00:00:36,389 --> 00:00:34,310
black upright canine roams university

10
00:00:39,150 --> 00:00:36,399
grounds near sofia bulgaria

11
00:00:41,110 --> 00:00:39,160
i'm a guy in my twenties i'm quite tall

12
00:00:43,990 --> 00:00:41,120
193 centimeters

13
00:00:45,670 --> 00:00:44,000

six foot four and train kickboxing my

14

00:00:47,750 --> 00:00:45,680

career choice is quite physically

15

00:00:49,830 --> 00:00:47,760

straining because i'm a vet student

16

00:00:51,830 --> 00:00:49,840

there isn't much that scares me and i'm

17

00:00:54,069 --> 00:00:51,840

usually an intimidating dude

18

00:00:56,549 --> 00:00:54,079

my university is on top of a hill and

19

00:00:58,790 --> 00:00:56,559

outside of the city of sofia bulgaria

20

00:01:00,549 --> 00:00:58,800

from my dorm window on the seventh floor

21

00:01:01,910 --> 00:01:00,559

i can see huge wheat fields in the

22

00:01:04,229 --> 00:01:01,920

nearby forest

23

00:01:05,830 --> 00:01:04,239

my first encounter was last year in late

24

00:01:08,070 --> 00:01:05,840

summer 2019.

25

00:01:08,870 --> 00:01:08,080

i have a german shepherd hades and a

26

00:01:11,590 --> 00:01:08,880

husky pup

27

00:01:12,230 --> 00:01:11,600

ragner that day i left university quite

28

00:01:15,109 --> 00:01:12,240

late

29

00:01:17,190 --> 00:01:15,119

it was already dark outside usually i

30

00:01:18,870 --> 00:01:17,200

don't mind taking them out at night

31

00:01:20,950 --> 00:01:18,880

at night i can let them run without

32

00:01:22,950 --> 00:01:20,960

their leashes they are trained and i

33

00:01:25,109 --> 00:01:22,960

know they are going to listen to me

34

00:01:26,469 --> 00:01:25,119

besides i knew everyone knew them and

35

00:01:27,670 --> 00:01:26,479

wouldn't hurt them even if they were

36

00:01:29,429 --> 00:01:27,680

left outside

37

00:01:30,789 --> 00:01:29,439

they have colors that light up since

38

00:01:33,030 --> 00:01:30,799

hades is fully black

39

00:01:34,950 --> 00:01:33,040

and ragnar is fully white which makes it

40

00:01:37,350 --> 00:01:34,960

hard to see him during the winter

41

00:01:38,069 --> 00:01:37,360

i could see them all the time we walked

42

00:01:40,149 --> 00:01:38,079

for a while

43

00:01:42,389 --> 00:01:40,159

and they were playing and running around

44

00:01:44,230 --> 00:01:42,399

at some point hades stopped and started

45

00:01:45,270 --> 00:01:44,240

growling looking into the wheat fields

46

00:01:47,510 --> 00:01:45,280

down the hill

47

00:01:49,749 --> 00:01:47,520

i didn't think about it there are bats

48

00:01:51,590 --> 00:01:49,759

owls and other critters around us

49

00:01:53,830 --> 00:01:51,600

i leash them not wanting to run after

50

00:01:56,149 --> 00:01:53,840

them if they decided to chase something

51
00:01:58,230 --> 00:01:56,159
after half an hour of non-stop growling

52
00:02:00,469 --> 00:01:58,240
i had enough of it and decided to take

53
00:02:01,429 --> 00:02:00,479
hades home and go out so ragnar can run

54
00:02:03,590 --> 00:02:01,439
a bit more

55
00:02:05,990 --> 00:02:03,600
i got home and expected him to go in his

56
00:02:06,789 --> 00:02:06,000
cage he liked sleeping there and i never

57
00:02:08,550 --> 00:02:06,799
locked them

58
00:02:10,070 --> 00:02:08,560
that night though all he did was stand

59
00:02:12,070 --> 00:02:10,080
on the window looking out

60
00:02:14,390 --> 00:02:12,080
since the pup was whining wanting to go

61
00:02:16,869 --> 00:02:14,400
out again i tried to drag hades in the

62
00:02:19,030 --> 00:02:16,879
cage and lock him in until i got back

63
00:02:19,910 --> 00:02:19,040

who knew maybe he might try going out

64

00:02:23,830 --> 00:02:19,920

the window

65

00:02:25,350 --> 00:02:23,840

parking below i saw a black figure

66

00:02:27,030 --> 00:02:25,360

circling the cars

67

00:02:29,270 --> 00:02:27,040

thinking that it might be someone trying

68

00:02:30,309 --> 00:02:29,280

to steal something i got a flashlight

69

00:02:33,190 --> 00:02:30,319

and shone at it

70

00:02:35,190 --> 00:02:33,200

it wasn't a thief it wasn't human at all

71

00:02:36,790 --> 00:02:35,200

it looked up its eyes reflecting the

72

00:02:38,630 --> 00:02:36,800

light from the flashlight

73

00:02:39,990 --> 00:02:38,640

it was black its head looking very

74

00:02:42,229 --> 00:02:40,000

similar to hades

75

00:02:43,830 --> 00:02:42,239

it was standing on all fours but when i

76

00:02:45,509 --> 00:02:43,840

shown the light it stood up

77

00:02:47,110 --> 00:02:45,519

the roofs of the cars were barely

78

00:02:49,190 --> 00:02:47,120

reaching its midsection

79

00:02:51,030 --> 00:02:49,200

it let out a growl which i later learned

80

00:02:53,190 --> 00:02:51,040

that many of the tenants have heard

81

00:02:54,150 --> 00:02:53,200

hades went wild trying to bust out of

82

00:02:56,550 --> 00:02:54,160

the cage

83

00:02:58,390 --> 00:02:56,560

ragnar was whining even louder i

84

00:02:59,990 --> 00:02:58,400

realized he didn't want to go out he was

85

00:03:01,430 --> 00:03:00,000

trying to get as far away from the

86

00:03:03,350 --> 00:03:01,440

window as possible

87

00:03:05,190 --> 00:03:03,360

the growl made me flinch and i dropped

88

00:03:07,270 --> 00:03:05,200

the flashlight through the window

89

00:03:09,750 --> 00:03:07,280

i tried to see it again but it was too

90

00:03:10,470 --> 00:03:09,760

dark i heard the crunching of snow as it

91

00:03:12,309 --> 00:03:10,480

left

92

00:03:14,390 --> 00:03:12,319

the next morning i went to find my

93

00:03:15,589 --> 00:03:14,400

flashlight and found huge dog-like

94

00:03:17,830 --> 00:03:15,599

footprints in the snow

95

00:03:19,670 --> 00:03:17,840

and a foul smell still lingering i

96

00:03:21,270 --> 00:03:19,680

borrowed infrared binoculars from a

97

00:03:23,110 --> 00:03:21,280

hunter friend of mine

98

00:03:25,030 --> 00:03:23,120

ever since then i have seen it four

99

00:03:25,509 --> 00:03:25,040

times in the forest twice crossing the

100

00:03:27,910 --> 00:03:25,519

field

101
00:03:29,670 --> 00:03:27,920
and once come near the hell looking up i

102
00:03:31,589 --> 00:03:29,680
and my roommate have been taking turns

103
00:03:32,470 --> 00:03:31,599
keeping watch at night when hades starts

104
00:03:34,550 --> 00:03:32,480
growling

105
00:03:36,390 --> 00:03:34,560
i don't take the dogs out at night and

106
00:03:37,270 --> 00:03:36,400
ragnar doesn't play and run around

107
00:03:39,990 --> 00:03:37,280
anymore

108
00:03:44,830 --> 00:03:40,000
he just stays pressed against my feet i

109
00:03:55,030 --> 00:03:49,509
w

110
00:03:57,350 --> 00:03:55,040
the assigned security supervisor for the

111
00:03:59,030 --> 00:03:57,360
winner ammunition storage area

112
00:04:01,030 --> 00:03:59,040
although it was just on the other side

113
00:04:02,470 --> 00:04:01,040

of the village of winigirath in germany

114

00:04:04,390 --> 00:04:02,480

we called it morbuck

115

00:04:06,949 --> 00:04:04,400

we were assigned to hon air base and not

116

00:04:08,789 --> 00:04:06,959

morbuck mobak isn't even a base

117

00:04:10,149 --> 00:04:08,799

it is a town just down the road on the

118

00:04:11,830 --> 00:04:10,159

b327

119

00:04:13,990 --> 00:04:11,840

as we drove through when the giraffe i

120

00:04:15,670 --> 00:04:14,000

was driving the bus some of the guys

121

00:04:17,909 --> 00:04:15,680

noticed that the candle in the shrine

122

00:04:19,590 --> 00:04:17,919

was not lit and there was a full moon

123

00:04:21,749 --> 00:04:19,600

we all knew of the local morba queer

124

00:04:22,550 --> 00:04:21,759

wolf legend we sort of just laughed

125

00:04:24,550 --> 00:04:22,560

about it

126
00:04:25,990 --> 00:04:24,560
when we first came on duty my patrols

127
00:04:26,950 --> 00:04:26,000
would do a sweep of their science

128
00:04:28,790 --> 00:04:26,960
sectors

129
00:04:30,150 --> 00:04:28,800
as i was in the security trailer with

130
00:04:32,150 --> 00:04:30,160
the security controller

131
00:04:34,390 --> 00:04:32,160
radio dispatch reading the previous

132
00:04:34,710 --> 00:04:34,400
shift's logs one of my foot patrols

133
00:04:36,469 --> 00:04:34,720
found

134
00:04:38,310 --> 00:04:36,479
three dead deer within one of the wooded

135
00:04:40,150 --> 00:04:38,320
areas and radioed us

136
00:04:42,070 --> 00:04:40,160
when i arrived on scene i noticed that

137
00:04:44,150 --> 00:04:42,080
their throats were damaged and two had

138
00:04:45,590 --> 00:04:44,160

their entrails and hind quarters eaten

139

00:04:46,629 --> 00:04:45,600

along with what appeared to be their

140

00:04:49,350 --> 00:04:46,639

internal organs

141

00:04:51,189 --> 00:04:49,360

liver heart we did have wild boar in and

142

00:04:52,790 --> 00:04:51,199

out of the area and these were small

143

00:04:54,629 --> 00:04:52,800

barking deer species

144

00:04:55,990 --> 00:04:54,639

we placed a call to the local forest

145

00:04:58,230 --> 00:04:56,000

meister so he could remove

146

00:05:00,150 --> 00:04:58,240

the deer carcasses i went back to the

147

00:05:01,590 --> 00:05:00,160

security control trailer to foam the

148

00:05:03,749 --> 00:05:01,600

base on the incident

149

00:05:05,510 --> 00:05:03,759

after that i radioed all patrols for an

150

00:05:07,430 --> 00:05:05,520

area briefing and control

151
00:05:09,189 --> 00:05:07,440
as the patrols rolled in we heard a low

152
00:05:10,790 --> 00:05:09,199
level but loud growl howl

153
00:05:12,629 --> 00:05:10,800
coming from the direction of our only

154
00:05:13,590 --> 00:05:12,639
alarm structures to the west of our

155
00:05:15,430 --> 00:05:13,600
location

156
00:05:17,670 --> 00:05:15,440
i radioed the foot patrol assigned to

157
00:05:19,430 --> 00:05:17,680
that area since they were still in road

158
00:05:21,830 --> 00:05:19,440
as i did they came running out of the

159
00:05:24,710 --> 00:05:21,840
darkness ceiling did you guys hear that

160
00:05:25,830 --> 00:05:24,720
about that time it held again low deep

161
00:05:27,749 --> 00:05:25,840
long and loud

162
00:05:30,070 --> 00:05:27,759
it sounded like it was within our fence

163
00:05:31,749 --> 00:05:30,080

line i called the entry control point to

164

00:05:33,189 --> 00:05:31,759

see if they had permitted any canine

165

00:05:34,950 --> 00:05:33,199

patrols in the area

166

00:05:37,029 --> 00:05:34,960

they said no and also reported to

167

00:05:39,350 --> 00:05:37,039

howling one of the guys said

168

00:05:41,270 --> 00:05:39,360

what if it's the werewolf we all kind of

169

00:05:42,950 --> 00:05:41,280

giggled but then it held again

170

00:05:44,629 --> 00:05:42,960

this time from the center of the site

171

00:05:47,670 --> 00:05:44,639

but this towel was unreal

172

00:05:49,430 --> 00:05:47,680

it vibrated you inside hard to describe

173

00:05:51,830 --> 00:05:49,440

i called the base and updated them that

174

00:05:53,909 --> 00:05:51,840

we had a breach of some kind of animal

175

00:05:55,029 --> 00:05:53,919

sounded like a large dog or possibly a

176

00:05:56,870 --> 00:05:55,039

wild animal

177

00:05:58,790 --> 00:05:56,880

they stated that the forest meister had

178

00:06:00,710 --> 00:05:58,800

been called and was on his way

179

00:06:02,309 --> 00:06:00,720

i asked the patrols if they wanted me to

180

00:06:04,629 --> 00:06:02,319

turn on the area lighting

181

00:06:05,990 --> 00:06:04,639

they said no the area lighting usually

182

00:06:08,150 --> 00:06:06,000

made matters worse since

183

00:06:09,110 --> 00:06:08,160

they cast too many shadows and ruin your

184

00:06:10,629 --> 00:06:09,120

night vision

185

00:06:12,870 --> 00:06:10,639

as it was with the full moon we could

186

00:06:15,029 --> 00:06:12,880

see pretty good i issued night vision

187

00:06:17,830 --> 00:06:15,039

scopes to two of the patrol leaders

188

00:06:19,350 --> 00:06:17,840

they mounted on our m16s i informed them

189

00:06:20,550 --> 00:06:19,360

that they did not have permission to

190

00:06:22,150 --> 00:06:20,560

lock and load

191

00:06:23,909 --> 00:06:22,160

since it was peacetime we carried our

192

00:06:25,670 --> 00:06:23,919

weapons with a loaded magazine

193

00:06:28,070 --> 00:06:25,680

weapon on safe and no round in the

194

00:06:29,590 --> 00:06:28,080

chamber when it was about to get noisy

195

00:06:31,350 --> 00:06:29,600

lock and load meant to charge your

196

00:06:32,150 --> 00:06:31,360

weapon and get ready to rock and roll

197

00:06:34,230 --> 00:06:32,160

baby

198

00:06:35,270 --> 00:06:34,240

i took one of the foot patrols with me

199

00:06:37,189 --> 00:06:35,280

strengthened numbers

200

00:06:38,950 --> 00:06:37,199

and headed to the perimeter in case i

201
00:06:40,629 --> 00:06:38,960
tried to circle my guys

202
00:06:42,870 --> 00:06:40,639
i went by the fallen deer to show the

203
00:06:45,270 --> 00:06:42,880
patrol when we got there i noticed that

204
00:06:47,670 --> 00:06:45,280
the third gear had also been snapped on

205
00:06:48,469 --> 00:06:47,680
i immediately called all the patrols it

206
00:06:50,550 --> 00:06:48,479
had come back

207
00:06:52,550 --> 00:06:50,560
and fed on the third year about that

208
00:06:54,469 --> 00:06:52,560
time one of the mounted patrols vehicle

209
00:06:55,990 --> 00:06:54,479
had made contact and was pursuing a

210
00:06:58,070 --> 00:06:56,000
large dark canine

211
00:06:59,589 --> 00:06:58,080
we ran in a circular route as to try to

212
00:07:00,469 --> 00:06:59,599
outflank whatever it was they were

213
00:07:02,230 --> 00:07:00,479

chasing

214

00:07:04,070 --> 00:07:02,240

the entry gate radioed me saying that

215

00:07:05,749 --> 00:07:04,080

our canine patrol had arrived

216

00:07:07,510 --> 00:07:05,759

i had them dispatched to the western

217

00:07:08,309 --> 00:07:07,520

fence line since that's where we were

218

00:07:10,230 --> 00:07:08,319

all going

219

00:07:12,150 --> 00:07:10,240

the pursuing patrol radioed that it was

220

00:07:14,469 --> 00:07:12,160

turning towards the command thriller

221

00:07:16,070 --> 00:07:14,479

here's a funny part alpha control

222

00:07:17,510 --> 00:07:16,080

radioed that he was locking down

223

00:07:19,589 --> 00:07:17,520

and wasn't opening the door till

224

00:07:21,029 --> 00:07:19,599

daylight i took the foot patrol and

225

00:07:22,790 --> 00:07:21,039

headed to the fence line

226

00:07:25,270 --> 00:07:22,800

since we had two patrols going to

227

00:07:27,189 --> 00:07:25,280

control the canine patrol was already

228

00:07:28,950 --> 00:07:27,199

there and i dispatched him to the alarm

229

00:07:30,469 --> 00:07:28,960

structures to stand by

230

00:07:32,469 --> 00:07:30,479

i did this since they were between

231

00:07:34,150 --> 00:07:32,479

control and the perimeter fence

232

00:07:35,749 --> 00:07:34,160

when we got to the fence i put one of

233

00:07:37,589 --> 00:07:35,759

the guys near the fence line

234

00:07:39,909 --> 00:07:37,599

and i with the patrol leader headed to a

235

00:07:41,909 --> 00:07:39,919

small hell to overwatch his position

236

00:07:43,430 --> 00:07:41,919

i asked for status reports because i

237

00:07:45,589 --> 00:07:43,440

could hear a lot of yelling

238

00:07:47,589 --> 00:07:45,599

they said it was coming toward us i

239

00:07:48,390 --> 00:07:47,599

radioed control to turn on our sector's

240

00:07:50,550 --> 00:07:48,400

lighting

241

00:07:51,589 --> 00:07:50,560

our area was mostly open with trees on

242

00:07:53,350 --> 00:07:51,599

the right side

243

00:07:54,950 --> 00:07:53,360

we switched off our scopes and in that

244

00:07:56,710 --> 00:07:54,960

instant that we reached to turn off the

245

00:07:57,589 --> 00:07:56,720

units our guy on the fence started

246

00:07:59,510 --> 00:07:57,599

screaming

247

00:08:01,589 --> 00:07:59,520

we turned in time to see a huge dark

248

00:08:03,350 --> 00:08:01,599

mass clear our nine foot fence

249

00:08:04,950 --> 00:08:03,360

we quickly faded from our perimeter

250

00:08:06,629 --> 00:08:04,960

lighting into the darkness

251
00:08:08,710 --> 00:08:06,639
i asked for the aerial lighting to be

252
00:08:10,790 --> 00:08:08,720
turned off i walked further up to the

253
00:08:12,869 --> 00:08:10,800
hill and switched on my night scope

254
00:08:14,790 --> 00:08:12,879
i looked in the direction it had drunk

255
00:08:16,469 --> 00:08:14,800
since the magnification was weak i

256
00:08:17,510 --> 00:08:16,479
really didn't expect to see anything

257
00:08:19,270 --> 00:08:17,520
then i saw it

258
00:08:21,670 --> 00:08:19,280
it was leaned up against a tree looking

259
00:08:24,390 --> 00:08:21,680
at us on its hind legs breathing heavily

260
00:08:26,309 --> 00:08:24,400
i yelled two o'clock 200 meters then it

261
00:08:28,550 --> 00:08:26,319
turned and faded into the trees

262
00:08:30,150 --> 00:08:28,560
only one other patrol leader saw it it

263
00:08:32,230 --> 00:08:30,160

was now 2 30 am

264

00:08:34,310 --> 00:08:32,240

the forest meister arrived at the enter

265

00:08:36,550 --> 00:08:34,320

gate i had to sign him in

266

00:08:38,469 --> 00:08:36,560

i asked the k-9 unit to foot patrol the

267

00:08:40,469 --> 00:08:38,479

fence but the dog could retreat it to

268

00:08:42,630 --> 00:08:40,479

his kennel and would not come out

269

00:08:44,550 --> 00:08:42,640

i put all units back on active patrol

270

00:08:46,630 --> 00:08:44,560

and to remain extra vigilant

271

00:08:48,790 --> 00:08:46,640

as i escorted the forest meister to the

272

00:08:50,630 --> 00:08:48,800

dead deer i explained what had happened

273

00:08:51,990 --> 00:08:50,640

he listened carefully and seemed to be

274

00:08:53,990 --> 00:08:52,000

absorbing it all in

275

00:08:55,430 --> 00:08:54,000

he took pictures of the deer for records

276

00:08:57,030 --> 00:08:55,440

then bagged the bodies

277

00:08:58,949 --> 00:08:57,040

he said that it didn't appear to be the

278

00:09:00,630 --> 00:08:58,959

work of wild boar it had all the

279

00:09:02,550 --> 00:09:00,640

markings of a wolf attack

280

00:09:04,710 --> 00:09:02,560

he said wolves usually didn't kill their

281

00:09:05,750 --> 00:09:04,720

prey they usually died from shock and

282

00:09:07,190 --> 00:09:05,760

blood loss

283

00:09:09,190 --> 00:09:07,200

they would knock it down and start

284

00:09:10,230 --> 00:09:09,200

eating the hindquarters with the animals

285

00:09:11,990 --> 00:09:10,240

still alive

286

00:09:13,829 --> 00:09:12,000

this one killed them then ate them as

287

00:09:15,590 --> 00:09:13,839

evidenced by the neck injuries

288

00:09:18,310 --> 00:09:15,600

i asked if they could jump nine foot

289

00:09:20,710 --> 00:09:18,320

fence he said this one couldn't laugh

290

00:09:22,870 --> 00:09:20,720

the guys were jazzed to say the least we

291

00:09:24,710 --> 00:09:22,880

had a group meeting around 4 am

292

00:09:25,910 --> 00:09:24,720

i said that i needed written reports by

293

00:09:28,870 --> 00:09:25,920

the shifts end at 6

294

00:09:30,710 --> 00:09:28,880

30 so to take turns patrolling alpha 2

295

00:09:32,310 --> 00:09:30,720

command trailer opened his door even

296

00:09:34,070 --> 00:09:32,320

though it was still dark out

297

00:09:35,990 --> 00:09:34,080

i remember sitting there sipping some

298

00:09:38,550 --> 00:09:36,000

coffee sing are they going to believe

299

00:09:39,430 --> 00:09:38,560

this he said we were all going to piss

300

00:09:41,430 --> 00:09:39,440

in the bottle

301
00:09:42,550 --> 00:09:41,440
that meant a urine analysis to see if we

302
00:09:44,630 --> 00:09:42,560
were on drugs

303
00:09:46,550 --> 00:09:44,640
we laughed about it when we got back to

304
00:09:48,470 --> 00:09:46,560
the armory i was pulled aside by my

305
00:09:50,470 --> 00:09:48,480
flight chief and shift commander

306
00:09:52,230 --> 00:09:50,480
i briefed him on what had happened my

307
00:09:54,150 --> 00:09:52,240
flight chief asked me to take home the

308
00:09:56,310 --> 00:09:54,160
statements and proofread them first

309
00:09:58,150 --> 00:09:56,320
then to turn them in before gourd mount

310
00:09:59,269 --> 00:09:58,160
when i arrived i noticed that the roster

311
00:10:01,509 --> 00:09:59,279
had been amended

312
00:10:03,590 --> 00:10:01,519
we were all going back to marbup it was

313
00:10:05,350 --> 00:10:03,600

very rare to have the same patrol twice

314

00:10:07,030 --> 00:10:05,360

let alone the entire area

315

00:10:09,110 --> 00:10:07,040

on the bus ride out there we were pretty

316

00:10:11,030 --> 00:10:09,120

much quite i stopped the bus at the

317

00:10:12,470 --> 00:10:11,040

altar to make sure the candle were lit

318

00:10:14,470 --> 00:10:12,480

and the old guy awake

319

00:10:16,870 --> 00:10:14,480

thumbs up the flight chief showed up

320

00:10:19,350 --> 00:10:16,880

around midnight and we had a powwow

321

00:10:21,190 --> 00:10:19,360

he said we had two choices we could turn

322

00:10:21,910 --> 00:10:21,200

in the statements but omit the werewolf

323

00:10:23,829 --> 00:10:21,920

references

324

00:10:25,910 --> 00:10:23,839

or shred the statements and have me

325

00:10:27,750 --> 00:10:25,920

write in the log book that a wild animal

326

00:10:29,590 --> 00:10:27,760

had killed some deer in the wooded area

327

00:10:31,590 --> 00:10:29,600

behind the ammo building and that the

328

00:10:32,630 --> 00:10:31,600

forest meister had been dispatched and

329

00:10:34,870 --> 00:10:32,640

the story

330

00:10:36,630 --> 00:10:34,880

as we all looked at each other he stated

331

00:10:37,430 --> 00:10:36,640

that our prp would be called into

332

00:10:39,750 --> 00:10:37,440

question

333

00:10:41,590 --> 00:10:39,760

prp is a program that enables us to work

334

00:10:44,150 --> 00:10:41,600

around nuclear resources

335

00:10:46,150 --> 00:10:44,160

to lose a prp cast a dark cloud over you

336

00:10:47,509 --> 00:10:46,160

plus you got crap details while you were

337

00:10:50,389 --> 00:10:47,519

being reevaluated

338

00:10:51,190 --> 00:10:50,399

took up to 45 days so we opted for the

339

00:10:53,030 --> 00:10:51,200

later

340

00:10:54,630 --> 00:10:53,040

some of us choose not to talk about it

341

00:10:57,030 --> 00:10:54,640

but obviously some did

342

00:10:58,470 --> 00:10:57,040

it really happened it wasn't some story

343

00:11:01,829 --> 00:10:58,480

to scare the jeeps

344

00:11:02,710 --> 00:11:01,839

chiefs are fngs rookies etc was it a

345

00:11:05,030 --> 00:11:02,720

werewolf

346

00:11:06,949 --> 00:11:05,040

was it an endangered european wolf was

347

00:11:08,470 --> 00:11:06,959

it a coincidence that the candle was out

348

00:11:11,509 --> 00:11:08,480

that night of a full moon

349

00:11:13,269 --> 00:11:11,519

you decide as for me i'll say this

350

00:11:19,829 --> 00:11:13,279

the above statement is true to the best

351

00:11:23,269 --> 00:11:22,310

this is lon strickler if you like this

352

00:11:25,030 --> 00:11:23,279

program

353

00:11:26,310 --> 00:11:25,040

it would help us if you would give it a

354

00:11:29,190 --> 00:11:26,320

thumbs up

355

00:11:31,190 --> 00:11:29,200

then subscribe and click the bell icon

356

00:11:31,750 --> 00:11:31,200

so you'll get notification when we

357

00:11:34,790 --> 00:11:31,760

upload

358

00:11:35,509 --> 00:11:34,800

new first person encounters we have many

359

00:11:38,470 --> 00:11:35,519

more to come

360

00:11:39,750 --> 00:11:38,480

very soon and by the way if you have a

361

00:11:42,150 --> 00:11:39,760

suggestion
