00:00:16,390 --> 00:00:14,160
2017. get ahead of myself there of

6
00:00:19,590 --> 00:00:16,400
course i'm joined by lon strickler

7
00:00:21,109 --> 00:00:19,600
uh he's here to uh discuss

8
00:00:23,029 --> 00:00:21,119
the topics of the day topics of the

9
00:00:25,589 --> 00:00:23,039
night and to spend some time

10
00:00:26,150 --> 00:00:25,599
with our guest this evening mr ken

11
00:00:28,390 --> 00:00:26,160
gerhart

12
00:00:30,230 --> 00:00:28,400
and lon how are you doing tonight buddy

13
00:00:33,670 --> 00:00:30,240

yeah i'm doing okay

14

00:00:35,110 --> 00:00:33,680

uh you know kind of out of it a little

15

00:00:38,069 --> 00:00:35,120

bit but i'm okay

16

00:00:38,470 --> 00:00:38,079

yeah well you know it happens and uh i'm

17

00:00:39,910 --> 00:00:38,480

a little

18

00:00:42,389 --> 00:00:39,920

under the weather today but the show

19

00:00:44,069 --> 00:00:42,399

must go on so i'm stuffed up like a

20

00:00:45,350 --> 00:00:44,079

clogged pipe and

21

00:00:47,430 --> 00:00:45,360

oh it's just another one of those days

22

00:00:49,910 --> 00:00:47,440

gotta love the winter lawn and that's

23

00:00:52,630 --> 00:00:49,920

what we're experiencing

24

00:00:54,950 --> 00:00:52,640

yep you can't ever win can't ever win

25

00:00:56,950 --> 00:00:54,960

yeah i sure don't

26

00:00:58,229 --> 00:00:56,960

but uh yeah the way it's been too big

27

00:00:59,830 --> 00:00:58,239

but too bad i mean at least we're not

28

00:01:01,349 --> 00:00:59,840

getting a whole lot of snow i mean it's

29

00:01:03,349 --> 00:01:01,359

been kind of a warm

30

00:01:05,030 --> 00:01:03,359

winter i guess but it has we have had

31

00:01:07,590 --> 00:01:05,040

some pretty wet days

32

00:01:08,550 --> 00:01:07,600

i think maybe well we had a snow come in

33

00:01:11,750 --> 00:01:08,560

monday night

34

00:01:11,990 --> 00:01:11,760

and we got maybe two inches two and a

35

00:01:13,670 --> 00:01:12,000

half

36

00:01:16,149 --> 00:01:13,680

inches here so now i'm not complaining

37

00:01:18,149 --> 00:01:16,159

about that i like a little snow

38

00:01:20,390 --> 00:01:18,159

i don't like a lot of snow but it's

39

00:01:22,390 --> 00:01:20,400

still early in the winter yet

40

00:01:23,830 --> 00:01:22,400

and there's a lot of it left to be seen

41

00:01:27,190 --> 00:01:23,840

how much precipitation

42

00:01:29,510 --> 00:01:27,200

snowfall will actually get

43

00:01:31,510 --> 00:01:29,520

yeah well we'll see we don't normally

44

00:01:32,149 --> 00:01:31,520

get a lot of snow until maybe february

45

00:01:35,270 --> 00:01:32,159

in

46

00:01:37,749 --> 00:01:35,280

president's day

47

00:01:39,590 --> 00:01:37,759

first week of march yeah that's when we

48

00:01:42,789 --> 00:01:39,600

get it

49

00:01:43,109 --> 00:01:42,799

so i'm not looking forward to it i hate

50

00:01:47,109 --> 00:01:43,119

it

51
00:01:48,230 --> 00:01:47,119
gonna keep the old pipes moist tonight

52
00:01:49,830 --> 00:01:48,240
and

53
00:01:52,069 --> 00:01:49,840
now we have a good show going on tonight

54
00:01:53,590 --> 00:01:52,079
not a real busy weekend for me we did

55
00:01:56,069 --> 00:01:53,600
have a bigfoot report come in that i

56
00:01:58,389 --> 00:01:56,079
really can't talk too much about

57
00:01:59,190 --> 00:01:58,399
all right yeah i got my guys les

58
00:02:02,310 --> 00:01:59,200
sienkovich

59
00:02:05,190 --> 00:02:02,320
and matt arner on it out there in

60
00:02:07,030 --> 00:02:05,200
northeastern pennsylvania and as more

61
00:02:09,029 --> 00:02:07,040
information comes about that we'll of

62
00:02:12,229 --> 00:02:09,039
course update everybody here

63
00:02:13,670 --> 00:02:12,239

but that's about it for me

64

00:02:16,309 --> 00:02:13,680

i know some interesting things have come

65

00:02:19,270 --> 00:02:17,750

and of course just you know our regular

66

00:02:20,949 --> 00:02:19,280

news but before we start talking about

67

00:02:23,830 --> 00:02:20,959

eulon i know

68

00:02:25,350 --> 00:02:23,840

uh you did have a chance to watch beware

69

00:02:30,630 --> 00:02:25,360

the slenderman

70

00:02:33,190 --> 00:02:30,640

thoughts um i was disappointed

71

00:02:34,949 --> 00:02:33,200

uh this is a show that was presented on

72

00:02:39,990 --> 00:02:34,959

hbo

73

00:02:43,830 --> 00:02:40,000

and uh i don't know it concentrated

74

00:02:45,030 --> 00:02:43,840

more on the uh situation with the two

75

00:02:49,270 --> 00:02:45,040

girls

76

00:02:51,589 --> 00:02:49,280

and the stabbing okay of their friend

77

00:02:53,190 --> 00:02:51,599

oh no that was in wisconsin wisconsin

78

00:02:57,190 --> 00:02:53,200

that's right

79

00:03:04,149 --> 00:02:57,200

uh walker

80

00:03:05,589 --> 00:03:04,159

waukesha or whatever yeah okay

81

00:03:07,190 --> 00:03:05,599

in the hell you're trying to i've got

82

00:03:10,869 --> 00:03:07,200

i've got it right i've got it right here

83

00:03:14,070 --> 00:03:12,470

just for everybody's knowledge i threw

84

00:03:15,350 --> 00:03:14,080

lawn off guard about this i

85

00:03:18,949 --> 00:03:15,360

we weren't playing yeah we're talking

86

00:03:25,589 --> 00:03:21,990

yeah well anyway that was uh

87

00:03:30,550 --> 00:03:25,599

it kind of concentrated more on that

88

00:03:32,710 --> 00:03:30,560

in in mental illness and kind of

89

00:03:34,710 --> 00:03:32,720

really did nothing as far as talking

90

00:03:38,789 --> 00:03:34,720

about the supernatural

91

00:03:42,390 --> 00:03:38,799

and you know possibilities supernatural

92

00:03:44,149 --> 00:03:42,400

with the slender man they didn't um

93

00:03:45,990 --> 00:03:44,159

i mean they didn't really give it any

94

00:03:48,390 --> 00:03:46,000

credence as far as that concern

95

00:03:50,550 --> 00:03:48,400

it was basically just well you know

96

00:03:52,949 --> 00:03:50,560

imagination of a child or

97

00:03:54,229 --> 00:03:52,959

the imagination of a mentally ill child

98

00:04:01,910 --> 00:03:54,239

and

99

00:04:07,509 --> 00:04:04,550

it didn't it didn't really make it

100

00:04:10,789 --> 00:04:07,519

interesting to me you know

101
00:04:12,710 --> 00:04:10,799
uh i mean other you know yeah the fact

102
00:04:13,990 --> 00:04:12,720
that these girls did what they did and

103
00:04:17,030 --> 00:04:14,000
how they did it and

104
00:04:19,909 --> 00:04:17,040
you know i it was you know it's

105
00:04:21,509 --> 00:04:19,919
it's a good story it was a tragic story

106
00:04:24,629 --> 00:04:21,519
but

107
00:04:27,670 --> 00:04:24,639
then again you know those

108
00:04:29,270 --> 00:04:27,680
people that are paranormal enthusiasts

109
00:04:30,870 --> 00:04:29,280
and

110
00:04:33,909 --> 00:04:30,880
want to know a little more about the

111
00:04:35,830 --> 00:04:33,919
slender man phenomena and they

112
00:04:38,150 --> 00:04:35,840
would have been disappointed in it quite

113
00:04:38,870 --> 00:04:38,160

sure the slenderman phenomena of course

114

00:04:42,230 --> 00:04:38,880

started off

115

00:04:44,550 --> 00:04:42,240

as an internet uh

116

00:04:46,950 --> 00:04:44,560

object and then has somehow found a way

117

00:04:51,110 --> 00:04:49,110

like metamorphosize into something

118

00:04:52,950 --> 00:04:51,120

tangible whether it's a tulpa or

119

00:04:54,950 --> 00:04:52,960

whatever we believe it to be lawn it

120

00:04:58,710 --> 00:04:54,960

started off as an internet creation

121

00:05:01,430 --> 00:04:58,720

right yeah but

122

00:05:02,230 --> 00:05:01,440

um creepy boston yeah i'm sure it has

123

00:05:04,710 --> 00:05:02,240

some roots

124

00:05:05,990 --> 00:05:04,720

with some real paranormal phenomena

125

00:05:08,950 --> 00:05:06,000

going back to uh

126

00:05:10,150 --> 00:05:08,960

you know folklore of uh different

127

00:05:13,110 --> 00:05:10,160

cultures or

128

00:05:14,790 --> 00:05:13,120

even of people of different times uh

129

00:05:18,870 --> 00:05:14,800

it's nothing new

130

00:05:20,469 --> 00:05:18,880

but it is if that makes any sense like

131

00:05:21,510 --> 00:05:20,479

i'm sure if we were to go back and trace

132

00:05:24,469 --> 00:05:21,520

the root

133

00:05:26,150 --> 00:05:24,479

of this internet sensation we would go

134

00:05:29,909 --> 00:05:26,160

back and find something in someone's

135

00:05:33,350 --> 00:05:32,550

well i mean you know it could there

136

00:05:35,590 --> 00:05:33,360

could even be

137

00:05:37,350 --> 00:05:35,600

a legacy to it i mean i mean that

138

00:05:42,390 --> 00:05:37,360

resulted in it

139

00:05:44,070 --> 00:05:42,400

um you know you look at the uh

140

00:05:46,550 --> 00:05:44,080

you look at the slender man this is a

141

00:05:48,310 --> 00:05:46,560

tall guy with no face

142

00:05:50,469 --> 00:05:48,320

but he's kind of creepy looking and he

143

00:05:53,110 --> 00:05:50,479

wears a black suit well

144

00:05:54,390 --> 00:05:53,120

you know it it can be linked basically

145

00:05:57,110 --> 00:05:54,400

to the mrb

146

00:06:00,390 --> 00:05:57,120

if you want to get into that well okay

147

00:06:04,070 --> 00:06:03,029

in fact i think on on the forums which

148

00:06:06,950 --> 00:06:04,080

were called the

149

00:06:08,550 --> 00:06:06,960

something awful forms that accompanied a

150

00:06:11,510 --> 00:06:08,560

lot of this

151
00:06:13,430 --> 00:06:11,520
when it started out i think there were a

152
00:06:18,629 --> 00:06:13,440
lot of references to the mib

153
00:06:25,029 --> 00:06:22,390
i don't know i mean this guy who started

154
00:06:26,710 --> 00:06:25,039
with this this marble hornets project

155
00:06:27,990 --> 00:06:26,720
that actually started with the video

156
00:06:30,390 --> 00:06:28,000
clips

157
00:06:32,150 --> 00:06:30,400
uh i don't think you know he was

158
00:06:34,629 --> 00:06:32,160
pretending that the slender man was

159
00:06:36,710 --> 00:06:34,639
stalking him uh i

160
00:06:39,189 --> 00:06:36,720
i'm quite sure he had no idea would get

161
00:06:41,830 --> 00:06:39,199
to the point it did

162
00:06:44,309 --> 00:06:41,840
but uh unfortunately when you get people

163
00:06:48,870 --> 00:06:46,629

can be influenced by such things like

164

00:06:52,710 --> 00:06:48,880

this younger minds

165

00:06:58,790 --> 00:06:56,070

and the possibility that there may have

166

00:07:00,870 --> 00:06:58,800

been a tulpa

167

00:07:02,309 --> 00:07:00,880

yeah i mean it never got into that with

168

00:07:05,749 --> 00:07:02,319

these kids that they

169

00:07:09,589 --> 00:07:05,759

actually may have seen this thing

170

00:07:12,390 --> 00:07:09,599

but the way they talked about it

171

00:07:13,350 --> 00:07:12,400

uh they really did think this thing was

172

00:07:15,990 --> 00:07:13,360

real

173

00:07:17,110 --> 00:07:16,000

well you know i guess my problem with it

174

00:07:19,350 --> 00:07:17,120

uh

175

00:07:21,430 --> 00:07:19,360

lawn is that with anything that's new

176

00:07:23,350 --> 00:07:21,440

and being cultivated

177

00:07:24,550 --> 00:07:23,360

right away has to be associated with

178

00:07:27,749 --> 00:07:24,560

something sinister

179

00:07:30,070 --> 00:07:27,759

right sure can't be anything pleasant

180

00:07:32,230 --> 00:07:30,080

you know it's got to be something uh

181

00:07:33,189 --> 00:07:32,240

hair-raising and horrifying and that's

182

00:07:36,230 --> 00:07:33,199

because that's the

183

00:07:36,550 --> 00:07:36,240

[h__h] that sells let's be honest uh you

184

00:07:39,110 --> 00:07:36,560

know

185

00:07:40,629 --> 00:07:39,120

frightening horrifying blood-curdling

186

00:07:45,430 --> 00:07:40,639

sex and violent cells

187

00:07:47,430 --> 00:07:45,440

more over anything happy and and uh

188

00:07:50,070 --> 00:07:47,440

sunshine and rainbows any day i mean

189

00:07:52,230 --> 00:07:50,080

it's a doom and gloom society so

190

00:07:54,629 --> 00:07:52,240

it's just unfortunate that something

191

00:07:55,990 --> 00:07:54,639

kind of cool like this has now become

192

00:07:59,350 --> 00:07:56,000

marred

193

00:08:01,830 --> 00:07:59,360

with uh something sinister and that's

194

00:08:03,350 --> 00:08:01,840

you know unfortunate can we have

195

00:08:05,189 --> 00:08:03,360

anything nice

196

00:08:06,390 --> 00:08:05,199

can anything just be left alone before

197

00:08:07,749 --> 00:08:06,400

somebody's got to pervert it into

198

00:08:09,990 --> 00:08:07,759

something a lot more

199

00:08:11,110 --> 00:08:10,000

uh sinister and detestable i don't know

200

00:08:12,869 --> 00:08:11,120

uh

201

00:08:16,869 --> 00:08:12,879

i don't know let's just hope the next

202

00:08:24,309 --> 00:08:21,670

yeah anyway we do yeah i agree with you

203

00:08:25,430 --> 00:08:24,319

you never know you never know but aside

204

00:08:27,350 --> 00:08:25,440

from that i mean there are a lot of

205

00:08:28,390 --> 00:08:27,360

things you and i have talked about

206

00:08:29,909 --> 00:08:28,400

for the last couple weeks we are

207

00:08:30,469 --> 00:08:29,919

changing the format of the program a

208

00:08:31,749 --> 00:08:30,479

little bit

209

00:08:34,070 --> 00:08:31,759

i think we decided that's what we're

210

00:08:35,829 --> 00:08:34,080

going to do just to stay fresh

211

00:08:37,269 --> 00:08:35,839

uh lon and i like to let the air out of

212

00:08:40,550 --> 00:08:37,279

the closet every once in a while

213

00:08:41,829 --> 00:08:40,560

and get some new life into the room

214

00:08:43,350 --> 00:08:41,839

so we're gonna be doing probably

215

00:08:44,550 --> 00:08:43,360

shortening the show just a little bit we

216

00:08:47,350 --> 00:08:44,560

talked about

217

00:08:48,790 --> 00:08:47,360

uh and just different formats we're

218

00:08:51,670 --> 00:08:48,800

gonna have a lot more open mic

219

00:08:52,310 --> 00:08:51,680

shows a lot more discussion programs and

220

00:08:53,910 --> 00:08:52,320

uh

221

00:08:55,829 --> 00:08:53,920

more topical based we'll still have

222

00:08:58,070 --> 00:08:55,839

guests probably occasionally

223

00:08:59,110 --> 00:08:58,080

but probably not as regularly regularly

224

00:09:00,790 --> 00:08:59,120

as we've been having them wouldn't you

225

00:09:01,430 --> 00:09:00,800

agree lon i think you and i both said

226

00:09:03,350 --> 00:09:01,440

that

227

00:09:04,870 --> 00:09:03,360

it's harder to get fresh guests because

228

00:09:06,310 --> 00:09:04,880

they're all making rounds on the circuit

229

00:09:09,509 --> 00:09:06,320

there's so many shows well

230

00:09:11,910 --> 00:09:09,519

yeah that's true and uh you know

231

00:09:14,470 --> 00:09:11,920

we we've got well we've got guests

232

00:09:15,990 --> 00:09:14,480

booked now for about two more months

233

00:09:18,550 --> 00:09:16,000

and we're going to go through with our

234

00:09:21,750 --> 00:09:18,560

obligation there but i think

235

00:09:26,470 --> 00:09:21,760

uh what we are going to do

236

00:09:28,550 --> 00:09:26,480

is when there you say

237

00:09:30,630 --> 00:09:28,560

somebody comes out with a new book or

238

00:09:31,430 --> 00:09:30,640

something and we feel it's important to

239

00:09:34,870 --> 00:09:31,440

present it to

240

00:09:36,710 --> 00:09:34,880

the audience then we'll go you know

241

00:09:38,870 --> 00:09:36,720

that'll be one that'll be good for a

242

00:09:41,670 --> 00:09:38,880

show or um

243

00:09:43,509 --> 00:09:41,680

somebody who's in the news or something

244

00:09:45,590 --> 00:09:43,519

or other but i think

245

00:09:47,350 --> 00:09:45,600

yeah you're right it does get it does

246

00:09:50,550 --> 00:09:47,360

get tired so i'm trying to get gus

247

00:09:51,269 --> 00:09:50,560

guests every week for a show and not

248

00:09:53,430 --> 00:09:51,279

only that

249

00:09:54,949 --> 00:09:53,440

you know i i got a lot of reaction from

250

00:09:57,509 --> 00:09:54,959

our last show

251
00:09:59,350 --> 00:09:57,519
uh us doing an open mic show and talking

252
00:10:02,389 --> 00:09:59,360
about things that we're involved in

253
00:10:05,430 --> 00:10:02,399
and and other news and uh

254
00:10:05,990 --> 00:10:05,440
that seemed to be quite popular but we

255
00:10:08,470 --> 00:10:06,000
didn't talk

256
00:10:09,590 --> 00:10:08,480
about uh yeah last week sean did me to

257
00:10:10,790 --> 00:10:09,600
cut you off the line i'm sorry last

258
00:10:12,550 --> 00:10:10,800
week's show was very good

259
00:10:15,590 --> 00:10:12,560
uh you know we're good give folks a

260
00:10:18,710 --> 00:10:15,600
listen and uh give our listeners

261
00:10:19,030 --> 00:10:18,720
an update on the things we've been doing

262
00:10:22,310 --> 00:10:19,040
uh

263
00:10:23,190 --> 00:10:22,320

appreciate that we want to bring more of

264

00:10:25,750 --> 00:10:23,200

that to you

265

00:10:27,430 --> 00:10:25,760

plus you know a lot of the feedback we

266

00:10:29,829 --> 00:10:27,440

get is folks really like the first

267

00:10:32,470 --> 00:10:29,839

25-30 minutes of the show they really

268

00:10:34,550 --> 00:10:32,480

like that part

269

00:10:35,509 --> 00:10:34,560

oh a fork or solo so this is unusual

270

00:10:37,110 --> 00:10:35,519

folks so

271

00:10:38,790 --> 00:10:37,120

uh bear with me hope along gets taken

272

00:10:39,509 --> 00:10:38,800

care of there well other things we were

273

00:10:40,790 --> 00:10:39,519

talking

274

00:10:41,829 --> 00:10:40,800

about before we came on the show tonight

275

00:10:42,949 --> 00:10:41,839

of course a lot had made some

276

00:10:45,430 --> 00:10:42,959

predictions

277

00:10:46,790 --> 00:10:45,440

for 2017 as long tends to have a little

278

00:10:49,269 --> 00:10:46,800

bit of moments of uh

279

00:10:52,230 --> 00:10:49,279

clairvoyancy and though he doesn't put a

280

00:10:52,240 --> 00:10:57,590

stake uh of course in the uh

281

00:11:02,230 --> 00:11:00,790

ability to be prophetic uh he's got a

282

00:11:03,910 --> 00:11:02,240

couple predictions for this year about

283

00:11:06,310 --> 00:11:03,920

four predictions that he

284

00:11:08,150 --> 00:11:06,320

uh thinks that may happen and one is he

285

00:11:09,990 --> 00:11:08,160

has a strong sense that a major ufo

286

00:11:11,829 --> 00:11:10,000

related event will occur

287

00:11:13,269 --> 00:11:11,839

in the arctic including military

288

00:11:14,310 --> 00:11:13,279

intervention i mean it's about that time

289

00:11:18,150 --> 00:11:14,320

for a new area

290

00:11:20,150 --> 00:11:18,160

area 51 so why not uh i can't elaborate

291

00:11:22,230 --> 00:11:20,160

on that because i'm not lawn but

292

00:11:23,430 --> 00:11:22,240

he's suggesting it's going to happen in

293

00:11:26,389 --> 00:11:23,440

antarctica

294

00:11:28,389 --> 00:11:26,399

that's what he feels uh a perceived

295

00:11:29,829 --> 00:11:28,399

social upheaval or natural disaster in

296

00:11:32,790 --> 00:11:29,839

several countries

297

00:11:33,750 --> 00:11:32,800

areas during 2017 the baja peninsula

298

00:11:36,150 --> 00:11:33,760

south africa

299

00:11:37,829 --> 00:11:36,160

france dominican republic and of course

300

00:11:39,350 --> 00:11:37,839

anybody paying attention to the media in

301
00:11:41,350 --> 00:11:39,360
the united states

302
00:11:42,790 --> 00:11:41,360
of course is seeing some social upheaval

303
00:11:44,710 --> 00:11:42,800
here and who knows

304
00:11:46,230 --> 00:11:44,720
what kind of goodness will come from all

305
00:11:48,150 --> 00:11:46,240
that

306
00:11:50,150 --> 00:11:48,160
a major bridge disaster in the united

307
00:11:51,190 --> 00:11:50,160
states courses we come up on the 50th

308
00:11:54,550 --> 00:11:51,200
anniversary of the

309
00:11:56,069 --> 00:11:54,560
silva river bridge collabs i hope

310
00:11:59,030 --> 00:11:56,079
something like that doesn't happen again

311
00:12:00,949 --> 00:11:59,040
but you never know and the world will

312
00:12:02,870 --> 00:12:00,959
there will be an upsurge of angel

313
00:12:04,949 --> 00:12:02,880

encounters throughout the world

314

00:12:06,230 --> 00:12:04,959

spiritualism increases in popularity and

315

00:12:07,509 --> 00:12:06,240

this is one i find interesting but

316

00:12:10,629 --> 00:12:07,519

because i think

317

00:12:12,629 --> 00:12:10,639

when you look at the

318

00:12:13,990 --> 00:12:12,639

at least from the folks i talk to i

319

00:12:17,590 --> 00:12:14,000

think you see a spike in

320

00:12:18,629 --> 00:12:17,600

atheism and you know folks that are more

321

00:12:21,030 --> 00:12:18,639

agnostic

322

00:12:22,470 --> 00:12:21,040

than anything so uh i think a little

323

00:12:23,829 --> 00:12:22,480

spiritualism for everybody's good it's

324

00:12:24,069 --> 00:12:23,839

always good to have something to believe

325

00:12:26,230 --> 00:12:24,079

in

326

00:12:27,430 --> 00:12:26,240

i've always been a fan of i don't care

327

00:12:28,550 --> 00:12:27,440

what you believe in as long as you

328

00:12:29,670 --> 00:12:28,560

believe in something higher than

329

00:12:31,750 --> 00:12:29,680

yourself

330

00:12:32,870 --> 00:12:31,760

uh that's always been a good philosophy

331

00:12:36,069 --> 00:12:32,880

of mine

332

00:12:38,470 --> 00:12:36,079

of course myself i'm a i'm a pretty uh

333

00:12:40,389 --> 00:12:38,480

not religious but spiritual person but

334

00:12:41,910 --> 00:12:40,399

uh i think it's important that

335

00:12:43,509 --> 00:12:41,920

we're cognizant of these things you know

336

00:12:45,509 --> 00:12:43,519

folks that see angels often times are

337

00:12:47,269 --> 00:12:45,519

perceived as crazy nuts

338

00:12:49,110 --> 00:12:47,279

uh because sometimes well let's be

339

00:12:51,110 --> 00:12:49,120

honest they have some really

340

00:12:52,870 --> 00:12:51,120

unique and strange claims and when these

341

00:12:54,550 --> 00:12:52,880

things

342

00:12:56,870 --> 00:12:54,560

they happen these encounters happen

343

00:12:59,190 --> 00:12:56,880

folks usually aren't the best

344

00:13:00,710 --> 00:12:59,200

uh don't always make the best case for

345

00:13:01,590 --> 00:13:00,720

themselves they tend to go off on some

346

00:13:03,110 --> 00:13:01,600

crazy

347

00:13:04,790 --> 00:13:03,120

tangents about things that have happened

348

00:13:07,190 --> 00:13:04,800

and things that they're seeing

349

00:13:07,829 --> 00:13:07,200

but uh angelic encounters as we know

350

00:13:10,949 --> 00:13:07,839

from past

351

00:13:12,949 --> 00:13:10,959

guests and uh listening to others

352

00:13:14,710 --> 00:13:12,959

really you know perhaps they really do

353

00:13:16,230 --> 00:13:14,720

happen and they are getting uh heavenly

354

00:13:18,069 --> 00:13:16,240

visitors

355

00:13:20,230 --> 00:13:18,079

that uh look over them watch out for

356

00:13:21,990 --> 00:13:20,240

them or bring them special messages

357

00:13:24,230 --> 00:13:22,000

i think a little spiritualism will be

358

00:13:25,990 --> 00:13:24,240

good for everybody involved especially

359

00:13:27,430 --> 00:13:26,000

with all the tumultuous times

360

00:13:29,430 --> 00:13:27,440

that we're living in of course here in

361

00:13:30,949 --> 00:13:29,440

the states and with all the other people

362

00:13:31,670 --> 00:13:30,959

going on everywhere else in the world

363

00:13:34,870 --> 00:13:31,680

and

364

00:13:37,430 --> 00:13:34,880

we're not a political talk show but

365

00:13:39,430 --> 00:13:37,440

i know that regardless of how anybody

366

00:13:41,269 --> 00:13:39,440

feels about certain bands or

367

00:13:42,790 --> 00:13:41,279

whatnot i think we have to keep in mind

368

00:13:44,790 --> 00:13:42,800

that we're all people

369

00:13:46,550 --> 00:13:44,800

we all have a responsibility to love one

370

00:13:49,110 --> 00:13:46,560

another and to help one another and to

371

00:13:52,230 --> 00:13:49,120

be compassionate to one another

372

00:13:55,269 --> 00:13:52,240

and uh though we may not always agree

373

00:13:56,790 --> 00:13:55,279

from time to time on many things and i

374

00:13:58,150 --> 00:13:56,800

know there's a lot more that divides us

375

00:13:59,030 --> 00:13:58,160

that brings it together we're still

376
00:14:01,030 --> 00:13:59,040
human

377
00:14:02,949 --> 00:14:01,040
and we all have a social responsibility

378
00:14:04,069 --> 00:14:02,959
to one another to help lift each other

379
00:14:05,670 --> 00:14:04,079
up and to

380
00:14:07,829 --> 00:14:05,680
dust each other up off the ground when

381
00:14:10,150 --> 00:14:07,839
times get tough and just to be there and

382
00:14:11,430 --> 00:14:10,160
be compassionate especially in some of

383
00:14:12,550 --> 00:14:11,440
these areas of the world man where

384
00:14:15,430 --> 00:14:12,560
there's no

385
00:14:15,990 --> 00:14:15,440
no help and it's uh heartbreaking to see

386
00:14:19,189 --> 00:14:16,000
so

387
00:14:22,550 --> 00:14:19,199
come to light with the

388
00:14:23,590 --> 00:14:22,560

spiritualism increase and hell it costs

389

00:14:26,069 --> 00:14:23,600

nothing

390

00:14:28,829 --> 00:14:26,079

to be a good person and help each other

391

00:14:30,150 --> 00:14:28,839

out a little bit you back there with me

392

00:14:31,670 --> 00:14:30,160

lon

393

00:14:33,910 --> 00:14:31,680

through here oh today if you folks

394

00:14:35,350 --> 00:14:33,920

didn't realize beyond boggy creek came

395

00:14:37,910 --> 00:14:35,360

out it's available on kindle and on

396

00:14:39,670 --> 00:14:37,920

amazon.com we had lyle blackburn on

397

00:14:41,030 --> 00:14:39,680

uh two weeks ago getting ready to talk

398

00:14:43,430 --> 00:14:41,040

about this

399

00:14:44,069 --> 00:14:43,440

uh this new book uh countless reports

400

00:14:45,750 --> 00:14:44,079

from credible

401
00:14:47,590 --> 00:14:45,760
individuals suggest that something

402
00:14:49,350 --> 00:14:47,600
shocking may be stalking the woods of

403
00:14:51,590 --> 00:14:49,360
the southern united states

404
00:14:52,870 --> 00:14:51,600
something massive bipedal and covered in

405
00:14:54,550 --> 00:14:52,880
hail hair

406
00:14:56,230 --> 00:14:54,560
tales of these southern sasquatch

407
00:14:58,310 --> 00:14:56,240
creatures such as the one made famous by

408
00:14:59,430 --> 00:14:58,320
the 1972 horror movie the legend of

409
00:15:01,189 --> 00:14:59,440
boggy creek

410
00:15:02,949 --> 00:15:01,199
date back to the very origins of deep

411
00:15:03,910 --> 00:15:02,959
south history and are reported even

412
00:15:06,069 --> 00:15:03,920
today

413
00:15:08,150 --> 00:15:06,079

while boggy creek may be the most famous

414

00:15:09,990 --> 00:15:08,160

case the infamous waterway is only the

415

00:15:11,590 --> 00:15:10,000

tip of a much broader mystery

416

00:15:13,910 --> 00:15:11,600

one that spills into the surrounding

417

00:15:15,430 --> 00:15:13,920

states and beyond from arkansas and

418

00:15:16,949 --> 00:15:15,440

oklahoma down to texas

419

00:15:19,350 --> 00:15:16,959

over the florida and all the southern

420

00:15:21,030 --> 00:15:19,360

states in between chilling accounts and

421

00:15:22,790 --> 00:15:21,040

compelling evidence indicate that a

422

00:15:23,590 --> 00:15:22,800

breed of these mysterious man-like

423

00:15:25,269 --> 00:15:23,600

creatures

424

00:15:27,350 --> 00:15:25,279

have been successfully hiding in the

425

00:15:30,230 --> 00:15:27,360

shadowy foothills piney woods and murky

426

00:15:32,230 --> 00:15:30,240

swamp lands of these areas

427

00:15:34,230 --> 00:15:32,240

join author lyle blackburn as he

428

00:15:35,990 --> 00:15:34,240

traverses woods and waterways

429

00:15:38,230 --> 00:15:36,000

delves into dusty archives and

430

00:15:39,749 --> 00:15:38,240

interviews a host of credible witnesses

431

00:15:41,189 --> 00:15:39,759

in search of one of the south's most

432

00:15:43,910 --> 00:15:41,199

enduring mysteries the southern

433

00:15:45,990 --> 00:15:43,920

00:16:32,069 --> 00:16:30,480

mothman

463
00:16:41,269 --> 00:16:39,600

for folks that might be listening to the

466

00:16:46,629 --> 00:16:44,600

archive february 2nd

467

00:16:48,829 --> 00:16:46,639

2017 and of course if you're listening

468

00:16:51,990 --> 00:16:48,839

to this much farther after that

469

00:16:55,030 --> 00:16:52,000

well that's the thought that counts

470

00:16:57,990 --> 00:16:55,040

welcome back one yeah

471

00:16:59,189 --> 00:16:58,000

oh boy um i think i got to stop bleeding

472

00:17:01,910 --> 00:16:59,199

for now but

473

00:17:03,829 --> 00:17:01,920

i don't know what happened i didn't i

474

00:17:05,110 --> 00:17:03,839

couldn't see it i took my called my son

475

00:17:09,270 --> 00:17:05,120

to come down

476

00:17:10,630 --> 00:17:09,280

and i i said well how far did it bust

477

00:17:12,949 --> 00:17:10,640

open he said that's only

478

00:17:15,270 --> 00:17:12,959

moving a little bit but it bled like

479

00:17:19,029 --> 00:17:15,280

hell i mean it looked like stuck big so

480

00:17:22,069 --> 00:17:19,039

oh my god anyway yeah so i got something

481

00:17:23,829 --> 00:17:22,079

on it hopefully it'll stop bleeding but

482

00:17:28,789 --> 00:17:23,839

uh

483

00:17:31,510 --> 00:17:28,799

can talk about

484

00:17:32,630 --> 00:17:31,520

something we got this week yeah let's

485

00:17:35,029 --> 00:17:32,640

have it

486

00:17:37,270 --> 00:17:35,039

yeah we had this uh we had an up upright

487

00:17:39,669 --> 00:17:37,280

canine sighting

488

00:17:40,950 --> 00:17:39,679

in uh huntington county huntington

489

00:17:44,150 --> 00:17:40,960

county

490

00:17:45,350 --> 00:17:44,160

pennsylvania which is right in around

491

00:17:47,270 --> 00:17:45,360

the area

492

00:17:49,510 --> 00:17:47,280

where we've been getting a good majority

493

00:17:53,750 --> 00:17:49,520

of these sightings

494

00:17:57,430 --> 00:17:53,760

um this was actually near

495

00:18:00,150 --> 00:17:57,440

the raystown lake which is

496

00:18:00,870 --> 00:18:00,160

uh which is a man-made lake it's got a

497

00:18:04,070 --> 00:18:00,880

huge dam

498

00:18:09,110 --> 00:18:04,080

big lake um

499

00:18:12,390 --> 00:18:09,120

and uh this particular

500

00:18:13,590 --> 00:18:12,400

beast was seen in the racetown branch in

501
00:18:17,110 --> 00:18:13,600
the juniana river

502
00:18:18,390 --> 00:18:17,120
downstream from the dam and

503
00:18:21,590 --> 00:18:18,400
i'm going to go i'll just go ahead and

504
00:18:25,990 --> 00:18:23,990
he's told me he said my information is

505
00:18:28,070 --> 00:18:26,000
second hand

506
00:18:30,150 --> 00:18:28,080
because it came from my father who's

507
00:18:33,990 --> 00:18:30,160
deceased

508
00:18:37,909 --> 00:18:34,000
i was in my teens when i first heard it

509
00:18:39,669 --> 00:18:37,919
which was around 18 years ago in 1984

510
00:18:42,310 --> 00:18:39,679
our family lived in a house that was

511
00:18:43,350 --> 00:18:42,320
located on river road along the raystown

512
00:18:45,350 --> 00:18:43,360
branch

513
00:18:47,110 --> 00:18:45,360

of the juniana river near huntington

514

00:18:49,110 --> 00:18:47,120

pennsylvania

515

00:18:51,430 --> 00:18:49,120

now one early evening during the summer

516

00:18:53,750 --> 00:18:51,440

of 1984

517

00:18:54,710 --> 00:18:53,760

he said that he was driving on river

518

00:18:58,549 --> 00:18:54,720

road towards

519

00:19:01,830 --> 00:18:58,559

route 22. the river was on his right

520

00:19:05,029 --> 00:19:01,840

side and it was still light outside

521

00:19:06,789 --> 00:19:05,039

he noticed movement along the near bank

522

00:19:08,630 --> 00:19:06,799

thinking that there may have been a

523

00:19:10,630 --> 00:19:08,640

fisherman

524

00:19:13,270 --> 00:19:10,640

he slowed the car to get a better look

525

00:19:15,510 --> 00:19:13,280

than the creature stood on two legs

526

00:19:18,470 --> 00:19:15,520

it was not a fisherman but what he

527

00:19:20,470 --> 00:19:18,480

called a walking wolf

528

00:19:21,510 --> 00:19:20,480

the creature looked at my father for a

529

00:19:24,470 --> 00:19:21,520

second

530

00:19:26,789 --> 00:19:24,480

then quickly walked into the river he

531

00:19:27,190 --> 00:19:26,799

believes that either walk or swim to the

532

00:19:30,390 --> 00:19:27,200

far

533

00:19:32,549 --> 00:19:30,400

bank but he saw it pull itself out of

534

00:19:36,549 --> 00:19:32,559

the water and run into the woods on two

535

00:19:40,310 --> 00:19:36,559

legs now he described it as

536

00:19:42,310 --> 00:19:40,320

at least six foot high with sparse brown

537

00:19:44,470 --> 00:19:42,320

and gray hair on the body

538

00:19:47,909 --> 00:19:44,480

the legs and arms that looked like those

539

00:19:51,510 --> 00:19:47,919

of a well-developed human man

540

00:19:55,190 --> 00:19:51,520

it had hands with claws

541

00:19:58,470 --> 00:19:55,200

and large long feet the head was that of

542

00:20:01,430 --> 00:19:58,480

a wolf with a heavy mane of hair

543

00:20:02,470 --> 00:20:01,440

it bared its teeth which resembled those

544

00:20:05,669 --> 00:20:02,480

of a dog

545

00:20:06,230 --> 00:20:05,679

or wolf he said it didn't look like the

546

00:20:09,590 --> 00:20:06,240

movie

547

00:20:12,950 --> 00:20:09,600

wolf man that it looked more like an

548

00:20:15,990 --> 00:20:12,960

actual wolf he later found a photo

549

00:20:18,149 --> 00:20:16,000

from an old film that he said

550

00:20:19,270 --> 00:20:18,159

looks similar to the creatures head and

551

00:20:21,350 --> 00:20:19,280

face

552

00:20:23,990 --> 00:20:21,360

without the clothes of course i still

553

00:20:28,870 --> 00:20:24,000

have it so i scanned it before you see

554

00:20:31,990 --> 00:20:30,789

a few other family members have heard

555

00:20:34,310 --> 00:20:32,000

the story

556

00:20:36,390 --> 00:20:34,320

my uncle father's brother believes that

557

00:20:38,310 --> 00:20:36,400

it was true

558

00:20:41,110 --> 00:20:38,320

he said that there have been several

559

00:20:42,870 --> 00:20:41,120

weird animals seen along the lake

560

00:20:46,310 --> 00:20:42,880

and down river since the dam was

561

00:20:48,710 --> 00:20:46,320

constructed in 1973.

562

00:20:50,430 --> 00:20:48,720

i've only heard about raystown ray the

563

00:20:52,310 --> 00:20:50,440

lake monster which i believe is

564

00:20:54,149 --> 00:20:52,320

exaggeration

565

00:20:55,510 --> 00:20:54,159

but then again who am i to question

566

00:20:57,590 --> 00:20:55,520

anyone's story

567

00:21:00,390 --> 00:20:57,600

my father was a truthful person and

568

00:21:02,470 --> 00:21:00,400

never told lies or make believe

569

00:21:03,990 --> 00:21:02,480

i know that you have gotten other

570

00:21:07,029 --> 00:21:04,000

walking wolf reports

571

00:21:09,110 --> 00:21:07,039

and i read a few on your website

572

00:21:10,789 --> 00:21:09,120

i looked at the map also it seems that

573

00:21:14,230 --> 00:21:10,799

the creatures are real

574

00:21:16,070 --> 00:21:14,240

and that my father roy did sit and he

575

00:21:17,990 --> 00:21:16,080

wonder if i had contact and he wanted to

576

00:21:19,190 --> 00:21:18,000

talk to me about it and i did get a hold

577

00:21:22,470 --> 00:21:19,200

of him

578

00:21:24,310 --> 00:21:22,480

um and

579

00:21:25,909 --> 00:21:24,320

you know i talked to him well we had a

580

00:21:27,110 --> 00:21:25,919

couple of emails and i talked to him on

581

00:21:29,270 --> 00:21:27,120

the phone

582

00:21:30,710 --> 00:21:29,280

and of course he seemed pretty honest

583

00:21:33,029 --> 00:21:30,720

about it and feels his father actually

584

00:21:36,070 --> 00:21:33,039

did witness something unusual

585

00:21:38,789 --> 00:21:36,080

um added details after i talked some

586

00:21:43,029 --> 00:21:38,799

details after i talked to him

587

00:21:46,950 --> 00:21:43,039

and uh you know as far as

588

00:21:48,630 --> 00:21:46,960

upright canine sightings in that area

589

00:21:50,549 --> 00:21:48,640

i don't think there had been any

590

00:21:52,789 --> 00:21:50,559

recorded accounts around the lake i may

591

00:21:56,789 --> 00:21:52,799

be wrong but i don't remember

592

00:21:59,669 --> 00:21:56,799

reading any and there have been

593

00:22:01,750 --> 00:21:59,679

a few bigfoot encounters reported in the

594

00:22:05,029 --> 00:22:01,760

past

595

00:22:06,789 --> 00:22:05,039

and you know i don't even know that was

596

00:22:10,149 --> 00:22:06,799

32 years ago

597

00:22:14,549 --> 00:22:10,159

you know we really do

598

00:22:15,909 --> 00:22:14,559

want to get older reports so we can uh

599

00:22:17,990 --> 00:22:15,919

you know keep a record of these

600

00:22:19,750 --> 00:22:18,000

sightings and you know get an idea of

601
00:22:22,710 --> 00:22:19,760
what's been going on

602
00:22:23,190 --> 00:22:22,720
and uh you know get a good you know good

603
00:22:26,310 --> 00:22:23,200
read

604
00:22:27,830 --> 00:22:26,320
where these populations we're seeing

605
00:22:29,510 --> 00:22:27,840
singles but where there may be

606
00:22:33,029 --> 00:22:29,520
populations of these

607
00:22:36,149 --> 00:22:33,039
creatures yeah i'm interested because

608
00:22:39,669 --> 00:22:36,159
the these reports lon they say

609
00:22:44,470 --> 00:22:39,679
again very

610
00:22:48,710 --> 00:22:44,480
man-like body but the head of a wolf

611
00:22:51,990 --> 00:22:48,720
not wolf-like features not man-like face

612
00:22:54,789 --> 00:22:52,000
wolf-like heads so this is something

613
00:22:55,510 --> 00:22:54,799

very different than a werewolf or or

614

00:22:57,510 --> 00:22:55,520

whatever

615

00:23:00,070 --> 00:22:57,520

or you know a shape-shifting man into a

616

00:23:03,430 --> 00:23:00,080

wolf i think these are something

617

00:23:05,110 --> 00:23:03,440

uh very biological but that's me but

618

00:23:08,789 --> 00:23:05,120

definitely the reports are more and more

619

00:23:10,789 --> 00:23:08,799

consistent with what we're seeing

620

00:23:11,909 --> 00:23:10,799

yeah i mean there there there hasn't

621

00:23:16,310 --> 00:23:11,919

been a whole lot

622

00:23:19,909 --> 00:23:16,320

of difference in the reports um

623

00:23:23,029 --> 00:23:19,919

now you know the picture that was sent

624

00:23:25,350 --> 00:23:23,039

to me

625

00:23:26,870 --> 00:23:25,360

there seemed to be more head around more

626

00:23:31,029 --> 00:23:26,880

hair around the head

627

00:23:34,710 --> 00:23:31,039

than others that we had gotten i think

628

00:23:37,190 --> 00:23:34,720

um the snout

629

00:23:38,470 --> 00:23:37,200

and everything was about the same of

630

00:23:38,870 --> 00:23:38,480

course we haven't heard a whole lot

631

00:23:42,070 --> 00:23:38,880

about

632

00:23:44,789 --> 00:23:42,080

teeth uh we've gotten a few but

633

00:23:47,350 --> 00:23:44,799

this had canines and everything like a

634

00:23:50,789 --> 00:23:47,360

regular dog or wolf would have

635

00:23:53,909 --> 00:23:50,799

so uh but

636

00:23:56,950 --> 00:23:53,919

you know he and i did ask him

637

00:23:57,269 --> 00:23:56,960

if he saw fingers on the hands and he

638

00:23:58,950 --> 00:23:57,279

said

639

00:24:01,830 --> 00:23:58,960

he didn't remember his father saying

640

00:24:03,750 --> 00:24:01,840

anything but he said the feet were long

641

00:24:05,110 --> 00:24:03,760

say his father did say that it was like

642

00:24:08,310 --> 00:24:05,120

a human's leg

643

00:24:09,750 --> 00:24:08,320

a human leg with uh the feet

644

00:24:11,990 --> 00:24:09,760

now i don't know if there were claws or

645

00:24:13,350 --> 00:24:12,000

what on there but um

646

00:24:15,110 --> 00:24:13,360

when he got a full look at this thing

647

00:24:17,269 --> 00:24:15,120

was across the river so

648

00:24:19,669 --> 00:24:17,279

it was a little more distance away from

649

00:24:23,029 --> 00:24:19,679

him

650

00:24:27,190 --> 00:24:25,510

i like he was able to get so descriptive

651
00:24:29,190 --> 00:24:27,200
with some of the things he was able to

652
00:24:30,549 --> 00:24:29,200
see it bear its teeth and was able to

653
00:24:32,149 --> 00:24:30,559
you know kind of get a look at the hands

654
00:24:35,750 --> 00:24:32,159
and see the

655
00:24:37,430 --> 00:24:35,760
the uh kind of the

656
00:24:39,110 --> 00:24:37,440
the hand features i guess is what i'm

657
00:24:40,710 --> 00:24:39,120
trying to think of the more body

658
00:24:41,590 --> 00:24:40,720
features than we typically get in some

659
00:24:44,230 --> 00:24:41,600
of these but

660
00:24:46,789 --> 00:24:44,240
still very consistent with just about

661
00:24:47,909 --> 00:24:46,799
all the other reports we get

662
00:24:49,909 --> 00:24:47,919
did he give him a weight estimate

663
00:24:53,269 --> 00:24:49,919

overall

664

00:24:58,549 --> 00:24:53,279

did he give a weight estimate of it no

665

00:25:02,070 --> 00:24:58,559

no he did nope he did not

666

00:25:05,510 --> 00:25:02,080

all i got was at least six foot

667

00:25:07,909 --> 00:25:05,520

and um that was it and

668

00:25:09,909 --> 00:25:07,919

you know the body of a man and you know

669

00:25:12,390 --> 00:25:09,919

i i he he insane about

670

00:25:13,590 --> 00:25:12,400

having the the real heavy chest and the

671

00:25:16,310 --> 00:25:13,600

thin waist

672

00:25:16,870 --> 00:25:16,320

but from what i understand just by the

673

00:25:19,830 --> 00:25:16,880

way he

674

00:25:20,789 --> 00:25:19,840

described it it was most lucky like that

675

00:25:23,990 --> 00:25:20,799

i mean that's what was

676

00:25:26,390 --> 00:25:24,000

that's what we're getting so but of

677

00:25:28,870 --> 00:25:26,400

course now that being 32 years ago and

678

00:25:32,310 --> 00:25:28,880

we have had other reports

679

00:25:33,909 --> 00:25:32,320

from uh you know from many many years

680

00:25:37,430 --> 00:25:33,919

ago

681

00:25:40,870 --> 00:25:37,440

there's got to be if these are natural

682

00:25:43,909 --> 00:25:40,880

well then they're breeding and you know

683

00:25:47,510 --> 00:25:43,919

if that's the case then

684

00:25:50,549 --> 00:25:47,520

it's most likely that there are they're

685

00:25:53,269 --> 00:25:50,559

they're either groups or whatever so

686

00:25:56,230 --> 00:25:53,279

uh family groups in particular what was

687

00:25:59,269 --> 00:25:56,240

uh what's butch's thought

688

00:26:01,510 --> 00:25:59,279

you know he

689

00:26:02,310 --> 00:26:01,520

he's almost like me i we really have no

690

00:26:05,510 --> 00:26:02,320

idea what this

691

00:26:08,149 --> 00:26:05,520

is you know it

692

00:26:12,789 --> 00:26:08,159

you know i don't know i kind of lean

693

00:26:17,430 --> 00:26:15,990

you know aspect of it but i think butch

694

00:26:19,669 --> 00:26:17,440

kind of looks a little bit

695

00:26:20,470 --> 00:26:19,679

the other way a little more than i do as

696

00:26:23,669 --> 00:26:20,480

for him

697

00:26:25,830 --> 00:26:23,679

you know being uh natural

698

00:26:27,110 --> 00:26:25,840

but you know i think there's a really

699

00:26:28,789 --> 00:26:27,120

good possibility

700

00:26:30,870 --> 00:26:28,799

just like i think with bigfoot that

701
00:26:34,070 --> 00:26:30,880
there may be

702
00:26:34,080 --> 00:26:40,710
um supernatural

703
00:26:44,549 --> 00:26:43,029
yeah well always a possibility you know

704
00:26:46,149 --> 00:26:44,559
i'm never one to

705
00:26:47,669 --> 00:26:46,159
jump on that list but that doesn't mean

706
00:26:49,909 --> 00:26:47,679
i'm not wrong

707
00:26:51,430 --> 00:26:49,919
you know me i'll be happy enough to

708
00:26:56,789 --> 00:26:51,440
admit i'm wrong if the

709
00:27:00,149 --> 00:26:56,799
is warranted so i guess about time we uh

710
00:27:01,830 --> 00:27:00,159
bring on ken yeah definitely well folks

711
00:27:03,430 --> 00:27:01,840

00:28:14,630 --> 00:28:12,960

uh and in a few moments we're going to

00:28:18,230 --> 00:28:14,640

750

00:28:21,350 --> 00:28:20,950

back

752
00:28:24,389 --> 00:28:23,120
uh long didn't need the traditional four

753
00:28:25,350 --> 00:28:24,399
packs of cigarettes in between

754
00:28:27,830 --> 00:28:25,360
commercials

755
00:28:29,029 --> 00:28:27,840
no i'm kidding a lot and i aren't uh

756
00:28:30,870 --> 00:28:29,039
that's not lot and i

757
00:28:32,870 --> 00:28:30,880
but anyhow we're back and we're glad to

758
00:28:34,710 --> 00:28:32,880
have ken joining us tonight ken we read

759
00:28:36,149 --> 00:28:34,720
your bio before we came on air so the

760
00:28:37,669 --> 00:28:36,159
listeners are acquainted

761
00:28:39,350 --> 00:28:37,679
uh thanks for joining us it's been a

762
00:28:42,149 --> 00:28:39,360
little while not too long but we're

763
00:28:44,310 --> 00:28:42,159

always glad to have you on the program

764

00:28:45,510 --> 00:28:44,320

well guys uh it's always an honor and a

765

00:28:48,549 --> 00:28:45,520

pleasure to be on here

766

00:28:51,510 --> 00:28:48,559

uh on arcane radio and uh i

767

00:28:52,470 --> 00:28:51,520

really appreciate you uh extending uh an

768

00:28:54,389 --> 00:28:52,480

invitation

769

00:28:55,669 --> 00:28:54,399

that's uh looking forward to this

770

00:28:57,990 --> 00:28:55,679

evening's discussion

771

00:29:00,549 --> 00:28:58,000

always our pleasure well before we can

772

00:29:04,070 --> 00:29:02,310

brought you on with us we talked about

773

00:29:06,230 --> 00:29:04,080

just another uh dogman

774

00:29:07,510 --> 00:29:06,240

report that long got here in

775

00:29:10,549 --> 00:29:07,520

pennsylvania and

776

00:29:13,750 --> 00:29:10,559

there doesn't seem to be a shortage

777

00:29:14,310 --> 00:29:13,760

or a slowing down of these dogman

778

00:29:16,549 --> 00:29:14,320

reports

779

00:29:19,510 --> 00:29:16,559

coming in uh ken have you been getting a

780

00:29:22,389 --> 00:29:19,520

lot more sighting reports yourself

781

00:29:24,470 --> 00:29:22,399

um honestly i don't uh i don't get a lot

782

00:29:26,310 --> 00:29:24,480

of dogman reports maybe i'm uh

783

00:29:28,149 --> 00:29:26,320

i haven't raised my profile enough in

784

00:29:31,190 --> 00:29:28,159

that particular uh

785

00:29:33,909 --> 00:29:31,200

uh area although you know i did help to

786

00:29:36,630 --> 00:29:33,919

organize the dogman symposium last year

787

00:29:37,750 --> 00:29:36,640

so i i i'm definitely fascinated by the

788

00:29:40,470 --> 00:29:37,760

topic

789

00:29:41,990 --> 00:29:40,480

um i just like everyone else i'm amazed

790

00:29:43,909 --> 00:29:42,000

by the uh

791

00:29:45,669 --> 00:29:43,919

the increase the proliferation of

792

00:29:47,590 --> 00:29:45,679

sightings and accounts and long's done a

793

00:29:48,710 --> 00:29:47,600

great job of chronicling those and of

794

00:29:51,110 --> 00:29:48,720

course uh

795

00:29:52,230 --> 00:29:51,120

uh my friend linda godfrey a good friend

796

00:29:53,830 --> 00:29:52,240

and colleague who's

797

00:29:56,470 --> 00:29:53,840

who you know kind of spearheaded that

798

00:29:58,389 --> 00:29:56,480

whole thing but um

799

00:30:00,310 --> 00:29:58,399

i don't surprisingly i don't i don't get

800

00:30:01,830 --> 00:30:00,320

too many reports of dogman at least down

801
00:30:02,389 --> 00:30:01,840
here in texas and i don't know if that's

802
00:30:05,909 --> 00:30:02,399
maybe i'm

803
00:30:08,549 --> 00:30:05,919
i'm not you know really

804
00:30:10,070 --> 00:30:08,559
visible in terms of uh investigating

805
00:30:14,070 --> 00:30:10,080
that particular topic

806
00:30:16,230 --> 00:30:14,080
but uh you know it i i can tell you that

807
00:30:18,230 --> 00:30:16,240
the reports that i do get are

808
00:30:19,430 --> 00:30:18,240
international so i've been corresponding

809
00:30:21,830 --> 00:30:19,440
for example with a gentleman a

810
00:30:23,909 --> 00:30:21,840
researcher in brazil

811
00:30:24,950 --> 00:30:23,919
named carlos enrique marquez who sends

812
00:30:26,549 --> 00:30:24,960
me a lot of uh

813
00:30:30,630 --> 00:30:26,559

down there of course they call it uh el

814

00:30:32,549 --> 00:30:30,640

lobison which means wolfman in spanish

815

00:30:34,070 --> 00:30:32,559

also been talking to a researcher down

816

00:30:36,789 --> 00:30:34,080

in australia who funnels

817

00:30:38,310 --> 00:30:36,799

reports to me from time to time so what

818

00:30:39,110 --> 00:30:38,320

about that it's becoming kind of an

819

00:30:41,430 --> 00:30:39,120

international

820

00:30:43,350 --> 00:30:41,440

no longer just uh an american phenomenon

821

00:30:46,950 --> 00:30:43,360

it seems to be uh kind of

822

00:30:48,630 --> 00:30:46,960

uh reaching across the globe if you will

823

00:30:50,230 --> 00:30:48,640

that's a little unusual usually it's the

824

00:30:54,310 --> 00:30:50,240

other way around

825

00:30:57,669 --> 00:30:54,320

you know we we get sightings of giant uh

826

00:30:59,509 --> 00:30:57,679

ape-like creatures from asia and uh

827

00:31:01,029 --> 00:30:59,519

migrate to the united uh the united

828

00:31:02,830 --> 00:31:01,039

states north america and this seems to

829

00:31:07,269 --> 00:31:02,840

be kind of the reverse

830

00:31:10,630 --> 00:31:09,190

yeah that is interesting and i think

831

00:31:13,830 --> 00:31:10,640

just uh

832

00:31:15,269 --> 00:31:13,840

uh again the expansion uh not only

833

00:31:16,950 --> 00:31:15,279

worldwide of reports

834

00:31:18,870 --> 00:31:16,960

but just the frequency and the number

835

00:31:20,870 --> 00:31:18,880

that that our researchers

836

00:31:22,789 --> 00:31:20,880

like lauren and linda are receiving and

837

00:31:25,590 --> 00:31:22,799

others are receiving

838

00:31:27,909 --> 00:31:25,600

and investigating it uh you know that to

839

00:31:28,630 --> 00:31:27,919

me is the fascinating part or aspect of

840

00:31:31,590 --> 00:31:28,640

that phenom

841

00:31:31,990 --> 00:31:31,600

particular phenomenon is you know is it

842

00:31:35,269 --> 00:31:32,000

a case

843

00:31:36,470 --> 00:31:35,279

where um we did have a number of dogman

844

00:31:38,710 --> 00:31:36,480

encounters

845

00:31:40,230 --> 00:31:38,720

uh prior to say uh you know a few years

846

00:31:41,590 --> 00:31:40,240

ago or whenever things started blowing

847

00:31:42,710 --> 00:31:41,600

up and maybe we just didn't hear about

848

00:31:44,389 --> 00:31:42,720

those because people

849

00:31:45,909 --> 00:31:44,399

were reticent to come forward didn't

850

00:31:49,350 --> 00:31:45,919

know who to talk to didn't know where to

851
00:31:53,029 --> 00:31:52,230
where to share their encounters or is it

852
00:31:54,870 --> 00:31:53,039
you know like

853
00:31:56,470 --> 00:31:54,880
many researchers have inferred is it

854
00:31:56,870 --> 00:31:56,480
something where this is kind of a

855
00:31:59,269 --> 00:31:56,880
thought

856
00:31:59,990 --> 00:31:59,279
form phenomenon where you know people

857
00:32:03,350 --> 00:32:00,000
are basically

858
00:32:04,630 --> 00:32:03,360
constructing this uh creature uh and you

859
00:32:07,990 --> 00:32:04,640
know giving you know breathing

860
00:32:10,870 --> 00:32:08,000
breathing life into it if you will um

861
00:32:11,750 --> 00:32:10,880
you know in in our modern paradigms is

862
00:32:14,070 --> 00:32:11,760
it becomes something that we've

863
00:32:17,110 --> 00:32:14,080

constructed and is it's now kind of

864

00:32:18,870 --> 00:32:17,120

taking over so to speak that's a

865

00:32:20,950 --> 00:32:18,880

line of thought to get into right there

866

00:32:23,669 --> 00:32:20,960

lon what say ye

867

00:32:24,630 --> 00:32:23,679

well i you know it it is kind of

868

00:32:26,070 --> 00:32:24,640

interesting that

869

00:32:29,110 --> 00:32:26,080

you know those reports are more

870

00:32:30,549 --> 00:32:29,120

prevalent than what they used to be

871

00:32:32,389 --> 00:32:30,559

i don't know if they're being seen in

872

00:32:33,990 --> 00:32:32,399

higher numbers or

873

00:32:36,230 --> 00:32:34,000

people are just less reserved about

874

00:32:38,470 --> 00:32:36,240

making reports

875

00:32:39,830 --> 00:32:38,480

but the fact is i mean we are getting

876

00:32:43,269 --> 00:32:39,840

more reports and

877

00:32:45,430 --> 00:32:43,279

um you know there are i mean

878

00:32:47,269 --> 00:32:45,440

in particular us in pennsylvania and

879

00:32:50,310 --> 00:32:47,279

linda course has always had

880

00:32:53,190 --> 00:32:50,320

up in the upper midwest with her but uh

881

00:32:55,029 --> 00:32:53,200

still we're getting more reports and now

882

00:32:58,389 --> 00:32:55,039

can you say we're getting it

883

00:33:00,789 --> 00:32:58,399

from and i had heard reports down in

884

00:33:03,190 --> 00:33:00,799

brazil and argentina as well

885

00:33:04,789 --> 00:33:03,200

but uh yeah it's um it seems like it's

886

00:33:07,750 --> 00:33:04,799

something that

887

00:33:09,430 --> 00:33:07,760

the uh the western hemisphere is

888

00:33:12,630 --> 00:33:09,440

starting to get a

889

00:33:14,310 --> 00:33:12,640

you know starting to get so

890

00:33:16,950 --> 00:33:14,320

we'll have to wait and see what to see

891

00:33:20,149 --> 00:33:16,960

if it keeps up um

892

00:33:23,350 --> 00:33:20,159

it'll be interesting um

893

00:33:27,590 --> 00:33:23,360

you know i i wanted to ask you ken

894

00:33:31,269 --> 00:33:27,600

uh the dog man symposium are you um

895

00:33:34,310 --> 00:33:31,279

are you planning on having a second one

896

00:33:36,310 --> 00:33:34,320

um i've had many inquiries um

897

00:33:38,230 --> 00:33:36,320

we were very proud of the success we had

898

00:33:39,909 --> 00:33:38,240

in the first year we had about 150

899

00:33:40,389 --> 00:33:39,919

people in attendance which i thought was

900

00:33:43,269 --> 00:33:40,399

was

901
00:33:44,789 --> 00:33:43,279
pretty good for a first year uh event

902
00:33:47,590 --> 00:33:44,799
and and many people drove

903
00:33:49,590 --> 00:33:47,600
you know a fair distance to get there we

904
00:33:52,470 --> 00:33:49,600
held it in uh

905
00:33:54,710 --> 00:33:52,480
defiance ohio which of course is famous

906
00:33:57,350 --> 00:33:54,720
for a for a dogman type story

907
00:33:57,990 --> 00:33:57,360
um right now the uh the kind of hold up

908
00:34:00,789 --> 00:33:58,000
is that

909
00:34:01,590 --> 00:34:00,799
um i'm looking for sponsorship and and

910
00:34:03,430 --> 00:34:01,600
maybe some

911
00:34:05,110 --> 00:34:03,440
some backers to kind of get it going the

912
00:34:08,589 --> 00:34:05,120
first year admittedly i kind of

913
00:34:12,470 --> 00:34:11,430

cryptozoologists uh generally speaking

914

00:34:16,230 --> 00:34:12,480

are not

915

00:34:19,589 --> 00:34:16,240

well to do so to speak

916

00:34:21,589 --> 00:34:19,599

where we're kind of scrappy

917

00:34:23,190 --> 00:34:21,599

scrappy researchers that kind of scrape

918

00:34:24,710 --> 00:34:23,200

by a lot of times and so

919

00:34:26,790 --> 00:34:24,720

i think that's where i'm at now i'm kind

920

00:34:28,950 --> 00:34:26,800

of trying to focus in on a location and

921

00:34:31,190 --> 00:34:28,960

i'm hopeful that i can get maybe some

922

00:34:32,790 --> 00:34:31,200

local chamber of commerce or some people

923

00:34:35,750 --> 00:34:32,800

to kind of come in and

924

00:34:37,190 --> 00:34:35,760

and uh you know help me uh sponsor it if

925

00:34:38,790 --> 00:34:37,200

that's the case then i'm gonna go ahead

926
00:34:40,950 --> 00:34:38,800
with it for sure but that's that's where

927
00:34:42,710 --> 00:34:40,960
we're at right

928
00:34:44,950 --> 00:34:42,720
yeah i hope you do get some help on i

929
00:34:47,430 --> 00:34:44,960
think um

930
00:34:48,790 --> 00:34:47,440
i think if it you know it actually gets

931
00:34:50,710 --> 00:34:48,800
out there if you want to send me any

932
00:34:52,790 --> 00:34:50,720
copy or anything or

933
00:34:55,510 --> 00:34:52,800
uh anything to put in the blog or

934
00:34:57,910 --> 00:34:55,520
wherever i can help you out with that

935
00:34:59,750 --> 00:34:57,920
um oh appreciate it i'd definitely like

936
00:35:02,630 --> 00:34:59,760
to see it yeah

937
00:35:04,950 --> 00:35:02,640
um missing in alaska is there gonna be a

938
00:35:07,030 --> 00:35:04,960

second season

939

00:35:08,230 --> 00:35:07,040

um it's not unfortunately that's not

940

00:35:11,430 --> 00:35:08,240

it's not looking good

941

00:35:13,190 --> 00:35:11,440

um basically what happened

942

00:35:14,870 --> 00:35:13,200

was um you know we thought we had a

943

00:35:17,670 --> 00:35:14,880

pretty pretty good first season

944

00:35:19,109 --> 00:35:17,680

and we uh we debuted with uh you know

945

00:35:23,109 --> 00:35:19,119

they put us in a good spot

946

00:35:25,990 --> 00:35:23,119

um right after ancient aliens and um

947

00:35:26,550 --> 00:35:26,000

we debuted i think like 1.2 million

948

00:35:28,069 --> 00:35:26,560

viewers

949

00:35:29,510 --> 00:35:28,079

and then it dropped the second week to

950

00:35:31,109 --> 00:35:29,520

about a million and then the third week

951
00:35:33,190 --> 00:35:31,119
it was eight hundred thousand and then

952
00:35:36,310 --> 00:35:33,200
they quickly bumped us over to h2

953
00:35:38,069 --> 00:35:36,320
history two and um the show is still

954
00:35:39,349 --> 00:35:38,079
airing around the world we're actually

955
00:35:42,230 --> 00:35:39,359
uh i'm getting uh

956
00:35:44,550 --> 00:35:42,240
constantly hearing about it airing in uh

957
00:35:47,829 --> 00:35:44,560
places like south america europe

958
00:35:48,390 --> 00:35:47,839
uh philippines and and australia and so

959
00:35:50,390 --> 00:35:48,400
forth

960
00:35:52,069 --> 00:35:50,400
so we've got a lot of viewers worldwide

961
00:35:54,390 --> 00:35:52,079
but unfortunately the problem is that

962
00:35:57,270 --> 00:35:54,400
there's been a change of regime

963
00:35:58,230 --> 00:35:57,280

at the history channel um in recent

964

00:36:00,390 --> 00:35:58,240

months

965

00:36:01,750 --> 00:36:00,400

and from what i'm hearing the new folks

966

00:36:02,630 --> 00:36:01,760

uh that are over there running the

967

00:36:05,589 --> 00:36:02,640

history channel

968

00:36:07,270 --> 00:36:05,599

are kind of uh fed up with quote unquote

969

00:36:09,109 --> 00:36:07,280

paranormal programming

970

00:36:12,230 --> 00:36:09,119

so they kind of want to move away from

971

00:36:13,829 --> 00:36:12,240

that particular format uh they're going

972

00:36:14,950 --> 00:36:13,839

to go with what works for them which is

973

00:36:17,750 --> 00:36:14,960

kind of the uh

974

00:36:19,349 --> 00:36:17,760

you know the blue-collar mountain man

975

00:36:21,430 --> 00:36:19,359

lager

976

00:36:23,109 --> 00:36:21,440

kind of guys now they do have that uh

977

00:36:24,550 --> 00:36:23,119

curse of oak island show which i think

978

00:36:26,069 --> 00:36:24,560

has been pretty successful and that

979

00:36:29,589 --> 00:36:26,079

seems to be one that they've embraced

980

00:36:32,310 --> 00:36:29,599

but uh sadly we are uh on hiatus and

981

00:36:33,430 --> 00:36:32,320

it's just not looking good i'm afraid

982

00:36:35,190 --> 00:36:33,440

well you know they have plenty of other

983

00:36:36,630 --> 00:36:35,200

channels under their umbrella too now so

984

00:36:37,670 --> 00:36:36,640

i'm sure they could find a home for it

985

00:36:38,950 --> 00:36:37,680

somewhere you know i always thought it

986

00:36:40,630 --> 00:36:38,960

was funny that it was the history

987

00:36:42,150 --> 00:36:40,640

channel but he really didn't do a lot

988

00:36:44,150 --> 00:36:42,160

with the

989

00:36:45,910 --> 00:36:44,160

you know actual history of the last

990

00:36:46,630 --> 00:36:45,920

several years it's been ancient aliens

991

00:36:50,550 --> 00:36:46,640

and

992

00:36:52,630 --> 00:36:50,560

historical stuff's been

993

00:36:55,349 --> 00:36:52,640

you know maybe two hours a day the rest

994

00:36:58,470 --> 00:36:55,359

is all the fun stuff that we like

995

00:36:59,349 --> 00:36:58,480

yeah you know go headlines yeah and in

996

00:37:01,430 --> 00:36:59,359

fact that that

997

00:37:02,870 --> 00:37:01,440

uh that curse of oak island is an

998

00:37:06,150 --> 00:37:02,880

excellent show

999

00:37:09,990 --> 00:37:06,160

it's very interesting uh you know with

1000

00:37:11,430 --> 00:37:10,000

all the caveats involved with that so um

1001
00:37:14,550 --> 00:37:11,440
yeah that's good now if you can't get a

1002
00:37:17,589 --> 00:37:14,560
history challenge maybe you can find

1003
00:37:20,950 --> 00:37:17,599
the producers can find another um

1004
00:37:23,109 --> 00:37:20,960
another outlet somewhere let's hope

1005
00:37:23,990 --> 00:37:23,119
i liked it well well thanks i appreciate

1006
00:37:25,910 --> 00:37:24,000
it had a lot of

1007
00:37:28,150 --> 00:37:25,920
fun making it of course alaska was

1008
00:37:29,030 --> 00:37:28,160
always kind of on my uh bucket list and

1009
00:37:31,030 --> 00:37:29,040
uh

1010
00:37:33,109 --> 00:37:31,040
so much there to explore of course and

1011
00:37:33,829 --> 00:37:33,119
so much potential when you consider it's

1012
00:37:38,069 --> 00:37:33,839
uh

1013
00:37:40,230 --> 00:37:38,079

square miles of

1014

00:37:41,829 --> 00:37:40,240

you know essentially untapped wilderness

1015

00:37:43,430 --> 00:37:41,839

i mean so uh right

1016

00:37:45,349 --> 00:37:43,440

you know that's that's where discoveries

1017

00:37:47,349 --> 00:37:45,359

are made but um

1018

00:37:49,910 --> 00:37:47,359

yeah we'll see i i appreciate the vote

1019

00:37:51,510 --> 00:37:49,920

of confidence like i said i appreciate i

1020

00:37:53,349 --> 00:37:51,520

also appreciate everyone who's watched

1021

00:37:55,030 --> 00:37:53,359

who's been supportive of it i do get a

1022

00:37:55,349 --> 00:37:55,040

lot of fan mail and people that are into

1023

00:37:57,750 --> 00:37:55,359

this

1024

00:37:59,510 --> 00:37:57,760

into the show so uh and it's it's nice

1025

00:38:00,310 --> 00:37:59,520

to see it getting a second life around

1026

00:38:02,790 --> 00:38:00,320

the world and

1027

00:38:04,230 --> 00:38:02,800

being broadcast on history channel

1028

00:38:06,390 --> 00:38:04,240

outlets around the world that's

1029

00:38:09,109 --> 00:38:06,400

pretty cool have you uh watched every

1030

00:38:12,150 --> 00:38:09,119

episode yourself

1031

00:38:14,630 --> 00:38:12,160

of the show yeah yeah of course

1032

00:38:15,990 --> 00:38:14,640

did you have a do you have well you know

1033

00:38:18,069 --> 00:38:16,000

some people don't like that i

1034

00:38:20,069 --> 00:38:18,079

i hate listening to anything we ever do

1035

00:38:23,190 --> 00:38:20,079

like i don't go back and listen to it

1036

00:38:24,790 --> 00:38:23,200

but well i don't watch it i don't watch

1037

00:38:26,550 --> 00:38:24,800

it repeatedly i think i caught each

1038

00:38:28,950 --> 00:38:26,560

episode once maybe twice

1039

00:38:31,750 --> 00:38:28,960

and and honestly guys there's there's

1040

00:38:34,790 --> 00:38:31,760

one episode where i broke my ankle

1041

00:38:36,550 --> 00:38:34,800

and um yeah i fractured my ankle and

1042

00:38:38,550 --> 00:38:36,560

they kept filming and it was i was in a

1043

00:38:40,310 --> 00:38:38,560

lot of agony and writhing and screaming

1044

00:38:41,670 --> 00:38:40,320

and so that that particular episode is

1045

00:38:44,470 --> 00:38:41,680

hard for me to watch for

1046

00:38:46,870 --> 00:38:44,480

for obvious reasons you know don't want

1047

00:38:50,310 --> 00:38:46,880

to relive that particular situation

1048

00:38:51,829 --> 00:38:50,320

but um well i was going to ask if you

1049

00:38:53,990 --> 00:38:51,839

had a favorite episode so i know which

1050

00:38:56,950 --> 00:38:54,000

one's not your favorite

1051
00:38:57,589 --> 00:38:56,960
yeah um yeah that's a good question

1052
00:39:03,349 --> 00:38:57,599
actually

1053
00:39:04,550 --> 00:39:03,359
filming certain episodes you know we

1054
00:39:06,230 --> 00:39:04,560
were kind of talking

1055
00:39:07,510 --> 00:39:06,240
the cast and crew were talking amongst

1056
00:39:09,190 --> 00:39:07,520
ourselves and we would get a feeling

1057
00:39:11,030 --> 00:39:09,200
like oh i don't think this episode's

1058
00:39:12,150 --> 00:39:11,040
gonna you know it's not that dynamic i

1059
00:39:13,030 --> 00:39:12,160
don't think this one's gonna be very

1060
00:39:14,870 --> 00:39:13,040
good and

1061
00:39:16,470 --> 00:39:14,880
surprisingly some of the ones that we we

1062
00:39:18,390 --> 00:39:16,480
had singled out as

1063
00:39:20,310 --> 00:39:18,400

potential failures were turned out to be

1064

00:39:22,550 --> 00:39:20,320

some of my favorites so uh

1065

00:39:23,589 --> 00:39:22,560

one in particular is um the episode

1066

00:39:26,870 --> 00:39:23,599

where they talk about

1067

00:39:29,829 --> 00:39:26,880

um the quote-unquote ice gnomes

1068

00:39:31,510 --> 00:39:29,839

which uh in reality it was basically

1069

00:39:34,230 --> 00:39:31,520

kind of like um

1070

00:39:35,109 --> 00:39:34,240

uh alaska's version of the little people

1071

00:39:36,710 --> 00:39:35,119

and uh

1072

00:39:38,870 --> 00:39:36,720

there are a number of native names for

1073

00:39:42,069 --> 00:39:38,880

them up there but they're called um

1074

00:39:44,150 --> 00:39:42,079

the jinxi ox the ishtik you know

1075

00:39:45,349 --> 00:39:44,160

the inkstigak there's many different

1076

00:39:48,390 --> 00:39:45,359

pronunciations but

1077

00:39:50,790 --> 00:39:48,400

the descriptions sound like um basically

1078

00:39:51,910 --> 00:39:50,800

uh ivan sanderson's proto-pygmy little

1079

00:39:54,710 --> 00:39:51,920

hairy

1080

00:39:56,310 --> 00:39:54,720

uh dwarf-like creatures uh little foot

1081

00:39:57,829 --> 00:39:56,320

type creatures that are standing about

1082

00:39:59,670 --> 00:39:57,839

three feet tall

1083

00:40:01,990 --> 00:39:59,680

um that particular episode turned out

1084

00:40:04,710 --> 00:40:02,000

pretty good um and also

1085

00:40:05,990 --> 00:40:04,720

uh one of uh relating to something

1086

00:40:08,230 --> 00:40:06,000

called the amarok

1087

00:40:10,710 --> 00:40:08,240

or demon wolf which is basically like

1088

00:40:13,349 --> 00:40:10,720

described as like a a cross or hybrid

1089

00:40:17,030 --> 00:40:13,359

between a bear and a wolf

1090

00:40:20,150 --> 00:40:17,040

or a giant rogue wolf and also

1091

00:40:22,069 --> 00:40:20,160

i guess the third one might be the uh

1092

00:40:23,670 --> 00:40:22,079

be a tie between the thunderbirds which

1093

00:40:24,710 --> 00:40:23,680

of course is a subject near and dear to

1094

00:40:28,390 --> 00:40:24,720

my heart

1095

00:40:31,829 --> 00:40:28,400

and also the uh

1096

00:40:32,870 --> 00:40:31,839

quote unquote snow monkeys sound silly

1097

00:40:35,990 --> 00:40:32,880

when you say them

1098

00:40:37,589 --> 00:40:36,000

unless you explore the the material but

1099

00:40:39,030 --> 00:40:37,599

you know there are reports of of

1100

00:40:42,069 --> 00:40:39,040

something called the katani

1101

00:40:45,510 --> 00:40:42,079

or ketchen i can barely say that

1102

00:40:48,550 --> 00:40:45,520

um which are basically described as uh

1103

00:40:50,630 --> 00:40:48,560

tailed uh primates that live in uh

1104

00:40:52,630 --> 00:40:50,640

certain areas uh in the alaska

1105

00:40:54,710 --> 00:40:52,640

wilderness and uh are very aggressive

1106

00:40:57,430 --> 00:40:54,720

towards humans and live in caves and and

1107

00:40:59,910 --> 00:40:57,440

subterranean uh type settings

1108

00:41:00,950 --> 00:40:59,920

those were all kind of fun now why would

1109

00:41:03,430 --> 00:41:00,960

you

1110

00:41:04,309 --> 00:41:03,440

uh why why would people find that weird

1111

00:41:07,030 --> 00:41:04,319

ken that

1112

00:41:07,510 --> 00:41:07,040

there would be like a a snow monkey why

1113

00:41:11,670 --> 00:41:07,520

would

1114

00:41:14,550 --> 00:41:11,680

be out of the realm of possibility

1115

00:41:15,670 --> 00:41:14,560

well um you know even myself you know

1116

00:41:17,190 --> 00:41:15,680

admittedly myself

1117

00:41:18,870 --> 00:41:17,200

you know when they first came to me with

1118

00:41:19,910 --> 00:41:18,880

this this concept well we're going to do

1119

00:41:21,430 --> 00:41:19,920

this thing

1120

00:41:23,910 --> 00:41:21,440

there's this legend of these snow

1121

00:41:25,990 --> 00:41:23,920

monkeys or tailed ones and i

1122

00:41:27,109 --> 00:41:26,000

i was already scoffing at it at that

1123

00:41:30,550 --> 00:41:27,119

point saying

1124

00:41:31,990 --> 00:41:30,560

i've never heard of this you know what

1125

00:41:33,990 --> 00:41:32,000

you know i don't think we're going to

1126

00:41:35,510 --> 00:41:34,000

find anything here i don't see any

1127

00:41:37,589 --> 00:41:35,520

you know potential for this particular

1128

00:41:38,950 --> 00:41:37,599

episode but then i went down i spent a

1129

00:41:40,309 --> 00:41:38,960

lot of time when i was there on my off

1130

00:41:42,390 --> 00:41:40,319

days at the

1131

00:41:43,589 --> 00:41:42,400

anchorage library and they have an

1132

00:41:46,230 --> 00:41:43,599

amazing

1133

00:41:48,069 --> 00:41:46,240

uh archival section in the basement of

1134

00:41:50,870 --> 00:41:48,079

different folklores

1135

00:41:52,870 --> 00:41:50,880

uh you know books and literature they're

1136

00:41:54,950 --> 00:41:52,880

relating to all the different athabascan

1137

00:41:56,870 --> 00:41:54,960

and yupik folklore and different things

1138

00:41:58,710 --> 00:41:56,880

and so lo and behold there were all

1139

00:42:01,430 --> 00:41:58,720

these stories and tales of these

1140

00:42:02,790 --> 00:42:01,440

katani these tailed ones and so i

1141

00:42:03,270 --> 00:42:02,800

thought holy crap there's uh there's

1142

00:42:05,190 --> 00:42:03,280

some

1143

00:42:06,790 --> 00:42:05,200

you know a basis here and then uh

1144

00:42:09,829 --> 00:42:06,800

furthermore i began to look at

1145

00:42:12,230 --> 00:42:09,839

you know the viability of a you know of

1146

00:42:15,430 --> 00:42:12,240

a primate a monkey-like primate living

1147

00:42:17,510 --> 00:42:15,440

in uh in that type of habitat and then

1148

00:42:19,510 --> 00:42:17,520

uh you know when i began to investigate

1149

00:42:22,790 --> 00:42:19,520

and research the snowmachax or the

1150

00:42:26,390 --> 00:42:22,800

japanese macaques which are basically

1151
00:42:29,510 --> 00:42:26,400
monkeys that are very well adapted to

1152
00:42:32,390 --> 00:42:29,520
cold snowy frigid

1153
00:42:33,670 --> 00:42:32,400
conditions so i thought wow wow this is

1154
00:42:34,710 --> 00:42:33,680
cool they're you know they're actually

1155
00:42:37,750 --> 00:42:34,720
they're you know they're

1156
00:42:39,829 --> 00:42:37,760
there are actually monkeys that

1157
00:42:40,790 --> 00:42:39,839
that live in these types of conditions

1158
00:42:48,710 --> 00:42:40,800
uh

1159
00:42:52,150 --> 00:42:50,870
you know over the years you've written a

1160
00:42:55,030 --> 00:42:52,160
great deal about

1161
00:42:56,470 --> 00:42:55,040
winged anomalies including flying

1162
00:42:59,750 --> 00:42:56,480
humanoids

1163
00:43:02,230 --> 00:42:59,760

now in your opinion which

1164

00:43:03,349 --> 00:43:02,240

of these type of creatures is the most

1165

00:43:07,589 --> 00:43:03,359

compelling

1166

00:43:10,950 --> 00:43:09,829

well uh i would say definitely the

1167

00:43:13,990 --> 00:43:10,960

thunderbirds

1168

00:43:16,390 --> 00:43:14,000

um for not for a number of reasons

1169

00:43:18,230 --> 00:43:16,400

and you know i'm uh i'm sure your

1170

00:43:19,750 --> 00:43:18,240

listeners are more educated than most

1171

00:43:21,829 --> 00:43:19,760

when it comes to these different types

1172

00:43:22,870 --> 00:43:21,839

of creatures and cryptids and so forth

1173

00:43:25,670 --> 00:43:22,880

but uh

1174

00:43:27,910 --> 00:43:25,680

thunderbird of course is a reference to

1175

00:43:29,349 --> 00:43:27,920

a native american a widespread native

1176

00:43:31,270 --> 00:43:29,359

american belief

1177

00:43:32,630 --> 00:43:31,280

uh you find in you know in different

1178

00:43:34,790 --> 00:43:32,640

cultures ranging from

1179

00:43:37,349 --> 00:43:34,800

alaska and the pacific northwest across

1180

00:43:39,109 --> 00:43:37,359

the uh the southwestern deserts the

1181

00:43:40,069 --> 00:43:39,119

great plains new england everywhere all

1182

00:43:42,069 --> 00:43:40,079

of these native american

1183

00:43:44,069 --> 00:43:42,079

tribes had these stories of these

1184

00:43:45,750 --> 00:43:44,079

massive birds

1185

00:43:49,589 --> 00:43:45,760

that were often described as super

1186

00:43:51,349 --> 00:43:49,599

eagles raptor type of birds

1187

00:43:52,950 --> 00:43:51,359

and the name thunderbird is a reference

1188

00:43:54,870 --> 00:43:52,960

to the belief that these

1189

00:43:58,230 --> 00:43:54,880

giant birds create thunder with the

1190

00:44:02,630 --> 00:44:01,510

so you have this this great foundation

1191

00:44:05,829 --> 00:44:02,640

of mythology

1192

00:44:08,950 --> 00:44:05,839

and you know again widespread

1193

00:44:10,309 --> 00:44:08,960

very similar descriptions and the other

1194

00:44:12,950 --> 00:44:10,319

thing is that you have

1195

00:44:14,230 --> 00:44:12,960

a a fair number of modern reports of

1196

00:44:15,910 --> 00:44:14,240

course many people have heard of the

1197

00:44:18,790 --> 00:44:15,920

lawndale incident in illinois

1198

00:44:19,589 --> 00:44:18,800

back in july of 77 when when marlon lowe

1199

00:44:22,470 --> 00:44:19,599

was

1200

00:44:25,190 --> 00:44:22,480

snatched up by uh by one of two giant

1201
00:44:26,470 --> 00:44:25,200
birds in front of several witnesses

1202
00:44:28,630 --> 00:44:26,480
and you know you have spates of

1203
00:44:29,589 --> 00:44:28,640
thunderbird reports here in my home

1204
00:44:33,990 --> 00:44:29,599
state of texas

1205
00:44:35,670 --> 00:44:34,000
in illinois pennsylvania and so forth

1206
00:44:37,510 --> 00:44:35,680
but i think the clincher for me is the

1207
00:44:39,349 --> 00:44:37,520
fact that we did

1208
00:44:40,870 --> 00:44:39,359
uh we know from our fossil history that

1209
00:44:44,390 --> 00:44:40,880
there were in fact

1210
00:44:46,309 --> 00:44:44,400
enormous birds uh that very much fit the

1211
00:44:46,870 --> 00:44:46,319
descriptions of these thunderbirds there

1212
00:44:49,270 --> 00:44:46,880
were these

1213
00:44:50,710 --> 00:44:49,280

these giant birds that lived up until

1214

00:44:52,150 --> 00:44:50,720

about 11 or 12

1215

00:44:53,910 --> 00:44:52,160

000 years ago until the end of the

1216

00:44:55,750 --> 00:44:53,920

pleistocene epoch

1217

00:44:57,430 --> 00:44:55,760

and these birds were known as

1218

00:44:58,790 --> 00:44:57,440

territories we don't know a whole lot

1219

00:45:01,030 --> 00:44:58,800

about them although we found many of

1220

00:45:03,190 --> 00:45:01,040

their fossils in places like the la brea

1221

00:45:05,910 --> 00:45:03,200

tar pits in california

1222

00:45:08,309 --> 00:45:05,920

but one one species uh in south america

1223

00:45:11,430 --> 00:45:08,319

had a wingspan of about 24 feet across

1224

00:45:12,870 --> 00:45:11,440

it was known as argentavis and uh here

1225

00:45:15,990 --> 00:45:12,880

in north america

1226

00:45:18,230 --> 00:45:16,000

there was a species known as aolornis

1227

00:45:19,430 --> 00:45:18,240

which had a wingspan of about 17 or 18

1228

00:45:21,910 --> 00:45:19,440

feet across

1229

00:45:24,550 --> 00:45:21,920

and these birds were potentially related

1230

00:45:27,510 --> 00:45:24,560

to modern vultures and cranes

1231

00:45:28,150 --> 00:45:27,520

uh they had a hooked beak um and you

1232

00:45:29,910 --> 00:45:28,160

know they

1233

00:45:31,270 --> 00:45:29,920

they were essentially carry-on they they

1234

00:45:32,710 --> 00:45:31,280

may have eaten carrion

1235

00:45:33,829 --> 00:45:32,720

they may have been predators they may

1236

00:45:35,190 --> 00:45:33,839

have spent a lot of time on the ground

1237

00:45:38,790 --> 00:45:35,200

because they were so massive

1238

00:45:40,790 --> 00:45:38,800

but you know so here you have uh those

1239

00:45:42,230 --> 00:45:40,800

three lines of evidence kind of matching

1240

00:45:44,550 --> 00:45:42,240

up in terms of the

1241

00:45:46,150 --> 00:45:44,560

native american folklore the modern

1242

00:45:47,190 --> 00:45:46,160

accounts and descriptions which are very

1243

00:45:49,589 --> 00:45:47,200

consistent

1244

00:45:51,910 --> 00:45:49,599

and then you know a potential candidate

1245

00:45:55,190 --> 00:45:51,920

that actually did exist

1246

00:45:58,870 --> 00:45:55,200

uh so um i think the thunderbird

1247

00:46:00,150 --> 00:45:58,880

you know and you know we have to face

1248

00:46:01,829 --> 00:46:00,160

the fact that we are

1249

00:46:04,309 --> 00:46:01,839

like many cryptids we're completely

1250

00:46:07,990 --> 00:46:04,319

devoid of physical evidence there

1251
00:46:11,990 --> 00:46:08,000
uh no one has found a giant feather

1252
00:46:14,710 --> 00:46:12,000
or egg or nest or giant pile of

1253
00:46:17,990 --> 00:46:14,720
droppings or anything that would uh kind

1254
00:46:21,270 --> 00:46:19,430
much like the sauce there's not even

1255
00:46:22,950 --> 00:46:21,280
really any photographic evidence there's

1256
00:46:27,030 --> 00:46:22,960
uh there are some kind of

1257
00:46:30,870 --> 00:46:27,040
ambiguous films and things but

1258
00:46:33,589 --> 00:46:30,880
so it is kind of hard um to wrap

1259
00:46:35,589 --> 00:46:33,599
your head around the possibility that a

1260
00:46:37,270 --> 00:46:35,599
something that has an 18-foot wingspan

1261
00:46:41,270 --> 00:46:37,280
that's flying through the air

1262
00:46:43,829 --> 00:46:41,280
has avoided being described and

1263
00:46:47,829 --> 00:46:43,839

documented by science so

1264

00:46:49,349 --> 00:46:47,839

uh it it's kind of a conundrum but um

1265

00:46:50,870 --> 00:46:49,359

i think of all the flying things

1266

00:46:52,630 --> 00:46:50,880

cryptids and creatures that i've

1267

00:46:55,349 --> 00:46:52,640

investigated it seems to be the most

1268

00:47:02,470 --> 00:46:59,109

so um have you had any personal

1269

00:47:10,150 --> 00:47:06,309

with anything with anything

1270

00:47:12,069 --> 00:47:10,160

yeah any type of cryptid um

1271

00:47:13,190 --> 00:47:12,079

you know i've often recounted this story

1272

00:47:16,309 --> 00:47:13,200

i've never seen a

1273

00:47:17,510 --> 00:47:16,319

cryptid with my own eyes regrettably

1274

00:47:19,829 --> 00:47:17,520

i've tried very hard

1275

00:47:21,910 --> 00:47:19,839

spent a lot of time in the field and in

1276

00:47:25,430 --> 00:47:21,920

supposedly active areas

1277

00:47:27,750 --> 00:47:25,440

um but i believe that i was within about

1278

00:47:31,390 --> 00:47:27,760

40 yards of a soft squatch on

1279

00:47:33,030 --> 00:47:31,400

at least one occasion um this was in

1280

00:47:35,109 --> 00:47:33,040

2003.

1281

00:47:37,589 --> 00:47:35,119

i was with a bigfoot researcher from

1282

00:47:39,670 --> 00:47:37,599

texas uh named chester moore jr

1283

00:47:41,829 --> 00:47:39,680

very prolific researcher and we were we

1284

00:47:43,510 --> 00:47:41,839

were in an area of north texas

1285

00:47:45,430 --> 00:47:43,520

um where there had been a number of

1286

00:47:46,790 --> 00:47:45,440

sightings fairly remote area it took us

1287

00:47:49,190 --> 00:47:46,800

about 15

1288

00:47:50,549 --> 00:47:49,200

miles down a dirt road to or you know

1289

00:47:53,910 --> 00:47:50,559

really not even a road i

1290

00:47:56,630 --> 00:47:53,920

think 15 miles down a gravel trail

1291

00:47:58,549 --> 00:47:56,640

to get to this little lake um right

1292

00:47:58,950 --> 00:47:58,559

after sundown we were hiking around the

1293

00:48:02,470 --> 00:47:58,960

lake

1294

00:48:05,349 --> 00:48:02,480

and we heard these deep loud

1295

00:48:05,990 --> 00:48:05,359

guttural grunting noises and i actually

1296

00:48:08,470 --> 00:48:06,000

recorded them

1297

00:48:10,309 --> 00:48:08,480

because i had a video camera rolling and

1298

00:48:13,510 --> 00:48:10,319

it sounded very much like a

1299

00:48:15,190 --> 00:48:13,520

a primate it was a deep panting grunting

1300

00:48:17,270 --> 00:48:15,200

kind of sound that kind of reminded me

1301
00:48:20,150 --> 00:48:17,280
of howler monkeys that i'd heard down in

1302
00:48:21,430 --> 00:48:20,160
south america central america but much

1303
00:48:24,069 --> 00:48:21,440
louder much more

1304
00:48:25,670 --> 00:48:24,079
aggressive we were all kind of

1305
00:48:27,030 --> 00:48:25,680
white-knuckled at that point

1306
00:48:28,630 --> 00:48:27,040
didn't know what to do because it was

1307
00:48:29,990 --> 00:48:28,640
this thing we couldn't see it it was in

1308
00:48:32,150 --> 00:48:30,000
the deep brush but it was

1309
00:48:33,270 --> 00:48:32,160
it was there and we we couldn't equate

1310
00:48:34,870 --> 00:48:33,280
those sounds to any

1311
00:48:37,030 --> 00:48:34,880
known animal anything that we'd ever

1312
00:48:38,950 --> 00:48:37,040
heard

1313
00:48:40,790 --> 00:48:38,960

we did stay in that area and camp in the

1314

00:48:43,750 --> 00:48:40,800

area and it was kind of a crazy night

1315

00:48:45,670 --> 00:48:43,760

but uh again no visual sighting but the

1316

00:48:47,270 --> 00:48:45,680

next morning when we finally were able

1317

00:48:48,950 --> 00:48:47,280

to to work our way through this heavy

1318

00:48:51,270 --> 00:48:48,960

brush safely

1319

00:48:52,309 --> 00:48:51,280

we found some evidence there was

1320

00:48:54,309 --> 00:48:52,319

basically this

1321

00:48:55,589 --> 00:48:54,319

on this small beach there were some deep

1322

00:48:57,910 --> 00:48:55,599

footprints

1323

00:48:59,030 --> 00:48:57,920

and there were some mutilated animal

1324

00:49:01,349 --> 00:48:59,040

carcasses

1325

00:49:03,589 --> 00:49:01,359

turtle shells several large turtle

1326

00:49:06,230 --> 00:49:03,599

shells had been ripped open

1327

00:49:06,950 --> 00:49:06,240

uh ripped in half i should say much like

1328

00:49:10,549 --> 00:49:06,960

you would see

1329

00:49:12,630 --> 00:49:10,559

a pistachio shell laying on the ground

1330

00:49:14,069 --> 00:49:12,640

there were no remains there was no flesh

1331

00:49:16,230 --> 00:49:14,079

so something had

1332

00:49:17,270 --> 00:49:16,240

basically ripped all these turtles apart

1333

00:49:19,270 --> 00:49:17,280

eating their remain

1334

00:49:20,870 --> 00:49:19,280

or in their flesh and left the

1335

00:49:22,950 --> 00:49:20,880

footprints behind

1336

00:49:24,470 --> 00:49:22,960

and so kind of the the synthesis of all

1337

00:49:27,190 --> 00:49:24,480

of those events

1338

00:49:28,549 --> 00:49:27,200

um you know to me is the most convincing

1339

00:49:30,630 --> 00:49:28,559

thing i've experienced

1340

00:49:32,069 --> 00:49:30,640

that there must be some kind of giant

1341

00:49:35,190 --> 00:49:32,079

powerful primate

1342

00:49:38,549 --> 00:49:35,200

roaming the woods of north america

1343

00:49:41,349 --> 00:49:38,559

wow you know it's interesting i

1344

00:49:42,470 --> 00:49:41,359

i found a picture of you when you were a

1345

00:49:45,910 --> 00:49:42,480

boy

1346

00:49:47,349 --> 00:49:45,920

in the amazon well can you tell us a

1347

00:49:50,790 --> 00:49:47,359

little bit about that

1348

00:49:52,710 --> 00:49:50,800

uh you were were you on an expedition or

1349

00:49:54,710 --> 00:49:52,720

something

1350

00:49:56,790 --> 00:49:54,720

oh it was kind of a camping trip believe

1351
00:49:59,510 --> 00:49:56,800
it or not

1352
00:50:01,510 --> 00:49:59,520
yeah my um i was very fortunate growing

1353
00:50:03,670 --> 00:50:01,520
up my mother was a travel agent

1354
00:50:05,270 --> 00:50:03,680
and she was very adventurous and loved

1355
00:50:08,069 --> 00:50:05,280
to travel all over the world

1356
00:50:09,750 --> 00:50:08,079
and um she knew of my interest in

1357
00:50:13,270 --> 00:50:09,760
exploration and

1358
00:50:13,750 --> 00:50:13,280
investigation and legends and so forth

1359
00:50:16,950 --> 00:50:13,760
so

1360
00:50:18,870 --> 00:50:16,960
places but uh cool

1361
00:50:20,710 --> 00:50:18,880
i think i was probably eight or nine

1362
00:50:22,230 --> 00:50:20,720
years old and um

1363
00:50:24,230 --> 00:50:22,240

my mother and my sister and i we

1364

00:50:25,589 --> 00:50:24,240

traveled to south america first we went

1365

00:50:26,310 --> 00:50:25,599

to machu picchu

1366

00:50:29,109 --> 00:50:26,320

and

1367

00:50:30,470 --> 00:50:29,119

[Music]

1368

00:50:32,870 --> 00:50:30,480

subsequently we also went to the

1369

00:50:34,870 --> 00:50:32,880

galapagos islands but

1370

00:50:36,630 --> 00:50:34,880

for that particular leg of the trip we

1371

00:50:39,829 --> 00:50:36,640

camped along the amazon

1372

00:50:43,030 --> 00:50:39,839

river actually the manus river

1373

00:50:44,950 --> 00:50:43,040

which is a tributary of the amazon in uh

1374

00:50:47,190 --> 00:50:44,960

northeastern peru and it was a very we

1375

00:50:50,150 --> 00:50:47,200

camped in a very primitive camp

1376

00:50:51,270 --> 00:50:50,160

um and uh we actually got to spend some

1377

00:50:54,950 --> 00:50:51,280

time with some different

1378

00:50:56,950 --> 00:50:54,960

uh native peoples there was the uh

1379

00:50:59,510 --> 00:50:56,960

the yagwa tribe which is i think the

1380

00:51:03,270 --> 00:50:59,520

tribe that uh we took that picture with

1381

00:51:05,910 --> 00:51:03,280

as well as the hivarro which were uh

1382

00:51:07,190 --> 00:51:05,920

allegedly were head hunters uh and

1383

00:51:09,109 --> 00:51:07,200

cannibals until

1384

00:51:10,309 --> 00:51:09,119

modern times but they were very nice to

1385

00:51:13,510 --> 00:51:10,319

us

1386

00:51:14,309 --> 00:51:13,520

but um well you were too shot good so i

1387

00:51:15,910 --> 00:51:14,319

don't think there was going to be a

1388

00:51:18,150 --> 00:51:15,920

problem with you

1389

00:51:19,270 --> 00:51:18,160

yeah i didn't that was actually handed

1390

00:51:20,870 --> 00:51:19,280

our guide

1391

00:51:22,549 --> 00:51:20,880

kind of handed that over to me for the

1392

00:51:23,670 --> 00:51:22,559

photograph so i don't think i was

1393

00:51:25,349 --> 00:51:23,680

authorized

1394

00:51:26,950 --> 00:51:25,359

but i tell you what i definitely drew

1395

00:51:28,630 --> 00:51:26,960

his ire because

1396

00:51:30,390 --> 00:51:28,640

as we would hike through the jungle i

1397

00:51:32,230 --> 00:51:30,400

was constantly you know as a young boy i

1398

00:51:33,670 --> 00:51:32,240

was very curious and i kept picking up

1399

00:51:36,230 --> 00:51:33,680

things that i wasn't supposed to

1400

00:51:37,670 --> 00:51:36,240

i'd pick up a tarantula and he would

1401

00:51:39,109 --> 00:51:37,680

start yelling at me and

1402

00:51:40,710 --> 00:51:39,119

throw it out of my hand and then he'd

1403

00:51:41,990 --> 00:51:40,720

chop it up with a machete don't touch

1404

00:51:43,589 --> 00:51:42,000

anything you know

1405

00:51:45,750 --> 00:51:43,599

and then at one point i remember picking

1406

00:51:47,109 --> 00:51:45,760

up this gorgeous caterpillar that had

1407

00:51:49,990 --> 00:51:47,119

like these beautiful long

1408

00:51:51,670 --> 00:51:50,000

colorful hairs and it was apparently

1409

00:51:54,950 --> 00:51:51,680

deadly poisonous and he knocked that out

1410

00:51:57,990 --> 00:51:54,960

of my hand and chopped it up

1411

00:52:00,710 --> 00:51:58,000

maybe so i i yeah i attempted fate

1412

00:52:02,309 --> 00:52:00,720

several times on that trip and uh got to

1413

00:52:04,630 --> 00:52:02,319

swim in the amazon with

1414

00:52:06,630 --> 00:52:04,640

piranhas which apparently you can do if

1415

00:52:12,549 --> 00:52:06,640

you just don't splash around too much

1416

00:52:15,589 --> 00:52:15,109

boy were you lucky we could pretty well

1417

00:52:17,349 --> 00:52:15,599

tell

1418

00:52:19,750 --> 00:52:17,359

back then what you're going to be into

1419

00:52:22,790 --> 00:52:19,760

i'm i'm jealous i really

1420

00:52:26,230 --> 00:52:22,800

am that that was so cool i

1421

00:52:28,710 --> 00:52:26,240

um wow that's all i can say about that

1422

00:52:30,790 --> 00:52:28,720

that's just great

1423

00:52:31,829 --> 00:52:30,800

uh well it opened it opened my mind

1424

00:52:33,430 --> 00:52:31,839

because you know when you're in this

1425

00:52:35,430 --> 00:52:33,440

area like that and you realize

1426
00:52:36,950 --> 00:52:35,440
wow there could be anything out here you

1427
00:52:40,710 --> 00:52:36,960
know yeah

1428
00:52:44,870 --> 00:52:40,720
yeah wow um

1429
00:52:47,990 --> 00:52:44,880
so what's on ken gerhart's bucket list

1430
00:52:51,190 --> 00:52:48,000
what do you want to do

1431
00:52:53,510 --> 00:52:51,200
and uh before you kick the bucket

1432
00:52:55,109 --> 00:52:53,520
well gosh i don't know we have if we

1433
00:53:00,309 --> 00:52:55,119
have enough time left in the show

1434
00:53:03,109 --> 00:53:00,319
uh that's a great question um

1435
00:53:04,309 --> 00:53:03,119
man so so so much um well right now

1436
00:53:06,870 --> 00:53:04,319
things that uh

1437
00:53:09,109 --> 00:53:06,880
really that i find very exciting are of

1438
00:53:11,829 --> 00:53:09,119

course the investigation into the

1439

00:53:13,430 --> 00:53:11,839

thylacine or tasmanian tiger as it's

1440

00:53:15,430 --> 00:53:13,440

often called

1441

00:53:17,030 --> 00:53:15,440

i have colleagues and friends that have

1442

00:53:20,309 --> 00:53:17,040

been down there doing research

1443

00:53:21,430 --> 00:53:20,319

on the island of tasmania uh are very

1444

00:53:24,710 --> 00:53:21,440

convinced that these

1445

00:53:29,510 --> 00:53:24,720

the thylacine which of course is a large

1446

00:53:31,510 --> 00:53:29,520

uh large carnivorous marsupial

1447

00:53:33,270 --> 00:53:31,520

very looks very wolf like but it's

1448

00:53:35,670 --> 00:53:33,280

actually more closely related to

1449

00:53:37,349 --> 00:53:35,680

you know tasmanian devils and and

1450

00:53:40,549 --> 00:53:37,359

kangaroos and things

1451

00:53:42,390 --> 00:53:40,559

uh it was declared extinct

1452

00:53:44,470 --> 00:53:42,400

in recent years the last sightings were

1453

00:53:45,829 --> 00:53:44,480

in the 1930s but there's a fair amount

1454

00:53:47,270 --> 00:53:45,839

of evidence that's still down there and

1455

00:53:48,230 --> 00:53:47,280

i really think that it's one of the more

1456

00:53:50,069 --> 00:53:48,240

viable

1457

00:53:52,150 --> 00:53:50,079

cryptids out there and i think that if

1458

00:53:53,750 --> 00:53:52,160

it were discovered alive and well of

1459

00:53:55,589 --> 00:53:53,760

course it would be a boon to the field

1460

00:53:58,790 --> 00:53:55,599

of cryptozoology because it would

1461

00:54:00,309 --> 00:53:58,800

illustrate uh that other things

1462

00:54:01,910 --> 00:54:00,319

could also be running around out there

1463

00:54:05,990 --> 00:54:01,920

undiscovered or

1464

00:54:08,390 --> 00:54:06,000

unknown um i've always been

1465

00:54:10,150 --> 00:54:08,400

i've always wanted to go to scandinavia

1466

00:54:11,910 --> 00:54:10,160

and investigate uh

1467

00:54:14,230 --> 00:54:11,920

many of the lake monsters and sea

1468

00:54:16,710 --> 00:54:14,240

serpents of course the legends of

1469

00:54:18,630 --> 00:54:16,720

of the sea serpents kind of originated

1470

00:54:20,470 --> 00:54:18,640

off the coast of norway and

1471

00:54:22,630 --> 00:54:20,480

uh there's a long tradition in history

1472

00:54:25,670 --> 00:54:22,640

there of sightings of some kind of giant

1473

00:54:29,109 --> 00:54:25,680

aquatic cryptid um and i've also

1474

00:54:33,109 --> 00:54:29,119

uh i'm very interested in um

1475

00:54:35,270 --> 00:54:33,119

uh i guess the yeti and and similar

1476
00:54:39,270 --> 00:54:35,280
man beasts from asia you know you have

1477
00:54:40,710 --> 00:54:39,280
the uh the mongolian almas or amnesty

1478
00:54:42,390 --> 00:54:40,720
in china there's something known as the

1479
00:54:45,829 --> 00:54:42,400
yeren

1480
00:54:48,710 --> 00:54:45,839
vietnam has the noingroy

1481
00:54:50,069 --> 00:54:48,720
and so there are these kind of bigfoot

1482
00:54:52,069 --> 00:54:50,079
type creatures throughout

1483
00:54:53,430 --> 00:54:52,079
asia and what's interesting in many

1484
00:54:54,950 --> 00:54:53,440
cases is that

1485
00:54:57,030 --> 00:54:54,960
we we seem to be dealing with a

1486
00:54:58,789 --> 00:54:57,040
different um i don't know if you'd call

1487
00:55:00,470 --> 00:54:58,799
it a subspecies

1488
00:55:03,670 --> 00:55:00,480

or maybe something entirely different

1489

00:55:06,549 --> 00:55:03,680

but of course in the case of the almisty

1490

00:55:07,990 --> 00:55:06,559

people have described them as being more

1491

00:55:10,150 --> 00:55:08,000

neanderthal like

1492

00:55:11,430 --> 00:55:10,160

um you know certainly very very her

1493

00:55:15,030 --> 00:55:11,440

stewed and hairy

1494

00:55:18,069 --> 00:55:15,040

and man-like but in some respects um

1495

00:55:20,390 --> 00:55:18,079

wearing um you know garments very crude

1496

00:55:23,510 --> 00:55:20,400

garments or furs loincloths

1497

00:55:25,030 --> 00:55:23,520

using crude tools and and even bartering

1498

00:55:26,890 --> 00:55:25,040

and trading with the locals

1499

00:55:27,630 --> 00:55:26,900

sounds like an exciting zappy

1500

00:55:29,670 --> 00:55:27,640

[Laughter]

1501
00:55:34,230 --> 00:55:29,680

[Music]

1502
00:55:36,069 --> 00:55:34,240
nice cheese we're touched uh

1503
00:55:37,349 --> 00:55:36,079
well you know that's interesting because

1504
00:55:41,109 --> 00:55:37,359
you you wrote about

1505
00:55:43,750 --> 00:55:41,119
you wrote about the um uh

1506
00:55:45,910 --> 00:55:43,760
about the possibility if if bigfoot's a

1507
00:55:49,510 --> 00:55:45,920
giant form of homo erectus

1508
00:55:52,789 --> 00:55:49,520
in uh in the wood knocks book

1509
00:55:54,950 --> 00:55:52,799
uh can you kind of talk about that a

1510
00:55:58,390 --> 00:55:54,960
little more

1511
00:56:01,990 --> 00:55:58,400
yeah absolutely so um of course there

1512
00:56:03,789 --> 00:56:02,000
uh most bigfoot enthusiasts are familiar

1513
00:56:06,309 --> 00:56:03,799

first and foremost with the theory of

1514

00:56:08,630 --> 00:56:06,319

gigantopithecus which is

1515

00:56:09,910 --> 00:56:08,640

which we know of from you know a handful

1516

00:56:12,630 --> 00:56:09,920

of jaw bones and

1517

00:56:13,990 --> 00:56:12,640

thousands are so teeth that have been

1518

00:56:15,270 --> 00:56:14,000

found in asia

1519

00:56:16,789 --> 00:56:15,280

and the reconstructions of

1520

00:56:18,390 --> 00:56:16,799

gigantopithecus we don't really know a

1521

00:56:19,750 --> 00:56:18,400

lot about gigantopithecus but we know it

1522

00:56:23,109 --> 00:56:19,760

was really big

1523

00:56:25,990 --> 00:56:23,119

probably stood you know 10 feet tall

1524

00:56:28,069 --> 00:56:26,000

uh probably based on its teeth it

1525

00:56:31,190 --> 00:56:28,079

probably ate a lot of bamboo

1526

00:56:34,069 --> 00:56:31,200

um and it lived in china vietnam and and

1527

00:56:36,549 --> 00:56:34,079

also india or pakistan so we there was a

1528

00:56:39,270 --> 00:56:36,559

you know a giant hominid that lived

1529

00:56:40,150 --> 00:56:39,280

uh up until about maybe 500 000 years

1530

00:56:41,990 --> 00:56:40,160

ago

1531

00:56:43,750 --> 00:56:42,000

so that's the common theory and i i

1532

00:56:46,309 --> 00:56:43,760

think lately in the bigfoot field

1533

00:56:47,030 --> 00:56:46,319

uh another candidate that's gaining

1534

00:56:50,230 --> 00:56:47,040

momentum

1535

00:56:52,710 --> 00:56:50,240

is paranthropus uh formerly known

1536

00:56:55,109 --> 00:56:52,720

as australopithecus robustus and that's

1537

00:56:57,349 --> 00:56:55,119

uh dr jeff naldrum his reconstruction of

1538

00:57:00,470 --> 00:56:57,359

a sasquatch is based on

1539

00:57:03,910 --> 00:57:00,480

this this hominid from africa

1540

00:57:05,670 --> 00:57:03,920

that had a very powerful jawbone

1541

00:57:07,349 --> 00:57:05,680

was also called the nutcracker man

1542

00:57:09,510 --> 00:57:07,359

because he had this huge jawbone in this

1543

00:57:10,470 --> 00:57:09,520

huge sagittal crest and was very robust

1544

00:57:11,670 --> 00:57:10,480

and thick

1545

00:57:14,230 --> 00:57:11,680

so those have been kind of the leading

1546

00:57:15,829 --> 00:57:14,240

candidates but um i just think it's

1547

00:57:17,510 --> 00:57:15,839

interesting i think people should

1548

00:57:20,390 --> 00:57:17,520

should definitely consider and explore

1549

00:57:23,589 --> 00:57:20,400

the possibility that homo erectus

1550

00:57:24,950 --> 00:57:23,599

uh could it could have evolved or

1551

00:57:27,109 --> 00:57:24,960

potentially devolved

1552

00:57:28,710 --> 00:57:27,119

into the modern sasquatch and some of

1553

00:57:29,270 --> 00:57:28,720

these other wild men around the world

1554

00:57:31,190 --> 00:57:29,280

and

1555

00:57:32,390 --> 00:57:31,200

the primary reasons are that homo

1556

00:57:34,710 --> 00:57:32,400

erectus

1557

00:57:36,789 --> 00:57:34,720

uh from the from what we've collected so

1558

00:57:37,270 --> 00:57:36,799

far in terms of fossils homo erectus was

1559

00:57:39,990 --> 00:57:37,280

the most

1560

00:57:41,030 --> 00:57:40,000

widespread hominid its fossils have been

1561

00:57:43,270 --> 00:57:41,040

found in africa

1562

00:57:44,069 --> 00:57:43,280

parts of europe and pretty much all over

1563

00:57:46,470 --> 00:57:44,079

asia

1564

00:57:48,870 --> 00:57:46,480

possibly even in australia and possibly

1565

00:57:50,950 --> 00:57:48,880

even in mexico

1566

00:57:53,430 --> 00:57:50,960

and we also know that homo erectus was

1567

00:57:55,750 --> 00:57:53,440

around for a really long time

1568

00:57:58,309 --> 00:57:55,760

i think the oldest fossils date back

1569

00:58:01,589 --> 00:57:58,319

about 1.8 million years ago

1570

00:58:04,390 --> 00:58:01,599

and uh potentially as recently as

1571

00:58:04,789 --> 00:58:04,400

you know forty fifty thousand years ago

1572

00:58:08,950 --> 00:58:04,799

uh

1573

00:58:11,430 --> 00:58:08,960

hobbit

1574

00:58:13,510 --> 00:58:11,440

which many people are now saying is not

1575

00:58:15,430 --> 00:58:13,520

not a homo erectus offshoot

1576
00:58:16,870 --> 00:58:15,440
you know maybe as recently as 18 000

1577
00:58:19,270 --> 00:58:16,880
years ago so we have

1578
00:58:20,950 --> 00:58:19,280
the most successful hominid the most

1579
00:58:24,789 --> 00:58:20,960
widespread hominid

1580
00:58:26,470 --> 00:58:24,799
um and furthermore sasquatch

1581
00:58:27,990 --> 00:58:26,480
many people that have had encounters

1582
00:58:30,870 --> 00:58:28,000
with sasquatch

1583
00:58:32,710 --> 00:58:30,880
um describe it as very human looking in

1584
00:58:36,630 --> 00:58:32,720
the face

1585
00:58:37,910 --> 00:58:36,640
it seems to be extremely intelligent

1586
00:58:39,750 --> 00:58:37,920
or i should say they seem to be

1587
00:58:41,670 --> 00:58:39,760
extremely intelligent because they're so

1588
00:58:45,670 --> 00:58:41,680

good at avoiding us and not being

1589

00:58:48,309 --> 00:58:45,680

found now the arguments against homo

1590

00:58:51,190 --> 00:58:48,319

erectus are that

1591

00:58:53,109 --> 00:58:51,200

homo erectus uh at least later versions

1592

00:58:54,549 --> 00:58:53,119

of homo erectus uh appeared to be

1593

00:58:57,670 --> 00:58:54,559

manipulating fire

1594

00:59:00,309 --> 00:58:57,680

and also tools very crude tools

1595

00:59:01,030 --> 00:59:00,319

and of course no no no real strong

1596

00:59:03,670 --> 00:59:01,040

evidence

1597

00:59:05,510 --> 00:59:03,680

of sasquatch using either fire or tools

1598

00:59:07,349 --> 00:59:05,520

has surfaced

1599

00:59:09,430 --> 00:59:07,359

but in the book and the wood knocks book

1600

00:59:11,990 --> 00:59:09,440

i explain this

1601
00:59:13,670 --> 00:59:12,000
by stating that you know the use of fire

1602
00:59:16,390 --> 00:59:13,680
would be a disadvantage

1603
00:59:17,990 --> 00:59:16,400
for homo erectus with the emergence of

1604
00:59:19,990 --> 00:59:18,000
of us homo sapiens because

1605
00:59:21,589 --> 00:59:20,000
it would be much easier to track them

1606
00:59:23,349 --> 00:59:21,599
down and kill them wouldn't it

1607
00:59:24,950 --> 00:59:23,359
if they were setting out fires in the

1608
00:59:27,990 --> 00:59:24,960
woods all the time sure

1609
00:59:28,309 --> 00:59:28,000
um yeah and yeah and also the other

1610
00:59:31,349 --> 00:59:28,319
thing

1611
00:59:33,670 --> 00:59:31,359
is that um uh you know imagine if

1612
00:59:35,349 --> 00:59:33,680
uh certain relic populations of homo

1613
00:59:36,309 --> 00:59:35,359

erectus had retreated deep into the

1614

00:59:37,990 --> 00:59:36,319

wilderness

1615

00:59:39,510 --> 00:59:38,000

they may have actually regressed

1616

00:59:42,069 --> 00:59:39,520

culturally uh

1617

00:59:43,750 --> 00:59:42,079

in in in a way to adapt to their

1618

00:59:46,789 --> 00:59:43,760

surroundings which is of course

1619

00:59:48,390 --> 00:59:46,799

you know more of a wilderness type

1620

00:59:50,549 --> 00:59:48,400

environment

1621

00:59:52,789 --> 00:59:50,559

and the last thing to consider is that

1622

00:59:55,829 --> 00:59:52,799

there is evidence that

1623

00:59:58,789 --> 00:59:55,839

all of the animals

1624

01:00:00,309 --> 00:59:58,799

all the mammals i should say during the

1625

01:00:01,589 --> 01:00:00,319

ice age went through a period of

1626

01:00:03,430 --> 01:00:01,599

gigantism

1627

01:00:04,950 --> 01:00:03,440

and we need to look no further than the

1628

01:00:08,470 --> 01:00:04,960

woolly mammoth

1629

01:00:08,950 --> 01:00:08,480

um the the giant cave bears the dire

1630

01:00:11,270 --> 01:00:08,960

wolf

1631

01:00:13,510 --> 01:00:11,280

giant beavers there are many giant

1632

01:00:17,030 --> 01:00:13,520

sloths there are many many examples of

1633

01:00:19,030 --> 01:00:17,040

of animals that are still around today

1634

01:00:20,630 --> 01:00:19,040

sort of you know in relation i should

1635

01:00:23,829 --> 01:00:20,640

say that were much

1636

01:00:25,829 --> 01:00:23,839

larger and also much hairier

1637

01:00:27,190 --> 01:00:25,839

during the ice age because the you know

1638

01:00:29,030 --> 01:00:27,200

the climate of the world the

1639

01:00:30,069 --> 01:00:29,040

temperatures dropped you had the glacial

1640

01:00:33,109 --> 01:00:30,079

movement uh

1641

01:00:35,030 --> 01:00:33,119

glaciation and so forth so why not homo

1642

01:00:36,230 --> 01:00:35,040

erectus why not why didn't homo erectus

1643

01:00:38,309 --> 01:00:36,240

perhaps

1644

01:00:39,990 --> 01:00:38,319

have an offshoot that became very large

1645

01:00:42,069 --> 01:00:40,000

and robust

1646

01:00:43,910 --> 01:00:42,079

bergman's rule states that animals with

1647

01:00:46,230 --> 01:00:43,920

a larger body mass are going to fare

1648

01:00:49,030 --> 01:00:46,240

much better in a cold environment

1649

01:00:50,150 --> 01:00:49,040

uh and obviously grow longer body

1650

01:00:52,390 --> 01:00:50,160

hair

1651
01:00:53,190 --> 01:00:52,400
so you know it's just pure speculation

1652
01:00:55,430 --> 01:00:53,200
on my part

1653
01:00:56,630 --> 01:00:55,440
but uh you know just something that i

1654
01:00:58,390 --> 01:00:56,640
want you know

1655
01:01:00,549 --> 01:00:58,400
just just kind of wanted to throw into

1656
01:01:04,230 --> 01:01:00,559
the hat because um

1657
01:01:06,230 --> 01:01:04,240
uh you know homo erectus in my mind at

1658
01:01:07,430 --> 01:01:06,240
least is kind of a compelling candidate

1659
01:01:10,549 --> 01:01:07,440
to explain

1660
01:01:12,150 --> 01:01:10,559
uh our modern uh relic hominid reports

1661
01:01:14,069 --> 01:01:12,160
i just took like a half page of notes

1662
01:01:15,589 --> 01:01:14,079
here uh

1663
01:01:17,190 --> 01:01:15,599

listening like kind of blew my mind like

1664

01:01:20,069 --> 01:01:17,200

i've not thought about that

1665

01:01:21,589 --> 01:01:20,079

a kind of a regression or a de-evolution

1666

01:01:22,230 --> 01:01:21,599

i think we're always fascinated by the

1667

01:01:24,069 --> 01:01:22,240

next step

1668

01:01:25,430 --> 01:01:24,079

and what could happen with an evolution

1669

01:01:27,910 --> 01:01:25,440

but why not

1670

01:01:28,870 --> 01:01:27,920

think about that's that's amazing stuff

1671

01:01:32,630 --> 01:01:28,880

it's good it's

1672

01:01:34,710 --> 01:01:32,640

good theory i mean when i read it uh

1673

01:01:36,549 --> 01:01:34,720

and i wanted to ask i'm going to talk to

1674

01:01:39,910 --> 01:01:36,559

you about it i

1675

01:01:40,390 --> 01:01:39,920

i mean it sounds it sound to me i mean

1676

01:01:44,309 --> 01:01:40,400

you know

1677

01:01:49,510 --> 01:01:44,319

your theory and uh yeah i mean that

1678

01:01:53,430 --> 01:01:51,829

anything is possible and i unfortunately

1679

01:01:56,390 --> 01:01:53,440

at this stage until until we have

1680

01:01:58,710 --> 01:01:56,400

physical evidence it is all speculation

1681

01:02:00,630 --> 01:01:58,720

but uh that sometimes that's the funnest

1682

01:02:04,069 --> 01:02:00,640

part

1683

01:02:07,910 --> 01:02:06,069

do you i got one question for you and i

1684

01:02:09,430 --> 01:02:07,920

don't know if you you would answer this

1685

01:02:12,549 --> 01:02:09,440

or not but

1686

01:02:16,630 --> 01:02:12,559

do you believe in a possibility that

1687

01:02:20,150 --> 01:02:16,640

there may be a ufo or non-terrestrial

1688

01:02:23,270 --> 01:02:20,160

connection with cryptids

1689

01:02:25,510 --> 01:02:23,280

um i'm i'm open i'm open to the apostles

1690

01:02:26,549 --> 01:02:25,520

i'm open really to any possibility and i

1691

01:02:29,430 --> 01:02:26,559

think that's a

1692

01:02:31,670 --> 01:02:29,440

key a key component to being a a purely

1693

01:02:35,029 --> 01:02:31,680

objective investigator particularly when

1694

01:02:37,029 --> 01:02:35,039

you're dealing with extraordinary claims

1695

01:02:38,470 --> 01:02:37,039

is that you you have to certainly you

1696

01:02:41,750 --> 01:02:38,480

have to be open-minded

1697

01:02:44,150 --> 01:02:41,760

um you you know critical

1698

01:02:46,150 --> 01:02:44,160

uh critically thinking skeptical but

1699

01:02:48,309 --> 01:02:46,160

also open-minded because

1700

01:02:50,309 --> 01:02:48,319

we've been proven wrong so many times

1701

01:02:52,309 --> 01:02:50,319

before i mean how many times do

1702

01:02:53,510 --> 01:02:52,319

scientists have to basically go back and

1703

01:02:55,349 --> 01:02:53,520

rewrite

1704

01:02:57,190 --> 01:02:55,359

different theories and so forth as new

1705

01:03:00,150 --> 01:02:57,200

discoveries are being made

1706

01:03:02,230 --> 01:03:00,160

um you were asking me earlier about if

1707

01:03:05,910 --> 01:03:02,240

i'd ever seen a cryptid um

1708

01:03:07,190 --> 01:03:05,920

i did see i did see him i'm laughing

1709

01:03:07,670 --> 01:03:07,200

because this is one of those things that

1710

01:03:09,270 --> 01:03:07,680

might be

1711

01:03:10,549 --> 01:03:09,280

you know get me into trouble with with

1712

01:03:12,150 --> 01:03:10,559

certain researchers that are always

1713

01:03:13,190 --> 01:03:12,160

giving me a hard time anyways about my

1714

01:03:16,789 --> 01:03:13,200

stance but

1715

01:03:18,069 --> 01:03:16,799

um i i did actually have a ufo sighting

1716

01:03:19,270 --> 01:03:18,079

one time

1717

01:03:21,029 --> 01:03:19,280

and i'm not saying it was

1718

01:03:21,349 --> 01:03:21,039

extraterrestrial because i don't know

1719

01:03:25,829 --> 01:03:21,359

that

1720

01:03:28,549 --> 01:03:25,839

identify

1721

01:03:30,150 --> 01:03:28,559

and the story behind this there's

1722

01:03:30,630 --> 01:03:30,160

actually a bigfoot connection here

1723

01:03:32,470 --> 01:03:30,640

because

1724

01:03:34,309 --> 01:03:32,480

the sighting took place at a place

1725

01:03:36,630 --> 01:03:34,319

called charles mill lake

1726
01:03:37,349 --> 01:03:36,640
just outside of mansfield ohio oh yeah

1727
01:03:39,190 --> 01:03:37,359
yeah

1728
01:03:41,109 --> 01:03:39,200
familiar with that i was there i was

1729
01:03:41,829 --> 01:03:41,119
there investigating bigfoot reports

1730
01:03:43,829 --> 01:03:41,839
years ago

1731
01:03:45,670 --> 01:03:43,839
something known as big head that's kind

1732
01:03:47,510 --> 01:03:45,680
of the local name for this bigfoot

1733
01:03:48,710 --> 01:03:47,520
creature that's been seen around charles

1734
01:03:50,870 --> 01:03:48,720
mill lake

1735
01:03:52,470 --> 01:03:50,880
and uh another researcher and i were out

1736
01:03:54,150 --> 01:03:52,480
at the lake camped out one night

1737
01:03:55,910 --> 01:03:54,160
and we were out there with all our

1738
01:03:57,270 --> 01:03:55,920

cameras and night vision goggles and

1739

01:03:58,950 --> 01:03:57,280

different things

1740

01:04:01,029 --> 01:03:58,960

and at one point during the course of

1741

01:04:02,710 --> 01:04:01,039

the night and through the course of the

1742

01:04:04,309 --> 01:04:02,720

night we had heard and seen many

1743

01:04:06,470 --> 01:04:04,319

airplanes passing overhead

1744

01:04:08,309 --> 01:04:06,480

of course you can always recognize an

1745

01:04:09,190 --> 01:04:08,319

airplane it's got the flashing lights on

1746

01:04:10,870 --> 01:04:09,200

the wings and

1747

01:04:12,230 --> 01:04:10,880

you can hear the engine noise and so

1748

01:04:14,549 --> 01:04:12,240

forth

1749

01:04:16,470 --> 01:04:14,559

but at one point after all these

1750

01:04:19,670 --> 01:04:16,480

airplanes had crossed overhead

1751

01:04:21,349 --> 01:04:19,680

a giant black triangular object with

1752

01:04:23,029 --> 01:04:21,359

flashing lights around

1753

01:04:25,029 --> 01:04:23,039

three corners you could clearly see

1754

01:04:26,789 --> 01:04:25,039

there it was like a triangle shape with

1755

01:04:28,069 --> 01:04:26,799

multi-colored flashing lights on the

1756

01:04:30,710 --> 01:04:28,079

three points

1757

01:04:32,150 --> 01:04:30,720

began to pass over our heads and it was

1758

01:04:34,710 --> 01:04:32,160

completely silent

1759

01:04:35,510 --> 01:04:34,720

didn't make a sound and the thing looked

1760

01:04:37,349 --> 01:04:35,520

enormous

1761

01:04:38,549 --> 01:04:37,359

and of course i could i didn't have the

1762

01:04:40,870 --> 01:04:38,559

right photographic

1763

01:04:42,630 --> 01:04:40,880

equipment to get any kind of decent shot

1764

01:04:45,510 --> 01:04:42,640

i tried in vain

1765

01:04:46,870 --> 01:04:45,520

um but there was you know for all i know

1766

01:04:49,430 --> 01:04:46,880

it could have very well been

1767

01:04:51,109 --> 01:04:49,440

some kind of experimental military craft

1768

01:04:53,750 --> 01:04:51,119

i found out later that that there is

1769

01:04:55,589 --> 01:04:53,760

there are air force bases in that area

1770

01:04:57,829 --> 01:04:55,599

i also found out later that there's a

1771

01:05:00,069 --> 01:04:57,839

very famous ufo encounter that happened

1772

01:05:00,950 --> 01:05:00,079

over mansfield ohio where a helicopter

1773

01:05:03,109 --> 01:05:00,960

pilot

1774

01:05:04,549 --> 01:05:03,119

claims he was caught in the tractor beam

1775

01:05:06,950 --> 01:05:04,559

of a ufo

1776

01:05:08,950 --> 01:05:06,960

and i've never heard that story before

1777

01:05:10,549 --> 01:05:08,960

but um you know

1778

01:05:12,150 --> 01:05:10,559

that was very interesting to me that i

1779

01:05:12,870 --> 01:05:12,160

was out there looking for bigfoot and i

1780

01:05:15,349 --> 01:05:12,880

had this

1781

01:05:17,270 --> 01:05:15,359

sighting of this ufo for lack of a

1782

01:05:18,549 --> 01:05:17,280

better word so that is that is my own

1783

01:05:22,470 --> 01:05:18,559

personal

1784

01:05:25,750 --> 01:05:22,480

uh ufo bigfoot connection although it's

1785

01:05:28,710 --> 01:05:25,760

very tumultuous at best

1786

01:05:30,710 --> 01:05:28,720

now in terms of bigfoot sightings and

1787

01:05:33,990 --> 01:05:30,720

ufos of course i

1788

01:05:36,549 --> 01:05:34,000

greatly respect and revere stan gordon

1789

01:05:37,589 --> 01:05:36,559

he's a fantastic researcher who's been

1790

01:05:40,309 --> 01:05:37,599

doing it for

1791

01:05:41,910 --> 01:05:40,319

half a century and i've had you know

1792

01:05:43,510 --> 01:05:41,920

i've read his books and i've had many

1793

01:05:45,829 --> 01:05:43,520

discussions with stan and he has

1794

01:05:48,390 --> 01:05:45,839

produced the most compelling evidence

1795

01:05:50,470 --> 01:05:48,400

that they're at least in pennsylvania in

1796

01:05:51,910 --> 01:05:50,480

the early 70s there were a heck of a lot

1797

01:05:55,430 --> 01:05:51,920

of bigfoot sightings

1798

01:05:57,190 --> 01:05:55,440

that seem to be uh lined up with

1799

01:05:58,950 --> 01:05:57,200

a number of ufo sightings and other

1800

01:06:00,470 --> 01:05:58,960

weird occurrences so that's the most

1801
01:06:01,430 --> 01:06:00,480
probably the most compelling body of

1802
01:06:03,270 --> 01:06:01,440
evidence there

1803
01:06:04,549 --> 01:06:03,280
oh yes but what i always tell what i

1804
01:06:06,230 --> 01:06:04,559
always tell people though is that when

1805
01:06:09,510 --> 01:06:06,240
you look at

1806
01:06:11,750 --> 01:06:09,520
the thousands of bigfoot sasquatch type

1807
01:06:15,589 --> 01:06:11,760
sightings that are now on record

1808
01:06:18,789 --> 01:06:15,599
across north america um

1809
01:06:20,950 --> 01:06:18,799
the percentage of them that seems to

1810
01:06:22,470 --> 01:06:20,960
link them in any which way with any type

1811
01:06:25,910 --> 01:06:22,480
of paranormal

1812
01:06:27,990 --> 01:06:25,920
or ufo type activity is probably

1813
01:06:29,430 --> 01:06:28,000

less than one percent i i don't even

1814

01:06:30,870 --> 01:06:29,440

know if it's that much

1815

01:06:32,710 --> 01:06:30,880

the vast majority of sightings of

1816

01:06:34,390 --> 01:06:32,720

bigfoot or sasquatch or people

1817

01:06:35,910 --> 01:06:34,400

are driving on a remote mountain road

1818

01:06:37,029 --> 01:06:35,920

and something big in here he runs across

1819

01:06:38,789 --> 01:06:37,039

the road

1820

01:06:40,390 --> 01:06:38,799

or someone's out camping and they see

1821

01:06:41,829 --> 01:06:40,400

something peeking at them from behind a

1822

01:06:43,750 --> 01:06:41,839

tree

1823

01:06:45,750 --> 01:06:43,760

all these types of behaviors would be

1824

01:06:46,870 --> 01:06:45,760

completely normal and natural for a

1825

01:06:49,910 --> 01:06:46,880

giant

1826
01:06:51,190 --> 01:06:49,920
primate hominid whatever animal that's

1827
01:06:52,789 --> 01:06:51,200
running around in the woods

1828
01:06:54,470 --> 01:06:52,799
there's you know there's really nothing

1829
01:06:56,710 --> 01:06:54,480
that uh

1830
01:06:58,950 --> 01:06:56,720
unexplainable about that if you accept

1831
01:07:00,230 --> 01:06:58,960
the possibility that these animals or

1832
01:07:02,150 --> 01:07:00,240
these creatures are

1833
01:07:03,510 --> 01:07:02,160
undiscovered primates or animals or

1834
01:07:04,470 --> 01:07:03,520
hominids or whatever you want to call

1835
01:07:06,549 --> 01:07:04,480
them

1836
01:07:07,990 --> 01:07:06,559
so that that's my view it's a bit it's a

1837
01:07:09,430 --> 01:07:08,000
big picture of you

1838
01:07:11,670 --> 01:07:09,440

you know you have to look at the

1839

01:07:14,069 --> 01:07:11,680
evidence and in my own opinion

1840

01:07:16,069 --> 01:07:14,079
the evidence that they are

1841

01:07:17,109 --> 01:07:16,079
extraterrestrial in origin or

1842

01:07:19,349 --> 01:07:17,119
supernatural

1843

01:07:20,630 --> 01:07:19,359
or interdimensional you know anything

1844

01:07:22,630 --> 01:07:20,640
like that it's just

1845

01:07:24,230 --> 01:07:22,640
the evidence is not there for me

1846

01:07:24,950 --> 01:07:24,240
personally yet but that doesn't mean

1847

01:07:28,230 --> 01:07:24,960
that i'm not

1848

01:07:30,789 --> 01:07:28,240
open-minded to the possibility that at

1849

01:07:34,470 --> 01:07:30,799
least some cases some sightings

1850

01:07:37,430 --> 01:07:34,480
uh could have sort of supernatural or

1851
01:07:40,230 --> 01:07:37,440
uh extraterrestrial connections at least

1852
01:07:42,950 --> 01:07:40,240
a very small percentage of those

1853
01:07:45,029 --> 01:07:42,960
well you know all the reports i've

1854
01:07:47,589 --> 01:07:45,039
gotten over the years

1855
01:07:50,069 --> 01:07:47,599
i mean i don't mean for anything but i

1856
01:07:53,270 --> 01:07:50,079
did get one report

1857
01:07:57,349 --> 01:07:53,280
where there was a connection and in fact

1858
01:08:00,390 --> 01:07:57,359
the gentleman who saw this thing

1859
01:08:03,910 --> 01:08:00,400
actually saw the bigfoot disembark from

1860
01:08:07,670 --> 01:08:03,920
a craft wow yeah

1861
01:08:11,430 --> 01:08:07,680
this this was in nova scotia back in

1862
01:08:14,630 --> 01:08:11,440
uh about 2012.

1863
01:08:17,229 --> 01:08:14,640

and uh i was already

1864

01:08:19,349 --> 01:08:17,239

interested in some of the possible

1865

01:08:23,269 --> 01:08:19,359

habituations

1866

01:08:27,189 --> 01:08:23,279

uh that was going on there with bigfoot

1867

01:08:30,390 --> 01:08:27,199

but he had been seeing a lot of these

1868

01:08:33,829 --> 01:08:30,400

large glass-like orbs

1869

01:08:35,829 --> 01:08:33,839

i mean they were huge but these craft

1870

01:08:37,349 --> 01:08:35,839

were kind of like looked like they were

1871

01:08:40,550 --> 01:08:37,359

made of glass

1872

01:08:43,749 --> 01:08:40,560

well anyway there's a large field across

1873

01:08:46,309 --> 01:08:43,759

the road from his house he's a farmer

1874

01:08:48,149 --> 01:08:46,319

and he actually saw one of these orbs

1875

01:08:51,269 --> 01:08:48,159

come down

1876

01:08:54,070 --> 01:08:51,279

and two creatures disembarked one was

1877

01:08:54,390 --> 01:08:54,080

looked like a sasquatch and the other

1878

01:08:58,070 --> 01:08:54,400

one

1879

01:09:00,630 --> 01:08:58,080

left the print that looked like a huge

1880

01:09:05,269 --> 01:09:00,640

turkey foot and it was wide it was like

1881

01:09:09,189 --> 01:09:07,749

i don't know what the hell he saw but he

1882

01:09:12,870 --> 01:09:09,199

saw something

1883

01:09:14,789 --> 01:09:12,880

and uh you know

1884

01:09:17,030 --> 01:09:14,799

that's you on the report over all the

1885

01:09:21,189 --> 01:09:17,040

years that i've ever received

1886

01:09:23,990 --> 01:09:21,199

that you know correlates with the ufo

1887

01:09:25,749 --> 01:09:24,000

actually correlates with ufo now of

1888

01:09:28,630 --> 01:09:25,759

course i've heard

1889

01:09:31,110 --> 01:09:28,640

i've heard bigfoot reports and maybe a

1890

01:09:33,990 --> 01:09:31,120

half hour later somebody saw a ufo

1891

01:09:34,470 --> 01:09:34,000

but you know i don't really you know i

1892

01:09:36,630 --> 01:09:34,480

really don't

1893

01:09:38,630 --> 01:09:36,640

count that i mean i think i'd count

1894

01:09:41,829 --> 01:09:38,640

yours more so than i would that

1895

01:09:44,229 --> 01:09:41,839

but uh but that's the only one

1896

01:09:46,789 --> 01:09:44,239

so yeah they're few and far between but

1897

01:09:48,789 --> 01:09:46,799

i i agree with stan you know there was a

1898

01:09:51,189 --> 01:09:48,799

lot of flap that was a nice flap that

1899

01:09:54,470 --> 01:09:51,199

was going on in the early 70s up

1900

01:09:57,669 --> 01:09:54,480

here in pa and uh the

1901

01:09:58,229 --> 01:09:57,679

people were seeing these things yeah

1902

01:10:00,229 --> 01:09:58,239

have you

1903

01:10:01,750 --> 01:10:00,239

ever heard the story this is actually my

1904

01:10:02,470 --> 01:10:01,760

favorite one stan's got a couple of good

1905

01:10:05,350 --> 01:10:02,480

ones

1906

01:10:06,149 --> 01:10:05,360

that he's uh documented but there's a

1907

01:10:09,110 --> 01:10:06,159

story

1908

01:10:11,189 --> 01:10:09,120

of the guy that saw the bigfoot piloting

1909

01:10:13,669 --> 01:10:11,199

the ufo in frederick wisconsin have you

1910

01:10:16,630 --> 01:10:13,679

ever heard that story

1911

01:10:17,830 --> 01:10:16,640

you know i never heard that one yeah i

1912

01:10:19,270 --> 01:10:17,840

don't remember i wish i had the

1913

01:10:20,310 --> 01:10:19,280

specifics in front of me and i don't

1914

01:10:23,590 --> 01:10:20,320

remember if i read it

1915

01:10:24,630 --> 01:10:23,600

uh one of those 40 in books from the 70s

1916

01:10:26,229 --> 01:10:24,640

or 80s but

1917

01:10:27,910 --> 01:10:26,239

essentially the story is that a guy in

1918

01:10:30,950 --> 01:10:27,920

frederick wisconsin

1919

01:10:32,950 --> 01:10:30,960

was driving up a highway or

1920

01:10:34,229 --> 01:10:32,960

you know maybe a an isolated road

1921

01:10:35,750 --> 01:10:34,239

because i guess he was alone and there

1922

01:10:38,630 --> 01:10:35,760

was a a flying disc

1923

01:10:39,189 --> 01:10:38,640

hovering right above the road and as he

1924

01:10:41,990 --> 01:10:39,199

pulled up

1925

01:10:43,590 --> 01:10:42,000

and of course he was in shock the craft

1926

01:10:43,990 --> 01:10:43,600

tilted enough to where he could see

1927

01:10:45,990 --> 01:10:44,000

through the

1928

01:10:47,270 --> 01:10:46,000

window and he said that basically there

1929

01:10:50,070 --> 01:10:47,280

was a sawsquatch

1930

01:10:52,390 --> 01:10:50,080

sitting behind the controls and piloting

1931

01:10:54,229 --> 01:10:52,400

these this uh flying disc so that that

1932

01:10:56,149 --> 01:10:54,239

to me is one of the most fun stories i

1933

01:10:59,110 --> 01:10:56,159

don't know much

1934

01:11:00,229 --> 01:10:59,120

but i'm familiar with that would be yeah

1935

01:11:01,669 --> 01:11:00,239

look that one up

1936

01:11:03,350 --> 01:11:01,679

because that would definitely be the

1937

01:11:04,870 --> 01:11:03,360

clincher right i mean it's one thing to

1938

01:11:05,590 --> 01:11:04,880

say okay they're coming out of a flying

1939

01:11:07,669 --> 01:11:05,600

saucer

1940

01:11:09,830 --> 01:11:07,679

they're saying but it's flying it's

1941

01:11:10,149 --> 01:11:09,840

actually piloting the flying saucer okay

1942

01:11:13,189 --> 01:11:10,159

now

1943

01:11:15,030 --> 01:11:13,199

there

1944

01:11:16,950 --> 01:11:15,040

well we have stan coming on a couple

1945

01:11:19,510 --> 01:11:16,960

weeks so remember

1946

01:11:20,390 --> 01:11:19,520

uh remember sean we gotta say something

1947

01:11:23,750 --> 01:11:20,400

to him about this

1948

01:11:24,550 --> 01:11:23,760

you know i've known stan for all over 10

1949

01:11:27,430 --> 01:11:24,560

years now

1950

01:11:28,950 --> 01:11:27,440

and i just love spending time with him

1951

01:11:30,310 --> 01:11:28,960

and hearing some of these stories that

1952

01:11:31,110 --> 01:11:30,320

he has there's always seems to be a new

1953

01:11:33,110 --> 01:11:31,120

story

1954

01:11:34,870 --> 01:11:33,120

that he can recant to me from from that

1955

01:11:36,709 --> 01:11:34,880

time and i think

1956

01:11:38,149 --> 01:11:36,719

uh you know just because small town

1957

01:11:39,270 --> 01:11:38,159

monsters is doing their kickstarter

1958

01:11:41,590 --> 01:11:39,280

tomorrow

1959

01:11:44,149 --> 01:11:41,600

their next movie after mothman is

1960

01:11:45,750 --> 01:11:44,159

invasion of the chestnut ridge

1961

01:11:47,990 --> 01:11:45,760

yeah they're gonna be with stan yeah

1962

01:11:49,189 --> 01:11:48,000

yeah yeah awesome that'll be very

1963

01:11:50,870 --> 01:11:49,199

interesting

1964

01:11:53,030 --> 01:11:50,880

yeah yep of course i'm a pennsylvania

1965

01:11:55,430 --> 01:11:53,040

boy so all this stuff is

1966

01:11:57,189 --> 01:11:55,440

stories i grew up around hearing and

1967

01:11:57,750 --> 01:11:57,199

sparked my interest in this strange

1968

01:12:01,590 --> 01:11:57,760

crazy

1969

01:12:04,229 --> 01:12:01,600

wacky state we live in uh that never

1970

01:12:05,510 --> 01:12:04,239

you know we we've all heard all of us

1971

01:12:07,510 --> 01:12:05,520

that live here

1972

01:12:09,270 --> 01:12:07,520

and that camped and did stuff around the

1973

01:12:11,430 --> 01:12:09,280

state hunt and fish

1974

01:12:13,750 --> 01:12:11,440

we've all run into something weird i

1975

01:12:16,790 --> 01:12:13,760

mean i don't care who we are

1976

01:12:19,590 --> 01:12:16,800

something somebody's seen or

1977

01:12:20,310 --> 01:12:19,600

experienced something this is the way

1978

01:12:23,510 --> 01:12:20,320

this state

1979

01:12:24,550 --> 01:12:23,520

is you know my grandfather uh passed

1980

01:12:26,870 --> 01:12:24,560

away last year

1981

01:12:28,630 --> 01:12:26,880

and he was always thought this was kind

1982

01:12:29,030 --> 01:12:28,640

of silly for me to be spending so much

1983

01:12:31,510 --> 01:12:29,040

time

1984

01:12:32,229 --> 01:12:31,520

yeah you know yadda yadda uh going into

1985

01:12:34,229 --> 01:12:32,239

all this but

1986

01:12:36,070 --> 01:12:34,239

last year a couple years ago he and i

1987

01:12:37,350 --> 01:12:36,080

took a trip together to ohio to visit

1988

01:12:40,550 --> 01:12:37,360

some family

1989

01:12:42,270 --> 01:12:40,560

and i finally got him to admit to seeing

1990

01:12:44,229 --> 01:12:42,280

something strange

1991

01:12:46,470 --> 01:12:44,239

[Laughter]

1992

01:12:48,149 --> 01:12:46,480

after you know 30 years of being on this

1993

01:12:49,590 --> 01:12:48,159

planet together i finally got him to

1994

01:12:50,070 --> 01:12:49,600

admit to seeing something he couldn't

1995

01:12:52,950 --> 01:12:50,080

explain

1996

01:12:54,070 --> 01:12:52,960

he was out fishing and he uh was getting

1997

01:12:55,590 --> 01:12:54,080

ready to call tonight

1998

01:12:58,149 --> 01:12:55,600

and pack his stuff up and he was heading

1999

01:13:00,870 --> 01:12:58,159

back to his truck and he saw something

2000

01:13:02,790 --> 01:13:00,880

run across the trail in front of him in

2001

01:13:05,189 --> 01:13:02,800

his lantern light

2002

01:13:06,709 --> 01:13:05,199

and he never really paid it much thought

2003

01:13:08,790 --> 01:13:06,719

but the more he listened to me over the

2004

01:13:11,910 --> 01:13:08,800

years the more he wondered himself

2005

01:13:14,149 --> 01:13:11,920

did he run into something strange

2006

01:13:16,870 --> 01:13:14,159

he never admitted it but i got him to

2007

01:13:19,590 --> 01:13:16,880

admit that much

2008

01:13:20,870 --> 01:13:19,600

well that's just that's something yeah

2009

01:13:22,390 --> 01:13:20,880

more than i ever thought i'd get out of

2010

01:13:23,590 --> 01:13:22,400

him you know he's an outdoorsman for

2011

01:13:25,830 --> 01:13:23,600

life so

2012

01:13:27,590 --> 01:13:25,840

i don't know there's always that strange

2013

01:13:31,270 --> 01:13:27,600

pa

2014

01:13:33,990 --> 01:13:31,280

you know um i'm ken i know you're

2015

01:13:34,870 --> 01:13:34,000

i'm quite sure you're aware of psychic

2016

01:13:37,189 --> 01:13:34,880

attacks or

2017

01:13:38,550 --> 01:13:37,199

backlash and uh you know i've had

2018

01:13:42,310 --> 01:13:38,560

negative experience

2019

01:13:45,030 --> 01:13:42,320

in spirit entity investigations myself

2020

01:13:46,870 --> 01:13:45,040

but have you ever encountered anything

2021

01:13:47,910 --> 01:13:46,880

similar to this in any type of crypto

2022

01:13:50,470 --> 01:13:47,920

investigation

2023

01:13:54,149 --> 01:13:50,480

or you heard of other cryptozoologists

2024

01:13:59,189 --> 01:13:57,189

um yeah that's a good question um i i

2025

01:14:01,510 --> 01:13:59,199

was honestly i was reluctant

2026

01:14:03,990 --> 01:14:01,520

when i began writing the book about the

2027

01:14:06,149 --> 01:14:04,000

flying humanoids and mothman

2028

01:14:07,030 --> 01:14:06,159

of course because of course i was i was

2029

01:14:10,390 --> 01:14:07,040

familiar with

2030

01:14:14,950 --> 01:14:10,400

uh lauren coleman's uh uh

2031

01:14:18,149 --> 01:14:16,709

some investigators who claim that they

2032

01:14:19,669 --> 01:14:18,159

had been harassed by men in black

2033

01:14:22,950 --> 01:14:19,679

including of course john keel

2034

01:14:24,709 --> 01:14:22,960

and and others and and um my friend john

2035

01:14:26,790 --> 01:14:24,719

and colleague john downes wrote a book

2036

01:14:29,990 --> 01:14:26,800

called the owl man and

2037

01:14:31,270 --> 01:14:30,000

he had a lot of psychic backlash uh when

2038

01:14:32,630 --> 01:14:31,280

he was writing that book so i was kind

2039

01:14:34,630 --> 01:14:32,640

of i was kind of reluctant because i

2040

01:14:37,910 --> 01:14:34,640

didn't know what would happen but uh

2041

01:14:39,350 --> 01:14:37,920

um knock on wood no and the only thing

2042

01:14:42,950 --> 01:14:39,360

that really happened

2043

01:14:44,630 --> 01:14:42,960

uh was about a week before i was headed

2044

01:14:46,470 --> 01:14:44,640

up to point pleasant for the first time

2045

01:14:49,189 --> 01:14:46,480

this was back in 2009

2046

01:14:51,350 --> 01:14:49,199

to do some research and uh and to also

2047

01:14:55,830 --> 01:14:51,360

appear on a television show

2048

01:14:57,030 --> 01:14:55,840

called weird or what i was basically uh

2049

01:15:00,470 --> 01:14:57,040

visiting a friend

2050

01:15:01,430 --> 01:15:00,480

um at uh at her workplace and she works

2051
01:15:03,510 --> 01:15:01,440
in a warehouse

2052
01:15:05,830 --> 01:15:03,520
and she live you know she you know those

2053
01:15:07,030 --> 01:15:05,840
the little office spaces within a large

2054
01:15:09,830 --> 01:15:07,040
warehouse

2055
01:15:12,229 --> 01:15:09,840
and they have a thick door with a little

2056
01:15:15,669 --> 01:15:12,239
fairly small pane of glass

2057
01:15:19,189 --> 01:15:15,679
and as i was walking up to her

2058
01:15:23,110 --> 01:15:19,199
office the glass shattered and blew out

2059
01:15:25,189 --> 01:15:23,120
exactly right and there was no

2060
01:15:26,790 --> 01:15:25,199
no logical reason for that there was

2061
01:15:29,830 --> 01:15:26,800
nothing nothing moved

2062
01:15:30,310 --> 01:15:29,840
there was no sound or you know sonic

2063
01:15:32,950 --> 01:15:30,320

boom

2064

01:15:33,750 --> 01:15:32,960

or construction or anything it just kind

2065

01:15:36,870 --> 01:15:33,760

of

2066

01:15:38,870 --> 01:15:36,880

shattered and actually the

2067

01:15:40,630 --> 01:15:38,880

there was enough glass that was left in

2068

01:15:43,750 --> 01:15:40,640

the pain that actually looked like

2069

01:15:47,189 --> 01:15:43,760

two giant eyes staring at me

2070

01:15:48,950 --> 01:15:47,199

and um i jokingly uh i was actually very

2071

01:15:50,709 --> 01:15:48,960

well composed when it happened and i

2072

01:15:52,550 --> 01:15:50,719

joked to her oh you know it's just the

2073

01:15:53,830 --> 01:15:52,560

moth man i'm going to visit him here in

2074

01:15:55,430 --> 01:15:53,840

about a week and

2075

01:15:58,310 --> 01:15:55,440

she was pretty freaked out and asked me

2076

01:16:01,590 --> 01:16:00,070

so i don't know i don't know if the the

2077

01:16:03,510 --> 01:16:01,600

glass shattering had to do with my

2078

01:16:05,430 --> 01:16:03,520

mothman trip or not but

2079

01:16:06,550 --> 01:16:05,440

i certainly wasn't harmed or anything

2080

01:16:09,750 --> 01:16:06,560

like that so

2081

01:16:11,030 --> 01:16:09,760

um maybe i i guess i've been very

2082

01:16:12,870 --> 01:16:11,040

fortunate or if

2083

01:16:14,390 --> 01:16:12,880

you know psychic backlash exists i've

2084

01:16:16,550 --> 01:16:14,400

been very fortunate

2085

01:16:18,070 --> 01:16:16,560

um or perhaps it's one of those mind

2086

01:16:19,910 --> 01:16:18,080

over matter things you know

2087

01:16:21,430 --> 01:16:19,920

yeah some people are that are more

2088

01:16:24,630 --> 01:16:21,440

susceptible to it

2089

01:16:26,630 --> 01:16:24,640

um you know perhaps allow it to happen

2090

01:16:28,149 --> 01:16:26,640

um well you know you mentioned lauren

2091

01:16:31,270 --> 01:16:28,159

coleman and john

2092

01:16:32,149 --> 01:16:31,280

jonathan downes and i know both of the

2093

01:16:34,790 --> 01:16:32,159

gentlemen have

2094

01:16:35,990 --> 01:16:34,800

experienced and have probably paid a

2095

01:16:41,110 --> 01:16:36,000

price

2096

01:16:43,510 --> 01:16:41,120

for what they do and uh

2097

01:16:44,550 --> 01:16:43,520

in my case i may have well i may have as

2098

01:16:47,350 --> 01:16:44,560

well

2099

01:16:47,990 --> 01:16:47,360

i mean you know for all that i had done

2100

01:16:50,790 --> 01:16:48,000

and you know

2101

01:16:52,229 --> 01:16:50,800

all the problems that i've had uh you

2102

01:16:53,990 --> 01:16:52,239

know i never even thought about

2103

01:16:55,270 --> 01:16:54,000

but i know about jonathan downs and the

2104

01:16:57,910 --> 01:16:55,280

owl man

2105

01:16:59,910 --> 01:16:57,920

and all the strange things that happened

2106

01:17:01,990 --> 01:16:59,920

why he was doing that

2107

01:17:05,910 --> 01:17:02,000

yeah i never thought of that before but

2108

01:17:05,920 --> 01:17:09,830

yeah i think i think you're right

2109

01:17:12,870 --> 01:17:11,590

you know the power of suggestion the

2110

01:17:16,550 --> 01:17:12,880

power of the mind

2111

01:17:16,870 --> 01:17:16,560

um and also subject matter in general i

2112

01:17:19,990 --> 01:17:16,880

mean

2113

01:17:22,390 --> 01:17:20,000

you know uh aside from the mothman

2114

01:17:24,470 --> 01:17:22,400

flying humanoid book i've i've for the

2115

01:17:25,110 --> 01:17:24,480

most part i've really concentrated on

2116

01:17:27,870 --> 01:17:25,120

pretty

2117

01:17:29,030 --> 01:17:27,880

traditional uh cryptid type

2118

01:17:31,030 --> 01:17:29,040

investigations

2119

01:17:33,350 --> 01:17:31,040

things like thunderbirds lake monsters

2120

01:17:36,709 --> 01:17:33,360

bigfoot and haven't really

2121

01:17:41,030 --> 01:17:36,719

dabbled too much in you know more of the

2122

01:17:44,070 --> 01:17:41,040

the spectral um kind of supernatural

2123

01:17:47,030 --> 01:17:44,080

type creatures i mean i think you know

2124

01:17:47,830 --> 01:17:47,040

so you know i think in in some cases uh

2125

01:17:54,470 --> 01:17:47,840

uh

2126

01:17:56,630 --> 01:17:54,480

open

2127

01:17:58,870 --> 01:17:56,640

uh you know this can of worms that can

2128

01:18:00,790 --> 01:17:58,880

of worms and so forth so

2129

01:18:02,470 --> 01:18:00,800

well you know i became more familiar

2130

01:18:04,550 --> 01:18:02,480

with you

2131

01:18:06,709 --> 01:18:04,560

with that when you're involved with the

2132

01:18:08,470 --> 01:18:06,719

flying witch's flying human noise down

2133

01:18:11,990 --> 01:18:08,480

there in mexico

2134

01:18:13,910 --> 01:18:12,000

years ago and uh that was such a strange

2135

01:18:15,189 --> 01:18:13,920

the witch the flying witch or whatever

2136

01:18:19,669 --> 01:18:15,199

that was

2137

01:18:22,790 --> 01:18:19,679

things i think i've ever

2138

01:18:26,149 --> 01:18:22,800

read or seen uh where that

2139

01:18:28,709 --> 01:18:26,159

policeman had the encounter and all that

2140

01:18:30,709 --> 01:18:28,719

you investigated that situation can you

2141

01:18:33,430 --> 01:18:30,719

kind of go over that real quickly

2142

01:18:33,830 --> 01:18:33,440

what happened there yeah yeah that's a

2143

01:18:39,350 --> 01:18:33,840

pretty

2144

01:18:41,270 --> 01:18:39,360

that got a lot of publicity in mexico

2145

01:18:44,149 --> 01:18:41,280

it was a story that was disseminated

2146

01:18:47,590 --> 01:18:44,159

across major news channels and so forth

2147

01:18:52,709 --> 01:18:47,600

so um i went down to mexico

2148

01:18:54,790 --> 01:18:52,719

in 2000 it was 2008 or 2009 i

2149

01:18:56,310 --> 01:18:54,800

did an episode of monster quest and they

2150

01:18:57,590 --> 01:18:56,320

asked me to go down to mexico to

2151
01:19:00,709 --> 01:18:57,600

investigate

2152
01:19:03,350 --> 01:19:00,719

uh flying humanoid type types of uh

2153
01:19:04,709 --> 01:19:03,360

beings that had been reported there and

2154
01:19:08,070 --> 01:19:04,719

uh we

2155
01:19:10,870 --> 01:19:08,080

were based out of monterey mexico and

2156
01:19:11,750 --> 01:19:10,880

there was this uh police officer named

2157
01:19:16,470 --> 01:19:11,760

leonardo

2158
01:19:20,550 --> 01:19:16,480

samaniego and i think it was about five

2159
01:19:23,189 --> 01:19:20,560

four or five 2004 i believe leonardo was

2160
01:19:24,630 --> 01:19:23,199

patrolling a neighborhood in southern

2161
01:19:28,709 --> 01:19:24,640

monterey

2162
01:19:31,350 --> 01:19:28,719

and apparently he was driving down this

2163
01:19:34,390 --> 01:19:31,360

road at night and he saw this thing

2164

01:19:36,550 --> 01:19:34,400

kind of descend from the air

2165

01:19:38,070 --> 01:19:36,560

seemingly come out of a tree or from the

2166

01:19:39,669 --> 01:19:38,080

air and it kind of descended in front of

2167

01:19:42,709 --> 01:19:39,679

his patrol car

2168

01:19:44,709 --> 01:19:42,719

and at first he thought it was um maybe

2169

01:19:46,709 --> 01:19:44,719

like a large garbage bag or something

2170

01:19:49,110 --> 01:19:46,719

that was kind of blowing in the wind

2171

01:19:50,390 --> 01:19:49,120

but as he looked ahead he saw this thing

2172

01:19:53,750 --> 01:19:50,400

basically began to take

2173

01:19:55,990 --> 01:19:53,760

form and it

2174

01:19:58,149 --> 01:19:56,000

to him look like what he described as a

2175

01:20:01,430 --> 01:19:58,159

witch it was a hideous looking

2176

01:20:05,030 --> 01:20:01,440

old woman with dark brown wrinkly skin

2177

01:20:09,270 --> 01:20:05,040

and giant black lidless eyes and

2178

01:20:12,070 --> 01:20:09,280

she was wearing kind of a flowing black

2179

01:20:13,590 --> 01:20:12,080

hood or a cape rather and she had a hood

2180

01:20:16,390 --> 01:20:13,600

a pointy hood

2181

01:20:17,990 --> 01:20:16,400

and she was actually hovering she was

2182

01:20:21,189 --> 01:20:18,000

initially she was on the ground and then

2183

01:20:22,629 --> 01:20:21,199

she began to hover just off the ground

2184

01:20:24,149 --> 01:20:22,639

and of course leonardo was was

2185

01:20:25,189 --> 01:20:24,159

completely terrorized didn't know what

2186

01:20:27,350 --> 01:20:25,199

to think

2187

01:20:28,550 --> 01:20:27,360

uh except let me get the heck out of

2188

01:20:31,270 --> 01:20:28,560

there so he

2189

01:20:33,189 --> 01:20:31,280

threw his he threw his patrol car in

2190

01:20:34,870 --> 01:20:33,199

reverse and at the same time he picked

2191

01:20:37,910 --> 01:20:34,880

up his radio and began to call for

2192

01:20:40,950 --> 01:20:37,920

backup and as he began to

2193

01:20:43,030 --> 01:20:40,960

speed up backwards he was facing

2194

01:20:45,590 --> 01:20:43,040

backwards of course as he was backing up

2195

01:20:46,790 --> 01:20:45,600

and at some point he turned around when

2196

01:20:48,149 --> 01:20:46,800

he i guess when he got to the end of the

2197

01:20:51,510 --> 01:20:48,159

road and stopped

2198

01:20:52,310 --> 01:20:51,520

and this witch as he called her was

2199

01:20:54,870 --> 01:20:52,320

actually

2200

01:20:56,870 --> 01:20:54,880

on the hood of his car and was clawing

2201
01:20:58,390 --> 01:20:56,880
at him or trying to claw at him through

2202
01:21:00,870 --> 01:20:58,400
the windshield

2203
01:21:03,030 --> 01:21:00,880
and this was too much for poor leonardo

2204
01:21:04,950 --> 01:21:03,040
to deal with and he blacked out and lost

2205
01:21:07,430 --> 01:21:04,960
consciousness at that point

2206
01:21:09,830 --> 01:21:07,440
and uh several minutes later um there

2207
01:21:12,629 --> 01:21:09,840
were other responding officers

2208
01:21:14,470 --> 01:21:12,639
at the scene uh and an ambulance they

2209
01:21:17,830 --> 01:21:14,480
revived leonardo

2210
01:21:19,750 --> 01:21:17,840
uh he was in shock uh visibly in shock

2211
01:21:21,750 --> 01:21:19,760
and was interviewed by the local uh

2212
01:21:22,070 --> 01:21:21,760
there was a local a media team there as

2213
01:21:25,590 --> 01:21:22,080

well

2214

01:21:27,350 --> 01:21:25,600

on the spot and um so he was he was all

2215

01:21:29,430 --> 01:21:27,360

consequently he was taken to the

2216

01:21:31,350 --> 01:21:29,440

hospital and examined and

2217

01:21:33,510 --> 01:21:31,360

they tested him for drugs of course and

2218

01:21:34,310 --> 01:21:33,520

alcohol and found him to be completely

2219

01:21:38,310 --> 01:21:34,320

sober and

2220

01:21:38,950 --> 01:21:38,320

a sound mind and this particular story

2221

01:21:42,709 --> 01:21:38,960

made

2222

01:21:44,709 --> 01:21:42,719

headlines throughout mexico and bruja is

2223

01:21:47,030 --> 01:21:44,719

the spanish word for which

2224

01:21:47,750 --> 01:21:47,040

and once this report surfaced there were

2225

01:21:49,350 --> 01:21:47,760

other

2226

01:21:51,510 --> 01:21:49,360

rumors that surfaced in and around

2227

01:21:54,470 --> 01:21:51,520

monterey that other police officers had

2228

01:21:55,430 --> 01:21:54,480

also seen this witch flying which and

2229

01:21:58,870 --> 01:21:55,440

that

2230

01:22:01,110 --> 01:21:58,880

in fact there were videos uh uh lo-res

2231

01:22:03,669 --> 01:22:01,120

videos of a witch-like figure flying

2232

01:22:07,590 --> 01:22:03,679

over the city of monterey

2233

01:22:09,350 --> 01:22:07,600

yeah pretty weird now i i interviewed uh

2234

01:22:11,830 --> 01:22:09,360

we interviewed leonardo for the episode

2235

01:22:14,229 --> 01:22:11,840

of monster quest he was still employed

2236

01:22:14,870 --> 01:22:14,239

by the uh by the police department there

2237

01:22:18,310 --> 01:22:14,880

and this was

2238

01:22:20,149 --> 01:22:18,320

five years later and uh

2239

01:22:22,629 --> 01:22:20,159

throughout the interview leonardo as he

2240

01:22:25,830 --> 01:22:22,639

was re-telling the story began to

2241

01:22:29,910 --> 01:22:25,840

break down and sob and

2242

01:22:31,590 --> 01:22:29,920

was visibly shaken and uh distressed

2243

01:22:33,510 --> 01:22:31,600

and you know we're talking about someone

2244

01:22:36,310 --> 01:22:33,520

that patrols the rough neighborhoods of

2245

01:22:39,510 --> 01:22:36,320

monterey mexico this is a pretty tough

2246

01:22:41,270 --> 01:22:39,520

burly guy and uh this incident

2247

01:22:43,590 --> 01:22:41,280

uh was was you know definitely had a

2248

01:22:45,669 --> 01:22:43,600

profound effect on him he uh

2249

01:22:46,950 --> 01:22:45,679

he said that he still has nightmares

2250

01:22:48,870 --> 01:22:46,960

about it

2251

01:22:50,709 --> 01:22:48,880

he still can see this witch in his

2252

01:22:53,110 --> 01:22:50,719

dreams and that she visits him

2253

01:22:54,790 --> 01:22:53,120

and you know the eyes that stared right

2254

01:22:56,950 --> 01:22:54,800

through his soul and

2255

01:22:58,310 --> 01:22:56,960

so yeah pretty pretty creepy and

2256

01:23:01,350 --> 01:22:58,320

terrifying story but

2257

01:23:03,430 --> 01:23:01,360

you know of all the dozens and um

2258

01:23:05,030 --> 01:23:03,440

you know maybe hundreds of of witnesses

2259

01:23:05,350 --> 01:23:05,040

that i've interviewed for the years that

2260

01:23:09,270 --> 01:23:05,360

have

2261

01:23:11,590 --> 01:23:09,280

unexplainable leonardo's

2262

01:23:13,110 --> 01:23:11,600

testimony was probably the most

2263

01:23:15,750 --> 01:23:13,120

compelling that i've ever heard

2264

01:23:17,590 --> 01:23:15,760

because of the emotional state that he

2265

01:23:19,910 --> 01:23:17,600

was in when he was telling us this

2266

01:23:22,629 --> 01:23:19,920

story yeah i believe that i believe that

2267

01:23:25,510 --> 01:23:22,639

because i remember seeing the video

2268

01:23:27,030 --> 01:23:25,520

and i think it was the video of uh

2269

01:23:29,350 --> 01:23:27,040

interviewing him

2270

01:23:30,470 --> 01:23:29,360

and uh you said it was my his monster

2271

01:23:32,790 --> 01:23:30,480

quest right and

2272

01:23:34,390 --> 01:23:32,800

uh i had seen some other interviews with

2273

01:23:37,590 --> 01:23:34,400

him as well and

2274

01:23:40,229 --> 01:23:37,600

yeah he was very credible very credible

2275

01:23:42,229 --> 01:23:40,239

so you know that was one of the early

2276

01:23:43,189 --> 01:23:42,239

stories i dealt with when i started a

2277

01:23:45,669 --> 01:23:43,199

blog

2278

01:23:47,990 --> 01:23:45,679

and it's always stuck with me because i

2279

01:23:50,390 --> 01:23:48,000

just thought it was incredible

2280

01:23:51,270 --> 01:23:50,400

um and you know the pictures this thing

2281

01:23:54,470 --> 01:23:51,280

flying around

2282

01:23:57,669 --> 01:23:54,480

on the on the the mesa tops and

2283

01:24:01,189 --> 01:23:57,679

outside of monterey and other places oh

2284

01:24:02,709 --> 01:24:01,199

it was cool yeah well you know what they

2285

01:24:04,870 --> 01:24:02,719

kept him on the force

2286

01:24:06,790 --> 01:24:04,880

so i mean obviously and you know

2287

01:24:07,669 --> 01:24:06,800

everyone backed him up and felt like he

2288

01:24:09,750 --> 01:24:07,679

was

2289

01:24:10,790 --> 01:24:09,760

you know mexico is a different different

2290

01:24:13,590 --> 01:24:10,800

culture of course

2291

01:24:15,270 --> 01:24:13,600

and um sure unlike unlike here when

2292

01:24:17,430 --> 01:24:15,280

something crazy like a

2293

01:24:19,910 --> 01:24:17,440

like that happens it it it isn't

2294

01:24:21,750 --> 01:24:19,920

relegated to the tabloids or you know to

2295

01:24:25,350 --> 01:24:21,760

kind of a snarky

2296

01:24:25,830 --> 01:24:25,360

cynical uh you know human interest story

2297

01:24:29,189 --> 01:24:25,840

at the

2298

01:24:32,390 --> 01:24:29,199

you know the last page of a newspaper

2299

01:24:34,550 --> 01:24:32,400

it's headline news and uh yeah you know

2300

01:24:36,310 --> 01:24:34,560

people are are you know they're very

2301

01:24:37,910 --> 01:24:36,320

traditional they have very traditional

2302

01:24:39,510 --> 01:24:37,920

view they're very superstitious they're

2303

01:24:41,430 --> 01:24:39,520

very spiritual

2304

01:24:43,350 --> 01:24:41,440

and they have a very different view of

2305

01:24:44,770 --> 01:24:43,360

the world around them than we do

2306

01:24:50,149 --> 01:24:44,780

you know most of us do

2307

01:24:51,830 --> 01:24:50,159

[Laughter]

2308

01:24:53,669 --> 01:24:51,840

everyone listening to this show is is

2309

01:24:56,790 --> 01:24:53,679

very open-minded but

2310

01:25:00,149 --> 01:24:56,800

so what's in store for ken gerhart

2311

01:25:02,709 --> 01:25:00,159

what can we look forward to well

2312

01:25:05,430 --> 01:25:02,719

um i wish i had a real good answer for

2313

01:25:06,229 --> 01:25:05,440

you um i'm kind of in a retooling mode

2314

01:25:07,830 --> 01:25:06,239

right now i

2315

01:25:09,750 --> 01:25:07,840

of course i've been promoting my latest

2316

01:25:13,510 --> 01:25:09,760

book a menagerie mysterious beast

2317

01:25:15,430 --> 01:25:13,520

and uh really glad to have uh that was a

2318

01:25:18,790 --> 01:25:15,440

labor of love but it took about three

2319

01:25:22,870 --> 01:25:20,950

well i appreciate it and uh you know

2320

01:25:24,709 --> 01:25:22,880

your contributions were were very

2321

01:25:25,270 --> 01:25:24,719

welcome on as well you definitely sent

2322

01:25:28,390 --> 01:25:25,280

me some

2323

01:25:29,830 --> 01:25:28,400

some uh great uh leads and uh

2324

01:25:31,030 --> 01:25:29,840

you know they definitely made it in

2325

01:25:32,950 --> 01:25:31,040

there's you know some of those

2326

01:25:35,910 --> 01:25:32,960

investigations as well

2327

01:25:37,669 --> 01:25:35,920

um right now i'm just kind of uh

2328

01:25:39,189 --> 01:25:37,679

retooling and kind of looking at a

2329

01:25:40,870 --> 01:25:39,199

couple of different topics that i'm

2330

01:25:42,470 --> 01:25:40,880

interested in

2331

01:25:44,149 --> 01:25:42,480

i don't have any like definitive

2332

01:25:45,430 --> 01:25:44,159

investigations or anything going up of

2333

01:25:47,270 --> 01:25:45,440

course i do

2334

01:25:48,629 --> 01:25:47,280

much like yourself i have people that

2335

01:25:50,709 --> 01:25:48,639

contact me on

2336

01:25:52,790 --> 01:25:50,719

a fairly regular basis that have claimed

2337

01:25:55,270 --> 01:25:52,800

to have seen

2338

01:25:56,070 --> 01:25:55,280

this that or the other and you know need

2339

01:26:01,110 --> 01:25:56,080

some

2340

01:26:03,430 --> 01:26:01,120

templates of an explanation if i can

2341

01:26:07,189 --> 01:26:03,440

provide it which i usually can't

2342

01:26:09,990 --> 01:26:07,199

um but um so

2343

01:26:11,590 --> 01:26:10,000

i do have a a public appearance coming

2344

01:26:13,669 --> 01:26:11,600

up next month

2345

01:26:15,510 --> 01:26:13,679

uh it'll be my first uh public

2346

01:26:16,950 --> 01:26:15,520

appearance slash lecture of the year and

2347

01:26:18,070 --> 01:26:16,960

uh we're doing an event called the

2348

01:26:23,430 --> 01:26:18,080

paranormal

2349

01:26:27,430 --> 01:26:23,440

going to be in glen rose texas

2350

01:26:29,189 --> 01:26:27,440

uh march 18th and uh so you know if any

2351

01:26:32,629 --> 01:26:29,199

of you listeners are

2352

01:26:34,070 --> 01:26:32,639

in north texas oklahoma arkansas or

2353

01:26:35,669 --> 01:26:34,080

surrounding areas it's going to be a

2354

01:26:37,110 --> 01:26:35,679

great event nick redfern and i'll both

2355

01:26:39,790 --> 01:26:37,120

be there and

2356

01:26:41,510 --> 01:26:39,800

a number of crypto zoology

2357

01:26:43,830 --> 01:26:41,520

cryptozoologists and

2358

01:26:44,629 --> 01:26:43,840

paranormal investigators psychics and so

2359

01:26:45,830 --> 01:26:44,639

forth so

2360

01:26:48,229 --> 01:26:45,840

that that should be fun i'm looking

2361

01:26:50,550 --> 01:26:48,239

forward to that one

2362

01:26:51,270 --> 01:26:50,560

well ken i want to thank you for joining

2363

01:26:53,430 --> 01:26:51,280

us again

2364

01:26:54,310 --> 01:26:53,440

and uh it's always a pleasure to have

2365

01:26:57,430 --> 01:26:54,320

you join us

2366

01:27:01,189 --> 01:26:57,440

and we always have an interesting

2367

01:27:04,149 --> 01:27:01,199

discussion there's no doubt about that

2368

01:27:05,510 --> 01:27:04,159

so um yeah thanks again for having me on

2369

01:27:07,669 --> 01:27:05,520

keep up the great work

2370

01:27:09,270 --> 01:27:07,679

uh you guys have an awesome show uh

2371

01:27:13,750 --> 01:27:09,280

really enjoy it

2372

01:27:16,070 --> 01:27:13,760

and uh yeah uh best of uh best wishes to

2373

01:27:18,070 --> 01:27:16,080

you in this new year and uh hopefully we

2374

01:27:18,950 --> 01:27:18,080

all have uh many grand adventures ahead

2375

01:27:22,629 --> 01:27:18,960

of us

2376

01:27:24,390 --> 01:27:22,639

absolutely and uh we'll be in contact

2377

01:27:31,669 --> 01:27:24,400

thanks again

2378

01:27:35,910 --> 01:27:34,310

and our good friend ken gerhart thanks

2379

01:27:39,910 --> 01:27:35,920

for joining us tonight ken

2380

01:27:42,950 --> 01:27:39,920

well one next week we have

2381

01:27:45,350 --> 01:27:42,960

josh yeah

2382

01:27:48,149 --> 01:27:45,360

yeah we had to uh we had to postpone the

2383

01:27:52,229 --> 01:27:48,159

last time he was supposed to be on here

2384

01:27:54,390 --> 01:27:52,239

uh but he will be coming on with us

2385

01:27:56,550 --> 01:27:54,400

and talking about his most recent book

2386

01:27:58,870 --> 01:27:56,560

the brimstone deceit

2387

01:28:01,430 --> 01:27:58,880

an in-depth examination of a

2388

01:28:03,990 --> 01:28:01,440

supernatural sense

2389

01:28:05,669 --> 01:28:04,000

of otherworldly odors and monstrous

2390

01:28:08,709 --> 01:28:05,679

meosmas and i'll tell you

2391

01:28:11,990 --> 01:28:08,719

i haven't heard that miasma's

2392

01:28:16,470 --> 01:28:12,000

or miyazama's word you since probably

2393

01:28:19,669 --> 01:28:17,910

that's one you don't | you don't hear

2394

01:28:22,950 --> 01:28:19,679

about you don't hear that

2395

01:28:24,550 --> 01:28:22,960

being used too much so um

2396

01:28:26,310 --> 01:28:24,560

well maybe we'll have some mimosas when

2397

01:28:29,910 --> 01:28:26,320

we talk about meosmas

2398

01:28:31,110 --> 01:28:29,920

yeah yeah really that's uh and it it's

2399

01:28:33,669 --> 01:28:31,120

an interesting book it's

2400

01:28:35,990 --> 01:28:33,679

it's some really it's some real

2401

01:28:39,110 --> 01:28:36,000

correlation of different

2402

01:28:42,310 --> 01:28:39,120

phenomena and you know

2403

01:28:43,910 --> 01:28:42,320

with smells and odors is it's something

2404

01:28:44,229 --> 01:28:43,920

you don't really think about unless you

2405

01:28:47,590 --> 01:28:44,239

start

2406

01:28:50,390 --> 01:28:47,600

reading about it uh how people

2407

01:28:52,310 --> 01:28:50,400

you know how people notice certain

2408

01:28:53,750 --> 01:28:52,320

things and that that's always seems to

2409

01:28:57,430 --> 01:28:53,760

be part of the

2410

01:28:59,669 --> 01:28:57,440

you know a description or examination or

2411

01:29:01,830 --> 01:28:59,679

investigation but it's something that

2412

01:29:04,709 --> 01:29:01,840

people just don't really focus on

2413

01:29:05,270 --> 01:29:04,719

and uh he kind of pulls it all together

2414

01:29:07,430 --> 01:29:05,280

that

2415

01:29:09,030 --> 01:29:07,440

it's a great book let's just hope next
