so you'll be notified of all future

10  
00:00:36,790 --> 00:00:34,950  
the cats from the woods my dad got mad

11  
00:00:38,950 --> 00:00:36,800  
and kicked me out one night

12  
00:00:40,229 --> 00:00:38,960  
that started getting cold so i slept

13  
00:00:42,950 --> 00:00:40,239

against a barn

14

00:00:44,229 --> 00:00:42,960

i woke up to something touching my leg

15

00:00:47,350 --> 00:00:44,239

it was a cat

16

00:00:49,190 --> 00:00:47,360

well it slept against me then five more

17

00:00:50,950 --> 00:00:49,200

came from the bushes in the woods and

18

00:00:53,510 --> 00:00:50,960

crawled up and slept on me

19

00:00:55,270 --> 00:00:53,520

keeping me warm one of the cats went

20

00:00:56,630 --> 00:00:55,280

back into the bushes and started

21

00:00:59,110 --> 00:00:56,640

bringing her kittens out

22

00:01:01,270 --> 00:00:59,120

and placing them on my lap like four of

23

00:01:02,229 --> 00:01:01,280

them so i was covered by cats and

24

00:01:04,869 --> 00:01:02,239

kittens

25

00:01:06,950 --> 00:01:04,879

next day i got up and started leaving

26

00:01:09,109 --> 00:01:06,960

the girl cat carried her kitten with her

27

00:01:11,190 --> 00:01:09,119

and when i got home she had followed me

28

00:01:13,750 --> 00:01:11,200

and placed it on my doorstep

29

00:01:15,749 --> 00:01:13,760

i gave her milk and went in the cat

30

00:01:17,270 --> 00:01:15,759

started scratching and making noises

31

00:01:19,350 --> 00:01:17,280

until i came out

32

00:01:21,350 --> 00:01:19,360

when i did she picked up the cat and

33

00:01:23,670 --> 00:01:21,360

brought her to me and walked away

34

00:01:26,070 --> 00:01:23,680

i kept the kitten and the mama cat would

35

00:01:27,670 --> 00:01:26,080

sit on my outside windowsill and look in

36

00:01:30,469 --> 00:01:27,680

the home watching us

37

00:01:32,310 --> 00:01:30,479

then when i'd come out she'd leave the

38

00:01:34,230 --> 00:01:32,320

kitten got big enough to go out

39

00:01:35,350 --> 00:01:34,240

and i'd let her but she never left the

40

00:01:37,030 --> 00:01:35,360

front yard

41

00:01:38,870 --> 00:01:37,040

the mama would come and lick her and

42

00:01:40,710 --> 00:01:38,880

then go back to the woods

43

00:01:42,469 --> 00:01:40,720

i don't know what it was but the kitten

44

00:01:44,389 --> 00:01:42,479

didn't meow or anything

45

00:01:45,990 --> 00:01:44,399

it would make a sound that sounded like

46

00:01:48,069 --> 00:01:46,000

my name wait

47

00:01:49,429 --> 00:01:48,079

then it would use its paw to tap me if

48

00:01:51,590 --> 00:01:49,439

it wanted anything

49

00:01:53,270 --> 00:01:51,600

the cat lived two years and then walked

50

00:01:55,670 --> 00:01:53,280

out to the woods where it walked off

51  
00:01:57,670 --> 00:01:55,680  
with the cat that looked like its mama

52  
00:01:58,950 --> 00:01:57,680  
i hadn't seen it in two years and it

53  
00:02:00,870 --> 00:01:58,960  
left forever

54  
00:02:03,030 --> 00:02:00,880  
the next morning there was a scratch on

55  
00:02:05,350 --> 00:02:03,040  
the door and a kitten was there

56  
00:02:08,150 --> 00:02:05,360  
it looked close to my old cat and in the

57  
00:02:10,469 --> 00:02:08,160  
bushes was the old mama cat looking i

58  
00:02:13,110 --> 00:02:10,479  
picked it up and its mama walked off

59  
00:02:15,190 --> 00:02:13,120  
two years later i see the old cat or one

60  
00:02:17,430 --> 00:02:15,200  
really close to it on the windowsill

61  
00:02:19,510 --> 00:02:17,440  
but it would leave when i come out as

62  
00:02:20,790 --> 00:02:19,520  
this weird or do cats bring more to you

63  
00:02:23,110 --> 00:02:20,800

like storks

64

00:02:25,910 --> 00:02:23,120  
the kitten didn't meow but made the wade

65

00:02:28,229 --> 00:02:25,920  
sound also and it would tap me also

66

00:02:29,910 --> 00:02:28,239  
she slept in same spot even though i got

67

00:02:32,229 --> 00:02:29,920  
her a new bed in another room

68

00:02:33,670 --> 00:02:32,239  
she'd crawl dragging my old cat's

69

00:02:36,150 --> 00:02:33,680  
blanket to my dresser

70

00:02:36,790 --> 00:02:36,160  
and place it on it and sleep weird or

71

00:02:38,869 --> 00:02:36,800  
what

72

00:02:40,550 --> 00:02:38,879  
another thing that's important i forgot

73

00:02:41,670 --> 00:02:40,560  
is that it would get my attention and

74

00:02:43,509 --> 00:02:41,680  
look me in the eyes

75

00:02:45,750 --> 00:02:43,519  
and hold it there like it wanted me to

76  
00:02:46,309 --> 00:02:45,760  
know something so bad but couldn't tell

77  
00:02:48,550 --> 00:02:46,319  
me

78  
00:02:50,309 --> 00:02:48,560  
it hit my keys when i used to drink like

79  
00:02:52,869 --> 00:02:50,319  
it didn't want me to drive

80  
00:02:54,710 --> 00:02:52,879  
it hid my cigarettes because i guess it

81  
00:02:56,550 --> 00:02:54,720  
did not want me smoke

82  
00:02:57,830 --> 00:02:56,560  
she placed them in litter box that she

83  
00:02:59,830 --> 00:02:57,840  
hated to use

84  
00:03:01,830 --> 00:02:59,840  
she would go on the little flower bed by

85  
00:03:04,390 --> 00:03:01,840  
the front door same as the other they

86  
00:03:06,550 --> 00:03:04,400  
were like twins almost reincarnated

87  
00:03:07,509 --> 00:03:06,560  
that's best way to say it it was like

88  
00:03:09,910 --> 00:03:07,519

the same cat

89

00:03:11,910 --> 00:03:09,920

and it wanted me to know it never left

90

00:03:13,270 --> 00:03:11,920

she would put a picture i had of the old

91

00:03:15,350 --> 00:03:13,280

cat and me on the couch

92

00:03:17,350 --> 00:03:15,360

and i'd put it on the counter and she'd

93

00:03:18,309 --> 00:03:17,360

move it back until i put it on dresser

94

00:03:20,390 --> 00:03:18,319

where she slept

95

00:03:21,670 --> 00:03:20,400

and she was so so happy i never saw

96

00:03:24,550 --> 00:03:21,680

anything like it

97

00:03:26,070 --> 00:03:24,560

people say cats are dumb but they're not

98

00:03:29,030 --> 00:03:26,080

they're thinking and have a soul

99

00:03:30,229 --> 00:03:29,040

or a memory of a past i don't know i'm

100

00:03:32,789 --> 00:03:30,239

lost over it

101  
00:03:40,149 --> 00:03:32,799  
we're connected by something like fate

102  
00:03:45,270 --> 00:03:43,190  
strange cat tales one i've had strange

103  
00:03:45,990 --> 00:03:45,280  
cat experience i like to tell people

104  
00:03:48,630 --> 00:03:46,000  
because it's so

105  
00:03:50,390 --> 00:03:48,640  
unusual one day while walking home late

106  
00:03:52,869 --> 00:03:50,400  
at night the same road i walked down

107  
00:03:54,630 --> 00:03:52,879  
every night two cats walked up to me and

108  
00:03:55,270 --> 00:03:54,640  
started meowing at my feet wanting

109  
00:03:57,190 --> 00:03:55,280  
attention

110  
00:03:58,309 --> 00:03:57,200  
so i stroked them because it's sometimes

111  
00:04:00,149 --> 00:03:58,319  
irresistible

112  
00:04:02,149 --> 00:04:00,159  
they were being very engaging with me

113  
00:04:03,350 --> 00:04:02,159

rubbing up against my legs and meowing

114

00:04:05,190 --> 00:04:03,360

like cats do

115

00:04:07,030 --> 00:04:05,200

after a short while of playing with them

116

00:04:07,509 --> 00:04:07,040

i looked up and saw a large amount of

117

00:04:10,550 --> 00:04:07,519

cats

118

00:04:12,470 --> 00:04:10,560

must have been about 50 no exaggeration

119

00:04:14,229 --> 00:04:12,480

everywhere i looked there was a cat some

120

00:04:15,429 --> 00:04:14,239

sitting together on the short walls

121

00:04:17,749 --> 00:04:15,439

outside the houses

122

00:04:19,189 --> 00:04:17,759

some more engaging at my feet some state

123

00:04:21,990 --> 00:04:19,199

back on the curbs

124

00:04:23,909 --> 00:04:22,000

i was just completely surrounded by cats

125

00:04:26,390 --> 00:04:23,919

and as i looked down the road there were

126

00:04:28,469 --> 00:04:26,400

more cats walking up the road towards me

127

00:04:31,030 --> 00:04:28,479

none of these cats look like wild tabby

128

00:04:32,230 --> 00:04:31,040

cats ones i could see had collars so

129

00:04:33,990 --> 00:04:32,240

they were domestic

130

00:04:35,749 --> 00:04:34,000

which makes it strange because these

131

00:04:37,830 --> 00:04:35,759

cats are territorial and should be

132

00:04:39,430 --> 00:04:37,840

fighting with each other but not one cat

133

00:04:40,230 --> 00:04:39,440

fight took place they were all getting

134

00:04:42,150 --> 00:04:40,240

along

135

00:04:43,430 --> 00:04:42,160

i tried taking photos as it was an

136

00:04:45,350 --> 00:04:43,440

amazing sight to see

137

00:04:47,590 --> 00:04:45,360

but they all came out blurry but that

138

00:04:54,870 --> 00:04:47,600

could be blamed on the poor nightlight

139

00:05:00,390 --> 00:04:58,230

strange cat tales too my wife and i saw

140

00:05:01,510 --> 00:05:00,400

the same neighborhood cat walk by 30

141

00:05:03,430 --> 00:05:01,520

minutes apart

142

00:05:05,749 --> 00:05:03,440

we were talking on the porch nothing

143

00:05:07,909 --> 00:05:05,759

intense just couple stuff

144

00:05:09,510 --> 00:05:07,919

the first time sox walked by we both

145

00:05:11,909 --> 00:05:09,520

noticed his collar was broken

146

00:05:13,749 --> 00:05:11,919

hanging loose like a red tie i even

147

00:05:16,230 --> 00:05:13,759

commented that he was home from work

148

00:05:16,870 --> 00:05:16,240

and it must have been a bad day we kept

149

00:05:18,790 --> 00:05:16,880

talking

150

00:05:20,629 --> 00:05:18,800

neither of us moving and when he came

151

00:05:22,469 --> 00:05:20,639

back from the same direction we both

152

00:05:24,710 --> 00:05:22,479

commented on how weird it was

153

00:05:26,629 --> 00:05:24,720

he even came along the same path which

154

00:05:28,390 --> 00:05:26,639

differs slightly from the norm

155

00:05:30,550 --> 00:05:28,400

but this isn't the only example of

156

00:05:32,150 --> 00:05:30,560

repetition in common policy it is a

157

00:05:34,150 --> 00:05:32,160

glitch in the matrix

158

00:05:35,990 --> 00:05:34,160

very interesting that modern physics has

159

00:05:36,950 --> 00:05:36,000

a growing consensus that this reality

160

00:05:45,189 --> 00:05:36,960

may in fact be

161

00:05:49,350 --> 00:05:47,909

ghost cat when i was in high school we

162

00:05:51,510 --> 00:05:49,360

had a ghost cat

163

00:05:53,110 --> 00:05:51,520

we all used to see it in flashes out of

164

00:05:55,830 --> 00:05:53,120

the corners of our eye

165

00:05:56,390 --> 00:05:55,840

and of course my real very much alive

166

00:05:58,790 --> 00:05:56,400

cat

167

00:05:59,749 --> 00:05:58,800

nike used to chase things and hiss at

168

00:06:02,309 --> 00:05:59,759

the wall

169

00:06:04,629 --> 00:06:02,319

one night i was lying in bed and i felt

170

00:06:07,029 --> 00:06:04,639

my cat jump up on the bed and curl up in

171

00:06:09,110 --> 00:06:07,039

his favorite spot that he always sleeps

172

00:06:10,230 --> 00:06:09,120

in between my apart ankles on the edge

173

00:06:12,150 --> 00:06:10,240

of the bed

174

00:06:13,830 --> 00:06:12,160

naturally i thought nothing of it is it

175

00:06:15,670 --> 00:06:13,840

was a nightly occurrence

176

00:06:17,510 --> 00:06:15,680

that was until about a half an hour

177

00:06:18,550 --> 00:06:17,520

later that something else jumped up on

178

00:06:20,950 --> 00:06:18,560

my bed

179

00:06:22,950 --> 00:06:20,960

i instantly craned my neck backwards to

180

00:06:24,390 --> 00:06:22,960

see nike who was just staring at the

181

00:06:26,469 --> 00:06:24,400

indent in the blankets

182

00:06:27,909 --> 00:06:26,479

since clearly he couldn't go to lay down

183

00:06:37,430 --> 00:06:27,919

in his favorite spot

184

00:06:40,870 --> 00:06:39,830

casper the cat i believe i'm writing to

185

00:06:42,230 --> 00:06:40,880

you about a ghost

186

00:06:43,990 --> 00:06:42,240

though i'm not sure if the animal

187

00:06:45,749 --> 00:06:44,000

kingdom has an afterlife

188

00:06:47,909 --> 00:06:45,759

my big brother gill is a long-haul

189

00:06:48,950 --> 00:06:47,919

driver and regularly makes trips across

190

00:06:50,790 --> 00:06:48,960

the country

191

00:06:52,710 --> 00:06:50,800

he'd be on the road for a couple weeks

192

00:06:54,309 --> 00:06:52,720

then come home to virginia and stop by

193

00:06:55,350 --> 00:06:54,319

to see our mother who lives with me and

194

00:06:57,110 --> 00:06:55,360

my husband

195

00:06:58,469 --> 00:06:57,120

i don't know how he does it but he's

196

00:07:00,469 --> 00:06:58,479

always been a loner

197

00:07:02,550 --> 00:07:00,479

last summer gil said that he pulled into

198

00:07:03,430 --> 00:07:02,560

a truck stop in indiana to get some food

199

00:07:05,589 --> 00:07:03,440

and rest

200

00:07:07,670 --> 00:07:05,599

he's got a nice modern sleeper berth on

201  
00:07:09,430 --> 00:07:07,680  
board he went to get something to eat

202  
00:07:11,029 --> 00:07:09,440  
came back and there was a male black and

203  
00:07:13,029 --> 00:07:11,039  
white cat in the cabin

204  
00:07:14,790 --> 00:07:13,039  
he wondered how it got in there he was

205  
00:07:15,990 --> 00:07:14,800  
about to get rid of it but then thought

206  
00:07:17,749 --> 00:07:16,000  
it may be lost because

207  
00:07:20,390 --> 00:07:17,759  
it had a new looking collar and was well

208  
00:07:21,510 --> 00:07:20,400  
taken care of so he went back inside and

209  
00:07:23,589 --> 00:07:21,520  
asked around

210  
00:07:26,070 --> 00:07:23,599  
nobody was aware of a missing cat so he

211  
00:07:27,670 --> 00:07:26,080  
rode up a lost cat flyer and posted it

212  
00:07:29,749 --> 00:07:27,680  
he went back to the truck and the cat

213  
00:07:32,070 --> 00:07:29,759

was asleep on the passenger seat

214

00:07:34,550 --> 00:07:32,080

gill had himself a hitchhiker from the

215

00:07:36,469 --> 00:07:34,560

beginning the calf seemed a bit strange

216

00:07:38,150 --> 00:07:36,479

for one thing it would disappear and not

217

00:07:39,749 --> 00:07:38,160

show up for many hours

218

00:07:41,589 --> 00:07:39,759

gil would look all over the cabin and

219

00:07:43,909 --> 00:07:41,599

birth but there was no cat

220

00:07:44,710 --> 00:07:43,919

he assumed he found a hiding place

221

00:07:46,390 --> 00:07:44,720

something else

222

00:07:48,950 --> 00:07:46,400

the cat didn't need anything bill gave

223

00:07:50,710 --> 00:07:48,960

it he never saw it rink water either

224

00:07:52,230 --> 00:07:50,720

when they'd stop somewhere the cat would

225

00:07:53,909 --> 00:07:52,240

just disappear again

226

00:07:56,070 --> 00:07:53,919

phil just figured it found a way out

227

00:07:58,469 --> 00:07:56,080

somehow one morning in arizona

228

00:07:59,189 --> 00:07:58,479

gil woken didn't see the cat anywhere he

229

00:08:01,029 --> 00:07:59,199

waited around

230

00:08:02,390 --> 00:08:01,039

a bit but he was on a schedule to make a

231

00:08:04,790 --> 00:08:02,400

delivery in texas

232

00:08:06,469 --> 00:08:04,800

so he had to get on the road he felt bad

233

00:08:08,469 --> 00:08:06,479

that he was leaving without the cat

234

00:08:10,150 --> 00:08:08,479

but that's the way it had to be he

235

00:08:11,589 --> 00:08:10,160

pulled into the delivery location in

236

00:08:13,110 --> 00:08:11,599

texas that evening

237

00:08:15,029 --> 00:08:13,120

he got out of the truck to talk to the

238

00:08:16,629 --> 00:08:15,039

guys at the dock when he saw the cat

239

00:08:19,270 --> 00:08:16,639

walking around the truck

240

00:08:21,510 --> 00:08:19,280

after that he called the cat casper he

241

00:08:23,189 --> 00:08:21,520

said the casper acted like a ghost

242

00:08:25,110 --> 00:08:23,199

he was getting ready to leave and head

243

00:08:26,390 --> 00:08:25,120

east and casper was asleep on the

244

00:08:28,950 --> 00:08:26,400

passenger seat

245

00:08:30,550 --> 00:08:28,960

a few days later phil came home he

246

00:08:31,909 --> 00:08:30,560

stopped by the house to see our mother

247

00:08:33,909 --> 00:08:31,919

and to get some dinner

248

00:08:35,110 --> 00:08:33,919

we all sat at the table guild told us

249

00:08:37,110 --> 00:08:35,120

about casper

250

00:08:39,029 --> 00:08:37,120

he asked me if i could watch casper for

251  
00:08:40,790 --> 00:08:39,039  
a few days before he headed back out on

252  
00:08:42,790 --> 00:08:40,800  
the road i said fine

253  
00:08:43,990 --> 00:08:42,800  
so gil went to the back door and there

254  
00:08:45,430 --> 00:08:44,000  
sack casper

255  
00:08:47,670 --> 00:08:45,440  
it was like he knew that he was staying

256  
00:08:48,310 --> 00:08:47,680  
there for the three days casper stayed

257  
00:08:50,790 --> 00:08:48,320  
with us

258  
00:08:52,470 --> 00:08:50,800  
he never came into the house i put food

259  
00:08:53,430 --> 00:08:52,480  
and water out for him but he left it

260  
00:08:55,829 --> 00:08:53,440  
untouched

261  
00:08:57,590 --> 00:08:55,839  
i figured he was catching myself birds

262  
00:08:59,509 --> 00:08:57,600  
i'd see him stretching out on the patio

263  
00:09:00,389 --> 00:08:59,519

once in a while but he'd never come in

264

00:09:01,750 --> 00:09:00,399

the door

265

00:09:03,590 --> 00:09:01,760

gill called me and said that he was

266

00:09:05,030 --> 00:09:03,600

coming over to pick up casper and head

267

00:09:07,350 --> 00:09:05,040

out onto the highway

268

00:09:09,030 --> 00:09:07,360

well i couldn't find the cat we all

269

00:09:10,630 --> 00:09:09,040

thought that casper had found greener

270

00:09:12,949 --> 00:09:10,640

passers and moved on

271

00:09:15,509 --> 00:09:12,959

gil left without his companion later

272

00:09:16,949 --> 00:09:15,519

that week gill called me from california

273

00:09:19,190 --> 00:09:16,959

he said that he guessed the casper

274

00:09:19,590 --> 00:09:19,200

hadn't showed up at home he started to

275

00:09:22,230 --> 00:09:19,600

laugh

276

00:09:24,389 --> 00:09:22,240

because casper was with him in fact he

277

00:09:26,150 --> 00:09:24,399

hadn't seen casper until that day

278

00:09:28,150 --> 00:09:26,160

he found him asleep on the passenger

279

00:09:30,310 --> 00:09:28,160

seat after grabbing a bite aid

280

00:09:31,990 --> 00:09:30,320

a few hours later gill called to say the

281

00:09:33,670 --> 00:09:32,000

casper was missing again

282

00:09:36,230 --> 00:09:33,680

but he figured he'd show up sometime

283

00:09:38,710 --> 00:09:36,240

later well that never happened

284

00:09:39,509 --> 00:09:38,720

none of us have seen casper since this

285

00:09:41,430 --> 00:09:39,519

past spring

286

00:09:43,269 --> 00:09:41,440

gill was back at the indiana truck stop

287

00:09:43,990 --> 00:09:43,279

where he had found casper the previous

288

00:09:45,829 --> 00:09:44,000

summer

289

00:09:47,110 --> 00:09:45,839

the flyer he had posted was gone from

290

00:09:49,190 --> 00:09:47,120

the bulletin board

291

00:09:50,870 --> 00:09:49,200

he sat down to order some food later

292

00:09:51,829 --> 00:09:50,880

striking up a conversation with the

293

00:09:53,829 --> 00:09:51,839

waivers

294

00:09:55,670 --> 00:09:53,839

he told her about casper and that he had

295

00:09:57,509 --> 00:09:55,680

found him at that truck stop

296

00:09:59,269 --> 00:09:57,519

she gave gil an odd look then she

297

00:10:00,550 --> 00:09:59,279

started to describe casper to him

298

00:10:02,230 --> 00:10:00,560

including the caller

299

00:10:04,310 --> 00:10:02,240

she said that the cat used to belong to

300

00:10:05,670 --> 00:10:04,320

the owner of the truck stop the cat's

301  
00:10:07,910 --> 00:10:05,680  
name was paco

302  
00:10:09,670 --> 00:10:07,920  
one day paco got into a fight with an

303  
00:10:11,750 --> 00:10:09,680  
unknown animal and was killed

304  
00:10:13,590 --> 00:10:11,760  
she also said the paco was buried in the

305  
00:10:14,310 --> 00:10:13,600  
small grove of trees beside the truck

306  
00:10:16,069 --> 00:10:14,320  
stop

307  
00:10:17,350 --> 00:10:16,079  
after eating gil walked over to the

308  
00:10:19,590 --> 00:10:17,360  
grove of trees

309  
00:10:21,110 --> 00:10:19,600  
there was a small memorial for paco

310  
00:10:22,949 --> 00:10:21,120  
there are all kinds of cat toys and

311  
00:10:24,630 --> 00:10:22,959  
other things left on the grave

312  
00:10:27,110 --> 00:10:24,640  
phil called me that night and told me

313  
00:10:28,710 --> 00:10:27,120

the story it just seems to me that paco

314

00:10:30,829 --> 00:10:28,720

was a companion to a lot of truck

315

00:10:35,350 --> 00:10:30,839

drivers

316

00:10:38,790 --> 00:10:37,910
