ray keller lon welcome to the show

7
00:00:16,710 --> 00:00:13,519
tonight

8
00:00:18,150 --> 00:00:16,720
that's a great name in it cosmic ray i

9
00:00:22,630 --> 00:00:18,160
love it

10
00:00:25,670 --> 00:00:22,640
yeah oh i'm doing okay it's uh

11
00:00:26,870 --> 00:00:25,680
starting to get cold finally that just

12
00:00:28,870 --> 00:00:26,880
got done telling me

13
00:00:30,150 --> 00:00:28,880

i make it two to three foot of snow this

14

00:00:32,389 --> 00:00:30,160

weekend so i'm not

15

00:00:33,830 --> 00:00:32,399

happy yeah i'm sorry i didn't mean to

16

00:00:34,090 --> 00:00:33,840

burst your bubble there that was my

17

00:00:37,830 --> 00:00:34,100

fault

18

00:00:41,350 --> 00:00:37,840

[Laughter]

19

00:00:46,869 --> 00:00:43,990

yeah i am not a snow lover he's like why

20

00:00:50,950 --> 00:00:49,110

snow's only good for one thing track and

21

00:00:54,069 --> 00:00:50,960

deer that's all i've ever said

22

00:00:55,990 --> 00:00:54,079

and that's about it i mean and uh other

23

00:00:57,830 --> 00:00:56,000

than that it's not much to it

24

00:00:59,750 --> 00:00:57,840

well let me tell you it's so cold here

25

00:01:01,650 --> 00:00:59,760

if anybody in florida finds my balls

26

00:01:04,310 --> 00:01:01,660

will they please ship them back to me

27

00:01:07,510 --> 00:01:04,320

[Laughter]

28

00:01:09,030 --> 00:01:07,520

it is cold it's cold

29

00:01:11,429 --> 00:01:09,040

it really is i mean it's too cold even

30

00:01:12,789 --> 00:01:11,439

down here the maryland piedmont it got

31

00:01:16,390 --> 00:01:12,799

cold

32

00:01:20,630 --> 00:01:19,030

i don't know it is it's it's uh it's

33

00:01:23,190 --> 00:01:20,640

really cold

34

00:01:26,550 --> 00:01:23,200

yeah well it's gonna be a couple more

35

00:01:31,030 --> 00:01:26,560

months before we escape that yeah

36

00:01:33,830 --> 00:01:31,040

really but man it's been a busy week

37

00:01:36,310 --> 00:01:33,840

it's been a busy two weeks i mean it's

38

00:01:38,390 --> 00:01:36,320

been busy for you i mean you

39

00:01:40,310 --> 00:01:38,400

open the new business up that's a lot

40

00:01:41,429 --> 00:01:40,320

and uh

41

00:01:43,670 --> 00:01:41,439

things look like they're going pretty

42

00:01:44,469 --> 00:01:43,680

good though don't they yeah i mean i'm

43

00:01:46,230 --> 00:01:44,479

excited

44

00:01:48,710 --> 00:01:46,240

laura and i my wife opened up a new

45

00:01:50,870 --> 00:01:48,720

store downtown williamsport pennsylvania

46

00:01:53,109 --> 00:01:50,880

called the altra boutique quality

47

00:01:54,389 --> 00:01:53,119

women's and children's clothing

48

00:01:56,310 --> 00:01:54,399

and our new studio is going to be

49

00:01:59,670 --> 00:01:56,320

upstairs so it's

50

00:02:03,030 --> 00:01:59,680

going to work out for everyone sure

51
00:02:05,510 --> 00:02:03,040
yeah i'm looking forward to that and

52
00:02:07,510 --> 00:02:05,520
uh you know maybe we get things going a

53
00:02:10,070 --> 00:02:07,520
little bit better here

54
00:02:11,510 --> 00:02:10,080
it's been kind of iffy but you know our

55
00:02:13,670 --> 00:02:11,520
last show just kind of

56
00:02:15,190 --> 00:02:13,680
went totally south i don't know what the

57
00:02:17,190 --> 00:02:15,200
hell happened well that was weird

58
00:02:19,750 --> 00:02:17,200
i still well i think it was i think it

59
00:02:21,830 --> 00:02:19,760
was we had an empty attack myself

60
00:02:24,949 --> 00:02:21,840
but who knows well i don't know what we

61
00:02:26,550 --> 00:02:24,959
had but i wish it would leave you alone

62
00:02:27,990 --> 00:02:26,560
yeah i i don't know what i don't know

63
00:02:29,670 --> 00:02:28,000

what it is either you know i've been

64

00:02:31,509 --> 00:02:29,680

checking the lines and just making sure

65

00:02:33,910 --> 00:02:31,519

everything's okay

66

00:02:34,550 --> 00:02:33,920

and uh i mean everything seems okay i've

67

00:02:38,550 --> 00:02:34,560

been doing

68

00:02:41,670 --> 00:02:38,560

everything on the lines and it you know

69

00:02:45,750 --> 00:02:41,680

seems like it's fine so who knows

70

00:02:47,670 --> 00:02:45,760

but anyway what

71

00:02:51,190 --> 00:02:47,680

what's new with you other than the store

72

00:02:53,589 --> 00:02:51,200

and feel our odds and ends

73

00:02:55,270 --> 00:02:53,599

well we got bigfoot reports coming in

74

00:02:59,110 --> 00:02:55,280

here very slowly

75

00:03:00,869 --> 00:02:59,120

uh yeah yeah the first week of february

76

00:03:03,990 --> 00:03:00,879

we're having our

77

00:03:05,750 --> 00:03:04,000

keystone bigfoot kickoff meeting which

78

00:03:08,309 --> 00:03:05,760

you know about of course

79

00:03:09,589 --> 00:03:08,319

yeah that's right we're gonna get this

80

00:03:12,949 --> 00:03:09,599

project going full steam

81

00:03:13,190 --> 00:03:12,959

i don't forget about it but uh yes i got

82

00:03:20,589 --> 00:03:13,200

the

83

00:03:22,710 --> 00:03:20,599

keystone bigfoot project can go to

84

00:03:24,470 --> 00:03:22,720

keystonebigfoot.com i'm the

85

00:03:27,670 --> 00:03:24,480

principal investigator director of the

86

00:03:30,630 --> 00:03:27,680

project lon's one of our advisors

87

00:03:32,390 --> 00:03:30,640

always looking for people to join up we

88

00:03:34,949 --> 00:03:32,400

want to have boots on the ground

89

00:03:37,110 --> 00:03:34,959

we want to have as much data as possible

90

00:03:39,110 --> 00:03:37,120

it's a real scientific look

91

00:03:40,149 --> 00:03:39,120

into the bigfoot phenomena where we're

92

00:03:43,110 --> 00:03:40,159

looking at the data

93

00:03:43,830 --> 00:03:43,120

for patterns so we can get better

94

00:03:45,830 --> 00:03:43,840

deployment

95

00:03:47,030 --> 00:03:45,840

maybe get ourselves a position to see a

96

00:03:49,430 --> 00:03:47,040

bigfoot

97

00:03:51,750 --> 00:03:49,440

before one's actually in the area i

98

00:03:53,910 --> 00:03:51,760

don't know that's what we're working at

99

00:03:55,990 --> 00:03:53,920

you're keeping the name yeah we're gonna

100

00:03:58,470 --> 00:03:56,000

keep the name for the project

101
00:04:00,789 --> 00:03:58,480
okay i think it's important that we uh

102
00:04:05,589 --> 00:04:00,799
stick with one name for the project

103
00:04:08,630 --> 00:04:05,599
yeah yeah i got a uh

104
00:04:10,949 --> 00:04:08,640
i i i had a bigfoot report well i came

105
00:04:13,990 --> 00:04:10,959
off a radio show but uh

106
00:04:15,509 --> 00:04:14,000
yeah let's talk about that that's uh i

107
00:04:16,229 --> 00:04:15,519
don't know what the hell that was all

108
00:04:19,830 --> 00:04:16,239
about but

109
00:04:22,629 --> 00:04:19,840
apparently this guy was up there in um

110
00:04:24,390 --> 00:04:22,639
up there at the erie wildlife sanctuary

111
00:04:26,150 --> 00:04:24,400
or preserve or something

112
00:04:27,510 --> 00:04:26,160
and i want to look you know on the map

113
00:04:29,030 --> 00:04:27,520

and then look on the internet about this

114

00:04:30,550 --> 00:04:29,040

place this seems like a pretty nice

115

00:04:31,030 --> 00:04:30,560

place got a lot of elk and stuff but

116

00:04:35,510 --> 00:04:31,040

it's

117

00:04:39,430 --> 00:04:35,520

waterfowl

118

00:04:41,909 --> 00:04:39,440

and uh apparently this guy from

119

00:04:42,710 --> 00:04:41,919

i forget where he was from that's i

120

00:04:44,870 --> 00:04:42,720

don't know but anyway

121

00:04:47,110 --> 00:04:44,880

he was he was in pennsylvania he was up

122

00:04:50,790 --> 00:04:47,120

there on uh

123

00:04:55,110 --> 00:04:50,800

helping out so he had his rv

124

00:04:59,430 --> 00:04:55,120

uh hooked up and everything and uh

125

00:05:01,830 --> 00:04:59,440

apparently the local bigfoot didn't like

126
00:05:05,029 --> 00:05:01,840
him being there

127
00:05:06,629 --> 00:05:05,039
and they were pelting the pelting the rv

128
00:05:10,150 --> 00:05:06,639
with stones and out there

129
00:05:11,830 --> 00:05:10,160
yelling and screaming and whistling and

130
00:05:13,670 --> 00:05:11,840
making all kinds of racket scared the

131
00:05:16,710 --> 00:05:13,680
hell out of guy

132
00:05:20,629 --> 00:05:16,720
and uh that's what he gets well

133
00:05:21,990 --> 00:05:20,639
he said that he said he had the rv up on

134
00:05:24,469 --> 00:05:22,000
a hill

135
00:05:25,270 --> 00:05:24,479
and he thought that these uh that the

136
00:05:28,710 --> 00:05:25,280
bigfoot

137
00:05:30,310 --> 00:05:28,720
were situated down the valley and for

138
00:05:32,310 --> 00:05:30,320

some reason they just didn't like him up

139

00:05:33,990 --> 00:05:32,320

there and uh

140

00:05:35,510 --> 00:05:34,000

he said one night they were pushed you

141

00:05:38,150 --> 00:05:35,520

took the rv and just were

142

00:05:39,670 --> 00:05:38,160

rocking it back and forth he said it was

143

00:05:41,670 --> 00:05:39,680

slamming him up against the wall was

144

00:05:44,469 --> 00:05:41,680

rocking that bed

145

00:05:45,270 --> 00:05:44,479

so um you know this went on for several

146

00:05:46,710 --> 00:05:45,280

weeks

147

00:05:49,350 --> 00:05:46,720

the guy couldn't get any sleep

148

00:05:51,990 --> 00:05:49,360

eventually he had to pull out of it

149

00:05:52,550 --> 00:05:52,000

but uh it's it's pretty interesting to

150

00:05:55,749 --> 00:05:52,560

read

151

00:05:56,950 --> 00:05:55,759

i got it i posted it today so uh

152

00:06:00,070 --> 00:05:56,960

many of the readers will have it

153

00:06:01,830 --> 00:06:00,080

tomorrow in the newsletter

154

00:06:04,070 --> 00:06:01,840

yeah it was an interesting tale and in

155

00:06:05,590 --> 00:06:04,080

fact i spoke to a couple other bigfoot

156

00:06:06,070 --> 00:06:05,600

researchers to see if they had anything

157

00:06:08,790 --> 00:06:06,080

about this

158

00:06:10,150 --> 00:06:08,800

guy and uh he does have a youtube

159

00:06:13,189 --> 00:06:10,160

channel

160

00:06:16,629 --> 00:06:13,199

and you disclosed that in the article

161

00:06:20,390 --> 00:06:16,639

yeah so i guess he's

162

00:06:22,309 --> 00:06:20,400

not really new to big footing but

163

00:06:23,590 --> 00:06:22,319

he's having some experiences now some

164

00:06:26,469 --> 00:06:23,600

people are saying that

165

00:06:28,469 --> 00:06:26,479

he doesn't have very credible evidence

166

00:06:30,070 --> 00:06:28,479

other folks are saying it's not bad

167

00:06:31,909 --> 00:06:30,080

and i haven't looked at the evidence

168

00:06:32,790 --> 00:06:31,919

myself yet lon so i can't really make

169

00:06:34,230 --> 00:06:32,800

that assessment

170

00:06:36,790 --> 00:06:34,240

but it's an interesting story

171

00:06:38,230 --> 00:06:36,800

nonetheless i didn't even go over there

172

00:06:40,070 --> 00:06:38,240

and look at it i didn't even know if he

173

00:06:43,029 --> 00:06:40,080

had it up there yet but i guess

174

00:06:43,350 --> 00:06:43,039

maybe he did uh i'll have to go look at

175

00:06:46,550 --> 00:06:43,360

it

176
00:06:48,070 --> 00:06:46,560
and see but uh yeah i mean he said in

177
00:06:50,550 --> 00:06:48,080
the article that uh well

178
00:06:51,110 --> 00:06:50,560
it was a transcript from the from the

179
00:06:54,150 --> 00:06:51,120
radio

180
00:06:58,230 --> 00:06:54,160
had

181
00:07:00,629 --> 00:06:58,240
watch it but

182
00:07:02,790 --> 00:07:00,639
i don't know i just took the transcript

183
00:07:03,909 --> 00:07:02,800
and put it up there yeah me too

184
00:07:06,150 --> 00:07:03,919
i have to go and take a look at it

185
00:07:07,830 --> 00:07:06,160
myself and once i see it i guess i'll

186
00:07:09,350 --> 00:07:07,840
make my own assessment on it we can talk

187
00:07:12,309 --> 00:07:09,360
about it again on another show

188
00:07:12,710 --> 00:07:12,319

but it's not the first time we heard

189

00:07:14,830 --> 00:07:12,720

about

190

00:07:16,070 --> 00:07:14,840

uh bigfoot attacking an rv in

191

00:07:19,589 --> 00:07:16,080

pennsylvania

192

00:07:21,110 --> 00:07:19,599

no no we haven't i mean referring to the

193

00:07:25,270 --> 00:07:21,120

guy in dauphin county

194

00:07:27,350 --> 00:07:25,280

yeah last name reed yeah

195

00:07:29,110 --> 00:07:27,360

and i don't know about that but i and

196

00:07:31,510 --> 00:07:29,120

that's what he said happened so

197

00:07:32,710 --> 00:07:31,520

i don't know if folks if you hear any

198

00:07:36,309 --> 00:07:32,720

scratching on the line tonight i

199

00:07:40,950 --> 00:07:38,309

i'm not used to it yet so it's like

200

00:07:44,469 --> 00:07:40,960

scratching on my face i apologize

201
00:07:45,510 --> 00:07:44,479
yeah anyway we got i did get some really

202
00:07:48,869 --> 00:07:45,520
weird stuff this

203
00:07:51,990 --> 00:07:48,879
past couple weeks um

204
00:07:55,670 --> 00:07:52,000
no man i got rakes and

205
00:07:59,749 --> 00:07:55,680
uh black guy people and

206
00:08:01,430 --> 00:07:59,759
dog men in new york and i read that

207
00:08:03,990 --> 00:08:01,440
that dog man in new york story is pretty

208
00:08:06,790 --> 00:08:04,000
cool that is pretty wild

209
00:08:08,390 --> 00:08:06,800
the date is what's cool yeah yeah it

210
00:08:08,869 --> 00:08:08,400
really is let me let me go ahead and

211
00:08:12,150 --> 00:08:08,879
read this

212
00:08:14,469 --> 00:08:12,160
it was um i got this from a guy by the

213
00:08:15,830 --> 00:08:14,479

name of gerald's new jersey

214

00:08:17,670 --> 00:08:15,840

i don't know how old gerald is but he

215

00:08:21,189 --> 00:08:17,680

must have some age to him

216

00:08:22,629 --> 00:08:21,199

anyway he said sir i would like to pass

217

00:08:25,110 --> 00:08:22,639

along a true story

218

00:08:26,790 --> 00:08:25,120

told to me by my grandfather when i was

219

00:08:29,270 --> 00:08:26,800

a young man

220

00:08:32,230 --> 00:08:29,280

the story involves my great grandfather

221

00:08:34,310 --> 00:08:32,240

whose name was james mcnamara

222

00:08:35,670 --> 00:08:34,320

he was a patrolman in the new york city

223

00:08:38,829 --> 00:08:35,680

police department

224

00:08:40,070 --> 00:08:38,839

this incident occurred in october of

225

00:08:43,589 --> 00:08:40,080

1911

226
00:08:46,150 --> 00:08:43,599
during the late evening hours james was

227
00:08:49,269 --> 00:08:46,160
assigned to the theater district

228
00:08:52,389 --> 00:08:49,279
in the area of broadway in 47

229
00:08:54,070 --> 00:08:52,399
42nd street another patrolman by the

230
00:08:56,470 --> 00:08:54,080
name of dobbins

231
00:08:59,350 --> 00:08:56,480
was two blocks south on broadway near

232
00:09:02,230 --> 00:08:59,360
40th street

233
00:09:04,710 --> 00:09:02,240
he said theatergoers were walking about

234
00:09:06,949 --> 00:09:04,720
enjoying the great white way

235
00:09:08,070 --> 00:09:06,959
when suddenly there were screams

236
00:09:11,910 --> 00:09:08,080
emanating from an

237
00:09:14,790 --> 00:09:11,920
alleyway just below james position

238
00:09:16,550 --> 00:09:14,800

both patrolmen ran toward the ruckus

239

00:09:19,430 --> 00:09:16,560

forcing it away through hundreds of

240

00:09:21,430 --> 00:09:19,440

fleeing pedestrians

241

00:09:23,030 --> 00:09:21,440

as they reached the alleyway a tall

242

00:09:26,230 --> 00:09:23,040

hairy beast

243

00:09:27,350 --> 00:09:26,240

ran out onto broadway and towards 40th

244

00:09:30,470 --> 00:09:27,360

street

245

00:09:33,590 --> 00:09:30,480

neither patrol believed what they saw

246

00:09:35,910 --> 00:09:33,600

an eight foot tall wolf with human-like

247

00:09:37,030 --> 00:09:35,920

arms and legs running with skill and

248

00:09:40,470 --> 00:09:37,040

speed

249

00:09:43,509 --> 00:09:40,480

down the middle of broadway soon the

250

00:09:46,710 --> 00:09:43,519

beast was facing new york city packard's

251
00:09:47,750 --> 00:09:46,720
a new york city packard squad car so it

252
00:09:51,430 --> 00:09:47,760
changed direction

253
00:09:53,430 --> 00:09:51,440
moving back towards mcnamara and dobbins

254
00:09:54,550 --> 00:09:53,440
the beast was growling as it moved

255
00:09:56,710 --> 00:09:54,560
forward

256
00:09:58,230 --> 00:09:56,720
the patrolmen took positions by a

257
00:09:59,990 --> 00:09:58,240
newsstand

258
00:10:03,190 --> 00:10:00,000
hiding and waiting for the horrible

259
00:10:05,750 --> 00:10:03,200
creature to move before them

260
00:10:09,910 --> 00:10:05,760
soon the beast was at the entrance of

261
00:10:11,910 --> 00:10:09,920
another alleyway near 42nd street

262
00:10:13,829 --> 00:10:11,920
both patrolmen pulled their revolvers

263
00:10:16,389 --> 00:10:13,839

and took deadly aim

264

00:10:17,990 --> 00:10:16,399

the beast quickly dropped to the gutter

265

00:10:20,870 --> 00:10:18,000

immediately mcnamara and

266

00:10:22,949 --> 00:10:20,880

dobbins surrounded the body as other

267

00:10:24,630 --> 00:10:22,959

officers joined them

268

00:10:26,550 --> 00:10:24,640

none of the public was allowed to come

269

00:10:27,829 --> 00:10:26,560

within a hundred foot of the unknown

270

00:10:30,069 --> 00:10:27,839

canine

271

00:10:32,230 --> 00:10:30,079

the body was quickly removed and taken

272

00:10:34,310 --> 00:10:32,240

to the mortuary

273

00:10:35,750 --> 00:10:34,320

both patrolmen were placed on other

274

00:10:38,550 --> 00:10:35,760

assignments

275

00:10:41,670 --> 00:10:38,560

the squad was told by their superiors

276

00:10:43,590 --> 00:10:41,680

that this was simply mistaken identity

277

00:10:44,870 --> 00:10:43,600

and that the deceased was a man in

278

00:10:47,990 --> 00:10:44,880

costume

279

00:10:49,750 --> 00:10:48,000

of course that was not the truth the

280

00:10:52,630 --> 00:10:49,760

press was later told

281

00:10:53,990 --> 00:10:52,640

that a large mad dog caused the

282

00:10:58,150 --> 00:10:54,000

disruption

283

00:11:03,110 --> 00:11:00,710

a few months later a brief article was

284

00:11:03,350 --> 00:11:03,120

published in the louisiana newspaper the

285

00:11:06,389 --> 00:11:03,360

st

286

00:11:08,630 --> 00:11:06,399

mary banner in franklin louisiana

287

00:11:09,990 --> 00:11:08,640

and picked up by a few other media

288

00:11:13,509 --> 00:11:10,000

outlets

289

00:11:18,470 --> 00:11:13,519

now i i went and dug out this article

290

00:11:20,870 --> 00:11:18,480

i'm kind of surprised i found it but uh

291

00:11:22,790 --> 00:11:20,880

it you know it's pretty close to what he

292

00:11:24,550 --> 00:11:22,800

was saying there was a few odds and ends

293

00:11:28,310 --> 00:11:24,560

that weren't

294

00:11:31,030 --> 00:11:28,320

but uh that's pretty basically what

295

00:11:34,230 --> 00:11:31,040

that's basically what happened

296

00:11:35,190 --> 00:11:34,240

now they uh the article i mean the

297

00:11:37,670 --> 00:11:35,200

article itself

298

00:11:39,430 --> 00:11:37,680

was fairly short but it said it was new

299

00:11:41,910 --> 00:11:39,440

york no sign remained

300

00:11:43,910 --> 00:11:41,920

in the broadway theater district the

301

00:11:45,350 --> 00:11:43,920

next morning following the scenes that

302

00:11:47,590 --> 00:11:45,360

were enacted there

303

00:11:49,590 --> 00:11:47,600

one night when a maddening beast charged

304

00:11:53,110 --> 00:11:49,600

up and down spreading terror

305

00:11:55,910 --> 00:11:53,120

and consternation causing handsomely

306

00:11:57,910 --> 00:11:55,920

gowned women to faint and strong men to

307

00:12:00,949 --> 00:11:57,920

leave their cocktails untouched

308

00:12:02,949 --> 00:12:00,959

and flee for safety that line with the

309

00:12:04,230 --> 00:12:02,959

burning tail that broke loose during the

310

00:12:06,949 --> 00:12:04,240

coney island fire

311

00:12:09,990 --> 00:12:06,959

last spring was a team affair in

312

00:12:11,829 --> 00:12:10,000

comparison with the Broadway monster

313

00:12:14,310 --> 00:12:11,839

the beast is described in the police

314

00:12:16,150 --> 00:12:14,320

blotter as a large terrier

315

00:12:18,550 --> 00:12:16,160

but it is evident that the police were

316

00:12:19,990 --> 00:12:18,560

anxious to minimize the seriousness of

317

00:12:22,069 --> 00:12:20,000

the panic

318

00:12:24,470 --> 00:12:22,079

hundreds of witnesses will testify that

319

00:12:26,790 --> 00:12:24,480

the animal is at least eight foot tall

320

00:12:29,430 --> 00:12:26,800

its foaming mouth and wicked fangs were

321

00:12:32,150 --> 00:12:29,440

too terrible for description

322

00:12:33,829 --> 00:12:32,160

the beast was seen first up at broadway

323

00:12:36,310 --> 00:12:33,839

and 42nd street

324

00:12:38,150 --> 00:12:36,320

with a blood-curdling bow wow it rushed

325

00:12:39,750 --> 00:12:38,160

up to a beautiful woman

326

00:12:42,550 --> 00:12:39,760

as her companion rushed to her

327

00:12:44,710 --> 00:12:42,560

assistance and fearlessly planted a kick

328

00:12:47,509 --> 00:12:44,720

in the monster's hindquarters

329

00:12:47,829 --> 00:12:47,519

uh kia i screwed the wild thing as it

330

00:12:50,710 --> 00:12:47,839

tore

331

00:12:52,710 --> 00:12:50,720

off down broadway at 40th street two

332

00:12:54,870 --> 00:12:52,720

boys with the full heartiness

333

00:12:56,069 --> 00:12:54,880

of youth tried to seize the animal by

334

00:12:58,310 --> 00:12:56,079

its tail

335

00:12:59,750 --> 00:12:58,320

the beast turned upon them and bathed

336

00:13:02,870 --> 00:12:59,760

horribly

337

00:13:05,190 --> 00:13:02,880

on the 39th on to 39th street

338

00:13:05,990 --> 00:13:05,200

scattering pedestrians right and left

339

00:13:10,710 --> 00:13:06,000

race the great

340

00:13:13,350 --> 00:13:10,720

dog if indeed if dog indeed it was

341

00:13:15,430 --> 00:13:13,360

at the corner he emitted a wine that was

342

00:13:16,389 --> 00:13:15,440

even more terrifying in its growl and

343

00:13:19,829 --> 00:13:16,399

turned back

344

00:13:22,150 --> 00:13:19,839

the way it come as the beast ran back

345

00:13:23,670 --> 00:13:22,160

patrolling mcnamara and dobbins drew the

346

00:13:25,670 --> 00:13:23,680

revolvers

347

00:13:28,150 --> 00:13:25,680

dobbins shot straight and through and

348

00:13:29,750 --> 00:13:28,160

the monster keeled over in the gutter

349

00:13:32,470 --> 00:13:29,760

the police have offered no further

350

00:13:34,629 --> 00:13:32,480

statements and i couldn't find anything

351

00:13:37,670 --> 00:13:34,639

else about this thing

352

00:13:40,550 --> 00:13:37,680

so they shut that up pretty good

353

00:13:42,389 --> 00:13:40,560

uh there was a there was another article

354

00:13:45,430 --> 00:13:42,399

later on in the whole brook

355

00:13:48,870 --> 00:13:45,440

news in old brick arizona but

356

00:13:50,470 --> 00:13:48,880

i tell you there was there was nothing i

357

00:13:52,150 --> 00:13:50,480

could find

358

00:13:54,389 --> 00:13:52,160

anywhere in the east or even around new

359

00:13:58,629 --> 00:13:54,399

york or new jersey or anywhere

360

00:14:04,069 --> 00:14:02,069

yeah they did but that was pretty cool

361

00:14:05,670 --> 00:14:04,079

i love the age of these articles lon i

362

00:14:07,590 --> 00:14:05,680

really do i

363

00:14:09,030 --> 00:14:07,600

that too and i just love the way they

364

00:14:11,430 --> 00:14:09,040

you know the journalism the way they

365

00:14:14,550 --> 00:14:11,440

speak i mean the way they write stuff

366

00:14:16,550 --> 00:14:14,560

it's uh you know i don't know it's kind

367

00:14:20,389 --> 00:14:16,560

of a sensationalist type thing

368

00:14:21,430 --> 00:14:20,399

but for whatever reason i think to hit

369

00:14:24,470 --> 00:14:21,440

her on the mark just

370

00:14:28,389 --> 00:14:24,480

this time around so um i don't know

371

00:14:29,670 --> 00:14:28,399

you know it's kind of hard to believe as

372

00:14:31,430 --> 00:14:29,680

something could happen

373

00:14:33,430 --> 00:14:31,440

in the middle of the city like that even

374

00:14:36,550 --> 00:14:33,440

though it was over 100 years ago

375

00:14:38,949 --> 00:14:36,560

and not be a lot of record about it but

376

00:14:40,710 --> 00:14:38,959

you know who knows well you know the

377

00:14:46,150 --> 00:14:40,720

leaf cocktail said

378

00:14:51,590 --> 00:14:47,430

that thing should have been shot for

379

00:14:53,189 --> 00:14:51,600

that ruining a good cocktail hour

380

00:14:54,790 --> 00:14:53,199

but what if it was something more than

381

00:14:56,389 --> 00:14:54,800

just a dog man

382

00:14:58,230 --> 00:14:56,399

lawn what if it was one of those cases

383

00:14:59,750 --> 00:14:58,240

of a werewolf

384

00:15:01,590 --> 00:14:59,760

i don't know you know that's the first

385

00:15:03,509 --> 00:15:01,600

thing i thought

386

00:15:04,790 --> 00:15:03,519

you know that's that's exactly what i

387

00:15:07,670 --> 00:15:04,800

thought maybe it was a

388

00:15:09,750 --> 00:15:07,680

you know maybe it's a weir or a werewolf

389

00:15:12,389 --> 00:15:09,760

or something i don't know

390

00:15:12,949 --> 00:15:12,399

you know the more i start to watch about

391

00:15:14,870 --> 00:15:12,959

uh

392

00:15:16,470 --> 00:15:14,880

documentaries on these things the more i

393

00:15:20,790 --> 00:15:16,480

really wonder

394

00:15:25,030 --> 00:15:20,800

that i don't know [h__h]

395

00:15:27,910 --> 00:15:25,040

well you know

396

00:15:30,550 --> 00:15:27,920

all we can do is just take the reports

397

00:15:34,470 --> 00:15:30,560

and investigate the best we can

398

00:15:39,110 --> 00:15:34,480

um you know

399

00:15:42,389 --> 00:15:39,120

this the cryptids phenomena in general

400

00:15:44,230 --> 00:15:42,399

i i believe there's some type of uh

401
00:15:46,069 --> 00:15:44,240
well you know i say interdimensional but

402
00:15:47,749 --> 00:15:46,079
you know there's a multiverse thing

403
00:15:49,269 --> 00:15:47,759
going on somewhere i did that's the only

404
00:15:50,949 --> 00:15:49,279
thing i can figure i hate

405
00:15:52,389 --> 00:15:50,959
there's there's it's got to be tight you

406
00:15:53,110 --> 00:15:52,399
know just like bigfoot and everything

407
00:15:55,110 --> 00:15:53,120
else

408
00:15:56,310 --> 00:15:55,120
yeah why don't we you know why don't we

409
00:15:58,230 --> 00:15:56,320
see bodies why don't we

410
00:15:59,910 --> 00:15:58,240
you know they disappear so quickly and

411
00:16:02,550 --> 00:15:59,920
such you know where

412
00:16:05,350 --> 00:16:02,560
they're coming in somewhere i mean how

413
00:16:07,670 --> 00:16:05,360

is it i mean how's this thing

414

00:16:08,389 --> 00:16:07,680

just drop in the middle of new york city

415

00:16:09,990 --> 00:16:08,399

you know i'm saying

416

00:16:12,150 --> 00:16:10,000

right right in midtown you know what i'm

417

00:16:14,949 --> 00:16:12,160

saying yeah it's something

418

00:16:16,629 --> 00:16:14,959

i mean that's right by well it's about

419

00:16:19,749 --> 00:16:16,639

five blocks south of

420

00:16:22,389 --> 00:16:19,759

times square so broadway

421

00:16:25,269 --> 00:16:22,399

yeah yeah so who's the internet who

422

00:16:26,949 --> 00:16:25,279

figures how'd this thing get in there

423

00:16:29,749 --> 00:16:26,959

i don't know well it could have lost it

424

00:16:32,949 --> 00:16:29,759

but well i could i guess but yeah

425

00:16:33,749 --> 00:16:32,959

it's it is a story that's kind of

426

00:16:36,310 --> 00:16:33,759

verified

427

00:16:37,910 --> 00:16:36,320

and you know and i didn't talk to i

428

00:16:40,069 --> 00:16:37,920

didn't talk to the witness

429

00:16:41,670 --> 00:16:40,079

i just wrote him back and you know he

430

00:16:45,110 --> 00:16:41,680

verified it by that but

431

00:16:47,189 --> 00:16:45,120

i had a few questions for him but

432

00:16:48,150 --> 00:16:47,199

he said if you can find an article but

433

00:16:50,150 --> 00:16:48,160

he said i don't know if you're going to

434

00:16:51,590 --> 00:16:50,160

be able to find anything he said i've

435

00:16:53,590 --> 00:16:51,600

checked well i went to the library in

436

00:16:57,350 --> 00:16:53,600

congress and found it

437

00:17:01,110 --> 00:16:57,360

they've got a uh they've got a

438

00:17:04,230 --> 00:17:01,120

uh an archive there with special

439

00:17:05,510 --> 00:17:04,240

newspapers special stories

440

00:17:08,549 --> 00:17:05,520

and if you you know if you go into the

441

00:17:11,110 --> 00:17:08,559

whole paper say there's a special

442

00:17:12,710 --> 00:17:11,120

headline for the newspaper well they

443

00:17:15,990 --> 00:17:12,720

just don't put the headline up there

444

00:17:19,350 --> 00:17:16,000

they put the whole paper in there so

445

00:17:21,110 --> 00:17:19,360

uh that whole day's edition so you know

446

00:17:22,789 --> 00:17:21,120

now this thing was on the front page

447

00:17:25,829 --> 00:17:22,799

this was kind of like

448

00:17:29,990 --> 00:17:25,839

back in the fourth and fifth page and

449

00:17:31,590 --> 00:17:30,000

but i mean it just didn't get a new york

450

00:17:34,630 --> 00:17:31,600

paper

451

00:17:36,070 --> 00:17:34,640

so we'll have to keep looking out for

452

00:17:37,990 --> 00:17:36,080

more of these lawn

453

00:17:40,070 --> 00:17:38,000

yeah i am going to look out for i mean

454

00:17:41,830 --> 00:17:40,080

that kind of stuff really fascinates me

455

00:17:43,590 --> 00:17:41,840

as our never ending quest for the dog

456

00:17:47,590 --> 00:17:43,600

man continues

457

00:17:48,390 --> 00:17:47,600

yeah now i got something else the other

458

00:17:50,710 --> 00:17:48,400

day

459

00:17:51,669 --> 00:17:50,720

i called the weird man with black eyes

460

00:17:54,870 --> 00:17:51,679

now oh

461

00:17:58,150 --> 00:17:54,880

this this was really strange

462

00:18:01,510 --> 00:17:58,160

so um here goes

463

00:18:03,510 --> 00:18:01,520

uh hello sir i came across one of your

464

00:18:05,350 --> 00:18:03,520

reports concerning black-eyed kids in

465

00:18:07,270 --> 00:18:05,360

pennsylvania

466

00:18:08,909 --> 00:18:07,280

my cousin and i had a very weird

467

00:18:13,029 --> 00:18:08,919

experience in september

468

00:18:15,430 --> 00:18:13,039

2011. we both lived in a town

469

00:18:16,390 --> 00:18:15,440

of wolverine michigan and our dads are

470

00:18:17,830 --> 00:18:16,400

brothers

471

00:18:19,830 --> 00:18:17,840

my cousin and i have been hunting and

472

00:18:20,630 --> 00:18:19,840

camping together since we were 12 years

473

00:18:23,830 --> 00:18:20,640

old

474

00:18:25,590 --> 00:18:23,840

uh we're two months apart in age we had

475

00:18:27,270 --> 00:18:25,600

graduated from high school that spring

476
00:18:28,470 --> 00:18:27,280
and planned to go camping later in the

477
00:18:29,990 --> 00:18:28,480
summer

478
00:18:33,110 --> 00:18:30,000
we finally got permission to use my

479
00:18:35,270 --> 00:18:33,120
dad's pop-up camper and headed off

480
00:18:37,669 --> 00:18:35,280
we planned to stay a week or so at a

481
00:18:40,630 --> 00:18:37,679
place southwest of mackinac city

482
00:18:42,549 --> 00:18:40,640
in the forest near the state park we

483
00:18:44,549 --> 00:18:42,559
drove back into the woods about four

484
00:18:47,750 --> 00:18:44,559
miles off the main road

485
00:18:50,870 --> 00:18:47,760
and set up in a small clearing now we

486
00:18:53,190 --> 00:18:50,880
both thought the area looked familiar

487
00:18:55,190 --> 00:18:53,200
but could not recall when we had been

488
00:18:56,950 --> 00:18:55,200

there it was weird because we both

489

00:18:59,830 --> 00:18:56,960
commented at the same time

490

00:19:01,830 --> 00:18:59,840
to each other uh we really didn't have

491

00:19:02,310 --> 00:19:01,840
much plan to do other than be together

492

00:19:09,510 --> 00:19:02,320
in

493

00:19:10,710 --> 00:19:09,520
so we didn't know when we'd see each

494

00:19:12,390 --> 00:19:10,720
other again

495

00:19:14,070 --> 00:19:12,400
i'll be honest for the camping the

496

00:19:17,190 --> 00:19:14,080
camping trip was a good excuse to get

497

00:19:19,590 --> 00:19:17,200
away from my girlfriend for a while

498

00:19:22,070 --> 00:19:19,600
uh we didn't do much that first night

499

00:19:26,150 --> 00:19:22,080
other than drink a few beers and talk

500

00:19:29,430 --> 00:19:27,990
the next morning we decided to explore

501
00:19:32,630 --> 00:19:29,440
the area we started

502
00:19:34,549 --> 00:19:32,640
about 10 and 10 a.m and headed west

503
00:19:36,789 --> 00:19:34,559
towards the lake

504
00:19:37,990 --> 00:19:36,799
we had been walking no more than an hour

505
00:19:41,029 --> 00:19:38,000
when we heard someone

506
00:19:43,110 --> 00:19:41,039
yelling ahead of us now it didn't sound

507
00:19:45,190 --> 00:19:43,120
like they were in trouble

508
00:19:46,630 --> 00:19:45,200
so we cautiously continued walking

509
00:19:48,310 --> 00:19:46,640
toward the sound

510
00:19:50,630 --> 00:19:48,320
after 10 minutes or so the yelling

511
00:19:53,430 --> 00:19:50,640
stopped and we never saw anyone

512
00:19:55,909 --> 00:19:53,440
i had a gps with me so i figured we'd be

513
00:19:58,070 --> 00:19:55,919

able to find a way back pretty easy

514

00:20:01,110 --> 00:19:58,080

we did get crossed up a few times but we

515

00:20:03,190 --> 00:20:01,120

got back to the campsite late afternoon

516

00:20:06,390 --> 00:20:03,200

uh there was a small creek nearby so we

517

00:20:09,270 --> 00:20:06,400

washed up and started cooking dinner

518

00:20:11,110 --> 00:20:09,280

as we sat to eat there was a sound of

519

00:20:13,590 --> 00:20:11,120

something moving through the trees

520

00:20:15,750 --> 00:20:13,600

north of us there are a lot of small

521

00:20:19,830 --> 00:20:15,760

animals in the area so i figured that's

522

00:20:21,110 --> 00:20:19,840

what it was a few minutes later we heard

523

00:20:23,830 --> 00:20:21,120

thrashing sounds

524

00:20:25,909 --> 00:20:23,840

like something was sweeping at small

525

00:20:29,029 --> 00:20:25,919

trees and brushes

526

00:20:31,029 --> 00:20:29,039

bushes excuse me since we were eating i

527

00:20:34,310 --> 00:20:31,039

thought maybe a black bear got wind of

528

00:20:36,870 --> 00:20:34,320

our food whatever it was it was it soon

529

00:20:38,710 --> 00:20:36,880

stopped but every once in a while it

530

00:20:40,230 --> 00:20:38,720

would start up again

531

00:20:43,190 --> 00:20:40,240

now that night we could hear the

532

00:20:46,390 --> 00:20:43,200

sweeping sound coming from the same area

533

00:20:48,390 --> 00:20:46,400

which really seemed odd to us

534

00:20:49,990 --> 00:20:48,400

the next morning it was quiet so we

535

00:20:51,909 --> 00:20:50,000

walked into the direction of the noise

536

00:20:53,669 --> 00:20:51,919

from the previous night

537

00:20:55,510 --> 00:20:53,679

we didn't see anything but it did look

538

00:20:57,270 --> 00:20:55,520

like something had to kick up the ground

539

00:21:00,310 --> 00:20:57,280

in a few places

540

00:21:02,630 --> 00:21:00,320

we walked back to the campsite

541

00:21:05,590 --> 00:21:02,640

and started to eat breakfast i just

542

00:21:08,310 --> 00:21:05,600

wanted coffee so i went into the pop-up

543

00:21:09,909 --> 00:21:08,320

and searched for a coffee cup as i was

544

00:21:12,870 --> 00:21:09,919

in there i heard my cousin say

545

00:21:15,510 --> 00:21:12,880

something i asked what he wanted he

546

00:21:17,110 --> 00:21:15,520

replied to that better get out there

547

00:21:19,830 --> 00:21:17,120

i looked through the netting and there

548

00:21:24,230 --> 00:21:19,840

was a tall man with a black track suit

549

00:21:26,390 --> 00:21:24,240

standing at the edge of the clearing

550

00:21:27,669 --> 00:21:26,400

i stepped out and asked the man if we

551
00:21:31,909 --> 00:21:27,679
could help him

552
00:21:33,590 --> 00:21:31,919
he smiled and said maybe i can help you

553
00:21:35,590 --> 00:21:33,600
my cousin and i both looked at each

554
00:21:38,630 --> 00:21:35,600
other and kind of laughed

555
00:21:41,510 --> 00:21:38,640
the man started to slowly walk toward us

556
00:21:44,710 --> 00:21:41,520
and i asked what he wanted he stopped

557
00:21:47,669 --> 00:21:44,720
walking and was about 15 foot from us

558
00:21:49,990 --> 00:21:47,679
now right away i noticed that his eyes

559
00:21:52,549 --> 00:21:50,000
were totally black

560
00:21:54,070 --> 00:21:52,559
and that the tracksuit had had caked mud

561
00:21:56,950 --> 00:21:54,080
and dirt on it

562
00:21:58,950 --> 00:21:56,960
i asked who he was he smiled and said

563
00:22:01,270 --> 00:21:58,960

i'm just taking a walk and meeting

564

00:22:03,669 --> 00:22:01,280

people

565

00:22:05,750 --> 00:22:03,679

by this teeny time i was freaked out and

566

00:22:08,470 --> 00:22:05,760

my cousin walked toward the pop-up

567

00:22:10,390 --> 00:22:08,480

i knew he was going to grab his shotgun

568

00:22:12,710 --> 00:22:10,400

uh the man got a serious look on his

569

00:22:15,270 --> 00:22:12,720

face like he since we were alarmed

570

00:22:16,630 --> 00:22:15,280

so he turned and walked towards the

571

00:22:18,549 --> 00:22:16,640

woods

572

00:22:20,230 --> 00:22:18,559

at the edge of the clearing he stopped

573

00:22:22,630 --> 00:22:20,240

and turned around and said

574

00:22:24,149 --> 00:22:22,640

i'll be seeing you boys later and

575

00:22:27,590 --> 00:22:24,159

started to laugh

576
00:22:28,149 --> 00:22:27,600
as he moved towards the woods well we

577
00:22:31,029 --> 00:22:28,159
didn't need

578
00:22:32,950 --> 00:22:31,039
another confirmation like that so um our

579
00:22:34,789 --> 00:22:32,960
confrontation like that so we

580
00:22:36,470 --> 00:22:34,799
gathered everything and hauled ourselves

581
00:22:39,029 --> 00:22:36,480
out of there

582
00:22:39,990 --> 00:22:39,039
we did set up at another area about 70

583
00:22:42,710 --> 00:22:40,000
miles south of there

584
00:22:44,390 --> 00:22:42,720
and we had an enjoyable couple days but

585
00:22:49,270 --> 00:22:44,400
when we get together we still wonder

586
00:22:55,350 --> 00:22:52,830
so that was pretty freaky yeah i'd say

587
00:22:58,149 --> 00:22:55,360
so

588
00:23:00,149 --> 00:22:58,159

you get all kinds of stuff i know i got

589

00:23:04,070 --> 00:23:00,159

some really weird stuff

590

00:23:07,669 --> 00:23:04,080

rakes and black-eyed weirdos

591

00:23:09,590 --> 00:23:07,679

got a rake too um this isn't the radio

592

00:23:12,230 --> 00:23:09,600

text not you know this is a lot of stuff

593

00:23:15,669 --> 00:23:12,240

that goes on marina texas

594

00:23:17,909 --> 00:23:15,679

uh you know a few weeks ago i posted

595

00:23:19,510 --> 00:23:17,919

an account that i believe may have

596

00:23:22,470 --> 00:23:19,520

involved the rake i talked about in the

597

00:23:24,390 --> 00:23:22,480

last on our last show and uh

598

00:23:26,230 --> 00:23:24,400

rakes are usually described as like pale

599

00:23:26,870 --> 00:23:26,240

humanoids with twisted limbs to stick

600

00:23:29,350 --> 00:23:26,880

out

601
00:23:30,149 --> 00:23:29,360
in the body all kinds of odd angles

602
00:23:32,310 --> 00:23:30,159
these

603
00:23:34,070 --> 00:23:32,320
nocturnal beings have fingers and then

604
00:23:36,710 --> 00:23:34,080
long talons

605
00:23:38,950 --> 00:23:36,720
which it uses to track its victims some

606
00:23:40,630 --> 00:23:38,960
rakes are known to haunt people

607
00:23:42,070 --> 00:23:40,640
who have had contact with them i

608
00:23:44,070 --> 00:23:42,080
recently received a

609
00:23:46,230 --> 00:23:44,080
sighting report from a guy by the name

610
00:23:49,510 --> 00:23:46,240
of james chris james of the

611
00:23:51,029 --> 00:23:49,520
laredo paranormal research society

612
00:23:52,950 --> 00:23:51,039
who believes he encountered one of these

613
00:23:54,470 --> 00:23:52,960

humanoids now

614

00:23:56,390 --> 00:23:54,480

he's referring to the article i had

615

00:23:58,950 --> 00:23:56,400

about penelope

616

00:24:01,510 --> 00:23:58,960

and you remember the penelope story yes

617

00:24:04,710 --> 00:24:02,950

so here's where you sent me he said my

618

00:24:08,310 --> 00:24:04,720

wife and i were returning from san

619

00:24:09,190 --> 00:24:08,320

antonio texas on a sunday night sometime

620

00:24:12,070 --> 00:24:09,200

around may or

621

00:24:13,590 --> 00:24:12,080

june now first of all people don't know

622

00:24:15,990 --> 00:24:13,600

laredo and the river is

623

00:24:17,590 --> 00:24:16,000

situated right near the border so they

624

00:24:19,909 --> 00:24:17,600

were going south

625

00:24:21,590 --> 00:24:19,919

uh my wife had fallen asleep and so i

626
00:24:22,789 --> 00:24:21,600
turned up the radio and drove south

627
00:24:25,830 --> 00:24:22,799
taking i-35

628
00:24:28,549 --> 00:24:25,840
into laredo as we approached

629
00:24:31,029 --> 00:24:28,559
north side of town i turned the cruise

630
00:24:31,990 --> 00:24:31,039
control off and dropped down from 65 to

631
00:24:33,990 --> 00:24:32,000
60

632
00:24:35,029 --> 00:24:34,000
to negotiate the curve under the

633
00:24:40,710 --> 00:24:35,039
railroad

634
00:24:44,470 --> 00:24:42,950
i was in the right hand lane as i came

635
00:24:46,390 --> 00:24:44,480
close to the bridge

636
00:24:48,310 --> 00:24:46,400
that's when i spotted what at first

637
00:24:51,190 --> 00:24:48,320
looked like a homeless guy

638
00:24:53,430 --> 00:24:51,200

completely naked scuttling along the

639

00:24:55,830 --> 00:24:53,440

embankment of the road

640

00:24:57,669 --> 00:24:55,840

he was skinny pale skin and his arms

641

00:24:59,830 --> 00:24:57,679

looked emaciated

642

00:25:01,909 --> 00:24:59,840

as i passed him i had a creepy feeling

643

00:25:03,430 --> 00:25:01,919

that something about this person was all

644

00:25:06,230 --> 00:25:03,440

wrong

645

00:25:07,909 --> 00:25:06,240

uh the way he moved as well as the way

646

00:25:11,590 --> 00:25:07,919

his arms and legs were

647

00:25:14,149 --> 00:25:11,600

animalistic more animalistic than human

648

00:25:15,909 --> 00:25:14,159

with 26 years in law enforce enforcement

649

00:25:17,830 --> 00:25:15,919

i thought about stopping and going back

650

00:25:20,789 --> 00:25:17,840

to see what this guy was doing

651
00:25:21,590 --> 00:25:20,799
however with my wife along it was close

652
00:25:23,269 --> 00:25:21,600
to midnight

653
00:25:25,990 --> 00:25:23,279
so i just kept going figuring the guy

654
00:25:27,909 --> 00:25:26,000
was drunk i told my wife about what i

655
00:25:28,549 --> 00:25:27,919
had seen when we arrived to home she

656
00:25:30,390 --> 00:25:28,559
thought

657
00:25:32,230 --> 00:25:30,400
it sounded like some drunken guy living

658
00:25:35,830 --> 00:25:32,240
underneath the bridge

659
00:25:37,430 --> 00:25:35,840
now after meeting uh apparently this

660
00:25:38,230 --> 00:25:37,440
guy's met me once before i don't know

661
00:25:43,110 --> 00:25:38,240
when

662
00:25:46,149 --> 00:25:43,120
mentioned the rake and described that

663
00:25:48,710 --> 00:25:46,159

people were what people were reporting

664

00:25:49,669 --> 00:25:48,720

i looked at the images on the internet

665

00:25:52,070 --> 00:25:49,679

that they are repo

666

00:25:54,789 --> 00:25:52,080

that are reported to be the rake and

667

00:25:57,269 --> 00:25:54,799

sure enough that is what i saw

668

00:25:57,909 --> 00:25:57,279

the creature was paralleling the road so

669

00:26:01,110 --> 00:25:57,919

i never

670

00:26:02,789 --> 00:26:01,120

saw its face or eyes but the body shape

671

00:26:05,350 --> 00:26:02,799

was as close to the drawings

672

00:26:07,350 --> 00:26:05,360

as i care to get now every time i

673

00:26:09,110 --> 00:26:07,360

approach the railroad bridge i slow down

674

00:26:11,750 --> 00:26:09,120

and take a second look

675

00:26:13,269 --> 00:26:11,760

but so far i have i've only seen it the

676

00:26:15,750 --> 00:26:13,279

one time

677

00:26:17,430 --> 00:26:15,760

uh he says in the process of writing a

678

00:26:19,430 --> 00:26:17,440

book about the rate of paranormal

679

00:26:24,230 --> 00:26:19,440

research society

680

00:26:26,390 --> 00:26:24,240

and going to publishing soon now

681

00:26:28,789 --> 00:26:26,400

laredo i tell you loreta's over the

682

00:26:31,830 --> 00:26:28,799

years had a lot of strange things

683

00:26:33,510 --> 00:26:31,840

um probably on one of those ley lines

684

00:26:36,830 --> 00:26:33,520

yeah i had one of the yeah that very

685

00:26:39,510 --> 00:26:36,840

well may be i had

686

00:26:42,630 --> 00:26:39,520

um uh

687

00:26:45,830 --> 00:26:42,640

a report about a reshape crypt

688

00:26:49,029 --> 00:26:45,840

flying ratio crypted a couple years back

689

00:26:50,230 --> 00:26:49,039

and he mentioned that to me uh and of

690

00:26:52,549 --> 00:26:50,240

course

691

00:26:54,630 --> 00:26:52,559

you know the tex-mex ufo corridor kind

692

00:26:57,110 --> 00:26:54,640

of goes right through there

693

00:26:59,110 --> 00:26:57,120

and there have been a lot of sightings

694

00:27:02,630 --> 00:26:59,120

on both sides of the um

695

00:27:05,590 --> 00:27:02,640

both sides of the border and

696

00:27:07,669 --> 00:27:05,600

it's also known for a lot of flying

697

00:27:10,630 --> 00:27:07,679

humanoids

698

00:27:11,269 --> 00:27:10,640

uh i'm pretty sure that all i know for a

699

00:27:14,710 --> 00:27:11,279

fact that

700

00:27:16,470 --> 00:27:14,720

um ken gerhart has mentioned a lot of

701
00:27:19,669 --> 00:27:16,480
instances down there himself

702
00:27:21,269 --> 00:27:19,679
in his flying humanoids book uh

703
00:27:22,470 --> 00:27:21,279
so there there have been a lot of things

704
00:27:23,190 --> 00:27:22,480
that have gone on down there and of

705
00:27:26,070 --> 00:27:23,200
course

706
00:27:27,990 --> 00:27:26,080
that's that southern part of texas south

707
00:27:29,669 --> 00:27:28,000
of um

708
00:27:31,430 --> 00:27:29,679
san jose i'm excuse me not saying

709
00:27:33,510 --> 00:27:31,440
there's a san antonio

710
00:27:36,470 --> 00:27:33,520
is known for a lot of weird stuff you

711
00:27:39,430 --> 00:27:36,480
know of course i had those

712
00:27:41,590 --> 00:27:39,440
uh little t-rex sightings down there

713
00:27:44,710 --> 00:27:41,600

i've had about three of those

714

00:27:46,549 --> 00:27:44,720

over the years and uh a lot of other

715

00:27:47,909 --> 00:27:46,559

odds and then so

716

00:27:51,430 --> 00:27:47,919

yeah there's there's a lot of weird

717

00:27:56,310 --> 00:27:54,710

this doesn't surprise me well lon you're

718

00:28:00,149 --> 00:27:56,320

always going to bring us the latest

719

00:28:03,110 --> 00:28:00,159

when it comes to the strain stuff

720

00:28:03,669 --> 00:28:03,120

well i i even got another mothman report

721

00:28:07,909 --> 00:28:03,679

too

722

00:28:11,669 --> 00:28:07,919

another yeah this was down in dallas

723

00:28:14,950 --> 00:28:11,679

no texas san antonio san antonio

724

00:28:16,470 --> 00:28:14,960

yeah this is uh yeah but i think we're

725

00:28:18,310 --> 00:28:16,480

running out of time maybe i'll save that

726
00:28:19,350 --> 00:28:18,320
for next week

727
00:28:21,590 --> 00:28:19,360
oh now you're going to keep them in

728
00:28:25,190 --> 00:28:21,600
suspense yeah

729
00:28:28,230 --> 00:28:25,200
i love it anyhow guys tonight our guest

730
00:28:30,149 --> 00:28:28,240

wrote the introductions of dr keller's

748

00:29:13,350 --> 00:29:10,159

book

749

00:29:14,070 --> 00:29:13,360

and michael la rich of the coast coast

ohio wrote the foreword

753
00:29:20,950 --> 00:29:19,120
the lecture is accompanied by a

754
00:29:22,950 --> 00:29:20,960
powerpoint presentation

755
00:29:24,230 --> 00:29:22,960
and followed by a q a session so if

756
00:29:25,669 --> 00:29:24,240
anybody's interested in that they can

757
00:29:27,029 --> 00:29:25,679
check that out

758
00:29:28,870 --> 00:29:27,039
if there's anything you ever wanted to

759
00:29:30,549 --> 00:29:28,880
know about venus

760
00:29:32,870 --> 00:29:30,559
now is the time to have your questions

761
00:29:34,549 --> 00:29:32,880
answered dr keller has lived and worked

762
00:29:38,230 --> 00:29:34,559
in 44 different countries has been

763
00:29:39,990 --> 00:29:38,240

writing about ufos since 1967.

764

00:29:42,230 --> 00:29:40,000

he's got his doctorate degree from west

765

00:29:46,149 --> 00:29:42,240

virginia university in 2011

766

00:29:47,990 --> 00:29:46,159

focusing on various aspects of venezuela

767

00:29:50,230 --> 00:29:48,000

and his master's from the same institute

768

00:29:51,190 --> 00:29:50,240

in 2004. so he's a very educated man

769

00:29:52,830 --> 00:29:51,200

lawn

770

00:29:54,950 --> 00:29:52,840

and we're going to be talking about

771

00:29:56,630 --> 00:29:54,960

venus you this ought to be a very

772

00:30:00,149 --> 00:29:56,640

interesting discussion

773

00:30:03,190 --> 00:30:00,159

uh ray and i had had a bit of uh

774

00:30:05,029 --> 00:30:03,200

had a bit of a back and forth today

775

00:30:06,789 --> 00:30:05,039

about a few things that were in the book

776

00:30:09,750 --> 00:30:06,799

and i'm telling you

777

00:30:12,230 --> 00:30:09,760

the book is fantastic i i didn't know

778

00:30:14,950 --> 00:30:12,240

what to expect when i started reading it

779

00:30:15,669 --> 00:30:14,960

but uh i think everybody's going to be

780

00:30:19,110 --> 00:30:15,679

very

781

00:30:20,549 --> 00:30:19,120

uh

782

00:30:23,110 --> 00:30:20,559

it's it's a lot of stuff that i didn't

783

00:30:25,269 --> 00:30:23,120

know a lot of conspiracy stuff too

784

00:30:26,310 --> 00:30:25,279

so uh when we come back we'll be uh

785

00:30:29,909 --> 00:30:26,320

we'll be talking to

786

00:30:32,149 --> 00:30:29,919

ray keller cosmic ray lon's gonna be

787

00:30:35,590 --> 00:30:32,159

taking us to school

788

00:30:37,510 --> 00:30:35,600

uh with dr ray and we're gonna find out

789

00:30:38,470 --> 00:30:37,520

about uh the conspiracies of venus

790

00:30:39,669 --> 00:30:38,480

because i haven't had a chance to read

791

00:30:43,350 --> 00:30:39,679

the book yet

792

00:30:43,990 --> 00:30:43,360

and i'm excited about this so stay tuned

793

00:30:46,070 --> 00:30:44,000

folks

794

00:30:48,230 --> 00:30:46,080

we'll be right back right after this

795

00:30:51,430 --> 00:30:48,240

brief interlude

796

00:30:52,789 --> 00:30:51,440

all right folks welcome back shawn

797

00:30:55,830 --> 00:30:52,799

forker lon strickler

798

00:30:56,630 --> 00:30:55,840

beyond uh no definitely not that arcane

799

00:30:59,430 --> 00:30:56,640

radio

800

00:31:01,590 --> 00:30:59,440

uh here tonight we have dr uh raymond

801
00:31:05,110 --> 00:31:01,600
keller cosmic ray with us here

802
00:31:08,149 --> 00:31:05,120
and i'm gonna step to the side while lon

803
00:31:11,509 --> 00:31:08,159
and dr ray kicked us off

804
00:31:14,389 --> 00:31:11,519
yeah ray uh cosmic brayer dr keller but

805
00:31:17,509 --> 00:31:14,399
i'm going to call you ray

806
00:31:17,990 --> 00:31:17,519
uh welcome to the show uh i'm i'm glad

807
00:31:20,070 --> 00:31:18,000
to have you

808
00:31:21,669 --> 00:31:20,080
on here after reading this book this is

809
00:31:25,350 --> 00:31:21,679
an amazing book

810
00:31:26,070 --> 00:31:25,360
uh why don't you tell us why you wrote

811
00:31:28,870 --> 00:31:26,080
this book

812
00:31:29,590 --> 00:31:28,880
and uh some of the misconceptions about

813
00:31:32,950 --> 00:31:29,600

uh

814

00:31:36,870 --> 00:31:32,960

about venus all righty um

815

00:31:38,950 --> 00:31:36,880

well i i was the publisher and editor of

816

00:31:42,430 --> 00:31:38,960

the new millennial star

817

00:31:46,310 --> 00:31:42,440

was a publication back in the 1980s and

818

00:31:47,269 --> 00:31:46,320

1990s as a 160 consecutive monthly

819

00:31:50,230 --> 00:31:47,279

issues

820

00:31:51,590 --> 00:31:50,240

it was a publication of our group called

821

00:31:53,909 --> 00:31:51,600

outer space

822

00:31:54,870 --> 00:31:53,919

international research and investigation

823

00:31:58,230 --> 00:31:54,880

society

824

00:32:00,549 --> 00:31:58,240

osiris it was a tabloid paper with a

825

00:32:04,070 --> 00:32:00,559

circulation of about 7

826

00:32:07,430 --> 00:32:04,080

500 primarily in the san joaquin valley

827

00:32:11,669 --> 00:32:10,630

and i did a lot of research extensive

828

00:32:14,950 --> 00:32:11,679

research on

829

00:32:17,990 --> 00:32:14,960

ufos and and especially the

830

00:32:19,669 --> 00:32:18,000

contact d phenomena uh those who claim

831

00:32:22,710 --> 00:32:19,679

contact with beings

832

00:32:26,549 --> 00:32:22,720

from other planets coming to visit us

833

00:32:30,630 --> 00:32:26,559

and um i

834

00:32:33,750 --> 00:32:30,640

had since gone into teaching i

835

00:32:36,549 --> 00:32:33,760

i finished my um

836

00:32:39,430 --> 00:32:36,559

my bachelor's degree and went on to get

837

00:32:39,909 --> 00:32:39,440

a master's degree and a doctoral degree

838

00:32:42,870 --> 00:32:39,919

and did

839

00:32:45,110 --> 00:32:42,880

a lot of traveling to other countries so

840

00:32:48,149 --> 00:32:45,120

i kind of put the ufo stuff

841

00:32:51,269 --> 00:32:48,159

on hold but having gone

842

00:32:54,549 --> 00:32:51,279

into the va hospital

843

00:32:57,509 --> 00:32:54,559

and having a and having open heart

844

00:33:00,710 --> 00:32:57,519

surgery i had a quadruple bypass

845

00:33:02,230 --> 00:33:00,720

operation and i thought hey it's time

846

00:33:04,789 --> 00:33:02,240

for me to get this stuff down

847

00:33:07,750 --> 00:33:04,799

on paper this is important this is

848

00:33:10,630 --> 00:33:07,760

important information that

849

00:33:12,950 --> 00:33:10,640

we'll need in the future and it and uh

850

00:33:16,389 --> 00:33:12,960

there are a lot of misconceptions

851

00:33:19,509 --> 00:33:16,399

about uh venus uh our second planet

852

00:33:21,990 --> 00:33:19,519

and um uh first

853

00:33:24,310 --> 00:33:22,000

you know when when we think about it you

854

00:33:28,230 --> 00:33:24,320

know we have the technology ourselves

855

00:33:28,789 --> 00:33:28,240

nowadays um uh in our own material plane

856

00:33:33,430 --> 00:33:28,799

of

857

00:33:38,310 --> 00:33:33,440

live in

858

00:33:41,190 --> 00:33:38,320

in uh other planetary atmospheres

859

00:33:42,070 --> 00:33:41,200

maybe maybe those planets might be too

860

00:33:44,549 --> 00:33:42,080

hot or

861

00:33:45,350 --> 00:33:44,559

too cold but we have the technology

862

00:33:49,830 --> 00:33:45,360

where we can

863

00:33:52,470 --> 00:33:49,840

construct underground facilities

864

00:33:53,509 --> 00:33:52,480

and to protect our astronauts from the

865

00:33:56,870 --> 00:33:53,519

elements or

866

00:34:01,509 --> 00:33:56,880

from surface conditions uh

867

00:34:05,509 --> 00:34:01,519

atmospheric conditions radiation

868

00:34:08,550 --> 00:34:05,519

and so forth and given the fact that

869

00:34:10,230 --> 00:34:08,560

given the fact that the recent european

870

00:34:13,030 --> 00:34:10,240

space agency's venus

871

00:34:13,750 --> 00:34:13,040

express indicated that there may have

872

00:34:16,470 --> 00:34:13,760

been

873

00:34:19,270 --> 00:34:16,480

advanced life on venus for as much as 2

874

00:34:21,109 --> 00:34:19,280

billion years

875

00:34:23,270 --> 00:34:21,119

that's plenty of time for any

876

00:34:24,389 --> 00:34:23,280

civilization to figure out how they

877

00:34:26,629 --> 00:34:24,399

could survive

878

00:34:28,869 --> 00:34:26,639

and even in the third um you know the

879

00:34:30,950 --> 00:34:28,879

third dimension or material level

880

00:34:31,990 --> 00:34:30,960

they could certainly go underground and

881

00:34:35,909 --> 00:34:32,000

uh

882

00:34:39,030 --> 00:34:35,919

and carry on but then i also

883

00:34:41,829 --> 00:34:39,040

um was thinking um you know

884

00:34:42,550 --> 00:34:41,839

are what are what we being told about

885

00:34:45,669 --> 00:34:42,560

venus

886

00:34:46,629 --> 00:34:45,679

by the various space agencies of the

887

00:34:48,629 --> 00:34:46,639

world

888

00:34:50,470 --> 00:34:48,639

accurate because so much of the

889

00:34:52,950 --> 00:34:50,480

information that's coming

890

00:34:53,510 --> 00:34:52,960

from from the former soviet union and

891

00:34:56,310 --> 00:34:53,520

the venue

892

00:35:00,470 --> 00:34:56,320

and their venero program continued by

893

00:35:06,230 --> 00:35:03,910

from the uh united states the mariner

894

00:35:07,109 --> 00:35:06,240

mariner probes and other probes that

895

00:35:10,630 --> 00:35:07,119

we've sent

896

00:35:13,750 --> 00:35:10,640

a lot of this information is is very uh

897

00:35:15,990 --> 00:35:13,760

is very conflicting and

898

00:35:16,950 --> 00:35:16,000

and it doesn't really make sense to me

899

00:35:21,109 --> 00:35:16,960

and

900

00:35:24,230 --> 00:35:21,119

i discussed some of some of these

901
00:35:26,390 --> 00:35:24,240
scenarios in the in the book and i'll be

902
00:35:28,710 --> 00:35:26,400
happy to discuss them this evening with

903
00:35:31,430 --> 00:35:28,720
uh with you gentlemen

904
00:35:33,510 --> 00:35:31,440
well ray i guess the the the biggest

905
00:35:35,829 --> 00:35:33,520
question to ask you is

906
00:35:37,910 --> 00:35:35,839
uh do you believe that there are

907
00:35:41,349 --> 00:35:37,920
venusians out there

908
00:35:45,270 --> 00:35:41,359
oh yes i certainly do um i think

909
00:35:47,990 --> 00:35:45,280
that um that um you know when

910
00:35:49,750 --> 00:35:48,000
we go beyond the the curtain of laughter

911
00:35:53,109 --> 00:35:49,760
that was imposed on the

912
00:35:56,790 --> 00:35:53,119
the contactees uh george adamski

913
00:36:01,510 --> 00:35:56,800

uh howard menger dana howard and others

914

00:36:04,310 --> 00:36:01,520

uh during the 1950s and early 1960s

915

00:36:05,510 --> 00:36:04,320

if we seriously look at what they had to

916

00:36:08,230 --> 00:36:05,520

say

917

00:36:09,510 --> 00:36:08,240

with an unbiased attitude and an open

918

00:36:12,069 --> 00:36:09,520

mind we see that

919

00:36:14,710 --> 00:36:12,079

hey they really were onto something and

920

00:36:17,190 --> 00:36:14,720

a lot of the things that they said

921

00:36:20,630 --> 00:36:17,200

really make sense and are even being

922

00:36:23,750 --> 00:36:20,640

proven today for example

923

00:36:26,790 --> 00:36:23,760

in adamski's books he talks about

924

00:36:27,750 --> 00:36:26,800

there being 12 planets in the solar

925

00:36:31,750 --> 00:36:27,760

system

926
00:36:36,710 --> 00:36:31,760
and just recently discoveries were made

927
00:36:40,310 --> 00:36:36,720
in spain and also in chile at the

928
00:36:43,910 --> 00:36:40,320
observatory there in the atacama

929
00:36:47,990 --> 00:36:43,920
desert region that

930
00:36:50,790 --> 00:36:48,000
that there are trans-neptunian planets

931
00:36:53,030 --> 00:36:50,800
um there are three three more large

932
00:36:55,910 --> 00:36:53,040
objects

933
00:36:56,790 --> 00:36:55,920
one is uh uh bigger than pluto and

934
00:36:58,870 --> 00:36:56,800
another one is

935
00:37:01,589 --> 00:36:58,880
as big as the earth that are out in the

936
00:37:05,190 --> 00:37:01,599
uh in the cooper belt

937
00:37:07,910 --> 00:37:05,200
and uh and then also adamski had uh

938
00:37:09,910 --> 00:37:07,920

had written that there were two asteroid

939

00:37:11,030 --> 00:37:09,920

belts in our solar system they're of

940

00:37:14,230 --> 00:37:11,040

course the one that

941

00:37:17,349 --> 00:37:14,240

we know of between uh mars and

942

00:37:18,310 --> 00:37:17,359

and jupiter but also another one that

943

00:37:20,470 --> 00:37:18,320

existed

944

00:37:23,270 --> 00:37:20,480

beyond pluto and we know well that's the

945

00:37:26,710 --> 00:37:23,280

cooper belt

946

00:37:29,829 --> 00:37:26,720

yeah so

947

00:37:34,790 --> 00:37:29,839

in your book i guess the first contact

948

00:37:37,750 --> 00:37:34,800

d that you actually start to examine is

949

00:37:39,430 --> 00:37:37,760

is hoskin i guess uh sarah hoskin he

950

00:37:42,390 --> 00:37:39,440

actually called himself rampa i think

951
00:37:44,550 --> 00:37:42,400
it was uh can you talk about yeah can

952
00:37:47,349 --> 00:37:44,560
you talk about that a bit

953
00:37:48,069 --> 00:37:47,359
oh yes um well he was a plumber in

954
00:37:51,270 --> 00:37:48,079
england

955
00:37:54,230 --> 00:37:51,280
and uh and uh one day he uh

956
00:37:55,750 --> 00:37:54,240
just uh was working in his yard and he

957
00:37:58,870 --> 00:37:55,760
he fell off a ladder

958
00:37:59,750 --> 00:37:58,880
suffered a a concussion and uh he was

959
00:38:08,069 --> 00:37:59,760
about to

960
00:38:11,190 --> 00:38:08,079
when women a disembodied

961
00:38:14,390 --> 00:38:11,200
spirit of a

962
00:38:17,589 --> 00:38:14,400
of a former tibetan monk

963
00:38:17,990 --> 00:38:17,599

took over his took over his body and

964

00:38:20,470 --> 00:38:18,000

just

965

00:38:22,310 --> 00:38:20,480

carried on where where he left off well

966

00:38:24,790 --> 00:38:22,320

he wrote the third eye

967

00:38:26,550 --> 00:38:24,800

and he wrote many other books uh with

968

00:38:30,230 --> 00:38:26,560

detailed knowledge about

969

00:38:33,829 --> 00:38:30,240

tibet tibetan culture tibetan language

970

00:38:36,550 --> 00:38:33,839

and they even used his uh his books

971

00:38:38,230 --> 00:38:36,560

in uh at the university of michigan at

972

00:38:40,710 --> 00:38:38,240

marquette and other

973

00:38:43,510 --> 00:38:40,720

uh colleges and universities where they

974

00:38:46,870 --> 00:38:43,520

had tibetan studies programs

975

00:38:49,829 --> 00:38:46,880

and um you know this was a basically

976

00:38:50,790 --> 00:38:49,839

uh an illiterate man i mean he did have

977

00:38:53,109 --> 00:38:50,800

um

978

00:38:55,589 --> 00:38:53,119

he had some basic knowledge and he was

979

00:39:00,310 --> 00:38:55,599

interested in theosophy

980

00:39:03,589 --> 00:39:00,320

um but he wasn't um you know

981

00:39:04,870 --> 00:39:03,599

that knowledgeable that that that he

982

00:39:07,910 --> 00:39:04,880

could do all of this

983

00:39:11,349 --> 00:39:07,920

on on his own and uh

984

00:39:15,109 --> 00:39:11,359

he wrote um on one of his what

985

00:39:19,190 --> 00:39:15,119

his last book was my trip to to venus

986

00:39:22,390 --> 00:39:19,200

tuesday lobsang rampa was his name

987

00:39:23,829 --> 00:39:22,400

and he talks about being on the tibetan

988

00:39:27,829 --> 00:39:23,839

plateau

989

00:39:28,150 --> 00:39:27,839

and and ascending a mountainous region

990

00:39:35,270 --> 00:39:28,160

with

991

00:39:38,310 --> 00:39:35,280

and uh boarding a scout uh scout craft

992

00:39:41,589 --> 00:39:38,320

being taken up into uh

993

00:39:43,990 --> 00:39:41,599

a mothership and then passing through

994

00:39:46,630 --> 00:39:44,000

some kind of transdimensional

995

00:39:47,910 --> 00:39:46,640

uh warp which he describes and it's very

996

00:39:51,270 --> 00:39:47,920

interesting because

997

00:39:55,349 --> 00:39:51,280

his description of this passage

998

00:39:58,550 --> 00:39:55,359

through through uh interdimensionality

999

00:40:01,190 --> 00:39:58,560

matches the description given centuries

1000

00:40:04,470 --> 00:40:01,200

before by emmanuel swedenborg this

1001
00:40:07,349 --> 00:40:04,480
uh swedish scientist

1002
00:40:07,829 --> 00:40:07,359
and uh theologian and he also claimed to

1003
00:40:17,190 --> 00:40:07,839
have

1004
00:40:23,030 --> 00:40:20,309
yeah i think some of the um

1005
00:40:24,069 --> 00:40:23,040
some of the things that rampa mentioned

1006
00:40:26,950 --> 00:40:24,079
in in other words

1007
00:40:27,670 --> 00:40:26,960
one of them that really struck me that

1008
00:40:31,510 --> 00:40:27,680
was that

1009
00:40:33,510 --> 00:40:31,520
the um the entirety of earth was a

1010
00:40:35,990 --> 00:40:33,520
colony for the brotherhood

1011
00:40:38,230 --> 00:40:36,000
and the various extraterrestrial races

1012
00:40:40,550 --> 00:40:38,240
patrolling earth to what

1013
00:40:43,270 --> 00:40:40,560

they can call you know tend to mitigate

1014

00:40:44,950 --> 00:40:43,280

the effects of atomic radiation and

1015

00:40:46,950 --> 00:40:44,960

it was helped to save people earth from

1016

00:40:49,750 --> 00:40:46,960

blowing the world to pieces

1017

00:40:52,190 --> 00:40:49,760

so you know we we've heard for many many

1018

00:40:54,710 --> 00:40:52,200

years or people that speculated that

1019

00:40:57,190 --> 00:40:54,720

extraterrestrials

1020

00:40:58,470 --> 00:40:57,200

were actually watching over us so we

1021

00:41:02,870 --> 00:40:58,480

didn't

1022

00:41:05,670 --> 00:41:02,880

destroy ourselves uh so

1023

00:41:06,309 --> 00:41:05,680

are the venetians or the ones actually

1024

00:41:08,550 --> 00:41:06,319

watching us

1025

00:41:09,750 --> 00:41:08,560

or is it is it are there various other

1026

00:41:12,069 --> 00:41:09,760

extraterrestrial rates

1027

00:41:13,190 --> 00:41:12,079

doing that well yes there's a whole

1028

00:41:17,910 --> 00:41:13,200

confederation

1029

00:41:22,069 --> 00:41:17,920

of of various uh races out there in fact

1030

00:41:24,390 --> 00:41:22,079

recently the uh i think it was in 2009

1031

00:41:27,349 --> 00:41:24,400

the former canadian defense minister

1032

00:41:33,670 --> 00:41:30,470

he made some comments uh while traveling

1033

00:41:34,710 --> 00:41:33,680

uh in russia on a television program

1034

00:41:38,349 --> 00:41:34,720

there

1035

00:41:41,510 --> 00:41:38,359

about the existence of some 60

1036

00:41:44,069 --> 00:41:41,520

extraterrestrial races that are known to

1037

00:41:45,270 --> 00:41:44,079

uh be living among us and they looked

1038

00:41:48,470 --> 00:41:45,280

for the most part

1039

00:41:51,510 --> 00:41:48,480

they they they looked just like us

1040

00:41:55,190 --> 00:41:51,520

right except for some minor

1041

00:41:58,390 --> 00:41:55,200

some minor minor details

1042

00:42:00,829 --> 00:41:58,400

but interestingly enough on on one of

1043

00:42:05,510 --> 00:42:00,839

your prior programs with

1044

00:42:07,510 --> 00:42:05,520

uh mrs nick redfern

1045

00:42:10,630 --> 00:42:07,520

you were discussing some of those

1046

00:42:15,750 --> 00:42:13,670

yeah the uh and basically

1047

00:42:16,870 --> 00:42:15,760

the one we were discussing was the

1048

00:42:20,550 --> 00:42:16,880

negative rh

1049

00:42:23,109 --> 00:42:20,560

factor and that you know only a small

1050

00:42:25,589 --> 00:42:23,119

portion of the population

1051
00:42:27,589 --> 00:42:25,599
and i think the majority of those come

1052
00:42:30,390 --> 00:42:27,599
from central europe

1053
00:42:31,510 --> 00:42:30,400
uh have that rh negative factor in their

1054
00:42:34,230 --> 00:42:31,520
blood

1055
00:42:36,150 --> 00:42:34,240
oh yes that that is that is absolutely

1056
00:42:39,430 --> 00:42:36,160
correct and and the uh

1057
00:42:42,829 --> 00:42:39,440
that higher concentration is in the uh

1058
00:42:44,150 --> 00:42:42,839
in the pyrenees mountains um extending

1059
00:42:47,670 --> 00:42:44,160
from

1060
00:42:51,030 --> 00:42:47,680
the way

1061
00:42:55,589 --> 00:42:51,040
across down to uh

1062
00:42:59,750 --> 00:42:55,599
down to like the ending in the barcelona

1063
00:43:03,030 --> 00:42:59,760

region in spain and

1064

00:43:06,230 --> 00:43:03,040

this these people um uh

1065

00:43:06,550 --> 00:43:06,240

have that different physio physiology

1066

00:43:09,990 --> 00:43:06,560

and

1067

00:43:12,069 --> 00:43:10,000

mark kurlansky's book on the history of

1068

00:43:15,270 --> 00:43:12,079

the bosque people he um

1069

00:43:18,309 --> 00:43:15,280

he goes into great detail about these

1070

00:43:19,510 --> 00:43:18,319

uh some of these physiological

1071

00:43:23,270 --> 00:43:19,520

differences

1072

00:43:26,550 --> 00:43:23,280

and uh explains the mysterious origins

1073

00:43:27,030 --> 00:43:26,560

of the the bosque that their language

1074

00:43:30,910 --> 00:43:27,040

doesn't

1075

00:43:32,550 --> 00:43:30,920

uh um coincide with any of the other

1076

00:43:35,670 --> 00:43:32,560

indo-european

1077

00:43:37,270 --> 00:43:35,680

uh language groups their origin is a

1078

00:43:39,349 --> 00:43:37,280

mystery and

1079

00:43:40,790 --> 00:43:39,359

among the basques themselves they

1080

00:43:44,390 --> 00:43:40,800

believe that they

1081

00:43:46,470 --> 00:43:44,400

they may have been descended from the

1082

00:43:48,550 --> 00:43:46,480

survivors that escaped from the

1083

00:43:50,630 --> 00:43:48,560

destruction of the lost continent of

1084

00:43:54,150 --> 00:43:50,640

atlantis

1085

00:43:57,270 --> 00:43:54,160

right which which um co

1086

00:43:59,829 --> 00:43:57,280

and uh and menger and others uh

1087

00:44:02,470 --> 00:43:59,839

have equated to also having been a

1088

00:44:06,230 --> 00:44:02,480

venusian colony at one time

1089

00:44:06,870 --> 00:44:06,240

that in the marian uh colony as well

1090

00:44:09,990 --> 00:44:06,880

right

1091

00:44:15,109 --> 00:44:10,000

they became boring factions yeah yes

1092

00:44:16,870 --> 00:44:15,119

the war um the previous cold war

1093

00:44:18,309 --> 00:44:16,880

that existed on the earth but when you

1094

00:44:21,510 --> 00:44:18,319

look at the earth from

1095

00:44:22,230 --> 00:44:21,520

from space and you look at the iberian

1096

00:44:25,589 --> 00:44:22,240

peninsula

1097

00:44:27,670 --> 00:44:25,599

it's very easy to identify just like the

1098

00:44:29,430 --> 00:44:27,680

you know just like the great lakes would

1099

00:44:31,109 --> 00:44:29,440

would be the great lakes

1100

00:44:33,349 --> 00:44:31,119

sort of looks like the heart of the

1101

00:44:36,630 --> 00:44:33,359

earth from from

1102

00:44:39,190 --> 00:44:36,640

looking at it and from from out in space

1103

00:44:42,390 --> 00:44:39,200

on a clear day and it's so easy to

1104

00:44:45,670 --> 00:44:42,400

identify the um the iberian

1105

00:44:48,150 --> 00:44:45,680

peninsula as well and my own research i

1106

00:44:50,069 --> 00:44:48,160

found out that on each side of the

1107

00:44:52,710 --> 00:44:50,079

pyrenees on the

1108

00:44:54,950 --> 00:44:52,720

on the that side fronting the atlantic

1109

00:44:58,550 --> 00:44:54,960

ocean and the other side fronting

1110

00:45:02,069 --> 00:44:58,560

the uh mediterranean um

1111

00:45:05,270 --> 00:45:02,079

there was um at one time there were

1112

00:45:08,790 --> 00:45:05,280

there was a greek temple on the tavina

1113

00:45:11,910 --> 00:45:08,800

to aphrodite on the um

1114

00:45:14,870 --> 00:45:11,920

on the mediterranean side

1115

00:45:15,670 --> 00:45:14,880

and then there was a roman uh temple to

1116

00:45:18,230 --> 00:45:15,680

venus on

1117

00:45:19,589 --> 00:45:18,240

on the other side and it it could have

1118

00:45:22,790 --> 00:45:19,599

been that

1119

00:45:27,270 --> 00:45:22,800

that this was a flight path for the uh

1120

00:45:32,150 --> 00:45:30,150

during prior ages because uh it just

1121

00:45:35,190 --> 00:45:32,160

serves as an it's just a natural

1122

00:45:38,150 --> 00:45:35,200

beacon and today

1123

00:45:38,470 --> 00:45:38,160

uh most of the ufo sightings in europe

1124

00:45:41,589 --> 00:45:38,480

are

1125

00:45:44,630 --> 00:45:41,599

in fact over spain and portugal and

1126
00:45:45,030 --> 00:45:44,640
uh you're right they are yeah yes and

1127
00:45:51,510 --> 00:45:45,040
over

1128
00:45:52,470 --> 00:45:51,520
are the countries that jason across from

1129
00:45:55,990 --> 00:45:52,480
the

1130
00:45:58,710 --> 00:45:56,000
um

1131
00:46:00,150 --> 00:45:58,720
in the united states uh you know you

1132
00:46:04,150 --> 00:46:00,160
would think it would be

1133
00:46:04,790 --> 00:46:04,160
um california or new mexico that would

1134
00:46:07,109 --> 00:46:04,800
be

1135
00:46:08,309 --> 00:46:07,119
in the league but it's not ohio is

1136
00:46:10,309 --> 00:46:08,319
actually

1137
00:46:11,750 --> 00:46:10,319
uh in the lead and that's right in the

1138
00:46:15,270 --> 00:46:11,760

center of the

1139

00:46:15,829 --> 00:46:15,280

of the great lakes region and there's a

1140

00:46:19,109 --> 00:46:15,839

lot of

1141

00:46:21,349 --> 00:46:19,119

uh belief out there that the great lake

1142

00:46:24,470 --> 00:46:21,359

erie there may be

1143

00:46:26,829 --> 00:46:24,480

a saucer base underneath lake erie

1144

00:46:27,990 --> 00:46:26,839

because there's so many reports of

1145

00:46:31,670 --> 00:46:28,000

unidentified

1146

00:46:34,950 --> 00:46:31,680

uh submarine objects and

1147

00:46:38,470 --> 00:46:34,960

catalogued over time i i grew up

1148

00:46:41,589 --> 00:46:38,480

between the cleveland area

1149

00:46:45,750 --> 00:46:41,599

of bedford ohio as my hometown and

1150

00:46:48,870 --> 00:46:45,760

los angeles but uh ohio is uh definitely

1151

00:46:52,390 --> 00:46:48,880

the the mecca for uh uh

1152

00:46:54,790 --> 00:46:52,400

incoming spacecraft well there have

1153

00:46:56,390 --> 00:46:54,800

ever over the last well i don't know

1154

00:46:57,670 --> 00:46:56,400

maybe the last decade or so there have

1155

00:47:01,030 --> 00:46:57,680

been a lot

1156

00:47:04,069 --> 00:47:01,040

of craft uh uh

1157

00:47:05,750 --> 00:47:04,079

captured on film above lake erie a lot

1158

00:47:09,510 --> 00:47:05,760

of weird

1159

00:47:12,630 --> 00:47:09,520

uh motion and lights in the sky

1160

00:47:14,309 --> 00:47:12,640

i i've also been in well i've been

1161

00:47:17,510 --> 00:47:14,319

investigating for a while now

1162

00:47:20,790 --> 00:47:17,520

uh possible submerged uh craft

1163

00:47:24,549 --> 00:47:20,800

entering into um

1164

00:47:27,990 --> 00:47:24,559

into uh lake ontario not far

1165

00:47:30,870 --> 00:47:28,000

actually from hamilton uh

1166

00:47:33,270 --> 00:47:30,880

that there may also be a base underwater

1167

00:47:36,230 --> 00:47:33,280

there as well

1168

00:47:38,710 --> 00:47:36,240

uh but you're right i mean their lake

1169

00:47:41,589 --> 00:47:38,720

here itself has had a lot

1170

00:47:43,109 --> 00:47:41,599

a lot of sightings now um you know you

1171

00:47:46,309 --> 00:47:43,119

were mentioning

1172

00:47:48,230 --> 00:47:46,319

uh man this is kind of off topic but i'd

1173

00:47:50,549 --> 00:47:48,240

just like to have your opinion

1174

00:47:53,109 --> 00:47:50,559

where do you think that atlantis

1175

00:47:56,230 --> 00:47:53,119

actually was located

1176

00:48:00,470 --> 00:47:56,240

oh i believe that it's just as just

1177

00:48:02,309 --> 00:48:00,480

as plato described it as beyond the

1178

00:48:04,150 --> 00:48:02,319

beyond the pillars of hercules which

1179

00:48:07,750 --> 00:48:04,160

would place it somewhere

1180

00:48:11,190 --> 00:48:07,760

um in the atlantic ocean and uh

1181

00:48:15,270 --> 00:48:11,200

we also look at um you know look at the

1182

00:48:18,549 --> 00:48:15,280

um the structures and formations and the

1183

00:48:21,750 --> 00:48:18,559

um the azores and uh madeira and

1184

00:48:27,030 --> 00:48:24,790

and other islands in the uh at

1185

00:48:29,349 --> 00:48:27,040

atlantic and it seems that they were

1186

00:48:32,549 --> 00:48:29,359

once part of something

1187

00:48:35,109 --> 00:48:32,559

something bigger when we look at the at

1188

00:48:38,230 --> 00:48:35,119

the structural formations uh

1189

00:48:41,190 --> 00:48:38,240

geological beneath the uh the sea

1190

00:48:42,309 --> 00:48:41,200

and the continental plates and so forth

1191

00:48:45,190 --> 00:48:42,319

in that area

1192

00:48:48,790 --> 00:48:45,200

yeah i believe that it was right there

1193

00:48:52,950 --> 00:48:48,800

right where plato said it was okay

1194

00:48:54,790 --> 00:48:52,960

um now in the book you had stated that

1195

00:48:55,990 --> 00:48:54,800

these emissaries or maybe one particular

1196

00:49:00,150 --> 00:48:56,000

emissary

1197

00:49:00,470 --> 00:49:00,160

had stated that uh maybe nasa or just

1198

00:49:05,270 --> 00:49:00,480

the

1199

00:49:08,950 --> 00:49:07,990

a bit of a conspiracy about venus and in

1200

00:49:12,309 --> 00:49:08,960

fact that

1201

00:49:15,670 --> 00:49:12,319

they were kind of telling us

1202

00:49:18,950 --> 00:49:15,680

about the surface being uninhabitable

1203

00:49:21,990 --> 00:49:18,960

which is not the the truth that there

1204

00:49:25,510 --> 00:49:22,000

isn't a habitable zone at least

1205

00:49:28,470 --> 00:49:25,520

on surface on venus

1206

00:49:29,190 --> 00:49:28,480

oh yes uh well i've done some research

1207

00:49:33,990 --> 00:49:29,200

in uh

1208

00:49:37,589 --> 00:49:34,000

in the soviet uh documents and

1209

00:49:37,990 --> 00:49:37,599

i had access i followed up leads in the

1210

00:49:41,030 --> 00:49:38,000

uh

1211

00:49:43,109 --> 00:49:41,040

in the gray barker collection in

1212

00:49:46,630 --> 00:49:43,119

clarksburg

1213

00:49:49,430 --> 00:49:46,640

in in in pursuing these and

1214

00:49:50,150 --> 00:49:49,440

discovered that there's a lot of things

1215

00:49:54,630 --> 00:49:50,160

that

1216

00:49:57,750 --> 00:49:54,640

discovering

1217

00:50:00,710 --> 00:49:57,760

more about about venus in fact

1218

00:50:04,230 --> 00:50:00,720

their whole um space program their

1219

00:50:07,510 --> 00:50:04,240

unmanned program was almost exclusively

1220

00:50:10,829 --> 00:50:07,520

uh devoted uh to venus they just

1221

00:50:14,230 --> 00:50:10,839

used the moon in a few initial um

1222

00:50:16,230 --> 00:50:14,240

uh tests with uh you know unmanned with

1223

00:50:19,109 --> 00:50:16,240

probes and so forth

1224

00:50:20,470 --> 00:50:19,119

uh but then they they sent over you know

1225

00:50:23,030 --> 00:50:20,480

something like um

1226

00:50:23,990 --> 00:50:23,040

25 while the soviet union was around

1227

00:50:27,270 --> 00:50:24,000

they sent

1228

00:50:31,030 --> 00:50:27,280

uh over 25 missions uh to

1229

00:50:32,069 --> 00:50:31,040

to venus and uh one of the things that

1230

00:50:35,190 --> 00:50:32,079

they talked about

1231

00:50:38,390 --> 00:50:35,200

was uh um the existence

1232

00:50:41,430 --> 00:50:38,400

that like uh uh

1233

00:50:42,150 --> 00:50:41,440

kosarev and others uh that they were

1234

00:50:45,670 --> 00:50:42,160

convinced

1235

00:50:49,190 --> 00:50:45,680

that that venus had a

1236

00:50:53,109 --> 00:50:49,200

a breathable um atmosphere and actually

1237

00:50:55,349 --> 00:50:53,119

uh uh temperatures that in some parts as

1238

00:50:58,150 --> 00:50:55,359

you said some parts that could

1239

00:50:59,910 --> 00:50:58,160

sustain life and one of the premises

1240

00:51:02,870 --> 00:50:59,920

that they operated on

1241

00:51:04,150 --> 00:51:02,880

was that was based on the fact that

1242

00:51:07,390 --> 00:51:04,160

gases

1243

00:51:10,710 --> 00:51:07,400

you know they differ in magnetic uh

1244

00:51:11,990 --> 00:51:10,720

susceptibilities so you have some that

1245

00:51:15,030 --> 00:51:12,000

are paramagnetic

1246

00:51:17,829 --> 00:51:15,040

and others that are diamagnetic um

1247

00:51:20,230 --> 00:51:17,839

and it just happens that oxygen uh is

1248

00:51:23,109 --> 00:51:20,240

the most strongly paramagnetic

1249

00:51:26,790 --> 00:51:23,119

and carbon dioxide is is the most

1250

00:51:30,630 --> 00:51:26,800

strongly diamagnetic of gases

1251
00:51:32,950 --> 00:51:30,640
so um so what it what that means is that

1252
00:51:34,549 --> 00:51:32,960
is that the forces involved as small but

1253
00:51:37,190 --> 00:51:34,559
if they're combined

1254
00:51:38,870 --> 00:51:37,200
uh with a thermal effect or a green

1255
00:51:41,190 --> 00:51:38,880
greenhouse effect

1256
00:51:43,109 --> 00:51:41,200
then they they should lead to a definite

1257
00:51:46,790 --> 00:51:43,119
tendency for the carbon

1258
00:51:49,910 --> 00:51:46,800
dioxide to rise above the oxygen

1259
00:51:51,270 --> 00:51:49,920
not the other way uh not the other way

1260
00:51:54,950 --> 00:51:51,280
around

1261
00:51:56,950 --> 00:51:54,960
um so what i'm saying is that since

1262
00:52:00,230 --> 00:51:56,960
venus is like the earth

1263
00:52:01,430 --> 00:52:00,240

in size and mass it's only 300 miles in

1264

00:52:05,030 --> 00:52:01,440

diameter

1265

00:52:06,390 --> 00:52:05,040

less than the the earth and on a cosmic

1266

00:52:09,829 --> 00:52:06,400

scale that's

1267

00:52:12,470 --> 00:52:09,839

really nothing so the absence of

1268

00:52:13,030 --> 00:52:12,480

any significant amount of oxygen would

1269

00:52:20,230 --> 00:52:13,040

be

1270

00:52:23,829 --> 00:52:20,240

somewhere so um

1271

00:52:24,870 --> 00:52:23,839

so on the whole you know that the at

1272

00:52:27,750 --> 00:52:24,880

that the oxygen

1273

00:52:30,829 --> 00:52:27,760

is in the lower atmosphere because the

1274

00:52:35,109 --> 00:52:30,839

carbon dioxide has has risen

1275

00:52:37,510 --> 00:52:35,119

has had risen above it so um

1276

00:52:39,510 --> 00:52:37,520

you know therefore there should be there

1277

00:52:43,430 --> 00:52:39,520

should be a breathable atmosphere

1278

00:52:46,309 --> 00:52:43,440

un underneath there by all reckoning

1279

00:52:48,470 --> 00:52:46,319

at least in the at least in the soviet

1280

00:52:50,950 --> 00:52:48,480

conception of why they would

1281

00:52:51,750 --> 00:52:50,960

dedicate all this time and money and

1282

00:52:54,950 --> 00:52:51,760

effort to go

1283

00:52:57,910 --> 00:52:54,960

to venus rather than mars which

1284

00:53:01,109 --> 00:52:57,920

which the americans assume would be the

1285

00:53:02,950 --> 00:53:01,119

more hospitable climate

1286

00:53:04,390 --> 00:53:02,960

well let's talk about some more of the

1287

00:53:07,750 --> 00:53:04,400

emissaries uh

1288

00:53:09,030 --> 00:53:07,760

first of all adamski's encounter with

1289

00:53:13,190 --> 00:53:09,040

orton now ortho

1290

00:53:16,390 --> 00:53:13,200

was supposedly the um

1291

00:53:19,750 --> 00:53:16,400

i guess he was the first emissary to

1292

00:53:20,470 --> 00:53:19,760

be recognized uh in other words but

1293

00:53:23,589 --> 00:53:20,480

adamski

1294

00:53:26,870 --> 00:53:23,599

actually he had met with several

1295

00:53:29,430 --> 00:53:26,880

uh can you explain can you talk about

1296

00:53:31,990 --> 00:53:29,440

orathon and give us a brief

1297

00:53:33,750 --> 00:53:32,000

uh idea who he was and who he said he

1298

00:53:39,270 --> 00:53:33,760

was

1299

00:53:42,870 --> 00:53:39,280

okay well um uh orthon is a is an entity

1300

00:53:44,790 --> 00:53:42,880

that identified himself telepathically

1301
00:53:46,790 --> 00:53:44,800
as coming from

1302
00:53:47,829 --> 00:53:46,800
from the second planet in the solar

1303
00:53:51,190 --> 00:53:47,839
system from

1304
00:53:54,870 --> 00:53:51,200
from venus he had been

1305
00:53:59,589 --> 00:53:54,880
in communication with adamski previously

1306
00:54:02,950 --> 00:53:59,599
um through through telepathy

1307
00:54:06,309 --> 00:54:02,960
and possibly imparted to him knowledge

1308
00:54:09,670 --> 00:54:06,319
about space and civilizations there

1309
00:54:09,990 --> 00:54:09,680
earlier in 1946 sadansky wrote a book

1310
00:54:13,990 --> 00:54:10,000
called

1311
00:54:18,390 --> 00:54:14,000
pioneers of space which was a which was

1312
00:54:21,829 --> 00:54:18,400
a science fiction novel and uh

1313
00:54:22,549 --> 00:54:21,839

while damski had uh up to that time he

1314

00:54:27,109 --> 00:54:22,559

had

1315

00:54:30,390 --> 00:54:27,119

not been um particularly

1316

00:54:33,750 --> 00:54:30,400

um interested in

1317

00:54:37,990 --> 00:54:33,760

in outer space or space phenomena

1318

00:54:41,829 --> 00:54:38,000

he was of a receptive mind he was a

1319

00:54:45,109 --> 00:54:41,839

member of the theosophical society

1320

00:54:48,069 --> 00:54:45,119

he had a organized

1321

00:54:49,349 --> 00:54:48,079

loyal order of tibet and he did programs

1322

00:54:56,390 --> 00:54:49,359

on

1323

00:54:57,109 --> 00:54:56,400

tibetan buddhism uh and so forth so he

1324

00:55:00,390 --> 00:54:57,119

was kind of

1325

00:55:03,430 --> 00:55:00,400

receptive to

1326
00:55:06,069 --> 00:55:03,440
advanced knowledge for further light

1327
00:55:07,510 --> 00:55:06,079
and illumination to come so it's not

1328
00:55:11,750 --> 00:55:07,520
surprising that

1329
00:55:14,630 --> 00:55:11,760
that that our brothers and sisters of

1330
00:55:18,950 --> 00:55:14,640
other planets would happen to choose

1331
00:55:21,270 --> 00:55:18,960
to choose him because they wanted

1332
00:55:23,349 --> 00:55:21,280
somebody that wouldn't you know close

1333
00:55:26,309 --> 00:55:23,359
their mind through

1334
00:55:26,870 --> 00:55:26,319
um to this information and and the role

1335
00:55:31,349 --> 00:55:26,880
that

1336
00:55:35,670 --> 00:55:31,359
he was being asked to play right

1337
00:55:37,670 --> 00:55:35,680
um now let's talk about uh moving

1338
00:55:39,190 --> 00:55:37,680

up a little bit let's let's talk about

1339

00:55:42,309 --> 00:55:39,200

valiant thor

1340

00:55:44,390 --> 00:55:42,319

now i had posted an old article i had

1341

00:55:47,430 --> 00:55:44,400

about valiant thor

1342

00:55:47,990 --> 00:55:47,440

uh in the newsletter today or on the

1343

00:55:51,270 --> 00:55:48,000

blog

1344

00:55:54,710 --> 00:55:51,280

day but of course

1345

00:55:57,430 --> 00:55:54,720

what he did takes a little explanation

1346

00:55:58,230 --> 00:55:57,440

hopefully you can well i know you can

1347

00:56:00,950 --> 00:55:58,240

explain to

1348

00:56:02,309 --> 00:56:00,960

the listeners who valiant thor was what

1349

00:56:05,829 --> 00:56:02,319

he did

1350

00:56:09,349 --> 00:56:05,839

and the significance of his uh

1351

00:56:12,390 --> 00:56:09,359

of his trip to uh to earth

1352

00:56:15,670 --> 00:56:12,400

yes um during the um

1353

00:56:18,870 --> 00:56:15,680

in uh in 1957

1354

00:56:22,309 --> 00:56:18,880

valiant order was sent as an emissary

1355

00:56:25,430 --> 00:56:22,319

um to the united states um

1356

00:56:27,990 --> 00:56:25,440

to the to the pentagon

1357

00:56:30,630 --> 00:56:28,000

and he was there for a period of three

1358

00:56:33,190 --> 00:56:30,640

of three years

1359

00:56:34,230 --> 00:56:33,200

he brought various devices with him to

1360

00:56:38,390 --> 00:56:34,240

prove

1361

00:56:42,870 --> 00:56:40,870

he came with a with an agenda from the

1362

00:56:49,109 --> 00:56:42,880

hierarchy of light to convince

1363

00:56:49,119 --> 00:56:52,870

about

1364

00:56:56,230 --> 00:56:55,750

going out into space venturing out into

1365

00:56:58,109 --> 00:56:56,240

space

1366

00:56:59,589 --> 00:56:58,119

what they would encounter there their

1367

00:57:03,109 --> 00:56:59,599

responsibilities

1368

00:57:06,150 --> 00:57:03,119

the existence of a galactic community

1369

00:57:10,870 --> 00:57:06,160

and and so forth and

1370

00:57:13,910 --> 00:57:10,880

this was related by

1371

00:57:17,190 --> 00:57:13,920

reverend frank strange he was also a

1372

00:57:20,870 --> 00:57:17,200

law enforcement official

1373

00:57:24,950 --> 00:57:20,880

and he

1374

00:57:28,069 --> 00:57:24,960

by various means ultimately met with

1375

00:57:31,510 --> 00:57:28,079

valiant thor being taken into the

1376

00:57:35,990 --> 00:57:31,520

pentagon sort of surreptitiously

1377

00:57:39,670 --> 00:57:36,000

um by a mrs warren that's the name that

1378

00:57:43,349 --> 00:57:39,680

they just gave to protect her

1379

00:57:46,390 --> 00:57:43,359

and uh so he wrote um um

1380

00:57:47,510 --> 00:57:46,400

up his account of his meeting with with

1381

00:57:49,750 --> 00:57:47,520

valiant thor

1382

00:57:51,829 --> 00:57:49,760

in a book called stranger in the uh

1383

00:57:55,109 --> 00:57:51,839

pentagon

1384

00:57:58,390 --> 00:57:55,119

now um what i did in uh in the

1385

00:58:01,589 --> 00:57:58,400

in venus rising was i had uh

1386

00:58:02,309 --> 00:58:01,599

access to um all the papers personal

1387

00:58:05,910 --> 00:58:02,319

papers

1388

00:58:09,030 --> 00:58:05,920

and artifacts of august c roberts who

1389

00:58:11,829 --> 00:58:09,040

he who he was a photographer um

1390

00:58:13,510 --> 00:58:11,839

in new jersey and he he's the one who

1391

00:58:16,549 --> 00:58:13,520

took the pictures

1392

00:58:17,430 --> 00:58:16,559

of um he's the one who took these

1393

00:58:21,030 --> 00:58:17,440

pictures

1394

00:58:22,470 --> 00:58:21,040

of valiant thor and and two other of his

1395

00:58:25,589 --> 00:58:22,480

crew member

1396

00:58:26,470 --> 00:58:25,599

when when they were at the high bridge

1397

00:58:30,710 --> 00:58:26,480

farm of

1398

00:58:34,470 --> 00:58:30,720

howard menger the contact e and

1399

00:58:38,150 --> 00:58:34,480

and then and then later on

1400

00:58:41,430 --> 00:58:38,160

in speaking with um

1401
00:58:44,549 --> 00:58:41,440
with dr strange and putting together

1402
00:58:46,710 --> 00:58:44,559
um an accurate account of it and

1403
00:58:47,990 --> 00:58:46,720
what i did in venus rising in one

1404
00:58:51,430 --> 00:58:48,000
section

1405
00:58:54,789 --> 00:58:51,440
was to take the things that

1406
00:58:56,230 --> 00:58:54,799
were circumstantial to the visit of

1407
00:58:59,510 --> 00:58:56,240
valiant thor

1408
00:59:02,069 --> 00:58:59,520
um the the mothership the presence of

1409
00:59:04,309 --> 00:59:02,079
the mothership and the times that

1410
00:59:05,430 --> 00:59:04,319
that he indicated what evidence was

1411
00:59:09,109 --> 00:59:05,440
there for it

1412
00:59:11,589 --> 00:59:09,119
and i i actually found quite a bit

1413
00:59:14,789 --> 00:59:11,599

um that the arrival of the the

1414

00:59:19,990 --> 00:59:14,799

mothership in 1946

1415

00:59:24,309 --> 00:59:22,470

through observations that were made by

1416

00:59:28,230 --> 00:59:24,319

the military

1417

00:59:28,710 --> 00:59:28,240

out in new mexico at white sands and

1418

00:59:32,069 --> 00:59:28,720

others

1419

00:59:35,990 --> 00:59:32,079

and that were released are investigated

1420

00:59:39,030 --> 00:59:36,000

by retired major donald e kehoe

1421

00:59:43,349 --> 00:59:39,040

of uh nycap about the

1422

00:59:46,549 --> 00:59:43,359

president's in in 1954 and 1955

1423

00:59:47,670 --> 00:59:46,559

the united states was tracking uh was

1424

00:59:51,430 --> 00:59:47,680

tracking not just

1425

00:59:53,910 --> 00:59:51,440

one but but three um unknown satellites

1426
00:59:55,190 --> 00:59:53,920
that were in orbit around the earth and

1427
00:59:57,589 --> 00:59:55,200
the exact orbit

1428
00:59:58,789 --> 00:59:57,599
that uh valiant thor described the

1429
01:00:01,950 --> 00:59:58,799
mothership

1430
01:00:04,950 --> 01:00:01,960
as being in in a particular

1431
01:00:08,870 --> 01:00:04,960
geostationary orbit then later on

1432
01:00:12,069 --> 01:00:08,880
um the uh the black knight

1433
01:00:13,109 --> 01:00:12,079
the so-called black knight satellite and

1434
01:00:17,190 --> 01:00:13,119
then

1435
01:00:20,069 --> 01:00:17,200
black knight satellite

1436
01:00:20,470 --> 01:00:20,079
uh from the earth orbit at the same time

1437
01:00:23,910 --> 01:00:20,480
that

1438
01:00:27,510 --> 01:00:23,920

uh a relatively a short time after

1439

01:00:30,789 --> 01:00:27,520

um valiant thor had left

1440

01:00:34,710 --> 01:00:30,799

the the pentagon along with another

1441

01:00:38,230 --> 01:00:34,720

uh venusian contingent of of about

1442

01:00:40,829 --> 01:00:38,240

70 others here on the earth at that time

1443

01:00:42,390 --> 01:00:40,839

so i actually traced these things to

1444

01:00:45,589 --> 01:00:42,400

real um

1445

01:00:48,390 --> 01:00:45,599

real physical events and

1446

01:00:50,150 --> 01:00:48,400

through contacts in california with the

1447

01:00:53,990 --> 01:00:50,160

new millennial star and

1448

01:00:57,030 --> 01:00:54,000

we worked very closely with andy reese

1449

01:00:59,349 --> 01:00:57,040

of the weekly world news and also

1450

01:01:01,190 --> 01:00:59,359

uh gabriel greene of the amalgamated

1451

01:01:03,030 --> 01:01:01,200

flying saucer clubs

1452

01:01:04,309 --> 01:01:03,040

of america and i got a lot of

1453

01:01:07,349 --> 01:01:04,319

information

1454

01:01:09,109 --> 01:01:07,359

about uh valiant thor from them that i

1455

01:01:10,630 --> 01:01:09,119

used to fill in the blanks with

1456

01:01:13,910 --> 01:01:10,640

strange's story

1457

01:01:14,309 --> 01:01:13,920

in my book venus rising well i tell you

1458

01:01:18,150 --> 01:01:14,319

your

1459

01:01:21,589 --> 01:01:18,160

interview with uh with green and others

1460

01:01:22,470 --> 01:01:21,599

was very interesting uh can you go over

1461

01:01:25,589 --> 01:01:22,480

that a little bit

1462

01:01:28,390 --> 01:01:25,599

uh because this involves roswell

1463

01:01:30,309 --> 01:01:28,400

and a few a few other things that they

1464

01:01:33,990 --> 01:01:30,319

put together for you

1465

01:01:37,109 --> 01:01:34,000

oh yes um yes i'll be delighted to uh

1466

01:01:40,470 --> 01:01:37,119

i'll be delighted to do that

1467

01:01:43,910 --> 01:01:40,480

and uh also um besides just

1468

01:01:45,750 --> 01:01:43,920

um the the interview itself i i made

1469

01:01:47,589 --> 01:01:45,760

sure that it was documented and

1470

01:01:51,990 --> 01:01:47,599

footnoted so that

1471

01:01:55,589 --> 01:01:52,000

as as as strange and incredible

1472

01:01:57,109 --> 01:01:55,599

as as the uh the dialogue may seem i

1473

01:01:59,670 --> 01:01:57,119

mean it sounds like it's from a

1474

01:02:02,230 --> 01:01:59,680

hollywood picture

1475

01:02:04,069 --> 01:02:02,240

but if you if you pay really close

1476

01:02:05,829 --> 01:02:04,079

attention and look at the

1477

01:02:07,510 --> 01:02:05,839

at the footnotes and see what they're

1478

01:02:10,950 --> 01:02:07,520

saying you could

1479

01:02:11,349 --> 01:02:10,960

you could tell it's for real that it's

1480

01:02:16,390 --> 01:02:11,359

not

1481

01:02:18,549 --> 01:02:16,400

story it's beyond

1482

01:02:19,430 --> 01:02:18,559

it you know it's beyond imagination

1483

01:02:22,549 --> 01:02:19,440

because it's

1484

01:02:24,150 --> 01:02:22,559

it's authentic well i tell you uh before

1485

01:02:27,349 --> 01:02:24,160

you start talking about it

1486

01:02:30,549 --> 01:02:27,359

i will say it floored me it really did i

1487

01:02:33,190 --> 01:02:30,559

uh because that's

1488

01:02:33,990 --> 01:02:33,200

that's why i kept mentioning how well

1489

01:02:37,510 --> 01:02:34,000

sourced your book

1490

01:02:40,390 --> 01:02:37,520

was and uh it did i because i went and

1491

01:02:42,630 --> 01:02:40,400

checked everything as i was reading and

1492

01:02:43,910 --> 01:02:42,640

yeah it's uh it's an amazing it's an

1493

01:02:48,309 --> 01:02:43,920

amazing interview so

1494

01:02:51,750 --> 01:02:48,319

i'll let you talk about it okay um

1495

01:02:55,029 --> 01:02:54,150

kind of it's it's pretty deep and it's

1496

01:02:59,190 --> 01:02:55,039

it's long

1497

01:03:03,510 --> 01:02:59,200

so i'll try to i will try to

1498

01:03:05,589 --> 01:03:03,520

summarize it there's um

1499

01:03:07,430 --> 01:03:05,599

there's an individual in the book and i

1500

01:03:10,390 --> 01:03:07,440

don't want to

1501
01:03:11,750 --> 01:03:10,400
um give it away but this it's an

1502
01:03:16,150 --> 01:03:11,760
individual

1503
01:03:20,309 --> 01:03:16,160
a friend of gabriel greene um

1504
01:03:24,630 --> 01:03:20,319
she is meeting with uh andy reitz myself

1505
01:03:27,670 --> 01:03:24,640
um and uh another member of uh

1506
01:03:30,150 --> 01:03:27,680
osiris and we're outside of uh

1507
01:03:32,069 --> 01:03:30,160
gabriel green's house in yucca valley

1508
01:03:35,670 --> 01:03:32,079
california there's a little

1509
01:03:37,910 --> 01:03:35,680
like a private chapel that's not

1510
01:03:39,270 --> 01:03:37,920
far from there and gabe frequently goes

1511
01:03:42,829 --> 01:03:39,280
there to

1512
01:03:47,190 --> 01:03:42,839
um to to meet with

1513
01:03:49,190 --> 01:03:47,200

people and uh are in the ufo community

1514

01:03:51,349 --> 01:03:49,200

so we're we're kind of having putting

1515

01:03:53,910 --> 01:03:51,359

our heads together to find out what's

1516

01:03:57,029 --> 01:03:53,920

going on with the venusians

1517

01:03:58,470 --> 01:03:57,039

because our our friend who traveled from

1518

01:04:02,309 --> 01:03:58,480

south america

1519

01:04:06,470 --> 01:04:02,319

to uh to meet with us is intimately

1520

01:04:09,349 --> 01:04:06,480

connected um to the planet venus

1521

01:04:11,349 --> 01:04:09,359

and uh let me see if i can find that

1522

01:04:14,470 --> 01:04:11,359

section i'll read some

1523

01:04:22,549 --> 01:04:18,390

okay the book is the book is over

1524

01:04:25,510 --> 01:04:22,559

um 300 pages and it is

1525

01:04:26,069 --> 01:04:25,520

it's fully illustrated and the pages are

1526

01:04:29,589 --> 01:04:26,079

pages

1527

01:04:31,990 --> 01:04:29,599

are large and so there's a lot of

1528

01:04:34,390 --> 01:04:32,000

there's definitely a lot of information

1529

01:04:47,430 --> 01:04:34,400

in here

1530

01:04:50,870 --> 01:04:49,829

well the the lady that we're meeting

1531

01:04:54,150 --> 01:04:50,880

with um

1532

01:04:56,069 --> 01:04:54,160

helped to sign she helped design a dress

1533

01:04:58,150 --> 01:04:56,079

that was used in them in the movie

1534

01:04:59,750 --> 01:04:58,160

forbidden planet

1535

01:05:02,470 --> 01:04:59,760

that's i can give you that i can give

1536

01:05:06,069 --> 01:05:02,480

you that clue

1537

01:05:08,069 --> 01:05:06,079

okay but i don't want to give it all

1538

01:05:10,230 --> 01:05:08,079

away because i'd like i understand

1539

01:05:11,829 --> 01:05:10,240

i like people that go out and buy this

1540

01:05:15,270 --> 01:05:11,839

book

1541

01:05:18,630 --> 01:05:15,280

right okay

1542

01:05:20,870 --> 01:05:18,640

um all right deborah

1543

01:05:21,990 --> 01:05:20,880

uh you knew howard menger quite well did

1544

01:05:25,029 --> 01:05:22,000

he ever mentioned any

1545

01:05:26,789 --> 01:05:25,039

of this to you yes ray he did

1546

01:05:29,029 --> 01:05:26,799

this is all part of an even bigger

1547

01:05:31,190 --> 01:05:29,039

cover-up than anyone can imagine

1548

01:05:32,950 --> 01:05:31,200

while everyone thought the atomic bomb

1549

01:05:35,270 --> 01:05:32,960

which generates an

1550

01:05:36,549 --> 01:05:35,280

explosion from a single fission reaction

1551

01:05:38,630 --> 01:05:36,559

was bad enough

1552

01:05:40,309 --> 01:05:38,640

nobody realized that they were already

1553

01:05:43,349 --> 01:05:40,319

developing and testing

1554

01:05:45,270 --> 01:05:43,359

thermonuclear two-stage devices as early

1555

01:05:48,630 --> 01:05:45,280

as 1947.

1556

01:05:49,270 --> 01:05:48,640

so i'm giving a rationale here for why

1557

01:06:01,670 --> 01:05:49,280

the

1558

01:06:03,109 --> 01:06:01,680

gabe says he recalls message being

1559

01:06:06,150 --> 01:06:03,119

transmitted as an

1560

01:06:08,150 --> 01:06:06,160

override signal across western european

1561

01:06:09,349 --> 01:06:08,160

and american television stations

1562

01:06:12,390 --> 01:06:09,359

throughout the mid

1563

01:06:15,349 --> 01:06:12,400

1950s and early 1960s

1564

01:06:16,150 --> 01:06:15,359

and the jammer identified himself as a

1565

01:06:19,270 --> 01:06:16,160

venusian

1566

01:06:19,910 --> 01:06:19,280

too and this was a this was a political

1567

01:06:23,670 --> 01:06:19,920

message

1568

01:06:27,270 --> 01:06:23,680

um about nuclear disarmament

1569

01:06:30,309 --> 01:06:27,280

and about caution in

1570

01:06:32,549 --> 01:06:30,319

in the world

1571

01:06:34,309 --> 01:06:32,559

geopolitical and military powers and

1572

01:06:36,230 --> 01:06:34,319

venturing into space

1573

01:06:37,670 --> 01:06:36,240

you know venturing into the venusians

1574

01:06:40,390 --> 01:06:37,680

backyard

1575

01:06:42,390 --> 01:06:40,400

then andy says he i remember that too

1576

01:06:43,589 --> 01:06:42,400

there was a venusian that went by and

1577

01:06:46,630 --> 01:06:43,599

poor

1578

01:06:47,910 --> 01:06:46,640

uh vor and he said it was an acronym

1579

01:06:50,950 --> 01:06:47,920

that stood for

1580

01:06:54,710 --> 01:06:50,960

venusian observation ranger and

1581

01:06:57,829 --> 01:06:54,720

this was uh um i don't know if this

1582

01:07:00,230 --> 01:06:57,839

was a reveal venusian or or what but

1583

01:07:02,630 --> 01:07:00,240

televisions throughout southern

1584

01:07:05,190 --> 01:07:02,640

california

1585

01:07:06,150 --> 01:07:05,200

across multi-channels the signals and

1586

01:07:10,870 --> 01:07:06,160

the vhf

1587

01:07:14,470 --> 01:07:10,880

band were being blanked out in the 1960s

1588

01:07:17,109 --> 01:07:14,480

uh at the same time that

1589

01:07:19,430 --> 01:07:17,119

in the 50s when uh you know these

1590

01:07:20,549 --> 01:07:19,440

conventions were being held out at giant

1591

01:07:23,510 --> 01:07:20,559

rock and

1592

01:07:24,789 --> 01:07:23,520

talking about nuclear disarmament and

1593

01:07:28,470 --> 01:07:24,799

and peace between

1594

01:07:28,789 --> 01:07:28,480

the nations and whether it was a prank

1595

01:07:31,829 --> 01:07:28,799

or

1596

01:07:35,109 --> 01:07:31,839

venusian uh uh

1597

01:07:35,910 --> 01:07:35,119

we don't know but then i said well in my

1598

01:07:40,829 --> 01:07:35,920

opinion

1599

01:07:44,630 --> 01:07:42,950

superhero so uh

1600

01:07:46,630 --> 01:07:44,640

let's see some of the other things in

1601
01:07:49,349 --> 01:07:46,640
there is um

1602
01:07:50,870 --> 01:07:49,359
uh talking about the bodies of the

1603
01:07:56,309 --> 01:07:50,880
crashed uh

1604
01:07:59,750 --> 01:07:56,319
i talked about the jackie gleason

1605
01:08:02,630 --> 01:07:59,760
the article about jackie gleason yeah

1606
01:08:03,750 --> 01:08:02,640
that was in the inquirer in 1983 and

1607
01:08:06,870 --> 01:08:03,760
about the eight

1608
01:08:08,710 --> 01:08:06,880
the eight bodies that were at the air

1609
01:08:10,870 --> 01:08:08,720
force base in florida

1610
01:08:12,390 --> 01:08:10,880
that was homestead right yes that's

1611
01:08:15,990 --> 01:08:12,400
that's right

1612
01:08:19,349 --> 01:08:16,000
and um so um

1613
01:08:22,070 --> 01:08:19,359

let's see okay all right

1614

01:08:23,349 --> 01:08:22,080

uh deborah also i might add that howard

1615

01:08:25,430 --> 01:08:23,359

explained how the sec

1616

01:08:27,990 --> 01:08:25,440

how the scout craft largely depend on

1617

01:08:29,030 --> 01:08:28,000

the utilization of electromagnetic lines

1618

01:08:31,110 --> 01:08:29,040

of force

1619

01:08:33,110 --> 01:08:31,120

surrounding the earth they can only

1620

01:08:36,309 --> 01:08:33,120

operate in the earth's atmosphere

1621

01:08:37,990 --> 01:08:36,319

or in close vicinity to the earth other

1622

01:08:40,229 --> 01:08:38,000

than that they are dependent upon the

1623

01:08:42,309 --> 01:08:40,239

magnetic field of the mothership

1624

01:08:43,510 --> 01:08:42,319

well on their own in space but for a

1625

01:08:45,510 --> 01:08:43,520

limited range

1626
01:08:47,269 --> 01:08:45,520
while it was easy enough for the scout

1627
01:08:49,269 --> 01:08:47,279
craft to be annihilated

1628
01:08:50,950 --> 01:08:49,279
being caught up in a thermonuclear

1629
01:08:52,870 --> 01:08:50,960
explosion

1630
01:08:54,470 --> 01:08:52,880
bringing down a mother ship would take

1631
01:08:56,229 --> 01:08:54,480
the power output

1632
01:08:58,630 --> 01:08:56,239
that could only be generated by a

1633
01:09:00,870 --> 01:08:58,640
literal death star a dyson sphere

1634
01:09:02,390 --> 01:09:00,880
armed with quantum particle beams an

1635
01:09:05,669 --> 01:09:02,400
object about the size

1636
01:09:08,709 --> 01:09:05,679
of near the cloak moon of venus

1637
01:09:10,950 --> 01:09:08,719
to estimate could probably do the trick

1638
01:09:12,709 --> 01:09:10,960

and then gate fortunately for all of us

1639

01:09:13,349 --> 01:09:12,719

it will take millennia before the

1640

01:09:15,349 --> 01:09:13,359

terrans

1641

01:09:16,630 --> 01:09:15,359

earthlings reach that level of

1642

01:09:20,550 --> 01:09:16,640

technological

1643

01:09:23,430 --> 01:09:20,560

civilization okay and then

1644

01:09:25,590 --> 01:09:23,440

um then i asked did the saucers i asked

1645

01:09:26,709 --> 01:09:25,600

gabe did the sausage occupants survive

1646

01:09:29,030 --> 01:09:26,719

the crashes

1647

01:09:30,789 --> 01:09:29,040

and gabe said no not a one their bodies

1648

01:09:33,749 --> 01:09:30,799

were mangled but not beyond

1649

01:09:35,829 --> 01:09:33,759

recognition and partial reconstruction

1650

01:09:37,829 --> 01:09:35,839

autopsies revealed that there were some

1651
01:09:39,829 --> 01:09:37,839
slight eye facial finger

1652
01:09:41,349 --> 01:09:39,839
and hand characteristics that only a

1653
01:09:43,749 --> 01:09:41,359
close observer

1654
01:09:45,590 --> 01:09:43,759
could could spot that could distinguish

1655
01:09:47,749 --> 01:09:45,600
them as alien beings

1656
01:09:49,749 --> 01:09:47,759
they were all of average height and

1657
01:09:50,870 --> 01:09:49,759
relatively human in appearance there

1658
01:09:53,030 --> 01:09:50,880
were four

1659
01:09:55,189 --> 01:09:53,040
in each craft of the occupants there

1660
01:09:56,870 --> 01:09:55,199
were three women and one man in each

1661
01:09:59,110 --> 01:09:56,880
saucer

1662
01:10:02,070 --> 01:09:59,120
then i said that's with jackie gleason's

1663
01:10:04,229 --> 01:10:02,080

wife that would be june mckittrick

1664

01:10:05,350 --> 01:10:04,239

instead her husband saw at an air force

1665

01:10:08,950 --> 01:10:05,360

base in florida

1666

01:10:12,550 --> 01:10:08,960

eight alien bodies in all

1667

01:10:15,990 --> 01:10:12,560

and then uh yvonne makes a joke and says

1668

01:10:17,910 --> 01:10:16,000

well inquiring minds ought to know

1669

01:10:21,590 --> 01:10:17,920

because there was an inquiry right yeah

1670

01:10:21,600 --> 01:10:24,950

okay then

1671

01:10:29,350 --> 01:10:27,270

it is true that nixon did take jackie

1672

01:10:33,110 --> 01:10:29,360

gleason to see the bodies

1673

01:10:34,709 --> 01:10:33,120

yes uh and then and then i talk about

1674

01:10:37,030 --> 01:10:34,719

their transference

1675

01:10:39,830 --> 01:10:37,040

uh to the air technical intelligence

1676

01:10:42,229 --> 01:10:39,840

recon center at dayton ohio

1677

01:10:44,310 --> 01:10:42,239

uh from the from the new mexico base

1678

01:10:46,630 --> 01:10:44,320

that with temporary base that was

1679

01:10:48,550 --> 01:10:46,640

set up and asked the question what did

1680

01:10:49,750 --> 01:10:48,560

they discover about the aliens that

1681

01:10:52,790 --> 01:10:49,760

convinced them

1682

01:10:53,110 --> 01:10:52,800

that they were actually venusians and

1683

01:10:59,510 --> 01:10:53,120

you

1684

01:11:02,709 --> 01:10:59,520

frank scully previously about uh

1685

01:11:05,910 --> 01:11:02,719

about a saucer crash um

1686

01:11:07,189 --> 01:11:05,920

at uh i think it was aztec and uh yeah

1687

01:11:09,830 --> 01:11:07,199

the aztec

1688

01:11:11,270 --> 01:11:09,840

yes in a venusian connection there but

1689

01:11:13,350 --> 01:11:11,280

gabe says

1690

01:11:15,510 --> 01:11:13,360

among both the sausage debris fields

1691

01:11:17,750 --> 01:11:15,520

some electrical apparatuses were

1692

01:11:19,590 --> 01:11:17,760

discovered partially intact

1693

01:11:21,430 --> 01:11:19,600

thrown at some considerable distance

1694

01:11:23,830 --> 01:11:21,440

from their respective craft

1695

01:11:25,430 --> 01:11:23,840

and she's in a durable thermoplastic

1696

01:11:27,910 --> 01:11:25,440

polymer substance

1697

01:11:29,750 --> 01:11:27,920

later duplicated in american labs and

1698

01:11:31,750 --> 01:11:29,760

known as propylene

1699

01:11:33,750 --> 01:11:31,760

research scientists at international

1700

01:11:36,550 --> 01:11:33,760

business machines in new york

1701

01:11:38,470 --> 01:11:36,560

city and radio corporation of america

1702

01:11:40,470 --> 01:11:38,480

labs in cleveland ohio

1703

01:11:42,390 --> 01:11:40,480

were given the assignment of restoring

1704

01:11:43,669 --> 01:11:42,400

at least some of the electronics the

1705

01:11:46,950 --> 01:11:43,679

working order

1706

01:11:48,709 --> 01:11:46,960

rca succeeded in reactivating a type of

1707

01:11:50,709 --> 01:11:48,719

television recorder displaying

1708

01:11:53,910 --> 01:11:50,719

mathematical equations

1709

01:11:56,310 --> 01:11:53,920

relating to an interplanetary trajectory

1710

01:11:58,709 --> 01:11:56,320

for the mothership from venus to earth

1711

01:12:01,030 --> 01:11:58,719

as well as the deployment of scout craft

1712

01:12:02,070 --> 01:12:01,040

in the vicinity of top secret american

1713

01:12:05,110 --> 01:12:02,080

and soviet

1714

01:12:06,310 --> 01:12:05,120

military research facilities determining

1715

01:12:09,270 --> 01:12:06,320

the venusian

1716

01:12:12,229 --> 01:12:09,280

number system was relatively easy as it

1717

01:12:15,590 --> 01:12:12,239

roughly corresponds to our own but also

1718

01:12:18,870 --> 01:12:15,600

incorporates a sort of spiral notation

1719

01:12:19,590 --> 01:12:18,880

matrix the venusian alphabet if you can

1720

01:12:21,830 --> 01:12:19,600

call it that

1721

01:12:23,350 --> 01:12:21,840

was a little more difficult to deal with

1722

01:12:25,430 --> 01:12:23,360

than the numbers

1723

01:12:26,630 --> 01:12:25,440

as it was mostly determined to be a

1724

01:12:29,110 --> 01:12:26,640

pictographic

1725

01:12:32,470 --> 01:12:29,120

system something akin to egyptian

1726

01:12:38,470 --> 01:12:35,669

now these bodies uh

1727

01:12:39,910 --> 01:12:38,480

are these venetians they're they aren't

1728

01:12:42,709 --> 01:12:39,920

carbon based they were

1729

01:12:43,750 --> 01:12:42,719

it was a silicon based yes they were so

1730

01:12:48,790 --> 01:12:43,760

they were silicon

1731

01:12:50,709 --> 01:12:48,800

based so i i i asked about that i said

1732

01:12:53,270 --> 01:12:50,719

what is it about the alien bodies that

1733

01:12:55,270 --> 01:12:53,280

set them apart from humans on earth

1734

01:12:56,630 --> 01:12:55,280

then gabe responded there are several

1735

01:12:59,590 --> 01:12:56,640

remarkable differences

1736

01:13:01,669 --> 01:12:59,600

but not so outwardly noticeable first

1737

01:13:04,229 --> 01:13:01,679

they didn't have the spiral dna

1738

01:13:06,470 --> 01:13:04,239

strands found in nearly all indigenous

1739

01:13:10,070 --> 01:13:06,480

life forms on earth

1740

01:13:12,470 --> 01:13:10,080

so can you explain that further

1741

01:13:14,790 --> 01:13:12,480

um gabe yes i mean their cells were

1742

01:13:17,189 --> 01:13:14,800

actually composed of lattice crystal

1743

01:13:19,350 --> 01:13:17,199

hexagonal structures similar in

1744

01:13:20,149 --> 01:13:19,360

composition to the walls of the scout

1745

01:13:21,990 --> 01:13:20,159

craft

1746

01:13:24,470 --> 01:13:22,000

it's almost as though they were

1747

01:13:26,310 --> 01:13:24,480

artificially constructed beings

1748

01:13:28,149 --> 01:13:26,320

that you know that's what i thought when

1749

01:13:31,350 --> 01:13:28,159

i read that were they actually

1750

01:13:33,590 --> 01:13:31,360

engineered yes that's and they

1751

01:13:35,830 --> 01:13:33,600

they were designed to easily and quickly

1752

01:13:38,550 --> 01:13:35,840

disassemble and reassemble

1753

01:13:40,149 --> 01:13:38,560

but their cells were silicon based

1754

01:13:42,709 --> 01:13:40,159

rather than carbon based

1755

01:13:45,430 --> 01:13:42,719

and it was conjectured that somehow the

1756

01:13:47,030 --> 01:13:45,440

hydrogen bombs implosion and subsequent

1757

01:13:49,669 --> 01:13:47,040

uranium

1758

01:13:50,870 --> 01:13:49,679

radiation atmospheric dispersals fused

1759

01:13:54,709 --> 01:13:50,880

enough of their cells

1760

01:13:56,870 --> 01:13:54,719

into sheets of a sort of aluminum glass

1761

01:13:58,470 --> 01:13:56,880

that their disassembly reassembly

1762

01:14:02,229 --> 01:13:58,480

capabilities were

1763

01:14:03,990 --> 01:14:02,239

were impeded and then and then i found

1764

01:14:08,310 --> 01:14:04,000

some information from

1765

01:14:10,870 --> 01:14:08,320

the report uh revealed by donald e kehoe

1766

01:14:13,990 --> 01:14:10,880

in flying saucers are real

1767

01:14:17,669 --> 01:14:14,000

concerning project fine and i was able

1768

01:14:20,550 --> 01:14:17,679

to read some some of the project sign

1769

01:14:22,070 --> 01:14:20,560

uh report and went into detail about

1770

01:14:25,830 --> 01:14:22,080

this explaining

1771

01:14:28,870 --> 01:14:25,840

how the how the beings

1772

01:14:31,270 --> 01:14:28,880

of a silicon nature are equated with

1773

01:14:33,110 --> 01:14:31,280

with venus so i'll i'll just read some

1774

01:14:34,709 --> 01:14:33,120

of this uh

1775

01:14:36,630 --> 01:14:34,719

just a little bit of it as for the

1776

01:14:38,870 --> 01:14:36,640

possibilities of

1777

01:14:40,470 --> 01:14:38,880

of life on the planet venus revealed in

1778

01:14:43,590 --> 01:14:40,480

the sign report kehoe

1779

01:14:45,750 --> 01:14:43,600

quotes since flying sausage first hit

1780

01:14:47,350 --> 01:14:45,760

the headlines almost two years ago there

1781

01:14:49,590 --> 01:14:47,360

has been a wide

1782

01:14:51,430 --> 01:14:49,600

speculation that the aerial phenomena

1783

01:14:54,070 --> 01:14:51,440

might actually be

1784

01:14:55,030 --> 01:14:54,080

some form of penetration from another

1785

01:14:57,910 --> 01:14:55,040

planet

1786

01:14:59,030 --> 01:14:57,920

the possibility of intelligent life also

1787

01:15:01,669 --> 01:14:59,040

existing

1788

01:15:04,630 --> 01:15:01,679

on the planet venus is not considered

1789

01:15:07,270 --> 01:15:04,640

completely unreasonable by astronomers

1790

01:15:10,390 --> 01:15:07,280

the atmosphere of venus apparently

1791

01:15:13,669 --> 01:15:10,400

consists mostly of carbon dioxide

1792

01:15:15,990 --> 01:15:13,679

with the clouds of formaldehyde droplets

1793

01:15:17,270 --> 01:15:16,000

and there seems to be little or no water

1794

01:15:20,470 --> 01:15:17,280

yet

1795

01:15:21,669 --> 01:15:20,480

scientists can see that living organisms

1796

01:15:24,550 --> 01:15:21,679

might develop

1797

01:15:26,550 --> 01:15:24,560

in chemical environments which are

1798

01:15:29,350 --> 01:15:26,560

strange to us this is from project time

1799

01:15:32,550 --> 01:15:29,360

to the earth the air force

1800

01:15:34,550 --> 01:15:32,560

venus however has two handicaps her mass

1801

01:15:35,510 --> 01:15:34,560

and gravity are nearly as large as the

1802

01:15:37,910 --> 01:15:35,520

earth mars is

1803

01:15:39,830 --> 01:15:37,920

smaller and a cloudy atmosphere would

1804

01:15:42,470 --> 01:15:39,840

discourage astronomy and space

1805

01:15:43,510 --> 01:15:42,480

travel but kehoe effectively argues

1806

01:15:48,229 --> 01:15:43,520

against

1807

01:15:50,470 --> 01:15:48,239

venus option because of that planet's

1808

01:15:51,350 --> 01:15:50,480

high gravity and cloudy atmosphere

1809

01:15:53,590 --> 01:15:51,360

noting that

1810

01:15:55,110 --> 01:15:53,600

the last argument i thought did not have

1811

01:15:57,189 --> 01:15:55,120

too much weight

1812

01:15:58,470 --> 01:15:57,199

we were planning to escape the earth's

1813

01:16:01,510 --> 01:15:58,480

gravity

1814

01:16:03,270 --> 01:16:01,520

this was simple rocketry as

1815

01:16:05,430 --> 01:16:03,280

for the cloudy atmosphere they could

1816

01:16:08,950 --> 01:16:05,440

have developed some system of radio

1817

01:16:11,990 --> 01:16:08,960

or radar investigation of the universe

1818

01:16:14,550 --> 01:16:12,000

the navy research units i knew were

1819

01:16:16,550 --> 01:16:14,560

even at that time probing the far off

1820

01:16:19,189 --> 01:16:16,560

crab nebula and the milky way

1821

01:16:20,550 --> 01:16:19,199

with special radio devices the same

1822

01:16:22,870 --> 01:16:20,560

method or something far

1823

01:16:23,669 --> 01:16:22,880

superior could have been developed on

1824

01:16:25,669 --> 01:16:23,679

venus

1825

01:16:27,270 --> 01:16:25,679

or on other planets surrounded by

1826

01:16:30,310 --> 01:16:27,280

constant clouds

1827

01:16:32,630 --> 01:16:30,320

also one of the prominent

1828

01:16:34,149 --> 01:16:32,640

astronomical authorities consulted by

1829

01:16:37,750 --> 01:16:34,159

the air force personnel

1830

01:16:39,669 --> 01:16:37,760

at project sign was dr h spencer jones

1831

01:16:42,550 --> 01:16:39,679

the astronomer royale

1832

01:16:45,110 --> 01:16:42,560

of the british isles the signed report

1833

01:16:47,590 --> 01:16:45,120

goes on to state that quote

1834

01:16:49,110 --> 01:16:47,600

in his book life on other worlds dr

1835

01:16:51,669 --> 01:16:49,120

jones points out that

1836

01:16:54,310 --> 01:16:51,679

everything about us is a result of

1837

01:16:58,149 --> 01:16:54,320

changing processes

1838

01:17:01,189 --> 01:16:58,159

begun millennium ago and still going on

1839

01:17:05,430 --> 01:17:01,199

we cannot define life solely in our own

1840

01:17:08,950 --> 01:17:05,440

terms it can exist in unfamiliar forms

1841

01:17:11,270 --> 01:17:08,960

in the book dr jones elaborates

1842

01:17:13,750 --> 01:17:11,280

uh it is conceivable that we could have

1843

01:17:16,870 --> 01:17:13,760

beings the cells of whose bodies

1844

01:17:18,790 --> 01:17:16,880

contain silicon instead of the carbon

1845

01:17:20,390 --> 01:17:18,800

which is an essential difference between

1846

01:17:22,310 --> 01:17:20,400

the constitution

1847

01:17:23,910 --> 01:17:22,320

of those cells and the cells at which

1848

01:17:26,390 --> 01:17:23,920

animal and plant life

1849

01:17:29,430 --> 01:17:26,400

on the earth are built up they might be

1850

01:17:32,630 --> 01:17:29,440

able to exist at temperatures so high

1851

01:17:35,750 --> 01:17:32,640

that no types of terrestrial life

1852

01:17:38,550 --> 01:17:35,760

could survive therefore at least

1853

01:17:39,430 --> 01:17:38,560

according to dr jones life could be

1854

01:17:42,310 --> 01:17:39,440

possible on

1855

01:17:43,990 --> 01:17:42,320

other worlds hotter and drier than ours

1856

01:17:47,750 --> 01:17:44,000

a planet like venus

1857

01:17:50,950 --> 01:17:47,760

for example so the things about this

1858

01:17:53,990 --> 01:17:50,960

is just remember that this report

1859

01:17:56,790 --> 01:17:54,000

project sign report was written one year

1860

01:17:58,070 --> 01:17:56,800

after the new mexico crashes the project

1861

01:18:01,510 --> 01:17:58,080

signed sign

1862

01:18:04,470 --> 01:18:01,520

air for newly created air force before

1863

01:18:06,790 --> 01:18:04,480

1948 and it was written by government

1864

01:18:12,229 --> 01:18:06,800

insiders with both a need to know

1865

01:18:16,149 --> 01:18:12,239

and access to at least some of the data

1866

01:18:18,070 --> 01:18:16,159

well now one thing i do want to ask you

1867

01:18:21,669 --> 01:18:18,080

about now the bodies were said to be

1868

01:18:24,229 --> 01:18:21,679

at whom homestead now

1869

01:18:25,030 --> 01:18:24,239

homestead right now is is not there i

1870

01:18:26,630 --> 01:18:25,040

mean it

1871

01:18:28,310 --> 01:18:26,640

the hurricane i don't forget what

1872

01:18:31,350 --> 01:18:28,320

hurricane what alex

1873

01:18:34,550 --> 01:18:31,360

took it out i've been told

1874

01:18:37,830 --> 01:18:34,560

now through a few sources of mine that

1875

01:18:40,709 --> 01:18:37,840

the bodies are now at eckland in

1876

01:18:42,470 --> 01:18:40,719

in florida have you ever heard anything

1877

01:18:45,430 --> 01:18:42,480

about that

1878

01:18:45,750 --> 01:18:45,440

uh no i haven't heard about um uh about

1879

01:18:48,950 --> 01:18:45,760

the

1880

01:18:52,790 --> 01:18:51,270

of those bodies yeah that's what i that

1881

01:18:54,310 --> 01:18:52,800

this is what i've been told actually i

1882

01:18:56,070 --> 01:18:54,320

had two people tell me this and

1883

01:18:57,990 --> 01:18:56,080

you know i don't know what i can't

1884

01:18:59,750 --> 01:18:58,000

really say what basis it was that that

1885

01:19:02,550 --> 01:18:59,760

information came from

1886

01:19:04,550 --> 01:19:02,560

but that you were right that they went

1887

01:19:07,430 --> 01:19:04,560

to wright patterson first and then

1888

01:19:07,990 --> 01:19:07,440

they were stored somewhere in florida i

1889

01:19:12,070 --> 01:19:08,000

didn't know anything

1890

01:19:14,790 --> 01:19:12,080

about the homestead but i was told that

1891

01:19:15,990 --> 01:19:14,800

that as of now the year was maybe 10

1892

01:19:18,550 --> 01:19:16,000

years ago

1893

01:19:19,750 --> 01:19:18,560

that they were at eckland uh air force

1894

01:19:21,030 --> 01:19:19,760

base

1895

01:19:24,550 --> 01:19:21,040

now i don't know what kind of facility

1896

01:19:27,430 --> 01:19:24,560

they have there now but you know

1897

01:19:28,470 --> 01:19:27,440

i i wouldn't be surprised if they were

1898

01:19:36,149 --> 01:19:28,480

um

1899

01:19:39,510 --> 01:19:36,159

either in underground in in new mexico

1900

01:19:44,550 --> 01:19:39,520

or or possibly uh possibly in

1901

01:19:51,750 --> 01:19:47,910

the one thing about this uh about this

1902

01:19:54,590 --> 01:19:51,760

crash about the uh the roswell crash

1903

01:19:56,550 --> 01:19:54,600

and that you mentioned in there were the

1904

01:19:59,750 --> 01:19:56,560

insectoids

1905

01:20:03,110 --> 01:19:59,760

and more specifically the bees can you

1906

01:20:06,070 --> 01:20:03,120

explain that yes uh well in the

1907

01:20:07,669 --> 01:20:06,080

in the book and and and it's it's

1908

01:20:10,629 --> 01:20:07,679

interesting because a large

1909

01:20:13,510 --> 01:20:10,639

segment of of readers and purchasers of

1910

01:20:17,030 --> 01:20:13,520

this book are beekeepers

1911

01:20:19,830 --> 01:20:17,040

but uh but uh but going back to uh

1912

01:20:22,709 --> 01:20:19,840

going back to the very first ufo book

1913

01:20:25,590 --> 01:20:22,719

that was ever published

1914

01:20:30,470 --> 01:20:25,600

on saucer as they were called back in

1915

01:20:36,629 --> 01:20:33,510

riddle of the flying saucers and

1916

01:20:39,750 --> 01:20:36,639

um he proposed he now he was a

1917

01:20:43,750 --> 01:20:39,760

he was an associate of um

1918

01:20:46,229 --> 01:20:43,760

of um timothy leary uh

1919

01:20:49,350 --> 01:20:46,239

huxley and others that were on the

1920

01:20:55,430 --> 01:20:49,360

cutting edge of societal change

1921

01:21:00,550 --> 01:20:58,830

professors of comparative religions so

1922

01:21:03,750 --> 01:21:00,560

um

1923

01:21:07,430 --> 01:21:03,760

uh when he's not uh you know

1924

01:21:10,629 --> 01:21:07,440

just some quack writing this book but

1925

01:21:15,270 --> 01:21:10,639

he seriously proposed that uh that

1926

01:21:18,310 --> 01:21:15,280

uh the flying saucers were manned by uh

1927

01:21:19,669 --> 01:21:18,320

by bees intelligent bees coming from

1928

01:21:23,189 --> 01:21:19,679

other planets in our

1929

01:21:25,590 --> 01:21:23,199

in our solar system and

1930

01:21:27,590 --> 01:21:25,600

and so when when we look when we go back

1931

01:21:27,990 --> 01:21:27,600

into history we see that this isn't

1932

01:21:31,830 --> 01:21:28,000

really

1933

01:21:34,390 --> 01:21:31,840

so far-fetched after all um

1934

01:21:35,030 --> 01:21:34,400

the theosophists and the sufis for

1935

01:21:36,950 --> 01:21:35,040

example

1936

01:21:41,110 --> 01:21:36,960

believe that the bees were brought to

1937

01:21:45,270 --> 01:21:41,120

the earth originally from venus

1938

01:21:48,550 --> 01:21:45,280

some 18 to 25 million years ago

1939

01:21:51,510 --> 01:21:48,560

and uh despite all the evolutionary

1940

01:21:54,229 --> 01:21:51,520

uh and geological changes that have

1941

01:21:56,950 --> 01:21:54,239

occurred with other species and with our

1942

01:21:57,350 --> 01:21:56,960

with our planet the bees have remained

1943

01:22:04,070 --> 01:21:57,360

uh

1944

01:22:04,550 --> 01:22:04,080

then we look at the the organization of

1945

01:22:10,709 --> 01:22:04,560

the

1946

01:22:12,550 --> 01:22:10,719

we see that tesla himself nikola tesla

1947

01:22:15,830 --> 01:22:12,560

who has a lot of venusian

1948

01:22:17,750 --> 01:22:15,840

connections was obsessed with bees

1949

01:22:19,189 --> 01:22:17,760

he wrote a lot about these the

1950

01:22:22,830 --> 01:22:19,199

organization

1951

01:22:26,229 --> 01:22:22,840

of the hives and the collective

1952

01:22:29,669 --> 01:22:26,239

collectivization of society and so forth

1953

01:22:31,110 --> 01:22:29,679

and uh he believed that the beehive was

1954

01:22:33,910 --> 01:22:31,120

a great model for us

1955

01:22:35,990 --> 01:22:33,920

to follow in the days of the the

1956

01:22:39,030 --> 01:22:36,000

troubadours

1957

01:22:42,229 --> 01:22:39,040

um the sufis uh uh

1958

01:22:44,470 --> 01:22:42,239

well the in the days of the crusades um

1959

01:22:46,229 --> 01:22:44,480

and the crusaders there were four

1960

01:22:49,430 --> 01:22:46,239

different crusades that were

1961

01:22:53,030 --> 01:22:49,440

launched from europe into uh

1962

01:22:56,149 --> 01:22:53,040

into the middle east and naturally

1963

01:22:59,189 --> 01:22:56,159

um islam

1964

01:23:00,149 --> 01:22:59,199

then as now is not a monolithic thing

1965

01:23:02,950 --> 01:23:00,159

there were

1966

01:23:05,830 --> 01:23:02,960

there was a lighter side to it a more

1967

01:23:08,390 --> 01:23:05,840

accepting side in this in the sufis

1968

01:23:09,510 --> 01:23:08,400

they were that they're like a mystical

1969

01:23:13,030 --> 01:23:09,520

branch

1970

01:23:14,310 --> 01:23:13,040

of islam and they believed that the key

1971

01:23:17,590 --> 01:23:14,320

to revelation

1972

01:23:20,550 --> 01:23:17,600

receiving revelation was from the bees

1973

01:23:21,590 --> 01:23:20,560

and that the beasts were bees were very

1974

01:23:23,590 --> 01:23:21,600

sacred

1975

01:23:25,270 --> 01:23:23,600

so this this knowledge and they also

1976

01:23:26,149 --> 01:23:25,280

believed there was a connection of the

1977

01:23:28,470 --> 01:23:26,159

bees with

1978

01:23:30,870 --> 01:23:28,480

with the divine feminine and and the

1979

01:23:33,350 --> 01:23:30,880

planet venus

1980

01:23:34,709 --> 01:23:33,360

but when the when the crusaders came

1981

01:23:36,550 --> 01:23:34,719

back and then

1982

01:23:38,629 --> 01:23:36,560

and then the movement among the

1983

01:23:41,430 --> 01:23:38,639

troubadours and so forth

1984

01:23:42,950 --> 01:23:41,440

uh later evolved into the religion of

1985

01:23:48,550 --> 01:23:42,960

the cathars

1986

01:23:52,470 --> 01:23:51,990

and associated with the divine feminine

1987

01:23:55,830 --> 01:23:52,480

and with

1988

01:23:59,910 --> 01:23:55,840

uh with venus and there was a purge

1989

01:24:03,350 --> 01:23:59,920

of the cathars because they had set up

1990

01:24:03,590 --> 01:24:03,360

communes in in france in southern france

1991

01:24:05,910 --> 01:24:03,600

in

1992

01:24:07,189 --> 01:24:05,920

italy where they wanted to model their

1993

01:24:10,229 --> 01:24:07,199

whole society

1994

01:24:13,830 --> 01:24:10,239

on the on a beehive and uh

1995

01:24:16,470 --> 01:24:13,840

they wanted to collectivize and uh

1996

01:24:17,430 --> 01:24:16,480

and have uh you know have a queen and

1997

01:24:21,110 --> 01:24:17,440

run everything

1998

01:24:21,750 --> 01:24:21,120

just like um just like a beehive and

1999

01:24:24,629 --> 01:24:21,760

they kind of

2000

01:24:26,149 --> 01:24:24,639

they set up these utopian communities so

2001

01:24:29,110 --> 01:24:26,159

obviously the

2002

01:24:29,669 --> 01:24:29,120

church couldn't let that stand it's too

2003

01:24:33,590 --> 01:24:29,679

too

2004

01:24:37,430 --> 01:24:33,600

literally went in and massacred

2005

01:24:41,270 --> 01:24:37,440

whole communities of these people but

2006

01:24:43,910 --> 01:24:41,280

um this the the symbology of the bee

2007

01:24:44,390 --> 01:24:43,920

of the divine nature of the bee goes

2008

01:24:47,510 --> 01:24:44,400

back

2009

01:24:52,629 --> 01:24:47,520

to through babylon through

2010

01:24:57,830 --> 01:24:52,639

egypt it's it exists in

2011

01:25:03,430 --> 01:25:00,470

it's in in mormonism they call you know

2012

01:25:07,270 --> 01:25:03,440

utah is the beehive state they have the

2013

01:25:11,750 --> 01:25:07,280

uh statue of the beehive on the uh

2014

01:25:14,870 --> 01:25:11,760

capital steps uh it's a sacred and

2015

01:25:15,830 --> 01:25:14,880

or it's uh you know it's uh respected

2016

01:25:18,950 --> 01:25:15,840

and masonry

2017

01:25:20,629 --> 01:25:18,960

and so forth so um there's a definite

2018

01:25:22,950 --> 01:25:20,639

connection of the bees

2019

01:25:23,910 --> 01:25:22,960

uh with the planet venus that has

2020

01:25:27,189 --> 01:25:23,920

already been

2021

01:25:30,070 --> 01:25:27,199

established in a historical um

2022

01:25:30,470 --> 01:25:30,080

context beyond just uh you know beyond

2023

01:25:33,990 --> 01:25:30,480

just

2024

01:25:37,110 --> 01:25:34,000

uh helena blavatsky and the theosophy

2025

01:25:39,110 --> 01:25:37,120

so this is um this this is a real thing

2026
01:25:42,310 --> 01:25:39,120
but in the

2027
01:25:45,750 --> 01:25:42,320
in the um in the uh

2028
01:25:49,030 --> 01:25:45,760
in the context of this uh um

2029
01:25:51,590 --> 01:25:49,040
i look at uh i look at uh

2030
01:25:52,950 --> 01:25:51,600
a lot of things and equate it to the

2031
01:25:55,910 --> 01:25:52,960
bees like the crop

2032
01:26:00,790 --> 01:25:55,920
circles there are many that have a

2033
01:26:06,830 --> 01:26:03,669
fibonacci and i have a you know a

2034
01:26:10,229 --> 01:26:06,840
picture of the crop sole

2035
01:26:12,229 --> 01:26:10,239
um uh the way you determine the amount

2036
01:26:14,709 --> 01:26:12,239
of bees in the hive it's always going to

2037
01:26:16,709 --> 01:26:14,719
be a fibonacci number

2038
01:26:19,189 --> 01:26:16,719

and the fibonacci number is

2039

01:26:21,510 --> 01:26:19,199

representative of the divine feminine

2040

01:26:23,430 --> 01:26:21,520

and why is it representative the divine

2041

01:26:26,790 --> 01:26:23,440

feminine because in the ancient

2042

01:26:31,350 --> 01:26:26,800

esoteric schools of

2043

01:26:33,750 --> 01:26:31,360

of wisdom they they plotted the orbit

2044

01:26:36,149 --> 01:26:33,760

of they knew a lot more about science

2045

01:26:38,950 --> 01:26:36,159

than we give them credit for

2046

01:26:39,430 --> 01:26:38,960

they they plotted the orbit of the earth

2047

01:26:45,990 --> 01:26:39,440

and

2048

01:26:49,350 --> 01:26:46,000

um for every eight orbits of

2049

01:26:50,070 --> 01:26:49,360

of venus around the sun there were

2050

01:26:53,510 --> 01:26:50,080

exactly

2051

01:26:56,070 --> 01:26:53,520

five so that um

2052

01:26:57,189 --> 01:26:56,080

of the of the earth so that eight to

2053

01:27:00,629 --> 01:26:57,199

five ratio

2054

01:27:02,870 --> 01:27:00,639

is of is in the fibonacci sequence

2055

01:27:05,270 --> 01:27:02,880

and when you when you look at how the

2056

01:27:05,830 --> 01:27:05,280

beehive is patterned and so forth and

2057

01:27:10,149 --> 01:27:05,840

you see

2058

01:27:14,310 --> 01:27:10,159

the and you calculate

2059

01:27:18,550 --> 01:27:14,320

by the different types of bees

2060

01:27:20,629 --> 01:27:18,560

you you see that um

2061

01:27:22,390 --> 01:27:20,639

it's always going the number of bees in

2062

01:27:23,910 --> 01:27:22,400

a hive always works out to be a

2063

01:27:27,030 --> 01:27:23,920

fibonacci number so i

2064

01:27:30,790 --> 01:27:27,040

explained that in the um

2065

01:27:34,070 --> 01:27:30,800

in the book as well as the the

2066

01:27:35,110 --> 01:27:34,080

orbital symmetries of the origin of the

2067

01:27:38,709 --> 01:27:35,120

pentagram

2068

01:27:43,189 --> 01:27:38,719

also in the five close conjunctions of

2069

01:27:46,390 --> 01:27:43,199

of uh venus with the earth in the

2070

01:27:49,750 --> 01:27:46,400

uh in the eight year pollution cycle

2071

01:27:51,430 --> 01:27:49,760

and uh so it really gets uh deep into

2072

01:27:54,950 --> 01:27:51,440

all this stuff about

2073

01:27:58,390 --> 01:27:54,960

about the bees weren't you told that uh

2074

01:28:01,110 --> 01:27:58,400

that in the spacecraft that

2075

01:28:01,910 --> 01:28:01,120

actually crashed at roswell that there

2076

01:28:05,030 --> 01:28:01,920

were

2077

01:28:07,990 --> 01:28:05,040

three to five foot bees

2078

01:28:09,669 --> 01:28:08,000

in these craft yes there were bees bomb

2079

01:28:12,950 --> 01:28:09,679

that were embedded in the

2080

01:28:13,990 --> 01:28:12,960

um in the literally embedded in the

2081

01:28:17,990 --> 01:28:14,000

walls of the the

2082

01:28:19,030 --> 01:28:18,000

craft and they were they were taken to

2083

01:28:22,709 --> 01:28:19,040

uh texas a

2084

01:28:24,070 --> 01:28:22,719

m university to uh um to a special

2085

01:28:29,750 --> 01:28:24,080

center where these

2086

01:28:34,950 --> 01:28:32,870

well you know what i i tell you

2087

01:28:37,189 --> 01:28:34,960

the show's good about we've got to read

2088

01:28:38,709 --> 01:28:37,199

that time at the end of the show

2089

01:28:40,390 --> 01:28:38,719

i i think we're going to have to have

2090

01:28:40,950 --> 01:28:40,400

ray come back home with us sometime

2091

01:28:43,350 --> 01:28:40,960

because

2092

01:28:45,110 --> 01:28:43,360

there's just so much to talk about let

2093

01:28:48,070 --> 01:28:45,120

alone david bowie

2094

01:28:50,310 --> 01:28:48,080

is part of this as well that he may have

2095

01:28:53,590 --> 01:28:50,320

had a bit of production as well

2096

01:28:54,950 --> 01:28:53,600

um which kind of seems appropriate for

2097

01:28:57,830 --> 01:28:54,960

the times

2098

01:28:59,830 --> 01:28:57,840

uh it's it's a very interesting book it

2099

01:29:03,669 --> 01:28:59,840

really is and uh

2100

01:29:03,990 --> 01:29:03,679

the fact that uh another thing too i

2101
01:29:07,350 --> 01:29:04,000
mean

2102
01:29:08,470 --> 01:29:07,360
a connection to like the uh the book of

2103
01:29:13,590 --> 01:29:08,480
enoch where they

2104
01:29:17,270 --> 01:29:13,600
called the the mantis the insectoids

2105
01:29:19,270 --> 01:29:17,280
as the watchers that they were

2106
01:29:21,350 --> 01:29:19,280
the watcher beings that came down to

2107
01:29:25,750 --> 01:29:21,360
watch over humans

2108
01:29:29,430 --> 01:29:25,760
oh yes and yes and i tie that into the

2109
01:29:33,990 --> 01:29:29,440
um the the uh co-op stargate of the

2110
01:29:35,510 --> 01:29:34,000
the mormons oh yeah that's right

2111
01:29:37,510 --> 01:29:35,520
it's an interesting it's an interesting

2112
01:29:40,229 --> 01:29:37,520
book i mean it really is i had

2113
01:29:40,870 --> 01:29:40,239

i i highly recommend it it's just so

2114

01:29:43,110 --> 01:29:40,880

much

2115

01:29:43,910 --> 01:29:43,120

in there just no way you can talk about

2116

01:29:47,110 --> 01:29:43,920

it in an

2117

01:29:49,430 --> 01:29:47,120

hour but uh oh it's the texas a

2118

01:29:50,390 --> 01:29:49,440

m honeybee research lab at college

2119

01:29:54,629 --> 01:29:50,400

station

2120

01:29:57,510 --> 01:29:54,639

oh okay texas a m okay okay

2121

01:29:59,189 --> 01:29:57,520

well ray i tell you i i it was great

2122

01:30:00,550 --> 01:29:59,199

having you on with us this is a lot of

2123

01:30:03,590 --> 01:30:00,560

interesting stuff

2124

01:30:05,669 --> 01:30:03,600

we did really didn't even

2125

01:30:06,709 --> 01:30:05,679

get into much of any of it we got i

2126

01:30:10,070 --> 01:30:06,719

guess the

2127

01:30:13,590 --> 01:30:10,080

the the main points but i

2128

01:30:16,149 --> 01:30:13,600

there's a lot more there uh is it is it

2129

01:30:19,430 --> 01:30:16,159

possible you come back with us one time

2130

01:30:22,229 --> 01:30:19,440

oh yes lon and sean no no problem

2131

01:30:24,390 --> 01:30:22,239

i would love to i think your your

2132

01:30:26,870 --> 01:30:24,400

program is really on the

2133

01:30:28,390 --> 01:30:26,880

on the cutting edge i know that that

2134

01:30:31,510 --> 01:30:28,400

your audience is

2135

01:30:34,550 --> 01:30:31,520

is ever growing and is is

2136

01:30:37,750 --> 01:30:34,560

uh into the arcane and the

2137

01:30:38,310 --> 01:30:37,760

paranormal to a degree not uh not seen

2138

01:30:40,390 --> 01:30:38,320

in uh

2139

01:30:41,350 --> 01:30:40,400

in other programs so i would be

2140

01:30:44,950 --> 01:30:41,360

delighted

2141

01:30:49,910 --> 01:30:47,910

okay ray well thanks again and uh we'll

2142

01:30:52,310 --> 01:30:49,920

be in contact with you

2143

01:30:54,390 --> 01:30:52,320

alrighty gentlemen i made the effulgent

2144

01:30:55,669 --> 01:30:54,400

light of venus forever be your guiding

2145

01:31:00,390 --> 01:30:55,679

star

2146

01:31:04,870 --> 01:31:03,590

dr ray keller folks lon you really took

2147

01:31:07,510 --> 01:31:04,880

it away there

2148

01:31:08,709 --> 01:31:07,520

well let me tell you there's a lot i was

2149

01:31:11,350 --> 01:31:08,719

fascinated with a lot of what

2150

01:31:12,229 --> 01:31:11,360

was in the book it was um oh just so

2151
01:31:15,669 --> 01:31:12,239
much there

2152
01:31:18,790 --> 01:31:15,679
and uh some of the teams that he makes

2153
01:31:23,030 --> 01:31:18,800
in the conspiracy theories as well

2154
01:31:26,070 --> 01:31:23,040
uh talking about discussing

2155
01:31:27,189 --> 01:31:26,080
just like uh j allen heineck and his

2156
01:31:30,390 --> 01:31:27,199
connection

2157
01:31:31,830 --> 01:31:30,400
to secret government programs that

2158
01:31:34,229 --> 01:31:31,840
people

2159
01:31:35,830 --> 01:31:34,239
really didn't know about i mean it it's

2160
01:31:38,470 --> 01:31:35,840
it's just fascinating

2161
01:31:40,390 --> 01:31:38,480
it really is there's a lot there well i

2162
01:31:43,430 --> 01:31:40,400
was absorbing as much as i could

2163
01:31:45,350 --> 01:31:43,440

i need to read the book yeah it i i

2164

01:31:47,430 --> 01:31:45,360

suggest to highlight

2165

01:31:48,950 --> 01:31:47,440

and the book of course is called venus

2166

01:31:51,910 --> 01:31:48,960

rising

2167

01:31:53,590 --> 01:31:51,920

and written by dr raymond keller folks

2168

01:31:56,229 --> 01:31:53,600

you've been listening to arcane radio

2169

01:31:57,189 --> 01:31:56,239

sean forker lon strickler thank you very

2170

01:31:58,709 --> 01:31:57,199
