[Music]

2
00:00:18,529 --> 00:00:15,169

we live in a reality of phantoms and

3
00:00:22,550 --> 00:00:18,539

monsters they exist Among Us and

4
00:00:26,269 --> 00:00:22,560

sometimes they win even the devil was an

5
00:00:29,170 --> 00:00:26,279

angel once the world has its own rules

6
00:00:32,690 --> 00:00:29,180

and these rules are not human

7
00:00:35,090 --> 00:00:32,700

some of us seek answers to the origin

8
00:00:36,430 --> 00:00:35,100

and existence of Cryptids and The

9
00:00:40,130 --> 00:00:36,440

Unexplained

10
00:00:43,729 --> 00:00:40,140

join us as we venture beyond the known

11
00:00:50,650 --> 00:00:43,739

where we explored the stream Gian

14

00:01:12,649 --> 00:01:09,780

explained I'm your host launch Stricker

[Music]

28

00:01:45,410 --> 00:01:43,140

a consideration is is very much needed

29

00:01:46,850 --> 00:01:45,420

and appreciated so tonight's guest Carol

30

00:01:49,730 --> 00:01:46,860

Scott developed an interest in

31

00:01:52,249 --> 00:01:49,740

cryptozoology after catching a late

32

00:01:54,770 --> 00:01:52,259

night episode of animal X

33

00:01:57,469 --> 00:01:54,780

this interest in her previous work in

34

00:02:00,410 --> 00:01:57,479

journalism led to her research in write

35

00:02:01,609 --> 00:02:00,420

her first book the Cryptids of Asia and

36

00:02:03,649 --> 00:02:01,619

Oceania

37

00:02:05,690 --> 00:02:03,659

the myths and historical roots of

38

00:02:08,389 --> 00:02:05,700

undiscovered creatures she currently

39

00:02:11,630 --> 00:02:08,399

Works in marketing and lives with her

40

00:02:14,270 --> 00:02:11,640

two cats Wallace and asparagus in

41

00:02:16,610 --> 00:02:14,280

Ontario Canada

42

00:02:19,130 --> 00:02:16,620

Carol thanks for joining me this evening

43

00:02:20,449 --> 00:02:19,140

yeah great to be here thank you for the

44

00:02:24,850 --> 00:02:20,459

great introduction

45

00:02:28,210 --> 00:02:24,860

so uh you kind of took a big swing

46

00:02:30,830 --> 00:02:28,220

getting Cryptids from Asia and Oceania

47

00:02:33,350 --> 00:02:30,840

uh you know

48

00:02:34,910 --> 00:02:33,360

when you talk about cryptozoology most

49

00:02:36,170 --> 00:02:34,920

people in the United States kind of

50

00:02:38,869 --> 00:02:36,180

think North America is the only place

51
00:02:42,290 --> 00:02:38,879
that these things are uh but of course

52
00:02:44,990 --> 00:02:42,300
that's just not true we we've gotten all

53
00:02:46,490 --> 00:02:45,000
kinds of strange encounters and Saudis

54
00:02:49,729 --> 00:02:46,500
throughout the world

55
00:02:53,210 --> 00:02:49,739
so uh so what inspired you to do this

56
00:03:00,290 --> 00:02:56,930
yeah a lot of it was just the the you

57
00:03:01,850 --> 00:03:00,300
know the focus on cryptids in North

58
00:03:03,650 --> 00:03:01,860
America

59
00:03:06,470 --> 00:03:03,660
um and Loch Ness monster and you also

60
00:03:09,589 --> 00:03:06,480
have a couple in Australia that are also

61
00:03:14,149 --> 00:03:09,599
definitely popular the thylazine and um

62
00:03:16,550 --> 00:03:14,159
the yowie but I really wanted to

63
00:03:18,830 --> 00:03:16,560

you know provide a baseline knowledge

64

00:03:20,330 --> 00:03:18,840

for all the other Cryptids that aren't

65

00:03:22,070 --> 00:03:20,340

covered as much

66

00:03:24,890 --> 00:03:22,080

and that was that was really the main

67

00:03:28,130 --> 00:03:24,900

the main focus of the book is just to

68

00:03:30,110 --> 00:03:28,140

look at those gather every little B

69

00:03:34,250 --> 00:03:30,120

Every Little Bit of evidence I could

70

00:03:36,649 --> 00:03:34,260

find and really just provide

71

00:03:39,830 --> 00:03:36,659

the foundation for further research into

72

00:03:42,770 --> 00:03:39,840

those Cryptids and you know I definitely

73

00:03:44,030 --> 00:03:42,780

hope that you know if someone reads this

74

00:03:46,550 --> 00:03:44,040

and

75

00:03:49,190 --> 00:03:46,560

goes oh I want to study this particular

76
00:03:51,350 --> 00:03:49,200
Cryptid more that was always my goal is

77
00:03:53,509 --> 00:03:51,360
just to get more people interested in

78
00:03:56,330 --> 00:03:53,519
this the cryptage from this part of the

79
00:03:58,789 --> 00:03:56,340
world and hopefully

80
00:04:04,190 --> 00:03:58,799
you know kind of develop a more

81
00:04:09,229 --> 00:04:06,649
I mean you you kind of cover a large

82
00:04:10,429 --> 00:04:09,239
area with Asia I think Oceania you know

83
00:04:13,009 --> 00:04:10,439
and I've always been interested in

84
00:04:16,189 --> 00:04:13,019
Oceana just necessarily Cryptids but for

85
00:04:18,770 --> 00:04:16,199
a lot of other things but uh the you

86
00:04:21,110 --> 00:04:18,780
know the islands and the areas countries

87
00:04:23,510 --> 00:04:21,120
and those areas they they offer all

88
00:04:26,390 --> 00:04:23,520

kinds of opportunities for

89

00:04:29,810 --> 00:04:26,400

different types of research even into

90

00:04:31,129 --> 00:04:29,820

paranormal UFO and all that uh so when

91

00:04:34,249 --> 00:04:31,139

you got involved with this what

92

00:04:36,170 --> 00:04:34,259

surprises did you find what uh were

93

00:04:39,110 --> 00:04:36,180

there anything that popped up that kind

94

00:04:41,350 --> 00:04:39,120

of kind of surprised you

95

00:04:45,350 --> 00:04:41,360

there was a number of things I think the

96

00:04:47,810 --> 00:04:45,360

overwhelming uh a common theme with

97

00:04:50,469 --> 00:04:47,820

pretty much every Crypt it was just

98

00:04:54,469 --> 00:04:50,479

the lack of

99

00:04:57,189 --> 00:04:54,479

preservation of evidence of testimonials

100

00:05:00,530 --> 00:04:57,199

about cryptids in this part of the world

101
00:05:04,610 --> 00:05:00,540
even something like the yeti which

102
00:05:06,290 --> 00:05:04,620
obviously is a very well-known Cryptid I

103
00:05:08,030 --> 00:05:06,300
am pretty sure everyone knows that

104
00:05:08,870 --> 00:05:08,040
whether they're into cryptozoology or

105
00:05:11,990 --> 00:05:08,880
not

106
00:05:14,090 --> 00:05:12,000
a lot of the research that you could

107
00:05:17,210 --> 00:05:14,100
find basically starts in the 20th

108
00:05:20,749 --> 00:05:17,220
century as soon as Western Mountaineers

109
00:05:23,330 --> 00:05:20,759
get there there's not a lot of focus on

110
00:05:25,969 --> 00:05:23,340
you know what what were people who live

111
00:05:28,550 --> 00:05:25,979
around that area seeing

112
00:05:30,770 --> 00:05:28,560
how long have they been seeing it are

113
00:05:34,129 --> 00:05:30,780

there any differences between

114

00:05:35,570 --> 00:05:34,139

reports from locals and reports from

115

00:05:38,270 --> 00:05:35,580

westerners

116

00:05:40,610 --> 00:05:38,280

and that that's something that comes up

117

00:05:43,670 --> 00:05:40,620

a lot is just

118

00:05:48,230 --> 00:05:43,680

preservation of

119

00:05:52,070 --> 00:05:48,240

um

120

00:05:54,590 --> 00:05:52,080

and it did make research very hard in in

121

00:05:56,710 --> 00:05:54,600

some respects a lot of it was

122

00:05:59,930 --> 00:05:56,720

you know having to go through

123

00:06:02,689 --> 00:05:59,940

very old texts having to get access to

124

00:06:05,170 --> 00:06:02,699

them if they even existed one of the

125

00:06:08,330 --> 00:06:05,180

Cryptids in the book uh the netawo

126

00:06:12,290 --> 00:06:08,340

the primary document from which we know

127

00:06:14,290 --> 00:06:12,300

about them there's actually only one uh

128

00:06:16,749 --> 00:06:14,300

one physical copy that has never been

129

00:06:18,409 --> 00:06:16,759

digitally archived

130

00:06:20,570 --> 00:06:18,419

and

131

00:06:22,909 --> 00:06:20,580

it's it's falling apart according to a

132

00:06:26,749 --> 00:06:22,919

researcher that I spoke to from the area

133

00:06:30,730 --> 00:06:26,759

so that's definitely something where

134

00:06:32,749 --> 00:06:30,740

you know like that even even let's let's

135

00:06:34,969 --> 00:06:32,759

pretend that none of these Cryptids

136

00:06:38,210 --> 00:06:34,979

exist that's still part of the human

137

00:06:40,790 --> 00:06:38,220

experience of that area that should be

138

00:06:42,409 --> 00:06:40,800

preserved and then

139

00:06:45,050 --> 00:06:42,419

you know it

140

00:06:48,050 --> 00:06:45,060

assuming these Cryptids exist there is

141

00:06:50,210 --> 00:06:48,060

definitely we would want to know how

142

00:06:52,309 --> 00:06:50,220

their behavior has changed

143

00:06:53,629 --> 00:06:52,319

how long have they been in the area has

144

00:06:54,830 --> 00:06:53,639

anything changed like that's just

145

00:06:56,570 --> 00:06:54,840

something you would want to know once

146

00:07:01,010 --> 00:06:56,580

you discover a creature

147

00:07:02,450 --> 00:07:01,020

and a lot of that is not preserved and a

148

00:07:05,110 --> 00:07:02,460

lot of it isn't archived a lot of it

149

00:07:09,170 --> 00:07:05,120

isn't digitized and that's definitely

150

00:07:12,050 --> 00:07:09,180

major blind spot on the part of

151
00:07:14,090 --> 00:07:12,060
not only cryptozoologists I'm not trying

152
00:07:15,430 --> 00:07:14,100
to place blame on you know people who

153
00:07:17,809 --> 00:07:15,440
basically do this in their spare time

154
00:07:20,749 --> 00:07:17,819
but also

155
00:07:23,570 --> 00:07:20,759
you know scientific researchers

156
00:07:26,510 --> 00:07:23,580
um archivists you know going back to the

157
00:07:28,670 --> 00:07:26,520
network and it's like you know you would

158
00:07:30,550 --> 00:07:28,680
think like this pretty

159
00:07:33,529 --> 00:07:30,560
pretty interesting piece of History

160
00:07:35,749 --> 00:07:33,539
wouldn't necessarily just be sitting

161
00:07:38,749 --> 00:07:35,759
around decaying

162
00:07:40,189 --> 00:07:38,759
and you know like that I I honestly felt

163
00:07:43,309 --> 00:07:40,199

very sad when the researcher told me

164

00:07:46,249 --> 00:07:43,319

that and I I was like wow we should

165

00:07:48,469 --> 00:07:46,259

absolutely be preserving that

166

00:07:51,589 --> 00:07:48,479

yeah well I want to thank peace for her

167

00:07:52,670 --> 00:07:51,599

uh her donation very much appreciated

168

00:07:55,430 --> 00:07:52,680

um

169

00:07:57,650 --> 00:07:55,440

yeah you know I I think a lot of people

170

00:08:00,710 --> 00:07:57,660

were surprised

171

00:08:02,870 --> 00:08:00,720

uh are are surprised when information on

172

00:08:06,050 --> 00:08:02,880

some of these um

173

00:08:09,969 --> 00:08:06,060

some of these Cryptids from other other

174

00:08:12,529 --> 00:08:09,979

countries come forth in in

175

00:08:14,510 --> 00:08:12,539

documentaries or even you know even in

176

00:08:17,230 --> 00:08:14,520

science you know just like the the Eva

177

00:08:19,909 --> 00:08:17,240

go go that was actually

178

00:08:23,150 --> 00:08:19,919

documented in a film about about a

179

00:08:24,710 --> 00:08:23,160

decade ago how how much of a stir there

180

00:08:29,869 --> 00:08:24,720

was with that

181

00:08:33,769 --> 00:08:29,879

uh in other human human hominid type of

182

00:08:34,969 --> 00:08:33,779

uh Cryptids of course we've got them all

183

00:08:37,010 --> 00:08:34,979

over the place I mean of course

184

00:08:39,730 --> 00:08:37,020

Australia like you said has a yalley and

185

00:08:42,350 --> 00:08:39,740

you know almost yeah Massey

186

00:08:45,410 --> 00:08:42,360

Yeti year and I mean there's a whole

187

00:08:49,130 --> 00:08:45,420

slew of them and um The Rock Apes and

188

00:08:51,350 --> 00:08:49,140

and other types of sightings uh I mean

189

00:08:53,870 --> 00:08:51,360

which kind of fascinate me but the the

190

00:08:54,949 --> 00:08:53,880

Ebu GoGo I thought was quite fascinating

191

00:09:05,509 --> 00:08:54,959

the

192

00:09:08,030 --> 00:09:05,519

and were somewhat fearful of and uh when

193

00:09:10,790 --> 00:09:08,040

that documentary came out and I forget

194

00:09:12,290 --> 00:09:10,800

what the name of it was but I had

195

00:09:14,449 --> 00:09:12,300

written about it it was it was a

196

00:09:16,370 --> 00:09:14,459

fascinating documentary and the

197

00:09:19,250 --> 00:09:16,380

individual who who did the actual

198

00:09:20,930 --> 00:09:19,260

research did a fantastic job but every

199

00:09:23,630 --> 00:09:20,940

once in a while we did one of those some

200

00:09:25,870 --> 00:09:23,640

of those things do come forth

201
00:09:28,009 --> 00:09:25,880
um and you know there are several

202
00:09:29,750 --> 00:09:28,019
cryptozoologists that you know they've

203
00:09:30,889 --> 00:09:29,760
been involved with this that we know who

204
00:09:33,530 --> 00:09:30,899
have gone

205
00:09:35,030 --> 00:09:33,540
uh in Asia the first person I think of

206
00:09:41,389 --> 00:09:35,040
is uh

207
00:09:44,690 --> 00:09:41,399
Freeman uh from UK who's actually does

208
00:09:47,329 --> 00:09:44,700
this a lot and uh there's others of

209
00:09:50,750 --> 00:09:47,339
course but uh it's um

210
00:09:52,910 --> 00:09:50,760
it's fascinating so uh is it is there

211
00:09:56,030 --> 00:09:52,920
one in particular

212
00:09:58,370 --> 00:09:56,040
group or a species that has has

213
00:10:01,130 --> 00:09:58,380

fascinated you when you started going

214

00:10:03,650 --> 00:10:01,140

into all this research

215

00:10:05,930 --> 00:10:03,660

yeah one of the Cryptids that is always

216

00:10:09,470 --> 00:10:05,940

fascinated me and this goes back to the

217

00:10:12,050 --> 00:10:09,480

very old days of watching Animal X was

218

00:10:13,970 --> 00:10:12,060

um xylazine a lot of that is just I

219

00:10:16,790 --> 00:10:13,980

think they're pretty neat and I would

220

00:10:18,650 --> 00:10:16,800

like for them to still be around

221

00:10:20,990 --> 00:10:18,660

but what are your thoughts on that you

222

00:10:23,329 --> 00:10:21,000

think they do exist yet

223

00:10:25,130 --> 00:10:23,339

I I do think that they are still in

224

00:10:28,009 --> 00:10:25,140

Tasmania

225

00:10:30,350 --> 00:10:28,019

um I yeah I I definitely do think at

226

00:10:32,090 --> 00:10:30,360

least a small population is still there

227

00:10:33,710 --> 00:10:32,100

and you know like there's enough people

228

00:10:35,509 --> 00:10:33,720

who have seen

229

00:10:38,269 --> 00:10:35,519

things that don't it doesn't line up

230

00:10:40,730 --> 00:10:38,279

with dingoes it doesn't line up with you

231

00:10:43,670 --> 00:10:40,740

know domesticated dogs so

232

00:10:46,009 --> 00:10:43,680

it's either it's either you know small

233

00:10:47,870 --> 00:10:46,019

population of thylazines or it's

234

00:10:48,949 --> 00:10:47,880

something else which I guess is also

235

00:10:51,350 --> 00:10:48,959

interesting but I would prefer

236

00:10:54,410 --> 00:10:51,360

thylazines if I had to choose

237

00:10:55,970 --> 00:10:54,420

yeah it seems that the uh the thylazine

238

00:10:58,130 --> 00:10:55,980

are for people who don't know who they

239

00:11:00,009 --> 00:10:58,140

are they are the uh

240

00:11:07,970 --> 00:11:00,019

the

241

00:11:09,410 --> 00:11:07,980

supposed to be seen in Australia and

242

00:11:10,850 --> 00:11:09,420

there are a lot of researchers that

243

00:11:14,690 --> 00:11:10,860

believe that there are some population

244

00:11:18,530 --> 00:11:14,700

in Australia as well uh I don't know

245

00:11:20,389 --> 00:11:18,540

um I have seen possible images or

246

00:11:23,690 --> 00:11:20,399

photographs of these things it's hard to

247

00:11:26,150 --> 00:11:23,700

tell if they're they're actual but um I

248

00:11:28,790 --> 00:11:26,160

have I have talked to a few people who

249

00:11:30,949 --> 00:11:28,800

claim that they have seen them

250

00:11:33,590 --> 00:11:30,959

they thought they seemed so I don't know

251

00:11:35,870 --> 00:11:33,600

I think I think as time goes on we'll

252

00:11:36,530 --> 00:11:35,880

find out more and more

253

00:11:38,150 --> 00:11:36,540

um

254

00:11:40,730 --> 00:11:38,160

you know

255

00:11:43,569 --> 00:11:40,740

Australia just like most places is just

256

00:11:46,069 --> 00:11:43,579

not as wide open as they used to be

257

00:11:49,430 --> 00:11:46,079

people are encroaching on these wild

258

00:11:51,530 --> 00:11:49,440

areas the bush in particular and

259

00:11:54,769 --> 00:11:51,540

um maybe we will be lucky enough to see

260

00:11:58,730 --> 00:11:54,779

one or have one recorded

261

00:12:00,949 --> 00:11:58,740

yeah definitely very possible and you

262

00:12:03,170 --> 00:12:00,959

know like you said there's definitely a

263

00:12:05,690 --> 00:12:03,180

lot of encroachment on wild territory

264

00:12:07,250 --> 00:12:05,700

but there is still comparatively a lot

265

00:12:08,630 --> 00:12:07,260

of wild territory that doesn't

266

00:12:10,190 --> 00:12:08,640

necessarily

267

00:12:12,470 --> 00:12:10,200

get

268

00:12:14,449 --> 00:12:12,480

you know explored too often it is

269

00:12:16,250 --> 00:12:14,459

explored but you know there's not

270

00:12:18,769 --> 00:12:16,260

necessarily people going in pretty

271

00:12:25,250 --> 00:12:18,779

frequently which does provide

272

00:12:29,509 --> 00:12:27,889

so uh is there any part of the book uh

273

00:12:31,370 --> 00:12:29,519

or anything you've written about that

274

00:12:34,190 --> 00:12:31,380

you really want to emphasize on that you

275

00:12:37,449 --> 00:12:34,200

really want to talk about in particular

276

00:12:39,769 --> 00:12:37,459

I actually one of the most interesting

277

00:12:41,930 --> 00:12:39,779

Cryptids that I covered in the book uh

278

00:12:47,269 --> 00:12:41,940

the the network I did already bring them

279

00:12:49,670 --> 00:12:47,279

up but it's such a fascinating story of

280

00:12:52,069 --> 00:12:49,680

one of the indigenous tribes on Sri

281

00:12:54,949 --> 00:12:52,079

Lanka and they claimed that there was

282

00:12:57,650 --> 00:12:54,959

another tribe of you know Harry Harry

283

00:12:59,509 --> 00:12:57,660

beasts with like very long nails that

284

00:13:01,790 --> 00:12:59,519

would you know just

285

00:13:05,569 --> 00:13:01,800

steal their kills you know just

286

00:13:07,370 --> 00:13:05,579

generally cause Havoc so this indigenous

287

00:13:11,090 --> 00:13:07,380

tribe said

288

00:13:15,050 --> 00:13:11,100

well we don't want to deal with these

289

00:13:19,150 --> 00:13:15,060

whatever they are anymore so

290

00:13:22,250 --> 00:13:19,160

they rounded them all up into a cave

291

00:13:27,110 --> 00:13:22,260

and lit a fire at the mouth of the cave

292

00:13:29,810 --> 00:13:27,120

and basically in the Legend all the

293

00:13:32,990 --> 00:13:29,820

um the Neto just you know suffocated to

294

00:13:35,090 --> 00:13:33,000

death and basically it was a huge

295

00:13:39,470 --> 00:13:35,100

genocide of

296

00:13:41,810 --> 00:13:39,480

the Neto and I you know I was just it's

297

00:13:44,090 --> 00:13:41,820

such a fascinating story that I had just

298

00:13:46,310 --> 00:13:44,100

never heard before

299

00:13:47,810 --> 00:13:46,320

um and there's

300

00:13:49,009 --> 00:13:47,820

you know one of the interesting things

301
00:13:50,629 --> 00:13:49,019
is

302
00:13:53,509 --> 00:13:50,639
you know like there's a lot of debate

303
00:13:54,610 --> 00:13:53,519
over whether they're monkeys you know

304
00:13:56,210 --> 00:13:54,620
just another

305
00:14:02,509 --> 00:13:56,220
you know

306
00:14:06,889 --> 00:14:02,519
if they were even another

307
00:14:08,569 --> 00:14:06,899
you know Neanderthal type hominid which

308
00:14:13,610 --> 00:14:08,579
which

309
00:14:18,050 --> 00:14:13,620
definitely adds a different layer to the

310
00:14:19,970 --> 00:14:18,060
you know killing all of them uh talk

311
00:14:22,370 --> 00:14:19,980
so it's definitely

312
00:14:24,769 --> 00:14:22,380
very interesting and it's relatively

313
00:14:26,810 --> 00:14:24,779

recently that that occurred Bernard

314

00:14:29,030 --> 00:14:26,820

hubbleman's did write about

315

00:14:32,090 --> 00:14:29,040

um the event in on the track of unknown

316

00:14:35,569 --> 00:14:32,100

animals and estimated that it took place

317

00:14:38,269 --> 00:14:35,579

at about 1800. you know he was still

318

00:14:40,250 --> 00:14:38,279

talking to people whose parents

319

00:14:43,210 --> 00:14:40,260

had said that either they were involved

320

00:14:45,710 --> 00:14:43,220

or their own parents were involved

321

00:14:48,949 --> 00:14:45,720

and that's

322

00:14:50,449 --> 00:14:48,959

you know I I you know that's and I just

323

00:14:52,250 --> 00:14:50,459

found that fascinating that something

324

00:14:55,129 --> 00:14:52,260

could occur like that

325

00:14:58,310 --> 00:14:55,139

pretty recently All Things Considered be

326

00:14:59,930 --> 00:14:58,320

written about by the cryptozoologist and

327

00:15:03,829 --> 00:14:59,940

I had just never heard about it before

328

00:15:08,629 --> 00:15:03,839

until I started you know scouring for

329

00:15:14,870 --> 00:15:11,090

yeah they're uh you know

330

00:15:18,110 --> 00:15:14,880

um I I always go back to uh the Vietnam

331

00:15:19,790 --> 00:15:18,120

War and the um some of the stories that

332

00:15:22,730 --> 00:15:19,800

have come out of there you know of

333

00:15:25,189 --> 00:15:22,740

course like the Rock Apes and then there

334

00:15:27,530 --> 00:15:25,199

have been these reptilian beings the

335

00:15:30,590 --> 00:15:27,540

flying

336

00:15:32,269 --> 00:15:30,600

bat woman and a few other things that

337

00:15:34,310 --> 00:15:32,279

have been you know

338

00:15:36,470 --> 00:15:34,320

you know a lot of that could be folklore

339

00:15:38,810 --> 00:15:36,480

but these soldiers where they have seen

340

00:15:39,530 --> 00:15:38,820

these things and uh I have talked to a

341

00:15:41,569 --> 00:15:39,540

few

342

00:15:45,470 --> 00:15:41,579

and uh

343

00:15:48,250 --> 00:15:45,480

even I even talked to an older guy who's

344

00:15:51,829 --> 00:15:48,260

a vet over in Vietnam who said that

345

00:15:55,310 --> 00:15:51,839

there were a few upright canine species

346

00:15:57,910 --> 00:15:55,320

there as well that he his uh his platoon

347

00:16:02,269 --> 00:15:57,920

had to deal with at one point

348

00:16:04,189 --> 00:16:02,279

so um it's quite it's quite interesting

349

00:16:07,310 --> 00:16:04,199

um

350

00:16:09,949 --> 00:16:07,320

you know I I don't know I I just I it's

351
00:16:12,710 --> 00:16:09,959
hard for me to believe maybe but uh I

352
00:16:16,069 --> 00:16:12,720
knew that they um

353
00:16:18,410 --> 00:16:16,079
that a lot of the indigenous people

354
00:16:20,870 --> 00:16:18,420
they know about it but very rarely do

355
00:16:23,329 --> 00:16:20,880
they want to talk about it you know now

356
00:16:25,370 --> 00:16:23,339
my my forte for the most part is the the

357
00:16:27,230 --> 00:16:25,380
wing beings the flying the flying

358
00:16:30,889 --> 00:16:27,240
Cryptids and they're the ones I'm most

359
00:16:33,410 --> 00:16:30,899
fascinated with and uh the in fact I got

360
00:16:35,810 --> 00:16:33,420
a picture of the uh the flying

361
00:16:38,350 --> 00:16:35,820
Vietnamese Vietnam woman or whatever

362
00:16:42,110 --> 00:16:38,360
they want a bat woman they want to call

363
00:16:44,269 --> 00:16:42,120

and uh yeah there was uh there was a

364

00:16:48,410 --> 00:16:44,279

sergeant or someone a platoon leader who

365

00:16:50,030 --> 00:16:48,420

actually recorded that talk about it and

366

00:16:51,829 --> 00:16:50,040

um there have been others of course in

367

00:16:54,430 --> 00:16:51,839

the Philippines there's there's quite a

368

00:17:00,110 --> 00:16:54,440

few of these uh

369

00:17:01,970 --> 00:17:00,120

bat uh bat like vampire large beings uh

370

00:17:03,590 --> 00:17:01,980

Philippines seems to have a whole slew

371

00:17:05,630 --> 00:17:03,600

of these things these different types

372

00:17:09,169 --> 00:17:05,640

and you know it's it's part of their

373

00:17:12,530 --> 00:17:09,179

lore too as well as Indonesian and some

374

00:17:15,289 --> 00:17:12,540

of the other larger islands so uh

375

00:17:17,809 --> 00:17:15,299

you know I I like you I I find I find it

376

00:17:19,370 --> 00:17:17,819

absolutely fascinating and we are always

377

00:17:22,370 --> 00:17:19,380

looking for

378

00:17:24,530 --> 00:17:22,380

information on winged uh winged

379

00:17:29,030 --> 00:17:24,540

humanoids uh throughout the world not

380

00:17:33,950 --> 00:17:31,430

yeah there's definitely quite I was I

381

00:17:36,890 --> 00:17:33,960

was quite surprised by how many winged

382

00:17:40,130 --> 00:17:36,900

hominids that there were

383

00:17:43,909 --> 00:17:40,140

um some some of them definitely Veer

384

00:17:46,430 --> 00:17:43,919

much more into folklore in Malaysia

385

00:17:48,350 --> 00:17:46,440

there is the

386

00:17:50,510 --> 00:17:48,360

gotta check the name real fast and I'm

387

00:17:54,350 --> 00:17:50,520

probably gonna mispronounce this so I

388

00:17:56,029 --> 00:17:54,360

apologize to any Malaysian viewers uh

389

00:17:58,070 --> 00:17:56,039

but the siguel

390

00:18:00,049 --> 00:17:58,080

which was it was quite interesting

391

00:18:02,090 --> 00:18:00,059

because you know it there was definitely

392

00:18:05,210 --> 00:18:02,100

the component of you know this is the

393

00:18:09,409 --> 00:18:05,220

scary story that you tell your kids but

394

00:18:12,590 --> 00:18:09,419

there is also elements of

395

00:18:16,010 --> 00:18:12,600

you know the Spanish colonialists going

396

00:18:19,370 --> 00:18:16,020

oh you know like these are

397

00:18:21,830 --> 00:18:19,380

you know the the UN undesirable people

398

00:18:25,070 --> 00:18:21,840

who live in the woods and yeah using

399

00:18:26,870 --> 00:18:25,080

that as like a tactic on the indigenous

400

00:18:29,090 --> 00:18:26,880

people of Malaysia

401
00:18:31,010 --> 00:18:29,100
so that was that was quite interesting

402
00:18:33,169 --> 00:18:31,020
to look into and I'm surprised there

403
00:18:34,190 --> 00:18:33,179
hasn't been more

404
00:18:38,110 --> 00:18:34,200
um

405
00:18:42,010 --> 00:18:38,120
you know research from a

406
00:18:45,409 --> 00:18:42,020
I guess you know not necessary

407
00:18:47,270 --> 00:18:45,419
necessarily Zoological but you know just

408
00:18:49,490 --> 00:18:47,280
kind of looking into

409
00:18:51,049 --> 00:18:49,500
the folklore behind that I I definitely

410
00:18:53,270 --> 00:18:51,059
couldn't find a lot although there was

411
00:18:56,870 --> 00:18:53,280
one book that had a whole chapter on it

412
00:18:58,850 --> 00:18:56,880
that was quite fun to read but

413
00:19:01,490 --> 00:18:58,860

um and

414

00:19:03,289 --> 00:19:01,500

yeah so yeah definitely very surprised

415

00:19:06,169 --> 00:19:03,299

by how many winged hominids that there

416

00:19:07,310 --> 00:19:06,179

were there was quite a few other winged

417

00:19:09,529 --> 00:19:07,320

creatures

418

00:19:11,270 --> 00:19:09,539

um as well the roping is probably the

419

00:19:14,930 --> 00:19:11,280

most well known so I figured most people

420

00:19:16,130 --> 00:19:14,940

who are into cryptozoology would would

421

00:19:18,350 --> 00:19:16,140

know that one

422

00:19:20,330 --> 00:19:18,360

so yeah the roping is an interesting one

423

00:19:22,190 --> 00:19:20,340

I mean uh

424

00:19:24,950 --> 00:19:22,200

actually that's

425

00:19:28,070 --> 00:19:24,960

my interest in Terrace on terradors

426

00:19:31,250 --> 00:19:28,080

pterosons and pterosaurs actually was

427

00:19:33,409 --> 00:19:31,260

the research that was over taken place

428

00:19:36,169 --> 00:19:33,419

over in Papua New Guinea with the

429

00:19:41,630 --> 00:19:36,179

ropings that's quite an interesting

430

00:19:46,789 --> 00:19:43,850

there have been some type of

431

00:19:48,470 --> 00:19:46,799

luminescence to him and when they see it

432

00:19:52,970 --> 00:19:48,480

and

433

00:19:55,430 --> 00:19:52,980

we have had these pterosaur sightings

434

00:19:58,909 --> 00:19:55,440

throughout North America as well

435

00:20:01,190 --> 00:19:58,919

and uh I just find that fascinating and

436

00:20:03,770 --> 00:20:01,200

um oh I got a question here from Nancy

437

00:20:06,730 --> 00:20:03,780

Malcolm are there any sightings of ghost

438

00:20:09,890 --> 00:20:06,740

monkeys that you know

439

00:20:11,930 --> 00:20:09,900

so not necessarily ghost monkeys I I

440

00:20:14,510 --> 00:20:11,940

assume it's something along the lines of

441

00:20:16,970 --> 00:20:14,520

monkeys that aren't in the correct place

442

00:20:19,370 --> 00:20:16,980

um as opposed to Paranormal monkeys um

443

00:20:22,070 --> 00:20:19,380

although if that is what you mean I I

444

00:20:23,390 --> 00:20:22,080

apologize I I'm not too familiar with

445

00:20:26,450 --> 00:20:23,400

the more

446

00:20:29,810 --> 00:20:26,460

you know ghosts Phantoms

447

00:20:31,070 --> 00:20:29,820

um side of it but there are there are

448

00:20:35,330 --> 00:20:31,080

several

449

00:20:37,190 --> 00:20:35,340

out of place monkeys that definitely

450

00:20:39,590 --> 00:20:37,200

came up one of them was the monkey man

451
00:20:42,830 --> 00:20:39,600
of New Delhi which is kind of in the end

452
00:20:43,490 --> 00:20:42,840
of the chapter so that was basically

453
00:20:49,970 --> 00:20:43,500
um

454
00:20:52,370 --> 00:20:49,980
everyone was reporting this monkey that

455
00:20:53,750 --> 00:20:52,380
was just harassing people it was quite

456
00:20:55,549 --> 00:20:53,760
interesting to read because there was a

457
00:20:57,110 --> 00:20:55,559
lot of different

458
00:21:02,150 --> 00:20:57,120
theories about it one of them was that

459
00:21:05,270 --> 00:21:02,160
it was a robot program by terrorists to

460
00:21:06,230 --> 00:21:05,280
you know I had heard that one

461
00:21:08,150 --> 00:21:06,240
yeah

462
00:21:09,890 --> 00:21:08,160
um there there was definitely some fun

463
00:21:13,370 --> 00:21:09,900

theories that came up with several of

464

00:21:15,770 --> 00:21:13,380

the Cryptids but uh terrorist terrorist

465

00:21:18,409 --> 00:21:15,780

monkey was definitely one of the one of

466

00:21:20,330 --> 00:21:18,419

the most interesting well I think there

467

00:21:22,850 --> 00:21:20,340

was a death or two associated with those

468

00:21:24,669 --> 00:21:22,860

things too where they had guys come on

469

00:21:27,350 --> 00:21:24,679

through people's balconies

470

00:21:29,570 --> 00:21:27,360

and I don't know had

471

00:21:32,570 --> 00:21:29,580

somehow there was a there would be a

472

00:21:34,789 --> 00:21:32,580

death associated with it but uh yeah you

473

00:21:36,770 --> 00:21:34,799

know when that happened I I I actually

474

00:21:39,230 --> 00:21:36,780

remember when it started the story

475

00:21:42,409 --> 00:21:39,240

started coming out I had written about

476

00:21:45,230 --> 00:21:42,419

it a couple times and uh yeah the New

477

00:21:46,850 --> 00:21:45,240

Delhi monkey man I you know that and and

478

00:21:50,149 --> 00:21:46,860

some of the drawings that people were

479

00:21:52,190 --> 00:21:50,159

coming up with were pretty profound so

480

00:21:54,529 --> 00:21:52,200

uh yeah that was quite an interesting

481

00:21:57,289 --> 00:21:54,539

Crypt absolutely

482

00:22:00,770 --> 00:21:57,299

yeah another one was there was actually

483

00:22:03,110 --> 00:22:00,780

a monkey species in Singapore uh which

484

00:22:04,490 --> 00:22:03,120

is a pretty small island nation that

485

00:22:06,529 --> 00:22:04,500

doesn't have a lot of forests so

486

00:22:09,230 --> 00:22:06,539

definitely quite interesting that there

487

00:22:12,230 --> 00:22:09,240

was even you know one of the Cryptid

488

00:22:15,190 --> 00:22:12,240

primates on that island

489

00:22:18,830 --> 00:22:15,200

um there was not

490

00:22:21,950 --> 00:22:18,840

a ton of reports for that after a

491

00:22:23,930 --> 00:22:21,960

certain I believe 2009

492

00:22:26,090 --> 00:22:23,940

but you know it's definitely still

493

00:22:28,909 --> 00:22:26,100

interesting and that could genuinely be

494

00:22:32,390 --> 00:22:28,919

one of those I you know occasions where

495

00:22:34,490 --> 00:22:32,400

someone just released a pet monkey or or

496

00:22:36,950 --> 00:22:34,500

something along those lines

497

00:22:40,250 --> 00:22:36,960

um I know normally those explanations

498

00:22:44,210 --> 00:22:40,260

aren't too popular but

499

00:22:47,630 --> 00:22:44,220

um you know like Singapore very small

500

00:22:49,310 --> 00:22:47,640

it's not supporting population yeah and

501

00:22:52,310 --> 00:22:49,320

it's mostly it's mostly Urban anyway

502

00:22:55,610 --> 00:22:52,320

it's not a whole lot of uh not a lot of

503

00:22:57,110 --> 00:22:55,620

forest Andrew Boyle asks uh any mermaid

504

00:22:58,789 --> 00:22:57,120

sightings you know we got a lot of

505

00:23:01,310 --> 00:22:58,799

mermaid sightings here in North America

506

00:23:04,789 --> 00:23:01,320

and of course in Africa we we hear about

507

00:23:07,669 --> 00:23:04,799

a lot of them uh how about in Oceania are

508

00:23:10,789 --> 00:23:07,679

some of the countries in Asia have um

509

00:23:13,070 --> 00:23:10,799

have you come across any mermaid like a

510

00:23:15,830 --> 00:23:13,080

merman type of sightings

511

00:23:20,149 --> 00:23:15,840

so I didn't find any

512

00:23:23,990 --> 00:23:20,950

yeah

513

00:23:25,549 --> 00:23:24,000

I want I guess compelling so to speak

514

00:23:27,169 --> 00:23:25,559

that you wouldn't get like the

515

00:23:29,090 --> 00:23:27,179

occasional one

516

00:23:30,830 --> 00:23:29,100

um but nothing sustained in like a

517

00:23:33,830 --> 00:23:30,840

particular area that would indicate like

518

00:23:35,450 --> 00:23:33,840

a population or anything like that and

519

00:23:39,169 --> 00:23:35,460

there there's definitely

520

00:23:40,610 --> 00:23:39,179

a lot tied up in folklore there

521

00:23:43,730 --> 00:23:40,620

so

522

00:23:46,190 --> 00:23:43,740

uh they are not in the book

523

00:23:48,710 --> 00:23:46,200

um but you know there is still the the

524

00:23:50,270 --> 00:23:48,720

interest and you you could definitely

525

00:23:50,930 --> 00:23:50,280

find some sightings

526
00:23:52,310 --> 00:23:50,940
um

527
00:23:54,070 --> 00:23:52,320
where

528
00:23:57,830 --> 00:23:54,080
that

529
00:23:59,810 --> 00:23:57,840
I had um I had gotten a few now this is

530
00:24:05,029 --> 00:23:59,820
more

531
00:24:07,730 --> 00:24:05,039
South Asia or mid Middle East but in uh

532
00:24:10,450 --> 00:24:07,740
the Black Sea around Crimea there have

533
00:24:15,289 --> 00:24:10,460
been some merman sightings

534
00:24:17,870 --> 00:24:15,299
uh and in Iran along the Caspian Sea

535
00:24:21,169 --> 00:24:17,880
some of the fishermen in the caspians

536
00:24:24,529 --> 00:24:21,179
you have talked about seeing Merman and

537
00:24:26,870 --> 00:24:24,539
uh so there's been quite a few

538
00:24:29,210 --> 00:24:26,880

um but as far as

539

00:24:33,590 --> 00:24:29,220

um in other areas I haven't really heard

540

00:24:38,390 --> 00:24:35,930

uh Vincent wants to know about the pale

541

00:24:41,630 --> 00:24:38,400

humanoid creatures what we call crawlers

542

00:24:44,810 --> 00:24:41,640

I actually wrote a book about it uh have

543

00:24:46,669 --> 00:24:44,820

you heard much about that in Asia

544

00:24:49,970 --> 00:24:46,679

I have not

545

00:24:51,909 --> 00:24:49,980

um so I I can't recall offhand if I

546

00:24:56,390 --> 00:24:51,919

found any reports

547

00:24:57,409 --> 00:24:56,400

along those lines in the area

548

00:25:00,649 --> 00:24:57,419

um

549

00:25:02,450 --> 00:25:00,659

so yeah I I yeah I don't think I came

550

00:25:05,029 --> 00:25:02,460

across any

551
00:25:08,810 --> 00:25:05,039
um you you might be able to find reports

552
00:25:10,970 --> 00:25:08,820
from certain areas I know a lot in

553
00:25:13,190 --> 00:25:10,980
um the Pakistan area there was a lot of

554
00:25:14,930 --> 00:25:13,200
uh folklore creatures that came up as

555
00:25:16,430 --> 00:25:14,940
Cryptids but I couldn't find anyone

556
00:25:18,529 --> 00:25:16,440
basically

557
00:25:20,810 --> 00:25:18,539
reporting them

558
00:25:25,070 --> 00:25:20,820
in you know

559
00:25:27,769 --> 00:25:25,080
post 1500s basically not that something

560
00:25:29,630 --> 00:25:27,779
couldn't exist beforehand it's just as

561
00:25:31,430 --> 00:25:29,640
far as writing it's a little you know

562
00:25:35,390 --> 00:25:31,440
complicated

563
00:25:37,490 --> 00:25:35,400

okay uh Nancy Malcolm asked uh any new

564

00:25:40,310 --> 00:25:37,500

crypto reports from Japan where the nuke

565

00:25:44,390 --> 00:25:40,320

accident uh Fukushima happened a few

566

00:25:46,610 --> 00:25:44,400

years ago you know I I do know that some

567

00:25:49,610 --> 00:25:46,620

people had reported though after the

568

00:25:52,490 --> 00:25:49,620

fact that they saw Mothman or winged

569

00:25:53,450 --> 00:25:52,500

humanoids above the uh the Fukushima

570

00:25:56,149 --> 00:25:53,460

plant

571

00:25:58,970 --> 00:25:56,159

but uh as far as

572

00:26:01,730 --> 00:25:58,980

in that area I haven't heard of any have

573

00:26:05,570 --> 00:26:01,740

you heard of anything new in the area

574

00:26:08,510 --> 00:26:05,580

not anything new although you might find

575

00:26:10,370 --> 00:26:08,520

this of interest uh the hibagon which is

576

00:26:14,029 --> 00:26:10,380

one of the

577

00:26:15,649 --> 00:26:14,039

uh Cryptid primates from Japan

578

00:26:18,409 --> 00:26:15,659

um one of the one of the explanations

579

00:26:22,909 --> 00:26:18,419

that I actually found put forward was

580

00:26:27,350 --> 00:26:22,919

that it was a survivor of the atomic

581

00:26:30,110 --> 00:26:27,360

bomb that was from Nagasaki and yeah it

582

00:26:31,490 --> 00:26:30,120

was just you know the Survivor was just

583

00:26:35,269 --> 00:26:31,500

roaming around and everyone was

584

00:26:36,710 --> 00:26:35,279

mistaking them for you know a Sasquatch

585

00:26:38,510 --> 00:26:36,720

type creature

586

00:26:39,890 --> 00:26:38,520

um I couldn't find any Japanese sources

587

00:26:41,570 --> 00:26:39,900

on that

588

00:26:43,070 --> 00:26:41,580

um so I basically found it in one book

589

00:26:44,570 --> 00:26:43,080

that I had to get off the internet

590

00:26:46,549 --> 00:26:44,580

archive so

591

00:26:48,409 --> 00:26:46,559

however much stock you want to put in

592

00:26:51,169 --> 00:26:48,419

that but definitely something that did

593

00:26:52,490 --> 00:26:51,179

come up as far as you know a nuclear

594

00:26:56,510 --> 00:26:52,500

disaster

595

00:26:58,789 --> 00:26:56,520

the the only um humanoid sighting that I

596

00:27:01,070 --> 00:26:58,799

I know of in Japan other than one Wing

597

00:27:04,549 --> 00:27:01,080

cubanoid setting I got around Mount

598

00:27:06,169 --> 00:27:04,559

Mount Fiji years ago was of course at

599

00:27:09,590 --> 00:27:06,179

the Kappa now people have talked about

600

00:27:11,510 --> 00:27:09,600

the Kappa for for centuries and it's

601
00:27:14,890 --> 00:27:11,520
part of the folklore I guess it's

602
00:27:17,690 --> 00:27:14,900
actually a deity to some people in Japan

603
00:27:19,909 --> 00:27:17,700
uh what did you what did you come up

604
00:27:22,190 --> 00:27:19,919
with that do you remember any of that

605
00:27:24,529 --> 00:27:22,200
capital information that you may have

606
00:27:27,909 --> 00:27:24,539
reported on or researched

607
00:27:31,909 --> 00:27:27,919
yeah a lot of that is definitely based

608
00:27:33,830 --> 00:27:31,919
in current beliefs so it was definitely

609
00:27:35,990 --> 00:27:33,840
something that I did consider putting in

610
00:27:37,730 --> 00:27:36,000
the book but it was basically equivalent

611
00:27:42,230 --> 00:27:37,740
to if I was writing about North America

612
00:27:46,370 --> 00:27:42,240
and I said oh yeah a lot of people see

613
00:27:49,549 --> 00:27:46,380

angels and you know not not the you know

614

00:27:51,769 --> 00:27:49,559

like that's not worth writing about

615

00:27:52,970 --> 00:27:51,779

um there's certainly some writings you

616

00:27:54,950 --> 00:27:52,980

could do on that I just think from a

617

00:27:58,490 --> 00:27:54,960

cryptozoology standpoint

618

00:28:00,590 --> 00:27:58,500

and dabbling into religious beliefs and

619

00:28:05,090 --> 00:28:00,600

such Doesn't

620

00:28:07,130 --> 00:28:05,100

work as well and would require quite a

621

00:28:10,010 --> 00:28:07,140

lot of

622

00:28:14,630 --> 00:28:10,020

you know trying trying to parse out like

623

00:28:16,610 --> 00:28:14,640

what is religious belief what is

624

00:28:17,810 --> 00:28:16,620

you know genuinely seeing something

625

00:28:20,510 --> 00:28:17,820

maybe

626

00:28:22,669 --> 00:28:20,520

even misinterpreting it

627

00:28:25,250 --> 00:28:22,679

um you know I don't want to say anything

628

00:28:26,990 --> 00:28:25,260

about anyone who's seen anything

629

00:28:28,789 --> 00:28:27,000

um but you know if you do have a

630

00:28:32,690 --> 00:28:28,799

religious belief you you know you see

631

00:28:33,769 --> 00:28:32,700

something weird and you know you might

632

00:28:36,110 --> 00:28:33,779

um

633

00:28:37,070 --> 00:28:36,120

explain it using your religious World

634

00:28:39,830 --> 00:28:37,080

belief

635

00:28:42,289 --> 00:28:39,840

um and that's you know again that's

636

00:28:44,990 --> 00:28:42,299

something worth covering just not from a

637

00:28:47,630 --> 00:28:45,000

cryptozoology standpoint right

638

00:28:49,310 --> 00:28:47,640

uh Andrew boy asked about sea monster of

639

00:28:50,690 --> 00:28:49,320

course we're getting into Oceania now

640

00:28:52,730 --> 00:28:50,700

and um

641

00:28:54,950 --> 00:28:52,740

you know of course we we're very

642

00:28:58,070 --> 00:28:54,960

familiar with all the sea monster uh

643

00:29:00,830 --> 00:28:58,080

sightings uh the Whalers and other semen

644

00:29:05,210 --> 00:29:00,840

from you know from the United States and

645

00:29:07,430 --> 00:29:05,220

Canada uh what have the the Islanders in

646

00:29:09,769 --> 00:29:07,440

the South Pacific in Oceana

647

00:29:12,470 --> 00:29:09,779

but have they experienced what do they

648

00:29:12,480 --> 00:29:15,649

so there's quite a few

649

00:29:19,070 --> 00:29:17,029

dick monsters

650

00:29:23,090 --> 00:29:19,080

there's actually two

651
00:29:24,850 --> 00:29:23,100
and iffy uh both of whom live in

652
00:29:28,370 --> 00:29:24,860
landlocked Lakes

653
00:29:30,889 --> 00:29:28,380
so definitely very interesting uh cussy

654
00:29:33,230 --> 00:29:30,899
is one of usually described as more of a

655
00:29:34,730 --> 00:29:33,240
plesiosaur while Essie is described as

656
00:29:37,070 --> 00:29:34,740
EOL like

657
00:29:39,110 --> 00:29:37,080
so

658
00:29:41,029 --> 00:29:39,120
um you know you kind of have both sides

659
00:29:42,470 --> 00:29:41,039
of the coin you know usually when you

660
00:29:44,450 --> 00:29:42,480
talk about something like the Loch Ness

661
00:29:46,549 --> 00:29:44,460
monster you get the debate over whether

662
00:29:49,250 --> 00:29:46,559
it's like a plesiosaur whether it's like

663
00:29:53,149 --> 00:29:49,260

an eel so that was that was definitely

664

00:29:55,310 --> 00:29:53,159

something interesting there is also I'm

665

00:29:58,430 --> 00:29:55,320

sure everyone's you know familiar with

666

00:30:00,110 --> 00:29:58,440

the Megalodon that does get reported

667

00:30:01,490 --> 00:30:00,120

from time to time

668

00:30:06,289 --> 00:30:01,500

um definitely from a scientific

669

00:30:08,510 --> 00:30:06,299

perspective I I guess would not I would

670

00:30:10,490 --> 00:30:08,520

not put money on it

671

00:30:12,169 --> 00:30:10,500

um but it is something that people have

672

00:30:14,870 --> 00:30:12,179

reported

673

00:30:16,130 --> 00:30:14,880

um and you know I guess if they are

674

00:30:20,210 --> 00:30:16,140

still around we'll have to get Jason

675

00:30:25,610 --> 00:30:23,570

um and I'm trying to think of there

676

00:30:27,289 --> 00:30:25,620

there are a couple other ones

677

00:30:28,850 --> 00:30:27,299

um there is another one in Japan that's

678

00:30:31,549 --> 00:30:28,860

basically a

679

00:30:32,510 --> 00:30:31,559

huge octopus

680

00:30:39,549 --> 00:30:32,520

um

681

00:30:45,350 --> 00:30:39,559

any Japanese viewers uh the Acker

682

00:30:46,210 --> 00:30:45,360

verkumia so just absolutely huge

683

00:30:48,710 --> 00:30:46,220

um

684

00:30:51,289 --> 00:30:48,720

you know octopus

685

00:30:54,130 --> 00:30:51,299

um you know the reports would actually

686

00:30:56,930 --> 00:30:54,140

dwarf even the giant squid which is

687

00:30:57,830 --> 00:30:56,940

pretty pretty huge

688

00:31:00,049 --> 00:30:57,840

um

689

00:31:02,810 --> 00:31:00,059

so you know that's definitely something

690

00:31:06,230 --> 00:31:02,820

where you you kind of look at and you go

691

00:31:09,130 --> 00:31:06,240

you know especially when you're on

692

00:31:12,950 --> 00:31:09,140

the sea you know things can get a bit

693

00:31:15,110 --> 00:31:12,960

so but definitely definitely interesting

694

00:31:18,769 --> 00:31:15,120

um so because I that was another one I

695

00:31:21,110 --> 00:31:18,779

had never heard of before so yeah I I uh

696

00:31:24,289 --> 00:31:21,120

not long ago was not too many years ago

697

00:31:27,470 --> 00:31:24,299

there was an actual footage from a um

698

00:31:31,370 --> 00:31:27,480

of a large squid that a Japanese

699

00:31:34,310 --> 00:31:31,380

fisherman had pulled up and um and they

700

00:31:36,830 --> 00:31:34,320

pulled up some pretty decent sized uh

701

00:31:38,990 --> 00:31:36,840

Jellyfish as well which I I'm quite sure

702

00:31:41,930 --> 00:31:39,000

could be mistaken for some type of sea

703

00:31:45,310 --> 00:31:41,940

creature and somebody's perspective but

704

00:31:47,570 --> 00:31:45,320

uh yeah there do seem to be some large

705

00:31:50,029 --> 00:31:47,580

squid out there of course we've all

706

00:31:53,750 --> 00:31:50,039

heard about the Kraken and the other

707

00:31:55,909 --> 00:31:53,760

so-called uh killer squid or killer

708

00:31:58,370 --> 00:31:55,919

octopus but um

709

00:32:01,510 --> 00:31:58,380

you know we've we have had some footage

710

00:32:04,310 --> 00:32:01,520

of some some very large um

711

00:32:06,409 --> 00:32:04,320

a squid even down in Australia there

712

00:32:10,190 --> 00:32:06,419

have been a few that have been captured

713

00:32:11,810 --> 00:32:10,200

and examined and looked at so uh they're

714

00:32:13,370 --> 00:32:11,820

out there I'm quite sure they're out

715

00:32:15,590 --> 00:32:13,380

there uh you know

716

00:32:18,710 --> 00:32:15,600

yeah there's so little we know

717

00:32:20,690 --> 00:32:18,720

definitely very very wild you know

718

00:32:23,029 --> 00:32:20,700

something like you know the giant squid

719

00:32:25,549 --> 00:32:23,039

and the colossal squid where we

720

00:32:27,590 --> 00:32:25,559

basically only have

721

00:32:28,789 --> 00:32:27,600

a juvenile

722

00:32:30,409 --> 00:32:28,799

um bodies

723

00:32:32,570 --> 00:32:30,419

and you know they're they're they're

724

00:32:35,990 --> 00:32:32,580

they're already huge

725

00:32:37,610 --> 00:32:36,000

because you know it's like man I yeah I

726

00:32:42,470 --> 00:32:37,620

definitely don't want to fight a giant

727

00:32:42,480 --> 00:32:45,250

no yeah

728

00:32:45,260 --> 00:32:52,070

they can chew you up pretty bad

729

00:33:01,909 --> 00:32:56,510

um

730

00:33:04,549 --> 00:33:01,919

stories over the years from people in

731

00:33:05,389 --> 00:33:04,559

Asia of different things

732

00:33:07,549 --> 00:33:05,399

um

733

00:33:09,590 --> 00:33:07,559

of course you know the one that always

734

00:33:12,950 --> 00:33:09,600

fascinates me as the Mongolian death

735

00:33:14,570 --> 00:33:12,960

worm that thing you know and I I've I

736

00:33:15,950 --> 00:33:14,580

knew a couple people who were in

737

00:33:17,630 --> 00:33:15,960

expeditions

738

00:33:18,970 --> 00:33:17,640

for these things

739

00:33:21,590 --> 00:33:18,980

um

740

00:33:23,149 --> 00:33:21,600

they didn't necessarily find one but

741

00:33:24,470 --> 00:33:23,159

they you know some of the things they

742

00:33:27,350 --> 00:33:24,480

talked about

743

00:33:29,870 --> 00:33:27,360

uh uh we're pretty hairy I mean I don't

744

00:33:32,210 --> 00:33:29,880

know what what what do you believe

745

00:33:34,310 --> 00:33:32,220

is the the existence of these things you

746

00:33:36,830 --> 00:33:34,320

think they're real

747

00:33:40,789 --> 00:33:36,840

so I I couldn't really find anything

748

00:33:42,830 --> 00:33:40,799

that led me to think yes this is

749

00:33:44,330 --> 00:33:42,840

definitely real I have you know pretty

750

00:33:45,769 --> 00:33:44,340

decent confidence

751
00:33:48,049 --> 00:33:45,779
but at the same time there wasn't

752
00:33:51,169 --> 00:33:48,059
anything that made me think

753
00:33:55,250 --> 00:33:51,179
this definitely doesn't exist you know

754
00:33:57,230 --> 00:33:55,260
there's definitely a lot of

755
00:34:01,250 --> 00:33:57,240
you know researchers talking to people

756
00:34:02,529 --> 00:34:01,260
who live in the area saying I you know

757
00:34:08,869 --> 00:34:02,539
like

758
00:34:11,089 --> 00:34:08,879
I I don't know my my brother's cousin or

759
00:34:13,310 --> 00:34:11,099
something you know died died because a

760
00:34:16,909 --> 00:34:13,320
Mongolian deathworm made him uh but you

761
00:34:19,430 --> 00:34:16,919
know also genuine fear concern

762
00:34:22,010 --> 00:34:19,440
um so definitely something

763
00:34:24,169 --> 00:34:22,020

some something interesting is definitely

764

00:34:26,510 --> 00:34:24,179

going on there I think some of the more

765

00:34:28,849 --> 00:34:26,520

outlandish

766

00:34:30,530 --> 00:34:28,859

um claims about it I know

767

00:34:31,790 --> 00:34:30,540

um it used to be

768

00:34:34,790 --> 00:34:31,800

um

769

00:34:37,669 --> 00:34:34,800

kind of part of the mythology that it

770

00:34:38,810 --> 00:34:37,679

could like shoot electrical currents

771

00:34:41,149 --> 00:34:38,820

um

772

00:34:43,250 --> 00:34:41,159

I I def you know if I was going to put

773

00:34:45,409 --> 00:34:43,260

money on the Mongolian death worm I

774

00:34:49,490 --> 00:34:45,419

would definitely not put money down on

775

00:34:50,930 --> 00:34:49,500

any uh laser electrical currents uh

776

00:34:54,109 --> 00:34:50,940

death worms

777

00:34:57,890 --> 00:34:54,119

but you know there is still you know

778

00:35:01,430 --> 00:34:59,030

um

779

00:35:04,609 --> 00:35:01,440

you know a lot of people who actually

780

00:35:05,870 --> 00:35:04,619

live in these areas see these creatures

781

00:35:11,089 --> 00:35:05,880

and

782

00:35:14,870 --> 00:35:11,099

general will just go

783

00:35:17,630 --> 00:35:14,880

no like that that can't happen uh that's

784

00:35:20,630 --> 00:35:17,640

just wrong and then you know we've seen

785

00:35:22,490 --> 00:35:20,640

time and time again that you know the

786

00:35:23,990 --> 00:35:22,500

people who actually live there

787

00:35:25,550 --> 00:35:24,000

we're right

788

00:35:26,750 --> 00:35:25,560

um you know with the coelacanth the

789

00:35:29,510 --> 00:35:26,760

Okapi

790

00:35:33,349 --> 00:35:29,520

um mountain gorillas like there's just a

791

00:35:35,089 --> 00:35:33,359

whole list absolutely so so I mean you

792

00:35:37,130 --> 00:35:35,099

know when someone who actually lives in

793

00:35:39,950 --> 00:35:37,140

the area and multiple people who live in

794

00:35:41,870 --> 00:35:39,960

the area say you know like

795

00:35:46,130 --> 00:35:41,880

you know we've seen this thing for

796

00:35:48,349 --> 00:35:46,140

literal centuries you know it's kind of

797

00:35:50,270 --> 00:35:48,359

you know who am I to say no that that

798

00:35:52,430 --> 00:35:50,280

doesn't

799

00:35:54,530 --> 00:35:52,440

that that's wrong you're wrong right and

800

00:35:57,290 --> 00:35:54,540

I've never been to Mongolia so I

801
00:35:58,730 --> 00:35:57,300
definitely don't have you know every

802
00:36:01,730 --> 00:35:58,740
time I see that picture of the death

803
00:36:03,890 --> 00:36:01,740
worm I think about the the huge worms

804
00:36:07,430 --> 00:36:03,900
from Dune I don't know why but it kind

805
00:36:10,130 --> 00:36:07,440
of reminds me of it

806
00:36:11,690 --> 00:36:10,140
um actually it was yeah it was funny one

807
00:36:14,210 --> 00:36:11,700
of the things that came up while I was

808
00:36:16,790 --> 00:36:14,220
researching uh the Mongolian death worm

809
00:36:18,470 --> 00:36:16,800
was and I am I'm blanking on the

810
00:36:21,349 --> 00:36:18,480
researcher's name he actually did pass

811
00:36:23,569 --> 00:36:21,359
away uh semi-recently but he would

812
00:36:25,970 --> 00:36:23,579
actually use

813
00:36:28,069 --> 00:36:25,980

um like Sound Vibrations so similar

814

00:36:30,170 --> 00:36:28,079

inspired by Dune

815

00:36:32,510 --> 00:36:30,180

because obviously

816

00:36:35,150 --> 00:36:32,520

the worms would like yeah they'd be

817

00:36:38,210 --> 00:36:35,160

attracted to the vibration absolutely

818

00:36:41,329 --> 00:36:38,220

interesting exactly and yes if you like

819

00:36:44,870 --> 00:36:41,339

develop like this device that you just

820

00:36:47,930 --> 00:36:44,880

created like these minor Tremors

821

00:36:50,390 --> 00:36:47,940

um so definitely definitely interesting

822

00:36:53,329 --> 00:36:50,400

so there is definitely a lot of

823

00:36:55,790 --> 00:36:53,339

you know Crossover with Dune Laura I

824

00:37:01,250 --> 00:36:59,089

uh Logan asked um any recent sightings

825

00:37:03,950 --> 00:37:01,260

or information on the Ninja

826

00:37:07,609 --> 00:37:03,960

uh he says a fairly convincing pictures

827

00:37:10,130 --> 00:37:07,619

and uh and videos yeah I've seen a lot

828

00:37:11,750 --> 00:37:10,140

of those ninjin pictures before I don't

829

00:37:15,470 --> 00:37:11,760

know how real they are

830

00:37:16,849 --> 00:37:15,480

uh they kind of see a seem obscure to me

831

00:37:18,589 --> 00:37:16,859

but I don't know what are your thoughts

832

00:37:22,190 --> 00:37:18,599

on this

833

00:37:24,349 --> 00:37:22,200

yeah so I honestly I wouldn't say I

834

00:37:26,329 --> 00:37:24,359

looked too far into it again that's a

835

00:37:27,370 --> 00:37:26,339

lot of trying to find the difference

836

00:37:30,950 --> 00:37:27,380

between

837

00:37:34,010 --> 00:37:30,960

cryptozoology and the folklore behind it

838

00:37:35,750 --> 00:37:34,020

and more paranormal uh things and

839

00:37:38,510 --> 00:37:35,760

obviously a lot of that can be a very

840

00:37:40,730 --> 00:37:38,520

hard line to draw

841

00:37:43,670 --> 00:37:40,740

um so it's not something that I would

842

00:37:45,950 --> 00:37:43,680

say I particularly looked into

843

00:37:47,510 --> 00:37:45,960

um so

844

00:37:50,750 --> 00:37:47,520

but definitely definitely something

845

00:37:54,530 --> 00:37:52,609

um

846

00:37:57,109 --> 00:37:54,540

yeah Luke also mentioned something which

847

00:37:59,810 --> 00:37:57,119

is interesting about fault forms and uh

848

00:38:01,730 --> 00:37:59,820

being associated with Cryptids

849

00:38:03,530 --> 00:38:01,740

he talks about slender man you know this

850

00:38:05,390 --> 00:38:03,540

is something else that I've looked at in

851
00:38:06,310 --> 00:38:05,400
my research as far as thought forms

852
00:38:09,849 --> 00:38:06,320
people

853
00:38:12,589 --> 00:38:09,859
uh mind manifesting these creatures and

854
00:38:14,569 --> 00:38:12,599
you know a lot of cryptozoologists have

855
00:38:18,770 --> 00:38:14,579
have written about that you know tulpas

856
00:38:20,569 --> 00:38:18,780
are our thought forms uh not necessarily

857
00:38:23,450 --> 00:38:20,579
relics but something being fault

858
00:38:25,670 --> 00:38:23,460
manifested and uh appearing

859
00:38:28,910 --> 00:38:25,680
right and I I believe that's entirely

860
00:38:32,390 --> 00:38:28,920
possible what do you think about that

861
00:38:35,329 --> 00:38:32,400
yeah I usually I wouldn't say I put you

862
00:38:38,810 --> 00:38:37,010
into

863
00:38:41,150 --> 00:38:38,820

um the more paranormal

864

00:38:43,370 --> 00:38:41,160

um explanations for Cryptids you know I

865

00:38:46,250 --> 00:38:43,380

know I know there's a pretty decently

866

00:38:49,190 --> 00:38:46,260

common one where you know Bigfoot is

867

00:38:50,810 --> 00:38:49,200

either an alien or some kind of you know

868

00:38:52,870 --> 00:38:50,820

teleporting creature

869

00:38:57,650 --> 00:38:52,880

and I I

870

00:39:00,050 --> 00:38:57,660

again like I I don't you know I I can't

871

00:39:01,190 --> 00:39:00,060

say whether that's not a thing well

872

00:39:02,329 --> 00:39:01,200

you're not gonna hurt my feelings

873

00:39:03,890 --> 00:39:02,339

because I believe there's some

874

00:39:05,450 --> 00:39:03,900

connection here but you know you can see

875

00:39:09,170 --> 00:39:05,460

what you want to say that's what you're

876

00:39:11,690 --> 00:39:09,180

on here for what no yeah you know I've

877

00:39:15,290 --> 00:39:11,700

met I've met a ton of researchers who do

878

00:39:17,089 --> 00:39:15,300

a lot of great research on you know the

879

00:39:19,490 --> 00:39:17,099

connection there

880

00:39:22,430 --> 00:39:19,500

um I think from my personal standpoint

881

00:39:25,329 --> 00:39:22,440

it's looking at

882

00:39:28,910 --> 00:39:25,339

you know the more physical

883

00:39:30,890 --> 00:39:28,920

manifestations and again you know I I

884

00:39:33,230 --> 00:39:30,900

think as long as everyone's kind of just

885

00:39:35,410 --> 00:39:33,240

respecting each other and you know all

886

00:39:38,630 --> 00:39:35,420

working towards like this common goal of

887

00:39:39,950 --> 00:39:38,640

figuring out what's going on you know I

888

00:39:41,810 --> 00:39:39,960

don't have a problem with it personally

889

00:39:44,150 --> 00:39:41,820

I I don't know how long you've been

890

00:39:46,870 --> 00:39:44,160

involved with the community as far as

891

00:39:49,849 --> 00:39:46,880

cryptozoology and Cryptids and such but

892

00:39:53,030 --> 00:39:49,859

there has been a big Chasm between the

893

00:39:57,550 --> 00:39:53,040

Flesh and Blood and the uh this the

894

00:39:59,349 --> 00:39:57,560

supernatural Cryptid theories uh yes

895

00:40:03,890 --> 00:39:59,359

I remember

896

00:40:06,290 --> 00:40:03,900

people are more open to it now but there

897

00:40:09,349 --> 00:40:06,300

used to be a large Chasm and a lot of

898

00:40:12,170 --> 00:40:09,359

arguments you would go to a uh you would

899

00:40:14,750 --> 00:40:12,180

go to a conference maybe 10 15 years ago

900

00:40:16,849 --> 00:40:14,760

and you'd had researchers there arguing

901
00:40:18,410 --> 00:40:16,859
with each other out in the open about it

902
00:40:21,770 --> 00:40:18,420
and um

903
00:40:23,630 --> 00:40:21,780
and I but more recently I think it's got

904
00:40:24,950 --> 00:40:23,640
to the point now since you know a lot of

905
00:40:27,530 --> 00:40:24,960
these things haven't showed up

906
00:40:28,790 --> 00:40:27,540
physically or we have no evidence of

907
00:40:30,550 --> 00:40:28,800
them particularly I'm talking about

908
00:40:33,710 --> 00:40:30,560
Bigfoot arm

909
00:40:35,690 --> 00:40:33,720
canine Cryptids or such that you know

910
00:40:37,430 --> 00:40:35,700
some are some people are starting to

911
00:40:39,370 --> 00:40:37,440
open up and say well maybe there is

912
00:40:40,970 --> 00:40:39,380
something to that

913
00:40:51,170 --> 00:40:40,980

yeah

914

00:40:54,470 --> 00:40:51,180

lot of the a lot of the you know

915

00:40:57,349 --> 00:40:54,480

in-person fights never you know ignoring

916

00:40:59,329 --> 00:40:57,359

like you know just huge fights and

917

00:41:01,130 --> 00:40:59,339

Facebook groups and such

918

00:41:02,750 --> 00:41:01,140

um because I lived in Texas at the time

919

00:41:04,550 --> 00:41:02,760

so there was a lot of

920

00:41:07,370 --> 00:41:04,560

talk of

921

00:41:11,089 --> 00:41:07,380

well if people keep shooting at Bigfoot

922

00:41:12,589 --> 00:41:11,099

and they keep missing you know

923

00:41:16,310 --> 00:41:12,599

um

924

00:41:17,990 --> 00:41:16,320

you know where where's the body

925

00:41:20,450 --> 00:41:18,000

so

926

00:41:22,730 --> 00:41:20,460

yeah you know again that's just not

927

00:41:25,190 --> 00:41:22,740

something that

928

00:41:28,310 --> 00:41:25,200

you know if if I could dedicate my whole

929

00:41:31,190 --> 00:41:28,320

life to finding Cryptids I don't think

930

00:41:33,710 --> 00:41:31,200

that's really an ad you know an Avenue

931

00:41:35,890 --> 00:41:33,720

that I would really pursue but you know

932

00:41:40,069 --> 00:41:35,900

if if it's true you know

933

00:41:42,410 --> 00:41:40,079

yeah I think we haven't found any real

934

00:41:43,690 --> 00:41:42,420

physical evidence of Cryptids for the

935

00:41:46,310 --> 00:41:43,700

most part

936

00:41:48,470 --> 00:41:46,320

yeah I think it kind of varies by

937

00:41:49,910 --> 00:41:48,480

Cryptid and I know that's kind of a

938

00:41:52,730 --> 00:41:49,920

cop-out answer

939

00:41:54,829 --> 00:41:52,740

something like Bigfoot and admittedly

940

00:41:56,329 --> 00:41:54,839

that is not my um

941

00:41:59,210 --> 00:41:56,339

Main

942

00:42:03,530 --> 00:41:59,220

area of research but things are pretty

943

00:42:05,450 --> 00:42:03,540

quick to decompose and some something is

944

00:42:09,710 --> 00:42:05,460

you know like

945

00:42:12,410 --> 00:42:09,720

Humanities had burial rituals for

946

00:42:13,550 --> 00:42:12,420

you know centuries

947

00:42:15,589 --> 00:42:13,560

um

948

00:42:17,890 --> 00:42:15,599

and you know like there's there's

949

00:42:22,130 --> 00:42:17,900

neanderthals where we've seen them have

950

00:42:26,030 --> 00:42:22,140

these funeral burial rituals

951
00:42:28,730 --> 00:42:26,040
um so who's to say that a semi-advanced

952
00:42:31,010 --> 00:42:28,740
primate doesn't also have something like

953
00:42:32,630 --> 00:42:31,020
that and now that I'm saying that I

954
00:42:35,810 --> 00:42:32,640
think chimpanzees or gorillas have

955
00:42:37,970 --> 00:42:35,820
something relatively similar

956
00:42:41,690 --> 00:42:37,980
um so maybe they eat each other I don't

957
00:42:44,569 --> 00:42:41,700
know maybe yeah yeah I mean I know some

958
00:42:48,710 --> 00:42:44,579
chimpanzees will actually do that

959
00:42:51,530 --> 00:42:48,720
um yeah so I think I think bonobos do

960
00:42:53,990 --> 00:42:51,540
too so bonobos do

961
00:42:58,010 --> 00:42:54,000
yes

962
00:42:59,870 --> 00:42:58,020
um well so go ahead yeah so yeah I think

963
00:43:02,390 --> 00:42:59,880

it does just kind of depend

964

00:43:05,390 --> 00:43:02,400

by Cryptid

965

00:43:07,730 --> 00:43:05,400

and some of them

966

00:43:09,530 --> 00:43:07,740

you know um

967

00:43:12,410 --> 00:43:09,540

honestly some of them just might not

968

00:43:14,690 --> 00:43:12,420

exist I don't want to say like oh yeah

969

00:43:17,870 --> 00:43:14,700

this definitely doesn't exist

970

00:43:19,550 --> 00:43:17,880

um but there is you know that thing you

971

00:43:25,630 --> 00:43:19,560

know that

972

00:43:28,910 --> 00:43:25,640

like cryptids in

973

00:43:31,210 --> 00:43:28,920

Asia and Oceania they are in those areas

974

00:43:33,349 --> 00:43:31,220

that aren't necessarily being explored

975

00:43:35,870 --> 00:43:33,359

frequently and going back to you know

976
00:43:39,710 --> 00:43:35,880
decomposing

977
00:43:42,530 --> 00:43:39,720
um you know like let's say you have um

978
00:43:45,650 --> 00:43:42,540
you know like an orang pen deck and it

979
00:43:47,870 --> 00:43:45,660
passes away it you know like it just

980
00:43:50,089 --> 00:43:47,880
dies in the forest one day it might be

981
00:43:53,210 --> 00:43:50,099
years before someone even steps in like

982
00:43:54,770 --> 00:43:53,220
a square kilometer of that area oh

983
00:43:56,329 --> 00:43:54,780
absolutely by that by that point

984
00:43:58,970 --> 00:43:56,339
something might have picked off the

985
00:44:01,730 --> 00:43:58,980
bones uh the Skin's gone

986
00:44:03,230 --> 00:44:01,740
so it's

987
00:44:05,569 --> 00:44:03,240
yeah it's definitely something that

988
00:44:06,290 --> 00:44:05,579

varies by Cryptid

989

00:44:08,569 --> 00:44:06,300

um

990

00:44:09,770 --> 00:44:08,579

so

991

00:44:17,809 --> 00:44:09,780

you know

992

00:44:21,230 --> 00:44:17,819

theory is definitely wrong unless there

993

00:44:23,750 --> 00:44:21,240

is something you know very wrong with it

994

00:44:26,569 --> 00:44:23,760

um but I don't think with you know the

995

00:44:28,490 --> 00:44:26,579

Paranormal or extraterrestrial

996

00:44:32,089 --> 00:44:28,500

Bigfoot or other Cryptids like I don't

997

00:44:33,290 --> 00:44:32,099

think that's like inherently wrong I

998

00:44:36,829 --> 00:44:33,300

mean

999

00:44:39,829 --> 00:44:36,839

as long as we're all collaborating to

1000

00:44:41,630 --> 00:44:39,839

figure out uh the mystery I I think

1001
00:44:43,910 --> 00:44:41,640
that's all that matters you know you

1002
00:44:45,050 --> 00:44:43,920
know like detectives working together if

1003
00:44:46,910 --> 00:44:45,060
they have different

1004
00:44:49,910 --> 00:44:46,920
culprits in mind they don't start

1005
00:44:51,710 --> 00:44:49,920
yelling at each other or whatever

1006
00:44:53,870 --> 00:44:51,720
I I wish it was like that but

1007
00:44:56,270 --> 00:44:53,880
realistically it just does not turn out

1008
00:44:57,589 --> 00:44:56,280
that way many times that's true

1009
00:44:58,490 --> 00:44:57,599
unfortunately

1010
00:45:00,890 --> 00:44:58,500
um

1011
00:45:03,109 --> 00:45:00,900
Vincent wanted to know and I did too uh

1012
00:45:05,809 --> 00:45:03,119
have you had any encounters yourself or

1013
00:45:07,970 --> 00:45:05,819

Cryptids or even the Paranormal

1014

00:45:10,730 --> 00:45:07,980

so not with Cryptids although

1015

00:45:13,089 --> 00:45:10,740

interestingly enough I was in Point

1016

00:45:15,530 --> 00:45:13,099

Pleasant in 2009

1017

00:45:17,150 --> 00:45:15,540

I believe it was

1018

00:45:18,530 --> 00:45:17,160

July or August

1019

00:45:21,050 --> 00:45:18,540

and

1020

00:45:22,970 --> 00:45:21,060

I was actually staying in the room that

1021

00:45:26,030 --> 00:45:22,980

John Keel had been in when he was

1022

00:45:27,890 --> 00:45:26,040

writing the Mothman Prophecies my

1023

00:45:30,650 --> 00:45:27,900

parents specifically booked that because

1024

00:45:32,930 --> 00:45:30,660

I was very fascinated with Mothman

1025

00:45:35,990 --> 00:45:32,940

and

1026

00:45:39,650 --> 00:45:36,000

at one point I I had

1027

00:45:43,370 --> 00:45:39,660

gotten up to go get water from you know

1028

00:45:46,609 --> 00:45:43,380

the um the ensuite bathroom and then I

1029

00:45:48,349 --> 00:45:46,619

was coming back out and I I kind of like

1030

00:45:49,329 --> 00:45:48,359

looked to the right and there was like

1031

00:45:52,910 --> 00:45:49,339

this

1032

00:45:53,630 --> 00:45:52,920

white Haze in the mirror

1033

00:45:57,530 --> 00:45:53,640

um

1034

00:46:00,589 --> 00:45:57,540

and I was like oh this is uh I don't

1035

00:46:04,190 --> 00:46:00,599

like that so I like hit under the covers

1036

00:46:06,650 --> 00:46:04,200

and I was like clutching the Bible I was

1037

00:46:08,329 --> 00:46:06,660

like oh my gosh I'm gonna die and I kept

1038

00:46:11,870 --> 00:46:08,339

like peeking out to see if it had gone

1039

00:46:13,430 --> 00:46:11,880

away but it was you know regardless of

1040

00:46:16,309 --> 00:46:13,440

like the angle you were looking at it

1041

00:46:16,870 --> 00:46:16,319

was just kind of always there

1042

00:46:20,750 --> 00:46:16,880

um

1043

00:46:22,910 --> 00:46:20,760

and you know eventually I just

1044

00:46:25,730 --> 00:46:22,920

I I got up and I ran in my parents room

1045

00:46:27,829 --> 00:46:25,740

and I was like switch rooms with me I

1046

00:46:29,630 --> 00:46:27,839

want to stay with Mom and my Dad slept

1047

00:46:31,130 --> 00:46:29,640

there and he didn't see anything so

1048

00:46:35,510 --> 00:46:31,140

right

1049

00:46:38,870 --> 00:46:35,520

uh very interesting yeah well you know

1050

00:46:41,089 --> 00:46:38,880

Point Pleasant uh kind of grues on

1051
00:46:43,790 --> 00:46:41,099
people I've been there several times I

1052
00:46:46,190 --> 00:46:43,800
went you know I'm I have always been

1053
00:46:47,690 --> 00:46:46,200
fascinated with the Mothman and Wing

1054
00:46:52,490 --> 00:46:47,700
human noise I had an encounter Back in

1055
00:46:55,069 --> 00:46:52,500
88 myself and uh yeah it's um

1056
00:46:58,250 --> 00:46:55,079
and of course our team has been involved

1057
00:47:02,750 --> 00:46:58,260
with the Chicago malt man uh phenomena

1058
00:47:07,250 --> 00:47:04,670
we've written several books about them

1059
00:47:09,349 --> 00:47:07,260
so yeah I but you know it always comes

1060
00:47:11,290 --> 00:47:09,359
back to Point Pleasant

1061
00:47:14,030 --> 00:47:11,300
and um

1062
00:47:16,670 --> 00:47:14,040
yeah there there's just something about

1063
00:47:27,010 --> 00:47:16,680

that town it's it's not just the Mothman

1064

00:47:32,270 --> 00:47:29,930

there's just a feeling it's not even

1065

00:47:33,829 --> 00:47:32,280

necessarily you know you know I've heard

1066

00:47:36,230 --> 00:47:33,839

people and they describe like Paranormal

1067

00:47:39,050 --> 00:47:36,240

experience so like you know I just felt

1068

00:47:41,290 --> 00:47:39,060

like this evil in the room and it wasn't

1069

00:47:43,609 --> 00:47:41,300

necessarily that it was just

1070

00:47:45,950 --> 00:47:43,619

odd you know

1071

00:47:47,930 --> 00:47:45,960

I I think it was particularly in the

1072

00:47:49,609 --> 00:47:47,940

McLean talk or uh the West Virginia

1073

00:47:51,530 --> 00:47:49,619

ordinance Sports area people call the

1074

00:47:53,450 --> 00:47:51,540

TNT plant

1075

00:47:56,630 --> 00:47:53,460

um I I believe there's some very strong

1076

00:47:59,390 --> 00:47:56,640

indigenous energy there and

1077

00:48:01,010 --> 00:47:59,400

um you know I have heard a ton of EVPs

1078

00:48:02,750 --> 00:48:01,020

coming out of there I've heard things

1079

00:48:05,210 --> 00:48:02,760

myself being there

1080

00:48:07,490 --> 00:48:05,220

I've researched the area a couple times

1081

00:48:10,490 --> 00:48:07,500

over the years myself and have been with

1082

00:48:13,490 --> 00:48:10,500

other people and uh you know it never

1083

00:48:15,309 --> 00:48:13,500

fails to amaze me with something or

1084

00:48:18,109 --> 00:48:15,319

something always turns up

1085

00:48:20,030 --> 00:48:18,119

and of course uh and you know the

1086

00:48:23,329 --> 00:48:20,040

Mothman sightings are still taking place

1087

00:48:27,170 --> 00:48:23,339

in the area that whole County

1088

00:48:30,890 --> 00:48:27,180

um in the old area overall I mean we

1089

00:48:32,870 --> 00:48:30,900

have had a a fair amount of winged

1090

00:48:36,230 --> 00:48:32,880

humanoid or Mothman sightings in there

1091

00:48:37,970 --> 00:48:36,240

plus other things so uh yeah that town

1092

00:48:40,550 --> 00:48:37,980

is uh there's something about Point

1093

00:48:43,430 --> 00:48:40,560

Pleasant there's no doubt about it

1094

00:48:49,670 --> 00:48:46,490

so um I think it's a Mothman statue I

1095

00:48:51,050 --> 00:48:49,680

think it's cursed uh I don't know you

1096

00:48:52,910 --> 00:48:51,060

know

1097

00:48:54,589 --> 00:48:52,920

um I've had people tell me that before

1098

00:48:56,870 --> 00:48:54,599

I've had people who said they've had

1099

00:48:59,329 --> 00:48:56,880

pictures taken with those things with

1100

00:49:02,390 --> 00:48:59,339

that thing and it just freaks them out I

1101

00:49:04,069 --> 00:49:02,400

don't know yeah I remember yeah back in

1102

00:49:05,089 --> 00:49:04,079

back in the day when I was when I was in

1103

00:49:07,069 --> 00:49:05,099

Middle School

1104

00:49:08,750 --> 00:49:07,079

um one of my one of my my science

1105

00:49:11,089 --> 00:49:08,760

teacher actually dared me to do a whole

1106

00:49:15,530 --> 00:49:11,099

presentation on cryptozoology because I

1107

00:49:18,589 --> 00:49:15,540

was always use crypted examples for um

1108

00:49:22,970 --> 00:49:18,599

for like projects and such

1109

00:49:27,170 --> 00:49:22,980

so and then on my Mothman slide I I had

1110

00:49:28,370 --> 00:49:27,180

a photo of that statue and every time I

1111

00:49:30,050 --> 00:49:28,380

see the statue it just makes me laugh

1112

00:49:30,950 --> 00:49:30,060

because I could just remember my teacher

1113

00:49:33,050 --> 00:49:30,960

going

1114

00:49:35,890 --> 00:49:33,060

hold up Carol does does that thing have

1115

00:49:40,309 --> 00:49:35,900

like six-pack abs

1116

00:49:42,109 --> 00:49:40,319

like wow like you know

1117

00:49:44,329 --> 00:49:42,119

you know that statue is always

1118

00:49:45,770 --> 00:49:44,339

fascinating me because quite honestly it

1119

00:49:47,870 --> 00:49:45,780

doesn't look anything like any of the

1120

00:49:48,849 --> 00:49:47,880

descriptions of that thing to be honest

1121

00:49:51,589 --> 00:49:48,859

with you

1122

00:49:53,450 --> 00:49:51,599

uh it looks more like what we've been

1123

00:49:56,809 --> 00:49:53,460

seeing out in Chicago as opposed to what

1124

00:49:59,450 --> 00:49:56,819

would be so unpoint pleasant and uh you

1125

00:50:00,230 --> 00:49:59,460

know with the big bulging red eyes and

1126

00:50:03,109 --> 00:50:00,240

um

1127

00:50:05,630 --> 00:50:03,119

you know the kind of actual

1128

00:50:07,069 --> 00:50:05,640

human body I mean you know they called

1129

00:50:10,970 --> 00:50:07,079

it Mothman for a reason because it

1130

00:50:13,550 --> 00:50:10,980

looked like a friggin moth yeah so yeah

1131

00:50:16,130 --> 00:50:13,560

you know

1132

00:50:18,710 --> 00:50:16,140

every people I talk they always bring up

1133

00:50:21,050 --> 00:50:18,720

the Mothman Prophecies movie but quite

1134

00:50:23,390 --> 00:50:21,060

frankly if you they hadn't read Mothman

1135

00:50:25,309 --> 00:50:23,400

Prophecies book then they're just really

1136

00:50:29,030 --> 00:50:25,319

missing out because the movie really did

1137

00:50:32,030 --> 00:50:29,040

not do the book Justice whatsoever

1138

00:50:35,990 --> 00:50:32,040

yeah I remember yeah when I was when I

1139

00:50:37,970 --> 00:50:36,000

was very into Mothman studies I so I

1140

00:50:39,710 --> 00:50:37,980

read the book and then I watched the

1141

00:50:42,650 --> 00:50:39,720

movie and I think that was the first

1142

00:50:44,390 --> 00:50:42,660

time as a kid that I

1143

00:50:46,250 --> 00:50:44,400

um you know had that experience of the

1144

00:50:47,390 --> 00:50:46,260

book is better than the movie

1145

00:50:52,370 --> 00:50:47,400

um

1146

00:50:54,890 --> 00:50:52,380

complain about Harry Potter or such but

1147

00:50:55,910 --> 00:50:54,900

um no it was the Mothman Prophecies for

1148

00:50:58,490 --> 00:50:55,920

me

1149

00:51:01,030 --> 00:50:58,500

yeah well my for my son and I you know

1150

00:51:04,010 --> 00:51:01,040

my son and I both read The Da Vinci Code

1151
00:51:08,390 --> 00:51:04,020
and uh we went to see the movie and uh

1152
00:51:14,510 --> 00:51:11,930
that happens a lot I mean uh there's a

1153
00:51:16,910 --> 00:51:14,520
there's a lot of big movies that

1154
00:51:21,049 --> 00:51:16,920
really do not do the book of Justice

1155
00:51:24,650 --> 00:51:21,059
whatsoever so um yeah that's unfortunate

1156
00:51:27,950 --> 00:51:24,660
so uh you know you've tackled Cryptids

1157
00:51:30,950 --> 00:51:27,960
of Asia and Oceana this time do you have

1158
00:51:34,130 --> 00:51:30,960
any plans to write about any Cryptids or

1159
00:51:36,650 --> 00:51:34,140
any other paranormal or uh

1160
00:51:39,470 --> 00:51:36,660
Supernatural subjects

1161
00:51:41,569 --> 00:51:39,480
so I I every time someone asked me that

1162
00:51:45,370 --> 00:51:41,579
I've been saying I you know I don't

1163
00:51:48,410 --> 00:51:45,380

really have a plan for anything but I

1164

00:51:49,910 --> 00:51:48,420

you know I I think I do want to do like

1165

00:51:53,270 --> 00:51:49,920

a full

1166

00:51:55,490 --> 00:51:53,280

deep dive on the Neto the the Sri Lanka

1167

00:51:57,230 --> 00:51:55,500

encrypted that I mentioned I just think

1168

00:51:59,030 --> 00:51:57,240

I think there's a lot there and it

1169

00:52:01,790 --> 00:51:59,040

hasn't gotten a lot of

1170

00:52:05,329 --> 00:52:01,800

attention whether from you know

1171

00:52:07,790 --> 00:52:05,339

cryptozoologist or from

1172

00:52:10,670 --> 00:52:07,800

you know mainstream researchers of any

1173

00:52:14,030 --> 00:52:10,680

kind and you know I you know I really

1174

00:52:14,809 --> 00:52:14,040

like to just kind of Deep dive into that

1175

00:52:18,410 --> 00:52:14,819

um

1176
00:52:20,510 --> 00:52:18,420
but otherwise I don't have any plans for

1177
00:52:22,910 --> 00:52:20,520
you know a sequel

1178
00:52:25,370 --> 00:52:22,920
um or you know focused on a different

1179
00:52:27,290 --> 00:52:25,380
region or anything

1180
00:52:29,510 --> 00:52:27,300
um you know just kind of maybe maybe

1181
00:52:32,390 --> 00:52:29,520
something will start my fancy but

1182
00:52:34,430 --> 00:52:32,400
otherwise no firm plans yeah well I said

1183
00:52:37,190 --> 00:52:34,440
that too when I started when I wrote my

1184
00:52:38,390 --> 00:52:37,200
first book and then nine books later you

1185
00:52:46,190 --> 00:52:38,400
know

1186
00:52:49,430 --> 00:52:46,200
happen but no I I mean I I think

1187
00:52:50,990 --> 00:52:49,440
you should actually find us like you

1188
00:52:53,569 --> 00:52:51,000

said find a subject that really

1189

00:52:55,849 --> 00:52:53,579

fascinates you and go deep into it uh

1190

00:52:57,770 --> 00:52:55,859

you know that's your locking Crypt that

1191

00:53:00,290 --> 00:52:57,780

I I'd be honest with you I'd never heard

1192

00:53:03,230 --> 00:53:00,300

of it or I don't remember it so

1193

00:53:04,849 --> 00:53:03,240

absolutely I'd say go for it

1194

00:53:08,510 --> 00:53:04,859

right on

1195

00:53:12,230 --> 00:53:08,520

yeah so uh do you have any uh do you

1196

00:53:15,589 --> 00:53:12,240

have any conferences or uh anything like

1197

00:53:17,270 --> 00:53:15,599

that scheduled or are you going to be uh

1198

00:53:19,190 --> 00:53:17,280

doing book signings or doing anything

1199

00:53:22,370 --> 00:53:19,200

like that sort

1200

00:53:24,710 --> 00:53:22,380

so I don't have anything planned as far

1201
00:53:26,809 --> 00:53:24,720
as conferences or specific book signings

1202
00:53:29,210 --> 00:53:26,819
go

1203
00:53:31,130 --> 00:53:29,220
so

1204
00:53:33,290 --> 00:53:31,140
um but you know if you do want to sign

1205
00:53:35,150 --> 00:53:33,300
copy feel free to honestly reach out to

1206
00:53:38,270 --> 00:53:35,160
Beyond The Fray I'd be happy to do that

1207
00:53:40,309 --> 00:53:38,280
for any listener who's interested you

1208
00:53:41,690 --> 00:53:40,319
can also get my contact information if

1209
00:53:43,250 --> 00:53:41,700
you read the book and you're just

1210
00:53:45,470 --> 00:53:43,260
curious about one of the Cryptids

1211
00:53:48,010 --> 00:53:45,480
usually pretty much everything I

1212
00:53:50,210 --> 00:53:48,020
research got put in there

1213
00:53:52,130 --> 00:53:50,220

you know for some of the Cryptids there

1214

00:53:54,230 --> 00:53:52,140

wasn't a lot so kind of had to put

1215

00:53:56,210 --> 00:53:54,240

everything in there

1216

00:53:57,710 --> 00:53:56,220

um but

1217

00:54:00,470 --> 00:53:57,720

um you know uh

1218

00:54:02,990 --> 00:54:00,480

yeah and I I would love to go to a

1219

00:54:05,450 --> 00:54:03,000

conference I you know again back when I

1220

00:54:07,430 --> 00:54:05,460

was living in Texas we would go to the

1221

00:54:08,750 --> 00:54:07,440

Texas Bigfoot research conference like

1222

00:54:11,630 --> 00:54:08,760

every year

1223

00:54:13,190 --> 00:54:11,640

um so I would definitely love to be able

1224

00:54:15,589 --> 00:54:13,200

to go to a conference give a

1225

00:54:16,809 --> 00:54:15,599

presentation sign some books get to know

1226
00:54:19,910 --> 00:54:16,819
people

1227
00:54:21,829 --> 00:54:19,920
and yeah so that would be a ton of fun

1228
00:54:26,210 --> 00:54:21,839
so

1229
00:54:28,430 --> 00:54:26,220
long way you can go

1230
00:54:29,750 --> 00:54:28,440
um and it's nice to see younger folks

1231
00:54:31,849 --> 00:54:29,760
get involved with this with

1232
00:54:32,809 --> 00:54:31,859
cryptozoology

1233
00:54:34,970 --> 00:54:32,819
um

1234
00:54:36,950 --> 00:54:34,980
it's just not as old farts that are

1235
00:54:38,990 --> 00:54:36,960
doing it and there's a lot of younger

1236
00:54:41,630 --> 00:54:39,000
people getting involved with it as well

1237
00:54:43,069 --> 00:54:41,640
you may actually want to start and I

1238
00:54:45,530 --> 00:54:43,079

don't know if you have a website or not

1239

00:54:47,569 --> 00:54:45,540

you may want to start doing some type of

1240

00:54:50,510 --> 00:54:47,579

updates and stuff to keep people

1241

00:54:53,089 --> 00:54:50,520

informed um it may help you in selling

1242

00:54:56,089 --> 00:54:53,099

books and getting people interested in

1243

00:54:57,829 --> 00:54:56,099

your research yeah yeah it's definitely

1244

00:55:01,010 --> 00:54:57,839

something you know

1245

00:55:02,270 --> 00:55:01,020

might definitely consider I should also

1246

00:55:04,630 --> 00:55:02,280

mention

1247

00:55:08,270 --> 00:55:04,640

um I guess while we're asking about

1248

00:55:11,030 --> 00:55:08,280

my you know future plans and such so my

1249

00:55:14,210 --> 00:55:11,040

my father is actually now working for

1250

00:55:17,089 --> 00:55:14,220

the center for Fortune zoology as the

1251

00:55:20,690 --> 00:55:17,099

Canadian chair so he is working on

1252

00:55:23,690 --> 00:55:20,700

getting a group to go to a particular

1253

00:55:26,270 --> 00:55:23,700

Park to go on a Sasquatch Expedition so

1254

00:55:28,370 --> 00:55:26,280

if anyone is interested in that I would

1255

00:55:31,010 --> 00:55:28,380

definitely re you know reach out to the

1256

00:55:34,670 --> 00:55:31,020

Center for Fortran zoology my dad's

1257

00:55:37,370 --> 00:55:34,680

David Scott so uh tell them I didn't

1258

00:55:40,490 --> 00:55:37,380

know that okay

1259

00:55:43,370 --> 00:55:40,500

um yeah so you know and we can get that

1260

00:55:46,010 --> 00:55:43,380

set up I will definitely be going to

1261

00:55:48,109 --> 00:55:46,020

that so that will be my first

1262

00:55:50,270 --> 00:55:48,119

Sasquatch Expedition so we'll see how

1263

00:55:52,370 --> 00:55:50,280

that goes well excellent

1264

00:55:54,950 --> 00:55:52,380

well Carol thanks for coming on tonight

1265

00:55:56,990 --> 00:55:54,960

so next Friday

1287

00:56:54,410 --> 00:56:50,579

we are going to conduct a flying crypted

1288

00:56:58,130 --> 00:56:54,420

round table and our guest will be Ken

1289

00:57:01,510 --> 00:56:58,140

Gerhard Ron Murphy and Jason McLean so

1290

00:57:04,549 --> 00:57:01,520

that'll be a quite interesting show

1291

00:57:06,950 --> 00:57:04,559

00:57:09,530 --> 00:57:06,960

time and come on live and

1293

00:57:11,569 --> 00:57:09,540

and present your questions to these guys

1294

00:57:14,750 --> 00:57:11,579

you know this is a this is a great line

1295

00:57:17,030 --> 00:57:14,760

of course we can there and Ron and Jason

1296

00:57:18,970 --> 00:57:17,040

they they're all deeply involved with

1297

00:57:21,410 --> 00:57:18,980

the flying Cryptids and other

1298
