

PHANTOMS & MONSTERS

R A D I O

'DOGMAN IN OUR YARD!'

AN OHIO FAMILY'S 12-YEAR SAGA
WITH CRYPTID CANINES

A PHANTOMS & MONSTERS FORTEAN RESEARCH
INVESTIGATION

FRIDAY, SEPT. 30TH AT 9PM EASTERN / 6PM PACIFIC

1
00:00:01,900 --> 00:00:11,470

[Music]

2
00:00:18,109 --> 00:00:14,810

we live in a reality of phantoms and

3
00:00:22,130 --> 00:00:18,119

monsters they exist Among Us and

4
00:00:25,849 --> 00:00:22,140

sometimes they win even the devil was an

5
00:00:28,750 --> 00:00:25,859

angel once the world has its own rules

6
00:00:32,269 --> 00:00:28,760

and these rules are not human

7
00:00:34,729 --> 00:00:32,279

some of us seek answers to the origin

8
00:00:36,010 --> 00:00:34,739

and existence of Cryptids and The

9
00:00:39,709 --> 00:00:36,020

Unexplained

10
00:00:43,310 --> 00:00:39,719

join us as we venture beyond the known

11
00:00:50,230 --> 00:00:43,320

and accepted boundaries Welcome to our

12
00:00:57,480 --> 00:00:54,850

[Music]

13
00:01:00,889 --> 00:00:57,490

thank you

14

00:01:04,369 --> 00:01:02,510

and welcome to another episode of

15

00:01:06,770 --> 00:01:04,379

phantoms of monsters radio where we

16

00:01:09,289 --> 00:01:06,780

explore the strange and The Unexplained

17

00:01:11,270 --> 00:01:09,299

I'm your host law instructor thanks for

18

00:01:13,789 --> 00:01:11,280

joining us now first of all if you enjoy

19

00:01:16,730 --> 00:01:13,799

our content Please Subscribe like and

20

00:01:19,190 --> 00:01:16,740

share our presentations uh please feel

21

00:01:22,670 --> 00:01:19,200

free to comment as well uh Super Chat

22

00:01:24,410 --> 00:01:22,680

donations are are active during the show

23

00:01:26,570 --> 00:01:24,420

so if you want to show your support

24

00:01:28,969 --> 00:01:26,580

please click the dollar icon underneath

25

00:01:31,190 --> 00:01:28,979

the chat uh you can also support the

26

00:01:33,950 --> 00:01:31,200

channel by using the buy me a coffee

27

00:01:35,990 --> 00:01:33,960

link uh and your consideration is very

28

00:01:38,330 --> 00:01:36,000

much needed and appreciated so tonight's

29

00:01:40,130 --> 00:01:38,340

going to be a very special show

30

00:01:43,249 --> 00:01:40,140

uh

31

00:01:45,469 --> 00:01:43,259

this is actually

32

00:01:47,990 --> 00:01:45,479

part of an investigation that we've been

33

00:01:50,030 --> 00:01:48,000

involved with I guess we were I was

34

00:01:52,690 --> 00:01:50,040

first contacted back in

35

00:01:56,149 --> 00:01:52,700

February of this year

36

00:01:58,490 --> 00:01:56,159

I'm going to present Carrie and Greg who

37

00:02:01,730 --> 00:01:58,500

are a married couple living in Summit

38

00:02:04,850 --> 00:02:01,740

County Ohio uh they've been dealing with

39

00:02:07,249 --> 00:02:04,860

this 12-year Saga namely there have been

40

00:02:09,830 --> 00:02:07,259

monsters in their yard cryptic canines

41

00:02:11,869 --> 00:02:09,840

are a part of their everyday life

42

00:02:13,970 --> 00:02:11,879

so uh

43

00:02:16,130 --> 00:02:13,980

we're going to look at the evolution of

44

00:02:18,470 --> 00:02:16,140

their ordeal and what they've

45

00:02:20,990 --> 00:02:18,480

experienced and what they've possibly

46

00:02:23,869 --> 00:02:21,000

learned from it you know Carrie and her

47

00:02:26,630 --> 00:02:23,879

husband Greg moved to Summit County Ohio

48

00:02:29,869 --> 00:02:26,640

in 2003.

49

00:02:32,630 --> 00:02:29,879

Greg is an executive chef and Kerry is a

50

00:02:34,070 --> 00:02:32,640

school nutrition specialist they have

51
00:02:35,449 --> 00:02:34,080
three children and a ten-year-old

52
00:02:38,030 --> 00:02:35,459
granddaughter

53
00:02:39,770 --> 00:02:38,040
they are Avid outdoor enthusiasts and

54
00:02:43,070 --> 00:02:39,780
spending as much time as possible

55
00:02:45,110 --> 00:02:43,080
camping scuba diving and Hiking with

56
00:02:46,869 --> 00:02:45,120
their two dogs Liberty and Ripley their

57
00:02:52,430 --> 00:02:46,879
experiences with the canines

58
00:02:55,490 --> 00:02:52,440
cryptokanins began in 2010.

59
00:02:58,729 --> 00:02:55,500
uh Bernadette maganda was also going to

60
00:03:00,830 --> 00:02:58,739
be joining us as my co-host tonight uh

61
00:03:02,990 --> 00:03:00,840
she's an investigator researcher fans of

62
00:03:05,869 --> 00:03:03,000
monsters 14 Research and she will be

63
00:03:09,350 --> 00:03:05,879

premiering her own show here uh which

64

00:03:11,690 --> 00:03:09,360

will titled A paranormal life and that

65

00:03:13,330 --> 00:03:11,700

will be presented here on fans and

66

00:03:16,550 --> 00:03:13,340

monsters radio

67

00:03:24,350 --> 00:03:16,560

so Carrie and Greg thank you for joining

68

00:03:30,949 --> 00:03:28,030

oh where's that coming from Vincent

69

00:03:32,149 --> 00:03:30,959

Carrie do you have your

70

00:03:35,570 --> 00:03:32,159

s

71

00:03:37,490 --> 00:03:35,580

yeah I can hear that

72

00:03:37,780 --> 00:03:37,500

are you are you watching the show on

73

00:03:39,710 --> 00:03:37,790

something

74

00:03:41,690 --> 00:03:39,720

[Music]

75

00:03:44,449 --> 00:03:41,700

no you don't have to show on it turn

76
00:03:47,570 --> 00:03:44,459
your sound down uh on on the other uh on

77
00:03:50,690 --> 00:03:49,850
yeah you're you're you're hold on a

78
00:03:52,970 --> 00:03:50,700
second

79
00:03:54,649 --> 00:03:52,980
their mic is off now hold on just hang

80
00:04:01,809 --> 00:03:54,659
on a second we'll try to straighten this

81
00:04:05,390 --> 00:04:04,309
you've got to unmute your guys's mic

82
00:04:08,509 --> 00:04:05,400
first

83
00:04:12,250 --> 00:04:08,519
yeah I'm like

84
00:04:15,410 --> 00:04:12,260
okay there you are you've got it

85
00:04:18,050 --> 00:04:15,420
we're hearing that feedback of me

86
00:04:24,350 --> 00:04:18,060
talking and you talking okay where's

87
00:04:28,430 --> 00:04:27,290
you don't have it on in any uh radio or

88
00:04:44,570 --> 00:04:28,440

any speaker

89

00:04:48,230 --> 00:04:45,830

okay

90

00:04:51,170 --> 00:04:48,240

is that good

91

00:04:52,430 --> 00:04:51,180

yeah I know it's still there this is

92

00:04:54,350 --> 00:04:52,440

what I'm going to have you guys do I'm

93

00:04:56,689 --> 00:04:54,360

gonna have you guys back out of the

94

00:05:01,249 --> 00:04:56,699

studio link that we sent you to come in

95

00:05:06,050 --> 00:05:03,890

I'm going to have you re-enter the

96

00:05:10,490 --> 00:05:06,060

studio so just leave like leave the

97

00:05:14,990 --> 00:05:12,950

already ah well this is part of radio

98

00:05:30,890 --> 00:05:15,000

that we always experience occasionally

99

00:05:40,150 --> 00:05:32,990

but why

100

00:05:45,890 --> 00:05:42,469

how's that

101
00:05:47,629 --> 00:05:45,900
okay all right probably good

102
00:05:50,350 --> 00:05:47,639
I think it is

103
00:05:53,770 --> 00:05:50,360
okay there you go all right

104
00:05:55,930 --> 00:05:53,780
yeah let's Show Business folks

105
00:05:58,010 --> 00:05:55,940
sorry about that

106
00:05:58,850 --> 00:05:58,020
problem thank you so much these things

107
00:06:00,230 --> 00:05:58,860
happen

108
00:06:02,270 --> 00:06:00,240
um yeah I mean I know this is the first

109
00:06:04,010 --> 00:06:02,280
time you've done this so I I understand

110
00:06:06,290 --> 00:06:04,020
it completely

111
00:06:09,189 --> 00:06:06,300
so um

112
00:06:12,050 --> 00:06:09,199
let's start from the beginning

113
00:06:13,969 --> 00:06:12,060

uh when did you first have an encounter

114

00:06:16,370 --> 00:06:13,979

when did you first find out something

115

00:06:19,129 --> 00:06:16,380

was going on

116

00:06:23,390 --> 00:06:19,139

so we we like you said we moved into the

117

00:06:25,850 --> 00:06:23,400

house in 2003 it was pretty quiet

118

00:06:27,129 --> 00:06:25,860

um normal neighborhood

119

00:06:31,730 --> 00:06:27,139

um rural community

120

00:06:34,309 --> 00:06:31,740

and it was around 2010

121

00:06:37,189 --> 00:06:34,319

um that we first started noticing com

122

00:06:40,490 --> 00:06:37,199

some really strange things

123

00:06:43,189 --> 00:06:40,500

um the first thing I remember is my son

124

00:06:45,590 --> 00:06:43,199

who was living us with us at the time he

125

00:06:47,930 --> 00:06:45,600

was um going to college

126

00:06:50,629 --> 00:06:47,940

he mentioned that he was hearing

127

00:06:53,870 --> 00:06:50,639

something in the tree line around us

128

00:06:55,070 --> 00:06:53,880

and he kept he he slept upstairs and a

129

00:06:57,050 --> 00:06:55,080

lot of times since he was going to

130

00:06:58,010 --> 00:06:57,060

college he would be up you know pretty

131

00:07:00,529 --> 00:06:58,020

late

132

00:07:03,710 --> 00:07:00,539

um until the early morning sometimes

133

00:07:06,290 --> 00:07:03,720

studying and he kept saying that he felt

134

00:07:07,969 --> 00:07:06,300

like something was watching him

135

00:07:10,550 --> 00:07:07,979

um he felt like something was on the

136

00:07:12,170 --> 00:07:10,560

roof at night although he couldn't see

137

00:07:13,010 --> 00:07:12,180

anything he could hear something on the

138

00:07:16,490 --> 00:07:13,020

roof

139

00:07:20,570 --> 00:07:16,500

so he started making those comments and

140

00:07:22,010 --> 00:07:20,580

around the same time I started noticing

141

00:07:24,350 --> 00:07:22,020

um you know we live in a rural community

142

00:07:25,730 --> 00:07:24,360

so we're going to have dogs and cats

143

00:07:28,309 --> 00:07:25,740

missing every once in a while and people

144

00:07:29,930 --> 00:07:28,319

put up posters on you know pretty much

145

00:07:31,610 --> 00:07:29,940

everywhere

146

00:07:36,170 --> 00:07:31,620

um telephone poles and everything but

147

00:07:37,969 --> 00:07:36,180

that summer and into that fall there

148

00:07:41,150 --> 00:07:37,979

were dozens of them I mean I'm talking

149

00:07:43,129 --> 00:07:41,160

you could not see a telephone pole that

150

00:07:46,550 --> 00:07:43,139

wasn't plastered with lost cats and lost

151
00:07:48,650 --> 00:07:46,560
dogs really right yeah and and that kind

152
00:07:52,670 --> 00:07:48,660
of got me my attention

153
00:07:54,469 --> 00:07:52,680
but I was um pulling down the just just

154
00:07:56,809 --> 00:07:54,479
down the road from where we live and I

155
00:07:58,309 --> 00:07:56,819
was I noticed there was a telephone pole

156
00:08:00,950 --> 00:07:58,319
and had a big poster and it was a

157
00:08:03,770 --> 00:08:00,960
picture of a bulldog an English bulldog

158
00:08:05,930 --> 00:08:03,780
and that kind of got me because my dad

159
00:08:09,050 --> 00:08:05,940
raised English Bulldogs when we were

160
00:08:10,730 --> 00:08:09,060
growing up and English Bulldogs do not

161
00:08:12,490 --> 00:08:10,740
have the stamina to actually and they

162
00:08:15,350 --> 00:08:12,500
generally don't run away

163
00:08:16,969 --> 00:08:15,360

so when I saw that I started thinking

164

00:08:20,270 --> 00:08:16,979

well maybe there's a predator in the

165

00:08:22,969 --> 00:08:20,280

area you know maybe we've got coyotes

166

00:08:25,369 --> 00:08:22,979

um so we have animals of our own so I

167

00:08:27,469 --> 00:08:25,379

decided that I was gonna you know just

168

00:08:29,510 --> 00:08:27,479

kind of keep an eye on them and see you

169

00:08:32,209 --> 00:08:29,520

know what was going on

170

00:08:33,889 --> 00:08:32,219

so you didn't really notice anything at

171

00:08:37,130 --> 00:08:33,899

that time did you

172

00:08:40,550 --> 00:08:37,140

no but we had had we had had a fox

173

00:08:44,530 --> 00:08:40,560

resident Fox take out our chicken coop

174

00:08:47,329 --> 00:08:44,540

um so we had the usual Critters we had

175

00:08:48,889 --> 00:08:47,339

chickens they they well what do the

176

00:08:51,470 --> 00:08:48,899

skunks kind of just kind of eat their

177

00:08:53,230 --> 00:08:51,480

heads that kind of groaty stuff but so

178

00:08:56,269 --> 00:08:53,240

yeah just your natural

179

00:08:59,269 --> 00:08:56,279

raccoons I mean we'd have to trap them

180

00:09:01,370 --> 00:08:59,279

and release and but nothing that that we

181

00:09:06,230 --> 00:09:01,380

would think was you know out of the

182

00:09:09,170 --> 00:09:06,240

ordinary right so then one morning that

183

00:09:10,509 --> 00:09:09,180

really sticks out to the first encounter

184

00:09:13,490 --> 00:09:10,519

that I had

185

00:09:15,290 --> 00:09:13,500

was um and I didn't say anything at the

186

00:09:18,230 --> 00:09:15,300

time because I really wasn't sure what

187

00:09:20,870 --> 00:09:18,240

it was I was getting ready for work and

188

00:09:23,870 --> 00:09:20,880

it was about 5 15 in the morning it was

189

00:09:26,449 --> 00:09:23,880

still dark out and I heard this just

190

00:09:28,850 --> 00:09:26,459

weird sound and at first I was it

191

00:09:31,190 --> 00:09:28,860

sounded like a goose sounded like a

192

00:09:33,350 --> 00:09:31,200

goose was like making all kinds of Noise

193

00:09:36,889 --> 00:09:33,360

We don't raise geese so I was like what

194

00:09:39,590 --> 00:09:36,899

is that so I went to the kitchen and

195

00:09:42,110 --> 00:09:39,600

opened the window and all of a sudden

196

00:09:45,230 --> 00:09:42,120

the sound changed and it sounded like a

197

00:09:47,389 --> 00:09:45,240

dog it was kind of like a hurt it was

198

00:09:50,030 --> 00:09:47,399

definitely the sound of a hurt animal

199

00:09:52,970 --> 00:09:50,040

so my mind believe it or not went right

200

00:09:54,590 --> 00:09:52,980

to that bulldog that I had seen just a

201

00:09:56,389 --> 00:09:54,600

couple days earlier and I thought well

202

00:09:59,269 --> 00:09:56,399

maybe it's that Bulldog maybe I can help

203

00:10:01,790 --> 00:09:59,279

these people find their dog so

204

00:10:04,130 --> 00:10:01,800

um our dogs we had two dogs at the time

205

00:10:07,130 --> 00:10:04,140

um fairly large dogs they were already

206

00:10:08,690 --> 00:10:07,140

outside so I went outside and I started

207

00:10:10,610 --> 00:10:08,700

going up towards the back of our

208

00:10:12,829 --> 00:10:10,620

property where we have a nice tree line

209

00:10:13,750 --> 00:10:12,839

and we have a lot of the

210

00:10:16,130 --> 00:10:13,760

um

211

00:10:17,329 --> 00:10:16,140

bamboo the wild bamboo that grows up

212

00:10:20,509 --> 00:10:17,339

there

213

00:10:22,430 --> 00:10:20,519

um I I did have a flashlight on me and

214

00:10:23,810 --> 00:10:22,440

as I was going up the tree line I kind

215

00:10:26,570 --> 00:10:23,820

of looked back to see where the dogs

216

00:10:28,790 --> 00:10:26,580

were and they weren't following me and I

217

00:10:31,850 --> 00:10:28,800

guess that should have been my first my

218

00:10:34,130 --> 00:10:31,860

my first warning but I I got up to where

219

00:10:35,990 --> 00:10:34,140

the tree line was and I was like a dummy

220

00:10:38,509 --> 00:10:36,000

I'm like here puppy puppy here puppy

221

00:10:41,570 --> 00:10:38,519

puppy and I was just about getting ready

222

00:10:44,569 --> 00:10:41,580

to walk into the tree line when all of a

223

00:10:47,810 --> 00:10:44,579

sudden this this growl and when I say

224

00:10:51,110 --> 00:10:47,820

growl it's like what I've never heard a

225

00:10:54,470 --> 00:10:51,120

growl like that since then but this

226

00:10:58,370 --> 00:10:54,480

thing whatever it was it was very large

227

00:11:01,910 --> 00:10:58,380

um it lunged out of the brush and I I

228

00:11:04,430 --> 00:11:01,920

could hear it coming towards me and I

229

00:11:06,590 --> 00:11:04,440

didn't even I stopped for a second in

230

00:11:10,069 --> 00:11:06,600

just almost like panic

231

00:11:12,050 --> 00:11:10,079

and as it's coming towards me all of a

232

00:11:13,550 --> 00:11:12,060

sudden I realized that well I've got a

233

00:11:15,590 --> 00:11:13,560

flashlight and then I was like nope I

234

00:11:17,870 --> 00:11:15,600

gotta get out of here so I literally

235

00:11:19,310 --> 00:11:17,880

turned around and ran like the 20 yards

236

00:11:22,250 --> 00:11:19,320

or so

237

00:11:25,730 --> 00:11:22,260

um to the to our front door and the dogs

238

00:11:28,850 --> 00:11:25,740

were looking at something behind me as I

239

00:11:31,430 --> 00:11:28,860

was running and I I made it to the to

240

00:11:32,630 --> 00:11:31,440

the house I don't know how I made it to

241

00:11:34,310 --> 00:11:32,640

the house because I'm pretty sure

242

00:11:36,769 --> 00:11:34,320

whatever that thing was it was large

243

00:11:38,269 --> 00:11:36,779

enough it could have run me down because

244

00:11:40,970 --> 00:11:38,279

I'm not very fast

245

00:11:42,829 --> 00:11:40,980

and I literally sat down on the floor

246

00:11:44,930 --> 00:11:42,839

underneath

247

00:11:46,850 --> 00:11:44,940

um where our kitchen is

248

00:11:48,769 --> 00:11:46,860

um because I couldn't move I was so

249

00:11:52,370 --> 00:11:48,779

scared of whatever that was the feeling

250

00:11:54,769 --> 00:11:52,380

that I had was that it was something

251

00:11:56,569 --> 00:11:54,779

that was not natural it wasn't like a

252

00:11:58,850 --> 00:11:56,579

coyote it wasn't like a wolf it wasn't

253

00:12:01,190 --> 00:11:58,860

like a dog it wasn't a bear

254

00:12:03,829 --> 00:12:01,200

um it was something that basically my

255

00:12:06,410 --> 00:12:03,839

mind couldn't wrap itself around and I

256

00:12:08,569 --> 00:12:06,420

sat there for about two hours I would

257

00:12:10,130 --> 00:12:08,579

not leave until it was all all light

258

00:12:12,470 --> 00:12:10,140

outside I did

259

00:12:14,389 --> 00:12:12,480

I did stand up and I was kind of looking

260

00:12:17,210 --> 00:12:14,399

around just to kind of see if there was

261

00:12:19,009 --> 00:12:17,220

anything out there but nothing came

262

00:12:20,870 --> 00:12:19,019

crashing through the window or the door

263

00:12:23,030 --> 00:12:20,880

or anything and I didn't hear anything

264

00:12:26,269 --> 00:12:23,040

else until like almost a week and a half

265

00:12:28,790 --> 00:12:26,279

later when my son had our encounter

266

00:12:30,889 --> 00:12:28,800

so tell us a bit about that what how did

267

00:12:33,829 --> 00:12:30,899

that occur

268

00:12:36,790 --> 00:12:33,839

um well my son came home

269

00:12:39,710 --> 00:12:36,800

from school

270

00:12:42,350 --> 00:12:39,720

and well there's kind of two encounters

271

00:12:44,930 --> 00:12:42,360

here together so a couple days but prior

272

00:12:45,949 --> 00:12:44,940

to the the encounter the big encounter

273

00:12:47,990 --> 00:12:45,959

we had

274

00:12:50,269 --> 00:12:48,000

um he came home from school and I heard

275

00:12:52,430 --> 00:12:50,279

him walking up the driveway I'm a mom I

276

00:12:54,110 --> 00:12:52,440

stay up and

277

00:12:55,850 --> 00:12:54,120

um I want to make sure that my kids make

278

00:12:58,069 --> 00:12:55,860

it home you know from school even if

279

00:12:59,629 --> 00:12:58,079

they are in their 20s so

280

00:13:01,730 --> 00:12:59,639

um I heard him walking up the driveway

281

00:13:05,150 --> 00:13:01,740

because he usually parks on the driveway

282

00:13:07,430 --> 00:13:05,160

below uh and then I heard them probably

283

00:13:09,650 --> 00:13:07,440

30 seconds later walking back down the

284

00:13:11,690 --> 00:13:09,660

driveway so I jumped up real quick

285

00:13:13,730 --> 00:13:11,700

thinking oh no did we lock the door on

286

00:13:16,370 --> 00:13:13,740

him can he knock it in

287

00:13:18,230 --> 00:13:16,380

um so I ran into the kitchen because I

288

00:13:19,970 --> 00:13:18,240

was gonna try and catch him

289

00:13:22,370 --> 00:13:19,980

um well I looked out the window I didn't

290

00:13:24,530 --> 00:13:22,380

see him I ran into the kitchen only to

291

00:13:26,690 --> 00:13:24,540

find him standing in the kitchen

292

00:13:29,629 --> 00:13:26,700

so I kind of looked at him where he was

293

00:13:31,550 --> 00:13:29,639

petting the dogs and I was like

294

00:13:32,990 --> 00:13:31,560

that was kind of weird because I

295

00:13:34,850 --> 00:13:33,000

literally just heard him 10 seconds

296

00:13:38,030 --> 00:13:34,860

earlier walking down the driveway how

297

00:13:40,610 --> 00:13:38,040

can he be in two places a month right no

298

00:13:42,710 --> 00:13:40,620

no you know of course

299

00:13:44,810 --> 00:13:42,720

we hadn't talked about anything we

300

00:13:46,310 --> 00:13:44,820

hadn't had any Mutual encounters so I

301

00:13:48,290 --> 00:13:46,320

just kind of put it away with the other

302

00:13:50,210 --> 00:13:48,300

encounter just as well that was kind of

303

00:13:53,329 --> 00:13:50,220

weird and I went back to bed

304

00:13:56,930 --> 00:13:53,339

and then a couple days later he came

305

00:14:00,410 --> 00:13:56,940

into the bedroom my husband was sleeping

306

00:14:04,069 --> 00:14:00,420

um or Greg was sleeping sorry and uh

307

00:14:05,810 --> 00:14:04,079

is I'm very sensitive and noises wake me

308

00:14:07,009 --> 00:14:05,820

up so as soon as he opened the door I

309

00:14:09,650 --> 00:14:07,019

was like hey what's going on because

310

00:14:12,050 --> 00:14:09,660

this is about maybe 12 30 at night and

311

00:14:13,970 --> 00:14:12,060

or 12 30 in the morning and he said um

312

00:14:16,370 --> 00:14:13,980

you got to come outside something's got

313

00:14:17,930 --> 00:14:16,380

the chickens and I said what do you mean

314

00:14:19,790 --> 00:14:17,940

something's got the chickens and he goes

315

00:14:22,030 --> 00:14:19,800

mom just come outside and bring a friend

316

00:14:25,129 --> 00:14:22,040

which we all know what that means right

317

00:14:28,009 --> 00:14:25,139

so of course I jump up throw my robe on

318

00:14:30,769 --> 00:14:28,019

throw my slippers on grab the 20 gauge

319

00:14:33,530 --> 00:14:30,779

and head outside so as we're walking

320

00:14:35,629 --> 00:14:33,540

outside he starts telling me about how

321

00:14:37,970 --> 00:14:35,639

he heard something get one of the

322

00:14:39,230 --> 00:14:37,980

chickens we had we had one chicken that

323

00:14:40,790 --> 00:14:39,240

was

324

00:14:42,650 --> 00:14:40,800

um the other chickens would beat it up

325

00:14:44,750 --> 00:14:42,660

so we just let it free range and it

326

00:14:47,449 --> 00:14:44,760

never had any problems no Predators got

327

00:14:50,150 --> 00:14:47,459

it we called him lonely boy because he

328

00:14:52,850 --> 00:14:50,160

was by himself right so

329

00:14:54,410 --> 00:14:52,860

um as we're walking out he starts

330

00:14:57,110 --> 00:14:54,420

telling me about how he heard something

331

00:14:59,449 --> 00:14:57,120

and lonely boy was making a lot of noise

332

00:15:02,569 --> 00:14:59,459

he figured there was a predator out so

333

00:15:04,610 --> 00:15:02,579

he went outside with his handgun and

334

00:15:07,189 --> 00:15:04,620

from the porch he has a pretty high

335

00:15:08,509 --> 00:15:07,199

powered um flashlight so he was shining

336

00:15:12,590 --> 00:15:08,519

the light in the neighbor's yard where

337

00:15:15,889 --> 00:15:12,600

he heard lonely was and when he did that

338

00:15:17,569 --> 00:15:15,899

he saw that something had grasped lonely

339

00:15:19,490 --> 00:15:17,579

around the center

340

00:15:22,790 --> 00:15:19,500

and

341

00:15:26,329 --> 00:15:22,800

all of a sudden this thing was a face

342

00:15:29,389 --> 00:15:26,339

and it was not a not a coyote not a wolf

343

00:15:32,449 --> 00:15:29,399

but something some kind of dog kind of

344

00:15:34,610 --> 00:15:32,459

creature and it was very large and had

345

00:15:37,310 --> 00:15:34,620

um yellowish reddish eyes and they was

346

00:15:39,170 --> 00:15:37,320

glaring at him and when he saw that he

347

00:15:41,110 --> 00:15:39,180

was like oh I need some help so that's

348

00:15:44,090 --> 00:15:41,120

when he came in and got me

349

00:15:46,129 --> 00:15:44,100

so as we went out

350

00:15:47,810 --> 00:15:46,139

um I could see we were in the middle of

351

00:15:49,850 --> 00:15:47,820

the yard I couldn't see any creature

352

00:15:52,490 --> 00:15:49,860

didn't hear any creature

353

00:15:54,230 --> 00:15:52,500

um and lonely boy was like he was

354

00:15:55,670 --> 00:15:54,240

crashing against we have a we have like

355

00:15:57,170 --> 00:15:55,680

a three foot

356

00:16:02,389 --> 00:15:57,180

um

357

00:16:04,189 --> 00:16:02,399

neighbors and our our property and he

358

00:16:05,629 --> 00:16:04,199

was crashing it was just I mean he was

359

00:16:07,490 --> 00:16:05,639

going to break his neck he was crashing

360

00:16:09,889 --> 00:16:07,500

so frantically against that so I told

361

00:16:12,470 --> 00:16:09,899

Drew I said hey you know reach over

362

00:16:13,730 --> 00:16:12,480

there and grab him and he looked at me

363

00:16:15,710 --> 00:16:13,740

and went

364

00:16:18,230 --> 00:16:15,720

I think that's something out of a horror

365

00:16:20,569 --> 00:16:18,240

movie mom and I and I finally realized

366

00:16:24,290 --> 00:16:20,579

what I said so I convinced him to

367

00:16:26,210 --> 00:16:24,300

actually lift up the fence I don't know

368

00:16:27,530 --> 00:16:26,220

I don't know why he did it but he did it

369

00:16:29,269 --> 00:16:27,540

so

370

00:16:31,189 --> 00:16:29,279

um he lifted up the fence and that

371

00:16:33,530 --> 00:16:31,199

rooster came he was a white rooster so

372

00:16:35,810 --> 00:16:33,540

we could see him at night he came

373

00:16:36,949 --> 00:16:35,820

barreling out from underneath that fence

374

00:16:39,769 --> 00:16:36,959

he went

375

00:16:42,110 --> 00:16:39,779

behind me and literally I could see him

376

00:16:43,970 --> 00:16:42,120

sizing me up and he decided nope I

377

00:16:45,410 --> 00:16:43,980

wasn't enough and he went running up

378

00:16:48,350 --> 00:16:45,420

underneath the porch

379

00:16:52,370 --> 00:16:48,360

and he stayed there for three days wow

380

00:16:54,230 --> 00:16:52,380

so then Drew and I were we were shining

381

00:16:56,569 --> 00:16:54,240

our flashlights around and trying to

382

00:16:59,810 --> 00:16:56,579

look and as we're standing there we were

383

00:17:02,150 --> 00:16:59,820

probably about 10 15 feet from the

384

00:17:05,689 --> 00:17:02,160

neighbor's property in the fence

385

00:17:07,730 --> 00:17:05,699

we heard this growl and it was not a

386

00:17:10,010 --> 00:17:07,740

growl that came from the ground it

387

00:17:11,630 --> 00:17:10,020

wasn't this growl was from about eight

388

00:17:15,230 --> 00:17:11,640

nine feet in the air

389

00:17:17,329 --> 00:17:15,240

and where the growl came from at that

390

00:17:19,669 --> 00:17:17,339

time this was you know 12 years ago

391

00:17:22,250 --> 00:17:19,679

there were no trees there that would

392

00:17:25,610 --> 00:17:22,260

have sustained something that large

393

00:17:28,250 --> 00:17:25,620

so whatever it was was literally

394

00:17:30,350 --> 00:17:28,260

standing up and it was about 10 15 feet

395

00:17:32,690 --> 00:17:30,360

in front of us and and we had high power

396

00:17:34,370 --> 00:17:32,700

flashlights we couldn't see it

397

00:17:36,350 --> 00:17:34,380

but we just both looked at each other

398

00:17:39,409 --> 00:17:36,360

and said we need to go in the house

399

00:17:41,570 --> 00:17:39,419

so we went into the house and

400

00:17:43,490 --> 00:17:41,580

um where we were talking about it and

401
00:17:45,950 --> 00:17:43,500
then it made that

402
00:17:47,510 --> 00:17:45,960
that howling sound that it had made like

403
00:17:50,230 --> 00:17:47,520
a week and a half before when it came

404
00:17:53,450 --> 00:17:50,240
after me almost like it was really mad

405
00:17:55,010 --> 00:17:53,460
so the weird thing about that is when I

406
00:17:56,570 --> 00:17:55,020
checked when I finally got the check on

407
00:17:59,090 --> 00:17:56,580
Lonely Boy

408
00:18:01,190 --> 00:17:59,100
um he had no marks on him he had no

409
00:18:03,230 --> 00:18:01,200
puncture marks all he had was a few

410
00:18:05,930 --> 00:18:03,240
feathers missing out of his tail

411
00:18:08,450 --> 00:18:05,940
so you know what can grab a chicken out

412
00:18:11,270 --> 00:18:08,460
of a yard jump over a three foot fence

413
00:18:13,190 --> 00:18:11,280

hold it in its mouth and not harm it

414

00:18:15,650 --> 00:18:13,200

that was kind of my question that kept

415

00:18:17,750 --> 00:18:15,660

going around in my head and what was the

416

00:18:19,070 --> 00:18:17,760

purpose of it was the purpose of it you

417

00:18:21,230 --> 00:18:19,080

know at this point I knew we had

418

00:18:23,570 --> 00:18:21,240

something weird going on

419

00:18:25,130 --> 00:18:23,580

um but was the purpose of it to draw us

420

00:18:27,710 --> 00:18:25,140

out

421

00:18:31,450 --> 00:18:27,720

or you know because the purpose of it

422

00:18:36,169 --> 00:18:34,190

yeah yeah it was play it was playing

423

00:18:38,210 --> 00:18:36,179

with the chicken so and that actually

424

00:18:39,830 --> 00:18:38,220

happened another time a couple weeks

425

00:18:41,390 --> 00:18:39,840

later and then we started Lonely Boy

426

00:18:42,770 --> 00:18:41,400

started coming on the back porch at

427

00:18:45,770 --> 00:18:42,780

night he would actually knock on the

428

00:18:47,570 --> 00:18:45,780

door for us to let him in the house he

429

00:18:49,430 --> 00:18:47,580

didn't want to be outside yeah yeah I

430

00:18:53,870 --> 00:18:49,440

don't blame him so

431

00:18:56,450 --> 00:18:53,880

so what did that evolve into where I

432

00:18:58,190 --> 00:18:56,460

knew you had a bigger encounter later

433

00:18:59,690 --> 00:18:58,200

um what happened

434

00:19:01,270 --> 00:18:59,700

well

435

00:19:05,090 --> 00:19:01,280

do you want to talk a little bit about

436

00:19:07,070 --> 00:19:05,100

what was going around around the house

437

00:19:09,650 --> 00:19:07,080

yeah there was one

438

00:19:12,470 --> 00:19:09,660

um when it was me and Drew and Carrie

439

00:19:15,350 --> 00:19:12,480

and I think there was

440

00:19:17,210 --> 00:19:15,360

some it was it on the roof or on the

441

00:19:19,669 --> 00:19:17,220

walls we there was some pounding going

442

00:19:22,070 --> 00:19:19,679

on that that's what I kind of heard

443

00:19:24,890 --> 00:19:22,080

that's what really caught my attention

444

00:19:28,190 --> 00:19:24,900

um and we went outside again with some

445

00:19:31,610 --> 00:19:28,200

friends that we were all carrying and

446

00:19:33,289 --> 00:19:31,620

we we kept hearing it sounded like of

447

00:19:35,390 --> 00:19:33,299

course my first thought was it's just a

448

00:19:37,310 --> 00:19:35,400

deer running through the woods

449

00:19:38,810 --> 00:19:37,320

um up on Earth we have a pretty large we

450

00:19:40,610 --> 00:19:38,820

have two acres

451

00:19:43,310 --> 00:19:40,620

so we have a top yard where there's

452

00:19:45,169 --> 00:19:43,320

there's brush there and we're kind of on

453

00:19:47,630 --> 00:19:45,179

all three sides there's brush and then

454

00:19:51,950 --> 00:19:47,640

there's an antique kind of mall behind

455

00:19:54,470 --> 00:19:51,960

us but so we heard it in the top yard

456

00:19:56,390 --> 00:19:54,480

um and then so we started heading that

457

00:20:00,289 --> 00:19:56,400

way and then within a couple seconds it

458

00:20:02,570 --> 00:20:00,299

was directly behind us and then

459

00:20:05,390 --> 00:20:02,580

it was to the right of it so it was

460

00:20:07,310 --> 00:20:05,400

almost like there was multiple

461

00:20:08,390 --> 00:20:07,320

um things moving around us you know it

462

00:20:15,049 --> 00:20:08,400

was

463

00:20:16,549 --> 00:20:15,059

deer raccoon

464

00:20:19,430 --> 00:20:16,559

you know

465

00:20:21,169 --> 00:20:19,440

um and I think that was we didn't really

466

00:20:23,390 --> 00:20:21,179

get any Footprints or anything from that

467

00:20:26,930 --> 00:20:23,400

one no not yet so

468

00:20:29,450 --> 00:20:26,940

um just just we we started having it was

469

00:20:32,210 --> 00:20:29,460

almost like this thing realized that we

470

00:20:34,190 --> 00:20:32,220

could at least hear it and we were aware

471

00:20:36,650 --> 00:20:34,200

of it because we came out with guns

472

00:20:38,990 --> 00:20:36,660

obviously so I think it started toying

473

00:20:41,150 --> 00:20:39,000

with us or they started toying with us

474

00:20:44,450 --> 00:20:41,160

um later on we pretty much decided that

475

00:20:46,310 --> 00:20:44,460

we we had a pack that would come here

476

00:20:48,650 --> 00:20:46,320

um but it was toying with us it would

477

00:20:52,070 --> 00:20:48,660

knock on the Windows it it and to this

478

00:20:54,710 --> 00:20:52,080

day it knocks on the door it likes to

479

00:20:58,010 --> 00:20:54,720

look at us because I can always I'm very

480

00:21:00,289 --> 00:20:58,020

sensitive of those things and

481

00:21:01,730 --> 00:21:00,299

um I know when it's here I can feel when

482

00:21:02,750 --> 00:21:01,740

it's here because there's a distinct

483

00:21:04,789 --> 00:21:02,760

feel

484

00:21:07,310 --> 00:21:04,799

um sometimes we smell it it marks it

485

00:21:10,010 --> 00:21:07,320

marks our house with the most ungodly

486

00:21:12,110 --> 00:21:10,020

urine smell you never want to smell

487

00:21:13,970 --> 00:21:12,120

um our dogs are scared to go out you

488

00:21:15,529 --> 00:21:13,980

know we always know first off when it's

489

00:21:16,990 --> 00:21:15,539

there because the dogs won't go outside

490

00:21:20,570 --> 00:21:17,000

at all

491

00:21:24,350 --> 00:21:20,580

and it comes all times of the day mostly

492

00:21:26,510 --> 00:21:24,360

at dusk but it can come at four o'clock

493

00:21:28,669 --> 00:21:26,520

in the morning it can come during the

494

00:21:31,430 --> 00:21:28,679

day my daughter has had instances where

495

00:21:34,669 --> 00:21:31,440

she's been here she won't be here alone

496

00:21:35,810 --> 00:21:34,679

um unless we're here uh because she was

497

00:21:37,190 --> 00:21:35,820

here and it was pounding I mean

498

00:21:38,870 --> 00:21:37,200

literally pounding on the side of the

499

00:21:40,850 --> 00:21:38,880

house if you can imagine sitting here

500

00:21:43,070 --> 00:21:40,860

you know watching TV or something and

501
00:21:44,810 --> 00:21:43,080
then all of a sudden hearing pounding

502
00:21:47,750 --> 00:21:44,820
um and then going outside and not seeing

503
00:21:49,430 --> 00:21:47,760
anything that you know it's almost like

504
00:21:51,770 --> 00:21:49,440
it was it was just playing with us we

505
00:21:53,750 --> 00:21:51,780
were like toys to it you also mentioned

506
00:21:56,450 --> 00:21:53,760
that it was leaving stones and sticks

507
00:21:58,310 --> 00:21:56,460
stairs well for you yeah um by the

508
00:22:01,010 --> 00:21:58,320
bedroom window by

509
00:22:02,270 --> 00:22:01,020
um my bedroom window or our bedroom

510
00:22:04,730 --> 00:22:02,280
window

511
00:22:07,310 --> 00:22:04,740
um I would find just random stones that

512
00:22:09,230 --> 00:22:07,320
were stacked on top of each other

513
00:22:11,570 --> 00:22:09,240

um you know sometimes a large Stone

514

00:22:13,010 --> 00:22:11,580

probably about you know like this this

515

00:22:15,590 --> 00:22:13,020

big

516

00:22:16,570 --> 00:22:15,600

um just laid against the side out of the

517

00:22:19,130 --> 00:22:16,580

house

518

00:22:19,970 --> 00:22:19,140

sticks laid us against the side of the

519

00:22:22,250 --> 00:22:19,980

house

520

00:22:24,770 --> 00:22:22,260

um just you know you know perpendicular

521

00:22:26,990 --> 00:22:24,780

to the house and and things like that

522

00:22:28,909 --> 00:22:27,000

I'm almost like you know right next to

523

00:22:31,730 --> 00:22:28,919

the bedroom window that was that was the

524

00:22:32,450 --> 00:22:31,740

first time that I started noticing that

525

00:22:34,010 --> 00:22:32,460

um

526

00:22:36,649 --> 00:22:34,020

so you want to tell them what we did

527

00:22:40,010 --> 00:22:36,659

when all the stuff started happening

528

00:22:41,990 --> 00:22:40,020

well I'm I'm a non-believer so I'm gonna

529

00:22:43,970 --> 00:22:42,000

kind of write it off to the logical side

530

00:22:46,549 --> 00:22:43,980

of things so

531

00:22:49,370 --> 00:22:46,559

um Carrie's like oh no no it's this well

532

00:22:52,850 --> 00:22:49,380

no it's probably animals so we decided

533

00:22:56,149 --> 00:22:52,860

to get a trail cam and I think we bought

534

00:22:58,310 --> 00:22:56,159

two yeah and so we got some pretty good

535

00:22:59,149 --> 00:22:58,320

footage from that

536

00:23:01,549 --> 00:22:59,159

um

537

00:23:02,810 --> 00:23:01,559

and I I still even after we got the

538

00:23:03,529 --> 00:23:02,820

shots

539

00:23:05,810 --> 00:23:03,539

um

540

00:23:07,669 --> 00:23:05,820

kind of still wrote it off as a raccoon

541

00:23:09,590 --> 00:23:07,679

but we actually had are you talking

542

00:23:12,169 --> 00:23:09,600

about the picture of the eyes of when

543

00:23:14,029 --> 00:23:12,179

you went outside yeah we used one of our

544

00:23:17,029 --> 00:23:14,039

our older sheds

545

00:23:18,770 --> 00:23:17,039

as a chicken coop

546

00:23:20,450 --> 00:23:18,780

um so we kind of you can see we built a

547

00:23:22,070 --> 00:23:20,460

fence on the out so they could go in and

548

00:23:26,630 --> 00:23:22,080

out

549

00:23:30,710 --> 00:23:26,640

just to shut them up feed them make sure

550

00:23:32,810 --> 00:23:30,720

everything was cool and Carrie showed me

551
00:23:34,970 --> 00:23:32,820
um why we checked the footage maybe the

552
00:23:36,950 --> 00:23:34,980
next day

553
00:23:38,750 --> 00:23:36,960
um and she's like she's freaking out and

554
00:23:42,169 --> 00:23:38,760
I'm like oh you know that's a raccoon

555
00:23:44,090 --> 00:23:42,179
but um you can clearly see that it's not

556
00:23:47,990 --> 00:23:44,100
a raccoon

557
00:23:51,470 --> 00:23:48,000
um but I I still kind of really wasn't a

558
00:23:54,169 --> 00:23:51,480
Believer but actually actually after I

559
00:23:55,310 --> 00:23:54,179
kind of caught a raccoon's eyes up in

560
00:23:58,669 --> 00:23:55,320
the trees

561
00:24:01,190 --> 00:23:58,679
and saw the distance from the

562
00:24:03,169 --> 00:24:01,200
from the two eyes that that you can look

563
00:24:06,590 --> 00:24:03,179

at that picture and know that that head

564

00:24:09,230 --> 00:24:06,600

is way bigger than a raccoon's eyes so

565

00:24:11,149 --> 00:24:09,240

that's kind of when I kind of said I

566

00:24:14,330 --> 00:24:11,159

think we got something going on here in

567

00:24:16,490 --> 00:24:14,340

the in the yard so so when I first saw

568

00:24:17,570 --> 00:24:16,500

this picture I almost deleted the first

569

00:24:19,130 --> 00:24:17,580

one because I was like well there's

570

00:24:21,289 --> 00:24:19,140

nothing there

571

00:24:23,029 --> 00:24:21,299

um but I went on to the second one and

572

00:24:25,070 --> 00:24:23,039

then I literally sat there for an hour

573

00:24:27,649 --> 00:24:25,080

togglng back and forth between the two

574

00:24:30,890 --> 00:24:27,659

pictures because you can literally see

575

00:24:33,649 --> 00:24:30,900

now this where where the point is on the

576

00:24:36,110 --> 00:24:33,659

roof if you want to um

577

00:24:37,730 --> 00:24:36,120

um zoom in yeah zoom in there where the

578

00:24:40,430 --> 00:24:37,740

point is on the roof I measured it

579

00:24:42,590 --> 00:24:40,440

that's six and a half feet okay there is

580

00:24:44,810 --> 00:24:42,600

nothing on the other side of that that

581

00:24:46,909 --> 00:24:44,820

anything can be standing on the tree

582

00:24:49,250 --> 00:24:46,919

that's in that picture is about four

583

00:24:51,830 --> 00:24:49,260

feet behind the building so there's

584

00:24:55,610 --> 00:24:51,840

nothing hanging in the tree

585

00:24:58,010 --> 00:24:55,620

um I even sent these pictures to ODNR to

586

00:24:59,810 --> 00:24:58,020

have them evaluate it and of course they

587

00:25:01,130 --> 00:24:59,820

said well it's two raccoons where I said

588

00:25:02,570 --> 00:25:01,140

well if there's two raccoons there

589

00:25:04,970 --> 00:25:02,580

should be four eyes

590

00:25:07,430 --> 00:25:04,980

unless they're looking away but the

591

00:25:10,250 --> 00:25:07,440

thing that kind of gets me is how this

592

00:25:12,230 --> 00:25:10,260

thing hunkered down it it has the

593

00:25:15,529 --> 00:25:12,240

intelligence

594

00:25:17,090 --> 00:25:15,539

um to hunker down and kind of go with

595

00:25:17,990 --> 00:25:17,100

the the

596

00:25:20,029 --> 00:25:18,000

um

597

00:25:22,909 --> 00:25:20,039

the side of the roof

598

00:25:25,070 --> 00:25:22,919

and then as soon as he turns away and

599

00:25:27,230 --> 00:25:25,080

and isn't looking pretty much directly

600

00:25:29,110 --> 00:25:27,240

at it it pokes its head up and it

601
00:25:32,269 --> 00:25:29,120
watches him walk away

602
00:25:34,430 --> 00:25:32,279
and that really made my skin crawl when

603
00:25:36,769 --> 00:25:34,440
I saw that and then I I asked him I said

604
00:25:39,830 --> 00:25:36,779
did you hear anything

605
00:25:41,990 --> 00:25:39,840
the only thing I I heard was almost a

606
00:25:42,890 --> 00:25:42,000
like a clicking

607
00:25:46,250 --> 00:25:42,900
um

608
00:25:48,890 --> 00:25:46,260
or like I I want to say maybe I kind of

609
00:25:51,529 --> 00:25:48,900
thought it would be like a small animal

610
00:25:53,090 --> 00:25:51,539
but you know most animals these

611
00:25:55,190 --> 00:25:53,100
squirrels and stuff really don't make

612
00:25:57,289 --> 00:25:55,200
that kind of noise but that's the only

613
00:25:59,510 --> 00:25:57,299

thing I I can really say I remember

614

00:26:02,510 --> 00:25:59,520

hearing but it was really

615

00:26:05,090 --> 00:26:02,520

when this thing seems to be around it

616

00:26:08,450 --> 00:26:05,100

it's very quiet because we have a lot of

617

00:26:11,269 --> 00:26:08,460

animals but when when Carrie knows that

618

00:26:13,430 --> 00:26:11,279

it's in the vicinity you won't hear bur

619

00:26:16,310 --> 00:26:13,440

you won't you know what I mean it's like

620

00:26:19,310 --> 00:26:16,320

kind of creepy silence so

621

00:26:21,049 --> 00:26:19,320

it appears that everything around us

622

00:26:23,450 --> 00:26:21,059

that's that's you know the natural

623

00:26:27,409 --> 00:26:23,460

habitat seems to know when this this

624

00:26:29,690 --> 00:26:27,419

guy's in the neighborhood so

625

00:26:32,690 --> 00:26:29,700

so um

626
00:26:34,310 --> 00:26:32,700
you you later got another photograph as

627
00:26:35,930 --> 00:26:34,320
well you said was the back of this

628
00:26:38,390 --> 00:26:35,940
creature

629
00:26:40,970 --> 00:26:38,400
yes do you guys have that one I don't

630
00:26:45,529 --> 00:26:40,980
know I do I'm I guess Vincent may have

631
00:26:47,390 --> 00:26:45,539
it okay so we we gotta like as anybody

632
00:26:50,330 --> 00:26:47,400
who puts out trail cams you get a bunch

633
00:26:52,789 --> 00:26:50,340
of Miss flashes and stuff like that um

634
00:26:54,230 --> 00:26:52,799
no is there another one yeah this one I

635
00:26:56,450 --> 00:26:54,240
don't know what that was at first I

636
00:26:58,909 --> 00:26:56,460
thought it was me but I literally had

637
00:27:01,730 --> 00:26:58,919
these trail cams six feet off the ground

638
00:27:04,370 --> 00:27:01,740

so and I didn't turn them on until I

639

00:27:06,830 --> 00:27:04,380

placed them so that is not me so I'm not

640

00:27:09,289 --> 00:27:06,840

really sure what that is but there's

641

00:27:11,029 --> 00:27:09,299

another picture where we got the back of

642

00:27:12,769 --> 00:27:11,039

something and you can tell it wasn't a

643

00:27:15,769 --> 00:27:12,779

misfire because you can see the trees

644

00:27:18,169 --> 00:27:15,779

off to the right and it was literally

645

00:27:20,690 --> 00:27:18,179

probably something that was over seven

646

00:27:23,690 --> 00:27:20,700

feet tall and you catch there you go so

647

00:27:25,430 --> 00:27:23,700

so up in the right hand corner you can

648

00:27:28,070 --> 00:27:25,440

actually see the leaves and the trees so

649

00:27:31,250 --> 00:27:28,080

you so that is something that I assume

650

00:27:34,250 --> 00:27:31,260

ran by the camera very very quickly well

651
00:27:38,510 --> 00:27:34,260
you can see the hair on it exactly yeah

652
00:27:39,890 --> 00:27:38,520
that that is a hairy back and you know I

653
00:27:41,510 --> 00:27:39,900
don't know what we have around here

654
00:27:43,850 --> 00:27:41,520
that's over seven feet tall that has

655
00:27:46,250 --> 00:27:43,860
hair like that coming off of its back

656
00:27:48,470 --> 00:27:46,260
so when we started seeing these pictures

657
00:27:52,430 --> 00:27:48,480
I was like okay we've got something here

658
00:27:55,789 --> 00:27:52,440
that we can't explain right so

659
00:27:59,870 --> 00:27:55,799
um and then the um

660
00:28:01,430 --> 00:27:59,880
the we started in it into the winter we

661
00:28:03,049 --> 00:28:01,440
started having some Footprints some

662
00:28:04,909 --> 00:28:03,059
mysterious footprints around the house

663
00:28:06,890 --> 00:28:04,919

and

664

00:28:08,029 --> 00:28:06,900

um Greg was I think you were gone at

665

00:28:09,950 --> 00:28:08,039

this time

666

00:28:11,810 --> 00:28:09,960

um he had some so if you can see here I

667

00:28:14,149 --> 00:28:11,820

was home by myself he was he was doing

668

00:28:17,269 --> 00:28:14,159

some some traveling

669

00:28:19,909 --> 00:28:17,279

um but we had these footprints that I

670

00:28:21,830 --> 00:28:19,919

saw when I came home from work and I'd

671

00:28:23,630 --> 00:28:21,840

gotten the dogs out and I put them away

672

00:28:26,210 --> 00:28:23,640

immediately because I I thought that

673

00:28:27,710 --> 00:28:26,220

these Footprints were so strange I went

674

00:28:28,909 --> 00:28:27,720

and I got and I don't know if you have

675

00:28:31,669 --> 00:28:28,919

the one

676

00:28:32,630 --> 00:28:31,679

um I got the

677

00:28:35,149 --> 00:28:32,640

um

678

00:28:37,430 --> 00:28:35,159

the that when they plow the driveways

679

00:28:38,149 --> 00:28:37,440

they put those orange

680

00:28:40,549 --> 00:28:38,159

um

681

00:28:42,610 --> 00:28:40,559

what what you may call it like posts

682

00:28:45,049 --> 00:28:42,620

yeah the markers yeah

683

00:28:46,669 --> 00:28:45,059

and they were very light so I went and

684

00:28:48,289 --> 00:28:46,679

grabbed one of those because it was a

685

00:28:50,930 --> 00:28:48,299

very light snow and I wanted something

686

00:28:52,490 --> 00:28:50,940

and these Footprints these are three

687

00:28:55,190 --> 00:28:52,500

feet long

688

00:28:58,370 --> 00:28:55,200

um poles and these Footprints the space

689

00:29:01,610 --> 00:28:58,380

between them is longer than these poles

690

00:29:04,310 --> 00:29:01,620

okay and now we you know we live early

691

00:29:05,870 --> 00:29:04,320

so we have rabbits and and you know some

692

00:29:07,250 --> 00:29:05,880

people are like well that's a rabbit I

693

00:29:10,130 --> 00:29:07,260

don't know of a rabbit that can jump

694

00:29:12,470 --> 00:29:10,140

four or five feet right not only that

695

00:29:14,570 --> 00:29:12,480

but you can usually see it's a distinct

696

00:29:17,750 --> 00:29:14,580

pattern too I mean it's like

697

00:29:20,210 --> 00:29:17,760

yeah it's like the uh you can see the

698

00:29:22,370 --> 00:29:20,220

back legs in the snow the body then the

699

00:29:24,889 --> 00:29:22,380

back legs of this in the snow right

700

00:29:27,169 --> 00:29:24,899

distinctive pattern to it I mean this

701
00:29:29,330 --> 00:29:27,179
looked like a very tall man walked

702
00:29:32,330 --> 00:29:29,340
through our yard and you can see in this

703
00:29:33,950 --> 00:29:32,340
one you can see that the dogs had run

704
00:29:35,389 --> 00:29:33,960
through a couple of them and I got them

705
00:29:37,610 --> 00:29:35,399
in the house right away before they

706
00:29:40,310 --> 00:29:37,620
ruined them now I even went inside and

707
00:29:42,110 --> 00:29:40,320
got myself a hair blower to try and get

708
00:29:43,970 --> 00:29:42,120
some of that light snow out of there to

709
00:29:45,529 --> 00:29:43,980
see if I can actually see the Prints but

710
00:29:48,110 --> 00:29:45,539
unfortunately they were it was about

711
00:29:49,909 --> 00:29:48,120
they're they're probably about 12 inches

712
00:29:52,190 --> 00:29:49,919
deep there so I wasn't able to get that

713
00:29:54,830 --> 00:29:52,200

at that time but what was really weird

714

00:29:58,850 --> 00:29:54,840

about that was

715

00:30:01,430 --> 00:29:58,860

they seem to either start or end right

716

00:30:03,230 --> 00:30:01,440

at our bay window and that's where this

717

00:30:05,810 --> 00:30:03,240

creature I think likes are these

718

00:30:07,789 --> 00:30:05,820

creatures like to look in our house

719

00:30:10,010 --> 00:30:07,799

um well this picture that you're seeing

720

00:30:12,169 --> 00:30:10,020

are my footprints I walked alongside of

721

00:30:16,250 --> 00:30:12,179

it so I took three steps to its one

722

00:30:20,269 --> 00:30:16,260

right uh three normal human steps

723

00:30:22,029 --> 00:30:20,279

um anyway so they ended or started right

724

00:30:23,630 --> 00:30:22,039

in our bay window

725

00:30:25,549 --> 00:30:23,640

and

726

00:30:27,710 --> 00:30:25,559

um

727

00:30:29,330 --> 00:30:27,720

went to the back of our property so

728

00:30:31,909 --> 00:30:29,340

either this thing was on our roof and

729

00:30:33,830 --> 00:30:31,919

jumped down or it came from the back of

730

00:30:35,570 --> 00:30:33,840

the property and went up to the roof all

731

00:30:38,389 --> 00:30:35,580

right that's another story so hold those

732

00:30:41,269 --> 00:30:38,399

pictures don't put those up yet

733

00:30:43,850 --> 00:30:41,279

that's for all for another story

734

00:30:45,350 --> 00:30:43,860

um so you know when I when I saw that I

735

00:30:47,690 --> 00:30:45,360

immediately went out and took pictures

736

00:30:49,909 --> 00:30:47,700

now I don't know anything about taking

737

00:30:53,330 --> 00:30:49,919

pictures or doing anything like that so

738

00:30:56,090 --> 00:30:53,340

I I was just an amateur doing it so you

739

00:30:58,070 --> 00:30:56,100

know I didn't get any casts yet

740

00:31:01,070 --> 00:30:58,080

um but hopefully we'll get some you know

741

00:31:04,269 --> 00:31:01,080

when whenever we see our next Footprints

742

00:31:07,370 --> 00:31:04,279

um so then the one that really

743

00:31:09,110 --> 00:31:07,380

really solidified the fact that we had a

744

00:31:10,549 --> 00:31:09,120

dog man here because you know in the

745

00:31:12,710 --> 00:31:10,559

back your mind like Greg said you're

746

00:31:15,409 --> 00:31:12,720

trying to rationalize it you're trying

747

00:31:16,730 --> 00:31:15,419

to look for a natural explanation

748

00:31:19,370 --> 00:31:16,740

um Greg was

749

00:31:22,549 --> 00:31:19,380

um he was he was out of the house and I

750

00:31:24,889 --> 00:31:22,559

was home alone and my son was um then

751

00:31:27,110 --> 00:31:24,899

going to Hocking Hills

752

00:31:28,970 --> 00:31:27,120

and he really struggled with going to

753

00:31:30,350 --> 00:31:28,980

Hocking Hills because you know he knew

754

00:31:31,669 --> 00:31:30,360

that these things were around and he

755

00:31:33,230 --> 00:31:31,679

didn't want to leave me and he knew I

756

00:31:35,149 --> 00:31:33,240

was home alone a lot so he didn't want

757

00:31:36,649 --> 00:31:35,159

to leave me but I said you know what are

758

00:31:38,269 --> 00:31:36,659

you going to do you're at college most

759

00:31:40,070 --> 00:31:38,279

of the time anyway so you've got to go

760

00:31:44,930 --> 00:31:40,080

so

761

00:31:47,750 --> 00:31:44,940

work it was about I don't know about I

762

00:31:50,210 --> 00:31:47,760

don't know about 10 10 30 and I heard

763

00:31:51,710 --> 00:31:50,220

the usual walking on the back deck I

764

00:31:54,289 --> 00:31:51,720

heard the thumping on the side of the

765

00:31:56,029 --> 00:31:54,299

house so I gave him a call and I let him

766

00:31:58,789 --> 00:31:56,039

know and I walked over to the kitchen

767

00:32:01,250 --> 00:31:58,799

sink now we have a window that looks out

768

00:32:02,990 --> 00:32:01,260

into our yard and we can see our

769

00:32:07,250 --> 00:32:03,000

neighbors like Greg had said previously

770

00:32:10,669 --> 00:32:07,260

the antique barn and this night was so

771

00:32:13,490 --> 00:32:10,679

bright we had a full moon and we had

772

00:32:15,409 --> 00:32:13,500

just gotten a nice snow so I could see

773

00:32:16,490 --> 00:32:15,419

perfectly outside it was almost like it

774

00:32:19,010 --> 00:32:16,500

was Daylight

775

00:32:22,070 --> 00:32:19,020

and I'm talking to my son on on the on

776

00:32:26,090 --> 00:32:22,080

the phone and all of a sudden I see this

777

00:32:28,010 --> 00:32:26,100

figure run from one side of the

778

00:32:29,570 --> 00:32:28,020

neighbor's driveway by the Antique Barn

779

00:32:31,610 --> 00:32:29,580

all the way down to the other side

780

00:32:34,070 --> 00:32:31,620

probably about 100 yards and it was

781

00:32:36,649 --> 00:32:34,080

about a Split Second

782

00:32:38,630 --> 00:32:36,659

um and as I'm sitting there it starts

783

00:32:41,330 --> 00:32:38,640

going back and forth back and forth back

784

00:32:44,570 --> 00:32:41,340

and forth It's it's crouching down it I

785

00:32:46,610 --> 00:32:44,580

mean this was a bipedal creature

786

00:32:48,230 --> 00:32:46,620

um I could I can make out the arms I can

787

00:32:50,510 --> 00:32:48,240

make out the head it was kind of

788

00:32:52,070 --> 00:32:50,520

crunched down almost like and it was

789

00:32:53,990 --> 00:32:52,080

lunging at something that was on the

790

00:32:56,389 --> 00:32:54,000

ground

791

00:32:58,450 --> 00:32:56,399

and I I literally sat there for 20

792

00:33:01,250 --> 00:32:58,460

minutes watching this now here you go

793

00:33:03,169 --> 00:33:01,260

I'm my mind it's like you go through

794

00:33:05,630 --> 00:33:03,179

these phases because literally I'm

795

00:33:07,370 --> 00:33:05,640

talking to my son and I'm going what the

796

00:33:10,190 --> 00:33:07,380

heck is that what the heck is that what

797

00:33:11,990 --> 00:33:10,200

is that and I had totally forgotten that

798

00:33:14,570 --> 00:33:12,000

I was actually talking to him on the

799

00:33:16,190 --> 00:33:14,580

phone you know and I've had friends of

800

00:33:17,509 --> 00:33:16,200

mine that I've I've told them about this

801
00:33:20,210 --> 00:33:17,519
encounter and they've said why didn't

802
00:33:23,090 --> 00:33:20,220
you record it and I'm like I you don't

803
00:33:25,430 --> 00:33:23,100
think when you see these things you just

804
00:33:29,090 --> 00:33:25,440
your mind is just trying to figure out

805
00:33:30,470 --> 00:33:29,100
what the heck you're seeing right so as

806
00:33:32,450 --> 00:33:30,480
I'm watching this thing go back and

807
00:33:33,889 --> 00:33:32,460
forth I'm sitting there going what the

808
00:33:37,370 --> 00:33:33,899
heck is that what the heck is that and

809
00:33:39,049 --> 00:33:37,380
my son all of a sudden shouts mom what

810
00:33:41,389 --> 00:33:39,059
is going on

811
00:33:42,710 --> 00:33:41,399
and I went oh Drew I'm really sorry I

812
00:33:44,450 --> 00:33:42,720
said uh

813
00:33:46,490 --> 00:33:44,460

um and I told him what I was seeing and

814

00:33:48,110 --> 00:33:46,500

he's like don't go outside and I think

815

00:33:49,610 --> 00:33:48,120

my response was something like well

816

00:33:53,630 --> 00:33:49,620

that's kind of crazy because it's kind

817

00:33:56,810 --> 00:33:53,640

of cold out there so I'm like so

818

00:33:58,250 --> 00:33:56,820

um but the next day I decided you know I

819

00:33:59,509 --> 00:33:58,260

was praying all that night that it

820

00:34:01,070 --> 00:33:59,519

wouldn't snow again

821

00:34:02,870 --> 00:34:01,080

because I knew there had to be

822

00:34:04,850 --> 00:34:02,880

Footprints out there I knew there had to

823

00:34:08,210 --> 00:34:04,860

be Footprints I wanted proof of this

824

00:34:11,210 --> 00:34:08,220

once and for all so the next day

825

00:34:14,210 --> 00:34:11,220

um I had off work and I walked out there

826

00:34:16,250 --> 00:34:14,220

and there were tons of footprints but

827

00:34:18,050 --> 00:34:16,260

the problem was

828

00:34:19,970 --> 00:34:18,060

um it had run inside of its own

829

00:34:23,629 --> 00:34:19,980

Footprints there were slide marks where

830

00:34:25,849 --> 00:34:23,639

it had slid so it took me almost 25 to

831

00:34:28,070 --> 00:34:25,859

30 minutes before I could actually find

832

00:34:30,770 --> 00:34:28,080

a valuable footprint that I could take a

833

00:34:35,389 --> 00:34:30,780

picture of so if you want to show those

834

00:34:41,510 --> 00:34:38,329

so I the only thing I could gauge it

835

00:34:44,210 --> 00:34:41,520

with was my hand so these are actually

836

00:34:48,109 --> 00:34:44,220

two different kinds of footprints

837

00:34:49,609 --> 00:34:48,119

um I believe one of the footprints is a

838

00:34:53,210 --> 00:34:49,619

front

839

00:34:54,770 --> 00:34:53,220

um hand and I believe the other one is a

840

00:34:57,109 --> 00:34:54,780

back paw

841

00:34:59,450 --> 00:34:57,119

and the one thing that I I thought was

842

00:35:02,630 --> 00:34:59,460

weird about this is it it seems to be

843

00:35:04,790 --> 00:35:02,640

that they run the ones that we have here

844

00:35:06,770 --> 00:35:04,800

um run on their tippy toes yeah that's

845

00:35:10,069 --> 00:35:06,780

what I was gonna ask you if they looked

846

00:35:12,230 --> 00:35:10,079

like they were on their pads yes no I

847

00:35:14,390 --> 00:35:12,240

mean in any of these pictures I could

848

00:35:16,430 --> 00:35:14,400

not find a pad

849

00:35:18,650 --> 00:35:16,440

um the one where I've got my hand next

850

00:35:21,950 --> 00:35:18,660

to that's almost you can actually if you

851
00:35:24,650 --> 00:35:21,960
zoom into that you can see the nails

852
00:35:27,109 --> 00:35:24,660
um you can see the claw marks

853
00:35:28,970 --> 00:35:27,119
um it would I think that was when it was

854
00:35:30,890 --> 00:35:28,980
reaching for something now there was

855
00:35:34,430 --> 00:35:30,900
some blood out there I think it was

856
00:35:37,010 --> 00:35:34,440
after some rabbits that one there that

857
00:35:39,530 --> 00:35:37,020
is that the one on the right that's the

858
00:35:41,990 --> 00:35:39,540
back foot right I believe because you

859
00:35:44,990 --> 00:35:42,000
don't see the the paw print or the the

860
00:35:47,390 --> 00:35:45,000
back pads at all so it

861
00:35:51,050 --> 00:35:47,400
it has a different kind of foot rather

862
00:35:53,410 --> 00:35:51,060
than like a regular dog's foot right and

863
00:35:56,890 --> 00:35:53,420

the one to the left you can actually see

864

00:35:59,390 --> 00:35:56,900

where the slide where it's slid

865

00:36:01,130 --> 00:35:59,400

you know I think there was a footprint

866

00:36:02,810 --> 00:36:01,140

there and it slid and then it reached

867

00:36:04,849 --> 00:36:02,820

for something and grabbed down so you

868

00:36:06,890 --> 00:36:04,859

got that that nice little hand claw

869

00:36:11,210 --> 00:36:06,900

print there

870

00:36:12,770 --> 00:36:11,220

um so after I got these prints you can

871

00:36:15,230 --> 00:36:12,780

see that these prints are on they're

872

00:36:17,930 --> 00:36:15,240

pretty much as big as my hand

873

00:36:20,930 --> 00:36:17,940

um we have a seven we had a 75 pound

874

00:36:23,030 --> 00:36:20,940

black lab Wilson I went over and found

875

00:36:25,430 --> 00:36:23,040

some of his Footprints so you could see

876

00:36:27,950 --> 00:36:25,440

kind of the difference in the sizes of

877

00:36:31,310 --> 00:36:27,960

these Footprints and even just how

878

00:36:36,890 --> 00:36:31,320

the D how it looks so differently

879

00:36:42,770 --> 00:36:41,270

there yeah right there so on the left is

880

00:36:44,930 --> 00:36:42,780

the dog man

881

00:36:48,290 --> 00:36:44,940

um I think that's its back back feet and

882

00:36:52,550 --> 00:36:48,300

you can see by my thumb how it's it's

883

00:36:55,550 --> 00:36:52,560

back feet is kind of like spread out so

884

00:36:58,910 --> 00:36:55,560

um you almost have like almost a thumb

885

00:37:01,370 --> 00:36:58,920

um expenditure or appendix there but

886

00:37:03,109 --> 00:37:01,380

then in the right that's our black labs

887

00:37:05,089 --> 00:37:03,119

footprint so these are not dog

888

00:37:07,790 --> 00:37:05,099

Footprints whatsoever they're not dear

889

00:37:08,569 --> 00:37:07,800

Footprints I don't you know from what I

890

00:37:10,970 --> 00:37:08,579

saw

891

00:37:13,790 --> 00:37:10,980

it was a bipedal animal that was running

892

00:37:15,710 --> 00:37:13,800

on two feet that was extremely I mean

893

00:37:18,770 --> 00:37:15,720

these things are extremely fast

894

00:37:20,630 --> 00:37:18,780

and um

895

00:37:25,430 --> 00:37:20,640

yeah I mean that's that's about all

896

00:37:28,550 --> 00:37:25,440

about that one well look um I I know

897

00:37:31,849 --> 00:37:28,560

later on I guess it was February of uh

898

00:37:34,430 --> 00:37:31,859

2011 you had people come over you had

899

00:37:36,349 --> 00:37:34,440

visitors and such and some other people

900

00:37:38,390 --> 00:37:36,359

actually

901
00:37:41,930 --> 00:37:38,400
realized that you had something there as

902
00:37:43,849 --> 00:37:41,940
well didn't it yeah yeah in fact um

903
00:37:45,589 --> 00:37:43,859
we've had a lot of people that have had

904
00:37:47,810 --> 00:37:45,599
encounters and none of them actually

905
00:37:49,970 --> 00:37:47,820
ever come back to our house is that

906
00:37:51,890 --> 00:37:49,980
right yeah they just they're just like

907
00:37:53,569 --> 00:37:51,900
nope nope not half because they they

908
00:37:55,310 --> 00:37:53,579
just can't wrap their heads around it

909
00:37:56,810 --> 00:37:55,320
you know a lot of them ask us you know

910
00:37:59,270 --> 00:37:56,820
why do you live there

911
00:38:00,950 --> 00:37:59,280
you know and and sometimes we can't

912
00:38:03,829 --> 00:38:00,960
answer that question very well either

913
00:38:07,430 --> 00:38:03,839

but um so

914

00:38:09,109 --> 00:38:07,440

we had we had a friend of ours do you

915

00:38:12,230 --> 00:38:09,119

want to tell them the story about

916

00:38:13,310 --> 00:38:12,240

watching scooter oh yeah we were dog

917

00:38:14,329 --> 00:38:13,320

sitting

918

00:38:18,170 --> 00:38:14,339

um

919

00:38:20,770 --> 00:38:18,180

and when I came over we were eating

920

00:38:24,170 --> 00:38:20,780

and she had two kids

921

00:38:25,430 --> 00:38:24,180

and I think we were we finished up

922

00:38:28,250 --> 00:38:25,440

eating it and it was kind of getting

923

00:38:30,170 --> 00:38:28,260

dark and she came in and and she said

924

00:38:33,770 --> 00:38:30,180

that we had a very weird weird neighbor

925

00:38:36,170 --> 00:38:33,780

and and we were like well no but they're

926

00:38:38,089 --> 00:38:36,180

okay we like our neighbors you know what

927

00:38:40,130 --> 00:38:38,099

do you mean she goes well he's

928

00:38:41,810 --> 00:38:40,140

what breaking breaking leaves or

929

00:38:43,550 --> 00:38:41,820

something no that's when he said he was

930

00:38:45,530 --> 00:38:43,560

standing I was standing up at the top

931

00:38:46,730 --> 00:38:45,540

yeah he was watching the kids play with

932

00:38:47,770 --> 00:38:46,740

the dog because she brought her kids

933

00:38:51,050 --> 00:38:47,780

over

934

00:38:53,270 --> 00:38:51,060

watching the kids he was up in the tree

935

00:38:55,010 --> 00:38:53,280

line watching the kids he had a gray fur

936

00:38:56,450 --> 00:38:55,020

coat on and he kept swinging his arms

937

00:38:58,130 --> 00:38:56,460

back and forth like he was looking for

938

00:39:02,569 --> 00:38:58,140

something in the weeds

939

00:39:04,250 --> 00:39:02,579

so I was like yeah um so instantly I

940

00:39:06,170 --> 00:39:04,260

knew what what she was talking about I

941

00:39:08,510 --> 00:39:06,180

knew we we have a nickname for that dog

942

00:39:11,569 --> 00:39:08,520

man his name we call him Mr Gray

943

00:39:13,849 --> 00:39:11,579

because he is gray and and we believe he

944

00:39:15,710 --> 00:39:13,859

is the elder of the pack that we have

945

00:39:17,030 --> 00:39:15,720

some of them are brown some of them are

946

00:39:18,710 --> 00:39:17,040

black he's the only one that we see

947

00:39:21,109 --> 00:39:18,720

that's gray

948

00:39:22,910 --> 00:39:21,119

um we believe that's him on the top

949

00:39:26,390 --> 00:39:22,920

um of the picture that we got at the

950

00:39:29,290 --> 00:39:26,400

chicken coop um he's the tallest one so

951

00:39:32,329 --> 00:39:29,300

I think he's the you know the the male

952

00:39:34,609 --> 00:39:32,339

you know the alpha male the alpha male

953

00:39:36,829 --> 00:39:34,619

thank you yeah the alpha male yeah

954

00:39:38,690 --> 00:39:36,839

um but as soon as she said gray you know

955

00:39:40,190 --> 00:39:38,700

he has a gray fur coat on we knew that

956

00:39:42,290 --> 00:39:40,200

was Mr Gray because we we've caught

957

00:39:43,849 --> 00:39:42,300

glimpses of him before

958

00:39:46,430 --> 00:39:43,859

um but only for a second I mean

959

00:39:48,829 --> 00:39:46,440

literally when you see these things

960

00:39:50,630 --> 00:39:48,839

they they whether they can you know

961

00:39:53,030 --> 00:39:50,640

we've looked up other people believe

962

00:39:55,190 --> 00:39:53,040

they can cloak themselves or they move

963

00:39:56,750 --> 00:39:55,200

through portals we don't know we just

964

00:39:58,970 --> 00:39:56,760

know that you see them for a split

965

00:40:00,890 --> 00:39:58,980

second most times they're surprised that

966

00:40:03,650 --> 00:40:00,900

you're able to see them as well as they

967

00:40:05,690 --> 00:40:03,660

can see you and then they just they they

968

00:40:06,950 --> 00:40:05,700

vanish I mean they'll vanish right in

969

00:40:08,450 --> 00:40:06,960

front of your eyes

970

00:40:13,790 --> 00:40:08,460

so

971

00:40:15,290 --> 00:40:13,800

um you know Mr Gray and they had wanted

972

00:40:16,910 --> 00:40:15,300

to go next door because there were

973

00:40:19,609 --> 00:40:16,920

triplets born

974

00:40:21,410 --> 00:40:19,619

um and with the farmer and he you know

975

00:40:24,109 --> 00:40:21,420

that's very rare so the kids of course

976

00:40:25,910 --> 00:40:24,119

want to just go see the baby cows so as

977

00:40:27,829 --> 00:40:25,920

we were going across

978

00:40:30,770 --> 00:40:27,839

um our driveway to our neighbor's house

979

00:40:34,310 --> 00:40:30,780

we started hearing something walking in

980

00:40:35,690 --> 00:40:34,320

leaves and Annette said you know hey

981

00:40:37,849 --> 00:40:35,700

there's that's there's your weird

982

00:40:41,290 --> 00:40:37,859

neighbor again and that's when I said

983

00:40:43,910 --> 00:40:41,300

well maybe I should tell you we kind of

984

00:40:46,190 --> 00:40:43,920

hang on here

985

00:40:49,010 --> 00:40:46,200

um so I was I was very quiet when I was

986

00:40:51,050 --> 00:40:49,020

telling her Greg was in front and

987

00:40:54,410 --> 00:40:51,060

um the two kids were kind of in between

988

00:40:56,690 --> 00:40:54,420

us and I I just said to her I said um

989

00:40:58,490 --> 00:40:56,700

you know you know we have this creature

990

00:41:00,050 --> 00:40:58,500

that we thinks comes and we don't know

991

00:41:01,550 --> 00:41:00,060

what it is I didn't want to scare the

992

00:41:04,310 --> 00:41:01,560

kids I didn't think the kids even heard

993

00:41:05,930 --> 00:41:04,320

me and then her son came back to us and

994

00:41:08,510 --> 00:41:05,940

goes I know what it is and he put his

995

00:41:10,130 --> 00:41:08,520

hands on his hips and I said well what

996

00:41:14,210 --> 00:41:10,140

do you think it is and he goes it's a

997

00:41:15,770 --> 00:41:14,220

wolf man it's a werewolf and I went what

998

00:41:17,089 --> 00:41:15,780

do you mean and then I'm trying to play

999

00:41:18,770 --> 00:41:17,099

it off I'm like you know I don't want

1000

00:41:23,030 --> 00:41:18,780

people to be scared of

1001

00:41:25,069 --> 00:41:23,040

you know of people in in my yard you

1002

00:41:27,290 --> 00:41:25,079

know or not want to come to my house and

1003

00:41:29,030 --> 00:41:27,300

so I kind of played it off and said

1004

00:41:30,890 --> 00:41:29,040

there's no such thing as werewolves and

1005

00:41:33,650 --> 00:41:30,900

then the little girl comes up and goes

1006

00:41:35,510 --> 00:41:33,660

uh-huh uh-huh I saw it too

1007

00:41:37,190 --> 00:41:35,520

so I said well what do you mean what

1008

00:41:38,510 --> 00:41:37,200

kind of werewolves you know what do you

1009

00:41:40,010 --> 00:41:38,520

what do you think it is how do you know

1010

00:41:42,589 --> 00:41:40,020

it's a werewolf and she goes because I

1011

00:41:46,250 --> 00:41:42,599

saw its teeth and it has big teeth

1012

00:41:48,470 --> 00:41:46,260

and it you know and so yeah so we made

1013

00:41:50,150 --> 00:41:48,480

the you know made the trip to the barn

1014

00:41:52,430 --> 00:41:50,160

very quickly

1015

00:41:54,109 --> 00:41:52,440

um and came back home and had to help

1016

00:41:56,030 --> 00:41:54,119

them into their car because they didn't

1017

00:41:59,170 --> 00:41:56,040

want to go back side back outside once

1018

00:42:02,270 --> 00:41:59,180

it was really really dark outside so

1019

00:42:03,890 --> 00:42:02,280

uh I I got a question from Nancy Malcolm

1020

00:42:05,870 --> 00:42:03,900

who she wanted to know how many of these

1021

00:42:09,890 --> 00:42:05,880

creatures have you ever seen together

1022

00:42:09,900 --> 00:42:14,450

you want to answer that putting together

1023

00:42:19,270 --> 00:42:16,970

I ca I can't go ahead well what do you

1024

00:42:21,530 --> 00:42:19,280

mean together so both of us

1025

00:42:22,970 --> 00:42:21,540

know them together the creatures

1026

00:42:26,329 --> 00:42:22,980

together

1027

00:42:29,510 --> 00:42:26,339

so the thing is we've only seen one at a

1028

00:42:32,690 --> 00:42:29,520

time most times right but we know there

1029

00:42:35,030 --> 00:42:32,700

are multiple ones out there because I

1030

00:42:37,550 --> 00:42:35,040

mean this is silly to talk about but um

1031

00:42:39,170 --> 00:42:37,560

when it first started we were very we

1032

00:42:42,349 --> 00:42:39,180

were afraid we didn't know what was out

1033

00:42:44,510 --> 00:42:42,359

in our yard so we would go out with guns

1034

00:42:46,010 --> 00:42:44,520

once the pounding started on our in our

1035

00:42:47,510 --> 00:42:46,020

house and we would go out and we would

1036

00:42:50,870 --> 00:42:47,520

walk around a whole neighborhood you

1037

00:42:53,270 --> 00:42:50,880

know I mean our whole yard and we would

1038

00:42:55,310 --> 00:42:53,280

like Greg had said earlier we would hear

1039

00:42:56,810 --> 00:42:55,320

one in front of us we would hear one to

1040

00:42:58,790 --> 00:42:56,820

the right of us we would hear one to the

1041

00:43:00,890 --> 00:42:58,800

left of us and we were like well either

1042

00:43:05,870 --> 00:43:00,900

this thing flies or we have more than

1043

00:43:08,329 --> 00:43:05,880

one so I I have heard up to five

1044

00:43:11,210 --> 00:43:08,339

um at one time

1045

00:43:13,490 --> 00:43:11,220

um in fact just a few months ago and we

1046

00:43:15,530 --> 00:43:13,500

can talk about that incident later

1047

00:43:17,690 --> 00:43:15,540

um when we got our puppy

1048

00:43:19,730 --> 00:43:17,700

um there were five I I felt the presence

1049

00:43:21,170 --> 00:43:19,740

of five of them at the same time and

1050

00:43:23,329 --> 00:43:21,180

then what do you think

1051

00:43:26,630 --> 00:43:23,339

well we had actually

1052

00:43:28,670 --> 00:43:26,640

um we kind of bumped into a few uh

1053

00:43:30,650 --> 00:43:28,680

friends that

1054

00:43:33,170 --> 00:43:30,660

um Cara give you their names but we're

1055

00:43:36,109 --> 00:43:33,180

kind of working with them and

1056

00:43:38,109 --> 00:43:36,119

up in uh Hocking Hills Richard and he's

1057

00:43:40,670 --> 00:43:38,119

kind of given us some feedback about him

1058

00:43:42,950 --> 00:43:40,680

and uh you know he kind of let us know

1059

00:43:46,430 --> 00:43:42,960

that there there's usually packs of what

1060

00:43:48,170 --> 00:43:46,440

five to seven five to seven um and then

1061

00:43:48,890 --> 00:43:48,180

there's an alpha

1062

00:43:52,250 --> 00:43:48,900

um

1063

00:43:55,370 --> 00:43:52,260

the one that I saw was extremely fast it

1064

00:43:57,109 --> 00:43:55,380

was a blink and and the dogs the dogs

1065

00:43:59,510 --> 00:43:57,119

hear them before they see them and I'm

1066

00:44:01,550 --> 00:43:59,520

not even sure if the dogs can actually

1067

00:44:03,470 --> 00:44:01,560

see him but boy that they sure know when

1068

00:44:06,109 --> 00:44:03,480

when they're around because they won't

1069

00:44:08,089 --> 00:44:06,119

they won't leave

1070

00:44:09,650 --> 00:44:08,099

which is probably a good thing because

1071

00:44:12,170 --> 00:44:09,660

then they don't eat them well you're

1072

00:44:14,809 --> 00:44:12,180

talking about a 80 pound German Shepherd

1073

00:44:16,730 --> 00:44:14,819

who's fast as Lightning he's terrified

1074

00:44:18,470 --> 00:44:16,740

so yeah it's

1075

00:44:22,430 --> 00:44:18,480

pretty wild but no I haven't really seen

1076

00:44:25,069 --> 00:44:22,440

any together we we've just heard

1077

00:44:26,870 --> 00:44:25,079

um multiple almost like they're flanking

1078

00:44:30,290 --> 00:44:26,880

us which is is probably the creepiest

1079

00:44:32,750 --> 00:44:30,300

part you know yeah it's what it sounds

1080

00:44:34,730 --> 00:44:32,760

like yeah it's almost like you know that

1081

00:44:37,550 --> 00:44:34,740

movie Jurassic the first Jurassic Park

1082

00:44:40,490 --> 00:44:37,560

where they talk about the Raptors and

1083

00:44:42,170 --> 00:44:40,500

how the one Raptor is is in front and

1084

00:44:44,210 --> 00:44:42,180

it's making all that noise and then the

1085

00:44:46,190 --> 00:44:44,220

other two come from the sides that's it

1086

00:44:47,990 --> 00:44:46,200

when I first noticed that they were kind

1087

00:44:50,690 --> 00:44:48,000

of doing that that's what I thought of

1088

00:44:52,490 --> 00:44:50,700

right that you know what this is their

1089

00:44:54,770 --> 00:44:52,500

hunting technique This Is How They drag

1090

00:44:57,290 --> 00:44:54,780

down prey and you know and then that's

1091

00:44:59,630 --> 00:44:57,300

when we decided we weren't going outside

1092

00:45:01,670 --> 00:44:59,640

anymore and we're just gonna let them

1093

00:45:02,990 --> 00:45:01,680

bang on the house because it seemed like

1094

00:45:03,950 --> 00:45:03,000

that's how they were trying to get our

1095

00:45:06,190 --> 00:45:03,960

attention

1096

00:45:10,430 --> 00:45:06,200

you know what I mean

1097

00:45:12,890 --> 00:45:10,440

you got anything oh

1098

00:45:14,930 --> 00:45:12,900

um I'm just actually just taking it all

1099

00:45:16,910 --> 00:45:14,940

in I think that

1100

00:45:19,430 --> 00:45:16,920

the fact that you know the kids were

1101
00:45:23,030 --> 00:45:19,440
able to you know get that close to see

1102
00:45:25,430 --> 00:45:23,040
its teeth is amazing I mean

1103
00:45:28,370 --> 00:45:25,440
you know

1104
00:45:35,410 --> 00:45:31,550
I I think that there's a lot going on

1105
00:45:38,589 --> 00:45:35,420
at your place that it's just yeah

1106
00:45:41,690 --> 00:45:38,599
I imagine gentle you Bernadette's also

1107
00:45:42,349 --> 00:45:41,700
uh intuitive and

1108
00:45:44,329 --> 00:45:42,359
um

1109
00:45:47,210 --> 00:45:44,339
so how do I mean did you ever try to

1110
00:45:51,170 --> 00:45:48,890
um yeah actually

1111
00:45:52,970 --> 00:45:51,180
um Lon thank you for having I'm sorry

1112
00:45:55,069 --> 00:45:52,980
that Jennifer couldn't be on tonight but

1113
00:45:56,930 --> 00:45:55,079

thank you for you know putting us in

1114

00:45:59,569 --> 00:45:56,940

contact because I still talk to her I

1115

00:46:01,430 --> 00:45:59,579

mean we talk a couple times a week

1116

00:46:04,670 --> 00:46:01,440

um she's been fabulous

1117

00:46:06,710 --> 00:46:04,680

um yeah um she well

1118

00:46:08,270 --> 00:46:06,720

our first communication I don't know if

1119

00:46:09,890 --> 00:46:08,280

you remember because I called you and I

1120

00:46:12,109 --> 00:46:09,900

was like what the heck

1121

00:46:15,710 --> 00:46:12,119

um the very first thing she said to me

1122

00:46:17,510 --> 00:46:15,720

was do not try and communicate with the

1123

00:46:20,290 --> 00:46:17,520

dog man because they want nothing other

1124

00:46:23,990 --> 00:46:20,300

than to eviscerate you

1125

00:46:26,690 --> 00:46:24,000

and so that kind of stopped me from

1126
00:46:29,150 --> 00:46:26,700
going forward with trying to communicate

1127
00:46:31,609 --> 00:46:29,160
with them but then her and I had some

1128
00:46:33,170 --> 00:46:31,619
conversations and I said I I'm gonna

1129
00:46:35,450 --> 00:46:33,180
have to you know the one thing about

1130
00:46:37,849 --> 00:46:35,460
Jennifer is you can you can you know

1131
00:46:40,849 --> 00:46:37,859
have a difference of opinion and she can

1132
00:46:43,069 --> 00:46:40,859
um you know she appreciates that and um

1133
00:46:45,290 --> 00:46:43,079
so we agreed to disagree because I said

1134
00:46:47,390 --> 00:46:45,300
you know these creatures could have

1135
00:46:50,450 --> 00:46:47,400
killed me and my husband a thousand

1136
00:46:52,130 --> 00:46:50,460
times in the last 10 years and they have

1137
00:46:54,109 --> 00:46:52,140
not they have not harmed our dogs

1138
00:46:56,630 --> 00:46:54,119

they've scared us

1139

00:46:58,250 --> 00:46:56,640

um and and quite honestly they've done

1140

00:47:00,950 --> 00:46:58,260

some things that make me believe that

1141

00:47:02,690 --> 00:47:00,960

they have a sense of humor and I can

1142

00:47:04,550 --> 00:47:02,700

tell you about that the October story if

1143

00:47:07,970 --> 00:47:04,560

you want later on yeah

1144

00:47:09,589 --> 00:47:07,980

um but uh yeah so

1145

00:47:11,990 --> 00:47:09,599

um

1146

00:47:16,609 --> 00:47:12,000

so I I just I just agreed to disagree

1147

00:47:18,950 --> 00:47:16,619

with her so we we have started recently

1148

00:47:21,410 --> 00:47:18,960

um some active communication

1149

00:47:23,510 --> 00:47:21,420

and I think that came from Mostly when

1150

00:47:24,770 --> 00:47:23,520

we got our new dog Ripley

1151

00:47:29,210 --> 00:47:24,780

um we have a

1152

00:47:31,670 --> 00:47:29,220

um a new Rottweiler puppy and um

1153

00:47:33,650 --> 00:47:31,680

probably about a week a week and a half

1154

00:47:35,329 --> 00:47:33,660

into having Ripley maybe a little bit

1155

00:47:36,109 --> 00:47:35,339

longer

1156

00:47:38,690 --> 00:47:36,119

um

1157

00:47:40,130 --> 00:47:38,700

I I wondered how she would you know how

1158

00:47:42,890 --> 00:47:40,140

they would accept her as part of our

1159

00:47:45,589 --> 00:47:42,900

pack so to speak so

1160

00:47:48,470 --> 00:47:45,599

um one night it was about maybe I think

1161

00:47:50,270 --> 00:47:48,480

it was about 12 30 at night I she got me

1162

00:47:52,670 --> 00:47:50,280

up because she had to go outside you

1163

00:47:54,530 --> 00:47:52,680

know how puppies are so we went outside

1164

00:47:56,630 --> 00:47:54,540

I had my little headlamp on and

1165

00:47:58,609 --> 00:47:56,640

everything and I had her out outside

1166

00:48:00,770 --> 00:47:58,619

didn't turn on the headlamp and I just

1167

00:48:02,329 --> 00:48:00,780

heard three of them immediately as soon

1168

00:48:05,210 --> 00:48:02,339

as we walked out the door

1169

00:48:07,010 --> 00:48:05,220

and I heard one directly in front of me

1170

00:48:09,290 --> 00:48:07,020

and two to the right of me and they were

1171

00:48:11,930 --> 00:48:09,300

all in the tree lines and they were

1172

00:48:13,910 --> 00:48:11,940

making such a racket I mean I had not

1173

00:48:17,150 --> 00:48:13,920

heard them make this kind of a Ruckus in

1174

00:48:19,730 --> 00:48:17,160

a long time they were stomping they were

1175

00:48:22,010 --> 00:48:19,740

snorting they were and then they started

1176
00:48:25,069 --> 00:48:22,020
making this weird noise this weird weird

1177
00:48:27,050 --> 00:48:25,079
growling noise and I'm literally

1178
00:48:28,910 --> 00:48:27,060
standing right next to Ripley while

1179
00:48:30,650 --> 00:48:28,920
she's doing her business

1180
00:48:33,410 --> 00:48:30,660
you know kind of praying that she would

1181
00:48:35,450 --> 00:48:33,420
hurry up because I didn't know if they

1182
00:48:38,569 --> 00:48:35,460
wanted to eat her or what was going on

1183
00:48:41,569 --> 00:48:38,579
so um I got her back in the house as

1184
00:48:42,609 --> 00:48:41,579
soon as I can I ran I ran back out with

1185
00:48:45,230 --> 00:48:42,619
my video

1186
00:48:47,390 --> 00:48:45,240
with my phone to take some audio and

1187
00:48:49,970 --> 00:48:47,400
some video and

1188
00:48:52,069 --> 00:48:49,980

um unfortunately with where we're at

1189

00:48:53,510 --> 00:48:52,079

with the traffic going by even at that

1190

00:48:55,849 --> 00:48:53,520

night because we're in between two high

1191

00:48:57,890 --> 00:48:55,859

Rays you couldn't make anything out but

1192

00:49:00,829 --> 00:48:57,900

the growling sound that they all three

1193

00:49:02,930 --> 00:49:00,839

started making was I knew I had heard it

1194

00:49:05,510 --> 00:49:02,940

before I couldn't figure out what it was

1195

00:49:07,130 --> 00:49:05,520

I'm like are they because they mimic

1196

00:49:09,950 --> 00:49:07,140

things I don't know if we said this

1197

00:49:13,130 --> 00:49:09,960

already they tend to mimic other animals

1198

00:49:15,230 --> 00:49:13,140

sometimes owls sometimes coyotes but you

1199

00:49:17,150 --> 00:49:15,240

can always tell by the tone that it's

1200

00:49:18,470 --> 00:49:17,160

not them the animal that they're

1201

00:49:20,089 --> 00:49:18,480

mimicking

1202

00:49:22,510 --> 00:49:20,099

um and I do believe that they use that

1203

00:49:25,790 --> 00:49:22,520

to draw in other animals as prey

1204

00:49:27,650 --> 00:49:25,800

especially dogs right

1205

00:49:29,450 --> 00:49:27,660

um and you and I learned and Bernadette

1206

00:49:32,270 --> 00:49:29,460

we talked about this earlier I I think

1207

00:49:34,550 --> 00:49:32,280

that's why they they gravitate and they

1208

00:49:36,770 --> 00:49:34,560

are not like Bigfoot but they come

1209

00:49:38,510 --> 00:49:36,780

around humans because they know that

1210

00:49:41,210 --> 00:49:38,520

they've got some ample prey with us

1211

00:49:44,270 --> 00:49:41,220

because we have dogs and we have cats

1212

00:49:46,849 --> 00:49:44,280

right and so they have a little snack

1213

00:49:49,130 --> 00:49:46,859

you know by coming around us

1214

00:49:50,750 --> 00:49:49,140

um but anyway so

1215

00:49:55,250 --> 00:49:50,760

um

1216

00:49:58,069 --> 00:49:55,260

I I ended up going back to bed and I

1217

00:50:00,290 --> 00:49:58,079

literally sat up at 4am and my brain

1218

00:50:02,410 --> 00:50:00,300

wouldn't shut it off and kind of when I

1219

00:50:06,130 --> 00:50:02,420

was half asleep it finally came to me

1220

00:50:08,930 --> 00:50:06,140

and what it was was they were mimicking

1221

00:50:11,150 --> 00:50:08,940

Ripley's play sounds

1222

00:50:12,770 --> 00:50:11,160

when she played with us you know as a

1223

00:50:14,450 --> 00:50:12,780

puppy they make growling sounds when

1224

00:50:15,950 --> 00:50:14,460

they're tugging on things and it was

1225

00:50:18,170 --> 00:50:15,960

almost identical

1226

00:50:21,410 --> 00:50:18,180

to the sounds that she makes

1227

00:50:23,210 --> 00:50:21,420

and I was just like I I literally got up

1228

00:50:25,190 --> 00:50:23,220

at six o'clock and called I think I

1229

00:50:27,470 --> 00:50:25,200

called Jennifer she couldn't call me

1230

00:50:29,870 --> 00:50:27,480

back until later and I said what is

1231

00:50:31,730 --> 00:50:29,880

going on why are they making why are

1232

00:50:34,970 --> 00:50:31,740

they mimicking our puppy

1233

00:50:36,349 --> 00:50:34,980

and Jennifer says she reached out to him

1234

00:50:39,770 --> 00:50:36,359

um because she you know you guys know

1235

00:50:41,210 --> 00:50:39,780

she's a medium and um she says well

1236

00:50:43,670 --> 00:50:41,220

they're very angry with you right now

1237

00:50:45,349 --> 00:50:43,680

Carrie and I said what do you mean and

1238

00:50:47,569 --> 00:50:45,359

she goes you haven't introduced her as

1239

00:50:51,650 --> 00:50:47,579

part of your pack

1240

00:50:53,990 --> 00:50:51,660

and I went what is that a thing should I

1241

00:50:56,690 --> 00:50:54,000

do that so I she talked me through how

1242

00:50:57,710 --> 00:50:56,700

to do it I did that immediately that

1243

00:51:01,130 --> 00:50:57,720

same day

1244

00:51:03,530 --> 00:51:01,140

I literally walked Ripley up and you

1245

00:51:07,190 --> 00:51:03,540

know through my mind

1246

00:51:09,410 --> 00:51:07,200

you know said to them you know I want

1247

00:51:11,690 --> 00:51:09,420

you guys to meet Ripley she's a new

1248

00:51:15,049 --> 00:51:11,700

member of our pack you are not to hurt

1249

00:51:17,690 --> 00:51:15,059

her you are not to harm her

1250

00:51:19,370 --> 00:51:17,700

um you know so basically I just wanted

1251
00:51:20,990 --> 00:51:19,380
to let you know and I did that I walked

1252
00:51:23,630 --> 00:51:21,000
around the whole perimeter of our yard

1253
00:51:26,510 --> 00:51:23,640
so that they knew that she was out of

1254
00:51:28,790 --> 00:51:26,520
bounds for them and I asked them for

1255
00:51:30,890 --> 00:51:28,800
sign if they would give me a sign that

1256
00:51:33,530 --> 00:51:30,900
they had had heard me and understood and

1257
00:51:36,650 --> 00:51:33,540
understood what I was saying so the next

1258
00:51:38,210 --> 00:51:36,660
morning I went up and I looked for the

1259
00:51:39,890 --> 00:51:38,220
sign that I knew that they would leave

1260
00:51:41,569 --> 00:51:39,900
me because anytime I asked him to leave

1261
00:51:43,309 --> 00:51:41,579
me a sign they generally do and it's

1262
00:51:44,569 --> 00:51:43,319
generally rocks they they like to talk

1263
00:51:48,710 --> 00:51:44,579

with rocks

1264

00:51:50,809 --> 00:51:48,720

and um up by where we we always see Mr

1265

00:51:52,970 --> 00:51:50,819

Gray up in the area where we have the

1266

00:51:55,130 --> 00:51:52,980

most activity there was a large Rock in

1267

00:51:56,930 --> 00:51:55,140

the middle of the yard I did take

1268

00:51:58,549 --> 00:51:56,940

pictures of it but I forgot to send it

1269

00:52:00,349 --> 00:51:58,559

to you guys

1270

00:52:01,910 --> 00:52:00,359

um and I know that that rock was not

1271

00:52:04,430 --> 00:52:01,920

there the day before because my husband

1272

00:52:07,430 --> 00:52:04,440

had just mowed the grass and if if he

1273

00:52:09,230 --> 00:52:07,440

had mowed the grass uh I you know a rock

1274

00:52:12,890 --> 00:52:09,240

that large would have actually ruined

1275

00:52:14,390 --> 00:52:12,900

our mower so um but yeah I mean I've

1276
00:52:16,309 --> 00:52:14,400
been communicating with them I've been

1277
00:52:19,309 --> 00:52:16,319
trying to communicate with them

1278
00:52:21,049 --> 00:52:19,319
and uh you know the first thing we did

1279
00:52:22,970 --> 00:52:21,059
you know that Jennifer helped me with

1280
00:52:25,670 --> 00:52:22,980
was setting the boundaries letting them

1281
00:52:27,710 --> 00:52:25,680
know that this is our house and you

1282
00:52:30,470 --> 00:52:27,720
don't hurt anybody in this house and you

1283
00:52:32,450 --> 00:52:30,480
you know and that kind of thing

1284
00:52:34,730 --> 00:52:32,460
um one of the weird things that really

1285
00:52:36,589 --> 00:52:34,740
happened to me with the communication

1286
00:52:38,569 --> 00:52:36,599
thing because I'm new to this you know

1287
00:52:41,390 --> 00:52:38,579
Jen's trying to teach me things I am

1288
00:52:44,210 --> 00:52:41,400

very sensitive I do have some kind of

1289

00:52:47,510 --> 00:52:44,220

you know she says some kind of medium

1290

00:52:49,730 --> 00:52:47,520

um capabilities but not a lot that I've

1291

00:52:51,890 --> 00:52:49,740

worked with y'all just the sensitivity

1292

00:52:54,650 --> 00:52:51,900

to things and

1293

00:52:56,329 --> 00:52:54,660

um I I will do the things that she tells

1294

00:52:59,089 --> 00:52:56,339

me to do and and speak to them

1295

00:53:00,650 --> 00:52:59,099

telepathically if I can and I know that

1296

00:53:02,210 --> 00:53:00,660

sounds crazy but I mean it's the only

1297

00:53:03,829 --> 00:53:02,220

thing I've gotta you know they don't

1298

00:53:07,130 --> 00:53:03,839

stand in front of me I can't talk to

1299

00:53:09,710 --> 00:53:07,140

them right so during this one like two

1300

00:53:11,569 --> 00:53:09,720

week period I was like okay I need to

1301

00:53:13,609 --> 00:53:11,579

know are you friend or Foe you know are

1302

00:53:16,069 --> 00:53:13,619

you here to eat me or you want to learn

1303

00:53:18,589 --> 00:53:16,079

from me or you know what's going on so

1304

00:53:20,809 --> 00:53:18,599

one Monday I was like half asleep I was

1305

00:53:23,569 --> 00:53:20,819

just drifting off and this this was very

1306

00:53:27,530 --> 00:53:23,579

impactful for me because in my mind I

1307

00:53:33,710 --> 00:53:30,410

and since then I have not been afraid of

1308

00:53:35,470 --> 00:53:33,720

them is that right yes

1309

00:53:40,309 --> 00:53:35,480

yep

1310

00:53:43,609 --> 00:53:40,319

go ahead Greg yeah I am oh I know you

1311

00:53:47,770 --> 00:53:43,619

are that would be too yeah yeah I'm not

1312

00:53:51,010 --> 00:53:47,780

kidding I am friends in my dreams

1313

00:53:54,230 --> 00:53:51,020

that's because he sleeps like rock

1314

00:53:57,470 --> 00:53:54,240

well let me ask you this I know recently

1315

00:53:59,750 --> 00:53:57,480

there's been a development uh you think

1316

00:54:02,809 --> 00:53:59,760

since uh they're considering you a

1317

00:54:07,010 --> 00:54:02,819

friend they allowed you to see their

1318

00:54:09,170 --> 00:54:07,020

puppies yes yes because all of this is

1319

00:54:11,510 --> 00:54:09,180

coming up probably in the last three or

1320

00:54:14,870 --> 00:54:11,520

four months right

1321

00:54:17,150 --> 00:54:14,880

um they do have pups I'm 100 well

1322

00:54:19,609 --> 00:54:17,160

Jennifer and I have worked with that um

1323

00:54:21,589 --> 00:54:19,619

she's reached out to them I didn't get

1324

00:54:23,089 --> 00:54:21,599

an answer when I did

1325

00:54:25,190 --> 00:54:23,099

um they do not like them being called

1326

00:54:26,870 --> 00:54:25,200

pups

1327

00:54:28,190 --> 00:54:26,880

um because they don't like it being

1328

00:54:31,670 --> 00:54:28,200

annotated

1329

00:54:34,190 --> 00:54:31,680

for our our dogs

1330

00:54:38,329 --> 00:54:34,200

um they don't like dogs very much

1331

00:54:42,049 --> 00:54:38,339

um and um so

1332

00:54:44,150 --> 00:54:42,059

Greg and I I have I had been hearing a

1333

00:54:46,130 --> 00:54:44,160

couple times off in the woods

1334

00:54:48,349 --> 00:54:46,140

probably I would guess about a half a

1335

00:54:50,569 --> 00:54:48,359

mile away Yips and Yelps and all these

1336

00:54:52,670 --> 00:54:50,579

weird things and and

1337

00:54:54,650 --> 00:54:52,680

um I actually we actually got a um

1338

00:54:57,410 --> 00:54:54,660

parabolic and

1339

00:54:59,930 --> 00:54:57,420

um a night vision binoculars so that we

1340

00:55:02,030 --> 00:54:59,940

could see things outside

1341

00:55:04,190 --> 00:55:02,040

um so before the parabolic came I was

1342

00:55:06,290 --> 00:55:04,200

hearing these things and I said that's

1343

00:55:08,450 --> 00:55:06,300

not coyotes that's not that's not

1344

00:55:10,490 --> 00:55:08,460

neighborhood dogs they were it sounded

1345

00:55:12,290 --> 00:55:10,500

like there was a lot a lot of them and

1346

00:55:14,930 --> 00:55:12,300

they were young um you know I said those

1347

00:55:19,010 --> 00:55:14,940

sounds like like Offspring Young

1348

00:55:21,230 --> 00:55:19,020

puppies right so

1349

00:55:23,089 --> 00:55:21,240

um the next time I heard it I actually

1350

00:55:24,829 --> 00:55:23,099

brought Greg outside you want to talk

1351

00:55:28,250 --> 00:55:24,839

about that what you

1352

00:55:29,930 --> 00:55:28,260

yeah it was it was it was definitely uh

1353

00:55:32,870 --> 00:55:29,940

more than one

1354

00:55:35,510 --> 00:55:32,880

canine type howling going on but it was

1355

00:55:37,430 --> 00:55:35,520

it was pretty high pitched

1356

00:55:40,130 --> 00:55:37,440

um I'm sure other people around us had

1357

00:55:45,049 --> 00:55:40,140

to hear it too so

1358

00:55:46,790 --> 00:55:45,059

um it didn't last too long I'd say three

1359

00:55:49,190 --> 00:55:46,800

to four minutes

1360

00:55:51,170 --> 00:55:49,200

so but it was pretty loud and it was it

1361

00:55:53,150 --> 00:55:51,180

was pretty close I'd say what do you

1362

00:55:56,390 --> 00:55:53,160

think half mile half a mile a quarter

1363

00:56:00,349 --> 00:55:56,400

mile at the most we've got a good 20

1364

00:56:02,690 --> 00:56:00,359

acre patch almost like caddy corner to

1365

00:56:05,030 --> 00:56:02,700

our backyard it's got a lot of fields

1366

00:56:07,370 --> 00:56:05,040

and we're pretty sure that that's where

1367

00:56:09,230 --> 00:56:07,380

a lot of activity and a lot of stuff

1368

00:56:11,329 --> 00:56:09,240

goes on so

1369

00:56:13,370 --> 00:56:11,339

we definitely that was more than one

1370

00:56:15,049 --> 00:56:13,380

night that was three nights three nights

1371

00:56:16,970 --> 00:56:15,059

that we heard it and I and I I right

1372

00:56:19,010 --> 00:56:16,980

away I said they have they have

1373

00:56:22,430 --> 00:56:19,020

Offspring that's a layer they're out

1374

00:56:24,109 --> 00:56:22,440

there whether Mom or Dad is you know the

1375

00:56:25,430 --> 00:56:24,119

alpha males bringing home some meat and

1376

00:56:26,930 --> 00:56:25,440

they're really happy and they're eating

1377

00:56:29,030 --> 00:56:26,940

you know something's going on out there

1378

00:56:31,370 --> 00:56:29,040

because it did not sound like natural

1379

00:56:32,030 --> 00:56:31,380

noises that we hear around here all the

1380

00:56:34,970 --> 00:56:32,040

time

1381

00:56:36,849 --> 00:56:34,980

yes have your have your neighbors ever

1382

00:56:38,569 --> 00:56:36,859

commented about this

1383

00:56:40,670 --> 00:56:38,579

well

1384

00:56:42,650 --> 00:56:40,680

okay so this is the first time we've

1385

00:56:44,510 --> 00:56:42,660

ever really come out other than you know

1386

00:56:47,690 --> 00:56:44,520

I know yeah

1387

00:56:51,349 --> 00:56:47,700

so I don't know how people would take

1388

00:56:53,270 --> 00:56:51,359

this I I'm I'm pretty much I'm really

1389

00:56:55,549 --> 00:56:53,280

sure that our neighbors have had some

1390

00:56:58,190 --> 00:56:55,559

experiences because they all have big

1391

00:57:01,130 --> 00:56:58,200

bright lights on and our one neighbor up

1392

00:57:02,930 --> 00:57:01,140

above from us up on the hill they don't

1393

00:57:04,309 --> 00:57:02,940

let their dog out unless it's on a leash

1394

00:57:06,770 --> 00:57:04,319

and they walk it around to go to the

1395

00:57:08,750 --> 00:57:06,780

bathroom so in in the country that's

1396

00:57:11,030 --> 00:57:08,760

kind of unheard of

1397

00:57:13,010 --> 00:57:11,040

um so I'm pretty sure that other people

1398

00:57:15,530 --> 00:57:13,020

have had it I just have not had the

1399

00:57:18,710 --> 00:57:15,540

courage to go up and say hey have you

1400

00:57:20,809 --> 00:57:18,720

had a dog man in your backyard no well

1401
00:57:22,730 --> 00:57:20,819
how do you bring it up that's that's how

1402
00:57:24,829 --> 00:57:22,740
you know for any experience or how do

1403
00:57:27,109 --> 00:57:24,839
you bring it up you don't talk about it

1404
00:57:29,870 --> 00:57:27,119
that's the thing you know

1405
00:57:32,630 --> 00:57:29,880
because because one of their main you

1406
00:57:34,010 --> 00:57:32,640
know you know great company who have had

1407
00:57:37,069 --> 00:57:34,020
the experiences

1408
00:57:38,930 --> 00:57:37,079
yeah you know well and and it it hasn't

1409
00:57:40,430 --> 00:57:38,940
been until recently until I reached out

1410
00:57:42,650 --> 00:57:40,440
to lawn

1411
00:57:44,510 --> 00:57:42,660
um until we found you know we're also

1412
00:57:45,530 --> 00:57:44,520
working with another group

1413
00:57:50,210 --> 00:57:45,540

um

1414

00:57:52,370 --> 00:57:50,220

Richard mcclanish

1415

00:57:53,690 --> 00:57:52,380

um he's in Hocking Hills in a campground

1416

00:57:55,370 --> 00:57:53,700

that we are and he's I don't know if

1417

00:57:57,290 --> 00:57:55,380

you've ever heard of him but he's been a

1418

00:57:59,569 --> 00:57:57,300

Bigfoot hunter for you know well

1419

00:58:01,849 --> 00:57:59,579

researcher he's not a hunter

1420

00:58:03,890 --> 00:58:01,859

um for 50 years and just sitting down

1421

00:58:05,510 --> 00:58:03,900

with Richard for like 20 minutes I was

1422

00:58:08,030 --> 00:58:05,520

like well our encounters aren't nothing

1423

00:58:09,650 --> 00:58:08,040

compared to what he's been through you

1424

00:58:11,690 --> 00:58:09,660

know he's just got a plethora of

1425

00:58:12,890 --> 00:58:11,700

information and I just love being around

1426

00:58:14,809 --> 00:58:12,900

him

1427

00:58:17,630 --> 00:58:14,819

um but he put together a team and

1428

00:58:21,950 --> 00:58:17,640

they're doing a uh a documentary David

1429

00:58:24,230 --> 00:58:21,960

Wolfe is the um the movie producer and

1430

00:58:26,390 --> 00:58:24,240

um his website is exposing the strange

1431

00:58:28,250 --> 00:58:26,400

and we've been on a couple we've been on

1432

00:58:30,230 --> 00:58:28,260

at least one you know hike with them and

1433

00:58:32,450 --> 00:58:30,240

and we found some really cool Bigfoot

1434

00:58:33,950 --> 00:58:32,460

stuff with them which was really neat my

1435

00:58:37,630 --> 00:58:33,960

daughter found some Bigfoot footprint

1436

00:58:40,309 --> 00:58:37,640

it's going up a a cliff basically

1437

00:58:41,870 --> 00:58:40,319

and then we have Todd polling as a part

1438

00:58:43,370 --> 00:58:41,880

of our group who is a wildlife

1439

00:58:46,549 --> 00:58:43,380

photographer and he's the one who

1440

00:58:48,589 --> 00:58:46,559

actually cleaned up our pictures of the

1441

00:58:50,990 --> 00:58:48,599

dogmen on our roof so that we could

1442

00:58:53,569 --> 00:58:51,000

actually see that yes that is a dog face

1443

00:58:56,089 --> 00:58:53,579

on there and it's not just leaves he did

1444

00:58:58,549 --> 00:58:56,099

an awesome job for that so you know

1445

00:59:00,049 --> 00:58:58,559

working with you and Jennifer and and

1446

00:59:01,670 --> 00:59:00,059

you know hopefully someday you know

1447

00:59:03,349 --> 00:59:01,680

Bernadette

1448

00:59:04,730 --> 00:59:03,359

um you know they're gonna come out they

1449

00:59:06,650 --> 00:59:04,740

all want to come out and they want to do

1450

00:59:08,270 --> 00:59:06,660

an investigation so we've we've been

1451

00:59:10,910 --> 00:59:08,280

doing a lot of you know that kind of

1452

00:59:13,670 --> 00:59:10,920

stuff and you know by meeting all of you

1453

00:59:15,890 --> 00:59:13,680

guys you guys have actually gotten given

1454

00:59:17,569 --> 00:59:15,900

us the strength to come out and tell our

1455

00:59:19,970 --> 00:59:17,579

story versus just hiding it because

1456

00:59:22,670 --> 00:59:19,980

we've hit it for 12 years we don't want

1457

00:59:24,289 --> 00:59:22,680

people to think we're crazy but how do

1458

00:59:26,809 --> 00:59:24,299

you explain something like this it

1459

00:59:29,150 --> 00:59:26,819

doesn't I hear that all the time I mean

1460

00:59:30,470 --> 00:59:29,160

you know people are don't want to be

1461

00:59:33,170 --> 00:59:30,480

ridiculed they don't want to be

1462

00:59:34,010 --> 00:59:33,180

questioned and I get that

1463

00:59:37,309 --> 00:59:34,020

um

1464

00:59:40,549 --> 00:59:37,319

I do have a couple questions here

1465

00:59:43,910 --> 00:59:40,559

um first of all I I know you initially

1466

00:59:46,309 --> 00:59:43,920

contacted Linda Godfrey back in when

1467

00:59:49,730 --> 00:59:46,319

this started and I know part of this

1468

00:59:51,349 --> 00:59:49,740

story was some of it was put in a book

1469

00:59:53,089 --> 00:59:51,359

about your son's encounter I think

1470

00:59:54,650 --> 00:59:53,099

mostly

1471

00:59:57,109 --> 00:59:54,660

um

1472

00:59:59,089 --> 00:59:57,119

and I I did go back and looked but I did

1473

01:00:02,270 --> 00:59:59,099

find it but you didn't hear anything

1474

01:00:03,950 --> 01:00:02,280

else from her since then did you no she

1475

01:00:07,670 --> 01:00:03,960

was supposed to be coming out with a

1476

01:00:10,730 --> 01:00:07,680

crew unfortunately her health took a bit

1477

01:00:12,349 --> 01:00:10,740

of a turn yeah and she was never able to

1478

01:00:13,970 --> 01:00:12,359

come out which was you know and then

1479

01:00:15,650 --> 01:00:13,980

after that I just

1480

01:00:18,650 --> 01:00:15,660

I mean who do you talk to about this

1481

01:00:20,870 --> 01:00:18,660

right right you know I

1482

01:00:23,270 --> 01:00:20,880

well I'm glad you got a hold of me I

1483

01:00:25,910 --> 01:00:23,280

mean you know that was absolutely I mean

1484

01:00:27,789 --> 01:00:25,920

I'm glad you did I I do have a couple of

1485

01:00:31,130 --> 01:00:27,799

other questions though and people are

1486

01:00:32,630 --> 01:00:31,140

throwing questions at me uh but there is

1487

01:00:35,690 --> 01:00:32,640

one here it's very interesting from

1488

01:00:38,030 --> 01:00:35,700

Wolfman 46. do you live near any

1489

01:00:40,609 --> 01:00:38,040

cemeteries or Mounds

1490

01:00:43,309 --> 01:00:40,619

you know that's funny because Richard

1491

01:00:45,410 --> 01:00:43,319

asked us the same thing did he and I did

1492

01:00:48,950 --> 01:00:45,420

get the history behind that

1493

01:00:51,829 --> 01:00:48,960

um we have some really older parts of

1494

01:00:53,870 --> 01:00:51,839

the city that we live in that there are

1495

01:00:55,430 --> 01:00:53,880

some older cemeteries I don't know about

1496

01:00:57,470 --> 01:00:55,440

Mounds

1497

01:00:59,390 --> 01:00:57,480

um so I've been doing since he said that

1498

01:01:01,190 --> 01:00:59,400

he said that the dogmen were looking for

1499

01:01:02,630 --> 01:01:01,200

something and he was telling us about

1500

01:01:06,349 --> 01:01:02,640

that

1501
01:01:08,210 --> 01:01:06,359
cemeteries they're looking in ancient

1502
01:01:10,789 --> 01:01:08,220
Indian mounds because something was

1503
01:01:11,329 --> 01:01:10,799
buried of theirs and

1504
01:01:14,569 --> 01:01:11,339
um

1505
01:01:17,630 --> 01:01:14,579
so I started researching the area and

1506
01:01:20,329 --> 01:01:17,640
what I did find in our area was that we

1507
01:01:23,210 --> 01:01:20,339
have miles and miles of closed Limestone

1508
01:01:24,410 --> 01:01:23,220
mines and

1509
01:01:27,049 --> 01:01:24,420
um

1510
01:01:28,730 --> 01:01:27,059
you know I'm trying to figure out who

1511
01:01:30,170 --> 01:01:28,740
owns them so we can go in there and

1512
01:01:31,490 --> 01:01:30,180
check on you know because a lot of

1513
01:01:33,710 --> 01:01:31,500

people are like you you know where would

1514

01:01:35,569 --> 01:01:33,720

the dog men leave around you or live

1515

01:01:37,609 --> 01:01:35,579

around you there's there's nowhere for

1516

01:01:39,530 --> 01:01:37,619

them to live I really think that they

1517

01:01:42,710 --> 01:01:39,540

may be dwelling down in those mines at

1518

01:01:44,750 --> 01:01:42,720

times or during parts of the year

1519

01:01:46,849 --> 01:01:44,760

um but no we I mean we have small

1520

01:01:49,490 --> 01:01:46,859

cemeteries and I'm not really sure I'd

1521

01:01:52,250 --> 01:01:49,500

have to research that right no you know

1522

01:01:54,530 --> 01:01:52,260

we we have a lot of canines upper

1523

01:01:57,410 --> 01:01:54,540

upright canine and cryptic canine

1524

01:01:59,630 --> 01:01:57,420

studies here in Pennsylvania and uh we

1525

01:02:00,890 --> 01:01:59,640

we have thought Butch thought that I

1526

01:02:03,890 --> 01:02:00,900

thought from the very beginning that

1527

01:02:06,890 --> 01:02:03,900

they may hide in Coal Mines here

1528

01:02:09,470 --> 01:02:06,900

um so you know that may very well be I

1529

01:02:11,329 --> 01:02:09,480

mean if we do have open minds where

1530

01:02:13,130 --> 01:02:11,339

there's cave a cave system in there

1531

01:02:15,829 --> 01:02:13,140

somehow absolutely I think they're it's

1532

01:02:16,609 --> 01:02:15,839

very possible they can do that

1533

01:02:19,010 --> 01:02:16,619

um

1534

01:02:20,569 --> 01:02:19,020

James asked James West asks have you

1535

01:02:23,510 --> 01:02:20,579

ever tested the strength of your doors

1536

01:02:26,569 --> 01:02:23,520

and other entry points physically

1537

01:02:28,309 --> 01:02:26,579

James is I'll tell you if James is an

1538

01:02:30,349 --> 01:02:28,319

experencer he's had two dog man

1539

01:02:36,670 --> 01:02:30,359

encounters physical encounters

1540

01:02:42,829 --> 01:02:40,010

and he's concerned about that if you

1541

01:02:44,870 --> 01:02:42,839

ever uh if you've ever checked your

1542

01:02:47,569 --> 01:02:44,880

doors to make sure they couldn't get in

1543

01:02:50,990 --> 01:02:47,579

Yeah well yeah we've we've got a mud

1544

01:02:53,150 --> 01:02:51,000

room in the back I suppose they could

1545

01:02:55,069 --> 01:02:53,160

probably smash that window so basically

1546

01:02:56,930 --> 01:02:55,079

we have

1547

01:02:59,870 --> 01:02:56,940

um and the mud room has a sliding glass

1548

01:03:02,329 --> 01:02:59,880

to the outside which is double pane they

1549

01:03:05,569 --> 01:03:02,339

they could probably rip that open

1550

01:03:08,450 --> 01:03:05,579

so yeah but they'd have to get through

1551

01:03:12,080 --> 01:03:08,460

two doors to get to our back door right

1552

01:03:13,910 --> 01:03:12,090

and we have a really old house it's 1922

1553

01:03:16,670 --> 01:03:13,920

[Music]

1554

01:03:18,950 --> 01:03:16,680

and it's actually set really weird our

1555

01:03:20,630 --> 01:03:18,960

back door used to be the front door so

1556

01:03:23,809 --> 01:03:20,640

we really don't even have a front door

1557

01:03:26,630 --> 01:03:23,819

we have a lower part of our yard where

1558

01:03:29,870 --> 01:03:26,640

we have a door and that's pretty solid I

1559

01:03:33,170 --> 01:03:29,880

I could well he probably could smash

1560

01:03:34,930 --> 01:03:33,180

that if you wanted well we have this you

1561

01:03:37,370 --> 01:03:34,940

guys can see this

1562

01:03:38,809 --> 01:03:37,380

we were French doors in it they wanted

1563

01:03:40,309 --> 01:03:38,819

to come and they can come in we have

1564

01:03:42,549 --> 01:03:40,319

yeah I think they'd come through that

1565

01:03:45,289 --> 01:03:42,559

yeah

1566

01:03:47,450 --> 01:03:45,299

so I mean if they wanted to come in they

1567

01:03:49,309 --> 01:03:47,460

they could come in yeah yeah they've

1568

01:03:50,510 --> 01:03:49,319

been on the roof something's been on the

1569

01:03:52,430 --> 01:03:50,520

roof

1570

01:03:54,950 --> 01:03:52,440

s well yeah I remember you telling me

1571

01:03:58,030 --> 01:03:54,960

that um your granddaughter had actually

1572

01:04:01,910 --> 01:03:58,040

seen one in the window right yeah yeah

1573

01:04:03,950 --> 01:04:01,920

so I thought that she was oh she

1574

01:04:06,170 --> 01:04:03,960

overheard her talking but she swears she

1575

01:04:08,990 --> 01:04:06,180

didn't I you know I don't want to freak

1576

01:04:11,569 --> 01:04:09,000

her out and yeah you know when she was

1577

01:04:13,730 --> 01:04:11,579

about eight years old you know well when

1578

01:04:15,890 --> 01:04:13,740

she was about four we had a bedroom

1579

01:04:17,990 --> 01:04:15,900

upstairs for her and we had it all done

1580

01:04:19,970 --> 01:04:18,000

really nice and everything and and there

1581

01:04:21,770 --> 01:04:19,980

happens to be basically a window up

1582

01:04:23,569 --> 01:04:21,780

there that runs the length of the bed we

1583

01:04:25,069 --> 01:04:23,579

have a window like that on both sides of

1584

01:04:26,990 --> 01:04:25,079

our house

1585

01:04:29,150 --> 01:04:27,000

um the other side was you know our it's

1586

01:04:32,089 --> 01:04:29,160

our extra room that used to be yeah it's

1587

01:04:35,450 --> 01:04:32,099

a bungalow with two uppers that are

1588

01:04:37,069 --> 01:04:35,460

fairly small so yeah so but a huge

1589

01:04:39,829 --> 01:04:37,079

window

1590

01:04:41,390 --> 01:04:39,839

um and you know I never put two and two

1591

01:04:42,530 --> 01:04:41,400

together she she would get up in the

1592

01:04:44,690 --> 01:04:42,540

middle of night she would come running

1593

01:04:45,890 --> 01:04:44,700

down she you know and finally she just

1594

01:04:46,970 --> 01:04:45,900

refused she wouldn't even go up there

1595

01:04:49,490 --> 01:04:46,980

and play

1596

01:04:51,349 --> 01:04:49,500

so after a couple years of that I was

1597

01:04:53,690 --> 01:04:51,359

laying in bed with her

1598

01:04:56,210 --> 01:04:53,700

um one time and I was actually laying

1599

01:04:58,730 --> 01:04:56,220

upstairs with her and she always makes

1600

01:05:00,650 --> 01:04:58,740

sure that I I shut the the blinds or

1601

01:05:01,910 --> 01:05:00,660

shut the the curtains for her and she

1602

01:05:04,010 --> 01:05:01,920

wanted she didn't want to see anything

1603

01:05:05,870 --> 01:05:04,020

through the curtains and so I was like

1604

01:05:07,549 --> 01:05:05,880

okay so I was laying down with her and I

1605

01:05:09,349 --> 01:05:07,559

said well honey why don't you want to

1606

01:05:12,049 --> 01:05:09,359

lay down up here by yourself you know

1607

01:05:14,150 --> 01:05:12,059

it's this is a nice room and you know I

1608

01:05:16,870 --> 01:05:14,160

mean heck she kicks me all night long so

1609

01:05:19,930 --> 01:05:16,880

you know I didn't have that

1610

01:05:22,730 --> 01:05:19,940

I had a toddler so yeah I know

1611

01:05:26,270 --> 01:05:22,740

and you know she was like it's probably

1612

01:05:28,549 --> 01:05:26,280

six six and a half and she says um

1613

01:05:29,990 --> 01:05:28,559

I don't like I don't like the werewolf

1614

01:05:32,870 --> 01:05:30,000

that watches me

1615

01:05:34,789 --> 01:05:32,880

and I went what and I had been very

1616

01:05:37,730 --> 01:05:34,799

careful not to speak

1617

01:05:39,349 --> 01:05:37,740

around her very careful and I said well

1618

01:05:40,490 --> 01:05:39,359

what do you mean by that honey and she

1619

01:05:43,309 --> 01:05:40,500

goes

1620

01:05:45,770 --> 01:05:43,319

just matter of factly you know he thinks

1621

01:05:47,630 --> 01:05:45,780

I'm sleeping and he sits there on the

1622

01:05:50,170 --> 01:05:47,640

roof and he watches me but I'm not

1623

01:05:53,270 --> 01:05:50,180

sleeping I'm looking at him too

1624

01:05:55,190 --> 01:05:53,280

wow so needless to say when she comes

1625

01:05:56,990 --> 01:05:55,200

she gets to sleep with Grandma because

1626

01:05:59,210 --> 01:05:57,000

you know I don't want her being

1627

01:06:01,069 --> 01:05:59,220

traumatized and oh I don't blame you

1628

01:06:03,710 --> 01:06:01,079

yeah and that's the thing I I really

1629

01:06:05,690 --> 01:06:03,720

think that these these creatures they

1630

01:06:08,270 --> 01:06:05,700

are drawn to children they are drawn

1631

01:06:11,030 --> 01:06:08,280

there I mean I've had more encounters

1632

01:06:12,890 --> 01:06:11,040

than my husband my son has you know had

1633

01:06:15,109 --> 01:06:12,900

quite a few encounters here so it's not

1634

01:06:18,470 --> 01:06:15,119

a male female thing

1635

01:06:19,970 --> 01:06:18,480

um but I definitely think you know

1636

01:06:22,089 --> 01:06:19,980

they're interested in us they're like

1637

01:06:25,190 --> 01:06:22,099

peeping I call them peeping Toms because

1638

01:06:27,109 --> 01:06:25,200

you know I always hear the gravel moving

1639

01:06:28,670 --> 01:06:27,119

when I'm walking into the kitchen I know

1640

01:06:30,710 --> 01:06:28,680

that one of them was just watching me

1641

01:06:32,690 --> 01:06:30,720

you know what I mean

1642

01:06:34,130 --> 01:06:32,700

um they do like the like the walk I mean

1643

01:06:37,490 --> 01:06:34,140

like the watch

1644

01:06:39,289 --> 01:06:37,500

and she's still very young so she's not

1645

01:06:42,829 --> 01:06:39,299

jaded by the world I mean I've had

1646

01:06:44,390 --> 01:06:42,839

experiences since I was like four so

1647

01:06:46,789 --> 01:06:44,400

I mean

1648

01:06:49,190 --> 01:06:46,799

my son is starting to have them so it's

1649

01:06:51,890 --> 01:06:49,200

just it's that when they're that young

1650

01:06:54,529 --> 01:06:51,900

they're that open yeah and I don't even

1651

01:06:56,329 --> 01:06:54,539

I don't even know where she got the idea

1652

01:06:58,970 --> 01:06:56,339

of werewolf or where she got the term

1653

01:07:00,829 --> 01:06:58,980

because she doesn't watch scary movie

1654

01:07:04,130 --> 01:07:00,839

she won't watch scary movies any

1655

01:07:06,170 --> 01:07:04,140

werewolf movies you know yeah she must

1656

01:07:08,089 --> 01:07:06,180

have gotten in somewhere but for her to

1657

01:07:10,849 --> 01:07:08,099

say you know it watches me while I'm

1658

01:07:13,250 --> 01:07:10,859

sleeping yeah you know it watches it

1659

01:07:16,069 --> 01:07:13,260

does watch yeah

1660

01:07:18,829 --> 01:07:16,079

so we did have a question

1661

01:07:21,710 --> 01:07:18,839

um do you see them on two on two feet of

1662

01:07:23,569 --> 01:07:21,720

bipedal or are also on quarter Peds do

1663

01:07:25,430 --> 01:07:23,579

you see them on four you want to answer

1664

01:07:26,930 --> 01:07:25,440

this one

1665

01:07:29,029 --> 01:07:26,940

yeah sure

1666

01:07:31,609 --> 01:07:29,039

um boy I don't know what it was it about

1667

01:07:34,010 --> 01:07:31,619

a month ago

1668

01:07:35,870 --> 01:07:34,020

um I was going out of the house checking

1669

01:07:38,270 --> 01:07:35,880

on the chickens making sure they're up

1670

01:07:41,569 --> 01:07:38,280

they're getting put up so I take Liberty

1671

01:07:43,490 --> 01:07:41,579

out she's the German Shepherd so I'm

1672

01:07:45,770 --> 01:07:43,500

walking kind of

1673

01:07:48,109 --> 01:07:45,780

out the back door and we've kind of got

1674

01:07:49,250 --> 01:07:48,119

a little hill going up at the end of our

1675

01:07:53,390 --> 01:07:49,260

driveway

1676
01:07:55,670 --> 01:07:53,400
and uh so I'm just walking in in Liberty

1677
01:07:58,130 --> 01:07:55,680
comes tearing by me

1678
01:08:00,950 --> 01:07:58,140
and runs directly

1679
01:08:03,230 --> 01:08:00,960
to the stupa to our back door and as

1680
01:08:05,029 --> 01:08:03,240
she's doing that I'm I look up and

1681
01:08:07,430 --> 01:08:05,039
there's something Standish Twilight

1682
01:08:10,069 --> 01:08:07,440
there's something standing

1683
01:08:14,329 --> 01:08:10,079
a little bit off to the right

1684
01:08:17,809 --> 01:08:14,339
um by where our fire pit is and I can't

1685
01:08:19,789 --> 01:08:17,819
I can see it but it's grayish it's got

1686
01:08:23,510 --> 01:08:19,799
big shoulders

1687
01:08:25,729 --> 01:08:23,520
probably six to seven feet tall I it's

1688
01:08:29,450 --> 01:08:25,739

got a small head but you know it's like

1689

01:08:31,309 --> 01:08:29,460

but as I looked up and looked at it my

1690

01:08:33,530 --> 01:08:31,319

first thought was I gotta get my ass

1691

01:08:35,030 --> 01:08:33,540

inside and get the gun because I'm gonna

1692

01:08:37,729 --> 01:08:35,040

you know what I mean it's gonna eat me

1693

01:08:40,550 --> 01:08:37,739

again something but then by the time I

1694

01:08:44,090 --> 01:08:40,560

turn around I could see the silhouette

1695

01:08:45,410 --> 01:08:44,100

it actually kind of looked like it went

1696

01:08:48,950 --> 01:08:45,420

down

1697

01:08:51,229 --> 01:08:48,960

on to all fours and was gone like this

1698

01:08:54,249 --> 01:08:51,239

is all within this isn't like slo-mo

1699

01:08:57,829 --> 01:08:54,259

this this happened in about 2.5 seconds

1700

01:08:59,870 --> 01:08:57,839

it just kind of went into just you know

1701

01:09:02,809 --> 01:08:59,880

and she was looking out the window she

1702

01:09:05,030 --> 01:09:02,819

saw me stop you know and she was like

1703

01:09:07,189 --> 01:09:05,040

Greg what's going on and I'm like I

1704

01:09:09,950 --> 01:09:07,199

don't know what I just saw I could tell

1705

01:09:13,370 --> 01:09:09,960

by his posture that he'd seen one I saw

1706

01:09:16,189 --> 01:09:13,380

he's seen some yeah and and it took him

1707

01:09:18,349 --> 01:09:16,199

I I'm and this is no exaggeration six

1708

01:09:20,990 --> 01:09:18,359

hours to tell me what he saw

1709

01:09:22,610 --> 01:09:21,000

because he couldn't he couldn't you know

1710

01:09:24,410 --> 01:09:22,620

his mind could I think that was the

1711

01:09:26,450 --> 01:09:24,420

first time you've really seen him

1712

01:09:27,890 --> 01:09:26,460

like that right well yeah the other time

1713

01:09:30,289 --> 01:09:27,900

I encounter I didn't even know was

1714

01:09:31,789 --> 01:09:30,299

happening it was watching me on top you

1715

01:09:34,010 --> 01:09:31,799

know from behind the chicken coop and

1716

01:09:39,050 --> 01:09:34,020

debating whether I was going to eat me

1717

01:09:39,060 --> 01:09:43,610

them being bipedal

1718

01:09:47,269 --> 01:09:45,349

recently

1719

01:09:50,209 --> 01:09:47,279

um just a few weeks ago when I started

1720

01:09:51,950 --> 01:09:50,219

seeing their offspring their offspring

1721

01:09:55,070 --> 01:09:51,960

are um

1722

01:09:58,310 --> 01:09:55,080

have been on all fours they have not

1723

01:10:00,169 --> 01:09:58,320

been in fact the first time I saw it I

1724

01:10:03,590 --> 01:10:00,179

was looking out the window I had Ripley

1725

01:10:06,229 --> 01:10:03,600

was outside with liberty and um Ripley's

1726

01:10:08,630 --> 01:10:06,239

only uh you know going on six months old

1727

01:10:10,070 --> 01:10:08,640

so I keep an eye on her I do have them I

1728

01:10:12,350 --> 01:10:10,080

was in the Army so I do have them

1729

01:10:13,910 --> 01:10:12,360

perimeter trained I worked with dogs in

1730

01:10:17,570 --> 01:10:13,920

the Army

1731

01:10:20,810 --> 01:10:17,580

um and I saw her run down the driveway

1732

01:10:23,330 --> 01:10:20,820

towards the road so I I yelled at Greg I

1733

01:10:25,850 --> 01:10:23,340

said Ripley's going towards the road so

1734

01:10:28,790 --> 01:10:25,860

I I ran outside and ran down the

1735

01:10:30,830 --> 01:10:28,800

driveway no Ripley and I'm like well

1736

01:10:31,910 --> 01:10:30,840

that's weird how could she disappear and

1737

01:10:34,010 --> 01:10:31,920

then all of a sudden I heard something

1738

01:10:35,930 --> 01:10:34,020

running up into the tree line in the

1739

01:10:38,870 --> 01:10:35,940

front around the front of the house

1740

01:10:40,729 --> 01:10:38,880

and I was like Ripley never goes up in

1741

01:10:42,470 --> 01:10:40,739

that tree line so I went over there and

1742

01:10:44,689 --> 01:10:42,480

I was like well I gotta find Rippy so I

1743

01:10:47,450 --> 01:10:44,699

ran down by the road thinking she's in

1744

01:10:50,810 --> 01:10:47,460

the road so I'm coming back up

1745

01:10:52,910 --> 01:10:50,820

um towards our back porch and she comes

1746

01:10:55,370 --> 01:10:52,920

from around the back of the house

1747

01:10:57,530 --> 01:10:55,380

now we have fences up so there's no way

1748

01:10:59,090 --> 01:10:57,540

that she would have been you know in the

1749

01:11:00,350 --> 01:10:59,100

two minutes that it took me to walk up

1750

01:11:03,290 --> 01:11:00,360

the driveway that she could have

1751
01:11:05,390 --> 01:11:03,300
completely gone around the house right

1752
01:11:07,070 --> 01:11:05,400
so then it dawned on me all of a sudden

1753
01:11:09,890 --> 01:11:07,080
it clicked you know the Wim the the

1754
01:11:12,050 --> 01:11:09,900
yikes we've been hearing the yipping and

1755
01:11:14,149 --> 01:11:12,060
the sounds and then I see this and I was

1756
01:11:17,209 --> 01:11:14,159
like oh I came in and I was so excited

1757
01:11:20,990 --> 01:11:17,219
is that weird I was like we've got pups

1758
01:11:23,270 --> 01:11:21,000
we've got problems I just knew it and

1759
01:11:26,030 --> 01:11:23,280
then the last the last time I saw the

1760
01:11:28,610 --> 01:11:26,040
one of the The Offspring

1761
01:11:30,950 --> 01:11:28,620
um it was actually towards the back of

1762
01:11:34,850 --> 01:11:30,960
our property and and these things must

1763
01:11:36,890 --> 01:11:34,860

grow phenomenally because it it in just

1764

01:11:39,590 --> 01:11:36,900

a couple probably about three four weeks

1765

01:11:41,810 --> 01:11:39,600

it had gone from the size of Ripley to

1766

01:11:43,610 --> 01:11:41,820

the size of our German Shepherd and it

1767

01:11:45,169 --> 01:11:43,620

was literally I would have never even

1768

01:11:47,570 --> 01:11:45,179

known it was there

1769

01:11:49,430 --> 01:11:47,580

um I had both dogs outside

1770

01:11:50,930 --> 01:11:49,440

um and then I just I always have this

1771

01:11:52,610 --> 01:11:50,940

headlamp on me so I can keep because

1772

01:11:54,530 --> 01:11:52,620

both of our dogs are black so I can't

1773

01:11:57,290 --> 01:11:54,540

see them and I want to make sure they

1774

01:12:00,350 --> 01:11:57,300

don't become prey so I only turned the

1775

01:12:02,330 --> 01:12:00,360

headline and if I need it so I couldn't

1776

01:12:05,510 --> 01:12:02,340

see either one of them so I turned the

1777

01:12:07,790 --> 01:12:05,520

headlamp on and Straight Ahead was one

1778

01:12:09,590 --> 01:12:07,800

sitting in the weeds and I I saw it's

1779

01:12:12,830 --> 01:12:09,600

total at first I thought it was Liberty

1780

01:12:14,570 --> 01:12:12,840

our German Shepherd because it had the

1781

01:12:16,930 --> 01:12:14,580

same silhouette that she had it was

1782

01:12:20,030 --> 01:12:16,940

sitting like a dogwood

1783

01:12:22,070 --> 01:12:20,040

and it had you know the reflection was

1784

01:12:24,050 --> 01:12:22,080

green that's the same color that both of

1785

01:12:26,270 --> 01:12:24,060

our dogs have so I know it was a canine

1786

01:12:28,430 --> 01:12:26,280

and I know it was about you know about

1787

01:12:30,169 --> 01:12:28,440

the size of Liberty who's about 76

1788

01:12:32,930 --> 01:12:30,179

pounds right

1789

01:12:36,229 --> 01:12:32,940

so it but it was on the other side of

1790

01:12:37,910 --> 01:12:36,239

the fence so I ran in in the split

1791

01:12:40,370 --> 01:12:37,920

second that it took me to get the

1792

01:12:44,090 --> 01:12:40,380

infrared binoculars

1793

01:12:45,649 --> 01:12:44,100

um I literally was turning him on as I

1794

01:12:47,390 --> 01:12:45,659

was running because I wanted to catch

1795

01:12:50,090 --> 01:12:47,400

the sun because it's I I could do video

1796

01:12:51,950 --> 01:12:50,100

on that or take pictures

1797

01:12:53,689 --> 01:12:51,960

um it stood up

1798

01:12:54,530 --> 01:12:53,699

um in a bipedal

1799

01:12:59,149 --> 01:12:54,540

um

1800

01:13:01,550 --> 01:12:59,159

would stand up and then just ran off

1801

01:13:04,490 --> 01:13:01,560

into the woods and literally as it

1802

01:13:07,970 --> 01:13:04,500

started running my my binoculars came on

1803

01:13:10,250 --> 01:13:07,980

it came online so I was like

1804

01:13:12,050 --> 01:13:10,260

um but yeah so they they seem to be

1805

01:13:13,910 --> 01:13:12,060

growing very fast

1806

01:13:16,970 --> 01:13:13,920

I have a couple questions from the chat

1807

01:13:20,630 --> 01:13:16,980

so Marla Snyder wants to know why do you

1808

01:13:23,390 --> 01:13:20,640

feel they have not uh harmed you

1809

01:13:25,189 --> 01:13:23,400

that's that's honestly what we ask

1810

01:13:27,770 --> 01:13:25,199

ourselves all the time

1811

01:13:30,649 --> 01:13:27,780

you know we have no clue no clue we have

1812

01:13:33,590 --> 01:13:30,659

no clue you know they they they they

1813

01:13:36,290 --> 01:13:33,600

they want us to know that we're they're

1814

01:13:39,590 --> 01:13:36,300

here I know that

1815

01:13:41,810 --> 01:13:39,600

um 100 they are aware that we can see

1816

01:13:44,810 --> 01:13:41,820

them and that I believe they are aware

1817

01:13:46,669 --> 01:13:44,820

that I can feel them when they're here

1818

01:13:49,729 --> 01:13:46,679

um we're trying to figure out whether

1819

01:13:52,189 --> 01:13:49,739

they want to communicate sometimes they

1820

01:13:53,810 --> 01:13:52,199

do sometimes they don't you know they're

1821

01:13:56,030 --> 01:13:53,820

communication I think their

1822

01:13:56,930 --> 01:13:56,040

communication is very

1823

01:14:01,910 --> 01:13:56,940

um

1824

01:14:03,229 --> 01:14:01,920

they don't they won't hold conversations

1825

01:14:05,149 --> 01:14:03,239

with us they'll just be like

1826

01:14:06,770 --> 01:14:05,159

matter-of-factly whenever they do say

1827

01:14:08,090 --> 01:14:06,780

it's like like when I was asking them

1828

01:14:10,490 --> 01:14:08,100

you know you're gonna eat me are you

1829

01:14:12,890 --> 01:14:10,500

gonna be my friend and I get I am friend

1830

01:14:14,090 --> 01:14:12,900

you know and that's it I mean they don't

1831

01:14:17,209 --> 01:14:14,100

want to say hey you want to have tea

1832

01:14:20,090 --> 01:14:17,219

tomorrow you know things like that so

1833

01:14:23,810 --> 01:14:20,100

um I we don't we don't know and then the

1834

01:14:27,050 --> 01:14:23,820

other question we ask is why us no why

1835

01:14:30,229 --> 01:14:27,060

are you showing yourself to us why you

1836

01:14:32,390 --> 01:14:30,239

know you don't you eat everybody else's

1837

01:14:34,550 --> 01:14:32,400

dogs you haven't eaten our dogs well we

1838

01:14:36,770 --> 01:14:34,560

go out with our dogs and our dogs are

1839

01:14:38,270 --> 01:14:36,780

perimeter trained so I I don't know how

1840

01:14:40,729 --> 01:14:38,280

to answer that question because I don't

1841

01:14:43,729 --> 01:14:40,739

know that but they have never been other

1842

01:14:45,770 --> 01:14:43,739

than scaring the you know what out of us

1843

01:14:47,149 --> 01:14:45,780

like the one time in the chicken coop it

1844

01:14:47,990 --> 01:14:47,159

got me

1845

01:14:51,169 --> 01:14:48,000

um

1846

01:14:53,930 --> 01:14:51,179

it doesn't do anything to harm us

1847

01:14:55,490 --> 01:14:53,940

maybe you realize that you have control

1848

01:14:57,709 --> 01:14:55,500

your dogs and they're not going to

1849

01:15:01,010 --> 01:14:57,719

impede on them and uh they can respect

1850

01:15:03,890 --> 01:15:01,020

you for that yeah maybe

1851

01:15:05,870 --> 01:15:03,900

um you know um Vincent asked about

1852

01:15:10,630 --> 01:15:05,880

gifting that I know you feed them bread

1853

01:15:14,149 --> 01:15:10,640

right ah not on purpose but you have

1854

01:15:15,770 --> 01:15:14,159

so yeah so

1855

01:15:20,390 --> 01:15:15,780

yes

1856

01:15:21,770 --> 01:15:20,400

so we feed our chickens bread Okay so

1857

01:15:23,510 --> 01:15:21,780

and

1858

01:15:27,169 --> 01:15:23,520

that that was the one thing when

1859

01:15:29,209 --> 01:15:27,179

Jennifer and I started talking was we we

1860

01:15:32,209 --> 01:15:29,219

got this one picture and and I don't

1861

01:15:34,370 --> 01:15:32,219

know if Vincent has that One queued up

1862

01:15:36,290 --> 01:15:34,380

or not it's very blurry it was a very

1863

01:15:38,750 --> 01:15:36,300

foggy day

1864

01:15:41,510 --> 01:15:38,760

um but

1865

01:15:44,450 --> 01:15:41,520

when she was talking to me I I

1866

01:15:47,209 --> 01:15:44,460

immediately remembered that scene where

1867

01:15:49,490 --> 01:15:47,219

I had gone outside I had given the

1868

01:15:51,830 --> 01:15:49,500

chickens bread and if you want to blow

1869

01:15:53,510 --> 01:15:51,840

that up just a little bit

1870

01:15:57,229 --> 01:15:53,520

um

1871

01:15:59,750 --> 01:15:57,239

and the next day not 15 minutes after

1872

01:16:03,229 --> 01:15:59,760

I'd given them the bread I caught this

1873

01:16:05,630 --> 01:16:03,239

picture of what I believe is one of the

1874

01:16:08,209 --> 01:16:05,640

uh one of the dog men eating the bread

1875

01:16:10,310 --> 01:16:08,219

that I put down for lonely boy right

1876

01:16:12,050 --> 01:16:10,320

there's no you can see there's the

1877

01:16:14,209 --> 01:16:12,060

chicken coop is to the right there's no

1878

01:16:15,350 --> 01:16:14,219

chickens that you can see

1879

01:16:16,910 --> 01:16:15,360

um however

1880

01:16:19,250 --> 01:16:16,920

um Todd the gentleman that I told you

1881

01:16:22,610 --> 01:16:19,260

was the wildlife photographer he

1882

01:16:24,649 --> 01:16:22,620

actually cleaned this up for me and to

1883

01:16:27,590 --> 01:16:24,659

the right

1884

01:16:29,330 --> 01:16:27,600

um he was able to make out and I don't

1885

01:16:32,930 --> 01:16:29,340

know if you can see if you want to blow

1886

01:16:35,030 --> 01:16:32,940

it up just a little bit there is a

1887

01:16:38,149 --> 01:16:35,040

four-legged creature there is another

1888

01:16:42,050 --> 01:16:38,159

creature in this picture so to the left

1889

01:16:45,470 --> 01:16:42,060

of the shed you can see the the the

1890

01:16:47,450 --> 01:16:45,480

waterer but then to the left of that you

1891

01:16:50,270 --> 01:16:47,460

can just make out

1892

01:16:52,970 --> 01:16:50,280

go ahead and yeah keep going up

1893

01:16:54,590 --> 01:16:52,980

with your nope nope nope go back down I

1894

01:16:55,910 --> 01:16:54,600

was I meant to Arrow so I could you

1895

01:16:58,010 --> 01:16:55,920

could point it to the with the arrow

1896

01:17:00,530 --> 01:16:58,020

okay now go to the left

1897

01:17:01,430 --> 01:17:00,540

right there nope go to the right just a

1898

01:17:02,870 --> 01:17:01,440

little bit

1899

01:17:06,350 --> 01:17:02,880

right there

1900

01:17:07,970 --> 01:17:06,360

okay if you look in that area

1901

01:17:09,410 --> 01:17:07,980

um I could not believe it he said you

1902

01:17:11,630 --> 01:17:09,420

know you have another creature there

1903

01:17:13,490 --> 01:17:11,640

there is a four-legged creature I

1904

01:17:15,470 --> 01:17:13,500

believe that this may have been another

1905

01:17:17,030 --> 01:17:15,480

Offspring we just didn't know it at the

1906

01:17:19,790 --> 01:17:17,040

time

1907

01:17:22,130 --> 01:17:19,800

um so anyway so Jennifer asked me when

1908

01:17:24,169 --> 01:17:22,140

we're talking well she didn't ask me she

1909

01:17:25,850 --> 01:17:24,179

just flat out said you know because I I

1910

01:17:28,189 --> 01:17:25,860

told her why are they coming around here

1911

01:17:30,229 --> 01:17:28,199

what what why Why Us

1912

01:17:32,209 --> 01:17:30,239

and she said because you're feeding them

1913

01:17:34,010 --> 01:17:32,219

and I was like that's crazy I would

1914

01:17:35,209 --> 01:17:34,020

never feed these things I don't I don't

1915

01:17:36,590 --> 01:17:35,219

even know what they are I don't even

1916

01:17:39,110 --> 01:17:36,600

know what to eat

1917

01:17:41,030 --> 01:17:39,120

so then I thought of this picture and I

1918

01:17:43,250 --> 01:17:41,040

was like oh Lord

1919

01:17:44,870 --> 01:17:43,260

she's right they're eating the bread and

1920

01:17:47,209 --> 01:17:44,880

I mean when I first saw this picture I

1921

01:17:48,649 --> 01:17:47,219

thought it was very sad because why the

1922

01:17:49,910 --> 01:17:48,659

heck would these creatures want to eat

1923

01:17:52,310 --> 01:17:49,920

eat the bread

1924

01:17:55,550 --> 01:17:52,320

right so

1925

01:17:57,410 --> 01:17:55,560

um but then you know we just we had an

1926

01:18:01,070 --> 01:17:57,420

encounter a couple weeks ago where I

1927

01:18:03,590 --> 01:18:01,080

went outside at night and I gave them an

1928

01:18:06,770 --> 01:18:03,600

offering of bread and they actually took

1929

01:18:09,050 --> 01:18:06,780

it so we know that they definitely like

1930

01:18:11,390 --> 01:18:09,060

bread for some reason but I've never

1931

01:18:13,010 --> 01:18:11,400

intentionally other than that day fed

1932

01:18:14,209 --> 01:18:13,020

them intentionally because I know you're

1933

01:18:15,830 --> 01:18:14,219

not supposed to feed these creatures

1934

01:18:17,110 --> 01:18:15,840

because the minute you stop feeding them

1935

01:18:20,030 --> 01:18:17,120

you're in trouble

1936

01:18:22,130 --> 01:18:20,040

so interesting

1937

01:18:26,030 --> 01:18:22,140

hmm

1938

01:18:28,010 --> 01:18:26,040

so where do you think it goes from here

1939

01:18:29,870 --> 01:18:28,020

um well let me ask you that let me ask

1940

01:18:33,169 --> 01:18:29,880

you this first

1941

01:18:36,410 --> 01:18:33,179

do you think there is a chance even a

1942

01:18:42,070 --> 01:18:36,420

small chance that you may have had a

1943

01:18:46,550 --> 01:18:44,390

what I mean why do you ask that that

1944

01:18:48,590 --> 01:18:46,560

well

1945

01:18:51,229 --> 01:18:48,600

you know I I you know I've heard a lot

1946

01:18:53,930 --> 01:18:51,239

of these cases

1947

01:18:54,950 --> 01:18:53,940

um and I have had a lot of people who

1948

01:18:56,870 --> 01:18:54,960

have

1949

01:18:59,390 --> 01:18:56,880

said to me that they thought they had a

1950

01:19:01,070 --> 01:18:59,400

Bigfoot vice versa for a dog man and

1951

01:19:03,310 --> 01:19:01,080

weren't really sure and I was just

1952

01:19:06,169 --> 01:19:03,320

wondering if there was anything that you

1953

01:19:07,970 --> 01:19:06,179

may have noticed that was a little bit

1954

01:19:10,729 --> 01:19:07,980

odd compared to other

1955

01:19:12,410 --> 01:19:10,739

evidence that you picked up that might

1956

01:19:15,410 --> 01:19:12,420

have seen that was something other than

1957

01:19:17,990 --> 01:19:15,420

what you had noticed before

1958

01:19:19,970 --> 01:19:18,000

um I mean before we started having these

1959

01:19:22,729 --> 01:19:19,980

encounters you know you watch the

1960

01:19:25,010 --> 01:19:22,739

Bigfoot things on TV and you're like you

1961

01:19:27,229 --> 01:19:25,020

know I mean I never I honestly never

1962

01:19:28,850 --> 01:19:27,239

paid attention to any kind of Cryptids

1963

01:19:31,430 --> 01:19:28,860

and stuff I like watching scary movies

1964

01:19:32,270 --> 01:19:31,440

but you know

1965

01:19:34,010 --> 01:19:32,280

um

1966

01:19:36,410 --> 01:19:34,020

I don't know if I would know the

1967

01:19:38,270 --> 01:19:36,420

difference honestly between a Bigfoot

1968

01:19:40,970 --> 01:19:38,280

and a dog man other than the pictures

1969

01:19:43,310 --> 01:19:40,980

and stuff that we've got

1970

01:19:45,950 --> 01:19:43,320

um we have noticed a very distinct smell

1971

01:19:49,729 --> 01:19:45,960

a lot of times that's almost like a

1972

01:19:51,770 --> 01:19:49,739

skunky sweet smell you know and

1973

01:19:54,530 --> 01:19:51,780

sometimes in my mind I wonder is that

1974

01:19:56,270 --> 01:19:54,540

Bigfoot or is that Dogman and is Bigfoot

1975

01:19:58,189 --> 01:19:56,280

coming around because the Dogman told me

1976

01:20:00,830 --> 01:19:58,199

told them that hey go check out these

1977

01:20:02,870 --> 01:20:00,840

people they're kind of cool you know but

1978

01:20:05,570 --> 01:20:02,880

as far as having

1979

01:20:08,930 --> 01:20:05,580

seeing them have you ever

1980

01:20:10,189 --> 01:20:08,940

I I would just say with with a couple

1981

01:20:13,130 --> 01:20:10,199

quick

1982

01:20:16,550 --> 01:20:13,140

shots that I saw I

1983

01:20:20,149 --> 01:20:16,560

it was more of a leaner type body real

1984

01:20:24,770 --> 01:20:20,159

you know hybrid Built For Speed kind of

1985

01:20:27,830 --> 01:20:24,780

real big shoulders but and just I mean

1986

01:20:29,030 --> 01:20:27,840

our thoughts of Bigfoot is he's his legs

1987

01:20:32,330 --> 01:20:29,040

are like

1988

01:20:35,030 --> 01:20:32,340

you know huge massive and this is more

1989

01:20:37,790 --> 01:20:35,040

of a Slender type

1990

01:20:39,890 --> 01:20:37,800

right I don't know I just

1991

01:20:43,010 --> 01:20:39,900

I mean he's whatever we've got running

1992

01:20:45,010 --> 01:20:43,020

around is for sure quick so yeah well

1993

01:20:48,169 --> 01:20:45,020

you know I I the reason I asked you know

1994

01:20:50,930 --> 01:20:48,179

from you live west of Akron I mean the

1995

01:20:53,390 --> 01:20:50,940

whole way from Cuyahoga down into

1996

01:20:54,830 --> 01:20:53,400

Cambridge and down that way it has had a

1997

01:20:57,950 --> 01:20:54,840

lot of Bigfoot sightings over here yeah

1998

01:20:59,709 --> 01:20:57,960

the valley sure absolutely yeah and uh I

1999

01:21:01,910 --> 01:20:59,719

was just wondering if maybe

2000

01:21:04,070 --> 01:21:01,920

at some point you might have seen

2001
01:21:06,649 --> 01:21:04,080
something that thought man well maybe it

2002
01:21:09,410 --> 01:21:06,659
was a Bigfoot other than a dog man and

2003
01:21:11,870 --> 01:21:09,420
look we're I definitely believe we have

2004
01:21:14,990 --> 01:21:11,880
an upright I mean canines around their

2005
01:21:16,610 --> 01:21:15,000
cryptic canines but uh I was just I was

2006
01:21:17,810 --> 01:21:16,620
just curious if there was something else

2007
01:21:22,490 --> 01:21:17,820
that maybe

2008
01:21:25,370 --> 01:21:22,500
was something other than that but yeah

2009
01:21:28,189 --> 01:21:25,380
okay and I think because in where we

2010
01:21:30,470 --> 01:21:28,199
live it's you know the houses are far

2011
01:21:33,709 --> 01:21:30,480
apart but they're not that far apart

2012
01:21:36,530 --> 01:21:33,719
so I don't think Bigfoot likes this kind

2013
01:21:39,110 --> 01:21:36,540

of you know being around people I think

2014

01:21:41,149 --> 01:21:39,120

it would be mostly in the marshlands and

2015

01:21:42,830 --> 01:21:41,159

maybe around the Silver Creek area that

2016

01:21:45,229 --> 01:21:42,840

we have here

2017

01:21:46,850 --> 01:21:45,239

um but Dogman definitely like to be

2018

01:21:48,890 --> 01:21:46,860

around people again like I said because

2019

01:21:50,689 --> 01:21:48,900

I think we're you know our pets are easy

2020

01:21:53,030 --> 01:21:50,699

pickings for them and they can get a

2021

01:21:55,250 --> 01:21:53,040

quick launch and while the Bigfoot team

2022

01:21:58,250 --> 01:21:55,260

that we've talked to too they've kind of

2023

01:22:01,910 --> 01:21:58,260

said that that they think that some of

2024

01:22:04,430 --> 01:22:01,920

these dogmens are actually the Bigfoot

2025

01:22:07,130 --> 01:22:04,440

is a little bit intimidated by the dog

2026

01:22:08,050 --> 01:22:07,140

man so whether or not that's true I

2027

01:22:10,729 --> 01:22:08,060

don't know

2028

01:22:13,790 --> 01:22:10,739

pushing them pushing them out of their

2029

01:22:18,729 --> 01:22:13,800

territories I I had done investigations

2030

01:22:23,090 --> 01:22:21,110

you know I've been in contact with

2031

01:22:25,250 --> 01:22:23,100

several investigators who have been in

2032

01:22:28,250 --> 01:22:25,260

areas where they've actually had

2033

01:22:30,830 --> 01:22:28,260

you know they've battled you know right

2034

01:22:32,810 --> 01:22:30,840

Northern Minnesota is a particular area

2035

01:22:33,729 --> 01:22:32,820

where there some of this has happened

2036

01:22:37,370 --> 01:22:33,739

before

2037

01:22:40,250 --> 01:22:37,380

and uh yeah I I I think you're probably

2038

01:22:43,070 --> 01:22:40,260

right I I know here in Pennsylvania

2039

01:22:45,050 --> 01:22:43,080

uh they they do keep apart

2040

01:22:47,390 --> 01:22:45,060

um it seems that when they travel and of

2041

01:22:51,050 --> 01:22:47,400

course you have a lot of mountain ranges

2042

01:22:53,510 --> 01:22:51,060

and ridges around here uh the dogmen or

2043

01:22:54,709 --> 01:22:53,520

the upright canine seem to stay in the

2044

01:22:58,550 --> 01:22:54,719

higher ground

2045

01:23:00,410 --> 01:22:58,560

and the Bigfoot will travel in the

2046

01:23:02,750 --> 01:23:00,420

valleys

2047

01:23:04,669 --> 01:23:02,760

and I don't know if they migrate or what

2048

01:23:06,950 --> 01:23:04,679

they do I I guess maybe at some point

2049

01:23:10,370 --> 01:23:06,960

they do go to other areas and come back

2050

01:23:12,410 --> 01:23:10,380

and forth but uh you know we I'm talking

2051
01:23:14,750 --> 01:23:12,420
about areas around the Appalachian Trail

2052
01:23:17,330 --> 01:23:14,760
and such that it runs through you know

2053
01:23:20,810 --> 01:23:17,340
the Blue Ridge and the South Mountain in

2054
01:23:23,209 --> 01:23:20,820
that area around here uh it does seem

2055
01:23:26,030 --> 01:23:23,219
that the sightings we get

2056
01:23:29,110 --> 01:23:26,040
uh the the Bigfoot kind of stand lower

2057
01:23:32,090 --> 01:23:29,120
ground as a parent to the uh the canines

2058
01:23:32,990 --> 01:23:32,100
and the one thing that I notice is you

2059
01:23:36,250 --> 01:23:33,000
know

2060
01:23:38,990 --> 01:23:36,260
trying to get as much information

2061
01:23:40,910 --> 01:23:39,000
basically how to research and you know

2062
01:23:42,350 --> 01:23:40,920
the team is helping us out tremendously

2063
01:23:45,110 --> 01:23:42,360

they've taught us all kinds of stuff

2064

01:23:47,570 --> 01:23:45,120

about hydrocal and things like that we

2065

01:23:49,970 --> 01:23:47,580

also find ourselves watching stuff

2066

01:23:51,830 --> 01:23:49,980

um you know not for the scare of it but

2067

01:23:54,890 --> 01:23:51,840

also just kind of learn you know things

2068

01:23:55,550 --> 01:23:54,900

that we watch on TV and

2069

01:23:59,149 --> 01:23:55,560

um

2070

01:24:00,709 --> 01:23:59,159

one of the things I think is that

2071

01:24:01,910 --> 01:24:00,719

um oh man I just lost my train of

2072

01:24:06,290 --> 01:24:01,920

thought

2073

01:24:09,590 --> 01:24:06,300

um that definitely the dogmen like to be

2074

01:24:12,110 --> 01:24:09,600

around humans or they tend to congregate

2075

01:24:13,729 --> 01:24:12,120

a little bit about humans and oh and

2076

01:24:15,530 --> 01:24:13,739

then some of the things that I see when

2077

01:24:17,890 --> 01:24:15,540

they talk about the speed and they talk

2078

01:24:20,510 --> 01:24:17,900

about this I really believe that there's

2079

01:24:23,209 --> 01:24:20,520

Bigfoot sightings out there that are

2080

01:24:24,950 --> 01:24:23,219

being labeled as Bigfoot sightings when

2081

01:24:26,630 --> 01:24:24,960

they're actually dogmen oh I believe

2082

01:24:29,930 --> 01:24:26,640

that's true I think vice versa as well

2083

01:24:32,870 --> 01:24:29,940

absolutely I I felt that for a long time

2084

01:24:35,030 --> 01:24:32,880

uh Nancy Malcolm asked uh what do you

2085

01:24:37,250 --> 01:24:35,040

think they eat uh other than

2086

01:24:39,290 --> 01:24:37,260

you know the pets and the small Critters

2087

01:24:42,169 --> 01:24:39,300

around her have you ever heard of any

2088

01:24:45,770 --> 01:24:42,179

cattle or sheep or anything bigger being

2089

01:24:48,229 --> 01:24:45,780

taken down no we we don't have a lot of

2090

01:24:51,110 --> 01:24:48,239

um farm animals around here I mean we've

2091

01:24:54,950 --> 01:24:51,120

had pigs we've had goats we had the

2092

01:24:57,229 --> 01:24:54,960

gentlemen you know our neighbor had cows

2093

01:24:58,729 --> 01:24:57,239

um we haven't heard of of you know but

2094

01:25:01,130 --> 01:24:58,739

we don't talk to a lot of the the

2095

01:25:02,689 --> 01:25:01,140

farmers either you know you know we

2096

01:25:04,430 --> 01:25:02,699

pretty much stay to ourselves here so

2097

01:25:07,970 --> 01:25:04,440

there could have been but we're just not

2098

01:25:10,910 --> 01:25:07,980

aware of it interesting I also have a

2099

01:25:12,770 --> 01:25:10,920

question do you think they enjoy scaring

2100

01:25:16,790 --> 01:25:12,780

you that they kind of feed off of it in

2101

01:25:19,430 --> 01:25:16,800

a way yes yeah it's kind of like

2102

01:25:21,290 --> 01:25:19,440

um hey let's honey let's go on a date

2103

01:25:24,290 --> 01:25:21,300

and let's go scare you know these two

2104

01:25:30,110 --> 01:25:26,570

yes I think they enjoy

2105

01:25:32,689 --> 01:25:30,120

it um and now we've added a different

2106

01:25:34,790 --> 01:25:32,699

Dynamic now that um we're not afraid of

2107

01:25:36,550 --> 01:25:34,800

it as we used to be because I mean

2108

01:25:38,810 --> 01:25:36,560

literally I wouldn't go outside at night

2109

01:25:41,090 --> 01:25:38,820

my son was like don't go outside without

2110

01:25:42,470 --> 01:25:41,100

a gun but quite honestly I don't think

2111

01:25:44,209 --> 01:25:42,480

that would help me because these things

2112

01:25:45,890 --> 01:25:44,219

are so fast they'd be on me before I

2113

01:25:48,050 --> 01:25:45,900

could even pull it out you know what I

2114

01:25:49,970 --> 01:25:48,060

mean but yes I definitely they have a

2115

01:25:51,470 --> 01:25:49,980

sense of humor

2116

01:25:52,729 --> 01:25:51,480

um I know we're running up on time but

2117

01:25:54,950 --> 01:25:52,739

you want me to tell you that that's all

2118

01:25:57,110 --> 01:25:54,960

right go ahead Halloween story yeah I

2119

01:25:58,550 --> 01:25:57,120

want to hear that so Greg was out of

2120

01:26:00,830 --> 01:25:58,560

town and I didn't want to be home alone

2121

01:26:02,570 --> 01:26:00,840

on Halloween so I decided of all things

2122

01:26:04,270 --> 01:26:02,580

I was going to have a dog man watch

2123

01:26:08,030 --> 01:26:04,280

party right

2124

01:26:09,470 --> 01:26:08,040

so I did have I did have a neighbor

2125

01:26:10,189 --> 01:26:09,480

um that's

2126

01:26:12,350 --> 01:26:10,199

um

2127

01:26:14,750 --> 01:26:12,360

that had seen some things when he was

2128

01:26:17,090 --> 01:26:14,760

younger and so I talked to him he came

2129

01:26:18,830 --> 01:26:17,100

with his wife

2130

01:26:20,810 --> 01:26:18,840

um and

2131

01:26:23,090 --> 01:26:20,820

um his son and his son brought a couple

2132

01:26:24,830 --> 01:26:23,100

friends from high school

2133

01:26:27,110 --> 01:26:24,840

um that the lady that I said that her

2134

01:26:29,689 --> 01:26:27,120

kids saw the werewolf you know they came

2135

01:26:31,910 --> 01:26:29,699

so we we basically had all kinds of food

2136

01:26:33,649 --> 01:26:31,920

we had a bonfire going outside I had my

2137

01:26:35,750 --> 01:26:33,659

laptop up with the pictures and

2138

01:26:37,430 --> 01:26:35,760

everything the kids loved telling

2139

01:26:39,050 --> 01:26:37,440

everybody around the campfire their

2140

01:26:41,209 --> 01:26:39,060

little ghost story about seeing the

2141

01:26:43,790 --> 01:26:41,219

werewolf at our house and stuff so it

2142

01:26:45,110 --> 01:26:43,800

kind of had a fun little twang to it the

2143

01:26:47,570 --> 01:26:45,120

gentleman that she's talking about

2144

01:26:49,790 --> 01:26:47,580

actually grew up

2145

01:26:52,729 --> 01:26:49,800

right across the street from where our

2146

01:26:55,189 --> 01:26:52,739

house is so and his mother lives there

2147

01:26:57,830 --> 01:26:55,199

now but like literally like

2148

01:27:00,470 --> 01:26:57,840

so he he had seen some stuff and yeah

2149

01:27:02,990 --> 01:27:00,480

which was kind of freaky but sorry I

2150

01:27:05,330 --> 01:27:03,000

didn't know no no no no yeah he

2151
01:27:06,189 --> 01:27:05,340
literally grew up like directly across

2152
01:27:09,410 --> 01:27:06,199
the street

2153
01:27:11,510 --> 01:27:09,420
he's had he's encounters before yeah

2154
01:27:14,209 --> 01:27:11,520
which means which leads us to believe

2155
01:27:16,550 --> 01:27:14,219
that other people

2156
01:27:18,590 --> 01:27:16,560
a couple houses in the area that every

2157
01:27:20,270 --> 01:27:18,600
year they come up vacant and it's for

2158
01:27:24,709 --> 01:27:20,280
sale and I was like oh they met the dog

2159
01:27:27,590 --> 01:27:24,719
man and they just yeah yeah so

2160
01:27:29,270 --> 01:27:27,600
um so somebody brought up the idea of oh

2161
01:27:30,770 --> 01:27:29,280
let's go on a dog man walk and I was

2162
01:27:31,970 --> 01:27:30,780
like no that's not a good idea let's

2163
01:27:33,830 --> 01:27:31,980

just stay around the fire and then

2164

01:27:37,010 --> 01:27:33,840

everybody wanted to go on the walk so

2165

01:27:38,810 --> 01:27:37,020

you know we had the story so I I had a

2166

01:27:41,090 --> 01:27:38,820

flashlight and of course I I was

2167

01:27:42,470 --> 01:27:41,100

carrying and everything so we kind of

2168

01:27:43,970 --> 01:27:42,480

took them around the parts of the yard

2169

01:27:45,709 --> 01:27:43,980

and stuff like that we went in the

2170

01:27:48,169 --> 01:27:45,719

neighbor's yard

2171

01:27:50,270 --> 01:27:48,179

um and it was funny because we came

2172

01:27:53,030 --> 01:27:50,280

around the antique barn and there were

2173

01:27:56,870 --> 01:27:53,040

eyes in the in a tree and everybody did

2174

01:27:58,490 --> 01:27:56,880

a collab Collective you know and then I

2175

01:28:00,229 --> 01:27:58,500

was like okay guys you know it's a

2176

01:28:01,550 --> 01:28:00,239

raccoon just chill out it's okay and

2177

01:28:04,250 --> 01:28:01,560

everybody's like well let's go back

2178

01:28:06,050 --> 01:28:04,260

let's go back so we went back so we were

2179

01:28:08,030 --> 01:28:06,060

kind of around the campfire in the in

2180

01:28:10,910 --> 01:28:08,040

the the teenagers one of the teenage

2181

01:28:13,310 --> 01:28:10,920

boys had driven and he wanted he decided

2182

01:28:15,410 --> 01:28:13,320

it's like midnight I'm gonna go home so

2183

01:28:17,330 --> 01:28:15,420

then I hear this come motion going on

2184

01:28:19,910 --> 01:28:17,340

and and he's like who took them what's

2185

01:28:21,290 --> 01:28:19,920

going on so I'm I walk over to the

2186

01:28:22,790 --> 01:28:21,300

driveway where they're at and I was like

2187

01:28:24,350 --> 01:28:22,800

hey guys you know I got neighbors here

2188

01:28:25,250 --> 01:28:24,360

let's kind of keep it down what's going

2189

01:28:27,530 --> 01:28:25,260

on

2190

01:28:31,010 --> 01:28:27,540

and the kid tells me that he lost his

2191

01:28:32,450 --> 01:28:31,020

keys and he can't go home so I said okay

2192

01:28:34,430 --> 01:28:32,460

you know what do they look like let's

2193

01:28:36,050 --> 01:28:34,440

kind of look around he says well you

2194

01:28:37,970 --> 01:28:36,060

know it's on a red lanyard and I said

2195

01:28:40,370 --> 01:28:37,980

well that that'll be pretty easy to find

2196

01:28:42,770 --> 01:28:40,380

so you know everybody started looking

2197

01:28:44,570 --> 01:28:42,780

for his keys and we went in the house we

2198

01:28:47,570 --> 01:28:44,580

went we were scouring the yards and

2199

01:28:49,250 --> 01:28:47,580

everything and then he decided Well you

2200

01:28:50,090 --> 01:28:49,260

know he asked me if I just leave my car

2201

01:28:52,370 --> 01:28:50,100

here

2202

01:28:53,870 --> 01:28:52,380

you know can I

2203

01:28:55,310 --> 01:28:53,880

um just come and get it tomorrow and

2204

01:28:57,770 --> 01:28:55,320

these guys will give me a ride home and

2205

01:29:00,530 --> 01:28:57,780

I I was like yeah well then probably

2206

01:29:02,330 --> 01:29:00,540

about maybe about five ten minutes later

2207

01:29:05,689 --> 01:29:02,340

um I was back at the campfire roasting

2208

01:29:07,370 --> 01:29:05,699

some s'mores and and uh I heard some

2209

01:29:08,990 --> 01:29:07,380

commotion towards the back of the

2210

01:29:10,310 --> 01:29:09,000

property and it was the kids again and

2211

01:29:11,930 --> 01:29:10,320

they were getting pretty loud so I

2212

01:29:13,910 --> 01:29:11,940

walked over and I was like hey guys you

2213

01:29:15,890 --> 01:29:13,920

know we talked about this now and there

2214

01:29:18,770 --> 01:29:15,900
was no alcohol at this party so it

2215

01:29:19,729 --> 01:29:18,780
wasn't that and one of the girls said to

2216

01:29:22,370 --> 01:29:19,739
me

2217

01:29:24,830 --> 01:29:22,380
um he found his keys and I was like well

2218

01:29:26,629 --> 01:29:24,840
great that's cool and she goes no he

2219

01:29:29,810 --> 01:29:26,639
found his keys

2220

01:29:32,870 --> 01:29:29,820
and I went okay and then all of them at

2221

01:29:34,370 --> 01:29:32,880
once pointed up into the branches of

2222

01:29:37,010 --> 01:29:34,380
this small tree

2223

01:29:38,209 --> 01:29:37,020
and they were up in the tree about eight

2224

01:29:40,790 --> 01:29:38,219
feet high

2225

01:29:42,530 --> 01:29:40,800
and and when I say they were up in the

2226

01:29:44,330 --> 01:29:42,540

tree about eight feet high I don't mean

2227

01:29:46,129 --> 01:29:44,340

they were just thrown into a tree like

2228

01:29:51,110 --> 01:29:46,139

somebody was messing with him right

2229

01:29:54,229 --> 01:29:51,120

these the lanyard was totally wrapped

2230

01:29:57,290 --> 01:29:54,239

around the branch every inch of that

2231

01:29:59,330 --> 01:29:57,300

lanyard was wrapped around that branch

2232

01:30:02,330 --> 01:29:59,340

and we were all kind of looking and

2233

01:30:04,250 --> 01:30:02,340

going well how did that happen right

2234

01:30:06,169 --> 01:30:04,260

because just throwing something in there

2235

01:30:08,149 --> 01:30:06,179

there was enough brush and stuff that it

2236

01:30:09,649 --> 01:30:08,159

wouldn't have there's no way there's no

2237

01:30:12,470 --> 01:30:09,659

logical way that it would have something

2238

01:30:14,330 --> 01:30:12,480

placed and wrapped those some something

2239

01:30:17,390 --> 01:30:14,340

did it I am you know

2240

01:30:19,550 --> 01:30:17,400

and so I was like okay well uh let's go

2241

01:30:21,410 --> 01:30:19,560

and get the ladder and and they're all

2242

01:30:23,390 --> 01:30:21,420

like looking at me and I said so I went

2243

01:30:25,729 --> 01:30:23,400

we we all went together we got the

2244

01:30:28,250 --> 01:30:25,739

ladder we I put the ladder up against

2245

01:30:30,229 --> 01:30:28,260

the tree and the tree was only at that

2246

01:30:32,689 --> 01:30:30,239

time was only about three inches you

2247

01:30:35,330 --> 01:30:32,699

know in diameter it was very small tree

2248

01:30:36,770 --> 01:30:35,340

but it was very tall

2249

01:30:38,450 --> 01:30:36,780

um so it's not like somebody could have

2250

01:30:40,550 --> 01:30:38,460

you know climbed up it because it would

2251

01:30:43,189 --> 01:30:40,560

have broken it a full-size you know

2252

01:30:44,930 --> 01:30:43,199

adult would have broken the tree

2253

01:30:47,510 --> 01:30:44,940

um so I put the

2254

01:30:49,790 --> 01:30:47,520

um the ladder against the little tree

2255

01:30:54,050 --> 01:30:49,800

and I I said Okay who wants to go and

2256

01:30:59,390 --> 01:30:56,510

I was like okay

2257

01:31:01,610 --> 01:30:59,400

I brought these kids and and you know I

2258

01:31:04,070 --> 01:31:01,620

should go up and get it and the whole

2259

01:31:06,169 --> 01:31:04,080

time I swear I was waiting for something

2260

01:31:08,930 --> 01:31:06,179

to grab me or something to push me off

2261

01:31:10,729 --> 01:31:08,940

that ladder or and I gave that kid the

2262

01:31:13,070 --> 01:31:10,739

keys back and he got out of there so

2263

01:31:14,810 --> 01:31:13,080

fast and the next day I asked our name

2264

01:31:16,790 --> 01:31:14,820

you know our the gentleman who used to

2265

01:31:18,709 --> 01:31:16,800

live next to us our neighbor

2266

01:31:20,750 --> 01:31:18,719

um you know how is he doing he goes he

2267

01:31:22,550 --> 01:31:20,760

told everybody I don't talk about it I

2268

01:31:25,070 --> 01:31:22,560

don't want to hear it he thinks that it

2269

01:31:27,110 --> 01:31:25,080

took it out of his pocket you know when

2270

01:31:28,970 --> 01:31:27,120

we were going by that he he said it was

2271

01:31:31,310 --> 01:31:28,980

in my pocket I think it took it right

2272

01:31:33,290 --> 01:31:31,320

out of my pocket so here we thought we

2273

01:31:35,390 --> 01:31:33,300

were being cool by going on this dog man

2274

01:31:37,870 --> 01:31:35,400

and then trick or treat he played a

2275

01:31:41,330 --> 01:31:37,880

trick wow

2276

01:31:43,970 --> 01:31:41,340

that's weird yeah so I have a question

2277

01:31:45,470 --> 01:31:43,980

for you guys why did you want to come

2278

01:31:47,270 --> 01:31:45,480

forward now

2279

01:31:49,790 --> 01:31:47,280

I mean I think it's important as an

2280

01:31:52,430 --> 01:31:49,800

experiencer myself that I never talk to

2281

01:31:53,930 --> 01:31:52,440

anyone about it and then you know I I

2282

01:31:56,510 --> 01:31:53,940

think it's important to start talking

2283

01:31:59,209 --> 01:31:56,520

about it you know any experience you've

2284

01:32:01,970 --> 01:31:59,219

had so why why did you guys feel it's

2285

01:32:04,010 --> 01:32:01,980

important for you to come forward now I

2286

01:32:06,950 --> 01:32:04,020

I think mostly because we're in a

2287

01:32:08,450 --> 01:32:06,960

different phase in this

2288

01:32:10,790 --> 01:32:08,460

um you know you go we went through

2289

01:32:13,070 --> 01:32:10,800

phases and the the first phase was what

2290

01:32:15,050 --> 01:32:13,080

the heck you know and and then you go

2291

01:32:17,270 --> 01:32:15,060

through an investigative phase

2292

01:32:19,910 --> 01:32:17,280

and

2293

01:32:21,890 --> 01:32:19,920

um then you go to I mean literally when

2294

01:32:23,330 --> 01:32:21,900

covid was going on and everything I was

2295

01:32:24,890 --> 01:32:23,340

like you know what dog man you just got

2296

01:32:26,629 --> 01:32:24,900

to take a back seat right here you know

2297

01:32:29,570 --> 01:32:26,639

you go through I'm going through my life

2298

01:32:31,610 --> 01:32:29,580

and sometimes sometimes I mean there

2299

01:32:33,830 --> 01:32:31,620

were times when they didn't come come by

2300

01:32:36,530 --> 01:32:33,840

or we didn't realize they were here for

2301

01:32:38,990 --> 01:32:36,540

a couple years yeah I don't think we

2302

01:32:41,570 --> 01:32:39,000

picked up on the signals and the stuff

2303

01:32:44,510 --> 01:32:41,580

they were doing or sometimes we just get

2304

01:32:46,129 --> 01:32:44,520

so used to things going on that we don't

2305

01:32:48,410 --> 01:32:46,139

hear it or we don't see it you know what

2306

01:32:53,209 --> 01:32:48,420

I mean it's just an everyday thing

2307

01:32:54,290 --> 01:32:53,219

so I think the main thing was you know I

2308

01:32:57,050 --> 01:32:54,300

finally

2309

01:32:59,450 --> 01:32:57,060

when I reached out to lawn and he got

2310

01:33:02,030 --> 01:32:59,460

back to me like right away

2311

01:33:05,570 --> 01:33:02,040

um when I started talking to Jennifer

2312

01:33:07,490 --> 01:33:05,580

when I started talking to Rich Dave Todd

2313

01:33:08,990 --> 01:33:07,500

and oh but Cain Michaels I don't know if

2314

01:33:12,169 --> 01:33:09,000

you've ever heard of him he's a big

2315

01:33:14,510 --> 01:33:12,179

Bigfoot and you know investigator

2316

01:33:17,030 --> 01:33:14,520

um he's a part of the team as well

2317

01:33:20,510 --> 01:33:17,040

um when I started realizing that we

2318

01:33:23,270 --> 01:33:20,520

weren't alone and we were not crazy

2319

01:33:24,709 --> 01:33:23,280

um was when I said okay you know these

2320

01:33:26,870 --> 01:33:24,719

things are out there because I have no

2321

01:33:29,629 --> 01:33:26,880

doubt whatsoever I I know what we have

2322

01:33:33,530 --> 01:33:29,639

here I don't care what anybody else says

2323

01:33:36,290 --> 01:33:33,540

um and but and people need to be

2324

01:33:38,030 --> 01:33:36,300

um aware of it right people people

2325

01:33:39,830 --> 01:33:38,040

basically need to be aware of it they

2326

01:33:41,450 --> 01:33:39,840

need to be careful but you know people

2327

01:33:44,450 --> 01:33:41,460

also need to know that I don't think

2328

01:33:46,729 --> 01:33:44,460

these creatures are there to hurt us

2329

01:33:49,750 --> 01:33:46,739

um unless we do something to them first

2330

01:33:52,129 --> 01:33:49,760

that's kind of how I

2331

01:33:54,169 --> 01:33:52,139

can tell somebody who's going through

2332

01:33:55,970 --> 01:33:54,179

the same exact thing that you are who

2333

01:33:57,229 --> 01:33:55,980

thinks they're crazy and they don't want

2334

01:33:58,910 --> 01:33:57,239

to come forward what would you tell them

2335

01:34:00,709 --> 01:33:58,920

or want them to know if they're watching

2336

01:34:02,390 --> 01:34:00,719

you know if they stumbled upon this and

2337

01:34:04,370 --> 01:34:02,400

they see this and they're like I'm

2338

01:34:06,110 --> 01:34:04,380

experienced this you know experiencing

2339

01:34:08,090 --> 01:34:06,120

the same thing but I feel like I'm

2340

01:34:09,830 --> 01:34:08,100

losing my mind

2341

01:34:13,490 --> 01:34:09,840

number one you're not losing your mind

2342

01:34:16,189 --> 01:34:13,500

you know your mind from what what our

2343

01:34:17,810 --> 01:34:16,199

experience has been your mind tries to

2344

01:34:18,890 --> 01:34:17,820

talk you out of what you've seen what

2345

01:34:21,169 --> 01:34:18,900

you've seen

2346

01:34:23,149 --> 01:34:21,179

no it couldn't be that you know and I

2347

01:34:25,250 --> 01:34:23,159

think that's the worst part of it is

2348

01:34:27,050 --> 01:34:25,260

that we are so busy trying to

2349

01:34:29,090 --> 01:34:27,060

rationalize what we see or what we

2350

01:34:32,450 --> 01:34:29,100

experience that we don't get to

2351
01:34:33,590 --> 01:34:32,460
experience it fully and that's a shame I

2352
01:34:35,870 --> 01:34:33,600
think

2353
01:34:38,629 --> 01:34:35,880
um but then we've also got the fight or

2354
01:34:40,010 --> 01:34:38,639
flight Instinct that tells us that you

2355
01:34:41,629 --> 01:34:40,020
know I've been at the top of the food

2356
01:34:44,030 --> 01:34:41,639
chain this long I don't want to be at

2357
01:34:45,590 --> 01:34:44,040
the bottom so we back away from any

2358
01:34:47,810 --> 01:34:45,600
experiences and then there's the

2359
01:34:50,330 --> 01:34:47,820
embarrassment you know people that want

2360
01:34:52,310 --> 01:34:50,340
to shame you I mean social media

2361
01:34:54,169 --> 01:34:52,320
is just horrendous with those kinds of

2362
01:34:56,510 --> 01:34:54,179
things so you have all those things

2363
01:34:57,590 --> 01:34:56,520

against you and then also who can you

2364

01:34:58,970 --> 01:34:57,600

trust

2365

01:35:04,850 --> 01:34:58,980

you know

2366

01:35:06,709 --> 01:35:04,860

here reach out to lawn Lon can get you

2367

01:35:08,510 --> 01:35:06,719

and I would love to talk to you I would

2368

01:35:11,330 --> 01:35:08,520

listen to anybody who has anything to

2369

01:35:13,250 --> 01:35:11,340

say I believe my husband would too

2370

01:35:15,649 --> 01:35:13,260

um because we have experienced it for 12

2371

01:35:17,330 --> 01:35:15,659

years we've experienced the fear we've

2372

01:35:18,830 --> 01:35:17,340

experienced the Panic we've experienced

2373

01:35:48,470 --> 01:35:18,840

a

2374

01:35:51,110 --> 01:35:48,480

well

2375

01:35:53,870 --> 01:35:51,120

so uh if anything else comes up you know

2376

01:35:56,750 --> 01:35:53,880

how to contact me and I'm quite sure

2377

01:36:01,010 --> 01:35:56,760

that our for our listeners appreciate

2378

01:36:03,410 --> 01:36:01,020

you do that you have come forward and uh

2379

01:36:04,910 --> 01:36:03,420

you know as the time goes on and things

2380

01:36:07,430 --> 01:36:04,920

happen maybe we'll have you come back

2381

01:36:08,930 --> 01:36:07,440

and give us an update Well we'd love to

2382

01:36:11,450 --> 01:36:08,940

do that because we're going to start the

2383

01:36:14,209 --> 01:36:11,460

investigation part of it so I'll

2384

01:36:16,010 --> 01:36:14,219

definitely keep you in the loop okay all

2385

01:36:18,110 --> 01:36:16,020

right well you have a good evening good

2386

01:36:20,689 --> 01:36:18,120

weekend and I'll talk to you to you soon

2387

01:36:24,850 --> 01:36:20,699

you take care all right good night good

2388

01:36:28,910 --> 01:36:27,410

now if you have a sighting or a counter

2389

01:36:30,709 --> 01:36:28,920

report that you would like to be

2390

01:36:34,010 --> 01:36:30,719

considered for the personal report show

2391

01:36:36,770 --> 01:36:34,020

are postal fans of monsters for my email

2392

01:36:39,770 --> 01:36:36,780

lawn sticker fans of monster.com

2393

01:36:42,530 --> 01:36:39,780

uh I want to again thank Carrie and Greg

2394

01:36:44,030 --> 01:36:42,540

for joining me this evening and thanks

2395

01:36:45,050 --> 01:36:44,040

to each and all you for watching and

2396

01:36:47,450 --> 01:36:45,060

chatting

2397

01:36:49,490 --> 01:36:47,460

it's truly appreciated your your support

2398

01:36:52,550 --> 01:36:49,500

is what makes it possible so please like

2399

01:36:55,850 --> 01:36:52,560

subscribe share and comment on on what

2400

01:36:57,050 --> 01:36:55,860

you you've heard tonight uh so next

2401

01:37:00,530 --> 01:36:57,060

Friday

2402

01:37:03,169 --> 01:37:00,540

psychic and medical intuitive Sue Walker

2403

01:37:05,390 --> 01:37:03,179

will again be joining us now this time

2404

01:37:08,510 --> 01:37:05,400

our discussion is going to center around

2405

01:37:10,189 --> 01:37:08,520

her encounters and work the Bigfoot so

2406

01:37:12,410 --> 01:37:10,199

this should be an interesting show so

2407

01:37:14,270 --> 01:37:12,420

make sure you join us so until next week

2408

01:37:24,140 --> 01:37:14,280

stay healthy and have a safe enjoyable
