

ARCANE RADIO 

Exploring the Unexplained 

Aug. 31st, 2015

Ken Gerhard

**Cryptozoologist,
Researcher & Author**

BXP

1
00:00:04,150 --> 00:00:02,149
and good evening everyone welcome to

2
00:00:05,510 --> 00:00:04,160
arcane radio i'm sean the fork chop

3
00:00:07,829 --> 00:00:05,520
forker

4
00:00:09,430 --> 00:00:07,839
joined with lon strickler as always from

5
00:00:10,390 --> 00:00:09,440
phantoms and monsters gonna bring you a

6
00:00:12,390 --> 00:00:10,400
great

7
00:00:13,749 --> 00:00:12,400
show tonight lon how are you doing my

8
00:00:15,749 --> 00:00:13,759
friend

9
00:00:17,189 --> 00:00:15,759
all right keep it real man just hanging

10
00:00:19,029 --> 00:00:17,199
in there

11
00:00:21,510 --> 00:00:19,039
keeping it real i feel you i feel you

12
00:00:23,029 --> 00:00:21,520
yeah yeah been a busy week around here

13
00:00:25,429 --> 00:00:23,039

around the uh

14

00:00:27,109 --> 00:00:25,439

forker and strickler arenas uh pretty

15

00:00:28,070 --> 00:00:27,119

much today though kind of picked up for

16

00:00:31,349 --> 00:00:28,080

you

17

00:00:34,549 --> 00:00:31,359

yeah it did yeah it did we got uh well

18

00:00:37,670 --> 00:00:34,559

i mean you know we've been working

19

00:00:41,430 --> 00:00:37,680

this um this whatever

20

00:00:42,310 --> 00:00:41,440

bipedal k-9 case our sightings up in

21

00:00:44,630 --> 00:00:42,320

central

22

00:00:45,510 --> 00:00:44,640

pa uh particularly clearfield around

23

00:00:49,190 --> 00:00:45,520

that area

24

00:00:51,029 --> 00:00:49,200

penfield penfield you know there's some

25

00:00:54,380 --> 00:00:51,039

other areas as well but

26

00:00:55,750 --> 00:00:54,390

today i got a uh i got another

27

00:00:58,950 --> 00:00:55,760

[Music]

28

00:01:02,549 --> 00:00:58,960

sighting report from a woman in

29

00:01:05,670 --> 00:01:02,559

cambria county the location is just

30

00:01:10,550 --> 00:01:05,680

about an hour south of penfield

31

00:01:14,230 --> 00:01:10,560

and uh looks promising she saw

32

00:01:18,149 --> 00:01:14,240

she saw something standing um

33

00:01:21,109 --> 00:01:18,159

you know two legs bipedal uh

34

00:01:21,749 --> 00:01:21,119

the dog leg you know the dog leg types

35

00:01:24,550 --> 00:01:21,759

uh

36

00:01:26,870 --> 00:01:24,560

back or knee backward and she said stood

37

00:01:30,230 --> 00:01:26,880

about seven foot

38

00:01:31,670 --> 00:01:30,240

and uh uh

39

00:01:33,590 --> 00:01:31,680

it sounds like a very interesting

40

00:01:35,749 --> 00:01:33,600

exciting so you know i actually gave her

41

00:01:37,749 --> 00:01:35,759

a call tonight doctor a bit

42

00:01:39,030 --> 00:01:37,759

sounds legit to me so it's another one

43

00:01:40,630 --> 00:01:39,040

we're gonna put on the list so that's

44

00:01:43,910 --> 00:01:40,640

three of them now

45

00:01:45,270 --> 00:01:43,920

uh she had her butch on uh darkness

46

00:01:48,389 --> 00:01:45,280

radio the other night

47

00:01:51,590 --> 00:01:48,399

and that's how she got the uh

48

00:01:53,510 --> 00:01:51,600

the phantoms monsters email address so

49

00:01:54,630 --> 00:01:53,520

she you know like i said she contacted

50

00:01:57,030 --> 00:01:54,640

me and

51
00:01:58,709 --> 00:01:57,040
we're gonna go from there so i think um

52
00:02:02,069 --> 00:01:58,719
i think we're gonna push up

53
00:02:05,270 --> 00:02:02,079
the uh butch is gonna push up the uh

54
00:02:06,870 --> 00:02:05,280
the uh investigation date so i think

55
00:02:08,710 --> 00:02:06,880
he's gonna try to be up there in about

56
00:02:10,070 --> 00:02:08,720
two weeks

57
00:02:11,430 --> 00:02:10,080
well i hope you can give me a date on

58
00:02:13,510 --> 00:02:11,440
that i'd like to go up and at least make

59
00:02:15,110 --> 00:02:13,520
an appearance and see if i could uh

60
00:02:17,270 --> 00:02:15,120
investigate with him just a little bit

61
00:02:18,390 --> 00:02:17,280
and i missed butch on darkness radio how

62
00:02:21,750 --> 00:02:18,400
was it

63
00:02:23,990 --> 00:02:21,760

it was very good very good um yeah

64

00:02:25,910 --> 00:02:24,000

he goes on he's been on an hour uh the

65

00:02:27,270 --> 00:02:25,920

other night and uh

66

00:02:29,270 --> 00:02:27,280

you know i think he's been acquainted

67

00:02:31,670 --> 00:02:29,280

with dave schrader a couple times

68

00:02:33,270 --> 00:02:31,680

so uh and then he's on something again

69

00:02:34,070 --> 00:02:33,280

tomorrow night i don't know exactly what

70

00:02:36,150 --> 00:02:34,080

it is

71

00:02:37,190 --> 00:02:36,160

another show he's been he's been getting

72

00:02:39,350 --> 00:02:37,200

around

73

00:02:41,270 --> 00:02:39,360

so uh you know people are starting to

74

00:02:43,830 --> 00:02:41,280

recognize him and his work

75

00:02:46,550 --> 00:02:43,840

which is good and uh you know it's kind

76

00:02:49,030 --> 00:02:46,560

of favorable for us this time around

77

00:02:50,949 --> 00:02:49,040

so um and i'm i'm asking people look you

78

00:02:52,630 --> 00:02:50,959

know if you see something

79

00:02:55,270 --> 00:02:52,640

that looks out of you know out of the

80

00:02:59,110 --> 00:02:55,280

ordinary let us know about it

81

00:03:02,309 --> 00:02:59,120

because uh especially this thing up

82

00:03:05,190 --> 00:03:02,319

central pennsylvania uh these

83

00:03:07,270 --> 00:03:05,200

uh these sightings have really they've

84

00:03:10,229 --> 00:03:07,280

really been interesting sightings and

85

00:03:12,550 --> 00:03:10,239

uh it all started just i guess it was

86

00:03:15,750 --> 00:03:12,560

that fall last year

87

00:03:18,550 --> 00:03:15,760

and they all seemed to be grouped in

88

00:03:19,830 --> 00:03:18,560

a certain general area and uh and you

89

00:03:22,550 --> 00:03:19,840

know that clearfield

90

00:03:23,509 --> 00:03:22,560

that clearfield county overall has been

91

00:03:27,589 --> 00:03:23,519

you know that's been

92

00:03:31,670 --> 00:03:30,070

i've been saying for a long time that uh

93

00:03:33,589 --> 00:03:31,680

there's something strange going on up

94

00:03:34,869 --> 00:03:33,599

there i've had some strange experiences

95

00:03:36,070 --> 00:03:34,879

a lot of folks have had strange

96

00:03:37,910 --> 00:03:36,080

experiences

97

00:03:39,750 --> 00:03:37,920

the pa bigfoot society's been

98

00:03:40,470 --> 00:03:39,760

investigating clearfield county for many

99

00:03:42,630 --> 00:03:40,480

years

100

00:03:43,589 --> 00:03:42,640

and there's been a lot of bigfoot

101
00:03:45,589 --> 00:03:43,599
sightings

102
00:03:47,110 --> 00:03:45,599
up in that area now we're starting to

103
00:03:49,910 --> 00:03:47,120
get these upright

104
00:03:50,390 --> 00:03:49,920
canine type creatures uh we really don't

105
00:03:51,910 --> 00:03:50,400
have a

106
00:03:53,589 --> 00:03:51,920
what did you coin them i i don't

107
00:03:55,350 --> 00:03:53,599
remember the exact term

108
00:03:57,509 --> 00:03:55,360
i didn't really coin much of anything i

109
00:04:01,110 --> 00:03:57,519
didn't really give much of a name yet

110
00:04:02,789 --> 00:04:01,120
uh you know i'm i don't even know pen

111
00:04:05,110 --> 00:04:02,799
we can go penfield dog man or something

112
00:04:07,350 --> 00:04:05,120
like that anfield predator

113
00:04:10,470 --> 00:04:07,360

but there you go i don't know it sounds

114

00:04:14,070 --> 00:04:12,309

i know i'll be interested to see i'll be

115

00:04:17,189 --> 00:04:14,080

interested to see what um

116

00:04:17,909 --> 00:04:17,199

see what ken says about tonight uh you

117

00:04:19,909 --> 00:04:17,919

know

118

00:04:21,189 --> 00:04:19,919

this this all comes on the heel of this

119

00:04:23,350 --> 00:04:21,199

uh

120

00:04:24,230 --> 00:04:23,360

you know this exciting report that stan

121

00:04:29,830 --> 00:04:24,240

had

122

00:04:31,270 --> 00:04:29,840

it just so happened that jc and and jack

123

00:04:34,390 --> 00:04:31,280

were out there

124

00:04:38,150 --> 00:04:34,400

in denver that uh

125

00:04:41,189 --> 00:04:38,160

that that uh it was at lakeview

126
00:04:42,230 --> 00:04:41,199
the lakeview uh lakewood lakewood like

127
00:04:45,270 --> 00:04:42,240
and

128
00:04:48,469 --> 00:04:45,280
still investigating that

129
00:04:51,270 --> 00:04:48,479
and uh of course jc's up in northern

130
00:04:54,950 --> 00:04:51,280
minnesota and he's got something

131
00:04:57,350 --> 00:04:54,960
very similar that he's looking into so

132
00:04:58,390 --> 00:04:57,360
you know well we know we said these

133
00:05:00,950 --> 00:04:58,400
things we're starting to

134
00:05:02,870 --> 00:05:00,960
uh these creature sightings these

135
00:05:04,790 --> 00:05:02,880
creature sightings have been popping up

136
00:05:06,550 --> 00:05:04,800
uh more so now than ever and i think

137
00:05:07,110 --> 00:05:06,560
because we are talking about it more

138
00:05:08,629 --> 00:05:07,120

often

139

00:05:10,070 --> 00:05:08,639

and more folks not just us here at

140

00:05:12,070 --> 00:05:10,080

arcane radio or you at phantoms and

141

00:05:14,469 --> 00:05:12,080

monsters but linda godfrey

142

00:05:15,830 --> 00:05:14,479

uh uh jay bashonen and those guys have

143

00:05:16,469 --> 00:05:15,840

really been getting the word out about

144

00:05:18,310 --> 00:05:16,479

what these

145

00:05:19,670 --> 00:05:18,320

you know sightings of these creatures

146

00:05:21,110 --> 00:05:19,680

even ken gerhart is going to be on the

147

00:05:22,710 --> 00:05:21,120

show with us later on the night

148

00:05:24,310 --> 00:05:22,720

and if folks missed our show last week

149

00:05:25,909 --> 00:05:24,320

with uh jc johnson

150

00:05:28,390 --> 00:05:25,919

they missed a good one it was our first

151

00:05:31,270 --> 00:05:28,400

uh submit your strange stories night

152

00:05:33,029 --> 00:05:31,280

and uh jc decided to join up uh with us

153

00:05:34,310 --> 00:05:33,039

and kind of host the show with us

154

00:05:35,670 --> 00:05:34,320

and what a good show it was it was

155

00:05:37,270 --> 00:05:35,680

really entertaining i think the folks

156

00:05:38,310 --> 00:05:37,280

liked it some really good stories came

157

00:05:40,550 --> 00:05:38,320

out of that

158

00:05:43,270 --> 00:05:40,560

uh and that's in the archives they can

159

00:05:45,110 --> 00:05:43,280

go to stitcherradio.com

160

00:05:46,629 --> 00:05:45,120

and search for arcane radio and pull

161

00:05:47,830 --> 00:05:46,639

that show up and as always you can find

162

00:05:49,790 --> 00:05:47,840

all our shows

163

00:05:51,510 --> 00:05:49,800

on stitcher radio or go to

164

00:05:53,350 --> 00:05:51,520

arcaneradio.com and click on

165

00:05:55,340 --> 00:05:53,360

archives we're there for you i had to do

166

00:05:57,590 --> 00:05:55,350

a shameless little plug there

167

00:06:00,710 --> 00:05:57,600

[Laughter]

168

00:06:02,309 --> 00:06:00,720

yeah well yeah um i got

169

00:06:04,629 --> 00:06:02,319

some excellent feedback for sure last

170

00:06:05,189 --> 00:06:04,639

week very good feedback it was a good

171

00:06:06,309 --> 00:06:05,199

show

172

00:06:08,629 --> 00:06:06,319

maybe that's something we'll have to you

173

00:06:09,830 --> 00:06:08,639

know we'll have to yeah keep in the

174

00:06:12,870 --> 00:06:09,840

arsenal every once in a while i

175

00:06:13,749 --> 00:06:12,880

have a strange story show and uh let

176

00:06:16,309 --> 00:06:13,759

people call in

177

00:06:17,590 --> 00:06:16,319

or we call people and they you know and

178

00:06:20,629 --> 00:06:17,600

uh have them uh

179

00:06:21,430 --> 00:06:20,639

give us their personal stories and you

180

00:06:24,469 --> 00:06:21,440

know

181

00:06:25,270 --> 00:06:24,479

the uh the incidents we listened to last

182

00:06:26,710 --> 00:06:25,280

week were

183

00:06:28,550 --> 00:06:26,720

pretty cool i mean it was some

184

00:06:30,710 --> 00:06:28,560

interesting stuff so

185

00:06:32,230 --> 00:06:30,720

um yeah i was i thought it went real

186

00:06:34,390 --> 00:06:32,240

well

187

00:06:36,230 --> 00:06:34,400

yeah i'm really excited to hear what ken

188

00:06:37,270 --> 00:06:36,240

has to offer tonight on the piggyback of

189

00:06:39,189 --> 00:06:37,280

last week's show

190

00:06:41,189 --> 00:06:39,199

as we continue our trek into these

191

00:06:43,029 --> 00:06:41,199

strange unusual

192

00:06:45,110 --> 00:06:43,039

uh canine type cryptids we've been

193

00:06:46,629 --> 00:06:45,120

talking about them a lot and i can't uh

194

00:06:48,469 --> 00:06:46,639

i'm kind of becoming obsessed with them

195

00:06:49,830 --> 00:06:48,479

now lon uh yeah

196

00:06:51,029 --> 00:06:49,840

we're just getting a lot of reports

197

00:06:51,990 --> 00:06:51,039

about these and that's okay i guess

198

00:06:53,430 --> 00:06:52,000

that's a good thing

199

00:06:54,550 --> 00:06:53,440

i guess we've got a couple events coming

200

00:06:56,469 --> 00:06:54,560

up that we're going to be talking about

201
00:06:57,110 --> 00:06:56,479
we got the hillside manor uh hill view

202
00:06:58,710 --> 00:06:57,120
manor

203
00:06:59,909 --> 00:06:58,720
uh hill con coming up which we'll be

204
00:07:01,029 --> 00:06:59,919
playing the commercial for that here

205
00:07:01,990 --> 00:07:01,039
later on in the show at the end of

206
00:07:03,909 --> 00:07:02,000
september

207
00:07:05,749 --> 00:07:03,919
we've got the mothman festival coming up

208
00:07:07,270 --> 00:07:05,759
september 19th and 20th at point

209
00:07:10,390 --> 00:07:07,280
pleasant west virginia

210
00:07:11,990 --> 00:07:10,400
uh ken gerhard's going to be there uh i

211
00:07:13,150 --> 00:07:12,000
believe lyle blackburn is going to be

212
00:07:15,909 --> 00:07:13,160
there a bunch of your favorite

213
00:07:17,510 --> 00:07:15,919

cryptozoologists and mothman uh

214

00:07:20,469 --> 00:07:17,520

celebrities will be there

215

00:07:21,029 --> 00:07:20,479

myself and james baker a former member

216

00:07:22,710 --> 00:07:21,039

of uh

217

00:07:25,189 --> 00:07:22,720

beyond the edge radio crew with us over

218

00:07:27,430 --> 00:07:25,199

there uh with the big shop he's gonna be

219

00:07:30,150 --> 00:07:27,440

going down with me we're gonna hang out

220

00:07:31,430 --> 00:07:30,160

and uh see let's see what all the fuss

221

00:07:32,870 --> 00:07:31,440

is about down there at the mothman

222

00:07:33,990 --> 00:07:32,880

festival i've never been to one but i'm

223

00:07:35,749 --> 00:07:34,000

really excited

224

00:07:37,589 --> 00:07:35,759

and uh just the story in the lore of the

225

00:07:39,110 --> 00:07:37,599

moth man really cool

226

00:07:41,029 --> 00:07:39,120

really exciting stuff and i'm gonna be

227

00:07:42,469 --> 00:07:41,039

glad to go down and partake partake in

228

00:07:44,950 --> 00:07:42,479

the festivities down there

229

00:07:47,110 --> 00:07:44,960

and report back with some good uh some

230

00:07:49,430 --> 00:07:47,120

good stuff

231

00:07:50,550 --> 00:07:49,440

well it's my favorite cryptid as you

232

00:07:52,710 --> 00:07:50,560

know and uh

233

00:07:55,350 --> 00:07:52,720

it's always fascinated me i mean i've

234

00:07:57,270 --> 00:07:55,360

been doing this now for over 30 years

235

00:07:59,589 --> 00:07:57,280

and it's always been the one that's kind

236

00:08:02,710 --> 00:07:59,599

of stuck in my crawl that you know

237

00:08:03,909 --> 00:08:02,720

it is it really encrypted or is it is it

238

00:08:07,029 --> 00:08:03,919

alien or what

239

00:08:08,469 --> 00:08:07,039

what what is it you know and uh you know

240

00:08:11,909 --> 00:08:08,479

i've been investigating

241

00:08:13,350 --> 00:08:11,919

now this these uh these conewaga phantom

242

00:08:15,270 --> 00:08:13,360

sightings

243

00:08:16,550 --> 00:08:15,280

and there's a couple other people that

244

00:08:19,029 --> 00:08:16,560

are locally

245

00:08:20,869 --> 00:08:19,039

up in pen well this is up in uh adams

246

00:08:22,950 --> 00:08:20,879

county pennsylvania

247

00:08:25,189 --> 00:08:22,960

and uh there's other people looking into

248

00:08:27,029 --> 00:08:25,199

that uh phenomena as well

249

00:08:29,589 --> 00:08:27,039

and you know from the reports it seems

250

00:08:32,709 --> 00:08:29,599

to be something similar to a uh

251

00:08:35,190 --> 00:08:32,719

to a mothman so you know i saw it

252

00:08:35,750 --> 00:08:35,200

i saw it back in 88 i don't know what it

253

00:08:38,709 --> 00:08:35,760

was

254

00:08:39,430 --> 00:08:38,719

but you know from the descriptions that

255

00:08:40,790 --> 00:08:39,440

others have

256

00:08:43,029 --> 00:08:40,800

you know the descriptions that others

257

00:08:45,590 --> 00:08:43,039

people have had with the mothman

258

00:08:47,350 --> 00:08:45,600

i'd say it's a good possibility it may

259

00:08:51,269 --> 00:08:47,360

be something very similar

260

00:08:53,910 --> 00:08:51,279

so who knows yeah who knows indeed

261

00:08:54,550 --> 00:08:53,920

i mean it's uh you still got me there

262

00:08:57,430 --> 00:08:54,560

one

263

00:08:57,750 --> 00:08:57,440

yeah okay this is the desktop froze up a

264

00:08:59,590 --> 00:08:57,760
minute

265

00:09:00,949 --> 00:08:59,600
we'll just we'll go past that that's all

266

00:09:01,750 --> 00:09:00,959
right as long as you can hear me we're

267

00:09:04,389 --> 00:09:01,760
fine

268

00:09:05,829 --> 00:09:04,399
uh so yeah we're gonna be talking about

269

00:09:07,590 --> 00:09:05,839
uh these things a little bit later on

270

00:09:07,990 --> 00:09:07,600
the show with ken which i'm really

271

00:09:11,829 --> 00:09:08,000
excited

272

00:09:12,710 --> 00:09:11,839
about uh man i hate technical

273

00:09:15,590 --> 00:09:12,720
difficulties

274

00:09:16,470 --> 00:09:15,600
we'll move faster you know i got

275

00:09:18,389 --> 00:09:16,480
something else here

276

00:09:20,230 --> 00:09:18,399

you know this is a i got something else

277

00:09:21,430 --> 00:09:20,240

i got from somebody in pennsylvania

278

00:09:22,630 --> 00:09:21,440

uh well i actually don't live in

279

00:09:23,750 --> 00:09:22,640

pennsylvania anymore but this is

280

00:09:26,230 --> 00:09:23,760

something that happened there

281

00:09:27,750 --> 00:09:26,240

50 years ago and i tell you you know

282

00:09:30,630 --> 00:09:27,760

it's an old report

283

00:09:31,509 --> 00:09:30,640

you know but it came to me fresh because

284

00:09:33,350 --> 00:09:31,519

uh

285

00:09:34,949 --> 00:09:33,360

i guess the person said they finally

286

00:09:37,590 --> 00:09:34,959

wanted to talk about it

287

00:09:38,230 --> 00:09:37,600

and you know we get a lot of those uh

288

00:09:41,269 --> 00:09:38,240

but

289

00:09:43,750 --> 00:09:41,279

it's it's very interesting

290

00:09:45,190 --> 00:09:43,760

uh they were not specific about the

291

00:09:49,030 --> 00:09:45,200

location

292

00:09:50,310 --> 00:09:49,040

i have got and i have got an indication

293

00:09:53,590 --> 00:09:50,320

though that

294

00:09:57,110 --> 00:09:53,600

it was somewhere near

295

00:09:57,990 --> 00:09:57,120

uh clearfield county in that area around

296

00:10:00,230 --> 00:09:58,000

there

297

00:10:01,910 --> 00:10:00,240

so let's uh you know i posted this on

298

00:10:03,030 --> 00:10:01,920

the website a while back but i'm going

299

00:10:05,829 --> 00:10:03,040

to go ahead and read it

300

00:10:07,910 --> 00:10:05,839

because it's just so weird uh the

301
00:10:09,990 --> 00:10:07,920
incident i'm about to relate happened

302
00:10:12,150 --> 00:10:10,000
some 50 years ago

303
00:10:14,230 --> 00:10:12,160
i was visiting my grandparents who lived

304
00:10:15,590 --> 00:10:14,240
in an old old farmhouse in central

305
00:10:19,910 --> 00:10:15,600
pennsylvania

306
00:10:22,949 --> 00:10:19,920
my cousin my cousin dee

307
00:10:25,670 --> 00:10:22,959
was there as well we rose

308
00:10:28,150 --> 00:10:25,680
super early each morning as was the

309
00:10:31,829 --> 00:10:28,160
practice when visiting there

310
00:10:33,269 --> 00:10:31,839
my grandma who those that did not get

311
00:10:35,269 --> 00:10:33,279
out of the house before

312
00:10:36,470 --> 00:10:35,279
breakfast had my grandma's those who did

313
00:10:37,190 --> 00:10:36,480

not get out of the house before

314

00:10:39,350 --> 00:10:37,200

breakfast

315

00:10:40,790 --> 00:10:39,360

got a chore list that would take all

316

00:10:43,990 --> 00:10:40,800

morning so

317

00:10:47,509 --> 00:10:44,000

uh dave d and i were

318

00:10:50,230 --> 00:10:47,519

determined to avoid that list

319

00:10:52,710 --> 00:10:50,240

uh the house stood on top of a hill and

320

00:10:55,509 --> 00:10:52,720

was some distance from the road

321

00:10:57,030 --> 00:10:55,519

with a long drive leading up to a car

322

00:10:58,829 --> 00:10:57,040

park area

323

00:11:00,069 --> 00:10:58,839

the uh the ground on either side of the

324

00:11:03,350 --> 00:11:00,079

driveway

325

00:11:03,910 --> 00:11:03,360

could best be classified as an untended

326
00:11:05,829 --> 00:11:03,920
meadow

327
00:11:07,590 --> 00:11:05,839
with cops of trees sporadically

328
00:11:09,269 --> 00:11:07,600
scattered throughout

329
00:11:11,190 --> 00:11:09,279
now from the car park in front of the

330
00:11:14,230 --> 00:11:11,200
house you can look down

331
00:11:16,150 --> 00:11:14,240
out toward the road some 500 yards away

332
00:11:17,430 --> 00:11:16,160
this is where dave and i stood that

333
00:11:19,509 --> 00:11:17,440
morning

334
00:11:20,470 --> 00:11:19,519
now there was a small stand of pine

335
00:11:23,509 --> 00:11:20,480
trees

336
00:11:24,470 --> 00:11:23,519
about halfway down the hill these were

337
00:11:27,509 --> 00:11:24,480
young trees

338
00:11:28,710 --> 00:11:27,519

not more than nine foot tall we knew

339

00:11:30,870 --> 00:11:28,720

these trees well as

340

00:11:32,550 --> 00:11:30,880

they were the impediment to every hill

341

00:11:35,350 --> 00:11:32,560

roll or sled run

342

00:11:37,750 --> 00:11:35,360

uh we ever attempted down the slope uh

343

00:11:40,550 --> 00:11:37,760

today however we never even got to start

344

00:11:43,910 --> 00:11:40,560

the downhill fun

345

00:11:46,630 --> 00:11:43,920

uh what the hell was that one one of us

346

00:11:49,110 --> 00:11:46,640

asked and you know the other one said

347

00:11:51,829 --> 00:11:49,120

well what beats the hell out of me

348

00:11:54,069 --> 00:11:51,839

actually you know if something was under

349

00:11:57,030 --> 00:11:54,079

near the nearest pine dream

350

00:11:57,430 --> 00:11:57,040

uh it was actually a figure it appeared

351
00:12:01,030 --> 00:11:57,440
to

352
00:12:02,629 --> 00:12:01,040
be made of golden metal which glittered

353
00:12:05,829 --> 00:12:02,639
in the sunlight

354
00:12:08,629 --> 00:12:05,839
it was about three foot tall as best as

355
00:12:10,470 --> 00:12:08,639
we could determine from the uphill angle

356
00:12:12,230 --> 00:12:10,480
from the shoulders down it seemed to be

357
00:12:16,230 --> 00:12:12,240
wrapped or swaddled

358
00:12:17,430 --> 00:12:16,240
in golden cloth this extended the entire

359
00:12:20,069 --> 00:12:17,440
length

360
00:12:22,710 --> 00:12:20,079
of the creature making it look as though

361
00:12:24,949 --> 00:12:22,720
it was a form-fitted sleeping bag

362
00:12:26,629 --> 00:12:24,959
on its head was a helmet or headdress

363
00:12:28,949 --> 00:12:26,639

also gold

364

00:12:30,310 --> 00:12:28,959

when we first saw it it was facing to

365

00:12:33,190 --> 00:12:30,320

our left

366

00:12:34,470 --> 00:12:33,200

so we were looking at its golden left

367

00:12:36,389 --> 00:12:34,480

profile

368

00:12:37,509 --> 00:12:36,399

the side of this thing made us both

369

00:12:41,030 --> 00:12:37,519

freeze in place

370

00:12:43,829 --> 00:12:41,040

barely breathing we started down

371

00:12:44,949 --> 00:12:43,839

at it for a time distorted period maybe

372

00:12:47,110 --> 00:12:44,959

a minute

373

00:12:48,710 --> 00:12:47,120

suddenly the thing changed his head

374

00:12:51,110 --> 00:12:48,720

changed its head

375

00:12:52,949 --> 00:12:51,120

it did not turn its head it had been

376

00:12:55,350 --> 00:12:52,959

looking straight ahead

377

00:12:56,310 --> 00:12:55,360

at a spot somewhere to our left then it

378

00:12:59,750 --> 00:12:56,320

was looking

379

00:13:02,069 --> 00:12:59,760

directly at us the head did not move

380

00:13:03,590 --> 00:13:02,079

though all the inner at you know through

381

00:13:07,590 --> 00:13:03,600

all the intermediate

382

00:13:10,150 --> 00:13:07,600

positions the transformation was instant

383

00:13:12,069 --> 00:13:10,160

but then a wave of dread and terror

384

00:13:14,310 --> 00:13:12,079

rolled over the two of us

385

00:13:17,110 --> 00:13:14,320

i have never before since felt anything

386

00:13:20,550 --> 00:13:17,120

so intensely alien and malignant

387

00:13:22,790 --> 00:13:20,560

i hate it hated us neither of us

388

00:13:24,710 --> 00:13:22,800

were the the most athletic kids but i

389

00:13:27,990 --> 00:13:24,720

beat dave over the fence by

390

00:13:29,509 --> 00:13:28,000

a good four foot apparently we burst

391

00:13:32,310 --> 00:13:29,519

into the kitchen babbling

392

00:13:33,509 --> 00:13:32,320

inherently about a golden boy down the

393

00:13:36,069 --> 00:13:33,519

hill

394

00:13:37,910 --> 00:13:36,079

it took us a good half hour to convince

395

00:13:39,910 --> 00:13:37,920

grandpa that the roy

396

00:13:41,750 --> 00:13:39,920

would be something worth seeing if he

397

00:13:44,389 --> 00:13:41,760

went out with us and of course

398

00:13:46,949 --> 00:13:44,399

there there wasn't nothing on the ground

399

00:13:49,509 --> 00:13:46,959

nothing under the tree near the tree

400

00:13:50,470 --> 00:13:49,519

uh but that image of a golden boy was

401
00:13:53,110 --> 00:13:50,480
the most intense

402
00:13:54,470 --> 00:13:53,120
nastiness in its gaze that would never

403
00:13:56,949 --> 00:13:54,480
go away

404
00:13:59,350 --> 00:13:56,959
now i use the term golden boy as that is

405
00:14:01,910 --> 00:13:59,360
how the family story has evolved

406
00:14:04,470 --> 00:14:01,920
but it was no boy it was a humanoid as

407
00:14:07,430 --> 00:14:04,480
best as the distance would reveal

408
00:14:09,509 --> 00:14:07,440
but that sense of malice and dread made

409
00:14:11,100 --> 00:14:09,519
it impossible to stick around for more

410
00:14:12,949 --> 00:14:11,110
details

411
00:14:15,750 --> 00:14:12,959
[Music]

412
00:14:15,990 --> 00:14:15,760
in in the 50 years since i've never

413
00:14:18,389 --> 00:14:16,000

heard

414

00:14:20,069 --> 00:14:18,399

or read a similar encounter has the

415

00:14:21,750 --> 00:14:20,079

golden boy ever crossed your path

416

00:14:25,110 --> 00:14:21,760

there's asking me

417

00:14:29,350 --> 00:14:25,120

um well has it well no

418

00:14:32,389 --> 00:14:29,360

i mean you know i i have had um

419

00:14:33,990 --> 00:14:32,399

i have seen or heard of uh i've seen

420

00:14:37,110 --> 00:14:34,000

pictures of

421

00:14:38,790 --> 00:14:37,120

similar type i guess beings

422

00:14:40,710 --> 00:14:38,800

but i've never heard of being gold most

423

00:14:43,750 --> 00:14:40,720

of them are like wrapped in

424

00:14:46,790 --> 00:14:43,760

white or some type of uh

425

00:14:47,990 --> 00:14:46,800

light-colored material but and they know

426

00:14:50,389 --> 00:14:48,000

they float around

427

00:14:52,069 --> 00:14:50,399

it's nothing that sits stationary and

428

00:14:55,269 --> 00:14:52,079

nothing where

429

00:14:56,310 --> 00:14:55,279

a head or any part of it would uh would

430

00:14:59,670 --> 00:14:56,320

transform

431

00:15:02,069 --> 00:14:59,680

or shape-shift somehow so i don't know

432

00:15:05,269 --> 00:15:02,079

what they ran into

433

00:15:07,189 --> 00:15:05,279

uh but um i thought that was quite

434

00:15:09,829 --> 00:15:07,199

interesting now i looked at the

435

00:15:11,509 --> 00:15:09,839

now they gave me a shot from google

436

00:15:12,550 --> 00:15:11,519

earth they didn't give me a location or

437

00:15:15,670 --> 00:15:12,560

anything

438

00:15:16,629 --> 00:15:15,680

and uh you know the the landscape has

439

00:15:19,189 --> 00:15:16,639

changed it's

440

00:15:20,150 --> 00:15:19,199

mostly hillsides mostly growing up with

441

00:15:23,430 --> 00:15:20,160

trees now

442

00:15:26,389 --> 00:15:23,440

but um you know that that's just an

443

00:15:27,430 --> 00:15:26,399

odd story and i thought i thought it was

444

00:15:29,910 --> 00:15:27,440

worth mentioning

445

00:15:31,110 --> 00:15:29,920

uh yeah it's really strange especially

446

00:15:33,509 --> 00:15:31,120

you know it might be

447

00:15:35,110 --> 00:15:33,519

i kind of think it's maybe around

448

00:15:35,990 --> 00:15:35,120

clearfield county maybe a little east of

449

00:15:37,910 --> 00:15:36,000

there

450

00:15:40,629 --> 00:15:37,920

but it's just something else that

451
00:15:41,910 --> 00:15:40,639
happens up there you know

452
00:15:43,990 --> 00:15:41,920
we hear all kinds of stories that come

453
00:15:46,069 --> 00:15:44,000
from an area now you think these

454
00:15:48,230 --> 00:15:46,079
feelings of malice and dread that are

455
00:15:51,189 --> 00:15:48,240
often associated with

456
00:15:52,710 --> 00:15:51,199
the unknown uh entities that are being

457
00:15:55,910 --> 00:15:52,720
seen by these people

458
00:15:59,430 --> 00:15:55,920
do you think they're actually systemic

459
00:16:01,269 --> 00:15:59,440
of you know just

460
00:16:02,550 --> 00:16:01,279
experiencing something new and out of

461
00:16:04,069 --> 00:16:02,560
this world and frightening or do you

462
00:16:05,509 --> 00:16:04,079
think it's something that really comes

463
00:16:07,670 --> 00:16:05,519

from

464

00:16:09,990 --> 00:16:07,680
the the the being like is it really

465

00:16:13,030 --> 00:16:10,000
emitting this

466

00:16:14,870 --> 00:16:13,040
you know aura that just makes you feel

467

00:16:15,829 --> 00:16:14,880
like uh this is not a good thing does

468

00:16:16,389 --> 00:16:15,839
that make any sense to you what i'm

469

00:16:18,550 --> 00:16:16,399
asking

470

00:16:19,990 --> 00:16:18,560
yeah yeah i think it's kinetic i think

471

00:16:21,430 --> 00:16:20,000
um

472

00:16:23,110 --> 00:16:21,440
you know some would say well maybe it's

473

00:16:25,509 --> 00:16:23,120
esp or

474

00:16:26,389 --> 00:16:25,519
maybe they're you know thought

475

00:16:28,470 --> 00:16:26,399
projection

476

00:16:29,749 --> 00:16:28,480

or something like that yeah i think it's

477

00:16:31,030 --> 00:16:29,759

kinetic somehow i

478

00:16:33,350 --> 00:16:31,040

i don't think it's just that they're

479

00:16:35,350 --> 00:16:33,360

scared uh you know normally when

480

00:16:38,790 --> 00:16:35,360

somebody's scared they

481

00:16:42,069 --> 00:16:38,800

either freeze up or they kind of

482

00:16:43,910 --> 00:16:42,079

lose focus on what's going on um

483

00:16:46,310 --> 00:16:43,920

in these instances and you hear a lot of

484

00:16:49,430 --> 00:16:46,320

times in these instances it's like

485

00:16:53,670 --> 00:16:49,440

you know they can feel actual fear are

486

00:16:56,389 --> 00:16:53,680

dread coming from the being itself

487

00:16:58,230 --> 00:16:56,399

and uh you know they can actually tell

488

00:16:59,350 --> 00:16:58,240

what kind of emotions if it does have

489

00:17:01,910 --> 00:16:59,360

emotions

490

00:17:02,710 --> 00:17:01,920

it's projecting or that it's actually

491

00:17:04,630 --> 00:17:02,720

feeling

492

00:17:07,669 --> 00:17:04,640

yeah it's like you're being an empath in

493

00:17:09,909 --> 00:17:07,679

a way i think that does happen

494

00:17:11,510 --> 00:17:09,919

you know i know it happens in in you

495

00:17:13,669 --> 00:17:11,520

know spirit wise

496

00:17:15,350 --> 00:17:13,679

you know people that are in past can you

497

00:17:18,390 --> 00:17:15,360

know tell

498

00:17:20,789 --> 00:17:18,400

how a spirit feels

499

00:17:22,549 --> 00:17:20,799

uh under certain situations uh the

500

00:17:24,230 --> 00:17:22,559

vibrations are correct

501
00:17:25,750 --> 00:17:24,240
but i don't think it's much different

502
00:17:28,069 --> 00:17:25,760
when you're talking about one of these

503
00:17:30,950 --> 00:17:28,079
beings

504
00:17:32,150 --> 00:17:30,960
we often talk about this stuff and uh

505
00:17:34,230 --> 00:17:32,160
you know when we're talking about

506
00:17:35,590 --> 00:17:34,240
bigfoot research and is it a pheromonal

507
00:17:37,750 --> 00:17:35,600
reaction is it a

508
00:17:39,029 --> 00:17:37,760
infrasonic reaction you know what causes

509
00:17:40,710 --> 00:17:39,039
this feeling of

510
00:17:43,669 --> 00:17:40,720
malice and dread and it's not always

511
00:17:45,190 --> 00:17:43,679
associated with the creature by everyone

512
00:17:47,270 --> 00:17:45,200
you know it's really boils down to the

513
00:17:48,710 --> 00:17:47,280

individual so i wonder if it's not more

514

00:17:50,710 --> 00:17:48,720
of a psychological effect than a

515

00:17:51,909 --> 00:17:50,720
physiological effect and

516

00:17:53,350 --> 00:17:51,919
you know is there is there's something

517

00:17:53,830 --> 00:17:53,360
more to it like you said it happens

518

00:17:57,590 --> 00:17:53,840
spiri

519

00:18:03,029 --> 00:17:57,600
don't know it just popped into my mind i

520

00:18:03,039 --> 00:18:07,669
we lose you on

521

00:18:10,789 --> 00:18:09,029
and we're bringing lawn back onto the

522

00:18:12,870 --> 00:18:10,799
program so bear with us yeah i'm here

523

00:18:14,150 --> 00:18:12,880
hey there you go welcome back big guy

524

00:18:18,070 --> 00:18:14,160
yeah my uh

525

00:18:19,110 --> 00:18:18,080
my skype took a dive welcome to the 21st

526

00:18:21,190 --> 00:18:19,120

century and the

527

00:18:22,150 --> 00:18:21,200

uh great means of communication that we

528

00:18:24,070 --> 00:18:22,160

have yeah

529

00:18:25,590 --> 00:18:24,080

yeah anyhow i had a good question for

530

00:18:26,310 --> 00:18:25,600

you there but in the interest of saving

531

00:18:29,270 --> 00:18:26,320

time

532

00:18:30,870 --> 00:18:29,280

uh we'll just save it for another day uh

533

00:18:32,870 --> 00:18:30,880

good story though the golden boy

534

00:18:34,310 --> 00:18:32,880

kind of a strange uh i hadn't heard of

535

00:18:35,830 --> 00:18:34,320

this story before so something different

536

00:18:38,310 --> 00:18:35,840

to share with the audience

537

00:18:40,549 --> 00:18:38,320

yeah you know i just wanted to bring it

538

00:18:42,470 --> 00:18:40,559

up i had it sitting in the uh

539

00:18:43,669 --> 00:18:42,480

i had it sitting in my show notes for a

540

00:18:45,190 --> 00:18:43,679

while and you know

541

00:18:48,630 --> 00:18:45,200

things happen we just don't get to it

542

00:18:52,710 --> 00:18:48,640

but i wanted i did want to get to it

543

00:18:55,430 --> 00:18:52,720

so um yeah so i you know i don't know

544

00:18:57,029 --> 00:18:55,440

i really didn't pick out anything else

545

00:19:00,150 --> 00:18:57,039

to talk about tonight

546

00:19:02,950 --> 00:19:00,160

uh you know that's you know i'm glad

547

00:19:04,470 --> 00:19:02,960

ken is going to be on with us after we

548

00:19:06,549 --> 00:19:04,480

did have a cancellation with ken

549

00:19:08,630 --> 00:19:06,559

unfortunately what was that three weeks

550

00:19:09,990 --> 00:19:08,640

ago yeah it's been a couple weeks now

551

00:19:11,990 --> 00:19:10,000

since uh since we had to

552

00:19:13,510 --> 00:19:12,000

cancel and before that we had to

553

00:19:14,310 --> 00:19:13,520

reschedule them and it always seems that

554

00:19:16,470 --> 00:19:14,320

when

555

00:19:18,070 --> 00:19:16,480

we're going to talk about having ken on

556

00:19:19,510 --> 00:19:18,080

the show something happened so we didn't

557

00:19:20,549 --> 00:19:19,520

promote the show with ken until like

558

00:19:22,310 --> 00:19:20,559

yesterday

559

00:19:23,990 --> 00:19:22,320

yeah i think it actually happened over a

560

00:19:27,270 --> 00:19:24,000

bte one time as well

561

00:19:28,870 --> 00:19:27,280

so um but you know he was gracious

562

00:19:31,830 --> 00:19:28,880

enough to um

563

00:19:32,230 --> 00:19:31,840

you know answer my inquiry if he'd come

564

00:19:35,750 --> 00:19:32,240

back

565

00:19:36,870 --> 00:19:35,760

and uh he's with us tonight so uh

566

00:19:38,390 --> 00:19:36,880

yeah it's a good time we're gonna have a

567

00:19:39,590 --> 00:19:38,400

good time and you know of course he's

568

00:19:41,430 --> 00:19:39,600

doing that

569

00:19:43,510 --> 00:19:41,440

he's doing this new show on the history

570

00:19:46,870 --> 00:19:43,520

channel um

571

00:19:49,430 --> 00:19:46,880

uh missing in alaska oh

572

00:19:51,029 --> 00:19:49,440

i i mean i don't know i don't know if i

573

00:19:52,549 --> 00:19:51,039

i don't know if i'd have the guts to do

574

00:19:54,390 --> 00:19:52,559

that uh

575

00:19:56,390 --> 00:19:54,400

you know you're out there in the middle

576

00:19:58,470 --> 00:19:56,400

of nowhere and uh

577

00:19:59,669 --> 00:19:58,480

of course you got cameraman and all that

578

00:20:01,510 --> 00:19:59,679

there too but

579

00:20:02,710 --> 00:20:01,520

you know i i like the way the show's

580

00:20:05,110 --> 00:20:02,720

done

581

00:20:05,990 --> 00:20:05,120

and uh you and i were talking about

582

00:20:08,870 --> 00:20:06,000

before we came

583

00:20:09,990 --> 00:20:08,880

on and i i think it's everything's

584

00:20:11,510 --> 00:20:10,000

explained very well

585

00:20:13,590 --> 00:20:11,520

i think it's been about three episodes

586

00:20:14,149 --> 00:20:13,600

now uh i think it's gonna they're gonna

587

00:20:16,950 --> 00:20:14,159

rest

588

00:20:19,350 --> 00:20:16,960

start with the new episodes very soon

589

00:20:20,070 --> 00:20:19,360

well i hope so i just spent 24.99 to buy

590

00:20:21,430 --> 00:20:20,080

it on amazon

591

00:20:23,350 --> 00:20:21,440

instant because i'm tired of trying to

592

00:20:27,270 --> 00:20:23,360

find it on the television dial

593

00:20:29,190 --> 00:20:27,280

like i am fine yeah it is hard fun so uh

594

00:20:31,110 --> 00:20:29,200

uh yeah i mean i'm looking forward to

595

00:20:33,590 --> 00:20:31,120

this i i got a few questions

596

00:20:34,789 --> 00:20:33,600

for him but maybe ken can answer some of

597

00:20:36,870 --> 00:20:34,799

this dogman

598

00:20:40,549 --> 00:20:36,880

bipedal canine sightings maybe he can

599

00:20:44,310 --> 00:20:42,390

i hope so i mean a good show so far i

600

00:20:46,390 --> 00:20:44,320

like the production quality of it

601
00:20:47,990 --> 00:20:46,400
it kind of has the same feel to it in

602
00:20:52,230 --> 00:20:48,000
terms of production quality as

603
00:20:52,470 --> 00:20:52,240
uh m2m or m squared you know monsters

604
00:20:54,789 --> 00:20:52,480
and

605
00:20:55,669 --> 00:20:54,799
that's that's a great show yeah yeah it

606
00:20:57,590 --> 00:20:55,679
is and i

607
00:20:59,430 --> 00:20:57,600
i think the production quality like that

608
00:21:00,390 --> 00:20:59,440
makes a big difference it captures my

609
00:21:02,470 --> 00:21:00,400
eye

610
00:21:04,549 --> 00:21:02,480
and keeps me entertained and i think as

611
00:21:05,909 --> 00:21:04,559
much as we like try to purify what's

612
00:21:07,190 --> 00:21:05,919
going on and keep it as true to

613
00:21:08,789 --> 00:21:07,200

cryptozoology

614

00:21:10,710 --> 00:21:08,799

and true to the facts as possible i

615

00:21:13,510 --> 00:21:10,720

think a little dramatic flair

616

00:21:15,270 --> 00:21:13,520

has to happen to make it uh appeal to a

617

00:21:16,310 --> 00:21:15,280

wider audience we all know this talk

618

00:21:17,750 --> 00:21:16,320

about it often

619

00:21:19,590 --> 00:21:17,760

but it still appeals to me because

620

00:21:20,950 --> 00:21:19,600

sometimes what we do is boring

621

00:21:22,630 --> 00:21:20,960

i just had this conversation with some

622

00:21:24,470 --> 00:21:22,640

co-workers today talking about tonight's

623

00:21:26,149 --> 00:21:24,480

show

624

00:21:27,430 --> 00:21:26,159

and you know everybody thinks that you

625

00:21:28,950 --> 00:21:27,440

know paranormal investigators

626
00:21:30,070 --> 00:21:28,960
cryptozoologists said every time they go

627
00:21:32,549 --> 00:21:30,080
out there something exciting

628
00:21:34,870 --> 00:21:32,559
happens but lon you know well know as

629
00:21:38,310 --> 00:21:34,880
well as i do that that's not the case

630
00:21:40,950 --> 00:21:38,320
that sometimes it's boring and uh that

631
00:21:43,270 --> 00:21:40,960
if we were to chronicle everything we do

632
00:21:45,190 --> 00:21:43,280
uh 24 hours a day i think the film crew

633
00:21:47,510 --> 00:21:45,200
would get bored with us and walk away

634
00:21:49,190 --> 00:21:47,520
so we have to keep it fresh we have to

635
00:21:50,070 --> 00:21:49,200
keep it exciting and i think even though

636
00:21:52,149 --> 00:21:50,080
these shows

637
00:21:53,270 --> 00:21:52,159
are as accurate as possible still adding

638
00:21:54,789 --> 00:21:53,280

some dramatic flair

639

00:21:56,870 --> 00:21:54,799

at least missing in alaska has been

640

00:22:00,070 --> 00:21:56,880

pretty cool so far i really like it

641

00:22:02,789 --> 00:22:00,080

yeah yeah i do i did enjoy it uh

642

00:22:03,909 --> 00:22:02,799

this whole phenomena the uh that

643

00:22:08,549 --> 00:22:03,919

triangle

644

00:22:09,830 --> 00:22:08,559

stuff really fascinates me because

645

00:22:12,870 --> 00:22:09,840

because we know of course we've got

646

00:22:16,149 --> 00:22:12,880

these these hot zones worldwide

647

00:22:18,230 --> 00:22:16,159

and um you know some particular hot

648

00:22:21,350 --> 00:22:18,240

zones just seem to

649

00:22:24,870 --> 00:22:21,360

manifest some really weird phenomena and

650

00:22:26,710 --> 00:22:24,880

also a lot of disappearances uh you know

651
00:22:28,230 --> 00:22:26,720
you know just like the bermuda triangle

652
00:22:31,350 --> 00:22:28,240
and some of these

653
00:22:34,549 --> 00:22:31,360
uh vortice areas that

654
00:22:37,669 --> 00:22:34,559
are you know are said to be able

655
00:22:40,470 --> 00:22:37,679
you know that have these type of uh

656
00:22:43,110 --> 00:22:40,480
these type of uh missing people going

657
00:22:44,950 --> 00:22:43,120
miss people disappearing and such so

658
00:22:46,310 --> 00:22:44,960
uh this is something the same i think

659
00:22:48,950 --> 00:22:46,320
they're you know this

660
00:22:49,510 --> 00:22:48,960
area and in particular the area of mount

661
00:22:51,990 --> 00:22:49,520
hayes

662
00:22:53,669 --> 00:22:52,000
um is which they've been investigating

663
00:22:55,669 --> 00:22:53,679

has just really

664

00:22:57,510 --> 00:22:55,679

something just going on and you know

665

00:22:58,470 --> 00:22:57,520

they've they've got this theory now i'll

666

00:23:01,590 --> 00:22:58,480

it can tell you

667

00:23:03,270 --> 00:23:01,600

but overall it's like there's maybe

668

00:23:05,669 --> 00:23:03,280

something underneath

669

00:23:07,510 --> 00:23:05,679

the area that's causing these

670

00:23:08,070 --> 00:23:07,520

disappearances because he's coming up

671

00:23:12,950 --> 00:23:08,080

with

672

00:23:17,990 --> 00:23:16,549

magnetic and electronic and a lot of ufo

673

00:23:20,870 --> 00:23:18,000

activity so

674

00:23:21,990 --> 00:23:20,880

i tell you what why don't we um why

675

00:23:25,270 --> 00:23:22,000

don't me go ahead

676

00:23:27,029 --> 00:23:25,280

and take off take off here just

677

00:23:29,350 --> 00:23:27,039

take our break and we'll go ahead and

678

00:23:31,190 --> 00:23:29,360

call ken and uh

679

00:23:32,549 --> 00:23:31,200

you know not to lay this any further and

680

00:23:33,990 --> 00:23:32,559

bring him on with us

681

00:23:35,909 --> 00:23:34,000

well let's get it on we'll go ahead

682

00:23:37,350 --> 00:23:35,919

bring ken on during the break here get

683

00:23:39,750 --> 00:23:37,360

ready to go folks

684

00:23:40,870 --> 00:23:39,760

uh stick around arcane radio sean forker

685

00:23:43,190 --> 00:23:40,880

launch strickler

686

00:23:44,950 --> 00:23:43,200

we'll be back right after a brief break

687

00:23:47,510 --> 00:23:44,960

we'll give you a little commercial here

688

00:23:49,590 --> 00:23:47,520

and a little tune to tickle your fancy

689

00:23:51,029 --> 00:23:49,600

smoke them if you got them

690

00:23:52,870 --> 00:23:51,039

do whatever you got to do we'll be right

691

00:23:55,750 --> 00:23:52,880

back back

692

00:23:57,190 --> 00:23:55,760

folks arcane radio shawn forker lon

693

00:23:59,750 --> 00:23:57,200

strickler joined tonight

694

00:24:01,110 --> 00:23:59,760

by ken gerhart before we bring ken on

695

00:24:03,830 --> 00:24:01,120

the show just a little bit about

696

00:24:05,750 --> 00:24:03,840

ken ken is a widely recognized

697

00:24:07,909 --> 00:24:05,760

cryptozoologist and field investigator

698

00:24:09,669 --> 00:24:07,919

for the center of floridian zoology

699

00:24:11,430 --> 00:24:09,679

as well as a fellow of the pangaea

700

00:24:13,750 --> 00:24:11,440

institute and consultant for several

701
00:24:15,269 --> 00:24:13,760
anomalous research organizations

702
00:24:16,870 --> 00:24:15,279
he has traveled the world searching for

703
00:24:18,950 --> 00:24:16,880
evidence of mysterious animals and

704
00:24:22,549 --> 00:24:18,960
legendary beasts including bigfoot

705
00:24:24,310 --> 00:24:22,559
the loch ness monster the chupacabra

706
00:24:26,710 --> 00:24:24,320
enigmatic winged creatures and even

707
00:24:28,710 --> 00:24:26,720
werewolves in addition to co-hosting the

708
00:24:29,669 --> 00:24:28,720
new history channel tv series missing in

709
00:24:31,190 --> 00:24:29,679
alaska

710
00:24:33,269 --> 00:24:31,200
ken has appeared in three episodes of

711
00:24:34,870 --> 00:24:33,279
the television series monster quest

712
00:24:36,549 --> 00:24:34,880
and is featured in the history channel

713
00:24:38,470 --> 00:24:36,559

special the real wolf man

714

00:24:40,789 --> 00:24:38,480

as well as legend hunters the for the

715

00:24:42,070 --> 00:24:40,799

travel channel unexplained files on a

716

00:24:44,310 --> 00:24:42,080

science channel

717

00:24:46,710 --> 00:24:44,320

para natural national geographic weird

718

00:24:49,029 --> 00:24:46,720

or what with william shatner on sci-fi

719

00:24:49,909 --> 00:24:49,039

monsters and mysteries in america true

720

00:24:51,669 --> 00:24:49,919

supernatural

721

00:24:53,669 --> 00:24:51,679

monsters and mysteries in america again

722

00:24:56,230 --> 00:24:53,679

on destination america

723

00:24:57,990 --> 00:24:56,240

ultimate encounters the monster project

724

00:24:59,990 --> 00:24:58,000

and shipping wars

725

00:25:01,510 --> 00:25:00,000

as well as being on coast to coast am

726

00:25:04,950 --> 00:25:01,520

and other various

727

00:25:07,430 --> 00:25:04,960

uh podcasts internet radio shows and

728

00:25:09,350 --> 00:25:07,440

all over the associated press houston

729

00:25:11,269 --> 00:25:09,360

chronicle and the tampa tribune

730

00:25:13,430 --> 00:25:11,279

is also the author of the book's big

731

00:25:15,590 --> 00:25:13,440

bird modern sightings of flying monsters

732

00:25:17,190 --> 00:25:15,600

and encounters with flying humanoids

733

00:25:18,789 --> 00:25:17,200

and ken welcome to the show tonight your

734

00:25:19,909 --> 00:25:18,799

first time on arcane radio

735

00:25:22,070 --> 00:25:19,919

and the first time we didn't have to

736

00:25:24,149 --> 00:25:22,080

cancel on you

737

00:25:26,149 --> 00:25:24,159

well we finally got it together didn't

738

00:25:29,269 --> 00:25:26,159

we

739

00:25:32,789 --> 00:25:29,279

turned out okay

740

00:25:33,990 --> 00:25:32,799

um as far as uh the last time so i was

741

00:25:36,950 --> 00:25:34,000

very happy to hear that

742

00:25:37,990 --> 00:25:36,960

um as far as on your end um but yeah

743

00:25:40,230 --> 00:25:38,000

it's great to be here

744

00:25:41,110 --> 00:25:40,240

uh it's good to be here a fan of the

745

00:25:43,110 --> 00:25:41,120

show and

746

00:25:44,870 --> 00:25:43,120

i'm ready to talk about cryptids and

747

00:25:46,789 --> 00:25:44,880

other weird creatures

748

00:25:48,549 --> 00:25:46,799

well we got some cryptids to talk about

749

00:25:49,909 --> 00:25:48,559

elon's been chasing one up here in

750

00:25:51,110 --> 00:25:49,919

pennsylvania and i'm sure he'll get to

751
00:25:52,549 --> 00:25:51,120
that in a little bit but

752
00:25:54,830 --> 00:25:52,559
go ahead lawn i know you're chomping at

753
00:25:58,630 --> 00:25:54,840
the bed well you know i

754
00:25:59,590 --> 00:25:58,640
i i'm sure uh i'm sure ken does what i'm

755
00:26:01,990 --> 00:25:59,600
talking about

756
00:26:03,510 --> 00:26:02,000
these dog man or mine i don't even want

757
00:26:06,710 --> 00:26:03,520
to call dog man but these

758
00:26:09,510 --> 00:26:06,720
lycan or bipedal

759
00:26:09,990 --> 00:26:09,520
uh canine sightings that have been

760
00:26:13,269 --> 00:26:10,000
popping

761
00:26:14,870 --> 00:26:13,279
up well a lot of different places and

762
00:26:17,110 --> 00:26:14,880
you know what's been going on what's

763
00:26:19,990 --> 00:26:17,120

your what's your assessment on this

764

00:26:20,630 --> 00:26:20,000

ken well you know it's interesting you

765

00:26:24,310 --> 00:26:20,640

know obviously

766

00:26:25,510 --> 00:26:24,320

uh linda godfrey uh you mentioned you

767

00:26:27,190 --> 00:26:25,520

know she's been documenting it for

768

00:26:28,950 --> 00:26:27,200

decades and she's really done more than

769

00:26:30,390 --> 00:26:28,960

anyone else in terms of

770

00:26:32,149 --> 00:26:30,400

showing that there's been a consistent

771

00:26:33,350 --> 00:26:32,159

pattern of sightings that go backwards

772

00:26:34,710 --> 00:26:33,360

but you're right it does seem like

773

00:26:36,870 --> 00:26:34,720

we're getting a lot more sightings

774

00:26:38,950 --> 00:26:36,880

lately and uh

775

00:26:40,789 --> 00:26:38,960

you know you can't discount the uh the

776

00:26:42,950 --> 00:26:40,799

human factor which is

777

00:26:44,710 --> 00:26:42,960

uh you know is it the fact that we're

778

00:26:46,070 --> 00:26:44,720

basically more in tune with this dog man

779

00:26:47,750 --> 00:26:46,080

phenomenon now that we are

780

00:26:49,669 --> 00:26:47,760

hearing about more sightings more people

781

00:26:50,950 --> 00:26:49,679

are aware of it maybe more people are

782

00:26:52,710 --> 00:26:50,960

coming out of the closet with their

783

00:26:53,590 --> 00:26:52,720

sightings because there's a climate for

784

00:26:56,070 --> 00:26:53,600

that

785

00:26:57,669 --> 00:26:56,080

um you know or is it you know one of

786

00:27:00,070 --> 00:26:57,679

those kind of helium

787

00:27:02,390 --> 00:27:00,080

things where you've got different waves

788

00:27:05,430 --> 00:27:02,400

or time periods where there seem to be

789

00:27:07,269 --> 00:27:05,440

uh you know occurrences of weirdness

790

00:27:08,470 --> 00:27:07,279

and strange things going on more than

791

00:27:11,669 --> 00:27:08,480

usual so

792

00:27:13,269 --> 00:27:11,679

to speak um you know so

793

00:27:14,710 --> 00:27:13,279

you know it's hard to say but i think

794

00:27:16,470 --> 00:27:14,720

the awareness is a good thing

795

00:27:18,789 --> 00:27:16,480

because it seems like there's definitely

796

00:27:20,710 --> 00:27:18,799

something behind the sightings i mean

797

00:27:22,389 --> 00:27:20,720

uh from what i understand that you know

798

00:27:23,909 --> 00:27:22,399

the eyewitnesses are

799

00:27:25,990 --> 00:27:23,919

clearly describing something that's not

800

00:27:26,549 --> 00:27:26,000

your traditional bigfoot or sasquatch i

801
00:27:28,710 --> 00:27:26,559
mean

802
00:27:30,870 --> 00:27:28,720
you know like like you said a bipedal

803
00:27:33,750 --> 00:27:30,880
canine you know an elongated snout

804
00:27:35,750 --> 00:27:33,760
and uh presumably a long bushy tail and

805
00:27:39,669 --> 00:27:35,760
you know other k9 features so

806
00:27:41,350 --> 00:27:39,679
it's pretty weird yeah i'm uh

807
00:27:43,269 --> 00:27:41,360
you know we're and we're going to be

808
00:27:45,750 --> 00:27:43,279
investigating well uh

809
00:27:47,110 --> 00:27:45,760
butch and some others are going to be um

810
00:27:50,870 --> 00:27:47,120
butch wikowski

811
00:27:52,710 --> 00:27:50,880
is going to be investigating uh

812
00:27:55,029 --> 00:27:52,720
the boots on the ground in about two

813
00:27:56,870 --> 00:27:55,039

weeks he told me tonight

814

00:27:58,389 --> 00:27:56,880

so uh you know they're going to be

815

00:27:59,430 --> 00:27:58,399

coming up there and i'm you know i'm

816

00:28:03,110 --> 00:27:59,440

digging for

817

00:28:06,230 --> 00:28:03,120

sightings in the general area uh

818

00:28:09,110 --> 00:28:06,240

but yeah i you know i had this this

819

00:28:10,149 --> 00:28:09,120

one sighting that was reported to me by

820

00:28:12,710 --> 00:28:10,159

uh

821

00:28:13,510 --> 00:28:12,720

by stan gordon and sent to me from him

822

00:28:16,389 --> 00:28:13,520

uh about that

823

00:28:17,350 --> 00:28:16,399

sighting in lakewood just outside of uh

824

00:28:20,070 --> 00:28:17,360

denver

825

00:28:21,029 --> 00:28:20,080

and you know we have no idea what that

826

00:28:23,510 --> 00:28:21,039

is though

827

00:28:24,630 --> 00:28:23,520

jc kind of believes that it is an actual

828

00:28:27,350 --> 00:28:24,640

being

829

00:28:28,389 --> 00:28:27,360

uh and just because of the topography

830

00:28:30,070 --> 00:28:28,399

and some of the

831

00:28:31,830 --> 00:28:30,080

you know the ability for this thing to

832

00:28:33,750 --> 00:28:31,840

be able to survive with

833

00:28:35,269 --> 00:28:33,760

food and shelter and everything in that

834

00:28:36,789 --> 00:28:35,279

area um

835

00:28:38,389 --> 00:28:36,799

i mean of course you know pennsylvania

836

00:28:39,510 --> 00:28:38,399

is the same way and some of these other

837

00:28:42,389 --> 00:28:39,520

sightings

838

00:28:44,070 --> 00:28:42,399

that have been a lot of them mostly in

839

00:28:46,950 --> 00:28:44,080

southern ontario

840

00:28:48,230 --> 00:28:46,960

manitoba alberta you know these are

841

00:28:50,230 --> 00:28:48,240

areas that are

842

00:28:51,510 --> 00:28:50,240

you know thickly forested and have a lot

843

00:28:54,310 --> 00:28:51,520

of game

844

00:28:54,789 --> 00:28:54,320

available to you know to these creatures

845

00:28:56,870 --> 00:28:54,799

so

846

00:28:58,470 --> 00:28:56,880

um yeah i'm not kind of i'm not

847

00:29:00,870 --> 00:28:58,480

surprised that just think

848

00:29:02,070 --> 00:29:00,880

people are actually making reports it's

849

00:29:04,149 --> 00:29:02,080

just that

850

00:29:06,230 --> 00:29:04,159

you know now we're getting a whole slew

851
00:29:09,590 --> 00:29:06,240
of them and uh

852
00:29:10,870 --> 00:29:09,600
you know it is fascinating so uh you

853
00:29:12,710 --> 00:29:10,880
know i don't have many of

854
00:29:14,710 --> 00:29:12,720
these type of creatures i know you've

855
00:29:17,269 --> 00:29:14,720
done some werewolf research

856
00:29:17,909 --> 00:29:17,279
but uh how many you've you know if

857
00:29:21,269 --> 00:29:17,919
you've

858
00:29:24,870 --> 00:29:21,279
the southwest area

859
00:29:25,269 --> 00:29:24,880
down in texas and mexico absolutely you

860
00:29:27,029 --> 00:29:25,279
know

861
00:29:28,630 --> 00:29:27,039
along those lines i do have a sort of

862
00:29:30,230 --> 00:29:28,640
interrupt line but i do have a contact

863
00:29:32,789 --> 00:29:30,240

in south america

864

00:29:33,350 --> 00:29:32,799

down in brazil who's been investigating

865

00:29:35,750 --> 00:29:33,360

there

866

00:29:37,190 --> 00:29:35,760

and uh just like up here they have kind

867

00:29:38,389 --> 00:29:37,200

of this increased occurrence of what

868

00:29:40,470 --> 00:29:38,399

they call the lobazon

869

00:29:41,510 --> 00:29:40,480

which is basically a a werewolf for a

870

00:29:43,350 --> 00:29:41,520

dog man and

871

00:29:44,870 --> 00:29:43,360

he's sending me new reports all the time

872

00:29:47,110 --> 00:29:44,880

so it's specifically

873

00:29:48,549 --> 00:29:47,120

parts of brazil and argentina so it

874

00:29:49,350 --> 00:29:48,559

seems to be concurrent with what's going

875

00:29:52,710 --> 00:29:49,360

on up here in

876

00:29:55,269 --> 00:29:52,720

north america oh that's interesting

877

00:29:57,830 --> 00:29:55,279

well let's talk about michigan alaska

878

00:30:01,909 --> 00:29:57,840

how did you get drawn into missing in

879

00:30:04,549 --> 00:30:01,919

esca well uh

880

00:30:05,590 --> 00:30:04,559

thanks for thanks for taking it so

881

00:30:08,630 --> 00:30:05,600

delicately

882

00:30:09,990 --> 00:30:08,640

um you know i'll be honest with you ron

883

00:30:10,470 --> 00:30:10,000

i've been you know for the past several

884

00:30:12,549 --> 00:30:10,480

years

885

00:30:13,669 --> 00:30:12,559

i've been involved in several uh

886

00:30:17,350 --> 00:30:13,679

attempts to

887

00:30:20,710 --> 00:30:17,360

pitch uh a cryptozoology or or

888

00:30:21,110 --> 00:30:20,720

you know otherwise uh paranormal based

889

00:30:24,950 --> 00:30:21,120

type

890

00:30:26,630 --> 00:30:24,960

show to major networks and uh it's a

891

00:30:27,909 --> 00:30:26,640

tough sell in some levels you know there

892

00:30:28,789 --> 00:30:27,919

have been a few that have broken through

893

00:30:30,950 --> 00:30:28,799

done really well

894

00:30:32,389 --> 00:30:30,960

obviously uh the ghost hunters the

895

00:30:35,590 --> 00:30:32,399

original ghost hunter show

896

00:30:37,830 --> 00:30:35,600

and uh finding bigfoot's been doing well

897

00:30:39,029 --> 00:30:37,840

and you know river monsters and certain

898

00:30:40,549 --> 00:30:39,039

shows like that that have

899

00:30:42,950 --> 00:30:40,559

you know a little bit more of a

900

00:30:44,870 --> 00:30:42,960

different spin but uh it's been tough

901
00:30:45,190 --> 00:30:44,880
kind of kind of selling different ideas

902
00:30:46,710 --> 00:30:45,200
and

903
00:30:48,470 --> 00:30:46,720
you know it's weird it's a weird

904
00:30:51,510 --> 00:30:48,480
business first of all as you could as

905
00:30:54,470 --> 00:30:51,520
you might imagine so you have like these

906
00:30:55,590 --> 00:30:54,480
uh kind of conflicting attitudes like

907
00:30:57,430 --> 00:30:55,600
sometimes people are like well they're

908
00:30:57,909 --> 00:30:57,440
afraid to take chances and try new

909
00:31:00,070 --> 00:30:57,919
things

910
00:31:01,509 --> 00:31:00,080
but on the other hand it's like you know

911
00:31:03,110 --> 00:31:01,519
they're afraid to stick with new

912
00:31:04,470 --> 00:31:03,120
the same old things they have to try

913
00:31:06,230 --> 00:31:04,480

anything you know it's like they never

914

00:31:09,029 --> 00:31:06,240

know exactly what they want but

915

00:31:09,590 --> 00:31:09,039

uh bottom line is uh you know eventually

916

00:31:11,669 --> 00:31:09,600

uh

917

00:31:12,789 --> 00:31:11,679

a production company contacted me and

918

00:31:15,110 --> 00:31:12,799

said you know we have an

919

00:31:15,990 --> 00:31:15,120

idea that's on the next level which

920

00:31:19,029 --> 00:31:16,000

means that

921

00:31:20,230 --> 00:31:19,039

the network is gonna buy it and um

922

00:31:21,990 --> 00:31:20,240

you know first thing they mentioned was

923

00:31:23,590 --> 00:31:22,000

alaska and i was pretty much sold at

924

00:31:25,350 --> 00:31:23,600

that point because alaska's been on my

925

00:31:26,230 --> 00:31:25,360

bucket list forever i mean talk about a

926
00:31:29,590 --> 00:31:26,240
place with

927
00:31:32,310 --> 00:31:29,600
with tons of potential in terms of just

928
00:31:33,110 --> 00:31:32,320
you know area wilderness area habitat

929
00:31:35,509 --> 00:31:33,120
and you know

930
00:31:37,110 --> 00:31:35,519
and so forth kind of the last frontier

931
00:31:40,549 --> 00:31:37,120
and um

932
00:31:42,230 --> 00:31:40,559
you know moreover they um they seem to

933
00:31:44,070 --> 00:31:42,240
they said they wanted to do something a

934
00:31:44,710 --> 00:31:44,080
little bit more scientific in terms of

935
00:31:47,350 --> 00:31:44,720
presenting

936
00:31:49,190 --> 00:31:47,360
the viewer with lots of information and

937
00:31:50,630 --> 00:31:49,200
uh you know maybe doing some recreations

938
00:31:53,190 --> 00:31:50,640

and some dramatic things for

939

00:31:53,669 --> 00:31:53,200

you know uh to kind of build it up a

940

00:31:57,269 --> 00:31:53,679

little bit

941

00:31:58,710 --> 00:31:57,279

but um uh so anyways that was it and uh

942

00:32:00,310 --> 00:31:58,720

you know it was kind of a whirlwind i

943

00:32:02,630 --> 00:32:00,320

think they had picked out another guy

944

00:32:05,190 --> 00:32:02,640

uh before me and for whatever reason he

945

00:32:07,110 --> 00:32:05,200

couldn't do it so i was just

946

00:32:10,230 --> 00:32:07,120

it was the clear second or third choice

947

00:32:15,750 --> 00:32:13,350

no anyways it's a great show man

948

00:32:16,549 --> 00:32:15,760

made fast friends um the three of us on

949

00:32:18,070 --> 00:32:16,559

the team we

950

00:32:20,070 --> 00:32:18,080

never met before the show they kind of

951

00:32:22,470 --> 00:32:20,080

brought us all together but jack is a

952

00:32:26,149 --> 00:32:22,480

private investigator from arizona

953

00:32:27,750 --> 00:32:26,159

and uh he's a kind of more of a

954

00:32:30,389 --> 00:32:27,760

kind of a skeptical kind of by the

955

00:32:32,710 --> 00:32:30,399

numbers kind of guy but he's open-minded

956

00:32:33,750 --> 00:32:32,720

and uh then there's tommy tommy joseph

957

00:32:35,990 --> 00:32:33,760

he's a famous

958

00:32:37,590 --> 00:32:36,000

uh native harbor up there he's according

959

00:32:39,990 --> 00:32:37,600

it and um

960

00:32:41,830 --> 00:32:40,000

plenty of people and he's uh famous

961

00:32:44,549 --> 00:32:41,840

carver of totem poles but he's also

962

00:32:46,230 --> 00:32:44,559

he knows a lot about the legends and the

963

00:32:48,389 --> 00:32:46,240

lay of land alaska so they kind of just

964

00:32:49,990 --> 00:32:48,399

put us together and gave us a list of

965

00:32:52,389 --> 00:32:50,000

mysteries to investigate and

966

00:32:53,909 --> 00:32:52,399

obviously all of the uh the mysteries of

967

00:32:56,630 --> 00:32:53,919

the investigator also trying to

968

00:32:58,149 --> 00:32:56,640

tie to the greater mystery which is why

969

00:32:59,110 --> 00:32:58,159

are there so many missing people in

970

00:33:01,350 --> 00:32:59,120

alaska

971

00:33:02,789 --> 00:33:01,360

uh in relation to you know other places

972

00:33:04,950 --> 00:33:02,799

in the united states

973

00:33:06,149 --> 00:33:04,960

um i forget the you know i've heard so

974

00:33:07,430 --> 00:33:06,159

many different versions of the

975

00:33:08,950 --> 00:33:07,440

statistics but

976

00:33:10,789 --> 00:33:08,960

you know essentially it's like two out

977

00:33:12,389 --> 00:33:10,799

of every thousand people go missing or

978

00:33:14,950 --> 00:33:12,399

something like that every year so

979

00:33:16,710 --> 00:33:14,960

a lot of missing it's pretty

980

00:33:18,149 --> 00:33:16,720

mind-boggling you know and uh you know

981

00:33:19,269 --> 00:33:18,159

of course many of them are found you

982

00:33:21,750 --> 00:33:19,279

know there are a number of reasons

983

00:33:24,630 --> 00:33:21,760

hazardous reasons why alaska could

984

00:33:25,990 --> 00:33:24,640

uh you know could be a treacherous place

985

00:33:29,029 --> 00:33:26,000

inclement whatever

986

00:33:30,950 --> 00:33:29,039

dangerous beasts uh you know

987

00:33:32,470 --> 00:33:30,960

mountains and you know glaciers and all

988

00:33:34,710 --> 00:33:32,480

kinds of things so

989

00:33:36,149 --> 00:33:34,720

um but you know that's it basically so

990

00:33:37,830 --> 00:33:36,159

you know i think the the network like

991

00:33:39,669 --> 00:33:37,840

this idea that was in alaska because

992

00:33:41,110 --> 00:33:39,679

obviously alaska is very popular right

993

00:33:42,549 --> 00:33:41,120

now in television world

994

00:33:44,789 --> 00:33:42,559

uh they like the fact that we were going

995

00:33:46,230 --> 00:33:44,799

to diversify our portfolio and cover a

996

00:33:49,509 --> 00:33:46,240

range of topics

997

00:33:51,269 --> 00:33:49,519

and um you know ultimately they uh

998

00:33:53,110 --> 00:33:51,279

they wanted to do some of the crypto

999

00:33:53,590 --> 00:33:53,120

stuff and this gave us a chance to do

1000

00:33:57,509 --> 00:33:53,600

some

1001
00:33:59,509 --> 00:33:57,519
rest refreshing thing about the show is

1002
00:34:01,509 --> 00:33:59,519
that you are tackling more than just

1003
00:34:02,630 --> 00:34:01,519
some cryptozoological topics you've got

1004
00:34:04,870 --> 00:34:02,640
a wide

1005
00:34:05,990 --> 00:34:04,880
range of topics that you're covering and

1006
00:34:07,669 --> 00:34:06,000
you're going to cover but just

1007
00:34:09,669 --> 00:34:07,679
because i just watched the episode on

1008
00:34:12,790 --> 00:34:09,679
the herring hairy man

1009
00:34:14,230 --> 00:34:12,800
what was the uh i guess the story that

1010
00:34:14,950 --> 00:34:14,240
stood out the most for you that's like

1011
00:34:16,310 --> 00:34:14,960
man

1012
00:34:19,190 --> 00:34:16,320
there's got to be something to this

1013
00:34:21,030 --> 00:34:19,200

hairy man in alaska

1014

00:34:22,550 --> 00:34:21,040

well um you know they didn't really

1015

00:34:25,030 --> 00:34:22,560

unfortunately didn't

1016

00:34:26,389 --> 00:34:25,040

didn't get uh a lot of dr robert alley

1017

00:34:30,629 --> 00:34:26,399

into the episode but

1018

00:34:31,750 --> 00:34:30,639

uh he is the uh alaska's foremost expert

1019

00:34:33,669 --> 00:34:31,760

on the soft squatch

1020

00:34:36,950 --> 00:34:33,679

brilliant guy

1021

00:34:40,470 --> 00:34:39,349

i'm sorry he wrote raincoat sasquatch

1022

00:34:42,310 --> 00:34:40,480

right

1023

00:34:44,710 --> 00:34:42,320

softwatch and he's got a second book

1024

00:34:47,909 --> 00:34:44,720

that uh that he's about to release

1025

00:34:49,750 --> 00:34:47,919

and uh i mean he's an anthropology an

1026
00:34:51,270 --> 00:34:49,760
anthropologist but he also is an expert

1027
00:34:53,109 --> 00:34:51,280
in linguists and uh

1028
00:34:54,950 --> 00:34:53,119
linguistics and different things anyways

1029
00:34:55,909 --> 00:34:54,960
but he he just gave me a lot of

1030
00:34:57,750 --> 00:34:55,919
information

1031
00:34:59,190 --> 00:34:57,760
we spent a lot of time together and just

1032
00:35:00,550 --> 00:34:59,200
you know sharing a lot of the accounts

1033
00:35:02,950 --> 00:35:00,560
that he collected

1034
00:35:05,670 --> 00:35:02,960
um you know there's so many different

1035
00:35:09,030 --> 00:35:05,680
native names for the hairy man affair

1036
00:35:12,120 --> 00:35:09,040
uh there's uh acoustica

1037
00:35:13,910 --> 00:35:12,130
and the aru attack and urakule and

1038
00:35:16,069 --> 00:35:13,920

[Music]

1039

00:35:17,990 --> 00:35:16,079

nantina gagit so they all basically mean

1040

00:35:19,510 --> 00:35:18,000

the same thing which is a big wild hairy

1041

00:35:21,190 --> 00:35:19,520

man that lives out in the woods

1042

00:35:22,710 --> 00:35:21,200

so i mean it's pretty obvious what all

1043

00:35:23,670 --> 00:35:22,720

these different cultures are talking

1044

00:35:25,349 --> 00:35:23,680

about

1045

00:35:27,349 --> 00:35:25,359

so i mean you know the first thing

1046

00:35:30,470 --> 00:35:27,359

that's really compelling i think is that

1047

00:35:30,870 --> 00:35:30,480

you know alaska is right there in terms

1048

00:35:32,390 --> 00:35:30,880

of

1049

00:35:33,910 --> 00:35:32,400

you know there was a land bridge that

1050

00:35:34,950 --> 00:35:33,920

connected asia and north america

1051

00:35:37,589 --> 00:35:34,960

obviously

1052

00:35:39,510 --> 00:35:37,599

uh back during the last uh ice age

1053

00:35:39,990 --> 00:35:39,520

probably about up to 11 000 years ago or

1054

00:35:43,270 --> 00:35:40,000

so

1055

00:35:44,870 --> 00:35:43,280

coming over here from asia in terms of

1056

00:35:45,430 --> 00:35:44,880

different animal species you know that

1057

00:35:48,310 --> 00:35:45,440

for a fact

1058

00:35:48,870 --> 00:35:48,320

so um you know why not something from

1059

00:35:51,030 --> 00:35:48,880

asia

1060

00:35:52,870 --> 00:35:51,040

that you know walked on two legs and was

1061

00:35:54,870 --> 00:35:52,880

more of the you know the hominoid family

1062

00:35:59,589 --> 00:35:54,880

and that's perfectly plausible that's

1063

00:36:03,109 --> 00:35:59,599

we noticed a lot of fossil

1064

00:36:04,870 --> 00:36:03,119

you know i had i had heard the uh

1065

00:36:06,150 --> 00:36:04,880

the tales coming out of the canyon

1066

00:36:09,910 --> 00:36:06,160

peninsula

1067

00:36:11,109 --> 00:36:09,920

uh for years but you know this hairy man

1068

00:36:13,910 --> 00:36:11,119

phenomena

1069

00:36:17,349 --> 00:36:13,920

seems to be in different areas than

1070

00:36:20,390 --> 00:36:18,790

we dropped and we'll get them back here

1071

00:36:23,829 --> 00:36:20,400

real quick

1072

00:36:28,230 --> 00:36:25,430

when we find something better that works

1073

00:36:28,240 --> 00:36:34,150

and we're just getting good come on

1074

00:36:40,470 --> 00:36:35,750

folks if you ever thought about becoming

1075

00:36:41,670 --> 00:36:40,480

a podcast host don't this is the

1076

00:36:43,349 --> 00:36:41,680

anti-climatic part

1077

00:36:45,109 --> 00:36:43,359

of what we do so anyhow he was talking

1078

00:36:47,270 --> 00:36:45,119

about rainco sasquatch

1079

00:36:48,470 --> 00:36:47,280

or a dr robert alley and i recognized

1080

00:36:50,069 --> 00:36:48,480

the name from the book raincoat

1081

00:36:50,710 --> 00:36:50,079

sasquatch and it's one i've been trying

1082

00:36:52,630 --> 00:36:50,720

to get

1083

00:36:54,470 --> 00:36:52,640

my hands on for some time long and i

1084

00:36:55,750 --> 00:36:54,480

haven't been able to get my hands on it

1085

00:36:57,589 --> 00:36:55,760

because it's been selling at a pretty

1086

00:36:59,349 --> 00:36:57,599

ridiculous price

1087

00:37:01,670 --> 00:36:59,359

yeah it is it's not cheap i've been

1088

00:37:03,910 --> 00:37:01,680

advertising it for a while now

1089

00:37:06,829 --> 00:37:03,920

and uh it is i don't know if you can

1090

00:37:08,150 --> 00:37:06,839

find a second one in somewhere or not

1091

00:37:10,310 --> 00:37:08,160

but

1092

00:37:11,750 --> 00:37:10,320

you know go figure every time it's the

1093

00:37:14,630 --> 00:37:11,760

same thing with bill bean

1094

00:37:15,430 --> 00:37:14,640

you know we every time yeah bill bean's

1095

00:37:17,109 --> 00:37:15,440

another one you

1096

00:37:18,870 --> 00:37:17,119

you know we just have problems with when

1097

00:37:20,470 --> 00:37:18,880

we talk

1098

00:37:23,109 --> 00:37:20,480

no we're i'm not giving up yet so we'll

1099

00:37:26,550 --> 00:37:23,119

just keep talking here until we get uh

1100

00:37:28,100 --> 00:37:26,560

ken back figures when i

1101

00:37:32,870 --> 00:37:28,110

ask a question

1102

00:37:36,310 --> 00:37:34,550

funny how as soon as we get him back on

1103

00:37:37,750 --> 00:37:36,320

the show i mean we're going to get him

1104

00:37:39,829 --> 00:37:37,760

back in the program here eventually at

1105

00:37:41,670 --> 00:37:39,839

some point the wonders of technology

1106

00:37:43,030 --> 00:37:41,680

uh but i guess we can keep going with

1107

00:37:44,069 --> 00:37:43,040

what we were talking about you know he

1108

00:37:46,230 --> 00:37:44,079

is talking about the

1109

00:37:48,790 --> 00:37:46,240

you know what do you say two for every 1

1110

00:37:50,950 --> 00:37:48,800

000 people missy in alaska

1111

00:37:52,790 --> 00:37:50,960

yeah i've uh you know i wasn't really

1112

00:37:55,750 --> 00:37:52,800

aware of that number

1113

00:37:57,270 --> 00:37:55,760

until several years ago when that movie

1114

00:37:59,270 --> 00:37:57,280

um

1115

00:38:00,870 --> 00:37:59,280

uh the fourth kind is that what the name

1116

00:38:04,230 --> 00:38:00,880

of it was uh

1117

00:38:06,150 --> 00:38:04,240

from noaa yeah yeah and yeah

1118

00:38:08,069 --> 00:38:06,160

and uh they were talking about how many

1119

00:38:09,030 --> 00:38:08,079

people had you've been missing in the

1120

00:38:10,710 --> 00:38:09,040

gnome

1121

00:38:12,550 --> 00:38:10,720

and and i wasn't sure if that was

1122

00:38:13,510 --> 00:38:12,560

actually true or not because you know of

1123

00:38:16,150 --> 00:38:13,520

course

1124

00:38:17,109 --> 00:38:16,160

they they kind of jack things up when

1125

00:38:20,470 --> 00:38:17,119

you

1126

00:38:22,150 --> 00:38:20,480

got to get the statistics uh

1127

00:38:23,750 --> 00:38:22,160

skewed when they're doing a movie and

1128

00:38:26,390 --> 00:38:23,760

promoting it

1129

00:38:27,190 --> 00:38:26,400

but uh you know i did hear on later that

1130

00:38:31,349 --> 00:38:27,200

you know this

1131

00:38:34,230 --> 00:38:31,359

about this alaskan triangle and uh

1132

00:38:36,230 --> 00:38:34,240

how many weird things happen there all

1133

00:38:37,990 --> 00:38:36,240

kinds of weather anomalies

1134

00:38:39,430 --> 00:38:38,000

and of course a lot of planes that go

1135

00:38:42,870 --> 00:38:39,440

down a lot of people

1136

00:38:47,589 --> 00:38:42,880

go missing um

1137

00:38:50,870 --> 00:38:47,599

it it really is strange and uh you know

1138

00:38:53,349 --> 00:38:50,880

if you if you watch the three episodes

1139

00:38:54,230 --> 00:38:53,359

they do take uh they do take everything

1140

00:38:55,990 --> 00:38:54,240

in account

1141

00:38:57,270 --> 00:38:56,000

and i might i'm just i'm also talking

1142

00:39:00,470 --> 00:38:57,280

about made possible

1143

00:39:03,510 --> 00:39:00,480

and abduction because uh there have been

1144

00:39:06,230 --> 00:39:03,520

sightings of uh there have been

1145

00:39:09,190 --> 00:39:06,240

sightings of a lot of ufos and

1146

00:39:11,270 --> 00:39:09,200

some strange lights and a lot of other

1147

00:39:14,630 --> 00:39:11,280

strange things going on people just

1148

00:39:17,750 --> 00:39:14,640

disappearing all of a sudden uh you know

1149

00:39:19,109 --> 00:39:17,760

not unlike the uh delanc atlantic or

1150

00:39:22,950 --> 00:39:19,119

whatever that

1151
00:39:27,670 --> 00:39:25,190
situation was over in russia years ago

1152
00:39:29,589 --> 00:39:27,680
when now they did find the bodies

1153
00:39:31,589 --> 00:39:29,599
but you know they had no idea what

1154
00:39:35,030 --> 00:39:31,599
happened but they all looked fast

1155
00:39:36,950 --> 00:39:35,040
yeah they and they uh you know

1156
00:39:39,349 --> 00:39:36,960
that's an enigma nobody knows anything

1157
00:39:41,270 --> 00:39:39,359
about there's a lot of speculation

1158
00:39:43,190 --> 00:39:41,280
that possibly it was a bigfoot or you

1159
00:39:47,430 --> 00:39:43,200
know it could have been

1160
00:39:49,230 --> 00:39:47,440
you know a non-terrestrial incident so

1161
00:39:50,790 --> 00:39:49,240
you know i don't know you and your

1162
00:39:55,670 --> 00:39:50,800
non-terrestrials

1163
00:39:58,230 --> 00:39:55,680

yes extraterrestrials

1164

00:39:59,349 --> 00:39:58,240

multi-terrestrial multi-terrestrials uh

1165

00:40:02,310 --> 00:39:59,359

what was the other one use

1166

00:40:03,670 --> 00:40:02,320

ultra territory that the ultra

1167

00:40:06,550 --> 00:40:03,680

terrestrials is my favorite because

1168

00:40:10,309 --> 00:40:06,560

that's like a super powered terrestrial

1169

00:40:12,870 --> 00:40:10,319

ultraman is an ultra-terrestrial

1170

00:40:13,589 --> 00:40:12,880

hope nothing happened to ken well i hope

1171

00:40:15,430 --> 00:40:13,599

not i mean

1172

00:40:17,430 --> 00:40:15,440

yeah i'm still trying i'm not going to

1173

00:40:20,790 --> 00:40:17,440

give up you know me uh

1174

00:40:22,069 --> 00:40:20,800

he never knew when to quit but

1175

00:40:23,510 --> 00:40:22,079

we're going to try to get him back his

1176

00:40:24,710 --> 00:40:23,520

phone just dropped off is that what

1177

00:40:26,150 --> 00:40:24,720

happened yeah it just

1178

00:40:27,750 --> 00:40:26,160

dropped off and now i'm trying to call

1179

00:40:29,270 --> 00:40:27,760

back and we're not uh

1180

00:40:31,190 --> 00:40:29,280

i don't know if it's dialing out let me

1181

00:40:32,710 --> 00:40:31,200

do something here the folks are going to

1182

00:40:34,550 --> 00:40:32,720

have to listen to me for just a second

1183

00:40:36,390 --> 00:40:34,560

i'm actually going to

1184

00:40:39,030 --> 00:40:36,400

just restart skype here quickly on so

1185

00:40:42,150 --> 00:40:39,040

they're going to drop you off

1186

00:40:47,589 --> 00:40:45,829

a pain but you still have me going

1187

00:40:48,230 --> 00:40:47,599

through folks and as we try to make

1188

00:40:50,390 --> 00:40:48,240

through this

1189

00:40:52,150 --> 00:40:50,400

but yeah i guess one out of uh that's

1190

00:40:53,670 --> 00:40:52,160

one out of every 500 people disappearing

1191

00:40:54,870 --> 00:40:53,680

in alaska and i don't like those odds

1192

00:40:57,190 --> 00:40:54,880

because uh

1193

00:40:58,230 --> 00:40:57,200

i definitely would not like to go to

1194

00:41:01,430 --> 00:40:58,240

last gonna be one of those

1195

00:41:03,510 --> 00:41:01,440

uh one out of 500 people that uh

1196

00:41:05,109 --> 00:41:03,520

that disappear and as while we're just

1197

00:41:06,470 --> 00:41:05,119

talking on the subject of missing and

1198

00:41:08,710 --> 00:41:06,480

i'm trying to get everybody back on here

1199

00:41:12,950 --> 00:41:08,720

so i'm multitasking so bear with me

1200

00:41:14,710 --> 00:41:12,960

uh david polite sent me an email that he

1201
00:41:16,950 --> 00:41:14,720
is releasing a new book he announced it

1202
00:41:18,870 --> 00:41:16,960
over the weekend missing 4-1-1

1203
00:41:20,630 --> 00:41:18,880
a sobering coincidence and says

1204
00:41:22,309 --> 00:41:20,640
coincidence it's this fifth book

1205
00:41:25,589 --> 00:41:22,319
now i have the first three missing form

1206
00:41:27,190 --> 00:41:25,599
and one and i've liked them very much

1207
00:41:28,470 --> 00:41:27,200
i've not uh got a chance to read the

1208
00:41:29,990 --> 00:41:28,480
fourth to pick that up the devils in the

1209
00:41:31,750 --> 00:41:30,000
details but the folks that have read it

1210
00:41:34,069 --> 00:41:31,760
have given me good feedback on it

1211
00:41:35,349 --> 00:41:34,079
and i'm interested to see what the

1212
00:41:36,950 --> 00:41:35,359
fourth and the fifth book hold a

1213
00:41:38,870 --> 00:41:36,960

sobering coincidence you can check that

1214

00:41:40,150 --> 00:41:38,880

out by going to uh david palladi's

1215

00:41:44,150 --> 00:41:40,160

website

1216

00:41:44,790 --> 00:41:44,160

uh i love adverts i'm not going to buy

1217

00:41:50,230 --> 00:41:44,800

your product

1218

00:41:53,349 --> 00:41:51,910

missing 401 a sobering coincidence like

1219

00:41:54,309 --> 00:41:53,359

i said go to his website we'll post it

1220

00:41:56,390 --> 00:41:54,319

in the chat room

1221

00:41:57,510 --> 00:41:56,400

put it on the website arcaneradio.com

1222

00:42:01,510 --> 00:41:57,520

where you can go

1223

00:42:02,790 --> 00:42:01,520

and find it he's also working on a uh i

1224

00:42:05,109 --> 00:42:02,800

believe a movie missing

1225

00:42:05,910 --> 00:42:05,119

4-1-1 the movie which should be pretty

1226

00:42:08,870 --> 00:42:05,920

interesting to see

1227

00:42:11,030 --> 00:42:08,880

all these something going on here these

1228

00:42:13,270 --> 00:42:11,040

uh

1229

00:42:14,630 --> 00:42:13,280

missing people clusters and and state

1230

00:42:17,510 --> 00:42:14,640

parks and national forests

1231

00:42:18,630 --> 00:42:17,520

national parks around the united states

1232

00:42:20,950 --> 00:42:18,640

around the world it's just

1233

00:42:22,790 --> 00:42:20,960

something that's not coincidental about

1234

00:42:24,550 --> 00:42:22,800

them and i think we have to really

1235

00:42:25,829 --> 00:42:24,560

uh read what david's putting out there

1236

00:42:27,750 --> 00:42:25,839

do our own critical thinking our own

1237

00:42:30,950 --> 00:42:27,760

analysis and and get involved

1238

00:42:32,470 --> 00:42:30,960

and see what's really really behind

1239

00:42:33,910 --> 00:42:32,480

these is there something more sinister

1240

00:42:37,109 --> 00:42:33,920

something more nefarious

1241

00:42:38,950 --> 00:42:37,119

that's causing these uh abductions these

1242

00:42:40,309 --> 00:42:38,960

missing these dismissing people these

1243

00:42:42,069 --> 00:42:40,319

disappearances

1244

00:42:43,550 --> 00:42:42,079

are they uh is it something

1245

00:42:45,910 --> 00:42:43,560

extraterrestrial is it something

1246

00:42:48,550 --> 00:42:45,920

cryptozoological is it something that uh

1247

00:42:51,270 --> 00:42:50,069

is it a person out there doing these

1248

00:42:52,309 --> 00:42:51,280

things i mean it'd have to be a pretty

1249

00:42:54,630 --> 00:42:52,319

busy person

1250

00:42:57,670 --> 00:42:54,640

but we can't rule that out either but

1251
00:43:00,710 --> 00:42:57,680
the missing 401 series definitely

1252
00:43:02,309 --> 00:43:00,720
well worth the interest if you can

1253
00:43:05,109 --> 00:43:02,319
take the time and devote to reading a

1254
00:43:06,790 --> 00:43:05,119
decent amount of information

1255
00:43:08,950 --> 00:43:06,800
a lot of books i'm surprised by how many

1256
00:43:10,870 --> 00:43:08,960
uh disappearance clusters there were in

1257
00:43:15,190 --> 00:43:10,880
my state of pennsylvania

1258
00:43:22,309 --> 00:43:18,309
what were we were we discussing

1259
00:43:24,069 --> 00:43:22,319
uh alaska blah blah blah

1260
00:43:25,589 --> 00:43:24,079
yeah there's a lot of cool stuff to

1261
00:43:27,430 --> 00:43:25,599
investigate up there but yeah we were

1262
00:43:28,069 --> 00:43:27,440
talking about uh how the show came to

1263
00:43:31,430 --> 00:43:28,079

fruition

1264

00:43:33,430 --> 00:43:31,440

and uh i'm i'm excited to announce uh

1265

00:43:35,910 --> 00:43:33,440

that after a brief hiatus

1266

00:43:38,230 --> 00:43:35,920

i just learned that we will be re-airing

1267

00:43:40,390 --> 00:43:38,240

on september 12th

1268

00:43:42,390 --> 00:43:40,400

on history two so that's history channel

1269

00:43:43,589 --> 00:43:42,400

two on september 12th

1270

00:43:46,069 --> 00:43:43,599

and they're going to be showing the

1271

00:43:47,829 --> 00:43:46,079

first three episodes that i've already

1272

00:43:48,230 --> 00:43:47,839

aired on history channel in addition to

1273

00:43:51,270 --> 00:43:48,240

four

1274

00:43:53,270 --> 00:43:51,280

brand new episodes uh all that day

1275

00:43:54,630 --> 00:43:53,280

well that's great i was i was wondering

1276

00:43:57,270 --> 00:43:54,640

when they were going to come back but

1277

00:43:57,910 --> 00:43:57,280

yeah i was i'm looking forward to it uh

1278

00:43:59,829 --> 00:43:57,920

you know you

1279

00:44:01,589 --> 00:43:59,839

you hadn't mentioned the the harry man

1280

00:44:04,150 --> 00:44:01,599

phenomena up there

1281

00:44:05,829 --> 00:44:04,160

and uh i think you were on the kenai

1282

00:44:08,230 --> 00:44:05,839

peninsula at one point

1283

00:44:08,870 --> 00:44:08,240

while you were there but i you know that

1284

00:44:11,190 --> 00:44:08,880

that has

1285

00:44:12,230 --> 00:44:11,200

that's the area where i have heard a lot

1286

00:44:15,109 --> 00:44:12,240

about this

1287

00:44:15,990 --> 00:44:15,119

this hairy man you know the sightings

1288

00:44:19,510 --> 00:44:16,000

and such

1289

00:44:23,430 --> 00:44:19,520

uh do they have any other type of weird

1290

00:44:27,589 --> 00:44:23,440

settings and especially in the triangle

1291

00:44:29,510 --> 00:44:27,599

um in terms of harry manning yeah

1292

00:44:31,109 --> 00:44:29,520

yeah there there have been uh within the

1293

00:44:33,030 --> 00:44:31,119

triangle you have a lot of sightings

1294

00:44:35,270 --> 00:44:33,040

kind of up in your fairbanks

1295

00:44:36,630 --> 00:44:35,280

kind of in the central part you have

1296

00:44:39,670 --> 00:44:36,640

sightings

1297

00:44:40,790 --> 00:44:39,680

um kind of on the border with the yukon

1298

00:44:42,630 --> 00:44:40,800

as well

1299

00:44:43,910 --> 00:44:42,640

and that's kind of close to the area

1300

00:44:45,430 --> 00:44:43,920

that we were uh

1301

00:44:47,829 --> 00:44:45,440

initially investigating the wrangle

1302

00:44:48,870 --> 00:44:47,839

single is national park which is kind of

1303

00:44:51,589 --> 00:44:48,880

up there

1304

00:44:52,630 --> 00:44:51,599

um east of anchorage and i guess closer

1305

00:44:55,589 --> 00:44:52,640

to the border with

1306

00:44:57,589 --> 00:44:55,599

canada there um you know there's also a

1307

00:44:59,990 --> 00:44:57,599

lot of sightings you know in the area

1308

00:45:01,750 --> 00:45:00,000

you know outside of the um quote unquote

1309

00:45:02,710 --> 00:45:01,760

triangle you have a lot of hairy man

1310

00:45:06,069 --> 00:45:02,720

sightings

1311

00:45:08,390 --> 00:45:06,079

uh down in the uh peninsula and

1312

00:45:09,670 --> 00:45:08,400

the areas around ketchikan and sitka

1313

00:45:12,150 --> 00:45:09,680

juno

1314

00:45:13,510 --> 00:45:12,160

kind of southeast alaska which makes

1315

00:45:14,230 --> 00:45:13,520

perfect sense right because you get a

1316

00:45:16,150 --> 00:45:14,240

whole

1317

00:45:17,270 --> 00:45:16,160

bunch of accounts down there in british

1318

00:45:20,550 --> 00:45:17,280

columbia

1319

00:45:22,710 --> 00:45:20,560

uh to the south as well um

1320

00:45:24,710 --> 00:45:22,720

now on the show uh if i remember

1321

00:45:27,270 --> 00:45:24,720

correctly you had a uh

1322

00:45:27,910 --> 00:45:27,280

you were kind of doing a stakeout i

1323

00:45:30,230 --> 00:45:27,920

guess that was

1324

00:45:31,349 --> 00:45:30,240

in canai the canaanite peninsula one

1325

00:45:33,349 --> 00:45:31,359

evening

1326

00:45:34,470 --> 00:45:33,359

uh and it seemed like you guys by

1327

00:45:36,230 --> 00:45:34,480

portland

1328

00:45:38,230 --> 00:45:36,240

yeah you seemed you got that's right

1329

00:45:39,430 --> 00:45:38,240

that's right and it seems you guys are

1330

00:45:45,030 --> 00:45:39,440

kind of

1331

00:45:46,710 --> 00:45:45,040

you think you ran into that night

1332

00:45:48,069 --> 00:45:46,720

man there's there's really the tongue on

1333

00:45:49,829 --> 00:45:48,079

i mean the thing is

1334

00:45:51,589 --> 00:45:49,839

the kenai has one of the largest

1335

00:45:52,790 --> 00:45:51,599

population densities in the world in

1336

00:45:54,470 --> 00:45:52,800

terms of bears

1337

00:45:56,309 --> 00:45:54,480

okay and there are bears all over the

1338

00:45:59,589 --> 00:45:56,319

place we found bear uh

1339

00:46:00,069 --> 00:45:59,599

tracks found some scat and other signs

1340

00:46:04,069 --> 00:46:00,079

so

1341

00:46:07,270 --> 00:46:04,079

definitely bear activity in that area

1342

00:46:08,710 --> 00:46:07,280

um now that being said we you know we

1343

00:46:10,950 --> 00:46:08,720

didn't

1344

00:46:11,910 --> 00:46:10,960

find definitive evidence in terms of a

1345

00:46:14,069 --> 00:46:11,920

hairy man so

1346

00:46:15,270 --> 00:46:14,079

hard to say if it could have been we

1347

00:46:16,230 --> 00:46:15,280

might have encountered something else

1348

00:46:19,030 --> 00:46:16,240

out there i mean

1349

00:46:20,230 --> 00:46:19,040

it really is hard to say but um you know

1350

00:46:22,230 --> 00:46:20,240

it's a pretty

1351
00:46:24,150 --> 00:46:22,240
pretty unnerving area like i said you're

1352
00:46:25,589 --> 00:46:24,160
pretty isolated out there there's a lot

1353
00:46:28,710 --> 00:46:25,599
of wildlife moving around

1354
00:46:30,309 --> 00:46:28,720
pretty dense brush um

1355
00:46:32,790 --> 00:46:30,319
so you know it's true we did have a

1356
00:46:35,510 --> 00:46:32,800
small crew of this but um you know it

1357
00:46:36,790 --> 00:46:35,520
it was still it was kind of a heroin

1358
00:46:38,950 --> 00:46:36,800
evening now

1359
00:46:40,390 --> 00:46:38,960
you know that being said the way that i

1360
00:46:41,430 --> 00:46:40,400
didn't put these tv shows together

1361
00:46:43,510 --> 00:46:41,440
sometimes

1362
00:46:45,349 --> 00:46:43,520
uh they have a tendency to kind of amp

1363
00:46:47,270 --> 00:46:45,359

things up a little bit even more

1364

00:46:49,510 --> 00:46:47,280

you know music and the way they added

1365

00:46:52,069 --> 00:46:49,520

and cut the new together and stuff

1366

00:46:53,270 --> 00:46:52,079

so we definitely heard some weird things

1367

00:46:56,470 --> 00:46:53,280

uh we definitely

1368

00:46:58,550 --> 00:46:56,480

smelled something and um

1369

00:47:00,069 --> 00:46:58,560

you know but we can't see defensively

1370

00:47:02,470 --> 00:47:00,079

you know we could have very well

1371

00:47:03,349 --> 00:47:02,480

you know been in uh bear territory there

1372

00:47:05,430 --> 00:47:03,359

and maybe

1373

00:47:08,550 --> 00:47:05,440

at least for my part not really being

1374

00:47:10,230 --> 00:47:08,560

around bears a lot you know it's uh

1375

00:47:12,390 --> 00:47:10,240

you know it's kind of a new experience

1376

00:47:15,510 --> 00:47:12,400

so to speak yeah

1377

00:47:16,870 --> 00:47:15,520

yeah i um i i thought it wasn't proud

1378

00:47:19,030 --> 00:47:16,880

though it was intense i thought the way

1379

00:47:20,630 --> 00:47:19,040

they caught it was very intense and uh

1380

00:47:22,390 --> 00:47:20,640

you know that might have been what they

1381

00:47:22,710 --> 00:47:22,400

did kind of like you said amped it up a

1382

00:47:25,190 --> 00:47:22,720

bit

1383

00:47:26,950 --> 00:47:25,200

but i was i was curious what you you

1384

00:47:30,230 --> 00:47:26,960

thought you'd run into

1385

00:47:30,790 --> 00:47:30,240

uh did you have any off-air incidents

1386

00:47:33,910 --> 00:47:30,800

that

1387

00:47:35,750 --> 00:47:33,920

you can talk about um

1388

00:47:37,190 --> 00:47:35,760

no i think they did a good job they

1389

00:47:38,630 --> 00:47:37,200

pretty much had cameras rolling on us

1390

00:47:40,470 --> 00:47:38,640

the whole time so there was nothing that

1391

00:47:42,230 --> 00:47:40,480

really happened out there that

1392

00:47:44,630 --> 00:47:42,240

i don't think that that was interesting

1393

00:47:47,670 --> 00:47:44,640

that they they caught on film now

1394

00:47:49,910 --> 00:47:47,680

we did have some engaging conversation

1395

00:47:51,270 --> 00:47:49,920

and you know granted most people aren't

1396

00:47:53,990 --> 00:47:51,280

going to probably

1397

00:47:54,870 --> 00:47:54,000

you know maybe tune in to that type of

1398

00:47:57,589 --> 00:47:54,880

stuff if it's

1399

00:47:59,270 --> 00:47:57,599

if it's prolonged conversation but uh

1400

00:48:01,030 --> 00:47:59,280

just sitting around kind of uh you know

1401
00:48:03,510 --> 00:48:01,040
on our stakeout sitting around the tent

1402
00:48:04,390 --> 00:48:03,520
and uh talking about all the evidence

1403
00:48:06,630 --> 00:48:04,400
and and you know

1404
00:48:08,069 --> 00:48:06,640
the potential for alaska there according

1405
00:48:10,630 --> 00:48:08,079
to tommy being native

1406
00:48:11,430 --> 00:48:10,640
alaskan uh his sister has actually had a

1407
00:48:13,510 --> 00:48:11,440
sighting

1408
00:48:14,630 --> 00:48:13,520
uh of a soft squatch so you know that's

1409
00:48:15,990 --> 00:48:14,640
i don't something i don't know if

1410
00:48:17,910 --> 00:48:16,000
that made it on the show or not but his

1411
00:48:21,349 --> 00:48:17,920
sisters actually had a sighting

1412
00:48:23,109 --> 00:48:21,359
uh he he'd never seen had a sighting he

1413
00:48:25,109 --> 00:48:23,119

knew a lot of people from his

1414

00:48:26,309 --> 00:48:25,119

uh area that had had sightings with the

1415

00:48:28,870 --> 00:48:26,319

hairy man as well

1416

00:48:30,230 --> 00:48:28,880

it did make it on the show oh that did

1417

00:48:31,510 --> 00:48:30,240

yeah i couldn't remember if it did or

1418

00:48:33,109 --> 00:48:31,520

not but um

1419

00:48:35,589 --> 00:48:33,119

yeah you know that you know there's just

1420

00:48:37,109 --> 00:48:35,599

again from a scientific perspective

1421

00:48:38,549 --> 00:48:37,119

and uh you know of course with all these

1422

00:48:39,670 --> 00:48:38,559

monsters as you no longer can always

1423

00:48:41,270 --> 00:48:39,680

take two different

1424

00:48:43,270 --> 00:48:41,280

perspectives we can say well it's kind

1425

00:48:46,150 --> 00:48:43,280

of you know this is a zoological

1426
00:48:47,510 --> 00:48:46,160
uh enigma some kind of creature that's

1427
00:48:48,390 --> 00:48:47,520
undiscovered that's running around out

1428
00:48:49,750 --> 00:48:48,400
there

1429
00:48:51,430 --> 00:48:49,760
uh or it's you know something that's

1430
00:48:53,349 --> 00:48:51,440
more spectral than nature you know kind

1431
00:48:55,510 --> 00:48:53,359
of an apparition or whatever

1432
00:48:57,270 --> 00:48:55,520
um in terms of bigfoot or sasquatch i

1433
00:48:58,790 --> 00:48:57,280
think you know most people that are into

1434
00:49:00,870 --> 00:48:58,800
the unexplained understand

1435
00:49:02,230 --> 00:49:00,880
that it's there's a lot of physical

1436
00:49:03,750 --> 00:49:02,240
evidence and so that would indicate that

1437
00:49:04,950 --> 00:49:03,760
we are dealing with some type of very

1438
00:49:08,790 --> 00:49:04,960

large

1439

00:49:10,230 --> 00:49:08,800

hominid you know that basically hasn't

1440

00:49:12,069 --> 00:49:10,240

been discovered by science yet and i

1441

00:49:14,390 --> 00:49:12,079

think alaska

1442

00:49:16,710 --> 00:49:14,400

has a lot of potential to harbor

1443

00:49:19,270 --> 00:49:16,720

something like that

1444

00:49:20,630 --> 00:49:19,280

we you know i've i've received over the

1445

00:49:24,150 --> 00:49:20,640

years

1446

00:49:27,670 --> 00:49:24,160

a fair amount of reports in alaska

1447

00:49:29,190 --> 00:49:27,680

uh you know i think most of them are the

1448

00:49:30,309 --> 00:49:29,200

hairy man's side but there are some

1449

00:49:33,430 --> 00:49:30,319

others that

1450

00:49:34,309 --> 00:49:33,440

are really hard to explain uh there's a

1451

00:49:36,150 --> 00:49:34,319

lot of you know

1452

00:49:37,990 --> 00:49:36,160

of course there's a lot of spiritual

1453

00:49:41,430 --> 00:49:38,000

belief in uh

1454

00:49:44,630 --> 00:49:41,440

in nature with the native uh inuits

1455

00:49:46,790 --> 00:49:44,640

and uh but i have had some pretty

1456

00:49:50,069 --> 00:49:46,800

strange

1457

00:49:51,670 --> 00:49:50,079

uh sightings as well that were

1458

00:49:53,990 --> 00:49:51,680

i don't know what you could describe

1459

00:49:55,750 --> 00:49:54,000

them you know you know they kind of

1460

00:49:57,750 --> 00:49:55,760

make it sound like the boogeyman is

1461

00:50:01,349 --> 00:49:57,760

chasing them around

1462

00:50:02,710 --> 00:50:01,359

sometimes but you know i you know

1463

00:50:04,549 --> 00:50:02,720

some of these around some of these

1464

00:50:07,589 --> 00:50:04,559

villages they're really dead

1465

00:50:12,069 --> 00:50:07,599

serious about you know some of the uh

1466

00:50:12,309 --> 00:50:12,079

uh hominid type beings that they see and

1467

00:50:20,470 --> 00:50:12,319

i

1468

00:50:22,150 --> 00:50:20,480

way

1469

00:50:23,670 --> 00:50:22,160

and it's you know they he kind of just

1470

00:50:26,309 --> 00:50:23,680

he said no he said

1471

00:50:28,549 --> 00:50:26,319

you know he said i don't know what it

1472

00:50:31,910 --> 00:50:28,559

was he said but it was hominid

1473

00:50:32,309 --> 00:50:31,920

uh yeah so i don't know what all you

1474

00:50:33,910 --> 00:50:32,319

heard

1475

00:50:36,230 --> 00:50:33,920

up there you know about the different

1476
00:50:36,710 --> 00:50:36,240
types of different types of beings that

1477
00:50:39,829 --> 00:50:36,720
were

1478
00:50:41,829 --> 00:50:39,839
seen but i i'm pretty sure there's a

1479
00:50:45,030 --> 00:50:41,839
wide variety of uh

1480
00:50:48,309 --> 00:50:45,040
uh different types of you know

1481
00:50:49,670 --> 00:50:48,319
beings uh that they know today of course

1482
00:50:50,630 --> 00:50:49,680
you know the guy you were with was a

1483
00:50:52,309 --> 00:50:50,640
folklorist

1484
00:50:56,549 --> 00:50:52,319
so i'm pretty sure he kind of brought up

1485
00:50:59,430 --> 00:50:56,559
a few of the uh few of the uh

1486
00:50:59,829 --> 00:50:59,440
stories that you know are indigenous to

1487
00:51:04,549 --> 00:50:59,839
the

1488
00:51:07,589 --> 00:51:04,559

one clarification i have to make

1489

00:51:08,549 --> 00:51:07,599

for sure because um dr robert alley at

1490

00:51:10,870 --> 00:51:08,559

one point when i was

1491

00:51:12,549 --> 00:51:10,880

interviewing him mentioning that he had

1492

00:51:13,829 --> 00:51:12,559

gotten a sighting or a report of a

1493

00:51:17,030 --> 00:51:13,839

sasquatch that was

1494

00:51:19,109 --> 00:51:17,040

close to 15 feet tall now um

1495

00:51:20,710 --> 00:51:19,119

we mentioned that one time and i think

1496

00:51:22,870 --> 00:51:20,720

that the producers

1497

00:51:24,309 --> 00:51:22,880

uh essentially said that to sound like

1498

00:51:26,630 --> 00:51:24,319

all of these soft watches that are

1499

00:51:29,190 --> 00:51:26,640

reported in alaska the hairy man is 15

1500

00:51:31,910 --> 00:51:29,200

feet tall which is not the case at all

1501

00:51:33,510 --> 00:51:31,920

uh this bike here in the lower 48 the

1502

00:51:34,950 --> 00:51:33,520

descriptions are consistent which is

1503

00:51:37,030 --> 00:51:34,960

very compelling

1504

00:51:39,829 --> 00:51:37,040

uh but now typically about six and a

1505

00:51:43,030 --> 00:51:39,839

half to maybe seven eight feet tall

1506

00:51:46,150 --> 00:51:43,040

very broad shouldered muscular hairy

1507

00:51:47,589 --> 00:51:46,160

no neck long arms you know uh

1508

00:51:48,870 --> 00:51:47,599

thick you know basically all those

1509

00:51:50,230 --> 00:51:48,880

things things you hear about the

1510

00:51:53,109 --> 00:51:50,240

sasquatch uh

1511

00:51:53,750 --> 00:51:53,119

here in bigfoot here in the lower 48. uh

1512

00:51:55,510 --> 00:51:53,760

but you know

1513

00:51:57,030 --> 00:51:55,520

there there have been some sightings of

1514

00:51:59,829 --> 00:51:57,040

these titanic

1515

00:52:00,470 --> 00:51:59,839

uh titanically tall hominids and uh you

1516

00:52:01,750 --> 00:52:00,480

know

1517

00:52:03,589 --> 00:52:01,760

lauren coleman and mark hall has

1518

00:52:04,710 --> 00:52:03,599

referred to them as true giants that

1519

00:52:06,069 --> 00:52:04,720

you know potentially there could be

1520

00:52:06,950 --> 00:52:06,079

something out there even bigger than

1521

00:52:10,230 --> 00:52:06,960

bigfoot

1522

00:52:12,069 --> 00:52:10,240

i don't know if that's uh uh how

1523

00:52:14,549 --> 00:52:12,079

scientifically feasible that is

1524

00:52:15,190 --> 00:52:14,559

uh we know that gigantopithecus probably

1525

00:52:17,349 --> 00:52:15,200

stood about

1526
00:52:19,430 --> 00:52:17,359
10 feet tall but i don't know if there's

1527
00:52:22,230 --> 00:52:19,440
any evidence in the fossil history

1528
00:52:23,670 --> 00:52:22,240
uh you know or you know whether a

1529
00:52:25,430 --> 00:52:23,680
hominid could could be any

1530
00:52:28,950 --> 00:52:25,440
taller than 10 feet and be functional

1531
00:52:32,390 --> 00:52:30,549
but uh you know maybe those are those

1532
00:52:34,230 --> 00:52:32,400
are eyewitness interpretations you know

1533
00:52:35,670 --> 00:52:34,240
people are scared obviously when they

1534
00:52:37,270 --> 00:52:35,680
when they have these encounters their

1535
00:52:38,069 --> 00:52:37,280
adrenaline's pumping they're usually

1536
00:52:41,430 --> 00:52:38,079
running away

1537
00:52:43,349 --> 00:52:41,440
or and you know i imagine that seven

1538
00:52:46,549 --> 00:52:43,359

seven eight maybe nine or 20 could

1539

00:52:47,910 --> 00:52:46,559

easily look like 15 feet so uh

1540

00:52:49,430 --> 00:52:47,920

but anyways i just wanted to point that

1541

00:52:51,510 --> 00:52:49,440

out like you said there are sightings of

1542

00:52:52,710 --> 00:52:51,520

you know smaller and man-sized hominids

1543

00:52:55,910 --> 00:52:52,720

as well

1544

00:52:58,710 --> 00:52:55,920

but uh the alaskan herring man uh

1545

00:53:00,150 --> 00:52:58,720

i.e bigfooter sasquatch is typically

1546

00:53:02,069 --> 00:53:00,160

similar to the ones that are reported

1547

00:53:06,630 --> 00:53:02,079

down here

1548

00:53:09,030 --> 00:53:06,640

i um you know did you get any indication

1549

00:53:10,630 --> 00:53:09,040

even though uh you know you didn't see

1550

00:53:11,430 --> 00:53:10,640

anything but you got an indication from

1551
00:53:13,829 --> 00:53:11,440
what things

1552
00:53:14,630 --> 00:53:13,839
what you heard from other researchers

1553
00:53:17,910 --> 00:53:14,640
and such

1554
00:53:20,069 --> 00:53:17,920
up there that they uh they

1555
00:53:21,270 --> 00:53:20,079
are active year-round or do is there a

1556
00:53:24,630 --> 00:53:21,280
possibility

1557
00:53:26,309 --> 00:53:24,640
that they hibernate sometime well that

1558
00:53:27,510 --> 00:53:26,319
is definitely a possibility and i think

1559
00:53:29,349 --> 00:53:27,520
that's something that i talked about

1560
00:53:30,470 --> 00:53:29,359
with dr robert allen he had a lot of

1561
00:53:33,510 --> 00:53:30,480
information

1562
00:53:34,870 --> 00:53:33,520
um you know even bear you know

1563
00:53:35,670 --> 00:53:34,880

you know here's the interesting thing i

1564

00:53:37,349 --> 00:53:35,680

think there's a little bit of a

1565

00:53:39,349 --> 00:53:37,359

misconception there about hibernation

1566

00:53:41,270 --> 00:53:39,359

with regard to bears for example which

1567

00:53:43,270 --> 00:53:41,280

are you know probably the animals that

1568

00:53:45,589 --> 00:53:43,280

are most associated with that behavior

1569

00:53:47,109 --> 00:53:45,599

uh bears don't typically hibernate the

1570

00:53:48,549 --> 00:53:47,119

entire winter they have periods where

1571

00:53:49,990 --> 00:53:48,559

they get up and move around a little bit

1572

00:53:51,030 --> 00:53:50,000

not as much they're definitely not as

1573

00:53:52,630 --> 00:53:51,040

active

1574

00:53:54,470 --> 00:53:52,640

um and you know and then there's an

1575

00:53:55,829 --> 00:53:54,480

intermediate thing called a toefl where

1576
00:54:00,630 --> 00:53:55,839
you know basically an animal just takes

1577
00:54:03,829 --> 00:54:02,470
if it's you know 30 degrees below or

1578
00:54:05,589 --> 00:54:03,839
whatever what's the point of going out

1579
00:54:08,710 --> 00:54:05,599
and being in that so

1580
00:54:09,430 --> 00:54:08,720
um but you know it's really hard to say

1581
00:54:10,790 --> 00:54:09,440
la i mean you

1582
00:54:12,470 --> 00:54:10,800
traditionally you've always had more

1583
00:54:13,829 --> 00:54:12,480
settings of bigfoot or soft squats

1584
00:54:15,430 --> 00:54:13,839
during the summer and people

1585
00:54:16,870 --> 00:54:15,440
some people have tried to associate that

1586
00:54:18,790 --> 00:54:16,880
with a hibernation pattern

1587
00:54:20,870 --> 00:54:18,800
but on the other hand the obvious thing

1588
00:54:22,309 --> 00:54:20,880

is that more people are out in the woods

1589

00:54:23,190 --> 00:54:22,319

during the summer you know you got more

1590

00:54:25,910 --> 00:54:23,200

people hunting and

1591

00:54:27,430 --> 00:54:25,920

fishing and boating and hiking so yeah

1592

00:54:28,870 --> 00:54:27,440

they're more apt to see something

1593

00:54:32,150 --> 00:54:28,880

you're more have to have more sightings

1594

00:54:35,990 --> 00:54:35,270

well more chances for contact uh do you

1595

00:54:38,789 --> 00:54:36,000

have a question

1596

00:54:41,430 --> 00:54:38,799

uh sean no go ahead lawn i was just

1597

00:54:45,750 --> 00:54:41,440

making a comment there yeah i was um

1598

00:54:49,349 --> 00:54:45,760

now this this uh mount hayes area

1599

00:54:51,670 --> 00:54:49,359

yeah you you got i mean

1600

00:54:53,589 --> 00:54:51,680

how rem first of all how remote is that

1601
00:54:55,750 --> 00:54:53,599
place

1602
00:54:57,349 --> 00:54:55,760
um you know it's it's pretty remote

1603
00:54:58,549 --> 00:54:57,359
you're talking about denali national

1604
00:55:02,069 --> 00:54:58,559
park

1605
00:55:03,829 --> 00:55:02,079
um it's i mean once you literally once

1606
00:55:04,710 --> 00:55:03,839
you start moving away from the coasts in

1607
00:55:06,549 --> 00:55:04,720
alaska

1608
00:55:08,710 --> 00:55:06,559
things are the population density

1609
00:55:10,150 --> 00:55:08,720
density is incredibly low

1610
00:55:11,750 --> 00:55:10,160
um you know now we're out there in

1611
00:55:13,829 --> 00:55:11,760
denali so you have people that are

1612
00:55:16,069 --> 00:55:13,839
regular workers they're year round

1613
00:55:17,510 --> 00:55:16,079

uh park officers and different things

1614

00:55:19,670 --> 00:55:17,520

like that

1615

00:55:21,510 --> 00:55:19,680

guys emergency workers uh some

1616

00:55:24,789 --> 00:55:21,520

construction workers but you know

1617

00:55:25,990 --> 00:55:24,799

it's a pretty remote area um now

1618

00:55:27,430 --> 00:55:26,000

what's interesting and i don't think we

1619

00:55:28,950 --> 00:55:27,440

got to this in the show is that you know

1620

00:55:30,710 --> 00:55:28,960

the area around mount hayes of course

1621

00:55:31,670 --> 00:55:30,720

traditionally a lot of ufo sightings

1622

00:55:33,910 --> 00:55:31,680

there

1623

00:55:35,109 --> 00:55:33,920

we also mentioned during the show that

1624

00:55:38,150 --> 00:55:35,119

there is a

1625

00:55:40,069 --> 00:55:38,160

underground

1626
00:55:41,829 --> 00:55:40,079
alien base at mount hayes and this goes

1627
00:55:43,829 --> 00:55:41,839
back to the 70s when

1628
00:55:45,270 --> 00:55:43,839
when our government was experimenting

1629
00:55:48,470 --> 00:55:45,280
with remote viewing

1630
00:55:51,670 --> 00:55:48,480
and had a particular uh

1631
00:55:52,710 --> 00:55:51,680
a particular gentleman an agent i guess

1632
00:55:55,270 --> 00:55:52,720
you'd call him that

1633
00:55:55,750 --> 00:55:55,280
that had projected this or predicted

1634
00:55:57,510 --> 00:55:55,760
this

1635
00:55:58,710 --> 00:55:57,520
alien basis under the mountain that

1636
00:55:59,990 --> 00:55:58,720
there are a lot of sightings around

1637
00:56:02,309 --> 00:56:00,000
mount hazen in fact

1638
00:56:04,630 --> 00:56:02,319

just a few months before we got up there

1639

00:56:06,710 --> 00:56:04,640

uh in the town of north pole alaska

1640

00:56:09,910 --> 00:56:06,720

which i think is only about

1641

00:56:11,750 --> 00:56:09,920

maybe 30 or 40 miles from mount hayes uh

1642

00:56:13,750 --> 00:56:11,760

there was a young couple two young women

1643

00:56:16,309 --> 00:56:13,760

who claimed seeing a large

1644

00:56:18,069 --> 00:56:16,319

red object kind of hovering over their

1645

00:56:19,750 --> 00:56:18,079

cars so i mean they're you know

1646

00:56:21,589 --> 00:56:19,760

even very recently there there's been a

1647

00:56:24,630 --> 00:56:21,599

lot of ufo activity

1648

00:56:26,309 --> 00:56:24,640

in that spot so um

1649

00:56:28,069 --> 00:56:26,319

you know i can't say that i saw any

1650

00:56:30,470 --> 00:56:28,079

definitive evidence that there is an

1651

00:56:33,030 --> 00:56:30,480

alien base there but um

1652

00:56:34,710 --> 00:56:33,040

you know i suppose you could say if uh

1653

00:56:35,990 --> 00:56:34,720

if aliens were gonna build a base

1654

00:56:37,670 --> 00:56:36,000

somewhere on our planet it would

1655

00:56:37,910 --> 00:56:37,680

probably be a pretty good spot i mean

1656

00:56:40,950 --> 00:56:37,920

it's

1657

00:56:42,549 --> 00:56:40,960

people out there

1658

00:56:44,470 --> 00:56:42,559

uh that would see you know there's a

1659

00:56:45,190 --> 00:56:44,480

military base close by and of course i

1660

00:56:47,109 --> 00:56:45,200

guess that

1661

00:56:49,670 --> 00:56:47,119

that's the confusing thing because

1662

00:56:50,710 --> 00:56:49,680

certainly some of those ufos might be

1663

00:56:52,390 --> 00:56:50,720

explained as

1664

00:56:54,630 --> 00:56:52,400

experimental craft or something like

1665

00:56:57,589 --> 00:56:54,640

that well you know i thought your

1666

00:56:59,670 --> 00:56:57,599

observations as far as the um

1667

00:57:01,109 --> 00:56:59,680

the magnetic energy and some of the

1668

00:57:03,109 --> 00:57:01,119

other things that you were

1669

00:57:04,309 --> 00:57:03,119

you know actually you you had some

1670

00:57:07,829 --> 00:57:04,319

theories about

1671

00:57:09,910 --> 00:57:07,839

uh how the way uh excuse me

1672

00:57:11,990 --> 00:57:09,920

how there were changes underneath the

1673

00:57:16,069 --> 00:57:12,000

ice and uh

1674

00:57:18,390 --> 00:57:16,079

you know i act you know i went back and

1675

00:57:20,789 --> 00:57:18,400

and looked at a few references

1676
00:57:22,230 --> 00:57:20,799
when you're after the show started and

1677
00:57:23,910 --> 00:57:22,240
they're you're right there have been

1678
00:57:26,789 --> 00:57:23,920
some references about

1679
00:57:27,670 --> 00:57:26,799
mount hayes and in fact i think project

1680
00:57:30,789 --> 00:57:27,680
red book

1681
00:57:31,510 --> 00:57:30,799
even mentioned uh an underground a

1682
00:57:35,030 --> 00:57:31,520
possibility

1683
00:57:38,630 --> 00:57:35,040
underground base there as well uh

1684
00:57:42,150 --> 00:57:38,640
you know i you know this last episode

1685
00:57:45,589 --> 00:57:42,160
were the uh where the mountain climber

1686
00:57:49,670 --> 00:57:45,599
just turned up missing uh how how

1687
00:57:55,430 --> 00:57:52,230
um well you know what actually happens

1688
00:57:57,430 --> 00:57:55,440

more than you would expect um

1689

00:57:59,030 --> 00:57:57,440

we had a person that actually went just

1690

00:58:00,789 --> 00:57:59,040

that actually went missing and he wasn't

1691

00:58:01,829 --> 00:58:00,799

a mountain climber per se he was kind of

1692

00:58:04,150 --> 00:58:01,839

a hiker

1693

00:58:05,750 --> 00:58:04,160

uh he went missing uh the last week we

1694

00:58:07,430 --> 00:58:05,760

were up there filming

1695

00:58:09,109 --> 00:58:07,440

and it was pretty big news completely

1696

00:58:11,510 --> 00:58:09,119

vanished they couldn't find any trace of

1697

00:58:12,710 --> 00:58:11,520

uh they had a pretty extensive search

1698

00:58:14,789 --> 00:58:12,720

going underway

1699

00:58:16,390 --> 00:58:14,799

um the thing i've learned about alaska

1700

00:58:17,030 --> 00:58:16,400

is that you have a lot of people up

1701

00:58:20,630 --> 00:58:17,040

there that

1702

00:58:23,109 --> 00:58:20,640

are into uh i guess extreme adventure

1703

00:58:24,069 --> 00:58:23,119

kind of adrenaline junkies and uh you

1704

00:58:25,990 --> 00:58:24,079

know they do

1705

00:58:27,990 --> 00:58:26,000

enjoy mountain climbing and hiking and

1706

00:58:29,750 --> 00:58:28,000

going into extreme wilderness areas

1707

00:58:31,910 --> 00:58:29,760

and a lot of people do it by themselves

1708

00:58:33,910 --> 00:58:31,920

they don't take a buddy which is

1709

00:58:36,230 --> 00:58:33,920

what i was always taught in the boy

1710

00:58:37,349 --> 00:58:36,240

scouts growing up you know you know

1711

00:58:39,030 --> 00:58:37,359

you're in the woods make sure you've got

1712

00:58:40,549 --> 00:58:39,040

a buddy with you you don't want to go

1713

00:58:41,190 --> 00:58:40,559

out there in the wilderness by yourself

1714

00:58:43,270 --> 00:58:41,200

under any

1715

00:58:45,270 --> 00:58:43,280

circumstance but yeah people do that

1716

00:58:46,950 --> 00:58:45,280

people go climbing and hiking now this

1717

00:58:49,030 --> 00:58:46,960

particular guy that disappeared he had a

1718

00:58:49,990 --> 00:58:49,040

partner but i guess they had separated

1719

00:58:53,750 --> 00:58:50,000

from some for some

1720

00:58:56,710 --> 00:58:53,760

period of time so um

1721

00:58:58,470 --> 00:58:56,720

yeah it's a pretty treacherous place but

1722

00:59:01,510 --> 00:58:58,480

uh you know on the other hand

1723

00:59:04,710 --> 00:59:01,520

uh some of the disappearances uh

1724

00:59:05,109 --> 00:59:04,720

certainly uh very hard to explain yeah

1725

00:59:07,109 --> 00:59:05,119

all right

1726
00:59:08,309 --> 00:59:07,119
it's raised my radar since i've seen the

1727
00:59:10,630 --> 00:59:08,319
show because uh

1728
00:59:12,230 --> 00:59:10,640
i didn't realize that the activity was

1729
00:59:14,230 --> 00:59:12,240
that high there

1730
00:59:15,990 --> 00:59:14,240
and uh you know of course i knew there

1731
00:59:18,069 --> 00:59:16,000
was a base there as well

1732
00:59:19,990 --> 00:59:18,079
you know anytime you talk about alaska

1733
00:59:22,230 --> 00:59:20,000
and anomalies

1734
00:59:23,670 --> 00:59:22,240
first thing you hear about is harp and

1735
00:59:25,109 --> 00:59:23,680
all this other stuff why i think they've

1736
00:59:29,190 --> 00:59:25,119
torn that down now

1737
00:59:32,950 --> 00:59:29,200
but uh you know who knows i mean

1738
00:59:34,870 --> 00:59:32,960

you know there have been instances where

1739

00:59:36,710 --> 00:59:34,880

i and i and i've read of instances of

1740

00:59:40,150 --> 00:59:36,720

alien abduction

1741

00:59:41,829 --> 00:59:40,160

uh in uh in the in alaska and uh where

1742

00:59:45,990 --> 00:59:41,839

people swear that they were

1743

00:59:49,109 --> 00:59:46,000

abducted and uh nothing really specific

1744

00:59:52,150 --> 00:59:49,119

but uh uh you know it it just

1745

00:59:52,870 --> 00:59:52,160

does sound like there's something weird

1746

00:59:55,589 --> 00:59:52,880

going on

1747

00:59:57,030 --> 00:59:55,599

now how how was that triangle area

1748

00:59:59,910 --> 00:59:57,040

determined uh

1749

01:00:01,829 --> 00:59:59,920

was it just because of a concentration

1750

01:00:05,030 --> 01:00:01,839

of uh

1751

01:00:08,789 --> 01:00:05,040

of anomalies or missing people in

1752

01:00:11,190 --> 01:00:08,799

in a specific area or how was it uh

1753

01:00:13,349 --> 01:00:11,200

how does it actually determine the the

1754

01:00:15,510 --> 01:00:13,359

alaskan triangle

1755

01:00:17,270 --> 01:00:15,520

well you know now that i have to confess

1756

01:00:19,750 --> 01:00:17,280

i don't know exactly

1757

01:00:21,030 --> 01:00:19,760

how how the uh the theoretical borders

1758

01:00:24,710 --> 01:00:21,040

of the triangle how those

1759

01:00:28,630 --> 01:00:24,720

have developed over time

1760

01:00:30,630 --> 01:00:28,640

um that particular area um

1761

01:00:33,750 --> 01:00:30,640

does have a lot of disappearances now

1762

01:00:35,829 --> 01:00:33,760

those date back to the 1950s

1763

01:00:38,150 --> 01:00:35,839

uh in fact the first episode we covered

1764

01:00:41,510 --> 01:00:38,160

the the famous case of the missing

1765

01:00:44,549 --> 01:00:41,520

c-54 military craft that vanished

1766

01:00:46,230 --> 01:00:44,559

with 426 people a serviceman board

1767

01:00:48,150 --> 01:00:46,240

and to this day they have never found

1768

01:00:48,549 --> 01:00:48,160

any trace of the airplane or anything

1769

01:00:49,990 --> 01:00:48,559

and

1770

01:00:51,910 --> 01:00:50,000

you know after that happened there was a

1771

01:00:54,710 --> 01:00:51,920

fairly extensive search

1772

01:00:56,309 --> 01:00:54,720

uh that was undertaken uh more recently

1773

01:00:58,950 --> 01:00:56,319

the other famous disappearance there

1774

01:01:03,910 --> 01:00:58,960

happened in the early 1970s

1775

01:01:07,190 --> 01:01:03,920

uh and that is when uh a congressman

1776

01:01:09,670 --> 01:01:07,200

uh my gosh the name the name is alluding

1777

01:01:12,630 --> 01:01:09,680

me at the moment

1778

01:01:14,789 --> 01:01:12,640

yeah a congressman and his and uh you

1779

01:01:16,950 --> 01:01:14,799

know another uh

1780

01:01:18,390 --> 01:01:16,960

uh one of his colleagues i guess that

1781

01:01:20,309 --> 01:01:18,400

disappeared with a pilot three of them

1782

01:01:20,789 --> 01:01:20,319

disappeared out there in the early 70s

1783

01:01:22,390 --> 01:01:20,799

and

1784

01:01:24,069 --> 01:01:22,400

i mean again you're talking about a

1785

01:01:28,069 --> 01:01:24,079

major uh

1786

01:01:30,069 --> 01:01:28,079

a major search that was undertaken uh

1787

01:01:31,430 --> 01:01:30,079

using thousands of planes and you know

1788

01:01:33,910 --> 01:01:31,440

different you know

1789

01:01:35,030 --> 01:01:33,920

tons of manpower or whatever so if

1790

01:01:38,150 --> 01:01:35,040

anything either

1791

01:01:39,270 --> 01:01:38,160

so um so that those are the two the two

1792

01:01:41,670 --> 01:01:39,280

disappearances that

1793

01:01:42,470 --> 01:01:41,680

that i think received the most publicity

1794

01:01:44,950 --> 01:01:42,480

and

1795

01:01:45,589 --> 01:01:44,960

i think the triangle was maybe formed uh

1796

01:01:47,270 --> 01:01:45,599

hail bogged

1797

01:01:48,710 --> 01:01:47,280

i'm sorry that's what it does she was

1798

01:01:49,910 --> 01:01:48,720

the house majority leader his name was

1799

01:01:52,150 --> 01:01:49,920

hell bob

1800

01:01:53,349 --> 01:01:52,160

and he was with nick begich who uh i

1801
01:01:55,589 --> 01:01:53,359
believe was a

1802
01:01:58,150 --> 01:01:55,599
senator from from alaska and they

1803
01:01:59,750 --> 01:01:58,160
disappeared in in 1972.

1804
01:02:01,990 --> 01:01:59,760
so those are the kind of the two notable

1805
01:02:04,870 --> 01:02:02,000
disappearances but i guess over time

1806
01:02:06,710 --> 01:02:04,880
somebody uh began to notice that a lot

1807
01:02:08,309 --> 01:02:06,720
of these disappearances with regard to

1808
01:02:09,670 --> 01:02:08,319
airplanes specifically because so many

1809
01:02:12,630 --> 01:02:09,680
planes have disappeared

1810
01:02:12,950 --> 01:02:12,640
uh kind of fell into that general area

1811
01:02:14,470 --> 01:02:12,960
uh

1812
01:02:16,470 --> 01:02:14,480
now the fact that it's a perfect

1813
01:02:18,230 --> 01:02:16,480

triangle

1814

01:02:20,150 --> 01:02:18,240

you know that that may have more to do

1815

01:02:22,630 --> 01:02:20,160

with with the bermuda

1816

01:02:23,589 --> 01:02:22,640

the whole concept behind the bermuda

1817

01:02:26,549 --> 01:02:23,599

triangle

1818

01:02:28,230 --> 01:02:26,559

and um you know going back to ivan

1819

01:02:29,510 --> 01:02:28,240

sanderson and his theory about the vile

1820

01:02:33,029 --> 01:02:29,520

vortices and all that

1821

01:02:34,549 --> 01:02:33,039

so right right um but you know

1822

01:02:36,150 --> 01:02:34,559

there are a lot of mysteries within that

1823

01:02:36,470 --> 01:02:36,160

triangle and you know through the course

1824

01:02:39,990 --> 01:02:36,480

of

1825

01:02:41,270 --> 01:02:40,000

several episodes we uh

1826

01:02:43,190 --> 01:02:41,280

you know we approached a lot of them and

1827

01:02:45,670 --> 01:02:43,200

they're based on inuit legends

1828

01:02:47,430 --> 01:02:45,680

and uh but you know we do find in many

1829

01:02:51,109 --> 01:02:47,440

cases that there there are ongoing

1830

01:02:55,430 --> 01:02:53,589

uh now you did the experiment with the

1831

01:02:56,950 --> 01:02:55,440

drone i don't know which episode it was

1832

01:02:58,950 --> 01:02:56,960

which i thought was really

1833

01:03:00,069 --> 01:02:58,960

interesting because you set this drone

1834

01:03:03,750 --> 01:03:00,079

up

1835

01:03:06,390 --> 01:03:03,760

somehow

1836

01:03:08,470 --> 01:03:06,400

uh almost like you were suggesting it

1837

01:03:10,870 --> 01:03:08,480

may have hit some type of uh

1838

01:03:11,670 --> 01:03:10,880

portal of some type and then you found

1839

01:03:14,950 --> 01:03:11,680

it another

1840

01:03:18,390 --> 01:03:14,960

distance away uh

1841

01:03:23,349 --> 01:03:21,430

well the the disappearance was pretty

1842

01:03:24,789 --> 01:03:23,359

perplexing i mean that thing shot up in

1843

01:03:25,430 --> 01:03:24,799

the air and it just vanished from the

1844

01:03:26,710 --> 01:03:25,440

side

1845

01:03:29,109 --> 01:03:26,720

i have to admit i don't have a lot of

1846

01:03:31,430 --> 01:03:29,119

experience with drones right so

1847

01:03:33,029 --> 01:03:31,440

i yeah i was kind of excited oh cool

1848

01:03:35,190 --> 01:03:33,039

that was our first episode that we found

1849

01:03:36,870 --> 01:03:35,200

was with glasses during off in the year

1850

01:03:39,029 --> 01:03:36,880

and yeah it definitely vanished from

1851

01:03:41,589 --> 01:03:39,039

sight um

1852

01:03:44,150 --> 01:03:41,599

beyond that we did find it later on in

1853

01:03:47,349 --> 01:03:44,160

kind of an unexpected scenario

1854

01:03:50,789 --> 01:03:47,359

so uh you know pretty weird

1855

01:03:51,349 --> 01:03:50,799

but um you know again you have to keep

1856

01:03:52,870 --> 01:03:51,359

in mind

1857

01:03:54,549 --> 01:03:52,880

with you know i think sean put it best

1858

01:03:57,270 --> 01:03:54,559

earlier when he was talking about how

1859

01:03:59,109 --> 01:03:57,280

you know tv shows sometimes they uh the

1860

01:04:00,470 --> 01:03:59,119

editors have to dial things or feel like

1861

01:04:01,670 --> 01:04:00,480

they have to dial things up a bit

1862

01:04:04,309 --> 01:04:01,680

because

1863

01:04:05,829 --> 01:04:04,319

yeah you have shows and you know and the

1864

01:04:07,349 --> 01:04:05,839

reactions were genuine i mean when we

1865

01:04:08,309 --> 01:04:07,359

didn't find the drone it was like holy

1866

01:04:10,230 --> 01:04:08,319

crap you know

1867

01:04:11,430 --> 01:04:10,240

but that's what i was expecting right

1868

01:04:15,349 --> 01:04:11,440

there but

1869

01:04:16,950 --> 01:04:15,359

um you know there are there are i guess

1870

01:04:19,910 --> 01:04:16,960

what i'm trying to say is that we can't

1871

01:04:21,670 --> 01:04:19,920

dismiss possibly pragmatic reasons that

1872

01:04:23,109 --> 01:04:21,680

things happened and maybe we were just

1873

01:04:24,230 --> 01:04:23,119

you know caught up in the excitement of

1874

01:04:26,390 --> 01:04:24,240

the moment

1875

01:04:28,150 --> 01:04:26,400

but it definitely vanished from sight

1876

01:04:29,670 --> 01:04:28,160

and as far as just finding it later i

1877

01:04:32,950 --> 01:04:29,680

think that you know

1878

01:04:34,230 --> 01:04:32,960

who knows i mean you know

1879

01:04:36,470 --> 01:04:34,240

kind of one of those things where at the

1880

01:04:38,630 --> 01:04:36,480

right place at the right time you know

1881

01:04:40,789 --> 01:04:38,640

and it was it was flashing so you know

1882

01:04:42,950 --> 01:04:40,799

this thing is it looks like a ufo it

1883

01:04:45,430 --> 01:04:42,960

kind of flashes and pulses light so

1884

01:04:46,470 --> 01:04:45,440

it's easy to spot from a really far

1885

01:04:48,150 --> 01:04:46,480

distance

1886

01:04:49,589 --> 01:04:48,160

uh particularly at night out there in

1887

01:04:52,829 --> 01:04:49,599

the mountains there's not a lot of

1888

01:04:56,549 --> 01:04:52,839

light sources out there so

1889

01:04:58,230 --> 01:04:56,559

um so what can we look forward to

1890

01:05:01,589 --> 01:04:58,240

in the next couple of episodes you're

1891

01:05:04,470 --> 01:05:01,599

allowed to say anything about that

1892

01:05:05,430 --> 01:05:04,480

yeah you know what i i'm gonna do it i

1893

01:05:06,630 --> 01:05:05,440

don't know if i'm allowed to but i'm

1894

01:05:08,390 --> 01:05:06,640

gonna do it um

1895

01:05:10,150 --> 01:05:08,400

no i i think they've actually appeared

1896

01:05:13,029 --> 01:05:10,160

i've heard the descriptions appear

1897

01:05:13,750 --> 01:05:13,039

on um on at least one cable provider's

1898

01:05:16,069 --> 01:05:13,760

website

1899

01:05:17,109 --> 01:05:16,079

so since they it is apparently being put

1900

01:05:19,510 --> 01:05:17,119

out there somewhere

1901
01:05:21,510 --> 01:05:19,520
um some of the next i'm excited several

1902
01:05:24,710 --> 01:05:21,520
of the next we have 10 episodes left

1903
01:05:26,870 --> 01:05:24,720
uh in season one and um

1904
01:05:28,230 --> 01:05:26,880
at least eight or nine of those episodes

1905
01:05:31,430 --> 01:05:28,240
i believe deal with

1906
01:05:32,069 --> 01:05:31,440
creatures uh legendary creatures and you

1907
01:05:33,829 --> 01:05:32,079
know uh

1908
01:05:35,910 --> 01:05:33,839
alaska of course has a vast array of

1909
01:05:36,470 --> 01:05:35,920
cryptids uh many that people have not

1910
01:05:39,270 --> 01:05:36,480
heard of

1911
01:05:39,670 --> 01:05:39,280
so we are going to do an episode about

1912
01:05:42,150 --> 01:05:39,680
harp

1913
01:05:42,789 --> 01:05:42,160

you mentioned that a moment ago uh it is

1914

01:05:46,870 --> 01:05:42,799

true

1915

01:05:49,270 --> 01:05:46,880

that harp was shut down

1916

01:05:50,870 --> 01:05:49,280

years ago there are some people that

1917

01:05:52,309 --> 01:05:50,880

believe that that's not the case there

1918

01:05:54,069 --> 01:05:52,319

are other people that have

1919

01:05:56,710 --> 01:05:54,079

indicated to me that they think that

1920

01:05:59,349 --> 01:05:56,720

harp has been replaced by a superior

1921

01:06:01,109 --> 01:05:59,359

uh version that's kind of top secret

1922

01:06:03,829 --> 01:06:01,119

that people don't know about

1923

01:06:05,750 --> 01:06:03,839

um but you know we do talk about heart

1924

01:06:08,470 --> 01:06:05,760

because it is kind of an interesting uh

1925

01:06:10,390 --> 01:06:08,480

phenomenon thing that's been going on

1926

01:06:13,109 --> 01:06:10,400

there for a long time and uh

1927

01:06:15,190 --> 01:06:13,119

uh i mentioned nick begich jr a moment

1928

01:06:16,390 --> 01:06:15,200

ago the uh the alaska state senator well

1929

01:06:19,589 --> 01:06:16,400

his son

1930

01:06:21,829 --> 01:06:19,599

dr nick vegas jr uh has

1931

01:06:23,910 --> 01:06:21,839

written several books about harp and as

1932

01:06:27,270 --> 01:06:23,920

a strong advocate against harp and

1933

01:06:29,349 --> 01:06:27,280

the potential uh you know uh backlash

1934

01:06:31,670 --> 01:06:29,359

from those types of experiments

1935

01:06:32,950 --> 01:06:31,680

uh so we got him on the show and you

1936

01:06:35,670 --> 01:06:32,960

know we basically wanted to

1937

01:06:36,309 --> 01:06:35,680

cover that as a possible reason for you

1938

01:06:37,829 --> 01:06:36,319

know

1939

01:06:39,750 --> 01:06:37,839

maybe not directly linked to

1940

01:06:40,870 --> 01:06:39,760

disappearances but you know you're

1941

01:06:44,309 --> 01:06:40,880

talking about

1942

01:06:46,549 --> 01:06:44,319

essentially uh a giant transmitter

1943

01:06:47,349 --> 01:06:46,559

that's beaming electromagnetic energy up

1944

01:06:50,870 --> 01:06:47,359

into the

1945

01:06:52,549 --> 01:06:50,880

atmosphere well that could have

1946

01:06:56,950 --> 01:06:52,559

potential to cause

1947

01:06:59,990 --> 01:06:56,960

uh malfunctioning you know electronics

1948

01:07:01,589 --> 01:07:00,000

uh even things like gauges and airplanes

1949

01:07:03,109 --> 01:07:01,599

and stuff you know which is pretty

1950

01:07:05,109 --> 01:07:03,119

scarier do you think about that kind of

1951

01:07:06,789 --> 01:07:05,119

stuff so we're talking about

1952

01:07:08,150 --> 01:07:06,799

missing airplanes a few minutes ago and

1953

01:07:10,390 --> 01:07:08,160

now you're talking about

1954

01:07:12,150 --> 01:07:10,400

a potential reason that airplane

1955

01:07:15,190 --> 01:07:12,160

instrumentation could go

1956

01:07:16,549 --> 01:07:15,200

uh ahri up there um

1957

01:07:17,829 --> 01:07:16,559

and then we uh get into some of the

1958

01:07:18,870 --> 01:07:17,839

creatures after that now the first

1959

01:07:20,630 --> 01:07:18,880

creature that we're gonna

1960

01:07:22,309 --> 01:07:20,640

tackle is called has a number of

1961

01:07:26,549 --> 01:07:22,319

different native names

1962

01:07:29,029 --> 01:07:26,559

uh but we call it the eight extreme [h__h]

1963

01:07:30,710 --> 01:07:29,039

and uh or dyncioc and basically they are

1964

01:07:33,670 --> 01:07:30,720

like diminutive

1965

01:07:35,750 --> 01:07:33,680

uh almost like sinister gnome-like

1966

01:07:38,710 --> 01:07:35,760

creatures they're described as standing

1967

01:07:39,589 --> 01:07:38,720

like three feet tall uh definitely

1968

01:07:42,230 --> 01:07:39,599

different

1969

01:07:43,829 --> 01:07:42,240

than bigfoot um very similar to the

1970

01:07:45,670 --> 01:07:43,839

beams that i investigated down in

1971

01:07:46,390 --> 01:07:45,680

central america known as the dwendy kind

1972

01:07:49,990 --> 01:07:46,400

of like

1973

01:07:53,109 --> 01:07:50,000

uh magical mystical little apparitions

1974

01:07:54,710 --> 01:07:53,119

but uh they have a very sinister side

1975

01:07:57,109 --> 01:07:54,720

and it is believed that they will try to

1976

01:07:59,750 --> 01:07:57,119

abduct people and abduct children

1977

01:08:01,510 --> 01:07:59,760

and that's a pretty widespread um belief

1978

01:08:02,710 --> 01:08:01,520

up there and it's based on an inuit

1979

01:08:05,750 --> 01:08:02,720

legend that's very well

1980

01:08:06,549 --> 01:08:05,760

known so we look at that those little

1981

01:08:09,589 --> 01:08:06,559

creatures

1982

01:08:10,870 --> 01:08:09,599

um we are also looking at uh directly

1983

01:08:11,910 --> 01:08:10,880

after that we're going to be looking at

1984

01:08:15,349 --> 01:08:11,920

a giant

1985

01:08:17,829 --> 01:08:15,359

cryptid canid uh known as the amarok

1986

01:08:20,550 --> 01:08:17,839

which is kind of like uh basically

1987

01:08:23,910 --> 01:08:20,560

described as like a bear dog type animal

1988

01:08:25,030 --> 01:08:23,920

uh apex predator something along the

1989

01:08:28,550 --> 01:08:25,040

lines of a

1990

01:08:31,590 --> 01:08:28,560

of a giant wolf or uh you know

1991

01:08:34,070 --> 01:08:31,600

maybe some type of uh ancient carnivore

1992

01:08:35,110 --> 01:08:34,080

like a mess or nyquid or something like

1993

01:08:37,510 --> 01:08:35,120

that you know so

1994

01:08:38,229 --> 01:08:37,520

just basically they call it a demon wolf

1995

01:08:40,630 --> 01:08:38,239

but uh

1996

01:08:41,749 --> 01:08:40,640

again it's kind of like a monster wolf

1997

01:08:45,510 --> 01:08:41,759

bear

1998

01:08:47,829 --> 01:08:45,520

kind of creature um we also look at

1999

01:08:49,669 --> 01:08:47,839

uh and this is an episode where my

2000

01:08:51,189 --> 01:08:49,679

friend nick nick redfern actually was

2001

01:08:53,910 --> 01:08:51,199

involved we uh

2002

01:08:54,709 --> 01:08:53,920

look at sightings of basically snow

2003

01:08:57,189 --> 01:08:54,719

monkeys

2004

01:08:58,149 --> 01:08:57,199

uh up there there's the legends of the

2005

01:09:00,149 --> 01:08:58,159

katani

2006

01:09:01,590 --> 01:09:00,159

which are described as the tailed ones

2007

01:09:04,390 --> 01:09:01,600

or the tailed men

2008

01:09:05,910 --> 01:09:04,400

uh well the the the modern descriptions

2009

01:09:07,349 --> 01:09:05,920

of those that we dug out basically

2010

01:09:09,749 --> 01:09:07,359

people described these

2011

01:09:10,390 --> 01:09:09,759

uh again very different from bigfoot uh

2012

01:09:14,309 --> 01:09:10,400

these are

2013

01:09:17,749 --> 01:09:14,319

essentially uh uh monkeys uh you know

2014

01:09:21,430 --> 01:09:17,759

kind of large vicious uh tailed monkeys

2015

01:09:23,510 --> 01:09:21,440

that live in that live in caves

2016

01:09:25,030 --> 01:09:23,520

and you know not that dissimilar from

2017

01:09:26,870 --> 01:09:25,040

some of the large monkey species that

2018

01:09:29,430 --> 01:09:26,880

you have in asia but again

2019

01:09:31,749 --> 01:09:29,440

repeatedly very vicious very hostile and

2020

01:09:33,189 --> 01:09:31,759

aggressive towards people

2021

01:09:34,550 --> 01:09:33,199

and have a very high intelligence so

2022

01:09:36,070 --> 01:09:34,560

those are some of the creatures that we

2023

01:09:36,709 --> 01:09:36,080

have coming up and then after that we

2024

01:09:38,390 --> 01:09:36,719

have some

2025

01:09:40,550 --> 01:09:38,400

we get into some aquatic cryptids and

2026

01:09:43,910 --> 01:09:40,560

some other things on the final

2027

01:09:45,510 --> 01:09:43,920

few episodes uh or

2028

01:09:49,110 --> 01:09:45,520

any of these creatures that you

2029

01:09:49,120 --> 01:09:52,630

missing persons

2030

01:09:55,030 --> 01:09:53,990

uh well that's you know that that's

2031

01:09:57,189 --> 01:09:55,040

basically what we're trying to

2032

01:09:59,590 --> 01:09:57,199

investigate

2033

01:10:00,950 --> 01:09:59,600

is there potential that people could be

2034

01:10:03,350 --> 01:10:00,960

falling prey i guess

2035

01:10:04,070 --> 01:10:03,360

falling victim to some of these highly

2036

01:10:07,750 --> 01:10:04,080

aggressive

2037

01:10:10,229 --> 01:10:07,760

creatures cryptids out here um

2038

01:10:11,030 --> 01:10:10,239

you know that you know uh sean was

2039

01:10:12,870 --> 01:10:11,040

talking about

2040

01:10:14,390 --> 01:10:12,880

david pilates earlier of course everyone

2041

01:10:15,350 --> 01:10:14,400

is very familiar with his research and

2042

01:10:18,229 --> 01:10:15,360

his theories

2043

01:10:18,870 --> 01:10:18,239

kind of groundbreaking um you know there

2044

01:10:21,910 --> 01:10:18,880

are

2045

01:10:24,149 --> 01:10:21,920

prevalent uh legends with regard to the

2046

01:10:26,149 --> 01:10:24,159

the alaskan hairy man that they are

2047

01:10:27,350 --> 01:10:26,159

you know basically that they do abduct

2048

01:10:29,350 --> 01:10:27,360

humans

2049

01:10:30,870 --> 01:10:29,360

and you know if you consider the some of

2050

01:10:32,630 --> 01:10:30,880

the famous accounts that we have in

2051

01:10:35,350 --> 01:10:32,640

sasquatch florida

2052

01:10:37,350 --> 01:10:35,360

the alleged abduction of uh prospector

2053

01:10:37,669 --> 01:10:37,360

albert osman in british columbia you

2054

01:10:39,830 --> 01:10:37,679

know

2055

01:10:40,790 --> 01:10:39,840

kidnapped by a family of sasquatches and

2056

01:10:43,430 --> 01:10:40,800

held

2057

01:10:44,070 --> 01:10:43,440

imprisoned it for several days uh there

2058

01:10:47,350 --> 01:10:44,080

are similar

2059

01:10:49,750 --> 01:10:47,360

in alaska

2060

01:10:51,430 --> 01:10:49,760

even a very uh recent story a young

2061

01:10:53,189 --> 01:10:51,440

native woman who claimed that she was

2062

01:10:54,630 --> 01:10:53,199

uh abducted and held by a family of

2063

01:10:56,070 --> 01:10:54,640

sasquatches so

2064

01:10:58,229 --> 01:10:56,080

we're kind of following that line of

2065

01:11:01,430 --> 01:10:58,239

thinking could people up uh

2066

01:11:03,669 --> 01:11:01,440

in alaska be either potentially falling

2067

01:11:06,229 --> 01:11:03,679

victim being abducted or kidnapped

2068

01:11:07,590 --> 01:11:06,239

by intelligent you know hominid type

2069

01:11:09,350 --> 01:11:07,600

beings or

2070

01:11:11,110 --> 01:11:09,360

you know could they be potentially

2071

01:11:13,110 --> 01:11:11,120

victimized and you know are they

2072

01:11:14,310 --> 01:11:13,120

being killed by or are falling prey to

2073

01:11:17,510 --> 01:11:14,320

some of these other

2074

01:11:19,830 --> 01:11:17,520

uh cryptids which are uh you know

2075

01:11:21,510 --> 01:11:19,840

according to descriptions uh very

2076

01:11:24,470 --> 01:11:21,520

intimidating

2077

01:11:25,430 --> 01:11:24,480

very scary uh we had a question in the

2078

01:11:28,470 --> 01:11:25,440

chat room uh

2079

01:11:30,550 --> 01:11:28,480

is there any evidence to show that uh

2080

01:11:32,950 --> 01:11:30,560

if there's a distance of missing people

2081

01:11:36,390 --> 01:11:32,960

either during the day or in the evening

2082

01:11:38,630 --> 01:11:36,400

uh is it is there a preference

2083

01:11:40,390 --> 01:11:38,640

um you know that's an interesting

2084

01:11:42,149 --> 01:11:40,400

question but

2085

01:11:44,070 --> 01:11:42,159

you know if you if you've been to alaska

2086

01:11:46,390 --> 01:11:44,080

you realize that

2087

01:11:47,910 --> 01:11:46,400

half the year it's a whole lot of night

2088

01:11:49,270 --> 01:11:47,920

not a lot of days

2089

01:11:56,550 --> 01:11:49,280
and the other half of the year it's

2090

01:12:00,149 --> 01:11:59,270
when the seasons are more light and the

2091

01:12:03,830 --> 01:12:00,159
seasons are more

2092

01:12:07,030 --> 01:12:03,840
dark is uh is one uh

2093

01:12:09,270 --> 01:12:07,040
seem to uh have more missing persons

2094

01:12:11,510 --> 01:12:09,280
than the other

2095

01:12:12,470 --> 01:12:11,520
uh you know i don't think we ever did

2096

01:12:14,870 --> 01:12:12,480
break that down

2097

01:12:15,910 --> 01:12:14,880
so i can't give you a really good that's

2098

01:12:18,790 --> 01:12:15,920
a great question

2099

01:12:20,310 --> 01:12:18,800
but um i would assume that more people

2100

01:12:22,310 --> 01:12:20,320
by far would go missing during the

2101

01:12:24,149 --> 01:12:22,320

winter months uh

2102

01:12:26,310 --> 01:12:24,159

you know because it is pretty

2103

01:12:28,070 --> 01:12:26,320

treacherous i mean you're talking about

2104

01:12:30,310 --> 01:12:28,080

uh wind chills that can get down to

2105

01:12:31,110 --> 01:12:30,320

ridiculously low negative 30 negative

2106

01:12:32,470 --> 01:12:31,120

40. now

2107

01:12:34,950 --> 01:12:32,480

most people that live in alaska are

2108

01:12:37,990 --> 01:12:34,960

acclimated to that and prepared for that

2109

01:12:40,630 --> 01:12:38,000

but situations do arise where

2110

01:12:41,270 --> 01:12:40,640

you know people are aren't prepared and

2111

01:12:42,630 --> 01:12:41,280

uh

2112

01:12:45,510 --> 01:12:42,640

you know that could definitely lead to

2113

01:12:46,870 --> 01:12:45,520

dire circumstances

2114

01:12:49,750 --> 01:12:46,880

[Music]

2115

01:12:51,110 --> 01:12:49,760

well shawn you have anything well yeah

2116

01:12:52,950 --> 01:12:51,120

we spent a lot of time talking about

2117

01:12:54,870 --> 01:12:52,960

alaska and of course you know

2118

01:12:56,709 --> 01:12:54,880

rightfully so with miss again alaska but

2119

01:12:58,550 --> 01:12:56,719

what uh what have you been focusing on

2120

01:12:59,590 --> 01:12:58,560

in the lower 48 can anything interesting

2121

01:13:03,350 --> 01:12:59,600

coming up in this

2122

01:13:05,750 --> 01:13:03,360

in this area oh well um

2123

01:13:06,550 --> 01:13:05,760

yeah actually i i just um finished a

2124

01:13:09,430 --> 01:13:06,560

manuscript

2125

01:13:11,110 --> 01:13:09,440

for uh for a new book um it won't be

2126

01:13:12,950 --> 01:13:11,120

released until next year

2127

01:13:14,790 --> 01:13:12,960

but uh it's gonna be with louellan

2128

01:13:16,950 --> 01:13:14,800

publishing and it's uh

2129

01:13:17,990 --> 01:13:16,960

titled uh a menagerie of mysterious

2130

01:13:21,030 --> 01:13:18,000

beasts

2131

01:13:22,390 --> 01:13:21,040

and uh it's kind of a potpourri or a

2132

01:13:23,830 --> 01:13:22,400

mixture of different

2133

01:13:25,910 --> 01:13:23,840

uh creatures that i've either

2134

01:13:27,830 --> 01:13:25,920

investigated or

2135

01:13:29,270 --> 01:13:27,840

you know lots of reports and accounts

2136

01:13:31,750 --> 01:13:29,280

that i've collected over the past

2137

01:13:32,950 --> 01:13:31,760

several years

2138

01:13:35,110 --> 01:13:32,960

you know there's some really interesting

2139

01:13:37,270 --> 01:13:35,120

things in there you know uh we do uh

2140

01:13:38,709 --> 01:13:37,280

i do a chapter on the minnesota ice man

2141

01:13:40,870 --> 01:13:38,719

which of course is a

2142

01:13:42,870 --> 01:13:40,880

a topic that's near and dear to my and

2143

01:13:44,870 --> 01:13:42,880

probably a lot of bigfooters hearts but

2144

01:13:46,870 --> 01:13:44,880

i had the opportunity to see the the

2145

01:13:48,709 --> 01:13:46,880

resurfacing so to speak of the minnesota

2146

01:13:49,830 --> 01:13:48,719

iceman a couple of years ago and i was

2147

01:13:53,189 --> 01:13:49,840

involved in

2148

01:13:54,870 --> 01:13:53,199

uh i remember strong delights

2149

01:13:56,950 --> 01:13:54,880

it's actually uh right now it's on

2150

01:13:58,709 --> 01:13:56,960

display at lauren coleman's uh

2151
01:13:59,990 --> 01:13:58,719
international cryptozoology museum up

2152
01:14:01,510 --> 01:14:00,000
there in portland maine so if there's

2153
01:14:03,189 --> 01:14:01,520
anyone in the northeast who wants to see

2154
01:14:04,630 --> 01:14:03,199
the minnesota iceman that's a great

2155
01:14:07,750 --> 01:14:04,640
opportunity to see that

2156
01:14:09,430 --> 01:14:07,760
i also wrote a chapter about uh you know

2157
01:14:11,270 --> 01:14:09,440
kind of strange hominids

2158
01:14:12,870 --> 01:14:11,280
thunderbirds of course always a huge

2159
01:14:14,870 --> 01:14:12,880
focus of my research and i've

2160
01:14:16,390 --> 01:14:14,880
collected many many thunderbird accounts

2161
01:14:17,189 --> 01:14:16,400
that have never been published over the

2162
01:14:18,709 --> 01:14:17,199
past

2163
01:14:20,070 --> 01:14:18,719

few years people that have come forward

2164

01:14:22,310 --> 01:14:20,080

they've really had the courage to come

2165

01:14:25,350 --> 01:14:22,320

forward and share their experiences

2166

01:14:27,430 --> 01:14:25,360

lots of living pterodactyl reports some

2167

01:14:28,950 --> 01:14:27,440

sea monsters

2168

01:14:30,870 --> 01:14:28,960

and there's some really weird like you

2169

01:14:33,990 --> 01:14:30,880

know some giant amphibians

2170

01:14:36,310 --> 01:14:34,000

and uh uh giant insects

2171

01:14:38,229 --> 01:14:36,320

and you know sleepy collies and even

2172

01:14:39,669 --> 01:14:38,239

kind of some spectral apparition type

2173

01:14:42,470 --> 01:14:39,679

things that are you know

2174

01:14:45,030 --> 01:14:42,480

kind of up lawn valley there so uh so

2175

01:14:47,189 --> 01:14:45,040

that book should be out next year and uh

2176

01:14:48,630 --> 01:14:47,199

um been working on that one for quite a

2177

01:14:50,149 --> 01:14:48,640

while and then you know right now i'm

2178

01:14:51,830 --> 01:14:50,159

just kind of uh

2179

01:14:53,270 --> 01:14:51,840

gearing up for the mothman festival

2180

01:14:54,229 --> 01:14:53,280

which you mentioned i'll be speaking

2181

01:14:56,149 --> 01:14:54,239

there on the

2182

01:14:57,830 --> 01:14:56,159

on the 19th and 20th up in point

2183

01:14:59,830 --> 01:14:57,840

pleasant i'm real excited to be up there

2184

01:15:03,270 --> 01:14:59,840

for the first time

2185

01:15:04,870 --> 01:15:03,280

and um we also have a texas bigfoot

2186

01:15:07,990 --> 01:15:04,880

conference coming up in october

2187

01:15:09,669 --> 01:15:08,000

uh shortly after that so those are the

2188

01:15:09,990 --> 01:15:09,679

main things i'm working on right now but

2189

01:15:14,790 --> 01:15:10,000

uh

2190

01:15:16,149 --> 01:15:14,800

later in the kind of early planning

2191

01:15:18,709 --> 01:15:16,159

stages but we're just gonna kind of see

2192

01:15:20,790 --> 01:15:18,719

how it goes

2193

01:15:21,910 --> 01:15:20,800

well you keep busy i'm gonna be

2194

01:15:24,470 --> 01:15:21,920

interested in that book

2195

01:15:25,590 --> 01:15:24,480

uh that sounds interesting because uh

2196

01:15:29,270 --> 01:15:25,600

well you know

2197

01:15:31,510 --> 01:15:29,280

i i'm i always enjoy new stories or uh

2198

01:15:33,590 --> 01:15:31,520

you know new sightings that never i mean

2199

01:15:36,310 --> 01:15:33,600

or even old sightings i've never been

2200

01:15:38,310 --> 01:15:36,320

you know put out there before and uh

2201

01:15:39,669 --> 01:15:38,320

yeah that that sounds very interesting

2202

01:15:41,510 --> 01:15:39,679

of course i'll definitely be getting

2203

01:15:43,189 --> 01:15:41,520

that

2204

01:15:45,110 --> 01:15:43,199

yeah for sure lon and you know i think

2205

01:15:46,070 --> 01:15:45,120

it's a i'll make sure you have a copy of

2206

01:15:49,189 --> 01:15:46,080

the way brother because

2207

01:15:50,790 --> 01:15:49,199

i think it is important that all of us

2208

01:15:52,870 --> 01:15:50,800

you know kind of in this field that

2209

01:15:54,550 --> 01:15:52,880

investigate these weird creature reports

2210

01:15:55,990 --> 01:15:54,560

cryptids or whatever you know it is

2211

01:15:56,790 --> 01:15:56,000

important that we have a free exchange

2212

01:15:59,030 --> 01:15:56,800

of information

2213

01:16:01,430 --> 01:15:59,040

sightings and lon is our long has always

2214

01:16:04,310 --> 01:16:01,440

been awesome in terms of sending me

2215

01:16:04,950 --> 01:16:04,320

uh links or sightings to things that he

2216

01:16:06,229 --> 01:16:04,960

you know he thinks

2217

01:16:08,070 --> 01:16:06,239

might be of interest to me in my

2218

01:16:09,910 --> 01:16:08,080

research and uh

2219

01:16:11,270 --> 01:16:09,920

you know i've i've kind of been keeping

2220

01:16:12,709 --> 01:16:11,280

these uh

2221

01:16:14,229 --> 01:16:12,719

on the down low while i've been writing

2222

01:16:16,070 --> 01:16:14,239

the book but as soon as the book is out

2223

01:16:17,030 --> 01:16:16,080

i want to get those reports out there

2224

01:16:18,070 --> 01:16:17,040

because

2225

01:16:20,950 --> 01:16:18,080

you never know when you're going to

2226

01:16:22,550 --> 01:16:20,960

connect the dots isn't that right

2227

01:16:23,990 --> 01:16:22,560

that's one of the exciting parts about

2228

01:16:25,990 --> 01:16:24,000

investigating this stuff is when you

2229

01:16:27,669 --> 01:16:26,000

start realizing that

2230

01:16:29,350 --> 01:16:27,679

you get corroborating reports from

2231

01:16:31,110 --> 01:16:29,360

different people or

2232

01:16:32,830 --> 01:16:31,120

you know one particular area starts

2233

01:16:35,990 --> 01:16:32,840

producing a lot of sightings so

2234

01:16:37,750 --> 01:16:36,000

um uh yeah there's a lot of uh kind of

2235

01:16:40,390 --> 01:16:37,760

kind of new reports uh that are gonna be

2236

01:16:42,229 --> 01:16:40,400

in the book that are pretty cool

2237

01:16:43,910 --> 01:16:42,239

well maybe one day we'll ring the bell

2238

01:16:46,470 --> 01:16:43,920

some uh

2239

01:16:48,070 --> 01:16:46,480

maybe start connecting some you know i

2240

01:16:49,270 --> 01:16:48,080

i've always thought that there's a fine

2241

01:16:51,189 --> 01:16:49,280

line between

2242

01:16:53,590 --> 01:16:51,199

much of you know the paranormal

2243

01:16:56,070 --> 01:16:53,600

supernatural cryptozoology

2244

01:16:56,790 --> 01:16:56,080

uh that there may be a connection and

2245

01:16:59,189 --> 01:16:56,800

most likely

2246

01:17:00,709 --> 01:16:59,199

there is a connection though it's not

2247

01:17:02,709 --> 01:17:00,719

something we're actually seeing

2248

01:17:04,630 --> 01:17:02,719

at the moment but you know we're

2249

01:17:07,840 --> 01:17:04,640

theorizing a lot of things you know

2250

01:17:09,350 --> 01:17:07,850

and and you know some of the information

2251

01:17:11,510 --> 01:17:09,360

[Music]

2252

01:17:13,510 --> 01:17:11,520

has has kind of brought a few things

2253

01:17:16,550 --> 01:17:13,520

alike i feel over the years

2254

01:17:17,669 --> 01:17:16,560

and recently yeah and uh you know it's

2255

01:17:20,630 --> 01:17:17,679

some pretty neat stuff

2256

01:17:23,110 --> 01:17:20,640

it really is it's a good time to be in

2257

01:17:24,950 --> 01:17:23,120

cryptozoology

2258

01:17:27,030 --> 01:17:24,960

absolutely you know i'm very encouraged

2259

01:17:27,750 --> 01:17:27,040

by the the show of interest and support

2260

01:17:29,510 --> 01:17:27,760

and

2261

01:17:31,110 --> 01:17:29,520

uh you know lots of different pursuits

2262

01:17:32,709 --> 01:17:31,120

that i've been involved in

2263

01:17:34,790 --> 01:17:32,719

and you know what's really cool guys is

2264

01:17:37,669 --> 01:17:34,800

i get lately i've been getting a lot of

2265

01:17:39,590 --> 01:17:37,679

messages or emails from young people

2266

01:17:40,709 --> 01:17:39,600

that are in high school or junior high

2267

01:17:42,310 --> 01:17:40,719

and they want to know how to become a

2268

01:17:44,950 --> 01:17:42,320

cryptozoologist or they're writing a

2269

01:17:47,830 --> 01:17:44,960

paper on the subject or something

2270

01:17:49,430 --> 01:17:47,840

and you know we let me just say i think

2271

01:17:50,630 --> 01:17:49,440

the future's in good hands because i

2272

01:17:52,870 --> 01:17:50,640

mean these young people

2273

01:17:53,669 --> 01:17:52,880

today they really have a lot of good

2274

01:17:55,270 --> 01:17:53,679

information

2275

01:17:57,030 --> 01:17:55,280

and they know their stuff but they

2276

01:17:59,110 --> 01:17:57,040

really do so i mean

2277

01:18:00,550 --> 01:17:59,120

uh it's gonna be exciting and uh it's

2278

01:18:01,669 --> 01:18:00,560

it's cool that you know we've got a

2279

01:18:05,030 --> 01:18:01,679

generation of

2280

01:18:08,310 --> 01:18:05,040

young monster hunters coming up yeah i

2281

01:18:10,310 --> 01:18:08,320

i'm i'm also encouraged by that as well

2282

01:18:12,550 --> 01:18:10,320

because i do get a lot of uh

2283

01:18:13,990 --> 01:18:12,560

inquiries from you know from the young

2284

01:18:17,030 --> 01:18:14,000

folks and uh

2285

01:18:18,630 --> 01:18:17,040

that's that's great i mean you know i've

2286

01:18:19,030 --> 01:18:18,640

actually got a lot of readers that are

2287

01:18:26,870 --> 01:18:19,040

young

2288

01:18:29,750 --> 01:18:26,880

you know in the blog so absolutely

2289

01:18:30,950 --> 01:18:29,760

so sean you got uh you got anything else

2290

01:18:33,189 --> 01:18:30,960

i always got something

2291

01:18:34,630 --> 01:18:33,199

i'm always i'm always excited and ready

2292

01:18:36,149 --> 01:18:34,640

to talk cryptozoology but one thing i

2293

01:18:37,630 --> 01:18:36,159

had to give ken credit for

2294

01:18:40,070 --> 01:18:37,640

is a lot of people call themselves

2295

01:18:42,709 --> 01:18:40,080

cryptozoologists but can you really

2296

01:18:44,229 --> 01:18:42,719

walk the walk uh when you do this i mean

2297

01:18:46,709 --> 01:18:44,239

you know just listening to you

2298

01:18:47,910 --> 01:18:46,719

and all the topics you tackle tackle we

2299

01:18:49,910 --> 01:18:47,920

have to commend you

2300

01:18:51,430 --> 01:18:49,920

on what you do getting out there and

2301

01:18:53,830 --> 01:18:51,440

investigating exploring

2302

01:18:55,350 --> 01:18:53,840

all these different cryptozoological

2303

01:18:58,390 --> 01:18:55,360

creatures but i guess my question is

2304

01:19:00,950 --> 01:18:58,400

when do you find the time

2305

01:19:02,870 --> 01:19:00,960

oh man yeah there's always uh yeah

2306

01:19:04,709 --> 01:19:02,880

that's that's a struggle because

2307

01:19:06,630 --> 01:19:04,719

i've got you know particularly now

2308

01:19:07,990 --> 01:19:06,640

because i have a lot of uh

2309

01:19:09,750 --> 01:19:08,000

people around the country that are

2310

01:19:11,270 --> 01:19:09,760

involved in different investigations and

2311

01:19:13,189 --> 01:19:11,280

groups and uh

2312

01:19:14,790 --> 01:19:13,199

uh they're keeping me in the loop and

2313

01:19:16,390 --> 01:19:14,800

i'm you know i'm always interested in

2314

01:19:18,630 --> 01:19:16,400

following other people's

2315

01:19:20,229 --> 01:19:18,640

uh you know research and seeing what

2316

01:19:21,990 --> 01:19:20,239

they're coming up with but

2317

01:19:23,830 --> 01:19:22,000

you know i always have invitations to

2318

01:19:25,189 --> 01:19:23,840

come join people in the field and travel

2319

01:19:26,550 --> 01:19:25,199

different places you know

2320

01:19:27,750 --> 01:19:26,560

unfortunately i just you know a lot of

2321

01:19:28,870 --> 01:19:27,760

those i just haven't been able to do

2322

01:19:30,149 --> 01:19:28,880

lately so that's been kind of

2323

01:19:32,950 --> 01:19:30,159

discouraging

2324

01:19:34,709 --> 01:19:32,960

but um kind of back coming for just a

2325

01:19:36,149 --> 01:19:34,719

second sean i really appreciate your

2326

01:19:36,870 --> 01:19:36,159

kind word that was very nice of you to

2327

01:19:39,030 --> 01:19:36,880

say

2328

01:19:40,950 --> 01:19:39,040

i want to rewind to much earlier in the

2329

01:19:43,830 --> 01:19:40,960

show when lana was asking me about the

2330

01:19:45,189 --> 01:19:43,840

the bipedal kane the quote-unquote dog

2331

01:19:47,830 --> 01:19:45,199

man

2332

01:19:48,390 --> 01:19:47,840

cryptozoology of course is based on you

2333

01:19:50,630 --> 01:19:48,400

know

2334

01:19:51,750 --> 01:19:50,640

actual zoology and i think that as much

2335

01:19:53,110 --> 01:19:51,760

as we like to

2336

01:19:54,709 --> 01:19:53,120

or tend to get into kind of these

2337

01:19:55,830 --> 01:19:54,719

romantic notions with regard to these

2338

01:19:57,590 --> 01:19:55,840

creatures

2339

01:19:59,189 --> 01:19:57,600

and it is true that some of these things

2340

01:20:01,910 --> 01:19:59,199

may be you know

2341

01:20:02,310 --> 01:20:01,920

spectral or metaphysical we don't know

2342

01:20:04,070 --> 01:20:02,320

you know

2343

01:20:05,669 --> 01:20:04,080

looking at something like a dog man you

2344

01:20:07,430 --> 01:20:05,679

have to approach it from a zoological

2345

01:20:09,590 --> 01:20:07,440

perspective first i think and

2346

01:20:11,189 --> 01:20:09,600

you know there is really no evidence

2347

01:20:13,430 --> 01:20:11,199

that a canid would

2348

01:20:15,030 --> 01:20:13,440

have adapted bipedalism as a primary

2349

01:20:17,270 --> 01:20:15,040

motive locomotion

2350

01:20:18,870 --> 01:20:17,280

you know what what benefit would have at

2351
01:20:20,390 --> 01:20:18,880
that point there's no evidence of that

2352
01:20:21,990 --> 01:20:20,400
in the fossil history

2353
01:20:23,990 --> 01:20:22,000
so you know that's that's one of the

2354
01:20:24,790 --> 01:20:24,000
things that's kind of like i have i kind

2355
01:20:26,550 --> 01:20:24,800
of have my

2356
01:20:28,470 --> 01:20:26,560
my little folder over here to the side

2357
01:20:32,310 --> 01:20:28,480
where i have the

2358
01:20:33,910 --> 01:20:32,320
the dog men and the flying humanoids and

2359
01:20:35,350 --> 01:20:33,920
the goat men and the mermaids and all

2360
01:20:38,149 --> 01:20:35,360
those kind of weird

2361
01:20:39,510 --> 01:20:38,159
new form creatures tucked away and then

2362
01:20:41,270 --> 01:20:39,520
you know the primary focus

2363
01:20:42,790 --> 01:20:41,280

of cryptozoology has always been and

2364

01:20:45,910 --> 01:20:42,800

should continue to be

2365

01:20:47,910 --> 01:20:45,920

uh species that are viable you know and

2366

01:20:48,390 --> 01:20:47,920

i think something like bigfoot is viable

2367

01:20:50,870 --> 01:20:48,400

you have

2368

01:20:52,390 --> 01:20:50,880

giant hominids that lived you know we

2369

01:20:53,830 --> 01:20:52,400

know for a fact it lived

2370

01:20:55,350 --> 01:20:53,840

hundreds of thousands of years ago in

2371

01:20:56,229 --> 01:20:55,360

china who's to say they didn't make it

2372

01:20:58,950 --> 01:20:56,239

over here

2373

01:21:00,310 --> 01:20:58,960

you have all kinds of monstrous marine

2374

01:21:02,709 --> 01:21:00,320

saurians and giant

2375

01:21:03,830 --> 01:21:02,719

you know archaic whales who used to say

2376

01:21:06,070 --> 01:21:03,840

that some of those couldn't

2377

01:21:07,350 --> 01:21:06,080

still live in the ocean and be viable

2378

01:21:08,709 --> 01:21:07,360

sea mon you know according to

2379

01:21:10,950 --> 01:21:08,719

sea monsters things like that

2380

01:21:13,590 --> 01:21:10,960

thunderbirds you know thunderbirds match

2381

01:21:16,070 --> 01:21:13,600

with actually an actual fossil form the

2382

01:21:18,070 --> 01:21:16,080

these giant raptor-like birds that live

2383

01:21:19,669 --> 01:21:18,080

during the pleistocene so you have

2384

01:21:21,270 --> 01:21:19,679

a lot of cryptids that are actually from

2385

01:21:22,470 --> 01:21:21,280

a scientific perspective

2386

01:21:24,070 --> 01:21:22,480

you know there's a lot of potential

2387

01:21:25,430 --> 01:21:24,080

there and then the fun part of

2388

01:21:27,830 --> 01:21:25,440

cryptozoology and

2389

01:21:29,510 --> 01:21:27,840

monster hunting is you have this folder

2390

01:21:31,510 --> 01:21:29,520

the folder off to the side with the kind

2391

01:21:34,070 --> 01:21:31,520

of really the weird stuff

2392

01:21:35,910 --> 01:21:34,080

that you can't wrap your head around but

2393

01:21:37,430 --> 01:21:35,920

you still you can still investigate it

2394

01:21:38,870 --> 01:21:37,440

you know because there's still

2395

01:21:40,390 --> 01:21:38,880

you know there's still questions there

2396

01:21:43,110 --> 01:21:40,400

and it's a line of evidence that you

2397

01:21:44,629 --> 01:21:43,120

have to pursue either way so

2398

01:21:47,030 --> 01:21:44,639

well you know the thing that's most

2399

01:21:48,310 --> 01:21:47,040

fascinating to me about some people

2400

01:21:50,229 --> 01:21:48,320

seeing the weird stuff

2401
01:21:51,510 --> 01:21:50,239
is a lot of these sightings if not most

2402
01:21:54,629 --> 01:21:51,520
of these sightings

2403
01:21:57,669 --> 01:21:54,639
come from people that have no idea

2404
01:22:01,669 --> 01:21:57,679
what cryptozoology is

2405
01:22:03,910 --> 01:22:01,679
and you know you talk to them and

2406
01:22:06,470 --> 01:22:03,920
they you know they don't know you know

2407
01:22:09,270 --> 01:22:06,480
they actually do not know what they saw

2408
01:22:11,189 --> 01:22:09,280
and that's the great thing now does

2409
01:22:12,229 --> 01:22:11,199
their imagination kind of get a hold of

2410
01:22:13,110 --> 01:22:12,239
them well that's what you got to

2411
01:22:14,870 --> 01:22:13,120
determine

2412
01:22:17,350 --> 01:22:14,880
you know did they kind of embellish on

2413
01:22:21,590 --> 01:22:17,360

it because of the shock value

2414

01:22:24,390 --> 01:22:21,600

you know of seeing this thing but

2415

01:22:24,870 --> 01:22:24,400

i don't i don't think that's a big part

2416

01:22:27,030 --> 01:22:24,880

of it

2417

01:22:28,149 --> 01:22:27,040

you know they actually think they see

2418

01:22:30,470 --> 01:22:28,159

these things

2419

01:22:33,110 --> 01:22:30,480

and i think for the most part they get

2420

01:22:34,709 --> 01:22:33,120

they get the information right

2421

01:22:36,310 --> 01:22:34,719

yeah well you know that's the thing is

2422

01:22:38,070 --> 01:22:36,320

you can't disprove it

2423

01:22:40,070 --> 01:22:38,080

and you know i i for one never really

2424

01:22:43,110 --> 01:22:40,080

want to question someone's

2425

01:22:44,709 --> 01:22:43,120

uh testimony or personal experience you

2426
01:22:46,310 --> 01:22:44,719
know i do interview a lot of people that

2427
01:22:48,070 --> 01:22:46,320
have had remarkable experiences with

2428
01:22:50,229 --> 01:22:48,080
things that i can't explain

2429
01:22:52,310 --> 01:22:50,239
and you can't question their their

2430
01:22:54,310 --> 01:22:52,320
sincerity i mean they really

2431
01:22:55,669 --> 01:22:54,320
you know there's almost like a a

2432
01:22:57,910 --> 01:22:55,679
post-traumatic stress

2433
01:22:58,950 --> 01:22:57,920
that develops after some of these these

2434
01:23:02,629 --> 01:22:58,960
encounters

2435
01:23:05,510 --> 01:23:02,639
so i guess the question comes down to

2436
01:23:07,350 --> 01:23:05,520
is is it something that is like an

2437
01:23:08,790 --> 01:23:07,360
ultra-terrestrial intelligence are we

2438
01:23:09,990 --> 01:23:08,800

talking about something that's either

2439

01:23:11,669 --> 01:23:10,000

coming here

2440

01:23:13,350 --> 01:23:11,679

through a doorway from another dimension

2441

01:23:17,669 --> 01:23:13,360

as some people like to say

2442

01:23:18,390 --> 01:23:17,679

or manifesting um somehow supernaturally

2443

01:23:20,149 --> 01:23:18,400

or is it

2444

01:23:22,390 --> 01:23:20,159

or are these phenomena are they

2445

01:23:24,070 --> 01:23:22,400

projected from us as individuals

2446

01:23:25,990 --> 01:23:24,080

is it something that we create deep in

2447

01:23:28,070 --> 01:23:26,000

the recesses of our mind

2448

01:23:29,510 --> 01:23:28,080

and then somehow project onto the fabric

2449

01:23:32,149 --> 01:23:29,520

of our reality

2450

01:23:33,110 --> 01:23:32,159

our paradigm and that would explain for

2451

01:23:35,350 --> 01:23:33,120

example why

2452

01:23:36,950 --> 01:23:35,360

why we have this whole rash of dog man

2453

01:23:37,590 --> 01:23:36,960

sightings right it's almost like people

2454

01:23:40,470 --> 01:23:37,600

are giving

2455

01:23:41,830 --> 01:23:40,480

giving the dog man life now somehow it's

2456

01:23:43,270 --> 01:23:41,840

kind of a weird

2457

01:23:45,350 --> 01:23:43,280

phenomenon but you know it could be

2458

01:23:45,910 --> 01:23:45,360

either or but you know i don't doubt

2459

01:23:49,350 --> 01:23:45,920

that people

2460

01:23:51,430 --> 01:23:49,360

are having these experiences it's just

2461

01:23:53,189 --> 01:23:51,440

you know so far out there that it's

2462

01:23:56,229 --> 01:23:53,199

really hard to

2463

01:23:57,669 --> 01:23:56,239

you know to find answers do you think

2464

01:24:01,110 --> 01:23:57,679

there's still room

2465

01:24:01,990 --> 01:24:01,120

in this field and i guess i'll step back

2466

01:24:04,470 --> 01:24:02,000

a moment just clarify

2467

01:24:05,189 --> 01:24:04,480

what i'm going to ask it you know

2468

01:24:07,830 --> 01:24:05,199

connecting

2469

01:24:08,550 --> 01:24:07,840

the cryptozoological let's say the

2470

01:24:11,590 --> 01:24:08,560

bigfoot

2471

01:24:14,950 --> 01:24:11,600

to uh you know more of

2472

01:24:17,110 --> 01:24:14,960

a uh para paranormal uh aspect you know

2473

01:24:17,669 --> 01:24:17,120

disappearing wormholes that that sort of

2474

01:24:19,430 --> 01:24:17,679

deal

2475

01:24:21,750 --> 01:24:19,440

and we've been battling this for a long

2476

01:24:23,189 --> 01:24:21,760

time in in the in the bigfoot realm and

2477

01:24:25,830 --> 01:24:23,199

there's always been that tug of war

2478

01:24:28,470 --> 01:24:25,840

between the flesh and blood folk and the

2479

01:24:29,030 --> 01:24:28,480

paranormal believers is there room still

2480

01:24:30,950 --> 01:24:29,040

for that

2481

01:24:32,790 --> 01:24:30,960

for both those sides to exist is there

2482

01:24:33,590 --> 01:24:32,800

is there a way for there to be some sort

2483

01:24:35,510 --> 01:24:33,600

of

2484

01:24:37,510 --> 01:24:35,520

you know meshing together that maybe we

2485

01:24:39,350 --> 01:24:37,520

are looking at completely different

2486

01:24:41,189 --> 01:24:39,360

uh entities maybe we're looking at

2487

01:24:44,310 --> 01:24:41,199

completely different

2488

01:24:45,990 --> 01:24:44,320

uh uh beings in itself i mean we don't

2489

01:24:48,470 --> 01:24:46,000

have the answers to all these

2490

01:24:49,750 --> 01:24:48,480

questions we we don't have a whole lot

2491

01:24:52,070 --> 01:24:49,760

of real evidence

2492

01:24:54,470 --> 01:24:52,080

uh you know to prove these things exist

2493

01:24:57,430 --> 01:24:54,480

besides what we believe to be evidence

2494

01:24:58,950 --> 01:24:57,440

and you know is there room for these two

2495

01:25:02,390 --> 01:24:58,960

perspectives to still

2496

01:25:05,910 --> 01:25:04,070

wow that's a great question you know

2497

01:25:07,270 --> 01:25:05,920

sean i have to say it's

2498

01:25:09,030 --> 01:25:07,280

in my opinion it's probably getting

2499

01:25:11,270 --> 01:25:09,040

harder and harder for for us to have

2500

01:25:14,629 --> 01:25:11,280

that kind of harmonious

2501
01:25:15,669 --> 01:25:14,639
existence coexistence in in the bigfoot

2502
01:25:18,790 --> 01:25:15,679
world for example

2503
01:25:20,709 --> 01:25:18,800
um and the reason is is that it's very i

2504
01:25:24,229 --> 01:25:20,719
think it's very difficult for all humans

2505
01:25:27,110 --> 01:25:24,239
all people to detach themselves from

2506
01:25:27,750 --> 01:25:27,120
their emotions and their belief systems

2507
01:25:29,510 --> 01:25:27,760
and be

2508
01:25:31,669 --> 01:25:29,520
you know purely objective and look at

2509
01:25:32,870 --> 01:25:31,679
things you know very skeptically and

2510
01:25:35,590 --> 01:25:32,880
objectively i think

2511
01:25:37,510 --> 01:25:35,600
you have some people that are very very

2512
01:25:39,270 --> 01:25:37,520
much

2513
01:25:40,950 --> 01:25:39,280

they almost become believers it almost

2514

01:25:42,390 --> 01:25:40,960

becomes like a like a religion

2515

01:25:44,229 --> 01:25:42,400

like they want to believe their

2516

01:25:47,430 --> 01:25:44,239

particular theory

2517

01:25:49,350 --> 01:25:47,440

or you know belief you know with regard

2518

01:25:51,750 --> 01:25:49,360

to these creatures so bad that they

2519

01:25:53,030 --> 01:25:51,760

start rejecting evidence that that might

2520

01:25:54,390 --> 01:25:53,040

conflict with that you know what i'm

2521

01:25:57,669 --> 01:25:54,400

saying and

2522

01:25:59,669 --> 01:25:57,679

um it's a very polarizing topic uh

2523

01:26:00,950 --> 01:25:59,679

you know even in terms of you know let's

2524

01:26:03,910 --> 01:26:00,960

just subtract the

2525

01:26:04,709 --> 01:26:03,920

the paranormal aspect of bigfoot for a

2526

01:26:06,310 --> 01:26:04,719

moment

2527

01:26:08,390 --> 01:26:06,320

there's been this ongoing debate for

2528

01:26:09,110 --> 01:26:08,400

years and years of whether big if they

2529

01:26:11,590 --> 01:26:09,120

could exist

2530

01:26:13,510 --> 01:26:11,600

is it more of like a hominid is it is it

2531

01:26:13,830 --> 01:26:13,520

a man-like form is it closely related to

2532

01:26:15,590 --> 01:26:13,840

us

2533

01:26:17,350 --> 01:26:15,600

are they some people are even calling

2534

01:26:20,149 --> 01:26:17,360

them the forest people now

2535

01:26:22,070 --> 01:26:20,159

or is it simply a big lumbering eight

2536

01:26:24,310 --> 01:26:22,080

you know some type of antipoid or

2537

01:26:26,709 --> 01:26:24,320

pongid you know that basically has

2538

01:26:29,990 --> 01:26:26,719

learned how to walk upright like we do

2539

01:26:30,709 --> 01:26:30,000

you know so and and those two arguments

2540

01:26:33,189 --> 01:26:30,719

actually touch

2541

01:26:34,310 --> 01:26:33,199

on people's religious belief systems

2542

01:26:36,070 --> 01:26:34,320

because you have

2543

01:26:37,910 --> 01:26:36,080

people that are devoutly religious that

2544

01:26:38,229 --> 01:26:37,920

don't want to accept the fact that there

2545

01:26:41,110 --> 01:26:38,239

are

2546

01:26:42,550 --> 01:26:41,120

other quote-unquote human species or

2547

01:26:44,149 --> 01:26:42,560

human-like forms

2548

01:26:46,070 --> 01:26:44,159

and you know on the other side you have

2549

01:26:48,550 --> 01:26:46,080

people that are purely scientific

2550

01:26:49,510 --> 01:26:48,560

that you know don't want to accept you

2551

01:26:50,629 --> 01:26:49,520

know a b and c

2552

01:26:52,390 --> 01:26:50,639

you know you know what i'm saying so i

2553

01:26:53,510 --> 01:26:52,400

mean i think that's the problem is

2554

01:26:57,030 --> 01:26:53,520

people are very

2555

01:26:59,350 --> 01:26:57,040

these these uh these are supercharged

2556

01:27:00,870 --> 01:26:59,360

subjects that we investigate and it's

2557

01:27:02,550 --> 01:27:00,880

very easy to get sucked in

2558

01:27:04,310 --> 01:27:02,560

and for people to become emotionally

2559

01:27:06,629 --> 01:27:04,320

attached to their

2560

01:27:07,830 --> 01:27:06,639

theory their belief it's very political

2561

01:27:11,030 --> 01:27:07,840

now

2562

01:27:13,350 --> 01:27:11,040

yeah so i would like to think that we

2563

01:27:16,870 --> 01:27:13,360

could we could all be open-minded but

2564

01:27:17,430 --> 01:27:16,880

um you know and and maybe lean a little

2565

01:27:19,030 --> 01:27:17,440

bit

2566

01:27:20,470 --> 01:27:19,040

either direction but i just don't know

2567

01:27:22,550 --> 01:27:20,480

if that's possible anymore

2568

01:27:24,950 --> 01:27:22,560

well it took me 20 years to admit there

2569

01:27:27,590 --> 01:27:24,960

might be something to habituation so

2570

01:27:29,110 --> 01:27:27,600

i don't know i guess maybe over time

2571

01:27:30,470 --> 01:27:29,120

people can change and i guess it's okay

2572

01:27:32,070 --> 01:27:30,480

for people to realize you can change

2573

01:27:33,510 --> 01:27:32,080

your opinion over time

2574

01:27:35,350 --> 01:27:33,520

you know the more you open your mind the

2575

01:27:37,350 --> 01:27:35,360

more you read you know you can it's okay

2576

01:27:39,430 --> 01:27:37,360

to change your mind on things

2577

01:27:41,830 --> 01:27:39,440

as more becomes apparent but i guess for

2578

01:27:45,189 --> 01:27:41,840

me you know personally speaking

2579

01:27:47,189 --> 01:27:45,199

that uh i'm still a little hesitant

2580

01:27:49,110 --> 01:27:47,199

to admit there might be something

2581

01:27:50,870 --> 01:27:49,120

paranormal to these creatures lon you

2582

01:27:54,470 --> 01:27:50,880

know that we talk about it every

2583

01:27:55,910 --> 01:27:54,480

every week uh but there's definitely

2584

01:27:57,430 --> 01:27:55,920

there's some cryptids out there that i'm

2585

01:27:59,270 --> 01:27:57,440

okay saying that are flesh and blood for

2586

01:28:00,229 --> 01:27:59,280

me i still believe bigfoot's a flesh and

2587

01:28:02,390 --> 01:28:00,239

blood creature

2588

01:28:03,510 --> 01:28:02,400

but there are some other entities out

2589

01:28:06,550 --> 01:28:03,520

there that

2590

01:28:07,990 --> 01:28:06,560

i just can't nail down i can't put my uh

2591

01:28:10,070 --> 01:28:08,000

i can't put my finger on and say you

2592

01:28:11,830 --> 01:28:10,080

know what that's what it is we got these

2593

01:28:13,510 --> 01:28:11,840

flying rays for crying out loud that i

2594

01:28:15,830 --> 01:28:13,520

have no idea what they are

2595

01:28:17,430 --> 01:28:15,840

but uh people are seeing them and and

2596

01:28:20,149 --> 01:28:17,440

some of these people

2597

01:28:21,750 --> 01:28:20,159

are are very honest and and again on the

2598

01:28:22,550 --> 01:28:21,760

show we've talked many times you can

2599

01:28:24,149 --> 01:28:22,560

tell

2600

01:28:26,149 --> 01:28:24,159

when you're interviewing and talking to

2601
01:28:27,590 --> 01:28:26,159
somebody that you know firmly believes

2602
01:28:28,790 --> 01:28:27,600
that this is what they seen here they

2603
01:28:30,709 --> 01:28:28,800
really saw what they

2604
01:28:32,790 --> 01:28:30,719
what they believed they did or that

2605
01:28:36,229 --> 01:28:32,800
they've convinced themselves so

2606
01:28:38,070 --> 01:28:36,239
so um strongly that

2607
01:28:39,990 --> 01:28:38,080
there's no shaking you know that this is

2608
01:28:41,350 --> 01:28:40,000
what they believe they saw

2609
01:28:43,030 --> 01:28:41,360
this is really interesting what we do

2610
01:28:43,990 --> 01:28:43,040
and the way people tell stories their

2611
01:28:45,590 --> 01:28:44,000
body language

2612
01:28:46,950 --> 01:28:45,600
is incredible and i was talking to lon

2613
01:28:49,030 --> 01:28:46,960

about that before we got on the show

2614

01:28:50,390 --> 01:28:49,040

when there were gentlemen talking on

2615

01:28:51,910 --> 01:28:50,400

missing in alaska the one thing i

2616

01:28:53,590 --> 01:28:51,920

noticed about you ken is you paid an

2617

01:28:54,870 --> 01:28:53,600

awful lot of attention to the person

2618

01:28:56,790 --> 01:28:54,880

talking

2619

01:28:57,990 --> 01:28:56,800

sharing their experience like you're

2620

01:29:00,149 --> 01:28:58,000

kind of studying them

2621

01:29:01,590 --> 01:29:00,159

to pick up on what they were kind of

2622

01:29:03,030 --> 01:29:01,600

projecting is that something you believe

2623

01:29:03,669 --> 01:29:03,040

in too do you really believe in the body

2624

01:29:07,110 --> 01:29:03,679

language

2625

01:29:10,390 --> 01:29:07,120

and the physical tells absolutely

2626

01:29:13,910 --> 01:29:10,400

and um you know one of my first

2627

01:29:15,110 --> 01:29:13,920

asks someone asked me is you know if we

2628

01:29:16,709 --> 01:29:15,120

have a phone interview

2629

01:29:18,870 --> 01:29:16,719

you know i try to get to know that

2630

01:29:20,149 --> 01:29:18,880

person as much as possible but

2631

01:29:21,990 --> 01:29:20,159

you know moreover there will be

2632

01:29:24,390 --> 01:29:22,000

follow-up phone calls where i'll call

2633

01:29:27,350 --> 01:29:24,400

the the same eyewitness randomly maybe

2634

01:29:29,270 --> 01:29:27,360

three months later and ask him the same

2635

01:29:30,470 --> 01:29:29,280

questions all over again just to see if

2636

01:29:33,030 --> 01:29:30,480

if you have that

2637

01:29:34,470 --> 01:29:33,040

that consistency you know that's that

2638

01:29:36,070 --> 01:29:34,480

can be pretty compelling when someone

2639

01:29:38,229 --> 01:29:36,080

tells you the same

2640

01:29:40,070 --> 01:29:38,239

exact experience over and over again you

2641

01:29:42,629 --> 01:29:40,080

know with every detail being

2642

01:29:43,990 --> 01:29:42,639

you know perfectly aligned uh as opposed

2643

01:29:46,470 --> 01:29:44,000

to people that tend to

2644

01:29:47,830 --> 01:29:46,480

be a little bit more esoteric and you

2645

01:29:50,070 --> 01:29:47,840

know perhaps

2646

01:29:51,990 --> 01:29:50,080

you know things that the details are

2647

01:29:54,149 --> 01:29:52,000

changing slightly you're embellishing

2648

01:29:56,070 --> 01:29:54,159

gradually every time you know just

2649

01:29:59,270 --> 01:29:56,080

unfortunately you have to cast a

2650

01:30:00,870 --> 01:29:59,280

more of a skeptical uh for more of a

2651
01:30:02,629 --> 01:30:00,880
skeptical opinion about those types of

2652
01:30:04,149 --> 01:30:02,639
people so yeah but you're right and you

2653
01:30:05,669 --> 01:30:04,159
can learn a lot about somebody by you

2654
01:30:05,990 --> 01:30:05,679
know looking in their eyes reading their

2655
01:30:09,270 --> 01:30:06,000
body

2656
01:30:10,229 --> 01:30:09,280
language trying to understand maybe

2657
01:30:13,750 --> 01:30:10,239
their

2658
01:30:16,310 --> 01:30:13,760
experience that's you know the best of

2659
01:30:18,229 --> 01:30:16,320
your ability and so forth so um

2660
01:30:20,149 --> 01:30:18,239
but that's also you know that being said

2661
01:30:23,030 --> 01:30:20,159
one of the truly rewarding aspects

2662
01:30:25,270 --> 01:30:23,040
of what i do and i feel very blessed to

2663
01:30:27,910 --> 01:30:25,280

have the opportunity to pursue these

2664

01:30:29,430 --> 01:30:27,920

uh different mysteries is you know

2665

01:30:30,149 --> 01:30:29,440

getting to meet the people and getting

2666

01:30:31,910 --> 01:30:30,159

to know them

2667

01:30:33,189 --> 01:30:31,920

and trying to understand their

2668

01:30:36,390 --> 01:30:33,199

experience

2669

01:30:38,070 --> 01:30:36,400

um you know and i think there's a

2670

01:30:39,590 --> 01:30:38,080

reverse side effect there which is

2671

01:30:41,990 --> 01:30:39,600

you know oftentimes these are people

2672

01:30:43,430 --> 01:30:42,000

that uh they've had experiences that

2673

01:30:45,030 --> 01:30:43,440

they can't explain

2674

01:30:46,629 --> 01:30:45,040

uh that have shaken the foundation of

2675

01:30:48,550 --> 01:30:46,639

their reality that

2676

01:30:50,229 --> 01:30:48,560

you know they're afraid to talk you know

2677

01:30:51,750 --> 01:30:50,239

to their spouses or their best friends

2678

01:30:52,470 --> 01:30:51,760

you know because they they don't want to

2679

01:30:54,390 --> 01:30:52,480

be

2680

01:30:55,830 --> 01:30:54,400

you know criticized or looked looked

2681

01:30:57,110 --> 01:30:55,840

upon in a funny way so

2682

01:30:59,110 --> 01:30:57,120

you know a lot of times by giving them

2683

01:31:01,669 --> 01:30:59,120

an outlet someone to talk to

2684

01:31:03,350 --> 01:31:01,679

and providing you know maybe additional

2685

01:31:04,709 --> 01:31:03,360

accounts that correspondence you know

2686

01:31:05,510 --> 01:31:04,719

you can you can maybe provide a little

2687

01:31:06,790 --> 01:31:05,520

bit of closure

2688

01:31:09,669 --> 01:31:06,800

i guess does that make sense what i'm

2689

01:31:12,870 --> 01:31:11,510

you know long long probably knows what

2690

01:31:13,590 --> 01:31:12,880

i'm talking about too because i'm sure

2691

01:31:16,629 --> 01:31:13,600

you

2692

01:31:17,750 --> 01:31:16,639

know so someone says that they've seen a

2693

01:31:19,430 --> 01:31:17,760

dog man

2694

01:31:20,870 --> 01:31:19,440

and you know they they may feel

2695

01:31:22,390 --> 01:31:20,880

uncomfortable about talking about it but

2696

01:31:24,149 --> 01:31:22,400

then you you go through your files and

2697

01:31:26,629 --> 01:31:24,159

you find out that someone saw

2698

01:31:27,189 --> 01:31:26,639

that exact same dog man two months

2699

01:31:28,870 --> 01:31:27,199

earlier

2700

01:31:30,310 --> 01:31:28,880

30 miles away you know what i'm saying

2701
01:31:31,590 --> 01:31:30,320
and then you give them that information

2702
01:31:34,550 --> 01:31:31,600
you're like look i don't know what you

2703
01:31:36,149 --> 01:31:34,560
saw but look at this

2704
01:31:39,189 --> 01:31:36,159
again it's about connecting the dots

2705
01:31:41,750 --> 01:31:39,199
when that stuff happens it's pretty fun

2706
01:31:42,310 --> 01:31:41,760
oh yeah it's uh it's been gratifying you

2707
01:31:44,070 --> 01:31:42,320
know

2708
01:31:45,990 --> 01:31:44,080
people ask me well how can you write

2709
01:31:47,110 --> 01:31:46,000
that blog every day or how can you do

2710
01:31:48,709 --> 01:31:47,120
this

2711
01:31:50,950 --> 01:31:48,719
i mean if i didn't love it i didn't i

2712
01:31:53,750 --> 01:31:50,960
wouldn't be doing it guarantee it

2713
01:31:54,470 --> 01:31:53,760

i mean i'm not making no money off of it

2714

01:31:58,149 --> 01:31:54,480

so

2715

01:32:01,350 --> 01:31:58,159

uh

2716

01:32:03,350 --> 01:32:01,360

it kind of gets stuck in your psyche and

2717

01:32:05,030 --> 01:32:03,360

you know it's something you got to do

2718

01:32:07,189 --> 01:32:05,040

yeah i guess it's like a drug to me i

2719

01:32:10,629 --> 01:32:07,199

guess

2720

01:32:11,990 --> 01:32:10,639

that's okay yeah you know i want to know

2721

01:32:15,110 --> 01:32:12,000

the truth i want to know what's out

2722

01:32:16,790 --> 01:32:15,120

there you know uh if i happen to be

2723

01:32:19,669 --> 01:32:16,800

lucky enough to figure something out

2724

01:32:22,550 --> 01:32:19,679

someday then well

2725

01:32:24,310 --> 01:32:22,560

that's that's great but you know you

2726

01:32:26,790 --> 01:32:24,320

know i just like this you know

2727

01:32:27,430 --> 01:32:26,800

and i think and i think the one thing

2728

01:32:30,470 --> 01:32:27,440

about the

2729

01:32:34,310 --> 01:32:30,480

the crypto uh community is

2730

01:32:36,470 --> 01:32:34,320

that overall i think most people

2731

01:32:38,070 --> 01:32:36,480

most people that do this do share a lot

2732

01:32:40,310 --> 01:32:38,080

of the information

2733

01:32:41,990 --> 01:32:40,320

and uh i i've been really i've been

2734

01:32:44,229 --> 01:32:42,000

really heartened by that

2735

01:32:45,830 --> 01:32:44,239

uh you know you see it all the time and

2736

01:32:48,310 --> 01:32:45,840

i i think that's great

2737

01:32:49,990 --> 01:32:48,320

and uh that's that can't do anything but

2738

01:32:53,270 --> 01:32:50,000

help what we do

2739

01:32:54,550 --> 01:32:53,280

so um hey man all the power to you can i

2740

01:32:58,070 --> 01:32:54,560

i really do

2741

01:33:03,510 --> 01:32:58,080

uh

2742

01:33:04,390 --> 01:33:03,520

this was great i'm glad we got you on

2743

01:33:06,470 --> 01:33:04,400

and uh

2744

01:33:07,669 --> 01:33:06,480

i know the listeners are are really

2745

01:33:09,669 --> 01:33:07,679

thrilled about

2746

01:33:10,870 --> 01:33:09,679

listening to what you uh what you go

2747

01:33:13,830 --> 01:33:10,880

through and

2748

01:33:15,110 --> 01:33:13,840

the the new show and uh and that you got

2749

01:33:18,709 --> 01:33:15,120

a new book coming

2750

01:33:22,070 --> 01:33:18,719

up how can people get a hold of you

2751

01:33:23,510 --> 01:33:22,080

well um first of all thanks for having

2752

01:33:26,790 --> 01:33:23,520

me on again guys this is an

2753

01:33:28,629 --> 01:33:26,800

awesome experience um great questions

2754

01:33:30,070 --> 01:33:28,639

and uh thanks to everyone in the chat

2755

01:33:30,709 --> 01:33:30,080

room everyone that listened in because i

2756

01:33:33,110 --> 01:33:30,719

think this was

2757

01:33:35,350 --> 01:33:33,120

this is definitely a lot of fun and uh i

2758

01:33:37,830 --> 01:33:35,360

appreciate it and uh

2759

01:33:38,550 --> 01:33:37,840

i would uh sort of get in touch with me

2760

01:33:41,750 --> 01:33:38,560

um

2761

01:33:43,430 --> 01:33:41,760

i have a website kengerhardt.com uh it's

2762

01:33:44,310 --> 01:33:43,440

a kind of a work in progress but there's

2763

01:33:46,870 --> 01:33:44,320

a way to

2764

01:33:47,990 --> 01:33:46,880

to link with my email in there i also

2765

01:33:51,189 --> 01:33:48,000

have a facebook fan

2766

01:33:53,189 --> 01:33:51,199

page ken gerhart cryptozoologist and uh

2767

01:33:55,030 --> 01:33:53,199

uh if you message me on there i'll do my

2768

01:33:58,149 --> 01:33:55,040

very best

2769

01:34:00,149 --> 01:33:58,159

to respond in a timely manner and

2770

01:34:01,669 --> 01:34:00,159

uh yeah i'd love to hear from anyone out

2771

01:34:03,750 --> 01:34:01,679

there that has any questions

2772

01:34:07,270 --> 01:34:03,760

or comments or you know if your uncle

2773

01:34:09,189 --> 01:34:07,280

saw sasquatch back from 1978

2774

01:34:10,870 --> 01:34:09,199

you know whatever i mean man i just love

2775

01:34:12,709 --> 01:34:10,880

to hear this so i love to hear all of

2776

01:34:13,189 --> 01:34:12,719

the accounts and i love to connect with

2777

01:34:17,189 --> 01:34:13,199

people

2778

01:34:19,270 --> 01:34:17,199

so uh give me a shout

2779

01:34:20,709 --> 01:34:19,280

well absolutely i mean we got to get you

2780

01:34:21,830 --> 01:34:20,719

back on especially since your new books

2781

01:34:23,750 --> 01:34:21,840

will be coming out

2782

01:34:25,830 --> 01:34:23,760

and uh i'm quite sure we're going to

2783

01:34:28,629 --> 01:34:25,840

have a lot of questions for you

2784

01:34:29,110 --> 01:34:28,639

so um ken thanks for joining us man and

2785

01:34:31,830 --> 01:34:29,120

and

2786

01:34:32,550 --> 01:34:31,840

thanks for reconsidering coming back

2787

01:34:35,830 --> 01:34:32,560

after

2788

01:34:37,750 --> 01:34:35,840

the cancellation but uh you know it

2789

01:34:39,110 --> 01:34:37,760

it's really good it's really good to

2790

01:34:41,430 --> 01:34:39,120

have talk to you again

2791

01:34:42,229 --> 01:34:41,440

and uh you know you and i will keep in

2792

01:34:45,270 --> 01:34:42,239

touch

2793

01:34:46,950 --> 01:34:45,280

and you know i i just want i just really

2794

01:34:50,709 --> 01:34:46,960

want to thank you

2795

01:34:53,750 --> 01:34:50,719

so much appreciated uh

2796

01:34:54,790 --> 01:34:53,760

sean thank you so much great gracious

2797

01:34:56,550 --> 01:34:54,800

producer

2798

01:34:58,070 --> 01:34:56,560

very knowledgeable as always our

2799

01:34:59,910 --> 01:34:58,080

pleasure

2800

01:35:01,109 --> 01:34:59,920

and lon thank you so much brother give

2801

01:35:03,590 --> 01:35:01,119

my best to vanessa

2802

01:35:05,030 --> 01:35:03,600

and uh i love you man please uh please

2803

01:35:07,510 --> 01:35:05,040

do stay in touch

2804

01:35:12,830 --> 01:35:07,520

take care now thanks again all right

2805

01:35:17,030 --> 01:35:14,229

thanks

2806

01:35:18,390 --> 01:35:17,040

great show tonight there lon uh great to

2807

01:35:21,109 --> 01:35:18,400

have ken on the program

2808

01:35:21,990 --> 01:35:21,119

very knowledgeable like you said uh just

2809

01:35:24,149 --> 01:35:22,000

a good guy i

2810

01:35:26,149 --> 01:35:24,159

i enjoy having uh being able to talk to

2811

01:35:27,430 --> 01:35:26,159

ken uh we had him on beyond the edge

2812

01:35:29,750 --> 01:35:27,440

radio a while back

2813

01:35:31,430 --> 01:35:29,760

uh i love having him on arcane radio

2814

01:35:33,189 --> 01:35:31,440

this was a great opportunity

2815

01:35:34,390 --> 01:35:33,199

uh glad we could finally have him on

2816

01:35:36,310 --> 01:35:34,400

even though he had that little technical

2817

01:35:37,750 --> 01:35:36,320

glitch we got through it

2818

01:35:40,229 --> 01:35:37,760

we got through it pretty well so here's

2819

01:35:41,590 --> 01:35:40,239

the deal folks yeah i didn't blow up on

2820

01:35:44,550 --> 01:35:41,600

us anyway but you know

2821

01:35:45,830 --> 01:35:44,560

no it's yeah i i i always i always like

2822

01:35:49,030 --> 01:35:45,840

talking to ken and you know

2823

01:35:50,790 --> 01:35:49,040

i some of the stuff he does and his

2824

01:35:54,149 --> 01:35:50,800

books have been outstanding and

2825

01:35:57,350 --> 01:35:54,159

uh i mean he's a true researcher

2826

01:35:59,189 --> 01:35:57,360

and he you know he's um

2827

01:36:00,550 --> 01:35:59,199

i'm not gonna say one of a kind but he

2828

01:36:02,310 --> 01:36:00,560

is basically almost

2829

01:36:03,990 --> 01:36:02,320

what you say one of a kind he's he's

2830

01:36:05,510 --> 01:36:04,000

just a great crypto researcher

2831

01:36:07,430 --> 01:36:05,520

and he does it you know what i mean it's

2832

01:36:09,270 --> 01:36:07,440

like i said he he he just

2833

01:36:10,709 --> 01:36:09,280

does this he doesn't just talk the talk

2834

01:36:11,669 --> 01:36:10,719

he walks the walk and i think that's

2835

01:36:13,590 --> 01:36:11,679

really important

2836

01:36:15,109 --> 01:36:13,600

especially today when you have so many

2837

01:36:16,229 --> 01:36:15,119

people claiming to be so many things

2838

01:36:18,229 --> 01:36:16,239

when you can talk to somebody who

2839

01:36:20,390 --> 01:36:18,239

actually does what they say they do

2840

01:36:21,990 --> 01:36:20,400

phenomenal oh yeah and we need to be

2841

01:36:24,229 --> 01:36:22,000

celebrating and pushing those

2842

01:36:25,590 --> 01:36:24,239

folks even further into the forefront to

2843

01:36:27,910 --> 01:36:25,600

represent

2844

01:36:28,950 --> 01:36:27,920

uh cryptozoological research in a good

2845

01:36:31,750 --> 01:36:28,960

way and

2846

01:36:33,430 --> 01:36:31,760

that that's fantastic in my book and the

2847

01:36:35,350 --> 01:36:33,440

fact that he came on the show

2848

01:36:36,709 --> 01:36:35,360

and was able to uh do this with us

2849

01:36:38,470 --> 01:36:36,719

tonight just awesome

2850

01:36:40,070 --> 01:36:38,480

good guy ken and we're glad to have him

2851
01:36:41,910 --> 01:36:40,080
on the program and we'll have about on

2852
01:36:43,750 --> 01:36:41,920
again too

2853
01:36:44,790 --> 01:36:43,760
so here's the deal with tonight's show i

2854
01:36:47,109 --> 01:36:44,800
know we had a little technical

2855
01:36:48,709 --> 01:36:47,119
difficulties and we apologize for that

2856
01:36:49,830 --> 01:36:48,719
uh we're getting better every week

2857
01:36:52,149 --> 01:36:49,840
though we're having less technical

2858
01:36:54,229 --> 01:36:52,159
difficulties tonight wasn't us i promise

2859
01:36:55,430 --> 01:36:54,239
it wasn't me i didn't hit any buttons it

2860
01:36:57,030 --> 01:36:55,440
just did its own thing

2861
01:36:58,070 --> 01:36:57,040
so what we're going to do is in a couple

2862
01:36:59,350 --> 01:36:58,080
it's probably going to take a couple

2863
01:36:59,990 --> 01:36:59,360

days i'm going to have to splice this

2864

01:37:02,070 --> 01:37:00,000

together

2865

01:37:03,669 --> 01:37:02,080

and i'm not off again until wednesday so

2866

01:37:04,629 --> 01:37:03,679

wednesday i'll sit down and i'll put

2867

01:37:07,669 --> 01:37:04,639

this together

2868

01:37:09,510 --> 01:37:07,679

we'll get it up on the up on stitcher

2869

01:37:10,950 --> 01:37:09,520

and so you folks can go through and if

2870

01:37:12,310 --> 01:37:10,960

you would please go through if you

2871

01:37:13,270 --> 01:37:12,320

listen to our show you like our show

2872

01:37:15,510 --> 01:37:13,280

every week

2873

01:37:16,669 --> 01:37:15,520

go to stitcher radio search arcane radio

2874

01:37:18,070 --> 01:37:16,679

or just go to our website

2875

01:37:20,790 --> 01:37:18,080

arcaneradio.com

2876

01:37:22,629 --> 01:37:20,800

click on the stitcher button and uh

2877

01:37:24,390 --> 01:37:22,639

it'll take you to our stitcher page and

2878

01:37:25,430 --> 01:37:24,400

review us because that gives us that's

2879

01:37:27,590 --> 01:37:25,440

our report card

2880

01:37:29,510 --> 01:37:27,600

that's you telling us how we're doing

2881

01:37:32,149 --> 01:37:29,520

and we appreciate that feedback

2882

01:37:34,229 --> 01:37:32,159

and we take that feedback and really try

2883

01:37:35,510 --> 01:37:34,239

to make the show better for you each and

2884

01:37:37,669 --> 01:37:35,520

every week and that involves a little

2885

01:37:39,669 --> 01:37:37,679

participation we need your questions

2886

01:37:40,950 --> 01:37:39,679

we need your guest suggestions because

2887

01:37:42,390 --> 01:37:40,960

other than that it's just lon and i

2888

01:37:42,950 --> 01:37:42,400

doing our thing and you guys just get to

2889

01:37:45,109 --> 01:37:42,960

listen

2890

01:37:46,629 --> 01:37:45,119

we want this show to be for you because

2891

01:37:48,550 --> 01:37:46,639

that's why we do this every week

2892

01:37:49,990 --> 01:37:48,560

trust me there's other things we could

2893

01:37:51,590 --> 01:37:50,000

do on monday night but we love doing

2894

01:37:53,590 --> 01:37:51,600

this and we want to make this

2895

01:37:54,790 --> 01:37:53,600

a great experience not just every other

2896

01:37:57,990 --> 01:37:54,800

podcast that's out there

2897

01:38:00,070 --> 01:37:58,000

a great experience for you and i'm just

2898

01:38:01,910 --> 01:38:00,080

happy to be a part of this lawn and

2899

01:38:03,750 --> 01:38:01,920

you know we've really taken something

2900

01:38:06,070 --> 01:38:03,760

we've been on the air a year now

2901
01:38:07,590 --> 01:38:06,080
uh we've taken something small built it

2902
01:38:09,189 --> 01:38:07,600
to something better

2903
01:38:10,709 --> 01:38:09,199
who knows how big we'll get we don't

2904
01:38:11,669 --> 01:38:10,719
look at that as an end goal at least i

2905
01:38:13,189 --> 01:38:11,679
don't and i know

2906
01:38:15,270 --> 01:38:13,199
you know we don't look at this to be

2907
01:38:16,229 --> 01:38:15,280
anything more than this labor of love

2908
01:38:18,870 --> 01:38:16,239
that we do

2909
01:38:21,189 --> 01:38:18,880
because we love the world of the

2910
01:38:24,470 --> 01:38:21,199
paranormal the strange the unexplained

2911
01:38:26,470 --> 01:38:24,480
that's it that's it uh so

2912
01:38:28,149 --> 01:38:26,480
next week we got another crypto

2913
01:38:31,430 --> 01:38:28,159

researcher coming on

2914

01:38:32,310 --> 01:38:31,440

bogey creek fame uh lyle blackburn's

2915

01:38:35,750 --> 01:38:32,320

gonna be with us

2916

01:38:38,870 --> 01:38:35,760

uh his most recent book about a year

2917

01:38:41,669 --> 01:38:38,880

last year or 2013 was the

2918

01:38:42,629 --> 01:38:41,679

bishopville monster and wow that was a

2919

01:38:45,750 --> 01:38:42,639

big one

2920

01:38:48,870 --> 01:38:45,760

that was very well written about the uh

2921

01:38:53,109 --> 01:38:48,880

the lizard the lizard humanoid

2922

01:38:54,470 --> 01:38:53,119

in bishopville south carolina and uh

2923

01:38:56,310 --> 01:38:54,480

i was fortunate enough to be able to

2924

01:38:58,470 --> 01:38:56,320

review that book and oh

2925

01:39:00,950 --> 01:38:58,480

it was fantastic i i called it the

2926

01:39:03,990 --> 01:39:00,960

crypto book of 2013.

2927

01:39:04,870 --> 01:39:04,000

so i look forward to to lyle joining us

2928

01:39:07,189 --> 01:39:04,880

next week

2929

01:39:08,629 --> 01:39:07,199

and we got a lot to talk about

2930

01:39:09,910 --> 01:39:08,639

definitely we're going to be going until

2931

01:39:11,669 --> 01:39:09,920

the end of october then we're going to

2932

01:39:14,470 --> 01:39:11,679

be taking a break over

2933

01:39:16,550 --> 01:39:14,480

uh november december probably the first

2934

01:39:18,390 --> 01:39:16,560

week of january and we'll come back

2935

01:39:20,229 --> 01:39:18,400

with even more shows we got a couple

2936

01:39:23,590 --> 01:39:20,239

things in the work that might change

2937

01:39:24,390 --> 01:39:23,600

the way uh you experience arcane radio

2938

01:39:25,510 --> 01:39:24,400

in terms of

2939

01:39:27,430 --> 01:39:25,520

what we're going to be doing for

2940

01:39:28,790 --> 01:39:27,440

commercial breaks because we do need to

2941

01:39:31,270 --> 01:39:28,800

go to the bathroom every once in a while

2942

01:39:33,750 --> 01:39:31,280

the longer we take these shows the

2943

01:39:35,189 --> 01:39:33,760

and the older we get the the more we

2944

01:39:36,709 --> 01:39:35,199

have to go to the bathroom

2945

01:39:38,149 --> 01:39:36,719

so we got to have something to play in

2946

01:39:39,270 --> 01:39:38,159

the interim and i don't want to get sued

2947

01:39:40,950 --> 01:39:39,280

for playing music

2948

01:39:43,189 --> 01:39:40,960

so we're trying to figure something out

2949

01:39:44,149 --> 01:39:43,199

here folks like i said always a work in

2950

01:39:46,070 --> 01:39:44,159

progress

2951

01:39:47,669 --> 01:39:46,080

uh for you and we're not gonna rest

2952

01:39:49,109 --> 01:39:47,679

until it's the absolute best in that

2953

01:39:50,870 --> 01:39:49,119

rhyme done intentionally

2954

01:39:52,709 --> 01:39:50,880

but i guess until next week or we do

2955

01:39:55,430 --> 01:39:52,719

have lyle blackburn on the show

2956

01:39:56,149 --> 01:39:55,440

uh you all be safe keep it real love

2957

01:39:59,669 --> 01:39:56,159

each other

2958

01:40:02,709 --> 01:40:02,070

oh i all i can do is do that you take
