

PHANTOMS & MONSTERS

R A D I O

CHICAGO / O'HARE

MOTHMAN UPDATE

TOBIAS WAYLAND & MANUEL NAVARETTE

FRIDAY, FEBRUARY 4TH @ 9PM EASTERN

1
00:00:04,150 --> 00:00:14,549
[Music]

2
00:00:18,790 --> 00:00:17,269
we live in a reality of phantoms and

3
00:00:21,830 --> 00:00:18,800
monsters

4
00:00:23,029 --> 00:00:21,840
they exist among us and sometimes they

5
00:00:26,390 --> 00:00:23,039
win

6
00:00:28,870 --> 00:00:26,400
even the devil was an angel once

7
00:00:31,910 --> 00:00:28,880
the world has its own rules

8
00:00:34,709 --> 00:00:31,920
and these rules are not human

9
00:00:37,030 --> 00:00:34,719
some of us seek answers to the origin

10
00:00:39,030 --> 00:00:37,040
and existence of cryptids in the

11
00:00:42,389 --> 00:00:39,040
unexplained

12
00:00:44,709 --> 00:00:42,399
join us as we venture beyond the known

13
00:00:46,869 --> 00:00:44,719

and accepted boundaries

14

00:00:52,980 --> 00:00:46,879

welcome to our nightmare

15

00:01:04,549 --> 00:01:02,389

[Music]

16

00:01:07,510 --> 00:01:04,559

folks good evening and welcome to the

17

00:01:09,910 --> 00:01:07,520

start of phantoms and monsters radio

18

00:01:12,390 --> 00:01:09,920

where we explore the unexplained

19

00:01:14,630 --> 00:01:12,400

live on youtube i'm your host lon

20

00:01:17,749 --> 00:01:14,640

strickler coming to you within a cannon

21

00:01:20,710 --> 00:01:17,759

shot of the howell fields of gettysburg

22

00:01:22,950 --> 00:01:20,720

pennsylvania and thanks for joining us

23

00:01:25,510 --> 00:01:22,960

now phantoms of monsters radio channel

24

00:01:27,910 --> 00:01:25,520

is made possible by you liking

25

00:01:29,990 --> 00:01:27,920

subscribing and sharing our programming

26

00:01:31,990 --> 00:01:30,000

super chat donations

27

00:01:34,310 --> 00:01:32,000

are essential for us to continue

28

00:01:36,870 --> 00:01:34,320

offering your neat content

29

00:01:38,830 --> 00:01:36,880

and your consideration is very much

30

00:01:42,789 --> 00:01:38,840

appreciated so

31

00:01:44,870 --> 00:01:42,799

tonight we have tobias whalen and manuel

32

00:01:46,550 --> 00:01:44,880

nabaret of the families of monsters 14

33

00:01:47,670 --> 00:01:46,560

research team

34

00:01:49,109 --> 00:01:47,680

um

35

00:01:49,990 --> 00:01:49,119

tobias

36

00:01:53,270 --> 00:01:50,000

is

37

00:01:55,270 --> 00:01:53,280

and

38

00:01:58,469 --> 00:01:55,280

cheap bottle washer over

39

00:01:59,830 --> 00:01:58,479

the singular fortune society

40

00:02:01,429 --> 00:01:59,840

and uh

41

00:02:04,870 --> 00:02:01,439

uh manuel

42

00:02:07,109 --> 00:02:04,880

also runs ufo clearing house so guys

43

00:02:09,109 --> 00:02:07,119

thanks for coming on this evening

44

00:02:11,830 --> 00:02:09,119

oh my pleasure thank you thanks yeah

45

00:02:12,869 --> 00:02:11,840

thanks for having me

46

00:02:14,150 --> 00:02:12,879

so

47

00:02:16,710 --> 00:02:14,160

you know

48

00:02:18,390 --> 00:02:16,720

i i i was trying to figure out where we

49

00:02:19,589 --> 00:02:18,400

left off at the last time we were

50

00:02:22,630 --> 00:02:19,599

together now

51
00:02:24,229 --> 00:02:22,640
i i know we had talked about a bit about

52
00:02:27,589 --> 00:02:24,239
the um

53
00:02:30,550 --> 00:02:27,599
the unseen ones the winged ones and such

54
00:02:33,110 --> 00:02:30,560
and uh but the last we the one the last

55
00:02:35,589 --> 00:02:33,120
case that came the case that came after

56
00:02:40,070 --> 00:02:35,599
the last time we were together

57
00:02:42,710 --> 00:02:40,080
was this uh wing being that was seen

58
00:02:45,110 --> 00:02:42,720
uh in this i guess there's a south

59
00:02:48,070 --> 00:02:45,120
western part of the airport

60
00:02:50,390 --> 00:02:48,080
uh it was reported by manuel uh report

61
00:02:53,509 --> 00:02:50,400
you know seen by a security guard

62
00:02:55,270 --> 00:02:53,519
and there was also a large boomerang ufo

63
00:02:56,869 --> 00:02:55,280

uh as well

64

00:02:58,790 --> 00:02:56,879

so man well why don't you tell us a bit

65

00:03:02,309 --> 00:02:58,800

about that kate

66

00:03:04,630 --> 00:03:02,319

okay well the gentleman was the uh

67

00:03:05,509 --> 00:03:04,640

he is one of the uh security guards out

68

00:03:09,030 --> 00:03:05,519

there

69

00:03:10,229 --> 00:03:09,040

um private security firm um his job was

70

00:03:12,390 --> 00:03:10,239

to basically

71

00:03:14,710 --> 00:03:12,400

uh watch over a uh

72

00:03:16,949 --> 00:03:14,720

it's kind of like an asphalt processing

73

00:03:18,470 --> 00:03:16,959

plant one of those mobile

74

00:03:20,470 --> 00:03:18,480

asphalt plants

75

00:03:23,350 --> 00:03:20,480

that they have set up around the airport

76

00:03:26,229 --> 00:03:23,360

uh because of the expansion um

77

00:03:27,589 --> 00:03:26,239

he says that it's very fairly routine

78

00:03:29,750 --> 00:03:27,599

just you know

79

00:03:32,229 --> 00:03:29,760

occasionally run off the occasional

80

00:03:33,670 --> 00:03:32,239

homeless guy or the like he's he said

81

00:03:36,229 --> 00:03:33,680

the horny teenagers who think they're

82

00:03:38,789 --> 00:03:36,239

gonna find a place to park out there

83

00:03:39,830 --> 00:03:38,799

so he said a lot of it is usually pretty

84

00:03:41,589 --> 00:03:39,840

uh

85

00:03:44,149 --> 00:03:41,599

you know routine but

86

00:03:46,470 --> 00:03:44,159

this night he was sitting there um

87

00:03:48,869 --> 00:03:46,480

and he thought he heard something so he

88

00:03:50,229 --> 00:03:48,879

got out started looking around

89

00:03:52,789 --> 00:03:50,239

um

90

00:03:55,750 --> 00:03:52,799

runs into a being seven foot tall being

91

00:03:57,270 --> 00:03:55,760

with red eyes with wings

92

00:04:00,550 --> 00:03:57,280

and

93

00:04:03,429 --> 00:04:00,560

the being just basically looked at him

94

00:04:05,589 --> 00:04:03,439

um and he says like within like a few

95

00:04:07,670 --> 00:04:05,599

seconds of that happening the whole area

96

00:04:09,509 --> 00:04:07,680

just lit up

97

00:04:11,110 --> 00:04:09,519

um he says they mean he could see

98

00:04:15,589 --> 00:04:11,120

equipment he could read labels

99

00:04:17,349 --> 00:04:15,599

everything and he says he looked up and

100

00:04:20,229 --> 00:04:17,359

you know it lit up for a few seconds

101
00:04:21,590 --> 00:04:20,239
when it was done he says that um

102
00:04:23,990 --> 00:04:21,600
the um

103
00:04:26,150 --> 00:04:24,000
above him was a large triangular shaped

104
00:04:27,030 --> 00:04:26,160
you know object

105
00:04:28,469 --> 00:04:27,040
and

106
00:04:30,310 --> 00:04:28,479
at first i was asking you know what

107
00:04:32,070 --> 00:04:30,320
could have been a plane you know planes

108
00:04:33,510 --> 00:04:32,080
fly overhead if you look at them from a

109
00:04:34,950 --> 00:04:33,520
certain angle they look like triangular

110
00:04:37,030 --> 00:04:34,960
shaped objects

111
00:04:39,350 --> 00:04:37,040
um especially when they got you know

112
00:04:40,469 --> 00:04:39,360
their landing lights on or you know at

113
00:04:42,950 --> 00:04:40,479

takeoff

114

00:04:45,430 --> 00:04:42,960

but he said no this thing was standing

115

00:04:47,590 --> 00:04:45,440

still and wasn't making noise a plane is

116

00:04:49,430 --> 00:04:47,600

flying over it's making a ton of noise

117

00:04:51,990 --> 00:04:49,440

as it's taken off

118

00:04:54,629 --> 00:04:52,000

um which i live in the glide path and

119

00:04:55,350 --> 00:04:54,639

you know take off path of o'hare trust

120

00:04:57,350 --> 00:04:55,360

me

121

00:04:58,790 --> 00:04:57,360

they can they can

122

00:05:00,390 --> 00:04:58,800

you know make a ton of noise as they're

123

00:05:03,350 --> 00:05:00,400

flying overhead

124

00:05:06,950 --> 00:05:03,360

um but he says that this thing

125

00:05:09,110 --> 00:05:06,960

you know slowly started moving away and

126

00:05:10,710 --> 00:05:09,120

he was asking you know outside give me a

127

00:05:11,749 --> 00:05:10,720

kind of a

128

00:05:13,350 --> 00:05:11,759

um

129

00:05:15,350 --> 00:05:13,360

kind of give me what you a description

130

00:05:18,790 --> 00:05:15,360

of what you mean by slowly moving away

131

00:05:20,950 --> 00:05:18,800

um and he says it was moving but it

132

00:05:22,070 --> 00:05:20,960

wasn't moving

133

00:05:24,310 --> 00:05:22,080

um

134

00:05:26,950 --> 00:05:24,320

really fast like it was taking his time

135

00:05:28,710 --> 00:05:26,960

to get out of there he says and it kept

136

00:05:31,189 --> 00:05:28,720

rising higher as it got away and

137

00:05:33,670 --> 00:05:31,199

eventually just disappeared

138

00:05:36,310 --> 00:05:33,680

um but he said that the uh

139

00:05:38,710 --> 00:05:36,320

the creature that was he had seen

140

00:05:41,749 --> 00:05:38,720

was apparently pretty agitated

141

00:05:44,469 --> 00:05:41,759

um and was you know

142

00:05:46,629 --> 00:05:44,479

took off into the night so it's kind of

143

00:05:49,029 --> 00:05:46,639

strange you know it's a very strange he

144

00:05:51,510 --> 00:05:49,039

said it was um

145

00:05:53,270 --> 00:05:51,520

it was a very uh frightening experience

146

00:05:55,270 --> 00:05:53,280

for him he says he went back to his

147

00:05:56,870 --> 00:05:55,280

truck and he stayed there

148

00:05:58,309 --> 00:05:56,880

you know didn't unlock the doors or

149

00:06:00,629 --> 00:05:58,319

anything and you know we're talking

150

00:06:01,670 --> 00:06:00,639

about an armed security guard

151
00:06:03,110 --> 00:06:01,680
um

152
00:06:06,150 --> 00:06:03,120
that you know

153
00:06:08,309 --> 00:06:06,160
it scared him and he said you know

154
00:06:10,629 --> 00:06:08,319
eventually he did return back to work at

155
00:06:13,430 --> 00:06:10,639
that same site but

156
00:06:15,990 --> 00:06:13,440
he did say that it was a very strange um

157
00:06:17,749 --> 00:06:16,000
encounter um and he had not heard about

158
00:06:19,189 --> 00:06:17,759
the mosque you know about the chicago

159
00:06:21,909 --> 00:06:19,199
mosque man or any of the sightings at

160
00:06:24,629 --> 00:06:21,919
o'hare until he had actually gone online

161
00:06:25,909 --> 00:06:24,639
and you know found you know the reports

162
00:06:28,070 --> 00:06:25,919
and everything that's when he made his

163
00:06:30,790 --> 00:06:28,080

report

164

00:06:37,110 --> 00:06:32,830

you know

165

00:06:40,550 --> 00:06:37,120

um this ufo activity

166

00:06:43,990 --> 00:06:40,560

at the airport in the association with

167

00:06:46,950 --> 00:06:44,000

the unseen ones are these wing beans

168

00:06:51,670 --> 00:06:49,029

apparently through the communications

169

00:06:54,629 --> 00:06:51,680

and this is what i got from you know

170

00:06:57,270 --> 00:06:54,639

jennifer from bernadette that

171

00:06:58,629 --> 00:06:57,280

and i think manuel made note of it too

172

00:07:01,749 --> 00:06:58,639

that

173

00:07:06,469 --> 00:07:01,759

they seem to be followed by these these

174

00:07:11,029 --> 00:07:06,479

ufo and whoever's flying the ufos around

175

00:07:13,270 --> 00:07:11,039

uh is that what you made out on manuel

176

00:07:15,990 --> 00:07:13,280

well i mean o'hare's quite had quite a

177

00:07:17,589 --> 00:07:16,000

long history when it comes to ufos in

178

00:07:19,430 --> 00:07:17,599

and around there i mean the most famous

179

00:07:21,510 --> 00:07:19,440

one being the the one that i've seen

180

00:07:23,510 --> 00:07:21,520

over terminal three i believe that

181

00:07:25,189 --> 00:07:23,520

punched a hole in the uh

182

00:07:28,150 --> 00:07:25,199

in the uh

183

00:07:30,150 --> 00:07:28,160

in the clouds you know but there's been

184

00:07:32,070 --> 00:07:30,160

i mean we've had the one that was seen

185

00:07:34,309 --> 00:07:32,080

over the airport we there have been

186

00:07:35,350 --> 00:07:34,319

multiple uh sightings

187

00:07:37,749 --> 00:07:35,360

of like

188

00:07:39,589 --> 00:07:37,759

you know cigar shaped egg shape you know

189

00:07:40,710 --> 00:07:39,599

basically every shape of the unit you

190

00:07:43,430 --> 00:07:40,720

can think of

191

00:07:45,430 --> 00:07:43,440

we've had you know entity sightings

192

00:07:46,629 --> 00:07:45,440

you know gray alien entity sightings at

193

00:07:50,070 --> 00:07:46,639

the airport

194

00:07:51,430 --> 00:07:50,080

so kind of makes me think that um

195

00:07:53,110 --> 00:07:51,440

you know there's got to be something

196

00:07:54,950 --> 00:07:53,120

hand in hand going

197

00:07:56,869 --> 00:07:54,960

you know on at the airport you know

198

00:07:58,469 --> 00:07:56,879

we've already more or less established

199

00:08:01,670 --> 00:07:58,479

that there's something

200

00:08:04,550 --> 00:08:01,680

going on at the airport um

201
00:08:06,390 --> 00:08:04,560
aside from planes i mean there's been a

202
00:08:08,869 --> 00:08:06,400
lot of military activity there there's

203
00:08:10,070 --> 00:08:08,879
been a lot of strange you know

204
00:08:12,390 --> 00:08:10,080
happenings

205
00:08:14,950 --> 00:08:12,400
at that airport so i kind of think that

206
00:08:18,390 --> 00:08:14,960
yeah it kind of goes hand in hand i mean

207
00:08:20,550 --> 00:08:18,400
and we've had multiple um

208
00:08:23,510 --> 00:08:20,560
sightings reports and stuff in the

209
00:08:24,950 --> 00:08:23,520
course since the this whole flap began

210
00:08:27,189 --> 00:08:24,960
um

211
00:08:28,469 --> 00:08:27,199
in the city of chicago with ufos being

212
00:08:30,790 --> 00:08:28,479
associated

213
00:08:34,149 --> 00:08:30,800

with these sightings as well

214

00:08:35,190 --> 00:08:34,159

what's your take on that tobias

215

00:08:37,430 --> 00:08:35,200

well now

216

00:08:40,230 --> 00:08:37,440

this uh this this lady

217

00:08:42,389 --> 00:08:40,240

i'm sorry this this latest uh reported

218

00:08:44,949 --> 00:08:42,399

witness now is is this the uh the

219

00:08:47,430 --> 00:08:44,959

individual that um i was given the the

220

00:08:50,150 --> 00:08:47,440

email contact info for

221

00:08:54,230 --> 00:08:50,160

no that was i believe the truck driver

222

00:08:57,269 --> 00:08:54,240

yeah that was the one at uh usps sorting

223

00:08:59,910 --> 00:08:57,279

this was uh back in uh

224

00:09:01,509 --> 00:08:59,920

this one with the security guard was in

225

00:09:02,870 --> 00:09:01,519

september

226

00:09:06,550 --> 00:09:02,880

oh okay

227

00:09:10,630 --> 00:09:08,470

you know they're well they're doing some

228

00:09:12,630 --> 00:09:10,640

major overhauling work over there at the

229

00:09:15,670 --> 00:09:12,640

airport anyway i mean

230

00:09:17,750 --> 00:09:15,680

was this site part of that uh emanuel

231

00:09:19,670 --> 00:09:17,760

yeah it's uh

232

00:09:23,030 --> 00:09:19,680

i went out there a couple of times and

233

00:09:24,630 --> 00:09:23,040

i've i've also um passed it i know where

234

00:09:26,790 --> 00:09:24,640

it's at you gotta pass it to go to the

235

00:09:28,630 --> 00:09:26,800

cargo facilities on the

236

00:09:31,590 --> 00:09:28,640

on the far north side of this of the

237

00:09:33,430 --> 00:09:31,600

airport but um it's basically a like a

238

00:09:36,630 --> 00:09:33,440

rock crusher

239

00:09:38,389 --> 00:09:36,640

kind of facility where they make um

240

00:09:40,070 --> 00:09:38,399

i i think across the street they make

241

00:09:42,710 --> 00:09:40,080

like cement but this one i think they

242

00:09:44,710 --> 00:09:42,720

make like asphalt or something like that

243

00:09:47,509 --> 00:09:44,720

uh as part of the airport it's just like

244

00:09:49,350 --> 00:09:47,519

a mobile on-site um

245

00:09:51,670 --> 00:09:49,360

site i guess if you want to say it but

246

00:09:53,430 --> 00:09:51,680

uh just um so that they don't have to

247

00:09:55,110 --> 00:09:53,440

run back and forth you know to wherever

248

00:09:56,630 --> 00:09:55,120

they go get uh

249

00:09:59,509 --> 00:09:56,640

the material they can actually just make

250

00:10:01,590 --> 00:09:59,519

the material there on site um

251
00:10:03,670 --> 00:10:01,600
so they got like this mobile

252
00:10:04,470 --> 00:10:03,680
there's a huge like mobile rock crusher

253
00:10:07,509 --> 00:10:04,480
there

254
00:10:09,269 --> 00:10:07,519
uh a bunch of uh you know containers and

255
00:10:10,710 --> 00:10:09,279
tanks and stuff like that i'm not

256
00:10:12,630 --> 00:10:10,720
exactly sure

257
00:10:14,389 --> 00:10:12,640
what the whole operation is but i know

258
00:10:16,069 --> 00:10:14,399
that they you see a lot of uh dump

259
00:10:18,389 --> 00:10:16,079
trucks a lot of cement trucks and a lot

260
00:10:21,750 --> 00:10:18,399
of like

261
00:10:23,030 --> 00:10:21,760
the short-tailed um

262
00:10:24,710 --> 00:10:23,040
dump trucks

263
00:10:25,910 --> 00:10:24,720

out there that they use to haul asphalt

264

00:10:28,470 --> 00:10:25,920

around so

265

00:10:30,790 --> 00:10:28,480

um my guess is that this is like a

266

00:10:32,870 --> 00:10:30,800

facility that's was put there

267

00:10:34,389 --> 00:10:32,880

as part of the expansion

268

00:10:36,630 --> 00:10:34,399

um

269

00:10:38,150 --> 00:10:36,640

and uh it was also by by that site where

270

00:10:40,069 --> 00:10:38,160

they started making the where they made

271

00:10:42,310 --> 00:10:40,079

the new radar station

272

00:10:43,910 --> 00:10:42,320

that they put up a couple of years ago

273

00:10:45,590 --> 00:10:43,920

that's across the street basically

274

00:10:48,310 --> 00:10:45,600

across the street

275

00:10:50,790 --> 00:10:48,320

from from that facility so

276

00:10:52,870 --> 00:10:50,800

yeah it's it's basically there just to

277

00:10:55,990 --> 00:10:52,880

facilitate the the expansion of the

278

00:10:56,000 --> 00:10:58,790

okay

279

00:11:02,389 --> 00:11:01,030

anything to add to that um

280

00:11:03,829 --> 00:11:02,399

tobias

281

00:11:05,750 --> 00:11:03,839

well you know that

282

00:11:07,829 --> 00:11:05,760

that's interesting to me you know you

283

00:11:11,190 --> 00:11:07,839

you hear a lot about

284

00:11:13,509 --> 00:11:11,200

say in in cases of uh you know

285

00:11:15,350 --> 00:11:13,519

reported hauntings for instance uh

286

00:11:17,670 --> 00:11:15,360

anytime there's there's some kind of

287

00:11:18,630 --> 00:11:17,680

renovation or or building or something

288

00:11:22,310 --> 00:11:18,640

going on

289

00:11:24,310 --> 00:11:22,320

on in uh existing structure it can sort

290

00:11:26,389 --> 00:11:24,320

of stir things up right

291

00:11:29,350 --> 00:11:26,399

and so when i hear about somebody having

292

00:11:31,990 --> 00:11:29,360

a winged humanoid sighting at this sort

293

00:11:35,350 --> 00:11:32,000

of like active uh construction site

294

00:11:38,389 --> 00:11:35,360

that's that that that's purpose is to

295

00:11:39,829 --> 00:11:38,399

help uh expand the the airport i i can't

296

00:11:41,829 --> 00:11:39,839

help but think that there's a

297

00:11:44,790 --> 00:11:41,839

possibility those things could be

298

00:11:47,030 --> 00:11:44,800

related now you know uh manuel mentioned

299

00:11:48,470 --> 00:11:47,040

that the uh the the being seemed

300

00:11:51,190 --> 00:11:48,480

agitated

301
00:11:52,870 --> 00:11:51,200
to the the the witness you know could

302
00:11:53,990 --> 00:11:52,880
could there be some sort of connection

303
00:11:57,430 --> 00:11:54,000
between

304
00:12:01,110 --> 00:11:57,440
uh winged beings and specific areas that

305
00:12:03,110 --> 00:12:01,120
uh uh or whereby you know if this

306
00:12:04,470 --> 00:12:03,120
specific area was was being messed with

307
00:12:07,509 --> 00:12:04,480
in a certain way

308
00:12:10,629 --> 00:12:07,519
it uh it would cause them um some sort

309
00:12:13,590 --> 00:12:10,639
of distress say

310
00:12:15,829 --> 00:12:13,600
yeah there could be i mean i i honestly

311
00:12:18,470 --> 00:12:15,839
think that you know

312
00:12:20,470 --> 00:12:18,480
they kind of work hand in hand um

313
00:12:23,030 --> 00:12:20,480

with it and i do you know i know like

314

00:12:25,750 --> 00:12:23,040

you said i've there's been many cases in

315

00:12:28,150 --> 00:12:25,760

the with ghost hunting and stuff

316

00:12:29,829 --> 00:12:28,160

and paranormal where someone's bought

317

00:12:31,990 --> 00:12:29,839

the house and they started renovating it

318

00:12:34,150 --> 00:12:32,000

and all of a sudden you know basically

319

00:12:35,509 --> 00:12:34,160

all hell breaks loose because they hear

320

00:12:36,870 --> 00:12:35,519

it all the time they're tearing

321

00:12:38,710 --> 00:12:36,880

something apart

322

00:12:40,550 --> 00:12:38,720

but you know this

323

00:12:42,470 --> 00:12:40,560

please remember also that

324

00:12:43,750 --> 00:12:42,480

that is not too far away from that part

325

00:12:46,710 --> 00:12:43,760

of the airport where they had to tear up

326

00:12:48,710 --> 00:12:46,720

the cemetery they actually had to uh um

327

00:12:50,310 --> 00:12:48,720

elk grove village i believe it was where

328

00:12:52,870 --> 00:12:50,320

that they had to uh

329

00:12:55,269 --> 00:12:52,880

relocate the entire graves out and they

330

00:12:57,350 --> 00:12:55,279

were fighting for it to keep it there

331

00:12:59,670 --> 00:12:57,360

the only reason resthaven has not been

332

00:13:01,509 --> 00:12:59,680

disturbed is it's kind of tucked out of

333

00:13:03,670 --> 00:13:01,519

the way and number two i think it's a

334

00:13:05,750 --> 00:13:03,680

it's a historical landmark

335

00:13:06,550 --> 00:13:05,760

um so they're not allowed to touch it

336

00:13:08,629 --> 00:13:06,560

but

337

00:13:10,470 --> 00:13:08,639

i remembered a big uh controversy

338

00:13:12,949 --> 00:13:10,480

because one of the airport uh runways

339

00:13:15,030 --> 00:13:12,959

was going to be built or expanded out so

340

00:13:15,910 --> 00:13:15,040

it was going to have to move a bunch of

341

00:13:17,670 --> 00:13:15,920

uh

342

00:13:20,550 --> 00:13:17,680

of graves that were there some of them

343

00:13:21,750 --> 00:13:20,560

had been there for you know 150 years

344

00:13:24,470 --> 00:13:21,760

um

345

00:13:25,509 --> 00:13:24,480

you know so yeah i i i can see that

346

00:13:28,710 --> 00:13:25,519

happening

347

00:13:29,670 --> 00:13:28,720

um but we've had such a

348

00:13:31,990 --> 00:13:29,680

you know

349

00:13:34,710 --> 00:13:32,000

multitude of sightings in and around not

350

00:13:35,590 --> 00:13:34,720

only just at the airport but you know in

351
00:13:40,069 --> 00:13:35,600
you know

352
00:13:43,030 --> 00:13:40,079
sightings of the humanoids you've had

353
00:13:45,430 --> 00:13:43,040
ufo sightings uh we've had the one

354
00:13:46,949 --> 00:13:45,440
gentleman who saw the wing humanoid come

355
00:13:49,509 --> 00:13:46,959
out of the woods

356
00:13:51,910 --> 00:13:49,519
uh the uber driver um

357
00:13:53,990 --> 00:13:51,920
that saw it come out of the woods and

358
00:13:56,310 --> 00:13:54,000
take off and he said he that was the one

359
00:13:58,710 --> 00:13:56,320
i remembered the most because it he said

360
00:14:00,710 --> 00:13:58,720
it smelled like ammonia

361
00:14:02,470 --> 00:14:00,720
yeah that was one of the original ones

362
00:14:05,590 --> 00:14:02,480
the one that actually got reported to

363
00:14:06,550 --> 00:14:05,600

mufon first and we took it over

364

00:14:09,910 --> 00:14:06,560

and

365

00:14:11,829 --> 00:14:09,920

what really struck me on that one was um

366

00:14:12,710 --> 00:14:11,839

i cannot remember the name of the case

367

00:14:14,629 --> 00:14:12,720

uh

368

00:14:16,870 --> 00:14:14,639

might be the i think you might know what

369

00:14:19,350 --> 00:14:16,880

i'm talking about tobias um it happened

370

00:14:21,670 --> 00:14:19,360

in brazil where the they had been like a

371

00:14:23,509 --> 00:14:21,680

ufo sighting the night before and there

372

00:14:24,470 --> 00:14:23,519

was a little village and they had caught

373

00:14:26,230 --> 00:14:24,480

uh

374

00:14:28,470 --> 00:14:26,240

two entities

375

00:14:31,110 --> 00:14:28,480

there the children had seen the entities

376

00:14:33,910 --> 00:14:31,120

against the building and there was like

377

00:14:35,990 --> 00:14:33,920

a really strong smell of ammonia that

378

00:14:37,990 --> 00:14:36,000

actually sickened a bunch of people

379

00:14:40,550 --> 00:14:38,000

before the military swooped in and and

380

00:14:43,990 --> 00:14:40,560

took care of you know took them out

381

00:14:46,389 --> 00:14:44,000

um it kind of reminded me of the ragna

382

00:14:49,350 --> 00:14:46,399

is that what it was called i believe so

383

00:14:52,150 --> 00:14:49,360

i'm going to look it up real quick uh

384

00:14:54,790 --> 00:14:53,670

yeah that's a pretty famous case

385

00:14:55,670 --> 00:14:54,800

actually

386

00:15:08,949 --> 00:14:55,680

yeah

387

00:15:11,350 --> 00:15:08,959

a ufo incident uh in 1996.

388

00:15:12,710 --> 00:15:11,360

um they were talking about how they had

389

00:15:15,509 --> 00:15:12,720

uh

390

00:15:17,590 --> 00:15:15,519

they had a very very strong smell

391

00:15:19,509 --> 00:15:17,600

of uh ammonia

392

00:15:20,870 --> 00:15:19,519

that had actually sickened a whole lot

393

00:15:23,110 --> 00:15:20,880

of people

394

00:15:24,310 --> 00:15:23,120

uh when these things were caught and

395

00:15:26,710 --> 00:15:24,320

they were captured eventually by the

396

00:15:29,829 --> 00:15:26,720

brazilian military so

397

00:15:32,790 --> 00:15:29,839

um that kind of really really just uh

398

00:15:34,550 --> 00:15:32,800

struck me out struck out to me when that

399

00:15:37,430 --> 00:15:34,560

sighting was reported

400

00:15:38,389 --> 00:15:37,440

that uh it kind of reminded me of that

401
00:15:40,310 --> 00:15:38,399
um

402
00:15:42,790 --> 00:15:40,320
and we've had of course you know the

403
00:15:45,189 --> 00:15:42,800
grade inciting some a couple of truckers

404
00:15:46,870 --> 00:15:45,199
had reported they thought it was a child

405
00:15:48,949 --> 00:15:46,880
walking along the

406
00:15:50,470 --> 00:15:48,959
where the cargo area was and they were

407
00:15:52,230 --> 00:15:50,480
you know somebody had abandoned a little

408
00:15:53,910 --> 00:15:52,240
child around there and you know there's

409
00:15:56,150 --> 00:15:53,920
a lot of semis that come flying around

410
00:15:58,710 --> 00:15:56,160
that corner they didn't want to get hit

411
00:15:59,749 --> 00:15:58,720
and it turns out to be a grey alien

412
00:16:01,509 --> 00:15:59,759
um

413
00:16:03,829 --> 00:16:01,519

so yeah it's

414

00:16:06,389 --> 00:16:03,839

really gets me that uh a lot of these

415

00:16:11,189 --> 00:16:06,399

sightings are going hand in hand with uh

416

00:16:16,790 --> 00:16:13,910

well you know like i said according uh

417

00:16:18,629 --> 00:16:16,800

to these beings um

418

00:16:20,470 --> 00:16:18,639

they're being chased by these

419

00:16:24,150 --> 00:16:20,480

extraterrestrials or beings that are

420

00:16:25,990 --> 00:16:24,160

within these these crafts so you know i

421

00:16:28,230 --> 00:16:26,000

don't know what the whole relationship

422

00:16:30,949 --> 00:16:28,240

is there i don't know if they're just

423

00:16:33,910 --> 00:16:30,959

being harassed or chased down

424

00:16:35,990 --> 00:16:33,920

or what the deal is but i i know they're

425

00:16:37,829 --> 00:16:36,000

they're cognizant of it and they know

426
00:16:40,949 --> 00:16:37,839
about it and

427
00:16:44,230 --> 00:16:42,470
so anyway

428
00:16:45,350 --> 00:16:44,240
um

429
00:16:47,430 --> 00:16:45,360
go ahead

430
00:16:48,829 --> 00:16:47,440
i i was just going to say i mean that

431
00:16:51,910 --> 00:16:48,839
the whole thing is

432
00:16:54,310 --> 00:16:51,920
is so strange and

433
00:16:55,829 --> 00:16:54,320
the the the threads

434
00:17:00,710 --> 00:16:55,839
so

435
00:17:02,389 --> 00:17:00,720
construction when you try to actually

436
00:17:05,669 --> 00:17:02,399
navigate them to

437
00:17:08,230 --> 00:17:05,679
to to discern what might actually be be

438
00:17:11,669 --> 00:17:08,240

uh happening you know it it it reminds

439

00:17:14,470 --> 00:17:11,679

me we had uh in in estes uh session uh

440

00:17:17,590 --> 00:17:14,480

recently right uh right here in our our

441

00:17:18,630 --> 00:17:17,600

library actually and um and emily was

442

00:17:20,870 --> 00:17:18,640

being the

443

00:17:23,750 --> 00:17:20,880

control so she had the the you know the

444

00:17:26,789 --> 00:17:23,760

headphones and the uh the blinder and

445

00:17:29,990 --> 00:17:26,799

and everything on and um

446

00:17:30,950 --> 00:17:30,000

we had you know sort of specifically and

447

00:17:32,789 --> 00:17:30,960

and

448

00:17:34,070 --> 00:17:32,799

uh intentionally

449

00:17:37,029 --> 00:17:34,080

uh

450

00:17:39,590 --> 00:17:37,039

attempted to to contact the the unseen

451
00:17:41,990 --> 00:17:39,600
one specifically you know using that

452
00:17:44,549 --> 00:17:42,000
that specific name and

453
00:17:45,590 --> 00:17:44,559
something certainly seemed to come

454
00:17:47,430 --> 00:17:45,600
through

455
00:17:49,190 --> 00:17:47,440
and and i couldn't tell you

456
00:17:52,070 --> 00:17:49,200
what it was but it seemed very very

457
00:17:53,110 --> 00:17:52,080
reluctant sort of to to talk to us

458
00:17:55,750 --> 00:17:53,120
um

459
00:17:58,150 --> 00:17:55,760
and uh you know the the the message that

460
00:18:00,870 --> 00:17:58,160
kept coming through was was no

461
00:18:01,750 --> 00:18:00,880
wait uh uh later

462
00:18:03,669 --> 00:18:01,760
um

463
00:18:06,310 --> 00:18:03,679

and uh and that was just so strange

464

00:18:08,549 --> 00:18:06,320

especially considering uh some of the

465

00:18:10,470 --> 00:18:08,559

the spirit box results that we got out

466

00:18:13,270 --> 00:18:10,480

in the uh the southern unit of the the

467

00:18:16,310 --> 00:18:13,280

kettle moraine state forest um that that

468

00:18:19,510 --> 00:18:16,320

were much clearer and some of those

469

00:18:22,630 --> 00:18:19,520

just you know uh uh out of my my uh

470

00:18:24,789 --> 00:18:22,640

memory were things like uh that we were

471

00:18:27,270 --> 00:18:24,799

being watched being probed

472

00:18:30,390 --> 00:18:27,280

uh and and we would see these lights out

473

00:18:33,110 --> 00:18:30,400

there and the the lights would seemingly

474

00:18:35,510 --> 00:18:33,120

follow us and it seemed like those were

475

00:18:36,870 --> 00:18:35,520

you know one of one of the the means of

476

00:18:37,669 --> 00:18:36,880

of watching us

477

00:18:39,990 --> 00:18:37,679

so

478

00:18:43,350 --> 00:18:40,000

it makes me wonder then you know what

479

00:18:46,230 --> 00:18:43,360

necessarily we might have actually been

480

00:18:48,789 --> 00:18:46,240

in in in contact like with whom were

481

00:18:49,590 --> 00:18:48,799

were we really speaking frankly

482

00:18:51,909 --> 00:18:49,600

um

483

00:18:54,870 --> 00:18:51,919

you know so like you say that that you

484

00:18:57,510 --> 00:18:54,880

have communicated uh or or or bernadette

485

00:18:59,430 --> 00:18:57,520

has communicated with uh with certain

486

00:19:01,669 --> 00:18:59,440

entities claiming to be the these winged

487

00:19:04,070 --> 00:19:01,679

humanoids and they're saying

488

00:19:06,150 --> 00:19:04,080

that that uh you know they're

489

00:19:08,950 --> 00:19:06,160

running from these these ufos or in

490

00:19:11,190 --> 00:19:08,960

conflict with these these ufos and on

491

00:19:12,390 --> 00:19:11,200

the the other hand uh something that

492

00:19:13,750 --> 00:19:12,400

that we seem to have been in

493

00:19:16,390 --> 00:19:13,760

communication with

494

00:19:19,669 --> 00:19:16,400

uh made it sound like uh

495

00:19:21,430 --> 00:19:19,679

what we had actually been talking to uh

496

00:19:23,750 --> 00:19:21,440

could have been

497

00:19:25,510 --> 00:19:23,760

you know whatever was behind those ufos

498

00:19:28,470 --> 00:19:25,520

as opposed to

499

00:19:30,710 --> 00:19:28,480

you know any any uh uh ultra-terrestrial

500

00:19:33,190 --> 00:19:30,720

entity or something that that's that's

501
00:19:34,789 --> 00:19:33,200
responsible for uh for for winged uh

502
00:19:37,430 --> 00:19:34,799
humanoid settings and of course that's

503
00:19:40,230 --> 00:19:37,440
that's all speculation um right that's

504
00:19:44,390 --> 00:19:40,240
what i have right now but um it it does

505
00:19:47,909 --> 00:19:45,909
well you know

506
00:19:51,029 --> 00:19:47,919
we had a question from james about the

507
00:19:55,190 --> 00:19:51,039
current status with the unseen ones

508
00:19:56,590 --> 00:19:55,200
and but that's just it we're um

509
00:19:58,950 --> 00:19:56,600
we're kind of

510
00:20:02,149 --> 00:19:58,960
incommunicado with these things for the

511
00:20:04,870 --> 00:20:02,159
most part recently because of

512
00:20:07,750 --> 00:20:04,880
uh bernadette and jennifer have been

513
00:20:09,990 --> 00:20:07,760

sick they have been feeling well they

514

00:20:11,350 --> 00:20:10,000

kind of shut themselves down because of

515

00:20:14,950 --> 00:20:11,360

it

516

00:20:21,909 --> 00:20:17,029

manuel said he had a

517

00:20:26,630 --> 00:20:23,990

and of course you know back in november

518

00:20:27,830 --> 00:20:26,640

we had an issue where people were trying

519

00:20:29,909 --> 00:20:27,840

to

520

00:20:31,830 --> 00:20:29,919

communicate with these things people

521

00:20:34,870 --> 00:20:31,840

outside the group are trying to

522

00:20:37,669 --> 00:20:34,880

communicate try to summon these things

523

00:20:41,430 --> 00:20:37,679

and there was at least one case where we

524

00:20:44,070 --> 00:20:41,440

understand of someone trying to find it

525

00:20:45,350 --> 00:20:44,080

and that didn't go over well

526

00:20:50,149 --> 00:20:45,360

um

527

00:20:54,710 --> 00:20:52,230

some trust at that point i don't know if

528

00:20:57,270 --> 00:20:54,720

you want to call it that but things

529

00:21:00,310 --> 00:20:57,280

really seem to slow back

530

00:21:01,149 --> 00:21:00,320

uh so i think it's a matter of just

531

00:21:03,590 --> 00:21:01,159

really

532

00:21:05,590 --> 00:21:03,600

re-establishing some

533

00:21:08,149 --> 00:21:05,600

contact with these these things on a

534

00:21:10,789 --> 00:21:08,159

more regular basis though you know just

535

00:21:12,950 --> 00:21:10,799

tonight like i said earlier that um

536

00:21:14,470 --> 00:21:12,960

manuel said that he did have contact

537

00:21:17,110 --> 00:21:14,480

with uru

538

00:21:19,190 --> 00:21:17,120

i have been told that i need to step up

539

00:21:21,029 --> 00:21:19,200

my game and try and get in contact and

540

00:21:23,990 --> 00:21:21,039

believe me i've been trying

541

00:21:26,070 --> 00:21:24,000

uh but it just hasn't seemed to work out

542

00:21:28,390 --> 00:21:26,080

so um

543

00:21:31,110 --> 00:21:28,400

maybe i'm gonna take some

544

00:21:33,110 --> 00:21:31,120

some instruction as well as to how this

545

00:21:35,350 --> 00:21:33,120

is going to happen so

546

00:21:37,190 --> 00:21:35,360

sure we'll just have to wait and see

547

00:21:38,789 --> 00:21:37,200

well that that

548

00:21:40,230 --> 00:21:38,799

that certainly seems to fall in line

549

00:21:43,909 --> 00:21:40,240

with the the uh

550

00:21:45,510 --> 00:21:43,919

results of the estes method uh session

551
00:21:46,310 --> 00:21:45,520
that we had here you know we're really

552
00:21:48,549 --> 00:21:46,320
the

553
00:21:51,350 --> 00:21:48,559
most

554
00:21:53,669 --> 00:21:51,360
communicated message really out of that

555
00:21:55,830 --> 00:21:53,679
uh uh experiment was

556
00:21:57,909 --> 00:21:55,840
you know you have to wait you have to

557
00:21:58,870 --> 00:21:57,919
wait in in until later because we were

558
00:22:01,110 --> 00:21:58,880
asking

559
00:22:03,110 --> 00:22:01,120
you know just sort of uh some some basic

560
00:22:04,950 --> 00:22:03,120
questions um that anybody you know

561
00:22:07,270 --> 00:22:04,960
interested in this would would would

562
00:22:09,990 --> 00:22:07,280
want to know like sort of what is your

563
00:22:12,470 --> 00:22:10,000

uh interest in in certain areas you know

564

00:22:14,789 --> 00:22:12,480

so on and and so forth and

565

00:22:17,350 --> 00:22:14,799

the the message seemed pretty clear

566

00:22:19,510 --> 00:22:17,360

um that uh that that information just

567

00:22:22,070 --> 00:22:19,520

wasn't going to be forthcoming right now

568

00:22:24,789 --> 00:22:22,080

right and um you know i i don't know if

569

00:22:27,430 --> 00:22:24,799

there's something uh that that they were

570

00:22:30,149 --> 00:22:27,440

waiting for or you know i for all i know

571

00:22:31,590 --> 00:22:30,159

they were just messing with me but uh

572

00:22:33,190 --> 00:22:31,600

that was pretty clear

573

00:22:36,630 --> 00:22:33,200

well you know i got to go back to the

574

00:22:37,909 --> 00:22:36,640

original message we got from them was

575

00:22:38,870 --> 00:22:37,919

you'll know

576
00:22:41,350 --> 00:22:38,880
more

577
00:22:43,190 --> 00:22:41,360
in three years

578
00:22:45,830 --> 00:22:43,200
and

579
00:22:49,110 --> 00:22:45,840
before five years so it'd be

580
00:22:50,549 --> 00:22:49,120
after three before five

581
00:22:53,110 --> 00:22:50,559
so i don't know what the hell that's

582
00:22:55,510 --> 00:22:53,120
supposed to mean so i i guess you know

583
00:22:57,350 --> 00:22:55,520
we're gonna you know within that time

584
00:22:59,110 --> 00:22:57,360
period though that seems like a long

585
00:23:00,630 --> 00:22:59,120
time that we're gonna

586
00:23:04,230 --> 00:23:00,640
you know

587
00:23:06,710 --> 00:23:04,240
this started 2017 for us as a team so

588
00:23:07,669 --> 00:23:06,720

you know it's been five years so you

589

00:23:12,870 --> 00:23:07,679

know

590

00:23:14,549 --> 00:23:12,880

contact them back in i think it was back

591

00:23:16,230 --> 00:23:14,559

in july

592

00:23:18,230 --> 00:23:16,240

uh

593

00:23:20,390 --> 00:23:18,240

that's kind of seen just the starting

594

00:23:23,510 --> 00:23:20,400

point so i guess we'll have to wait and

595

00:23:27,190 --> 00:23:25,270

so i don't know

596

00:23:29,669 --> 00:23:27,200

i thought i've given it a lot of thought

597

00:23:31,669 --> 00:23:29,679

of different ways to investigate and you

598

00:23:33,110 --> 00:23:31,679

know tobias brings up the essence method

599

00:23:34,630 --> 00:23:33,120

which is a really

600

00:23:37,830 --> 00:23:34,640

interesting method

601
00:23:42,390 --> 00:23:39,830
one of the things my son brought up was

602
00:23:44,149 --> 00:23:42,400
uh because my son is you know

603
00:23:45,669 --> 00:23:44,159
pretty much following he loves

604
00:23:46,549 --> 00:23:45,679
paranormal he loves to investigate as

605
00:23:49,350 --> 00:23:46,559
well

606
00:23:51,110 --> 00:23:49,360
is um the use of uh

607
00:23:53,430 --> 00:23:51,120
it just slipped my mind i know what it

608
00:23:55,750 --> 00:23:53,440
is it's a it looks like a little radio

609
00:23:59,430 --> 00:23:55,760
but basically scans the fm dial or the

610
00:24:01,590 --> 00:23:59,440
am dial at a very fast pace yeah

611
00:24:03,269 --> 00:24:01,600
yeah you're basically picking up

612
00:24:05,510 --> 00:24:03,279
messages you're supposed to be like

613
00:24:08,070 --> 00:24:05,520

blindfolded and have

614

00:24:09,590 --> 00:24:08,080

headphones in but i was thinking like

615

00:24:12,230 --> 00:24:09,600

this would be something that i would

616

00:24:14,310 --> 00:24:12,240

love to try like once the weather turns

617

00:24:15,990 --> 00:24:14,320

you know it's not negative 50 degrees

618

00:24:16,789 --> 00:24:16,000

outside at the uh

619

00:24:19,830 --> 00:24:16,799

yeah

620

00:24:22,390 --> 00:24:19,840

i i want to try that at uh resthaven

621

00:24:24,310 --> 00:24:22,400

one night yeah no that's i mean uh what

622

00:24:26,710 --> 00:24:24,320

what you're describing literally is the

623

00:24:28,789 --> 00:24:26,720

the the uh estez method like that's

624

00:24:31,190 --> 00:24:28,799

that's that's what we did we have all of

625

00:24:33,029 --> 00:24:31,200

the the um

626

00:24:34,870 --> 00:24:33,039

equipment for it and and everything that

627

00:24:37,269 --> 00:24:34,880

we need so yeah i mean we're not very

628

00:24:40,070 --> 00:24:37,279

far away you know it takes us maybe

629

00:24:42,310 --> 00:24:40,080

hour hour and 15 you know to to get to

630

00:24:44,549 --> 00:24:42,320

o'hare so as soon as that that weather

631

00:24:46,549 --> 00:24:44,559

turns we'd love to meet up and and uh

632

00:24:49,750 --> 00:24:46,559

and just see what happens oh yeah i

633

00:24:51,430 --> 00:24:49,760

would love to do that because um

634

00:24:53,590 --> 00:24:51,440

the first time i had actually seen it on

635

00:24:55,669 --> 00:24:53,600

tv was uh i don't know if you guys have

636

00:24:58,630 --> 00:24:55,679

ever watched the series hell yeah

637

00:25:01,110 --> 00:24:58,640

uh talking about the uh kelly hopkins

638

00:25:02,070 --> 00:25:01,120

the gentleman was doing that method and

639

00:25:03,830 --> 00:25:02,080

uh

640

00:25:05,909 --> 00:25:03,840

my son had actually brought that up to

641

00:25:06,870 --> 00:25:05,919

us and he was like yeah that would work

642

00:25:09,590 --> 00:25:06,880

you know

643

00:25:11,190 --> 00:25:09,600

you but you'd have to basically go there

644

00:25:14,310 --> 00:25:11,200

you know again like when

645

00:25:16,230 --> 00:25:14,320

when i first contacted uru it was um 11

646

00:25:17,190 --> 00:25:16,240

o'clock at night midnight

647

00:25:19,029 --> 00:25:17,200

uh

648

00:25:20,710 --> 00:25:19,039

you know sitting in the air at the

649

00:25:22,710 --> 00:25:20,720

cemetery but

650

00:25:24,950 --> 00:25:22,720

um

651
00:25:26,710 --> 00:25:24,960
yeah that was an experience that you

652
00:25:28,549 --> 00:25:26,720
know that was

653
00:25:30,630 --> 00:25:28,559
that was a once in a lifetime experience

654
00:25:31,510 --> 00:25:30,640
but i would love to actually do that as

655
00:25:33,029 --> 00:25:31,520
much

656
00:25:34,710 --> 00:25:33,039
i know we talked with the team about

657
00:25:36,549 --> 00:25:34,720
like setting up uh

658
00:25:38,470 --> 00:25:36,559
like trail cams and stuff like that you

659
00:25:39,510 --> 00:25:38,480
know we have

660
00:25:41,510 --> 00:25:39,520
i have

661
00:25:43,669 --> 00:25:41,520
access to hunting trail camps that are

662
00:25:44,870 --> 00:25:43,679
actually good for nighttime visions

663
00:25:47,269 --> 00:25:44,880

um

664

00:25:48,870 --> 00:25:47,279

that would be great because that's

665

00:25:51,110 --> 00:25:48,880

probably about the only place i can set

666

00:25:54,470 --> 00:25:51,120

up without having security tearing them

667

00:25:56,950 --> 00:25:54,480

down or you know attracting the security

668

00:25:58,230 --> 00:25:56,960

that's now seem to increase so much more

669

00:25:59,029 --> 00:25:58,240

at the airport

670

00:26:02,310 --> 00:25:59,039

um

671

00:26:03,750 --> 00:26:02,320

since these last few sightings

672

00:26:05,909 --> 00:26:03,760

okay

673

00:26:08,630 --> 00:26:05,919

well at least here we have a possible

674

00:26:10,630 --> 00:26:08,640

plan for that um

675

00:26:12,789 --> 00:26:10,640

yeah you know tobias that might be a

676

00:26:15,669 --> 00:26:12,799

pretty good idea i mean you know

677

00:26:19,110 --> 00:26:15,679

you guys meet up and some of the other

678

00:26:20,390 --> 00:26:19,120

people i know jen probably get involved

679

00:26:21,510 --> 00:26:20,400

and uh

680

00:26:23,350 --> 00:26:21,520

yeah

681

00:26:26,149 --> 00:26:23,360

absolutely there's something to that uh

682

00:26:27,350 --> 00:26:26,159

that resthaven cemetery too um you know

683

00:26:29,269 --> 00:26:27,360

uh

684

00:26:32,310 --> 00:26:29,279

emily and i went down there

685

00:26:34,230 --> 00:26:32,320

uh some some time ago had to be a a

686

00:26:37,269 --> 00:26:34,240

couple of months ago now

687

00:26:38,950 --> 00:26:37,279

it was much warmer out and uh

688

00:26:41,269 --> 00:26:38,960

and it's it's an interesting place you

689

00:26:43,110 --> 00:26:41,279

know it it was so loud that we had

690

00:26:45,430 --> 00:26:43,120

brought some of our spirit boxes and and

691

00:26:47,029 --> 00:26:45,440

stuff like that but with all of the the

692

00:26:48,470 --> 00:26:47,039

planes taking off and landing and

693

00:26:50,630 --> 00:26:48,480

everything like

694

00:26:52,310 --> 00:26:50,640

we couldn't hear anything so i i had

695

00:26:55,190 --> 00:26:52,320

brought my my dowsing rods you know i've

696

00:26:56,310 --> 00:26:55,200

got a set of of copper dowsing rods and

697

00:26:58,149 --> 00:26:56,320

so i you know you don't have to hear

698

00:27:00,630 --> 00:26:58,159

anything for those

699

00:27:03,510 --> 00:27:00,640

and so i i brought those out and and

700

00:27:06,710 --> 00:27:03,520

gotten some some interesting results in

701
00:27:09,110 --> 00:27:06,720
in that you know there were a few hits

702
00:27:11,990 --> 00:27:09,120
you know i was able to ask um you know

703
00:27:14,870 --> 00:27:12,000
if if something was there with us and

704
00:27:16,070 --> 00:27:14,880
then um you know they they did cross in

705
00:27:21,430 --> 00:27:16,080
the

706
00:27:23,510 --> 00:27:21,440
that point we we decided well hey let's

707
00:27:25,830 --> 00:27:23,520
sit here um and and we'll just sort of

708
00:27:28,630 --> 00:27:25,840
meditate and see if anything reaches out

709
00:27:30,389 --> 00:27:28,640
but i think that it was honestly so loud

710
00:27:33,110 --> 00:27:30,399
that we just couldn't concentrate like

711
00:27:35,909 --> 00:27:33,120
we couldn't get into the the right state

712
00:27:36,789 --> 00:27:35,919
of mind to to allow any kind of contact

713
00:27:38,630 --> 00:27:36,799

because

714

00:27:40,310 --> 00:27:38,640

you know after that we just didn't

715

00:27:43,190 --> 00:27:40,320

didn't have um

716

00:27:44,870 --> 00:27:43,200

anything unfortunately but you know the

717

00:27:47,190 --> 00:27:44,880

the results were interesting enough with

718

00:27:49,110 --> 00:27:47,200

those dowsing rods for me to think hey

719

00:27:51,350 --> 00:27:49,120

you know this is probably worth you know

720

00:27:54,470 --> 00:27:51,360

uh uh investigating further

721

00:27:56,630 --> 00:27:54,480

maybe uh and maybe uh uh manuel would

722

00:27:58,549 --> 00:27:56,640

would know this at a time that that is a

723

00:28:00,070 --> 00:27:58,559

little quieter because i'm not even

724

00:28:01,909 --> 00:28:00,080

exaggerating

725

00:28:03,750 --> 00:28:01,919

couldn't hear each other you know like

726

00:28:05,269 --> 00:28:03,760

emily's right next to me and we could

727

00:28:06,230 --> 00:28:05,279

not hear what the other person was

728

00:28:08,710 --> 00:28:06,240

saying

729

00:28:10,630 --> 00:28:08,720

yeah we i was out there it was still

730

00:28:13,029 --> 00:28:10,640

loud i mean you still have planes going

731

00:28:14,070 --> 00:28:13,039

but if you're there in the early evening

732

00:28:16,549 --> 00:28:14,080

i mean

733

00:28:18,710 --> 00:28:16,559

it wasn't early evening yeah you these

734

00:28:20,789 --> 00:28:18,720

planes come in there's like a it's like

735

00:28:23,510 --> 00:28:20,799

a 45 second uh

736

00:28:25,909 --> 00:28:23,520

laps and if you actually see it from a

737

00:28:27,750 --> 00:28:25,919

distance it's it's it's so strange and

738

00:28:30,470 --> 00:28:27,760

i've my wife has pointed it out before

739

00:28:33,350 --> 00:28:30,480

and it's like these planes are stacked

740

00:28:35,510 --> 00:28:33,360

up you know 50 deep and you can just see

741

00:28:37,590 --> 00:28:35,520

them coming in um

742

00:28:39,750 --> 00:28:37,600

and as soon as one get lands the other

743

00:28:42,389 --> 00:28:39,760

one's already on the final approach

744

00:28:45,590 --> 00:28:42,399

so you know as soon as one the plane

745

00:28:46,950 --> 00:28:45,600

that landed is turning off the runway as

746

00:28:49,510 --> 00:28:46,960

it's turning the other one's already

747

00:28:51,190 --> 00:28:49,520

making contact with the runway and

748

00:28:54,549 --> 00:28:51,200

same thing when they're leaving and it

749

00:28:57,029 --> 00:28:54,559

is yeah it gets very very loud

750

00:28:59,990 --> 00:28:57,039

over there good to go

751
00:29:03,110 --> 00:29:00,000
yes well you know i watch i watch those

752
00:29:04,789 --> 00:29:03,120
plane spotter videos on youtube all the

753
00:29:07,669 --> 00:29:04,799
time over the era

754
00:29:09,029 --> 00:29:07,679
it's pretty amazing how busy that place

755
00:29:11,350 --> 00:29:09,039
really is

756
00:29:13,909 --> 00:29:11,360
i mean you know coming in all directions

757
00:29:16,470 --> 00:29:13,919
too because i i don't know how many how

758
00:29:18,789 --> 00:29:16,480
many um

759
00:29:21,430 --> 00:29:18,799
runways they've got going on at one time

760
00:29:22,470 --> 00:29:21,440
it seems like four or five maybe six of

761
00:29:24,950 --> 00:29:22,480
them

762
00:29:27,830 --> 00:29:24,960
uh i don't know i believe four in the

763
00:29:29,669 --> 00:29:27,840

commercial and but they also share

764

00:29:32,470 --> 00:29:29,679

those two extra runways are usually used

765

00:29:33,990 --> 00:29:32,480

for the cargo right um and unfortunately

766

00:29:35,990 --> 00:29:34,000

the thing is with uh

767

00:29:39,430 --> 00:29:36,000

rest haven sits right in the midst of

768

00:29:41,830 --> 00:29:39,440

the cargo area so you have planes

769

00:29:44,310 --> 00:29:41,840

coming by even it's also not too far

770

00:29:46,230 --> 00:29:44,320

away uh tobias will probably know that

771

00:29:48,789 --> 00:29:46,240

the tarmac is basically just on the

772

00:29:51,190 --> 00:29:48,799

other side of that big wall

773

00:29:53,510 --> 00:29:51,200

yeah so sometimes um i've been out there

774

00:29:55,590 --> 00:29:53,520

before and they're bringing a plane in

775

00:29:58,630 --> 00:29:55,600

that's going to the fedex facility and

776

00:29:59,669 --> 00:29:58,640

this thing is it's it's being towed into

777

00:30:01,430 --> 00:29:59,679

place but

778

00:30:04,950 --> 00:30:01,440

it still has the engines going and it's

779

00:30:07,190 --> 00:30:04,960

allowed i mean it will get you know loud

780

00:30:09,510 --> 00:30:07,200

as it's passing by um

781

00:30:10,230 --> 00:30:09,520

where we had that july 22nd incident you

782

00:30:12,149 --> 00:30:10,240

know

783

00:30:13,909 --> 00:30:12,159

um i've taken video before there and

784

00:30:15,029 --> 00:30:13,919

those planes are just they're just

785

00:30:17,110 --> 00:30:15,039

sitting there getting unloaded but

786

00:30:19,269 --> 00:30:17,120

they're still got the engines idled

787

00:30:21,510 --> 00:30:19,279

so yeah it can get pretty loud and

788

00:30:23,190 --> 00:30:21,520

pretty noisy i'm just lucky that we see

789

00:30:26,230 --> 00:30:23,200

the kind of like hearing uh of

790

00:30:28,389 --> 00:30:26,240

protection people wear out there oh yeah

791

00:30:30,789 --> 00:30:28,399

it's it's oh yeah

792

00:30:33,269 --> 00:30:30,799

oh yeah so one other thing i i wanted to

793

00:30:35,430 --> 00:30:33,279

say um about that area before i forget

794

00:30:37,029 --> 00:30:35,440

for anybody who's not familiar and and

795

00:30:39,750 --> 00:30:37,039

and i'm sure uh

796

00:30:42,950 --> 00:30:39,760

manuel could could back me up on this is

797

00:30:44,950 --> 00:30:42,960

it is so much more isolated than you

798

00:30:47,750 --> 00:30:44,960

expect you know because you drive

799

00:30:49,350 --> 00:30:47,760

through like the this maze of streets

800

00:30:51,510 --> 00:30:49,360

and it's so easy once you're back into

801

00:30:53,909 --> 00:30:51,520

sort of like the cargo areas and stuff

802

00:30:55,750 --> 00:30:53,919

um you know it's not like there are just

803

00:30:58,549 --> 00:30:55,760

people on top of you you know there's

804

00:31:02,470 --> 00:30:58,559

there's big green spaces um you know

805

00:31:05,110 --> 00:31:02,480

there it's it's it's very easy

806

00:31:07,669 --> 00:31:05,120

from my perspective having you know gone

807

00:31:09,430 --> 00:31:07,679

there more than than once to look into

808

00:31:12,630 --> 00:31:09,440

these sightings

809

00:31:14,149 --> 00:31:12,640

to see sort of how they happen and why

810

00:31:16,470 --> 00:31:14,159

they tend to happen where they tend to

811

00:31:18,789 --> 00:31:16,480

happen because it's definitely the parts

812

00:31:21,750 --> 00:31:18,799

of the the the airport at least in in in

813

00:31:23,350 --> 00:31:21,760

the most credible sightings um where you

814

00:31:25,269 --> 00:31:23,360

know if you were gonna see something

815

00:31:26,950 --> 00:31:25,279

like this those are the places you you

816

00:31:29,509 --> 00:31:26,960

would see it because there aren't

817

00:31:32,470 --> 00:31:29,519

necessarily like a lot of people there

818

00:31:34,630 --> 00:31:32,480

you know um i didn't see anybody when

819

00:31:36,870 --> 00:31:34,640

when when we were in rust haven um

820

00:31:38,149 --> 00:31:36,880

and it was relatively early evening and

821

00:31:41,350 --> 00:31:38,159

you know there's maybe one or two

822

00:31:43,509 --> 00:31:41,360

employees walking up to a a building

823

00:31:46,070 --> 00:31:43,519

which was you know hundreds and hundreds

824

00:31:47,430 --> 00:31:46,080

of feet from us um but otherwise you

825

00:31:49,269 --> 00:31:47,440

know you're just driving around in there

826

00:31:51,509 --> 00:31:49,279

and it's like driving around in like in

827

00:31:54,470 --> 00:31:51,519

an abandoned city you might you know you

828

00:31:56,549 --> 00:31:54,480

might not see anybody

829

00:31:59,669 --> 00:31:56,559

yeah and a lot of people see a lot of

830

00:32:00,789 --> 00:31:59,679

people who go out there you know who are

831

00:32:02,549 --> 00:32:00,799

um

832

00:32:04,630 --> 00:32:02,559

they want to investigate or they want to

833

00:32:07,110 --> 00:32:04,640

just you know try to have a sighting

834

00:32:09,190 --> 00:32:07,120

they don't think they think oh such no

835

00:32:10,789 --> 00:32:09,200

they don't see anybody but trust me

836

00:32:12,950 --> 00:32:10,799

you're you're being seen you're being

837

00:32:14,789 --> 00:32:12,960

watched at all times

838

00:32:16,549 --> 00:32:14,799

people have found out um

839

00:32:17,990 --> 00:32:16,559

there's been tons of reports of other

840

00:32:20,310 --> 00:32:18,000

investigators you know younger

841

00:32:21,909 --> 00:32:20,320

investigators who decided to you know

842

00:32:24,230 --> 00:32:21,919

let me climb this fence let me see

843

00:32:26,149 --> 00:32:24,240

what's on the other side and find out

844

00:32:28,470 --> 00:32:26,159

how quickly the security

845

00:32:30,310 --> 00:32:28,480

response is and how aggressive the

846

00:32:31,350 --> 00:32:30,320

security response is

847

00:32:33,029 --> 00:32:31,360

um

848

00:32:35,350 --> 00:32:33,039

i was just telling lon that there's been

849

00:32:38,070 --> 00:32:35,360

an uptick from a lot of drivers that i

850

00:32:40,470 --> 00:32:38,080

have that not only work from the company

851

00:32:42,389 --> 00:32:40,480

i work for but also work in the industry

852

00:32:44,789 --> 00:32:42,399

that have said that they've seen

853

00:32:46,549 --> 00:32:44,799

everything now you know more helicopters

854

00:32:49,029 --> 00:32:46,559

going by more you know

855

00:32:49,830 --> 00:32:49,039

security officers and security

856

00:32:51,909 --> 00:32:49,840

uh

857

00:32:53,590 --> 00:32:51,919

vehicles and even drones

858

00:32:55,990 --> 00:32:53,600

um in the area

859

00:32:58,950 --> 00:32:56,000

that have been you know part of the you

860

00:33:02,310 --> 00:32:58,960

know uptick of security so they're

861

00:33:04,310 --> 00:33:02,320

taking it pretty serious uh but yeah

862

00:33:05,190 --> 00:33:04,320

you're right i mean when we were out

863

00:33:06,470 --> 00:33:05,200

there

864

00:33:08,389 --> 00:33:06,480

um

865

00:33:09,909 --> 00:33:08,399

i was out there when i had decided with

866

00:33:12,389 --> 00:33:09,919

uru and then

867

00:33:15,110 --> 00:33:12,399

a few weeks later with another member of

868

00:33:16,710 --> 00:33:15,120

the singular foreign society uh who was

869

00:33:18,710 --> 00:33:16,720

there um

870

00:33:20,470 --> 00:33:18,720

that was um i met up with him and we

871

00:33:22,630 --> 00:33:20,480

were out there and it was like about 10

872

00:33:25,990 --> 00:33:22,640

o'clock at night and you'd be surprised

873

00:33:27,430 --> 00:33:26,000

how quiet it can be you know you can sit

874

00:33:28,310 --> 00:33:27,440

there and you can

875

00:33:33,110 --> 00:33:28,320

you know

876

00:33:35,269 --> 00:33:33,120

occasional plane going by of course but

877

00:33:36,389 --> 00:33:35,279

um and the occasional vehicles that are

878

00:33:37,830 --> 00:33:36,399

going but

879

00:33:40,389 --> 00:33:37,840

most of these facilities even though

880

00:33:43,029 --> 00:33:40,399

they're running 24 hours um

881

00:33:44,710 --> 00:33:43,039

in the case of like risk haven the fedex

882

00:33:48,070 --> 00:33:44,720

facility's right next right across the

883

00:33:49,990 --> 00:33:48,080

street but it's hundreds of yards i know

884

00:33:52,630 --> 00:33:50,000

two three hundred yards away

885

00:33:54,710 --> 00:33:52,640

um and it's between you and that it's a

886

00:33:55,990 --> 00:33:54,720

huge parking lot so

887

00:33:58,070 --> 00:33:56,000

you know unless you're there during a

888

00:34:00,310 --> 00:33:58,080

shift change you know it's for the most

889

00:34:02,070 --> 00:34:00,320

part pretty quiet you know you might

890

00:34:04,549 --> 00:34:02,080

have the occasional person who comes by

891

00:34:06,870 --> 00:34:04,559

to see the cemetery or something but

892

00:34:07,669 --> 00:34:06,880

you know you can literally be out there

893

00:34:09,829 --> 00:34:07,679

uh

894

00:34:11,750 --> 00:34:09,839

by yourself and no one would even

895

00:34:12,710 --> 00:34:11,760

bother you

896

00:34:14,550 --> 00:34:12,720

um

897

00:34:16,869 --> 00:34:14,560

you know what one thing i'd i have

898

00:34:18,710 --> 00:34:16,879

noticed uh since we've been getting

899

00:34:21,589 --> 00:34:18,720

these settings out

900

00:34:23,669 --> 00:34:21,599

by chicago especially at the usps

901
00:34:25,909 --> 00:34:23,679
facility and uh

902
00:34:28,069 --> 00:34:25,919
uh the um

903
00:34:31,750 --> 00:34:28,079
chicago

904
00:34:35,430 --> 00:34:31,760
ava avionics center there it seems like

905
00:34:39,030 --> 00:34:35,440
these things show up as shift changes

906
00:34:43,669 --> 00:34:42,629
now yeah i don't know how true that is

907
00:34:46,310 --> 00:34:43,679
but

908
00:34:49,109 --> 00:34:46,320
they do seem to show up a lot around 9

909
00:34:50,869 --> 00:34:49,119
30 10 o'clock when people are leaving

910
00:34:51,990 --> 00:34:50,879
these places

911
00:34:55,349 --> 00:34:52,000
um

912
00:34:56,869 --> 00:34:55,359
i have noticed there is a pattern there

913
00:35:00,069 --> 00:34:56,879

yeah i don't know i mean maybe that's

914

00:35:03,270 --> 00:35:00,079

something we need to inquire with them

915

00:35:04,950 --> 00:35:03,280

sure i i think that just makes a certain

916

00:35:06,790 --> 00:35:04,960

amount of sense right because

917

00:35:08,470 --> 00:35:06,800

um there aren't there there aren't going

918

00:35:10,550 --> 00:35:08,480

to be any citing

919

00:35:12,630 --> 00:35:10,560

reports if if there's nobody there to

920

00:35:14,870 --> 00:35:12,640

see absolutely yeah and when else is

921

00:35:16,870 --> 00:35:14,880

anybody going to be outside is probably

922

00:35:18,550 --> 00:35:16,880

during shift change or they're having a

923

00:35:20,950 --> 00:35:18,560

smoke break or they're waiting for their

924

00:35:23,430 --> 00:35:20,960

truck to be loaded or something similar

925

00:35:26,069 --> 00:35:23,440

and yeah absolutely that's that's when

926

00:35:29,109 --> 00:35:26,079

you see these sightings happen you know

927

00:35:31,670 --> 00:35:29,119

uh is is during those those rare periods

928

00:35:34,790 --> 00:35:31,680

when employees tend to be outside i mean

929

00:35:36,790 --> 00:35:34,800

uh the the first report i actually the

930

00:35:38,710 --> 00:35:36,800

only uh report that i've taken directly

931

00:35:40,710 --> 00:35:38,720

from o'hare was from a guy

932

00:35:43,030 --> 00:35:40,720

who uh worked for for one of the the

933

00:35:45,829 --> 00:35:43,040

cargo companies and uh and he had just

934

00:35:48,550 --> 00:35:45,839

left work you know and he happened to to

935

00:35:50,550 --> 00:35:48,560

be driving um i can't remember the the

936

00:35:53,750 --> 00:35:50,560

name of the street but it's it's sort of

937

00:35:55,829 --> 00:35:53,760

by this huge open field with like a a

938

00:35:57,910 --> 00:35:55,839

tall barbed wire fence in front of it

939

00:35:59,109 --> 00:35:57,920

and uh and that's where he saw this this

940

00:36:00,950 --> 00:35:59,119

creature but of course he wouldn't have

941

00:36:02,790 --> 00:36:00,960

been able to see it if he was still at

942

00:36:03,750 --> 00:36:02,800

work it was only when he was leaving you

943

00:36:08,069 --> 00:36:03,760

know that

944

00:36:08,790 --> 00:36:08,079

that he he happened to to to run into it

945

00:36:10,630 --> 00:36:08,800

yeah

946

00:36:13,190 --> 00:36:10,640

we had the one lady who worked for the

947

00:36:14,069 --> 00:36:13,200

chicago aviation department who had that

948

00:36:16,790 --> 00:36:14,079

uh

949

00:36:18,870 --> 00:36:16,800

who had that um sighting and

950

00:36:21,349 --> 00:36:18,880

she was but she had stayed late to do

951

00:36:23,030 --> 00:36:21,359

some work and she was uh

952

00:36:25,030 --> 00:36:23,040

talking about how she went outside and

953

00:36:27,510 --> 00:36:25,040

this thing seemed to like it was

954

00:36:29,349 --> 00:36:27,520

like she described it as stalking her

955

00:36:31,589 --> 00:36:29,359

um the only reason it left it was

956

00:36:33,589 --> 00:36:31,599

because a semi had come from the cargo

957

00:36:35,030 --> 00:36:33,599

where it turned from the cargo area down

958

00:36:37,589 --> 00:36:35,040

that street

959

00:36:39,990 --> 00:36:37,599

uh but even as as she ran for the car

960

00:36:41,910 --> 00:36:40,000

she could still hear it screeching and

961

00:36:44,069 --> 00:36:41,920

you know making that clicking sound that

962

00:36:47,109 --> 00:36:44,079

you said it it was making

963

00:36:49,750 --> 00:36:47,119

so it was really strange and of course

964

00:36:51,990 --> 00:36:49,760

you have the usps where the

965

00:36:53,670 --> 00:36:52,000

the one ladies

966

00:36:55,510 --> 00:36:53,680

illuminated it with her headlights and

967

00:36:57,750 --> 00:36:55,520

it came right at her

968

00:36:58,470 --> 00:36:57,760

um that was you know

969

00:37:00,470 --> 00:36:58,480

just

970

00:37:02,230 --> 00:37:00,480

that was at at the same time at a shift

971

00:37:03,510 --> 00:37:02,240

change you know she had just gotten off

972

00:37:04,230 --> 00:37:03,520

of work

973

00:37:06,790 --> 00:37:04,240

so

974

00:37:08,790 --> 00:37:06,800

it's it's really strange that you know

975

00:37:11,349 --> 00:37:08,800

they it's almost like they want to be

976
00:37:14,950 --> 00:37:11,359
seen uh but at the same time don't want

977
00:37:19,750 --> 00:37:17,510
well that would be one of the the things

978
00:37:22,069 --> 00:37:19,760
that that we had asked during that estas

979
00:37:24,630 --> 00:37:22,079
method session um you know it was if

980
00:37:27,109 --> 00:37:24,640
there was something purposeful you know

981
00:37:27,990 --> 00:37:27,119
behind these these sightings um and

982
00:37:29,829 --> 00:37:28,000
again

983
00:37:31,109 --> 00:37:29,839
it didn't seem like they wanted to talk

984
00:37:31,990 --> 00:37:31,119
about it

985
00:37:33,829 --> 00:37:32,000
wow

986
00:37:35,430 --> 00:37:33,839
well hopefully we're going to be able to

987
00:37:38,310 --> 00:37:35,440
connect again

988
00:37:40,310 --> 00:37:38,320

somehow um

989

00:37:42,790 --> 00:37:40,320

you know we'll see

990

00:37:45,190 --> 00:37:42,800

anyway the uh after that

991

00:37:48,470 --> 00:37:45,200

sighting of the uh the large boomerang

992

00:37:50,630 --> 00:37:48,480

ufo by the security guard

993

00:37:53,750 --> 00:37:50,640

we had another reported sighting from a

994

00:37:55,589 --> 00:37:53,760

couple years ago in cicero from a family

995

00:37:57,109 --> 00:37:55,599

who was coming home from a fireworks

996

00:37:59,430 --> 00:37:57,119

display and

997

00:38:03,190 --> 00:37:59,440

saw this thing up in a tree

998

00:38:07,910 --> 00:38:05,430

the whole family saw it i think it was a

999

00:38:10,069 --> 00:38:07,920

gentleman his wife and two daughters

1000

00:38:11,589 --> 00:38:10,079

they all saw the thing described a very

1001
00:38:14,390 --> 00:38:11,599
similar what people have been seeing

1002
00:38:18,150 --> 00:38:14,400
with the red eyes and the same body

1003
00:38:20,310 --> 00:38:18,160
uh dark body and in the bat like wings

1004
00:38:23,190 --> 00:38:20,320
then we had a uh

1005
00:38:25,510 --> 00:38:23,200
another older setting from um

1006
00:38:26,630 --> 00:38:25,520
out the gold coast area down down the

1007
00:38:29,589 --> 00:38:26,640
city

1008
00:38:32,069 --> 00:38:29,599
uh of something flying around up there

1009
00:38:34,870 --> 00:38:32,079
which was described as the same thing a

1010
00:38:37,109 --> 00:38:34,880
batwing being

1011
00:38:39,030 --> 00:38:37,119
then we got this sighting of the

1012
00:38:41,270 --> 00:38:39,040
the gargoyle

1013
00:38:43,109 --> 00:38:41,280

that was encountered several times by

1014

00:38:44,829 --> 00:38:43,119

several different people over there at

1015

00:38:47,270 --> 00:38:44,839

stillman valley

1016

00:38:49,589 --> 00:38:47,280

illinois um

1017

00:38:51,670 --> 00:38:49,599

that's an interesting one because

1018

00:38:53,750 --> 00:38:51,680

this is a report

1019

00:38:57,030 --> 00:38:53,760

of people who have deaf different people

1020

00:39:01,349 --> 00:38:58,630

that's near rockford and of course we've

1021

00:39:03,030 --> 00:39:01,359

had a lot of sightings around in around

1022

00:39:05,190 --> 00:39:03,040

rockford

1023

00:39:07,270 --> 00:39:05,200

we've had three or four settings around

1024

00:39:09,910 --> 00:39:07,280

there plus this one

1025

00:39:12,829 --> 00:39:09,920

uh unfortunately we haven't had anybody

1026
00:39:16,710 --> 00:39:12,839
go out there and look at the specific

1027
00:39:18,230 --> 00:39:16,720
location that's in

1028
00:39:20,230 --> 00:39:18,240
google county

1029
00:39:21,750 --> 00:39:20,240
ogle county

1030
00:39:24,950 --> 00:39:21,760
and uh

1031
00:39:27,190 --> 00:39:24,960
it's all for route 72

1032
00:39:29,670 --> 00:39:27,200
there's a truck

1033
00:39:32,069 --> 00:39:29,680
company called glenn denning brothers

1034
00:39:33,670 --> 00:39:32,079
trucking right off

1035
00:39:35,190 --> 00:39:33,680
uh

1036
00:39:39,109 --> 00:39:35,200
right off the

1037
00:39:40,710 --> 00:39:39,119
right there where these sightings are

1038
00:39:42,870 --> 00:39:40,720

taking place

1039

00:39:44,470 --> 00:39:42,880

so i don't know

1040

00:39:47,270 --> 00:39:44,480

yeah we're going to get somebody out

1041

00:39:49,270 --> 00:39:47,280

there at some point

1042

00:39:51,349 --> 00:39:49,280

yeah i'm just looking at that location

1043

00:39:52,630 --> 00:39:51,359

right now i'm sure it's not that far

1044

00:39:54,950 --> 00:39:52,640

from us

1045

00:39:57,829 --> 00:39:54,960

no it's not it's just um

1046

00:40:00,630 --> 00:39:57,839

it's just south of you guys

1047

00:40:04,870 --> 00:40:00,640

yeah yeah yeah we're only yeah that was

1048

00:40:05,589 --> 00:40:04,880

2015 but yeah right

1049

00:40:09,750 --> 00:40:05,599

so

1050

00:40:11,750 --> 00:40:09,760

were very interesting like there was the

1051

00:40:13,829 --> 00:40:11,760

one um where i had spoken to this

1052

00:40:15,430 --> 00:40:13,839

witness jonathan directly he actually

1053

00:40:18,150 --> 00:40:15,440

ended up being in the the small town

1054

00:40:20,069 --> 00:40:18,160

monsters you know doc uh

1055

00:40:22,790 --> 00:40:20,079

on the trail the uh lake michigan

1056

00:40:24,790 --> 00:40:22,800

mothman then um and uh his sighting was

1057

00:40:27,030 --> 00:40:24,800

was very interesting you know where he

1058

00:40:29,190 --> 00:40:27,040

basically was was walking his his mother

1059

00:40:31,030 --> 00:40:29,200

out to her car because she was i believe

1060

00:40:33,349 --> 00:40:31,040

a nurse and she was going to go

1061

00:40:35,589 --> 00:40:33,359

to work and so one thing he did which

1062

00:40:37,510 --> 00:40:35,599

was is was very sweet was he would walk

1063

00:40:39,270 --> 00:40:37,520

his mom out to her car

1064

00:40:42,710 --> 00:40:39,280

excuse me he would he would walk his mom

1065

00:40:45,349 --> 00:40:42,720

out to her her car and um

1066

00:40:46,230 --> 00:40:45,359

and he saw this thing in in uh in the

1067

00:40:49,829 --> 00:40:46,240

tree

1068

00:40:52,150 --> 00:40:49,839

you know it sort of

1069

00:40:54,630 --> 00:40:52,160

uh had the the i hate to say

1070

00:40:57,829 --> 00:40:54,640

stereotypical but uh but but relatively

1071

00:41:00,309 --> 00:40:57,839

common i guess uh a mothman appearance

1072

00:41:02,630 --> 00:41:00,319

of this huge you know seemingly winged

1073

00:41:04,790 --> 00:41:02,640

black being with these piercing red eyes

1074

00:41:07,109 --> 00:41:04,800

and gave off this screech and of course

1075

00:41:08,470 --> 00:41:07,119

he was terrified but what's what's even

1076

00:41:10,950 --> 00:41:08,480

more interesting

1077

00:41:13,990 --> 00:41:10,960

about this particular sighting is uh

1078

00:41:17,190 --> 00:41:14,000

sometime later he uh he and a a friend

1079

00:41:19,589 --> 00:41:17,200

of his actually had uh ufo sighting in

1080

00:41:20,710 --> 00:41:19,599

in literally the uh exact same spot

1081

00:41:23,190 --> 00:41:20,720

basically

1082

00:41:25,589 --> 00:41:23,200

which is the same thing that we saw out

1083

00:41:27,990 --> 00:41:25,599

of of paula

1084

00:41:31,589 --> 00:41:28,000

in i believe it was

1085

00:41:33,829 --> 00:41:31,599

uh wakanda uh which is a a little town

1086

00:41:36,150 --> 00:41:33,839

uh sort of on the outskirts of of

1087

00:41:38,870 --> 00:41:36,160

chicago and she had a very similar

1088

00:41:41,190 --> 00:41:38,880

sighting where actually she had hers was

1089

00:41:44,710 --> 00:41:41,200

kind of in in reverse order where

1090

00:41:47,670 --> 00:41:44,720

she saw this uh anomalous beam of light

1091

00:41:50,150 --> 00:41:47,680

come down out of the the sky one night

1092

00:41:52,390 --> 00:41:50,160

and uh and sort of you know uh it's

1093

00:41:54,150 --> 00:41:52,400

shown down and uh

1094

00:41:56,630 --> 00:41:54,160

it sort of illuminated this this

1095

00:41:59,510 --> 00:41:56,640

relatively small patch in this yard

1096

00:42:02,710 --> 00:41:59,520

across from you know where she lived

1097

00:42:03,670 --> 00:42:02,720

and um and of course she's terrified by

1098

00:42:05,910 --> 00:42:03,680

this

1099

00:42:08,550 --> 00:42:05,920

because interestingly it almost seemed

1100

00:42:11,349 --> 00:42:08,560

to respond to her

1101

00:42:15,030 --> 00:42:11,359

observation so she sees this thing

1102

00:42:17,190 --> 00:42:15,040

and it like uh sort of retracts back up

1103

00:42:19,109 --> 00:42:17,200

right so like it it it comes down it's

1104

00:42:20,870 --> 00:42:19,119

like a spotlight but it's not shedding

1105

00:42:23,510 --> 00:42:20,880

light like a a spotlight it almost

1106

00:42:25,990 --> 00:42:23,520

seemed like a a kind of solid light if

1107

00:42:27,990 --> 00:42:26,000

that makes any sense yeah and uh and so

1108

00:42:30,550 --> 00:42:28,000

this thing comes down and then it like

1109

00:42:33,270 --> 00:42:30,560

retracts up into the sky and then it

1110

00:42:34,870 --> 00:42:33,280

comes down again and she's like oh god

1111

00:42:36,950 --> 00:42:34,880

it must have seen me you know so she

1112

00:42:39,030 --> 00:42:36,960

like dives her cover and then it just

1113

00:42:40,790 --> 00:42:39,040

ends up you know

1114

00:42:42,309 --> 00:42:40,800
retracting one one final time and

1115

00:42:45,030 --> 00:42:42,319
leaving but then

1116

00:42:47,270 --> 00:42:45,040
uh sometime later i was i

1117

00:42:48,230 --> 00:42:47,280
i think two three years to the day

1118

00:42:50,390 --> 00:42:48,240
actually

1119

00:42:52,230 --> 00:42:50,400
uh she was outside doing something

1120

00:42:53,430 --> 00:42:52,240
totally normal uh just like taking her

1121

00:42:55,670 --> 00:42:53,440
garbage out

1122

00:42:58,870 --> 00:42:55,680
and uh and she sees this thing this

1123

00:43:01,270 --> 00:42:58,880
creature in the exact same spot where

1124

00:43:03,990 --> 00:43:01,280
that that light was and it seemed to be

1125

00:43:06,550 --> 00:43:04,000
approaching her but when it moved

1126

00:43:08,150 --> 00:43:06,560

it it didn't move like you know you or i

1127

00:43:10,470 --> 00:43:08,160

would move it wasn't you know sort of

1128

00:43:13,030 --> 00:43:10,480

walking towards her she described it as

1129

00:43:14,230 --> 00:43:13,040

looking like somebody moving through a a

1130

00:43:16,390 --> 00:43:14,240

strobe light

1131

00:43:18,470 --> 00:43:16,400

so it just seemed to make these quick

1132

00:43:20,150 --> 00:43:18,480

sort of jumps you know towards her not

1133

00:43:21,829 --> 00:43:20,160

like literally jumping but just like

1134

00:43:24,150 --> 00:43:21,839

disappearing and then reappearing very

1135

00:43:26,550 --> 00:43:24,160

quickly you know moving progressively

1136

00:43:28,630 --> 00:43:26,560

towards her and uh and she's terrified

1137

00:43:30,710 --> 00:43:28,640

naturally and so she fumbles her keys to

1138

00:43:32,309 --> 00:43:30,720

get the door open and she's sure this

1139

00:43:34,550 --> 00:43:32,319

thing has to be right behind like right

1140

00:43:37,190 --> 00:43:34,560

behind her and um

1141

00:43:38,550 --> 00:43:37,200

and when she uh she finally gets the the

1142

00:43:41,109 --> 00:43:38,560

lock open and

1143

00:43:43,270 --> 00:43:41,119

opens the door turns around like the the

1144

00:43:44,309 --> 00:43:43,280

thing is just gone

1145

00:43:46,150 --> 00:43:44,319

um

1146

00:43:48,470 --> 00:43:46,160

and so you know

1147

00:43:49,349 --> 00:43:48,480

you get some of these these sightings

1148

00:43:51,670 --> 00:43:49,359

where

1149

00:43:53,270 --> 00:43:51,680

it's not just that people are seeing you

1150

00:43:56,550 --> 00:43:53,280

know uh a

1151
00:43:58,309 --> 00:43:56,560
a ufo in in the the same area or or you

1152
00:44:00,790 --> 00:43:58,319
know somebody's uh having an in

1153
00:44:03,270 --> 00:44:00,800
unrelated ufo sighting you know uh

1154
00:44:05,589 --> 00:44:03,280
similar to the the sighting that manuel

1155
00:44:08,230 --> 00:44:05,599
talked about earlier it's it's just so

1156
00:44:10,309 --> 00:44:08,240
puzzling to me to have these witnesses

1157
00:44:11,910 --> 00:44:10,319
um you know very seemingly credible

1158
00:44:13,910 --> 00:44:11,920
people you know uh these two

1159
00:44:16,150 --> 00:44:13,920
specifically are people that that i had

1160
00:44:18,069 --> 00:44:16,160
spoken to over the phone i have met in

1161
00:44:20,069 --> 00:44:18,079
person uh they were willing to go on the

1162
00:44:21,750 --> 00:44:20,079
record go on camera

1163
00:44:24,390 --> 00:44:21,760

and i gotta tell you they're not getting

1164

00:44:26,870 --> 00:44:24,400

anything for it other than whatever

1165

00:44:30,150 --> 00:44:26,880

peace of mind comes from you know having

1166

00:44:32,150 --> 00:44:30,160

people help them uh in in investigate

1167

00:44:34,069 --> 00:44:32,160

their their personal

1168

00:44:35,510 --> 00:44:34,079

experiences you know it's it's not like

1169

00:44:37,589 --> 00:44:35,520

they're they're getting paid or anything

1170

00:44:38,390 --> 00:44:37,599

right so

1171

00:44:39,670 --> 00:44:38,400

um

1172

00:44:42,710 --> 00:44:39,680

it's just really really really

1173

00:44:45,349 --> 00:44:42,720

interesting to me and i think that like

1174

00:44:47,589 --> 00:44:45,359

whatever we can do to try to understand

1175

00:44:49,829 --> 00:44:47,599

why you know why why that might be

1176

00:44:51,589 --> 00:44:49,839

happening might get us a whole heck of a

1177

00:44:54,230 --> 00:44:51,599

lot closer to understand

1178

00:44:56,790 --> 00:44:54,240

uh why any of this is is is happening

1179

00:44:58,630 --> 00:44:56,800

honestly because they do seem so related

1180

00:45:00,550 --> 00:44:58,640

in so many ways

1181

00:45:02,309 --> 00:45:00,560

well yeah it's just like everything else

1182

00:45:04,390 --> 00:45:02,319

you know when investigating the

1183

00:45:06,230 --> 00:45:04,400

paranormal and cryptids and such it

1184

00:45:08,710 --> 00:45:06,240

always seems to be

1185

00:45:11,430 --> 00:45:08,720

a caveat there where there's another

1186

00:45:13,829 --> 00:45:11,440

phenomena associated with it

1187

00:45:15,510 --> 00:45:13,839

and that may very be very well be what's

1188

00:45:17,589 --> 00:45:15,520

going on here you know we could do get

1189

00:45:21,069 --> 00:45:17,599

occasional ufos and

1190

00:45:23,190 --> 00:45:21,079

occasional other humanoids are possible

1191

00:45:27,270 --> 00:45:23,200

extraterrestrials involved with

1192

00:45:29,270 --> 00:45:27,280

these ultra-terrestrial sightings um

1193

00:45:31,910 --> 00:45:29,280

you know maybe we'll we'll

1194

00:45:33,670 --> 00:45:31,920

get to work this out with them and get

1195

00:45:35,270 --> 00:45:33,680

some more information

1196

00:45:37,270 --> 00:45:35,280

but you know from the very beginning

1197

00:45:40,550 --> 00:45:37,280

we've been looking at this as far as

1198

00:45:43,349 --> 00:45:40,560

being connected with other phenomena and

1199

00:45:44,950 --> 00:45:43,359

sometimes you think it does but you know

1200

00:45:48,150 --> 00:45:44,960

sometimes you know you just get

1201

00:45:49,430 --> 00:45:48,160

something you know so um

1202

00:45:50,870 --> 00:45:49,440

uh

1203

00:45:53,109 --> 00:45:50,880

vince yeah

1204

00:45:55,190 --> 00:45:53,119

uh james has asked you thought that the

1205

00:45:57,270 --> 00:45:55,200

ufos and other entities are using the

1206

00:45:59,510 --> 00:45:57,280

same portals

1207

00:46:01,109 --> 00:45:59,520

you know i i have thought for you for a

1208

00:46:04,950 --> 00:46:01,119

long time that

1209

00:46:05,750 --> 00:46:04,960

ufos actually do travel through portals

1210

00:46:07,510 --> 00:46:05,760

uh

1211

00:46:09,349 --> 00:46:07,520

as opposed to

1212

00:46:11,829 --> 00:46:09,359

interstellar travel

1213

00:46:13,910 --> 00:46:11,839

for the most part you know

1214

00:46:17,510 --> 00:46:13,920

i i i think i i think there's a

1215

00:46:19,910 --> 00:46:17,520

possibility there what do you guys think

1216

00:46:22,790 --> 00:46:19,920

well i mean could that be

1217

00:46:24,390 --> 00:46:22,800

their connection to specific areas for

1218

00:46:25,510 --> 00:46:24,400

instance um

1219

00:46:27,510 --> 00:46:25,520

you know were

1220

00:46:30,790 --> 00:46:27,520

if if there were

1221

00:46:32,630 --> 00:46:30,800

just to say for the the sake of argument

1222

00:46:34,230 --> 00:46:32,640

uh certain areas

1223

00:46:35,990 --> 00:46:34,240

that um

1224

00:46:40,790 --> 00:46:36,000

you know were

1225

00:46:41,750 --> 00:46:40,800

uh more prone or or or i guess receptive

1226

00:46:43,910 --> 00:46:41,760

to

1227

00:46:46,309 --> 00:46:43,920

something like interdimensional you know

1228

00:46:48,550 --> 00:46:46,319

travel or or travel between parallel

1229

00:46:51,349 --> 00:46:48,560

universes or something like that

1230

00:46:53,030 --> 00:46:51,359

then yeah i mean i would imagine that uh

1231

00:46:55,190 --> 00:46:53,040

that that all entities that sort of

1232

00:46:59,190 --> 00:46:55,200

exist in those spaces

1233

00:46:59,910 --> 00:46:59,200

would make use of of the the same you

1234

00:47:02,950 --> 00:46:59,920

know

1235

00:47:05,990 --> 00:47:02,960

uh egress to to travel

1236

00:47:09,190 --> 00:47:06,000

between those like those those those uh

1237

00:47:14,150 --> 00:47:11,910

yeah and i think that you know think

1238

00:47:16,790 --> 00:47:14,160

about the whole area i mean

1239

00:47:19,589 --> 00:47:18,230

from where let's just say from where

1240

00:47:21,910 --> 00:47:19,599

chicago's at

1241

00:47:25,109 --> 00:47:21,920

i mean you put a kind of a 200 mile

1242

00:47:28,470 --> 00:47:25,119

radius or so 150 mile 200 mile radius

1243

00:47:29,990 --> 00:47:28,480

think about how much has gone on in that

1244

00:47:31,990 --> 00:47:30,000

that little area

1245

00:47:35,510 --> 00:47:32,000

i mean you have um

1246

00:47:38,230 --> 00:47:35,520

so many ufo sightings so many um

1247

00:47:41,190 --> 00:47:38,240

disappearances um

1248

00:47:43,510 --> 00:47:41,200

so many like crypto sightings i mean

1249

00:47:46,870 --> 00:47:43,520

everything from mothman to you know

1250

00:47:49,510 --> 00:47:46,880

pterosaurs rocks or not rocks but uh

1251
00:47:51,349 --> 00:47:49,520
thunderbirds sightings uh native

1252
00:47:53,670 --> 00:47:51,359
american

1253
00:47:56,549 --> 00:47:53,680
not too far from like where tobias and i

1254
00:47:59,190 --> 00:47:56,559
live is uh ray road you know you have

1255
00:48:00,309 --> 00:47:59,200
uh dogman sightings you have the kettle

1256
00:48:01,829 --> 00:48:00,319
more rain where

1257
00:48:06,069 --> 00:48:01,839
and

1258
00:48:08,870 --> 00:48:06,079
be seen at the kettle moraine so

1259
00:48:09,990 --> 00:48:08,880
they're all within a certain area

1260
00:48:10,710 --> 00:48:10,000
um

1261
00:48:12,549 --> 00:48:10,720
and

1262
00:48:15,349 --> 00:48:12,559
the history not just within the last

1263
00:48:17,829 --> 00:48:15,359

like 20 30 years but some of this stuff

1264

00:48:18,870 --> 00:48:17,839

has been going on for hundreds of years

1265

00:48:21,589 --> 00:48:18,880

i mean

1266

00:48:23,030 --> 00:48:21,599

um you know you got to kind of think

1267

00:48:24,230 --> 00:48:23,040

that there's got to be something with

1268

00:48:26,309 --> 00:48:24,240

the area

1269

00:48:28,470 --> 00:48:26,319

alone you know maybe it's the lake maybe

1270

00:48:30,950 --> 00:48:28,480

it's you know the convergence of ley

1271

00:48:32,390 --> 00:48:30,960

lines or something you know

1272

00:48:34,630 --> 00:48:32,400

you know

1273

00:48:37,910 --> 00:48:34,640

that have that cause all this stuff to

1274

00:48:39,349 --> 00:48:37,920

happen i mean so much high strateginess

1275

00:48:40,549 --> 00:48:39,359

you know happens

1276

00:48:42,150 --> 00:48:40,559

um

1277

00:48:43,190 --> 00:48:42,160

all the stuff that's in there uh let's

1278

00:48:44,630 --> 00:48:43,200

just say

1279

00:48:50,549 --> 00:48:44,640

from the airport

1280

00:48:52,630 --> 00:48:50,559

many strange haunted places or

1281

00:48:54,950 --> 00:48:52,640

where there's been high strangeness in

1282

00:48:57,430 --> 00:48:54,960

the chicago area you have

1283

00:48:59,190 --> 00:48:57,440

multiple cemeteries that are considered

1284

00:49:01,750 --> 00:48:59,200

haunted um

1285

00:49:03,670 --> 00:49:01,760

you know you have one where um

1286

00:49:05,030 --> 00:49:03,680

there's a there's a cemetery where you

1287

00:49:06,390 --> 00:49:05,040

can see um

1288

00:49:07,670 --> 00:49:06,400

a um

1289

00:49:09,750 --> 00:49:07,680

hitchhiker

1290

00:49:12,230 --> 00:49:09,760

that you see uh

1291

00:49:14,150 --> 00:49:12,240

that people see all the time there's uh

1292

00:49:17,829 --> 00:49:14,160

there's an actual place um

1293

00:49:19,510 --> 00:49:17,839

it's a very old dilapidated um

1294

00:49:21,430 --> 00:49:19,520

cemetery i believe it's called it's

1295

00:49:23,670 --> 00:49:21,440

called bachelor's grove

1296

00:49:25,030 --> 00:49:23,680

um it's considered to be one of the most

1297

00:49:26,870 --> 00:49:25,040

haunted places

1298

00:49:27,750 --> 00:49:26,880

you know on the planet

1299

00:49:29,349 --> 00:49:27,760

and

1300

00:49:30,870 --> 00:49:29,359

some of these some of the people that i

1301
00:49:32,230 --> 00:49:30,880
know that are like pagans and stuff like

1302
00:49:34,870 --> 00:49:32,240
that have said they've gone there and

1303
00:49:37,750 --> 00:49:34,880
have just been overwhelmed

1304
00:49:38,870 --> 00:49:37,760
by how much energy is going there

1305
00:49:41,349 --> 00:49:38,880
um

1306
00:49:42,630 --> 00:49:41,359
so many different places you know the

1307
00:49:45,430 --> 00:49:42,640
the um

1308
00:49:47,589 --> 00:49:45,440
there is a nightclub in chicago color

1309
00:49:50,150 --> 00:49:47,599
they used to be called uh excalibur they

1310
00:49:53,430 --> 00:49:50,160
used to be a morgue for uh

1311
00:49:55,270 --> 00:49:53,440
the chicago fire and when the there's a

1312
00:49:56,230 --> 00:49:55,280
orphanage to burn down to use it as a

1313
00:49:58,710 --> 00:49:56,240

morgue

1314

00:50:00,710 --> 00:49:58,720

uh the alley were the uh

1315

00:50:02,790 --> 00:50:00,720

where the uh

1316

00:50:05,190 --> 00:50:02,800

same valentine's day massacre

1317

00:50:06,069 --> 00:50:05,200

you know still considered very haunted

1318

00:50:09,349 --> 00:50:06,079

um

1319

00:50:11,750 --> 00:50:09,359

so many things from ufos to usos

1320

00:50:13,270 --> 00:50:11,760

been seen coming in and out of the lake

1321

00:50:15,030 --> 00:50:13,280

uh there's um

1322

00:50:16,069 --> 00:50:15,040

not too far from

1323

00:50:17,589 --> 00:50:16,079

um

1324

00:50:19,349 --> 00:50:17,599

on the lake a place called the lake

1325

00:50:22,630 --> 00:50:19,359

michigan triangle

1326

00:50:23,670 --> 00:50:22,640

where they've had so many things happen

1327

00:50:26,549 --> 00:50:23,680

you know

1328

00:50:27,510 --> 00:50:26,559

all this stuff happening here um it's

1329

00:50:29,109 --> 00:50:27,520

just

1330

00:50:31,190 --> 00:50:29,119

two and it's all happening within like a

1331

00:50:32,470 --> 00:50:31,200

200 mile radius i mean you can get on

1332

00:50:34,230 --> 00:50:32,480

your car and go

1333

00:50:36,230 --> 00:50:34,240

to most of these places within a couple

1334

00:50:38,390 --> 00:50:36,240

of hours um

1335

00:50:40,790 --> 00:50:38,400

you know so many things happening

1336

00:50:42,870 --> 00:50:40,800

strange things happening because of this

1337

00:50:46,069 --> 00:50:42,880

and i think a lot of it has to do with

1338

00:50:47,670 --> 00:50:46,079

like portals or you know maybe you know

1339

00:50:48,549 --> 00:50:47,680

native american

1340

00:50:50,549 --> 00:50:48,559

uh

1341

00:50:53,910 --> 00:50:50,559

sightings like kettle moraine i can only

1342

00:50:55,589 --> 00:50:53,920

imagine if that place is probably

1343

00:50:57,270 --> 00:50:55,599

you know tied somehow to the first

1344

00:50:59,030 --> 00:50:57,280

nation tribes that were there you know

1345

00:51:00,630 --> 00:50:59,040

you have so many tribes in that area

1346

00:51:03,349 --> 00:51:00,640

like the oneida

1347

00:51:05,670 --> 00:51:03,359

uh people that are there um

1348

00:51:07,670 --> 00:51:05,680

how many of that stuff could possibly be

1349

00:51:09,109 --> 00:51:07,680

you know explained because you know of

1350

00:51:11,190 --> 00:51:09,119

native american

1351

00:51:12,069 --> 00:51:11,200

uh shamanism or something

1352

00:51:14,150 --> 00:51:12,079

um

1353

00:51:15,750 --> 00:51:14,160

yeah i think that the portals that they

1354

00:51:18,390 --> 00:51:15,760

all use that they are using the same

1355

00:51:20,470 --> 00:51:18,400

portals or a combination of portals just

1356

00:51:22,470 --> 00:51:20,480

to get in and out of the area but i mean

1357

00:51:24,230 --> 00:51:22,480

so much stuff is concentrated within

1358

00:51:25,349 --> 00:51:24,240

this little area

1359

00:51:28,790 --> 00:51:25,359

that's just

1360

00:51:31,750 --> 00:51:28,800

it's not you can't ignore it you know

1361

00:51:33,750 --> 00:51:31,760

sure no i mean i uh most well all of

1362

00:51:36,790 --> 00:51:33,760

wisconsin of course uh

1363

00:51:39,270 --> 00:51:36,800

belong to to various uh indigenous

1364

00:51:42,069 --> 00:51:39,280

peoples you know prior to european

1365

00:51:45,190 --> 00:51:42,079

settlement um i i don't know

1366

00:51:47,750 --> 00:51:45,200

how much of it is is related to them

1367

00:51:51,349 --> 00:51:47,760

directly i i do know

1368

00:51:53,430 --> 00:51:51,359

um from you know of a few of my friends

1369

00:51:55,750 --> 00:51:53,440

that that happened you know to to be

1370

00:51:59,190 --> 00:51:55,760

native american that you know certainly

1371

00:52:00,870 --> 00:51:59,200

um they grew up hearing stories of about

1372

00:52:03,270 --> 00:52:00,880

strange things um

1373

00:52:06,150 --> 00:52:03,280

and so that was very much or is very

1374

00:52:08,870 --> 00:52:06,160

much a a part of of of their specific

1375

00:52:10,870 --> 00:52:08,880

culture at least um to speak to that

1376
00:52:12,630 --> 00:52:10,880
point about geographic areas too now

1377
00:52:15,270 --> 00:52:12,640
this was interesting and i don't think

1378
00:52:16,790 --> 00:52:15,280
i've i've had a chance to tell you guys

1379
00:52:19,030 --> 00:52:16,800
about this so

1380
00:52:22,470 --> 00:52:19,040
remember back this was thanksgiving of

1381
00:52:23,910 --> 00:52:22,480
2020 uh two young women in oregon

1382
00:52:26,230 --> 00:52:23,920
wisconsin said that they were out

1383
00:52:28,950 --> 00:52:26,240
driving and they saw this this winged

1384
00:52:30,630 --> 00:52:28,960
humanoid and so when emily and i uh went

1385
00:52:32,470 --> 00:52:30,640
to go check it out now these two

1386
00:52:34,630 --> 00:52:32,480
witnesses had said that they had had

1387
00:52:36,230 --> 00:52:34,640
some kind of weird interference with

1388
00:52:37,589 --> 00:52:36,240

their radio

1389

00:52:39,030 --> 00:52:37,599

and so you know naturally that's

1390

00:52:41,510 --> 00:52:39,040

something we were looking for when we

1391

00:52:43,030 --> 00:52:41,520

went to go uh investigate this sighting

1392

00:52:46,309 --> 00:52:43,040

area now nothing happened to our car

1393

00:52:49,430 --> 00:52:46,319

radio but when we got home all of our

1394

00:52:52,069 --> 00:52:49,440

recording devices all had the same weird

1395

00:52:54,790 --> 00:52:52,079

uh audio interference it was just weird

1396

00:52:55,990 --> 00:52:54,800

like crackling sort of popping

1397

00:52:59,190 --> 00:52:56,000

and it

1398

00:53:02,390 --> 00:52:59,200

there was no explanation for it and so

1399

00:53:04,790 --> 00:53:02,400

um you know we we went back maybe uh a

1400

00:53:06,950 --> 00:53:04,800

week or two later um because the the

1401
00:53:09,349 --> 00:53:06,960
first time we had gone uh of of course

1402
00:53:10,230 --> 00:53:09,359
was as as quickly as as we could it was

1403
00:53:13,030 --> 00:53:10,240
maybe

1404
00:53:14,870 --> 00:53:13,040
uh a week or so after the actual

1405
00:53:18,390 --> 00:53:14,880
sighting because they had only contacted

1406
00:53:19,349 --> 00:53:18,400
us you know a a couple days before that

1407
00:53:20,230 --> 00:53:19,359
and so

1408
00:53:26,309 --> 00:53:20,240
you know

1409
00:53:28,870 --> 00:53:26,319
was maybe a a week or two later and and

1410
00:53:30,069 --> 00:53:28,880
the same audio interference happened but

1411
00:53:32,069 --> 00:53:30,079
it was

1412
00:53:34,950 --> 00:53:32,079
much quieter

1413
00:53:37,030 --> 00:53:34,960

and then uh this past thanksgiving we we

1414

00:53:39,670 --> 00:53:37,040

decided because we were home anyway

1415

00:53:43,030 --> 00:53:39,680

that uh well hey what the hell why not

1416

00:53:45,430 --> 00:53:43,040

on the one year anniversary of this

1417

00:53:47,990 --> 00:53:45,440

sighting let's go back to this area

1418

00:53:49,990 --> 00:53:48,000

we'll bring the the same stuff and we'll

1419

00:53:51,030 --> 00:53:50,000

see if it happens you know

1420

00:53:52,630 --> 00:53:51,040

again

1421

00:53:54,950 --> 00:53:52,640

and this time

1422

00:53:56,950 --> 00:53:54,960

dead quiet no audio interference

1423

00:53:57,829 --> 00:53:56,960

whatsoever so we went from

1424

00:53:59,750 --> 00:53:57,839

uh

1425

00:54:02,630 --> 00:53:59,760

a relatively

1426

00:54:05,589 --> 00:54:02,640

uh like recent uh visit where it was

1427

00:54:07,990 --> 00:54:05,599

very very loud uh recent to the the

1428

00:54:09,430 --> 00:54:08,000

sighting not to right now um where it

1429

00:54:11,910 --> 00:54:09,440

was very very loud

1430

00:54:14,230 --> 00:54:11,920

to it getting progressively quieter

1431

00:54:15,589 --> 00:54:14,240

until one year later it's completely

1432

00:54:17,910 --> 00:54:15,599

gone

1433

00:54:19,910 --> 00:54:17,920

and the only thing i i i could think of

1434

00:54:21,349 --> 00:54:19,920

or at least where my

1435

00:54:23,910 --> 00:54:21,359

uh

1436

00:54:24,870 --> 00:54:23,920

imagination took me thinking about this

1437

00:54:28,870 --> 00:54:24,880

was

1438

00:54:31,910 --> 00:54:28,880

some sort of door closing in in that

1439

00:54:34,309 --> 00:54:31,920

area and and whatever it it it was

1440

00:54:35,990 --> 00:54:34,319

whatever this this door was that allowed

1441

00:54:37,270 --> 00:54:36,000

this thing to come through

1442

00:54:39,270 --> 00:54:37,280

it uh

1443

00:54:42,230 --> 00:54:39,280

whatever it was made of

1444

00:54:45,750 --> 00:54:42,240

um reacted with our equipment in such a

1445

00:54:48,549 --> 00:54:45,760

way as to uh interfere with its its

1446

00:54:50,829 --> 00:54:48,559

audio you know like if there was some

1447

00:54:53,030 --> 00:54:50,839

some uh uh

1448

00:54:55,670 --> 00:54:53,040

electromagnetic frequency

1449

00:54:58,069 --> 00:54:55,680

being created by this phenomenon that

1450

00:55:00,549 --> 00:54:58,079

that messed with our

1451
00:55:02,069 --> 00:55:00,559
equipment and this thing was only able

1452
00:55:05,430 --> 00:55:02,079
to come through

1453
00:55:08,230 --> 00:55:05,440
or you know be seen or whatever

1454
00:55:10,950 --> 00:55:08,240
while it it it was active

1455
00:55:11,670 --> 00:55:10,960
well there hasn't been a sighting since

1456
00:55:14,069 --> 00:55:11,680
and

1457
00:55:19,190 --> 00:55:14,079
if this door closed

1458
00:55:22,630 --> 00:55:21,030
well you know it's interesting because

1459
00:55:24,950 --> 00:55:22,640
you mentioned to me when i posted this

1460
00:55:27,109 --> 00:55:24,960
thing the other night about the um

1461
00:55:30,150 --> 00:55:27,119
the sighting out there by the quarries

1462
00:55:35,430 --> 00:55:32,150
uh

1463
00:55:37,270 --> 00:55:35,440

what's the name thornton illinois yeah

1464

00:55:38,950 --> 00:55:37,280

illinois and uh

1465

00:55:40,390 --> 00:55:38,960

this thing was seen

1466

00:55:43,270 --> 00:55:40,400

hovering or

1467

00:55:45,190 --> 00:55:43,280

gliding above the quarry out there

1468

00:55:47,349 --> 00:55:45,200

the quarries out there because this

1469

00:55:49,589 --> 00:55:47,359

place is humongous

1470

00:55:52,390 --> 00:55:49,599

and the guy had mentioned

1471

00:55:54,710 --> 00:55:52,400

having radio interference as he was

1472

00:55:57,190 --> 00:55:54,720

driving and noticing it then

1473

00:56:00,549 --> 00:55:57,200

happened to notice this thing

1474

00:56:02,630 --> 00:56:00,559

above him or above the quarry so

1475

00:56:04,470 --> 00:56:02,640

you know apparently other people had

1476

00:56:06,549 --> 00:56:04,480

stopped on the highway as well to look

1477

00:56:10,950 --> 00:56:06,559

at this thing

1478

00:56:12,710 --> 00:56:10,960

uh apparently there was some type of um

1479

00:56:15,030 --> 00:56:12,720

other

1480

00:56:16,950 --> 00:56:15,040

supernatural aspect to this being where

1481

00:56:19,829 --> 00:56:16,960

it had like this silvering

1482

00:56:22,390 --> 00:56:19,839

silvery like glow around it and you know

1483

00:56:23,910 --> 00:56:22,400

i've heard that before with other

1484

00:56:25,589 --> 00:56:23,920

phenomena you know

1485

00:56:27,430 --> 00:56:25,599

especially with the upright canine we've

1486

00:56:28,630 --> 00:56:27,440

heard that with people saying that

1487

00:56:31,910 --> 00:56:28,640

they've

1488

00:56:33,589 --> 00:56:31,920

sent some type of silly aura or sheen

1489

00:56:35,510 --> 00:56:33,599

around this being

1490

00:56:37,670 --> 00:56:35,520

so i don't know i mean maybe that's

1491

00:56:39,829 --> 00:56:37,680

something to do with the these these

1492

00:56:43,349 --> 00:56:39,839

wing humanoids as well

1493

00:56:45,270 --> 00:56:43,359

so um yeah who knows i mean is this some

1494

00:56:47,990 --> 00:56:45,280

type of electrical or magnetic

1495

00:56:50,309 --> 00:56:48,000

interference

1496

00:56:52,309 --> 00:56:50,319

very well could be i guess

1497

00:56:55,030 --> 00:56:52,319

yeah yeah

1498

00:56:56,549 --> 00:56:55,040

well you you you see that kind or those

1499

00:56:59,670 --> 00:56:56,559

kinds of

1500

00:57:01,510 --> 00:56:59,680

phenomena uh present in uh ufo sightings

1501
00:57:03,750 --> 00:57:01,520
often people will talk about

1502
00:57:05,829 --> 00:57:03,760
uh you know their their car just

1503
00:57:08,470 --> 00:57:05,839
shutting off or the the radio

1504
00:57:11,349 --> 00:57:08,480
malfunctioning and so if we're talking

1505
00:57:14,390 --> 00:57:11,359
about something um say like the the use

1506
00:57:17,190 --> 00:57:14,400
of portals for for

1507
00:57:18,870 --> 00:57:17,200
uh just the the sake of speculation in

1508
00:57:20,309 --> 00:57:18,880
in this argument you know if we're

1509
00:57:23,430 --> 00:57:20,319
talking about something like portals

1510
00:57:25,990 --> 00:57:23,440
used by multiple types of entities

1511
00:57:28,390 --> 00:57:26,000
it would make sense to have these common

1512
00:57:31,510 --> 00:57:28,400
phenomena across

1513
00:57:34,549 --> 00:57:31,520

these uh seemingly disparate encounters

1514

00:57:38,390 --> 00:57:34,559

so if a winch humanoid and a dog man and

1515

00:57:41,270 --> 00:57:38,400

uh a ufo are all using the the same

1516

00:57:44,390 --> 00:57:41,280

means to to gain entrance to our

1517

00:57:46,069 --> 00:57:44,400

universe and whatever that is

1518

00:57:48,630 --> 00:57:46,079

uh creates this sort of like

1519

00:57:52,150 --> 00:57:48,640

electromagnetic

1520

00:57:54,150 --> 00:57:52,160

effect that interferes with electronics

1521

00:57:56,150 --> 00:57:54,160

then we should be seeing it in

1522

00:57:58,870 --> 00:57:56,160

coordination with all kinds of sightings

1523

00:58:00,789 --> 00:57:58,880

and the weird thing is we are

1524

00:58:02,789 --> 00:58:00,799

yeah and you know

1525

00:58:04,230 --> 00:58:02,799

i i guess not everybody picks up on it

1526

00:58:06,789 --> 00:58:04,240

but maybe there are some of these

1527

00:58:08,950 --> 00:58:06,799

sightings that that you know maybe they

1528

00:58:11,270 --> 00:58:08,960

haven't mentioned it or whatever but i

1529

00:58:13,030 --> 00:58:11,280

believe that there very well could be

1530

00:58:15,589 --> 00:58:13,040

you know it's interesting we we did get

1531

00:58:19,349 --> 00:58:15,599

a question about the um

1532

00:58:20,870 --> 00:58:19,359

uh from james about the uh possibility

1533

00:58:23,750 --> 00:58:20,880

of other

1534

00:58:26,309 --> 00:58:23,760

phenomena uses the same portals to come

1535

00:58:28,470 --> 00:58:26,319

in and out as the ultra terrestrials are

1536

00:58:30,230 --> 00:58:28,480

from the same dimension and such

1537

00:58:32,309 --> 00:58:30,240

and you know i i believe it does you

1538

00:58:33,030 --> 00:58:32,319

know this is one thing that we did get

1539

00:58:34,870 --> 00:58:33,040
from

1540

00:58:37,910 --> 00:58:34,880
the unseen ones

1541

00:58:40,549 --> 00:58:37,920
was that there are other wing beans on

1542

00:58:42,950 --> 00:58:40,559
their dimension as well as

1543

00:58:44,069 --> 00:58:42,960
bigfoot like creatures which they call

1544

00:58:45,670 --> 00:58:44,079
saba

1545

00:58:48,069 --> 00:58:45,680
and uh

1546

00:58:51,910 --> 00:58:48,079
and upright canines and

1547

00:58:53,390 --> 00:58:51,920
i whatever else may be there as well so

1548

00:58:55,750 --> 00:58:53,400
are these other beings

1549

00:58:57,750 --> 00:58:55,760
ultra-terrestrials very well could you

1550

00:59:00,150 --> 00:58:57,760
know we've been talking about this

1551
00:59:03,589 --> 00:59:00,160
interdimensional theory as far as other

1552
00:59:06,069 --> 00:59:03,599
cryptids for a long time now

1553
00:59:08,150 --> 00:59:06,079
are they coming through on the same

1554
00:59:11,990 --> 00:59:08,160
the same portal same wavelength or

1555
00:59:15,030 --> 00:59:13,510
yeah i'm

1556
00:59:15,910 --> 00:59:15,040
go ahead go ahead

1557
00:59:17,030 --> 00:59:15,920
okay

1558
00:59:18,630 --> 00:59:17,040
i was just going to say that i mean that

1559
00:59:21,349 --> 00:59:18,640
was something that uh you know i was

1560
00:59:22,950 --> 00:59:21,359
speculating about in my uh my lake

1561
00:59:24,309 --> 00:59:22,960
michigan mothman book you know sort of

1562
00:59:25,190 --> 00:59:24,319
the idea

1563
00:59:27,910 --> 00:59:25,200

that

1564

00:59:31,109 --> 00:59:27,920

there is this whole

1565

00:59:33,589 --> 00:59:31,119

ecology of beings right that sort of

1566

00:59:36,150 --> 00:59:33,599

exists you know either on the level of

1567

00:59:38,470 --> 00:59:36,160

consciousness or that seems to interact

1568

00:59:39,990 --> 00:59:38,480

with us uh in in in some way directly

1569

00:59:44,069 --> 00:59:40,000

through consciousness

1570

00:59:45,829 --> 00:59:44,079

and um you know if that's the case then

1571

00:59:48,710 --> 00:59:45,839

what is that what does that mean for us

1572

00:59:51,109 --> 00:59:48,720

like for instance if you believe in

1573

00:59:54,390 --> 00:59:51,119

the the persistence of of human

1574

00:59:57,109 --> 00:59:54,400

consciousness after death right um would

1575

00:59:58,440 --> 00:59:57,119

you then be able to interact with these

1576

00:59:59,990 --> 00:59:58,450

other beings

1577

01:00:02,230 --> 01:00:00,000

[Music]

1578

01:00:04,549 --> 01:00:02,240

you know i it's it's just something that

1579

01:00:06,069 --> 01:00:04,559

that i i spent probably a weird amount

1580

01:00:07,750 --> 01:00:06,079

of time thinking about

1581

01:00:09,270 --> 01:00:07,760

but um you know definitely something

1582

01:00:12,309 --> 01:00:09,280

that that has

1583

01:00:14,309 --> 01:00:12,319

occurred to me as a a possibility you

1584

01:00:18,150 --> 01:00:14,319

know considering everything that these

1585

01:00:26,710 --> 01:00:21,030

well the most recent encounter that we

1586

01:00:30,950 --> 01:00:29,349

late december which of course were the

1587

01:00:33,829 --> 01:00:30,960

three

1588

01:00:36,470 --> 01:00:33,839

er hera winged humanoids that these

1589

01:00:38,549 --> 01:00:36,480

witnesses apparently had recorded on

1590

01:00:40,870 --> 01:00:38,559

their phones

1591

01:00:43,829 --> 01:00:40,880

and then the witnesses were approached

1592

01:00:45,829 --> 01:00:43,839

by tsa and their own

1593

01:00:48,549 --> 01:00:45,839

it was american airlines

1594

01:00:50,630 --> 01:00:48,559

their own um

1595

01:00:54,230 --> 01:00:50,640

management and were threatened with

1596

01:00:55,349 --> 01:00:54,240

termination if they disclosed this

1597

01:00:58,710 --> 01:00:55,359

uh so

1598

01:00:59,910 --> 01:00:58,720

you know manuel you you uh you took this

1599

01:01:01,589 --> 01:00:59,920

report

1600

01:01:03,990 --> 01:01:01,599

why don't you go ahead and give us the

1601
01:01:07,349 --> 01:01:04,000
synopsis and everything that happened

1602
01:01:13,510 --> 01:01:11,190
i'm glad to um well basically these um

1603
01:01:16,309 --> 01:01:13,520
these three maintenance workers were

1604
01:01:18,549 --> 01:01:16,319
uh working on an airplane uh they were

1605
01:01:20,069 --> 01:01:18,559
trying to bring it into uh the hangar

1606
01:01:22,789 --> 01:01:20,079
there's um

1607
01:01:24,870 --> 01:01:22,799
on the northern end of uh the

1608
01:01:27,109 --> 01:01:24,880
airport on the

1609
01:01:28,549 --> 01:01:27,119
rights on the left side of the airport

1610
01:01:30,549 --> 01:01:28,559
there's um

1611
01:01:32,950 --> 01:01:30,559
three massive hangars from american

1612
01:01:34,870 --> 01:01:32,960
airlines and they use them to do

1613
01:01:35,750 --> 01:01:34,880

maintenance on the airplanes that come

1614

01:01:39,349 --> 01:01:35,760

through

1615

01:01:42,150 --> 01:01:39,359

um they were trying to tow a uh

1616

01:01:44,630 --> 01:01:42,160

jet into the airport into the uh

1617

01:01:46,870 --> 01:01:44,640

off the tarmac and into the building

1618

01:01:47,750 --> 01:01:46,880

and as they were hooking up they had

1619

01:01:50,829 --> 01:01:47,760

like a

1620

01:01:52,950 --> 01:01:50,839

the way he had talked about it was a tug

1621

01:01:55,589 --> 01:01:52,960

um that um

1622

01:01:57,589 --> 01:01:55,599

hooked up to this uh airport to this

1623

01:01:58,470 --> 01:01:57,599

plane and then they would use the tug to

1624

01:02:00,789 --> 01:01:58,480

you know

1625

01:02:01,589 --> 01:02:00,799

tow the airplane in as they were trying

1626
01:02:05,589 --> 01:02:01,599
to

1627
01:02:06,470 --> 01:02:05,599
you know hey look at what's over there

1628
01:02:08,309 --> 01:02:06,480
they

1629
01:02:09,190 --> 01:02:08,319
turned to see three creatures sitting

1630
01:02:11,109 --> 01:02:09,200
there

1631
01:02:13,510 --> 01:02:11,119
you know looking straight at them

1632
01:02:15,430 --> 01:02:13,520
um they described them as you know i'm

1633
01:02:20,630 --> 01:02:15,440
trying to actually pull it up right now

1634
01:02:24,069 --> 01:02:22,549
yeah they were seven foot tall and they

1635
01:02:26,470 --> 01:02:24,079
were just staring right at him they were

1636
01:02:29,990 --> 01:02:26,480
completely black with wings

1637
01:02:31,190 --> 01:02:30,000
um they had uh the glowing eyes

1638
01:02:33,029 --> 01:02:31,200

and um

1639

01:02:34,470 --> 01:02:33,039

within a few seconds of that happiness

1640

01:02:35,829 --> 01:02:34,480

security guard

1641

01:02:38,150 --> 01:02:35,839

um

1642

01:02:39,589 --> 01:02:38,160

you know pulls up these guys had started

1643

01:02:40,950 --> 01:02:39,599

recording

1644

01:02:43,430 --> 01:02:40,960

all this they had pulled out their

1645

01:02:45,349 --> 01:02:43,440

phones and stuff and uh seconds later

1646

01:02:47,990 --> 01:02:45,359

security vehicle comes screaming up with

1647

01:02:49,670 --> 01:02:48,000

the driveway and stops and some um he

1648

01:02:51,510 --> 01:02:49,680

described as a white chubby security

1649

01:02:53,510 --> 01:02:51,520

person runs out with his flashlights and

1650

01:02:55,990 --> 01:02:53,520

starts checking the area

1651

01:02:58,390 --> 01:02:56,000

um he's shortly joined by three other

1652

01:03:00,069 --> 01:02:58,400

trucks and a couple of other supervisors

1653

01:03:02,390 --> 01:03:00,079

that he recognized from the staff

1654

01:03:04,390 --> 01:03:02,400

meetings um

1655

01:03:06,069 --> 01:03:04,400

i look over and you know there he's

1656

01:03:07,349 --> 01:03:06,079

looking over this coworkers they're also

1657

01:03:09,109 --> 01:03:07,359

recording

1658

01:03:10,710 --> 01:03:09,119

this and that's when they're told you

1659

01:03:11,750 --> 01:03:10,720

know to put that away and get back to

1660

01:03:13,349 --> 01:03:11,760

work

1661

01:03:14,870 --> 01:03:13,359

um

1662

01:03:16,230 --> 01:03:14,880

that uh

1663

01:03:18,470 --> 01:03:16,240

you know she would be they would be

1664

01:03:20,150 --> 01:03:18,480
reported to their supervisors

1665

01:03:21,510 --> 01:03:20,160
um

1666

01:03:23,670 --> 01:03:21,520
the area where these things were must

1667

01:03:25,349 --> 01:03:23,680
have been about he said that there were

1668

01:03:26,470 --> 01:03:25,359
at least four different cameras in that

1669

01:03:27,430 --> 01:03:26,480
area

1670

01:03:29,029 --> 01:03:27,440
you know

1671

01:03:31,990 --> 01:03:29,039
security cameras

1672

01:03:33,829 --> 01:03:32,000
so what gets me is that you know if

1673

01:03:35,589 --> 01:03:33,839
there were this thing these things were

1674

01:03:36,950 --> 01:03:35,599
obviously seen

1675

01:03:38,549 --> 01:03:36,960
um

1676

01:03:40,630 --> 01:03:38,559

you know on camera

1677

01:03:42,150 --> 01:03:40,640

but shortly thereafter they were called

1678

01:03:43,510 --> 01:03:42,160

into a meeting in the break room they

1679

01:03:45,510 --> 01:03:43,520

were just told go report to the break

1680

01:03:46,470 --> 01:03:45,520

room do not talk to anybody

1681

01:03:47,829 --> 01:03:46,480

um

1682

01:03:49,750 --> 01:03:47,839

they went in there and that's when they

1683

01:03:51,589 --> 01:03:49,760

were you know confronted with you know

1684

01:03:52,789 --> 01:03:51,599

supervisors and you know security

1685

01:03:54,390 --> 01:03:52,799

personnel

1686

01:03:56,150 --> 01:03:54,400

and they were basically given an

1687

01:03:59,430 --> 01:03:56,160

ultimatum loser you know delete the

1688

01:04:00,309 --> 01:03:59,440

videos in front of us or lose your job

1689

01:04:02,630 --> 01:04:00,319

um

1690

01:04:05,349 --> 01:04:02,640

they did ask for their you know their

1691

01:04:07,670 --> 01:04:05,359

union reps their union represented

1692

01:04:09,430 --> 01:04:07,680

employees so they you know obviously you

1693

01:04:10,549 --> 01:04:09,440

know requested for their union reps to

1694

01:04:13,589 --> 01:04:10,559

be there and they were told this is

1695

01:04:16,150 --> 01:04:13,599

beyond a union um you know you have a

1696

01:04:18,950 --> 01:04:16,160

choice you know either do this or

1697

01:04:20,549 --> 01:04:18,960

you know lose your job and

1698

01:04:22,549 --> 01:04:20,559

all of them comply they were basically

1699

01:04:24,470 --> 01:04:22,559

bullied into you know

1700

01:04:26,710 --> 01:04:24,480

showing them that hey you know they had

1701

01:04:27,829 --> 01:04:26,720

deleted the videos in front of them

1702

01:04:29,589 --> 01:04:27,839

um

1703

01:04:31,990 --> 01:04:29,599

and they were told you know did they you

1704

01:04:35,270 --> 01:04:32,000

know if you talk to anybody or this gets

1705

01:04:37,349 --> 01:04:35,280

out you know you will lose your jobs um

1706

01:04:41,190 --> 01:04:37,359

he did bring up an interesting point

1707

01:04:42,789 --> 01:04:41,200

though he did state that um

1708

01:04:45,430 --> 01:04:42,799

many of the people that were involved in

1709

01:04:47,109 --> 01:04:45,440

that july 22nd sighting

1710

01:04:47,990 --> 01:04:47,119

where it was seen

1711

01:04:49,910 --> 01:04:48,000

they were

1712

01:04:52,630 --> 01:04:49,920

the the being was seen being surrounded

1713

01:04:54,470 --> 01:04:52,640

by security by multiple employees

1714

01:04:57,190 --> 01:04:54,480

most of those employees had either been

1715

01:04:58,870 --> 01:04:57,200

um let go terminated or had been

1716

01:05:00,069 --> 01:04:58,880

reassigned

1717

01:05:00,870 --> 01:05:00,079

um

1718

01:05:03,270 --> 01:05:00,880

so

1719

01:05:04,789 --> 01:05:03,280

they were being basically you know

1720

01:05:06,789 --> 01:05:04,799

made examples he says that they were

1721

01:05:08,630 --> 01:05:06,799

being made examples to other employees

1722

01:05:10,630 --> 01:05:08,640

that do not you know

1723

01:05:12,630 --> 01:05:10,640

do not be reporting this do not talk to

1724

01:05:15,349 --> 01:05:12,640

people um

1725

01:05:17,589 --> 01:05:15,359

you know this gentleman he came he came

1726

01:05:19,349 --> 01:05:17,599

forward he you know he was

1727

01:05:20,710 --> 01:05:19,359

brave enough to come forward and say

1728

01:05:22,630 --> 01:05:20,720

this but

1729

01:05:24,789 --> 01:05:22,640

what got me was um

1730

01:05:26,789 --> 01:05:24,799

he was he

1731

01:05:29,349 --> 01:05:26,799

is that they had the video if if this

1732

01:05:31,910 --> 01:05:29,359

video was as close as they said it was

1733

01:05:34,150 --> 01:05:31,920

this should have been you know

1734

01:05:36,390 --> 01:05:34,160

clear as daylight you know

1735

01:05:38,710 --> 01:05:36,400

sitting there and to think that if there

1736

01:05:40,470 --> 01:05:38,720

are security cameras in the area this

1737

01:05:42,630 --> 01:05:40,480

has to have been you know picked up at

1738

01:05:44,549 --> 01:05:42,640

least a couple of times on cameras

1739

01:05:46,390 --> 01:05:44,559

but you know good luck trying to get

1740

01:05:48,069 --> 01:05:46,400

some of that you know

1741

01:05:49,430 --> 01:05:48,079

footage um

1742

01:05:51,270 --> 01:05:49,440

yeah we can put as many four-year

1743

01:05:53,829 --> 01:05:51,280

requests we want to and that that's just

1744

01:05:55,190 --> 01:05:53,839

going to hit a dead end i guarantee you

1745

01:05:57,190 --> 01:05:55,200

that

1746

01:05:59,190 --> 01:05:57,200

yeah i mean he was talking about

1747

01:06:01,029 --> 01:05:59,200

the gentleman that when i spoke with him

1748

01:06:02,789 --> 01:06:01,039

you know he did state you know the area

1749

01:06:04,309 --> 01:06:02,799

that they were at was

1750

01:06:06,549 --> 01:06:04,319

they were by a chaining fence that

1751
01:06:07,829 --> 01:06:06,559
separated the tarmac from the from the

1752
01:06:08,710 --> 01:06:07,839
parking lots

1753
01:06:10,470 --> 01:06:08,720
um

1754
01:06:12,150 --> 01:06:10,480
so he says that when they showed up they

1755
01:06:13,029 --> 01:06:12,160
showed up within seconds of these you

1756
01:06:15,029 --> 01:06:13,039
know

1757
01:06:15,829 --> 01:06:15,039
beings and these beings like they took

1758
01:06:16,789 --> 01:06:15,839
off

1759
01:06:19,270 --> 01:06:16,799
um

1760
01:06:21,510 --> 01:06:19,280
they you know basically daddled out of

1761
01:06:22,789 --> 01:06:21,520
that area as quickly as possible

1762
01:06:25,829 --> 01:06:22,799
um

1763
01:06:27,349 --> 01:06:25,839

they were just like within seconds there

1764

01:06:29,190 --> 01:06:27,359

were security personnel all over the

1765

01:06:31,029 --> 01:06:29,200

place so i mean obviously

1766

01:06:33,750 --> 01:06:31,039

they must be being seen on camera or

1767

01:06:35,589 --> 01:06:33,760

something for these uh people

1768

01:06:37,109 --> 01:06:35,599

to show up but i mean

1769

01:06:38,950 --> 01:06:37,119

when he talked about the people that

1770

01:06:41,589 --> 01:06:38,960

were in that office he said they were

1771

01:06:43,190 --> 01:06:41,599

you know american airlines executives

1772

01:06:45,029 --> 01:06:43,200

and you know that they were told

1773

01:06:46,390 --> 01:06:45,039

basically you know the union can't do

1774

01:06:47,589 --> 01:06:46,400

anything for you

1775

01:06:49,029 --> 01:06:47,599

um

1776

01:06:51,029 --> 01:06:49,039

you have a

1777

01:06:52,630 --> 01:06:51,039

you know a choice either you know show

1778

01:06:55,589 --> 01:06:52,640

us that you delete this or delete it in

1779

01:06:57,270 --> 01:06:55,599

front of us or you know lose your job

1780

01:06:59,029 --> 01:06:57,280

and when they did approach the union

1781

01:07:00,870 --> 01:06:59,039

about it they were told that the union

1782

01:07:03,430 --> 01:07:00,880

you know would look into the incident

1783

01:07:05,109 --> 01:07:03,440

and get back to them but they've never

1784

01:07:06,630 --> 01:07:05,119

heard back um

1785

01:07:08,230 --> 01:07:06,640

you know from this

1786

01:07:09,589 --> 01:07:08,240

so it kind of thinks that you know

1787

01:07:12,150 --> 01:07:09,599

they're starting to get into some strong

1788

01:07:14,710 --> 01:07:12,160

armed tactics to try to you know

1789

01:07:15,589 --> 01:07:14,720

more or less bully

1790

01:07:19,109 --> 01:07:15,599

um

1791

01:07:21,349 --> 01:07:19,119

these people into uh trying to keep them

1792

01:07:22,470 --> 01:07:21,359

from talking

1793

01:07:25,349 --> 01:07:22,480

well

1794

01:07:28,789 --> 01:07:25,359

see this is what i was told to i mean

1795

01:07:31,670 --> 01:07:28,799

my contact at one of the uh one of the

1796

01:07:32,549 --> 01:07:31,680

commercial carriers

1797

01:07:35,270 --> 01:07:32,559

uh

1798

01:07:38,230 --> 01:07:35,280

was telling me that

1799

01:07:39,910 --> 01:07:38,240

the security is being stepped up

1800

01:07:41,349 --> 01:07:39,920

and uh

1801
01:07:43,670 --> 01:07:41,359
there have been people who have lost

1802
01:07:45,750 --> 01:07:43,680
their jobs

1803
01:07:49,190 --> 01:07:45,760
who have been put on

1804
01:07:53,750 --> 01:07:51,270
i did ask them about the union

1805
01:07:56,710 --> 01:07:53,760
involvement she says she knows of no

1806
01:08:00,069 --> 01:07:56,720
grievances because she never received or

1807
01:08:03,109 --> 01:08:00,079
they never received anything

1808
01:08:05,430 --> 01:08:03,119
if grievances were filed

1809
01:08:09,109 --> 01:08:05,440
or if they were presented to

1810
01:08:13,109 --> 01:08:09,119
to specific companies i don't know

1811
01:08:14,390 --> 01:08:13,119
i did get a hold of the the union you

1812
01:08:16,390 --> 01:08:14,400
mentioned to me and i'm not going to

1813
01:08:18,229 --> 01:08:16,400

mention one here

1814

01:08:20,870 --> 01:08:18,239

and uh

1815

01:08:23,269 --> 01:08:20,880

someone did get back to me

1816

01:08:25,110 --> 01:08:23,279

and said that they were aware of this

1817

01:08:26,950 --> 01:08:25,120

incident

1818

01:08:28,309 --> 01:08:26,960

but of course they couldn't comment on

1819

01:08:30,550 --> 01:08:28,319

it

1820

01:08:32,870 --> 01:08:30,560

which you know me being the next union

1821

01:08:35,910 --> 01:08:32,880

official i understand that

1822

01:08:38,070 --> 01:08:35,920

it's you know it's confidential so

1823

01:08:40,950 --> 01:08:38,080

i don't know where that's at what point

1824

01:08:45,349 --> 01:08:40,960

that is but they were aware of it

1825

01:08:49,110 --> 01:08:47,430

the fact

1826

01:08:51,030 --> 01:08:49,120

you know it's one thing about this if

1827

01:08:52,630 --> 01:08:51,040

they did get video it's a damn scene

1828

01:08:55,110 --> 01:08:52,640

they didn't upload it on the cloud

1829

01:08:56,229 --> 01:08:55,120

somewhere before this thing got

1830

01:08:58,070 --> 01:08:56,239

uh

1831

01:09:00,070 --> 01:08:58,080

deleted

1832

01:09:02,309 --> 01:09:00,080

that's a shame

1833

01:09:04,950 --> 01:09:02,319

but uh anyway

1834

01:09:06,309 --> 01:09:04,960

i can understand where they were freaked

1835

01:09:09,110 --> 01:09:06,319

out and and

1836

01:09:10,390 --> 01:09:09,120

surprised and shocked by the response

1837

01:09:12,789 --> 01:09:10,400

they got

1838

01:09:16,950 --> 01:09:12,799

but you are right they are stepping up

1839

01:09:21,990 --> 01:09:20,309

i i've also been you know i i also been

1840

01:09:23,990 --> 01:09:22,000

told that

1841

01:09:25,590 --> 01:09:24,000

it's it's going on in the terminals as

1842

01:09:27,990 --> 01:09:25,600

well that you know

1843

01:09:30,789 --> 01:09:28,000

there's a lot of talk among people who

1844

01:09:32,950 --> 01:09:30,799

are working not only on the tarmac or in

1845

01:09:36,789 --> 01:09:32,960

the maintenance areas or in the cargo

1846

01:09:39,749 --> 01:09:36,799

areas it's going on in the carrier areas

1847

01:09:41,349 --> 01:09:39,759

in the passenger areas as well

1848

01:09:43,030 --> 01:09:41,359

so uh

1849

01:09:46,470 --> 01:09:43,040

who knows

1850

01:09:49,269 --> 01:09:46,480

i mean how much more this is going to

1851
01:09:51,110 --> 01:09:49,279
how how is this going to progress i mean

1852
01:09:54,310 --> 01:09:51,120
why are they doing this you know the

1853
01:09:57,510 --> 01:09:54,320
only thing i can think of

1854
01:10:00,310 --> 01:09:57,520
of why is a commercial reason

1855
01:10:03,030 --> 01:10:00,320
or a monetary reason of course you know

1856
01:10:03,910 --> 01:10:03,040
the covet thing put a put a crimp on the

1857
01:10:06,470 --> 01:10:03,920
um

1858
01:10:09,030 --> 01:10:06,480
on the airline industry they lost a lot

1859
01:10:13,830 --> 01:10:12,390
maybe then coming out of that and then

1860
01:10:15,990 --> 01:10:13,840
people

1861
01:10:18,390 --> 01:10:16,000
having to worry about these beings

1862
01:10:19,430 --> 01:10:18,400
showing up and maybe causing an airline

1863
01:10:21,590 --> 01:10:19,440

accident

1864

01:10:22,870 --> 01:10:21,600

i want to get sucked up in the engine or

1865

01:10:24,950 --> 01:10:22,880

something maybe that's what they're

1866

01:10:26,390 --> 01:10:24,960

considering i don't know

1867

01:10:28,830 --> 01:10:26,400

but it does

1868

01:10:33,910 --> 01:10:28,840

the strong arm arm

1869

01:10:35,350 --> 01:10:33,920

tactics is is a little strange to me uh

1870

01:10:37,510 --> 01:10:35,360

i don't know what are your thoughts on

1871

01:10:38,470 --> 01:10:37,520

that tobias

1872

01:10:40,310 --> 01:10:38,480

well i

1873

01:10:42,310 --> 01:10:40,320

you know this is something that that i i

1874

01:10:43,750 --> 01:10:42,320

personally struggle with um because

1875

01:10:47,510 --> 01:10:43,760

we're talking about

1876

01:10:50,149 --> 01:10:47,520

something that has a real world effect

1877

01:10:52,470 --> 01:10:50,159

on on actual people's lives and and if

1878

01:10:55,669 --> 01:10:52,480

that's the case you know uh assuming all

1879

01:10:59,270 --> 01:10:55,679

of these stories are are true which

1880

01:11:01,990 --> 01:10:59,280

at this point it is in assumption you

1881

01:11:05,510 --> 01:11:02,000

know um i i can't offer up anybody

1882

01:11:07,270 --> 01:11:05,520

evidence to persuade them if if if they

1883

01:11:08,550 --> 01:11:07,280

don't believe them and and i don't i

1884

01:11:11,030 --> 01:11:08,560

don't blame them

1885

01:11:16,470 --> 01:11:13,590

i would hope if people are actually

1886

01:11:18,870 --> 01:11:16,480

being fired over this you know

1887

01:11:21,189 --> 01:11:18,880

that once they no longer have something

1888

01:11:24,149 --> 01:11:21,199

to lose you've already been fired you

1889

01:11:26,550 --> 01:11:24,159

know like what else are they gonna do

1890

01:11:28,229 --> 01:11:26,560

why not just come forward and say hey

1891

01:11:31,189 --> 01:11:28,239

this is bs

1892

01:11:32,310 --> 01:11:31,199

i was fired because i saw this this

1893

01:11:33,669 --> 01:11:32,320

weird thing

1894

01:11:36,310 --> 01:11:33,679

that to me

1895

01:11:38,630 --> 01:11:36,320

is the the missing piece here you know

1896

01:11:41,030 --> 01:11:38,640

like assuming again assuming all of this

1897

01:11:43,030 --> 01:11:41,040

is is true and and the airport is is

1898

01:11:44,709 --> 01:11:43,040

really cracking down on these sightings

1899

01:11:46,630 --> 01:11:44,719

if you're currently employed i

1900

01:11:48,390 --> 01:11:46,640

understand being very very cautious like

1901

01:11:50,630 --> 01:11:48,400

that makes a lot of sense but once

1902

01:11:52,630 --> 01:11:50,640

you've been fired screw it like why

1903

01:11:55,110 --> 01:11:52,640

aren't they on here right now you know

1904

01:11:56,149 --> 01:11:55,120

like if any of them are watching please

1905

01:11:59,110 --> 01:11:56,159

hold them up

1906

01:12:01,350 --> 01:11:59,120

i agree with you i agree with you but

1907

01:12:03,110 --> 01:12:01,360

you know i and i thought that myself but

1908

01:12:05,750 --> 01:12:03,120

as again

1909

01:12:09,510 --> 01:12:05,760

i i have done grievance

1910

01:12:11,430 --> 01:12:09,520

arbitrations in the past and um

1911

01:12:14,790 --> 01:12:11,440

if this was and i was trying to put

1912

01:12:18,390 --> 01:12:14,800

myself in their shoes

1913

01:12:21,669 --> 01:12:18,400

if i was to present this a grievance or

1914

01:12:23,510 --> 01:12:21,679

you know in front of an arbiter

1915

01:12:27,590 --> 01:12:23,520

the first thing i would be telling these

1916

01:12:29,990 --> 01:12:27,600

folks is don't tell anybody about this

1917

01:12:31,510 --> 01:12:30,000

because this is going to go if you do

1918

01:12:33,750 --> 01:12:31,520

start trouble

1919

01:12:36,229 --> 01:12:33,760

now i'm not not that i want them to do

1920

01:12:37,830 --> 01:12:36,239

that now this is the thinking of a union

1921

01:12:42,390 --> 01:12:37,840

representative

1922

01:12:44,470 --> 01:12:42,400

if if you don't want this to go

1923

01:12:46,149 --> 01:12:44,480

uh beyond

1924

01:12:48,550 --> 01:12:46,159

the union

1925

01:12:50,950 --> 01:12:48,560

and the employee and going into an at

1926

01:12:52,550 --> 01:12:50,960

will

1927

01:12:54,950 --> 01:12:52,560

violation

1928

01:12:59,110 --> 01:12:54,960

where they could be fired at will for

1929

01:13:02,870 --> 01:13:00,709

for

1930

01:13:06,070 --> 01:13:02,880

actually doing something detrimental to

1931

01:13:11,430 --> 01:13:08,630

then then by talking about it they may

1932

01:13:14,070 --> 01:13:11,440

very well get on that level to where the

1933

01:13:15,669 --> 01:13:14,080

union can help them out

1934

01:13:17,910 --> 01:13:15,679

and that i do understand they've been

1935

01:13:19,350 --> 01:13:17,920

fired then why would it matter right

1936

01:13:22,390 --> 01:13:19,360

well you know you know these

1937

01:13:25,430 --> 01:13:22,400

arbitrations when somebody gets fired

1938

01:13:28,310 --> 01:13:25,440

the arbitrations can take up to a year

1939

01:13:30,550 --> 01:13:28,320

after the actual termination

1940

01:13:32,950 --> 01:13:30,560

and if they're trying to get their job

1941

01:13:34,470 --> 01:13:32,960

back through an arbitration

1942

01:13:36,550 --> 01:13:34,480

you know if they go in there in front of

1943

01:13:38,310 --> 01:13:36,560

an arbiter and when they're under

1944

01:13:40,310 --> 01:13:38,320

questioned by the attorneys for the

1945

01:13:42,470 --> 01:13:40,320

company

1946

01:13:45,430 --> 01:13:42,480

and they ask them look did you disclose

1947

01:13:47,830 --> 01:13:45,440

this to anybody else if they say they do

1948

01:13:48,709 --> 01:13:47,840

that might be the ball game there

1949

01:13:50,709 --> 01:13:48,719

okay

1950

01:13:53,590 --> 01:13:50,719

i'm just looking i'm just looking at it

1951

01:13:54,310 --> 01:13:53,600

yeah i'm just looking at it as a

1952

01:13:59,590 --> 01:13:54,320

as

1953

01:14:02,550 --> 01:13:59,600

representing

1954

01:14:04,229 --> 01:14:02,560

a uh case for the union

1955

01:14:05,590 --> 01:14:04,239

for the employee

1956

01:14:07,350 --> 01:14:05,600

and look i've been through a lot of

1957

01:14:09,990 --> 01:14:07,360

those a matter of time then we just have

1958

01:14:12,070 --> 01:14:10,000

to wait well we'll see he has exhausted

1959

01:14:14,630 --> 01:14:12,080

arbitration and everything yeah at a

1960

01:14:17,030 --> 01:14:14,640

certain point they got nothing to lose

1961

01:14:18,630 --> 01:14:17,040

well absolutely and i agree with you and

1962

01:14:19,510 --> 01:14:18,640

you know i would love for them to come

1963

01:14:22,950 --> 01:14:19,520

forward

1964

01:14:25,350 --> 01:14:22,960
and i i'm hoping that others will

1965

01:14:27,430 --> 01:14:25,360
but if there's a union involved and i

1966

01:14:29,189 --> 01:14:27,440
know how it is i mean i know how you

1967

01:14:30,229 --> 01:14:29,199
work with that i mean they're going to

1968

01:14:32,070 --> 01:14:30,239
tell them

1969

01:14:33,750 --> 01:14:32,080
you know i know you want to tell

1970

01:14:35,590 --> 01:14:33,760
somebody i know you want to go out and

1971

01:14:36,870 --> 01:14:35,600
do this and this and this since you're

1972

01:14:38,870 --> 01:14:36,880
fired

1973

01:14:41,030 --> 01:14:38,880
but if you want to get your job back

1974

01:14:43,990 --> 01:14:41,040
with back pay

1975

01:14:46,550 --> 01:14:44,000
uh i suggest you shut your mouth

1976

01:14:48,630 --> 01:14:46,560

and so you let us do the work and try to

1977

01:14:50,630 --> 01:14:48,640

get your job back with any other without

1978

01:14:53,350 --> 01:14:50,640

any other incident involved

1979

01:14:54,870 --> 01:14:53,360

and that might be the case so i don't

1980

01:14:56,790 --> 01:14:54,880

know i you know you know i'm trying to

1981

01:14:57,910 --> 01:14:56,800

get more information from these union

1982

01:14:59,830 --> 01:14:57,920

people but

1983

01:15:01,110 --> 01:14:59,840

they're not going to say much

1984

01:15:03,510 --> 01:15:01,120

uh

1985

01:15:06,550 --> 01:15:03,520

yeah i don't know how strong

1986

01:15:08,830 --> 01:15:06,560

union representation is for these

1987

01:15:12,310 --> 01:15:08,840

airline workers

1988

01:15:16,550 --> 01:15:12,320

uh of course this would be a maintenance

1989

01:15:18,310 --> 01:15:16,560

uh or on ground union represent a union

1990

01:15:21,189 --> 01:15:18,320

local union

1991

01:15:23,110 --> 01:15:21,199

or international union so uh

1992

01:15:25,510 --> 01:15:23,120

i i don't know how strong it is you know

1993

01:15:26,630 --> 01:15:25,520

unions have taken a real hit over the

1994

01:15:29,110 --> 01:15:26,640

years

1995

01:15:32,709 --> 01:15:29,120

and uh

1996

01:15:34,950 --> 01:15:32,719

it's not like he used to be but um

1997

01:15:37,270 --> 01:15:34,960

that's the only thing i can think of so

1998

01:15:39,110 --> 01:15:37,280

but no i hope people do come forward but

1999

01:15:40,470 --> 01:15:39,120

they have been cracking down there's no

2000

01:15:44,470 --> 01:15:40,480

doubt about it

2001

01:15:46,790 --> 01:15:44,480

and if this if this is what they did if

2002

01:15:49,189 --> 01:15:46,800

they did take a video

2003

01:15:50,550 --> 01:15:49,199

and they were forced

2004

01:15:54,790 --> 01:15:50,560

on

2005

01:15:57,750 --> 01:15:54,800

remove the video

2006

01:16:00,790 --> 01:15:57,760

well and i can understand why they did

2007

01:16:02,950 --> 01:16:00,800

it and uh but the fact like manual said

2008

01:16:06,470 --> 01:16:02,960

this guy came forward i got to give him

2009

01:16:08,950 --> 01:16:06,480

a lot of cred i really do i'm just

2010

01:16:10,550 --> 01:16:08,960

hoping others will do that now

2011

01:16:12,390 --> 01:16:10,560

i don't you know we have

2012

01:16:14,870 --> 01:16:12,400

we have not been getting a lot of

2013

01:16:17,270 --> 01:16:14,880

reports as of late

2014

01:16:19,669 --> 01:16:17,280

so maybe there's there's something to

2015

01:16:22,950 --> 01:16:19,679

that maybe that is a detriment and while

2016

01:16:25,270 --> 01:16:22,960

we're not getting reports i don't know

2017

01:16:26,950 --> 01:16:25,280

well i mean also kind of think about it

2018

01:16:28,630 --> 01:16:26,960

this way i mean

2019

01:16:34,950 --> 01:16:28,640

um

2020

01:16:35,990 --> 01:16:34,960

you know i work in dispatching so

2021

01:16:38,070 --> 01:16:36,000

um

2022

01:16:40,070 --> 01:16:38,080

sometimes i have to sign what are called

2023

01:16:43,030 --> 01:16:40,080

non-disclosure agreements that are

2024

01:16:44,950 --> 01:16:43,040

enforced for like three to four years

2025

01:16:47,590 --> 01:16:44,960

after i've terminated with the company

2026

01:16:49,510 --> 01:16:47,600

so exactly i can't just go and say hey

2027

01:16:51,830 --> 01:16:49,520

well we did it this way at this job you

2028

01:16:53,990 --> 01:16:51,840

know because then you know i can get

2029

01:16:56,709 --> 01:16:54,000

turn around and get sued for

2030

01:16:58,149 --> 01:16:56,719

you know disclosing anything um

2031

01:17:00,070 --> 01:16:58,159

i mean maybe this is what they're

2032

01:17:01,990 --> 01:17:00,080

forcing them to do you know

2033

01:17:04,229 --> 01:17:02,000

okay you know as part of their

2034

01:17:05,990 --> 01:17:04,239

employment you know you have to

2035

01:17:08,229 --> 01:17:06,000

you have to uh

2036

01:17:10,149 --> 01:17:08,239

you know uh

2037

01:17:11,830 --> 01:17:10,159

you know keep your mouth shut or they

2038

01:17:14,790 --> 01:17:11,840

could even say you know if you record

2039

01:17:17,030 --> 01:17:14,800

anything on your phone uh

2040

01:17:18,870 --> 01:17:17,040

you know if it's on our property it's

2041

01:17:21,030 --> 01:17:18,880

ours you know

2042

01:17:22,470 --> 01:17:21,040

you know we can turn around and sue you

2043

01:17:24,070 --> 01:17:22,480

for it uh yeah

2044

01:17:26,470 --> 01:17:24,080

right you know

2045

01:17:27,910 --> 01:17:26,480

there's any number of things i mean i i

2046

01:17:29,590 --> 01:17:27,920

would love to have some of these guys

2047

01:17:32,630 --> 01:17:29,600

come forward you know

2048

01:17:34,550 --> 01:17:32,640

and and go on the record to and say hey

2049

01:17:37,669 --> 01:17:34,560

this is what's happening trust me it

2050

01:17:39,030 --> 01:17:37,679

would be wonderful i would you know

2051

01:17:44,390 --> 01:17:39,040

you know

2052

01:17:46,229 --> 01:17:44,400

of it non-video or any everything but at

2053

01:17:47,669 --> 01:17:46,239

the same time like you said

2054

01:17:50,310 --> 01:17:47,679

if they are still going through an

2055

01:17:52,149 --> 01:17:50,320

arbitration process you know

2056

01:17:53,510 --> 01:17:52,159

you know these are jobs that are are

2057

01:17:55,750 --> 01:17:53,520

kind of you know

2058

01:17:57,750 --> 01:17:55,760

they pay very good money i mean these

2059

01:17:58,870 --> 01:17:57,760

are jobs that um you know i know we have

2060

01:18:00,390 --> 01:17:58,880

we're kind of in the middle of what

2061

01:18:02,790 --> 01:18:00,400

they're calling the great resignation

2062

01:18:05,030 --> 01:18:02,800

but these are jobs that you don't want

2063

01:18:06,470 --> 01:18:05,040

to really lose you know these are

2064

01:18:12,310 --> 01:18:06,480

well paying

2065

01:18:14,470 --> 01:18:12,320

unionized jobs and uh some of these this

2066

01:18:15,590 --> 01:18:14,480

some of these places you know

2067

01:18:16,390 --> 01:18:15,600

some of these

2068

01:18:18,790 --> 01:18:16,400

uh

2069

01:18:20,470 --> 01:18:18,800

witnesses you know they've they worked

2070

01:18:21,510 --> 01:18:20,480

their way up

2071

01:18:23,189 --> 01:18:21,520

um

2072

01:18:25,270 --> 01:18:23,199

from them i mean i believe the person

2073

01:18:27,750 --> 01:18:25,280

that was i'm actually just checking it

2074

01:18:30,070 --> 01:18:27,760

out he had was eight years he was an

2075

01:18:32,870 --> 01:18:30,080

eight-year maintenance employee

2076

01:18:34,790 --> 01:18:32,880

so i mean to be aircraft maintenance is

2077

01:18:37,430 --> 01:18:34,800

very very specialized yeah he's got

2078

01:18:39,750 --> 01:18:37,440

seniority in tenure and you know he's

2079

01:18:42,149 --> 01:18:39,760

probably making top dollar now

2080

01:18:44,229 --> 01:18:42,159

yeah and then the thing is i mean it's

2081

01:18:46,709 --> 01:18:44,239

not just like uh he's going to say oh

2082

01:18:48,229 --> 01:18:46,719

i'm it's not kind of like it can't i'm

2083

01:18:50,229 --> 01:18:48,239

just going to compare you know apples

2084

01:18:51,510 --> 01:18:50,239

oranges but it can't be like hey i'm

2085

01:18:53,669 --> 01:18:51,520

going to quit mcdonald's i'm going to go

2086

01:18:55,750 --> 01:18:53,679

work at wendy's you know there can only

2087

01:18:57,189 --> 01:18:55,760

be an aircraft maintenance person can

2088

01:18:59,510 --> 01:18:57,199

only work

2089

01:19:01,990 --> 01:18:59,520

you know on aircraft and you know well

2090

01:19:03,030 --> 01:19:02,000

you know airlines talk to each other you

2091

01:19:06,950 --> 01:19:03,040

know

2092

01:19:08,630 --> 01:19:06,960

that could be one reason but

2093

01:19:10,470 --> 01:19:08,640

trust me i would love to have that

2094

01:19:12,630 --> 01:19:10,480

happen because i mean that would crack

2095

01:19:14,470 --> 01:19:12,640

the place wide wide open but

2096

01:19:16,630 --> 01:19:14,480

i mean short of somebody finally going

2097

01:19:19,189 --> 01:19:16,640

rogue and releasing video you know

2098

01:19:20,870 --> 01:19:19,199

sneaking video out and and releasing it

2099

01:19:23,430 --> 01:19:20,880

you know to it but

2100

01:19:25,189 --> 01:19:23,440

i don't see that happening with the

2101
01:19:27,030 --> 01:19:25,199
with you know their system i'm pretty

2102
01:19:28,470 --> 01:19:27,040
sure their security system is all

2103
01:19:30,390 --> 01:19:28,480
database

2104
01:19:32,310 --> 01:19:30,400
uh oriented so it all goes to one

2105
01:19:34,470 --> 01:19:32,320
central spot so

2106
01:19:35,430 --> 01:19:34,480
no one's gonna get a lot of this you

2107
01:19:37,270 --> 01:19:35,440
know

2108
01:19:39,030 --> 01:19:37,280
it i would love to have been at that

2109
01:19:41,110 --> 01:19:39,040
kind of range you would you probably

2110
01:19:41,910 --> 01:19:41,120
seen all sorts of detail

2111
01:19:43,270 --> 01:19:41,920
um

2112
01:19:47,830 --> 01:19:43,280
you know what that kind of range that

2113
01:19:52,470 --> 01:19:50,229

well you know i i we can only hope that

2114

01:19:54,709 --> 01:19:52,480

people will come forward despite all

2115

01:19:57,030 --> 01:19:54,719

these restrictions now

2116

01:19:59,430 --> 01:19:57,040

um you know another thing i was thinking

2117

01:20:01,669 --> 01:19:59,440

about was people who do work on these

2118

01:20:05,910 --> 01:20:01,679

maintenance jobs

2119

01:20:07,669 --> 01:20:05,920

on carriers or on airlines uh

2120

01:20:09,110 --> 01:20:07,679

many of them have options down the road

2121

01:20:11,270 --> 01:20:09,120

where they can

2122

01:20:13,510 --> 01:20:11,280

take company jobs and of course they

2123

01:20:16,870 --> 01:20:13,520

don't want that on the record

2124

01:20:18,550 --> 01:20:16,880

so maybe that's um

2125

01:20:21,910 --> 01:20:18,560

maybe that's a consideration well

2126

01:20:23,669 --> 01:20:21,920

there's a lot of politics i mean

2127

01:20:26,390 --> 01:20:23,679

you know we all know how it is when you

2128

01:20:30,830 --> 01:20:26,400

work i mean any job you have you're

2129

01:20:35,510 --> 01:20:33,830

um and i can also see kind of where you

2130

01:20:37,189 --> 01:20:35,520

know you don't want to run off your

2131

01:20:38,149 --> 01:20:37,199

customers of course you don't want to

2132

01:20:40,070 --> 01:20:38,159

have

2133

01:20:42,390 --> 01:20:40,080

you know floods of people showing up at

2134

01:20:44,310 --> 01:20:42,400

the airport you know it become a tourist

2135

01:20:45,430 --> 01:20:44,320

trap of some kind you know everybody

2136

01:20:46,870 --> 01:20:45,440

wants to

2137

01:20:48,629 --> 01:20:46,880

this becomes the next loch ness

2138

01:20:49,990 --> 01:20:48,639

everyone's lining the airport around

2139

01:20:51,030 --> 01:20:50,000

there and uh

2140

01:20:53,990 --> 01:20:51,040

um

2141

01:20:55,910 --> 01:20:54,000

you know or like when this first started

2142

01:20:56,709 --> 01:20:55,920

we had all these investigators these

2143

01:20:58,070 --> 01:20:56,719

little

2144

01:21:00,550 --> 01:20:58,080

um

2145

01:21:03,189 --> 01:21:00,560

you know you know husband wife boyfriend

2146

01:21:04,470 --> 01:21:03,199

girlfriend teams going up and a lot of

2147

01:21:06,470 --> 01:21:04,480

them were getting in trouble because

2148

01:21:08,629 --> 01:21:06,480

they weren't respecting

2149

01:21:10,629 --> 01:21:08,639

you know we have we follow a certain

2150

01:21:12,310 --> 01:21:10,639

code we should follow certain ethics

2151
01:21:14,950 --> 01:21:12,320
some people don't have that ethic you

2152
01:21:17,270 --> 01:21:14,960
know there are some places um

2153
01:21:19,750 --> 01:21:17,280
uh right there where this uh incident

2154
01:21:21,990 --> 01:21:19,760
happened if you just go up that road

2155
01:21:24,629 --> 01:21:22,000
the that road terminates at a security

2156
01:21:27,510 --> 01:21:24,639
checkpoint and uh beyond that checkpoint

2157
01:21:29,350 --> 01:21:27,520
is the usps facility

2158
01:21:31,030 --> 01:21:29,360
that place is not they're they're not

2159
01:21:32,790 --> 01:21:31,040
playing games when it comes to airport

2160
01:21:34,229 --> 01:21:32,800
security you drive over that thing

2161
01:21:36,310 --> 01:21:34,239
without being

2162
01:21:38,790 --> 01:21:36,320
without checking in you're gonna be

2163
01:21:39,830 --> 01:21:38,800

confronted by airport security and you

2164

01:21:40,870 --> 01:21:39,840

know

2165

01:21:43,110 --> 01:21:40,880

you're gonna get to find out what the

2166

01:21:44,310 --> 01:21:43,120

inside of a detention cell looks like um

2167

01:21:45,510 --> 01:21:44,320

right but

2168

01:21:48,950 --> 01:21:45,520

you know

2169

01:21:51,990 --> 01:21:48,960

mentioned you mentioned before the show

2170

01:21:54,390 --> 01:21:52,000

to me that your drivers are seeing more

2171

01:21:56,870 --> 01:21:54,400

drones out there i wonder if they're

2172

01:21:59,110 --> 01:21:56,880

i wonder if tsa and security are using

2173

01:22:01,110 --> 01:21:59,120

drones out there

2174

01:22:01,990 --> 01:22:01,120

they have before i mean i wouldn't think

2175

01:22:06,149 --> 01:22:02,000

that

2176
01:22:07,910 --> 01:22:06,159
very small corridor probably using them

2177
01:22:08,950 --> 01:22:07,920
because i mean obviously

2178
01:22:11,510 --> 01:22:08,960
you know

2179
01:22:14,390 --> 01:22:11,520
these aren't dr

2180
01:22:16,390 --> 01:22:14,400
yeah they're not gonna be using like

2181
01:22:17,590 --> 01:22:16,400
the drones that i order off of amazon or

2182
01:22:19,350 --> 01:22:17,600
something you know these things are

2183
01:22:20,149 --> 01:22:19,360
probably professionally designed you

2184
01:22:21,110 --> 01:22:20,159
know

2185
01:22:22,550 --> 01:22:21,120
but

2186
01:22:23,990 --> 01:22:22,560
honestly i could think that if one of

2187
01:22:25,350 --> 01:22:24,000
those actually ever got sucked up into

2188
01:22:27,189 --> 01:22:25,360

the engine of an airplane that thing

2189

01:22:29,590 --> 01:22:27,199

would bring the plane down

2190

01:22:31,990 --> 01:22:29,600

um or at least damage that

2191

01:22:33,830 --> 01:22:32,000

that uh engine in the process that could

2192

01:22:35,830 --> 01:22:33,840

cause a big accident so

2193

01:22:39,030 --> 01:22:35,840

but at the same time

2194

01:22:41,189 --> 01:22:39,040

the cargo areas are so immense

2195

01:22:43,270 --> 01:22:41,199

over there i mean people just don't seem

2196

01:22:44,950 --> 01:22:43,280

to realize there are at least five

2197

01:22:47,110 --> 01:22:44,960

different cargo areas

2198

01:22:49,830 --> 01:22:47,120

just on the perimeter of the airport and

2199

01:22:52,390 --> 01:22:49,840

there's more across the street

2200

01:22:54,550 --> 01:22:52,400

from the airport these these places work

2201

01:22:55,669 --> 01:22:54,560

24 hours a day

2202

01:22:57,990 --> 01:22:55,679

uh

2203

01:22:59,750 --> 01:22:58,000

you know i have i've worked for multiple

2204

01:23:02,229 --> 01:22:59,760

companies that have worked there

2205

01:23:03,830 --> 01:23:02,239

and you know it's not unusual to have

2206

01:23:05,590 --> 01:23:03,840

drivers out there at midnight two

2207

01:23:06,550 --> 01:23:05,600

o'clock in the morning picking up loads

2208

01:23:07,669 --> 01:23:06,560

um

2209

01:23:08,550 --> 01:23:07,679

you know

2210

01:23:10,229 --> 01:23:08,560

so

2211

01:23:11,830 --> 01:23:10,239

yeah i mean it's

2212

01:23:14,709 --> 01:23:11,840

they're probably working it you know as

2213

01:23:16,149 --> 01:23:14,719

a security in in a way to secure

2214

01:23:18,229 --> 01:23:16,159

you know in security because i know that

2215

01:23:20,709 --> 01:23:18,239

they've talked about um people tell me

2216

01:23:22,310 --> 01:23:20,719

that you know they are actually going

2217

01:23:24,629 --> 01:23:22,320

out there and making sure that you're

2218

01:23:25,990 --> 01:23:24,639

there for you know certain

2219

01:23:27,590 --> 01:23:26,000

uh

2220

01:23:29,030 --> 01:23:27,600

you know for what you say you are

2221

01:23:30,550 --> 01:23:29,040

they're gonna ask for your paperwork

2222

01:23:31,990 --> 01:23:30,560

they're gonna ask for the manifest or

2223

01:23:34,709 --> 01:23:32,000

something you know they're gonna know

2224

01:23:37,430 --> 01:23:34,719

want to know why you're out there um

2225

01:23:39,030 --> 01:23:37,440

and it's not just uh that airport is not

2226

01:23:40,550 --> 01:23:39,040

just you know

2227

01:23:43,189 --> 01:23:40,560

semi trucks you know there are straight

2228

01:23:44,229 --> 01:23:43,199

trucks you know cargo vans sprinter vans

2229

01:23:45,590 --> 01:23:44,239

you know

2230

01:23:46,629 --> 01:23:45,600

all sorts of

2231

01:23:48,790 --> 01:23:46,639

of

2232

01:23:50,950 --> 01:23:48,800

ways to transport this material they're

2233

01:23:54,149 --> 01:23:50,960

gonna have to keep an uh an eye on

2234

01:23:55,750 --> 01:23:54,159

everybody and at the same time i'm you

2235

01:23:57,910 --> 01:23:55,760

know i'm sure with all these incidents

2236

01:23:59,590 --> 01:23:57,920

they trying to keep everybody like us

2237

01:24:01,990 --> 01:23:59,600

out you know

2238

01:24:03,750 --> 01:24:02,000

um the last time like when i was went

2239

01:24:05,990 --> 01:24:03,760

out to the last time you know i was

2240

01:24:07,669 --> 01:24:06,000

actually broadcasting to the team and it

2241

01:24:09,270 --> 01:24:07,679

took all of about five minutes before

2242

01:24:10,149 --> 01:24:09,280

security showed up

2243

01:24:11,510 --> 01:24:10,159

um

2244

01:24:13,189 --> 01:24:11,520

and they were right there just you know

2245

01:24:15,510 --> 01:24:13,199

they were they weren't interfering but

2246

01:24:17,350 --> 01:24:15,520

they they knew i was there you know they

2247

01:24:18,870 --> 01:24:17,360

were watching you know

2248

01:24:20,390 --> 01:24:18,880

what we were doing the whole time we

2249

01:24:22,149 --> 01:24:20,400

were there

2250

01:24:26,629 --> 01:24:22,159

i am quite sure they have our

2251

01:24:31,350 --> 01:24:29,110

be honest we i really do

2252

01:24:32,470 --> 01:24:31,360

uh i mean i think um

2253

01:24:37,750 --> 01:24:32,480

i i

2254

01:24:39,350 --> 01:24:37,760

at us as well i know they have i mean

2255

01:24:41,830 --> 01:24:39,360

i've had people tell me that they've

2256

01:24:43,590 --> 01:24:41,840

mentioned fandoms and monsters 14

2257

01:24:45,669 --> 01:24:43,600

research and

2258

01:24:47,430 --> 01:24:45,679

singular 14 ufo clearing out they

2259

01:24:48,709 --> 01:24:47,440

mentioned all that that's all been

2260

01:24:52,390 --> 01:24:48,719

talked about

2261

01:24:53,910 --> 01:24:52,400

so um yeah they are watching and they

2262

01:24:59,110 --> 01:24:53,920

have stepped up

2263

01:25:00,070 --> 01:24:59,120

uh you got any uh final thoughts tobias

2264

01:25:02,390 --> 01:25:00,080

um

2265

01:25:04,070 --> 01:25:02,400

you know well honestly i i just wanted

2266

01:25:06,070 --> 01:25:04,080

to say um

2267

01:25:08,470 --> 01:25:06,080

how many good points you guys just had

2268

01:25:10,950 --> 01:25:08,480

like you really crammed a lot of really

2269

01:25:14,790 --> 01:25:10,960

solid points into the the

2270

01:25:17,110 --> 01:25:14,800

the uh uh o'hare mothman uh narrative

2271

01:25:19,270 --> 01:25:17,120

there that i think a lot of people

2272

01:25:20,870 --> 01:25:19,280

hadn't uh considered you know because

2273

01:25:23,590 --> 01:25:20,880

people ask me

2274

01:25:26,070 --> 01:25:23,600

and uh and and i i'm always honest with

2275

01:25:27,750 --> 01:25:26,080

with folks so i say well here's what we

2276

01:25:29,990 --> 01:25:27,760

know here's here's what we don't know

2277

01:25:32,070 --> 01:25:30,000

here's what i personally don't know and

2278

01:25:33,030 --> 01:25:32,080

so i think you guys

2279

01:25:34,870 --> 01:25:33,040

really

2280

01:25:37,270 --> 01:25:34,880

talking about your personal uh

2281

01:25:39,270 --> 01:25:37,280

experience working in these industries

2282

01:25:42,550 --> 01:25:39,280

to give people some insight

2283

01:25:44,950 --> 01:25:42,560

into uh you know the the actual

2284

01:25:46,790 --> 01:25:44,960

sort of behind the scenes politics and

2285

01:25:48,550 --> 01:25:46,800

all of the different like mechanisms

2286

01:25:50,550 --> 01:25:48,560

that play i think that's really really

2287

01:25:53,430 --> 01:25:50,560

helpful because i think that's something

2288

01:25:56,550 --> 01:25:53,440

that people need to hear to understand

2289

01:25:58,790 --> 01:25:56,560

maybe why things are unfolding the way

2290

01:26:01,110 --> 01:25:58,800

that they are because it can be very

2291

01:26:02,950 --> 01:26:01,120

frustrating for people i think to not

2292

01:26:05,189 --> 01:26:02,960

have all of the information that that

2293

01:26:07,350 --> 01:26:05,199

they want about this but there might be

2294

01:26:09,830 --> 01:26:07,360

very very good reasons so

2295

01:26:12,629 --> 01:26:09,840

you know uh well done i'm i'm glad we

2296

01:26:16,229 --> 01:26:14,310

yeah i mean you know

2297

01:26:17,910 --> 01:26:16,239

there's always a lot of layers when you

2298

01:26:19,350 --> 01:26:17,920

get involved with this and then of

2299

01:26:22,870 --> 01:26:19,360

course

2300

01:26:25,189 --> 01:26:22,880

uh when you're talking jobs unions and

2301

01:26:27,750 --> 01:26:25,199

what's involved with it and

2302

01:26:30,550 --> 01:26:27,760

and all that um

2303

01:26:33,350 --> 01:26:30,560

yeah i can understand why

2304

01:26:34,180 --> 01:26:33,360

why these employees are uh we're scared

2305

01:26:35,750 --> 01:26:34,190

about it and

2306

01:26:37,830 --> 01:26:35,760

[Music]

2307

01:26:39,750 --> 01:26:37,840

thank god we have had a few come forward

2308

01:26:41,430 --> 01:26:39,760

so it's hopeful that that's going to

2309

01:26:42,709 --> 01:26:41,440

continue on

2310

01:26:44,709 --> 01:26:42,719

if you don't mind me interjecting

2311

01:26:46,950 --> 01:26:44,719

something real quick um

2312

01:26:49,110 --> 01:26:46,960

i was recently asked by somebody about

2313

01:26:50,470 --> 01:26:49,120

that and uh about these things that

2314

01:26:52,229 --> 01:26:50,480

o'hare and they were saying like well

2315

01:26:54,149 --> 01:26:52,239

could it be like the

2316

01:26:57,669 --> 01:26:54,159

the chicago version of what's happening

2317

01:26:59,750 --> 01:26:57,679

in l.a with this jetpack man um and i'm

2318

01:27:02,229 --> 01:26:59,760

like first off um

2319

01:27:04,070 --> 01:27:02,239

whoever if if jeff pac-man has ever

2320

01:27:05,189 --> 01:27:04,080

found that jet man's going to federal

2321

01:27:06,629 --> 01:27:05,199

prison

2322

01:27:08,470 --> 01:27:06,639

for buzzing

2323

01:27:10,229 --> 01:27:08,480

you know commercial airlines with his

2324

01:27:11,590 --> 01:27:10,239

jet pack you know

2325

01:27:13,270 --> 01:27:11,600

um

2326

01:27:14,790 --> 01:27:13,280

because that is dangerous you know

2327

01:27:16,470 --> 01:27:14,800

you're going to bring a plane down one

2328

01:27:17,430 --> 01:27:16,480

day

2329

01:27:19,030 --> 01:27:17,440

and

2330

01:27:21,270 --> 01:27:19,040

kill a lot of innocent people but i

2331

01:27:23,669 --> 01:27:21,280

don't honestly see that happening here i

2332

01:27:24,470 --> 01:27:23,679

mean it's not like

2333

01:27:30,390 --> 01:27:24,480

this

2334

01:27:32,310 --> 01:27:30,400

i mean video of it of course i know but

2335

01:27:33,990 --> 01:27:32,320

you're seeing people are seeing this you

2336

01:27:35,830 --> 01:27:34,000

know commercial airline pilots are

2337

01:27:37,510 --> 01:27:35,840

actually calling in to the towers like

2338

01:27:38,470 --> 01:27:37,520

we just got buzzed by a guy with a jet

2339

01:27:41,189 --> 01:27:38,480

pack

2340

01:27:42,629 --> 01:27:41,199

um so i mean that's honestly yeah i mean

2341

01:27:44,830 --> 01:27:42,639

when i first heard ellen i'm thinking

2342

01:27:47,750 --> 01:27:44,840

like you know tony you know tony stark

2343

01:27:50,149 --> 01:27:47,760

level kind of shenanigans here but

2344

01:27:51,189 --> 01:27:50,159

i mean i don't really see that i mean i

2345

01:27:52,070 --> 01:27:51,199

see this

2346

01:27:54,310 --> 01:27:52,080

you know

2347

01:27:55,030 --> 01:27:54,320

whoever did this honestly great yeah you

2348

01:27:57,030 --> 01:27:55,040

have

2349

01:27:59,270 --> 01:27:57,040

you've made a significant step forward

2350

01:28:02,629 --> 01:27:59,280

if you're actually doing this but

2351

01:28:05,669 --> 01:28:02,639

it's honestly as busy as o'hare or l.a

2352

01:28:07,430 --> 01:28:05,679

is a lax is a huge airport but

2353

01:28:09,830 --> 01:28:07,440

you got to remember that o'hare is

2354

01:28:10,870 --> 01:28:09,840

bigger than than that and it's actually

2355

01:28:13,270 --> 01:28:10,880

i think the

2356

01:28:15,830 --> 01:28:13,280

it is the bestest or the

2357

01:28:19,110 --> 01:28:15,840

or or the business or the second busiest

2358

01:28:22,950 --> 01:28:19,120

airport i believe uh yeah

2359

01:28:24,790 --> 01:28:22,960

i think it's the second busiest yeah and

2360

01:28:28,149 --> 01:28:24,800

a lot of it has to do with you know not

2361

01:28:29,830 --> 01:28:28,159

only just commercial but cargo um i

2362

01:28:32,550 --> 01:28:29,840

don't think that it would fly here in

2363

01:28:34,149 --> 01:28:32,560

chicago you know they're so strict with

2364

01:28:36,709 --> 01:28:34,159

their deer

2365

01:28:38,709 --> 01:28:36,719

you know the air uh space around here it

2366

01:28:41,590 --> 01:28:38,719

kind of goes with the same thing that

2367

01:28:43,750 --> 01:28:41,600

when we had the the incidences in uh in

2368

01:28:45,030 --> 01:28:43,760

chicago itself you know along the

2369

01:28:46,790 --> 01:28:45,040

lakefront people saying oh it could be

2370

01:28:49,590 --> 01:28:46,800

somebody in a squirrel shoot no that's

2371

01:28:51,910 --> 01:28:49,600

suicide and you would go to jail for

2372

01:28:54,629 --> 01:28:51,920

something like that i mean

2373

01:28:56,470 --> 01:28:54,639

it's not a uh

2374

01:28:58,070 --> 01:28:56,480

it just cannot be you know something i

2375

01:29:01,510 --> 01:28:58,080

don't see is something that could happen

2376

01:29:03,030 --> 01:29:01,520

in chicago as much as lax because

2377

01:29:04,790 --> 01:29:03,040

the airport is

2378

01:29:06,790 --> 01:29:04,800

twice the size of little ax and it's

2379

01:29:09,350 --> 01:29:06,800

busier than lax

2380

01:29:11,189 --> 01:29:09,360

um i don't see where it could actually

2381

01:29:13,590 --> 01:29:11,199

get away someone could actually get away

2382

01:29:15,430 --> 01:29:13,600

with doing something like this you know

2383

01:29:16,870 --> 01:29:15,440

someone would know something

2384

01:29:18,790 --> 01:29:16,880

and someone would probably eventually

2385

01:29:20,870 --> 01:29:18,800

talk about it

2386

01:29:22,229 --> 01:29:20,880

oh yeah i mean from all indications i'm

2387

01:29:25,750 --> 01:29:22,239

getting from the

2388

01:29:26,870 --> 01:29:25,760

person and people i'm talking to

2389

01:29:28,790 --> 01:29:26,880

uh

2390

01:29:30,390 --> 01:29:28,800

everybody knows everybody else's

2391

01:29:32,149 --> 01:29:30,400

business and that's

2392

01:29:35,270 --> 01:29:32,159

in between the airlines

2393

01:29:36,790 --> 01:29:35,280

they all know what's going on and uh you

2394

01:29:40,629 --> 01:29:36,800

know

2395

01:29:42,790 --> 01:29:40,639

they they

2396

01:29:44,709 --> 01:29:42,800

and that's been told to me i mean for

2397

01:29:47,270 --> 01:29:44,719

the most part they all know that this is

2398

01:29:49,750 --> 01:29:47,280

something that's

2399

01:29:51,350 --> 01:29:49,760

it's just an unexplained phenomena and

2400

01:29:53,030 --> 01:29:51,360

uh

2401
01:29:54,550 --> 01:29:53,040
you know so

2402
01:29:57,189 --> 01:29:54,560
well anyway guys we're going to go ahead

2403
01:29:59,030 --> 01:29:57,199
and wrap this up so hey thanks again for

2404
01:30:01,510 --> 01:29:59,040
coming on tonight we're going to go

2405
01:30:04,310 --> 01:30:01,520
ahead and do this again at some point as

2406
01:30:05,270 --> 01:30:04,320
this phenomena continues

2407
01:30:07,750 --> 01:30:05,280
uh

2408
01:30:09,750 --> 01:30:07,760
i'm already looking at a third book for

2409
01:30:10,950 --> 01:30:09,760
this thing i don't

2410
01:30:12,950 --> 01:30:10,960
you know

2411
01:30:14,149 --> 01:30:12,960
i mean i you you guys just got the list

2412
01:30:17,030 --> 01:30:14,159
i made up

2413
01:30:18,310 --> 01:30:17,040

the other day that was over 200 pages

2414

01:30:20,229 --> 01:30:18,320

and uh

2415

01:30:23,590 --> 01:30:20,239

of all the sightings from the very

2416

01:30:26,550 --> 01:30:23,600

beginning and uh yeah

2417

01:30:28,070 --> 01:30:26,560

so uh and just to tell all the folks us

2418

01:30:30,310 --> 01:30:28,080

three are going to be working on some

2419

01:30:34,229 --> 01:30:30,320

projects down the road

2420

01:30:36,870 --> 01:30:34,239

uh involving this so um just stay tuned

2421

01:30:38,790 --> 01:30:36,880

you'll be told when things happen

2422

01:30:39,750 --> 01:30:38,800

so that's all i'm gonna say at this

2423

01:30:43,030 --> 01:30:39,760

point

2424

01:30:45,350 --> 01:30:43,040

so guys you know uh tobias and uh

2425

01:30:48,149 --> 01:30:45,360

emmanuel thanks again for coming on and

2426

01:30:49,270 --> 01:30:48,159

uh

2427

01:30:51,830 --> 01:30:49,280

okay

2428

01:30:55,910 --> 01:30:53,750

so if uh you have an unexplained

2429

01:30:58,149 --> 01:30:55,920

encounter or setting feel free to

2430

01:31:00,390 --> 01:30:58,159

contact me through the fans and monsters

2431

01:31:02,709 --> 01:31:00,400

blog site you know i want to again thank

2432

01:31:03,830 --> 01:31:02,719

tobias and manuel for joining me this

2433

01:31:06,470 --> 01:31:03,840

evening

2434

01:31:08,470 --> 01:31:06,480

and uh and thanks to each and all of you

2435

01:31:10,470 --> 01:31:08,480

for watching and chatting if you made a

2436

01:31:12,870 --> 01:31:10,480

super chat donation

2437

01:31:15,110 --> 01:31:12,880

it's truly appreciated your support is

2438

01:31:17,350 --> 01:31:15,120

what makes this possible

2439

01:31:19,510 --> 01:31:17,360

please like subscribe and share and

2440

01:31:20,629 --> 01:31:19,520

thanks again for being here with our

2441

01:31:24,709 --> 01:31:20,639

premiere

2442

01:31:27,669 --> 01:31:24,719

episode at phantoms and monsters radio

2443

01:31:32,390 --> 01:31:27,679

so next week we have psychic medium

2444

01:31:35,990 --> 01:31:33,910

i'm sorry

2445

01:31:39,030 --> 01:31:36,000

andrew radziwiz

2446

01:31:41,270 --> 01:31:39,040

uh will be joining me from australia

2447

01:31:43,510 --> 01:31:41,280

uh andrew has

2448

01:31:45,669 --> 01:31:43,520

quite a unique story actually and i

2449

01:31:48,790 --> 01:31:45,679

believe you'll find it interesting

2450

01:31:51,110 --> 01:31:48,800

he uh he's a former long island new york

2451
01:31:53,510 --> 01:31:51,120
first responder

2452
01:31:55,510 --> 01:31:53,520
who later moved to australia

2453
01:31:58,470 --> 01:31:55,520
got married

2454
01:32:01,030 --> 01:31:58,480
and became an embalmer at a funeral home

2455
01:32:02,310 --> 01:32:01,040
weird story but anyway he is a psychic

2456
01:32:04,470 --> 01:32:02,320
medium so

2457
01:32:06,950 --> 01:32:04,480
you won't want to miss this it'll be a

2458
01:32:07,750 --> 01:32:06,960
quite an interesting show so until next

2459
01:32:10,310 --> 01:32:07,760
week

2460
01:32:15,780 --> 01:32:10,320
uh stay healthy and have a safe and
