very interesting guest he spent a long

5
00:00:15,509 --> 00:00:12,880
career at the naval surface warfare

6
00:00:17,750 --> 00:00:15,519
center during the time since the 1960s

7
00:00:19,990 --> 00:00:17,760
he was doing ufo research but one had

8
00:00:23,349 --> 00:00:20,000
nothing to do with the other he does

9
00:00:25,750 --> 00:00:23,359
excellent photo and film analysis your

10
00:00:29,669 --> 00:00:25,760
feedback is always welcome you can email

14

00:00:57,350 --> 00:00:55,189

hi everyone i have dr bruce mcabee on

15

00:00:59,349 --> 00:00:57,360

the line how you doing bruce

16

00:01:01,510 --> 00:00:59,359

i'm doing well thank you thanks for

17

00:01:04,950 --> 00:01:01,520

joining us and uh i've seen you in a

18

00:01:06,870 --> 00:01:04,960

number of videos and have looked online

19

00:01:08,789 --> 00:01:06,880

and you have quite a background can you

20

00:01:11,190 --> 00:01:08,799

tell our listening audience basically

21

00:01:12,710 --> 00:01:11,200

your background well i uh

22

00:01:13,830 --> 00:01:12,720

graduated from high school of course and

23

00:01:15,590 --> 00:01:13,840

i went through

24

00:01:16,710 --> 00:01:15,600

10 years of college to get a phd in

25

00:01:18,390 --> 00:01:16,720

physics

26
00:01:19,350 --> 00:01:18,400
from american university in washington

27
00:01:20,469 --> 00:01:19,360
dc

28
00:01:22,550 --> 00:01:20,479
and i

29
00:01:25,190 --> 00:01:22,560
went to work for the navy in

30
00:01:28,950 --> 00:01:25,200
january of 1972 and

31
00:01:31,350 --> 00:01:28,960
stayed there until 2008 36 years wow

32
00:01:33,190 --> 00:01:31,360
that's a long run maybe experience here

33
00:01:34,710 --> 00:01:33,200
i had no idea that was going to happen

34
00:01:36,710 --> 00:01:34,720
when i started off i thought i'd work

35
00:01:39,270 --> 00:01:36,720
for the navy for a few years and work

36
00:01:41,510 --> 00:01:39,280
for a company or something but anyway of

37
00:01:43,270 --> 00:01:41,520
course i did a lot of different uh

38
00:01:45,030 --> 00:01:43,280

research projects

39

00:01:46,789 --> 00:01:45,040

for the navy

40

00:01:49,190 --> 00:01:46,799

but in the meantime

41

00:01:52,149 --> 00:01:49,200

um in the late 60s while i was getting

42

00:01:54,230 --> 00:01:52,159

my phd i got interested in the ufo

43

00:01:55,990 --> 00:01:54,240

phenomenon and

44

00:01:57,670 --> 00:01:56,000

went on some case investigations with

45

00:02:00,550 --> 00:01:57,680

some other people

46

00:02:04,069 --> 00:02:00,560

in the late 60s early 70s and then

47

00:02:07,030 --> 00:02:04,079

you might say struck out on my own

48

00:02:09,190 --> 00:02:07,040

in the 70s and 80s 90s and even up until

49

00:02:10,070 --> 00:02:09,200

today for example

50

00:02:12,630 --> 00:02:10,080

so

51
00:02:16,550 --> 00:02:14,949
experience in interviewing

52
00:02:20,309 --> 00:02:16,560
interviewing people and

53
00:02:21,670 --> 00:02:20,319
creating the history of a sighting and

54
00:02:25,510 --> 00:02:21,680
analysis

55
00:02:27,270 --> 00:02:25,520
as possible

56
00:02:29,350 --> 00:02:27,280
you have to have a lot of a

57
00:02:30,869 --> 00:02:29,360
scientific background

58
00:02:33,030 --> 00:02:30,879
of various types

59
00:02:35,670 --> 00:02:33,040
in order to handle the ufo subject

60
00:02:40,070 --> 00:02:37,509
things like astronomy

61
00:02:41,350 --> 00:02:40,080
can can be very important knowing stars

62
00:02:43,589 --> 00:02:41,360
and planets and

63
00:02:44,949 --> 00:02:43,599

what's up in the sky and stuff like that

64

00:02:47,990 --> 00:02:44,959

so you left

65

00:02:50,229 --> 00:02:48,000

you left the navy in 2008 so you were

66

00:02:52,470 --> 00:02:50,239

doing both was there ever a conflict at

67

00:02:54,150 --> 00:02:52,480

all no

68

00:02:55,750 --> 00:02:54,160

the navy people

69

00:02:57,030 --> 00:02:55,760

told me to just leave their name out of

70

00:02:58,470 --> 00:02:57,040

it and

71

00:02:59,509 --> 00:02:58,480

they didn't care what i did on my own

72

00:03:00,949 --> 00:02:59,519

time

73

00:03:04,309 --> 00:03:00,959

wow

74

00:03:05,350 --> 00:03:04,319

that's uh that's almost surprising um

75

00:03:08,070 --> 00:03:05,360

but

76

00:03:10,390 --> 00:03:08,080

that's great they let you do that i know

77

00:03:11,589 --> 00:03:10,400

analysis is a big part of that can you

78

00:03:12,550 --> 00:03:11,599

explain

79

00:03:14,790 --> 00:03:12,560

and

80

00:03:16,710 --> 00:03:14,800

just before we go on with that question

81

00:03:18,710 --> 00:03:16,720

i think i heard you say in a video one

82

00:03:20,229 --> 00:03:18,720

time or maybe at a conference

83

00:03:22,630 --> 00:03:20,239

that

84

00:03:24,070 --> 00:03:22,640

photos don't really matter

85

00:03:27,990 --> 00:03:24,080

as much as

86

00:03:29,350 --> 00:03:28,000

the witnesses to corroborate the photo

87

00:03:31,110 --> 00:03:29,360

so can you kind of explain what you

88

00:03:34,630 --> 00:03:31,120

meant by that and what's involved in

89

00:03:37,830 --> 00:03:34,640

doing analysis on a typical photo

90

00:03:38,949 --> 00:03:37,840

well what i said was a photo a ufo does

91

00:03:40,710 --> 00:03:38,959

not make

92

00:03:42,070 --> 00:03:40,720

you got to have a lot of circumstantial

93

00:03:44,229 --> 00:03:42,080

evidence

94

00:03:45,190 --> 00:03:44,239

support the photo a photo can break a

95

00:03:47,270 --> 00:03:45,200

case

96

00:03:50,390 --> 00:03:47,280

there might be some evidence in it

97

00:03:52,229 --> 00:03:50,400

that is clearly showing it's a hoax a

98

00:03:54,869 --> 00:03:52,239

little thin line coming down at the top

99

00:03:57,990 --> 00:03:54,879

of a ufo or some sort of support at the

100

00:03:58,869 --> 00:03:58,000

bottom or something like that

101
00:04:00,789 --> 00:03:58,879
but

102
00:04:03,750 --> 00:04:00,799
if you find no evidence of faking you

103
00:04:05,589 --> 00:04:03,760
could say well that's a perfect fake

104
00:04:06,869 --> 00:04:05,599
i don't know what you do

105
00:04:08,630 --> 00:04:06,879
yeah

106
00:04:10,630 --> 00:04:08,640
i learned this the hard way you might

107
00:04:12,949 --> 00:04:10,640
say from my study of

108
00:04:14,710 --> 00:04:12,959
the trent photos the windville photo

109
00:04:17,830 --> 00:04:14,720
window oregon

110
00:04:20,550 --> 00:04:17,840
uh may 11th 1950.

111
00:04:22,150 --> 00:04:20,560
two photographs taken by a farmer oh yes

112
00:04:24,150 --> 00:04:22,160
water spotted this thing that's right

113
00:04:25,110 --> 00:04:24,160

it's right by uh right by a building

114

00:04:28,230 --> 00:04:25,120

right

115

00:04:30,870 --> 00:04:28,240

well you see a garage

116

00:04:33,350 --> 00:04:30,880

part of the garage in the in the picture

117

00:04:34,310 --> 00:04:33,360

you see a couple of wires going over the

118

00:04:35,430 --> 00:04:34,320

top

119

00:04:37,670 --> 00:04:35,440

you see this

120

00:04:40,070 --> 00:04:37,680

two pictures showing

121

00:04:41,830 --> 00:04:40,080

different orientations of this object

122

00:04:44,469 --> 00:04:41,840

and the pictures are clear enough you

123

00:04:45,830 --> 00:04:44,479

don't need magnifying glass to see

124

00:04:48,230 --> 00:04:45,840

uh

125

00:04:49,830 --> 00:04:48,240

what the image shape is

126
00:04:51,830 --> 00:04:49,840
that's clearly the real thing or a hoax

127
00:04:52,790 --> 00:04:51,840
there's no halfway point

128
00:04:55,590 --> 00:04:52,800
so

129
00:04:58,150 --> 00:04:55,600
this illustrates the situation uh

130
00:05:00,390 --> 00:04:58,160
lots of laboratories have looked at this

131
00:05:02,469 --> 00:05:00,400
the original negatives and tried to find

132
00:05:04,550 --> 00:05:02,479
proof evidence of a hoax

133
00:05:05,990 --> 00:05:04,560
and haven't found it but you know they

134
00:05:07,909 --> 00:05:06,000
could have been lucky

135
00:05:10,950 --> 00:05:07,919
or they could have been clever

136
00:05:12,150 --> 00:05:10,960
if you consider the uh pile of a string

137
00:05:14,469 --> 00:05:12,160
for example

138
00:05:15,749 --> 00:05:14,479

it has to be a certain

139

00:05:17,909 --> 00:05:15,759

thickness

140

00:05:20,150 --> 00:05:17,919

anything that's too thin

141

00:05:21,590 --> 00:05:20,160

wouldn't be still it would be soldered

142

00:05:23,510 --> 00:05:21,600

against the background

143

00:05:24,870 --> 00:05:23,520

gray sky this is a black and white

144

00:05:27,110 --> 00:05:24,880

photograph

145

00:05:28,950 --> 00:05:27,120

so the background sky just looks you

146

00:05:30,870 --> 00:05:28,960

know light colored if they had been

147

00:05:33,909 --> 00:05:30,880

clever and had taken a thread that was

148

00:05:36,790 --> 00:05:33,919

that matched the color of the background

149

00:05:38,469 --> 00:05:36,800

then you never see it at all

150

00:05:39,909 --> 00:05:38,479

because you've got to have contrast in

151
00:05:44,150 --> 00:05:39,919
order to see something

152
00:05:47,189 --> 00:05:44,160
right right and uh so then

153
00:05:48,629 --> 00:05:47,199
i did a lot of uh study on that

154
00:05:50,469 --> 00:05:48,639
particular case

155
00:05:51,749 --> 00:05:50,479
in the early in the middle 70s because

156
00:05:53,510 --> 00:05:51,759
it was the first the only one that was

157
00:05:56,150 --> 00:05:53,520
sort of endorsed

158
00:05:58,070 --> 00:05:56,160
by the photograph photographic analyst

159
00:06:01,430 --> 00:05:58,080
william dr william hartman who was

160
00:06:03,990 --> 00:06:01,440
working for the uh the condom committee

161
00:06:06,230 --> 00:06:04,000
as part of what was called the

162
00:06:08,309 --> 00:06:06,240
scientific study of identify flying

163
00:06:09,590 --> 00:06:08,319

objects carried out of the university of

164

00:06:11,510 --> 00:06:09,600

colorado in

165

00:06:12,629 --> 00:06:11,520

68 69

166

00:06:14,390 --> 00:06:12,639

time for it

167

00:06:15,110 --> 00:06:14,400

hartmann had said that

168

00:06:19,590 --> 00:06:15,120

he

169

00:06:20,950 --> 00:06:19,600

factors investigators seem to point

170

00:06:22,870 --> 00:06:20,960

towards the

171

00:06:24,870 --> 00:06:22,880

truth of the claim that witnesses that

172

00:06:26,870 --> 00:06:24,880

they saw an extra extraordinary flying

173

00:06:28,950 --> 00:06:26,880

object passed by in other words he was

174

00:06:30,309 --> 00:06:28,960

convinced that was the only case that he

175

00:06:32,070 --> 00:06:30,319

thought was a

176

00:06:33,510 --> 00:06:32,080

could really be real

177

00:06:35,350 --> 00:06:33,520

as i said it was either the real thing

178

00:06:36,950 --> 00:06:35,360

or a hoax and he didn't find any

179

00:06:39,430 --> 00:06:36,960

evidence he could point to to prove it

180

00:06:41,909 --> 00:06:39,440

was a hoax but then uh some people came

181

00:06:44,150 --> 00:06:41,919

along clay and criticized his analysis

182

00:06:47,590 --> 00:06:44,160

and so on and schaefer and robert

183

00:06:49,990 --> 00:06:47,600

shaffer and philip j class

184

00:06:52,070 --> 00:06:50,000

enhancements analysis

185

00:06:54,150 --> 00:06:52,080

partially on photographic grounds and

186

00:06:56,469 --> 00:06:54,160

partially on

187

00:06:58,550 --> 00:06:56,479

how it wasn't in a sense hard enough on

188

00:07:00,790 --> 00:06:58,560

the witnesses i guess you might say

189

00:07:03,350 --> 00:07:00,800

anyway i spent many years investigating

190

00:07:04,950 --> 00:07:03,360

it both from the point of view of

191

00:07:06,390 --> 00:07:04,960

technical deals of details of the

192

00:07:07,749 --> 00:07:06,400

photography

193

00:07:10,150 --> 00:07:07,759

and

194

00:07:11,749 --> 00:07:10,160

the life history of the friends

195

00:07:12,550 --> 00:07:11,759

and i

196

00:07:13,909 --> 00:07:12,560

got

197

00:07:15,270 --> 00:07:13,919

testimony from a number of different

198

00:07:17,350 --> 00:07:15,280

people who had

199

00:07:20,390 --> 00:07:17,360

known the friends and so on and the

200

00:07:22,550 --> 00:07:20,400

trend stayed alive up until 1995 i was

201
00:07:23,990 --> 00:07:22,560
interacting with him from 1974

202
00:07:25,430 --> 00:07:24,000
approximately through

203
00:07:28,309 --> 00:07:25,440
1980

204
00:07:31,909 --> 00:07:28,319
talking to mrs trent many times

205
00:07:33,189 --> 00:07:31,919
and they both died in the middle 90s and

206
00:07:34,070 --> 00:07:33,199
they were

207
00:07:36,230 --> 00:07:34,080
they

208
00:07:39,670 --> 00:07:36,240
were maintaining their story right up to

209
00:07:42,870 --> 00:07:40,790
and

210
00:07:44,710 --> 00:07:42,880
nobody that i know found any evidence

211
00:07:46,870 --> 00:07:44,720
that they would be likely to even think

212
00:07:48,710 --> 00:07:46,880
of a hoax of any type of all say nothing

213
00:07:50,870 --> 00:07:48,720

about ufo hoax

214

00:07:53,270 --> 00:07:50,880

they were you know what we might call

215

00:07:54,629 --> 00:07:53,280

simple farmers

216

00:07:57,029 --> 00:07:54,639

and

217

00:07:58,790 --> 00:07:57,039

have plenty to keep them busy besides

218

00:08:00,710 --> 00:07:58,800

making up a model and hanging out a

219

00:08:02,309 --> 00:08:00,720

string and then

220

00:08:03,990 --> 00:08:02,319

for whatever it was worth which wasn't

221

00:08:05,749 --> 00:08:04,000

wasn't anything really

222

00:08:07,909 --> 00:08:05,759

yeah they didn't make any money out of

223

00:08:10,629 --> 00:08:07,919

the whole thing now there was very

224

00:08:12,230 --> 00:08:10,639

similar object was uh there's photos on

225

00:08:14,390 --> 00:08:12,240

in different places in the world isn't

226

00:08:16,070 --> 00:08:14,400

that right well there's only one other

227

00:08:17,029 --> 00:08:16,080

case that i know that looks

228

00:08:18,710 --> 00:08:17,039

uh

229

00:08:20,469 --> 00:08:18,720

virtually identical it's just a slightly

230

00:08:21,990 --> 00:08:20,479

different orientation and that's a

231

00:08:24,469 --> 00:08:22,000

so-called

232

00:08:26,550 --> 00:08:24,479

photo taken supposedly

233

00:08:28,629 --> 00:08:26,560

france

234

00:08:29,510 --> 00:08:28,639

by a military

235

00:08:31,749 --> 00:08:29,520

some

236

00:08:32,469 --> 00:08:31,759

pilot in a military airplane that's the

237

00:08:34,230 --> 00:08:32,479

way

238

00:08:36,070 --> 00:08:34,240

the story appeared

239

00:08:37,110 --> 00:08:36,080

in the royal air force for squatting

240

00:08:39,509 --> 00:08:37,120

review

241

00:08:41,350 --> 00:08:39,519

and fought and

242

00:08:43,350 --> 00:08:41,360

flying saucer review

243

00:08:44,550 --> 00:08:43,360

two magazines that were published in

244

00:08:46,710 --> 00:08:44,560

england

245

00:08:48,630 --> 00:08:46,720

uh they both mentioned this photograph

246

00:08:50,630 --> 00:08:48,640

unfortunately nobody's ever attract been

247

00:08:52,870 --> 00:08:50,640

able to track that photo back

248

00:08:55,430 --> 00:08:52,880

to its origin

249

00:08:57,590 --> 00:08:55,440

and uh nobody did an investigation of it

250

00:09:00,230 --> 00:08:57,600

at the time it was published

251
00:09:03,110 --> 00:09:00,240
uh all we know is that they say it was

252
00:09:05,430 --> 00:09:03,120
a photo taken in 1957. and that's the

253
00:09:08,470 --> 00:09:05,440
only one that looks would be almost

254
00:09:10,070 --> 00:09:08,480
identical to the tread photos they have

255
00:09:11,190 --> 00:09:10,080
then of course lots of other photos of

256
00:09:12,630 --> 00:09:11,200
circular

257
00:09:14,710 --> 00:09:12,640
shaped craft

258
00:09:16,949 --> 00:09:14,720
but it sort of had like a flat top to it

259
00:09:18,790 --> 00:09:16,959
or it looks something like flat one has

260
00:09:21,030 --> 00:09:18,800
a truck where there's a pole a pole on

261
00:09:22,790 --> 00:09:21,040
the top oh that's right okay yes i

262
00:09:27,350 --> 00:09:22,800
remember that now

263
00:09:30,389 --> 00:09:28,150

now

264

00:09:32,790 --> 00:09:30,399

did you ever take a look at the

265

00:09:34,310 --> 00:09:32,800

three or four polaroid pictures that

266

00:09:37,030 --> 00:09:34,320

were taken from

267

00:09:39,829 --> 00:09:37,040

the person in the truck um

268

00:09:41,350 --> 00:09:39,839

sorry i don't have my face

269

00:09:43,870 --> 00:09:41,360

you're talking about the headphone case

270

00:09:46,949 --> 00:09:43,880

that's right yeah

271

00:09:48,230 --> 00:09:46,959

65 i think that was

272

00:09:50,790 --> 00:09:48,240

um

273

00:09:52,630 --> 00:09:50,800

i look at it but it's most recently been

274

00:09:53,829 --> 00:09:52,640

studied by other people

275

00:09:56,630 --> 00:09:53,839

because uh

276
00:09:58,070 --> 00:09:56,640
when i was looking at it in the 1970s

277
00:10:00,470 --> 00:09:58,080
80s

278
00:10:02,310 --> 00:10:00,480
all i had were copies

279
00:10:04,389 --> 00:10:02,320
in that situation

280
00:10:05,190 --> 00:10:04,399
rex huffman said that a few days after

281
00:10:10,710 --> 00:10:05,200
he

282
00:10:13,750 --> 00:10:10,720
so people showed up

283
00:10:15,269 --> 00:10:13,760
with the military uniforms on a black

284
00:10:16,870 --> 00:10:15,279
car or whatever

285
00:10:18,470 --> 00:10:16,880
and requested

286
00:10:19,509 --> 00:10:18,480
they ask if they could borrow the

287
00:10:21,430 --> 00:10:19,519
pictures

288
00:10:23,030 --> 00:10:21,440

for analysis

289

00:10:24,790 --> 00:10:23,040

they had already been to the general

290

00:10:26,630 --> 00:10:24,800

publishing laboratory into the alpha

291

00:10:28,949 --> 00:10:26,640

marine base i believe

292

00:10:31,430 --> 00:10:28,959

or at least the altar marine base

293

00:10:33,190 --> 00:10:31,440

and they had been returned so he

294

00:10:34,310 --> 00:10:33,200

gave up these pictures

295

00:10:36,150 --> 00:10:34,320

and then he

296

00:10:38,150 --> 00:10:36,160

never returned

297

00:10:39,750 --> 00:10:38,160

his original polaroids

298

00:10:41,269 --> 00:10:39,760

were gone

299

00:10:43,829 --> 00:10:41,279

for a long time but they came back to

300

00:10:45,430 --> 00:10:43,839

someone they came back in the middle 90s

301

00:10:46,630 --> 00:10:45,440

some lady

302

00:10:49,190 --> 00:10:46,640

called him on the phone and said why

303

00:10:50,630 --> 00:10:49,200

don't you go out and check your mailbox

304

00:10:52,230 --> 00:10:50,640

and sure enough there has been what were

305

00:10:54,230 --> 00:10:52,240

those pictures of it that is just

306

00:10:56,389 --> 00:10:54,240

bizarre isn't it

307

00:10:57,990 --> 00:10:56,399

yeah i don't know strange circumstances

308

00:10:59,269 --> 00:10:58,000

make this have to be from that point

309

00:11:00,790 --> 00:10:59,279

they'll make it out to be a hoax for the

310

00:11:03,110 --> 00:11:00,800

real thing it doesn't

311

00:11:04,790 --> 00:11:03,120

but a much more sophisticated analysis

312

00:11:05,910 --> 00:11:04,800

has shown that uh

313

00:11:07,430 --> 00:11:05,920

um

314

00:11:09,430 --> 00:11:07,440

it's quite likely that this this is a

315

00:11:11,750 --> 00:11:09,440

real case

316

00:11:17,030 --> 00:11:11,760

even uh factor faked has done some stuff

317

00:11:19,509 --> 00:11:17,040

on a tv show oh really yeah yeah and uh

318

00:11:20,230 --> 00:11:19,519

they their big thing is to make models

319

00:11:24,550 --> 00:11:20,240

and

320

00:11:27,030 --> 00:11:24,560

one of the biggest criticism against the

321

00:11:29,269 --> 00:11:27,040

pictures uh that's heflin took was his

322

00:11:32,069 --> 00:11:29,279

last photograph which doesn't show

323

00:11:34,150 --> 00:11:32,079

an object but it shows a smoke ring

324

00:11:37,190 --> 00:11:34,160

that shows the sky

325

00:11:39,030 --> 00:11:37,200

and he had said that the

326

00:11:40,230 --> 00:11:39,040

smoke ring picture had been taken i

327

00:11:42,470 --> 00:11:40,240

think within a minute of the

328

00:11:43,990 --> 00:11:42,480

disappearance of this object

329

00:11:45,670 --> 00:11:44,000

and he thought the smoke ring either

330

00:11:47,829 --> 00:11:45,680

made by the object at all i'm not sure

331

00:11:49,670 --> 00:11:47,839

if he was positive about that

332

00:11:50,949 --> 00:11:49,680

but at any rate he took a picture of the

333

00:11:52,630 --> 00:11:50,959

smoke ring and when he took a picture of

334

00:11:55,350 --> 00:11:52,640

the smoke ring you can see a lot of

335

00:11:57,190 --> 00:11:55,360

structure of clouds in the sky

336

00:12:00,389 --> 00:11:57,200

in his three

337

00:12:02,389 --> 00:12:00,399

photos of the objects itself

338

00:12:03,590 --> 00:12:02,399

you couldn't see any structure in the

339

00:12:05,829 --> 00:12:03,600

sky

340

00:12:08,069 --> 00:12:05,839

and so there was a question

341

00:12:10,550 --> 00:12:08,079

did he really take four photos in a

342

00:12:12,230 --> 00:12:10,560

short period of time or it was a period

343

00:12:14,470 --> 00:12:12,240

of time when he could be

344

00:12:17,990 --> 00:12:14,480

creating a hoax smoke ring or something

345

00:12:20,949 --> 00:12:18,000

to back up his story about ufo

346

00:12:22,949 --> 00:12:20,959

and that was a sore point for a long

347

00:12:24,790 --> 00:12:22,959

time why isn't there structure in the

348

00:12:26,710 --> 00:12:24,800

sky in the first three pictures if

349

00:12:29,190 --> 00:12:26,720

there's structure in the fourth

350

00:12:30,470 --> 00:12:29,200

it turned out the answer was that

351
00:12:33,509 --> 00:12:30,480
the camera

352
00:12:35,190 --> 00:12:33,519
had automatic exposure control

353
00:12:38,389 --> 00:12:35,200
when it was in the truck

354
00:12:40,069 --> 00:12:38,399
it was not receiving as much light as it

355
00:12:41,990 --> 00:12:40,079
was when it was outside the truck to

356
00:12:44,550 --> 00:12:42,000
take the fish he took the first three

357
00:12:45,829 --> 00:12:44,560
pictures when he was inside the truck

358
00:12:47,750 --> 00:12:45,839
in the fourth picture when he was

359
00:12:51,750 --> 00:12:47,760
outside the truck

360
00:12:53,590 --> 00:12:51,760
exposure meter was giving the correct

361
00:12:55,190 --> 00:12:53,600
exposure for the sky

362
00:12:56,230 --> 00:12:55,200
resiliently and then you can see

363
00:12:57,750 --> 00:12:56,240

structure

364

00:12:59,190 --> 00:12:57,760

whereas when it was inside the truck the

365

00:13:01,670 --> 00:12:59,200

exposure meter wasn't getting enough

366

00:13:02,389 --> 00:13:01,680

light so it was opening up the lens more

367

00:13:05,509 --> 00:13:02,399

or

368

00:13:08,069 --> 00:13:05,519

allowing a longer time of exposure

369

00:13:10,069 --> 00:13:08,079

exposing the film more and that tended

370

00:13:12,230 --> 00:13:10,079

to

371

00:13:14,310 --> 00:13:12,240

lose contrast

372

00:13:15,430 --> 00:13:14,320

the sky structure was

373

00:13:17,910 --> 00:13:15,440

too bright

374

00:13:20,629 --> 00:13:17,920

to be accurately photographed

375

00:13:22,069 --> 00:13:20,639

so it turned out that uh

376

00:13:24,069 --> 00:13:22,079

with this more

377

00:13:26,790 --> 00:13:24,079

recent analysis that

378

00:13:28,870 --> 00:13:26,800

argument was verified and and so

379

00:13:30,710 --> 00:13:28,880

now nobody can claim that half of them

380

00:13:31,829 --> 00:13:30,720

took three photos of a model and then

381

00:13:37,110 --> 00:13:31,839

took a

382

00:13:37,120 --> 00:13:39,750

they can

383

00:13:43,990 --> 00:13:42,310

argue that

384

00:13:46,629 --> 00:13:44,000

he took these four photos within a

385

00:13:48,230 --> 00:13:46,639

matter of minutes at the most yep that's

386

00:13:50,310 --> 00:13:48,240

an interesting one now i know you did a

387

00:13:52,389 --> 00:13:50,320

bit of work on the phoenix lights can

388

00:13:53,990 --> 00:13:52,399

you talk about that well a year after

389

00:13:55,590 --> 00:13:54,000

the phoenix whites

390

00:13:57,829 --> 00:13:55,600

case occurred you're talking about march

391

00:14:00,069 --> 00:13:57,839

13th 1997 right

392

00:14:03,030 --> 00:14:00,079

i might point out that there have been

393

00:14:05,910 --> 00:14:03,040

quote phoenix lights unquote free

394

00:14:08,069 --> 00:14:05,920

many times many times before that in the

395

00:14:09,750 --> 00:14:08,079

previous months and years

396

00:14:11,509 --> 00:14:09,760

many times since then

397

00:14:14,389 --> 00:14:11,519

and um

398

00:14:17,750 --> 00:14:14,399

all in april all in that phoenix valley

399

00:14:21,030 --> 00:14:17,760

right there oh yeah a lot of people

400

00:14:23,829 --> 00:14:21,040

in phoenix area and

401
00:14:25,189 --> 00:14:23,839
west and the north and so on of the city

402
00:14:26,870 --> 00:14:25,199
of phoenix

403
00:14:31,670 --> 00:14:26,880
anyway

404
00:14:39,110 --> 00:14:35,670
i was asked by one of the

405
00:14:41,269 --> 00:14:39,120
video witnesses lin ketai

406
00:14:42,550 --> 00:14:41,279
to evaluate her videos in the other

407
00:14:44,389 --> 00:14:42,560
videos

408
00:14:46,629 --> 00:14:44,399
from our 13th

409
00:14:49,269 --> 00:14:46,639
and also from other years which i had

410
00:14:50,790 --> 00:14:49,279
not heard about at that time when she

411
00:14:54,470 --> 00:14:50,800
contacted me

412
00:14:57,110 --> 00:14:54,480
she told me about january in 1998 and

413
00:14:58,870 --> 00:14:57,120

some other dates at which there had been

414

00:15:01,670 --> 00:14:58,880

like she said they look exactly the same

415

00:15:02,949 --> 00:15:01,680

as they saw on march 13th

416

00:15:04,870 --> 00:15:02,959

and so

417

00:15:06,790 --> 00:15:04,880

she sent me a bunch of videotapes and i

418

00:15:08,230 --> 00:15:06,800

started an analysis and

419

00:15:11,110 --> 00:15:08,240

i was before

420

00:15:13,509 --> 00:15:11,120

for very other other reasons

421

00:15:14,470 --> 00:15:13,519

able to get to the phoenix area and

422

00:15:16,230 --> 00:15:14,480

actually

423

00:15:18,230 --> 00:15:16,240

go to the locations

424

00:15:20,470 --> 00:15:18,240

where the videos were taken

425

00:15:23,030 --> 00:15:20,480

take background and see

426

00:15:25,430 --> 00:15:23,040

the scenery videos you might say

427

00:15:28,389 --> 00:15:25,440

to uh in order to carry out what's known

428

00:15:30,550 --> 00:15:28,399

as a triangulation from each point from

429

00:15:32,949 --> 00:15:30,560

each location of a video camera

430

00:15:34,470 --> 00:15:32,959

i would uh project the sighting line off

431

00:15:37,829 --> 00:15:34,480

into the distance

432

00:15:40,389 --> 00:15:37,839

and then see if from two locations if

433

00:15:42,870 --> 00:15:40,399

the setting lines would meet somewhere

434

00:15:43,910 --> 00:15:42,880

then that would imply that the object

435

00:15:45,430 --> 00:15:43,920

was

436

00:15:47,590 --> 00:15:45,440

the lights were

437

00:15:49,030 --> 00:15:47,600

where the fighting lines met and i did

438

00:15:51,430 --> 00:15:49,040

this for

439

00:15:54,150 --> 00:15:51,440

the famous kristen arc that everybody

440

00:15:57,350 --> 00:15:54,160

ever sees on tv and so on they show over

441

00:16:00,310 --> 00:15:57,360

and over again an arc of lights

442

00:16:02,550 --> 00:16:00,320

taken by mike kristen and

443

00:16:04,069 --> 00:16:02,560

lynn katay had a video that showed free

444

00:16:05,590 --> 00:16:04,079

lights

445

00:16:08,310 --> 00:16:05,600

and uh

446

00:16:11,430 --> 00:16:08,320

chuck charles raritan

447

00:16:13,990 --> 00:16:11,440

who was about 30 miles east of

448

00:16:16,389 --> 00:16:14,000

lynn ketai

449

00:16:17,430 --> 00:16:16,399

also saw the same christian arc but he

450

00:16:19,350 --> 00:16:17,440

saw from a slightly different

451

00:16:21,030 --> 00:16:19,360

perspective

452

00:16:23,749 --> 00:16:21,040

and

453

00:16:26,150 --> 00:16:23,759

i was able to demonstrate that she took

454

00:16:27,990 --> 00:16:26,160

kristin's sliding line and projected it

455

00:16:28,949 --> 00:16:28,000

and chuck right inside the line rejected

456

00:16:30,710 --> 00:16:28,959

it

457

00:16:34,550 --> 00:16:30,720

the lights were

458

00:16:37,189 --> 00:16:34,560

50 or 60 miles or 70 to 80 miles

459

00:16:38,710 --> 00:16:37,199

south southwest of phoenix

460

00:16:40,710 --> 00:16:38,720

the witnesses had all said that lights

461

00:16:43,910 --> 00:16:40,720

were over phoenix

462

00:16:45,430 --> 00:16:43,920

and that they never moved

463

00:16:47,430 --> 00:16:45,440

now i'm talking about lights that were

464

00:16:49,189 --> 00:16:47,440

taken that were videotaped at 10 o'clock

465

00:16:50,470 --> 00:16:49,199

at night

466

00:16:53,509 --> 00:16:50,480

there's a

467

00:16:57,350 --> 00:16:53,519

the sightings at 8 30

468

00:16:59,829 --> 00:16:57,360

uh while we say between 8 and 9 00 p.m

469

00:17:01,829 --> 00:16:59,839

and in particular around 8 30 when some

470

00:17:03,189 --> 00:17:01,839

object appears to have traveled over

471

00:17:05,270 --> 00:17:03,199

phoenix

472

00:17:07,350 --> 00:17:05,280

that's an independent uh

473

00:17:10,630 --> 00:17:07,360

not not what i'm talking about

474

00:17:12,789 --> 00:17:10,640

i was asked to enter analyze

475

00:17:13,990 --> 00:17:12,799

videos were taken

476
00:17:16,789 --> 00:17:14,000
and

477
00:17:19,590 --> 00:17:16,799
the videos on march 13th were taken

478
00:17:20,390 --> 00:17:19,600
around 10 o'clock

479
00:17:21,829 --> 00:17:20,400
and

480
00:17:26,390 --> 00:17:21,839
so anyway

481
00:17:29,590 --> 00:17:28,309
images of the

482
00:17:31,669 --> 00:17:29,600
videos

483
00:17:33,430 --> 00:17:31,679
that these lights were actually dropping

484
00:17:35,510 --> 00:17:33,440
downwards

485
00:17:37,590 --> 00:17:35,520
and moving a bit to the left

486
00:17:39,029 --> 00:17:37,600
the sighting line was to the south or

487
00:17:40,630 --> 00:17:39,039
southwest

488
00:17:42,310 --> 00:17:40,640

and

489

00:17:44,950 --> 00:17:42,320

i learned from a meteorologist that the

490

00:17:47,350 --> 00:17:44,960

general air mass was moving from right

491

00:17:49,190 --> 00:17:47,360

from west towards the east

492

00:17:51,029 --> 00:17:49,200

if you're looking south and you see

493

00:17:52,549 --> 00:17:51,039

something moving from west to east and

494

00:17:54,390 --> 00:17:52,559

it's moving from right to left in front

495

00:17:56,390 --> 00:17:54,400

of your field of view

496

00:17:57,990 --> 00:17:56,400

and that's what these uh lights do they

497

00:18:03,029 --> 00:17:58,000

drop down there's a move

498

00:18:04,950 --> 00:18:03,039

move to the left uh a rate it's not

499

00:18:05,750 --> 00:18:04,960

it's compatible with the idea that they

500

00:18:07,110 --> 00:18:05,760

were

501
00:18:08,390 --> 00:18:07,120
um

502
00:18:11,750 --> 00:18:08,400
players

503
00:18:14,150 --> 00:18:11,760
very bright l.u luu2

504
00:18:17,430 --> 00:18:14,160
military illumination flares

505
00:18:18,630 --> 00:18:17,440
which are dropped and then they deploy a

506
00:18:20,390 --> 00:18:18,640
parachute

507
00:18:21,590 --> 00:18:20,400
and heat from the

508
00:18:23,750 --> 00:18:21,600
player

509
00:18:26,390 --> 00:18:23,760
keeps the parachute aloft for a long

510
00:18:28,230 --> 00:18:26,400
time or makes it very drop very slowly i

511
00:18:31,830 --> 00:18:28,240
should say

512
00:18:36,150 --> 00:18:31,840
so anyway that was my input to the uh

513
00:18:38,549 --> 00:18:36,160

uh phoenix light situation was to uh

514

00:18:40,710 --> 00:18:38,559

show the videos pro the videos taking a

515

00:18:43,270 --> 00:18:40,720

ten o'clock probably were not

516

00:18:44,870 --> 00:18:43,280

related to the uh

517

00:18:45,830 --> 00:18:44,880

whatever was the floor over phoenix at 8

518

00:18:47,990 --> 00:18:45,840

30.

519

00:18:49,830 --> 00:18:48,000

but unfortunately

520

00:18:53,669 --> 00:18:49,840

there's nothing there's supposedly one

521

00:18:55,669 --> 00:18:53,679

video of that which is not very good

522

00:18:57,669 --> 00:18:55,679

mostly it was just witnesses seeing that

523

00:18:59,750 --> 00:18:57,679

thing go over yeah

524

00:19:01,510 --> 00:18:59,760

and there were enough of them

525

00:19:04,150 --> 00:19:01,520

now there were

526
00:19:06,549 --> 00:19:04,160
when i began my investigation of the

527
00:19:08,150 --> 00:19:06,559
so-called phoenix lights

528
00:19:10,950 --> 00:19:08,160
the videos

529
00:19:11,990 --> 00:19:10,960
i began by analyzing not in the march

530
00:19:13,830 --> 00:19:12,000
13th

531
00:19:16,310 --> 00:19:13,840
1997

532
00:19:19,830 --> 00:19:16,320
but in videos taken in by the same

533
00:19:22,710 --> 00:19:19,840
witnesses on january 14 1998

534
00:19:25,750 --> 00:19:22,720
in january 14 1998

535
00:19:28,070 --> 00:19:25,760
they had a line of

536
00:19:30,230 --> 00:19:28,080
a video show a line

537
00:19:31,430 --> 00:19:30,240
of whites

538
00:19:33,830 --> 00:19:31,440

almost

539

00:19:35,909 --> 00:19:33,840

not not exactly equal but pretty close

540

00:19:38,470 --> 00:19:35,919

to equal spacing

541

00:19:40,630 --> 00:19:38,480

and if you set a ruler on your tv screen

542

00:19:41,990 --> 00:19:40,640

while you play this video

543

00:19:43,909 --> 00:19:42,000

and look at the line of light just

544

00:19:49,430 --> 00:19:43,919

perfectly straight

545

00:19:52,950 --> 00:19:50,549

but when you

546

00:19:55,029 --> 00:19:52,960

plot the triangle the

547

00:19:57,029 --> 00:19:55,039

line of lights from different

548

00:19:57,990 --> 00:19:57,039

perspectives

549

00:20:01,669 --> 00:19:58,000

uh

550

00:20:01,679 --> 00:20:06,470

you can't see from just one perspective

551
00:20:11,270 --> 00:20:08,230
um

552
00:20:13,830 --> 00:20:11,280
i analyzed lights from january 14th 1998

553
00:20:15,590 --> 00:20:13,840
and uh concluded they too were

554
00:20:17,590 --> 00:20:15,600
70 or so miles

555
00:20:19,669 --> 00:20:17,600
southwest of phoenix now what's uh what

556
00:20:22,150 --> 00:20:19,679
is southwest of phoenix the barrie

557
00:20:23,110 --> 00:20:22,160
goldwater training range

558
00:20:24,230 --> 00:20:23,120
where

559
00:20:25,990 --> 00:20:24,240
the

560
00:20:28,149 --> 00:20:26,000
military drops players as part of

561
00:20:30,230 --> 00:20:28,159
military exercises

562
00:20:31,350 --> 00:20:30,240
and

563
00:20:38,390 --> 00:20:31,360

we were

564

00:20:43,990 --> 00:20:41,350

the maryland national guard

565

00:20:47,830 --> 00:20:45,669

using the

566

00:20:50,310 --> 00:20:47,840

goldwater training range to drop flares

567

00:20:52,149 --> 00:20:50,320

to high altitude

568

00:20:55,669 --> 00:20:52,159

so this is all stuff that's on my

569

00:20:57,590 --> 00:20:55,679

website for people who are interested in

570

00:21:02,630 --> 00:20:57,600

knowing what

571

00:21:04,470 --> 00:21:02,640

about those videos

572

00:21:07,830 --> 00:21:04,480

well while you just mentioned that why

573

00:21:10,950 --> 00:21:07,840

don't you give out your website address

574

00:21:14,950 --> 00:21:10,960

579
00:21:28,390 --> 00:21:25,909
all right and i'll i'll put that under

580
00:21:31,669 --> 00:21:28,400
this podcast as well can you think of a

581
00:21:33,669 --> 00:21:31,679
situation where there was uh looked like

582
00:21:36,310 --> 00:21:33,679
pretty solid evidence for a long time

583
00:21:38,149 --> 00:21:36,320
and you figured out that it was a hoax

584
00:21:40,510 --> 00:21:38,159
well yeah

585
00:21:43,510 --> 00:21:40,520
there was august 6

586
00:21:44,549 --> 00:21:43,520
1996 i think

587
00:21:47,350 --> 00:21:44,559
video

588
00:21:49,029 --> 00:21:47,360

from mexico city which looked very good

589

00:21:50,310 --> 00:21:49,039

as

590

00:21:51,590 --> 00:21:50,320

anybody who's seen in that video a

591

00:21:52,789 --> 00:21:51,600

number of times would recognize it from

592

00:21:55,510 --> 00:21:52,799

the description

593

00:21:57,510 --> 00:21:55,520

you saw you see uh building off in the

594

00:22:00,070 --> 00:21:57,520

distance a big high-rise apartment

595

00:22:01,909 --> 00:22:00,080

building and the things kind of floating

596

00:22:04,470 --> 00:22:01,919

at the left edge of this building you

597

00:22:06,710 --> 00:22:04,480

see this circular thing rotating and

598

00:22:08,390 --> 00:22:06,720

wobbling right and then it starts to

599

00:22:10,070 --> 00:22:08,400

move towards the building and disappears

600

00:22:12,310 --> 00:22:10,080

for a period of time behind the building

601
00:22:14,710 --> 00:22:12,320
supposedly and reappears up above the

602
00:22:16,390 --> 00:22:14,720
building travels along to the right it's

603
00:22:17,990 --> 00:22:16,400
always moving to the right

604
00:22:19,510 --> 00:22:18,000
travels to the right

605
00:22:23,029 --> 00:22:19,520
and

606
00:22:24,390 --> 00:22:23,039
correctly

607
00:22:25,750 --> 00:22:24,400
and

608
00:22:27,430 --> 00:22:25,760
i thought that was pretty interesting i

609
00:22:29,350 --> 00:22:27,440
thought there might be some

610
00:22:31,110 --> 00:22:29,360
physics related to the propulsion of

611
00:22:33,830 --> 00:22:31,120
this object

612
00:22:35,830 --> 00:22:33,840
based on the wobbling and rotation

613
00:22:37,510 --> 00:22:35,840

but there was another guy who was also

614

00:22:41,669 --> 00:22:37,520

working on this case

615

00:22:46,070 --> 00:22:45,110

and he had discovered something funny

616

00:22:49,590 --> 00:22:46,080

that

617

00:22:53,110 --> 00:22:49,600

he did it on a statistical basis by

618

00:22:55,029 --> 00:22:53,120

analyzing each frame of the video

619

00:22:57,430 --> 00:22:55,039

and um

620

00:22:58,230 --> 00:22:57,440

turned out that the

621

00:23:00,549 --> 00:22:58,240

as

622

00:23:02,310 --> 00:23:00,559

the camera wobble occur the whole the

623

00:23:06,630 --> 00:23:02,320

camera

624

00:23:08,870 --> 00:23:06,640

supposedly was looking at this scene

625

00:23:10,710 --> 00:23:08,880

from another apartment house

626

00:23:12,470 --> 00:23:10,720

or an office building

627

00:23:14,470 --> 00:23:12,480

and it was being held by hand it was

628

00:23:16,070 --> 00:23:14,480

wobbling around

629

00:23:18,149 --> 00:23:16,080

and he found that on a sort of on a

630

00:23:19,510 --> 00:23:18,159

statistical basis

631

00:23:20,710 --> 00:23:19,520

the edge of the building would get

632

00:23:22,950 --> 00:23:20,720

smearred

633

00:23:25,750 --> 00:23:22,960

by the hands of vibration but the edges

634

00:23:28,310 --> 00:23:25,760

of the ufo did not

635

00:23:30,950 --> 00:23:28,320

and then i found two frames

636

00:23:33,830 --> 00:23:30,960

that i have posted on my website

637

00:23:36,149 --> 00:23:33,840

two frames that clearly show what i call

638

00:23:37,830 --> 00:23:36,159

fingerprints of a hoax

639

00:23:39,669 --> 00:23:37,840

where the

640

00:23:42,390 --> 00:23:39,679

camera moved enough we know the

641

00:23:44,310 --> 00:23:42,400

buildings do not move

642

00:23:45,909 --> 00:23:44,320

i mean that's for a fundamental

643

00:23:48,470 --> 00:23:45,919

assumption here

644

00:23:50,549 --> 00:23:48,480

and yet the edges of the building are so

645

00:23:53,350 --> 00:23:50,559

smeared in the vertical direction the

646

00:23:54,710 --> 00:23:53,360

horizontal edge is so smeared i just say

647

00:23:56,870 --> 00:23:54,720

the horizontal edge of the top of the

648

00:23:59,029 --> 00:23:56,880

building is so smeared

649

00:24:00,870 --> 00:23:59,039

by vertical motion

650

00:24:01,990 --> 00:24:00,880

that it's hard to

651
00:24:03,590 --> 00:24:02,000
to

652
00:24:05,110 --> 00:24:03,600
make out where the edge is if there are

653
00:24:08,070 --> 00:24:05,120
little flags

654
00:24:09,750 --> 00:24:08,080
or i was told there were wind socks

655
00:24:11,430 --> 00:24:09,760
on the top of the building

656
00:24:13,669 --> 00:24:11,440
you can see them in the steady frames

657
00:24:15,029 --> 00:24:13,679
but this couple of really super blurred

658
00:24:16,470 --> 00:24:15,039
frames the

659
00:24:19,029 --> 00:24:16,480
blurring is so much that you can't even

660
00:24:21,350 --> 00:24:19,039
see the windsock it's just

661
00:24:24,149 --> 00:24:21,360
blurred out you might say

662
00:24:26,149 --> 00:24:24,159
but the edge of the ufo doesn't change

663
00:24:28,310 --> 00:24:26,159

it's just as sharp as the ones as the

664

00:24:31,110 --> 00:24:28,320

frames where there's no blurring

665

00:24:32,789 --> 00:24:31,120

there's two frames for comparison here

666

00:24:35,110 --> 00:24:32,799

where um

667

00:24:38,070 --> 00:24:35,120

the edge the building edge is extremely

668

00:24:40,630 --> 00:24:38,080

blurred the ufo edge is not

669

00:24:41,830 --> 00:24:40,640

and this um semi-like the ufo image was

670

00:24:43,669 --> 00:24:41,840

pasted in

671

00:24:46,470 --> 00:24:43,679

that that seems like that would be very

672

00:24:49,430 --> 00:24:46,480

difficult to do but obviously um with

673

00:24:51,830 --> 00:24:49,440

all the software and stuff out there

674

00:24:54,630 --> 00:24:51,840

when that when our video came out

675

00:24:57,990 --> 00:24:54,640

i was interacting with a guy in

676
00:24:59,909 --> 00:24:58,000
hollywood who was making uh

677
00:25:01,190 --> 00:24:59,919
tv shows and stuff and he had some

678
00:25:03,510 --> 00:25:01,200
people he told me

679
00:25:05,110 --> 00:25:03,520
had some people say well say okay if

680
00:25:06,310 --> 00:25:05,120
you're going to do this yourself what

681
00:25:08,549 --> 00:25:06,320
are you going to do

682
00:25:10,630 --> 00:25:08,559
i got several

683
00:25:12,789 --> 00:25:10,640
video

684
00:25:14,549 --> 00:25:12,799
from different people who took on the

685
00:25:15,750 --> 00:25:14,559
problem of creating a video that looked

686
00:25:18,390 --> 00:25:15,760
like that

687
00:25:19,510 --> 00:25:18,400
and none of them looked exactly the same

688
00:25:20,789 --> 00:25:19,520

but they all had the same

689

00:25:22,630 --> 00:25:20,799

characteristics

690

00:25:24,149 --> 00:25:22,640

of an object rotating and wobbling and

691

00:25:26,149 --> 00:25:24,159

then going behind a building and coming

692

00:25:28,470 --> 00:25:26,159

up above and then going off into the

693

00:25:29,669 --> 00:25:28,480

distance

694

00:25:31,350 --> 00:25:29,679

and

695

00:25:34,390 --> 00:25:31,360

apparently for somebody who was really

696

00:25:36,789 --> 00:25:34,400

into cgi computer-generated imagery it

697

00:25:37,510 --> 00:25:36,799

was not a very difficult task

698

00:25:39,590 --> 00:25:37,520

and

699

00:25:42,789 --> 00:25:39,600

one big problem has to go with the

700

00:25:44,470 --> 00:25:42,799

circumstantial evidence unlike the

701
00:25:45,430 --> 00:25:44,480
internal case where you had lady the

702
00:25:47,190 --> 00:25:45,440
people

703
00:25:48,710 --> 00:25:47,200
were the witnesses of the photographer

704
00:25:51,590 --> 00:25:48,720
available to talk to

705
00:25:53,110 --> 00:25:51,600
for years and years afterwards

706
00:25:55,269 --> 00:25:53,120
in this

707
00:25:57,830 --> 00:25:55,279
mexico city case

708
00:26:00,470 --> 00:25:57,840
it was a sent the video was sent to

709
00:26:01,669 --> 00:26:00,480
jamie marcea who was a

710
00:26:04,070 --> 00:26:01,679
um

711
00:26:05,750 --> 00:26:04,080
tv commentator there who's done a lot of

712
00:26:07,990 --> 00:26:05,760
your work on ufos

713
00:26:10,789 --> 00:26:08,000

and uh

714

00:26:12,310 --> 00:26:10,799

it was anonymous the person said that he

715

00:26:15,269 --> 00:26:12,320

was in the country illegally and didn't

716

00:26:17,029 --> 00:26:15,279

want to reveal his name

717

00:26:18,470 --> 00:26:17,039

but with an

718

00:26:19,669 --> 00:26:18,480

anonymous witness there's not much you

719

00:26:22,630 --> 00:26:19,679

can do so

720

00:26:25,269 --> 00:26:22,640

the video sort of hangs out there in

721

00:26:26,789 --> 00:26:25,279

free space you might say

722

00:26:28,870 --> 00:26:26,799

except for those

723

00:26:30,789 --> 00:26:28,880

except for that problem with the uh

724

00:26:32,470 --> 00:26:30,799

ver the smear of the buildings being

725

00:26:33,430 --> 00:26:32,480

greater than the smear of the ufo image

726
00:26:35,190 --> 00:26:33,440
itself

727
00:26:37,909 --> 00:26:35,200
and by the way both smears should be the

728
00:26:41,510 --> 00:26:37,919
same there's a real image it's a real

729
00:26:45,269 --> 00:26:42,630
except for that this would have been

730
00:26:46,470 --> 00:26:45,279
treated as a monumental ufo

731
00:26:47,990 --> 00:26:46,480
video

732
00:26:51,110 --> 00:26:48,000
but fortunately

733
00:26:53,350 --> 00:26:51,120
saneo discovered this problem with it

734
00:26:54,789 --> 00:26:53,360
before everybody went super public and

735
00:26:57,029 --> 00:26:54,799
committed themselves to say well it's

736
00:26:57,990 --> 00:26:57,039
for real tons of videos of course on the

737
00:26:59,510 --> 00:26:58,000
internet

738
00:27:01,350 --> 00:26:59,520

in the years since

739

00:27:03,029 --> 00:27:01,360

and i don't know how many million there

740

00:27:03,909 --> 00:27:03,039

might be now

741

00:27:07,029 --> 00:27:03,919

but

742

00:27:13,269 --> 00:27:10,070

detail and quality i know the one that

743

00:27:15,269 --> 00:27:13,279

has the most hits on it on youtube

744

00:27:17,110 --> 00:27:15,279

is the one that was proven to be a hoax

745

00:27:19,350 --> 00:27:17,120

and that's the one in haiti that was

746

00:27:21,510 --> 00:27:19,360

totally a hoax

747

00:27:23,750 --> 00:27:21,520

very very well done i mean these people

748

00:27:25,029 --> 00:27:23,760

are very the people that really go

749

00:27:27,029 --> 00:27:25,039

through all the trouble seem to do a

750

00:27:28,230 --> 00:27:27,039

pretty good job for the most part that

751
00:27:32,070 --> 00:27:28,240
was a video

752
00:27:34,630 --> 00:27:32,080
um

753
00:27:36,470 --> 00:27:34,640
there was an analysis of it

754
00:27:38,549 --> 00:27:36,480
and i think there's something like 16

755
00:27:40,230 --> 00:27:38,559
million downloads of it it's something i

756
00:27:43,029 --> 00:27:40,240
probably saw but i've seen so many

757
00:27:46,070 --> 00:27:43,039
things sort of blur together yeah

758
00:27:49,029 --> 00:27:46,080
now have you looked into the one that

759
00:27:50,390 --> 00:27:49,039
looked really good for a while and uh i

760
00:27:52,710 --> 00:27:50,400
haven't really heard anything about it

761
00:27:55,190 --> 00:27:52,720
but it was the dome of israel if you

762
00:27:56,549 --> 00:27:55,200
looked into that one yeah well there are

763
00:27:58,870 --> 00:27:56,559

a number of

764

00:28:00,310 --> 00:27:58,880

commentaries on that and that's where

765

00:28:01,909 --> 00:28:00,320

this

766

00:28:04,149 --> 00:28:01,919

video shows a bright light dropping down

767

00:28:06,710 --> 00:28:04,159

towards the delta the rock

768

00:28:08,470 --> 00:28:06,720

and uh it sits there and also there's a

769

00:28:09,750 --> 00:28:08,480

very bright flash and then it goes

770

00:28:12,070 --> 00:28:09,760

zooming up

771

00:28:13,830 --> 00:28:12,080

and supposedly so the witnesses saw red

772

00:28:15,269 --> 00:28:13,840

lights up in the sky

773

00:28:19,350 --> 00:28:15,279

i think as they looked up after the

774

00:28:21,750 --> 00:28:19,360

thing zoomed away whatever and uh

775

00:28:24,230 --> 00:28:21,760

there were i think four or four videos

776

00:28:26,389 --> 00:28:24,240

associated with that that's right and

777

00:28:27,269 --> 00:28:26,399

one of them the second or third to come

778

00:28:29,590 --> 00:28:27,279

out

779

00:28:30,549 --> 00:28:29,600

was absolutely concretely proven to be a

780

00:28:32,389 --> 00:28:30,559

hoax

781

00:28:34,950 --> 00:28:32,399

really there's no doubt about it because

782

00:28:37,110 --> 00:28:34,960

it was a photograph of the scene that

783

00:28:39,110 --> 00:28:37,120

was used for the camera shake to make it

784

00:28:41,269 --> 00:28:39,120

look as if the camera was photographing

785

00:28:42,389 --> 00:28:41,279

the scene but as time went on as i

786

00:28:44,710 --> 00:28:42,399

recall

787

00:28:46,389 --> 00:28:44,720

the lights the lights in the scene never

788

00:28:48,870 --> 00:28:46,399

changed

789

00:28:51,110 --> 00:28:48,880

like the ufo imagery was

790

00:28:52,789 --> 00:28:51,120

superimposed on

791

00:28:54,870 --> 00:28:52,799

um

792

00:28:57,269 --> 00:28:54,880

they had taken a photograph

793

00:28:58,710 --> 00:28:57,279

and used that as the background

794

00:29:00,789 --> 00:28:58,720

and then they

795

00:29:02,630 --> 00:29:00,799

put this ufo

796

00:29:04,310 --> 00:29:02,640

into the scene and then they after

797

00:29:06,149 --> 00:29:04,320

getting the composite and they started

798

00:29:08,149 --> 00:29:06,159

causing it to wiggle around either by

799

00:29:10,549 --> 00:29:08,159

photograph either by using a video

800

00:29:13,110 --> 00:29:10,559

camera to videotape a screen that was

801
00:29:15,909 --> 00:29:13,120
printed that was showing this video

802
00:29:17,750 --> 00:29:15,919
where they actually use a uh

803
00:29:18,710 --> 00:29:17,760
a program

804
00:29:23,350 --> 00:29:18,720
to

805
00:29:24,830 --> 00:29:23,360
forth up and down in a random manner

806
00:29:27,830 --> 00:29:24,840
that was one of the videos was

807
00:29:31,269 --> 00:29:27,840
absolutely proven to be a hoax

808
00:29:32,789 --> 00:29:31,279
uh and i think i i sort of lost interest

809
00:29:34,389 --> 00:29:32,799
and didn't really track it very closely

810
00:29:36,870 --> 00:29:34,399
after that but i think yeah basically

811
00:29:39,350 --> 00:29:36,880
it's considered to be a hoax now i would

812
00:29:41,430 --> 00:29:39,360
think that if one was a hoax and it just

813
00:29:42,710 --> 00:29:41,440

kind of gives them all away at the very

814

00:29:43,830 --> 00:29:42,720

least it's not something we spent a lot

815

00:29:45,830 --> 00:29:43,840

of time on

816

00:29:48,070 --> 00:29:45,840

there was a another problem with that

817

00:29:50,149 --> 00:29:48,080

was the lack of reaction of city

818

00:29:52,950 --> 00:29:50,159

officials shall we say

819

00:29:54,630 --> 00:29:52,960

i pointed out that when this

820

00:29:56,070 --> 00:29:54,640

uh well others have pointed out that if

821

00:29:57,430 --> 00:29:56,080

this thing had actually been a bright

822

00:29:59,350 --> 00:29:57,440

light to drop down into the dope in the

823

00:30:02,710 --> 00:29:59,360

rock which has got to be one of the most

824

00:30:04,630 --> 00:30:02,720

secure areas in the world right

825

00:30:08,310 --> 00:30:04,640

uh every other person in the street

826

00:30:10,870 --> 00:30:08,320

probably is a boss ad person or secret

827

00:30:12,870 --> 00:30:10,880

service or something like that

828

00:30:14,070 --> 00:30:12,880

keeping track of what

829

00:30:15,750 --> 00:30:14,080

even though it was 1 o'clock in the

830

00:30:18,710 --> 00:30:15,760

afternoon in the evening 1 o'clock in

831

00:30:21,669 --> 00:30:20,389

approximately 1 o'clock in the morning i

832

00:30:23,269 --> 00:30:21,679

believe

833

00:30:24,630 --> 00:30:23,279

there would have been tourists and other

834

00:30:26,870 --> 00:30:24,640

people there

835

00:30:29,110 --> 00:30:26,880

and this bright light the big bright

836

00:30:31,190 --> 00:30:29,120

flash that occurred

837

00:30:32,710 --> 00:30:31,200

uh is shown lighting up the buildings

838

00:30:34,630 --> 00:30:32,720

and so on

839

00:30:36,470 --> 00:30:34,640

and um

840

00:30:38,630 --> 00:30:36,480

if you've ever been in an electrical

841

00:30:40,389 --> 00:30:38,640

storm in a house when lightning and

842

00:30:42,070 --> 00:30:40,399

thunder going off

843

00:30:43,990 --> 00:30:42,080

you can be inside the house if the

844

00:30:45,510 --> 00:30:44,000

lightning flash occurs you see that

845

00:30:46,870 --> 00:30:45,520

inside the house even you're not looking

846

00:30:48,149 --> 00:30:46,880

out the window

847

00:30:49,590 --> 00:30:48,159

you know it's a flash of light there's

848

00:30:50,950 --> 00:30:49,600

so much light there's lighting up

849

00:30:53,909 --> 00:30:50,960

everything and light goes through

850

00:30:55,669 --> 00:30:53,919

windows and lights up rooms and so on

851

00:30:57,909 --> 00:30:55,679

well i would have expected

852

00:30:59,669 --> 00:30:57,919

that someone would have said hey

853

00:31:01,750 --> 00:30:59,679

what's that flash of light that we had

854

00:31:02,870 --> 00:31:01,760

last night

855

00:31:04,710 --> 00:31:02,880

good point

856

00:31:08,230 --> 00:31:04,720

yeah

857

00:31:11,190 --> 00:31:08,240

there was a lack of background now

858

00:31:12,710 --> 00:31:11,200

there's there was a so-called chad hoax

859

00:31:14,149 --> 00:31:12,720

or some guy by the name of chad

860

00:31:16,149 --> 00:31:14,159

supposedly took a picture of a thing

861

00:31:19,750 --> 00:31:16,159

that looked like

862

00:31:22,149 --> 00:31:19,760

very somewhat like a ceiling fan

863

00:31:23,750 --> 00:31:22,159

in the air he had a number of photos as

864

00:31:26,070 --> 00:31:23,760

opposed to the

865

00:31:28,310 --> 00:31:26,080

novel ufo had

866

00:31:30,710 --> 00:31:28,320

wires going upwards

867

00:31:32,549 --> 00:31:30,720

in a curvy manner

868

00:31:34,389 --> 00:31:32,559

like a vase

869

00:31:35,830 --> 00:31:34,399

i think i've seen that somewhere that

870

00:31:38,070 --> 00:31:35,840

sounds very fast

871

00:31:40,389 --> 00:31:38,080

four or five years ago

872

00:31:43,909 --> 00:31:40,399

first there was one one set of photos

873

00:31:45,909 --> 00:31:43,919

from one location in california i think

874

00:31:47,350 --> 00:31:45,919

then another location and another

875

00:31:48,549 --> 00:31:47,360

location

876
00:31:50,310 --> 00:31:48,559
and the

877
00:31:52,230 --> 00:31:50,320
shape of the object the structure of the

878
00:31:53,590 --> 00:31:52,240
object got more complicated as this went

879
00:31:56,230 --> 00:31:53,600
on

880
00:31:58,549 --> 00:31:56,240
then there was a

881
00:32:01,110 --> 00:31:58,559
a document supposedly a top secret

882
00:32:02,310 --> 00:32:01,120
project to reverse engineer

883
00:32:04,789 --> 00:32:02,320
a ufo

884
00:32:05,830 --> 00:32:04,799
that came out and that was also related

885
00:32:08,630 --> 00:32:05,840
to this

886
00:32:10,630 --> 00:32:08,640
i think the whole thing ended up being a

887
00:32:13,990 --> 00:32:10,640
publicity play for

888
00:32:17,590 --> 00:32:14,000

somebody trying to demonstrate how well

889

00:32:19,750 --> 00:32:17,600

he can make computer generated imagery

890

00:32:21,509 --> 00:32:19,760

but uh i'm not sure on that but again

891

00:32:23,430 --> 00:32:21,519

that's another thing where

892

00:32:24,230 --> 00:32:23,440

we never got to talk to the witnesses

893

00:32:26,389 --> 00:32:24,240

right

894

00:32:28,549 --> 00:32:26,399

can you think of a situation where you

895

00:32:30,950 --> 00:32:28,559

think it's very solid you know i know it

896

00:32:32,710 --> 00:32:30,960

must be hard to commit and say this does

897

00:32:34,870 --> 00:32:32,720

not appear to be a hoax you can't really

898

00:32:36,470 --> 00:32:34,880

go much further than that can you well

899

00:32:38,710 --> 00:32:36,480

you can say if it's got

900

00:32:40,950 --> 00:32:38,720

obvious characteristics

901
00:32:42,070 --> 00:32:40,960
um that

902
00:32:43,350 --> 00:32:42,080
that we might be able to say well it

903
00:32:44,149 --> 00:32:43,360
doesn't look like anything it was made

904
00:32:46,789 --> 00:32:44,159
here

905
00:32:48,230 --> 00:32:46,799
i could take the trent photo gas

906
00:32:49,669 --> 00:32:48,240
it's obviously not a bird or a plane or

907
00:32:52,389 --> 00:32:49,679
superman

908
00:32:54,549 --> 00:32:52,399
and uh

909
00:32:58,710 --> 00:32:54,559
so then what is it it is not a hoax it's

910
00:33:04,789 --> 00:33:01,750
another case that i worked on many years

911
00:33:06,310 --> 00:33:04,799
ago was a new zealand sighting

912
00:33:10,630 --> 00:33:06,320
from an airplane

913
00:33:12,149 --> 00:33:10,640

that occurred in december 31st 1978

914

00:33:13,830 --> 00:33:12,159

and

915

00:33:15,350 --> 00:33:13,840

that

916

00:33:17,750 --> 00:33:15,360

investigation

917

00:33:20,070 --> 00:33:17,760

lasted days months and years

918

00:33:21,990 --> 00:33:20,080

really but ultimately ended up proving

919

00:33:24,470 --> 00:33:22,000

that whatever there was video it was

920

00:33:26,310 --> 00:33:24,480

photographed i should say movie film

921

00:33:28,310 --> 00:33:26,320

that case was one of the most best

922

00:33:30,789 --> 00:33:28,320

documented cases ever

923

00:33:33,110 --> 00:33:30,799

with uh multiple witnesses including an

924

00:33:35,190 --> 00:33:33,120

aircraft airplane crew

925

00:33:36,710 --> 00:33:35,200

captain and co-pilot

926
00:33:38,630 --> 00:33:36,720
and a news crew that was on board the

927
00:33:40,710 --> 00:33:38,640
raid it on the airplane

928
00:33:41,830 --> 00:33:40,720
a reporter a cameraman and a sound

929
00:33:44,389 --> 00:33:41,840
recorder

930
00:33:46,470 --> 00:33:44,399
the cameraman got color movie film

931
00:33:49,669 --> 00:33:46,480
there was a ground radar and airplane

932
00:33:52,710 --> 00:33:49,679
radar involved so you had

933
00:33:55,029 --> 00:33:52,720
images captured on film and you had

934
00:33:57,909 --> 00:33:55,039
you had the wellington air traffic

935
00:33:59,190 --> 00:33:57,919
control center audio tape

936
00:34:00,950 --> 00:33:59,200
which

937
00:34:02,070 --> 00:34:00,960
provided a timeline for everything that

938
00:34:05,029 --> 00:34:02,080

happened

939

00:34:06,870 --> 00:34:05,039

and the reporter himself on the airplane

940

00:34:08,230 --> 00:34:06,880

had his own tape

941

00:34:09,510 --> 00:34:08,240

of things and

942

00:34:12,230 --> 00:34:09,520

these could be reasonably well

943

00:34:13,990 --> 00:34:12,240

correlated so

944

00:34:15,750 --> 00:34:14,000

there were

945

00:34:18,710 --> 00:34:15,760

a total of eight witnesses involved in

946

00:34:20,389 --> 00:34:18,720

that case as i recall

947

00:34:21,990 --> 00:34:20,399

that sounds pretty

948

00:34:24,790 --> 00:34:22,000

it

949

00:34:26,310 --> 00:34:24,800

required a lot of technical analysis

950

00:34:28,149 --> 00:34:26,320

a lot of

951
00:34:29,589 --> 00:34:28,159
interview interviewing and putting

952
00:34:31,349 --> 00:34:29,599
together a history of the whole thing

953
00:34:33,430 --> 00:34:31,359
and so on

954
00:34:36,310 --> 00:34:33,440
and i would say that that was a whatever

955
00:34:39,270 --> 00:34:36,320
was there was a real ufo

956
00:34:43,669 --> 00:34:39,280
whatever that means yeah

957
00:34:44,470 --> 00:34:43,679
now did you ever look into the mexico

958
00:34:47,669 --> 00:34:44,480
uh

959
00:34:49,669 --> 00:34:47,679
the air force in mexico when they filmed

960
00:34:51,909 --> 00:34:49,679
with infrared

961
00:34:54,149 --> 00:34:51,919
cameras those

962
00:34:56,069 --> 00:34:54,159
strangers you bring that up

963
00:34:58,390 --> 00:34:56,079

okay

964

00:35:00,390 --> 00:34:58,400

you often see in

965

00:35:02,390 --> 00:35:00,400

tv shows

966

00:35:04,470 --> 00:35:02,400

that are talking about ufos and they're

967

00:35:06,150 --> 00:35:04,480

showing one ufo image after another

968

00:35:07,750 --> 00:35:06,160

after another and so on and they'll show

969

00:35:13,910 --> 00:35:07,760

this

970

00:35:15,430 --> 00:35:13,920

air forces is march 2004

971

00:35:16,550 --> 00:35:15,440

it shows

972

00:35:19,030 --> 00:35:16,560

clouds

973

00:35:20,790 --> 00:35:19,040

going by from right to left

974

00:35:22,390 --> 00:35:20,800

and these very bright lights off in the

975

00:35:24,630 --> 00:35:22,400

distance appearing to go behind the

976
00:35:27,109 --> 00:35:24,640
clouds and come out pop from behind the

977
00:35:29,750 --> 00:35:27,119
clouds and so on

978
00:35:32,069 --> 00:35:29,760
and it's clear if you could speak

979
00:35:33,829 --> 00:35:32,079
spanish you'd know the guy was talking

980
00:35:35,030 --> 00:35:33,839
about seeing these lights out there and

981
00:35:36,630 --> 00:35:35,040
thinking they were traveling right along

982
00:35:38,470 --> 00:35:36,640
with them and they had

983
00:35:40,150 --> 00:35:38,480
12 i think it was

984
00:35:43,589 --> 00:35:40,160
ufo was traveling along with the

985
00:35:45,589 --> 00:35:43,599
airplane well yeah i did i did a study

986
00:35:47,030 --> 00:35:45,599
and it's probably the largest study ever

987
00:35:48,790 --> 00:35:47,040
published

988
00:35:52,470 --> 00:35:48,800

i've never seen anything written up by

989

00:35:55,910 --> 00:35:54,470

i know that narcap

990

00:35:58,470 --> 00:35:55,920

did some work on it but i don't know if

991

00:36:00,870 --> 00:35:58,480

they've ever published a report

992

00:36:03,270 --> 00:36:00,880

that was a strange case because what

993

00:36:05,030 --> 00:36:03,280

alerted them to pay any attention at all

994

00:36:08,470 --> 00:36:05,040

to what was going on

995

00:36:11,670 --> 00:36:08,480

was not the infrared but it was radar

996

00:36:13,670 --> 00:36:11,680

as you can imagine the yucatan peninsula

997

00:36:15,589 --> 00:36:13,680

shutting out to the right heading out to

998

00:36:18,069 --> 00:36:15,599

the east

999

00:36:20,470 --> 00:36:18,079

mexico city is off to your left

1000

00:36:22,150 --> 00:36:20,480

to the west of yucatan

1001
00:36:25,750 --> 00:36:22,160
and this airplane is flying along in the

1002
00:36:28,069 --> 00:36:25,760
southwest in the northwest direction

1003
00:36:29,910 --> 00:36:28,079
uh suddenly on their radar this is an

1004
00:36:30,950 --> 00:36:29,920
airplane which can do about 300 miles an

1005
00:36:33,750 --> 00:36:30,960
hour

1006
00:36:37,430 --> 00:36:33,760
uh 250 or something like that

1007
00:36:39,510 --> 00:36:37,440
it's on uh daily i suppose

1008
00:36:41,910 --> 00:36:39,520
periodic surveillance

1009
00:36:45,829 --> 00:36:41,920
for drug runners and

1010
00:36:48,710 --> 00:36:45,839
contraband aircraft and stuff like that

1011
00:36:50,310 --> 00:36:48,720
and they have a

1012
00:36:52,870 --> 00:36:50,320
camera that

1013
00:36:55,030 --> 00:36:52,880

in the belly of the airplane

1014

00:36:56,790 --> 00:36:55,040

that they can use uh

1015

00:36:58,790 --> 00:36:56,800

to pick up either

1016

00:37:01,430 --> 00:36:58,800

infrared or visible

1017

00:37:02,950 --> 00:37:01,440

imagery

1018

00:37:04,710 --> 00:37:02,960

and um

1019

00:37:05,829 --> 00:37:04,720

also they have the radar now the radar

1020

00:37:09,030 --> 00:37:05,839

tends to point in the downwards

1021

00:37:12,550 --> 00:37:09,040

direction because they're looking for

1022

00:37:14,630 --> 00:37:12,560

airplanes taking off or landing and

1023

00:37:16,470 --> 00:37:14,640

forbidden airfields as they're heading

1024

00:37:18,550 --> 00:37:16,480

south northwest over the

1025

00:37:20,069 --> 00:37:18,560

yucatan they start picking up this radar

1026
00:37:22,870 --> 00:37:20,079
target

1027
00:37:25,030 --> 00:37:22,880
the first thought was oh some airplane

1028
00:37:26,710 --> 00:37:25,040
is just taken off from a landing zone

1029
00:37:29,750 --> 00:37:26,720
down there

1030
00:37:31,270 --> 00:37:29,760
and uh we should follow it i guess

1031
00:37:33,349 --> 00:37:31,280
their assumption was it might be a drug

1032
00:37:34,870 --> 00:37:33,359
runner so anyway they turned their

1033
00:37:37,829 --> 00:37:34,880
aircraft a little bit

1034
00:37:39,349 --> 00:37:37,839
to go trail behind this thing and then

1035
00:37:41,589 --> 00:37:39,359
they start catching up with it and they

1036
00:37:43,270 --> 00:37:41,599
get to win in two miles so

1037
00:37:44,150 --> 00:37:43,280
they can't seem to get any closer than

1038
00:37:47,190 --> 00:37:44,160

that

1039

00:37:48,829 --> 00:37:47,200

it speeds up and then it maintains a

1040

00:37:51,430 --> 00:37:48,839

two mile

1041

00:37:55,589 --> 00:37:51,440

distance so

1042

00:37:57,190 --> 00:37:55,599

naturally once they detect it on radar

1043

00:37:59,270 --> 00:37:57,200

initially i think about five miles and

1044

00:38:00,790 --> 00:37:59,280

then they get closer to it so looking

1045

00:38:03,030 --> 00:38:00,800

out the windows thinking

1046

00:38:04,630 --> 00:38:03,040

we ought to be able to see this thing

1047

00:38:05,910 --> 00:38:04,640

you can see an airplane of five miles

1048

00:38:07,430 --> 00:38:05,920

you can see the airplane at four miles

1049

00:38:09,109 --> 00:38:07,440

you can see the three aims here they're

1050

00:38:13,990 --> 00:38:09,119

two miles

1051

00:38:16,230 --> 00:38:14,000

so why can't they see it

1052

00:38:19,190 --> 00:38:16,240

so they're looking and looking where

1053

00:38:21,270 --> 00:38:19,200

they're visible uh camera they're not

1054

00:38:22,310 --> 00:38:21,280

using the infrared yet they're using the

1055

00:38:24,790 --> 00:38:22,320

visible

1056

00:38:26,790 --> 00:38:24,800

and they track it for a while

1057

00:38:28,630 --> 00:38:26,800

then they switch to infrared

1058

00:38:30,630 --> 00:38:28,640

this is a special type of infrared known

1059

00:38:34,150 --> 00:38:30,640

as mid infrared

1060

00:38:36,150 --> 00:38:34,160

running three to five micron wavelength

1061

00:38:39,190 --> 00:38:36,160

visible light is a

1062

00:38:42,150 --> 00:38:39,200

seven tenths of a micron or less

1063

00:38:46,470 --> 00:38:44,630

heat that you feel for radiating bodies

1064

00:38:48,470 --> 00:38:46,480

typically is around 10 microns these are

1065

00:38:50,630 --> 00:38:48,480

the wavelengths i'm talking about

1066

00:38:51,670 --> 00:38:50,640

the thing about the mid infrared is if

1067

00:38:52,870 --> 00:38:51,680

you take a

1068

00:38:55,190 --> 00:38:52,880

photograph

1069

00:38:56,470 --> 00:38:55,200

with a mid infrared imager

1070

00:38:57,990 --> 00:38:56,480

you can see

1071

00:38:59,670 --> 00:38:58,000

structures such as what you would see

1072

00:39:02,230 --> 00:38:59,680

with the naked eye

1073

00:39:03,910 --> 00:39:02,240

but you can also see hot places that you

1074

00:39:06,710 --> 00:39:03,920

could only see with a

1075

00:39:08,630 --> 00:39:06,720

heat sensitive camera

1076
00:39:10,710 --> 00:39:08,640
so if you're looking with your naked eye

1077
00:39:12,310 --> 00:39:10,720
you can see the outline of the aircraft

1078
00:39:13,510 --> 00:39:12,320
if you're looking with this mid-infrared

1079
00:39:15,270 --> 00:39:13,520
you can see the outline of the aircraft

1080
00:39:16,550 --> 00:39:15,280
but you can also see the the heat trail

1081
00:39:19,510 --> 00:39:16,560
you can see the hot air coming out the

1082
00:39:21,270 --> 00:39:19,520
back you can see the hot engines right

1083
00:39:23,910 --> 00:39:21,280
so they start looking with an infrared

1084
00:39:25,510 --> 00:39:23,920
and they can't find it there either

1085
00:39:27,270 --> 00:39:25,520
they're traveling along for 10 minutes

1086
00:39:28,870 --> 00:39:27,280
behind this object and then they start

1087
00:39:30,790 --> 00:39:28,880
running out of fuel

1088
00:39:32,950 --> 00:39:30,800

so

1089

00:39:34,790 --> 00:39:32,960

unfortunately there was no ground radar

1090

00:39:36,870 --> 00:39:34,800

operating at the time

1091

00:39:38,870 --> 00:39:36,880

so there they were picking up on their

1092

00:39:41,349 --> 00:39:38,880

radar and picking it up on their

1093

00:39:42,950 --> 00:39:41,359

infrared

1094

00:39:44,069 --> 00:39:42,960

well i know i said they take that back

1095

00:39:47,349 --> 00:39:44,079

they did not pick it up on their

1096

00:39:48,230 --> 00:39:47,359

infrared they should have he would think

1097

00:39:51,589 --> 00:39:48,240

um

1098

00:39:53,109 --> 00:39:51,599

but they were scanning with the infrared

1099

00:39:54,390 --> 00:39:53,119

they're picking it up on radar they're

1100

00:39:55,750 --> 00:39:54,400

not seeing it visually they're not

1101
00:39:57,349 --> 00:39:55,760
seeing an infrared they didn't know what

1102
00:39:59,829 --> 00:39:57,359
it was

1103
00:40:02,069 --> 00:39:59,839
uh could have been a radar anomaly a

1104
00:40:05,510 --> 00:40:02,079
radar

1105
00:40:06,870 --> 00:40:05,520
never

1106
00:40:07,829 --> 00:40:06,880
had any problems with it before and he

1107
00:40:10,630 --> 00:40:07,839
didn't have any problems with it

1108
00:40:13,750 --> 00:40:12,470
they made a return to the right to head

1109
00:40:15,750 --> 00:40:13,760
east

1110
00:40:18,230 --> 00:40:15,760
after traveling for a distance over the

1111
00:40:19,430 --> 00:40:18,240
yucatan peninsula and heading northwest

1112
00:40:20,870 --> 00:40:19,440
they turned made a right turn to the

1113
00:40:21,910 --> 00:40:20,880

east

1114

00:40:23,910 --> 00:40:21,920

and

1115

00:40:25,030 --> 00:40:23,920

they were still tracking this thing on

1116

00:40:26,550 --> 00:40:25,040

radar

1117

00:40:29,190 --> 00:40:26,560

oddly enough

1118

00:40:31,670 --> 00:40:29,200

it sped up it increased its speed it was

1119

00:40:33,270 --> 00:40:31,680

continuing to continue its track toward

1120

00:40:34,790 --> 00:40:33,280

the northwest whereas the plane was now

1121

00:40:37,270 --> 00:40:34,800

heading east

1122

00:40:39,349 --> 00:40:37,280

it continued on its track northwest

1123

00:40:42,150 --> 00:40:39,359

at a higher speed

1124

00:40:44,150 --> 00:40:42,160

and finally disappeared about 40 miles

1125

00:40:46,310 --> 00:40:44,160

from the airplane which was the range of

1126
00:40:48,470 --> 00:40:46,320
the maximum range of their radar it was

1127
00:40:49,750 --> 00:40:48,480
going faster

1128
00:40:51,589 --> 00:40:49,760
when they

1129
00:40:53,109 --> 00:40:51,599
after they turned away

1130
00:40:55,030 --> 00:40:53,119
now i sound a little strange for a

1131
00:40:56,390 --> 00:40:55,040
typical airplane

1132
00:40:57,829 --> 00:40:56,400
so if it was trying to run away from

1133
00:40:59,510 --> 00:40:57,839
them and it had the capability of doing

1134
00:41:01,670 --> 00:40:59,520
300 and some miles an hour which is what

1135
00:41:03,990 --> 00:41:01,680
it was doing after the plane after the

1136
00:41:05,589 --> 00:41:04,000
surveillance plane turned east

1137
00:41:09,589 --> 00:41:05,599
when they were traveling northwest they

1138
00:41:12,230 --> 00:41:09,599

were doing 220 or 30 mile knots i think

1139

00:41:14,230 --> 00:41:12,240

and then uh when the plane turned east

1140

00:41:16,390 --> 00:41:14,240

as objects sped up and

1141

00:41:17,829 --> 00:41:16,400

hit it off in the distance

1142

00:41:20,630 --> 00:41:17,839

whatever it was

1143

00:41:23,109 --> 00:41:20,640

that was the real ufo right there nobody

1144

00:41:24,870 --> 00:41:23,119

pays any attention to

1145

00:41:26,790 --> 00:41:24,880

nobody knows what that was

1146

00:41:28,950 --> 00:41:26,800

it's funny but then as they headed to

1147

00:41:31,109 --> 00:41:28,960

the east they're still looking for this

1148

00:41:32,550 --> 00:41:31,119

object with their infrared

1149

00:41:35,750 --> 00:41:32,560

and they suddenly start picking up

1150

00:41:38,470 --> 00:41:35,760

bright spots off in the distance

1151

00:41:41,990 --> 00:41:40,710

they initially get one or two bright

1152

00:41:43,670 --> 00:41:42,000

lights off in the distance and then they

1153

00:41:44,950 --> 00:41:43,680

get a group of them

1154

00:41:46,230 --> 00:41:44,960

and these things appear to be a

1155

00:41:47,990 --> 00:41:46,240

considerable distance away from the

1156

00:41:50,069 --> 00:41:48,000

airplane and

1157

00:41:51,109 --> 00:41:50,079

going behind clouds

1158

00:41:53,750 --> 00:41:51,119

but

1159

00:41:55,109 --> 00:41:53,760

the perspective of the view over these

1160

00:41:57,109 --> 00:41:55,119

make it look like they're traveling

1161

00:41:59,109 --> 00:41:57,119

right along with the airplane they can't

1162

00:42:01,109 --> 00:41:59,119

see anything with the naked eye but they

1163

00:42:04,230 --> 00:42:01,119

can pick up these bright lights

1164

00:42:06,630 --> 00:42:04,240

with a video with the infrared camera

1165

00:42:08,309 --> 00:42:06,640

as they travel along to the east

1166

00:42:11,270 --> 00:42:08,319

these things as i said seem to be

1167

00:42:13,829 --> 00:42:11,280

traveling along with them and

1168

00:42:16,390 --> 00:42:13,839

finally after

1169

00:42:18,069 --> 00:42:16,400

10 or 15 minutes i forget

1170

00:42:20,470 --> 00:42:18,079

these things have

1171

00:42:22,710 --> 00:42:20,480

dropped back behind or disappear and

1172

00:42:24,790 --> 00:42:22,720

they're not seen anymore and

1173

00:42:26,630 --> 00:42:24,800

that's basically the end of the sighting

1174

00:42:29,190 --> 00:42:26,640

they picked up on radar a few things on

1175

00:42:29,910 --> 00:42:29,200

the ground perhaps and picked up on the

1176

00:42:31,990 --> 00:42:29,920

uh

1177

00:42:34,950 --> 00:42:32,000

infrared maybe some

1178

00:42:37,670 --> 00:42:34,960

things on the ground that were hot but

1179

00:42:39,270 --> 00:42:37,680

the the uh

1180

00:42:41,109 --> 00:42:39,280

when the

1181

00:42:43,990 --> 00:42:41,119

man operating flare said it looks like

1182

00:42:45,430 --> 00:42:44,000

he's got 12 ufos traveling one with him

1183

00:42:46,630 --> 00:42:45,440

he's looking at something that makes

1184

00:42:48,870 --> 00:42:46,640

heat

1185

00:42:52,150 --> 00:42:48,880

but the question is what

1186

00:42:53,430 --> 00:42:52,160

well it turned out that a guy in

1187

00:42:55,349 --> 00:42:53,440

mexico

1188

00:42:57,030 --> 00:42:55,359

had realized right off the bat that this

1189

00:42:59,349 --> 00:42:57,040

airplane the people in the airplane were

1190

00:43:01,349 --> 00:42:59,359

looking toward

1191

00:43:04,710 --> 00:43:01,359

a oil field

1192

00:43:06,550 --> 00:43:04,720

about 100 miles away and the pemaco oil

1193

00:43:08,230 --> 00:43:06,560

corporation

1194

00:43:10,630 --> 00:43:08,240

and they have these

1195

00:43:13,190 --> 00:43:10,640

texas tower type things

1196

00:43:15,190 --> 00:43:13,200

out of the um

1197

00:43:17,750 --> 00:43:15,200

on the bay of water that's above the

1198

00:43:19,670 --> 00:43:17,760

yucatan island the gulf of mexico so

1199

00:43:20,710 --> 00:43:19,680

they're you know obviously close to the

1200

00:43:23,349 --> 00:43:20,720

uh

1201
00:43:25,190 --> 00:43:23,359
within 10 or 20 miles of the land

1202
00:43:26,630 --> 00:43:25,200
but they're off in the water

1203
00:43:28,870 --> 00:43:26,640
texas towers

1204
00:43:30,950 --> 00:43:28,880
and they're pumping oil and

1205
00:43:32,390 --> 00:43:30,960
gas out and they burn the gas off in

1206
00:43:36,950 --> 00:43:32,400
flames

1207
00:43:37,829 --> 00:43:36,960
many of them 24 hours a day

1208
00:43:40,790 --> 00:43:37,839
and so

1209
00:43:41,990 --> 00:43:40,800
the suggestion was made that

1210
00:43:43,829 --> 00:43:42,000
what these people pick up on their

1211
00:43:45,670 --> 00:43:43,839
forward looking infrared

1212
00:43:47,589 --> 00:43:45,680
flir

1213
00:43:49,349 --> 00:43:47,599

was in fact

1214

00:43:52,950 --> 00:43:49,359

these fires

1215

00:43:54,710 --> 00:43:52,960

that is of 110 miles approximately

1216

00:43:56,630 --> 00:43:54,720

and i

1217

00:43:59,430 --> 00:43:56,640

i was

1218

00:44:01,589 --> 00:43:59,440

contacted by

1219

00:44:02,870 --> 00:44:01,599

james and i told

1220

00:44:04,790 --> 00:44:02,880

asked to

1221

00:44:07,270 --> 00:44:04,800

do the study of this

1222

00:44:08,470 --> 00:44:07,280

sort of on the behalf of the

1223

00:44:09,910 --> 00:44:08,480

mexican

1224

00:44:11,750 --> 00:44:09,920

air force

1225

00:44:13,829 --> 00:44:11,760

they were giving me

1226
00:44:14,790 --> 00:44:13,839
a digital tape which had everything on

1227
00:44:20,790 --> 00:44:14,800
it

1228
00:44:23,270 --> 00:44:20,800
taped information that was

1229
00:44:25,109 --> 00:44:23,280
on the airplane

1230
00:44:28,069 --> 00:44:25,119
and they gave one of the trouble of

1231
00:44:30,710 --> 00:44:28,079
having everything translated for me and

1232
00:44:33,670 --> 00:44:30,720
provided me with maps and i got

1233
00:44:35,349 --> 00:44:33,680
help from other people as well

1234
00:44:37,589 --> 00:44:35,359
analyzed the whole situation and

1235
00:44:39,829 --> 00:44:37,599
concluded that the radar target

1236
00:44:41,190 --> 00:44:39,839
was probably a ufo

1237
00:44:44,230 --> 00:44:41,200
uh i mean it certainly was not

1238
00:44:45,910 --> 00:44:44,240

identifiable and did strange things

1239

00:44:48,309 --> 00:44:45,920

it was invisible but it was picked up

1240

00:44:50,230 --> 00:44:48,319

continuously on radar not the first time

1241

00:44:53,670 --> 00:44:50,240

radars picked up things that are not

1242

00:44:59,510 --> 00:44:56,790

but very often radar targets so-called

1243

00:45:01,990 --> 00:44:59,520

radar angels or artifacts of the radar

1244

00:45:04,710 --> 00:45:02,000

itself or the weather problems

1245

00:45:06,630 --> 00:45:04,720

but here we have a situation where

1246

00:45:08,309 --> 00:45:06,640

uh weather couldn't was not playing a

1247

00:45:11,270 --> 00:45:08,319

prank playing a role

1248

00:45:12,630 --> 00:45:11,280

uh detecting a target at two miles away

1249

00:45:14,950 --> 00:45:12,640

from the airplane

1250

00:45:17,589 --> 00:45:14,960

it was maintaining speed and then

1251
00:45:19,430 --> 00:45:17,599
sped up on its own when it was going

1252
00:45:21,670 --> 00:45:19,440
away from the aircraft the air aircraft

1253
00:45:24,710 --> 00:45:21,680
turned away from it

1254
00:45:27,030 --> 00:45:24,720
so that was the ufo then as a

1255
00:45:28,230 --> 00:45:27,040
my analysis of the

1256
00:45:29,829 --> 00:45:28,240
flights

1257
00:45:31,910 --> 00:45:29,839
showed that in fact the people were

1258
00:45:33,030 --> 00:45:31,920
looking

1259
00:45:36,950 --> 00:45:33,040
and these

1260
00:45:38,470 --> 00:45:36,960
lights drifted backwards

1261
00:45:40,309 --> 00:45:38,480
as you're looking out to the side and

1262
00:45:42,390 --> 00:45:40,319
you're traveling along you

1263
00:45:44,150 --> 00:45:42,400

point towards an object that's a long

1264

00:45:45,109 --> 00:45:44,160

distance away

1265

00:45:47,829 --> 00:45:45,119

and

1266

00:45:49,270 --> 00:45:47,839

if you're traveling in a straight line

1267

00:45:51,430 --> 00:45:49,280

in some direction and you're looking at

1268

00:45:53,190 --> 00:45:51,440

something for almost 90 degrees to your

1269

00:45:55,190 --> 00:45:53,200

straight line direction

1270

00:45:59,109 --> 00:45:55,200

as you travel along your pointing

1271

00:46:00,710 --> 00:45:59,119

direction will drop back towards

1272

00:46:02,390 --> 00:46:00,720

towards the rear

1273

00:46:04,710 --> 00:46:02,400

and so the pouring direction on these

1274

00:46:06,390 --> 00:46:04,720

objects actually did drop back aways

1275

00:46:09,190 --> 00:46:06,400

because this was

1276
00:46:10,790 --> 00:46:09,200
how they move how the plane flew along

1277
00:46:11,990 --> 00:46:10,800
bottom line being

1278
00:46:13,190 --> 00:46:12,000
they were looking in the direction they

1279
00:46:15,270 --> 00:46:13,200
definitely were looking in the direction

1280
00:46:18,069 --> 00:46:15,280
of these

1281
00:46:19,829 --> 00:46:18,079
things with the gas flames

1282
00:46:21,670 --> 00:46:19,839
and so that was it seemed to be a

1283
00:46:23,829 --> 00:46:21,680
reasonable explanation i wasn't able to

1284
00:46:25,430 --> 00:46:23,839
absolutely prove by identifying each

1285
00:46:26,790 --> 00:46:25,440
flame with each

1286
00:46:28,069 --> 00:46:26,800
bright light

1287
00:46:29,910 --> 00:46:28,079
which is something you should be able to

1288
00:46:31,510 --> 00:46:29,920

do

1289

00:46:34,230 --> 00:46:31,520

but there may not have been enough data

1290

00:46:35,270 --> 00:46:34,240

to do that in any case

1291

00:46:37,109 --> 00:46:35,280

the uh

1292

00:46:39,349 --> 00:46:37,119

air force response was we've flown over

1293

00:46:41,190 --> 00:46:39,359

the area many times and never seen those

1294

00:46:42,630 --> 00:46:41,200

flares before

1295

00:46:44,790 --> 00:46:42,640

the fires

1296

00:46:47,829 --> 00:46:44,800

so i don't know but uh

1297

00:46:51,109 --> 00:46:47,839

that's probably explained the infrared

1298

00:46:52,870 --> 00:46:51,119

lights are probably not ufos

1299

00:46:55,829 --> 00:46:52,880

but there was one there earlier which is

1300

00:46:58,309 --> 00:46:55,839

the radar radar target i'd say was it

1301
00:46:59,190 --> 00:46:58,319
was an unidentified radar target

1302
00:47:00,950 --> 00:46:59,200
yeah

1303
00:47:02,309 --> 00:47:00,960
really or there wasn't anything the

1304
00:47:03,829 --> 00:47:02,319
point is

1305
00:47:05,190 --> 00:47:03,839
it wasn't a

1306
00:47:06,630 --> 00:47:05,200
balloon it was traveling a couple

1307
00:47:08,470 --> 00:47:06,640
hundred miles an hour

1308
00:47:10,069 --> 00:47:08,480
it wasn't an ordinary aircraft because

1309
00:47:11,510 --> 00:47:10,079
you would have seen an ordinary aircraft

1310
00:47:13,349 --> 00:47:11,520
they couldn't they can't paint it

1311
00:47:15,030 --> 00:47:13,359
invisible and even somehow they had

1312
00:47:16,470 --> 00:47:15,040
managed to camouflage an airplane so you

1313
00:47:17,589 --> 00:47:16,480

couldn't see it by looking down on it

1314

00:47:19,270 --> 00:47:17,599

because it might look like the

1315

00:47:22,230 --> 00:47:19,280

background

1316

00:47:25,430 --> 00:47:22,240

any engine any engine aircraft we have

1317

00:47:28,309 --> 00:47:25,440

creates heat even the much uh

1318

00:47:30,630 --> 00:47:28,319

valley hood stealth aircraft

1319

00:47:32,309 --> 00:47:30,640

would create a heat trail and certainly

1320

00:47:34,550 --> 00:47:32,319

not as great as

1321

00:47:36,470 --> 00:47:34,560

a jet aircraft or something but

1322

00:47:37,270 --> 00:47:36,480

you should be you should be able to have

1323

00:47:39,109 --> 00:47:37,280

seen

1324

00:47:41,349 --> 00:47:39,119

the engines

1325

00:47:43,670 --> 00:47:41,359

of any uh typical aircraft that would be

1326
00:47:45,510 --> 00:47:43,680
over the yucatan peninsula right and yet

1327
00:47:47,109 --> 00:47:45,520
there was nothing there on the floor and

1328
00:47:49,349 --> 00:47:47,119
nothing visible

1329
00:47:51,109 --> 00:47:49,359
right yeah what was it

1330
00:47:52,790 --> 00:47:51,119
that's right that sounds like

1331
00:47:54,470 --> 00:47:52,800
it was a good one after all even though

1332
00:47:56,550 --> 00:47:54,480
the uh the

1333
00:47:58,710 --> 00:47:56,560
the thing that everyone looks at is

1334
00:48:02,710 --> 00:47:58,720
those lights traveling along well you

1335
00:48:04,550 --> 00:48:02,720
know yeah press press in garbage out the

1336
00:48:06,470 --> 00:48:04,560
press goes to the throat it's the same

1337
00:48:08,470 --> 00:48:06,480
sort of thing with the phoenix lights

1338
00:48:09,670 --> 00:48:08,480

what do they show for phoenix lights

1339

00:48:14,069 --> 00:48:09,680

videos

1340

00:48:15,589 --> 00:48:14,079

the players at 10 o'clock yeah and when

1341

00:48:16,950 --> 00:48:15,599

they're talking about they'll be

1342

00:48:18,870 --> 00:48:16,960

interviewing somebody about what you saw

1343

00:48:20,309 --> 00:48:18,880

at 8 30. oh i saw this big triangular

1344

00:48:22,230 --> 00:48:20,319

object went over and had a couple of

1345

00:48:24,309 --> 00:48:22,240

lights on and because it's as big as it

1346

00:48:26,470 --> 00:48:24,319

was as big as a city block

1347

00:48:28,309 --> 00:48:26,480

and while the man is describing that

1348

00:48:29,910 --> 00:48:28,319

they'll be showing the crystal arc which

1349

00:48:31,349 --> 00:48:29,920

has nothing to do with whatever actually

1350

00:48:32,390 --> 00:48:31,359

went over

1351

00:48:35,190 --> 00:48:32,400

phoenix

1352

00:48:36,470 --> 00:48:35,200

at 8 30. it's uh it makes you wonder if

1353

00:48:38,150 --> 00:48:36,480

the flares

1354

00:48:40,069 --> 00:48:38,160

weren't put out there

1355

00:48:41,030 --> 00:48:40,079

because of the sighting well i would

1356

00:48:43,270 --> 00:48:41,040

have to

1357

00:48:44,150 --> 00:48:43,280

be a quick react situation of course

1358

00:48:45,750 --> 00:48:44,160

because

1359

00:48:48,870 --> 00:48:45,760

yeah

1360

00:48:51,109 --> 00:48:48,880

my guess is it's more likely that the

1361

00:48:53,829 --> 00:48:51,119

maryland national guard was telling the

1362

00:48:55,670 --> 00:48:53,839

truth and they said they had

1363

00:48:57,270 --> 00:48:55,680

because they they had access to the

1364

00:48:59,270 --> 00:48:57,280

berry gold water training range for half

1365

00:49:01,589 --> 00:48:59,280

an hour an hour or something like that

1366

00:49:03,430 --> 00:49:01,599

up until 10 o'clock at night and

1367

00:49:05,349 --> 00:49:03,440

we're dropping flares as part of their

1368

00:49:07,190 --> 00:49:05,359

normal exercises and

1369

00:49:08,950 --> 00:49:07,200

um

1370

00:49:11,190 --> 00:49:08,960

if you think about it they're on one of

1371

00:49:13,670 --> 00:49:11,200

those a10 aircraft there was

1372

00:49:16,150 --> 00:49:13,680

eight flares

1373

00:49:18,790 --> 00:49:16,160

and they had a certain number of

1374

00:49:19,670 --> 00:49:18,800

aircraft and a certain number of flares

1375

00:49:22,230 --> 00:49:19,680

uh

1376

00:49:24,309 --> 00:49:22,240

on all the aircraft that were involved

1377

00:49:26,069 --> 00:49:24,319

and apparently they were told that they

1378

00:49:27,670 --> 00:49:26,079

couldn't land with flares they had to

1379

00:49:29,190 --> 00:49:27,680

use them up

1380

00:49:30,549 --> 00:49:29,200

at least that's what that's what the

1381

00:49:32,230 --> 00:49:30,559

story was

1382

00:49:33,510 --> 00:49:32,240

well now if you look at the christian

1383

00:49:36,790 --> 00:49:33,520

ark

1384

00:49:40,630 --> 00:49:36,800

there's a single light that appears

1385

00:49:45,109 --> 00:49:42,630

the arc is actually eight lights to go

1386

00:49:47,589 --> 00:49:45,119

off in a row but there was a single

1387

00:49:50,950 --> 00:49:47,599

light that had been there for uh half a

1388

00:49:51,990 --> 00:49:50,960

minute or a minute before the arc begins

1389

00:49:53,349 --> 00:49:52,000

so

1390

00:49:54,790 --> 00:49:53,359

think about it if there were two

1391

00:49:56,150 --> 00:49:54,800

airplanes coming back and one of them

1392

00:49:58,950 --> 00:49:56,160

throws out a flare that could be a

1393

00:50:00,870 --> 00:49:58,960

single light and then one dumps in a

1394

00:50:02,630 --> 00:50:00,880

whole load of eight

1395

00:50:04,230 --> 00:50:02,640

one two three four five six seven eight

1396

00:50:06,470 --> 00:50:04,240

one after another like that

1397

00:50:08,710 --> 00:50:06,480

then you would get this arc of lights so

1398

00:50:10,950 --> 00:50:08,720

we're just about out of time here and

1399

00:50:12,390 --> 00:50:10,960

just one question comes to mind is what

1400

00:50:15,510 --> 00:50:12,400

do you think the future is going to be

1401
00:50:18,230 --> 00:50:15,520
of analysis i know they can create more

1402
00:50:20,230 --> 00:50:18,240
and more sophisticated films to fool us

1403
00:50:22,870 --> 00:50:20,240
but do you think the analysis will be

1404
00:50:24,470 --> 00:50:22,880
more sophisticated as well well the

1405
00:50:27,030 --> 00:50:24,480
analysis will probably be more

1406
00:50:28,549 --> 00:50:27,040
sophisticated but i think it's still

1407
00:50:30,309 --> 00:50:28,559
going to come down to a lot of the

1408
00:50:31,990 --> 00:50:30,319
background stuff the

1409
00:50:34,069 --> 00:50:32,000
circumstantial evidence

1410
00:50:36,309 --> 00:50:34,079
why the film was taken who took it how

1411
00:50:37,190 --> 00:50:36,319
it was taken

1412
00:50:38,470 --> 00:50:37,200
you know

1413
00:50:41,030 --> 00:50:38,480

you always have to put together a

1414

00:50:44,390 --> 00:50:41,040

history of the sighting it always the

1415

00:50:46,230 --> 00:50:44,400

problem here in ufos is ufos don't exist

1416

00:50:48,710 --> 00:50:46,240

therefore anything you videotape or

1417

00:50:50,870 --> 00:50:48,720

photograph is not real that's from the

1418

00:50:52,150 --> 00:50:50,880

point of view of conventional science so

1419

00:50:54,549 --> 00:50:52,160

you've got a

1420

00:50:56,950 --> 00:50:54,559

tough row to hoe to prove that whatever

1421

00:51:00,069 --> 00:50:56,960

it is is unidentifiable

1422

00:51:02,390 --> 00:51:00,079

uh right and you prove that

1423

00:51:04,630 --> 00:51:02,400

the proof can take place by

1424

00:51:07,430 --> 00:51:04,640

demonstrating that whatever is recorded

1425

00:51:09,829 --> 00:51:07,440

in the video or film or whatever

1426

00:51:12,870 --> 00:51:09,839

it's clearly not something that would

1427

00:51:15,829 --> 00:51:12,880

normally be there whatever it is

1428

00:51:17,670 --> 00:51:15,839

and then you've got to prove that

1429

00:51:19,349 --> 00:51:17,680

whatever the film or video is isn't a

1430

00:51:20,710 --> 00:51:19,359

hoax by somebody

1431

00:51:21,829 --> 00:51:20,720

one of the key things you'll have to

1432

00:51:23,510 --> 00:51:21,839

have is

1433

00:51:25,510 --> 00:51:23,520

access to the witnesses

1434

00:51:27,430 --> 00:51:25,520

anonymous videos and photos and so on

1435

00:51:29,750 --> 00:51:27,440

don't hack it right

1436

00:51:31,750 --> 00:51:29,760

yeah i will say that

1437

00:51:33,270 --> 00:51:31,760

a single photo or a couple of photos a

1438

00:51:37,750 --> 00:51:33,280

lot easier to fake

1439

00:51:39,510 --> 00:51:37,760

than a movie film or a video so

1440

00:51:41,349 --> 00:51:39,520

fake probability goes down as the

1441

00:51:42,549 --> 00:51:41,359

complexity goes up

1442

00:51:45,190 --> 00:51:42,559

but that doesn't mean that a fake

1443

00:51:46,069 --> 00:51:45,200

probability goes to zero

1444

00:51:48,950 --> 00:51:46,079

unless you've got a lot of

1445

00:51:49,670 --> 00:51:48,960

circumstantial evidence behind it to

1446

00:51:51,430 --> 00:51:49,680

to

1447

00:51:52,470 --> 00:51:51,440

demonstrate why

1448

00:51:54,150 --> 00:51:52,480

it should be

1449

00:51:55,510 --> 00:51:54,160

considered to be the truth as opposed to

1450

00:51:57,190 --> 00:51:55,520

a hoax

1451

00:51:59,030 --> 00:51:57,200

well this has been uh this has been

1452

00:52:00,950 --> 00:51:59,040

really interesting and i really

1453

00:52:04,630 --> 00:52:00,960

appreciate your time so this is martin
