2  
00:00:17,109 --> 00:00:14,910  
we live in a reality of phantoms and

3  
00:00:19,670 --> 00:00:17,119  
monsters they exist among us and

4  
00:00:22,950 --> 00:00:19,680  
sometimes they win

5  
00:00:25,429 --> 00:00:22,960  
even the devil was an angel once

6  
00:00:28,470 --> 00:00:25,439  
the world has its own rules

7  
00:00:31,349 --> 00:00:28,480  
and these rules are not human

8  
00:00:33,590 --> 00:00:31,359  
some of us seek answers to the origin

9  
00:00:35,590 --> 00:00:33,600  
and existence of cryptids in the

10  
00:00:38,950 --> 00:00:35,600  
unexplained

11  
00:00:41,270 --> 00:00:38,960  
join us as we venture beyond the known

12  
00:00:43,430 --> 00:00:41,280  
and accepted boundaries

13  
00:00:49,550 --> 00:00:43,440

welcome to our nightmare

00:02:13,190 --> 00:02:11,680

related to the brave beast

46

00:02:14,710 --> 00:02:13,200

phenomena

47

00:02:18,949 --> 00:02:14,720

whose team has been actively

52

00:02:29,030 --> 00:02:25,360

investigating phenomena

53

00:02:32,390 --> 00:02:29,040

will be joining us as well so gentlemen

54

00:02:34,630 --> 00:02:32,400

00:02:37,030 --> 00:02:34,640

hey elon how you doing lee

56

00:02:38,070 --> 00:02:37,040

hey how you doing eric

57

00:02:42,229 --> 00:02:38,080

thank you

58

00:02:44,869 --> 00:02:42,239

well it's great to have you um

59

00:02:47,030 --> 00:02:44,879

and first of all let me let me mention

60

00:02:48,309 --> 00:02:47,040

that lee will be on coast to coast

61

00:02:50,949 --> 00:02:48,319

tonight

62

00:02:52,390 --> 00:02:50,959

so you may want to tune in for that and

63

00:02:54,630 --> 00:02:52,400

uh thank you

64

00:02:57,270 --> 00:02:54,640

you know i think

65

00:02:59,190 --> 00:02:57,280

it could be a busy night anyway i just

66

00:03:00,070 --> 00:02:59,200

i just hope you uh

67

00:03:02,309 --> 00:03:00,080

uh

68

00:03:04,149 --> 00:03:02,319

don't get too wore out from all this i

69

00:03:07,270 --> 00:03:04,159

know how it is to be on coast to coast

70

00:03:07,280 --> 00:03:10,390

no problem

71

00:03:14,790 --> 00:03:12,149

35 years and

72

00:03:15,670 --> 00:03:14,800

you're talking six hours a day so

73

00:03:17,190 --> 00:03:15,680

well

74

00:03:24,070 --> 00:03:17,200

yeah

75

00:03:26,710 --> 00:03:24,080

that in itself is an achievement so uh

76

00:03:28,630 --> 00:03:26,720

i uh my hat's off to you

77

00:03:33,750 --> 00:03:28,640

um

78

00:03:36,229 --> 00:03:33,760

let me ask you when you bought this farm

79

00:03:38,070 --> 00:03:36,239

did you have any idea of what you were

80

00:03:40,229 --> 00:03:38,080

getting into

81

00:03:43,270 --> 00:03:40,239

oh absolutely none zero

82

00:03:45,509 --> 00:03:43,280

um never had heard of any

83

00:03:51,110 --> 00:03:45,519

beast of bray road nor had any interest

84

00:03:55,589 --> 00:03:52,630

and

85

00:03:57,990 --> 00:03:55,599

i didn't farm there until 2011 was the

86

00:04:00,789 --> 00:03:58,000

first summer i farmed there i planted

87

00:04:04,309 --> 00:04:00,799

the hay and i had a local farmer

88

00:04:06,630 --> 00:04:04,319

who farmed it on shares and in 2011

89

00:04:09,509 --> 00:04:06,640

after my mom passed away bless her soul

90

00:04:11,030 --> 00:04:09,519

i was renting land from her

91

00:04:13,190 --> 00:04:11,040

and then i moved my

92

00:04:17,270 --> 00:04:13,200

my operation up to elkhorn

93

00:04:19,430 --> 00:04:17,280

and 2011 2012 and 2013

94

00:04:22,270 --> 00:04:19,440

i just i farmed it and nobody said

95

00:04:25,749 --> 00:04:22,280

anything i mean you know and then in

96

00:04:29,030 --> 00:04:25,759

2013 and september

97

00:04:31,909 --> 00:04:29,040

i made a mistake and i i cut hay

98

00:04:33,990 --> 00:04:31,919

and it was ready on a sunday but that

99

00:04:35,670 --> 00:04:34,000

sunday the bears were playing the

100

00:04:37,430 --> 00:04:35,680

packers and

101  
00:04:39,189 --> 00:04:37,440  
i thought i called the kid the guys were

102  
00:04:41,110 --> 00:04:39,199  
helping me from illinois and i said you

103  
00:04:45,430 --> 00:04:41,120  
can guys help sunday you'll know the

104  
00:04:49,670 --> 00:04:47,430  
from elkhorn helping me and i said can

105  
00:04:51,670 --> 00:04:49,680  
you guys help he goes no

106  
00:04:53,350 --> 00:04:51,680  
bears are playing the packers oh man i

107  
00:04:55,990 --> 00:04:53,360  
gotta bail this hay

108  
00:04:57,670 --> 00:04:56,000  
so i went to my farm and i was just

109  
00:04:59,110 --> 00:04:57,680  
going to drop the hay on the ground i

110  
00:05:00,950 --> 00:04:59,120  
had to get it bailed

111  
00:05:03,510 --> 00:05:00,960  
and i was passing by one of my neighbors

112  
00:05:05,189 --> 00:05:03,520  
and two of them were standing out there

113  
00:05:06,870 --> 00:05:05,199

and i stopped in i said hey what do you

114

00:05:08,230 --> 00:05:06,880

guys do and they go nothing i said

115

00:05:10,469 --> 00:05:08,240

you're not watching the bears packer

116

00:05:12,469 --> 00:05:10,479

game no no i said you want to load some

117

00:05:14,550 --> 00:05:12,479

hay and they said sure

118

00:05:16,870 --> 00:05:14,560

and i said so what do you want and he

119

00:05:19,909 --> 00:05:16,880

said uh buy us a you know i'm in

120

00:05:21,350 --> 00:05:19,919

wisconsin so a bus or case of course

121

00:05:24,390 --> 00:05:21,360

okay you got it

122

00:05:27,029 --> 00:05:24,400

so after you get there 600 bales of hay

123

00:05:28,390 --> 00:05:27,039

we were standing at the end of my shed

124

00:05:31,510 --> 00:05:28,400

looking out the hayfield this would have

125

00:05:32,629 --> 00:05:31,520

been september of 2013.

126  
00:05:36,469 --> 00:05:32,639  
and

127  
00:05:39,990 --> 00:05:36,479  
hey you know the werewolf lives back on

128  
00:05:41,909 --> 00:05:40,000  
your property i go what do you talk what

129  
00:05:44,150 --> 00:05:41,919  
are you talking about

130  
00:05:46,070 --> 00:05:44,160  
you know that you don't want to hear

131  
00:05:46,950 --> 00:05:46,080  
those particular words the werewolf

132  
00:05:48,870 --> 00:05:46,960  
little

133  
00:05:50,629 --> 00:05:48,880  
property and uh

134  
00:05:51,909 --> 00:05:50,639  
and he said oh yeah i know my wife

135  
00:05:54,310 --> 00:05:51,919  
thought

136  
00:05:57,029 --> 00:05:54,320  
and my neighbor he started naming

137  
00:05:59,270 --> 00:05:57,039  
neighbors who i knew had seen it and he

138  
00:06:00,790 --> 00:05:59,280

named four or five people and

139

00:06:04,469 --> 00:06:00,800

he said it was called the beast of bray

140

00:06:08,150 --> 00:06:04,479

road based on what linda named it and

141

00:06:10,390 --> 00:06:08,160

and i you know i had no interest and

142

00:06:11,189 --> 00:06:10,400

here it was presented me in my backyard

143

00:06:13,909 --> 00:06:11,199

and

144

00:06:16,790 --> 00:06:13,919

i put out a raccoon a couple days later

145

00:06:19,430 --> 00:06:16,800

i was uh picked up a raccoon on the road

146

00:06:21,350 --> 00:06:19,440

i put it out back i threw it in my

147

00:06:23,909 --> 00:06:21,360

my west fence line and i went back a

148

00:06:24,870 --> 00:06:23,919

couple days later and here it had been

149

00:06:25,830 --> 00:06:24,880

cut

150

00:06:28,150 --> 00:06:25,840

open

151  
00:06:30,790 --> 00:06:28,160  
and the intestines taken out now it was

152  
00:06:32,710 --> 00:06:30,800  
down in about three feet of grass

153  
00:06:35,110 --> 00:06:32,720  
and nothing there was no grass

154  
00:06:35,990 --> 00:06:35,120  
disturbance so i thought the only thing

155  
00:06:38,070 --> 00:06:36,000  
that could

156  
00:06:39,830 --> 00:06:38,080  
slide out could get this would be a hawk

157  
00:06:41,670 --> 00:06:39,840  
it'd go down there

158  
00:06:43,110 --> 00:06:41,680  
so i guess peck it open and take the

159  
00:06:45,110 --> 00:06:43,120  
intestines

160  
00:06:47,350 --> 00:06:45,120  
well this is really strange and i had

161  
00:06:50,790 --> 00:06:47,360  
growing up on a dairy farm i grew up

162  
00:06:53,189 --> 00:06:50,800  
outdoors a lot uh doing hunting and and

163  
00:06:54,230 --> 00:06:53,199

other activities in the in the woods and

164

00:06:55,589 --> 00:06:54,240

field

165

00:06:56,870 --> 00:06:55,599

and

166

00:06:59,430 --> 00:06:56,880

it could be a hawk

167

00:07:01,510 --> 00:06:59,440

well then two days later it's out of

168

00:07:03,029 --> 00:07:01,520

this what i call a nest it was three

169

00:07:05,670 --> 00:07:03,039

feet of grass

170

00:07:08,230 --> 00:07:05,680

and there was no disturbance

171

00:07:09,670 --> 00:07:08,240

and it's put in a little pile 15 feet

172

00:07:11,749 --> 00:07:09,680

away

173

00:07:15,189 --> 00:07:11,759

and it's it's all magnets and it's put

174

00:07:17,350 --> 00:07:15,199

into a little pile i go okay this is not

175

00:07:19,270 --> 00:07:17,360

this is not a heart

176

00:07:22,390 --> 00:07:19,280

and

177

00:07:24,150 --> 00:07:22,400

said

178

00:07:27,189 --> 00:07:24,160

you know put out a raccoon and we'll get

179

00:07:29,189 --> 00:07:27,199

a picture of it well that was

180

00:07:31,749 --> 00:07:29,199

eight years ago and i have some pictures

181

00:07:34,150 --> 00:07:31,759

but uh it's been i should have dozens

182

00:07:36,710 --> 00:07:34,160

and dozens and dozens of pictures after

183

00:07:39,510 --> 00:07:36,720

putting out raccoon and 19 deer

184

00:07:42,790 --> 00:07:39,520

18 17 of them were carried away

185

00:07:46,629 --> 00:07:42,800

so that was my introduction into

186

00:07:47,589 --> 00:07:46,639

the werewolf lived back on your property

187

00:07:49,990 --> 00:07:47,599

so

188

00:07:50,869 --> 00:07:50,000

when did you get in contact or with

189

00:07:54,710 --> 00:07:50,879

linda

190

00:07:56,629 --> 00:07:54,720

you okay so

191

00:07:59,110 --> 00:07:56,639

so i had a uh

192

00:08:01,510 --> 00:07:59,120

so i didn't even have a computer we have

193

00:08:03,670 --> 00:08:01,520

a computer but my wife uses it for a

194

00:08:05,350 --> 00:08:03,680

business so i don't touch that

195

00:08:07,350 --> 00:08:05,360

and i had a

196

00:08:08,550 --> 00:08:07,360

teacher friend who had a computer so i

197

00:08:09,350 --> 00:08:08,560

was taking

198

00:08:11,990 --> 00:08:09,360

uh

199

00:08:13,670 --> 00:08:12,000

you know the sd cards over to him that i

200

00:08:15,749 --> 00:08:13,680

was getting that were

201  
00:08:17,189 --> 00:08:15,759  
you know had these lights on and had had

202  
00:08:22,469 --> 00:08:17,199  
uh

203  
00:08:24,469 --> 00:08:22,479  
funny funny creatures you know or or the

204  
00:08:26,790 --> 00:08:24,479  
deer be there then the myth would come

205  
00:08:29,830 --> 00:08:26,800  
in and then the deer would be gone and

206  
00:08:33,029 --> 00:08:29,840  
so uh and so we he said you gotta talk

207  
00:08:33,990 --> 00:08:33,039  
to somebody so i looked up on

208  
00:08:36,149 --> 00:08:34,000  
google

209  
00:08:41,110 --> 00:08:36,159  
and linda's name came up and i emailed

210  
00:08:42,469 --> 00:08:41,120  
her in uh october of 2013.

211  
00:08:44,790 --> 00:08:42,479  
interesting

212  
00:08:47,269 --> 00:08:44,800  
so um

213  
00:08:49,750 --> 00:08:47,279

what other than the the you know the

214

00:08:52,870 --> 00:08:49,760

carcasses that you put out there

215

00:08:55,750 --> 00:08:52,880

whether other type of evidence or

216

00:08:57,750 --> 00:08:55,760

strange occurrences have uh

217

00:09:00,389 --> 00:08:57,760

let you believe that something is

218

00:09:04,070 --> 00:09:00,399

roaming around your property

219

00:09:06,150 --> 00:09:04,080

well tracks are facts and i i have uh

220

00:09:07,110 --> 00:09:06,160

two separate types of tracks i sent you

221

00:09:09,750 --> 00:09:07,120

one

222

00:09:11,829 --> 00:09:09,760

which is a five toed seven pad

223

00:09:13,269 --> 00:09:11,839

canet track and

224

00:09:15,509 --> 00:09:13,279

look at it closely you'll see there's

225

00:09:17,750 --> 00:09:15,519

five toes there's a center pad and

226

00:09:20,310 --> 00:09:17,760

there's a heel pad i've seen this track

227

00:09:22,550 --> 00:09:20,320

hundreds of times i counted up before i

228

00:09:23,350 --> 00:09:22,560

came on the here i think about 15 people

229

00:09:26,150 --> 00:09:23,360

who

230

00:09:27,190 --> 00:09:26,160

i have brought to dnr of wisconsin have

231

00:09:29,750 --> 00:09:27,200

seen it

232

00:09:31,829 --> 00:09:29,760

and uh you know and i've sent it to

233

00:09:33,430 --> 00:09:31,839

track experts on my brother fred sent to

234

00:09:35,670 --> 00:09:33,440

track experts

235

00:09:37,269 --> 00:09:35,680

and nobody has

236

00:09:38,710 --> 00:09:37,279

been able to identify and they say

237

00:09:40,790 --> 00:09:38,720

there's no animal

238

00:09:42,470 --> 00:09:40,800

there's no canine animal there's one

239

00:09:45,430 --> 00:09:42,480

five-toed

240

00:09:47,430 --> 00:09:45,440

cat that lives in siberia that has five

241

00:09:50,710 --> 00:09:47,440

toes and six pads

242

00:09:53,509 --> 00:09:50,720

but this is a five-toed seven pad track

243

00:09:55,190 --> 00:09:53,519

and there's no known canine or no known

244

00:09:56,870 --> 00:09:55,200

animal that has this trash and yet i've

245

00:09:59,350 --> 00:09:56,880

seen it hundreds of times

246

00:10:01,430 --> 00:09:59,360

on my farm and right along my fence line

247

00:10:05,110 --> 00:10:01,440

on the neighbor's farm

248

00:10:06,069 --> 00:10:05,120

that's a fact that that trash has been

249

00:10:09,190 --> 00:10:06,079

noted

250

00:10:10,949 --> 00:10:09,200

and and i have castings and pictures

251  
00:10:12,389 --> 00:10:10,959  
many pictures of it and

252  
00:10:15,269 --> 00:10:12,399  
there's just no

253  
00:10:17,430 --> 00:10:15,279  
no animal that has that track they tell

254  
00:10:19,750 --> 00:10:17,440  
me it's double hit or

255  
00:10:22,310 --> 00:10:19,760  
but then there's a another animal

256  
00:10:24,550 --> 00:10:22,320  
stepped in it but i've tracked it half a

257  
00:10:26,949 --> 00:10:24,560  
mile many times and

258  
00:10:29,509 --> 00:10:26,959  
and uh it's it can

259  
00:10:31,509 --> 00:10:29,519  
continues to be the same track

260  
00:10:33,590 --> 00:10:31,519  
there's actually uh

261  
00:10:35,910 --> 00:10:33,600  
different there's i have a this one is

262  
00:10:38,150 --> 00:10:35,920  
about three and a half by three inches

263  
00:10:40,310 --> 00:10:38,160

which would be the size of a wolf trap

264

00:10:41,030 --> 00:10:40,320

people say well it's an abnormal coyote

265

00:10:42,949 --> 00:10:41,040

well

266

00:10:46,150 --> 00:10:42,959

abnormal county is like two to two and a

267

00:10:47,110 --> 00:10:46,160

half inches it's 50 bigger than a coyote

268

00:10:48,949 --> 00:10:47,120

trap

269

00:10:49,990 --> 00:10:48,959

and uh so

270

00:10:52,630 --> 00:10:50,000

uh

271

00:10:55,030 --> 00:10:52,640

they say well it's a double head and i

272

00:10:57,990 --> 00:10:55,040

you know i i track it for a half mile

273

00:10:59,910 --> 00:10:58,000

and it stays consistent so

274

00:11:01,269 --> 00:10:59,920

it is not a double head it's not an

275

00:11:02,550 --> 00:11:01,279

abnormal

276

00:11:03,829 --> 00:11:02,560

um

277

00:11:05,990 --> 00:11:03,839

coyote

278

00:11:08,389 --> 00:11:06,000

uh we have no wolves in the walworth

279

00:11:11,509 --> 00:11:08,399

elkhorn county area

280

00:11:14,790 --> 00:11:11,519

um so it's it's it's absolutely a very

281

00:11:16,310 --> 00:11:14,800

very very unique track

282

00:11:19,350 --> 00:11:16,320

um

283

00:11:22,150 --> 00:11:19,360

so when the dnr or the other experts had

284

00:11:24,550 --> 00:11:22,160

seen it what was their estimate as to

285

00:11:26,230 --> 00:11:24,560

how big this thing was and how it was

286

00:11:27,509 --> 00:11:26,240

getting around did they give you any

287

00:11:29,190 --> 00:11:27,519

idea

288

00:11:30,790 --> 00:11:29,200

none of them would concede that was

289

00:11:33,590 --> 00:11:30,800

bipedal

290

00:11:35,670 --> 00:11:33,600

i have snow tracks that where it it

291

00:11:37,590 --> 00:11:35,680

takes a four takes four foot step all

292

00:11:38,470 --> 00:11:37,600

the way across my property

293

00:11:41,110 --> 00:11:38,480

uh

294

00:11:44,150 --> 00:11:41,120

a four foot step in a straight line the

295

00:11:46,470 --> 00:11:44,160

balance of this particular animal and

296

00:11:48,150 --> 00:11:46,480

the ability for to take a four foot step

297

00:11:49,269 --> 00:11:48,160

for a quarter mile

298

00:11:54,470 --> 00:11:49,279

uh

299

00:11:57,750 --> 00:11:54,480

the one track expert told me how to be a

300

00:12:00,949 --> 00:11:57,760

very long-legged wolf now you know well

301  
00:12:01,910 --> 00:12:00,959  
okay it's a four foot step not stride

302  
00:12:03,509 --> 00:12:01,920  
step

303  
00:12:05,509 --> 00:12:03,519  
that's an eight foot stride if you

304  
00:12:08,150 --> 00:12:05,519  
considered being bipedal

305  
00:12:11,190 --> 00:12:08,160  
so the none of the experts would ever

306  
00:12:12,550 --> 00:12:11,200  
concede that it was a bipedal i also

307  
00:12:15,190 --> 00:12:12,560  
have

308  
00:12:18,230 --> 00:12:15,200  
uh pictures where it takes a 90 degree

309  
00:12:19,670 --> 00:12:18,240  
right angle just just just like a like a

310  
00:12:22,230 --> 00:12:19,680  
person could do

311  
00:12:24,710 --> 00:12:22,240  
and i've i've you know had people

312  
00:12:25,590 --> 00:12:24,720  
you know reenact that take that five

313  
00:12:27,269 --> 00:12:25,600

that

314

00:12:30,069 --> 00:12:27,279

ninety degree corner

315

00:12:31,350 --> 00:12:30,079

and it fits perfectly with a bipedal

316

00:12:34,389 --> 00:12:31,360

animal so

317

00:12:36,870 --> 00:12:34,399

uh i mean i've seen the animals uh two

318

00:12:40,310 --> 00:12:36,880

times uh

319

00:12:41,910 --> 00:12:40,320

and what it looked like to you

320

00:12:44,470 --> 00:12:41,920

well the first time

321

00:12:46,710 --> 00:12:44,480

uh was at night 10 30 at night

322

00:12:49,509 --> 00:12:46,720

and uh and

323

00:12:51,590 --> 00:12:49,519

i came out of my driveway to head down

324

00:12:55,910 --> 00:12:51,600

down my driveway actually comes out in

325

00:12:58,230 --> 00:12:55,920

bowers i'm a quarter mile from bray road

326

00:13:00,550 --> 00:12:58,240

my my actual address is bowers which is

327

00:13:02,470 --> 00:13:00,560

a parallel road to bray road

328

00:13:03,670 --> 00:13:02,480

and the back end of my property is a

329

00:13:06,230 --> 00:13:03,680

quarter mile

330

00:13:07,350 --> 00:13:06,240

and when i pulled out of my uh pr my

331

00:13:09,110 --> 00:13:07,360

property

332

00:13:11,110 --> 00:13:09,120

i turned and

333

00:13:13,190 --> 00:13:11,120

right away there were two red eyes about

334

00:13:15,030 --> 00:13:13,200

three feet off the ground

335

00:13:17,190 --> 00:13:15,040

right next to the road and i knew

336

00:13:19,430 --> 00:13:17,200

instantly that

337

00:13:20,949 --> 00:13:19,440

that was not a coyote or was not a deer

338

00:13:22,870 --> 00:13:20,959

um

339

00:13:25,430 --> 00:13:22,880

they i've seen many times in their

340

00:13:27,269 --> 00:13:25,440

yellow yellow green eyes

341

00:13:30,069 --> 00:13:27,279

and so i threw my brights on and i was

342

00:13:31,990 --> 00:13:30,079

approximately 200 feet from it when i

343

00:13:34,870 --> 00:13:32,000

turned on my driveway

344

00:13:36,710 --> 00:13:34,880

it went then it went down the embankment

345

00:13:38,550 --> 00:13:36,720

and that embankment was four and a half

346

00:13:43,030 --> 00:13:38,560

feet uh

347

00:13:43,990 --> 00:13:43,040

uh deep and it was may 5th 2017.

348

00:13:48,389 --> 00:13:44,000

and

349

00:13:50,150 --> 00:13:48,399

top of the embankment

350

00:13:52,470 --> 00:13:50,160

and it's looking over the top of that at

351  
00:13:54,150 --> 00:13:52,480  
me so that puts it right at six six and

352  
00:13:56,710 --> 00:13:54,160  
a half feet

353  
00:13:59,030 --> 00:13:56,720  
and i threw my brights on and i tried to

354  
00:14:01,590 --> 00:13:59,040  
redirect them out into go towards it

355  
00:14:04,389 --> 00:14:01,600  
better and i'm moving i accelerated

356  
00:14:08,389 --> 00:14:04,399  
and instantaneously it jumps

357  
00:14:10,150 --> 00:14:08,399  
15 20 feet and i see one red eye and i

358  
00:14:11,509 --> 00:14:10,160  
mean just quicker than

359  
00:14:14,470 --> 00:14:11,519  
quicker than quick i don't know how to

360  
00:14:17,350 --> 00:14:14,480  
describe it even he jumped another 15 20

361  
00:14:18,949 --> 00:14:17,360  
feet and he turned again again i saw one

362  
00:14:20,069 --> 00:14:18,959  
more red eye

363  
00:14:22,629 --> 00:14:20,079

and

364

00:14:25,829 --> 00:14:22,639

i thought i went down the road turned

365

00:14:27,829 --> 00:14:25,839

around came back called my brother fred

366

00:14:30,389 --> 00:14:27,839

uh it's like i call somebody because i

367

00:14:31,990 --> 00:14:30,399

gotta tell what this was what i just saw

368

00:14:34,550 --> 00:14:32,000

you know

369

00:14:37,110 --> 00:14:34,560

i thought i called him like maybe 11

370

00:14:39,590 --> 00:14:37,120

o'clock it's 10 30 i pull up maybe

371

00:14:42,790 --> 00:14:39,600

10 50 sometime in there

372

00:14:45,590 --> 00:14:42,800

and he says i called him around midnight

373

00:14:48,470 --> 00:14:45,600

so i don't know where i was for an hour

374

00:14:50,710 --> 00:14:48,480

and then that night i i became very ill

375

00:14:52,150 --> 00:14:50,720

too so those are some things that i've

376

00:14:53,990 --> 00:14:52,160

heard that

377

00:14:55,590 --> 00:14:54,000

have have occurred with other

378

00:14:57,110 --> 00:14:55,600

individuals who have

379

00:15:01,430 --> 00:14:57,120

you have seen the

380

00:15:04,230 --> 00:15:02,310

then

381

00:15:05,670 --> 00:15:04,240

october or may

382

00:15:08,389 --> 00:15:05,680

uh

383

00:15:12,150 --> 00:15:08,399

may 11th of 2021

384

00:15:14,230 --> 00:15:12,160

just a year ago at 3 30 in the afternoon

385

00:15:16,870 --> 00:15:14,240

i was out my property and i was going to

386

00:15:18,550 --> 00:15:16,880

check my cameras and i looked into the

387

00:15:19,670 --> 00:15:18,560

neighbors field

388

00:15:21,590 --> 00:15:19,680

and

389

00:15:23,829 --> 00:15:21,600

here it was a quarter mile away i took

390

00:15:26,870 --> 00:15:23,839

pictures with my iphone 11

391

00:15:29,030 --> 00:15:26,880

and it was crouched down and then it

392

00:15:31,110 --> 00:15:29,040

stood up and it walked

393

00:15:32,550 --> 00:15:31,120

away from me into the woods and dropped

394

00:15:34,310 --> 00:15:32,560

into all four and then it went into the

395

00:15:37,030 --> 00:15:34,320

woods and that's what i saw

396

00:15:38,550 --> 00:15:37,040

and that's what my pictures show

397

00:15:40,790 --> 00:15:38,560

a friend a

398

00:15:42,550 --> 00:15:40,800

person i know he he works in the camera

399

00:15:43,749 --> 00:15:42,560

industry in chicago he used to work in

400

00:15:46,150 --> 00:15:43,759

hollywood

401  
00:15:47,749 --> 00:15:46,160  
and i told him about it and he said i

402  
00:15:49,269 --> 00:15:47,759  
have an app i'll tell you how big it is

403  
00:15:50,710 --> 00:15:49,279  
if you know how far away it is well you

404  
00:15:51,910 --> 00:15:50,720  
just go on google you can tell how far

405  
00:15:54,470 --> 00:15:51,920  
it is

406  
00:15:56,710 --> 00:15:54,480  
and his app said it was six and a half

407  
00:16:00,230 --> 00:15:56,720  
to seven feet tall and the shoulders

408  
00:16:02,230 --> 00:16:00,240  
were three to three and a half feet wide

409  
00:16:03,590 --> 00:16:02,240  
and and i went over there i called my

410  
00:16:05,590 --> 00:16:03,600  
brother fred

411  
00:16:08,310 --> 00:16:05,600  
and i went over there and i said stay on

412  
00:16:10,230 --> 00:16:08,320  
the phone because i'm going over i just

413  
00:16:11,990 --> 00:16:10,240

saw the creature i know i just saw the

414

00:16:13,749 --> 00:16:12,000

beast of gray road

415

00:16:16,230 --> 00:16:13,759

and

416

00:16:19,590 --> 00:16:16,240

i told him i told him you know if this

417

00:16:21,269 --> 00:16:19,600

thing comes out you know uh just

418

00:16:22,240 --> 00:16:21,279

just call the coroner or somebody

419

00:16:23,749 --> 00:16:22,250

because i'll just become

420

00:16:25,910 --> 00:16:23,759

[Laughter]

421

00:16:28,949 --> 00:16:25,920

that's on full floor because i know what

422

00:16:31,509 --> 00:16:28,959

the wrong thing is

423

00:16:34,310 --> 00:16:31,519

and where it was crouched down

424

00:16:37,189 --> 00:16:34,320

it was drawing circles it drew circles

425

00:16:39,110 --> 00:16:37,199

in the ground fresh circles of draw on

426

00:16:41,430 --> 00:16:39,120

the ground and then here were the

427

00:16:42,949 --> 00:16:41,440

five-toed seven pad tracks

428

00:16:45,269 --> 00:16:42,959

um

429

00:16:48,870 --> 00:16:45,279

you know uh walking away yeah i was

430

00:16:49,749 --> 00:16:48,880

drawing circles in the ground so wow

431

00:16:52,150 --> 00:16:49,759

um

432

00:16:54,389 --> 00:16:52,160

yeah yeah well you mentioned the

433

00:16:55,829 --> 00:16:54,399

possibility of supernatural aspect of

434

00:16:58,470 --> 00:16:55,839

this beast

435

00:17:01,590 --> 00:16:58,480

uh i've heard a lot of stories

436

00:17:03,990 --> 00:17:01,600

about you know the the bravery beast and

437

00:17:06,390 --> 00:17:04,000

some of the strange aspects to it of

438

00:17:08,069 --> 00:17:06,400

course we've been investigating these

439

00:17:11,350 --> 00:17:08,079

upright canines

440

00:17:12,309 --> 00:17:11,360

in pennsylvania for years now and it's

441

00:17:14,309 --> 00:17:12,319

you know

442

00:17:16,630 --> 00:17:14,319

they disappear they

443

00:17:19,510 --> 00:17:16,640

they seem to have some type of it for

444

00:17:21,909 --> 00:17:19,520

sound they calls uh people to back off

445

00:17:25,270 --> 00:17:21,919

some people get ill like you said

446

00:17:27,590 --> 00:17:25,280

uh it's a lot of different things um

447

00:17:30,390 --> 00:17:27,600

so you do believe in that there is some

448

00:17:34,310 --> 00:17:30,400

paranormal or supernatural uh abilities

449

00:17:36,390 --> 00:17:34,320

that these beings oh absolutely

450

00:17:38,470 --> 00:17:36,400

it uh i mean

451  
00:17:40,230 --> 00:17:38,480  
you track it in the snow and i've

452  
00:17:41,830 --> 00:17:40,240  
you know i've had other people come my

453  
00:17:44,390 --> 00:17:41,840  
brother fred has seen it you'll be

454  
00:17:45,830 --> 00:17:44,400  
tracking along the snow and the normal

455  
00:17:48,390 --> 00:17:45,840  
the

456  
00:17:49,990 --> 00:17:48,400  
takes two to two you know two foot steps

457  
00:17:51,510 --> 00:17:50,000  
and there's another guy has a different

458  
00:17:53,669 --> 00:17:51,520  
track we call him the fist track he

459  
00:17:55,430 --> 00:17:53,679  
takes about three foot steps but you'll

460  
00:17:56,710 --> 00:17:55,440  
be tracking all of a sudden there's just

461  
00:17:58,230 --> 00:17:56,720  
no more tracks

462  
00:18:00,789 --> 00:17:58,240  
just ends

463  
00:18:02,070 --> 00:18:00,799

and whether it it goes into another

464

00:18:03,190 --> 00:18:02,080

dimension

465

00:18:05,190 --> 00:18:03,200

uh

466

00:18:08,070 --> 00:18:05,200

you know my brother fred said when the

467

00:18:09,669 --> 00:18:08,080

thin air uh you know but it just ends

468

00:18:11,270 --> 00:18:09,679

there's no there's no there's no more

469

00:18:12,789 --> 00:18:11,280

tracks and and then some and they'll

470

00:18:15,270 --> 00:18:12,799

just start

471

00:18:17,750 --> 00:18:15,280

i mean i was i've been in my field and

472

00:18:18,870 --> 00:18:17,760

here's two tracks side by side a foot

473

00:18:21,110 --> 00:18:18,880

apart

474

00:18:22,390 --> 00:18:21,120

landed in my field in

475

00:18:24,390 --> 00:18:22,400

in snow

476

00:18:26,710 --> 00:18:24,400

and walked off

477

00:18:28,230 --> 00:18:26,720

i mean you mean you know i called

478

00:18:31,029 --> 00:18:28,240

let's say my brother fred again i called

479

00:18:33,510 --> 00:18:31,039

him and he i said come up you got to see

480

00:18:36,630 --> 00:18:33,520

this you got to come out here

481

00:18:38,390 --> 00:18:36,640

tell me a parachuted in i go

482

00:18:40,549 --> 00:18:38,400

i think something just parachuted there

483

00:18:46,150 --> 00:18:40,559

but

484

00:18:49,029 --> 00:18:46,160

many people have seen that where this

485

00:18:51,350 --> 00:18:49,039

tracks just end well there's no

486

00:18:53,909 --> 00:18:51,360

you gotta call it supernatural because

487

00:18:56,950 --> 00:18:53,919

we have no natural animals that can be

488

00:18:58,950 --> 00:18:56,960

walking along two to three foot steps

489

00:19:00,549 --> 00:18:58,960

four footsteps

490

00:19:02,870 --> 00:19:00,559

and and just

491

00:19:06,070 --> 00:19:02,880

stop just disappear there's no more

492

00:19:08,950 --> 00:19:06,080

steps yeah i mean that that that you

493

00:19:10,630 --> 00:19:08,960

gotta go supernatural

494

00:19:12,630 --> 00:19:10,640

well you know

495

00:19:15,510 --> 00:19:12,640

this is something we run into with them

496

00:19:19,029 --> 00:19:15,520

with a mirror decrypted i mean bigfoot

497

00:19:21,830 --> 00:19:19,039

uh k you know cryptid canines uh wing

498

00:19:24,789 --> 00:19:21,840

beans wing humanoids you know this fact

499

00:19:26,390 --> 00:19:24,799

that they can suddenly disappear or they

500

00:19:28,230 --> 00:19:26,400

do things or

501  
00:19:31,190 --> 00:19:28,240  
that are just not

502  
00:19:32,630 --> 00:19:31,200  
explainable and um yeah

503  
00:19:35,350 --> 00:19:32,640  
so wow

504  
00:19:38,310 --> 00:19:35,360  
so eric let me ask you now you've been

505  
00:19:42,549 --> 00:19:38,320  
out there twice now within the past year

506  
00:19:44,310 --> 00:19:42,559  
uh well within a year's time yeah uh

507  
00:19:46,070 --> 00:19:44,320  
and you were on here

508  
00:19:48,470 --> 00:19:46,080  
i don't know how long ago doing about

509  
00:19:51,270 --> 00:19:48,480  
five or six months ago yeah six months

510  
00:19:54,789 --> 00:19:51,280  
ago uh it was october 2nd through the

511  
00:19:57,909 --> 00:19:54,799  
4th of 2021 right and that we were just

512  
00:20:00,470 --> 00:19:57,919  
out there april 28th through may 1st

513  
00:20:01,669 --> 00:20:00,480

for the follow-up right

514

00:20:03,750 --> 00:20:01,679

so

515

00:20:05,430 --> 00:20:03,760

what have you know kind of give us a

516

00:20:07,430 --> 00:20:05,440

thumbnail what you've been you know what

517

00:20:08,630 --> 00:20:07,440

you've been discovering out there i know

518

00:20:10,630 --> 00:20:08,640

you and lee

519

00:20:12,390 --> 00:20:10,640

have been together and uh working

520

00:20:14,390 --> 00:20:12,400

together and uh

521

00:20:15,110 --> 00:20:14,400

tell us what you you know you have for

522

00:20:17,190 --> 00:20:15,120

us

523

00:20:18,950 --> 00:20:17,200

well i mean first of all lee has given

524

00:20:20,950 --> 00:20:18,960

us you know full access to the property

525

00:20:22,470 --> 00:20:20,960

so that makes it a lot easier to do this

526  
00:20:25,909 --> 00:20:22,480  
investigation and

527  
00:20:27,750 --> 00:20:25,919  
and has shown us pictures uh that are

528  
00:20:29,669 --> 00:20:27,760  
just blow you away i mean and the

529  
00:20:32,149 --> 00:20:29,679  
evidence that lee has

530  
00:20:34,950 --> 00:20:32,159  
uh you know in in researching this

531  
00:20:36,870 --> 00:20:34,960  
because his research has been so pure

532  
00:20:38,470 --> 00:20:36,880  
you know since the beginning here you

533  
00:20:40,230 --> 00:20:38,480  
know so nothing

534  
00:20:42,390 --> 00:20:40,240  
everything that he's been kind of going

535  
00:20:44,310 --> 00:20:42,400  
you know every event that's happened

536  
00:20:46,630 --> 00:20:44,320  
he's been documenting this which is

537  
00:20:48,870 --> 00:20:46,640  
which is beautiful and as researchers we

538  
00:20:49,750 --> 00:20:48,880

love that because then you have a real

539

00:20:51,870 --> 00:20:49,760

time

540

00:20:54,789 --> 00:20:51,880

uh you know

541

00:20:57,190 --> 00:20:54,799

documentation of what's been going on

542

00:21:00,070 --> 00:20:57,200

so when we were out there in october i

543

00:21:02,470 --> 00:21:00,080

mean literally we hit the lottery in

544

00:21:04,789 --> 00:21:02,480

paranormal activity when we were there

545

00:21:07,270 --> 00:21:04,799

um and i like what lee just said about

546

00:21:09,510 --> 00:21:07,280

parachuting down because i have that was

547

00:21:11,190 --> 00:21:09,520

something that really struck me the

548

00:21:12,950 --> 00:21:11,200

first time we were there

549

00:21:15,750 --> 00:21:12,960

um and when we were there the night of

550

00:21:17,430 --> 00:21:15,760

october 3rd i mean i'll never forget it

551  
00:21:18,789 --> 00:21:17,440  
because uh with the prior to the

552  
00:21:21,029 --> 00:21:18,799  
investigation

553  
00:21:22,710 --> 00:21:21,039  
we were lee was showing us pictures and

554  
00:21:25,430 --> 00:21:22,720  
and all these different anomalies that

555  
00:21:26,390 --> 00:21:25,440  
are going on these crazy lights in the

556  
00:21:29,350 --> 00:21:26,400  
woods

557  
00:21:30,549 --> 00:21:29,360  
um very strange looking orbs in the sky

558  
00:21:32,149 --> 00:21:30,559  
over the field

559  
00:21:34,630 --> 00:21:32,159  
that look like they've got something

560  
00:21:37,909 --> 00:21:34,640  
inside of them you know which got me

561  
00:21:39,909 --> 00:21:37,919  
thinking about what we saw that night so

562  
00:21:41,590 --> 00:21:39,919  
um the and you know i'm sure some of

563  
00:21:43,110 --> 00:21:41,600

your listeners know and i'll just recap

564

00:21:45,430 --> 00:21:43,120

real quick we just

565

00:21:47,350 --> 00:21:45,440

we basically uh when we started the

566

00:21:49,350 --> 00:21:47,360

investigation about 8 30 that night of

567

00:21:50,470 --> 00:21:49,360

october third it was a sunday

568

00:21:52,710 --> 00:21:50,480

and uh

569

00:21:55,350 --> 00:21:52,720

as soon as we got out there

570

00:21:57,590 --> 00:21:55,360

uh our team member dominic looked up

571

00:22:00,070 --> 00:21:57,600

and he's like what the hell is that and

572

00:22:02,470 --> 00:22:00,080

he looks over and it was a solid orb now

573

00:22:05,430 --> 00:22:02,480

lee has gotten some orbs on his knight

574

00:22:07,190 --> 00:22:05,440

scope this was a solid orb going over

575

00:22:09,029 --> 00:22:07,200

the field and for all intents and

576

00:22:10,710 --> 00:22:09,039

purposes it was a ufo

577

00:22:12,310 --> 00:22:10,720

you could see planes you could see the

578

00:22:14,789 --> 00:22:12,320

planes on either side and they were you

579

00:22:18,070 --> 00:22:14,799

know the flashing lights and whatnot

580

00:22:19,350 --> 00:22:18,080

this was just a solid white orb going

581

00:22:21,430 --> 00:22:19,360

over the field

582

00:22:24,070 --> 00:22:21,440

as it's going over it's going over fast

583

00:22:26,070 --> 00:22:24,080

and then it does like a 45 degree angle

584

00:22:28,149 --> 00:22:26,080

and disappeared you could see it all in

585

00:22:30,149 --> 00:22:28,159

the video it's all right there

586

00:22:31,750 --> 00:22:30,159

so we could not believe what that what

587

00:22:33,510 --> 00:22:31,760

that was um

588

00:22:36,470 --> 00:22:33,520

right after that and this is why when

589

00:22:37,830 --> 00:22:36,480

lee said parachuting down it got me

590

00:22:41,510 --> 00:22:37,840

thinking

591

00:22:42,950 --> 00:22:41,520

was this orb depositing these creatures

592

00:22:45,430 --> 00:22:42,960

or this creature

593

00:22:46,950 --> 00:22:45,440

because right after that we heard

594

00:22:48,230 --> 00:22:46,960

this howl

595

00:22:50,149 --> 00:22:48,240

that was

596

00:22:53,190 --> 00:22:50,159

not it was definitely not a coyote it

597

00:22:54,710 --> 00:22:53,200

was not a wolf it wasn't a dog it wasn't

598

00:22:56,470 --> 00:22:54,720

a fox

599

00:22:58,710 --> 00:22:56,480

owl all these things that we've gone

600

00:23:01,510 --> 00:22:58,720

through that we've listened to it's not

601  
00:23:03,590 --> 00:23:01,520  
that this was like a guttural

602  
00:23:05,909 --> 00:23:03,600  
almost it was almost like you a man

603  
00:23:08,070 --> 00:23:05,919  
screaming out in the field

604  
00:23:10,710 --> 00:23:08,080  
and it was just low guttural thing and

605  
00:23:13,270 --> 00:23:10,720  
we have a clip i think too of that but

606  
00:23:15,190 --> 00:23:13,280  
what we what that's what we heard and

607  
00:23:16,789 --> 00:23:15,200  
we could not believe it we heard it in

608  
00:23:18,950 --> 00:23:16,799  
the distance very

609  
00:23:21,430 --> 00:23:18,960  
faintly in the distance and then we

610  
00:23:23,669 --> 00:23:21,440  
heard another one closer

611  
00:23:26,870 --> 00:23:23,679  
and then the third one that you'll hear

612  
00:23:27,990 --> 00:23:26,880  
here is what uh what we heard

613  
00:23:34,470 --> 00:23:28,000

i don't know if you got sound here or

614

00:23:37,909 --> 00:23:36,549

yeah i don't know if does vince have the

615

00:23:42,549 --> 00:23:37,919

sound up

616

00:23:45,990 --> 00:23:43,430

but

617

00:23:47,510 --> 00:23:46,000

the uh that particular clip oh my god

618

00:23:48,230 --> 00:23:47,520

and it's on our video too you could hear

619

00:23:52,149 --> 00:23:48,240

it

620

00:23:53,830 --> 00:23:52,159

alive and well but you could see our

621

00:23:55,269 --> 00:23:53,840

reactions there too i mean we were

622

00:23:57,510 --> 00:23:55,279

shocked um

623

00:23:59,750 --> 00:23:57,520

and it was that was the that was the

624

00:24:01,590 --> 00:23:59,760

second thing and the third thing which

625

00:24:03,029 --> 00:24:01,600

has been happening to lee

626  
00:24:04,390 --> 00:24:03,039  
and you could see it on his trail cam

627  
00:24:07,430 --> 00:24:04,400  
pictures and we just talked about it

628  
00:24:09,269 --> 00:24:07,440  
where this mist comes over

629  
00:24:11,990 --> 00:24:09,279  
we saw this mist start coming up from

630  
00:24:15,029 --> 00:24:12,000  
the field now this mist has been also

631  
00:24:17,029 --> 00:24:15,039  
associated with bigfoot sightings

632  
00:24:18,630 --> 00:24:17,039  
it's also been associated with with

633  
00:24:20,950 --> 00:24:18,640  
other cryptids

634  
00:24:21,909 --> 00:24:20,960  
so this was very very strange and then

635  
00:24:23,350 --> 00:24:21,919  
um

636  
00:24:25,430 --> 00:24:23,360  
so that was and then we had a lot of

637  
00:24:28,230 --> 00:24:25,440  
electronic disturbances out in the field

638  
00:24:32,390 --> 00:24:28,240

that night and earlier in the day

639

00:24:35,269 --> 00:24:32,400

we had um our drone operator scott it's

640

00:24:37,510 --> 00:24:35,279

like lee took us down to the area where

641

00:24:39,110 --> 00:24:37,520

we call the bait area where he had where

642

00:24:41,350 --> 00:24:39,120

he just told you about where he had the

643

00:24:43,750 --> 00:24:41,360

raccoon and the tall grass

644

00:24:45,269 --> 00:24:43,760

so earlier that day i had baited that

645

00:24:47,110 --> 00:24:45,279

area with steak bones that we had the

646

00:24:49,029 --> 00:24:47,120

night before but we when we were down in

647

00:24:51,269 --> 00:24:49,039

that area lee was taking us down lee was

648

00:24:53,510 --> 00:24:51,279

on the tractor and we were following him

649

00:24:55,750 --> 00:24:53,520

down on uh four wheelers

650

00:24:58,310 --> 00:24:55,760

and scott on the drone has to wear these

651  
00:25:00,390 --> 00:24:58,320  
like virtual reality glasses

652  
00:25:02,789 --> 00:25:00,400  
we disappeared when we were in the field

653  
00:25:04,789 --> 00:25:02,799  
he was he could not find us it's kind of

654  
00:25:07,510 --> 00:25:04,799  
like we went into this area that was

655  
00:25:10,470 --> 00:25:07,520  
completely void of anything

656  
00:25:12,710 --> 00:25:10,480  
and then he somehow he found us again

657  
00:25:14,390 --> 00:25:12,720  
but there was a blank spot

658  
00:25:15,990 --> 00:25:14,400  
there was like a dead zone in that

659  
00:25:17,909 --> 00:25:16,000  
particular area

660  
00:25:20,070 --> 00:25:17,919  
and i think that's what's going on there

661  
00:25:22,310 --> 00:25:20,080  
we you know lee and i think leo agree

662  
00:25:23,590 --> 00:25:22,320  
with me because we've talked about this

663  
00:25:26,070 --> 00:25:23,600

you know there's a there's some kind of

664

00:25:28,310 --> 00:25:26,080

a portal there it's uh

665

00:25:30,470 --> 00:25:28,320

i mean it's just there's a lot of weird

666

00:25:32,310 --> 00:25:30,480

really weird energy there and our

667

00:25:34,470 --> 00:25:32,320

lavalier microphones were starting to

668

00:25:36,310 --> 00:25:34,480

cut in and out right after we heard the

669

00:25:38,549 --> 00:25:36,320

howl and that was the other thing too we

670

00:25:39,669 --> 00:25:38,559

didn't have any huge microphones on we

671

00:25:42,390 --> 00:25:39,679

had little

672

00:25:43,750 --> 00:25:42,400

uh lavalier microphones that were hooked

673

00:25:47,510 --> 00:25:43,760

onto our jacket

674

00:25:50,070 --> 00:25:47,520

that's how loud this thing was from

675

00:25:53,110 --> 00:25:50,080

at least 150 yards away

676

00:25:56,470 --> 00:25:53,120

and uh it was it was amazing and

677

00:25:57,750 --> 00:25:56,480

so this last time we were there um you

678

00:25:59,909 --> 00:25:57,760

know we did some we did some

679

00:26:02,149 --> 00:25:59,919

reconnaissance and and uh when we were

680

00:26:03,269 --> 00:26:02,159

there the last time the corn was up

681

00:26:05,269 --> 00:26:03,279

um

682

00:26:07,350 --> 00:26:05,279

and again i think this corn

683

00:26:08,710 --> 00:26:07,360

the way it was up it gave this creature

684

00:26:11,029 --> 00:26:08,720

some cover

685

00:26:13,350 --> 00:26:11,039

because right after we heard the howl we

686

00:26:16,310 --> 00:26:13,360

shined our light over to that area which

687

00:26:18,390 --> 00:26:16,320

i didn't realize until lee told me later

688

00:26:20,230 --> 00:26:18,400

um and i kind of got disoriented when i

689

00:26:23,029 --> 00:26:20,240

was out there but that was the wetlands

690

00:26:24,870 --> 00:26:23,039

area that we heard this howl coming from

691

00:26:26,390 --> 00:26:24,880

so we shined our light over there to see

692

00:26:27,669 --> 00:26:26,400

if we can get any eye shine and sure

693

00:26:30,070 --> 00:26:27,679

enough we did

694

00:26:32,870 --> 00:26:30,080

and it was about six or seven feet up in

695

00:26:34,310 --> 00:26:32,880

the tree line and you could see it

696

00:26:37,110 --> 00:26:34,320

one of these things like going like that

697

00:26:39,269 --> 00:26:37,120

so it was definitely looking at us and

698

00:26:40,950 --> 00:26:39,279

you know and other researchers have been

699

00:26:41,909 --> 00:26:40,960

there and you know and it's basically

700

00:26:45,269 --> 00:26:41,919

like

701  
00:26:46,950 --> 00:26:45,279  
telling this thing is telling them to

702  
00:26:48,470 --> 00:26:46,960  
get out of there

703  
00:26:49,990 --> 00:26:48,480  
you know and

704  
00:26:51,510 --> 00:26:50,000  
some people commented how come you guys

705  
00:26:53,669 --> 00:26:51,520  
didn't stay longer

706  
00:26:56,230 --> 00:26:53,679  
and it's like you know you want at that

707  
00:26:58,390 --> 00:26:56,240  
point we had no protection whatsoever we

708  
00:26:59,269 --> 00:26:58,400  
had like a radio and a flashlight that

709  
00:27:00,070 --> 00:26:59,279  
was it

710  
00:27:01,750 --> 00:27:00,080  
but

711  
00:27:02,870 --> 00:27:01,760  
you know it was uh

712  
00:27:05,350 --> 00:27:02,880  
it was

713  
00:27:06,549 --> 00:27:05,360

really kind of like life-changing to be

714

00:27:08,470 --> 00:27:06,559

honest with you because i had always

715

00:27:11,029 --> 00:27:08,480

heard about the beast debray road

716

00:27:12,549 --> 00:27:11,039

and i had thought we're going to go out

717

00:27:14,950 --> 00:27:12,559

we're going to get a great video we're

718

00:27:16,470 --> 00:27:14,960

going to do this great documentary not

719

00:27:19,110 --> 00:27:16,480

thinking that we'd actually encounter

720

00:27:21,669 --> 00:27:19,120

the creature but we did

721

00:27:23,190 --> 00:27:21,679

you know um jay picochen's in in the

722

00:27:25,669 --> 00:27:23,200

chat tonight he mentioned something

723

00:27:28,230 --> 00:27:25,679

about the uh lost time

724

00:27:30,549 --> 00:27:28,240

and uh

725

00:27:32,630 --> 00:27:30,559

you know and lee has mentioned that too

726

00:27:33,590 --> 00:27:32,640

and i have heard others talk about it as

727

00:27:35,510 --> 00:27:33,600

well

728

00:27:37,510 --> 00:27:35,520

hey lon

729

00:27:39,269 --> 00:27:37,520

vince has the the clip again yeah go

730

00:27:41,269 --> 00:27:39,279

ahead vince put it up there

731

00:27:43,190 --> 00:27:41,279

this is what are you hearing this howl i

732

00:27:46,950 --> 00:27:43,200

am hearing this hell it's coming from

733

00:27:46,960 --> 00:27:50,470

oh [h\_\_h]

734

00:27:50,480 --> 00:28:02,230

that's getting closer

735

00:28:06,149 --> 00:28:04,310

so yeah

736

00:28:07,669 --> 00:28:06,159

it was nothing that you and you know you

737

00:28:10,310 --> 00:28:07,679

know what a coyote sounds like

738

00:28:11,269 --> 00:28:10,320

absolutely you know what a wolf sounds

739

00:28:15,029 --> 00:28:11,279

like

740

00:28:20,149 --> 00:28:18,230

and lee didn't you say you so you took

741

00:28:21,510 --> 00:28:20,159

the clip over to your neighbor

742

00:28:24,149 --> 00:28:21,520

and he says oh yeah that thing's been

743

00:28:26,070 --> 00:28:24,159

hanging around for a couple of weeks

744

00:28:28,830 --> 00:28:26,080

yes yeah he said

745

00:28:33,590 --> 00:28:28,840

um my one neighbor um

746

00:28:37,029 --> 00:28:33,600

has has uh heard uh many sounds uh he a

747

00:28:38,710 --> 00:28:37,039

hyena type sound was chasing coyotes uh

748

00:28:41,029 --> 00:28:38,720

two years ago

749

00:28:42,310 --> 00:28:41,039

and so i took your clip over to him and

750

00:28:48,549 --> 00:28:42,320

i said

751  
00:28:49,990 --> 00:28:48,559  
you know some researchers found and and

752  
00:28:52,549 --> 00:28:50,000  
uh here's what they heard out in the

753  
00:28:54,950 --> 00:28:52,559  
field and i played it for him and

754  
00:28:57,029 --> 00:28:54,960  
he said oh you're that thing and this

755  
00:28:59,510 --> 00:28:57,039  
was right after your

756  
00:29:00,310 --> 00:28:59,520  
video came out uh which would have been

757  
00:29:03,430 --> 00:29:00,320  
like

758  
00:29:05,430 --> 00:29:03,440  
uh octo end of october i think

759  
00:29:06,389 --> 00:29:05,440  
you really had it very quickly and very

760  
00:29:08,070 --> 00:29:06,399  
well

761  
00:29:09,590 --> 00:29:08,080  
and uh he said

762  
00:29:11,750 --> 00:29:09,600  
i've been yes i've been hearing that

763  
00:29:14,230 --> 00:29:11,760

sound that's been a lot closer

764

00:29:15,669 --> 00:29:14,240

up by these hot up closer by my barns

765

00:29:17,669 --> 00:29:15,679

here and

766

00:29:19,750 --> 00:29:17,679

they said yeah i don't i do not stay out

767

00:29:23,269 --> 00:29:19,760

here at night anymore

768

00:29:25,269 --> 00:29:23,279

he said i heard it i it was very close i

769

00:29:27,029 --> 00:29:25,279

called my wife i said bring the truck

770

00:29:29,750 --> 00:29:27,039

out come out because it's an out

771

00:29:32,389 --> 00:29:29,760

building that is he has a shop in

772

00:29:35,510 --> 00:29:32,399

and he said come out and get me and uh

773

00:29:38,630 --> 00:29:35,520

uh he he would not walk to from the from

774

00:29:39,669 --> 00:29:38,640

the shop to his barn once you shop to

775

00:29:41,830 --> 00:29:39,679

his house

776

00:29:43,350 --> 00:29:41,840

which would be probably

777

00:29:46,070 --> 00:29:43,360

well

778

00:29:47,029 --> 00:29:46,080

two 300 feet football field yeah you

779

00:29:48,630 --> 00:29:47,039

know

780

00:29:50,710 --> 00:29:48,640

and he said yeah i don't stay out here

781

00:29:52,470 --> 00:29:50,720

tonight he said that that

782

00:29:55,590 --> 00:29:52,480

that that sound has been here for a

783

00:29:57,350 --> 00:29:55,600

couple of weeks now see i mean lon we're

784

00:29:58,789 --> 00:29:57,360

talking about people that can't don't

785

00:30:00,870 --> 00:29:58,799

want to leave their houses with these

786

00:30:01,750 --> 00:30:00,880

things out there you know i mean it's

787

00:30:04,630 --> 00:30:01,760

like

788

00:30:06,389 --> 00:30:04,640

now we now we were just there

789

00:30:08,710 --> 00:30:06,399

and i mean i don't know where i don't

790

00:30:11,190 --> 00:30:08,720

want to get ahead of myself here let me

791

00:30:13,750 --> 00:30:11,200

let me uh ask vincent go ahead and key

792

00:30:14,870 --> 00:30:13,760

that up again so we get a second crack

793

00:30:17,830 --> 00:30:14,880

at this

794

00:30:20,389 --> 00:30:17,840

um so everybody is ready for it can

795

00:30:22,470 --> 00:30:20,399

listen to it

796

00:30:24,389 --> 00:30:22,480

go ahead are you hearing this howl i am

797

00:30:27,990 --> 00:30:24,399

hearing this hell it's coming from over

798

00:30:28,000 --> 00:30:31,510

oh [h\_\_h]

799

00:30:31,520 --> 00:30:43,669

that's getting closer

800

00:30:48,549 --> 00:30:45,830

well that's no

801  
00:30:49,750 --> 00:30:48,559  
coyote i've ever heard

802  
00:30:53,830 --> 00:30:49,760  
no

803  
00:30:55,110 --> 00:30:53,840  
that's interesting

804  
00:30:58,590 --> 00:30:55,120  
and uh

805  
00:31:03,110 --> 00:30:58,600  
to add on to the story in

806  
00:31:04,630 --> 00:31:03,120  
2019 before the covet yeah summer 2019

807  
00:31:07,430 --> 00:31:04,640  
out in my truck

808  
00:31:10,470 --> 00:31:07,440  
and i was looking through my uh nice

809  
00:31:12,230 --> 00:31:10,480  
scope and was watching orbs come and go

810  
00:31:14,549 --> 00:31:12,240  
and play games with me they come up to

811  
00:31:15,990 --> 00:31:14,559  
my truck and play peek-a-boo they come

812  
00:31:19,110 --> 00:31:16,000  
up the front they go down and they come

813  
00:31:21,190 --> 00:31:19,120

around the side and um

814

00:31:23,590 --> 00:31:21,200

i called a friend and i said you know to

815

00:31:25,830 --> 00:31:23,600

tell him i was out in the field and

816

00:31:28,149 --> 00:31:25,840

and uh yeah there's an orb you have up

817

00:31:29,750 --> 00:31:28,159

there now orbit and a shaft of light

818

00:31:31,430 --> 00:31:29,760

i've seen i have hundreds and hundreds

819

00:31:33,110 --> 00:31:31,440

of pictures of those

820

00:31:34,710 --> 00:31:33,120

and that

821

00:31:37,110 --> 00:31:34,720

was a little bit different sound than

822

00:31:40,149 --> 00:31:37,120

that but very similar sound to that

823

00:31:42,630 --> 00:31:40,159

and it was very close and and uh

824

00:31:43,990 --> 00:31:42,640

and over the phone he said what the hell

825

00:31:45,909 --> 00:31:44,000

is that

826

00:31:47,350 --> 00:31:45,919

oh but it's right here in the wetland

827

00:31:49,990 --> 00:31:47,360

and i was parked

828

00:31:51,750 --> 00:31:50,000

very close to the wet my wetland area

829

00:31:53,030 --> 00:31:51,760

and i go i don't know but i'm not

830

00:31:55,990 --> 00:31:53,040

getting out of the truck

831

00:31:58,389 --> 00:31:56,000

[Laughter]

832

00:32:00,310 --> 00:31:58,399

because then there was rustling in the

833

00:32:02,230 --> 00:32:00,320

grass and the wetland grass you could

834

00:32:04,950 --> 00:32:02,240

hear the rustling in there

835

00:32:06,070 --> 00:32:04,960

of course i i was already my truck

836

00:32:07,509 --> 00:32:06,080

by

837

00:32:10,070 --> 00:32:07,519

which i had told

838

00:32:11,830 --> 00:32:10,080

uh eric he should take out i take out a

839

00:32:13,110 --> 00:32:11,840

flare gun

840

00:32:14,310 --> 00:32:13,120

because i don't think

841

00:32:16,310 --> 00:32:14,320

first of all i don't want to shoot it

842

00:32:18,630 --> 00:32:16,320

and second of all i don't think a

843

00:32:21,590 --> 00:32:18,640

any type of a gun would would hurt it at

844

00:32:23,269 --> 00:32:21,600

all um so i took third and hopefully it

845

00:32:25,269 --> 00:32:23,279

would scare and had the flare gun with

846

00:32:28,789 --> 00:32:25,279

me when i go out and take that

847

00:32:31,110 --> 00:32:28,799

and uh and he heard it over the phone

848

00:32:32,870 --> 00:32:31,120

uh when i was talking in my truck right

849

00:32:35,830 --> 00:32:32,880

the windows down but

850

00:32:38,230 --> 00:32:35,840

uh and and i've heard another time uh

851

00:32:39,669 --> 00:32:38,240

probably just 10 feet from my truck

852

00:32:42,549 --> 00:32:39,679

um

853

00:32:44,389 --> 00:32:42,559

i heard there there was uh a friend

854

00:32:47,029 --> 00:32:44,399

heard rustling again coming out of the

855

00:32:49,350 --> 00:32:47,039

wetland and came behind my truck

856

00:32:50,950 --> 00:32:49,360

and then it went by my passenger door

857

00:32:52,710 --> 00:32:50,960

and at that point

858

00:32:55,430 --> 00:32:52,720

probably ten fifteen or eight feet away

859

00:32:57,590 --> 00:32:55,440

from my pet the door that it was a grunt

860

00:32:59,509 --> 00:32:57,600

or a growl i i don't kind of hard to

861

00:33:00,470 --> 00:32:59,519

distinguish what it was but

862

00:33:04,470 --> 00:33:00,480

um

863

00:33:07,110 --> 00:33:04,480

right right next to my passenger door so

864

00:33:09,430 --> 00:33:07,120

some people are asking uh they can hear

865

00:33:11,590 --> 00:33:09,440

that audio again they they can hear it

866

00:33:13,509 --> 00:33:11,600

on that video it's on our channel it's

867

00:33:15,190 --> 00:33:13,519

uh you know it's called the beast of ray

868

00:33:16,389 --> 00:33:15,200

road alive and well eric mintel

869

00:33:18,070 --> 00:33:16,399

investigates

870

00:33:20,710 --> 00:33:18,080

check it out say you know

871

00:33:22,870 --> 00:33:20,720

give it a listen because uh i mean it's

872

00:33:24,710 --> 00:33:22,880

still perplexing

873

00:33:27,269 --> 00:33:24,720

i mean for us to be there that night and

874

00:33:29,750 --> 00:33:27,279

you know lon the thing is we're out in

875

00:33:31,509 --> 00:33:29,760

the field we're doing this research lee

876

00:33:32,470 --> 00:33:31,519

is out in the field we're out in the

877

00:33:34,230 --> 00:33:32,480

field

878

00:33:36,149 --> 00:33:34,240

we're out there you know we're doing

879

00:33:38,950 --> 00:33:36,159

this this research

880

00:33:40,630 --> 00:33:38,960

i mean somebody had said to me uh

881

00:33:42,710 --> 00:33:40,640

at the town hall we had

882

00:33:43,590 --> 00:33:42,720

recently she said well has this thing

883

00:33:48,389 --> 00:33:43,600

ever

884

00:33:49,590 --> 00:33:48,399

attack anyone and i had just she was

885

00:33:51,430 --> 00:33:49,600

like well why didn't you stay out there

886

00:33:53,430 --> 00:33:51,440

long and i was like well i didn't want

887

00:33:55,029 --> 00:33:53,440

to get i didn't want to you know

888

00:33:56,549 --> 00:33:55,039

stay out there and find out if it was

889

00:33:59,269 --> 00:33:56,559

going to attack anybody you know in no

890

00:34:00,070 --> 00:33:59,279

sense beating the beast exactly exactly

891

00:34:02,310 --> 00:34:00,080

so

892

00:34:03,590 --> 00:34:02,320

uh and like lee said we we should have

893

00:34:05,830 --> 00:34:03,600

taken the flare gun that's what we

894

00:34:07,590 --> 00:34:05,840

should have done

895

00:34:09,510 --> 00:34:07,600

also also

896

00:34:11,909 --> 00:34:09,520

what my brother fred told you was that

897

00:34:14,069 --> 00:34:11,919

change is out there at night oh that's

898

00:34:16,950 --> 00:34:14,079

one thing fred this is the other thing

899

00:34:18,149 --> 00:34:16,960

lon if you talk to fred to lee's brother

900

00:34:20,550 --> 00:34:18,159

fred

901  
00:34:21,909 --> 00:34:20,560  
these guys are this is what i love about

902  
00:34:22,790 --> 00:34:21,919  
lee and fred

903  
00:34:26,389 --> 00:34:22,800  
fred

904  
00:34:28,950 --> 00:34:26,399  
came at he's an ibm guy he's a guy that

905  
00:34:30,790 --> 00:34:28,960  
didn't have any interest in whatsoever

906  
00:34:33,270 --> 00:34:30,800  
but then talking to him and then having

907  
00:34:35,510 --> 00:34:33,280  
his own experiences on the farm he's a

908  
00:34:36,310 --> 00:34:35,520  
true believer now and some of the things

909  
00:34:38,790 --> 00:34:36,320  
that

910  
00:34:41,349 --> 00:34:38,800  
also the last time we were there

911  
00:34:43,829 --> 00:34:41,359  
uh lee you you and fred found these

912  
00:34:46,710 --> 00:34:43,839  
square tracks and this time around we

913  
00:34:48,550 --> 00:34:46,720

saw we went to a new area and we saw a

914

00:34:50,710 --> 00:34:48,560

lot of these square tracks

915

00:34:53,109 --> 00:34:50,720

which were really really interesting

916

00:34:55,349 --> 00:34:53,119

i've been seeing those since 2013 and

917

00:34:56,550 --> 00:34:55,359

the 5 7 yes

918

00:34:57,990 --> 00:34:56,560

um

919

00:35:00,710 --> 00:34:58,000

do they look uh

920

00:35:03,270 --> 00:35:00,720

man-made like some type of uh device or

921

00:35:05,589 --> 00:35:03,280

something yeah i didn't send you one of

922

00:35:08,470 --> 00:35:05,599

those pictures it's it's a four four

923

00:35:12,230 --> 00:35:08,480

inch by four inch track and the best way

924

00:35:15,349 --> 00:35:12,240

and and this this uh he this one he's

925

00:35:18,069 --> 00:35:15,359

he's large he's heavy uh he sinks in dry

926

00:35:20,870 --> 00:35:18,079

ground like two two and a half inches

927

00:35:22,950 --> 00:35:20,880

and it just looks like

928

00:35:24,950 --> 00:35:22,960

it looks like if you could take if i had

929

00:35:28,829 --> 00:35:24,960

to imitate i would take my fist dig it

930

00:35:32,470 --> 00:35:28,839

in the ground and spin the dirt

931

00:35:34,870 --> 00:35:32,480

backwards and again back to half a mile

932

00:35:38,069 --> 00:35:34,880

i know it's been carrying a whole deer

933

00:35:39,349 --> 00:35:38,079

uh walking in in the in the field and

934

00:35:42,069 --> 00:35:39,359

and uh

935

00:35:45,190 --> 00:35:42,079

not knocking down corn

936

00:35:47,750 --> 00:35:45,200

and uh and these tracks are again he

937

00:35:49,349 --> 00:35:47,760

takes about three foot normal step

938

00:35:51,430 --> 00:35:49,359

and it's it's

939

00:35:54,310 --> 00:35:51,440

it's a track that even

940

00:35:56,870 --> 00:35:54,320

the track experts that fred is the one

941

00:35:58,630 --> 00:35:56,880

from uh he my brother fred contacted the

942

00:36:01,430 --> 00:35:58,640

field museum in chicago and they gave

943

00:36:02,870 --> 00:36:01,440

him a track expert in utah or wyoming

944

00:36:05,670 --> 00:36:02,880

i'm not quite sure

945

00:36:08,150 --> 00:36:05,680

and he said that that somebody was

946

00:36:12,470 --> 00:36:08,160

walking around had bought crutches or

947

00:36:17,349 --> 00:36:14,550

you know what you know what people walk

948

00:36:19,270 --> 00:36:17,359

on uh now we can't remember it uh at

949

00:36:22,310 --> 00:36:19,280

home depot and we're walking around in

950

00:36:23,109 --> 00:36:22,320

my field on stilts yeah built stilts

951  
00:36:25,589 --> 00:36:23,119  
right

952  
00:36:28,150 --> 00:36:25,599  
yeah which is ridiculous

953  
00:36:30,710 --> 00:36:28,160  
it's even you know an animal it's that's

954  
00:36:33,030 --> 00:36:30,720  
a that's extremely unusual story well

955  
00:36:34,950 --> 00:36:33,040  
both of them are and you've seen that

956  
00:36:37,190 --> 00:36:34,960  
track hundreds of times and many people

957  
00:36:38,230 --> 00:36:37,200  
have oh you know the reason i asked you

958  
00:36:39,510 --> 00:36:38,240  
this is

959  
00:36:41,829 --> 00:36:39,520  
you do have that

960  
00:36:44,470 --> 00:36:41,839  
do you you know you mentioned something

961  
00:36:45,270 --> 00:36:44,480  
about ufos

962  
00:36:47,349 --> 00:36:45,280  
uh

963  
00:36:49,589 --> 00:36:47,359

do you think it might be craft that or

964

00:36:52,470 --> 00:36:49,599

landing out there

965

00:36:55,750 --> 00:36:52,480

well i mean i know it i

966

00:36:57,510 --> 00:36:55,760

i know it's landed because i have well

967

00:36:58,870 --> 00:36:57,520

the five-toed this one i've never seen

968

00:36:59,829 --> 00:36:58,880

this one land

969

00:37:00,710 --> 00:36:59,839

um

970

00:37:06,470 --> 00:37:00,720

but

971

00:37:09,030 --> 00:37:06,480

know it lands and and what one time i

972

00:37:12,230 --> 00:37:09,040

had about 150 pound deer and it was only

973

00:37:15,109 --> 00:37:12,240

there for like a week that i'd put out

974

00:37:16,790 --> 00:37:15,119

and it carried it whatever again right

975

00:37:19,270 --> 00:37:16,800

in front of all in front of working

976

00:37:21,510 --> 00:37:19,280

cameras it picked that deer up carried

977

00:37:24,390 --> 00:37:21,520

about a hundred feet out in my field and

978

00:37:27,349 --> 00:37:24,400

here was an area about 10 feet by 10

979

00:37:29,270 --> 00:37:27,359

feet where all the grass all my hay

980

00:37:31,430 --> 00:37:29,280

field was knocked down that was in june

981

00:37:35,109 --> 00:37:31,440

of 2015

982

00:37:38,550 --> 00:37:35,119

and and all the on all the there was all

983

00:37:41,109 --> 00:37:38,560

this area had been disturbed it was very

984

00:37:43,349 --> 00:37:41,119

very evident because the the rest of the

985

00:37:44,390 --> 00:37:43,359

field was standing like normal hay

986

00:37:48,630 --> 00:37:44,400

and

987

00:37:50,790 --> 00:37:48,640

that there was one track coming in where

988

00:37:52,550 --> 00:37:50,800

he had this creature the beast where i

989

00:37:53,510 --> 00:37:52,560

had carried the deer

990

00:37:57,910 --> 00:37:53,520

and

991

00:38:00,470 --> 00:37:57,920

then on my uh i had a ufo on my uh on my

992

00:38:02,870 --> 00:38:00,480

game camera

993

00:38:06,470 --> 00:38:02,880

when i checked my sd card i had a ufo on

994

00:38:08,150 --> 00:38:06,480

there so i know that this deer was

995

00:38:08,950 --> 00:38:08,160

carried into the field

996

00:38:10,150 --> 00:38:08,960

and

997

00:38:11,990 --> 00:38:10,160

you know was

998

00:38:13,430 --> 00:38:12,000

whatever was carrying it and the deer

999

00:38:16,150 --> 00:38:13,440

itself were both

1000

00:38:19,030 --> 00:38:16,160

were both uh uh gone and there was no

1001  
00:38:21,349 --> 00:38:19,040  
tracks going out of that 10 foot by 10

1002  
00:38:23,750 --> 00:38:21,359  
foot area would and look if you really

1003  
00:38:24,470 --> 00:38:23,760  
look at it looked like four pods and

1004  
00:38:27,030 --> 00:38:24,480  
then

1005  
00:38:29,109 --> 00:38:27,040  
the grass was had been

1006  
00:38:30,230 --> 00:38:29,119  
matted or knocked out so

1007  
00:38:31,430 --> 00:38:30,240  
um

1008  
00:38:33,910 --> 00:38:31,440  
so yeah

1009  
00:38:37,190 --> 00:38:33,920  
you know i have a lot of ufo pictures

1010  
00:38:39,589 --> 00:38:37,200  
too many many uf holders

1011  
00:38:42,069 --> 00:38:39,599  
you know it's interesting i uh

1012  
00:38:45,109 --> 00:38:42,079  
of course i i've

1013  
00:38:48,310 --> 00:38:45,119

ufo theory encrypted has come up

1014

00:38:51,589 --> 00:38:48,320

many many times i i was involved with a

1015

00:38:54,470 --> 00:38:51,599

habituation up in nova scotia where

1016

00:38:56,870 --> 00:38:54,480

they were seeing craft and uh these

1017

00:38:57,990 --> 00:38:56,880

things were getting out of the craft

1018

00:38:58,829 --> 00:38:58,000

uh

1019

00:39:01,829 --> 00:38:58,839

and

1020

00:39:03,910 --> 00:39:01,839

um i was just wondering maybe that's

1021

00:39:06,550 --> 00:39:03,920

possibility that's what's going on and

1022

00:39:07,990 --> 00:39:06,560

you know they seem to just turn up out

1023

00:39:09,109 --> 00:39:08,000

of nowhere

1024

00:39:12,710 --> 00:39:09,119

yeah

1025

00:39:15,270 --> 00:39:12,720

of you think there's a pack of these

1026

00:39:16,870 --> 00:39:15,280

beasts up there

1027

00:39:20,470 --> 00:39:16,880

i do i do

1028

00:39:22,069 --> 00:39:20,480

i think there's five i i say five i have

1029

00:39:23,990 --> 00:39:22,079

i i have

1030

00:39:26,150 --> 00:39:24,000

definitely two different five toed seven

1031

00:39:28,069 --> 00:39:26,160

pad tracks different sizes i have the

1032

00:39:30,390 --> 00:39:28,079

fifth track and then i have another i

1033

00:39:31,829 --> 00:39:30,400

call a hyena track which is

1034

00:39:34,230 --> 00:39:31,839

uh

1035

00:39:36,310 --> 00:39:34,240

that'd be one two three four

1036

00:39:37,589 --> 00:39:36,320

but i think there's but i do believe

1037

00:39:39,670 --> 00:39:37,599

there's two

1038

00:39:41,670 --> 00:39:39,680

the the five toed seven pad tracks that

1039

00:39:43,750 --> 00:39:41,680

are both three three by three and a half

1040

00:39:46,069 --> 00:39:43,760

inches because i i've seen those come

1041

00:39:46,790 --> 00:39:46,079

into my field in the snow side by side

1042

00:39:49,349 --> 00:39:46,800

and

1043

00:39:52,390 --> 00:39:49,359

so i think there's five at least five

1044

00:39:54,950 --> 00:39:52,400

cryptids in my field yes so lon you know

1045

00:39:57,349 --> 00:39:54,960

this this story goes back to the 30s i

1046

00:39:58,950 --> 00:39:57,359

mean from 1936 was one of the first

1047

00:40:01,349 --> 00:39:58,960

sightings of this thing now is it the

1048

00:40:02,950 --> 00:40:01,359

same creature i don't think so i think

1049

00:40:05,349 --> 00:40:02,960

there's a family of these things and i

1050

00:40:08,790 --> 00:40:05,359

think it's it's descendants or or

1051  
00:40:11,910 --> 00:40:08,800  
offspring of the of these these cryptids

1052  
00:40:14,069 --> 00:40:11,920  
um but yeah i agree with lee i 100

1053  
00:40:15,109 --> 00:40:14,079  
there's definitely at least five maybe

1054  
00:40:18,309 --> 00:40:15,119  
six

1055  
00:40:20,150 --> 00:40:18,319  
um because just just the amount of

1056  
00:40:22,550 --> 00:40:20,160  
evidence that you're getting i mean this

1057  
00:40:24,470 --> 00:40:22,560  
is a that picture right there was uh was

1058  
00:40:27,589 --> 00:40:24,480  
an eyewitness description of what a

1059  
00:40:29,750 --> 00:40:27,599  
woman saw on bray road right you know

1060  
00:40:31,990 --> 00:40:29,760  
linda drew that yeah

1061  
00:40:33,430 --> 00:40:32,000  
linda linda got and let's give linda

1062  
00:40:36,630 --> 00:40:33,440  
some props here too because linda

1063  
00:40:38,470 --> 00:40:36,640

godfrey incredible lady i mean she she

1064

00:40:40,710 --> 00:40:38,480

really brought this to the to the

1065

00:40:42,950 --> 00:40:40,720

forefront in the early 90s when when

1066

00:40:45,589 --> 00:40:42,960

sightings started happening you had a

1067

00:40:47,030 --> 00:40:45,599

large uh period of time when no one was

1068

00:40:48,950 --> 00:40:47,040

talking about this

1069

00:40:49,829 --> 00:40:48,960

because no one wanted to get ridiculed

1070

00:40:52,790 --> 00:40:49,839

you know

1071

00:40:54,790 --> 00:40:52,800

now people are talking about it because

1072

00:40:57,750 --> 00:40:54,800

look you know the government's uh

1073

00:41:00,790 --> 00:40:57,760

declassifying all the ufo footage all

1074

00:41:03,030 --> 00:41:00,800

the ufo phenomena so i think you're and

1075

00:41:04,950 --> 00:41:03,040

especially now maybe not 10 years ago

1076

00:41:07,750 --> 00:41:04,960

but i think now more more and more

1077

00:41:10,630 --> 00:41:07,760

people are open to talking about their

1078

00:41:11,829 --> 00:41:10,640

own experiences oh yeah and you know not

1079

00:41:13,510 --> 00:41:11,839

because

1080

00:41:15,190 --> 00:41:13,520

i think it's uh you know and that's a

1081

00:41:16,790 --> 00:41:15,200

good thing you know at least they're uh

1082

00:41:18,950 --> 00:41:16,800

you know not being ridiculed or anything

1083

00:41:21,349 --> 00:41:18,960

like that anymore because this is a real

1084

00:41:23,829 --> 00:41:21,359

phenomena i mean we are we've captured

1085

00:41:26,309 --> 00:41:23,839

it on video so it's there something is

1086

00:41:28,230 --> 00:41:26,319

there lee has a monster on his property

1087

00:41:30,230 --> 00:41:28,240

yeah

1088

00:41:32,069 --> 00:41:30,240

there still is a stigma i know five

1089

00:41:35,030 --> 00:41:32,079

people have seen it

1090

00:41:35,990 --> 00:41:35,040

and none of those people would

1091

00:41:39,910 --> 00:41:36,000

uh

1092

00:41:41,829 --> 00:41:39,920

probably go on on any type of show um

1093

00:41:44,470 --> 00:41:41,839

you know they they

1094

00:41:46,150 --> 00:41:44,480

they went on one show uh on travel

1095

00:41:49,670 --> 00:41:46,160

channel legend hunters and since that

1096

00:41:54,710 --> 00:41:52,710

and uh but i have other

1097

00:41:58,230 --> 00:41:54,720

other neighbors that absolutely will not

1098

00:42:02,069 --> 00:42:00,309

well you know i remember when linda

1099

00:42:03,910 --> 00:42:02,079

first came out with this like i'm doing

1100

00:42:05,990 --> 00:42:03,920

this myself for a long time but i

1101

00:42:09,030 --> 00:42:06,000

remember when linda came out

1102

00:42:11,349 --> 00:42:09,040

and uh this was um

1103

00:42:13,910 --> 00:42:11,359

this is right after

1104

00:42:16,870 --> 00:42:13,920

the gable film had come out with the

1105

00:42:18,790 --> 00:42:16,880

michigan dog man and you know there was

1106

00:42:20,870 --> 00:42:18,800

a big uproar about that which you know

1107

00:42:23,670 --> 00:42:20,880

it was eventually

1108

00:42:25,910 --> 00:42:23,680

found to be just a fake you know fake

1109

00:42:27,750 --> 00:42:25,920

and i but

1110

00:42:30,470 --> 00:42:27,760

i know linda got a lot of a lot of

1111

00:42:32,950 --> 00:42:30,480

pushback on what she was reporting

1112

00:42:35,670 --> 00:42:32,960

uh here's this uh

1113

00:42:38,150 --> 00:42:35,680

this reporter out of the midwest who

1114

00:42:40,309 --> 00:42:38,160

nobody knows and who's also an artist

1115

00:42:42,069 --> 00:42:40,319

and drawing these things and

1116

00:42:44,150 --> 00:42:42,079

uh but

1117

00:42:46,630 --> 00:42:44,160

i you're right i got to give her credit

1118

00:42:47,990 --> 00:42:46,640

she stuck with it and she kept gathering

1119

00:42:51,750 --> 00:42:48,000

evidence

1120

00:42:53,510 --> 00:42:51,760

and uh it is what it is now and uh it's

1121

00:42:56,550 --> 00:42:53,520

it's amazing

1122

00:42:58,710 --> 00:42:56,560

it's an amazing phenomena

1123

00:43:00,870 --> 00:42:58,720

it's incredible i mean it's like uh the

1124

00:43:02,630 --> 00:43:00,880

the whole property is fascinating i mean

1125

00:43:05,510 --> 00:43:02,640

you know the uh and there's so many

1126

00:43:08,870 --> 00:43:05,520

different areas uh now we just went back

1127

00:43:11,030 --> 00:43:08,880

um april 28 through may first

1128

00:43:13,109 --> 00:43:11,040

and i mean we had our work cut out for

1129

00:43:15,510 --> 00:43:13,119

us every single day we we were doing

1130

00:43:17,349 --> 00:43:15,520

something on when we got when we flew

1131

00:43:19,589 --> 00:43:17,359

into town on the 28th

1132

00:43:22,309 --> 00:43:19,599

uh we had a town hall meeting

1133

00:43:24,309 --> 00:43:22,319

uh our our executive producer for this

1134

00:43:26,470 --> 00:43:24,319

video ellen collins she put together

1135

00:43:27,349 --> 00:43:26,480

this uh this town hall got it all

1136

00:43:30,630 --> 00:43:27,359

together

1137

00:43:34,390 --> 00:43:30,640

and uh and the guy um chad lewis at the

1138

00:43:37,270 --> 00:43:34,400

um uh at the library right

1139

00:43:39,030 --> 00:43:37,280

he was uh he was he was just floored

1140

00:43:41,030 --> 00:43:39,040

with how many people showed up i mean we

1141

00:43:43,990 --> 00:43:41,040

had over well it was a hundred and i

1142

00:43:45,430 --> 00:43:44,000

think almost 140 people showed up wow

1143

00:43:47,190 --> 00:43:45,440

and

1144

00:43:50,230 --> 00:43:47,200

telling their stories

1145

00:43:52,870 --> 00:43:50,240

um and it was amazing and

1146

00:43:54,470 --> 00:43:52,880

what really struck me this time and lee

1147

00:43:56,950 --> 00:43:54,480

talked about it just a little bit ago

1148

00:43:58,950 --> 00:43:56,960

about the the way this thing walks

1149

00:44:00,550 --> 00:43:58,960

and those track impressions that he has

1150

00:44:03,510 --> 00:44:00,560

on some of these photos

1151  
00:44:05,670 --> 00:44:03,520  
um there were a few people that had said

1152  
00:44:08,230 --> 00:44:05,680  
that this had a weird gate

1153  
00:44:10,390 --> 00:44:08,240  
rightly it had some kind of really weird

1154  
00:44:11,270 --> 00:44:10,400  
like just the way it walks was very very

1155  
00:44:13,349 --> 00:44:11,280  
strange

1156  
00:44:15,270 --> 00:44:13,359  
it walks like a model it walks there's

1157  
00:44:17,190 --> 00:44:15,280  
no straddle to it

1158  
00:44:19,430 --> 00:44:17,200  
it's like glides

1159  
00:44:22,470 --> 00:44:19,440  
you know yeah it glides or the jumps i

1160  
00:44:24,950 --> 00:44:22,480  
mean it it yes it uh

1161  
00:44:26,790 --> 00:44:24,960  
now i have seen the third i've seen the

1162  
00:44:29,510 --> 00:44:26,800  
cryptid a third time

1163  
00:44:32,230 --> 00:44:29,520

um again a quarter mile away and that

1164

00:44:33,829 --> 00:44:32,240

was on all fours

1165

00:44:36,390 --> 00:44:33,839

uh and

1166

00:44:38,710 --> 00:44:36,400

and i took pictures of that one also and

1167

00:44:41,670 --> 00:44:38,720

it walked now that one i call the hyena

1168

00:44:45,109 --> 00:44:41,680

one because it walked very awkwardly and

1169

00:44:47,190 --> 00:44:45,119

with the lower back end so uh but the

1170

00:44:48,069 --> 00:44:47,200

the five toed seven pad

1171

00:44:49,349 --> 00:44:48,079

uh

1172

00:44:52,150 --> 00:44:49,359

encrypted

1173

00:44:53,990 --> 00:44:52,160

uh he he's very small yeah he walks very

1174

00:44:57,190 --> 00:44:54,000

smoothly over they fly he jumps i mean

1175

00:44:59,030 --> 00:44:57,200

he jumps 15 20 feet at the flick of a

1176

00:45:00,390 --> 00:44:59,040

just uh just

1177

00:45:04,950 --> 00:45:00,400

you know

1178

00:45:08,950 --> 00:45:07,190

or he's just gone i mean

1179

00:45:11,190 --> 00:45:08,960

he will jump i have

1180

00:45:13,430 --> 00:45:11,200

seen i have jump in the snow i've seen

1181

00:45:15,430 --> 00:45:13,440

him jump nine 10 feet

1182

00:45:16,950 --> 00:45:15,440

uh and land again and other times of

1183

00:45:20,230 --> 00:45:16,960

course you're you're following along and

1184

00:45:21,750 --> 00:45:20,240

they're just they're practicing so

1185

00:45:23,430 --> 00:45:21,760

that's that was the other thing that

1186

00:45:24,950 --> 00:45:23,440

really struck us too i had said chad

1187

00:45:27,030 --> 00:45:24,960

lewis i didn't mean chad lewis the

1188

00:45:29,430 --> 00:45:27,040

researcher chad there was a guy chad who

1189

00:45:31,270 --> 00:45:29,440

was the director of the library okay he

1190

00:45:33,750 --> 00:45:31,280

was very very very happy with what was

1191

00:45:35,829 --> 00:45:33,760

going on he couldn't believe it um

1192

00:45:37,349 --> 00:45:35,839

and when when we had this uh and that

1193

00:45:39,990 --> 00:45:37,359

was that was the other thing too how

1194

00:45:42,150 --> 00:45:40,000

fast the thing was and uh that was the

1195

00:45:44,630 --> 00:45:42,160

other reports that we were getting a

1196

00:45:46,550 --> 00:45:44,640

gentleman was coming down uh i guess he

1197

00:45:48,950 --> 00:45:46,560

was coming down bowers road and he had

1198

00:45:51,829 --> 00:45:48,960

seen in the distance this creature

1199

00:45:53,510 --> 00:45:51,839

running seven feet tall on two legs and

1200

00:45:56,069 --> 00:45:53,520

it was so fast

1201  
00:45:58,069 --> 00:45:56,079  
and uh he was blown away by that and and

1202  
00:46:00,790 --> 00:45:58,079  
the thing is what with him he had never

1203  
00:46:02,870 --> 00:46:00,800  
heard of the beast of ray road so

1204  
00:46:04,870 --> 00:46:02,880  
all of a sudden he sees this thing and

1205  
00:46:07,190 --> 00:46:04,880  
then hears about it later

1206  
00:46:09,109 --> 00:46:07,200  
and he's like wow did i hear that

1207  
00:46:11,430 --> 00:46:09,119  
uh when we were out there in october i

1208  
00:46:13,190 --> 00:46:11,440  
mean we had people coming up to us

1209  
00:46:16,309 --> 00:46:13,200  
telling us their story that they saw

1210  
00:46:18,150 --> 00:46:16,319  
this thing and running along the car

1211  
00:46:19,510 --> 00:46:18,160  
running along in the field with the car

1212  
00:46:21,589 --> 00:46:19,520  
and then

1213  
00:46:23,349 --> 00:46:21,599

one of the pictures that lee has looks

1214

00:46:24,710 --> 00:46:23,359

exactly like what those people were

1215

00:46:26,790 --> 00:46:24,720

describing

1216

00:46:28,710 --> 00:46:26,800

um we had a guy

1217

00:46:31,349 --> 00:46:28,720

who was a state worker we couldn't

1218

00:46:33,510 --> 00:46:31,359

really have his name on the video uh so

1219

00:46:36,069 --> 00:46:33,520

we silhouetted him out

1220

00:46:37,990 --> 00:46:36,079

and uh and another good friend of ours

1221

00:46:39,510 --> 00:46:38,000

uh donna fink who is also another

1222

00:46:41,510 --> 00:46:39,520

researcher out there

1223

00:46:43,109 --> 00:46:41,520

she uh she was able to connect me with

1224

00:46:45,990 --> 00:46:43,119

him and

1225

00:46:47,589 --> 00:46:46,000

he basically heard the same thing we did

1226  
00:46:48,630 --> 00:46:47,599  
he and a co-worker were getting out of

1227  
00:46:50,870 --> 00:46:48,640  
the truck

1228  
00:46:52,950 --> 00:46:50,880  
and they heard the same thing and this

1229  
00:46:54,790 --> 00:46:52,960  
was in the middle of the day

1230  
00:46:56,390 --> 00:46:54,800  
so they didn't know what to do they

1231  
00:46:57,510 --> 00:46:56,400  
didn't know what it was

1232  
00:46:59,910 --> 00:46:57,520  
um

1233  
00:47:02,390 --> 00:46:59,920  
so now this particular time around we

1234  
00:47:05,270 --> 00:47:02,400  
did the investigation uh lee showed us a

1235  
00:47:07,349 --> 00:47:05,280  
lot of new pictures because lee i mean

1236  
00:47:09,829 --> 00:47:07,359  
december right i mean

1237  
00:47:11,990 --> 00:47:09,839  
activity's been been constant but i

1238  
00:47:13,829 --> 00:47:12,000

think december was like off the chart

1239

00:47:15,270 --> 00:47:13,839

december was very active left many

1240

00:47:18,390 --> 00:47:15,280

lights and i

1241

00:47:21,030 --> 00:47:18,400

and i had in 2016

1242

00:47:23,589 --> 00:47:21,040

uh the dnr stopped me from putting out

1243

00:47:25,910 --> 00:47:23,599

roadkill deer in walworth county it

1244

00:47:27,829 --> 00:47:25,920

became what was called a cwd chronic

1245

00:47:30,309 --> 00:47:27,839

waste and disease county and you could

1246

00:47:32,309 --> 00:47:30,319

not move deer previous to that i could

1247

00:47:33,349 --> 00:47:32,319

find a deer on you know on the road i

1248

00:47:35,030 --> 00:47:33,359

could call

1249

00:47:36,790 --> 00:47:35,040

madison and they'd give me a number and

1250

00:47:39,270 --> 00:47:36,800

i could pick the deer up and they

1251

00:47:42,870 --> 00:47:39,280

stopped me in 2016.

1252

00:47:44,630 --> 00:47:42,880

but in uh december of 2021

1253

00:47:46,390 --> 00:47:44,640

my neighbor came over and he said i had

1254

00:47:48,790 --> 00:47:46,400

harvested a deer

1255

00:47:50,150 --> 00:47:48,800

would i want a carcass and a bucket of

1256

00:47:52,150 --> 00:47:50,160

trimmings

1257

00:47:54,630 --> 00:47:52,160

and i go yeah you're right you're right

1258

00:47:55,750 --> 00:47:54,640

it's right here he's right next to my

1259

00:47:59,270 --> 00:47:55,760

farm you know

1260

00:48:01,270 --> 00:47:59,280

and i said yeah i can put that out um so

1261

00:48:03,750 --> 00:48:01,280

so i did and

1262

00:48:06,630 --> 00:48:03,760

lo and behold for two weeks

1263

00:48:09,589 --> 00:48:06,640

which is not unusual for two weeks that

1264

00:48:11,670 --> 00:48:09,599

carcass which was mainly was bone

1265

00:48:13,910 --> 00:48:11,680

but the bucket of shrimp means why i

1266

00:48:17,670 --> 00:48:13,920

dumped on top of the carcass

1267

00:48:20,230 --> 00:48:17,680

nothing came no coyotes came no raccoon

1268

00:48:23,190 --> 00:48:20,240

nothing came to eat that whatsoever

1269

00:48:24,630 --> 00:48:23,200

until really december 24th

1270

00:48:26,150 --> 00:48:24,640

of

1271

00:48:29,109 --> 00:48:26,160

2021

1272

00:48:31,589 --> 00:48:29,119

a mist came which happened

1273

00:48:32,790 --> 00:48:31,599

you know previously almost every deer

1274

00:48:35,190 --> 00:48:32,800

mist came

1275

00:48:39,109 --> 00:48:35,200

and yeah there you got the picture that

1276

00:48:40,230 --> 00:48:39,119

missed that the myth came on my camera

1277

00:48:41,349 --> 00:48:40,240

and

1278

00:48:42,790 --> 00:48:41,359

i'll tell you

1279

00:48:44,630 --> 00:48:42,800

let me finish this story i'll get leave

1280

00:48:47,510 --> 00:48:44,640

that one up there leave that leave that

1281

00:48:49,430 --> 00:48:47,520

one up there real quick anyway and uh

1282

00:48:50,150 --> 00:48:49,440

and then the the

1283

00:49:00,150 --> 00:48:50,160

the

1284

00:49:03,510 --> 00:49:00,160

completely gone totally removed in front

1285

00:49:05,910 --> 00:49:03,520

of a working game camera

1286

00:49:07,670 --> 00:49:05,920

so this myth what you see here

1287

00:49:09,510 --> 00:49:07,680

now if you go back to the previous

1288

00:49:14,230 --> 00:49:09,520

picture vincent

1289

00:49:16,230 --> 00:49:14,240

okay so this i think is in 2013.

1290

00:49:17,349 --> 00:49:16,240

this is the first time linda visited the

1291

00:49:19,510 --> 00:49:17,359

farm

1292

00:49:22,309 --> 00:49:19,520

i i talked to linda

1293

00:49:24,230 --> 00:49:22,319

and and i met her for lunch and i said

1294

00:49:26,549 --> 00:49:24,240

she's gonna come out to the farm and you

1295

00:49:28,829 --> 00:49:26,559

know this is the first time

1296

00:49:33,109 --> 00:49:28,839

and uh october

1297

00:49:36,630 --> 00:49:34,870

november november november so this is

1298

00:49:38,230 --> 00:49:36,640

the first time she'd come to the farm

1299

00:49:40,069 --> 00:49:38,240

so we pulled up and i got out of the

1300

00:49:41,829 --> 00:49:40,079

truck i had a deer out

1301

00:49:43,910 --> 00:49:41,839

and i got out of the truck and now

1302

00:49:46,870 --> 00:49:43,920

there's a smell i smelled four or five

1303

00:49:49,670 --> 00:49:46,880

times it is a very rancid

1304

00:49:51,510 --> 00:49:49,680

i call it a dog skunk urine smell that's

1305

00:49:53,430 --> 00:49:51,520

been in the sun too long

1306

00:49:56,150 --> 00:49:53,440

and it's very rancid and we got all the

1307

00:49:57,589 --> 00:49:56,160

trucking i said linda the smell is here

1308

00:49:59,510 --> 00:49:57,599

and then there's oh that's a terrible

1309

00:50:00,870 --> 00:49:59,520

smell i said well i'll make sure it's

1310

00:50:03,030 --> 00:50:00,880

not the deer

1311

00:50:04,950 --> 00:50:03,040

so i got out of the truck to walk up and

1312

00:50:07,190 --> 00:50:04,960

check to see if the deer

1313

00:50:09,910 --> 00:50:07,200

had that smell but i knew it wasn't and

1314

00:50:11,109 --> 00:50:09,920

i and said i said no the deer does not

1315

00:50:13,829 --> 00:50:11,119

smell

1316

00:50:16,309 --> 00:50:13,839

and when we got when i picked up the sd

1317

00:50:18,470 --> 00:50:16,319

card we got back in the truck and here

1318

00:50:20,470 --> 00:50:18,480

that mist was there this is the first

1319

00:50:21,990 --> 00:50:20,480

one you got there is a two o'clock it

1320

00:50:23,990 --> 00:50:22,000

looks like

1321

00:50:25,430 --> 00:50:24,000

oh one o'clock but that mist had

1322

00:50:26,630 --> 00:50:25,440

actually been there since 10 o'clock in

1323

00:50:27,910 --> 00:50:26,640

the morning

1324

00:50:29,750 --> 00:50:27,920

and then

1325

00:50:32,309 --> 00:50:29,760

you can go ahead to the next picture i

1326

00:50:34,710 --> 00:50:32,319

walked up to the deer

1327

00:50:36,950 --> 00:50:34,720

and now go the next picture

1328

00:50:39,750 --> 00:50:36,960

i walked as a bright oh no okay go back

1329

00:50:42,230 --> 00:50:39,760

i'm sorry go back go back one i walked

1330

00:50:44,230 --> 00:50:42,240

up to the deer nope go there you go

1331

00:50:45,990 --> 00:50:44,240

perfect i walked up to the deer i said

1332

00:50:48,549 --> 00:50:46,000

no it does not smell

1333

00:50:49,750 --> 00:50:48,559

and i picked up the sd card and when we

1334

00:50:51,510 --> 00:50:49,760

looked at it

1335

00:50:53,670 --> 00:50:51,520

we were saying oh look at 10 o'clock i

1336

00:50:55,750 --> 00:50:53,680

said that mist is here and this was a

1337

00:50:58,549 --> 00:50:55,760

bright clear day you could not see any

1338

00:51:00,549 --> 00:50:58,559

of that and and then it came and it got

1339

00:51:01,430 --> 00:51:00,559

to two o'clock and i said linda we were

1340

00:51:02,390 --> 00:51:01,440

here

1341

00:51:04,230 --> 00:51:02,400

now

1342

00:51:08,150 --> 00:51:04,240

that camera

1343

00:51:10,390 --> 00:51:08,160

half of my body is gone

1344

00:51:13,109 --> 00:51:10,400

there's no green screen here this is my

1345

00:51:14,390 --> 00:51:13,119

moultrie camera or that's my tesco

1346

00:51:15,510 --> 00:51:14,400

camera

1347

00:51:25,030 --> 00:51:15,520

and

1348

00:51:27,510 --> 00:51:25,040

what else could you call it

1349

00:51:29,109 --> 00:51:27,520

totally half of my body is gone and i

1350

00:51:31,030 --> 00:51:29,119

was walking in it

1351

00:51:34,309 --> 00:51:31,040

and the smell was there

1352

00:51:36,309 --> 00:51:34,319

uh the deer had not been moved yet but

1353

00:51:37,829 --> 00:51:36,319

the the next day that when i put the

1354

00:51:39,990 --> 00:51:37,839

camera back out

1355

00:51:42,470 --> 00:51:40,000

uh the myth came and the deer was moved

1356

00:51:43,190 --> 00:51:42,480

about 10 feet on that particular deer

1357

00:51:45,670 --> 00:51:43,200

but

1358

00:51:48,470 --> 00:51:45,680

that that that can't you can't have that

1359

00:51:51,589 --> 00:51:48,480

picture how can you have a camera taking

1360

00:51:53,990 --> 00:51:51,599

a picture out in my hayfield

1361

00:51:55,910 --> 00:51:54,000

that has that disturbance

1362

00:51:57,270 --> 00:51:55,920

and it looks like a bull's eye if you

1363

00:52:00,870 --> 00:51:57,280

look at it close

1364

00:52:01,910 --> 00:52:00,880

um i get a white mist in my camera i get

1365

00:52:04,390 --> 00:52:01,920

um

1366

00:52:05,829 --> 00:52:04,400

i get uh this this multi-colored mist i

1367

00:52:07,910 --> 00:52:05,839

call this one

1368

00:52:10,470 --> 00:52:07,920

and then i get a black mist

1369

00:52:12,950 --> 00:52:10,480

and if you go to the next picture

1370

00:52:14,790 --> 00:52:12,960

um there's a black mist this black mist

1371

00:52:17,190 --> 00:52:14,800

came and there was a deer

1372

00:52:18,870 --> 00:52:17,200

i had a deer out that was laying there

1373

00:52:20,630 --> 00:52:18,880

and the black mist came and that deer

1374

00:52:23,829 --> 00:52:20,640

was carried 10 feet

1375

00:52:25,990 --> 00:52:23,839

and dropped between two trees

1376

00:52:27,750 --> 00:52:26,000

and that that black mist was there for

1377

00:52:29,589 --> 00:52:27,760

about 20 minutes

1378

00:52:30,870 --> 00:52:29,599

you think it may be some type of

1379

00:52:33,109 --> 00:52:30,880

cloaking

1380

00:52:35,510 --> 00:52:33,119

abilities it has to keep it from being

1381

00:52:38,950 --> 00:52:35,520

seen on the camera oh oh abs absolutely

1382

00:52:40,710 --> 00:52:38,960

there i have another several times i

1383

00:52:45,030 --> 00:52:40,720

uh

1384

00:52:46,390 --> 00:52:45,040

the deer was totally gone all the deer

1385

00:52:48,870 --> 00:52:46,400

were carried away

1386

00:52:51,670 --> 00:52:48,880

and i went up and to take pictures i

1387

00:52:54,549 --> 00:52:51,680

took pictures of where the deer had been

1388

00:52:56,630 --> 00:52:54,559

and then when i picked up the sd card

1389

00:52:59,910 --> 00:52:56,640

i did not trigger that that's that

1390

00:53:00,790 --> 00:52:59,920

camera until my hand uh it's actually my

1391

00:53:04,630 --> 00:53:00,800

hip

1392

00:53:07,270 --> 00:53:04,640

uh came close to the camera to uh

1393

00:53:10,069 --> 00:53:07,280

to to take out the sd card i was it was

1394

00:53:11,990 --> 00:53:10,079

told i was totally close i was 15 feet

1395

00:53:13,430 --> 00:53:12,000

from a working camera took no pictures

1396

00:53:15,030 --> 00:53:13,440

of me

1397

00:53:17,670 --> 00:53:15,040

so talking down

1398

00:53:19,270 --> 00:53:17,680

this okay go ahead go i'll i just want

1399

00:53:20,470 --> 00:53:19,280

to say we'll go ahead lee lee and i want

1400

00:53:22,309 --> 00:53:20,480

to come back and tell you something

1401  
00:53:23,829 --> 00:53:22,319  
about that because i had forgotten about

1402  
00:53:25,910 --> 00:53:23,839  
the electronic stuff that night in the

1403  
00:53:29,030 --> 00:53:25,920  
investigation

1404  
00:53:31,430 --> 00:53:29,040  
yeah electronics electronics i've had sd

1405  
00:53:33,109 --> 00:53:31,440  
cards get totally totally

1406  
00:53:36,309 --> 00:53:33,119  
uh

1407  
00:53:39,349 --> 00:53:36,319  
renamed they put kpeg files on it and

1408  
00:53:42,630 --> 00:53:39,359  
uh and the sd cards have just been

1409  
00:53:44,950 --> 00:53:42,640  
i had forgot i had forgotten

1410  
00:53:46,390 --> 00:53:44,960  
cameras just stop working and then and

1411  
00:53:48,870 --> 00:53:46,400  
that change the sd card they start

1412  
00:53:50,870 --> 00:53:48,880  
working again and multi says our cameras

1413  
00:53:53,349 --> 00:53:50,880

don't fix themselves i said well they

1414

00:53:55,109 --> 00:53:53,359

kind of do

1415

00:53:56,950 --> 00:53:55,119

that's what i forgot to tell you before

1416

00:53:59,510 --> 00:53:56,960

uh guys that when we were doing the

1417

00:54:00,950 --> 00:53:59,520

investigation lee had the uh the trail

1418

00:54:04,870 --> 00:54:00,960

cams on

1419

00:54:07,190 --> 00:54:04,880

that day yeah so i get it so we get done

1420

00:54:08,150 --> 00:54:07,200

we get done the investigation the next

1421

00:54:10,790 --> 00:54:08,160

morning

1422

00:54:12,950 --> 00:54:10,800

we had breakfast with lee at the local

1423

00:54:14,549 --> 00:54:12,960

uh diner and then we we had a fly back

1424

00:54:15,750 --> 00:54:14,559

to bucks county but i got a text from

1425

00:54:18,390 --> 00:54:15,760

lee

1426

00:54:20,790 --> 00:54:18,400

saying that oh by the way

1427

00:54:22,790 --> 00:54:20,800

the trail cams never went off there's no

1428

00:54:25,030 --> 00:54:22,800

pictures of you guys out there last

1429

00:54:26,790 --> 00:54:25,040

night it was like something shut it off

1430

00:54:28,549 --> 00:54:26,800

at five o'clock

1431

00:54:31,829 --> 00:54:28,559

and then it didn't turn on again until

1432

00:54:37,109 --> 00:54:35,190

and then scott scott had a gopro set up

1433

00:54:40,069 --> 00:54:37,119

too we didn't get anything recorded on

1434

00:54:41,030 --> 00:54:40,079

the gopro so something knocked it off

1435

00:54:42,789 --> 00:54:41,040

now

1436

00:54:44,630 --> 00:54:42,799

this last time we were there i just want

1437

00:54:47,349 --> 00:54:44,640

to say this real quick

1438

00:54:48,710 --> 00:54:47,359

was uh and lee and i know lee was blown

1439

00:54:51,030 --> 00:54:48,720

away by this too

1440

00:54:53,190 --> 00:54:51,040

so this this last investigation we went

1441

00:54:55,829 --> 00:54:53,200

into this new area where we actually saw

1442

00:54:58,950 --> 00:54:55,839

those square tracks

1443

00:55:01,349 --> 00:54:58,960

and we all had our hotel room cards in

1444

00:55:03,430 --> 00:55:01,359

our pockets i'm on video

1445

00:55:05,510 --> 00:55:03,440

and uh we had

1446

00:55:07,910 --> 00:55:05,520

my my

1447

00:55:10,470 --> 00:55:07,920

was in was in my pocket

1448

00:55:13,349 --> 00:55:10,480

dominic satell my other team member he

1449

00:55:15,829 --> 00:55:13,359

had it in his pocket scott had it in his

1450

00:55:18,069 --> 00:55:15,839

ellen kept hers in the truck

1451

00:55:20,390 --> 00:55:18,079

so we're out in that in that field and

1452

00:55:23,030 --> 00:55:20,400

when we got back to the hotel those

1453

00:55:23,829 --> 00:55:23,040

cards didn't work wiped them wiped them

1454

00:55:28,870 --> 00:55:23,839

out

1455

00:55:33,510 --> 00:55:31,510

that's bizarre yeah we've got um we've

1456

00:55:35,910 --> 00:55:33,520

got we've got a picture of some hair as

1457

00:55:38,390 --> 00:55:35,920

well can you talk a bit about that yeah

1458

00:55:40,870 --> 00:55:38,400

okay so this i i have some i have

1459

00:55:43,349 --> 00:55:40,880

pictures of the of the piece of bray

1460

00:55:45,910 --> 00:55:43,359

road like this if we go back one vince

1461

00:55:48,710 --> 00:55:45,920

vincent please go back one this this

1462

00:55:50,870 --> 00:55:48,720

camera is five feet off the ground

1463

00:55:53,829 --> 00:55:50,880

and this is a fairly recent one this is

1464

00:55:57,109 --> 00:55:53,839

october 17 2021

1465

00:55:58,390 --> 00:55:57,119

and i have pictures of it real close i

1466

00:55:59,109 --> 00:55:58,400

have pictures of far away and i have

1467

00:56:01,589 --> 00:55:59,119

some

1468

00:56:02,630 --> 00:56:01,599

actually eric knows i've showed him

1469

00:56:04,470 --> 00:56:02,640

showing him

1470

00:56:07,030 --> 00:56:04,480

uh i have some really pretty good

1471

00:56:11,430 --> 00:56:07,040

pictures of the beast of brave road but

1472

00:56:11,440 --> 00:56:14,950

keeping those hit for a while

1473

00:56:20,069 --> 00:56:19,030

um but here is here is the type of hair

1474

00:56:22,069 --> 00:56:20,079

that

1475

00:56:23,670 --> 00:56:22,079

uh this camera was five feet off the

1476

00:56:25,829 --> 00:56:23,680

ground and this

1477

00:56:27,750 --> 00:56:25,839

i mean there's no it's not a dog it's

1478

00:56:30,150 --> 00:56:27,760

not a coyote it's not a dog it's not a

1479

00:56:33,109 --> 00:56:30,160

deer it's not a person there's no person

1480

00:56:35,109 --> 00:56:33,119

out in my field it's very very isolated

1481

00:56:35,990 --> 00:56:35,119

uh there's nobody out there in a gilly

1482

00:56:37,109 --> 00:56:36,000

suit

1483

00:56:39,030 --> 00:56:37,119

so

1484

00:56:40,950 --> 00:56:39,040

tell me what would be five feet off the

1485

00:56:43,750 --> 00:56:40,960

ground and would have this

1486

00:56:44,549 --> 00:56:43,760

this type of of hair configuration you

1487

00:56:46,069 --> 00:56:44,559

know

1488

00:56:48,470 --> 00:56:46,079

it kind of looks like hair that might be

1489

00:56:51,030 --> 00:56:48,480

coming off a shoulder down an arm

1490

00:56:53,270 --> 00:56:51,040

yeah it does and i have i have some

1491

00:56:56,390 --> 00:56:53,280

pictures of shoulders and arms and you

1492

00:56:57,589 --> 00:56:56,400

know and uh pectoral muscles

1493

00:56:59,430 --> 00:56:57,599

um

1494

00:57:01,349 --> 00:56:59,440

you know i have over a hundred thousand

1495

00:57:04,230 --> 00:57:01,359

pictures on my computer so

1496

00:57:07,990 --> 00:57:04,240

uh and and majority of them have

1497

00:57:10,789 --> 00:57:08,000

uh superna in paranormal implications so

1498

00:57:13,549 --> 00:57:10,799

uh then then if you go so that's that

1499

00:57:15,190 --> 00:57:13,559

that that was on my camera but in

1500

00:57:17,990 --> 00:57:15,200

2016

1501  
00:57:20,069 --> 00:57:18,000  
okay go one more vincent please i picked

1502  
00:57:21,510 --> 00:57:20,079  
i found this hair go you're going to i

1503  
00:57:23,510 --> 00:57:21,520  
found this hair

1504  
00:57:25,349 --> 00:57:23,520  
on a bush two and two feet off the

1505  
00:57:27,430 --> 00:57:25,359  
ground in

1506  
00:57:28,950 --> 00:57:27,440  
on my fence line it was a bush on my

1507  
00:57:32,069 --> 00:57:28,960  
fence line

1508  
00:57:34,470 --> 00:57:32,079  
and uh it i have that hair

1509  
00:57:36,150 --> 00:57:34,480  
and uh i bought a

1510  
00:57:37,910 --> 00:57:36,160  
microscope to

1511  
00:57:40,470 --> 00:57:37,920  
take picture to take pictures of it

1512  
00:57:41,589 --> 00:57:40,480  
because i i called um university of

1513  
00:57:43,910 --> 00:57:41,599

madison

1514

00:57:45,430 --> 00:57:43,920

and they wanted two thousand dollars

1515

00:57:47,750 --> 00:57:45,440

that's part of the part of the hair that

1516

00:57:49,990 --> 00:57:47,760

was on the uh

1517

00:57:51,030 --> 00:57:50,000

was on was on that bush two feet off the

1518

00:57:52,870 --> 00:57:51,040

ground

1519

00:57:55,270 --> 00:57:52,880

and i think next you should have a

1520

00:57:57,589 --> 00:57:55,280

microscopic pictures of it

1521

00:57:58,789 --> 00:57:57,599

if we go one more

1522

00:58:01,589 --> 00:57:58,799

yeah there

1523

00:58:03,670 --> 00:58:01,599

and there's no sheath to it there's no

1524

00:58:05,910 --> 00:58:03,680

there's no center there's no

1525

00:58:08,549 --> 00:58:05,920

there's no uh covering there's no i was

1526

00:58:10,309 --> 00:58:08,559

just gonna say it say

1527

00:58:11,670 --> 00:58:10,319

so you're getting to that point lon

1528

00:58:14,150 --> 00:58:11,680

where you just said does this have a

1529

00:58:16,030 --> 00:58:14,160

cloaking device and there you go i mean

1530

00:58:18,390 --> 00:58:16,040

it's like a translucent maybe it's a

1531

00:58:20,630 --> 00:58:18,400

translucency that's causing it yeah

1532

00:58:23,430 --> 00:58:20,640

because right you know in hair that's

1533

00:58:24,549 --> 00:58:23,440

suspected even a bigfoot it's got a cord

1534

00:58:26,150 --> 00:58:24,559

to it

1535

00:58:28,230 --> 00:58:26,160

uh

1536

00:58:30,630 --> 00:58:28,240

but i i don't think i've ever seen

1537

00:58:32,710 --> 00:58:30,640

anything like this before

1538

00:58:34,390 --> 00:58:32,720

there's no hair that matches

1539

00:58:38,789 --> 00:58:34,400

and you know

1540

00:58:41,750 --> 00:58:38,799

would pay the 2000 which you know

1541

00:58:43,349 --> 00:58:41,760

to have his dna tested and probably come

1542

00:58:45,670 --> 00:58:43,359

back unknown but

1543

00:58:48,390 --> 00:58:45,680

you can look at my microscope pictures

1544

00:58:51,030 --> 00:58:48,400

of it and see it matches

1545

00:58:53,109 --> 00:58:51,040

in the brown hair that's the white hair

1546

00:58:55,349 --> 00:58:53,119

do we have another picture do i send you

1547

00:58:56,950 --> 00:58:55,359

some more vincent

1548

00:58:57,750 --> 00:58:56,960

yeah that's more white but the brown

1549

00:58:59,750 --> 00:58:57,760

hair

1550

00:59:03,109 --> 00:58:59,760

there's the brown here that's like

1551

00:59:05,430 --> 00:59:03,119

segmented and it's got little uh it's

1552

00:59:08,710 --> 00:59:05,440

got little hooks on it and that's why

1553

00:59:11,990 --> 00:59:08,720

there's so much debris in my sample

1554

00:59:17,670 --> 00:59:15,109

uh i don't see any on that one but um

1555

00:59:19,750 --> 00:59:17,680

it's it's segmented and there's some of

1556

00:59:22,230 --> 00:59:19,760

the hair has a hook on it

1557

00:59:23,349 --> 00:59:22,240

is that one back there too

1558

00:59:24,630 --> 00:59:23,359

i don't see it on that particular

1559

00:59:26,390 --> 00:59:24,640

picture but

1560

00:59:28,870 --> 00:59:26,400

right there

1561

00:59:35,190 --> 00:59:28,880

yeah they're they're

1562

00:59:39,430 --> 00:59:37,430

boy that's bizarre

1563

00:59:41,430 --> 00:59:39,440

i mean it's just so bizarre i mean this

1564

00:59:43,910 --> 00:59:41,440

story gets more and more bizarre and the

1565

00:59:44,710 --> 00:59:43,920

more that you're out there investigating

1566

00:59:46,390 --> 00:59:44,720

uh

1567

00:59:47,829 --> 00:59:46,400

you'll see i mean

1568

00:59:49,589 --> 00:59:47,839

this last time that we were out there

1569

00:59:52,549 --> 00:59:49,599

unfortunately the weather got us this

1570

00:59:54,230 --> 00:59:52,559

time um we didn't you know uh i don't

1571

00:59:56,309 --> 00:59:54,240

want to say too much because i'm editing

1572

00:59:57,910 --> 00:59:56,319

the uh video and i want i get it i want

1573

01:00:01,270 --> 00:59:57,920

people to uh

1574

01:00:03,190 --> 01:00:01,280

to be surprised but i will say this

1575

01:00:04,549 --> 01:00:03,200

though um oh yeah there's there's that

1576

01:00:06,309 --> 01:00:04,559

picture there um

1577

01:00:07,589 --> 01:00:06,319

we when we were here

1578

01:00:10,069 --> 01:00:07,599

i'll talk about that one there's

1579

01:00:12,150 --> 01:00:10,079

something down in that bait area that is

1580

01:00:14,309 --> 01:00:12,160

that's very very strange because when we

1581

01:00:16,230 --> 01:00:14,319

were down there the wind was blowing

1582

01:00:18,789 --> 01:00:16,240

like crazy when we were when we were

1583

01:00:20,950 --> 01:00:18,799

walking to that area when we got down to

1584

01:00:21,990 --> 01:00:20,960

the bait area where we had all that

1585

01:00:24,309 --> 01:00:22,000

activity

1586

01:00:25,430 --> 01:00:24,319

everything got dead quiet the wind

1587

01:00:27,109 --> 01:00:25,440

stopped

1588

01:00:28,789 --> 01:00:27,119

and there was no you know there's trees

1589

01:00:30,789 --> 01:00:28,799

there but nothing's really blocking the

1590

01:00:32,950 --> 01:00:30,799

wind it was all open and the leaves were

1591

01:00:35,750 --> 01:00:32,960

off so it was everything was pretty much

1592

01:00:38,309 --> 01:00:35,760

open there but it had got dead quiet in

1593

01:00:39,990 --> 01:00:38,319

that area so to me there's something in

1594

01:00:41,109 --> 01:00:40,000

that area that we're going to keep

1595

01:00:43,750 --> 01:00:41,119

looking at

1596

01:00:48,150 --> 01:00:43,760

um and and what's going on that's that

1597

01:00:51,990 --> 01:00:49,670

this again you know you get the pictures

1598

01:00:53,349 --> 01:00:52,000

too close or too far away although i do

1599

01:00:55,670 --> 01:00:53,359

have some that

1600

01:00:57,349 --> 01:00:55,680

are perfect but anyway um this

1601  
01:00:59,109 --> 01:00:57,359  
particular one

1602  
01:01:00,230 --> 01:00:59,119  
if you this is a quarter mile from my

1603  
01:01:01,030 --> 01:01:00,240  
camera

1604  
01:01:02,230 --> 01:01:01,040  
now

1605  
01:01:04,710 --> 01:01:02,240  
there's a

1606  
01:01:06,150 --> 01:01:04,720  
looks like a small tree

1607  
01:01:08,150 --> 01:01:06,160  
to the to the

1608  
01:01:10,150 --> 01:01:08,160  
to the right of it to the right of that

1609  
01:01:11,589 --> 01:01:10,160  
figure

1610  
01:01:13,910 --> 01:01:11,599  
there's a small tree i don't know if he

1611  
01:01:16,069 --> 01:01:13,920  
can zoom in on that or not there's a

1612  
01:01:18,150 --> 01:01:16,079  
small tree to the right of that figure

1613  
01:01:20,630 --> 01:01:18,160

uh yeah that tree right there it didn't

1614

01:01:24,789 --> 01:01:20,640

come okay i mean that tree i measured

1615

01:01:32,150 --> 01:01:27,910

okay so that puts that figure

1616

01:01:34,230 --> 01:01:32,160

at least six to six to seven feet tall

1617

01:01:35,589 --> 01:01:34,240

and wide

1618

01:01:37,349 --> 01:01:35,599

that's that's that thing's a quarter

1619

01:01:39,589 --> 01:01:37,359

mile away that

1620

01:01:42,390 --> 01:01:39,599

that's a very large tree that's a bunch

1621

01:01:45,990 --> 01:01:42,400

of large animals yeah

1622

01:01:49,430 --> 01:01:48,069

what's this song only

1623

01:01:51,030 --> 01:01:49,440

i don't know

1624

01:01:52,549 --> 01:01:51,040

i think you were doing i think you were

1625

01:01:54,789 --> 01:01:52,559

doing a measurement lee of hell oh

1626

01:01:55,670 --> 01:01:54,799

that's right that's a tape okay that's

1627

01:02:01,430 --> 01:01:55,680

yeah

1628

01:02:02,950 --> 01:02:01,440

that's actually

1629

01:02:04,789 --> 01:02:02,960

you guys got that off my blog site

1630

01:02:08,150 --> 01:02:04,799

that's actually my son

1631

01:02:11,430 --> 01:02:08,160

uh saw saw uh

1632

01:02:13,029 --> 01:02:11,440

our eyes above that uh that that time my

1633

01:02:13,910 --> 01:02:13,039

my hay field i couldn't cut it was too

1634

01:02:16,230 --> 01:02:13,920

wet

1635

01:02:18,950 --> 01:02:16,240

and uh

1636

01:02:23,910 --> 01:02:21,270

you guys went away

1637

01:02:27,190 --> 01:02:23,920

we can still hear you

1638

01:02:27,200 --> 01:02:31,349

but it was uh

1639

01:02:37,910 --> 01:02:34,390

yeah i mean you can hear me

1640

01:02:40,789 --> 01:02:37,920

i lost the video yeah

1641

01:02:44,390 --> 01:02:40,799

how do i get back on

1642

01:02:47,109 --> 01:02:44,400

anyway uh that that was uh my son had

1643

01:02:49,829 --> 01:02:47,119

seen eyes above that and that was over

1644

01:02:54,710 --> 01:02:49,839

six feet tall

1645

01:02:58,630 --> 01:02:56,710

yeah i mean the uh

1646

01:03:00,390 --> 01:02:58,640

every time we go out to that property

1647

01:03:01,589 --> 01:03:00,400

there's something that happens you know

1648

01:03:03,349 --> 01:03:01,599

and uh

1649

01:03:05,029 --> 01:03:03,359

and this particular time like i said we

1650

01:03:08,309 --> 01:03:05,039

were out in that in that area where we

1651  
01:03:10,069 --> 01:03:08,319  
saw these the the square tracks which we

1652  
01:03:11,349 --> 01:03:10,079  
were calling them the knuckle walkers

1653  
01:03:13,589 --> 01:03:11,359  
because

1654  
01:03:15,190 --> 01:03:13,599  
it just looks like like just lee said it

1655  
01:03:16,630 --> 01:03:15,200  
looks like they're

1656  
01:03:17,910 --> 01:03:16,640  
out you know pounding down with their

1657  
01:03:20,390 --> 01:03:17,920  
knuckles

1658  
01:03:22,630 --> 01:03:20,400  
and then just the weird way this thing

1659  
01:03:24,549 --> 01:03:22,640  
walks uh was something that really

1660  
01:03:26,710 --> 01:03:24,559  
struck me on this particular

1661  
01:03:28,630 --> 01:03:26,720  
investigation and you'll see that in the

1662  
01:03:30,950 --> 01:03:28,640  
video where we have a lot of people came

1663  
01:03:34,150 --> 01:03:30,960

up and and were and were talking about

1664

01:03:37,349 --> 01:03:35,589

interesting

1665

01:03:40,710 --> 01:03:37,359

i um

1666

01:03:46,390 --> 01:03:42,950

somehow affects the environment around

1667

01:03:47,430 --> 01:03:46,400

it i mean you say about it getting quiet

1668

01:03:49,270 --> 01:03:47,440

uh

1669

01:03:55,750 --> 01:03:49,280

feeling still do you think it has some

1670

01:03:58,470 --> 01:03:57,109

ask that again

1671

01:04:00,230 --> 01:03:58,480

i don't think i understood your question

1672

01:04:01,430 --> 01:04:00,240

yet go ahead in other words you you

1673

01:04:02,870 --> 01:04:01,440

mentioned

1674

01:04:05,589 --> 01:04:02,880

that uh

1675

01:04:06,710 --> 01:04:05,599

it gets quiet all of a sudden it uh

1676  
01:04:08,710 --> 01:04:06,720  
it's still

1677  
01:04:11,190 --> 01:04:08,720  
do you think the beast has some type of

1678  
01:04:13,109 --> 01:04:11,200  
influence on that absolutely

1679  
01:04:15,589 --> 01:04:13,119  
um the

1680  
01:04:19,029 --> 01:04:15,599  
if i get the mist and and

1681  
01:04:21,589 --> 01:04:19,039  
uh you know or i get abnormal uh

1682  
01:04:24,309 --> 01:04:21,599  
pictures on my on my cameras

1683  
01:04:25,589 --> 01:04:24,319  
i see no coyotes i see no deer for a

1684  
01:04:27,589 --> 01:04:25,599  
period of time

1685  
01:04:30,470 --> 01:04:27,599  
i'll be and if you're out there and the

1686  
01:04:32,710 --> 01:04:30,480  
crickets and everything

1687  
01:04:33,990 --> 01:04:32,720  
and you hear no more frogs or crickets

1688  
01:04:40,150 --> 01:04:34,000

or

1689

01:04:43,349 --> 01:04:40,160

gonna be some experience of something

1690

01:04:45,430 --> 01:04:43,359

abnormal maybe a light maybe an orb

1691

01:04:46,789 --> 01:04:45,440

linda and i saw an orb come across the

1692

01:04:50,230 --> 01:04:46,799

field

1693

01:04:52,390 --> 01:04:50,240

or or maybe a sound or if you're looking

1694

01:04:53,670 --> 01:04:52,400

through your uh you know the night

1695

01:04:56,710 --> 01:04:53,680

vision

1696

01:04:59,270 --> 01:04:56,720

you may see a figure or you may see

1697

01:05:01,349 --> 01:04:59,280

orbs

1698

01:05:02,069 --> 01:05:01,359

or you may see a figure a white figure

1699

01:05:04,870 --> 01:05:02,079

or

1700

01:05:07,829 --> 01:05:04,880

a dark figure with your eyes so i mean

1701

01:05:09,270 --> 01:05:07,839

it's uh all those have have taken place

1702

01:05:11,029 --> 01:05:09,280

in my hayfield

1703

01:05:13,190 --> 01:05:11,039

have you seen any type of humanoid

1704

01:05:15,349 --> 01:05:13,200

figures or anything like that that look

1705

01:05:17,750 --> 01:05:15,359

like maybe like a ghost or something oh

1706

01:05:19,750 --> 01:05:17,760

oh sure i have uh

1707

01:05:21,910 --> 01:05:19,760

i have uh i didn't send you in those i

1708

01:05:24,630 --> 01:05:21,920

have uh yeah well that one there i sent

1709

01:05:26,549 --> 01:05:24,640

you yeah uh yes absolutely uh i just had

1710

01:05:29,349 --> 01:05:26,559

one two weeks ago that

1711

01:05:31,670 --> 01:05:29,359

uh appeared to be a

1712

01:05:33,190 --> 01:05:31,680

a ghosted crowd he was standing up and

1713

01:05:34,390 --> 01:05:33,200

he's bent over

1714

01:05:39,589 --> 01:05:34,400

um

1715

01:05:40,630 --> 01:05:39,599

uh mist or ghost right type figures yes

1716

01:05:42,710 --> 01:05:40,640

absolutely

1717

01:05:45,589 --> 01:05:42,720

i have a black i have

1718

01:05:46,950 --> 01:05:45,599

a black um figure that

1719

01:05:48,470 --> 01:05:46,960

actually

1720

01:05:50,630 --> 01:05:48,480

uh

1721

01:05:53,349 --> 01:05:50,640

i have my trigger my camera set so it

1722

01:05:55,430 --> 01:05:53,359

triggers three pictures at a time i find

1723

01:05:56,950 --> 01:05:55,440

pictures work much better for my study

1724

01:05:58,950 --> 01:05:56,960

than videos

1725

01:06:00,789 --> 01:05:58,960

and uh and i might have a trigger take

1726

01:06:02,390 --> 01:06:00,799

three at a time and the first one

1727

01:06:04,630 --> 01:06:02,400

there's no figure the second one there's

1728

01:06:06,630 --> 01:06:04,640

a translucent black figure

1729

01:06:08,789 --> 01:06:06,640

and the third one there's a solid black

1730

01:06:11,430 --> 01:06:08,799

figure and that's one second

1731

01:06:14,390 --> 01:06:11,440

and it has just materialized

1732

01:06:15,349 --> 01:06:14,400

virtually in front of your eyes

1733

01:06:16,870 --> 01:06:15,359

so

1734

01:06:18,789 --> 01:06:16,880

and i get many

1735

01:06:21,670 --> 01:06:18,799

abnormalities like the one the one you

1736

01:06:23,029 --> 01:06:21,680

just had up there vincent uh that is

1737

01:06:28,870 --> 01:06:23,039

something

1738

01:06:32,710 --> 01:06:30,309

you know that's

1739

01:06:35,190 --> 01:06:32,720

that's just recent too i think that was

1740

01:06:37,990 --> 01:06:35,200

oh november 2021.

1741

01:06:39,029 --> 01:06:38,000

uh i mean there's no bugs out

1742

01:06:40,870 --> 01:06:39,039

right

1743

01:06:42,470 --> 01:06:40,880

uh and and i have

1744

01:06:45,270 --> 01:06:42,480

other uh

1745

01:06:47,990 --> 01:06:45,280

many or abnormalities that are that are

1746

01:06:51,349 --> 01:06:48,000

in my in my camera and i get thousands

1747

01:06:53,589 --> 01:06:51,359

hundreds of false triggers all the time

1748

01:06:55,109 --> 01:06:53,599

i mean here this camera took a picture

1749

01:06:57,349 --> 01:06:55,119

of that

1750

01:06:59,589 --> 01:06:57,359

what triggered the camera does that

1751

01:07:01,750 --> 01:06:59,599

and i call moultrie i call tasco and

1752

01:07:04,630 --> 01:07:01,760

culvert and all they say it has to be

1753

01:07:07,589 --> 01:07:04,640

heat and light heat and motion not one

1754

01:07:09,430 --> 01:07:07,599

or the other and heat and motion

1755

01:07:10,789 --> 01:07:09,440

to trigger the camera that's what their

1756

01:07:13,349 --> 01:07:10,799

game cameras

1757

01:07:16,230 --> 01:07:13,359

so is that object we're looking at there

1758

01:07:18,470 --> 01:07:16,240

that figure that is that have heat and

1759

01:07:21,589 --> 01:07:18,480

motion what i mean it's

1760

01:07:23,990 --> 01:07:21,599

it has no form that i can

1761

01:07:25,829 --> 01:07:24,000

you're the physics teacher tell us i

1762

01:07:27,990 --> 01:07:25,839

really don't know

1763

01:07:29,510 --> 01:07:28,000

i didn't study quantum physics i think i

1764

01:07:31,589 --> 01:07:29,520

didn't think about it i think we've got

1765

01:07:34,230 --> 01:07:31,599

to get up to quantum physics and and

1766

01:07:36,789 --> 01:07:34,240

multi-verse universe math so right oh my

1767

01:07:38,230 --> 01:07:36,799

god you know just the you know the i

1768

01:07:40,069 --> 01:07:38,240

wanted to say also a couple of shout

1769

01:07:41,270 --> 01:07:40,079

outs we got some really great people

1770

01:07:43,109 --> 01:07:41,280

listening in tonight because they've

1771

01:07:44,870 --> 01:07:43,119

been sending me messages we got a great

1772

01:07:47,910 --> 01:07:44,880

paranormal researcher

1773

01:07:51,349 --> 01:07:47,920

morgan knutson is on from canada

1774

01:07:52,549 --> 01:07:51,359

um also my buddy jim krug from altoona

1775

01:07:53,430 --> 01:07:52,559

pennsylvania

1776

01:07:55,109 --> 01:07:53,440

uh

1777

01:07:56,390 --> 01:07:55,119

and you know has got great questions

1778

01:07:57,910 --> 01:07:56,400

here i'm sure we're going to probably do

1779

01:07:59,910 --> 01:07:57,920

some question and answer type things too

1780

01:08:03,190 --> 01:07:59,920

but yeah i i've told the folks if you've

1781

01:08:05,910 --> 01:08:03,200

got any questions uh put it in caps on

1782

01:08:08,710 --> 01:08:05,920

the chat and yeah we'll we'll go ahead

1783

01:08:09,510 --> 01:08:08,720

and give it to the gentleman uh i gotta

1784

01:08:13,829 --> 01:08:09,520

ask

1785

01:08:16,789 --> 01:08:13,839

have you had any type of paranormal or

1786

01:08:20,309 --> 01:08:16,799

unusual activity inside your home there

1787

01:08:22,309 --> 01:08:20,319

well again i live 35 miles away right

1788

01:08:23,269 --> 01:08:22,319

and but i do stay up there certainly

1789

01:08:26,229 --> 01:08:23,279

during

1790

01:08:28,870 --> 01:08:26,239

the summer hay season i i i have a

1791

01:08:31,990 --> 01:08:28,880

bedroom in the i have a shed

1792

01:08:33,829 --> 01:08:32,000

it's a hundred by 120 by 60 foot shed

1793

01:08:35,510 --> 01:08:33,839

that i store my hay in

1794

01:08:37,349 --> 01:08:35,520

um

1795

01:08:39,749 --> 01:08:37,359

i i mean

1796

01:08:42,070 --> 01:08:39,759

i have uh there's been

1797

01:08:44,630 --> 01:08:42,080

paranormal around the shed i have a

1798

01:08:46,309 --> 01:08:44,640

picture of a one time the camera was a

1799

01:08:48,630 --> 01:08:46,319

half mile away

1800

01:08:50,390 --> 01:08:48,640

and that particular night i was staying

1801  
01:08:53,030 --> 01:08:50,400  
there and

1802  
01:08:56,630 --> 01:08:53,040  
and there was this

1803  
01:08:57,430 --> 01:08:56,640  
appeared to be a fire all the way along

1804  
01:09:01,590 --> 01:08:57,440  
the

1805  
01:09:03,749 --> 01:09:01,600  
it was just all lit up

1806  
01:09:07,910 --> 01:09:03,759  
and the camera a half mile away took a

1807  
01:09:13,829 --> 01:09:10,950  
i have put the camera in my shed i have

1808  
01:09:15,110 --> 01:09:13,839  
not got i have not gotten any unusual

1809  
01:09:17,590 --> 01:09:15,120  
pictures but

1810  
01:09:20,229 --> 01:09:17,600  
uh the sd card uh

1811  
01:09:21,189 --> 01:09:20,239  
one when i put an sd card and the sd

1812  
01:09:24,550 --> 01:09:21,199  
card

1813  
01:09:28,390 --> 01:09:24,560

uh was totally totally manipulated uh in

1814

01:09:30,870 --> 01:09:28,400

fact it was not accessible my computer

1815

01:09:33,590 --> 01:09:30,880

uh just simply would not recognize i

1816

01:09:35,910 --> 01:09:33,600

even had an sd card in the in the slot

1817

01:09:39,349 --> 01:09:35,920

and i i have a friend and she helps me

1818

01:09:40,789 --> 01:09:39,359

and she was she i gave it to her and her

1819

01:09:42,390 --> 01:09:40,799

computer just

1820

01:09:43,829 --> 01:09:42,400

she put in slot and just gave her a

1821

01:09:46,470 --> 01:09:43,839

question mark

1822

01:09:50,309 --> 01:09:46,480

so there is manipulation i think on my

1823

01:09:52,149 --> 01:09:50,319

property but there are two trees that

1824

01:09:54,149 --> 01:09:52,159

are on the lane that i have going back

1825

01:09:56,390 --> 01:09:54,159

they're about eighth of a mile from my

1826

01:09:58,950 --> 01:09:56,400

farm and i call those two

1827

01:10:03,350 --> 01:10:01,430

trees of weirdness because most activity

1828

01:10:04,550 --> 01:10:03,360

does happen in the back part but i've

1829

01:10:05,350 --> 01:10:04,560

had tracks

1830

01:10:07,669 --> 01:10:05,360

uh

1831

01:10:10,149 --> 01:10:07,679

near the barn that have been absolutely

1832

01:10:12,790 --> 01:10:10,159

the five-toed seven pad tracks and and

1833

01:10:15,350 --> 01:10:12,800

one time about

1834

01:10:17,270 --> 01:10:15,360

a worker and i were sleeping there and

1835

01:10:20,149 --> 01:10:17,280

something hit the shed

1836

01:10:22,470 --> 01:10:20,159

now again it could be somebody walking

1837

01:10:24,390 --> 01:10:22,480

they'll come to scare us sure but about

1838

01:10:25,510 --> 01:10:24,400

eight feet up in the air about you know

1839

01:10:26,390 --> 01:10:25,520

midnight

1840

01:10:29,590 --> 01:10:26,400

um

1841

01:10:30,470 --> 01:10:29,600

something hit the shed and uh

1842

01:10:34,709 --> 01:10:30,480

and

1843

01:10:36,870 --> 01:10:34,719

that stuff they don't sneak around

1844

01:10:38,790 --> 01:10:36,880

they're gonna get shot they know i have

1845

01:10:40,550 --> 01:10:38,800

a 12-gauge shot getting a 20-gauge

1846

01:10:42,630 --> 01:10:40,560

shotgun people don't

1847

01:10:50,390 --> 01:10:42,640

you know farm people do not

1848

01:10:53,910 --> 01:10:52,550

so yeah that's another one that i have

1849

01:10:56,550 --> 01:10:53,920

in my field

1850

01:10:58,870 --> 01:10:56,560

uh a very large figure that you have up

1851

01:11:00,790 --> 01:10:58,880

there now um

1852

01:11:02,709 --> 01:11:00,800

what was this taking lee

1853

01:11:05,189 --> 01:11:02,719

uh

1854

01:11:07,350 --> 01:11:05,199

oh that's linda

1855

01:11:09,669 --> 01:11:07,360

okay oh that's a little healthy that's

1856

01:11:11,430 --> 01:11:09,679

not okay she's re-enacting i don't know

1857

01:11:14,630 --> 01:11:11,440

where you guys got that she came and

1858

01:11:15,990 --> 01:11:14,640

reenacted so we could tell how tall the

1859

01:11:17,830 --> 01:11:16,000

image was

1860

01:11:19,189 --> 01:11:17,840

uh that i had out there it was it

1861

01:11:21,990 --> 01:11:19,199

appeared that

1862

01:11:22,870 --> 01:11:22,000

uh when we when she reenacted it

1863

01:11:25,189 --> 01:11:22,880

and

1864

01:11:27,910 --> 01:11:25,199  
then measured how she is about

1865

01:11:30,390 --> 01:11:27,920  
four and a half feet tall

1866

01:11:32,390 --> 01:11:30,400  
and uh

1867

01:11:35,030 --> 01:11:32,400  
yeah that's linda reenacting that you

1868

01:11:36,310 --> 01:11:35,040  
don't have the other one gotcha so that

1869

01:11:37,990 --> 01:11:36,320  
the figure there was a figure right

1870

01:11:39,590 --> 01:11:38,000  
there is about four and a half feet this

1871

01:11:41,350 --> 01:11:39,600  
one again we're back this one that tree

1872

01:11:43,990 --> 01:11:41,360  
is 14 feet that

1873

01:11:47,669 --> 01:11:44,000  
little green tree to the right so he's

1874

01:11:50,790 --> 01:11:47,679  
probably six six seven feet tall

1875

01:11:52,149 --> 01:11:50,800  
and wide he's blind too yeah he's big

1876

01:11:54,790 --> 01:11:52,159

and linda

1877

01:11:57,669 --> 01:11:54,800

linda came and i had her come i went out

1878

01:12:00,550 --> 01:11:57,679

there i'm 63 230 pounds

1879

01:12:02,070 --> 01:12:00,560

and she positioned me uh

1880

01:12:04,310 --> 01:12:02,080

close to where she didn't quite get me

1881

01:12:06,950 --> 01:12:04,320

where that creature is there

1882

01:12:07,750 --> 01:12:06,960

and then she tripped the camera

1883

01:12:09,830 --> 01:12:07,760

and

1884

01:12:12,790 --> 01:12:09,840

eric you've seen it right

1885

01:12:15,030 --> 01:12:12,800

you you came i'm you can't see me i'm

1886

01:12:16,390 --> 01:12:15,040

six three 230 pounds

1887

01:12:18,709 --> 01:12:16,400

and i'm

1888

01:12:21,430 --> 01:12:18,719

half the size well the height about the

1889

01:12:23,990 --> 01:12:21,440

same height but my body is

1890

01:12:26,470 --> 01:12:24,000

nothing like that body

1891

01:12:28,390 --> 01:12:26,480

you know in those the mist this mist is

1892

01:12:30,229 --> 01:12:28,400

is another thing too because you know

1893

01:12:32,310 --> 01:12:30,239

you saw those pictures with lee and he

1894

01:12:33,270 --> 01:12:32,320

kind of disappears in the mist

1895

01:12:35,669 --> 01:12:33,280

um

1896

01:12:38,229 --> 01:12:35,679

those pictures of the mist coming across

1897

01:12:40,630 --> 01:12:38,239

the deer it's coming into the deer could

1898

01:12:43,350 --> 01:12:40,640

this thing be cloaking itself in some

1899

01:12:45,830 --> 01:12:43,360

kind of weird mist yeah because then the

1900

01:12:46,950 --> 01:12:45,840

next picture the deer is gone and so is

1901

01:12:50,149 --> 01:12:46,960

the mist

1902

01:12:52,630 --> 01:12:50,159

so it's it's very very strange um well i

1903

01:12:55,030 --> 01:12:52,640

remember the i remember in the film the

1904

01:12:58,390 --> 01:12:55,040

the small towns monsters film they sh

1905

01:13:01,110 --> 01:12:58,400

and i think lee was in his car taking

1906

01:13:03,430 --> 01:13:01,120

orange truck taking the uh images where

1907

01:13:04,709 --> 01:13:03,440

this mist came out on it on a road

1908

01:13:05,830 --> 01:13:04,719

killed deer

1909

01:13:11,350 --> 01:13:05,840

and

1910

01:13:12,870 --> 01:13:11,360

it has done that yes yeah

1911

01:13:15,910 --> 01:13:12,880

it it it

1912

01:13:17,990 --> 01:13:15,920

it'll be it hovers sometimes and then

1913

01:13:19,990 --> 01:13:18,000

within

1914

01:13:21,189 --> 01:13:20,000

a third of a second it's gone

1915

01:13:21,990 --> 01:13:21,199

yeah

1916

01:13:23,350 --> 01:13:22,000

yes

1917

01:13:25,830 --> 01:13:23,360

interesting

1918

01:13:27,270 --> 01:13:25,840

let me ask you this uh eric now you were

1919

01:13:29,669 --> 01:13:27,280

out there twice

1920

01:13:31,110 --> 01:13:29,679

and you guys were staying in hotels

1921

01:13:34,070 --> 01:13:31,120

did did you

1922

01:13:35,990 --> 01:13:34,080

seem to have any type of um

1923

01:13:38,630 --> 01:13:36,000

strange things happen to you away from

1924

01:13:40,149 --> 01:13:38,640

the site uh either hotel or restaurant

1925

01:13:41,669 --> 01:13:40,159

or any place else

1926

01:13:43,110 --> 01:13:41,679

well it's funny you answered you asked

1927

01:13:45,350 --> 01:13:43,120

me that because

1928

01:13:49,030 --> 01:13:45,360

the night that we did the investigation

1929

01:13:51,430 --> 01:13:49,040

on the farm in october of of 2021

1930

01:13:53,990 --> 01:13:51,440

the entire town of elkhorn lost power

1931

01:13:57,750 --> 01:13:56,470

when we got up the next morning they

1932

01:13:59,110 --> 01:13:57,760

were still trying to figure out the

1933

01:14:01,590 --> 01:13:59,120

lights were flickering all over the

1934

01:14:03,510 --> 01:14:01,600

place so i had

1935

01:14:05,590 --> 01:14:03,520

i looked in my room and here i had i

1936

01:14:07,430 --> 01:14:05,600

brought a stick back with me from the it

1937

01:14:10,149 --> 01:14:07,440

must have been on my boot i brought it

1938

01:14:11,750 --> 01:14:10,159

back it was on my hotel room floor and

1939

01:14:12,870 --> 01:14:11,760

dominic says you brought it back with

1940

01:14:14,390 --> 01:14:12,880

you didn't you

1941

01:14:16,790 --> 01:14:14,400

so but hey you know

1942

01:14:17,510 --> 01:14:16,800

i i don't know

1943

01:14:20,390 --> 01:14:17,520

but

1944

01:14:23,030 --> 01:14:20,400

yeah it was just really strange so

1945

01:14:25,590 --> 01:14:23,040

uh but this time now again we went out

1946

01:14:28,070 --> 01:14:25,600

there again the wi-fi went out all the

1947

01:14:29,750 --> 01:14:28,080

way into the wi-fi so could that be an

1948

01:14:32,790 --> 01:14:29,760

electronic thing on their part i don't

1949

01:14:34,070 --> 01:14:32,800

know but that first time though was very

1950

01:14:35,750 --> 01:14:34,080

strange

1951

01:14:38,149 --> 01:14:35,760

i thought we were going to have to scrub

1952

01:14:41,110 --> 01:14:38,159

the entire uh uh

1953

01:14:42,390 --> 01:14:41,120

investigation in october because earlier

1954

01:14:45,750 --> 01:14:42,400

it looked like it was going to rain it

1955

01:14:47,910 --> 01:14:45,760

was really cloudy it was really bad but

1956

01:14:49,910 --> 01:14:47,920

after we left lee from the barn we took

1957

01:14:51,270 --> 01:14:49,920

the the four wheelers down and dominic

1958

01:14:52,550 --> 01:14:51,280

was like should we take the four

1959

01:14:53,669 --> 01:14:52,560

wheelers we don't want to scare this

1960

01:14:56,470 --> 01:14:53,679

thing away

1961

01:14:57,910 --> 01:14:56,480

obviously it didn't get scared so um but

1962

01:14:59,189 --> 01:14:57,920

we went down there when we went to the

1963

01:15:03,510 --> 01:14:59,199

field

1964

01:15:05,430 --> 01:15:03,520

clear as a bell you could see stars

1965

01:15:07,750 --> 01:15:05,440

everything just opened up

1966

01:15:09,510 --> 01:15:07,760

and that's when immediately we saw that

1967

01:15:11,350 --> 01:15:09,520

orb go over

1968

01:15:14,390 --> 01:15:11,360

and uh and then it was just we had like

1969

01:15:16,790 --> 01:15:14,400

a trifecta of of paranormal activity

1970

01:15:18,149 --> 01:15:16,800

literally within 10 minutes

1971

01:15:20,229 --> 01:15:18,159

we we

1972

01:15:21,990 --> 01:15:20,239

we won't say how fast you guys came back

1973

01:15:24,070 --> 01:15:22,000

in my chat

1974

01:15:26,630 --> 01:15:24,080

we'll say we'll say it because we beat

1975

01:15:28,470 --> 01:15:26,640

feet back there man we got out of there

1976

01:15:30,790 --> 01:15:28,480

but uh i'll tell you you know because

1977

01:15:33,110 --> 01:15:30,800

lee i mean and lee could tell you too he

1978

01:15:34,709 --> 01:15:33,120

could see our faces we were visibly

1979

01:15:38,470 --> 01:15:34,719

shaken

1980

01:15:41,430 --> 01:15:38,480

absolutely physically physically shaking

1981

01:15:43,590 --> 01:15:41,440

yeah um vincent asked lee if he

1982

01:15:47,510 --> 01:15:43,600

he or his family or anybody there had

1983

01:15:51,510 --> 01:15:49,350

well i mean i mean

1984

01:15:53,669 --> 01:15:51,520

i know what this can i know what this

1985

01:15:56,550 --> 01:15:53,679

creature can do right i've been a pick

1986

01:15:59,189 --> 01:15:56,560

up 150 200 pound deer and carried away

1987

01:16:02,149 --> 01:15:59,199

i've seen it uh cut

1988

01:16:05,270 --> 01:16:02,159

uh you know as a shoulder you have that

1989

01:16:07,910 --> 01:16:05,280

picture i think where it uh if he to put

1990

01:16:09,270 --> 01:16:07,920

that one up where it cuts the shoulder

1991

01:16:11,270 --> 01:16:09,280

right off of a

1992

01:16:14,630 --> 01:16:11,280

deer a front quarter

1993

01:16:15,910 --> 01:16:14,640

and and takes away the front quarter uh

1994

01:16:16,630 --> 01:16:15,920

i mean

1995

01:16:24,310 --> 01:16:16,640

and

1996

01:16:26,709 --> 01:16:24,320

these two trees

1997

01:16:28,229 --> 01:16:26,719

and then the right front quarter was

1998

01:16:29,990 --> 01:16:28,239

cut it's it's

1999

01:16:32,310 --> 01:16:30,000

i wouldn't say surgically but it's

2000

01:16:34,470 --> 01:16:32,320

definitely not chewed it's cut off and

2001

01:16:35,910 --> 01:16:34,480

carried away uh

2002

01:16:38,470 --> 01:16:35,920

and uh

2003

01:16:40,310 --> 01:16:38,480

and and i know what the animal can do or

2004

01:16:41,990 --> 01:16:40,320

what the creature can do all right and

2005

01:16:44,709 --> 01:16:42,000

so

2006

01:16:47,590 --> 01:16:44,719

if it would want to hurt me i think it

2007

01:16:49,030 --> 01:16:47,600

it has had many opportunities yeah uh

2008

01:16:51,910 --> 01:16:49,040

one time

2009

01:16:53,590 --> 01:16:51,920

i uh i set up a camera

2010

01:16:54,870 --> 01:16:53,600

i walked in front of the camera because

2011

01:16:56,470 --> 01:16:54,880

i was going to

2012

01:16:58,229 --> 01:16:56,480

check for tracks and actually my

2013

01:17:00,550 --> 01:16:58,239

neighbors feel so i walked in front of

2014

01:17:01,990 --> 01:17:00,560

the camera like 15

2015

01:17:05,430 --> 01:17:02,000

you know 20 feet in front of the camera

2016

01:17:07,430 --> 01:17:05,440

and i continued uh around you know round

2017

01:17:08,630 --> 01:17:07,440

away from the camera

2018

01:17:12,550 --> 01:17:08,640

and

2019

01:17:15,030 --> 01:17:12,560

came back

2020

01:17:18,310 --> 01:17:15,040

and the camera was all twisted

2021

01:17:19,189 --> 01:17:18,320

and and and the next thing you see you

2022

01:17:19,990 --> 01:17:19,199

saw

2023

01:17:29,669 --> 01:17:20,000

in

2024

01:17:31,669 --> 01:17:29,679

is my face or my hat actually

2025

01:17:33,350 --> 01:17:31,679

and i'm straightening the camera back

2026

01:17:34,790 --> 01:17:33,360

out i was only been gone about 10

2027

01:17:38,390 --> 01:17:34,800

minutes

2028

01:17:39,990 --> 01:17:38,400

uh and and that camera was visibly

2029

01:17:42,709 --> 01:17:40,000

turned twisted

2030

01:17:43,590 --> 01:17:42,719

so he was it was right there

2031

01:17:46,070 --> 01:17:43,600

i mean

2032

01:17:46,950 --> 01:17:46,080

it it hit my truck with a stick

2033

01:17:47,830 --> 01:17:46,960

uh

2034

01:17:51,590 --> 01:17:47,840

in

2035

01:17:54,790 --> 01:17:51,600

november october 2019

2036

01:17:57,110 --> 01:17:54,800

nope 2020 i'm sorry 220. uh i was

2037

01:18:00,470 --> 01:17:57,120

driving along my fence line 7 30 at

2038

01:18:02,709 --> 01:18:00,480

night and uh and all of a sudden pow my

2039

01:18:05,110 --> 01:18:02,719

truck got hit with a stick you know

2040

01:18:07,990 --> 01:18:05,120

and i go okay you know so i threw it in

2041

01:18:10,870 --> 01:18:08,000

reverse backed up about 15 20 feet

2042

01:18:14,470 --> 01:18:10,880

and there was nothing there it was still

2043

01:18:17,270 --> 01:18:14,480

dusk it was in this it was in september

2044

01:18:18,870 --> 01:18:17,280

so it was still light at 7 30 of dusk

2045

01:18:20,709 --> 01:18:18,880

and there was nothing in the woods that

2046

01:18:21,750 --> 01:18:20,719

i was looking at you know i could see

2047

01:18:24,390 --> 01:18:21,760

nothing

2048

01:18:26,950 --> 01:18:24,400

uh i had a friend reenact that with me

2049

01:18:28,870 --> 01:18:26,960

and he's 6'5 and i went out with the

2050

01:18:31,189 --> 01:18:28,880

truck and i and the next morning i went

2051

01:18:33,430 --> 01:18:31,199

back and there was a foot long stick

2052

01:18:34,310 --> 01:18:33,440

laying in my field and i had scratches

2053

01:18:40,390 --> 01:18:34,320

on the

2054

01:18:43,110 --> 01:18:40,400

my rear my rear wheel well uh there were

2055

01:18:45,189 --> 01:18:43,120

scratches on my paint and there was a

2056

01:18:46,390 --> 01:18:45,199

foot long stick there well then

2057

01:18:48,630 --> 01:18:46,400

we were

2058

01:18:50,310 --> 01:18:48,640

you know re-enacting and he was you know

2059

01:18:51,830 --> 01:18:50,320

thrown down and you guys know but

2060

01:18:53,270 --> 01:18:51,840

probably over more you're gonna you know

2061

01:18:54,790 --> 01:18:53,280

we gotta get the angle which the

2062

01:18:56,790 --> 01:18:54,800

scratches were at

2063

01:18:58,470 --> 01:18:56,800

and he looked down and here were three

2064

01:19:00,070 --> 01:18:58,480

more sticks

2065

01:19:01,669 --> 01:19:00,080

that would have been broken and about

2066

01:19:04,709 --> 01:19:01,679

foot long pieces

2067

01:19:07,590 --> 01:19:04,719

so it was right there

2068

01:19:10,229 --> 01:19:07,600

so i i know what it can do

2069

01:19:11,910 --> 01:19:10,239

either like i don't want to give it like

2070

01:19:13,830 --> 01:19:11,920

like eric says

2071

01:19:14,950 --> 01:19:13,840

he said i don't want to feed the beast

2072

01:19:17,910 --> 01:19:14,960

so yeah

2073

01:19:20,229 --> 01:19:17,920

i do take precautions absolutely

2074

01:19:22,950 --> 01:19:20,239

the one the one neighbor

2075

01:19:24,870 --> 01:19:22,960

when she found out she lived

2076

01:19:27,669 --> 01:19:24,880

she married and actually

2077

01:19:29,270 --> 01:19:27,679

owned the farm that i i bought purchased

2078

01:19:31,830 --> 01:19:29,280

from her son

2079

01:19:34,630 --> 01:19:31,840

and she came over and she told me she

2080

01:19:37,750 --> 01:19:34,640

had lived there for 60 years she was 80.

2081

01:19:40,470 --> 01:19:37,760

and she said we'll leave you know i i

2082

01:19:42,310 --> 01:19:40,480

hear you have pictures and uh

2083

01:19:44,470 --> 01:19:42,320

and i said so have you seen the beast i

2084

01:19:46,470 --> 01:19:44,480

said no but i i

2085

01:19:47,990 --> 01:19:46,480

i don't don't go out there at night

2086

01:19:50,870 --> 01:19:48,000

alone

2087

01:19:51,750 --> 01:19:50,880

so that was her advice to me do you

2088

01:19:52,470 --> 01:19:51,760

think

2089

01:19:54,790 --> 01:19:52,480

that

2090

01:19:57,189 --> 01:19:54,800

and i'm inferencing a

2091

01:19:58,950 --> 01:19:57,199

a comment in here

2092

01:20:00,790 --> 01:19:58,960

that there's anything evil about these

2093

01:20:01,830 --> 01:20:00,800

beings

2094

01:20:03,830 --> 01:20:01,840

no

2095

01:20:05,590 --> 01:20:03,840

i don't think there's any evil i don't

2096

01:20:07,830 --> 01:20:05,600

think there's any evil someone asked a

2097

01:20:10,629 --> 01:20:07,840

question could these be demons right but

2098

01:20:11,990 --> 01:20:10,639

that's what i was referring to um

2099

01:20:15,270 --> 01:20:12,000

i don't

2100

01:20:17,350 --> 01:20:15,280

think that's the case here um i do think

2101  
01:20:18,550 --> 01:20:17,360  
yeah there's definitely a phenomena

2102  
01:20:20,149 --> 01:20:18,560  
going on

2103  
01:20:21,750 --> 01:20:20,159  
and someone had mentioned is there

2104  
01:20:23,270 --> 01:20:21,760  
multiple phenomena yeah i think there's

2105  
01:20:24,790 --> 01:20:23,280  
a lot of multiple phenomenas going on

2106  
01:20:27,350 --> 01:20:24,800  
there's a lot of things

2107  
01:20:29,270 --> 01:20:27,360  
um as far as evil

2108  
01:20:32,229 --> 01:20:29,280  
uh you know i don't know lee i mean even

2109  
01:20:34,709 --> 01:20:32,239  
though it's there right and i mean i

2110  
01:20:35,510 --> 01:20:34,719  
didn't i didn't even though it was it

2111  
01:20:38,310 --> 01:20:35,520  
was

2112  
01:20:40,470 --> 01:20:38,320  
you know startling to hear that howl

2113  
01:20:41,990 --> 01:20:40,480

we still stayed out there for a little

2114

01:20:44,709 --> 01:20:42,000

while but yeah i mean

2115

01:20:46,390 --> 01:20:44,719

i didn't get like i guess initially yeah

2116

01:20:48,790 --> 01:20:46,400

you mean you could be like you know that

2117

01:20:51,189 --> 01:20:48,800

frightening thing which we were

2118

01:20:52,470 --> 01:20:51,199

um but i didn't get and i didn't want to

2119

01:20:55,430 --> 01:20:52,480

give it the chance like we were just

2120

01:20:57,189 --> 01:20:55,440

talking about uh as far as being in the

2121

01:21:00,229 --> 01:20:57,199

in the danger zone there

2122

01:21:01,910 --> 01:21:00,239

um i didn't feel like that in a sense of

2123

01:21:04,470 --> 01:21:01,920

a doom or anything like that like

2124

01:21:06,629 --> 01:21:04,480

impending doom you admit lon you had

2125

01:21:08,310 --> 01:21:06,639

mentioned predation mm-hmm did you think

2126  
01:21:09,590 --> 01:21:08,320  
there was any predation i don't i didn't

2127  
01:21:11,030 --> 01:21:09,600  
feel that

2128  
01:21:13,590 --> 01:21:11,040  
uh like that

2129  
01:21:15,669 --> 01:21:13,600  
i think what i felt and i'm sure lee

2130  
01:21:17,910 --> 01:21:15,679  
maybe agrees i think they're about

2131  
01:21:19,910 --> 01:21:17,920  
they're it's curious about us as we are

2132  
01:21:22,070 --> 01:21:19,920  
about it

2133  
01:21:23,910 --> 01:21:22,080  
well that's probably true

2134  
01:21:26,149 --> 01:21:23,920  
you know i i we have found that with

2135  
01:21:28,470 --> 01:21:26,159  
other cryptids and they seem to a lot of

2136  
01:21:30,950 --> 01:21:28,480  
them seem to be just curious but the the

2137  
01:21:33,430 --> 01:21:30,960  
the red glowing eyes uh and ellen did

2138  
01:21:35,590 --> 01:21:33,440

some research on this too the uh

2139

01:21:37,590 --> 01:21:35,600

that that has got to be producing so

2140

01:21:39,750 --> 01:21:37,600

much energy in order to

2141

01:21:42,790 --> 01:21:39,760

to have that a constant because that's

2142

01:21:44,149 --> 01:21:42,800

what lee had seen was basically it was a

2143

01:21:46,310 --> 01:21:44,159

constant red

2144

01:21:47,590 --> 01:21:46,320

glowing eyes right it was like

2145

01:21:50,390 --> 01:21:47,600

aluminum

2146

01:21:52,070 --> 01:21:50,400

in my my in my eye i didn't have a meter

2147

01:21:54,390 --> 01:21:52,080

but the luminosity

2148

01:21:56,390 --> 01:21:54,400

remained consistent from when it was

2149

01:21:58,790 --> 01:21:56,400

looking at me beside the road and when

2150

01:22:01,590 --> 01:21:58,800

it was 40 feet out in the field

2151  
01:22:03,030 --> 01:22:01,600  
the the one red eye saw them was just as

2152  
01:22:05,669 --> 01:22:03,040  
bright as

2153  
01:22:07,350 --> 01:22:05,679  
they were up by the road so it and was

2154  
01:22:09,590 --> 01:22:07,360  
40 feet on the field

2155  
01:22:12,629 --> 01:22:09,600  
my lights were not reflecting to that

2156  
01:22:16,629 --> 01:22:14,790  
and lon when you get out to this area

2157  
01:22:18,629 --> 01:22:16,639  
and if you ever see this area out there

2158  
01:22:19,830 --> 01:22:18,639  
it's a big area i mean

2159  
01:22:21,669 --> 01:22:19,840  
this is a

2160  
01:22:23,830 --> 01:22:21,679  
you see it in the video

2161  
01:22:26,229 --> 01:22:23,840  
um but you could see it's a large

2162  
01:22:28,149 --> 01:22:26,239  
expanse of an area i mean it's beautiful

2163  
01:22:31,270 --> 01:22:28,159

country i mean it's amazing and it's

2164

01:22:34,870 --> 01:22:31,280

just uh but there's you know there's big

2165

01:22:38,709 --> 01:22:34,880

long expanses of area but there are also

2166

01:22:40,790 --> 01:22:38,719

there's a lot of trees tree lines uh lee

2167

01:22:43,430 --> 01:22:40,800

has got some video which is just

2168

01:22:45,110 --> 01:22:43,440

phenomenal of these ufo type lights

2169

01:22:47,590 --> 01:22:45,120

going through the trees

2170

01:22:49,910 --> 01:22:47,600

now we were down in that area there's no

2171

01:22:52,310 --> 01:22:49,920

way that these could be like motorcycles

2172

01:22:54,550 --> 01:22:52,320

or atvs or anything like that because

2173

01:22:56,149 --> 01:22:54,560

it's in the woods are so thick there

2174

01:22:58,550 --> 01:22:56,159

they would be stopping and having to

2175

01:23:01,590 --> 01:22:58,560

turn this and that this was just smooth

2176  
01:23:03,750 --> 01:23:01,600  
motion going through and it was just

2177  
01:23:06,149 --> 01:23:03,760  
that really really struck me

2178  
01:23:09,110 --> 01:23:06,159  
as like wow there's really something

2179  
01:23:11,430 --> 01:23:09,120  
beyond the beyond going on here

2180  
01:23:14,390 --> 01:23:11,440  
and the motion was was

2181  
01:23:15,350 --> 01:23:14,400  
was up and down it continued

2182  
01:23:17,350 --> 01:23:15,360  
in a

2183  
01:23:20,149 --> 01:23:17,360  
horizontal well you know

2184  
01:23:21,590 --> 01:23:20,159  
actually uh east west well east-west

2185  
01:23:23,110 --> 01:23:21,600  
direction but

2186  
01:23:24,790 --> 01:23:23,120  
it it went in

2187  
01:23:26,709 --> 01:23:24,800  
around the trees it went amongst the

2188  
01:23:27,750 --> 01:23:26,719

trees and you came around them

2189

01:23:31,350 --> 01:23:27,760

yeah

2190

01:23:33,270 --> 01:23:31,360

uh firemaker asked lee has the uh beast

2191

01:23:37,830 --> 01:23:33,280

ever influenced your psyche or anyone

2192

01:23:38,790 --> 01:23:37,840

else's can it affect human minds

2193

01:23:41,590 --> 01:23:38,800

well

2194

01:23:45,270 --> 01:23:42,550

oh yeah

2195

01:23:49,030 --> 01:23:45,280

absolutely well first of all i've had

2196

01:23:50,629 --> 01:23:49,040

at least two times when i missed time um

2197

01:23:51,910 --> 01:23:50,639

i was

2198

01:23:55,030 --> 01:23:51,920

there was a

2199

01:23:57,510 --> 01:23:55,040

the week after eric was there

2200

01:23:59,270 --> 01:23:57,520

on uh in october

2201  
01:24:01,590 --> 01:23:59,280  
there was another production crew that

2202  
01:24:03,030 --> 01:24:01,600  
was there from boulder colorado

2203  
01:24:05,270 --> 01:24:03,040  
and

2204  
01:24:07,350 --> 01:24:05,280  
i was i walked they they went out around

2205  
01:24:08,870 --> 01:24:07,360  
8 30 the same time

2206  
01:24:10,790 --> 01:24:08,880  
and uh

2207  
01:24:12,709 --> 01:24:10,800  
i walked i took my

2208  
01:24:16,870 --> 01:24:12,719  
my

2209  
01:24:18,470 --> 01:24:16,880  
and i was going to see if there any orbs

2210  
01:24:21,030 --> 01:24:18,480  
out there i did not do that when eric

2211  
01:24:22,870 --> 01:24:21,040  
and those guys went out but i many times

2212  
01:24:24,470 --> 01:24:22,880  
i'll walk out and just look at i see

2213  
01:24:28,070 --> 01:24:24,480

orbs in my field

2214

01:24:30,310 --> 01:24:28,080

on quite regular basis i mean i'd say

2215

01:24:33,030 --> 01:24:30,320

80 of the time when i go look at

2216

01:24:34,229 --> 01:24:33,040

infrared or take my scope i'll see orbs

2217

01:24:37,430 --> 01:24:34,239

going around

2218

01:24:38,709 --> 01:24:37,440

and uh and i i walked out

2219

01:24:40,229 --> 01:24:38,719

and

2220

01:24:42,709 --> 01:24:40,239

um

2221

01:24:45,910 --> 01:24:42,719

i looked and i saw there was a

2222

01:24:47,669 --> 01:24:45,920

a light along my north fence line

2223

01:24:49,430 --> 01:24:47,679

well i thought that was the production

2224

01:24:52,310 --> 01:24:49,440

crew that were out there

2225

01:24:54,310 --> 01:24:52,320

but at that time they have video and on

2226

01:24:56,790 --> 01:24:54,320

my camera also they they said i had a

2227

01:24:58,790 --> 01:24:56,800

camera by the wetland they were across

2228

01:25:01,030 --> 01:24:58,800

the field so that light

2229

01:25:02,070 --> 01:25:01,040

on my north fence line was a visible

2230

01:25:05,110 --> 01:25:02,080

light

2231

01:25:06,870 --> 01:25:05,120

that and they also they they also saw it

2232

01:25:09,110 --> 01:25:06,880

and they have it in their video

2233

01:25:11,350 --> 01:25:09,120

um but then when i started looking

2234

01:25:13,750 --> 01:25:11,360

through my scope

2235

01:25:16,709 --> 01:25:13,760

uh saw a

2236

01:25:19,430 --> 01:25:16,719

uh i call it a ghost fighter because it

2237

01:25:20,229 --> 01:25:19,440

appears to be i don't it's it's it's one

2238

01:25:22,550 --> 01:25:20,239

of the

2239

01:25:24,830 --> 01:25:22,560

most uh

2240

01:25:27,590 --> 01:25:24,840

abnormal paranormal

2241

01:25:29,990 --> 01:25:27,600

uh objects i've seen and i would look

2242

01:25:31,990 --> 01:25:30,000

through with my eyes i could see nothing

2243

01:25:33,750 --> 01:25:32,000

i looked through my infrared scope and

2244

01:25:36,390 --> 01:25:33,760

here was this

2245

01:25:39,030 --> 01:25:36,400

fire or a ghost fire

2246

01:25:40,870 --> 01:25:39,040

and and i i was okay i gotta get a i

2247

01:25:43,110 --> 01:25:40,880

have to get a video of this

2248

01:25:45,669 --> 01:25:43,120

and i could i couldn't i could not

2249

01:25:49,510 --> 01:25:45,679

figure out how to work the camera

2250

01:25:51,270 --> 01:25:49,520

i i the camera went to 2016

2251

01:25:53,350 --> 01:25:51,280

instead of the time and date were

2252

01:25:55,110 --> 01:25:53,360

correct and they got all messed up and

2253

01:25:58,310 --> 01:25:55,120

i'm trying to work the camera i'm just

2254

01:25:59,910 --> 01:25:58,320

focusing as hard as i can i gotta get

2255

01:26:02,950 --> 01:25:59,920

this video

2256

01:26:03,830 --> 01:26:02,960

of you know through my infrared scope

2257

01:26:10,470 --> 01:26:03,840

and

2258

01:26:13,189 --> 01:26:10,480

thought i was talking

2259

01:26:15,270 --> 01:26:13,199

and i don't talk at all

2260

01:26:17,030 --> 01:26:15,280

i thought he's talking about well that

2261

01:26:19,270 --> 01:26:17,040

this looks like a fire through here but

2262

01:26:21,910 --> 01:26:19,280

when i look with my naked eye there's

2263

01:26:23,590 --> 01:26:21,920

nothing there those those the whole

2264

01:26:25,669 --> 01:26:23,600

production crew was

2265

01:26:26,950 --> 01:26:25,679

a quarter mile from it they

2266

01:26:29,270 --> 01:26:26,960

they never looked over and they didn't

2267

01:26:30,950 --> 01:26:29,280

look in that direction with their scopes

2268

01:26:32,629 --> 01:26:30,960

i don't know if they had infrared scopes

2269

01:26:34,229 --> 01:26:32,639

if they had but they certainly didn't

2270

01:26:36,870 --> 01:26:34,239

see it with the naked eye

2271

01:26:39,270 --> 01:26:36,880

and i never talked once

2272

01:26:42,070 --> 01:26:39,280

through that whole video

2273

01:26:45,270 --> 01:26:42,080

and i thought i was and i i knew i had a

2274

01:26:47,830 --> 01:26:45,280

focus really hard to get that video so

2275

01:26:49,430 --> 01:26:47,840

yes i knew that i might i knew i was

2276

01:26:52,310 --> 01:26:49,440

very confused

2277

01:26:54,149 --> 01:26:52,320

you know and lee had uh also you had

2278

01:26:56,629 --> 01:26:54,159

some missing time then too you didn't

2279

01:26:59,350 --> 01:26:56,639

realize that it was a certain time

2280

01:27:02,149 --> 01:26:59,360

yes absolutely and and

2281

01:27:04,790 --> 01:27:02,159

now that but i had ridden down bray road

2282

01:27:06,629 --> 01:27:04,800

with that production crew like

2283

01:27:09,350 --> 01:27:06,639

an hour before and i

2284

01:27:12,709 --> 01:27:09,360

had no memory of that whatsoever until

2285

01:27:14,950 --> 01:27:12,719

they showed me the video of it

2286

01:27:16,390 --> 01:27:14,960

you know one of our team members ellen

2287

01:27:19,270 --> 01:27:16,400

had you're talking about has it

2288

01:27:21,189 --> 01:27:19,280

influenced your mind she had a dream and

2289

01:27:24,229 --> 01:27:21,199

i know lee's had several dreams too

2290

01:27:26,870 --> 01:27:24,239

about this this creature um

2291

01:27:28,629 --> 01:27:26,880

she had a dream that uh when we were out

2292

01:27:29,669 --> 01:27:28,639

in the field that night and you could

2293

01:27:32,149 --> 01:27:29,679

see her

2294

01:27:33,430 --> 01:27:32,159

when we first heard the howl she kind of

2295

01:27:35,910 --> 01:27:33,440

just froze

2296

01:27:37,830 --> 01:27:35,920

she says in that part of that

2297

01:27:40,229 --> 01:27:37,840

production and what what happened there

2298

01:27:41,189 --> 01:27:40,239

with her she had seen the creature come

2299

01:27:43,189 --> 01:27:41,199

up to her

2300

01:27:46,709 --> 01:27:43,199

and asked her to put her palm of her

2301

01:27:48,790 --> 01:27:46,719

hand out and the creature put his claw

2302

01:27:51,189 --> 01:27:48,800

in her palm of her hand and she could

2303

01:27:53,669 --> 01:27:51,199

see what was going on why they why this

2304

01:27:55,270 --> 01:27:53,679

thing was here what they what it wanted

2305

01:27:57,189 --> 01:27:55,280

what it was what it was trying to do is

2306

01:27:59,990 --> 01:27:57,199

procreate the species

2307

01:28:02,629 --> 01:28:00,000

so that was one that was that was very

2308

01:28:03,910 --> 01:28:02,639

vivid to her in that particular time

2309

01:28:05,830 --> 01:28:03,920

frame no

2310

01:28:07,350 --> 01:28:05,840

but in the video obviously we're going

2311

01:28:09,270 --> 01:28:07,360

from one thing to the next and there was

2312

01:28:12,470 --> 01:28:09,280

not there was no time lapse there that

2313

01:28:14,629 --> 01:28:12,480

we could see or that we could you know

2314

01:28:16,390 --> 01:28:14,639

in reality see it could be that could be

2315

01:28:18,550 --> 01:28:16,400

something completely different

2316

01:28:20,870 --> 01:28:18,560

um and then i know lee you you've had

2317

01:28:23,590 --> 01:28:20,880

dreams about it too so it definitely

2318

01:28:27,270 --> 01:28:23,600

definitely does i do i have not

2319

01:28:29,669 --> 01:28:27,280

but i've been more of uh you know lee is

2320

01:28:31,350 --> 01:28:29,679

more connected i always say that

2321

01:28:34,470 --> 01:28:31,360

there are people that are connected to

2322

01:28:36,950 --> 01:28:34,480

the spirit world um you know even in the

2323

01:28:39,990 --> 01:28:36,960

ghost situations bigfoot

2324

01:28:42,229 --> 01:28:40,000

uh these different cryptids um there is

2325

01:28:45,189 --> 01:28:42,239

some kind of connection to the a very

2326

01:28:46,870 --> 01:28:45,199

thin veil and i know that i think lee is

2327

01:28:48,709 --> 01:28:46,880

very connected to this

2328

01:28:51,189 --> 01:28:48,719

and as a result of us being on the

2329

01:28:53,990 --> 01:28:51,199

property we're connected to it as well

2330

01:28:57,590 --> 01:28:54,000

let me give you one last question lee um

2331

01:28:59,669 --> 01:28:57,600

sir could you give us as much detail or

2332

01:29:02,870 --> 01:28:59,679

description of this beast that you can i

2333

01:29:08,550 --> 01:29:05,669

well okay the first time

2334

01:29:11,189 --> 01:29:08,560

the first time i it was you know was at

2335

01:29:12,629 --> 01:29:11,199

night and i could not see anybody

2336

01:29:15,510 --> 01:29:12,639

i should have been able to see him body

2337

01:29:17,350 --> 01:29:15,520

i i would say

2338

01:29:19,590 --> 01:29:17,360

that the first when i went down the

2339

01:29:21,510 --> 01:29:19,600

embankment and then jumped into jumped

2340

01:29:23,110 --> 01:29:21,520

like 15 20 feet on field i was probably

2341

01:29:25,430 --> 01:29:23,120

80 feet from it

2342

01:29:27,830 --> 01:29:25,440

and i had my brights on and i should

2343

01:29:31,110 --> 01:29:27,840

have been able to see body i saw nobody

2344

01:29:33,830 --> 01:29:31,120

i only could see those luminous red eyes

2345

01:29:34,870 --> 01:29:33,840

uh the figure that i saw a quarter mile

2346

01:29:37,750 --> 01:29:34,880

away

2347

01:29:39,350 --> 01:29:37,760

uh was just a huge it appeared to be

2348

01:29:42,629 --> 01:29:39,360

brownish black

2349

01:29:45,030 --> 01:29:42,639

and my my my pictures show that also

2350

01:29:46,790 --> 01:29:45,040

uh it was not in a hurry it was crouched

2351  
01:29:48,709 --> 01:29:46,800  
down like i said when i went over there

2352  
01:29:49,910 --> 01:29:48,719  
it was it had been drawing circles in

2353  
01:29:50,950 --> 01:29:49,920  
the ground

2354  
01:29:53,430 --> 01:29:50,960  
um

2355  
01:29:56,390 --> 01:29:53,440  
and it up it walked away

2356  
01:29:57,350 --> 01:29:56,400  
uh from me on two legs absolutely two

2357  
01:29:58,149 --> 01:29:57,360  
legs

2358  
01:29:59,830 --> 01:29:58,159  
and

2359  
01:30:03,510 --> 01:29:59,840  
again in that very

2360  
01:30:06,149 --> 01:30:03,520  
straight no straddle uh line uh

2361  
01:30:09,189 --> 01:30:06,159  
it it appears to walk like a model uh

2362  
01:30:10,229 --> 01:30:09,199  
and in my snow tracks indicate that all

2363  
01:30:12,550 --> 01:30:10,239

the time

2364

01:30:15,270 --> 01:30:12,560

uh and there's also there's no in my

2365

01:30:16,790 --> 01:30:15,280

snow tracks there's no drag marks

2366

01:30:19,430 --> 01:30:16,800

you see the coyote or deer they have

2367

01:30:22,550 --> 01:30:19,440

drag marks when this can walk in foot

2368

01:30:26,070 --> 01:30:22,560

snow and there's no drag marks

2369

01:30:28,950 --> 01:30:27,669

and other people have reported seeing a

2370

01:30:31,750 --> 01:30:28,960

tail

2371

01:30:33,750 --> 01:30:31,760

it was crouched down and then it turned

2372

01:30:36,870 --> 01:30:33,760

and i did not see a tail but again it

2373

01:30:39,110 --> 01:30:36,880

was a quarter mile away uh and uh

2374

01:30:40,149 --> 01:30:39,120

huge it was i knew it was huge i mean it

2375

01:30:42,709 --> 01:30:40,159

was

2376

01:30:44,870 --> 01:30:42,719

uh when i saw it crouched down i go whoa

2377

01:30:46,070 --> 01:30:44,880

that thing's huge and that stood up like

2378

01:30:49,590 --> 01:30:46,080

a whoa

2379

01:30:52,229 --> 01:30:49,600

and again that game app or the app that

2380

01:30:54,149 --> 01:30:52,239

my my the guy who

2381

01:30:56,470 --> 01:30:54,159

is a camera guy in chicago said it was

2382

01:30:58,310 --> 01:30:56,480

six and a half to seven feet tall

2383

01:30:59,990 --> 01:30:58,320

with the shoulders of three to three and

2384

01:31:02,390 --> 01:31:00,000

a half feet wide so

2385

01:31:03,830 --> 01:31:02,400

um but i did not see a tail that time

2386

01:31:05,189 --> 01:31:03,840

either

2387

01:31:06,070 --> 01:31:05,199

interesting

2388

01:31:08,390 --> 01:31:06,080

well

2389

01:31:09,590 --> 01:31:08,400

guys i really appreciate you coming on

2390

01:31:10,950 --> 01:31:09,600

2391

01:31:12,550 --> 01:31:10,960

i've been wanting to talk to lee for a

2392

01:31:14,070 --> 01:31:12,560

long time

2393

01:31:15,590 --> 01:31:14,080

and uh

2394

01:31:17,750 --> 01:31:15,600

and eric thanks for

2395

01:31:19,910 --> 01:31:17,760

2399

01:31:29,910 --> 01:31:27,520

2401

01:31:33,990 --> 01:31:31,840

these investigations and

2402

01:31:36,149 --> 01:31:34,000

it's always fascinating talking to lee

2403

01:31:37,750 --> 01:31:36,159

and uh you know it's amazing i mean

2404

01:31:39,270 --> 01:31:37,760

there's just a phenomena there and if we

2405

01:31:42,229 --> 01:31:39,280

can get some answers that's what we're

2406

01:31:44,550 --> 01:31:42,239

trying to do um i would encourage people

2407

at the town hall you're going to hear um

2417

01:32:09,830 --> 01:32:08,400

incredible eyewitness testimony um but

2418

01:32:13,990 --> 01:32:09,840

you know we're go and we're back on the

2419

01:32:16,070 --> 01:32:14,000
