on you like a sandwich he said

2152  
01:19:18,310 --> 01:19:16,000  
it's not gonna rip you apart

2153  
01:19:19,910 --> 01:19:18,320  
he said oh it may take a leg off and you

2154  
01:19:21,110 --> 01:19:19,920  
know like a turkey dinner but he said

2155  
01:19:23,030 --> 01:19:21,120  
other than that he said the body's

2156  
01:19:24,870 --> 01:19:23,040  
pretty much intact

2157  
01:19:26,630 --> 01:19:24,880  
he said a wolf it'll go for the soft

2158  
01:19:28,870 --> 01:19:26,640  
spots and it'll leave

2159  
01:19:33,990 --> 01:19:28,880  
it'll fill up and it'll go and then you

2160  
01:19:37,189 --> 01:19:35,910  
these ones that go away and disappear i

2161  
01:19:38,950 --> 01:19:37,199  
mean i've been i've been researching

2162  
01:19:42,550 --> 01:19:38,960  
that since

2163  
01:19:44,950 --> 01:19:42,560

2008 2007 and that number

2164

01:19:46,390 --> 01:19:44,960

never changes i mean there's just

2165

01:19:48,310 --> 01:19:46,400

thousands and thousands of people i mean

2166

01:19:50,470 --> 01:19:48,320

we spoke about this before on the show i

2167

01:19:52,310 --> 01:19:50,480

mean it just uh

2168

01:19:54,310 --> 01:19:52,320

there's no rhyme or reason to it i mean

2169

01:19:58,149 --> 01:19:54,320

they're just gone they just don't exist

2170

01:20:02,709 --> 01:20:00,070

well i have a lot of opinions on a lot

2171

01:20:05,510 --> 01:20:02,719

of things like that but uh

2172

01:20:08,790 --> 01:20:05,520

you know who's to say what's right and

2173

01:20:13,110 --> 01:20:10,950

you know i i there's a lot of stuff we

2174

01:20:16,709 --> 01:20:13,120

don't know it's a lot of stuff

2175

01:20:18,229 --> 01:20:16,719

that can't be explained maybe one day

2176

01:20:20,470 --> 01:20:18,239

will be explained

2177

01:20:22,550 --> 01:20:20,480

you know maybe we're just thinking with

2178

01:20:24,070 --> 01:20:22,560

the dog man or any type of creature

2179

01:20:25,430 --> 01:20:24,080

similar to that

2180

01:20:27,270 --> 01:20:25,440

who knows what we're going to run into

2181

01:20:30,870 --> 01:20:27,280

we're fine maybe we'll never

2182

01:20:32,709 --> 01:20:30,880

find a thing but i mean it's just say

2183

01:20:34,629 --> 01:20:32,719

you know and and most people will tell

2184

01:20:35,830 --> 01:20:34,639

you well you're chasing dreams you're

2185

01:20:39,830 --> 01:20:35,840

chasing

2186

01:20:41,189 --> 01:20:39,840

well yeah okay

2187

01:20:42,950 --> 01:20:41,199

we'll give you the benefit of doubt on

2188

01:20:44,870 --> 01:20:42,960

that but the thing is

2189

01:20:45,990 --> 01:20:44,880

there are way too many people out there

2190

01:20:49,270 --> 01:20:46,000

that are very serious

2191

01:20:50,310 --> 01:20:49,280

about this and and whether it be

2192

01:20:55,590 --> 01:20:50,320

cryptids

2193

01:20:58,950 --> 01:20:57,510

and all these folks are reporting this

2194

01:21:00,149 --> 01:20:58,960

you know these are just not residents

2195

01:21:01,669 --> 01:21:00,159

from the local uh

2196

01:21:03,590 --> 01:21:01,679

insane asylum that were let loose in the

2197

01:21:05,189 --> 01:21:03,600

afternoon and call you at night

2198

01:21:07,030 --> 01:21:05,199

i mean these people a lot of these

2199

01:21:09,590 --> 01:21:07,040

people are professionals uh

2200

01:21:11,830 --> 01:21:09,600

some are you know pilots some are police

2201

01:21:14,709 --> 01:21:11,840

officers some are doctors lawyers

2202

01:21:16,229 --> 01:21:14,719

i mean yeah every now and then you'll

2203

01:21:18,310 --> 01:21:16,239

get your oddball that you know

2204

01:21:19,750 --> 01:21:18,320

starts out the story with you know i've

2205

01:21:21,110 --> 01:21:19,760

seen this tooth fairy and i'm thinking

2206

01:21:24,790 --> 01:21:21,120

like okay

2207

01:21:26,830 --> 01:21:24,800

but um but most of the reports most

2208

01:21:28,550 --> 01:21:26,840

well in all of these reports that i've

2209

01:21:30,390 --> 01:21:28,560

seen and read

2210

01:21:32,070 --> 01:21:30,400

i mean all these people are credible i

2211

01:21:33,510 --> 01:21:32,080

mean i don't see anything in there and

2212

01:21:34,149 --> 01:21:33,520

there's a lot of catchphrases that you

2213

01:21:37,110 --> 01:21:34,159

can catch them

2214

01:21:38,470 --> 01:21:37,120

on you know a lot of open-ended and

2215

01:21:40,390 --> 01:21:38,480

closed-end questions but

2216

01:21:42,390 --> 01:21:40,400

uh no these people aren't they're

2217

01:21:44,790 --> 01:21:42,400

they're passing that test so

2218

01:21:46,310 --> 01:21:44,800

whatever they're seeing they're seeing

2219

01:21:46,870 --> 01:21:46,320

although the descriptions may be a

2220

01:21:49,110 --> 01:21:46,880

little

2221

01:21:50,149 --> 01:21:49,120

off in one way or the other they're very

2222

01:21:51,590 --> 01:21:50,159

very similar

2223

01:21:54,390 --> 01:21:51,600

and the one that sticks with me all the

2224

01:21:57,590 --> 01:21:54,400

time is the glowing yellow eyes

2225

01:21:59,350 --> 01:21:57,600

not red i've read bigfoot reports that

2226

01:22:01,270 --> 01:21:59,360

say you know glowing red eyes glowing

2227

01:22:02,550 --> 01:22:01,280

red eyes some dog mirror reports glowing

2228

01:22:04,870 --> 01:22:02,560

red eyes

2229

01:22:06,470 --> 01:22:04,880

all the reports we got pretty much all

2230

01:22:08,470 --> 01:22:06,480

with the exception of one or two

2231

01:22:09,590 --> 01:22:08,480

all have the glowing yellow eyes or

2232

01:22:13,990 --> 01:22:09,600

amber

2233

01:22:16,149 --> 01:22:14,000

so yeah that's fairly universal

2234

01:22:17,430 --> 01:22:16,159

i mean um you know anywhere from that

2235

01:22:20,470 --> 01:22:17,440

we've gotten reports

2236

01:22:22,390 --> 01:22:20,480

it's uh the yellow eyes

2237

01:22:24,229 --> 01:22:22,400

yeah and i don't i don't understand it

2238

01:22:25,430 --> 01:22:24,239

because you know when i

2239

01:22:27,270 --> 01:22:25,440

when i was talking to the folks out

2240

01:22:29,189 --> 01:22:27,280

there in oklahoma

2241

01:22:30,950 --> 01:22:29,199

by the way are just so gracious is

2242

01:22:32,310 --> 01:22:30,960

unbelievable and they're very concerned

2243

01:22:35,430 --> 01:22:32,320

about our safety

2244

01:22:37,990 --> 01:22:35,440

uh we're saying you know the glowing

2245

01:22:41,030 --> 01:22:38,000

yellow eyes he said if it's daytime

2246

01:22:42,550 --> 01:22:41,040

and one does saunder in and you know

2247

01:22:43,669 --> 01:22:42,560

start to talk and all this stuff he said

2248

01:22:44,310 --> 01:22:43,679

you know what to do there's different

2249

01:22:46,310 --> 01:22:44,320

things that

2250

01:22:48,870 --> 01:22:46,320

you can tell what's going on but he said

2251

01:22:50,790 --> 01:22:48,880

they will be wearing dark glasses

2252

01:22:53,510 --> 01:22:50,800

he said of some sort either sunglasses

2253

01:22:54,790 --> 01:22:53,520

or or maybe snow glasses or something

2254

01:22:56,229 --> 01:22:54,800

like that in the wintertime so but their

2255

01:22:58,390 --> 01:22:56,239

eyes will be covered and he said their

2256

01:23:02,870 --> 01:22:58,400

eyes are covered for a reason because

2257

01:23:05,030 --> 01:23:02,880

those eyes which are adept for darkness

2258

01:23:06,790 --> 01:23:05,040

you know he said they're like infrared

2259

01:23:09,030 --> 01:23:06,800

he said they're not very they don't do

2260

01:23:12,950 --> 01:23:09,040

very well in bright sunlight

2261

01:23:15,350 --> 01:23:12,960

and um you know so

2262

01:23:16,390 --> 01:23:15,360

we took some precautions there and you

2263

01:23:18,149 --> 01:23:16,400

know a friend of mine

2264

01:23:19,669 --> 01:23:18,159

uh that doesn't work for the u.s

2265

01:23:21,189 --> 01:23:19,679

government uh sent me a piece of

2266

01:23:22,470 --> 01:23:21,199

equipment to use in case that does

2267

01:23:25,750 --> 01:23:22,480

happen

2268

01:23:29,270 --> 01:23:25,760

uh so we got some surprises and uh

2269

01:23:33,270 --> 01:23:31,430

well shaw i think we may wrap this up

2270

01:23:35,030 --> 01:23:33,280

tonight it's been a pretty good show

2271

01:23:36,310 --> 01:23:35,040

it's been a great show and i'm i'm

2272

01:23:38,629 --> 01:23:36,320

thankful butch that you

2273

01:23:39,990 --> 01:23:38,639

jumped on here and spent the entire show

2274

01:23:42,390 --> 01:23:40,000

with us talking about this

2275

01:23:43,910 --> 01:23:42,400

upcoming dogman event and and just a

2276

01:23:45,510 --> 01:23:43,920

dogman case in general because it's

2277

01:23:47,270 --> 01:23:45,520

really important that

2278

01:23:48,950 --> 01:23:47,280

we bring the listeners up to speed on

2279

01:23:51,910 --> 01:23:48,960

everything that's been going on behind

2280

01:23:55,910 --> 01:23:51,920

the scenes and and and the plans to

2281

01:23:57,590 --> 01:23:55,920

uh get some answers behind this mystery

2282

01:23:59,510 --> 01:23:57,600

yeah it's it's it's very important to

2283

01:24:00,709 --> 01:23:59,520

share the information because you know

2284

01:24:02,070 --> 01:24:00,719

maybe somebody that's just listening to

2285

01:24:03,189 --> 01:24:02,080

the show or somebody else or is not

2286

01:24:04,709 --> 01:24:03,199

listening to the show but their buddy

2287

01:24:07,189 --> 01:24:04,719

did and they you know bring it up and

2288

01:24:07,910 --> 01:24:07,199

you know that might bring back a memory

2289

01:24:09,669 --> 01:24:07,920

or maybe

2290

01:24:11,510 --> 01:24:09,679

bring back a bring up another location

2291

01:24:13,510 --> 01:24:11,520

we should be looking at

2292

01:24:15,750 --> 01:24:13,520

or something strange that they saw in

2293

01:24:18,070 --> 01:24:15,760

the woods maybe the carcass of a deer or

2294

01:24:19,110 --> 01:24:18,080

maybe a bear tore up you know

2295

01:24:21,510 --> 01:24:19,120

there ain't too many things out there is

2296

01:24:23,830 --> 01:24:21,520

going to tear up a bear

2297

01:24:25,110 --> 01:24:23,840

and uh that was one thing i was really

2298

01:24:27,750 --> 01:24:25,120

looking for i was looking for

2299

01:24:29,189 --> 01:24:27,760

any type of you know uh the bear towers

2300

01:24:30,950 --> 01:24:29,199

that were found that were tore up pretty

2301

01:24:34,709 --> 01:24:30,960

bad

2302

01:24:38,790 --> 01:24:36,790

one of the thing things that really

2303

01:24:40,229 --> 01:24:38,800

sticks out a lot is

2304

01:24:42,470 --> 01:24:40,239

that these things really don't have a

2305

01:24:45,189 --> 01:24:42,480

lot of etiquette when they're eating

2306

01:24:46,550 --> 01:24:45,199

they just rip and tear so that's another

2307

01:24:48,310 --> 01:24:46,560

thing we're going to be looking for like

2308

01:24:49,990 --> 01:24:48,320

i said you know bones with chew marks

2309

01:24:51,750 --> 01:24:50,000

and stuff like that

2310

01:24:53,430 --> 01:24:51,760

and we have a dissection kit in the in

2311

01:24:54,709 --> 01:24:53,440

the truck and we have all i mean we have

2312

01:24:56,149 --> 01:24:54,719

everything we need to protect the

2313

01:24:59,350 --> 01:24:56,159

evidence so

2314

01:25:00,950 --> 01:24:59,360

we've already got a sign a science guy

2315

01:25:02,070 --> 01:25:00,960

that will uh take a look at everything

2316

01:25:04,870 --> 01:25:02,080

for us so

2317

01:25:05,990 --> 01:25:04,880

and you know we even got a microscope on

2318

01:25:07,510 --> 01:25:06,000

the truck we need to really look at

2319

01:25:10,310 --> 01:25:07,520

something really close there

2320

01:25:12,870 --> 01:25:10,320

so hoping it all goes well and we don't

2321

01:25:14,390 --> 01:25:12,880

lose sean in the woods

2322

01:25:18,790 --> 01:25:14,400

that never happens no matter how hard

2323

01:25:23,270 --> 01:25:18,800

they try pennsylvania's csi

2324

01:25:24,629 --> 01:25:23,280

dog man csu he had dog man

2325

01:25:27,669 --> 01:25:24,639

well butch thank you very much for

2326

01:25:29,510 --> 01:25:27,679

joining us lon a great show tonight guys

2327

01:25:30,790 --> 01:25:29,520

but before we go on as much as you and i

2328

01:25:31,750 --> 01:25:30,800

like to be great stewards for the

2329

01:25:34,149 --> 01:25:31,760

paranormal

2330

01:25:35,189 --> 01:25:34,159

we also like to be stewards uh for the

2331

01:25:37,510 --> 01:25:35,199

world we live in

2332

01:25:38,470 --> 01:25:37,520

and uh if folks you know no matter how

2333

01:25:41,750 --> 01:25:38,480

down you're feeling

2334

01:25:43,830 --> 01:25:41,760

and yeah you know life gets in the way

2335

01:25:45,030 --> 01:25:43,840

and you feel like you've got nowhere to

2336

01:25:46,629 --> 01:25:45,040

turn to

2337

01:25:48,470 --> 01:25:46,639

uh you know there's help out there for

2338

01:25:52,550 --> 01:25:48,480

you you can call the national suicide

2339

01:25:53,910 --> 01:25:52,560

prevention lifeline at 1-800-273-talk

2340

01:25:55,750 --> 01:25:53,920

someone's always out there for you to

2341

01:25:58,149 --> 01:25:55,760

listen uh

2342

01:25:59,669 --> 01:25:58,159

we want to make sure everybody's uh

2343

01:26:00,790 --> 01:25:59,679

everybody's got someone to talk to

2344

01:26:02,790 --> 01:26:00,800

out there and we're also gonna be

2345

01:26:04,229 --> 01:26:02,800

partnering with feeding america

2346

01:26:06,950 --> 01:26:04,239

you know every dollar you donate to

2347

01:26:08,870 --> 01:26:06,960

feeding america provides 11 meals

2348

01:26:11,030 --> 01:26:08,880

for folks in need so just stay tuned to

2349

01:26:13,750 --> 01:26:11,040

the website arcaneradio.com

2350

01:26:14,790 --> 01:26:13,760

so you can uh connect with those uh very

2351

01:26:18,870 --> 01:26:14,800

important

2352

01:26:20,149 --> 01:26:18,880

leave you on a down note but you know as

2353

01:26:21,270 --> 01:26:20,159

much as we like to talk about the world

2354

01:26:23,110 --> 01:26:21,280

of the paranormal the world of the

2355

01:26:25,750 --> 01:26:23,120

living needs us just as much

2356

01:26:27,030 --> 01:26:25,760

so until next week folks uh well

2357

01:26:29,030 --> 01:26:27,040

actually not next week next week we

2358

01:26:30,229 --> 01:26:29,040

won't be doing a show though

2359

01:26:32,229 --> 01:26:30,239

next week the studio will be getting a

2360

01:26:33,830 --> 01:26:32,239

little bit of a makeover so

2361

01:26:35,110 --> 01:26:33,840

uh we won't be doing that but we'll

2362

01:26:36,390 --> 01:26:35,120

catch us the following week go to

2363

01:26:39,189 --> 01:26:36,400

facebook.com

2364

01:26:40,229 --> 01:26:39,199

arcane radio check us out and for the

2365

01:26:42,550 --> 01:26:40,239

latest information

2366

01:26:43,510 --> 01:26:42,560

folks thanks for listening good night
