1  
00:00:04,390 --> 00:00:02,310  
and good evening everybody welcome to

2  
00:00:06,630 --> 00:00:04,400  
arcane radio i'm sean the fork chap

3  
00:00:09,910 --> 00:00:06,640  
worker here on monday night

4  
00:00:12,870 --> 00:00:09,920  
february 22nd 2016

5  
00:00:15,030 --> 00:00:12,880  
joined by my good friend lon strickler

6  
00:00:16,910 --> 00:00:15,040  
lon the author editor of phantoms and

7  
00:00:19,349 --> 00:00:16,920  
monsters he's the everything over there

8  
00:00:22,390 --> 00:00:19,359  
phantommonsters.com lawn good evening

9  
00:00:25,750 --> 00:00:22,400  
and we're ready to kick this off tonight

10  
00:00:27,830 --> 00:00:25,760  
yeah um yeah it's gonna be interesting

11  
00:00:32,310 --> 00:00:27,840  
night this is a little bit something

12  
00:00:35,590 --> 00:00:32,320  
different um underground

13  
00:00:39,350 --> 00:00:35,600

for the most part uh our guest is

14

00:00:42,470 --> 00:00:39,360

uh michael mott mike

15

00:00:44,549 --> 00:00:42,480

mott and uh he uh wrote a book a

16

00:00:45,830 --> 00:00:44,559

while back it's had several dish

17

00:00:49,110 --> 00:00:45,840

additions to it

18

00:00:52,310 --> 00:00:49,120

but we'll be talking about the

19

00:00:55,750 --> 00:00:52,320

uh the underground the the

20

00:00:58,470 --> 00:00:55,760

beans that live in the

21

00:00:59,990 --> 00:00:58,480

in the underground the caverns the

22

00:01:02,950 --> 00:01:00,000

cauldrons as he says

23

00:01:04,469 --> 00:01:02,960

so should be an interesting show well

24

00:01:05,670 --> 00:01:04,479

we're looking forward to it that's for

25

00:01:07,350 --> 00:01:05,680

sure

26  
00:01:09,910 --> 00:01:07,360  
oh what an interesting weekend it's been

27  
00:01:11,830 --> 00:01:09,920  
lon you've been blogging away as usual

28  
00:01:13,590 --> 00:01:11,840  
uh i've been trying to catch up on

29  
00:01:16,550 --> 00:01:13,600  
things i watched the episode of the

30  
00:01:18,550 --> 00:01:16,560  
sykesville monster again on uh

31  
00:01:19,830 --> 00:01:18,560  
uh monsters and mysteries in america

32  
00:01:21,510 --> 00:01:19,840  
because i just wanted to give it a good

33  
00:01:22,870 --> 00:01:21,520  
once over and i really enjoyed that

34  
00:01:24,789 --> 00:01:22,880  
episode

35  
00:01:27,270 --> 00:01:24,799  
yeah i think they did a good job of it i

36  
00:01:27,830 --> 00:01:27,280  
mean i i've had some pretty good reviews

37  
00:01:31,270 --> 00:01:27,840  
on it

38  
00:01:33,030 --> 00:01:31,280

and um uh

39

00:01:34,469 --> 00:01:33,040

you know they didn't embellish it like

40

00:01:37,670 --> 00:01:34,479

it you know

41

00:01:39,590 --> 00:01:37,680

like some shows do about everything that

42

00:01:41,749 --> 00:01:39,600

was on there happened

43

00:01:44,630 --> 00:01:41,759

and it was pretty close to you know the

44

00:01:46,710 --> 00:01:44,640

close to the actual story

45

00:01:48,469 --> 00:01:46,720

yeah the one thing i always appreciated

46

00:01:49,670 --> 00:01:48,479

is how you said it was very accurately

47

00:01:51,910 --> 00:01:49,680

represented

48

00:01:53,910 --> 00:01:51,920

i like that uh it was just a good

49

00:01:55,270 --> 00:01:53,920

episode all around also in that same

50

00:01:57,270 --> 00:01:55,280

episode that you're on

51  
00:01:58,550 --> 00:01:57,280  
an odd coincidence my friend carrie

52  
00:02:01,270 --> 00:01:58,560  
fargo

53  
00:02:02,149 --> 00:02:01,280  
is also one with the creature known as

54  
00:02:05,670 --> 00:02:02,159  
the rake

55  
00:02:07,670 --> 00:02:05,680  
the entity that she experienced there

56  
00:02:08,710 --> 00:02:07,680  
that was also very interesting story and

57  
00:02:11,270 --> 00:02:08,720  
just for

58  
00:02:12,710 --> 00:02:11,280  
my own curiosity lon have you heard of a

59  
00:02:16,150 --> 00:02:12,720  
lot of encounters

60  
00:02:16,790 --> 00:02:16,160  
uh with those rake type entities yeah i

61  
00:02:20,070 --> 00:02:16,800  
mean i

62  
00:02:21,589 --> 00:02:20,080  
have heard some uh you know i can't you

63  
00:02:24,710 --> 00:02:21,599

can kind of uh

64

00:02:26,869 --> 00:02:24,720

put the rake i believe in the same

65

00:02:28,070 --> 00:02:26,879

categories as slender man

66

00:02:31,110 --> 00:02:28,080

and that's where i was gonna go next

67

00:02:33,830 --> 00:02:31,120

with this yeah i i think they're kind of

68

00:02:35,190 --> 00:02:33,840

like in the same category and in fact if

69

00:02:39,589 --> 00:02:35,200

i remember right uh

70

00:02:42,630 --> 00:02:39,599

reverend robin swope presented

71

00:02:43,190 --> 00:02:42,640

the rake uh on that show and the only

72

00:02:46,869 --> 00:02:43,200

reason

73

00:02:50,550 --> 00:02:46,879

why that had to be done is because some

74

00:02:52,229 --> 00:02:50,560

lady copyrighted the rake i mean the

75

00:02:54,869 --> 00:02:52,239

slender man

76  
00:02:55,750 --> 00:02:54,879  
trademark was that right that's why they

77  
00:02:57,830 --> 00:02:55,760  
couldn't

78  
00:02:59,270 --> 00:02:57,840  
call the episode the slender man instead

79  
00:03:00,710 --> 00:02:59,280  
of the they had to

80  
00:03:04,070 --> 00:03:00,720  
they had to use something that was

81  
00:03:06,390 --> 00:03:04,080  
similar but the rake really is uh

82  
00:03:07,589 --> 00:03:06,400  
you know it really is you know a similar

83  
00:03:09,750 --> 00:03:07,599  
type entity

84  
00:03:11,270 --> 00:03:09,760  
interesting interesting so you are

85  
00:03:11,990 --> 00:03:11,280  
dealing with two separate entities but

86  
00:03:14,390 --> 00:03:12,000  
they kind of just

87  
00:03:15,190 --> 00:03:14,400  
combined it for the sake of trademark

88  
00:03:17,750 --> 00:03:15,200

and

89

00:03:19,430 --> 00:03:17,760

gotta love the law yeah i i think

90

00:03:22,229 --> 00:03:19,440

they're both actually thought form

91

00:03:25,990 --> 00:03:22,239

entities i think they're something that

92

00:03:29,830 --> 00:03:26,000

um that are manifested

93

00:03:32,229 --> 00:03:29,840

uh you know because of

94

00:03:35,509 --> 00:03:32,239

it being a thought form some people call

95

00:03:39,350 --> 00:03:37,430

you know similar to like you know like

96

00:03:43,350 --> 00:03:39,360

what i've said before with

97

00:03:46,949 --> 00:03:43,360

the manifestation of poltergeist that uh

98

00:03:48,149 --> 00:03:46,959

an actual energy is magnified because of

99

00:03:51,670 --> 00:03:48,159

uh

100

00:03:56,630 --> 00:03:51,680

because of a living person and

101  
00:04:00,630 --> 00:03:59,509  
increasing the energy and increasing the

102  
00:04:02,869 --> 00:04:00,640  
magnitude

103  
00:04:03,830 --> 00:04:02,879  
and it manifests into something bigger

104  
00:04:05,750 --> 00:04:03,840  
you know i think that's one of the

105  
00:04:06,949 --> 00:04:05,760  
things that pissed me off about the term

106  
00:04:09,429 --> 00:04:06,959  
poltergeist

107  
00:04:10,710 --> 00:04:09,439  
is that it's used 99 of the time

108  
00:04:13,670 --> 00:04:10,720  
incorrectly

109  
00:04:14,949 --> 00:04:13,680  
yeah it is it really is i mean just like

110  
00:04:18,310 --> 00:04:14,959  
the movies

111  
00:04:20,469 --> 00:04:18,320  
poltergeist movie i mean there's nothing

112  
00:04:22,550 --> 00:04:20,479  
there it even represents a poltergeist

113  
00:04:23,749 --> 00:04:22,560

no be quite honest with you i mean you

114

00:04:26,150 --> 00:04:23,759

know

115

00:04:27,909 --> 00:04:26,160

so um i always thought at least in my

116

00:04:29,430 --> 00:04:27,919

mind that poltergeist was kind of

117

00:04:33,110 --> 00:04:29,440

self-stirred

118

00:04:33,670 --> 00:04:33,120

uh kind of coming from the source as the

119

00:04:34,790 --> 00:04:33,680

person

120

00:04:36,870 --> 00:04:34,800

you know and it's kind of this

121

00:04:41,430 --> 00:04:36,880

thought-form projectile

122

00:04:43,749 --> 00:04:41,440

type spiritual force is not necessarily

123

00:04:45,350 --> 00:04:43,759

something external you know what i mean

124

00:04:49,990 --> 00:04:45,360

almost like a

125

00:04:53,670 --> 00:04:50,000

unknown telekinetic kind of situation

126

00:04:55,430 --> 00:04:53,680

yeah not this visitor from another realm

127

00:04:57,670 --> 00:04:55,440

that's something completely different

128

00:04:59,990 --> 00:04:57,680

now i mean i'm not saying it can't be

129

00:05:03,670 --> 00:05:00,000

but i mean for the most part

130

00:05:07,029 --> 00:05:03,680

it's uh you know it's something that's

131

00:05:08,830 --> 00:05:07,039

done say locally but something on a

132

00:05:11,430 --> 00:05:08,840

specific locale

133

00:05:12,310 --> 00:05:11,440

yeah i don't know they can't always get

134

00:05:15,430 --> 00:05:12,320

it right

135

00:05:19,270 --> 00:05:15,440

that's why you're here to correct them

136

00:05:20,469 --> 00:05:19,280

so you know poltergeist slenderman rakes

137

00:05:22,230 --> 00:05:20,479

the only thing we're missing are a

138

00:05:22,950 --> 00:05:22,240

couple hoes no i'm sorry i'm just

139

00:05:26,150 --> 00:05:22,960

kidding uh

140

00:05:28,469 --> 00:05:26,160

we got uh all kinds of things going on

141

00:05:29,430 --> 00:05:28,479

here uh bigfoot sightings not really

142

00:05:32,469 --> 00:05:29,440

picking up this year

143

00:05:35,110 --> 00:05:32,479

so far really quiet uh this month

144

00:05:36,390 --> 00:05:35,120

uh we had a couple come in i guess

145

00:05:37,990 --> 00:05:36,400

beginning of the year but it's been

146

00:05:39,510 --> 00:05:38,000

nothing really static nobody gets

147

00:05:41,670 --> 00:05:39,520

back to us that's what we're kind of

148

00:05:45,510 --> 00:05:41,680

dealing with i'm really frustrated

149

00:05:48,870 --> 00:05:45,520

yeah and that can be a bit frustrating

150

00:05:52,070 --> 00:05:48,880

very frustrated now we did now

151

00:05:55,909 --> 00:05:52,080

i can say that we did receive another

152

00:05:58,870 --> 00:05:55,919

dogman report uh actually up in

153

00:05:59,350 --> 00:05:58,880

near altoona area okay and i'm waiting

154

00:06:02,469 --> 00:05:59,360

for

155

00:06:06,070 --> 00:06:02,479

butch to get back on that we're uh we're

156

00:06:07,270 --> 00:06:06,080

attempting to um

157

00:06:09,590 --> 00:06:07,280

you know we're attempting to get more

158

00:06:11,270 --> 00:06:09,600

information and as soon as that you know

159

00:06:13,029 --> 00:06:11,280

as soon as that comes out we'll you know

160

00:06:15,590 --> 00:06:13,039

we'll report it

161

00:06:17,189 --> 00:06:15,600

um the spurs of you know ken gerhardt

162

00:06:20,309 --> 00:06:17,199

saying that they're working on

163

00:06:23,749 --> 00:06:20,319

a or someone's working on a

164

00:06:27,029 --> 00:06:26,070

oh really i didn't know about you and i

165

00:06:28,950 --> 00:06:27,039

and butch

166

00:06:30,629 --> 00:06:28,960

were tagged by one of our good listeners

167

00:06:32,830 --> 00:06:30,639

judy brown

168

00:06:34,150 --> 00:06:32,840

tagged us and said she'd like to hear us

169

00:06:37,110 --> 00:06:34,160

speak on

170

00:06:38,629 --> 00:06:37,120

the uh dog man type entities who knows

171

00:06:40,230 --> 00:06:38,639

field trip for you me and butch huh

172

00:06:41,830 --> 00:06:40,240

could you imagine that ride

173

00:06:42,680 --> 00:06:41,840

oh my god someone better get the bail

174

00:06:46,230 --> 00:06:42,690

money

175

00:06:48,070 --> 00:06:46,240

[Laughter]

176

00:06:50,710 --> 00:06:48,080

yeah i could well i know i couldn't

177

00:06:52,390 --> 00:06:50,720

imagine i don't think we could imagine

178

00:06:55,029 --> 00:06:52,400

in our wildest dreams we couldn't

179

00:06:59,670 --> 00:06:55,039

imagine a road trip with you being bunch

180

00:07:02,790 --> 00:06:59,680

but um you know we're planning on

181

00:07:04,550 --> 00:07:02,800

getting into some of these areas in pa

182

00:07:06,230 --> 00:07:04,560

again you know when the weather breaks

183

00:07:08,150 --> 00:07:06,240

and uh

184

00:07:10,309 --> 00:07:08,160

after i get myself straightened out

185

00:07:13,110 --> 00:07:10,319

after the move so

186

00:07:14,550 --> 00:07:13,120

you know we'll see i mean uh we had some

187

00:07:17,830 --> 00:07:14,560

areas that

188

00:07:20,550 --> 00:07:17,840

you know are fairly close now too so um

189

00:07:21,110 --> 00:07:20,560

yeah definitely yeah oh by the way our

190

00:07:22,870 --> 00:07:21,120

our

191

00:07:24,309 --> 00:07:22,880

butcher was on the coast to coast the

192

00:07:27,990 --> 00:07:24,319

other night

193

00:07:32,230 --> 00:07:28,000

and uh talking about dog man

194

00:07:34,870 --> 00:07:32,240

and uh bipedal cadence so

195

00:07:36,150 --> 00:07:34,880

uh if you can get that you know if you

196

00:07:38,469 --> 00:07:36,160

can find it

197

00:07:39,990 --> 00:07:38,479

you know on youtube or somewhere i'd

198

00:07:42,830 --> 00:07:40,000

suggest listening

199

00:07:45,029 --> 00:07:42,840

i always love having uh butch on our

200

00:07:46,469 --> 00:07:45,039

program uh but i like going and

201  
00:07:47,589 --> 00:07:46,479  
listening and doing other shows it's

202  
00:07:48,710 --> 00:07:47,599  
always good when we can interview

203  
00:07:50,309 --> 00:07:48,720  
somebody but i like hearing the

204  
00:07:52,309 --> 00:07:50,319  
different takes that

205  
00:07:53,990 --> 00:07:52,319  
other interviewers approach uh butch

206  
00:07:57,350 --> 00:07:54,000  
with and how he just keeps it

207  
00:07:59,510 --> 00:07:57,360  
you know level kind of procedural

208  
00:08:01,029 --> 00:07:59,520  
and not a lot of supposition he just

209  
00:08:02,550 --> 00:08:01,039  
kind of goes for it presents what's

210  
00:08:04,710 --> 00:08:02,560  
there and that's what he's there with

211  
00:08:06,550 --> 00:08:04,720  
and it's always a good idea

212  
00:08:08,070 --> 00:08:06,560  
the big the big thing about a lot of

213  
00:08:09,430 --> 00:08:08,080

these shows is

214

00:08:11,749 --> 00:08:09,440

first of all when you when you get

215

00:08:15,029 --> 00:08:11,759

booked on a show and i know how it is

216

00:08:17,430 --> 00:08:15,039

you know you you kind of

217

00:08:18,629 --> 00:08:17,440

wonder what their angle is if it's have

218

00:08:20,070 --> 00:08:18,639

a stereo or

219

00:08:22,869 --> 00:08:20,080

they just want to hear what you got to

220

00:08:25,830 --> 00:08:22,879

say and uh

221

00:08:26,309 --> 00:08:25,840

you know i i for the most part you do

222

00:08:29,189 --> 00:08:26,319

get

223

00:08:31,430 --> 00:08:29,199

a good conversation but sometimes you

224

00:08:33,269 --> 00:08:31,440

will get somebody that

225

00:08:34,550 --> 00:08:33,279

i wouldn't say that they're as much a

226

00:08:37,509 --> 00:08:34,560

skeptic as a just

227

00:08:38,949 --> 00:08:37,519

adversarial and uh you know i think

228

00:08:40,949 --> 00:08:38,959

butch handles that pretty well

229

00:08:42,550 --> 00:08:40,959

yeah well you know i was with in fact i

230

00:08:43,670 --> 00:08:42,560

kind of got my first break doing this

231

00:08:46,870 --> 00:08:43,680

kind of stuff

232

00:08:48,070 --> 00:08:46,880

uh on the x zone with rob mcconnell and

233

00:08:49,829 --> 00:08:48,080

uh i don't know if you've done the x

234

00:08:51,509 --> 00:08:49,839

zone but i know bush has done the x zone

235

00:08:53,430 --> 00:08:51,519

and uh ron mcconnell is a really good

236

00:08:55,110 --> 00:08:53,440

guy but he has a tendency he can get a

237

00:08:57,269 --> 00:08:55,120

little skeptical too

238

00:08:59,750 --> 00:08:57,279

and i've just always enjoyed my my

239

00:09:02,150 --> 00:08:59,760

interviews with with rob and

240

00:09:04,389 --> 00:09:02,160

uh he's a good guy up there in hamilton

241

00:09:06,310 --> 00:09:04,399

uh ontario

242

00:09:07,590 --> 00:09:06,320

uh not anterior as you and i were

243

00:09:09,990 --> 00:09:07,600

talking about before the break

244

00:09:11,590 --> 00:09:10,000

somewhere in outer space but uh he's

245

00:09:13,190 --> 00:09:11,600

always a good interview and uh

246

00:09:16,070 --> 00:09:13,200

i don't do a lot of interviews outside

247

00:09:19,269 --> 00:09:16,080

of this you know that i don't like to do

248

00:09:20,630 --> 00:09:19,279

i i listen to myself talk enough

249

00:09:22,230 --> 00:09:20,640

during the week and i'm sure other

250

00:09:23,430 --> 00:09:22,240

people don't have a you know don't want

251  
00:09:24,310 --> 00:09:23,440  
to hear me anymore than what i'm doing

252  
00:09:26,070 --> 00:09:24,320  
already now

253  
00:09:27,430 --> 00:09:26,080  
so i don't entertain a lot of interviews

254  
00:09:29,190 --> 00:09:27,440  
i've done a couple uh

255  
00:09:30,470 --> 00:09:29,200  
i've done a few with shannon and i love

256  
00:09:33,590 --> 00:09:30,480  
doing interviews with shannon i just

257  
00:09:36,070 --> 00:09:33,600  
don't it's like you i i don't like that

258  
00:09:37,350 --> 00:09:36,080  
kind of suspense of going in not knowing

259  
00:09:38,949 --> 00:09:37,360  
what i'm getting myself into

260  
00:09:40,389 --> 00:09:38,959  
is this person going to be hostile are

261  
00:09:42,710 --> 00:09:40,399  
they going to be

262  
00:09:44,470 --> 00:09:42,720  
because you know me i have a short fuse

263  
00:09:48,829 --> 00:09:44,480

and

264

00:09:50,230 --> 00:09:48,839

well you know it can be anxiety filled

265

00:09:51,990 --> 00:09:50,240

sometimes

266

00:09:53,750 --> 00:09:52,000

you know i've done coast to coast now

267

00:09:56,630 --> 00:09:53,760

what three times and

268

00:09:56,870 --> 00:09:56,640

you know for the one for the simple fact

269

00:10:07,110 --> 00:09:56,880

i

270

00:10:09,509 --> 00:10:07,120

and um

271

00:10:12,470 --> 00:10:09,519

uh you know the information does get out

272

00:10:15,670 --> 00:10:12,480

there the way i feel it should

273

00:10:16,150 --> 00:10:15,680

and uh you know i i i enjoy being on

274

00:10:18,150 --> 00:10:16,160

there

275

00:10:19,590 --> 00:10:18,160

but you know i i don't do a whole lot of

276

00:10:22,949 --> 00:10:19,600

interviews actually i mean

277

00:10:26,710 --> 00:10:22,959

you know i i've got a couple scheduled

278

00:10:28,870 --> 00:10:26,720

i've got some podcasts coming up too but

279

00:10:31,110 --> 00:10:28,880

uh other than that i mean you know it's

280

00:10:33,030 --> 00:10:31,120

just it's kind of a

281

00:10:34,630 --> 00:10:33,040

you know somebody who may ask me do it

282

00:10:36,310 --> 00:10:34,640

or something you know i guess

283

00:10:37,829 --> 00:10:36,320

i guess it just depends in the mood i'm

284

00:10:40,550 --> 00:10:37,839

in quite honest with you

285

00:10:41,430 --> 00:10:40,560

i just don't you know i i don't i like

286

00:10:43,190 --> 00:10:41,440

to do this

287

00:10:45,910 --> 00:10:43,200

you know i like to i guess i like to be

288

00:10:46,310 --> 00:10:45,920

in control a little bit of a control

289

00:10:48,949 --> 00:10:46,320

freak

290

00:10:49,910 --> 00:10:48,959

when it's that but i get tired of

291

00:10:52,069 --> 00:10:49,920

hearing myself talking

292

00:10:53,590 --> 00:10:52,079

me too these folks listen to us for an

293

00:10:54,949 --> 00:10:53,600

hour and a half to two hours a week do

294

00:10:57,829 --> 00:10:54,959

they really want to hear us anymore i

295

00:11:01,350 --> 00:10:59,430

we just got the audio right finally a

296

00:11:07,110 --> 00:11:01,360

year and a half on the air by ourselves

297

00:11:11,509 --> 00:11:10,069

yeah i was checking the listings on um

298

00:11:14,630 --> 00:11:11,519

excuse me the rankings on

299

00:11:16,230 --> 00:11:14,640

uh stitcher today and uh

300

00:11:19,190 --> 00:11:16,240

we're up there pretty well now i guess

301  
00:11:21,110 --> 00:11:19,200  
we're number 39

302  
00:11:22,710 --> 00:11:21,120  
traditionally well in the ratings and we

303  
00:11:23,509 --> 00:11:22,720  
have our listeners to thank for that

304  
00:11:26,949 --> 00:11:23,519  
because for some

305  
00:11:28,550 --> 00:11:26,959  
reason they come back every week and uh

306  
00:11:30,790 --> 00:11:28,560  
we like them i mean don't get us wrong

307  
00:11:32,870 --> 00:11:30,800  
we love you folks we do this show

308  
00:11:34,230 --> 00:11:32,880  
uh for you i mean for us too let's not

309  
00:11:35,750 --> 00:11:34,240  
lie we like it a little bit or we

310  
00:11:36,389 --> 00:11:35,760  
wouldn't be doing it but we really feel

311  
00:11:38,230 --> 00:11:36,399  
like

312  
00:11:39,670 --> 00:11:38,240  
what we're bringing was maybe something

313  
00:11:41,430 --> 00:11:39,680

a little different maybe not totally

314

00:11:43,509 --> 00:11:41,440

different but it's sean and lawn and we

315

00:11:46,310 --> 00:11:43,519

have kind of that folksy charm

316

00:11:46,870 --> 00:11:46,320

that uh brings it down to earth and

317

00:11:50,230 --> 00:11:46,880

though

318

00:11:51,509 --> 00:11:50,240

many times you know lon and i

319

00:11:53,350 --> 00:11:51,519

i guess the one thing that they'll

320

00:11:54,870 --> 00:11:53,360

appreciate for muslim is even if you and

321

00:11:56,949 --> 00:11:54,880

i don't agree with something

322

00:11:58,069 --> 00:11:56,959

totally if we're not on the same page as

323

00:11:59,590 --> 00:11:58,079

each other with something

324

00:12:01,910 --> 00:11:59,600

we don't beat the hell out of each other

325

00:12:04,790 --> 00:12:01,920

about it we can agree to disagree about

326

00:12:06,389 --> 00:12:04,800

things but talk about it civilly

327

00:12:08,629 --> 00:12:06,399

well you know we've had some pretty good

328

00:12:11,269 --> 00:12:08,639

guests too and uh

329

00:12:13,269 --> 00:12:11,279

i mean people have agreed to come on

330

00:12:14,790 --> 00:12:13,279

with us and we'd much appreciate that

331

00:12:16,389 --> 00:12:14,800

and uh

332

00:12:18,550 --> 00:12:16,399

we're still trying to get a few other

333

00:12:19,829 --> 00:12:18,560

ones but uh you tell us who you want

334

00:12:22,629 --> 00:12:19,839

we'll try to investigate yeah

335

00:12:24,629 --> 00:12:22,639

it's tough to do sometimes uh to arrange

336

00:12:27,750 --> 00:12:24,639

people's schedules but

337

00:12:29,110 --> 00:12:27,760

uh you know i had to i had to give our

338

00:12:31,990 --> 00:12:29,120

guests a lot of the credit

339

00:12:33,350 --> 00:12:32,000

and uh and we've had some good guests

340

00:12:35,350 --> 00:12:33,360

when you get some more female guests

341

00:12:38,069 --> 00:12:35,360

we've been a real sausage fest lately

342

00:12:38,629 --> 00:12:38,079

well we've got some coming up so good

343

00:12:40,069 --> 00:12:38,639

good good

344

00:12:42,710 --> 00:12:40,079

i love to have the ladies on the show

345

00:12:44,949 --> 00:12:42,720

you know they're so much smarter than us

346

00:12:46,310 --> 00:12:44,959

men

347

00:12:48,150 --> 00:12:46,320

more in tune to everything they're and

348

00:12:50,870 --> 00:12:48,160

i'm pandering to our audience i am

349

00:12:52,790 --> 00:12:50,880

but they are let's be honest they're

350

00:12:55,190 --> 00:12:52,800

smarter than us

351

00:12:56,629 --> 00:12:55,200

yeah i think they are they pay attention

352

00:13:00,230 --> 00:12:56,639

and we need to listen to them more

353

00:13:01,509 --> 00:13:00,240

and uh yeah i love it i i really love it

354

00:13:02,710 --> 00:13:01,519

i love what we do here i have a lot of

355

00:13:04,230 --> 00:13:02,720

fun when we do it and

356

00:13:06,629 --> 00:13:04,240

and i think that's why we keep coming

357

00:13:08,310 --> 00:13:06,639

back uh week after week is that

358

00:13:10,150 --> 00:13:08,320

it's just enjoyable for both of us and i

359

00:13:10,949 --> 00:13:10,160

love to get to talk to the people i mean

360

00:13:13,110 --> 00:13:10,959

lately

361

00:13:14,550 --> 00:13:13,120

uh you know when you get lon on a roll

362

00:13:16,230 --> 00:13:14,560

folks you don't know how hard it is to

363

00:13:17,829 --> 00:13:16,240

stop lawn when he's on a roll in fact

364

00:13:20,150 --> 00:13:17,839

when he's on a roll i just let him go

365

00:13:21,990 --> 00:13:20,160

i love it i love listening to him talk

366

00:13:24,310 --> 00:13:22,000

to these guests about

367

00:13:25,990 --> 00:13:24,320

subjects that sometimes i have no damn

368

00:13:28,389 --> 00:13:26,000

clue what he's talking about and

369

00:13:30,550 --> 00:13:28,399

these guys they just go and i learn so

370

00:13:33,590 --> 00:13:30,560

much a lot from you and our guests

371

00:13:35,190 --> 00:13:33,600

and hopefully our our audience gets the

372

00:13:36,870 --> 00:13:35,200

same experience and like i was talking

373

00:13:38,790 --> 00:13:36,880

about last week feedback is they want to

374

00:13:40,629 --> 00:13:38,800

hear more of the stories

375

00:13:42,629 --> 00:13:40,639

from from the guests and more the i

376

00:13:44,470 --> 00:13:42,639

guess quote unquote gory details and

377

00:13:46,150 --> 00:13:44,480

that's what we're going to try to do

378

00:13:48,389 --> 00:13:46,160

uh moving forward here a little bit more

379

00:13:49,910 --> 00:13:48,399

from the guests but man

380

00:13:51,590 --> 00:13:49,920

we've had some really good guests and

381

00:13:52,870 --> 00:13:51,600

next week we're going to have uh patrick

382

00:13:55,910 --> 00:13:52,880

meacham back

383

00:13:57,590 --> 00:13:55,920

yeah yeah patrick's going to come back

384

00:13:58,150 --> 00:13:57,600

and we're going to pick up where we left

385

00:14:01,509 --> 00:13:58,160

off

386

00:14:02,470 --> 00:14:01,519

after we had a skype incident whatever

387

00:14:03,990 --> 00:14:02,480

happened on that show

388

00:14:06,310 --> 00:14:04,000

that show went to pot real quick it

389

00:14:08,470 --> 00:14:06,320

never started it didn't start out good

390

00:14:10,389 --> 00:14:08,480

let's be honest i mean you know it seems

391

00:14:11,990 --> 00:14:10,399

to be the the thing

392

00:14:15,030 --> 00:14:12,000

and we're not the only one that has this

393

00:14:18,389 --> 00:14:15,040

experience when we're talking about

394

00:14:20,949 --> 00:14:18,399

entities and you know spiritual and

395

00:14:22,949 --> 00:14:20,959

paranormal where

396

00:14:24,470 --> 00:14:22,959

something happens to skype i don't know

397

00:14:27,269 --> 00:14:24,480

what it is i mean

398

00:14:29,030 --> 00:14:27,279

yes sometimes i think with when we have

399

00:14:29,350 --> 00:14:29,040

these issues when we're we're talking to

400

00:14:30,470 --> 00:14:29,360

guests

401  
00:14:32,389 --> 00:14:30,480  
we're talking about these paranormal

402  
00:14:34,069 --> 00:14:32,399  
things but i kid you not folks

403  
00:14:36,069 --> 00:14:34,079  
that there's stuff that happens like

404  
00:14:37,509 --> 00:14:36,079  
there's no logical reason why long just

405  
00:14:38,389 --> 00:14:37,519  
drops they're in the middle of a phone

406  
00:14:40,389 --> 00:14:38,399  
call for

407  
00:14:42,310 --> 00:14:40,399  
he's got perfect connection and boop

408  
00:14:45,030 --> 00:14:42,320  
there it's gone

409  
00:14:46,870 --> 00:14:45,040  
over bt too oh my god bill bean anytime

410  
00:14:49,430 --> 00:14:46,880  
we have bill beat on the show

411  
00:14:51,430 --> 00:14:49,440  
bill's coming over yeah well let's knock

412  
00:14:52,870 --> 00:14:51,440  
on wood and uh you got some salt

413  
00:14:54,710 --> 00:14:52,880

go outside and throw that over your

414

00:14:56,470 --> 00:14:54,720

shoulder

415

00:14:57,829 --> 00:14:56,480

something's going you know whatever bill

416

00:14:59,990 --> 00:14:57,839

bean would come on beyond the edge

417

00:15:04,150 --> 00:15:00,000

radius something would happen

418

00:15:05,910 --> 00:15:04,160

yeah he did yeah he did it was funny

419

00:15:08,389 --> 00:15:05,920

uh well it's been a busy week i'm

420

00:15:09,829 --> 00:15:08,399

telling you i've got um

421

00:15:12,069 --> 00:15:09,839

i you know i'm still working on this

422

00:15:13,030 --> 00:15:12,079

humanoid case out there in arizona and

423

00:15:16,629 --> 00:15:13,040

i've got

424

00:15:18,389 --> 00:15:16,639

i'm actually got some colleagues doing

425

00:15:19,750 --> 00:15:18,399

an rv on it

426

00:15:21,430 --> 00:15:19,760

remote viewing for those who aren't

427

00:15:23,509 --> 00:15:21,440

familiar with rv yeah

428

00:15:24,870 --> 00:15:23,519

i've got i've got a colleague friend and

429

00:15:27,509 --> 00:15:24,880

uh

430

00:15:29,110 --> 00:15:27,519

in australia who's going to be looking

431

00:15:32,230 --> 00:15:29,120

into this for me

432

00:15:33,990 --> 00:15:32,240

and i used to work with her before and

433

00:15:35,590 --> 00:15:34,000

uh she's going to be doing this she's

434

00:15:38,829 --> 00:15:35,600

gotten herself back into

435

00:15:41,670 --> 00:15:38,839

uh into some of the rv and some of the

436

00:15:43,430 --> 00:15:41,680

uh clairvoyant work that she has done

437

00:15:46,150 --> 00:15:43,440

before she's

438

00:15:48,389 --> 00:15:46,160

uh she's very good so um i'm glad to

439

00:15:50,949 --> 00:15:48,399

have her on board to help me out

440

00:15:53,430 --> 00:15:50,959

and uh in fact she had i'm waiting for

441

00:15:55,990 --> 00:15:53,440

her to write some things up i got a

442

00:15:56,470 --> 00:15:56,000

she got an image of something i don't

443

00:15:59,189 --> 00:15:56,480

know

444

00:15:59,829 --> 00:15:59,199

what it is i'm pretty sure it's a it's a

445

00:16:03,269 --> 00:15:59,839

a human

446

00:16:06,310 --> 00:16:03,279

entity uh that she took up

447

00:16:07,269 --> 00:16:06,320

uh took a photo of i showed the butch

448

00:16:11,269 --> 00:16:07,279

it's

449

00:16:14,150 --> 00:16:11,279

one of the most interesting

450

00:16:14,949 --> 00:16:14,160

uh images i've seen on digital it really

451  
00:16:17,509 --> 00:16:14,959  
is i

452  
00:16:18,389 --> 00:16:17,519  
mean i'm gonna i'll get it up there one

453  
00:16:20,710 --> 00:16:18,399  
day after

454  
00:16:22,230 --> 00:16:20,720  
you know after she writes it up but um

455  
00:16:24,870 --> 00:16:22,240  
and i haven't seen it yet folks

456  
00:16:27,189 --> 00:16:24,880  
oh you haven't seen it yet and of course

457  
00:16:30,949 --> 00:16:27,199  
i've got i've got a new case

458  
00:16:34,310 --> 00:16:30,959  
i've been working on in sag harbor

459  
00:16:37,509 --> 00:16:34,320  
new york up in long island this is an

460  
00:16:40,550 --> 00:16:37,519  
orb infestation um

461  
00:16:43,350 --> 00:16:40,560  
an orb infants

462  
00:16:43,990 --> 00:16:43,360  
infestation this is weird this one's

463  
00:16:47,430 --> 00:16:44,000

strange

464

00:16:50,710 --> 00:16:47,440

because um you know i had a case

465

00:16:54,310 --> 00:16:50,720

several years ago in perth australia

466

00:16:57,829 --> 00:16:54,320

western australia where the uh

467

00:16:59,990 --> 00:16:57,839

where the witness had these

468

00:17:01,189 --> 00:17:00,000

these this orb infestation in his

469

00:17:03,430 --> 00:17:01,199

apartment

470

00:17:04,630 --> 00:17:03,440

but the thing was you could see these

471

00:17:06,470 --> 00:17:04,640

orbs

472

00:17:08,150 --> 00:17:06,480

without the camera you could see it you

473

00:17:10,390 --> 00:17:08,160

know you look at the camera

474

00:17:12,390 --> 00:17:10,400

and you see it but you know you could

475

00:17:14,309 --> 00:17:12,400

stand there and see it as well too

476

00:17:15,909 --> 00:17:14,319

they were they were uh they were seen

477

00:17:19,350 --> 00:17:15,919

with the naked eye

478

00:17:21,669 --> 00:17:19,360

well the situation here in this case up

479

00:17:26,069 --> 00:17:21,679

in long island is

480

00:17:29,590 --> 00:17:26,079

you can only see these orbs with digital

481

00:17:33,190 --> 00:17:29,600

equipment okay and it is so weird

482

00:17:36,549 --> 00:17:33,200

and now the the the family lives

483

00:17:38,150 --> 00:17:36,559

in a cottage rates smack between two

484

00:17:41,909 --> 00:17:38,160

graveyards

485

00:17:43,190 --> 00:17:41,919

can understand one of what i understand

486

00:17:46,630 --> 00:17:43,200

that's convenient

487

00:17:47,350 --> 00:17:46,640

and uh so i you know there has been some

488

00:17:50,870 --> 00:17:47,360

more

489

00:17:54,150 --> 00:17:50,880

big orb activity outside

490

00:17:55,590 --> 00:17:54,160

uh some and i'm working on that and i'm

491

00:17:57,270 --> 00:17:55,600

trying to get some more information on

492

00:17:57,990 --> 00:17:57,280

that that's something i'm gonna have to

493

00:17:59,590 --> 00:17:58,000

uh

494

00:18:02,310 --> 00:17:59,600

i'm probably gonna get had to get some

495

00:18:04,390 --> 00:18:02,320

local help for that because uh

496

00:18:05,909 --> 00:18:04,400

i have no idea what we're dealing with

497

00:18:08,789 --> 00:18:05,919

this is uh

498

00:18:10,549 --> 00:18:08,799

you know i i i'm quite sure it's it's

499

00:18:13,590 --> 00:18:10,559

spiritual

500

00:18:14,070 --> 00:18:13,600

but the fact that only it can only be

501  
00:18:18,710 --> 00:18:14,080  
seen

502  
00:18:21,270 --> 00:18:18,720  
using digital equipment is pretty odd

503  
00:18:24,470 --> 00:18:21,280  
uh you cannot see it at all with the

504  
00:18:29,669 --> 00:18:27,669  
so you got kind of that's weird

505  
00:18:30,789 --> 00:18:29,679  
yeah it is weird and um i don't know if

506  
00:18:31,830 --> 00:18:30,799  
you've ever heard of that before to be

507  
00:18:34,950 --> 00:18:31,840  
honest with you

508  
00:18:37,750 --> 00:18:34,960  
i i i have heard similar but not

509  
00:18:38,870 --> 00:18:37,760  
not that you know you know not like that

510  
00:18:41,990 --> 00:18:38,880  
that that is odd

511  
00:18:45,110 --> 00:18:42,000  
and besides the um

512  
00:18:46,950 --> 00:18:45,120  
that they're encountering no

513  
00:18:48,150 --> 00:18:46,960

i mean there's no paranormal activity at

514

00:18:50,390 --> 00:18:48,160

all in that into place

515

00:18:52,150 --> 00:18:50,400

just the orbs that's just the orbs and

516

00:18:55,510 --> 00:18:52,160

that's the weird thing about it now

517

00:18:56,870 --> 00:18:55,520

if if if there was something else going

518

00:18:58,870 --> 00:18:56,880

on

519

00:19:00,710 --> 00:18:58,880

ah yeah that i i'd attributed to that

520

00:19:01,270 --> 00:19:00,720

but you know there's nothing else going

521

00:19:03,990 --> 00:19:01,280

on

522

00:19:05,750 --> 00:19:04,000

interesting uh but i think i think there

523

00:19:07,669 --> 00:19:05,760

i mean i think there is potential for

524

00:19:10,870 --> 00:19:07,679

something to happen

525

00:19:12,310 --> 00:19:10,880

uh i i told her you know i told the

526

00:19:14,310 --> 00:19:12,320

witness look you know

527

00:19:16,390 --> 00:19:14,320

if if you get any inkling of any type of

528

00:19:17,990 --> 00:19:16,400

activity you got to let me know because

529

00:19:19,909 --> 00:19:18,000

this may be one of these deals where

530

00:19:21,110 --> 00:19:19,919

something just suddenly starts to happen

531

00:19:23,430 --> 00:19:21,120

that's what i was thinking i could just

532

00:19:26,789 --> 00:19:23,440

pop one day and it does happen

533

00:19:30,230 --> 00:19:26,799

um and of course there's nothing

534

00:19:33,669 --> 00:19:30,240

that there's no fear factor uh

535

00:19:35,909 --> 00:19:33,679

there's no uh uh

536

00:19:37,270 --> 00:19:35,919

dysfunction i was just gonna ask general

537

00:19:39,510 --> 00:19:37,280

you would be good at everything

538

00:19:40,950 --> 00:19:39,520

yeah so there's nothing to feed it

539

00:19:44,710 --> 00:19:40,960

children

540

00:19:46,549 --> 00:19:44,720

there's kids but they're young kids and

541

00:19:49,029 --> 00:19:46,559

i don't think there's anything there

542

00:19:50,950 --> 00:19:49,039

that's wrong i mean it's something i'm

543

00:19:53,669 --> 00:19:50,960

going to be working on so we'll see

544

00:19:54,870 --> 00:19:53,679

we'll definitely keep us posted yeah of

545

00:19:56,470 --> 00:19:54,880

course we've got all the other

546

00:19:58,230 --> 00:19:56,480

odds and ends going on of course you

547

00:20:01,750 --> 00:19:58,240

know i said this dog band thing

548

00:20:02,870 --> 00:20:01,760

got the new sighting and uh

549

00:20:04,470 --> 00:20:02,880

you know i've been working on a few

550

00:20:06,789 --> 00:20:04,480

other odds and ends i got a few more

551

00:20:10,149 --> 00:20:06,799

angles going too so

552

00:20:11,110 --> 00:20:10,159

you know that's the uh that's par for

553

00:20:12,870 --> 00:20:11,120

the caller for me

554

00:20:15,510 --> 00:20:12,880

you're a pretty busy guy whatever

555

00:20:18,070 --> 00:20:15,520

happened to our friend up in uh

556

00:20:20,230 --> 00:20:18,080

up in the uh northern atlantic region

557

00:20:23,990 --> 00:20:20,240

let's have an ongoing encounter

558

00:20:26,070 --> 00:20:24,000

oh that's my buddy jerry yeah

559

00:20:27,430 --> 00:20:26,080

yeah the guy lived up in no actually

560

00:20:30,230 --> 00:20:27,440

lived in nova scotia

561

00:20:31,590 --> 00:20:30,240

yeah the atlantic maritimes but you know

562

00:20:35,270 --> 00:20:31,600

i'm not going to be specific

563

00:20:37,190 --> 00:20:35,280

what area of you know nova scotia

564

00:20:38,549 --> 00:20:37,200

i still have contact with him he's had

565

00:20:41,750 --> 00:20:38,559

some medical

566

00:20:45,669 --> 00:20:41,760

issues over the years so

567

00:20:47,830 --> 00:20:45,679

um but that situation

568

00:20:48,950 --> 00:20:47,840

from what i understand is still going on

569

00:20:50,549 --> 00:20:48,960

and we were gonna take a trip

570

00:20:53,190 --> 00:20:50,559

up there truth be told yeah we were

571

00:20:55,750 --> 00:20:53,200

talking about it i um

572

00:20:57,350 --> 00:20:55,760

i don't know i mean and you know he as

573

00:20:59,669 --> 00:20:57,360

far as this orb thing

574

00:21:00,789 --> 00:20:59,679

he's had the same activity up there same

575

00:21:02,630 --> 00:21:00,799

same situations

576  
00:21:03,830 --> 00:21:02,640  
you can see it with you know he can see

577  
00:21:08,230 --> 00:21:03,840  
it but

578  
00:21:10,630 --> 00:21:08,240  
you can walk around his farm and uh

579  
00:21:12,630 --> 00:21:10,640  
it looks like a snowstorm of orbs oh

580  
00:21:17,350 --> 00:21:12,640  
well all around yeah it's

581  
00:21:19,350 --> 00:21:17,360  
weird what causes that like just in

582  
00:21:20,390 --> 00:21:19,360  
some regions i don't know you know i

583  
00:21:22,630 --> 00:21:20,400  
think there's

584  
00:21:25,430 --> 00:21:22,640  
there is a tie i mean of course i i feel

585  
00:21:27,909 --> 00:21:25,440  
there there may be some spiritual

586  
00:21:29,190 --> 00:21:27,919  
in you know involvement there but when

587  
00:21:32,470 --> 00:21:29,200  
it gets to the point where

588  
00:21:34,230 --> 00:21:32,480

you see these orbs and such density

589

00:21:36,549 --> 00:21:34,240

i think it's a little beyond that i

590

00:21:39,669 --> 00:21:36,559

think there may be some non-terrestrial

591

00:21:41,669 --> 00:21:39,679

activity going on there and you know

592

00:21:44,149 --> 00:21:41,679

there have been there has been a lot of

593

00:21:48,870 --> 00:21:44,159

um he has experienced a lot of

594

00:21:52,149 --> 00:21:48,880

uh um ufo activity

595

00:21:55,830 --> 00:21:52,159

and he has in one instance seen an

596

00:21:59,350 --> 00:21:55,840

entity leave or

597

00:22:01,190 --> 00:21:59,360

walk out of a craft so

598

00:22:02,870 --> 00:22:01,200

yeah well that's a whole other ball game

599

00:22:03,990 --> 00:22:02,880

yeah so there's a lot of stuff going on

600

00:22:06,470 --> 00:22:04,000

up there

601  
00:22:08,390 --> 00:22:06,480  
let alone the habituation with the

602  
00:22:11,190 --> 00:22:08,400  
bigfoot maybe that's why we didn't go

603  
00:22:11,990 --> 00:22:11,200  
i mean i don't know you know we we're

604  
00:22:14,149 --> 00:22:12,000  
talking about a couple

605  
00:22:15,270 --> 00:22:14,159  
years ago but um yeah it's been about

606  
00:22:16,390 --> 00:22:15,280  
three years ago we were gonna play in

607  
00:22:18,230 --> 00:22:16,400  
that trip up there

608  
00:22:19,510 --> 00:22:18,240  
yeah i don't know things just didn't

609  
00:22:21,590 --> 00:22:19,520  
work out

610  
00:22:23,110 --> 00:22:21,600  
so uh you know if he still wants us come

611  
00:22:25,110 --> 00:22:23,120  
up here and maybe we'll go up one dude

612  
00:22:27,909 --> 00:22:25,120  
who knows you never know

613  
00:22:28,549 --> 00:22:27,919

once we get mobile there's no stopping

614

00:22:31,750 --> 00:22:28,559

us guys

615

00:22:33,110 --> 00:22:31,760

no stopping us so we did want to talk

616

00:22:34,549 --> 00:22:33,120

about a couple more things on phantoms

617

00:22:36,070 --> 00:22:34,559

and monsters tonight but i took you off

618

00:22:37,909 --> 00:22:36,080

on a couple tangents i'm sorry

619

00:22:41,029 --> 00:22:37,919

i mean i got one thing here i can talk

620

00:22:43,510 --> 00:22:41,039

about real quick this is um

621

00:22:46,390 --> 00:22:43,520

this is a story i got the other day i

622

00:22:49,430 --> 00:22:46,400

mean it actually came um

623

00:22:52,710 --> 00:22:49,440

this is one that was sent to me okay and

624

00:22:55,990 --> 00:22:52,720

uh pretty interesting uh i call it a

625

00:22:56,789 --> 00:22:56,000

restaurant x uh we'll try to get through

626

00:22:59,510 --> 00:22:56,799

this

627

00:23:01,190 --> 00:22:59,520

quick as i can i'd like to thank you for

628

00:23:02,549 --> 00:23:01,200

your website appreciate what you let

629

00:23:04,470 --> 00:23:02,559

people tell the story

630

00:23:06,630 --> 00:23:04,480

without horse judgment that is why i

631

00:23:08,230 --> 00:23:06,640

decided to contact you

632

00:23:10,789 --> 00:23:08,240

i have come to the conclusion that i'm

633

00:23:12,549 --> 00:23:10,799

just someone who has had odd experiences

634

00:23:13,990 --> 00:23:12,559

i've had things happen to me since then

635

00:23:17,270 --> 00:23:14,000

i was a kid

636

00:23:20,710 --> 00:23:17,280

yada yada okay um

637

00:23:23,590 --> 00:23:20,720

one experience still bothers me uh

638

00:23:24,470 --> 00:23:23,600

since i can't figure out a category in

639

00:23:27,590 --> 00:23:24,480

which to put it

640

00:23:30,310 --> 00:23:27,600

it is an experience i had many years ago

641

00:23:32,149 --> 00:23:30,320

and uh he's gonna go ahead into it

642

00:23:33,909 --> 00:23:32,159

hearing so it's an incident

643

00:23:36,149 --> 00:23:33,919

i've been a reminder of when i was in

644

00:23:38,549 --> 00:23:36,159

chicago for a tourist weekend

645

00:23:40,390 --> 00:23:38,559

with a woman i was dating we had been

646

00:23:42,149 --> 00:23:40,400

the yard institute

647

00:23:43,510 --> 00:23:42,159

during the day on saturday it was a

648

00:23:46,630 --> 00:23:43,520

saturday in august of 8

649

00:23:49,110 --> 00:23:46,640

1988 or 89. i know

650

00:23:50,390 --> 00:23:49,120

i was a graduate in graduate school at

651  
00:23:52,310 --> 00:23:50,400  
the time

652  
00:23:53,830 --> 00:23:52,320  
after we had left the art institute we

653  
00:23:55,750 --> 00:23:53,840  
walked around the area in the windows

654  
00:23:57,190 --> 00:23:55,760  
shop until about eight pm

655  
00:23:59,590 --> 00:23:57,200  
we were both getting hungry so we

656  
00:24:01,350 --> 00:23:59,600  
decided to find a place to eat

657  
00:24:03,430 --> 00:24:01,360  
we met she mentioned that there were

658  
00:24:03,990 --> 00:24:03,440  
supposed to be good restaurants in a

659  
00:24:06,549 --> 00:24:04,000  
warehouse

660  
00:24:09,510 --> 00:24:06,559  
district a little north of where we were

661  
00:24:10,789 --> 00:24:09,520  
so we drove a little and parked the car

662  
00:24:12,870 --> 00:24:10,799  
in what seemed like a rather

663  
00:24:13,590 --> 00:24:12,880

questionable area there were plenty of

664

00:24:17,110 --> 00:24:13,600

people

665

00:24:20,310 --> 00:24:17,120

about so it also

666

00:24:21,909 --> 00:24:20,320

seemed to be okay we walked a few blocks

667

00:24:24,230 --> 00:24:21,919

and were in what seemed to be a

668

00:24:24,789 --> 00:24:24,240

construction area or maybe a destruction

669

00:24:26,870 --> 00:24:24,799

area

670

00:24:27,830 --> 00:24:26,880

they seemed to be tearing a building

671

00:24:30,149 --> 00:24:27,840

down

672

00:24:31,909 --> 00:24:30,159

next to this lot was a multi-level

673

00:24:32,950 --> 00:24:31,919

building but not tall enough to be a

674

00:24:35,669 --> 00:24:32,960

skyscraper

675

00:24:36,870 --> 00:24:35,679

maybe 10 to 12 floor office type

676  
00:24:39,510 --> 00:24:36,880  
building

677  
00:24:41,350 --> 00:24:39,520  
this area was devoid of other people and

678  
00:24:42,630 --> 00:24:41,360  
the building seemed to be shut down for

679  
00:24:44,549 --> 00:24:42,640  
the weekend

680  
00:24:46,310 --> 00:24:44,559  
but we walked right up to the front door

681  
00:24:47,909 --> 00:24:46,320  
and went in the building there was a

682  
00:24:49,830 --> 00:24:47,919  
hallway that stretched out to both

683  
00:24:51,669 --> 00:24:49,840  
directions to the left and right

684  
00:24:53,669 --> 00:24:51,679  
on the wall in front of us was a sign

685  
00:24:57,909 --> 00:24:53,679  
that read s restaurant

686  
00:25:00,310 --> 00:24:57,919  
s there were two

687  
00:25:01,909 --> 00:25:00,320  
heavy appearing wood doors just down the

688  
00:25:04,630 --> 00:25:01,919

hallway to our left

689

00:25:06,630 --> 00:25:04,640

we walked to the doors open one of them

690

00:25:07,669 --> 00:25:06,640

and stepped into a very dimly lit

691

00:25:10,710 --> 00:25:07,679

restaurant

692

00:25:12,710 --> 00:25:10,720

a scene of devoid of people

693

00:25:14,870 --> 00:25:12,720

all of a sudden a woman appeared out of

694

00:25:16,630 --> 00:25:14,880

nowhere and asked us to follow her

695

00:25:18,549 --> 00:25:16,640

she was dressed in a dark suit and was

696

00:25:21,990 --> 00:25:18,559

carrying menus

697

00:25:23,830 --> 00:25:22,000

uh she sat us at

698

00:25:26,149 --> 00:25:23,840

a square table near the center of the

699

00:25:28,230 --> 00:25:26,159

restaurant gave us our menus and a wine

700

00:25:31,590 --> 00:25:28,240

list and walked away

701  
00:25:34,630 --> 00:25:31,600  
we were descended upon by three uh

702  
00:25:36,950 --> 00:25:34,640  
waiter staff one woman and two men

703  
00:25:38,230 --> 00:25:36,960  
i don't remember much about their

704  
00:25:40,470 --> 00:25:38,240  
appearance other than they were all

705  
00:25:42,950 --> 00:25:40,480  
dressed in clean white chefs coats

706  
00:25:44,549 --> 00:25:42,960  
and dark pants don't really didn't

707  
00:25:45,190 --> 00:25:44,559  
really see the pants but it was dark

708  
00:25:46,549 --> 00:25:45,200  
garment

709  
00:25:48,390 --> 00:25:46,559  
so i assumed they were wearing pants

710  
00:25:50,070 --> 00:25:48,400  
that will be took our orders then

711  
00:25:54,149 --> 00:25:50,080  
instructed men to carry out their

712  
00:25:56,950 --> 00:25:54,159  
our request one guy

713  
00:25:57,350 --> 00:25:56,960

was the wine guy who would run over and

714

00:26:00,230 --> 00:25:57,360

pour

715

00:26:02,149 --> 00:26:00,240

wine whenever our glasses were a bit low

716

00:26:03,909 --> 00:26:02,159

and the other guy was a water guy doing

717

00:26:06,230 --> 00:26:03,919

the same thing

718

00:26:07,350 --> 00:26:06,240

uh the woman took her food over order i

719

00:26:10,789 --> 00:26:07,360

remember i ordered

720

00:26:11,990 --> 00:26:10,799

skate one angel hair pasta with lemon

721

00:26:14,070 --> 00:26:12,000

butter sauce

722

00:26:15,830 --> 00:26:14,080

i remember that because i had never seen

723

00:26:17,350 --> 00:26:15,840

skate on a menu before

724

00:26:19,669 --> 00:26:17,360

and honestly i haven't seen it on the

725

00:26:21,830 --> 00:26:19,679

menu since it was delicious

726

00:26:23,510 --> 00:26:21,840

the wine was excellent and odd odd

727

00:26:23,990 --> 00:26:23,520

because we ordered one bottle of wine

728

00:26:26,310 --> 00:26:24,000

and drank

729

00:26:28,549 --> 00:26:26,320

from it all night we probably consumed

730

00:26:30,789 --> 00:26:28,559

about three bottles worth

731

00:26:32,789 --> 00:26:30,799

and we didn't get drunk but we should

732

00:26:35,110 --> 00:26:32,799

have had at least been tipsy

733

00:26:36,149 --> 00:26:35,120

as we were eating no one else came into

734

00:26:37,669 --> 00:26:36,159

the restaurant

735

00:26:39,350 --> 00:26:37,679

we had the whole place ourselves the

736

00:26:40,950 --> 00:26:39,360

wait staff would

737

00:26:43,110 --> 00:26:40,960

uh stand out to the side of the

738

00:26:44,789 --> 00:26:43,120

restaurant behind us where it was dark

739

00:26:46,630 --> 00:26:44,799

and difficult to see them

740

00:26:50,390 --> 00:26:46,640

we finished our meal paid our bill and

741

00:26:52,390 --> 00:26:50,400

left uh we talked about audit was

742

00:26:54,149 --> 00:26:52,400

that we were there were no people around

743

00:26:56,710 --> 00:26:54,159

and that no one else

744

00:26:57,750 --> 00:26:56,720

the restaurant we went back to the hotel

745

00:27:00,870 --> 00:26:57,760

and left

746

00:27:04,950 --> 00:27:02,549

now this is where it really gets weird

747

00:27:06,230 --> 00:27:04,960

at the time i was involved in a biathlon

748

00:27:08,390 --> 00:27:06,240

racing

749

00:27:10,710 --> 00:27:08,400

i was doing the coors light biathlon

750

00:27:12,390 --> 00:27:10,720

biathlon in chicago next weekend

751

00:27:13,990 --> 00:27:12,400

i will be traveling back chicago on

752

00:27:15,350 --> 00:27:14,000

wednesday with a close friend who was

753

00:27:17,750 --> 00:27:15,360

also in the race

754

00:27:19,269 --> 00:27:17,760

we traveled to chicago stayed at the

755

00:27:22,549 --> 00:27:19,279

race hotel the high

756

00:27:24,389 --> 00:27:22,559

on walker drive got to the hotel and

757

00:27:26,310 --> 00:27:24,399

in late afternoon packed and my friend

758

00:27:27,909 --> 00:27:26,320

mentioned that she was getting hungry i

759

00:27:29,590 --> 00:27:27,919

suggested going to

760

00:27:31,269 --> 00:27:29,600

this great restaurant that i'd eaten at

761

00:27:33,830 --> 00:27:31,279

that weekend before

762

00:27:35,590 --> 00:27:33,840

it was pricey but it was worth it and i

763

00:27:37,430 --> 00:27:35,600

mentioned that it was within walking

764

00:27:40,149 --> 00:27:37,440

distance just north of our hotel

765

00:27:42,149 --> 00:27:40,159

or the river i do not remember the

766

00:27:44,310 --> 00:27:42,159

address but at the time i knew where it

767

00:27:45,990 --> 00:27:44,320

was so we set off to walk

768

00:27:48,070 --> 00:27:46,000

to the restaurant the early evening we

769

00:27:49,909 --> 00:27:48,080

got to the corner where the building was

770

00:27:51,430 --> 00:27:49,919

being torn down and there was the office

771

00:27:52,710 --> 00:27:51,440

type building next door

772

00:27:54,630 --> 00:27:52,720

the office building looked very

773

00:27:55,590 --> 00:27:54,640

different more abandoned and if that

774

00:27:58,630 --> 00:27:55,600

makes sense

775

00:28:00,710 --> 00:27:58,640

like it had been empty sitting empty for

776

00:28:02,389 --> 00:28:00,720

some time

777

00:28:05,190 --> 00:28:02,399

more run down maybe the building was

778

00:28:07,590 --> 00:28:05,200

there however there was no restaurant x

779

00:28:09,269 --> 00:28:07,600

again we could get in the building but

780

00:28:10,549 --> 00:28:09,279

there was no sign on the wall

781

00:28:12,870 --> 00:28:10,559

there were some desks in the hallway

782

00:28:14,389 --> 00:28:12,880

there was some chairs turned upside down

783

00:28:15,990 --> 00:28:14,399

they were dusty like they've been there

784

00:28:17,909 --> 00:28:16,000

for a while there was also some

785

00:28:20,470 --> 00:28:17,919

writing against graffiti on the hallway

786

00:28:22,149 --> 00:28:20,480

wall those two heavy doors were not

787

00:28:24,789 --> 00:28:22,159

there there was no evidence that there

788

00:28:26,149 --> 00:28:24,799

was a restaurant x and anything in that

789

00:28:27,750 --> 00:28:26,159

location

790

00:28:29,590 --> 00:28:27,760

it looked like an abandoned office

791

00:28:31,909 --> 00:28:29,600

complex that had been empty for

792

00:28:33,430 --> 00:28:31,919

way more than four days at first i

793

00:28:35,510 --> 00:28:33,440

thought i was mistaken

794

00:28:37,669 --> 00:28:35,520

about where i was but i'm really good

795

00:28:39,510 --> 00:28:37,679

with directors of locations

796

00:28:41,350 --> 00:28:39,520

i looked around the neighborhood and it

797

00:28:42,149 --> 00:28:41,360

was the right location it was the right

798

00:28:44,070 --> 00:28:42,159

building

799

00:28:45,430 --> 00:28:44,080

i was really confused a little upset my

800

00:28:46,870 --> 00:28:45,440

friend suggested we just find a

801  
00:28:48,230 --> 00:28:46,880  
different place to eat

802  
00:28:51,990 --> 00:28:48,240  
she figured that the restaurant just

803  
00:28:54,070 --> 00:28:52,000  
closed and i knew that was not right

804  
00:28:55,110 --> 00:28:54,080  
we in a different place couple blocks

805  
00:28:57,110 --> 00:28:55,120  
away

806  
00:28:58,630 --> 00:28:57,120  
and went back to the hotel once we got

807  
00:28:59,350 --> 00:28:58,640  
back to the hotel i looked in the phone

808  
00:29:01,990 --> 00:28:59,360  
book

809  
00:29:03,190 --> 00:29:02,000  
no listening for restaurant x i called

810  
00:29:05,540 --> 00:29:03,200  
the information

811  
00:29:07,110 --> 00:29:05,550  
no such business

812  
00:29:08,870 --> 00:29:07,120  
[Music]

813  
00:29:11,029 --> 00:29:08,880

registration cart never even heard of

814

00:29:14,470 --> 00:29:11,039

the place so on

815

00:29:16,070 --> 00:29:14,480

i'm just going to cut this a bit um

816

00:29:18,310 --> 00:29:16,080

so the woman i was dating was a

817

00:29:19,269 --> 00:29:18,320

reference library at a high i mean iowa

818

00:29:22,630 --> 00:29:19,279

state

819

00:29:23,830 --> 00:29:22,640

library she uh she looked into it never

820

00:29:26,950 --> 00:29:23,840

found the reference for

821

00:29:30,630 --> 00:29:26,960

that location and uh she

822

00:29:32,710 --> 00:29:30,640

said i'm he said i'm not crazy now

823

00:29:33,830 --> 00:29:32,720

do i desire to focus attention myself i

824

00:29:35,669 --> 00:29:33,840

just want to know

825

00:29:37,029 --> 00:29:35,679

how to go about investigating the

826

00:29:40,230 --> 00:29:37,039

experience

827

00:29:42,070 --> 00:29:40,240

and uh you know i gave some suggestions

828

00:29:43,669 --> 00:29:42,080

you know i've heard

829

00:29:45,830 --> 00:29:43,679

i've heard these situations before and

830

00:29:46,950 --> 00:29:45,840

oddly enough many career

831

00:29:48,789 --> 00:29:46,960

in areas where there are a lot of

832

00:29:49,750 --> 00:29:48,799

buildings like that you know i don't

833

00:29:51,830 --> 00:29:49,760

know

834

00:29:53,350 --> 00:29:51,840

if this was a time displacing from an

835

00:29:55,510 --> 00:29:53,360

earlier period

836

00:29:56,389 --> 00:29:55,520

or an actual entrance into an alternate

837

00:29:59,269 --> 00:29:56,399

reality it's

838

00:30:02,789 --> 00:29:59,279

uh it's bewildering i mean it is very

839

00:30:07,430 --> 00:30:04,230

yeah that was definitely an interesting

840

00:30:09,029 --> 00:30:07,440

tale i so wanted to interrupt you and go

841

00:30:11,029 --> 00:30:09,039

how did you like your eggs you know you

842

00:30:12,870 --> 00:30:11,039

said seated by the

843

00:30:14,389 --> 00:30:12,880

the waitress but i didn't that was good

844

00:30:17,590 --> 00:30:14,399

i i uh

845

00:30:20,149 --> 00:30:17,600

i contained myself right so

846

00:30:21,269 --> 00:30:20,159

i guess you don't get many reports like

847

00:30:23,110 --> 00:30:21,279

that huh

848

00:30:25,750 --> 00:30:23,120

that was an interesting one and yeah

849

00:30:26,710 --> 00:30:25,760

these uh and those type of uh those type

850

00:30:30,950 --> 00:30:26,720

of

851  
00:30:35,350 --> 00:30:30,960  
time displacement dimensional

852  
00:30:39,029 --> 00:30:36,950  
so i guess we ought to be bringing our

853  
00:30:40,789 --> 00:30:39,039  
guest on uh

854  
00:30:42,630 --> 00:30:40,799  
yeah let me go ahead and read his bio

855  
00:30:44,549 --> 00:30:42,640

00:32:36,230 --> 00:32:33,600  
with us so thanks for joining us

910  
00:32:37,110 --> 00:32:36,240  
well i sure appreciate the invitation

911  
00:32:38,950 --> 00:32:37,120  
our pleasure

912  
00:32:40,549 --> 00:32:38,960  
so lon was really excited to get you on

913  
00:32:42,870 --> 00:32:40,559

here but i guess one question i like to

914

00:32:45,350 --> 00:32:42,880

ask all my guests just to get us set up

915

00:32:47,269 --> 00:32:45,360

is uh what got you into this this mic

916

00:32:50,549 --> 00:32:47,279

what into this world of the

917

00:32:53,909 --> 00:32:50,559

strange unusual the unexplained well

918

00:32:55,750 --> 00:32:53,919

i always um was fascinated by both

919

00:32:57,190 --> 00:32:55,760

you know science fiction science fact

920

00:32:59,990 --> 00:32:57,200

and of course uh

921

00:33:01,430 --> 00:33:00,000

paranormal and 14 mysteries and even

922

00:33:02,710 --> 00:33:01,440

from an early age you know when i was a

923

00:33:04,310 --> 00:33:02,720

kid

924

00:33:05,750 --> 00:33:04,320

i think i read my first hp lovecraft

925

00:33:07,190 --> 00:33:05,760

story the dim witch horror when i was in

926

00:33:10,230 --> 00:33:07,200

fifth grade which kind of

927

00:33:11,590 --> 00:33:10,240

you know i was

928

00:33:13,269 --> 00:33:11,600

basically bored with what people were

929

00:33:15,110 --> 00:33:13,279

reading it you know what we were being

930

00:33:16,870 --> 00:33:15,120

told to read in cl in the class and so i

931

00:33:18,070 --> 00:33:16,880

was reading my own stuff then

932

00:33:20,070 --> 00:33:18,080

and then about the same time i

933

00:33:21,830 --> 00:33:20,080

discovered frank edwards

934

00:33:24,149 --> 00:33:21,840

and uh his various books like strangely

935

00:33:25,990 --> 00:33:24,159

enough and and so forth and

936

00:33:27,669 --> 00:33:26,000

i believe scholastic book services

937

00:33:28,549 --> 00:33:27,679

actually offered those and it wasn't

938

00:33:31,190 --> 00:33:28,559

much of a

939

00:33:32,870 --> 00:33:31,200

jump from frank edwards to john keel and

940

00:33:35,990 --> 00:33:32,880

and uh brad steiger and

941

00:33:37,269 --> 00:33:36,000

and all the old great uh 14 riders and

942

00:33:40,710 --> 00:33:37,279

uh so you know as

943

00:33:42,950 --> 00:33:40,720

i was uh coming along over the decades i

944

00:33:43,669 --> 00:33:42,960

was re reading and writing a variety of

945

00:33:46,950 --> 00:33:43,679

things

946

00:33:48,470 --> 00:33:46,960

uh both fiction and non-fiction and

947

00:33:50,310 --> 00:33:48,480

you know after studying folklore

948

00:33:53,269 --> 00:33:50,320

mythology for a very long time from a

949

00:33:55,110 --> 00:33:53,279

very early age actually i

950

00:33:56,630 --> 00:33:55,120

i discovered that there were parallels

951  
00:33:57,590 --> 00:33:56,640  
that i was seeing with all of these

952  
00:34:00,710 --> 00:33:57,600  
topics

953  
00:34:03,029 --> 00:34:00,720  
there were certain patterns that of

954  
00:34:04,310 --> 00:34:03,039  
certain archetypes that would come up

955  
00:34:06,950 --> 00:34:04,320  
again and again

956  
00:34:07,990 --> 00:34:06,960  
and no matter where you were around the

957  
00:34:11,190 --> 00:34:08,000  
world

958  
00:34:12,069 --> 00:34:11,200  
time or place culture the same pattern

959  
00:34:13,909 --> 00:34:12,079  
seemed to uh

960  
00:34:15,109 --> 00:34:13,919  
to appear again and again and that

961  
00:34:19,349 --> 00:34:15,119  
really kind of got my

962  
00:34:22,950 --> 00:34:19,359  
my interest interesting

963  
00:34:24,389 --> 00:34:22,960

um you know for the most part do you

964

00:34:28,470 --> 00:34:24,399

think

965

00:34:30,710 --> 00:34:28,480

that these um these subterranean

966

00:34:34,389 --> 00:34:30,720

humanoids or

967

00:34:36,550 --> 00:34:34,399

whatever or just mythic beings

968

00:34:37,909 --> 00:34:36,560

i think that you have a certain amount

969

00:34:41,430 --> 00:34:37,919

of

970

00:34:42,950 --> 00:34:41,440

on

971

00:34:44,470 --> 00:34:42,960

what you know what joseph campbell

972

00:34:46,310 --> 00:34:44,480

called the energies of the body

973

00:34:48,149 --> 00:34:46,320

the the archetypal things which are very

974

00:34:49,190 --> 00:34:48,159

primal but then you're going to have

975

00:34:50,790 --> 00:34:49,200

other things

976  
00:34:52,629 --> 00:34:50,800  
and i think that they're more than

977  
00:34:54,869 --> 00:34:52,639  
people actually want to admit

978  
00:34:56,710 --> 00:34:54,879  
that are based in fact you know almost

979  
00:34:59,510 --> 00:34:56,720  
all folklore is based in fact

980  
00:35:01,109 --> 00:34:59,520  
i mean we can see this even now with

981  
00:35:02,310 --> 00:35:01,119  
things like roswell becoming part of the

982  
00:35:03,829 --> 00:35:02,320  
folklore

983  
00:35:05,349 --> 00:35:03,839  
we call it popular culture but really

984  
00:35:08,230 --> 00:35:05,359  
that's what it is it's our

985  
00:35:10,310 --> 00:35:08,240  
our modern version of folklore or or the

986  
00:35:12,710 --> 00:35:10,320  
you know the great airship mystery or

987  
00:35:14,310 --> 00:35:12,720  
even uh guys like jesse james and you

988  
00:35:16,390 --> 00:35:14,320

know and billy the kid they're now

989

00:35:20,069 --> 00:35:16,400

they're now part of folklore

990

00:35:20,790 --> 00:35:20,079

and a lot of times folklore does have a

991

00:35:22,870 --> 00:35:20,800

root

992

00:35:24,390 --> 00:35:22,880

a foundation in fact there's somewhere

993

00:35:25,670 --> 00:35:24,400

there's a kernel of truth

994

00:35:27,750 --> 00:35:25,680

you know around which all these things

995

00:35:29,109 --> 00:35:27,760

have grown and i think that that happens

996

00:35:32,390 --> 00:35:29,119

a lot with these types of

997

00:35:34,710 --> 00:35:32,400

of topics so

998

00:35:36,710 --> 00:35:34,720

um do you think do you think they're

999

00:35:37,750 --> 00:35:36,720

kind of used more stuff as metaphors

1000

00:35:40,150 --> 00:35:37,760

just like

1001  
00:35:41,349 --> 00:35:40,160  
you know you know you the parallels in

1002  
00:35:44,470 --> 00:35:41,359  
the bible and the

1003  
00:35:44,790 --> 00:35:44,480  
epics of gilgamesh were you know people

1004  
00:35:48,710 --> 00:35:44,800  
are

1005  
00:35:50,790 --> 00:35:48,720  
uh

1006  
00:35:52,390 --> 00:35:50,800  
these legends are kind of used more so

1007  
00:35:54,069 --> 00:35:52,400  
as metaphors

1008  
00:35:56,230 --> 00:35:54,079  
though they even but they could be

1009  
00:35:57,670 --> 00:35:56,240  
actually flesh and blood

1010  
00:35:59,510 --> 00:35:57,680  
well sure i think that you know you're

1011  
00:36:01,190 --> 00:35:59,520  
looking at it different aspects of the

1012  
00:36:03,829 --> 00:36:01,200  
same thing i mean you can

1013  
00:36:05,430 --> 00:36:03,839

see them as metaphorical and that they

1014

00:36:06,870 --> 00:36:05,440

they may carry a very valuable lesson

1015

00:36:07,750 --> 00:36:06,880

they may teach a lesson but at the same

1016

00:36:09,190 --> 00:36:07,760

time

1017

00:36:10,470 --> 00:36:09,200

there could be a kernel of truth to any

1018

00:36:11,670 --> 00:36:10,480

and all of them or even some of them

1019

00:36:14,390 --> 00:36:11,680

could be literally

1020

00:36:16,470 --> 00:36:14,400

factually true when you start seeing um

1021

00:36:19,589 --> 00:36:16,480

parallels between for instance

1022

00:36:20,390 --> 00:36:19,599

uh the nephilim tales from from the old

1023

00:36:22,870 --> 00:36:20,400

testament and

1024

00:36:24,390 --> 00:36:22,880

the various apocryphal spiritual books

1025

00:36:26,069 --> 00:36:24,400

that have been removed from the bible

1026

00:36:27,430 --> 00:36:26,079

really you know after christianity had

1027

00:36:28,069 --> 00:36:27,440

already started they took those books

1028

00:36:30,310 --> 00:36:28,079

out

1029

00:36:31,349 --> 00:36:30,320

um when you start seeing these these

1030

00:36:33,829 --> 00:36:31,359

parallels with that

1031

00:36:34,870 --> 00:36:33,839

and and then uh you know the epic of

1032

00:36:36,790 --> 00:36:34,880

gilgamesh or

1033

00:36:38,710 --> 00:36:36,800

or the the ancient greek myths you know

1034

00:36:39,510 --> 00:36:38,720

with the the demigods like hercules and

1035

00:36:41,990 --> 00:36:39,520

so forth

1036

00:36:42,950 --> 00:36:42,000

who are part supposedly divine what the

1037

00:36:43,990 --> 00:36:42,960

you know what the uh

1038

00:36:46,550 --> 00:36:44,000

the ancient hebrews would have called

1039

00:36:48,630 --> 00:36:46,560

fallen angels um for their fathers but

1040

00:36:49,910 --> 00:36:48,640

of course the greeks called them gods

1041

00:36:51,829 --> 00:36:49,920

when you start seeing these parallels

1042

00:36:53,510 --> 00:36:51,839

around the world you know not just in

1043

00:36:55,349 --> 00:36:53,520

that mediterranean region

1044

00:36:56,790 --> 00:36:55,359

but you know you go to uh to china you

1045

00:36:58,310 --> 00:36:56,800

have the dragon kings

1046

00:37:00,790 --> 00:36:58,320

you go to japan you have the dragon king

1047

00:37:03,190 --> 00:37:00,800

of the sea and things of this nature

1048

00:37:05,030 --> 00:37:03,200

and and so you see these beans these

1049

00:37:05,750 --> 00:37:05,040

same stories again and again the same

1050

00:37:07,349 --> 00:37:05,760

theme

1051  
00:37:09,270 --> 00:37:07,359  
of wanting to intermingle with human

1052  
00:37:10,790 --> 00:37:09,280  
beings and and there's something that

1053  
00:37:12,790 --> 00:37:10,800  
something genetically that human beings

1054  
00:37:14,710 --> 00:37:12,800  
have that these beings seem to

1055  
00:37:15,910 --> 00:37:14,720  
want and then you bring that all the way

1056  
00:37:17,510 --> 00:37:15,920  
up to the present day

1057  
00:37:19,030 --> 00:37:17,520  
with modern day stories about so-called

1058  
00:37:21,510 --> 00:37:19,040  
alien abductions and

1059  
00:37:22,630 --> 00:37:21,520  
and uh you know genetic experimentation

1060  
00:37:24,470 --> 00:37:22,640  
hybridization

1061  
00:37:26,230 --> 00:37:24,480  
this sort of thing it's the same story

1062  
00:37:28,710 --> 00:37:26,240  
it's the same stuff it's just

1063  
00:37:29,670 --> 00:37:28,720

the the the the update the presentation

1064

00:37:32,390 --> 00:37:29,680

has changed

1065

00:37:33,510 --> 00:37:32,400

the the sky is being presented the mask

1066

00:37:36,390 --> 00:37:33,520

is a little bit different

1067

00:37:37,510 --> 00:37:36,400

but it's really the same stuff well i

1068

00:37:39,510 --> 00:37:37,520

like how you

1069

00:37:40,790 --> 00:37:39,520

broke the book up in the you know the

1070

00:37:42,550 --> 00:37:40,800

east the west

1071

00:37:44,150 --> 00:37:42,560

and then the new world with native

1072

00:37:47,349 --> 00:37:44,160

america uh

1073

00:37:50,790 --> 00:37:47,359

mesozoic um you know

1074

00:37:53,990 --> 00:37:50,800

maya aztec yeah even incense the

1075

00:37:57,510 --> 00:37:54,000

anasazi but um you know

1076

00:37:59,270 --> 00:37:57,520

the the the beings that are

1077

00:38:00,630 --> 00:37:59,280

that were described that had been

1078

00:38:04,230 --> 00:38:00,640

described

1079

00:38:07,829 --> 00:38:04,240

by uh native american cultures and

1080

00:38:10,870 --> 00:38:07,839

mesoderm zoic uh

1081

00:38:13,349 --> 00:38:10,880

cultures seem to kind of hit more home

1082

00:38:14,230 --> 00:38:13,359

i mean you kind of sense that i mean in

1083

00:38:19,190 --> 00:38:14,240

other words

1084

00:38:23,430 --> 00:38:19,200

they they they don't seem to be

1085

00:38:24,710 --> 00:38:23,440

uh as mythic or possibly

1086

00:38:26,790 --> 00:38:24,720

you know well they don't they don't seem

1087

00:38:28,470 --> 00:38:26,800

as distant in the past that's right

1088

00:38:29,990 --> 00:38:28,480

that's removed in time i think you know

1089

00:38:31,910 --> 00:38:30,000

i think you have you have you know

1090

00:38:32,870 --> 00:38:31,920

legends in the in the americas a lot of

1091

00:38:34,470 --> 00:38:32,880

legends about

1092

00:38:36,790 --> 00:38:34,480

these native american tribes that came

1093

00:38:40,069 --> 00:38:36,800

into conflict with with these different

1094

00:38:41,589 --> 00:38:40,079

uh um groups of uh uh giants you know

1095

00:38:44,829 --> 00:38:41,599

cannibalistic giants and

1096

00:38:47,990 --> 00:38:44,839

and uh interlopers from different uh

1097

00:38:49,030 --> 00:38:48,000

um uh different realms a lot of times

1098

00:38:51,030 --> 00:38:49,040

from the underworld

1099

00:38:53,510 --> 00:38:51,040

or from the sky or or whatever the case

1100

00:38:55,510 --> 00:38:53,520

may be but they don't seem like

1101  
00:38:57,750 --> 00:38:55,520  
they they seem to be more immediate in

1102  
00:38:59,349 --> 00:38:57,760  
terms of even though the people will say

1103  
00:39:01,190 --> 00:38:59,359  
it happened you know a long time ago

1104  
00:39:02,870 --> 00:39:01,200  
but then then they can show you what

1105  
00:39:04,630 --> 00:39:02,880  
happened here and this is where

1106  
00:39:06,470 --> 00:39:04,640  
you know the giant put his hand and this

1107  
00:39:06,870 --> 00:39:06,480  
is this is the these are the caves that

1108  
00:39:07,910 --> 00:39:06,880  
we came

1109  
00:39:10,390 --> 00:39:07,920  
out of when we immersed in the

1110  
00:39:11,829 --> 00:39:10,400  
underworld things like that and so

1111  
00:39:13,430 --> 00:39:11,839  
you know these things are a lot more

1112  
00:39:14,310 --> 00:39:13,440  
immediate than they are say in the old

1113  
00:39:17,829 --> 00:39:14,320

world

1114

00:39:21,109 --> 00:39:20,470

yeah i mean uh you know i i look at the

1115

00:39:24,950 --> 00:39:21,119

um

1116

00:39:26,950 --> 00:39:24,960

it was the one legend i look at

1117

00:39:28,069 --> 00:39:26,960

more than any other sizing the ant

1118

00:39:31,109 --> 00:39:28,079

people

1119

00:39:35,069 --> 00:39:31,119

and uh the fact that

1120

00:39:38,069 --> 00:39:35,079

uh it does seem that this may be an

1121

00:39:38,790 --> 00:39:38,079

extraterrestrial or non-terrestrial type

1122

00:39:42,069 --> 00:39:38,800

of uh

1123

00:39:43,190 --> 00:39:42,079

entity that they encountered and it does

1124

00:39:47,109 --> 00:39:43,200

seem that a lot of the

1125

00:39:50,390 --> 00:39:47,119

uh the native american uh

1126  
00:39:53,430 --> 00:39:50,400  
beings do

1127  
00:39:56,630 --> 00:39:53,440  
kind of represent visitors as

1128  
00:39:58,710 --> 00:39:56,640  
opposed to uh

1129  
00:40:02,310 --> 00:39:58,720  
those beings that are underground or are

1130  
00:40:06,390 --> 00:40:03,990  
yeah yeah and it seems like a lot of

1131  
00:40:08,230 --> 00:40:06,400  
times that there's a memory of

1132  
00:40:09,990 --> 00:40:08,240  
of people coming from somewhere else you

1133  
00:40:12,630 --> 00:40:10,000  
know in other words

1134  
00:40:13,670 --> 00:40:12,640  
um we had an encounter for us when with

1135  
00:40:16,309 --> 00:40:13,680  
the anasazi or

1136  
00:40:17,829 --> 00:40:16,319  
or the hopi and the ant people you know

1137  
00:40:20,870 --> 00:40:17,839  
it's it's as if

1138  
00:40:22,710 --> 00:40:20,880

well you know these these beings

1139

00:40:24,309 --> 00:40:22,720

helped us through a cataclysmic time and

1140

00:40:24,950 --> 00:40:24,319

then you know we emerged from where they

1141

00:40:26,710 --> 00:40:24,960

had us

1142

00:40:28,069 --> 00:40:26,720

in a safe location beneath the surface

1143

00:40:29,750 --> 00:40:28,079

and and now we're back here

1144

00:40:31,190 --> 00:40:29,760

in the surface world and then you'll

1145

00:40:32,790 --> 00:40:31,200

have the legends of the

1146

00:40:35,190 --> 00:40:32,800

of the apache who talk about the old

1147

00:40:36,710 --> 00:40:35,200

fire land which sank in the

1148

00:40:38,390 --> 00:40:36,720

in in their what would have been their

1149

00:40:38,950 --> 00:40:38,400

eastern ocean which of course is the

1150

00:40:41,349 --> 00:40:38,960

atlanta

1151

00:40:43,190 --> 00:40:41,359

the atlantic ocean and the old fire land

1152

00:40:44,069 --> 00:40:43,200

exploded and sank within the space of a

1153

00:40:45,670 --> 00:40:44,079

day

1154

00:40:47,430 --> 00:40:45,680

and their ancestors supposedly escaped

1155

00:40:50,150 --> 00:40:47,440

by means of tunnels and boats

1156

00:40:51,910 --> 00:40:50,160

you know so you have all these stories

1157

00:40:53,430 --> 00:40:51,920

of these cataclysmic ancient events but

1158

00:40:54,790 --> 00:40:53,440

they really don't seem

1159

00:40:56,470 --> 00:40:54,800

it it seems like they have a more

1160

00:40:57,829 --> 00:40:56,480

immediate feel to them

1161

00:40:59,510 --> 00:40:57,839

now this does this mean there could have

1162

00:41:00,309 --> 00:40:59,520

been you know multiple cataclysms and

1163

00:41:01,990 --> 00:41:00,319

multiple

1164

00:41:03,510 --> 00:41:02,000

events well you know who knows maybe so

1165

00:41:05,589 --> 00:41:03,520

i mean we know that

1166

00:41:07,589 --> 00:41:05,599

that there was a major event about 10

1167

00:41:09,030 --> 00:41:07,599

000 bc worldwide

1168

00:41:10,790 --> 00:41:09,040

but since that time there have been

1169

00:41:11,510 --> 00:41:10,800

other you know other extinction events

1170

00:41:13,109 --> 00:41:11,520

and other

1171

00:41:15,030 --> 00:41:13,119

smaller cataclysms and things of this

1172

00:41:16,630 --> 00:41:15,040

nature so you know were there other

1173

00:41:19,430 --> 00:41:16,640

civilizations helping these people

1174

00:41:20,150 --> 00:41:19,440

i mean it's very possible and of course

1175

00:41:21,910 --> 00:41:20,160

you know

1176

00:41:23,670 --> 00:41:21,920

i'm a diffuse diffusionist and that

1177

00:41:25,109 --> 00:41:23,680

means that i believe that people from

1178

00:41:27,750 --> 00:41:25,119

all over the world

1179

00:41:29,190 --> 00:41:27,760

i'm not one of these people that

1180

00:41:30,550 --> 00:41:29,200

believes that everybody in north america

1181

00:41:32,710 --> 00:41:30,560

came from siberia

1182

00:41:33,670 --> 00:41:32,720

more than everybody you know people will

1183

00:41:35,109 --> 00:41:33,680

move around

1184

00:41:36,390 --> 00:41:35,119

and that's why we have plenty of

1185

00:41:37,349 --> 00:41:36,400

evidence of this you know different

1186

00:41:38,950 --> 00:41:37,359

cultures coming

1187

00:41:40,550 --> 00:41:38,960

to north america and south america and

1188

00:41:42,470 --> 00:41:40,560

central america and

1189

00:41:44,069 --> 00:41:42,480

intermingling and being absorbed and you

1190

00:41:46,150 --> 00:41:44,079

know and that's just the way

1191

00:41:47,670 --> 00:41:46,160

people work that's the way things work

1192

00:41:48,630 --> 00:41:47,680

and i think that some of these memories

1193

00:41:50,470 --> 00:41:48,640

may be

1194

00:41:53,190 --> 00:41:50,480

um memories of some of those visitations

1195

00:41:55,750 --> 00:41:53,200

from other cultures as well

1196

00:41:57,109 --> 00:41:55,760

do you um i know you've been on ancient

1197

00:42:00,309 --> 00:41:57,119

aliens the tv

1198

00:42:02,710 --> 00:42:00,319

show right how much of

1199

00:42:05,109 --> 00:42:02,720

the theory or the overall theory do you

1200

00:42:07,109 --> 00:42:05,119

subscribe to

1201  
00:42:08,390 --> 00:42:07,119  
well i'll tell you it's interesting they

1202  
00:42:09,589 --> 00:42:08,400  
they asked me to come on the show and

1203  
00:42:12,309 --> 00:42:09,599  
say well are you an ancient alien

1204  
00:42:14,870 --> 00:42:12,319  
theorist i said well you know

1205  
00:42:16,069 --> 00:42:14,880  
you could say that if you want to but

1206  
00:42:18,470 --> 00:42:16,079  
but you know to me

1207  
00:42:20,069 --> 00:42:18,480  
to me an ancient alien i mean one guy's

1208  
00:42:20,630 --> 00:42:20,079  
ancient alien is another guy's fallen

1209  
00:42:23,670 --> 00:42:20,640  
angel

1210  
00:42:24,710 --> 00:42:23,680  
okay when you know or one guy's another

1211  
00:42:28,390 --> 00:42:24,720  
another person is ultra

1212  
00:42:30,790 --> 00:42:28,400  
terrestrial okay i mean all an alien is

1213  
00:42:31,750 --> 00:42:30,800

is something that intellectually

1214

00:42:33,910 --> 00:42:31,760

mentally

1215

00:42:35,589 --> 00:42:33,920

uh maybe spiritually even physically is

1216

00:42:39,270 --> 00:42:35,599

not us

1217

00:42:41,589 --> 00:42:39,280

okay in other words

1218

00:42:43,349 --> 00:42:41,599

this huge assumption that all these

1219

00:42:45,430 --> 00:42:43,359

creatures come from planets far far away

1220

00:42:47,829 --> 00:42:45,440

to me that's that's quite a stretch

1221

00:42:49,190 --> 00:42:47,839

i think that most of this activity seems

1222

00:42:51,270 --> 00:42:49,200

to be localized

1223

00:42:53,349 --> 00:42:51,280

it always has been by localized i mean

1224

00:42:55,829 --> 00:42:53,359

to the general vicinity of the earth

1225

00:42:57,510 --> 00:42:55,839

um where the where the bounty is where

1226

00:42:58,950 --> 00:42:57,520

the genetic diversity really is and

1227

00:43:00,710 --> 00:42:58,960

always has been

1228

00:43:02,710 --> 00:43:00,720

and the solar system maybe the inner

1229

00:43:02,950 --> 00:43:02,720

solar system maybe things started here

1230

00:43:06,710 --> 00:43:02,960

and

1231

00:43:08,470 --> 00:43:06,720

something that you hear a lot with

1232

00:43:10,390 --> 00:43:08,480

with ancient alien theorists you know

1233

00:43:10,710 --> 00:43:10,400

you hear they came from somewhere else

1234

00:43:12,870 --> 00:43:10,720

and

1235

00:43:14,630 --> 00:43:12,880

they see the earth you know panspermia

1236

00:43:15,829 --> 00:43:14,640

or genetic engineering or whatever

1237

00:43:17,270 --> 00:43:15,839

but there are a lot of holes in the

1238

00:43:19,270 --> 00:43:17,280

theory okay there's a lot of holes

1239

00:43:20,069 --> 00:43:19,280

incisions interpretation of things and

1240

00:43:22,069 --> 00:43:20,079

so forth

1241

00:43:23,510 --> 00:43:22,079

for instance you know if if you were an

1242

00:43:24,230 --> 00:43:23,520

advanced civilization why would you

1243

00:43:27,030 --> 00:43:24,240

bother

1244

00:43:28,630 --> 00:43:27,040

to genetically engineer you know apes or

1245

00:43:31,430 --> 00:43:28,640

eight men or hominids

1246

00:43:32,710 --> 00:43:31,440

into minors if you're so advanced that

1247

00:43:35,030 --> 00:43:32,720

you can travel through interstellar

1248

00:43:37,109 --> 00:43:35,040

space why do why go to that much trouble

1249

00:43:38,950 --> 00:43:37,119

you know why don't you just use machines

1250

00:43:41,829 --> 00:43:38,960

you know build a robot

1251  
00:43:42,309 --> 00:43:41,839  
you know you know we can do that today

1252  
00:43:43,910 --> 00:43:42,319  
we use

1253  
00:43:46,309 --> 00:43:43,920  
earth moving machines to do our mining

1254  
00:43:47,910 --> 00:43:46,319  
now mostly i mean

1255  
00:43:49,510 --> 00:43:47,920  
again it's the same old thing where

1256  
00:43:50,550 --> 00:43:49,520  
there's just too many holes in the in

1257  
00:43:52,870 --> 00:43:50,560  
the overall

1258  
00:43:54,550 --> 00:43:52,880  
theory i believe that there were others

1259  
00:43:55,670 --> 00:43:54,560  
that came here but i don't believe they

1260  
00:43:57,910 --> 00:43:55,680  
were actually

1261  
00:43:59,829 --> 00:43:57,920  
you know star trek style aliens i just

1262  
00:44:00,630 --> 00:43:59,839  
don't i don't buy it i don't think it's

1263  
00:44:03,270 --> 00:44:00,640

logical

1264

00:44:03,829 --> 00:44:03,280

you know you have people say today well

1265

00:44:05,589 --> 00:44:03,839

you know they

1266

00:44:07,349 --> 00:44:05,599

they they're coming here for genetics

1267

00:44:09,510 --> 00:44:07,359

and all this kind of stuff well

1268

00:44:10,870 --> 00:44:09,520

let's look at this logically you know if

1269

00:44:13,190 --> 00:44:10,880

if first of all

1270

00:44:15,270 --> 00:44:13,200

everything is seen for the most part

1271

00:44:17,349 --> 00:44:15,280

like 99

1272

00:44:18,309 --> 00:44:17,359

of the so-called aliens that are seen

1273

00:44:20,630 --> 00:44:18,319

really do not

1274

00:44:21,750 --> 00:44:20,640

fall very far at all from the earthly

1275

00:44:24,230 --> 00:44:21,760

vertebrate template

1276  
00:44:25,510 --> 00:44:24,240  
in other words one head two eyes you

1277  
00:44:27,270 --> 00:44:25,520  
know a mouth

1278  
00:44:28,630 --> 00:44:27,280  
two arms two legs you know bilateral

1279  
00:44:31,030 --> 00:44:28,640  
symmetry in the body

1280  
00:44:32,390 --> 00:44:31,040  
you know it's just basically mammalian

1281  
00:44:34,710 --> 00:44:32,400  
reptilian

1282  
00:44:35,430 --> 00:44:34,720  
uh amphibian or a variety of these

1283  
00:44:37,109 --> 00:44:35,440  
features

1284  
00:44:38,550 --> 00:44:37,119  
you know mercy in other words with the

1285  
00:44:40,309 --> 00:44:38,560  
biodiversity of the earth

1286  
00:44:42,150 --> 00:44:40,319  
even though it first shocks somebody

1287  
00:44:43,430 --> 00:44:42,160  
well if you never saw an elephant before

1288  
00:44:44,710 --> 00:44:43,440

if you've never seen an elephant or a

1289

00:44:46,390 --> 00:44:44,720

hermit crab you'd be like what in the

1290

00:44:47,510 --> 00:44:46,400

world is that you know

1291

00:44:49,430 --> 00:44:47,520

you know you wouldn't believe it came

1292

00:44:50,309 --> 00:44:49,440

from the same genetic diversity that you

1293

00:44:52,790 --> 00:44:50,319

came from

1294

00:44:54,150 --> 00:44:52,800

but it does okay so i think that a lot

1295

00:44:55,990 --> 00:44:54,160

of this these encounters people have

1296

00:44:58,150 --> 00:44:56,000

where they're convinced these are aliens

1297

00:44:59,750 --> 00:44:58,160

or they're told

1298

00:45:01,349 --> 00:44:59,760

in terms of disinformation well yeah

1299

00:45:02,710 --> 00:45:01,359

we're aliens we come from far

1300

00:45:04,390 --> 00:45:02,720

you know don't look here don't look

1301  
00:45:04,870 --> 00:45:04,400  
under the ocean don't look under those

1302  
00:45:06,230 --> 00:45:04,880  
mountains

1303  
00:45:08,069 --> 00:45:06,240  
look up there see those stars up there

1304  
00:45:09,270 --> 00:45:08,079  
that's where we come from and you know

1305  
00:45:10,309 --> 00:45:09,280  
this this is something that's always

1306  
00:45:11,990 --> 00:45:10,319  
going on whether it was

1307  
00:45:13,670 --> 00:45:12,000  
zeus you know up on olympus what you

1308  
00:45:15,109 --> 00:45:13,680  
can't i can come down and i can take

1309  
00:45:16,230 --> 00:45:15,119  
your your daughters and do all these

1310  
00:45:17,589 --> 00:45:16,240  
things to them and

1311  
00:45:18,710 --> 00:45:17,599  
have my fun and you can't do anything

1312  
00:45:19,910 --> 00:45:18,720  
about it because look i live away up

1313  
00:45:21,510 --> 00:45:19,920

there on top of olympus

1314

00:45:22,950 --> 00:45:21,520

you know you can't possibly reach me up

1315

00:45:25,109 --> 00:45:22,960

there well you know there comes a point

1316

00:45:28,309 --> 00:45:25,119

at which we could reach top of olympus

1317

00:45:29,990 --> 00:45:28,319

so then you know it's a new game a new

1318

00:45:31,589 --> 00:45:30,000

game starts a new hiding place

1319

00:45:33,990 --> 00:45:31,599

and now it's it's though we're from the

1320

00:45:35,349 --> 00:45:34,000

stars well let's look at this logically

1321

00:45:37,349 --> 00:45:35,359

i mean if you were to come

1322

00:45:38,950 --> 00:45:37,359

if you're a spacefaring race and you

1323

00:45:40,069 --> 00:45:38,960

have the ability to say create a

1324

00:45:42,710 --> 00:45:40,079

wormhole

1325

00:45:43,349 --> 00:45:42,720

jump across the universe or you can

1326  
00:45:45,589 --> 00:45:43,359  
travel at

1327  
00:45:47,430 --> 00:45:45,599  
light speed or nearly light speed or if

1328  
00:45:49,589 --> 00:45:47,440  
you can warp space

1329  
00:45:50,550 --> 00:45:49,599  
you know any of these things that you

1330  
00:45:53,109 --> 00:45:50,560  
suppose it would have to

1331  
00:45:53,990 --> 00:45:53,119  
do to travel in you know interstellar

1332  
00:45:56,870 --> 00:45:54,000  
distances

1333  
00:45:58,309 --> 00:45:56,880  
your science would be so vast that if

1334  
00:46:01,349 --> 00:45:58,319  
you had something genetically

1335  
00:46:01,750 --> 00:46:01,359  
wrong with your species you will be able

1336  
00:46:06,150 --> 00:46:01,760  
to

1337  
00:46:08,309 --> 00:46:06,160  
correct any genetic errors

1338  
00:46:09,990 --> 00:46:08,319

you'll be able to reprogram your dna

1339

00:46:10,950 --> 00:46:10,000

we're almost at the point now we're at

1340

00:46:13,589 --> 00:46:10,960

the verge

1341

00:46:15,190 --> 00:46:13,599

of a genetic technology revolution as

1342

00:46:16,790 --> 00:46:15,200

human beings where we'll be able to

1343

00:46:18,790 --> 00:46:16,800

you know correct genetic errors and this

1344

00:46:21,990 --> 00:46:18,800

kind of stuff so

1345

00:46:23,349 --> 00:46:22,000

why would we assume just because

1346

00:46:24,069 --> 00:46:23,359

somebody tells us they come from far

1347

00:46:25,750 --> 00:46:24,079

away or they

1348

00:46:27,109 --> 00:46:25,760

they seem to indicate that they that

1349

00:46:27,990 --> 00:46:27,119

they do or they want us to believe that

1350

00:46:29,109 --> 00:46:28,000

they do

1351  
00:46:31,030 --> 00:46:29,119  
why are we going to believe they

1352  
00:46:32,630 --> 00:46:31,040  
actually come from that far away because

1353  
00:46:34,150 --> 00:46:32,640  
why would they come all the way out to

1354  
00:46:35,829 --> 00:46:34,160  
the edge of the galaxy

1355  
00:46:37,510 --> 00:46:35,839  
to get genetic material if they're that

1356  
00:46:39,750 --> 00:46:37,520  
scientifically advanced

1357  
00:46:41,829 --> 00:46:39,760  
in other words if they're getting the

1358  
00:46:43,990 --> 00:46:41,839  
material from us as an easy source

1359  
00:46:44,870 --> 00:46:44,000  
it's because they view us as a resource

1360  
00:46:48,309 --> 00:46:44,880  
and it's because

1361  
00:46:51,510 --> 00:46:48,319  
genetically and in terms of the

1362  
00:46:53,030 --> 00:46:51,520  
biodiversity in origin they are a lot

1363  
00:46:54,550 --> 00:46:53,040

closer to us than they would have us

1364

00:47:05,270 --> 00:46:54,560

believe

1365

00:47:07,990 --> 00:47:05,280

that these beings that we associate as

1366

00:47:08,470 --> 00:47:08,000

extraterrestrial non-terrestrial are

1367

00:47:11,589 --> 00:47:08,480

actually

1368

00:47:14,790 --> 00:47:11,599

our descendants coming back

1369

00:47:18,790 --> 00:47:14,800

through through time

1370

00:47:22,309 --> 00:47:18,800

and that's the reason why we're so close

1371

00:47:23,510 --> 00:47:22,319

genetically to them uh

1372

00:47:26,790 --> 00:47:23,520

what you thought what's your thoughts

1373

00:47:28,549 --> 00:47:26,800

about that well you know i i look back

1374

00:47:30,950 --> 00:47:28,559

at the the information that's presented

1375

00:47:32,710 --> 00:47:30,960

and i see um related

1376

00:47:34,390 --> 00:47:32,720

numerous stories of related closely

1377

00:47:37,349 --> 00:47:34,400

related hominid forms

1378

00:47:39,190 --> 00:47:37,359

and others that you know i mean for

1379

00:47:40,390 --> 00:47:39,200

instance the the human genome project

1380

00:47:41,750 --> 00:47:40,400

recently has revealed some very

1381

00:47:44,309 --> 00:47:41,760

interesting things where

1382

00:47:46,630 --> 00:47:44,319

for instance europeans are anywhere from

1383

00:47:49,829 --> 00:47:46,640

two to four percent neanderthal

1384

00:47:53,270 --> 00:47:49,839

um um people

1385

00:47:54,790 --> 00:47:53,280

in uh east asia are

1386

00:47:56,790 --> 00:47:54,800

you know two to four percent neanderthal

1387

00:47:59,910 --> 00:47:56,800

two per two percent

1388

00:48:02,230 --> 00:47:59,920

dna wise denisovan which is another

1389

00:48:03,589 --> 00:48:02,240

species that was just recently uh

1390

00:48:04,790 --> 00:48:03,599

discovered and now they should say they

1391

00:48:06,309 --> 00:48:04,800

discovered another unknown

1392

00:48:08,630 --> 00:48:06,319

uh hominid in that region that may have

1393

00:48:10,710 --> 00:48:08,640

been absorbed by populations there

1394

00:48:11,829 --> 00:48:10,720

sub-saharan africans again they have an

1395

00:48:14,950 --> 00:48:11,839

entirely different

1396

00:48:17,190 --> 00:48:14,960

ancient hominid line that has now been

1397

00:48:19,430 --> 00:48:17,200

actually isolated and identified but

1398

00:48:22,309 --> 00:48:19,440

only this one's on the y chromosome

1399

00:48:23,750 --> 00:48:22,319

and it's even older so you know we may

1400

00:48:26,870 --> 00:48:23,760

be looking at a real

1401  
00:48:27,589 --> 00:48:26,880  
um you know planet of the apes or lord

1402  
00:48:30,230 --> 00:48:27,599  
of the rings

1403  
00:48:31,030 --> 00:48:30,240  
type situation where various hominid

1404  
00:48:33,670 --> 00:48:31,040  
forms that were

1405  
00:48:34,630 --> 00:48:33,680  
very closely related to each other

1406  
00:48:36,790 --> 00:48:34,640  
interrupt you know

1407  
00:48:38,150 --> 00:48:36,800  
they they intermingled and over time

1408  
00:48:39,990 --> 00:48:38,160  
they became the racist of the

1409  
00:48:41,670 --> 00:48:40,000  
of humanity that we have today kind of

1410  
00:48:43,109 --> 00:48:41,680  
like different breeds of dogs i mean

1411  
00:48:45,430 --> 00:48:43,119  
it's no different

1412  
00:48:46,950 --> 00:48:45,440  
or different types of canines and you

1413  
00:48:47,990 --> 00:48:46,960

know when you start looking at these

1414

00:48:49,670 --> 00:48:48,000

actual scientific

1415

00:48:51,589 --> 00:48:49,680

facts these truths that are now coming

1416

00:48:53,829 --> 00:48:51,599

out you have to ask yourself well could

1417

00:48:55,829 --> 00:48:53,839

there have been other hominid forms

1418

00:48:57,349 --> 00:48:55,839

or other closely related forms you know

1419

00:48:59,750 --> 00:48:57,359

that that

1420

00:49:00,950 --> 00:48:59,760

evolved to a high level of civilization

1421

00:49:02,309 --> 00:49:00,960

and then

1422

00:49:03,910 --> 00:49:02,319

ran into different types of problems

1423

00:49:04,790 --> 00:49:03,920

genetic you know a genetic bottleneck of

1424

00:49:08,309 --> 00:49:04,800

some kind

1425

00:49:10,470 --> 00:49:08,319

or a genetic defect or um

1426

00:49:12,069 --> 00:49:10,480

you know thermonuclear war whatever you

1427

00:49:13,190 --> 00:49:12,079

know we have these these hints of these

1428

00:49:14,710 --> 00:49:13,200

things that might have happened in the

1429

00:49:17,589 --> 00:49:14,720

in the distant past

1430

00:49:19,109 --> 00:49:17,599

and so we have to ask if people like

1431

00:49:20,230 --> 00:49:19,119

that if they were that advanced

1432

00:49:22,710 --> 00:49:20,240

let's say they had already had their

1433

00:49:25,190 --> 00:49:22,720

singularity event okay

1434

00:49:27,190 --> 00:49:25,200

they would be like gods to us even

1435

00:49:29,589 --> 00:49:27,200

though they aren't gods

1436

00:49:30,549 --> 00:49:29,599

and they would see us possibly or our

1437

00:49:32,950 --> 00:49:30,559

ancestors

1438

00:49:34,230 --> 00:49:32,960

as a resource you know to use to correct

1439

00:49:36,069 --> 00:49:34,240

their genetic errors

1440

00:49:37,670 --> 00:49:36,079

to use to interbreed with and this is

1441

00:49:39,030 --> 00:49:37,680

something that you find

1442

00:49:40,710 --> 00:49:39,040

you know in all the folklore and

1443

00:49:41,190 --> 00:49:40,720

mythology and religious systems of the

1444

00:49:42,549 --> 00:49:41,200

world

1445

00:49:44,390 --> 00:49:42,559

you know in the bible you have the seed

1446

00:49:45,589 --> 00:49:44,400

of the serpent the seat of the woman at

1447

00:49:48,630 --> 00:49:45,599

war you know in the

1448

00:49:50,870 --> 00:49:48,640

in in the hindu epics you have

1449

00:49:53,190 --> 00:49:50,880

these various non-human races that seem

1450

00:49:55,270 --> 00:49:53,200

to delight in kidnapping maidens

1451

00:49:56,950 --> 00:49:55,280

and and mary and you know human maidens

1452

00:49:58,390 --> 00:49:56,960

and things like this uh the fairy lord

1453

00:50:02,069 --> 00:49:58,400

northern europe's the same way

1454

00:50:04,549 --> 00:50:02,079

uh young young youths and and maidens

1455

00:50:05,190 --> 00:50:04,559

are often um you know seduced and taken

1456

00:50:07,510 --> 00:50:05,200

away

1457

00:50:09,190 --> 00:50:07,520

by uh humanoid beings for purposes of

1458

00:50:11,030 --> 00:50:09,200

marriage and procreation

1459

00:50:13,109 --> 00:50:11,040

and native americans have the same myths

1460

00:50:15,750 --> 00:50:13,119

and you know in the far eastern

1461

00:50:17,190 --> 00:50:15,760

the same thing so you have to wonder you

1462

00:50:18,710 --> 00:50:17,200

know if where there's smoke there's not

1463

00:50:21,829 --> 00:50:18,720

fire with some of this stuff and

1464

00:50:24,390 --> 00:50:21,839

and the uh the ufo phenomenon seems to

1465

00:50:26,069 --> 00:50:24,400

again tie into this because you have you

1466

00:50:27,349 --> 00:50:26,079

know you have these ancient flying craft

1467

00:50:29,270 --> 00:50:27,359

you have the vamana

1468

00:50:31,109 --> 00:50:29,280

in the hindu epics and even the naga

1469

00:50:33,510 --> 00:50:31,119

people the so-called reptilian race

1470

00:50:35,190 --> 00:50:33,520

they have the mana you have uh um in

1471

00:50:37,430 --> 00:50:35,200

northern europe you have the so-called

1472

00:50:39,990 --> 00:50:37,440

fairies that have the power of flight

1473

00:50:41,829 --> 00:50:40,000

things of this nature and so you have to

1474

00:50:43,589 --> 00:50:41,839

wonder if there's not

1475

00:50:45,020 --> 00:50:43,599

if there's not fire where you find all

1476

00:50:46,230 --> 00:50:45,030

the smoke

1477

00:50:48,870 --> 00:50:46,240

[Music]

1478

00:50:50,150 --> 00:50:48,880

and you talk about time travel well my

1479

00:50:53,109 --> 00:50:50,160

problem with time travel is

1480

00:50:55,510 --> 00:50:53,119

is really very simple uh you know

1481

00:50:57,430 --> 00:50:55,520

einstein said time travel was possible

1482

00:50:58,710 --> 00:50:57,440

i believe what he said was you could go

1483

00:50:59,670 --> 00:50:58,720

back but you could never go forward

1484

00:51:02,950 --> 00:50:59,680

again

1485

00:51:05,109 --> 00:51:02,960

um and this would be

1486

00:51:06,630 --> 00:51:05,119

in order to create you a this would be

1487

00:51:08,710 --> 00:51:06,640

like a failsafe

1488

00:51:10,790 --> 00:51:08,720

the universe would prevent you from

1489

00:51:13,750 --> 00:51:10,800

visiting the same scene repeatedly

1490

00:51:14,870 --> 00:51:13,760

okay the same time in other words that

1491

00:51:17,910 --> 00:51:14,880

would create

1492

00:51:19,430 --> 00:51:17,920

a problem with the with the continuum so

1493

00:51:20,950 --> 00:51:19,440

there's some sort of failsafe built in

1494

00:51:22,309 --> 00:51:20,960

there according according to the way

1495

00:51:24,150 --> 00:51:22,319

einstein looked at it

1496

00:51:25,589 --> 00:51:24,160

well also think about this i mean we're

1497

00:51:28,150 --> 00:51:25,599

we're on a planet

1498

00:51:30,470 --> 00:51:28,160

that's going around a star meanwhile

1499

00:51:31,270 --> 00:51:30,480

that star system that we're in the solar

1500

00:51:34,309 --> 00:51:31,280

system

1501  
00:51:36,230 --> 00:51:34,319  
is going around the center of the galaxy

1502  
00:51:37,349 --> 00:51:36,240  
so let's say that you could travel back

1503  
00:51:39,589 --> 00:51:37,359  
in time

1504  
00:51:41,910 --> 00:51:39,599  
how are you going to precisely pinpoint

1505  
00:51:44,470 --> 00:51:41,920  
the exact location

1506  
00:51:46,150 --> 00:51:44,480  
of the of the earth as it spins and then

1507  
00:51:47,589 --> 00:51:46,160  
as it goes around the sun

1508  
00:51:49,910 --> 00:51:47,599  
and as the sun goes around the center of

1509  
00:51:51,670 --> 00:51:49,920  
the gap i mean the the logistics of it

1510  
00:51:53,510 --> 00:51:51,680  
are beyond astronomical

1511  
00:51:54,950 --> 00:51:53,520  
okay if you could travel in time you

1512  
00:51:57,589 --> 00:51:54,960  
know you'd be just likely to

1513  
00:51:58,549 --> 00:51:57,599

you know to re-materialize in the wrong

1514

00:52:01,589 --> 00:51:58,559

spot

1515

00:52:03,430 --> 00:52:01,599

is not um unless there's something to do

1516

00:52:05,349 --> 00:52:03,440

with gravity that we don't quite

1517

00:52:06,470 --> 00:52:05,359

you know know yet where gravity's tied

1518

00:52:10,150 --> 00:52:06,480

into space and time

1519

00:52:11,910 --> 00:52:10,160

which very well could be but still it's

1520

00:52:15,510 --> 00:52:11,920

a very

1521

00:52:17,109 --> 00:52:15,520

precarious sort of a science to

1522

00:52:19,910 --> 00:52:17,119

undertake i mean it would make

1523

00:52:20,710 --> 00:52:19,920

interstellar traffic travel look look

1524

00:52:23,589 --> 00:52:20,720

simple

1525

00:52:24,870 --> 00:52:23,599

i would think so um i don't know you

1526

00:52:28,390 --> 00:52:24,880

know who knows

1527

00:52:30,150 --> 00:52:28,400

but go ahead

1528

00:52:32,710 --> 00:52:30,160

i was just gonna say that i i think that

1529

00:52:34,710 --> 00:52:32,720

the biodiversity of this planet

1530

00:52:37,190 --> 00:52:34,720

points to uh and some of these strange

1531

00:52:39,030 --> 00:52:37,200

forms that fit that biodiversity

1532

00:52:40,309 --> 00:52:39,040

point to a hidden aspect of our own

1533

00:52:42,470 --> 00:52:40,319

biosphere

1534

00:52:44,950 --> 00:52:42,480

and in addition to the inner solar

1535

00:52:46,630 --> 00:52:44,960

system which may all be interrelated

1536

00:52:48,150 --> 00:52:46,640

and then if we go beyond that you know

1537

00:52:51,109 --> 00:52:48,160

if you start looking

1538

00:52:52,870 --> 00:52:51,119

at some of the quantum and and other

1539

00:52:54,470 --> 00:52:52,880

types of uh

1540

00:52:56,710 --> 00:52:54,480

weird physics stuff that we're now

1541

00:52:58,630 --> 00:52:56,720

finding that we're now discovering

1542

00:53:00,069 --> 00:52:58,640

you know we may be looking at things

1543

00:53:03,349 --> 00:53:00,079

that are right here with us all the time

1544

00:53:05,349 --> 00:53:03,359

also in addition to the hidden biosphere

1545

00:53:08,150 --> 00:53:05,359

there could be a whole other aspect

1546

00:53:08,470 --> 00:53:08,160

of you know other dimensional realities

1547

00:53:13,109 --> 00:53:08,480

which

1548

00:53:15,510 --> 00:53:13,119

words they still share the mass

1549

00:53:17,349 --> 00:53:15,520

and the energy of this this planet and

1550

00:53:19,829 --> 00:53:17,359

its gravitational well

1551

00:53:21,670 --> 00:53:19,839

that it sits in they're here with us we

1552

00:53:24,069 --> 00:53:21,680

just can't perceive them because

1553

00:53:26,069 --> 00:53:24,079

they're on a different uh different a

1554

00:53:28,630 --> 00:53:26,079

different vibrational frequency

1555

00:53:29,589 --> 00:53:28,640

a different uh dimensional level however

1556

00:53:31,510 --> 00:53:29,599

you want to put it

1557

00:53:33,109 --> 00:53:31,520

and every now and then they they they

1558

00:53:36,549 --> 00:53:33,119

come across or maybe some of them have

1559

00:53:39,270 --> 00:53:36,559

the ability to cross over at will

1560

00:53:40,950 --> 00:53:39,280

well this kind of goes back to what i

1561

00:53:44,950 --> 00:53:40,960

think that

1562

00:53:45,510 --> 00:53:44,960

you know there there is the assumption

1563

00:53:50,069 --> 00:53:45,520

that

1564

00:53:52,309 --> 00:53:50,079

ufo activity uh alien activity or

1565

00:53:55,270 --> 00:53:52,319

extraterrestrial activity is

1566

00:53:56,069 --> 00:53:55,280

something that comes from other galaxies

1567

00:53:59,270 --> 00:53:56,079

or other

1568

00:54:01,270 --> 00:53:59,280

planets yeah i feel

1569

00:54:02,630 --> 00:54:01,280

for the most part now and because a lot

1570

00:54:05,670 --> 00:54:02,640

of things that

1571

00:54:07,109 --> 00:54:05,680

have been old to me a lot of things from

1572

00:54:10,390 --> 00:54:07,119

witnesses and

1573

00:54:13,670 --> 00:54:10,400

that we live and share

1574

00:54:17,910 --> 00:54:13,680

a dimension with a lot of these beings

1575

00:54:20,470 --> 00:54:17,920

right now and in other words uh

1576  
00:54:21,670 --> 00:54:20,480  
they may be living here on this planet

1577  
00:54:25,030 --> 00:54:21,680  
but just

1578  
00:54:26,390 --> 00:54:25,040  
not on the surface yes they may be

1579  
00:54:31,109 --> 00:54:26,400  
living underground

1580  
00:54:35,750 --> 00:54:31,119  
and if they are able to go back in time

1581  
00:54:39,990 --> 00:54:35,760  
it might not be uh such a

1582  
00:54:41,589 --> 00:54:40,000  
impossible uh realization that you know

1583  
00:54:44,630 --> 00:54:41,599  
they can do it while

1584  
00:54:47,750 --> 00:54:44,640  
they still live on

1585  
00:54:49,349 --> 00:54:47,760  
basically the same plane well you know i

1586  
00:54:51,829 --> 00:54:49,359  
recently had a

1587  
00:54:52,470 --> 00:54:51,839  
an interview i did with gut with gaia tv

1588  
00:54:59,670 --> 00:54:52,480

a

1589

00:55:01,910 --> 00:54:59,680

you know do you believe in

1590

00:55:03,109 --> 00:55:01,920

in the hollow earth you know the earth

1591

00:55:05,349 --> 00:55:03,119

is hollow

1592

00:55:07,670 --> 00:55:05,359

you know and honestly i believe that the

1593

00:55:09,910 --> 00:55:07,680

earth is a big electromagnet with a

1594

00:55:11,430 --> 00:55:09,920

solid nickel iron core which is spinning

1595

00:55:13,270 --> 00:55:11,440

and superheated

1596

00:55:14,630 --> 00:55:13,280

and you know i believe all the hard

1597

00:55:16,870 --> 00:55:14,640

science on that is

1598

00:55:20,069 --> 00:55:16,880

is accurate but does that mean that the

1599

00:55:21,750 --> 00:55:20,079

hollow earth is not real well no because

1600

00:55:25,109 --> 00:55:21,760

i mean if you're if you think in terms

1601  
00:55:27,670 --> 00:55:25,119  
of of multiple dimensions

1602  
00:55:28,309 --> 00:55:27,680  
there could be an aspect for instance to

1603  
00:55:30,630 --> 00:55:28,319  
that

1604  
00:55:32,390 --> 00:55:30,640  
incredibly powerful electromagnetic

1605  
00:55:35,190 --> 00:55:32,400  
magnetic force

1606  
00:55:36,710 --> 00:55:35,200  
that is creating a gravitational well

1607  
00:55:39,190 --> 00:55:36,720  
that occasionally

1608  
00:55:40,549 --> 00:55:39,200  
allows you to slip a certain point if

1609  
00:55:41,270 --> 00:55:40,559  
you're a certain point on the globe at a

1610  
00:55:43,349 --> 00:55:41,280  
certain time

1611  
00:55:44,789 --> 00:55:43,359  
and the conditions are just right where

1612  
00:55:47,190 --> 00:55:44,799  
you can slip

1613  
00:55:48,230 --> 00:55:47,200

into that other reality which exists

1614

00:55:51,829 --> 00:55:48,240

inside the planet

1615

00:55:55,430 --> 00:55:51,839

but not in our physical dimension right

1616

00:55:56,789 --> 00:55:55,440

so in other words that's just one aspect

1617

00:55:58,390 --> 00:55:56,799

of it you know when you start looking at

1618

00:56:00,470 --> 00:55:58,400

the layers of the earth the earth is

1619

00:56:01,430 --> 00:56:00,480

highly stratified it's full of fissures

1620

00:56:03,109 --> 00:56:01,440

cracks

1621

00:56:05,190 --> 00:56:03,119

caverns i mean they just recently

1622

00:56:07,190 --> 00:56:05,200

discovered yet another gigantic cavern

1623

00:56:08,870 --> 00:56:07,200

system and this one was in spain

1624

00:56:10,309 --> 00:56:08,880

that was filled with gigantic crystals a

1625

00:56:11,829 --> 00:56:10,319

lot like the one in mexico

1626

00:56:13,270 --> 00:56:11,839

except the one in spain is not

1627

00:56:14,230 --> 00:56:13,280

superheated not real hot you can

1628

00:56:17,349 --> 00:56:14,240

actually go in there

1629

00:56:18,710 --> 00:56:17,359

you know and look around well

1630

00:56:21,349 --> 00:56:18,720

think about this i mean you if you have

1631

00:56:27,030 --> 00:56:21,359

a civilization that

1632

00:56:30,710 --> 00:56:28,470

quantum computing and by quantum

1633

00:56:33,190 --> 00:56:30,720

computing i mean using

1634

00:56:35,589 --> 00:56:33,200

the power of the quartz crystal for

1635

00:56:37,349 --> 00:56:35,599

computing purposes

1636

00:56:38,950 --> 00:56:37,359

they could take a cave like that which

1637

00:56:40,230 --> 00:56:38,960

i'm sure there are thousands and

1638

00:56:42,309 --> 00:56:40,240

thousands of them throughout the crest

1639

00:56:45,589 --> 00:56:42,319

of the earth

1640

00:56:46,549 --> 00:56:45,599

turn it into a super computer and the

1641

00:56:48,870 --> 00:56:46,559

power would be

1642

00:56:50,870 --> 00:56:48,880

godlike it would be i mean we already

1643

00:56:51,510 --> 00:56:50,880

know now we're just now finding that you

1644

00:56:53,670 --> 00:56:51,520

could

1645

00:56:56,309 --> 00:56:53,680

you can impact incredible amounts of

1646

00:56:59,109 --> 00:56:56,319

data and energy and information

1647

00:57:00,470 --> 00:56:59,119

on a tiny piece of quartz crystal okay

1648

00:57:03,270 --> 00:57:00,480

and it's permanent

1649

00:57:05,510 --> 00:57:03,280

it's permanent and if you start using

1650

00:57:06,549 --> 00:57:05,520

this stuff for super computing purposes

1651  
00:57:07,990 --> 00:57:06,559  
you know there's no telling what you

1652  
00:57:09,589 --> 00:57:08,000  
could do with it i mean it greatly

1653  
00:57:11,270 --> 00:57:09,599  
speeds up the process

1654  
00:57:12,789 --> 00:57:11,280  
and so something like that a discovery

1655  
00:57:13,510 --> 00:57:12,799  
like that could lead to someone haven't

1656  
00:57:16,150 --> 00:57:13,520  
had their

1657  
00:57:19,030 --> 00:57:16,160  
singularity for their civilization where

1658  
00:57:22,150 --> 00:57:19,040  
basically an ai becomes

1659  
00:57:23,990 --> 00:57:22,160  
conscious that could have happened for

1660  
00:57:26,309 --> 00:57:24,000  
them thousands of years ago

1661  
00:57:28,150 --> 00:57:26,319  
at which point you have to wonder who

1662  
00:57:31,589 --> 00:57:28,160  
won

1663  
00:57:33,910 --> 00:57:31,599

ai win

1664

00:57:35,270 --> 00:57:33,920

yeah and does this not explain some of

1665

00:57:36,069 --> 00:57:35,280

the weird things that we experience

1666

00:57:38,309 --> 00:57:36,079

sometimes

1667

00:57:39,349 --> 00:57:38,319

for instance some of our accounts yeah

1668

00:57:41,109 --> 00:57:39,359

and some of the encounters that people

1669

00:57:42,069 --> 00:57:41,119

have that are anomalous encounters they

1670

00:57:44,630 --> 00:57:42,079

talk about

1671

00:57:46,230 --> 00:57:44,640

it was almost nonsensical you know it is

1672

00:57:48,150 --> 00:57:46,240

if the creatures or the beings don't

1673

00:57:49,829 --> 00:57:48,160

know quite how to interact with humans

1674

00:57:52,150 --> 00:57:49,839

they just don't get it they they don't

1675

00:57:53,990 --> 00:57:52,160

seem to be able to emote properly

1676  
00:57:55,670 --> 00:57:54,000  
they seem to be mimicking or putting

1677  
00:57:57,109 --> 00:57:55,680  
like a pantomime

1678  
00:57:59,510 --> 00:57:57,119  
they're trying to communicate

1679  
00:58:01,829 --> 00:57:59,520  
symbolically and this is the way

1680  
00:58:03,190 --> 00:58:01,839  
an artificial intelligence would would

1681  
00:58:05,750 --> 00:58:03,200  
attempt to react

1682  
00:58:07,270 --> 00:58:05,760  
and interact with us i think and and you

1683  
00:58:08,069 --> 00:58:07,280  
know if if these beings became the

1684  
00:58:10,150 --> 00:58:08,079  
slaves

1685  
00:58:11,430 --> 00:58:10,160  
of the very thing that they created that

1686  
00:58:14,390 --> 00:58:11,440  
mind explains uh

1687  
00:58:15,030 --> 00:58:14,400  
entities such as the grace for instance

1688  
00:58:17,430 --> 00:58:15,040

you know

1689

00:58:18,710 --> 00:58:17,440

they may be that may be the source of

1690

00:58:20,630 --> 00:58:18,720

their hive consciousness

1691

00:58:23,829 --> 00:58:20,640

they may all be you know helplessly

1692

00:58:25,910 --> 00:58:23,839

locked into a symbiosis with this thing

1693

00:58:27,670 --> 00:58:25,920

so you know these are all ideas that we

1694

00:58:28,309 --> 00:58:27,680

we should start thinking about and you

1695

00:58:31,030 --> 00:58:28,319

know looking

1696

00:58:32,069 --> 00:58:31,040

looking at these things because if

1697

00:58:35,349 --> 00:58:32,079

nothing else

1698

00:58:38,870 --> 00:58:35,359

there are cautionary tales there for us

1699

00:58:41,910 --> 00:58:38,880

yeah i think um i i think a lot of these

1700

00:58:42,630 --> 00:58:41,920

lot of this phenomena uh is in the

1701

00:58:45,349 --> 00:58:42,640

neighborhood

1702

00:58:46,630 --> 00:58:45,359

i mean i'm not saying i'm talking earth

1703

00:58:48,549 --> 00:58:46,640

maybe the moon

1704

00:58:50,309 --> 00:58:48,559

but i i think it's in the neighborhood

1705

00:58:51,349 --> 00:58:50,319

and um

1706

00:58:53,750 --> 00:58:51,359

you know and you're talking about

1707

00:58:58,069 --> 00:58:53,760

electro electromagnetic

1708

00:58:59,910 --> 00:58:58,079

uh energy i mean look i mean

1709

00:59:01,990 --> 00:58:59,920

if we didn't have it we wouldn't be here

1710

00:59:05,349 --> 00:59:02,000

and you know we'd be a cinder

1711

00:59:07,510 --> 00:59:05,359

for for the most part and uh uh

1712

00:59:08,870 --> 00:59:07,520

there are and it is proven that the

1713

00:59:12,309 --> 00:59:08,880

earth's surface has

1714

00:59:15,430 --> 00:59:12,319

several hot spots uh and there are

1715

00:59:17,589 --> 00:59:15,440

several areas on the earth that have a

1716

00:59:19,510 --> 00:59:17,599

lot of weird activity just like we know

1717

00:59:21,109 --> 00:59:19,520

up in pennsylvania where

1718

00:59:22,950 --> 00:59:21,119

you know we've got a lot of weird stuff

1719

00:59:26,150 --> 00:59:22,960

going on with specific areas

1720

00:59:27,910 --> 00:59:26,160

it just seems that you know this may be

1721

00:59:30,150 --> 00:59:27,920

what's actually going on you know i've

1722

00:59:34,630 --> 00:59:30,160

had a lot of abduction

1723

00:59:37,270 --> 00:59:34,640

uh witnesses experiencers abductees

1724

00:59:37,990 --> 00:59:37,280

it you know uh describe these

1725

00:59:41,190 --> 00:59:38,000

underground

1726

00:59:44,309 --> 00:59:41,200

caverns where they have been taken and

1727

00:59:47,270 --> 00:59:44,319

uh even under under water uh

1728

00:59:48,150 --> 00:59:47,280

cities and such and it it it's

1729

00:59:51,910 --> 00:59:48,160

consistent

1730

00:59:53,510 --> 00:59:51,920

and uh yes it is

1731

00:59:55,510 --> 00:59:53,520

and it goes back it goes back into

1732

00:59:56,789 --> 00:59:55,520

antiquity you know the stories of the

1733

00:59:59,109 --> 00:59:56,799

underground civilizations

1734

01:00:01,109 --> 00:59:59,119

the sub-oceanic civilizations you know

1735

01:00:02,230 --> 01:00:01,119

the abodes of the so-called gods and i

1736

01:00:03,910 --> 01:00:02,240

say so-called

1737

01:00:05,510 --> 01:00:03,920

here of course because i believe that

1738

01:00:07,750 --> 01:00:05,520

most of these beings whether you want to

1739

01:00:10,069 --> 01:00:07,760

think of them as fallen angels nephilim

1740

01:00:11,750 --> 01:00:10,079

um you know ancient aliens whatever you

1741

01:00:12,630 --> 01:00:11,760

whatever your little term for them might

1742

01:00:15,829 --> 01:00:12,640

be

1743

01:00:18,230 --> 01:00:15,839

basically

1744

01:00:19,990 --> 01:00:18,240

uh co-planetarians with us and that

1745

01:00:22,390 --> 01:00:20,000

doesn't mean that they did not

1746

01:00:23,750 --> 01:00:22,400

at some point break away and go explore

1747

01:00:26,069 --> 01:00:23,760

the solar system they probably

1748

01:00:27,510 --> 01:00:26,079

did and some may be out there now you

1749

01:00:29,030 --> 01:00:27,520

know doing their own thing but they know

1750

01:00:30,390 --> 01:00:29,040

where their origins are

1751

01:00:31,910 --> 01:00:30,400

which kind of ties in with some of the

1752

01:00:33,190 --> 01:00:31,920

things that they say to people you know

1753

01:00:35,589 --> 01:00:33,200

this is our planet

1754

01:00:37,270 --> 01:00:35,599

you know you're you are our property you

1755

01:00:39,910 --> 01:00:37,280

know things like this

1756

01:00:40,710 --> 01:00:39,920

um which you would only say if you were

1757

01:00:44,390 --> 01:00:40,720

from here

1758

01:00:46,870 --> 01:00:44,400

okay oh yeah yeah so yeah

1759

01:00:47,670 --> 01:00:46,880

i've come to this conclusion a while

1760

01:00:49,670 --> 01:00:47,680

back i mean

1761

01:00:51,670 --> 01:00:49,680

and you even look at the great masters i

1762

01:00:56,470 --> 01:00:51,680

mean dante tolkien

1763

01:01:00,230 --> 01:00:56,480

h.g wells vern yeah i mean you know

1764

01:01:03,270 --> 01:01:00,240

they've been basing a lot of underground

1765

01:01:06,870 --> 01:01:03,280

phenomena in for hundreds of years now

1766

01:01:08,470 --> 01:01:06,880

sure oh you know so you have to wonder

1767

01:01:11,430 --> 01:01:08,480

if they didn't know something i mean

1768

01:01:12,789 --> 01:01:11,440

h.g wells was a of course he was a uh he

1769

01:01:14,390 --> 01:01:12,799

was a fabian socialist and

1770

01:01:17,190 --> 01:01:14,400

among other things which is which is not

1771

01:01:17,510 --> 01:01:17,200

too cool but he was a member of various

1772

01:01:20,230 --> 01:01:17,520

uh

1773

01:01:21,990 --> 01:01:20,240

secret societies and you know you you

1774

01:01:23,589 --> 01:01:22,000

look at the things that he wrote and he

1775

01:01:25,670 --> 01:01:23,599

seemed to know just just in

1776

01:01:27,349 --> 01:01:25,680

in the same way that jules verne seemed

1777

01:01:29,670 --> 01:01:27,359

to know what was coming

1778

01:01:30,870 --> 01:01:29,680

and you know as if he was in the know as

1779

01:01:33,030 --> 01:01:30,880

if he had been told

1780

01:01:33,910 --> 01:01:33,040

and he made uh different like in the

1781

01:01:36,470 --> 01:01:33,920

time machine

1782

01:01:38,150 --> 01:01:36,480

he has you know that he almost perfectly

1783

01:01:41,109 --> 01:01:38,160

pinpoints the world wars

1784

01:01:41,589 --> 01:01:41,119

uh you know warfare from the air and

1785

01:01:43,990 --> 01:01:41,599

then

1786

01:01:46,069 --> 01:01:44,000

uh nuclear war and all this kind of

1787

01:01:48,789 --> 01:01:46,079

stuff but then he takes us further

1788

01:01:50,230 --> 01:01:48,799

and he shows us that there's a time in

1789

01:01:51,430 --> 01:01:50,240

the future and who knows if that's not

1790

01:01:52,870 --> 01:01:51,440

really now even though

1791

01:01:54,870 --> 01:01:52,880

in this book it's in the far distant

1792

01:01:57,109 --> 01:01:54,880

future when you know

1793

01:01:58,630 --> 01:01:57,119

he's one he's wanting us to understand

1794

01:02:00,710 --> 01:01:58,640

metaphorically i think

1795

01:02:02,309 --> 01:02:00,720

that there's an unseen world there's

1796

01:02:03,670 --> 01:02:02,319

there's a world under the surface

1797

01:02:05,510 --> 01:02:03,680

and here we are on the surface that we

1798

01:02:06,230 --> 01:02:05,520

live our happy little lives or so we

1799

01:02:07,750 --> 01:02:06,240

think

1800

01:02:09,349 --> 01:02:07,760

but we don't realize that we're we're

1801

01:02:11,829 --> 01:02:09,359

seen as a resource

1802

01:02:12,710 --> 01:02:11,839

by this other intelligence this other

1803

01:02:15,829 --> 01:02:12,720

darker

1804

01:02:17,510 --> 01:02:15,839

um colder more um

1805

01:02:19,910 --> 01:02:17,520

primitive in some ways but more advanced

1806

01:02:20,710 --> 01:02:19,920

in some ways intelligence which is alien

1807

01:02:23,349 --> 01:02:20,720

to us

1808

01:02:24,470 --> 01:02:23,359

but it also is from here and it is in

1809

01:02:26,470 --> 01:02:24,480

some way related

1810

01:02:28,069 --> 01:02:26,480

and here you have his story the morlock

1811

01:02:29,510 --> 01:02:28,079

who are the underground dwellers

1812

01:02:32,150 --> 01:02:29,520

and the eloy who are the surface

1813

01:02:33,670 --> 01:02:32,160

dwellers and you know what was what was

1814

01:02:35,670 --> 01:02:33,680

wells trying to tell us

1815

01:02:37,670 --> 01:02:35,680

there was something there that i think

1816

01:02:39,270 --> 01:02:37,680

he really was trying to convey

1817

01:02:41,029 --> 01:02:39,280

he wasn't allowed to say it because

1818

01:02:43,990 --> 01:02:41,039

again you know forbidden knowledge

1819

01:02:45,190 --> 01:02:44,000

uh you know top secret society stuff

1820

01:02:47,349 --> 01:02:45,200

probably but

1821

01:02:48,950 --> 01:02:47,359

at the same time there's a message there

1822

01:02:51,029 --> 01:02:48,960

and he was trying to convey it

1823

01:02:52,230 --> 01:02:51,039

symbolically i think and this is

1824

01:02:54,870 --> 01:02:52,240

something that you find

1825

01:02:55,990 --> 01:02:54,880

in you know in numerous uh uh not just

1826

01:02:59,349 --> 01:02:56,000

in fiction but in

1827

01:03:03,029 --> 01:02:59,359

in various um folklore systems in and

1828

01:03:06,069 --> 01:03:03,039

folktale collections and and religious

1829

01:03:09,109 --> 01:03:06,079

teachings it's the same story it's just

1830

01:03:11,109 --> 01:03:09,119

you know are we paying attention it's

1831

01:03:13,190 --> 01:03:11,119

is this something we're supposed to get

1832

01:03:14,309 --> 01:03:13,200

you know instinctively are we supposed

1833

01:03:16,390 --> 01:03:14,319

to just sort of

1834

01:03:17,750 --> 01:03:16,400

you know apprehend this and comprehend

1835

01:03:19,750 --> 01:03:17,760

it and just kind of

1836

01:03:20,950 --> 01:03:19,760

it's there which i think to some extent

1837

01:03:23,829 --> 01:03:20,960

is the truth you know that's

1838

01:03:25,349 --> 01:03:23,839

how folklore works but it's sort of like

1839

01:03:25,990 --> 01:03:25,359

a defensive mechanism for the human

1840

01:03:29,430 --> 01:03:26,000

psyche

1841

01:03:30,309 --> 01:03:29,440

message there and we have to get that

1842

01:03:31,990 --> 01:03:30,319

message

1843

01:03:33,349 --> 01:03:32,000

until we do we it would just do to

1844

01:03:34,950 --> 01:03:33,359

repeat the same old thing

1845

01:03:36,549 --> 01:03:34,960

and to be victimized if that's what's

1846

01:03:38,470 --> 01:03:36,559

going on

1847

01:03:40,230 --> 01:03:38,480

well let's put it now in context with

1848

01:03:42,309 --> 01:03:40,240

the the um

1849

01:03:44,150 --> 01:03:42,319

the cryptids that we're people are

1850

01:03:47,990 --> 01:03:44,160

seeing experiencing today

1851  
01:03:49,589 --> 01:03:48,000  
bigfoot the upright canine uh

1852  
01:03:51,349 --> 01:03:49,599  
and you know other things people are

1853  
01:03:55,029 --> 01:03:51,359  
seeing dinosaurs

1854  
01:03:57,029 --> 01:03:55,039  
pterosaurs from the past i mean who's to

1855  
01:03:59,430 --> 01:03:57,039  
say that the dinosaurs still get me

1856  
01:04:01,029 --> 01:03:59,440  
i i don't get that i said the dinosaurs

1857  
01:04:02,950 --> 01:04:01,039  
are still getting me i don't

1858  
01:04:04,789 --> 01:04:02,960  
yeah i mean there have been you know

1859  
01:04:05,829 --> 01:04:04,799  
there people are seeing all kinds of

1860  
01:04:09,109 --> 01:04:05,839  
things

1861  
01:04:09,750 --> 01:04:09,119  
i mean yeah it's just not popping up you

1862  
01:04:11,589 --> 01:04:09,760  
know it

1863  
01:04:14,150 --> 01:04:11,599

it it may be popping up it's coming from

1864

01:04:16,470 --> 01:04:14,160

the underground uh maybe there's a maybe

1865

01:04:20,069 --> 01:04:16,480

there is a

1866

01:04:22,230 --> 01:04:20,079

a vast population of these beans

1867

01:04:23,829 --> 01:04:22,240

in the underground and they can just

1868

01:04:24,230 --> 01:04:23,839

suddenly bring themselves onto the

1869

01:04:25,750 --> 01:04:24,240

surface

1870

01:04:27,029 --> 01:04:25,760

right right well that does seem to you

1871

01:04:28,549 --> 01:04:27,039

know that a lot of times you'll find

1872

01:04:30,870 --> 01:04:28,559

evidence of that i mean

1873

01:04:31,750 --> 01:04:30,880

there are of course numerous stories for

1874

01:04:33,270 --> 01:04:31,760

instance of

1875

01:04:34,950 --> 01:04:33,280

of monsters and caves you know different

1876  
01:04:36,950 --> 01:04:34,960  
types of anomalous creatures that live

1877  
01:04:40,069 --> 01:04:36,960  
in caves they live in mines

1878  
01:04:41,510 --> 01:04:40,079  
tunnels uh sumps

1879  
01:04:43,589 --> 01:04:41,520  
uh you know areas where the ground is

1880  
01:04:45,670 --> 01:04:43,599  
collapsed you know cars cars type

1881  
01:04:47,190 --> 01:04:45,680  
terrain formations and these are the

1882  
01:04:48,870 --> 01:04:47,200  
areas that often are supposedly haunted

1883  
01:04:50,470 --> 01:04:48,880  
by non-human beings

1884  
01:04:52,630 --> 01:04:50,480  
so you have to wonder if they don't come

1885  
01:04:54,549 --> 01:04:52,640  
out long enough to to do what they have

1886  
01:04:57,029 --> 01:04:54,559  
to do to get what they came to

1887  
01:04:58,309 --> 01:04:57,039  
get and then they return to where they

1888  
01:04:59,990 --> 01:04:58,319

came from

1889

01:05:02,309 --> 01:05:00,000

and you know this this could tie in a

1890

01:05:03,270 --> 01:05:02,319

lot with uh missing people you know

1891

01:05:06,710 --> 01:05:03,280

missing

1892

01:05:07,510 --> 01:05:06,720

with absolutely no explanation

1893

01:05:09,109 --> 01:05:07,520

whatsoever

1894

01:05:10,549 --> 01:05:09,119

now i'm not saying that that's always

1895

01:05:13,270 --> 01:05:10,559

the case or that

1896

01:05:14,630 --> 01:05:13,280

people aren't being kidnapped or or by

1897

01:05:16,549 --> 01:05:14,640

psycho killers or

1898

01:05:17,829 --> 01:05:16,559

wandering off or trying to change their

1899

01:05:19,829 --> 01:05:17,839

identity which

1900

01:05:20,870 --> 01:05:19,839

of course that does happen runaways and

1901

01:05:22,789 --> 01:05:20,880

things like that but

1902

01:05:24,870 --> 01:05:22,799

when you look at the fact that 2200

1903

01:05:25,589 --> 01:05:24,880

people a day in the united states alone

1904

01:05:28,549 --> 01:05:25,599

disappear

1905

01:05:29,670 --> 01:05:28,559

without a trace 2200 that are never

1906

01:05:32,789 --> 01:05:29,680

accounted for

1907

01:05:34,789 --> 01:05:32,799

that's a lot of people every day okay

1908

01:05:36,230 --> 01:05:34,799

then okay so here we are where the most

1909

01:05:37,510 --> 01:05:36,240

advanced society that the world

1910

01:05:39,589 --> 01:05:37,520

supposedly has ever seen

1911

01:05:41,190 --> 01:05:39,599

as far as we know now we've got all this

1912

01:05:43,750 --> 01:05:41,200

technology we've got police we've got

1913

01:05:45,270 --> 01:05:43,760

all these other things the internet

1914

01:05:46,710 --> 01:05:45,280

twenty two hundred people a day vanished

1915

01:05:48,549 --> 01:05:46,720

without a trace in the united states

1916

01:05:50,069 --> 01:05:48,559

every day

1917

01:05:51,750 --> 01:05:50,079

extrapolate that out to the rest of the

1918

01:05:53,109 --> 01:05:51,760

world what about the third world

1919

01:05:54,150 --> 01:05:53,119

how many people vanish in the third

1920

01:05:55,670 --> 01:05:54,160

world every day you never even hear

1921

01:05:56,870 --> 01:05:55,680

about it you'll never hear about it

1922

01:05:58,470 --> 01:05:56,880

you'll never know

1923

01:05:59,910 --> 01:05:58,480

how many people around the world does

1924

01:06:03,029 --> 01:05:59,920

this tap it to you know

1925

01:06:03,990 --> 01:06:03,039

it's almost as if you know if 2200

1926

01:06:05,990 --> 01:06:04,000

people in the united states

1927

01:06:07,990 --> 01:06:06,000

were dying every day of a disease or

1928

01:06:10,710 --> 01:06:08,000

being killed in a war

1929

01:06:11,750 --> 01:06:10,720

the uproar in the media would be you

1930

01:06:15,270 --> 01:06:11,760

know deafening

1931

01:06:18,470 --> 01:06:15,280

and it would not stop right

1932

01:06:21,109 --> 01:06:18,480

but sure it's as if we have this this

1933

01:06:22,870 --> 01:06:21,119

this protective mechanism this this this

1934

01:06:24,230 --> 01:06:22,880

thing where we just turn it off you know

1935

01:06:25,910 --> 01:06:24,240

we don't want to think about it we don't

1936

01:06:26,470 --> 01:06:25,920

want to know about it oh that's just

1937

01:06:28,150 --> 01:06:26,480

silly

1938

01:06:29,910 --> 01:06:28,160

that's just crackpot let's not talk

1939

01:06:30,870 --> 01:06:29,920

about that you know and we're just going

1940

01:06:33,670 --> 01:06:30,880

about our business

1941

01:06:35,430 --> 01:06:33,680

because the the idea of this is so

1942

01:06:37,829 --> 01:06:35,440

frightening to the collective

1943

01:06:39,029 --> 01:06:37,839

and the individual human psyche that it

1944

01:06:41,190 --> 01:06:39,039

would make it very difficult for most

1945

01:06:44,390 --> 01:06:41,200

people to function

1946

01:06:47,190 --> 01:06:44,400

if they had to think about this and

1947

01:06:48,549 --> 01:06:47,200

this works to the advantage of whatever

1948

01:06:51,670 --> 01:06:48,559

is behind it i think

1949

01:06:53,190 --> 01:06:51,680

yeah yeah that we think that way um you

1950

01:06:54,390 --> 01:06:53,200

know we we have a tendency as human

1951

01:06:57,430 --> 01:06:54,400

beings to

1952

01:06:58,470 --> 01:06:57,440

to downplay and ridicule things that

1953

01:07:00,230 --> 01:06:58,480

scare us

1954

01:07:02,309 --> 01:07:00,240

you know oh that's crazy that's a

1955

01:07:03,430 --> 01:07:02,319

crackpot that's this and that well look

1956

01:07:04,870 --> 01:07:03,440

what we do we

1957

01:07:06,710 --> 01:07:04,880

you know you talk to somebody who's had

1958

01:07:08,630 --> 01:07:06,720

a an encounter as you have

1959

01:07:10,470 --> 01:07:08,640

i'm sure london as i have they people

1960

01:07:13,029 --> 01:07:10,480

who've had encounters with big scary

1961

01:07:13,990 --> 01:07:13,039

hairy monsters okay they don't think

1962

01:07:16,309 --> 01:07:14,000

it's funny

1963

01:07:17,190 --> 01:07:16,319

they're not amused but then we have but

1964

01:07:18,470 --> 01:07:17,200

then we have

1965

01:07:20,549 --> 01:07:18,480

so how do we deal with that as a

1966

01:07:22,470 --> 01:07:20,559

collective society what do we do

1967

01:07:24,150 --> 01:07:22,480

well we have harry and the hendersons

1968

01:07:25,430 --> 01:07:24,160

and we have a jet and we have uh you

1969

01:07:28,630 --> 01:07:25,440

know uh bigfoot

1970

01:07:31,029 --> 01:07:28,640

selling beef jerky okay or you know

1971

01:07:32,710 --> 01:07:31,039

yeah or or we have you know you talk to

1972

01:07:34,470 --> 01:07:32,720

people in ireland about about

1973

01:07:35,829 --> 01:07:34,480

uh certain types of beings and they're

1974

01:07:36,870 --> 01:07:35,839

not real amused by them they think

1975

01:07:38,069 --> 01:07:36,880

they're pretty scary they didn't want to

1976

01:07:39,990 --> 01:07:38,079

talk about them really

1977

01:07:41,910 --> 01:07:40,000

so what do we do over here in america we

1978

01:07:43,750 --> 01:07:41,920

take that same very scary bean and we

1979

01:07:46,150 --> 01:07:43,760

have him selling breakfast cereal

1980

01:07:48,549 --> 01:07:46,160

with you know yellow moons and green

1981

01:07:50,549 --> 01:07:48,559

stars and blue clovers

1982

01:07:52,069 --> 01:07:50,559

so in other words things that terrify us

1983

01:07:53,349 --> 01:07:52,079

we ridicule them and if we can't

1984

01:07:56,549 --> 01:07:53,359

ridicule them

1985

01:07:58,470 --> 01:07:56,559

then we try our very best to

1986

01:07:59,589 --> 01:07:58,480

turn them into objects worthy of

1987

01:08:02,470 --> 01:07:59,599

ridicule

1988

01:08:03,829 --> 01:08:02,480

into a joke you know until that night

1989

01:08:04,950 --> 01:08:03,839

when you're by yourself and you know

1990

01:08:06,230 --> 01:08:04,960

walking down the road and

1991

01:08:07,589 --> 01:08:06,240

you come face to face with something

1992

01:08:09,589 --> 01:08:07,599

like that then you're not going to think

1993

01:08:11,349 --> 01:08:09,599

it's so funny

1994

01:08:12,710 --> 01:08:11,359

well yeah i mean a lot of this goes back

1995

01:08:14,630 --> 01:08:12,720

to what um

1996

01:08:17,349 --> 01:08:14,640

david pelleties has been writing about

1997

01:08:20,870 --> 01:08:17,359

with now and researching with the 4-1-1

1998

01:08:22,309 --> 01:08:20,880

series uh where it's and he's

1999

01:08:25,430 --> 01:08:22,319

specifically

2000

01:08:27,590 --> 01:08:25,440

targeting uh government

2001  
01:08:29,510 --> 01:08:27,600  
state forests and government mostly

2002  
01:08:32,709 --> 01:08:29,520  
government federal forests federal

2003  
01:08:34,789 --> 01:08:32,719  
uh protected areas and uh

2004  
01:08:37,189 --> 01:08:34,799  
well who's to say the powers to be don't

2005  
01:08:39,269 --> 01:08:37,199  
know about this

2006  
01:08:40,870 --> 01:08:39,279  
and that's why these areas are

2007  
01:08:43,910 --> 01:08:40,880  
designated

2008  
01:08:44,470 --> 01:08:43,920  
yes and who's to say that they have they

2009  
01:08:46,309 --> 01:08:44,480  
have

2010  
01:08:48,070 --> 01:08:46,319  
finally realized that there really isn't

2011  
01:08:51,110 --> 01:08:48,080  
anything they can do about it

2012  
01:08:51,990 --> 01:08:51,120  
yeah you know yeah i mean that makes it

2013  
01:08:55,430 --> 01:08:52,000

makes a lot of sense

2014

01:08:59,990 --> 01:08:58,550

it really does going all the way back to

2015

01:09:01,349 --> 01:09:00,000

the very first edition of

2016

01:09:03,470 --> 01:09:01,359

of caverns cultures and concealed

2017

01:09:06,709 --> 01:09:03,480

creatures which was written in

2018

01:09:08,470 --> 01:09:06,719

1999 in 2000 and then

2019

01:09:11,110 --> 01:09:08,480

was first published in the first edition

2020

01:09:13,829 --> 01:09:11,120

under the first publisher

2021

01:09:15,829 --> 01:09:13,839

in 2000 january 2001 and then up to the

2022

01:09:18,630 --> 01:09:15,839

present time the third edition the same

2023

01:09:20,870 --> 01:09:18,640

material still in there and then some

2024

01:09:21,910 --> 01:09:20,880

but i talk about these numbers and these

2025

01:09:24,789 --> 01:09:21,920

missing people

2026  
01:09:26,789 --> 01:09:24,799  
and i quote from government sources you

2027  
01:09:29,189 --> 01:09:26,799  
know published government sources

2028  
01:09:31,110 --> 01:09:29,199  
and again the question is why is there

2029  
01:09:33,430 --> 01:09:31,120  
not an outcry about this

2030  
01:09:35,030 --> 01:09:33,440  
you know why are people not concerned

2031  
01:09:36,070 --> 01:09:35,040  
and i'm glad to see what david politis

2032  
01:09:38,229 --> 01:09:36,080  
is doing because

2033  
01:09:39,590 --> 01:09:38,239  
he's making it more mainstream and i

2034  
01:09:41,349 --> 01:09:39,600  
think one of the ways he is doing that

2035  
01:09:43,430 --> 01:09:41,359  
is he's trying

2036  
01:09:45,110 --> 01:09:43,440  
we know what david believes pretty much

2037  
01:09:46,390 --> 01:09:45,120  
i mean we know what his research area

2038  
01:09:48,870 --> 01:09:46,400

really is

2039

01:09:49,669 --> 01:09:48,880

but he tried he's presenting this

2040

01:09:53,189 --> 01:09:49,679

material

2041

01:09:56,470 --> 01:09:53,199

in a very cut and dried um

2042

01:10:00,790 --> 01:09:56,480

police uh

2043

01:10:03,189 --> 01:10:00,800

mentality presentation

2044

01:10:05,590 --> 01:10:03,199

without mentioning the weirder aspects

2045

01:10:07,830 --> 01:10:05,600

of what may actually be going on

2046

01:10:08,790 --> 01:10:07,840

who or what may be doing these things in

2047

01:10:11,350 --> 01:10:08,800

other words

2048

01:10:12,310 --> 01:10:11,360

he he there are hints there in in the

2049

01:10:14,149 --> 01:10:12,320

work

2050

01:10:15,350 --> 01:10:14,159

but his main focus is presenting that

2051

01:10:17,270 --> 01:10:15,360

this is going on

2052

01:10:18,390 --> 01:10:17,280

that's his main focus showing that it's

2053

01:10:20,950 --> 01:10:18,400

happening

2054

01:10:22,310 --> 01:10:20,960

and you know that's important because at

2055

01:10:23,350 --> 01:10:22,320

least it's going to make people more

2056

01:10:24,870 --> 01:10:23,360

aware

2057

01:10:26,950 --> 01:10:24,880

first of all of their surroundings and

2058

01:10:28,470 --> 01:10:26,960

what's going on and maybe it will make

2059

01:10:29,590 --> 01:10:28,480

people think and start thinking hey you

2060

01:10:31,350 --> 01:10:29,600

know

2061

01:10:33,430 --> 01:10:31,360

we've ruled out the obvious we've ruled

2062

01:10:36,470 --> 01:10:33,440

out the supposed logical

2063

01:10:38,470 --> 01:10:36,480

uh ideas or the usual suspects

2064

01:10:40,709 --> 01:10:38,480

and now let's let's let's let's apply

2065

01:10:44,709 --> 01:10:40,719

you know apply occam's razor here

2066

01:10:46,950 --> 01:10:44,719

you know obviously oculus razor is

2067

01:10:47,830 --> 01:10:46,960

no matter how how outrageous something

2068

01:10:52,149 --> 01:10:47,840

seems

2069

01:10:54,950 --> 01:10:52,159

at first the simplest answer is usually

2070

01:10:57,189 --> 01:10:54,960

the correct answer

2071

01:10:57,990 --> 01:10:57,199

no yeah once you start applying oculus

2072

01:11:00,070 --> 01:10:58,000

razor a lot of this

2073

01:11:01,910 --> 01:11:00,080

stuff it starts making a lot of sense

2074

01:11:04,310 --> 01:11:01,920

and it does tie it with this

2075

01:11:06,390 --> 01:11:04,320

with our own planet our own environment

2076

01:11:08,310 --> 01:11:06,400

our our own biosphere

2077

01:11:10,470 --> 01:11:08,320

even if they are even if these are

2078

01:11:16,149 --> 01:11:10,480

aspects of our biosphere that normally

2079

01:11:19,590 --> 01:11:18,950

yeah it is it is something to think

2080

01:11:22,950 --> 01:11:19,600

about

2081

01:11:28,790 --> 01:11:26,310

i i don't know i i you know i i

2082

01:11:31,750 --> 01:11:28,800

believe that there is something to this

2083

01:11:34,790 --> 01:11:31,760

uh it's just that

2084

01:11:35,430 --> 01:11:34,800

you know recently there had been on i

2085

01:11:37,590 --> 01:11:35,440

don't know if you

2086

01:11:39,110 --> 01:11:37,600

you know about you probably do on reddit

2087

01:11:42,310 --> 01:11:39,120

um

2088

01:11:43,990 --> 01:11:42,320

this uh search and rescue individual who

2089

01:11:46,149 --> 01:11:44,000

has been posting

2090

01:11:48,630 --> 01:11:46,159

some of the weirder things that he has

2091

01:11:52,830 --> 01:11:48,640

experienced on the job

2092

01:11:55,669 --> 01:11:52,840

uh fronting

2093

01:11:58,229 --> 01:11:55,679

odd you know odd phenomena

2094

01:11:59,510 --> 01:11:58,239

in when they're on you know these search

2095

01:12:02,470 --> 01:11:59,520

and rescue

2096

01:12:03,990 --> 01:12:02,480

missions uh you know which one i'm

2097

01:12:06,950 --> 01:12:04,000

talking about

2098

01:12:08,709 --> 01:12:06,960

i have heard this and i do remember like

2099

01:12:10,630 --> 01:12:08,719

about six or seven months ago

2100

01:12:11,910 --> 01:12:10,640

seeing some of this stuff but i haven't

2101

01:12:13,910 --> 01:12:11,920

seen it since then

2102

01:12:15,669 --> 01:12:13,920

and i'm assuming that that you're saying

2103

01:12:17,990 --> 01:12:15,679

he's still doing it he's still right now

2104

01:12:19,110 --> 01:12:18,000

he was up until a couple months ago i

2105

01:12:22,470 --> 01:12:19,120

don't know he's kind of

2106

01:12:23,669 --> 01:12:22,480

i think he's got a a website now where

2107

01:12:26,229 --> 01:12:23,679

he's doing it i

2108

01:12:27,669 --> 01:12:26,239

you know i don't know how true it is uh

2109

01:12:30,630 --> 01:12:27,679

for the most part but i

2110

01:12:32,310 --> 01:12:30,640

i do know that i have over the years

2111

01:12:36,229 --> 01:12:32,320

received

2112

01:12:39,430 --> 01:12:36,239

some very interesting uh

2113

01:12:40,149 --> 01:12:39,440

anomaly loaded letters from people that

2114

01:12:43,830 --> 01:12:40,159

worked in

2115

01:12:47,030 --> 01:12:43,840

rescue search and rescue yeah and uh

2116

01:12:50,310 --> 01:12:47,040

the one thing that he mentions

2117

01:12:53,350 --> 01:12:50,320

that i have heard before

2118

01:12:57,350 --> 01:12:53,360

are these staircases that

2119

01:12:59,510 --> 01:12:57,360

show up in the middle of nowhere yeah

2120

01:13:01,189 --> 01:12:59,520

it's an audience i remember seeing that

2121

01:13:04,229 --> 01:13:01,199

story yeah

2122

01:13:04,630 --> 01:13:04,239

now i will say this having been you know

2123

01:13:07,990 --> 01:13:04,640

in

2124

01:13:15,830 --> 01:13:08,000

and

2125

01:13:18,550 --> 01:13:15,840

back in the early part of the 20th

2126  
01:13:19,910 --> 01:13:18,560  
century when people built houses

2127  
01:13:22,070 --> 01:13:19,920  
they would build their house out of

2128  
01:13:23,910 --> 01:13:22,080  
lumber and sometimes they would put up

2129  
01:13:25,430 --> 01:13:23,920  
on concrete blocks and things of that

2130  
01:13:27,910 --> 01:13:25,440  
nature

2131  
01:13:29,750 --> 01:13:27,920  
and they would elevate it off the ground

2132  
01:13:30,870 --> 01:13:29,760  
you know for obvious reasons

2133  
01:13:33,030 --> 01:13:30,880  
and then they would come in and they

2134  
01:13:36,310 --> 01:13:33,040  
would build a concrete staircase

2135  
01:13:37,990 --> 01:13:36,320  
going up to it well over time everything

2136  
01:13:39,430 --> 01:13:38,000  
disappears even the concrete blocks

2137  
01:13:40,790 --> 01:13:39,440  
people come and get those

2138  
01:13:42,550 --> 01:13:40,800

and the only thing you're left with out

2139

01:13:46,149 --> 01:13:42,560

there in the middle of nowhere

2140

01:13:49,270 --> 01:13:46,159

is a 50 60 year old staircase

2141

01:13:50,950 --> 01:13:49,280

that does that does happen but it is

2142

01:13:52,390 --> 01:13:50,960

still very strange

2143

01:13:54,470 --> 01:13:52,400

uh some of the things he had to say

2144

01:13:56,950 --> 01:13:54,480

about you know some of the uh

2145

01:13:57,830 --> 01:13:56,960

the things that he had encountered were

2146

01:14:00,390 --> 01:13:57,840

very very

2147

01:14:01,510 --> 01:14:00,400

very weird well i mean the condition of

2148

01:14:05,189 --> 01:14:01,520

some of the bodies

2149

01:14:09,110 --> 01:14:05,199

uh especially children

2150

01:14:11,990 --> 01:14:09,120

is what really got uh like he'd find

2151  
01:14:12,310 --> 01:14:12,000  
you know some of the one in particular

2152  
01:14:15,350 --> 01:14:12,320  
where

2153  
01:14:16,070 --> 01:14:15,360  
he he was he was told by supervisors to

2154  
01:14:19,590 --> 01:14:16,080  
go up on

2155  
01:14:22,709 --> 01:14:19,600  
in this tree i mean a huge tall tree

2156  
01:14:23,990 --> 01:14:22,719  
and there were like body parts of a

2157  
01:14:28,390 --> 01:14:24,000  
child here and there

2158  
01:14:31,430 --> 01:14:28,400  
uh yeah amazing stuff bodies that were

2159  
01:14:33,430 --> 01:14:31,440  
found on ledges that

2160  
01:14:34,950 --> 01:14:33,440  
are just impossible for someone to get

2161  
01:14:37,750 --> 01:14:34,960  
there yeah

2162  
01:14:39,189 --> 01:14:37,760  
unless they had climbing equipment uh

2163  
01:14:42,550 --> 01:14:39,199

stuff like that

2164

01:14:44,149 --> 01:14:42,560

yeah oh yeah and but you know these

2165

01:14:46,390 --> 01:14:44,159

things have always gone on

2166

01:14:47,350 --> 01:14:46,400

yeah this is this is something that has

2167

01:14:49,270 --> 01:14:47,360

always happened

2168

01:14:50,709 --> 01:14:49,280

and this is why you know people think

2169

01:14:52,870 --> 01:14:50,719

that fairy tales are just little

2170

01:14:55,189 --> 01:14:52,880

silly stories for kids or folk tales and

2171

01:14:57,830 --> 01:14:55,199

stuff but no these are cautionary tales

2172

01:14:58,870 --> 01:14:57,840

because people wanted to protect the

2173

01:14:59,750 --> 01:14:58,880

young they want to protect their

2174

01:15:01,510 --> 01:14:59,760

children

2175

01:15:02,790 --> 01:15:01,520

and so these these tales were talk we

2176

01:15:04,070 --> 01:15:02,800

talked about you know the

2177

01:15:05,830 --> 01:15:04,080

the different types of things that were

2178

01:15:06,390 --> 01:15:05,840

in the woods that would get the kids you

2179

01:15:08,229 --> 01:15:06,400

know the

2180

01:15:09,590 --> 01:15:08,239

whether it was the witch with the with

2181

01:15:12,070 --> 01:15:09,600

the uh the uh

2182

01:15:13,590 --> 01:15:12,080

the alluring house or whether whether

2183

01:15:15,590 --> 01:15:13,600

we're talking about the hairy trolls

2184

01:15:17,669 --> 01:15:15,600

which we now know by different names

2185

01:15:19,430 --> 01:15:17,679

these all these different beans that

2186

01:15:21,669 --> 01:15:19,440

what we were warned about

2187

01:15:22,950 --> 01:15:21,679

through folklore and fables and fairy

2188

01:15:25,350 --> 01:15:22,960

tales you know these

2189

01:15:26,630 --> 01:15:25,360

these cautionary tales and and there's

2190

01:15:29,830 --> 01:15:26,640

they serve a purpose

2191

01:15:30,790 --> 01:15:29,840

when people

2192

01:15:32,950 --> 01:15:30,800

you know it's kind of like with the

2193

01:15:36,070 --> 01:15:32,960

victorians you know the victorians took

2194

01:15:37,350 --> 01:15:36,080

um fairies fairy lord okay before the

2195

01:15:40,550 --> 01:15:37,360

victorian age

2196

01:15:41,189 --> 01:15:40,560

there was nothing charming about fairy

2197

01:15:44,550 --> 01:15:41,199

tales

2198

01:15:47,750 --> 01:15:44,560

fun

2199

01:15:51,270 --> 01:15:47,760

pretty cute about it these were very

2200

01:15:53,990 --> 01:15:51,280

dark tails the fairies didn't have wings

2201

01:15:55,350 --> 01:15:54,000

they were bloodthirsty right often oh

2202

01:15:58,149 --> 01:15:55,360

yeah frightening

2203

01:15:58,470 --> 01:15:58,159

cannibalistic sometimes demonic um but

2204

01:16:02,149 --> 01:15:58,480

the

2205

01:16:04,550 --> 01:16:02,159

insatiable lust for human genetics

2206

01:16:05,270 --> 01:16:04,560

kidnapping children young maidens young

2207

01:16:07,669 --> 01:16:05,280

men

2208

01:16:08,630 --> 01:16:07,679

seducing people who would then disappear

2209

01:16:10,550 --> 01:16:08,640

forever

2210

01:16:11,990 --> 01:16:10,560

things of this nature which is very

2211

01:16:12,790 --> 01:16:12,000

similar to what we're talking about with

2212

01:16:15,350 --> 01:16:12,800

people disappearing

2213

01:16:18,149 --> 01:16:15,360

today but we just don't look at it in

2214

01:16:19,669 --> 01:16:18,159

that in that same way anymore

2215

01:16:21,350 --> 01:16:19,679

the victorians came along and they said

2216

01:16:22,870 --> 01:16:21,360

oh these are really neat stories these

2217

01:16:25,189 --> 01:16:22,880

are good little stories to tell the

2218

01:16:26,390 --> 01:16:25,199

children but now we're going to sanitize

2219

01:16:27,750 --> 01:16:26,400

everything you know we're going to put

2220

01:16:29,669 --> 01:16:27,760

wings on everybody

2221

01:16:31,350 --> 01:16:29,679

and we'll have a nice little moral of

2222

01:16:33,510 --> 01:16:31,360

the story that we'll add

2223

01:16:34,630 --> 01:16:33,520

and all this kind of stuff and you know

2224

01:16:36,790 --> 01:16:34,640

they basically

2225

01:16:38,149 --> 01:16:36,800

almost destroyed their own folklore

2226

01:16:40,470 --> 01:16:38,159

fortunately there were guys like

2227

01:16:41,750 --> 01:16:40,480

evans wentz and and william butler yates

2228

01:16:43,510 --> 01:16:41,760

and guys like that who would come along

2229

01:16:45,030 --> 01:16:43,520

and say no these are the actual

2230

01:16:46,950 --> 01:16:45,040

folktales the british isles this is how

2231

01:16:48,470 --> 01:16:46,960

it actually goes and so they recorded

2232

01:16:51,270 --> 01:16:48,480

the actual stories

2233

01:16:52,630 --> 01:16:51,280

you know in spite of the the victorian

2234

01:16:55,910 --> 01:16:52,640

attempt to

2235

01:16:57,750 --> 01:16:55,920

to uh whitewash everything

2236

01:16:58,950 --> 01:16:57,760

and and so again these are cautionary

2237

01:17:01,270 --> 01:16:58,960

tales and

2238

01:17:02,390 --> 01:17:01,280

you know they all have very close

2239

01:17:05,590 --> 01:17:02,400

parallels

2240

01:17:07,510 --> 01:17:05,600

with 14 and anomalous stories

2241

01:17:09,110 --> 01:17:07,520

that we hear today from eyewitnesses

2242

01:17:11,430 --> 01:17:09,120

it's they're the same stories

2243

01:17:14,870 --> 01:17:11,440

it's just that our interpretation has

2244

01:17:20,390 --> 01:17:17,510

yeah you know it's interesting because i

2245

01:17:23,830 --> 01:17:20,400

a lot of times when people will rape me

2246

01:17:26,310 --> 01:17:23,840

and uh there there are they are actually

2247

01:17:29,270 --> 01:17:26,320

a lot of them afraid

2248

01:17:31,030 --> 01:17:29,280

to have their story or has you know them

2249

01:17:34,630 --> 01:17:31,040

their identity

2250

01:17:36,950 --> 01:17:34,640

uh recognized uh

2251

01:17:37,990 --> 01:17:36,960

just by the content though you know you

2252

01:17:39,110 --> 01:17:38,000

would look at the content you would

2253

01:17:43,110 --> 01:17:39,120

think well why are

2254

01:17:45,830 --> 01:17:43,120

why are they so frightened about having

2255

01:17:47,669 --> 01:17:45,840

somebody find out who they are but there

2256

01:17:49,270 --> 01:17:47,679

there's definitely reason and i mean you

2257

01:17:50,950 --> 01:17:49,280

know

2258

01:17:52,470 --> 01:17:50,960

somebody above him or somebody who has

2259

01:17:53,830 --> 01:17:52,480

control over them or even being an

2260

01:17:58,310 --> 01:17:53,840

employee or such

2261

01:18:00,950 --> 01:17:58,320

uh it just it seems that it's that uh

2262

01:18:02,630 --> 01:18:00,960

they they cannot they cannot let anybody

2263

01:18:04,550 --> 01:18:02,640

else know that they know this

2264

01:18:07,030 --> 01:18:04,560

or that they're conveying this

2265

01:18:09,270 --> 01:18:07,040

information to someone else

2266

01:18:10,149 --> 01:18:09,280

and uh i think there's a lot of that out

2267

01:18:12,630 --> 01:18:10,159

there and i

2268

01:18:14,229 --> 01:18:12,640

i think it's more out there than we know

2269

01:18:17,430 --> 01:18:14,239

people know things

2270

01:18:21,030 --> 01:18:17,440

that aren't j just aren't getting out

2271

01:18:22,310 --> 01:18:21,040

and um and i guess that's the mechanism

2272

01:18:24,830 --> 01:18:22,320

in which

2273

01:18:27,990 --> 01:18:24,840

like i said the powers to be keep

2274

01:18:31,189 --> 01:18:29,270

well that's something you'll see in my

2275

01:18:32,070 --> 01:18:31,199

book it's a built-in protective

2276

01:18:33,910 --> 01:18:32,080

mechanism for the

2277

01:18:35,110 --> 01:18:33,920

for the human psyche collectively for

2278

01:18:36,550 --> 01:18:35,120

our society

2279

01:18:38,550 --> 01:18:36,560

i mean if we had to think about these

2280

01:18:40,310 --> 01:18:38,560

things all the time our society would

2281

01:18:43,510 --> 01:18:40,320

collapse

2282

01:18:45,189 --> 01:18:43,520

function i mean basically this

2283

01:18:47,030 --> 01:18:45,199

this this concept of ridicule and so

2284

01:18:48,550 --> 01:18:47,040

forth is built in and the fear of

2285

01:18:51,030 --> 01:18:48,560

ridicule you know the fear of being

2286

01:18:53,910 --> 01:18:51,040

shunned and not socially accepted

2287

01:18:55,270 --> 01:18:53,920

in this nature and so you know just like

2288

01:18:56,550 --> 01:18:55,280

you i've encountered so many people who

2289

01:18:57,750 --> 01:18:56,560

tell me their story sometimes they'll

2290

01:18:59,110 --> 01:18:57,760

let me use their name

2291

01:19:00,709 --> 01:18:59,120

and sometimes they'll just be like you

2292

01:19:02,470 --> 01:19:00,719

know you can use this story but don't

2293

01:19:04,310 --> 01:19:02,480

use my real name

2294

01:19:06,149 --> 01:19:04,320

or you know or we were told never to

2295

01:19:08,870 --> 01:19:06,159

talk about this you know or

2296

01:19:10,149 --> 01:19:08,880

in our family or you know whatever and

2297

01:19:11,590 --> 01:19:10,159

this is because they

2298

01:19:13,910 --> 01:19:11,600

fear what will happen you know they

2299

01:19:15,350 --> 01:19:13,920

might get ridiculed in the community

2300

01:19:17,030 --> 01:19:15,360

or they'll they won't be you know

2301

01:19:18,790 --> 01:19:17,040

accepted in the church or they'll

2302

01:19:20,070 --> 01:19:18,800

they're afraid to lose their job or

2303

01:19:22,390 --> 01:19:20,080

people will talk about them

2304

01:19:23,910 --> 01:19:22,400

but what they don't understand and maybe

2305

01:19:25,990 --> 01:19:23,920

some of them do because they do come to

2306

01:19:29,830 --> 01:19:26,000

us and tell us these things after all

2307

01:19:30,229 --> 01:19:29,840

but but until we start looking at this

2308

01:19:35,030 --> 01:19:30,239

stuff

2309

01:19:37,430 --> 01:19:35,040

in terms of something really is going on

2310

01:19:38,070 --> 01:19:37,440

it's not going to get any better right

2311

01:19:41,910 --> 01:19:38,080

you know

2312

01:19:44,550 --> 01:19:41,920

um yeah it's one of these

2313

01:19:45,990 --> 01:19:44,560

i i think lately over the last several

2314

01:19:46,950 --> 01:19:46,000

years and i think it's because the

2315

01:19:49,910 --> 01:19:46,960

internet

2316

01:19:51,590 --> 01:19:49,920

and people see that it there there are

2317

01:19:52,390 --> 01:19:51,600

others talking about a lot of these

2318

01:19:53,990 --> 01:19:52,400

things

2319

01:19:55,669 --> 01:19:54,000

that people have open now we talked

2320

01:19:58,950 --> 01:19:55,679

about this before people

2321

01:20:02,070 --> 01:19:58,960

are opening up more and and you know

2322

01:20:03,910 --> 01:20:02,080

letting information get out um

2323

01:20:06,870 --> 01:20:03,920

because they they know that there are

2324

01:20:09,510 --> 01:20:06,880

people actually looking into it now

2325

01:20:10,470 --> 01:20:09,520

well you know my my interest in this is

2326

01:20:13,910 --> 01:20:10,480

largely

2327

01:20:15,270 --> 01:20:13,920

and and originally was as a folklorist

2328

01:20:16,629 --> 01:20:15,280

you know it's looking at this in terms

2329

01:20:18,229 --> 01:20:16,639

of of

2330

01:20:20,870 --> 01:20:18,239

not saying that it's not true like i

2331

01:20:23,350 --> 01:20:20,880

said jesse james is now part of folklore

2332

01:20:25,669 --> 01:20:23,360

but seeing what these these parallels

2333

01:20:28,390 --> 01:20:25,679

and these patterns exist

2334

01:20:29,270 --> 01:20:28,400

and trying to figure out what is the

2335

01:20:31,110 --> 01:20:29,280

basis

2336

01:20:32,870 --> 01:20:31,120

you know where does this come from

2337

01:20:34,390 --> 01:20:32,880

obviously there's got to be a basis

2338

01:20:36,550 --> 01:20:34,400

somewhere that started all these

2339

01:20:39,270 --> 01:20:36,560

different these different concepts

2340

01:20:40,709 --> 01:20:39,280

and keeps it going because we see the

2341

01:20:43,030 --> 01:20:40,719

same stuff over and over again it just

2342

01:20:45,430 --> 01:20:43,040

it just changes it updates

2343

01:20:46,629 --> 01:20:45,440

seemingly to match our current

2344

01:20:48,390 --> 01:20:46,639

understanding of science

2345

01:20:49,990 --> 01:20:48,400

and the world around us but it's still

2346

01:20:52,070 --> 01:20:50,000

the same stuff

2347

01:20:53,830 --> 01:20:52,080

and so we have to look at it in terms of

2348

01:20:55,990 --> 01:20:53,840

folklore i think

2349

01:20:57,669 --> 01:20:56,000

because we are you and i lana are

2350

01:21:01,510 --> 01:20:57,679

participating

2351  
01:21:03,910 --> 01:21:01,520  
in a modern update of human folklore

2352  
01:21:05,189 --> 01:21:03,920  
we just have a different interpretation

2353  
01:21:08,390 --> 01:21:05,199  
new tools

2354  
01:21:09,510 --> 01:21:08,400  
a broader range of scientific tools to

2355  
01:21:11,910 --> 01:21:09,520  
choose from

2356  
01:21:13,189 --> 01:21:11,920  
you know more eyewitnesses we have all

2357  
01:21:15,830 --> 01:21:13,199  
these other things that

2358  
01:21:17,590 --> 01:21:15,840  
previous ages didn't have and different

2359  
01:21:18,950 --> 01:21:17,600  
surgeries didn't have

2360  
01:21:21,110 --> 01:21:18,960  
but we're doing the same stuff we're

2361  
01:21:23,110 --> 01:21:21,120  
collecting the same type of data

2362  
01:21:25,270 --> 01:21:23,120  
we're just putting a new presentation on

2363  
01:21:27,110 --> 01:21:25,280

it you see what i'm saying here

2364

01:21:28,629 --> 01:21:27,120

and this is important i think i think

2365

01:21:31,189 --> 01:21:28,639

this is something that that we need to

2366

01:21:39,430 --> 01:21:36,229

so you got anything um

2367

01:21:41,030 --> 01:21:39,440

sean i'm taking it all in i mean you

2368

01:21:43,030 --> 01:21:41,040

guys have really hit a lot of topics

2369

01:21:43,830 --> 01:21:43,040

here you got subterranean people and

2370

01:21:47,030 --> 01:21:43,840

mythology

2371

01:21:48,550 --> 01:21:47,040

and you know time travel and you know

2372

01:21:50,310 --> 01:21:48,560

one you hit me with a

2373

01:21:51,669 --> 01:21:50,320

out of left field there with you know

2374

01:21:54,070 --> 01:21:51,679

perhaps these are our

2375

01:21:54,950 --> 01:21:54,080

descendants from the future coming back

2376

01:21:56,390 --> 01:21:54,960

and

2377

01:21:59,189 --> 01:21:56,400

i don't know that's an awful lot to

2378

01:22:01,110 --> 01:21:59,199

process you know i i had to ask

2379

01:22:02,229 --> 01:22:01,120

mike about the uh about the ancient

2380

01:22:03,990 --> 01:22:02,239

alien theory

2381

01:22:05,590 --> 01:22:04,000

which is kind of a misnomer you're right

2382

01:22:08,149 --> 01:22:05,600

i mean it's uh

2383

01:22:10,070 --> 01:22:08,159

and it's all goes back to and i i guess

2384

01:22:11,990 --> 01:22:10,080

i blame myself for this because

2385

01:22:13,110 --> 01:22:12,000

i was such a fan of the ancient

2386

01:22:15,510 --> 01:22:13,120

astronaut

2387

01:22:17,990 --> 01:22:15,520

when von donegan came out in the yeah

2388

01:22:20,709 --> 01:22:18,000

early 70s because i actually had

2389

01:22:21,590 --> 01:22:20,719

which is funny i actually had a teacher

2390

01:22:25,830 --> 01:22:21,600

uh he was

2391

01:22:27,990 --> 01:22:25,840

he was english uh british and

2392

01:22:29,110 --> 01:22:28,000

he was and he was earth and science

2393

01:22:31,910 --> 01:22:29,120

teacher and

2394

01:22:33,270 --> 01:22:31,920

he was really into this ancient

2395

01:22:36,470 --> 01:22:33,280

astronaut

2396

01:22:38,629 --> 01:22:36,480

uh theories by von donegan and i

2397

01:22:41,189 --> 01:22:38,639

you know i really took heart to it you

2398

01:22:43,750 --> 01:22:41,199

know and it's something i've always been

2399

01:22:44,629 --> 01:22:43,760

about and i'm pretty sure a lot of what

2400

01:22:46,790 --> 01:22:44,639

i do now

2401  
01:22:49,030 --> 01:22:46,800  
reason i think the way sure we all read

2402  
01:22:50,629 --> 01:22:49,040  
that stuff you know yeah

2403  
01:22:52,629 --> 01:22:50,639  
it all went to yeah it all went to the

2404  
01:22:54,149 --> 01:22:52,639  
stewpot here's what i have come to

2405  
01:22:55,750 --> 01:22:54,159  
understand though

2406  
01:22:58,550 --> 01:22:55,760  
and whether you're talking about you

2407  
01:22:59,990 --> 01:22:58,560  
know the hardcore uh ufologists who

2408  
01:23:01,750 --> 01:23:00,000  
really you know they're really into this

2409  
01:23:03,590 --> 01:23:01,760  
idea of disclosure okay first of all

2410  
01:23:04,950 --> 01:23:03,600  
if you get disclosure you can bet

2411  
01:23:06,950 --> 01:23:04,960  
whatever you're getting is gonna be what

2412  
01:23:08,070 --> 01:23:06,960  
they want you to get oh yeah

2413  
01:23:09,750 --> 01:23:08,080

you're going to get what they want you

2414

01:23:11,030 --> 01:23:09,760

to believe you're not going to get

2415

01:23:12,870 --> 01:23:11,040

whatever's really going on

2416

01:23:14,709 --> 01:23:12,880

that's the first thing the second part

2417

01:23:17,350 --> 01:23:14,719

is you know there's this whole

2418

01:23:18,629 --> 01:23:17,360

extraterrestrial hypothesis crowd and

2419

01:23:21,830 --> 01:23:18,639

for them

2420

01:23:24,310 --> 01:23:21,840

it is a religion well

2421

01:23:26,870 --> 01:23:24,320

an offshoot of that is the ancient alien

2422

01:23:30,149 --> 01:23:26,880

movement and yes it is a religion

2423

01:23:32,790 --> 01:23:30,159

it is a religious movement in terms of

2424

01:23:33,669 --> 01:23:32,800

there's a dogma there are you know

2425

01:23:36,390 --> 01:23:33,679

certain

2426  
01:23:37,990 --> 01:23:36,400  
high truths which are not to be argued

2427  
01:23:41,030 --> 01:23:38,000  
with or disputed

2428  
01:23:43,270 --> 01:23:41,040  
there is a priesthood um and you know

2429  
01:23:45,189 --> 01:23:43,280  
it's just like anything else and

2430  
01:23:47,030 --> 01:23:45,199  
i think what they're missing is they're

2431  
01:23:48,550 --> 01:23:47,040  
they're concentrating on

2432  
01:23:50,229 --> 01:23:48,560  
they're missing the force for the trees

2433  
01:23:51,270 --> 01:23:50,239  
you know they they're kind of they're

2434  
01:23:52,790 --> 01:23:51,280  
they're attempting to

2435  
01:23:55,590 --> 01:23:52,800  
fit everything into this one little

2436  
01:24:00,229 --> 01:23:55,600  
paradigm but it's a much larger

2437  
01:24:02,790 --> 01:24:00,239  
um a sampling of data

2438  
01:24:03,990 --> 01:24:02,800

it doesn't necessarily fit that paradigm

2439

01:24:07,590 --> 01:24:04,000

and so we have to start

2440

01:24:09,750 --> 01:24:07,600

looking at whatever occam's razor

2441

01:24:11,430 --> 01:24:09,760

would say about this in other words the

2442

01:24:14,390 --> 01:24:11,440

most obvious

2443

01:24:16,229 --> 01:24:14,400

truth the simplest truth is going to be

2444

01:24:18,390 --> 01:24:16,239

going to be the correct answer

2445

01:24:19,270 --> 01:24:18,400

even if you don't want to believe it you

2446

01:24:21,990 --> 01:24:19,280

know that's

2447

01:24:23,350 --> 01:24:22,000

that's where it's going to be and and i

2448

01:24:23,990 --> 01:24:23,360

think that's where we have to start

2449

01:24:27,270 --> 01:24:24,000

looking is

2450

01:24:28,950 --> 01:24:27,280

is right here where we come from yeah i

2451

01:24:30,390 --> 01:24:28,960

agree with you i mean you know i enjoy

2452

01:24:32,229 --> 01:24:30,400

watching the series it's been on how

2453

01:24:34,629 --> 01:24:32,239

many years now it's been a while

2454

01:24:36,390 --> 01:24:34,639

but uh it does get to the point where a

2455

01:24:38,470 --> 01:24:36,400

lot of the um

2456

01:24:39,669 --> 01:24:38,480

a lot of the subject matter trying to

2457

01:24:43,030 --> 01:24:39,679

put it with the

2458

01:24:45,669 --> 01:24:43,040

ancient alien theory is a bit contrived

2459

01:24:46,790 --> 01:24:45,679

and uh you know our ancestors were not

2460

01:24:50,070 --> 01:24:46,800

stupid people

2461

01:24:51,430 --> 01:24:50,080

no okay uh basically

2462

01:24:53,350 --> 01:24:51,440

there even recently there have been you

2463

01:24:54,310 --> 01:24:53,360

know very serious uh scientific studies

2464

01:24:56,390 --> 01:24:54,320

indicating that

2465

01:24:57,350 --> 01:24:56,400

the population of our planet is getting

2466

01:25:00,790 --> 01:24:57,360

dumber and

2467

01:25:02,629 --> 01:25:00,800

at a staggering rate okay and you look

2468

01:25:05,750 --> 01:25:02,639

at guys like you know pythagoras

2469

01:25:09,030 --> 01:25:05,760

archimedes you know all these guys

2470

01:25:10,550 --> 01:25:09,040

who lived thousands of years ago to be

2471

01:25:13,030 --> 01:25:10,560

alive at that time

2472

01:25:14,629 --> 01:25:13,040

and to survive on a day-to-day basis or

2473

01:25:15,910 --> 01:25:14,639

for your city-state or your little

2474

01:25:18,149 --> 01:25:15,920

kingdom to survive

2475

01:25:19,669 --> 01:25:18,159

you had to be smarter than everybody

2476

01:25:22,870 --> 01:25:19,679

else around you

2477

01:25:26,390 --> 01:25:22,880

okay dumb people did not last long

2478

01:25:28,470 --> 01:25:26,400

in those days now we've taken away

2479

01:25:29,430 --> 01:25:28,480

natural selection to a large extent and

2480

01:25:30,950 --> 01:25:29,440

and you know

2481

01:25:33,189 --> 01:25:30,960

and so we've kind of changed the game

2482

01:25:34,310 --> 01:25:33,199

over the last 120 years or 100 years or

2483

01:25:36,070 --> 01:25:34,320

so

2484

01:25:38,149 --> 01:25:36,080

not necessarily for the better in the

2485

01:25:39,750 --> 01:25:38,159

long haul and so

2486

01:25:42,070 --> 01:25:39,760

i think that you know when we make these

2487

01:25:43,110 --> 01:25:42,080

assumptions about how dumb people were

2488

01:25:45,030 --> 01:25:43,120

oh they're primitive well

2489

01:25:47,270 --> 01:25:45,040

okay you think they're primitive we

2490

01:25:49,189 --> 01:25:47,280

can't even today cut the stones

2491

01:25:50,390 --> 01:25:49,199

that they cut then and move them you

2492

01:25:51,750 --> 01:25:50,400

know we don't have the equipment today

2493

01:25:53,990 --> 01:25:51,760

to move the big stones

2494

01:25:55,430 --> 01:25:54,000

at bail back we don't have equipment

2495

01:25:57,430 --> 01:25:55,440

today to build the

2496

01:25:59,430 --> 01:25:57,440

the the megalithic sites high in the

2497

01:26:01,510 --> 01:25:59,440

entities we can't do that

2498

01:26:02,950 --> 01:26:01,520

so how dumb were those people apparently

2499

01:26:04,790 --> 01:26:02,960

they weren't too dumb

2500

01:26:05,990 --> 01:26:04,800

okay if you took a city block of people

2501

01:26:09,830 --> 01:26:06,000

today

2502

01:26:13,189 --> 01:26:09,840

any given city in the world and you

2503

01:26:17,830 --> 01:26:13,199

transported them to 5000 bc how long do

2504

01:26:27,189 --> 01:26:23,590

long and that's not because

2505

01:26:28,790 --> 01:26:27,199

the people back then were dumb okay and

2506

01:26:30,310 --> 01:26:28,800

you know intelligence there are

2507

01:26:31,990 --> 01:26:30,320

different types of intelligence

2508

01:26:34,830 --> 01:26:32,000

and there are some people today whose

2509

01:26:35,990 --> 01:26:34,840

intelligence is largely based on their

2510

01:26:38,709 --> 01:26:36,000

iphone

2511

01:26:40,070 --> 01:26:38,719

or their galaxy phone you know and their

2512

01:26:42,149 --> 01:26:40,080

internet connection

2513

01:26:43,510 --> 01:26:42,159

i mean let's face it that's just the way

2514

01:26:46,790 --> 01:26:43,520

that's the world we live in

2515

01:26:49,830 --> 01:26:46,800

yeah it is well mike you know

2516

01:26:50,709 --> 01:26:49,840

how can people get a hold of you about

2517

01:26:53,709 --> 01:26:50,719

your website

2518

we're also gonna try to take calls yeah

2560  
01:28:28,629 --> 01:28:27,440  
oh okay

2561  
01:28:30,870 --> 01:28:28,639  
we're gonna try to get that up and

2562  
01:28:32,870 --> 01:28:30,880  
running next week and uh i'll have that

2563  
01:28:34,550 --> 01:28:32,880

information so you can post it

2564

01:28:36,310 --> 01:28:34,560

on the website and the facebook will

2565

01:28:38,550 --> 01:28:36,320

take calls probably about the 11

2566

01:28:39,590 --> 01:28:38,560

15. we'll take calls for maybe about 15

2567

01:28:41,270 --> 01:28:39,600

20 minutes

2568

01:28:43,110 --> 01:28:41,280

uh try it out see how that's going to go

2569

01:28:44,790 --> 01:28:43,120

we've wanted to do it in the past we

2570

01:28:46,149 --> 01:28:44,800

we've been equipped to do it we just

2571

01:28:47,189 --> 01:28:46,159

haven't done it so we're going to try

2572

01:28:49,030 --> 01:28:47,199

that again this week

2573

01:28:50,790 --> 01:28:49,040

but long great show you guys just blew

2574

01:28:52,149 --> 01:28:50,800

my mind there with when you just threw

2575

01:28:54,950 --> 01:28:52,159

out that

2576

01:28:55,990 --> 01:28:54,960

the descendant time travelers i just

2577

01:28:59,189 --> 01:28:56,000

kind of i just my

2578

01:29:03,110 --> 01:29:01,270

well it's a lot to think about and he

2579

01:29:04,310 --> 01:29:03,120

brings i mean mike brings up some very

2580

01:29:07,830 --> 01:29:04,320

good points

2581

01:29:09,830 --> 01:29:07,840

uh you know what don't we know and

2582

01:29:11,910 --> 01:29:09,840

you know there's gotta be a lot there's

2583

01:29:15,030 --> 01:29:11,920

got to be a reason for a lot of what

2584

01:29:16,070 --> 01:29:15,040

has been going on people are seeing the

2585

01:29:19,750 --> 01:29:16,080

unexplained

2586

01:29:20,790 --> 01:29:19,760

you know the unknown and it it's just

2587

01:29:23,510 --> 01:29:20,800

not about

2588

01:29:24,470 --> 01:29:23,520

little green men from other galaxies i

2589

01:29:28,229 --> 01:29:24,480

think

2590

01:29:31,189 --> 01:29:28,239

is in the neighborhood

2591

01:29:32,790 --> 01:29:31,199

oh well that's always you know you're

2592

01:29:34,709 --> 01:29:32,800

not the only one who shares that thought

2593

01:29:36,709 --> 01:29:34,719

you know there's a lot of folks that

2594

01:29:38,870 --> 01:29:36,719

that agree you know is it closer to home

2595

01:29:40,470 --> 01:29:38,880

than we think is it on our home

2596

01:29:41,990 --> 01:29:40,480

uh i guess we really don't know to

2597

01:29:42,709 --> 01:29:42,000

really start exploring and asking the

2598

01:29:45,189 --> 01:29:42,719

questions

2599

01:29:46,390 --> 01:29:45,199

is the truth real close to us perhaps

2600

01:29:49,750 --> 01:29:46,400

underneath us

2601  
01:29:50,470 --> 01:29:49,760  
i guess you'll have to read uh william's

2602  
01:29:55,110 --> 01:29:50,480  
book or

2603  
01:29:57,430 --> 01:29:55,120  
mike's book to uh to understand more

2604  
01:29:58,149 --> 01:29:57,440  
well that's why we do what we do and

2605  
01:30:00,229 --> 01:29:58,159  
that's why

2606  
01:30:02,070 --> 01:30:00,239  
we continue to do so we're going to be

2607  
01:30:03,510 --> 01:30:02,080  
bringing you music exclusive well not

2608  
01:30:06,790 --> 01:30:03,520  
really exclusive but music

2609  
01:30:08,310 --> 01:30:06,800  
for arcane radio here in the next coming

2610  
01:30:09,910 --> 01:30:08,320  
weeks you'll be able to check out the

2611  
01:30:11,510 --> 01:30:09,920  
musicians from our website

2612  
01:30:13,110 --> 01:30:11,520  
as soon as we start playing their songs

2613  
01:30:14,870 --> 01:30:13,120

and again uh

2614

01:30:16,310 --> 01:30:14,880

you know great show tonight lon i really

2615

01:30:17,990 --> 01:30:16,320

appreciate it uh

2616

01:30:19,430 --> 01:30:18,000

you know this type of i really

2617

01:30:21,430 --> 01:30:19,440

appreciate this type of show because it

2618

01:30:23,910 --> 01:30:21,440

takes me outside my comfort zone

2619

01:30:25,030 --> 01:30:23,920

gets me to think a little bit about some

2620

01:30:26,390 --> 01:30:25,040

of those things i haven't really

2621

01:30:28,310 --> 01:30:26,400

contemplated before

2622

01:30:29,830 --> 01:30:28,320

and uh this book was different and i

2623

01:30:30,390 --> 01:30:29,840

think it was just up enough people's

2624

01:30:31,990 --> 01:30:30,400

alley

2625

01:30:34,310 --> 01:30:32,000

and it's a guest that seems to know what

2626  
01:30:37,669 --> 01:30:34,320  
he's talking about you know absolutely

2627  
01:30:40,310 --> 01:30:37,679  
makes a big difference yep

2628  
01:30:40,950 --> 01:30:40,320  
so next week we uh start talking about

2629  
01:30:43,830 --> 01:30:40,960  
some

2630  
01:30:44,310 --> 01:30:43,840  
we go back to ghosts and hauntings and

2631  
01:30:46,310 --> 01:30:44,320  
uh

2632  
01:30:48,550 --> 01:30:46,320  
it's gonna be a good show yeah it will

2633  
01:30:50,229 --> 01:30:48,560
