00:00:17,670 --> 00:00:14,910  
we live in a reality of phantoms and

3  
00:00:20,230 --> 00:00:17,680  
monsters they exist among us and

4  
00:00:23,590 --> 00:00:20,240  
sometimes they win

5  
00:00:26,070 --> 00:00:23,600  
even the devil was an angel once

6  
00:00:29,109 --> 00:00:26,080  
the world has its own rules

7  
00:00:31,910 --> 00:00:29,119  
and these rules are not human

8  
00:00:34,229 --> 00:00:31,920  
some of us seek answers to the origin

9  
00:00:36,229 --> 00:00:34,239  
and existence of cryptids in the

10  
00:00:39,590 --> 00:00:36,239  
unexplained

11  
00:00:41,910 --> 00:00:39,600  
join us as we venture beyond the moon

12  
00:00:44,630 --> 00:00:41,920  
and accepted boundaries

13  
00:00:50,180 --> 00:00:44,640

so ken thanks again for coming on this

81

00:03:37,110 --> 00:03:34,080

evening

82

00:03:39,190 --> 00:03:37,120

hey laura

83

00:03:40,630 --> 00:03:39,200

it's always great having you on here man

84

00:03:42,869 --> 00:03:40,640

man we've been we've we've known each

85

00:03:45,430 --> 00:03:42,879

other a long time brother i think that's

86

00:03:48,149 --> 00:03:45,440

one of my vintage bios you know maybe

87

00:03:50,550 --> 00:03:48,159

not too but it takes me back to like a

88

00:03:52,949 --> 00:03:50,560

little bit of our history here yeah

89

00:03:54,149 --> 00:03:52,959

these these interviews have been fun

90

00:03:55,830 --> 00:03:54,159

well

91

00:03:58,470 --> 00:03:55,840

you know you're doing so much i can

92

00:04:01,990 --> 00:03:58,480

understand why it's hard to update stuff

93

00:04:03,990 --> 00:04:02,000

like that but um you know uh and you you

94

00:04:05,750 --> 00:04:04,000

have busy been busy you know the last

95

00:04:07,350 --> 00:04:05,760

time you were on here and i think we

96

00:04:09,190 --> 00:04:07,360

were talking about the loch ness book

97

00:04:11,589 --> 00:04:09,200

you had written yeah

98

00:04:13,670 --> 00:04:11,599

and uh you had mentioned at the end of

99

00:04:16,390 --> 00:04:13,680

the show

100

00:04:18,310 --> 00:04:16,400

that you were getting involved in an

101  
00:04:20,629 --> 00:04:18,320  
investigation in northern california

102  
00:04:22,390 --> 00:04:20,639  
these giant salamanders

103  
00:04:24,310 --> 00:04:22,400  
so i hadn't really heard a whole lot

104  
00:04:26,550 --> 00:04:24,320  
about it i had people asking me about it

105  
00:04:29,110 --> 00:04:26,560  
can you tell me a bit about what

106  
00:04:31,350 --> 00:04:29,120  
you came across and uh

107  
00:04:33,670 --> 00:04:31,360  
if you discovered anything

108  
00:04:36,710 --> 00:04:33,680  
yeah um well you know and just to

109  
00:04:39,350 --> 00:04:36,720  
reiterate what we talked about um

110  
00:04:40,790 --> 00:04:39,360  
you know the giant salamander mystery is

111  
00:04:42,469 --> 00:04:40,800  
kind of one of those hidden nuggets in

112  
00:04:44,070 --> 00:04:42,479  
the field of cryptozoology a lot of

113  
00:04:45,189 --> 00:04:44,080

people haven't heard about unless you've

114

00:04:49,030 --> 00:04:45,199

read a lot

115

00:04:50,710 --> 00:04:49,040

literature like books by ivan sanderson

116

00:04:51,590 --> 00:04:50,720

and john green and some of those guys

117

00:04:52,790 --> 00:04:51,600

because

118

00:04:54,070 --> 00:04:52,800

they would sometimes when they were

119

00:04:55,510 --> 00:04:54,080

searching for bigfoot in northern

120

00:04:56,950 --> 00:04:55,520

california they would hear these other

121

00:04:58,629 --> 00:04:56,960

stories about these monstrous

122

00:05:01,510 --> 00:04:58,639

salamanders that were said to be like

123

00:05:04,230 --> 00:05:01,520

five to eight or nine feet long which of

124

00:05:05,749 --> 00:05:04,240

course is larger than any known species

125

00:05:07,189 --> 00:05:05,759

um

126

00:05:09,430 --> 00:05:07,199

uh in north america we have the

127

00:05:11,830 --> 00:05:09,440

hellbenders up in the east those are you

128

00:05:14,629 --> 00:05:11,840

know maybe two or three foot long

129

00:05:16,550 --> 00:05:14,639

uh those are cryptic cryptid branks uh

130

00:05:18,870 --> 00:05:16,560

the types of salamanders and in asia and

131

00:05:19,990 --> 00:05:18,880

china they have some big five footers

132

00:05:21,670 --> 00:05:20,000

but um

133

00:05:22,950 --> 00:05:21,680

anyways so um

134

00:05:24,790 --> 00:05:22,960

you know there have been expeditions

135

00:05:27,510 --> 00:05:24,800

through the years but none recently and

136

00:05:30,469 --> 00:05:27,520

it's uh it started out as kind of a

137

00:05:32,150 --> 00:05:30,479

a discussion on i think on a bigfoot

138

00:05:33,909 --> 00:05:32,160

you know facebook page where someone

139

00:05:35,909 --> 00:05:33,919

brought up giant salamanders oh it was

140

00:05:37,909 --> 00:05:35,919

jamie wayne of the bluff creek project

141

00:05:40,070 --> 00:05:37,919

who's out here in northern california

142

00:05:41,110 --> 00:05:40,080

and we also a few of us started talking

143

00:05:44,150 --> 00:05:41,120

about it we're like well let's go look

144

00:05:45,350 --> 00:05:44,160

for him so um july of this last year we

145

00:05:47,430 --> 00:05:45,360

went up there

146

00:05:49,350 --> 00:05:47,440

uh we were partially sponsored by lauren

147

00:05:51,189 --> 00:05:49,360

coleman in the international

148

00:05:53,189 --> 00:05:51,199

cryptozoology museum

149

00:05:55,670 --> 00:05:53,199

lauren of course is a huge fan of tom

150

00:05:57,749 --> 00:05:55,680

slick and all things cryptozoology and i

151  
00:06:00,230 --> 00:05:57,759  
think it was always kind of something he

152  
00:06:01,510 --> 00:06:00,240  
wanted to be involved in as well

153  
00:06:03,909 --> 00:06:01,520  
um

154  
00:06:06,309 --> 00:06:03,919  
jamie wayne was our you know he was our

155  
00:06:07,909 --> 00:06:06,319  
facilitator and was amazing he's from

156  
00:06:08,710 --> 00:06:07,919  
that area

157  
00:06:11,029 --> 00:06:08,720  
he

158  
00:06:13,590 --> 00:06:11,039  
found a great location for us which is

159  
00:06:14,870 --> 00:06:13,600  
in the trinity national forest which was

160  
00:06:16,790 --> 00:06:14,880  
you know basically where a lot of these

161  
00:06:20,230 --> 00:06:16,800  
sightings came from

162  
00:06:22,870 --> 00:06:20,240  
and um so we found a camp and i went out

163  
00:06:26,070 --> 00:06:22,880

there with a team of three guys from

164

00:06:27,909 --> 00:06:26,080

texas and oklahoma and uh it was daniel

165

00:06:30,230 --> 00:06:27,919

allen jones who's

166

00:06:33,110 --> 00:06:30,240

kind of an all around 40 investigator

167

00:06:35,189 --> 00:06:33,120

and videographer and

168

00:06:37,909 --> 00:06:35,199

jim whitehead who's a biologist and

169

00:06:40,150 --> 00:06:37,919

bigfoot researcher from oklahoma

170

00:06:42,230 --> 00:06:40,160

and uh jason conscie who's a bigfoot

171

00:06:43,990 --> 00:06:42,240

researcher and elephant handler and

172

00:06:45,830 --> 00:06:44,000

handler of other exotic animals here

173

00:06:47,909 --> 00:06:45,840

from from texas we all went up there and

174

00:06:50,629 --> 00:06:47,919

it was an amazing drive like a 30 hour

175

00:06:52,309 --> 00:06:50,639

drive from texas which was beautiful but

176

00:06:53,830 --> 00:06:52,319

anyways um

177

00:06:56,309 --> 00:06:53,840

you know we found the camp we had lots

178

00:06:58,469 --> 00:06:56,319

of gadgets several underwater cameras

179

00:07:00,150 --> 00:06:58,479

including like a little rov submarine

180

00:07:01,670 --> 00:07:00,160

with a camera on it

181

00:07:03,189 --> 00:07:01,680

um

182

00:07:08,309 --> 00:07:03,199

we

183

00:07:10,390 --> 00:07:08,319

basically the trinity river um a lot of

184

00:07:12,629 --> 00:07:10,400

these waterways are interconnected up

185

00:07:15,189 --> 00:07:12,639

there in the mountains but it's pristine

186

00:07:16,950 --> 00:07:15,199

habitat i mean it's old growth forest no

187

00:07:18,550 --> 00:07:16,960

logging or development ever these

188

00:07:19,830 --> 00:07:18,560

forests are like hundreds of years old

189

00:07:22,629 --> 00:07:19,840

so it's pretty

190

00:07:24,550 --> 00:07:22,639

pretty sweet and these uh fast running

191

00:07:26,309 --> 00:07:24,560

rivers that are basically running down

192

00:07:28,629 --> 00:07:26,319

the mountains

193

00:07:31,670 --> 00:07:28,639

they're cold they're shallow lots of

194

00:07:33,589 --> 00:07:31,680

rocks and those are salamander habitats

195

00:07:37,830 --> 00:07:33,599

for you know for aquatic salamanders so

196

00:07:40,230 --> 00:07:37,840

uh we uh i actually consulted with a

197

00:07:42,790 --> 00:07:40,240

conservation biologist who does

198

00:07:45,110 --> 00:07:42,800

a salamander surveys in asia and other

199

00:07:46,629 --> 00:07:45,120

places actually a couple and we found

200

00:07:48,309 --> 00:07:46,639

out you know the best way to look for

201  
00:07:50,469 --> 00:07:48,319  
these giant salamanders is basically

202  
00:07:51,270 --> 00:07:50,479  
just to wade through the creeks

203  
00:07:53,189 --> 00:07:51,280  
and

204  
00:07:55,270 --> 00:07:53,199  
stick your arm under

205  
00:07:57,189 --> 00:07:55,280  
under a rocky ledge or you know because

206  
00:07:59,670 --> 00:07:57,199  
these things hide in holes and pockets

207  
00:08:01,510 --> 00:07:59,680  
yeah it's kind of like noodling if

208  
00:08:03,749 --> 00:08:01,520  
any of your listeners out there from

209  
00:08:04,790 --> 00:08:03,759  
oklahoma or the south

210  
00:08:09,589 --> 00:08:04,800  
um

211  
00:08:11,110 --> 00:08:09,599  
pretty extensive you know where our

212  
00:08:13,270 --> 00:08:11,120  
ultimate goal was to make it up to this

213  
00:08:15,189 --> 00:08:13,280

place called white's lake which was

214

00:08:17,270 --> 00:08:15,199

actually called hubbard lake at one time

215

00:08:19,029 --> 00:08:17,280

and it's pivotal in this giant

216

00:08:21,510 --> 00:08:19,039

salamander story

217

00:08:23,589 --> 00:08:21,520

it's been claimed that this guy saw like

218

00:08:24,710 --> 00:08:23,599

a whole bunch of these huge salamanders

219

00:08:27,110 --> 00:08:24,720

in this lake

220

00:08:29,430 --> 00:08:27,120

and we made it as far as white's creek

221

00:08:30,950 --> 00:08:29,440

which is runs off of that lake but it

222

00:08:32,389 --> 00:08:30,960

would have been another

223

00:08:34,709 --> 00:08:32,399

you know eight or nine miles through

224

00:08:36,870 --> 00:08:34,719

some pretty treacherous habitat and you

225

00:08:38,550 --> 00:08:36,880

know we had some logistical issues well

226

00:08:39,269 --> 00:08:38,560

you know restraints i should say you

227

00:08:41,190 --> 00:08:39,279

know

228

00:08:42,709 --> 00:08:41,200

only so much time and it can only cover

229

00:08:44,470 --> 00:08:42,719

so much ground

230

00:08:46,389 --> 00:08:44,480

um but you know we did learn a lot about

231

00:08:49,110 --> 00:08:46,399

these giant salamander accounts many of

232

00:08:50,790 --> 00:08:49,120

them date for the 1920s 40s and 50s so

233

00:08:53,350 --> 00:08:50,800

they're very old but

234

00:08:54,389 --> 00:08:53,360

um some of the locals there in that air

235

00:08:57,509 --> 00:08:54,399

uh

236

00:08:59,350 --> 00:08:57,519

you know spoke to the native american

237

00:09:02,150 --> 00:08:59,360

people and you have the hoopa tribe is

238

00:09:05,590 --> 00:09:02,160

his primary up that uh primary up there

239

00:09:08,630 --> 00:09:05,600

and also the i think the uric tribe

240

00:09:11,030 --> 00:09:08,640

have legends of what they call the long

241

00:09:12,550 --> 00:09:11,040

ones which are described as these

242

00:09:13,990 --> 00:09:12,560

aquatic

243

00:09:15,910 --> 00:09:14,000

monsters or

244

00:09:17,829 --> 00:09:15,920

mythical animals that are very long and

245

00:09:19,190 --> 00:09:17,839

slender and that could

246

00:09:20,949 --> 00:09:19,200

certainly represent these giant

247

00:09:22,670 --> 00:09:20,959

salamanders so

248

00:09:24,710 --> 00:09:22,680

there have been a few sort of

249

00:09:27,350 --> 00:09:24,720

quasi-modern sightings in the early

250

00:09:28,630 --> 00:09:27,360

2000s and stuff uh one guy who's

251  
00:09:31,190 --> 00:09:28,640  
actually claimed he's seen one of these

252  
00:09:33,350 --> 00:09:31,200  
things is mk davis the

253  
00:09:35,110 --> 00:09:33,360  
analyzer of bigfoot videos he was up

254  
00:09:37,750 --> 00:09:35,120  
there doing a bigfoot project and

255  
00:09:39,350 --> 00:09:37,760  
claimed he saw this huge salamander that

256  
00:09:40,710 --> 00:09:39,360  
i think he said it was like three feet

257  
00:09:41,750 --> 00:09:40,720  
long but

258  
00:09:43,350 --> 00:09:41,760  
um

259  
00:09:45,350 --> 00:09:43,360  
yeah so that's it in a nutshell we

260  
00:09:46,790 --> 00:09:45,360  
didn't find any monster salamanders we

261  
00:09:50,070 --> 00:09:46,800  
did finally

262  
00:09:51,829 --> 00:09:50,080  
managed to find some uh

263  
00:09:53,750 --> 00:09:51,839

local species that we that are known

264

00:09:55,350 --> 00:09:53,760

about uh one is the pacific giant

265

00:09:56,870 --> 00:09:55,360

salamander which is you know they can

266

00:09:58,710 --> 00:09:56,880

get to be like a foot long you know

267

00:10:01,110 --> 00:09:58,720

maybe there are stories of them getting

268

00:10:03,750 --> 00:10:01,120

up to 18 inches long so you know for a

269

00:10:06,550 --> 00:10:03,760

salamander they're impressive but not

270

00:10:09,030 --> 00:10:06,560

not cryptid unfortunately so

271

00:10:11,030 --> 00:10:09,040

that was pretty much it and then the uh

272

00:10:12,790 --> 00:10:11,040

the cherry on top of the cake was and by

273

00:10:13,990 --> 00:10:12,800

the way we did videotape and document

274

00:10:16,069 --> 00:10:14,000

the whole thing so we've got a lot of

275

00:10:17,990 --> 00:10:16,079

footage but we've just never had time to

276

00:10:19,750 --> 00:10:18,000

that's on our bucket list there is to

277

00:10:22,150 --> 00:10:19,760

try to put a video together so people

278

00:10:23,350 --> 00:10:22,160

can kind of see how the expedition went

279

00:10:25,350 --> 00:10:23,360

but um

280

00:10:27,350 --> 00:10:25,360

the the cherry on top of the cake was

281

00:10:29,750 --> 00:10:27,360

that we got to visit willow creek of

282

00:10:31,829 --> 00:10:29,760

course on the china flat bigfoot museum

283

00:10:34,630 --> 00:10:31,839

and see the all the famous bigfoot

284

00:10:36,470 --> 00:10:34,640

statues and locations in that town

285

00:10:38,630 --> 00:10:36,480

but on the very last weekend we got to

286

00:10:41,670 --> 00:10:38,640

join up with other researchers at bluff

287

00:10:44,069 --> 00:10:41,680

creek and basically visited the the film

288

00:10:46,710 --> 00:10:44,079

site for the patterson gimlin film which

289

00:10:48,230 --> 00:10:46,720

uh every july some the bluff creek

290

00:10:49,990 --> 00:10:48,240

project and other bigfoot researchers

291

00:10:50,870 --> 00:10:50,000

can't uh they camp out there at laos

292

00:10:54,949 --> 00:10:50,880

camp

293

00:10:56,870 --> 00:10:54,959

you know the early guys john green renee

294

00:10:59,190 --> 00:10:56,880

to hinden peter byrne

295

00:11:01,110 --> 00:10:59,200

tom slick all those guys bob titmus

296

00:11:02,550 --> 00:11:01,120

would camp out there and do expeditions

297

00:11:04,150 --> 00:11:02,560

and um

298

00:11:06,710 --> 00:11:04,160

patterson and gilman camped out there

299

00:11:08,710 --> 00:11:06,720

too and uh yeah so you know finally

300

00:11:10,790 --> 00:11:08,720

getting to visit the film site after all

301  
00:11:11,750 --> 00:11:10,800  
these years was really important to me

302  
00:11:13,590 --> 00:11:11,760  
because

303  
00:11:16,069 --> 00:11:13,600  
it gave me kind of a perspective on the

304  
00:11:17,910 --> 00:11:16,079  
film that i hadn't had before the area

305  
00:11:19,590 --> 00:11:17,920  
has changed

306  
00:11:22,310 --> 00:11:19,600  
but the bluff creek project has done a

307  
00:11:24,710 --> 00:11:22,320  
masterful job through the years

308  
00:11:26,630 --> 00:11:24,720  
figuring out exactly yes this is the

309  
00:11:28,630 --> 00:11:26,640  
exact film site believe it or not there

310  
00:11:30,630 --> 00:11:28,640  
are some old trees that are still there

311  
00:11:33,590 --> 00:11:30,640  
that you can see in the original film

312  
00:11:35,269 --> 00:11:33,600  
and match them up perfectly and stuff so

313  
00:11:36,640 --> 00:11:35,279

oh here we're seeing some giant

314

00:11:38,470 --> 00:11:36,650

salamander graphics

315

00:11:40,069 --> 00:11:38,480

[Laughter]

316

00:11:42,069 --> 00:11:40,079

yeah i love salamanders they're they're

317

00:11:45,509 --> 00:11:42,079

fascinating they are they're amphibians

318

00:11:47,509 --> 00:11:45,519

of course yeah um they um they can

319

00:11:49,829 --> 00:11:47,519

breathe through their skin cutaneously

320

00:11:51,110 --> 00:11:49,839

so they can stay underwater and they

321

00:11:52,710 --> 00:11:51,120

don't really have

322

00:11:55,110 --> 00:11:52,720

big teeth their teeth are pretty tiny

323

00:11:57,350 --> 00:11:55,120

but they have this huge gaping mouth and

324

00:11:58,790 --> 00:11:57,360

suction force so what they do is they

325

00:12:01,430 --> 00:11:58,800

lay in weight and when fish and

326

00:12:04,069 --> 00:12:01,440

crustaceans things go by they just suck

327

00:12:05,670 --> 00:12:04,079

them into their mouth and um

328

00:12:07,269 --> 00:12:05,680

yeah it's pretty cool hopefully someday

329

00:12:09,350 --> 00:12:07,279

we'll get a chance to go back there and

330

00:12:11,509 --> 00:12:09,360

continue searching because i think

331

00:12:12,870 --> 00:12:11,519

who knows you know um

332

00:12:15,910 --> 00:12:12,880

this is a habitat that would be

333

00:12:17,110 --> 00:12:15,920

conducive to those animals and um

334

00:12:18,870 --> 00:12:17,120

there have been accounts through the

335

00:12:20,949 --> 00:12:18,880

years and uh it's something a little bit

336

00:12:23,190 --> 00:12:20,959

different to go search for other than

337

00:12:25,990 --> 00:12:23,200

the standard cryptids i had my own

338

00:12:28,389 --> 00:12:26,000

hellbender story i i used to do a lot of

339

00:12:30,550 --> 00:12:28,399

trout fishing fly fishing up here in

340

00:12:33,829 --> 00:12:30,560

pennsylvania when i was younger

341

00:12:36,629 --> 00:12:33,839

and uh i was nymph fishing

342

00:12:39,030 --> 00:12:36,639

up at uh yellow was creek called yellow

343

00:12:42,470 --> 00:12:39,040

breeches just north of here

344

00:12:43,990 --> 00:12:42,480

and it's kind of like quasi limestone

345

00:12:45,590 --> 00:12:44,000

uh

346

00:12:47,750 --> 00:12:45,600

freestone creek

347

00:12:49,590 --> 00:12:47,760

but uh i hooked into one of the salmon

348

00:12:51,509 --> 00:12:49,600

one of the hellbenders

349

00:12:53,430 --> 00:12:51,519

and i mean it was it was about a foot

350

00:12:54,230 --> 00:12:53,440

and a half long it was big

351  
00:12:56,550 --> 00:12:54,240

yeah

352  
00:12:57,750 --> 00:12:56,560

they're they're big boys and they look

353  
00:12:59,829 --> 00:12:57,760

really weird right because they have

354  
00:13:02,230 --> 00:12:59,839

just kind of wrinkly they're flat

355  
00:13:05,030 --> 00:13:02,240

wrinkly and yeah yeah so they're kind of

356  
00:13:07,030 --> 00:13:05,040

creepy weird oh yeah that's awesome man

357  
00:13:08,870 --> 00:13:07,040

yeah i i didn't know what the hell i saw

358  
00:13:10,389 --> 00:13:08,880

there you know but but yeah yeah that's

359  
00:13:12,790 --> 00:13:10,399

what it was god told me it was all

360  
00:13:14,870 --> 00:13:12,800

better yeah you guys got them up up in

361  
00:13:16,389 --> 00:13:14,880

the northeast and parts of the

362  
00:13:18,790 --> 00:13:16,399

middle america

363  
00:13:22,150 --> 00:13:18,800

sadly like many species they are

364

00:13:24,629 --> 00:13:22,160

becoming endangered primarily because uh

365

00:13:27,269 --> 00:13:24,639

amphibians are the most

366

00:13:30,150 --> 00:13:27,279

uh vulnerable when it comes to pollution

367

00:13:32,230 --> 00:13:30,160

and oh absolutely climax climatic

368

00:13:33,910 --> 00:13:32,240

changes and things like that so but it's

369

00:13:35,030 --> 00:13:33,920

it's cool that you got to to see one of

370

00:13:38,470 --> 00:13:35,040

those because they're really hard to

371

00:13:40,230 --> 00:13:38,480

find these days yeah yeah they aren't

372

00:13:42,550 --> 00:13:40,240

so i guess we can start with the first

373

00:13:44,629 --> 00:13:42,560

question this is from james west what

374

00:13:47,110 --> 00:13:44,639

can ken tell us about the winged

375

00:13:48,790 --> 00:13:47,120

humanoids in kansas or and i think he

376

00:13:50,310 --> 00:13:48,800

means kansas city because there have

377

00:13:52,069 --> 00:13:50,320

been a lot of sightings up there in

378

00:13:55,110 --> 00:13:52,079

northern missouri

379

00:13:57,350 --> 00:13:55,120

yeah um good question to start uh first

380

00:13:59,269 --> 00:13:57,360

i want to start out this session with a

381

00:14:00,550 --> 00:13:59,279

disclaimer which is

382

00:14:02,310 --> 00:14:00,560

uh you know

383

00:14:04,949 --> 00:14:02,320

basically these are just my views and

384

00:14:06,790 --> 00:14:04,959

opinions and quite honestly everything

385

00:14:08,230 --> 00:14:06,800

that we do in this field is speculation

386

00:14:10,710 --> 00:14:08,240

so i'm not coming on here as the

387

00:14:13,110 --> 00:14:10,720

definitive expert in anything

388

00:14:14,470 --> 00:14:13,120

um i do consider myself very well

389

00:14:17,110 --> 00:14:14,480

researched i've been obsessed with

390

00:14:19,030 --> 00:14:17,120

cryptozoology my whole life and i do it

391

00:14:21,030 --> 00:14:19,040

for a living this is all i do all day is

392

00:14:22,230 --> 00:14:21,040

cryptozoological research and i do a lot

393

00:14:24,790 --> 00:14:22,240

of field work so

394

00:14:26,150 --> 00:14:24,800

and i speak with most of the i think the

395

00:14:28,150 --> 00:14:26,160

other researchers out there that have a

396

00:14:30,870 --> 00:14:28,160

level head and really put a lot of work

397

00:14:33,110 --> 00:14:30,880

and thought into this stuff um so these

398

00:14:35,350 --> 00:14:33,120

are just my opinions but uh yeah flying

399

00:14:37,110 --> 00:14:35,360

human noids of course i did write a book

400

00:14:39,350 --> 00:14:37,120

in 2013

401  
00:14:41,350 --> 00:14:39,360  
encounters with flying humanoids mothman

402  
00:14:43,750 --> 00:14:41,360  
man birds gargoyles and other winged

403  
00:14:45,350 --> 00:14:43,760  
beasts uh unfortunately it's out of

404  
00:14:47,269 --> 00:14:45,360  
print i think there is an e-book on

405  
00:14:49,110 --> 00:14:47,279  
amazon but uh it's out of print so it's

406  
00:14:51,269 --> 00:14:49,120  
kind of hard to find these days i might

407  
00:14:54,069 --> 00:14:51,279  
re-release that at some point

408  
00:14:56,310 --> 00:14:54,079  
it focuses on mothman but of course uh

409  
00:14:59,189 --> 00:14:56,320  
flying humanoid phenomenon is a is a

410  
00:15:01,829 --> 00:14:59,199  
global phenomenon there are reports um

411  
00:15:04,310 --> 00:15:01,839  
accounts as you know well know well

412  
00:15:06,069 --> 00:15:04,320  
uh all over and um

413  
00:15:07,829 --> 00:15:06,079

you know north america of course we have

414

00:15:09,670 --> 00:15:07,839

the highest concentration between the

415

00:15:12,230 --> 00:15:09,680

traditional mothman the chicago mothman

416

00:15:14,230 --> 00:15:12,240

the kansas city mothman and a lot of

417

00:15:17,269 --> 00:15:14,240

sightings in the american southwest

418

00:15:19,030 --> 00:15:17,279

places from texas to california

419

00:15:21,269 --> 00:15:19,040

but worldwide there are these accounts

420

00:15:24,310 --> 00:15:21,279

of these anomalous winged humanoid

421

00:15:28,069 --> 00:15:24,320

creatures now uh one interesting aspect

422

00:15:29,670 --> 00:15:28,079

is that they seem to vary

423

00:15:31,430 --> 00:15:29,680

in

424

00:15:32,870 --> 00:15:31,440

their physical appearance from place to

425

00:15:34,790 --> 00:15:32,880

place i mean you have somewhat of a

426

00:15:36,550 --> 00:15:34,800

consistent model in certain locations

427

00:15:37,910 --> 00:15:36,560

like in point pleasant and

428

00:15:40,389 --> 00:15:37,920

you know perhaps to some degree in

429

00:15:41,910 --> 00:15:40,399

chicago in kansas city but

430

00:15:43,509 --> 00:15:41,920

there are many different types of these

431

00:15:45,189 --> 00:15:43,519

flying humanoids

432

00:15:47,670 --> 00:15:45,199

they don't really fit within the

433

00:15:49,910 --> 00:15:47,680

paradigm of traditional cryptozoology

434

00:15:51,990 --> 00:15:49,920

because the notion of a half

435

00:15:53,990 --> 00:15:52,000

man half bird or a winged humanoid is

436

00:15:54,710 --> 00:15:54,000

done it just doesn't make any sense from

437

00:16:00,230 --> 00:15:54,720

a

438

00:16:02,150 --> 00:16:00,240

interviewed

439

00:16:03,590 --> 00:16:02,160

dozens and dozens of people that swear

440

00:16:05,509 --> 00:16:03,600

they've encountered these things and

441

00:16:07,749 --> 00:16:05,519

it's really they've been life-changing

442

00:16:09,269 --> 00:16:07,759

and pretty traumatic experiences for

443

00:16:11,670 --> 00:16:09,279

these folks so

444

00:16:13,350 --> 00:16:11,680

um the kansas city

445

00:16:15,350 --> 00:16:13,360

really the only case that i've been

446

00:16:17,749 --> 00:16:15,360

involved in up there and this was maybe

447

00:16:20,230 --> 00:16:17,759

predated the kansas city

448

00:16:22,550 --> 00:16:20,240

a lot of the kansas city sightings

449

00:16:25,110 --> 00:16:22,560

involved a family that contacted me

450

00:16:27,189 --> 00:16:25,120

years ago and claimed that they

451  
00:16:29,430 --> 00:16:27,199  
had all seen at various points over a

452  
00:16:31,110 --> 00:16:29,440  
few years in their neighborhood this

453  
00:16:32,710 --> 00:16:31,120  
weird giant

454  
00:16:34,389 --> 00:16:32,720  
winged creature

455  
00:16:37,509 --> 00:16:34,399  
and what they described was not as

456  
00:16:39,670 --> 00:16:37,519  
humanoid as uh more of like a

457  
00:16:41,269 --> 00:16:39,680  
pterodactyl type of thing

458  
00:16:42,949 --> 00:16:41,279  
but they did at times they would

459  
00:16:44,870 --> 00:16:42,959  
describe it as having human-like

460  
00:16:47,189 --> 00:16:44,880  
movements or features

461  
00:16:49,189 --> 00:16:47,199  
you know arms

462  
00:16:51,110 --> 00:16:49,199  
in addition to wings and stuff

463  
00:16:52,389 --> 00:16:51,120

and uh it was a very religious family so

464

00:16:55,590 --> 00:16:52,399

they really viewed it as some kind of

465

00:16:57,430 --> 00:16:55,600

like demonic thing that was kind of

466

00:16:59,350 --> 00:16:57,440

stalking their family or whatever and it

467

00:17:01,430 --> 00:16:59,360

was in a particular neighborhood which i

468

00:17:02,790 --> 00:17:01,440

believe is called swopes park like i

469

00:17:04,870 --> 00:17:02,800

might be saying that wrong it's in

470

00:17:06,470 --> 00:17:04,880

eastern canada it's near the zoo

471

00:17:07,829 --> 00:17:06,480

and um

472

00:17:09,350 --> 00:17:07,839

so i interviewed several people in the

473

00:17:10,470 --> 00:17:09,360

family and some family friends that had

474

00:17:12,549 --> 00:17:10,480

all encountered this thing at different

475

00:17:14,949 --> 00:17:12,559

times and they were very convincing

476

00:17:16,710 --> 00:17:14,959

um and then shortly thereafter that

477

00:17:18,870 --> 00:17:16,720

maybe a couple years after that i began

478

00:17:20,870 --> 00:17:18,880

to hear about sightings of winged

479

00:17:23,029 --> 00:17:20,880

creatures in kansas city

480

00:17:24,230 --> 00:17:23,039

and um

481

00:17:26,309 --> 00:17:24,240

you know i haven't personally

482

00:17:28,710 --> 00:17:26,319

interviewed any eyewitnesses i know that

483

00:17:30,310 --> 00:17:28,720

there is a facebook page dedicated to

484

00:17:31,750 --> 00:17:30,320

that particular phenomenon i have

485

00:17:33,669 --> 00:17:31,760

corresponded with the lady that runs

486

00:17:35,270 --> 00:17:33,679

that and who's done a lot of research

487

00:17:37,590 --> 00:17:35,280

and she evidently has interviewed lots

488

00:17:39,990 --> 00:17:37,600

of people in that area so uh the things

489

00:17:41,510 --> 00:17:40,000

worth pointing out are that these wing

490

00:17:42,950 --> 00:17:41,520

humanoid

491

00:17:45,270 --> 00:17:42,960

uh

492

00:17:47,270 --> 00:17:45,280

flaps seem to be concentrated in certain

493

00:17:50,230 --> 00:17:47,280

areas for whatever reason

494

00:17:52,470 --> 00:17:50,240

um they seem to come in uh

495

00:17:54,470 --> 00:17:52,480

spurts so you'll have like periods of

496

00:17:55,990 --> 00:17:54,480

high activity where a lot of these

497

00:17:57,029 --> 00:17:56,000

things are being seen

498

00:17:58,390 --> 00:17:57,039

and then

499

00:18:00,390 --> 00:17:58,400

you know maybe gaps when they're not

500

00:18:01,830 --> 00:18:00,400

being seen so much

501  
00:18:02,950 --> 00:18:01,840  
there seem to be lon and you can

502  
00:18:04,630 --> 00:18:02,960  
certainly weigh on this with your

503  
00:18:07,510 --> 00:18:04,640  
experience in the chicago cases there

504  
00:18:08,870 --> 00:18:07,520  
seem to be a lot of sort of supernatural

505  
00:18:11,270 --> 00:18:08,880  
or spectral

506  
00:18:13,270 --> 00:18:11,280  
qualities to these sightings uh the

507  
00:18:15,990 --> 00:18:13,280  
the the creatures appearance

508  
00:18:17,750 --> 00:18:16,000  
changes somewhat it vanishes

509  
00:18:20,310 --> 00:18:17,760  
you know the glowing red eyes which is

510  
00:18:23,430 --> 00:18:20,320  
always kind of a strong component of uh

511  
00:18:26,470 --> 00:18:23,440  
paranormal activity or encounters the uh

512  
00:18:28,630 --> 00:18:26,480  
sulfuric smells and bad smells

513  
00:18:31,350 --> 00:18:28,640

hazy misty

514

00:18:33,350 --> 00:18:31,360

you know weird atmospheric things going

515

00:18:34,789 --> 00:18:33,360

on so um

516

00:18:36,230 --> 00:18:34,799

so i don't have more to offer on that

517

00:18:39,830 --> 00:18:36,240

one what do you think about the the

518

00:18:41,750 --> 00:18:39,840

kansas city cases well you know i um

519

00:18:43,909 --> 00:18:41,760

i know morgan k has been looking at a

520

00:18:46,390 --> 00:18:43,919

lot of these uh i think she wrote a book

521

00:18:48,789 --> 00:18:46,400

about it recently but um

522

00:18:50,950 --> 00:18:48,799

uh i think she got more into the demon

523

00:18:52,710 --> 00:18:50,960

aspect or supernatural aspect to him as

524

00:18:54,549 --> 00:18:52,720

opposed to being you know something

525

00:18:55,750 --> 00:18:54,559

that's flesh and blood i you know i

526  
00:18:57,350 --> 00:18:55,760  
think

527  
00:18:59,190 --> 00:18:57,360  
you know what just like with chicago and

528  
00:19:01,110 --> 00:18:59,200  
you know i i will say you're one of the

529  
00:19:03,510 --> 00:19:01,120  
few people that i shared all this stuff

530  
00:19:05,430 --> 00:19:03,520  
with as we were going through this these

531  
00:19:09,270 --> 00:19:05,440  
sightings early on

532  
00:19:11,430 --> 00:19:09,280  
and uh yeah it was um

533  
00:19:13,110 --> 00:19:11,440  
i i think what's going on in kansas city

534  
00:19:15,350 --> 00:19:13,120  
is somewhat similar to what's going on

535  
00:19:17,830 --> 00:19:15,360  
up in the chicago area uh on not you

536  
00:19:19,029 --> 00:19:17,840  
know it may very well be the same same

537  
00:19:20,630 --> 00:19:19,039  
type of being

538  
00:19:22,390 --> 00:19:20,640

uh there are different some different

539

00:19:24,230 --> 00:19:22,400

aspects to it and it seems more

540

00:19:26,470 --> 00:19:24,240

supernatural up there i mean in kansas

541

00:19:29,029 --> 00:19:26,480

city as opposed to chicago

542

00:19:30,950 --> 00:19:29,039

so uh yeah but no i i really haven't

543

00:19:33,270 --> 00:19:30,960

looked into much of it i have had people

544

00:19:35,110 --> 00:19:33,280

tell me about these sightings but i

545

00:19:35,830 --> 00:19:35,120

haven't really gone deep into it you

546

00:19:38,630 --> 00:19:35,840

know

547

00:19:40,630 --> 00:19:38,640

gotcha well um i would say

548

00:19:42,310 --> 00:19:40,640

you know one thing that i've researched

549

00:19:44,070 --> 00:19:42,320

and write about my book is a lot of the

550

00:19:45,750 --> 00:19:44,080

uh mythologies around the world and i

551

00:19:47,270 --> 00:19:45,760

think that's an interesting

552

00:19:49,590 --> 00:19:47,280

element we can bring to any of these

553

00:19:52,390 --> 00:19:49,600

modern cases is if you go back you know

554

00:19:53,669 --> 00:19:52,400

in history and in antiquity

555

00:19:56,310 --> 00:19:53,679

i mean

556

00:19:58,549 --> 00:19:56,320

you know the ancient uh

557

00:20:00,150 --> 00:19:58,559

the babylonians and the sumerians and

558

00:20:03,190 --> 00:20:00,160

some of those ancient cultures had

559

00:20:05,190 --> 00:20:03,200

winged humanoid deities like yapkalu and

560

00:20:06,630 --> 00:20:05,200

pazuzu and

561

00:20:08,390 --> 00:20:06,640

all over the world you have different

562

00:20:12,070 --> 00:20:08,400

versions of winged humanoids and

563

00:20:14,310 --> 00:20:12,080

different legends the alcanast and

564

00:20:15,510 --> 00:20:14,320

uh the garaka ribbon

565

00:20:17,110 --> 00:20:15,520

and uh

566

00:20:19,990 --> 00:20:17,120

a lot of these

567

00:20:21,669 --> 00:20:20,000

wing humanoid creatures were taken to be

568

00:20:22,789 --> 00:20:21,679

and this you know people always think

569

00:20:24,710 --> 00:20:22,799

about this when they think about the

570

00:20:26,470 --> 00:20:24,720

mothman they're considered to be

571

00:20:29,669 --> 00:20:26,480

warnings or

572

00:20:31,830 --> 00:20:29,679

uh harbingers of some bad thing that's

573

00:20:35,029 --> 00:20:31,840

gonna happen whether it's a disaster a

574

00:20:36,789 --> 00:20:35,039

famine pestilence um

575

00:20:38,390 --> 00:20:36,799

so that has been a recurring theme and

576

00:20:39,990 --> 00:20:38,400

you can find that in different cultures

577

00:20:41,590 --> 00:20:40,000

around the world which is kind of

578

00:20:43,590 --> 00:20:41,600

intriguing when you think about the

579

00:20:45,029 --> 00:20:43,600

these are disparate cultures that didn't

580

00:20:47,110 --> 00:20:45,039

have any contact but they have these

581

00:20:49,270 --> 00:20:47,120

similar legends of these mothman type

582

00:20:50,310 --> 00:20:49,280

beings so i don't know i don't know what

583

00:20:52,950 --> 00:20:50,320

they are

584

00:20:54,870 --> 00:20:52,960

um you know i think you know we've had

585

00:20:56,789 --> 00:20:54,880

these flesh and blood versus paranormal

586

00:20:59,750 --> 00:20:56,799

discussions i'm of the

587

00:21:02,390 --> 00:20:59,760

view that perhaps something metaphysical

588

00:21:04,310 --> 00:21:02,400

could take on a physical presence which

589

00:21:06,149 --> 00:21:04,320

is not exactly flesh and blood in terms

590

00:21:07,909 --> 00:21:06,159

of evolution but

591

00:21:09,430 --> 00:21:07,919

you know it's there you know for

592

00:21:11,430 --> 00:21:09,440

whatever reason it has a physical

593

00:21:14,390 --> 00:21:11,440

presence in our reality at that moment

594

00:21:17,029 --> 00:21:14,400

so i i think you would agree that people

595

00:21:19,110 --> 00:21:17,039

looking into cryptids as we do have to

596

00:21:21,270 --> 00:21:19,120

keep an open mind about what they the

597

00:21:23,029 --> 00:21:21,280

reality of these things more so now than

598

00:21:25,270 --> 00:21:23,039

ever before

599

00:21:27,909 --> 00:21:25,280

absolutely yeah that's the bottom line

600

00:21:29,990 --> 00:21:27,919

is none of us know it's all speculation

601

00:21:31,990 --> 00:21:30,000

uh try to stay objective is what i tell

602

00:21:33,909 --> 00:21:32,000

people yeah don't don't fall in love

603

00:21:35,430 --> 00:21:33,919

with one just like you said long don't

604

00:21:38,070 --> 00:21:35,440

fall in love with one theory it's a

605

00:21:39,990 --> 00:21:38,080

demon period it's the gin

606

00:21:43,270 --> 00:21:40,000

you know you don't know i mean it's an

607

00:21:45,270 --> 00:21:43,280

it yeah it's it's something not of our

608

00:21:47,669 --> 00:21:45,280

it didn't evolve on our planet but it's

609

00:21:50,630 --> 00:21:47,679

here with us and it shares our reality

610

00:21:52,549 --> 00:21:50,640

from time to time and it scares the

611

00:21:53,990 --> 00:21:52,559

beep out of people you know

612

00:21:56,149 --> 00:21:54,000

i was hoping you'd have a beep there and

613

00:21:58,230 --> 00:21:56,159

i could well yeah well we all know what

614

00:21:59,830 --> 00:21:58,240

you're talking about yeah it terrifies

615

00:22:03,110 --> 00:21:59,840

people it changes their lives

616

00:22:05,190 --> 00:22:03,120

traumatized they get physically ill

617

00:22:07,029 --> 00:22:05,200

they have weird

618

00:22:08,789 --> 00:22:07,039

psychosis and things over the course of

619

00:22:10,070 --> 00:22:08,799

their life so i certainly i don't think

620

00:22:11,110 --> 00:22:10,080

i would want to encounter one of these

621

00:22:13,029 --> 00:22:11,120

things

622

00:22:15,510 --> 00:22:13,039

uh well that kind of leads into this

623

00:22:17,590 --> 00:22:15,520

next question by nancy malcolm what is

624

00:22:20,630 --> 00:22:17,600

the one cryptid that you would be most

625

00:22:22,310 --> 00:22:20,640

afraid to meet ooh that's a actually a

626

00:22:23,909 --> 00:22:22,320

pretty good question

627

00:22:25,669 --> 00:22:23,919

um

628

00:22:27,750 --> 00:22:25,679

well i i don't know i guess this would

629

00:22:29,669 --> 00:22:27,760

depend on whether we're opening

630

00:22:31,430 --> 00:22:29,679

uh the question to like all of the

631

00:22:33,029 --> 00:22:31,440

proposed cryptids because there's

632

00:22:34,950 --> 00:22:33,039

there's some that are probably not as

633

00:22:36,549 --> 00:22:34,960

viable as other

634

00:22:38,070 --> 00:22:36,559

things and um

635

00:22:39,270 --> 00:22:38,080

and then there's kind of the rockstar

636

00:22:42,149 --> 00:22:39,280

cryptids

637

00:22:43,510 --> 00:22:42,159

um uh well i guess the flying humanoids

638

00:22:45,430 --> 00:22:43,520

based on what we just said would be

639

00:22:47,110 --> 00:22:45,440

pretty terrifying or

640

00:22:49,270 --> 00:22:47,120

you know something like the dog man

641

00:22:51,190 --> 00:22:49,280

which is described as being like this

642

00:22:53,750 --> 00:22:51,200

hyper aggressive and terrifying and it

643

00:22:56,230 --> 00:22:53,760

almost it's almost like they feed these

644

00:22:58,070 --> 00:22:56,240

beings feed off of people's fears i mean

645

00:23:01,510 --> 00:22:58,080

they chase them they

646

00:23:02,470 --> 00:23:01,520

stalk them they clot their cars they

647

00:23:04,070 --> 00:23:02,480

yeah

648

00:23:05,990 --> 00:23:04,080

i interviewed

649

00:23:07,909 --> 00:23:06,000

um as part of one of the monster quest

650

00:23:09,669 --> 00:23:07,919

episodes i was on if folks remember this

651  
00:23:11,909 --> 00:23:09,679  
one i went to mexico and they had these

652  
00:23:13,110 --> 00:23:11,919  
mothman sightings down near monterey at

653  
00:23:14,950 --> 00:23:13,120  
that time

654  
00:23:18,070 --> 00:23:14,960  
and i interviewed this police officer

655  
00:23:21,590 --> 00:23:18,080  
named leonardo samaniego who encountered

656  
00:23:24,470 --> 00:23:21,600  
this flying witch with giant black eyes

657  
00:23:26,630 --> 00:23:24,480  
back in 2000 january of 2004 and it dove

658  
00:23:29,110 --> 00:23:26,640  
onto his police car at night and was

659  
00:23:32,149 --> 00:23:29,120  
clawing at him and he passed out

660  
00:23:34,549 --> 00:23:32,159  
and uh you know he he was on

661  
00:23:36,470 --> 00:23:34,559  
it made big news he was on like local tv

662  
00:23:38,470 --> 00:23:36,480  
show news broadcast and in the

663  
00:23:40,470 --> 00:23:38,480

newspapers and i interviewed him a few

664

00:23:42,149 --> 00:23:40,480

years after that and

665

00:23:43,590 --> 00:23:42,159

i mean this is a pretty tough guy he

666

00:23:46,390 --> 00:23:43,600

works in one of the toughest

667

00:23:48,789 --> 00:23:46,400

neighborhoods of southern monterey

668

00:23:51,029 --> 00:23:48,799

called guadalupe which is you know

669

00:23:52,950 --> 00:23:51,039

he's a cop there and um

670

00:23:55,029 --> 00:23:52,960

i mean he was just long he was just like

671

00:23:57,430 --> 00:23:55,039

sobbing and

672

00:23:59,590 --> 00:23:57,440

you know talking i remember seeing it

673

00:24:02,549 --> 00:23:59,600

yeah i mean it was very emotional and

674

00:24:04,390 --> 00:24:02,559

this guy was really scared and so that

675

00:24:06,630 --> 00:24:04,400

yeah so i would not want to encounter

676  
00:24:08,710 --> 00:24:06,640  
this the witch of monterey that would be

677  
00:24:10,149 --> 00:24:08,720  
i think a pretty terrifying one i'll put

678  
00:24:11,269 --> 00:24:10,159  
that on my list

679  
00:24:13,110 --> 00:24:11,279  
oh yeah

680  
00:24:14,950 --> 00:24:13,120  
yeah that whole thing i mean i still

681  
00:24:16,549 --> 00:24:14,960  
have people ask me about those all at

682  
00:24:18,390 --> 00:24:16,559  
the flying witches

683  
00:24:20,870 --> 00:24:18,400  
and i said well you need to talk to the

684  
00:24:23,029 --> 00:24:20,880  
ken gerhart because he did that that

685  
00:24:25,190 --> 00:24:23,039  
segment and uh he you know he i knew he

686  
00:24:27,669 --> 00:24:25,200  
was you know you had been a part of that

687  
00:24:28,950 --> 00:24:27,679  
so um well let's uh let's just for fun

688  
00:24:33,510 --> 00:24:28,960

let me just throw in can i have a couple

689

00:24:38,149 --> 00:24:35,590

i mean that thing killed like a hundred

690

00:24:40,230 --> 00:24:38,159

people and absolutely basically biting

691

00:24:40,950 --> 00:24:40,240

their heads off and disemboweling them

692

00:24:42,149 --> 00:24:40,960

and

693

00:24:44,230 --> 00:24:42,159

any of those

694

00:24:47,190 --> 00:24:44,240

i don't want to touch

695

00:24:49,430 --> 00:24:47,200

and it was it was like had this powerful

696

00:24:51,950 --> 00:24:49,440

bone crushing ability if people know the

697

00:24:53,590 --> 00:24:51,960

beast of java dan from southern france

698

00:24:55,430 --> 00:24:53,600

1760s

699

00:24:57,590 --> 00:24:55,440

uh so that would be a scary one i don't

700

00:24:59,110 --> 00:24:57,600

think i'd want to encounter that

701  
00:25:02,149 --> 00:24:59,120  
um

702  
00:25:03,990 --> 00:25:02,159  
so yeah so there we go you got one uh

703  
00:25:06,789 --> 00:25:04,000  
kind of like

704  
00:25:08,070 --> 00:25:06,799  
weird paranormal wing creature and then

705  
00:25:09,190 --> 00:25:08,080  
you have one that's more of like a

706  
00:25:11,269 --> 00:25:09,200  
traditional

707  
00:25:13,510 --> 00:25:11,279  
giant prehistoric

708  
00:25:14,870 --> 00:25:13,520  
bloodthirsty beast kind of thing and

709  
00:25:19,269 --> 00:25:14,880  
then we'll put let's do one in the water

710  
00:25:23,430 --> 00:25:21,269  
they do survive but i mean if you're

711  
00:25:25,430 --> 00:25:23,440  
talking about a giant carnivorous shark

712  
00:25:26,549 --> 00:25:25,440  
that's like 40 feet long that eats

713  
00:25:29,590 --> 00:25:26,559

whales

714

00:25:30,789 --> 00:25:29,600

and its teeth are like that big i mean

715

00:25:33,029 --> 00:25:30,799

i wouldn't want to run it you know i

716

00:25:34,549 --> 00:25:33,039

wouldn't want to be in the ocean and

717

00:25:37,350 --> 00:25:34,559

you know what was that movie recently

718

00:25:38,390 --> 00:25:37,360

jason stay them or whatever no yeah

719

00:25:40,549 --> 00:25:38,400

yeah

720

00:25:42,149 --> 00:25:40,559

well you know that kind of segues into

721

00:25:44,470 --> 00:25:42,159

this next question because there are

722

00:25:47,510 --> 00:25:44,480

people believe these megalodons still

723

00:25:49,350 --> 00:25:47,520

are around yeah uh is there one this is

724

00:25:51,909 --> 00:25:49,360

from marla snyder is there one animal

725

00:25:55,350 --> 00:25:51,919

that's been declared extinct that you

726

00:25:57,269 --> 00:25:55,360

feel may still be alive

727

00:25:59,029 --> 00:25:57,279

um

728

00:26:01,110 --> 00:25:59,039

yeah that is a good question

729

00:26:03,029 --> 00:26:01,120

i think the first one i think of is the

730

00:26:04,789 --> 00:26:03,039

thylazine yeah that was just that you

731

00:26:05,909 --> 00:26:04,799

got blonde we're on the same wavelength

732

00:26:07,669 --> 00:26:05,919

i had to think about that because we

733

00:26:08,870 --> 00:26:07,679

were coming from that scary place but

734

00:26:10,470 --> 00:26:08,880

yeah let's go back to traditional

735

00:26:13,990 --> 00:26:10,480

cryptozoology

736

00:26:15,990 --> 00:26:14,000

thylacinus luciocephalus the thylacine

737

00:26:17,590 --> 00:26:16,000

the tasmanian tiger tasmanian wolf

738

00:26:22,870 --> 00:26:17,600

they're still there i mean they were

739

00:26:26,310 --> 00:26:24,630

i think they have to the laws you have

740

00:26:28,230 --> 00:26:26,320

or the rules you have to wait 50 years

741

00:26:30,230 --> 00:26:28,240

after the last known specimen and so

742

00:26:32,630 --> 00:26:30,240

like in the 1930s

743

00:26:35,350 --> 00:26:32,640

you know uh one named benjamin died at

744

00:26:37,110 --> 00:26:35,360

the hobart zoo yeah and then 50 years

745

00:26:39,190 --> 00:26:37,120

later there were still of course people

746

00:26:40,390 --> 00:26:39,200

claiming they've seen them but

747

00:26:42,630 --> 00:26:40,400

you know there hadn't been enough

748

00:26:44,630 --> 00:26:42,640

definitive evidence so they uh declared

749

00:26:46,549 --> 00:26:44,640

but yeah i think definitely there could

750

00:26:47,909 --> 00:26:46,559

be some of these thylacines out there in

751

00:26:49,669 --> 00:26:47,919

tasmania

752

00:26:51,350 --> 00:26:49,679

pretty rugged country

753

00:26:53,430 --> 00:26:51,360

they're predators they're they're going

754

00:26:55,750 --> 00:26:53,440

to be very stealthy and

755

00:26:58,070 --> 00:26:55,760

uh elusive and good at hiding and

756

00:26:59,669 --> 00:26:58,080

camouflaging and there probably aren't

757

00:27:01,830 --> 00:26:59,679

many of them sadly but i think they're

758

00:27:03,990 --> 00:27:01,840

definitely still out there

759

00:27:05,750 --> 00:27:04,000

yeah i think their habitat is more in

760

00:27:08,630 --> 00:27:05,760

australia as opposed to being in

761

00:27:10,549 --> 00:27:08,640

tasmania too i mean what do you think

762

00:27:12,070 --> 00:27:10,559

well that's true uh there have been a

763

00:27:13,350 --> 00:27:12,080

lot of sightings in southeastern

764

00:27:14,870 --> 00:27:13,360

australia

765

00:27:16,870 --> 00:27:14,880

new south wales

766

00:27:19,110 --> 00:27:16,880

and the interesting story behind that is

767

00:27:20,789 --> 00:27:19,120

that people didn't know this is that

768

00:27:22,630 --> 00:27:20,799

when the thylacines were sadly being

769

00:27:25,190 --> 00:27:22,640

hunted to extinction there was a bounty

770

00:27:27,269 --> 00:27:25,200

put on them for some stupid

771

00:27:28,549 --> 00:27:27,279

belief that they were killing livestock

772

00:27:30,149 --> 00:27:28,559

which they weren't real i mean they

773

00:27:31,990 --> 00:27:30,159

could but they weren't you know they

774

00:27:34,230 --> 00:27:32,000

weren't the culprits but anyways

775

00:27:35,669 --> 00:27:34,240

um so and people were pretty poor at

776

00:27:37,350 --> 00:27:35,679

this time so they were getting making a

777

00:27:39,830 --> 00:27:37,360

lot of money for every thylacine they

778

00:27:41,190 --> 00:27:39,840

killed well there was a woman and i

779

00:27:43,430 --> 00:27:41,200

can't remember her name but she was

780

00:27:44,549 --> 00:27:43,440

basically a conservationist who saw this

781

00:27:47,110 --> 00:27:44,559

happening

782

00:27:49,029 --> 00:27:47,120

and she apparently trapped

783

00:27:51,350 --> 00:27:49,039

several phylocenes before they went

784

00:27:53,430 --> 00:27:51,360

extinct in tasmania

785

00:27:55,510 --> 00:27:53,440

uh where they were abundant because the

786

00:27:57,669 --> 00:27:55,520

last australian thylacine went extinct

787

00:27:59,350 --> 00:27:57,679

like 3000 years ago as far as we know

788

00:28:02,630 --> 00:27:59,360

and she took them to australia

789

00:28:05,269 --> 00:28:02,640

supposedly and let them loose and so

790

00:28:06,950 --> 00:28:05,279

that is why there's now a belief that if

791

00:28:09,110 --> 00:28:06,960

there's a thylacine population in

792

00:28:10,710 --> 00:28:09,120

australia it's because this woman that

793

00:28:12,789 --> 00:28:10,720

was trying to protect them took them out

794

00:28:14,549 --> 00:28:12,799

of tasmania and released them so i think

795

00:28:17,029 --> 00:28:14,559

that's a pretty cool theory if you think

796

00:28:19,990 --> 00:28:17,039

yeah that's the first i heard that story

797

00:28:22,470 --> 00:28:20,000

yeah so um hidden gems so um yeah

798

00:28:24,389 --> 00:28:22,480

they're tasmania or southern australia

799

00:28:25,909 --> 00:28:24,399

um i have had it's not a secret i've

800

00:28:27,110 --> 00:28:25,919

announced this before

801  
00:28:29,669 --> 00:28:27,120  
uh

802  
00:28:31,750 --> 00:28:29,679  
code put a a crimp in this plan but i

803  
00:28:33,909 --> 00:28:31,760  
have been invited to join a thylacine

804  
00:28:35,909 --> 00:28:33,919  
expedition in tasmania

805  
00:28:37,350 --> 00:28:35,919  
and it's as far as i know it's still

806  
00:28:39,190 --> 00:28:37,360  
kind of on the back burner because

807  
00:28:41,590 --> 00:28:39,200  
australia has been pretty locked down

808  
00:28:43,110 --> 00:28:41,600  
understandably since this thing pandemic

809  
00:28:44,470 --> 00:28:43,120  
started but uh

810  
00:28:46,389 --> 00:28:44,480  
if i could get over there that would

811  
00:28:50,710 --> 00:28:46,399  
probably be my my ultimate dream right

812  
00:28:52,710 --> 00:28:50,720  
now long is to do some piloting research

813  
00:28:54,230 --> 00:28:52,720

find one of those things

814

00:28:57,269 --> 00:28:54,240

i i got another one here from

815

00:29:00,389 --> 00:28:57,279

scarborough sasquatch station or gargles

816

00:29:02,389 --> 00:29:00,399

considered good or evil entities

817

00:29:06,389 --> 00:29:02,399

wow that's our opinion this is almost

818

00:29:07,590 --> 00:29:06,399

like a george nuri question because

819

00:29:09,269 --> 00:29:07,600

one time

820

00:29:11,190 --> 00:29:09,279

here's a little behind the scenes i know

821

00:29:12,630 --> 00:29:11,200

we're getting off track but uh on coast

822

00:29:13,750 --> 00:29:12,640

to coast it's always an honor to go on

823

00:29:15,350 --> 00:29:13,760

that show

824

00:29:16,950 --> 00:29:15,360

um they have you submit a list of

825

00:29:18,870 --> 00:29:16,960

questions that you'd like them to ask

826

00:29:20,710 --> 00:29:18,880

you if it'll help you

827

00:29:22,549 --> 00:29:20,720

sell your book or talk about things

828

00:29:24,389 --> 00:29:22,559

you're interested in but george kind of

829

00:29:25,029 --> 00:29:24,399

goes off script sometimes and just kind

830

00:29:27,430 --> 00:29:25,039

of

831

00:29:29,510 --> 00:29:27,440

you know freelances and uh one time he

832

00:29:31,510 --> 00:29:29,520

asked me when i was doing a mothman

833

00:29:35,510 --> 00:29:31,520

flying humanoids interview he asked me

834

00:29:36,630 --> 00:29:35,520

can why are gargoyles so scary

835

00:29:38,230 --> 00:29:36,640

i was like

836

00:29:40,389 --> 00:29:38,240

i had no answer i was kind of like

837

00:29:42,230 --> 00:29:40,399

shocked because it's not a bad question

838

00:29:44,470 --> 00:29:42,240

but it's just like why are they scary i

839

00:29:46,789 --> 00:29:44,480

don't know they are um okay

840

00:29:48,630 --> 00:29:46,799

so i'm sorry i digress let's get back to

841

00:29:49,590 --> 00:29:48,640

it we're talking about gargoyles

842

00:29:51,990 --> 00:29:49,600

um

843

00:29:53,669 --> 00:29:52,000

you know gargoyles are viewed as uh and

844

00:29:55,430 --> 00:29:53,679

under you find this dichotomy in

845

00:29:57,269 --> 00:29:55,440

different a lot of different legendary

846

00:29:58,950 --> 00:29:57,279

creatures is that they have this

847

00:30:01,990 --> 00:29:58,960

dichotomy they have

848

00:30:04,470 --> 00:30:02,000

they are a protector on one hand but

849

00:30:05,669 --> 00:30:04,480

they can also be you know kind of a

850

00:30:07,590 --> 00:30:05,679

scary

851  
00:30:09,029 --> 00:30:07,600  
avenging bad thing you know that you

852  
00:30:11,190 --> 00:30:09,039  
don't want to encounter and they have

853  
00:30:12,950 --> 00:30:11,200  
those dual personalities

854  
00:30:16,389 --> 00:30:12,960  
and i think you have that probably in a

855  
00:30:18,710 --> 00:30:16,399  
lot of the the gargoyles i mean the the

856  
00:30:20,470 --> 00:30:18,720  
uh i can't pronounce the french word but

857  
00:30:24,230 --> 00:30:20,480  
gargoyle comes from a french word

858  
00:30:25,190 --> 00:30:24,240  
meaning well um or reservoir because

859  
00:30:26,710 --> 00:30:25,200  
these

860  
00:30:28,549 --> 00:30:26,720  
and the whole legend has to do with

861  
00:30:30,789 --> 00:30:28,559  
these creatures that were protecting the

862  
00:30:32,389 --> 00:30:30,799  
water and the water sources and things

863  
00:30:33,830 --> 00:30:32,399

so um that's why you see a lot of

864

00:30:35,190 --> 00:30:33,840

gargoyles that are fountains with like

865

00:30:37,990 --> 00:30:35,200

water shooting out of their mouths and

866

00:30:40,549 --> 00:30:38,000

stuff in europe but um but yeah um you

867

00:30:43,110 --> 00:30:40,559

know they are good uh because they they

868

00:30:46,310 --> 00:30:43,120

are at times can be protectives

869

00:30:48,230 --> 00:30:46,320

uh sentinels but at other times maybe

870

00:30:50,870 --> 00:30:48,240

they there can be bad ones and they're

871

00:30:52,470 --> 00:30:50,880

aggressive and scary and dangerous so

872

00:30:54,950 --> 00:30:52,480

i don't know if that adequately answered

873

00:30:56,470 --> 00:30:54,960

the question but

874

00:31:00,710 --> 00:30:56,480

well uh

875

00:31:05,669 --> 00:31:03,350

it's about a werewolf or you see a

876

00:31:07,990 --> 00:31:05,679

person have you ever seen a person who

877

00:31:09,909 --> 00:31:08,000

was suspected of being a werewolf or and

878

00:31:12,070 --> 00:31:09,919

what type of features distinguish it

879

00:31:15,190 --> 00:31:12,080

from a dog man

880

00:31:17,350 --> 00:31:15,200

ah okay well i don't

881

00:31:19,669 --> 00:31:17,360

uh know anyone that's seen a traditional

882

00:31:21,110 --> 00:31:19,679

you know in that sense um

883

00:31:22,950 --> 00:31:21,120

obviously i've interviewed dog man

884

00:31:24,470 --> 00:31:22,960

witnesses as you have

885

00:31:26,470 --> 00:31:24,480

um

886

00:31:27,269 --> 00:31:26,480

so this is interesting because a lot of

887

00:31:32,630 --> 00:31:27,279

the

888

00:31:34,310 --> 00:31:32,640

being brought into it i said no that's

889

00:31:35,509 --> 00:31:34,320

something else because a werewolf first

890

00:31:37,909 --> 00:31:35,519

of all a werewolf was obviously a

891

00:31:39,669 --> 00:31:37,919

shapeshifter right the traditional

892

00:31:42,470 --> 00:31:39,679

european legends

893

00:31:43,509 --> 00:31:42,480

uh from 15th and 16th century france and

894

00:31:46,070 --> 00:31:43,519

germany

895

00:31:47,990 --> 00:31:46,080

uh you know it was a person who had

896

00:31:49,029 --> 00:31:48,000

basically entered into a pact with the

897

00:31:51,509 --> 00:31:49,039

devil

898

00:31:53,430 --> 00:31:51,519

and obtained this ability either by

899

00:31:56,549 --> 00:31:53,440

putting on a magical ointment an

900

00:31:58,470 --> 00:31:56,559

incantation an animal fur over the body

901  
00:32:00,230 --> 00:31:58,480  
and they would literally transform into

902  
00:32:02,549 --> 00:32:00,240  
this and you know ultimately there was a

903  
00:32:04,070 --> 00:32:02,559  
price to pay because they had they

904  
00:32:06,470 --> 00:32:04,080  
you know made this deal with the devil

905  
00:32:07,669 --> 00:32:06,480  
so it was going to be a bad

906  
00:32:09,350 --> 00:32:07,679  
bad trip

907  
00:32:11,190 --> 00:32:09,360  
south uh when they were finished with

908  
00:32:13,830 --> 00:32:11,200  
all that but um

909  
00:32:16,389 --> 00:32:13,840  
but a traditional european werewolf is a

910  
00:32:18,870 --> 00:32:16,399  
shape shifter but it's not bipedal

911  
00:32:21,269 --> 00:32:18,880  
uh most virtually all werewolf legends

912  
00:32:23,029 --> 00:32:21,279  
talk about basically huge wolves on four

913  
00:32:24,549 --> 00:32:23,039

legs not two

914

00:32:25,990 --> 00:32:24,559

but they do have some different

915

00:32:28,549 --> 00:32:26,000

characteristics

916

00:32:31,430 --> 00:32:28,559

um they are often said to have human

917

00:32:33,110 --> 00:32:31,440

eyes so their eyes are not can't canada

918

00:32:34,470 --> 00:32:33,120

or dog-like they have human eyes and a

919

00:32:36,549 --> 00:32:34,480

wolf's body

920

00:32:38,549 --> 00:32:36,559

and they frequently do not have a tail

921

00:32:40,149 --> 00:32:38,559

they have the whole body of the wolf

922

00:32:42,630 --> 00:32:40,159

except for the tail

923

00:32:44,630 --> 00:32:42,640

and they don't really go up on two legs

924

00:32:47,269 --> 00:32:44,640

um and they are they're essentially like

925

00:32:49,269 --> 00:32:47,279

giant killer wolves but they have a

926  
00:32:51,110 --> 00:32:49,279  
level of intelligence and cunning of a

927  
00:32:53,590 --> 00:32:51,120  
human you know almost like a serial

928  
00:32:55,350 --> 00:32:53,600  
killer so it's not it's not just like a

929  
00:32:56,950 --> 00:32:55,360  
wolf which would be scary enough but

930  
00:32:57,990 --> 00:32:56,960  
it's like this wolf that's kind of

931  
00:33:00,310 --> 00:32:58,000  
planning

932  
00:33:01,269 --> 00:33:00,320  
you know how to get you or you know how

933  
00:33:03,990 --> 00:33:01,279  
to

934  
00:33:05,590 --> 00:33:04,000  
eradicate a family a person at a time or

935  
00:33:06,710 --> 00:33:05,600  
what you know whatever the werewolf is

936  
00:33:07,590 --> 00:33:06,720  
going to do

937  
00:33:09,750 --> 00:33:07,600  
um

938  
00:33:11,430 --> 00:33:09,760

so that doesn't really match any of the

939

00:33:14,149 --> 00:33:11,440

modern dog man accounts we get from

940

00:33:15,909 --> 00:33:14,159

north america you know i i know from you

941

00:33:17,430 --> 00:33:15,919

know from speaking with linda godfrey

942

00:33:19,590 --> 00:33:17,440

and other researchers that dogman does

943

00:33:21,509 --> 00:33:19,600

go down on all fours occasionally i mean

944

00:33:23,110 --> 00:33:21,519

that was something i hadn't heard that

945

00:33:24,710 --> 00:33:23,120

as much but apparently that has been

946

00:33:25,090 --> 00:33:24,720

reported

947

00:33:27,190 --> 00:33:25,100

um

948

00:33:29,430 --> 00:33:27,200

[Music]

949

00:33:31,110 --> 00:33:29,440

so yeah dog man is more like a bipedal

950

00:33:33,430 --> 00:33:31,120

anthropomorphic

951  
00:33:35,669 --> 00:33:33,440  
half human half dog similar to the

952  
00:33:37,750 --> 00:33:35,679  
mothman and the flying humanoids in that

953  
00:33:40,149 --> 00:33:37,760  
there seems to be kind of a weird

954  
00:33:42,470 --> 00:33:40,159  
metaphysical aspect and they chase and

955  
00:33:44,710 --> 00:33:42,480  
terrify and they're hyper aggressive

956  
00:33:46,149 --> 00:33:44,720  
um but the traditional european werewolf

957  
00:33:48,389 --> 00:33:46,159  
you know was always thought of as more

958  
00:33:50,230 --> 00:33:48,399  
of a kind of associated with witchcraft

959  
00:33:52,470 --> 00:33:50,240  
and the devil and

960  
00:33:54,549 --> 00:33:52,480  
it's kind of like a curse type thing

961  
00:33:56,230 --> 00:33:54,559  
that you know

962  
00:33:58,470 --> 00:33:56,240  
um i don't know if they're connected i

963  
00:33:59,909 --> 00:33:58,480

mean yeah to me the names are similar

964

00:34:02,549 --> 00:33:59,919

enough and that's what i always bring up

965

00:34:05,669 --> 00:34:02,559

i mean werewolf basically means dog man

966

00:34:06,630 --> 00:34:05,679

it's just half german so

967

00:34:08,869 --> 00:34:06,640

what do you i don't know what do you

968

00:34:09,829 --> 00:34:08,879

think about that

969

00:34:17,990 --> 00:34:09,839

you know

970

00:34:19,349 --> 00:34:18,000

upright k9 dogman

971

00:34:21,349 --> 00:34:19,359

lore

972

00:34:24,550 --> 00:34:21,359

really started to hit the united states

973

00:34:26,230 --> 00:34:24,560

to hit america when a lot of the

974

00:34:28,149 --> 00:34:26,240

the pennsylvania dutch or the

975

00:34:30,310 --> 00:34:28,159

pennsylvania i mean the german farmers

976  
00:34:32,710 --> 00:34:30,320  
came over here that's right and started

977  
00:34:37,510 --> 00:34:32,720  
settling in pennsylvania maryland

978  
00:34:39,190 --> 00:34:37,520  
and uh they were calling those things uh

979  
00:34:42,470 --> 00:34:39,200  
well i mean they had all kinds of names

980  
00:34:45,190 --> 00:34:42,480  
for them but anyway they they were um

981  
00:34:48,069 --> 00:34:45,200  
they were reporting these these canids

982  
00:34:50,069 --> 00:34:48,079  
cryptids and um

983  
00:34:52,389 --> 00:34:50,079  
i i think that's a that's i think that's

984  
00:34:54,230 --> 00:34:52,399  
where a lot of this started from

985  
00:34:57,109 --> 00:34:54,240  
now i'm not saying that

986  
00:34:59,190 --> 00:34:57,119  
these are all legends and these are

987  
00:35:00,470 --> 00:34:59,200  
maybe thought forms or something i don't

988  
00:35:02,390 --> 00:35:00,480

know what they are

989

00:35:04,069 --> 00:35:02,400

but uh you know we do get a lot of

990

00:35:05,670 --> 00:35:04,079

reports and here in pennsylvania we get

991

00:35:07,670 --> 00:35:05,680

a lot of reports we're working on some

992

00:35:11,349 --> 00:35:07,680

new reports right now up in cambridge

993

00:35:12,950 --> 00:35:11,359

county pennsylvania wow uh so uh

994

00:35:15,030 --> 00:35:12,960

yeah pennsylvania's definitely been a

995

00:35:17,349 --> 00:35:15,040

hot spot i think yeah you know up there

996

00:35:18,870 --> 00:35:17,359

with ohio kentucky and you know maybe

997

00:35:20,550 --> 00:35:18,880

michigan wisconsin i mean it seems like

998

00:35:21,589 --> 00:35:20,560

those five states you guys all have

999

00:35:22,710 --> 00:35:21,599

these

1000

00:35:24,470 --> 00:35:22,720

you know

1001  
00:35:25,589 --> 00:35:24,480  
like you have some strange sightings

1002  
00:35:27,109 --> 00:35:25,599  
yeah

1003  
00:35:29,270 --> 00:35:27,119  
similar again to the flying humanoids

1004  
00:35:31,270 --> 00:35:29,280  
right you get these absolutely these

1005  
00:35:32,870 --> 00:35:31,280  
pockets or whatever i'm sorry yeah we

1006  
00:35:35,829 --> 00:35:32,880  
got them here i mean i had my encounter

1007  
00:35:38,870 --> 00:35:35,839  
in 88 and we've also had these winged

1008  
00:35:39,670 --> 00:35:38,880  
humanoid sightings in this area

1009  
00:35:43,750 --> 00:35:39,680  
uh

1010  
00:35:47,270 --> 00:35:45,990  
timothy renner he's talked about it and

1011  
00:35:48,950 --> 00:35:47,280  
we've had

1012  
00:35:51,430 --> 00:35:48,960  
you know this york and adams county

1013  
00:35:53,190 --> 00:35:51,440

areas has has been known for having a

1014

00:35:55,270 --> 00:35:53,200

lot of weird things

1015

00:35:57,510 --> 00:35:55,280

but uh yeah we've had these winged

1016

00:35:59,990 --> 00:35:57,520

humanoids as well as a few dogman

1017

00:36:01,510 --> 00:36:00,000

upright canine settings so

1018

00:36:03,190 --> 00:36:01,520

yeah these are hot spots there's no

1019

00:36:04,870 --> 00:36:03,200

doubt about it

1020

00:36:07,109 --> 00:36:04,880

uh

1021

00:36:10,829 --> 00:36:07,119

nancy malcolm asked though what is the

1022

00:36:13,710 --> 00:36:10,839

difference between ets and

1023

00:36:15,990 --> 00:36:13,720

cryptids well uh you know obviously

1024

00:36:18,550 --> 00:36:16,000

extraterrestrial means

1025

00:36:20,390 --> 00:36:18,560

you know not of the land not of this

1026  
00:36:22,390 --> 00:36:20,400  
land you know it's the lat would be the

1027  
00:36:24,550 --> 00:36:22,400  
latin translation and that by that

1028  
00:36:25,990 --> 00:36:24,560  
meaning our planet earth

1029  
00:36:28,710 --> 00:36:26,000  
so an extraterrestrial would

1030  
00:36:29,829 --> 00:36:28,720  
theoretically be a life form

1031  
00:36:32,630 --> 00:36:29,839  
that

1032  
00:36:33,750 --> 00:36:32,640  
is not evolved or developed on this

1033  
00:36:36,069 --> 00:36:33,760  
planet

1034  
00:36:37,829 --> 00:36:36,079  
and uh a cryptid the traditional

1035  
00:36:40,069 --> 00:36:37,839  
description of cryptid

1036  
00:36:41,589 --> 00:36:40,079  
and the one that i mostly adhere to is

1037  
00:36:42,990 --> 00:36:41,599  
the one that

1038  
00:36:46,390 --> 00:36:43,000

you know it comes stems from

1039

00:36:47,990 --> 00:36:46,400

cryptozoology which is based on the

1040

00:36:50,390 --> 00:36:48,000

concept of

1041

00:36:52,550 --> 00:36:50,400

undiscovered animal species

1042

00:36:54,550 --> 00:36:52,560

and uh you know even if those animal

1043

00:36:56,470 --> 00:36:54,560

species often display

1044

00:36:58,150 --> 00:36:56,480

sort of fabulous characteristics and

1045

00:37:00,550 --> 00:36:58,160

have legends behind them things like

1046

00:37:03,430 --> 00:37:00,560

bigfoot the loch ness monster

1047

00:37:06,310 --> 00:37:03,440

mystery cats and things like that like

1048

00:37:08,630 --> 00:37:06,320

uh lake monsters but um

1049

00:37:12,069 --> 00:37:08,640

you know i think obviously the the field

1050

00:37:13,670 --> 00:37:12,079

has evolved not because of a conscious

1051  
00:37:16,710 --> 00:37:13,680  
uh

1052  
00:37:19,750 --> 00:37:16,720  
effort by the investigators

1053  
00:37:22,069 --> 00:37:19,760  
that are true to that

1054  
00:37:24,790 --> 00:37:22,079  
you know or original format of

1055  
00:37:27,510 --> 00:37:24,800  
zoological mystery but mainly because

1056  
00:37:28,790 --> 00:37:27,520  
you had other investigators like john

1057  
00:37:30,710 --> 00:37:28,800  
keel

1058  
00:37:32,790 --> 00:37:30,720  
and um

1059  
00:37:34,310 --> 00:37:32,800  
you know at ivan sanderson who was one

1060  
00:37:36,870 --> 00:37:34,320  
of the founders of christology towards

1061  
00:37:38,950 --> 00:37:36,880  
the end of his career when he started

1062  
00:37:41,270 --> 00:37:38,960  
the society for the investigation of the

1063  
00:37:43,910 --> 00:37:41,280

unexplained in new jersey and he was he

1064

00:37:47,030 --> 00:37:43,920

got really into like ufos and

1065

00:37:49,030 --> 00:37:47,040

uh other phenomenon and so and and then

1066

00:37:51,109 --> 00:37:49,040

you had a guy named ted holiday in the

1067

00:37:53,670 --> 00:37:51,119

60s he was a loch ness investigator who

1068

00:37:55,190 --> 00:37:53,680

went from flesh and blood nessie to

1069

00:37:57,109 --> 00:37:55,200

paranormal

1070

00:38:00,150 --> 00:37:57,119

the dragon and the i can't remember the

1071

00:38:01,910 --> 00:38:00,160

name of his book uh the goblin universe

1072

00:38:04,390 --> 00:38:01,920

so there was kind of like an evolution

1073

00:38:06,470 --> 00:38:04,400

with cryptozoology starting the late 60s

1074

00:38:08,950 --> 00:38:06,480

early 70s where some researchers began

1075

00:38:11,190 --> 00:38:08,960

to look at this stuff more spiritually

1076

00:38:13,190 --> 00:38:11,200

as opposed to just straight zoology

1077

00:38:14,470 --> 00:38:13,200

and then i think i i don't know if he's

1078

00:38:16,950 --> 00:38:14,480

going to like me calling him out on this

1079

00:38:18,550 --> 00:38:16,960

but lauren coleman and jerome clark when

1080

00:38:20,790 --> 00:38:18,560

they wrote creatures of the outer edge

1081

00:38:22,950 --> 00:38:20,800

in the 70s you know they were writing

1082

00:38:25,109 --> 00:38:22,960

about bigfoot and lake monsters and big

1083

00:38:27,349 --> 00:38:25,119

bird but they were taking more of that

1084

00:38:29,190 --> 00:38:27,359

kind of like 40 and look at it like is

1085

00:38:32,470 --> 00:38:29,200

there some are these just animals or is

1086

00:38:34,470 --> 00:38:32,480

it something more like beyond our realm

1087

00:38:37,109 --> 00:38:34,480

of comprehension so the field has just

1088

00:38:39,270 --> 00:38:37,119

kind of evolved over the decades and

1089

00:38:40,790 --> 00:38:39,280

particularly when social media got big

1090

00:38:43,030 --> 00:38:40,800

in recent years

1091

00:38:45,109 --> 00:38:43,040

and uh the general public had more

1092

00:38:47,829 --> 00:38:45,119

influence in terms of you know

1093

00:38:50,550 --> 00:38:47,839

definitions of what a cryptid should be

1094

00:38:52,950 --> 00:38:50,560

and uh you know so now of course a lot

1095

00:38:55,910 --> 00:38:52,960

of people think a cryptid also refers to

1096

00:38:57,510 --> 00:38:55,920

the slender man or the wendigo or

1097

00:38:59,990 --> 00:38:57,520

you know some of these things that were

1098

00:39:01,270 --> 00:39:00,000

not really considered cryptids back in

1099

00:39:03,270 --> 00:39:01,280

the day

1100

00:39:04,310 --> 00:39:03,280

um but i don't know i guess i guess if

1101

00:39:06,230 --> 00:39:04,320

we're gonna

1102

00:39:07,990 --> 00:39:06,240

uh try to please as many people as we

1103

00:39:08,950 --> 00:39:08,000

can long we could say okay so a cryptid

1104

00:39:11,190 --> 00:39:08,960

means

1105

00:39:12,950 --> 00:39:11,200

like a creature of the earth even if

1106

00:39:14,950 --> 00:39:12,960

it's a really far out creature but we

1107

00:39:15,910 --> 00:39:14,960

think it's been here on earth for a long

1108

00:39:17,750 --> 00:39:15,920

time

1109

00:39:19,829 --> 00:39:17,760

but an extraterrestrial is going to be

1110

00:39:21,510 --> 00:39:19,839

something that we really feel

1111

00:39:24,310 --> 00:39:21,520

okay this is definitely not from our

1112

00:39:26,829 --> 00:39:24,320

planet so it came down in a craft

1113

00:39:29,270 --> 00:39:26,839

you know it's collecting specimens i

1114

00:39:31,030 --> 00:39:29,280

mean this is all speculation that goes

1115

00:39:32,870 --> 00:39:31,040

like what would an extraterrestrial do

1116

00:39:35,030 --> 00:39:32,880

on our planet but then you have that

1117

00:39:36,550 --> 00:39:35,040

blurry line of like interdimensional and

1118

00:39:37,510 --> 00:39:36,560

portals you know maybe it's not from

1119

00:39:38,870 --> 00:39:37,520

space

1120

00:39:41,430 --> 00:39:38,880

it's an ultra-terrestrial it's from

1121

00:39:43,430 --> 00:39:41,440

another reality that's a term i use more

1122

00:39:45,109 --> 00:39:43,440

and more now ultra-terrestrial because

1123

00:39:47,589 --> 00:39:45,119

it seems like

1124

00:39:49,750 --> 00:39:47,599

there's more phenomena now that can fit

1125

00:39:52,870 --> 00:39:49,760

in that category as opposed to saying

1126

00:39:55,270 --> 00:39:52,880

extraterrestrial or cryptid or you know

1127

00:39:58,310 --> 00:39:55,280

maybe you know maybe there is maybe

1128

00:40:00,710 --> 00:39:58,320

there's a connection there yeah you know

1129

00:40:02,310 --> 00:40:00,720

who knows uh maybe the you know if john

1130

00:40:04,950 --> 00:40:02,320

keel had it right then he thought that

1131

00:40:07,109 --> 00:40:04,960

this phenomenon was all the same thing

1132

00:40:08,550 --> 00:40:07,119

uh that these ultra-terrestrial beings

1133

00:40:10,950 --> 00:40:08,560

were basically he called it the global

1134

00:40:13,349 --> 00:40:10,960

trickster that it was a shape-shifting

1135

00:40:15,430 --> 00:40:13,359

phenomenon so it took different forms it

1136

00:40:16,950 --> 00:40:15,440

was a dog man then it became a mothman

1137

00:40:19,030 --> 00:40:16,960

or a bigfoot

1138

00:40:20,710 --> 00:40:19,040

and you know we could only speculate why

1139

00:40:22,870 --> 00:40:20,720

it was doing this

1140

00:40:24,550 --> 00:40:22,880

uh but you know so

1141

00:40:26,390 --> 00:40:24,560

something from another dimension could

1142

00:40:29,030 --> 00:40:26,400

pose as something that's coming from

1143

00:40:30,630 --> 00:40:29,040

outer space as opposed to through a

1144

00:40:33,349 --> 00:40:30,640

a portal maybe i'm getting into some

1145

00:40:35,030 --> 00:40:33,359

pretty wild speculation now but you know

1146

00:40:36,829 --> 00:40:35,040

what i'm saying a lot i mean it's not

1147

00:40:38,790 --> 00:40:36,839

any different what i'm talking

1148

00:40:40,790 --> 00:40:38,800

about time

1149

00:40:42,550 --> 00:40:40,800

it's all about our perception how do we

1150

00:40:44,870 --> 00:40:42,560

absolutely you know what is this

1151  
00:40:46,630 --> 00:40:44,880  
phenomenon where is it coming from

1152  
00:40:48,230 --> 00:40:46,640  
some people claim they've been

1153  
00:40:50,309 --> 00:40:48,240  
abducted by aliens some people they

1154  
00:40:51,270 --> 00:40:50,319  
claim they've been abducted by bigfoots

1155  
00:40:53,109 --> 00:40:51,280  
you know

1156  
00:40:56,390 --> 00:40:53,119  
is it the same type of abduction it's

1157  
00:40:58,390 --> 00:40:56,400  
just the person who's being abducted is

1158  
00:40:59,589 --> 00:40:58,400  
visualizing it or perceiving it in a

1159  
00:41:01,270 --> 00:40:59,599  
different way

1160  
00:41:02,630 --> 00:41:01,280  
absolutely

1161  
00:41:04,790 --> 00:41:02,640  
you know there's something that came up

1162  
00:41:06,870 --> 00:41:04,800  
here um

1163  
00:41:09,349 --> 00:41:06,880

ab put it up there about

1164

00:41:12,150 --> 00:41:09,359

when you were in alaska and you talked

1165

00:41:13,829 --> 00:41:12,160

about the little people up there and um

1166

00:41:16,550 --> 00:41:13,839

i always thought that was fascinating

1167

00:41:18,309 --> 00:41:16,560

tell us a bit about that again will you

1168

00:41:20,870 --> 00:41:18,319

yeah so um

1169

00:41:23,109 --> 00:41:20,880

you know as you investigate bigfoot all

1170

00:41:24,550 --> 00:41:23,119

over north america particularly i've

1171

00:41:26,309 --> 00:41:24,560

noticed if you're speaking to native

1172

00:41:28,710 --> 00:41:26,319

american people you'll hear a lot of

1173

00:41:30,390 --> 00:41:28,720

stories i mean they'll often you know

1174

00:41:33,030 --> 00:41:30,400

acknowledge yes there is something like

1175

00:41:35,430 --> 00:41:33,040

bigfoot in our culture a big hairy wild

1176  
00:41:37,510 --> 00:41:35,440  
man or whatever but they always you know

1177  
00:41:40,550 --> 00:41:37,520  
i've i've encountered native american

1178  
00:41:42,710 --> 00:41:40,560  
people from alaska to the dakotas to

1179  
00:41:44,390 --> 00:41:42,720  
central america different cultures that

1180  
00:41:45,430 --> 00:41:44,400  
have all told me about little people

1181  
00:41:46,309 --> 00:41:45,440  
legends

1182  
00:41:48,550 --> 00:41:46,319  
and

1183  
00:41:50,870 --> 00:41:48,560  
not the traditional you know we're not

1184  
00:41:53,349 --> 00:41:50,880  
talking about necessarily a straight

1185  
00:41:54,790 --> 00:41:53,359  
traditional european fairy

1186  
00:41:56,390 --> 00:41:54,800  
gnome

1187  
00:41:58,630 --> 00:41:56,400  
you know type of leprechaun type of

1188  
00:41:59,510 --> 00:41:58,640

thing because they often

1189

00:42:02,390 --> 00:41:59,520

uh

1190

00:42:04,550 --> 00:42:02,400

describe these little people as being

1191

00:42:06,470 --> 00:42:04,560

covered in hair and having almost more

1192

00:42:08,230 --> 00:42:06,480

like a bigfoot type of quality even

1193

00:42:10,309 --> 00:42:08,240

though they're very small and short

1194

00:42:12,630 --> 00:42:10,319

powerfully built

1195

00:42:14,790 --> 00:42:12,640

about three and a half feet tall

1196

00:42:17,349 --> 00:42:14,800

usually reddish colored hair that's

1197

00:42:19,829 --> 00:42:17,359

interesting um

1198

00:42:22,309 --> 00:42:19,839

the long claws long teeth very

1199

00:42:24,790 --> 00:42:22,319

aggressive uh towards humans very

1200

00:42:26,870 --> 00:42:24,800

powerful and very greatly feared so they

1201

00:42:29,910 --> 00:42:26,880

almost sounds like a kind of a mini

1202

00:42:32,390 --> 00:42:29,920

dwarf sasquatch almost similar to the so

1203

00:42:33,670 --> 00:42:32,400

called a rang pen deck or short man of

1204

00:42:35,750 --> 00:42:33,680

sumatra

1205

00:42:38,150 --> 00:42:35,760

or the ebu gogo

1206

00:42:39,910 --> 00:42:38,160

of flores or some of these other

1207

00:42:43,430 --> 00:42:39,920

you know sort of little

1208

00:42:45,910 --> 00:42:43,440

hairy men stories from around the world

1209

00:42:48,470 --> 00:42:45,920

now there is a slightly

1210

00:42:49,990 --> 00:42:48,480

metaphysical or woo aspect to the little

1211

00:42:51,910 --> 00:42:50,000

people legends because even though

1212

00:42:53,109 --> 00:42:51,920

they're often described as hairy little

1213

00:42:55,670 --> 00:42:53,119

savage

1214

00:42:58,069 --> 00:42:55,680

like men they also have some

1215

00:43:00,230 --> 00:42:58,079

magical abilities according to so many

1216

00:43:01,990 --> 00:43:00,240

natives they can alter time

1217

00:43:03,990 --> 00:43:02,000

uh they can step

1218

00:43:05,750 --> 00:43:04,000

they live in caves they abduct people

1219

00:43:06,870 --> 00:43:05,760

but they can alter time or they can

1220

00:43:08,309 --> 00:43:06,880

vanish

1221

00:43:10,230 --> 00:43:08,319

um

1222

00:43:12,950 --> 00:43:10,240

so they're they're actually very

1223

00:43:14,790 --> 00:43:12,960

they're very frightening to people um

1224

00:43:17,510 --> 00:43:14,800

the native americans seem to be more

1225

00:43:20,630 --> 00:43:17,520

terrified of little people than you know

1226

00:43:22,790 --> 00:43:20,640

hairy men sasquatch type things

1227

00:43:24,390 --> 00:43:22,800

um so you know i wrote a chapter in my

1228

00:43:25,430 --> 00:43:24,400

bigfoot book where i focused on the

1229

00:43:29,190 --> 00:43:25,440

little

1230

00:43:30,550 --> 00:43:29,200

invented that

1231

00:43:31,750 --> 00:43:30,560

i definitely came up with it before the

1232

00:43:33,510 --> 00:43:31,760

movie but i think there were other

1233

00:43:35,430 --> 00:43:33,520

people

1234

00:43:37,109 --> 00:43:35,440

so it looks like a bigfoot but it's

1235

00:43:38,870 --> 00:43:37,119

little it's a little foot

1236

00:43:41,349 --> 00:43:38,880

some of those accounts may refer to

1237

00:43:44,069 --> 00:43:41,359

juvenile sasquatches we know bigfoot is

1238

00:43:45,109 --> 00:43:44,079

not born seven feet tall and 800 pounds

1239

00:43:47,430 --> 00:43:45,119

but still

1240

00:43:49,030 --> 00:43:47,440

uh the the beliefs these native beliefs

1241

00:43:52,230 --> 00:43:49,040

usually refer to

1242

00:43:53,109 --> 00:43:52,240

you know us tribes or

1243

00:43:54,950 --> 00:43:53,119

you know

1244

00:43:56,230 --> 00:43:54,960

family units of these little people

1245

00:43:58,230 --> 00:43:56,240

creatures

1246

00:43:59,670 --> 00:43:58,240

so some of the names in alaska they had

1247

00:44:01,109 --> 00:43:59,680

many different names they're called

1248

00:44:04,069 --> 00:44:01,119

anukans

1249

00:44:06,950 --> 00:44:04,079

urchin rock jinxiak

1250

00:44:10,630 --> 00:44:09,190

in the dakotas they are the narumbi the

1251  
00:44:12,710 --> 00:44:10,640  
awakuli

1252  
00:44:15,349 --> 00:44:12,720  
the hachesite

1253  
00:44:16,950 --> 00:44:15,359  
uh minnesota the mamagueshi

1254  
00:44:19,430 --> 00:44:16,960  
uh you've got the albert witch the

1255  
00:44:22,230 --> 00:44:19,440  
pukwudgies central america they're the

1256  
00:44:24,550 --> 00:44:22,240  
duende in mexico the dwene so yeah el

1257  
00:44:25,829 --> 00:44:24,560  
kakui so they're just like little goblin

1258  
00:44:27,270 --> 00:44:25,839  
type things

1259  
00:44:28,950 --> 00:44:27,280  
i don't know you know again it's one of

1260  
00:44:30,309 --> 00:44:28,960  
those things that kind of straddles that

1261  
00:44:32,230 --> 00:44:30,319  
border line between is there a

1262  
00:44:33,670 --> 00:44:32,240  
zoological aspect to this because there

1263  
00:44:35,990 --> 00:44:33,680

were little hairy

1264

00:44:39,510 --> 00:44:36,000

man-like creatures running all over

1265

00:44:41,589 --> 00:44:39,520

africa and asia for millions of years

1266

00:44:43,990 --> 00:44:41,599

uh could they still be around or are

1267

00:44:45,990 --> 00:44:44,000

these more in line with some of this

1268

00:44:47,510 --> 00:44:46,000

other kind of far out you know what we

1269

00:44:51,349 --> 00:44:47,520

were just talking about something from

1270

00:44:52,390 --> 00:44:51,359

another dimension or or whatever but uh

1271

00:44:55,030 --> 00:44:52,400

that you know they certainly the

1272

00:44:57,430 --> 00:44:55,040

traditions go back a very long time in a

1273

00:44:59,190 --> 00:44:57,440

lot of different american cultures

1274

00:45:02,630 --> 00:44:59,200

well you know the albatric is what we

1275

00:45:04,309 --> 00:45:02,640

have here uh and it's not it's it's in

1276

00:45:07,190 --> 00:45:04,319

along the susquehanna river over in

1277

00:45:07,990 --> 00:45:07,200

lancaster county around uh yep

1278

00:45:12,069 --> 00:45:08,000

uh

1279

00:45:14,870 --> 00:45:12,079

and yeah they have in fact they have a

1280

00:45:16,710 --> 00:45:14,880

festival there every year and uh yeah

1281

00:45:17,910 --> 00:45:16,720

that that legend has been going on for a

1282

00:45:19,030 --> 00:45:17,920

long time but you know some of the

1283

00:45:21,670 --> 00:45:19,040

accounts

1284

00:45:23,589 --> 00:45:21,680

you know i had a um i had

1285

00:45:25,510 --> 00:45:23,599

an account come to me now this was

1286

00:45:27,349 --> 00:45:25,520

further south in the across the river

1287

00:45:30,950 --> 00:45:27,359

into york county

1288

00:45:33,510 --> 00:45:30,960

in uh in red line but of a small

1289

00:45:35,670 --> 00:45:33,520

uh a little bigfoot that people

1290

00:45:37,750 --> 00:45:35,680

this woman had seen running across the

1291

00:45:39,829 --> 00:45:37,760

field and stuff so

1292

00:45:42,309 --> 00:45:39,839

people see them i mean there's no doubt

1293

00:45:44,870 --> 00:45:42,319

about that yeah i uh i do have a

1294

00:45:46,950 --> 00:45:44,880

footprint that i cast in belize when i

1295

00:45:49,510 --> 00:45:46,960

was doing a duende investigation in

1296

00:45:52,150 --> 00:45:49,520

2004-2006

1297

00:45:54,470 --> 00:45:52,160

and uh it was in a pretty remote area at

1298

00:45:56,069 --> 00:45:54,480

a place called pervasian creek we were

1299

00:45:58,870 --> 00:45:56,079

searching in the maya mountains where a

1300

00:46:00,550 --> 00:45:58,880

lot of these duendes were said to live

1301

00:46:02,390 --> 00:46:00,560

and um

1302

00:46:04,790 --> 00:46:02,400

i found one humanoid well i found like

1303

00:46:06,470 --> 00:46:04,800

two or three but uh they were they

1304

00:46:08,309 --> 00:46:06,480

basically very human like prince but

1305

00:46:10,630 --> 00:46:08,319

small but you can see that it was not a

1306

00:46:12,390 --> 00:46:10,640

shoe or a boot or a moccasin it was

1307

00:46:14,069 --> 00:46:12,400

someone walking around barefoot now

1308

00:46:15,030 --> 00:46:14,079

first of all there are not this is a

1309

00:46:17,750 --> 00:46:15,040

very

1310

00:46:20,150 --> 00:46:17,760

uh unpopulated area so there there

1311

00:46:21,829 --> 00:46:20,160

really aren't there are traditional maya

1312

00:46:23,430 --> 00:46:21,839

people from that region but they don't

1313

00:46:24,870 --> 00:46:23,440

live in these particular areas and they

1314

00:46:26,550 --> 00:46:24,880

certainly don't want to walk around

1315

00:46:28,630 --> 00:46:26,560

barefoot because you have a lot of

1316

00:46:31,109 --> 00:46:28,640

fertile ants snakes and

1317

00:46:33,750 --> 00:46:31,119

scorpions and tarantulas and things

1318

00:46:35,589 --> 00:46:33,760

spiky things on the ground thorny things

1319

00:46:37,190 --> 00:46:35,599

but this one footprint in particular had

1320

00:46:38,870 --> 00:46:37,200

a pointy heel

1321

00:46:40,550 --> 00:46:38,880

it was a human-like track it was about

1322

00:46:42,710 --> 00:46:40,560

six inches long with a pointy heel and

1323

00:46:44,309 --> 00:46:42,720

what was cool about that was that that

1324

00:46:46,309 --> 00:46:44,319

was one of the

1325

00:46:47,829 --> 00:46:46,319

stories that i'd heard about the duende

1326  
00:46:49,510 --> 00:46:47,839  
is that they have you know they're these

1327  
00:46:50,870 --> 00:46:49,520  
little goblin-like creatures that live

1328  
00:46:52,950 --> 00:46:50,880  
in the mountains and they leave

1329  
00:46:55,430 --> 00:46:52,960  
footprints with a pointy heel

1330  
00:46:58,069 --> 00:46:55,440  
uh now similarly it's also said that

1331  
00:46:59,910 --> 00:46:58,079  
they their feet are on backwards which

1332  
00:47:02,309 --> 00:46:59,920  
is a recurring trope or theme that you

1333  
00:47:03,109 --> 00:47:02,319  
find in different they get from the yeti

1334  
00:47:07,430 --> 00:47:03,119  
to

1335  
00:47:08,630 --> 00:47:07,440  
human-like creatures in some legends

1336  
00:47:10,390 --> 00:47:08,640  
they're said to have their feet on

1337  
00:47:12,069 --> 00:47:10,400  
backwards which i don't know what

1338  
00:47:13,589 --> 00:47:12,079

exactly what that means but it's just

1339

00:47:15,750 --> 00:47:13,599

kind of one of those things that comes

1340

00:47:17,430 --> 00:47:15,760

up so uh oh another interesting thing

1341

00:47:20,069 --> 00:47:17,440

about the duende is that

1342

00:47:22,150 --> 00:47:20,079

uh he only has four fingers

1343

00:47:25,750 --> 00:47:22,160

and so if you show him five fingers it

1344

00:47:27,430 --> 00:47:25,760

pisses him off and then he'll you know

1345

00:47:29,270 --> 00:47:27,440

basically that's like you don't want to

1346

00:47:30,630 --> 00:47:29,280

do that to a duende or any of these

1347

00:47:31,670 --> 00:47:30,640

little people is show them how many

1348

00:47:33,829 --> 00:47:31,680

fingers you have because they're very

1349

00:47:34,950 --> 00:47:33,839

jealous about fingers apparently

1350

00:47:43,510 --> 00:47:34,960

interesting

1351  
00:47:45,829 --> 00:47:43,520  
from ann celine

1352  
00:47:47,990 --> 00:47:45,839  
if someone said

1353  
00:47:50,069 --> 00:47:48,000  
you could choose one cryptid and i can

1354  
00:47:52,150 --> 00:47:50,079  
take you to it you can observe it and

1355  
00:47:55,829 --> 00:47:52,160  
learn all there is to know about it

1356  
00:47:57,750 --> 00:47:55,839  
which would you choose oh my gosh yeah i

1357  
00:48:00,069 --> 00:47:57,760  
know that's that's a real tough one

1358  
00:48:03,829 --> 00:48:00,079  
that's a good question well hi lady anne

1359  
00:48:06,470 --> 00:48:03,839  
i i appreciate the question uh

1360  
00:48:08,870 --> 00:48:06,480  
um she's a good friend of mine by the

1361  
00:48:10,790 --> 00:48:08,880  
way um but that's a great question um

1362  
00:48:11,589 --> 00:48:10,800  
let's see

1363  
00:48:13,589 --> 00:48:11,599

uh

1364

00:48:15,349 --> 00:48:13,599

you know what i people have often asked

1365

00:48:16,870 --> 00:48:15,359

me like what's my favorite cryptid which

1366

00:48:19,030 --> 00:48:16,880

is always hard for me to answer because

1367

00:48:21,190 --> 00:48:19,040

i love them all so much but i'll say the

1368

00:48:23,349 --> 00:48:21,200

a thunder a traditional native american

1369

00:48:24,950 --> 00:48:23,359

thunderbird if someone could take me to

1370

00:48:26,710 --> 00:48:24,960

the top of a peak

1371

00:48:29,349 --> 00:48:26,720

and you know in my mind i've got kind of

1372

00:48:31,109 --> 00:48:29,359

this indiana jones scenario where i've

1373

00:48:33,109 --> 00:48:31,119

got this like you know native american

1374

00:48:34,870 --> 00:48:33,119

guy that knows you know he's a brave

1375

00:48:37,109 --> 00:48:34,880

warrior that knows that where the nest

1376

00:48:39,190 --> 00:48:37,119

is and we climb up to the top of this

1377

00:48:40,630 --> 00:48:39,200

peak and we look across and we see this

1378

00:48:43,510 --> 00:48:40,640

magnificent

1379

00:48:45,030 --> 00:48:43,520

bird with a you know 20-foot wingspan

1380

00:48:46,829 --> 00:48:45,040

majestically

1381

00:48:49,430 --> 00:48:46,839

guarding the nest and

1382

00:48:51,430 --> 00:48:49,440

um huge raptor like beak that would be

1383

00:48:53,109 --> 00:48:51,440

pretty cool i would want to observe one

1384

00:48:55,190 --> 00:48:53,119

of those in the wild

1385

00:48:57,109 --> 00:48:55,200

and um

1386

00:48:59,510 --> 00:48:57,119

i mean really any of them but that's uh

1387

00:49:02,230 --> 00:48:59,520

i guess i'll choose that one because i i

1388

00:49:03,510 --> 00:49:02,240

i've always been fascinated with the

1389

00:49:05,349 --> 00:49:03,520

thunderbird

1390

00:49:07,430 --> 00:49:05,359

uh accounts i've interviewed so many

1391

00:49:08,870 --> 00:49:07,440

eyewitnesses i've never seen one but so

1392

00:49:10,069 --> 00:49:08,880

many people that i've talked to that

1393

00:49:12,069 --> 00:49:10,079

have

1394

00:49:14,069 --> 00:49:12,079

sworn they've seen him and it just it

1395

00:49:16,069 --> 00:49:14,079

just must be you know breathtaking awe

1396

00:49:17,990 --> 00:49:16,079

inspiring to see one of these things the

1397

00:49:19,589 --> 00:49:18,000

winged beings are really fascinating

1398

00:49:21,589 --> 00:49:19,599

yeah i'm like you i mean the whole

1399

00:49:24,230 --> 00:49:21,599

facets of it um

1400

00:49:26,710 --> 00:49:24,240

territon pterodons um

1401

00:49:28,870 --> 00:49:26,720

thunderbirds humanoids

1402

00:49:31,030 --> 00:49:28,880

yeah absolutely yeah so many different

1403

00:49:33,510 --> 00:49:31,040

types the the manta things that you've

1404

00:49:35,750 --> 00:49:33,520

documented yeah

1405

00:49:38,309 --> 00:49:35,760

i mean i've had some really i don't know

1406

00:49:40,390 --> 00:49:38,319

i had a lady about a year ago that's

1407

00:49:41,510 --> 00:49:40,400

claimed that she saw a winged black

1408

00:49:43,510 --> 00:49:41,520

panther

1409

00:49:45,190 --> 00:49:43,520

so that was almost like a combination of

1410

00:49:47,589 --> 00:49:45,200

two cryptids you know we know the black

1411

00:49:49,270 --> 00:49:47,599

panther cryptids are pretty but she said

1412

00:49:52,790 --> 00:49:49,280

no this was definitely a black panther

1413

00:49:54,390 --> 00:49:52,800

but it had wings too so

1414

00:49:56,950 --> 00:49:54,400

you get those kind of like

1415

00:49:58,870 --> 00:49:56,960

you know oddball kind of accounts that

1416

00:50:01,270 --> 00:49:58,880

are that are pretty yeah we get them

1417

00:50:02,309 --> 00:50:01,280

once in a while we do

1418

00:50:04,630 --> 00:50:02,319

uh

1419

00:50:07,670 --> 00:50:04,640

yeah nancy malcolm asked what is the

1420

00:50:10,549 --> 00:50:07,680

newest and or oldest cryptid being

1421

00:50:12,870 --> 00:50:10,559

reported now

1422

00:50:14,230 --> 00:50:12,880

oh um are we talking about oldest in

1423

00:50:17,109 --> 00:50:14,240

terms of like the legend in the

1424

00:50:20,069 --> 00:50:17,119

mythology yeah i guess we could

1425

00:50:23,670 --> 00:50:21,910

well um

1426

00:50:25,430 --> 00:50:23,680

that goes back a long way using the

1427

00:50:28,630 --> 00:50:25,440

broad term cryptid we already talked

1428

00:50:29,670 --> 00:50:28,640

about you know the the ancient assyrians

1429

00:50:31,510 --> 00:50:29,680

and

1430

00:50:33,829 --> 00:50:31,520

probably that the apollo probably the

1431

00:50:36,710 --> 00:50:33,839

ancient sumerians and op kalu

1432

00:50:39,270 --> 00:50:36,720

i mean that's like 3 000 years ago

1433

00:50:41,829 --> 00:50:39,280

um you know with bigfoot we often talk

1434

00:50:44,069 --> 00:50:41,839

about the epic of gilgamesh which is a

1435

00:50:45,829 --> 00:50:44,079

babylonian story so that would probably

1436

00:50:48,470 --> 00:50:45,839

be a couple thousand years ago so we do

1437

00:50:51,190 --> 00:50:48,480

have kind of bigfoot type creatures

1438

00:50:53,750 --> 00:50:51,200

uh if you want to include endicoo

1439

00:50:55,270 --> 00:50:53,760

which is the hairy man-like creature in

1440

00:50:57,670 --> 00:50:55,280

the epic of gilgamesh that would be a

1441

00:50:59,349 --> 00:50:57,680

two to three thousand years ago oh no i

1442

00:51:02,790 --> 00:50:59,359

got one uh you know what about the the

1443

00:51:05,030 --> 00:51:02,800

archetype of the giant water serpent

1444

00:51:08,230 --> 00:51:05,040

i mean you can go back absolutely it's

1445

00:51:11,109 --> 00:51:08,240

in the bible with leviathan it's in uh

1446

00:51:13,030 --> 00:51:11,119

scandinavian viking mythology uh the

1447

00:51:14,790 --> 00:51:13,040

your

1448

00:51:19,190 --> 00:51:14,800

ah it's gonna bug me i'll have to think

1449

00:51:20,790 --> 00:51:19,200

about this but uh yeah um

1450

00:51:22,390 --> 00:51:20,800

they're like dragons you know they're

1451  
00:51:25,510 --> 00:51:22,400  
water dragons but they're always like

1452  
00:51:26,390 --> 00:51:25,520  
serpentine and just massive and you find

1453  
00:51:31,030 --> 00:51:26,400  
those

1454  
00:51:33,190 --> 00:51:31,040  
hundreds and thousands of years and

1455  
00:51:34,790 --> 00:51:33,200  
several cultures or two so we have

1456  
00:51:36,630 --> 00:51:34,800  
different you know interesting we have

1457  
00:51:40,150 --> 00:51:36,640  
like the three major archetypes are the

1458  
00:51:42,390 --> 00:51:40,160  
wing you know creatures from the air

1459  
00:51:44,309 --> 00:51:42,400  
the aquatic creatures from the water and

1460  
00:51:45,190 --> 00:51:44,319  
then the terrestrial creatures are often

1461  
00:51:48,790 --> 00:51:45,200  
like

1462  
00:52:06,549 --> 00:51:48,800  
a

1463  
00:52:08,470 --> 00:52:06,559

the newest

1464

00:52:09,670 --> 00:52:08,480

cryptid

1465

00:52:11,670 --> 00:52:09,680

uh

1466

00:52:14,390 --> 00:52:11,680

i oh

1467

00:52:16,549 --> 00:52:14,400

he showed me a picture of like a weird

1468

00:52:18,390 --> 00:52:16,559

i guess that was uh it was that endicoo

1469

00:52:20,630 --> 00:52:18,400

okay i think that wasn't the coup okay

1470

00:52:22,630 --> 00:52:20,640

so i was like what is this like bearded

1471

00:52:24,549 --> 00:52:22,640

guy with uh

1472

00:52:26,150 --> 00:52:24,559

yeah that's i think that's what it is

1473

00:52:27,829 --> 00:52:26,160

he put it up right as you said what is

1474

00:52:29,990 --> 00:52:27,839

the newest and i thought oh is that like

1475

00:52:30,870 --> 00:52:30,000

a you know the newest is like the name

1476

00:52:33,910 --> 00:52:30,880

of the

1477

00:52:36,309 --> 00:52:33,920

weird scriptures okay um

1478

00:52:38,309 --> 00:52:36,319

sorry it's been a long day oh i get it

1479

00:52:40,630 --> 00:52:38,319

uh the newest cryptid is obviously

1480

00:52:42,790 --> 00:52:40,640

dogman because uh i think as you said

1481

00:52:45,109 --> 00:52:42,800

earlier i mean we didn't really until

1482

00:52:46,870 --> 00:52:45,119

like the 80s and 90s when linda godfrey

1483

00:52:48,390 --> 00:52:46,880

started documenting the beast of a road

1484

00:52:50,069 --> 00:52:48,400

and then it was even after that we

1485

00:52:51,829 --> 00:52:50,079

started hearing about oh no the michigan

1486

00:52:53,030 --> 00:52:51,839

dog man has been around forever well you

1487

00:52:54,870 --> 00:52:53,040

know no one had ever really heard of the

1488

00:52:57,109 --> 00:52:54,880

michigan dog man until

1489

00:52:58,870 --> 00:52:57,119

easter bre road and

1490

00:53:01,349 --> 00:52:58,880

so i think that's a pretty new cryptid

1491

00:53:03,030 --> 00:53:01,359

on the scene and you know if you

1492

00:53:05,510 --> 00:53:03,040

i don't know i don't really put a lot of

1493

00:53:07,430 --> 00:53:05,520

stock in these cryptid uh creepypasta

1494

00:53:09,349 --> 00:53:07,440

things like slenderman

1495

00:53:11,589 --> 00:53:09,359

well i just wrote a book about that so i

1496

00:53:13,430 --> 00:53:11,599

don't like kids is that

1497

00:53:15,270 --> 00:53:13,440

i mean

1498

00:53:17,750 --> 00:53:15,280

it's hard to to describe them as

1499

00:53:20,150 --> 00:53:17,760

cryptids i mean you know i i look at

1500

00:53:22,230 --> 00:53:20,160

this i call them the meme humanoids or

1501

00:53:23,990 --> 00:53:22,240

you know the the pale crawlers or

1502

00:53:26,790 --> 00:53:24,000

whatever you want to call them i don't

1503

00:53:28,549 --> 00:53:26,800

really look at them as cryptids though

1504

00:53:29,349 --> 00:53:28,559

no no really don't know what they are

1505

00:53:30,950 --> 00:53:29,359

but

1506

00:53:33,190 --> 00:53:30,960

you know we don't even know if they're

1507

00:53:34,309 --> 00:53:33,200

just somebody's imagination or something

1508

00:53:36,309 --> 00:53:34,319

that's being

1509

00:53:37,750 --> 00:53:36,319

thought-formed or a tulpa or whatever

1510

00:53:39,109 --> 00:53:37,760

you want to call it

1511

00:53:40,150 --> 00:53:39,119

yes um

1512

00:53:41,910 --> 00:53:40,160

interesting

1513

00:53:44,790 --> 00:53:41,920

yeah and you know you can't have any i

1514

00:53:47,589 --> 00:53:44,800

mean you know i i often express that i

1515

00:53:50,390 --> 00:53:47,599

am that traditional old-school honor

1516

00:53:52,870 --> 00:53:50,400

bernard hooverman's you know roy mackel

1517

00:53:55,670 --> 00:53:52,880

cryptozoologist but

1518

00:53:57,589 --> 00:53:55,680

i can't control and no one can control

1519

00:53:59,349 --> 00:53:57,599

you know what culture what cultures want

1520

00:54:01,190 --> 00:53:59,359

to and society wants to view as a

1521

00:54:03,510 --> 00:54:01,200

cryptid or what different people there's

1522

00:54:05,349 --> 00:54:03,520

no hard fast rules it's not like

1523

00:54:07,990 --> 00:54:05,359

traditional science where you know you

1524

00:54:09,589 --> 00:54:08,000

have to so people can call whatever they

1525

00:54:11,109 --> 00:54:09,599

want encrypted i'm not going to stop

1526

00:54:12,950 --> 00:54:11,119

them from doing that

1527

00:54:14,630 --> 00:54:12,960

you know i just always want to point out

1528

00:54:16,230 --> 00:54:14,640

that there's two ways to look at any

1529

00:54:18,230 --> 00:54:16,240

mysterious creature

1530

00:54:21,109 --> 00:54:18,240

one is that is there any way that it

1531

00:54:22,950 --> 00:54:21,119

could have conceivably evolved

1532

00:54:25,190 --> 00:54:22,960

on our planet does it fit into the

1533

00:54:26,950 --> 00:54:25,200

scheme into the paradigm of the fossil

1534

00:54:28,230 --> 00:54:26,960

record and all the species that we've

1535

00:54:29,190 --> 00:54:28,240

known about

1536

00:54:31,109 --> 00:54:29,200

you know

1537

00:54:32,790 --> 00:54:31,119

does it make biological and zoological

1538

00:54:34,790 --> 00:54:32,800

sense bigfoot does

1539

00:54:37,030 --> 00:54:34,800

thunderbirds do

1540

00:54:38,789 --> 00:54:37,040

mystery cats do

1541

00:54:40,230 --> 00:54:38,799

loch ness monster does so there's a lot

1542

00:54:41,990 --> 00:54:40,240

of cryptids that do that you could say

1543

00:54:43,990 --> 00:54:42,000

this could be a prehistoric survival or

1544

00:54:47,109 --> 00:54:44,000

something that we just overlooked right

1545

00:54:48,470 --> 00:54:47,119

but other cryptids like mothman dogman

1546

00:54:50,069 --> 00:54:48,480

goatman

1547

00:54:52,950 --> 00:54:50,079

mermaids

1548

00:54:54,789 --> 00:54:52,960

uh black-eyed kids they just

1549

00:54:56,710 --> 00:54:54,799

they don't fit into

1550

00:54:59,030 --> 00:54:56,720

the scheme of zoology so yes they're

1551  
00:55:01,829 --> 00:54:59,040  
fascinating i love talking about them

1552  
00:55:03,589 --> 00:55:01,839  
they're mysterious they're scary

1553  
00:55:06,069 --> 00:55:03,599  
they're weird there's legends that back

1554  
00:55:06,950 --> 00:55:06,079  
them up and eyewitnesses that have seen

1555  
00:55:09,829 --> 00:55:06,960  
them

1556  
00:55:11,589 --> 00:55:09,839  
um so people can call those cryptids i

1557  
00:55:13,190 --> 00:55:11,599  
you know i don't necessarily always do

1558  
00:55:14,309 --> 00:55:13,200  
that sometimes on a show like this i'll

1559  
00:55:16,470 --> 00:55:14,319  
be a little bit more open to my

1560  
00:55:17,349 --> 00:55:16,480  
interpretation because this is this is

1561  
00:55:18,950 --> 00:55:17,359  
fun

1562  
00:55:20,789 --> 00:55:18,960  
and we're having like good good

1563  
00:55:23,270 --> 00:55:20,799

conversation here about what people

1564

00:55:25,190 --> 00:55:23,280

think so

1565

00:55:28,470 --> 00:55:25,200

here's an interesting question but from

1566

00:55:32,470 --> 00:55:28,480

summer nights uh dog man eats roadkill

1567

00:55:34,549 --> 00:55:32,480

so does that make it a normal animal

1568

00:55:36,789 --> 00:55:34,559

it's a good question that's i like that

1569

00:55:37,670 --> 00:55:36,799

i like the critical thinking there is is

1570

00:55:40,470 --> 00:55:37,680

good

1571

00:55:42,870 --> 00:55:40,480

um okay so yeah so it has a biological

1572

00:55:43,829 --> 00:55:42,880

need to consume energy which all animals

1573

00:55:45,990 --> 00:55:43,839

do

1574

00:55:48,230 --> 00:55:46,000

all animals on the planet

1575

00:55:50,710 --> 00:55:48,240

whether you're talking about a coral or

1576

00:55:52,549 --> 00:55:50,720

a bat or a whale or whatever

1577

00:55:55,270 --> 00:55:52,559

there's two things that

1578

00:55:56,230 --> 00:55:55,280

cause an organism to be classified as an

1579

00:55:58,230 --> 00:55:56,240

animal

1580

00:56:00,710 --> 00:55:58,240

one is that it's modal which means that

1581

00:56:02,470 --> 00:56:00,720

it can be spontaneously move around

1582

00:56:04,470 --> 00:56:02,480

even if it's not a lot of movement but

1583

00:56:06,549 --> 00:56:04,480

at some point it's going to move freely

1584

00:56:08,390 --> 00:56:06,559

to wherever it wants to be and two that

1585

00:56:11,829 --> 00:56:08,400

it's heterotrophic meaning that it

1586

00:56:14,710 --> 00:56:11,839

consumes other animals or their

1587

00:56:17,109 --> 00:56:14,720

waste products or plants or for energy

1588

00:56:18,309 --> 00:56:17,119

so yes so dog man has been seen eating

1589

00:56:20,710 --> 00:56:18,319

roadkill

1590

00:56:22,390 --> 00:56:20,720

uh probably the most famous one of the

1591

00:56:25,109 --> 00:56:22,400

most famous easter gray road sightings

1592

00:56:26,950 --> 00:56:25,119

by a woman named laura andrizy

1593

00:56:29,030 --> 00:56:26,960

uh that saw this thing feasting on

1594

00:56:31,190 --> 00:56:29,040

roadkill so that certainly is intriguing

1595

00:56:32,870 --> 00:56:31,200

and i guess you could score one that one

1596

00:56:34,870 --> 00:56:32,880

in the box of people that want to say

1597

00:56:36,870 --> 00:56:34,880

okay no dogman is a flesh and blood

1598

00:56:38,390 --> 00:56:36,880

animal it's something unknown you could

1599

00:56:38,800 --> 00:56:38,400

check that box

1600

00:56:41,109 --> 00:56:38,810

um

1601  
00:56:43,670 --> 00:56:41,119

[Music]

1602  
00:56:45,190 --> 00:56:43,680  
well i will say this those accounts

1603  
00:56:45,910 --> 00:56:45,200  
aren't real common i'll just add that go

1604  
00:56:48,950 --> 00:56:45,920  
ahead

1605  
00:56:51,430 --> 00:56:48,960  
most of the settings of bigfoot

1606  
00:56:53,430 --> 00:56:51,440  
that we have here now i'm talking about

1607  
00:56:54,710 --> 00:56:53,440  
in this area

1608  
00:56:58,870 --> 00:56:54,720  
are

1609  
00:57:00,390 --> 00:56:58,880  
seen on the road collecting roadkill

1610  
00:57:02,950 --> 00:57:00,400  
up around uh

1611  
00:57:05,750 --> 00:57:02,960  
misha state forest in pennsylvania just

1612  
00:57:08,069 --> 00:57:05,760  
west of gettysburg gotcha i get a lot of

1613  
00:57:09,109 --> 00:57:08,079

reports of people who have seen bigfoot

1614

00:57:11,109 --> 00:57:09,119

collecting

1615

00:57:12,390 --> 00:57:11,119

dead deer and stuff on that have been

1616

00:57:14,390 --> 00:57:12,400

hit

1617

00:57:16,549 --> 00:57:14,400

uh

1618

00:57:17,990 --> 00:57:16,559

and we've also had

1619

00:57:20,150 --> 00:57:18,000

uh

1620

00:57:22,470 --> 00:57:20,160

kanan cryptic kanan seen

1621

00:57:25,670 --> 00:57:22,480

feasting on roadkill along the side of

1622

00:57:28,710 --> 00:57:25,680

the road during the day as well

1623

00:57:30,789 --> 00:57:28,720

so uh yeah i mean all right well that's

1624

00:57:32,230 --> 00:57:30,799

a great yeah that's fascinating i i

1625

00:57:33,589 --> 00:57:32,240

appreciate i always like to hear about

1626  
00:57:35,109 --> 00:57:33,599  
those kind of different regional

1627  
00:57:37,190 --> 00:57:35,119  
patterns and things because that's real

1628  
00:57:39,030 --> 00:57:37,200  
important as an investigator but this

1629  
00:57:40,789 --> 00:57:39,040  
this is a kind of a cool segway lawn to

1630  
00:57:43,430 --> 00:57:40,799  
say well you know they're the people

1631  
00:57:45,910 --> 00:57:43,440  
that talk about could some of the dog

1632  
00:57:46,789 --> 00:57:45,920  
man sightings actually be

1633  
00:57:48,710 --> 00:57:46,799  
mis

1634  
00:57:50,630 --> 00:57:48,720  
representations of bigfoots or

1635  
00:57:52,549 --> 00:57:50,640  
sasquatches that are seen

1636  
00:57:54,549 --> 00:57:52,559  
you know and what are the variables here

1637  
00:57:55,750 --> 00:57:54,559  
okay people the main one is that people

1638  
00:57:58,789 --> 00:57:55,760

when they see them they're get they

1639

00:58:00,390 --> 00:57:58,799

freak out and their emotion goes to 100

1640

00:58:02,230 --> 00:58:00,400

because you're not expecting to see

1641

00:58:04,470 --> 00:58:02,240

something that shouldn't exist or that

1642

00:58:06,710 --> 00:58:04,480

doesn't exist and it just literally

1643

00:58:09,750 --> 00:58:06,720

throws you into a state of so it's

1644

00:58:12,309 --> 00:58:09,760

really going to affect how you

1645

00:58:14,549 --> 00:58:12,319

remember and respond and perceive

1646

00:58:16,470 --> 00:58:14,559

usually these sightings are at night

1647

00:58:18,069 --> 00:58:16,480

and they're often very quick you know

1648

00:58:20,789 --> 00:58:18,079

someone's in a car and it's just like a

1649

00:58:23,190 --> 00:58:20,799

few seconds or a brief glance so

1650

00:58:25,270 --> 00:58:23,200

so so yeah so bigfoots and sasquatches

1651

00:58:26,950 --> 00:58:25,280

eat a lot of roadkill and we only have

1652

00:58:29,670 --> 00:58:26,960

like a handful of dog man accounts of

1653

00:58:31,829 --> 00:58:29,680

them eating roadkill then we could you

1654

00:58:33,910 --> 00:58:31,839

know speculate that maybe those dogman

1655

00:58:35,910 --> 00:58:33,920

accounts are just you know people may oh

1656

00:58:39,190 --> 00:58:35,920

no it had a dog like head well maybe you

1657

00:58:40,549 --> 00:58:39,200

know the lighting or shadows or

1658

00:58:43,109 --> 00:58:40,559

you know it's just the way they

1659

00:58:45,270 --> 00:58:43,119

interpreted it it was dog-like but it

1660

00:58:47,109 --> 00:58:45,280

was you know hairy and man-like too

1661

00:58:49,030 --> 00:58:47,119

which kind of fits in the bigfoot

1662

00:58:50,789 --> 00:58:49,040

sasquatch well that's something that we

1663

00:58:53,670 --> 00:58:50,799

have looked into here as best as

1664

00:58:57,109 --> 00:58:53,680

possible you know we talked to witnesses

1665

00:58:58,789 --> 00:58:57,119

are they confusing them with a bigfoot

1666

00:59:00,710 --> 00:58:58,799

you know it could happen we don't know

1667

00:59:04,309 --> 00:59:00,720

i'm not completely trying to completely

1668

00:59:06,870 --> 00:59:04,319

debunk the no i understand but some of

1669

00:59:07,589 --> 00:59:06,880

them could be bigfoots and uh people

1670

00:59:09,190 --> 00:59:07,599

just

1671

00:59:11,270 --> 00:59:09,200

you know especially if they're not

1672

00:59:13,030 --> 00:59:11,280

really it's just you know we're all

1673

00:59:15,589 --> 00:59:13,040

different right everyone has different

1674

00:59:17,109 --> 00:59:15,599

biases and influences and some people

1675

00:59:18,870 --> 00:59:17,119

will look at it's like when they do

1676

00:59:20,950 --> 00:59:18,880

those inkblot tests at this you know

1677

00:59:22,950 --> 00:59:20,960

it's like oh just something like this

1678

00:59:25,270 --> 00:59:22,960

yeah a balloon and some people see an

1679

00:59:27,430 --> 00:59:25,280

elephant and we'll see uh

1680

00:59:30,069 --> 00:59:27,440

you know whatever so

1681

00:59:32,069 --> 00:59:30,079

everybody has a different perspective

1682

00:59:33,670 --> 00:59:32,079

on anything i you know i if i haven't

1683

00:59:35,430 --> 00:59:33,680

learned one thing that's one thing i

1684

00:59:38,150 --> 00:59:35,440

have learned all these years

1685

00:59:39,510 --> 00:59:38,160

everybody looks at something differently

1686

00:59:42,150 --> 00:59:39,520

any you know

1687

00:59:44,549 --> 00:59:42,160

absolutely and i love that because it to

1688

00:59:46,150 --> 00:59:44,559

me that makes life much more interesting

1689

00:59:47,910 --> 00:59:46,160

i'm glad that we don't all agree on

1690

00:59:50,230 --> 00:59:47,920

everything all right

1691

00:59:53,030 --> 00:59:50,240

uh scarborough sasquatch station asked

1692

00:59:56,870 --> 00:59:53,040

uh duendes are they always seen with

1693

00:59:59,270 --> 00:59:56,880

those large hats no yeah um not always

1694

01:00:00,390 --> 00:59:59,280

but that is a a common trope

1695

01:00:02,230 --> 01:00:00,400

we were talking about a moment ago is

1696

01:00:04,950 --> 01:00:02,240

that they have these big sombreros

1697

01:00:08,150 --> 01:00:04,960

sometimes they carry little machetes

1698

01:00:10,710 --> 01:00:08,160

sometimes he's got a long beard uh the

1699

01:00:12,870 --> 01:00:10,720

the technical full name is tata dwendy

1700

01:00:14,630 --> 01:00:12,880

which means grandfather little

1701

01:00:15,910 --> 01:00:14,640

grandfather or

1702

01:00:18,230 --> 01:00:15,920

maybe another word only but they you

1703

01:00:19,589 --> 01:00:18,240

know they look like little

1704

01:00:20,710 --> 01:00:19,599

bearded men you know and there's

1705

01:00:22,069 --> 01:00:20,720

probably just like you were talking

1706

01:00:23,829 --> 01:00:22,079

about earlier about how the werewolf a

1707

01:00:25,750 --> 01:00:23,839

lot of the werewolf legends migrated

1708

01:00:27,670 --> 01:00:25,760

over to your region from

1709

01:00:30,630 --> 01:00:27,680

you know the dutch settlers and other

1710

01:00:34,069 --> 01:00:30,640

european settlers well belize has a

1711

01:00:36,069 --> 01:00:34,079

mixture of the ancient old maya

1712

01:00:37,750 --> 01:00:36,079

culture but there was also a lot of

1713

01:00:40,549 --> 01:00:37,760

European influence that came over from

1714

01:00:41,589 --> 01:00:40,559

both England and Spain so some of those

1715

01:00:46,230 --> 01:00:41,599

fairy

1716

01:00:48,390 --> 01:00:46,240

legends may have migrated over and of

1717

01:00:50,549 --> 01:00:48,400

course duende is also in Spain if you go

1718

01:00:52,789 --> 01:00:50,559

to Spain you'll hear about duendes and

1719

01:00:53,910 --> 01:00:52,799

in the Philippines which is a you know

1720

01:00:56,309 --> 01:00:53,920

on the other side of the world but

1721

01:00:57,910 --> 01:00:56,319

there's a span strong Spanish cultural

1722

01:00:58,789 --> 01:00:57,920

influence in the Philippines because of

1723

01:01:00,470 --> 01:00:58,799

those

1724

01:01:02,150 --> 01:01:00,480

so you the colonization there so you

1725

01:01:04,150 --> 01:01:02,160

hear about Wendy's in the Philippines as

1726

01:01:06,789 --> 01:01:04,160

well but no they don't always wear the

1727

01:01:07,910 --> 01:01:06,799

hats but that has been reported

1728

01:01:10,549 --> 01:01:07,920

interesting

1729

01:01:12,069 --> 01:01:10,559

uh james was there asking he's asked me

1730

01:01:13,510 --> 01:01:12,079

this and i haven't really have given him

1731

01:01:16,230 --> 01:01:13,520

a great answer

1732

01:01:19,030 --> 01:01:16,240

have you ever heard of ways to keep dog

1733

01:01:20,950 --> 01:01:19,040

man away from your property

1734

01:01:22,230 --> 01:01:20,960

huh

1735

01:01:23,910 --> 01:01:22,240

let me think about this for a minute

1736

01:01:24,950 --> 01:01:23,920

because i have spoken to well you know i

1737

01:01:26,549 --> 01:01:24,960

don't know

1738

01:01:29,109 --> 01:01:26,559

first of all how do we test that you

1739

01:01:30,630 --> 01:01:29,119

know how do we test this um you know if

1740

01:01:32,150 --> 01:01:30,640

it's an experiment how do we know it's

1741

01:01:33,030 --> 01:01:32,160

keeping them away from your property

1742

01:01:34,549 --> 01:01:33,040

right

1743

01:01:37,030 --> 01:01:34,559

um

1744

01:01:39,750 --> 01:01:37,040

i don't hear about a lot of cases of

1745

01:01:41,349 --> 01:01:39,760

like habituation like with bigfoot where

1746

01:01:43,109 --> 01:01:41,359

people claim that dogmans are coming out

1747

01:01:45,270 --> 01:01:43,119

of their property all the time

1748

01:01:46,470 --> 01:01:45,280

i did investigate a case

1749

01:01:49,510 --> 01:01:46,480

um

1750

01:01:51,349 --> 01:01:49,520

inviter texas years ago where there was

1751

01:01:53,589 --> 01:01:51,359

a a young couple that claimed that there

1752

01:01:55,109 --> 01:01:53,599

was a dog man type creature they called

1753

01:01:56,150 --> 01:01:55,119

it a werewolf but this was back in the

1754

01:01:58,950 --> 01:01:56,160

70s

1755

01:02:00,950 --> 01:01:58,960

basically was coming on their property

1756

01:02:03,430 --> 01:02:00,960

uh banging on

1757

01:02:04,950 --> 01:02:03,440

ripping the screens on their windows

1758

01:02:06,470 --> 01:02:04,960

banging on the walls and it killed a

1759

01:02:08,150 --> 01:02:06,480

bunch of their dogs

1760

01:02:09,990 --> 01:02:08,160

and how they dealt with it ultimately

1761

01:02:11,910 --> 01:02:10,000

was they went outside with a shotgun and

1762

01:02:13,990 --> 01:02:11,920

shot it with a shotgun

1763

01:02:15,190 --> 01:02:14,000

and uh but you know

1764

01:02:16,950 --> 01:02:15,200

they did move out of there pretty

1765

01:02:17,990 --> 01:02:16,960

quickly from what i remember after that

1766

01:02:19,589 --> 01:02:18,000

but

1767

01:02:21,349 --> 01:02:19,599

that would be one way that's how i would

1768

01:02:24,150 --> 01:02:21,359

deal with it i've got a 12 gauge sitting

1769

01:02:28,390 --> 01:02:24,160

over here against the wall and uh

1770

01:02:30,309 --> 01:02:28,400

uh that's how i i guess that sounds

1771

01:02:32,549 --> 01:02:30,319

maybe i sound a little psychotic saying

1772

01:02:34,390 --> 01:02:32,559

that but i am texan so i say yeah if

1773

01:02:36,630 --> 01:02:34,400

there's a dog man comes on my property

1774

01:02:38,870 --> 01:02:36,640

i'm going to get the 12 gauge out and

1775

01:02:40,390 --> 01:02:38,880

i think that'll deter it from ever

1776

01:02:42,069 --> 01:02:40,400

coming back or

1777

01:02:43,670 --> 01:02:42,079

maybe not but

1778

01:02:45,430 --> 01:02:43,680

you could also have a can of bear spray

1779

01:02:47,109 --> 01:02:45,440

if you didn't want to be lethal with it

1780

01:02:49,750 --> 01:02:47,119

that would probably be the best bet at

1781

01:02:50,470 --> 01:02:49,760

all hairspray and you know if it'll stop

1782

01:02:52,069 --> 01:02:50,480

uh

1783

01:02:54,309 --> 01:02:52,079

a thousand pound grizzly it would

1784

01:02:56,150 --> 01:02:54,319

probably stop an 800 pound dog man i

1785

01:02:57,270 --> 01:02:56,160

would guess

1786

01:03:00,230 --> 01:02:57,280

yeah

1787

01:03:01,029 --> 01:03:00,240

uh also scarborough i asked ken have you

1788

01:03:03,910 --> 01:03:01,039

been

1789

01:03:05,510 --> 01:03:03,920

or experienced any infrasound and was it

1790

01:03:07,190 --> 01:03:05,520

low level or high level now i know

1791

01:03:09,990 --> 01:03:07,200

you've been around a lot of

1792

01:03:12,150 --> 01:03:10,000

zoo animals uh a lot of big cats have

1793

01:03:14,549 --> 01:03:12,160

you ever experienced any of that i don't

1794

01:03:16,309 --> 01:03:14,559

think i've ever encountered any uh you

1795

01:03:18,309 --> 01:03:16,319

know infrasound from any animals i can

1796

01:03:20,710 --> 01:03:18,319

think of um i s you know i work at the

1797

01:03:21,910 --> 01:03:20,720

san antonio zoo as a volunteer educator

1798

01:03:24,309 --> 01:03:21,920

and i spend a lot of time at the

1799

01:03:26,630 --> 01:03:24,319

elephant exhibit we've got two awesome

1800

01:03:27,430 --> 01:03:26,640

asian elephants there and sometimes i

1801

01:03:30,630 --> 01:03:27,440

can

1802

01:03:32,470 --> 01:03:30,640

these low

1803

01:03:33,990 --> 01:03:32,480

rumbly sounds you know that they're kind

1804

01:03:35,589 --> 01:03:34,000

of like under their breath but it's kind

1805

01:03:37,430 --> 01:03:35,599

of hard to tell but it's never really

1806

01:03:38,230 --> 01:03:37,440

affected me like i never felt like oh

1807

01:03:40,069 --> 01:03:38,240

right

1808

01:03:41,750 --> 01:03:40,079

it's just like wow that is a really low

1809

01:03:43,349 --> 01:03:41,760

frequency it's almost like

1810

01:03:44,710 --> 01:03:43,359

i'm feeling it more than i'm hearing it

1811

01:03:46,069 --> 01:03:44,720

and i think i've also gotten that from

1812

01:03:47,510 --> 01:03:46,079

the draft at the zoo on occasion but

1813

01:03:48,789 --> 01:03:47,520

nothing that's ever really affected me

1814

01:03:50,630 --> 01:03:48,799

in that way

1815

01:03:53,349 --> 01:03:50,640

um

1816

01:03:55,510 --> 01:03:53,359

uh now i will say that

1817

01:03:58,950 --> 01:03:55,520

uh you know we did an episode of missing

1818

01:04:01,270 --> 01:03:58,960

in alaska uh on the harp facility up in

1819

01:04:02,549 --> 01:04:01,280

alaska which is like this experience i

1820

01:04:03,750 --> 01:04:02,559

don't want to get the whole explanation

1821

01:04:05,829 --> 01:04:03,760

but it was like a thing that they were

1822

01:04:07,910 --> 01:04:05,839

using really ultrasound not infrasound

1823

01:04:10,390 --> 01:04:07,920

which is low frequencies ultrasound are

1824

01:04:11,670 --> 01:04:10,400

frequencies above our range of hearing

1825

01:04:13,510 --> 01:04:11,680

sorry i kind of knocked my light there i

1826

01:04:15,190 --> 01:04:13,520

got too excited um

1827

01:04:16,789 --> 01:04:15,200

and you know there they i have to be

1828

01:04:18,230 --> 01:04:16,799

honest here the producers were kind of

1829

01:04:19,670 --> 01:04:18,240

messing with my head a lot on that

1830

01:04:20,950 --> 01:04:19,680

episode so like the first thing that

1831

01:04:22,950 --> 01:04:20,960

happened was

1832

01:04:25,910 --> 01:04:22,960

there was got this guy named dr nick

1833

01:04:27,270 --> 01:04:25,920

begich who has been investigating

1834

01:04:29,270 --> 01:04:27,280

writing about heart for years and he did

1835

01:04:31,829 --> 01:04:29,280

this experiment where he put electricity

1836

01:04:33,750 --> 01:04:31,839

and sound waves through my body

1837

01:04:35,029 --> 01:04:33,760

like by touching my hand and then i

1838

01:04:36,950 --> 01:04:35,039

could hear it in my head even though it

1839

01:04:38,870 --> 01:04:36,960

wasn't coming through my ears

1840

01:04:40,390 --> 01:04:38,880

that really just like just experiencing

1841

01:04:42,549 --> 01:04:40,400

that like just threw me completely in

1842

01:04:44,069 --> 01:04:42,559

this weird state of mind because it was

1843

01:04:45,670 --> 01:04:44,079

like so different from anything i'd ever

1844

01:04:47,109 --> 01:04:45,680

experienced before and he was kind of

1845

01:04:48,630 --> 01:04:47,119

using that to kind of

1846

01:04:50,549 --> 01:04:48,640

demonstrate or illustrate how something

1847

01:04:52,710 --> 01:04:50,559

like heart could work which is the

1848

01:04:54,630 --> 01:04:52,720

concept is that sound waves can alter

1849

01:04:57,109 --> 01:04:54,640

your brain waves so if it's a

1850

01:04:59,029 --> 01:04:57,119

concentrated energy whether it's low

1851

01:05:01,190 --> 01:04:59,039

frequency or high frequency

1852

01:05:02,950 --> 01:05:01,200

your brain has like this just like your

1853

01:05:04,950 --> 01:05:02,960

heart it's got this rhythm

1854

01:05:07,029 --> 01:05:04,960

and this cadence in a particular

1855

01:05:08,630 --> 01:05:07,039

frequency and

1856

01:05:10,150 --> 01:05:08,640

theoretically you could disrupt that

1857

01:05:12,230 --> 01:05:10,160

with sound waves so

1858

01:05:13,670 --> 01:05:12,240

um not the infrasound thing but we did

1859

01:05:15,190 --> 01:05:13,680

that they did that

1860

01:05:16,870 --> 01:05:15,200

and then when we went we ended up going

1861

01:05:18,470 --> 01:05:16,880

to the heart facility and obviously it

1862

01:05:19,430 --> 01:05:18,480

was supposed to be shut down we couldn't

1863

01:05:22,630 --> 01:05:19,440

get in

1864

01:05:24,870 --> 01:05:22,640

but we were flying a drone over a

1865

01:05:26,230 --> 01:05:24,880

navy you know which it was really stupid

1866

01:05:27,109 --> 01:05:26,240

you know so we're doing a lot of things

1867

01:05:28,710 --> 01:05:27,119

that were already like and there were

1868

01:05:31,190 --> 01:05:28,720

all these security

1869

01:05:33,349 --> 01:05:31,200

you know and stories and

1870

01:05:35,510 --> 01:05:33,359

so i don't know i i kind of got psyched

1871

01:05:37,510 --> 01:05:35,520

out and i felt like

1872

01:05:38,870 --> 01:05:37,520

it's kind of sick and like just i had to

1873

01:05:40,390 --> 01:05:38,880

get out of there and a little panicky

1874

01:05:42,710 --> 01:05:40,400

and so that was actually demonstrated in

1875

01:05:43,990 --> 01:05:42,720

the show so a little bit of that i i

1876

01:05:45,829 --> 01:05:44,000

amped it up but i really didn't feel

1877

01:05:48,069 --> 01:05:45,839

that way i felt like really nauseous i'm

1878

01:05:49,430 --> 01:05:48,079

just like just so but i don't know if it

1879

01:05:50,710 --> 01:05:49,440

was something about being at the heart

1880

01:05:52,390 --> 01:05:50,720

facility

1881

01:05:54,150 --> 01:05:52,400

if that was still because supposedly it

1882

01:05:55,750 --> 01:05:54,160

was shut down and they weren't doing any

1883

01:05:56,710 --> 01:05:55,760

of these experiments anymore that even

1884

01:05:58,470 --> 01:05:56,720

though the

1885

01:06:00,230 --> 01:05:58,480

the ray of of

1886

01:06:02,549 --> 01:06:00,240

uh transmitters and stuff is still there

1887

01:06:04,630 --> 01:06:02,559

so not infrasound exactly

1888

01:06:06,789 --> 01:06:04,640

uh i may have encountered some

1889

01:06:08,390 --> 01:06:06,799

ultrasound type thing but it was

1890

01:06:09,910 --> 01:06:08,400

probably more likely just like a

1891

01:06:11,670 --> 01:06:09,920

psychological thing where i psyched

1892

01:06:12,870 --> 01:06:11,680

myself out and thought just being at

1893

01:06:14,630 --> 01:06:12,880

this place

1894

01:06:16,630 --> 01:06:14,640

was making me feel weird

1895

01:06:18,549 --> 01:06:16,640

hopefully that's at least that gives you

1896

01:06:20,390 --> 01:06:18,559

something even if it's not

1897

01:06:22,549 --> 01:06:20,400

you know well let me ask you this what

1898

01:06:25,910 --> 01:06:22,559

are your thoughts on

1899

01:06:27,349 --> 01:06:25,920

cryptids bigfoot upright canines

1900

01:06:29,349 --> 01:06:27,359

actually emitting these type of

1901

01:06:31,270 --> 01:06:29,359

frequencies

1902

01:06:33,349 --> 01:06:31,280

well um you know i write about it in my

1903

01:06:35,190 --> 01:06:33,359

book the essential guide to bigfoot that

1904

01:06:36,950 --> 01:06:35,200

you know the the allegations of

1905

01:06:38,390 --> 01:06:36,960

infrasound with bigfoot have been around

1906

01:06:40,390 --> 01:06:38,400

for a while now

1907

01:06:42,789 --> 01:06:40,400

um

1908

01:06:44,309 --> 01:06:42,799

i don't know if i've heard of any real

1909

01:06:45,829 --> 01:06:44,319

solid i mean

1910

01:06:47,349 --> 01:06:45,839

i don't know any bigfoot investigators

1911

01:06:48,789 --> 01:06:47,359

that have put forth a really solid

1912

01:06:50,230 --> 01:06:48,799

argument that that's what happened to

1913

01:06:51,829 --> 01:06:50,240

them if they experienced something like

1914

01:06:53,670 --> 01:06:51,839

that right

1915

01:06:55,190 --> 01:06:53,680

i mean i heard a story like this is a

1916

01:06:57,190 --> 01:06:55,200

perfect example i heard a story when i

1917

01:06:59,109 --> 01:06:57,200

was up at an oklahoma bigfoot event a

1918

01:07:00,950 --> 01:06:59,119

few weeks ago

1919

01:07:02,309 --> 01:07:00,960

there were three investigators walking

1920

01:07:03,750 --> 01:07:02,319

in a line

1921

01:07:05,829 --> 01:07:03,760

through the woods

1922

01:07:07,990 --> 01:07:05,839

turn up in this where there was all this

1923

01:07:10,630 --> 01:07:08,000

bigfoot activity and the guy in the

1924

01:07:12,230 --> 01:07:10,640

middle claimed that he had been zapped

1925

01:07:14,150 --> 01:07:12,240

with infrasound and started like

1926

01:07:16,390 --> 01:07:14,160

freaking out and i feel horrible and i

1927

01:07:17,589 --> 01:07:16,400

gotta get out of here well how did this

1928

01:07:20,069 --> 01:07:17,599

thing

1929

01:07:21,589 --> 01:07:20,079

was able to laser beam focus infrasound

1930

01:07:23,270 --> 01:07:21,599

at one guy

1931

01:07:25,109 --> 01:07:23,280

but not the other two guys that doesn't

1932

01:07:27,270 --> 01:07:25,119

make sense because it's like if you

1933

01:07:29,510 --> 01:07:27,280

don't think about sound it's not like

1934

01:07:31,750 --> 01:07:29,520

especially like sound waves sine waves

1935

01:07:33,510 --> 01:07:31,760

of like low frequencies are not like

1936

01:07:35,190 --> 01:07:33,520

super high concentrated they're just

1937

01:07:36,710 --> 01:07:35,200

like they would be theoretically be

1938

01:07:38,150 --> 01:07:36,720

these booming

1939

01:07:39,430 --> 01:07:38,160

so i don't know so i mean you hear

1940

01:07:42,150 --> 01:07:39,440

stories like that where people claim

1941

01:07:43,829 --> 01:07:42,160

they've been quote unquote zapped but

1942

01:07:45,990 --> 01:07:43,839

it's all it's all just so highly

1943

01:07:48,150 --> 01:07:46,000

speculative about whether bigfoot could

1944

01:07:49,829 --> 01:07:48,160

really even has this ability just

1945

01:07:52,309 --> 01:07:49,839

because it's big

1946

01:07:55,270 --> 01:07:52,319

and how it would use it

1947

01:07:57,589 --> 01:07:55,280

and uh now the the best story i've heard

1948

01:07:58,390 --> 01:07:57,599

actually relates to the stench over this

1949

01:08:00,870 --> 01:07:58,400

uh

1950

01:08:02,710 --> 01:08:00,880

the sound there was a guy at a research

1951

01:08:03,750 --> 01:08:02,720

location louisiana years ago that

1952

01:08:05,910 --> 01:08:03,760

claimed that

1953

01:08:07,750 --> 01:08:05,920

he's you know the sasquatch basically

1954

01:08:09,349 --> 01:08:07,760

was near him and put off this horrible

1955

01:08:12,470 --> 01:08:09,359

smell which we've heard about from time

1956

01:08:14,230 --> 01:08:12,480

to time and it made him feel so bad and

1957

01:08:15,990 --> 01:08:14,240

so sick that they had to take him the

1958

01:08:17,430 --> 01:08:16,000

rest the other bigfoot researchers had

1959

01:08:19,510 --> 01:08:17,440

to rush him to the hospital to the

1960

01:08:21,110 --> 01:08:19,520

emergency room because he was that is

1961

01:08:23,910 --> 01:08:21,120

that so that's interesting right that

1962

01:08:27,430 --> 01:08:23,920

you don't hear a lot of smell attacks as

1963

01:08:32,709 --> 01:08:30,550

a chemical weapon yes exactly very well

1964

01:08:34,309 --> 01:08:32,719

put it's a chemical weapon of some kind

1965

01:08:35,910 --> 01:08:34,319

so

1966

01:08:37,430 --> 01:08:35,920

i don't know this is all fun to talk

1967

01:08:39,829 --> 01:08:37,440

about but we just don't we just don't

1968

01:08:42,550 --> 01:08:39,839

know well you know i i

1969

01:08:44,390 --> 01:08:42,560

when when i and as more so with upright

1970

01:08:45,990 --> 01:08:44,400

canines when people encounter these

1971

01:08:47,430 --> 01:08:46,000

things that you know people here in

1972

01:08:49,749 --> 01:08:47,440

pennsylvania

1973

01:08:52,470 --> 01:08:49,759

uh especially people who are armed i

1974

01:08:54,070 --> 01:08:52,480

have had hunters walk up on these things

1975

01:08:56,390 --> 01:08:54,080

and you know

1976

01:08:58,149 --> 01:08:56,400

they tell us that

1977

01:09:00,309 --> 01:08:58,159

they get this feeling that they've got

1978

01:09:01,269 --> 01:09:00,319

to back away i know they're scared

1979

01:09:03,349 --> 01:09:01,279

anyway

1980

01:09:05,510 --> 01:09:03,359

but they you know just drop your weapon

1981

01:09:07,430 --> 01:09:05,520

and lower it and back away very slowly

1982

01:09:09,189 --> 01:09:07,440

it's almost like

1983

01:09:12,789 --> 01:09:09,199

it's something telling them to do that

1984

01:09:14,309 --> 01:09:12,799

as opposed to just being scared yeah

1985

01:09:16,149 --> 01:09:14,319

you know people people have reported

1986

01:09:17,910 --> 01:09:16,159

that and people have reported the mind

1987

01:09:19,669 --> 01:09:17,920

speak you know i'm not again i'm not an

1988

01:09:21,590 --> 01:09:19,679

advocate of that but i just

1989

01:09:23,510 --> 01:09:21,600

you know after that that same oklahoma

1990

01:09:25,510 --> 01:09:23,520

lecture i just mentioned i did a very my

1991

01:09:27,990 --> 01:09:25,520

very traditional

1992

01:09:30,229 --> 01:09:28,000

you know apr style bigfoot presentation

1993

01:09:32,070 --> 01:09:30,239

that grover krantz or john bindernegel

1994

01:09:34,070 --> 01:09:32,080

would be proud of and

1995

01:09:36,149 --> 01:09:34,080

afterwards this hunter came up to me

1996

01:09:37,990 --> 01:09:36,159

full full-on camo you know you could

1997

01:09:39,110 --> 01:09:38,000

tell he's an outdoorsman has the right

1998

01:09:41,590 --> 01:09:39,120

gear

1999

01:09:43,749 --> 01:09:41,600

red oak or whatever and uh says

2000

01:09:45,590 --> 01:09:43,759

you're wrong they do mind speak i

2001  
01:09:47,349 --> 01:09:45,600  
encountered a family of sasquatches in

2002  
01:09:49,349 --> 01:09:47,359  
the woods and

2003  
01:09:51,510 --> 01:09:49,359  
they began to hear their voices in my

2004  
01:09:54,070 --> 01:09:51,520  
head and he even had like a word that

2005  
01:09:55,110 --> 01:09:54,080  
was like garaka or something you know

2006  
01:09:57,990 --> 01:09:55,120  
and i i didn't want to be like

2007  
01:09:59,830 --> 01:09:58,000  
disrespectful i said sir you know

2008  
01:10:01,510 --> 01:09:59,840  
i'm not going to question your integrity

2009  
01:10:02,790 --> 01:10:01,520  
or what you're telling me you seem very

2010  
01:10:04,870 --> 01:10:02,800  
sincere

2011  
01:10:08,149 --> 01:10:04,880  
i can just say that i've not seen enough

2012  
01:10:09,830 --> 01:10:08,159  
evidence that this so-called mind speak

2013  
01:10:12,229 --> 01:10:09,840

between sasquatch as a human actually

2014

01:10:13,990 --> 01:10:12,239

happens and i've investigated

2015

01:10:14,950 --> 01:10:14,000

so many cases over the years it's so

2016

01:10:16,070 --> 01:10:14,960

rare

2017

01:10:18,470 --> 01:10:16,080

and it's kind of the same with the

2018

01:10:19,910 --> 01:10:18,480

infrasound thing it's kind of like

2019

01:10:21,430 --> 01:10:19,920

does it really happen or is it just

2020

01:10:24,070 --> 01:10:21,440

something that's kind of

2021

01:10:26,550 --> 01:10:24,080

you know adds that kind of extra quality

2022

01:10:28,709 --> 01:10:26,560

to the mystery that

2023

01:10:31,030 --> 01:10:28,719

i just look at as another example of

2024

01:10:32,630 --> 01:10:31,040

perception i mean you know

2025

01:10:35,590 --> 01:10:32,640

they're perceiving maybe someone's

2026

01:10:37,430 --> 01:10:35,600

scarcity yeah yeah yeah yeah can do a

2027

01:10:38,709 --> 01:10:37,440

lot of things to you your story kind of

2028

01:10:40,790 --> 01:10:38,719

nailed it these guys people they

2029

01:10:44,070 --> 01:10:40,800

encounter them and they're you know it's

2030

01:10:45,910 --> 01:10:44,080

think about this it's like

2031

01:10:47,910 --> 01:10:45,920

you know you've been wired your brain's

2032

01:10:49,669 --> 01:10:47,920

been wired you know your reality has

2033

01:10:51,750 --> 01:10:49,679

been set your whole life

2034

01:10:54,310 --> 01:10:51,760

and then suddenly something that is not

2035

01:10:56,630 --> 01:10:54,320

supposed to exist that is a myth

2036

01:10:58,630 --> 01:10:56,640

steps right into your reality

2037

01:11:00,870 --> 01:10:58,640

i mean that's got to just

2038

01:11:02,630 --> 01:11:00,880

shake the core and the foundation of

2039

01:11:04,470 --> 01:11:02,640

everything

2040

01:11:05,910 --> 01:11:04,480

i mean lon you we both are these stories

2041

01:11:07,430 --> 01:11:05,920

i know hunters that have encountered

2042

01:11:08,870 --> 01:11:07,440

these things that basically never went

2043

01:11:09,910 --> 01:11:08,880

out in the woods again they sold their

2044

01:11:13,510 --> 01:11:09,920

guns

2045

01:11:16,070 --> 01:11:13,520

i'm done i'm out absolutely it's yeah i

2046

01:11:17,350 --> 01:11:16,080

hear it all the time pretty heavy stuff

2047

01:11:18,470 --> 01:11:17,360

yeah

2048

01:11:21,510 --> 01:11:18,480

um

2049

01:11:23,510 --> 01:11:21,520

android purity asked uh

2050

01:11:26,390 --> 01:11:23,520

do you believe that ancient european

2051

01:11:28,229 --> 01:11:26,400

reports of werewolves and men

2052

01:11:30,149 --> 01:11:28,239

and i mean are they the same as an

2053

01:11:31,910 --> 01:11:30,159

american the american phenomena the

2054

01:11:33,990 --> 01:11:31,920

american reports

2055

01:11:35,990 --> 01:11:34,000

are they the same thing it sounds like a

2056

01:11:38,550 --> 01:11:36,000

question we covered about 30 minutes ago

2057

01:11:41,350 --> 01:11:38,560

yeah it's similar yeah okay i will

2058

01:11:44,149 --> 01:11:41,360

you know we'll encapsulate it um

2059

01:11:45,430 --> 01:11:44,159

i don't know um the the traditional

2060

01:11:47,270 --> 01:11:45,440

european

2061

01:11:49,590 --> 01:11:47,280

werewolves as we discussed are shape

2062

01:11:51,830 --> 01:11:49,600

shifters they don't walk on their hind

2063

01:11:54,070 --> 01:11:51,840

legs they're always on four legs they

2064

01:11:56,310 --> 01:11:54,080

don't have necessarily very human-like

2065

01:11:57,270 --> 01:11:56,320

qualities the man part is not very

2066

01:11:59,030 --> 01:11:57,280

strong

2067

01:12:01,430 --> 01:11:59,040

except for their human-like eyes and

2068

01:12:03,830 --> 01:12:01,440

their cunning human-like

2069

01:12:06,709 --> 01:12:03,840

mind and abilities

2070

01:12:09,189 --> 01:12:06,719

they don't seem to match with uh the dog

2071

01:12:11,990 --> 01:12:09,199

man that said it seems to be too much of

2072

01:12:14,709 --> 01:12:12,000

a coincidence that you have

2073

01:12:17,590 --> 01:12:14,719

at least some similarities in terms of

2074

01:12:20,229 --> 01:12:17,600

you know that combination or that

2075

01:12:22,950 --> 01:12:20,239

synthesis of a human and a candidate or

2076

01:12:25,590 --> 01:12:22,960

a dog now i always like to talk about

2077

01:12:27,030 --> 01:12:25,600

psychology and cultural anthropological

2078

01:12:28,310 --> 01:12:27,040

things which are probably not going to

2079

01:12:29,430 --> 01:12:28,320

be very interesting to everyone

2080

01:12:32,390 --> 01:12:29,440

listening but

2081

01:12:33,990 --> 01:12:32,400

you know dogs why why do people love dog

2082

01:12:35,910 --> 01:12:34,000

man so much well

2083

01:12:37,350 --> 01:12:35,920

in my opinion it's because humans love

2084

01:12:39,430 --> 01:12:37,360

dogs so much

2085

01:12:41,830 --> 01:12:39,440

i mean all i'm a cat lover personally

2086

01:12:44,070 --> 01:12:41,840

but i love all animals i don't judge

2087

01:12:46,070 --> 01:12:44,080

but i know how much people that are dog

2088

01:12:48,149 --> 01:12:46,080

lovers love dogs i mean

2089

01:12:50,870 --> 01:12:48,159

they're man's best friend for a reason

2090

01:12:52,790 --> 01:12:50,880

we've been cohabitating for at least 15

2091

01:12:54,709 --> 01:12:52,800

to 30 000 years

2092

01:12:55,669 --> 01:12:54,719

so i think one of the reasons that dog

2093

01:12:58,390 --> 01:12:55,679

man is

2094

01:13:00,790 --> 01:12:58,400

such a popular cryptid is that it's a

2095

01:13:03,030 --> 01:13:00,800

dog man you know i know that sounds

2096

01:13:04,390 --> 01:13:03,040

stupid because it's so simple yeah but

2097

01:13:06,310 --> 01:13:04,400

you know i think that's i think there's

2098

01:13:07,990 --> 01:13:06,320

something to that the people really are

2099

01:13:10,870 --> 01:13:08,000

fascinated with the dog man and

2100

01:13:12,870 --> 01:13:10,880

werewolves because we already love and

2101  
01:13:13,990 --> 01:13:12,880  
are connected to our dogs and this is

2102  
01:13:15,750 --> 01:13:14,000  
like a

2103  
01:13:17,830 --> 01:13:15,760  
another you know it's a strange creature

2104  
01:13:19,510 --> 01:13:17,840  
but it's got those familiar it's

2105  
01:13:22,310 --> 01:13:19,520  
familiar to us i guess that's what i'm

2106  
01:13:24,630 --> 01:13:22,320  
trying to say but yeah absolutely

2107  
01:13:26,229 --> 01:13:24,640  
uh now here's a great one vincent wants

2108  
01:13:29,750 --> 01:13:26,239  
to know have you ever experienced any

2109  
01:13:34,149 --> 01:13:29,760  
paranormal activity of any kind yourself

2110  
01:13:37,189 --> 01:13:34,159  
uh yes i have uh the one incident i can

2111  
01:13:39,590 --> 01:13:37,199  
definitively say was um

2112  
01:13:41,270 --> 01:13:39,600  
years ago i was speaking at a paranormal

2113  
01:13:43,669 --> 01:13:41,280

conference in a place called jefferson

2114

01:13:44,870 --> 01:13:43,679

texas which is the most haunted city in

2115

01:13:47,350 --> 01:13:44,880

texas it's also where they have the

2116

01:13:49,030 --> 01:13:47,360

bigfoot conference in october by the way

2117

01:13:50,709 --> 01:13:49,040

and uh very good it's a bigfoot capital

2118

01:13:53,110 --> 01:13:50,719

texas but also there's a lot of haunted

2119

01:13:54,870 --> 01:13:53,120

bed and breakfasts very old

2120

01:13:56,790 --> 01:13:54,880

railroad kind of town

2121

01:13:58,870 --> 01:13:56,800

and i was invited to a ghost

2122

01:14:00,310 --> 01:13:58,880

investigation i like to tag along to see

2123

01:14:02,709 --> 01:14:00,320

what people are doing it's not my

2124

01:14:04,310 --> 01:14:02,719

necessarily my expertise or anything but

2125

01:14:05,350 --> 01:14:04,320

um so there were some people in the

2126

01:14:07,430 --> 01:14:05,360

front of the house some ghost

2127

01:14:09,189 --> 01:14:07,440

investigators using one of these obvious

2128

01:14:10,470 --> 01:14:09,199

things which is a ghost box you know

2129

01:14:12,709 --> 01:14:10,480

where they're doing

2130

01:14:13,830 --> 01:14:12,719

am radio transmission and hearing words

2131

01:14:16,390 --> 01:14:13,840

and trying to communicate with the

2132

01:14:18,229 --> 01:14:16,400

spirits i was in the hallway and this

2133

01:14:20,390 --> 01:14:18,239

was actually called the mckay house

2134

01:14:22,229 --> 01:14:20,400

which unfortunately tragically burned

2135

01:14:23,830 --> 01:14:22,239

down a few years ago but

2136

01:14:27,270 --> 01:14:23,840

um

2137

01:14:29,270 --> 01:14:27,280

there was uh this big heavy kitchen door

2138

01:14:31,430 --> 01:14:29,280

in the middle of the house real old

2139

01:14:33,110 --> 01:14:31,440

house and this big heavy door

2140

01:14:34,790 --> 01:14:33,120

and i'm talking to this other

2141

01:14:36,630 --> 01:14:34,800

paranormal investigator and suddenly the

2142

01:14:40,310 --> 01:14:36,640

door just slammed shut

2143

01:14:41,750 --> 01:14:40,320

it was a wide open and it just goes bam

2144

01:14:42,630 --> 01:14:41,760

and we both just looked at it and we're

2145

01:14:44,390 --> 01:14:42,640

like

2146

01:14:45,510 --> 01:14:44,400

did that just happen

2147

01:14:47,030 --> 01:14:45,520

because

2148

01:14:48,630 --> 01:14:47,040

you know there's it's not like there's a

2149

01:14:50,229 --> 01:14:48,640

breeze people aren't moving it out of

2150

01:14:51,350 --> 01:14:50,239

the house everything's quiet and still

2151  
01:14:52,630 --> 01:14:51,360  
except for this

2152  
01:14:54,709 --> 01:14:52,640  
and we went over there and of course we

2153  
01:14:56,870 --> 01:14:54,719  
tried to debunk it you know is the door

2154  
01:14:57,910 --> 01:14:56,880  
loose is there a breeze where's the air

2155  
01:14:59,669 --> 01:14:57,920  
vent

2156  
01:15:01,750 --> 01:14:59,679  
you know and

2157  
01:15:03,910 --> 01:15:01,760  
i don't know so we saw this door slam

2158  
01:15:05,270 --> 01:15:03,920  
and really couldn't find any good reason

2159  
01:15:06,790 --> 01:15:05,280  
why this door would have just suddenly

2160  
01:15:08,390 --> 01:15:06,800  
slammed like that well this is so that

2161  
01:15:11,430 --> 01:15:08,400  
was i don't know i can't say

2162  
01:15:13,350 --> 01:15:11,440  
definitively that's 100 paranormal but

2163  
01:15:14,870 --> 01:15:13,360

you know there was no physical reason

2164

01:15:16,550 --> 01:15:14,880

for this door to slam and it was in a

2165

01:15:17,669 --> 01:15:16,560

very haunted bed and breakfast were a

2166

01:15:19,110 --> 01:15:17,679

ghost

2167

01:15:20,950 --> 01:15:19,120

experience so i don't know that was kind

2168

01:15:23,990 --> 01:15:20,960

of cool uh another time i was

2169

01:15:25,910 --> 01:15:24,000

investigating a thing called the uh

2170

01:15:27,270 --> 01:15:25,920

south pittsburgh hospital in tennessee

2171

01:15:28,630 --> 01:15:27,280

which is like this old abandoned

2172

01:15:30,229 --> 01:15:28,640

hospital that they do these ghost

2173

01:15:31,910 --> 01:15:30,239

investigations

2174

01:15:33,669 --> 01:15:31,920

and i was with a

2175

01:15:35,590 --> 01:15:33,679

an investigator that was doing like

2176  
01:15:37,270 --> 01:15:35,600  
these he was broadcasting he brought a

2177  
01:15:39,910 --> 01:15:37,280  
sound system

2178  
01:15:41,270 --> 01:15:39,920  
and he was broadcasting hospital sounds

2179  
01:15:43,430 --> 01:15:41,280  
like trying to bring the hospital back

2180  
01:15:45,430 --> 01:15:43,440  
to life with like different ekg machines

2181  
01:15:47,510 --> 01:15:45,440  
and people coughing it was pretty cool

2182  
01:15:49,990 --> 01:15:47,520  
and we had one of these ghost box things

2183  
01:15:51,990 --> 01:15:50,000  
doing and we did hear

2184  
01:15:53,830 --> 01:15:52,000  
you know and it was all kind of

2185  
01:15:56,550 --> 01:15:53,840  
subjective but we thought we heard you

2186  
01:15:57,910 --> 01:15:56,560  
know some responses to our some of the

2187  
01:15:59,910 --> 01:15:57,920  
questions and things that were pretty

2188  
01:16:01,910 --> 01:15:59,920

pretty coincidental

2189

01:16:03,669 --> 01:16:01,920

and in that same hospital i felt one

2190

01:16:05,030 --> 01:16:03,679

night walking down because we were

2191

01:16:07,590 --> 01:16:05,040

camping there i was walking down one of

2192

01:16:10,070 --> 01:16:07,600

the dark hallways by myself and i i'm

2193

01:16:10,800 --> 01:16:10,080

not scared i ain't afraid no ghosts you

2194

01:16:11,990 --> 01:16:10,810

know what i mean

2195

01:16:13,910 --> 01:16:12,000

[Laughter]

2196

01:16:16,149 --> 01:16:13,920

i have my paranormal friends out there

2197

01:16:17,990 --> 01:16:16,159

always like you know like oh i was like

2198

01:16:20,630 --> 01:16:18,000

did the ghosts kill people do they have

2199

01:16:21,990 --> 01:16:20,640

guns and knives like well no why are you

2200

01:16:23,830 --> 01:16:22,000

gonna be afraid but

2201  
01:16:25,590 --> 01:16:23,840  
you know they scare you but anyways so i

2202  
01:16:27,750 --> 01:16:25,600  
was walking down this dark hallway and i

2203  
01:16:30,070 --> 01:16:27,760  
suddenly felt this like

2204  
01:16:32,709 --> 01:16:30,080  
surge of energy in my body like it kind

2205  
01:16:34,390 --> 01:16:32,719  
of felt like electricity is like like

2206  
01:16:35,750 --> 01:16:34,400  
tingle like i was you know touching a

2207  
01:16:36,870 --> 01:16:35,760  
low voltage

2208  
01:16:38,470 --> 01:16:36,880  
and i don't know again i don't know if

2209  
01:16:40,310 --> 01:16:38,480  
that 100 paranormal but i've heard

2210  
01:16:42,470 --> 01:16:40,320  
people talk about that like feeling this

2211  
01:16:43,910 --> 01:16:42,480  
like energy in a haunted really highly

2212  
01:16:45,590 --> 01:16:43,920  
haunted place

2213  
01:16:46,950 --> 01:16:45,600

so i don't know that's those are the

2214

01:16:48,390 --> 01:16:46,960

things that i can think of they're not

2215

01:16:49,990 --> 01:16:48,400

super dramatic i didn't see any

2216

01:16:52,229 --> 01:16:50,000

apparitions or

2217

01:16:54,310 --> 01:16:52,239

nothing scratched me or a book flying in

2218

01:16:57,830 --> 01:16:54,320

my head but a door slamming

2219

01:17:00,630 --> 01:16:57,840

a weird electrical sensation and

2220

01:17:02,149 --> 01:17:00,640

kind of some weird ghost box voices that

2221

01:17:04,470 --> 01:17:02,159

almost

2222

01:17:06,070 --> 01:17:04,480

you know like made sense like oh wow you

2223

01:17:08,470 --> 01:17:06,080

know we asked it this and it did say

2224

01:17:10,709 --> 01:17:08,480

that so i don't know there's a lot of

2225

01:17:11,990 --> 01:17:10,719

subjectivity and i find it fascinating i

2226

01:17:14,390 --> 01:17:12,000

i think

2227

01:17:15,910 --> 01:17:14,400

uh paranormal investigation you know

2228

01:17:17,510 --> 01:17:15,920

like i said it's not my thing but the

2229

01:17:18,630 --> 01:17:17,520

people that do it i think it's a really

2230

01:17:21,270 --> 01:17:18,640

interesting

2231

01:17:23,110 --> 01:17:21,280

uh you know mystery to pursue obviously

2232

01:17:25,110 --> 01:17:23,120

so

2233

01:17:27,270 --> 01:17:25,120

uh i had another question from

2234

01:17:29,510 --> 01:17:27,280

uzi nine millimeter that's an

2235

01:17:32,630 --> 01:17:29,520

interesting name uh neither flesh and

2236

01:17:35,910 --> 01:17:32,640

blood or paranormal explanation seems to

2237

01:17:39,189 --> 01:17:35,920

satisfy all aspects of witness testimony

2238

01:17:42,310 --> 01:17:39,199

could there be a technological aspect

2239

01:17:44,229 --> 01:17:42,320

involved that we for that we don't fully

2240

01:17:45,590 --> 01:17:44,239

understand

2241

01:17:48,709 --> 01:17:45,600

well that's a great question and

2242

01:17:50,709 --> 01:17:48,719

actually um i put a post up uh

2243

01:17:52,950 --> 01:17:50,719

on social media a few days ago because i

2244

01:17:54,310 --> 01:17:52,960

you know i i know so many paranormal

2245

01:17:56,870 --> 01:17:54,320

researchers and i've kind of put the

2246

01:17:59,590 --> 01:17:56,880

question out there like well what

2247

01:18:01,189 --> 01:17:59,600

you know in your opinion what paranormal

2248

01:18:02,630 --> 01:18:01,199

causes

2249

01:18:05,110 --> 01:18:02,640

could make people think that they're

2250

01:18:06,790 --> 01:18:05,120

having experiences like seeing cryptids

2251

01:18:08,550 --> 01:18:06,800

and creatures like that and it's there

2252

01:18:09,910 --> 01:18:08,560

were some great answers but uh some of

2253

01:18:12,709 --> 01:18:09,920

them are more technical than i would

2254

01:18:15,669 --> 01:18:12,719

probably be able to express but the most

2255

01:18:18,390 --> 01:18:15,679

recurring theme was the fact that uh emf

2256

01:18:21,510 --> 01:18:18,400

or electromagnetic energies which we

2257

01:18:22,390 --> 01:18:21,520

know uh you know can be generated by

2258

01:18:23,430 --> 01:18:22,400

uh

2259

01:18:27,030 --> 01:18:23,440

you know

2260

01:18:28,390 --> 01:18:27,040

generated by like uh

2261

01:18:29,669 --> 01:18:28,400

wiring and things like that in old

2262

01:18:32,470 --> 01:18:29,679

buildings because they get picked up but

2263

01:18:34,470 --> 01:18:32,480

also like in the earth you have

2264

01:18:36,390 --> 01:18:34,480

you know electromagnetic energy in the

2265

01:18:37,590 --> 01:18:36,400

in the within the geologic structure of

2266

01:18:39,270 --> 01:18:37,600

the earth and different types of

2267

01:18:41,270 --> 01:18:39,280

deposits and things

2268

01:18:42,709 --> 01:18:41,280

i don't know if that energy is intense

2269

01:18:45,189 --> 01:18:42,719

enough and that's what we debated like

2270

01:18:46,790 --> 01:18:45,199

is that intense enough to affect someone

2271

01:18:48,550 --> 01:18:46,800

in a way that they would

2272

01:18:50,149 --> 01:18:48,560

suddenly have an experience because

2273

01:18:52,709 --> 01:18:50,159

whatever reason it's stimulating the

2274

01:18:55,910 --> 01:18:52,719

mind or the energy fields or whatever it

2275

01:18:57,669 --> 01:18:55,920

is and we also have some electromagnetic

2276

01:18:59,750 --> 01:18:57,679

energy running through our bodies a very

2277

01:19:01,510 --> 01:18:59,760

minou amount so that was kind of the

2278

01:19:03,750 --> 01:19:01,520

thing so maybe that answers the question

2279

01:19:05,750 --> 01:19:03,760

that maybe some type of energy like

2280

01:19:08,310 --> 01:19:05,760

electromagnetic energy

2281

01:19:09,590 --> 01:19:08,320

you know as far as like how it does it i

2282

01:19:11,669 --> 01:19:09,600

mean

2283

01:19:14,229 --> 01:19:11,679

you know these are like concepts long to

2284

01:19:16,870 --> 01:19:14,239

me that are like so far beyond our

2285

01:19:19,270 --> 01:19:16,880

current ability to understand how our

2286

01:19:21,110 --> 01:19:19,280

world and universe works around us yeah

2287

01:19:23,110 --> 01:19:21,120

still try always learning trying to

2288

01:19:25,030 --> 01:19:23,120

figure out why

2289

01:19:27,350 --> 01:19:25,040

um but you know that was kind of an

2290

01:19:28,390 --> 01:19:27,360

interesting theory is that that human

2291

01:19:29,669 --> 01:19:28,400

brain

2292

01:19:31,510 --> 01:19:29,679

perception

2293

01:19:33,910 --> 01:19:31,520

is somehow altered

2294

01:19:36,470 --> 01:19:33,920

or we become more receptive like big

2295

01:19:38,310 --> 01:19:36,480

transmitters basically are conduits

2296

01:19:39,910 --> 01:19:38,320

where we can either experience things

2297

01:19:41,430 --> 01:19:39,920

that we can't normally experience that

2298

01:19:44,870 --> 01:19:41,440

are happening around us

2299

01:19:47,189 --> 01:19:44,880

or we're opening doorways to other

2300

01:19:48,630 --> 01:19:47,199

fields and levels of energy and reality

2301

01:19:51,430 --> 01:19:48,640

i don't know it's all pretty cosmic

2302

01:19:53,030 --> 01:19:51,440

stuff but um i i think there's something

2303

01:19:54,229 --> 01:19:53,040

to that though you know i get people ask

2304

01:19:56,550 --> 01:19:54,239

me a lot because you know i'm near

2305

01:19:58,790 --> 01:19:56,560

gettysburg and i've had encounters there

2306

01:20:01,350 --> 01:19:58,800

and they you know they ask about it and

2307

01:20:03,350 --> 01:20:01,360

i say well the geological

2308

01:20:06,070 --> 01:20:03,360

uh aspects of

2309

01:20:09,430 --> 01:20:06,080

this this area and other areas are high

2310

01:20:11,750 --> 01:20:09,440

concentrations of quartz granite

2311

01:20:13,189 --> 01:20:11,760

maybe maybe they do

2312

01:20:15,510 --> 01:20:13,199

uh

2313

01:20:17,590 --> 01:20:15,520

are conducive to electrical fields or

2314

01:20:20,149 --> 01:20:17,600

magnetic fields that cause some type of

2315

01:20:21,750 --> 01:20:20,159

distortion that allow you to sense these

2316

01:20:24,070 --> 01:20:21,760

things or see these things more so than

2317

01:20:25,990 --> 01:20:24,080

you would at other places

2318

01:20:28,149 --> 01:20:26,000

uh i don't know that may very well be

2319

01:20:30,550 --> 01:20:28,159

that you know i don't know you know but

2320

01:20:33,590 --> 01:20:30,560

people ask it all the time yeah that's a

2321

01:20:35,110 --> 01:20:33,600

great one and um i've got another

2322

01:20:36,870 --> 01:20:35,120

turn i want to take on this question

2323

01:20:38,870 --> 01:20:36,880

which might actually

2324

01:20:40,950 --> 01:20:38,880

you know some people might might not

2325

01:20:42,470 --> 01:20:40,960

like it but it's just something that i

2326

01:20:44,550 --> 01:20:42,480

think it's worth considering

2327

01:20:47,590 --> 01:20:44,560

so there have been recent studies that

2328

01:20:48,550 --> 01:20:47,600

have found that humans are born

2329

01:20:51,510 --> 01:20:48,560

and can

2330

01:20:53,669 --> 01:20:51,520

generate with our minds trace elements

2331

01:20:55,669 --> 01:20:53,679

of something called dmt

2332

01:20:57,189 --> 01:20:55,679

which is the most powerful hallucinogen

2333

01:20:58,470 --> 01:20:57,199

on the planet

2334

01:20:59,910 --> 01:20:58,480

and um

2335

01:21:01,910 --> 01:20:59,920

you know there are theories that maybe

2336

01:21:04,229 --> 01:21:01,920

it's in our locked into our genetic code

2337

01:21:06,229 --> 01:21:04,239

because our ancient ancestors would eat

2338

01:21:08,470 --> 01:21:06,239

mushrooms and other psychedelic drugs as

2339

01:21:10,790 --> 01:21:08,480

they were doing these spiritual

2340

01:21:12,830 --> 01:21:10,800

ceremonies or religious you know

2341

01:21:15,030 --> 01:21:12,840

awakenings or you know whatever

2342

01:21:17,669 --> 01:21:15,040

vigils um

2343

01:21:20,669 --> 01:21:17,679

is it possible that we are able to

2344

01:21:23,430 --> 01:21:20,679

basically our minds are able to generate

2345

01:21:25,430 --> 01:21:23,440

hallucinations that are so vivid

2346

01:21:29,030 --> 01:21:25,440

that we are completely incapable of

2347

01:21:31,030 --> 01:21:29,040

distinguishing between reality and this

2348

01:21:33,350 --> 01:21:31,040

hallucination

2349

01:21:35,750 --> 01:21:33,360

because one of the interesting common

2350

01:21:37,830 --> 01:21:35,760

tropes or themes with these supposedly

2351

01:21:39,350 --> 01:21:37,840

with dmt hallucinations

2352

01:21:42,149 --> 01:21:39,360

is that people claim that they have

2353

01:21:43,750 --> 01:21:42,159

either spiritual or mythological

2354

01:21:45,350 --> 01:21:43,760

experiences

2355

01:21:47,110 --> 01:21:45,360

where they're seeing or experiencing

2356

01:21:49,270 --> 01:21:47,120

things that are

2357

01:21:51,510 --> 01:21:49,280

perceived to be mythological in nature

2358

01:21:54,709 --> 01:21:51,520

such as

2359

01:21:56,790 --> 01:21:54,719

a winged humanoid from 3 000 years ago

2360

01:21:57,990 --> 01:21:56,800

you know so so i don't know i know this

2361

01:22:00,470 --> 01:21:58,000

is gonna piss people i'm i'm not

2362

01:22:02,470 --> 01:22:00,480

hallucinating well i mean we have to

2363

01:22:04,470 --> 01:22:02,480

accept let's be critical thinkers here

2364

01:22:06,229 --> 01:22:04,480

we have to accept the fact that it is at

2365

01:22:08,470 --> 01:22:06,239

least possible that humans can have

2366

01:22:10,870 --> 01:22:08,480

hallucinations and it's not something we

2367

01:22:12,229 --> 01:22:10,880

have a choice about it's not like okay

2368

01:22:13,750 --> 01:22:12,239

i'm not going to have hallucination

2369

01:22:16,629 --> 01:22:13,760

today it's just something that happens

2370

01:22:19,510 --> 01:22:16,639

to our minds to where we are 100

2371

01:22:22,470 --> 01:22:19,520

convinced that we just saw this creature

2372

01:22:24,790 --> 01:22:22,480

that's mythological and we saw it

2373

01:22:27,350 --> 01:22:24,800

there's no it was there and our brain

2374

01:22:28,950 --> 01:22:27,360

just can't tell the difference

2375

01:22:30,390 --> 01:22:28,960

i don't know it's kind of a i know it

2376

01:22:31,830 --> 01:22:30,400

seems like a bummer because the world

2377

01:22:34,229 --> 01:22:31,840

seems more interesting if they're coming

2378

01:22:35,990 --> 01:22:34,239

from other dimensions and stuff but

2379

01:22:37,110 --> 01:22:36,000

what if they're mind monsters i mean

2380

01:22:38,229 --> 01:22:37,120

it's not that different from what you

2381

01:22:40,709 --> 01:22:38,239

were talking about earlier with the

2382

01:22:43,270 --> 01:22:40,719

thought projections yeah

2383

01:22:45,110 --> 01:22:43,280

exactly explaining it you know you know

2384

01:22:46,629 --> 01:22:45,120

that that's the whole thing about all

2385

01:22:49,030 --> 01:22:46,639

this that we do

2386

01:22:50,149 --> 01:22:49,040

you got to keep an open mind

2387

01:22:53,030 --> 01:22:50,159

uh

2388

01:22:54,550 --> 01:22:53,040

the conundrum part of all this is always

2389

01:22:56,229 --> 01:22:54,560

there you know

2390

01:22:57,990 --> 01:22:56,239

you know the whole whole thing's a

2391

01:23:00,070 --> 01:22:58,000

enigma

2392

01:23:01,590 --> 01:23:00,080

and you you know we try to figure it out

2393

01:23:04,390 --> 01:23:01,600

so we're going to come up with all kinds

2394

01:23:06,470 --> 01:23:04,400

of explanations and theories

2395

01:23:08,629 --> 01:23:06,480

yeah it's but it's fun to not know stuff

2396

01:23:10,470 --> 01:23:08,639

that's kind of my attitude

2397

01:23:11,990 --> 01:23:10,480

i love that yeah i love living in a

2398

01:23:13,830 --> 01:23:12,000

world where there's things we don't know

2399

01:23:15,110 --> 01:23:13,840

what's good absolutely i know a lot of

2400

01:23:17,350 --> 01:23:15,120

people that make some people

2401  
01:23:20,470 --> 01:23:17,360  
uncomfortable you know we know it all

2402  
01:23:22,550 --> 01:23:20,480  
damn it but no we i don't think we do no

2403  
01:23:24,229 --> 01:23:22,560  
but it's let's let's continue to do

2404  
01:23:26,070 --> 01:23:24,239  
these shows and have these discussions

2405  
01:23:27,669 --> 01:23:26,080  
because it's fun to come up with

2406  
01:23:30,149 --> 01:23:27,679  
theories and speculate and share

2407  
01:23:32,229 --> 01:23:30,159  
different ideas about it so

2408  
01:23:34,550 --> 01:23:32,239  
well i got one last question for you and

2409  
01:23:37,430 --> 01:23:34,560  
from marla she asked do you believe in a

2410  
01:23:39,990 --> 01:23:37,440  
bigfoot ufo connection

2411  
01:23:42,149 --> 01:23:40,000  
i have not personally seen enough

2412  
01:23:44,149 --> 01:23:42,159  
evidence to to really

2413  
01:23:45,990 --> 01:23:44,159

you know to consider that to be relevant

2414

01:23:48,470 --> 01:23:46,000

and in fact i said this is interesting i

2415

01:23:50,149 --> 01:23:48,480

read a survey in a book recently

2416

01:23:52,390 --> 01:23:50,159

and this is a book from the early 80s

2417

01:23:56,629 --> 01:23:52,400

that i was just kind of revisiting

2418

01:23:58,310 --> 01:23:56,639

so out of 1 000 a sample base of 1 000

2419

01:24:00,229 --> 01:23:58,320

bigfoot reports

2420

01:24:03,030 --> 01:24:00,239

there were only 30

2421

01:24:05,750 --> 01:24:03,040

that had these kind of ufo

2422

01:24:07,430 --> 01:24:05,760

connection allegations this is a random

2423

01:24:09,189 --> 01:24:07,440

sample size from that time period the

2424

01:24:12,070 --> 01:24:09,199

early 80s

2425

01:24:14,870 --> 01:24:12,080

and you know before the 70s so an

2426  
01:24:16,790 --> 01:24:14,880  
essential in essence three percent

2427  
01:24:19,750 --> 01:24:16,800  
so three percent of your standard

2428  
01:24:23,030 --> 01:24:19,760  
bigfoot sighting has any type of ufo

2429  
01:24:24,229 --> 01:24:23,040  
reference link accusation which is you

2430  
01:24:25,910 --> 01:24:24,239  
know if you're gonna look at the stuff

2431  
01:24:27,750 --> 01:24:25,920  
scientifically that's a pretty low

2432  
01:24:29,990 --> 01:24:27,760  
percentage that's not something you

2433  
01:24:31,910 --> 01:24:30,000  
would emphasize if you're testing a

2434  
01:24:33,750 --> 01:24:31,920  
theory or trying to do an experiment

2435  
01:24:35,830 --> 01:24:33,760  
you're not going to say well let's focus

2436  
01:24:37,590 --> 01:24:35,840  
on this ufo angle because

2437  
01:24:38,950 --> 01:24:37,600  
three out of every hundred people say

2438  
01:24:42,470 --> 01:24:38,960

that it's happening you know so it's

2439

01:24:44,390 --> 01:24:42,480

like you know 97 percent are saying

2440

01:24:47,030 --> 01:24:44,400

it walked across the road and it went in

2441

01:24:49,270 --> 01:24:47,040

the woods or it was hiding behind that

2442

01:24:52,950 --> 01:24:49,280

tree and then it went up that hill and

2443

01:24:55,590 --> 01:24:52,960

you know those are all perfectly natural

2444

01:24:57,510 --> 01:24:55,600

it's an animal not an extraterrestrial

2445

01:25:00,950 --> 01:24:57,520

ultratresol so i don't i don't think

2446

01:25:02,709 --> 01:25:00,960

that but you know i you know guys like

2447

01:25:05,110 --> 01:25:02,719

you know stan gordon

2448

01:25:07,669 --> 01:25:05,120

i mean he's been

2449

01:25:09,590 --> 01:25:07,679

researching since the early 70s he has

2450

01:25:13,669 --> 01:25:09,600

the best evidence that there could be a

2451

01:25:17,910 --> 01:25:15,830

when i think of it i think of that case

2452

01:25:20,310 --> 01:25:17,920

with stan i think of the presque isle

2453

01:25:24,310 --> 01:25:20,320

case of your area

2454

01:25:28,870 --> 01:25:24,320

and i also was involved in a habituation

2455

01:25:30,950 --> 01:25:28,880

up in northern uh nova scotia okay where

2456

01:25:31,990 --> 01:25:30,960

the the individual

2457

01:25:34,870 --> 01:25:32,000

sold

2458

01:25:36,870 --> 01:25:34,880

one of these sasquatch actually coming

2459

01:25:38,470 --> 01:25:36,880

out of a craft down

2460

01:25:40,950 --> 01:25:38,480

you know i'm just saying that that's

2461

01:25:43,189 --> 01:25:40,960

what he told me you know and i but i you

2462

01:25:45,030 --> 01:25:43,199

know they they do exist i mean we're not

2463

01:25:46,790 --> 01:25:45,040

denying that those accounts do exist all

2464

01:25:49,189 --> 01:25:46,800

i'm saying is that they make up a

2465

01:25:51,910 --> 01:25:49,199

microcosm yeah i have not heard any of

2466

01:25:53,669 --> 01:25:51,920

this yeah that's all i've ever heard

2467

01:25:55,910 --> 01:25:53,679

so i agree with you yeah there are not

2468

01:25:57,750 --> 01:25:55,920

many accounts of it but uh you know when

2469

01:25:59,750 --> 01:25:57,760

they do pop up they are interesting

2470

01:26:01,270 --> 01:25:59,760

they're fun to talk about but i don't i

2471

01:26:03,669 --> 01:26:01,280

don't think there's a connection there

2472

01:26:05,990 --> 01:26:03,679

but i'm open-minded you know i agree

2473

01:26:08,629 --> 01:26:06,000

with you keep saying that but it's true

2474

01:26:10,390 --> 01:26:08,639

i if someone shows me definitive proof

2475

01:26:12,629 --> 01:26:10,400

that they do come out of ufos i will

2476  
01:26:13,590 --> 01:26:12,639  
readily accept that and say okay i was

2477  
01:26:16,390 --> 01:26:13,600  
wrong

2478  
01:26:17,669 --> 01:26:16,400  
that's where they're coming from now

2479  
01:26:18,550 --> 01:26:17,679  
okay ken

2480  
01:26:20,149 --> 01:26:18,560  
uh

2481  
01:26:23,110 --> 01:26:20,159  
what's what's going on with ken what's

2482  
01:26:25,430 --> 01:26:23,120  
coming up with you in the near future oh

2483  
01:26:27,030 --> 01:26:25,440  
gosh i have uh 15 public appearances

2484  
01:26:28,229 --> 01:26:27,040  
coming up this year around the country

2485  
01:26:32,229 --> 01:26:28,239  
yeah

2486  
01:26:34,390 --> 01:26:32,239  
they're coming back i'll be speaking at

2487  
01:26:36,629 --> 01:26:34,400  
the mothman festival in september up in

2488  
01:26:38,390 --> 01:26:36,639

point pleasant west virginia i'll be at

2489

01:26:40,709 --> 01:26:38,400

the texas bigfoot conference and

2490

01:26:42,550 --> 01:26:40,719

minnesota bigfoot conference in october

2491

01:26:44,629 --> 01:26:42,560

i'm speaking at the first ever alabama

2492

01:26:47,110 --> 01:26:44,639

big foot conference in june

2493

01:26:48,390 --> 01:26:47,120

uh two times in tennessee in the smoky

2494

01:26:50,709 --> 01:26:48,400

mountains

2495

01:26:53,110 --> 01:26:50,719

uh gosh what else i'm speaking at the

2496

01:26:54,790 --> 01:26:53,120

haunted america conference in illinois

2497

01:26:56,709 --> 01:26:54,800

at the end of june

2498

01:26:59,990 --> 01:26:56,719

um

2499

01:27:01,590 --> 01:27:00,000

there's a new conference in uh missouri

2500

01:27:02,830 --> 01:27:01,600

sorry i just booked this one but yeah so

2501

01:27:06,950 --> 01:27:02,840

i'm gonna be traveling around a lot of

2502

01:27:08,950 --> 01:27:06,960

michigan uh tennessee arkansas alabama

2503

01:27:10,310 --> 01:27:08,960

you know mostly the eastern u.s but if

2504

01:27:12,229 --> 01:27:10,320

anyone wants to come out i'll be doing

2505

01:27:14,070 --> 01:27:12,239

lectures presentations

2506

01:27:16,070 --> 01:27:14,080

i always have autographed copies of my

2507

01:27:18,229 --> 01:27:16,080

books dvds i always love talking to

2508

01:27:20,709 --> 01:27:18,239

people meeting people and hearing about

2509

01:27:22,470 --> 01:27:20,719

their opinions and experiences and

2510

01:27:24,709 --> 01:27:22,480

so and i've also been working on some

2511

01:27:26,390 --> 01:27:24,719

television shows i currently can be seen

2512

01:27:27,510 --> 01:27:26,400

on the history channel series the proof

2513

01:27:29,110 --> 01:27:27,520

is out there

2514

01:27:31,669 --> 01:27:29,120

which airs on friday nights after

2515

01:27:33,270 --> 01:27:31,679

ancient aliens uh we're coming up on uh

2516

01:27:35,189 --> 01:27:33,280

we just got picked up for season three

2517

01:27:37,430 --> 01:27:35,199

so i'm just one of many

2518

01:27:39,189 --> 01:27:37,440

commentators but uh there's a lot of

2519

01:27:41,510 --> 01:27:39,199

good uh people that contribute to that

2520

01:27:43,669 --> 01:27:41,520

show and also i've got some upcoming

2521

01:27:45,189 --> 01:27:43,679

appearances on unexplained with william

2522
