FORTEAN FRIDAY with BUTCH WITKOWSKI & AMY BUE - July 16, 2021

1
00:00:09,190 --> 00:00:05,829
the oldest

2
00:00:11,430 --> 00:00:09,200
and strongest human emotion is fear

3
00:00:12,390 --> 00:00:11,440
and the oldest and strongest type of

4
00:00:15,589 --> 00:00:12,400
fear

5
00:00:18,070 --> 00:00:15,599
is trepidation of the unknown

6
00:00:21,510 --> 00:00:18,080
when we were children our parents told

7
00:00:23,990 --> 00:00:21,520
us that monsters didn't exist

8
00:00:27,109 --> 00:00:24,000
but we were sure that something was

9
00:00:31,750 --> 00:00:27,119
lurking under the bed or in the closet

10
00:00:34,950 --> 00:00:31,760
fear sees even if our eyes are closed

11
00:00:37,030 --> 00:00:34,960
welcome to the realm of the arcane my

12
00:00:39,350 --> 00:00:37,040
name is lon strickler

13
00:00:40,470 --> 00:00:39,360

join me as i examine unexplained

14

00:00:43,190 --> 00:00:40,480

creatures

15

00:00:45,430 --> 00:00:43,200

strange manifestations of remarkable

16

00:00:48,470 --> 00:00:45,440

realities

17

00:00:51,110 --> 00:00:48,480

imagine this next hour as a voyage of

18

00:00:54,150 --> 00:00:51,120

discovery to strange lands

19

00:00:56,869 --> 00:00:54,160

seeking not for new territory but for

20

00:00:58,470 --> 00:00:56,879

new knowledge of the supernatural come

21

00:01:00,870 --> 00:00:58,480

on board as we begin

22

00:01:03,910 --> 00:01:00,880

this adventure together

23

00:01:05,750 --> 00:01:03,920

[Music]

24

00:01:08,230 --> 00:01:05,760

hey folks good evening welcome to

25

00:01:11,109 --> 00:01:08,240

another episode of arcane radio

26

00:01:12,149 --> 00:01:11,119

where we explore explore the unexplained

27

00:01:14,630 --> 00:01:12,159

live

28

00:01:15,670 --> 00:01:14,640

on beyond explanation i'm your host lon

29

00:01:17,830 --> 00:01:15,680

strickler

30

00:01:20,550 --> 00:01:17,840

coming to you within a candid shot of

32

00:01:25,270 --> 00:01:23,360

thanks for joining us now you know

33

00:01:25,990 --> 00:01:25,280

arcane radio and beyond explanation

34

00:01:29,190 --> 00:01:26,000

channel is made

35

00:01:31,749 --> 00:01:29,200

possible by you liking subscribing and

36

00:01:34,789 --> 00:01:31,759

sharing our programming

37

00:01:36,390 --> 00:01:34,799

super chat donations are essential for

38

00:01:39,749 --> 00:01:36,400

us to continue offering you

39

00:01:44,310 --> 00:01:39,759

our unique content your consideration is

40

00:01:49,190 --> 00:01:48,310

so tonight i welcome fans of monsters 14

41

00:01:51,830 --> 00:01:49,200

research team

42

00:01:53,429 --> 00:01:51,840

investigators butch witkowski and

43

00:01:56,789 --> 00:01:53,439

vincent richardson to

44

00:01:57,510 --> 00:01:56,799

arcane radio now butch is the founder of

45

00:02:00,550 --> 00:01:57,520

ufo

46

00:02:01,830 --> 00:02:00,560

research center pennsylvania independent

47

00:02:02,789 --> 00:02:01,840

he's an independent researcher

48

00:02:05,469 --> 00:02:02,799

investigator in

49

00:02:07,270 --> 00:02:05,479

philology abductions paranormal and

50

00:02:09,910 --> 00:02:07,280

cryptozoology

51
00:02:12,309 --> 00:02:09,920
now the purpose of the the ufo research

52
00:02:13,589 --> 00:02:12,319
center as well as fans of monsters 14

53
00:02:15,990 --> 00:02:13,599
research

54
00:02:18,150 --> 00:02:16,000
is to conduct responsible investigations

55
00:02:19,990 --> 00:02:18,160
using factual and unbiased

56
00:02:22,229 --> 00:02:20,000
evidence gathering techniques in order

57
00:02:24,470 --> 00:02:22,239
to evaluate and investigate

58
00:02:27,589 --> 00:02:24,480
the unexplained throughout pennsylvania

59
00:02:31,910 --> 00:02:27,599
and north america

60
00:02:32,630 --> 00:02:31,920
and joining him is vincent richardson

61
00:02:35,190 --> 00:02:32,640
and i'll let

62
00:02:36,150 --> 00:02:35,200
vincent tell you tell you a bit about

63
00:02:38,309 --> 00:02:36,160

himself

64

00:02:39,750 --> 00:02:38,319

um so butch and vincent thanks for

65

00:02:43,509 --> 00:02:39,760

joining me this evening

66

00:02:44,150 --> 00:02:43,519

hey everybody so events tell everybody

67

00:02:46,630 --> 00:02:44,160

who you are

68

00:02:48,790 --> 00:02:46,640

and why you're on and the whole deal

69

00:02:50,070 --> 00:02:48,800

well i'm your uh beyond explanation

70

00:02:52,309 --> 00:02:50,080

community manager

71

00:02:54,710 --> 00:02:52,319

and uh everybody knows me from the chat

72

00:02:58,229 --> 00:02:54,720

rooms i'm 7 in for amy boo

73

00:03:00,229 --> 00:02:58,239

i know i'm not as pretty as amy is or

74

00:03:02,149 --> 00:03:00,239

as talented in the bigfoot field but

75

00:03:04,149 --> 00:03:02,159

here i am

76

00:03:05,830 --> 00:03:04,159

i've been a part of the paranormal uh

77

00:03:09,910 --> 00:03:05,840

field since 2009

78

00:03:13,509 --> 00:03:11,990

well you you're kind of filling in

79

00:03:16,390 --> 00:03:13,519

tonight for amy and

80

00:03:16,949 --> 00:03:16,400

uh that's fine i know you know you're my

81

00:03:19,589 --> 00:03:16,959

uh

82

00:03:20,869 --> 00:03:19,599

you're kind of filling in also as my

83

00:03:24,710 --> 00:03:20,879

research invest

84

00:03:27,270 --> 00:03:24,720

research uh assistant for my next book

85

00:03:28,229 --> 00:03:27,280

so uh you know of course you're working

86

00:03:31,350 --> 00:03:28,239

here at

87

00:03:32,630 --> 00:03:31,360

uh beyond explanation as well so good to

88

00:03:36,710 --> 00:03:32,640

have you on

89

00:03:39,030 --> 00:03:36,720

thanks a lot so hey butch how you doing

90

00:03:39,830 --> 00:03:39,040

i'm doing good how are you oh man i'm

91

00:03:43,110 --> 00:03:39,840

hanging in there

92

00:03:46,470 --> 00:03:43,120

same old same old you know it is with me

93

00:03:50,630 --> 00:03:46,480

pretty much everybody right now yeah so

94

00:03:54,070 --> 00:03:50,640

uh so tonight we talk about a few

95

00:03:55,910 --> 00:03:54,080

new things that kind of come our way

96

00:03:58,550 --> 00:03:55,920

but one thing i did want to talk about

97

00:04:02,070 --> 00:03:58,560

was this um

98

00:04:03,509 --> 00:04:02,080

this short video from uh cass river

99

00:04:06,869 --> 00:04:03,519

michigan

100

00:04:10,309 --> 00:04:06,879

now i took a few screenshots off the uh

101
00:04:12,309 --> 00:04:10,319
off the video itself and uh

102
00:04:13,990 --> 00:04:12,319
a bill will put them up there for folks

103
00:04:16,949 --> 00:04:14,000
to see

104
00:04:18,150 --> 00:04:16,959
but uh i i tell you this is uh an

105
00:04:20,229 --> 00:04:18,160
interesting

106
00:04:21,749 --> 00:04:20,239
sighting now of course you know you're

107
00:04:24,390 --> 00:04:21,759
gonna get a lot of naysayers and say

108
00:04:28,390 --> 00:04:24,400
it's a guy in a suit or something else

109
00:04:30,390 --> 00:04:28,400
which is standard fair but you know that

110
00:04:32,469 --> 00:04:30,400
picture right there

111
00:04:35,590 --> 00:04:32,479
kind of looks like it's got holding

112
00:04:39,030 --> 00:04:35,600
something in its left arm

113
00:04:41,990 --> 00:04:39,040

may very well be a juvenile it's very

114

00:04:44,150 --> 00:04:42,000

strange it's somewhat pixelated but it's

115

00:04:46,230 --> 00:04:44,160

it's interesting you know when i first

116

00:04:48,790 --> 00:04:46,240

looked at it

117

00:04:50,469 --> 00:04:48,800

i thought it may have been carrying a

118

00:04:52,950 --> 00:04:50,479

deer on its left side now when you look

119

00:04:54,710 --> 00:04:52,960

at these other photos

120

00:04:56,150 --> 00:04:54,720

it does look like something maybe draped

121

00:04:58,629 --> 00:04:56,160

on the left on

122

00:05:00,710 --> 00:04:58,639

the left side so i i don't know i i you

123

00:05:02,790 --> 00:05:00,720

know i don't know what to make of it

124

00:05:04,390 --> 00:05:02,800

uh i thought it might be a female

125

00:05:06,870 --> 00:05:04,400

bigfoot

126

00:05:08,790 --> 00:05:06,880

uh it's kind of hard to tell the size of

127

00:05:11,909 --> 00:05:08,800

what this thing is

128

00:05:12,310 --> 00:05:11,919

uh i i i i'd venture to say it's at

129

00:05:15,029 --> 00:05:12,320

least

130

00:05:16,710 --> 00:05:15,039

six and a half or seven foot just from

131

00:05:19,110 --> 00:05:16,720

what i can see

132

00:05:20,870 --> 00:05:19,120

uh what are your thoughts on the butch

133

00:05:22,310 --> 00:05:20,880

uh could bill flip to the next couple

134

00:05:24,710 --> 00:05:22,320

pictures and i'll tell him when to stop

135

00:05:27,749 --> 00:05:24,720

at one the one that got me

136

00:05:29,909 --> 00:05:27,759

uh that one right there yeah

137

00:05:30,790 --> 00:05:29,919

looks like a deer head with antlers yeah

138

00:05:33,510 --> 00:05:30,800

it does

139

00:05:35,270 --> 00:05:33,520

either either either a deer head with

140

00:05:38,550 --> 00:05:35,280

the long ears

141

00:05:41,990 --> 00:05:38,560

creeping down off a maybe a doe or a

142

00:05:45,350 --> 00:05:42,000

maybe a fawn probably a doe

143

00:05:48,550 --> 00:05:45,360

uh i don't know i um

144

00:05:52,230 --> 00:05:48,560

it's interesting i mean you know i

145

00:05:55,670 --> 00:05:52,240

talked to a woman today who saw it

146

00:05:57,270 --> 00:05:55,680

on the blog and uh not

147

00:05:59,749 --> 00:05:57,280

they don't see what part of the cast

148

00:06:01,749 --> 00:05:59,759

river this was but she said

149

00:06:03,909 --> 00:06:01,759

that it looks like an area that's about

150

00:06:06,629 --> 00:06:03,919

20 miles from her

151
00:06:08,150 --> 00:06:06,639
and she said that the uh she has seen

152
00:06:11,830 --> 00:06:08,160
bigfoot

153
00:06:13,189 --> 00:06:11,840
waiting that river and other parts along

154
00:06:16,070 --> 00:06:13,199
the river for a year

155
00:06:16,550 --> 00:06:16,080
she said she's lived there since the 60s

156
00:06:19,830 --> 00:06:16,560
so

157
00:06:21,430 --> 00:06:19,840
um i don't know you know she says she's

158
00:06:22,950 --> 00:06:21,440
not surprised by it

159
00:06:24,710 --> 00:06:22,960
she said the color and everything is

160
00:06:25,510 --> 00:06:24,720
very similar to what she has seen the

161
00:06:28,629 --> 00:06:25,520
past

162
00:06:30,710 --> 00:06:28,639
that shot right there is also good yeah

163
00:06:33,270 --> 00:06:30,720

that that's that's a really interesting

164

00:06:36,870 --> 00:06:33,280

shot yeah because you can almost

165

00:06:37,909 --> 00:06:36,880

you can see the uh the color of whatever

166

00:06:40,870 --> 00:06:37,919

he's carrying

167

00:06:41,990 --> 00:06:40,880

is kind of a fun color as opposed to his

168

00:06:43,990 --> 00:06:42,000

reddish color

169

00:06:45,909 --> 00:06:44,000

and there's looks like some white there

170

00:06:49,110 --> 00:06:45,919

like maybe the tail end of the deer

171

00:06:53,830 --> 00:06:49,120

so i'm going to say it's carrying a deer

172

00:06:56,150 --> 00:06:53,840

uh but the body shape form

173

00:06:56,870 --> 00:06:56,160

i mean it really looks like what it is

174

00:06:59,909 --> 00:06:56,880

yeah

175

00:07:03,670 --> 00:06:59,919

the side view really has a conical uh

176

00:07:07,189 --> 00:07:03,680

shape to the head yeah yeah

177

00:07:08,309 --> 00:07:07,199

yeah i you know even if you say it's the

178

00:07:09,990 --> 00:07:08,319

real deal

179

00:07:11,670 --> 00:07:10,000

you'll get 100 people to say like what

180

00:07:14,830 --> 00:07:11,680

are you sure

181

00:07:16,309 --> 00:07:14,840

but uh i it's been the it's been one

182

00:07:19,510 --> 00:07:16,319

that

183

00:07:21,589 --> 00:07:19,520

up lately uh this one's

184

00:07:22,870 --> 00:07:21,599

really good i mean i think it's really

185

00:07:24,710 --> 00:07:22,880

good

186

00:07:26,790 --> 00:07:24,720

well if you look at the video and i've

187

00:07:29,189 --> 00:07:26,800

got the link to the video

188

00:07:30,950 --> 00:07:29,199

in the piece i posted it's only about a

189

00:07:34,629 --> 00:07:30,960

four or five second video

190

00:07:35,830 --> 00:07:34,639

yeah and uh they happened to grab this

191

00:07:39,270 --> 00:07:35,840

thing as it was you know

192

00:07:39,589 --> 00:07:39,280

they're because they were in a kayak and

193

00:07:45,990 --> 00:07:39,599

they

194

00:07:49,189 --> 00:07:46,000

and uh i don't know you know

195

00:07:50,790 --> 00:07:49,199

they got what they could but you know

196

00:07:51,350 --> 00:07:50,800

when you do see it moving through the

197

00:07:54,869 --> 00:07:51,360

water

198

00:07:56,070 --> 00:07:54,879

it does it doesn't look human to me the

199

00:07:59,909 --> 00:07:56,080

way it moved around

200

00:08:02,230 --> 00:07:59,919

no if that was somebody in the suit

201
00:08:03,670 --> 00:08:02,240
first of all they'd be waterlogged from

202
00:08:06,790 --> 00:08:03,680
the waist down

203
00:08:10,309 --> 00:08:06,800
yeah and uh

204
00:08:12,309 --> 00:08:10,319
i don't see if they can move that well

205
00:08:15,350 --> 00:08:12,319
so i don't know you know it is what it

206
00:08:16,710 --> 00:08:15,360
is it's it's it is interesting

207
00:08:18,550 --> 00:08:16,720
that's one of the more interesting that

208
00:08:20,950 --> 00:08:18,560
we've seen over the last couple of years

209
00:08:23,270 --> 00:08:20,960
yeah it's it's it's yeah it is it really

210
00:08:24,070 --> 00:08:23,280
is and of course we've had some video

211
00:08:27,270 --> 00:08:24,080
and

212
00:08:29,909 --> 00:08:27,280
some screenshots over the years but

213
00:08:31,749 --> 00:08:29,919

you know this is one of the better ones

214

00:08:35,589 --> 00:08:31,759

i'd say

215

00:08:39,110 --> 00:08:35,599

so that plus we also had a uh

216

00:08:41,430 --> 00:08:39,120

we had an interesting talk with

217

00:08:43,430 --> 00:08:41,440

uh a gentleman from greene county

218

00:08:45,750 --> 00:08:43,440

pennsylvania by the name of

219

00:08:47,350 --> 00:08:45,760

james west now i told he's gonna

220

00:08:48,150 --> 00:08:47,360

actually be coming on the show at some

221

00:08:52,389 --> 00:08:48,160

point

222

00:08:55,269 --> 00:08:52,399

in september but

223

00:08:57,269 --> 00:08:55,279

he has been on a few shows over the past

224

00:09:00,230 --> 00:08:57,279

year so

225

00:09:01,750 --> 00:09:00,240

and um i i really wanted to talk to him

226

00:09:02,310 --> 00:09:01,760

in depth in fact i think we talked for

227

00:09:06,949 --> 00:09:02,320

about

228

00:09:09,110 --> 00:09:06,959

two

229

00:09:10,310 --> 00:09:09,120

horrendous cryptic canine encounters he

230

00:09:13,829 --> 00:09:10,320

had

231

00:09:17,030 --> 00:09:13,839

uh near his home which

232

00:09:20,150 --> 00:09:17,040

is in the uh

233

00:09:23,509 --> 00:09:20,160

uh eastern green county

234

00:09:26,150 --> 00:09:23,519

actually in nema collin greene county

235

00:09:27,430 --> 00:09:26,160

um now it's it's funny because the

236

00:09:30,470 --> 00:09:27,440

description she gives

237

00:09:35,509 --> 00:09:30,480

this thing seems like

238

00:09:39,750 --> 00:09:35,519

it could very well be a mix of something

239

00:09:43,670 --> 00:09:39,760

um which is interesting itself because

240

00:09:44,630 --> 00:09:43,680

there was a sighting about 20 miles east

241

00:09:48,150 --> 00:09:44,640

to him

242

00:09:51,750 --> 00:09:48,160

years ago in greene county

243

00:09:55,990 --> 00:09:51,760

that the gentleman i talked to called it

244

00:09:59,350 --> 00:09:56,000

a dog a dark walker and i've posted that

245

00:10:02,230 --> 00:09:59,360

that up there as well

246

00:10:04,630 --> 00:10:02,240

on the uh on the blog uh in fact when

247

00:10:07,350 --> 00:10:04,640

the rosemary ellen golly

248

00:10:09,990 --> 00:10:07,360

uh wrote the book about greene county

249

00:10:13,030 --> 00:10:10,000

she put it in there for her book as well

250

00:10:15,110 --> 00:10:13,040

and and and james knew about it and this

251
00:10:18,550 --> 00:10:15,120
uh that sighting

252
00:10:19,750 --> 00:10:18,560
it was kind of like a bigfoot but

253
00:10:22,870 --> 00:10:19,760
you know it could have been it could

254
00:10:26,310 --> 00:10:22,880
have been something else as well and um

255
00:10:29,030 --> 00:10:26,320
but whatever was the guy the guy's

256
00:10:30,870 --> 00:10:29,040
grandfather her father had shot it

257
00:10:32,069 --> 00:10:30,880
and killed it he had put on the back of

258
00:10:33,750 --> 00:10:32,079
his truck

259
00:10:35,750 --> 00:10:33,760
but this was years and years ago when he

260
00:10:40,310 --> 00:10:35,760
was a kid

261
00:10:47,670 --> 00:10:43,750
said that uh one night he was uh

262
00:10:50,790 --> 00:10:47,680
lives in 2002's just before winter

263
00:10:52,310 --> 00:10:50,800

and uh he was he was a

264

00:10:54,710 --> 00:10:52,320

couldn't had trouble sleeping he said

265

00:10:57,990 --> 00:10:54,720

he's always had trouble sleeping

266

00:11:01,590 --> 00:10:58,000

and he got up i guess about

267

00:11:03,190 --> 00:11:01,600

10 30 or so and decide to go out into a

268

00:11:07,269 --> 00:11:03,200

snowstorm

269

00:11:09,030 --> 00:11:07,279

and go coyote hunting now

270

00:11:10,790 --> 00:11:09,040

people who know pennsylvania and western

271

00:11:11,990 --> 00:11:10,800

pennsylvania there's a lot of coyotes

272

00:11:15,509 --> 00:11:12,000

out there

273

00:11:18,630 --> 00:11:15,519

and um people do a lot of

274

00:11:20,230 --> 00:11:18,640

uh a lot of uh fur trapping and such for

275

00:11:22,150 --> 00:11:20,240

coyotes and hunting

276

00:11:24,389 --> 00:11:22,160

but anyway he was out there and he had

277

00:11:27,509 --> 00:11:24,399

actually trekked into the woods

278

00:11:27,990 --> 00:11:27,519

in an area not far from an an old coal

279

00:11:29,509 --> 00:11:28,000

mine

280

00:11:33,110 --> 00:11:29,519

actually i think he said they're

281

00:11:35,829 --> 00:11:33,120

converting the place into a shale mine

282

00:11:37,509 --> 00:11:35,839

and so you know it's got caverns and

283

00:11:39,430 --> 00:11:37,519

stuff that caves around the area which

284

00:11:41,509 --> 00:11:39,440

is something but you and i have

285

00:11:44,230 --> 00:11:41,519

talked about for for years about this

286

00:11:46,230 --> 00:11:44,240

upright canine dogman phenomena

287

00:11:47,269 --> 00:11:46,240

is it seems like some of these settings

288

00:11:50,389 --> 00:11:47,279

concentrate

289

00:11:53,110 --> 00:11:50,399

in areas where there's old coal mines

290

00:11:55,910 --> 00:11:53,120

and they they seem to you know this

291

00:11:57,750 --> 00:11:55,920

possibility that these things are

292

00:12:01,350 --> 00:11:57,760

indigenous

293

00:12:03,110 --> 00:12:01,360

or maybe not i don't know uh you know

294

00:12:06,069 --> 00:12:03,120

this case here it seems like it may have

295

00:12:07,829 --> 00:12:06,079

been supernatural being but anyway

296

00:12:10,629 --> 00:12:07,839

uh he said he continued down the hill

297

00:12:14,870 --> 00:12:10,639

got onto the other side

298

00:12:17,670 --> 00:12:14,880

he said he set up put his bait down

299

00:12:19,430 --> 00:12:17,680

said it was it was snowing he said but

300

00:12:20,629 --> 00:12:19,440

he had you know he said it was so dark

301

00:12:23,990 --> 00:12:20,639

he could hardly even see

302

00:12:26,790 --> 00:12:24,000

his hands in front of him he uh sat down

303

00:12:29,030 --> 00:12:26,800

the ground he was actually backed up

304

00:12:32,389 --> 00:12:29,040

against a um

305

00:12:36,550 --> 00:12:32,399

uh some crushed shell

306

00:12:38,949 --> 00:12:36,560

and he was just waiting and um

307

00:12:40,550 --> 00:12:38,959

he said about it 45 milli minutes later

308

00:12:42,790 --> 00:12:40,560

to an hour he said he got

309

00:12:43,990 --> 00:12:42,800

he was getting cold so he said you know

310

00:12:46,790 --> 00:12:44,000

we're gonna i'm gonna pack up and head

311

00:12:49,910 --> 00:12:46,800

on back and go to bed

312

00:12:53,190 --> 00:12:49,920

so he said he grabbed his red filtered

313

00:12:54,550 --> 00:12:53,200

and uh one million candle power field

314

00:12:57,829 --> 00:12:54,560

spotlight

315

00:12:58,629 --> 00:12:57,839

and he turned it on and that's when he

316

00:13:03,509 --> 00:12:58,639

said he saw

317

00:13:06,550 --> 00:13:03,519

it and he said that this

318

00:13:10,069 --> 00:13:06,560

this creature was on all fours about 10

319

00:13:12,069 --> 00:13:10,079

foot in front of him now first of all

320

00:13:13,350 --> 00:13:12,079

how the hell this thing just show up

321

00:13:17,509 --> 00:13:13,360

like i would not even

322

00:13:19,750 --> 00:13:17,519

noticing you you know and uh

323

00:13:21,350 --> 00:13:19,760

he said the light coming on didn't

324

00:13:24,069 --> 00:13:21,360

startle it

325

00:13:25,110 --> 00:13:24,079

or phase phased the creature initially

326

00:13:28,389 --> 00:13:25,120

it looked like it knew

327

00:13:30,389 --> 00:13:28,399

right where he was

328

00:13:32,470 --> 00:13:30,399

and that the new he knew the light would

329

00:13:34,870 --> 00:13:32,480

be on a second

330

00:13:36,310 --> 00:13:34,880

he said he then it then took a step

331

00:13:41,269 --> 00:13:36,320

forward to him

332

00:13:44,710 --> 00:13:43,990

uh it didn't creak or crack when

333

00:13:47,189 --> 00:13:44,720

standing up

334

00:13:47,990 --> 00:13:47,199

said the only noise that he knew was a

335

00:13:50,949 --> 00:13:48,000

low deep

336

00:13:52,470 --> 00:13:50,959

sounding pop in the ribs in the sternum

337

00:13:54,150 --> 00:13:52,480

area

338

00:13:56,069 --> 00:13:54,160

like it stretched out and puffed its

339

00:13:58,310 --> 00:13:56,079

chest out

340

00:14:00,710 --> 00:13:58,320

and said it kind of grew inside

341

00:14:02,710 --> 00:14:00,720

basically when did that of course and i

342

00:14:03,910 --> 00:14:02,720

he said i have to say it was at least 78

343

00:14:07,030 --> 00:14:03,920

foot tall

344

00:14:11,829 --> 00:14:07,040

with five finger hands and two inch

345

00:14:14,230 --> 00:14:11,839

curved claws on it um

346

00:14:15,670 --> 00:14:14,240

they said it never they said the dog man

347

00:14:17,670 --> 00:14:15,680

krypto cane and neighborhood in its

348

00:14:20,230 --> 00:14:17,680

mouth

349

00:14:21,350 --> 00:14:20,240

so he can't comment on the t but he did

350

00:14:24,629 --> 00:14:21,360

say

351

00:14:26,389 --> 00:14:24,639

it took a step towards him and

352

00:14:29,430 --> 00:14:26,399

he said he already had a shotgun level

353

00:14:33,110 --> 00:14:29,440

to take off pop at this thing

354

00:14:36,629 --> 00:14:33,120

he fired a shot that hit it in the right

355

00:14:38,949 --> 00:14:36,639

mid upper portion of the ribs

356

00:14:40,790 --> 00:14:38,959

he said now mind you that hitting

357

00:14:42,069 --> 00:14:40,800

something that close with a 12-gauge

358

00:14:45,670 --> 00:14:42,079

shotgun

359

00:14:48,230 --> 00:14:45,680

and uh number two shot which is you know

360

00:14:48,790 --> 00:14:48,240

that's a coyote load you know when that

361

00:14:52,629 --> 00:14:48,800

thing

362

00:14:53,829 --> 00:14:52,639

probably hasn't even come out of the wad

363

00:14:56,550 --> 00:14:53,839

yet

364

00:14:58,790 --> 00:14:56,560

so he said it had to hit it dead on like

365

00:15:01,829 --> 00:14:58,800

and possibly leave a hole in this thing

366

00:15:05,829 --> 00:15:01,839

he said but when they hit it

367

00:15:09,269 --> 00:15:05,839

the mist of blood tends the red light

368

00:15:12,310 --> 00:15:09,279

as well and he said let that allow

369

00:15:15,590 --> 00:15:12,320

yelp tuck the tears back

370

00:15:16,870 --> 00:15:15,600

and ran to my right it made it out of

371

00:15:19,110 --> 00:15:16,880

the light

372

00:15:21,670 --> 00:15:19,120

circling about two strides a fire two

373

00:15:23,590 --> 00:15:21,680

more times behind it

374

00:15:24,790 --> 00:15:23,600

i said but it was too quick and i missed

375

00:15:26,949 --> 00:15:24,800

it

376

00:15:28,389 --> 00:15:26,959

so i got up and started walking in the

377

00:15:31,749 --> 00:15:28,399

direction and ran for getting

378

00:15:34,710 --> 00:15:31,759

momentarily to reload the shotgun

379

00:15:36,550 --> 00:15:34,720

you guys braver and i am and uh you said

380

00:15:39,590 --> 00:15:36,560

i walked for 10 foot

381

00:15:41,509 --> 00:15:39,600

found a large pool of blood walked a few

382

00:15:43,110 --> 00:15:41,519

more feet and found less blood as i

383

00:15:44,870 --> 00:15:43,120

continued but there were tracks in the

384

00:15:47,670 --> 00:15:44,880

snow he said about four or five

385

00:15:48,069 --> 00:15:47,680

inches of snow on the ground he said

386

00:15:50,150 --> 00:15:48,079

that

387

00:15:51,910 --> 00:15:50,160

process repeated until around 30 feet

388

00:15:56,470 --> 00:15:51,920

from where i initially started

389

00:15:58,710 --> 00:15:56,480

and there was no blood just footprints

390

00:16:01,590 --> 00:15:58,720

he said it's a he said it was almost as

391

00:16:05,829 --> 00:16:01,600

if this thing regenerates or something

392

00:16:07,749 --> 00:16:05,839

to heal itself of such a massive wound

393

00:16:09,430 --> 00:16:07,759

you know i stopped and realized then how

394

00:16:11,509 --> 00:16:09,440

stupid i was for even

395

00:16:13,189 --> 00:16:11,519

getting up and trying to track this

396

00:16:16,230 --> 00:16:13,199

thing yeah

397

00:16:20,629 --> 00:16:17,749

he said i didn't know if there had been

398

00:16:22,870 --> 00:16:20,639

any more of these creatures in the area

399

00:16:24,230 --> 00:16:22,880

at the time or if they hunted and packed

400

00:16:26,949 --> 00:16:24,240

so

401
00:16:27,749 --> 00:16:26,959
he thought you know maybe he encountered

402
00:16:30,470 --> 00:16:27,759
a real rare

403
00:16:32,470 --> 00:16:30,480
werewolf or something so he uh he then

404
00:16:35,749 --> 00:16:32,480
trudged him in the night

405
00:16:37,749 --> 00:16:35,759
now he said he only lived about

406
00:16:39,030 --> 00:16:37,759
four or five hundred yards from where he

407
00:16:41,509 --> 00:16:39,040
was

408
00:16:44,389 --> 00:16:41,519
so he took a very indirect route took

409
00:16:45,430 --> 00:16:44,399
him almost 20-30 minutes to get home

410
00:16:47,430 --> 00:16:45,440
because he didn't want this thing

411
00:16:48,949 --> 00:16:47,440
falling

412
00:16:51,829 --> 00:16:48,959
so he made it back home went to bed

413
00:16:55,189 --> 00:16:51,839

didn't sing to his father or anybody

414

00:17:01,030 --> 00:16:58,629

that's his story and i tell you it it

415

00:17:02,629 --> 00:17:01,040

he i was kind of impressed about the way

416

00:17:04,630 --> 00:17:02,639

he described it

417

00:17:07,029 --> 00:17:04,640

over the phone now i'm going to go ahead

418

00:17:09,590 --> 00:17:07,039

and post this second encounter

419

00:17:11,669 --> 00:17:09,600

uh at another time but it's it's just as

420

00:17:14,390 --> 00:17:11,679

harrowing because

421

00:17:16,390 --> 00:17:14,400

what he ran into that time was something

422

00:17:18,549 --> 00:17:16,400

that looked more like a um

423

00:17:20,710 --> 00:17:18,559

what he said like a rottweiler but this

424

00:17:23,590 --> 00:17:20,720

thing had the hands and

425

00:17:25,029 --> 00:17:23,600

uh actually came toward him and lunged

426
00:17:28,789 --> 00:17:25,039
at him

427
00:17:30,470 --> 00:17:28,799
so um i'll post i'll post that one later

428
00:17:32,789 --> 00:17:30,480
was that his drawing at the bottom of

429
00:17:35,110 --> 00:17:32,799
the report was that your drawing

430
00:17:36,549 --> 00:17:35,120
vincent yeah i think it was my driver

431
00:17:37,029 --> 00:17:36,559
yeah i was his that was vince drawing

432
00:17:41,590 --> 00:17:37,039
you

433
00:17:44,390 --> 00:17:41,600
looked like

434
00:17:47,110 --> 00:17:44,400
yeah it kind of looks more like we have

435
00:17:50,230 --> 00:17:47,120
around here yeah yeah

436
00:17:51,990 --> 00:17:50,240
it does it does look like the uh

437
00:17:54,070 --> 00:17:52,000
the upright canines that people describe

438
00:17:57,110 --> 00:17:54,080

around here

439

00:17:58,789 --> 00:17:57,120

uh you know

440

00:18:00,230 --> 00:17:58,799

now you and i have talked about this and

441

00:18:02,470 --> 00:18:00,240

mentioned a lot of times there's a

442

00:18:05,909 --> 00:18:02,480

there's a lot of different variations

443

00:18:07,430 --> 00:18:05,919

here in pennsylvania but mainly you know

444

00:18:09,110 --> 00:18:07,440

you've got the upright canines which

445

00:18:10,630 --> 00:18:09,120

kind of look like the lichens from the

446

00:18:12,870 --> 00:18:10,640

underworld series you know

447

00:18:14,950 --> 00:18:12,880

these things are huge they got long

448

00:18:18,710 --> 00:18:14,960

snouts and uh they got

449

00:18:21,510 --> 00:18:18,720

strong upper bodies uh people describe

450

00:18:23,830 --> 00:18:21,520

these things almost exactly to the t

451
00:18:25,270 --> 00:18:23,840
yeah and they're huge i mean they get up

452
00:18:28,470 --> 00:18:25,280
to maybe 10 foot

453
00:18:30,870 --> 00:18:28,480
tall in some cases and you know we've

454
00:18:34,230 --> 00:18:30,880
had hunters encounter them

455
00:18:35,110 --> 00:18:34,240
and um they don't take a shot at it

456
00:18:37,350 --> 00:18:35,120
because it's just

457
00:18:38,150 --> 00:18:37,360
almost like they're hypnotized from this

458
00:18:40,310 --> 00:18:38,160
thing well of course

459
00:18:41,190 --> 00:18:40,320
you see that it's kind of a shock value

460
00:18:42,630 --> 00:18:41,200
right there

461
00:18:44,470 --> 00:18:42,640
in itself is going to keep you from

462
00:18:45,510 --> 00:18:44,480
probably bringing a gun up taking a pop

463
00:18:47,909 --> 00:18:45,520

at it

464

00:18:49,590 --> 00:18:47,919

but who knows what and if you're a bird

465

00:18:50,390 --> 00:18:49,600

shot you're not going to shoot a bird

466

00:18:53,350 --> 00:18:50,400

shot

467

00:18:53,750 --> 00:18:53,360

and the guys that uh encountered this

468

00:18:55,750 --> 00:18:53,760

thing

469

00:18:56,789 --> 00:18:55,760

uh with they all had high powered

470

00:18:58,950 --> 00:18:56,799

weapons

471

00:19:00,470 --> 00:18:58,960

uh even the want park ranger you know he

472

00:19:04,150 --> 00:19:00,480

was carrying a 40 glock

473

00:19:05,590 --> 00:19:04,160

right but um you know they

474

00:19:07,750 --> 00:19:05,600

all had that same feeling when they

475

00:19:09,190 --> 00:19:07,760

encountered it that you know

476

00:19:10,789 --> 00:19:09,200

don't pull the trigger because if you

477

00:19:12,630 --> 00:19:10,799

pull that trigger things are going to go

478

00:19:16,070 --> 00:19:12,640

real bad real quick

479

00:19:17,990 --> 00:19:16,080

and the size of this thing i mean i had

480

00:19:19,590 --> 00:19:18,000

one guy say one time he said why don't

481

00:19:20,710 --> 00:19:19,600

they just run why don't people just run

482

00:19:23,909 --> 00:19:20,720

away from it

483

00:19:26,230 --> 00:19:23,919

i said can you imagine the stride that

484

00:19:27,990 --> 00:19:26,240

this thing has

485

00:19:29,350 --> 00:19:28,000

you'd never get away from that you take

486

00:19:31,350 --> 00:19:29,360

two steps you'd be standing in front of

487

00:19:34,950 --> 00:19:31,360

waiting for you

488

00:19:36,710 --> 00:19:34,960

and it another thing that's really

489

00:19:40,390 --> 00:19:36,720

puzzling to me and always has

490

00:19:40,710 --> 00:19:40,400

is the fact that we've only had one or

491

00:19:43,029 --> 00:19:40,720

two

492

00:19:43,990 --> 00:19:43,039

maybe three reports of over all this

493

00:19:45,830 --> 00:19:44,000

time

494

00:19:47,029 --> 00:19:45,840

where they were not inside of a state

495

00:19:50,549 --> 00:19:47,039

park

496

00:19:53,750 --> 00:19:50,559

had

497

00:19:56,870 --> 00:19:53,760

one alongside the road you know

498

00:20:00,150 --> 00:19:56,880

uh uh eating a deer uh we have

499

00:20:02,789 --> 00:20:00,160

we had two or three like that but

500

00:20:04,870 --> 00:20:02,799

every other one they were all seen in

501
00:20:06,870 --> 00:20:04,880
state parks

502
00:20:07,909 --> 00:20:06,880
when you go back and look at the old old

503
00:20:09,830 --> 00:20:07,919
reports

504
00:20:11,590 --> 00:20:09,840
i mean it's the same thing they were

505
00:20:13,190 --> 00:20:11,600
either close to a state park or they

506
00:20:14,470 --> 00:20:13,200
were in a big game land or they were on

507
00:20:16,870 --> 00:20:14,480
a large farm

508
00:20:18,390 --> 00:20:16,880
you know not something that was going

509
00:20:19,590 --> 00:20:18,400
down to the local turkey hill for ice

510
00:20:23,350 --> 00:20:19,600
cream

511
00:20:26,149 --> 00:20:23,360
so uh it was um

512
00:20:27,510 --> 00:20:26,159
uh whatever's out there has been there

513
00:20:30,390 --> 00:20:27,520

for a long time

514

00:20:31,590 --> 00:20:30,400

i mean we we can go back in reports that

515

00:20:34,950 --> 00:20:31,600

take us back into

516

00:20:36,870 --> 00:20:34,960

the you know uh 1800 so

517

00:20:38,630 --> 00:20:36,880

and the description is exactly every

518

00:20:40,390 --> 00:20:38,640

every description is the same

519

00:20:41,990 --> 00:20:40,400

we only had one or two where people said

520

00:20:44,070 --> 00:20:42,000

it had glowing red eyes

521

00:20:46,549 --> 00:20:44,080

every other report was glowing yellow

522

00:20:49,590 --> 00:20:46,559

eyes i mean everyone

523

00:20:52,870 --> 00:20:49,600

and you know if if people never

524

00:20:54,549 --> 00:20:52,880

seen a a wolf you know you want to take

525

00:20:56,870 --> 00:20:54,559

a good look at a wolf

526

00:20:58,710 --> 00:20:56,880

uh we're fortunate enough up here in

527

00:21:01,669 --> 00:20:58,720

legends pennsylvania we have a wolf

528

00:21:03,669 --> 00:21:01,679

rescue and i went up there uh just to

529

00:21:06,870 --> 00:21:03,679

see how big they were

530

00:21:09,270 --> 00:21:06,880

and you know the guy's feeding this one

531

00:21:10,630 --> 00:21:09,280

watermelon because he wolf loves

532

00:21:12,870 --> 00:21:10,640

watermelon

533

00:21:14,710 --> 00:21:12,880

and he jumps up on the fence to get his

534

00:21:15,990 --> 00:21:14,720

watermelon i'm standing right in front

535

00:21:18,470 --> 00:21:16,000

of him

536

00:21:19,750 --> 00:21:18,480

and i could probably show it on the

537

00:21:21,590 --> 00:21:19,760

screen here

538

00:21:24,070 --> 00:21:21,600

my head as opposed to what i was looking

539

00:21:28,789 --> 00:21:24,080

at was like this

540

00:21:31,430 --> 00:21:28,799

and i mean you know

541

00:21:32,149 --> 00:21:31,440

he bit into that and i mean he was he

542

00:21:35,270 --> 00:21:32,159

was teeth

543

00:21:36,630 --> 00:21:35,280

cleaned back to his tail and uh

544

00:21:38,070 --> 00:21:36,640

and then this guy said no he still has

545

00:21:39,909 --> 00:21:38,080

about a year to go you have to grow and

546

00:21:41,750 --> 00:21:39,919

i'm going like

547

00:21:43,990 --> 00:21:41,760

but there's one thing that i did notice

548

00:21:46,470 --> 00:21:44,000

when he stood up

549

00:21:48,870 --> 00:21:46,480

against the fence there was a popping

550

00:21:52,230 --> 00:21:48,880

sound in his hips

551
00:21:53,590 --> 00:21:52,240
so one people said right yeah people say

552
00:21:56,870 --> 00:21:53,600
yeah people say well it's probably wolf

553
00:22:00,149 --> 00:21:56,880
no because they're not built that way

554
00:22:01,669 --> 00:22:00,159
uh when they when they jump up to stand

555
00:22:04,070 --> 00:22:01,679
up

556
00:22:05,909 --> 00:22:04,080
you can hear the hips pop you know

557
00:22:10,070 --> 00:22:05,919
because the way they're built

558
00:22:13,110 --> 00:22:11,750
you know the ones that were seen

559
00:22:15,190 --> 00:22:13,120
crouching down or

560
00:22:16,390 --> 00:22:15,200
you know low in the weeds or something

561
00:22:18,149 --> 00:22:16,400
like that when they stood up there was

562
00:22:20,710 --> 00:22:18,159
no popping or anything

563
00:22:21,510 --> 00:22:20,720

and besides that the the body mass

564

00:22:24,630 --> 00:22:21,520

itself

565

00:22:27,430 --> 00:22:24,640

when you look at it physically

566

00:22:28,630 --> 00:22:27,440

you know the the chest is so massive and

567

00:22:30,230 --> 00:22:28,640

the arms

568

00:22:31,830 --> 00:22:30,240

and it's like the very first report we

569

00:22:33,190 --> 00:22:31,840

got remember the guy said look take

570

00:22:34,149 --> 00:22:33,200

arnold schwarzenegger and put him in a

571

00:22:35,510 --> 00:22:34,159

fur coat

572

00:22:37,190 --> 00:22:35,520

yeah that's what he looked like you know

573

00:22:40,549 --> 00:22:37,200

the size-wise mass

574

00:22:44,870 --> 00:22:40,559

uh muscle uh huge hands the

575

00:22:47,029 --> 00:22:44,880

snout ears but we don't have one report

576

00:22:48,630 --> 00:22:47,039

which is kind of always bug me we don't

577

00:22:50,310 --> 00:22:48,640

have one report

578

00:22:53,350 --> 00:22:50,320

where anybody's ever seen one with a

579

00:22:58,070 --> 00:22:55,350

or yeah or it was obvious that there was

580

00:23:02,630 --> 00:22:58,080

a tail on it yeah that's true

581

00:23:06,070 --> 00:23:04,390

yeah you're right and i don't know you

582

00:23:07,909 --> 00:23:06,080

know i don't know what that has to do

583

00:23:10,710 --> 00:23:07,919

with it or

584

00:23:11,029 --> 00:23:10,720

whatever but i mean even the lady up

585

00:23:14,470 --> 00:23:11,039

there

586

00:23:15,909 --> 00:23:14,480

we went up to visit where uh she watched

587

00:23:18,070 --> 00:23:15,919

the one at the pond

588

00:23:20,310 --> 00:23:18,080

in the moonlight and she watched that

589

00:23:22,149 --> 00:23:20,320

thing for 15 minutes

590

00:23:25,190 --> 00:23:22,159

and she didn't see a tail she didn't see

591

00:23:27,270 --> 00:23:25,200

anything and she had a

592

00:23:29,190 --> 00:23:27,280

a back shot and a side shot when it

593

00:23:30,549 --> 00:23:29,200

turned the one that was staring into the

594

00:23:34,070 --> 00:23:30,559

pond

595

00:23:35,190 --> 00:23:34,080

and um her husband said uh why was he

596

00:23:35,990 --> 00:23:35,200

staring into the ponies and maybe he's

597

00:23:38,230 --> 00:23:36,000

never saw himself

598

00:23:39,190 --> 00:23:38,240

before i mean it was a moonlit night a

599

00:23:41,350 --> 00:23:39,200

calm pond

600

00:23:42,630 --> 00:23:41,360

of water probably looked like a mirror

601
00:23:44,390 --> 00:23:42,640
to him

602
00:23:47,750 --> 00:23:44,400
but there have been so many different

603
00:23:50,230 --> 00:23:47,760
things in these cases over time

604
00:23:52,070 --> 00:23:50,240
and i mean we've had them run across

605
00:23:56,070 --> 00:23:52,080
roads we've had them on farms

606
00:23:57,110 --> 00:23:56,080
we've had uh where something picked up

607
00:24:00,710 --> 00:23:57,120
you know uh

608
00:24:02,789 --> 00:24:00,720
a a trash container and threw it now

609
00:24:04,230 --> 00:24:02,799
that was kind of weird because the

610
00:24:06,149 --> 00:24:04,240
person that actually

611
00:24:08,310 --> 00:24:06,159
was staying at that residence on the

612
00:24:10,149 --> 00:24:08,320
farm when that happened

613
00:24:12,470 --> 00:24:10,159

looked out the window and all she saw

614

00:24:16,870 --> 00:24:12,480

was a tall furry

615

00:24:19,990 --> 00:24:16,880

which could have been anything

616

00:24:22,950 --> 00:24:20,000

but uh i'm a firm believer in

617

00:24:24,470 --> 00:24:22,960

because i following the reports one of

618

00:24:27,029 --> 00:24:24,480

the first things i do is to see if

619

00:24:30,630 --> 00:24:27,039

there's any caves close by

620

00:24:33,909 --> 00:24:30,640

and water yeah

621

00:24:35,350 --> 00:24:33,919

and with the exception of two

622

00:24:37,590 --> 00:24:35,360

almost every report there's a cave

623

00:24:41,110 --> 00:24:37,600

within five miles

624

00:24:42,789 --> 00:24:41,120

and water well i mean

625

00:24:43,909 --> 00:24:42,799

a lot of the reports we have gotten over

626

00:24:45,510 --> 00:24:43,919

the years have been in central

627

00:24:48,630 --> 00:24:45,520

pennsylvania

628

00:24:51,190 --> 00:24:48,640

and um you know we call it the lycan

629

00:24:54,230 --> 00:24:51,200

loop that kind of extends from

630

00:24:56,950 --> 00:24:54,240

uh north east

631

00:24:58,149 --> 00:24:56,960

north excuse me northwest up into

632

00:25:02,390 --> 00:24:58,159

allegHENY

633

00:25:03,269 --> 00:25:02,400

national forest uh towards the southwest

634

00:25:05,990 --> 00:25:03,279

down into

635

00:25:08,390 --> 00:25:06,000

uh york county so it covers a pretty

636

00:25:09,909 --> 00:25:08,400

good area but it seems like a lot of the

637

00:25:11,669 --> 00:25:09,919

cases we're getting

638

00:25:13,110 --> 00:25:11,679

have been in that area and of course

639

00:25:15,510 --> 00:25:13,120

there have been certain counties where

640

00:25:19,350 --> 00:25:15,520

there have been more settings

641

00:25:21,909 --> 00:25:19,360

clearfield center

642

00:25:23,669 --> 00:25:21,919

blair county and as well as cambria

643

00:25:24,950 --> 00:25:23,679

county seem to be the hot spots but

644

00:25:31,669 --> 00:25:24,960

we've had

645

00:25:32,950 --> 00:25:31,679

especially to tim renner in uh southern

646

00:25:36,470 --> 00:25:32,960

york county and

647

00:25:38,230 --> 00:25:36,480

uh along the susquehanna so

648

00:25:39,590 --> 00:25:38,240

we're uh you know we there's sightings

649

00:25:41,510 --> 00:25:39,600

all over the state

650

00:25:44,950 --> 00:25:41,520

but those seem to be the areas where

651
00:25:48,710 --> 00:25:44,960
it's actually concentrated at

652
00:25:52,070 --> 00:25:48,720
now um there you know like i said before

653
00:25:53,590 --> 00:25:52,080
we get the descriptions that we get like

654
00:25:53,990 --> 00:25:53,600
i said the first one the uprights are

655
00:25:58,149 --> 00:25:54,000
the

656
00:26:00,630 --> 00:25:58,159
looking large snouts but

657
00:26:01,269 --> 00:26:00,640
the second ones are what i call the dog

658
00:26:05,190 --> 00:26:01,279
man

659
00:26:07,190 --> 00:26:05,200
in particular are uh quadrupeds

660
00:26:09,430 --> 00:26:07,200
that kind of have a sloping bat like

661
00:26:11,830 --> 00:26:09,440
that of a hyena

662
00:26:13,590 --> 00:26:11,840
right but they had the large head the

663
00:26:14,710 --> 00:26:13,600

large dog had a lot of people say they

664

00:26:17,430 --> 00:26:14,720

look like

665

00:26:19,750 --> 00:26:17,440

uh like german shepherds but they're

666

00:26:21,750 --> 00:26:19,760

huge i mean and they've got

667

00:26:23,190 --> 00:26:21,760

they're muscled they've got uh

668

00:26:26,230 --> 00:26:23,200

musculature

669

00:26:29,669 --> 00:26:26,240

the legs look more

670

00:26:31,830 --> 00:26:29,679

human than than canine though the back

671

00:26:35,110 --> 00:26:31,840

legs may be hocked

672

00:26:35,750 --> 00:26:35,120

uh it's weird i mean and now you know he

673

00:26:40,310 --> 00:26:35,760

said

674

00:26:40,710 --> 00:26:40,320

the uh the actual hands with the claws

675

00:26:43,110 --> 00:26:40,720

so

676
00:26:44,789 --> 00:26:43,120
um you know i don't know what to help

677
00:26:48,070 --> 00:26:44,799
people do what he saw

678
00:26:48,630 --> 00:26:48,080
but you know because you know you know

679
00:26:50,710 --> 00:26:48,640
but it

680
00:26:52,470 --> 00:26:50,720
it you know if you go overall from what

681
00:26:54,310 --> 00:26:52,480
the sightings that we have received over

682
00:26:56,149 --> 00:26:54,320
years

683
00:26:57,590 --> 00:26:56,159
you know it's pretty similar what we've

684
00:27:01,029 --> 00:26:57,600
been getting

685
00:27:05,190 --> 00:27:01,039
yeah and a lot of the dogman reports

686
00:27:06,549 --> 00:27:05,200
like from eastern and midwestern ohio

687
00:27:09,510 --> 00:27:06,559
it's a different description i mean

688
00:27:11,350 --> 00:27:09,520

there's all fours they're multi-colored

689

00:27:12,470 --> 00:27:11,360

they got big floppy ears they've got

690

00:27:13,909 --> 00:27:12,480

tails

691

00:27:15,909 --> 00:27:13,919

some are long haired some are

692

00:27:18,310 --> 00:27:15,919

short-haired they may stand up on their

693

00:27:21,269 --> 00:27:18,320

hind legs but they drop right down

694

00:27:23,590 --> 00:27:21,279

um they've been they hang around old

695

00:27:25,269 --> 00:27:23,600

railroad tracks and garbage bins and

696

00:27:28,950 --> 00:27:25,279

stuff like that

697

00:27:30,630 --> 00:27:28,960

so i'm thinking

698

00:27:32,149 --> 00:27:30,640

they're more there's never been an

699

00:27:35,190 --> 00:27:32,159

attack of any type

700

00:27:36,549 --> 00:27:35,200

no but they're they're to me it's it

701
00:27:38,470 --> 00:27:36,559
seems like you're describing to me a

702
00:27:41,269 --> 00:27:38,480
feral dog

703
00:27:42,710 --> 00:27:41,279
and uh uh people say well dogs don't get

704
00:27:44,389 --> 00:27:42,720
that big well you need to really look at

705
00:27:47,590 --> 00:27:44,399
a great dane if you want to see a dog

706
00:27:50,070 --> 00:27:47,600
yeah dogs get pig but uh

707
00:27:51,190 --> 00:27:50,080
and german shepherds same thing but it's

708
00:27:52,950 --> 00:27:51,200
uh

709
00:27:54,389 --> 00:27:52,960
the descriptions we have that go way

710
00:27:57,510 --> 00:27:54,399
back

711
00:28:02,070 --> 00:28:00,230
they're the same i mean i really try to

712
00:28:04,549 --> 00:28:02,080
pick them apart you know like

713
00:28:05,110 --> 00:28:04,559

well does it have this doesn't have and

714

00:28:07,110 --> 00:28:05,120

it's

715

00:28:08,950 --> 00:28:07,120

they're all the same with the exception

716

00:28:11,590 --> 00:28:08,960

like i said the two that said red eyes

717

00:28:15,029 --> 00:28:11,600

and everybody else has yellow eyes

718

00:28:17,909 --> 00:28:15,039

and uh we only had one report

719

00:28:19,110 --> 00:28:17,919

where it actually made a move on people

720

00:28:21,029 --> 00:28:19,120

but

721

00:28:22,710 --> 00:28:21,039

that was that the the three couples that

722

00:28:24,070 --> 00:28:22,720

were taking the walk

723

00:28:25,830 --> 00:28:24,080

and they stepped out of the woods and

724

00:28:27,350 --> 00:28:25,840

they started screaming like a banshee

725

00:28:30,230 --> 00:28:27,360

and it growled and

726

00:28:31,269 --> 00:28:30,240

made motion toward them and stopped and

727

00:28:33,830 --> 00:28:31,279

then they

728

00:28:35,269 --> 00:28:33,840

they booked but yeah that was rough rock

729

00:28:37,269 --> 00:28:35,279

street pork and center

730

00:28:38,549 --> 00:28:37,279

that was the only time we ever had

731

00:28:41,190 --> 00:28:38,559

anything where

732

00:28:42,630 --> 00:28:41,200

it showed any type of aggression you

733

00:28:44,149 --> 00:28:42,640

know the historic when you talk about

734

00:28:47,510 --> 00:28:44,159

the historical settings

735

00:28:48,950 --> 00:28:47,520

in particular um

736

00:28:50,870 --> 00:28:48,960

just below the pennsylvania line and

737

00:28:52,470 --> 00:28:50,880

tomorrow in an area around frederick

738

00:28:53,830 --> 00:28:52,480

frederick county

739

00:28:56,470 --> 00:28:53,840

i don't know what it is about frederick

740

00:28:58,310 --> 00:28:56,480

county now for those who don't know

741

00:29:01,029 --> 00:28:58,320

about frederick county it's the same

742

00:29:04,870 --> 00:29:01,039

area where catocking state park

743

00:29:05,990 --> 00:29:04,880

and uh camp david and cunningham falls

744

00:29:08,389 --> 00:29:06,000

and all that are at

745

00:29:10,070 --> 00:29:08,399

and but that county itself was far down

746

00:29:13,029 --> 00:29:10,080

into middletown

747

00:29:14,549 --> 00:29:13,039

and then into frederick city

748

00:29:17,430 --> 00:29:14,559

historically

749

00:29:17,750 --> 00:29:17,440

there have been sightings there uh we've

750

00:29:20,950 --> 00:29:17,760

had

751
00:29:25,029 --> 00:29:20,960
and people used to call in dues

752
00:29:28,389 --> 00:29:25,039
the old pennsylvania dutch

753
00:29:30,870 --> 00:29:28,399
farmers who moved in from the uh

754
00:29:31,750 --> 00:29:30,880
the old world that set up shop down

755
00:29:34,389 --> 00:29:31,760
there

756
00:29:36,070 --> 00:29:34,399
used to talk about these things and they

757
00:29:37,430 --> 00:29:36,080
would describe them almost like the

758
00:29:41,669 --> 00:29:37,440
werewolves they would see

759
00:29:45,269 --> 00:29:41,679
in in what in germany in switzerland

760
00:29:47,350 --> 00:29:45,279
but um they they were very similar to

761
00:29:50,070 --> 00:29:47,360
what people are seeing now

762
00:29:51,590 --> 00:29:50,080
so uh yeah so you know there there are

763
00:29:53,110 --> 00:29:51,600

different types

764

00:29:55,830 --> 00:29:53,120

you know this is something we've been

765

00:29:59,029 --> 00:29:55,840

looking into for a long time

766

00:29:59,430 --> 00:29:59,039

uh we get we'll get a case here and

767

00:30:02,389 --> 00:29:59,440

there

768

00:30:04,950 --> 00:30:02,399

you know but i think for the most part

769

00:30:07,750 --> 00:30:04,960

people just don't like to talk about it

770

00:30:09,990 --> 00:30:07,760

you know yeah and when you when you do

771

00:30:13,350 --> 00:30:10,000

background research

772

00:30:16,149 --> 00:30:13,360

excuse me these these sightings go back

773

00:30:18,149 --> 00:30:16,159

centuries centuries hundreds and

774

00:30:21,430 --> 00:30:18,159

hundreds of years ago

775

00:30:26,070 --> 00:30:21,440

uh you know the the romans uh

776

00:30:28,070 --> 00:30:26,080

the catholic church with their stunts um

777

00:30:29,909 --> 00:30:28,080

which if anybody doesn't think that they

778

00:30:32,789 --> 00:30:29,919

were a little on the shady side

779

00:30:34,310 --> 00:30:32,799

they were on the shady side but uh and

780

00:30:37,269 --> 00:30:34,320

i'm catholic

781

00:30:38,149 --> 00:30:37,279

but it was uh where what they would do

782

00:30:40,630 --> 00:30:38,159

was they would

783

00:30:42,149 --> 00:30:40,640

they would hire a murderer a killer to

784

00:30:43,669 --> 00:30:42,159

go in and you know just pick somebody

785

00:30:44,230 --> 00:30:43,679

out of a crowd that's working out in the

786

00:30:46,310 --> 00:30:44,240

field

787

00:30:48,950 --> 00:30:46,320

and butcher them just chop them up

788

00:30:50,710 --> 00:30:48,960

butcher them really make a mess of them

789

00:30:51,990 --> 00:30:50,720

and then they you know they put the

790

00:30:53,990 --> 00:30:52,000

story out that it was

791

00:30:55,909 --> 00:30:54,000

it was some kind of wolf a man wolf or a

792

00:30:57,190 --> 00:30:55,919

werewolf or whatever they called it back

793

00:31:00,789 --> 00:30:57,200

then

794

00:31:03,750 --> 00:31:00,799

they'd say look we'll take care of this

795

00:31:06,470 --> 00:31:03,760

if you people all join the church

796

00:31:08,149 --> 00:31:06,480

so they would join the church and then

797

00:31:08,710 --> 00:31:08,159

the catholic church would send in one of

798

00:31:11,509 --> 00:31:08,720

their

799

00:31:13,110 --> 00:31:11,519

army units to kill the guy that actually

800

00:31:15,190 --> 00:31:13,120

did the killing

801
00:31:17,269 --> 00:31:15,200
so uh and that went on for years and

802
00:31:20,389 --> 00:31:17,279
then spain got a hold of that idea

803
00:31:22,710 --> 00:31:20,399
and they did it and so you know

804
00:31:23,590 --> 00:31:22,720
that a lot of these churches that were

805
00:31:28,470 --> 00:31:23,600
formed in

806
00:31:31,029 --> 00:31:28,480
in in those areas were

807
00:31:32,470 --> 00:31:31,039
it was a forest it was it was a put up

808
00:31:37,110 --> 00:31:32,480
but it worked

809
00:31:39,269 --> 00:31:37,120
i mean you know uh there was a killing

810
00:31:40,470 --> 00:31:39,279
the church sent in their boys they did

811
00:31:41,750 --> 00:31:40,480
the guy in

812
00:31:46,389 --> 00:31:41,760
brought what was left them in the back

813
00:31:48,789 --> 00:31:46,399

and then burned him and there you go

814

00:31:51,190 --> 00:31:48,799

lots more money folks in the chat room

815

00:31:54,710 --> 00:31:51,200

if you've got a question for us

816

00:31:56,870 --> 00:31:54,720

uh post in an uppercase and uh

817

00:31:59,190 --> 00:31:56,880

we'll see if we can answer for you we

818

00:32:02,549 --> 00:31:59,200

did get a question earlier

819

00:32:06,549 --> 00:32:02,559

asking butch if he had seen

820

00:32:09,990 --> 00:32:06,559

or talked about his orb encounters

821

00:32:13,990 --> 00:32:10,000

from andrew the what encounters

822

00:32:16,789 --> 00:32:14,000

orb uh well they're still around

823

00:32:17,590 --> 00:32:16,799

i mean the the ones that like you were

824

00:32:20,710 --> 00:32:17,600

involved with

825

00:32:24,389 --> 00:32:20,720

with us over in uh lancaster county

826

00:32:27,350 --> 00:32:24,399

um that kind of has succeeded

827

00:32:27,750 --> 00:32:27,360

but um the gentleman on the farm there

828

00:32:32,310 --> 00:32:27,760

he's

829

00:32:34,710 --> 00:32:32,320

at the pond out front

830

00:32:35,830 --> 00:32:34,720

and the light is still there across the

831

00:32:37,909 --> 00:32:35,840

road the blue light

832

00:32:39,990 --> 00:32:37,919

the changes the red light that's still

833

00:32:41,430 --> 00:32:40,000

there there's nothing there i've walked

834

00:32:43,350 --> 00:32:41,440

it i've driven past it

835

00:32:48,070 --> 00:32:43,360

i've walked up the hill down the hill

836

00:32:50,870 --> 00:32:49,590

i mean it's just like your son matt said

837

00:32:51,509 --> 00:32:50,880

to me that night when he saw he went

838

00:32:53,830 --> 00:32:51,519

like

839

00:32:55,029 --> 00:32:53,840

what the hell is that yeah you know we

840

00:32:57,110 --> 00:32:55,039

sung out there

841

00:32:58,950 --> 00:32:57,120

on a february night looking for

842

00:33:00,789 --> 00:32:58,960

binoculars freezing our asses all trying

843

00:33:04,950 --> 00:33:00,799

to figure out what that thing was

844

00:33:06,549 --> 00:33:04,960

and it was just an orb yeah and you know

845

00:33:08,630 --> 00:33:06,559

from where the driveway was where we

846

00:33:10,230 --> 00:33:08,640

were standing and straight across the

847

00:33:11,590 --> 00:33:10,240

field across that little bit of road and

848

00:33:12,310 --> 00:33:11,600

across the next field and there's

849

00:33:13,669 --> 00:33:12,320

another road

850

00:33:15,669 --> 00:33:13,679

that's where it should have been there's

851
00:33:20,070 --> 00:33:15,679
nothing there just bushes there

852
00:33:22,630 --> 00:33:20,080
there's no lights no uh

853
00:33:24,070 --> 00:33:22,640
county pump lights or anything like that

854
00:33:27,110 --> 00:33:24,080
and the original

855
00:33:29,430 --> 00:33:27,120
report uh that sent me uh uh sent me

856
00:33:30,470 --> 00:33:29,440
there in another snowstorm in slippers

857
00:33:33,110 --> 00:33:30,480
like an idiot

858
00:33:33,750 --> 00:33:33,120
uh was orbs coming over the top of the

859
00:33:35,669 --> 00:33:33,760
mountain

860
00:33:36,870 --> 00:33:35,679
which would have been on the side of the

861
00:33:40,149 --> 00:33:36,880
house where the

862
00:33:43,430 --> 00:33:40,159
that new chicken coop was going up and

863
00:33:44,789 --> 00:33:43,440

you know saw three of those um had a

864

00:33:46,630 --> 00:33:44,799

couple sightings here in reading

865

00:33:49,750 --> 00:33:46,640

pennsylvania had a couple sightings

866

00:33:52,470 --> 00:33:49,760

uh down in pottstown montgomery county

867

00:33:52,950 --> 00:33:52,480

but uh they are what they are you know

868

00:33:54,870 --> 00:33:52,960

and they

869

00:33:56,870 --> 00:33:54,880

they they have no flight characteristics

870

00:33:58,549 --> 00:33:56,880

to speak of so it's not something that's

871

00:33:58,870 --> 00:33:58,559

just you know going across the sky like

872

00:34:01,269 --> 00:33:58,880

that

873

00:34:02,310 --> 00:34:01,279

there it's definitely not satellites

874

00:34:05,990 --> 00:34:02,320

because they're moving

875

00:34:09,589 --> 00:34:06,000

way too fast and uh you know when

876

00:34:12,629 --> 00:34:09,599

something stops and goes straight up

877

00:34:15,750 --> 00:34:12,639

that's crazy yeah that that's

878

00:34:18,310 --> 00:34:15,760

that's not of this planet are the uh

879

00:34:19,349 --> 00:34:18,320

are the size of the orbs about the same

880

00:34:22,869 --> 00:34:19,359

size or

881

00:34:24,550 --> 00:34:22,879

in color no colors always

882

00:34:26,149 --> 00:34:24,560

a lot of times it's different there's

883

00:34:28,950 --> 00:34:26,159

we've seen white we've seen orange we've

884

00:34:32,550 --> 00:34:28,960

seen red turned orange

885

00:34:34,950 --> 00:34:32,560

we've seen white turn to

886

00:34:36,470 --> 00:34:34,960

i want to say blue was more greenish

887

00:34:38,550 --> 00:34:36,480

than bluish

888

00:34:40,470 --> 00:34:38,560

um i was standing with a state trooper

889

00:34:40,790 --> 00:34:40,480

down at french creek state park and he

890

00:34:44,389 --> 00:34:40,800

said

891

00:34:45,750 --> 00:34:44,399

went like yeah like that one there and i

892

00:34:47,030 --> 00:34:45,760

was had my back to him

893

00:34:50,629 --> 00:34:47,040

so he was looking the other way and i

894

00:34:53,750 --> 00:34:50,639

turned around and we watched a white orb

895

00:34:54,950 --> 00:34:53,760

you know zigzagging uh across the open

896

00:34:56,230 --> 00:34:54,960

sky because that's the

897

00:34:57,510 --> 00:34:56,240

it's the second darkest spot in

898

00:34:58,550 --> 00:34:57,520

pennsylvania matter of fact it was a

899

00:35:00,550 --> 00:34:58,560

country

900

00:35:02,150 --> 00:35:00,560

so there's no light pollution so we

901
00:35:05,510 --> 00:35:02,160
watched it and it stopped

902
00:35:07,510 --> 00:35:05,520
and it dropped and made like a u

903
00:35:09,349 --> 00:35:07,520
and came back up again and went a little

904
00:35:11,030 --> 00:35:09,359
further and then shots

905
00:35:12,630 --> 00:35:11,040
changed color and shot straight up into

906
00:35:16,950 --> 00:35:12,640
the sky

907
00:35:18,790 --> 00:35:16,960
so there i mean this this state if

908
00:35:20,390 --> 00:35:18,800
if somebody says they've never seen one

909
00:35:21,670 --> 00:35:20,400
they need to look up because they're

910
00:35:23,109 --> 00:35:21,680
there

911
00:35:27,670 --> 00:35:23,119
i mean if you can if you can

912
00:35:32,230 --> 00:35:30,390
the satellites which are slow movers i

913
00:35:33,829 --> 00:35:32,240

mean and they're always in line

914

00:35:35,270 --> 00:35:33,839

so if you see one if you look a little

915

00:35:37,910 --> 00:35:35,280

further you see another another

916

00:35:38,950 --> 00:35:37,920

another and uh with these things i mean

917

00:35:40,470 --> 00:35:38,960

they're usually on their own they're

918

00:35:41,589 --> 00:35:40,480

either fast moving they'll shoot across

919

00:35:43,349 --> 00:35:41,599

the sky

920

00:35:45,030 --> 00:35:43,359

and they're not a meteor they're not a

921

00:35:46,870 --> 00:35:45,040

bull light so there's no tail or a

922

00:35:50,790 --> 00:35:46,880

bright light or anything like that

923

00:35:53,670 --> 00:35:50,800

it's just a usually a white dot

924

00:35:54,069 --> 00:35:53,680

and uh they just go like crazy i mean

925

00:35:59,270 --> 00:35:54,079

they're

926

00:36:00,870 --> 00:35:59,280

i guess in the one picture from the that

927

00:36:04,150 --> 00:36:00,880

disclosure thing they put out

928

00:36:06,790 --> 00:36:04,160

the one where the the combat uh camera

929

00:36:08,390 --> 00:36:06,800

is following the one above the ocean how

930

00:36:11,349 --> 00:36:08,400

fast that was going along

931

00:36:13,270 --> 00:36:11,359

and you know doing this number that's

932

00:36:15,430 --> 00:36:13,280

pretty much you'll see in the sky

933

00:36:17,030 --> 00:36:15,440

and the iss it's very obvious what that

934

00:36:18,710 --> 00:36:17,040

is i mean

935

00:36:21,109 --> 00:36:18,720

if anybody's got a half decent pair of

936

00:36:22,550 --> 00:36:21,119

binoculars they can see the iss

937

00:36:24,150 --> 00:36:22,560

pretty much see everything on the moon

938

00:36:28,710 --> 00:36:24,160

too

939

00:36:31,829 --> 00:36:30,790

i don't know if any of us can answer why

940

00:36:35,190 --> 00:36:31,839

were bridges

941

00:36:39,349 --> 00:36:35,200

built with covered roofs over river

942

00:36:42,230 --> 00:36:39,359

crossings in the 1800s

943

00:36:43,030 --> 00:36:42,240

19 century you know anything about that

944

00:36:45,349 --> 00:36:43,040

butch

945

00:36:47,190 --> 00:36:45,359

well in lancaster county was because of

946

00:36:49,190 --> 00:36:47,200

the poor wood they had

947

00:36:50,470 --> 00:36:49,200

they had to cover it or the bridges were

948

00:36:54,710 --> 00:36:50,480

rotten out

949

00:36:57,030 --> 00:36:54,720

so um and a lot of times especially in

950

00:36:58,630 --> 00:36:57,040

the mennonite and amish communities

951
00:36:58,950 --> 00:36:58,640
those covered bridges were always like

952
00:37:03,030 --> 00:36:58,960
but

953
00:37:06,310 --> 00:37:03,040
you know uh between a number of farms

954
00:37:07,589 --> 00:37:06,320
so like if they were caught in the rain

955
00:37:08,310 --> 00:37:07,599
or something like that they could go

956
00:37:10,230 --> 00:37:08,320
there

957
00:37:11,750 --> 00:37:10,240
or they had picnics on those things but

958
00:37:13,190 --> 00:37:11,760
there was no traffic they weren't built

959
00:37:15,190 --> 00:37:13,200
for trucks and cars they were built for

960
00:37:17,349 --> 00:37:15,200
buggies

961
00:37:18,230 --> 00:37:17,359
and uh we have a couple in lancaster

962
00:37:21,750 --> 00:37:18,240
county that are

963
00:37:23,030 --> 00:37:21,760

i guess they're pretty famous but uh i

964

00:37:24,630 --> 00:37:23,040

when i talked to somebody about that a

965

00:37:25,990 --> 00:37:24,640

long time ago they said well the reason

966

00:37:28,390 --> 00:37:26,000

they put covers on them because

967

00:37:30,230 --> 00:37:28,400

you know the roofs and everything was

968

00:37:32,310 --> 00:37:30,240

because

969

00:37:33,670 --> 00:37:32,320

they didn't have drainage over these

970

00:37:35,190 --> 00:37:33,680

waters

971

00:37:37,270 --> 00:37:35,200

uh and you know there were no such thing

972

00:37:40,710 --> 00:37:37,280

as gutters back then so

973

00:37:42,230 --> 00:37:40,720

to protect the wood which they say was

974

00:37:43,109 --> 00:37:42,240

not ever the best because we don't have

975

00:37:44,870 --> 00:37:43,119

a lot of

976

00:37:46,550 --> 00:37:44,880

well up north we do you know in the

977

00:37:48,150 --> 00:37:46,560

forest or pennsylvania but

978

00:37:50,230 --> 00:37:48,160

you know not around lancaster county i

979

00:37:52,710 --> 00:37:50,240

mean it's all farmland so you know if

980

00:37:54,710 --> 00:37:52,720

you find an oak tree you're lucky

981

00:37:56,230 --> 00:37:54,720

yeah you're going to find a lot of

982

00:37:56,630 --> 00:37:56,240

covered bridges in this part of the

983

00:37:59,510 --> 00:37:56,640

state

984

00:38:00,230 --> 00:37:59,520

south central pennsylvania and in ohio

985

00:38:08,950 --> 00:38:00,240

yeah

986

00:38:12,230 --> 00:38:10,470

and everyone it seems like every one of

987

00:38:14,600 --> 00:38:12,240

them around here is haunted too

988

00:38:16,710 --> 00:38:14,610

so that's interesting well

989

00:38:19,589 --> 00:38:16,720

[Laughter]

990

00:38:21,430 --> 00:38:19,599

you know i i've yet to i i've like i

991

00:38:24,630 --> 00:38:21,440

said i've only ever gone on a couple

992

00:38:27,270 --> 00:38:24,640

paranormal adventures uh

993

00:38:27,990 --> 00:38:27,280

with a group uh that's been doing it for

994

00:38:31,030 --> 00:38:28,000

a long time

995

00:38:32,630 --> 00:38:31,040

only because i was nosy i want to see

996

00:38:34,790 --> 00:38:32,640

how they did it what their equipment use

997

00:38:38,950 --> 00:38:34,800

was how they set things up

998

00:38:41,030 --> 00:38:38,960

um and um

999

00:38:42,150 --> 00:38:41,040

it worked out i mean i got what i had to

1000

00:38:44,150 --> 00:38:42,160

see and

1001
00:38:45,910 --> 00:38:44,160
i went like okay i believe i'm out of

1002
00:38:49,589 --> 00:38:45,920
here you know

1003
00:38:51,190 --> 00:38:49,599
it just uh uh you know and especially

1004
00:38:53,829 --> 00:38:51,200
when something happens

1005
00:38:54,710 --> 00:38:53,839
and it's recorded and you're the one

1006
00:38:56,710 --> 00:38:54,720
that happens to

1007
00:38:57,910 --> 00:38:56,720
and they play it back and after i tell

1008
00:38:59,750 --> 00:38:57,920
them what happened

1009
00:39:01,109 --> 00:38:59,760
and they they searched their little

1010
00:39:02,870 --> 00:39:01,119
thingy there and they

1011
00:39:04,069 --> 00:39:02,880
play it back and i'm going like that's

1012
00:39:05,109 --> 00:39:04,079
it i'm out of here i'm going to get a

1013
00:39:08,069 --> 00:39:05,119

hot dog

1014

00:39:09,270 --> 00:39:08,079

you know it's crazy i mean uh but one

1015

00:39:10,790 --> 00:39:09,280

thing it always bothered me and i

1016

00:39:11,670 --> 00:39:10,800

mentioned it to those guys that now they

1017

00:39:13,750 --> 00:39:11,680

do it now

1018

00:39:14,870 --> 00:39:13,760

but they've had cases where they've

1019

00:39:16,310 --> 00:39:14,880

investigated homes

1020

00:39:17,990 --> 00:39:16,320

uh abandoned homes there would have been

1021

00:39:20,310 --> 00:39:18,000

lights you know on the first floor

1022

00:39:21,670 --> 00:39:20,320

second floor third floor

1023

00:39:24,230 --> 00:39:21,680

and i said to them one time i said do

1024

00:39:28,230 --> 00:39:24,240

you guys ever like have somebody outside

1025

00:39:29,510 --> 00:39:28,240

looking up at the sky i mean something

1026

00:39:31,910 --> 00:39:29,520

else involved here

1027

00:39:33,510 --> 00:39:31,920

because in my opinion everything is com

1028

00:39:35,670 --> 00:39:33,520

this is all connected somehow we're just

1029

00:39:39,910 --> 00:39:35,680

not smart enough to put it all together

1030

00:39:41,589 --> 00:39:39,920

so the paranormal cryptozoology ufos

1031

00:39:43,589 --> 00:39:41,599

there's got to be a connection we just

1032

00:39:47,510 --> 00:39:43,599

don't know what it is

1033

00:39:49,990 --> 00:39:47,520

and um hopefully in time

1034

00:39:51,030 --> 00:39:50,000

you know we'll we'll put it together but

1035

00:39:53,190 --> 00:39:51,040

um

1036

00:39:55,109 --> 00:39:53,200

they do it now they they have a guy

1037

00:39:56,310 --> 00:39:55,119

outside that watches above the

1038

00:39:58,870 --> 00:39:56,320

wherever they're at there's a guy

1039

00:40:02,150 --> 00:39:58,880

outside looking up

1040

00:40:03,910 --> 00:40:02,160

that's a good idea now butch uh

1041

00:40:05,589 --> 00:40:03,920

we had somebody asked about ufo

1042

00:40:07,510 --> 00:40:05,599

encounters seeing ufos of course you

1043

00:40:09,829 --> 00:40:07,520

used to live on tucson

1044

00:40:10,710 --> 00:40:09,839

yeah so you had some sightings out there

1045

00:40:13,910 --> 00:40:10,720

uh

1046

00:40:15,430 --> 00:40:13,920

tell us about your your best sighting

1047

00:40:19,030 --> 00:40:15,440

well the best sighting was the first one

1048

00:40:19,040 --> 00:40:23,349

we were living in

1049

00:40:26,870 --> 00:40:25,349

uh tucson arizona at the time we just

1050

00:40:29,910 --> 00:40:26,880

moved

1051

00:40:31,910 --> 00:40:29,920

and uh we had uh some young fellas come

1052

00:40:32,870 --> 00:40:31,920

over from the university of arizona they

1053

00:40:36,950 --> 00:40:32,880

were licensed

1054

00:40:38,950 --> 00:40:36,960

saguaro cactus gatherers because of you

1055

00:40:40,550 --> 00:40:38,960

take saguaro cactus out of the national

1056

00:40:41,910 --> 00:40:40,560

forest you have to have a permit and

1057

00:40:43,589 --> 00:40:41,920

it's got to be guys that are

1058

00:40:45,030 --> 00:40:43,599

have the right equipment to get it out

1059

00:40:46,790 --> 00:40:45,040

and put it in and all that stuff

1060

00:40:48,950 --> 00:40:46,800

so they did that it was a very hot day

1061

00:40:51,109 --> 00:40:48,960

it was about seven o'clock at night 7 30

1062

00:40:55,030 --> 00:40:51,119

somewhere around there

1063

00:40:56,550 --> 00:40:55,040

and it was um hot really hot

1064

00:40:58,790 --> 00:40:56,560

so my wife went in to get iced tea for

1065

00:40:59,589 --> 00:40:58,800

everybody and my neighbor next door who

1066

00:41:01,589 --> 00:40:59,599

was uh

1067

00:41:03,270 --> 00:41:01,599

or is a doctor and the guy across the

1068

00:41:03,910 --> 00:41:03,280

street who ran the federal prisons for

1069

00:41:08,069 --> 00:41:03,920

the

1070

00:41:10,790 --> 00:41:08,079

were all out and

1071

00:41:11,829 --> 00:41:10,800

everybody like taking a drink of my tea

1072

00:41:13,430 --> 00:41:11,839

you know and i'm like

1073

00:41:15,430 --> 00:41:13,440

looking at everybody else and like what

1074

00:41:17,030 --> 00:41:15,440

what is everybody looking at everybody

1075

00:41:19,030 --> 00:41:17,040

everybody's doing this you know and the

1076

00:41:20,630 --> 00:41:19,040

t is here and i'm like

1077

00:41:22,710 --> 00:41:20,640

so i looked up and right above a

1078

00:41:25,910 --> 00:41:22,720

mountain there was a uh

1079

00:41:27,829 --> 00:41:25,920

a very large um burnt bronze colored

1080

00:41:29,829 --> 00:41:27,839

craft uh with a couple green lights on

1081

00:41:33,910 --> 00:41:29,839

the side very faded

1082

00:41:35,990 --> 00:41:33,920

um it it had to be three football fields

1083

00:41:38,390 --> 00:41:36,000

in length it was huge

1084

00:41:39,829 --> 00:41:38,400

and uh it pretty much covered that whole

1085

00:41:42,309 --> 00:41:39,839

mountain area

1086

00:41:43,990 --> 00:41:42,319

and there was no electric things going

1087

00:41:45,990 --> 00:41:44,000

funnier or

1088

00:41:47,109 --> 00:41:46,000

lost time or anything like that but

1089

00:41:50,069 --> 00:41:47,119

everybody

1090

00:41:51,670 --> 00:41:50,079

neighbors myself the guys my wife

1091

00:41:53,030 --> 00:41:51,680

everybody just like you know looking up

1092

00:41:55,109 --> 00:41:53,040

at it like that

1093

00:41:56,630 --> 00:41:55,119

and it just slowly rose up there was

1094

00:41:58,150 --> 00:41:56,640

made no noise that's the part that

1095

00:42:00,309 --> 00:41:58,160

bugged me the most it made no noise

1096

00:42:02,150 --> 00:42:00,319

whatsoever just raised up a little bit

1097

00:42:03,589 --> 00:42:02,160

took a little dip came back up again and

1098

00:42:07,030 --> 00:42:03,599

shot west like a bullet

1099

00:42:07,510 --> 00:42:07,040

i mean it it was just a blur so you know

1100

00:42:12,069 --> 00:42:07,520

i'm like

1101

00:42:16,870 --> 00:42:14,390

what's in the t and i started asking

1102

00:42:20,230 --> 00:42:16,880

everybody everybody had the same story

1103

00:42:21,430 --> 00:42:20,240

so i called tucson police department i

1104

00:42:22,870 --> 00:42:21,440

called the pima county sheriff's

1105

00:42:24,390 --> 00:42:22,880

department i called davis mouth

1106

00:42:26,309 --> 00:42:24,400

air force base every media outlet i

1107

00:42:28,870 --> 00:42:26,319

could find uh

1108

00:42:30,390 --> 00:42:28,880

i i just called everybody nobody had any

1109

00:42:33,589 --> 00:42:30,400

reports on that thing

1110

00:42:36,150 --> 00:42:33,599

now a mountain if if if this is

1111

00:42:36,950 --> 00:42:36,160

tucson a mountain is where top of my

1112

00:42:38,550 --> 00:42:36,960

head is

1113

00:42:39,829 --> 00:42:38,560

and that's how you would look at it i

1114

00:42:42,069 --> 00:42:39,839

mean if you were looking at a mountain

1115

00:42:44,630 --> 00:42:42,079

from tucson you'd have to go like this

1116

00:42:45,750 --> 00:42:44,640

it's tall it's long it's white and the

1117

00:42:47,270 --> 00:42:45,760

reason they call it a mountain because

1118

00:42:48,790 --> 00:42:47,280

there's an a on there that the kids from

1119

00:42:51,270 --> 00:42:48,800

the arizona university

1120

00:42:52,309 --> 00:42:51,280

paint every year the freshmen go up

1121

00:42:55,190 --> 00:42:52,319

that's it

1122

00:42:58,390 --> 00:42:55,200

but uh so you know i started to

1123

00:42:59,990 --> 00:42:58,400

accumulate a lot of paper trying to find

1124

00:43:00,790 --> 00:43:00,000

out what it was anything i just got

1125

00:43:03,430 --> 00:43:00,800

tired of it

1126

00:43:05,670 --> 00:43:03,440

i i really did and and i just stopped

1127

00:43:07,750 --> 00:43:05,680

and that was the end of it

1128

00:43:09,430 --> 00:43:07,760

i was watching a tv show one night about

1129

00:43:13,589 --> 00:43:09,440

ufos and the bug bit me

1130

00:43:16,630 --> 00:43:13,599

and i've been at this now 33 years

1131

00:43:22,390 --> 00:43:19,910

so yeah uh

1132

00:43:23,430 --> 00:43:22,400

marlo snyder wants to know about

1133

00:43:28,150 --> 00:43:23,440

sightings in

1134

00:43:31,270 --> 00:43:28,160

center county haven't gotten any oh yeah

1135

00:43:34,230 --> 00:43:31,280

any center county of

1136

00:43:35,270 --> 00:43:34,240

uh clearfield county there's there's

1137

00:43:37,990 --> 00:43:35,280

reports of almost

1138

00:43:39,430 --> 00:43:38,000

everything up there from paranormal the

1139

00:43:50,950 --> 00:43:39,440

ufos

1140

00:43:54,390 --> 00:43:50,960

of center county and and clearfield

1141

00:43:55,829 --> 00:43:54,400

not too many orb sightings but triangles

1142

00:43:58,630 --> 00:43:55,839

triangles seem to be a big thing up

1143

00:44:02,069 --> 00:43:58,640

there i i would say

1144

00:44:06,309 --> 00:44:02,079

i would say any any county that

1145

00:44:09,589 --> 00:44:06,319

encompasses the uh the susquehanna

1146

00:44:11,589 --> 00:44:09,599

river tributary or the valley uh has had

1147

00:44:15,430 --> 00:44:11,599

settings i mean we got a lot of sayings

1148

00:44:18,710 --> 00:44:15,440

up and along the river um you know so

1149

00:44:20,069 --> 00:44:18,720

yeah and that covers a lot of you know

1150

00:44:21,990 --> 00:44:20,079

that covers a lot of area in

1151

00:44:24,710 --> 00:44:22,000

pennsylvania also

1152

00:44:25,589 --> 00:44:24,720

uh have you had any pyramid shaped craft

1153

00:44:28,470 --> 00:44:25,599

or

1154

00:44:29,190 --> 00:44:28,480

that's from blue cross roads and uh

1155

00:44:31,750 --> 00:44:29,200

jenny king

1156

00:44:34,309 --> 00:44:31,760

asked if you've ever initiated a

1157

00:44:37,030 --> 00:44:34,319

seasidic contact

1158

00:44:38,390 --> 00:44:37,040

no never initiated any of that uh no

1159

00:44:41,829 --> 00:44:38,400

steady contact

1160

00:44:44,630 --> 00:44:41,839

uh pyramid shape craft they've really

1161

00:44:45,910 --> 00:44:44,640

only come about in the last couple years

1162

00:44:47,910 --> 00:44:45,920

if you would have said something about

1163

00:44:49,589 --> 00:44:47,920

those a couple years back probably

1164

00:44:50,550 --> 00:44:49,599

nobody would have never saw one but

1165

00:44:54,630 --> 00:44:50,560

they've been

1166

00:44:56,230 --> 00:44:54,640

big thing now is still the orbs and the

1167

00:45:01,829 --> 00:44:56,240

triangles

1168

00:45:03,270 --> 00:45:01,839

you use or the military uses for

1169

00:45:05,190 --> 00:45:03,280

surveillance

1170

00:45:07,109 --> 00:45:05,200

uh which are very small and they have a

1171

00:45:10,150 --> 00:45:07,119

motor and you can hear those

1172

00:45:12,870 --> 00:45:10,160

but when you see something that you know

1173

00:45:14,069 --> 00:45:12,880

is just so huge like they've been in the

1174

00:45:15,510 --> 00:45:14,079

township i live in i

1175

00:45:17,109 --> 00:45:15,520

investigated both news reports a number

1176
00:45:19,109 --> 00:45:17,119
of years ago

1177
00:45:20,630 --> 00:45:19,119
and they were multi-witness uh right

1178
00:45:21,910 --> 00:45:20,640
outside of a big department store up the

1179
00:45:25,270 --> 00:45:21,920
road from here

1180
00:45:27,750 --> 00:45:25,280
um they watched a huge

1181
00:45:29,589 --> 00:45:27,760
and they got a photograph but again

1182
00:45:31,670 --> 00:45:29,599
camera phones though

1183
00:45:33,829 --> 00:45:31,680
kind of shaky but the thing that

1184
00:45:36,870 --> 00:45:33,839
bothered me the most was that there was

1185
00:45:40,069 --> 00:45:36,880
a a protrusion coming out the

1186
00:45:42,390 --> 00:45:40,079
the point the nose of the craft and

1187
00:45:43,349 --> 00:45:42,400
it it almost looked like it almost

1188
00:45:44,790 --> 00:45:43,359

looked like a spear

1189

00:45:46,390 --> 00:45:44,800

there was something on the end but you

1190

00:45:48,630 --> 00:45:46,400

know it was too far away

1191

00:45:50,790 --> 00:45:48,640

and it rose up went over over the

1192

00:45:52,470 --> 00:45:50,800

mountain over the neversink mountain

1193

00:45:53,829 --> 00:45:52,480

uh which would have passed over mount

1194

00:45:55,910 --> 00:45:53,839

penn redding

1195

00:45:57,270 --> 00:45:55,920

and then there was a report i think two

1196

00:45:58,870 --> 00:45:57,280

days later where it was

1197

00:46:00,470 --> 00:45:58,880

seen out in sync and spring which is in

1198

00:46:07,589 --> 00:46:00,480

that same general direction

1199

00:46:10,309 --> 00:46:07,599

of north and um a couple years later

1200

00:46:12,550 --> 00:46:10,319

same thing same area matter of fact flew

1201
00:46:14,230 --> 00:46:12,560
over the same place

1202
00:46:15,829 --> 00:46:14,240
and we don't have any military bases

1203
00:46:17,510 --> 00:46:15,839
around here and

1204
00:46:19,670 --> 00:46:17,520
nor does the military have anything that

1205
00:46:22,309 --> 00:46:19,680
big i mean

1206
00:46:24,230 --> 00:46:22,319
their stuff is their stuff is you know

1207
00:46:26,470 --> 00:46:24,240
not even the size of cessna

1208
00:46:27,910 --> 00:46:26,480
so i mean they're only used for

1209
00:46:31,670 --> 00:46:27,920
observation they're not using

1210
00:46:35,990 --> 00:46:34,470
but uh there's there's a lot of uh a lot

1211
00:46:36,870 --> 00:46:36,000
of action in pennsylvania there always

1212
00:46:40,550 --> 00:46:36,880
has been

1213
00:46:42,150 --> 00:46:40,560

yeah uh what i what i've i have seen

1214

00:46:43,589 --> 00:46:42,160

and i really don't know if vincent has

1215

00:46:46,870 --> 00:46:43,599

run into this yet

1216

00:46:48,950 --> 00:46:46,880

there seems to be a real die down of

1217

00:46:53,030 --> 00:46:48,960

investigators

1218

00:46:54,950 --> 00:46:53,040

um what i mean by there's not a lot of

1219

00:46:58,069 --> 00:46:54,960

people want to be involved

1220

00:47:00,790 --> 00:46:58,079

in it anymore uh either

1221

00:47:02,470 --> 00:47:00,800

they're frightened or uh they just don't

1222

00:47:05,349 --> 00:47:02,480

want to know

1223

00:47:06,550 --> 00:47:05,359

yeah a lot of these people were you know

1224

00:47:08,230 --> 00:47:06,560

they were looking for the government to

1225

00:47:11,589 --> 00:47:08,240

give them the big disclosure thing

1226

00:47:13,349 --> 00:47:11,599

yeah keep waiting but uh

1227

00:47:15,430 --> 00:47:13,359

you know i i have a couple people that

1228

00:47:18,230 --> 00:47:15,440

you know want to join but

1229

00:47:19,829 --> 00:47:18,240

you know i i i always look to people

1230

00:47:24,950 --> 00:47:19,839

that are like-minded

1231

00:47:28,630 --> 00:47:24,960

um that want to do the job

1232

00:47:30,549 --> 00:47:28,640

you don't want to go out it's not

1233

00:47:32,309 --> 00:47:30,559

anything exciting or fabulous or

1234

00:47:34,470 --> 00:47:32,319

anything like that a lot of times

1235

00:47:36,549 --> 00:47:34,480

you're either sitting out of the rain in

1236

00:47:39,030 --> 00:47:36,559

the truck or a cold or

1237

00:47:40,710 --> 00:47:39,040

in a tent or you know by a fire or

1238

00:47:41,510 --> 00:47:40,720

walking around the woods or abandoned

1239

00:47:45,270 --> 00:47:41,520

houses or

1240

00:47:46,549 --> 00:47:45,280

caves and but um

1241

00:47:48,710 --> 00:47:46,559

but there are a lot of women getting

1242

00:47:58,630 --> 00:47:48,720

involved in it i'll say that

1243

00:48:04,230 --> 00:48:01,829

have you heard of cars uh

1244

00:48:06,069 --> 00:48:04,240

being driven being lifted off the ground

1245

00:48:07,430 --> 00:48:06,079

by ufos

1246

00:48:09,670 --> 00:48:07,440

have we had anything like that around

1247

00:48:10,230 --> 00:48:09,680

here butch not around here but missouri

1248

00:48:12,710 --> 00:48:10,240

they did

1249

00:48:14,309 --> 00:48:12,720

yeah i know in missouri where i met

1250

00:48:19,829 --> 00:48:14,319

around kansas city

1251

00:48:22,630 --> 00:48:19,839

uh i think columbia oh columbia

1252

00:48:24,309 --> 00:48:22,640

uh lifted in the air and turned around

1253

00:48:25,510 --> 00:48:24,319

taken off the road and set the field and

1254

00:48:26,069 --> 00:48:25,520

it was being followed by a tractor

1255

00:48:29,670 --> 00:48:26,079

trailer

1256

00:48:33,109 --> 00:48:31,990

what percentage of these ufos do you

1257

00:48:36,390 --> 00:48:33,119

think

1258

00:48:40,309 --> 00:48:36,400

is run by you know us compared to

1259

00:48:43,750 --> 00:48:40,319

uh extraterrestrial or

1260

00:48:44,390 --> 00:48:43,760

other we don't we don't have anything

1261

00:48:47,589 --> 00:48:44,400

like that

1262

00:48:48,069 --> 00:48:47,599

we really don't i mean if you you know

1263

00:48:51,349 --> 00:48:48,079

they're

1264

00:48:54,150 --> 00:48:51,359

clocking these things at four five six

1265

00:48:54,870 --> 00:48:54,160

ten thousand mile an hour sure and they

1266

00:48:57,510 --> 00:48:54,880

stop

1267

00:48:59,430 --> 00:48:57,520

well if you got a human inside there

1268

00:49:02,470 --> 00:48:59,440

he's a speck on the wall

1269

00:49:04,150 --> 00:49:02,480

i mean there's no way and

1270

00:49:05,750 --> 00:49:04,160

we just don't have that kind of

1271

00:49:08,870 --> 00:49:05,760

capability

1272

00:49:11,510 --> 00:49:08,880

um i mean at certain mock speeds

1273

00:49:13,030 --> 00:49:11,520

pilots pass out even even in their suit

1274

00:49:18,790 --> 00:49:13,040

suits and everything

1275

00:49:24,390 --> 00:49:21,990

i'm often asked if i believe yeah

1276
00:49:26,710 --> 00:49:24,400
there's something up there it's not ours

1277
00:49:29,030 --> 00:49:26,720
don't belong here never was

1278
00:49:29,990 --> 00:49:29,040
uh it goes way back in time just like

1279
00:49:32,470 --> 00:49:30,000
some of these cryptids

1280
00:49:34,630 --> 00:49:32,480
go way back in time i mean people act

1281
00:49:36,230 --> 00:49:34,640
like a bigfoot report is something new

1282
00:49:36,950 --> 00:49:36,240
well you can go back two three four

1283
00:49:39,030 --> 00:49:36,960
hundred years

1284
00:49:40,710 --> 00:49:39,040
in the indigenous tribes and they're

1285
00:49:42,150 --> 00:49:40,720
showing you exactly what they're looking

1286
00:49:43,030 --> 00:49:42,160
at which is exactly what we're looking

1287
00:49:45,750 --> 00:49:43,040
at

1288
00:49:47,349 --> 00:49:45,760

um same mannerisms different name maybe

1289

00:49:50,549 --> 00:49:47,359

but

1290

00:49:53,750 --> 00:49:50,559

the whole thing is that

1291

00:49:57,349 --> 00:49:53,760

there are so many unanswered questions

1292

00:49:59,190 --> 00:49:57,359

and um you know just

1293

00:50:02,150 --> 00:49:59,200

trying to get the answers is like real

1294

00:50:05,030 --> 00:50:02,160

work yeah i mean it really is

1295

00:50:09,109 --> 00:50:05,040

jamie king asked uh butch how often do

1296

00:50:12,790 --> 00:50:10,950

about two a year three a year maybe yeah

1297

00:50:15,589 --> 00:50:12,800

it's pretty pretty rare

1298

00:50:17,589 --> 00:50:15,599

yeah people the people that did report

1299

00:50:19,510 --> 00:50:17,599

them really early on like maybe five six

1300

00:50:24,309 --> 00:50:19,520

years ago

1301
00:50:27,030 --> 00:50:24,319
the people on the internet just ate them

1302
00:50:27,750 --> 00:50:27,040
alive you know they just made monkeys

1303
00:50:30,870 --> 00:50:27,760
out of them

1304
00:50:38,549 --> 00:50:34,470
but the abduction cases that

1305
00:50:42,549 --> 00:50:38,559
i'd gotten had gotten involved with uh

1306
00:50:44,790 --> 00:50:42,559
they were they were just flat out scary

1307
00:50:46,790 --> 00:50:44,800
yummy and it wasn't just the person that

1308
00:50:49,510 --> 00:50:46,800
was making that report at the time

1309
00:50:50,309 --> 00:50:49,520
you had uh the whole family was involved

1310
00:50:53,270 --> 00:50:50,319
you know many

1311
00:50:54,950 --> 00:50:53,280
many generations back that this started

1312
00:50:57,270 --> 00:50:54,960
so

1313
00:50:59,190 --> 00:50:57,280

and it's been i guess a lot of the

1314

00:51:00,870 --> 00:50:59,200

people that only do investigations and

1315

00:51:01,750 --> 00:51:00,880

abductions always said the same thing

1316

00:51:05,589 --> 00:51:01,760

where

1317

00:51:07,910 --> 00:51:05,599

you have um family members

1318

00:51:09,349 --> 00:51:07,920

you know maybe three or four generations

1319

00:51:11,270 --> 00:51:09,359

back that were

1320

00:51:13,190 --> 00:51:11,280

contacted and then you know it all moves

1321

00:51:14,549 --> 00:51:13,200

forward and it just like picks up its

1322

00:51:17,190 --> 00:51:14,559

generation

1323

00:51:17,750 --> 00:51:17,200

and the sequences and what they saw on

1324

00:51:22,790 --> 00:51:17,760

everything

1325

00:51:26,069 --> 00:51:22,800

is identical i mean it's no different

1326

00:51:29,670 --> 00:51:26,079

yeah you know um i i

1327

00:51:31,589 --> 00:51:29,680

have been of course we looked at a few

1328

00:51:33,270 --> 00:51:31,599

well-known cases particularly the todd

1329

00:51:35,670 --> 00:51:33,280

sees case

1330

00:51:37,109 --> 00:51:35,680

uh which you and i believe was actually

1331

00:51:39,670 --> 00:51:37,119

an abduction case

1332

00:51:40,710 --> 00:51:39,680

regardless of what mufon and everybody

1333

00:51:44,950 --> 00:51:40,720

else says

1334

00:51:47,190 --> 00:51:44,960

yeah um i can probably count on my

1335

00:51:48,390 --> 00:51:47,200

one hand how many abduction cases i've

1336

00:51:51,589 --> 00:51:48,400

involved with

1337

00:51:53,510 --> 00:51:51,599

over the past 40 years um

1338

00:51:56,309 --> 00:51:53,520

you know it's not many i mean of course

1339

00:51:59,349 --> 00:51:56,319

people will contact you about

1340

00:52:01,030 --> 00:51:59,359

uh their abduction but you know it

1341

00:52:03,349 --> 00:52:01,040

doesn't go much beyond that

1342

00:52:06,390 --> 00:52:03,359

they're missing time and they see a

1343

00:52:08,710 --> 00:52:06,400

little this little that

1344

00:52:10,150 --> 00:52:08,720

as far as a lot of times that an

1345

00:52:11,030 --> 00:52:10,160

abduction case will come out of a

1346

00:52:13,750 --> 00:52:11,040

sighting

1347

00:52:14,790 --> 00:52:13,760

right you know they'll be reporting a

1348

00:52:17,829 --> 00:52:14,800

sighting

1349

00:52:18,549 --> 00:52:17,839

and then they'll say you know missing

1350

00:52:21,990 --> 00:52:18,559

time

1351

00:52:24,390 --> 00:52:22,000

or uh unusual marks or

1352

00:52:25,670 --> 00:52:24,400

you know scoop marks or uh black and

1353

00:52:27,190 --> 00:52:25,680

blue marks or

1354

00:52:28,790 --> 00:52:27,200

they woke up in their pajamas run

1355

00:52:30,950 --> 00:52:28,800

backwards or something like that

1356

00:52:32,069 --> 00:52:30,960

that's a pretty good indication that

1357

00:52:33,910 --> 00:52:32,079

something happened

1358

00:52:35,910 --> 00:52:33,920

i mean nobody really gets up at three in

1359

00:52:36,870 --> 00:52:35,920

the morning to turn the pajamas around

1360

00:52:39,190 --> 00:52:36,880

backwards

1361

00:52:42,150 --> 00:52:39,200

well yeah true and you know but you know

1362

00:52:44,470 --> 00:52:42,160

most abduction cases

1363

00:52:46,870 --> 00:52:44,480

usually come to light many years after

1364

00:52:49,910 --> 00:52:46,880

the actual abduction i mean you know

1365

00:52:53,109 --> 00:52:52,309

it'll suddenly blink up in their head

1366

00:52:55,109 --> 00:52:53,119

but

1367

00:52:56,710 --> 00:52:55,119

you know maybe it was an abduction 20

1368

00:53:00,390 --> 00:52:56,720

years ago when i saw that

1369

00:53:01,109 --> 00:53:00,400

craft or saw those unknown beans and

1370

00:53:03,430 --> 00:53:01,119

such and

1371

00:53:06,790 --> 00:53:03,440

uh you know that does happen a lot i

1372

00:53:10,710 --> 00:53:06,800

mean i have had people contact me

1373

00:53:13,670 --> 00:53:10,720

years and years after a sighting or

1374

00:53:15,510 --> 00:53:13,680

some type of encounter with you know in

1375

00:53:18,390 --> 00:53:15,520

their bedroom or whatever

1376

00:53:20,150 --> 00:53:18,400

and uh they don't really recall anything

1377

00:53:22,230 --> 00:53:20,160

until years later

1378

00:53:24,390 --> 00:53:22,240

and then maybe something will spark it

1379

00:53:25,190 --> 00:53:24,400

in the the cell they'd be able to recall

1380

00:53:31,030 --> 00:53:25,200

it

1381

00:53:36,950 --> 00:53:34,390

let's see any true to blood type

1382

00:53:38,710 --> 00:53:36,960

being a factor in abduction cases you

1383

00:53:40,950 --> 00:53:38,720

know what

1384

00:53:43,109 --> 00:53:40,960

i have talked about that with a lot of

1385

00:53:44,790 --> 00:53:43,119

people who supposedly know a lot about

1386

00:53:48,630 --> 00:53:44,800

abductions

1387

00:53:52,230 --> 00:53:48,640

uh you know nick redferrn wrote a book

1388

00:53:54,230 --> 00:53:52,240

about that years ago i have looked into

1389

00:53:57,829 --> 00:53:54,240

it personally

1390

00:54:00,069 --> 00:53:57,839

uh because i have been abducted

1391

00:54:01,589 --> 00:54:00,079

or i don't even want to call it abducted

1392

00:54:04,470 --> 00:54:01,599

i've been taken

1393

00:54:05,670 --> 00:54:04,480

to another location if you want to call

1394

00:54:08,790 --> 00:54:05,680

that abducted or

1395

00:54:10,710 --> 00:54:08,800

whatever uh i've got b

1396

00:54:11,990 --> 00:54:10,720

negative i mean oh negative blood

1397

00:54:15,910 --> 00:54:12,000

negative blood seems to be

1398

00:54:16,870 --> 00:54:15,920

the actual uh blood type that most these

1399

00:54:19,910 --> 00:54:16,880

people that

1400

00:54:25,589 --> 00:54:19,920

have these encounters experiences have

1401
00:54:28,710 --> 00:54:25,599
now i don't know if there's any real

1402
00:54:31,270 --> 00:54:28,720
if there's any real basis to that

1403
00:54:32,230 --> 00:54:31,280
it's an interesting it's an interesting

1404
00:54:35,670 --> 00:54:32,240
quotient

1405
00:54:37,829 --> 00:54:35,680
to the abduction theory but i don't

1406
00:54:39,349 --> 00:54:37,839
you know there's no real evidence as to

1407
00:54:42,390 --> 00:54:39,359
that being uh

1408
00:54:44,309 --> 00:54:42,400
true now of course a lot

1409
00:54:45,670 --> 00:54:44,319
i have noticed that a lot of the

1410
00:54:49,829 --> 00:54:45,680
generational

1411
00:54:53,670 --> 00:54:49,839
abductions where it involves like

1412
00:54:57,190 --> 00:54:53,680
grandparents kids children you know

1413
00:55:05,910 --> 00:55:01,190

seem to have the old negative blood

1414

00:55:06,710 --> 00:55:05,920

now if you take that perspective into

1415

00:55:09,030 --> 00:55:06,720

into this

1416

00:55:11,109 --> 00:55:09,040

into the actual abductions and maybe

1417

00:55:12,950 --> 00:55:11,119

there is something to it

1418

00:55:15,670 --> 00:55:12,960

you know i have had people try to tell

1419

00:55:18,710 --> 00:55:15,680

me over the years that

1420

00:55:21,829 --> 00:55:18,720

you know o negative blood is uh

1421

00:55:24,470 --> 00:55:21,839

is kind of a

1422

00:55:25,750 --> 00:55:24,480

i don't know it's it just see it's just

1423

00:55:29,349 --> 00:55:25,760

not that many people

1424

00:55:32,710 --> 00:55:29,359

you know that i i'd say it was like

1425

00:55:35,829 --> 00:55:32,720

12 to 15 of the population have

1426

00:55:38,069 --> 00:55:35,839

a negative blood but it's

1427

00:55:38,870 --> 00:55:38,079

uh if i could comment on that real quick

1428

00:55:41,910 --> 00:55:38,880

too uh

1429

00:55:45,670 --> 00:55:41,920

native americans specifically are almost

1430

00:55:48,390 --> 00:55:45,680

exclusively uh oh negative blood type

1431

00:55:49,430 --> 00:55:48,400

okay well i never you know i i know a

1432

00:55:53,270 --> 00:55:49,440

lot of these came

1433

00:55:56,549 --> 00:55:53,280

from um a lot of these generations

1434

00:55:57,510 --> 00:55:56,559

started from uh you know scandinavian yo

1435

00:56:00,870 --> 00:55:57,520

in the old world

1436

00:56:02,390 --> 00:56:00,880

so i don't know how much fact there is

1437

00:56:04,230 --> 00:56:02,400

there

1438

00:56:06,309 --> 00:56:04,240

i don't know you know it just seems

1439

00:56:07,510 --> 00:56:06,319

awful bizarre that maybe there is

1440

00:56:09,589 --> 00:56:07,520

something to it

1441

00:56:11,990 --> 00:56:09,599

i haven't seen the evidence to really

1442

00:56:15,109 --> 00:56:12,000

prove it

1443

00:56:17,910 --> 00:56:15,119

i mean what do you think butch well

1444

00:56:19,030 --> 00:56:17,920

i'm gonna agree with um our good friend

1445

00:56:22,470 --> 00:56:19,040

and colleague

1446

00:56:24,390 --> 00:56:22,480

uh brian bowden who's on uh i think it

1447

00:56:25,990 --> 00:56:24,400

the the the blood type really needs to

1448

00:56:28,630 --> 00:56:26,000

be studied further

1449

00:56:29,109 --> 00:56:28,640

uh it's just like there's a researcher

1450

00:56:32,230 --> 00:56:29,119

in

1451
00:56:34,309 --> 00:56:32,240
puerto rico a research scientist who is

1452
00:56:38,150 --> 00:56:34,319
studying

1453
00:56:41,910 --> 00:56:38,160
cattle mutilations and

1454
00:56:43,430 --> 00:56:41,920
one of the fluids that

1455
00:56:45,750 --> 00:56:43,440
nobody really ever looked out and looked

1456
00:56:49,190 --> 00:56:45,760
for anything like that was the serotonin

1457
00:56:51,349 --> 00:56:49,200
in the brain and um

1458
00:56:52,710 --> 00:56:51,359
he's been looking at a lot of stuff

1459
00:56:56,230 --> 00:56:52,720
there

1460
00:56:57,349 --> 00:56:56,240
and um you know he's trying to come up

1461
00:57:00,230 --> 00:56:57,359
with a conclusion

1462
00:57:00,950 --> 00:57:00,240
as to why these cattle are mutilated but

1463
00:57:05,109 --> 00:57:00,960

that's nothing

1464

00:57:12,230 --> 00:57:09,190

it's uh there are

1465

00:57:14,630 --> 00:57:12,240

so many things going on today

1466

00:57:15,430 --> 00:57:14,640

that you know if i had if i had 10 more

1467

00:57:17,589 --> 00:57:15,440

researchers

1468

00:57:20,630 --> 00:57:17,599

i mean working right out of my house i'd

1469

00:57:27,990 --> 00:57:24,549

yeah yeah the uh the cattle mutilation

1470

00:57:30,950 --> 00:57:29,109

you know i've seen all kinds of

1471

00:57:33,349 --> 00:57:30,960

instances where there could be an

1472

00:57:35,109 --> 00:57:33,359

explanation for it

1473

00:57:36,630 --> 00:57:35,119

but you know there are others where it's

1474

00:57:38,150 --> 00:57:36,640

just so bizarre that

1475

00:57:40,230 --> 00:57:38,160

you know you really don't know why it's

1476

00:57:42,950 --> 00:57:40,240

going you know i

1477

00:57:44,230 --> 00:57:42,960

i i think i there there is something to

1478

00:57:47,829 --> 00:57:44,240

the fact

1479

00:57:50,309 --> 00:57:47,839

that there is a type of hormone or the

1480

00:57:54,309 --> 00:57:50,319

blood itself of a bovine

1481

00:57:56,950 --> 00:57:54,319

is something that they possibly use

1482

00:57:58,150 --> 00:57:56,960

for some type of uh scientific work or

1483

00:57:59,750 --> 00:57:58,160

experimental work

1484

00:58:01,510 --> 00:57:59,760

that's what that's the that's the track

1485

00:58:04,150 --> 00:58:01,520

he's on he thinks that yeah

1486

00:58:04,950 --> 00:58:04,160

that's needed for uh something that they

1487

00:58:07,990 --> 00:58:04,960

need

1488

00:58:11,349 --> 00:58:08,000

and uh but nobody ever looked at that

1489

00:58:14,390 --> 00:58:11,359

stuff uh you know uh

1490

00:58:16,150 --> 00:58:14,400

even in human mutilations and and cattle

1491

00:58:18,069 --> 00:58:16,160

mutilations and the sheep mutilations

1492

00:58:20,069 --> 00:58:18,079

over in england where

1493

00:58:22,630 --> 00:58:20,079

you know that the triangle cut behind

1494

00:58:26,069 --> 00:58:22,640

the ear and the brain was removed

1495

00:58:27,510 --> 00:58:26,079

now we never had that happen in in human

1496

00:58:28,950 --> 00:58:27,520

or cattle mutilations here in this

1497

00:58:29,910 --> 00:58:28,960

country but over there that was a

1498

00:58:31,430 --> 00:58:29,920

phenomenon

1499

00:58:34,150 --> 00:58:31,440

that continues until the day where

1500

00:58:35,430 --> 00:58:34,160

they're still finding these sheep

1501
00:58:37,430 --> 00:58:35,440
they're pretty much butchered like they

1502
00:58:40,309 --> 00:58:37,440
were yeah but now there's

1503
00:58:41,109 --> 00:58:40,319
uh right right in the front of the right

1504
00:58:44,230 --> 00:58:41,119
ear

1505
00:58:44,870 --> 00:58:44,240
is a triangle cut and it's smooth and

1506
00:58:47,910 --> 00:58:44,880
just like

1507
00:58:51,910 --> 00:58:47,920
laser cut and the brain is gone

1508
00:58:55,430 --> 00:58:51,920
and the stem and the brain stem also so

1509
00:58:58,549 --> 00:58:55,440
there has to be something that

1510
00:59:00,390 --> 00:58:58,559
they need that they're getting whichever

1511
00:59:03,589 --> 00:59:00,400
way they're getting it

1512
00:59:03,990 --> 00:59:03,599
but um you know the mutilations missing

1513
00:59:06,870 --> 00:59:04,000

people

1514

00:59:08,549 --> 00:59:06,880

all that stuff is still going on and

1515

00:59:09,589 --> 00:59:08,559

it's like i said i could i could have 10

1516

00:59:10,870 --> 00:59:09,599

more people

1517

00:59:14,950 --> 00:59:10,880

you know working right out of my house

1518

00:59:18,069 --> 00:59:17,510

yep well guys i want to thank you both

1519

00:59:21,030 --> 00:59:18,079

for coming

1520

00:59:23,589 --> 00:59:21,040

on with me tonight uh this hour went

1521

00:59:26,870 --> 00:59:23,599

back very quickly as usual

1522

00:59:30,630 --> 00:59:26,880

so uh we'll have to get you all back

1523

00:59:31,990 --> 00:59:30,640

and uh continue with this conversation

1524

00:59:39,030 --> 00:59:32,000

so thanks again have a great

1525

00:59:42,549 --> 00:59:40,630

now if you've had an unexplained

1526

00:59:44,630 --> 00:59:42,559

encounter of sighting

1527

00:59:46,069 --> 00:59:44,640

uh please feel free to contact me

1528

00:59:48,150 --> 00:59:46,079

through the phantoms of monsters blog

1529

00:59:50,390 --> 00:59:48,160

site now once again thank butch

1530

00:59:52,150 --> 00:59:50,400

witkowski and vincent richardson for

1531

00:59:54,789 --> 00:59:52,160

joining me this evening

1532

00:59:56,549 --> 00:59:54,799

and thanks to each and all of you for

1533

00:59:58,710 --> 00:59:56,559

watching and chatting now if you you

1534

01:00:01,670 --> 00:59:58,720

made a super chat donation

1535

01:00:02,630 --> 01:00:01,680

it's truly appreciated your support is

1536

01:00:05,910 --> 01:00:02,640

what makes this

1537

01:00:10,309 --> 01:00:05,920

all possible so please like subscribe

1538

01:00:11,990 --> 01:00:10,319

and share uh next week

1539

01:00:13,670 --> 01:00:12,000

i haven't even looked who i have next

1540

01:00:17,190 --> 01:00:13,680

week but i think i've got

1541

01:00:20,150 --> 01:00:17,200

tanya derenberger on and

1542

01:00:20,470 --> 01:00:20,160

uh she's got a very interesting story

1543

01:00:28,309 --> 01:00:20,480

her

1544

01:00:29,349 --> 01:00:28,319

and uh if you're familiar with the

1545

01:00:31,430 --> 01:00:29,359

injured cold

1546

01:00:33,030 --> 01:00:31,440

story then you know who woodrow

1547

01:00:34,789 --> 01:00:33,040

darrenberger is well she's kind of

1548

01:00:37,910 --> 01:00:34,799

followed up with the

1549

01:00:41,349 --> 01:00:37,920

the story and has written a book and

1550

01:00:42,069 --> 01:00:41,359

uh her uh her appearance will be pretty

1551

01:00:45,750 --> 01:00:42,079

interesting

1552

01:00:47,829 --> 01:00:45,760

so uh we're gonna go do a deep dive into

1553

01:00:48,470 --> 01:00:47,839

the rabbit hole next week so until next

1554

01:00:50,789 --> 01:00:48,480

week

1555

01:01:01,110 --> 01:00:50,799

stay healthy and have a safe enjoyable

1556

01:01:01,120 --> 01:01:13,760

[Music]

1557

01:01:13,770 --> 01:01:22,829

[Applause]

1558

01:01:22,839 --> 01:01:38,820

so

1559

01:01:38,830 --> 01:01:50,829

[Music]
