1
00:00:06,470 --> 00:00:06,150
the oldest and strongest human emotion

2
00:00:09,750 --> 00:00:06,480
is

3
00:00:09,990 --> 00:00:09,760
fear and the oldest and strongest type

4
00:00:16,550 --> 00:00:10,000
of

5
00:00:19,990 --> 00:00:16,560
when we were children our parents told

6
00:00:22,470 --> 00:00:20,000
us that monsters didn't exist

7
00:00:25,670 --> 00:00:22,480
but we were sure that something was

8
00:00:30,230 --> 00:00:25,680
lurking under the bed or in the closet

9
00:00:33,430 --> 00:00:30,240
fear sees even if our eyes are closed

10
00:00:35,510 --> 00:00:33,440
welcome to the realm of the arcane my

11
00:00:37,830 --> 00:00:35,520
name is lon stripler

12
00:00:38,950 --> 00:00:37,840
join me as i examine unexplained

13
00:00:42,830 --> 00:00:38,960

creatures

14

00:00:45,830 --> 00:00:42,840

strange manifestations and remarkable

15

00:00:48,389 --> 00:00:45,840

realities imagine this next hour

16

00:00:49,510 --> 00:00:48,399

as a voyage of discovery to strange

17

00:00:52,630 --> 00:00:49,520

lands

18

00:00:55,350 --> 00:00:52,640

seeking not for new territory but for

19

00:00:55,990 --> 00:00:55,360

new knowledge of the supernatural come

20

00:00:59,320 --> 00:00:56,000

on board

21

00:01:02,790 --> 00:00:59,330

as we begin this adventure together

22

00:01:06,950 --> 00:01:04,710

hey folks good evening and welcome to

23

00:01:08,710 --> 00:01:06,960

another episode of arcane radio

24

00:01:09,910 --> 00:01:08,720

i'm your host lon strickler and i thank

25

00:01:10,870 --> 00:01:09,920

you for joining me here on the

26

00:01:13,910 --> 00:01:10,880

paranormal king

27

00:01:17,109 --> 00:01:13,920

radio network now before i

28

00:01:19,270 --> 00:01:17,119

introduce my guest i'd like to present

29

00:01:21,030 --> 00:01:19,280

an account that was recently forwarded

30

00:01:24,870 --> 00:01:21,040

to me

31

00:01:27,109 --> 00:01:24,880

the witness states about two years ago

32

00:01:29,270 --> 00:01:27,119

i had an encounter with something i

33

00:01:31,270 --> 00:01:29,280

can't explain

34

00:01:34,550 --> 00:01:31,280

and the reason i'm writing is because i

35

00:01:36,630 --> 00:01:34,560

saw some strange footprints yesterday

36

00:01:40,069 --> 00:01:36,640

where i encountered it two years ago he

37

00:01:43,109 --> 00:01:40,079

said he lives in finland near the coast

38

00:01:45,510 --> 00:01:43,119

now two years ago

39

00:01:47,030 --> 00:01:45,520

i was out hunting and i was getting lit

40

00:01:48,950 --> 00:01:47,040

it was getting late and dark so i

41

00:01:50,950 --> 00:01:48,960

decided to head back home

42

00:01:54,069 --> 00:01:50,960

i had about a two or three kilometer

43

00:01:56,550 --> 00:01:54,079

walk through the forest to get to my car

44

00:01:58,389 --> 00:01:56,560

he had gotten pitch black outside and at

45

00:02:02,709 --> 00:01:58,399

this point so i had

46

00:02:05,350 --> 00:02:02,719

an led head headlamp for light as a walk

47

00:02:05,910 --> 00:02:05,360

and as i walked i kept hearing unusually

48

00:02:08,869 --> 00:02:05,920

loud

49

00:02:09,589 --> 00:02:08,879

sounds too i knew something big was

50

00:02:12,790 --> 00:02:09,599

moving

51
00:02:14,949 --> 00:02:12,800
it was i was 100 sure it was a moose

52
00:02:16,790 --> 00:02:14,959
as i've encountered lots of those in in

53
00:02:18,630 --> 00:02:16,800
the forest and they do make a lot of

54
00:02:21,430 --> 00:02:18,640
noise of vibrations

55
00:02:21,990 --> 00:02:21,440
when they walk now i couldn't see

56
00:02:24,710 --> 00:02:22,000
anything

57
00:02:26,150 --> 00:02:24,720
though it was getting closer to me now

58
00:02:29,190 --> 00:02:26,160
all of a sudden this super

59
00:02:32,150 --> 00:02:29,200
awful smell hits me it smells like feces

60
00:02:33,589 --> 00:02:32,160
and something really rotten my hair

61
00:02:35,270 --> 00:02:33,599
stands up and i raise

62
00:02:37,750 --> 00:02:35,280
my shotgun as my whole body

63
00:02:40,550 --> 00:02:37,760

instinctively tells me to run

64

00:02:42,550 --> 00:02:40,560

i just stand still and listen and as the

65

00:02:44,550 --> 00:02:42,560

sounds get closer i see what looks like

66

00:02:47,350 --> 00:02:44,560

a humanoid figure standing

67

00:02:48,869 --> 00:02:47,360

on two feet really tall and it had

68

00:02:50,710 --> 00:02:48,879

easily been with two mirrors

69

00:02:52,949 --> 00:02:50,720

but slender and muscular at the same

70

00:02:56,309 --> 00:02:52,959

time and kind of crouched down

71

00:02:57,430 --> 00:02:56,319

posture it looked almost like a werewolf

72

00:03:00,229 --> 00:02:57,440

from the movies

73

00:03:02,390 --> 00:03:00,239

but at the same time it wasn't it was it

74

00:03:05,589 --> 00:03:02,400

was quite far away so my light barely

75

00:03:08,710 --> 00:03:05,599

went that far but i could still see it

76

00:03:10,229 --> 00:03:08,720

its eyes shined red from my led headlamp

77

00:03:12,309 --> 00:03:10,239

as well

78

00:03:13,990 --> 00:03:12,319

it looked at me for about three seconds

79

00:03:17,110 --> 00:03:14,000

made no sounds

80

00:03:19,270 --> 00:03:17,120

it was but it was breathing weirdly i

81

00:03:20,949 --> 00:03:19,280

think it could smell the two ducks i had

82

00:03:23,670 --> 00:03:20,959

in my backpack

83

00:03:24,869 --> 00:03:23,680

it slowly walked away i even filmed a

84

00:03:28,149 --> 00:03:24,879

little bit of it

85

00:03:31,350 --> 00:03:28,159

as i started walking and uh with my

86

00:03:32,869 --> 00:03:31,360

my iphone was poor quality as my phone

87

00:03:35,990 --> 00:03:32,879

at the time was

88

00:03:39,190 --> 00:03:36,000

was fairly old and it was dark so

89

00:03:40,390 --> 00:03:39,200

you can't really see it just hear a lot

90

00:03:42,630 --> 00:03:40,400

of the noise

91

00:03:43,750 --> 00:03:42,640

anyway i told my some friends and fellow

92

00:03:46,070 --> 00:03:43,760

hunters

93

00:03:47,509 --> 00:03:46,080

a couple of heard and seen strange

94

00:03:50,789 --> 00:03:47,519

things as well

95

00:03:55,429 --> 00:03:53,910

so i don't know what he saw but

96

00:03:57,030 --> 00:03:55,439

you know it's kind of par for the course

97

00:03:58,869 --> 00:03:57,040

for a lot of the reports we've been

98

00:04:00,869 --> 00:03:58,879

getting around here in pennsylvania

99

00:04:02,470 --> 00:04:00,879

though that's in finland it's it's

100

00:04:05,270 --> 00:04:02,480

interesting to get a uh

101
00:04:06,070 --> 00:04:05,280
report over in europe occasionally right

102
00:04:09,589 --> 00:04:06,080
but uh

103
00:04:12,789 --> 00:04:09,599
you know these uh these upright

104
00:04:15,589 --> 00:04:12,799
beings uh call them

105
00:04:18,229 --> 00:04:15,599
either canines and of course bigfoot

106
00:04:20,710 --> 00:04:18,239
it's a worldwide phenomenon

107
00:04:21,430 --> 00:04:20,720
so let's get started okay all right

108
00:04:26,469 --> 00:04:21,440
tonight's

109
00:04:27,670 --> 00:04:26,479

110
00:04:29,590 --> 00:04:27,680

terrorist programs mack is a native of

125

00:05:01,510 --> 00:04:58,800

website can be found at mcmaloney.com

128

00:05:09,350 --> 00:05:08,160

so mac thanks for joining me thanks lon

129

00:05:12,870 --> 00:05:09,360

thanks for having me on

130

00:05:18,070 --> 00:05:12,880

been a while since we talked right now

131

00:05:20,070 --> 00:05:18,080

i think the uh yeah i just published um

132

00:05:21,990 --> 00:05:20,080

ufos and military i think that was your

133

00:05:23,830 --> 00:05:22,000

like that that the book

134

00:05:25,189 --> 00:05:23,840

was when the last time i talked to you

135

00:05:28,950 --> 00:05:25,199

about four years ago i guess

136

00:05:31,350 --> 00:05:28,960

right yeah ufos and what time yeah yeah

137

00:05:33,590 --> 00:05:31,360

so um you know that's been several years

138

00:05:35,189 --> 00:05:33,600

and you and i had a discussion at the

139

00:05:37,270 --> 00:05:35,199

time

140

00:05:38,710 --> 00:05:37,280

referencing the foo fighter phenomena

141

00:05:41,990 --> 00:05:38,720

over europe during world war

142

00:05:43,189 --> 00:05:42,000

ii now since that talk i wanted to ask

143

00:05:47,510 --> 00:05:43,199

you

144

00:05:49,510 --> 00:05:47,520

lights

145

00:05:51,590 --> 00:05:49,520

or the same phenomena that pilots have

146

00:05:55,270 --> 00:05:51,600

encountered during other conflicts

147

00:05:57,430 --> 00:05:55,280

and even modern day uh sightings

148

00:05:59,430 --> 00:05:57,440

um yeah i think they're all part of the

149

00:06:02,150 --> 00:05:59,440

same thing for sure you know

150

00:06:02,710 --> 00:06:02,160

the whole idea of ufos and wartime the

151
00:06:05,110 --> 00:06:02,720
whole

152
00:06:06,070 --> 00:06:05,120
idea to even write a book was we were

153
00:06:08,309 --> 00:06:06,080
having a discussion

154
00:06:09,990 --> 00:06:08,319
once my editor and i you know like a

155
00:06:12,230 --> 00:06:10,000
three-month annie lunch type thing

156
00:06:13,270 --> 00:06:12,240
and um you know i said you know it just

157
00:06:15,430 --> 00:06:13,280
seems like

158
00:06:16,390 --> 00:06:15,440
you know i i read a lot of ufo books

159
00:06:18,629 --> 00:06:16,400
growing up as a kid

160
00:06:20,309 --> 00:06:18,639
and it always was in my mind that it

161
00:06:21,590 --> 00:06:20,319
seems like more ufos are seen more

162
00:06:23,189 --> 00:06:21,600
during war time than

163
00:06:24,309 --> 00:06:23,199

peace time and i just threw that out and

164

00:06:25,830 --> 00:06:24,319

he said well that'd be that's

165

00:06:27,590 --> 00:06:25,840

interesting why would that be and

166

00:06:30,070 --> 00:06:27,600

and i don't know more people looking up

167

00:06:32,629 --> 00:06:30,080

at the sky more people flying

168

00:06:33,590 --> 00:06:32,639

more chances to spot ufos you know who

169

00:06:35,830 --> 00:06:33,600

knows

170

00:06:37,510 --> 00:06:35,840

so that's how that book came about and

171

00:06:39,909 --> 00:06:37,520

we just you know put together

172

00:06:41,590 --> 00:06:39,919

a couple hundred stories on instances

173

00:06:44,150 --> 00:06:41,600

where ufos showed up

174

00:06:45,510 --> 00:06:44,160

uh you know during times of war you know

175

00:06:47,510 --> 00:06:45,520

lots as you say

176

00:06:49,270 --> 00:06:47,520

the foo fighters in world war ii is

177

00:06:50,550 --> 00:06:49,280

probably example that most people

178

00:06:52,950 --> 00:06:50,560

remember but there were a lot of them

179

00:06:55,670 --> 00:06:52,960

over korea over vietnam

180

00:06:57,189 --> 00:06:55,680

um world war one as well in between the

181

00:07:00,070 --> 00:06:57,199

laws

182

00:07:00,550 --> 00:07:00,080

so um we don't really know the answer

183

00:07:04,070 --> 00:07:00,560

you know

184

00:07:05,830 --> 00:07:04,080

if if people if if ufos show up

185

00:07:07,430 --> 00:07:05,840

in wartime more than peacetime but

186

00:07:09,110 --> 00:07:07,440

people do i think we make a pretty good

187

00:07:11,670 --> 00:07:09,120

case that people

188

00:07:12,790 --> 00:07:11,680

see more ufos during war time is it is

189

00:07:13,670 --> 00:07:12,800

it because they're here because it's

190

00:07:15,749 --> 00:07:13,680

wartime or as

191

00:07:18,230 --> 00:07:15,759

ours as we as i said before uh people

192

00:07:19,830 --> 00:07:18,240

just kind of looking up at the sky more

193

00:07:21,430 --> 00:07:19,840

yeah i've heard a lot of different

194

00:07:23,189 --> 00:07:21,440

theories about what

195

00:07:25,270 --> 00:07:23,199

what people think it is you know people

196

00:07:28,870 --> 00:07:25,280

say well maybe it's the stress

197

00:07:31,350 --> 00:07:28,880

and you know they're seeing things or

198

00:07:33,270 --> 00:07:31,360

whatever or just are mistaking you for

199

00:07:34,870 --> 00:07:33,280

ordinance or

200

00:07:36,550 --> 00:07:34,880

i i don't think that's the case i think

201
00:07:37,670 --> 00:07:36,560
you're right i think there's something

202
00:07:39,749 --> 00:07:37,680
behind it

203
00:07:40,870 --> 00:07:39,759
i i remember you mentioning at the time

204
00:07:46,550 --> 00:07:40,880
that

205
00:07:47,990 --> 00:07:46,560
is is very prevalent during conflict

206
00:07:51,670 --> 00:07:48,000
here on earth

207
00:07:54,869 --> 00:07:51,680
and uh if it is something

208
00:07:55,350 --> 00:07:54,879
time extraterrestrial phenomena you know

209
00:07:58,550 --> 00:07:55,360
maybe

210
00:08:01,110 --> 00:07:58,560
they're they're appearing as

211
00:08:02,550 --> 00:08:01,120
uh you know as watchers or sentinels of

212
00:08:05,110 --> 00:08:02,560
some type

213
00:08:05,990 --> 00:08:05,120

right or um you know i think we talked

214

00:08:07,830 --> 00:08:06,000

about this too

215

00:08:10,550 --> 00:08:07,840

it could be something as you know quote

216

00:08:12,629 --> 00:08:10,560

unquote simple as they may be time tours

217

00:08:14,469 --> 00:08:12,639

where you know they could be from our

218

00:08:16,230 --> 00:08:14,479

future coming back to see

219

00:08:17,589 --> 00:08:16,240

you know history being made and some

220

00:08:19,430 --> 00:08:17,599

people like come back and say you know

221

00:08:21,189 --> 00:08:19,440

military history being made

222

00:08:23,110 --> 00:08:21,199

um so you know it might be something

223

00:08:24,629 --> 00:08:23,120

along those lines but one thing though i

224

00:08:26,550 --> 00:08:24,639

i i want to say

225

00:08:27,990 --> 00:08:26,560

on top of what you were saying was

226
00:08:28,869 --> 00:08:28,000
people say well you know maybe it's the

227
00:08:31,430 --> 00:08:28,879
stress of war

228
00:08:32,870 --> 00:08:31,440
on pilots and so on uh you know military

229
00:08:35,029 --> 00:08:32,880
pilots pilots generally

230
00:08:36,230 --> 00:08:35,039
but military pilots especially uh the

231
00:08:39,029 --> 00:08:36,240
best um

232
00:08:40,389 --> 00:08:39,039
you know uh reporters of ufos because

233
00:08:41,269 --> 00:08:40,399
they're flying around up there all the

234
00:08:42,790 --> 00:08:41,279
time they know

235
00:08:44,389 --> 00:08:42,800
when they when they they know what the

236
00:08:45,430 --> 00:08:44,399
planet venus looks like you know they

237
00:08:46,949 --> 00:08:45,440
know what the

238
00:08:49,030 --> 00:08:46,959

the they know what a comet looks like

239

00:08:50,870 --> 00:08:49,040

they know what you know

240

00:08:53,110 --> 00:08:50,880

reflections off the ocean from oil rigs

241

00:08:55,670 --> 00:08:53,120

look like so if they see something that

242

00:08:58,230 --> 00:08:55,680

they haven't seen before

243

00:08:59,910 --> 00:08:58,240

then it's a ufo you know it's if they

244

00:09:01,829 --> 00:08:59,920

think it's unusual then it sure is

245

00:09:03,670 --> 00:09:01,839

unusual

246

00:09:05,829 --> 00:09:03,680

well you know there was also a theory

247

00:09:07,750 --> 00:09:05,839

that maybe the nazis had some type of

248

00:09:09,110 --> 00:09:07,760

secret weapon that they were using or

249

00:09:11,670 --> 00:09:09,120

employing

250

00:09:13,110 --> 00:09:11,680

um to kind of cause some type of

251
00:09:15,750 --> 00:09:13,120
disruption with with

252
00:09:16,949 --> 00:09:15,760
the bombers and such right i don't know

253
00:09:18,870 --> 00:09:16,959
how much of that you

254
00:09:20,790 --> 00:09:18,880
buy into i don't i don't i don't buy

255
00:09:23,670 --> 00:09:20,800
into any of the nazi

256
00:09:25,269 --> 00:09:23,680
ufo thing because and we talk about this

257
00:09:27,110 --> 00:09:25,279
on our show you know a lot

258
00:09:29,430 --> 00:09:27,120
and we talk about in ufos and what time

259
00:09:32,150 --> 00:09:29,440
as well is you know

260
00:09:35,190 --> 00:09:32,160
who knows why uh people want to kind of

261
00:09:36,870 --> 00:09:35,200
link these two things you know uh but

262
00:09:38,310 --> 00:09:36,880
you have to just you know think for a

263
00:09:41,829 --> 00:09:38,320

second that

264

00:09:43,750 --> 00:09:41,839

and in 1943 the uh

265

00:09:45,030 --> 00:09:43,760

germans you know fielded the first jet

266

00:09:48,470 --> 00:09:45,040

fighter ever

267

00:09:49,990 --> 00:09:48,480

me 262 okay and and it was a real jet

268

00:09:52,310 --> 00:09:50,000

fighter it was a real danger

269

00:09:53,910 --> 00:09:52,320

it came too late in the war really to do

270

00:09:56,949 --> 00:09:53,920

anything for them

271

00:10:01,350 --> 00:09:56,959

but it was a true jet fighter the

272

00:10:04,310 --> 00:10:01,360

cockpits of me 262s

273

00:10:05,110 --> 00:10:04,320

were made of plywood because the german

274

00:10:07,509 --> 00:10:05,120

military

275

00:10:08,230 --> 00:10:07,519

machine the german war machine couldn't

276

00:10:10,870 --> 00:10:08,240

afford

277

00:10:13,590 --> 00:10:10,880

the steel that you know um that that

278

00:10:15,110 --> 00:10:13,600

would have protected the pilot certainly

279

00:10:16,630 --> 00:10:15,120

they just couldn't afford it they they

280

00:10:18,470 --> 00:10:16,640

couldn't afford to put the best

281

00:10:20,310 --> 00:10:18,480

materials in their jet fighters then

282

00:10:22,710 --> 00:10:20,320

how would they have you know ufos and

283

00:10:25,509 --> 00:10:22,720

how would they have disruptors and

284

00:10:27,910 --> 00:10:25,519

ray guns and you know a base on the moon

285

00:10:30,310 --> 00:10:27,920

and the basin antarctica and everything

286

00:10:32,230 --> 00:10:30,320

they lost the war if they had any kind

287

00:10:34,230 --> 00:10:32,240

any kind of technology like that why did

288

00:10:36,389 --> 00:10:34,240

they lose the law you know so

289

00:10:37,670 --> 00:10:36,399

i don't buy any of that nazis uh had you

290

00:10:40,550 --> 00:10:37,680

know ufo help or

291

00:10:41,430 --> 00:10:40,560

help from aliens or or whatever i it

292

00:10:44,150 --> 00:10:41,440

just doesn't

293

00:10:45,670 --> 00:10:44,160

if you look at the you know the facts

294

00:10:45,990 --> 00:10:45,680

after world war ii we went through the

295

00:10:47,350 --> 00:10:46,000

united

296

00:10:49,670 --> 00:10:47,360

states went through in russia and went

297

00:10:50,310 --> 00:10:49,680

through everything any german scientist

298

00:10:52,310 --> 00:10:50,320

ever did

299

00:10:54,389 --> 00:10:52,320

we took a lot of that technology we took

300

00:10:56,870 --> 00:10:54,399

that scientists they put us on the moon

301
00:10:58,389 --> 00:10:56,880
they found absolutely no evidence that

302
00:11:01,509 --> 00:10:58,399
the nazis were building

303
00:11:04,150 --> 00:11:01,519
ufos or had nuclear yellow bell

304
00:11:05,030 --> 00:11:04,160
and nuclear power and anti-grav it none

305
00:11:07,509 --> 00:11:05,040
of it holds up

306
00:11:08,470 --> 00:11:07,519
you know it's all just myth yeah you

307
00:11:11,430 --> 00:11:08,480
know i read

308
00:11:13,190 --> 00:11:11,440
as much as possible as far as operation

309
00:11:14,949 --> 00:11:13,200
paper clip after the war

310
00:11:17,110 --> 00:11:14,959
and i really didn't see anything that

311
00:11:19,269 --> 00:11:17,120
really proved or even

312
00:11:21,670 --> 00:11:19,279
uh gave much basis to any of those

313
00:11:23,750 --> 00:11:21,680

theories so it keeps it seems to prevail

314

00:11:27,509 --> 00:11:23,760

all the time i mean you know

315

00:11:30,470 --> 00:11:27,519

uh it seems like every time you turn

316

00:11:31,750 --> 00:11:30,480

around and the nazi comes up here and

317

00:11:33,670 --> 00:11:31,760

there and the germans

318

00:11:35,190 --> 00:11:33,680

developed this or possibly developed

319

00:11:38,310 --> 00:11:35,200

that and

320

00:11:40,710 --> 00:11:38,320

uh i i just don't see it as well

321

00:11:41,670 --> 00:11:40,720

no i mean you know they they were they

322

00:11:43,110 --> 00:11:41,680

did have these things

323

00:11:45,269 --> 00:11:43,120

they're wonder weapons there's no doubt

324

00:11:46,949 --> 00:11:45,279

about it you know the v1 v2

325

00:11:49,030 --> 00:11:46,959

rockets they were the first ones to

326

00:11:50,790 --> 00:11:49,040

develop a tv bomb they actually had a

327

00:11:54,389 --> 00:11:50,800

bomb that they would drop from a

328

00:11:56,310 --> 00:11:54,399

from a a an airplane and the um

329

00:11:57,750 --> 00:11:56,320

bombardier would guide it down with with

330

00:11:59,430 --> 00:11:57,760

the television set you know it was like

331

00:12:00,470 --> 00:11:59,440

the first smart weapon they did have

332

00:12:04,310 --> 00:12:00,480

these things

333

00:12:06,629 --> 00:12:04,320

but they didn't have the military

334

00:12:07,910 --> 00:12:06,639

the capacity the natural the national

335

00:12:09,910 --> 00:12:07,920

capacity to

336

00:12:11,430 --> 00:12:09,920

build these things you know in numbers

337

00:12:13,030 --> 00:12:11,440

that would have had some effect in the

338

00:12:13,990 --> 00:12:13,040

wall because they were getting bombed

339

00:12:17,269 --> 00:12:14,000

around the clock

340

00:12:18,870 --> 00:12:17,279

for four years and uh you know they were

341

00:12:20,710 --> 00:12:18,880

they were just running out of stuff they

342

00:12:22,310 --> 00:12:20,720

were running out of rubber you know they

343

00:12:24,790 --> 00:12:22,320

they ran out of oil that's how you know

344

00:12:28,790 --> 00:12:24,800

they they invented synthetic oil

345

00:12:31,030 --> 00:12:28,800

practically and um um you know so

346

00:12:32,069 --> 00:12:31,040

like you know anyone who makes the who

347

00:12:33,190 --> 00:12:32,079

you know we have on the show at times

348

00:12:34,470 --> 00:12:33,200

that makes that argument i just said

349

00:12:35,590 --> 00:12:34,480

well if they had all you know once can

350

00:12:38,550 --> 00:12:35,600

go back to it if they had all this

351
00:12:42,550 --> 00:12:38,560
technology why did they lose the war

352
00:12:45,269 --> 00:12:42,560
exactly so uh your newest book the

353
00:12:46,470 --> 00:12:45,279
haunted universe is it's full of a lot

354
00:12:49,670 --> 00:12:46,480
of

355
00:12:52,310 --> 00:12:49,680
possible ufo military connections and a

356
00:12:53,670 --> 00:12:52,320
wide variety unusual events now

357
00:12:56,230 --> 00:12:53,680
you've had some several strange

358
00:12:59,670 --> 00:12:56,240
encounters as well can you describe

359
00:13:02,389 --> 00:12:59,680
some of your uh uh

360
00:13:04,069 --> 00:13:02,399
you know your better personal events

361
00:13:07,430 --> 00:13:04,079
personal encounters

362
00:13:07,750 --> 00:13:07,440
well i've never seen a ufo i have to say

363
00:13:11,430 --> 00:13:07,760

that

364

00:13:13,670 --> 00:13:11,440

looking every day but

365

00:13:15,030 --> 00:13:13,680

you know i i have this feeling that um

366

00:13:16,230 --> 00:13:15,040

you know if you're looking for ufos

367

00:13:17,750 --> 00:13:16,240

you're never going to see one

368

00:13:19,829 --> 00:13:17,760

it seems like the people who i'm looking

369

00:13:20,470 --> 00:13:19,839

for are the ones that see them you know

370

00:13:22,389 --> 00:13:20,480

it's kind of in

371

00:13:23,750 --> 00:13:22,399

and i think in itself that's that's kind

372

00:13:26,790 --> 00:13:23,760

of a phenomena

373

00:13:28,949 --> 00:13:26,800

um you know ghosts things like that

374

00:13:30,310 --> 00:13:28,959

uh you know just not for me you know i i

375

00:13:33,269 --> 00:13:30,320

the only real thing that

376

00:13:34,949 --> 00:13:33,279

i can uh point to is you know we at at

377

00:13:36,949 --> 00:13:34,959

college when i was in college you know a

378

00:13:38,470 --> 00:13:36,959

bunch of us you know rented a house and

379

00:13:40,389 --> 00:13:38,480

i you know we all had

380

00:13:41,910 --> 00:13:40,399

um it were assigned a bedroom in my

381

00:13:43,590 --> 00:13:41,920

bedroom for some reason

382

00:13:44,790 --> 00:13:43,600

it seemed like i could hear no matter

383

00:13:47,110 --> 00:13:44,800

when i was in there i could hear like

384

00:13:49,269 --> 00:13:47,120

voices almost like there were voices

385

00:13:50,870 --> 00:13:49,279

uh talking in the next room over but it

386

00:13:52,949 --> 00:13:50,880

would happen when i was alone and

387

00:13:54,710 --> 00:13:52,959

i remember going outside once and seeing

388

00:13:56,949 --> 00:13:54,720

can i am i hearing next door

389

00:13:57,910 --> 00:13:56,959

neighbors and it wasn't it was just it

390

00:13:59,269 --> 00:13:57,920

was just

391

00:14:01,670 --> 00:13:59,279

it's never happened to me before or

392

00:14:01,990 --> 00:14:01,680

since but just in this one particular

393

00:14:04,870 --> 00:14:02,000

room

394

00:14:06,310 --> 00:14:04,880

for one year um and i'd kind of get used

395

00:14:07,110 --> 00:14:06,320

to it it was kind of funny you know but

396

00:14:09,670 --> 00:14:07,120

i would hear like

397

00:14:11,350 --> 00:14:09,680

conversations going on and and there was

398

00:14:12,949 --> 00:14:11,360

no one there but that's the closest i've

399

00:14:16,230 --> 00:14:12,959

ever really got to

400

00:14:18,710 --> 00:14:16,240

something uh paranormal

401
00:14:20,470 --> 00:14:18,720
yeah you you've really did a lot of

402
00:14:22,389 --> 00:14:20,480
research for this book i mean there's a

403
00:14:24,550 --> 00:14:22,399
lot of different things in there

404
00:14:26,710 --> 00:14:24,560
uh it's just not ufos it's a lot of

405
00:14:28,550 --> 00:14:26,720
different i i recommend to anybody it's

406
00:14:31,110 --> 00:14:28,560
it's it's very well done

407
00:14:32,949 --> 00:14:31,120
it's got a lot of good references to it

408
00:14:34,470 --> 00:14:32,959
thanks um

409
00:14:36,150 --> 00:14:34,480
what's your favorite story out of your

410
00:14:39,509 --> 00:14:36,160
book anyway

411
00:14:41,030 --> 00:14:39,519
well wow um

412
00:14:42,870 --> 00:14:41,040
as many as you want to talk about that's

413
00:14:44,470 --> 00:14:42,880

right um

414

00:14:46,230 --> 00:14:44,480

i think there's more you know i never

415

00:14:47,110 --> 00:14:46,240

really sat down and encountered exactly

416

00:14:50,150 --> 00:14:47,120

how many

417

00:14:51,030 --> 00:14:50,160

um stories are in there it's about 250

418

00:14:53,430 --> 00:14:51,040

to 300

419

00:14:54,550 --> 00:14:53,440

and you know for some reason i'm like

420

00:14:57,269 --> 00:14:54,560

kind of partial to

421

00:14:57,990 --> 00:14:57,279

ghost airplane stories yeah and uh

422

00:14:59,430 --> 00:14:58,000

there's one

423

00:15:00,870 --> 00:14:59,440

in with you know without getting bogged

424

00:15:02,230 --> 00:15:00,880

down in the dates and times and

425

00:15:03,430 --> 00:15:02,240

everything exact dates but basically

426

00:15:06,550 --> 00:15:03,440

what happened was

427

00:15:09,350 --> 00:15:06,560

uh there's a um it was in the 80s and

428

00:15:10,550 --> 00:15:09,360

out in los angeles and los angeles area

429

00:15:12,870 --> 00:15:10,560

there's an airport it's

430

00:15:15,110 --> 00:15:12,880

it's a semi-private airport it's called

431

00:15:17,350 --> 00:15:15,120

john wayne airport it's in orange county

432

00:15:18,949 --> 00:15:17,360

okay where a lot of you know the

433

00:15:22,470 --> 00:15:18,959

hollywood the beautiful people live

434

00:15:24,790 --> 00:15:22,480

right so it's one of these places where

435

00:15:27,110 --> 00:15:24,800

you can't take off before 8 a.m and you

436

00:15:28,710 --> 00:15:27,120

can't land after 8 p.m because of noise

437

00:15:30,629 --> 00:15:28,720

restrictions

438

00:15:32,790 --> 00:15:30,639

and a lot of these people basically it's

439

00:15:34,150 --> 00:15:32,800

the private planes for the um for the

440

00:15:37,030 --> 00:15:34,160

stars that's where they um

441

00:15:39,110 --> 00:15:37,040

they they um hang on them and have them

442

00:15:42,470 --> 00:15:39,120

maintained and stuff so anyway

443

00:15:44,230 --> 00:15:42,480

um one sunday morning a one of these

444

00:15:46,230 --> 00:15:44,240

little racing planes that you see you

445

00:15:46,629 --> 00:15:46,240

know that they're like all fuselage and

446

00:15:48,389 --> 00:15:46,639

an

447

00:15:50,150 --> 00:15:48,399

engine you know on them it's it's a

448

00:15:52,389 --> 00:15:50,160

racing plane um

449

00:15:53,990 --> 00:15:52,399

and um a one-man racing plane one of

450

00:15:55,910 --> 00:15:54,000

them shows up over this

451
00:15:58,230 --> 00:15:55,920
airport a sunday one is around seven in

452
00:16:01,749 --> 00:15:58,240
the morning and started doing

453
00:16:04,870 --> 00:16:01,759
uh aerobatics over the um airport

454
00:16:08,069 --> 00:16:04,880
so now it was in violation of the uh

455
00:16:11,110 --> 00:16:08,079
of the noise restrictions so a computer

456
00:16:14,069 --> 00:16:11,120
automatically generated a um

457
00:16:15,430 --> 00:16:14,079
a warning letter letter to the owner and

458
00:16:16,790 --> 00:16:15,440
automatically sent it

459
00:16:18,790 --> 00:16:16,800
to the owner and the reason they knew

460
00:16:20,470 --> 00:16:18,800
who's playing it was was

461
00:16:21,910 --> 00:16:20,480
so many witnesses saw it they were able

462
00:16:25,749 --> 00:16:21,920
to write down the tail

463
00:16:29,269 --> 00:16:25,759

number on the plane right okay so

464

00:16:32,550 --> 00:16:29,279

as it turns out the plane um

465

00:16:34,470 --> 00:16:32,560

um belonged to

466

00:16:36,230 --> 00:16:34,480

one of the mercury astronauts one of the

467

00:16:39,509 --> 00:16:36,240

original mercury astronauts and

468

00:16:41,590 --> 00:16:39,519

um he uh and

469

00:16:43,430 --> 00:16:41,600

now people knew how many times that you

470

00:16:47,269 --> 00:16:43,440

know that he flew a lot

471

00:16:48,150 --> 00:16:47,279

that he uh you know after he retired

472

00:16:50,790 --> 00:16:48,160

from

473

00:16:52,870 --> 00:16:50,800

nasa he flew a lot he flew you know out

474

00:16:57,189 --> 00:16:52,880

of this airport every once in a while

475

00:16:59,509 --> 00:16:57,199

and um so

476

00:17:01,030 --> 00:16:59,519

well as it turned out though he this

477

00:17:03,430 --> 00:17:01,040

morning that these people saw

478

00:17:05,510 --> 00:17:03,440

this going on with a lot of witnesses he

479

00:17:08,630 --> 00:17:05,520

had died like four hours before

480

00:17:12,470 --> 00:17:08,640

oh uh and he was uh he was

481

00:17:14,150 --> 00:17:12,480

uh yeah and no one could ever explain it

482

00:17:15,990 --> 00:17:14,160

you know no one could ever explain it

483

00:17:17,429 --> 00:17:16,000

um that was one of my favorite ones

484

00:17:20,230 --> 00:17:17,439

there's a lot of you know there's a lot

485

00:17:23,510 --> 00:17:20,240

of just a compilation of stories about

486

00:17:25,029 --> 00:17:23,520

in uh in the uk um which is like an

487

00:17:26,390 --> 00:17:25,039

especially haunted place

488

00:17:28,549 --> 00:17:26,400

they're uh you know everyone i think

489

00:17:29,590 --> 00:17:28,559

knows what spitfires you know uh they

490

00:17:31,909 --> 00:17:29,600

were the the plane

491

00:17:33,669 --> 00:17:31,919

that the british used in the battle of

492

00:17:35,750 --> 00:17:33,679

britain and all through world war ii and

493

00:17:37,270 --> 00:17:35,760

you know it's a really cool plane

494

00:17:39,350 --> 00:17:37,280

almost like a sports car plane has a

495

00:17:41,750 --> 00:17:39,360

rolls-royce engine and so on

496

00:17:42,870 --> 00:17:41,760

uh people still see these things flying

497

00:17:45,270 --> 00:17:42,880

over old uh

498

00:17:47,830 --> 00:17:45,280

air fields in in england and i think

499

00:17:51,510 --> 00:17:47,840

there's something like 39 spitfires

500

00:17:53,190 --> 00:17:51,520

um are uh still flying they um

501
00:17:54,950 --> 00:17:53,200
are in flying conditions a lot of them

502
00:17:56,630 --> 00:17:54,960
are in museums uh some of them are down

503
00:17:58,630 --> 00:17:56,640
in argentina and so on but

504
00:17:59,750 --> 00:17:58,640
there were there was you know let's say

505
00:18:03,350 --> 00:17:59,760
maybe a couple dozen

506
00:18:06,390 --> 00:18:03,360
in england that they use so

507
00:18:07,750 --> 00:18:06,400
you know aerial parades and you know

508
00:18:09,510 --> 00:18:07,760
to fly over the palace during the

509
00:18:11,430 --> 00:18:09,520
queen's birthday that kind of stuff

510
00:18:12,789 --> 00:18:11,440
so they know where all these up yet

511
00:18:14,950 --> 00:18:12,799
people see

512
00:18:16,549 --> 00:18:14,960
these spitfires flying over these old

513
00:18:17,750 --> 00:18:16,559

auxiliary bases they used during world

514

00:18:19,350 --> 00:18:17,760

war ii the people were able to

515

00:18:20,630 --> 00:18:19,360

once again write down the numbers and

516

00:18:21,990 --> 00:18:20,640

check back and it turns out you know

517

00:18:24,470 --> 00:18:22,000

that plane hasn't been

518

00:18:26,470 --> 00:18:24,480

uh that have plane has been seen in you

519

00:18:27,909 --> 00:18:26,480

know 100 years or something or since the

520

00:18:30,470 --> 00:18:27,919

war

521

00:18:32,630 --> 00:18:30,480

and it happens so much over there it it

522

00:18:34,789 --> 00:18:32,640

it it's it's very strange people see

523

00:18:36,230 --> 00:18:34,799

ghost airplanes flying around

524

00:18:38,070 --> 00:18:36,240

a lot in england and they're always

525

00:18:38,470 --> 00:18:38,080

these kind of world war two planes you

526

00:18:40,950 --> 00:18:38,480

know

527

00:18:41,990 --> 00:18:40,960

um they're almost like stuck in time or

528

00:18:45,029 --> 00:18:42,000

something

529

00:18:47,110 --> 00:18:45,039

um so i i like the ghost airplane um

530

00:18:48,310 --> 00:18:47,120

stories uh we talk about strange places

531

00:18:50,630 --> 00:18:48,320

around the world

532

00:18:51,750 --> 00:18:50,640

uh there's a place in um in russia

533

00:18:55,190 --> 00:18:51,760

called uh

534

00:18:58,230 --> 00:18:55,200

caspanya where caputo and and

535

00:19:01,430 --> 00:18:58,240

it's a combination of area 51 in

536

00:19:03,430 --> 00:19:01,440

uh lake cape canaveral let's say and um

537

00:19:05,430 --> 00:19:03,440

this is where they launch a lot of their

538

00:19:06,789 --> 00:19:05,440

uh military stuff but they also store

539

00:19:08,950 --> 00:19:06,799

lots of nuclear weapons

540

00:19:10,150 --> 00:19:08,960

there was a ufo sighting over there in

541

00:19:13,350 --> 00:19:10,160

the i believe is in the

542

00:19:16,230 --> 00:19:13,360

in the late 70s or early 80s where

543

00:19:17,909 --> 00:19:16,240

a ufo hovered over the nuclear storage

544

00:19:20,549 --> 00:19:17,919

sites of this place

545

00:19:21,190 --> 00:19:20,559

for more than half hours 30 people saw

546

00:19:25,110 --> 00:19:21,200

it

547

00:19:26,549 --> 00:19:25,120

was um you know just

548

00:19:27,990 --> 00:19:26,559

once again well documented now the

549

00:19:30,070 --> 00:19:28,000

strange thing about it is that the

550

00:19:32,150 --> 00:19:30,080

people who went in to

551
00:19:34,630 --> 00:19:32,160
investigate it and to you know take

552
00:19:36,870 --> 00:19:34,640
people's testimony was the kgb

553
00:19:38,230 --> 00:19:36,880
now you're not going to lie to the kgb

554
00:19:40,310 --> 00:19:38,240
you know what i mean you're not going to

555
00:19:42,070 --> 00:19:40,320
hey why lie to them and and they have

556
00:19:44,950 --> 00:19:42,080
like 30 eyewitnesses

557
00:19:47,430 --> 00:19:44,960
reports about this ufo coming very close

558
00:19:49,110 --> 00:19:47,440
to their nuclear storage uh facilities

559
00:19:51,029 --> 00:19:49,120
um you know things like that you know

560
00:19:52,710 --> 00:19:51,039
just odd places around the world odd

561
00:19:55,029 --> 00:19:52,720
events that happen around the world and

562
00:19:56,549 --> 00:19:55,039
and really the book was i had so much

563
00:19:57,510 --> 00:19:56,559

research left over from doing the

564

00:19:59,190 --> 00:19:57,520

previous books

565

00:20:01,110 --> 00:19:59,200

ufos all the time and another book i did

566

00:20:02,950 --> 00:20:01,120

called beyond area 51 plus

567

00:20:04,710 --> 00:20:02,960

we use a lot of research on the show and

568

00:20:06,630 --> 00:20:04,720

i worked with turner broadcasting

569

00:20:08,149 --> 00:20:06,640

for a while for their website called

570

00:20:09,590 --> 00:20:08,159

conspiratorium we used to deal with

571

00:20:10,310 --> 00:20:09,600

weird stories all the time so i had all

572

00:20:12,310 --> 00:20:10,320

this research

573

00:20:14,070 --> 00:20:12,320

here in my office and i said you know i

574

00:20:17,029 --> 00:20:14,080

want to just you know compile it in

575

00:20:18,230 --> 00:20:17,039

a um in a book like this and and put it

576

00:20:20,630 --> 00:20:18,240

out and that's what happened and

577

00:20:22,390 --> 00:20:20,640

you know people like it yeah it's a cool

578

00:20:23,909 --> 00:20:22,400

book it's got a it's got a lot of

579

00:20:27,669 --> 00:20:23,919

different stuff in there

580

00:20:30,310 --> 00:20:27,679

um you know you were mentioning the um

581

00:20:32,950 --> 00:20:30,320

the ufo seen around nuclear facilities

582

00:20:36,230 --> 00:20:32,960

in in the old soviet union you know what

583

00:20:38,230 --> 00:20:36,240

it's interesting that when um when

584

00:20:39,830 --> 00:20:38,240

the soviet union fell and some of the

585

00:20:42,310 --> 00:20:39,840

stories started coming out

586

00:20:43,590 --> 00:20:42,320

out of russia it's you know it's a

587

00:20:45,750 --> 00:20:43,600

wonder

588

00:20:47,830 --> 00:20:45,760

we never had a nuclear i mean we've come

589

00:20:49,430 --> 00:20:47,840

close but we've never had a nuclear

590

00:20:51,909 --> 00:20:49,440

disaster because

591

00:20:52,950 --> 00:20:51,919

you know a nuclear war because of all

592

00:20:55,510 --> 00:20:52,960

the activity

593

00:20:56,710 --> 00:20:55,520

that is had come forward in the old

594

00:20:59,350 --> 00:20:56,720

soviet union

595

00:21:01,190 --> 00:20:59,360

right in in during the during the late

596

00:21:04,870 --> 00:21:01,200

60s through the 70s

597

00:21:07,669 --> 00:21:04,880

um the u.s and russia

598

00:21:08,870 --> 00:21:07,679

it was like a new era in icbms where you

599

00:21:11,669 --> 00:21:08,880

could put

600

00:21:13,510 --> 00:21:11,679

a number of warheads on top of an icbm

601
00:21:14,870 --> 00:21:13,520
and you know just so one icbm

602
00:21:16,950 --> 00:21:14,880
taking off and it could you know

603
00:21:18,470 --> 00:21:16,960
individually target maybe six or seven

604
00:21:21,430 --> 00:21:18,480
enemy cities you know that's

605
00:21:21,909 --> 00:21:21,440
that's a lot of firepower so uh the us

606
00:21:24,390 --> 00:21:21,919
put them

607
00:21:25,990 --> 00:21:24,400
in uh the russians kept the mobile most

608
00:21:27,669 --> 00:21:26,000
of them but the us put them in these

609
00:21:30,789 --> 00:21:27,679
silos out in the uh

610
00:21:32,470 --> 00:21:30,799
american midwest and as soon as they

611
00:21:34,310 --> 00:21:32,480
started building these things ufos

612
00:21:36,549 --> 00:21:34,320
started showing up over them

613
00:21:38,310 --> 00:21:36,559

um when they started when the missiles

614

00:21:41,350 --> 00:21:38,320

were installed ufos would show

615

00:21:43,510 --> 00:21:41,360

up and and shut off the power to

616

00:21:45,029 --> 00:21:43,520

these nuclear sites they'd change the

617

00:21:47,270 --> 00:21:45,039

targeting on the uh

618

00:21:48,789 --> 00:21:47,280

on the on the on the nosecone if you

619

00:21:50,549 --> 00:21:48,799

believe it and um

620

00:21:52,310 --> 00:21:50,559

and just do all kinds of strange things

621

00:21:54,149 --> 00:21:52,320

too basically you know our national

622

00:21:55,590 --> 00:21:54,159

security and it went on for years the

623

00:21:58,149 --> 00:21:55,600

air force knew about it

624

00:21:58,950 --> 00:21:58,159

parade magazine uh you know which is you

625

00:22:01,029 --> 00:21:58,960

know a

626

00:22:02,549 --> 00:22:01,039

fairly well-known uh publication sunday

627

00:22:04,710 --> 00:22:02,559

publication here in the us

628

00:22:06,950 --> 00:22:04,720

more so back then they did a big story

629

00:22:09,510 --> 00:22:06,960

on it and peter jennings also

630

00:22:11,830 --> 00:22:09,520

uh did a story on it um you know about

631

00:22:13,669 --> 00:22:11,840

two or three years before he died and

632

00:22:15,110 --> 00:22:13,679

you know something was happening to our

633

00:22:16,710 --> 00:22:15,120

nuclear forces

634

00:22:18,710 --> 00:22:16,720

you know that where these ufos could

635

00:22:20,870 --> 00:22:18,720

could show up and literally shut down

636

00:22:22,549 --> 00:22:20,880

our nuclear personnel you know and then

637

00:22:23,750 --> 00:22:22,559

as it turns out as you say you know once

638

00:22:25,270 --> 00:22:23,760

the soviet union fell

639

00:22:26,710 --> 00:22:25,280

and we were able to get more information

640

00:22:27,990 --> 00:22:26,720

out of that place it turns out that you

641

00:22:29,350 --> 00:22:28,000

know some of the things were happening

642

00:22:32,390 --> 00:22:29,360

over there too so

643

00:22:33,990 --> 00:22:32,400

you know people it it really is good uh

644

00:22:36,070 --> 00:22:34,000

grist let's say for people who say you

645

00:22:37,750 --> 00:22:36,080

know ufos are here to prevent us you

646

00:22:39,590 --> 00:22:37,760

know from killing each other

647

00:22:42,070 --> 00:22:39,600

um i agree with you i think we've come

648

00:22:44,230 --> 00:22:42,080

many more than several times close to

649

00:22:46,390 --> 00:22:44,240

nuclear accidents because you know a few

650

00:22:47,669 --> 00:22:46,400

ufos like starting

651
00:22:49,510 --> 00:22:47,679
i know they they started a launch

652
00:22:52,710 --> 00:22:49,520
sequence at a russian

653
00:22:53,990 --> 00:22:52,720
icbm base in the ukraine um you know it

654
00:22:56,630 --> 00:22:54,000
was like 20 seconds

655
00:22:58,230 --> 00:22:56,640
before they started launching missiles

656
00:23:00,549 --> 00:22:58,240
at the united states and all of a sudden

657
00:23:02,310 --> 00:23:00,559
they shot them the ufo shut them down i

658
00:23:05,110 --> 00:23:02,320
mean that's someone fooling around with

659
00:23:06,870 --> 00:23:05,120
nuclear technology and and it's not us

660
00:23:09,430 --> 00:23:06,880
and it's not the russians obviously so

661
00:23:11,750 --> 00:23:09,440
it's got to be somebody and

662
00:23:14,390 --> 00:23:11,760
who knows yeah that's just yeah who

663
00:23:15,590 --> 00:23:14,400

knows you you have no idea what really

664

00:23:17,750 --> 00:23:15,600

has happened

665

00:23:19,110 --> 00:23:17,760

or what could have happened and uh but

666

00:23:22,310 --> 00:23:19,120

i'm like you

667

00:23:25,510 --> 00:23:22,320

i think i i think

668

00:23:28,710 --> 00:23:25,520

a lot of this may actually be

669

00:23:32,470 --> 00:23:28,720

either our ancestors that had

670

00:23:34,549 --> 00:23:32,480

you know had maybe traveled to another

671

00:23:37,430 --> 00:23:34,559

planet or another civilization

672

00:23:38,870 --> 00:23:37,440

or our descendants evolved and are

673

00:23:42,710 --> 00:23:38,880

coming back but i think

674

00:23:44,470 --> 00:23:42,720

a lot of the disasters that could have

675

00:23:46,390 --> 00:23:44,480

happened in our history have been

676
00:23:48,789 --> 00:23:46,400
avoided

677
00:23:50,470 --> 00:23:48,799
well yeah we've come close you know i

678
00:23:52,549 --> 00:23:50,480
mean really think about it we have come

679
00:23:55,909 --> 00:23:52,559
close and

680
00:23:56,549 --> 00:23:55,919
you know in in it i i think that a lot

681
00:23:58,230 --> 00:23:56,559
of people

682
00:23:59,990 --> 00:23:58,240
you know me included and who wouldn't

683
00:24:02,789 --> 00:24:00,000
want to this to be the case that

684
00:24:05,029 --> 00:24:02,799
to think that hey maybe they are looking

685
00:24:06,870 --> 00:24:05,039
out for us maybe the

686
00:24:08,710 --> 00:24:06,880
you know they're here to as i say

687
00:24:09,510 --> 00:24:08,720
prevent us from maybe wiping out the

688
00:24:11,029 --> 00:24:09,520

planet i mean

689

00:24:12,710 --> 00:24:11,039

they haven't been too good in preventing

690

00:24:15,510 --> 00:24:12,720

us from fighting each other

691

00:24:15,990 --> 00:24:15,520

but they but they do seem to look into

692

00:24:19,990 --> 00:24:16,000

you know

693

00:24:21,750 --> 00:24:20,000

ever seen that

694

00:24:23,590 --> 00:24:21,760

that you know we've put in the books and

695

00:24:25,190 --> 00:24:23,600

so on these things

696

00:24:26,470 --> 00:24:25,200

are always just kind of observing

697

00:24:27,669 --> 00:24:26,480

they're never taking any kind of

698

00:24:30,310 --> 00:24:27,679

military action against

699

00:24:31,990 --> 00:24:30,320

us against our bombers against anyone

700

00:24:34,789 --> 00:24:32,000

they're always just kind of

701
00:24:36,149 --> 00:24:34,799
there and in in all the stories and ufos

702
00:24:38,710 --> 00:24:36,159
and a lot of time i think there's

703
00:24:40,070 --> 00:24:38,720
maybe four where you know ufos have

704
00:24:41,750 --> 00:24:40,080
actually you know kind of shot at

705
00:24:43,350 --> 00:24:41,760
somebody and and then we have you know

706
00:24:44,549 --> 00:24:43,360
hundreds of other reports where they're

707
00:24:46,070 --> 00:24:44,559
just kind of

708
00:24:47,990 --> 00:24:46,080
you know looking in you know just kind

709
00:24:48,789 --> 00:24:48,000
of looking in watching us what we're

710
00:24:50,870 --> 00:24:48,799
doing

711
00:24:52,789 --> 00:24:50,880
and um and that's it that that time

712
00:24:55,110 --> 00:24:52,799
travel thing or the time tourist thing

713
00:24:56,310 --> 00:24:55,120

i think would be would be an interesting

714

00:24:58,149 --> 00:24:56,320

if it turned out to be something like

715

00:25:00,149 --> 00:24:58,159

that i think it'd be very cool

716

00:25:02,630 --> 00:25:00,159

well i i'll be honest with you i have

717

00:25:03,750 --> 00:25:02,640

heard a few stories of something similar

718

00:25:07,350 --> 00:25:03,760

to that

719

00:25:09,269 --> 00:25:07,360

like uh where experiences would tell me

720

00:25:11,190 --> 00:25:09,279

that they would see these things he

721

00:25:13,750 --> 00:25:11,200

seems to come through portals and it's

722

00:25:15,750 --> 00:25:13,760

almost like they were taking a tour like

723

00:25:17,350 --> 00:25:15,760

they were fascinated with with us and

724

00:25:19,190 --> 00:25:17,360

how we live and

725

00:25:21,029 --> 00:25:19,200

you know and you know when you first

726

00:25:21,830 --> 00:25:21,039

hear something like that you think uh

727

00:25:23,909 --> 00:25:21,840

come on

728

00:25:25,830 --> 00:25:23,919

but when you start hearing more and more

729

00:25:29,110 --> 00:25:25,840

and more of it and

730

00:25:30,710 --> 00:25:29,120

you know it's and it it's something it's

731

00:25:33,269 --> 00:25:30,720

got to be something to it

732

00:25:34,549 --> 00:25:33,279

it really does right it's uh someone

733

00:25:36,870 --> 00:25:34,559

once um

734

00:25:38,070 --> 00:25:36,880

you know i was in some discussion

735

00:25:39,510 --> 00:25:38,080

somewhere in and

736

00:25:42,310 --> 00:25:39,520

uh we might have put this in the book

737

00:25:45,350 --> 00:25:42,320

too they they equated it to

738

00:25:46,230 --> 00:25:45,360

um if one of us won a safari okay you

739

00:25:47,990 --> 00:25:46,240

know so if

740

00:25:49,590 --> 00:25:48,000

whatever if we were gonna go on a safari

741

00:25:50,310 --> 00:25:49,600

we would get on a plane we'd left in the

742

00:25:52,390 --> 00:25:50,320

us we'd

743

00:25:53,669 --> 00:25:52,400

go to africa we'd land we'd get on one

744

00:25:55,669 --> 00:25:53,679

of those um

745

00:25:57,590 --> 00:25:55,679

buses that goes out in the savannah

746

00:25:59,110 --> 00:25:57,600

right and uh

747

00:26:01,110 --> 00:25:59,120

you know you watch the you know the

748

00:26:02,470 --> 00:26:01,120

lions eat the antelopes and that kind of

749

00:26:05,269 --> 00:26:02,480

stuff right you see

750

00:26:05,990 --> 00:26:05,279

now now those those animals you know

751
00:26:07,590 --> 00:26:06,000
they're they're all

752
00:26:09,590 --> 00:26:07,600
they're used to it if you see that like

753
00:26:11,269 --> 00:26:09,600
a national geographic or something the

754
00:26:13,350 --> 00:26:11,279
the the big cats will come right up to

755
00:26:15,909 --> 00:26:13,360
the trucks okay

756
00:26:17,269 --> 00:26:15,919
you know and and and they're almost like

757
00:26:18,789 --> 00:26:17,279
you know they don't know the

758
00:26:20,230 --> 00:26:18,799
the animals don't know what we're doing

759
00:26:22,470 --> 00:26:20,240
there they don't have any sense of a

760
00:26:23,590 --> 00:26:22,480
safari or people you know being tourists

761
00:26:25,750 --> 00:26:23,600
or anything they're just

762
00:26:27,269 --> 00:26:25,760
there and they go about their daily

763
00:26:28,390 --> 00:26:27,279

business and they have sometimes it

764

00:26:28,710 --> 00:26:28,400

happens to be a truck there well it's

765

00:26:30,630 --> 00:26:28,720

like

766

00:26:32,549 --> 00:26:30,640

it could be the same for us you know we

767

00:26:33,750 --> 00:26:32,559

see ufos all the time maybe just like

768

00:26:35,590 --> 00:26:33,760

the animals can't

769

00:26:37,269 --> 00:26:35,600

you know understand what a how a truck

770

00:26:38,870 --> 00:26:37,279

works and what a tourist is maybe we

771

00:26:40,149 --> 00:26:38,880

can't understand what a ufo is but

772

00:26:41,669 --> 00:26:40,159

they're there all the time they're

773

00:26:44,470 --> 00:26:41,679

watching us just like you know

774

00:26:46,310 --> 00:26:44,480

someone on safari watches uh the animals

775

00:26:47,830 --> 00:26:46,320

you know running around the the you know

776

00:26:49,430 --> 00:26:47,840

the savannah or whatever

777

00:26:51,190 --> 00:26:49,440

so it could be something like that it's

778

00:26:53,750 --> 00:26:51,200

just something that

779

00:26:54,630 --> 00:26:53,760

we don't you know we're not of a higher

780

00:26:57,750 --> 00:26:54,640

intelligence

781

00:26:59,029 --> 00:26:57,760

enough to understand what ufos are just

782

00:27:01,510 --> 00:26:59,039

like the animals don't know what the

783

00:27:03,190 --> 00:27:01,520

hell we are really

784

00:27:05,110 --> 00:27:03,200

now you know i didn't get a chance to

785

00:27:06,149 --> 00:27:05,120

read this chapter but the title kind of

786

00:27:07,750 --> 00:27:06,159

intrigues me

787

00:27:09,750 --> 00:27:07,760

and i may have an idea of what you're

788

00:27:10,870 --> 00:27:09,760

talking about it's titled my beef with

789

00:27:13,350 --> 00:27:10,880

spielberg

790

00:27:15,350 --> 00:27:13,360

oh geez okay with this having to do with

791

00:27:19,029 --> 00:27:15,360

uh close encounters

792

00:27:21,110 --> 00:27:19,039

uh yeah um see this is uh that's

793

00:27:22,389 --> 00:27:21,120

you know that's there are there are some

794

00:27:25,029 --> 00:27:22,399

stories in there that are just

795

00:27:25,750 --> 00:27:25,039

like kind of my own personal stories and

796

00:27:28,549 --> 00:27:25,760

um

797

00:27:29,990 --> 00:27:28,559

i i went to uh and they make fun of me

798

00:27:31,190 --> 00:27:30,000

on a radio show

799

00:27:32,549 --> 00:27:31,200

you know all the time when i bring this

800

00:27:34,470 --> 00:27:32,559

up but i went to film school i went to

801
00:27:35,190 --> 00:27:34,480
emerson college in boston for graduate

802
00:27:36,950 --> 00:27:35,200
school

803
00:27:38,870 --> 00:27:36,960
and you know just it was cool it was

804
00:27:40,549 --> 00:27:38,880
three years of you know watching movies

805
00:27:43,669 --> 00:27:40,559
and learning how movies

806
00:27:44,870 --> 00:27:43,679
you know were made and so on and um so

807
00:27:46,630 --> 00:27:44,880
you know i get a little bit of knowledge

808
00:27:48,310 --> 00:27:46,640
about how you know behind the scenes how

809
00:27:50,149 --> 00:27:48,320
movies put together so when you see so

810
00:27:52,470 --> 00:27:50,159
anytime i see a movie

811
00:27:53,750 --> 00:27:52,480
you know i i'm i look for the mistakes

812
00:27:55,430 --> 00:27:53,760
you know what i mean i i really it's

813
00:27:58,230 --> 00:27:55,440

hard for me to enjoy a movie because i'm

814

00:28:01,430 --> 00:27:58,240

always looking for the goof up

815

00:28:03,990 --> 00:28:01,440

so but you know i'm the same way

816

00:28:05,750 --> 00:28:04,000

yeah and and you know and there's some

817

00:28:07,350 --> 00:28:05,760

movies that you know they're bad but you

818

00:28:07,909 --> 00:28:07,360

know they're good at the same time and

819

00:28:11,909 --> 00:28:07,919

you don't

820

00:28:13,190 --> 00:28:11,919

i love grade b movies you know gravy

821

00:28:15,190 --> 00:28:13,200

sci-fi movies

822

00:28:16,549 --> 00:28:15,200

i just love that kind of stuff but with

823

00:28:17,909 --> 00:28:16,559

spielberg you know he's

824

00:28:20,389 --> 00:28:17,919

obviously one of the most successful

825

00:28:21,990 --> 00:28:20,399

directors ever and he does big budget

826

00:28:25,269 --> 00:28:22,000

films and so on

827

00:28:27,510 --> 00:28:25,279

but in my mind you know he he's

828

00:28:29,269 --> 00:28:27,520

he's a he's a successful director but

829

00:28:31,029 --> 00:28:29,279

he's not a great director because he he

830

00:28:33,510 --> 00:28:31,039

has a hard time telling a story if you

831

00:28:35,590 --> 00:28:33,520

really look at his some of his movies

832

00:28:36,950 --> 00:28:35,600

uh in close encounters is the perfect

833

00:28:39,190 --> 00:28:36,960

example when you

834

00:28:40,310 --> 00:28:39,200

i love that movie i did part of my

835

00:28:43,750 --> 00:28:40,320

dissertation

836

00:28:44,710 --> 00:28:43,760

on close encounters but if you sit and

837

00:28:46,789 --> 00:28:44,720

watch it

838

00:28:49,029 --> 00:28:46,799

it it really doesn't make a lot of sense

839

00:28:49,990 --> 00:28:49,039

in and it's an unbalanced movie and i

840

00:28:51,990 --> 00:28:50,000

know it came out

841

00:28:53,669 --> 00:28:52,000

you know the mid 70s and probably people

842

00:28:54,310 --> 00:28:53,679

listening to us now maybe have never

843

00:28:56,389 --> 00:28:54,320

seen it

844

00:28:58,310 --> 00:28:56,399

i would say go see it you know but it's

845

00:28:59,830 --> 00:28:58,320

it's don't expect any good effects

846

00:29:01,110 --> 00:28:59,840

because there was very very primitive

847

00:29:03,830 --> 00:29:01,120

special effects

848

00:29:05,269 --> 00:29:03,840

but the story is just a lot of the story

849

00:29:06,630 --> 00:29:05,279

has to do with richard dreyfus you know

850

00:29:08,630 --> 00:29:06,640

building mountains made up

851
00:29:09,669 --> 00:29:08,640
out of potatoes in his mashed potatoes

852
00:29:12,389 --> 00:29:09,679
in his house i mean

853
00:29:13,510 --> 00:29:12,399
as crazy as that sounds that somehow

854
00:29:15,990 --> 00:29:13,520
links to this

855
00:29:18,230 --> 00:29:16,000
landing of this majestic flying saucer

856
00:29:21,430 --> 00:29:18,240
out on devil's tower in wyoming

857
00:29:23,590 --> 00:29:21,440
um it's it's not told in the right way

858
00:29:24,470 --> 00:29:23,600
and maybe only film students like me can

859
00:29:28,710 --> 00:29:24,480
you know

860
00:29:30,630 --> 00:29:28,720
encounters with with ai

861
00:29:32,630 --> 00:29:30,640
when he did ai which is basically taking

862
00:29:35,430 --> 00:29:32,640
stanley kubrick's uh

863
00:29:36,549 --> 00:29:35,440

script and and making the movie ai them

864

00:29:37,909 --> 00:29:36,559

that movie is terrible

865

00:29:40,549 --> 00:29:37,919

i mean if you sit there and watch that

866

00:29:43,029 --> 00:29:40,559

there's so many plot holes in it and

867

00:29:43,909 --> 00:29:43,039

and and it like missing scenes and stuff

868

00:29:45,990 --> 00:29:43,919

like that

869

00:29:47,590 --> 00:29:46,000

um you know what were the worlds with

870

00:29:49,990 --> 00:29:47,600

tom cruise which was a pretty good movie

871

00:29:52,630 --> 00:29:50,000

it's a great movie special effects wise

872

00:29:54,630 --> 00:29:52,640

but um you know and and that was a very

873

00:29:58,149 --> 00:29:54,640

successful movie but

874

00:29:59,750 --> 00:29:58,159

at the end you know uh we talk about how

875

00:30:01,830 --> 00:29:59,760

you know the martians have like

876

00:30:03,350 --> 00:30:01,840

absolutely destroyed the earth

877

00:30:05,269 --> 00:30:03,360

they've destroyed the earth and

878

00:30:06,950 --> 00:30:05,279

especially boston where i'm from if you

879

00:30:09,510 --> 00:30:06,960

can't tell by my accent

880

00:30:11,750 --> 00:30:09,520

and you know in tom cruise basically the

881

00:30:13,430 --> 00:30:11,760

movie is tom cruise taking his kids

882

00:30:14,870 --> 00:30:13,440

he's divorced he's taking his kids to

883

00:30:16,870 --> 00:30:14,880

the safety of their mother in

884

00:30:18,789 --> 00:30:16,880

in boston he has this long trip and you

885

00:30:21,269 --> 00:30:18,799

know runs into the aliens and so on

886

00:30:22,950 --> 00:30:21,279

and at the end when he finally does

887

00:30:24,710 --> 00:30:22,960

return the kids

888

00:30:26,470 --> 00:30:24,720

the mother comes down now this is this

889

00:30:28,230 --> 00:30:26,480

is every place has been destroyed except

890

00:30:29,750 --> 00:30:28,240

this pot this little piece of bus and i

891

00:30:31,269 --> 00:30:29,760

guess where the father is

892

00:30:33,190 --> 00:30:31,279

and it's like nothing's happened there's

893

00:30:36,070 --> 00:30:33,200

like a few more leaves on the

894

00:30:37,750 --> 00:30:36,080

street and you know that's it you know

895

00:30:38,310 --> 00:30:37,760

and and she comes out and she's all

896

00:30:39,590 --> 00:30:38,320

dressed and

897

00:30:41,350 --> 00:30:39,600

you know she might have had she might as

898

00:30:42,310 --> 00:30:41,360

well have like a cup of coffee you know

899

00:30:45,510 --> 00:30:42,320

you know

900

00:30:47,110 --> 00:30:45,520

it it was just so it just didn't match

901
00:30:49,029 --> 00:30:47,120
up it just doesn't match up and i know

902
00:30:50,630 --> 00:30:49,039
he want to do that big ending and it's

903
00:30:51,909 --> 00:30:50,640
it's really basically the ending of the

904
00:30:53,669 --> 00:30:51,919
movie the searches

905
00:30:56,230 --> 00:30:53,679
with john wayne he just kind of copped

906
00:30:57,909 --> 00:30:56,240
that but it's not good movie making it's

907
00:30:58,549 --> 00:30:57,919
successful movie making but it's not

908
00:31:00,310 --> 00:30:58,559
good movie

909
00:31:01,430 --> 00:31:00,320
making so that's my beef with him that's

910
00:31:01,830 --> 00:31:01,440
the long way of telling you that's what

911
00:31:04,070 --> 00:31:01,840
might be

912
00:31:06,310 --> 00:31:04,080
that movie is kind of so anti-climatic

913
00:31:08,310 --> 00:31:06,320

too i mean at the end you know they just

914

00:31:09,669 --> 00:31:08,320

a bacteria got to them and that right

915

00:31:11,269 --> 00:31:09,679

you know yeah i mean

916

00:31:12,870 --> 00:31:11,279

that's the and that was it i mean and

917

00:31:14,149 --> 00:31:12,880

that's from the original story in the in

918

00:31:15,430 --> 00:31:14,159

the the movie that they made in the

919

00:31:17,909 --> 00:31:15,440

early 50s with

920

00:31:19,750 --> 00:31:17,919

gene barry right is a really good movie

921

00:31:21,430 --> 00:31:19,760

you know that sticks a little bit more

922

00:31:24,470 --> 00:31:21,440

towards to the um

923

00:31:25,990 --> 00:31:24,480

to the original um and and it has some

924

00:31:27,830 --> 00:31:26,000

cool special effects in it even though

925

00:31:29,830 --> 00:31:27,840

it's like early 50s and

926

00:31:32,149 --> 00:31:29,840

um you know and that's a really kind of

927

00:31:34,070 --> 00:31:32,159

um compelling movie the first one

928

00:31:35,430 --> 00:31:34,080

and the one with tom cruise is too they

929

00:31:36,950 --> 00:31:35,440

make a big mistake at the beginning

930

00:31:37,830 --> 00:31:36,960

because at the very beginning tom

931

00:31:40,630 --> 00:31:37,840

cruise's uh

932

00:31:41,669 --> 00:31:40,640

character runs one of those uh cranes

933

00:31:43,590 --> 00:31:41,679

like at the port of

934

00:31:45,269 --> 00:31:43,600

bayonne i think you know right those

935

00:31:47,509 --> 00:31:45,279

whole cranes that take those uh you know

936

00:31:49,110 --> 00:31:47,519

containers off the container ships

937

00:31:51,509 --> 00:31:49,120

and then it shows him and he's he goes

938

00:31:52,950 --> 00:31:51,519

home to his let's say his modest house

939

00:31:54,549 --> 00:31:52,960

and i've never seen that and i wanted to

940

00:31:55,909 --> 00:31:54,559

say you know if i had spielberg in front

941

00:31:56,310 --> 00:31:55,919

of me i'd say do you have any idea how

942

00:31:59,190 --> 00:31:56,320

much

943

00:31:59,990 --> 00:31:59,200

money those guys make they're not living

944

00:32:01,430 --> 00:32:00,000

in bayonne

945

00:32:04,470 --> 00:32:01,440

i'm sorry they're not you know they make

946

00:32:06,950 --> 00:32:04,480

about 150 grand a year yeah longshoremen

947

00:32:08,549 --> 00:32:06,960

do pretty well yeah yeah and the guy in

948

00:32:11,269 --> 00:32:08,559

those crane operators you know

949

00:32:12,630 --> 00:32:11,279

are at top of the heap so yeah they kind

950

00:32:13,190 --> 00:32:12,640

of get that wrong and it's stuff like

951
00:32:14,950 --> 00:32:13,200
that

952
00:32:16,310 --> 00:32:14,960
and he has stuff in his movies where i i

953
00:32:17,750 --> 00:32:16,320
know you can just tell he

954
00:32:18,950 --> 00:32:17,760
is he's saying oh you know we'll let the

955
00:32:20,389 --> 00:32:18,960
audience figure it out you're not

956
00:32:21,669 --> 00:32:20,399
supposed to do that in movies you

957
00:32:24,070 --> 00:32:21,679
if you put something on the screen you

958
00:32:26,870 --> 00:32:24,080
have to explain it you know

959
00:32:28,470 --> 00:32:26,880
i tell you my biggest beaver spielberg

960
00:32:29,830 --> 00:32:28,480
and i love his movies but i tell you

961
00:32:32,149 --> 00:32:29,840
poltergeist

962
00:32:33,590 --> 00:32:32,159
was the movie that really got me because

963
00:32:35,750 --> 00:32:33,600

you know

964

00:32:38,230 --> 00:32:35,760

that whole phenomena in that poltergeist

965

00:32:40,710 --> 00:32:38,240

movie has nothing to do with poltergeist

966

00:32:42,470 --> 00:32:40,720

right yeah you know sure it's like they

967

00:32:45,029 --> 00:32:42,480

built the house on top of

968

00:32:46,710 --> 00:32:45,039

a cemetery that they kept the bodies in

969

00:32:50,070 --> 00:32:46,720

and never removed the bodies

970

00:32:53,190 --> 00:32:50,080

well i'm sorry that's not a poltergeist

971

00:32:54,389 --> 00:32:53,200

and uh you know i i guess they had to

972

00:32:57,350 --> 00:32:54,399

use the name

973

00:32:59,029 --> 00:32:57,360

you know i had talked to uh one of the

974

00:33:01,590 --> 00:32:59,039

associates

975

00:33:03,990 --> 00:33:01,600

uh the guy by the name of victor who i

976

00:33:07,110 --> 00:33:04,000

did the movie with spielberg

977

00:33:07,830 --> 00:33:07,120

and they actually there was a big

978

00:33:10,950 --> 00:33:07,840

discussion

979

00:33:13,509 --> 00:33:10,960

not using the the actual name the uh

980

00:33:15,190 --> 00:33:13,519

book for that movie because it really

981

00:33:17,029 --> 00:33:15,200

had nothing to do with portuguese and i

982

00:33:19,269 --> 00:33:17,039

think they realized that

983

00:33:21,110 --> 00:33:19,279

but uh yeah it that's something that's

984

00:33:22,310 --> 00:33:21,120

always bothered me well they need a name

985

00:33:25,350 --> 00:33:22,320

you know they needed a cool

986

00:33:27,830 --> 00:33:25,360

name and and they used it you know

987

00:33:29,830 --> 00:33:27,840

now some of uh spielberg's movies are

988

00:33:30,950 --> 00:33:29,840

rubbed like a minority report which is

989

00:33:32,470 --> 00:33:30,960

something that

990

00:33:33,909 --> 00:33:32,480

a lot of people really haven't seen but

991

00:33:35,590 --> 00:33:33,919

that's a great movie that's one of his

992

00:33:36,630 --> 00:33:35,600

best movies that i've seen him uh i

993

00:33:39,909 --> 00:33:36,640

agree with you

994

00:33:40,789 --> 00:33:39,919

um but um you know saving private ryan

995

00:33:43,350 --> 00:33:40,799

just you nothing

996

00:33:45,350 --> 00:33:43,360

down this road too far but if you watch

997

00:33:46,470 --> 00:33:45,360

private ryan which is a great anti-war

998

00:33:47,990 --> 00:33:46,480

movie you know i think that should be

999

00:33:49,590 --> 00:33:48,000

shown to every high school kid before

1000

00:33:50,870 --> 00:33:49,600

you go join the marines or the army or

1001
00:33:52,389 --> 00:33:50,880
whatever you know watch that movie

1002
00:33:54,389 --> 00:33:52,399
because it really depicts

1003
00:33:56,070 --> 00:33:54,399
as close as i think you can possibly get

1004
00:33:57,509 --> 00:33:56,080
to what real war is you know people just

1005
00:33:59,430 --> 00:33:57,519
sudden death and

1006
00:34:02,070 --> 00:33:59,440
just gory and terrible you know it's not

1007
00:34:03,430 --> 00:34:02,080
all this heroism uh stuff so they depict

1008
00:34:05,590 --> 00:34:03,440
that very well but

1009
00:34:07,190 --> 00:34:05,600
the point of the movie is that that you

1010
00:34:08,629 --> 00:34:07,200
know there are four brothers three of

1011
00:34:10,550 --> 00:34:08,639
them have been killed in action so they

1012
00:34:12,790 --> 00:34:10,560
got to go get private ryan the last

1013
00:34:14,550 --> 00:34:12,800

brother because you know basically

1014

00:34:17,109 --> 00:34:14,560

the the white house doesn't want the bad

1015

00:34:19,669 --> 00:34:17,119

publicity of four kids dying so

1016

00:34:21,589 --> 00:34:19,679

you know the message comes to the d-day

1017

00:34:23,030 --> 00:34:21,599

landing site you have to go and get this

1018

00:34:24,950 --> 00:34:23,040

guy and bring him back you got to go

1019

00:34:26,310 --> 00:34:24,960

find him okay and the president wants

1020

00:34:29,030 --> 00:34:26,320

you to do this okay

1021

00:34:31,990 --> 00:34:29,040

so they sent out five guys on foot no

1022

00:34:34,790 --> 00:34:32,000

you'd send like 40 tanks

1023

00:34:36,550 --> 00:34:34,800

i mean seriously right yeah yeah he went

1024

00:34:38,230 --> 00:34:36,560

five guys on foot

1025

00:34:39,829 --> 00:34:38,240

you know and they don't even say them as

1026

00:34:41,909 --> 00:34:39,839

it you know as it turns out you know

1027

00:34:45,510 --> 00:34:41,919

there's one you know so it's stuff like

1028

00:34:48,869 --> 00:34:47,190

yeah you look at movies the same way i

1029

00:34:51,270 --> 00:34:48,879

do i mean it's

1030

00:34:53,430 --> 00:34:51,280

you know there was an another movie that

1031

00:34:54,869 --> 00:34:53,440

you know i i enjoy the movie it's got a

1032

00:34:58,390 --> 00:34:54,879

good story to it

1033

00:34:59,990 --> 00:34:58,400

but it's just so much fluff to it

1034

00:35:01,829 --> 00:35:00,000

and that's the independent statement

1035

00:35:02,470 --> 00:35:01,839

first of all the second one is nothing

1036

00:35:05,109 --> 00:35:02,480

but right

1037

00:35:05,829 --> 00:35:05,119

they're just so much fluff to it yep and

1038

00:35:09,670 --> 00:35:05,839

uh it's

1039

00:35:11,670 --> 00:35:09,680

um anyone that's interested in ufos and

1040

00:35:14,550 --> 00:35:11,680

possible experience

1041

00:35:15,990 --> 00:35:14,560

i mean come on that's it's just

1042

00:35:18,310 --> 00:35:16,000

impossible to even believe

1043

00:35:20,390 --> 00:35:18,320

all that right the fact that if they had

1044

00:35:23,270 --> 00:35:20,400

that technology

1045

00:35:24,069 --> 00:35:23,280

we wouldn't even have a fight we

1046

00:35:26,310 --> 00:35:24,079

wouldn't have

1047

00:35:27,670 --> 00:35:26,320

any any way of even fighting them at all

1048

00:35:29,510 --> 00:35:27,680

right right so i mean

1049

00:35:31,349 --> 00:35:29,520

see that's that's there's a perfect

1050

00:35:33,589 --> 00:35:31,359

example of you know someone said

1051
00:35:34,870 --> 00:35:33,599
let's do a summer blockbuster movie and

1052
00:35:36,550 --> 00:35:34,880
and you know talking about

1053
00:35:38,550 --> 00:35:36,560
spielberg real quick jaws was like the

1054
00:35:39,990 --> 00:35:38,560
first summer blockbuster movie looking

1055
00:35:42,069 --> 00:35:40,000
back on it now it seems like

1056
00:35:43,510 --> 00:35:42,079
they've been with us forever but by

1057
00:35:43,990 --> 00:35:43,520
mistake that movie was supposed to come

1058
00:35:47,030 --> 00:35:44,000
out in in

1059
00:35:47,510 --> 00:35:47,040
like february and he was oh he was uh

1060
00:35:50,950 --> 00:35:47,520
over

1061
00:35:53,349 --> 00:35:50,960
um the deadline and so they had to delay

1062
00:35:54,550 --> 00:35:53,359
the release of jaws uh to the summer of

1063
00:35:56,069 --> 00:35:54,560

i think 75

1064

00:35:57,430 --> 00:35:56,079

and and they they didn't know what they

1065

00:35:58,950 --> 00:35:57,440

were doing but what they were doing was

1066

00:36:00,390 --> 00:35:58,960

they were creating this whole idea of a

1067

00:36:01,990 --> 00:36:00,400

summer blockbuster because it was the

1068

00:36:03,510 --> 00:36:02,000

first summer blockbuster

1069

00:36:05,030 --> 00:36:03,520

people didn't want to go swimming people

1070

00:36:06,790 --> 00:36:05,040

didn't want to go into the ocean

1071

00:36:08,950 --> 00:36:06,800

it's like a real you know kind of you

1072

00:36:11,750 --> 00:36:08,960

know cultural thing you know so

1073

00:36:13,510 --> 00:36:11,760

we you know we can't but but you know

1074

00:36:15,349 --> 00:36:13,520

independence day i didn't see the second

1075

00:36:16,870 --> 00:36:15,359

one because the first one was bad enough

1076

00:36:18,630 --> 00:36:16,880

it's like all right you know they just

1077

00:36:20,310 --> 00:36:18,640

threw millions of dollars you know lots

1078

00:36:22,870 --> 00:36:20,320

of special effects and so on but if you

1079

00:36:25,109 --> 00:36:22,880

look at the story the story like is

1080

00:36:25,990 --> 00:36:25,119

i mean there's coincidences and people

1081

00:36:27,430 --> 00:36:26,000

like bump into

1082

00:36:29,270 --> 00:36:27,440

each other and you know happen to have

1083

00:36:31,589 --> 00:36:29,280

this information it's like oh

1084

00:36:32,630 --> 00:36:31,599

man come on put a little thought into it

1085

00:36:35,030 --> 00:36:32,640

please

1086

00:36:36,790 --> 00:36:35,040

you know i was uh it's funny i was in

1087

00:36:39,270 --> 00:36:36,800

plymouth massachusetts

1088

00:36:41,349 --> 00:36:39,280

for about two weeks the summer after the

1089

00:36:45,589 --> 00:36:41,359

movie was released

1090

00:36:47,990 --> 00:36:45,599

and uh those beaches were empty

1091

00:36:49,270 --> 00:36:48,000

yeah yeah okay well that's true i mean

1092

00:36:50,630 --> 00:36:49,280

they were empty

1093

00:36:52,710 --> 00:36:50,640

that's where we live you know and i i

1094

00:36:54,630 --> 00:36:52,720

gotta say in their defense the water's

1095

00:36:56,470 --> 00:36:54,640

really cold up here man you know

1096

00:36:58,390 --> 00:36:56,480

i know even in the summer you can jump

1097

00:37:00,310 --> 00:36:58,400

in that water and it's like oh man

1098

00:37:01,589 --> 00:37:00,320

it's like jumping into a bucket of ice

1099

00:37:03,990 --> 00:37:01,599

cubes or something

1100

00:37:05,109 --> 00:37:04,000

well you know it's funny because you

1101

00:37:08,390 --> 00:37:05,119

know we

1102

00:37:10,150 --> 00:37:08,400

of course the story was that foot great

1103

00:37:11,270 --> 00:37:10,160

white but i tell you they got some damn

1104

00:37:14,310 --> 00:37:11,280

big fish in

1105

00:37:16,790 --> 00:37:14,320

in that in cape cod bed oh yeah yeah i

1106

00:37:19,910 --> 00:37:16,800

saw some really big sharks while i was

1107

00:37:22,550 --> 00:37:19,920

well i was there during those two weeks

1108

00:37:23,829 --> 00:37:22,560

right so um yeah but they spooked them i

1109

00:37:26,069 --> 00:37:23,839

um

1110

00:37:27,910 --> 00:37:26,079

that movie that was an amazing movie i

1111

00:37:29,109 --> 00:37:27,920

mean i just happened to have been in new

1112

00:37:32,069 --> 00:37:29,119

york that

1113

00:37:32,950 --> 00:37:32,079

i maybe it was just a day or two when

1114

00:37:34,829 --> 00:37:32,960

the movie came

1115

00:37:36,630 --> 00:37:34,839

out i mean they had lines like three

1116

00:37:38,950 --> 00:37:36,640

blocks down the street it was

1117

00:37:39,670 --> 00:37:38,960

amazing yeah yeah oh yeah because you

1118

00:37:41,270 --> 00:37:39,680

know peop

1119

00:37:42,710 --> 00:37:41,280

people are saying wow you know we can't

1120

00:37:44,069 --> 00:37:42,720

go you know we can't go in the water

1121

00:37:44,870 --> 00:37:44,079

because of shocks well let's go see the

1122

00:37:47,589 --> 00:37:44,880

movie you know

1123

00:37:47,910 --> 00:37:47,599

i mean it is the perfect storm of you

1124

00:37:54,069 --> 00:37:47,920

know

1125

00:37:54,790 --> 00:37:54,079

fell upon this and it made spielberg

1126

00:37:56,470 --> 00:37:54,800

what he is

1127

00:37:58,310 --> 00:37:56,480

you know sure i mean let's face it you

1128

00:37:59,109 --> 00:37:58,320

know and they made i think four or five

1129

00:38:01,829 --> 00:37:59,119

of them two

1130

00:38:03,589 --> 00:38:01,839

uh maybe four of them uh oh i had to the

1131

00:38:06,230 --> 00:38:03,599

first one i didn't bother

1132

00:38:07,670 --> 00:38:06,240

yeah oh the third one some reason i saw

1133

00:38:09,030 --> 00:38:07,680

the third one i was like oh this is

1134

00:38:10,950 --> 00:38:09,040

terrible

1135

00:38:12,630 --> 00:38:10,960

i just saw the first one a year ago i

1136

00:38:14,310 --> 00:38:12,640

hadn't i hadn't seen it and then this it

1137

00:38:16,310 --> 00:38:14,320

was funny this summer we went down to

1138

00:38:16,950 --> 00:38:16,320

martha's vineyard and uh for a few days

1139

00:38:18,310 --> 00:38:16,960

and

1140

00:38:19,990 --> 00:38:18,320

i've never been out there but you know

1141

00:38:20,470 --> 00:38:20,000

you you're right there where they filmed

1142

00:38:22,230 --> 00:38:20,480

it they

1143

00:38:23,829 --> 00:38:22,240

you know the bridge the beach and

1144

00:38:24,150 --> 00:38:23,839

everything it's like he filmed it right

1145

00:38:27,349 --> 00:38:24,160

there

1146

00:38:27,990 --> 00:38:27,359

in uh uh oak bluffs uh martha's vineyard

1147

00:38:30,069 --> 00:38:28,000

so

1148

00:38:32,630 --> 00:38:30,079

it's kind of cool to see you know the

1149

00:38:33,990 --> 00:38:32,640

you know the the actual uh setting of

1150

00:38:36,630 --> 00:38:34,000

the place but

1151

00:38:38,150 --> 00:38:36,640

you know jaws and uh you know a

1152

00:38:39,910 --> 00:38:38,160

blockbuster movie but not a perfect

1153

00:38:42,430 --> 00:38:39,920

movie

1154

00:38:44,230 --> 00:38:42,440

now you have a chapter about uh nasa

1155

00:38:47,589 --> 00:38:44,240

conspiracies

1156

00:38:49,910 --> 00:38:47,599

um and i don't know how much of it you

1157

00:38:50,710 --> 00:38:49,920

i you know i really don't believe much

1158

00:38:55,510 --> 00:38:50,720

of

1159

00:38:57,910 --> 00:38:55,520

conspiracies

1160

00:38:59,030 --> 00:38:57,920

but i i gotta talk to you about it

1161

00:39:01,829 --> 00:38:59,040

because

1162

00:39:03,430 --> 00:39:01,839

of course there's a lot of people that

1163

00:39:06,790 --> 00:39:03,440

believe the moon landings were

1164

00:39:09,190 --> 00:39:06,800

fake what do you think about that

1165

00:39:09,910 --> 00:39:09,200

um no then they weren't a fake they

1166

00:39:12,470 --> 00:39:09,920

actually

1167

00:39:14,069 --> 00:39:12,480

went to the moon um and there's lots and

1168

00:39:16,390 --> 00:39:14,079

lots of evidence of it

1169

00:39:18,630 --> 00:39:16,400

one of them is is that one of the apollo

1170

00:39:21,670 --> 00:39:18,640

landings there they actually put a laser

1171

00:39:23,910 --> 00:39:21,680

reflector on the moon uh and you know

1172

00:39:25,750 --> 00:39:23,920

scientists every day around the world

1173

00:39:28,790 --> 00:39:25,760

shoot laser beams up at this thing

1174

00:39:30,150 --> 00:39:28,800

and um and and laser beam comes back and

1175

00:39:31,270 --> 00:39:30,160

they measure the time it goes up and

1176

00:39:31,829 --> 00:39:31,280

down and that's how they can tell the

1177

00:39:34,470 --> 00:39:31,839

distance

1178

00:39:35,430 --> 00:39:34,480

right uh from the earth to the moon uh

1179

00:39:38,390 --> 00:39:35,440

there's a

1180

00:39:39,589 --> 00:39:38,400

um japanese satellite that is in low

1181

00:39:42,069 --> 00:39:39,599

orbit around the moon

1182

00:39:43,910 --> 00:39:42,079

and has been for years and i think

1183

00:39:44,310 --> 00:39:43,920

there's a website where you can go on it

1184

00:39:47,270 --> 00:39:44,320

and

1185

00:39:47,829 --> 00:39:47,280

actually you know see it in live real

1186

00:39:49,430 --> 00:39:47,839

time

1187

00:39:51,349 --> 00:39:49,440

and you know occasionally they'll go

1188

00:39:51,990 --> 00:39:51,359

over you know an apollo landing site and

1189

00:39:53,829 --> 00:39:52,000

the stuff is

1190

00:39:55,589 --> 00:39:53,839

still there a lot of the equipment is

1191

00:39:57,670 --> 00:39:55,599

still there um

1192

00:40:01,190 --> 00:39:57,680

you know and then we talk about

1193

00:40:03,589 --> 00:40:01,200

conspiracies a lot on our radio show and

1194

00:40:04,390 --> 00:40:03,599

we always come down to this is that you

1195

00:40:06,069 --> 00:40:04,400

know the

1196

00:40:07,670 --> 00:40:06,079

the number of people that would have to

1197

00:40:10,230 --> 00:40:07,680

be involved in

1198

00:40:10,870 --> 00:40:10,240

a conspiracy to fake the moon landings

1199

00:40:12,150 --> 00:40:10,880

you know

1200

00:40:13,750 --> 00:40:12,160

you're not talking about like a dozen

1201
00:40:15,349 --> 00:40:13,760
people you're talking about thousands of

1202
00:40:17,430 --> 00:40:15,359
people who have to would have to

1203
00:40:18,470 --> 00:40:17,440
be involved in this conspiracy to fool

1204
00:40:21,349 --> 00:40:18,480
everybody

1205
00:40:22,630 --> 00:40:21,359
to fool you know i mean people saw the

1206
00:40:24,470 --> 00:40:22,640
rocket take off

1207
00:40:26,390 --> 00:40:24,480
people see the astronauts going into the

1208
00:40:27,349 --> 00:40:26,400
satin five rockets they see it go out

1209
00:40:30,069 --> 00:40:27,359
where do they go

1210
00:40:31,349 --> 00:40:30,079
yes during during all this you know

1211
00:40:32,069 --> 00:40:31,359
where they're supposed to be doing this

1212
00:40:33,670 --> 00:40:32,079
in the in

1213
00:40:35,349 --> 00:40:33,680

a movie set or something like that you

1214

00:40:37,589 --> 00:40:35,359

know uh so

1215

00:40:39,030 --> 00:40:37,599

uh no that they went there and and

1216

00:40:40,390 --> 00:40:39,040

because and here's another thing too

1217

00:40:42,230 --> 00:40:40,400

not only would this have to be like a

1218

00:40:44,309 --> 00:40:42,240

massive conspiracy you probably have to

1219

00:40:45,270 --> 00:40:44,319

involve as many people in the conspiracy

1220

00:40:47,349 --> 00:40:45,280

as you would involve

1221

00:40:49,510 --> 00:40:47,359

actually getting somebody on the moon

1222

00:40:51,670 --> 00:40:49,520

and in all this time

1223

00:40:53,190 --> 00:40:51,680

uh you know no one has ev no one has

1224

00:40:53,829 --> 00:40:53,200

ever stepped forward and said i was part

1225

00:40:55,750 --> 00:40:53,839

of the moon

1226

00:40:58,150 --> 00:40:55,760

landing conspiracy here's all the

1227

00:40:59,510 --> 00:40:58,160

evidence cut and drive 100

1228

00:41:01,030 --> 00:40:59,520

you know it's always these things well

1229

00:41:02,870 --> 00:41:01,040

there's no stars in the background

1230

00:41:06,230 --> 00:41:02,880

there's no this there's no that

1231

00:41:08,230 --> 00:41:06,240

um you know there's reasons for that

1232

00:41:10,150 --> 00:41:08,240

and um i think because the the

1233

00:41:12,390 --> 00:41:10,160

reflection off of the

1234

00:41:14,150 --> 00:41:12,400

uh the the powder on the moon actually

1235

00:41:16,550 --> 00:41:14,160

washes out the stars

1236

00:41:18,230 --> 00:41:16,560

um they were there and this the

1237

00:41:21,270 --> 00:41:18,240

equipment is still there

1238

00:41:21,750 --> 00:41:21,280

and there's just you know so much proof

1239

00:41:24,950 --> 00:41:21,760

that

1240

00:41:25,589 --> 00:41:24,960

know it's in my opinion it's kind of

1241

00:41:28,470 --> 00:41:25,599

nutty to

1242

00:41:29,910 --> 00:41:28,480

think that it didn't yeah and but

1243

00:41:30,950 --> 00:41:29,920

there's you know there's one thing about

1244

00:41:33,990 --> 00:41:30,960

the apollo

1245

00:41:37,109 --> 00:41:34,000

program that i do believe

1246

00:41:39,030 --> 00:41:37,119

is that there's there's a lot that i

1247

00:41:42,630 --> 00:41:39,040

believe they did find

1248

00:41:45,990 --> 00:41:42,640

that just hasn't been disclosed well the

1249

00:41:48,150 --> 00:41:46,000

the astronauts uh have said that um

1250

00:41:50,309 --> 00:41:48,160

uh you know that that they were followed

1251

00:41:53,190 --> 00:41:50,319

by you know objects all the way

1252

00:41:54,790 --> 00:41:53,200

um you know from earth to the moon um

1253

00:41:56,069 --> 00:41:54,800

you know they weren't flying saucers but

1254

00:41:57,750 --> 00:41:56,079

they were you know

1255

00:42:00,069 --> 00:41:57,760

i know at least in a couple of them the

1256

00:42:01,990 --> 00:42:00,079

astronauts would just kind of routinely

1257

00:42:03,990 --> 00:42:02,000

say you know we see something it's been

1258

00:42:05,670 --> 00:42:04,000

trailing us uh you know since

1259

00:42:07,829 --> 00:42:05,680

you know we left earth orbit or whatever

1260

00:42:09,589 --> 00:42:07,839

and and yeah that's really kind of uh

1261

00:42:10,710 --> 00:42:09,599

against the laws of physics unless the

1262

00:42:13,510 --> 00:42:10,720

thing has its own kind of

1263

00:42:14,790 --> 00:42:13,520

propulsion um you know why how would it

1264

00:42:17,030 --> 00:42:14,800

be following the um

1265

00:42:19,349 --> 00:42:17,040

you know the apollo uh capsule you know

1266

00:42:20,470 --> 00:42:19,359

so and and there are times and even if

1267

00:42:23,109 --> 00:42:20,480

there are times during

1268

00:42:24,390 --> 00:42:23,119

uh then when the astronauts would go to

1269

00:42:26,309 --> 00:42:24,400

a special channel

1270

00:42:27,990 --> 00:42:26,319

and um for the most part all the

1271

00:42:29,430 --> 00:42:28,000

communications were a public you know

1272

00:42:30,069 --> 00:42:29,440

people anyone could listen to them but

1273

00:42:33,510 --> 00:42:30,079

they

1274

00:42:36,069 --> 00:42:33,520

have

1275

00:42:38,069 --> 00:42:36,079

let's say confidential uh conversation

1276

00:42:39,109 --> 00:42:38,079

and the international space station does

1277

00:42:40,950 --> 00:42:39,119

the same thing they go to

1278

00:42:42,710 --> 00:42:40,960

you know some kind of channel a

1279

00:42:44,710 --> 00:42:42,720

different channel and they have a

1280

00:42:45,990 --> 00:42:44,720

private conversation you know so you

1281

00:42:47,910 --> 00:42:46,000

think well

1282

00:42:49,349 --> 00:42:47,920

what are they talking about you know i

1283

00:42:50,870 --> 00:42:49,359

mean

1284

00:42:53,030 --> 00:42:50,880

what are they talking about what else

1285

00:42:57,109 --> 00:42:53,040

could they be talking about

1286

00:42:58,710 --> 00:42:57,119

you know well you you know the earlier

1287

00:43:02,230 --> 00:42:58,720

flights uh

1288

00:43:05,190 --> 00:43:02,240

especially the apollo 8 flight that

1289

00:43:06,790 --> 00:43:05,200

orbited the moon uh so they you know

1290

00:43:09,510 --> 00:43:06,800

they could go to the dark side

1291

00:43:11,510 --> 00:43:09,520

around and judge to wear it what kind of

1292

00:43:14,950 --> 00:43:11,520

uh

1293

00:43:18,470 --> 00:43:16,790

propulsion they would need to get back

1294

00:43:20,550 --> 00:43:18,480

and such but

1295

00:43:24,630 --> 00:43:20,560

there there was a lot to that one too i

1296

00:43:26,630 --> 00:43:24,640

mean frank borman has had kind of been

1297

00:43:28,069 --> 00:43:26,640

he's kind of been quiet about that all

1298

00:43:30,710 --> 00:43:28,079

these years

1299

00:43:32,550 --> 00:43:30,720

about some of the things that occurred

1300

00:43:35,349 --> 00:43:32,560

during that mission

1301
00:43:36,150 --> 00:43:35,359
um and that's what kind of interests me

1302
00:43:39,589 --> 00:43:36,160
now with

1303
00:43:42,630 --> 00:43:39,599
the chinese the chinese uh

1304
00:43:45,829 --> 00:43:42,640
visiting now on the dark side

1305
00:43:49,190 --> 00:43:45,839
and what is there right um

1306
00:43:51,910 --> 00:43:49,200
you know it's like it's it's

1307
00:43:52,309 --> 00:43:51,920
it's basically the side we never see you

1308
00:43:54,710 --> 00:43:52,319
know

1309
00:43:56,150 --> 00:43:54,720
i mean because the the the the moon

1310
00:43:58,309 --> 00:43:56,160
revolves as

1311
00:44:00,309 --> 00:43:58,319
the earth revolves but the the strain

1312
00:44:00,950 --> 00:44:00,319
the you know unusual thing let's say is

1313
00:44:03,670 --> 00:44:00,960

that

1314

00:44:06,230 --> 00:44:03,680

you know we revolve at the same speed so

1315

00:44:08,870 --> 00:44:06,240

one face is always pointing towards us

1316

00:44:10,390 --> 00:44:08,880

right right so but that other side you

1317

00:44:11,190 --> 00:44:10,400

know it isn't in the dark all the time

1318

00:44:13,349 --> 00:44:11,200

it's just like

1319

00:44:15,750 --> 00:44:13,359

we can't see it when it's in the light

1320

00:44:16,630 --> 00:44:15,760

so but you know we've run around there

1321

00:44:18,870 --> 00:44:16,640

we've

1322

00:44:19,829 --> 00:44:18,880

you know a lot of the all the apollo

1323

00:44:22,950 --> 00:44:19,839

missions you know

1324

00:44:24,390 --> 00:44:22,960

went in orbit around the moon um and now

1325

00:44:25,990 --> 00:44:24,400

this chinese you know thing

1326

00:44:28,069 --> 00:44:26,000

i think it's an interesting place to

1327

00:44:29,190 --> 00:44:28,079

land a space capital say the truth or a

1328

00:44:31,750 --> 00:44:29,200

lunar rover i

1329

00:44:33,510 --> 00:44:31,760

you know i i'll give them that much um i

1330

00:44:35,109 --> 00:44:33,520

hate to say it but i think that

1331

00:44:39,670 --> 00:44:35,119

you know that there's going to be well

1332

00:44:45,829 --> 00:44:43,109

wow um that that uh

1333

00:44:46,309 --> 00:44:45,839

um you know who you know who knows what

1334

00:44:48,069 --> 00:44:46,319

could be

1335

00:44:49,430 --> 00:44:48,079

uh over there but this we've had

1336

00:44:51,510 --> 00:44:49,440

satellites you know

1337

00:44:53,030 --> 00:44:51,520

revolving around the moon and all of the

1338

00:44:55,829 --> 00:44:53,040

moon really has been

1339

00:44:58,630 --> 00:44:55,839

um photographed and and and kind of

1340

00:45:00,710 --> 00:44:58,640

documented and documented and mapped

1341

00:45:02,630 --> 00:45:00,720

um but i i was going to say i hate to

1342

00:45:04,790 --> 00:45:02,640

say but i think the chinese and

1343

00:45:06,150 --> 00:45:04,800

if if the us doesn't get their acting

1344

00:45:08,630 --> 00:45:06,160

gear and if nasa

1345

00:45:10,390 --> 00:45:08,640

yeah nasa is just you know kind of this

1346

00:45:11,829 --> 00:45:10,400

this semi-government agency that you

1347

00:45:13,589 --> 00:45:11,839

know sucks a lot of money and you know

1348

00:45:14,950 --> 00:45:13,599

what have we done what have we done in

1349

00:45:15,670 --> 00:45:14,960

the world since the space shuttle what

1350

00:45:16,950 --> 00:45:15,680

have we done

1351

00:45:17,910 --> 00:45:16,960

it's going to be the chinese who are

1352

00:45:19,030 --> 00:45:17,920

going to you know i was talking about

1353

00:45:20,870 --> 00:45:19,040

going to mars they're probably going to

1354

00:45:23,109 --> 00:45:20,880

be the first people on mars

1355

00:45:25,270 --> 00:45:23,119

that may very well be because you're

1356

00:45:26,390 --> 00:45:25,280

going to have to set up a station of

1357

00:45:28,950 --> 00:45:26,400

some type

1358

00:45:29,910 --> 00:45:28,960

on on the moon to be able to get to mars

1359

00:45:31,750 --> 00:45:29,920

i believe

1360

00:45:33,190 --> 00:45:31,760

well that's yeah that's one of the plans

1361

00:45:35,589 --> 00:45:33,200

you know and it's it's

1362

00:45:37,109 --> 00:45:35,599

it's a little bit easier to lift a large

1363

00:45:39,270 --> 00:45:37,119

payload off of the moon

1364

00:45:40,950 --> 00:45:39,280

to go to the mars than it does for the

1365

00:45:42,550 --> 00:45:40,960

united states so the idea is like go

1366

00:45:44,390 --> 00:45:42,560

back to the moon build up a large

1367

00:45:45,270 --> 00:45:44,400

payload rocket and so on and then launch

1368

00:45:47,589 --> 00:45:45,280

from there

1369

00:45:48,550 --> 00:45:47,599

to go to mars but my question is is we

1370

00:45:50,630 --> 00:45:48,560

were on the moon

1371

00:45:52,710 --> 00:45:50,640

you know we landed on the moon in 1969

1372

00:45:54,950 --> 00:45:52,720

and then nixon because you know

1373

00:45:57,190 --> 00:45:54,960

because he was you know who knows what

1374

00:45:58,390 --> 00:45:57,200

he cut off all funding for all apollo

1375

00:46:00,470 --> 00:45:58,400

flights afterwards

1376
00:46:02,550 --> 00:46:00,480
you know we were supposed to suppose

1377
00:46:04,470 --> 00:46:02,560
like apollo 22 23 and

1378
00:46:05,910 --> 00:46:04,480
the plan was just to keep on going there

1379
00:46:07,670 --> 00:46:05,920
to set up a base

1380
00:46:10,230 --> 00:46:07,680
but you know they they cut the funding

1381
00:46:11,829 --> 00:46:10,240
just at the absolutely wrong time now we

1382
00:46:12,950 --> 00:46:11,839
have to go through all this to get back

1383
00:46:14,790 --> 00:46:12,960
to the moon

1384
00:46:17,510 --> 00:46:14,800
and then from the moon go to mars you

1385
00:46:20,950 --> 00:46:17,520
know there's a lot of moving parts there

1386
00:46:24,150 --> 00:46:20,960
well you know i i'm of the theory and

1387
00:46:24,790 --> 00:46:24,160
i've only only you know had this theory

1388
00:46:27,349 --> 00:46:24,800

for

1389

00:46:28,550 --> 00:46:27,359

the past several years that i believe

1390

00:46:33,349 --> 00:46:28,560

that

1391

00:46:36,309 --> 00:46:33,359

these space um

1392

00:46:37,589 --> 00:46:36,319

agency worldwide are just working

1393

00:46:40,069 --> 00:46:37,599

together now

1394

00:46:41,109 --> 00:46:40,079

i mean for everything and i'm just not

1395

00:46:43,510 --> 00:46:41,119

saying

1396

00:46:44,550 --> 00:46:43,520

the fact that you know we spent time on

1397

00:46:46,870 --> 00:46:44,560

the uh

1398

00:46:48,870 --> 00:46:46,880

the sky lab and in the in the

1399

00:46:49,829 --> 00:46:48,880

international space station together

1400

00:46:53,670 --> 00:46:49,839

here and there

1401
00:46:55,750 --> 00:46:53,680
i i think there's been a conglomeration

1402
00:46:57,670 --> 00:46:55,760
for a lot of years

1403
00:46:58,870 --> 00:46:57,680
and i believe a lot of that started

1404
00:47:02,150 --> 00:46:58,880
right after

1405
00:47:05,190 --> 00:47:02,160
the apollo missions um

1406
00:47:05,589 --> 00:47:05,200
i think there's something to that yeah

1407
00:47:08,630 --> 00:47:05,599
well

1408
00:47:11,349 --> 00:47:08,640
you know uh i i don't know i

1409
00:47:12,550 --> 00:47:11,359
i just know that the the whole idea is

1410
00:47:14,390 --> 00:47:12,560
that

1411
00:47:16,150 --> 00:47:14,400
it takes a lot of time it takes a lot of

1412
00:47:16,630 --> 00:47:16,160
money takes a lot of technology and so

1413
00:47:18,710 --> 00:47:16,640

on

1414

00:47:20,549 --> 00:47:18,720

you know like even just to put the space

1415

00:47:24,710 --> 00:47:20,559

shuttle up okay

1416

00:47:26,950 --> 00:47:24,720

and what i always think is that um

1417

00:47:28,470 --> 00:47:26,960

you know if if we really had you know

1418

00:47:30,549 --> 00:47:28,480

not to disagree with you but if

1419

00:47:32,630 --> 00:47:30,559

if we really had some kind of uh you

1420

00:47:34,630 --> 00:47:32,640

know technology either from

1421

00:47:35,670 --> 00:47:34,640

you know this conglomeration of space

1422

00:47:36,710 --> 00:47:35,680

programs or left

1423

00:47:38,630 --> 00:47:36,720

you know or something that's been

1424

00:47:40,069 --> 00:47:38,640

re-engineered from a ufo or whatever

1425

00:47:41,270 --> 00:47:40,079

would we have really spent those

1426

00:47:43,510 --> 00:47:41,280

billions of dollars

1427

00:47:44,790 --> 00:47:43,520

over like 25 years to launch this dump

1428

00:47:46,549 --> 00:47:44,800

truck which was the space shuttle

1429

00:47:48,309 --> 00:47:46,559

basically what it was you're launching a

1430

00:47:51,589 --> 00:47:48,319

dump truck into orbit

1431

00:47:53,750 --> 00:47:51,599

you know wouldn't we be flying around

1432

00:47:55,510 --> 00:47:53,760

the solar system if we had the kind of

1433

00:47:56,470 --> 00:47:55,520

technology that some people say well you

1434

00:48:03,270 --> 00:47:56,480

would think

1435

00:48:03,990 --> 00:48:03,280

the space shuttle what you know when you

1436

00:48:06,230 --> 00:48:04,000

look at it

1437

00:48:08,069 --> 00:48:06,240

as a whole what did it really accomplish

1438

00:48:11,670 --> 00:48:08,079

other than sending payloads

1439

00:48:13,190 --> 00:48:11,680

to the uh well that was it

1440

00:48:14,710 --> 00:48:13,200

that's all it did i mean it it it

1441

00:48:16,390 --> 00:48:14,720

brought payloads that's what i mean

1442

00:48:19,030 --> 00:48:16,400

it was a dump truck in space you know

1443

00:48:20,549 --> 00:48:19,040

yeah did a lot of military missions you

1444

00:48:22,150 --> 00:48:20,559

know there was a lot of those were

1445

00:48:23,829 --> 00:48:22,160

secret military missions where the

1446

00:48:26,230 --> 00:48:23,839

military would literally lease

1447

00:48:27,670 --> 00:48:26,240

the space shuttle and launch you know

1448

00:48:29,030 --> 00:48:27,680

who knows what you know

1449

00:48:31,349 --> 00:48:29,040

and one of the other things we talk

1450

00:48:33,109 --> 00:48:31,359

about in the book is that

1451

00:48:35,910 --> 00:48:33,119

the military now has this thing called

1452

00:48:38,870 --> 00:48:35,920

the x-37b

1453

00:48:40,549 --> 00:48:38,880

and um and it looks like a miniature

1454

00:48:41,349 --> 00:48:40,559

space shuttle it looks like a space

1455

00:48:45,349 --> 00:48:41,359

shuttle

1456

00:48:47,109 --> 00:48:45,359

25 size okay quarter size now this thing

1457

00:48:48,870 --> 00:48:47,119

is launched out of vanderberg air force

1458

00:48:52,309 --> 00:48:48,880

base out in california

1459

00:48:54,230 --> 00:48:52,319

it just broke the record for the longest

1460

00:48:55,829 --> 00:48:54,240

spacecraft in flight it was actually in

1461

00:48:58,870 --> 00:48:55,839

orbit for a year

1462

00:49:00,870 --> 00:48:58,880

it's it's robotic but

1463

00:49:02,069 --> 00:49:00,880

one of our co-hosts commander cobra who

1464

00:49:03,910 --> 00:49:02,079

is someone who works

1465

00:49:05,670 --> 00:49:03,920

it was in the military and works closely

1466

00:49:08,069 --> 00:49:05,680

still with the military he

1467

00:49:08,870 --> 00:49:08,079

swears that you know in the you know in

1468

00:49:10,390 --> 00:49:08,880

about

1469

00:49:12,710 --> 00:49:10,400

several hours you could actually turn

1470

00:49:15,430 --> 00:49:12,720

this thing into a manned spacecraft

1471

00:49:15,990 --> 00:49:15,440

and no one really knows what it does now

1472

00:49:17,990 --> 00:49:16,000

the theory

1473

00:49:20,069 --> 00:49:18,000

is is that this thing can actually go up

1474

00:49:22,390 --> 00:49:20,079

there and cozy up to

1475

00:49:24,470 --> 00:49:22,400

let's say adversaries adversaries

1476

00:49:27,510 --> 00:49:24,480

satellites and you know

1477

00:49:29,670 --> 00:49:27,520

steal their information disable them

1478

00:49:30,549 --> 00:49:29,680

you know steal the technology who knows

1479

00:49:32,309 --> 00:49:30,559

you know that's

1480

00:49:33,829 --> 00:49:32,319

but it has to be something along those

1481

00:49:36,150 --> 00:49:33,839

lines the military says that they're

1482

00:49:38,150 --> 00:49:36,160

doing atmospheric research

1483

00:49:40,069 --> 00:49:38,160

which is not even a good spin story you

1484

00:49:41,910 --> 00:49:40,079

know but it's doing something now that's

1485

00:49:43,510 --> 00:49:41,920

that's really kind of cool technology

1486

00:49:45,670 --> 00:49:43,520

when you know when you think about it

1487

00:49:47,270 --> 00:49:45,680

right and no one can touch that no one

1488

00:49:48,630 --> 00:49:47,280

can the chinese can put a

1489

00:49:51,190 --> 00:49:48,640

something on the backside of the mood

1490

00:49:54,230 --> 00:49:51,200

but this thing is up there all the time

1491

00:49:54,630 --> 00:49:54,240

all the time uh doing who knows what you

1492

00:49:57,990 --> 00:49:54,640

know

1493

00:49:59,109 --> 00:49:58,000

that is the space force

1494

00:50:00,549 --> 00:49:59,119

if you know what i mean you know this

1495

00:50:02,230 --> 00:50:00,559

stuff is going on you know you don't

1496

00:50:04,150 --> 00:50:02,240

really need a space for us we have a

1497

00:50:05,589 --> 00:50:04,160

space force we have u.s space command

1498

00:50:08,309 --> 00:50:05,599

and it's been around for a long long

1499

00:50:09,589 --> 00:50:08,319

time um you know if you want to have a

1500

00:50:11,349 --> 00:50:09,599

real cool space for us

1501
00:50:12,710 --> 00:50:11,359
put money into that because these people

1502
00:50:15,589 --> 00:50:12,720
they're already there you don't have to

1503
00:50:19,109 --> 00:50:15,599
start from square one

1504
00:50:20,790 --> 00:50:19,119
well you know i i think um

1505
00:50:22,790 --> 00:50:20,800
and and i don't know how how much of

1506
00:50:25,030 --> 00:50:22,800
this you agree with with

1507
00:50:26,950 --> 00:50:25,040
the fact that a lot of corporations and

1508
00:50:29,829 --> 00:50:26,960
private money is going in

1509
00:50:31,190 --> 00:50:29,839
to space exploration you know i'm wary

1510
00:50:34,950 --> 00:50:31,200
of that

1511
00:50:38,230 --> 00:50:34,960
for the most part i i don't know if

1512
00:50:39,670 --> 00:50:38,240
it's more of an exploration or if

1513
00:50:43,750 --> 00:50:39,680

there's a monetary

1514

00:50:45,750 --> 00:50:43,760

more of a monetary reason behind it

1515

00:50:47,270 --> 00:50:45,760

um you know they've been talking for

1516

00:50:50,470 --> 00:50:47,280

years about mining

1517

00:50:52,630 --> 00:50:50,480

asteroids and such so right i don't know

1518

00:50:54,390 --> 00:50:52,640

it's always a monetary thing yeah you

1519

00:50:55,349 --> 00:50:54,400

know you would think well private

1520

00:50:57,430 --> 00:50:55,359

industry

1521

00:50:58,710 --> 00:50:57,440

that's the only reason they would do it

1522

00:51:01,589 --> 00:50:58,720

and and at some point

1523

00:51:01,990 --> 00:51:01,599

i think they will start mining asteroids

1524

00:51:03,670 --> 00:51:02,000

um

1525

00:51:05,589 --> 00:51:03,680

you know there's some asteroids that are

1526

00:51:08,069 --> 00:51:05,599

just you know completely

1527

00:51:10,069 --> 00:51:08,079

comprised of like nickel you know and

1528

00:51:13,510 --> 00:51:10,079

all these kind of exotic things but

1529

00:51:17,030 --> 00:51:13,520

um you know someone said too is um that

1530

00:51:19,910 --> 00:51:17,040

um that they suspect some asteroids

1531

00:51:21,430 --> 00:51:19,920

are may have lots of diamonds in them

1532

00:51:22,390 --> 00:51:21,440

and in fact there's a star out there

1533

00:51:24,710 --> 00:51:22,400

that people think

1534

00:51:26,470 --> 00:51:24,720

that you know astrophysicists think is

1535

00:51:28,630 --> 00:51:26,480

is made of diamond

1536

00:51:30,390 --> 00:51:28,640

and or a planet going around the star

1537

00:51:32,069 --> 00:51:30,400

but the thing is is let's say that you

1538

00:51:33,750 --> 00:51:32,079

found an asteroid that was you know had

1539

00:51:35,270 --> 00:51:33,760

that was just full of diamonds

1540

00:51:37,589 --> 00:51:35,280

and you stop mining them bring them back

1541

00:51:39,589 --> 00:51:37,599

to earth well that's going to make

1542

00:51:41,589 --> 00:51:39,599

you know the rarity of diamonds on a

1543

00:51:43,349 --> 00:51:41,599

whole not be as rare anymore

1544

00:51:45,109 --> 00:51:43,359

exactly what i mean so they won't be you

1545

00:51:46,790 --> 00:51:45,119

know so it's like wow

1546

00:51:48,470 --> 00:51:46,800

you know how do you handle that you know

1547

00:51:51,190 --> 00:51:48,480

well i mean i guess you could use it for

1548

00:51:53,430 --> 00:51:51,200

industrial use but yeah i don't know

1549

00:51:54,309 --> 00:51:53,440

that seems yeah i agree with you i mean

1550

00:51:57,589 --> 00:51:54,319

that's like any

1551

00:51:59,109 --> 00:51:57,599

any rare metal or gemstone

1552

00:52:00,630 --> 00:51:59,119

they just start finding a bunch of them

1553

00:52:03,030 --> 00:52:00,640

they're just going to tank the market

1554

00:52:04,390 --> 00:52:03,040

right oh yeah yeah exactly you know so

1555

00:52:05,990 --> 00:52:04,400

you gotta be quick careful with your

1556

00:52:08,150 --> 00:52:06,000

mind up there but i guess if you could

1557

00:52:09,109 --> 00:52:08,160

corral an asteroid that was made of you

1558

00:52:11,109 --> 00:52:09,119

know different kinds of

1559

00:52:12,630 --> 00:52:11,119

very strong iron and nickel and these

1560

00:52:15,109 --> 00:52:12,640

things that you know a lot of them go

1561

00:52:16,870 --> 00:52:15,119

into our smartphones and stuff like that

1562

00:52:18,790 --> 00:52:16,880

then there's your monetary incentive

1563

00:52:22,150 --> 00:52:18,800

right now yeah

1564

00:52:25,829 --> 00:52:22,160

yeah the um

1565

00:52:29,030 --> 00:52:25,839

what are your thoughts on our technology

1566

00:52:29,910 --> 00:52:29,040

in other words it does seem that ever

1567

00:52:33,270 --> 00:52:29,920

since

1568

00:52:37,829 --> 00:52:33,280

when i'll say roswell and uh

1569

00:52:41,030 --> 00:52:37,839

that we've our technology just seems to

1570

00:52:42,630 --> 00:52:41,040

quadruple every couple of years is it

1571

00:52:43,750 --> 00:52:42,640

something that we're getting from

1572

00:52:46,390 --> 00:52:43,760

somewhere else

1573

00:52:47,829 --> 00:52:46,400

or is it just that we're getting smarter

1574

00:52:51,349 --> 00:52:47,839

i think we're getting smarter

1575

00:52:53,670 --> 00:52:51,359

you know um i i don't think um

1576

00:52:54,950 --> 00:52:53,680

you know this is probably uh you know a

1577

00:52:56,150 --> 00:52:54,960

subject for another show but

1578

00:52:58,470 --> 00:52:56,160

i don't think anything happened to

1579

00:53:00,470 --> 00:52:58,480

roswell other than what you know

1580

00:53:01,829 --> 00:53:00,480

the the military come out and finally

1581

00:53:02,870 --> 00:53:01,839

said it was is one of these secret

1582

00:53:04,710 --> 00:53:02,880

balloons

1583

00:53:06,069 --> 00:53:04,720

and you know that's what the debris was

1584

00:53:07,430 --> 00:53:06,079

and so on and so forth

1585

00:53:08,950 --> 00:53:07,440

and and again i don't think that we

1586

00:53:10,390 --> 00:53:08,960

would have this reverse engineered

1587

00:53:12,150 --> 00:53:10,400

technology because

1588

00:53:14,069 --> 00:53:12,160

i don't see it around i i know we've all

1589

00:53:15,910 --> 00:53:14,079

gotten we've gotten smarter but

1590

00:53:17,750 --> 00:53:15,920

once again if you had we're able to

1591

00:53:19,589 --> 00:53:17,760

reverse engineer a ufo you know why

1592

00:53:21,030 --> 00:53:19,599

don't we have anti-gravity why don't we

1593

00:53:21,990 --> 00:53:21,040

have you know these kind of weird

1594

00:53:23,910 --> 00:53:22,000

propulsion

1595

00:53:25,349 --> 00:53:23,920

systems why other why are we launching

1596

00:53:26,549 --> 00:53:25,359

the dump truck into space

1597

00:53:28,710 --> 00:53:26,559

you know i don't think you would go

1598

00:53:30,230 --> 00:53:28,720

through all that just to keep hidden

1599

00:53:33,270 --> 00:53:30,240

that we have this kind of

1600

00:53:35,829 --> 00:53:33,280

you know ufo technology um

1601
00:53:38,069 --> 00:53:35,839
but you know and it also in my mind too

1602
00:53:40,230 --> 00:53:38,079
and it sounds strange because

1603
00:53:41,510 --> 00:53:40,240
you know it's it's all big brother slash

1604
00:53:43,349 --> 00:53:41,520
big company but you know

1605
00:53:45,270 --> 00:53:43,359
it's it's kind of dissing the people who

1606
00:53:47,430 --> 00:53:45,280
invented this stuff you know these [h__h]

1607
00:53:49,589 --> 00:53:47,440
it's human beings who invented you know

1608
00:53:51,510 --> 00:53:49,599
the semiconductors who invented

1609
00:53:53,589 --> 00:53:51,520
you know the rockets that put us on the

1610
00:53:54,309 --> 00:53:53,599
moon and you know these are humans doing

1611
00:53:56,630 --> 00:53:54,319
this

1612
00:53:58,150 --> 00:53:56,640
and and you know when they should give

1613
00:54:00,710 --> 00:53:58,160

they give them some credit

1614

00:54:01,990 --> 00:54:00,720

for doing it you know and yet some

1615

00:54:02,950 --> 00:54:02,000

people want to say well you know it's

1616

00:54:05,910 --> 00:54:02,960

really gonna

1617

00:54:06,230 --> 00:54:05,920

re-engineer ufo technology well you know

1618

00:54:10,630 --> 00:54:06,240

if

1619

00:54:12,309 --> 00:54:10,640

moon in so long why aren't we there

1620

00:54:14,470 --> 00:54:12,319

why aren't you and i flying back and

1621

00:54:17,190 --> 00:54:14,480

forth every day to the moon exactly

1622

00:54:17,990 --> 00:54:17,200

you know we're not well you know and if

1623

00:54:22,150 --> 00:54:18,000

the one

1624

00:54:25,750 --> 00:54:22,160

fascinates me more than anything is

1625

00:54:29,670 --> 00:54:25,760

you look at the computers or computer

1626
00:54:31,910 --> 00:54:29,680
that was used in the apollo landing

1627
00:54:32,950 --> 00:54:31,920
right as compared to what we've got

1628
00:54:36,630 --> 00:54:32,960
nowadays

1629
00:54:38,789 --> 00:54:36,640
right and uh you when you

1630
00:54:40,390 --> 00:54:38,799
sit there and look at it you wonder how

1631
00:54:40,950 --> 00:54:40,400
in the hell did they ever get there and

1632
00:54:44,710 --> 00:54:40,960
back

1633
00:54:46,789 --> 00:54:44,720
yep there's more computing power in a um

1634
00:54:49,349 --> 00:54:46,799
in a calculator than there was in the

1635
00:54:51,109 --> 00:54:49,359
apollo the first apollo lander you know

1636
00:54:52,870 --> 00:54:51,119
how did they do it how you're right how

1637
00:54:55,109 --> 00:54:52,880
did they do it but they did it

1638
00:54:57,430 --> 00:54:55,119

they did it you know and you know the

1639

00:54:59,750 --> 00:54:57,440

computer itself was so

1640

00:55:01,589 --> 00:54:59,760

i don't know so fundamental i mean they

1641

00:55:04,950 --> 00:55:01,599

were pushing buttons

1642

00:55:09,109 --> 00:55:04,960

right yeah you know to activate

1643

00:55:12,230 --> 00:55:09,119

uh actuators or capacitors and it was uh

1644

00:55:14,069 --> 00:55:12,240

it was so simple but uh

1645

00:55:15,430 --> 00:55:14,079

i don't know it it but it is a

1646

00:55:18,710 --> 00:55:15,440

fascinating

1647

00:55:20,390 --> 00:55:18,720

aspect to that whole program

1648

00:55:22,789 --> 00:55:20,400

i guess it took a lot of luck too i

1649

00:55:25,270 --> 00:55:22,799

guess but it was uh

1650

00:55:27,589 --> 00:55:25,280

it you know the whole power story has

1651
00:55:30,630 --> 00:55:27,599
always fascinated me and uh

1652
00:55:31,190 --> 00:55:30,640
i just wondered why how did they ever do

1653
00:55:33,510 --> 00:55:31,200
it

1654
00:55:34,470 --> 00:55:33,520
but you're right why haven't we gone

1655
00:55:37,270 --> 00:55:34,480
back

1656
00:55:39,190 --> 00:55:37,280
why is the money had not been spent you

1657
00:55:41,750 --> 00:55:39,200
know for years they keep talking about

1658
00:55:42,470 --> 00:55:41,760
this helium-3 that's loaded on the moon

1659
00:55:44,470 --> 00:55:42,480
for

1660
00:55:46,789 --> 00:55:44,480
when you know they could get back get

1661
00:55:50,069 --> 00:55:46,799
there and mine this helium-3

1662
00:55:53,109 --> 00:55:50,079
and for energy like

1663
00:55:54,309 --> 00:55:53,119

why has there been any attempt to do

1664

00:55:56,309 --> 00:55:54,319

that

1665

00:55:57,670 --> 00:55:56,319

i think it's because nasa basically you

1666

00:56:00,789 --> 00:55:57,680

know as uh

1667

00:56:02,789 --> 00:56:00,799

you know is is has been our only way to

1668

00:56:05,190 --> 00:56:02,799

for this country to get into space now

1669

00:56:08,710 --> 00:56:05,200

that's true now you can see you know

1670

00:56:10,549 --> 00:56:08,720

uh elon musk and those guys you know are

1671

00:56:12,390 --> 00:56:10,559

flying you know supply missions to the

1672

00:56:14,150 --> 00:56:12,400

uh international space station and then

1673

00:56:15,109 --> 00:56:14,160

the guy who runs virgin airlines he's

1674

00:56:17,270 --> 00:56:15,119

going to start

1675

00:56:18,870 --> 00:56:17,280

you know booking passage for people who

1676

00:56:20,150 --> 00:56:18,880

go up in sub-orbit and stuff like that

1677

00:56:22,630 --> 00:56:20,160

so it is coming but it's

1678

00:56:24,309 --> 00:56:22,640

it's very slow you know to to work into

1679

00:56:26,950 --> 00:56:24,319

it for the private enterprise to get in

1680

00:56:28,789 --> 00:56:26,960

there because it costs a lot of money

1681

00:56:30,069 --> 00:56:28,799

you know but but once it happens long

1682

00:56:32,230 --> 00:56:30,079

once it starts

1683

00:56:33,670 --> 00:56:32,240

then there'll be no way of stopping it

1684

00:56:36,150 --> 00:56:33,680

you know that's true

1685

00:56:39,030 --> 00:56:36,160

you know and and and once someone starts

1686

00:56:40,870 --> 00:56:39,040

really seeing dollar signs

1687

00:56:42,549 --> 00:56:40,880

that's when you know then then it will

1688

00:56:43,510 --> 00:56:42,559

be like the jetsons you know then it

1689

00:56:45,349 --> 00:56:43,520

will be

1690

00:56:46,870 --> 00:56:45,359

uh you know that common place to go to

1691

00:56:47,829 --> 00:56:46,880

orbit to go to the moon i still think

1692

00:56:49,910 --> 00:56:47,839

it's a fire

1693

00:56:51,270 --> 00:56:49,920

i think it's far off and and i hate to

1694

00:56:52,470 --> 00:56:51,280

say this but i don't think the americans

1695

00:56:54,069 --> 00:56:52,480

are going to lead the charge i think

1696

00:56:56,069 --> 00:56:54,079

it's going to be the chinese

1697

00:56:58,870 --> 00:56:56,079

yeah i think the chinese are really

1698

00:56:59,349 --> 00:56:58,880

stepping it up it just it does seem that

1699

00:57:00,950 --> 00:56:59,359

way

1700

00:57:02,870 --> 00:57:00,960

yep they get a lot of money they get a

1701

00:57:03,829 --> 00:57:02,880

lot of technology a lot of their

1702

00:57:05,910 --> 00:57:03,839

scientists and

1703

00:57:07,190 --> 00:57:05,920

and professionals are actually educated

1704

00:57:09,430 --> 00:57:07,200

in this country

1705

00:57:11,510 --> 00:57:09,440

and um and then they go back to china

1706

00:57:12,230 --> 00:57:11,520

and you know that's just the way it is

1707

00:57:15,589 --> 00:57:12,240

but

1708

00:57:18,870 --> 00:57:17,190

the chinese uh you know they're they're

1709

00:57:20,950 --> 00:57:18,880

the ultimate big brother government

1710

00:57:21,910 --> 00:57:20,960

i mean they the ultimate totalitarian

1711

00:57:23,349 --> 00:57:21,920

government

1712

00:57:24,549 --> 00:57:23,359

they they're the largest country in the

1713

00:57:26,549 --> 00:57:24,559

world they're going to be one of the

1714

00:57:27,910 --> 00:57:26,559

largest military powers in the next 30

1715

00:57:31,349 --> 00:57:27,920

to 40 years if not

1716

00:57:34,630 --> 00:57:31,359

sooner you know it's it's it's

1717

00:57:37,109 --> 00:57:34,640

i think i think that the days you know

1718

00:57:38,549 --> 00:57:37,119

the coming the coming century or the

1719

00:57:40,069 --> 00:57:38,559

rest of the century is not going to be

1720

00:57:41,589 --> 00:57:40,079

one for like democracy

1721

00:57:43,270 --> 00:57:41,599

and freedom and freedom of speech and

1722

00:57:44,870 --> 00:57:43,280

things i think it's gonna be i think

1723

00:57:46,150 --> 00:57:44,880

it's gonna be rough 80 years to tell you

1724

00:57:47,270 --> 00:57:46,160

the truth because i think the chinese

1725

00:57:48,950 --> 00:57:47,280

are going to dominate and they're not

1726

00:57:51,829 --> 00:57:48,960

going to suddenly become

1727

00:57:52,470 --> 00:57:51,839

uh you know a democracy that's for sure

1728

00:57:54,230 --> 00:57:52,480

well

1729

00:57:57,589 --> 00:57:54,240

i'm afraid you're probably right because

1730

00:57:59,910 --> 00:57:57,599

uh it it seems like um

1731

00:58:01,990 --> 00:57:59,920

you know our time has passed for the

1732

00:58:05,430 --> 00:58:02,000

most part and uh

1733

00:58:07,430 --> 00:58:05,440

i i you know i'm hoping that maybe our

1734

00:58:09,430 --> 00:58:07,440

these entrepreneurs can kind of

1735

00:58:10,630 --> 00:58:09,440

push us back ahead and get us back on

1736

00:58:12,950 --> 00:58:10,640

track but

1737

00:58:13,829 --> 00:58:12,960

i'm not holding my breath yeah our time

1738

00:58:16,390 --> 00:58:13,839

is passing

1739

00:58:18,549 --> 00:58:16,400

it's it's it's slipping away from us yes

1740

00:58:19,750 --> 00:58:18,559

it is it isn't gone yet but

1741

00:58:21,990 --> 00:58:19,760

you know look what happened to the

1742

00:58:23,990 --> 00:58:22,000

british empire to the roman empire to

1743

00:58:26,950 --> 00:58:24,000

the greek empire i mean empires

1744

00:58:28,069 --> 00:58:26,960

come and go you know we still have time

1745

00:58:31,510 --> 00:58:28,079

to

1746

00:58:34,789 --> 00:58:31,520

are but

1747

00:58:36,950 --> 00:58:34,799

time is running out for sure so

1748

00:58:38,549 --> 00:58:36,960

mack uh why don't you tell everybody how

1749

00:58:41,670 --> 00:58:38,559

they can get a hold of you

1750

00:58:44,069 --> 00:58:41,680

uh get your books and tell us what you

1751

00:58:47,030 --> 00:58:44,079

have planned for the future

1752

00:58:47,910 --> 00:58:47,040

well um the book is on sale matt

1753

00:58:49,910 --> 00:58:47,920

maloney's uh

1754

00:58:52,430 --> 00:58:49,920

haunted universe is uh the best place to

1755

00:58:54,630 --> 00:58:52,440

go really is amazon.com

1756

00:58:55,750 --> 00:58:54,640

barnesandnoble.com but uh really in any

1757

00:58:57,430 --> 00:58:55,760

bookstore if they don't have

1758

00:58:58,870 --> 00:58:57,440

you they can order it for you some of

1759

00:58:59,510 --> 00:58:58,880

these bookstores now someone's telling

1760

00:59:00,950 --> 00:58:59,520

me i

1761

00:59:02,309 --> 00:59:00,960

have printers right in the bookstore

1762

00:59:03,589 --> 00:59:02,319

where you go in and you order a book and

1763

00:59:05,589 --> 00:59:03,599

they'll print the book for you in two

1764

00:59:09,030 --> 00:59:05,599

minutes which is kind of cool

1765

00:59:10,230 --> 00:59:09,040

um but really right now amazon.com is

1766

00:59:12,470 --> 00:59:10,240

the best place to

1767

00:59:13,589 --> 00:59:12,480

uh get macmillan's haunted universe and

1768

00:59:16,549 --> 00:59:13,599

then we do our show

1769

00:59:17,910 --> 00:59:16,559

mcimonia's uh military x-files we do it

1770

00:59:19,829 --> 00:59:17,920

uh once a week we're on a bunch of

1771

00:59:23,430 --> 00:59:19,839

different networks run kcr

1772

00:59:24,549 --> 00:59:23,440

and dark matter and over in the uk and

1773

00:59:26,710 --> 00:59:24,559

also up in canada

1774

00:59:27,910 --> 00:59:26,720

and um yeah we have a lot of fun doing

1775

00:59:31,670 --> 00:59:27,920

that and

1776

00:59:33,190 --> 00:59:31,680

write called

1777

00:59:34,789 --> 00:59:33,200

the wingman series which is what i've

1778

00:59:36,950 --> 00:59:34,799

been doing for uh

1779

00:59:38,789 --> 00:59:36,960

you know for many years i'm uh i'm going

1780

00:59:41,030 --> 00:59:38,799

to start wingman 19

1781

00:59:42,710 --> 00:59:41,040

very soon wingman is kind of like this

1782

00:59:43,190 --> 00:59:42,720

zen fighter pilot he's the best fighter

1783

00:59:47,829 --> 00:59:43,200

pilot

1784

00:59:50,710 --> 00:59:47,839

ever and um and also a series called um

1785

00:59:51,510 --> 00:59:50,720

code name starman which is about a

1786

00:59:53,910 --> 00:59:51,520

military

1787

00:59:55,829 --> 00:59:53,920

navy investigator with esp and that's

1788

00:59:57,910 --> 00:59:55,839

going to be coming out soon too so

1789

00:59:59,270 --> 00:59:57,920

i i i didn't think i was as busy as i

1790

01:00:02,470 --> 00:59:59,280

just said i am but i guess i'm

1791

01:00:04,390 --> 01:00:02,480

i'm busy yeah i think

1792

01:00:06,150 --> 01:00:04,400

we we all are kind of more busy than

1793

01:00:08,390 --> 01:00:06,160

what we think we are right yeah

1794

01:00:09,430 --> 01:00:08,400

yeah so mac thanks again for joining me

1795

01:00:11,510 --> 01:00:09,440
