

# PHANTOMS & MONSTERS

RADIO

## BERKS COUNTY, PA DOGMAN

MATT HIRYAK, TIMOTHY RENNER, &  
CHAD REDDING

A PHANTOMS & MONSTERS FORTEAN RESEARCH INVESTIGATION

FRIDAY, OCTOBER 21ST AT 9PM EASTERN / 6PM PACIFIC

1  
00:00:01,950 --> 00:00:11,950

[Music]

2  
00:00:18,590 --> 00:00:15,289

we live in a reality of phantoms and

3  
00:00:22,609 --> 00:00:18,600

monsters they exist Among Us and

4  
00:00:26,390 --> 00:00:22,619

sometimes they win even the devil was an

5  
00:00:29,290 --> 00:00:26,400

angel once the world has its own rules

6  
00:00:32,749 --> 00:00:29,300

and these rules are not human

7  
00:00:35,209 --> 00:00:32,759

some of us seek answers to the origin

8  
00:00:36,490 --> 00:00:35,219

and existence of Cryptids and The

9  
00:00:40,250 --> 00:00:36,500

Unexplained

10  
00:00:43,850 --> 00:00:40,260

join us as we venture beyond the known

11  
00:00:46,010 --> 00:00:43,860

and accepted boundaries Welcome to our

12  
00:00:50,740 --> 00:00:46,020

nightmare I think you're going to like

13  
00:01:02,810 --> 00:01:00,470

[Music]

14

00:01:04,729 --> 00:01:02,820

hey folks good evening and welcome to

15

00:01:06,950 --> 00:01:04,739

another episode of fans of monsters

16

00:01:08,270 --> 00:01:06,960

radio where we explore the streams and

17

00:01:11,210 --> 00:01:08,280

The Unexplained

18

00:01:13,370 --> 00:01:11,220

I am your host lawn stricter and thanks

19

00:01:16,250 --> 00:01:13,380

for joining us now

20

00:01:18,230 --> 00:01:16,260

if you enjoy our content then please

21

00:01:20,270 --> 00:01:18,240

subscribe like and share our

22

00:01:21,950 --> 00:01:20,280

presentations and please feel free to

23

00:01:22,609 --> 00:01:21,960

comment

24

00:01:24,950 --> 00:01:22,619

um

25

00:01:26,929 --> 00:01:24,960

we want to hear what you got to say and

26

00:01:30,289 --> 00:01:26,939

uh you know read what you have to say

27

00:01:32,350 --> 00:01:30,299

and uh we think that's important and the

28

00:01:34,910 --> 00:01:32,360

Super chat's Active during the show so

29

00:01:36,649 --> 00:01:34,920

uh please share your support for fans of

30

00:01:38,630 --> 00:01:36,659

monsters radio by clicking the dollar

31

00:01:40,910 --> 00:01:38,640

icon underneath the chat you can also

32

00:01:42,410 --> 00:01:40,920

support the channel by using the buy me

33

00:01:44,270 --> 00:01:42,420

a coffee link or Banner your

34

00:01:45,830 --> 00:01:44,280

consideration is much needed and

35

00:01:50,350 --> 00:01:45,840

appreciated

36

00:01:54,289 --> 00:01:50,360

so tonight I present dog man experiercer

37

00:01:56,330 --> 00:01:54,299

Matt hurryack and the fans of monster 4K

38

00:01:59,090 --> 00:01:56,340

research team member researcher and

39

00:02:04,130 --> 00:01:59,100

writer Timothy Renner now Matt's

40

00:02:07,330 --> 00:02:04,140

sighting happened on April 30th 2022 in

41

00:02:10,669 --> 00:02:07,340

Birdsboro Pennsylvania in the Birdsboro

42

00:02:14,089 --> 00:02:10,679

preserve now this area is just North of

43

00:02:15,830 --> 00:02:14,099

the French Creek State Park and the

44

00:02:20,089 --> 00:02:15,840

forest intercepted with one another

45

00:02:22,490 --> 00:02:20,099

there's roughly 15 to 20 square miles of

46

00:02:24,410 --> 00:02:22,500

dense natural Woodland in this area it's

47

00:02:26,630 --> 00:02:24,420

one of the largest Forest areas of

48

00:02:29,030 --> 00:02:26,640

Southeastern Pennsylvania

49

00:02:31,309 --> 00:02:29,040

Now Matt and his 12 year old daughter

50

00:02:34,490 --> 00:02:31,319

were fishing at Hay Creek

51  
00:02:36,949 --> 00:02:34,500  
when they observed a gruesome Cryptid

52  
00:02:38,089 --> 00:02:36,959  
canine in the trees across the Quarry

53  
00:02:40,910 --> 00:02:38,099  
from them

54  
00:02:43,430 --> 00:02:40,920  
Matt will describe in detail the

55  
00:02:45,410 --> 00:02:43,440  
incident which was a harrowing and

56  
00:02:48,710 --> 00:02:45,420  
life-changing event

57  
00:02:51,770 --> 00:02:48,720  
uh fans of monsters 14 Research team is

58  
00:02:55,009 --> 00:02:51,780  
actively investigating this incident

59  
00:03:01,430 --> 00:02:55,019  
so Matt and Tim thanks for coming on

60  
00:03:05,449 --> 00:03:03,470  
thanks for having me

61  
00:03:07,309 --> 00:03:05,459  
always good to be with you line okay

62  
00:03:08,150 --> 00:03:07,319  
thanks thanks Tim it's great to have you

63  
00:03:12,530 --> 00:03:08,160

on again

64

00:03:14,390 --> 00:03:12,540

so Matt how you doing good good yeah so

65

00:03:16,369 --> 00:03:14,400

uh well I guess I guess what we're going

66

00:03:18,170 --> 00:03:16,379

to do is just have you tell tell

67

00:03:21,350 --> 00:03:18,180

everybody from the beginning what

68

00:03:23,449 --> 00:03:21,360

happened okay uh I will be honest with

69

00:03:24,949 --> 00:03:23,459

you this is one of the craziest

70

00:03:27,770 --> 00:03:24,959

uh

71

00:03:29,630 --> 00:03:27,780

crypto keen on encounters savings that

72

00:03:31,430 --> 00:03:29,640

I've heard

73

00:03:33,229 --> 00:03:31,440

um and especially by the descriptions

74

00:03:34,550 --> 00:03:33,239

and then Vince is going to put up some

75

00:03:36,890 --> 00:03:34,560

of the uh

76

00:03:40,910 --> 00:03:36,900

some of the graphics and stuff in your

77

00:03:44,449 --> 00:03:40,920

schedule later on so

78

00:03:48,350 --> 00:03:44,459

uh so go ahead and tell us what happened

79

00:03:50,930 --> 00:03:48,360

okay so uh April 3rd

80

00:03:54,050 --> 00:03:50,940

30th my daughter wanted to go fishing

81

00:03:55,070 --> 00:03:54,060

and uh it was a beautiful spring spring

82

00:03:58,970 --> 00:03:55,080

day

83

00:04:01,369 --> 00:03:58,980

um and it had rained like two weeks in a

84

00:04:03,289 --> 00:04:01,379

row well the crooks were kind of high so

85

00:04:06,890 --> 00:04:03,299

I wanted to take her out she wanted to

86

00:04:08,149 --> 00:04:06,900

learn how to wait in semi-fast water so

87

00:04:10,190 --> 00:04:08,159

I was like all right well we'll go to

88

00:04:13,670 --> 00:04:10,200

Hay Creek because it's a it's a pretty

89

00:04:15,110 --> 00:04:13,680

safe Creek the water's not really

90

00:04:18,409 --> 00:04:15,120

um you know to

91

00:04:20,270 --> 00:04:18,419

violent and it's not too deep so um I

92

00:04:21,890 --> 00:04:20,280

was like okay you know let's let's grab

93

00:04:24,230 --> 00:04:21,900

the rise and we'll go up so we get up

94

00:04:28,610 --> 00:04:24,240

there that was around

95

00:04:31,610 --> 00:04:28,620

maybe 11 30 somewhere near and it's

96

00:04:33,830 --> 00:04:31,620

about it's about a 35 minute walk it's

97

00:04:37,370 --> 00:04:33,840

about a mile and a half up in there

98

00:04:40,730 --> 00:04:37,380

and um it's this is called Hay Creek

99

00:04:47,030 --> 00:04:40,740

Road which what was the old

100

00:04:50,090 --> 00:04:47,040

um route 82. so uh back in uh 80s 1986

101  
00:04:53,150 --> 00:04:50,100  
it was shut down when uh Andrew had come

102  
00:04:55,850 --> 00:04:53,160  
up through and uh knocked the bridge out

103  
00:04:58,969 --> 00:04:55,860  
so they just made it into a reserve so

104  
00:05:01,310 --> 00:04:58,979  
the old road was still there but it's

105  
00:05:02,749 --> 00:05:01,320  
never been uh you know repaired or

106  
00:05:06,050 --> 00:05:02,759  
whatever so

107  
00:05:07,909 --> 00:05:06,060  
we were up there's two quarries uh in

108  
00:05:10,070 --> 00:05:07,919  
The Preserve which

109  
00:05:12,230 --> 00:05:10,080  
um there's a big

110  
00:05:15,170 --> 00:05:12,240  
active Quarry and then there's an

111  
00:05:16,850 --> 00:05:15,180  
inactive card so we had crossed the hay

112  
00:05:22,189 --> 00:05:16,860  
Creek and we went up on the other side

113  
00:05:25,490 --> 00:05:22,199

uh we're maybe quarter mile past the um

114

00:05:28,070 --> 00:05:25,500

um Quarry and we settled in and we

115

00:05:29,870 --> 00:05:28,080

started fishing and uh just to give you

116

00:05:31,670 --> 00:05:29,880

a general picture everybody in their

117

00:05:33,590 --> 00:05:31,680

grandmother was Outdoors that day

118

00:05:35,930 --> 00:05:33,600

because you know it was a long winter it

119

00:05:38,270 --> 00:05:35,940

was damp and there's hikers there's

120

00:05:40,550 --> 00:05:38,280

mountain bikers there's people on horse

121

00:05:42,890 --> 00:05:40,560

horses that have a horse trail up there

122

00:05:45,290 --> 00:05:42,900

you know so a lot of people walking in

123

00:05:48,050 --> 00:05:45,300

and you know walking in and about around

124

00:05:49,870 --> 00:05:48,060

so we were fishing for maybe about an

125

00:05:54,469 --> 00:05:49,880

hour hour and a half

126

00:05:56,930 --> 00:05:54,479

and um all of a sudden I heard what

127

00:05:58,730 --> 00:05:56,940

sounded like a tree falling over now the

128

00:05:59,689 --> 00:05:58,740

Quarry was working till around two

129

00:06:02,689 --> 00:05:59,699

o'clock

130

00:06:06,469 --> 00:06:02,699

so this is probably about 12 30 ish now

131

00:06:09,050 --> 00:06:06,479

one o'clock and we were up there and uh

132

00:06:10,909 --> 00:06:09,060

it's it sounds like a treat you know

133

00:06:14,570 --> 00:06:10,919

they're falling over

134

00:06:16,550 --> 00:06:14,580

and uh but it keeps going it's like it's

135

00:06:19,150 --> 00:06:16,560

like something you know it's just

136

00:06:22,610 --> 00:06:19,160

repeating this sound goes on for about

137

00:06:24,350 --> 00:06:22,620

almost two minutes and I stand up you

138

00:06:26,390 --> 00:06:24,360

know I'm looking around I'm like man you

139

00:06:28,610 --> 00:06:26,400

know this is really odd and it's fairly

140

00:06:31,070 --> 00:06:28,620

close it's within you know a hundred

141

00:06:34,129 --> 00:06:31,080

hundred of self feed from us

142

00:06:35,930 --> 00:06:34,139

so um my daughter was in the Stream So

143

00:06:38,029 --> 00:06:35,940

she was fishing she couldn't really hear

144

00:06:40,430 --> 00:06:38,039

it because of the fast order

145

00:06:42,950 --> 00:06:40,440

so but it was loud I mean it sounded

146

00:06:45,170 --> 00:06:42,960

like a big dog of fur coming down you

147

00:06:47,450 --> 00:06:45,180

know over but it was unusual because

148

00:06:53,930 --> 00:06:47,460

there was no

149

00:06:57,830 --> 00:06:53,940

as far as this crashing sound

150

00:07:00,710 --> 00:06:57,840

so I was a bit like you know startled

151  
00:07:01,909 --> 00:07:00,720  
and I'm like okay whatever so I couldn't

152  
00:07:05,210 --> 00:07:01,919  
see nothing

153  
00:07:07,430 --> 00:07:05,220  
so I was like okay whatever and and you

154  
00:07:10,909 --> 00:07:07,440  
know we continue fishing

155  
00:07:12,469 --> 00:07:10,919  
so it was about an hour I don't know an

156  
00:07:14,150 --> 00:07:12,479  
hour and a half

157  
00:07:16,790 --> 00:07:14,160  
I hear it again

158  
00:07:18,590 --> 00:07:16,800  
now this time it's a little bit closer

159  
00:07:21,409 --> 00:07:18,600  
but it's a little bit longer than like

160  
00:07:23,809 --> 00:07:21,419  
it was about two and a half minutes

161  
00:07:25,189 --> 00:07:23,819  
and now you know I'm standing up I mean

162  
00:07:27,529 --> 00:07:25,199  
being in the woods being an avid

163  
00:07:30,529 --> 00:07:27,539

Outdoorsman all my life uh you know

164

00:07:33,529 --> 00:07:30,539

hunting fishing been in national parks

165

00:07:37,010 --> 00:07:33,539

they're all around State Forest national

166

00:07:40,610 --> 00:07:37,020

forests and and never never heard

167

00:07:42,950 --> 00:07:40,620

anything like this so I I was a bit you

168

00:07:44,990 --> 00:07:42,960

know concerned and puzzled as far as you

169

00:07:48,409 --> 00:07:45,000

know what this was

170

00:07:50,930 --> 00:07:48,419

so uh I was like all right again I

171

00:07:53,629 --> 00:07:50,940

couldn't see nothing I just hear you

172

00:07:55,969 --> 00:07:53,639

know like like a tornado in a tree I

173

00:07:58,249 --> 00:07:55,979

mean that's what it's sounded like it it

174

00:08:00,589 --> 00:07:58,259

did it sounded like a like a freight

175

00:08:02,990 --> 00:08:00,599

train coming through you know the horse

176

00:08:06,050 --> 00:08:03,000

but I don't see anything

177

00:08:08,390 --> 00:08:06,060

so I'm like okay whatever you know I'm

178

00:08:10,550 --> 00:08:08,400

like okay try to make sense of that

179

00:08:12,770 --> 00:08:10,560

so I said to my daughter I says well

180

00:08:16,010 --> 00:08:12,780

let's go down and we'll try some comma

181

00:08:17,870 --> 00:08:16,020

water and we'll uh we'll see the stream

182

00:08:22,550 --> 00:08:17,880

kind of widens out and you know it's

183

00:08:25,730 --> 00:08:22,560

nice clear so we start walking down and

184

00:08:28,490 --> 00:08:25,740

um we get into this spot it's maybe 45

185

00:08:30,950 --> 00:08:28,500

minutes later you know we've been there

186

00:08:34,130 --> 00:08:30,960

at least a half hour 40 minutes later

187

00:08:38,029 --> 00:08:34,140

and I hear it again now this time it's

188

00:08:39,889 --> 00:08:38,039

even closer so now I'm I'm like what the

189

00:08:44,870 --> 00:08:39,899

crap is going on

190

00:08:47,750 --> 00:08:44,880

so you know I can't see anything when I

191

00:08:50,269 --> 00:08:47,760

hear this it sounds like a 747 crashing

192

00:08:52,250 --> 00:08:50,279

through the forest I'm like what you

193

00:08:53,090 --> 00:08:52,260

know something's totally out of whack

194

00:08:56,570 --> 00:08:53,100

here

195

00:08:58,310 --> 00:08:56,580

so at this point I'm I'm very alarmed

196

00:09:01,130 --> 00:08:58,320

because I'm like okay you know I've

197

00:09:02,269 --> 00:09:01,140

never experienced anything like this

198

00:09:04,970 --> 00:09:02,279

um ever

199

00:09:07,430 --> 00:09:04,980

um and it's it it's

200

00:09:08,810 --> 00:09:07,440

it's just you know repeating every so

201  
00:09:12,050 --> 00:09:08,820  
many

202  
00:09:13,250 --> 00:09:12,060  
hours or whatever and yet I can't see

203  
00:09:16,310 --> 00:09:13,260  
nothing

204  
00:09:18,290 --> 00:09:16,320  
so I said to my daughter I says okay I

205  
00:09:20,570 --> 00:09:18,300  
said let's go down and we'll cross the

206  
00:09:24,290 --> 00:09:20,580  
street and we'll go down on the main

207  
00:09:27,050 --> 00:09:24,300  
part of the old road and we'll um

208  
00:09:29,150 --> 00:09:27,060  
we'll fish down there and it's closer

209  
00:09:31,370 --> 00:09:29,160  
down towards the the park where there's

210  
00:09:33,170 --> 00:09:31,380  
more people whatever and I wasn't even

211  
00:09:34,430 --> 00:09:33,180  
scared I mean you know I thought okay

212  
00:09:36,650 --> 00:09:34,440  
maybe

213  
00:09:39,350 --> 00:09:36,660

you know it was early spring I thought

214

00:09:42,290 --> 00:09:39,360

okay maybe a bear was down in there or

215

00:09:45,470 --> 00:09:42,300

you know something like that or

216

00:09:47,509 --> 00:09:45,480

um but that particular last time uh we

217

00:09:50,150 --> 00:09:47,519

were right near the Horse Trail now the

218

00:09:51,290 --> 00:09:50,160

horse trail is about 30 feet above us on

219

00:09:53,090 --> 00:09:51,300

the stream level

220

00:09:55,970 --> 00:09:53,100

but there were horses that were coming

221

00:09:59,750 --> 00:09:55,980

up and when the sound

222

00:10:01,490 --> 00:09:59,760

hit or started it kind of rattled the

223

00:10:02,509 --> 00:10:01,500

one horse that the horse kind of like

224

00:10:06,530 --> 00:10:02,519

you know

225

00:10:08,630 --> 00:10:06,540

historical and uh so I I noticed that

226

00:10:10,910 --> 00:10:08,640

and uh but like I said you know it stood

227

00:10:13,190 --> 00:10:10,920

up again and this is to my back from the

228

00:10:16,009 --> 00:10:13,200

Stream So This is now the third time

229

00:10:17,690 --> 00:10:16,019

that that I've heard this and I can't

230

00:10:21,290 --> 00:10:17,700

see anything

231

00:10:23,870 --> 00:10:21,300

so we start coming down

232

00:10:25,910 --> 00:10:23,880

um to the lower end of the big Quarry

233

00:10:29,870 --> 00:10:25,920

would be the southern end of it and

234

00:10:32,870 --> 00:10:29,880

we're traveling north and the stream is

235

00:10:35,810 --> 00:10:32,880

probably about 40 foot wide

236

00:10:39,650 --> 00:10:35,820

roughly there and it's

237

00:10:41,269 --> 00:10:39,660

it's really high you know it's up to my

238

00:10:43,850 --> 00:10:41,279

knees so someone has stuck to my

239

00:10:47,150 --> 00:10:43,860

daughter's waist and I was just 12. so

240

00:10:50,210 --> 00:10:47,160

as we start across the stream all hell

241

00:10:54,170 --> 00:10:50,220

breaks loose like right above us now

242

00:10:56,150 --> 00:10:54,180

we're about 20 feet down in the correct

243

00:10:58,670 --> 00:10:56,160

level to get up to the bridge it's about

244

00:11:01,730 --> 00:10:58,680

10 feet and then you go up this little

245

00:11:03,889 --> 00:11:01,740

embankment up to the thing

246

00:11:07,009 --> 00:11:03,899

are up to the grow level

247

00:11:08,949 --> 00:11:07,019

and keep in mind there's no leaves on

248

00:11:12,949 --> 00:11:08,959

the trees they're just starting to buy

249

00:11:15,470 --> 00:11:12,959

and uh so you know I can see pretty far

250

00:11:18,590 --> 00:11:15,480

you know through the canopy like this

251  
00:11:23,090 --> 00:11:18,600  
whole time and yet I see nothing

252  
00:11:25,130 --> 00:11:23,100  
so it takes us about 45 seconds

253  
00:11:26,449 --> 00:11:25,140  
um you know maybe a minute to get across

254  
00:11:28,670 --> 00:11:26,459  
the Stream

255  
00:11:31,009 --> 00:11:28,680  
I'm going first I have I'm holding her

256  
00:11:32,630 --> 00:11:31,019  
by her hand and

257  
00:11:35,329 --> 00:11:32,640  
um

258  
00:11:38,990 --> 00:11:35,339  
all of a sudden you know it's really

259  
00:11:41,449 --> 00:11:39,000  
close now and as I come up the

260  
00:11:43,430 --> 00:11:41,459  
embankment it's like a little burn so

261  
00:11:44,569 --> 00:11:43,440  
it's probably about a six foot thing and

262  
00:11:46,550 --> 00:11:44,579  
it's kind of

263  
00:11:48,889 --> 00:11:46,560

you have to like go up and then you have

264

00:11:51,710 --> 00:11:48,899

to go to earn 90 degrees and then get up

265

00:11:54,170 --> 00:11:51,720

on the road level so I get up first and

266

00:11:56,569 --> 00:11:54,180

I had rod and stuff uh

267

00:11:58,850 --> 00:11:56,579

I just look back because now now it

268

00:12:01,250 --> 00:11:58,860

seems really close to me so I kind of

269

00:12:03,650 --> 00:12:01,260

flinched and looked back and as I'm

270

00:12:05,090 --> 00:12:03,660

looking back as I have my daughter's arm

271

00:12:09,470 --> 00:12:05,100

to help her up

272

00:12:13,490 --> 00:12:09,480

I see moving out of my peripheral living

273

00:12:16,069 --> 00:12:13,500

so I turned back and I look and I'm on

274

00:12:17,990 --> 00:12:16,079

startled but I can't see none you know I

275

00:12:19,730 --> 00:12:18,000

saw the salad out of my peripheral

276

00:12:21,410 --> 00:12:19,740

vision so I'm looking

277

00:12:24,889 --> 00:12:21,420

and I'm looking on the side of the

278

00:12:26,150 --> 00:12:24,899

quarrel this is about 150 maybe 200 feet

279

00:12:29,449 --> 00:12:26,160

Max

280

00:12:33,350 --> 00:12:29,459

so all of a sudden I'm focusing in on

281

00:12:36,350 --> 00:12:33,360

you know the direction the sound and I

282

00:12:38,810 --> 00:12:36,360

see this pine tree it's going back and

283

00:12:41,569 --> 00:12:38,820

forth like this this is a 40-foot pine

284

00:12:43,069 --> 00:12:41,579

tree it's all the way up at the very tip

285

00:12:45,470 --> 00:12:43,079

of the pine tree and I said to my

286

00:12:50,269 --> 00:12:45,480

daughter I said what the heck is that

287

00:12:52,790 --> 00:12:50,279

you know up in the tree I said look so

288

00:12:56,090 --> 00:12:52,800

this thing swam back and forth probably

289

00:12:58,250 --> 00:12:56,100

at least three to five feet you know and

290

00:13:01,970 --> 00:12:58,260

branches are breaking stuff's flying out

291

00:13:04,370 --> 00:13:01,980

I'm like what is going on so first I

292

00:13:06,470 --> 00:13:04,380

thought okay maybe maybe an eagle you

293

00:13:08,509 --> 00:13:06,480

know God got a bird or something or you

294

00:13:11,509 --> 00:13:08,519

know it was some Predator was up in

295

00:13:14,269 --> 00:13:11,519

there whatever all of a sudden

296

00:13:15,590 --> 00:13:14,279

I see this black thing fly out of the

297

00:13:19,970 --> 00:13:15,600

tree

298

00:13:21,889 --> 00:13:19,980

and I seen R come up and it knocked it

299

00:13:22,670 --> 00:13:21,899

down it didn't grab it but it knocked it

300

00:13:24,350 --> 00:13:22,680

down

301  
00:13:31,009 --> 00:13:24,360  
and

302  
00:13:34,009 --> 00:13:31,019  
creature jumps from One Tree to another

303  
00:13:36,710 --> 00:13:34,019  
now I I think it was an oak tree it was

304  
00:13:39,769 --> 00:13:36,720  
you know I had a big canopy on them

305  
00:13:42,650 --> 00:13:39,779  
and I was just in total disbelief

306  
00:13:46,250 --> 00:13:42,660  
because when the string jumped this is

307  
00:13:49,310 --> 00:13:46,260  
probably a good six to eight feet maybe

308  
00:13:50,690 --> 00:13:49,320  
even more from that tree onto the other

309  
00:13:54,410 --> 00:13:50,700  
tree

310  
00:13:58,370 --> 00:13:54,420  
so it kind of goes like down in the

311  
00:14:01,670 --> 00:13:58,380  
camera people then it starts climbing on

312  
00:14:04,970 --> 00:14:01,680  
the outside of the canopy almost like

313  
00:14:07,670 --> 00:14:04,980

it's sort of like a defined physics you

314

00:14:10,610 --> 00:14:07,680

know and and imagine you know you're

315

00:14:11,870 --> 00:14:10,620

seeing this and you're like okay bare

316

00:14:14,750 --> 00:14:11,880

Mountain line you know it doesn't

317

00:14:16,129 --> 00:14:14,760

compute doesn't confuse your brains you

318

00:14:18,650 --> 00:14:16,139

know trying to figure this out this is

319

00:14:20,410 --> 00:14:18,660

all within you know 10 15 seconds of

320

00:14:24,050 --> 00:14:20,420

what you're trying to see

321

00:14:26,389 --> 00:14:24,060

so this thing gets up on top of the

322

00:14:29,090 --> 00:14:26,399

canopy it struggles to get up top but

323

00:14:32,090 --> 00:14:29,100

it's on the top and it's like pivoting

324

00:14:35,030 --> 00:14:32,100

almost like a spider like on a web and

325

00:14:36,829 --> 00:14:35,040

all of a sudden Scene goes down in to

326

00:14:39,769 --> 00:14:36,839

the canopy

327

00:14:42,170 --> 00:14:39,779

so I'm like what the heck I'm you know

328

00:14:44,449 --> 00:14:42,180

what are we what are we watching here

329

00:14:46,430 --> 00:14:44,459

you know what are we seeing

330

00:14:48,110 --> 00:14:46,440

um it just didn't compute

331

00:14:51,650 --> 00:14:48,120

so

332

00:14:54,110 --> 00:14:51,660

it's in the tree now keep in mind you

333

00:14:55,670 --> 00:14:54,120

can see in inside the canopy because the

334

00:14:57,350 --> 00:14:55,680

leaves aren't completely wrong and

335

00:14:59,350 --> 00:14:57,360

branches are breaking and I'm not just

336

00:15:03,050 --> 00:14:59,360

talking like little branches I'm talking

337

00:15:05,689 --> 00:15:03,060

I need one inch round

338

00:15:08,689 --> 00:15:05,699

um you know Branch big big limbs are

339

00:15:10,910 --> 00:15:08,699

just being thrown you know like like

340

00:15:13,970 --> 00:15:10,920

twins out of the string it's like a

341

00:15:16,189 --> 00:15:13,980

tornado in the tree and I'm like whoa

342

00:15:17,389 --> 00:15:16,199

you know what is going on all of a

343

00:15:20,329 --> 00:15:17,399

sudden

344

00:15:22,310 --> 00:15:20,339

this thing jumps now keep in mind I'm

345

00:15:25,910 --> 00:15:22,320

gonna put this in perspective for you

346

00:15:27,590 --> 00:15:25,920

the trees are 40 foot high at least

347

00:15:29,629 --> 00:15:27,600

um and I didn't get back up there to get

348

00:15:32,329 --> 00:15:29,639

pictures of it

349

00:15:34,189 --> 00:15:32,339

um yeah but I will and we can do another

350

00:15:35,509 --> 00:15:34,199

thing on that later but

351  
00:15:37,670 --> 00:15:35,519  
um

352  
00:15:40,009 --> 00:15:37,680  
on the Quarry side of the wall this is

353  
00:15:42,350 --> 00:15:40,019  
well on the edge of the Quarry so trees

354  
00:15:43,850 --> 00:15:42,360  
are 44 High to the ground you know on

355  
00:15:46,970 --> 00:15:43,860  
the side of the party this is right on

356  
00:15:51,650 --> 00:15:46,980  
the top of the of the bridge then

357  
00:15:55,069 --> 00:15:51,660  
there's like a 15 to 20 foot incline of

358  
00:15:57,650 --> 00:15:55,079  
rock that's almost a 60 degree angle

359  
00:15:59,569 --> 00:15:57,660  
because when this thing jumps out

360  
00:16:02,090 --> 00:15:59,579  
it jumps

361  
00:16:04,910 --> 00:16:02,100  
probably six to eight feet out of the

362  
00:16:06,829 --> 00:16:04,920  
tree like in length you know sideways

363  
00:16:11,269 --> 00:16:06,839

and falls

364

00:16:14,269 --> 00:16:11,279

60 feet boom onto this rock face now

365

00:16:17,030 --> 00:16:14,279

this rock face is 60 degrees when it

366

00:16:19,970 --> 00:16:17,040

hits I'll never forget the impact

367

00:16:21,410 --> 00:16:19,980

because the Rocks started you know I

368

00:16:23,750 --> 00:16:21,420

mean it hit hard

369

00:16:27,350 --> 00:16:23,760

but when it landed it landed like almost

370

00:16:30,829 --> 00:16:27,360

like on all fours uh almost like a frog

371

00:16:33,410 --> 00:16:30,839

you know in the land it landed on all

372

00:16:36,290 --> 00:16:33,420

fours like together and I'm thinking

373

00:16:38,449 --> 00:16:36,300

holy crap this thing's dead I mean this

374

00:16:41,090 --> 00:16:38,459

thing to spell the equivalent of about

375

00:16:43,629 --> 00:16:41,100

60 feet at least

376

00:16:45,889 --> 00:16:43,639

and it's laying there now when it fell

377

00:16:49,310 --> 00:16:45,899

it landed

378

00:16:51,889 --> 00:16:49,320

with its back towards us on like I'd say

379

00:16:55,610 --> 00:16:51,899

almost like a 45 degree not quite a 45

380

00:16:57,410 --> 00:16:55,620

but I'd say about 2 30 and 40 degrees I

381

00:16:59,810 --> 00:16:57,420

can see it's back

382

00:17:03,470 --> 00:16:59,820

I can see its hind legs

383

00:17:07,730 --> 00:17:03,480

I can see its head now it's fall from

384

00:17:10,909 --> 00:17:07,740

the shores up okay this thing's laying

385

00:17:15,770 --> 00:17:10,919

there yeah that's my uh rendition of

386

00:17:18,949 --> 00:17:15,780

what I saw so this thing stands up after

387

00:17:24,230 --> 00:17:18,959

about I don't know maybe

388

00:17:26,689 --> 00:17:24,240

takes the 12 seconds and it it stands up

389

00:17:29,570 --> 00:17:26,699

and it rears itself you know like it's

390

00:17:31,010 --> 00:17:29,580

shaking itself off like you know that

391

00:17:33,950 --> 00:17:31,020

wasn't fun or whatever like it was

392

00:17:37,250 --> 00:17:33,960

stretching so I'm like holy crap this

393

00:17:39,110 --> 00:17:37,260

thing now is on two legs and it's

394

00:17:40,390 --> 00:17:39,120

massive

395

00:17:44,630 --> 00:17:40,400

from

396

00:17:48,490 --> 00:17:44,640

the heel to the hip it's at least seven

397

00:17:52,970 --> 00:17:48,500

foot okay we told me I'm six one

398

00:17:55,450 --> 00:17:52,980

from the hip to the shoulder is another

399

00:18:00,350 --> 00:17:55,460

three to four feet

400

00:18:04,070 --> 00:18:00,360

shoulder to heel tension easy you know

401  
00:18:05,810 --> 00:18:04,080  
not even trying and it's just sit or

402  
00:18:08,390 --> 00:18:05,820  
standing there

403  
00:18:09,770 --> 00:18:08,400  
uh in a bipedal position

404  
00:18:12,409 --> 00:18:09,780  
and

405  
00:18:13,669 --> 00:18:12,419  
all of a sudden it goes down on all

406  
00:18:17,570 --> 00:18:13,679  
fours

407  
00:18:20,630 --> 00:18:17,580  
and it jumps like a frog this thing

408  
00:18:23,750 --> 00:18:20,640  
jumps at least 20 foot not even trying

409  
00:18:26,990 --> 00:18:23,760  
by at least six to eight foot high

410  
00:18:30,890 --> 00:18:27,000  
and lands on its front on its front arms

411  
00:18:34,010 --> 00:18:30,900  
now when it stands up

412  
00:18:37,010 --> 00:18:34,020  
um now well before it stood up

413  
00:18:38,990 --> 00:18:37,020

it uh now remember this is on a 60

414

00:18:42,230 --> 00:18:39,000

degree incline that it's on this rock

415

00:18:45,590 --> 00:18:42,240

face and it's running almost parallel to

416

00:18:47,150 --> 00:18:45,600

me and my daughter to the left we saw

417

00:18:48,049 --> 00:18:47,160

her on the right hand side and as it

418

00:18:50,690 --> 00:18:48,059

fell

419

00:18:53,750 --> 00:18:50,700

it will you know I'm seeing the back of

420

00:18:55,850 --> 00:18:53,760

it the whole time no tail it looks like

421

00:18:57,770 --> 00:18:55,860

a gorilla or you know almost like a

422

00:19:01,970 --> 00:18:57,780

Sasquatch or Sabe whatever you call

423

00:19:04,010 --> 00:19:01,980

Bigfoot but it's got human-like hands

424

00:19:05,090 --> 00:19:04,020

I'll never forget the hands on it

425

00:19:07,669 --> 00:19:05,100

because

426

00:19:10,850 --> 00:19:07,679

when it landed on all fours now this

427

00:19:13,850 --> 00:19:10,860

thing had a bird under its arm and it

428

00:19:16,549 --> 00:19:13,860

also had a bird that it was holding so

429

00:19:19,370 --> 00:19:16,559

when it landed on all fours the one bird

430

00:19:21,230 --> 00:19:19,380

in its left hand fell out and was

431

00:19:25,130 --> 00:19:21,240

rolling down

432

00:19:27,830 --> 00:19:25,140

the 60 degree incline rock face

433

00:19:30,890 --> 00:19:27,840

so I'm like

434

00:19:33,169 --> 00:19:30,900

holy crap you know I'm totally frozen I

435

00:19:37,669 --> 00:19:33,179

don't know what this thing is

436

00:19:40,370 --> 00:19:37,679

so it reaches out with its left hand and

437

00:19:43,130 --> 00:19:40,380

it turns its head to the side

438

00:19:44,510 --> 00:19:43,140

so now I have a full side view of the

439

00:19:48,650 --> 00:19:44,520

head

440

00:19:49,669 --> 00:19:48,660

and I'm like whoa it's got a human-like

441

00:19:54,950 --> 00:19:49,679

head

442

00:19:58,490 --> 00:19:54,960

but it has like a canine upper jaw the

443

00:20:01,370 --> 00:19:58,500

lower jaw was like a human's but

444

00:20:04,430 --> 00:20:01,380

um the upper jaw looked like more like a

445

00:20:07,970 --> 00:20:04,440

hyena not a full grown snout like a bear

446

00:20:12,350 --> 00:20:07,980

has or a um

447

00:20:15,230 --> 00:20:12,360

um a dog but almost like in between like

448

00:20:17,750 --> 00:20:15,240

a you know a hyena has a shorter

449

00:20:20,690 --> 00:20:17,760

pure jaw

450

00:20:21,470 --> 00:20:20,700

so it's got canine friends they're at

451  
00:20:25,490 --> 00:20:21,480  
least

452  
00:20:26,990 --> 00:20:25,500  
I'd say three to five inches in length I

453  
00:20:28,690 --> 00:20:27,000  
mean this thing looked like a werewolf

454  
00:20:31,190 --> 00:20:28,700  
right out of Harry Potter

455  
00:20:35,210 --> 00:20:31,200  
excuse me so

456  
00:20:38,090 --> 00:20:35,220  
um so I'm just in total disbelief that

457  
00:20:40,070 --> 00:20:38,100  
stands up again by purely after it grabs

458  
00:20:41,450 --> 00:20:40,080  
you know the uh

459  
00:20:45,169 --> 00:20:41,460  
this bird

460  
00:20:48,470 --> 00:20:45,179  
and it stands there and it looks around

461  
00:20:51,490 --> 00:20:48,480  
never turning around towards me we never

462  
00:20:54,470 --> 00:20:51,500  
saw us and this thing starts running

463  
00:20:56,630 --> 00:20:54,480

like it's like an Olympic tracker arm

464

00:21:00,470 --> 00:20:56,640

running over hurdles

465

00:21:02,270 --> 00:21:00,480

and each stride is at least 15 feet

466

00:21:05,750 --> 00:21:02,280

not even trying

467

00:21:09,230 --> 00:21:05,760

and it covered probably 200 yards in a

468

00:21:12,350 --> 00:21:09,240

matter of seconds and then disappeared

469

00:21:15,110 --> 00:21:12,360

into the brush so it's it's it's running

470

00:21:18,130 --> 00:21:15,120

on almost 90 degrees not quite I'd say

471

00:21:21,529 --> 00:21:18,140

more like a 75 degree angle away songs

472

00:21:22,730 --> 00:21:21,539

and then crashes in through the uh the

473

00:21:25,610 --> 00:21:22,740

woods

474

00:21:28,850 --> 00:21:25,620

and I'm like holy crap what did I just

475

00:21:31,310 --> 00:21:28,860

witness you you know I I'm in total

476

00:21:35,210 --> 00:21:31,320

I mean total disbelief I mean the total

477

00:21:37,789 --> 00:21:35,220

stays shocked and I'm like okay

478

00:21:38,750 --> 00:21:37,799

um does not compute and for the first

479

00:21:41,990 --> 00:21:38,760

time

480

00:21:44,029 --> 00:21:42,000

in my entire life I had I don't know if

481

00:21:45,590 --> 00:21:44,039

it was a panic attack or an anxiety

482

00:21:48,710 --> 00:21:45,600

attack whatever

483

00:21:51,470 --> 00:21:48,720

I I started like shaking I'm like well

484

00:21:54,169 --> 00:21:51,480

dude you know what what was this you

485

00:21:56,690 --> 00:21:54,179

know what what's going on here this just

486

00:22:00,110 --> 00:21:56,700

defied everything I know about

487

00:22:02,810 --> 00:22:00,120

Wilderness you know nature I'm like this

488

00:22:05,630 --> 00:22:02,820

thing should not exist and I just saw

489

00:22:09,049 --> 00:22:05,640

this thing and my daughter's like that

490

00:22:12,350 --> 00:22:09,059

you know what what was that and I said I

491

00:22:15,470 --> 00:22:12,360

have no idea not a loss of words

492

00:22:17,510 --> 00:22:15,480

and she goes that was no bear she's she

493

00:22:19,490 --> 00:22:17,520

said I don't know what that was

494

00:22:21,529 --> 00:22:19,500

so

495

00:22:23,270 --> 00:22:21,539

I'm standing there for like two minutes

496

00:22:26,090 --> 00:22:23,280

just trying to get my conversion

497

00:22:27,590 --> 00:22:26,100

together you know to figure out what the

498

00:22:30,470 --> 00:22:27,600

happiest thing is

499

00:22:35,090 --> 00:22:30,480

and I've come to the realization now

500

00:22:37,310 --> 00:22:35,100

that I gotta go the exact same way this

501  
00:22:39,649 --> 00:22:37,320  
thing ran because I got to get back to

502  
00:22:41,390 --> 00:22:39,659  
my truck which is probably three

503  
00:22:44,810 --> 00:22:41,400  
quarters of a mile

504  
00:22:46,070 --> 00:22:44,820  
down down now you know well it could

505  
00:22:49,610 --> 00:22:46,080  
grow there

506  
00:22:51,770 --> 00:22:49,620  
so the whole time I'm thinking all right

507  
00:22:54,409 --> 00:22:51,780  
this thing is violent I mean this thing

508  
00:22:56,630 --> 00:22:54,419  
was not funny this thing ripped them

509  
00:22:59,090 --> 00:22:56,640  
trees apart and I'm I'm not talking

510  
00:23:01,850 --> 00:22:59,100  
small little trees I mean these things

511  
00:23:05,450 --> 00:23:01,860  
breaking the lens at least a few inches

512  
00:23:09,230 --> 00:23:05,460  
in diameter snapping them off and you

513  
00:23:11,990 --> 00:23:09,240

know throwing you know just thrown the

514

00:23:14,690 --> 00:23:12,000

hands I I'll give you Dimensions as far

515

00:23:19,850 --> 00:23:14,700

as the arms the arms were just as long

516

00:23:21,300 --> 00:23:19,860

as the legs if not long the hands um I

517

00:23:23,029 --> 00:23:21,310

would say almost

518

00:23:25,549 --> 00:23:23,039

[Music]

519

00:23:29,289 --> 00:23:25,559

I'm thinking probably

520

00:23:32,450 --> 00:23:29,299

at least two foot you know

521

00:23:35,090 --> 00:23:32,460

uh from Palm to

522

00:23:39,529 --> 00:23:35,100

the fingertips and I had three inch

523

00:23:41,390 --> 00:23:39,539

claws you know at least the feet

524

00:23:43,970 --> 00:23:41,400

um like I said when this thing first

525

00:23:46,430 --> 00:23:43,980

fell out of the tree

526

00:23:49,190 --> 00:23:46,440

um that's a pretty good uh rendition of

527

00:23:49,990 --> 00:23:49,200

the hands on it uh it was about that

528

00:23:52,850 --> 00:23:50,000

long

529

00:23:55,250 --> 00:23:52,860

uh the thing that struck me though was

530

00:23:57,770 --> 00:23:55,260

how skinny this thing was

531

00:23:59,930 --> 00:23:57,780

um and when I came home I wrote all

532

00:24:03,169 --> 00:23:59,940

kinds of detailed notes down so I would

533

00:24:07,310 --> 00:24:03,179

so I wouldn't forget it and it was

534

00:24:09,950 --> 00:24:07,320

almost like it was anorexic or oriented

535

00:24:14,810 --> 00:24:09,960

being in hibernation

536

00:24:17,149 --> 00:24:14,820

um the head was completely bald from

537

00:24:20,149 --> 00:24:17,159

from the shoulders up

538

00:24:21,409 --> 00:24:20,159

uh the skin was like a light gray I

539

00:24:25,669 --> 00:24:21,419

don't know if you've ever seen Lord of

540

00:24:28,990 --> 00:24:25,679

the Rings uh the Orcs the exact same

541

00:24:32,630 --> 00:24:29,000

color skin I'll never forget that skin

542

00:24:35,090 --> 00:24:32,640

and the weird thing was was it had

543

00:24:38,750 --> 00:24:35,100

the placement of the years was not like

544

00:24:40,490 --> 00:24:38,760

a canine or like a regular dog man uh to

545

00:24:43,310 --> 00:24:40,500

where they would you know it was on top

546

00:24:46,010 --> 00:24:43,320

of the head this was exactly where a

547

00:24:48,070 --> 00:24:46,020

seniors here would be but they were

548

00:24:49,850 --> 00:24:48,080

pointed almost like an elephant

549

00:24:52,490 --> 00:24:49,860

narrowing through

550

00:24:55,970 --> 00:24:52,500

and uh yeah I mean it's just totally

551  
00:24:58,909 --> 00:24:55,980  
insane I mean let me ask let me ask let

552  
00:25:01,430 --> 00:24:58,919  
me ask uh Tim Tim have we ever have you

553  
00:25:03,669 --> 00:25:01,440  
ever heard anything like this before

554  
00:25:06,590 --> 00:25:03,679  
I I mean

555  
00:25:08,930 --> 00:25:06,600  
not exactly like this for sure like this

556  
00:25:11,470 --> 00:25:08,940  
is this is combining a lot of really

557  
00:25:14,570 --> 00:25:11,480  
interesting things like so it's

558  
00:25:15,409 --> 00:25:14,580  
massively picture right there massively

559  
00:25:17,149 --> 00:25:15,419  
tall

560  
00:25:20,810 --> 00:25:17,159  
yeah

561  
00:25:22,850 --> 00:25:20,820  
you know like this so you know I guess

562  
00:25:26,570 --> 00:25:22,860  
with the head you're talking

563  
00:25:31,070 --> 00:25:26,580

what 12 feet something yeah oh yeah 10

564

00:25:35,510 --> 00:25:31,080

10 12 feet that that is almost that is

565

00:25:39,110 --> 00:25:35,520

very close wow uh yes that that right

566

00:25:41,450 --> 00:25:39,120

there is almost perfect same skin color

567

00:25:44,750 --> 00:25:41,460

the only thing that was different was

568

00:25:46,789 --> 00:25:44,760

the lower jaw was

569

00:25:49,789 --> 00:25:46,799

um a little shorter almost like a

570

00:25:53,149 --> 00:25:49,799

human's it didn't have lower fangs but it

571

00:25:55,610 --> 00:25:53,159

had canine fangs on the top

572

00:25:58,730 --> 00:25:55,620

um you know like that but the the nose

573

00:26:01,970 --> 00:25:58,740

wasn't it was lower it was a little bit

574

00:26:04,549 --> 00:26:01,980

lower almost to like I would say just

575

00:26:07,789 --> 00:26:04,559

above above it's like clock out there

576

00:26:13,789 --> 00:26:07,799

but very I mean that's that's 90 right

577

00:26:15,769 --> 00:26:13,799

there wow these yeah so here no hair on

578

00:26:19,310 --> 00:26:15,779

the thread but hair on his body

579

00:26:21,890 --> 00:26:19,320

uh yes it had it had hair

580

00:26:26,029 --> 00:26:21,900

um it was like uh I wouldn't say it was

581

00:26:28,789 --> 00:26:26,039

fur it almost reminded me of

582

00:26:30,909 --> 00:26:28,799

um a winter coat on a horse you know how

583

00:26:34,430 --> 00:26:30,919

they get like that shaggier

584

00:26:37,549 --> 00:26:34,440

uh almost like a wool type thing it was

585

00:26:39,769 --> 00:26:37,559

like that now it had this thing was

586

00:26:42,169 --> 00:26:39,779

older uh it was an older Animal I could

587

00:26:44,690 --> 00:26:42,179

tell because it had gray on the

588

00:26:47,930 --> 00:26:44,700

shoulders and just on the back of its

589

00:26:52,510 --> 00:26:47,940

neck but you know so I'm probably here

590

00:26:56,990 --> 00:26:54,950

or your uh

591

00:26:59,149 --> 00:26:57,000

whatever this is called here muscle wise

592

00:27:02,570 --> 00:26:59,159

it was bald

593

00:27:04,070 --> 00:27:02,580

um but it had black it had black fur and

594

00:27:06,230 --> 00:27:04,080

then it had

595

00:27:09,470 --> 00:27:06,240

um it had like brown spots and silver

596

00:27:11,510 --> 00:27:09,480

spots like the elbows were like a

597

00:27:12,409 --> 00:27:11,520

silverish color

598

00:27:15,590 --> 00:27:12,419

um

599

00:27:18,409 --> 00:27:15,600

and uh it didn't have markings

600

00:27:20,750 --> 00:27:18,419

um I messed up when I drew my drawing I

601  
00:27:23,450 --> 00:27:20,760  
was using a marker for muscle uh

602  
00:27:26,630 --> 00:27:23,460  
definition so the the black marks were

603  
00:27:29,149 --> 00:27:26,640  
muscle tone the arms were really skinny

604  
00:27:31,250 --> 00:27:29,159  
the forearms were kind of developed

605  
00:27:34,730 --> 00:27:31,260  
though uh you know

606  
00:27:37,610 --> 00:27:34,740  
um more muscular there you go um

607  
00:27:40,310 --> 00:27:37,620  
uh the arms are pretty accurate and then

608  
00:27:41,269 --> 00:27:40,320  
it had really wide lats and shoulders

609  
00:27:43,909 --> 00:27:41,279  
but

610  
00:27:46,190 --> 00:27:43,919  
again this thing was really skinny it

611  
00:27:50,149 --> 00:27:46,200  
was like sickly you know

612  
00:27:53,810 --> 00:27:50,159  
um but I mean the way the thing moved

613  
00:27:57,289 --> 00:27:53,820

um it moved like a praying mantis with a

614

00:28:01,010 --> 00:27:57,299

cheetah with an ape you know uh it was

615

00:28:03,830 --> 00:28:01,020

spectacular to see this thing move and I

616

00:28:05,870 --> 00:28:03,840

mean imagine you know imagine seeing

617

00:28:10,390 --> 00:28:05,880

this happen in front of you this thing

618

00:28:15,470 --> 00:28:13,250

when it landed did you hear it hit oh my

619

00:28:18,049 --> 00:28:15,480

God yeah I'll never forget that sound I

620

00:28:20,930 --> 00:28:18,059

mean it was just a food and rocks

621

00:28:23,210 --> 00:28:20,940

started tumbling down but you know I

622

00:28:25,370 --> 00:28:23,220

said to myself I was like any normal

623

00:28:28,789 --> 00:28:25,380

creature this thing would be dead right

624

00:28:31,370 --> 00:28:28,799

I mean he was laying flat and I thought

625

00:28:34,610 --> 00:28:31,380

holy crap this thing's dead and the

626  
00:28:37,370 --> 00:28:34,620  
thing got up after about you know 9 to

627  
00:28:40,970 --> 00:28:37,380  
12 seconds and I'm like holy crap you

628  
00:28:44,390 --> 00:28:40,980  
know what what is this so you know

629  
00:28:48,669 --> 00:28:44,400  
it took me two minutes just to get my

630  
00:28:51,830 --> 00:28:48,679  
composure again sure so so you know then

631  
00:28:54,409 --> 00:28:51,840  
that that I come to the realization I

632  
00:28:59,269 --> 00:28:54,419  
gotta go the exact same way this thing

633  
00:29:02,149 --> 00:28:59,279  
came or went and uh and I'm trying to

634  
00:29:05,289 --> 00:29:02,159  
look around the only other option is to

635  
00:29:08,210 --> 00:29:05,299  
climb the 30-foot

636  
00:29:10,789 --> 00:29:08,220  
escapement to get up to the to the horse

637  
00:29:13,070 --> 00:29:10,799  
trail we get out of there to go around

638  
00:29:14,870 --> 00:29:13,080

the back way because I mean I didn't

639

00:29:16,070 --> 00:29:14,880

know what this thing was you know I

640

00:29:19,430 --> 00:29:16,080

still don't know what it is you know

641

00:29:21,049 --> 00:29:19,440

after all this research and so my first

642

00:29:24,649 --> 00:29:21,059

my first

643

00:29:26,269 --> 00:29:24,659

uh cognitive you know SMART Train

644

00:29:29,090 --> 00:29:26,279

authorities hey

645

00:29:31,430 --> 00:29:29,100

you know this thing's violent I don't

646

00:29:34,610 --> 00:29:31,440

know what we're dealing with here you

647

00:29:38,590 --> 00:29:34,620

know I gotta want somebody so I actually

648

00:29:41,870 --> 00:29:38,600

start to dial 9-1-1 because you know

649

00:29:44,330 --> 00:29:41,880

that'll be interesting yeah yeah I mean

650

00:29:47,029 --> 00:29:44,340

seriously you know I'm like holy crap

651  
00:29:49,130 --> 00:29:47,039  
you know I gotta warn people hey you

652  
00:29:51,350 --> 00:29:49,140  
know this thing's violent in the trees

653  
00:29:53,529 --> 00:29:51,360  
what's it going to do if it comes across

654  
00:29:58,310 --> 00:29:53,539  
as you I mean

655  
00:30:00,230 --> 00:29:58,320  
a a polar bear will be disintegrated by

656  
00:30:01,549 --> 00:30:00,240  
this thing in a matter of seconds I mean

657  
00:30:04,130 --> 00:30:01,559  
the violence

658  
00:30:06,889 --> 00:30:04,140  
I mean this thing was not friendly it

659  
00:30:10,610 --> 00:30:06,899  
was not friendly at all and and you know

660  
00:30:14,330 --> 00:30:10,620  
I'm I'm slowly walking down and I'm on

661  
00:30:15,950 --> 00:30:14,340  
like hyper survival alert mode and I'm

662  
00:30:17,870 --> 00:30:15,960  
like okay you know that there's train

663  
00:30:21,830 --> 00:30:17,880

cars there I mean this thing could be

664

00:30:24,649 --> 00:30:21,840

hiding anywhere along you know that path

665

00:30:26,870 --> 00:30:24,659

to Ambush someone you know I'm I'm just

666

00:30:30,529 --> 00:30:26,880

thinking on the realization here of what

667

00:30:33,350 --> 00:30:30,539

this is so I dial 9-1 and I'm like dude

668

00:30:36,590 --> 00:30:33,360

nobody's gonna believe a world you know

669

00:30:38,330 --> 00:30:36,600

yeah I wouldn't believe it you know but

670

00:30:40,130 --> 00:30:38,340

but you know people are going to look at

671

00:30:43,190 --> 00:30:40,140

you like dude what's this guy I want her

672

00:30:46,250 --> 00:30:43,200

you know whatever so the whole time I

673

00:30:48,049 --> 00:30:46,260

mean conflict uh I want to try and you

674

00:30:50,570 --> 00:30:48,059

know I'm a duck at what I call a state

675

00:30:52,190 --> 00:30:50,580

police do I call a local police I'm

676

00:30:54,769 --> 00:30:52,200

fidgiting with my phone as I'm walking

677

00:30:57,230 --> 00:30:54,779

down my daughter's behind me he's my

678

00:30:59,750 --> 00:30:57,240

number one priority you know to keep her

679

00:31:01,850 --> 00:30:59,760

safe and I mean I don't have a gun on me

680

00:31:04,610 --> 00:31:01,860

all I got is a little pocket though if

681

00:31:07,370 --> 00:31:04,620

you I mean dude forget it game oh I mean

682

00:31:09,529 --> 00:31:07,380

just been there you know bend down on

683

00:31:11,930 --> 00:31:09,539

your knees and pray because you're done

684

00:31:12,950 --> 00:31:11,940

and you know it's been a long story

685

00:31:16,250 --> 00:31:12,960

short

686

00:31:18,049 --> 00:31:16,260

it took us maybe a half hour to walk

687

00:31:21,049 --> 00:31:18,059

back and they were there were a few

688

00:31:23,570 --> 00:31:21,059

other people that I saw coming up

689

00:31:26,330 --> 00:31:23,580

and uh the one the one kid had uh

690

00:31:28,250 --> 00:31:26,340

earbuds and I'm like yo I'm like did you

691

00:31:29,750 --> 00:31:28,260

see any you know you see any creatures

692

00:31:31,850 --> 00:31:29,760

coming through here and you're like nah

693

00:31:34,389 --> 00:31:31,860

man you know they looked at me like okay

694

00:31:37,909 --> 00:31:34,399

you know what's this guy doing you know

695

00:31:40,070 --> 00:31:37,919

so I get back I get back down this truck

696

00:31:43,130 --> 00:31:40,080

and I'm literally shaking I'm like oh my

697

00:31:48,350 --> 00:31:43,140

God you know thank you thank you Jesus I

698

00:31:50,210 --> 00:31:48,360

made it back and so there is a police

699

00:31:52,310 --> 00:31:50,220

cruiser coming through and I'm like okay

700

00:31:54,049 --> 00:31:52,320

you know I'm debating the whole time I'm

701  
00:31:57,649 --> 00:31:54,059  
like dude I gotta I gotta tell somebody

702  
00:31:59,870 --> 00:31:57,659  
about this because I mean this thing is

703  
00:32:01,490 --> 00:31:59,880  
is not friendly you know I don't know

704  
00:32:04,549 --> 00:32:01,500  
what we're dealing with

705  
00:32:08,090 --> 00:32:04,559  
and uh so I started walking up

706  
00:32:10,310 --> 00:32:08,100  
and I was like now just just just

707  
00:32:15,110 --> 00:32:10,320  
go to the truck and I sat in the truck

708  
00:32:18,110 --> 00:32:15,120  
for about five minutes uh just just uh

709  
00:32:21,169 --> 00:32:18,120  
trying to make sense of what I you know

710  
00:32:25,430 --> 00:32:21,179  
what my daughter and I witnessed and uh

711  
00:32:26,690 --> 00:32:25,440  
you know those 40 to 50 seconds whatever

712  
00:32:29,690 --> 00:32:26,700  
it was

713  
00:32:31,250 --> 00:32:29,700

uh changed my life forever

714

00:32:35,510 --> 00:32:31,260

um

715

00:32:41,269 --> 00:32:38,210

it doesn't sound like anything that I

716

00:32:42,590 --> 00:32:41,279

have had ever had a report for be honest

717

00:32:45,769 --> 00:32:42,600

with you

718

00:32:50,450 --> 00:32:48,830

it's hard to even tell I mean uh Nancy

719

00:32:53,269 --> 00:32:50,460

asked me if it's a difference between

720

00:32:55,370 --> 00:32:53,279

this Beast and the pale crawlers I mean

721

00:32:58,190 --> 00:32:55,380

you think it's possible that it may have

722

00:33:02,690 --> 00:32:58,200

been something similar to that

723

00:33:05,510 --> 00:33:02,700

it you know I I I've done probably over

724

00:33:07,730 --> 00:33:05,520

a thousand hours of research on all this

725

00:33:10,789 --> 00:33:07,740

stuff I mean I

726

00:33:13,669 --> 00:33:10,799

you know I never wanted this uh you know

727

00:33:15,590 --> 00:33:13,679

I'm just bringing this to the masses I

728

00:33:18,470 --> 00:33:15,600

don't care what people think or say a

729

00:33:20,149 --> 00:33:18,480

lot of people are are uh you know

730

00:33:23,509 --> 00:33:20,159

intimidated they're scared to come on

731

00:33:26,389 --> 00:33:23,519

because of ridicule listen man to all

732

00:33:30,289 --> 00:33:26,399

you people out there I saw this thing

733

00:33:34,789 --> 00:33:30,299

and it's real and I will get answers one

734

00:33:39,289 --> 00:33:34,799

way or no and uh you know it's it's

735

00:33:41,470 --> 00:33:39,299

I I I've looked at a Paleo

736

00:33:43,789 --> 00:33:41,480

um what would you call it uh

737

00:33:45,769 --> 00:33:43,799

paleoanthropology I mean I've been

738

00:33:49,130 --> 00:33:45,779

reading stuff online I got like six

739

00:33:51,649 --> 00:33:49,140

computers up in my office here that I'm

740

00:33:54,769 --> 00:33:51,659

doing you know I'm doing U.S Geological

741

00:33:58,730 --> 00:33:54,779

Survey terrain data and all this stuff I

742

00:34:00,909 --> 00:33:58,740

mean I um I believe in you know on every

743

00:34:04,070 --> 00:34:00,919

little thing that that I can remember

744

00:34:06,950 --> 00:34:04,080

just to educate myself to even try to

745

00:34:09,169 --> 00:34:06,960

begin to make sense of what I see now

746

00:34:11,690 --> 00:34:09,179

you know one thing I the one thing I

747

00:34:14,389 --> 00:34:11,700

gotta say is and I don't know what you

748

00:34:16,430 --> 00:34:14,399

think about this Tim is but of any

749

00:34:18,530 --> 00:34:16,440

Cryptid that we've ever had in a

750

00:34:21,290 --> 00:34:18,540

description of or anybody's had an

751  
00:34:23,869 --> 00:34:21,300  
encounter with this one probably has

752  
00:34:26,210 --> 00:34:23,879  
more Supernatural possibilities to it

753  
00:34:27,349 --> 00:34:26,220  
than anything I've ever heard what do

754  
00:34:31,669 --> 00:34:27,359  
you think Tim

755  
00:34:34,730 --> 00:34:31,679  
yeah I mean for me you know it's hard to

756  
00:34:37,730 --> 00:34:34,740  
imagine there's a breeding population of

757  
00:34:40,129 --> 00:34:37,740  
whatever this is absolutely you know I

758  
00:34:43,310 --> 00:34:40,139  
agree I mean I mean you know I'm

759  
00:34:45,589 --> 00:34:43,320  
I I didn't sleep I'm not I'm not gonna

760  
00:34:47,869 --> 00:34:45,599  
lie I didn't sleep for almost three days

761  
00:34:49,669 --> 00:34:47,879  
straight I mean I was so weird no I mean

762  
00:34:53,089 --> 00:34:49,679  
I know what I saw

763  
00:34:57,710 --> 00:34:53,099

I mean I went on I went on the PA Game

764

00:35:00,109 --> 00:34:57,720

Commission website or dcnr I mean I went

765

00:35:02,510 --> 00:35:00,119

on all kinds of different things you

766

00:35:05,089 --> 00:35:02,520

know trying to look at you know apex

767

00:35:07,490 --> 00:35:05,099

predators and Pa you know trying trying

768

00:35:09,109 --> 00:35:07,500

to go from a scientific standpoint yeah

769

00:35:11,569 --> 00:35:09,119

I can tell you one thing the

770

00:35:13,750 --> 00:35:11,579

Pennsylvania's uh Game Commission has no

771

00:35:16,130 --> 00:35:13,760

record of something like that

772

00:35:18,410 --> 00:35:16,140

and if they did they wouldn't tell you

773

00:35:20,210 --> 00:35:18,420

uh I mean they won't even return the

774

00:35:23,870 --> 00:35:20,220

mountain lines in the state let alone

775

00:35:26,030 --> 00:35:23,880

one of these things yeah you know so I

776  
00:35:29,329 --> 00:35:26,040  
reached out to Native Americans as well

777  
00:35:32,089 --> 00:35:29,339  
yeah I'm in the process of meeting with

778  
00:35:33,650 --> 00:35:32,099  
uh five different tribes in three

779  
00:35:37,010 --> 00:35:33,660  
different states

780  
00:35:40,370 --> 00:35:37,020  
um I have uh you know contacts for that

781  
00:35:43,609 --> 00:35:40,380  
um and you know one of the Native

782  
00:35:46,730 --> 00:35:43,619  
Americans said I did talk to said that

783  
00:35:48,890 --> 00:35:46,740  
they think it was a skinwalker yeah of

784  
00:35:50,750 --> 00:35:48,900  
course you're going to get that yeah but

785  
00:35:52,970 --> 00:35:50,760  
yeah somebody's gonna think it's either

786  
00:35:55,430 --> 00:35:52,980  
either some type of uh

787  
00:35:58,010 --> 00:35:55,440  
some type of Witcher

788  
00:36:03,109 --> 00:35:58,020

some type of shapeshifter or some type

789

00:36:07,010 --> 00:36:03,119  
of spiritual being yeah I mean I

790

00:36:10,069 --> 00:36:07,020  
you know as far as any tribes or

791

00:36:11,990 --> 00:36:10,079  
remnants of tribes that

792

00:36:14,030 --> 00:36:12,000  
were in this area

793

00:36:17,690 --> 00:36:14,040  
I don't know they're you know of any

794

00:36:19,670 --> 00:36:17,700  
Leni lanape or Delaware Tim that have

795

00:36:21,950 --> 00:36:19,680  
any uh

796

00:36:24,170 --> 00:36:21,960  
any standing around here yet or in this

797

00:36:26,510 --> 00:36:24,180  
area yeah it's so hard I mean people ask

798

00:36:28,130 --> 00:36:26,520  
me this all the time yeah what what did

799

00:36:29,569 --> 00:36:28,140  
the Native Americans in your area you

800

00:36:34,210 --> 00:36:29,579  
know believe about this stuff and it's

801

00:36:39,589 --> 00:36:37,069

the last the last tribe that was in this

802

00:36:42,650 --> 00:36:39,599

area with the Shawnee and they moved off

803

00:36:44,990 --> 00:36:42,660

and our all moved off and yeah you know

804

00:36:47,390 --> 00:36:45,000

even the Susquehanna and all the the

805

00:36:48,589 --> 00:36:47,400

strange ritual stuff that they had I

806

00:36:50,829 --> 00:36:48,599

don't know

807

00:36:52,849 --> 00:36:50,839

and we lost we lost their language

808

00:36:56,870 --> 00:36:52,859

we don't we don't know what they

809

00:37:00,109 --> 00:36:56,880

believed really yeah um Matt before this

810

00:37:02,270 --> 00:37:00,119

happened yeah what were your your just

811

00:37:04,790 --> 00:37:02,280

general feeling going like say Bigfoot

812

00:37:06,170 --> 00:37:04,800

Sasquatch had you even heard of dog man

813

00:37:10,849 --> 00:37:06,180

Etc

814

00:37:15,650 --> 00:37:10,859

um I I had a strange encounter in 1991

815

00:37:17,750 --> 00:37:15,660

uh hunting up in uh Bradford County uh

816

00:37:21,589 --> 00:37:17,760

actually yeah

817

00:37:24,410 --> 00:37:21,599

um and uh now I didn't see it but I had

818

00:37:28,250 --> 00:37:24,420

five dough come down and stand like

819

00:37:31,010 --> 00:37:28,260

right next to me which is highly unusual

820

00:37:34,970 --> 00:37:31,020

as far as learning this was the second

821

00:37:36,530 --> 00:37:34,980

day of buck season and uh we were we

822

00:37:39,589 --> 00:37:36,540

were probably about six miles from the

823

00:37:41,450 --> 00:37:39,599

New York border and now I had heard

824

00:37:44,390 --> 00:37:41,460

something coming through it sounded big

825

00:37:47,030 --> 00:37:44,400

but I never officially saw it you know

826

00:37:49,730 --> 00:37:47,040

you you hear about you know how how the

827

00:37:53,870 --> 00:37:49,740

smell you know um you know that smells

828

00:37:56,450 --> 00:37:53,880

right right you know super bad uh now I

829

00:37:57,950 --> 00:37:56,460

did smell that but as far as the Bigfoot

830

00:38:00,890 --> 00:37:57,960

you know hey I

831

00:38:03,470 --> 00:38:00,900

I've always had an open mind you know um

832

00:38:06,650 --> 00:38:03,480

being a technical guy you know myself I

833

00:38:09,710 --> 00:38:06,660

learned I learned you know very very

834

00:38:11,510 --> 00:38:09,720

from a very young age that if you have

835

00:38:14,450 --> 00:38:11,520

an open mind you're going to learn 20

836

00:38:17,690 --> 00:38:14,460

times more you know than somebody that

837

00:38:20,089 --> 00:38:17,700

doesn't so you know I had heard a dog

838

00:38:21,770 --> 00:38:20,099

man I never really you know did the

839

00:38:24,109 --> 00:38:21,780

research on it

840

00:38:27,770 --> 00:38:24,119

um and I I watched like Les Strauss and

841

00:38:30,170 --> 00:38:27,780

you know stuff like yeah stuff like that

842

00:38:33,290 --> 00:38:30,180

and yeah hey you know I was skeptical

843

00:38:35,270 --> 00:38:33,300

but you know I I was like well you know

844

00:38:37,490 --> 00:38:35,280

the history you know every single

845

00:38:41,030 --> 00:38:37,500

indigenous tribe in North America

846

00:38:43,670 --> 00:38:41,040

including Canada and even Mexico they

847

00:38:47,990 --> 00:38:43,680

have you know they have names for this

848

00:38:50,089 --> 00:38:48,000

stuff over a millennia so you know I

849

00:38:51,950 --> 00:38:50,099

think they do exist and and you know

850

00:38:53,690 --> 00:38:51,960

well you don't need to know what the

851

00:38:56,030 --> 00:38:53,700

name what their name for this thing is

852

00:38:58,069 --> 00:38:56,040

because I quite frankly I've never even

853

00:38:59,690 --> 00:38:58,079

heard of anything like this I mean this

854

00:39:02,569 --> 00:38:59,700

would come close

855

00:39:06,170 --> 00:39:02,579

wouldn't even come close to a wendigo or

856

00:39:09,589 --> 00:39:06,180

anything like that I mean yeah yeah I I

857

00:39:13,430 --> 00:39:09,599

I you know again I

858

00:39:15,230 --> 00:39:13,440

um I looked at uh the crawler stuff you

859

00:39:16,670 --> 00:39:15,240

know like all you know all this learning

860

00:39:18,170 --> 00:39:16,680

all this you know I was like well let me

861

00:39:21,170 --> 00:39:18,180

ask you this so we've got some questions

862

00:39:23,030 --> 00:39:21,180

in the chat yeah uh some of these are

863

00:39:24,349 --> 00:39:23,040

interesting and Nancy asked you know

864

00:39:27,349 --> 00:39:24,359

this is something that we've talked

865

00:39:30,609 --> 00:39:27,359

about before with orbs and lights did

866

00:39:36,230 --> 00:39:30,619

you see anything like that at any time

867

00:39:39,410 --> 00:39:36,240

no no nothing no I mean have you had any

868

00:39:40,790 --> 00:39:39,420

Paranormal Activity since this encounter

869

00:39:47,990 --> 00:39:40,800

no

870

00:39:50,810 --> 00:39:48,000

I lived in a haunted house uh it was

871

00:39:54,109 --> 00:39:50,820

actually in Berks County's uh Most

872

00:39:56,329 --> 00:39:54,119

Wanted areas uh and that was you know 15

873

00:39:59,210 --> 00:39:56,339

years before and we saw some crazy

874

00:40:02,089 --> 00:39:59,220

strange stuff I never saw any ghosts but

875

00:40:04,670 --> 00:40:02,099

we saw things move you know like the

876

00:40:06,470 --> 00:40:04,680

typical paranormal stuff but I mean as

877

00:40:09,050 --> 00:40:06,480

far as Jim moved down I mean I I

878

00:40:11,690 --> 00:40:09,060

actually had a few friends in high

879

00:40:13,790 --> 00:40:11,700

school who were who practiced that Woods

880

00:40:16,849 --> 00:40:13,800

Craft and stuff and I was like you know

881

00:40:18,770 --> 00:40:16,859

I I was raised Roman Catholics so you

882

00:40:20,990 --> 00:40:18,780

know I didn't believe any of that never

883

00:40:23,150 --> 00:40:21,000

really wanted to mess with it you know I

884

00:40:24,609 --> 00:40:23,160

was if it didn't have a motor on it I

885

00:40:27,770 --> 00:40:24,619

wasn't interested

886

00:40:29,750 --> 00:40:27,780

I'm an adrenaline junkie and a in a

887

00:40:32,150 --> 00:40:29,760

machines by trade and you know I like

888

00:40:34,730 --> 00:40:32,160

all that kind of stuff so I never you

889

00:40:36,230 --> 00:40:34,740

know I've heard about it and um you know

890

00:40:39,230 --> 00:40:36,240

I never

891

00:40:40,910 --> 00:40:39,240

I'd never ridiculed anyone because you

892

00:40:43,970 --> 00:40:40,920

know I mean there's stuff out there that

893

00:40:45,349 --> 00:40:43,980

that people don't know what it is you

894

00:40:49,130 --> 00:40:45,359

know I mean every year that they find

895

00:40:51,410 --> 00:40:49,140

new new species they find new new things

896

00:40:54,349 --> 00:40:51,420

and uh you know it's been an incredible

897

00:40:56,210 --> 00:40:54,359

journey for me to try and figure out you

898

00:40:58,250 --> 00:40:56,220

know what I saw and I'm not afraid I

899

00:40:59,210 --> 00:40:58,260

mean I know what I saw

900

00:41:02,089 --> 00:40:59,220

um

901  
00:41:05,150 --> 00:41:02,099  
did you did you notice the eyes at all

902  
00:41:08,210 --> 00:41:05,160  
with were they were you able to get a

903  
00:41:10,970 --> 00:41:08,220  
close one enough look at the eyes to

904  
00:41:14,329 --> 00:41:10,980  
tell the cover did you notice any other

905  
00:41:18,109 --> 00:41:14,339  
odor on it or anything that that any

906  
00:41:21,290 --> 00:41:18,119  
anything anything other uh identifying

907  
00:41:24,349 --> 00:41:21,300  
no aspect of it that you know was kind

908  
00:41:26,329 --> 00:41:24,359  
of unusual I I never saw the eyes

909  
00:41:29,089 --> 00:41:26,339  
because like I said you know this is

910  
00:41:31,250 --> 00:41:29,099  
about 100 feet away and yeah

911  
00:41:34,190 --> 00:41:31,260  
um you know being a machinist and and

912  
00:41:36,890 --> 00:41:34,200  
you know and Manufacturing you know you

913  
00:41:39,589 --> 00:41:36,900

know dealing with that stuff I I can

914

00:41:42,290 --> 00:41:39,599

scale stuff pretty good because uh when

915

00:41:44,690 --> 00:41:42,300

this thing was running up the uh

916

00:41:47,930 --> 00:41:44,700

across the Quarry after you know it had

917

00:41:49,790 --> 00:41:47,940

landed on this rock there uh which again

918

00:41:52,310 --> 00:41:49,800

was a 60 degree angle I mean this

919

00:41:55,030 --> 00:41:52,320

thing's walking right along that rock

920

00:41:58,670 --> 00:41:55,040

bed all around you know that same level

921

00:42:01,790 --> 00:41:58,680

and then it jumped up and like jumped up

922

00:42:03,950 --> 00:42:01,800

um you know there was a 55 gallon drum

923

00:42:06,770 --> 00:42:03,960

that was sitting up on I guess it was

924

00:42:10,010 --> 00:42:06,780

like a roadway or an entrance you know

925

00:42:12,470 --> 00:42:10,020

down and I'm like holy crap I mean that

926  
00:42:14,990 --> 00:42:12,480  
thing you know that 55 gallon drone was

927  
00:42:17,089 --> 00:42:15,000  
small and then there was a like a little

928  
00:42:19,490 --> 00:42:17,099  
piece of equipment it was like a

929  
00:42:22,430 --> 00:42:19,500  
hydraulic steam or whatever so you know

930  
00:42:24,710 --> 00:42:22,440  
I kind of I'm just estimating but I was

931  
00:42:27,829 --> 00:42:24,720  
I wasn't up close on this thing I mean

932  
00:42:31,730 --> 00:42:27,839  
it was a good 100 feet away you know so

933  
00:42:34,490 --> 00:42:31,740  
I I didn't get a good look at its at its

934  
00:42:36,470 --> 00:42:34,500  
uh you know eyes I mean it was far away

935  
00:42:38,210 --> 00:42:36,480  
yeah I think that might be one of the

936  
00:42:40,550 --> 00:42:38,220  
last things I looked at but I you know

937  
00:42:41,870 --> 00:42:40,560  
yeah especially if your daughter's there

938  
00:42:43,910 --> 00:42:41,880

I mean you're you're absolutely

939

00:42:46,250 --> 00:42:43,920

absolutely yeah that that's what I was

940

00:42:49,010 --> 00:42:46,260

thinking yeah well you know what was her

941

00:42:50,990 --> 00:42:49,020

reaction to it oh I mean she you know

942

00:42:53,450 --> 00:42:51,000

she's like Dad what was that you know

943

00:42:55,490 --> 00:42:53,460

and I mean being in the woods I mean

944

00:42:58,670 --> 00:42:55,500

I've been in National Parks I mean I've

945

00:43:00,770 --> 00:42:58,680

you know I I White Water rafted uh you

946

00:43:04,490 --> 00:43:00,780

know the gray smoke amounts for 10 days

947

00:43:05,569 --> 00:43:04,500

I mean and never you know I've been 60

948

00:43:09,230 --> 00:43:05,579

miles

949

00:43:12,770 --> 00:43:09,240

deep in that in that Park you know years

950

00:43:14,809 --> 00:43:12,780

later never never had the fear of the

951  
00:43:17,329 --> 00:43:14,819  
woods I mean

952  
00:43:19,609 --> 00:43:17,339  
um I saw a bear you know fishing in PA

953  
00:43:21,230 --> 00:43:19,619  
you know nine times out of ten unless

954  
00:43:23,870 --> 00:43:21,240  
they got Cubs they're gonna run the

955  
00:43:25,490 --> 00:43:23,880  
other way you know I I know what Bearer

956  
00:43:28,250 --> 00:43:25,500  
I mean I've seen bear from an early age

957  
00:43:30,470 --> 00:43:28,260  
my uncle had a cabin up in Sullivan

958  
00:43:33,589 --> 00:43:30,480  
County and they used to the Game

959  
00:43:35,630 --> 00:43:33,599  
Commission used to put uh roadkills out

960  
00:43:37,250 --> 00:43:35,640  
in the back well you know the Bears

961  
00:43:38,750 --> 00:43:37,260  
would come in and scavenge it so we

962  
00:43:41,569 --> 00:43:38,760  
would sit there and Spotlight with them

963  
00:43:43,309 --> 00:43:41,579

you know you know Spotlight them so you

964

00:43:46,609 --> 00:43:43,319

know I mean this thing

965

00:43:48,589 --> 00:43:46,619

again you know imagine the shock you

966

00:43:50,750 --> 00:43:48,599

know you're standing there this thing's

967

00:43:54,950 --> 00:43:50,760

only 100 feet away from you

968

00:43:56,690 --> 00:43:54,960

and you know I'm trying to make sense of

969

00:43:59,930 --> 00:43:56,700

what I'm looking at I'm like okay is

970

00:44:03,530 --> 00:43:59,940

this a bear you know your mind goes

971

00:44:06,530 --> 00:44:03,540

through I'm like bear gorilla Mountain

972

00:44:08,990 --> 00:44:06,540

line you know it's like no no no no and

973

00:44:10,910 --> 00:44:09,000

and then you know you see this thing

974

00:44:13,490 --> 00:44:10,920

fall out of the tree

975

00:44:15,950 --> 00:44:13,500

you know and I thought it was that I

976  
00:44:18,410 --> 00:44:15,960  
mean you know I I just couldn't believe

977  
00:44:20,510 --> 00:44:18,420  
it that's what really scared me then I'm

978  
00:44:23,150 --> 00:44:20,520  
like whoa what the [\h\_\_\h] this thing just

979  
00:44:26,030 --> 00:44:23,160  
got up I mean you know anything that

980  
00:44:28,970 --> 00:44:26,040  
even a bear falling 60 feet is going to

981  
00:44:32,690 --> 00:44:28,980  
be injured that's unusual I mean the

982  
00:44:35,990 --> 00:44:32,700  
tree thing in a canine for one thing

983  
00:44:37,790 --> 00:44:36,000  
yeah yeah exactly that's something that

984  
00:44:40,910 --> 00:44:37,800  
you would expect from maybe a Sasquatch

985  
00:44:42,589 --> 00:44:40,920  
or a big cat or something right as far

986  
00:44:45,589 --> 00:44:42,599  
as you know I I don't you know I've

987  
00:44:48,470 --> 00:44:45,599  
heard a lot of descriptions of these

988  
00:44:50,390 --> 00:44:48,480

cryptic canines and I can't I can't even

989

00:44:52,370 --> 00:44:50,400

remember

990

00:44:54,349 --> 00:44:52,380

anything about being in a tree

991

00:44:58,010 --> 00:44:54,359

associated with one of these things Yeah

992

00:44:59,089 --> 00:44:58,020

well yeah and and you know that's

993

00:45:01,490 --> 00:44:59,099

um

994

00:45:05,150 --> 00:45:01,500

throughout my journey you know through

995

00:45:07,430 --> 00:45:05,160

the research I I just I just wrote down

996

00:45:08,630 --> 00:45:07,440

everything that I could remember about

997

00:45:10,849 --> 00:45:08,640

it and

998

00:45:13,430 --> 00:45:10,859

one thing that I thought was startling

999

00:45:15,890 --> 00:45:13,440

about it it this thing looked like it

1000

00:45:18,829 --> 00:45:15,900

was sickly you know like I said like it

1001  
00:45:22,190 --> 00:45:18,839  
like it hibernated it was it was very

1002  
00:45:23,510 --> 00:45:22,200  
skinny but strong fast I mean I I

1003  
00:45:27,109 --> 00:45:23,520  
couldn't believe

1004  
00:45:30,650 --> 00:45:27,119  
you know it's still hard to even

1005  
00:45:33,710 --> 00:45:30,660  
comprehend you know what this was so I

1006  
00:45:35,569 --> 00:45:33,720  
just don't you know on a on a wing in a

1007  
00:45:37,670 --> 00:45:35,579  
prayer I started doing research and I'm

1008  
00:45:40,069 --> 00:45:37,680  
like okay you know what I'm going to go

1009  
00:45:42,230 --> 00:45:40,079  
into U.S Geological Survey here and just

1010  
00:45:44,870 --> 00:45:42,240  
start doing the Subterranean you know

1011  
00:45:47,390 --> 00:45:44,880  
see if there's Minds gigs you know all

1012  
00:45:50,690 --> 00:45:47,400  
this stuff well I found out some really

1013  
00:45:54,770 --> 00:45:50,700

interesting data as far as multiple

1014

00:45:57,050 --> 00:45:54,780

areas and uh I I I know I texted you on

1015

00:46:00,290 --> 00:45:57,060

about this and Tim I talked to you you

1016

00:46:03,410 --> 00:46:00,300

know a little bit on it there is coarse

1017

00:46:05,750 --> 00:46:03,420

areas in a lot of these sightings

1018

00:46:07,790 --> 00:46:05,760

since I've been on YouTube and you know

1019

00:46:10,010 --> 00:46:07,800

researching different dog man forms and

1020

00:46:14,089 --> 00:46:10,020

stuff like that people give locations so

1021

00:46:17,690 --> 00:46:14,099

I go in and I do terrain at it and

1022

00:46:21,550 --> 00:46:17,700

there's five positive things that keep

1023

00:46:26,089 --> 00:46:21,560

coming up in these areas one is there's

1024

00:46:27,950 --> 00:46:26,099

Limestone Springs or or car stairs that

1025

00:46:30,170 --> 00:46:27,960

have Subterranean features to where

1026

00:46:33,710 --> 00:46:30,180

there's a possibility of

1027

00:46:36,410 --> 00:46:33,720

uh you know underground Caverns a den or

1028

00:46:38,089 --> 00:46:36,420

something like that outcrops

1029

00:46:40,250 --> 00:46:38,099

um the interesting thing is there's a

1030

00:46:42,109 --> 00:46:40,260

north-south ridge in a lot of these

1031

00:46:44,569 --> 00:46:42,119

places you know like down in Kentucky

1032

00:46:46,670 --> 00:46:44,579

you kind of see you know some of these

1033

00:46:48,829 --> 00:46:46,680

sighting areas that I've found online

1034

00:46:52,910 --> 00:46:48,839

not only that

1035

00:46:55,430 --> 00:46:52,920

um even up in New York and and Pa that

1036

00:46:57,950 --> 00:46:55,440

those patterns keep coming up every

1037

00:46:59,750 --> 00:46:57,960

single time you know to where I can get

1038

00:47:02,750 --> 00:46:59,760

a definitive

1039

00:47:05,870 --> 00:47:02,760

area on that so because I have something

1040

00:47:08,030 --> 00:47:05,880

to play you know uh with that I don't

1041

00:47:09,410 --> 00:47:08,040

know you know like they're saying you

1042

00:47:12,170 --> 00:47:09,420

know there has to be a breeding

1043

00:47:14,030 --> 00:47:12,180

population you know the one thing if the

1044

00:47:17,270 --> 00:47:14,040

one thing that really fascinates about

1045

00:47:20,450 --> 00:47:17,280

this and about this and the location is

1046

00:47:23,569 --> 00:47:20,460

this is right behind Butch's house I

1047

00:47:26,390 --> 00:47:23,579

mean basically I mean this this was

1048

00:47:31,190 --> 00:47:26,400

where Butch did his research

1049

00:47:34,790 --> 00:47:31,200

yeah and and you know yeah

1050

00:47:37,970 --> 00:47:34,800

it's crazy this is bizarre it is bizarre

1051

00:47:40,430 --> 00:47:37,980

I mean you know I

1052

00:47:43,309 --> 00:47:40,440

I didn't sleep for three days I mean

1053

00:47:46,370 --> 00:47:43,319

literally I was I was like dude what

1054

00:47:48,950 --> 00:47:46,380

what did I just witness here have you

1055

00:47:51,710 --> 00:47:48,960

been back to the area Matt yeah yeah

1056

00:47:55,550 --> 00:47:51,720

um me and a friend of mine went up uh

1057

00:47:57,710 --> 00:47:55,560

and uh you know we were we were kind of

1058

00:48:00,890 --> 00:47:57,720

late because you know

1059

00:48:02,930 --> 00:48:00,900

um Eric mantel and uh you know Lana said

1060

00:48:05,829 --> 00:48:02,940

about doing an investigation

1061

00:48:08,750 --> 00:48:05,839

and you know hey

1062

00:48:10,910 --> 00:48:08,760

I don't know what this thing will do if

1063

00:48:13,370 --> 00:48:10,920

if you would come face to face with this

1064

00:48:17,329 --> 00:48:13,380

thing you know it didn't see us I know

1065

00:48:20,329 --> 00:48:17,339

that for a fact and you know I even

1066

00:48:22,730 --> 00:48:20,339

I was even young like holy crap you know

1067

00:48:24,650 --> 00:48:22,740

and you know when I got back to the

1068

00:48:27,349 --> 00:48:24,660

truck I was like

1069

00:48:28,609 --> 00:48:27,359

why did you make that sound that was a

1070

00:48:30,589 --> 00:48:28,619

little danger that this scene could have

1071

00:48:33,290 --> 00:48:30,599

you know if it were sauce it could kill

1072

00:48:37,250 --> 00:48:33,300

us I mean and and

1073

00:48:39,349 --> 00:48:37,260

I just I'm still under loss of words I

1074

00:48:41,750 --> 00:48:39,359

really am could you tell what kind of

1075

00:48:44,690 --> 00:48:41,760

birds it had under its arms

1076

00:48:46,430 --> 00:48:44,700

um yeah it was uh I thought maybe it was

1077

00:48:49,609 --> 00:48:46,440

wild turkeys but they were turkey

1078

00:48:51,109 --> 00:48:49,619

buzzers because the exact tree where we

1079

00:48:53,390 --> 00:48:51,119

had gone back up

1080

00:48:54,950 --> 00:48:53,400

the exact tree where this thing was in

1081

00:48:58,190 --> 00:48:54,960

there was a turkey buzzards and that's

1082

00:49:00,290 --> 00:48:58,200

from there and my friend even said to me

1083

00:49:02,510 --> 00:49:00,300

he goes look there's turkey buses in

1084

00:49:03,890 --> 00:49:02,520

that tree and I said you're right

1085

00:49:06,470 --> 00:49:03,900

because they would they would you know

1086

00:49:08,630 --> 00:49:06,480

to come come and go but you know it

1087

00:49:11,390 --> 00:49:08,640

makes sense now because I wrote all this

1088

00:49:13,550 --> 00:49:11,400

stuff down and

1089

00:49:15,470 --> 00:49:13,560

when I heard this sounds that's what he

1090

00:49:17,390 --> 00:49:15,480

was doing this thing was in the trees it

1091

00:49:19,790 --> 00:49:17,400

was chasing some type of

1092

00:49:22,190 --> 00:49:19,800

a bird at first I thought it was an

1093

00:49:24,770 --> 00:49:22,200

eagle because you know it's early spring

1094

00:49:26,870 --> 00:49:24,780

and there's migration you know I thought

1095

00:49:29,390 --> 00:49:26,880

maybe Eagles were coming in you know

1096

00:49:32,270 --> 00:49:29,400

getting some Hawks or you know Predators

1097

00:49:34,550 --> 00:49:32,280

but you know when this when I saw this

1098

00:49:36,050 --> 00:49:34,560

song come out you know I couldn't

1099

00:49:37,790 --> 00:49:36,060

believe what I was seeing and then it

1100

00:49:40,970 --> 00:49:37,800

jumped from that tree to the other tree

1101

00:49:45,950 --> 00:49:40,980

it just it just totally defied

1102

00:49:48,230 --> 00:49:45,960

everything that I knew you know I I I

1103

00:49:51,170 --> 00:49:48,240

was just completely dumbfounded and

1104

00:49:53,690 --> 00:49:51,180

still am so you know slowly but surely

1105

00:49:56,450 --> 00:49:53,700

I'm trying to trying to put things

1106

00:49:59,089 --> 00:49:56,460

together to uh you know put pieces to

1107

00:50:02,930 --> 00:49:59,099

the puzzle see you know what this thing

1108

00:50:05,210 --> 00:50:02,940

is number one number two and you know I

1109

00:50:07,849 --> 00:50:05,220

it was kind of weird because the skin

1110

00:50:10,670 --> 00:50:07,859

was so pale on it

1111

00:50:12,829 --> 00:50:10,680

um it was you know I don't know if it

1112

00:50:15,770 --> 00:50:12,839

was hibernating because it was so skinny

1113

00:50:17,270 --> 00:50:15,780

or if it's Subterranean you know I don't

1114

00:50:19,490 --> 00:50:17,280

know so that's

1115

00:50:21,829 --> 00:50:19,500

that's where I've been focusing you know

1116

00:50:23,870 --> 00:50:21,839

you mentioned made a good made a good

1117

00:50:25,849 --> 00:50:23,880

point here what does a supernatural

1118

00:50:27,470 --> 00:50:25,859

creature need to eat turkey buzzards or

1119

00:50:30,349 --> 00:50:27,480

anything eat anything for that matter

1120

00:50:33,170 --> 00:50:30,359

exactly

1121

00:50:36,170 --> 00:50:33,180

I don't know you know but you know when

1122

00:50:38,150 --> 00:50:36,180

you think about this

1123

00:50:40,490 --> 00:50:38,160

I mean that's the only thing I can think

1124

00:50:41,569 --> 00:50:40,500

of I can't even imagine something like

1125

00:50:47,990 --> 00:50:41,579

this

1126  
00:50:50,809 --> 00:50:48,000  
right we gotta breed without us knowing

1127  
00:50:53,750 --> 00:50:50,819  
about it yeah absolutely yeah I agree

1128  
00:50:56,510 --> 00:50:53,760  
100 I I mean you know I

1129  
00:50:58,250 --> 00:50:56,520  
I was just like dude this thing exists I

1130  
00:50:59,329 --> 00:50:58,260  
mean I've seen it I didn't know what I

1131  
00:51:01,490 --> 00:50:59,339  
saw

1132  
00:51:04,010 --> 00:51:01,500  
um I mean I went through

1133  
00:51:07,490 --> 00:51:04,020  
I was on The Game Commission site for

1134  
00:51:10,010 --> 00:51:07,500  
probably 17 hours straight

1135  
00:51:11,329 --> 00:51:10,020  
you know Sunday trying trying to figure

1136  
00:51:13,250 --> 00:51:11,339  
out okay

1137  
00:51:14,930 --> 00:51:13,260  
at first I thought it was a bear with

1138  
00:51:17,930 --> 00:51:14,940

manage or you know something like that

1139

00:51:20,450 --> 00:51:17,940

but it was too big I mean yeah I mean

1140

00:51:24,530 --> 00:51:20,460

this thing it it it's

1141

00:51:27,049 --> 00:51:24,540

it's just insane it it truly is and you

1142

00:51:32,030 --> 00:51:27,059

know I I I'm bringing it out to you guys

1143

00:51:34,329 --> 00:51:32,040

because I know what I saw and you know I

1144

00:51:37,370 --> 00:51:34,339

I don't know I

1145

00:51:39,770 --> 00:51:37,380

well I mean like I said before this is

1146

00:51:42,650 --> 00:51:39,780

this isn't even near anything that we've

1147

00:51:45,530 --> 00:51:42,660

ever heard about before I mean we've

1148

00:51:47,470 --> 00:51:45,540

heard some crazy things but I I this is

1149

00:51:49,970 --> 00:51:47,480

just

1150

00:51:53,390 --> 00:51:49,980

this is like a mix of some many

1151  
00:51:54,650 --> 00:51:53,400  
different type of Cryptids yeah or you

1152  
00:52:02,270 --> 00:51:54,660  
know

1153  
00:52:04,490 --> 00:52:02,280  
abandoned buildings with a mild sighting

1154  
00:52:07,490 --> 00:52:04,500  
I mean is there any place to hide or

1155  
00:52:10,069 --> 00:52:07,500  
live out oh yeah there's I mean you know

1156  
00:52:12,770 --> 00:52:10,079  
I I think this thing

1157  
00:52:14,450 --> 00:52:12,780  
when I was younger I was in my teens we

1158  
00:52:18,470 --> 00:52:14,460  
used to go to hate creeping fish all the

1159  
00:52:20,809 --> 00:52:18,480  
time it was probably being 17 18 almost

1160  
00:52:23,630 --> 00:52:20,819  
20 years I guess since I've been up in

1161  
00:52:26,030 --> 00:52:23,640  
there and uh but yes there are there are

1162  
00:52:27,589 --> 00:52:26,040  
a few abandoned buildings uh up in that

1163  
00:52:29,630 --> 00:52:27,599

area

1164

00:52:31,849 --> 00:52:29,640

um but you know I we were actually in

1165

00:52:33,349 --> 00:52:31,859

the one you know on the way up uh my

1166

00:52:35,930 --> 00:52:33,359

daughter was like hey what's that it was

1167

00:52:38,210 --> 00:52:35,940

an old there's no maintenance you know

1168

00:52:40,309 --> 00:52:38,220

building it's all falling over and

1169

00:52:42,589 --> 00:52:40,319

there's a lot of junk and debris and

1170

00:52:45,770 --> 00:52:42,599

stuff so I I didn't really want to go

1171

00:52:47,750 --> 00:52:45,780

into it you know because well you think

1172

00:52:51,170 --> 00:52:47,760

something like this would have to

1173

00:52:54,049 --> 00:52:51,180

be going someplace very deep underground

1174

00:52:55,730 --> 00:52:54,059

or a cave or well that's the thing I

1175

00:52:57,829 --> 00:52:55,740

mean I mean uh

1176

00:52:59,870 --> 00:52:57,839

I I you know

1177

00:53:01,910 --> 00:52:59,880

I've been on Google Earth you know

1178

00:53:03,890 --> 00:53:01,920

looking because this thing is not going

1179

00:53:06,109 --> 00:53:03,900

to live in your Woods I mean it will

1180

00:53:09,230 --> 00:53:06,119

stick out like a sore thumb and how big

1181

00:53:12,410 --> 00:53:09,240

it was so you know

1182

00:53:14,270 --> 00:53:12,420

me and my buddy went flying a few weeks

1183

00:53:16,790 --> 00:53:14,280

back and uh you know we went up over

1184

00:53:19,790 --> 00:53:16,800

that area well the leaves are still

1185

00:53:23,030 --> 00:53:19,800

wanted so I have a friend who uh is

1186

00:53:23,930 --> 00:53:23,040

going to get me um Google pro Earth

1187

00:53:26,270 --> 00:53:23,940

um

1188

00:53:28,910 --> 00:53:26,280

or Google Earth Pro and we're going to

1189

00:53:31,970 --> 00:53:28,920

go through and do that so on the lease

1190

00:53:33,650 --> 00:53:31,980

they'll uh come completely off we're

1191

00:53:36,410 --> 00:53:33,660

actually going to do some low altitude

1192

00:53:38,870 --> 00:53:36,420

flying for several hours and we're gonna

1193

00:53:42,170 --> 00:53:38,880

we're gonna go up and down the East-West

1194

00:53:45,170 --> 00:53:42,180

ridges and you know look for outcrops or

1195

00:53:46,250 --> 00:53:45,180

anything in there and you know

1196

00:53:48,829 --> 00:53:46,260

um

1197

00:53:51,410 --> 00:53:48,839

Bert or Chester County now

1198

00:53:53,569 --> 00:53:51,420

I've done this research too I'm not the

1199

00:53:56,750 --> 00:53:53,579

only one who has seen this

1200

00:53:59,329 --> 00:53:56,760

um because there's been sightings since

1201

00:54:02,390 --> 00:53:59,339

1975.

1202

00:54:04,250 --> 00:54:02,400

of a similar creature which you know I

1203

00:54:07,069 --> 00:54:04,260

guess it's been labeled a dog man or

1204

00:54:10,970 --> 00:54:07,079

whatever so I'm just trying to label it

1205

00:54:12,829 --> 00:54:10,980

as a dog man no I mean specifically

1206

00:54:15,410 --> 00:54:12,839

we've had all kinds of different slaves

1207

00:54:16,370 --> 00:54:15,420

but as far as this thing I'll be

1208

00:54:19,309 --> 00:54:16,380

honest with you I've never heard

1209

00:54:22,370 --> 00:54:19,319

anything like this yeah and and you know

1210

00:54:26,089 --> 00:54:22,380

again I'm just trying to so we get these

1211

00:54:31,430 --> 00:54:26,099

hyena type of creatures water beds

1212

00:54:33,890 --> 00:54:31,440

bipeds mostly quadrupeds uh we get these

1213

00:54:37,430 --> 00:54:33,900

things that look like the the Lichen

1214

00:54:40,490 --> 00:54:37,440

creatures from the uh the underworld

1215

00:54:43,690 --> 00:54:40,500

movies and you know no that's 10 foot

1216

00:54:46,190 --> 00:54:43,700

tall things I mean

1217

00:54:49,250 --> 00:54:46,200

this is like a nightmare compared to

1218

00:54:50,270 --> 00:54:49,260

those things yeah I mean it was similar

1219

00:54:53,270 --> 00:54:50,280

you know

1220

00:54:56,210 --> 00:54:53,280

um I've never seen it crawler and you

1221

00:54:59,690 --> 00:54:56,220

know I'm just taking bits and pieces of

1222

00:55:02,569 --> 00:54:59,700

of all these scriptures to say okay can

1223

00:55:05,390 --> 00:55:02,579

I specifically

1224

00:55:08,270 --> 00:55:05,400

um you know definitively

1225

00:55:10,730 --> 00:55:08,280

um identify with what they say you know

1226

00:55:13,549 --> 00:55:10,740

um so you know it's what it has that

1227

00:55:14,329 --> 00:55:13,559

subterranean

1228

00:55:17,870 --> 00:55:14,339

um

1229

00:55:19,970 --> 00:55:17,880

Look to You know almost like uh

1230

00:55:21,910 --> 00:55:19,980

almost like a crawler but I mean this

1231

00:55:25,609 --> 00:55:21,920

thing had fur I mean it was a physical

1232

00:55:28,910 --> 00:55:25,619

being I mean it wasn't like you know

1233

00:55:32,030 --> 00:55:28,920

it's I don't know man it's it's totally

1234

00:55:34,309 --> 00:55:32,040

I mean it's corporeal so I mean you know

1235

00:55:37,130 --> 00:55:34,319

you heard it you saw it hitting rocks

1236

00:55:39,349 --> 00:55:37,140

and moving rocks and actually grabbing a

1237

00:55:42,230 --> 00:55:39,359

bird or whatever and yeah I was doing

1238

00:55:44,690 --> 00:55:42,240

things with corporeal a being would do

1239

00:55:47,990 --> 00:55:44,700

so you weren't seeing some type of met

1240

00:55:50,690 --> 00:55:48,000

some type of uh spear manifestation or

1241

00:55:52,849 --> 00:55:50,700

some type yeah definitely even like a

1242

00:55:56,150 --> 00:55:52,859

tulpa or anything like that I mean you

1243

00:55:57,829 --> 00:55:56,160

know yeah I I you know this whole thing

1244

00:56:00,410 --> 00:55:57,839

you know from the very beginning when I

1245

00:56:02,930 --> 00:56:00,420

you told me about this and then I

1246

00:56:06,650 --> 00:56:02,940

started talking to um

1247

00:56:09,829 --> 00:56:06,660

to Eric Eric mantel about it I mean it's

1248

00:56:13,069 --> 00:56:09,839

just like it's crazy I mean it is it is

1249

00:56:15,309 --> 00:56:13,079

I mean imagine the person seeing it and

1250

00:56:18,770 --> 00:56:15,319

you're like

1251

00:56:20,930 --> 00:56:18,780

okay throw everything you thought you

1252

00:56:23,210 --> 00:56:20,940

knew about the Wilderness and

1253

00:56:25,370 --> 00:56:23,220

did it did you actually did you hear it

1254

00:56:28,609 --> 00:56:25,380

make any sounds growls or anything like

1255

00:56:29,210 --> 00:56:28,619

that it it kind of grunny

1256

00:56:34,549 --> 00:56:29,220

um

1257

00:56:36,170 --> 00:56:34,559

I was like you know I was like I

1258

00:56:39,170 --> 00:56:36,180

probably grunt too if I fell there for

1259

00:56:42,109 --> 00:56:39,180

him right yeah I mean you know if it had

1260

00:56:44,690 --> 00:56:42,119

not moved would you have gone closer

1261

00:56:46,430 --> 00:56:44,700

like when it fell

1262

00:56:49,790 --> 00:56:46,440

um

1263

00:56:51,049 --> 00:56:49,800

probably yeah I probably would have gone

1264

00:56:53,089 --> 00:56:51,059

back

1265

00:56:56,990 --> 00:56:53,099

um that was my daughter no for sure yeah

1266

00:57:00,049 --> 00:56:57,000

yeah as violent as this thing was I mean

1267

00:57:03,470 --> 00:57:00,059

yeah James James asked about there was

1268

00:57:06,650 --> 00:57:03,480

no tail no there was no tail that that I

1269

00:57:08,390 --> 00:57:06,660

can confirm because when it fell it

1270

00:57:11,210 --> 00:57:08,400

landed

1271

00:57:14,390 --> 00:57:11,220

um on a 45 so you know if I'm here it

1272

00:57:17,630 --> 00:57:14,400

would land like this and I could see you

1273

00:57:19,010 --> 00:57:17,640

know calmed in uh if they asked what I

1274

00:57:21,530 --> 00:57:19,020

want to call it and you know there was

1275

00:57:23,210 --> 00:57:21,540

no tail at all

1276

00:57:24,890 --> 00:57:23,220

one other thing you might want to check

1277

00:57:26,690 --> 00:57:24,900

out when you're checking these like USGS

1278

00:57:30,910 --> 00:57:26,700

maps and stuff see if you can find a

1279

00:57:39,589 --> 00:57:33,770

is there a magnetic anomaly there yes

1280

00:57:42,010 --> 00:57:39,599

and it's it's uh in the 400 range Nano

1281

00:57:44,569 --> 00:57:42,020

Teslas

1282

00:57:47,510 --> 00:57:44,579

somebody sent me a magnetic anomaly map

1283

00:57:49,670 --> 00:57:47,520

of York County and literally

1284

00:57:52,670 --> 00:57:49,680

every one of these places I go where we

1285

00:57:55,490 --> 00:57:52,680

where people have had repeat incidents

1286

00:57:58,130 --> 00:57:55,500

has magnetic anomalies there yeah yeah

1287

00:58:00,829 --> 00:57:58,140

and you know again that's part of the

1288

00:58:03,170 --> 00:58:00,839

you know all these settings as far as

1289

00:58:07,069 --> 00:58:03,180

now I'm just taking the dog man sayings

1290

00:58:11,750 --> 00:58:07,079

but every single place of where these

1291

00:58:13,910 --> 00:58:11,760

things to where there is a definitive

1292

00:58:16,250 --> 00:58:13,920

um location given

1293

00:58:20,030 --> 00:58:16,260

all these same patterns keep coming up

1294

00:58:22,970 --> 00:58:20,040

so I in my opinion I think there is a

1295

00:58:25,609 --> 00:58:22,980

science there to say Hey you know I

1296

00:58:27,829 --> 00:58:25,619

think we should be investigating this as

1297

00:58:31,010 --> 00:58:27,839

well so you know I'm still my own

1298

00:58:33,049 --> 00:58:31,020

research for that you know uh the

1299

00:58:37,069 --> 00:58:33,059

bizarre thing is is there's always two

1300

00:58:40,430 --> 00:58:37,079

bodies of work as far as a reservoir

1301  
00:58:43,130 --> 00:58:40,440  
a smaller Pond and there's a river

1302  
00:58:45,890 --> 00:58:43,140  
within three miles of you know and

1303  
00:58:47,690 --> 00:58:45,900  
there's always a park yeah that's one of

1304  
00:58:49,970 --> 00:58:47,700  
the things I asked like when I'm called

1305  
00:58:52,130 --> 00:58:49,980  
out on like Bigfoot witnesses to meet

1306  
00:58:53,210 --> 00:58:52,140  
them and and so forth and they give me

1307  
00:58:54,589 --> 00:58:53,220  
their encounters one of the things I

1308  
00:58:57,049 --> 00:58:54,599  
always ask is where's the nearest Creek

1309  
00:58:58,430 --> 00:58:57,059  
and I'm trying to like we're in

1310  
00:59:00,289 --> 00:58:58,440  
Pennsylvania right there's Creeks

1311  
00:59:02,450 --> 00:59:00,299  
everywhere so I don't know if that's

1312  
00:59:04,309 --> 00:59:02,460  
really connected but there's always a

1313  
00:59:05,809 --> 00:59:04,319

creek nearby that's you know there's all

1314

00:59:06,950 --> 00:59:05,819

like I haven't found one yet where they

1315

00:59:08,750 --> 00:59:06,960

haven't said oh no there's no Creek

1316

00:59:11,030 --> 00:59:08,760

around here but is that because they're

1317

00:59:13,930 --> 00:59:11,040

Pennsylvania or is that because they're

1318

00:59:17,690 --> 00:59:13,940

around Creeks or both you know yeah

1319

00:59:19,609 --> 00:59:17,700

and we we do have a we do have a a kind

1320

00:59:21,289 --> 00:59:19,619

of um

1321

00:59:25,190 --> 00:59:21,299

you know we have a lot of limestone

1322

00:59:27,589 --> 00:59:25,200

creeks a lot of limestone streams a lot

1323

00:59:31,549 --> 00:59:27,599

of spring fed yeah especially in south

1324

00:59:33,530 --> 00:59:31,559

central Pennsylvania yes and uh

1325

00:59:35,690 --> 00:59:33,540

I don't know I mean maybe there is

1326

00:59:37,870 --> 00:59:35,700

something to that I don't know

1327

00:59:42,710 --> 00:59:40,789

it is I mean you know these karst

1328

00:59:45,049 --> 00:59:42,720

regions

1329

00:59:47,870 --> 00:59:45,059

um just keep popping up at every one of

1330

00:59:49,510 --> 00:59:47,880

these locations and I I've analyzed

1331

00:59:52,569 --> 00:59:49,520

probably

1332

00:59:56,510 --> 00:59:52,579

120 in just in PA

1333

00:59:58,190 --> 00:59:56,520

now since like 1960s to where I could

1334

01:00:01,130 --> 00:59:58,200

get a definitive I mean I've done

1335

01:00:03,650 --> 01:00:01,140

thousands of hours of research on this I

1336

01:00:06,049 --> 01:00:03,660

mean you know I I I will get answers

1337

01:00:08,569 --> 01:00:06,059

some way somewhere James James West

1338

01:00:11,150 --> 01:00:08,579

asked what's the game situation in the

1339

01:00:12,589 --> 01:00:11,160

area well it's like anywhere else in

1340

01:00:14,530 --> 01:00:12,599

South Central even though that's a

1341

01:00:17,569 --> 01:00:14,540

little further west that's near Redding

1342

01:00:19,870 --> 01:00:17,579

uh I mean there there are some small

1343

01:00:23,750 --> 01:00:19,880

bear populations in and around the area

1344

01:00:25,730 --> 01:00:23,760

yes of course there's a lot of deer uh

1345

01:00:29,089 --> 01:00:25,740

but you know what we've been getting

1346

01:00:30,609 --> 01:00:29,099

more and more of these candid phenomena

1347

01:00:33,890 --> 01:00:30,619

sightings

1348

01:00:36,010 --> 01:00:33,900

in the eastern part of the state in more

1349

01:00:38,390 --> 01:00:36,020

recent years especially on the Poconos

1350

01:00:41,630 --> 01:00:38,400

I've done a lot of sightings up the

1351

01:00:43,430 --> 01:00:41,640

Poconos uh I know Eric's working on one

1352

01:00:46,849 --> 01:00:43,440

down in I guess Chester County or

1353

01:00:49,370 --> 01:00:46,859

Montgomery County uh now this is Berks

1354

01:00:51,650 --> 01:00:49,380

County uh Bucks County we've had three

1355

01:00:54,049 --> 01:00:51,660

or four sightings in and around

1356

01:00:56,809 --> 01:00:54,059

uh

1357

01:01:02,270 --> 01:00:56,819

Doylestown that area around there oh

1358

01:01:05,870 --> 01:01:04,370

you know this you know when Butch and I

1359

01:01:07,250 --> 01:01:05,880

started looking into this we were

1360

01:01:09,170 --> 01:01:07,260

getting most of the sightings in the

1361

01:01:11,930 --> 01:01:09,180

central part of the state well

1362

01:01:14,329 --> 01:01:11,940

I I'd say from the Allegheny state

1363

01:01:16,910 --> 01:01:14,339

forest South East into like maybe

1364

01:01:19,130 --> 01:01:16,920

Lancaster County but just goes a little

1365

01:01:20,690 --> 01:01:19,140

bit further east in that and now we're

1366

01:01:22,190 --> 01:01:20,700

getting all these sites especially this

1367

01:01:23,930 --> 01:01:22,200

year we're getting all these sightings

1368

01:01:29,390 --> 01:01:23,940

around on the eastern part of the state

1369

01:01:32,650 --> 01:01:29,400

yeah it's weird I mean I'm I'm in the

1370

01:01:37,750 --> 01:01:32,660

process of getting some drones and some

1371

01:01:41,329 --> 01:01:37,760

high-end uh trail cams and uh I'll be

1372

01:01:43,789 --> 01:01:41,339

once I find out good spots to put this

1373

01:01:46,430 --> 01:01:43,799

stuff in as far as you know terrain that

1374

01:01:49,430 --> 01:01:46,440

I'm looking for because this thing is

1375

01:01:51,890 --> 01:01:49,440

not living in the woods uh you know

1376

01:01:55,130 --> 01:01:51,900

it could be migrating but I think

1377

01:01:59,390 --> 01:01:55,140

there's a den or you know because it's

1378

01:02:01,910 --> 01:01:59,400

too big it's way too big it has to be in

1379

01:02:07,309 --> 01:02:01,920

like a cavern a cave

1380

01:02:07,910 --> 01:02:07,319

uh you know a deep ravine something

1381

01:02:09,230 --> 01:02:07,920

um

1382

01:02:11,690 --> 01:02:09,240

and that's

1383

01:02:13,789 --> 01:02:11,700

I keep going back to that because I mean

1384

01:02:15,890 --> 01:02:13,799

this thing

1385

01:02:17,650 --> 01:02:15,900

I mean I could be totally wrong I mean I

1386

01:02:21,530 --> 01:02:17,660

I've been reading you know

1387

01:02:23,390 --> 01:02:21,540

zoology stuff I mean I'm just I got like

1388

01:02:26,510 --> 01:02:23,400

10 different subjects that I'm reading

1389

01:02:29,150 --> 01:02:26,520

try and build and build a

1390

01:02:31,849 --> 01:02:29,160

possible and put these pieces together

1391

01:02:35,270 --> 01:02:31,859

you know so

1392

01:02:37,370 --> 01:02:35,280

I don't know I mean so you know just

1393

01:02:38,150 --> 01:02:37,380

just a little bit of advice

1394

01:02:41,450 --> 01:02:38,160

um

1395

01:02:44,510 --> 01:02:41,460

I went through a period where I thought

1396

01:02:46,730 --> 01:02:44,520

I was gonna solve it you know the solve

1397

01:02:48,890 --> 01:02:46,740

the Bigfoot thing and at some point I I

1398

01:02:53,809 --> 01:02:48,900

realized I'm not I'm not going to solve

1399

01:02:55,609 --> 01:02:53,819

this I had to sit down and and say you

1400

01:02:56,930 --> 01:02:55,619

know what dude do you still you know I

1401

01:02:59,569 --> 01:02:56,940

was kind of depressed honestly about

1402

01:03:01,250 --> 01:02:59,579

real impressed about it and I'd sit down

1403

01:03:02,930 --> 01:03:01,260

and like talk to myself and just say hey

1404

01:03:04,910 --> 01:03:02,940

are you still interested in it do you

1405

01:03:07,430 --> 01:03:04,920

still like it are you willing to accept

1406

01:03:09,049 --> 01:03:07,440

that you you're you might not solve this

1407

01:03:10,730 --> 01:03:09,059

so

1408

01:03:12,230 --> 01:03:10,740

I mean I think it's great to look for

1409

01:03:13,549 --> 01:03:12,240

answers I'm not telling you not to do

1410

01:03:16,730 --> 01:03:13,559

that look for all the answers you can

1411

01:03:20,930 --> 01:03:16,740

find but be prepared like you might not

1412

01:03:23,329 --> 01:03:20,940

hey I agree you know and uh you know I'm

1413

01:03:29,210 --> 01:03:23,339

keeping an open mind you know I

1414

01:03:34,370 --> 01:03:32,030

if I can say anything with certainty

1415

01:03:35,750 --> 01:03:34,380

about crypto hunting if you're out there

1416

01:03:38,329 --> 01:03:35,760

looking for it you're not going to find

1417

01:03:42,289 --> 01:03:38,339

it right it'll find you before you find

1418

01:03:45,230 --> 01:03:42,299

it oh yeah exactly and so you know I'm

1419

01:03:46,910 --> 01:03:45,240

just I you know I will say your journey

1420

01:03:48,589 --> 01:03:46,920

looking for it you're gonna it's gonna

1421

01:03:51,530 --> 01:03:48,599

be an interesting Journey for that you

1422

01:03:53,450 --> 01:03:51,540

can depend on you know it'll be it'll be

1423

01:03:55,730 --> 01:03:53,460

very interesting so you it's it's

1424

01:03:57,650 --> 01:03:55,740

rewarding even if you don't come up with

1425

01:04:00,650 --> 01:03:57,660

you know finding the exact answers you

1426  
01:04:03,109 --> 01:04:00,660  
set out for yeah yeah I mean you know

1427  
01:04:05,569 --> 01:04:03,119  
I'm I'm just trying to

1428  
01:04:07,930 --> 01:04:05,579  
I'm just trying to educate myself on

1429  
01:04:10,130 --> 01:04:07,940  
okay yeah

1430  
01:04:11,930 --> 01:04:10,140  
wherever it leaves at least and I'm

1431  
01:04:14,329 --> 01:04:11,940  
keeping an open mind because you know

1432  
01:04:16,910 --> 01:04:14,339  
the way to do it all the time you know

1433  
01:04:18,650 --> 01:04:16,920  
uh people people have these sightings

1434  
01:04:21,250 --> 01:04:18,660  
and they don't come fooled you know and

1435  
01:04:24,049 --> 01:04:21,260  
they struggle with it

1436  
01:04:27,049 --> 01:04:24,059  
so Tim let me ask you this

1437  
01:04:28,510 --> 01:04:27,059  
let's let's say we go forward on this as

1438  
01:04:32,510 --> 01:04:28,520

a team

1439

01:04:37,490 --> 01:04:34,789

huh

1440

01:04:43,490 --> 01:04:41,270

I think can I can we get around these

1441

01:04:48,349 --> 01:04:43,500

quarries at night

1442

01:04:51,289 --> 01:04:48,359

uh well The Preserve closes at night

1443

01:04:54,950 --> 01:04:51,299

I'm actually oh the quarries in The

1444

01:04:59,270 --> 01:04:54,960

Preserve well yeah it's a performance

1445

01:05:03,049 --> 01:04:59,280

yeah the Quarry is it borders it

1446

01:05:04,609 --> 01:05:03,059

um and supposedly without permission

1447

01:05:06,770 --> 01:05:04,619

you're not allowed in there after dark

1448

01:05:08,510 --> 01:05:06,780

but you know I guess you could do it who

1449

01:05:11,930 --> 01:05:08,520

runs that is it the state county or what

1450

01:05:14,809 --> 01:05:11,940

I think it's the Birdsboro

1451

01:05:17,809 --> 01:05:14,819

um municipality that runs the bizarre

1452

01:05:20,690 --> 01:05:17,819

part of it and then the uh state park is

1453

01:05:22,370 --> 01:05:20,700

you know state parks us and yeah so this

1454

01:05:24,410 --> 01:05:22,380

is where we need Butch because Butch

1455

01:05:26,390 --> 01:05:24,420

could sweet talk somebody getting in

1456

01:05:28,130 --> 01:05:26,400

there Chad and I have had real good luck

1457

01:05:30,829 --> 01:05:28,140

with state parks if you just if you're

1458

01:05:33,530 --> 01:05:30,839

just honest and you tell them hey we

1459

01:05:35,569 --> 01:05:33,540

want to be do a night hike this is we're

1460

01:05:37,130 --> 01:05:35,579

gonna have two cars these are the mix of

1461

01:05:39,349 --> 01:05:37,140

our cars this is where we're going to

1462

01:05:41,870 --> 01:05:39,359

park yeah we're gonna be in there

1463

01:05:43,789 --> 01:05:41,880

sometimes not always sometimes they're

1464

01:05:46,069 --> 01:05:43,799

pretty reasonable about it they're like

1465

01:05:48,289 --> 01:05:46,079

okay because for the most part state

1466

01:05:49,970 --> 01:05:48,299

parks they're happy for you to use they

1467

01:05:52,849 --> 01:05:49,980

want you to use the resources you know

1468

01:05:54,950 --> 01:05:52,859

they want you to be there so um we've

1469

01:05:56,569 --> 01:05:54,960

we've hiked state parks at night we just

1470

01:05:57,829 --> 01:05:56,579

would contact the Rangers we tell them

1471

01:06:00,410 --> 01:05:57,839

where we're going to be and there's and

1472

01:06:02,150 --> 01:06:00,420

they say fine you know have they allowed

1473

01:06:04,309 --> 01:06:02,160

you to go into Misha before

1474

01:06:07,670 --> 01:06:04,319

you know you can go in anytime you want

1475

01:06:09,470 --> 01:06:07,680

oh really yeah day night anytime you can

1476

01:06:13,010 --> 01:06:09,480

be there anytime you want

1477

01:06:14,870 --> 01:06:13,020

um but but I realize it but like codor

1478

01:06:16,609 --> 01:06:14,880

State Park we get permission

1479

01:06:17,990 --> 01:06:16,619

from the from the brains as we tell them

1480

01:06:19,549 --> 01:06:18,000

we're going to be there they you know

1481

01:06:22,549 --> 01:06:19,559

and they said that's fine you know but

1482

01:06:24,049 --> 01:06:22,559

we we always let them know because uh we

1483

01:06:25,609 --> 01:06:24,059

don't want to you know adversarial

1484

01:06:27,770 --> 01:06:25,619

relationship with them so that's a

1485

01:06:32,390 --> 01:06:27,780

possibility

1486

01:06:35,029 --> 01:06:32,400

um just to ask whoever else you know

1487

01:06:36,470 --> 01:06:35,039

just and you know we usually just say

1488

01:06:37,490 --> 01:06:36,480

we're going we want to do a night hike

1489

01:06:39,549 --> 01:06:37,500

they don't have to know what we're

1490

01:06:42,829 --> 01:06:39,559

hiking for you know absolutely yeah yeah

1491

01:06:46,309 --> 01:06:42,839

no I I understand that right interesting

1492

01:06:47,809 --> 01:06:46,319

I mean there's a I was on the uh State

1493

01:06:51,170 --> 01:06:47,819

Park

1494

01:06:53,809 --> 01:06:51,180

um website and I was also on the dcnr in

1495

01:06:55,789 --> 01:06:53,819

the dcnr if you have research that you

1496

01:06:58,789 --> 01:06:55,799

want to do on something uh you know

1497

01:07:00,170 --> 01:06:58,799

they're very open to volunteers you do

1498

01:07:02,390 --> 01:07:00,180

that so

1499

01:07:04,730 --> 01:07:02,400

um I was thinking about reaching out to

1500

01:07:06,770 --> 01:07:04,740

them and you know and then you know

1501

01:07:09,289 --> 01:07:06,780

talking with local law enforcement is

1502

01:07:11,029 --> 01:07:09,299

you know as well and say hey look you

1503

01:07:13,730 --> 01:07:11,039

know this is what we want to do and see

1504

01:07:15,289 --> 01:07:13,740

if we you know you know we we have had

1505

01:07:23,089 --> 01:07:15,299

two

1506

01:07:25,910 --> 01:07:23,099

sightings in French Creek really yeah

1507

01:07:29,650 --> 01:07:25,920

wow because Butch was looking into one

1508

01:07:31,789 --> 01:07:29,660

of them so yes I would like to

1509

01:07:33,589 --> 01:07:31,799

see if we get in there at night if we

1510

01:07:35,870 --> 01:07:33,599

get any anomalous lights

1511

01:07:37,670 --> 01:07:35,880

um around those quarries I'd be

1512

01:07:39,950 --> 01:07:37,680

surprised if we don't honestly yeah I

1513

01:07:42,430 --> 01:07:39,960

would be too especially digging down

1514

01:07:45,770 --> 01:07:42,440

there in the Limestone absolutely yeah

1515

01:07:47,569 --> 01:07:45,780

and now with the I you know who can say

1516

01:07:49,970 --> 01:07:47,579

if it's related but

1517

01:07:51,410 --> 01:07:49,980

uh you know the anomalous lights and

1518

01:07:54,710 --> 01:07:51,420

these things they they travel together

1519

01:07:56,630 --> 01:07:54,720

you know yeah so that that be one thing

1520

01:07:57,770 --> 01:07:56,640

I'd definitely like to do we could

1521

01:07:59,510 --> 01:07:57,780

certainly get in there during the day

1522

01:08:02,569 --> 01:07:59,520

and look around and you know just look

1523

01:08:04,190 --> 01:08:02,579

for everything we can see but uh I'm

1524

01:08:05,690 --> 01:08:04,200

I'm very curious about the anomalous

1525

01:08:07,010 --> 01:08:05,700

lights

1526

01:08:08,930 --> 01:08:07,020

um

1527

01:08:11,510 --> 01:08:08,940

Matt you're doing a heck of a job with

1528

01:08:15,109 --> 01:08:11,520

with all the this geological research I

1529

01:08:17,570 --> 01:08:15,119

mean trust me I I'm I you know an

1530

01:08:19,490 --> 01:08:17,580

interesting thing I even went online as

1531

01:08:21,590 --> 01:08:19,500

far as

1532

01:08:23,510 --> 01:08:21,600

um you know like radioactive because I

1533

01:08:26,570 --> 01:08:23,520

mean this thing was like sickly looking

1534

01:08:28,070 --> 01:08:26,580

I mean it wasn't it didn't seem healthy

1535

01:08:30,530 --> 01:08:28,080

to me well you said you checked the

1536

01:08:32,990 --> 01:08:30,540

radon label uh levels of that area too

1537

01:08:34,669 --> 01:08:33,000

didn't you oh yeah you know I just

1538

01:08:37,550 --> 01:08:34,679

started going through I mean you know

1539

01:08:38,930 --> 01:08:37,560

just Wildfire just by Don lockham I

1540

01:08:42,110 --> 01:08:38,940

guess it was about a month ago I was

1541

01:08:45,470 --> 01:08:42,120

watching about High Hybrid mutant

1542

01:08:47,450 --> 01:08:45,480

species over in chernoby you know you

1543

01:08:49,789 --> 01:08:47,460

know all these different things and it

1544

01:08:52,010 --> 01:08:49,799

was like boom I'm like you know what

1545

01:08:55,729 --> 01:08:52,020

this thing could be you know

1546

01:08:58,550 --> 01:08:55,739

Subterranean uh which you know I

1547

01:08:59,630 --> 01:08:58,560

I'm rolling it out 50 50 chance because

1548

01:09:02,809 --> 01:08:59,640

you know

1549

01:09:05,150 --> 01:09:02,819

um I'm thinking what the way this thing

1550

01:09:07,309 --> 01:09:05,160

looked I mean it did not look healthy it

1551

01:09:09,530 --> 01:09:07,319

did not look like it saw sunlight or it

1552

01:09:11,630 --> 01:09:09,540

was nocturnal you know but it was really

1553

01:09:13,610 --> 01:09:11,640

skinny so I thought hey you know what

1554

01:09:17,030 --> 01:09:13,620

let me go in here and check the radon

1555

01:09:19,490 --> 01:09:17,040

levels for uh Jester and uh this area

1556

01:09:23,749 --> 01:09:19,500

ensures could be

1557

01:09:25,729 --> 01:09:23,759

uh 73 percent radon levels in certain

1558

01:09:28,450 --> 01:09:25,739

Wells the highest in Pennsylvania

1559

01:09:32,150 --> 01:09:28,460

actually the country

1560

01:09:35,030 --> 01:09:32,160

and it's right in the same Bridge

1561

01:09:37,189 --> 01:09:35,040

so who did you know they're at home you

1562

01:09:38,809 --> 01:09:37,199

know I'm just I'm just looking at in the

1563

01:09:41,930 --> 01:09:38,819

USGS

1564

01:09:45,890 --> 01:09:41,940

the website it's absolutely amazing as

1565

01:09:48,229 --> 01:09:45,900

well yeah I got I got mine I got the PA

1566

01:09:51,169 --> 01:09:48,239

mind maps uh interactive maps right off

1567

01:09:53,630 --> 01:09:51,179

the internet I mean there's 250 minds

1568

01:09:56,090 --> 01:09:53,640

and that's just coal mines then there's

1569

01:09:58,310 --> 01:09:56,100

there's four mines there's you know

1570

01:10:00,830 --> 01:09:58,320

silver mountains oh yeah that's

1571

01:10:02,750 --> 01:10:00,840

something that we had looked at from the

1572

01:10:04,970 --> 01:10:02,760

very beginning with the coal mines in

1573

01:10:06,890 --> 01:10:04,980

particular these the surface mines and

1574

01:10:09,530 --> 01:10:06,900

and then you know the caves and stuff

1575

01:10:12,169 --> 01:10:09,540

especially down in Cambria County and

1576

01:10:15,650 --> 01:10:12,179

stuff where they had had done some uh

1577

01:10:17,810 --> 01:10:15,660

not real heavy duty coal mining but

1578

01:10:21,950 --> 01:10:17,820

there are a lot of caves in this state

1579

01:10:23,390 --> 01:10:21,960

and um I think I think Berks County's

1580

01:10:25,610 --> 01:10:23,400

got a lot of them too to be honest with

1581

01:10:27,229 --> 01:10:25,620

you I mean you know Birch county is a

1582

01:10:29,450 --> 01:10:27,239

strange County especially for that for

1583

01:10:31,490 --> 01:10:29,460

that part of the state because they do

1584

01:10:34,850 --> 01:10:31,500

have they do have mountains in that area

1585

01:10:37,070 --> 01:10:34,860

in in the state in that county uh and

1586

01:10:38,510 --> 01:10:37,080

you wouldn't think it but it does they

1587

01:10:40,610 --> 01:10:38,520

do

1588

01:10:43,490 --> 01:10:40,620

um yeah

1589

01:10:45,890 --> 01:10:43,500

yeah I mean you know that's the that's

1590

01:10:46,669 --> 01:10:45,900

the nice thing about flying I mean you

1591

01:10:50,689 --> 01:10:46,679

know

1592

01:10:53,990 --> 01:10:50,699

see that stuff from the air all the time

1593

01:10:56,090 --> 01:10:54,000

so you know that's my next my next plan

1594

01:10:57,770 --> 01:10:56,100

of attack is over there in a while all

1595

01:10:59,689 --> 01:10:57,780

the leaves are off

1596

01:11:02,570 --> 01:10:59,699

I'm gonna be going on through the works

1597

01:11:06,530 --> 01:11:02,580

finding you know these deepest Ravine

1598

01:11:09,470 --> 01:11:06,540

areas and go down The Ridges you know in

1599

01:11:12,169 --> 01:11:09,480

Google Earth and then go back with the

1600

01:11:16,669 --> 01:11:12,179

actions you know fly over those areas

1601  
01:11:19,250 --> 01:11:16,679  
and then so weird yeah you know I'm the

1602  
01:11:21,110 --> 01:11:19,260  
first thing I'm thinking of is that 70s

1603  
01:11:22,910 --> 01:11:21,120  
movie trog yeah remember that you

1604  
01:11:25,669 --> 01:11:22,920  
remember seeing that movie I don't think

1605  
01:11:26,689 --> 01:11:25,679  
I did oh my God you got to see that

1606  
01:11:31,010 --> 01:11:26,699  
thing

1607  
01:11:33,290 --> 01:11:31,020  
yeah if trog t-r-o-g that well I want a

1608  
01:11:34,669 --> 01:11:33,300  
wildest moves ever slow and I was when I

1609  
01:11:37,130 --> 01:11:34,679  
was a kid that's the first thing that

1610  
01:11:39,290 --> 01:11:37,140  
hit my mind when I I thought about this

1611  
01:11:40,450 --> 01:11:39,300  
yeah

1612  
01:11:44,450 --> 01:11:40,460  
um

1613  
01:11:46,070 --> 01:11:44,460

you know I don't know this this is

1614

01:11:48,850 --> 01:11:46,080

it's crazy it's definitely worth

1615

01:11:52,130 --> 01:11:48,860

investigating I mean I you know we

1616

01:11:53,630 --> 01:11:52,140

uh yeah I mean this is just just so

1617

01:11:56,030 --> 01:11:53,640

weird you didn't you never came up with

1618

01:11:57,169 --> 01:11:56,040

any tracks or anything like that did you

1619

01:11:59,870 --> 01:11:57,179

no no

1620

01:12:01,930 --> 01:11:59,880

um we were actually up we were up on top

1621

01:12:05,689 --> 01:12:01,940

of the hill we were probably

1622

01:12:08,750 --> 01:12:05,699

75 yards away right

1623

01:12:12,410 --> 01:12:08,760

um it was just too thick to get down in

1624

01:12:16,430 --> 01:12:12,420

there but uh yeah you know once the

1625

01:12:18,770 --> 01:12:16,440

leaves are off the trees and and uh we

1626

01:12:20,110 --> 01:12:18,780

can get get back in there

1627

01:12:23,209 --> 01:12:20,120

um

1628

01:12:24,890 --> 01:12:23,219

yeah I I don't I don't think yeah I

1629

01:12:27,950 --> 01:12:24,900

think it would probably be best when

1630

01:12:31,550 --> 01:12:27,960

it's kind of stripped of the leaves

1631

01:12:32,990 --> 01:12:31,560

oh yeah absolutely I agree yeah I like I

1632

01:12:34,370 --> 01:12:33,000

like to see when I'm out there I don't

1633

01:12:36,850 --> 01:12:34,380

like things to be like get right up on

1634

01:12:39,470 --> 01:12:36,860

me yeah I don't want anything

1635

01:12:42,290 --> 01:12:39,480

camouflage are covering itself that big

1636

01:12:44,030 --> 01:12:42,300

or like that that's good yeah it's bad

1637

01:12:47,090 --> 01:12:44,040

enough you have to worry about bears and

1638

01:12:50,510 --> 01:12:47,100

cats but uh yeah one of these you know

1639

01:12:54,610 --> 01:12:50,520

believe me I would rather come across 3

1640

01:12:59,149 --> 01:12:57,410

I know when you called me it was it was

1641

01:13:01,430 --> 01:12:59,159

pretty fresh after you saw it and you

1642

01:13:04,330 --> 01:13:01,440

were pretty upset when you called me oh

1643

01:13:07,030 --> 01:13:04,340

I was I'll just wake up everything

1644

01:13:09,649 --> 01:13:07,040

[Laughter]

1645

01:13:11,750 --> 01:13:09,659

you don't understand man I mean we've

1646

01:13:14,709 --> 01:13:11,760

got the gym Crawford was in there that's

1647

01:13:14,719 --> 01:13:20,930

there you go uh yeah

1648

01:13:24,890 --> 01:13:23,030

and like I said to you at the time if

1649

01:13:27,590 --> 01:13:24,900

you know I have kids you put your kids

1650

01:13:30,229 --> 01:13:27,600

in the equation and that's absolutely so

1651  
01:13:32,990 --> 01:13:30,239  
much worse because it's like oh yeah I

1652  
01:13:35,990 --> 01:13:33,000  
mean you know I probably

1653  
01:13:38,149 --> 01:13:36,000  
a lot of people ask me like hey you

1654  
01:13:40,010 --> 01:13:38,159  
there's a there's a place we go to see

1655  
01:13:41,630 --> 01:13:40,020  
anomalous lights it gets pretty creepy

1656  
01:13:43,189 --> 01:13:41,640  
and a lot of people are like hey you

1657  
01:13:44,709 --> 01:13:43,199  
take your wife and kids there I'm like

1658  
01:13:47,630 --> 01:13:44,719  
yeah

1659  
01:13:48,890 --> 01:13:47,640  
because it's like it gets too weird and

1660  
01:13:50,810 --> 01:13:48,900  
then I'm like I wouldn't be able to

1661  
01:13:53,870 --> 01:13:50,820  
focus on anything but like are you guys

1662  
01:13:55,610 --> 01:13:53,880  
okay you know like like absolutely with

1663  
01:13:59,090 --> 01:13:55,620

them in the car you know because it just

1664

01:14:00,830 --> 01:13:59,100

it gets too too weird have you ever have

1665

01:14:03,649 --> 01:14:00,840

you ever heard of Brown Mountain down in

1666

01:14:06,770 --> 01:14:03,659

North Carolina absolutely yeah

1667

01:14:09,770 --> 01:14:06,780

um I actually knew a guy who did uh

1668

01:14:13,970 --> 01:14:09,780

studying down there with the military on

1669

01:14:15,890 --> 01:14:13,980

what those lights were and uh they they

1670

01:14:17,110 --> 01:14:15,900

think it has to do with Magnetic

1671

01:14:21,290 --> 01:14:17,120

friction

1672

01:14:24,350 --> 01:14:21,300

with the weather down there as far as

1673

01:14:27,229 --> 01:14:24,360

like certain times pretty crazy stuff

1674

01:14:28,850 --> 01:14:27,239

but yeah yeah well there have been so

1675

01:14:30,649 --> 01:14:28,860

many stories of people going on there

1676

01:14:33,470 --> 01:14:30,659

following the lights around getting lost

1677

01:14:36,229 --> 01:14:33,480

I mean you know it's it's a crazy crazy

1678

01:14:38,149 --> 01:14:36,239

place oh yeah I mean the Cherokee used

1679

01:14:39,890 --> 01:14:38,159

to talk about it all the time I mean you

1680

01:14:41,450 --> 01:14:39,900

know they you know that whole area was

1681

01:14:43,010 --> 01:14:41,460

just

1682

01:14:43,550 --> 01:14:43,020

yeah

1683

01:14:46,850 --> 01:14:43,560

um

1684

01:14:48,470 --> 01:14:46,860

well guys I tell you what I I Matt I

1685

01:14:51,590 --> 01:14:48,480

appreciate you coming forward and coming

1686

01:14:53,870 --> 01:14:51,600

on the show and talking about this and

1687

01:14:56,270 --> 01:14:53,880

and Tim I appreciate you coming on to

1688

01:14:58,010 --> 01:14:56,280

help me out and and uh asking questions

1689

01:15:00,410 --> 01:14:58,020

with Matt we're gonna have to look into

1690

01:15:02,810 --> 01:15:00,420

this a little bit further uh because

1691

01:15:05,510 --> 01:15:02,820

there's there's something just as not

1692

01:15:10,610 --> 01:15:05,520

right about this I mean this is this is

1693

01:15:14,750 --> 01:15:12,110

it's not

1694

01:15:16,729 --> 01:15:14,760

okay guys well thanks for coming on and

1695

01:15:18,770 --> 01:15:16,739

uh you know keep in touch and we'll be

1696

01:15:20,649 --> 01:15:18,780

talking soon all right sounds great

1697

01:15:24,229 --> 01:15:20,659

thanks for having me

1698

01:15:26,630 --> 01:15:24,239

yeah see ya

1699

01:15:28,370 --> 01:15:26,640

now if you've had a cider and counter

1700

01:15:30,290 --> 01:15:28,380

report uh that you'd like to be

1701

01:15:33,050 --> 01:15:30,300

considered for the personal report show

1702

01:15:35,090 --> 01:15:33,060

or even post on fans of monsters you can

1703

01:15:38,270 --> 01:15:35,100

forward it to my email at law instructor

1704

01:15:42,470 --> 01:15:38,280

famson monsters.com uh I want to again

1705

01:15:44,990 --> 01:15:42,480

thank uh Matt for coming on in for uh

1706

01:15:48,649 --> 01:15:45,000

and for Tim to come on as well this is

1707

01:15:51,110 --> 01:15:48,659

crazy it's a crazy sighting uh so uh

1708

01:15:52,790 --> 01:15:51,120

like I said if we do get any follow-ups

1709

01:15:53,689 --> 01:15:52,800

on any more information we will

1710

01:15:56,209 --> 01:15:53,699

definitely

1711

01:15:58,729 --> 01:15:56,219

post a little team site on the on the on

1712

01:16:00,649 --> 01:15:58,739

the blog or whatever but uh you know

1713

01:16:03,229 --> 01:16:00,659

even if we get more information we might

1714

01:16:04,130 --> 01:16:03,239

even do another show so

1715

01:16:07,130 --> 01:16:04,140

um

1716

01:16:09,290 --> 01:16:07,140

uh and thanks to all of you for coming

1717

01:16:11,390 --> 01:16:09,300

on and watching chatting and asking

1718

01:16:14,990 --> 01:16:11,400

questions that that's a big part of this

1719

01:16:18,110 --> 01:16:15,000

as well uh participation is always

1720

01:16:20,750 --> 01:16:18,120

welcomed and uh your support is all also

1721

01:16:23,750 --> 01:16:20,760

welcome so please like subscribe share

1722

01:16:27,590 --> 01:16:23,760

and you know add your comments uh after

1723

01:16:30,770 --> 01:16:27,600

the show so um this Friday

1724

01:16:32,990 --> 01:16:30,780

there's I'm not going to be around for

1725

01:16:34,910 --> 01:16:33,000

over a week because I'm having surgery

1726

01:16:37,370 --> 01:16:34,920

so um

1727

01:16:39,229 --> 01:16:37,380

uh Vincent Richardson and Bernadette

1728

01:16:41,750 --> 01:16:39,239

McDaniel are going to be doing a

1729

01:16:43,910 --> 01:16:41,760

Halloween show next Friday night

1730

01:16:46,250 --> 01:16:43,920

so when we get all the particulars on

1731

01:16:48,110 --> 01:16:46,260

that I'll post it up and we'll put it

1732

01:16:50,930 --> 01:16:48,120

out there give you plenty of time to see

1733

01:16:54,229 --> 01:16:50,940

it and all so uh that'll be interesting

1734

01:16:55,550 --> 01:16:54,239

and also we're going to be taping our

1735

01:16:59,530 --> 01:16:55,560

recording

1736

01:17:04,430 --> 01:16:59,540

a uh an interview tomorrow with another

1737

01:17:07,310 --> 01:17:04,440

uh upper 189 Cryptid K9 experience or

1738

01:17:09,290 --> 01:17:07,320

this time in West Virginia so when we do

1739

01:17:11,570 --> 01:17:09,300

get that recorded and get that all set

1740

01:17:15,709 --> 01:17:11,580

up we'll go ahead and post it up on the

1741

01:17:18,169 --> 01:17:15,719

on the YouTube site as well so uh yeah

1742

01:17:20,390 --> 01:17:18,179

so until then and then until next Friday

1743

01:17:26,000 --> 01:17:20,400

uh stay healthy and have a safe

1744

01:17:38,209 --> 01:17:31,200

[Music]

1745

01:18:05,210 --> 01:17:39,210

foreign
